**THOUGHTS ON THANKSGIVING**  
**'For These Things, We Thank Thee--'**

"And for these things, we thank Thee— It is Thanksgiving Day again. It is once more that season of the year when we give thanks for blessings bestowed upon us. How fortunate we, the citizens of the United States, are on this Thanksgiving Day. Nowhere in the broad expanse of the world is there a place, a nation, a people who have more for which to be thankful. Today we recall the Pilgrims who came from lands across the sea—not in search of fame or gold, but freedom. They were stern-faced men and women whose aim it was to throw off oppression and to give to every man the right of liberty. To establish this freedom the Pilgrim pioneers braved the ocean's crossing in frail craft; they put up with privations, risked death among Indians, started their American existence from scratch, and builted on this solid foundation the freedom of speech, the freedom of press, and the freedom of worship we still enjoy today. They gave us liberty. They worked for their sustenance. They knew what self-reliance meant. They were Americans from the beginning. They had to work. They had to have initiative. There was no dote for them. There were no governmental bureaucracies to carry their burdens. They were free in every sense of the word. They had to be free. They gave us liberty—the liberty they fought for to the death. Out of their battles finally came our Constitution. They made of this nation an America for Americans. And, so there are many things for which we can be thankful today. Turning, if we may, for a moment to a local situation— We are thankful for men like H. G. Hatfield, president of Kiwanis International, who only this week at a meeting in Amarillo, called attention to the importance of Americans 'waking up' to the fact that Communistic and Fascist agents are at work in this country to wreck our democratic form of government. We are thankful that he has promised, as head of his internationally-wide organization, to lead a fight during the coming year against the alien forces now at work in the United States. We are thankful that we do not live in a nation ruled by a mad man. We are thankful that we are not living in Russia, or Germany, or Italy where there is no freedom of speech. We are thankful that we are not living in a country where there is no freedom of worship. We are thankful that we are not living in a country where there is no freedom of the press. We are thankful that we do not live in a country where the children are taught only school lessons prescribed by power-mad dictators. We are thankful that the great majority of Americans are beginning to see the light—that they are beginning to take stock of the efforts of Russian Communists, German Nazi and Italian Fascist agents to spread seeds of discontent in this country. We are thankful that in our schools we still have the privilege of teaching our youth that they must work for what they get. We are thankful that, on this Thanksgiving Day, we can go to the church of our choice to worship. We are thankful that we have the right of free speech and that our newspapers and radio are not government-throttled. Nowhere in the world on this Thanksgiving Day is there a people that has so much to be thankful for as we here in the United States. In short—we are thankful for a liberty that fast is losing its place in the sun of European and Asiatic civilization. The Statue of Liberty faces the East today, holding high the torch of liberty. It is more than significant, for here in America is found the last and brightest light of freedom. For that we also are thankful—for if that torch ever goes out in the United States, mankind is doomed. liberty and freedom on this side of the world. As Americans, we must do our part to protect that liberty and freedom on this side of the world. Yes, indeed— "For these things, we thank Thee."

### Rabbi Gives 'Our Answer' At Plymouth

**PLYMOUTH, Mass., Nov. 24 (AP)—**A youthful rabbi today mounted a Christian pulpit in this seaside town which was the birthplace of Thanksgiving Day and thanked God that Christians and Jews in America "share the attributes of truth, justice and humanity."  
Selected by the Rev. Carl Knudson, pastor of the church of the Pilgrimage, to give the Thanksgiving sermon as "our answer to anti-Semitism," 26-year-old Rabbi Samuel P. Friedman of Beth Jacob synagogue shattered a precedent of 317 years in addressing the annual union service.  
"We are blessed," he said, "in living in a country where law and order abide for the welfare of its inhabitants; where its people enjoy liberty, and the right to pursue happiness."  
"We Americans are aghast at the news of persecution and attacks on Jews and Christians in Nazi and Fascist countries. The past few weeks have been a nightmare to a group of innocent people living in Germany, whose only crime is that they were born members of an old people—the Jews."  
Plymouth—where the Pilgrims gave thanks 317 years ago—has joined in a constructive protest, the Rabbi continued. "The very fact that Jews are present in this church now."

### Mercury Drops To 12 In Pampa

The Panhandle's "still" northern continued today with the mercury dropping to a low of 12 degrees above zero during the night. It marked the third day the cold spell continued unabated although the low of last night was two degrees up on the previous night when the season's low of 10 degrees was reported here.  
The cold wind which whipped across the plains yesterday had died down somewhat this morning and a bright sun was gradually chasing away the cold. A steady degree rise each hour was reported between 7 o'clock and noon. The reading at 7 a. m. was 15 degrees and at noon it was 38 and still going up.  
A few snow flakes fell here yesterday afternoon. Snow and light rain was reported at Dalhart but not enough to do any good.  
Late tonight a light sleet in this area, but the damage, if any, is expected to be light. No loss of stock had been reported up to today although warnings had been sent out for three days in a row.  
Football will be being this afternoon in many sections of the state. Locally, the Pampa Harvesters play in Borger. The game will be broadcast over station KPDM. The kickoff is set for 2:30 o'clock.

### Rabbit Fever Cases Reported In Texas

**AUSTIN, Nov. 24 (AP)—**Hunters who bag rabbits might get more than they bargained for, the health department warned today.  
Dr. George W. Cox, state health officer, said 75 cases of tularemia, or rabbit fever, had been reported this year as against 40 at the same date last year.  
The disease usually is contracted when skinning rabbits. Dr. Cox advised the use of rubber gloves for the skinning process.

## Jaycees Adopt Jimmy Joy For Santa Day

Jimmy Joy, seven-year-old Christmas orphan from the land of Make-Believe, was found wandering along the railroad tracks just inside the east city limits of Pampa yesterday afternoon.  
Picked up by passersby and hurried into town, the jovial, happy lad was taken into the warmth of a downtown hotel and given a good meal. No sooner had he finished eating than several members of the Pampa Junior Chamber of Commerce heard of his plight an immediately adopted him.  
Filled with the spirit of Christmas while working on their plans for the annual Santa Day celebration,

### 129 Miles Of Power Lines Will Be Built

**AUSTIN, Nov. 24 (AP)—**The Lower Colorado River Authority has ordered construction of 129 miles of power lines, beginning Monday, from Buchanan dam to Burnet, Lampasas, Marble Falls, Johnson City, and Blanco.  
Clarence McDonough, general manager, said construction would be financed from a portion of a \$5,000,000 allotment made by PWA several months ago.  
He added surveys had been started looking to erection of transmission wires from Marshall Ford dam to George town and San Marcos and connecting a loop extending east to Brenham.

### Bond Signed By Oklahoma City Company

Bond of the Sherman Machine & Iron Works Inc. of Oklahoma City, successful bidders in division three of Pampa's PWA water system improvement project, was signed at the meeting of the city commission Wednesday afternoon.  
Amount of the bond is for 100 per cent of the company's bid, \$145,525.50, for the construction of five ground storage, well houses, and pump houses, and the bond was made with the Orday-Saunders Company of Amarillo.

### Beulah Allred Taken To State Insane Asylum

Beulah Allred was dismissed from Pampa-Jarratt hospital this morning, following treatment for a cupful of fly-poison which she drank while in her cell in the county jail Wednesday afternoon, and was taken by an automobile today to the state asylum at Wichita Falls.  
Deputy Weldon Wilson and O. R. Wasson had custody of the woman on the trip. The three left Pampa at 9 o'clock this morning.  
Sheriff's officers say Miss Allred had fully recovered from the effects of the fly-poison she notified officers she had drunk at 2:30 a'clock Wednesday afternoon. She was immediately rushed to the hospital given treatment, and was reported as recovered shortly after 3 o'clock.  
Miss Allred had been in county jail since Nov. 7, when she was arrested on a libel charge. In a lunacy hearing before County Judge Sherman White, held Saturday, the jury returned a verdict that Beulah Allred was a person of unsound mind who needed restraint.

### Blaze Damage Estimated At Two Millions

**LOS ANGELES, Nov. 24 (AP)—**Two disastrous mountain fires in the Santa Monica and San Bernardino ranges were checked by a desperate army of fighters today as property damage exceeded \$2,000,000 and 12,000 acres of watershed lay blackened.  
One death was indirectly attributed to the Santa Monica blaze, which scorched Topanga, Santa Ynez, Los Flores and Santa Ynez canyons after it kindled in tinder-dry brush yesterday.  
Mrs. Louis Silvers, wife of the music director of 20th Century-Fox film studio, was found dead at her home, nerve-worn by the menacing nearness of flames during the night, she apparently took an overdose of sleeping powder, the coroner reported. An inquest was ordered.  
Burning some 8,000 acres, the greatest loss in the history of Los Angeles County, the conflagration destroyed 350 homes and cabins as it swept from mountain crests to the Pacific strand across watershed untouched by fire for a quarter-century.  
Families fled on foot. Roads were jammed. Capricious, the flames spared actor Richard Dix's \$25,000

### Many Pampans Attend Church Services Today

Hundreds of Pampans this morning attended Thanksgiving services in local churches. Thankfulness that we live in a free country was the theme of sermons with prayers for the unfortunates in other lands.  
The First Christian church was nearly filled for the union Thanksgiving service conducted by the Rev. Arthur Fox who is conducting a revival at the First Baptist church. Music was under direction of Ernest Jones, assistant pastor and music director at the Christian church.  
The Holy Souls Catholic church held mass at 7 o'clock and a Thanksgiving mass at 8:30 o'clock, featured by children singing.  
St. Matthews Episcopal church conducted holy communion at 10:30 o'clock.  
Thanksgiving services were held at the Christian Science church at 11 o'clock.  
Practically all of Pampa's places of business were closed for the entire day. Others planned to close during the afternoon. County and city offices were closed as was the bank, post office, etc.  
Hundreds of fans planned to drive to Borger for the Pampa Harvesters-Borger Bulldogs football game at 2:30 o'clock, the last game of the season for both teams.  
Two prisoners in the city jail were given a turkey dinner at noon. The nine prisoners in the county jail were served roast beef.

### Mrs. E. E. Carhart Of Panhandle Dies

Funeral services for Mrs. E. E. Carhart of Panhandle, who died at 4:30 o'clock this morning in a local hospital, will be conducted at 2:30 o'clock Friday afternoon in Panhandle.  
Mrs. Carhart is survived by her husband, one son, Roy, daughters Mrs. Herman Cleek and Miss Nina Carhart, all of Panhandle. Another daughter, Mrs. George Taylor, lives in Pampa.

**Mrs. Holt Gives Review Of Book For 20th Century**

Thomas Mann's popular book, "Joseph In Egypt," was reviewed Tuesday afternoon for the Twentieth Century Club by Mrs. G. M. Holt, guest speaker, at the home of Mrs. Roy E. McKernan.

Mrs. Holt, sometimes a literary reviewer and commentator for newspapers and magazines, gave an interpretation of the philosophical theme of the great novel together with a summary of Joseph's life and his earlier formative years.

Mrs. Clifford Braly, program leader, sketched Thomas Mann's life in Germany, his exile, and his career as a literary artist. She read comments by the major critics on "Joseph In Egypt" before introducing the speaker.

"Prayer for Thanksgiving" was sung by Mrs. A. H. Doucette who was accompanied at the piano by Mrs. F. L. Stallings.

The Twentieth Century Club again will sponsor the White Christmas movement in which clubs, churches, merchants and the public cooperated last year. It was announced, Mrs. Doucette, original leader of the group, will lead this year for the club.

Present were Meses. Clifford Braly, W. R. Campbell, Frank Cuyler, A. H. Doucette, Ivy E. Duncan, J. W. Gordon Jr., Ray J. Hagah, Raymond W. Harrah, I. B. Hughey, J. B. Massa, Roger McConnell, Donald A. Powell, F. L. Stallings, Hol Wagner, Ben H. Williams, and one guest, Mrs. N. F. Crowley of New York City.

**Ester Club Has All-Day Session In Home Of Member**

Members present were Mrs. N. F. Williams, and one guest, Mrs. N. F. Crowley of New York City.

**P-T-A Of Senior High School Has Monthly Program**

Senior high school P-T-A met in the high school auditorium Tuesday evening with Mrs. L. L. McColm announcing the program.

A Capella choir, directed by Miss Helen Martin, sang three numbers, "Swiss Eating Song," "Fiddlers Song," and "Today There is Ringing."

B. G. Gordon spoke on National Mathematics tests given sophomores at the beginning of the school year. Pampa students ranked nearly average in addition, subtraction, multiplication, and division; higher than average in decimals and fractions, and much lower than average in the general list which included practical written problems. Mr. Gordon reported. It is the aim of the high school to give the students a more practical and thorough training in advanced arithmetic in the junior and senior years, he added.

Educational Director, R. A. Selby talked on the duties and aims of his office which are to assist teachers and principals in doing what they want to do in a better way.

After Principal Frank Monroe reported briefly on the P-T-A conference at Lubbock, Supt. L. L. Sone gave favorable comment on the work of the Harvester Mother's club. Following the treasurer's report by Mrs. Cyril Hamilton, the meeting was dismissed by Mrs. A. C. Green, president.

### Mrs. Johnson Hostess To 20th Century Culture

Mrs. R. M. Johnson was hostess to the members of the Twentieth Century Culture club Tuesday afternoon at her home.

"In Thrall to the Soil" was the program topic discussed with Mrs. D. E. Williams as leader. The program in industry and in methods of raising in the South was discussed by Mrs. Williams. After Mrs. D. E. Robinson spoke on tenant farmers, Mrs. Williams reviewed "Call Home the Heart," the story of a girl in the farming district of the South.

In the business session, the club planned the Thanksgiving basket to be given for a needy family. At the December meeting a luncheon is to be served and gifts will be exchanged in the home of Mrs. J. P. Wehrung.

The resignation of Mrs. F. A. Howard was accepted and it was announced that Mrs. Otis Pumphrey will take this place in the club.

Attending were Meses. C. W. Briscoe, Joe Burrow, J. M. Collins, N. W. Galt, Ewing Leech, Marvin Lewis, H. P. Lusby, J. A. Meek, Garnet Reeves, D. E. Robinson, Carl Smith, C. W. Stowell, J. P. Wehrung, and D. E. Williams.

### Sam Houston School Has Thanksgiving Assembly Program

Assembly program at Sam Houston school was presented Wednesday afternoon under the direction of Dan R. Price's fifth grade class.

James Hester was master of ceremonies of the program at which the Rev. John O. Scott, pastor of the Central Baptist Church, gave the devotional and a short lesson on Thanksgiving.

The following program was given by the children of the fourth and fifth grade: Two numbers from the Blue and Gold band; an accordion solo by Armilda Cargill; a piano solo, "Banjo Pickens," by James Kinzer; a reading, "My Bow," by Mary Lou Anderson; a Thanksgiving reading by Edna Fowler; piano solo, "Cathedral at Twilight," by Beverly Cander; and a song, "Alexander's Ragtime Band," by Eugene Lively.

The fourth grade pupils from Miss Florence Jones' room presented a short skit, "The First Thanksgiving Day," with the following characters: Father, Dick Wilson; mother, "Betsy Ann" Piers; children, Marjorie Sloan, Sammy Haynes, Billy Burton Hickey, Carol Toy Curry, C. A. Huff, Marjorie Lawrence, Bobby Jack Davis, Marjorie Faye Taylor; Indians, Gary De Shazo, Elmo Hargis, Shields Mitchell, and George Dull.

The story of "Why We Have Thanksgiving" was told by Martha Lou McCullough, with each child representing a character.

### Mrs. Beard Leads B. M. Baker Study Group Program

Study group of B. M. Baker school met Tuesday at the school with Mrs. Jess Beard as leader of the program on "The Changed Homemaker," which was presented through questions and answers.

To guide the children without plumping them in families that consider one another in their daily lives is developing fine standards for relationships both within and outside the family," it was pointed out.

Program topics to be discussed throughout the school year are: "The Family in a Democracy," "New Standards for Family Living," "The Changed Homemaker," "The Citizen in the Nursery," "The Parent Goes to School," "Soon We'll Vote," "Projects and Purposes," "Whose Quarrels are These," and "The Forward Stretch."

The next meeting will be December 20 when "The Citizen in the Nursery" will be discussed.

### Miss Baker Initiated Into Peer Club At Baylor University

Miss Julia Baker, Baylor University student from Pampa, was formally initiated into the Peer club, girls' social organization, recently and was entertained along with seven new members of the group with a luncheon in their honor before the Baylor-S. M. U. game Saturday.

Artists and chrysanthemums formed the centerpiece for the luncheon table and all appointments were in purple and gold, the club colors.

The sale of medicinal and pharmaceutical products in Greece increased from \$4,000,000 in 1936 to \$5,500,000 in 1937, an all-time high.

The "Sons of the Legion" organization, which in a scant three years has grown from a handful of founders to a group of over fifty-one thousand members, has been made the subject of a motion picture in "Sons of the Legion," which Paramount will present Friday and Saturday at the LaNora Theatre.

Timed to open close on the heels of the Los Angeles convention, the picture promises to be of great interest to every member of the American Legion and all of the Legion's friends, as it shows, by means of a sincere and moving story, the great work now being done throughout the United States by the junior organization.

Although at the present time the "Sons of the Legion" posts number only a little above twenty-five hundred, as compared with the eleven thousand and more in the American Legion, the boy's group has been shooting ahead by leaps and bounds during the past few months. Legion officials predict a membership of seventy-five thousand for it in the very near future. All Sons of the American Legion members, "from three days old to thirty years old," are eligible.

At no time since the founding of the "Sons of the Legion" three years ago have the ideals and underlying principles of the organization been so dramatically set forth as in this motion picture. The story revolves about the efforts of American Legionnaires to found a junior group in a typical American city and the very human problems they encounter.

The cast includes Donald O'Connor, Lynne Overman, Elizabeth Patterson, Evelyn Keyes, the "sweetheart of the American Legion," and Will Fml3ac3in-8517waelywypalL William Frawley.

Japs Mopping Up Around Canton

HONGKONG, Nov. 24 (AP)—Warfare in South China surged within 20 miles of this British crown colony today as Japanese opened a pincer drive to wipe out Chinese south of Canton.

The Japanese landed 2,000 soldiers yesterday on the east bank of the Pearl river. They advanced inland toward Canton and a similar attack along which Chinese irregulars and Kwangtung provincial militia remained since the Oct. 20 capitulation of Canton.

Teachers Oppose Rural Aid School Proposal. DALLAS, Nov. 24 (AP)—Opposition loomed today to the proposed rural aid or equalization bill, certification of teachers and to creation of a three-man board for handling public school lands as thousands of instructors converged on Dallas for the opening of the annual convention of the Texas State Teachers' association.

### Repeal Of Laws Favoring Privately Owned Utilities Urged By Grange

PORTLAND, Ore., Nov. 24 (AP)—Repeal of all laws "giving special privileges to privately owned utilities" was urged today in a resolution adopted by the National Grange convention.

"From time to time" of funds in addition to the \$40,000,000 a year now provided for loans on such line. The Grange favored such reorganization of governmental services as will prevent unnecessary duplication of expense, but expressed itself as "unalterably opposed" to the concentration of authority or to destruction of the "proper relationship between the states and the federal government."

### Status Quo In Oil Industry Present Goal

TULSA, Okla., Nov. 24 (AP)—Win-ter's slack-time having brought a lessening of activity in all lines of the oil industry, leaders in the busi-ness concerned themselves chiefly today with holding things just as they are.

### Marlin Threatened Says UAW Official

DETROIT, Nov. 24 (AP)—A United Automobile Workers' Union spokes-man said today Homer Marlin, UAW president, had agreed under threat of arrest to testify at Washington Dec. 1 before the House committee

investigating un-American activi-ties. Rep. Martin Dies, Democrat, Tex., chairman of the committee, warned Marlin by telephone yesterday, the spokesman said, a United States marshal would be directed to arrest the UAW head if he refused to appear.

On several previous occasions Marlin was scheduled to testify before the committee, but postponements were obtained.

There were continued expressions of the need for further holding down of crude production to offset the influence of newly-developed sources of supply. Nippy weather was having its effect on the market for burning oils. Marketers reported those products were in better demand at firming prices.

In general, petroleum products in the mid-continent seemed to be moving into a better position. Winter weather was having its effect in field work, with well comple-tions dropping to 487 in the na-tion for the week, 48 less than the week before, according to the Oil and Gas Journal.

COLOR THIS SKETCH AND WIN CHRISTMAS PRIZES!

Boys and girls, how would you like to win a prize of some Christmas shopping money just for coloring this picture and three more similar to it which will be printed one a week for the next four weeks? This picture appeared for the first time yesterday.

Each week there will be three prizes worth \$1.75 cents and 50 cents at any store in Pampa which advertises in The News and at the end of the four weeks' contest there will be a grand prize worth \$5 at any News advertiser's store.

Prizes will be awarded, by judges to be selected soon, for the best colored sketches submitted. Get out your crayons and get busy! Color the accompanying sketch as attractively and as neatly as you can. Then mail it or bring it to the "Bobby's Christmas Dream" editor of The Pampa News.

State Losing \$200,000 Yearly In Cigaret Tax Evasions, Says Report

AUSTIN, Nov. 24 (AP)—The state is losing at least \$200,000 a year as a result of cigarette tax evasion, the comptroller's department estimates. Currently the chief form of evasion is non-payment of the three-cent-per-package levy on cigarettes imported from other states by parcel post.

It is evasion that is difficult to detect, because so far Texas has been unable to persuade post office officials to permit access to records which would show who received the cigarettes. When the recipients can be located they not only are subject to payment of the tax but also to fine and imprisonment up to five years.

department's big enforcement problems, but a system of numbering the stamps, installed in March, 1938, has apparently driven the stamp counterfeiter from the field. Stamps which wholesalers of cigarettes buy from the treasury department are numbered serially and a record of stamp purchases are kept. A list of such purchases with the numbers goes out daily to comptroller's inspectors, who are constantly checking on stocks, both of wholesalers and retailers.

Appearance of illicit stamps can be observed and the source of the cigarettes and stamps determined quickly. Thousands of dollars worth of stolen cigarettes also are being located and returned to owners as a result of the serial number plan, officials point out.

Sometimes the cigarettes are returned before the owner knows he was robbed. Such a case occurred recently at San Antonio. An inspector, in checking stock of for example, a drug store, may come on some cigarettes numbers of which do not correspond to numbers on the wholesaler's invoice of the sale which the retailer is required to keep. The inspector will ask the

drug store operator where he obtained his cigarettes. Theft can be established in a short time. Most cigarette thefts are by employees of wholesalers, who may slip out a few cartons from time to time, or steal whole cases. One such employee convicted had worked 14 years for a wholesaler. Another was a trusted clerk with a record of seven years employment. Sooner or later the thieves are caught, comptroller's officials state. The serial numbers on the tax stamps get them. FDR To Attend Prayer Service For Minorities

WARM SPRINGS, Ga., Nov. 24 (AP)—President Roosevelt projected himself into the center of the international Jewish relief efforts again today as he arranged to attend the Thanksgiving religious ser-

VICES marked by nationwide prayers for oppressed minorities. In an unexpected 51-word formal statement issued last night long after the normal closing time for the White House offices, he expressed hope that a report he had received that refugee migration to Palestine would be "materially increased" would prove authentic.

Long before his first formal statement of Nov. 15 asserting American public opinion had been "deeply shocked" by anti-Jewish persecutions in Germany, Mr. Roosevelt had sought to halt British plans to limit the flow of Jews to their Palestine homeland during the Arab uprising.

The President planned to attend services today in the little white chapel built here last year for patients of infantile paralysis foundation. In a Thanksgiving Day pro-

clamation issued last week he had asked the American people to offer prayers on this day or the less fortunate in other lands. Tonight, the President and Mrs. Roosevelt will be hosts at a turkey dinner in Georgia Hall for the crippled patients of all ages of the Warm Springs foundation and their families.

The President planned to make a radio talk for five minutes, beginning at 7 p. m. (EST) on the work of the foundation. Then, after dinner, the patients were to put on a few acts for their hosts.

Equipment Issued To Groom Cagers

Coach Lawrence Clark of the Groom high school issued basketball equipment to aspirants for the 1938-39 team Monday, Nov. 21. After a lay-off of one week following the close of the football season, the boys are in good physical condition.

The 1938 Groom team will be small in number and size. Only two lettermen of last year's team are in school this year. They are Billy Burgin and Austin Crowell. Burgin is captain and forward. Crowell is a guard. Boys up from last year's second team are Jack Kuehler, Kenneth Black, and Ralph Britten. Other promising players are: Eley Clark and Jack Babcock, both of

Grandview, Ebert Townsend, and Robert Kuehler.

Due to low grades Crowell, Black and Babcock did not report Monday. They will report when scholastically eligible.

There were only a few hundred real slaveholders among the free Negroes. The great majority acquired slaves only because of kinship or philanthropy. Husbands purchased their wives and fathers purchased their children out of slavery.

### 'Chiselers Can't Get Away With It Any Longer,' Declares Andrews

WASHINGTON, Nov. 24 (AP)—The "honeymoon" is over for the wage-hour administration, exactly a month after the broad labor standards law went into effect.

Administrator Elmer F. Andrews said today in an interview: "We can't let the chiselers get away with their practices any longer."

While operation of the wage-hour

program was getting under way, Andrews deliberately withheld action on complaints. He said he wanted to give interstate industry an opportunity to adjust itself to the new 25-cent-an-hour minimum wage and the maximum mwork week of 44 hours.

The 48-year-old Andrews, used forceful language as he discussed the law's provision that the courts must rule finally on violations.

"Apparently, Congress thought that industry might feel safer in the hands of the court than the administrator," he said.

"It would have been much easier for the administrator if we had been given clearer powers. It would have been much easier, for example, if Congress in the first place had defined the 'area of production' (which is exempt from the act).

Andrews told President Roosevelt recently that operation of the statute may have thrown as many as 50,000 persons out of work. That number will drop, he predicted, with greater knowledge of its provisions.

He said today it was too early to estimate the extent to which the act had raised wages generally.

"The number of violations reported thus far has been smaller than I expected," Andrews said, noting that only about one-fourth of 1,200 complaints received so far appeared to have real basis.

### Outlook For Labor Peace Is Uncertain

WASHINGTON, Nov. 24 (AP)—The outlook for peace in the organized labor movement, although espoused by the rival factions and urged by President Roosevelt, appeared increasingly uncertain today unless government officials can discover a basis for unity.

The recent conventions of the American Federation of Labor and the new Congress of Industrial Organizations produced expressions of hope for a unified labor movement. No overtures were offered, however, toward reopening the peace conference which collapsed last December.

In responsible government and labor quarters, there were persistent reports of quiet efforts to moderate the views of the opposing CIO and AFL leaders and bring both factions together for a possible White House conference.

Presidential Mediation of the dispute was suggested several months ago by Daniel W. Tracy, head of the AFL's Brotherhood of Electrical Workers, but the President was reported disinclined to intervene at that time.

Informed labor men have declared a White House conference would not be arranged unless there advance assurance that it would succeed in healing the three-year-old split.

### Green Opposes Profit-Sharing

WASHINGTON, Nov. 24 (AP)—William Green told a Senate committee today labor cannot accept industrial profit sharing unless it goes hand in hand with collective bargaining.

Green, president of the American Federation of Labor, said his organization was "unalterably opposed" to using the taxing power of the government to promote profit sharing plans.

He added it also was opposed to amending the Social Security Act to give tax credit for funds allocated to profit sharing.

Testifying before a special Senate committee composed of Senators Herring, Democrat, Iowa, and Vandenberg, Republican, Mich., Green asserted labor had no quarrel with the principles involved in profit sharing but it did not favor methods used in the past in developing such plans.

Senator Vandenberg said Congress would be asked to establish indirect subsidies to industry in an effort to maintain employment during business depressions.

Vandenberg, member of a Senate committee studying industrial profit sharing, said he believed this could be accomplished through tax concessions—the so-called incentive taxation method. Senator Herring, Democrat, Iowa, committee chairman, indicated agreement.

### Newspaper Flays Italy

CHICAGO, Nov. 24 (AP)—The Daily News said editorially today the expulsion from Italy of its Rome correspondent, Frank Smothers, "is evidence of the intense fear and hatred with which some dictators and their henchmen regard honest, independent newspaper work."

Spider webs are used by hummingbirds in the building of their nests.

# Harvesters Go To Berger In Fine Fettle

## Bulldogs To Be Battling For First Win

A short, snappy signal drill beside the gymnasium yesterday afternoon during which plays were run and defensive assignments checked closed the Harvesters' preparation for their invasion of Berger this afternoon. Game time was set for 2:30 o'clock at Bulldog Field.

Coaches Oud Mitchell and J. C. Prejan announced the boys ready for the tough battle expected from a team determined to win a conference game. The Bulldogs opened the season with a spectacular win over Quannah but since then have not chalked up a mark in the win column. The Bulldogs, however, rose to great heights against Amarillo, losing in the last minute of play and they are expected to show another dazzling display of football today.

It is hoped to be a spectacular battle between Pampa's Captain J. W. Graham and Berger's Captain Hubert Allen. Both of them are ace ball carriers, good passers and good punters. Success today will probably depend on blocking. In the line Pampa has an outstanding guard in Welby Paris while Berger's "Sully" Sullivan, big tackle, is considered one of the best in the state.

Reports from the Bulldogs reveal that Coach Cash Smith and his assistants Matthews and Good have their charges fired for the battle. They want to get revenge for a bad drubbing last year and also for a basketball loss in the finals of the district race.

Both teams will be weakened by injuries when they open the game. Although no starting lineup has been announced by either head coach, the probable eleven to get the call will be:

# 11 District Titles To Be Decided Today

Eleven district championships were in the balance today as Texas schoolboy gridder staged traditional battles on every front.

Twenty-seven games were scheduled, twenty-three counting in conference standings.

Feature tilts were: Amarillo at Lubbock for the Panhandle championship, Wichita Falls at Vernon for the district 2 title, Sweetwater at Brockridge for the Oil Belt crown, Temple at Waco for the Central Texas pennant, and Brownsville at Pharr-San Juan-Alamo for the Rio Grande Valley gonfalon.

Bowie (El Paso), Gainesville, Highland Park (Dallas), Tyler, Lufkin, and Corpus Christi, unbeaten leaders in their respective districts, faced the challenge of second-place or second division teams when upsets could throw races into snarl.

Masonic Home already held the Fort Worth championship and Sunset was the Dallas district titlist.

Three games are scheduled tomorrow and three more Saturday. Austin plays Kerrville for the district 12 title tomorrow night and Port Arthur meets Galveston in the important district 14 game Saturday. Decisive tilts as carded in the Houston district where a tie for the title looms. The district committee announced if such resulted no decision would be made until Monday.

Five games were played yesterday and last night with only one of importance in the championship race. Kingsville retained a mathematical chance at the district 15 title with a 21-0 win over Laredo. Should Eckstow upset Corpus Christi today Kingsville could tie for the championship.

Kilgore defeated Athens 27-0 in a district 9 conference game. Henderson and Nacogdoches played to a 6-6 tie in district 10, Austin (Houston) 12-0 in district 13 and Harlandale (San Antonio) 20-13 in a non-conference tilt.

# Oil Driller, Actor Originated Huddle

TYLER, Nov. 24 (AP)—November 13 of last year, Fred Haynes, of Plano completed his thirteenth oil operation, which proved to be the discovery of oil in the Flag Lake field of Henderson county.

Haynes, former school teacher, Shakespearean actor and student, had been prospecting the area northwest of Athens for 20 years.

Haynes said Henderson county is "There's a divinity in odd numbers," mused Haynes in Shakespearean vein.

He drilled eight wells at Flag Lake before this producer came in, one which was on the Hearne lease where Humble now has two wells.

"We lacked 15 feet of going deep enough one time," he said. Haynes said Henderson county is "the greatest wildcat country in the world" because it lies along the Falcones fault. He blamed poor well drilling and thin sand conditions for his previous failures in the Flag Lake sector and recalled there was no way of testing wells as now.

"There's certain things in certain places if you can pick them and let them grow," he quipped.

Surveying his failures and success, Haynes said, "I've lived a million years." He was appointed as honorary chairman of the century of service committee of Boston University's school of theology.

He was recently appointed by President Roosevelt to serve as American delegate to the Pan-American conference at Lima.

# Landon Booms Gov. Lehman For President

NEW YORK, Nov. 24 (AP)—Gov. Herbert H. Lehman was suggested as an outstanding candidate for the Democratic nomination for President in 1940 today by Alfred M. Landon, defeated Republican candidate for President in 1936.

Landon made his suggestion in an interview after a luncheon given in connection with his appointment as honorary chairman of the century of service committee of Boston University's school of theology.

He was recently appointed by President Roosevelt to serve as American delegate to the Pan-American conference at Lima.

# Aggies Expected To Beat Longhorns Despite Jinx

balance in manpower expected to beat down Texas.

The tipoff that Coach D. K. Hible will report to make in an effort to pull out one game of Texas' worst season came in the announcement that Gilly Davis, tiny 145-pounder with the hinged hips, would be in the starting backfield. A dangerous ball carrier when on the loose, Davis will be there for a possible breakthrough on sweeps or laterals.

On the other side of the line, however, will be one of the acknowledged masters of the broken field art, Dandy Dick Todd. The Crowell Cyclone, who has given Southwest conference coaches more anxious moments in the past three years than they care to pack in a lifetime of coaching, will be playing his final game. He is rather sudden death on kickoff and punt returns.

The Aggies have switched to power in their recent games, giving emphasis to tackle and guard jobs engineered by John Kimbrough and Tim Thomason, a pair of sophomore fullbacks. Bob Hall, former Lamar Junior College star, also aids in the powerhouse running game.

Conference statistics gave the Aggies a clear-cut advantage in practically every important department—but the jinx was still there.

The Aggies held an unusual season records notwithstanding. The potentially great Aggie team with its big batch of reserves, a team that didn't actually hit the stride expected of it until its game against Rice two weeks ago, was favored by two touchdowns.

Texas, with its smallest squad—less than three full teams—lacked the speed to become a dangerous offensive unit but retained unusually high spirits despite a victoryless season.

Upsets have marked the forty-five year rivalry of the schools, upsets that could almost approach a possible Texas victory today. Comparative scores, season records and dope have meant little in the past, but today the Aggies held an unusual

# Number of Movie Stars Attend Texas University

AUSTIN, Nov. 24 (AP)—The University of Texas has a number of stunts among the ranking motion picture stars.

John Boles, screen lover and singer, is a native of Greenville and was graduated from the state school in 1917. He studied in New York and Europe before starting his movie career.

When John Arledge came to the University from Crockett in 1925, he was known as Johnson L. Arledge. He went to Hollywood in 1931.

Helen Vinson, movie star and wife of the top-ranking tennis player, Fred Perry, attended the University from 1922 to 1924. Her real name is Helen Ruffs and her home was in Beaumont.

Adrienne Ames was a Longhorn campus beauty at Jeppett's Florida campus in the late 1920's. Born in Fort Worth, she received her degree from the University in 1930. She was an artist's model before turning to pictures.

Corinne Griffith, a silent picture star, is listed on the rolls of the University's ex-attends association as Corinne Griffith of Mineral Wells, who registered at the school in 1912.

Tex Ritter, a western star, attended the University from 1922 to 1927 as Woodward Maurie of Nederland.

Smith Ballou of Dallas, who attended from 1921 to 1923, played a banjo in the student orchestra.

# 40 Chickens Loaded With Poison Stolen

AMARILLO, Nov. 24 (AP)—Produce houses and retail meat dealers yesterday checked carefully every chicken they sold here—for some where in this area there are 40 chickens loaded with poison fatal to man.

The chickens were stolen yesterday from the ranch of O. T. Hewett near Berger. They had been inoculated with a special poison serum for killing coyotes.

Hewett yesterday was in Amarillo checking all sources of retail sale, and the public was warned via the radio regarding the death-containing fowls.

# 14 Harvesters To Play Last High School Tussle Today

Fourteen Pampa Harvesters will be playing their last high school football game this afternoon in Borger when the Harvesters and Bulldogs clash in the last game of the 1938 season. Fifteen members of the squad will return for another year. Lost for the 1939 season will be six backfield men, three ends, three tackles and two guards. Among those lost through graduation, age, or the semester rule will be Captain J. W. Graham, Albert Kemp, Bob Karr, Red Watkins, Doyle Auld, and A. C. Miller from the backfield; L. Clemmons, Bob Andis and Tommy Solomon, ends; Leonard Dull, Truman Rumble and Jack Hessey, tackles; Welby Parish and Carl Ripple, guards.

Returning for another year of

competition will be four backs, three ends, three tackles, three guards, two centers, including Grover Hiskell, Pete Dunaway, Clarence Mathews and James Carlie, backs; Aubrey Green, Kenneth Kyle and S. H. Cox, ends; L. C. Bailey, Wayne Giddens and Robert Clemmons, guards; R. G. Candler and Herbert Maynard, centers.

Of that number, Hiskell, Dunaway, Carlie, Mathews and Gerald Nichols will have two more years under the changed system unless age gets one or two of them. In 1940 the age limit will be dropped to 18 years and the semester rule abandoned. That will mean that boys who become 18 after September 1, 1940, will be eligible that season.

DETROIT, Nov. 24 (AP)—Whimsical Tommy Walsh, prominent figure of boxing's golden era, from coast to coast in the fight game, lay perilously ill today from a gastronomic ailment.

The 60-year-old former manager of fighters and ballyhoo chieftain in the old Jack Dempsey-Jack Kearns combination during boxing's million-dollar gate period fell seriously sick after having been ill several days.

St. Mary's hospital, where she has been confined since Monday night, said his condition today was "fair—as good as could be expected," but it was reported physicians were unable to determine his exact ailment.

## Amarillo Symphony Depends On Turkeys

AMARILLO, Nov. 24 (AP)—The future of the symphony orchestra in the high plains cow country depends to a great extent upon the Thanksgiving turkey market in Buffalo, N. Y.

Murray Meeker, a Thayer, Kan., youth who decided he would rather farm in New York state than on the southern great plains, is director of the Amarillo Symphony orchestra. He has a flock of turkeys in New York and if he makes the \$2,000 net profit he expects on the turkeys, he intends to remain in Amarillo and grow him an orchestra.

Meeker, who attended Wichita University in Kansas and studied in New York, accepted directorship of the orchestra on the terms that his pay would depend upon the success of the season just started.

As a matter of fact, he was told that he might not get a cent in salary, but he accepted.

Deciding that a career with a symphony was what he wanted, the young violinist determined to develop an orchestra in Amarillo. Thereupon he organized the Junior symphony—high school and grade school music pupils—and, with the cooperation of the teachers in Amarillo, is working toward a future symphony orchestra.

As the juniors are ready they will be added to the orchestra. "I intend to stay in Amarillo," Meeker said, "and develop—call it grow if you want to—a symphony orchestra that will rank with the best in the nation. If I can get by financially for one year I believe I can make a living here, and that's where the turkeys come in. If they make enough to tide me over a year we'll be well on the way to growing a symphony orchestra in Amarillo."

## Texas Youth Holds U. S. Scoring Lead

KINGSVILLE, Tex., Nov. 24 (AP)—Leroy Fry, a young man who mixes touchdowns with his educational pursuits, held the national collegiate football scoring lead today.

Playing with the Texas College of Arts and Industries against the University of Mexico at Harlingen last night, Fry scored 40 points to lead the Javelinas to a 53-7 victory. Fry ran his total to 133 points, 36 more than Gaylon Smith of Southwestern (Tenn.) who was the national leader through last week's play.

Fry now has 20 touchdowns and 13 points after touchdowns.

## Girls Not Twins But Otherwise They Are Just Alike

LUBBOCK, Nov. 24 (AP)—Only identical twins at Texas Tech are not even sisters, but their academic

achievements look like carbon copies. Floy Glenn and Margaret Henby, both of Sweetwater, were born in January, 1918. Both graduated from high school with straight A averages in May, 1935. In September they came to Texas Tech and registered for general home economics. In June they shared the same room, tied for the \$50 Pan-Hellenic scholarship awarded to highest ranking economics freshman.

Recent check on their scholastic record for three years shows that each have completed 33 hours with 94 grade points at the end of the freshman year, 87 hours with 190 grade points as sophomores, and 103 hours with 283 grade points last year.

Both girls are members of Phi Upsilon Omicron, honorary home economics society; Alpha Chi, national scholarship organization; Home Economics club, Forum, Law Leases, Y. W. C. A., and Junior Council.

## Marquette To Invade Tech Grid Saturday

LUBBOCK, Nov. 24.—(Special)—The boys from Milwaukee who like their sauerkraut salty and the boys from West Texas who like their beef steaks slightly raw, are going to turn loose a powerful football barrage here Saturday at 2:30 o'clock.

Marquette University's Golden Avalanche, the boys from Milwaukee, hope to tear Texas Tech's Red Raiders loose from their great undefeated record which includes nine consecutive wins.

Marquette, victorious over Southern Methodist but loser to the powerful Texas Christians, plans to make it tow-out-of-three over Texas teams by smothering the Red Raiders who are the highest major scoring team in the nation with 253 against opponents' 33 points.

Saturday has been designated as "West Texas Day" here and thousands of West Texas fans will attend the game to pay homage to the marching Red Raiders, one of the nation's seven major gridiron machines boasting an untarnished record. Regardless of how large Saturday's crowd may be, "Bo" Williams, Tech

Southern Methodist and Texas Christian could not successfully run against the powerful Marquette line. The Christians passed for their 21 to 0 win. But where the Mustangs and Frogs failed, the Red Raiders hope to succeed with one of the country's most versatile attacks built around such outstanding backs as Elmer Tarbox, Gene Barnett, Jodie Marck, Charlie Calhoun, Robert Holmes, Walter Rankin, Milton Hill

CAST OF CHARACTERS
JUDY A LITTLE GIRL—Admiral's daughter. She faced a choice between two navy suitors.

CHAPTER XVI
IT was not easy to tell her mother that she had openly championed Marvel, openly asserted that Admiral Alcott would appear at the housewarming.

But when she and Jack Hanley were inside, greeting their hostess, she realized that Marvel didn't have the faintest inkling.

JUDY found that the center of the merrymaking was a young debutante called "Slim" Jarrett. She was ugly in an animated way, and Judy guessed that her personality was famous among her friends.

Dwight grinned. Judy met Diane's eyes. Diane and Bill and Margie Hamilton and her husband were standing near a bookcase. They had been reading the titles of the books.

Jack said, "Horn-handed, hairy-chested," and grinned. But Judy sensed that he didn't like Cary Tennant any better than she did.

"The house that Marvel's decorator had evolved was a thing of black floors, angled sofas, extremely low chairs, and whole walls of mirror glass. There were white gazelles on glass-topped tables; white rugs in little splashes on the dark floor; gleaming chromium.

"It looks like a machine shop," said Jack. "Hush!" It was really imposing, if you cared for modernity. But Judy didn't. She had always liked old mahogany and Virginia sofas.

Kay Roseter, on being presented to Admiral Alcott, informed him that her last picture had been a Navy picture. "We had the most distinguished Englishman playing the role of Admiral."

"I don't doubt," said Judy's father solemnly, "but that he looked the part much more than I do."

Kay Roseter's stiff-lashed, hazel eyes opened wide. "I didn't mean that at all! Dear me, Admiral, I am really too much in awe of you to indulge in—"

"Don't be, my dear. I'm merely human." "But Marvel says the whole set-up is too, too overpowering. She had me actually believing I'd have courted."

to view the patio. Judy thought, "She might as well have bought a new home. She's practically made this one over."

Jack Hanley, who had been sticking pretty close to Judy all evening, said in a low voice, "I feel sick. Let's stay out here and watch the stars."

"What's wrong with you?" she asked. "I've had a stiff dose of snobbery," he replied. "Those friends of hers are poisonous."

"You simply don't know them. They're not your kind." "That's it. The rarified air is killing me. And say, I don't think the skipper liked the sound of a remark Cary Tennant passed."

Judy said crisply, "It's silly to attach too much importance to these things. They're Marvel's friends."

"So what?" "HE had not yet mentioned the fact that Judy was responsible for her father and mother's presence. But she knew he understood the state of affairs, and while she seated herself in a white metal chair, she waited for him to speak.

But he didn't. He said, "You're a gallant kid, Judy. Did I ever tell you I like you?" "You told me."

"So what again, eh?" "She didn't answer. The rest had gone back into the house, now. There was only the sound of their voices, muffled a little, and the warmth of the night, and a smell of flowers from the garden that reminded her curiously of the wedding in the church.

Then they heard footsteps coming out toward them. A woman's voice said, "But they're impossible! They're positively provincial. If that's the Navy, I'll take New York's East Side."

Judy stiffened. Jack was sitting very still. A man replied. Cary Tennant, Judy was certain, "Marvel's just having a little fling," he said. "It won't last long. The man was handsome and she wanted some fun. She'll get over it. She's not the girl to stick in the mud."

"I think we'd better get up and make a noise," Judy said quickly. "I don't want to hear any more of that!" Jack looked at her. "You didn't need to hear it to know, did you? These people are all false. Thrill chasers. Moneyed bums. Who was it said—life in E flat?"

Jews Oppose Emigration To Colonies

LONDON, Nov. 24 (AP)—Jewish assistance organizations, insisting that speed is the prime necessity in transferring refugees from Germany, dislike the British proposals for emigration to colonies, their comment indicated today.

While the United Palestine Appeal organization in Washington described the colonial plan as "outrage," the Rev. M. L. Perle, leader of the British section of the World Jewish Congress, said in London: "Tens of thousands of Jews under arrest or in concentration camps cannot hope to survive while immigration schemes are maturing. We need possibilities of emigration today, not tomorrow."

A statement issued by an American Jewish delegation now in London said the British government plans for settlement in sections of Africa and British Guiana, "inspired little hope of immediate relief."

Jews who would comment here almost unanimously held that Palestine was the most practical place for settlement. The National Council of Palestine Jewry assisted by other groups, they argue, is prepared to finance and organize the immediate absorption of practically the whole German Jewish younger generation of suitable age—about 100,000 persons.

But while they favored Palestine, spokesmen here granted that the huge number of refugees from Germany, which might total 300,000 could not be dumped there. The other suggestion they offered was that friendly countries—members of the 32-nation Evian-Les-Bains committee—permit refugees to enter, if only temporarily.

Pan-American Pact Of Peace May Be Adopted

WASHINGTON, Nov. 24 (AP)—A Pan-American pact of peace, linking the nations of the western hemisphere may develop at the Pan-American conference at Lima, Peru.

Secretary of State Hull and other members of the American delegation will discuss a project to unify all the inter-American peace instruments now existing and to weld them into a coherent unit.

President Roosevelt's idea of a continental defense scheme, embracing Canada and the 21 American republics, give added points to the discussion.

Our next-door neighbor, Mexico, has prepared a peace code which experts are now studying and will submit to the Lima conference. Copies have already been sent to all the American republics for examination.

The Mexican ambassador to the United States, Francisco Castillo Najera, will be at Lima, as chairman of the Mexican delegation, to push the project. He is believed to have the sympathy of the American delegation with regard to a great majority of the points in the code.

Garner Gets Ducks But Not Wary Deer

UVALDE, Nov. 24 (AP)—John Garner, Vice President and prospective landlord, will substitute wild duck for venison on his Thanksgiving table tomorrow.

The Vice President went after deer yesterday for the first time this season and found the bucks as wary of a gun as he is of political interviews. So he came home with a few wild ducks. He plans to try for deer again but wasn't sure about the date.

The Vice President's new duties interfere with his hunting. He is having a dozen rent houses constructed and makes a foot inspection almost daily, conferring with carpenters on his rounds about town.

As usual Garner had no comment on politics, including the Democratic meeting in Chicago next week.

# Proposed American Havens For Refugees No Utopias

By NEA Service

Two possible refugee havens in the two Americas emerge from the first tentative plans for helping the persecuted Jews of Nazi Germany: British Guiana on the hot northeast mainland of South America and Mexico's Lower California.

Suggested at preliminary discussions of the refugee problem in London between American Ambassador Joseph Kennedy and British officials, British Guiana roused little enthusiasm among experts in the refugee problem.

One of three Guianas on the shoulder of the continent—the others are Dutch Guiana and French Guiana—the British South American colony is one of the least known parts of John Bull's empire and vast sections of its interior have never been penetrated by white men.

Years ago a League of Nations mission investigated the possibility of settling 10,000 Assyrian refugees from Iraq there.

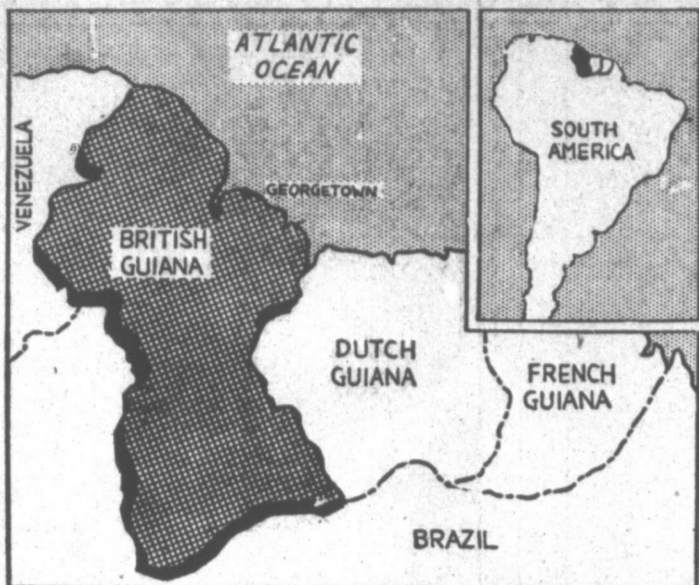

The mission's search for a site suitable for settlement led 1400 miles on foot and horseback through fever-fested swamps and tangled jungles. Only an experimental settlement could be undertaken over a period of years, the mission reported, so great were the difficulties.

The British government pook-pooed the report as unduly pessimistic.

### TAKEN FROM DUTCH

Comprising 89,480 square miles, with a population of about 335,000, including about 140,000 East Indians, British Guiana is a crown colony administered by a governor and a small elected legislative body.

With more than 75,000 square miles of forest and approximately 7,000 square miles of undeveloped land, its major industry is cultivation of sugar cane, an industry founded by the Dutch predecessors from whom the English wrested Guiana in 1796. The country was first

Shaded section in above map shows British Guiana, mentioned as a refuge for Germany's persecuted Jews. Inset shows the British colony in relation to all of South America.

Mexico's Lower California, suggested as a possible homeland for Jews.

James G. McDonald, above, chairman of the Advisory Committee on Refugees, is reported interested in the proposal to settle German Jews in Lower California.

## Beware Coughs from common colds That Hang On

No matter how many medicines you have tried for your common cough, chest cold, or bronchial irritation, you may get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel germs and phlegm.

Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained. Creomulsion is one word, ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

Lower California, as a homeland for the wandering Jew, would offer climatic and geographical conditions similar to Palestine, where Jewry long has sought to create a state.

corn, experiences furnace-like heat. Some of Lower California's valleys have become rich cotton and corn plantations with aid of irrigation. Wheat is grown at a Russian settlement near Escondido. The peninsula's most important farming region is the rich Mexicali Valley at the mouth of the Colorado River, where irrigation supplies a continuation of the American agricultural region of the Imperial Valley.

## Growth of Parcel Post Success Story

The growth of the parcel post system is one of the great success stories of American business, having developed from a volume of some \$2,100,000 in its first year of 1913 to \$140,000,000 for the 1938 fiscal year, it is stated by Postmaster C. H. Walker, in connection with the celebration of the silver jubilee of parcel post mechanism that has played a vital part in the present-day economical distribution of merchandise.

Postmaster Walker declared, Wanamaker, as Postmaster General under President Benjamin Harrison, 1889-93, was the leading business advocate of Parcel Post.

In its first full year of operation, the parcel post totaled approximately 700,000,000, weighing 3,500,000,000 pounds, and bringing in revenues of \$140,000,000, or 19 per cent of the total postal revenue. Average weight per parcel was approximately five pounds, with an average mailing cost of 19 1-3 cents.
