Good Evening!

Peace is the happy, natural state of man; war, his corruption, his disgrace.—Thompson.

M. D. ODEN KILLED IN WRECK

DISNEY'S FERDINAND THE BULL

One day a mild little bull that liked to smell the flowers sat on a bumble bee. The bee stung Ferdinand, upper left, and he pawed and puffed fiercely.

ador broke his sword—he was that mad, upper right. So Ferdie was a flop and the dragged him out of the ring by the tail, lower, but he didn't care and he went home to the farm, still smelling flowers, and there's where Walt Disney found him and put him in a movie.

Even Corpus Christi Has Frost And Ice

Houston Has Killing Frost As Cold Wave Sweeps Over Texas

(By The Associated Press) A stinging north wind today carried sub-freezing temperatures to the Texas Gulf Coast. As far South as Corpus Christi there was light frost and thin ice.

NEW YORK'S 'NO. 1 DEB'

Reporters and cameramen flocked around Miss Brenda Diana Duff Frazier, New York's "No. 1 deb" while she relaxed during intermission at the opening night at the Metropolitan Opera House.

Pope In Oxygen Tent After Heart Attack

Underpass To Be Started In July Of 1939

Pampa's hopes for an underpass to be built on South Cuyler at the intersection of that street with the Santa Fe railroad tracks were brightened today with the receipt of a letter from Julian Montgomery, state highway engineer, announcing that the highway commission had approved the project for the 1940-41 grade crossing program, advancing the starting date from July 1, 1940, to July 1, 1939.

VATICAN CITY, Nov. 25. (AP)—Pope Pius suffered a serious heart attack this morning and oxygen was administered immediately after his collapse to overcome a difficulty in breathing.

This treatment was suspended, however, after the difficulty had been removed and the Vatican announced officially that the Holy Father's condition was improving this afternoon.

The 81-year old pontiff was stricken suddenly as he was about to leave his private apartment for an official ante-chamber for his daily round of private audiences.

Secretaries who saw the Pope overcome by dizziness immediately carried him to his room and put him to bed. Physicians were summoned and his personal physician, Dr. Aminta Milani, still was with the Holy Father late in the afternoon.

Pampa Civic Worker Dies In Amarillo

Pair Thrown From Car Last Night In Highway Accident

Marshall D. Oden, 35, prominent Pampa resident, failed to regain consciousness following an automobile accident four miles east of Amarillo last night and died in an Amarillo hospital at 10 o'clock this morning.

M. D. Oden

Mr. Oden and Alvin Johnson, employe of the Skelly Oil Company at the Kingsmill plant, drove to Amarillo from the Pampa-Borger football game and were en route home when the accident happened.

The injured men were taken to an Amarillo hospital by a man who gave his name as V. N. Osborne of Pampa. Preliminary examination revealed that Mr. Oden had suffered a severe concussion of the brain and other injuries.

Mr. Oden had been a resident of Pampa for nearly 15 years. He formerly operated the Oden Music shop and recently has been connected with the Frank Hill Insurance company.

Funeral arrangements will not be made until the arrival of Mrs. Oden.

China Let Down By Britain, Says Chiang

Scout Training Course To Begin Here December 5

A Boy Scout Leadership Training course will be started here on the night of December 5 and run for one week, it was announced at Adobe Walls council headquarters this morning. The course will be open to every man in Pampa and surrounding territory who desires to become a leader or a Scout.

Location of the course headquarters will be in the band room in the Red school building. It will be in two parts: "Introduction to Scouting" and "Troop Operation."

The school is being held to make it easier for leaders and for those desiring to do something for the boys of the city.

There is a dire need for adult leaders in Pampa at the present time. A hundred men could be used early as counselors, troop committee men, Scoutmasters, assistant Scoutmasters, etc.

Negro Congressman Loses Arkansas Jim Crow Law Complaint

WASHINGTON, Nov. 25 (AP)—The Interstate Commerce Commission dismissed today a complaint by Arthur W. Mitchell, negro Congressman from Illinois, that the Rock Island railroad required him to leave a Pullman car in Arkansas and travel in a coach inferior to the Pullman.

Commissioners Eastman, Lee Porter, Aitchison and Miller dissented. Mitchell charged that he was traveling from Chicago to Hot Springs, Ark., on April 20, 1937, and that the conductor on the train required him to change cars when the train entered Arkansas.

Weathered To Head Superintendents

W. B. Weathered, Gray county superintendent of public instruction, was elected president of the county superintendents division at Dallas today, according to Associated Press dispatches.

## SUNDAY SCHOOL LESSON

**HONESTY IN ALL THINGS**  
Text: Exodus 20:15; Luke 19:1-10, 45, 46

By WILLIAM E. GILROY, D. D., Editor of Advance

Our lesson on the eighth commandment, "Thou shalt not steal," contains a New Testament story which is itself a lesson upon the commandment.

The Commandment is simple, old and plain. It does not go into an niceties of definition to define just what is stealing. It does not consider such questions as the rightfulness of possession, nor whether the thief might not under circumstances be more entitled to the things stolen than the man from whom they were taken. We must remember, of course, that these Commandments have their origin and emphasis in a simple and rather primitive society where the conditions of life were not complex and

where, if a man stole from his fellow, he took that which was likely to be the direct product of his neighbor's labor and honesty.

In a complex society many questions arise. A professor of ethics, under whom I studied, used to tell a story of a man who was walking across a field of an English estate. The owner of the field came upon him and, accusing him of trespassing on his land, ordered him off. The trespasser questioned his right. He wanted to know where the owner got the land. The owner replied that he got it from his father. "And where did he get it?" continued the trespasser. He got it from his father. And so it went on, back to the original ancestor, who, the owner said, fought for it. At that, the trespasser pulled himself into a fighting mood and said, "I'll fight thee for it now."

Social matters, whatever may be the rights or wrongs of the past, are today not quite so simple. We are living in a world of law, and although the law itself may not operate or uphold inherent justice, we would have a condition of far greater chaos, disorder and injustice, if every man were to decide for himself to take from his fellowman what he thinks he ought to have.

This is the point at which the Commandment has very real validity, even in our modern world where there is so much lack of justice and inherent right.

But the story of Zacchaeus, the publican, throws some light upon this problem of the reality of ownership and the reality of theft. Here was this man Zacchaeus, a collector of taxes. It was the custom in those days for a man to pay so much for the privilege of collecting the taxes, and he was wanted to make as much as he could for himself by extortion.

Whether Zacchaeus practiced extortion or not is not clear, but when Jesus came into his life and salvation came to Zacchaeus, he dared to look at his own business life and work, and he said, "If I have taken wrongfully anything of any man, I restore fourfold."

That was what a thief was compelled to restore under the law. Zacchaeus said in effect, "If I have taken anything that really does not belong to me, I am a thief, and I want to square my conscience by restoring a thief's portion."

What a revelation would come to the world and what a change, if all men similarly met Jesus and faced their lives and their actions upon such a basis of reality! Zacchaeus had learned the meaning of the Commandment, "Thou shalt not steal."

Mrs. Elms Hostess To 20th Century Study Recently

ALANREED, Nov. 25—Mrs. J. Elms was hostess to the Twentieth Century Study club at their regular meeting recently.

An interesting program was given on some of Robert Browning's work. After Mrs. Marvin Hall gave an interpretation on Rabbi Ben Ezra, Mrs. T. E. Crisp gave a biography of Robert Browning. Roll call was answered by quotations from Browning. Refreshments were served by the hostess, assisted by little June LaVerne Gull, to the following members: Mmes. S. L. Ball, F. Stubbs, F. R. Crisp, Martin Bilderback, T. E. Crisp, B. W. Moreman, Robert Crisp, Marvin Hall, J. M. Tidwell. The club was honored by one visitor, Mrs. Elwood Ball.

Outside above named counties, \$5.00 per year. Price per single copy 5 cents. No mail orders accepted in localities served by carrier delivery.  
An Independent Democratic newspaper, publishing the news fairly and impartially at all times and supporting in its editorial columns the principles which it believes to be right and opposing those questions which it believes to be wrong, regardless of party politics.

**Actions Speak Louder . . .**

Public ownership enthusiasts who favor the policy of charging the cost of power dams to flood control and irrigation not only have no sincere faith in the efficacy of public ownership and operation, but are openly in favor of double-crossing the taxpayer public. And by the same token they favor destruction of private enterprise by deliberately under-handed methods.

The New York Times has made the point inescapably clear: "Any advocate of public ownership and operation who opposes the fullest and most rigidly accurate and honest cost accounting on a public project, who opposes taking into account the same real costs that private enterprise must take into account, is in effect taking the position that the public should be kept in ignorance, or actually hoodwinked, concerning the real costs of government operation."

There would be no utility "problem" if the publicly owned power projects now under construction or actually operating in competition with private companies were relieved of direct and hidden subsidies and forced to adopt accounting methods which the law requires of private utilities. There would be no problem because the private utilities have no plants are taxed and regulated on precisely the same basis.

**Nazi Financing Methods**

Shoving sprouting democracies around the map of Europe and making automobiles and selling them are different problems. Ask Adolf. He knows. Der Fuehrer created a great stir with the announcement of a low-priced automobile.

One had been built and Hitler rode in it as thousands cheered. He outlined a plan so every German family might have a car. Magnificent roads had been built and the German laborer was to enjoy them.

But the German laborer hasn't bought a car and he isn't going to buy a car. Only 150,000 took advantage of the fine offer of the government so the payments have now been reduced to five marks a month. The new auto costs 990 marks. A potential purchaser would be paying 16 1/2 years. And the final ridiculous provision is that 750 marks must be paid before the owner may obtain possession. A purchaser would be paying for the car 12 years before he could sit in it!

The name of the car was announced as the Volkswagen—people's auto.

**Behind The Scenes In Washington**

By JOHN T. FLYNN  
NEA Service Staff Correspondent

WASHINGTON, Nov. 26.—So it's a third term, is it? Or isn't it? Well, thank heaven, that's settled. Or, at least, it seemed to be settled the morning of Nov. 9, when nearly everyone whose views appeared in print said the election results had buried all possibilities of a Roosevelt third term or even a third term nomination.

No one in Mr. Roosevelt's place, it was said, would be such a fool as to think of trying for another re-nomination after what had just happened, and the sooner he renounced the idea publicly, the better for all.

**ICKES LEADS OFF**  
Secretary Ickes was first to crawl under the debris and announce he could still notice third term possibilities flickering on the far horizon.

Later Governor Murphy of Michigan declared the question ought to be left "open," and Senator Norris of Nebraska said he doesn't like third terms but could manage to stand one for Roosevelt.

That seemed to indicate where the New Dealers stood, as might have been expected.

Quite unexpected was the subsequent flat assertion of Business Week, a magazine as conservative as its name implies: "Renomination of Franklin Roosevelt is far more likely as a result of the election. . . Roosevelt cannot transmit his strength to others. . . he is only overwhelming when he is running himself."

This plus Democratic losses, the magazine reported, would lessen third-term prejudice among many practical Democrats previously favorable to other candidates.

Again unexpectedly, Publisher Frank E. Gannett, who had led some of the bitterest and most successful battles against Roosevelt proposals, says he thinks "it's more certain than ever" that Roosevelt will seek re-election in 1940. Gannett is "inclined to believe he will win."

Reports are getting around that Roosevelt has told certain persons he won't run again. But some of his closest associates are sure they'll be begging him to accept renomination in 1940 and that he will heed their pleas.

**THE COURT AND MOONEY**  
Probably no one will ever know, but it's possible a majority of the Supreme Court favored a review of the Tom Mooney case despite the Court's formal refusal to reconsider its previous refusal to grant a writ of certiorari.

Justices Reed and Black dissented from the original refusal to grant the petition of Attorneys John H. Finerty and George T. Davis. But it was announced they took no part in consideration of the second application, which meant six justices made the decision.

They may have been unanimous or they may have

**Sharing the Comforts Of Life ---**

By R. C. Hoiles  
**TWO WAGE RATES**  
I was talking the other day to a confused business man who contended that large profits of big business were responsible for the present chaos. When the business man was questioned as to how wages should be arrived at, if they were not arrived at on a competitive basis, he drew the conclusion that they should be arrived at according to ability to pay; that the successful business man should pay a higher rate of wages per unit of production than the unsuccessful business man.

He did not explain how he would, if he were the successful business man, select the employees who were to receive a higher wage than the great majority of workers could receive. Neither did he explain how subservient and how fearful these workers would be if they were paid more than they could get working some place else, lest they lose their jobs. He did not seem to realize how, when a man is getting more than he can get some place else, he loses his independence. He, in a way, becomes a serf and vassal of his employer. He is thinking all the time of gaining the good graces of the representative of the employer, rather than independently developing his ability to produce; whether or not he has to disagree with some foreman or straw boss. The results of these artificial wages would not tend to develop independence, self-reliance and a determination to try to find the work in all the world that this individual is best qualified to perform. He would stick on the job whether he was naturally intended for it or not.

Then again it would make classes out of society instead of aiming, as all good political economy and government should aim, to have all people paid the same reward for the same production. It would do exactly the opposite. It would result in favoritism, corruption, inefficiency, dissatisfaction and cause hatred.

And worst of all, it would retard the natural growth of the good manager and thus retard him from serving more of humanity by selling for less. And because of his retarded growth, other workers would have to continue working for less efficient managers at lower wages than they would if the efficient manager had grown and forced wages up by competing to get the additional employees necessary to operate on a larger scale.

The two price system, either for wages or for commodities has no place under the philosophy of practical democracy or rational Christianity.

**POLITICAL DESPOTISM MAINTAINED BY FAKE MONEY**

The editorial writer for C. F. Childs and Company says, "Inflation is the essential instrument for expanding the power of the state. All wars are fought and political despots are established and maintained by manufacturing fake money, destroying real wealth and wasting human labor, as well as by abolishing human liberty. The State has created artificial levels of prices and wages which have destroyed the natural balance of the productive system in every country and retarded progress in the real standard of life of the people." I believe that history will bear out the above statement.

It might be well for those who want to analyze our own condition to ponder over the fact that the combined public debt of the United Kingdom for the seven years ending in 1937 increased only 6.3-10 per cent. In contrast to this, for the seven year period ending June, 1937, the public debt of the United States increased 63 per cent. In other words the debt of the United States increased 10 times as fast as the debt of the United Kingdom.

If the statement that political despots are established and maintained by manufacturing fake money, we are doing a good job of the manufacturing of fake money.

**The Nation's Press**

**LIBERAL THEY ARE**  
(Chicago Tribune)  
Washington is full of whistlers going around corners in the dark, scared of the squeak of their boots and trying to persuade themselves that nothing has happened and that there is nothing unpleasant ahead of them in the future. They are now trying to kid themselves, having kidded the people for nearly six years. Expert as they are, they need a lot of whistling to exorcise the fact that they are going through the wreckage of their pretensions.

They are still throwing around the phrases "liberal" and "progressive." These words as the New Deal whistles use them have become not only tiresome but, in their arrogation of superior virtue and humanity, disgusting. The true liberals among Americans are the voters who threw the New Deal factotums, stooges, hypocrites, and self-seekers out of office all over the north last week.

The propaganda mills of the Roosevelt administration have been grinding out these sounds to cover up the corruption and autocracy of the high hat establishment which had become as obnoxious as it was destructive. The assumption that a superior good will was embodied in a half dozen predatory governmental departments and corporations, imperiously throwing money all over the place and experimentally cockily with the political and economic corpus of the United States, was getting very tiresome.

It is tiresome now to hear the rebash of these phrases with the implication that there was some thing liberal and unprogressive in the vote of millions of Americans who have patiently endured the pompous frauds of the New Dealers and have given them more money than better men ever should have had. There is nothing liberal and there is nothing progressive in the attempt of a small group of self-satisfied men to have their own way in spite of consequences and to persist in every egotistic policy which flatters their sense of power and increases their vain-glory.

The White House has been in the possession of a merrymakers who have amused themselves by running a nation as if it were a game to be played with toys. They never suffered personally from the consequences of their recklessness and they have sought to answer criticism by striking stained glass attitudes and saying how good they were and how bad everybody else was.

They have been liberal with other people's money and generous in their willingness to allow the people to pay for their escapades. They have been progressive like mud turtles going backward. Their phrases of self-admiration and invective have been their false meaning. These worthies have a handful of votes against them and they can't talk it down.

split three to three, in which case reconsideration would still have been refused for lack of a favorable majority among those voting. The point is: no one knows.

Some effort will be made for legislation requiring the court to grant certiorari in any case where at least two justices think a writ should issue, and requiring the court to give its reasons for refusal when important constitutional questions are involved.

Prospective sponsors of the bill are none too hopeful.

**AT THE HALF**

**Around Hollywood**

By ROBBIN COONS  
**HOLLYWOOD** — Sometimes fate is kind in Hollywood. Sometimes the lightning of world news strikes at exactly the proper moment. Sometimes—but not often—Hollywood is ready with a picture that has anticipated the lightning.

It has just happened. One Sunday night a good portion of the American population is scared out of its wits by a fantastic broadcast. Mars attacks the world (in radio fiction), and the results make newspaper headlines. And before the week is out, a picture hits the market—"Mars Attacks the World."

And Barney Sarecky, a diminutive, cheerful chap whose producing activities are confined mostly to the Universal back lot where serials flourish endlessly, becomes the studio's man of the hour.

Earney will claim no genius, no prophetic foresight, for his feat. It just happened. He was making a serial about Mars, some months ago, and he had some fancy sets. Economy is a major interest in a serial producer's mind, and Sarecky did not want to see his fancy sets wasted. He shot enough material for a feature picture in addition to his chapter play.

Came the broadcast—and I think Sarecky and Universal must be grateful indeed to Orson Wells, David Zanuck, with his fondness for headline-promoted stories, might tackle a Martian theme now—but Sarecky and the U have one ready for showing while the "news from Mars" is hot.

It has happened before, but never so spectacularly. Mervyn LeRoy had it happen but almost in reverse. He had been preparing a script for his new star for month, and Fernana Gravet was already being filmed in "The King and the Chorus Girl," when King Edward VIII decided to become the Duke of Windsor for the sake of an American, who, though not a chorus girl, was still a comper. For a time, it looked as if the headline lighting had struck LeRoy favorably—but then Hollywood discreetly put a taboo on king-and-comper themes. The British Empire, it was known, would not appreciate a dramatization of a royal crisis vitally effecting it, and the British market is important. LeRoy got by—and probably the picture is gained by the news brief—but it might, just as easily, have boomeranged.

"Alcatraz," thanks to the happy coincidence of a prison break on that island, became a movie best-seller—outgrossing some of the studio's "A" films and emphasizing, incidentally, the importance of the lowly "B's."

One night a man named Dillinger went into a movie theater and, on leaving, met the fate that was his due. The last movie he saw, appropriately a gangster film named "Manhattan Melodrama," found new box-office life as the picture which " nabbed Dillinger." This was a "natural."

So was an unpretentious little programmer called "Spy Ring" made with no thought that, six weeks after its release, it would collide in the news with the arrest of those being tried for espionage. The words "spy ring" fit readily into headlines. "Spy Ring" came back on its own power—another example of the luck that movie producers—and press agents—dream about.

**Non-Stop Flight Planned**

BERLIN, Nov. 25 (AP)—Five German fliers were reported today to be planning to take off Monday on an attempted 9,300-mile non-stop flight from Berlin to Tokyo. Air ministry officials admitted preparations were being made for such a flight, but said the date had not yet been set.

**People You Know**

By ARCHER FULLINGIM  
Arthur Teed, who can say nice things in a way that makes you think he means them, suggested the other night that the Pampa News should have an open house soon. He thinks The News office is now one of the finest-looking business places in town, and that the readers would like to come down and look it over, so if Art thinks we ought to have an open house maybe we ought to, maybe we will. The front offices of The News now look like the operating room of a hospital—everything is white and gleaming glass. No longer are there any cubby-hole offices. The "font end" is a wide open space, separated by neck-high partitions and you can see everybody without moving out of your tracks. . . . The beautifying of The News began when Ray Barnes took over the job as manager, but we took it easy in the remodeling—and the word "we" is used because the new arrangement is the result of an idea-sharing plan. Indirect lighting and a new heating plant, a new morgue (where we keep pictures, mats, cuts) are among the new fixtures. . . . Well, Art it's your idea; maybe you ought to get started.

**How's Your Health?**

By IAGO GALDSTON, M.D.  
**TWO CENTURIES AGO.**  
The latter part of the eighteenth century was blessed with a large number of intellectual giants. The great ferment existed in the world and every division of culture and science had its great and creative spirits.

This was the age during which Voltaire wrote his brilliant satires, when Rousseau romanticized about primitive man, when the Encyclopedists gathered together "all knowledge" and compressed it within the confines of a few volumes.

During this period the first medical library was founded in the United States, and the medical faculty of the University of Pennsylvania was established; the Medical Society of New York City was organized, and Harvard created a medical department.

In 1771 three million people in the East Indies were destroyed by smallpox, and in the year of that disaster Edward Jenner overheard a young woman remark, "I can't have that disease (smallpox). I have had cow-pox," and gained from that the inspiration for his great achievement, smallpox vaccination.

Priestly and Scheele in 1771 isolated oxygen and shortly thereafter (1775) the French scientist Lavoisier, guillotined during the French revolution, defined oxidation and thereby laid the foundations for the modern science of chemistry.

It was during this period that Messier's Messiers on Animal Magnetism were published and therein we see the inception of the modern studies on hysteria which in time led to the development of present day psychiatry.

Abbe de l'Epée in 1770 invented a sign language for deaf mutes and gave a voice to those who couldn't talk.

Auenbrugger during this period invented the art of percussion, the simple technique of gently beating upon the chest to produce sounds, by the quality of which the skilled physician can recognize the condition of the underlying tissue.

Priestly announced the theory of animate electricity, to forecast the germ theory of Pasteur. Charles White urged "basic cleanliness" to prevent child-bred fever. Jasser in the year of the American revolution performed the first successful operation on the mastoid.

WASHINGTON, Nov. 25 (AP)—Lindley G. Beckworth, 25-year-old East Texas orator, will be the baby of the new Congress and the youngest House member in recent years. The election of Beckworth and several other relatively youthful newcomers in both houses emphasized what veteran capital employes called a trend toward younger congressmen.

**Yesteryear in The News**

**TEN YEARS AGO TODAY**  
On Thanksgiving Day, Holy Souls, the beautiful Catholic church erected during the year, was to be dedicated in an impressive ceremony. It was announced.

The return of the Rev. Tom W. Brabham to Pampa and the sending of the Rev. Joe Strother to Amarillo as junior pastor of the Polk Street Methodist church were among the appointments released at the Northwest Texas conference at Lubbock.

**FIVE YEARS AGO TODAY**  
James Jackson, member of and old-time Gray county family, was appointed county farm agent of Hall county, District Agent John E. Edmonds announced.

Adoption of a measured charge, details of which were to be given with statements, was announced by directors of the First National bank of Pampa.

**So They Say**  
Lobsters do not suffer.  
—DR. FRANCIS H. HERRICK, Western Reserve University at Cleveland, Ohio, discussing biology on his 80th birthday.

The grass is gettin' kinder short.  
—DEATH VALLEY SCOTTY in Los Angeles explaining why he had only one dollar bills.

Words and phrases are encountered everywhere, even on the domestic hearth, that were reserved for use in saloons and bagnios a generation ago.  
—HENRY MENCKEN, Baltimore.

I want genuine delousing of every pool room, under suspicion.  
—MAYOR LA GUARDIA ordering N. Y. detectives to arrest pool room loafers.

You're the babies who can start our second 50 years of football the way it should be started.  
—ELMER LAYDEN'S pep talk to the Notre Dame team between halves.

Fitting climax to the year 1938 is the proposed visit of General Goring to London at Christmas time. . . . Those problem cherry trees in Washington might be made into cherry wood pipes. Then the President could put his troubles in the pipes and appear less certain if the upholstery is good.

Increasing automobile sales indicate the average citizen has discovered international crisis appears less certain if the upholstery is good.

During this period the first medical library was founded in the United States, and the medical faculty of the University of Pennsylvania was established; the Medical Society of New York City was organized, and Harvard created a medical department.

In 1771 three million people in the East Indies were destroyed by smallpox, and in the year of that disaster Edward Jenner overheard a young woman remark, "I can't have that disease (smallpox). I have had cow-pox," and gained from that the inspiration for his great achievement, smallpox vaccination.

Priestly and Scheele in 1771 isolated oxygen and shortly thereafter (1775) the French scientist Lavoisier, guillotined during the French revolution, defined oxidation and thereby laid the foundations for the modern science of chemistry.

It was during this period that Messier's Messiers on Animal Magnetism were published and therein we see the inception of the modern studies on hysteria which in time led to the development of present day psychiatry.

Abbe de l'Epée in 1770 invented a sign language for deaf mutes and gave a voice to those who couldn't talk.

Auenbrugger during this period invented the art of percussion, the simple technique of gently beating upon the chest to produce sounds, by the quality of which the skilled physician can recognize the condition of the underlying tissue.

Priestly announced the theory of animate electricity, to forecast the germ theory of Pasteur. Charles White urged "basic cleanliness" to prevent child-bred fever. Jasser in the year of the American revolution performed the first successful operation on the mastoid.

WASHINGTON, Nov. 25 (AP)—Lindley G. Beckworth, 25-year-old East Texas orator, will be the baby of the new Congress and the youngest House member in recent years. The election of Beckworth and several other relatively youthful newcomers in both houses emphasized what veteran capital employes called a trend toward younger congressmen.

The youngest members of the last session where Representatives Boren, Democrat, Okla., and O'Connell, Democrat, Mont. Both were 27 when they came to Congress two years ago. Boren will be back, but O'Connell was defeated for re-election.

Among other new members will be 31-year-old Robert F. Jones, Republican, who will represent Ohio's fourth district. Fearson on a farm, Jones took up law and entered politics shortly after graduation from college.

Beckworth, a former school teacher, unseated Rep. Morgan G. Sanders, a veteran of 18 years in the House, in the Democratic primaries. He has served one term in the Texas legislature.

The dean of the present Congress, Senator Sheppard, also is a Texas Democrat. He was 27 when he began service as a House member 38 years ago.

The Constitution requires that representatives be 25 years old and Senators 30.

**The Capital Jigsaw**

By HOWARD C. MARSHALL  
AUSTIN, Nov. 25 (AP)—A warning that excessive demands for old age assistance might lead to destruction of the whole program of aiding the aged was sounded here by Senator Olan R. Van Zandt of Texas.

Van Zandt predicted the legislature, which convenes in January would retain the need basis for old age assistance but liberalize the present system somewhat, possibly eliminating consideration of support by children as a consideration in granting pensions.

He believed the legislature will provide \$6,000,000 to \$7,000,000 additional to finance the liberalized system, and when this is done 90 per cent of the complaints will have been removed," he said.

He expressed the opinion the additional revenue could be raised from various sources.

A Texas newspaper may not have helped the movement to make John Garner the next President of the United States.

It printed this headline over a brief story: "Germany Backs Garner For President."

The story concerned the reported support of Garner by E. B. Germany of Highland Park, chairman of the State Democratic Executive Committee.

Recent events that Gov. James V. Alfred might have a successor general of the United States if he had wished and a plan contemplated a year or so ago had not been altered.

When retirement of Attorney General Homer S. Cummings was announced the other day some observers in Washington commented that Solicitor General Robert H. Jackson might be advanced to the cabinet post.

At one time, when everyone about Austin was puzzling over what Gov. Alfred would do at the expiration of his second term, there was speculation he might be appointed solicitor general.

In connection with the Cummings' statement, Gov. Alfred observed at a press conference that he could have had the solicitor generalship but he did not desire it. He added that there had been some things said about Cummings' retirement and the prospect for advancement of whoever was solicitor general.

"You can quote me as saying," he laughed, "that I am very happy I waited and delighted over the prospect of going where I am and doing what I will do."

Alfred's term expires Jan. 17, and presumably he will qualify soon afterward as judge of a new South Texas court to which he was appointed by President Roosevelt last summer.

State employes and others were agast, recently at what appeared for a few days to be a new color plan for the outside of Texas' famous capitol dome.

It looked as though someone had started to paint the dome a bright orange-red hue and anyone who has had experience with public regard for the statehouse and its traditions, would have anticipated a loud yell from the Rio Grande to Amarillo and El Paso to Texasarkiana.

But it was a false alarm, an inquiry at offices of the State Board of Control disclosed. Workmen repairing the dome were merely giving some iron plates a preliminary coat of just resisting lead and later reduced the bright color to harmony with the rest of the structure.

Complete repainting of the dome, inside and out, will be started soon. The legislature last year appropriated \$15,000 for the work and the Board of Control will receive bids on the project Nov. 28.

Duration of the repainting, a rather large job, will depend to some extent on the weather, but will require several weeks in any event.

Gov. Alfred can be depended on to do his duty but there is reason to doubt he will declare martial law anywhere to stop the shooting of firecrackers.

A Dallas resident suggested the governor send troops there under a declaration of martial law to enforce prohibitions against setting off fireworks against the peace and dignity of the city and state. It seems Dallas police had said they figured it well-nigh impossible to enforce the anti-firecracker statute.

An inquiry at Gov. Alfred's offices brought the information that the governor shoots an occasional firecracker himself. In fact, he helps his small boys shoot fireworks every time they have any. He doesn't want anyone injured by firecrackers and he doesn't want property damaged.

Nevertheless, he likes to shoot firecrackers and does it. It is a safe bet that the militia won't be called out to stop the practice.

**New York Has Worst Storm In 40 Years**

NEW YORK, Nov. 25 (AP)—New Yorkers fought their way back to work today through snow and ice, after the worst Thanksgiving storm in 40 years.

At 3:35 a. m. the mercury touched 18 degrees, to set a new low for Nov. 25. In exposed sections of the city, including such areas as Riverside Drive, where a 38-mile-an-hour wind had a chance to work, snow piled up in drifts five and six feet high.

Traffic crawled along Long Island roads and commuters who marred trackless snow to bus and subway lines gained longingly at winter relief advertisements in buses and subway trains.

Shortly after midnight the metropolitan area was bombarded by a thunder storm, an unusual occurrence at this time of the year.

The city mobilized

### Mrs. Carhart's Funeral Held This Afternoon

Funeral services for Mrs. E. E. Carhart, 76, of Panhandle, who died in a local hospital Wednesday morning, were to be held at 2:30 o'clock this afternoon at the First Methodist church in Panhandle, with Rev. E. S. Watkins, pastor, assisted by Rev. W. M. Pearce, pastor of the First Methodist church of Pampa, officiating.

### BABSON

England should look to Canada as the storm-cell for her reserves. For instance, the government is already shifting her aviation manufacturing activities to the New World. It is reported that England is now investing \$100,000,000 in Canadian aviation plants.

### Constipated? You Should Get at the Cause!

Lots of people think they can't be "regular" without frequent trips to the medicine chest. "I just dose up and get it over," they tell you. But doctors know that they don't "get it over" at all—until they get at the cause of the trouble!

Lubbock and Amarillo Win District Crowns

Breckenridge Flattens Out Sweetwater

The Texas Interscholastic League crowned a dozen district gridiron champions today but it will be Monday before the state play-off is completed.

Coming from the picture are such stalwarts as Wichita Falls, the 1937 state runner-up; Waco High, which had been one of the favored teams to reach the finals.

Ten championships were decided in traditional Thanksgiving Day games, Lubbock taking the district 1 title; Vernon winning in district 2; Breckenridge in district 3; Gainesville in district 5; Highland Park (Dallas) in district 6; Tyler in district 9; Lufkin in district 10; Temple in district 11; Corpus Christi in district 15 and Pharr-San Juan-Alamo in district 16.

Masonic Home won the Fort Worth district title last week. Sunset (Dallas) captured the district 8 crown the week before.

Austin plays Kerrville tonight for the district 12 coronation and they also start trying to straighten out a tie in the Houston district where three teams are tied for the lead.

Four bi-district games have been arranged. Gainesville will play Highland Park at Dallas next Friday and Masonic Home will meet Sunset at the same place Saturday, Dec. 3.

Site and date of the Lubbock-Vernon game will be decided probably today when officials of the two schools, attending the Texas teachers association convention in Dallas, confer.

Webster, Thompson Star Lubbock won the Panhandle crown with a 29-19 victory over Amarillo before 16,000 fans.

Vernon staged one of the upsets of the day by taking out Wichita Falls, 7-0. Breckenridge smashed Sweetwater, 32-7 to cap the district 5 title and Highland Park battered Sulphur Springs 61-14 to sew up district 6 honors.

Only three undefeated, untied teams survived the district campaigns. They were Gainesville, Tyler and Lufkin.

If the charging rate of an automobile generator is set too high, it overloads the battery, reducing its life.

Pampa's Harvesters Eke Out 7-6 Win Over Tough Borgans

Pampa's Harvesters closed the 1938 football season with a hair-line 7 to 6 victory over a band of snapping, snarling Borgans who wouldn't be denied one touchdown and who were repulsed several times by a stellar Pampa defense that rose to new heights.

The Pampa defense roared into high without a minute delay and after taking a Borgor punt marched 58 yards for a touchdown without losing the ball.

The Harvesters continued to roll up yards during the first quarter, amassing eight first downs and 114 yards to Borgor's nine yards and no first downs.

Defense stood out in the third quarter as Pampa rung up 36 yards and Borgor two yards more. Pampa opened up in the final stanza to rush across six first downs but there was no score when the Borgor defense stiffened and a 15-yard penalty set the Harvesters back.

Hubert Allen showed Pampa fans why he is one of the greatest ball carriers, passers and punters in the district. He was the Borgor attack although Koehler and Sickles did some healthy plunging.

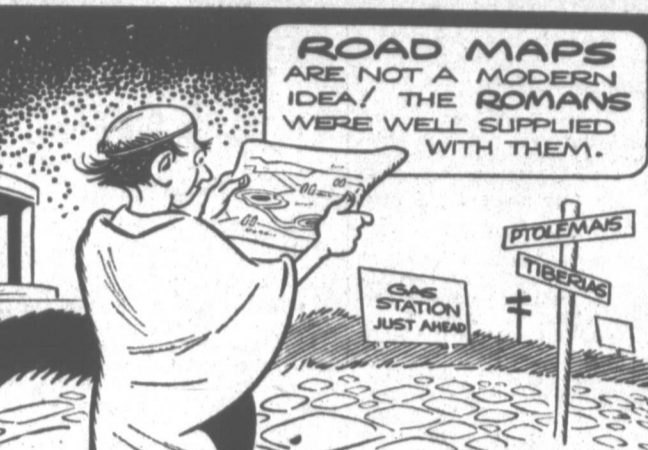

Allen intercepted one of Karr's passes on the 15 and returned up the sideline to the Pampa 17 before being stopped.

Allen passed to Raber who stepped across the goal line for a conversion. Allen's Borgor extra point was wide. Pampa 7, Borgor 6.

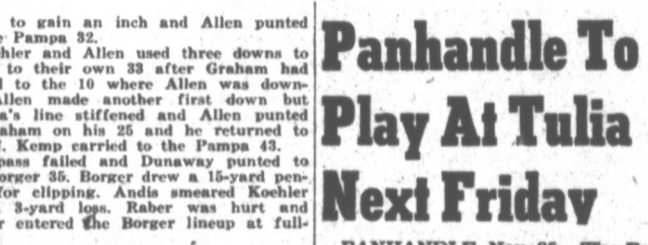

Donaway returned the kickoff to his 39. Three plays picked up 5 and Graham punted out on the Borgor 40. Allen and Raber made 12 yards. A shovel pass, Allen to Koehler picked off 8 yards. A first down failed and Allen punted to the Pampa 29. Borgor drew a 15-yard penalty. Allen passed 14 yards to Davies. Koehler went to the 9 and Allen powered to the 29. Pampa took over at that spot.

Donaway punted out to the 31. Dana-way intercepted on the Pampa and returned to the 20 at the half.

THIS CURIOUS WORLD

ANSWER: A cornhusker's glove. Cornhuskers of the middle-west use reversible gloves, with two thumbs. When one side of the glove is worn out, the extra thumb and the reverse side are brought into use.

failed to gain an inch and Allen punted to the Pampa 32.

Allen quick-kicked to the Pampa 15, a distance of 83 yards. Graham swept his left and for 14 yards. Donaway was injured and Miller went into the Pampa backfield. No more yardage was gained.

Allen roared to his 33-yard line on the second try. Allen passed 10 yards to Cannon who fumbled but Williams recovered. Graham broke up the Bulldog march by intercepting an Allen pass on his 10 and returning to the 25. Taylor was hurt and Allen roared to the 25. Taylor was hurt and Allen roared to the 25.

Allen intercepted one of Karr's passes on the 15 and returned up the sideline to the Pampa 17 before being stopped.

Allen passed to Raber who stepped across the goal line for a conversion. Allen's Borgor extra point was wide. Pampa 7, Borgor 6.

Donaway returned the kickoff to his 39. Three plays picked up 5 and Graham punted out on the Borgor 40. Allen and Raber made 12 yards. A shovel pass, Allen to Koehler picked off 8 yards. A first down failed and Allen punted to the Pampa 29.

Allen passed 14 yards to Davies. Koehler went to the 9 and Allen powered to the 29. Pampa took over at that spot.

Donaway punted out to the 31. Dana-way intercepted on the Pampa and returned to the 20 at the half.

Graham kicked short and Borgor returned to their 45. A shovel pass, Allen to Koehler picked off 8 yards. A first down failed and Allen punted to the Pampa 29. Borgor drew a 15-yard penalty. Allen passed 14 yards to Davies. Koehler went to the 9 and Allen powered to the 29. Pampa took over at that spot.

Donaway punted out to the 31. Dana-way intercepted on the Pampa and returned to the 20 at the half.

Lubbock Ends Sandies' Reign In Football

The reign of the Amarillo Golden Sandstorm as king of District 1 football ended yesterday afternoon on Texas Tech field in Lubbock when a great Lubbock Westerner rose up and played as one man to win 29 to 18 and enter the bi-district realm, meeting Vernon next week.

The speedy Webster, who is a big fellow, romped 50 yards for a touchdown, outdistancing Thompson, supposed to be the fastest human in the district, after sidestepping two second-year men.

It was the first time since 1931 when Lubbock survived a three-way tie that the Westerners had won the title and the second time since then that the Sandies had dropped it. Pampa representing the district in 1933.

The game was as thrilling a contest as any which ever meant the winning or losing of a District One championship. Lubbock scored first on a pass interception and added seven more points as Webster went for 51 yards, both touchdowns coming in the first period.

Amarillo drove 65 yards to count her score, the Sandie line playing a great brand of ball to beat down the Westerners' forward wall. At half-time, Lubbock held tenaciously to a 16 to 13 lead.

A blocked punt in the fourth quarter ended the Westerners' clincher when Lubbock came up with the ball on the Sandies 28. It was here that Johnson and Jackson teamed up to win the ball game.

Johnson passed to Jackson who took the ball on the nine and went for a touchdown.

It didn't matter that following a pass interception, Johnson punted to Hill. An end, for Lubbock's fourth touchdown late in the game. Where Webster couldn't match Thompson's performance. Johnson and Jackson came through.

First downs - AMARILLO 17 LUBBOCK 17. Yds. gained rushing - 215 250. Yds. lost rushing - 6 12. Yds. lost punting - 4 4. Yds. gained passing - 111 72. Passes incomplete - 18 2. Right tackle - Orval Trier. QB - Harold Parsons. CE - Corbell. LH - Wayne Johnson. Bill Andrews. RH - Lewis Jackson. Bill Thompson. FB - Walter Webster.

'Big Train' Will Have Hands Full Monday Night

Referee "Big Train" Clements has been given orders but they probably won't be obeyed because the big fellow will have two against him when he handles the return wrestling match between Joe Banaski and Texas Watkins Monday night at the Pampa Athletic arena.

Promoter Cliff Chambers has already instructed the referee to make the pair behave but how can a man stop a landslide? fans query. Watkins is without a doubt the king of roughsters at the present time. Banaski, who prefers to wrestle, was the victim of Watkins' roughness last week and he has announced to the world that he will meet the wild sailor at his own game if the necessity arises. And where does that put Mr. Clements?

Promoter Chambers will give fans a new face when he presents Russ Riley against John Nemanic in the semi-final. Riley is reported to be a 50-50 grappler. He can go scientific or he can get tough if the occasion demands. He has been throw-

ing 'em high, wide and often in St. Louis the last few months. Opening battle of the night will see Scotty Williams and Gust Johnson in what should be a fast, scientific battle.

The first whistle will sound at 8 o'clock. No increase in admission has been made and reserve seat tickets are now on sale at Cretney Drug. Banaski will receive no money for his work unless he comes thru which should mean that the lid will be off.

Outside the crowd roared. Bible's boys won their first game of the 1938 season, a stunning 7-5 victory over the Longhorns. Bible was voted to inflict a ninth straight defeat on the Longhorns.

Bitter talk after eight hollow Saturday afternoons quieted. Bible was master again. Thirty six thousand fans would swear to it. And what did Bible, the maker of champions, think about that one victory of the season?

"It was the happiest victory of my coaching career," he beamed. "I makes the future look much brighter. I'm happy over the results of Wednesday and Thursday." Bible's comment on Wednesday was directed at the Texas Freshman team, next year's varsity. It piled up some 325 yards on running plays alone in defeating a touted Texas Aggie "fish" team, 7-6. It promised to send Bible next season such stars as Jack Crain, 165-pound brakel and a great line, B. Patrick, great blocker, runner and broken-fielder of Olney and the two-state schoolboy ends of 1937. Joe Schwarting of Waco and Jesse Hawthorne of Port Arthur.

"Texas Loses Tough Things were looked up here today—all over a slim two days as against a pitiful months of defeat and ill fortune. The Longhorns, not given a look-in by experts who figured the Aggies with unlimited offensive strength and a great line, broke the 16-year old jinx and win their first game in Memorial stadium, outplayed the Cadets from start to finish.

Texas Noses Out Aggies 7-6 For First Victory

AUSTIN, Nov. 25 (AP)—Bald, mellow Dana X. Bible moved around in the dressing room beneath the University of Texas Memorial Stadium along with sundown yesterday, slapping backs and smiling through fogged eyes.

Outside the crowd roared. Bible's boys won their first game of the 1938 season, a stunning 7-5 victory over the Longhorns. Bible was voted to inflict a ninth straight defeat on the Longhorns.

Bitter talk after eight hollow Saturday afternoons quieted. Bible was master again. Thirty six thousand fans would swear to it. And what did Bible, the maker of champions, think about that one victory of the season?

"It was the happiest victory of my coaching career," he beamed. "I makes the future look much brighter. I'm happy over the results of Wednesday and Thursday." Bible's comment on Wednesday was directed at the Texas Freshman team, next year's varsity. It piled up some 325 yards on running plays alone in defeating a touted Texas Aggie "fish" team, 7-6. It promised to send Bible next season such stars as Jack Crain, 165-pound brakel and a great line, B. Patrick, great blocker, runner and broken-fielder of Olney and the two-state schoolboy ends of 1937. Joe Schwarting of Waco and Jesse Hawthorne of Port Arthur.

"Texas Loses Tough Things were looked up here today—all over a slim two days as against a pitiful months of defeat and ill fortune. The Longhorns, not given a look-in by experts who figured the Aggies with unlimited offensive strength and a great line, broke the 16-year old jinx and win their first game in Memorial stadium, outplayed the Cadets from start to finish.

Hardly had the game begun before started beating off its jinxes of a cruel season. It didn't make much difference when the Aggie broke a and a cracking north wind in their faces. The presence of Dick Todd, notorious broken field runner, across the line didn't frighten them either.

They started right in with Wallace Lawson, master kicker and runner, 145-pound Cilly, breaker and Wes Boyer carrying the load to surge down to the Aggie two-yard line. Lawson fumbled on first down and the Aggies recovered and kicked out.

They came storming back on the kickoff, Davis taking it to the Aggie 45 and handing off to Lawson on a bit of trickery that took them to the Aggie eight on Lawson's sweep down the sideline. They got within a foot of the goal this time.

Kick Blocked For the third time the Aggie moved in towards the promised land after the Aggie kickoff. Lawson passed to Peterson for 12 and Davis flagged it to the three—but again they lost the ball.

Every Corner Of Oval To Be Packed For TCU-SMU Battle

DALLAS, Nov. 25 (AP)—Tickets sold at antique prices, conjecture fogged the air and Texas Christian and Southern Methodist, ended their cautious drills today for a game tomorrow that has the Southwest worked into a lather.

Undefeated Texas Christian, a massive bunch of football robots who haven't yet lost their full power in rolling up nine straight victories, come up to their final game against a Methodist team that has risen for early season lethargy to full-grown power.

Cold, but clear, weather appeared certain for the game that would make the Southwest conference title swing to either school. Tiny Davey O'Brien, the Christian's magnificent little quarterback and pass thrower, rounded up his crew of perfectly conditioned mates for the Dallas performance in a stadium that has been sold out for days.

Every corner of O'wby oval will be jammed. Ticket orders were refused five days ago. As usual, Coach Matty Bell sang a pre-game song of woe. He figured the Christians to be far too strong for his Mustangs and pointed out weight differences in the line. Such has been Bell's chant for the past several games—but the Mustangs, strangely, have won their five conference games to match strides with T. C. U.

Coach Leo Meyer of Texas Christian, wanting his full strength available for the game, wound up strenuous scrimmage two days ago. The Methodists nursed a glaring weakness at spots that hurt—the ends. To combat O'Brien's bullets, Bell needed a strong end play. Today it was doubtful that two of his fastest wingmen—Bob Collins and Bob Baccus, would be able to play. The first stringers, Capt. Charlie Sprague and Bill Dewell, are in good shape, however.

Betting odds swayed towards the Christians but tradition in the annual rivalry between the two denominational schools situated only 30 miles apart, entered into the figuring. ATCHISON, Kansas, Nov. 25 (AP)—The West Texas State Buffaloes downed the St. Benedicts 28-0 here yesterday with Foster Watkins proving to be just about the whole show.

Watkins' passing led to all the West Texas touchdowns and he added the four extra points. Thomas made two touchdowns, Washington one and Stephenson one for the Buffs.

Denver Triumphs Over Colorado DENVER, Nov. 25 (AP)—No one could convince Denver University's graders today their 1938 season was not a success—not after their 19-12 triumph over Colorado in their Thanksgiving Day tussel before nearly 20,000.

So deep-rooted is the rivalry between the state adversaries a victory in their annual game makes up for a whole season of disappointments. Denver outbattled C. U. by much more than one would guess from its seven-point winning margin. Despite the freezing north wind, the players put on a great show of long runs, sensational pass plays and smashing defensive work, the last mainly by Denver's inspired linemen.

SERIAL STORY LOVERS AWEIGH

BY BETTY WALLACE

CAST OF CHARACTERS
JUDY ALCOFF—admiral's daughter. She faced a choice between two suitors.

ing as though she were very much accustomed to the hospitality of the mess.

Another man's voice replied. "Oh, Campbell hasn't been married long. He'll put her wise as soon as—"

THE picture in Judy's hands fell to the desk. She looked at Jack, whose face was a study.

Judy touched his sleeve. "Don't," she said. "It would only make a scene."

Dwight was pale. He said slowly. "Just a couple of ensigns. They—it was unparadonable, but they're young—"

Judy remembered that in the Junior Officers' Mess, as well as in the Wardroom, everyone paid his share of the expenses.

She turned to the pictures again, and said something about them, as if nothing had happened.

Later, getting up to go into Dwight's room to comb her hair, Marvel said evenly, "Won't you come, too, Miss Alcott?"

Judy understood that Marvel wanted to question her. She was right. "Do you know those men-where?" Marvel asked.

"No, I don't," Judy said truthfully. She looked at the other girl's snapping green eyes.

"Listen!" Marvel said tightly. "You know just who they were, and that's the sort of thing you've been saying about me yourself."

"I don't like you now. I hate the Navy. You're in love with my husband—you're just waiting around to pick the bones of my marriage."

"That's why I bought it," said Chris. "As art it's no great shakes."

"Chris paints himself, you know," Jack explained. "At the Academy he—"

Suddenly they were aware of voices from outside. Someone was passing along the narrow corridor and saying clearly, "I'd tell any wife of mine where she got off! Dinner aboard is all right once in a while, but every night for two weeks is too much."

"Doesn't this remind you of Balboa and the Conquistadores and all the old romantic history of California?" Judy asked.

"That's why I bought it," said Chris. "As art it's no great shakes."

"Chris paints himself, you know," Jack explained. "At the Academy he—"

Santa Anna Women Hear Sam Houston

SANTA ANNA, Nov. 24 (AP)—Mrs. Martha Elizabeth Watts Chambers, 67, of Santa Anna heard Gen. Sam Houston as a Fourth of July orator at Palestine and remembers visits to her home of John M. Regan, Gov. Sul Ross and Dr. Rufus C. Burleson.

Born in Marengo county, Ala., Mrs. Chambers was nine when her family moved west, crossed the Mississippi in flood and settled at Palestine. She attended Wilson's Academy near Palestine, and had a schoolmate Orlena Parker, sister of the famous Cynthia Ann Parker.

Mrs. Chambers heard many times of the capture of Cynthia Ann as her husband's brother was one of the posse that rescued her from the Indians. Mrs. Chambers said her brother-in-law, telling the story of the rescue, always raised his hands to illustrate Cynthia Ann holding up her baby, Wild Flower, and crying "Americana, Americana."

She was married to Lemuel Chambers May 21, 1860, and the couple set up a home at Weatherford, then a frontier community. She said the court was the only public building and all gatherings, including church, were held there.

Games were played in the four corners of the building, for the citizens lived in dread of Indian raids, which fortunately, never came. Houses, she said, were constructed for protection against raids. Each contained a trap door covered with a hand-woven rug, connecting with a tunnel that would permit the resident to emerge the equivalent of a city block distant.

Two years after marriage, Mr. and Mrs. Chambers moved to Waco where their daughter, Lusilla, who still lives with her mother, was born. Reconstruction days brought "carpetbaggers," but Mrs. Chambers praised the good behavior of the northern soldiers who, generally were kind and helpful, although the younger privates had a weakness for "rebel" chickens.

Mrs. Chambers has the furniture and some utensils she bought as a bride of 18. These include a glass rolling pin, a breadbox, a low set, old square piano and a clock brought to Texas in an ox cart by her father.

Mayor Horace Etchison of McAllen and Mayor Franky of Harlingen will be contestants in a 150-yard bicycle race at the valley mid-winter fair at Harlingen Nov. 23. City Secretary C. D. Martin of McAllen announced that the Harlingen mayor was the challenger. To make the race interesting, a member of the city commission, named McAllen waker that bonded indebtedness against that of Harlingen.

Christian Science To Have Regular Service

"Ancient and Modern Necromancy, Alias Mesmerism and Hypnotism, Denounced" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, on Sunday, Nov. 27.

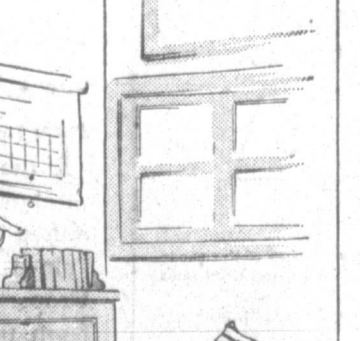

The Golden Text is: "If God be for us, who can be against us?" (Rom. 8:31).

Among the citations which comprise the lesson-sermon is the following from the Bible: "Depart from evil, and do good; seek peace, and pursue it. The eyes of the Lord are upon the righteous, and his ears are open unto their cry" (Psalms 34: 14, 15).

The lesson sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Evil is a negation, because it is the absence of truth. It is nothing, because it is the absence of something. It is unreal, because it presupposes the absence of God, the omnipotent and omnipresent. Every mortal must learn that there is neither power nor reality in evil" (page 186).

White Deer To Vote Saturday On Legalizing Sale Of Liquors

WHITE DEER, Nov. 25.—An election to legalize the sale of all alcoholic beverages, including whisky, beer, and wine, has been called in White Deer, precinct 4, for Nov. 26. This issue has been voted upon twice previously and has failed to carry both times; the last time, in 1936, by a vote of 3 to 1. About 250 votes are expected to be cast and the general opinion is that the days will carry by a fair margin. Carson county has been wet since repeal of the 18th amendment. The petition calling for the election was presented by J. B. Overstreet and 64 other voters. The polls will be located at the office of J. W. Wells, justice of the peace, at the rear of Stubbiefield's dry goods store. W. J. Stubbiefield is the presiding judge. W. H. Brady, C. C. Enochs, and Mrs. W. L. Potter, clerks.

LaFollette To Speak At WTSC On December 10

CANYON, Nov. 25.—Plans for the entertainment of Senator Robert M. LaFollette of Wisconsin, lyceum speaker at West Texas State college Dec. 10, will be completed this week. Senator LaFollette, the famous and popular "Young Bob" and son of "Old Bob," will be presented by the college lyceum committee in the main auditorium on the evening of Dec. 10. Prof. Wallace R. Clark, chairman of the committee, has been trying to bring the senator to the campus for seven years. A date was fixed last year, but Senator LaFollette was delayed during a European trip and could not keep the engagement. Arrangements will be made to care for a large out-of-town audience, which, with nearly 1,100 students, will fill the large auditorium to overflowing.

Shamrock 40-8 To Lead Child Health Program

SHAMROCK, Nov. 25.—The 40 and 8 Vulture of the Charles Deshazo post of the American Legion announced today they would sponsor the immunization of school children against typhoid and diphtheria. The state department of health furnishes the serum and local physicians are cooperating with the 40 and 8 in the distribution and administration of the serum. Bob Roach, correspondent, is in direct charge of the planning and has made a check into the schools and has made plans with the aid of school authorities to send all pupils who desire to take the serum in groups and at stated times in the offices of local physicians. This campaign is designed to provide immunization against typhoid and diphtheria for those children to whose parents the immunization would be a burden, however, it was pointed out that this is not a charity move and that the state health department and other authorities are strong for the move. Mr. Roach asks that all parents desiring the immunization of their children inform their teachers, who will make the necessary arrangements. There will be no charge for the serum or administering it.

Leads Anti-Jewish Campaign in Italy

Spearhead of the recently intensified Italian drive against Jews is Deputy Roberto Farinacci, nicknamed the "Streicher of Italy."

Shamrock Band Raises \$57 At Box Supper

SHAMROCK, Nov. 25.—The all-community box supper for the benefit of the Irish band this week was pronounced a success as \$57 was raised from the 32 attractive boxes furnished by mothers and sisters of the band members. An entertaining program was presented under the direction of Mrs. Leola Humes. Appearing on the program were Lyman Benson, Bennett Clark, Clarence Harvey, Gene Caperton, and Winfield Evans in unique orchestra numbers, June Ann Lane in tap dance numbers accompanied by Junior Snell, Gwendolyn Neal in a humorous reading, Raymond Sonnenberg with a French horn solo, Corneille Leake in a humorous reading, Dorothy Bess Braxton, piano accordion solo and a presentation of Ferdinand the Bull with Miss Maude Lummus as reader. J. B. Benson, president of the Band Parents Association, made the introductory address, explaining the need for money to buy more instruments for complete orchestration of the band. Bedford Harrison, secretary-manager of the Chamber of Commerce auctioned the boxes. Although the inclement weather undoubtedly curtailed the attendance, the affair was a success and highly enjoyed by those present.

Baptist College President Will Speak At McLean

McLEAN, Nov. 25.—Rev. L. R. Scarborough, acting president of the Southwestern Theological seminary at Fort Worth, will speak at the Baptist church Sunday evening. Rev. Scarborough is superintendent of the World-Wide Evangelist campaign. The public is invited to attend the service.

Club To Give Comedy At Grandview Friday

GRANDVIEW, Nov. 25.—"A Fortunate Calamity" is the title of the play to be presented by the Blue Bonnet club at 7:30 o'clock Friday night at the Grandview school. The comedy gives a vivid interpretation of life in a little American community. A part of the plot is taken from a true incident that occurred near a village along the Ohio current near a village along the Ohio. The cast includes: Mrs. Marian Merkle, Mrs. Lill; Alta—her daughter, Mrs. Mary Dunn; Ruth, Mary Ellen Shaffer; Albert Campbell, Mrs. Claud Shaffer; Kate Van Tyle, Mrs. Guy Brown; Diana Johnson, Mrs. Ashmadd; Rastus Johnson, Mrs. Wesley Woods; Joe Brown, Miss Tony Shaffer; Bernard Gullion, Mrs. Curtis Shaffer.

Alanreed Juniors See McLean Show

ALANREED, Nov. 25.—The Junior class of the Alanreed High school, sponsored by J. Lewis Ellison, mathematics and agriculture teacher, attended the show at McLean Monday night. The feature was "You Can't Take It With You." Members of the class are Norma Rue Bryant, Christine Kennedy, Beatrice Witsel, Gladys Day, Velma Davis, James Craig, James Proel, Warren Carter, and Newell Jacobs.

Twitty WPA Road Project Resumed

SHAMROCK, Nov. 25.—After shutting down for cotton picking the W. P. A. project on graveling the feeder road east of Twitty has been resumed. George Hefley, county commissioner, is a sponsor of the project and reports that many farmers are now eligible for W. P. A. work and urges all eligibles in the Twitty, Kelton and Benoline communities to report for work at this project.

Strickland Heads White Deer TSTA

WHITE DEER, Nov. 25.—Chester Strickland, principal at Skellytown school, was elected president of the White Deer local unit of the Texas State Teachers Association at a meeting of all the teachers of the White Deer Independent district held Monday afternoon at the high school. Other officers are Glenn F. Davis, principal at White Deer, vice-president; Harold Drummond, secretary-treasurer; and Claude Everly, reporter.

Skelly School Band Gives First Concert

SKELLYTOWN, Nov. 25.—Several numbers were played by the school band, under the direction of Marshall Gordon, when the band made its first appearance of the year, at the assembly program last week. The girls chorus, composed of sixth and seventh grade girls, sang two Thanksgiving numbers, directed by Miss Freda Charles Bills. Numbers by the fourth grade girls' chorus and the fourth grade boys' chorus were rendered. Eight new members of the Melody band, appeared on the program for the first time. The newly organized pep-band under the direction of Miss Adaline Henry, also appeared on the program. The greater majority of the student body attended a picture show at the school auditorium Monday afternoon, the hi-lights being "Robinson Crusoe" and "Mickey Mouse." Members of the Santal sect of India take oaths on a piece of tiger skin. They believe a tiger will eat them if they swear falsely.

All-Activity Program Held At McLean

McLEAN, Nov. 25.—A general assembly was held in the high school auditorium Tuesday evening at which members of the various activities of the school were on program. Jack Young, a junior, announced the following program on a loud speaker which was donated by Rev. Troy a Sumrall. The school band led by Fr. C. H. Lee's opened the program with the following selections: "A Girl In Every Port," "Down South," "Collegian March." Two new instruments bought by the city, a baritone saxophone and a bass saxophone, were used in the program by Meta Bruton and John Byrd Gull.

Personnel Expert Talks To Students

PANHANDLE, Nov. 25.—Miss Cloud, head of the personnel department of Woodbury college at Los Angeles, California, gave a talk to the shorthand and typing classes Monday afternoon. Miss Cloud reported that she had interviewed approximately three hundred and fifty employers of large firms among which were Mr. Firestone. Miss Cloud stated that she asked all the employers between Los Angeles and Chicago to save their waste basket applications for her and in going over more than 12,000 applications she found that the three main factors employers looked for in written applications were: misspelled words, poor handwriting, and carelessness in answering questions. Miss Cloud gave many helpful answers to questions asked by the students concerning different vocations, and told them what fields were not over crowded with trained men and women.

Skelly School To Let PWA Contract On December 15

WHITE DEER, Nov. 25.—Contract for the installation of a central heating system and further repair of the Skellytown school building will be let Dec. 15, according to an announcement made Monday by Supt. George A. Heath. \$25,000 of the recent bond issue and the P. W. A. grant has been allotted for this work and construction is to begin by Dec. 21. Work on the high school building at White Deer will probably begin in February.

Wheeler Minister Goes To Amherst

WHEELER, Nov. 25.—Rev. E. C. Raney, for the past two years pastor of the Methodist church here, left last week to assume duties as minister of the Methodist church at Amherst. Brother Raney is to be succeeded by Rev. Wayne Cook, of Lorena. The basement of the church was remodeled and a new garage at the parsonage was built during the time that Raney was pastor here. Two carloads of beets, the first from Hockley county, recently were shipped from Roundup and Anton to Colorado for processing in sugar.

Alanreed Scouts Add Two Members

ALANREED, Nov. 25.—The Boy Scouts are approaching the number required for obtaining a charter as two more passed their tenderfoot test Tuesday night at their regular meeting at the high school building at 7 o'clock. The boys passing the tests were James Bryant and Robert Bruce. Other boys present were Ray Reeves, E. B. Reeves, Jr., Truman Bruce, L. W. Bryant, Walter Lee Hill, Neil Hill, Billy James Craig, Hoyt Cole, and Robert Cecil Hill. Some spirited boxing matches followed the business meeting. It is hoped there will be enough boys enrolled by next Monday night to obtain a charter, stated J. Lewis Ellison, assistant Scoutmaster.
