Murder Threat Details Unknown

Police Brutality Levied Against Vegas Officers

LAS VEGAS, Nev. (UPI)—Charges of police brutality were lodged against this gambling city's law enforcement agencies in a stormy meeting Thursday night attended by nearly 1,100 black persons, most of them residents of the troubled West Side.

Mayor Oran Gragson promised the group he would try to arrange a meeting with law enforcement officers to discuss the matter.

Numerous blacks charged that they were beaten, arrested and insulted with racial slurs during the three nights of violence on the West Side that left two persons dead.

Most of those who spoke complained of the dusk to dawn curfew which was imposed by Gragson. The curfew was lifted Wednesday and on orders from Gragson, the 130 persons arrested for violating it were released and the charge dropped.

One soldier back from Vietnam said he was en route to visit his home when he was stopped and arrested for violating a curfew which he knew nothing about. The soldier said he had to pay a bail bondsman \$100 to get him out of jail.

At one point, Assemblyman Woodrow Wilson, the only Negro member of the Nevada Legislature, chided the group for too much talk.

"I know what it is to be black. I know that we do have police brutality in this community. I know you haven't had jobs. But you damn sure can't get them by breaking windows, throwing fire bombs and talking when you should be listening..."

PAMPA FANS turned out en masse for the downtown Pep Rally Thursday night, boosting the players to a victory over Monterey Plainsmen tonight at 7:30 p.m. in the Harvester Stadium. Colorful and enthusiastic cheerleaders pictured in Photo 1 are Beth Watson, Brenda

Duncan, Cheryl Dollar, Kay White, Cinda Webb, Pam Martin. Starting early as a Harvester booster is one-year-old Laura Wilkerson daughter of Mr. and Mrs. Bill Wilkerson, 2129 Wells, who was cheering as loudly as anyone else. (Staff Photo)

Chicago Policeman Continues Testimony

CHICAGO (UPI)—An undercover police agent told the Chicago riot conspiracy trial Thursday he never tried to find out when, where or how a defendant planned to carry out an alleged threat to murder police during the 1968 Democratic Convention.

Robert Pierson, who says he became bodyguard to Yippie leader Jerry Rubin by posing as a motorcycle tough, said he did not remember whether he attempted to inform other police of the purported threat.

Pierson was expected to take the stand for the third day today.

Wednesday Pierson testified Ruben told him, "we should isolate one or two 'pigs' and kill them."

Attorneys Cross Examine Under cross examination Thursday by defense attorneys, Pierson said he never questioned Ruben further about the statement. "I thought the plan might be revealed to me as it unfolded," he said.

Defense lawyer Leonard I. Weinglass asked the undercover agent if he saw "anything accomplished in the scheme to kill policemen."

Pierson said the day after the statement was made he saw Ruben jumping up and down during a police-protester melee in Grant Park, screaming, "Kill the pigs. Kill the pigs."

He said he considered that action "in furtherance of the plan."

Weinglass asked Pierson if the phrase "kill the pig" might not have achieved the same status during the wild convention week as "Kill the umpire" has during a baseball game.

Sustains Objection U.S. District Court Judge Julius J. Hoffman sustained a prosecution objection to the question, saying the trial "is not a baseball game."

The defendants have billed the proceedings as the "World Series of Injustice," pitting the "Washington Kangaroos" against the "Chicago Conspiracy."

Asked if he had notified his superior officers of Ruben's alleged threat, Pierson said he left a note in Grant Park for other police. However, he said, he does not remember what the note said.

Hoffman Thursday denied defense motions to allow the jurors to take notes on testimony and to question witnesses on apparent conflicts in testimony, saying "The spectacle of 15 jurors cross examining witnesses is something I do not want to exercise my discretion for."

Debate On Pope's Authority Ready For Showdown

VATICAN CITY (UPI)—Against a background of unexpected violence, the great debate in Roman Catholicism over the authority of the Pope headed toward a showdown today.

The battle lines formed after Pope Paul VI Tuesday told Catholics who question his authority they have incurred a fault for which they must answer to God.

Liberal priests demanding a more democratic church assembled in Rome, conservative priests filed in to oppose them and 147 bishops from all over the world arrived for a two-week synod called by the Pope.

The unexpected violence occurred Thursday night when youths calling themselves "traditional Catholics" hurled a smoke bomb and broke windows at the building where the liberal priests are meeting.

The synod, the second in church history, is the main arena in which the battle will be fought. Pope Paul VI opens it Saturday in the Vatican's Sistine Chapel.

The crisis of Papal authority, although building up for years, reached a dramatic turning point a year ago last July when Pope Paul announced his decision against artificial means of birth control. Millions of Catholics refused to accept it.

To many bishops, especially those who opposed the decision, the Pope's manner of reaching it seemed a betrayal of the ecumenical council.

Judge Dismisses Attempt To Halt Autopsy

WILKES-BARRE, Pa. (UPI)—The parents of Mary Jo Kopechne, fighting for seven weeks to bar an autopsy on the body of their daughter, were handed a setback today when a judge dismissed their second legal attempt to block a post-mortem.

President Judge Bernard C. Brominski of Luzerne County Court dismissed a seven-point petition filed by Mr. and Mrs. Joseph Kopechne last Sept. 24 to prevent an autopsy.

The judge set Oct. 20 for a hearing on a petition by Massachusetts Dist. Atty. Edmund S. Dinis for an autopsy on the body of the 28-year-old blonde secretary, killed when the automobile of U.S. Sen. Edward M. Kennedy in which she was riding fell off a bridge into a tidal pond at Chaquidick Island July 18.

Dinis' petition, an amended version of a previous action, cited the presence of blood in the mouth and nose of the deceased girl.

Brominski ruled Dinis should be given an opportunity to present testimony under oath in support of his request for an autopsy.

Soldier Dies On Sidewalk At Home

PHILADELPHIA (UPI)—Some soldiers die in Vietnam but John Malvestuo came home to die on the sidewalk.

Family members say he was "murdered"; the medical examiner's office blames "a case of bad heroin."

"He was murdered, and there isn't anything we can do about it," said the dead youth's father. The 20-year-old former soldier will be buried today at Holy Sepulchre Cemetery.

If it comes from a Hdwe. store we have it. Lewis Hdwe. (Adv.)

High Court Nomination Reaches Senate Floor

WASHINGTON (UPI)—In his diligent search for a chief justice, President Nixon considered it vitally important to find a jurist who could win Senate approval without violent controversy and with a strong, even if not unanimous, vote.

In Warren E. Burger now presiding over the high tribunal, Nixon found that man. The nomination aroused no controversy at all and the Senate vote was a resounding 74 to 3.

If Nixon wanted a similar candidate for the second vacancy on the court in his administration—and the assumption is he did—the President chose the wrong person in Clement Furman Haynesworth Jr.

The nomination of the 56-year-old chief justice of the 4th U.S. Circuit Court of Appeals has stirred a controversy of the most violent sort and confirmation—if indeed he wins Senate approval—can come only by the slimmest and most embarrassing margin.

Haynesworth's nomination to the court has deeply divided Senate Republicans and added to the strain of their White House relations.

The appointment renewed Democratic charges of a Nixon "Southern strategy" and assumptions of a pre-election payoff promise to Sen. Strom Thurmond of South Carolina, the President's best-known link with the South.

It also caused some Republicans to question how thoroughly Atty. Gen. John N. Mitchell and the Justice Department checked Haynesworth's background or how much of the information was provided Nixon before he announced the nomination.

The Senate Judiciary Committee Thursday approved Haynesworth 10 to 7.

But indications are opposition to the nomination in the Senate is stronger than in committee and only a withdrawal of the appointment can save Haynesworth from defeat or confirmation by a handful of votes when the issue is decided in a few weeks.

Immediately after the committee vote, the American Bar Association said it planned to re-examine Haynesworth's qualifications. Lawrence Walsh of New York City, chairman of the ABA's Standing Committee on the Federal Judiciary, said his panel would meet early next week. The Chicago Council of Lawyers sent Nixon a telegram urging withdrawal of the nomination.

In a statement late Thursday, Clark Mollenhoff, White House deputy counsel, said charges of conflict of interest brought by Sen. Birch Bayh, D-Ind., against Haynesworth were "thoroughly absurd."

"Each of these cases will be dealt with in detail in the days ahead," Mollenhoff said.

To date, despite the urgings of high-ranking Senate Republicans such as Margaret Chase Smith of Maine, chairman of the GOP Policy Committee, and Robert P. Griffin of Michigan, the assistant minority leader, Nixon has refused to pull back the nomination.

D-DAY IN PAMPA

Fate Of Area Hospitals To Be Decided Saturday

County property owners Saturday will decide to approve or reject a proposal to establish Pampa's Highland General and McLean Hospitals as an independent hospital district.

The proposal would endow the district with its own tax-levying powers and transfer administrative authority from county commissioners to a county-elected six-man district board.

Polls will be open from 8 a.m. to 7 p.m.

Only property owners, who are registered voters, are eligible to cast ballots in the Hospital District election and must present a signed affidavit

BY SCHOOL BOARD

Construction Projects Up For In-Depth Look

By WANDA MAE HUFF, News Staff Writer

Pampa School Trustees expect to review complete specifications for major construction projects at Pampa High School and to let bids for four major projects by the November board meeting.

Herbert Brasher, school architect for the \$900,000 school construction project, was unable to meet with trustees for the regular session Thursday, but plans to meet with the board in two weeks to review specifications before the November meeting.

Trustees spent an hour and half Thursday examining in detail due bills, invoices, financial statements and reports on cafeterias, athletics, and the budget.

Trustee John Gikas, questioning condition of boilers, for winter use, was told, by Purchasing director, James Trusty, "All the boilers are in the process of being put in shape. Each year we spend about \$800 on soft water in heating, but this year were able to reduce it to \$750."

John Spearman, board president, commented, "Sounds like it might be cheaper to buy new boilers."

Trustees questioned a \$3,524.75 miscellaneous bill and were told it is for miscellaneous repairs to commercial department machines at high school and other school commercial machines such as the district typewriters, mimeographers, ducines.

In discussing athletic reports, Warren Hasse asked if "we had any report on the district pool to increase football ticket cost?" Supt. Dr. James F. (See LOOK, Page 2)

Navy Wives Seek Release Of All Sick, Wounded POWs

PARIS (UPI)—Two U.S. Navy wives who have received letters from their husbands imprisoned in North Vietnam today sought the release of their men and all other sick and wounded American prisoners.

Mrs. Martha Doss and Mrs. Sue Shuman arrived in Paris with Mrs. Shuman's mother-in-law, Mrs. Clark Boeckeler, late Thursday. All are from Virginia Beach, Va.

They were the fourth group of relatives of American servicemen missing or imprisoned in Vietnam to seek a meeting in Paris with the North Vietnamese. They were the first to make the release of sick and injured prisoners their primary concern.

"I hope that the North Vietnamese realize we're not coming in tears to ask information about our husbands. We've had some—not as much as we'd like, of course," said Mrs. Shuman.

The 18 relatives in the three earlier groups, with one exception, never got confirmation their men were prisoners. Hanoi officials in Paris promised to find out.

"We want these men back," said the dark-haired Mrs. Doss, "so we can get them the proper medical attention and diet they need so they can recuperate. We feel it would be a gesture on the part of the North Vietnamese to show the world that they truly are as humanitarian as they claim."

The husbands of the two women—Cmdr. Edwin Arthur "Ned" Shuman III, 38, and Lt. Cmdr. Dale Walter Doss, 33—were shot down in the same plane March 17, 1968.

PHS Choir And Band To Perform At WT Half-Time

It's Pampa night at West Texas State University.

The Pampa High School band and choir will perform during half-time activities Saturday night, when the West Texas Buffs meet San Diego State University in Canyon, according to band director Harris Brinson.

The Pride of Pampa will perform during the first part of half-time activities.

Choir director Bill Davis said the choir will appear in the second part with other Honor Choirs singing "From Sea To Shining Sea" and "The Battle Hymn of the Republic," accompanied by the West Texas State University band.

Davis said choir members will be in Canyon Saturday for an all-day Honor Choir Clinic to be conducted on the WT campus.

Smith Ready To Call Out National Guard

KERRVILLE (UPI)—Gov. Preston Smith said Thursday he is ready to call out the National Guard if necessary to promote "sane and safe driving."

The governor, speaking at a meeting of the Southwestern Insurance Information Service, Inc., said public officials and insurance company representatives "failed miserably" to keep the public "adequately informed about the necessity for ever-higher insurance rates," and called on the industry to get behind a new program of traffic safety.

"We must convince the public of the indisputable fact that traffic safety is the only acceptable alternative of high insurance premiums," Smith said. The State Insurance Board approved a 9.9 per cent increase in auto insurance rates effective Nov. 1.

The governor said he plans to make regular appearances on television to promote traffic safety and "if necessary, we will call out the National Guard on what we could explain each and major holidays to set up rest every day," he said.

Mainly About People

The News invites readers to phone in or mail items about the comings and goings of themselves or friends for inclusion in this column. Indicate paid advertising.

Free—3 kittens, 8 weeks old. Call 665-8974.

Pampa Rifle and Pistol Club will have its annual sighting day Saturday and Sunday from 1 p.m. to 5 p.m., both days, at the Outdoor Range, six miles west of Pampa, out W. 23rd St. No. fee is charged, it is free to the general public. Participants must furnish own rifles and ammunition.

Garage sale: 1020 East Browning.

Epsilon Sigma Apha Sorority will entertain with a Silver Coffee benefiting Muscular Dystrophy from 10 a.m. to 12 noon Saturday in the home of Mrs. Elbert Walker, 1812 Evergreen, with Mrs. Jo Plunk as co-hostess.

Garage sale — starting Saturday, 638 N. Sumner.

Mr. and Mrs. J.K. Lane, 304 Tignor, will have as weekend guests their son, John Jr., a student at Southwestern State College in Weatherford, Okla., and a friend, Jane Coffee, Ponca City, Okla.

Garage sale, 815 N. Russell after 4 Friday, all day Saturday.

Pampa Roping Club will have its final day of roping, starting at 2 p.m. Saturday and running through Saturday evening. A steak fry is scheduled at 7 p.m. and proceeds from the roping will be given Mrs. Larry Anderson, whose husband was electrocuted last month.

Garage sale: bottles, dishes, some tools and junk Saturday and Sunday, 706 N. Zimmers.

Fresh okra, 12¢ a pound, 665-1529, Epperson's.

Canadian River Gem and Minerals Society will present its annual rock show Saturday and Sunday at the Buena Vista Cafeteria four miles west of Borger on highway 136. Hours will be from 9 a.m. until 10 p.m. Saturday and 12 noon until 6 p.m. Sunday.

Garage sale: 2213 North Christy. All day Saturday.

School Supt. Dr. James F. Malone and Mrs. Malone will attend the National Education Board of Directors meeting in Washington, D.C. today, Saturday and Sunday. Dr. Malone is one of three N.E.A. directors for Texas who direct administrative activities of the million-member association.

Phi Epsilon Beta Sorority and Pampa High School Pep Squad, the Pampa Peppers will compete in their first Powder Puff Football Game at 7:30 p.m. Saturday at Harvester Field. The non-tackle football game

will be played by flag ball rules. Tickets will be on sale at the game at 50 cents for adults and 25 cents for children.

The Top o' Texas 4-H Club will have a meeting Saturday at 7:30 p.m. in the court house annex.

Garage sale: Friday and Saturday. Colored dishes, bottles, odds, ends, 1308 Frederic.

The Gray County Farmers Union will have its annual banquet Saturday at 7 p.m. in the Harvester Pit Barbecue.

Mr. and Mrs. J. N. Tackett, 609 Naida, recently had as guests in their home two of their sons, Mr. and Mrs. Junior Tackett and boys, Danny and Terry all of Tucson, Ariz., and 1st Sgt. and Mrs. John A. Tackett, Ft. Sill, Okla., Dock Ritter and family and Abby Lettlich, all of Oklahoma City.

Garage sale — benefit for Bible Temple Church, 2108 N. Wells.

Garage sale through Sunday. We have everything, 107 N. Warren.

For your Hitea Vitamins call Laveta Harris, 665-2941.

Garage sale: 1916 Lynn, Saturday and Sunday.

Garage sale: Clothing, furniture, rugs, drapes, 1701 Duncan.

A dinner for Everman's Bible class will be held Monday in the First Baptist Church at 7 p.m. Elmo Hudgins and daughters, Sharon Eruce and John Hansard will present the special music. Guest speaker will be Dan Cameron. Reservations may be made by calling 669-9447 Saturday.

SPRINGS FLOW AGAIN

SANTA ROSA, Calif. (UPI)—The Kawan Springs, once site of a resort, were plugged up by the great earthquake which shattered Northern California in 1906.

Another earthquake rocked the area last week.

Weekend Drinks Produce Toxic Effects On Liver

SAN FRANCISCO (UPI)—Tossing down three or four cocktails on Friday and Saturday nights may be socially acceptable, but it's not doing your liver any good.

"It has been shown beyond question that the kind of drinking an average man does on a weekend produces direct toxic effects on the liver," said Dr. Marshall Orloff, chief of surgery at the University of California in San Diego.

However, the damage-and-repair cycle can't go on forever, Orloff told the annual clinical congress of the American College of Surgeons Thursday.

"If there is repeated damage, a point is reached where the liver can't sustain it any longer and scar tissue—cirrhosis—forms," said Orloff, a specialist on cirrhosis of the liver.

He said damage to the liver from social drinking on weekends was demonstrated in a recent New York study. He said it was the first direct proof of alcohol's damaging effect on liver cells.

Orloff discussed some myths about alcohol which other studies have dispelled.

"Some people say that if you eat well before drinking, it won't harm you," he said.

"Studies have shown that a poor diet can increase damage from alcohol, but a good diet doesn't protect a drinker at all."

"Other people kid themselves that a few martinis every night won't hurt them as long as they don't get drunk," he continued.

Local Librarians To Attend Dumas Workshop

Mrs. Barbara Cockrell, Lovett Memorial Librarian and Mrs. Winfred Crinklaw, assistant librarian, will attend a workshop Oct. 16, in the conference room of the Kilgore Memorial Library, Dumas.

The session which will begin at 9 a.m. will be devoted to record-keeping and routine administrative procedures in public libraries. The session beginning at 1 p.m. will be of particular interest to city and county officials as application for and administration of funds under the Title I of the Federal Library Services and Construction Act will be discussed.

The workshop is being hosted by the Kilgore Memorial Library in cooperation with the Field Services Division of the Texas State Library, Austin Hoover, Texas State Library field Consultant for West Texas, will conduct both sessions.

One of Mexico's finest dancers, Senorita Fuentes will be much in evidence in "Fiesta Mexicana" which promises to be one of the most colorful shows ever brought to Pampa.

SAYS AGNEW

Nixon Forced To Go Along With Oil Cut

DALLAS (UPI)—Vice President Spiro T. Agnew told Texas Republicans Thursday night President Nixon was forced to go along with the oil depletion allowance cut to save his tax reform bill.

"Let's be frank. There is only one domestic issue down here—the oil depletion allowance," Agnew said at a \$100-a-plate GOP fund raising dinner.

"I want to bring it out in the open, clear the air and give you the straight story. I support the 27 and one-half per cent depletion allowance. I always have. The President supports the 27 and one-half per cent depletion allowance. He always has," Agnew said.

The vice president said Democrats in the House Ways and Means Committee were responsible for the cut to 20 per cent.

"Fifteen Democrats and 10 Republicans sit on that committee," he said. "Nine out of 10 Republicans on that committee voted against it. Twelve out of 15 Democrats voted for it."

"The amendment passed. The bill passed. The President was forced to compromise. He couldn't dynamite a far-reaching tax reform because of one session."

Agnew said Nixon could "only propose. It remains for Congress to dispose."

There is a message in that, he said.

"Give the President's party a

Jon Jones Speaks Here Sunday

Jon Jones of Miami, Fla. will be preaching at all services at the Mary Ellen at Harvester congregation this Sunday. His sermon topic at both the 8:30 a.m. and 10:30 a.m. worship services will be, "A Sense of Privilege." The sermon topic at the 6 p.m. service will be, "Making the World Take Notice."

Mr. Jones will also speak at three services each day Monday through Friday of next week. Those services will be at 7 a.m., 10 a.m. and 7:30 p.m. daily. The Friday evening service will be at 7 p.m. so that those who wish to attend the football game may do so following the services.

The public is invited to all of our services. Topics for the rest of the week will be: Monday, "First Things First" and "Making Life Livable"; Tuesday, "The Supreme Question" and "Why Do We Suffer?"; Wednesday, "Easing the Strain" and "Cheap Christianity"; Thursday, "The Way of Life" and "What is Forgiveness?"; and on Friday, the last day of the meeting, "Come unto Me" and "A Case of the Blues."

Mary Beth Johnson In Dallas As Guest Of DBA

Mary Beth Johnson, winner of the recent Fall Festival Beauty Pageant, was in Dallas today enjoying the weekend trip awarded by the Retail Merchants Committee of the Pampa Chamber of Commerce.

Miss Johnson and her parents, Mr. and Mrs. H. J. Johnson, 2123 N. Russell, will be guests at the Texas State Fair and attend tomorrow's Texas-Oklahoma football game in the Cotton Bowl.

They all-expense paid award went to Miss Johnson as first place winner among 25 contestants in the style show and beauty contest.

REVOKES LICENSE

WASHINGTON (UPI)—The Treasury has announced the formal revocation of the license of Prensa Latina, the Cuban news agency, to operate in this country. The State Department asked for the revocation in retaliation for Cuba's closing of the Havana bureaus of United Press International and the Associated Press last month. Stanley Summerfield, chief counsel of Treasury's Foreign Assets Control Division, hinted the license might be reinstated if Prensa Latina agreed to restrict its activities to covering the United Nations.

Plane Crash Fatal

LIBERAL, Kan. (Staff)—Morris Don Schacht, 28, Dumas, was killed at about 1:45 p.m. when his small plane crashed 18 miles northeast of here.

Seward County coroner pronounced Schacht dead at the scene after firemen from Kismet extinguished the fire in the plane wreckage and soaked the nearby area which was wet with gasoline.

According to Seward County Sheriff Howard Smith, witnesses told him the crash occurred after Schacht, a crop duster, had taken Warren Fox to Plains, Kan., for a short ride in the plane.

Schacht landed to let Fox out of the plane just prior to the crash.

TO "CREATE INTEREST"

SALINAS, Calif. (UPI)—Mark Hall, a husky six-footer with a red beard, is running for the post of president of the Association of Women Students at Hartnell College.

Wall, 19, said he wanted to fight apathy on the campus toward student affairs and figured his candidacy might create an interest among students.

Junior High Principals To Attend TASS Meeting

Two Pampa junior high school principals, Jack Nichols and Paul Payne, will attend the Texas Association of Secondary School Principals meeting in Corpus Christi Sunday through Wednesday.

They will be among the 1,200 association members attending the 46th annual conference of the association which will feature six general sessions and a series of 10 group meetings keyed to the 1969 theme, "Education — Meeting the Challenge."

Jim Hulet, Pampa High School counselor, and Moss Hampton, will attend the Sunday session only and return for classes Monday. Hampton will represent the Texas Association of Student Councils and will address the conference delegates. In March, Pampa High School was elected to the presidency of the Texas As-

sociation of Student Councils, with Hampton as the school representative.

Dr. J. W. Edgar, Texas Commissioner of Education, will direct the 8:30 a.m. Monday general session as he outlines "The Present and Future Projections of Education in Texas." He will be introduced by J. Warren Hitt, deputy commissioner. All general sessions will be held at the Convention Center auditorium.

The following are the full quotations office of American Association of Christian Educators, Bethlehem, Pa. Three copies of the book "The Christian Education of the Young Man" by J. W. Edgar, Texas Commissioner of Education, are available for \$1.00. Write to the office for more information.

This not-too-small car is big enough for you and your friends. And your luggage. Yet, this same not-too-large car is small enough for a budget. Even a frugal one. You have three standard engine choices. Four. Six. Or V8. Depends on how thrifty you want to be.

Nova comes one of two ways: Coupe or Sedan. From there, your Chevrolet dealer can help you put together any kind of Nova you want. But plan on more friends. And fewer fuel stops. Putting you first, keeps us first. **On The Move.**

Hospital District Election...

(Continued From Page 1)
Lefors; in Precinct 3 at Grandview School; in Precinct 4 at Alnreed School; in Precinct 5 at McLean City Hall; in Precinct 6 at Laketon Farm Supply.

Absentee balloting, which ended Tuesday at 5 p.m., saw 65 votes cast by persons, who will be unable to cast in-person votes Saturday.

Speaking at Tuesday's luncheon of the Chamber of Commerce Legislative and National Affairs Committee, County Judge S. R. Lenting Jr. explained under current operation, tax payers are assessed \$16.70 state and county tax per \$1,000 of assessed valuation.

Under the hospital district plan, he said, an additional \$2.50 would be tacked on for a total of \$19.20 for the \$1,000 assessed value on a \$10,000 piece of property.

He said the maximum rate under the hospital plan could go as high as 75 cents resulting in an additional \$7.50 for a total of \$24.20 on property valued at \$10,000.

In the event the hospital districting plan is rejected, Judge Lenting stated, the other alternative would be to increase property valuation 3 1/2 per cent which would total \$1,300 instead of \$1,000 assessed value.

This would mean, he added, under the increased valuation plan, the total tax on a \$10,000 property would be \$2.71.

Speaking at the same luncheon meeting, Hospital Administrator Wes Langham explained the advantages of transferring hospital government from county to district jurisdiction.

Among some of the advantages, he said, "it would put all the bookkeeping in one place, not part at the courthouse and part at the hospital; would allow medical personnel to decide who is qualified for indigent medical care; all tax levied for medical care would be spent for medical care."

It would enable hiring specialists badly needed if the hospital is to hold its accreditation and it would prevent the daily hospital charge from climbing, Langham said.

Change Of Venue Granted Crummie

Willie Charles Crummie, charged with the rape of a Pampa woman, Feb. 15, 1968, has been granted a change of venue.

Crummie, who has been held in Gray County Jail without bond, since his arrest the same day of the rape, will be tried early in December in Plainview's 64th Judicial District Court.

CANCELS CONTRACT
WASHINGTON (UPI)—The U.S. Air Force has canceled a \$4.7 million contract with Handley-Page Ltd., Herts, England, because the company was unable to meet delivery schedules for 11 C10 light cargo and passenger planes. The Air Force said the firm had "technical difficulties," including weight and stall problems, which led it to fall behind on the contract.

Scientists Criticize Lunar Explorations

SPACE CENTER. Houston (UPI)—Scientists will continue to criticize the lunar exploration program despite a major increase in scientific investigation planned for the last five Apollo moon landings, a space agency official said Thursday.

"It's a case, I think, where you can never have a happy customer," said Joseph P. Loftus, manager of the program engineering office for advance admission planning at the Manned Spacecraft Center.

"There are just too many different scientists, and it's a game where they primarily

play to win as individuals," he said. "Obviously they speak a different language and they live by a different set of values from the program entrepreneurs."

"They're not unhappy with what (scientific exploration) we have. They just want more. Unfortunately, there are the questions of how many dollars there are."

Loftus made his comments after describing the major upgrading of the Apollo moonship to increase man's lunar exploration ability. Only a day earlier Dr. Eugene Shoemaker,

one of the nation's leading lunar science experts and an Apollo principal investigator, said he was quitting the moonflight program because of its low scientific return.

Loftus said the modifications, starting with the Apollo 16 flight in early 1971, would allow astronauts to more than double their time on the moon.

With the increased oxygen supplies and spaceship modifications planned and with improved life support backpacks they could spend up to 60 hours on the lunar surface, making three rock-gathering

expeditions of five hours each. A four-wheeled lunar truck would let them travel as much as six miles on each expedition he said, greatly increasing the area available for study. And other moonship modifications would allow orbiting the moon another five days, studying it with a new scientific package in the spacecraft.

Most of these changes, which have been planned for several months, were among the things Shoemaker said were lacking from the Apollo program.

HAIR TOO LONG hair to get so long it tripped BOLTON, England (UPI)—A him walking normally. The owners were fined \$100 could only walk backwards and banned from keeping a dog because his owners allowed his for 10 years

Under the hospital district plan, he said, an additional \$2.50 would be tacked on for a total of \$19.20 for the \$1,000 assessed value on a \$10,000 piece of property.

He said the maximum rate under the hospital plan could go as high as 75 cents resulting in an additional \$7.50 for a total of \$24.20 on property valued at \$10,000.

In the event the hospital districting plan is rejected, Judge Lenting stated, the other alternative would be to increase property valuation 3 1/2 per cent which would total \$1,300 instead of \$1,000 assessed value.

Bomb Found In Hawaiian's Cow Pasture Raises 'Lots Of Talk'

WAILUKU, Hawaii (UPI)—There has been a lot of talk here lately about the bomb.

Not the one they talk about in Washington, Moscow and Peking—but the one they found in Elmer F. Cravalho's cow pasture.

The discovery inflamed a controversy which has reached all the way to the President and could affect the U.S. Navy's mission in Vietnam.

Cravalho is the mayor of Maui, one of the major islands in the Hawaiian chain. Maui is seven miles from the forbidden island of Kahoolawe—a military bombing range since World War II.

Kahoolawe, called the "island of death" or the "cursed island" by some Hawaiians, is a dusty, dry, barren 10-mile-long island with spectacular 800 foot high cliffs along its shoreline. The island has been blasted by tons of bombs and shells from ships and planes for nearly three decades.

After bombing raids last January and March, Maui residents complained shock waves from Kahoolawe rattled their homes, in some cases knocking down dishes and pictures, cracking concrete and shattering glass.

One of the houses shaken up in the March bombing was Cravalho's.

The Navy said the jets weren't dropping bigger bombs than usual and blamed "rare atmospheric conditions" for the shake-up.

Cravalho demanded a halt in the bombing. The Navy said it couldn't do that, but did agree to move its targets to the side of Kahoolawe farthest from Maui.

The controversy faded during the summer months. Then, on Sept. 27, a telephone

company line crew came upon a live 500-pound bomb on Maui. It was on the mayor's property 200 yards from a heavily traveled highway and less than three miles from the small town of Maalaea.

The telephone men called police who called an Army bomb squad. The demolition experts said the bomb could not be detonated where it was without endangering motorists on the highway and possibly residents of Maalaea. They carefully moved the bomb to a deserted beach six miles away and set it off. The whole island was shaken by the explosion.

Mayor Cravalho, too, exploded. He immediately charged the bomb was dropped by a Navy jet.

"I won't accept any excuses," the mayor said. "The bombing of Kahoolawe must stop."

The mayor telephoned each of Hawaii's four members of Congress. Democratic Rep. Spark Matsunaga asked Defense Secretary Melvin Laird to have the Kahoolawe bombing stopped to prevent "a major disaster."

Rep. Patsy Mink, also a Democrat, made a similar request to Navy Secretary John H. Chaffee. Republican Sen. Hiram Fong told the Defense Department "the people of Maui are becoming afraid of the bombing activity."

The Maui County Council sent a resolution to President Nixon asking him to issue a directive against the bombing. The resolution charged the Navy with conducting "war-type activities" in an irresponsible and negligent manner.

The Navy sent a team of investigators to Maui. They said the bomb was dropped at

least two years ago, but that its fuse was in a "safe" position which would indicate the plane carrying it was not attacking a target.

The Navy has suspended the Kahoolawe bombing while the investigation continues.

A spokesman said the bombing is "vital" to the Navy's mission and that Kahoolawe provides the final practice targets for carrier pilots before they head for Vietnam.

The Navy has long contended Kahoolawe is the only bombing range in the Central Pacific which present pilots with the kind of targets they need for realistic combat training.

OPPORTUNITY KNOCKS

MERCER, Pa. (UPI)—James Harkins, 40, of Akron Ohio, saw his chance to escape from the Mercer County Jail and took it. Harkins got in line with a religious group following Sunday services at the jail and walked calmly to his freedom. He was awaiting trial on charges of burglary, larceny and prison breach.

OBVIOUS ANSWER

LUTTON, England (UPI)—If the choice is between drinking at the local pub or sitting at home watching television in the evening, says the Rev. David Hill, the answer is obvious: Go to the pub.

"At the pub the person is at least taking an active part in community life," the vicar said in his parish magazine.

Hollywood In Review

HOLLYWOOD (UPI) — Actresses are constitutionally opposed to appearing in bunches because it affords the audience a chance for comparison.

It should be noted that Doris Day, Debbie Reynolds, Diahann Carroll, Lucille Ball and Barbara Eden are not surrounded by other pretty ladies on their television series.

"Peyton Place" ventured into this no-man's-land with Dorothy Malone, Mia Farrow, Barbara Parkins and others, but rarely played them against one another in the same scenes. The carnage would have beggared "Combat."

Now NBC-TV has wantonly co-starred five or six beauties in a new series titled "Bracken's World," which made its debut Sept. 19.

It was designed for women viewers, but girl-watchers may find themselves elbowing their wives away from the set to ogle the likes of Eleanor Parker, Elizabeth Allen, Madeline Rhue and—mostly—Karen Jensen.

Karen depicts an aspiring actress who is determined to become a star.

"The girl I play is a cut-throat, conniving, ruthless type who will do anything to advance her career," Karen said cheerfully.

She was less enthusiastic about playing scores of scenes surrounded by other busy, beautiful, sultry, sexy females.

How can a nice girl stand out in company like that? "It isn't easy," Karen replied.

"There are already little signs of strain here and there but we try to get along as best we can."

For example, Miss Parker quit the show this week.

Miss Jensen may get along better than most. She has long blonde hair, blue eyes and a striking figure. These assets, plus a pouting, passionate face must be somewhat discouraging to her costars.

"The story is all about life in a big studio," Karen explained. "But you never see the chief of the studio, Bracken."

NOT ENOUGH MONEY

LEICESTER, England (UPI)—Michael Green, 44, was sentenced to 30 days in jail Tuesday for sleeping in a parked Rolls Royce.

Green told the court he did not have enough money for a hotel.

NO SUCH NAME

LE HAVRE, France (UPI)—William Leleu proudly walked into city hall and told the clerk he wanted to register the name of his new daughter—Petty.

"There is no such French name," the clerk said as he paged through the dictionary of accepted French names.

A magistrate came to the rescue. He plucked Pierre and Guy from the official list and came up with "Peguy."

SO THE VOTERS MAY KNOW THE TRUTH ABOUT A HOSPITAL DISTRICT ELECTION

1. Ad valorem taxes will be raised 25c — or more.
2. An elected Hospital Board would have the right to raise more taxes for operation of the hospitals without going to the voters for permission. They are the **SOLE GOVERNING BOARD**, with full authority to raise taxes to meet expenses.
3. It will be most difficult to get responsible qualified men to run for a position on the Hospital Board. A far more efficient Hospital Board could be appointed by the county commissioners than could be elected.
4. The big majority of **HOSPITAL DISTRICTS HAVE NOT FUNCTIONED WELL** and have not been popular with either the public or the medical profession. This is particularly true with the Amarillo Hospital District and the Fort Worth Hospital District.

This is not an effort to tell anyone how to vote, but **ONLY ONE SIDE** of the issue has been presented to the voters and the voters should understand what they are voting for and what they are apt to get into, which is a **LOT MORE EXPENSE, INEFFICIENCY AND RED TAPE** in operating our hospitals.

MONTEREY HERE TONIGHT

Harvesters Eye Upset Tonight

By RON CROSS Sports Editor
 Pampa, strengthened by the news that leading rusher Scotty King will be available for limited duty, sets out tonight to break Monterey's 13-game stranglehold on them when the pair square off in a 4-AAA north zone battle at 7:30 p.m. on Harvester Field.
 Pampa coach Swede Lee said late Thursday that King, sidelined last week with a badly bruised shoulder, would see limited duty on offense but would not be at his defensive halfback position.
 King's return leaves tight end-punter Wyatt Earp as the Harvester's only casualty for

SPORTS

The Pampa Daily News

tonight's attraction. Sophomore Dale Ammons will do the kicking for Pampa and Tommy Hawkins will go into fulltime duty as the tight end.
 Monterey will bring a very spotless, 4-0, record into the meeting with Pampa, who is currently, 1-3.
 But feeling has been running high in the Pampa camp all week and the Harvesters are confident they can bounce back from their devastating, 26-6 loss last week to Plainview and end Monterey's dominance over Pampa High School.
 Monterey returned just two starters from last year's team

but both of them enjoyed a fine night against Pampa in last season's contest, scoring twice each.
 Marc O'Hair returns in his familiar quarterback spot. The 175-pound senior leads his team in scoring with six touchdowns and last year hit on nine of 14 passes against Pampa for 160 yards.
 Also back is Bobby Lewis, a 155-pound senior, who can scat, ran TD's of two and three yards last season and is still playing halfback.
 Although Monterey has no other returning offensive starters they do have six let-termen filling out other starting offensive positions.

Pampa figures to throw the ball tonight and first-year quarterback John Jenkins is just the guy to do it. Jenkins has hit on 34 of 79 attempts for 500 yards so far.
 The Harvesters have been having defensive troubles but Lee said the defense had improved rapidly the past two games and should be able to hold its own tonight.
 In other district games tonight Borger plays at Amarillo in a North Zone contest; Coronado is at Plainview, and Palo Duro plays at Lubbock, both South Zone encounters. Saturday Caprock and Tascosa meet.

Hockey Season Starts In NHL

By United Press International
 The silly season is over as far as Montreal is concerned, and the real business of sports spectating begins Saturday night.
 Baseball was a novel way to pass the summer for Montreal fans, who were able to laugh along with their stumbling new entry in the major leagues. But World Series or not, hockey is the only game that rates a call once the Canadiens step on ice Saturday night to begin defense of their National Hockey League championship against the Los Angeles Kings.
 Fortunately for the Canadiens, they once again have the best material in the league and on the eve of a new season they are favored to complete another sweep of the Eastern

Division title and the Stanley Cup playoffs.
 Five games are scheduled for Saturday night to inaugurate the third year of expansion. In addition to Los Angeles-Montreal, Toronto will be at Detroit, Chicago at St. Louis, Philadelphia at Minnesota and Oakland at Pittsburgh. The two other clubs, the Rangers and Bruins, get under way the following night at Boston.
 The Chicago Black Hawks, who open their home season against Oakland in Sunday

night's only other game, are troubled by the absence of super scorer Bobby Hull as well as the signs of internal problems. Although Hull signed a four-year contract after holding out at the start of last season, he has failed to report to the Hawks until they meet some terms he has specified.
 In addition to Hull, Chicago has other problems. Right winger Kenny Wharram suffered a heart attack

Lee Eighth 'Steals' Win, Reapers Roar

Pampa Junior High teams won two of three games played Thursday but the city's only unbeaten team failed to run its record to 4-0.
 Lee ninth fell to Perryton, 38-19, and saw its three game win streak broken, when the host Rangers tallied three times in the final period.
 Perryton scored once each in the first two periods for a 16-6 halftime lead and held the margin until the final period, when Lee scored twice.
 Quarterback Ricky Musgrave connected on 12 of 17 passes and two touchdowns in a losing cause. Rick McGuire caught two touchdowns scoring aeriels, good for 60 and 38 yards and Paul Sadler scored Lee's first points on a 45 yards pass. Bill Simon kicked one conservation, Shane White hit McGuire with the 60-yarder.
 Pampa ninth won its first game after two losses and a tie by overwhelming Borger Austin, 28-12.
 The Reapers intercepted six passes and recovered seven Austin fumbles enroute to its victory. Pampa also was penalized 17 times and had one touchdown called back.
 Don Proctor switched from tight end to fullback and didn't seem to mind at all, scoring two touchdowns and running one conversion.
 Proctor got the Reapers on the scoreboard in the first period by rambling five yards and Richard McCampbell ran the conversion. Allen Keeton set up the score by dashing 70 yards to the five.
 Keeton scored later in the first period for a 14-0 lead and the Reapers led, 14-6 at halftime. Austin cut the margin to 14-8 early in the third period but Proctor got away on a 55 yard scamper for a 22-12 lead when the period ended. McCampbell ran 35 yards with an intercepted pass to end the Pampa scoring.
 Proctor intercepted a pass and recovered a fumble. Keeton, McCampbell, Kenner and Ricky Van Smith intercepted passes also. Larry Miller recovered two fumbles, Kim Lowler, Larry Joranson and Rickey Smith got the other fumbles.
 Lee eighth won its third game in four outings on a spectacular 80 yard run in the second quarter by quarterback Chuck Reeves. Jack King's run with the two-point conversion iced the game.

Colts, Philadelphia To Play On Monday Night

By United Press International
 Because of scheduling conflicts with the World Series, the Baltimore Colts will be run out of Memorial Stadium Sunday, and if they lose this week's game, moved to Monday night with the Philadelphia Eagles, they may be run right out of the league.
 But despite losses to Los Angeles and Minnesota in their first three games this season, the defending league champions have been established 14-point favorites over Philadelphia, which finally has rid itself of Joe Kuharich though it still retains his flair for losing.
 All other games will be played Sunday, with Los Angeles a one-touchdown favorite over San Francisco, Dallas a 14-point pick over Atlanta, Minnesota a six-point favorite over Chicago, Detroit a one-point favorite over Green Bay, Cleveland a 10-point favorite over New Orleans, New York a nine-point favorite over Pittsburgh and St. Louis rated even with Washington.
 Johnny Unitas is once again the Colts' No. 1 quarterback and he has completed 26 of 88 passes for 329 yards and three touchdowns in three games, but now he is merely respected rather than regarded with awe.
 The Eagles hardly have been devastating, either, but quarterback Norm Snead has shown occasional brilliance, Ben Haw-

kins is a speedy, exciting pass target and rookie Leroy Keyes will help Tom Woodeshick with the rushing duties.
 In the void left by the Colts, Los Angeles and Dallas are battling to become the new league power. Both are unbeaten and should remain so for at least another week.
 Roman Gabriel threw four touchdown passes for the Rams against New Orleans last week and Les Josephson added

Buckeyes, Lions In Favorite Grid Roles

By United Press International
 Top-ranked Ohio State and fourth-rated Penn State are favored to extend their respective strings of successes Saturday in college football's first crucial battles of the young season.
 Coach Woody Hayes' Buckeyes shoot for their 17th straight triumph when they test once-beaten Michigan State in the Big 10 Conference opener for both teams at Columbus, Ohio.
 The Buckeyes, who haven't been beaten since Oct. 28, 1967 are favored by 19 1/2 points.
 Penn State, winner of 14 straight games and unbeaten in 22 games, tangles with neighboring rival West Virginia and the oddsmakers have installed the Nittany Lions as 13-point favorites.
 Second-ranked Texas and eighth-rated Oklahoma, both boasting high-geared offenses, collide in the national television game, the two southwest giants clashing before a sellout crowd in the Cotton Bowl at Dallas. The Longhorns are a nine-point favorite.
 Southern California, off to a fast start even though O. J. Simpson has departed, gets its toughest conference test of the season with the Trojans facing high-powered Stanford. The Trojans are favored by 9 1/2 points.
 In other games involving top-ranked teams, No. 5 Arkansas plays Baylor, sixth-rated Mis-

OU, Longhorns Renew Battle In Dallas

DALLAS (UPI)—Oklahoma's eighth ranked Sooners try to stem the stampede of Texas' second-ranked Longhorns Saturday and Sooner Coach Chuck Fairbanks fears there is too much similarity to 1968 in all the talk about an inept Texas passing attack.
 Coach Darrell Royal's Longhorns, a nine-point favorite for the 64th renewal of the classic before its 25th straight sellout in the neutral Cotton Bowl, have indeed looked almost woeful statistically on use of the pass.
 Fairbanks cannot help but recall that such was the case a year ago when these two clubs collided with many of the same personnel which will be on hand for the belated 3:20 p.m. CDT kickoff Saturday.
 "Texas hadn't thrown much then" he recalls. "But, when they got into the fourth quarter and needed a touchdown they turned to the air."
 Big Drive
 That was the game where Texas drove 86 yards against the clock, with Texas' current quarterback—James Street—hitting four key aeriels and sending big Steve Worster surging into the end zone for the winning points in a 26-20 game with just 39 seconds left to play.
 "Texas can pass," Fairbanks said. "It just hasn't been necessary. It's a lot easier to just hand the ball off."
 That has been the key to Texas' overpowering success so far. Street has thrown only 17 times and hit only six of those. But, he's handed off to Worster, Ted Koy and sophomore Jim Bertelsen and these young men have done their bit to perfection.

souri opens Big Eight Conference play against Nebraska, seventh-ranked Georgia starts Southeast Conference action against Mississippi, No. 9 Purdue, with Mike Phipps at the controls, takes on Michigan, and UCLA, unbeaten in four starts and ranked 10th faces Washington State.
 Additional Schedule
 In addition, unbeaten Tennessee (3-0) takes on Georgia Tech, Florida tangles with Tulane, Louisiana State faces Miami, Notre Dame and Army clash at New York's Yankee Stadium, Alabama takes on Vanderbilt and Wyoming hosts Texas El Paso.
 Alabama's Paul "Bear" Bryant aims for his 100th coaching victory as head coach of the Crimson Tide in Saturday night's battle against Vanderbilt at Nashville.
 Army and Notre Dame tangle for the 39th time in a series started in 1913 when Knute Rockne and Gus Dorais popularized the forward pass at the expense of the Cadets.

Groom Shoots For 5th Straight Victory Tonight

McLean travels to Groom tonight in hopes of ending the District 5-B powerhouse's dominance over class A football teams and seeing its own record raised to 2-2-1.
 Thus far Groom has rolled to a perfect 4-0 reading, all its victims, class A football teams.
 Wheeler (2-2) hosts Canadian (1-3); White Deer (2-2) plays at Claude (0-4); Lefors (1-3) is at Erick, Okla. and Miami (0-2) plays an eight-man game in Turpin, Okla.
 In other areagames Sunray (4-0) risks its unbeaten mark at Texhoma, Okla.; Stratford (2-1-1) plays at Guymon, Okla.; Gruver (3-1) hosts Spearman (2-2) and Sanford Fritch (2-2) is at Boys Ranch (1-2-1); Clarendon (4-0) journeys to Stinnett; Happy (1-2-1) is at Nazareth; Silvertown (1-3) hosts Kress.

Namath Likes Mets In Six Series Games

NEW YORK (UPI)—Tom Seaver was a little annoyed. He heard Joe Namath had picked the Mets in six and his first thought was how come not in four?

So he made his way from the Mets' quarters over to where the Jets dress at Shea Stadium in order to get some kind of explanation but had to let it go when they told him Joe and the other Jets were busy watching movies for Sunday's game with Cincinnati.

Tom Seaver was kidding around, of course, but Namath wasn't when he tabbed the Mets to beat the Orioles in six games in the World Series.

Joe is no front-runner. He picked New York to beat Baltimore 10 months ago and still does.

Somebody wanted to know why?

"Got the Winning Thing?" "Pitching, mostly," said Na-

math, who was a pretty fair baseball player back in his native Beaver Falls, Pa. "They've got the winning thing going for them. They're all coming through, the same way we did in the Super Bowl."

"But you don't think they'll have it easier than you did in hijacking 3asser than you did in the Super Bowl?"

"I can't say that."

"Why not?"

"I was playing in that one so I knew more about how we'd do."

"In other words you don't guarantee this one?"

Joe laughed.

The conversation switched to football.

"How are the knees?" was the question.

"Not as bad as last week."

"What about the game with Cincinnati? The Bengals look like they're coming fast."

"Cincinnati is improving but I think we're better. I think we should beat 'em. Of course, I thought we'd beat Denver, too, and we didn't."

"What about what you said in Boston?"

"What about it?"

"You still say this will be your last season?"

"Very likely. It gets to be a medical thing and there's no sense trying to go on when you

know the situation and even the doctors tell you there's no point."

"And you still say the Mets in six?"

"Sure," Joe Namath laughed.

"I may be wrong but I hope I'm not."

"If he's right, that'll make him 2-for-2 and maybe the mayor of Baltimore will give him the keys to the city."

Anderson To Manage Reds Next Season

CINCINNATI (UPI)—George "Sparky" Anderson is a young man on the move. In a 26-hour period this week he held three different jobs.

The job that mattered, managing the Cincinnati Reds, came as a surprise and he snapped it up.

"I was contacted by the Reds last night (Wednesday)," he said. "And naturally I accepted. But I never even thought about getting the job."

Anderson, who at 35 will be the youngest manager in the majors, replaces Dave Bristol, fired by the Reds front office the day before, after two and half years of guiding the National League team.

Anderson, who lives in Thousand Oaks, Calif., coached the San Diego Padres the past season and was named just Wednesday as a coach for the California Angels.

Bristol, who took his firing as no surprise, has been offered a job in the Reds' front office as a special assistant to General Manager Bob Howsam.

SPORTS PARADE

WORLD SERIES SATURDAY

Baltimore Ready For Series

BALTIMORE (UPI) — That autumnal malady that afflicts two American cities about this time every year reached epidemic proportions today as the Baltimore Orioles made final preparations for Saturday's World Series opener with the New York Yankees.

Sluggish Frank Robinson, excused from a two-hour workout Thursday to tape a New York television show, returned this morning for a last tuneup and a big motorcade this afternoon through the downtown area.

The Birds and their flight leaders—Manager Earl Weaver, his coaches, club officials and American League President Joe Cronin—were guests of honor. Taking part in the tribute to the league champions were marching bands and various dignitaries, including top state and city officials led by Mayor Thomas D'Alesandro.

Some 2,000 series tickets, most of them for seats with obstructed views, were still available and went on sale at

Memorial Stadium this morning.

The Orioles, out to make it "seven in a row," were in top shape.

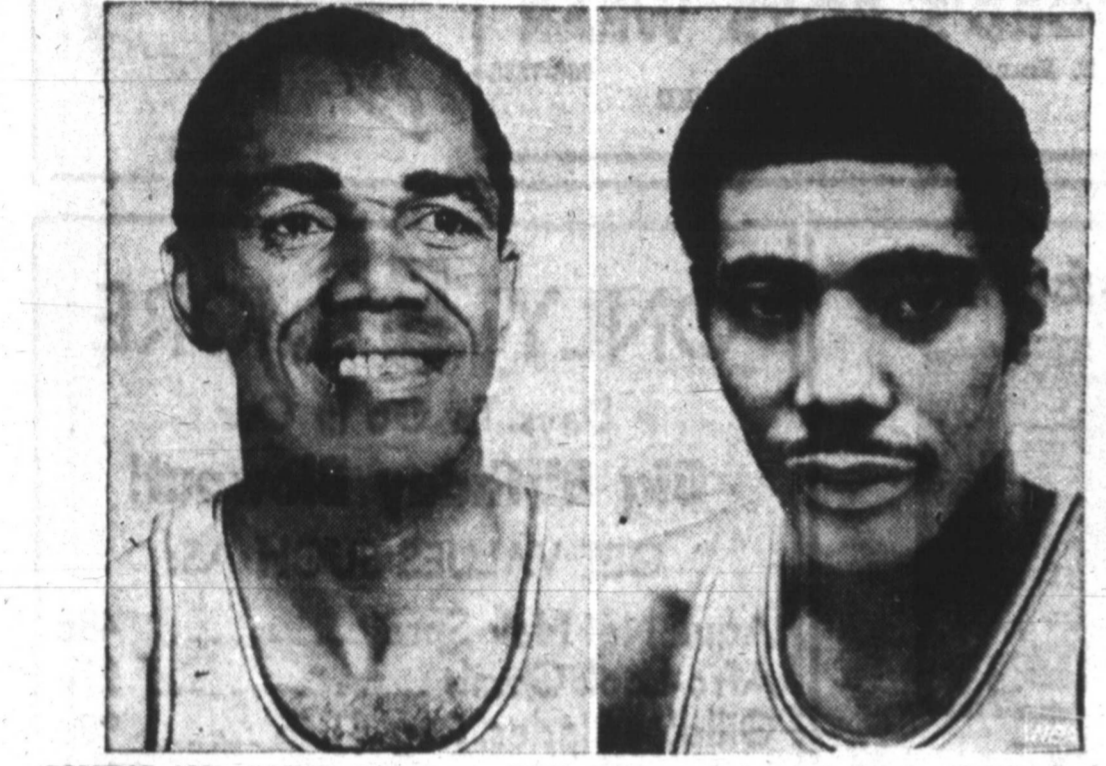

Catcher Elrod Hendricks' infected toe was mended. Boog Powell's bruised heel was healed and he was running like a gazelle, and second baseman Dave Johnson said he hadn't an ache or pain to call his own.

A club official said "nobody is going to be hindered by any injury of any kind."

But the Orioles, 8-5 favorites to take the series, are in no danger of becoming overconfident, Weaver said.

"They are not going to let 182 games go down the drain. They were up for the playoffs and they'll be up for the series," he said.

Weaver named Mike Cuellar (23-11), Dave McNally (20-7) and Jim Palmer (16-4) as his three-man series rotation. Tom Phoebus (14-7), the fourth starter during the season, will be used in long relief with Eddie Watt, Dick Hall and Pete

COMING AND GOING: Sam Jones (left) has retired from the Boston Celtics basketball team just as his friend, Connie Hawkins, has finally been admitted to the NBA. Hawkins, who will play for Phoenix this season, says Jones gave him constant support during his years of exile.

Shockers Win Fourth By Pounding Lubbock JV

LUBBOCK — Outstanding defensive efforts, pinpoint passing by Larry Knutson and a heads up play by Greg Shultz sent the Pampa Shockers to their fourth victory in five games Thursday over the Lubbock JV's.

Lubbock pushed to a 8-0, first quarter before Pampa could knot the score just before halftime.

Greg Wilson went over from one yard away and then caught a pass from quarterback Larry Knutson for the two-point conversion. The big play in this 50-yard drive was a third down pass, good for nine yards that took the ball to the one.

Lubbock jumped in front 16-8

Ealey Leading Reagan To Another Title

By United Press International

Lester Ealey, the younger brother of Don who led Austin Reagan to two consecutive Class AAAA championships, is following in his brother's footsteps—even if the team isn't.

Ealey the younger scored two touchdowns Thursday night, both coming in the second half, as the raiders won their 34th game in a row beating Austin Johnston 13-0. It was the first time any team held Reagan scoreless in the first half since Alice pulled the trick in bidistrict play in 1967. Reagan won that game 7-0.

But Ealey and the Raiders wasted little time in the second half. On the first play from scrimmage, with Austin on its own 34 yard line, Ealey scampered 48 yards to the Johnston 18. Three plays later Ealey scored from the two.

Linebacker Hap Feuerbacher set up the second touchdown with a pass interception at the Johnston 22. Ealey scored again four plays later to keep the state's top rated AAAA team win streak alive.

Arkansas Team Out In CFL

INDIANAPOLIS, Ind. (UPI)—The Continental Football League board of directors revoked the franchise of the Arkansas entry in the loop Thursday and directed commissioner James Dunn to enter into negotiations with another group of Little Rock, Ark., businessmen.

Dunn said the league's board, meeting at Indianapolis, authorized the Arkansas players to play Saturday in a scheduled game at Little Rock against Alabama.

Dunn said he will meet Saturday with a group of businessmen prior to the game to see if they meet the financial requirements necessary to win the vacant franchise.

Shoats Prize Quarterback Hurt In Game With Tech

By United Press International

Arkansas' freshman Joe Ferguson, the most sought after schoolboy quarterback in the nation last year, broke at least two ribs Thursday night in the Shoats' 23-22 win over the Texas Tech Picadors.

Doctors were to examine Ferguson of Shreveport, La., more closely today in Fayetteville, Ark., to determine the extent of his injuries. They said he might be lost for the season.

Ferguson completed 29 of 53 passes for 446 yards and two touchdowns after one complete game and part of Thursday's.

In other games involving Southwest Conference freshmen teams, Texas slipped by Baylor in a 34-38 offensive spree and Texas Christian dumped North Texas State 27-7.

Tech quarterback Greg Warders directed the Picadors to two touchdowns in the final five minutes, but was unable to connect on a two-point pass attempt which would have won the game.

Waters scored on runs of 15 and 1 yards and led the freshmen to a third touchdown by halfback Ed Lee Renfro.

Arkansas is now 2-0 and Tech is 0-1.

Safety Stan Hicks picked up a blocked punt and ran 37 yards for the winning score Thursday night in Texas' 34-26 win over the Baylor freshmen.

The Shoats' other scores came on short runs by halfback Alan Lowry, Gary Keithly and Larry Black. Steve Valek kicked all the extra points.

The Cubs scored on two touchdowns passes from quarterback Randy Cavender to end Ronnie Herndon and halfback Matthew Williams ran 1 and 18 yards for two scores.

ZALES
 We're nothing without your love.
 107 N. Cuyler and Coronado Center

This is what they've thought of next.

Take a good look at this photograph of Mohawk's new carpet invention, 'Hickory Hill'. Beautiful enough for any living room, Early American, contemporary or modern - yet so indestructible it can be used in the backyard, even around the swimming pool! So resistant to staining it is ideal for use in kitchens. And the scale of design is specially created to be used in small kitchens as well as in large living rooms. This is no ordinary 'indoor-outdoor' carpet. It is living room carpet made strong enough to use in the backyard. Mohawk makes it with Acrilan acrylic fiber pile (the same material people have used for years in making weatherproof flags and awnings.) The color is actually an integral part of each fiber, so the sun cannot fade the tones. It won't shrink, mildew or stretch. Stains and spills simply wipe away. If you want to, you can even hose this amazing carpet to clean it. It can be laid loose without fraying, can be taped down or cemented in place. It doesn't require a separate cushion. The colors are great - ten heathered creations you'll just have to see with your own eyes. Use it all through the house - in places you never dreamed of using carpet. Patio, deck, terrace, pool. Den, family room, game room. Kid's rooms, hallways, stairs. You can trust the quality, just as we can - because it comes straight from the looms of the world's largest carpet manufacturer, Mohawk. Cost?

Thrifty. 9.95 square yard, and you can install it yourself - or have us do it for you for a slight additional cost. Bring your room measurements with you, or just call us and we'll be glad to bring samples to your home, take accurate measurements and quote precise costs. By call or visit - this week let's get together!

Dear Abby

By Abigail Van Buren

DEAR ABBY: My first husband died, leaving me with two daughters, ages 2 and 6. I stayed single for six years. We lived with my parents while I worked, so naturally the girls are spoiled rotten.

My problem: About a year ago I married a wonderful man who had never been married before. Abby, he couldn't be nicer to me and the girls, but they treat him shamefully. They say, "We don't have to listen to you—you are not our real father." They can be sweet as pie to him when they want something, but after they get it, they go back to their hateful ways.

He has tried so hard to make them like him. I love this man, Abby, and I hate to see him hurt. What can I do?

NEEDS HELP

DEAR NEEDS: First, may I take exception to your statement, "We lived with my parents while I worked," so naturally the girls are spoiled rotten." Why, "naturally"? Many working mothers have instilled respect and discipline in their children, so do not blame your parents.

From what you say, your daughters are out of your control, so I advise professional counseling. Inquire of their school principal. Otherwise, face the alternatives. Your daughters will force you to choose between them and your good husband. Or your husband

will find life with you and your daughters intolerable and he will make a choice, and take a walk. And who could blame him?

DEAR ABBY: My husband is a salesman and he is out of town for a week at a time. He usually calls me twice during the week to find out how things are at home. I appreciate these calls, but I never know when to expect them.

This morning he called me at 7, raving mad. He said he had been trying to reach me since 6 o'clock last night, and was worried half out of his mind.

Last evening my neighbor and I took our children to the circus, after which we had coffee at her house and I stayed to visit for about an hour. Then I came right home and I went to bed. I must have slept so soundly I didn't even hear the phone ring.

Must I stay home every night in anticipation of my husband's calls? That's all we ever fight about.

GREAT FALLS WIFE

DEAR WIFE: First you and your husband should agree on a "time" where he's to call you. Then, ask your telephone company to provide you with the loudest bell they have. And it wouldn't be a bad idea to have your hearing checked.

DEAR ABBY: Last Sunday, while driving on a well-traveled freeway on the outskirts of town, I noticed two cars ahead of me. One was a new convertible containing three young girls. The other was a sedan in which five young men were riding. These kids were "racing," and passing each other at a high rate of speed, then slamming on the brakes and stopping abruptly in front of each other.

The girl was a very poor driver. She lost control of the car once, and went off the highway, but got back on again. The kids in both cars were laughing and shouting back and forth to each other.

Abby, a nightmarish accident involving not only these two cars, but others could have occurred easily. I wanted to stop and phone the highway patrol but my wife told me to mind my own business. What would you have done?

STILL SHAKING

DEAR STILL: I would have told my wife that the safety of innocent motorists (and even the lives of those foolish kids) were indeed my business, and I would have stopped and called the police.

Everybody has a problem. What is yours? For a personal reply write to Abby, Box 69700, Los Angeles, Calif., 90069, and enclose a stamped, self-addressed envelope.

Your Horoscope JEANE DIXON

SATURDAY, OCT. 10
YOUR BIRTHDAY SATURDAY: You have until December or perhaps early January to change plans, come to terms with life as it is—or decide to break with what you have developed in favor of some untried approach, perhaps in a different profession. Those past age 28 will not find such changes feasible and should try for more subtle forms of this growth effort.

ARIES (March 21-Apr. 19): — You tend to be aggressive, so differences of opinion can become serious rifts. Retain the better side of what you have. It's worth your patience.

TAURUS (Apr. 20-May 20): — The tempo of your work speeds up. Impetuous people say things they will regret later. Don't allow the turmoil to rush you into hasty decisions. If you can work alone, do so.

GEMINI (May 21-June 20): — A quick way to large gains is apt to backfire for you. The fine art of letting people shout without getting involved is a marvelous talent today. Be a spectator and you can be the gainer.

CANCER (June 21-July 22): — Do not give in to the temptation to bicker. Tact is needed if you are to preserve relationships.

LEO (July 23-Aug. 22): — Younger people near you are apt to go farther and faster than you like. Whatever you say or do about it should be so organized that you do not quarrel.

VIRGO (Aug. 23-Sept. 22): — Do not take figures literally just because they are complete in details. Find the larger perspective, notice the discrepancy between the sales talk and your past experience.

LIBRA (Sept. 23-Oct. 22): — Sort out the conflict between your need for security and your natural adventurous instinct. The going is apt to be tedious for a few months, then it improves.

SCORPIO (Oct. 23-Nov. 21): — It's so easy to annoy people Saturday. The usual red tape of institutions become especially inconvenient. Your temper is worth more than your weight in gold—keep it.

SAGITTARIUS (Nov. 22-Dec. 21): — Saturday holds the last obstacle of tension before the scene opens for you. Seek the company of friends sharing similar interests, but keep your competition purely intellectual.

CAPRICORN (Dec. 22-Jan. 19): — You've a more detailed understanding of the ins and outs of your work than somebody of more authority. Project the true state of affairs without spoiling your case by too strong a presentation.

AQUARIUS (Jan. 20-Feb. 18): — Travel and communications in general are hindered. Find routines or basic research on which to focus your attention.

PISCES (Feb. 19-Mar. 20): — It's always tense waiting. Your intuition is picking up hints of the coming exciting changes. Do not spoil things by getting impatient.

A SALUTE TO SCHOOL LUNCH

National School Lunch Week begins this Sunday, October 12. What you say? Another one of those "weeks"?

Well, there's no doubt Americans are subjected to endless weeks and months that celebrate certain products and services. Such observances are staples of our commerce. Similarly, many a good cause has adopted the technique. For that matter, I believe such stalwart, worthwhile efforts as Easter Seals helped originate this kind of promotion, and one can hardly be critical.

An Important Task For these reasons, I'm all for National School Lunch Week. Helping our children to be better fed and to know better what constitutes good nutrition is one of the more important tasks confronting us as a nation.

Surveys show us that good eating habits are not necessarily influenced by affluence. While the greatest of our malnutrition occurs among our underprivileged citizens, it is also true that many families at all economic levels do not make proper food choices. For example, many teen-age girls and adult women, at all income levels, get less than the recommended amounts of certain essential nutrients. According to nutritionists, greater consumption of milk, and fruits and vegetables is needed.

So, National School Lunch Week, with its posters and booklets, label buttons and student brochures — along with menu cards for adults containing information for parents — is something I am for. School children and their parents will be reminded that school lunch programs are important.

Children Better Fed Children are better fed as a result. And the effort at school is not just one of feeding. For the child, the school lunch experience is an actual demonstration of the nutrition lessons he is learning in the classroom. This link between learning and doing has to have a more favorable effect than learning alone.

School lunch programs in many schools also are now being extended to include breakfast. Great efforts are being made, too, to reach children in poverty areas with breakfast. Fruit or fruit juice, a half pint of milk, cereal and often a high protein food such as meat or eggs make up the breakfast pattern being followed.

My hat is off to the school lunch people. They deserve the full support of everyone.

DEAR POLLY — Good old nylon net! I recently knitted a dress with a cowl neckline but the collar dropped. I took two thicknesses of a matching color nylon net and, using two strands of leftover yarn, lined the collar with about 1/4-inch of the net extending beyond the neckline seam and ending about 1/4-inch from the edge of the collar. It now stands up in a nice roll.

Brownies Receive Membership Pins

McLEAN — Ten members of Brownie Troop 5 were invested in a special ceremony recently in McLean for meeting membership requirements. Troop leader is Mrs. Leonard E. Bagwell.

Girls receiving their pins were Cristy Jo Bagwell, Letha Ann Estes, Regina Hugg, Phyllis Marsh, Sally Raines, Ann Skipper, Pamela Smith, Beth Smitherman, Trudy Stewart, and Gay Smith.

A new cap for aerosol containers eliminates some of the problems of clog, drip or afterpray on household or personal products. A one-piece affair, its maker calls it the acuator-overcap, which will direct spray "much more readily and with no cap to remove the can is always ready for immediate use."

—MRS. J.O.A.

DEAR POLLY — If you have difficulty putting slip covers on your furniture, use a spoon to get into the corners. The handle of a wooden spoon is very good for getting into tight places.

—PAULINE

DEAR GIRLS — I find a rather dull silver knife is great to use when pushing a slip cover down between the arms, seat and the back and seat.

—POLLY

DEAR POLLY—I would like to tell Ruby that when my bird

MAN OF COURAGE

Fosdick Revered But Criticized

It is not recorded that anyone ever worked up the nerve to call Dr. Harry Emerson Fosdick "Fearless Fosdick."

But that good-natured man would not have resented the nickname. And it would have been highly appropriate for him.

Dr. Fosdick, who died this week at the age of 91, was revered by some American Protestants and sharply criticized by others. But everyone could agree on one point: He was a man of courage.

Half a century ago, in a theological climate very different from that which prevails today, he put his ministerial career on the line rather than dissemble his inability to go along with a Fundamentalist view of the Bible.

During two world wars, he withstood enormous pressures from public opinion and proclaimed his pacifist conviction that war, for any cause whatever, is irreconcilable with obedience to Jesus Christ.

For several decades, when most clergymen were tacitly supporting the status quo under the guise of "keeping the church out of politics," he insisted that the church should be in the forefront of the battle for social reform and racial justice.

He was so far ahead of his

time in all of these postures that he acquired a reputation as a radical.

But Dr. Fosdick was radical only in a relative sense. He wanted to cleanse the Christian faith of irrelevancies as Jesus once cleansed the Jerusalem temple of money-changers. But he never had any thought of destroying the basic structure.

His last great act of spiritual and intellectual courage was to join battle with the truly radical theologians who have lately enjoyed so great a vogue. Refusing as always to tack with the prevailing wind, he stood forth in his final years as an eloquent champion of the reality of God, the lordship of Christ and the efficacy of prayer.

"These people who say that God is dead simply do not face up to the real issue," he said in a 1966 interview with the Readers Digest. "If you get rid of God, what have you got left? The only alternative to mind-behind-the-universe is blind protons and neutrons accidentally colliding in space to produce the universe. This is the choice—one or the other."

"Do they really think that the cosmic scheme of things is mindless and purposeless, without meaning or destiny?"

"I believe there is mind

behind the universe, purpose running through it, ultimate meaning in it, and destiny ahead of it."

Harry Emerson Fosdick set forth this week to meet his destiny. You can be sure he went unafraid.

Baptist Youth Will 'Turn On' At State Meet

More than 3,000 students from some 76 Texas college campuses will "turn on" in their own unique way, Oct. 17-19 at the 50th Texas Baptist Student Convention in Dallas.

The convention, the largest of its type in the United States, will address itself to the theme, "Alive in the Faith," and feature several well-known speakers, including the keynote speaker, William A. Lawson, a Negro pastor from Houston, who has been an active leader for constructive change in Houston's racial situation.

Lawson, pastor of Wheeler Avenue Baptist Church in Houston, teaches a course in Black Identity at the University of Houston and has distinguished himself as a peacemaker in several tense racial situations in Houston. He is a former director of Project Upward Bound, a pre-college program for disadvantaged high schoolers and has been popular with student groups.

Among other speakers at the three-day gathering will be Jesse C. Fletcher, a former Texas who directs mission support for the Southern Baptist Foreign Mission Board, an organization with 2,400 missionaries in 70 foreign countries. Other speakers include Kenneth Chafin, professor of evangelism at Southern Baptist Theological Seminary in Louisville, and William Hendricks, professor of theology at Southwestern Baptist Theological Seminary in Fort Worth.

The convention program also includes creative dramatic, musical and group presentations. The Hang Ten, a group of summer missionaries who conducted an experimental coffee house ministry this summer in Lake Jackson, is expected to perform.

The convention, sponsored by the Division of Student Work of the 1.8 million member Baptist General Convention of Texas, will be held at Park Cities Baptist Church.

Catholics May Go To Saturday Mass

WASHINGTON (UPI) — Roman Catholics in at least 18 U.S. dioceses now have the option of fulfilling their Sunday mass obligation by attending a service on Saturday.

A survey by the U.S. Catholic Conferences shows that the Saturday option is in effect in the dioceses (or archdioceses) of Davenport, Iowa; St. Louis; Detroit; Boston; Duluth, Minn.; Lafayette, La.; Fall River, Mass.; Madison, Wis.; New Ulm, Minn.; Superior, Wis.; Manchester, N.H.; Green Bay, Wis.; Portland, Ore.; Burlington, Vt.; San Angelo, Tex.; Wilmington, Del.; Pueblo, Colo.; and Denver.

Other dioceses are expected to grant similar permission in the near future.

The various Lutheran Church bodies in the United States had a combined membership of 8,943,907 at the end of 1968, according to a statistical report compiled by the Lutheran Council in the U.S.A.

The total gain in membership during 1968 was 12,651 persons, or about one tenth of one percent—the smallest membership increase in many years.

Lutherans constitute the third largest denominational family in American Protestantism.

Egg whites should be refrigerated tightly covered. To whip, let them stand at room temperature for an hour, so they will whip to better volume. Add cold water to cover egg yolks and refrigerate them covered.

Local Church News

United Methodist Church

Layman's Day will be observed at First United Methodist Church Sunday at all services, with lay leader Allan Wise presiding at the morning services.

Lay speakers for the 8:45 a.m. service will be Richard Cooke, Mrs. Morris Wilson and Herb Gallman. Special music will include an anthem, "Cherubim Song" by Bortniansky sung by the Youth Choir.

At the 11 a.m. service, Lay speakers will be Gary Tibbits, Mrs. John Gattis and Waldon Moore. The Sanctuary Choir will sing "He is Watching Over Israel" from the Oratoria "Elijah" by Felix Mendelssohn.

John Rosenberg will be the speaker for the evening service at 6 p.m. Youth Fellowship meetings will follow the evening service.

Army Has New Face

Salvation Army Lt. Richard Branscum, formerly of Plainview and Austin, is serving a one-year internship at Pampa's Salvation Army Headquarters, 701 S. Cuyler.

Salvation Army Captain Jess Duncan said Lt. Branscum's assignment in Pampa is necessitated by the increase program of activities in the army headquarters here.

Lieutenant Richard Branscum

Lt. Branscum arrived in Pampa in June following graduation from the Salvation Army School for Officers' Training in Austin. In Austin, he assisted with Army work there, while completing high school.

He is a fourth-generation Salvation Army soldier from his family. During summer sessions, he received summer training in Lubbock and one month in Victoria.

Lt. Branscum's primary duties are to assist Capt. Duncan in the administration and operation of the headquarters, including youth work with the Junior Legion and Junior Soldiers.

Junior Legion meets Wednesday nights; Junior Soldiers during Sunday worship. Sunbeams meet on Thursday afternoon after school. Girl Guards meet on Friday afternoon after school. Junior Songsters on Sunday afternoon just before evening worship.

The 21-year-old Salvation Army lieutenant is engaged to Lt. Barbara Tolcher, who is stationed in Pasadena. They plan to be married next June.

Calvary Baptist To Hold Revival

Calvary Baptist Church, 825 S. Barnes, will sponsor a revival Oct. 19 through 26, at 7:30 each evening.

R. A. Stacy, pastor of the Westmoreland Heights Baptist Church in Dallas will be guest speaker. Larry Russell, minister of music at the San Jacinto Baptist Church, Amarillo, will direct the music.

Rev. Mullin Tells Sermon Subjects

Following the 9:30 a.m. Family Bible Study Sunday, Brother Buster Mullin of Pampa Church of Christ, 738 McCullough, speaking in the 10:30 a.m. service on the subject, "Filling Empty Vessels" (2 Kings 4:3-7).

The subject for the Sunday evening 7 p.m. workshop is "Accepted in the Beloved" taken from Eph. 1:6.

Pampa Church of Christ

A new Ladies Bible Study was begun Thursday at the Pampa Church of Christ, 738 McCullough. The meetings will be held each week on Thursday at 9:30 a.m., in the church building.

A group met last week in the home of Mrs. Oleta Mullin, 1117 Terry Rd., to plan the course of study which will be on the Books of James through Jude. A workbook by Willard Conchin is being used to aid in the study.

Those attending this weeks

Jehovah Witnesses

The Pampa Congregation of Jehovah's Witnesses will hear Joseph Brown of Amarillo deliver the public talk this week entitled "Deliver Us From the Wicked One." Mr. Brown will bring out how acting in harmony with the prayer Jesus gave at Matt: 6: 9-13 and keeping free from

demonic influence is beneficial and life-saving.

The public is invited to the discourse to be held at the Kingdom Hall, 1701 Coffee, at 10 a.m. Sunday.

The weekly Watchtower Study from the Oct. 1 issue is "Pay Attention to The Prophetic Word". 2 Pet. 1:19 is text for the lesson.

First Presbyterian Church

"The Scandal of Forgiveness" is the sermon topic for Rev. Martin Hager, First Presbyterian Church pastor, for this Sunday at both the 8:30 and 11 a.m. worship services. Ruling Elder Charles White will serve as the pulpit assistant this Sunday. Rev. Hager's text will be taken from Luke 7:36-50 and Hosea 2:14-23.

At the 11 a.m. worship service, the Chancel Choir

First Baptist Church

The First Baptist Church will hear the pastor, Rev. Dan B. Cameron preach for both services of worship Sunday. In the morning worship, he will continue preaching the series of sermons on "Some Questions We Must Answer."

will present the anthem, "Send Down Thy Truth, O God" by Young, Mrs. Fidelia Yoder, church organist, will present "Glory Be to God" by Bach as the prelude and postlude selections.

At the 11 a.m. worship, there will be a special service of Teacher Commissioning to present the new teachers and officers for the new year.

David Campbell, minister of music, will direct the Chancel Choir as they sing the anthem, "Awake, My Heart" by Marshall. Mrs. Lonnie Richardson, soprano, will sing a solo. Miss Eloise Lane, organist, will play "Pastorale" by Bach for the offertory number.

his Sunday evening sermon topic. For the evening worship special music the minister has arranged for a mens' staff quartet to sing composed of Dan B. Cameron, David Campbell, Roy Kornegay, and Paul Barrett. The Senior High Choir will sing "Christ in You" by Allen and occupy the choir loft. The organ offertory selection is "Now I Belong to Jesus" by Clayton-Landon.

The Wednesday night Prayer meeting at 6:15 will be under the direction of the pastor as he continues teaching from the book of Hosea, the first chapter.

Roy Kornegay, minister of education, invites all of the workers to participate in the new visitation program which begins at 9:30. After visiting, the group will return to the church for a luncheon and Bible study taught by the pastor from 12 to 12:50. The pastor cordially invites anyone to come, who would like to attend the Bible study, which will be on the book of Jude.

The pastor will announce

The Weekly Message of Inspiration...

THE SALVATION ARMY

GOD IS FOR SQUARES

Scripture to ponder: Luke 15:12-24.....

With sin abounding today is it any wonder why so many people are trying to escape reality? The God is Dead movement is gaining momentum in the minds of people all over the world. The feeling that Sunday School is for the children is ever present in the minds of adults all over America. Over-all the general feeling is that "God is for Squares."

This is somewhat the feeling when Jesus told the story of the Prodigal Son. People wanted to get out and live it up. This feeling is recorded in the story of the Rich Fool, "And I will say to my soul, Soul, thou hast much goods laid up for many years; take thine ease, eat, drink, and be merry," (Luke 12:19).

The Prodigal Son had the feeling that God is a merciful God. He surely would not let anything happen to one of His chosen children. Therefore, he like many of us today, decided to "live it up."

People want to do only as they want to do. They forget, however, to give a little regard to the future. They do not think on the warning of God, "Rejoice, O young man, in thy youth; and let thy heart cheer thee in the days of thy youth, and walk in the ways of thine heart, and in the sight of thine eyes: BUT know thou, that for all these things God will bring thee into judgment." (Ecclesiastes 11:9).

God had given a big word BUT to show that He did mean business when He instructed His children to, "... open their eyes, and to turn them from darkness to light, and from the power of Satan to God, that they may receive forgiveness of sins..." (Acts 26:18).

Our young Prodigal had a happy ending to his story for he came back to his senses and came back to the father. The question today is: Will those today, who are prodigals, return to the Father? Will they go on telling themselves that God is for Squares, or will they become a square?

The Pampa Daily News

EVER STRIVING FOR THE TEXAS PANHANDLE
TO BE AN EVEN BETTER PLACE TO LIVE

Let Peace Begin With Me!

This newspaper is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessings. For only when man understands freedom and is free to control himself and all he produces can he develop his utmost capabilities.

We believe that all men are equally endowed by their Creator, and not by a government, with the right to take moral action to preserve their life and property and secure more freedom and keep it for themselves and others.

To discharge this responsibility, free men, to the best of their ability, must understand and apply to daily living the great moral guide expressed in the Coveting Commandment.

Newspaperboy Day

Tomorrow is International Newspaperboy Day. It is scheduled to be a big day for Little Merchants across the nation.

So shake hands with your newspaperboy next time you see him and congratulate him on being one of your successful local businessmen.

The Pampa News is proud of its 75 newspaper carriers who deliver your daily papers into more than 8,000 homes in Pampa and its surrounding trade territory.

We can think of two boys and a girl right now who are doing exceptionally well in their newspaper business venture with The News.

One of the boys has \$1,800 in the bank—money he has saved by delivering papers over a four-year period. Another has bank savings of \$1,000 for the same length of time. The girl has saved \$950 in 16 months.

Pampa News carriers range in age from 11 to 17 years of age. Being a Little Merchant (a newspaper carrier) is one of the best ways in the world for a

youngster to get a start in the business world.

As a Little Merchant in business with the Pampa News, your newspaperboy buys his newspapers from us and sells them to his customers. He sells, he delivers, he keeps his own records, he collects and he makes a profit.

We also find that the newspaperboy manages to do a better job of his studies at school and to have more fun than most boys.

International Newspaperboy Day is in honor and recognition of youth and individual enterprise for the betterment of the growing boy.

Where else can a young man learn in a relatively short period of time, current business practices, fiscal responsibility, the principle of reward for honest effort, and how to get along with others?

We hope parents will continually remind themselves of this remaining bastion of free enterprise for young boys, protect it, help perpetuate it and join with us in telling others of its benefits.

The Hospital District

The News goes along with those Gray County doctors who are opposed to the establishment of a county hospital district.

We do not believe it is necessary to establish another taxing unit in the county in order to get good hospital service. There are enough government branches in the city and county now to inflict the tax bite.

The News is of the opinion that transferring the administrative powers over Highland General and McLean hospitals from one set of five elected officials to another set of six elected officials would not make much difference. We have always thought the present hospital board was doing a good job.

Certainly, if anyone could see advantages in making the change, it would be doctors who function in the hospitals. But, out of 16 of the county's 20

doctors The News was able to reach in a poll, 10 of them were against the hospital district plan and one was undecided.

County officials have indicated that somehow or other the hospital district would bring some kind of a tax savings.

As far as we can see it would mean at least a 25 cents increase in the ad valorem tax rate to start with.

The members of the six-man hospital control board would then have the power to raise the tax without a vote of the people. It could go as high as 75 cents.

A majority of hospital districts in Texas have run into trouble. Both the public and the medical profession have been unhappy with them. Two examples of this can be found in the Amarillo and Fort Worth hospital districts.

The News recommends a "no" vote on the Hospital District proposal.

Alaska's Challenge

Who says the frontier has vanished?

It is always out there, somewhere, waiting to challenge man. And man, providing the prize is right, is ever ready to accept the challenge — as he has just done so spectacularly with the voyage of the giant tanker Manhattan, says Don Graff of Newspaper Enterprise Assn.

In an adventure story providing welcome relief from the usual front page diet of crisis and disaster, the Manhattan crunched its way through the frozen channels across the top of North America to open the Northwest Passage that many had dreamed of, searched for and written about for five centuries.

But the Manhattan's voyage is only part of the big story. Its destination is Alaska's North Slope and the vast new oil fields there which, without a barrel of oil having yet reached the market, have already poured into Alaska's treasury a billion dollars from drilling leases.

And this is only the beginning. Opening up the sea route to move Alaskan oil to East Coast Markets is certain to spur the search for and development of other resources locked in the frozen expanse of the Alaskan and Canadian north.

But every silver lining, unfortunately, seems to have its cloud. The cry of Northward Ho! may have rekindled the frontier spirit, but it has also

raised questions as to the effect on the inhabitants of the land and on the land itself.

Eskimos and Indians, who suspect with some reason that they may end up as the only losers on the new frontier, are protesting the invasion and expropriation of what they regard, legally recorded titles or not, as their territory.

There is also fear that irreparable damage may be done to the Alaskan landscape and wildlife by drilling operations and a planned 800-mile pipeline running from the North Slope to a southern Alaskan port to handle oil shipments to West Coast points. The tundra, once disturbed, could deteriorate rapidly into an Arctic badland. The effect on wildlife, dependent upon it for food, nesting and spawning grounds, could be devastating.

The history of the opening of the West in the lower 48 does not offer an encouraging precedent. The Indian was, for the most part, brutally handled, we now admit. In the rush to mine the treasures of the earth and throw up factories, waters were polluted, the land scarred and the air fouled.

Such concerns are not going to halt the opening of the North. The prize is too great. But the old story need not and must not be repeated. Man has the ability to learn from experience and apply the lessons. We can no longer say we do not know what the effects of indiscriminate exploitation may be.

Straight Talk

By TOM ANDERSON

TO YOUNG PEOPLE—PART II
Dear Kids:

As you may have surmised from my first letter last week, millions of us over-30-and-out-of-it squares are fed-up-to-here with the attitudes and behavior of a large segment of our youth.

I don't blame you for being upset by the "establishment." You've been had by the establishment. But the establishment is not Capitalism and the system of individual enterprise. Nor even what was formerly known as "Americanism." It is a combination of industrial cartellists, education and foundation bureaucrats, leftist churchmen and lightweight communicators who are deliberately trying to convert this nation into a Marxist-Fascist welfare state for their own power base, aggrandizement and convenience. Most of these people are neither Marxists nor Fascists, but they are manipulated by Communists and are playing the Communist game. What is more, they are using you as pawns in the game. Communists can take a college or a country with only 3 percent of the people — plus the pawns.

The main reason many of you have contempt for "money-making as an end" is that you never had to make any. You had everything handed to you. So you became, not an eagle, but a leech.

The "idealist" voice from the campus cries "hypocrisy" at the community elders and the "establishment" students decry the "rat race," the "crushing materialism," our "money-mad society" — and then wire home, collect, for \$200 to finance a spring bash of booze and sex at Fort Lauderdale, or a trip to New York for a parade to honor the Vietnam.

If you are opposed to materialism, if your heart bleeds for the disadvantaged, you guilt-ridden phonies should know that, just to help you defeat hypocrisy, you may turn over to me your new car, TV, stereo, tape-recorder, electric blanket, hair drier, camera or fancy "mod" wardrobe; and I will personally see that they are distributed among the poor.

Why don't you "self-described idealists" practice what you preach?

If you students want to rebel against "hypocrisy," why don't you rebel against an educational system whose "liberal" teachers give you low marks unless you repeat the teachers' leftist fairy tales at examination time?

If "hypocrisy" really offends you, why don't you rebel against the "Christian" heads of your divinity schools who are so quick to proclaim that they don't believe in the divinity and resurrection of Christ?

If you want to rebel against the war in Vietnam, why don't you ask why our military is not being allowed to defeat a country smaller than the State of Missouri?

If you want to rebel against the faceless, impersonal, giant corporations, why don't you demand to know why so many of them are trading with the arsenal of an enemy killing our soldiers in the field?

Why don't you rebel against a rigged communications system which is brainwashing the American people? Not so? How long since you've seen an anti-Communist TV program or movie? Ever? Communism is the scourge of the world, yet you either ignore it or embrace it. It is the cause of most of the world's problems today, but you are almost never told the truth about it — not by your professors, movies, television, magazines, newspapers or Presidents. Why not? As one prominent educator has pointed out, everytime there has been a serious student uprising on a college campus, there were at least a few professors working with them or leading them. And there are always some "professional" students, some paid agitators involved. Some of these are on Communist payrolls. Why don't you rebel against them? (More Next Week.)

WIT AND WHIMSY

A mother had been lecturing her small son, stressing that he was in the world to help others. He considered this for a time, then asked somberly: "Little Jimmy — What are the others here for?"

"Faster! Faster!"

The Manion Forum

By MARILYN MANION

There are many occupations to which, even in my Walter Mitty moods, I do not aspire. Why on earth, for instance, would anyone want to be a college or university president in these turbulent times? Riots, demonstrations, demands — and the very real possibility of being imprisoned in one's office — surely there are other ways to make a living!

Fortunately, there are people, less cowardly than I, who seem to want to be presidents of our educational institutions. Their question is, what to do now? With the threat of disaster hanging over their heads what should they currently be planning to do about campus disturbances? Even the quiet and peace may pervade their ivy-covered halls today, it could be a different story tomorrow.

David Keene, who appeared as a guest on the Manion Forum radio program some weeks ago, discussed this subject with Dean Clarence Manion on the air. A recent graduate of the University of Wisconsin Law School, Keene visited more than 75 other campuses last year as the National Vice-Chairman of Young Americans for Freedom. What is the responsibility of the

Question Box

(We invite questions on economics and the proper function of government which will not injure anyone.)

QUESTION: Why are wages for construction workers half again as large as that of factory workers as reported in "U.S. News and World Report" in their issue of September 22, 1969? They also report that they have increased more rapidly since 1965 and August, 1967, than the factory workers.

ANSWER: The reason that construction workers can extort a much higher wage than the factory workers is that you can't import buildings at a profit across the seas — or even from one city to another — while the things that are made by the factory workers are in competition, to a large extent, with imports of food, clothing and the comforts of life.

It's due to the fact that there is more competition with foreign markets. If automobiles or refrigerators get their prices too high, customers will buy imported automobiles and refrigerators, etc. But it is not practical to import a big building. It has to be built on the ground. To move it across the ocean and inland would be extremely expensive. For that reason construction workers get so much more than factory workers.

There is also the argument that factory workers can work, rain or shine, in all kinds of weather, while the construction workers, can't work under certain weather conditions.

But the main reason is that there is competition from abroad for what the factory workers produce and there is no competition for what the construction workers build on the ground.

The Doctor Says

By DR. W. G. BRANSTADT

Dandruff, Allergy

Causes of Itching

Q—What causes itching of the ears and eyelids? What can I do for it?

A—When itching involves chiefly the ears, eyelids, or both, the most usual causes are seborrheic dermatitis associated with excessive dandruff and allergy. Controlling the dandruff or finding and eliminating the offending allergen should give you relief.

Q—For about two years I have had a creeping or crawling sensation on my shoulders. What would cause it and how can I get rid of it?

A—in some persons a sensation like crawling insects is due to wearing wool next to the skin. In others it may indicate a dietary deficiency, especially of one or more vitamins. A third group is high strung and has a morbid fear or dislike of insects. Each group requires different measures for relief.

Q—What would cause a woman, 39, to have severe itching over her entire body? There is no rash but welts appear after scratching. Allergy has been ruled out and antihistamines do not help.

A—The most likely cause is excessively dry skin. Try bathing in cool or lukewarm water — not oftener than two or three times a week — and use one of the soaps to which cold cream has been added or add a bath oil to your ablution.

Q—My doctor says I have scabies. He told me to apply Kweil. Does it cause any side effects?

A—Properly used, this cream will kill the itch mites. There are no side effects but you should keep the cream away from your eyes and other mucous surfaces.

Q—I am a man, 25. Six years ago, I contracted regional ileitis or enteritis. Could it make me feel tired all the time? What do you recommend?

A—Regional ileitis or Crohn's disease is indeed enervating. Although the cause is unknown it is aggravated by nervous tension, a diet high in roughage and, in many persons, by smoking. The treatment, which is difficult at best, must be tailored to the individual. It usually includes a bland, low-residue diet and drugs to soothe the bowel. Antibiotics, drugs of the cortisone group and folic acid (a vitamin) may be helpful. In many victims, however, surgery is necessary.

HOW TO ADDRESS OUR LAWMAKERS

You may want to write your senators and representatives in Washington and Austin. Here are their addresses:

STATE
Rep. Malouf Abraham, Canadian, Texas
Sen. John Tower, Senate Office Bldg., Washington, D.C. 20515

FEDERAL
Rep. Bob Price, 501 Cannon House Office Bldg., Washington, D.C. 20515
Sen. John Tower, Senate Office Bldg., Washington, D.C. 20515
Rep. Ralph Yarborough, Senate Office Bldg., Washington, D.C. 20515

Wit And Whimsy

A young husband phoned his bride to ask what she was going to have for dinner.
Mary (the bride) — Heaven knows. When the phone rang I lost my place in the cookbook.

It's estimated that by 1970 about 51 percent of the country's drivers will be women — and that's counting just those in the front seat!

Inside Washington

JOHN GOLDSMITH

'Cops' Vs Doctors—Drugs Brew New Mutiny

ROBERT ALLEN

WASHINGTON — In the wake of other intramural disputes, a mutiny is brewing in the Nixon Administration's war against narcotics.

At odds in this controversy are enforcement-minded officials of the Department of Justice and treatment-oriented physicians in the Department of Health, Education and Welfare. Theirs is an old argument.

The disagreement appeared to have been papered over for a while, however, and the two departments were supporting an administration narcotics bill. Then congressional committees began hearings, and the cracks began to show again.

Now the controversy appears to have the potential for another embarrassing intra-administration tug-of-war like those, much publicized, over school desegregation, anti-trust policies, oil depletion concessions, and the like.

One trouble is that Sen. Ralph W. Yarborough, D-Tex., chairman of the Senate Labor and Public Welfare Committee, has introduced his own narcotics bill. It would give HEW a larger role in the drive against narcotics.

Certain of the research and education functions assigned to the Justice Department in the administration bill would go to HEW under Yarborough's bill and so would the classification of narcotics. Under the administration's bill, HEW would only make a recommendation to the attorney general about the scientific classification of individual drugs.

The classification provision is important. It embraces, for example, the controversy over whether marijuana is properly classified with the so-called hard narcotics in the sense of the anti-drug laws.

Lobbyists for the various medicine-oriented groups which have offices here are calling Yarborough's bill "the doctors' bill" and the administration's bill, "the cops' bill" to convey the idea that the administration bill puts heavy stress on enforcement.

ADMINISTRATION BILL—In recent testimony before a Senate subcommittee on alcoholism and drug abuse, Creed C. Black, assistant secretary of HEW for legislation, supported the "administration bill" and said it was not just a "Justice Department bill."

Black said HEW's "professional people" had every opportunity to express their views and register objections when the bill was being drafted.

PAUL HARVEY NEWS

Marijuana Is A No-No

By PAUL HARVEY

Some of my best editorials have ended up in the wastebasket because, when I got to the end of a tub-thumping, breast-beating tirade, I could not come up with some constructive suggestion for improving the situation.

The marijuana problem is a solution-defying subject, but on this I have a suggestion.

As a boy in legally "dry" Oklahoma it always seemed to me hypocritical to outlaw liquor when it was everywhere so readily obtainable.

Also, it seemed foolish to deprive the state of a legitimate liquor tax while paying that bounty instead to bootleggers.

Recently we have been hearing similar arguments in defense of marijuana and its opposition to the laws against it.

I've never tried marijuana and do not intend to. I'm having so much fun sober I'm afraid that any more "turned on" I'd blow a fuse.

But I have listened with interest to the pretty well balanced pro-and-con arguments on the subject.

Now the National Institute of Mental Health has undertaken a study of marijuana and its effects and a House education subcommittee is holding hearings on drug abuse. They'll try to answer the question of whether marijuana is, in fact, addictive, and the more important question: whether its use leads to the use of "harder" drugs.

They are going to hear our nation's top scientific official minimize the dangers of using marijuana. Roger Egeberg, assistant secretary of Health, Education and Welfare, says

In the give and take, Black said, HEW "won all the major debates."

Then Sen. Harold E. Hughes, D-Ia., aired the views of those "professional people." He commented that Dr. Stanley F. Yolles, director of HEW's National Institutes of Mental Health, had told another Senate subcommittee that he couldn't support the administration bill.

Hughes asked whether Dr. Morton G. Miller, director of special programs for the National Institutes of Mental Health, agreed with Yolles, Miller, testifying for the department with Black, replied that, "as a professional," he agreed.

Specifically — and again noting that he spoke "as a professional" — Dr. Miller said scientific determinations, such as the classification of drugs, should be made by "scientific persons in scientific agencies, primarily health agencies."

Black called Miller's statement "debatable" and noted that Congress thought otherwise when it centralized anti-narcotics activities in the Justice Department in 1968.

Significantly, the government's top physician didn't testify. Dr. Roger O. Egeberg, assistant HEW secretary for health, had been invited, but Black appeared in his stead, reporting that Egeberg had "serious scheduling problems."

POSITION "UNBELIEVABLE" — The subcommittee did hear, however, from Dr. James Goddard, director of the Food and Drug Administration for the Johnson Administration and now a spokesman for the Public Health Association. He noted that he had supported the centralization of function in the Justice Department in 1968.

Goddard said the Nixon administration bill and rationale were "unbelievable" and "... I now reverse my stand completely."

It was, in short, not a joyful hearing for administration spokesman Black. Hughes even took exception to Black's suggestion that the fight against drugs and alcoholism, and other vital health programs, have been curtailed by the budget pinch.

Hughes, a self-confessed alcoholic, said the fight against drugs and alcoholism can not wait for the end of the Vietnam war and an easing of inflationary pressures.

"I am going to be a burr under the saddle," said Hughes, "and some people are going to buck before we are through."

Television In Review

HOLLYWOOD (UPI)—Jackie Gleason's weekend CBS-TV series is operating at maximum efficiency—with high-powered attractions—in facing the new head-on competition of NBC-TV's Andy Williams.

NBC-TV's intention with Mr. Williams was to try to knock off the great Gleason, who has owned the early Saturday night audience for some time now. And although it is early in the season, the indications are that Mr. Gleason's popularity is still as strong as ever—maybe stronger.

Not only is Art Carney back with "Gleason" as they continue to be the best comedy team in American show business today, but their adventures in "The Honeymooners" sketches—now expanded to full musical hours—have been given a fresh location after their fictitious sinning of a trip to Hollywood.

Furthermore, the Gleason camp, perhaps because of the Williams competition, has muscled up on major guest stars for "The Honeymooners"—with Bing Crosby and Maureen O'Hara participating this past weekend, and Carol Lawrence and the Baja Marimba Band appearing this coming Sunday in an episode set in Mexico.

On his season Premiere, Gleason outpointed Williams, who had a week head-start on him, by a tremendous margin in the ratings. This was not exactly a fair assessment of their relative strength, because apparently no quarter of Williams' show was obliterated from Boston to Denver by the latter part of an NBC-TV baseball game between the Los Angeles Dodgers and San Francisco Giants.

ERNEST BORGNINE

Shake hands with your newspaperboy today

Shake hands with a successful local businessman:
The young fellow who delivers your daily newspaper.
He provides you one of the friendliest and most dependable services you enjoy today. Your newspaper on time, where you want it, at your door, every

single day of issue.
He buys his newspapers from us and sells them to you. He sells, he delivers, he keeps records, he collects, he makes a profit. He learns the basics of business. He also manages (perhaps because of his route experience) to do a better than average job of his

studies and to have more fun than most boys.
In every way, he is an exceptional fellow.
Be reminded that Saturday is International Newspaperboy Day—the day of the year to shake hands with your newspaperboy. Do it.

It's International Newspaperboy Day: Saturday, October 11

The Pampa Daily News

ABC's OF Advertising

Start with an Audit

Advertising is a serious investment... art, engraving, typography and copy are costly. All are planned carefully to attract readers who are prospects for the merchandise or service. No business can afford to waste any part of this investment in any medium that cannot guarantee definite circulation and readership. "Waste basket circulation" in post offices, and no called throw-aways that usually travel to the incinerator are of little or no value to the advertiser.

The Pampa Daily News

is a completely Family Newspaper Delivered Daily - - - paid for and Welcomed!

BUYING ON THIS BASIS IS SOUND!

Careful studies made regularly by an independent organization—the Audit Bureau of Circulations—shows advertisers exactly what they get in circulation and readership for their advertising investment.

For most subscribers the PAMPA NEWS is the family shopping guide, for it carries the advertising of practically all progressive Pampa stores, markets and services.

It is the ABC's of advertising

The Audit Bureau of Circulation (ABC) is a co-advertising agencies and publishers for the verification of circulation of newspaper members in operative, non-profit organization of advertisers, the United States and Canada.

Legal Publication

ORDINANCE 700
An Ordinance providing for the levy and collection of a tax of one dollar to provide a general fund for general purposes for the year 1963, and to provide a Library Fund for the year 1963 on each one hundred dollar valuation of all taxable property within the city of Pampa, Texas; to provide for the levy and collection of a tax of seventy-two cents on each one hundred dollar valuation of all taxable property within the city of Pampa, Texas; to provide for interest and Sinking Funds for payment of the bonded indebtedness of said city for the year 1963 and providing for a penalty and interest if delinquent, and declaring an emergency.
Oct. 10, Oct. 17, 1963 T-53

NOTICE TO BIDDERS
The City Commission of the City of Pampa, Texas, will receive sealed bids in the City Commission Room, City Hall, Pampa, Texas, until 8:30 A.M. C.S.T. Tuesday, October 25, 1963, for the following:
10 - 4 Cu Yd. Metal Refuse Containers
13 - 4 Cu Yd. Metal Refuse Containers
13 - 4 Cu Yd. Metal Refuse Containers
Bids may be delivered to S. M. Chittenden, City Secretary, City Hall, Pampa, Texas.
Proposals and Specifications may be secured from the office of the City Engineer, City Hall, Pampa, Texas. Mailing Address P. O. Box 2499, Pampa, Texas. State Sales Tax exemption Certificate will be furnished. The City reserves the right to reject any or all bids and to award to the lowest bidder and to waive formalities and technicalities.
S. M. Chittenden
City Secretary
Oct. 10, 17, 1963 T-54

Answer to Previous Puzzle

Backstairs At The Whitehouse

Whatever the dimensions of the nationwide "moratorium" against continued American presence in Vietnam set for Oct. 15, the White House and surrounding area seem certain to be in the center of the show.

Troop withdrawals and the Paris negotiations are moving much too slowly to suit supporters of the Oct. 15 movement and thus, in their minds, what once was "Johnson's war" is now "Nixon's war." They want all U.S. forces withdrawn from Southeast Asia at once. Some diehards really mean it in terms of immediacy; others say they are talking about a period of from two to three months.

If the Oct. 15 people stop to think about it, they must know their goal is unachievable for two basic reasons — logistics and the announced policies of President Nixon.

This is pragmatism; not a matter of whether the anticipated demonstrators are right or wrong. It has nothing to do with their feelings, sincerely motivated or not. The U.S. simply is not going to pull out of Vietnam all at once. Or out of Thailand, Korea or Germany — not all at once and not in any particular hurry.

While the Oct. 15 display, particularly the door-to-door aspects in the suburbs and larger residential communities, might have much merit of purpose and possibly some success, it will be something of a shame, a sad shame, if the participants in downtown Washington become whipped up emotionally and try to inundate either the Capitol, the Pentagon or the White House.

Come close but don't touch. That, in essence, has been police policy in the past.

Wall Street Chatter

NEW YORK (UPI)—The cause of the bear market has been a relentlessly upward march in interest rates, says the Dines Letter. It asks: Why get 2 per cent or 3 per cent on common stocks, which are risky, when one can get over 8 per cent on the best bonds? "It is this competition from the bond market which is draining so much money away from the capital investment area," the analyst observes.

Harris, Upham & Co. believes the market has completed a large part of the decline that is necessary to correct the excesses of recent years. The firm adds it would have more confidence that the final low had been reached if the attempts to check inflation had been more successful or if there had been a real selling climax, "instead of a semi-one" in July.

When all known factors have been taken into account and technical price patterns of hundreds of stocks studied, the overall market picture emerges as "not nearly as dark as the performance of the averages suggest," observes Hayden Stone Inc. "Any indiscriminate or across-the-board type of panicky selling, such as might be induced by another adverse news development, or a break down to new lows by the averages, seems completely unrealistic and unwarranted," the firm says.

The Lighter Side

By DICK WEST

WASHINGTON (UPI)—It was reported this week the Pentagon was underwriting a \$600,000 research project to determine if birds could be trained to perform certain military tasks.

Well, President Nixon has said all along that he had a plan for ending the Vietnam War. Maybe this is it.

In the first phase, already under way, Vietnamese would be trained to replace American troops, who would be withdrawn. Then, in the second phase, the Vietnamese troops would be replaced by birds.

Ornithologizing the war might get some of those Harvard professors off of the President's back. But I doubt it would end congressional criticism of the military-industrial-birdseed complex.

At some point in the future, the top news story of the day might read something like this:

WASHINGTON—The Defense Department announced today it had awarded a \$7.5 billion contract for the development of a new ABM (anti-black billed magpie) system.

A spokesman said the decision to build the system was based on intelligence reports that Russia was training black billed magpies with "first strike" capabilities.

He said the system also could be used as a defense against Chinese ducks.

Senate Democrats, however, criticized the project as unnecessary and wasteful. They said it would lead to further acceleration of the pigeon race and would make it more difficult to obtain an international robin limitation agreement.

Thus far, the United States and the Soviet Union have

MORE MENINGFUL

DOWNHAM, England (UPI)—A man dumped a sack of coal on the altar steps at St. Barnabas Church; another man did likewise with a tray of drinks, then came a garbage can and a load of laundry.

The vicar decided the traditional "harvest festival" didn't mean much, so he asked his parishioners to bring the harvest of their own work, or the tools of their trade.

Fire Prevention Week

OCTOBER 5-11

Look around you! Ask yourself if you've done all you can to protect your home against the threat of fire. Think about increasing property values and home improvements or additions which may have seriously outdated your present home insurance protection. Then, find out how State Farm... the number one company in home insurance... can give you all the protection you'll probably ever need for your home.
