#### For TOPS Slimmers

SKELLYTOWN (Sp) — The Skellytown TOPS Slimmer Club met recently in the home of Mrs. Mary McKissick for their annual Christmas party and salad supper. After members were weighed in at the IOOF Hall by the weight recorder, Mrs. Ernestine Campbell, invocation was given by Mrs. Ernestine Campbell.

The business meeting was conducted by the club leader, Mrs. Dorothy Horner as the weekly queen. Mrs. Mary McKissick was introduced. Roll call was answered by pounds lost or gained.

New officers elected were: Mrs. Gladys Simmons, co-leader; Mrs. Odell Hassler, weight recorder; Mrs. Mary McKissick, assistant weight recorder; Mrs. Naomi Fox, treasurer; Mrs. Sadie Lane, secretary; Mrs. Ernestine Campbell, assistant treasurer; Mrs. Opal Gray, and reporter, Mrs. Fannie Coleman.

The group also exchanged gifts from a lighted Christmas tree.

Attending were Meses. Opal Gray, Odell Hassler, Fannie Coleman, Gladys Simmons, Naomi Fox, Dorothy Horner, Ernestine Campbell, and one guest Mrs. Susie Roberts.

## JEANE DIXON

#### SATURDAY, JAN. 11.

Your birthday Saturday: Many surprises are in store for you this coming year. Fresh beginnings are thrust upon you time after time. Your interest is aroused by changes in the behavior of people around you and by changing social conditions. Romance is favored for those who proceed with emotional maturity. Saturday's natives are usually keen at what other people are thinking.

ARIES (Mar. 21-Apr. 19): Relative quiet prevails if you will let nature take its course. Just enough difference of opinion sparks full discussion of all issues. Get extra rest or invest time in your favorite hobby Saturday night.

TAURUS (Apr. 20-May 20): Routines are favored, major changes are not. Attend your health and welfare. Line up your accounts in the evening; retire early.

GEMINI (May 21-June 20): Saturday is a continuation of yesterday and holds about the same mood. Go with the more pleasant facets as long as they can be stretched. Associates may have less energy; don't pester them.

CANCER (June 21-July 22): The more you escape friends and relatives, especially older people, the better off you are today. Defer important decisions. Nothing you do or spend money on serves to impress anybody; save your

time and money for a better opportunity.

LEO (July 23-Aug. 22): The fine art of holding your own counsel under provocation is priceless. Judge carefully what you hear; reserve action until you have more of the story. Love interest lessens as the day wears on.

VIRGO (Aug. 23-Sept. 22): Saturday's low pressure is best for clearing away odds-and-ends but not for significant overhauling of one's circumstances. In the calm of evening you may have some insight about your life that is strange to you. Have the courage to look directly into it.

LIBRA (Sept. 23-Oct. 22): Your friends get into complex and confusing situations. If you attempt to help out, you'll waste the whole day. Don't neglect your own affairs!

SCORPIO (Oct. 23-Nov. 21): Self-sufficiency is the key. Nobody seems to be much help or to have any of the things you need. Take the trouble to prepare for tomorrow.

SAGITTARIUS (Nov. 22-Dec. 21): Encouragement is a rare commodity, yet when it does come, it may have a gimmick behind it. Get a medical checkup started for reassurance. Seek light entertainment tonight.

CAPRICORN (Dec. 22-Jan. 19): Stay with yesterday's approach. You can get lots of help from friends, neighbors—just be selective as to whom you bring in.

AQUARIUS (Jan. 20-Feb. 18): Study, research, work requiring concentration are favored. Yesterday's direction can be followed quite a way yet. New starts are ill-advised.

PISCES (Feb. 19-Mar. 20): You can easily create the wrong impression now. Older people upstage you with talk of places and things you have not seen or done. You may have to back up a friend with no chance to confer.

### Two White Deer Students Receive NHS Recognition

WHITE DEER (Sp) — Francis Sellers and Robert Johnson, two White Deer High School freshmen, have been selected to receive the WDHS National Honor Society salute. Miss Sellers, daughter of Mr. and Mrs. M. E. Sellers, is a member of the Masquers, Science Club, the band, the girls' basketball team.

Both were a part of the stage crew for "Our Town" helping with sound effects for the play. She was active in the White Deer Library's summer reading program.

Johnson, son of Mr. and Mrs. John Johnson, is a member of the band, the Masquers, and the Science Club.

### Dear Abby

by  
Abigail  
Van Buren

DEAR ABBY: When my sister was 15 she got in trouble and you know the rest. I was nine at the time and I've been trying to make up for her mistake ever since so my mother will be proud of at least one of us.

Well, I'm 13 now and the kids seem to like me and I'm quite popular, but my problem is my mother. She worries about me all the time, and she keeps pushing my sister's past on me. It's like leading two lives. My own and what my mother thinks I am.

I think I have proved to other people that I am not a "bad" girl like my sister, but I'm still trying to prove to my mother that she can really trust me. Can you help me, Abby?

LIVING TWO LIVES  
DEAR LIVING: Don't blame your mother for "worrying." It is not easy for her to forget what she went through with your sister. But one mistake does not make a girl "bad," so just concentrate on behaving yourself and your mother will "really" trust you soon.

DEAR ABBY: I've been married for three months to a beautiful girl. We are quite happy except for one aggravating thing.

On our honeymoon she was a vision. Always beautifully groomed and clothed, but now that we are living in our own apartment she is a fright.

Before going to bed she smears her face with goopy creams and puts those God-awful curlers in her hair. In the morning she puts on a ratty bathrobe tied like a sack in the middle.

When I complain and ask her what happened to that gorgeous girl I took on my honeymoon, she says, "Well, we were staying at that lovely hotel and I had to look nice with all those other guests."

I ask you, Abby, doesn't a husband count? Or are strangers more important? Print this. It may wake her up before it's too late.

### WONDERING IN YONKERS

DEAR WONDERING: Show this to your wife. One wise bride wrote, "Let the milkman, mailman and neighbors see me looking something less than lovely during the daytime... but when my husband comes home, I want him to see me at my prettiest."

DEAR ABBY: I am 13 years old and read your column and I sure wish you would put this in.

The man who was mad at his wife because he thought he could not father a child at his age and he said he was over 60 should listen to this. My grandfather is 82 years old and he has 23 children, and the youngest is ten years old, so there. And you can sign this "Proud of Grandpa" in Riverside.

## Girl Scout Adults Adopt New Uniform Style

The 1,500 Girl Scouts in the Quivira Council are being directed by fashion minded adult leaders who start this year with a new uniform style and consolidated administrative offices.

The 600,000 adult members of Girl Scouts of the USA have adopted a uniform which replaces the 20-year old traditional two-piece dress with a green A-line dress an optional mini or midi hem according to Mrs. Richard Stowers, council president.

More than 26 million girls and women have belonged to Girl Scouts since the organization was founded in 1912. At that time, the Girl Scout style was in line with the era, though bloomers were frowned upon in the early days, she said.

The Quivira Council, which includes 10 counties, has 270 adults directing scouting activities, with 88 of these in Pampa. Any adult working in scouting is eligible to wear the new uniform, if she wishes. The two piece outfit, worn since the 1950's, is not outdated, since

several scouting adults still wear them, but the new uniform is available at local stores, Mrs. T.M. Whiteley, field advisor here, said.

Quivira Council counties are Hutchinson, Roberts, Hemphill, Carson, Gray, Wheeler, Armstrong, Donley, Collinsworth and Hall.

Another development in scouting to keep pace with shifting population trends is the consolidation of the former 12 regions of U.S.A. girl scouts into six new regions. The new region for Quivira Girl Scout Council to which Pampa belongs include Arkansas, Colorado, Iowa, Kansas, Missouri, Nebraska, New Mexico, Oklahoma, Texas and Wyoming, Mrs. Stowers said.

These states are now Region Five with national branch office located in Kansas City, Mo. Several services formerly located in New York City, have been decentralized. Specialists will be based in the six regional offices to assist councils with activities.

The 10 specific areas for the regional office will offer more benefits to the individual council. These 10 areas include raising, financial management, programs in camps, metropolitan and rural area services, personnel service, public relations, volunteer and professional staff training, organization and office management, periodic evaluation service and extension of membership.

Local Students To Perform In Regional Concert

Pampa High School Harvester Band will have 17 students performing Saturday in the annual Regional Band Concert in Borger High School Auditorium. The students are part of a 101 student band from 11 3A and 4A high schools in the North Zone, of the Texas Panhandle.

"Pampa area residents are invited to attend the concert," Harris Brinson, PHS band director, said. "Tickets are 50 cents and will be sold at the door Saturday night. The program will include a variety of selections from classical to contemporary, familiar tunes."

Gerald Hemphill, chairman of the department of music, Phillips University in Enid, Okla., will be clinician for the band. He will rehearse the students Friday and Saturday and will conduct the concert performance.

Students performing from Pampa are Nancy Lemmons, flute; Teresa Mercer, E flat clarinet; Judy Stephens, Mike Hinzlitz, Gary Brummett and Dbyle Gerken, all clarinet; Donna Haynes, and Judy Murrel, both alto clarinet; Annette Dunham and Sheila Williams, both bass clarinet; Terry Williams, bassoon; John Haeste, Eugene Kaler and Charles McFarland, all coronet; Buzzy Green, baritone; Randy Reeve, trombone and Kirk Webb, tuba.

The program selections will include "Hands Across the Sea", March, by John Phillips Sousa; "Colas Breugnot" overture, by Kabalevsky; "Barber of Seville" overture, by Rossini; "Soirees Musicales," arranged by Benjamin Britten; "Brazilian Festival," arranged by Howard Cable; "American Salute" march, based on theme of "When Johnny Comes Marching Home," a modern work by Martin Gould, and another popular tune, "Fandango," by Frank Perkins.

Band Students In Semi-Finals Of State Choir

Eight Pampa High School students are in the semi-finals for All-State Choir positions and will try out at 9 a.m. Saturday at West Texas State University. Each of the eight were in the top four in regional competition held in October in Dumas.

The eight students are Linda Brumley, Clessie Vaughn, both second altos; Mackie Hudgins, Glenda Howard, first altos; Cynthia Carter, Donna Matheny, both second sopranos; John McPherson and Mark Turner, baritone.

Alternates are Jan Elder, first soprano; Wanetta Bayless, second soprano; Tommy Roberts, first tenor; Darrell Cory, baritone and David Cory, bass.

Out of 64 students, with eight in each section, who will try out Saturday, the top two in each section will make All-State. The All-State Choir finals and two concerts will be held in San Antonio at the new convention center, Feb. 20-22. Bill Davis, PHS choir director, said.

All-State singers will perform their program during the convention clinic of 4,500 music teachers planning to attend the Texas Music Educators Association state meeting.

The 64 students competing Saturday are from Region One, which includes counties from Lubbock north to the Texas Panhandle border.

# Of Inspiration

Pastor J. B. Caldwell  
Highland Pentecostal Holiness Church

### "Except A Corn of Wheat Die"

Verily, Verily I say unto you, except a corn of wheat fall unto the ground and die, it abideth alone, John: 12:24. Jesus said unto them ALL, If any man will come after me, let him deny himself and take up his cross daily, and follow Me. Luke: 9:33.

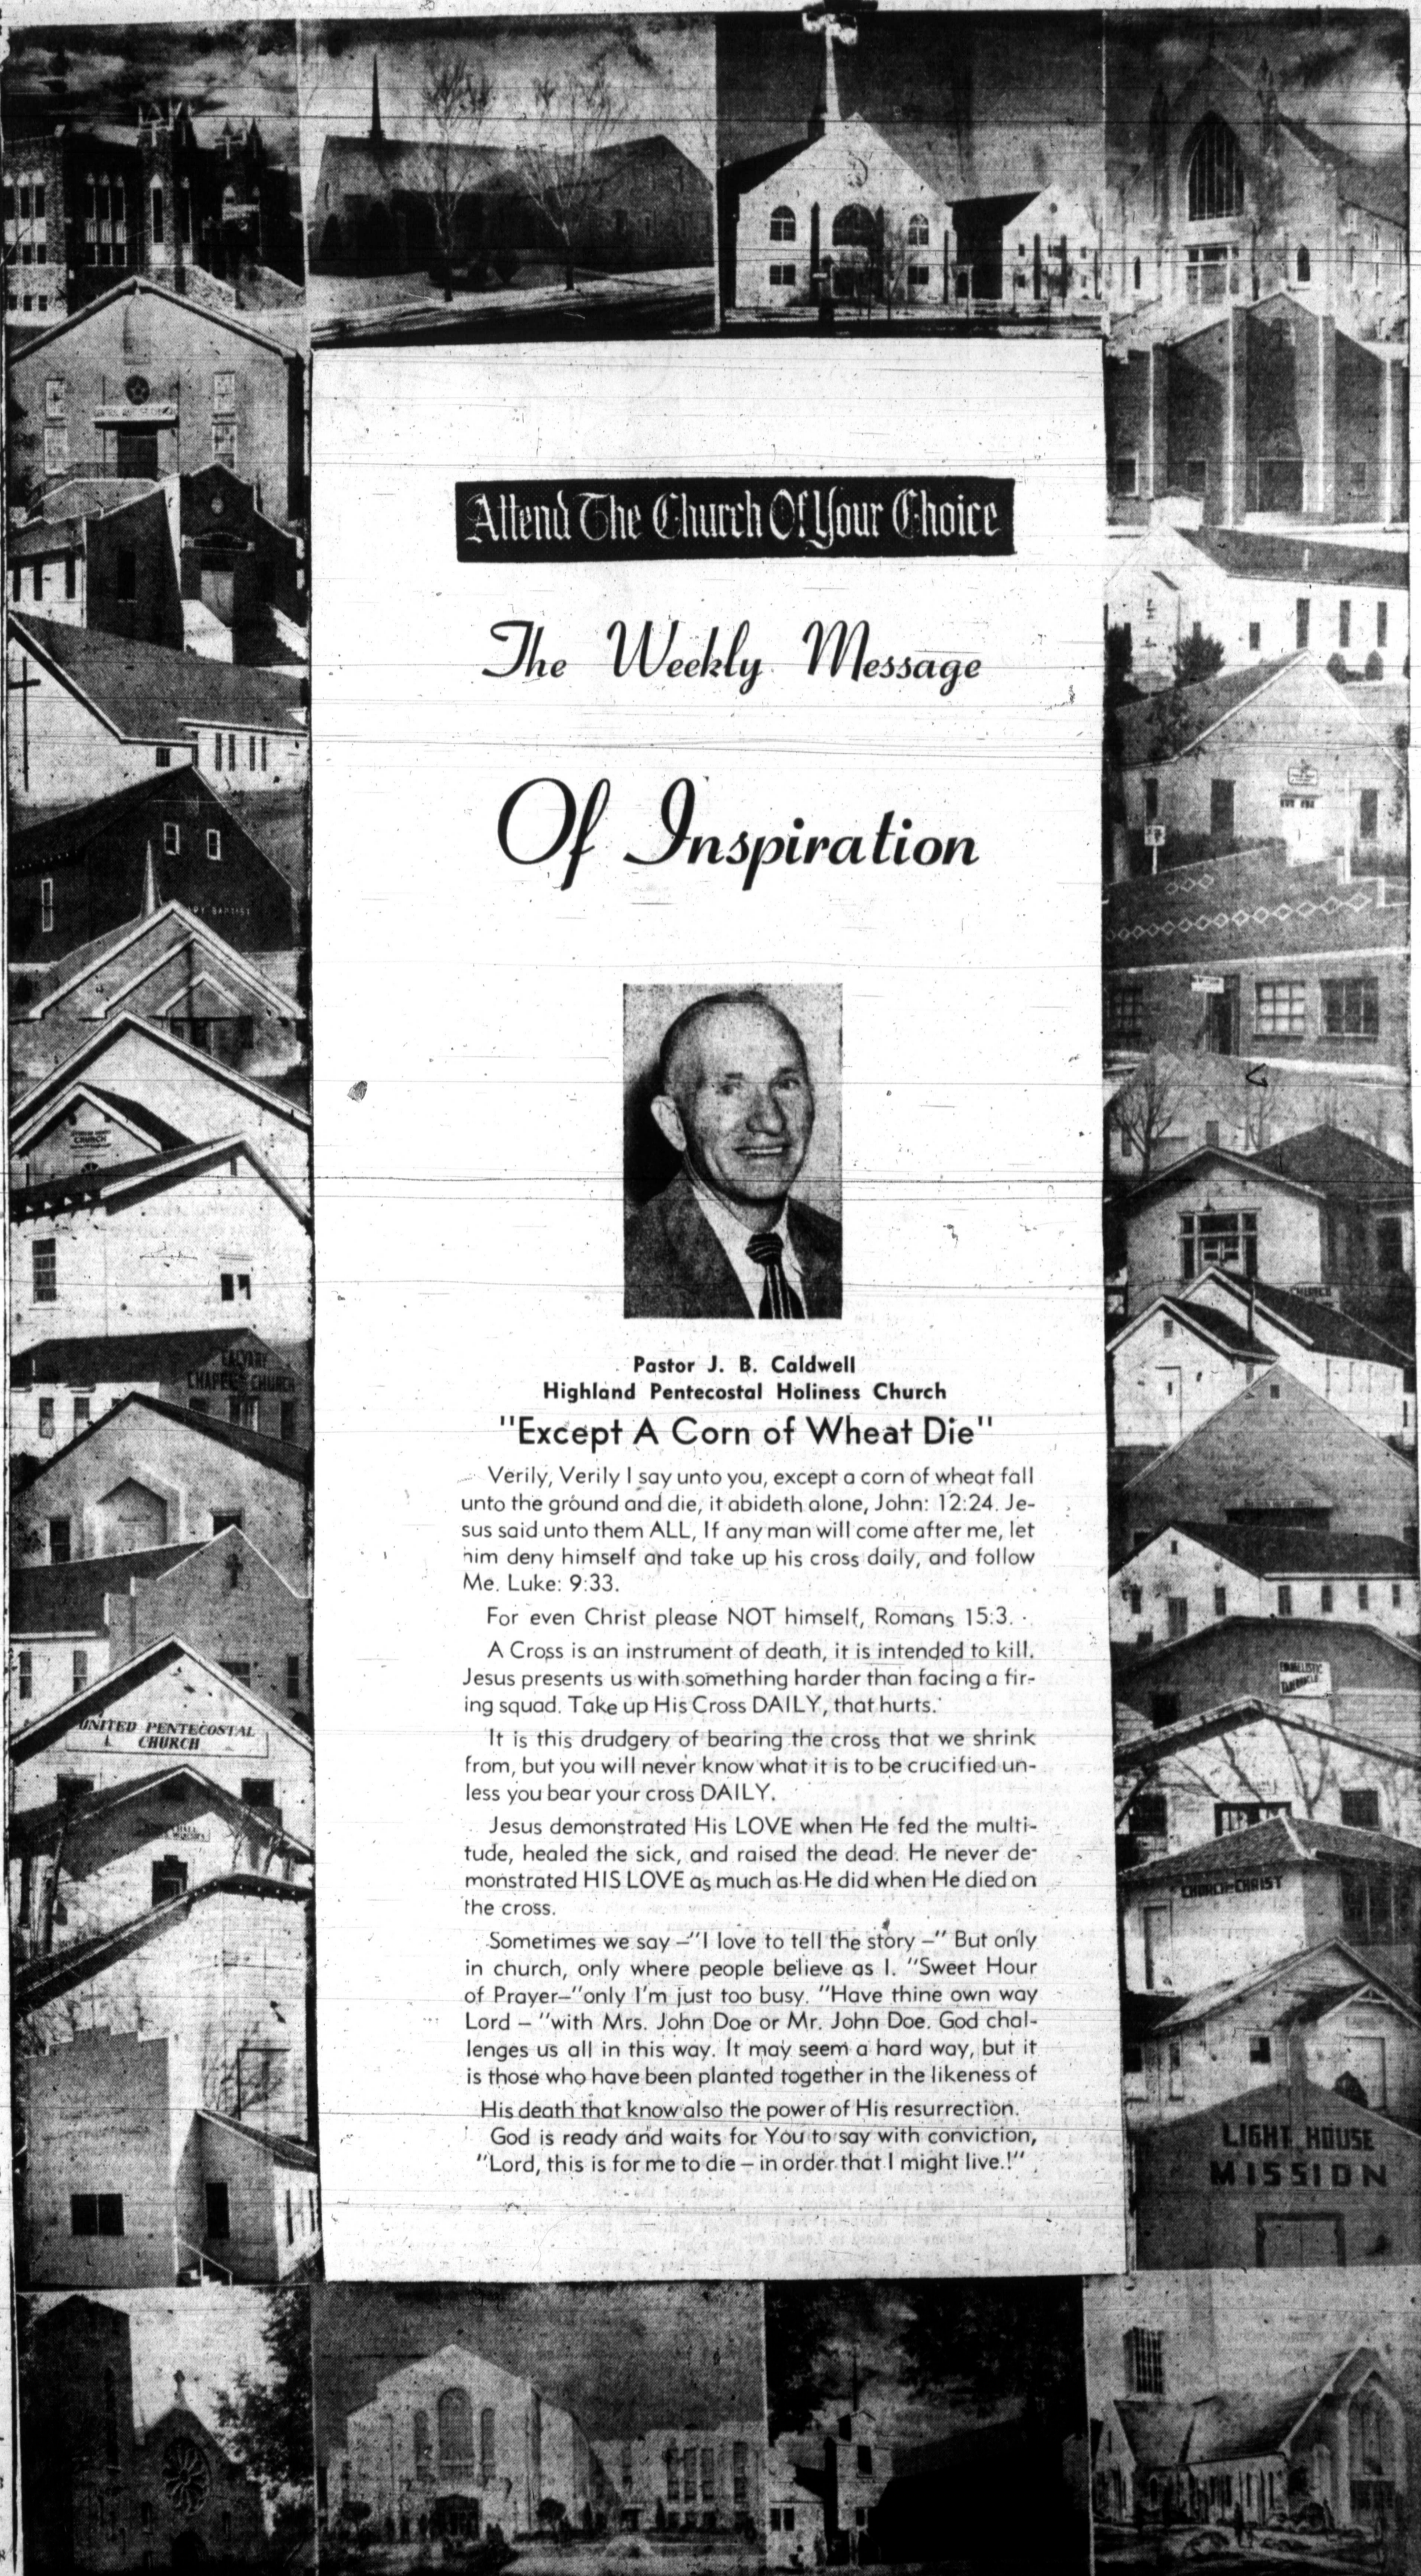

For even Christ please NOT himself, Romans 15:3. A Cross is an instrument of death, it is intended to kill, Jesus presents us with something harder than facing a firing squad. Take up His Cross DAILY, that hurts.

It is this drudgery of bearing the cross that we shrink from, but you will never know what it is to be crucified unless you bear your cross DAILY.

Jesus demonstrated His LOVE when He fed the multitude, healed the sick, and raised the dead. He never demonstrated HIS LOVE as much as He did when He died on the cross.

Sometimes we say — "I love to tell the story —" But only in church, only where people believe as I. "Sweet Hour of Prayer —" only I'm just too busy. "Have thine own way Lord —" with Mrs. John Doe or Mr. John Doe. God challenges us all in this way. It may seem a hard way, but it is those who have been planted together in the likeness of His death that know also the power of His resurrection.

God is ready and waits for You to say with conviction, "Lord, this is for me to die — in order that I might live!"

Pull Up A Chair

By JOHN KEASLER

The Ever-livin' Christmas Tree "Hey!" said the 5-year-old excitedly, alarm mingled with greed, "Somebody threw away Christmas already."

And he handed his mother a once-white plastic reindeer he had found in his home away from home, the trash pile.

It will go on the tree along with an incalculable array of junk—after all it's only January, and at my house the Christmas tree doesn't really pick up a full head of steam until early February.

After 19 years of married life I can't exactly remember how the tradition of hanging on to the tree past all reasonable time limits got started, or why.

The minute the tree is thrown away, whatever room it was in for those few months immediately looks bare and

## Pampans Attend CoC Conference In Amarillo

A delegation from the Pampa Chamber of Commerce attended a Legislative Affairs Conference at the Amarillo Club Tuesday, which was attended by representatives from most Panhandle cities.

Harry Cowan, district manager of the United States Chamber of Commerce, outlined services available from the office of the United States Chamber to local Legislative and National Affairs Committees and explained how the national Chamber could be of assistance to local groups.

Cowan explained that the Chamber of Commerce of the United States is a structure of purpose and an agency of action. It is the organization through which the business community expresses itself to let the public and the government know where business stands on current national issues and to help mold national policy for the long-range good of the country.

The ten specific goals of the national Chamber are to strengthen and improve the competitive enterprise system; to keep the economy dynamic and expanding to create new job opportunities; and to raise the level of living of the American people; to preserve our representative form of government, with proper checks and balances, and with limitations on its powers; and to encourage the solution of local and national problems through voluntary organized action, and thus to remove excuses for intervention by the federal government.

Also to reduce non-essential government spending; to halt inflation by getting rid of the causes of inflation; to equip and encourage businessmen and others to be better informed, more active and more responsible citizens; to emphasize the worth and dignity of the individual; to advance the political and economic interests of the United States in world affairs; and to keep the country productive and strong against the threat of war.

Ben Sturgeon, local attorney, is chairman of the Pampa Chamber's Legislative and National Affairs Committee.

Attending the meeting in Amarillo Tuesday were Bill Power, manager of the Pampa Daily News; Gordon Lyons, district manager of Southwestern Public Service Company; and E.O. Wedgeworth, General manager of the Chamber.

## Joint Return Offers Advantages to Most

EDITOR'S NOTE: It is time to think about the income tax again. This is Chapter Three of a series reviewing the regulations, with emphasis on taking advantage of all exclusions and deductions legally due you.

By RAY DE CRANE  
NEA Publications

Almost invariably, married persons will save tax dollars by filing a joint return.

But since there are exceptions to this general rule, these special circumstances should be considered before the final selection is made. Separate returns oftentimes will offer a savings for married taxpayers if:

One of the spouses who had taxable income also had unusually high medical expenses.

Each had capital losses of more than \$1,000 in 1968 from the sale of unprofitable investments.

They are residents of one of the community property states—Arizona, California, Idaho, Louisiana, Nevada, New Mexico, Texas and Washington.

They may treat income on their separate returns as if 50 per cent had been earned by each. Similarly, contributions,

interest, taxes and medical expenses are treated as if paid from community funds with half of the deductions accorded to each spouse.

Since medical expenses are not deductible until after they exceed 3 per cent of adjusted gross income, it is apparent that a separate return by the party having a lower income and relatively high medical expenses would produce a bigger deduction than would be permitted on a joint return. The advantage in this deduction might be offset by disadvantages in other areas, so both joint and separate returns should be attempted.

When a medical deduction is claimed on a separate return, care must be taken to see that the payment of medical expenses is made with the separate funds of the party claiming the deduction. Payments made by check on a joint checking account, for example, are considered to have been made one-half by each spouse.

It must be remembered, too, that when married persons elect to file separate returns each must follow the same course with respect to deductions. They each must itemize deductions, or each take the 10 per cent allowance

## Savings Bonds Sales Reaching Near Goal

November sales of United States Savings Bonds and Freedom Shares in Gray county totaled \$23,871 according to George B. Cres Jr., chairman of the Gray County Savings Bonds Committee. Total January-November sales were \$366,373, which was 73 per cent of the 1968 goal of \$500,000.

During the 11-month period sales in Texas totaled \$164,300, 91.7 89 per cent of the 1968 sales goal and a 6.8 per cent increase over sales during the same period of last year.

PRAGUE—Josef Smrkovsky, urging his fellow Czechs not to protest his ouster as president of the National Assembly by Peter Colotka, a Slovak:

for deductions (subject to limitations), or each take the minimum standard deduction (subject to limitations).

Since there were wide swings in the stock market last year there is a possibility that if husband and wife each own securities there could have been losses taken by each. On a joint return they are limited to a maximum \$1,000 loss offset against ordinary income after capital gains. On separate returns each spouse could realize the benefit of the full \$1,000 deduction against other income.

## Penney Co. Discussed At Rotary Meet

The growth of the J.C. Penney Co. was traced by Norman Fritzier in a classification talk before the Pampa Rotary Club Wednesday in the Coronado Inn. Fritzier said that Penney opened his first store in Wyoming in 1902 and expanded his operations to 1,000 stores with an annual income of some \$3 billion, 400 million.

Penney is still active at the age of 93 years old and is honorary chairman of the company's board of directors.

Pampa's Penney's store was opened in 1929. In other business, Dick Donaldson, Junior Rotarian for December, introduced Billy Thomas, who will serve during the current month. Billy is on the student council at Pampa High School and is a member of the Harvester basketball team.

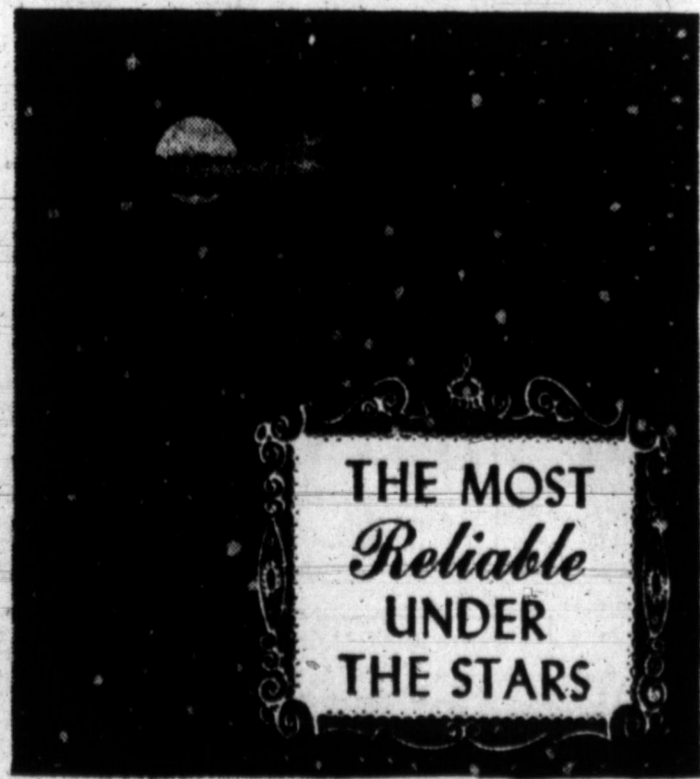

## Woman Reports Credit Card Loss

Mrs. Rex McAnelly, 2000 Charles, reported to Pampa police Wednesday that either she had lost or someone had stolen her Conoco credit card.

Mrs. McAnelly told police that someone had been forging her name since last Sept. 8, the last time she remembered seeing the credit card.

Mrs. McAnelly said that \$32 worth of gas and oil had been forged in her name with use of the credit card.

**GOING FOR THE REBOUND** — Pampa's Edward Moultrie continues to lead his team in rebounds. The Harvester jumping jack has hauled down 57 through 14 games. Pampa plays Lubbock in a district game in Lubbock tonight.

### Pampa Tests Lubbock in District Game

By RON CROSS

LUBBOCK — Pampa journeyed to the middle of nowhere today to try and stay in position to do something in the District 4-4A basketball race.

The Harvesters and Lubbock Westerners meet at 8 p.m. in the Coliseum with the B teams from the two schools playing a 6-1 1/2 p.m. game.

Tascosa del Pampa only its second setback in six league outings last week and the Harvesters know they must defeat Lubbock to keep in the running for the league title. Only two games remain in first half district play and if Pampa could finish 7-2 they would be well in the running in second half play.

The Westerners have beaten only Caprock, 54-50 in district competition and have just one other victory in a total of 19 games.

Pampa will try to improve on its 9-5 season record. Both Pampa losses, in district play have been by a total of only four points.

The Harvesters have the second best defensive record in the league (48.1) and have been just average offensively (57.1) while Lubbock has been scoring at a 49.4 per game clip in district competition. But the Westerners have given up 424 points, or an average of 70.6 per ball game.

Lubbock, who finished only 3-25 last season and finished last in the district in both halves, returned no starters this season and only four lettermen, none of whom are averaging in double figures.

Coach Don Nentwig will probably start returnees Monte Barker, Roy Elias, Randy Pope and Len Meinecke. All are seniors.

Meinecke at 6-2 is the tallest starter and David Dillashaw at 6-3 is the tallest Westerner and he has no experience.

In other district games tonight Monterey plays at Caprock, Borger at Coronado, Plainview at Tascosa and Amarillo at Palo Duro.

### North Favored

MOBILE, Ala. (UPI)—If Saturday's Senior Bowl football game turns into a passing duel as expected, the outcome likely will hinge on the throwing of the North versus the receiving of the South.

That's the way the opposing coaches—Allie Sherman of the New York Giants and Charlie Winner of the St. Louis Cardinals—see it for this first play-for-pay action by 56 of the nation's top college seniors.

## Jets, Colts Eye Showdown

FORT LAUDERDALE, Fla. (UPI)—The rough stuff is over. The Baltimore Colts and the New York Jets will use the final 48 hours before Sunday's Super Bowl game in Miami to brush up on strategy and sharpen their mental edge.

On the matter of game psychology, New York coach Weeb Ewbank has a couple of complaints. One is that he has to keep the reins tight on his Tigers so they won't be ready too soon. The other is that nobody seems to take the Jets seriously as a threat to knock off the National Football League Kings for the first time in three Super Bowls.

Colts coach Don Shula, whose team is the three-touchdown favorite, says his preparations are drifting along coolly: "We're not chafing at the bit—yet. We don't want that until Sunday."

**Praise Joe**  
And the Colts one and all speak nothing but praise and respect for Joe Namath and the Jets. It would be un sporting, of course, to knock them, but it would also be foolish for Baltimore to risk getting overconfident.

Still, impressions get around, with a large amount of help from the oddsmakers.

"If you listen to people talk, it would be foolish for us to dress. But we're going to," Ewbank fuses.

Baltimore licked Cleveland 34-0 in the NFL title game. Ewbank said, "No AFL team was licked that badly in the Super Bowl. Yet they don't downgrade the Browns like they do the AFL."

**NFL Victories**  
The first two world championship games, ended in 35-10 and 33-14, Green Bay victories over Kansas City and then Oakland. Until the AFL champion makes

**Sifford Leads LA Golf Meet**

LOS ANGELES (UPI)—The cast of leading characters in today's second round of the \$100,000 Los Angeles open has something old, 45-year-old Charlie Sifford, and something new, 22-year-old Grier Jones of Wichita, Kans.

Sifford, first Negro to win a major golf tournament, came in with a first-round 63, eight under par, Thursday for a three stroke lead after 18 holes of the 72-hole tournament which ends Sunday.

Jones, the 1968 NCAA champion who turned pro just last fall shot a 66, a mark matched by Dave Hill, the veteran from Evergreen, Colo.

a better showing, few will be convinced the league has pulled even with the NFL. Ewbank believes his team is the best so far to represent the newer league in the championship games.

New York opened practices in Florida two days before Baltimore and Ewbank says his men were "ready last week. That's the problem, trying to calm them down. I have to caution them not to get as rough as they did Wednesday... they scared me there for awhile."

Neither coach is looking for a wide-open ball game. Ewbank put down any ideas of "getting rich quick" on Namath's bombing arm. And Shula says he's adding nothing more than "a few wrinkles" to the usual Colt attack because "I don't think it's a game that will be won or lost with any gimmicks. Good, hard football is what this game will be."

### Pampa, Lee Eighth, 9th Score Wins

Pampa and Lee eighth and ninth grade basketball teams continued their winning ways Thursday by posting victories.

Pampa ninth routed Dumas, 44-35 with Richard Bunton leading the scoring with 19 points. James Bradley scored 12, Doug Smith 6 and Larry Knutson, 4.

The Reapers led 13-6 after one period and held a 28-14 halftime margin that Dumas cut to 10 at 33-23 after three periods.

Pampa eighth won its sixth game without a loss by downing Dumas, 30-29. Pampa led 28-17 at halftime.

Richard McCampbell paced Pampa with 9 points, Don Proctor scored 8, Ricky Smith 7 and Tim Holt, 2.

Lee ninth slapped Phillips, 47-33 after building up a 23-14 halftime margin. Lee led by only one, 7-6 after one quarter and jumped to a 39-24 three quarter margin.

Mike Edgar and Donnie Cain scored 10 points each; Gary Hanes, 5; Jeff Hogan, 4; Gregg Schultz and Marsh Gambin, 3 each, Tommy Montgomery and Tom Watson, 2 each.

Lee eighth scored only six first quarter points but led 6-2 and then jumped to a 20-14 halftime lead before downing Phillips, 57-26.

Rick Musgrave paced the Rebels with 11 points, Damon DeWitt scored 10 as did Rick McQuire, Shane Lee hit 7, Steven Richardson, 6, Ricky Hayler and Randy Bloomer, four each.

By FRANK ELEAZER

WASHINGTON (UPI)—The first major wage settlement of the year—a presidential pay increase—is now in. Let's see how it worked out in terms of the latest official wage guidelines.

These were laid down on Dec. 31 by President Johnson's cabinet committee on wage and price stability, set up several months ago when it looked like inflation might go through the roof.

Since then inflation increased and the committee said it is time to clamp on some new kind of ceiling.

"Mutual short term sacrifices are needed, to protect the great long term interest of business, labor and all Americans in non-inflationary prosperity," the committee announced.

**Absorb Cost Increases**  
For their part, wage earners were asked to forego pay raises during the year in excess of "a little below 5 per cent."

Management, the committee said, should absorb some of its cost increases, instead of just passing them along to the customers in higher prices.

"Voluntary restraint," the committee said, was the key to success in this new anti-inflation stamp.

President Johnson didn't specifically endorse the report of his cabinet committee and president elect Richard M. Nixon, of course, wasn't asked to. But it did turn out that the President's pay was open for negotiation just at this time.

Not President Johnson's pay. But President-elect Nixon's pay. Nixon hadn't asked for a raise. There was considerable evidence he thought the job was

worth trying for at \$100,000 a year, plus expenses and fringe benefits.

**No Roll Call**

Nixon had on his side as negotiators, the members of Congress, who have had some success in the past in bargaining wage boosts for themselves. And they ran through the House, with a half hour's debate and no roll call, a nice pay increase to take effect with Nixon's inauguration on Jan. 20. Senators are paning to add their endorsement.

So what Nixon will get is the dinky little \$100,000 job that he ran for, but a \$200,000 position.

That works out to a pay raise of 100 per cent, which is considerably better than the 5 per cent limit recommended, or even the 5.1 per cent average increase won by all union bargainers in 1968. It may even be enough to make Eugene McCarthy wish he had really been trying.

WASHINGTON—Dr. Edward U. Condon, physics professor at the University of Colorado, commenting in a report commissioned by the Air Force on unidentified flying objects:

"We consider that it is safe to assume that no ILE (Intelligent Life Elsewhere) outside of our solar system has any possibility of visiting earth in the next 10,000 years."

ATHENS—A waiter in a nightclub, indignant at the government's ban on the custom of breaking crockery to the strains of bouzoukia music:

"If a man wants to spend his money breaking dishes, they should let him."

By PHIL NEWSOM

UPI Foreign News Analyst

French President Charles de Gaulle once called former Premier David Ben Gurion of Israel "dear-ally."

Those were the days when the Israeli air force was being built up almost exclusively on French war planes.

After the 1956 war in which France and the Israelis were associated at Suez, an official French declaration said France would regard any Egyptian attempt to close the Gulf of Aqaba as an act of war against Israel and that the French would support Israel.

**Typical De Gaulle**  
It was typical of de Gaulle that he did not even explain to his cabinet in advance of his action this week in ordering a total embargo of French arms shipments to Israel, including spare parts for the French-supplied war planes.

It led the Israelis to accuse France of a "one-sided and wanton move intended to strike at Israel's right to defend herself."

Despite these inconsistencies in French policy, de Gaulle's own position since shortly before the start of the 1967 Arab-Israeli War has been consistent.

Before the start of hostilities France had declared that the first state to use arms would be deprived of her support.

De Gaulle blamed Israel for the first shot and thus tacitly withdrew the French pledge of support.

The clearest statement of current de Gaulle policy came last April when he declared: "France is more than ever the friend of the Arabs, especially at this moment when their territory is being invaded."

It is perhaps unfortunate for de Gaulle's place in history that his views on "world affairs" always must get tangled with his personal vendetta against the United States and Britain. In the Middle East, de Gaulle's thinking is said to go like this:

Britain's withdrawal from East of Suez no longer leaves her a voice in the Arab world.

Arab resentment against the United States role in Vietnam and her traditional friendship for Israel also leaves her without a role to play among the Arabs.

The war in Vietnam encourages other nations, even well-armed small ones, to employ the same methods.

Therefore, his refusal to deliver 50 bought and paid-for Mirage jets to Israel and his current ban on all arms deliveries is a move toward peace.

He further believes that a vacuum exists in the Middle East which the Russians will fill if someone else does not beat them to it.

NEVER TOO OLD

CHICAGO (UPI)—When Mrs. Betty Simons, 60, told Circuit Court Judge Harry A. Isenberg why she wanted a divorce from her husband, Abraham, 80, the judge said it was the first time he'd heard of such a complaint. Mrs. Simons said her husband was too affectionate. "The usual complaint is too little," Isenberg said, granting the divorce.

**KEEPING UP** with his school work despite a leg injury, 10-year-old Rodney Jamerson studies via "tele-teaching." Thirteen public school districts in the Los Angeles area have banded together in a unique co-operative program that provides "telephone classes" for youngsters forced to remain home due to prolonged illnesses. The "phone pupils" do regular classroom-level work under instruction of teachers speaking with them from a special education service center. Rodney's hands are left free for handling books and writing, thanks to an operator's headset supplied with the telephone at his elbow.
