

Neat, Clean-Cut ROTC Members Decrease in Texas High Schools

By United Press International
Their shoes are shined, their clothes are neat and their hair is cropped short. They wear no sandals, have no hippie hair and are not strung with beads.
They are the cadets of the Reserve Officers Training Corps (ROTC) in Texas high schools. But their ranks are not thickening.
While ROTC enrollment has declined very little in most Texas cities in recent years, it has not increased either, and this is unusual in a time of war. No one is sure why.
Retired Army Maj. DeForest

Jones of the Houston ROTC said that during World War II "enrollment was tremendous and had to be limited."
Over 1800 Cadets
He said there are 1,838 cadets in 18 Houston schools today, compared with 2,100 at six schools 25 years ago.
"Again, Korea brought the average up, with about 700 in six units," he said. "We thought the Vietnam War would cause an increase, but so far it has not."
In Dallas it is the same story. Enrollment has remained steady throughout the 1960s, and

shows no signs of increasing.
And in Fort Worth the ROTC has been losing students at a rapid rate. Fort Worth today has less than three-fifths the number of cadets it had 10 years ago.
The entire city of Austin has only 96 cadets, and in West Texas there are practically none at all.
Most high school ROTC commanders and instructors are retired Army personnel.
Well Groomed Man
A typical commandant is Lt. Col. John McClure (ret.) of Bryan Adams High School in

Dallas. He is well groomed, gracious, and well mannered.
"If we can teach responsibility, discipline, leadership—good citizenship, that's what we want. And patriotism," he said.
Col. McClure uses words like "patriotism," "honor" and "good citizenship" as if they were old friends. He uses them without embarrassment and with sincerity.
Most ROTC men share this traditional vocabulary. They also share Col. McClure's tendency to speak of the aims of the ROTC in terms of morality.
Teaches Respect

Bill Jostin, a retired Army sergeant and ROTC instructor at Hillcrest High School, Dallas, said, "ROTC teaches boys respect for themselves and for others, and for constituted authority. And I think it gives them better bearing and manners. It teaches them what's right and what's wrong."
How are these values inculcated? Mostly by strict discipline, strict standards of dress and grooming, dismounted drill, and personal inspections.
Col. McClure said that the long-haired, "hippie" type of student is discouraged from be-

coming a cadet. ROTC boys may not wear sideburns or have hair touching their ears.
How does this style impress a generation brought up on The Beatles and The Rolling Stones? How does the military vocabulary strike a generation that seems less concerned with discipline and conformity than with freedom and individuality?
Answers Vary
Answers to these questions vary.
Maj. Garland Virden (ret.), commandant of Austin Reagan's

cadet corps, doesn't think his boys "take any more ribbing than a band member if he wears his uniform to class, or if someone else got a new haircut."
But Col. McClure disagrees. "Occasionally we have a boy come in and say he wants out of the program. They won't tell you exactly why. Maybe they're getting too much ridicule from their friends—ridiculing the uniform and so forth," he said.
"Some people can take a lot of ridicule, and some can't."

WEATHER

PAMPA AND VICINITY—Cloudy and cool with showers and thundershowers tonight; chance of freezing precipitation Friday. High in low 40s; low in low 30s. Ninety per cent chance of rain tonight; 50 per cent Friday. Yesterday's high was 45; last night's low, 30.

It is error alone which needs the support of the government. Truth can stand by itself.

HAMPTON FILES

School Board Sets Plans For Election

By WANDA MAE HUFF
News Staff Writer
Dr. R. M. Hampton, Pampa school trustee for nine years, filed for re-election today and was the first candidate to file for the one vacancy, with Homer Craig, school business manager.
Dr. Hampton filed with Craig just before the regular board meeting in Carver Educational Services Center. Serving his third three-year term on the board, Dr. Hampton was elected

board president in 1963.
Trustees today named M. Park Brown as election manager and appointed W. A. Rankin and Ralph Dunbar as election judges for the school board election April 5 in Pampa Junior High School gym.
Absentee ballots may be cast March 16 through April 1 with Craig or his two deputy clerks in the school business office in Pampa Junior High. Candidates have until March 4 to file for

City, County Discuss Fire Protection Plans

By RON CROSS
Gray County commissioners tended to routine matters Thursday, then met with Pampa City Manager Charles Hill to discuss the county's fire contract with the city.

Commissioners paid routine bills, accepted the bid from the First National Bank of Pampa to be the county depository and transferred \$1,000 from the general fund to the law library fund.
Commissioners also approved the county welfare report and the county treasurer's report.
Commissioners expressed belief that a raise the city is asking in fire protection was too high.
Until 1969 the city and county signed a year-to-year contract where city fire equipment was used to combat fires in the county.
The cost to the county was \$50 per call and \$5 per mile, not to exceed \$100 per call.
The city is asking for a flat rate of \$10,000 per year the first year, \$15,000 next year and \$18,000 in 1971.
County commissioners have not agreed to this sum and presently are making a month-to-month agreement with the city for use of the fire department.
City Manager Hill explained that the old contract was established in 1953 and at that time the cost would have been sufficient.
Hill told commissioners that the city needed a new piece of equipment to make fire calls in the county because of road conditions.

Clouds and Rain Forecast in Area

By United Press International
The lumbering bear of a stationary front, which cut a line across the state from near Beaumont to Lubbock this morning, was expected to rise from hibernation today and move slowly northeastward bringing cloudy skies and rain along with it.
The rain was expected to hit most of the state by Friday morning.
Skies northeast of the front were clear today except in the Panhandle where cloudy skies and a little rain was reported.
Rain hit south of the front from Kingsville to Laredo.
Widely scattered thunderstorms were forecast for northwestern and southwestern Texas today with more of the same for the rest of the state Friday.

Punch needle demonstration, 9:30-5:30 thru Sat. Duckwalls.

'DOCTORS WON'T KILL IT'

Liberal Abortion Law Proposed

AUSTIN (UPI)—The sponsor of a proposal to liberalize abortion laws said today he is not waiting for the support of the Texas Medical Association and predicted doctors "won't be able to kill the bill this year."
"I hope they'll support my bill, but I'm not waiting around for them, and I'm not going to pull it down if they don't," said Rep. James H. Clark Jr. of Dallas.
"They're not going to be able to pull the rug out from under me like they did Sen. Parkhouse two years ago," Clark said.
TMA opposition led to the defeat of a similar proposal by the late Sen. George Parkhouse of Dallas in 1968.
But the stand caused a storm

of protest within the association. At the TMA convention last year delegates were evenly split on the question and finally ordered a poll of members as a compromise.
Nine out of 10 doctors who responded to the survey favored liberalizing the 1925 statute which permits abortions only when necessary to save a mother's life.
Clark's bill would permit abortions when:
—Pregnancy endangers a woman's life or would gravely impair her physical or mental health.
—There is substantial risk the child would be born with a grave physical or mental defect.
—The pregnancy resulted

Liquor By Drink Sponsors Set Out To Gain Support

State Prepares To Present Case Against Sirhan

LOS ANGELES (UPI)—The people today accused Sirhan B. Sirhan to his face of the murder of Sen. Robert F. Kennedy.

There were reports of a possible deal under which Sirhan would change his plea to guilty and accept a life sentence, but a defense attorney said late Wednesday: "The trial will go on."

After five weeks of jury selection and defense motions for quashing the indictment, Deputy Dist. Atty. Lynn Compton was cutting through the jungle of technicalities to get down to trying the 24-year-old Arab immigrant.

Up to now, this has been pretty much the show for Sirhan and his lawyers. Today the situation changed.

Opening Statement
New York attorney Zola Berman was ready to make an opening statement for the defense. Chief counsel Grant B. Cooper stated previously that Sirhan will admit he fired the shots which killed Kennedy.
The prosecutor has lined up approximately 80 witnesses to present the case for the state, including eye witnesses who were feet away when Sirhan fired the shot that mortally wounded Kennedy and injured five other persons.
Cooper has said that Sirhan will take the witness stand. Then will come the question: Why?

Lesser Plea
The defense has indicated it will plead "diminished responsibility." That is something less than a plea of insanity, but retains the diminution of guilty
(See SIRHAN, Page 3)

TAKEN TO AMARILLO — Ambulance assistants place Mrs. Brenda Newman Parks, 22, of 317 Miami, into an ambulance after she was injured in a two-car accident yesterday afternoon. Her two daughters were also injured. Mrs. Parks, listed as yesterday, and one of her daughters, listed as critical, were taken to St. Anthony's Hospital in Amarillo after receiving treatment at Highland General Hospital here. (See story, Page 3.)

National Guardsmen Prepared To Break Up Student Trouble

By United Press International
National Guardsmen with rifles slung over their shoulders took up posts outside University of Wisconsin buildings today

ready to break up any disruption by student strikers.

On another troubled campus, Negro students demanding increased educational benefits seized the first floor of Duke University's administration building and threatened to set fire to the school's records if police entered.

The rebels, estimated at 30 to 75, announced they had renamed the Durham, N.C., school "Malcolm X Liberation School." They ordered secretaries out of the building and nailed the doors shut after them.

A sit-in at the University of Chicago Administration building went into its third week.
The Wisconsin guardsmen moved onto the central campus area where black and white student militants have blocked students and faculty from class rooms, obstructed traffic and scuffled with police most of the week.

The Wisconsin rebels were demanding a black curriculum and more Negro faculty members. Gov. Warren Knowles ordered 900 guardsmen Wednesday in the first use of militia on a northern campus in

the current round of university rebellions.

The guardsmen took up their posts in front of about a half dozen classroom buildings shortly before 9 a.m. CST. They had M1 rifles slung over their shoulders, wore steel helmets, and were equipped with gas masks.

At the University of Chicago, militants were in the Administration Building for the 15th day today, considering what to do after a faculty committee recommended extending for one year the contract of the radical

Amendment Proposal Gets Committee Nod

By ROLAND LINDSEY
AUSTIN, Tex. (UPI) — Sponsors of a liquor by the drink amendment, with favorable legislative committee action behind them, set out today to muster the two-thirds majority in both houses necessary to send the issue to the people.

If they get that majority, Texans apparently will get a change to vote on the legislation of mixed drinks at Nov. 3 1970 election.
The sponsors admit they now lack the 21 senate votes and 100 votes in the house required to call a constitutional amendment election. They probably will not bring the proposal up for a floor vote until they have had an opportunity to recruit more votes.

The Senate Constitutional Amendments Committee Wednesday passed the measure to the full senate, and a house committee earlier sent the

measure to a favorable subcommittee for consideration.

Baptist Church officials told the senate committee Wednesday if the issue goes to a public vote, "It will be the big man with the big money who stands to gain."

Opposition Silent
No legislator has spoken against the liquor amendment in either committee hearing.
In other committee action Wednesday, the house Higher

US Calls on Reds To Give Positive Response to Talk

PARIS (UPI)—The United States called on the Communists today to give a "positive response" to allied proposals on de-escalation of the Vietnam War as a prelude to peace.

The appeal of chief U.S. negotiator Henry Cabot Lodge fell on deaf ears, however.

Tran Buu Kiem, chief negotiator of the Viet Cong's National Liberation Front (NLF), rejected out of hand the allied proposals that the current Vietnam peace conference discuss military matters before resolving the political future of South Vietnam.

The "foreign minister" of the NLF reiterated his warning that the Communists would continue fighting until the complete withdrawal of American and other allied forces.
Lodge, in a terse speech restating allied proposals, urged North Vietnam and the Viet Cong to join the allies in an attempt "to find ways to separate the contending forces and arrange for the withdrawal of external elements."

Lodge said that in an effort to begin creating the necessary atmosphere for a peaceful settlement, the United States has "made concrete proposals regarding the Demilitarized Zone, mutual withdrawal of external forces, and prisoners of war."

"I hope your response will be positive," Lodge told the Communist side at the fourth session of the conference.

The chief American negotiator began his speech saying that the statements of the Communist delegations in the first three sessions of the conference "indicate a lack of understanding of the goals of the United States both here (in Paris) and in Vietnam."

Lodge then restated America's official policy "for the sake of better understanding."

Crew Contradicts Intelligence Head

CORONADO, Calif. (UPI)—Eight enlisted men who worked in the intelligence section of the USS Pueblo have denied the testimony of their superior, Lt. Stephen Harris, that he ordered all secret papers and equipment destroyed before Communist North Korea captured the ship.

The admirals holding an inquiry into the Pueblo's seizure on the high seas off North Korea Jan. 23, 1967, met privately today, apparently to consider the gap between Harris' statements and those of his men.

Testimony by six enlisted men who worked in the Pueblo's intelligence division—known as the "spook unit"—was released Wednesday. It backed up the statements of two chief petty officers that Harris never issued destruction orders for the Pueblo's secret papers and devices.

Among the six was CTIC. Donald Peppard, who said the Koreans may have obtained a complete written report of the Pueblo's intelligence-gathering mission off North Korea.
Peppard said there were two copies of the report, and that he personally destroyed one of them. He did not know what became of the other.

CT David L. Ritter, 24, of Menlo Park, Calif., said Harris did not supervise the destruction of classified documents and equipment.
The six men testified that they attacked the secret electronic equipment in the intelligence space with sledge hammers. The Navy drew a

Television In Review

By RICK DU BROW

HOLLYWOOD (UPI)—When ABC-TV canceled its controversial new series, "Turn-On," it pointed up the paradox and problem of the network, smallest of the three major broadcasting organizations.

The situation is that, as the underdog network, ABC-TV tries to break down the programming patterns of its two larger competitors, CBS-TV and NBC-TV, because it cannot compete with them on their own terms.

In order to achieve this breakdown, ABC-TV frequently takes a gamble with longshot programming—hoping a way-out show can turn into a very hot fad that shakes things up, and draws attention, and money, to the network.

Successful Gamble
"Batman," though short-lived, was a successful gamble. So was "Shindig," a youth-oriented music show.

What we have here, upon examination, is the paradox that arises from ABC-TV's underdog problem. And this is the fact that the network, in trying to chop down CBS-TV and NBC-TV, is going against the grain of the programming pattern that has made its competitors rich, and is a proven success.

This pattern, basically, is that you do as little as possible to disturb the comforting nature of most regular series for viewers—and save your excitement and shake-it-up programming for specials. NBC-TV may have "Laugh-In" and CBS-TV may have the Smothers Brothers but

otherwise, they essentially follow the success pattern.

The Difference
But, you may ask, in regard to ABC-TV's "Turn-On": what about NBC-TV's "Laugh-In" and CBS-TV's Smothers Brothers?

The difference is that both NBC-TV and CBS-TV, in addition to being bigger and therefore more confident, have had considerable more experience in handling this kind of controversial programming, and dealing with reaction.

NBC-TV, for instance, had Jack Paar and "That Was the Week That Was." As for "Laugh-In," there is nothing like a No. 1 rating to soften worries. CBS-TV, meanwhile, has learned anew all it cares to know about controversy from the Smothers Brothers show.

The smaller ABC-TV, attempting to follow the success of "Laugh-In" and the Smothers Brothers, aimed to shake up its regular series viewers again last week when it introduced two new topical humor shows: "Turn-On" and "What's It All About, World?"—and the shakeup succeeded, then backfired.

NICE PEOPLES

Three Injured In Car Accident

(See Picture, Page 1)
Mrs. Brenda Newman Parks, 22, of 317 Miami, was in "satisfactory" condition this morning at St. Anthony's Hospital, Amarillo, following a traffic accident here Wednesday. Her daughter Rina Lynn, 18 months, was in serious condition and assigned to intensive care at the hospital.

RAY GLEN CLOYD
... carrier of the month

Cloyd Cited For Service

A second child, Tina Sue, 3, also involved in the accident, was not hospitalized. She received cuts and bruises.

According to Pampa police, a car driven by Dennis Mitchell 16, 835 Scott, was proceeding west on Scott and the Parks car was going south on Finley when the two vehicles collided at the intersection.

The victims were first treated at Highland General Hospital here before being transferred to St. Anthony's.

Damage to the Parks car was estimated at \$1500 and to the Mitchell vehicle at \$175.

Lt. Preston Bailey and Joe Brewer of the police department investigated.

Cloyd has been a carrier boy with the News since Aug. 27, 1965, and has been cited for giving his customers excellent service.

Cloyd is a sophomore in Pampa High School.

Girl Scouts Slate Brownie Workshop

A Brownie workshop is scheduled from 9:30 a.m. to 2:30 p.m. Feb. 18 at the Girl Scout Little House, 718 E. Kingsmill. Girl Scout adults should bring their leaders notebooks and Brownie handbooks.

Registration for the course and a 50 cents fee for the cookout are both due by Friday at the Girl Scout Office. Leaders are asked to bring their own beverage, Mrs. T. M. Mrs. Whiteley.

Planning, troop government, budgeting, Brownie I.Q., a cookout, and use of resources will be included in the Brownie session. Trainers for the course are Mrs. N.G. Kadango and Mrs. Whiteley.

Sirhan

(Continued From Page 1)
on grounds that Sirhan did not have the mentality to plot a crime of such enormity.

The matter of premeditation will be central to the defense case.

Compton has witnesses prepared to testify they saw Sirhan at a target range the day before the shooting practicing rapid fire with a pistol. They talked with him and one man said that beneath Sirhan's feet were hundreds of empty shell casings from his practice.

Berman told newsmen when he first came here that the main objective of the defense was to save Sirhan's life.

That is what is at stake today as the trial begins.

DeMolays Install Its New Officers

New officers of DeMolay were installed recently at a session of the chapter at the headquarters of Masonic Lodge 966, sponsor of the junior group.
Installing officer Bobby Pool inducted the officers, assisted by installing Marshal Randy Stubblefield.

Councilor Bobby Morris; Senior Councilor, Richard Gordy, and Junior Councilor, Neal Brooks were installed for the new term.

Parents of the 37 chapter members were guests. Frank Hearse is DeMolay "Dad".
Members of the DeMolay Mothers Club served refreshments.

DeMolay is open to boys aged 14 to 21. New officers are elected every four months. The chapter meets twice monthly on Monday nights.

Education Committee sent a proposal creating a University of Texas nursing school in San Antonio to a three-man subcommittee which includes two San Antonio lawmakers.
Rep. Minton Murray of Brownsville, chairman of the committee, referred another bill transferring James Connally Technical Institute from the Texas A&M system to control of an independent board of regents to a five-member subcommittee.

Murray instructed the five to "get to work on the bill, or I'll ask the full committee for permission to dissolve the subcommittee and appoint another one which will work."

Ebright to Talk About Red China At K&F Meeting

Don Ebright, one of the few Americans who "can speak with authority on Red China," will be Pampa Knife and Fork Club's speaker Tuesday at the high school cafeteria, a spokesman notes.

The meeting will be "Guest Night" and all members are invited to bring friends. Dinner starts at 7:30 p.m.

Red China, where it is headed and what its plans are, will be discussed by Ebright, who "knows what he is talking about," critics note. His topic is "Ring Around Red China."

Although Ebright has a home address, Los Angeles, he is more often found at Seoul, Hong Kong, Saigon, Bangkok, or another "hot spot" of the world.

Dr. Ebright, whose Ph.D. was granted by the University of Chicago, has been traveling for 20 years, living in India and South and Southeast Asia much of the time. He has visited Red China repeatedly and was director of Refugee Relief there during 1948-1952. He was there during the Communist conquest of Tibet.

Ebright visited China more recently also and most of his observations will be based upon that stay.

Lilla Addresses Women's Group

H.A. Lilla, administrative manager of Cabot Corp. machinery division, addressed the American Business Women's Association Tuesday in the Furr's Cafeteria.

Lilla related the history of Guatemala, and the Maya Indians and showed slides of his three-week trip to the country last September.

Lilla stated that two days after his arrival, the U.S. Ambassador was assassinated on the streets of Guatemala City. He touched upon the political problems of the country, but his program stressed the ancient and colonial history and the scenic beauty of Guatemala.

One of the highlights of the showing was his visit to the Mayan ruins of Tikal in the jungles of Peten. Lilla said this ruined city was a great ceremonial city until abandoned in 900 A.D.

He added, "It is the most dramatic of the Mayan ruins with temples towering above the lowland jungles."

Obituaries

MRS. ALMA JOSIE COFFIN

Funeral services will be held at 2 p.m. Friday in Duenkel Funeral Home Chapel for Mrs. Alma Josie Coffin, Pampa, who died Wednesday.

Rev. Dewitt Seago, pastor of First Methodist Church, will officiate. Burial will be in Fairview Cemetery, beside the grave of her husband, Thomas, who died in 1957.

Mrs. Coffin was born in Lexington Lafayette County, Mo., June 5, 1883. She married Thomas H. Coffin, March 2, 1901, and the family moved to Pampa in 1915. She was a member of the First Methodist Church.

Survivors include five sons, Ernest and Clarence W., both of Pampa; Floyd C., Perryton; George C., Amarillo; and Wayne W., Norman, Okla.; three daughters, Mrs. Bertha Brown and Mrs. Irene Reed, both of Spearman, and Mrs. Grace Simpson, Irving.

The body will lie in state until 1 p.m. and the casket will not be opened at the services.

L. L. CHESHER

Funeral services for L. L. Chesher will be at 10 a.m. Friday at Iowa Park, Texas.
Mr. Chesher, father of Mrs. H. E. Patton, Pampa, died Wednesday at his home in Iowa Park, after a long illness. He had visited in the Pampa area often.

Other survivors include two daughters, Mrs. Melvin Beighle, and Mrs. Frank Hewitt, both of Skellytown.

curtain of secrecy over the question of how much actually was destroyed. But the sailors said the devices were so durable the hammers almost bounced back and hit them in their faces.

ruined city was a great ceremonial city until abandoned in 900 A.D.

He added, "It is the most dramatic of the Mayan ruins with temples towering above the lowland jungles."

Board

(Continued From Page 1)
the one vacancy, Dr. Hampton's term of office.

Trustees also called another board meeting for 9 a.m. Feb. 20 in Carver Educational Services Center for a personnel discussion and discussions of the district's pending bond issue for school improvements.

The only board member absent was Jimmy Thompson, who said he had to attend another meeting.

James Trusty, assistant school business manager, acting superintendent Dr. James F. Malone, who is out of the city, said even though it is a personnel discussion, the press is welcome to attend the Feb. 20 meeting.

Dr. Malone one of three Texas representatives on the National Board of Education, is attending a board meeting in Atlanta, Ga., and will return Saturday.

Trusty stated 15 science teachers will attend the National Science Teachers Convention in Dallas in April, and board members are asked to attend the National School Board Convention in Miami, Fla., April 12-15.

Trustees approved two resignations today for Ted Williams, a custodian, and Mrs. Barbara Charlton as choir leader for Robert E. Lee Junior High School.

The board reassigned Mrs. Denise Narrell from physical education to full-time physical education for homebound students, and Elsa Plants, from half day PESO reading to full-time PESO reading at Austin and Lamar Elementary Schools.

Employment applications approved were Mrs. Joan Gortmaker, as Sam Houston third grade teacher; Mrs. Betty Jo Girton, Pampa Junior high special education for homebound; Morris Kille, ninth grade choir, and Mrs. Wanda Gill, eighth grade music, at Lee Junior High School; and five Vocational Office Education typist students-Susan Richardson, Audiene Dick, Judith Cox, Kay DeWitt and Eobby Childers.

The board also approved a written policy for lunches for indigent children, which states school principals will determine which children are eligible for a free or reduced price lunch, and names of children listed as eligible are not to be announced in any form.

Textbook hearings will continue next week at 4 p.m. Feb. 20 and Feb. 24, at Carver Cen-

Water, Inc. To Meet in Amarillo

Four highly experienced men in water planning will speak at next Tuesday's second annual meeting of Water, Inc. at Amarillo Civic Center.

The men are Howard W. Crooke, retired executive director of the Orange County Water District, Santa Ana, Calif.; Howard Boswell, executive director of the Texas Water Development Board, Austin; John Simmons, president of Texas Water Conservation Association, Orange, Tex.; and Harry P. Burleigh, area engineer for the Bureau of Reclamation, Austin.

John J. Kendrick, Brownfield, Tex., is president.
The program will start at 10 a.m., following registration from 8:30 to 10. Brooke will discuss background of California Water development. Boswell's topic is "Texas Water Plan," and Simmons will discuss state reactions to the plan.

The Water Distribution System" is Burleigh's subject. Luncheon will be served at 12:45 p.m., followed by election of directors and officers.

A delegation from Pampa will attend.

Farmers Union Sets Meeting

Gray County Farmers Union will meet at 8 p.m. Saturday at Pioneer Natural Gas Building to discuss the membership drive currently underway.

Other issues will be discussed relating to the organization. All members are urged to be present. Interested persons are also invited to attend the meeting.

Further information about the organization or this meeting may be obtained by calling Robert Rapstine at MO 4-8881.

FLU EPIDEMIC

WARSAW (UPI) — Approximately 2 1/2 million persons were victims of the Hong Kong flu during an epidemic in Poland during the past six weeks, the Polish press reported Wednesday.

Trusty announced a preliminary census report shows the district for 1969 has 6,285 school children.

Cherry Chiffon 'Tunes-In' Appetites On Sweet Note

CHICAGO (Spl) — Most women can read a recipe, though not, perhaps, an opera score; some can define "trifle" and "truffle", but can not distinguish a saxophone from a sousaphone. It's of no consequence really, because even if you lack musical talent or an ear for music you can still appreciate this one high sweet dessert note — Cherry Chiffon.

A creamy gelatin dessert resplendent with canned cherry pie filling. Cherry Chiffon has a soft pink "collar" that stands soufle-high above the rim of its serving dish. Pretty as it is, it can star in a variety of menu productions: As a light, sweet dessert, it will add sparkle to any hearty meal; as a spectacular party dessert, it may become the talk of the table; or as a make-ahead dessert, it will put a song in the heart of any hostess, busy as she always is with last-minute details.

Whatever the season, when you reach for handy canned cherry pie filling to make this recipe, you are reaching for fresh whole-fruit flavor, sparkling color and just-right consistency. In fact, you will find the cherries so plump, tender and sweet that you might want to remove a few with a wooden pick and reserve them for decorating whipped cream rosettes on top of the Cherry Chiffon. Then too, the smooth thickened cherry juice right from the can mingles nicely with the other recipe ingredients and contributes an extra note of more fruity flavor to this fluffy dessert.

So — even if you are a cook who can't "carry a tune in a bushel basket", you can listen to your family and friends sing your praises when you transform canned cherry pie filling into airy Cherry Chiffon!

Pour boiling water over gelatin in large bowl; stir until gelatin dissolves. Mix in cherry pie filling. Chill until mixture is jelly-like in consistency. Have egg whites at room temperature; beat with cream of tartar until foamy. Gradually add sugar and beat until stiff peaks form when beater is raised. Fold beaten egg whites and whipped topping into gelatin mixture. Pour into straight-sided 6-cup casserole or souffle dish. Chill until firm. Combine crumbs, butter and sugar. Just before serving, sprinkle with crumb topping. Makes 6 to 8 servings.

Food Buying Guide

The following guide to the nation's food buys for the weekend was prepared by the Departments of Agriculture and Interior for United Press International.

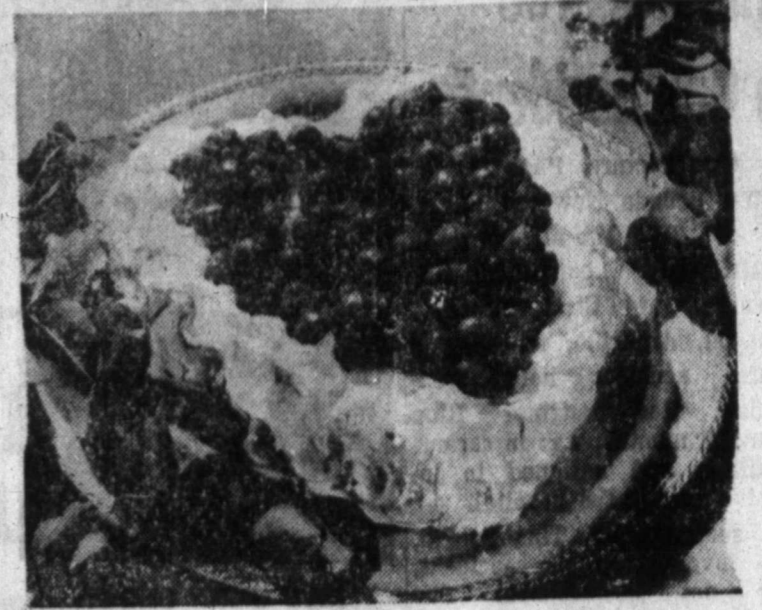

WASHINGTON (UPI)—USDA's Consumer and Marketing Service reports that food shoppers will find excellent and good supplies of some fresh fruits and vegetables in food stores and supermarkets this weekend.

Broiler-fryer chickens and turkeys are the most abundant meat items and should appear in more than adequate quantities in all areas. Beef steaks, roasts, and ground beef are also in good supply. Pork items in abundance include chops, roasts, hams and smoked picnics. Canned salmon, fish sticks and portions, and fish fillets are the fish buys to watch for, according to the U.S. Department of the Interior.

Cabbage, carrots, lettuce, onions, and potatoes are the most abundant fresh vegetables. Fresh fruit in the abundant class are apples, bananas, grapefruit, and oranges.

Unusual Relish

Frozen green beans are the basis for an unusual relish. Cook 1 (9-ounce) package of frozen french-style green beans with toasted almonds as directed on package, reserving almonds. Do not drain. Cool; then stir in 1 cup of dairy sour cream, ½ teaspoon of salt, and ½ teaspoon of dried dill weed. Sprinkle with almonds before serving. Makes 2 cups or 6 relish servings.

Bake St. Valentine Magic With A Sweetheart Cake

OAK BROOK, Ill. (Spl) — It will be a toss-up on Valentine's Day as to which will be more irresistible to a young man: this luscious cherry-filled devil's food heart cake or the woman who bakes it for him. It's a sure thing that the lady who makes it will win a special place in her man's heart this Valentine's Day.

on medium speed of electric mixer, or by hand using 150 strokes per minute. Add the chocolate, eggs and one-half cup sour milk and beat 2 minutes at medium speed. Pour batter into prepared cake pans. Bake in a moderate oven (350 degrees) for 30 minutes. Cool in pan on rack for 10 minutes; remove from pan. Place papers on rack.

To Frost and Fill the Cake:

Cool layers completely before frosting. Spread one half can of cherry pie filling on bottom layer. Place top layer on cherries. Spread remainder of filling in heart shape on second layer. Prepare fluffy white frosting according to package directions. Spread on sides and outline cherry heart on top bringing frosting up over the edge to form a rim.

The flutters of spring came in fashion via ostrich feathers. Jobere presented an evening ensemble with a poncho-like cover-up which was rimmed in ostrich feathers. The dress underneath was in princess lines.

CUPID CAKE
"No Creaming" Method
Yield: Two 9-inch layers or two heart shaped pans.
½ cup margarine, softened
2¼ cups sifted all-purpose flour
1¾ cups sugar
1½ teaspoons soda
1 teaspoon salt
1 teaspoon vanilla
1 cup sour milk
2 packages (1 oz. each) pre-melted unsweetened chocolate
2 eggs
½ cup sour milk
1 can (2 cups) cherry pie filling
1 pkg. white frosting mix. . . .

Grease and flour bottoms of two 9-inch round layer pans or heart-shaped pans. Place margarine in large mixer bowl. Sift flour, sugar, soda and salt into bowl. Add vanilla and 1 cup sour milk. Beat 2 minutes

Foreign News Commentary

By PHIL NEWSOM
UPI Foreign News Analyst
 By the time the United States, the Soviet Union, Britain and France get around to their formal four-power discussions on peace in the Middle East, it already may be too late.
 Those discussions, now only in their preliminary stage through United Nations envoy Gunnar Jarring and individual soundings among ambassadors, are not expected to begin at the earliest before March. And Middle East events are not waiting.
 President Nixon's new ambassador to the U.N., Charles Yost, has had two meetings with his Soviet counterpart. These were courtesy calls which are a part of protocol involving any new ambassador, but at which the Middle East was the subject most prominently discussed.
Secret Talks
 Jarring has conducted secret talks with all Big Four

Syria and Iraq will have no dealings at all with Jarring except to notify him they will have no dealings.
 Both the Israelis and the Arabs are taking positions of no retreat.
 Arab guerrilla organizations, split until now, have come together under the general leadership of Al Fatah, most active of the Arab guerrilla groups.
 Al Fatah regards Nasser as a has-been, demands total obliteration of Israel, and regards any agreement with the Israelis as an act of treason against the Arabs.
A SNOW JOB
NEW YORK—Mayor John V. Lindsay, commenting in this election year on criticism of him for the city's slow recovery from the effects of a snow storm:
 "The year 1969, I am sure, will become a political snow job."
BUY — SELL — TRADE WITH CLASSIFIED ADS

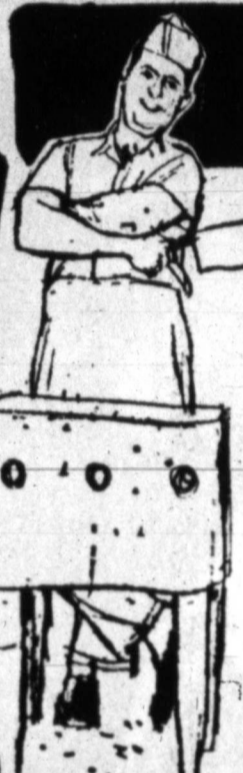

AIR BUBBLE is the secret of this speedster to be built as a test craft for eventual ocean transports. Called a Surface Effect Ship, it literally rides on a bubble created by lift fans forcing air beneath the hull, reducing drag. The theoretical result will be unheard-of water speeds of up to 80 knots—92 m.p.h. Artist's sketch shows the 100-ton test craft Bell Aerosystems of Buffalo, N.Y. is building under Maritime Administration contract.

Quotes In The News

By United Press International
PARIS—French Foreign Minister Michel Debre, telling a press luncheon Vietnam peace talks are going better than either side admits:
 "One should not worry too much over the slow progress of the talks after the wide scale of the fighting. Last week we saw the start of true negotiations."
WASHINGTON—Rep. F. Edward Herbert, D-La., predicting military bills will face rough going in Congress:
 "There is incontrovertible evidence to indicate an organized and determined effort on the part of some segments of our society to discredit, disparage and destroy our traditional respect for the honorable profession of soldiering."
PRINCETON, N.J.—A Princeton University junior, commenting on acceptance of 700 girls at the all-male college for a week as an experiment that could lead to making it coeducational:
 "We've always had girls at Princeton. Now we're just going to educate them."
WASHINGTON—James Farmer, explaining why he risked being called an "Uncle Tom" by some Negro militants to take position as assistant secretary of Health, Education and Welfare:
 "It was a very easy decision. I could stand outside and be a position to criticize or go inside and hope in a small way to determine the course of events."
Now You Know

The Lighter Side

By DICK WEST
WASHINGTON (UPI)—In this era of the organization man, the simple pleasures of life quickly become complex pleasures and soon cease being pleasures at all.

Golf was once a simple pleasure. A fellow with a couple of hours to kill could take a canvass bag with five or six sticks out to the public links and have a fairly pleasant time whacking the ball around.

Then the game fell into the clutches of the organizational man with his matched sets of clubs, electric carts, mustard slacks and dozens of other accouterments.

In logistics and equipment, playing golf today is roughly comparable to mounting a polar expedition, and the courses are overrun with fuss budgets.

This is the reason I gave up the game. I still like golf well enough but I found I could no longer tolerate golfers.

Much the same things has happened to skiing, bowling, birdwatching and other simple pastimes. The organization man has taken over. And now he is moving in on America's newest recreation—jogging.

The original appeal of jogging, and the thing that made it suddenly blossom forth into national popularity, was its total lack of form, structure, rules, arenas, uniforms and paraphernalia.

When the mood seized him, a jogger could simply bolt out the door and take off down the street, beautiful.

The first indication I had that the serpent had entered this garden of the free spirit was

the appearance of jogging manuals and instruction booklets.

... sily accouterments.

tisements for "jogging togs," special shoes for joggers and other jogging equipment. All of which are certain signs of the organization man at work.

Thus forewarned, I was not overly astonished to find on my desk this week an invitation to become "a charter member of the National Jogging Association." It was bound to happen sooner or later.

In addition to providing members with "an emblem for your jogging sweater," the association is backing a 12-point program, the aims of which include:

—Increased communication among joggers through a nationally circulated newsletter or magazine.

—Promotion of "jogging trails, tracks and supporting facilities."

—A central repository for data on jogging, which can be computerized for research purposes as the years pass.

Computerized jogging! There goes another simple pleasure down the drain. The organization man strikes again.

Wall Street Chatter

NEW YORK (UPI)—Bache & Co. notes that while the market advance-decline line has moved cautiously higher past three weeks, the market remains approximately balanced.

... appears to have developed a slight upward bias. Market stability could change dramatically if the "Federal Reserve Board were to unleash one of its thunderbolts"—a boost in the discount rate or higher bank

quarter earnings posing few surprises, the firm notes, it may be that no decisive move up or down will develop until 1969 first period results "provide more definite clues to profits under today's tight money conditions."

Harris, Upham & Co. feels that a break in the market's stalemate must occur within the next week "if the near-term medium term trend is to remain positive." Neither bulls

TO RETIRE
SYDNEY, Australia (UPI)—Australia's Deputy Prime Minister John McEwen, said today he would retire from political life shortly after the next elections later this year. McEwen, 68, has been head of the Country party since 1958.

In 1953 Russia broke off diplomatic relations with Israel after terrorists bombed the Soviet delegation in Tel Aviv.

WELLES APPEALS

WASHINGTON (UPI)—Actor Orson Welles, who has lived in Spain for several years, has appealed an Internal Revenue Service claim that he owes the government \$91,518 in back taxes and penalties. Welles asked for and was granted a court hearing.

NEWS BRIEFS

EXCHANGE MESSAGES
WASHINGTON (UPI)—An exchange of "cordial" messages has taken place between President Nixon and Yugoslav President Tito, in which the two men expressed the desire for a meeting. But diplomatic sources say the meeting was discussed in indefinite terms, with no date or place in mind.

BEGIN EXPERIMENTS
WASHINGTON (UPI)—Weather permitting, 10 divers will descend 600 feet in the Pacific Ocean off Long Beach, Calif., Monday to begin 12 days of experiments in a steel, undersea laboratory. The divers are part of a 40-man Navy team which will work inside and outside the submerged lab. They will be accompanied by a dolphin, "Tuffy," who has been trained to pull the divers back to the lab if they get into trouble in the water.

POLLY'S POINTERS
More Ways to Clean Tarnished Pewter

By POLLY CRAMER

DEAR POLLY—Like Sandra, I had some dull and tarnished pewter. I washed mine in a medium solution of baking soda and water. That was over two years ago and it is still as bright as pewter should be.

—MRS. M.H.
DEAR POLLY—I want to help Sandra clean her tarnished pewter pitcher. Soap (not a detergent) and a sponge or cloth will do wonders. Old-fashioned yellow soap is the best and worked like magic on a couple of antique pewter spoons that were actually black. Hope this helps her as other Pointers have helped me.

—DORITO
DEAR GIRLS—A soft luster is the desired result for cleaned pewter, not a high shine. Never use metal polish, only silver polish. You might try putting on the silver polish. While it is still wet, apply a heavy lather made with soap. Rinse in hot water, dry thoroughly and rub with a flannel polishing cloth—never use abrasives.

—POLLY
Polly's Problem
DEAR POLLY—I have a sofa slip cover that has a foam rubber backing. How do I launder it or should it be dry cleaned? Can it be put in the washer? Does one press such a cover with a steam iron or a regular one? Thank you for any help.

—PUZZLED

DEAR POLLY—When traveling you can cut your initials out of reflective tape and stick them on your luggage. Thus among dozens of other bags, many alike, yours will stand out with much shine and glitter and be easy to spot. We tried this and it works.

—JOHN
DEAR POLLY—My Pointer is not timesaving but child-saving. When I discard a spray can such as most everything seems to come in, I pull off the little push button and throw it away at the same time so small children cannot figure out how to use them. It seems there is always one more spray left in a can after it has set for awhile. I discovered this after my three-year-old picked a can out of the wastebasket and sprayed the remaining contents in his eyes. They were most painful for quite a time. Keep up those wonderful Pointers. We homemakers can sure use them.

—RAMONA

Homemakers Club Advisor Presents

Film in Groom

GROOM (Spl)—The Groom Young Homemakers met recently. Leldon Hudson, advisor showed a film on meats entitled "Ground Beef—Passport to Faraway Eating."

Refreshments from Mrs. Leon Bohr were served to Mmes. Bill McKee, George Britten, Tom Wagner, Ernest Weller and Mrs. Leldon Hudson, advisor.

Festive Fabric

Velvet is one of the more festive fabrics for winter party-going. Whether it's a dirndl skirt, long culottes, a party gown or dress, velvet sets the mood.

By Abigail Van Buren

DEAR ABBY: I get right up there fighting for love, liberty, and the pursuit of happiness. I've got a story of my own to tell.

My "John" went to Viet Nam, and when he kissed me good-by his father had to hold him up because he was so shook he was about to faint. Eleven months later I got a letter asking me for a divorce! It seems he met somebody over there. I won't go into any of the details here, but she "worked" close to him and it was "just one of those things."

I couldn't believe it, but after running up a \$600 telephone bill (I didn't talk much but I sure cried a lot) I finally realized he meant it, so I talked to a lawyer and that was that.

I think my "John" could have waited to hit me with that kind of news when he got home, but he didn't. So you see, Dear Abby, there are always two sides to every coin.

THE MAJOR'S EX-WIFE

DEAR ABBY: Thanks for asking the girls back home to hold off those "Dear John" letters. I didn't get one, because the girl I left back home is still waiting for me. But I did get a letter from her mother, and here it is:

"Dear Paul:
"We are fully aware that you love Patty, but we want you to do us a favor. Please don't ask her to marry you when you come home. Patty has a good home and everything her heart desires, and I am sure she would be a very unhappy girl if she had to give it all up to live in a hole in the wall, not much money, etc.
"She may think she's in love with you, but love flies out the window when hardships walk in. So if you really love Patty you will wait until you can give her a decent life. Right now she is happy and enjoying herself.

DEAR ABBY: Don't anybody talk to me about those "DEAR JOHN" letters that break a man's spirit when he's over

"DUMPED"

Let's leave it that way, shall we?
"We are only thinking of our daughter's happiness."
Patty's mother
"OVER HERE"
Well, Abby, how about that?
DEAR OVER: Patty's mother makes Charlie Cong look like a living doll.

A thought for the day: President Lincoln said, "There is no grievance that is fit object of redress by mob law."

Twentieth Century Forum Club Studies Texan's Role In History

Twentieth Century Forum met in regular meeting in the home of Mrs. David E. Holt at 1601 Fir. Due to the president's absence the Vice President Mrs. H. Joe Franklin presided as officers were elected for the 1969-1970 term.

Officers are Mrs. Hugh D. Barton, president; Mrs. Frank Stofa, vice president; Mrs. Michael Dunigan, secretary; Mrs. M. McDaniel, treasurer; Mrs. Aubrey Steele, reporter and Mrs. Holt Barber, parliamentarian.

Mrs. M. McDaniel presented a biographical sketch of Dr. Ashbel Smith emphasizing his role in the period of the Republic of Texas from 1836 to the annexation in 1845.

"There are a few characters," she began, "that flash like a meteor across the pages of history. In the star-dust of their trail ever shine accomplishments of their brief span of years in this hurrying world. Such a character was Dr. Ashbel Smith."

"Small of stature, keen of mind, ever in the forefront of public affairs, he was a scholar, statesman, diplomat, soldier, farmer and physician. In 1824 he received B.A. and M.A. degrees from Yale at the age of 19 years. He later studied both law and medicine, and was a skilled surgeon.

"He came to Texas a few months after the Battle of San Jacinto, and was appointed Surgeon General of the Texas Army. His intellect was often a valuable assistance to the men who were creating a new nation," she said.

"As a Latin and Greek Scholar he was unexcelled. As a statesman, Dr. Smith served

2 Pythian Sisters Install Officers

The Pythian Sisters of Pampa Temple No. 41 met recently to install officers. Installing officers were Mrs. Bernice Goodlett, past chief, and Mrs. Lucille Weathered, grand senior and past chief. Mrs. Lola Mae Fugate, past chief was grand manager.

Officers installed were Mmes. Annie Brown, past chief; Alletha Altman, most excellent chief; Joyce Howell, excellent senior; Cordelia Mayes, excellent junior; Bessie Kosonen, manager; Helen Cain, secretary; Beva Jean Vance, treasurer; Cleavene Elliot protector; Cecil Dawes, guard; Don Wilson, pianist and three year trustee; Cecil Dawes, press correspondent; Bernice Keen, grand representative; Annie Brown, alternate; Margaret Smith, Temple deputy; Pearl Barnard, captain of degree staff and Bernice Goodlett, installing officer.

Two new members, Mrs. Ronda Ely and Jerry Doss, were to be initiated the last regular meeting at Pythian Temple.

Texas in both the House of Representatives and the Senate. He negotiated the first treaty with the Comanche Indians, knowing that peace with them could be made with the Mexicans. He served as Secretary of State under the last president of the Republic of Texas, and was appointed as the first Minister of the Republic of Texas to England and France.

He first opposed Texas annexation to the United States and wanted the continued independence of the Republic but, as sentiment grew for it among the people he supported it.

"Dr. Smith was instrumental in organizing the medical school at Galveston in 1866 and served as chairman of the Trustees and Examiners until 1882. One of the organizers of the University of Texas at

Austin he served many years as a regent, and president of the Board of Regents. Dr. Smith's 4,000 volume library is a part of the university library," Mrs. McDaniel said.

Mrs. McDaniel quoted Dr. Chauncy D. Leake, dean of the Galveston Medical School, who wrote in 1951: "In medicine, in education, in diplomacy, in statesmanship, in scholarly interest, and in dignified living, Ashbel Smith did much to establish Texian standards. His brand of responsible civic leadership is increasingly needed if we are to meet our tough times as well as he met his."

"During the social hour refreshments were served to Mmes. Hugh D. Barton, Michael Dunigan, H. Joe Franklin, J.R. Holloway, Homer D. Johnson, M. McDaniel, Neil Quattlebaum, Aubrey Steele and McHenry Lane.

"Differences, and share what you can."

LEO (July 23-Aug. 22): - Friday you are likely to be out in front leading. Find ways to improve your opportunity. Pay careful attention to the community news.

VIRGO (Aug. 23-Sept. 22): - You may find some novel way of increasing your income. Your participation in original research, new types of ventures could encounter surprisingly good results.

LIBRA (Sept. 23-Oct. 22): - Personal projects thrive. Tidy up so as to be free to make full use of the expansive mood, the improved spirits of the people around you. Romance is strongly favored in the evening.

SCORPIO (Oct. 23-Nov. 21): - Your self-improvement program blooms with its "big idea". Bring in all the expert advice available and get busy. (Select your collaborators with great care during several weeks of thought.)

SAGITTARIUS (Nov. 22-Dec. 21): - New group enterprises are not ready for your participation. Stay with the schemes you've already set up for yourself. Take the time to consider the pros and cons.

CAPRICORN Dec. 22-Jan. 19: - There is symbolic indication of some sort of merger; just be sure that what you have built will retain its character if you are to throw in your lot with others. Likewise you have to consider the share your mate, family, old friends might have in the revised venture. Serious discourse during the evening's hospitality may do the trick.

AQUARIUS (Jan. 20-Feb. 18): - Transformation of your major venture appears here in symbol. Where you are eligible and have been searching, it could take the form of physical relocation. In any case a new rationale is behind your program.

PISCES (Feb. 19-Mar. 20): - Long-time associates provide expanding opportunity for increasing your standing and enjoyment of your resources. Think big, move along and persuade them to join you.

Wesleyan Guild Members Review Southeast Asia

Wesleyan Service Guild met recently in the First United Methodist Church parlor to continue the study of Southeast Asia, conducted by Mrs. Luther Kirk.

Others participating in the program were Mrs. O. G. Smith, president; and Miss Ella Pool, song leader.

Mrs. Kirk spoke on the devotional "Enlarge Thyself," and stressed four ways the service guild could grow spiritually. After an introduction of the study, Mrs. Kirk presented the lesson in a play form.

Miss Pool gave a history of Burma; Mrs. J. M. Turner, Thailand; Mrs. L. B. Penick, Laos, and Mrs. Charles Brunson, Cambodia.

After the play, Mrs. Kirk presented the film, "From Oxcart to Moon," which depicted changes occurring in these countries.

Others attending were Mmes. Malcolm Denson, Aubrey Jones, Donald Nensiel, Walter Daugherty, E. V. Boston, and Misses Alice Gordon and Alma Wilson. Hostesses were Mrs. Smith and Mrs. Daugherty.

Pampans Return From Conference Of Vitamin Corp.

Mr. and Mrs. Lonnie Parsley and Mrs. Virginia McDonald have returned from California where they attended the annual leadership conference for unit and field directors for a vitamin corporation.

More than 100 attended from the United States and Canada. Mr. and Mrs. Leonard Wolf, Washington, D.C., were conference speakers. Wolf is a former senator and is serving on the Freedom from Hunger Committee for the federal government.

Mr. and Mrs. Parsley also visited relatives in Glendale, Calif. Mrs. McDonald visited the former Eula Mae Meador, who lived here several years, before moving to California. They also visited Mr. and

Senior Center Corner

By MRS. O. A. WAGNER

Being the first Thursday in the month, the Altrusa Club was hostess for the meeting Feb. 6 and honored all the seniors who had February birthdays. Those present with birthdays this month were Mrs. Nina Benham, Mrs. Edith Mills, Mrs. C.G. Miller and Mrs. Fred Scarberry and Messrs. O.L. Ray, R.W. Tucker and Jack Lasher.

Mr. and Mrs. R.D. Nice, 1129 Christy, entertained guests for the weekend their son, R.D. Nice Jr., and family of Houston. Mrs. R.D. Nice Jr., is the former Naomi Van Huss, and a regular member. They also visited her mother, Mrs. Jessie Van Huss, 510 N. Frost, while here.

Mrs. Gladys Carter Hollon has received notice of her husband's retirement from the service. He will be transferred from Guantanamo Bay to the United States and will live here with his wife at 1324 Frederick. Mrs. Hollon has lived here to care for her father, Frank Carter.

Mrs. Cleo Vaughn, Amarillo, visited her parents, Mr. and Mrs. J.C. Moseley recently. She also visited in the homes of her sisters, and brothers-in-law, Mr. and Mrs. Frank Converse and Mr. and Mrs. Homer Bowers, and a school mate, Mrs. W.S. Presley, Lefors.

Mrs. Etty Baldwin and Mrs. W.R. Emmons have been reported admitted to Highland General Hospital, and Mrs. Linnie Fowler was admitted to Worley Hospital.

Mrs. Ann Kay provided floral centerpiece for the serving table.

Mrs. Gary Cockrell and son Brian, Denver, Colo., visited in the home of Mrs. Fern Hogsett recently. Mrs. Cockrell is Mrs. Hogsett's granddaughter. Other guests of Mr. and Mrs. Frank Hogsett were their son Duane

Hogsett, Tulsa, Okla. who is area superintendent for Cities Service Gasoline plants.

Several attended the funeral services of Wally York in Jacksboro, recently. Mrs. Wally York helped to get the Senior Center started, several years ago, but to make records complete we need to know when and who the first chairman was.

Mrs. Libby Shotwell, Red Cross executive secretary, visited Thursday. She or her husband drive several women to the center and return them home after the meeting. Other Red Cross Volunteers with transportation were Mrs. Olive Hills, and Mrs. Jessie Rance.

Altrusans assisting with refreshments were Mmes. K. Sullins, Louise Sewell, A.D. Hills, and Miss Jimmie Lou Wainscott.

Mrs. C.R. Scarberry, Mrs. Katie Benedict and Mrs. J.L. Sutton were back to the center this week, after a week's absence.

Your Horoscope

JEANE DIXON

FOR FRIDAY, FEB. 14

YOUR BIRTHDAY FRIDAY:

Your coming year is full of sudden breaks, scattered coincidence in the way your friends assist (or hinder) your pet projects. Romantic interests are strongly stimulated at intermittent intervals. Friday's natives tend to project their emotional qualities very strongly, so that other features of their character are overshadowed or obscured.

ARIES (Mar. 21-Apr. 19): - Great expectations are the keyword for the day. Where you have been teaming up with respected colleagues and partners along consistent and constructive lines, the results are a fulfilling experience.

TAURUS (Apr. 20-May 20): - Conditions are ripe for some sort of personal windfall, according to what you have been attempting and how deep your involvement runs. Take the time to adjust yourself before you go into the evening.

GEMINI (May 21-June 20): - Escape the pitfall of being bogged down in the immediate petty crisis by taking the longer view. Ask for help, and be very specific about what you want and why. Save your money today; there is nothing lavish spending will bring you that you will retain very long.

CANCER (June 21-July 22): - Your interests Friday deepen to excitement, although people around you may not be enthused. Make allowances for

SCORPIO (Oct. 23-Nov. 21): - Your self-improvement program blooms with its "big idea". Bring in all the expert advice available and get busy. (Select your collaborators with great care during several weeks of thought.)

SAGITTARIUS (Nov. 22-Dec. 21): - New group enterprises are not ready for your participation. Stay with the schemes you've already set up for yourself. Take the time to consider the pros and cons.

CAPRICORN Dec. 22-Jan. 19: - There is symbolic indication of some sort of merger; just be sure that what you have built will retain its character if you are to throw in your lot with others. Likewise you have to consider the share your mate, family, old friends might have in the revised venture. Serious discourse during the evening's hospitality may do the trick.

Fans Crazy About Knicks

NEW YORK (NEA)—Walt Frazier whips a pass into the pivot which bounces off the backside of the opposing center and into the hands of Dave DeBusschere, who has a clear shot. Bill Bradley shoots and the ball teeters on the rim while the players stand and watch the way a crowd does when a man is on the ledge of the 40th floor. Yes or no? Yes, it falls in.

"You know what it's like?" asked a New York Knick fan, as he chewed his program in excitement. "It's like every one of them Knicks stepped in a pile of horse manure and they come out smelling like a rose."

Larry Costello, coach of the Milwaukee Bucks said the same thing, but in less pungent terms. "They are a great basketball team," he said. "It is a team that seems to have no weakness and you cannot gamble on them."

"They blew us out of the gym," said Atlanta coach Richie Guerin.

In the last month, the Knicks won nearly 90 per cent of their games. They jumped from sixth place to third to fighting for the lead in the NBA's Eastern Division.

The Knicks are the hottest team in pro basketball. Breaking that down it means they are (a) the luckiest and (b) one of the most skillful teams in basketball.

Their defense is remarkable. It seems they have hands springing out of the floorboards to snatch balls. They are fast-breaking with the speed and sure-handedness of the Pony Express. And they are as

chairtable with giving up shots as the guy in the bar who sets 'em up for the house.

A spirit of selflessness, of pure joy, of unfettered confidence spurs the Knicks and makes them the most exciting and most successful team in New York since, well, since the Jets. And that's going a piece—in results if not in calendar years.

"Everybody," said Knick coach Red Holzman, "is part of everything. DeBusschere has made a big difference since coming here in a trade. Bradley is playing better than ever. Willis Reed has adjusted to center again. Frazier and Dick Barnett are playing the offense and the defense. We call someone from the bench and he flows right in. Our trainer has helped."

"Even I have helped."

The Knicks' technique has been to grab a big early lead and let the other teams try to catch up and they haven't yet. Against Philadelphia the Knicks jumped out 10-0, then 34-19 at the end of the first quarter. They swept to a 17-4 advantage over Atlanta. It was 24-10 over Boston, 65-49 over Baltimore at the half and they took an early 25-point lead over Milwaukee.

All this despite the loss by injuries to Cazzie Russell and Phil Jackson.

As sometimes happens, the loss of key players will provide openings for others who respond to the challenge.

This primarily fits Bill Bradley of the New York Knicks. He is starting now, in place of Cazzie Russell, and is

The Knicks in action: Defense, Selflessness, Confidence—and Talent."

playing the more familiar forward position rather than guard. He is playing 40-45 minutes a game, where he used to play less than 30. In a recent set of four games, he scored over 20 points three times and hit the winning free throws in the fourth.

A major reason for the New York resurgence is, of course, Dave DeBusschere. He came to the Knicks on Dec. 19 in a trade with Detroit for Walt Bellamy and Howard Komives. The Knicks had floundered in the

early months, but they won two straight when DeBusschere joined the club and with him, they went on to win eight more in a row, breaking a club record.

"Dave has provided leadership, hustle and inspiration," said Russell. "When Dave says something on the court, we listen. We respect his knowledge and ability."

The Hawks' Joe Caldwell noted: "Dave makes them quicker. He gets down on the fast break where Bellamy did

not. And he's not so concerned with his own offense. It seems he doesn't start driving until the Knicks are well ahead. He's looking to pass to others."

With Bellamy gone, Reed went back to his "natural" position—center. He has increased both his rebounding and scoring percentages. And Barnett, the sleepy-eyed, bearded backcourt standout, is also scoring more—especially in crucial fourth-quarter situations.

"It's Frazier, though," said DeBusschere, "who is the un-

sung hero. He's getting us up, both on defense and offense." Walt Frazier is leading the team in assists, second in rebounds and averaging 16 points per game.

When the starters need breathers, Nate (the Snake) Bowman provides frightening dribbling with strong reboundings; Bill Hosket with a leg taped from calf to thigh hits three straight 25-foot jumpers; Don May, 6-5, outrebounds centers, fakes, sinks a layup, and Mike Riordan, flapping

around the court like an elf, always seems to save the ball, then spill into a spectator's lap.

"A funny thing," said that Knick fan, with bits of program now at the corners of his mouth, "but look how they'll argue about something and yet no one gets mad at anyone. And then they'll be winning and they'll be laughing on the bench. They seem so happy."

Even when the Knicks blow a big lead, then have to struggle to keep the win, they still have a sublime outlook.

Spencer Haywood Throws Punch, Fans Join Action

By United Press International

Two of the nation's top 10 basketball teams took easy victories Wednesday night, but the spotlight was on the performance of Olympian Spencer Haywood, both on the court and off.

Angered by a foul called on him, Haywood slammed referee George "Red" Strauthers with a roundhouse punch early in the second half of Detroit's game with Toledo.

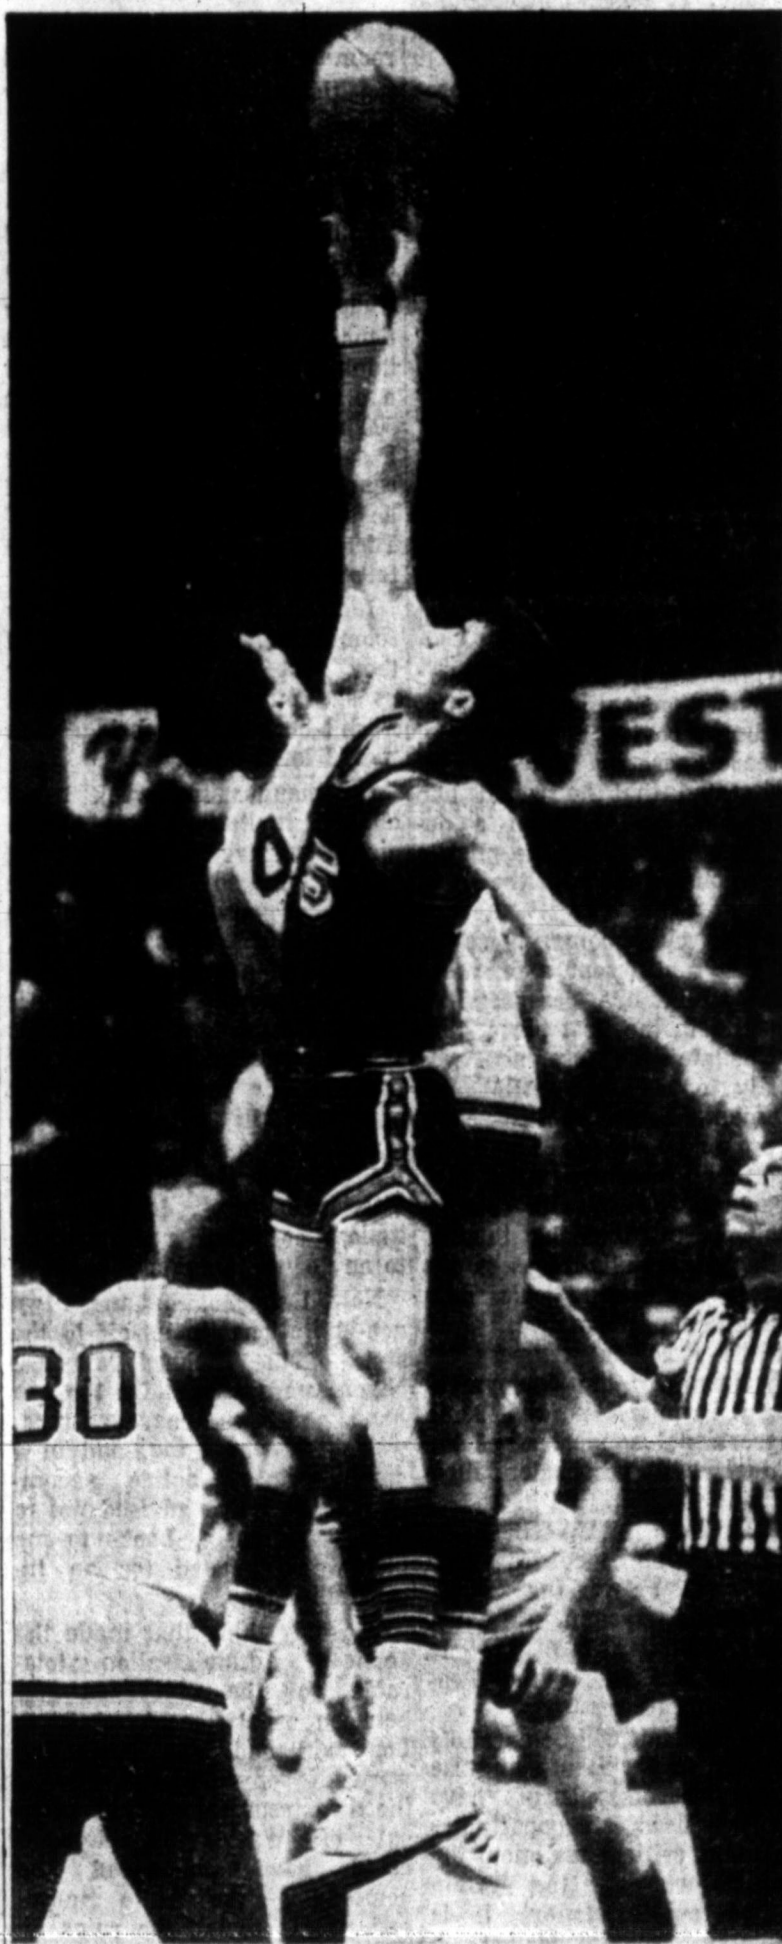

Strauthers returned the punch, both benches emptied and fans streamed onto the floor before police were able to break up the melee. The 6-8 Haywood, who had scored 24 points up to then to pace Detroit to a 68-43 lead, was promptly ejected. Toledo then erased the 25-point deficit and tied the game at 80-80 with five minutes to play, but Detroit rallied for a six-point lead and held on for a 92-90 victory.

In the games involving the top teams Wednesday night, seventh-ranked LaSalle defeated American University 96-72 and 10th-ranked Villanova drubbed Canisius 75-54.

Larry Cannon scored 18 points to head six LaSalle players in double figures. It was the Explorers' 19th victory in 20 games.

Sophomore Howard Porter scored 27 and Johnny Jones added 22 in Villanova's 17th triumph in 20 games this season. An 11-point outburst at the start of the second half gave Villanova a 46-28 lead that stood up. The Wildcats were leading by 71-47 when Coach Jack Kraft sent in his reserves.

In other games Wednesday, New Mexico State conquered the University of Texas at El Paso 78-62, Memphis State defeated Loyola of Louisiana 80-62.

THE HIGH POINT — Pampa's Jim Gallman and Lubbock's Ken Meincke leaped to their highest point Tuesday night and it was still a draw.

Baseball Owners Discuss Pensions

NEW YORK (UPI)—Representatives of the Major League Players Association and league clubowners were scheduled to meet again today in an effort to resolve their differences over the players' pension fund.

John Gahehin, spokesman for the owners, said a meeting Wednesday "hit a snag" and announced that the negotiators will try again at 3:30 p.m. today.

The players have threatened to refuse to report to spring training and to strike during the season if the differences are not resolved.

Gahehin and Sandy Haddin, American League attorney, represented the owners.

PHS Tests Coronado

Lubbock Coronado will try to play the spoiler's role again Friday night when they host Pampa in an important District 44A cage contest in the Texas Tech Fieldhouse.

The Mustangs pulled one of the big upsets of the season Tuesday night when they edged Borger, 67-65 in the Bulldogs gym.

Coronado pulled to 3-4 in second half district action and 17-15 for the season. They are now 8-8 overall in district play. Pampa and Borger are both

6-1 in second half play and Tascosa, the first half winner at 9-0, dropped to third place at 5-2, thanks to Plainview's rousing 59-55 victory over the Rebels.

The Harvesters are now in a position to win the second half title and meet Tascosa in a play-off for the district championship.

But first the Harvesters have to get by the Mustangs, a team they beat only 65-59 earlier in the season, and then Borger, whom they host Tuesday night.

The game was lots closer than the score indicates. Pampa led 18-15 after one period but trailed 38-33 at halftime and 51-48 after three periods.

The Mustangs' 'Big 3' Tom Malone, David Marcel and Chris Byler, all had a big night against the Harvesters. Marcell connected for 23 points, Byler scored 15 and Malone had 12.

Marcell, a six-foot senior is the district's sixth leading scorer with a 13.6 average. Coronado's only returning star-while Malone, at 6-4 and ter, has a 12.0 district average and Byler, a 6-4 senior has a 11.5 mean.

Roger Gillespie, 6-2 junior and Gary Voyles, 6-0 senior letterman will man the other two starting spots for the Mustangs, who'll have 6-2 junior Kent Daniel and 6-3 senior Louis Warren in reserve.

Harvester starters Jim Hollis, Edward Moultrie, Johnny Epperson, Billy Thomas and Jim Gallman didn't play a lot against Lubbock Tuesday night. But both Hollis, the district's leading scorer and Billy Thomas, No. 17 in the district scoring chart, managed to stay in double figures.

Hollis now has a 18.9 average in 16 district games and Thomas is at 11.2.

In the second half of district play Coronado is averaging 61 points per contest but have given up an average of 58.5 per game. For the season Coronado has a 63.2 offensive mark and 57.5 defensive mark.

The Harvesters have the best second half defensive average (45.2) and are scoring at a 57.9 offensive clip.

Lombardi Preparing Washington Redskins

WASHINGTON (UPI)—The Washington Redskins had found out almost instantly that under Vince Lombardi autumn will come a little soon this year.

In his first full working day as head coach and part owner of the Redskins, Lombardi completed hiring his coaching staff of six assistants Wednesday and then announced he would summon his quarterbacks and receivers to a special training week in June.

Lombardi's coaching lieutenants will consist of two former National Football League head coaches—Bill Austin and Harold Sware; two holdovers from the staff of deposed Otto Graham—Mike McCormack and Don Doll; and two assistants from other teams—George Dickson of the New Orleans Saints and Lew Carpenter of the Atlanta Falcons.

The new boss told newsmen that the June week for his quarterbacks—including Sonny Jurgensen—and receivers will be conducted in Washington. It will consist of morning skull sessions, followed by late physical workouts in the afternoon.

He also announced that he will bring the Redskin rookies to pre-season training camp a week in advance of the regulars. He anticipates spending about 11 weeks getting his new team ready for his return to the NFL coaching wars.

"To have an open date at that point in getting a team ready is almost a catastrophe," he declared.

SPEED READING COURSE SCHEDULED FOR PAMPA AREA

Arrangements have been made to conduct a SPEED READING COURSE here in Pampa, to be taught in evening classes. The average person today reads between 150-300 words per minute and comprehends about 55 to 65 per cent. This course guarantees that its graduates will read at least 1,000 words per minute and with a marked improvement in comprehension. However the spokesman said, "the guarantee is a bare minimum, because the average person can increase his speed TEN TIMES with a profound improvement in comprehension and concentration."

The average graduate of this course should be able to read 1,000 to 3,000 words per minute and attain the 80 percentile in comprehension. This means, after graduation, a person should read books of average length in 45 to 60 minutes and understand, enjoy, and remember them better than ever. Those who enroll will attend ONE CLASS PER WEEK, for NINE WEEKS and will receive a DIPLOMA upon completion.

Those who are interested in further details may attend one of the FREE, one hour, orientation lectures that have been scheduled. At these meetings the course will be explained in detail, including requirements, tuition, and class schedules. A person may attend one of these meetings without obligation to enroll.

These meetings will be conducted at the Emerald Room, Coronado Inn, Pampa, Texas, at the following times: p.m.; Fri, Feb. 14, 6:30 and 8:30 p.m.; Fri, Feb. 14, 6:30 to 8:30 p.m.; Sat, Feb. 15 10:30 a.m., 2:00 and 4:30 p.m.

This course offered by AC CELERATED EDUCATION SCHOOLS of Amarillo, was created by Dr. Wade E. Cutler, a Ph.D. of psychology and has nearly 10,000 successful graduates, including over 500 in the Golden Spread.

If you are a professional person, or a college student or a college-bound high school student and want to keep up with our rapidly changing world, be sure to attend one of these most informative meetings. There is no obligation. Classes are limited to 18 students and class places will be reserved on a first-come, first-serve basis only. Classes will start Feb. 20. Be sure to attend one of the early meetings for a wider schedule choice.

MAKE 1969 YOUR YEAR OF SUCCESS.

Think of us first because we are.

The Pampa Daily News

A Watchful Newspaper

EVER STRIVING FOR THE TOP O' TEXAS TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

Our Capsule Policy

The News believes each and every person would get more satisfaction in the long run if he were permitted to spend what he earns on a volunteer basis rather than having part of it distributed involuntarily.

Young and Old Drag on Nations

Per capita income or gross national product are not the only measurements of a nation's economic progress. Another important one is its "dependency ratio."

This is the ratio of the population under age 15 and over age 65 to the population between 15 and 64.

High dependency ratios are among the most serious social and economic problems facing the developing countries because they mean that a relatively small working population must support relatively large non-productive populations at both ends of the age scale. The imbalance is caused both by increasing life spans and, more importantly, by persistently high birth rates.

Most industrialized countries have dependency ratios between 50 and 75, reports a recent Statistical Bulletin published by Metropolitan Life. Values between 75 and 100 usually occur in developing countries.

In Western Europe, ratios vary in range from 50 to 61. In South America, by contrast, they range from about 79 in Chile to almost 100 in Colombia. (Argentina is an exception with 54.) In Asia, Taiwan has 91,

compared to only 51 in Japan. The United States and Canada are high among industrialized countries, with dependency ratios averaging close to 70, though there is wide variation from state to state and province to province.

The significant thing is that in most industrialized countries (U.S. and Canada excepted), the older dependent population outnumbers the younger. It is the very large proportion of the population at ages under 15 that is the main reason for high dependency ratios in the underdeveloped world.

Chile, for example, has nine times as many people at ages under 15 as at ages 65 and over; Colombia has 16 times more younger than older dependents. In some areas of Latin America, youthful dependents comprise almost 45 per cent of the total population, not the older, that is most dependent, for it is young people who require schools, jobs, housing and opportunities. It is the increasing demand for these "services" which is straining the economic resources and political stability of so many countries.

What Does It Mean?

Because language, its misuse and abuse, has played such a dominant role in producing our latter-day Babel, it is interesting to note what students of language are saying about it.

Professor Laurence LaFore of Swarthmore College's history department has commented on the phrase "power structure," a term frequently bandied about by young militants. He claims, according to the Saturday Review, that "Power structure means nothing whatever. It is even vaguer than Establishment, which at least stood for a description of British society, not a general sociological principle. The assumption that there is such a thing as a 'power structure' allows the erection of large logical edifices on foundations of gas."

The coupling of these words, with no apparent sensible togetherness, manages to evince almost as many interpretations as there are people. Both the empty phrase and the term "Establishment" have one trait in common; they seem to refer to anything which young protesters are agin'. And it is pretty clear that all protesters are not agin' the same thing. Worse pity is the fact that such meaningless phrases are picked up by normally competent writers, thus helping such verbiage to endure. It seems it would behoove anyone who is seriously concerned about his country to, as the comics quip, "Watch your language!"

Concerned Professor

The occasion was the annual meeting of the American Association for the Advancement of Science.

The geneticists had the floor. One after another, the scientists got up to add their little bit to what has been found out, hinted at, guessed, or speculated upon.

It started off on a high and happy note. There is hope, the listeners were told, that it may soon be possible to prevent birth defects in children by administering the proper genes.

It went on. Low intelligence is another thing which may be prevented through the marvelous workings of science. So, too with such things as diabetes,

which could be cured by activating lazy genes.

After two hours, it began to seem to one man in the audience that the geneticists had overwhelmed themselves with what may soon be within their power, and were not at all awed at the prospects of monkeying heavily handedly with the very stuff of life.

That, coupled perhaps with awareness of the present consequences of single-mindedness of some scientists, was too much for David Daube, a professor of law from Oxford University.

He declared, "The safest course would be to lock all of you up!"

But they thought he was just joking.

Once-and-Done Power

Such scientists have come up with something new in disposable conveniences—a paper battery you use once and throw away.

The paper is impregnated with the same chemicals that go into a conventional dry cell battery, then sandwiched between a conducting foil and another layer of paper containing zinc crystals. A necessary zinc or manganese strip may be added to the battery or built into an appliance. All you add is water to activate the chemicals and create electricity.

The "energy sandwich" has such a high power density that its inventors foresee its use in anything from cordless electric shavers to an emergency battery to start a car. In one test, it powered an electric shaver for seven minutes.

Lessening the Postal Limp By removing the appointment of local postmasters from the area of political patronage, and incidentally ending 190 years of tradition, President Nixon has taken a first, small step toward the revamping of the entire structure of the postal service.

The president's authority is limited, however. It is Congress

that must eventually decide whether the outmoded, overburdened system is to continue limping along from deficit to deficit or whether an entirely new concept is in order.

A presidential commission months ago recommended sweeping changes in the postal service, chiefly making it a non-profit government corporation

The Doctor Says

By DR. W. G. BRANSTADT

Chocolate, Pork, Nuts, Not Causes of Acne

Q—What causes acne? Can it be cured or will I require treatment the rest of my life?

A—Ordinary adolescent acne is caused by changes in the developing sex glands and their hormones. Chocolate, pork, nuts and milk do not cause acne and the idea they may aggravate it has not been scientifically proved. In most victims, the skin clears up in the early 20s.

Q—As a teen-ager my skin was clear but now, in my 30s, I'm troubled with clogged pores. What is the cause? Are facial saunas beneficial?

A—Face powder and cosmetics with an oil base may cause clogged pores, resulting in blackheads and —or—pimples. Although facial saunas have been promoted as a cure for these blemishes, there is no evidence that they are effective. Sweating will not flush out your clogged pores. Any benefits resulting from sauna treatments can be attributed to the associated cleansing of your skin with warm water and soap, which should be done two or more times a day. Sunlamp treatments, using care not to get a burn, are much more beneficial.

In some victims, commercial acne preparations are helpful but they should not be used without first checking with your doctor. You should avoid squeezing the blemishes as this may lead to infection and deep scars. In severe cases, some doctors are getting excellent results by injecting a small amount of hydrocortisone into the lesions.

Q—My daughter, 19, has had acne since she was a child. Our doctor says this is caused by emotions and that the only effective treatment is plastic surgery. What do you think?

A—Acne is more likely to be a cause than a result of emotional disturbances in adolescents. Plastic surgery would be advisable if unsightly scarring has occurred.

Q—I am 14. A friend and I have acne. He spent a month in Florida and when he returned his face was clear. I asked him what he did to get rid of the sores and he said, "Nothing." What caused the change?

A—The most likely explanation is the beneficial effect of sunlight in moderation.

Editor:

Commander Bucher's stated "faith in the people of the U.S." has been returned with the usual hatchwork by part of the U.S. Press.

Mr. Bob Rose of the Chicago Daily News said he "griped" and "complained" on the witness stand. The Washington Evening Star quipped: "Bucher is no latter-day John Paul Jones."

Even the Pampa Daily News in a faithless judgement of Jan. 23 headlined: "Bucher to Face Court Martial."

The testimony of Sec'y McNamara on Meet-the-Press several months ago indicates Cdr. Bucher rates commendation and a new command for his handling of the Pueblo confrontation.

Mr. Spivak: "There are many Americans who are greatly concerned that a vessel as important as the Pueblo could be so easily captured. Why wasn't it better protected?"

Sec'y McNamara: "I think the question is a good one and the answer is three-fold. First, to have protected it would have been a provocative act. Secondly, it would have compromised the mission. This ship went undetected by the North Koreans for 10 to 12 days. During that period of time it carried out its mission."

"Not only would it have been subject to capture during that period had it been detected, but also their reaction, a reaction that was sent there entirely divorced from politics. Congress should take the cue the new president has given it and at last begin debating the merits of the proposal."

Mr. Spivak: "Well now..." Sec'y McNamara: "There is, of course, beyond that the fact that is very important — we are operating on the high seas in an entirely legal fashion. Neither the Soviets nor we protect ships of this kind."

Sincerely, Frederick M. Dunn 124 E. 27th St.

Inside Washington

'Tough Year For Defense' Especially 'Sentinel'?

ROBERT ALLEN JOHN GOLDSMITH

WASHINGTON — President Nixon may have to ride to the rescue of the Sentinel missile system if he wants to continue the deployment of that antiballistic missile system (ABM). That is the present reading at the Capitol. It reflects the fact that something new has been added to the already substantial opposition previously expressed with respect to the costly ABM.

Unless Mr. Nixon is willing to invest the controversial deployment plan with a bit of presidential prestige, Congress may well return the Sentinel system to "research and development" status. It is just one more tough problem for the new President.

Congressional skepticism was well illustrated last week when the House Armed Services Committee told the Pentagon it would approve no more Sentinel sites until it has a definitive statement from the Defense Department as to whether the program should be continued.

Last year Congress voted more than \$1 billion to begin the ABM deployment. That action came after former Defense Secretary Robert S. McNamara came around to supporting a "thin" missile defense—ostensibly against a threat from China in the 1970s.

Congressional "doves" quickly began the attack on Sentinel, deploring its cost (at least \$5 billion) and declaring that it would accelerate the arms race. They quickly won support from others in Congress who argued that deploying the unproven Sentinel could torpedo discussions with Russian leaders on limiting missile strength of the two superpowers.

Congress, with some firm advice from President Johnson, rejected those arguments. Then, in his final budget for the year beginning July 1, Mr. Johnson proposed spending another \$1.7 billion on Sentinel.

With preliminary deployment steps now in progress, however, opponents are armed with potent, new argument against the ABM. Sites are being pinpointed for emplacement of radar arrays and batteries of nuclear-tipped missiles, and communities involved do not like that at all.

Never mind strategy or disarmament talks; now there to determine, would have been quite different.

"And, finally, the protection itself always runs the risk of, ah, leading to military escalation."

Mr. Spivak: "Well now..." Sec'y McNamara: "There is, of course, beyond that the fact that is very important — we are operating on the high seas in an entirely legal fashion. Neither the Soviets nor we protect ships of this kind."

The American Way

By D.R. SEGAL

In case you've been wondering what sort of style the Nixon bunch is going to set, I have a clue for you. I got a call from someone in the Capital who said that due to my determined efforts in behalf of Mr. Nixon I would be allotted two "very, very, very scarce tickets to the inaugural ball" if I wanted them.

My efforts in behalf of Mr. Nixon were somewhere between ennu and apathy; but I said I would talk it over with my roommate and, if she wanted the tickets, I'd let the fellow know.

With what I thought was a rising note of panic, he replied: "You know, of course, you will have to provide your own transportation and accommodations in Washington and I don't think you can get a seat on a plane or a hotel room within 500 miles." I got the hint, but I said, "Oh, I know a Texas rancher up in Washington and he said he'd find me a place."

There was a pause, and the fellow said, "Oh."

I talked it over with my roommate and she said that if they sent Air Force One for us she might consider it, if it wasn't on a day the tri-dig club met. I let it pass.

On Inauguration week I got another invitation. This was a giant, engraved billboard thing which invited me to the inaugural and offered to sell me a souvenir program (\$10). There was a printed note with the engraved invitation. It reads: "Important Notice. This is a souvenir invitation only and conveys our sincere wish that you may be able to be in Washington on the occasion of the Inauguration, but the invitation in itself does not (in italics) constitute an admission to any of the inaugural events."

Now, I suggest that these two non-invitations tip us off to the style of the Richard Milhouse Nixon years ahead. On the one hand, and in the engraved type, we're told one thing, and in a small printed notice accompanying it we're advised not to take it seriously. Looks to me like we're headed for an Incredible Gap.

The only thing that made the Johnson Administration tolerable was the advertised gulf between what the Administration said and what the facts were. Nobody believed any of the disastrous things that came out of Washington. Lyndon could have announced the bombing of the White House, and people seeing the ruins on their tv sets would have said, "Who can believe anything that guy says." But the thing is Lyndon wanted us to believe. He wanted to be real and honest and honorable. But now we have a new man who sends you a footnote advising you that he speaks with a forked tongue and don't pay any attention. I can almost hear Herb Klein signing off the first Administration press conference: "Good day, ladies and gentlemen of the press. Anybody who believes what we've said is a little nuts."

HOW TO ADDRESS OUR LAWMAKERS

You may want to write your senators and representatives in Washington and Austin. Here are their addresses:

FEDERAL
Rep. Bob Price, 101 Cannon House Office Bldg., Washington, D.C. 20515.
Sen. John Tower, Senate Office Bldg., Washington, D.C. 20520.
Sen. Ralph Yarborough, Senate Office Bldg., Washington, D.C. 20520.

WASHINGTON: Moderates Are Best Hope To Heal Mideast Wounds

By RAY CROMLEY
Washington Correspondent

WASHINGTON (NEA) — Though Russian influence has increased heavily in the Middle East in the past two decades, strong forces would aid U.S. attempts to help the moderates build democratic political-economic institutions reflecting the will of the peoples.

The growth of such democratic institutions and the resulting country-to-country political strengths and national pride would decrease markedly the chances of war.

These changes, of course, could only be accomplished at the request of and along lines suggested by the moderate leaders of the Middle East world. To date, no forum has been set up to listen to these leaders.

It is essential that neither the United States nor any other outside country attempt to dictate the programs or objectives.

What is needed is an inter-country group, as in the Marshall Plan for Europe, which would make plans for the region as a whole, encompassing all nationalities and religions in the area.

Consider these assets: 1—Despite the publicity given firebrands, most countries in the Middle East are moderate internationally — Iran, Morocco, Tunisia, Lebanon, Jordan, Saudi Arabia, Kuwait, Turkey and Libya.

2—The moderate countries have been gaining in prestige and influence. Iran has been making giant strides toward upgrading opportunities for the underprivileged. Students in Saudi Arabia have jumped from 2,300 in 1939 to 400,000 today. Literacy in Kuwait has risen to 50 per cent.

Saudi Arabia has provided \$120 million a year to Egypt and Jordan since the war in Israel. Kuwait has given \$132 million a year. These are strong and compelling arguments for Egyptian and Jordanian moderation.

3—There are strong forces for moderation even within the United Arab Republic. Though the Egyptian government has often spoken in belligerent terms, and though Nasser, himself, is noted for his Soviet leanings, Cairo's recent acts—and some of its proposals—seem almost conciliatory.

As one American study notes: "In spite of the rupture of diplomatic relations with the United States, President Nasser has allowed the American University at Cairo to continue."

4—The United Arab Republic also continued to co-operate fully with American oil companies operating in Egypt. There is an apparent desire on his part not to burn his bridges with Washington.

5—The Soviet desire for adventurism in the middle East is restrained somewhat by the heavy cost of sustaining Castro in Cuba, supporting Ho Chi Minh in Hanoi, aiding the Arab countries defeated in the war with Israel and by the increasing cost of competing with the growing activity of Red Chinese agents in the area, whose programs sometimes run at cross-purposes with Soviet aims.

The more unsettled the Middle East, the more opportunities are available to Mao Tse-tung's agents, who now have a near monopoly on some of the extremist groups in the area. The more unsettled the region, the more it will cost the Soviet Union to shore up its allies.

If the Soviet Union steps in too far too fast, there could be a reaction against Moscow throughout the Middle East, much like the reaction against the Chinese Communists in Indonesia. For though the Arabs may welcome Soviet aid against Israel, many of the Arab governments and peoples are worried by international communism.

The Soviet Union also suffers from being a giant next door neighbor. 5—Genuine nationalism in the Middle East is more in line with U.S. objectives than Soviet communism. Communism, in fact, has been barred by major Middle Eastern countries, including Iraq and Egypt.

A recent private study of the Middle East concluded that "American economic patterns, political institutions and educational facilities are still preferred by large numbers of Arab intelligentsia."

6—By and large, all that U.S. interests require in the region is the same principles of equality, safety and reciprocity that Middle East countries expect in the United States.

The United States has little need of bases in the Middle East. U.S. oil companies have shown they can work with a wide variety of arrangements, from nationalization in Iran to concessions as in Saudi Arabia. The Suez Canal is not vital to U.S. aims in the area which, in fact, parallel the basic aims of the great majority of the peoples in the Middle East.

The Almanac

By United Press International
Today is Thursday, Feb. 13, the 44th day of 1969 with 321 to follow.

The moon is between its last quarter and new phase.

The morning stars are Mercury, Mars and Jupiter.

The evening stars are Venus and Saturn.

In 1635 the Boston Latin School, was founded. It is known as America's oldest public school.

In 1914 the American Society of Composers, Authors and Publishers was formed.

In 1945 Russian soldiers took Budapest after 49 days of fighting in which more than 50,000 German troops were killed and 133,000 captured.

In 1988 the United States rushed 10,500 combat troops to South Vietnam.

A thought for the day: Shakespeare said, "Love sought is good, but unsought is better."

WORLD ALMANAC FACTS

The \$56.5 billion National Interstate Highway System, now 70 per cent completed, will link 90 per cent of all cities of over 50,000 population. The World Almanac says, "The 41,000-mile network will have no traffic lights and its safety design is expected to save some 8,000 lives annually."
