Brazil Releases Political Prisoners

15 Contestants Await Miss America Results

BULLETIN

ATLANTIC CITY, N.J. (UPI) — Miss Michigan, Pamela Anne Eldred, a 21 year old ballet dancer, was crowned Miss America Saturday night at a pageant picketed by demonstrators claiming she and other contestants were being "exploited."

ATLANTIC CITY, N.J. (UPI) — Fifteen Miss America contestants Saturday nervously awaited the final countdown in the 1970 Miss America pageant as a group of demonstrators marched outside convention hall claiming the pageant "exploits" women.

The finale Saturday night climaxed a week of hectic rehearsals and preliminary competition in which winners were selected in talent, swimsuit and evening gowns.

Miss Ohio, Kathy Lynn Baumann, 19, was the only winner of two preliminaries with victories Friday night in talent and Wednesday night in swimsuit.

Other preliminary winners

were Pamela Anne Eldridge, 21, of Detroit, Mich., and Carol Jean Norval, 21, of Stafford Springs, Conn. Miss Connecticut, in swimsuit and Judy Mendenhall, 18, of Minneapolis, Minn., and Patricia Jo Brummett, 21, Miss New Mexico, both talent.

Preliminary gown competition winners are not announced. Two bus loads of women, members of the Women's Liberation Movement, picketed on the boardwalk in front of Convention Hall, scene of the pageant.

Atlantic City police, remembering last year's demonstration which resulted in three arrests, stood by prepared to enforce a court order prohibiting obscene signs, stink bombs or the burning of undergarments.

Attorneys for the demonstrators were protesting the court order contending they were not notified of it and that its purpose "is to incite."

A crowd of tourists and newsmen watched as the pickets marched between barricades set up by police. The

Way Paved For U.S. Ambassador's Release

RIO DE JANEIRO (UPI) — The Brazilian Foreign Ministry announced Saturday that 15 political prisoners have departed for Mexico, paving the way for the release of kidnapped U.S. Ambassador C. Burke Elbrick.

Elbrick, 61, was kidnapped Thursday by an armed terrorist who said he would be executed if the military government of Brazil did not allow 15 prisoners to be flown to asylum in other nations and if it did not publish a kidnap note calling the government a "dictatorship."

The government acceded to both requests and it was generally believed all 15 prisoners, most of them students, would be flown to Mexico City

by a Brazilian air force plane. Officials stood by in Mexico City expecting their arrival.

Reporters at the airport identified one of the prisoners and said the others apparently were being taken there in the paddy wagons which were escorted by police and accompanied by guards carrying machineguns. Security was so heavy newsmen were barred from the jail area.

Elbrick was still in custody of the kidnapers and was likely to remain so until international press agencies reported from Mexico City the prisoners had arrived there safely. The kidnapers had said they could go to Mexico, Algeria or Chile.

State police said Rio student Ricardo Nolasco de Rego, 22, had arrived at the airport, the first of the 15 to be deported. The others were scattered throughout Brazil, some of them 1,000 miles away from Rio.

The situation was so critical that the National Security Council met Saturday to consider the crisis. The council, the supreme organ that governs the nation, is convoked only in cases of emergency. It includes all ministers, the heads of the armed forces and the directors of the intelligence service in Brazil.

Political observers expected the government to harden even more its policies against terrorist and subversive activities once the present crisis is over. Some observers said the government might even call for the death penalty for all persons found guilty of such activities.

Most of the 15 were believed to be members of two terrorist groups in Brazil. One is the MRB, or the Revolutionary Movement of October 8 when Cuban revolutionary Che Guevara was killed in Bolivia. The other is the ALN, or National Liberation Front.

Solons Approve \$348 Million Tax Package Saturday

AUSTIN (UPI) — The Legislature Saturday passed a \$348 million tax bill based largely on increased sales, cigarette and corporate franchise taxes.

The bitter six-week-long tax deadlock broke Saturday morning when the house voted 106-34 for the seven-part package. Less than an hour later, the senate approved it 24-5.

The passage after six tax bills had failed, brought an enormous sense of relief to most legislators, but in the house some lawmakers continued to vent their animosities in a long series of personal privilege speeches.

The new taxes will take effect Oct. 1, and will permit the Legislature to pass a balanced two-year budget to replace the emergency 60-day appropriation bill under which the state is now operating.

The senate approved the \$5.57 billion budget Saturday and the house is expected to do so Monday.

The tax bill still needs Gov. Preston Smith's signature, but there was little doubt he would sign it.

Smith offered legislators his thanks for a job well done and urged them to forget things said in the past six weeks "in the heat of anger and a spirit of vindictiveness."

School Bells Mark Beginning Of Fall Term In Pampa Schools

By WANDA MAE HUFF
News Staff Writer

School bells are ringing in Pampa this week to start another fall term and mark the beginning of Autumn, with its falling leaves, football games, school books and teachers.

To introduce Pampans to their schools, both public and private, The News features in today's edition a pictorial feature of all city schools and principals on page nine.

Pampa Senior High School was constructed in 1941, with an east wing added in 1948. The school, a three-story brick structure at the intersection of Harvester and Mary Ellen Sts., is scheduled this year for major remodeling and new construction.

Major remodeling and construction projects at PHS are

part of a \$900,000 bond issue which voters approved in March. PHS projects underway are a new athletic building, track and lighted football stadium, music building, science wing, library and girls' gymnasium. Approved projects in the planning stages are a vocational building, auditorium renovation and third floor remodeling.

Cameron Marsh, principal, and Sterling Gibson, assistant principal, direct a staff of 70 teachers, clerical assistants and counselors. Enrollment the first day of school this year was 1,252 of the 5,774 enrolled in the Pampa Independent School District.

Marsh, a Pampa resident since 1948, moved here from Montgomery County, Md. He received his bachelor of arts degree from George Washington University, Washington, D. C., and his masters of arts degree from West Texas State University.

Marsh first taught history at Pampa High School, became assistant principal, and for eight years was Pampa Junior High School principal before he became Senior High principal eight years ago.

Gibson moved here in August, 1968, when he was employed as head basketball coach and PHS government teacher. Last

month, after Weldon Trice resigned as assistant principal, the school board appointed Gibson to the position.

He attended Western Kentucky University a year before joining the Air Force. After his discharge from the service, he was given a basketball scholarship to Texas Tech.

(See SCHOOL, Page 2)

FOOTBALL EDITION

In today's News readers will find a special football section highlighting Pampa and area teams plus other interesting football features. Stories and pictures on the Pampa Harvesters, Shockers, Perryton, Canadian, Miami, Wheeler, Lefors, McLean, Groom and White Deer teams are included in the special.

Readers will also find complete schedules on the local and area high schools, a major college schedule plus National Football League and American Football League.

There is a roundup on the Southwest Conference, West Texas State and television schedule on college, AFL and NFL games for the coming season.

City's 1969-70 Budget Up For Public Hearing

Pampa's \$1,917,000 city budget for fiscal 1969-70 will be up for public hearing at Tuesday morning's regular session of the city council.

The new budget, approved by the council on Aug. 26, is approximately \$33,000 higher than the 1968-69 estimated budget of \$1,884,000.

City voters will be asked to approve or reject a one-cent sales tax at an election set for Sept. 24.

Officials explain the sales tax — or a 50-cent increase in the property tax — will be needed to keep the city from dipping into cash reserves and facing bankruptcy at the end of the upcoming fiscal year which begins Oct. 1.

The Tuesday morning public hearing on the budget is set for 8:30 a.m.

An ordinance to hike the city property tax rate from \$1.72 to \$2.22 per \$100 valuation will be given a first reading.

Another ordinance increasing the refuse collection rate 30 cents a month for residential

and commercial users will be introduced for first reading.

A resolution also is ready for action to call a special meeting of the council Sept. 25, the day following the sales tax election. This is a precautionary measure to be prepared for the possibility of a voter rejection of the sales tax issue and allow for the second reading of the 50-cent property tax increase legislation. Should the sales tax be approved, officials say the property tax measure would then be sidetracked.

In other business the council will receive bids on traffic signals and consider the following:

Second reading of an ordinance changing the zoning of Lots 1 through 10, Block 7, in the Prairie Village Addition, from Neighborhood Service to Retail.

Transfer of \$100,000 from the Water and Sewer Fund to the General Fund.

Declaring certain property surplus and available for sale.

Approval of monthly bills and routing salary changes for August.

Non-Scenic Tour Along Gray County Roads

By DORIS E. WILSON
News Staff Writer

Some of Gray County's less-traveled roads are becoming less than scenic.

In fact, they are an eyesore and a disgrace.

City and county residents are dumping discarded furniture, appliances, old car bodies, tires, tree limbs, worn out clothing, beer cans, discards of every shape and description along county roads.

Most of the junk is left beside the road. Some of it is dumped in the middle of the road.

It creates problems for county road maintenance crews, whose job is to keep roads graded and weeds cut beside the roads.

The roadside "junk piles" also pose a fire threat to surrounding grasslands and ranch houses.

Less than three weeks ago, pictures were being taken, a rancher stopped by to declare:

"If it comes from a Hdwe. store we have it, Lewis Hdwe. (Adv.)"

a few miles southeast of Pampa, valuable grassland was burned off and ranch homes were threatened, when trash and refuse caught fire and raced across the canyons and prairies spurred on by high winds.

Pictures accompanying this article were taken from the roadside circling the Merten Lease southeast of Pampa in Precinct Two.

But the "roadside junk piles" are not confined to Precinct Two only. At a recent session of county commissioners, the problem was found to be prevalent in all four of the county's precincts.

That ranchers and farmers are upset over their lands being used as dump grounds, is stating their case mildly.

While the accompanying pictures were being taken, a rancher stopped by to declare: "I am going to put up a sign

... everything from discarded truck bodies to discarded commodes.

Careless residents are turning county roads into junk piles for

(See TOUR, Page 2)

Your

(Continued From Page 1)
asking people not to dump here. But I don't suppose it will do any good. They'll just probably pile junk on the sign."

Gray County Sheriff Rufe Jordan said this week he had received numerous complaints from county residents.

"My office has become overrun with calls from farmers and ranchers protesting dumping of trash on their property," Sheriff Jordan said.

The "junk dumping problem" according to County Judge S. R. Lenning Jr. and Precinct Two Commissioner H. V. Wilks has seemed to increase in the past month or six weeks.

Judge Lenning and Commissioner Wilks, concur an alternative would be to purchase canyon property and use it as a county dump grounds under the same state regulations imposed on the city dump ground.

"Perhaps," ventured Commissioner Wilks, "since Precinct Two is larger and more heavily populated than the other three precincts in the county, we have more people to dirty it up. I didn't realize the same thing was going on in the other three precincts until they discussed it the other morning."

In the event, the county is prompted to buy a county dump grounds it would have to be operated under the same provision as the city's.

"We would have to use the same landfill operations the city does and there could be no burning, because of the July 1st edict from the state," Judge Lenning said.

Sheriff Jordan said persons who use county roadsides for dumping trash are subject to fines ranging from \$5 to \$200.

City and county officials urge citizens to make use of the city sanitary landfill, located northeast of Pampa, just beyond the Pampa Country Club. Direction to city dump grounds is well-marked.

The city sanitary landfill is open Monday through Friday from 7:30 a.m. to 6:30 p.m.; on Saturdays from 10 a.m. to 6 p.m.; and on Sundays from 1 p.m. to 6 p.m. It is closed on all holidays.

After stated open hours, the gateway entrance to the sanitary landfill is padlocked.

Fire

(Continued From Page 1)
loading. There may be some things we can keep but just about everything in the store is ruined," Cansler said.

"There are plenty of fried eggs, cooked beef and ham in the building," he joked.

Cansler did say that all key employees of the store are now working in Borger and Amarillo stores but part-time help would be out of a job until something else could be done.

Cansler said Roy Kay Furr Jr., owner of the super market chain, is expected in from Lubbock sometime next week.

Cansler said he did not know at this time if Furr's would open another store here.

School

Barge, Freighter Collide In Harbor

HOUSTON (UPI)—A barge carrying flammable gas collided with a freighter and ran aground in the Houston ship channel Saturday, leaking gas and stopping traffic in the waterway.

Coast Guard Cmdr. Al Rose, captain of the port, said the collision occurred in a remote area halfway between the Lynchburg Ferry and Baytown. No residential areas were threatened by the escaping propylene gas but the possibility of an explosion and fire remained.

"This stuff is similar to propane or natural gas," Rose said. "Any spark or any open flame can set it off. The barge is

mostly above water but one of the two large tanks built into the freighter and ran aground in the Houston ship channel Saturday, leaking gas and stopping traffic in the waterway.

Rose said each tank could carry about 1,000 tons. "I stopped traffic because of the wind," Rose said. "The vapors are blowing parallel to the channel. When vessels pass they tend to drag the vapors along with them."

The barge, towed by the tugboat John M. Warner, grounded about eight hours after it collided at 1 a.m. with the cargo ship Halifax Star.

Both the tug and the freighter had minor damage. Rose said a Coast Guard fireboat, and units from the Harris

County Sheriff's Department Marine Division guarded the vessel while repair operations were decided on.

"We are doing whatever we can to protect lives and property but we are not in the salvage business," Rose said. "The salutation is up to the companies."

Rose said he couldn't tell how fast the barge was leaking but he said its owner, DuPont Chemicals, and the owner of the gas, Sinclair Oil Co., had sent experts to the scene to stop the leaks or remove the chemical.

"We have been on the barge already and I can't make any estimate as to the time it will take to fix it," Rose said. "The

experts are down there now. We will either patch it or there is a possibility of transferring the gas to another barge. We just don't know yet."

Rose said he had no idea how long the channel would remain closed.

"We sure want to open it up as soon as we can. I am fully aware of the importance of this channel."

Rose said about 30 large ships and too many tugboats to count pass through the channel each day.

Altrusans Note Anniversary Of Senior Center

At Senior Center Thursday afternoon, senior citizens and Altrusans celebrated the end of the 14th year of the organization and the beginning of the 15th year of Senior Citizen Center.

Approximately 69 senior citizens attended the anniversary party held in Lovett Memorial Library.

Among the guests were three of the charter members of Senior Center, Mrs. C.P. Rupp, Mrs. Mollie Heibcock, and Mrs. Katie Vincent, as well as three charter members of the Altrusa Club, Mrs. Lillian Snow, Miss Jay Flanagan and Mrs. Libby Shotwell.

Senior Center began as a "for women only" group named the Nakomis Club with the first meeting held in the home of Altrusa president, Mrs. Lillian McNutt, in September, 1954.

It has grown in the past 14 years from a membership of 10 or 12 ladies to between 60 and 70 members, both male and female, who attend the weekly sessions in the library.

As senior citizens arrived for Thursday's anniversary celebration, they were presented with miniature corsages of blue fore-get-me-nots tied with blue ribbon and centered with a white glittered "14th."

Altrusa Club President Mrs. C. C. Fitzgerald expressed appreciation to other Pampa clubs and organizations for their assistance with the project throughout the year; welcomed guests and gave a brief resume of the center's history.

Astronauts Speak To Hometown Crowds

WAPAKONETA, Ohio (UPI)—Lunar explorer Neil Armstrong said Saturday the epic space flight of Apollo 11 affirmed his faith in God.

"The peace and beauty of outer space made me even more aware of the power of the Supreme Being," Armstrong said at a news conference during a homecoming celebration.

The German publication "Stern" had claimed recently that Armstrong, the first human to walk on the moon, was an atheist.

Armstrong earlier spoke to 2,000 teen-agers and told them they were "entering the age of Aquarius." He said man had begun to solve the mysteries of the universe.

"Some of you have a favorite song these days which has become a favorite of mine—the dawning of the age of Aquarius," Armstrong told them.

"I believe the age of Aquarius will come," he said. "The stars of Aquarius told me the rendezvous point of Apollo 11."

Armstrong, the commander of Apollo 11, had requested his audience be restricted to teenagers "because I have a special message for the hometown kids."

Thousands of adults heard the address while standing outside the stadium.

Aquarius is the water bearer, not water drinker, Armstrong said. "We will reach this age if everyone is willing to carry his share of the water."

Aquarius is a star constellation south of Pegasus pictured as a man pouring water.

Armstrong also led a parade and made several public appearances during the homecoming celebration, which attracted about 70,000 visitors to this western Ohio community of 7,000 inhabitants.

Edwin E. Aldrin Jr., who planted the U.S. flag on the moon, said Saturday the "greatest adventure" of his life was playing football and running track at his hometown high school.

Aldrin returned home with his wife, Joan, and two of their

three children for "Buzz Aldrin Day," including a press conference, a parade and a gala dinner for 826 guests.

"The greatest adventure of my life," the Apollo 11 astronaut said at the news conference, "was playing football and running track for Montclair High School in 1946."

It was at the high school's Woodman Field that parade officials arranged their climax presentation to Aldrin by Gov. Richard J. Hughes of a copy of the state resolution creating an Aldrin scholarship fund.

A steady drizzle fell on crowds gathering to cheer Aldrin. "I hope you don't think I brought this rain," he said. "Aldrin urged a unified international space effort. 'I would welcome cooperation among nations toward this end. We should all strive for this. The moon landing, I believe, has a unifying effect on mankind,'" he said.

Aldrin talked with awe of his landing on the moon, which he described as a "panorama of beauty." From the moon, he said, you can see "that the earth really is round."

Apollo 11 astronaut Michael Collins urged Americans Saturday to quit trying to choose between the space program and solutions to earth problems.

"If we wait until each and every terrestrial problem is solved, we will never push it out into space," Collins said during his visit to his adopted hometown.

Collins, dressed in a light blue suit and standing with his wife in the sunshine of a beautiful day, said too many Americans consider the space program and the poverty problem of America as an either-or proposition.

"Less than one half of one per cent of the Gross National Product is going into the space program and I do not feel it is placing an undue burden on the country," Collins said. "The increase from year to year in welfare spending alone exceeds the total space budget."

Miss America Contestants . . .

women, some of whom were braless, contend brassieres are instruments of torture.

Saturday's 10 semi-finalists were selected on the basis of their performance during the preliminaries Wednesday, Thursday and Friday night. The 10 judges then pick the five finalists, ask each of them a question, and select the Miss America. Master of Ceremonies Bert Parks announces the fourth runnerup, then the third, second and first and finally, Miss America.

Miss America 1969, Judith Ann Ford of Belvidere, Ill., placed the crown on her successor's head and Parks sang the traditional song "There She Is Miss America."

The new Miss America wins a \$10,000 scholarship, a complete wardrobe for the year, and upwards of \$100,000 for personal appearances throughout the country and, perhaps, abroad.

'Furry Moon' Is Really Just A Gaseous Cloud

For the second night in a row, Pampans were alarmed Saturday by a strange-looking celestial phenomenon in the western skies.

The newspaper office and police station were flooded with telephone calls from anxious persons reporting seeing a "moon that had turned green and appeared furry."

Others said they saw red, pink or white light in the sky. The weather bureau in El Paso said the phenomenon was caused by rockets fired from the White Sands, N.M., Missile Range to test winds and electromagnetic fields in the ionosphere.

Such a rocket was fired Friday night, and since weather permitted, another was fired Saturday night.

When the rocket reaches a certain altitude, a device on board disturbs a substance called "barium," which spreads and forms a luminous cloud. The weather bureau said, theoretically the luminous cloud could be seen from 1,000 miles away if the weather was right.

Friday night the cloud was spotted from points in New Mexico, as far east as Ft. Smith Ark., and as far south as Edinburg.

'Space Prayer' Project Soars To Good Start

The Pampa Jaycee Club's project, "Space Prayer" has rocketed off to a good start with approximately 1,500 letters in the hands of Pampa citizens, according to Gene Schneider, project chairman.

Letters will be provided in several Pampa churches today for signatures of members wishing to do so, Schneider said. Churches participating are, First Baptist, First Methodist, First Christian, Pampa Chapel Of The Apostolic Faith and St. Mark Methodist Church.

The project was adopted by the local Jaycee club following a statewide announcement by Eddie Dyer, state president, requesting a state wide effort be conducted to combat the work of atheists in trying to ban prayer and the reading of religious literature from space.

BIRTHDAY
BOSTON (UPI)—Abigail Adams Homans, great-granddaughter of John Adams, second President of the United States, celebrated her 90th birthday Saturday.

Local KC Council Begins Recruitment Of New Members

J. S. McBride, chairman of the membership committee of the Frank Keim Council No. 2767, of the Knights of Columbus, announced Saturday the local council is conducting a membership recruitment campaign in St. Vincent's to enroll new members and readmit former members.

Supreme Knight McDevitt emphasized, the Knights of Columbus are eager to participate in the "Lay Apostolate" through cooperation with the hierarchy and clergy in carrying out the work of the church.

He also said, "our position is one in which the Laity's role must be purely one of assistance and cooperation."

The enrollment of new members of the parish should be a positive manifestation of respect for the authority of the clergy and bishops.

Qualified and interested members of the parish should contact local members of the Knights.

FILM CONFISCATED
ROME (UPI)—The Italian film "The Invisible Woman" was confiscated Friday night by authorities who said six sequences allegedly showing nudity and sexual acts had not been deleted as ordered.

Mainly About Lefors

Five families chose Lefors as their new home last week. These include Mr. & Mrs. Kenneth Bopp and family from Childress; Mr. and Mrs. Wilson Hefler and family from East St. Louis; Mr. and Mrs. L.O. Stone from Madill, Okla.; Mr. and Mrs. H.C. Taylor from Pampa; and Mr. & Mrs. L.C. Acord.

Mr. J.A. Patterson took an early retirement from Phillips Petroleum Company after thirty-five years service. He and Mrs. Patterson will make their new home in Maud, Okla.

Mr. & Mrs. O. Presley, Mr. & Mrs. W.S. Presley and Mrs. Carolyn Fox and daughter spent an enjoyable weekend with 118 relatives in a Presley family reunion at the camping grounds of the First Christian Church at Lugert, Okla.

Lefors has added two more to its already long list of men in uniform. They are Gary

Hubert Sims, and Danny Peterson, step-son of Tommy Adams. They left for San Diego to serve with the Navy.

Recent visitors in the home of Mr. and Mrs. Tom Florer were Mrs. Ruby Pringle and Ray Mitchell of Hollis, Okla.

Mr. and Mrs. W. W. Cory entertained Mr. & Mrs. Kenneth Cody of Dallas and Mrs. Zelma Cody and daughter of Pampa this week.

Timothy Glenn Havenhill, 21-month-old son of Captain and Mrs. Larry Havenhill, 129 N. Sumner.

"Yeah, I want one of those fast-backs with four-in-the-floor."

John McCormick Says He Can Lick Any Man In House

By FRANK FLEAZER. WASHINGTON (UPI) — Speaker John W. McCormack already has established that he can lick any man in the House. Many members assume he won't feel the need to prove it again by seeking election as speaker for a sixth time. So the question now is, who will succeed him? At the moment the liberal block looks to pint-sized Rep. Carl Albert, D-Okla., now the Democratic floor leader, as the heir apparent and duly entitled successor. Conservatives are pushing Rep. Wilbur D. Mills, D-Ark., chairman of the Ways and Means Committee. Others have their lightning rods up. McCormack is 77. He will be 79 at the start of the 92nd Congress. He has been speaker since 1962. But when popular Morris K. Udall, D-Ariz., who is 46, challenged him this year on the ground the job demanded a younger man, House Democrats gave Udall only 58 votes to McCormack's 178.

Agriculturally Speaking

By FOSTER WHALEY. Gain cost of cattle fed whole corn and a special Moorman's supplement at Moody Farms looks very impressive in a 143-day feeding test recently completed and published by Moody's computerized turn-out sheet, according to Rex McAnelly, manager. Seventy-two steers were involved in the test. They were placed on feed April 15. The ration consisted of only two ingredients: whole corn and a special Moorman's supplement. The special eighty percent protein supplement was proportioned and mixed with the whole corn so that one-half pound of the supplement was consumed daily per steer. The steers gained slightly over three pounds daily during the test. The gain cost including yardage and all other feedlot cost was a very impressive nineteen dollars and eighty-five cents per hundred pounds of gain. The costs per hundred pounds of gain attributable to feed was only seventeen dollars and sixty cents per hundred pounds. Six and eight-tenths pounds of feed were required per pound of gain. All concentrate feeding of or milo is a hot topic with most feeders having a very strong feeling about their views. The way we see it, the cattle feeding industry is in for some big changes in methods of feeding. There has been some drastic changes in the last decade. The changes will be even more drastic in the next twenty years ago most authorities in our agricultural colleges told us you needed about one-third roughage in a finishing ration for cattle. Today ninety percent of the feedlots use less than eight percent. Many use no roughage whatsoever. A relatively new technique is to feed a small amount of plastic chips for the first few feedings. Then avoid feeding any kind of roughage for the rest of the feeding period. The plastic chips will remain aloft in the upper part of the rumen throughout the feeding period. One commercial concern is already marketing these plastic chips. This research has been carried out at Texas A&M University, College Station, Texas for the past several years. There is no feeding value whatsoever to plastic, but the plastic serves a special function of providing the proper digestive environment for a rumen-type animal. Back to corn. It would pay the smaller on-farm feeder to pay particular note to the new information on whole corn feeding. If further tests look favorable, I can visualize a feedlot with little or no milling facilities whatsoever. It would require nothing more than storage facilities and a mixer. This would completely change our present thinking of an expensive flaking machine along with boilers and other non-essential and expensive equipment to operate. I can also visualize that the more concentrated the ration the more necessary for keen management. Roughage is a safety factor in a ration. The more roughage one uses the less the need for precision. Jim Jacobs, former assistant manager at Moody farms, accepted the job as manager of a new commercial feedlot now under construction near Perryton, Texas.

Center Wrap-Up

George Smith, Director
Pampa Youth and Community Center

TEEN DANCES There was a very nice crowd for the Euphoria and Wolfgang dance last Friday night. We are trying to keep the best talent possible playing for the teen dances and if they are supported each week. We do have to charge a little more for these type of dances because these bands will not play here otherwise. Most of these bands will be on tour and are national recording artists.

The dance next Friday night will be after the football game until 12:00 midnight. This will be a \$1.50 dance featuring the southern Kansas dance band contest winners—The Beaver Express. This band has 6 members in the group and are really supposed to be good.

Swim Lessons The new year of swim lessons starts Monday. If you enrolled your children in polywogs or beginners, you should remember to bring them. Classes for polywogs meets at 4 p.m. and beginners at 5 p.m. These lessons will be taught on Monday, Wednesday, Thursday and Fridays for 10 meeting dates.

All lessons offered below are free to Center members and \$4 to non-members. Classes are taught by Mrs. Jackie Marlar, noted water safety instructor. To enroll you need only come by the front office and sign up.

Center Schedule

Sept. 29-Oct. 15

5:00 Swimmers
Dec. 1-17
4:00 Beginners
5:00 Swimmers

VOLLEYBALL LEAGUES
The Center will again offer 1969 Fall Volleyball leagues for those interested. Leagues offered will be women, men and mixed. A mixed team consists of 3 women and 3 men. Each league must have a minimum of 4 teams to enter before it will be finalized.

An organizational meeting will be held on Monday night, Sept. 8 at 8:00 p.m. in the Center T.V. Room. Teams wishing to enter should have a representative present at this meeting. Entry fee for each team is \$20 which includes your entry fee into an opening tournament. Each team entered in a league is automatically entered into the tournament.

In addition, each player must be a member of the Center or pay a players fee of 50 cents each game. Memberships for individuals cost \$5 for six months and \$8 per year.

JUDO LESSONS The new season for beginners in judo started last Thursday, but is still open for membership. Classes will be held on Monday and Thursday nights from 7:00-8:30 p.m. Classes are open to men and boys from 8 years of age and up. Participation is by Center membership only and can be purchased at the door.

All classes are under the direction of Paul and Sam Moot, noted judo experts. They have taught lessons at the Center since last Sept. and are currently in the process of organizing the Pampa Youth and Community Judo Club's first tournament. This tournament will be held on Saturday, Oct. 4 beginning at 10:30 a.m. in the Pampa High School field house. Teams from all over the Panhandle area will be entered and the public is invited to attend.

NEW ADDITION The Center's new health center will start taking memberships on Monday, Sept. 8. This is an all-inclusive membership which gives you full privileges to use the complete facilities.

Panhandle Water

By FLEIX W. RYALS
The "water people" all over the State have been re- "the whys" of the failure of amendment No. 2 on August 5.

The most talked of reason for the failure centers on the lack of motivation, to go and vote, by those who were actually for the amendment. Too many people had the attitude of "let George do it." The negative vote turned out by the Sierra Club and similar groups did not actually defeat the amendment.

Since the election I have talked to a number of elderly land owners in Armstrong, Donley, Roberts and Wheeler Counties. They voted for the amendment although they have never irrigated and probably never will. Most of those I have talked to are avid readers. They were in all probability much better informed than people in Houston or Dallas who are in their forties. A lot of these people, especially those on salaries, actually see the result of higher water rates on their monthly bills. They couple this with what they think is less service and then go vote against anything concerning water.

We in Texas need to take a lesson from California. California recognized forty years ago the need for water planning. Currently they have 54 representatives and senators in the US Congress. They all do not belong to the same political party, but when water legislation concerning California is introduced in Congress they all vote the same way. The people of California want it that way. In regard to our coming shortage of water too many of

The News believes each and every person would get more satisfaction in the long run if he were permitted to spend what he earns on a volunteer basis rather than having part of it distributed involuntarily.

One Of These Days! . . .

One of these days and soon, obtaining higher and more extensive welfare benefits for the unproductive at the expense of taxpayers. The organization which claims 30,000 "card-carrying dues-paying" members, also has received a boost from the U.S. Department of Health, Education and Welfare, which has commended NWRO's efforts to organize reliefers. NWRO's basic demand is for a "guaranteed adequate income" which it sets at a minimum of \$5,500 for a family of four. HEW already has established an experimental program providing a guaranteed income to a selected number of welfare recipients. The federal government provides the necessary supplement to bring a family's income up to the so-called poverty level. If the NWRO plan were adopted nationwide, it would cost an estimated \$27 billion compared to the present welfare bill of \$9.8 billion. Significantly, NWRO is gaining momentum and government support at precisely the same time as Secy. Robert Finch of HEW is experimenting with looser welfare standards. Applicants are required merely to claim financial need, with only spot checks of less than one out of 10 to verify the need. Yup, a confrontation is sure to come. In time, the workers who produce the money to finance welfare are going to assert their rights to keep what they've earned and when that day arrives the whole idea of a welfare state could go poof. Unfortunately, the U.S. Department of Labor is subsidizing the proposition that loafers have a right to part of the income of workers. The department has provided some \$435,000 this year to the National Welfare Rights (there's that word again) Organization; ostensibly to pay for job training for the poor. But NWRO's primary interest is not in teaching work skills to the poor. It is concerned with

Nixon's Welfare Plans

We have listened with interest to President Nixon's proposals for welfare reform and must admit that we have mixed feelings about them. There are some points in the program which we believe should have been tried long ago. But there are other points that left us cold. This is to be expected. No program that embraces such wide areas as the massive welfare system could please everyone on all points. We agree with the President on the overall failure of welfare programs of the past. They have proven their own ineffectiveness. The welfare rolls grow, with no end in sight. We agree, too, with the concept of trying to keep a father in the house. Children need the guidance and the influence of a father. We agree with the job training provisions of the President's proposal. We prefer seeing our taxes used to provide career training that would eventually place welfare recipients on private company payrolls. This would make taxpayers of them, and possibly eliminate the dole and other forms of handouts that degrade human beings. We will be quick to complain if the President should default on his proposal "that all employable persons who choose to accept these payments be required to register for work or job training, provided suitable jobs are available either locally or if transportation is provided." Though this is a compromise proposal, it is at least a beginning on the right road. We are skeptical of some of the other proposals. Such points as the basic income for all families is quite similar to the guaranteed annual income to which we are opposed. But the moment we take the positive view and emphasize the parts of the plan we can support, we will be watching, along with millions of other Americans in the coming months as the plan is brought before the Congress. If the welfare program works, we will all be the beneficiaries. If it fails, we will have to seek other solutions. But at least we will have tried. That in itself is progress.

What Made Sammy Run?

Noted performer Sammy Davis Jr. recently announced his intention of leaving the United States, where he gained fame and fortune with his many talents. Mr. Davis said that he plans to live six months of each year in the Bahamas, and the balance in London. His reason for becoming an expatriate is that the Bahamas is "basically a black nation." We wonder how much of Sammy Davis' fortune was derived from the people of the Bahamas or England. Why did he choose London as his other home? His own answer is that London is "where the action is." If that represents the depth of his thinking, the nation is not likely to be any poorer for his departure. In one respect the loss of Mr. Davis is something of a gain for the United States. It permits the rest of the world to see that dissidents are free to leave our country without fear of harassment from the government. We wonder how many artists behind the Iron and Bamboo Curtains would like to

World Book Lore

Outdoor advertising dates back to messages carved on stone pillars and tablets in ancient Egypt. They were placed along main roads just as modern billboards are today.

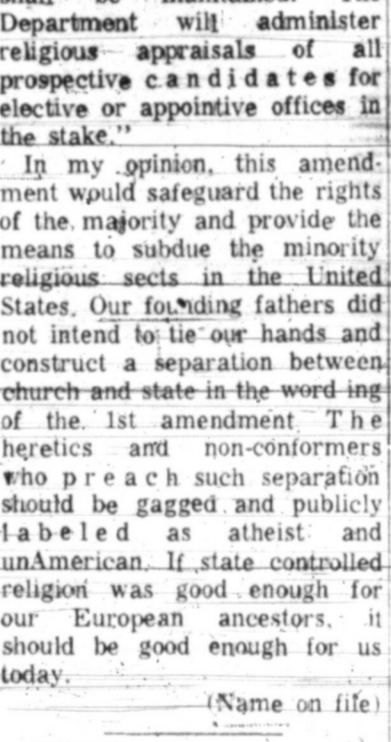

Clearing House

Got something you would like to "get off your chest"? That's what the "Clearing House" is for. It has been suggested there should be more letters to the Editor, that people should speak their mind. So, in the public interest, write to the Editor and "get it off your chest."

Editor:
In response to the Jaycees' project which was covered on the front page of last Sunday's paper in which the public was solicited to sign a form letter in support of the "space prayer" issue, I would suggest that an addition be made to the form letter to include a proposed Amendment to the Constitution of the United States. The proposed amendment is as follows:
"The provision pertaining to religion in Article I, is repealed and amended to provide for unrestricted freedom for federal, state, county, city, school district or any agency of the aforementioned governmental bodies. These governmental bodies shall not be denied the power and prerogative to:
(a) Endorse a particular religious sect whether it be in support of its schools, transportation facilities or general operating budget.
(b) Make available government facilities (such as class rooms or space vehicles) to endorse any sect or group of sects.
(c) Construct with public monies any religious symbols, statues, crosses and parks it may choose.
Furthermore, provision is hereby made that any state after due legislative process may create a Department of Religion to see after the religious welfare of its citizens. This department may designate official state prayers to be used in its schools, colleges and universities. Also this department may exercise its power to create a state church with branches to be located in communities in need of this service. All religious organizations shall be required to register with the Department and be subject to periodic inspection to make sure it is following the Judea-Christian philosophy. Special tax privileges already provided shall be maintained. The Department will administer religious appraisals of all prospective candidates for elective or appointive offices in the state."
In my opinion, this amendment would safeguard the rights of the majority and provide the means to subdue the minority religious sects in the United States. Our founding fathers did not intend to tie our hands and construct a separation between church and state in the wording of the 1st amendment. The heretics and non-conformers who preach such separation should be gagged and publicly labeled as atheist and unAmerican. If state controlled religion was good enough for our European ancestors, it should be good enough for us today.

(Name on file)
I see where that Virginia Knauer, Ass't. to Mr. Riehnix has finally gathered enough letters of complaint to start getting in her licks. She says she is a "direct link between the White House" and ordinary people around the country. She says her job is to pass along the wishes and views of "consumers to congress."
Well, I am an ordinary person so will make known my views and wishes so she can pass them along. My views are that there are far too many meddlers already and my wishes are that they would do away with about half of them, including her, so that I could have a little more enjoyment as a consumer with the tax money saved.
What can a woman do if she buys a dress that falls apart at the seams? I'll tell you what my Blouse & Skirt does. She takes it back and stomps and fumes until she gets another one or a refund.
Virgie says this is what most women do. "But they could also report it to me," she says. What for?
"Well," Virgie goes on. "We write a letter to the manufacturer. An envelope with that return address (White House) is very effective. It usually goes straight to the company president's desk!"

There's a line on the ocean where by crossing it you can lose a day. There's one on the highway where you can do even better.

He's Not Coaching MY Kind Of Football

CAPITOL EYE

110 New Cities By 2000; 100 Million More People

By BRUCE BLOSSAT
Washington Correspondent
WASHINGTON (NEA)— In the next 30 years, some 100 million more Americans are expected to be added to this country's population. At least one important urbanologist thinks that building places for them to live can be made as exciting as going to the moon.
This expert, who cannot be named, assumes that most of the urban-suburban growth needed to accommodate this 50 per cent increase in numbers of people will occur in and around existing cities. By the old 1960 census, we have 130 cities of 100,000 population or more, and the total, of course, will rise after the 1970 census.
As for perhaps a fifth of that expected increase (20 million), this urbanologist agrees with a report of the National Committee on Urban Growth Policy which contends "they ought to be put in some 110 totally new cities."
The committee's idea is that we ought to have 10 new cities of one million persons each, and then 100 cities of 100,000 each. One calculation suggests that such a mammoth undertaking would consume at least two million acres of presently rural land.
To get some indication of the scope of this plan, we need to remember that in the 1960 census we had only five cities of more than a million, and just 15 in the bracket from 100,000 to 1,100,000.
By comparison, then, the plan sounds outrageously ambitious.

The Almanac

By United Press International
Today is Sunday, Sept. 7, the 250th day of 1969 with 115 to follow.
The moon is between its last quarter and new phase.
The morning stars are Venus and Saturn.
The evening stars are Mercury, Mars and Jupiter.
On this day in history:
— In 1813 the nickname "Uncle Sam" was coined by the writer for the Troy, New York, Post, as a symbolic reference to the United States.
— In 1940 the Nazis began the London air blitz Hitler thought would soften the island for an invasion.
— In 1962 the U.S. Senate approved a bill tightening tax reductions for entertainment.
— In 1965 Hurricane Betsy swept into Florida from the Bahamas. The high winds and rain pounded Florida, Mississippi and Louisiana for days, killing an estimated 75 persons.
A thought for the day: Anne Morrow Lindbergh said, "Lost time was like a run in a stocking. It always got worse."

How To Address Our Lawmakers

You may want to write your senators and representatives in Washington and Austin. Here are their addresses:
STATE
Rep. Malouf, Abilene, Candia, Texas.
Sen. Gray, Hazelwood, Canyon, Texas.
FEDERAL
Rep. Bob Price, 301 Cannon House Office Bldg., Washington, D.C. 20515.
Sen. John Tower, Senate Office Bldg., Washington, D.C. 20510.
Sen. Hugh Buchanan, Senate Office Bldg., Washington, D.C. 20510.

Inside Washington

JOHN GOLDSMITH Egyptians' Unpreparedness Exposed Again By Israel
ROBERT ALLEN

WASHINGTON — There is a good reason Egypt is soft-pedaling that surprise Israeli commando raid on an Army headquarters. The spectacular operation glaringly exposes Egypt's military unpreparedness, incompetence and vulnerability—despite the hundreds of millions of dollars in weapons provided by Russia and the presence of several thousand Soviet training specialists. Not only were the Egyptians caught flat-footed by the 160-mile-deep strike, but it was lethally successful: The Army headquarters was virtually destroyed with numerous casualties, including some senior officers, one of them a brigadier general only recently elevated by President Nasser himself. Even the Egyptian's own deprecatory story, that the raid actually consisted of an attack by one lone bomber, is a revealing admission of weakness. It strikingly discloses the ineffectiveness of their anti-aircraft defenses. Russia has installed numerous radar devices and anti-aircraft guns throughout Egypt, particularly in the area of the commando raid. It is about half-way between Cairo and the \$1 billion Aswan Dam, being built by the Soviet. This extensive AA network is rated by Intelligence authorities as bigger and more modern than the one now in North Vietnam. Yet according to Egypt's own broadcast account, one lone Israeli bomber was able to penetrate this massive anti-aircraft system and blast an Army headquarters. Actually, the strike was made by helicopters. There were two flights of them transporting both commandos and heavy mortars and ammunition. Less than 50 men took part in the operation. Viewed as particularly significant, by foreign military authorities is the fact that Israel knew the exact location of the Egyptian headquarters, reached it unerringly and apparently in accordance with a carefully formulated plan and exact timing. This is deemed further striking evidence of the Egyptians' vulnerability and the superiority of Israeli intelligence and operational skill. SAME PROPAGANDA LINE — One revealing aftermath of the Israeli raid was a graphic demonstration of the close relationship between Moscow and Cairo propaganda. The official line blared from both capitals was very similar. Both charged the commando attack was an Israeli attempt to divert world attention from the burning of the Al-Aqsa Mosque in Jerusalem, which was branded as a deliberate incendiary "crime." Following are quotes from these broadcasts: Moscow in Arabic: "The burning of the Mosque is clear proof of Israel's chauvinistic policy. The Israeli not only refused to put out the fire, but when Arab inhabitants tried to do so, they were shot at. All this exposed the Jewish rulers as infamous scoundrels. The deliberate burning of Al-Aqsa Mosque derives from imperialist forces in the U.S. and West Germany. The Arab people will redouble their struggle against Zionism and imperialism." Cairo Domestic Radio Service in Arabic: "Our eyes are on Al-Aqsa Mosque in Jerusalem which is suffering from the forces of evil, darkness and faithless imperialism. We humbly pray to God to grant us the patience, knowledge, courage and ability to remove these vile forces. Our army shall return to Al-Aqsa Mosque. Jerusalem will again be as it was before imperialist domination turned it over to those who would play with fire. We shall return to Jerusalem. Jerusalem shall return to us. We shall fight with the aid of invincible allies. We shall not lay down our arms until right is upheld, God's house is preserved and real peace is restored to the city of peace."

PAUL HARVEY NEWS

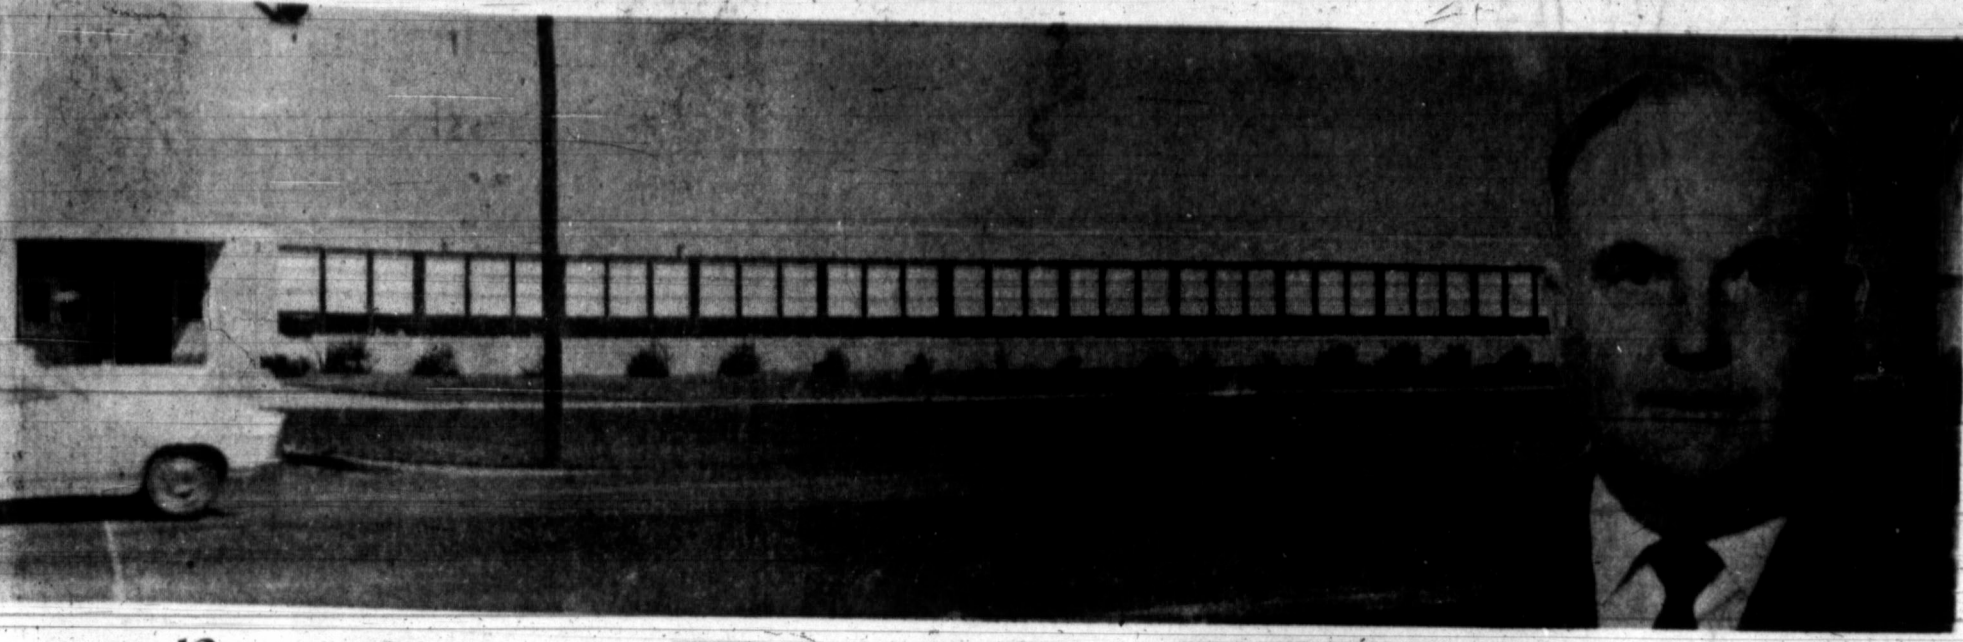

Was It Worth The Cost?

By PAUL HARVEY
We've still had no satisfactory explanation for what killed Bonny, the space monkey was a complete and total waste of \$92 million. You can learn more from a computer than from a monkey. Further, teaching an animal to trust you and to respond to your signals... then this... It reminds me of the old story of the father who told his son to jump from a ladder into his arms. Instead, the father let the boy fall to the ground, then said, "That'll teach you not to trust anybody!" I suppose it's easy for scientists, accustomed since med school to laboratory experimentation with animals, to accept casually the painful death of one of them. I can't. I hesitate to let myself issue sweeping renunciation of animal sacrifices on the altar of science because I do recognize the resultant benefits which humanity has sometimes derived. Daily, however, I hear of abuses which I cannot bring myself graphically to describe them. Vivisection in the hands of grade-school children, for example, cannot possibly be justified. I believe that laboratories engaged in legitimate and necessary research should use lower animals bred for the purpose and not subject to almost inevitable agony pets which have been taught to love and trust us. Perhaps not so much for what it does to them as for what it does to us. Angel does not share my observations. She grieves over any and every involuntary victim of painful experimentation. For her the race into space is not worth it if we must speed mercilessly over the dead bodies of a lot of unwilling victims. And it could be that our calculated cruelty to lesser living things has contributed to our increasingly insensitive disregard of one another and, indeed, our increasing abuse of our own bodies. Shame if man gets where he wants to go but becomes something less than he is.

WIT AND WHIMSY

Mr. Cole (a traveler told a man on the train) — I just got out of prison this morning. It's going to be tough, facing old friends.
Mr. Cross — I can sympathize with you. I'm just getting home from the state legislature.
The secret of financial success is to spend what you have left after saving, instead of saving what you have left after spending.
The barber's specialty was a ten-second hair cut for teenage entertainers.
Mack (the barber to a pal) — I don't actually cut the hair. I just snap my scissors at it and scare it out of a month's growth.

Know Your Pampa Schools Austin Elementary School

D. V. Biggers, principal of Stephen F. Austin Elementary school, works with a 21-member professional staff which will teach 478 pupils this year. The school, a one-story all-brick structure, is located at 1900 Duncan and is built to accommodate three rooms for each grade, first through sixth. The last elementary school constructed in Pampa, it was built in 1957 and is equipped with a gymnasium and a cafeteria.

The principal has a bachelor of science and masters of science degrees from West Texas State University. He taught in Pampa one year, from 1945 to 1946, left Pampa and lived in White Deer a few years before returning here in 1955. He has been principal of the school since it was built.

Baker Elementary School

Carl Jones is principal of B. M. Baker Elementary School, the first elementary school built in Pampa. The first wing was constructed in 1927, with another wing added in 1950. The new wing is being used for fifth and sixth grade classrooms and the cafeteria. The 20-member professional staff will teach 333 children this school year. Three rooms each are designated for first through third grades, with two per grade for fourth through sixth.

A former county superintendent in Washita, Okla., Mr. Jones moved here in 1958. He received his bachelor of arts degree from Southwestern State College, Weatherford, Okla., and his masters of education from the University of Oklahoma. He taught at Austin School one year and was principal of Robert E. Lee Junior High here three years before he was assigned as principal of Baker Elementary School in 1962.

Houston Elementary School

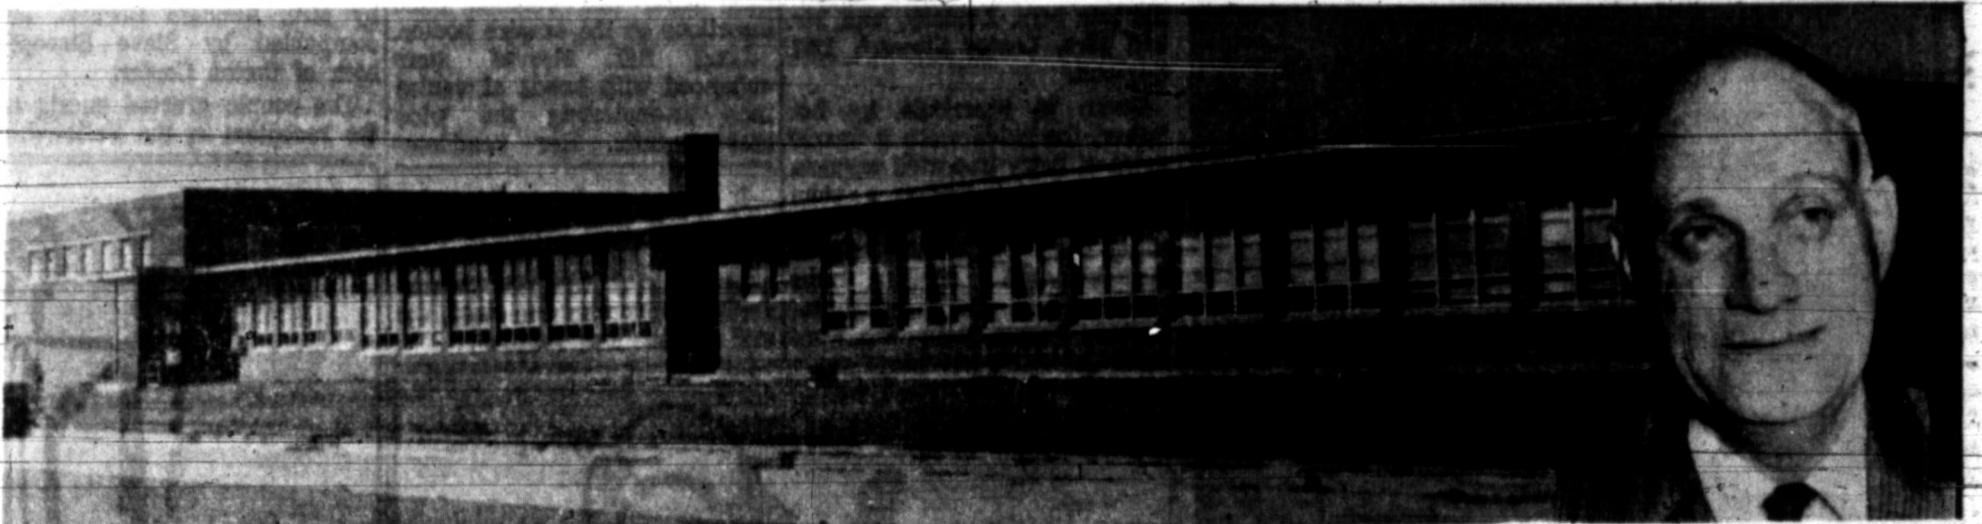

L.C. Davis is principal of Sam Houston Elementary School, the second primary grade school constructed in Pampa. Built in 1929, with a new wing added in 1950, the school has a 19-member professional staff to teach its 334 students this Fall term. Three rooms per grade in the newer wing are being used for first and second grades. Two rooms per grade are designated for third through sixth grade. The school is located at 900 N. Frost.

Davis was an elementary and junior high principal at Brownfield before moving to Pampa to teach at Sam Houston School. He became principal of the Pampa school 12 years ago. Davis received his bachelor of arts degree in education at East Texas State Teachers College and his masters of education degree at Sul Ross State Teachers College. He has done graduate work toward his doctorate degree at North Texas State University and Texas Technological College.

Lamar Elementary School

Joe Page, principal of M. B. Lamar Elementary School since 1959, is a native of the Texas Panhandle and graduated from Lefors High School. Before he was employed as Lamar School principal, he was a sixth grade teacher there. He received both his bachelors and masters degrees from West Texas University at Canyon.

Page directs a 22-member professional staff which will teach 402 pupils for this Fall term. The building was constructed in 1952 with three classrooms for each grade, first through sixth. The school is located at 1234 S. Nelson.

Mann Elementary School

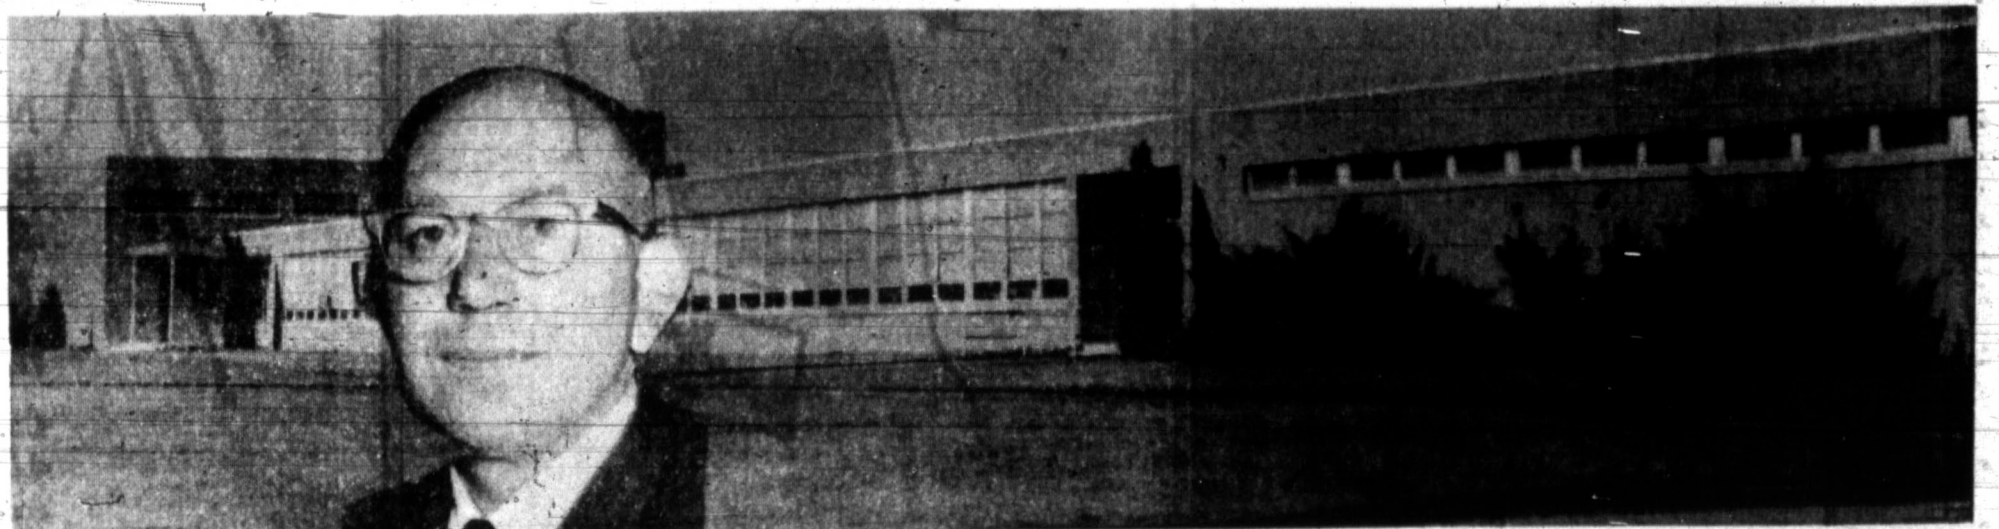

The 341 children enrolled this Fall in Horace Mann Elementary School, will have a new cafeteria which is expected to be finished for this first semester. The school was built in 1929 at 400 N. Faulkner, with a wing added in 1950. The new wing is being used for first and second grade classrooms. The school's 18-member professional staff have three rooms per grade for first and second, and two rooms per grade for third through sixth.

Sam A. Begert, principal at Horace Mann Elementary School since 1952, received his bachelor of science and masters of arts degrees from Southwestern College, in Weatherford, Okla. He was a teacher at Allison before he moved here to teach in Pampa schools in 1946.

Travis Elementary School

William B. Travis Elementary school, located at 2300 Primrose Lane, was constructed in 1959 with three rooms per grade. The 22 faculty members employed this Fall will teach 490 pupils, the largest enrollment of any Pampa elementary school. The school is the last elementary level school constructed in Pampa.

Dan Johnson, principal of Travis School since 1961, taught at Wilson Elementary School before he was named principal. Before moving to Pampa, in 1967, he taught one year in McLeon and two years at Baker, and served three years in the Armed Forces. He received his bachelor of arts and masters of arts degrees from West Texas State University.

Wilson Elementary School

Bob Parks, a native of Brady, is beginning his fifth year as principal of Woodrow Wilson Elementary School, 801 E. Browning. He directs an 18-member professional staff which has three rooms per grade for first and second grade and two rooms per grade for third through sixth. The school was built in 1929 with a new wing added in 1950. The new wing is being used this year for first and second grades. Interior remodeling is underway this semester for a new cafeteria, for the 350 pupils enrolled.

Parks received his bachelor of science and masters of science degrees from North Texas State University. He moved here in 1955 from NTSU and taught world history three years at Pampa Junior High School, and four years at Lee Junior High, where he was assistant principal three years.

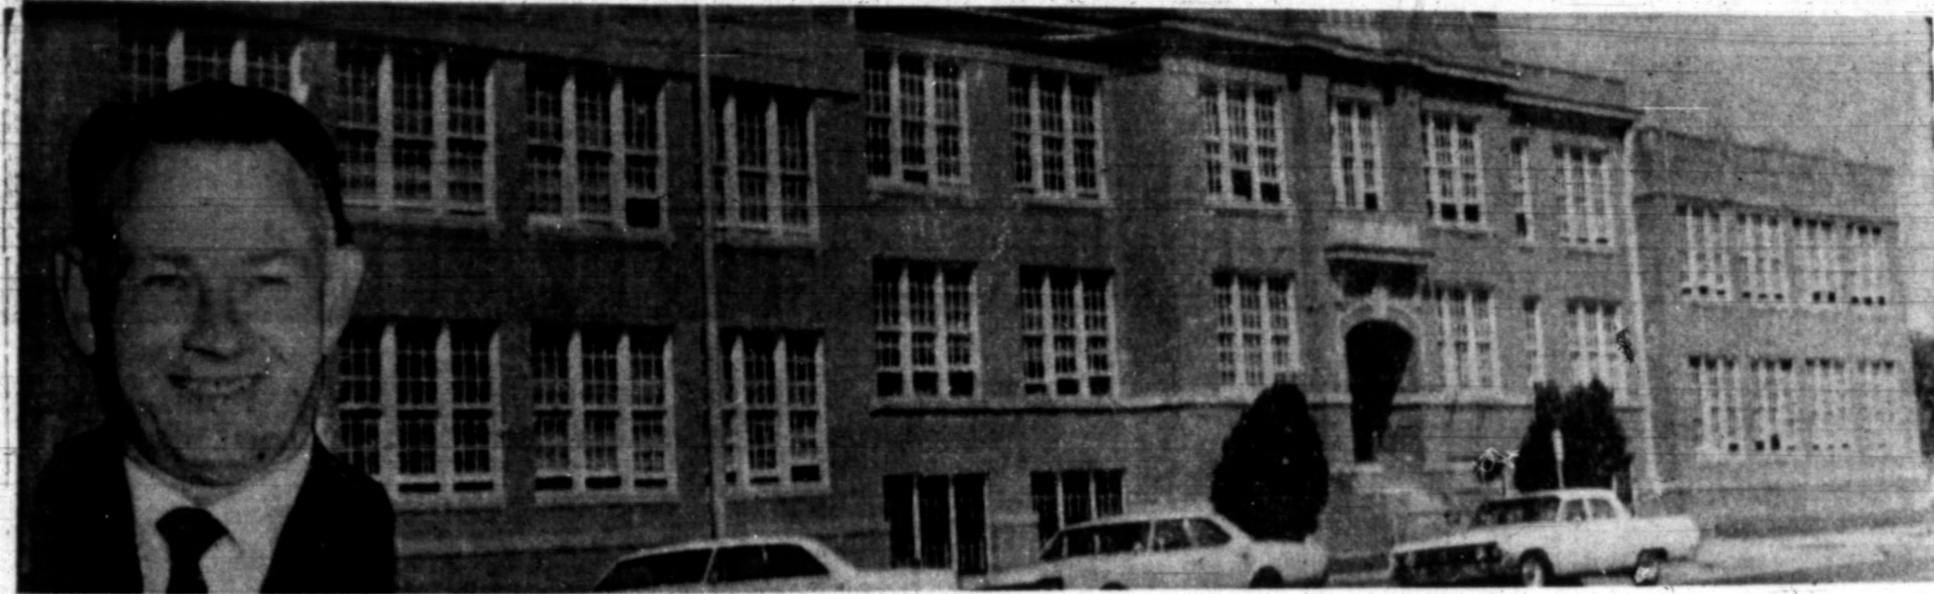

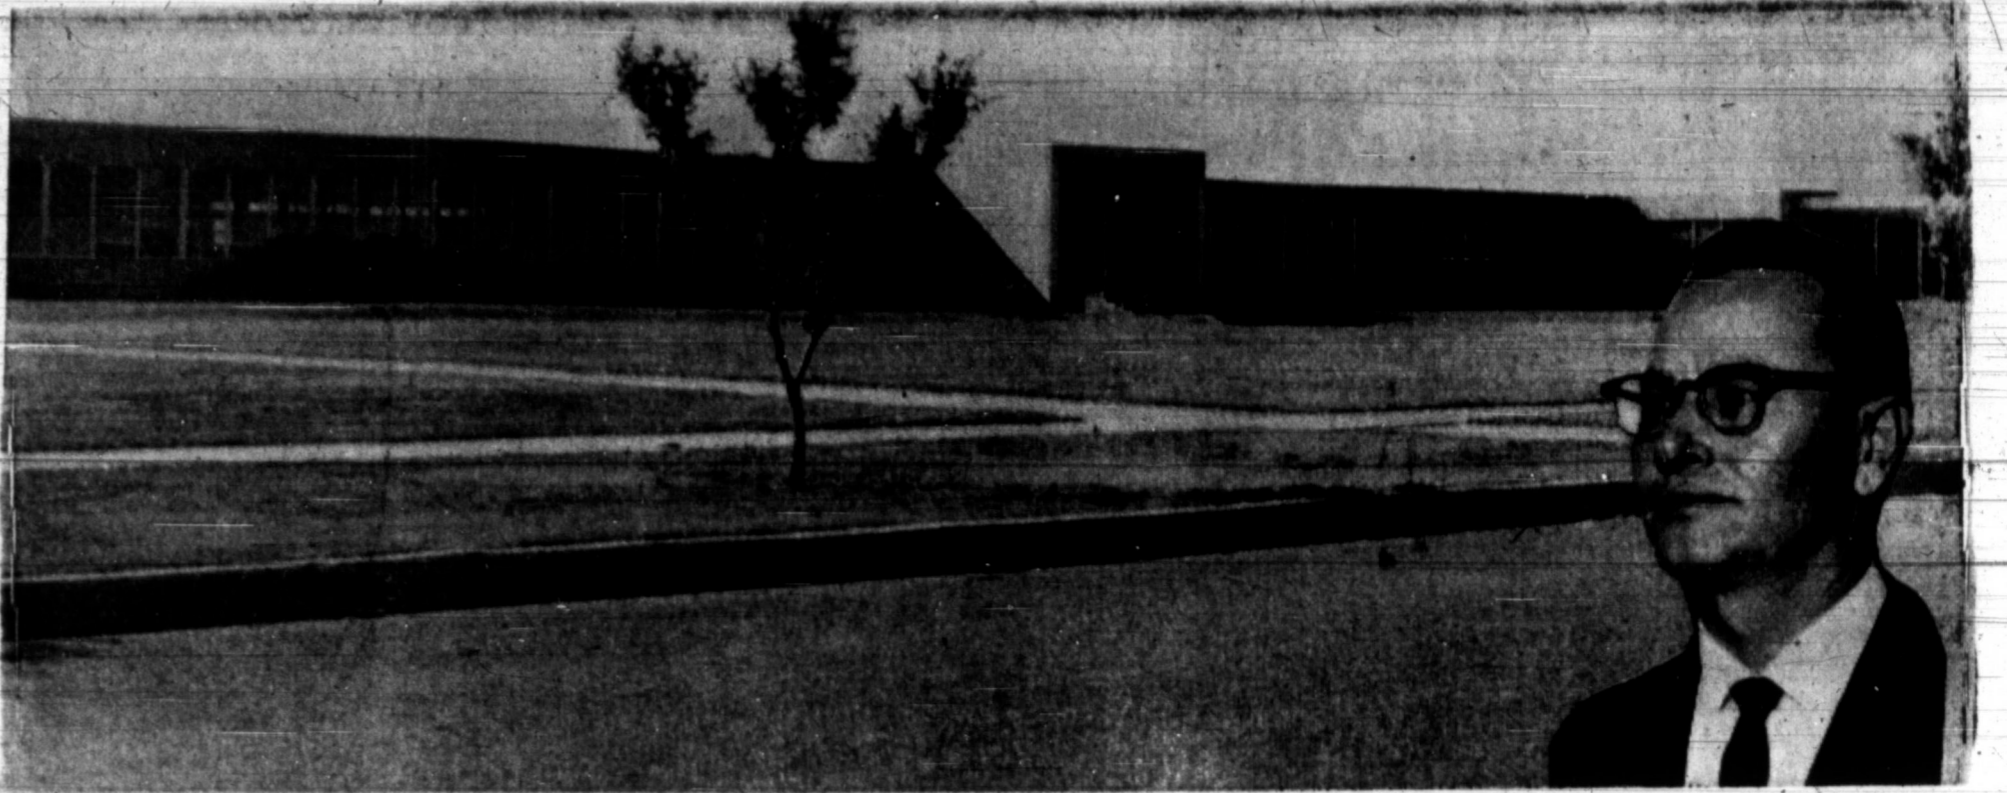

The Women's Page

WANDA MAE HUFF, WOMEN'S EDITOR

Robert E. Lee Junior High School

Jack Nichols, principal of Robert E. Lee Junior High School since 1958, has been a Pampa resident since 1945. Since he has been in Pampa, he taught commercial subjects at Pampa High School 2 1/2 years, from 1949 until 1953, was assistant principal of Pampa High School three years, and principal of Pampa Junior High School one year. He received a bachelor and masters of business arts degrees from West Texas State University. In 1952, he was granted a fellowship at the University of Texas Foundation of Educational Administration. From 1943 to 1944, he lived in Panhandle and from 1944 to 1945, he lived in White Deer, before moving here.

Nichols will work with a 43-member professional staff at Lee Junior High School this fall. The school, constructed in 1958, at 2401 Charles, has an enrollment of 829 for this fall term. Floyd Sackett is assistant principal.

Pampa Junior High School

Paul Payne, principal of Pampa Junior High School nine years, will direct a professional staff of 42 during the fall term. The school, located at 126 W. Francis, will have an enrollment of 718 this fall. The first junior high constructed here, the school was built in 1930. James Thomas is assistant principal.

Payne moved to Pampa from Claude in 1950. For eight years, he taught agricultural education here, and was assistant principal of Pampa High School from 1958 to 1960, when he was appointed principal of Pampa Junior High School. He received his bachelor of science degree from Texas Tech and his masters of education from Tech. He has done graduate work toward his doctorate degree at the University of Texas.

Miss Lindsey Weds Richard K. Stewart

Miss Billie Jean Lindsey and Richard Keen Stewart were united in marriage in an evening wedding ceremony Saturday at the First Baptist Church of Cotton Center. The Rev. Raymond Jones officiated for the double-ring ceremony.

Parents of the couple are Reginald Lindsey, Lubbock, and the late Mrs. Lindsey, and Mr. and Mrs. Lester Stewart, 1221 Garland.

Given in marriage by her father, the bride wore a formal gown of ivory imported organza over taffeta featuring a yoke and bracelet sleeves of matching ivory Venise lace. Three lace trimmed organza bows trimmed the transparent wattleau chapel train. She wore

a matching lace headpiece fashioned in a flower and petal which held a fingertip veil of imported ivory illusion.

Sherry Lindsey, Albuquerque, N.M., served as her sister's maid of honor. She wore a formal gown of vintage wine zorak fabric featuring matching Venise lace forming the wedding ring collar and vertical band insertions on the empire bodice.

Long full sleeves were enhanced with bands of Venise lace encircling the wide Bishop cuffs. Her headdress

was fashioned in vintage wine petals. It seems to be a "do your own thing" with hemlines come fall and winter, with both American and European fashion capitals engorging the short, the mid and the long lengths.

was fashioned in vintage wine petals.

Mr. Mike Stewart was his brother's best man. Davey Stewart, brother of the bridegroom, and Steve Oliver, Mulsehoe served as candlelighters and ushers. Troy Lindsey, brother of the bride, also served as usher.

Wedding selections were sung by Mrs. Kenneth Burnett, accompanied by Steve Stroope, both of Cotton Center.

The couple greeted guests at the reception in the Fellowship

Hall. They will live in Canyon. Stewart is a graduate of Texas Tech. The couple will be attending West Texas State University this fall.

Today's small girls are just as interested in keeping up with fashion as their Moms, says children's wear designer Helen Lee. This fall, then, she will want patchwork, the long pull look, a dress with a long, long muffler — everything that spells fashion.

Families Attend Campers' Rally

Several area families were among the 1,500 outdoor recreational enthusiasts attending the first National Huntsman Rally recently at the Chateau Chaparral, six miles south of Buena Vista, Colo.

Rallyists participated in driving contests, dances, shows, camping clinics, and games for children. En route home, they drive through the center of the rocky mountain area, visited ghost towns and toured the town of...

master was John Sullivan, country-western singer.

Area and out-of-town residents attending were Mr. and Mrs. Ben Burrough and family, Clarendon; Mr. and Mrs. W. E. Burke, Wheeler; Mr. and Mrs. W. L. Dobkins, Borger; Mr. and Mrs. Glen Howe, and family, Dallas; and Mr. and Mrs. O. Handley, Denver, Colo.

Pampans attending were families of Messrs. and Mmes. Virgil Howe, E. J. Johnson, W. V. Pittman, A. L. Soukup, Larry Bertinola, A. Z. Griffin and Mrs. Clifford Jones.

MRS. RICHARD STEWART... nee Billie Jean Lindsey

VISITING PRINCIPAL FOR PAMPA — J. C. Randall, visiting principal for Pampa Independent School District, works in his office in Carver Educational Services Center. He received his bachelor of science degree from Jarvis Christian College and his master of arts degree from Atlanta University, Atlanta, Ga. He was the first principal of Carver School when he moved here in 1947 from Hawkins. In 1947, the school included first through 12th grade. Randall remained principal until the building was closed as a school in 1967. He is visiting principal for Baker, Lamar Elementary Schools, Pampa Junior High School and Pampa High School.

St. Vincent De Paul School

St. Vincent de Paul School began in 1937 under the name of Holy Souls School on Ward and Browning Sts. Bishop Robert E. Lucey, Amarillo, dedicated the school during the first year, 100 students were enrolled in grades one through eight. The present school building at the intersection of Hobart St. and Perryton Pkwy., was constructed in 1959, for an enrollment of 232. This year's enrollment is 163 students in kindergarten through sixth grade. Basic subjects are religion, social studies, math, music and Spanish and physical education.

Sister Alice Holden, principal, is a native of Berwyn, Ill. She received her degree from Marillac College in St. Louis, Mo., and attended St. Louis University for post-graduate work toward her masters degree in education. Before moving here, she spent several years teaching in elementary grades and was assistant principal in Missouri. She also teaches grade six and is one of seven instructors at the school.

St. Matthews Day School

St. Matthews Episcopal Day School began in the basement of the church in 1954 with nine first grade students and one teacher, Mrs. John Hessey. In 1961, the school was moved out of the basement into a new building attached to the Parish Hall. When the new building was completed, the school had 106 students with nine teachers for the first through sixth grade. The school's present enrollment of 85 pupils includes three and four-year old pre-kindergarten classes, two sections of five year-olds and first and second grade classes. The eight-member faculty teach art, French and Cardin Language Art System.

The principal and a first grade teacher, is Mrs. C. D. Anderson, who has had 32 years teaching experience in Kansas, Oklahoma, and Texas. She has taught 13 years at St. Matthews and is beginning her fourth year as principal. She attended Kansas State College, Pittsburg, Kans., a teachers college in Edmond, Okla., and a Presbyterian college at Sterling, Kans., and has a master of arts degree in primary education. Her specialty in teaching is kindergarten through eighth grade. She moved here in 1948 from Lyons, Kans.

Wedding Vows Unite Sheila Givens, Michael William Riddle

Sheila Dianne Givens was united in marriage with Michael William Riddle in a single-ring ceremony Aug. 30 in the home of the bridegroom's parents, Capt. Jess Duncan officiated for the evening ceremony.

The bride is the daughter of Mr. and Mrs. J.W. Givens, 1402 E. Francis. The bridegroom is the son of Mr. and Mrs. L.L. Riddle, 321 Rider.

Given in marriage by her father, the bride was dressed in a formal-length white satin brocade gown which was designed with a fitted bodice with an empire waistline and a rounded neckline. The full-length matching coat was designed with an empire waistline and long fitted sleeves.

Her two-tiered shoulder-length veil of illusion was attached to a tiara of seed pearls. She carried a cascade of white carnations with stephanotis and white satin ribbon. She carried out the traditional "something old, new, borrowed and blue."

Maid of honor was Mrs. Glenda Heil, Canyon, who wore a formal-length ice blue brocade satin gown with matching blue velvet bows at the empire waistline and down the back. She carried a nosegay of white carnations with white streamers.

Danny Riddle, Pampa, brother of the bridegroom, was best man. The home of the bridegroom's parents, 321 Rider, was decorated with two candelabras accented with greenery.

Mrs. Enid Cole was organist for the wedding selections, "I Love You Truly," "A Perfect Day," "Wedding March," and "Recessional."

The bride's mother was dressed in a two-piece beige brocade suit with beige accessories. The bridegroom's mother wore a yellow and beige plaid suit with beige accessories.

Both wore ice blue carnation corsages.

For the reception in the home of the bridegroom's parents, Miss Sharon Riddle, Pampa, assisted at the punch service as Mrs. Karen Turcotte, Lubbock, served the two-tiered cake which was decorated with a miniature bride and bridegroom beneath an archway and blue iced flowers and white swans for accents.

Table decorations were white lace over blue cloth with a centerpiece arrangement of ice blue and white carnations.

For the wedding trip to Carlsbad Caverns, the bride

wore a yellow silk two piece suit with platinum accessories.

Her flowers were white carnations from her bridal bouquet.

The bride is a 1969 graduate of Pampa High School. The bridegroom is a 1965 PHS graduate and is a chemical engineer major at Texas Tech, Lubbock, where he is employed with an equipment company.

Pre-nuptial events included a shower given by Jeanie Hunter and Patsy Neslage Aug. 16 at 629 N. Sumner, a miscellaneous shower given by the Salvation Army Home League and Mrs.

Jess Duncan at 701 S. Cuyler on Aug. 27.

Out-of-town guests were Mr.

and Mrs. L.L. Turcotte, Lubbock, and Mr. and Mrs. Dannie Heil, Canyon.

California Reports On Alcoholism

BERKELEY, Calif. (UPI)—A favorable picture of rehabilitated alcoholics showing consistent improvement in most areas of their lives has been presented in a progress report on California's 12-year-old alcoholism program.

But the report warned the problem was still grave. The State Department of Public Health, in a survey of alcoholic patients whose cases were

closed during 1962, gathered these statistics:

Six months later, more than 50 per cent had not returned to drinking, nearly 90 per cent had no job difficulties (and their earnings had increased five per cent), 85 per cent had no marital problems related to drinking and well over 90 per cent had lost no working days from drinking and had stayed out of jails and hospitals.

POLLY'S POINTERS

Mothers Object To Tip For Child's Nap Time

By POLLY CRAMER

DEAR POLLY — I always enjoy the Pointers but the one written by Pat burned me up. The heading alone, ("Daddy's Socks Ease Tot's Naptime") is misleading. This eases the job for mom and that is all. Everyone likes their shoes off once in while to ease their feet, and this child has to have socks put over them just to save mom some trouble. I have six children who have all outgrown naps but I never found it too much trouble to remove their shoes and socks for naptime. Thanks for listening to my gripe.

ALICE

DEAR POLLY — As a busy mother of five I am always interested in timesavers but I disagree with Pat about leaving baby's shoes on while he naps. It is important that a child's feet get rest while he is sleeping. Shoes should always be removed so that the toe and foot muscles can relax. Surely it does not take much longer to remove his shoes than to slip a pair of socks over them. I do think, however, that this idea would be great when traveling in the car. It would protect the upholstery and also is good when carrying a small child.

(See POLLY, Page 12)

Your Horoscope
JEANE DIXON

SUNDAY, SEPT. 7
YOUR BIRTHDAY TODAY: A mixed year begins now; personal energy is strewn over several activities, which sustain many interruptions and passing moments of crisis. The later months produce a personal success story of more stable moods and better public acceptance. Today's natives tend to be adaptable, versatile, industrious, and generous politicians.

ARIES (March 21-April 19): Attend your accustomed religious observance early this day, then spend the rest of the day seeing what is new in the cultural side of your community.

TAURUS (April 20-May 20): Start early and enjoy a full day of visiting your friends, doing something to make your home more attractive, writing to over due correspondents.

GEMINI (May 21-June 20): Your mind is active, so make it a lively day to match. Gather your friends for pastimes of a social nature. Carry through with a gala evening.

CANCER (June 21-July 22): Try to manage a day by the water. Your intuition comes in sharp and clear concerning recent acquaintances — if there's a warning here, do not waver in reacting.

LEO (July 23-Aug. 22): Better your share in the community expression of faith, enjoy the day with friends. Is there a party to attend this evening?

VIRGO (Aug. 23-Sept. 22): You finally come to a time for settlement of outstanding conflicts between nearby and faraway interests. You need sound professional counsel on expanding or consolidating what you hold.

LIBRA (Sept. 23-Oct. 22): This Sunday is mild and pleasant. Shed a bit of your reserve and informally join your friends. Younger people appreciate you more today.

SCORPIO (Oct. 23-Nov. 21): Go early to visit people you've neglected lately, particularly if you have a friend in the hospital. At least lay out some scheme for creative work.

SAGITTARIUS (Nov. 22-Dec. 21): If you don't mind being left out of things temporarily, this Sunday has its own rewards for you. Check travel plans.

CAPRICORN (Dec. 22-Jan. 19): The little extra move you make toward people is well received this pleasant Sunday. Stay aware and alert for surprises. No detailed plan works out quite as expected, but the scrambled results are almost as good and interesting.

AQUARIUS (Jan. 20-Feb. 18): Make this a long and full day without any sudden sprints or over-action. Creative projects catch your main interest.

PISCES (Feb. 19-March 20): This should go into your book as a "relaxation Sunday." Enjoy yourself with young-in-spirit friends. Make a journey to a sports event or an "out door show."

MONDAY, SEPT. 8, 1969
Your birthday Monday: You have the prospect of now achieving a level where you make decisions for others in your specialty. You will have help and encouragement—all the more as you adjust and turn your energy in the more productive directions. Romantic interest come through quietly and strongly this year. Monday's natives are generally well aware of the opportunities to advance and usually well skilled in managing groups.

ARIES (March 21-April 19): Monday contains a streak of luck, which is favorable in many subtle ways. Information is to be used as soon as you have the story. Something you acquire proves to be of lasting value.

TAURUS (April 20-May 20): Your ideas are easier to find receptive listeners. Make yourself more fully known. Home improvement takes a share of your attention. In the evening quietly strengthen emotional ties.

GEMINI (May 21-June 20): Attend to all the little errands you have accumulated over the week-end. You are apt to meet interesting new people. The mail may bring

useful advice. Romantic interests thrive.

CANCER (June 21-July 22): Something favorable is coming up in your vocation or career. Your opinion is possibly more accurate today than the official version. Give some attention to your diet; make sure you are not missing any essential elements.

LEO (July 23-Aug. 22): Decisions you made long ago and forgot bear fruit Monday. Get most of the job done early while the going is good. Put your strongest qualities forward; make the most of a high tide in sociability.

VIRGO (Aug. 23-Sept. 22): The contacts you make and develop Monday, tend to be turning points which are not critical or dramatic at the time; but in retrospect, they are important as moments of change in direction.

LIBRA (Sept. 23-Oct. 22): Monday's introductions can be of permanent significance in determining future conditions. Seek the return of whatever you have lent. Gather good friends about you for the evening.

SCORPIO (Oct. 23-Nov. 21): Business matters should go well Monday. Put in steady, consistent effort. Consultations with specialists are favored. Romantic interests come alive for those who are eligible.

SAGITTARIUS (Nov. 22-Dec. 21): For the time being, things happen all around you—not from your own doing, but from the activities of others. Accept opportunity to travel. Your work should prosper Monday. Change your pace and enjoy a gala evening.

CAPRICORN (Dec. 23-Jan. 19): Secrets surface all day. You may be presented a sudden opportunity to move in another direction in your career. Give it careful thought. Try something original in the evening.

AQUARIUS (Jan. 20-Feb. 18): Clear away nagging questions; call in consultants, mediators. Get competent answers and act on them promptly. Communication is easier with everyone. Romance beckons.

PISCES (Feb. 19-March 20): Be active but subtle Monday. Make use of all that has been offered, particularly by specialists. Your diet needs review to see that you are getting all the basic nutrients. Listen carefully in the evening.

Couple Repeats Vows In Groom

GROOM (SPL)—In a double-ring ceremony held recently in the Immaculate Heart of Mary Catholic Church in Groom, Betty Graham White became the bride of Martin Hermesmeier. The Rev. Arnold Carlson, pastor, officiated at the twilight ceremony read before an altar decorated with pink and white gladioli.

The bride is the daughter of Mrs. Harold Graham of Glarendon and the late Mr. Graham. Parents of the bridegroom are Mr. and Mrs. Charles Hermesmeier of Groom.

Tapers were lighted by Randy Quirk and Howard Britten. Organist was Ruth Homer.

The bride, given in marriage by her brother, Allen Ray Graham, Pánhandle, wore a pale pink lace street-length dress and coat accented by pink accessories and carried a white orchid and stephanotis atop a prayer book.

Attending the couple were Linda Kay Bell and Bill E. Homer, Ushers were J. H. Graham and Robert Hermesmeier.

Mrs. Graham, mother of the bride and Mrs. Hermesmeier, mother of the bridegroom, wore blue costumes complimented by a corsage in white.

A reception in Parish Hall followed the ceremony. A pink and white decor was carried out.

Denise Quirk presided at the register. Darlene Graham served the wedding cake while Ann Homer served punch.

After a short wedding trip, the couple will reside at 3317 Janet Drive, Amarillo.

CROWNOVER-ALLEN

Janice Wileene Crowover

Janice Wileene Crowover and Freddie Mack Allen will exchange marriage vows in a wedding ceremony in Hobart Baptist Church Oct. 11. The bride-elect is the daughter of Mrs. Billy Robert Fritz, Pampa, and Jack Crowover, Longview. Her fiancé is the son of Mr. and Mrs. Edwin Pollan, Floydada. Miss Crowover graduated from Pampa High School in 1967 and attended Medical Institute of Colorado, in Denver, one year, 1967-68. She is employed with a Dallas manufacturing firm. Her fiancé is a 1967 graduate of Dallas Institute of Mortuary Science and a 1963 graduate of Floydada High School. He is employed as a mortician and funeral director in a Dallas funeral home.

MRS. CHARLES BARCLAY HAMMONS nee Mary Ann Gill

For the bride who plans an all-white wedding the Society of American Florists presents the following list of beautiful fresh white flowers: Anemone, aster, carnation, cattleya, chrysanthemum, cosmos, cymbidium, cyrtipedium, daisy, delphinium, gardenias and others.

As you shave, use very little pressure on your razor. After shaving, lavish on body lotion to make skin soft, and silky. Have a razor of your own, and keep an extra razor blade cartridge handy. Overused edges will pull uncomfortably.

Miss Allen Weds I. B. Stephens Jr.

Shirlene Lovell Allen became the bride of Imrie Boyd Stephens Jr. in a double-ring marriage ceremony Aug. 30 at the First Assembly of God Church. The Rev. E.R. Foster officiated for the evening ceremony.

The bride is the daughter of Mr. and Mrs. Chuck Allen, Amarillo. The bridegroom is the son of Mrs. Juanita Stephens, 2104 N. Dwight.

The bride was dressed in a white satin peau de soie dress which was designed with a sabrina neckline and three-quarter length lace sleeves. The floor-length dress extended in a chapel-train and was accented with embroidered Alencon lace and seed pearls. The illusion veil was edged with lace and seed pearls. The bride carried a bouquet of white roses atop a white Bible.

Bridal attendants were Mrs. Ricky Ferrel, Amarillo, the bride's twin sister; Mrs. Hershel Terrell, Lubbock, sister of the bridegroom; Cathy Jarrett, Fort Worth, Nancy Newell, Amarillo, and Debbie Terrell, Lubbock.

Bridal attendants were dressed in blue satin floor-length gowns and carried blue asters for flowers.

Best man was Lynn Whinery, Oklahoma City. Ushers were Don Hall, Amarillo, and Bill Hammer, Pampa. Groomsmen were Bryan Riddle, Terry Gumm, Dick Powell, all of Amarillo, and Hershel Terrell, Lubbock. Flower girl was Shannon Swink, Amarillo, with Todd Dick, Amarillo, as ring bearer, and Don Gibbins, Amarillo, as candlelighter.

For the couple to exchange vows, the church was arranged in a garden scene with ornamental iron furniture, fountain, and arch accented with tapered ornamental iron tapers lighting the aisles.

Organist Mrs. Robert Stator played "Walk Hand In Hand," "More," "The Lord's Prayer," and accompanied vocalists De Rema Hyatt and Dwayne Riddle.

For the reception in the church Fellowship Hall, the table was covered with white satin table cloth and arranged with blue and white flowers. The four tiered cake was topped with a miniature bride and bridegroom.

Paulette Boykin, Amarillo, assisted at the punch service, as Cynthia Wright, Amarillo, served cake. Lessie Pritchett, Amarillo, registered guests.

For the honeymoon to Red River, N.M., the bride traveled in an orange and white knit coat dress with white accessories and white roses for flowers.

The bride is a graduate of Pánhandle High School. The bridegroom graduated from Pampa High School and in August this year graduated from West Texas State University with bachelor of science degree.

Mary Gill Pledges Vows With Charles B. Hammons

Mary Ann Gill pledged double-ring wedding vows with Charles Barclay Hammons in an evening marriage ceremony Saturday in All Saints Episcopal Church, Wichita Falls. The Rev. Edwin Cudill officiated for the candlelight service.

The bride is the daughter of Mr. and Mrs. Thomas C. Gill, Wichita Falls. The bridegroom is the son of Mr. and Mrs. Charles E. Hammons, 1138 S. Dwight.

Given in marriage by her father, the bride was dressed in an organza and peau de soie gown which was fashioned with scoop neckline and short lace sleeves. The floor-length skirt extended to a cathedral train which was accented with peau de soie band. The hem of her skirt was accented with an inset band of lace.

Her cathedral length silk illusion veil was attached to a bandeau of Alencon lace. She carried a nosegay of yellow roses, stephanotis, and baby's breath.

Bridal attendants were Mary Thurman, Austin, maid of honor; Shelley Lenz, Denver, Colo., Janie Hammons, sister of the bridegroom; and Betsy Palmer, Vernon, all bridesmaids.

All bridal attendants were dressed in lemon yellow crepe dresses with flowers of yellow feathered mums and English ivy.

Best man was Skip Cook, Ushers were Pete Gill, brother of bride, Alan Seals, Bob Gregg, Chuck Gustafson, Lynn Heller, and Gene Merrill.

Candlelighters were Nancy Hammons and Kellie Gardner, with Shaw Merrill as ringbearer and Gene Merrill as flower girl.

Wedding music selections were "Turn Around," and "The Lord's Prayer." Vocalist was Betsy Dixon.

Tree candelabra with ivy and flowers decorated the church for the couple to exchange vows.

The bride's mother wore a beige lace costume with yellow rose corsage. The bridegroom's mother was dressed in a two-piece blue suit with yellow roses for her corsage.

For the reception at the church, gold candelabra with anniversary candles and flowers decorated the serving table.

Gloria Davis and Debbie Bair assisted at the punch and coffee service as Mrs. Carl G. Taylor and Mrs. R. A. Gardner served cake. Mrs. Gene Merrill registered guests. Mrs. Peggy Gant and Linda Claybaugh were other reception attendants.

For the wedding trip to the Gulf Coast and Monterey, the bride traveled in a beige linen two piece suit with yellow glamelias for her flowers.

The bride graduated from Rider High School, Wichita Falls, in 1967, and is a junior journalism major at the University of Texas. She is employed by the State Agriculture Department. The bridegroom graduated from Pampa High School in 1966, is a senior physics major at the University of Texas, and is employed at Cabot Corp.

POLLY
(Continued From Page 11) whose white shoes have just been polished.

DEAR POLLY — For quick easy cleanups when on picnics or other outings, fill two liquid soap containers (those for dishwashing liquid) with water. Mix a little liquid soap with the water in one. As cleanups are needed, simply squirt and rub on some soapy water and then rinse with water from the other bottle.

DEAR POLLY — I find it a great timesaver to keep salt and pepper shakers, filled napkin holder, sugar bowl, catsup, etc. stashed away on a 9-inch square tray all ready for table setting. Saves many steps and oversights.

For packing lunches I keep a separate flat tray containing sandwich ingredients, such as mustard, salad dressing, cheese, meat and so on, ready in the refrigerator. Saves sorting and locating time as everything is removed at one time.

Wright FASHIONS

Ren Anuold

Efficient little coat-dress that delivers the best in looks and performance — straight front, hip-hugging belt above sharply creased pleats that flair — smoothly tailored of bonded diagonal-cord rayon. Ruby, navy. in sizes 10-16, 28.00

The bride's mother wore a green one piece knit dress with a white, black and green silk neck scarf and black accessories. The bridegroom's mother was dressed in a pink silk worsted two-piece dress. Mothers wore gardenia corsages.

For the reception in the church Fellowship Hall, the table was covered with white satin table cloth and arranged with blue and white flowers. The four tiered cake was topped with a miniature bride and bridegroom.

Paulette Boykin, Amarillo, assisted at the punch service, as Cynthia Wright, Amarillo, served cake. Lessie Pritchett, Amarillo, registered guests.

For the honeymoon to Red River, N.M., the bride traveled in an orange and white knit coat dress with white accessories and white roses for flowers.

The bride is a graduate of Pánhandle High School. The bridegroom graduated from Pampa High School and in August this year graduated from West Texas State University with bachelor of science degree.

Nancy Darlene Cline, George Etheredge III Exchange Vows In Texline Church

Wedding vows were exchanged by Nancy Darlene Cline and George O. Etheredge III recently at the Texline United Methodist Church. Parents of the couple are Mr. and Mrs. R. D. Cline, Texline and Mr. and Mrs. George O. Etheredge Jr., Pampa.

The Rev. J. Robert Sawyer officiated at the double-ring service. Bouquets of white pompon daisies graced the altar tables and were flanked by two seven-branched candelabra decorated with greenery and white ribbon streamers.

The bride was escorted to the altar and given in marriage by

her father. Her floor-length A-line gown of white bridal satin had front and back panels of all-over lace. Seed pearls and lace enhanced the rounded neckline and a satin band defined the empire waist. Long chiffon sleeves terminated in point cuffs. A detachable train of chiffon outlined with lace, fell from the back waist.

The elbow-length veil of illusion was attached to a pearl encrusted tiara fashioned from heirloom lace. She carried a cascade bouquet of daisies and stephanotis atop a white Bible.

Mrs. Clifford Lindsey, Texline, cousin of the bride, was matron of honor. Her ankle-length princess dress of pale blue whipped cream crepe with white dots, was bordered at the hem with white lace daisies. Miss Suzanne Etheredge, Pampa, sister of the bridegroom, was junior bridesmaid.

Her street length princess frock of the same fabric was trimmed at the waist with a garland of lace daisies. They wore blue hair ribbon bows and carried white daisy nosegays with blue ribbon streamers.

Candlelighters were Quincy Anne Wimberly, Vega, and Terri Ruth Spencer, Dumas, cousins of the bride. Their identical princess style dresses were of white whipped cream crepe with blue dots. White ruching with daisy embroidery trimmed the neckline and the short puffed sleeves. They wore carnation corsages.

Lt. Raymond Cline, Colorado City, brother of the bride, was best man. Dean Cline, Texline, also a brother of the bride, was a groomsman. Ushers were Tommy Etheredge, Pampa, brother of the bridegroom, and Clifford Lindsey, Texline.

Mrs. Cecil McClellan, pianist, played traditional wedding selections and accompanied the soloist, Mrs. Keith Millsap, Canyon, who sang "Because" and "Whither Thou Goest".

Mrs. Cline, mother of the bride, chose a lime green knit sheath with matching hat and white accessories for her daughter's wedding. Mrs. Etheredge, mother of the bridegroom, wore a brown and white three piece linen suit with matching accessories. Their corsages were of cymbidium orchids.

A reception was held in Fellowship Hall following the ceremony. Teresa Burns, Texline, presided at the bride's book. A pale blue memory candle, lit by the newlyweds, was the only decoration on the guest table.

The reception table was set with crystal appointments on a pale blue cloth overlaid with white net. The three-tiered wedding cake was decorated with daisies and topped with three white bells. Lighted white tapers in blue holders, encircled with daisies, were placed at each end of the table. Mrs. Raymond Cline, Colorado City and Mrs. Jon Cooper Wimberly, Vega, cousin of the bride, served the cake and punch.

The bride's going-away outfit was a deep pink linen dress with matching hat and silver accessories. Her corsage was the center from her bridal bouquet. Following a honeymoon trip to New Mexico, the couple will make their home in El Paso.

The bride is a graduate of

Texline High School and received her B.A. degree at West Texas State University in May. The bridegroom graduated from Pampa High School and has attended WTSU and the University of Texas at El Paso. He plans to continue his studies at UTEP this fall.

ENGAGED

Jane Anne Leverich

Mr. and Mrs. James E. Leverich, 1824 Christine, announce the engagement and approaching marriage of their daughter, Jane Anne Leverich, to Frank Alan Osborne, son of Mrs. Joan Osborne, 817 N. Nelson and Jack H. Osborne, 1218 Charles. Wedding vows will be repeated Nov. 8 in the First United Methodist Church. Miss Leverich is a graduate of Texas Christian University where she was a member of Kappa Kappa Gamma sorority. Her fiancé is a graduate of the University of Texas where he was a member of Kappa Sigma Fraternity.

The argyle look returns to fashion with a splash of color. These classic plaids appear in casual cardigans, worn with pleated skirts or tailored pants, in tunics and vests.

By ABIGAIL VAN BUREN

DEAR ABBY: I am sending you a clipping I cut out of the paper several years ago (during Korea) and I am begging you to run it again—especially in the PACIFIC STARS AND STRIPES.

Please send my copy back. It is tattered and practically worn out, but it's the only copy I have, and I have carried it in my wallet for so long I feel lost without it.

man supposed to do for his physical needs? There are 12 women for every GI over here and women practically throw themselves at our feet. Don't get me wrong, Abby, I love my wife and always will, but I have a long hitch over here, and I am only human. This letter is sincere and I'm not ashamed to sign my name, but if you use it, please sign me, JERSEY

S-SGT. FROM BIG T DEAR S-SGT: All right, soldier, you win!

DEAR ABBY: I just received a letter from my husband in Korea and would you like to know how something you wrote in your column over a year ago has helped to keep our marriage a true one. I can best show you by quoting a portion of my husband's letter.

"Do you remember the clipping you sent me from Dear Abby's column when I first got over here? The one about the soldier in Korea who wanted to know what to do about his 'physical needs' while he was overseas? Well, I still carry it and I've read it so many times it's worn to shreds. It has helped to keep me strong. Honey, it's too bad the army doesn't issue a copy to every man overseas. They could sure save a lot of money on curing V.D. and keep a lot of homes from breaking up."

Would you please print it again Abby? I want to be sure the one my husband has doesn't get too worn to read.

Thank you.

A GRATEFUL READER DEAR READER: With pleasure. Here it is:

DEAR ABBY: My problem is one that bothers thousands of GIs so I hope you will print the answer because it is needed badly. I am a happily married man with a wonderful wife and two small children back in the states. I have been in Korea for four months. After living a normal married life for three years, what is a healthy young

And my reply:

DEAR JERSEY: Assume for a moment that I received the following letter, DEAR ABBY: I am a happily married woman with a wonderful husband and two small children. My husband has been in Korea for four months. After living a normal married life for three years, what is a young healthy woman supposed to do for her physical needs? There are plenty of men around, and when they learn that my husband is in Korea they practically throw themselves at my feet. Don't get me wrong, Abby, I love my husband and always will, but he's going to be gone a long time and I am only human.

Signed: JERSEY'S WIFE

Well, Jersey, I would tell that woman to keep as busy as possible with her duties and as many wholesome activities as her time and energy permit. I'd suggest reading, exhausting physical exercise, and yes, even prayer! I'd tell her to stay sober and to avoid temptation and to write to you every day! And that, Jersey, is my answer to you, and to all your buddies in the same lonesome boat.

Sincerely,

JERSEY

ABBY:

Tony Isbell

Mrs. Fay Isbell, west of city, announces the engagement and approaching marriage of her daughter, Tony Isbell, to Elmer Wayne Holder, son of Mr. and Mrs. Roy O. Holder, 837 E. Craven. Wedding vows will be repeated Sept. 19 in the First United Methodist Church. Miss Isbell is a 1968 graduate of Pampa High School and is employed at a Pampa food store. Her fiancé attended Pampa schools and has recently returned from a tour of duty with the Navy. He is employed with Cabot Corp. Grandparents of Miss Isbell and her fiancé are Mr. and Mrs. W. N. Johnson, west of city, and Mrs. Steve Havron, Sayre, Okla.

Cynthia Woods Repeats Vows With J. D. Gilbreath

LEFORS—Cynthia Mae Woods, school in Lefors and is presently attending Pampa College of Hairdressing. The bridegroom is a graduate of Lefors High School and will attend Southern State College at Weatherford, Okla.

The bride is the daughter of Mrs. Donald R. Eberhart of Addison, New York. The bridegroom is the son of Mr. and Mrs. Dean Young of Lefors.

The bride, given in marriage by her uncle, wore a street-length dress of imported lace with a sweetheart neckline. Her veil was of matching lace, elbow length, falling from a pearl-encrusted lace flower. She carried a cascade bouquet of white carnations with a lift of corsage of white orchids.

The ceremony was performed before an archway of lemniscate leaves, flanked by baskets of white gladiolus.

Miss Linda Gilbreath, sister of the bridegroom, was bridesmaid, wearing a street-length pink nylon dress, with full skirt, sweetheart neckline and white carnation corsage.

Dale Finney of Lefors was best man.

Following the ceremony, guests including members of the two families were served punch and the traditional wedding cake in the bride's colors of blue and white.

TV Special To Show History Of Men's Fashions

Think clothes are expensive television special on the history of men's fashions. The duke's of James I, the Duke of Buckingham wore a suit of white velvet trimmed with precious stones which cost 70,000 pounds. That's the word from men's wear designer Mike paper-bag containing a piece of paraffin.

Red Cross News

By LIBBY SHOTWELL, Executive Secretary ARC

Our thanks to the National Guard and the Military for sending a plane to the Disaster area of Etoile, Mississippi so that our people in the Panhandle of Texas can see first hand the work of the Red Cross in the Camille Disaster. Warren L. Hasse, Manager of the KPND Radio Station in Pampa, Ted N. Gikas, Director on the Red Cross Board, and John S. Skelly, Fund Chairman on the Gray County Board represented Pampa with the group from the Top of Texas. The National Guard plane left the Sac Ramp at 5:30 a.m. and returned to Amarillo at 9 p.m. 32 persons were taken on the trip and the group toured the disaster area at the Red Cross feeding stations, visited the shelters, saw the clothing rooms, and visited with the Red Cross Rehabilitation workers. Jack Evans, Red Cross National Director of the Camille Disaster talked with the delegates and arranged for a bus to take them 66 miles down the coast where the disaster had occurred. They saw the work of the Red Cross as an emergency agency and also as a Rehabilitation Service work of the Red Cross. They saw paid workers and many Red Cross Volunteers who had given long tiring hours working to relieve suffering of the victims. Gray County Chapter of the Red Cross wishes to thank the many friends in Pampa who have given money to the relief of the victims in the disaster, also for the generous check of \$1500.00 from the Pampa United Fund. We are happy to report that the amount of our goal of \$2238.00 for the Camille Disaster has reached and we are so very grateful for all of your help. Our neighboring town of McLean gave \$100.00 to this fund!

The Red Cross Board will meet Tuesday morning, September 9th at the Coronado Inn

If Your Child Is In The Fifth or Sixth Grade He Can

Join The Band

FOR FUN AND EXCITEMENT

To understand what music means in the life of a child, take a look at the youngsters in the band. Eyes front, chests out, they are members of the school's most exciting "team." They are in on all the fun and glamor of school events. And all the while they are developing qualities that will affect their entire lives. Self-confidence. Poise and posture. Discipline. Team spirit—and, above all, the power to express themselves in a way that brings satisfaction to themselves and pleasure to others. Music is a "break" your child deserves!

Classes Will Begin This Week Under These Directors:

- Mr. Harris Brinson
Pampa High School Band
- Mr. Joe DiCosimo

1969 Could Be The Start Of Something Great

By RON CROSS
 Sports Editor

"The Harvesters are coming, tra-la, tra-la."

If someone wanted to write a song about Pampa football this would probably be the best way to start it off.

Swede Lee begins his second year as head coach at Pampa High School and sees his rebuilding program bearing a lot of fruit this season.

In 1968 Lee's Harvesters finished 2-8 and this was two games more than the 1967 Harvesters won. Lee expects the 1969 Harvesters to show even more improvement.

A winter and spring conditioning program and hard, hard work by the Pampa footballers on their own this summer brought 43 hopefuls into fall camp August 25th bigger, stronger and in better condition than in several years.

The opinion in other 4-4A towns is that Pampa will be the same old Pampa, an easy mark, a team you like to play.

But the opinion in the Harvesters' camp is "You won't want to play us again."

The losing attitude is gone. A new era in football is on the horizon for Pampa.

1969 will be the year Pampa starts its move up in Texas high school football.

Lee and assistant coaches Bob McAlister, Ed Lehnick, Buddy Williams, Marvin Lay, Jim Cunningham, Carl Miller, James White, and Bryant Clark welcomed back eight starters and six part-time starters from 1968. There were a total of 15 lettermen reporting to opening drills including senior Randy Cantrell, who missed the last eight games last season because of a knee injury.

Pampa in 1969 will be bigger, faster and tougher than they were in 1968. The starting backfield will average 176 pounds per man while the offensive line averages 191.2 pounds per

(See HARVESTERS, Page 16)

PAMPA HARVESTER co-captains for 1969 are Moss Hampton, left and John Jenkins, Hampton, a 175-pound senior is a returning starter as is Jenkins, a 190-pound senior, who will be the quarterback this season.

Pampans On College Teams

Although Pampa hasn't had a winning football team in 15 years they have produced some outstanding college players and in this, the 50th year of high school football in Texas and the 100th year of college football, Pampa will be well represented in the college ranks.

Speaking of Houston four, count 'em, four former Harvesters will be in the starting lineup for Houston this season. Three of them are off the 1966 team that posted a 5-5 season record.

L.D. Rowden, who led the district in scoring his senior year, Ted Heiskell, who is already being groomed for All-American honors, Glen Lewis, a dynamic blocker and Jim Arthurs, who was red-shirted one year, will all be starting for the Cougars in 1969.

Three former Harvesters will be playing, all starting too, for Northwestern Wildcats at Alva, Okla.

Larry Stephens, one of the finest quarterbacks ever at Pampa, Roy Harper, who thrives on punishment and James Matney, the toughest of all, will represent Pampa in the OCAC.

ison, Russell Lemmons, Jim McDowell, Dale Ammons, Mike Cummings, Jim White, Jeff Hogan, Mike Thompson, Tibby Rogers, Mike Keen, Larry Kuntsov, Jerry

Brister, Randy Stephens, Terry Braddock. Not pictured is Marvin Thornton.

Inexperienced Bucks Threat As Always In 1-A

WHITE DEER—A 5-5 season for White Deer in 1968 didn't set too well with the players nor the coaches, although three of those five losses were by a total of only 14 points. The Bucks tied Stratford and Sanford-Fritch for second place, a 3-2 league record.

Coach Sherrill Bottoms and assistant Richard Pylant, J. T.

Hill and Alvin Kaiser return only five offensive and four defensive starters this season. Normally the outlook for a team just returning five experienced men would be called bleak, at best. But it's never said to say the outlook is ever bleak at White Deer.

The Bucks have a winning

tradition and through their early fall drills showed no signs of thinking they are anything but winners.

Bottoms will have to build around 150 pound halfback David Guinn, 170 pound tailback Lonnie Lane, 160 pound center Billy Adams, 230 pound guard

Ricky Thurman and 196 pound tackle Mike Trantham. He has five other lettermen which to do so in 170 pound quarterback Ricky Hoskins, 150 pound fullback Terry Sargent, 160 pound tackle Ronnie Stamps and 155 pound end Bob Thurman.

In Ricky Thurman Bottoms

has one of the finest, if not the finest, linemen in the state. Thurman shoves his 6'5" frame around with authority and plays end on defense. He started both ways as a sophomore and if he grows anymore Bottoms will probably have to sew two suits together to have one to fit him.

Only seven of the 23 players

reporting for fall drills are seniors and only four of them have been tabbed for starting assignments: Duke, Lane, Adams and Thomas are the only seniors with experience.

Hoskins, Sargent and Trantham are all three sophomores while Guinn, Thurman and Stamps are juniors.

Both Guinn and Lane are

seasoned veterans, although Guinn suffered from injuries in 1968. He is swift and hard to tackle.

Adams will be back at his familiar center position while Thomas is expected to be used at end and Trantham at one of the tackle spots with Ricky Tackett, 5'10, 210 pound junior and Stamps are guard prospects.

Last year the Bucks lost to

Silverton, 21-20; Clarendon, 20-0; Panhandle, 26-0; Gruver, 17-14 and Sanford-Fritch, 22-12; Victories came over McLean, 13-8; Claude, 55-6; Sunray, 35-6; Stratford, 14-13 and Canadian, 42-6.

1968 was the first time in many years White Deer had lost its first three games. A repeat is not in prospect in 1969.

WHITE DEER WILL BE GUNNING FOR VICTORY THIS YEAR WITH THE FOLLOWING PLAYERS: Front row — Tim Huckins, Mike Mercer, Darrell Ewing, David Duke, Lonnie Lane, Phil Miller, Mitch Abbott, Mike Williams. Second row — Jerry Urbanczyk, Ronnie Stamps, Billy Adams, Robert Thomas, David Guinn, Martin McCloud, Laarry Mercer. Third row — coaches Sherrill Bottoms and Alvin Kaiser, Ricky Tackett, Jerry Davis, John Cornwall, Ricky Hoskins, Ricky Thurman, Mike Trantham, Pat Hodges, Kenny Thurman, coach Richard Pylant.

Better Season For Canadian

CANADIAN—The opinion of most coaches in District 1-A is that the Canadian Wildcat are just one season away from being a possible title contender.

This may be true but Canadian is almost a certainty to improve on its 1-1 record of a year ago and 3-7 season chart of 1968.

There is even the possibility that the Wildcats might come of age this football season.

Coach James Anglin has six fulltime and one part-time starter returning from all offensive unit that scored 104 points in 1968. By the same token the defense is bound to be improved from the one that allowed 318 points to be scored against it with seven defensive returnees. Eight juniors are being counted on to play lots of ball for the Wildcats with only two of the offensive starters seniors and the same number on defense.

Danny Fiel, a six-foot, 200 pound center and defensive end and fullback Ricky Berry, 170-pounder who plays linebacker on defense are the only seniors back who started last season.

The quarterbacking chores will be left in the hands of junior Bill Lynch (140) who started last year, and senior Danny Short. Berry will probably get the call at fullback and Tom Hill, 170-pound junior returnee, looks set at wingback.

Anglin will have to pick from the rookies for his halfback slots and will choose from 140-pound junior Harold Pack, Joe Cross, 140-pounder and senior John C. Isaacs, 150-pounder.

Jody Wilson (140) and a junior, who started on defense last year, 140 pound senior Larry Martin and 145 pound sophomore Larry Bucher will battle for starting end positions.

Dan Fiel will be joined in the line by his brother Randy, a 170 pound junior and either 150 pound sophomore Earl May or 150 pound sophomore Kelly Ward at guards. Wayne Flowers, 175 pound junior is a returnee at tackle along with junior Terry Beasley, 164, who started part-time last season.

Four Teams Have Shot At 1-A Title

The District 1-A race could prove interesting with no less than four teams having a shot at the title.

Take Stratford, defending champion Gruver, always tough White Deer and Sunray, all pointing toward the title and you have a real race.

Stratford looks the best on paper but paper doesn't put on pads and hit. Here is a round-up of the 1-A teams.

With nine lettermen, six offensive and five defensive starters, back the Elks could win all the marbles this season. The big reason is Tim Tanner 6'1", 187 pound junior who was back of the week three times in 1968, and only played five varsity games.

The district championship could be decided on October 24th when the Elks meet White Deer. These are the two district favorites.

Stratford has four backs with lots of experience back from last season. They are O'Jay Hill 5'10", 145 pound Senior and Carlos Lopez 5'9", 155 pound Senior will return as halfbacks. Tanner would have the fullback situation in good hands.

junior, Mike Wells 5'9", 130 pound junior, and John Pate 6'1, 185 pound junior could find themselves in the starting backfield at any time.

It's rebuilding time in Gruver as far as the coaches are concerned. However, if Larry Gumofry, Mao Blankenship and company have their way Gruver will repeat a district champions this year. But, one can see it will be very difficult to match last season's 9-3 record with only two offensive and four defensive regulars back. The Greyhounds have a winning tradition and great desire so look out.

Larry Gumofry, 5'10", 145 pound senior will be the leading backfield candidate. Other boys to watch in the backfield will be Danny Henson, 5'9", 150 pound senior; Mike Byrd, 5'10", 140 pound senior; John Irwin, 5'9", 145 pound senior; Wesley Maupin, 5'10", 165-pound junior; and Dwight Gillispie, 5'10", 165 pound senior.

The Bucks have barely missed the district championship by a few points the last two years. They could make up for it this season. They have ten lettermen, five offensive and five defensive

starters back from a 5-win-and-5-loss season. They should improve on their record this season.

Beware of the Big Bobcat. Except for Allen Mullins, the Sunray Bobcats are small. But Mullins 6'5", 226 pound Senior could be enough to even things out. Allen is a very good college prospect. He has outstanding speed and quickness for his size.

A Beck team will be hard to out tough, so look for improvement in 1969.

Sunray has three regulars returning to the backfield in Bobby Jones 5'4", 150 pound Senior at quarterback, Buster Ambs 5'7", 125 pound Senior, and Dwain Hed 5'10", 170 pound Senior will be back as halfbacks. Mike Price 5'7", 135 pound Senior, Rocky Popejoy 5'8", 150 pound Sophomore, and Keny Keisling 5'8", 145 pound Sophomore could break into the starting backfield at any time.

Sanford-Fritch is just fresh from its most successful football season in the history of the school. They finished with a 6-3-1 record, and it may have started a football tradition hard for other teams to handle.

Sanford-Fritch has only four

offensive and four defensive starters back from last fall, but the Eagles have good size and quickness to over shadow lack of experience.

Warriors Bound To Be Better Team This Year

MIAMI WARRIORS will be a strong football team this season. Front row, from left — Craig Bailey, Hollis Adams, Ricky Tennant, Tim Fatheree, David Faulkner. Second row — David Byrum, Bill Gordon, Joe Lunsford, Bobby Brine, Butch Tigrett, Steve Hale. Back row — Coach Eddie Wilt, Mike Dedmon, Lloyd South, Steve Evans, Chris Gill, Jim McCuiston, manager Steve Bailey.

MIAMI — When the Warriors new coach Eddie Wilt leads his team onto the field Sept. 12 in its opener against Forgan, Okla. Wilt will be at a slight disadvantage since he will be seeing only his second eightman football game.

His players, however, have seen and played in quite a few more.

The Warriors won only one game last season but they returned six of their eight starters and, although they are young, have plenty of experience.

Miami is in eight-man's Region 2, District 5 conference with Guthrie, Estelline and Darrouzett, Guthrie.

The Warriors lost to Darrouzette, 68-8; Guthrie, 54-16 and Estelline, 42-8 last season.

But Wilt has seniors Jerry Lunsford, 200 pound halfback, 200 pound tackle, turped end, Steve Evans, quarterback Lloyd South, and Bobby Briens and junior Butch Tigrett, all of whom started last season, to form a good, fast team.

You can add to this eight other lettermen, all of whom got to see plenty of action last season.

Wilt sees as his teams strong points size and experience but sees a lack of speed, which is very important in eight-man football, as the main weakness.

Of the other eight lettermen only Steve Hale, a 134 pound half back, is a junior. The rest are sophomores, which would lead one to believe that by 1970 the Warriors will create a loud noise in its district.

With Evans, who is 6'5 moved to end, Wilt will probably go with Jimmy McCuiston, a 170 pound sophomore who played guard last season and freshman Chris Gill, 150-pounder, at tackles.

Mark Gill, 150 pound sophomore, is listed at guard. Briens and Bill Gordon, sophomore halfback, are listed as the teams top runners with South and junior Steve Hale expected to do most of the Warriors' passing.

Wilt sees Gill, Joe Bill Sewbs, Mike Dedmon, David Faulkner and Hollis Adams, all freshmen, as top prospects, who he thinks will give Miami good depth.

THE SCHEDULE

Sept. 12 Forgan (T) 7 p.m.
Sept. 19 Gate (H) 7:30 p.m.
Sept. 26 Yarbrough (H) 7:30 p.m.
Oct. 3 Balco (T) 8 p.m.
Oct. 17 Turpin (T) 7:30 p.m.
Oct. 24 Darrouzett (H) 8 p.m.
Oct. 31 Guthrie (H) 7:30 p.m.
Nov. 7 Estelline (T) 7:30 p.m.

Dumas Likely To Win It All In 1-AAA

Dumas staggered to a 5-5 season last year and was impressive, even though a 5-5 season in Dumas is considered a losing season.

But the "Ding-Dong-Daddies" from Dumas look like shoo-ins for the district 1-AAA title with coach Bill Spann all smiles at the opening of fall practice.

Spann was smiling because the Demons returned 18 letter men including eight offensive and seven defensive starters. That's enough to make anybody smile. In fact some coaches would laugh out loud.

Dumas is big, has good speed and with all that experience is the clear-cut district favorite.

They have All-State material in 235 pound senior tackle Bud Trammell and 180-pound junior center Steve Robinson. Both started last year for the Demons, both on offense.

Returning to bolster his offense Spann has 165 pound senior Gary Burks at fullback, halfbacks Emmitt Casas, 165 pound senior and Mark Robins, 170 pound junior, who started both ways last season, 160 pound junior Bobby Laughrym started at quarterback last year and will be back to try it again. Junior Jerry McVicker and senior Paul Carson both lettered last year and will probably start at the end positions for the Demons. Tackles will be Trammell and 188 pound senior Ross Shamburger, both of whom started last year while the guards will probably be Ken Mapike, 185 pound senior return starter and either Randy Ryan, Mike Smith, Wyatt Stafford or Scott Sanders, all of whom lettered last year. Ryan, Smith and Stafford all started on defense.

Hereford won a share of the 1AA title last season and the state playoff berth. But the Whitefaces have only two returning starters from last year and 11 lettermen all told.

But coach Larry Wartes feels his team can reconstruct enough to make the run this year interesting.

Tackle Tony Gorman (6'1, 242) and fullback John Martin (6'1, 225) head a big delegation which also features the likes of ends Rodney Daring and David Paetzold and backs Jerry Tyler, Richard Lyons, and Mark Woodward. End Tom Timberlake.

Linebacker Jim Head, guards John Seiver and Steve Watson and tackle Bentley Coleman are other vital cogs in the attack.

Tulia is optimistic and with good reason. The Hornets return seven offensive and eight defensive starters to build from an 0-10 season and that's a good foundation.

Size deficiencies will probably short-circuit championship hopes.

Muleshoe has won only three games out of its last 20 but faces another rebuilding year. They are small and have only three offensive and four defensive regulars returning.

Canyon could be the darkhorse of the league with 12 players back who started full time or part-time last season.

But size and speed are the main weaknesses Canyon faces.

CANADIAN WILDCATS are expected to be stronger this year and will field this team: Front row, from left — Larry Bacher, Kelley Ward, Ricky Berry, Wayne Flowers, Danny Fiel, Steve Carter, James Anderson, Tommy Hill. Back row — Coach James Anglin, Jody Wilson, Harold Pack, Randy Fiel, Bill Lynch, Danny Stone, John C. Issas, Joe Cross, Earl May, coach Truitt Read.

LEFORS PIRATES will field a strong team in 1969. Front row, from left — David White, Richey Timmons, James Gatlin, Lynn Shelton, Charles Shelton, Jerry Hollinshead, Bruce Winters, Steve Timmons, Don Tinney. Second row — David Prestidge, Chucky Alderman, Mike Robbins, Richard Harkcom, Jimmy Dowd, Ronnie Sims, Joe Pernigan, Ken Prestidge, Tommy Wells, Bill Bates, Larry Gilbreath. Back row, coaches Wellman and Scott Dunham, Danny Mills, Walter Tarbet, Sam Maples, Mike Pittman, Garry Denton, David Seright, Joe Elkins, coach Harley Lewis.

Plainview, Borger Picked Best In Fight For Title

The District 4-AAA football race for 1969 should be a real whing-ding affair. There is no clear-cut favorite in either the north or south zone in 1969 for the first time since who can remember when. Tascosa, Palo Duro, Amarillo or Monterey is not an odds-on favorite to beat the pants off everyone else. Can you believe it? In fact, such down-to-earth teams as Plainview (South Zone) and Pampa (North Zone) look the best on paper. Of course if you believe everything coaches tell you then

it would be impossible for anyone to win the district title. Most of the district coaches have the moans this season. But Plainview, and how sweet it would be to see this type of Bulldog win the South zone, appears the best of the crop in the district, on paper at least. The Bulldogs, who like Pampa and Lubbock, have been down for a while, have improved exactly as was expected over the past two seasons. Last year, under a revamped athletic program they finished 7-3 and things are ever brighter for 1969.

New Look Due For Texas Tech, Defense The Thing

The name of the game at Tech. Football will take on more or less a new look at Texas Tech this season. The name of the game in "Raiderland" will be defense in 1969. For years the name of the game at Tech was offense, it had to be, it was the only game in town. But the switch began taking shape last season, when the Red Raiders led the Southwest Conference in total defense. Only late in the season when the offense began to sag did Tech yield command of the title chase. Six starters from that league-leading defense return to coach J. T. King this season and you can add 11 lettermen to the list and you have experience at every position. Last season 210 pound left end Bruce Dowdy, 221 pound end Richard Campbell and 180 pound safety Larry Alford led the defensive charges. Dickie Grigg, a 218 pound senior from Lubbock, senior Dennis Lane from Brady and 203 pound Claude senior Denton Fox are the other returning defensive starters.

Lefors Still Year Away From Title

LEFORS—The Pirates, under new coach Scott Dunham, may still be a year away from being a real good team but you can just about bet that they will improve on their 3-6 record of a year ago. One thing they don't do is play weak teams. Lefors, in District 5-B, takes on such class "A" powers as Wheeler and McLean and also plays Perryton's B team before settling down to the rigors of district war. Dunham, a former Pirate himself, is well pleased with his squad this season and the way they've adopted to his system and new formation, the Wing

may be tested by two big freshmen—230 pound Tommy Wells, and 125 pound junior Charles Shelton. The center position is in the capable hands of letterman Mike Pittman, a 165 pound sophomore and 160 pound sophomore Richey Timmons. Rounding out the backfield will be returning quarterback David White, a 125 pound sophomore, 155 pound sophomore Richard Harkcom and 125 pound junior Charles Shelton. **The Schedule**
Sept. 12 Wheeler (H) 8 p.m.
Sept. 19 McLean (T) 8 p.m.
Sept. 26 Turkey (H) 8 p.m.
Oct. 2 Perryton B (H) 8 p.m.

Despite Losing Trend Harvesters Still Respected

By PUTT POWELL

AMARILLO — Few football followers have seen the Pampa Harvesters play as many times as this scribe.

I doubt if anyone living outside Pampa has seen as many Pampa games.

I saw the Harvesters for the first time in 1927 when they played Amarillo High School at old Euler Field in Amarillo. I've seen the Green and Gold clad gridders play at least once every season since.

That's a total of 42 campaigns.

You have to be on the other side to realize just how much respect the Harvesters hold. I learned early never to take a Pampa team lightly. No other foe ever gained as many upsets over the Amarillo Sandies as Pampa.

You also must consider Pampa has had one of the smallest enrollments in the state among the schools playing in the top classification.

Pampa moved to the top class in 1930 and the Harvesters had their best team that year in my opinion. They lost only one game and that was to Amarillo, 2-0, in a sea of mud in Amarillo. The elements could have well cost Pampa the state championship. The Sandies advanced to the state finals before losing to Tyler.

The 1930 Harvesters scored 636 points while winning 12 and losing only to the Sandies. Pampa allowed only 45. The Harvesters shocked the state by upsetting Lubbock High, 12-9.

Other opponents were whipped by such margins as 52-0 over Perryton, 72-0 over Hollis, Okla., 32-0 over Vernon,

71-7 over Wichita Falls, 72-0 over Plainview, 72-0 over Quanah, 76-0 over Canyon and 72-0 over Childress.

Odus Mitchell, who just retired as head coach at North Texas State, coached the 1930 Harvesters. Albert Lard and Don Saulsbury were the standout backs.

Pampa gained its first win over Amarillo in 1931 with a 13-6 triumph. Ray Chastain passed 40 yards to Pestinate for the first touchdown. Jodie Kahl broke loose for 32 yards on the other.

Pampa has had other outstanding teams. The Harvesters won district in 1933 and lost to San Angelo, 7-6, in the quarterfinals.

Pampa was ranked as the No. 2 team in the state in 1934. The Harvesters lost to the Sandies, 13-6, in a district game.

Then Amarillo blasted Corpus Christi, 48-0, in the state finals.

The Sandies went to Pampa in 1941 with a 22-game winning string. Amarillo had won all 14 games in 1940 including the state championship. The Sandies had won the first 8 games in 1941, but they lost to the Harvesters, 16-12.

Jake Halter was the standout for Pampa with his sensational punting. Two of his booming boots rolled out on the 1-yard line.

Pampa gained its best upset over the Sandies in 1943. The Harvesters had lost to Lubbock, 12-0. Then the Sandies blasted Lubbock, 47-0. The Harvesters marked a 7-0 upset when all-state Charlie Boyles passed 37 yards to Gene Robbins.

Pampa's greatest success came in 1947 through 1953 under Coach Tom Tipps. During those

seven campaigns, Tipps won 54, lost 17 and tied 1.

He won district in 1949 and 1950. He whipped the Amarillo Sandies five straight times starting in 1949.

The player gaining the greatest success against the Amarillo Sandies was Ken Hebert. Later an All-American at the University of Houston, Hebert sparked the Harvesters to three straight wins over the Sandies.

Hebert returned a kickoff 85 yards and passed to Butch Crossland for two points in a 15-14 victory in 1961. There was only 2:03 left on the clock.

In 1962, Hebert kicked the extra point in the 7-6 decision. Randy Matson had run 55 yards for the touchdown.

Pampa won 13-9 in 1963. Hebert ran 20 yards for a touchdown in the third quarter to

open the scoring. Ken kicked the extra point. Hebert ripped 52 yards for the other touchdown with only 3:04 left in the game.

Pampa has had its share of disappointments against the Sandies. The most exciting game, in the opinion of this scribe, came in 1954.

The Harvesters had won 5 straight from the Sandies. Amarillo finally came out on top, 33-28. The Sandies led 21-7 at halftime. Then the Harvesters went to work. Buddy Sharp passed 68 yards to Dickie Mauldin. Marion Stone kicked all four Pampa extra points.

That cut the difference to 21-14. It was 21-21 when Harold Lewis broke loose for 63 yards. The Sandies went ahead 27-21 but the extra point was missed. Mauldin raced 70 yards and Stone kicked for the point for

a 28-27 advantage.

Here's my all-time Pampa team:

Offense:

Backs—Albert Lard, 1930; Randall Clay, 1945; Harold Lewis, 1954; Ken Hebert, 1963.

Ends—Wayne Kelly, 1932; Bill Speer, 1946.

Tackles—Jerry Walker, 1950; Buddy Cokrell, 1951.

Guards—Carl Smith, 1934; Bill McPherson, 1951.

Center—Ralph Poe, 1930.

Defense:

Ends—Mourne Owens, 1934; Benny Stout, 1959.

Tackles—Moose Hartman, Davis, 1951.

1936; Troy Stalls, 1927.

Guard—J. P. Matthews, 1937.

Linebackers—Robert Langford, 1957; Don Saulsbury, 1930; Roland Phillips, 1941.

Backs—Johnny Campbell, 1945; Ed Dudley, 1953; Billy

'Harvesters Are Coming, Tra La, Tra La'

(Continued From Page 16)

player. Every starter has shown vast improvement in the speed department, thanks to the winter PE classes.

The Harvesters have some cool heads in their backfield and have experience, although two players will be in new positions for this season.

Pressure, which he has shown he can handle with ease, will be on new quarterback John Jenkins, a 200 pound senior.

Jenkins, a Harvester co-captain, was the wing back in 1968, and played end position in 1967, but Lee decided to move him to quarterback for 1969. The 17-year-old senior performed creditably in the spring game but his inexperience with his new position showed.

Put Jenkins didn't let this bother him and worked hard on his weak points during the summer and has looked like a veteran during early drills. The halfbacks are both experienced, fast and have good size.

All-District possibilities lie in left half Scotty King, a 176 pound senior who is tougher to tackle than a bull.

King, the Harvester leading rusher despite missing three games in 1968, was fifth in the district last year, playing in only three league contests and going for 223 yards.

The knee has healed and King is ready to make his senior year a banner one.

Don Willis, a 165 pound senior, will be at right

halfback and Willis is probably the fastest man on the squad.

Willis was hurt (sprained ankle) for the spring game but showed enough stuff in the '68 season and in practices to let the coaches know that he and King will form one of the best one-two punches in the district.

Letterman senior Tommy Hawkins, who relieved Jenkins' last year's position at wingback, has drawn the starting nod for 1969.

Hawkins had a great spring game and continues to impress coaches with his ability.

Hawkins will be stretching his 3'11 frame by 167 pounds for Jenkins' passes. The tow-head showed in the spring game that he can catch and is a good blocker.

At ends will be a part-time starter on offense and defense last season Denny Johnson and Junior Casey Cameron, who was with the Shockers last year.

Johnson checked in at 361 and perhaps a bit slower but still has enough speed to beat even the best of defenders. Johnson's size is 5'10 and has good hands.

Cameron was a stickout for last year's Shockers but is one of the lighter squad members (155) but has good blocking ability and good speed.

Moss Hampton, the other co-captain, is one of the best centers in District 4-4A. He weighs in at 175, which is heavier than he played last

season. He hustles on every play and is probably the best blocker on the team.

Pampa's guards are big, strong and slightly faster than last year but both are inexperienced.

Jay Roth, a 212 pound senior, did not letter last year, but has shown so much desire and improvement starting during the spring game and through practices this season, and has almost nailed down the right guard spot.

Chuck Lanehart suffered through injuries last year and started part-time and his healthy 200 pounds will be a welcome sight at left guard. Lanehart is a proven blocker and tackler.

Just as they should be, both Larry Kotara and Mark Watkins are two of the biggest and toughest players on the team.

But what else would you expect of tackles?

Watkins, a returning starter at 215 and with good speed, will be on the right side while Kotara, down to an even 200 and burning with desire, will be on the left side. Both are returning starters.

The Pampa punting couldn't be in better hands. They have back the district's second best punter of 1968.

The "Sheriff" of the team, Wyatt Earp, will be out to better his 37.1 per kick average of last season.

Earp kicked the ball 20 times in five district games last year for 743 yards but chances are he won't have

to punt that many times this season.

Pampa will show fans and other teams a new offense in 1969.

It's the same as Houston runs, the "Veer Option" or Wing-T.

Defensively Pampa will be much stronger than last year when they gave up 156 points in five league games and 287 for the season, which was more than any other district team allowed.

Possibly the Harvesters defense will have Jenkins at safety; Junior Ricky Harris at monster; King at linebacker; Hawkins and Johnson at defensive half backs; 1968 part-time starter Roddy Porter, 183 pound senior and junior Mickey Sims, 190, at defensive ends; Roth and Lanehart at tackles; 155 pound senior letterman Steve Sloan and 165 pound returning letterman Ray Tendall, who started part-time last year will round out the defense.

Ross Holman, who started part-time last season, and center-turned quarterback, Dan Hood, are giving Jenkins a hard challenge for a starting berth.

Pampa has some depth with Mike Brister, Monroe Woods, DeWayne Glover, Johnny Clark, Paul Thomas, Don Robbins, Steve Scarborough, Jim Clark, Kenny Nachlinger, Loren Rice, David Cash, Mike Albus, Leslie Weatherly, Paul Johnson, Neil Brooks, Keith Coyle, John McCarroll, Gary

(See HARVESTERS, Page 23)

Shockers Could Be Best In Long Time

A varsity football team can always use help and help is on the way for Pampa.

Harvester coaches will field a team 40 members strong on the Shockers this fall; all but two are sophomores, and this year's team is one of the biggest (weight and size-wise) ever fielded in Pampa.

The Shockers will for the first time play a 12-game schedule with the squad to be split on

two different dates when one squad meets Plainview at Plainview and the other goes to Perryton on Oct. 16. The following Thursday (Oct. 23) the Shockers will host Monterey and Hereford.

The first Shocker game will be played Sept. 13, the only Saturday date on the schedule with the remainder of games on Thursday. There are also six night games and six afternoon

games slated. (See Pampa schools composite schedule page).

Although Shocker players will be pitted against JV's (Junior Varsity) they probably won't meet anybody any bigger.

At halfbacks Darrell Nipp at 170 and Garvin McCarrell, (170) who is recovering from a broken collar bone, are the largest in that position. Then there's junior Greg Wilson at

1965 sophomores at Ferguson (165), Greg Schultz (160), Mike Redell (145), Mike Keen and John Roth, both 150.

The quarterbacking situation has coaches smiling with three sophomores battling for the job and all are capable.

There's Dale Ammons (175), Larry Knutson (170) and Chris Johnson (155). Only two flankers are listed on the roster (See SHOCKERS, Page 23)

WHEELER'S MUSTANGS present this squad to the public. Front row, from left, Kevin Davis, Jerry Bates, Dale Stevens, Randy Mason, Gary Fischer, Rich Hefley, Randy Hanks, D. McWhorter, Homer Martinez, James Vise, Weldon Simmons, Pete Castro; Second row, Calvin Echrist, Sam Miller, Jim Bob Brooks, Doyle Glazner, Rodney Weatherly, Carroll Watson, Jack Johnson, Robert Brickey, Jim Cole, Steve Simmons, Mike Harrall, Bill Tucker; Back row, coaches Jake Cottrell and Bill Wiggins, Buddy Woods, Darrell Hanks, Tom Patterson, Dave Britt, Roy Chick, Gary Davis, David Bowerman, Rick Duncan, Terry Lewallen, coaches Jim Bateman, Richard Gaines.

Wheeler Has Young But Tough Players For '69

WHEELER — Coach Jake Cottrell and assistants Jim Bateman, Richard Gaines and Bill Wiggins have forgotten out 1968 and are concentrating on how to rebuild for 1969. Graduation took such horses as Ron and Don Rives and Cottrell and assistants must rebuild around four returning starters and nine total lettermen. But anybody in District 2-A will tell you that Wheeler has won with less. Losing is something that doesn't happen often in Mustangland. In 1968 the Mustangs finished in a three-way tie with McLean and Clarendon for the district title and fell to Gruber in the Bi-district round to finish 8-3 for the season. Linewise the Mustangs will have quite a rebuilding job with only seniors Gail Ledbetter, 6'2 by 215 and 6'4 by 210 Gary Davis at tackles with any experience. Both started last season. At guards probably 170 pound sophomore Weldon Simmons and 150 pound sophomore Noel Glazes will have to carry the load. Junior Bill Tucker, a 150 pound letterman will have the center chores. Only one letterman returns at end, 170 pound sophomore Pete Cole. Battling for the other end slot are 150 pound senior Keith Wood, his brother Buddy, a 160 pound senior; sophomore James Vise, who is light at 120 and other sophomores Jackie Johnson, Pick Heard and Darrell Hanks. Besides Britt, Cole, Hefley, Simmons and Weatherly are considered top backfield prospects for the Mustangs.

New Coach, Young Club For McLean

MCLEAN — On paper the McLean Tigers look like they do every year, weak and inexperienced. But that's how they look on paper. Every year the Tigers turn up stronger and stronger and are always in the District 2-A title picture. Last year they finished in a three-way tie with Wheeler and Clarendon then lost a coin toss for the championship. But in 1969, on paper anyway, the Tigers will be hard put to equal or improve on their 4-1 and 7-3 1968 record. They also had the second best defense in the league. They also have a new coach in Bob Langford, a former Pampa Harvester who doesn't take to losing too kindly. But Langford found only four offensive and the same number of defensive starters off the 1968 team plus two other letterman. None of the returning starters play in the backfield so Langford will first have to come up with someone who can run with the ball and someone who can pass it. The Tigers will be counting on six-foot, 175 pound sophomore Tommy Duniven to be their signal-caller and lead the team. Fighting for other backfield spots are David Haynes, six-foot, 180 pound sophomore, who'll probably start at fullback. Ronnie Brown, another 150 pound sophomore, Duane Carver, Mike Griffin, Fred Lowder, Stacky Howard and freshmen George Danner and Fabian Gregory. Both ends, a guard spot and center are in good hands. Seniors David Brown (5' 10 by 150) and Steve Thacker (6'1 by 175) will be returning to their familiar positions as will seniors Jim Barker (5'10 by 170) at center and Dennis Duniven (5'11 by 170) at guard. This takes care of the returning starters.

THE SCHEDULE
 Sept. 12 Lefors (T) 8 p.m.

 Nov. 14 Claude (H) 7:30 p.m.

Clarendon Again District Favorites

Clarendon is the coaches pick to win the District 2-A title but they were last year also. The Broncos looked like they had a lock on the title last year. They met Wheeler unbeaten and untied and had the best defense in the league. But somebody forgot to tell Wheeler and the Mustangs scored a stunning upset. Wheeler is picked second again this year and is another upset in the making? Here is a roundup of District 2-A:

The Clarendon Broncos saw the outright 2-A Championship slip through their fingers in 1968 when Wheeler defeated the Broncos. Clarendon will find twelve lettermen among its corps this fall, but only three offensive and two defensive starters return among them. However, Coach Clyde Noonkester is again on the hot seat as his team has been pegged to pick up the marbles in District 2-A warfare. One can easily see why, when you take a look at Bronco backs. Jim Moore, the 160 pound speed merchant who is a sub-100 second century man, can run with the best. He was used last year as a split receiver but may see duty at the man under spot this fall. Another blazer is lanky Charles Louis, 175 pound tailback. Louis is a two time all-district performer back for his last year which could certainly be his best. Bennie Reese, 180 pound fullback, will supply the power and he too has good speed. Larry Longan or Ike O'Neal will find a home at the halfback slot. The top linemen in the Clarendon camp will be James Hall, 165 pound senior end. Hall did not start last year. Ronnie Hasty, 6'3", 190 pound senior tackle is big and agile. Hasty saw plenty of action in '68 and could be one of the best in 2-A. Willie Craft, 155 pound senior, is a top prospect at guard. The Broncos will find the going a bit tougher this year, but should be capable enough to capture the District 2-A throne, which eluded them last year. The Mustangs lost heavily via the graduation route this past year. The Wheeler Mustangs lost heavily via the graduation route this past year. Gone are such standouts as Ronald and Donald Rives, who are Texas Tech bound this fall. However, Coach Jake Cottrell counts some nine lettermen returning with four offensive and four defensive starters among the letter winners. The tradition rich Mustangs can never be counted out of any football race until the last district match is in the record books. Silverton returns seven offensive and eight defensive starters off a respectable 5-5 club a year ago. Many 2-A coaches feel that the Owls could be the team to beat for the title. Leading Silverton backs will be Bill Strange, a 6'1" 200

pound running back. Strange is sure to rate all-state consideration although he is a junior and still will have another year to haunt opposing clubs. David Holt is a top prospect for the Owls. David is 5'10", 170 pounds, and he too is a junior. Other backs for Silverton will be Trent Brown who will handle quarterback duties, Ronnie Strange, a halfback and Dana Martin, also a halfback. Silverton could have three of the best interior linemen in the district in 6'1", 205 pound senior tackle, Thurman May, 5'9", 190 pound sophomore guard, Marvin Self and 8'0", 190 pound junior Alvin May. These boys are as tough as nails and they are quick. Jay Long also rates strong consideration for the Owls. He doesn't have the size, but does not lack desire. Also vying for a starting position will be end Max Hamilton, guard Max Weaver, guard Terry Bomar, end Roger Younger, guard Gene Whitfill and guard Quinn Montague.

This could be the year of the Owl and kick-off time will be 8:00 September 12 against the White Deer Bucks. Happy, under new head coach, Bill Harle, is in a rebuilding year. The Cowboys lost eleven seniors to graduation and eight of these were starters either on offense or defense. Noted departures are big Terry Wright, 6'4", 240 pound tackle, who is WTSU bound; Steve Vernon, 6'1", 190 pound All State 2nd team guard, and Zeke Frost, jack rabbit back for the Cowboys for the past three seasons. All is not black for the Cowboys as Harle will depend upon Charles House, a do-everything back, for the Pokes. House is 5'11" and scales 175. He will be used at a running

back this year and rates all-state consideration. Another top notch performer is Joe Bill Dempsey, 6'4", 205 pounder, who is being switched from end to a running back. Dempsey is potentially one of the best to come out of Happy High School. He has excellent speed, is a fine receiver and has the toughness to get the ball into the end zone. Also rated is Neal Bryan who will be used as a split receiver and safety this year. Bryan, a speedster, can catch the ball well and has the spring of a kangaroo. Stated for heavy duty in the line are Jimmy Payne, 6'0", 180 pound tackle; Rick Spear, 6'1", 220 pound tackle; Ronnie Cheek, 5'9", 180 pound guard, who is as tough as they come close in line. Cheek is also an outstanding nose guard on defense. Ruben Garcia, 5'10", 170 center, started for the Cowboys last season as a freshman. Greg Pearson, 155 pound guard, will be tough to handle. The quick little senior started last fall and is looked to fill a guard position this year. Happy will need lots of luck this year if they want to get a smell of the roses, but should not be taken lightly as they have some talented people in the ranks to add support to those mentioned who could well be the key to the 2-A lock. The Mustangs finished the cellar last fall, but don't look for it to happen again. Claude returns with their entire squad, plus two boys that did not play last year. Both were regulars in 1967. The 1969 squad has plenty of size, speed, depth and experience to rate championship consideration. The backfield will be led by quarterback Terry Knox, 6' 150 pound junior who started at that position last year. The McLean Tigers under

new coach, Bob Langford, will find themselves without eleven departed seniors and this adds up to inexperience. However, don't sell the Tigers short as they always make up ground in a hurry.

Hayes Buckeyes Tougher Than Ever

NEW YORK (NEA)—Wayne Woodrow Hayes, the Big Ten answer to Vincent Thomas Lombardi, calls himself a "mean old coach" and he tries to live up to it.

His scholarly Ohio State football players, it has been reported, refer to him as the Corpulent Martinet. It is possible, they say, for motorists on the Olentangy River Road to feel the rage that boils out of Ohio Stadium on certain autumn Saturday afternoons.

Sooty Hayes, pacing the tie connected to his half-sleeved shirt flapping, the bill of his red baseball cap down on his forehead, mouth open, demanding. At times during his 18-year career in Columbus, fans would become impatient with his methods, his "three yards and a cloud of dust" offense and with Hayes himself. They never tire, however, of the coach's forte — winning football games.

Last year, blessed with perhaps the finest collection of sophomores the game has seen in its 100 years, Hayes led Ohio State to national, Big Ten and Rose Bowl championships. At night in North High Street bars these days, they speak of three consecutive unbeaten seasons of the Buckeyes and no one laughs.

Former Harvesters Dot Houston Lineup

By RON CROSS
 Sports Editor

After watching Pampa's Friday night heroes just about everybody around here will want to tune their ears and eyes to Houston where they can watch some former Friday night Pampa heroes.

The Cougars, which just could be the best football team in the country this season, are loaded

with former Harvesters, four to be exact.

All four are scheduled to start for the Cougars this season, and one is even being mentioned as a possible All-American candidate in 1970.

Ted Heiskell, L. D. Rowden and Glen Lewis, all of Pampa's 5-5 team of 1966 are juniors and Jim Arthur, who played here in 1964, will be the starting

center for the Cougars. He's the senior.

Arthur is 5-11 and 205 pounds. Heiskell, who may be even better than All-American full-back Paul Gipson, who's place he is taking, is 6-3 and 222 pounds.

Both Rowden, 6-2, 205 and Lewis, 6-3, 230, will be defensive starters, Lewis at left tackle and Rowden at left safety.

What is puzzling is that Heiskell has healed completely from a knee operation when no one thought he would and Rowden led District 4-A in scoring his senior year and is now a defensive whizz.

You can never tell.

Coach Bill Yeoman has six offensive starters and four defensive starters returning. Not many? Right. But all of the Cougars were capable of starting last season and most of 'em did at one time or other.

Yeoman is looking forward to his best season ever and that's quite a statement from a coach who has finished 8-2, 7-3 and But what will make this season different is the fact Houston can finally be on national television and can play in a bowl game.

Houston has been on proba-

tion the past three seasons, so pride was the only thing they really had to play for. It'll be a lot different in 1969.

Quarterbacking will be no problem for Houston. They have three that can start for anybody in senior Ken Bailey, senior Rusty Clark and sophomore Gary Mullins.

"Clark had a great spring but Bailey hung in there pretty good except for one scrimmage. Don't count Mullins out either, he's a winner and when the lights go on he just might be the best of the lot," said Yeoman.

WHO THEY PLAY

- Sept. 20 at Florida (Day)
- Sept. 27 at Okla. State (Day)
- Oct. 4 host Mississippi St. (Night)

Texas, Arkansas Take Your Pick In SWC Race

Who's gonna win the Southwest Conference?

Anyone of four teams can, well, make it anyone of five teams, ah, heck, just about any team in the conference is capable.

The Southwest Conference, style — 1969 — is tough, everybody is tough. The experts are picking Texas and Arkansas or Arkansas and Texas, or both at once.

But the Hogs are expected to be in their heaven come end of conference play since they have just about everything you need to win a conference championship.

But they have not beaten the Longhorns yet. Arkansas gets the edge over Texas mainly because the Hog-Horn contest is played in Arkansas.

But then there is Southern

Methodist, Baylor, Texas Tech, Texas A&M, TCU and Rice and none of 'em have lost a conference game this year.

Groom Again 5-B Favorite

GROOM — Booker is the District 5-B favorite but the Kiowas had things going last year until they met the Tigers, who made off with a 32-15 victory and a 4-0 record in the district while winning the title.

Groom compiled a 6-5 season record but only one of the losses, 26-6 to Lazzbuddie, was to a class B team. The other losses came at the hands of class A powers Vega, 22-8; Silverton, 28-18; Wheeler, 18-13 and McLean, 87.

The Tigers don't appear on paper anyway, to be any stronger than a year ago but they don't appear any weaker either.

New coach Roger Arnold has 14 lettermen, including seven starters to build his team around and this is more than most coaches have.

Groom's line appears solid with good experienced wise players back but size might be the determining factor.

Dal Howerton a 150 pound senior returns to start at end and starters also return at both tackles in 200 pound Ronny Fields and 150 pound Dan Ashford. Danny B. Brock, 150 pound senior returns at guard and 155 pound senior Tony Britten is back at center.

Returning letterman Jerry Ashford, 165 pound junior, will probably take the other end position while eightier 140 pound junior, will probably take the other end position while either 140 pound senior Gary Paul, a returning letterman or 130 pound senior tackle Ken Britten, who lettered last year, will take over the other guard spot. Or it could be 155 pound senior Jim Burton, who lettered at tackle last year also.

The backfield has its problems with only 115 pound senior Randy Ritter at halfback and Dan Blackwell, 125 pound quarterback the only starters back. But Arnold can look to lettermen Johnny Britten, a 140 pound senior quarterback, 160 pound junior halfback Jerry Crowell and 145 pound junior Larry Clark to help fill the gaps.

Interested in the overall development of the Pampa athletic department, various sports programs sponsored by the high school and the athletic development of the students participating.

The Harvester Club sponsors an All-Sports banquet where athletes from all sports are honored and usually has a picnic in the spring for spring sports athletes plus an ice cream social in the fall just before football drills start.

At Harvester Club meetings fans are shown a film of the previous Friday's game with coach Swede Lee commenting on the finer points of the game and giving members an inside look at the following week's opponent.

The Schedule

Sept. 12	Vega (H)	8 p.m.
Sept. 19	Claude (H)	8 p.m.
Sept. 26	Silverton (H)	8 p.m.
Oct. 3	Wheeler (H)	9 p.m.
Oct. 10	McLean (H)	8 p.m.
Oct. 17	Turkey (H)	8 p.m.
Oct. 24	Textine (H)	7:30
Nov. 7	Lefors (H)	7:30
Nov. 14	Follett (H)	7:30
Nov. 21	Booker (H)	7:30

Arkansas has a great defense, great schedule, great striking power, all laid out on Astro-Turf.

The Hogs lost only to Texas last year and the Horns, one James Street was in the saddle, did not lose at all.

Arkansas brings back seven offensive starters and eight defensive regulars including Bill Montgomery, being billed as player of the year in the SWC, Chuck Dicus, best receiver, best punter, Gary Stockdell and the league's top linebacker, Cliff Powell.

Texas has 15 of last year's winners returning and this includes big-play Cotton Speyer, Steve Worster and Mike Koy and the undefeated quarterback Street.

SMU's men with golden arms last season are older, wiser and probably better. They are a team with wings. They look the Sooners in the Orange Bowl and things have not changed all that much.

Chuck Hixson is tabbed as the best passer in the league and the Ponies also have the top offensive sophomore in the conference, Gary Hammond.

Bill Beall will be starting his first season at Baylor and things have changed and charged up the Bears no end.

Beall has 16 offensive lettermen back and the same number on defense. The Bears must be better. Eleven starters return on offense and nine on defense.

Tailback Gene Rogers, 5-11, 185-pound senior from Victoria, is touted as one of the top rushers in the conference and is an All-American choice.

It's a brand-new ball game at Texas Tech despite the fact J. T. King's four offensive starters and six defensive starters see back in the fold.

The Red Raiders have two established stars in punt return champion Larry Alford, who was All-SWC last year

Snockers

(Continued From Page 19) Sophomore Mike Thompson (165) and Randy Stephens (160). Ends are big and tall with sophomores Jim White (165) and David Carruth, and Kirk Monroe, both 160, and Tom Watson and Marvin Thornton, both weighing in at 150.

Sophomore Jeff Hogan at 190 gives the Snockers a big-tough center but Hogan is getting a battle from junior Mike Cummings (170) and sophs Bob Schiffman and Ray Cloyd, both 150.

All the guards are sophomores with Tom Parker (180) and Tibby Rogers (170) the two largest. But trying to nail down a starting position are Bill Cummings (165), Norman Wisler (160), David Hopkins (150), Greg Dunham (145) and Al Craig, 140.

Not a Shocker tackle is below the 160 mark and they still have a couple of years to grow, all are sophomores.

There's Steve Morgan (190), Rick Wright (190), Mark Hudson (170), Jerry Bruster, Russell Lemmons, Tim Russey and Terry Braddock, all at 165; also Notre Dame at Georgia Tech (8:30 p.m.)

Harvesters

(Continued From Page 19)

Gattis, Steve Scott and Dennis Taylor all trying to earn starting berths.

Scott, also one of the fastest men on the squad, is coming back to football after being out of it for two years.

The 160 pound senior played well in the spring game and is expected to see a lot of duty for the Harvesters.

When Pampa hosts Hereford in the opener Sept. 12 a new era in Pampa football will be underway.

Harvester Club Helps Promote Pampa Athletics

The Pampa Harvester Club will start the 1969 school year with approximately 800-850 members which is slightly higher than the membership when the club was first formed three years ago.

Officers for the school year for the non-profit association are President, Howard Weatherly; Vice President, Maynard C. Johnson; Secretary, Mrs. Vernon Watkins and board of director members are the three officers plus Harbord Cox, Marvin Holman and Dan Carter, who also serves as publicity chairman.

The club, which usually meets each Monday night, during football season and twice a month during basketball season, is always looking for new members.

Membership is open to all citizens of Pampa and friends of Pampa High School. There is a minimum annual membership fee of \$2 and a maximum annual membership fee of \$25.

The Harvester Club is a booster organization for all sports participated in by the students of Pampa High School. The Harvester Club seeks to enroll as its members all individuals who are concerned and interested in the overall development of the Pampa athletic department, various sports programs sponsored by the high school and the athletic development of the students participating.

The Harvester Club sponsors an All-Sports banquet where athletes from all sports are honored and usually has a picnic in the spring for spring sports athletes plus an ice cream social in the fall just before football drills start.

At Harvester Club meetings fans are shown a film of the previous Friday's game with coach Swede Lee commenting on the finer points of the game and giving members an inside look at the following week's opponent.

The Schedule

Sept. 12 Vega (H) 8 p.m.

Sept. 19 Claude (H) 8 p.m

Major Leagues

Cubs Lead Trimmed To 3 1/2 Over Mets

Twins 8, A's 6
OAKLAND (UPI)—Cesar Tovar's second extra-inning home run in three games, a two-run drive in the top of the 18th inning, gave the Minnesota Twins an 8-6 victory over the Oakland A's Saturday and widened their lead in the American League West to 7 1/2 games.
A total of 43 players saw action in the game, 25 of them for Oakland, and it took five hours-7 minutes to complete.

Reds 2, Braves 1

CINCINNATI (UPI)—Gary Nolan pitched a four-hitter and Woody Woodward stole home in the second inning for the deciding run Saturday night as the Cincinnati Reds scored a 2-1 victory over the Atlanta Braves.
The Reds took a 1-0 lead in the first inning when Bobby Tolan walked, stole second and scored on Tony Perez' single. Woodward singled in the second, moved to third on Tolan's single and scored the eventual winning run on the front end of a double steal.

Pirates 13, Cubs 4

CHICAGO (UPI)—The Pittsburgh Pirates scored six runs in the third inning on two doubles and six singles and erupted in a 19-hit onslaught that buried the Chicago Cubs 13-4 Saturday.
The loss, coupled with the New York Mets' 3-0 victory over Philadelphia, cut Chicago's lead over New York in the Eastern Division to 3 1/2 games.

Red Sox 9, Sens 5

BOSTON (UPI)—Carl Yastrzemski and Syd O'Brien each drove in three runs Saturday to lead the Boston Red Sox to a 9-5 victory over the Washington Senators. Yastrzemski hit a two-run, 425-foot homer.

Mets 3, Phils 0

NEW YORK (UPI)—Jeffrey Grote's sixth homer of the year and two doubles and a single by Bud Harrelson led the New York Mets to a 3-0 victory over the Philadelphia Phillies Saturday behind the combined six-hit pitching of Don Cardwell and Tug McGraw.

Tigers 5, Birds 4

DETROIT (UPI)—Tom Tresh hit a home run in the 11th inning to give the Detroit Tigers a 5-4 victory Saturday over the Baltimore Orioles.
The blast, his 13th of the season, came off righthanded relief pitcher Eddie Watt with the bases empty.

Yanks 1, Tribe 0

CLEVELAND (UPI)—Stan Bahnsen and Jack Aker combined on a three-hitter and Roy White singled home Gene Michael in the first inning Saturday night to give the New York Yankees a 1-0 victory over the Cleveland Indians.

Expos 3, Cards 2

ST. LOUIS (UPI)—Montreal scored the deciding run in the sixth inning without the benefit of a hit and reliever Claude Raymond got the Expos out of a bases loaded situation in the eighth Saturday night as they edged the St. Louis Cardinals 3-2.

Giants 7, Astros 6

HOUSTON (UPI)—Willie Mays, who had been out 10 days with a knee injury, slammed a two-run triple and Jim Hart hit a two-run double to lead the San Francisco Giants to a 7-6 victory Saturday night over the Houston Astros. Mays' triple was the 1,109 extra base hit of his career.

Passing Game Okay In Vernon Scrimmage

Pampa starts its final week of practice Monday before opening the 1969 football season here Friday, against Hereford.

The Harvesters know what needs the most work after a scrimmage Friday against Vernon, in which Pampa came out on the short end of a 3-1 (touchdown) score.
"We played well in most areas. It was a good scrimmage," said Harvester coach Swede Lee.

Lee said the purpose of the scrimmage was to give quarterback John Jenkins some needed experience against another team and

give some juniors the same type experience.

"Jenkins will be playing quarterback for the first time next week and we wanted him to get as much experience as possible," Lee said.

Coach Lee said the big senior co-captain played just "like an inexperienced quarterback usually does" in the first half but "showed us he will make a good one" with his play in the second half.
Lee said that the Harvesters passed about 60 per cent of the time during the scrimmage.

"We wanted to practice on

our passing game and we passed in situations where you normally wouldn't," Lee said.

Jenkins completed about 40 per cent of his tosses, about 60 per cent in the second half after a bad two quarters.

"John passed well after the first half. Our receivers, Tommy Hawkins, Steve Scott, Denny Johnson and Steve Scarborough did a good job," Lee said.

The coach said he was very impressed with the Harvester offensive line.
"Our pass protection was real good. Our quarterback

was thrown for a loss only one time," Lee said.

Although Pampa backs didn't get to run much Lee pointed out that Don Willis and Scotty King, who scored the Harvesters touchdown from a yard away, did a good job.

With the exception of a couple of mistakes Lee said he thought the Harvester defense did a good job.

"We had three juniors playing in our secondary to give them some game-type experience," Lee said.
Vernon broke for two long touchdowns, one for about 99

yards and the other from 65 yards away.

"We had a couple of defensive breakdowns and they had a couple of 9.6 sprinters who took advantage of it," Lee stated.

"But on the whole we played well both offensively and defensively," Lee said.

The coach said he was well pleased with the Harvesters play on the whole since they did do things they normally wouldn't do in a regular game.

"We were primarily concerned with our passing game and we wanted to see

some people play that haven't had much of a chance and get them some experience," Lee said.

The Pampa defense against the pass and punt returns pleased Lee the most. The coach said he felt the Harvesters needed to improve against the running game.

"We looked real good against the pass but at times we were looking for it too much and let them run on us when they shouldn't have," he said.

Floyd Has Shot Lead In WS Golf

AKRON, Ohio (UPI)—PGA champion Ray Floyd wildly erratic over the Firestone Country Club Course where he holds the course record, struggled to a one stroke lead Saturday in the first round of the World Series of Golf with two-over par 72.

Floyd had five birdies in this battle among the four men who hold the top titles in golf—but he also had four bogeys and a thundering triple bogey.

The British Open Champion, Tony Jacklin, took second place with a three-over-par 73 and U.S. Open champion Orville Moody and Masters champion George Archer tied for third at 74. It was a day of lackluster golf in the 36-hole, \$77,500 tournament which ends on Sunday. Floyd, however, said that the course played with unusual difficulty because "those were 18 of the toughest placements I have ever seen."

Cowboys Sock New York Jets In Exhibition

DALLAS (UPI)—Rookie quarterback Roger Staubach scrambled for one touchdown and passed for another Saturday night to rally the Dallas Cowboys to a 25-9 preseason victory to over the Super Bowl champion New York Jets.

The 27-year-old, onetime Heisman Trophy winner from Navy rushed to the rescue late in the first half after the Joe Namath-less Jets had forged a 9-3 lead on 33, 15 and 15-yard field goals by Jim Turner.

Staubach was pressed into service when Cowboy starter Craig Morton suffered a dislocated index finger on his throwing hand. Staubach promptly engineered a 76-yard drive that put the Cowboys ahead for good with four seconds left in the half.

He scrambled the final 17 yards of that drive for a touchdown, hit Walt Garrison with a one-yard scoring pass in the third quarter and passed the Cowboys almost all of a 59-yard fourth quarter drive that was capped by Les Shy's two-yard touchdown plunge. Mike Clark kicked in 12- and 25-yard field goals for the Cowboys.

Staubach later was knocked silly and had to be replaced by rookie Bob Ebdon midway the third period. Before he left, Staubach had hit 10 of 16 passes for 160 yards and scrambled for 29 yards rushing.

SPORTS

The Pampa Daily News

"I'm not ashamed of my two over par," Floyd said. Jacklin said he wasn't disturbed by his score either. "I thought I was going to put an 80 up there on the board," said the Britisher.

"I disagree," Moody chimed in. "I played bad."

"So did I," Archer added. Floyd, wavy-haired bachelor pro from Lake Havasu, Ariz., reached his low point of the day on the sixth hole, where he took where he took a horrendous triply bogey seven. He clouted his tee shot behind a tree, chipped out onto the fairway and then plunked his third shot into a sandtrap.

Other low points of the day included a double bogey seven by Jacklin on the sixth hole and a double bogey six by Moody on the ninth hole.

The World Series of Golf was inaugurated in 1962 to bring together in head to head competition the winners of the

top four golf championships of the year. None of Saturday's contenders had ever earned a berth before in this tournament which has been won three times by Jack Nicklaus, twice by Gary Player and once each by Gene Littler and the late Tony Lema. But this is a year when few of the "big name" stars of the past have shone brightly.

Arnold Palmer, a competitor in this tournament three times, was here Saturday only as a television commentator trudging after the players.

Floyd, who set a 72-hole course record of 268 in winning the American Golf Classic this year, was hot and cold throughout his 35-37 round.

Newcombe In Net Semis

FOREST HILLS, N.Y. (UPI)—John Newcombe bounded into the semi-finals of the rain-ravaged U.S. Open tennis championships Saturday by defeating Fred Stolle, 7-9, 3-6, 6-1, 6-1, 13-11.

They had resumed play after being halted by darkness Friday at 10-11 in the fifth set. Rain, which had forced cancellation of play Wednesday and Thursday, poured down at 10:25 a.m. CDT, forcing the

courts to be covered but other matches finally began after a delay of two hours and 35 minutes.

They included the Tony Roche-Earl Buchholz quarterfinal and the Rod Laver-Arthur Ashe semifinal. Roche and Buchholz began play at 2 p.m.

Tony Roche swept past Earl Beholz in a 6-1 victory in the first set in only 11 minutes, once the rain stopped. He broke Buchholz in the fourth game with the loss of only a point.

Capitalizing on a passing shot and a double fault and two volley errors by Buchholz.

Buchholz wore spikes, discarded them midway through the set, put them back on for the second set.

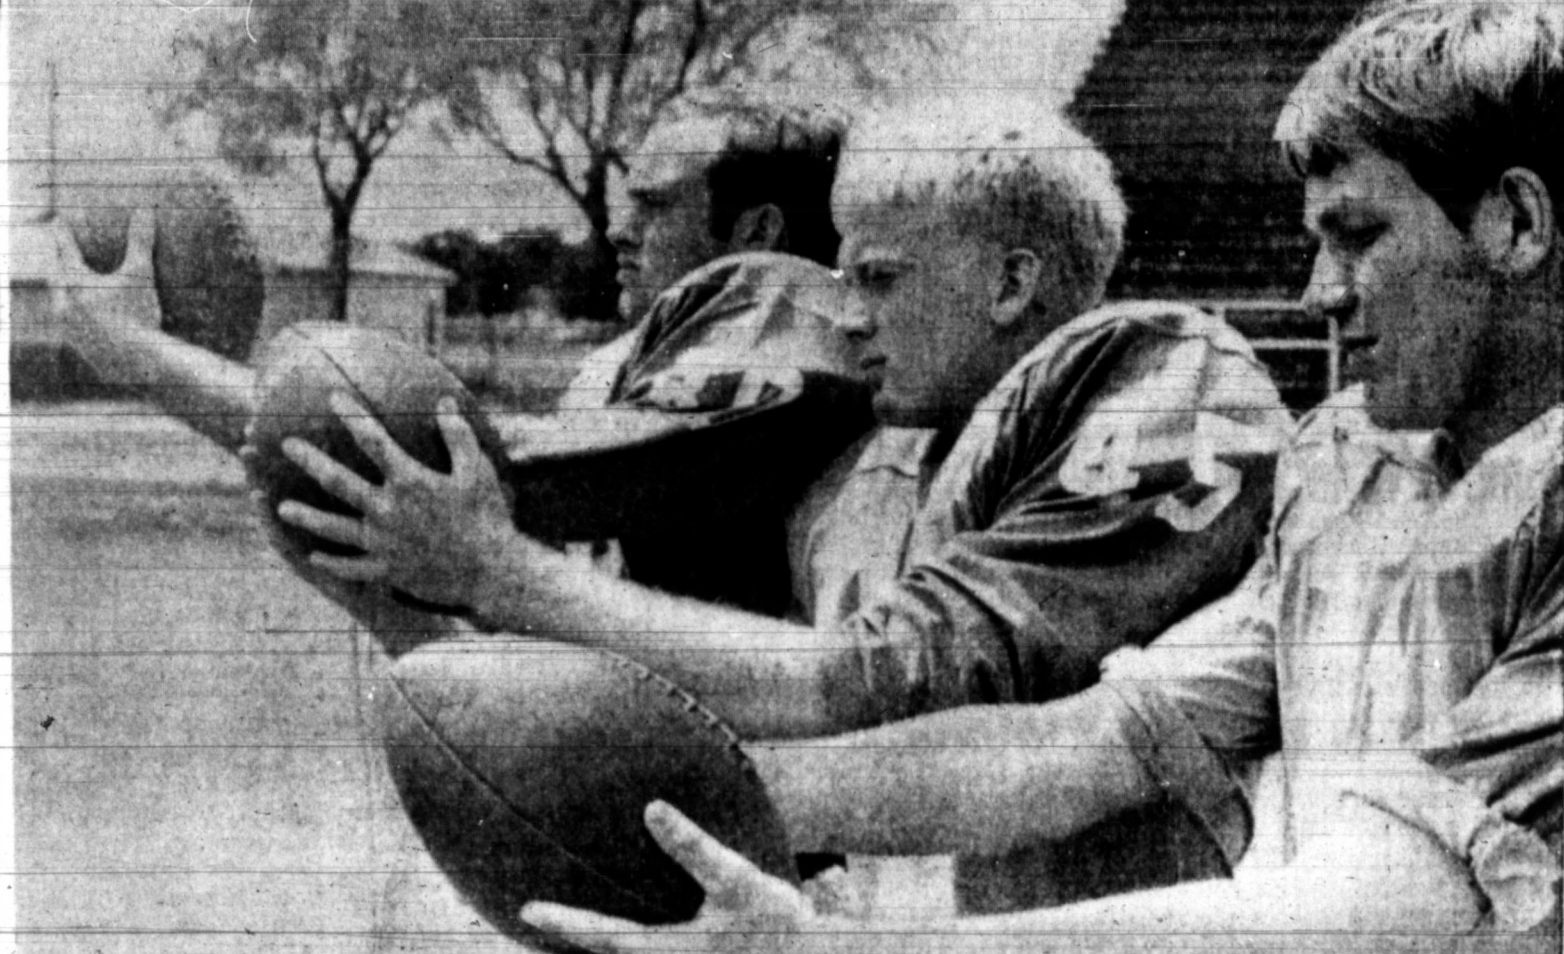

Promptly at 11 a.m. Stolle and Newcombe began play and it took Newcombe only 15 minutes to wrap up his match.

Newcombe seemed very tense, but each man held service and it was 11-all.

PAMPA ENDS Denny Johnson, left, Tommy Hawkins and Steve Scott drew praise from Swede Lee for their play in a Friday night scrimmage at Vernon. All three will see plenty of action for Pampa this fall.

Palmer On Golf Scene But His Aching Back Still Says No

AKRON, Ohio (UPI)—Arnold Palmer, who voluntarily put himself on the sidelines exactly three weeks ago, got the itch to play again Saturday.

It came on the first tee of the Firestone Country Club where he and approximately 3,500 other spectators watched Masters champion George Archer, U.S. Open titlist Orville Moody, PGA kingpin Ray Floyd and British Open winner Tony Jacklin hit their initial drives in the 36-hole World Series of Golf.

Palmer, here to do the television color commentary on NBC-TV, peered intently at the four clumps as they prepared to tee off. He looked as if he wished he could join them.

"I'm always ready to go," he said with a grin, when the suggestion came up as Archer, Moody, Floyd and Jacklin trudged down the fairway of the first hole.

Palmer smiled even more broadly.

"If they need a substitute or one of 'em gets sick, I'm always ready," he joked.

Palmer, who competed in this event three times but never won it, hasn't played competitively since his nightmarish 82 in the first round of the PGA at Dayton three weeks ago. He withdrew at that time, revealing his hip was troubling him again, and said he did not intend to play again until he felt better.

Palmer admitted there has been no appreciable change in his physical condition.

"It's about the same," he said. "I've been taking therapy and treatment. Right now, I have no plans for any extensive playing. What I'm going to do is give it a try this coming Wednesday and, if it goes all right, I'd like to try and play in the Sahara."

Palmer will celebrate his 40th birthday Wednesday, the day he's going to give it a try in Chicago where he is due for a

business appointment.

If he finds his hip isn't handicapping him so much that he cannot play, he will notify the sponsors of the Sahara Open at Las Vegas he intends to participate in the tournament beginning Oct. 16.

"If it (the hip) continues the way it has been the last week, if it doesn't give me any more trouble than it has been, I'm gonna try to play again next month," said the man many thought was finished with competitive golf for good only three weeks ago.

Palmer now is in pretty much the same category Ben Hogan was when Bantam Ben first ran into trouble with his putter. Hogan was availed by

letters and wires giving him advice.

The sidelined general of "Arnie's Army" also is being deluged with advice now for his ailing right hip.

"The people all mean well, and I appreciate it, but that poor postman of ours couldn't get all the letters in my mailbox after the PGA," Palmer smiled.

Browns Win
WASHINGTON (UPI)—Larry Kelly ran for one touchdown, and Bill Nelson tossed to Gary Collins for a second Saturday night as the Cleveland Browns topped the Washington Redskins 20-10 in a National Football League pre-season game.

San Francisco (Marichal 17-9 or Sadecki 5-8) at Houston (Wilson 16-10).
Los Angeles (Osteen 18-11) at San Diego (Santorini 6-13).

Blues Win Title By Sweeping A-Giants In 3

MEMPHIS, Tenn. (UPI)—The Memphis Blues, winners of the Texas League's Eastern Division title with a shaky 66-65 record, wasted little time this week socking it to the favored Amarillo Giants in the Texas League playoffs.
Memphis beat Amarillo three straight games, with the clincher Friday night a 2-1 three-hitter by pitcher Jesse Hudson.
Memphis scored its runs in the bottom of the fifth. Amarillo got its only run in the top of the eighth.

Harvester Club Meets Tuesday

The Pampa Harvester Club will hold its first regularly scheduled meeting of the school year Tuesday.
Sports minded persons are asked to meet at 7:30 p.m. in the high school cafeteria where a film of the Pampa-ernon scrimmage will be shown.
Coach Swede Lee will also give a rundown on Hereford. Pampa's opening game opponent Friday.

The SMU-Air Force game, set for 8:35 p.m. CDT, in the Cotton Bowl in Dallas will be the only one involving a Southwest Conference team and one of only a handful of major games scattered across the country.
The University of Texas-El Paso Miners will be the only other major Texas school in action. The Miners, who will be playing their second season in the Western Athletic Conference will host the University of Pacific at 7:30 p.m. MDT.

Four Lone Star Conference teams will be in action, but the games will not count in the standings since Angelo State and Tarleton State will not compete for the league football title until 1970. Angelo will entertain Stephen F. Austin at 2 p.m., while Howard Payne visits Tarleton at 7:30 p.m.
Among the smaller independents, Austin College is at Northwood Institute at 1:30 p.m. and Bishop College at Texas Lutheran at 7:30 p.m.
Abilene Christian of the Southland Conference will be the only member of that circuit in action, playing Arkansas Tech at Fort Smith, Ark., at 7:30 p.m.
The SMU-Falcon game will match a pair of 7-game winners of 1968 and will mark the time in three seasons that the Mustangs have appeared on the opening national telecast of the season. They pulled off a 20-17 upset of Texas A&M in the 1967 feature.
Coach Hayden Fry's Ponies, who generally are rated the only club with much chance of slipping in ahead of Texas and Arkansas in the title race, should get a good clue to their chances against the team from the Rockies.

The Falcons lost only four key men from the team which wound up the 1968 campaign with a 58-35 victory over Colorado.
All The Way!
DETROIT (NEA)—Bill von Breda Kolff has one goal in mind for the Detroit Pistons this season.
Says the new coach: "I don't believe in this making the playoffs jazz. I think we can go all the way—and win it."

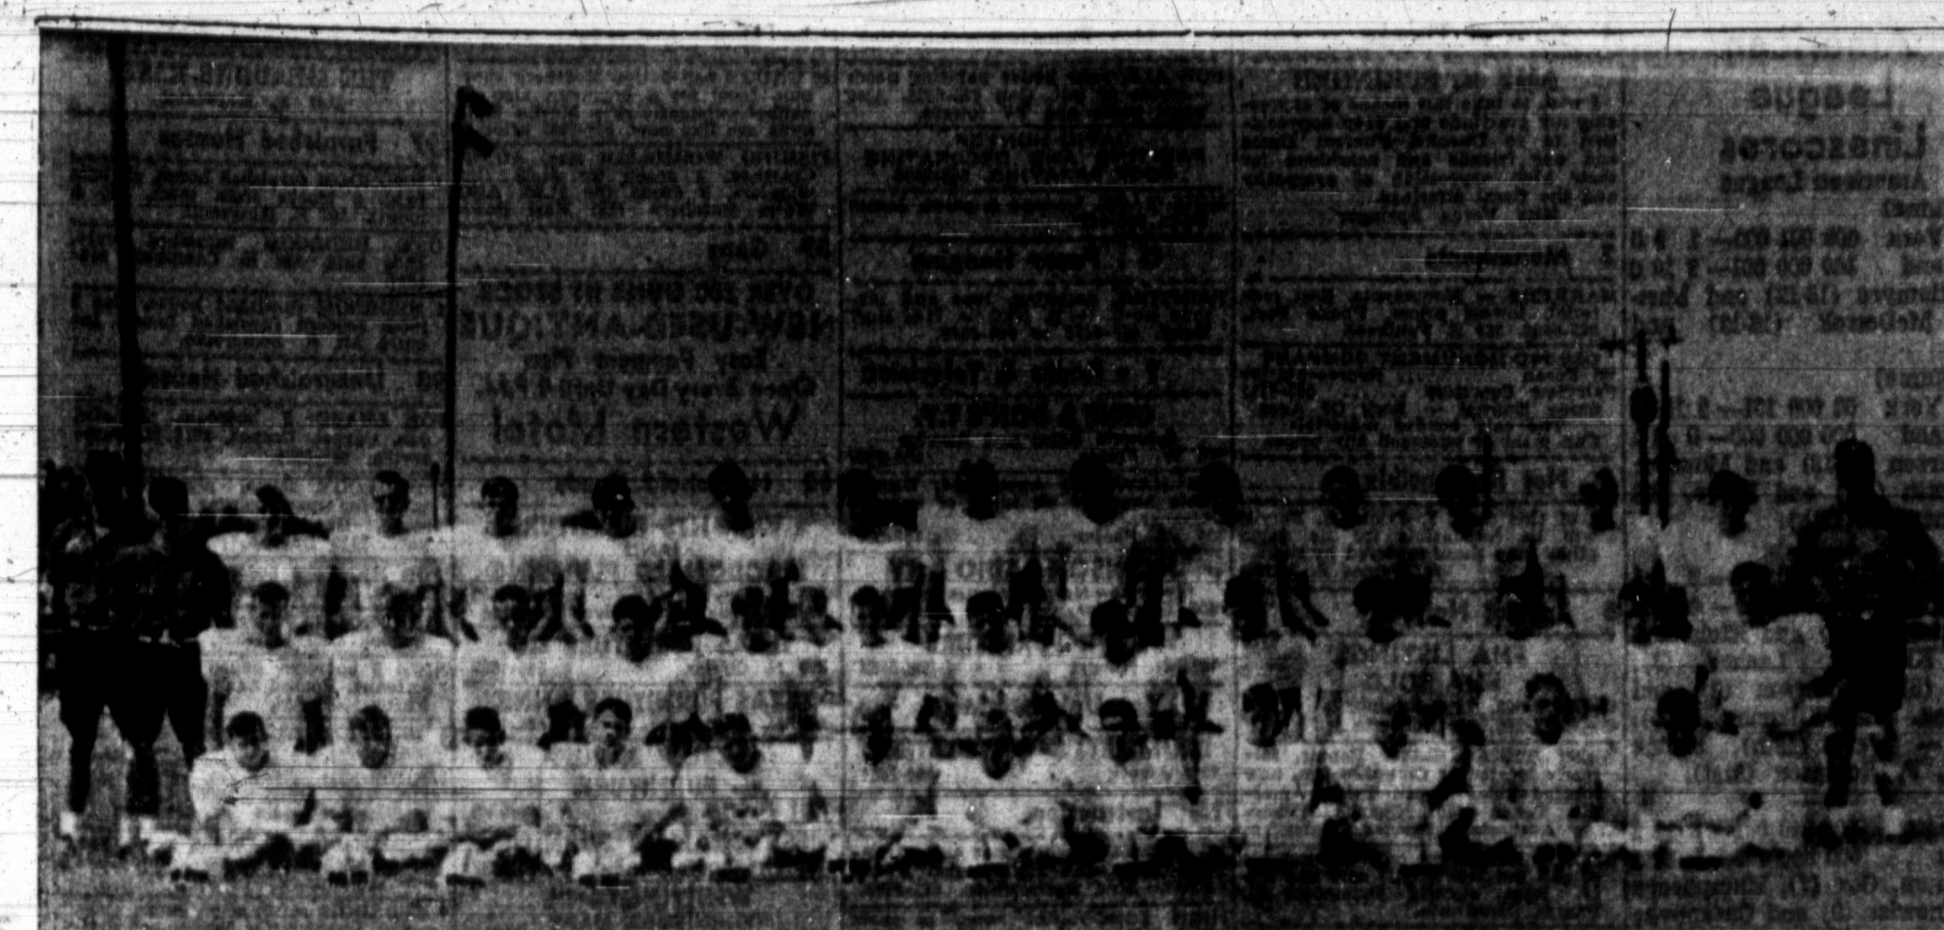

FREEMAN BUCKLES IT LIGHTER

For gentlemen of fashion... smoothly buckled wing, squared at the toe. Bitter Brown Action-Finish smooth leather.
LA PORTE 27.95

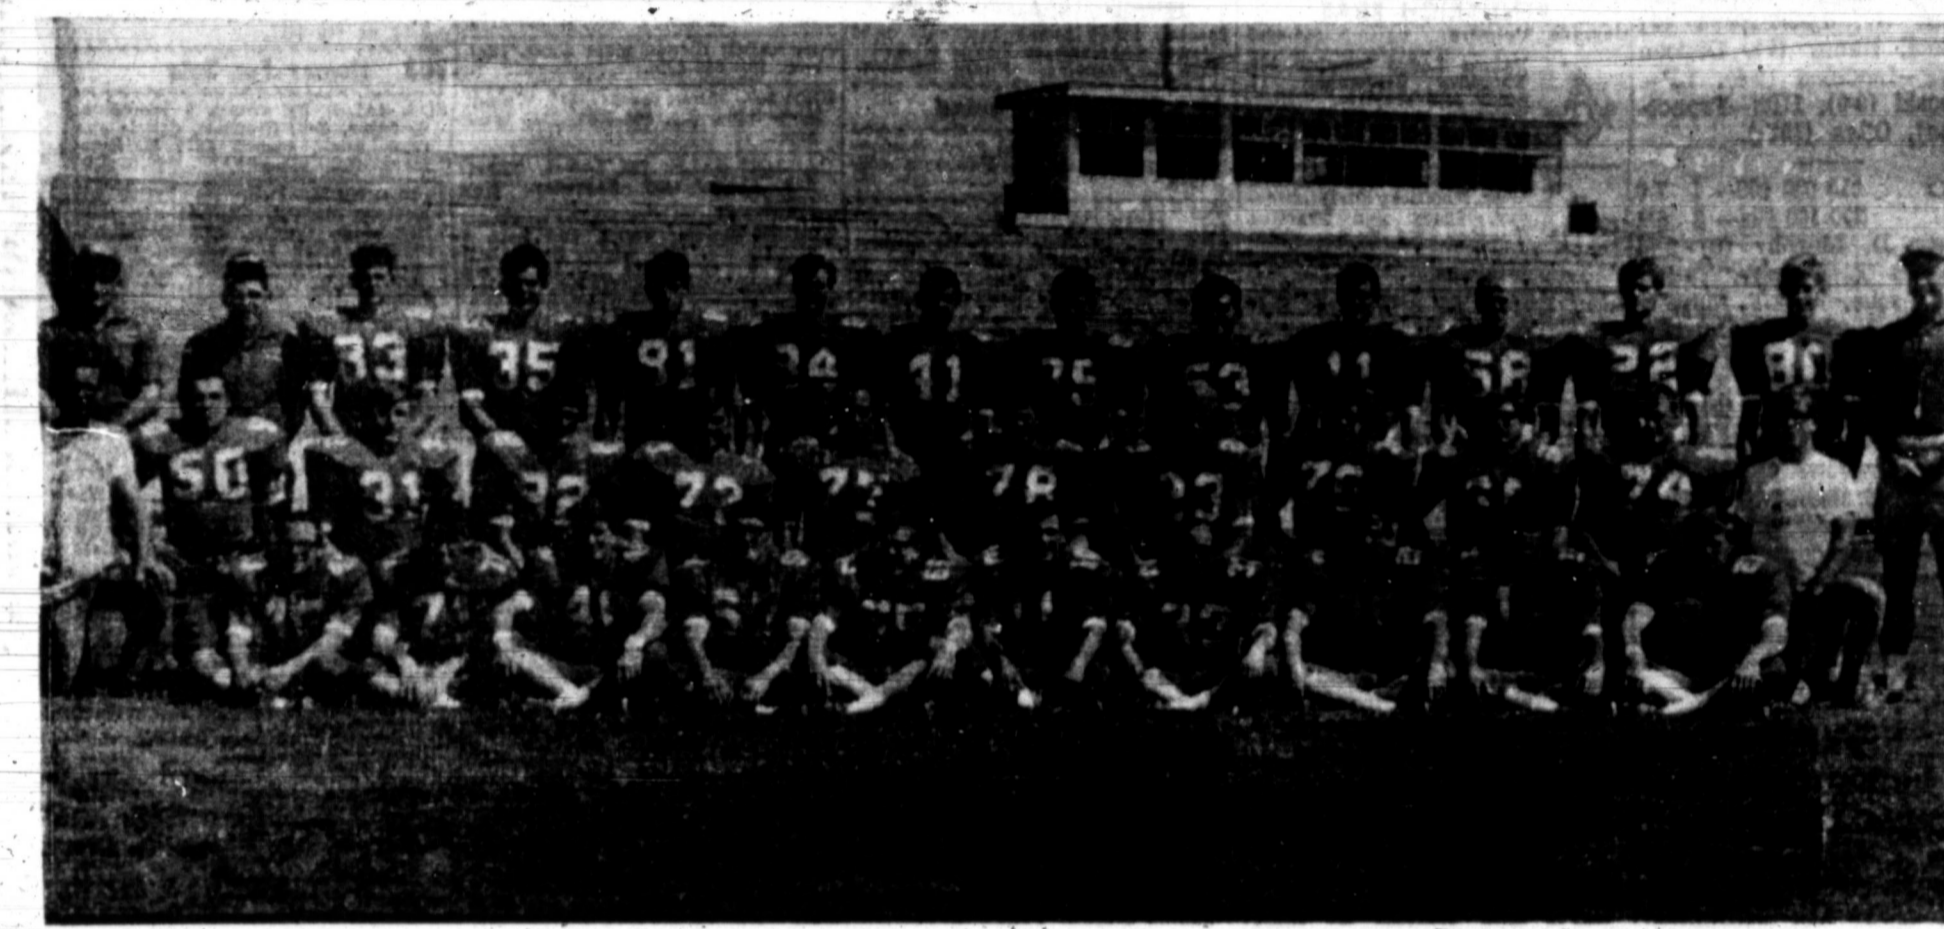

FIELDS Men's & Boys Wear

663-4231 III W. Kingsmill

GROOM IS being counted on as a strong contender for the District 5-B title in 1969. The Tiger squad, front row, from left — Jerry Britten; Danny Britten, David Clayton, Troy Ritter, Anthony Ledwig, Gregg Britten, Russell Pair, Jimmy West, Doug Hall, Brent Stephens, Barry Fields and Jet Major. Second row — Lonny Brown, Danny Blackwell, Larry Clark, Danny Ashford, Gary Pool, Randy Ritter, Larry

Britten, Kelvin Ollinger, Nolan Weiberg, Juan Lopez, Mark David Brown, Tony Britten, coach Jerry Homer. Back row — Coach Kenneth Friemel, Ronnie Fields, Dal Howerton, Jerry Crowell, Johnny Britten, Randy Garmor, Jim Burton, Daay Lovelace, Danny Babcock, Kenneth Britten, Terry Nepper, Jerry Ashford, Matt Britten, Mike Ollinger, coach Roger Arnold.

PERRYTON RANGERS are always a strong football team and this year will be no exception. Front row, from left — Manager Tom Cudd, Dean Throckmorton, Edward Halpaal, Del Henricks, Bobby Barnett, David Trew, Danny Shackelford, Gene Throckmorton, Jack Firestone, Denis Hargrove, Sandy Vandagriff. Second row — Gene Dougherty, David Flowers, Monty Wright, Tim Olmes, Sammy Cullham, Steve

Hendrickson, Tom Lofland, Alan Reasor, Gary Reasor, Craig Zoller, manager Bill Tregellas. Back row — Coach Larry Rundle, Jim Greenwood, David Graham, Howie Lewis, Terry Slaughter, Steve Elzey, David Lilly, Steve Gobin, Rockie Rylee, Danny McWhorter, Dwayne Armstrong, Phil Slack, Jerry Settles and coach Don Smith.

Rangers Face Rebuilding Year Or Do They?

PERRYTON Ranger coach Don Smith feels, and with good reason, that 1969 will be rebuilding year in Perryton since his club was almost wiped out after a 9-1 tri-championship last year.
He is forced to regroup with no offensive starters and only two defensive starters and a part-timer back to help him. Smith has only 10 lettermen this season and for Perryton that is a small number.
But Perryton's opponent's know the good job that Smith has done and know the fine athletic program that the Rangers have and nobody will hand him a crying towel.
The Rangers' strongest point appears in their backfield at quarterback where they have passing whizzes Danny Shackelford, a 165 pound senior and 150 pound junior Danny McWhorter.
Smith has not been able to decide which of the two will start and will probably alternate them in games.
At wingback Smith will have to count on 170 pound senior Sandy Vandagriff, who was on the junior varsity last season and 155 pound senior pound junior Phil Slack is expected to see duty and 185 Smith probably will go with junior Craig Zoller, a 185-pounder and senior Steve Hendrickson, a 200-pounder. Both played with the junior varsity last year.

Pampa, Area Football Teams Open On Friday

Pampa Harvesters, Pampa Shockers and other Pampa area schools open the 1969 football season Friday as do other state teams in this the 50th year of high school football in Texas.
Pampa plays host to Hereford in a non-conference contest at Harvester Stadium while the Shockers open a 12-game schedule at Perryton Saturday night.
Lee Junior High ninth graders open their season Saturday also against Pampa Junior High ninth at Harvester Stadium at 7:30 p.m. The Shocker-Perryton game is a 7:30 p.m. affair also.
All Pampa area schools open play Friday, all in non-conference action either at home or away.
Miami starts its third year in eight-man football by playing in Oklahoma, at Forgan and the Warriors have the stuff to start the season on a winning note.
District 1-A White Deer and Canadian open away from home with the Bucks at Silverton of 2-A and the Wildcats taking on 5-B favorite Booker.
McLean opens against probably the toughest team it will face this year in 2-AA Shamrock at McLean while Lefors plays host to 2-A favorite Wheeler.
Groom, the 5-B favorite plays host to class A Vega in its opening tilt Friday.
In District 3-4A Amarillo hosts Odessa, Perryton hosts Borger, Caprock is at Vernon, Midland Lee plays Lubbock High, Big Spring hosts Monterey, Plainview hosts Clovis, Tascosa is at Odessa Permian, all on Friday and Saturday Coronado hosts Wichita Falls and Palo Duro plays at Dumas.

From The Sidelines, 1954 Cotton Bowl Game Will Be Remembered

By Newspaper Enterprise Association
For a Cotton Bowl game, it was pretty blah. The New Year was 1954 and Rice, sparked by its All-American halfback Dick Moegle, was ripping Alabama apart.
And while Moegle rag, the Rice defense was blunting nearly every play the Crimson Tide ran. The partisan Texas crowd cheered wildly.
Down on the stadium floor, Alabama's halfback Tommy Lewis squirmed in frustration and made himself sit down. Moegle took the ball on his own five-yard line and raced up the sidelines toward the Crimson Tide goal line.
Lewis, who had been elected team captain for the game, watched in horror. When Moegle reached "Bama's 38 yard line—directly in front of Lewis—the Alabama back could no longer contain himself. He leaped from the sideline and tackled Moegle.
"It was an unfortunate thing for Tommy," said Alabama official, "but it certainly created a lot of publicity for the school. People don't remember we got beat badly in that game. They just remember Tommy Lewis."

Go ahead, sell your own home you riverboat gambler, you.
You might get lucky and save a buck or two.
A lot of folks have tried to sell their own homes and succeeded. A lot more have just tried.
"Most people realize that selling your own home can be a costly time consuming, even risky affair. And unless you're just naturally lucky, you need the help of a professional Realtor. He can save you a lot of time and headaches. For a lot of good reasons.
If you're thinking about selling your own home, maybe you should consider some of them.
What's Your Price?
The first thing a Realtor can do for you is recommend a fair and reasonable asking price.
Do it yourself and you will probably ask too much or too little. Either way, you lose.
And don't be fooled by the beliefs you know pretty well what your home is worth. Market demand, seasonality of sales, location and many other variables often alter your home's value.
A skilled Realtor knows all about these things. Most important, he knows people.
Don't talk to strangers
If you love talking to strange people at strange hours, by all means sell your home yourself. That "For Sale by Owner" sign in your front yard means you're fair game for everyone - even those passersby who "just kinda wanted to see" what the place looked like.
That sign may not get all the prospects you want, either. You may have to put up with a lot of phone calls at all hours.
A Realtor can solve these problems. First of all, he will screen the prospects. He'll know their needs, desires and financial situation. And he'll know who is seriously looking for a new home and who is just looking.
Best of all, he'll show your house only when it's convenient for you.
That beautiful art
Okay, tiger. You're selling your own home. You know the needs and desires of your prospective buyers. And you know what to say, how to present your home to convince them. Right?
Wrong.
Realtors are trained in the art of salesmanship. And believe us, it is an art. His study of sales techniques has shown him how to get the indecisive buyer to make up his mind, how to close the sale. In fact, he's gone to school to find out. After all, selling is what it's all about.
Formal negotiations.
What happens when a prospective buyer makes you an offer - one that's well below your asking price?
You're going to argue. And that's the worst thing you could do.
As a principal, you'll discover it's pretty hard to bargain with a buyer - to negotiate about such things as price, terms and possession. Misunderstandings may crop up. And those small disagreements can spoil a sale.
When a Realtor helps sell your home, he takes on the difficult task of negotiation. He's sort of a go-between and advisor. And he's objective. He'll tell you when the buyers is right. And he'll tell you when to stick to your guns.
He's usually a heck of a nice guy, too. He knows how to smooth over, or completely avoid, those sale-killing misunderstandings.
How to shop for money.
Many prospective buyers don't know much about financing - how or where to get a mortgage.
Sell your home yourself, and there's not much you can do to help him.
A Realtor knows just about all there is to know about financing. He works very closely with all kinds of financial institutions. He knows their methods and requirements.
Very simply, he can help your buyer find the money he needs to buy your house.
Red tape
Selling a house involves many details. Paperwork - title searches, finance arrangements. There are a hundred little things to be done.
Unless you have a mind like a computer, you'll need a Realtor to get everything done and keep it straight. He and your attorney will guide you through the tangle of details as painlessly and safely as possible.
Be it ever so humble
Crowded closets may make a home look lived in, but doesn't do much for a prospective buyer. Neither does a dripping faucet, unkempt lawn or loose doorknob.
There are dozens of little things you can do to make your house more saleable. A Realtor can show them to you. Some of them would never have occurred to you.
Showmanship is all it's cracked up to be.
In conclusion.
You may be wondering why Chicago Title Insurance Company cares about how you sell your home. After all, we're in the business of insuring titles, not real estate, not selling it. It's just that after serving title needs in 46 states and 6 Canadian provinces, we've come to know how important Realtors are and how much they can help you.
We wanted you to know, too.

Magnavox ANNOUNCES ANOTHER REVOLUTIONARY BREAKTHROUGH!

TOTAL AUTOMATIC COLOR TV

NOW... the first and only, fabulously convenient **TOTAL AUTOMATIC COLOR TV**... a new and exclusive **ELECTRONIC SYSTEM** which **COMBINES** all the functions of the three Magnavox innovations described below. If the Color TV brand you're considering **DOES NOT HAVE ALL THREE**, it is already obsolete; for only Magnavox TAC banishes annoying color variations and the need for bothersome picture adjustments or tuning! TAC—so simple a child can tune it perfectly!

Ernest Hawkins, manager of B&R Magnavox Center is shown demonstrating how easy it is to get perfect color with Magnavox's new Total Automatic Color. Come in and let Ernest show you the '70's... You'll find a large selection of styles and models.

ATC New AUTOMATIC TINT CONTROL

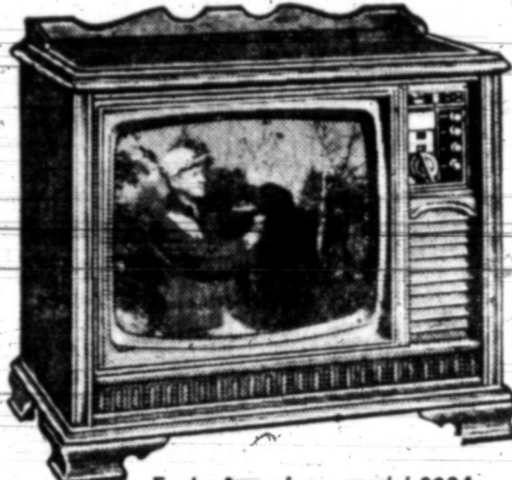

... eliminates green and purple faces. Magnavox ATC lets you select the flesh tone colors most pleasing to you and keeps them that way—in every picture, on every program, on any channel! Set it once and forget it!

Mediterranean model 6925

ACC New and Improved AUTOMATIC CHROMA CIRCUIT

... reduces variations in color intensity. Magnavox ACC assures uniform color intensity from station to station—no matter how often you change channels.

Early American model 6924

AFT Instant AUTOMATIC FINE TUNING

... eliminates the need for critical picture tuning. Invented by Magnavox in 1964, AFT keeps all station signals locked-in to give you a perfectly-tuned picture that is always precise—instantly and automatically—on every channel, every time!

TAC—plus these other advanced Magnavox features contribute to the unequalled enjoyment of owning today's finest Color TV: **New Brilliant MX500 Color Tube**—gives you vivid, natural color pictures which are clearer and sharper, for more life-like picture fidelity and realism. MX500 with huge 295 sq. in. screen—a combination of engineering advancements to bring you the ultimate in viewing pleasure. **Chromatone**—for thrilling depth and dimension. **Quick-On** pictures and sound eliminate annoying warm-up delay. **Bonded Circuitry** chassis sets a new standard of lasting reliability. **82 Channel Remote Control** for JHF/VHF is optional. All models shown on concealed swivel casters. Also in French or Italian Provincial styles.

Contemporary model 6922.
