### Alaska's Oil Rights Sell For \$900 Million

#### KOPECHNE AUTOPSY

#### Groundwork Readied On High Court Ruling

BOSTON (UPI)—The state attorney general's office is laying the legal groundwork for a Massachusetts Supreme Court hearing on the ground rules for an inquest into the death of Mary Jo Kopechne.

The office of Atty. Gen. Robert H. Quinn filed a formal reply in Supreme Court Wednesday to Sen. Edward M. Kennedy's suit charging his rights would be violated under the ground rules set down by District Court Judge James A. Boyle.

The reply, which Quinn's office filed on behalf of Boyle, included a transcript of the proceedings in Edgartown Dis-

#### Getty-Amerada Oil Firms Pay Highest Price

ANCHORAGE, Alaska (UPI)—The state of Alaska sold oil rights in a huge region of the frozen Arctic Wednesday in a dramatic financial battle which established two records—more than \$900 million in total sales and high bid of \$28.233 an acre.

The total price of \$900,228,920 surpassed a previous high for sale of oil rights, which netted about \$700 million in California.

A two-company combine, including the Getty Oil Co. owned by billionaire J. Paul Getty and Amerada Hess Corp., topped the acreage mark by paying \$72,277,133 for the 57th of the 179 parcels sold in the daylong sale.

The highest price ever paid before for oil rights was \$27,420 an acre for a plot of Louisiana tidelands.

Every major oil company in the United States was represented in the 1,067 bids submitted for oil rights to 450,858 acres of Alaska's fabulous North Slope. State officials said most of them were successful bidders on at least one parcel.

"This is Alaska's greatest day," Gov. Keith Miller told 700 persons, jammed into Sidney Laurence Auditorium for the opening of bids. Earlier he promised Alaska would use the money for "meaningful purposes," including tax relief for the state's 285,000 residents.

A few persons failed to share his enthusiasm.

Four pickets, who said they represented a group of 25 Eskimos outside with signs claiming the land belongs to its original Eskimo owners. An old car parked across the street was plastered with signs reading, "\$2,000,000,000 native land robbery."

Early bids ran so high officials estimated the total might exceed \$2 billion, but later parcels went for much lower amounts.

A firm called Champion Oil Co. of Alaska routinely bid \$1 for every parcel and finally bought one at that price — \$39 per acre.

### Israeli Reports Eight Egyptian Planes Down

By United Press International  
Egypt sent its air force into the Israeli-occupied Sinai desert today in retaliation against the big Israeli land, sea and air assault Tuesday against Egypt. An Israeli spokesman reported eight Egyptian planes were shot down.

Fighting also flared on the Israeli-Jordan front and an Israeli spokesman said Israeli planes struck Arab guerrilla positions in reprisal for guerrilla attacks against farm villages in the Beisan Valley near the Sea of Galilee.

Today's Israeli-Egyptian air battles were the largest in the Middle East since July when the Israelis battled Syrian and Egyptian planes over the Sinai and the Israeli-occupied Golan Heights of Syria. Tel Aviv reported seven Syrian MIG 21s shot down July 8 over the Golan Heights.

Egypt's air strike today was the first attack against Israeli Sinai positions since July 7 when Israel reported two Egyptian MIGs shot down and Israel reported one Israeli jet destroyed. Those battles followed a series of Egyptian commando raids across the Suez Canal.

The Egyptian command in Cairo said Egyptian fighters and fighter bombers hit Israeli forces and air defenses "deep in the southern and central Sinai" and that they were "in retaliation for the enemy's repeated aggressions on our guard outposts."

The Tuesday raid killed 100 to 150 Egyptians, Israel said three Israelis were killed.

The Egyptian spokesman said Israeli planes tried later in the day to raid Egyptian guard outposts in Zaffaran and Ras Shukeir on the Gulf of Suez but "our planes and anti-aircraft forces forced them to flee."

This is the area below Suez City where the Israeli combined operation struck Tuesday and where Israeli planes struck again Wednesday. The semi-official newspaper Al Ahram said in Cairo, this raid was planned with help of the U.S. Central Intelligence Agency. Moscow made similar charges.

Israel reported at least two air battles in which Israeli planes battled the Egyptian air force near the Suez Canal and said one of the Egyptian planes was shot down by anti-aircraft fire.

Israel also reported a clash Wednesday night with Arab saboteurs near the Damiya Bridge sector of the Jordan River 18 miles north of the Dead Sea. A Tel Aviv spokesman said four guerrillas were killed and the Israelis suffered no casualties.

The Egyptian raid was not unexpected. Diplomats in Cairo had predicted Egypt would mount aerial revenge strikes for the Israeli raid Tuesday (See PLANES, Page 2)

### Governor Smith Not Happy With Budget

AUSTIN, Tex. (UPI)—Texas legislators, who spent a regular session and two special sessions putting together a state budget and appropriation bill, did not do the job to suit Gov. Preston Smith.

Smith said Wednesday he will have to cut at least \$1.2 million from state appropriations because legislators overspent the amount of taxes they voted.

Smith said the record \$348 million tax bill approved by the legislators was not enough to finance the spending bill they voted and the creation of 27 district courts.

The governor added new courts to the legislators' agenda at a special session, but legislators already passed their tax and general spending bills.

"I just assumed they would stay within available revenue," Smith said. "It's an unusual situation."

"It's going to be necessary for me to cut enough money out of the (general) appropriations bill to finance the court bill," Smith said. He estimated cost of the new courts would be around \$1.2 million.

The governor said he spent two hours Wednesday with advisers and will work again today studying budgets of state agencies and colleges and universities to find appropriations that can be trimmed without "damaging the program."

"It's not going to be easy," Smith said. "Nobody wants to be line-item vetoed."

"I'm going to talk to the comptroller and see if he could revise his estimates of available revenue. But I understand that he's just about revised them out," Smith said.

Smith said Comptroller Robert S. Calvert will not be able to certify the Omnibus Courts bill unless the general appropriations bill is trimmed at least \$1.2 million.

"We feel like the courts are needed," the governor said. "I think they're way past due in some respects in the major metropolitan areas."

Because the courts are included in one bill, none can be authorized without the others.

Smith vetoed a similar bill earlier this year because he said it reached his desk too late after the close of the regular legislative session to be signed into law.

### School Trustees OK Employment Of Nine Teachers

By WANDA MAE HUFF, News Staff Writer  
Pampa School Trustees approved employment of nine faculty members and the resignation of one clerical employee during the regular trustee meeting today in Carver Educational Services Center.

The only Pampa High School teacher personnel change approved today was the employment of Weldon Walsler as industrial arts teacher. Walsler, a beginning teacher, has a BS degree from West Texas State University.

Mrs. Ruth Steger, RN, was employed as a school nurse to assist Mrs. Marjorie Penn, director of nursing services.

Elementary teachers employed were Mrs. Barbara Jean Graham, 6th grade and Mrs. Linda Sue Wall, 3rd grade, both at Stephen F. Austin Elementary School; Mrs. Betty Jean Haines, 5th grade, Baker Elementary School; Mrs. Jeanette Prickett, 6th at Baker; Mrs. Jane Henderson, grade level as not been designated yet but she has been assigned to Lamar; Mrs. Jo Johnson, Wilson Elementary School; Mrs. Myra Miller, Horace Mann Elementary School.

Other personnel recommendations approved were three secretaries and one receptionist at Carver Center; four clerical assistants three maintenance, and five cafeteria workers.

Trustees discussed an escrow agreement to finalize the sale of school lands on West Kentucky Street. The tract consists of 11.81 acres which a California firm, Chanco Medical and Electronics Industries has under consideration to purchase.

The board has indicated they would consider selling the property if an agreement can be finalized.

Trustees appointed Warren Hasse as delegate to the Texas Association of School Administrators and Texas School Board (See TRUSTEES, Page 2)

### Dr. Cooley Cuts Ties With Medical School

HOUSTON (UPI)—Dr. Denton A. Cooley, the only surgeon to implant an artificial heart into another human, severed his connections Wednesday from the physician who claimed he developed the man-made heart Cooley used.

Cooley resigned from the Baylor College of Medicine to work fulltime at the field of cardiac replacement," Dr. Michael DeBakey, Houston's other heart transplant surgeon, is the president of the college.

Cooley said he resigned from Baylor because the college would not permit him to continue his research activities into heart transplants and artificial hearts.

Dr. Harold Brown, chairman of the Baylor Human Research Committee, said his panel could not consider Cooley's proposal to control his own research unless it was approved by Cooley's department chairman.

He said Baylor regulations prohibit the committee from considering any proposals not approved by the chairman.

The chairman of the surgery department, DeBakey, would not approve Cooley's request so it never got to the research committee for consideration.

Cooley's new title is physician-in-chief of the Texas Heart Institute. He retained the title of chief of cardiovascular surgery at St. Luke's and Texas Children's Hospital. Cooley performed all of his transplant operations at St. Luke's.

Cooley said he submitted his resignation as a fulltime professor in the Baylor department of surgery earlier in the year, but the Baylor trustees wanted him to become a member of the voluntary faculty.

The trustees placed Cooley's name on the voluntary faculty in July, two months after he submitted his resignation. But the trustees told Cooley he must quit the Texas Heart Institute if he wanted a post on the voluntary faculty.

Cooley refused.

Cooley's feud with Dr. DeBakey began April 4 when Cooley implanted an artificial heart developed by Dr. Domingo Liotta, into Haskell Karp. Karp lived 63 hours with the artificial heart and then a human heart was transplanted into him. He died 31 hours after the second operation.

### Deck Officer Of Evans' Receives Reprimand, Delay

SUBIC BAY, Philippines (UPI)—The deck officer of the U.S. destroyer Frank E. Evans today received only an official reprimand and a delay in promotion for his role in the collision of his ship with the Australian carrier Melbourne.

Lt. (j.g.) Ronald C. Ramsey, 24, of Long Beach, Calif., and Phoenix, Ariz., could have been jailed for two years on the negligence and dereliction of duty charges, to which he pleaded guilty earlier in the day.

Ramsey was the senior officer on the Evans' bridge during the pre-dawn collision June 3 in the South China Sea in which 74 American sailors were killed.

In addition to receiving a reprimand, Ramsey lost 1,000 promotional numbers, meaning he was set back behind 1,000 other officers on the Navy promotional roles.

A Navy spokesman said this might delay Ramsey's next promotion by two years.

Before the sentencing Ramsey received praise in testimony from the executive officer of the Evans, Lt. Cmdr. George L. McMichael, 34, of Fountain Valley, Calif.

### Religious Leaders Ashamed

BELFAST, Northern Ireland (UPI)—A sullen and silent crowd of Protestants and Roman Catholics watched today as an ugly monument to sectarian bitterness slowly rose in the heart of Belfast under the supervision of British army engineers.

Both Protestant and Catholic clergymen admitted they viewed the scene with a sense of shame—the construction of a barbed wire peace line dividing the two communities, a barricade described by some as the "Belfast Wall."

The British, using bulldozers, pneumatic drills and sledge hammers, were working from both ends of the troubled area toward the center, a distance of about one and a half miles. At the center, Catholic militants sounding a warning that they would resist the old barricades coming down.

Both sides threw up protective barricades at height of the Catholic-Protestant rioting.

"It makes one feel ashamed," the Rev. Charles Porter, a Protestant clergyman said. "Barbed wire fences to keep Christians apart," he added.

On the other side, his sentiments found an echo in the Rev. Peter Boyle, a Roman Catholic priest.

### Project Rulison Detonated After Weather Delays

GRAND VALLEY, Colo. (UPI)—Darrell Seamenns, 85, sat with his 92-year-old wife near the shattered mirror and torn lampshade in his mountain cabin.

The giant nuclear explosion also had torn bricks from the chimney of the cabin.

"We don't like it," Seamenns said, shaking his head. "It doesn't do us a bit of good. But we're not going to make a big fuss about the damage."

The postmaster of Grand Valley, Carroll E. Byerrum, was six miles from the blast site. He saw the concussion knock bricks off the facing of the 50-year-old Courthouse.

Project Rulison had finally been detonated Wednesday after several weather delays.

Explosion of the bomb, 15 feet long and 9 inches in diameter, buried 8,442 feet beneath the shale and sandstone of the Rocky Mountains, interrupted telephone service, knocked rocks and chunks of the mountainside off high mesa and blew great clouds of dust into the clear Colorado air.

Scientists and the Atomic Energy Commission also hoped the blast freed \$1.2 billion in natural gas to be tapped for commercial purposes. They won't know for sure, however, until the cavern shaft is opened in six months. It will take that long, officials said, for underground radiation to dissipate.

The blast came off without a hitch. (See PROJECT, Page 2)

### Mrs. Pike To Talk With Dead Husband

SAN JOSE, Calif. (UPI)—Diane Pike, the widow of former Episcopal Bishop James A. Pike, says her dead husband will continue to communicate to her "because we are not separated by death."

She told newsmen Wednesday any further communication between her and her husband will come directly, and not through a medium.

Mrs. Pike spoke at St. Francis Episcopal Church where the couple was married in December

### President's Jet Takes Dirksen's Body Home

WASHINGTON (UPI)—Sen. Everett M. Dirksen returns for burial today to the quiet prairie town which sent him to Congress and a career of colorful national leadership 35 years ago.

President Nixon designated his presidential jet to carry Dirksen's body to Peoria, Ill., where a motor procession was planned for the half-hour ride to Pekin, Dirksen's home town.

A family spokesman said Dirksen's widow Louella was traveling with the casket. Also listed aboard the presidential plane was the Dirksens' daughter, Joy; her husband Sen. Howard H. Baker Jr., R-Tenn.; the Baker children, Darek, 16, and Cynthia, 13; Dirksen's twin brother, Tom, a retired Pekin baker; Sen. Charles H. Percy, R-Ill.; several close friends of

### Pampans Still Looking For Sun

Pampans were hopefully casting their eyes skyward today hoping to catch at least a glimpse of a two-and-one-half hour eclipse of the sun, when the moon passes between Earth and Sun.

With the heavy overcast and drizzling rain that fell throughout most of the morning, chances were dim, indeed.

For the fourth consecutive morning, Pampans drove to work through fog and drizzle joining the rest of the state's early morning risers in gloomy darkness.

The U.S. Weather Bureau said first contact with the eclipse would be at 1:35 p.m. The midpoint would be at 2:50 p.m. today and the eclipse would end at 4:05 p.m.

Rain, drizzle and fog has brought autumn-like temperatures to the Top O' Texas.

The mercury stalled in the 60s and 70s throughout most of North Texas under the thick band of clouds that produced the dismal showers and drizzle.

Rain that reminded one man of a "New York smog" smothered much of the area.

The sheriff's department at Menard reported more than three and one-half inches of rain Wednesday, but said there was no flooding or damage.

Elsewhere, rain amounts varied from a trace to almost two and one-half inches.

Texans had a rare opportunity today to watch a two-and-one-half hour eclipse of the sun. (See PAMPANS, Page 2)

## Another 'Shot To The Moon' Under Way

One more "Shot to the Moon" got under way this morning in Pampa, as the Government or Public Employees Division of the 1969 United Good Neighbor Campaign "Blasted off."

This "Spaceship" Division is under the "Command" of City Manager Charles Hill and has a campaign goal of \$2500. Assistant Drive Chairman Jerry Sims led off this morning meeting with a review of the merits of "Fair Share Giving," and explained that this meant one hour's pay per month for everyone which can be paid on an annual, semi-annual or quarterly basis, bank draft or payroll deduction. Sims also explained that contributions to the United Good Neighbor Campaign actually go to nine member agencies including four who maintain major offices right here in Pampa.

The agencies in this years United Fund are Salvation Army, Red Cross, Boy Scouts, Girl Scouts, Milk Fund, USO, State employees are being led by Jerry Raines who has the help of John Rogers and Mildred Wilks.

Federal Employees will be contacted by solicitors working with Raymond McPhillips of the Post Office and Howard Weatherly of the Social Security office. This team is commanded by Evelyn Mason.

County Judge Sherman Lenning is the "astronaut" in charge of county employees. This divisions' first report meeting will be held Thursday morning, September 25 at ten, then every Tuesday and Thursday thereafter "till the job is complete and the "Spaceship" splashed down successfully.

## Open House Is Slated In New Highway Building

Pampa's participation in the observance of Highway Week in Texas will be highlighted at an open house program Thursday, Sept. 25, in the new highway maintenance building just completed east of the city.

Fred Thompson, chairman of the Chamber of Commerce Highway Committee, said details of the program are being worked out with Tom Kelly, resident engineer of the Texas Highway Department, and Gordon Taylor, supervisor of maintenance at the Pampa office.

The open house program will be held between 9:30 and 11:30 a.m. at the new structure and the adjacent engineers' construction offices.

Thompson said District Engineer Charles W. Smith and other district officials from Amarillo will attend the open house session.

A tour of the buildings is scheduled and refreshments will be served to visitors. Thompson said the program will be open to the public.

He added that Pampa is joining in a statewide observance of Highway Week, proclaimed by Gov. Preston Smith for the period of Sept. 21-27.

## Barrage Of Shelling Ends Viet Cease Fire

SAIGON (UPI)—The Viet Cong and North Vietnamese ended their three-day cease-fire with a barrage of shelling attacks against 31 Allied targets. U.S. military spokesmen said today.

American commanders responded to the sharply intensified shelling by ordering B52 bombing raids over South Vietnam for the first time since Sunday. The planes dropped 180 tons of bombs on hideouts southwest of Da Nang.

Five Americans were killed and 12 wounded in two battles near Saigon, spokesmen said. One of the clashes occurred about four hours before the cease-fire ended and the other an hour after it was over.

The standdown from 1 a.m. Monday until 1 a.m. today (1 p.m. EDT Wednesday), was called to mark the death last week of President Ho Chi Minh of North Vietnam.

The United States suspended B52 raids during the cease-fire and American troops took up defensive positions. South Vietnamese forces maintained their normal offensive activities, according to communiques.

Spokesmen said most of the overnight shelling came after 1 a.m. in the 11 provinces surrounding the capital. They said 12 shelling caused damage or casualties and eight of these were against U.S. installations.

The U.S. Command said a patrol from the U.S. 1st

## Infantry Division Lost Three Killed and Six Wounded Wednesday Night

Infantry Division lost three killed and six wounded Wednesday night when it clashed with Communist troops 14 miles northwest of Saigon. One Communist was killed and another captured.

The U.S. Command also disclosed two American field grade officers were shot to death Monday by a South Vietnamese army soldier in an army compound southwest of Saigon. The South Vietnamese, who was serving as a guard at the compound, then shot himself to death, spokesman said.

The victims were identified as Lt. Col. Eugene F. Smallwood, 42, of Fairfax, Va., senior American adviser to the South Vietnamese army's 50th Regiment, and Maj. Anthony J. Proulx, 32, of Jackson Heights, N.Y., senior adviser to the regiment's 4th Battalion.

**Bickering Delays Paris Peace Talks**  
PARIS (UPI)—Bickering reminiscent of the debate over the shape of the conference table postponed today's session of the Vietnam talks until Saturday and left both sides with grounds for claiming victory.

U.S. and South Vietnamese negotiators Wednesday rejected a Viet Cong request the 33rd session be delayed until Friday so the Communists would have another day to mourn Ho Chi Minh.

The Allies said Friday was not convenient for the South Vietnamese delegation and proposed meeting Saturday instead. The Communists accepted, getting their extra mourning but at the same time yielding to the Allied proposal.

It took four hours for the U.S. and South Vietnamese delegations to announce their disapproval following the Viet Cong postponement request. They did not explain why Friday was inconvenient to Saigon.

The wrangle recalled the three-month procedural dispute that delayed the start of the full talks for lack of agreement on the shape of the conference table.

Already the 33rd session had been postponed one week, at Viet Cong and North Vietnamese request so the top Communist delegates could journey to Hanoi for the funeral of Ho, whose death was announced Sept. 3.

The latest episode Wednesday offered little hope for progress when the delegates gathered in the former Hotel Majestic Saturday. It will be the first Saturday meeting since the four-party talks began Jan. 18.

## Albuquerque Hippy Claims To Be Reincarnation Of Ulysses Grant

ALBUQUERQUE, N. M. (UPI)—Outside the main building of the hippie commune an American flag wispily gnawed on its pole. Another American flag flies on the grounds amid the corn, squash, beans, pears, apples, nectarines and apricots.

"I love my country," says Ulysses S. Grant.

Grant, who claims to be the reincarnation of the President and Civil War general, is the "sheriff" of this commune. The main building is the "court house."

Grant says his colony of 25 hippies in the foothills of the Sandia Mountains do not claim ownership to the land and anyone who thinks they do own it "is being bamboozled."

Al Eriley, a rancher and operator of an Albuquerque pharmacy, does claim to have a lease on the land. And he wants the hippies out.

He gave them until noon Wednesday to clear off his land and said he would now go to court to have them evicted. Sheriff Emiliano Montoya served eviction papers on the hippies. The sheriff said he went along to "ensure law and order" when the papers were served.

"They have no right to be there," Eriley said. "It doesn't bother me to serve them in my pharmacy, but when they are on my property, that is something else."

"We have an omen from God that we should stay," said the hippies.

Rulison originally was set for last Thursday but adverse wind conditions postponed the daily reschedulings.

## Prime Suspect In Murder Case Eludes Officials

A prime suspect wanted for questioning in the rape-murder of Mrs. Edith M. Beighle, 69, Skellytown, Sunday, has apparently eluded Panhandle law officers.

The man, who has a lengthy police record, had volunteered to take a lie detector test Friday but didn't show up for work Wednesday and a search by Carson County officers failed to locate him.

Carson County Sheriff John Nunn said the 28-year-old man is a prime suspect in the slaying. Nunn said he felt the man might have gone to Oklahoma and law enforcement officials of that state are looking for him.

"There is no warrant out for him because we have nothing to hold him on. We just want a question him some more," Nunn said.

## Jaycees Hear Coach Lee Tell Of Football Season

"We have a good team this year, and we're going to play better this year than last," said Coach Robert E. "Swede" Lee, at the weekly luncheon of the Pampa Jaycees held in the Methodist Church Tuesday.

The coach told the club of the good prospects for the coming football season and said the Harvesters were in great shape.

Duane Nokes and Buzz Shelton received Jaycee of the Month awards for their outstanding service during the month of July.

A report was given on the "Space Prayer" project by Gene Schneider chairman. Schneider told the club approximately 2,000 letters had been received, and about 6,000 were in the hands of Pampa citizens. A deadline for the project is Oct. 15.

**Accidents Continue To Plague City**  
Minor accidents continued to plague Pampa police and motorists with a total of four Wednesday bringing the total to ten in the past two days.

None was injured in the four accidents Wednesday, the same as Tuesday, and all four occurred between 3:50 p.m. and 10:30 p.m. Property damage in the accidents was estimated at \$615 and for the two days stands at \$2,640.

# Cooks Who Waste Not, Pay Less For Food

Often cooks throw out food which is equivalent in value to the increase of price they complain about.

In the recipe below for fried chicken, corn oil is used. Here are suggestions for saving it for another use at another time. Use the same technique for saving and reusing oil after frying chicken croquettes.

French fries or doughnuts. After frying, let the corn oil cool, then strain it through a strainer or funnel lined with two thicknesses of cheese cloth into a clean, dry wide-mouth jar.

Cover the oil and store in refrigerator for reuse in frying. Add some fresh corn oil each time the oil is used again.

Bacon fat, duck and goose

drippings, chicken fat, beef and pork drippings are worth saving for use in cooking. Label and jar each fat separately and refrigerate. Use in a short time.

Remove duck and goose fat and beef and pork drippings as they accumulate in the pan. A bulb baster is handy for this. Don't wait until the poultry or meat is cooked, because the

drippings will be browned overcooked and undesirable for reuse.

## FRIED CHICKEN WITH CREAM GRAVY

- 1/2 cup flour
- 1 teaspoon salt
- 1/2 teaspoon pepper
- 1/2 teaspoon paprika
- 1 (2 1/2 to 3 1/2-pound) fryer cut up
- Corn oil
- 1 tablespoon corn starch
- 1 1/2 cups milk

Combine flour, salt, pepper and paprika. Lightly coat chicken with mixture. In large, heavy skillet, heat 1/4-inch corn oil. Add chicken; fry over medium heat, turning frequently, until chicken is tender and well browned, about 30 minutes. (If chicken is not tender, cover and cook over low heat until tender.)

Pour drippings from skillet into cup. Measure two tablespoons of drippings back into skillet. Blend in corn starch. Place over low heat or 200 degrees in electric skillet. Gradually stir in milk. Stirring constantly, bring to boil and boil one minute. Serve with chicken. Four servings.

## Raw Mushrooms Perk Up Salads

Raw mushrooms are interesting and not fattening. They are as low in calories as are lettuce, cucumbers, tomatoes or scallions. But most important, they add a delightful fresh appeal to salads.

## FRESH RELISH STUFFED MUSHROOM

- 1/2 pound medium-sized fresh mushrooms
- 6 cherry tomatoes diced
- 2 tablespoons finely chopped celery
- 2 tablespoons finely chopped cucumber
- 1 tablespoon finely chopped radishes
- 1 tablespoon finely chopped green pepper
- 1 tablespoon finely chopped onion
- 2 tablespoons bottled garlic salad dressing
- 1/4 teaspoon instant garlic powder

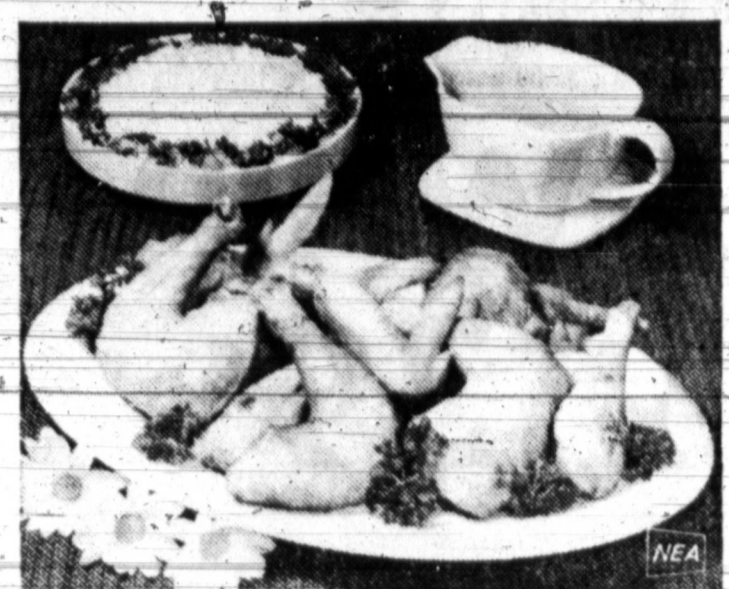

Remove stems from mushrooms. Save for later use in sauces and gravies. Wipe mushroom caps clean with damp towel. Combine remaining ingredients in a small bowl. Mix well. Spoon mixture into mushroom caps. Chill until ready to serve. Serve as an hors d'oeuvre or salad.

YIELD: Approximately 18.

## Super Oat Burgers Save Food Dollars

Trying to save a little money from your food budget? Then enjoy this oatburger recipe.

### SUPER OAT BURGERS

- 1 1/2 pounds ground beef
  - 1 cup rolled oats
  - 3/4 cup tomato juice
  - one-third cup finely chopped onion
  - 1 egg, beaten
  - 1 tablespoon Worcestershire sauce
  - 2 teaspoons salt
  - 1/4 teaspoon pepper
  - 4 slices American cheese
  - 4 large onion slices
  - 1 tablespoon butter
  - 1 small tomato
  - 4 pickle slices
- Combine first 8 ingredients; mix well. Shape into 4 large burgers (4 1/2 inches diameter).

Broil, about 4 inches from heat source, 8 minutes; turn. Place onion slices spread with butter or margarine on pan in broiler. Broil onion slices until lightly browned and continue broiling patties to desired degree of doneness. Place a cheese and an onion slice on each burger. Broil just until cheese softens. Cut tomato into 4 chunks and thread a chunk of tomato and pickle slice onto four picks; plunge each into top of a burger; serve.

### Lunch Sandwich

Spread 1 slice sandwich bread with cream cheese, sprinkle with chopped toasted almonds and sliced Spanish olives; add sliced ham and top with buttered bread slice.

## Nectarines Crown Salad For Luncheon Menu Idea

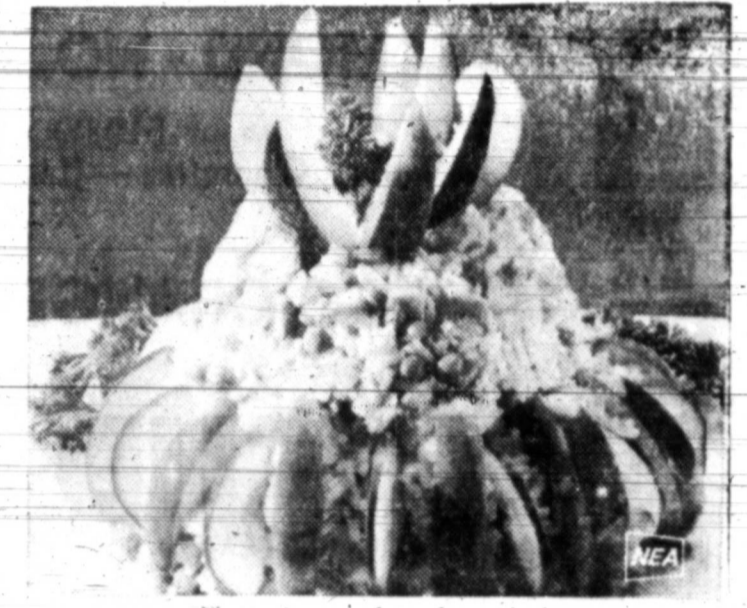

There are still a few of those beautiful and delicious nectarines around. Pick up a few and make this salad. Perfect for the bridge luncheon.

### NECTARINE CROWN SALAD

- 2 to 4 fresh nectarines
- 1/2 cup bottled red spicy sweet French dressing
- Salt
- 1 cup rice
- Boiling water
- 1-cup frozen peas
- 1/4 cup mayonnaise
- 1/4 cup chopped green onion
- 1 teaspoon prepared mustard
- 1 teaspoon curry powder
- 1 can (12-oz.) luncheon meat or ham, cubed
- 1/2 cup thinly sliced or chopped radishes

water in saucepan, cover and cook over low heat 20 to 25 minutes. Chill. Cook peas in a little boiling, salted water just until tender; drain and chill.

Combine mayonnaise, onion, mustard, curry powder and 1/2-teaspoon salt; fold in rice, peas, the meat and radishes. Chill. Mound or pack into 6-cup tall mold, then unmold onto serving platter. Slice about three-quarters of cucumber and cut remainder into wedges. Remove nectarine slices from dressing and arrange with cucumber slices around base of salad. Stand some nectarines and cucumber wedges on top as a crown. Pass dressing-marinade alongside. Makes 6 to 8 servings.

Nectarine perfect for salad.

## Dear Abby

By Abigail Van Buren

**DEAR ABBY:** My husband (I'll call him George) has reached 50—the dangerous age. About every five or six weeks George goes to St. Louis on business. I have a 29-year-old nephew living there. Bill flies with an air line and last winter he married a cute little stewardess I'll call Nancy. We'd never met her. Bill sent pictures.

A few months ago George went to St. Louis and called Bill to say hello. Bill was out of town, but Nancy was home, so my husband invited her to his hotel where they became acquainted over cocktails and supper.

Well George came home and all he could talk about was how "terrific" Nancy was.

The next time George went to St. Louis he called Bill and Nancy. Again Bill was out of town, but this time Nancy invited him to stay in the guest room of their new home. He did, and when he told me about it afterwards I blew my top.

I say it is improper for my husband to stay there unless Bill is home. I don't mind if he takes Nancy to dinner if he wants to entertain her, but he should sleep at his own hotel where the accommodations are paid for by his company. George says there is nothing improper about staying at the home of a nephew whether the nephew is home or not. What do you say?

**GEORGE'S ANGRY WIFE DEAR WIFE:** I say that the "propriety" of this situation is the least important aspect of it. The problem is that you feel that your husband might be taking more than an "uncle-like" interest in Nancy. Maybe you're right. But you could be wrong. In any case, since there has been so much fireworks about it, I think George should stay at his motel.

**DEAR ABBY:** A group of us were having a serious discussion about the "new morality" and someone said the double standard no longer exists, that what's good for the goose is good for the gander. What is your opinion?

**CHARLOTTE DEAR A CHARLOTTE: GOOSEFEATHERS!**

**DEAR ABBY:** Last month when I bought shoes for my three small children each child was handed his shoes in a plastic drawstring bag by the salesperson.

As soon as we got home, each child put the plastic bag over his head and played "robot!"

I immediately telephoned the store manager and told him to quit handing out those plastic bags to children as they were

regular death traps. He said, "Thank you, Ma'am."

Well, today I had occasion to go into that store again to buy slippers for my children, and again they were handed those plastic bags! Now what should I do?

**DISGUSTED MOTHER DEAR MOTHER:** If there is a Safety Council in your town,

report it to them. If not, make sure the plastic bags are punctured sufficiently for your children to breathe should they disobey your orders and put the bags over their heads.

**DEAR ABBY:** This is to HAPPY IN MISSOURI whose husband didn't believe in bathing regularly:

I had the same kind of husband, until suddenly every night was bath night. He also had to have a clean shirt every day, which I did up for him myself.

I thought it was wonderful until I found out what brought about the change. Another WOMAN. (He met her on his route.)

It took me nearly a year to catch on. Well, that finally petered out, and now he is back to his once-a-week bath and I am happier.

Give me a once-a-week bath man any time as long as he's faithful.

**ON THE ALERT DEAR ON:** How about a once-a-day bath man who is also faithful?

### Families Attend

#### Reunion In Park

**WHITE DEER (SPL)—**A reunion was held in Thompson Park, Amarillo, for the families of John Urbanczyk Felix Urbanczyk and Ben Urbanczyk.

While adults visited, the children toured the zoo and the junior groups played volleyball. Pictures were taken of the groups.

Attending were the John Urbanczyk families from White Deer, Pampa and Groom; Felix Urbanczyk families from White Deer and Hereford, and the Ben Urbanczyk families from White Deer, Canyon and Panhandle. White Deer families were the George Rohans, H. L. Beddingfields and Benny Urbanczyks.

### Your Horoscope

## JEANE DIXON

#### FRIDAY, SEPT. 12

**Your birthday Friday:** After a rough start containing various unfamiliar people and situations, the year levels out after a month or two into a challenging, upward way of life. Friday's natives usually are practical in all their endeavors. Many of them have had distinguished careers in music.

**ARIES (March 21-April 19):** Your new methods find no market Friday. Instead, use your talents to unscramble confusion caused by well-meaning friends and fellow workers. Your loved ones are moody at the moment.

**TAURUS (April 20-May 20):** The unexpected occurs. Travel arrangements are apt to be upset. Calmly work through the day's kaleidoscope of changes, a little at a time, staying with routine where you can.

**GEMINI (May 21-June 20):** Your unfruffled determination makes the difference between a passing squabble and a longtime feud. Remember that both quarrels and cooperation take at least two.

**CANCER (June 21-July 22):** If you must be unorthodox, be subtle. You may receive as well as offer surprises—strive for moderation in both what you project and what you do in reaction to abrupt demands or excitement.

**LEO (July 23-Aug. 22):** Make up your mind not to lend any money Friday, whatever the request. Aside from this, it's an interesting day with some excitement in both your work and social contacts.

**VIRGO (Aug. 23-Sept. 22):** What you do now determines the

future. Idealistic approaches pressed with energy and originality may actually be the most practical course over the long run.

**LIBRA (Sept. 23-Oct. 22):** Promises, rumors of major changes fly about. Believe none until you have proof in hand. This is an excellent day for medical check-ups.

**SCORPIO (Oct. 23-Nov. 21):** The temptation is to move abruptly and harshly in response to provocations. A second look, and you will find more effective answers to support your long-range plans. Your money has wings for flying!

**SAGITTARIUS (Nov. 22-Dec. 21):** There is more beneath the surface than in public view. Pay attention to what you can see, then estimate the rest. Sacrifice your spare time, just to stay ahead. Concentrate on the side issues.

**CAPRICORN (Dec. 22-Jan. 19):** There is not much you can push Friday. Let the world come to you. Honor your debts if you can, or make new arrangements.

**AQUARIUS (Jan. 20-Feb. 18):** You have to know your own mind and adhere to your own previous plans. Disagreement is apt to develop on any pretext, especially over the meaning of news from distant places.

**PISCES (Feb. 19-March 20):** The intuition of last night is to be followed up earnestly early today. Find some time to meditate before the fairly interesting evening promised.

# Teachers! Administrators Type Parents By Shoes

By PATRICIA McCORMACK NEW YORK (UPI)—Watch your feet next time you're on the school scene.

Teachers and principals will be peering at them—with an eye to figuring what your footwear tells about your attitude toward education.

By what they see, the teachers will label you—from a "flat-footed harumph" to "the angry smolder" with things like "itching foot" and the "shake-a-leg" in between.

For this information we are indebted to the National Education Association. Among footwear okayed by the NEA is the type done by good skates.

Such parents do all the angelic things: Serve on school study committees, work for PTA, help on field trips, ring doorbells for school causes.

Less laudable things result from footwear by the other types. To wit, as the NEA sees it:

**The Flat-Footed Harumph** puts his foot down about

money. He thinks education costs too much.

**The Backward-Looking Standpat** figures what was good enough for her ought to be just dandy for the kids. Change is a dirty word.

**The Shake-A-Leg** pouts that schools change too slowly. She grows enthusiastic over every new fad.

**Little old ladies** in tennis shoes see communistic plots in books, school plays, sex education courses. Sometimes they're found in the school library, linking out offensive words in books.

**The Implacable Stomp** puts

his foot down most of the time just for the sake of putting it down. Makes no difference to him if the complaint's about too much or too little homework.

**The Angry Smolder** figures schools want no part of parents. As a result, this type pokes his nose into the school every chance he gets. Parents, as every 'Smolder' knows, are to be seen and heard on the schoolfront.

**The Itching-Foot** type got that way itching to step on

school kids who don't meet his standards of dress or manners.

He nixes beards, miniskirts, levis, long hair. And he knows darn well that students who don't look worried on the way to and from school have teachers who are too easy.

There's another type the educators aren't quite up to studying. This is the Apathetic Drowse—a type seldom seen near schools.

The Drowse comes in male and female form. Each Drowse is filled with good intentions to get involved in school.

Somehow they never get around to it.

## Dear Abby

By Abigail Van Buren

**DEAR ABBY:** My husband (I'll call him George) has reached 50—the dangerous age. About every five or six weeks George goes to St. Louis on business. I have a 29-year-old nephew living there. Bill flies with an air line and last winter he married a cute little stewardess I'll call Nancy. We'd never met her. Bill sent pictures.

A few months ago George went to St. Louis and called Bill to say hello. Bill was out of town, but Nancy was home, so my husband invited her to his hotel where they became acquainted over cocktails and supper.

Well George came home and all he could talk about was how "terrific" Nancy was.

The next time George went to St. Louis he called Bill and Nancy. Again Bill was out of town, but this time Nancy invited him to stay in the guest room of their new home. He did, and when he told me about it afterwards I blew my top.

I say it is improper for my husband to stay there unless Bill is home. I don't mind if he takes Nancy to dinner if he wants to entertain her, but he should sleep at his own motel where the accommodations are paid for by his company. George says there is nothing improper about staying at the home of a nephew whether the nephew is home or not. What do you say?

**GEORGE'S ANGRY WIFE:** **DEAR WIFE:** I say that the "propriety" of this situation is the least important aspect of it. The problem is that you feel that your husband might be taking more than an "uncle-like" interest in Nancy. Maybe you're right. But you could be wrong. In any case, since there has been so much fireworks about it, I think George should stay at his motel.

**DEAR ABBY:** A group of us were having a serious discussion about the "new morality," and someone said the double standard no longer exists, that what's good for the goose is good for the gander. What is your opinion?

**CHARLOTTE:** **DEAR A CHARLOTTE:** **GOOSEFEATHERS!**

**DEAR ABBY:** Last month when I bought shoes for my three small children each child was handed his shoes in a plastic drawing bag by the salesperson.

As soon as we got home, each child put the plastic bag over his head and played "robot!"

I immediately telephoned the store manager and told him to quit handing out those plastic bags to children as they were

regular death traps. He said, "Thank you, Ma'am." Well, today I had occasion to go into that store again to buy slippers for my children, and again they were handed those plastic bags! Now what should I do?

**DISGUSTED MOTHER:** **DEAR MOTHER:** If there is a Safety Council in your town, report it to them. If not, make sure the plastic bags are punctured sufficiently for your children to breathe should they disobey your orders and put the bags over their heads.

**DEAR ABBY:** This is to **HAPPY IN MISSOURI** whose husband didn't believe in bathing regularly: I had the same kind of husband, until suddenly every night was bath night. He also had to have a clean shirt every day, which I did up for him myself.

I thought it was wonderful, until I found out what brought about the change. Another **WOMAN.** (He met her on his route.)

It took me nearly a year to catch on. Well, that finally petered out, and now he is back to his once-a-week bath and I am happier.

Give me a once-a-week bath man any time as long as he's faithful.

**ON THE ALERT:** **DEAR ON:** How about a once-a-day bath man who is also faithful?

### Families Attend Reunion In Park

**WHITE DEER (SPL)—**A reunion was held in Thompson Park, Amarillo, for the families of John Urbanczyk, Felix Urbanczyk and Ben Urbanczyk.

While adults visited, the children toured the zoo and the junior groups played volleyball. Pictures were taken of the groups.

Attending were the John Urbanczyk families from White Deer, Pampa and Groom; Felix Urbanczyk families from White Deer and Hereford, and the Ben Urbanczyk families from White Deer, Canyon and Panhandle. White Deer families were the George Rohans, H. L. Beddingfields and Benny Urbanczyks.

To remove needle marks from velvet, place a cloth dampened with vinegar over the wrong side of the material. Draw across the surface of a heated iron.

## Your Horoscope

# JEANE DIXON

FRIDAY, SEPT. 12

**Your birthday Friday:** After a rough start containing various unfamiliar people and situations, the year levels out after a month or two into a challenging, upward way of life. Friday's natives usually are practical in all their endeavors.

Many of them have had distinguished careers in music.

**ARIES (March 21-April 19):** Your new methods find no market Friday. Instead, use your talents to unscramble confusion caused by well-meaning friends and fellow workers. Your loved ones are moody at the moment.

**TAURUS (April 20-May 20):** The unexpected occurs. Travel arrangements are apt to be upset. Calmly work through the day's kaleidoscope of changes, a little at a time, staying with routine where you can.

**GEMINI (May 21-June 20):** Your unruffled determination makes the difference between a passing squabble and a longtime feud. Remember that both quarrels and cooperation take at least two.

**CANCER (June 21-July 22):** If you must be unorthodox, be subtle. You may receive as well as offer surprises—strive for moderation in both what you project and what you do in reaction to abrupt demands or excitement.

**LEO (July 23-Aug. 22):** Make up your mind not to lend any money Friday, whatever the request. Aside from this, it's an interesting day with some excitement in both your work and social contacts.

**VIRGO (Aug. 23-Sept. 22):** What you do now determines the future. Idealistic approaches pressed with energy and originality may actually be the most practical course over the long run.

**LIBRA (Sept. 23-Oct. 22):** Promises, rumors of major changes fly about. Believe none until you have proof in hand. This is an excellent day for medical check-ups.

**SCORPIO (Oct. 23-Nov. 21):** The temptation is to move abruptly and harshly in response to provocations. A second look, and you will find more effective answers to support your long-range plans. Your money has wings for flying!

**SAGITTARIUS (Nov. 22-Dec. 21):** There is more beneath the surface than in public view. Pay attention to what you can see, then estimate the rest. Sacrifice your spare time, just to stay ahead. Concentrate on the side issues.

**CAPRICORN (Dec. 22-Jan. 19):** There is not much you can push Friday. Let the world come to you. Honor your debts if you can, or make new arrangements.

**AQUARIUS (Jan. 20-Feb. 18):** You have to know your own mind and adhere to your own previous plans. Disagreement is apt to develop on any pretext, especially over the meaning of news from distant places.

**PISCES (Feb. 19-March 20):** The intuition of last night is to be followed up earnestly early today. Find some time to meditate before the fairly interesting evening promised.

## Teachers! Administrators Type Parents By Shoes

By PATRICIA McCORMACK  
NEW YORK (UPI)—Watch your feet next time you're on the school scene.

Teachers and principals will be peering at them—with an eye to figuring what your footwear tells about your attitude toward education.

By what they see, the teachers will label you—from a "flat-footed harumph" to the "angry smolder" with things like the "itching foot" and the "shake-a-leg" in between.

For this information we are indebted to the National Education Association. Among footwork okeyed by the NEA is the type done by good skaters.

Such parents do all the angelic things: Serve on school study committees, work for PTA, help on field trips, ring doorbells for school causes.

Less laudable things result from footwork by the "other" types. To wit, as the NEA sees it:

—The Flat-Footed Harumph puts his foot down about

money. He thinks education costs too much.

—The Backward-Looking Standpat figures what was good enough for her ought to be just dandy for the kids. Change is a dirty word.

—The Shake-A-Leg pouts that schools change too slowly. She grows enthusiastic over every new fad.

—Little old ladies in tennis shoes see communistic plots in books, school plays, sex education courses. Sometimes they're found in the school library, linking out offensive words in books.

—The Implacable Stomp puts

his foot down most of the time just for the sake of putting it down. Makes no difference to him if the complaint's about too much or too little homework.

The important thing: Complain. —The Angry Smolder figures schools want no part of parents.

As a result, this type pokes his nose into the school every chance he gets. Parents, as every "Smolder" knows, are to be seen and heard on the schoolfront.

—The Itching-Foot type got that way itching to step on

school kids who don't meet his standards of dress or manners. He nixes beards, miniskirts, levis, long hair. And he knows darn well that students who don't look worried on the way to and from school have teachers who are too easy.

There's another type the educators aren't quite up to studying. This is the Apathetic Drowse—a type seldom seen near schools.

The Drowse comes in male and female form. Each Drowse is filled with good intentions—to get involved in school.

Somehow they never get around to it.

### Bible Class Has Watermelon Dinner

**SKELLYTOWN (SPL)—**The T.E.L. Ladies Bible Class of the Skellytown First Baptist Church met in the home of Ma and Mrs. Bill Price for a watermelon feast with members' husbands as special guests.

After invocation by Mrs. Bill Thompson, members participated in a devotional and a short business meeting. Mrs. J.

Jarvis brought the devotional.

Attending were Mr. and Mrs. Barney Mills, Mr. and Mrs. Walt Shair, Mr. and Mrs. J. C. Jarvis, Mr. and Mrs. Bill Thompson, and Mmes. Cecil Pearce, Edith Beigle and granddaughter J'lon Marlar of Pampa and Miss Ethel Price.

### Wall Street Chatter

NEW YORK (UPI)—The near-term outlook for the market seems to favor trading within a range of between 800 and 840 on the Dow industrials, says Hayden, Stone. This situation will probably persist until either "the existing base pattern has been sufficiently strengthened to support a more meaningful recovery" or there is a change in the background news, the firm notes.

Tuesday's technical rally was bolstered by a Saigon report that the Vietnam cease-fire may be extended, observes Bache & Co. The investment community will be watching for any signs that could shed light on what might come from President Nixon's Friday meeting with top Vietnam advisors, it added. However, the news concerning the government's continued battle against inflation cannot be pushed into the background.

Indian summer is the season for renewed selling and switching of securities in the effort to defeat the tax collector—sometimes regardless of cost, says Wright Advisory Reports. "Now is a good time to switch out of stocks in which you have felt 'locked in' because sale would have cost you a capital gains tax on most of the proceeds," the firm says. This is also a good time to switch out of tax-exempt bonds into prime quality equities.

LEADS IN GINNING

WASHINGTON (UPI)—Texas led all other states in cotton ginnings prior to Sept. 1 totaling 522,275 bales, up from 338,555 a year ago. Texas was the only major cotton producing state to show an increase.

### The Lighter Side

By DICK WEST

WASHINGTON (UPI)—Rep. Claude Pepper, chairman of the House Crime Committee, has proposed that the Public Health Service undertake an intensive and extensive study of marijuana smoking in America.

Its purpose, the Florida Democrat explained, would be to provide definite answers to such questions as whether marijuana is addictive and necessarily leads to the use of stronger drugs.

He said the study should be comparable to the earlier one the surgeon general made to determine whether cigarette smoking was harmful.

I heartily endorse Pepper's proposal, and when that study is completed I would like to see someone—conduct yet another study of yet another social problem.

Its purpose would be to ascertain whether growing hair is addictive.

The theory that people may become addicted to hair growing was advanced the other day by Dr. Hans Von Follicle, an eminent sociologist, and tonsor who lectures at the barber shop I patronize.

"I've seen it happen too often for there to be any other explanation," Von Follicle was saying when I dropped in for my fortnightly trim.

"A kid will get in my chair and I will notice he is wearing his sideburns a bit longer than the last time. I say to myself, 'This kid still has a clean-cut look, but I'll give odds that he is already hooked.'"

### Santa Day Parade Slated December 6

Pampa's annual Santa Day Parade will be held this year at 10 a.m. on Saturday, Dec. 6.

The date was set this morning at a meeting of the Retail Trade Committee of the Chamber of Commerce in the chamber conference room.

Norman Fritzier and Jim Stallings, committee co-chairmen, also announced that holiday street decorations would be up by Thanksgiving Day, Nov. 27.

The Santa Day parade annually launches the holiday season in Pampa. Merchants were urged to begin preparations for parade floats.

Having already established himself as the nation's most sophisticated monologist and finest visual humorist, Paar once again produced, wrote and edited his program, drawing anew on his home-grown talent stable (his wife and daughter).

Briefly, part of the broadcast focused on a lion cub he reared in his Bronxville home, and the other part concerned three lionesses he brought from Kenya to a 640-acre preserve near Palm Beach, Fla., to save them from being shot after they killed a pet leopard.

Paar, of course, has raised home movies to a minor art. And there were splendid shots of his cub romping through his house.

### Television In Review

HOLLYWOOD (UPI)—Jack Paar, the resident romantic of Bronxville, N.Y., showed up again on NBC Monday night with another of his periodic demonstrations of what television is all about.

This time the subject was lions he has known and loved (cross my heart), and this confounding, astounding, talented man succeeded in pulling off a wholly unique hour of delightful and individual animal film footage.

Here it is football time again and it's about time. Having shaken off a horrendous 1968 and ready to go again in full bloom you'll find my 1969 football predictions a good guide to go by. Ready? Here we go.

**PAMPA 22, HEREFORD 7**—The White Faces might even score first but the Harvesters will score more and last and after the first quarter it will be no contest. Look for a nervous Pampa the first 12 minutes and then a good solid team the rest of the way.

**SHOCKERS 31, PERRYTON 14**—The Shockers are bigger and better than ever, at least the coaches think so. Add to this

the fact they are playing a sophomore team like themselves.

**GROOM 16, VEGA 0**—The Tigers have more experience than a year ago and coach Roger Arnold will see his program really come into focus this season.

**WHEELER 21, LEFORS 19**—The Mustangs come from a larger classification but the Pirates should really have something going for them this season. Watch out for field goals.

**SHAMROCK 10, MCLEAN 7**—Again its a case of good defense, offense slow getting started for the Tigers. The Irish are tougher than a year ago and they won then.

**Whitefaces square off at 8 p.m.**

## Pampa Eyes Friday Opener

Their suits have been dampened by rain but their spirits haven't and the Pampa Harvesters worked out in sweat clothes or rain suits today and practiced their kicking game in preparation of tomorrow's home football opener against Hereford.

The Harvesters have gotten through three weeks of practice with only minor injuries, with one exception, 1968 parttime

quarterback Ross Holman will probably suit up but is not expected to see any action. Holman pinched a nerve in his elbow and will not be allowed to play until the arm is completely healed.

But everybody else is well and good and ready for 'Football 1969' to get underway.

The Harvesters and Whitefaces square off at 8 p.m. Pampa has practiced every day this week on the wet, muddy turf and Monday worked out under the lights, the new ones that are akin to daylight.

But coach Swede Lee feels that practice sessions have not been slow much and that his players are ready to go.

"I'm glad we don't have to wait another week. We're ready to play," Lee said Wednesday. Hereford has had the same

type weather problem the Harvesters have this week and coach Larry Wartes feels the rains have done his team no good at all.

Wartes said his team's timing is off and he feels Pampa will prove too much for the Whitefaces.

But the Whitefaces felt the same a year ago and the Harvesters escaped with a narrow 12-6 victory.

Defensively Pampa will average 180.9 pounds per man. The smallest starter on the Harvesters is senior Steve Scott, who at 155 pounds is scheduled to start at flanker and tackle Mark Watkins at 215 carries the most weight.

**Poor Football Giants Still Looking For Win**  
 By United Press International  
 How do you sing "Goodbye Allie" in French?

Allie Sherman's hapless New York Giants, winless in four exhibition games, take the travelling show to Montreal tonight for a game with the Pittsburgh Steelers.

Montreal is trying to promote pro football for its hockey-oriented and baseball-minded fans. The French are quick to praise and just as rapid in their disappointments over poor play.

Another poor performance by the Giants could bring on the shower of hats and overshoes usually reserved for the ice at the Forum.

Fran Tarkenton had one of his better games last week in New York's 28-27 loss to Minnesota. He threw two touchdown passes and connected on 25 of 35 tosses for 284 yards, but his defense cavied in.

**Is Not Prize Plum**  
 Pittsburgh isn't the prize plum to display before uncharted territory either. The Steelers are 1-3 in pre-season action.

There was a disappointing turnout in the other American pro game played in Montreal when Detroit beat Boston on Aug. 25.

There is a potful of final National Football League exhibition games this weekend. The American Football League

opens regular season play Sunday.

On Friday, St. Louis (3-2) is at Chicago (3-2) and New Orleans (2-3) plays at Detroit (4-1). Saturday's games pit Green Bay (3-2) vs. Atlanta (2-3) at Canton, Ohio; Cleveland (3-1-1) vs. Minnesota (4-1) at Akron, Ohio, and Los Angeles (3-2) vs. San Francisco (0-5) at Anaheim, Calif.

Washington (2-3) is at Philadelphia (2-2) Sunday and Baltimore (5-0) plays at Dallas (4-1).

**Chicago Beaten, Mets Sweep To Surge Into First Place**  
 By United Press International  
 "Look who's No. 1." That's the message the New York Mets flashed on Shea Stadium's scoreboard at 9:16 p.m. CDT, Wednesday night—and it did more than herald the team's rise to first place in the National League's Eastern Division.

It shone like a beacon of hope to all the perennial losers in sports.

In the hysteria of the moment such events as the New York Giants' Little Miracle in 1951, the Los Angeles Dodgers' rise from seventh place in 1958 to a pennant in 1959 and the Boston Red Sox' Impossible Dream in 1967 seemed like mere footnotes in baseball history.

This was the New York Mets' 11th straight win.

## Area 11's Set For Grid Start

Top O' Texas footballers and other state teams seek to accomplish what they've been practicing the past month when they open the 1969 football season Friday night.

Wheeler, one of the favorites in District 2-A, takes on District 5-B's Lefors Pirates in the top area attraction of the night. Game time is 7:30 p.m.

In other contests Groom hosts Vega, McLean hosts Shamrock, White Deer is at Silverton, Canadian plays at Booker and Miami plays eightman football at Forgan, Okla.

Lefors is expected to be a much improved football team this season but still is a young club with only one senior in the starting lineup.

The kicking game may be the Pirates strong point with the addition this year of sophomore David Seright, a soccer-style field goal kicker.

Defense minded McLean of District 2-A takes on AA contender Shamrock in another top attraction. The Tigers were hard hit by graduation but hope to rebuild under new coach Bob Langford.

Groom, tabbed as the District 5-B co-favorite gets a stern test against Class A Vega, who stopped the Tigers last season.

Canadian, looking to be the most improved team in District 1-A pits its eleven against Booker, expected to give Groom a run for the 5-B crown.

White Deer, always one of District 1-A's best, will be out to avenge last year's loss to 2-A Silverton.

In other contests Panhandle host Claude, Memphis plays at Clarendon, Happy host Turkey; Texhoma plays at Stratford; Gruver is at Stinnett and Sunray hosts Spearman.

## Heart Failure Claims Coach

EAST LANSING, Mich. (UPI)—John Benington had been looking forward to next season as Michigan State University basketball coach. It would have meant he had beaten a heart attack.

The attack, suffered on a handball court last April 11, put Benington on the critical list for 72 hours.

A second "massive heart attack" took Benington's life Wednesday. He was 47.

Benington was found by his wife, Barbara, and Assistant Coach Bob Nordmann, lying on the floor of the coaches' locker room of Jenison Fieldhouse, where the Spartans play their home games.

"There is no question in my judgment that this was a massive heart attack," said Dr. James S. Feurig, Michigan State team physician, who pronounced Benington dead.

# The Pampa Daily News

A Watchful Newspaper  
EVER STRIVING FOR THE TOP O' TEXAS  
TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

### Our Capsule Policy

The News believes each and every person would get more satisfaction in the long run if he were permitted to spend what he earns on a volunteer basis rather than having part of it distributed involuntarily.

## A World Of Change

Those who live most intimately with change are the least likely to observe it. Like parents failing to notice the growth of a child, each generation of U.S. citizens lives so close to change every day of their lives that they fail to see it. Yet, change economic, political and social — surrounds us every moment of the day.

Recently called attention to the growth of air conditioning, which has become a major new industry since the end of World War II. As the publication notes, "...beginnings of this industry were small and a number of people who could afford to have central units installed in their homes was limited. A typical 3 to 4-ton unit cost about \$3,500.

## Rulers Make Political Hay Out Of 'War'

By RAY CROMLEY  
Washington Correspondent  
WASHINGTON (NEA)—Messages to this reporter from Hong Kong and Tokyo indicate the Sino-Soviet border fighting has become so profitable to both Moscow and Peking domestically that neither may be willing to let the clashes die down.

In Peking, Mao Tse-tung and Lin Biao are using the border troubles as an excuse to shift army commands and the command structure so as to eliminate the power of some regional rivals with such great influence among local troops that they threaten the power of the Mao-Lin government in the outlying areas of Communist China.

Sinkiang, home of sizeable amounts of Red China's nuclear and missile work, has been a major worry. High provincial and military men have in the recent past made clear they intended to hold onto their local empire. Though the most dangerous (to Mao) of these men have been removed, it is likely they still have a strong following among the next several layers of leadership.

The "clashes" also make it easier for the Peking government to make some of the radical population moves made necessary by food shortages and an abundance of restless youth in the cities.

### CAPITOL EYE

## Convention Reform Eyed By Democratic Governors

By BRUCE BLOSSAT  
Washington Correspondent  
WASHINGTON (NEA)—At least three simple Democratic party reforms may soon be on their way to general adoption, but few Democratic governors believe that these or any other changes will do much to heal the widened factional breaches in their party.

One informed Democratic governor said the McGovern Committee on Reform of National Convention Delegate Selection probably will recommend, as fundamentals, these propositions:

That no part of the delegate selection process be initiated before January of a presidential year to answer criticisms that in the past, the choosing of representatives has begun so early in some states that they did not reflect the popular mood at nominating time.

## H. L. Hunt Writes

In a 1967 decision written by then Chief Justice Earl Warren, the United States Supreme Court declared that members of communist front groups and former members of the Communist Party could not be denied security clearance for work in defense plants. Another ruling shortly thereafter held that the Magnuson Act, which authorized the President to prevent subversives from joining the Merchant Marine, could not be enforced.

## Wit And Whimsy

It seems that occasionally duels still take place in Italy. On a recent evening the desk clerk at a Rome police station got an excited telephone call from a man who said that a duel was to take place the following morning and that the police ought to stop it.

## The Doctor Says

By DR. W. G. BRANSTADT

Weight Is A Factor In Hiatus Hernia  
Q—What is the cause of a hiatus hernia? What are the symptoms? Can anything be done for it?

A—Rupture of the diaphragm, allowing part of the stomach to protrude into the pleural cavity, is common in persons who are overweight or are over 65. When the hernia is small, the condition may exist for years without causing any symptoms.

Q—I have a hiatus hernia. Some days I feel fine and then, with no change of diet, I will get a discomfort in the pit of my stomach and my stools will be loose. Why is this?

A—Since no one eats the same amount of the same foods every day, may I suggest that your loose stools and distress are caused by an increased intake of vegetable and fruit in the preceding 24 to 48 hours or by nervous tension or both, and that they are not related to your hiatus hernia.

Q—I am a man, 77. I have worn a truss on the right side for 30 years. Now my doctor advises me to have an operation. Am I too old for this?

A—The best treatment for an inguinal hernia at any age is surgical repair. With modern pre-and postoperative care and improved surgical technique, your age is no longer a reason not to operate.

JOHN GOLDSMITH

ROBERT ALLEN

(Second of a three-part series)  
WASHINGTON — The "Black Guard Organizers Manual" a 16-page do-it-yourself kit for recruiting and training black guerrilla fighters, is being circulated in ghetto communities from coast to coast.

The manual describes America as "the black man's battleground" and outlines paramilitary training courses for a "forerunner of a black liberation army."

From its text, the organizers manual was clearly written for RAM, the now-defunct Revolutionary Action Movement. According to New York City authorities, a Black Guard force was established there by RAM in 1967.

Clearly, however, the RAM manual has been put to other uses in other areas. Copies, marked "confidential," have turned up in Philadelphia, New York, Detroit, Cleveland, Chicago, Denver, Los Angeles and in the San Francisco Bay area.

In Oakland, according to a defector from the much publicized Black Panther Party, the manual was used very recently in the training of a Panther underground. According to ex-Panther Larry Powell, the underground "Black Guard" was charged with maintaining discipline and doing "potent chores for the Oakland-based Panthers."

Historically, the Black Panther Party was founded by Stokely Carmichael and others in Lowndes County, Ala., in 1966. It has no direct connection with RAM, though it also seeks to free "colonized" blacks from their white "oppressors" in the United States.

Now police officials and others who monitor the activities of black militant groups are wondering whether there is to be a change in that China bias. There is some evidence that the Moscow-aligned Communist Party of the United States is trying to move in on the action.

groups here have received financial help from ideological brothers in Cuba, China or elsewhere abroad.

The best judgment, now, appears to be that the various black revolutionary groups peddle the same ideas, use the same goals, because of a community of interest, much as unrelated branches of the Ku Klux Klan have operated on the other edge of the racial spectrum.

The Justice Department, under Attorney General John N. Mitchell, is taking a closer interest in black militant groups. In time, the attorney general may haul some individuals and organizations into the federal courts. The betting now, however, is that charges will involve specifics — crossing state lines to incite a particular riot or failure to file tax returns — and not some broadly-based offense.

NEW DIRECTIONS? — It is no surprise that the violent black revolution, drawing ideological guidance from such Peking-oriented propagandists as Robert F. Williams, has often followed the Chinese Communist party line. The Black Panther Party, under the leadership of Bobby Seale and Eldridge Cleaver, has used the Red Book of Mao Tse-tung as a party bible.

As previously reported here, pro-Peking participants were excluded from the Panther-sponsored conference for a United Front against Fascism, held in Oakland last month. Panther leader Seale was a speaker at the Conference and so was Herbert Aptheker, a veteran member of the Communist Party's national committee.

Another conference of the Front against Fascism is scheduled next month in San Francisco, and its proceedings will be watched for further evidence of shifting ideology. Federal officials are inclined to think, as of now, that the anti-Peking attitude will prove to be temporary.

They note that the largest of the white militant organizations, Students for a Democratic Society, is currently feuding with the pro-Peking Progressive Labor Party. They comment that the Black Panther Party is much interested, now, in the activities of the lily-white SDS.

We will explore that interest in our next column, the final column in this series.

(Next: How does the violent black revolution exert influence? Some reflections on a short, cool summer.)

## Thievery Doesn't Pay

Some months ago, Peru's military government confiscated the American-owned International Petroleum Company. This was followed by an announcement of a sweeping land reform program which will nationalize all major landholdings in the country.

Disregard of property rights and government promises by the military dictatorship in Peru has created uncertainty among businessmen. Building construction has declined sharply. In the words of the wire dispatch, "...foreign capital has quit coming in... The tourist industry is reporting a sharp decline... The nation, like the individual who fails to meet his obligations and goes back on his promises, is in for trouble.

## Knives And Pillowcases?

Will it soon be illegal to own a kitchen knife? It is, after all, a potential weapon, and the movement to disarm the public continues its illogical way.

used to stop the sale of chemical agents as has been used to deprive people of guns. These agents can be used to commit crimes.

For years we have been bled by self-appointed experts who claim to see great danger in the ownership of private firearms because firearms kill.

But so can a pillowcase. The sensible solution is not to make the public even more susceptible to attack by criminals but to make the penalty stiffer for use of weapons in the commission of crimes. The public should have every right to own and use guns or whatever, to protect lives and property.

## What Man Does To Nature

Lake Tahoe is one of the most beautiful natural scenes in America. Looking down from the high mountains which surround it, or from an airplane cruising over it, the lake looks heavenly, the tree-studded mountains wonderful to behold.

and purity of the lake are eroding away in direct ratio to the number of people swarming there, ostensibly to enjoy the marvels of nature.

No natural wonder is sacred, not even beautiful Lake Tahoe. There we find two developments that are exclusively man's. First is the unthinking pollution of Lake Tahoe itself.

After a weekend at Tahoe one has to admit that people, as individuals, are wonderful. But en masse they are unnecessarily destructive of natural values, and heedlessly susceptible to the gambling lure of getting something for nothing, whether in politics or in Mafia-ridden casinos.

## Justice For A Justice

By PAUL HARVEY

President Nixon's choice for Supreme Court justice is Clement Haynsworth Jr. of South Carolina.

But now he is criticized because he does not adopt the loser's politics. Immediately upon announcement of the President's preference for Haynsworth, TV screens presented a parade of those opposed, and from here to confirmation the prosecution will not rest.

the future of our country for the next century.

The President is confronted with the sometimes frustrating fact of political life that his appointees, however, must be confirmed by a mostly liberal Senate.

It's significant that it was elected Negro Sen. Edward Brooke properly withheld judgment pending "careful scrutiny of Judge Haynsworth's record."

**NOTICE TO BIDDERS**  
Sealed proposals addressed to the County Judge and Commissioner of the County of Gray County, Texas, will be received at the office of the County Judge, Pampa, Texas, until 10:00 o'clock A.M. (October 1, 1969), for furnishing all necessary materials, including equipment, supervision and labor for BRIDGE REPAIR on a bridge structure known as Johnson Ranch Bridge located approximately 1/2 mile southeast of Amarillo, Texas.

Bidders must submit a satisfactory Cashier's or Certified Check, or a Bidder's Bond, payable without recourse to the order of S. R. Lanning, County Judge, in an amount not less than 5% of the bid submitted, as a guaranty that the bidder will execute a contract and execute a performance bond, within ten (10) days after notice of award of contract to him. Bids without required check or bond will not be considered.

The successful bidder must furnish a satisfactory performance bond or other surety in the amount of 100% of the total contract price.

All lump sum and unit prices must be stated in both script and figures. The owner reserves the right to reject any or all bids and to waive formalities.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions. Mr. Terry Johnson, County Commissioner, Precinct 4, will accompany bidders to the job site by contract or by telephone. Telephone Number 779-7177, Amarillo, Texas.

Instructions to bidders, proposal forms, specifications and plans may be obtained by contacting Mr. J. H. Lanning, Consulting Engineer, 111 N. East Street, Pampa, Texas 79552, or Mr. S. R. Lanning, Jr., County Judge, 101 N. Main Street, Pampa, Texas 79552, on September 11, 1969.

**NOTICE OF PUBLIC HEARING**  
The Texas Highway Department will conduct a public hearing on the proposed route of the proposed Loop 11, from U.S. Highway 40 northward west to State Highway 170, in the northeast quadrant of Pampa. The proposed route is shown on the attached map. The proposed highway project contemplates the initial construction of a two-lane, two-way, paved highway and a railroad grade separation structure.

Maps showing the proposed route and the location of the public hearing, together with any available information about the proposed project are available for public inspection and copying at the Public Hearing Office at Pampa. Also, maps have been placed on file with the City of Pampa.

The State's Relocation Assistance Program, the benefits and services for displaced and informed, will be discussed.

Tentative schedule for right-of-way acquisition and construction will be discussed.

All interested citizens are invited to attend the public hearing. Written statements and other exhibits may be submitted to the Relocation Office, 501 W. Main Street, Pampa, Texas 79552, on or before the date of the public hearing.
