# Texas In South's Tragic Age Theme Of Paramount Film

## FAMOUS STARS HEAD CAST OF PIONEER EPIC

Today, tomorrow and Tuesday: "The Texans" (Paramount), directed by Lucien Hubbard, produced by James Hogan. Based on a story by Emerson Hough. Joan Bennett and Randolph Scott, with May Robson, Walter Brennan, Robert Cummings, Raymond Hatton, Robert Barrat and Harvey Stephens.

Texas in the turbulent days following the War Between the States forms the exciting background of Paramount's epic drama of the Reconstruction period, "The Texans." With Joan Bennett, Randolph Scott and May Robson heading a huge cast, the picture tells of the South's struggle to attain self-rule and find a new way of life after the ravages of the war.

## LONE STAR LOVERS

Love has to fight for its life in a land prostrate by four years of a brothers' war in "The Texans" which stars Randolph Scott and Joan Bennett in a panoramic drama of the Reconstruction period. The epic of the Lone Star state opens today at the LaNora theatre.

profit, wise Southerners guided the destiny of the State with patience. Scott's triumph over Miss Bennett and their decision to march their cattle to the Kansas market a thousand miles away mirrors the South's decision to join the rest of the Union in building a vast empire in the great Southwest.

The supporting cast includes some of the screen's best-liked character players. Walter Brennan, last seen as General Jackson's right-hand man in "The Buccaneer," again has a role of a frontiersman of the Daniel Boone tradition. Robert Barrat is a corrupt carpet-bag official, while Robert Cummings, as a Southern officer, has his strangest screen role to date. The picture was directed by James Hogan, who brought the sensational "Ebb Tide" to the screen.

Wednesday and Thursday: "Walking Down Broadway" (20th Century-Fox). Directed by Norman Foster. Sol M. Wurtzel, executive producer, Claire Trevor, Phyllis Brooks, Leah Ray, Dixie Dunbar, Lynn Bari, Jay Regan.

# ROTARIANS TO BE HOSTS TO BORGER CLUB

Members of the Pampa Rotary club, losers in a club attendance contest with Borger Rotarians, will entertain the Borger club with a picnic at 5 o'clock tomorrow afternoon at the Sita-Tex picnic grounds, on the Jake Phillips lease, three miles east of Borger. The picnic site is on Dixon Creek. In addition to the picnic itself there are six special events on the program, with a grand prize to be awarded the club getting the most points on individual awards to the winners of each event. Events, and chairmen in charge are:

Horse shoes, Luther Pierson, washers, John Haynes; bull throwing, Lefty Huff; rope climbing, Otis Pumphrey; tug-o-war, G. P. Buckler; barbers shop harmony, Dan Gribbons. Points for first, second, and third places, are 100, 50, and 30, in each of the events, except barber shop harmony, in which there is only first and second place, with 100 and 50 points respectively.

Music on the program will be in charge of Sid Patterson, H. D. Keys and Larry Martin are in charge of finances for the outing.

The attendance contest between the two Rotary clubs was started five months ago and ended with the Borger club, membership 54, have 30 consecutive meetings with 100 percent attendance, as compared with the Pampa club's record of only nine consecutive meetings with 100 percent attendance. There are 51 in Pampa Rotary club.

It looks like war. Lloyd's of London are giving 7 to 4 odds there won't be a war soon. They're usually right.

War? Oct. 29!

Doyle Osborne, high school principal

and possessor of a doctor's philosophy degree in history—Two years ago I predicted in speeches around here there would be a war within three years. I have a year to go. I believe they've fooled around too long for it to start within a week or 30 days. But it'll come. Somebody's got to back down now. Will it be Germany or England? Who's going to stop Russia? It looks like war!

Coach Mitchell, just back from watching Amarillo scrimmage—Heck yes, there's going to be a war—Oct. 29 (the date Pampa plays the Sandies at Amarillo).

Dick Hughes (who never wants his name in the paper any more)—Why ask me? I'm not over there. Gurnet Reeves—Don't quote me. Harry Lipsky—No, I don't think there'll be any war. They're all bluffing.

heard him—with references to German might in the str. str. str. of fortifications and the nation's ability to withstand blockade "even if war should last 30 years."

Goering, like on one else among Hitler's lieutenants, was the man to put the idea across—he with his homely language and sense of humor.

His exposition of the Nazi position in the Czechoslovak situation was regarded as clear, precise and unmistakable in the Nazi opinion further parleys by the British, who had been seeking a settlement here and in Prague, seemed superfluous.

Sir Neville Henderson, the British ambassador, did not see Hitler and intend to leave Nurnberg tomorrow.

(In London, a semi-official statement was issued stating "there is every reason for British minister to feel assured that the views of his majesty's government have been fully conveyed in all the terms." It was reported reliably that Britain was convinced Hitler himself was fully aware that Britain's neutrality could not be counted upon in event of war over Czechoslovakia.)

Goering in his speech expressed contempt for democracies, especially Britain.

the English, before chattering about peace, to establish peace in their Jew state (Palestine) down there," he exclaimed.

Goebbels' theme was that Bolshevism flourishes only on democratic soil.

Democracies Assailed.

"Pious Anglo-Saxon democrats ignore religious persecutions in Russia and Spain," he said, "and don't remember that early Sweden attempts to secure autonomy, for which President Wilson held a brief, were smothered in blood under Masaryk (late President Thomas Masaryk)."

Goering was bitter and sarcastic in dealing with Czechoslovakia. He called it a "state without culture" and a "splinter" which "has Moscow behind it and its eternal Jewish mask." He asked whether this "splinter" should be the master over cultured folk—the Sudeten Germans.

# Sign Writing To Be Taught Adults Here

Pampans desiring to study sign writing or mechanical drawing are asked to meet at the vocational agriculture building on the high school campus at 7:30 o'clock Monday night.

The two courses are among those taught in the adult vocational training classes, organized under the state department of education. E. C. Pennington is co-ordinator of diversified occupations for Gray county.

Thursday night, persons interested in the vocational courses offered for oil field workers and those interested in the sign writing and mechanical drawing classes met at the high school for the purposes of forming classes. The courses are being started here for the second year. Last school session there were 725 persons enrolled in the oil field subjects in classes at Pampa, LeFors, Keller, Hopkins, and Skellytown.

Six persons appeared Thursday night at the high school who wished to study mechanical drawing and four sign-writing. A minimum of 12 students is required to form a class in any subject. Harry Kelley, high school art teacher, is the instructor in the adult classes in sign writing and mechanical drawing.

# CORRIGAN AT LONG BEACH

**LONG BEACH, Calif., Sept. 10 (AP)**—Douglas Corrigan, who set out for the West Coast from New York two months ago but landed in Ireland instead, finally arrived today. Shortly after landing his \$900 "crate" the grimacing flier took part in the dedication of a plaque marking the point where he took off non-stop for New York July 8 on a flight that brought him fame.

**OPEN HOUSE**

at the Telephone Building 301 N. Ballard St. WEDNESDAY AND THURSDAY 2-9 P.M.

Pampa telephone employees are inviting all Pampa people to visit them at a big Open House to be held next Wednesday and Thursday at the Telephone Building, 301 North Ballard Street.

Visitors at the Open House will be taken on a complete "behind the scenes" tour of Pampa's telephone system... They will see operators handling Pampa's 20,000 calls a day at the long switchboard where lights flash on and off as Pampa people telephone each other... the machine that rings all the telephones in Pampa... the "main frame" where lines from 2,400 Pampa telephones separate before going into the switchboard... the large storage batteries that furnish power for Pampa's telephone system... and other equipment in the local telephone plant.

As added attractions at the Open House, Pampa telephone people are bringing special exhibits here... a display of telephones of bygone days, including a model of Dr. Alexander Graham Bell's original telephone... a metal that floats in the air... a metallic bar that magnetizes and demagnetizes itself... an artificial voice box which permits the voiceless to speak... and other interesting developments from Bell Telephone Laboratories in New York.

Pampa telephone people are arranging the biggest event of its kind ever held here. Make your plans now to attend... next Wednesday and Thursday... September 14 and 15... from 2 to 9 p. m.

Pampa Daily News

PAGE SIX SUNDAY MORNING, SEPTEMBER 11, 1938

### 70 Boys On Squads Of Sophs, Guerillas, Reapers

Nine plays after the whistle opening the 1938 football season at Harvester field blew Friday night, the Pampa Harvesters had scored their first touchdown against the Clovis Wildcats. From that point on the wearers of the green and gold turned the game into a rout, winning 65 to 7. Finally scoring in the last minute of play on a pass interception.

Harvester Coach Odis Mitchell and J. C. Prejan were well pleased with the showing made by their green boys. They were not, however, fully decided whether the Harvesters had something or whether Clovis had nothing. But one thing was certain, the Harvesters had to have a little something to run up such a large score against a larger opponent.

Lamesa and Plainview threw their 10-gallon hats in the District 1 contenders race Friday night, Lamesa defeating Tahoka, 51 to 0, and Plainview downing Tivy of Kerrville 7 to 6.

The Harvester blocking was a pleasant surprise, especially in the line. Open field blocking, however, was a little erratic and pass defense was questionable. However, little attention has been given pass defensive, coaches spending most of their time on offense.

Page Mr. Ripley.

Truman Rumpke, a fullback now but a reserve guard last season, can bug Mr. Ripley for his performance Friday night. Rumpke carried the ball only four times during the game but his accomplishment was three touchdowns and a point after touchdown. The rest of the time he spent doing some nice blocking.

The Harvesters showed that they don't have a one-man passing attack. Their first aerial thrust was a 55-yard pass, Pete Dunaway to J. W. Graham, for a touchdown. Next the two reversed the procedure, Graham passing to Dunaway for 42 yards and another touchdown. Still another combination appeared when Doyle Auld heaved high to Graham for 26 yards and another touchdown.

The passing department also presented one of the most spectacular plays of the game when Clarence Mathews, brother of J. P. Mathews, jumped high to spear the oval one handed and tucked it in for a long gain. Another highlight was the spectacular run of 78 yards by A. C. Miller for a touchdown in the last quarter. The line got him in the open but he had to pass four Wildcats who clutched frantically at him as he weaved his way down the field.

An outstanding star of the game could not be selected. Every boy played his position to the best of his ability and every boy on the squad with the exception of the injured Karr and Hesseay saw duty. Even Grover Heiskell and his sprained ankle picked up yardage.

Strickland a Sensation.

The Harvesters registered 23 first downs to 4 for Clovis and roared up and down the field for 467 yards from scrimmage to Clovis' 46 yards.

Big J. Strickland, 182-pound fullback, was the sparkplug of the Wildcats both on offense and defense. Little Acuff showed that he is a deadly passer but his receivers failed to respond. The line play of Rained, 140-pound guard, was outstanding.

The Wildcats showed plenty of possibilities. The team is green and inexperienced but Coach Rock Staubus has the nucleus of a winner.

Coaches will spend this week working at length on pass defense, open field blocking, place-kicking, and tackling in preparation for the invasion of Riverside of Fort Worth Friday night at 8 o'clock.

Taking the kickoff on their own 20-yard line, it took the Harvesters only nine plays to cross pay dirt. Kemp, Graham and Dunaway carried the ball with Dunaway making the last yard for a touchdown. Graham's try for extra point was wide.

After Clovis was forced to punt the Harvesters started merrily on their way with Kemp reeling off 36 yards. Dunaway then crashed thru but fumbled and Strickland, the sparkplug of the Clovis team, recovered. A quick-kick by Strickland because the Harvesters took over and marched 69 yards for a touchdown, Rumpke making the last three yards on the first play after the second quarter opened. Again Graham's try for extra point was wide.

Acuff Ace Passer.

Acuff picked up a few yards for Clovis' first gain but after a short punt to the Clovis 28-yard line, the Harvester second string, with the exception of Graham and Dunaway, which went in soon after the second quarter opened, carried on with Dunaway making nine yards standing up. Graham's try again missed, due to a bad pass from center.

Little Acuff, the boy from North Side of Fort Worth, gave Clovis hope with a couple of end runs and a pass for their first down of the game. Three Pampa offside penalties helped but the half ended with the ball on Pampa's 40-yard line.

The Harvesters punted for the first time to open the second half after Dunaway's 55-yard pass to Graham was over his head. Little Acuff picked Strickland for his pass of 15 yards and followed with a couple of punts around end but the drive was stopped by a holding penalty.

Taking the ball on their own 45-yard line, Dunaway stepped back and pegged 30 yards into Graham's arms and he romped 25 yards across the goal line but missed the extra point.

About four Pampa linemen fell on a fumbled ball after the kickoff

and Rumpke proceeded to carry the ball for the second time and romped 16 yards for a touchdown. This time Graham put the ball between the uprights.

Pampa Passes Click.

Clovis lost 26 yards on a fumble and then punted short. Graham picked up six yards and Kemp followed with a 22-yard broken field run for a touchdown but the extra point was not forthcoming.

The Wildcats failed to gain and Pampa took over on the 42 with Graham flipping a 42-yard pass to Dunaway for another touchdown. Graham added the point.

Clovis then opened up a frantic passing attack with Acuff hitting Davis for 12 yards and then connecting Strickland for eight more paces at the end of the third quarter.

Kemp took a hand intercepting a pass and returning 14 yards to the Wildcat 44-yard mark. Most of the second string took the field and Miller reeled off 11 yards. Auld's hit Auld's with a 17-yard pass and followed up with a 25-yard high, wobbly heave to Graham for 26 yards and a touchdown. Graham added the extra point.

With third stringers starting to filter into the game, the Harvesters continued to drive, Miller reeling off 78 yards in as pretty a piece of broken field running as showed up all night. Rumpke carried the ball over for the extra point.

Reserves Add Points.

Not satisfied, the reserves, all of them, piled up first down after first down. Watkins hit Mathews who made a pretty stab. Watkins again hit a receiver, whose number could not be seen, near the end zone or close enough for Rumpke to carry the ball nine yards for another touchdown. Miller crashed over for the extra point.

Little Grover Heiskell reeled off 17 yards and others took turns until Watkins' heave to Strickland's chest and the big fellow roared 60 yards for the only Clovis touchdown. Watkins caught him near the goal line but was able to grab only a heel. Acuff added the extra point on a second try, Pampa being off-side on the first attempt.

business manager and part owner of the club, had assigned management of the club to the board of directors.

Judge Bramham told Moseley he would send a representative here for the remainder of the series as a result of charges by Dashiell that some of the players were "laying down on the playing field."

Seventy boys are out for the three Pampa football teams—Guerillas, Sophomores and Reapers—besides the 30 with the Harvesters and more are expected to report Monday. The season for the Sophomores and Junior High Reapers, entered in the Panhandle Junior League, will open on the afternoon of Sept. 23.

The Reapers, 30 strong, are working under Oscar Hinger, new coach. Bruce Barton, last year Reaper coach, has charge of the Sophomores and Guerillas, now 40 strong with more expected to report.

A game for the Guerillas has been scheduled with Groom for Sept. 23 but efforts are being made to have it changed to Sept. 22.

Both Coaches Hinger and Barton are well pleased with the looks of their squads. The boys are big and willing to learn the game. Coach Hinger has 10 boys back with experience. He will cut his squad sometime this week, sending the smallest boys to the Pee-wees.

Coach Barton plans no action on dividing his squad until late in the week when it is hoped that Jack Davis of Horace Mann school will be able to assist him with the two squads.

Besides the two Pampa teams, Amarillo will enter three teams and Borger one in the league.

The schedule follows:

Sept. 23	Central vs. Pampa Jr. High at Pampa.
	Sam Houston vs. Buchanan at Amarillo.
	Borger vs. Pampa Soph. at Borger.
Sept. 30	Sam Houston vs. Pampa Soph. at Pampa.

### M'LEAN BEATS PANHANDLE 7-6

McLEAN, Sept. 11—The McLean Tigers, playing their first game under their new coach, "Crick-et" Christian, former Tiger quarterback, defeated the Panhandle Panthers 7 to 6 Friday night in a game which showed mid-season play at times.

For three quarters the teams played almost entirely in mid-field, Panhandle making the only threat on a recovered fumble. Early in the last quarter Braxton completed two passes and Humphries and Lee gained ground to put the ball on the 3-yard mark from where Braxton crashed over. Braxton then passed to Lee for the extra point.

Panhandle made their bid with one minute to go, Adams firing a 35-yard pass to Sterling, end, for the touchdown. Dennis failed to kick goal.

McLean made 7 first downs to

### AUSSIE BEATS FRANK SHIELDS

FOREST HILLS, N. Y., Sept. 10—For two sets and the better part of two hours today big Frank Shields had the secret, the stroke and the stamina with which to beat John Bromwich, the Australian who stands No. 1 on the foreign seeded list in the men's national singles tennis championships. But they weren't enough. Bromwich won, 1-6, 10-12, 10-8, 6-2, 6-2.

For the better part of two hours a crowd of 12,000 thought it was about to see the upset of the year. At the end of those two sets the former Davis Cup star had a 6-1, 12-10 lead over the 19-year-old youngster every one expects to see in the final with Don Budge.

Bromwich took the third set, 10-8, on a service break in the final game, where Shields committed three errors. After the intermission Brom-

wich breezed through the final sets for the match.

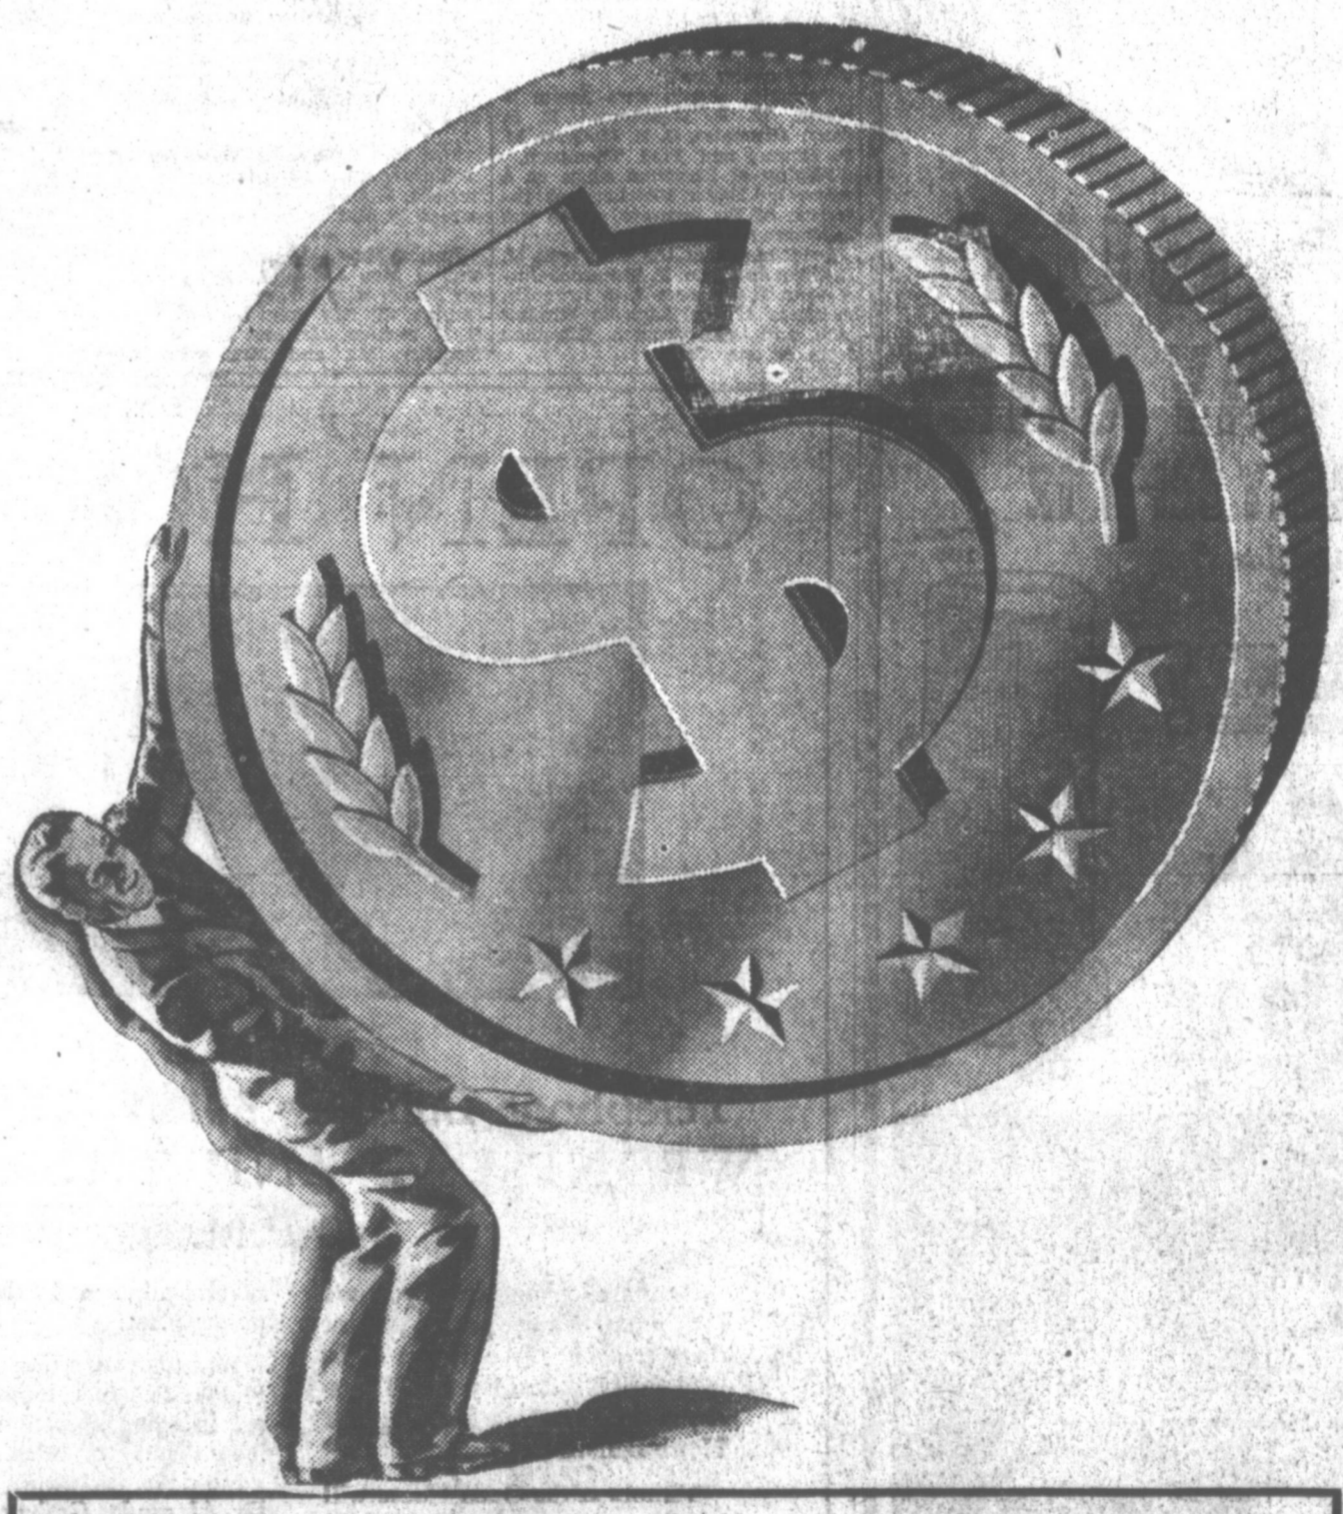

Shields' showing was more surprising than any other development of a day in which eight players came through to the fourth round in the lower half of the men's draw, and eight to the third round of the upper half in the women's.

With Bromwich advanced Frank Parker, 187 Davis cupper, who next tackles the Australian; Joe Hunt of Los Angeles; long-legged Yvon Petra of France; Franco Panzeca of Yugoslavia, and Gene Mako. Budge's doubles partner, who hit a sound singles streak to upset seeded Frank Kovacs; Gil Hunt of Washington, D. C., and Bobby Riggs of Chicago. They are paired in the order named.

California motorists led the nation in visiting Yellowstone Park during the first half of 1938.

# 'Best Squad Since 1935' Says Coach Matty Bell

By FELIX R. McKNIGHT  
DALLAS, Sept. 10 (AP)—Folks sort of date things back to 1935 out at Southern Methodist—the year the Mustangs stamped into the Rose Bowl.

So, when Coach Madison (Matty) Bell says "We've got, by far, the best squad since 1935," the fans can start looking for a kick from the Mustangs again.

Sirius, Bobby Wilson took his All-America self off the campus in '35, Coach Bell has been looking for a good "talback" or offensive spark.

"It's a little different this year," says Matty. "Perhaps we've found something in a sophomore—a boy named Ray Malouf of Sayre, Okla. He can kick, pass and run. He was a fine freshman—but you know sophomores have a tough time in this league."

Malouf, 175-pound Assyrian, looks like the goods if he has the same "kick" as another sophomore, Johnny Clement, a 180-pounder who did his high schooling at Eldorado, Tex. And Bell still has "Red" Ewing, passer and kicker, and Zeke Everheart, to use at left half.

On those four rest considerable of Bell's hope, but there are other "ifs."

"Reserves—all the way across the line," explains Bell. "With such prospects it's hard to tell just how our line will function. One thing doesn't worry us much, our guards.

"Two seniors, George Sanders and Cliff Matthews, will be in there, and they are just about as good as you will see."

Ineligible last year but described by Bell as "our best tackle in 1936," Jack Sanders will start at left tackle while Willie Clark, a 205-pound junior, gets the starting call at right tackle. Again Bell must rely on sophomore replacements at these posts, and Joe Pasqua, a 205-pounder, and Fred Harris, 215, are his best bets.

The end posts are almost no worry at all to Bell, for there, in their senior years, are Charlie Sprague and Bill Dewey. Sprague, who played center as a sophomore, is a junior, "will make the same fine player at end," Bell predicted. Sprague was an all-conference tackle in '37.

Dewey, bothered by illness last year, is physically ready and expected to return to his sensational sophomore form. Sophomores Gus Tunnell, a converted back, and Robert Elliott, a speed merchant, will play behind the first stringers.

Veterans are dotted around in three backfield posts—but sophos would easily break in. General Nolan Jackson will be back at the old right half stand, but is certain to be shoved by Gerald Geise, a sophomore; and Chelsea Crouch, letterman.

Quarterbacking will be handled by John Harlow, senior veteran, but Dan Patterson, a rugged line smasher and blocker, will be around a plenty.

The fullback slot is crowded with talent. Two lettermen, Wally Beard and Bob Belville, may lead off, but Bell cheerfully admits sophomores Foy Holbrook and Will Mul-

## STAR SUFFERS SPINE INJURY AS LEFORS BEATS MOBEETIE

LEFORS, Sept. 10.—Quick touchdown thrusts in the second and fourth quarters gave the LeFors Pirates their first conference victory of the 1938 season Friday night when they defeated the Mobeetie Hornets 13 to 0 under the lights at Shaw park.

Mobeetie not only lost the ball game but one of their star players when Wilton Sims, 17, son of Mr. and Mrs. O. E. Sims, received a fracture of the spine. He is in Pampa-Jarratt hospital in a cast. Attending physicians are optimistic that the spinal cord was not injured.

Kenneth Williams, LeFors right guard, suffered a broken thumb that will keep him on the side lines for a couple of weeks.

The Pirates of Francis Smith and John Rankin scored in the second quarter on a 70-yard march featured by slashing off-tackle plays chiefly by Raymond Carruth and Red Ellington. Carruth made the last eight yards. Johnson failed to add the extra point.

The Pirates opened up again late in the final period with passes from Ellington to Johnson and Carruth carrying the ball to the 20-yard line where the swivel-hipped Carruth again carried it over. Ellington crashed the line for the extra point.

Carruth, Ellington and Atkinson, midline safety, were offensive stars for the Pirates with Fife, Jackson, and Lee stalwart defense men.

Sims and Moeck packed the punch for the little but fast Hornets.

## NUMERALS ON JERSEYS WILL BE CHANGED

Local football fans won't have to strain their eyes to catch the numbers on the Harvesters' jerseys next Friday night, according to Business Manager Bill Anderson.

The new gold jerseys will have green numbers with a gold outline

when the Harvesters meet Riverside of Fort Worth here at 7 o'clock Friday night. It is believed the new numbers will show up plainly both day and night.

The team has white knit silk jerseys with gold numbers for use when a visiting team has uniforms that conflict with the regular ones. They were to have been worn Friday night but Clovis appeared with white jerseys which necessitated the Harvesters wearing their regular uniforms.

Radio announcers trying to give a play-by-play of the game were in the spot and sports writers were in little better condition despite the use of powerful field glasses. Many times it was impossible to see who carried the ball or who caught a pass or made a tackle.

North Side of Fort Worth is in its third year of competition. It is

a new school but a large one and this year's team is said to be a challenge to the other Fort Worth schools which held supremacy in the past.

## LAMESA BEATS TAHOKA 51-0

Lamesa, first conference opponent of the Pampa Harvesters, on the night of Sept. 30 in Lamesa, gave a sparkling exhibition of football as it should be played in swamping Tahoka Friday night 51 to 0. Tahoka is always one of the Class B contenders in its district, of which Lamesa has been an entry until joining Class A ranks this year.

Three fleet backs, Anderson, Crawley and Vaughn, scored two touchdowns each. Anderson added three points after touchdowns and Vaughn two.

Plainview's Bulldogs made history when they beat Tivy of Kerrville, 7 to 6. It was the first opening game in which the Bulldogs had a Class A opponent and the largest first game crowd in history witnessed the victory.

Crossland scored for Plainview, lunging four yards to end a 30-yard march. Shirley added the extra point.

Plainview lost only three players from the team that held the Harvesters to a 6 to 0 score last year. All were linemen.

Wellington threw a scare into Class B ranks Friday night with a 45 to 0 victory over Quannah, Class A team.

The Cortland apple is becoming one of the more important varieties grown in New York state.

### REPORTER SEES PREVIEW OF TELEPHONE COMPANY'S SHOW

(By Staff Writer)

Metal floating in the air... a device which permits the voiceless to speak... a maze of tiny wires, each carefully soldered in a certain place... switching equipment so ingenious that it will permit Pampa telephone users to be connected with any other telephone in the twinkling of an eye.

These are some of the things which await the people of Pampa when they attend open house at the telephone building here next Wednesday and Thursday from 2 to 9 p. m., seen in a special preview Saturday by a reporter of the News as the guest of L. H. Johnson, manager of the Southwestern Bell Telephone Company.

Aunt Minnie, after she sees the equipment at the telephone office, will have a greater appreciation of what is required to make it possible for her to call her daughter about the recipe for that chocolate cake.

**Sees 'Main Frame'**

First we saw a collection of old telephones, a model of Dr. Alexander Graham Bell's first instrument, and telephones of all kinds, shapes, and sizes, which have been used since the first spoken words were transmitted.

Then we saw the "main frame" where thousands of tiny wires from all the telephones in Pampa come together and despatch again before going into the switchboard. Near the "main frame" we saw the large storage batteries which furnish power for Pampa's telephone system. We saw the machine which rings the bell on any telephone

in Pampa when the operator flips a key.

Then we were shown the long distance equipment which makes it possible for any person in Pampa to be connected with more than 34,000,000 telephones in 70 countries, and more than a score of clips at sea. Long distance lines are tested daily, we were told, as the equipment which does the testing was pointed out.

**20,000 Times a Day**

Then we saw what happens more than 20,000 times a day in Pampa. A telephone user lifts his receiver. A light appears on the switchboard, and an operator inserts a plug in a "jack" and answers, "Number, please?" She makes the desired connection and operates the ringing key. The bell on the called telephone rings, someone answers and the conversation begins. When the two people hang up the light again signals the operator and she takes down the connection. In the meantime, however, she has said, "Number, please?" many other times.

As a climax to the preview of the Telephone Open House, your reporter saw the Bell Laboratories exhibit, which includes a piece of metal that actually floats in the air, a queer looking shiny metal tube that contains an artificial voice-box, a set of vocal cords just like ours except this one is made of metal. Also we saw a long metallic bar made of permalloy, which is so sensitive to magnetism that it becomes a magnet when held North and South in the earth's magnetic field, and loses its magnetism when turned out of the earth's magnetic field.

Visitors Wednesday and Thursday will be received and conducted through the Telephone Building by local employees of the telephone company. "Everybody in Pampa is invited," Johnson said.

**May Look Unkempt**

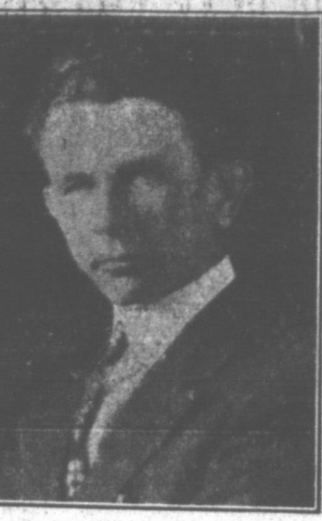

The most important thing to remember is that nothing looks more untidy or unattractive than an up-swept coiffure which just doesn't stay up. If, after a couple of weeks of wearing an up-swept, you suddenly realize that you just can't keep wisps of hair from flying out at the back and that the curls on top are always tumbling down over the ears and forehead, better forget the idea and go back to a medium-long bob.

Naturally, going back to a long bob doesn't mean that you have to wear your hair fluffed out around the face or in dips over your forehead. The front sections can be brushed upward and anchored on top and the back left long.

**Make Coiffure Suit You**

As a matter of fact, regardless of the popularity of upward hair-dos, don't wear your own hair up if you are always tumbling down ten years older, or if it emphasizes the fact that your nose is too long, your jaw too square or prominent or whatever. Change your hairstyle so that you look in tune with the mode, but don't let anyone persuade you to wear anything that does not improve your appearance. If up-swepts just do nothing for you, ask your hairdresser to create a smart variation that will look new and utterly becoming.

### SONG LEADER

C. H. Gilstrap, above, will lead the singing in the revival which begins at the Central Baptist church on Sept. 18. The Rev. Phil McCahey, pastor of First Baptist church at Breckenridge, will be the evangelist.

### FALL'S DAYTIME DRESSES PUT ACCENT ON YOUTHFUL STYLES

**By MARIAN YOUNG**

NEA Service Staff Correspondent

NEW YORK—New fall daytime dresses dramatize natural feminine curves and are, for the most part, essentially youthful.

Daytime skirts are quite short (14 to 16 inches from the floor, depending on the shape of your legs). The majority are flared, although straight, slim versions and those with spaced pleats are featured, too. Bodices are fitted to accentuate the bosom, make the waistline tiny and highlight the hips.

High necklines take the spotlight. Shoulders are very definitely square, and long sleeves are favored by most couturiers.

However, so varied is the fall and winter dress picture that no shopper, whatever her personal likes and dislikes, possibly could have any difficulty finding an accepted style that is especially flattering to her.

There are wonderful draped bodices for those who are weary of dresses cut on shirtwaist lines. There are open necklines for the woman who hates high ones, no matter how much they are touted. Short sleeves and bracelet length ones look quite as smart as the longer types. Bloused bodices and dolman sleeves look new and are wonderful for the too thin and for the tall.

**Variety of Textures**

Embroidered details (Molyneux puts jewel-embroidered bands on necklines of wool dresses), quilting, applied effects (for example, velvet medallions on wool), fur and

stunning buttons are used for trimming. One smart, bloused-back frock of black wool has a diminutive, turn-over collar of pink.

Smooth-textured fabrics are widely discussed. But so are matelasse or cloque materials. By all means, consider matelasse types as well as wonderful mossy crepes, dull finish crepe, pebbly weave, twills, silk and wool jerseys and corded crepes. Incidentally, brand new is a rayon jersey with a wool finish on one side, satin finish on the other.

Black is as popular as ever, and your first fall street dress more than likely will be black. But for the second one or for an afternoon model, look at the color situation carefully before choosing black again. Wine, plum, rust, lavender, purple, mustard, teal blue, sage green and elephant gray are not to be dismissed lightly. It takes more

time and thought to introduce color into your wardrobe, but the results can be worth the effort.

### Church Filled For Reynolds Funeral

Friends and relatives filled First Methodist church Friday afternoon to pay last respects to Mrs. E. E. Reynolds, 48, who died of a heart attack Wednesday morning. Services were conducted by the Rev. W. M. Pearce, pastor, assisted by the Rev. Tom Brabham, president of McMurry college, Abilene, who flew here for the services. Burial was under direction of Duemmel-Carmichael Funeral Home.

Mrs. Reynolds was a tireless worker in the Methodist church, the Friendship class of the Sunday school, the Harvesters Mothers club, Parent-Teacher Associations and other organizations. She had been a resident of Pampa and community since 1913.

Survivors are the husband, five sons, Henry, Noel, Wylie, Albert and

Burton; a daughter, Mrs. Ruth Osborne, and a sister, Mrs. Inez Carter, all of Pampa. She was the daughter of the late Mr. and Mrs. Henry Worley.

**MIND your MANNERS**

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

1. Is it wise to scrawl a sentimental signature on a photograph?
2. Would it be proper for an engaged couple to travel together by train when it means spending a night in a Pullman?
3. If a man is with a woman, may he take his seat in an automobile first in order to avoid the danger of traffic if he enters from the left side?
4. As it all right for a man to offer his arm to a woman if they are in a crowd and likely to become separated?
5. When an engaged couple live in different cities, is it all right to ask the girl and another man to a party together?

What would you do if—

You have a date with a man who insists against your wishes on getting amorous, yet you want to keep his friendship—

- (a) Keep in a crowd
- (b) Insist on going home.
- (c) Put up with him?

Answers—

1. No, only a name.
2. Yes, although one would not occupy the upper and the other the lower berth in the same section.
3. No.
4. Yes.
5. Of course.

Best "What Would You Do" solution—(a).

**Dollard's Sister Buried At Dallas**

J. C. Dollard returned Friday night from Dallas where he attended funeral services Thursday afternoon for his oldest sister, Mrs. Jane Elizabeth Moffett, 78. She was a native Texan, born in Polk county. Survivors are four daughters, Mrs. Mattie Wages, Newcastle; Mrs. Belle Wages, Attoyac; Mrs. Maud Arnold, Houston; Mrs. Annie Baney, Oregon, and one son, Willie Moffett, Dallas; also two sisters, Mrs. Mattie Strickland Canton, and Mrs. Ora Felton, San Antonio; two brothers, J. C. Dollard, Pampa, and J. B. Dollard, Wichita Falls; 24 grandchildren and 39 great-grandchildren.

Burial services were held at the Parnell, Alton, Herman, I. D. A. V., and L. F. Wages. Attending the funeral were Mr. and Mrs. Strickland, Mr. Dollard, her children, five great grandchildren, and a host of other relatives and friends.

**FLANNEL FOR CLEANING PAINT**

Soft wool flannel is preferred by many housewives for washing painted surfaces, particularly paint with an enamel content and whose glossy surface is dulled by strong soaps or washing powders. Stubborn spots which will not yield to rubbing with soft flannel cloth wrung from hot water, may be scoured gently with a fine scouring powder. Rinse and dry with a clean cloth.

PHOTO FINISH

BY CHARLES B. PARMER

Yesterday Linda meets Brown Donald again and knows an extraordinary evening with her steps with his lips feverish upon hers.

CHAPTER XII

DONALD'S arms were holding her with gentle strength. Then something snapped inside her. It was like the blackout of an enchanted stage scene—the swift fall of the curtain.

"Don!" An urgency in her tone caused him to drop his hands, to draw away.

"Don," the girl said quickly, "emotions—they are tricky things."

She took his hand, in friendly fashion; they walked back to his car, got in, started homeward.

Linda was late in reaching the house the next day. She had taken hours to dress; she was going to face this Merle—

When she arrived the crowd was converging toward a big black horse. Linda was jostled back as a well-poised, slender woman in gray—she might have been 42—pushed through, with a younger in scarlet and blue silks at her side. It was the Merle—

Now the crowd was rushing toward the rails of the oblong mile course. There was no grandstand, but a line of farm wagons, drawn up alongside the track, was being crowded by the hunt club members.

LINDA looked for a vacant place. "Want a spot?" An older with a goatee—looking like a caricature from Esquire—called down to her. She nodded, smiled. He reached down, seized her hand, lifted her up. "Here—there's space in front of me. I'm full—see over you. Who you like?"

"Hellion, with Donald up," she said, over her shoulder.

"So do I. Look—they're at the post!"

The field swept past with a thunder of hoofs on the grass—Don three lengths in the lead.

"Two miles to go—twice around—16 fences," the old fellow was enumerating, as Don swung around the first turn, then went over the first fence like a swallow in flight.

"Who says Hellion can't fence?" Hellion was streaming down the back stretch, the field strung out in Indian file. Now he was at the second hurdle. Linda saw the

horse swerve slightly to the left—"Oh, my aunt! Look!"

Hellion crashed through brush and timber—Don was weaving in his saddle—rolling off. Linda saw him fall—saw him turn over—

"He's not hurt! Look—he's up—grabbing his horse—" So he was, as the field swept past. "He's mounting again—he's after them—there he goes!"

Three more fences on that backstretch. A horse fell at each fence—riders kicked feet free from irons—rolled off the course—none remounted as Don did—Don was trailing the field—but Hellion was jumping cleanly now—

They were coming around the far turn—took the two fences on the home stretch—

"Watch him!" Linda's mentor called. "He'll catch up on this straightaway—then around once more—"

SHE saw Hellion pass a gray; then a dark bay; he drew alongside a roan; hung for an instant, passed him; now the leaders were surging by Linda's farm wagon—

"Lord! They're trying to pocket him!" the old fellow called. Those two horses in front were drawing together, but Don—he was pointing at a bit of daylight between them—

"They'll fall!" Linda heard herself scream. "Hell! bump them!"

"No-look!" Don shoved Hellion's nose between those two front runners—

"They're giving away—they've got to—afraid all will pile up!" the man behind her shouted.

Linda held her breath an instant—then saw the two lead horses draw apart—Don shot Hellion between them. "Beautiful—beautiful maneuver," the old fellow chuckled. "Now if he'll just jump cleanly—"

Hellion led down the backstretch—took the four jumps with ease—three lengths in front—took the far turn—looked the first homestretch fence—"One jump to go!" Linda saw him rising for the last jump—he bobbed—

rapped his forehead—Don was swaying in the saddle—now jerking Hellion's head up—

"Close shave, but he made it. Now come on, Don—come on!" the goateed man was calling. Don and Hellion came on—but the chestnut shot alongside, looked Hellion in the eye.

"That's Big Parade, a strong finisher. Come on, you Hellion!"

Nose and nose the two swept up the long homestretch. Don was leaning far over, handridding, pushing his mount onward. The two swept past the farm wagon

together—now at the finish line—"Hellion! It's Hellion! Hellion by a whisker!"

Linda leaped from the wagon, pushed forward with the crowd to be at the weighing-out scales when the horses returned. Hellion, his sweaty flanks heaving, was back first. Don leaped to the ground, jerked the saddle off as the slender woman in gray reached him.

"Nicely done, fellow," she said casually.

LINDA saw Donald turn his head toward her for an instant—a head that was smeared with grass and dirt from his fall. He grinned, then saw Linda. His face lit up. "Wait for me!" he called to Linda. He took his saddle, jumped on the scales, was weighed out. Leaped off the scales, tossed the tack to a valet, started toward Linda.

"Come on, Don," the woman known as Merle called, turning her back on Linda, and walking off, followed by the crowd.

Brown Donald straightened. His mouth opened, but he said nothing. Stood still as the chataelaine moved away majestically. Then he turned, came straight to Linda, now standing alone. "How'd you like it?" he asked, looking at her eagerly.

"A brilliant ride, Don! It was great!"

"Oh, Don!" Again the woman was calling to him—from 20 paces away. "We're waiting for you!"

Linda saw the man's face crimson. He stood on one foot, then on the other. Started to speak to her, started to answer Merle—and did nothing.

"Don!" the call was imperious. Linda smiled sadly. "I think, my dear Don," she said softly, "that you'd better answer Merle."

She turned her shoulder to him. It gave him an out.

"I'll call you later," he mumbled.

"Don't trouble to, m'lud. Hustle along!"

Brown Donald trudged off. Six hours later, after furious driving down Kentucky's roads, Linda Gordon reached the white-painted farmhouse of her uncle. There was no light showing. No sign of life, until she heard the sudden barking of Jerry the Scot-tie, tied to the front porch. A light did flash on as she went up the steps; the door opened. There stood Callie Tompkins, the new cook.

"What you want? Oh, lawdy! Miss Linda! Ah sho' is glad you here. Mr. Sandy, he an' Mrs. Man-an' the cot, they all done run away."

PLATFORM TO HOLD INTEREST AT CONVENTION

By BARRELL E. LEE.

AUSTIN, Sept. 10 (AP)—Democrats will begin assembling at Beaumont tomorrow for a state convention to deliver the party machinery to W. Lee O'Daniel, Fort Worth flour broker who will be Texas' next governor, and approve his policies.

Chief interest in the platform which O'Daniel will push through. Its declarations, if any, on such controversial subjects as horse racing, sale of liquor by the drink, the sales tax, full payment of old age pensions and a new oil and gas commission were eagerly awaited.

Considerable speculation had arisen over whether the delegates would endorse Vice President John N. Garner for the presidential nomination in 1940. Several county conventions took that action. Garner was expected to observe his custom of staying away from party pcwvows.

The convention proper is not until Tuesday. However, O'Daniel and many other Democratic leaders will go to Beaumont tomorrow and the retiring state executive committee will meet Monday to map convention procedure.

With the gubernatorial nominee expected to be in complete control, indications were that floor fights would be few if any. O'Daniel leaders said their plans were to discuss only those policies stressed by the Fort Worth man in his campaign. If they can effect such a limitation on deliberations no controversy will arise on horse racing or a new oil commission.

There may be some sharp oral exchanges during committee consideration of the platform and resolutions. Jesse Martin, nominee for state senator from Fort Worth, is reported slated for the chairmanship of the platform and resolutions committee.

O'Daniel To Preside.

With United States Senator Tom Connally presiding and Coke Stevenson, acting as floor leader for the O'Daniel forces, convention proceedings should move rapidly and smoothly. Stevenson twice has been speaker of the House and is the nominee for lieutenant governor.

Indications were that threats of competing delegations from certain counties, each claiming it should be seated, for the most part would not materialize.

Associations Show Prosperity Gains

LITTLE ROCK, Ark., Sept. 10.—Increasing prosperity in Texas is reflected in the July reports of 121 Texas insured savings and loan associations, according to the monthly statistics just prepared by the Federal Home Loan Bank of Little Rock with which the institutions are affiliated.

New savings funds received by the Texas associations totaled \$2,104,192 during July which was the largest amount received in any one month in the past seven years. Substantial gains have been made each month since January, the bank reported, but in July the peak in the volume of new investments was reached.

Part of the increase is attributed to the funds shifted to the associations following the semi-annual dividend on July 1, through the desire of investors to take advantage of the favorable dividend paid by the federally-supervised institutions. Included in the compilation prepared by the bank are the figures of the Security Federal Savings and Loan Association in Pampa, whose shares are insured.
