FOURTEEN DIE IN ACCIDENTS

Foolhardy Driving Held Responsible For Fatalities

CHADEBURN, N. C., May 14.—(P)—Six persons are dead, four seriously injured and more than 10 other escaped with minor hurts in a grade crossing accident near here.

A truck carrying about 25 persons from Sunday School was demolished by an Atlantic Coast Line passenger train near here yesterday.

The dead: Mary Bullard, 17; Chester Bullard, 47; Sadie Callahan, 14; Bertie Brittan, 13; Rosa Ellis, 7; Nettie Lee Ellis, 9.

E. C. Bullard, 15, was reported in critical condition; Lois Bullard, 7, suffered numerous fractures and bruises. G. T. Bullard, driver of the truck, also was in a serious condition.

ERIE, Pa., May 14.—(P)—A baby is the sole surviving member of a family of seven and a father and son of another family also are dead as the result of two automobiles crashing into a Pennsylvania railroad train at Espyville, near here.

The tragedy occurred yesterday and is said to have been the result of an impromptu race between the two automobiles.

The dead are: Mr. and Mrs. Clare Hays of North Shenango, and their four sons, 10, 7, 4, and 3 years; Ward Thomas, 60, of Pennsire, and his son, William, 32, of Albion.

The injured: Mrs. Ward Thomas who suffered a fractured skull and is not expected to survive; the two-year-old daughter of Mr. and Mrs. Hays; Mrs. William Thompson and her two children, Monnie Thomas, 21, son of Ward Thomas was also in the Thomas machine but was uninjured.

The locomotive was badly damaged. The engineer, James Pilmer, said the automobiles evidently were racing and that the crossing was free of obstruction, with warning bells ringing.

Supt. Campbell Is Life Member of Education Body

Supt. R. C. Campbell has been designated as an active member for life of the National Educational Association, according to a letter to The News from the national organization.

An emblem and certificate of life membership signed by president Cornelius S. Adair and Secretary J. H. Craptree have been mailed to the local man.

Secretary Crabtree in issuing the certificate said "It is a pleasure to welcome into the ranks of life members of this association one who is held in such high professional esteem as Supt. Campbell. His work in Pampa has been worthy of outstanding note and he is a man respected by teachers, pupils, and fellow superintendents."

Santa Fe Engineers Will Arrive Today to Plan Construction of Kell Railroad—Material Coming

Although no definite word has been received from Washington that a permit has been granted the Santa Fe railroad to take over the Frank Kell railway from Pampa to Cheyenne, Okla., material is arriving here daily.

A party of Santa Fe engineers and contractors will arrive here this afternoon, according to advance information received.

Several car loads of advance material for the erection of the storehouses and material yard in Pampa have been received over the Santa Fe.

BLACK HANDER DIES PROVIDED WITH LETTERS

Chicago Character, Trapped by Police, Likely Killed by a Victim

CHICAGO, May 14.—(P)—Six black hand letters were delivered to police yesterday by a dead man.

It was Gaetano Acci, "King of the Blackmatters" and "The Muscular," to give him two of the descriptive names supplied by police. His body, with two bullets in it, was found beside a one-way road near Harvard, Ill.

The blackhand letters were in one of his pockets. They were addressed to different persons and demanded money under threats of death. Most of the intended recipients were found by police to be in poor circumstances.

Acci's slaying, police suggested probably was done by one of Acci's Black mail victims in revenge.

"They got him before we did," said Lieut. Paul Riccio of the black hand squad. "We had a trap set for him a week ago, but he escaped."

BUS GOES INTO LAKE

A large used bus, on the Los Angeles to New York Pickwick line is reported to be stuck in a miniature lake at Panhandle, with only the top and about a foot of the windows showing.

The large passenger bus made the wrong turn in the fog late Saturday night and drove into the lake. All efforts to drag the huge machine from its resting place have been unsuccessful.

Six other large buses, operated by the same company, are stuck in the mud between Panhandle and Groom. According to messages received here long distance calls are being received from all points between New York and Los Angeles.

EIGHT REPORTED DROWNED

ROCKWOOD, Maine, May 14.—(P)—Eight members of a party headed by Dr. A. F. Peterson of Brockton, Mass., are reported to have drowned in Moosehead Lake late yesterday when a motor boat capsized off this place. Charles Dickey, chief of the Brockton fire department is believed to have been rescued, while eight others, including Dr. Peterson and Sam Buddin of Greenville, who was operating the boat, are believed drowned.

PIPE ORGAN IS ASSURED CITY

Methodists Buy One of Best Instruments Obtainable

A three-manual pipe organ to be built for the new Methodist church has been ordered by the committee recently appointed for the purpose.

The instrument will be one of the best obtainable, costing about \$9,000, and will be installed by the time the new building is completed.

Not only will there be orchestral effects, but the Vox Humana, giving the idea of the human voice, and Cathedral chimes. The console will carry 16 stops, meaning there will be 46 different tones, violin, flute, and the like, to be used.

The organ chambers are located on either side of the choir loft, sounding from all over the auditorium, literally filling the room. The console will be located in the front of the choir loft permitting the organist to face forward and also when in recital, to be in full view of the audience, the latter made possible by the removal of the pulpit furniture.

This is an organ entirely sufficient in size for the room in which it will be built, one broad in scope, one to meet every need. It is an instrument which will be a credit to this section of the state. It will be ready for use in about sixty days, and will be used in the opening of the church.

An organist from St. Louis will be presented during the opening week in recital, showing the organ in its fullest capacity. At that time with the building, the organ will be open for inspection.

Marines Struggle Up Swift River to La Luz Mine

Bremen Rescuers Off on Trip to Stranded Plane

ST JOHN, N. B., May 14.—(P)—Two United States army amphibian planes enroute to the Labrador mainland to remove the monoplane Bremen from its prison of ice and snow hopped off at 9 a. m. eastern daylight saving time today from Pictou, N. S.

At Pictou the planes will refuel and will then continue to Long Point, Labrador, where Major General James E. Fechet has been informed the Bremen has been removed.

"OIL OUTLOOK BETTER"

NEW YORK, May 14.—(P)—Cooperation between the government and the oil industry is having a beneficial effect and the outlook for 1928 is more favorable, in the opinion of Henry M. Dawes, president of Pure Oil Company.

His comment on the situation accompanied the annual report, which showed the company's net income for the fiscal year ended March 31 available for surplus and reserves reduced to \$13,001,361 from \$18,876,288 the year before, owing to low prices for petroleum products. Net current asset, however, stood at \$24,012,951, an increase of \$9,100,843.

SINCLAIR LEWIS WEDS DAUGHTER OF A MINISTER

LONDON, May 14.—(P)—Far from the Babbitts and Arrowsmiths of his satirical pen, Sinclair Lewis, American novelist and Dorothy Thompson, American newspaper correspondent, were married today in a quiet room just off London's Main street.

The only witness to the ceremony in Henrietta street, were Jonathan which was held in the registrar's than Cape, the bridegroom's English publisher, Mrs. Cape and a clerk.

The Lewis' plan to leave London Thursday of Friday for motor honeymoon in the remote parts of Northern England. They intend to return to the United States in August "to settle down on some quiet little farm, preferable in New England," Lewis explained.

More than a score of reporters and photographers waited outside during the ceremony. Some of the photographers unlimbered their batteries inside the office before the couple arrived, but there were banished and the wedding took place before a row of empty tripods.

The honeymoon will take the Lewises' into paths far from the usual tourist route, and there the writer will seek material for a novel of English country folk.

Lewis today regretted that he would have to explode the fable that he first met Miss Thompson during an airplane trip to Vienna to cover the disorders there last year. "It's such a good story it ought to be true," he grinned, "but we met in the foreign office in Berlin and about that story that I propose by drawing a picture of a little home—well, I proposed so many times I can't remember how it was done."

Recalling that he has never owned a home of his own, Lewis said he wanted to buy a farm in the United States where he would have a tranquil place to write.

Grace Hegger Lewis, who married Sinclair Lewis in 1914, was granted a divorce from him in Reno on April 16. On April 23, the author of "Elmer Gantry" announced his engagement to Miss Thompson saying:

"You can truthfully say that I am marrying the daughter of a Methodist minister. Dr. Thompson exercised his ministry in North Tonawanda, N. Y."

Miss Thompson was married in Vienna several years ago to Dr. Joseph Bard, a Hungarian philosopher. The marriage was dissolved last year. She has been known as correspondent in Europe for American papers for six or seven years.

Lindbergh Learns Ocean Navigation Methods Quickly

NEW YORK, May 14.—(P)—Colonel Charles A. Lindbergh is now an accomplished navigator. So is Major Thomas J. Lanphier, commandant of Selfridge Field, Mich., whose name has been linked with the flying Colonel's in some forthcoming aerial adventure.

Lieut. Commander P. V. H. Weems who was given a leave of absence by the Navy department to teach Lindbergh the latest navigational aids found him so apt a pupil he is returning to his ship.

"All that I have done with Colonel Lindbergh is to demonstrate to him that ocean navigation can easily be applied to aerial navigation," Lieut. Commander Weems said. "It is simple and he caught on quickly. I can do no more."

His other pupil, Major Lanphier the Navy navigator who is credited by his colleagues with being the leading air navigator of the service, said: "Major Lanphier knows all about my methods. I visited him for some time and he can easily orient myself at any time, regardless of his location."

C. N. Hill was a visitor here over the week-end.

GULF'S HOLMES TEST GOOD FOR 2,000 BARRELS

Unusual Producer Is in Section 107, Four Miles South

TO BE DRILLED STILL FURTHER

Only One Other Well Has Indication of This Wash

Sensational development was reported Sunday from the South Pampa field when the Gulf Production company's No. B-2 Holmes in section 107, block 3, four miles south of here on the oil field road, came in for 2,000 barrels of high grade oil after being deepened 75 feet.

The well was originally brought in seven months ago at 3.125 feet for 400 barrels a day natural flow, with 4,000,000 cubic feet of gas. The flow decreased to 60 barrels a day and two weeks ago deepening commenced. An increase was picked up at 3,100 feet and the well was shut.

Following the above, the hole bridged and the 4,000,000 feet of gas was shut off. When cleaned out, the well continued to flow about 40 barrels with no gas showing and an increase in oil was encountered Friday afternoon in granite wash.

As deepening continued, the show increased and the well was put on the swab Saturday morning. The first 24 hours it swabbed 2,000 barrels with no gas. Swabbing will continue until the gas is brought back.

In the last 24 hours the well swabbed 680 barrels. It will be deepened more immediately. This location can deepen 130 feet before it is at a depth where The Midwest Exploration company struck oil in its diagonal offset. The elevation at this point is 3,332 feet.

Up to pressure time no more gas had been encountered as drilling ahead continued.

The only other well in the near territory which has showed any indication of a deeper pay was the Midwest Exploration company's No. 1, Davis in section 86, block 3, a diagonal offset to the Gulf well flowing at 3,331 feet. This location is on the west edge of the original Wilcox pool, nearby wells have been pumping from 100 to 400 barrels.

Rain Halts Work On Sewer Project

City engineers report that the recent deluge has caused about fifteen miles of the sewer ditch ridge to fall below the surface. Work will commence immediately to refill the ditch along the entire line. This fall-in was expected, but more gradual than caused by the heavy rains over the week-end.

Work on the sewer line and the disposal plant is at a standstill owing to the heavy rains, but will commence as soon as possible. It is expected that the work will be completed and in use within the next month.

Mr. and Mrs. A. C. Jones of the Roxana gasoline camp, are the proud parents of a ten-pound son.

IN CONGRESS

(By The Associated Press) Senate has tax bill before it while House takes up Denison bill providing additional facilities for government barge lines, cooper-Hawes prison labor measure and calendar bills.

Senate campaign funds committee examines former Governor Lowden of Illinois.

Senate foreign relations subcommittee meets in executive session to consider Barlow claim against Cuba.

Several House committees proceed with secondary matters on calendar.

Pampa Daily News

Published every evening (except Saturday) on Sunday morning by the Pampa-Warrenton Publishing Company, Inc., corner of West Foster and Somerville.

The only newspaper adequately covering Pampa and Gray county events and the Pampa oil field.

OLIN E. HINKLE
Editor

Entered as second-class matter March 25, 1927 at the post office at Pampa, Texas, under the Act of March 3, 1879.

MEMBER OF THE ASSOCIATED PRESS
The Associated Press is exclusively entitled to the use for publication of all news dispatches credited to it or otherwise credited in this paper, and also the local news published herein.

All rights of republication of special dispatches herein also are reserved.

Subscription rates table with columns for One Year, Six Months, Three Months, One Month, and rates for Carriers in Pampa and By Mail.

NOTICE TO THE PUBLIC
Any erroneous reflection upon the character, standing, or reputation of any individual, firm, concern, or corporation that may appear in the columns of the Pampa Daily News will be gladly corrected when called to the attention of the editor.

PANHANDLE EDITORS as a class are the most optimistic of men, despite the fact that they offer constructive criticism, and a perusal of their papers shows that they have ample grounds for their enthusiasm.

Interesting items from the regional Press:

Although the official opening of the White Deer-Skellytown golf club has not been celebrated, most of the members have tried the new links.

Bill Miller, editor of the White Deer Review, recently was chided about an article, presumably written by him, in which it was said that he "was toastmaster and his ready wit and pleasing manner made the occasion an evitable one."

Regular Sunday mail is now available to Perryton as the result of establishment of a line from Canadian on that day. Special arrangements had to be made with the post office department to allow the carrier to make the extra run.

Ochiltree was one of the few counties in the Panhandle sending instructed delegates to the Democratic state convention.

The Clarendon News says "the house numbering campaign is progressing without the slightest hitch of any nature. The city commission has authorized the changing of the names of some streets, relieving the city of duplications and confusion."

A building originally planned for Y. M. C. A. use has been remodeled for use as a city hall. Clubs of the city and other organizations also will use the building.

The Wells family is producing two of the Panhandle's best newspapers, the Wellington Leader and the Memphis Democrat. It is a pleasure to read such well-edited publications, which testify to the literary interest and ability of the publishers.

Music Week can be celebrated easily by use of a band

to help individual musical expression. Estelline has a Booster band which recently got a lot of notice through playing every night for a week in Memphis.

Pampa is by no means the only town needing school bond elections to solve problems of increased enrollment. McLean will vote on a \$74,000 issue on May 31.

WASHINGTON LETTER

By RODNEY DUTCHER
NEA Service Writer

WASHINGTON—For the first time in nine presidential elections, the Democratic party will have to get along this year without William Jennings Bryan.

The Old Commoner's absence may have no effect on the fortunes of his party, and then again his passing may mark a new era for it.

Perhaps the most important item from a purely political standpoint is the virtual disappearance of the Bryan idea of carrying elections with the south and west and letting the east go hang.

Al Smith's prospective nomination definitely throws that idea overboard; it means that if the New York governor is nominated the Democrats will carry the fight into the great stronghold of the Republicans.

The party has been getting away from Bryanism ever since the first Wilson administration. McAdoo attempted to carry on his principles and failed, even while Bryan still lived, to sway that great body of Democrats to whom he was Messiah.

Politically and cold-bloodedly speaking, Bryan's disappearance should be no great loss. Lacking a great crusader and remembering that crusaders seldom won elections for all their great value, the party's best bet probably is a man like Smith, whose strength is the belief that he has the best chance to win.

If Smith should be elected and turn out a man of broad, liberal vision, so much the better for the party and the

TWINKLES

Correct this sentence, says the Ochiltree County Herald: "Before I go shopping I always drive around and see what is advertised on the billboards". And look for handbills thrown into the cars stopped on the streets.

Lots of grief is suffered for fame or popularity, but our hat is off to the scientific heroes who voluntarily contract strange diseases to note their effects.

It costs most of us dearly to sign our names to a slip of paper, whereas the great can get practice for nothing—signing autographs.

Regardless of our politics, we are not going to don a derby. As we understand it, that is not a part of the pledge.

The most nery individuals have their weaknesses, and wicked Chicago gets nervous when some aviator starts looping the loop up overhead.

Hungary will build a home for those tired of life. The home likely will make those contemplating suicide glad to live—somewhere else.

country. At the moment, he is neither a crusading radical like Bryan nor an ultraconservative like Underwood or Alton B. Parker and every informed person knows that a Democratic candidate must stand somewhere between those two extremes if he is to stand any chance in 1928.

The Democrats were not a minority party until Bryan ran in 1896 and scared Big Business into panic-stricken opposition. In five preceding elections they received a popular vote plurality except for one defeat by 10,000 votes. Then the party went into the hands of the Bryan forces and undertook to array south and west against the northeast.

BARBS

(By N.E.A. Service Inc.)

The Ford free publicity has been falling off tremendously since the standard American joke became a cigaret lighter.

A boy, denied the use of the family car, killed his father and mother and brothers and sisters. Probably that should be a lesson for parents.

A man suing for divorce in

get along without his mother-in-law. Sounds like a misprint.

A man in Louisiana imitated a wild turkey so well that he was shot. Some of those senators had better quit trying to imitate cuckoos.

A New Jersey man cut his throat and smoked a cigaret. That'll be about the next thing you'll see in the cigaret ads.

The governor of Rome arrived the other day for a 10-day visit in New York. Probably he has to get his picture into the paper some way.

There is no fixed salary for chorus girls. It depends largely upon the figure.

Everything is going to be all right, after all. The Democratic keynote speaker is an editorial writer.

A man calls a spade a spade until his wife bids two clubs.

A magazine asks the question: What kind of husband does the wife miss most? The answer to that seems to be the one who can duck quickest.

We are a great people, despite the fact that we do not respect our flag and have to be whisper to the polls.

These are good days to stay late at the office. Friend wife is beginning to remark about how gray that rug is getting in the living room.

Peggy Joyce threw a glass of champagne into a young man's face in Paris. Over here the popular practice seems to be to throw it into your own.

M. Loewenstein, who stabilized the franc in Belgium, comes to America and takes 22 rooms in a New York hotel. Stabilizing quite a few francs in this country, too.

The Club Mayfair will meet Friday afternoon at the home of Mrs. W. A. Duerr at 2:30 o'clock.

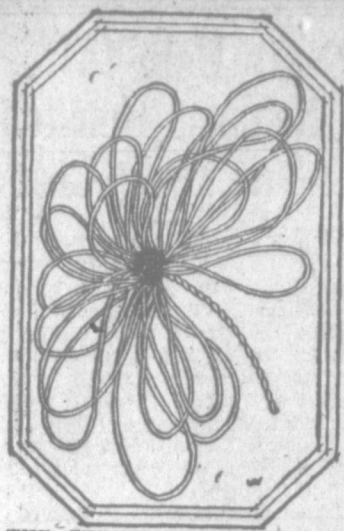

"Marrying Marion," musical comedy will be presented at the Crescent theatre Thursday evening at 8:30 o'clock for the benefit of the Methodist church.

W. H. Curry and Miss Brenner Are Married In Oklahoma

A wedding of interest to a number of local people was that of Miss Lillian Brenner of Amarillo and W. H. Curry of this city, which occurred in Oklahoma City last Wednesday at the Hickins hotel. Dr. Ham, pastor of the First Baptist church of that city, performed the ceremony in the presence of a few most intimate friends and relatives of the family.

Mrs. Curry is the daughter of Mr. and Mrs. N. Brenner of Hominy, Okla., and has been connected with the Phillips Petroleum company of Amarillo for the past year. She is a graduate of the Oklahoma College for Women in Chickasha.

Mr. Curry, who is the manager of the local Southwestern Public Service company, is the son of Mr. and Mrs. B. U. Curry of Pelham, Georgia. He is a graduate of Georgia Tech, and is a member of the Alpha Tau Omega social fraternity. While he has been a resident of Pampa for the past year, he was formerly with Devoe and

THE STRING FLOWER, Chanel's newest, is composed of loops of narrow gold cord.

Reynolds, Inc., in New York City.

Mr. and Mrs. Curry enjoyed a brief trip through Texas and Oklahoma, including Wichita Falls, Dallas, and Medicine Park. They returned to Pampa Sunday, and it is the pleasure of friends to learn that they will make their home here.

Mr. and Mrs. Clinton Henry returned Sunday from visiting with friends in Arkansas City, and Wichita, Kans., and are guests in the home of Mr. and Mrs. Dave Pope.

News Want Ads Pay

MAY PENSION MRS. WILSON

WASHINGTON, May 14.—(AP)—A bill to provide a \$5,000 pension for Mrs. Woodrow Wilson was passed today by the Senate. Senator Swanson, Democrat, Virginia, urged passage of the measure which now goes to the House. The pension would be in the same amount as allowed the widow of President Roosevelt.

PREDICTS MOODY ELECTION

TYLER, May 14.—(AP)—Cone Johnson of Tyler state highway commissioner, here today predicted the election of Governor Dan Moody as delegate at large to the national Democratic convention at Houston.

The opposition, if any, to Governor Moody's election, Mr. Johnson said, will come from the "wets."

Mr. Johnson said he had refused to discuss the selection of any delegates, state chairman, or committee members for the state convention at Beaumont, and that his only interest lies in naming delegates instructed for a dry plank and dry candidates.

Word was received here this morning from Fort Worth that Mr. and Mrs. C. E. Gray of Pampa are the proud parents of a son born on Mother's Day. Mr. Gray is a popular candidate for the office of Justice of the Peace. He expects to return to Pampa late this week.

Payne Is Strong as Derby Leads Through Ohio

ARRROWHEAD, O., May 14.—(P)—The Pyle blister brigade had its eyes today on Astabula, 45 miles eastward, the seventy-second control on the transcontinental derby.

Andrew Payne, Oklahoma youth, who returned to leadership of the race Friday, plugged on at the consistent pace that has characterized his performance through the 2,804 miles from Los Angeles with an elapsed time of 469:48:22.

John Salo, Pascale, N. J., second to Payne in the official record, blazed the trail from Elroy Sunday through Cleveland traffic in 7:13:34, thus cutting down the Oklahoma's margin by 58 minutes, 13 seconds. Salo was followed by Ed Gardner, Seattle in 7:45:30. Third came Mike Joyce, Cleveland Irishman in 7:48:30.

Great Showing Gets Second Go at Club Tonight

Because of their great battle last Monday night, Sam Riley and Floyd Barnes have been re-matched in the final event at the Pampa athletic club tonight. The second main event will be between Rusty Cahill and Leo Rivers. Mickey Blake and Young Mickey Walker will feature the six round semi-final with Young Granite and Jack Morrison as the special events. O. D. and Earl Bordon will open the card.

After two weeks' hard training Sam Riley came back last week and won a decision from Floyd Barnes, the Arkansas puncher, who seemed to lack conditioning. This week these two have been rematched and both are in perfect condition.

Riley, short and stocky, is fast and aggressive. He has nice footwork and handles himself like a veteran. He can hit, take punishment, and step with the best. Riley holds a decision over Fred Whittington and Clyde Hull.

Barnes is racy and packs a sleep punch in either hand. He can take all kinds of punishment and seems to like it. He has reach and height on Riley but that appears to make no difference to the Irishman.

Rusty Cahill had made a comeback and is up against Leo Rivers, the Filipino flash from Lincoln, Neb., in the second main event to go eight rounds.

The fighting Pampa boy, Mickey Walker, will meet Micky Black, the fight artist from Sherman, who recently defeated Johnny Herrington. Both will enter the ring at 165 pounds.

A brother of Kid Granite's will mix with Jack Morrison of Borger and try to tame him. O. D. the newboy will meet Earl Bordon in the opener, which will be a four-round event.

Believe Driver of Fast Cars Lost Head, Killed Self

LOS ANGELES, May 14.—(P)—A veteran and steel-nerved racing pilot who during a career of many years on the fastest board tracks of the country laughed at death and lived a life of chance, today was dead, sheriff's deputies said, because he had become excited over a small brush fire on his mountain cabin site.

Dave Lewis, age 46, who jockeyed speeding automobiles with Barney Oldfield, Teddy Tetzlaff, Eddie Bickenbacker and others of the old school, was found dead yesterday on his San Francisco canyon ranch.

Although his relatives scoffed at the report of officers that he had lost his head and killed himself when a brush fire had started got out of control, the deputies said they were convinced that the veteran driver had become excited when he had started a dangerous fire and shot himself.

The fire on Lewis' ranch home was brought under control with little effort after it had burned over less than an acre of land.

Lewis' relatives said he had not been known to own a pistol and offered the opinion that robbers had killed him and then started the fire in an attempt to cover up their trail.

Miss Collett Wins

HUNSTANTON, England, May 14.—(P)—Miss Glenna Collett, the former American champion, scored her second victory of the day in the British women's golf championship by overwhelming Miss Shirley Lamplugh, 18-year-old British girl, 7 up and 6 to play, after having eliminated the defending titleholder, Miss Thina de La Chaume.

Judge G. D. Stennis transacted business in Amarillo over the week-end.

The Rev. D. H. Trubette returned from Miami this morning after preaching the baccalaureate sermon there last evening.

Pat Hurst is in the hospital seriously ill.

Dempsey Aids in Health Carnival

When Jack Dempsey visited New York recently he played an important part in the Judson Health Center Carnival by placing his signature on anyone's cuff or program for the very modest sum of one dollar, which was turned over to the health fund. The former heavyweight champion, all dolled up in his society rags, is shown here with Anne Morgan, prominent social worker of New York.

YESTERDAY'S RESULTS

Western League
Des Moines at Amarillo, rain.
Omaha 8, Wichita 6.
Pueblo 8, Tulsa 10.
Denver 4, Oklahoma City 6.

American League
Chicago 3, Washington 10.
Detroit 2, New York 7.
Philadelphia 0, Cleveland 2.
(Only games scheduled.)

National League
Philadelphia 4, Cincinnati 11.
Boston 6, St. Louis 5.
Pittsburgh 5, Brooklyn 8.
New York 5, Chicago 6.

Texas League
Shreveport 1, Houston 6.
Fort Worth 6, Waco 7 (10 innings).
Dallas 4, Beaumont 3.
Wichita Falls 2, San Antonio 3.

Lone Star League
Tyler at Mexia, rain.
Corsicana 5, Texarkana 2.
Paris 1, Palestine 3.

American Association
Columbus 2, at Toledo 6.
Indianapolis 0-2, at Louisville 2-1.
Kansas City 0, at Milwaukee 12.
St. Paul 4, at Minneapolis 8.

Bears Help to Replace Houston as Texas Leader

(By The Associated Press.)
The Houston Buffaloes trampled the Shreveport Sports 6 to 1 Sunday to regain the Texas league leadership while the San Antonio Bears were joining the Wichita Falls Spudders out of first place with a 3 to 2 victory in the Bears' fair. San Antonio also nosed Fort Worth out of third place through a 7 to 6 defeat plastered on the Cats by the Waco Cubs after a 10-inning struggle.

The second division, headed by Waco, whose grip on that dubious honor appears unshakable, remained stationary in standing, although Dallas, by a 4 to 3 decision, impressed it a little more clearly on the Beaumont Exporters that anybody can beat them. Shreveport, too, was left only a one-game margin of superiority over the Steers.

Big Jim Lindsey was the hero of Houston's victory over the Sports, taking savage revenge on them for the six runs they made off him in three innings Friday. Through a drizzle of rain he fired 'em hot and heavy at the Sport batsmen, who broke through for only six hits, well strung out. Watkins' homer only added to the general effect.

It was drizzling at Waco, too, which may explain why the Cats had such hard going against the Cubs. Cats not esteeming wet feet, Wolgast and Pratt of Waco and Harrington of the Panthers drew one homer each, which was the margin of the win, for it was actually Pratt's clout over the right field fence which decided things. Turner, the winning pitcher, pulled the game out of the fire with his nice relief hurling.

The Bears tapped Tom Estell's saliva barrage for eight hits and twelve bases while Frank Kilo Watt was treated to the novelty of winning a game from the mound. It was Estell's balk in the eighth, however, that gave the Bears the edge. Frank Meyers, scoring after slugging out a triple which drove in Nason to tie the count 2 and 2.

John Billings untied the score for Dallas against Beaumont with a homer over the left-field fence in the seventh. As in the Cat-Cub game, it was the one-homer advantage which decided the contest. Mulvey of the Steers and Swanson of the Exporters having hit one each.

Library Science Offered at College

CANYON, May 14.—Standard courses in library science will be offered next year at the West Texas State Teachers college. These courses will be open to juniors and seniors and will be of special interest to those majoring in history and English.

Miss Tennessee Malone, the librarian, states that there is an insistent demand for these courses because of the large number of high school libraries which are being developed in this part of Texas. Many of these libraries are not large enough to warrant the employment of a full time librarian, and the work of the teacher of history and English logically fits with library work better than that of teachers of other subjects.

The first of these courses will be offered with the beginning of the long session in September, 1928.

GLENNA STAYS WELL
HUNSTANTON, England, May 14.—(P)—Glenna Collett, former American champion, and Miss. Simone de La Chaume, defending champion, were all square at the end of the first nine

Jimmy McLarnin to Meet Mandell Thursday Night

NEW YORK, May 14.—(P)—While the heavyweight champion, Gene Tunney, has gone into the seclusion of his spectacular camp to prepare for the season's biggest fistie shot, the spotlight of the ring turns this week to the lightweight revival, featuring "Baby Face" Jimmy McLarnin of California—and, Sammy Mandell of the Rockford shels.

Mandell will take his world's title out of storage Thursday night and defend it in a 15-round match against the sharpshooting young Irish lad for

holes of their match in the opening round today of the British women's open golf championship.

the second time since he won it from the veteran, Rocky Kansas.

McLarnin can hit. Sid Terris, kid Kaplan, and a few others will testify that the "Baby Faced" youth packs a wallop like the kick of a mule. Mandell also packs a punch, but the champion's forte is skillful footwork and boxing ability.

It will be the biggest money battle for the lightweight crown since Benny Leonard's last scrap with Lew Tendler in 1923. It should also be the most spectacular title bout in the division since Benny was giving his southpaw rival a few punching lessons.

Come to the Fastest Growing Town In the Panhandle---

LEFORS

Folks you cannot realize how quickly Lefors has built up to care for the rapidly increasing demands of an oil town. The oil development has centered around Lefors—people have moved in—store buildings are going up—residences are under construction—many far-sighted people have realized that Lefors is making a permanent little city.

Practically every day a new oil well comes in for production. The field is expanding—the acreage for miles around is proven. In the heart of this production is Lefors! It will require years to complete the wells on the acreage that is now proven.

Lefors is compelled to grow! The demands of hundreds of crews of men are great, there must be

stores of every kind. Families have already moved to Lefors to make their home near their work.

Lefors is now an organized little city. The Chamber of Commerce is active and every detail of the town is being studied so as to have a solid foundation for the city that Lefors is destined to be.

Located in the center of Gray county, Lefors is known as the playground of the Panhandle. Trees are in abundance—running water is supplied by the north fork of the Red river. A fertile valley surrounds the town. Lefors makes an ideal home-site.

You cannot realize the possibilities of Lefors until you make a visit and see the activity.

The Following Individuals and Firms Invite You to Our Fast Growing Town!

Reno's Divorce Business Doubles During Last Year

WASHINGTON, May 14.—(P)—Reno famous as a divorce center, was in much larger magnet for disagreeing couples last year than it was in 1926. The commerce department, reviewing marriage and divorce statistics for Nevada today, credited that state with 1,933 divorces in 1927, an increase of 932 or 91.3 per cent over the previous years. Specific figures for Reno were not given, but Washoe county, in which it is located, was shown to have granted 1,603 of the total, a gain of 847, or more than 100 per cent. While no explanation was offered for the divorce increase, the department called attention to a modification of Nevada's residence requirement from six to three months. The largely to a change in California's marriage law requiring three days' notice to be given before the issuance of a license, the report said, 95.3 per cent more couples were joined in wedlock in Nevada last year than the year before. The total marriages were 2,398, an increase of 1,170. Washoe county's figures nearly tripled, showing 1,538 marriages last year against 558 in 1926. A total of 38 marriages were annulled in the state in 1927 as compared with 20 in 1926. White Humboldt and White Pine had one each.

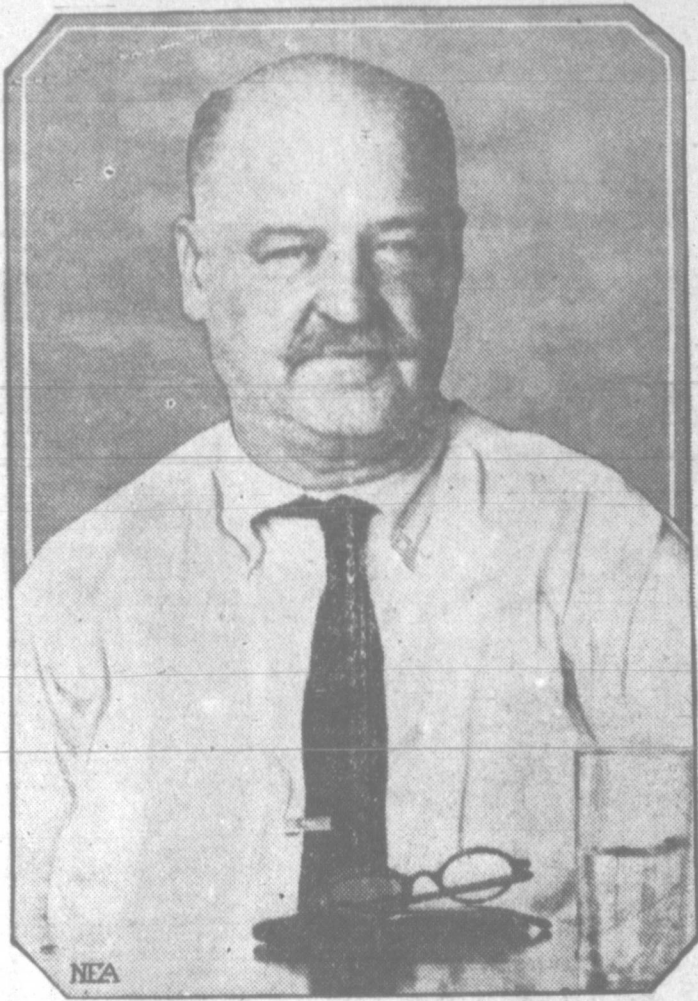

Japan Is Firmly Settled in Shantung Province of China

(By The Associated Press)
Japan took steps last week to plant her feet firmly in the soil of Shantung Province, Shantung, China. The capital, was cleared of Nationalist troops, control of the Shantung railway was taken over and administration of the city was placed in the hands of the Chinese Chamber of Commerce. The battle between the Japanese and Chinese lasted several days, and in the end the Japanese were in complete control. Both sides paid the price in heavy casualties. Although the Nanking (Nationalist) government appealed to the League of Nations at Geneva charging Japan with violation of China's territorial integrity and independence, the Nippon government continued its warlike preparations, and large contingents of men and ships are proceeding to China. The northern dictator, Chang Tso-Lin, issued an appeal to all the people for unity and the cessation of hostilities. He charged Communists with responsibility for the present civil war and feared impairment of China's relations with the powers because of the foreign interests involved. What the League of Nations will do in the affair has not been disclosed—not even decided for the protest from the Nanking government cannot be officially recognized unless some other government—the Peking government or some other member of the League adds its voice to the appeal. While the Geneva statesmen are having a lively discussion over the Sino-Japanese situation, the various governments who have large interests in China have been silent, indicative probably of the uncertainty of Japan's intentions, although the Japanese premier, M. Tanaka, instructed the competent authorities at Tokyo to take steps to settle the affair by diplomatic means.

Italia Is Prepared For Another Flight

KINGS BAY, Spitzbergen, May 14.—(P)—The dirigible Italia will make another flight into the north polar regions as soon as good weather prevails. The crew is working day and night filling up General Umberto Nobile's craft with gas and benzine. The wet snow of the last day and night has covered the Italia with a white mantle which it was difficult to get off, but it was melting today and the ship was drying under the sunshine.

He's Al's Best Booster

This is W. F. Kenny, who, after a varied career that included cowpunching and work as a section hand, has become a multi-millionaire and a close associate of Governor Al Smith. Before a senate committee investigating the campaign expenses of presidential candidates it was brought out that Kenny gave \$20,000 and loaned \$50,000 to the Smith campaign. He was once a Texas cowboy.

34 Wayland Students to Be Graduated

PLAINVIEW, May 14.—Annual commencement exercises at Wayland Baptist college will begin Thursday, May 17, and culminate Wednesday, May 23, with a program which will feature a commencement address by Dr. W. S. Allen, dean of Baylor University. Thirty-four members of the senior class are to be graduated this term. As a memorial to the school the class has built concrete walks from the administration building to Matador Hall and from Matador Hall to the street. On the walk has been erected a column with a tablet bearing the inscription of names of the class members. Thursday, May 17, Mrs. Arilla Peterson, head of the music department of the college will present her pupils in recital at the college auditorium. Friday, May 18, inter-collegiate debates will be held with Montezuma College. The girls' debating team of the two institutions will meet at Plainview and the boys' teams will meet at Montezuma. Saturday, May 19, the annual Alumni Banquet will be held at the Hotel Ware. An interesting program has been arranged which will be followed by a business session and election of officers. Rev. V. M. Cloy of Hereford will preach the baccalaureate sermon to the Wayland graduates Sunday, May 20, at the First Baptist Church. Inter-society debates will be held Tuesday, May 22. There are eleven members of the Academy graduating class and the Academy seniors will hold their commencement exercises in connection with the college graduates.

BOATS REFACE AUTOS

PORT COULONGE, Que., May 14.—(P)—Scores of families were made homeless today by the rise of the Ottawa and Coulonge rivers. The countryside resembled a lake. All main thoroughfares were flooded and boats were the chief means of transportation. This village virtually was an island.

FORMER OIL HEAD DIES

INDEPENDENCE, Kas., May 14.—(P)—Word was received here of the death today in Battle Creek, Mich., of J. C. McDonald of Independence, former president of the Standard Oil company of Kansas. He had been in a sanitarium there for several months.

Foreigners Menaced by Chinese Move Around Peking

SHANGHAI, May 14.—(P)—Foreign forces prepared to guard their Nationals today as the Southern (Nationalist) troops advanced on Tientsin, 60 miles southeast of Peking, their objective in the Nationalist spring drive. As the southern troops moved north, the Nationalist council formally called President Coolidge's attention to the recent clash between Southern and Japanese forces in Tsinan and asked the attitude of the United States government "toward this grave situation created by Japan."

HOOVER GOES FISHING

WILLIAMSPORT, Pa., May 14.—(P)—Breaking away from politics and dismissing the cares of his office for a few days, Secretary of Commerce Herbert Hoover today was trying to lure the wily trout from streams in Lycoming county. Remaining in this city overnight, after a motor trip from Washington, Mr. Hoover left for Ogontz lodge near Salladsburg, west of the city, there to remain for a few days as the guest of Jay Cooke of Philadelphia.

Foreign military commanders who have a force of 8,600 troops at their disposal, decided to establish an outpost line on a radius of seven miles from the city. Japanese troops were assigned to guard strategic points in the foreign concessions, including the eastern railway station at the junction of the important lines linking Tientsin and Pukow, opposite Nanking, and Peking and Mukden. Four thousand of the foreign troops in Tientsin are Americans who are equipped with 20 airplanes, five tanks and five field guns. One thousand are British, 3000 are French and 900 are Japanese. Most of the Japanese troops had been withdrawn for duty in Tsinan and other Shantung province points.

Bremen Crew Flies Over Lindy's Mail Route to Chicago

MILWAUKEE, Wis., May 14.—(P)—The Chicago-St. Louis air mail route that Lindy flew called today to Koechl, Pitznaurice and von Hu-nefeld. Three days of receptions, parades and entertainment in Chicago and a busy Sabbath here had left the east-west Atlantic fliers a trifle tired, but still eager to continue their aerial itinerary to St. Louis. Even today, in the moments between dawn and the hop-off hour of 11:30 a. m., the fliers had a crowded program, including breakfast with a group of business men and aviation enthusiasts, and a visit to the civil and world war veterans at the state soldiers' home.

Carol Is Charged With Soviet Plot by French Paper

PARIS, May 14.—(P)—L'Echo de Paris today said that there was every reason to believe that former Crown Prince Carol of Rumania had fallen into the toils of Moscow. The Soviet, the paper said, was in constant touch with Carol and maneuvered him during his stay in France. Close relations were established between certain of Carol's intimates and principal personages in the Soviet embassy. In view of this, the paper concluded that the return of Carol to France was in no way desirable.

LONDON, May 14.—(P)—Prince Carol's departure from England in pursuance of the British home office's recent request that he leave the country, has been postponed for a bit. He is departing for the continent before Thursday, his host, M. Jonecu, announced today. It had been expected that Carol would leave today.

George Everly, who was seriously burned Wednesday morning when he came in contact with a high line, is slowly recovering in the Pampa hospital.
