DISTRICT CLERK OUSTER ASKED

Europe Waits To See If Hitler Will Next Grab Lithuanian Area

Hull Warns Americans To Shun 'Powers'

By J. C. STARK
LONDON, Dec. 10 (AP)—Political unrest stretched today from the Baltic to the Black Sea in eastern Europe and, in the West, on down into Africa under Nazi or Fascist inspiration in some form or other. Ominous rumblings in the East extended along Germany's entire border from little Memel, once part of the Hohenzollern empire, to Rumania.

They led to discussion in London and elsewhere of whether—and, if so, where—Germany would move again in her "drang nach Osten"—drive to the East—while Italy, her axis partner, kept Great Britain and France worried in the Mediterranean area.

Germany already is well launched on a vast economic scheme, in eastern Europe, gaining the raw materials she needs, paying for them with German goods, and consolidating Nazi influence.

(Tunisia, French North African protectorate, has been the focus of unofficial Fascist agitation since Nov. 30. France for half a century has recognized special Italian rights in the 48,300-square-mile area.

Specific objectives of the Fascist clamor have not been outlined but the authoritative editor of Il Giornale D'Italia, Virginio Gayda, has stated Italy would be receptive to new negotiations over Italian rights.

Trouble Spots
Where the Germans would act first, remained uncertain but three trouble spots offered possible clues.

1. In Memel, long the center of a dispute between Germany and Lithuania, extreme Nazis.

2. In Poland, where the Germans would act first, remained uncertain but three trouble spots offered possible clues.

3. In Poland, long the center of a dispute between Germany and Lithuania, extreme Nazis.

Hull warned the delegates of 21 nations that "mankind is tragically confronted once more by the alternatives of freedom or serfdom, of order or anarchy, of progress or retrogression, of civilization or barbarism."

Telling his listeners that an "ominous shadow falls athwart our own hemisphere," he said each American nation had to decide for itself what measures to take "to meet its share of our common interest and responsibility."

Hull, as far as the United States is concerned, Hull said "let no one doubt for a moment that, so long as the possibility of armed challenge exists, the United States will maintain adequate defensive military, naval and air establishments."

Resolution Urged.
The white-haired secretary of state spoke following two other keynote speeches by Dr. Jose Maria Cantillo.

Son Operates After His Father Dies

MEMPHIS, Tenn., Dec. 10 (AP)—Almost literally taking up the scalpel from his dead father's hand, Dr. William T. Black, Jr., performed an operation at a hospital here today.

Dr. William T. Black, Sr., was in his operating gown and the patient was in the operating room, prepared for the knife, when the surgeon suffered a heart attack, died in a few minutes.

The son carried the operation successfully on schedule.

I Heard ---

Reno Stinson chuckling with glee as he talked with Garnet Reeves about the joint chamber of commerce luncheon on Tuesday noon in the basement of the Methodist church. From what this corner heard of the conversation, the program should be a knockout.

He Streaked Into Her Heart

Sally would never forget that first moment when she saw Dan Reynolds, a dark figure poised high above her head, next a lightning streak, skimming down the trail of the slick, steep slope toward her. Actually, that moment Dan streaked into her heart, but Sally was to learn that love does not come so easily without a price. Her story is revealed in the romantic new serial.

Man Hanged, Garbed In Mother's Clothes

GALESBURG, Ill., Dec. 10 (AP)—Rouged, wigged and attired in the garments of his mother, the body of Gale Davison, was found hanged to a tree today in a suburban pasture.

The death of the former railroad brakeman on his 28th birthday anniversary presented authorities with a mystery.

Police summoned by two frightened hunters found the body suspended from a tree. Davison's hands were manacled behind him with a pair of toy handcuffs.

Neither his mother, Mrs. Maude Davison, nor a girl with whom he kept company could offer an explanation.

It was not until the body was removed to a funeral parlor that it was discovered the woman's clothing, complete to a corset, was a masquerade.

A post mortem examination disclosed no signs of violence except strangulation. An inquest was set for tomorrow.

The men who will lead the Panhandle Chapter of the American Petroleum Institute during 1939 are pictured above as they were introduced following their election at the annual banquet at the Southern Club last week by Harry V. Mathews, retiring chairman.

Left to right, standing, are Cleve Huff, secretary; George Berlin, second vice-chairman; Dan Williams, first vice-chairman; Walter Biery, chairman. All are Pampa residents.

Shown seated are, left to right, Bill Browne of the Pampa Press, Jack Dunn, deputy supervisor of the Texas Railroad Commission, and Harry E. Hoare, oil editor of the Pampa Daily News. Dunn and Hoare are members of the chapter advisory board.

Fun, Fellowship To Be Theme Of C-C Meeting

Fun and fellowship will be the theme of the monthly luncheon of the two Pampa Chambers of Commerce Tuesday noon in the basement of the Methodist church. President Reno Stinson of the Board of City Development announced yesterday.

Visitors at the luncheon will include members of the Borger Chamber of Commerce and delegates from the Borger Rotary and Lions clubs and the Phillips Civic club, whose football team defeated the Pampa Civic club eleven in a Flower Bowl game here last Thursday.

Reservations should be made immediately by calling 384, the chamber of commerce office in the city hall. Tickets will be 50 cents a plate.

"We feel the football game was a great thing for Phillips, Borger and Pampa business men in getting everyone better acquainted," Reno Stinson said. "We are glad to give the time of our December meeting to such a program to continue this good fellowship."

Details of the program were not announced but rumor has it that appropriate prizes for the best plays, and the best players are being selected by the committee in charge.

Pampan Injured In Car Wreck

Condition of W. C. Wilson, Pampan injured in an automobile accident seven miles west of Pampa at an intersection on highway 152 at 2:15 o'clock Friday afternoon, was reported as serious at Pampa-Jarratt hospital late Saturday night.

Wilson suffered a crushed chest and a concussion as a result of the collision of the Oldsmobile coach, in which he was riding with his brother, Forrest Wilson, with the Ford coach driven by J. B. Johnson. All three men are of Pampa. Johnson resides at the Schneider hotel, the Wilsons at 419 South Paulkner. W. C. Wilson is an employee of the Baash-Ross Tool Company.

Only minor injuries were suffered by the other two men in the accident.

Wilson was taken in a Pampa Mortuary ambulance to the office of Dr. J. B. Johnson in the Ross building. He was in too serious condition to be moved from the office at that time. At 7 o'clock that evening was removed to the Pampa-Jarratt hospital.

Deputies O. T. Lindsey and Henry McGee made a trip to the scene of the collision Friday afternoon. An oddity of the accident was in the fact that both the name of one of the men in the accident, and the doctor to whom W. C. Wilson was taken, had the same name, according to the officers' report.

Byrd Demands End To 'Fiscal Insanity'

BOSTON, Dec. 10 (AP)—Senator Byrd, Virginia Democrat, today demanded an end to "nine years of fiscal insanity" and declared he was convinced the Roosevelt administration could not be looked to for leadership toward economy despite the "tragic failure" of its spending program.

The Virginia Senator urged:

1. Reorganization of the federal government "for simplification, retrenchment and economy. (He attacked the President's reorganization bill as tending toward government "by executive decrees," and said he would introduce his own bill.)
2. Cancellation of the "existing authority of 30 federal borrowing corporations which now have power to add \$8,000,000,000 to the public debt."

Students Organize To Support FDR

AUSTIN, Dec. 10 (AP)—A group of University of Texas students announced today they had formed a "committee for the continuation of Rooseveltian reform" in opposition to a recent John N. Garner-for-President movement.

Fred Schmidt of San Antonio was chosen chairman; Tom Law of Austin, vice chairman, and Jack Frye of Amarillo, secretary-treasurer.

"We hope that this will be the opening gun in a movement to show the nation that Texas is still strongly for President Roosevelt and the New Deal," Schmidt said.

Cotton Quota Approved 160 To 9 In Gray

Growers In County Give Overwhelming Support To Plan

COLLEGE STATION, Dec. 10 (AP)—An overwhelming vote in favor of cotton marketing quotas in Texas was indicated in first returns to AAA headquarters tonight, which reported 23,197 votes for to 6,927 against in 61 counties.

In the referendum on rice, Jefferson county a heavy producer of that grain, reported unofficially 119 for to 93 against.

Wichita county, where the program barely carried a year ago, reported a vote of 250 to 140 for the AAA program. Only one of four precincts gave the program the necessary two-thirds majority.

Other early unofficial returns: Lamar county, for 1,249, against 428 with 15 boxes complete, five unreported; Jefferson county, for 68, against 29; Anderson county, for 1,586, against more than a hundred votes out; Midland county, 183 for, 17 against; Taylor county, 782 for, 284 against; Collin county, 1,618 for, 922 against.

Cotton growers of Gray county voted in favor of a cotton marketing quota by 189 to 9, in the referendum election held at three places in the county Saturday.

At the Pampa polls, located in the district courtroom, the vote was 17 for, none opposed; at McLean, (American National bank) 102 for, seven opposed; at Abilene, (Farmers Loan office), 41 for, nine opposed.

The referendum held Saturday was similar to the one held a year ago, with approximately the same results. Last year the vote in Gray county was more than a hundred favoring the establishment of a marketing quota with less than a dozen opposing it.

The marketing quota for Gray county last year was 8,263 acres. County Farm Agent Ralph R. Stinson said that if the 1939 crop would be approximately the same.

Oil Hearing To Be Monday

Two important meetings make Texas next week the center of all eyes in the oil industry.

The first is the statewide hearing at Austin Monday, more significant than usual because the Texas Railroad Commission intends to search exhaustively for information to guide its policy through the first several months of 1939.

Executives of major companies have been asked to tell the commission how much lower they think stocks of oil and oil products should go. The state agency is hopeful it will be able to do something to lift either Saturday or Sunday statewide oil field shut-downs.

The second is the quarterly meeting of the Interstate Oil Compact Commission at Fort Worth Wednesday and Thursday. The commission will outline the activities it hopes to carry on during the ensuing biennium if its life is extended.

Ernest O. Thompson will preside over both sessions because he is chairman of both organizations.

Thompson believes the compact agency should continue functioning with its powers limited as at present and is confident congress will permit such continuation.

"The commission already has all the power it needs to have," he said. "A member state wouldn't resist for the agency telling us exactly how much oil or gasoline it could produce. The commission's authority should remain persuasive only."

The general opinion here was that the commission would declare against any broadening of its powers. Some persons voiced the belief it already had the power to recommend legislation in the member states controlling refining just as production now is controlled.

Former Pampan Helps Boy Who Stole Overcoat

When it comes to "turning the other cheek," J. M. Dodson, now of Amarillo but formerly of Pampa, appears to be in the running for first prize.

Thursday, Mr. Dodson was driving from Amarillo to Lubbock when he picked up a 15-year-old hitchhiker from Pampa, en route to New Mexico. When they arrived in Lubbock, Mr. Dodson parked his car in a garage. The boy followed Mr. Dodson to a hotel, where the two parted, after Mr. Dodson gave the boy 35 cents.

Later the boy returned to the garage and said Mr. Dodson had sent him after an overcoat left in the car and was permitted to take the coat.

When Mr. Dodson discovered the overcoat was missing the following morning, he notified police, then the county officers here, and the boy had given him his name and said he had relatives in Pampa.

The boy was picked up at the home of his relatives here by Chief Deputy O. T. Lindsey. Mr. Dodson was notified, came to Pampa Saturday, recovered the coat, and the boy could not make any charge against the boy, but gave him a ride back to Amarillo and paid his bus fare to Clovis, N. M., the boy's home, Deputy O. T. Lindsey said. Do-son said he believed the boy had "learned his lesson."

Train Carries 560 Kiddies From Vienna

VIENNA, Dec. 10 (AP)—A ten-coach train carried 560 Jewish children out of this city tonight, in flight from the Nazi anti-Semitic storm over what was for their fathers gay Vienna.

The 400 boys and 160 girls, aged three to 17, left for England and The Netherlands accompanied by 20 Jewish women who found jobs as house servants in England.

Emphasis On Farm Problems Misplaced Says College Prof

CORSICANA, Dec. 10 (AP)—Social welfare workers of East Texas today said a college professor's assertion today that emphasis has been placed on secondary factors in farm problems rather than on fundamental issues.

Dr. Daniel Russell, head of the department of rural sociology of Texas A. and M. college, told 160 delegates and visitors at the region three conference that far more attention had been given to better farming methods than to the problems facing rural citizens.

The conference adjourned after a two-day meeting.

Miss Wilson Declines To Resign Office

Removal Petition To Be Presented To Judge Ewing

A petition was being prepared late Saturday night by District Attorney Lewis Goodrich and County Attorney Joe Gordon, asking for the removal of Miss Miriam Wilson as clerk of the 31st judicial circuit in Gray county.

The petition, the district attorney said, would be presented to District Judge W. B. Ewing this morning.

Miss Wilson, district clerk here since Jan. 1, 1937, and re-elected for another two-year term beginning next Jan. 1, was charged in justice court Thursday night with embezzlement of county funds.

The embezzlement charge followed Miss Wilson's statement Thursday to auditors and County Judge Sherman White that she had taken, at various times over a year's period, sums ranging from 35 cents to \$14.70. She estimated the total amount at \$250.

Next Clerk Advised
All of the money was replaced by Dec. 1, this year, Miss Wilson told the auditors.

In the petition being prepared late last night, District Attorney Goodrich and County Attorney Gordon said Judge Ewing would be asked to suspend Miss Wilson temporarily from office and to immediately appoint some other person to fill the office until such time as the court holds a hearing and rules on the petition asking for removal of the district clerk.

At 8:30 o'clock last night Miss Wilson was called on the telephone by District Attorney Goodrich and was asked to come to the county attorney's office in the court house. She arrived about 20 minutes later.

In the presence of Mr. Goodrich, Mr. Gordon and a newspaperman, Miss Wilson again admitted that she had taken money from the district clerk's office and appropriated it to her own use.

Next Clerk Advised
However, she followed up this statement immediately with another in which she said she had been advised not to resign. At this juncture, she asked if it was necessary that the newspaperman remain in the room. He voluntarily left the office.

Following a half-hour conference which was entered midway by John Sturgeon, Pampa attorney, Miss Wilson came out of the office, accompanied by Mr. Sturgeon.

Resignation Anticipated
It was then that the county and district attorneys announced that Miss Wilson said that she would not resign, and that they began the preparation of the petition asking for her removal from office.

The two officials said they had anticipated a resignation from the district clerk, but when they learned definitely last night that it would not be forthcoming, they immediately...

Slipshod methods of accounting for the people's money in Gray county must be eliminated!

Judge White's plan to demand an audit of all county books and records every three months will eliminate these slipshod methods and remove temptation to "borrow" county money for personal use.

Often when persons with previously unblemished reputations violate the law, a portion of the public is swayed by sympathy for the violator. This makes it difficult for the proper authorities to mete out justice without criticism.

It should not be that way.

When cases of this kind develop, it is the duty of every law-abiding citizen to back up the officers whose obligation it becomes to prosecute the offenders.

It is easy to draw the line.

An act of a public official—or anyone, for that matter—is either right—or, it is wrong.

IF IT IS WRONG, SOMETHING SHOULD BE DONE ABOUT IT AND THE LAW SHOULD TAKE ITS COURSE!

Negroes Held In Theft Of Violet Gher's Jewels

Two negroes were arrested by Amarillo police officers Friday afternoon within less than an hour and a half after the theft of a purse containing \$1,725 worth of jewelry belonging to Mrs. Violet Gher, former Pampa woman.

Officers in radio patrol cars started a search for two negroes after Mrs. Gher reported the loss from her store. Mrs. Gher chased the pair but was outdistanced. She was able to give officers a good description of the men, however.

Mrs. Ralph Reinsmidt of Pampa visited Mrs. Gher a few minutes after the recovery of the purse and jewelry. She said that Mrs. Gher saw two negroes enter the rear door and snatch her purse.

The negroes gave their names as Rudolph Campbell of Waco and L. D. Douglass of Oklahoma City. Within a short time they pair had been picked up and the purse...

Operetta Will Be Presented Friday Night

"The Pastry Cook and the Pirate" is the title of a farcical operetta to be presented by the students of the Junior High School on the afternoon and evening of Friday, December 16, in the high school auditorium.

The annual presentation of an operetta has long been considered by junior high school students as one of the major events of the school year. For this year's performance the best musical and dramatic talent of the school has been mustered into a cast that includes 17 boys, 13 girls, and a large chorus.

The two leading male parts of the operetta, Blackbeard, the pirate and Ben, the baker, twin brothers who are dissatisfied with their vocations, are played by Harris Lee Hawkins and Joe Cox. The part of Amelia, the pirate's sweetheart, is played by Evelyn Auld. Other leading roles will be sung by Neely Joe Ellis, Troy Boyles, Billy Waters, Helen Marie.

Highway 152 Bids Will Be Received

Bids are to be received by the Texas Highway Department at Austin at 9 a. m. December 21 for the construction of 6.046 miles of grading improvements and one mile of shoulder surfacing from the Carson county line to Pampa on Highway 152.

The work is on a strip of the road connecting with the Austin Construction company's project of paving the highway between the paving seven miles west of Pampa and Borger, a distance of 20.37 miles, and will include filling in of ditches, flattening of slopes, and building road approaches and places for bus stops, similar to the work done by Allhands and Davis on a strip of U. S. Highway 60 between Kingsmill and the Potter county line.

When Your Child Gets In Fifth He Begins To Learn Of Nation

6,000,000 Boys And Girls Hunting Jobs

WASHINGTON, Dec. 10 (AP)—New estimates prepared for the American Youth Commission today placed the figures of job-hunting boys and girls between 16 and 24 years of age at nearly 6,000,000.

D. L. Harley of the commission's research staff estimated that 3,800,000 of those were totally unemployed.

Canvassack ducks run on the surface of the water before rising into the air.

This is another in a series of "Behind the Scenes" articles on Pampa schools, dealing with the fifth grade. A story on the sixth grade will appear in next Sunday's issue.—Editor's Note.

When the young Panaman of the class of 1950 enrolls in the fifth grade of the Pampa school system, he is made aware for the first time of another unit in the world in which he lives. As he has been taught of the community as the first step away from the world of home and school, he now begins to learn of the nation and the form of government under which he lives.

It is, of course, simplified so that his fifth-grade mind can easily understand it. Under social studies, for one-half of the year he will learn U. S. history, principally in a biographical form, the meaning of the American flag and the respect due to every good citizen. He will learn of our nation's relations with Mexico and Canada and study in a minor way the idea of goodwill between the United States and its neighbors.

In the one-half year devoted to geography, he views that subject in its relationship to history. History is the distinguishing mark

of the fifth grade, the only new subject.

The other courses are further developed. In language arts, the fifth-grader pays more attention to composition, learns the parts of speech, and how to use the dictionary. The number of new words learned each week is advanced from 15 to 22, and the art of letter-writing is emphasized.

In mathematics, pupils in the fifth grade begin to learn how to work problems in common and improper fractions. All other studies are further developments of the curricula.

However, it is history study that marks the fifth grade. There are

320 fifth grade pupils in the Pampa schools. Young Pampa ceases to live only in the community and becomes, educationally speaking, a citizen of that nation, whose basis is the pursuit of life, liberty and happiness, always with the view of the greatest good for the greatest number.

Jews Deposit Stocks And Bonds In Bank

BERLIN, Dec. 10 (AP)—Jews crowded banks today to deposit their remaining stocks and other securities to fulfill part of a Nazi order de-

signed to effect the "total aryanaization of German economic life."

Today is the last day for Jews to deposit their securities in accordance with a decree by Economic Minister Walther Funk on Dec. 5.

Numerous banks throughout Germany, especially the reichsbank, introduced separate counters for Jews, following the general principle of avoiding making aryans get in too close touch with ostracized Jews.

 THE COMMUNIST-NEW DEAL HOOKUP
 (Chicago Tribune)

Homer Martin, president of the Automobile Workers, was a reluctant witness Thursday for the Dies committee. He had been excused a number of times out of consideration for his difficulties in the C.I.O. When finally he did appear he was compelled, as a truthful man, to disclose a great deal regarding the communist ascendancy in the powerful automobile affiliate of the John L. Lewis organization.

The Dies committee was prepared for him with transcripts of two speeches he had made at Father Coughlin's church when he was talking freely of his long struggle to get the Stalinists out of key positions in his union. The final decision in this fight was made by John Lewis. It was against Martin and for the communists. The Stalinites and their fellow travelers whom Martin had expelled were reinstated and as the affair stands at present the head of the union has about lost his grip.

Sharing the Comforts Of Life ---

By R. C. Hoiles

WHO ARE TAX EXPERTS?
 I listened patiently to two long speeches made at the California State Chamber of Commerce on taxation. A man had flown across the country for the sole purpose of addressing the Chamber.

It seems rather a pity that the State Chamber would take the time and energy of people to listen to a man who was no more constructive than this speaker. He simply told what he believed would make a good tenure tax plan. He would limit the surtax on any individual to 40 per cent and he had very definite limitations on every kind of tax. He referred to the tax "experts," but when he was asked to explain how he recognized a tax expert, what the qualifications were for a tax expert, he said that there was no such thing as a tax expert; that he had used the word carelessly.

When he was asked if his plan was not arbitrary, he contended that all taxation was arbitrary. He simply had no principle on which taxes were based. He believed they could be arbitrary.

And because people have tried to establish taxes from an arbitrary basis, is one of the reasons why we are 20,000,000 jobs short in this country.

This speaker asked the writer how there could be a tax system that was not arbitrary and I attempted to explain that if we charged each individual as nearly as we could in proportion to what that individual cost the government for the service which the government rendered to him, this would not be an arbitrary taxing system. If the government would do like any honest business attempts to do—charge each customer as nearly as he can, a certain percentage above the cost—there would be nothing arbitrary about this system of taxation.

But for a man to stand up and say that certain figures were the right amount of taxation and not explain how he arrived at these figures, is certainly not helpful to the audience. One was inclined, from a sarcastic standpoint, to ask such an individual what would happen to the rest of us, if this man, who could tell the amount each individual should be taxed, should happen to die. We would be in about the same position as the people in Germany and Italy, who have to take orders from a dictator. Under a true democratic form of government, our taxes should be run on certain fundamental principles that will add to the general welfare of all the people and not be left to the arbitrary whim or hunch of some so-called tax expert.

PROPAGANDA
 My idea of spreading propaganda is where an individual, who is presenting his ideas, does it in such a manner or in such a form that the one who has opposite opinions cannot present them; that the man who is setting forth the ideas, cannot be questioned as to inconsistencies.

CALLING THE TURN
 They pointed out that he would make the Sudeten question the excuse for internal agitation in Czechoslovakia. They concluded that he would go into Czechoslovakia in order to get the great industrial resources of Bohemia and would use the "suppression" of the German minorities as an excuse. And they insisted he would act with swiftness before England and France were ready to offer effective resistance.

PROPAGANDA PENETRATION
 These were that Hitler would attempt propaganda penetration of both Rumania and the Ukraine, setting up minority boges, producing confusion and agitation and even violence in the Ukraine and Rumania. He would gamble on arousing a nationalist spirit in the Ukraine and setting the people there off upon a revolt against Russia. Germany could then support the struggle of the Ukrainians to be "free."

Now this very week comes news from Berlin that Nazi party circles are discussing in detail the pro-

Tex's Topics

By Tex DeWeese

It is useless for America to try to let the people of Germany and Italy know how the actions of their governments are regarded on this side of the Atlantic, because those people aren't allowed to get any news about the men on top don't want them to get. Nor would it make much difference if that news did get to them, because they don't have anything to say about governmental policies anyway.

And in this job a good deal of efficient help is being provided by Hollywood. It places up to Hollywood what it does, quietly, and where it hurts. A little more than a year ago Vittorio Mussolini, son of Il Duce, went to Hollywood with some grand plans. He was going to make a thorough study of American film methods, so as to improve Italian film production on his return.

But the whole business turned out to be a flop. The movie colony resented the presence of Il Duce's son and was pretty blunt in letting him know about it. A series of snubs, climaxed by the Italian in a trade paper of a full-page ad attacking him, Vittorio shook the dust of California from his shoes and departed for the homeland, unwept. Now another drama of the same sort has been enacted, this time with Loni Riefensahl in the leading role.

The German actress seems to be a talented and pleasing young woman, but she came here—unfortunately—trade-marked as Hitler's girl friend. So Hollywood placed up to her no more than it did to Vittorio. Most of the studios refused to let her in. A night club refused to sell reservations to her. The chill was put on in a big way, and her visit turned out to be quite as unhappy an affair as did Mussolini's.

Obligations Of Editors, Owners To Readers Discussed By FDR

ST. LOUIS, Dec. 10 (AP)—President Roosevelt asserts in a letter to the St. Louis Post-Dispatch that a free press is primarily a responsibility of the newspapers. The President, writing for the sixtieth anniversary of the paper tomorrow, also expressed the hope that freedom of the press to criticize the administration would "ever prevail—throughout this administration and throughout every

administration in all the years to come." "It is not my purpose primarily to deliver a lecture on the ethics of journalism," wrote President Roosevelt. "But our newspapers are so essentially public institutions that they are subject to the closest scrutiny of their readers. Since it is the readers who make possible by their patronage the publication of all of our papers, perhaps the readers are entitled to be heard on the age-old question of a free press. "But more forcible than any criticism from without is the self-searching inquiry of those within editorial sanctums and the newspaper counting rooms as to what constitutes their obligation to the readers of American newspapers. "A free press is essential to us as a people and to the maintenance of our form of government. That is an axiom from which no thoughtful person will dissent. On the other hand, however, our government, federal, state and municipal, has rightfully and necessarily an interest in the preservation of a free press."

New Security Act Principles Advised

WASHINGTON, Dec. 11 (AP)—The Social Security advisory council compiled today proposing that Congress write three new principles into the Federal Social Security program. These are: 1. Acceptance of responsibility for the economic welfare of wives and children of workers covered by the Social Security act. 2. Acceptance of responsibility for the economic welfare of the workers themselves when they are prevented from earning their own livings by disability. 3. Partial financing out of general revenue of the costs of an expanded Social Security program until a new security tax system can be evolved to meet the increased expenditures. The council, composed of representatives of employers, workers and the public, worked on recommendations to Congress and the President for "liberalizing" the Social Security act in the next session of Congress. Informed persons said its recommendations would include extending old age insurance provisions of the act immediately to workers in banks, charitable and religious institutions and the maritime industry and eventually to 6,000,000 farm and domestic laborers.

Women Wrestlers To Feature Card Tomorrow Lubbock, Masons, Temple And Corpus Win

2 Semi-Final Teams Win On Penetrations

(By The Associated Press)
Masonic Home staged one of the major aspects of interscholastic football to push Highland Park out of the state schoolboy running Saturday as Temple and Corpus Christi joined Fort Worth's mighty miles in the semi-finals.

The Masons, by winning over Highland Park on penetration, in a dazzling 12-12 tie, became the opponents for Lubbock's mighty West-erners next week.

Temple defeated Tyler on penetrations in a 13-13 tie and Corpus Christi's swash buckling Buccaneers rolled over hapless John Reagan of Houston 40-0.

Temple will meet Corpus Christi next week and this brings the season's "natural." These two teams early in the season played to a scoreless tie.

Lubbock reached the semi-finals Friday with a 36-14 victory over Breckenridge.

Masonic Home, trailing 12-0 at the half, came back to score a touchdown in the third and another in the fourth and won the game on penetrations, four to two.

It is the third time in schoolboy history for the Masons to reach the semi-finals. Once they were in the finals, losing to Corsicana in a scoreless tie on penetrations.

Temple entered the game with Tyler the underdog, but still had Tom Pickett to fall back upon. One of the greatest high school games ever played in Texas, Pickett made two long dashes and kicked the extra point that meant a tie and victory on penetrations—five to three.

Corpus Christi's power in smashing Reagan indicated that the Wildcats jumped out of the frying pan into the fire. It should be a great duel when Buccaneers and Temple meet. Lubbock will be favored to beat Masonic Home—but so was Highland Park.

DALLAS, Dec. 10 (AP)—A fast Masonic Home football team from Fort Worth, whose ability to keep company with top-notchers of the Texas interscholastic league had been questioned, fought a favored, heavier Highland Park eleven to a 12-12 draw here today and entered the semi-finals on penetrations.

The Masons, who thrilled 2,000 fans in the last half with a dazzling pass attack, let the Highlanders play themselves out in the first half. Many had thought the running attack of the Highlanders finally would break a jinx and let them get past the quarter-finals for the first time.

In the opening period, the Masons were unable to gain through the line, and Gene Keel, who has the makings of an all-state quarterback, kicked to the Highlanders' 14-yard stripe. Then, on the second play, Dick Dwellie, brilliant half-back, raced 83 yards for a touchdown for the Highlanders. He missed the try for point.

40 Passes Hurled
In the next quarter the Highlanders scored again. Grady Jordan racing 30 yards for a touchdown after taking a 26-yard pass from Dwellie. Again Dwellie missed the try for point.

Then the second half started—and the passing fireworks. The Masons hurled 40 passes for 21 completions. Not a one of the passes came near

Rockets Tame Panthers To Win Regional Crown

(By The Associated Press)
Wink's Wildcats won their twenty-fifth straight game Saturday to bring the Class B schoolboy football campaign to a close in Texas.

It was the final championship game. Wink defeating Rouse 20-7 to take the Region 2 crown. The other eleven region titles were determined Friday.

Wink finished as the year's high scoring team with 523 points in 12 games.

The longest consecutive winning streak was hung up by Hill-Dalsetta, which ran its string to 35 Friday. Linden Davis of Mt. Vernon was the season's scoring leader with 267 points.

Class B regional champions were: Region 1—Wellington; Region 2—Wink; Region 3—Crownell; Region 4—Diamond Hill (Fort Worth); Region 5—Mt. Vernon; Region 6—Overton; Region 7—Taylor; Region 8—McGregor; Region 9—Bellville; Region 10—Hill-Dalsetta; Region 11—Junction; Region 12—Freer.

The score was 13-13 and Temple was awarded the decision on penetrations one to three. It sent the Wildcats into the state semi-finals. Pickett scored all the Wildcat points, his 36 yard dash through the entire Tyler team with but little more than four minutes to go, giving Temple the tie. Pickett stepped back and kicked the extra point as a crowd of 11,000 roared over one of the greatest high school games ever played in Texas.

LeFors Beats Borger Again In 21-15 Tilt

LeFors had what it takes Friday night when the Pirates invaded the basketball court of Catfish Smith's. The Pirates, playing without any substitutions, grabbed an early lead and held it Tuesday night when the Pirates rubbed out the Bulldogs. In a 39 to 31 game, the Catfish had promised the Pirate coach, Francis Schmidt, that the Bulldogs would give the Pirates the very dickens Friday night. He hinted that the Pirates were through winning games from the Bulldogs.

The Borger boys put on the pressure and bore down, but the Pirates took everything they had, and showed speed, accuracy and a good defense, the Pirates' weakest point. It is not difficult to see the Pirates as a team of championship calibre if they can wear as a defense as effective as their offense. The Pirates looked even better on the Borger court than they did on their own court. Their defense had improved noticeably.

The LeFors starters: Ellington and Johnson, forwards; File, center; Carruth and Lee, guards. They divided the scoring up among themselves fairly equally.

The Borger lineup: John Williams and Davis, forwards; Watkins, center; Raber and James Williams, guards.

The Pirates presented a well-balanced team without any particular stars. All are fairly tall and are fast. They specialize in hitting the basket while in the air, on the run or at quite a distance from the goal.

LeFors Beats Borger Again In 21-15 Tilt

LeFors had what it takes Friday night when the Pirates invaded the basketball court of Catfish Smith's. The Pirates, playing without any substitutions, grabbed an early lead and held it Tuesday night when the Pirates rubbed out the Bulldogs. In a 39 to 31 game, the Catfish had promised the Pirate coach, Francis Schmidt, that the Bulldogs would give the Pirates the very dickens Friday night. He hinted that the Pirates were through winning games from the Bulldogs.

The Borger boys put on the pressure and bore down, but the Pirates took everything they had, and showed speed, accuracy and a good defense, the Pirates' weakest point. It is not difficult to see the Pirates as a team of championship calibre if they can wear as a defense as effective as their offense. The Pirates looked even better on the Borger court than they did on their own court. Their defense had improved noticeably.

The LeFors starters: Ellington and Johnson, forwards; File, center; Carruth and Lee, guards. They divided the scoring up among themselves fairly equally.

The Borger lineup: John Williams and Davis, forwards; Watkins, center; Raber and James Williams, guards.

The Pirates presented a well-balanced team without any particular stars. All are fairly tall and are fast. They specialize in hitting the basket while in the air, on the run or at quite a distance from the goal.

Frank Wolff Coming Back Monday Night

"Am I glad to be back in the Panhandle," yelled Frank Wolff of Detroit, Mich., better known as the bad wolf of wrestling, on a visit to Pampa yesterday afternoon. Wolff will appear on one of the main event matches at the Pampa Athletic arena Monday night, meeting Leo Morgensten of Glendale, Calif.

"Whose this Morgensten?" asked Mr. Wolff. "I don't like his name, therefore I don't like him." And when Wolff doesn't like a fellow's name he doesn't like the fellow, all of which means that Wolff will be in a bad humor Monday night when Frank is reported to be an ace grapple, tough and nasty. Morgensten is a top hand on the Pacific coast.

There will be another main event besides the Wolff-Morgensten battle. Morgensten's sister, Miss Clara Morgensten who is the woman wrestling champion of the world will meet Miss Marjie Steele of New York City in another three fall match. The pair met once before and Miss Steele almost annexed the title now held by her opponent. The battle was a wild and woolly affair according to press clippings.

Miss Morgensten is not a wrestler who knows holds and how to apply them. She can get mighty rough if the occasion arises it is reported. Miss Steele is also reported to be an ace grapple who knows what it is all about, when she crawls to the mat with an opponent.

Opening the unusual card will be one preliminary, at 8 o'clock sharp, between Scotty Williams and Otto Vress.

Reserve seat tickets at the usual price are going fast at Cretney Drug.

Abernathy Beats Pampa; Miami Coming Tomorrow

Coach Odus Mitchell and his Harvesters basketball team and members of his 1938 football team saw Lubbock pulverize Breckenridge Friday afternoon and Friday night, as an after-thought, drove over to Abernathy and dropped a 23 to 22 game to the Antelopes who also played in the regional tournament at Canyon last spring.

The Harvesters were trailing 17 to 9 at the half but in the third period began to strike oil and when the fourth period opened were leading 20 to 17. The Harvesters led until the last few seconds of play when a field goal by the Antelopes closed the scoring for both sides.

The teams played with a white ball in the first half which felt funny to the Harvesters; besides the backboards were new and seemed as alive as electricity. The ball and the backboards had the Pampans baffled until after the half.

The Harvesters divided up the scoring pretty well. "The starters defeated the Chiefs at Miami but expect stiffer competition tomorrow night. Abernathy's foot was injured in the Abernathy game, but it had not been determined how serious. Dunaway played a fine defensive game, it was said. Aulis is coming along fast and should make a good hand, it was reported. Aulis played his usual good game, and Heiskell and Miller

Motion Pictures Program Topic At Sam Houston

The literature and newsreels are especially good. The theater is a force cooperating with community, church, and schools as a definite part of the community, he concluded.

Mrs. Garnet Reeves, who spoke on "Moral and Intellectual Influence of Movies," told that the pictures have a great influence on children and they should attend the afternoon show instead of the night pictures. A good plan is for parents to attend the movies with their children because of emotional strain. Mrs. Reeves added. In moral effect train the child to pick the good parts from the bad as in seeing movies most children select their ideal, and they may become more ambitious and have high ideals, she stated.

A committee was appointed to organize a "Last Man's Club." This is an interesting and lucrative organization in which members pay into a treasury small dues. The dues are then placed in trust and are divided among the last eight living.

DAR Urges That Americanism Be Revived Today

WASHINGTON, Dec. 10.—The national head of the Daughters of the American Revolution urged a revival of Americanism today to combat subversive activities but advanced a six-point program for more immediate action.

Mrs. Henry M. Robert Jr., president-general of the society, told the House committee investigating un-Americanism that efforts to check subversive groups "must show to the American people that they have for years enjoyed more privileges than can be obtained under other systems through the years to come."

Later, Theodore G. Braham, professor of philosophy at Concordia Theological Seminary, St. Louis, told the committee that United States recognition of Russia had become an "entering wedge" for Communism and that the American public should be educated in universities, colleges, churches, papers, and magazines.

"We already have much of what others must yet strive for," President-General Robert asserted. "Fetters cease to ply their wares when profits stop. Activities of agitators cease when they already have more than can be obtained through a proffered exchange."

To get that idea across to the public, Mrs. Robert said the first step is to provide the great American public with concise succinct definition of Americanism.

She recommended an immediate campaign by the United States office of education, directed primarily toward the youth of the nation, to spread the "real meaning of Americanism and with concrete reasons why life in this nation, even with all of its imperfections, is more satisfying than elsewhere."

Other recommendations in the emergency program advocated by Mrs. Robert included support for the proposed by Chairman Dies, Texas, to require incorporated political organizations to file annual reports with Congress; declaration of the Communist party as outside the definition of an American political party and that it "be known for what it is, a disloyal society under a program dictated by the third international in Moscow."

The witness also recommended aliens ineligible for permanent residence in this country because of their political beliefs "be denied visas for speaking tours, for propaganda; deportation of aliens attempting to break down American institutions and annual registration of all aliens."

Evans; "Boy's Work in Chile," Mrs. George Biggs; "A Great God Magnified Through a Great Faith," Mrs. Ruel Robinson; "Training Officers to Do," Mrs. O. Z. Light; "Miss Lottie Moon in Japan," Mrs. C. H. Bell. The morning program was closed by the group singing "Jesus Calls Us."

Holcomb led the opening prayer and the following topics were discussed: "Fifty Years From Now," Mrs. Nora Crist; "The Unfinished Task," Mrs. W. H. Kimble; "Go Ye," Mrs. V. D. Biggs; "Training For the Years to Come," Mrs. E. E. Pierce. Meses. J. Sid O'Keefe and Ruel Robinson sang two

Griffith To Give Cuban New Chance

WASHINGTON, Dec. 10 (AP)—Clark Griffith, president of the Washington Senators, is going to undertake another Cuban experiment.
This one is a bottle-bod'd little fellow named Roberto Estalella, who can whale the seams off a baseball but who has been having great trouble fielding it.
Griffith had him before, and he's going to give him another chance with the Nats. Roberto was listed as a third baseman then, but like Goose Goslin when he first broke into the big leagues, he not only failed to field the ball, but has had great trouble getting out of its way.

Loyalists Order 'Free Religion'

BARCELONA, Dec. 10 (AP)—The Spanish government today created a commission on religion charged with the supervision of all religious activities in government territory.
Jesus Maria Bellido y. Gulerich, dean of the Barcelona University School of Medicine, was named general commissioner.
A decree said the Spanish contribution respected religious beliefs to the extent that they conform with a civilized country to establish "freedom of conscience and the right to profess and freely practice any religion."
The statement added that the government "reaffirmed as one of its aims of the war (to effect) liberty of conscience and the free exercise of religious belief" in conformity with the law of June 2, 1933, "in the same spirit as the constitution which the Spanish nation now is energetically defending against foreign attack."

German Sentenced By Court In Geneva

GENEVA, Dec. 10 (AP)—The court of appeals at Zurich today doubled the sentence of a German convicted of "financial espionage" as the government continued its campaign against Nazi activities in Switzerland.
Wilhelm Kaempfer, given a month in prison by a court, was sentenced on appeal to two months' imprisonment and forbidden to re-enter Swiss territory for 10 years. The higher court said energetic measures were necessary to end Nazi activities.
The courts held that Kaempfer, who was sent to Switzerland by German shareholders to audit the books of a Swiss firm, had used his job as a screen for watching for violations of Germany's exchange control laws.

LOVE THAT CONQUERED A MOUNTAIN

Love came to them at the top of the mountain and the mountain brought them their greatest test. There was a time when Sally Blair despaired ever of gaining the heights again. How faith and an extraordinary kind of devotion did win at last, and actually conquered a mountain—is told in a tender new serial story of young romance.

Chapter 18—A Song of Happiness.

Liquor License Renewals Asked

In an effort to avoid congestion in the office of the Texas Liquor Control Board at Austin, that regularly occurs at this time of year as wine and beer retailers renew their licenses, Bert Ford, administrator, has written to county assessors and collectors of taxes a letter urging

prompt renewals, and prompt transmission of these renewals to the state office. A copy of the letter was received today by F. E. Leach, Gray county tax assessor-collector. Mr. Ford states in the letter that 3,000 beer licenses and wine and beer retailer permits will expire on Dec. 31 and no person whose license or permit expires on that date may lawfully operate on or after Jan. 1, 1939, without having obtained a renewal license or permit. The law provides that application

may be made at any time within 30 days prior to the expiration of a license or permit for renewal thereof. Beer licenses cost \$37.50 at the office of the Gray county tax assessor-collector. Of this amount \$25 goes to the state and \$12.50 to the county. The county also receives an additional \$2 as a renewal fee, and the same extra fee applies in the case of beer and wine retailer permits, that cost \$45, of which \$30 goes to the state and \$15 to the county.

Solon Predicts Probe Of Texas Prison System

TEMPLE, Dec. 10 (AP)—Rep. Joe Ed Wintree of Houston was quoted by the Temple Telegram today as saying a general legislative investigation of the Texas prison system would be started as soon as possible after the legislature convenes. The paper said Wintree declared in a telephone conversation that "there is a great deal of absolutely colossal waste and inefficiency in the system and I am going to make it my job to see that it is investigated." Wintree spoke from the office of Dr. C. W. Butler of Crockett, a member of the state prison board, who with Wintree and other board members legislators began a tour of inspection of prison farms in the Houston area last week. The tour ended, however, when O. J. S. Ellingson, general manager of the prison system, discharged L. T. Findley, superintendent of the Harlem farm brick plant. Wintree said there was no use going further with the inspection because "the first man who told the truth got fired." "If anything in Texas needs investigation and cleaning up, the prison system does," the Telegram quoted Wintree as saying.

1,200 Students Yell Demand For Tunisia

ROME, Dec. 10 (AP)—Demonstrations against France continued today, and diplomatic circles predicted they might lead to a formal Italian demand for "concessions" in French Tunisia. Twelve hundred Rome students marched through the streets, cried "for Premier Mussolini to appear on the Piazza Venezia balcony, and when he did not, marched away in two columns shouting "forward Italy" and demands for French territories. Several of the students were arrested for encounters with police who barred the streets to the French embassy. They were later released. Four thousand students, of every age from the elementary schools to the university, went toward the

Lockwood Elected Grand Master Of Masons In Texas

WACO, Dec. 10 (AP)—Lee Lockwood of Waco was elected grand master of the Grand Lodge of Texas Masons. L. O. Hart of Gilmer was chosen deputy grand master. Sam B. Canty, Jr. of Fort Worth was elected grand senior warden and Dr. E. M. Wood of Atson grand junior warden; J. J. Gallagher, grand treasurer, and George Belew, grand secretary, both of Waco, were other selections. Lonnie Irvin of San Antonio was

New Statement In Slaying Reported

LOUISVILLE, Ky., Dec. 10 (AP)—State Attorney General Hubert Meredith declined today to take any action on statements attributed to Dr. E. S. Garr of La Grange that Brig. Gen. H. H. Denhardt did not kill the doctor's sister, Mrs. Verna Garr-Taylor. Meredith said he had talked with Dr. Garr regarding published statements quoting the La Grange veterinarian as saying that Gen. Denhardt was not the slayer but that the doctor knew the person who "did kill her." Mrs. Taylor's body was found on a lonely Henry county road two years ago. Gen. Denhardt, former adjutant general and lieutenant governor of Kentucky, was charged with her murder. The jury after a sensational three-week trial was unable to agree and our months later on the eve of his second trial the general was killed in a main street of Shelbyville, Ky. The three Garr brothers pleaded guilty but said they shot in self-defense. All won freedom.

No Divorces Will Be Granted By This Judge

INDEPENDENCE, Kas., Dec. 10 (AP)—Couples who want divorces as Christmas presents or as an occasion on which to shout "happy new year" can pass up Judge J. W. Holdren. He has announced a "moratorium" on divorce cases between Dec. 19 and Jan. 3. "I've found that couples contemplating divorces find it easier to kiss and make up during this sacred period than at any other time of the year," explained the judge.

French consulate at Naples, but the streets there likewise were blocked by police.

Rome newspapers called the situation in French Tunisia "ever more serious," said "dozens of Italians had been arrested" and asserted the native population kept aloof from the tumult. There were demonstrations last night on the Italian mainland, the Island of Sardinia, and in Tripoli, city of the Italian African possession, Libya.

Appointive officers were announced as: Rogers Killy of Edinburg, grand orator; Dr. William D. Daugherty, of Waco, grand chaplain; F. O. Bolles of Littlefield, grand marshal; E. G. Aechtenecht of Waskom, grand senior deacon; Ernest L. Ross of Fort Worth, grand junior deacon; L. E. Gillett of Beaumont, grand pursuivant; C. A. Young of Abbott, grand senior steward; Loy Smith of Amarillo, grand junior steward; Dr. L. W. Jones of Waco, grand tiler.

LOVERS AWEIGH

BY BETTY WALLACE

CAST OF CHARACTERS
JUDY ALCOTT—admiral's daughter. She faced a choice between two navy suitors.

CHAPTER XXX
JUDY was trembling as she slipped behind the wheel of her car. Tears stung her eyes.

Jack, who had waited and trusted, was in the hospital. She must go to him. Right now! She glanced at her wrist watch. It was very late—nearly eleven o'clock.

"I must see him! I'm sure if Commander Sloane is about—" "I'd have to telephone him, he's not here."

JUDY was so miraculous, she could not believe that Jack, who loved her, had not felt it, too. And when she stood in the door of his room and saw the pool of light from the lamp on the bedside stand, her heart seemed to give a shout of gladness.

ture on her cheek. He felt it, and said wonderingly, "Judy, what's happened? What brought you here?"

"Oh, darling, darling, I'm so happy. I'm alive! Alive, for the first time in months. Oh, Jack!" She took his hand. She sat on the side of the bed. He smiled at her.

"Jack, tell me, did you ever feel safe and sure, all the time—did you feel that it was all over?" He looked at her and said gravely, "I've been worried, Judy. But I'm not now. Something's happened. You're different!"

"I'm alive, I tell you! Oh, darling, I didn't want you to know, but I—I was unsure. And I—I did see Dwight."

"I know that," he said quietly. "Jack!" Suddenly she felt the pain that he must have known, and she said, "Oh, my dear, I wouldn't have done it if I had realized."

"You had to get over it," he said. "Like being stage struck. You outgrew it. I was willing to wait."

(THE END)

You're so wonderful. I was afraid he'd get you."

She lay very still. She said, "It was a dream. A mirage. I can't understand why I didn't know it before. But I just clung to it, I just kept it with me and nursed it."

His understanding was sweet. She said, "And you're handsome, too. Aren't you?" She tried to laugh. "I shouldn't be scandalized." She touched his cheek. "Marvel and Dwight are going to have a baby. Isn't that swell?"

He was really surprised at that. "How do you know?" SHE confessed, "I eavesdropped."

Then she said, "We'll never speak of them again. When we see them, we'll pretend that nothing—" Her voice broke. That wouldn't be easy. You couldn't dismiss the past just by making up your mind to forget.

Jack smiled at him. "If you threaten to leave the hospital before the doctor says you're strong enough, you know what I'll do? I'll make the chaplain come right up here and marry us here! And then you'll have to do what I say!"

His eyes lighted, his big arms reached for her. "Judy! After a while he said, "That's not a bad idea, Miss Alcott. Not a bad idea at all. I may hold you to that."

VFW Suggests 11-Point Plan Against 'Isms'

WASHINGTON, Dec. 10 (AP)—The Veterans of Foreign Wars suggested an 11-point legislative program today to eliminate "the danger from foreign 'isms'" in the United States.

Eugene T. Van Antwerp, commander-in-chief of the organization, outlined the program in testimony before the House committee investigating un-American activities.

He also said the organization is anxious for President Roosevelt and Congress to adopt policies which would keep America out of war.

An effective, mechanized, motorized national defense with adequate trained reserves and equipment and material of all kinds, is, we believe, of the first importance in America's preparation against unwanted war, as well as for any such war as might come upon us," Van Antwerp said.

Van Antwerp made these specific legislative proposals: Require all organizations with dues-paying members in more than one state which distributes literature in more than one state to file with the Library of Congress its constitution, statement of purposes, names of officers, financial statement and a summary of its activities during the preceding year.

'Open Door' In China Gone, Jap Tells American

TOKYO, Dec. 10 (AP)—A source close to the government said today that Foreign Minister Hachiro Arita had informed the United States and Great Britain the principle of the "open door" in China had vanished.

The minister was said to have spoken fully and frankly yesterday to United States Ambassador Joseph C. Grew and British Ambassador Sir Robert Leslie Craigie, leaving no doubt as to Japan's position.

The informant said his conversation contained such phraseology as "henceforth you will be permitted to trade with us" and "you will not be permitted to trade with us" referring to conditions under which foreign commerce may continue in China.

Concrete questions were not touched, it was said, but Arita laid down two general principles showing Japan's line of policy. Specific questions will be determined according to the following principles:

1—The Chinese-Japanese conflict has changed the political situation in China and has virtually dismantled the nine power pact, which among other things provided equal opportunity for all powers.

2—Japan, Manchukuo and "New" China have become a economic bloc, but they do not intend to exclude foreign trade.

Pneumonia Costs Average Of \$167.50 In Nation

WASHINGTON, Dec. 10 (AP)—The Public Health Service estimated today that treatment of pneumonia costs Americans \$75,000,000 a year. The figure was based on study of 625 pneumonia cases in New York by Joseph Hirsch, who found the average cost was \$167.60 a case.

Former Plainsman Elected President Of Manufacturers

NEW YORK, Dec. 10 (AP)—A New York manufacturer who got his start as an office boy was named today as president of the National Association of Manufacturers.

He is Howard Cooney, 62, board chairman of the Walworth Company, a valve-manufacturing concern.

A native of Chicago, his office boy's job was with a chocolate company there. His first big thrill, he recalls, came when his employers sent him to the bank with a \$50,000 deposit. Shortly after that he was given a position of responsibility that served as a springboard to bigger conquests.

With three brothers, he obtained an equity in 100,800 acres of cattle land in the Texas Panhandle and turned a tenth of it into a successful farm project. In 1908 the brothers established the first motor line as a feeder to markets reached by railroads; they started the towns of Crosbyton, Lorenzo and Idolou; they built hotels, lumber yards, stores and a bank, and to meet their later needs, constructed the Crosbyton & Southwestern railroad.

In 1902, Cooney had started his own business—a factory for the manufacture of enamel cooking utensils. He joined the Walworth Company in 1913 as its president and aided its growth from one plant to the present five. During the World War he was vice president of the U. S. Shipping Board's emergency fleet corporation.

Repository For FDR Collection Planned

WASHINGTON, Dec. 10 (AP)—President Roosevelt announced today plans for establishing a permanent repository on his Hyde Park, N. Y., estate for all of his personal papers and his huge collection of books and paintings.

He disclosed simultaneously that funds which he had received from the publication of various of his papers and speeches during the first years of his administration would form the nucleus of a fund to be raised by public subscription to finance the Hyde Park project.

Similarly, the President said, funds from publication of the same works which were paid to Judge Samuel I. Rosenman of the New York Supreme Court also would go into this fund.

Eventually, Mr. Roosevelt said, the part of the Hyde Park estate on

which his family now lives will be turned over to the federal government.

Meanwhile, the national archives, a federal agency, will take over control of his papers, which he has been collecting for the last 28 years.

Red maps furnished early Pennsylvania settlers with blue eyes.

Officers arrested the man after they had been summoned to a house in southeast Pampa, by the mother of a 12-year-old girl, who came to the sheriff's office.

Four Groups Advising FDR On Loan Plan

WASHINGTON, Dec. 10 (AP)—A high ranking official disclosed today that at least four groups of administration advisers are urging on President Roosevelt different ideas about what, if anything, should be done about loans to small business men.

The official, who asked that his name not be used, said the ideas have simmered ever since last February's small business convention in Washington, but proponents of the various ideas recently have become more active.

He said no one knew whether the President would do anything about the proposals. The plans and sponsors were described briefly as follows:

1. Chairman Marriner S. Eccles of the Federal Reserve Board wants banks encouraged to make long-term business loans on easier terms by revising and consolidating under federal reserve control the whole system of bank examination, now shared among three agencies.

2. Chairman William C. Douglas of the Security Commission and Assistant Secretary A. A. Berle of the State Department want the government to set up regional intermediate credit banks to make loans on easier terms.

3. An unidentified group of officials proposes a new federal corporation to insure capital loans made to business by banks, similar to the Federal Housing Administration which insures real estate mortgages of banks and building and loan associations.

4. A group of officials in the comptroller of the currency bureau and the Federal Deposit Insurance Corporation already believe the administration already has done all that is economically safe for the stimulation of loans.

The various factions disagree on whether the banks are making any substantial amount of business loans.

The RFC has loaned about 150,000,000 to business men since February, in deals where banks refused to supply the money. Chairman Jesse Jones said yesterday the demand for business loans had decreased sharply. He called it a sign of better business.

\$3,000 Bond Set In Statutory Case

Bond of Robert W. White, 39-year-old Pampa, charged with a statutory offense, was set at \$3,000 in the court of Justice of the Peace E. F. Young, following White's arrest by Constable Otis Hendrix and Deputy Henry McGee on Thursday night. White is being held in county jail.
