PRICE FIVE CENTS

SECRETARY MELLON ENDORSES HOOVER

Japan Asks Tsinan Chamber of Commerce to Take Charge of City

ORDER SLOWLY RESTORED WITH USE OF FORCE

Shops Opening Again With Jap Officers About

INVESTIGATION VERY WELCOME

Peking Faces Danger of Being Cut off From Sea

LONDON, May 12.—(P)—Having cleared Tsinan of Nationalist troops, the Japanese consul and commanders in the Tsinan zone have asked the Chinese Chamber of Commerce there to take complete control of the administration of the city including the telegraph, telephone, lighting and police service.

Advices received as Tientsin from Tsinan say that the Japanese propose to control banditry by plainclothes guards at various strategic places. The large shops at Tsinan are still closed, but the smaller ones as well as the restaurants are now running as usual.

Meanwhile the southern forces skirting the Tsinan zone, are continuing northward and reports from Tsinan say that cavalry regiments attached to the army of Peng Fu-Hsiang, who it now allied with the Nationalists, have occupied Tehchow on the Shantung-Chihli border in continuation of a drive on Peking.

Northern Troops Withdraw
Advices received in Tientsin said that advance guards had penetrated into the province of Chihli itself and that the Northern commander of the eastern district had begun a withdrawal to Machang, 35 miles south of Tientsin. Capture by the nationalists would be of extreme importance since it would cut Peking off from the sea and would seriously menace the communications of Chang Tso-Lin, the Northern dictator, with his native Manchurians.

Following closely on the heels of yesterday's appeal to the League of nations at Geneva by the Nationalists against the Japanese activities in Shantung, it was learned in authoritative sources today that Japanese officials are considering presenting the Shantung affairs themselves before the league.

Japanese Want Probe
The attitude of these officials is that Japan is only too willing to have the situation investigated, her position being that her stand has been for the good of the Chinese people themselves.

Reports in Peking indicate that Isa Kung-Shih, Chinese foreign commissioner at Tsinan, who had disappeared, was killed with a party of Chinese soldiers mowed down by machine guns fired by Japanese soldiers who were holding the bureau of foreign affairs during the recent fighting.

The Chinese charge that Isa Kung-Shih was murdered by the Japanese and his body mutilated, but this the Japanese denied.

BEATS WIFE; BURNS SELF

CAMPBELL, Nebr., May 12.—(P)—Beating his wife to death with his little boy's baseball bat, Reinhold Koch 37, an oil driller, hauled her body to a nearby haystack in his car, threw it into the pile, then saturated his own body and burrowed into the stack, setting fire to it here this afternoon. He lived a few minutes after neighbors brought to the scene by Koch's three small children, extricated his body. The Kochs, the children explained were en route to Franklin, Nebraska, to get a divorce.

THE WEATHER

WEST TEXAS—Sunday partly cloudy, local showers in south portion, warmer in north and west portion; Monday probably showers.

HOUSE PASSES TEXAS PERMIT FOR A BRIDGE

Garner Hints the Use For Getting "Something" Barred in U. S.

WASHINGTON, May 12.—(P)—Unanimous consent was given quickly by the House today to passage of a bill to bridge the Rio Grande river at Weslaco, Texas, after Representative Garner, a Democrat of that state, had told the members he thought the structure would be used by persons desiring to visit Mexico for "something" not obtainable in this country.

RAINFALL HERE IS 2.75 INCHES

Abilene Lake Catches Billion and Half Gallons

With her moisture increased 2.75 inches, Pampa has profited much throughout her trade territory in the last three days. Weather predictions of continued cloudy and probably showers Monday indicate still greater benefit for the wheat crop which lived through the drought.

Highways are gradually becoming more passable, after mud paralyzed both oil field and main highway traffic Friday and Saturday. Hundreds of motorists were stranded in this territory during the downpour, and many took long hours to go short distances.

ABILENE, May 12.—(P)—Rainfall varying from three inches in nearby territory to 6.56 inches here last night ended a drought of several months and increased Abilene's surface water supply by 1,500,000,000 gallons. City Engineer Riley announced today after measurements at the city's two reservoirs, lakes Abilene and Kirby.

This supply, Riley said, is sufficient for a year's supply of the city without additional storage.

The rain here last night was the heaviest short time fall, with one exception, since the U. S. weather bureau was opened here in 1885.

Smith Delegates Called in Caucus By Texas Leaders

DALLAS, May 12.—(P)—A call for a caucus of delegates to the state Democratic convention at Beaumont on May 22 favoring the nomination of Governor Alfred E. Smith of New York as presidential standard bearer of the party was issued here today by Ted Monroe, campaign manager of the Dallas Smith for President club. The meeting will be held here on the morning of May 17.

All Smith delegates from North and East Texas have been invited by letter to attend, Mr. Monroe said.

CONVICT IS PAROLED TO AMARILLO ROTARIANS

AUSTIN, May 12.—(P)—Amarillo men "connected with the Rotary club having agreed to counsel him and help him get a new start," F. H. Crawford was paroled Saturday by Governor Moody from a two-year Potter county forgery sentence.

The governor was informed the Crawford, after alleged commission of offense, escaped but was "conscience stricken and returned.

Lands Differ But Mothers Don't

They say "mother" in Germany, "moder" in Sweden and "madre" in Italy. The words are different but the meaning is the same the world around. And whether it be Persia, Lapland or Hindustan, mankind must cast a fond backward look on Mother's Day to the years of his boyhood and youth when his mother was his protector and consoler. Here are pictured the mothers of many lands with their little ones that some day may be leading in the affairs of their countries—and remembering the kindly touch of her loving hands.

City Warrants Are Contracted for by Brown-Cummer

The Brown-Cummer company, buyer of much local municipal paper, Friday night contracted for about \$60,000 in paving and water improvement warrants.

The warrants went at par with the agreement that at the end of nine months the company will refund the warrants into 5-1-2 per cent bonds for which it will pay accrued interest and \$104.85.

Issuance of the 6 per cent warrants will provide funds for immediate work on the paving and to finance the vital work to increase the water supply. Work on well No. 6, to provide water for the summer peak season, is now under way and a big pump has been shipped.

Snow Storm Is Raging About the Dirigible Italia

ROME, May 13.—(Sunday)—(P)—A violent snow storm is raging at Kings Bay, Spitzbergen, says a late wireless dispatch from the base ship Citra di Milan. Crews of both the ship and the dirigible Italia were reported to be working unceasingly to prevent the dirigible from being snowed in.

General Noble, leader of the expedition, has assumed personal charge of the clearing operations.

CONFESSION IS DOUBTED

LOS ANGELES, May 12.—(P)—The confession of James William Huff to the murder of a girl in Indiana, and a youth here, were discounted by investigating officials late today as delusions resulting probably from shell shock and five wounds during the world war.

Friday night the 27-year-old man who is in the county jail serving a short term for petty larceny, confessed because of an asserted stricken conscience, that he fatally poisoned 17-year-old Ruth Little at Summitville, Ind., in 1919. He then confessed to poisoning James L. Carrol, his 18-year-old brother-in-law here, three years ago.

HUTCHINSON COUNTY SHOWS MOST OF PANHANDLE LOSS

Decline of 1,889 Barrels Suffered—Only Completion of Week Is in Carson—Fishing Is Prevalent.

Moore and Wheeler were the only Panhandle counties to show an increase in production during the last week. Hutchinson county production took a toboggan when it dropped off 1,408 barrels during the week. The Panhandle decline was 1,889 barrels with only one new well reported, from Carson county.

None of the Gray County wells, which have been on top of pay for more than a week, have been brought in, mainly because of caves and fishing jobs. The Estick, Rieger, and Sines well in section 84, block B-2, has a fishing job at 3,194 feet, after two shows of oil.

The Empire Gas and Fuel company's No. 1 Dauer in section 236, block B-2 is fighting caves, as is the Texas company's No. 1 Mel B. Davis, in section 8, block 1.

Wells and production for the last week, daily report:
Carson, 167 wells, 7,020 barrels.
Gray, 219 wells, 18,636 barrels.
Hutchinson, 1,019 wells, 39,948 barrels.
Moore, 3 wells, 213 barrels.
Potter county, 1 well, 25 barrels.
Wheeler, 39 wells, 1,122 barrels.
Panhandle total, 68,853 barrels as compared with 68,853 last week, or a loss of 1,889 barrels.

Because of the weather conditions, activities in the various fields are at a standstill. Twenty-four trucks and cars are reported to be stuck between LePore and Pampa, while calls of distress are coming from practically every direction.

The only activity reported last week was the deepening of the Texas company's No. 2 H. M. Davis in section 86, block 3, four miles south of Pampa, which increased its flow 300 barrels a day when deepened five feet.

The well had been making 500 barrels a day from granite wash at 3,305 and when deepened to 3,310 commenced to flow 800 barrels a day.

Dr. W. H. Whaley, vice-president of S. M. U., was a visitor here this week.

CUPID LAZY IN GRAY COUNTY, RECORD SHOWS

But County Clerk Thinks June Will Bring Matrimony

Cupid has again passed by Pampa according to the license book and local ministers. There has not been a marriage license issued from the local court house since April 28, which is almost a record for the non-issuance of the necessary papers for matrimony.

This is the second instance since the removal of the court house to Pampa that there has been a cessation of unions. June is not far off, and at that time a young man's fancy usually turns to love. The county clerk is anticipating a heavy run on matrimonial documents in that month.

NURSE REPORT OUTLINES WORK

Home Visits and School Inspections Show Progress

Activities of the Pampa chapter nursing service of the Red Cross are outlined by Mrs. M. P. Downs in her report for April.

Mrs. Downs' report follows:
"There were 161 visits in homes, including prenatal babies, pre-school school children, communicable disease and sick patients; number of homes visited, 51; babies examined by doctor, 1 in baby clinic, 99; school children examined by doctor, 99; number partially inspected by nurse, 263; number defects found, 82; corrections reported, 18; classroom talks, 4; work with schools each school day.

"At the close of our month's work in the schools on foods and milk, number of pupils were weighed and appreciable gains in weight were noted. Some who were underweight at the start weighing were found to be well nourished. The teachers at the Baker school have been serving lunches at the school for several weeks and were surprised at the amount of milk it was necessary to have on hand to supply the demand of the pupils.

"On Monday, April 25, I assisted Dr. Brunow and Mrs. Dan Fitzgerald in inspecting the ears and throats of the pupils of the Alameda school and a rural school near there for possible carriers and developing cases of scarlet fever. There had been an epidemic near there, and the schools had been closed for several days while the buildings were thoroughly cleaned. Mrs. Fitzgerald was with the schools several days helping with prevention of an epidemic.

"We are glad to note that a few blocks in our city are being rid of the tin cans and other rubbish, though there are many others which need it badly.

"There were 95 babies who were given a physical examination in the baby clinic held in connection with the Merchants' carnival and pure food show. Defects were noted, and the mothers given advice as to their correction by our local doctors. Booklets were also given to each mother, on child care and prevention of some of the communicable diseases. The nurses who assisted with the clinic were Miss Ethel Claybaker and Miss Esther Simpson from the Pampa hospital and Mrs. Dan Fitzgerald.

"A pre-school clinic is being planned for the near future, the dates and place to be published soon.

"In one house where bedside nursing was done each day until the mother was able to be up, a fine baby boy is making encouraging progress. Naturally, the parents know that he is the only boy."

ASSAULTS CHARGED

AUSTIN, May 12.—(P)—Four criminal assault charges were filed against Louis Nixon, 21, in justice court here Saturday in connection with alleged attacks on girls, ranging in age from five to seven years.

DECISION MAY BE MARGIN OF DECIDING VOTE

Treasury Head Inserts "However"—Against Instruction

HIS SUPPORT BRINGS POWER

Campaign Manager Tells of \$200,000 Being Used

PHILADELPHIA, May 12.—(P)—Accepting the chairmanship of the Pennsylvania delegation for the Republican national convention today, Secretary of the Treasury Mellon told the delegates that of all the candidates for the presidency, Herbert Hoover "seems to come closest to the standard that we set for this high office."

"However, between now and the convention," Mr. Mellon added, "I recommend that we hold ourselves unpledged and uncommitted to any particular candidate, so that when we meet in caucus in Kansas City before us is best for Pennsylvania and the nation."

Mr. Mellon unanimously was elected chairman by the caucus of delegates who also completed their organization for the convention.

Secretary Mellon's words of advice to his fellow-Pennsylvanians, setting Herbert Hoover above all other candidates but counseling against a definite promise of victory and were echoed by Mr. Hoover's friends tonight as a definite promise of victory and were echoed amid eager questions through the political camps of Mr. Hoover's rivals.

There were almost as many attempts to read between the lines as when President Coolidge issued his "I do not choose" statement last summer in the Black Hills.

The supporters of Hoover saw in Mr. Mellon's assertion that "Mr. Hoover seems to come closest to the standards that we set for this high office" a complete assurance that Pennsylvania's coveted block of 79 delegates—the second largest in the convention—would drop into the Hoover bag at Kansas City. They did not hesitate to add that this removed all doubt of the result. Already the Hoover managers are claiming upwards of 500 in delegates already selected or definitely assured, although these claims are hotly contradicted at many points by the opposition. It takes 549 to nominate.

Mellon Admittedly Powerful
Those who have held away from Mr. Hoover were slow to comment but some of them, including Senators Norris and Borah, predicted that what Mr. Mellon had said would go a long way toward nominating the commerce secretary at Kansas City. There was a disposition among the secretary's opponents to linger over the final portion of Mr. Mellon's speech to the Pennsylvania delegation, in which he introduced an "however," and recommended that until the delegates reached the convention city they should hold themselves "unpledged and uncommitted."

Meanwhile, Washington has heard many rumors and many inside stories of his intentions. One said Mellon still hoped for an irresistible groundswell for Coolidge. Another represented him as undiscouraged over the prospect of nominating Hughes. One report heard often about the capital put down the treasury head as definitely opposed to Hoover, and as favorable at heart to vice-president Dawes, whose personal friend he has been for years. Still another oft-repeated suggestion has contemplated that the proper moment, and in the proper way, he would come out for Hoover.

A "Modest" Campaign

NEWS FROM PAMPA SCHOOLS

THE SPOTLIGHT

WRITTEN BY THE STUDENTS

Harvester Girls Choose Emblem of Clever Design

The Girls Athletic association has chosen the "Harvester Circle" for their sweater emblem. The monogram was designed by Dwight Price.

It features two circles of green and gold and a shock of feed worked under the letter P. This monogram will be worn only by girls of the Letter club of Pampa high. To be awarded a sweater featuring the Harvester Circle emblem members must win 1,000 points taking major parts in three sports during the school year.

The twelve girls who have won letters this year are: Adelle Stone, A. H. Hestell, Golda Jameson, Florence Ward, Marie Magee, Addie Bradford, Ruby Brown, Ruby A. Quest, Georgia Quest, Monica Lane, Hazel Fletcher and Allene Lorton.

Sweaters for these girls have been ordered and the "Harvester Circle" will add pep to the football field this fall.

Twelve girls in Pampa high have allowed noses to shine and cheeks to glow ghastly white for lack of powder and rouge. Then, Tuesday, these same pale faces appeared, carrying green and gold baskets filled with cookies. Then, the teachers were offered these sweets in all classes. Ask a Harvester girl, "Why?" and you'll get the answer "Go, Miss Carter." Just initiator, week for those long cherished green and gold sweaters.

APPRECIATE PROGRAM

The teachers and pupils of the third and fourth grades wish to thank the P. T. A. for paying for our program to be used for our entertainment May 21. This program is a free program and we appreciate the P. T. A.'s help. The children are all working hard in school work and practicing for their closing entertainment, so all are busy. The public is invited to the entertainment Friday, May 11, 8 p. m., at the high school auditorium.

THE MOTHER

It's hard to see my children go
Out in the world away from me,
Yet life has ever ruled it so.
And life is wise, Youth should be free
To seek its goals with joyous zest,
My love would be a selfish thing
To hold my fledglings in the nest
When they are ready to take wing.

Love called me, and with willing feet
I followed where its summers led,
I've known the bitter and the sweet
And as the busy years have sped
I've made a home—as those I love
Had made a home for me, shall I
Complain because I am bereft?
Ah, no, my heart shall still beat high.

If I have woven strong and true
The warp and woof of mother-love
My children as they battle through
Life's struggle, shall be conscious
Of the truth and faith they learned at home
And I shall know they won't forget
Bravely I send them forth to roam
Nor let them see my eyes are wet!
—Berton Braley

Sport Suits, Colored Coats with white flowered skirts at \$12.50 MITCHELL'S "Apparel for women."

WELL, DID YOU EVER

See Paul Camp get his O. J. Reading?
See John Pafford high jump?
See Cleaver Carter miss a field trip?
Hear Mr. Platter agree with anyone?
Hear Mr. Lester sing a solo?
See Miss Carter give a short history exam?
See Antry Holmes with the same girl twice?
See Vincent Halliburton studying?
See Kate Archer without gum?

Junior-Senior Banquet Is Very Enjoyable Event

The Juniors entertained the Seniors with their annual Junior-Senior banquet at the Schneider hotel last May 4. The banquet room was beautifully decorated with green and gold crepe paper, and green and gold balloons adorned the ceiling. The little "Harvester" place cards, designed by Beth Elythe were very attractive, and the mint cups were of the Senior colors—blue and white.

As delightful program was given during intervals of the banquet: Toastmaster, Bob Kahl. Welcome, Bob Kahl. Response, Ed Herflacher. Vocal Duet, Mrs. Doucette, Mr. Fisher.

Our Opinion of Seniors, Lewis Fogelman. Harvester Memories, Audrey, Noel, Joan Wells, Anita Spurlock, Kate Archer, Susie Bell Hickman. Address, Supt. R. C. Campbell. Piano Solo, Mr. Joe Strother. Music by Harvester Orchestra. Short extemporaneous talk, O. E. Hinkle.

Everyone seemed to have a very enjoyable evening, and the Seniors certainly appreciate the untiring efforts of the Juniors in giving this splendid banquet.

Memories of Mother

To a little green nook beside a bubbling brook
My memory loves to fly;
And as on this picture I lovingly look,
I dream of days gone by.

Oh Mother dear, again I hear
Your voice so sweet and mild;
As you whispered in my ear,
"May God bless my little child."

But, Mother, now the brook is dry,
The nook's no longer green,
And you are only here
When I see you in a dream.

But after this world is another
Where the brook is never dry,
There the grass is green, dear mother;
And we'll meet there by and by.
—Vivan Vickers, Sophomore.

WANTED

Wanted—A reasonable amount of mathematical knowledge. Will pay with chewing gum and paper wads. See Vincent Halliburton.

Wanted—A room and bath on Main Street, Phone ZYZ.

Wanted—A room by a gentleman 20 feet wide and 30 feet long.

For sale—Close in brick bungalow by a lady with a large attic.

For Sale or Trade—Would like to sell a stick of doublemint gum, or trade for a stick of Orbit fruit. See Maxine McKinney at sixth period in room 202.

Prof. Fisher Will Deliver Address at Oklahoma School

Prof. R. B. Fisher, principal of Central high, will leave Wednesday May 16, for Cherokee, Oklahoma, to deliver the commencement address there on May 17. He was invited to do so by Mr. Talley, principal of Cherokee high school, in behalf of the senior class of that school.

Mr. Fisher was the principal of Cherokee high school before he came here. This is certainly a compliment to the personality and ability of Mr. Fisher. Congratulations are extended wholeheartedly by all the student body and faculty of P. H. S.

To Mother

I am thinking of you, Dear Mother,
Now that you are away,
I never knew how I'd miss you
Until just yesterday.

I visited the home of a school-mate,
Whose mother has been laid at rest;
I could tell by his very action
That his heart throbbled under his breast.

He said "You never will miss her
Till the day death darkens her door.
While she's with you give her your kindness;
When she's gone, you'll have her no more.

Things have gone wrong since she left me,
When I go home, she's not at the door,
And I don't see the light in the window,
Or the sign of her broom on the floor.

"Old Pal, be kind to your Mother",
He said, and his eyes filled with tears;
"When she's gone you can't find another
To comfort you through the long years.

"If I had it all to do over
And Mother back home with me,
How good and how kind I would treat her,
If such a thing only could be.

"Mother in heaven, I love you,"
He said, in a voice soft and kind.
"I am hoping and longing in sadness
That your door-step in heaven I'll find."

I am trying to make this a lesson,
And to you Dear Mother I pray,
That I owe you my ever devotion
Till your God shall take you away.
—Elmer Hardin.

Gus G: If Lindbergh and Santa Claus were flying across the ocean,
who would beat?
Skeef R: I don't know.
Gus G: Lindbergh because there isn't any Santa Claus.

NOTICE TO ALL OWNING OR CLAIMING ANY PROPERTY ABUTTING UPON THE HEREINAFTER MENTIONED PORTIONS OF STREETS IN THE CITY OF PAMPA, TEXAS, AND TO ALL OWNING OR CLAIMING ANY INTEREST IN ANY SUCH PROPERTY.

The Governing Body of the City of Pampa has ordered that the hereinbelow mentioned streets be improved by raising, grading and filling, and paving with Vibroolithic pavement, together with incidentals and appurtenances, and contract has been made and entered into with Stuckey Construction Company for the making and construction of such improvements. Estimate of the cost of such improvements for each portion of street or highway has been prepared.

The portions of streets or highways to be improved, together with the estimated cost of the improvements for each such portion of street or highway, and the amount of amounts per front foot proposed to be assessed against the abutting property and the owners thereof, for each such portion of street, are as follows:

On Somerville Street from its intersection with the North property line of Francis Avenue to its intersection with the South property line of Cook Avenue, known and designated as Unit or District No. 23, estimated cost of the improvements is \$37,195.30; estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb is \$7.90; total estimated amount per front foot to be assessed against abutting property and owners thereof is \$8.325.

On Ballard Street from its intersection with the North property line of Kingsmill Avenue to its intersection with the North property line of Browning Avenue, known and designated as Unit or District No. 24, estimated cost of the improvements is \$17,048.74; estimated amount per front foot to be assessed against abutting property and owners thereof for curb is \$0.425; the estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb is \$11.70; total estimated amount per front foot to be assessed against abutting property and owners thereof is \$12.125.

On Kingsmill Avenue from its intersection with the West property line of Frost Street to its intersection with the East property line of Somerville Street, known and designated as Unit or District No. 25, estimated cost of the improvements is \$8,199.41; estimated amount per front foot to be assessed against abutting property and owners thereof for curb is \$0.425; the estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb is \$9.00; total estimated amount per front foot to be assessed against abutting property and owners thereof is \$9.425.

On Somerville Street from its intersection with the North property

Found: A brain mechanic. See Miss Whiteley in room 205.

line of Foster Avenue to its intersection with the South property line of Francis Avenue, known and designated as Unit or District No. 26, estimated cost of the improvements is \$14,902.14; estimated amount per front foot to be assessed against abutting property and owners thereof for curb is \$0.425; the estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb is \$10.15; total estimated amount per front foot to be assessed against abutting property and owners thereof is \$10.575.

On Francis Avenue from its intersection with the West property line of Frost Street to its intersection with the East property line of Purviance Street, known and designated as Unit or District No. 27, estimated cost of the improvements is \$35,695.01; estimated amount per front foot to be assessed against abutting property and owners thereof for curb is \$0.425; estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb is \$10.35; total estimated amount per front foot to be assessed against abutting property and owners thereof is \$10.775.

On Frost Street from its intersection with the North property line of Kingsmill Avenue to its intersection with the South property line of Francis Avenue, known and designated as Unit or District No. 28, estimated cost of the improvements is \$3,431.47; estimated amount per front foot to be assessed against abutting property and owners thereof for curb is \$0.425; estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb is \$4.50; total estimated amount per front foot to be assessed against abutting property and owners thereof is \$4.925.

On Cuyler Street from its intersection with the North property line of Brown Avenue to its intersection with the North property line of Tuke Street, known and designated as Unit or District No. 29, estimated cost of the improvements is \$3,454.99; total estimated amount per front foot to be assessed against abutting property

and owners thereof is \$6.60. There is no assessment for curb as curbs are not to be constructed in this unit.

On Cuyler Street from its intersection with the North property line of Tuke Street to its intersection with the West property line of Barnes Street, known and designated as Unit or District No. 30, estimated cost of the improvements is \$15,327.21; total estimated amount per front foot to be assessed against abutting property and owners thereof is \$3.65. There is no assessment for curb as curbs are not to be constructed in this unit.

On Frost Street from its intersection with the North property line of Francis Avenue to a point 150 feet North of its intersection with the North property line of Finch Avenue, known and designated as Unit or District No. 31, estimated cost of the improvements is \$24,942.61; estimated amount per front foot to be assessed against abutting property and owners thereof for curb is \$0.425; estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb is \$5.65; total estimated amount per front foot to be assessed against abutting property and owners thereof is \$6.075.

The paving on streets above set forth as Units Nos. 24, 25, 26, 27, 28, 29 and 30 shall be 6 inch Vibroolithic pavement and the paving on streets above set forth as Units 23 and 31 shall be 5 inch Vibroolithic pavement.

Said streets are to be improved by raising, grading and filling and installing concrete curbs and gutters, except no curb or gutter to be installed in Units 29 and 30, and paving with Vibroolithic pavement, together with incidentals and appurtenances, as provided in the plans and specifications prepared by the Engineer for said City and how on file with the City.

A hearing will be given and held by and before the Governing Body of the City of Pampa, Texas, on the 25 day of May, A. D. 1928, at 10:00 o'clock a. m., in the City Hall in the City of Pampa, Texas, to all owning or claiming any property abutting upon said portions of streets and highways, and to allowing or claiming any interest in any such property. At said time and

place all owning or claiming any such abutting property, or any interest therein, shall be and appear and will be fully heard concerning said improvements, the cost thereof, the amounts to be assessed therefor, the benefits to the respective parcels of abutting property by means of the improvements on the portions of street or highway upon which the property abuts, and concerning the regularity, validity and sufficiency of the contract for, and all proceedings relating to such improvements and proposed assessments therefor, and concerning any matter as to which they are entitled to hearing under the law in force in the City and under the proceedings of the City with reference to said matters. Following such hearing assessments will be levied against abutting property and the owners thereof, and such assessments, when levied, shall be a personal liability of the owners of such property, and a first and prior lien upon the property as provided by the law in force in the city, and under which the proceedings are taken, being the Act passed at the First Called Session of the 10th Legislature of the State of Texas, known as Chapter 106 of the Acts of said Session.

The improvements on each said portion of street or highway constitute an entirely separate and distinct unit of improvement, all to the same extent as if entirely separate and distinct proceedings had been taken with reference to the improvements and assessments therefor in connection with improvements on each such portion of street or highway, and the assessments against the property abutting upon any unit shall be and are in no wise affected by any fact or circumstance relating to or connected with the improvements in other units.

Of all said matters and things, all owning or claiming any such property, or any interest therein, as well as all others in anywise interested or affected, will take notice.

Done by order of the City Commission of the City of Pampa, Texas, this 11 day of May, 1928.
C. O. Busby, City Secretary, City of Pampa, Texas. 13-10-29 (SEAL)

Motorcade Will Lead to Pretty New Mexico

STANFORD, May 12.—(Special)—Some of the most picturesque spots in the Southwest will be visited by the second annual Motorcade to be sponsored by the West Texas Chamber of Commerce. Date for the feature event has been set one month later than that of last year, due to the lateness of the annual convention and of the subsequent annual executive board meeting.

Assembling at Snyder early in August, a party restricted to 150 will set out for Carlsbad, New Mexico, end of the first official lap of the trip, where the Pecos Valley Inter-Mountain district convention of the West Texas Chamber of Commerce will be held.

Eating will be done much in the way from an old chuck wagon, the delicious provision of West Texas ranches, and camping and out-of-doors life, will have charge of this feature of the motorcade.

One of the most interesting meals to be partaken by the party will be that served in King's dining room of the famed Carlsbad Caverns, in which the district convention is to be staged. Several new chambers of the big cave will be open to inspection of the motorcade visitors.

From this spectacular spot, the caravan will move to McKittrick canyon, a gorge east of the famous Guadalupe Peak. The tour will include a drive around the peak, which is 9,500 feet high, and crowned with 2,000 feet of rock.

Leaving the canyon, the party will go between the Diablos and Delawares into the salt flats and into the town of Van Horn, where luncheon will be served. The afternoon drive following this will afford observation of the famous little station on the Southern Pacific, Lobo. The huge stone hotel, which is the only structure of importance there, is the culmination of one of the first blue sky land-deals. Buyers of land supposed to be located near a large mountain resort hotel visited the place to find none, and filed charges against the realtor who had sold them property under false pretenses.

Before the case could come before court, this man borrowed money and saw to construction of a big stone edifice which today stands alone with the mountains back of it and the steel rails beside it for company.

Passing through Valentine and Marfa, the motorcade will be brought to the Mile-High Town of Fort Davis, the second destination point at which a district convention will be held. Here the Big Bend regional session will be staged by the West Texas Chamber of Commerce. Following it, the famed Shafter Mines will be visited and will take the visitors into one of the most beautiful canyons in this range of mountains.

Presidio and Adobe City, one of the oldest in the section, and the romantic city of Ojinaga and Alpine will be next covered by the motorcade. Subsequent travel will take the party thru the great sheep and goat raising section of Texas, crossing the Pecos River on the highest bridge in America, and on to the beautiful Devil's River. The

Name It

- Baylor College
- Values Friends
- Dairy Growth
- His Privilege

By DAVID M. WARREN

Many in the Panhandle see something of the Clarendon-Amarillo situation in the proposal to move Baylor University from Waco to Dallas. The big investment in the medical college and hospital in Dallas is a wedge for removing the entire university to Dallas. Expressions have been many that the Methodists did not keep faith with the people of Clarendon in moving the college to Amarillo, and now there are Baptists demanding that the denomination keep faith with Waco. Final decision is expected some time next week.

T. T. Waggoner, editor of the Claude News suffered a nervous breakdown recently. He stated that the long hours had finally been more than he could stand up under. Commenting on his illness, he wrote that it was almost worth while because he found how many friends he had. The kindness shown him was one of the great blessings of his life, he declared. Many business men, working long hours, believe they are indispensable to their firms. Illness or accident often teach these men to shift their responsibilities.

Nearly every issue of Panhandle-Plains newspapers tell of the remarkable growth of the dairying industry. Fifty good cows are being placed in Donkey county. A good bull, delivered in Carson county a few weeks ago for \$250, can be sold for \$500. Dairyman in Deaf Smith, Randall and Potter counties are forming a testing association. The day of staking property on a wheat or cotton crop is rapidly leaving this section. Bankers and merchants will be the first ones to say "amen" in praise of that.

An editor has the privilege of writing interesting little town of Lantry will be on the route. It was named by Roy Bean, the notorious "law west of the Pecos," who disregarded the official title of the town to honor the English singer, Lillian Lantry, who stopped at the town on her way from San Antonio.

After a visit to the border city of Del Rio, the party will spend two days in camping, picnicking, and fishing near Junction on the banks of the Llano River.

Kerrville, Fredericksburg, Mason and Brady will be toured before the motorcade disbanded at Brownwood.

Not Yet 3, But Already a Flyer

Though she won't be 3 until her next birthday, Joyce June Neely, daughter of Mr. and Mrs. Wilbur Neely of Wichita, Kans., is a member of the National Aeronautic Association. She has participated in numerous air jaunts, recently having flown in the Kansas air tour.

an event in whatever style pleases him. W. J. Miller of the White Deer Review and Skellytown-Rosanna News presided at a chamber of commerce dinner at Skellytown. Instead of stating merely that he presided, he wrote that he "was toastmaster and his ready wit and pleasing manner made the occasion an enjoyable one."

Progress is noted at Silverton. Work starts on a \$10,000 garage. The city's water system is being built. Many cars of building material are being placed around court house block. Wheat looks better than in a long time around Silverton. These few notes indicate real development.

Mr. and Mrs. O. M. Carlock visited friends in Amarillo last week.

George Everly, who was seriously burned Wednesday morning when he came in contact with a high line, is slowly recovering in the Pampa hospital.

Mr. and Mrs. D. E. Cecil are en route to Portland, Ore., where they will spend a month with Mrs. Cecil's mother. Mr. Cecil is connected with Kees and Thomas, clothiers.

Leonard Hensley is going home at the hospital following serious injuries received when he fell from a scaffold last week.

Ms. Johnson Is Crowned as "Miss Pampa" Friday

By reason of a margin of 3,450 votes over her nearest opponent, Vera Johnson Friday night was crowned "Miss Pampa" at the American Legion home and presented with a \$350 diamond ring and a pair of fancy slippers. Miss Ruth Rittenhouse was given \$60 in cash as second prize in the contest.

The "Miss Pampa" contest was held under the auspices of the American Legion fire department and the J. George Loos shows. Interest in the contest was keen from the beginning, especially among the contestants and their friends. The credit for the success goes to the contestants and Tom Stevens, advance agent for the J. George Loos shows, who worked untiringly during the entire time.

The presentation of the prizes was made by Lou Heminway, secretary of the J. George Loos shows, who, in a short address congratulated the contestants on their efforts to win the prize.

The standing at the final count Friday night was:
Mrs. Vera Johnson, 58,600.
Miss Ruth Rittenhouse, 55,150.
Miss Gladys Cooper, 32,500.
Mrs. Jack Dean, 26,500.
Miss Edna Biard, 14,500.

Why a Tomorrow?

If you are going on down thru the years no better off than you are today.

Do you want your fortune told better than any necromancer could tell it? Then listen to these words of James J. Hill, the great financier:

"You can easily find out whether you are going to be a success or failure in life. Are you able to save money? If not, drop out. The seed of success is not in you."

Having had success men are apt to increase their personal expenses to indulge their tastes. A man's whole future depends upon his level-headedness at this time.

Successful men of middle life need to be reminded of this: "They cannot manage going down hill instead of continuing up. Half of life is over, the best is here."

Why all the sermon, you ask? Of course there's a "why". One of the best propositions ever offered any people anywhere is now being presented to the people of Pampa. A gilt-edged security, as safe as either of Pampa's very reliable banks, in a firm with a successful local unit, may be bought on the installment plan for as low as \$10 per month on a \$100 share. Just as soon as the first dollar is paid down it starts drawing 7 per cent interest and each additional dollar draws the same until the \$100 is paid.

When the share is paid out it participates in the earnings of the company up to 9 per cent. THE EARNINGS OF THIS COMPANY HAVE NEVER BEEN LESS THAN ENOUGH TO PAY ALL SHARE-HOLDERS 9 PER CENT.

There is now, and we sincerely believe there will always be, a ready market for these shares. If a loan is needed they have a high collateral value with the banks.

One of the best phases of this offer as a savings plan is the fact that

THERE IS NO FORFEITURE CLAUSE.

If a share is only partly paid for, the holder loses neither principal nor interest.

Mr. Hill might have added as a corollary that the wise investment of savings was essential to success. We are now offering you a chance to tell your own fortune:

CAN YOU SAVE?
If the answer is in the affirmative, then

CAN YOU RECOGNIZE A GOOD INVESTMENT?

Our Security Sales Department would like to know how you tell your fortune—what lies ahead of you. Whether you are interested in saving or investment or not, drop in and see or write

THAT PROPOSED BOND issue for a state system of connected highways is coming to the forefront again, this time in a form which makes judgment difficult until the complete details are explained.

R. S. Sterling, the author, is a member of the state highway commission, and his idea is heartily concurred in by his colleague, W. R. Ely. Both of these officials were here recently, and in conversation with the writer often referred to the plan as one which would solve most of the road building ills of the state.

Briefly, the plan is to issue at least \$300,000,000 in state highway bonds for a connected system, to be financed by the gasoline tax, if sufficient, and allied sources of revenue pertaining to use of the roads.

Mr. Sterling would refund to the individual counties amounts corresponding to the cost to them of building the connecting units of the designated system of which they are a part. In other words, "to him who hath shall be given", and counties with paying would be repaid for their part in building up a connected system.

Mr. Sterling would make it mandatory upon these counties to use the refund for building lateral roads within their borders. Mr. Ely would also allow the refund to be applied toward liquidating highway bond indebtedness. Commissioner Cone Johnson was one of the first to suggest a statewide bond issue for highways, but the other commissioners have gone further in development of a plan.

Before the necessary constitutional amendment is voted upon, West Texas would like to ask:

- 1. How many counties of this territory would the "connected system" costing \$300,000,000 serve?
2. Would not West Texas, which has helped to provide state aid to build roads in other parts of the state, be made to pay major cost of those roads through the refund, and under the new plan build further systems in other parts of the state, losing also state aid in this territory and not having claim to any refund? And have not the other portions benefited greatly from local use of these connecting roads, while West Texas has benefited little?

In other words, should not the plan keep in view West Texas conditions, as well as those elsewhere? Furthermore, West Texas would have little to say, if anything, about the location of the connecting roads, and not having funds available for both lateral roads and the main highways, would be handicapped during the life of the huge statewide issue? We raise these questions in the spirit of inquiry, not controversy.

An editorial writer is the Democratic keynoter. Who said editorials aren't read? Or did the Demo leaders wish something that would not be read?

Standing Room Only

China and the League

China's appeal to the League of Nations against the Japanese raises one of the most troublesome questions the League is apt to face soon.

First, there is the obvious necessity for protection of foreigners and foreign consulates in China—a protection which neither Southern nor Northern leaders are able to guarantee under the conditions existing in that unhappy country.

The struggling fires of nationalism in China, coupled with the ignorance of the masses, combine to make things dangerous for any alien peoples who may incur the wrath of the Chinese. It is said that many American-educated Chinese are stirring up the revolutionary spirit in hopes of obtaining quicker progress toward the status Japan enjoys.

From another angle—that of foreign intervention—the parallel case of U. S. Marines

WASHINGTON LETTER

By RODNEY WITCHER
NEA Service Writer

WASHINGTON—The possibility that Mayor Bill Thompson of Chicago will send one of his negro ward leaders here as a congressman reminds one of old Tom Corwin, a representative from Ohio who came here as a Whig nearly 90 years ago.

Corwin was so dark that, like some Latin-American diplomats of the present day, he was often taken for an African. Instead of being sore about it, he used to enjoy it. He always said that he never would need work, for he could cross the river into Kentucky, give himself up to a slave-trader and be sold into the cotton fields.

Once when he was addressing a Whig mass meeting at Marietta, being extremely anxious to straddle the slavery issue as it then existed, there

in Nicaragua comes to mind. Perhaps this is why Uncle Sam is not taking a very active part in China. Little nations are so prone to draw embarrassing contrasts.

Abolitionists, his complexion saved the day for him.

"Shouldn't niggers be permitted to sit at a table with white folks, on steamboats and at hotels?" asked one of his opponents in the crowd.

"Fellow citizens," demanded Corwin, "I ask you whether it's fair to ask such a question of a gentleman of my color?"

"To me," writes a New York editor to your correspondent concerning Harry Sinclair's acquittal, "the situation is amazing and somewhat discouraging—that public sentiment is so quiescent. It looks to me as if the jury system had pretty nearly broken down in America."

It looks that way to other thoughtful persons, including some of the best statesmen hereabouts, but none has been able to devise a satisfactory substitute for the jury system. Twelve men good and dumb have been convicting innocent men and releasing guilty men ever since juries were first used, though there is no way to determine the percentage of error. Suggestions that judges be given more latitude in clearing the air for juries after lawyers have filled it with smoke screens are met by the fact that the judges have been showing a tendency to

TWINKLES

Habit may be defined as that something which makes a girl with knee length dress raise it a wee bit more when crossing a muddy street.

The old game of "Button, button, who's got the button?" has been revived in Pampa since Matsuda demonstrated the art of jiu-jitsu.

A Paris society for the suppression of noise seems to be making quite a howl. Electric fans are being installed in poultry houses. If given many more conveniences, the hens are apt to tell their owners to make the eggs synthetically and be done with it.

Invasions of green bugs are being reported, though it isn't

BARBS

Colleges have their "hell weeks", but even high schools have final examinations.

One way of getting to the front in the city is by taking a job as motorman.

A genealogist figures that Hoover's near and distant relatives in this country number 947,356. But maybe his friends can elect him in spite of that.

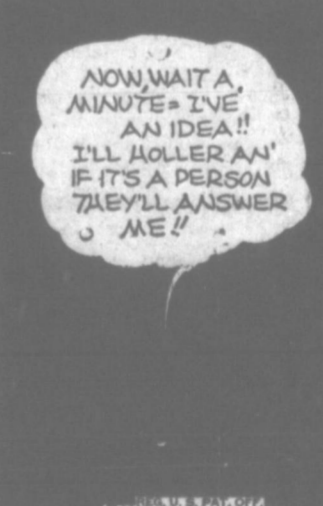

Two young men of Lynn, Mass., told police they had been forced to walk home after taking a couple of young ladies out for a ride. The boys shouldn't take such chances.

MOM'N POP

Riley and Barnes Will Battle By Popular Request

Sgt. Sam Riley and Floyd Barnes have been re-matched by public request in a ten-round match at the Pampa Athletic club tomorrow night. These two boxers went eight rounds last week, with Riley gaining the decision in the final battle of the night. When the final gong sounded, both boys were out on their feet.

Riley, 148 pounds, of Pampa, is one of the fastest and cleverest boys seen in the local ring for some time. What he lacks in height he makes up in aggressiveness and speed in getting into his man. He holds decisions over some of the fastest boys in the country, including Clyde Hull.

Barnes, 150 pounds, from Hot Springs, Ark., is a clever, hard hitting boxer and the first to knock Riley off his feet. He holds decisions over Montey Bey, Kid Fey, and Art Dula.

Rusty Cahill and Leo Rivers, Lincoln, Neb., the Philippine flash, will tangle in the eight-round final event and both are in the best of condition. Cahill came back last Monday night and defeated Billie Springfield. Rivers is a protege of Pat Flynn's and a good boy.

Mickey Blake, 160 pounds of Sherman, will battle young Mickey Walker, 155 pounds the Pampa K. O. artist, in the six-round special event.

Young Granite and Jack Morrison will go six rounds in one preliminary and O. D. and Earl Bordon four rounds in the other preliminary.

The card will commence at 8 o'clock.

Made Comeback

"The pride of Pampa" has hit his stride again and should give the famous Leo Rivers one of the hardest battles in his career in the eight round battle at the Pampa Athletic club tomorrow night. These two are noted for their hard fighting while in the ring.

Rice Institute Wins Track Meet of S. W. Conference

AUSTIN, May 12—(AP)—Superiority in the running events, in which Bracey and Brunson starred, gave Rice Institute of Houston first place with 53 points in the Southwest conference annual track meet Saturday.

Texas University, winner for the last five years, was second with 46 points and Texas A. & M. college third with 32 1-2. Five records were broken and two tied.

New records, with old mark: 100-yard dash Bracey, Rice, 9.7 seconds (9.9); 800-yard run; Brunson, Rice, 1:57.5 (1:57.7).

Discus: Baldwin, Texas, 144 feet, 45-8 inches (143 feet 10 inches).

220-yard low hurdles: Brown, S. M. U., 23.5 seconds (23.7).

Broad jump: Smyth, Texas, 23 feet, 5 inches (23.4).

Record tied: 220-yard dash: Bracey, Rice, 21.6 seconds.

1 Mile run: Brunson, Rice, 4:21.6.

Tigers Defeat Kansas

ROLLINS FIELD Columbia, Mo. May 12—(AP)—University of Missouri defeated Kansas in their 27th annual dual track meet here this afternoon 71 2-3 to 59 1-2.

TO PROBE CHAIN STORES

WASHINGTON, May 12—(AP)—The Senate today adopted the Brookhart resolution directing the federal trade commission to inquire into the chain store system of merchandising.

400 Meter Record Broken Saturday

STANFORD STADIUM, Calif., May 12—(AP)—Emerson Spencer, Stanford sprinter broke the world's record in the 400-meter race here today when he sped over the distance in 47 seconds flat, four tenths of a second better than the time made by Ted Meredith in 1916.

A slight breeze was blowing against the field in the first stretch and favored the entrants on the down trip. The event was one of the Pacific Athletic association's Olympic games tryouts.

Columbia Varsity Win as Comeback

PRINCETON, N. J., May 12—(AP)—Columbia's intercollegiate champions staged a comeback today to beat Pennsylvania and Princeton in the varsity crew race for the Child's cup on Lake Carnegie.

Columbia led from the start to finish, crossing the line fully two lengths ahead of Penn with Princeton 1927 winners, third, over a length behind Penn in one and three-quarters mile race. The winners time was 9:08.

Marathon Crew Eases Grind for Sunday Program

ELYRIA, Ohio, May 12—(AP)—C. C. Pyle's bunion derbysists paused here tonight after a hectic week's travel from Chicago that has carried them nearer their New York goal.

Andrew Payne, Oklahoma's speeding youth led the van, having covered the 2752.6 miles from Los Angeles in 45:36:53. Twenty-two hours, 27 minutes and 40 seconds behind him was John Salo, Passaic, N. J., holder of second place.

Having covered 172.6 miles in three days, members of the Pyle caravan were slated to east off Sunday with the 45-mile sprint through Cleveland and heavy week-end traffic to Arrowhead, the seventh first control.

Giulio Orneli of Trieste, Italy, finished first today on the 62.3 mile jaunt from Fremont in 9:17:14. Salo was second in 9:32:10, and Harry Abramowitz, New York, third in 10:31:05. Mike Joyce, Cleveland Irishman, tied Payne, Philip Oranville, Canada, and Louis Perrella, Albany, for fourth in 10:46:30.

Walker Cup Team To Miss Guilford

The omission of Jesse Guilford, the Boston Siege Gun, from the United States Walker Cup golf team for the first time in the history of the international team competition doubtless was because big Jesse has been playing very little formal golf since the last competition at St. Andrews in 1926, leaving the committee no way of judging his present or recent form.

Guilford was always a popular figure on the team. His extremely quiet humor was a source of much enjoyment to his mates. Jesse probably talks less than any other prominent person in golf, but when he does speak he is very likely to say something worth hearing.

I never shall forget Guilford's epigrammatic characterization of the Royal St. George's course at Sandwich, where the British open is being played this year. The American amateurs were engaged in the annual St. George's Case medal competition, on a cold and surprisingly windy day, and Jesse was plodding along down one of the valley-like fairways between the vast rolling dunes among

which the course is laid out. It has more blind shots, I think, than any other well-rated golf course in the world.

I asked Jesse what he thought of the layout. He grunted. "You can't see any of the course except the hole you're playing", he said finally, "and only about half of that!"

Guilford for many years has been rated a powerful golfer rather than a brilliant one; his enormous drives were famous; and his ability to recover from seemingly impossible situations with the niblick earned him another sobriquet—the Great Excavator.

The course was soaked from heavy rains but both players, hitting shots with huge carry, were getting their distance all right. As I recall them, the sixth hole is about 350 yards in length the seventh is a stiff dith—a one-shotter; the eighth is a dogleg to the right, about 350 yards; and the ninth is a rather tough par 5 of well over 500 yards. Par, of course, is 4-3-4-5. Guilford was up as he stood on the sixth tee, but not much up and Gardner was fighting back hard. But after Guilford peeled off the next four holes in 3-2-3-4, it was all over but the handshake, which occurred a few greens later. I think it was the most decisive coup-de-grace I ever saw in a golf match.

Princeton Freshman Win First Race

PRINCETON, N. J., May 12—(AP)—Princeton's freshman crew scored a clean-cut victory over Columbia and Pennsylvania today in the first major event of the Child's cup regatta on Lake Carnegie. The tigers took an early lead and held it all the way, finishing two lengths ahead of Columbia and four ahead of Penn.

The winners time was 9 minutes 20 1-5 seconds for the mile and three-quarters.

Home Ec Girl Speaks to School on Child Health

CANYON, May 12—The Home Economics department of the Teachers' college is doing a valuable piece of extension work by assisting rural and other schools in working out their problems. Last week Miss Ruth Bloodworth, a senior student in this department addressed the Parent-Teacher Association of the Zita community on the subject of child health. This was a program given as a part of the Child Health Week activities.

Miss Bloodworth is a country girl, has taught in rural communities, and knows the problems of country people. She talked upon the food in its relation to health of children and showed just how the homes of the people she was addressing could provide wholesome meals and lunches with the materials which farm homes have to use.

Miss Helen Burtz, teacher of the school, expects to have more talks and demonstrations in the future.

Abilene College Wins T. I. A. A. Meet

DENTON, May 12—(AP)—The Abilene Christian college track team won the Texas Intercollegiate Athletic association track and field championship here today with 39 1-4 points. Sam Houston State Teachers college of Huntsville was second with 37 7-12 points.

Stevens of Abilene C. C. was high joint man with 13 points.

New records were established in the mile run by Vaughn of A. C. C.; 800-yard run by Bagwell of Canyon Teachers college; mile relay by A. C. C.; javelin by Kall of S. H. T. C.; shot-put by Wright of San Marcos State Teachers college.

"Jock" Is Derby Winner in Handicap

LOUISVILLE, Ky., May 12—(AP)—Jock E. McLean's last year's derby \$10,000, added, at Churchill Downs, to-candidate, won the Clark handicap, day, with R. E. Lechleitner's derby hope for this year, Cartago, second. Flat Iron, owned by Stuyvesant Peabody, of Chicago, was third.

Jock's time for the mile and a sixteen was 1:45. Jockey E. Ambrose was up.

Benivan, the only other derby candidate entered in the handicap scheduled for three year olds and upward, set the pace for the first half, but dropped back under Jock's drive in the back stretch.

The Lafalot Bridge club postponed this regular meeting to Tuesday evening at which time it will meet in the home of Mr. and Mrs. Henry Lemons.

Here's Your Best Track Squad in America

Here is an eight man track team that not only is the favorite to retain the intercollegiate championship but is expected to help do large things for Uncle Sam this summer in the Olympic games at Amsterdam. The young athletes are the bright stars of Stanford University, one of the strongest college aggregations in the world. In the group are back row, left to right, Ross Nichols, high hurdles, 14:3-5 seconds, Eric Krenz, shot put, 49 feet 3 inches, and discus 154 feet 6 3-4 inches; R. L. "Dink" Templeton youthful coach and a member of the Olympic board of coaches; Captain Emerson Spencer, quarter mile, 47.4-5 seconds; Kimball Dyer, broad jump, 24 feet and 2 3-8 inches. Front row, left to right, Al Forster, shot put, 48 feet 6 inches; Bob King, high jump, 6 feet 6 1-4 inches; Ward Edmonds, pole vault, 13 feet 7 inches; Fred Zombro, broad jump, 24 feet 10 1-2 inches.

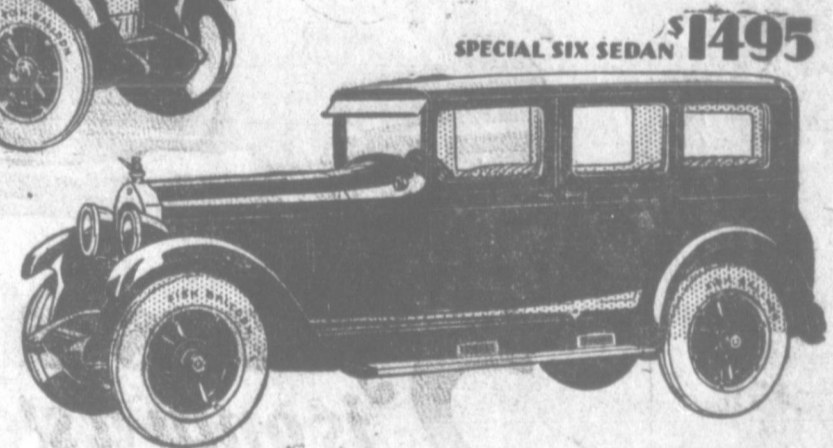

Lowest prices in history!

WILLYS-KNIGHT SIX

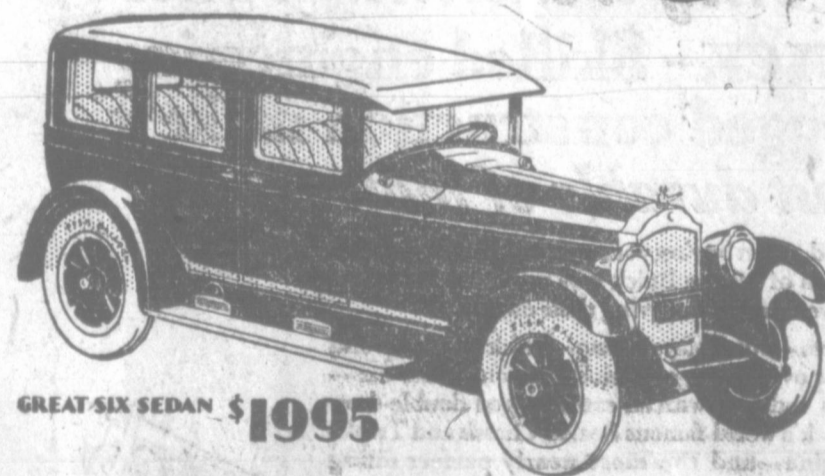

perfected to new high standards of beauty, luxury, smoothness and power

STANDARD SIX COACH \$995 REDUCED TO

SPECIAL SIX SEDAN \$1495

GREAT SIX SEDAN \$1995

SMOOTHER WITH USE

The patented Willys-Knight engine has no valves to grind, no complicated mechanism of springs, tappets and cams. Its simplicity of design insures results far beyond those obtainable from any other type of motor.

In each cylinder, two sliding sleeves combine with the spherical cylinder head to form a perfectly sealed combustion chamber, effecting high uniform compression at all speeds—and with any gas.

IN beauty of line and color, in artistry of finish, in luxury of appointment—the improved Willys-Knight offers everything that wins you to a fine Six.

And still more important, Willys-Knight brings you the unquestioned superiorities of the patented double sleeve-valve engine, acknowledged by engineering experts to be the simplest and most efficient of automobile power plants.

Now, with the introduction of the new Standard Six at a record low price, Willys-Knight's lightning pick-up, sustained brilliance, quick starting and marked economy are available to added thousands of owners.

Experienced motorists who know the velvet smoothness, silent power and rugged stamina of this engine, have been quick to acclaim the finer Willys-Knight as 1928's greatest value.

Willys-Knight Sixes range in price from \$995 to \$2695, in the Standard Six, Special Six and Great Six divisions. Prices f. o. b. factory and specifications subject to change without notice. Willys-Overland, Inc., Toledo, Ohio.

OUT OUR WAY

—By Williams

lieved of the embarrassment in connection with the technical charge of "immorality."

Bishop McConnell strongly protested use by the Rev. George A. Cooke of Wilmington, Del., of the word "immorality" in charging him with certifying to incomplete reports of the Wilmington annual conference in March, 1927, and in giving approval to the teachings of evolution.

The conference condemned "the utterly false and mischievous use" of the questionable word and ordered the whole complaint dismissed on a resolution by E. H. Cherrington of Westerville, O., and amended by Dr. Harold Paul Sloan of Haddonfield, N. J.

Today's appeal was Bishop McConnell's first recognition of the charges, filed a week ago.

Bishop McConnell was the first of four of the church's 37 effective bishops to be cleared of various charges brought against them in the present conference.

Today's appeal was Bishop McConnell's first recognition of the charges, filed a week ago.

Reiterating that the expenditures on behalf of the Hoover candidacy had been "modest," good declared that was the first time "in the history of the republic" that a candidate or his manager had appeared before a congressional committee and disclosed all expenditures by local committees over the country, insisting that the statement made by the campaign manager for Governor Alfred E. Smith, leading candidate for the Democratic nomination, had not contained this information.

Markets

CHICAGO, May 12.—(AP)—Staggered by an unexpected jolt from official sources, the wheat market reeled heavily downward today in the late trading. Revision of the government May crop report added 7,392,000 bushels to the 1928 probable yield of domestic winter wheat, and brought about a series of rushes to the selling side of the market.

Closing quotations on wheat were unsettled, 2 5/8 to 3 1/8 net lower, with corn 3/4 to 1 1/4 off, oat varying from 1/8 decline to 1/4 advance and provisions unchanged to a setback of 1/4.

Corn held better than wheat, but nevertheless reflected the action of the bread grain.

May and July oats rose temporarily to the highest prices yet this season. Frost in part of the oats belt led to more or less apprehension of crop damage.

Provisions were easier on account of scattered selling.

BIG FIRE IN HOUSTON

HOUSTON, May 12.—(AP)—A fire of unknown origin which swept through the Bartell Moving company warehouse here endangered a rich industrial district tonight and caused damage estimated at \$100,000.

SAN ANGELO WITHOUT GAS

SAN ANGELO, May 12.—(AP)—San Angelo was without Gas Saturday when the eight-inch main supplying the city from Coleman county fields was broken by the Colorado river, which was reported here to have risen 20 to 25 feet.

CHURCHES

The Methodist Church

Let us remember Mother today. In so doing let us not forget the Christ she worshiped and the church she loved.

A special program has been arranged by our church in keeping with the spirit of the day. Sunday school will start promptly at 9:45; Horace McBeck, superintendent. Do not forget that we are striving to reach 400 Sunday school every Sunday.

The pastor will speak at both hours. Morning theme: "Mother". Evening theme: "Save America".

Special music has been arranged by the choir for all services. At the morning hour two special numbers will feature our service: An ecstetic will bring a message in song, "Song That Mother Loved," and "My Mother" will be sung by a mixed quartet.

At the evening hour the pastor will bring a message that every citizen in Pampa, who believes in saving our country from wreck and ruin, should hear. If you believe in law enforcement, if you believe in making our town and community a better place in which to live, we want your presence Sunday night.

The church with a hearty welcome. Joe Strother, Educational Dir Tom Brabham pastor.

Baptist Church

Volunteer prayer service, 9. Sunday school, 9:45.

Morning worship and Mothers' day program, 11.

Address by Prof. Charles H. Utley of Boulder Colorado.

B. Y. P. U. Sunday evening, 7. Evening evangelistic services, 8.

Rev. W. H. Jackson, pastor at Miami, will preach Sunday evening. Rev. D. H. Truhitt, pastor of the First Baptist-church Pampa, will be out of the city both morning and evening, preaching the baccalaureate sermons.

Methodist Bishop Is Acquitted of Grave Charge

at Higgins, Texas, Sunday morning and at Miami, Texas, Sunday evening.

The people are all cordially invited to attend these services with the Baptist church here Sunday.

Tom Ed Vaughan, educational director.

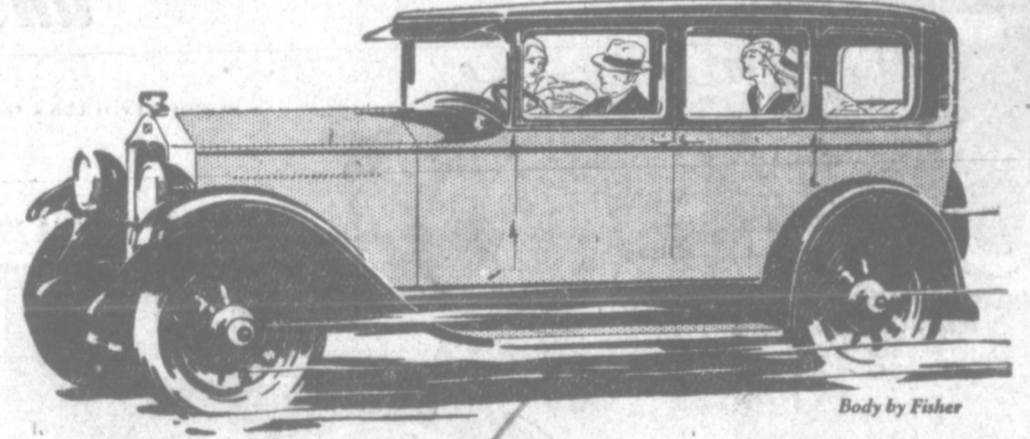

TO EXTRICATE BREMEN

ST JOHN, N. B., May 12.—(AP)—Two United States army amphibian planes flying from New York to Greenly Island, to aid in bringing out the trans-Atlantic plane Bremen, landed in Saint John Harbor today for refueling.

Methodist Bishop Is Acquitted of Grave Charge

KANSAS CITY, May 12.—(AP)—Bishop Francis J. McConnell of Pittsburgh was given a unanimous vote of confidence by the quadrennial general conference of the Methodist Episcopal church here today when a complaint against him of "maladministration and immorality" was ordered expunged as wholly without foundation.

Several evasions were given the bishop following his dramatic floor appeal that the conference take immediate action in order that he might be re-

5 years of service is only a starting point for BUICK—Skilled engineering and rugged construction make it the most durable of motor cars!

Keep in mind, when buying your new car, that more than three-quarters of all the Buick cars produced in the last twenty-five years are still serving their owners. Buick endures—Buick stays young—Buick stands up and gives its best over a longer period than any other car—because it is endowed with an extra-rugged double-drop frame—Buick's world-famous Triple-Chassis and Triple-Sealed Engine—and the most nearly perfect oiling system ever developed—

You'll prefer Buick because it leads in beauty and luxury; and you'll prefer it, too, because it is the most durable of cars—and therefore the most paying investment.

All Buick models have Lovejoy Hydraulic shock absorbers, front and rear, as standard equipment
