

Grand Jury Indicts 8 National Guardsmen For Kent State Killings

CLEVELAND (UPI) — Arraignment for eight present or former Ohio National Guardsmen indicted in the 1970 killings of four Kent State University students will begin April 10, federal officials said Saturday.

They said trials of the defendants are expected to begin shortly afterward on charges which in some cases could result in life imprisonment upon conviction.

Almost four years after the students were killed and nine other persons wounded in a 13-second barrage of Guard gunfire during an anti-war demonstration on the campus, a federal grand jury returned the indictments Friday.

The eight, all enlisted men, were accused of violating the civil rights of the 13 victims

by "willfully assaulting and intimidating demonstrators on the Kent State University campus May 4, 1970, by firing in their direction and violating the constitutional rights not to be deprived of liberty without due process of law."

A sobbing Mrs. Katherine Shafer, mother of indicted Guardsman Lawrence A. Shafer, said: "It's kind of hard to accept this when it's your own son."

Her husband said the Guardsmen were "only doing what they were told." Lawrence Shafer said he would talk about the shootings "maybe when it's all over."

The indictments revived a belief in the system of justice for the parents of the slain students.

"We've waited a long time for this," said

Mrs. Sarah Scheuer of Youngstown, Ohio, whose daughter, Sandra, was one of the students killed. "At long last there will be an accounting before the law."

Mrs. Louis A. Schreder, of Lorain, Ohio, whose son, William, also was killed, said: "It's been four years and all this time we've known our son did not do anything for which he deserved to be punished, let alone shot."

"I'm a little bitter because no one contacted me, such as the people who were supposed to be looking out for me," said Mathew J. McManus, 28, West Salem, Ohio, indicted and still a member of the Guard.

"I don't know what the next step will be," he said.

The indictments resulted from a four-

year fight on the part of parents of some of the slain students and others.

A state grand jury first investigated the killings, then indicted 25 persons—mostly students—and in a report exonerated the Guard of any wrongdoing in the deaths.

Wrongful death suits filed against the state and the Guard were dismissed by the courts on the grounds the state and its agents cannot be sued unless they agree to it.

A presidential commission, headed by former Pennsylvania Gov. William Scranton, investigated the shootings and termed the incident "unnecessary, unwarranted and inexcusable."

But in August, 1971, then Attorney

General John N. Mitchell announced that no grand jury would be called, saying it "could not reasonably be expected to produce any new evidence which would contribute further to making a prosecutive judgment."

Last summer, Attorney General Elliot L. Richardson ordered the federal investigation. The grand jury began its work Dec. 18, hearing from 173 persons in 39 days.

Arthur Krause of Pittsburgh, father of slain student Allison Krause, received the news with "a mixture of relief and sorrow—sorrow that it had to take individual parents and dedicated individuals and so many people to force our government finally to get to the matter, the truth about Kent State, out."

"Older men declare war. But it is youth that must fight and die. And it is youth who must inherit the tribulation, the sorrow, and the triumphs that are the aftermath of war."
—Herbert Hoover

'FRESH AS A DAISY' Foundation Slating Drive To Clean Up City Alleys

With spring having made its official arrival, members of the Pampa Beautification Foundation are sponsoring a campaign to encourage citizens to clean up their alleys in an effort to further beautify the city.

The group has specifically designated the month of April as a time to "Make Your Alley Fresh as a Daisy," but they hope citizens will take up the program for the entire year.

During April, citizens are being asked by the Foundation to concentrate on cleaning up the alleys behind their homes, businesses or property.

In cooperation with the City Public Works Department, the Sanitation Department and several youth groups and

organizations, the Foundation will make a special effort to encourage citizens to comply with Ordinance No. 684 of the City of Pampa and to help clean up the alleys and keep them clean.

Each week during the month-long campaign, a different church youth group will offer their time, free of charge, to anyone physically unable to clean up alley ways.

During the first week, citizens needing assistance may telephone Central Baptist Church at 665-1631 before 1 p.m. on April 5. Other numbers will be listed in the following weeks stating where this service may be obtained.

During the entire month, members of the Pampa

High School choir will provide the clean-up service at a nominal charge to raise funds for their annual spring choir trip. Persons wishing to partake of this service may call 669-2681 to request for it.

Anyone with large items which will not comply with Ordinance No. 684 can have them removed by telephoning Allen Vickery at 665-1689 for special pick-up service without charge to the individual.

Ordinance No. 684 of the City of Pampa provides that the property owners, tenants, occupants or lessees shall furnish receptacles of sufficient size and number in which to deposit garbage and trash for collection and removal.

The size of these receptacles shall be not less than ten nor more than 30 gallon capacity, constructed of galvanized metal or other approved material with suitable handles and with a tight-fitting lid or cover, and when filled shall weigh no more than 75 pounds including container.

All receptacles, except the throw-away type (for grass cuttings, etc.) such as plastic bags and boxes, shall be placed in a wood or metal rack that provides support for the receptacles to prevent turnover by wind or animals, and the lid or cover shall be attached to the rack or fence by a chain.

For special help or information on the Foundation's program for cleaning up alleys, the following people may be contacted:

Mrs. Denny McDougall, 665-3478; Mrs. Al Smith, 665-3612; Mrs. Thelma Bray, 665-1180; Jiggs Cooke, 665-8481; Allen Vickery, 665-1689, and choir members, 669-2681.

Nixon Asks Congress To Cut Welfare Cost

KEY BISCAIYNE, FLA. (UPI) — President Nixon announced Saturday he is asking Congress to cut welfare appropriations by almost \$800 million in the current fiscal year, due in part to the first major drop

in the nation's welfare rolls in years.

"This reduction in costs to the taxpayer can be made without in any way reducing welfare benefits to eligible recipients," he said in an announcement issued at his vacation home here.

Nixon said Americans heretofore have had to live "with a continuing upward spiral in both the size of the welfare rolls and the cost of welfare programs."

He added: "The tale has been a tragic one and because the welfare system is marred with inequities, it has also been an outrageous one to both recipients and taxpayers."

Now, he said, Casper Weinberg, Secretary of Health, Education and Welfare, has reported "encouraging evidence that we are beginning to make some progress in the welfare mess."

Sen. Birch Bayh, D-Ind., who forecast the President's action Friday, said then it meant "We can now return this money to the Treasury to fund other important programs such as those providing jobs for those who need work."

Bayh has proposed using half the welfare savings for a public service employment program in high unemployment areas. He also is pushing an amendment to rescind \$1 billion from HEW's current budget.

Nixon's proposed cut would mainly affect Aid to families with Dependent Children (AFDC) which at the end of December was funneling aid to 10.8 million recipients, Nixon said, however, that this was a net reduction of 255 thousand since December, 1972.

"We are starting, at last, to turn back the

ever-increasing welfare rolls which have become a tragic way of life for far too many Americans," he said.

The President said "a very significant factor in the reduction in the welfare rolls was the improvement in the

management of the AFDC program," including establishment of federal-state quality control programs.

This effort soon revealed that the problem was larger than originally thought."

Nixon said, "errors in eligibility and payment levels were found in 41 percent of the cases. This discovery helped to spur administrative improvements by federal, local and state officials."

However, the committee report will not include any recommendation for prosecution on grounds this would be beyond its purview.

The Times quoted sources close to the investigation as saying the IRS has had a criminal fraud investigation under way for several weeks but this does not necessarily mean the service will recommend prosecution.

The IRS could push for civil fraud proceedings, which are not as difficult to prove as criminal fraud and which carry penalties of 50 percent of any back taxes owed, the Times said.

In a criminal fraud tax case, the tried party is subject not only to repaying the taxes and penalties on the taxes, but to additional separate fines and/or jail sentence. In a civil case, he only would pay back the taxes and penalties on the taxes.

Despite the President's statement that he would abide by the committee's findings, his attorneys reportedly already are preparing to defend him in the U.S. Tax Court.

Committee To Announce Nixon Owes Back Taxes

LOS ANGELES (UPI) — A congressional investigating committee is expected to announce Wednesday that President Nixon owes up to \$400,000 in back taxes and that there is "evidence of civil fraud" in his returns, the Los Angeles Times said Saturday.

In a report from its Washington bureau, the Times said the Internal Revenue Service, which has announced a reopening of Nixon returns for audit, is expected to assess the President for the taxes as soon as the report is released.

The Times report quoted sources close to the Joint Committee on Internal Revenue Taxation.

When the President made public his finances last December, he asked the joint committee to study what he called two "controversies" concerning his 1969-1972 returns which were prepared by his tax attorneys.

Since the IRS announced its reopening of the returns the joint committee and the revenue service have exchanged information in their parallel studies, the Times said.

The report is expected to show that President Nixon

owes between \$300,000 and \$400,000 in back taxes and to include evidence of civil fraud in connection with the preparation of the President's returns, the newspaper said.

However, the committee report will not include any recommendation for prosecution on grounds this would be beyond its purview.

The Times quoted sources close to the investigation as saying the IRS has had a criminal fraud investigation under way for several weeks but this does not necessarily mean the service will recommend prosecution.

The IRS could push for

Baker Class Plans Arts, Crafts Show

The developmental class of Baker Elementary School will hold an arts and crafts exhibit Monday through Friday in the Conference Room at Carver Center from 9:30 a.m. to 4:30 p.m. daily.

An invitation is extended to all interested persons to view these projects.

Each project is correlated with learning tasks in the various skills taught in the

developmental class. The class is part of the Comprehensive Educational Services Program offered in the Pampa Independent School District.

Students participating in this exhibit, a first of its kind, are Mark Cordell, Gregory Counts, Steven Counts, Dicky Hendricks, Mark McMinn, Edward Ryan, Linda Crosswhite and Majaunta Slater.

Also included in the exhibit will be projects by made by Billy Finley, Jessie Ryan, and Stacie Coleman, members of the adjustment class at Baker. The class is also a part of the C.E.S. Program.

Mrs. Ruthiea Morgan is the teacher of the class and Mrs. Marge Hulsey is a volunteer aide in arts and crafts for the class. Floyd Sackett is principal of Baker Elementary School.

ARTS AND CRAFTS EXHIBIT — Mrs. Marge Hulsey, right, volunteer aide, helps Edward Ryan, son of Mrs. Lesta M. Ryan, 822 S. Gray, prepare an exhibit for an arts and crafts exhibit to be displayed by members of the developmental class of Baker School this week at Carver Center.

Dayan Outlines Israel's Basis For Negotiations

WASHINGTON (UPI) — Secretary of State Henry A. Kissinger said Saturday that Israel has come up with a "useful basis" for negotiating a separation of Israeli and Syrian armies locked in an artillery duel on the Golan front for the 19th straight day. Israeli Defense Minister Moshe Dayan, who outlined his government's plan to Kissinger at a 90-minute meeting, told reporters afterward that "we could do without the firing on the Golan front." But he added: "I doubt it will deteriorate into general war."

Rotary Club Slates Final Travel Film

The final attraction in the Pampa Rotary Club's 1973-74 Wonderful World of Travel series is scheduled for 7:30 p.m. Tuesday in the M.K. Brown Memorial Auditorium. The concluding film will picture Scotland and Wales. The narrator will be Ed Lark. From ancient ruins dating back thousands of years to St. Andrews, where the history of golf is traced, to Loch Ness, home of the famous Loch Ness monster, to the modern suburbs and attractive shopping centers at Cardiff, Tuesday's night's presentation by Lark is expected to be one long to be remembered.

Winners Picked In 'Cappy Dick'

INTERNATIONAL CAST 'Up With People' Plans Return Show April 12-13

One of the three international casts of the "Up With People" show, known on five continents, is coming to Pampa, to perform on April 12 and 13 at the M.K. Brown Auditorium, sponsored by the Pampa Lions Club. The cast coming to Pampa has recently returned from a five-month tour of Italy, England, Belgium and Ireland, with performances in more than 30 cities. Highlights of their tour included a performance for 12,000 people in an outdoor arena in Verona, Italy; a performance for Pope Paul VI in the Vatican Public Hall; a benefit for invalid children in London's Royal Hall under the patronage of Princess Margaret; and a special performance for the president, directors, and families of the European Common Market in Brussels.

Local Students To Mark FHA Week With Activity

More than 68,000 high school boys and girls will be celebrating National Future Homemakers of America Week today through Saturday. Homemaking teachers in local schools serve as advisors. The goal of FHA is to help youth assume their roles in society through home economics education in areas of personal growth, family life, vocational preparation and community involvement.

AGAINST BRISCOE Pre-Trial Hearing Set For Tuesday

AUSTIN, Tex. (UPI)—A pre-trial hearing on Frances Farenthold's \$2.5 million campaign practices suit against Gov. Dolph Briscoe has been scheduled for 1 p.m. Tuesday. District Judge Herman Jones said he will hear arguments then on all pending motions in the case. Jones earlier in the week cancelled an April 8 trial date, and said he will determine later when the case can come to trial.

Registration Set For Child Care Specialist Class

Registration for a child care specialist course conducted by Amarillo College in Pampa will be held beginning at 10:30 a.m. Monday at the Community Day Care Center, 401 Oklahoma. Classes for the 32-week training program will start April 3 at the Carver Center auditorium, 321 W. Albert, from 1 to 4 p.m. Upon completion of the course, a child care specialist certificate through Amarillo College will be given with 30 hours credit. Cost of the semester course is \$5, including books. Persons interested in the class who want further information may contact Mrs. Alice Gray, director of Community Day Care Center, at 669-2232, or David Duncan, 1605 W. 7th, Amarillo, phone 373-6881.

Caretaker At Fairview Retires After 42 Years

By CLAY LIVELY
After nearly half a century as caretaker at the Fairview Cemetery, Ed Foran has retired from that position.

He said he became the caretaker there April 6, 1932, at a time when cows and pigs were loose and running through the cemetery.

Foran says he and the bookkeeper of the cemetery association have had a little disagreement about when he started, the clerk maintaining he started April 6, 1933. But he's sticking with his version.

Forty-two years has seen a lot of changes in the cemetery, Foran says. It has grown during the time he's been with it from 12 1/2 to 32 1/2 acres.

He arrived in Pampa July 1, 1926 and, being out of a job, went to work for Mr. and Mrs. Ed Young, operators of a hamburger stand at the corner of Cuyler and Foster Sts.

After working at that job for a while, Foran then went with Santa Fe until, through his acquaintance with G.C. Malone and Judge Blythe, he was hired to run the cemetery.

Members of the cemetery board when he accepted the job as caretaker were T.D. Hobart, a Mr. Crawford, William Jarrel Smith, C.P. Beckler and Bill Wilks.

Immediately after accepting the job, Foran says, the first order of business was to keep the cows and pigs out. So he and the National Recovery Administration work crew went at it and built a fence.

"That stayed up for several years until the Texas legislature passed a cattle law requiring the owners of livestock to keep their stock penned."

With the passage of that law, Foran says the front fence was done away with and shrubbery was planted at the front of the cemetery on Duncan St.

Foran supervised the planting of much of the shrubbery by hand from seedlings.

When he was hired at \$10 a month, Foran said, most of the work was done with picks and shovels. Now modern machinery has replaced those more primitive tools.

Foran also supervised the planting of the trees at the cemetery. In recent years, the cost of water, coupled with the fact that roots were threatening to topple tombstones, has made it necessary to remove more than 300 of the trees Foran planted.

At the time he was hired, Foran says, there was \$1,500 in the cemetery treasury. Some of that was used to build the two small buildings at the front of the cemetery.

In 1938 the cemetery was chartered by the state for a perpetual care program. By the time the cemetery is filled, there will be enough money in the fund to take care of the place from then on, Foran said.

Recalling the early days before the main roads in the cemetery were paved, Foran tells about having to get winch trucks to extricate hearses from the mud whenever it rained.

He said the first man buried in Fairview Cemetery was Eugene Dobbs, who died at the XIT ranch headquarters in White Deer in 1904. Dobbs was brought to Pampa by train and then hauled the mile out into the country by wagon.

When Foran began working there were 960 buried at the cemetery. There are now over 5,000.

"I've enjoyed my years working at the cemetery," Foran says. "I've enjoyed working outside — caring for and beautifying it. I spent 42 years with nothing else in my mind."

"It has always been my intention to please the people and beautify the cemetery. I think I've succeeded in doing both."

Foran and his wife Eula live at 617 N. Hazel, where he operates the Osgood Monument Co.

Production Credit Group Travelling To Houston

Officers and directors of Canadian Production Credit Association will hear Texas Governor Dolph Briscoe keynote the Federal Intermediate Credit Bank of Houston's annual meeting April 5 in San Antonio.

PGA President Larry E. Albin of Canadian said area participants include board members, Wallace N. Hamker, Booker chairman; James D. Skaggs, Pampa, vice chairman; C.B. Henderson, Wheeler; Lloyd Buzzard, Spearman; Hugh F. Parsell and L.F. Etheredge of Canadian. Etheredge serves as Canadian PCA's official delegate.

PCA officers attending include John A. Beasley, vice president, and Leslie Lovvorn, field representative, both of Perryton, and Albin.

Briscoe highlights a Friday morning session which also features the Houston bank's annual

report by its president, W.H. Calkins. More than 500 participants are expected for the three-day session which is designed to bring together 32 Production Credit Associations and 7 agricultural credit corporations.

Albin said the Federal Intermediate Credit Bank of Houston, source of funds for these agricultural lending institutions, last year loaned more than \$1.6 billion to Texas farmers and ranchers through its credit sources.

Fed Civil Service Commission Seeks To Improve Recruiting

The United States Civil Service Commission has begun a comprehensive project to improve recruiting and examining for federal employment.

The Dallas Area Office of the Civil Service Commission will begin a new system of accepting applications for federal employment effective April 1 under this new project.

In announcing the change, Vere B. Robinson, manager of the Commission's Dallas area office, described the change as a major step forward in providing better service to the people in the North Texas area.

The improved system will work very simply from the public's standpoint, according to Mrs. Robinson. The Dallas area office will no longer issue examination announcements for Federal jobs.

Persons interested in non-postal Federal employment in the North Texas area need only visit, or call toll-free, the Federal Job Information Center in Dallas. They will be given information on anticipated job vacancies and the employment outlook for the North Texas area.

If there is a known need for the person's skills, an application for employment will be solicited from the candidate. They will also be given information about qualification requirements and application procedures for those expected vacancies.

If the person wishes to apply for a federal position for which there is no

immediate hiring need, the system provides for accepting a job interest card for notifying the person should a vacancy occur.

At that time, the person will be requested to complete an application and take any necessary examination for employment consideration.

Under this new system, any citizen will be able to file either an application for employment or a job interest card at any time they are interested in federal employment. So that accurate job information will be available to the public, federal agencies in the North Texas area will be required to notify the Civil Service Commission quarterly of their anticipated job vacancies.

There is no change in the basic merit system of open publicity for job opportunities, free competition, rating of

candidates against job related requirements, and selection from the top three candidates available without regard to race, religion, sex, national origin, political affiliation or any other non-merit factors.

Adolescence in the chimpanzee begins at about the age of seven.

2 Jews Arrested

MOSCOW (UPI) — Two young Jews from Moldavia were arrested Friday when they tried to go to the Communist Party central committee building to submit a complaint, Jewish sources said.

They said Mark Abramovich, 27, and Sinder Levinson, 26, both of Kishinev, had planned to complain about the fact their application to emigrate to Israel was rejected. Police stopped them and took them away in squad cars.

THE CONSERVATIVE ADVOCATE Senator Buckley And His Call

By WILLIAM RUSHER With his somber call on President Nixon to resign for the good of the nation, Senator James L. Buckley of New York became the most prominent American conservative yet to take the momentous step...

power during the past 40 years. But once again Nixon's bacon was saved by his ancient enemies on the left, who called for his impeachment. To conservatives, disposed by both temperament and conviction to resist hysteria...

resign, to spare the nation further agony and let its essential business proceed. Other conservative leaders respectfully disagree. Governor Ronald Reagan of California, for one, feels it would be unfortunate if Nixon quit now...

Clearing House

Editor: With all the talk about Watergate, inflation, wars, rumors of wars and now, the Energy Crisis, I thought your readers might like to know about our discovery of Costa Rica in Central America...

Paramount International Ltd., 2479 Peachtree Road, N.E., Atlanta, Georgia 30305 for a copy of Costa Rica's Retirement Law. We did — and now are looking for a few good neighbors to share this beautiful, unbelievable country!

Potomac Fever

By JACK POSNER Now it's beginning to look like Nixon earned the right to be at the top of Dean's list. The GAO forced the Secret Service to divest itself of its last acquisition: The AES — Agnew Escort Service.

Before very long, we are going down to our few acres in Guanacaste Province, near Liberia. We will build our home for \$6 to \$10 a square foot (check your local builders for square-foot costs in your area). We can fish in our private stream, or go hunting; ride a little horseback, or just do nothing...

Happiness is finding a gas station that not only fills your tank, but wipes your windshield. Nixon blamed the loss of Ford's congressional seat on the economy. That's like saying the Johnstown flood was caused by a leaky faucet.

Rearview Mirror By TEX DEWESE Editor Of The News

THIS IS the week Pampa voters get a chance to vote twice. A city election to pick two commissioners is set for Tuesday and a school board election to name two trustees will be conducted next Saturday.

election two new faces were elected to the board. Paul Simmons and Curt Beck led the vote - getting with 1397 and 1047 votes respectively. Bob Carmichael pulled up third with 902 votes in his successful re-election try.

While it is unlikely there will be any concerted effort for a write-in candidate for either the Ward 2 or Ward 4 posts on the city commission, it could happen. And it has happened. Speaking of Curtis and Rohde, political observers say it's a pretty good indication when a candidate for re-election has no opposition on the ballot that he has done a good job for his constituents.

When a straw vote was taken on that issue at last year's school election, voters favored the 7-man board 849 to 622. The vote on the 7-man board this time will be "for real." Pampa is said to be one of only two or three independent school districts in Texas still served by a 5-man board.

ON THE other hand, next Saturday's school board election could bring one of the heaviest voter turnouts in history. In last year's school election when there were six candidates for three places on the board, a total of 1,542 votes was cast.

IT WILL be a relief to have both local elections out of the way. By the time next Sunday rolls around it will all be over and Rearview Mirror should be full of hearts and flowers and material much more palatable than politics — like excerpts from Grimm's Fairy Tales or Little Red Ridinghime, maybe?

This year there are five candidates for two board posts. Last year one of the six candidates was a woman. One of the candidates this year is a woman. As this was written, with ten days still to go before the election, 80-odd absentee ballots had been cast in the school board race.

Always forgive your enemies. Nothing annoys them so much.

REV. J.T. WILSON
...new pastor

Church Gets New Pastor

The congregation of the New Hope Baptist Church of Pampa recently unanimously elected the Rev. J.T. Wilson as its pastor. He is currently the pastor of the Tabernacle Church, Bryan.

He has attended the Conroe Norman and Industrial College, Conroe, Tex., and Bishop College in Dallas.

Rev. Wilson is married to the former Betty Jean Moore of College Station. They have five children.

Rev. Wilson and his family will move to Pampa in May. He will begin his ministry today.

Special services are scheduled for 3 p.m. today. Everyone is welcome. The church is currently having services at Carver Center, 321 W. Albert.

Deanery Spring Meeting Slated

The Pampa Deanery Spring meeting will be held Friday, April 5, at the Sacred Heart Parish Hall in Canadian.

Sister Charles Marie Foster will present a program entitled "Woman". During the eucharistic celebration, Rev. James Gruzynski will give the "sacrament of the sick" to any ill or elderly person.

Registration will be at 9 a.m. with the meeting at 9:30 a.m. Registration fee is \$1 with the luncheon \$2.25. Registrations should be made to Mrs. Elna Miller, Box 788, Canadian, Tex.

Before the widespread use of cats as mousers, ferrets were used in homes all over Europe.

Alexander Graham Bell was 29 years old when he invented the telephone.

New York's Empire State Building was completed in 1931.

Camillus, N.Y., near Syracuse, claims to be the birth place of the Republican party.

The original territory of Virginia was established in 1609.

Funmaker Sprite Touch-Tone. Set it and forget it!

This year Wurlitzer introduces the Funmaker Sprite organ series, a whole new concept in music as entertainment.

One is the all-new Touch-Tone Programmed Accompaniment that you set and hold with the touch of a key. Both the chord and bass are automatically formed when a button is pressed and will continue to play until you push another button or special "cancel" button.

Music now comes easy to everyone, thanks to Wurlitzer Touch-Tone Programmed Accompaniment.

THE HOUSE DOCTOR

Special Paints Available To Prevent Rusting Around Home

By HERMAN BAUM
Dear House Doctor:

I suppose everyone has trouble with metal around their homes rusting, but we live near salt water and get a double dose of it. Please publish some information about protecting this metal.
—W.F.D.

ANSWER — One thing can be said for neglecting rusting metal around your home — a porch railing for instance. If you neglect it long enough, the problem and the railing will disappear in a pile of rust, then you can start over with a new railing.

On the other hand, if you take pride in your home, as most of us do, the longer you procrastinate, the more difficult the job of restoration becomes.

There are several paints made especially for use on iron and steel exposed to the weather. These should be used with special primer made by the same company as makes the paint.

The advertising for these paints, a bit too optimistically, states that they can be applied over rust with good results. If the rust shows only as a slight discoloration on the surface, this may be true. Rust should always be removed.

Rust is best removed with medium grit garnet paper. A wire brush only glazes the surface and does little good. Continue to rub the surface until bright metal appears. Then apply phosphoric acid and allow this to dry thoroughly.

This acid changes red rust to black iron phosphate, which is an excellent base for paint. This acid is available under several trade names, such as Osphor, and you may have to order it from an industrial supply company, as few hardware stores sell it.

The surface is then ready for the paint primer to be followed by the rust inhibiting paint. Two coats of paint should be used.

Rain gutters and downspouts on a house are other metal items that require attention. If these are of galvanized steel and relatively new, most homeowners have trouble with paint peeling from the surface. This can be prevented by first painting the bare metal with a zinc-rich primer. This is a gray color paint that should always be applied to the metal first.

This primer is an excellent base that can be used on any iron or steel exposed to the weather. The inside of the gutters is painted with black asphaltum paint to prevent rusting, but even this will not help if you allow leaves to accumulate and decay in the gutters.

Aluminum gutters require no protection on the inner surface, but the exterior should be primed with yellow zinc chromate before being painted with any good exterior house paint.

The best quality aluminum used indoors has an electrolytically applied finish called anodizing. This is distinguished by its dull aluminum color. Anodized aluminum does not normally corrode. It should be cleaned only with soap and water.

Never use steel wool or abrasive cleansers, as these will remove the finish and you will have more trouble

than ever to keep it in shape. The best method for cleaning aluminum that is not anodized is to scrub it with a pad of No. 2-8 steel wool and one of the polishes intended for use on chrome automobile trim. Do not use kitchen steel wool pads, as the grade is too coarse for this purpose and will scratch the metal.

Outpatients' Clinic
L.C.H. — Window screens can best be cleaned by removing them from the window, placing them on a flat surface such as a concrete drive or walk, and scrubbing with No. 1 steel wool and kitchen cleanser.

R.C.E. — Matted carpet pile can be raised by steaming with steam from a

steam iron that barely touches the surface, then brushing.

L.D.R. — Products such as latex and vinyl concrete can be used to level low spots in a concrete floor. There must be no paint or other material on the floor.

Heater Trouble
Dear House Doctor: I am having trouble with an oil burning circulating heater. The firebox becomes so filled with carbon and soot that I have to clean it out every week. I did not have this trouble when the heater was new. What is the cause?
—S.M.

ANSWER — This condition is quite common

with heaters. The trouble is due to insufficient air reaching the oil for complete combustion. The firebox is perforated with hundreds of small holes that admit air, and these holes become clogged with soot. If you clean these holes, it should correct the trouble.

Aluminum Siding
Dear House Doctor:

Where can I get information on installing aluminum siding?

ANSWER — We understand that one of the major manufacturers of this siding has prepared do-it-yourself instructions on the subject of installation. We have not gone into this because we think that this

project is too ambitious for the average homeowner.

Mildew In Shower
Dear House Doctor:

Every member of my family takes daily showers, and, as a result, the tile never gets dry. Mildew forms in all the grout joints. What is the cure?
—Mrs. V.E.

ANSWER — Make a solution of one quart laundry bleach, 3 quarts water, one ounce of laundry detergent, and 3 ounces of trisodium phosphate. Use this with a scrubbing brush to remove all the mildew stains, and let the surface dry. Then take an artist's small brush and apply silicone waterproofing to the grout joints.

This prevents the grout from becoming wet and mildew will not form. A hardware store may have packages containing replacement grout and a bottle of the silicone liquid.

Meet The Sam Andersons

Glenda Sam Shelby David

Dear Pampa Voters, I would like to take this opportunity to give you some background information regarding myself and to answer a few of the questions that have been asked of me since filing as a candidate for the Pampa School board.

I am a native of Pampa and attended school here, graduating with the class of 1953. I am a graduate of West Texas State University with a degree in Business Management. My wife is the former Glenda Dudley and also a native Pampian. She is presently employed as a secretary at the First National Bank. We have two children, both in the Pampa Public Schools. David is 12 years old and attends Houston Middle School. Shelly is 10 and is a fifth grade student at Stephen F. Austin. We are all active members of the First Baptist Church. In seeking a position of school board trustee, it is with a willingness to serve and with no commitments to anyone or any group. I oppose deficit spending and feel that we must conduct school business so as to receive full value for every dollar spent. The future of our schools depend on this. To insure the education of all our children, I promise, if elected, to weigh every fact of every issue to the very best of my knowledge and ability. If you agree with me, and you are concerned about the future of our schools, I would appreciate your vote and influence for the election April 6th.

Sincerely,
Sam Anderson

'Camelot' Scheduled For April 6 Showing In Pampa

The Pampa Fine Arts Association will present "Camelot," Saturday, April 6, at 8 p.m. in the M.K. Brown Memorial Auditorium.

All seats will be reserved and priced at \$7.50 for adults and \$4 for students. Tickets may be purchased by contacting Mrs. E.H. Brainard, 11, ticket co-chairman, 2125 Mary Ellen, 665-4579.

The production will be starring John Raitt with Joleen Fodor and William Covington appearing as Guenevere and Lancelot, the chaste but guilty lovers. This is the Lerner and Loewe musical version of the legend of King Arthur, whose heart - striking poignancy gained world-wide attention in the days immediately following the tragic death of John F. Kennedy.

A week after the senseless assassination of the President, his bereaved widow was quoted in newspapers as saying: "At night, before we'd go to sleep, Jack liked to play some records. The song he loved most came at the very end of one of them. The lines he loved to hear were: 'Don't let it be forgot, that once there was a spot, for one brief shining moment that was known as Camelot.'"

The world was stunned with the thought that John F. Kennedy's cherishing these words by Alan Jay Lerner to Frederick Loewe's music was some sort of prescience of the brevity of his shining moment - and his wife's.

The song, and the whole musical, had captured this element of the Arthurian legend that had made it an inseparable part of the cultural heritage of the Western world - the ineradicable memory of a lost golden past, symbolized by a city (or a castle enclave) named Camelot where a mythical medieval monarch momentarily held a resplendent court of perfect knights and ladies, until it fell into decay. The fable, as told and re-told by the troubadours and the poets, painted Camelot as indeed a shining place where chivalry and honor and romance and beauty

"CAMELOT" MUSICAL - John Raitt and Joleen Fodor, (King Arthur and Guenevere) will open in "Camelot," the Lerner and Loewe musical comedy hit scheduled for Saturday, April 6, at 8 p.m. in the M.K. Brown Memorial Auditorium. The production is being sponsored by the Pampa Fine Arts Association, and tickets are priced at \$7.50 for adults and \$4 for students. Mrs. E.H. Brainard II, 2125 Mary Ellen is ticket chairman, and Mrs. Harris Brinson is musical arts chairman.

thrived, but all too briefly.

Christopher Hewitt is directing the John Raitt production of "Camelot." The lilting Loewe score is under the direction of Boyd Staplin, the dances have been choreographed by Richard Natkowski, the scenery and costumes rendering medieval pageantry have been designed by Donald Padgett and Jeffrey Moss.

Joleen Fodor brings a great variety of theatrical experience to our footlights, including Broadway, Off-Broadway, concert, nightclub and television appearances.

Upon her arrival in New York City from her native Ohio, Miss Fodor fell heir to the title role in the Off-Broadway smash hit "Little Mary Sunshine." Immediately thereafter, eminent Broadway producer and director, Hal Prince, chose her for the ingenue role in his Phoenix Theatre tour of "The Matchmaker" starring Sylvia Sydney. On Broadway, Joleen was the lovely virgin Phyllis opposite Zero Mostel in "A Funny Thing Happened On The Way To The Forum," the leading lady in "Grin And Bare It" (a 1920s farcial

play) and she had a leading role in the "Student Gypsy." Off-Broadway, Miss Fodor played the female leads in "Leave It To Jane," "Babes In The Wood," "Riverwind and Great Scott."

Television viewers may have seen her as the colouratura soloist on Mike Todd, Jr.'s "America, Be Seated," a ninety-minute ABC special, or on the Ed Sullivan Show or perhaps as a guest on "To Tell The Truth."

In summer musicals, Miss Fodor has co-starred opposite John Raitt in "Carousel," Gordon MacRae in "Oklahoma," Paul Richards in "The Three Penny Opera," Hal March in the "Music Man" and Tony Fanner in "Oh, What A Lovely War" along with many others. Joleen's drama credits include "Look Back In Anger," "Six Characters In Search Of An Author," "Play It Again, Sam," "The Ninety Day Mistress," "Pool's Paradise" and "Anatole" at the Milwaukee Repertory Theatre.

"Camelot" holds many fond memories for Joleen... she met her husband, William Covington (Lancelot), during their first production of the show up on Cape Cod.

Church News

CHURCH WOMEN

The Hazel Snyder Current Missions Group met March 20 at 9:30 a.m. in the home of Mrs. Jack White, 2364 Aspen.

Mrs. White was in charge of the meeting. She gave the "Call to Prayer" and Mrs. Kenneth Box offered the opening prayer. She informed the group that the March mission action is to help needy children in Pampa and the ladies donated to assist in this.

The study of pioneer missions was led by Mrs. James Poole. This told of mission work in Nevada, Utah, Wyoming, Minnesota and some of the New England states.

Mrs. DeWayne Barrett will hostess the next meeting of this group on April 17, at 2607 Navajo Road.

The closing prayer was given by Mrs. Barrett.

FIRST BAPTIST WOMEN
Mrs. S.E. Waters was hostess to the Zelma Northcutt Bible Study Group in her home at 1414 Williston when the group met Wednesday, March 27, at 9:30 a.m.

The chairman, Mrs. Ed Anderson, was in charge of the meeting opened with prayer by Mrs. Paul Turner. The group gave an Easter offering to go to the Woody Northcutt family.

The "Call to Prayer" was given by Mrs. Ross Buzzard and Mrs. Kenneth Box offered the prayer for missionaries having birthdays on that day.

The Bible lesson from the book of Matthew was taught by Mrs. Waters. This Scripture is part of the Sermon on the Mount.

Members attending were Mmes. Ed Cantrell, L.V. Hopp, A.N. King, John Langford, Onis Price, E.E. Shelhamer, George Smith, Turner, Buzzard, Box, Anderson, and Waters.

April 24 is the date for the next meeting of this group and it will be in the home of Mrs. Cantrell, 1613 Duncan.

All members participated in the closing by giving sentence prayers.

Mrs. W.E. Abernathy was hostess to the Varietas Study Club on Tuesday afternoon. Mrs. J.E. Gibson presided.

The afternoon's program was on "Fashions" and carried the sub-title, "A thing of beauty is a joy forever." Mrs. Gibson presented Mrs. Sherman White and Mrs. S.C. Evans, who gave the program, which was entitled, "Styles, Then and Now."

Mrs. White spoke first, telling the audience that the presentation would be largely comedy, planned with the thought that a day is lost if it does not contain a laugh. She discussed the

styles of yesteryear, showing pictures from old albums and clothes of former times. She then introduced club members who modeled styles of past generations. Hats were shown by Mmes. J.E. Kirchman, L.B. Penick, Otis Nace, and Miss Anna Pierce. Dresses were exhibited by Mrs. Evans and Mrs. Kirchman. Mrs. White modeled a complete outfit over 100 years old, consisting of dress, velvet cape with boa collar, and velvet hat. Mrs. R.W. Lane showed a fascinator of a former era.

Mrs. White told her audience, "There is no such

thing as last year's friendship."

Mrs. Evans then presented a talk on the fashions of the present. She showed pictures which gave a preview of the 1974 spring fashions. She outlined the plans of leading designers of the world, telling what each listed as his preference in styles this year. She emphasized that many of the fashions of "then" are becoming the styles of "now" in that semi-hoops are being used in skirts along with leg-o'-mutton sleeves, tucks, and other returning modes of dress.

Modern styles were modeled by Mrs. Aubrey Sprawls, Mrs. Abernathy,

Mrs. Kirchman, and Mrs. Evans. The speaker closed her talk with the statement, "The most beautiful of spring fashions will be sloppily if they are worn sloppily. A lady's posture should be good, and her clothes should be chosen in the style and color that is suitable to her."

Present at the meeting were one guest, Mrs. Marion Brown, and the following club members, Miss Anna Pierce and Mmes. W.E. Abernathy, W.A. Bohot, F.A. Cary, S.C. Evans, J.E. Gibson, Lee Harrah, J.E. Kirchman, R.W. Lane, Otis Nace, L.B. Penick, J.R. Spearman, Aubrey Sprawls, and Sherman White.

Suzanne Brown Becomes Bride Of Troy Stanton

Miss Suzanne Jean Brown and Troy Don Stanton were united in marriage at 7:30 p.m. Saturday, March 30 in Highland Baptist Church of Pampa.

The bride is the daughter of Mr. and Mrs. J.D. Brown, 1711 Holly, and the bridegroom's parents are Mr. and Mrs. Troy Stanton of Lefors.

THE CEREMONY

The Rev. M.B. Smith, pastor, officiated at the double-ring ceremony. Mrs. Darville Orr, organist, and vocalist and guitarist Wanetta Bayless, provided traditional wedding selections. The Processional was the bridal chorus by Lohengrin - Wagner, and the recessional was by Mendelssohn. Other selections, "If," was played during the lighting of the memory candle and "Beautiful" the prelude.

Vows were exchanged before an arch of yellow candles decorated with daisies and greenery, flanked by spiral candelabra silarily decorated with daisies and greenery. Smaller candelabra on either side of the church holding yellow candles entwined with daisies and greenery, completed the altar setting.

Yellow candles in hurricane lamps decorated with sail foliage lighted the aisles. The couple lit a memory candle, decorated with orange blossoms, following their vows.

THE BRIDE

Given in marriage by her father with the "her mother and I" avowal, the bride wore a formal gown of crepe satin styled with a modified A-line skirt extending in back to form a chapel length self-train, empire waist line and square neckline. The full length sleeves ended in wide cuffs, and the bodice, cuffs and entire hemline were trimmed in double widths of wide reembroidered lace centered with ropes of iridescent pearls. The neckline was edged with floral motifs of matching lace.

She wore a pearl necklace belonging to her mother. For something old, she wore her great-grandmother's wedding ring. Something new was her wedding gown; and something borrowed, the sixpense in her shoe, belonging to Mrs. W.J. Felter. She also wore the traditional blue garter. The bridal attire was designed and created by Mrs. Myrtle Guthrie.

Her elbow length veil of illusion, edged in heavy floral lace, was attached to a calat of heavy lace trimmed with seed pearls

and iridescent rhinestones. She carried a cascade bouquet of white daisies with stephanotis and greenery.

ATTENDANTS

Mrs. Terry Walker of Lawton, Okla., was matron of honor and bridesmatrons were Mrs. Stevon E. Rainey and Mrs. Sherry Smith, both of Pampa. They wore identical yellow gingham gowns styled with short puffed sleeves, empire waistlines, and low round necklines. The A-line skirts were edged in deep ruffles and the necklines and waistlines were accented with daisy lace ruffle trim.

They carried baskets of yellow and white daisies and greenery. Each wore a yellow and white checked ribbon centered with a daisy in their hair.

Miss Molly Carlton of Lefors and Miss Kim Bates, Cyril, Okla., lighted the candles. They were dressed identical to the other bridal attendants and carried yellow candles.

Terry Walker, Lawton, Okla., was best man and groomsmen were Charles Shelton of Lefors and Ricky Gates of Pampa. Ushering were James Gatlin and Charles Eudey, both of Lefors.

All male attendants wore black tuxedos and the bridegroom wore a white brocade tuxedo with black lapels and black trousers.

MOTHERS

The bride's mother wore a floor length dress of yellow double knit with white accessories.

The bridegroom's mother wore a peach colored double knit floor length dress with white accessories. Both wore gardenia corsages.

GRANDMOTHERS

Mrs. Millie Brown wore a floor length dress of mauve with white accessories, and Mrs. O.H. Robinson wore a formal length gown of beige

with black accessories. Mrs. Edna Maple, honorary grandmother, wore a yellow formal gown with white accessories. All wore daisy corsages.

RECEPTION

Immediately following the ceremony, a reception was held in fellowship hall of the church. The serving table was covered with a yellow satin cloth overlaid with white demask cloth. Swags were caught by clusters of yellow satin flowers and the table was centered with a three-tiered "Cupid's Delight" wedding cake flanked by candelabra holding yellow tapers. The bottom tier of the cake was separated from the top tiers by dancing cupid pillars, and the cake was decorated with garlands of white frosting and daisies. The cake was topped with cupid's heart ornament and was created by Mrs. W.J. Felter. Crystal appointments were used at the bridal table.

Mrs. David Putnam served cake and Mrs. Phillip Earhart assisted at the punch service. Registering guests was Miss Linda Stanton of Lefors. Mrs. Johnny Dawes and Miss Shirley Dawes were in charge of the reception.

Miss Lisa Armstrong of Guyton, Okla., presided at the coffee service at the bridegroom's table which was covered with a yellow linen demask cloth. Miss Molly Carlton served the bridegroom's German chocolate cake. This table was centered with a large knotty pine candle holder and yellow candles surrounded by yellow satin flowers. Silver appointments were used at this table.

For the wedding trip to Red River, N.M., the bride wore a blue and white checked double knit princess styled dress with

removable short jacket. The couple will reside at 1328 N. Coffee.

AFFILIATIONS

The bride is a 1972 graduate of Pampa High School and a 1973 graduate of Amarillo College. She is presently employed by Radcliff Supply.

The bridegroom is a 1969 graduate of Lefors High School and is employed by J. Co. of Lefors.

PRE-NUPTIAL EVENTS

The bride was honored with a miscellaneous shower recently hosted by Mmes. Clayton White, Johnny Dawes, Ed Huff and Juanita Suttle, in the White residence.

Another miscellaneous shower was held in Lefors Civic Center hosted by Mmes. Connie Keith, Shirley Eudey, Guyla Eudey, Billy Gatlin, Ora Cates, Donna Shelton, Barbara Conway, Imogene McMinn, Dixie Sims, Madalene Terry, Evelyn Wallis, Judy Wilemon, Helen Alexander and Miss Cheryl Sims.

A lingerie shower was hosted recently by Mrs. Stevon E. Rainey.

The bridegroom's parents hosted a rehearsal dinner at the fellowship hall of the church.

OUT-OF-TOWN GUESTS

Attending the event from out-of-town were the bride's grandparents, Mr. and Mrs. O.H. Robinson, Cyril, Okla.; Mrs. Millie Brown, Eureka, Kans.; and her honorary grandmother, Mrs. Edna Maple, Noel, Mo.; and Mr. and Mrs. Charles Bates and Kim, Cyril, Mr. and Mrs. Dennis Bates and Mike, Moore, Okla.; Mr. and Mrs. Peggy O'Neal, Chickasha, Okla.; Mr. and Mrs. Bob Brown, Wichita, Kans.; Miss Lisa Armstrong, Guyton, Okla.; Mrs. J.T. Stone, Clarendon; and Mr. and Mrs. Charles Frazier, Amarillo.

ART EXHIBIT DISPLAY - Looking over art display to be shown at the annual Pampa Art Club Guest Day Tea and public art exhibit are charter members of the group from left, Mrs. Olive Hills, 1911 N. Russell; Mrs. Frances Appleby, 1305 Charles; Mrs. Betty Knox, 2507 Mary Ellen; and Mrs. Billie Collinsworth, 112 N. Sumner. Mrs. Knox is currently serving as president of the organization and Mrs. Collinsworth is vice president. The public is cordially invited to view the exhibit on Wednesday, April 3, from 9 a.m. until 5 p.m.

(Photo By Bill Kincaid)

Pampa Art Club Members Schedule Tea and Exhibit

Pampa Art Club will hold its 26th annual Art Exhibit and Tea at Lovett Memorial Library April 2 and 3. Arts and crafts will be on display at the Invitational Tea, April 2 from 2 until 5 p.m.

The public is cordially invited to view this exhibit of arts and crafts, April 3 from 9 a.m. to 5 p.m. Art club members will be on hand to explain the different techniques of the art works.

Oil and water color paintings, china paintings, copper enameling, tole paintings, macrame, and many types of new crafts will be displayed.

Highlight of the public exhibit is the arrival of the art and English classes from the local schools. Each year the students write essays on the art exhibit.

The Pampa Art Club was created in June, 1948, to stimulate the interest in arts

and crafts in the Pampa area. The 25 active members will undertake any art form which captures the imagination. They meet for two all-day workshops a month in the homes of the members. The objects in the art exhibit must have been made during the year.

Art Club members provide arts and craft books to the Lovett Memorial Library and also purchase display materials for the Pampa Fine Arts Association. Further interest in art is promoted by hanging paintings by local artists in the Coronado Inn and in the past in the Hospitality Room of Citizens Bank, and also in the Panhandle Savings and Loan Association.

This year, two members of the art club served as chairman and co-chairman of the Pampa Fine Arts

Association Annual Arts and Crafts Bazaar at the M.K. Brown Auditorium. Members were Mrs. Dewey Palmittier and Mrs. Gordon Lyons.

The club also hosts the Senior Citizens once each year at Lovett Memorial Library.

Mrs. Ted M. Knox serves as president with Mrs. Ralph Collinsworth as vice president; Mrs. J.W. Flynt, secretary and treasurer; Mrs. Vernon Hall, Guest Day Exhibit Chairman and Mrs. Ralph Collinsworth and Mrs. W.L. Waggoner, co-chairmen of the tea.

New members welcomed into the club this year were Mmes. Walton Bailey, Odus Wells, Tom Stringer, Robert Ragsdale and Robert Mack. Mrs. David Gantz was welcomed back into the club after having lived out of state.

JANE LONG HD CLUB
The Jane Long Home Demonstration Club met Tuesday March 26 in the Flame Room at Pioneer Natural Gas Co.

A surprise baby shower was given for Mrs. Paul Graham by club members. Mrs. O.B. Elkins also taught members how to crochet.

Club members present were Mmes. Bill Gillis, Willard Taylor, Rusty Williams, Larry Holmes, Glenn Knight, Neil Fulton, Paul Graham and O.B. Elkins. Visitors were Mrs. Earl Denmore, Mrs. Stacy Hodges and Mrs. Ricky Arrendondo.

Funeral Facts

COLLEGE STATION - Funeral expenses vary widely, so consider several factors when planning one. A home management specialist advises.

"For one, ask a friend or clergyman to help with arrangements. He will probably be more willing to question prices or services," Lillian Cochran with the Texas Agricultural Extension Service, The Texas A&M University System, pointed out.

"As another precaution, ask for prices on the casket, funeral service and other charges before disclosing insurance, pension or government death benefits due the family."

Also find out what a "one price includes everything" package deal includes. Ask whether extra charges are levied on certain services or goods, the specialist emphasized.

"When considering a casket with a long-term warranty, decide whether it's still whole."

"Before purchasing a cemetery plot or space in a mausoleum, ask specific questions concerning maintenance costs and any charges for opening and closing the grave or vault."

Miss Cochran reminded families that certain death benefits are available to them.

One may be a Social Security benefit, and others

involve retirement plans. "If the deceased qualifies by an adequate wage-earning record, certain death, funeral and survivor benefits are available."

"Or, depending on the deceased's service record, the Veterans' Administration may help pay burial costs."

Sometimes union or employer pension funds help defray funeral costs - and may provide survivor pension, the specialist added.

"Families also should check life, health and accident insurance policies for benefits."

"Also notify any fraternal orders or professional groups. Sometimes they have funds available."

"In addition, if the cause of death is related to the deceased's employment, certain benefits may be available from Workmen's Compensation."

YOUR WARDROBE

The "multiple wardrobe look" is strong fashion-wise and economy-wise. A consumer can switch separate and coordinated garments for variety - at less cost than purchasing individual outfits, points out Mrs. Becky Culp, clothing specialist, Texas Agricultural Extension Service, The Texas A&M University System.

"AT WIT'S END"

By ERMA BOMBECK

Readers are always accusing me of taking the adults' point of view and never consulting children for their opinions.

Frankly, I have always felt if God had meant for children to run the country he would have made the seats in Congress out of plastic with a hole in the middle.

However, in keeping with democracy, I asked my children the other night if they could think of any way to alleviate the energy crisis in our house. These are some of the suggestions they came up with:

1. Save water by doing away with showers. It is a waste to turn on all that water and stand under it for five minutes when everybody knows even doctors only wash up to their elbows.

2. Sacrifice chores after

dark that need light ... like homework and taking the garbage cans out to the curb.

3. Wear clothes longer before washing them. There is no need to change socks daily. It has been proven that rigor mortis does not set into a sweat sock until five days, or 18 hours of basketball, whichever comes first.

4. Conserve lights by playing outside in the dark. People did it in West Side Story and had a lot of fun.

5. Cut back on appliances in the home by eating out. There is no need for mother to waste energy on all those lima beans and asparagus tips. Let Colonel Sanders burn his lights.

6. According to statistics, hand tools use up a lot of energy. Be sympathetic to this problem. See your dentist only ONCE a year.

7. Cooperate with your government concerning the gasoline crisis. Buy your child the pony he always wanted.

8. Keep haircuts at a minimum. Electric clippers waste energy.

9. Be a good citizen. Knock it off with the grass cutting until this whole mess is over.

10. Don't hog the stereo to yourself. Turn the volume up so the entire block can appreciate the music.

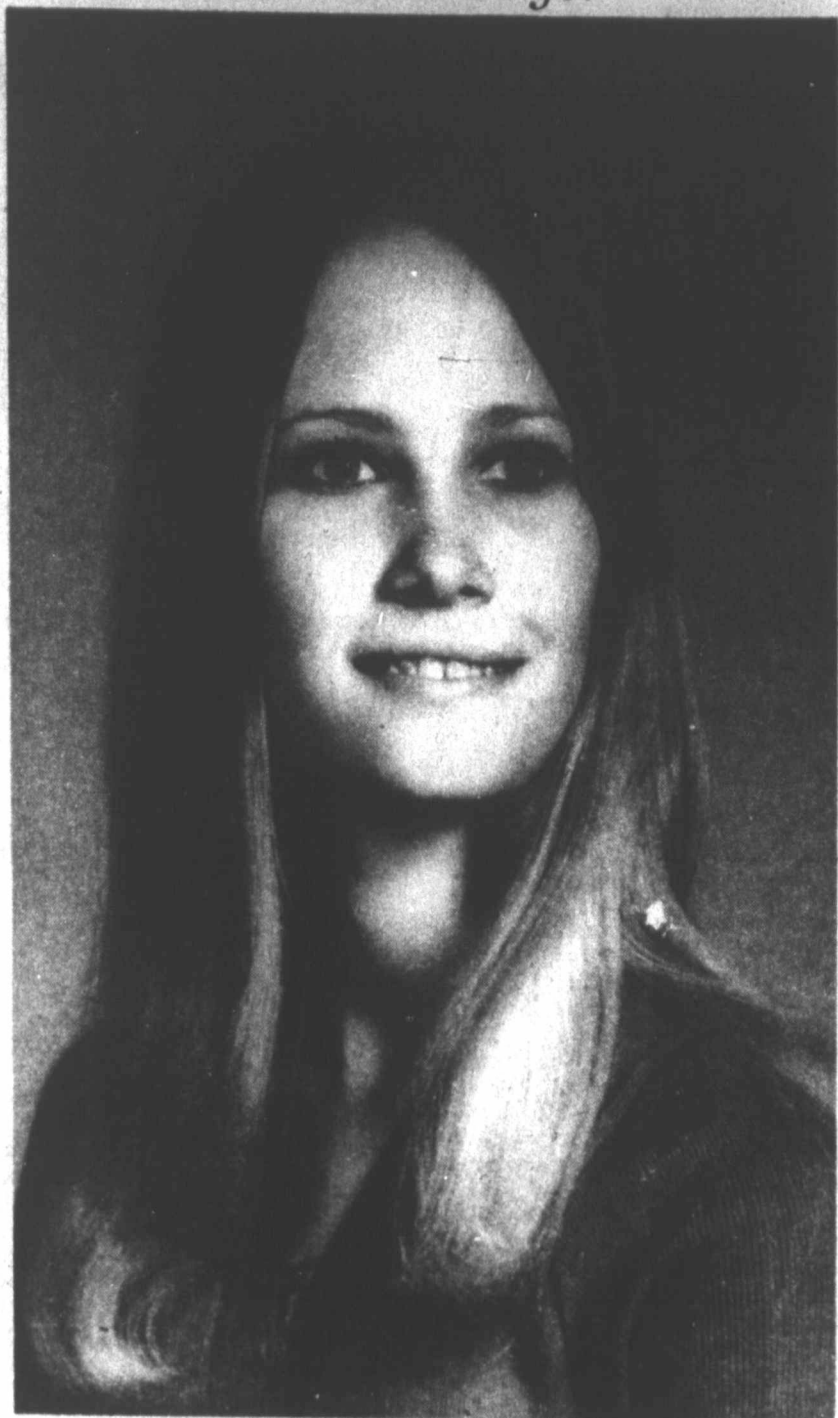

11. Get rid of that big, gas-eating family station wagon and replace it with a smaller car ... preferably bright yellow with racing stripes.

12. Don't waste hot water. Save dishes until you have a five-day supply and then argue about who does them.

13. When something comes on the TV set that you don't like ... turn it off.

Someday, I am going to learn that the only question you can ask a child and get an unbiased answer is: "Do you want an allowance or do you just want me to give you the money on a regular basis?"

Copyright 1974 Field Enterprises, Inc.

Mr. and Mrs. Vindie Matthews, 1104 Willow Road, are announcing the engagement of their daughter, Jymma Loree, to John E. Geyer of Amarillo. The prospective bridegroom is the son of Mr. and Mrs. Denver D. Geyer, 1033 Terry Road. The wedding is being planned for May 25 in Central Baptist Church. The bride-elect is a senior at Pampa High School and attends Pampa College of Hairdressing. Her fiancé is a 1972 graduate of PHS and attends Amarillo College.

'The Land Art' Is Rho Eta Program Topic

Rho Eta chapter of Beta Sigma Phi recently met in the Reddi Room of the Electric Company. Pat Rich presided over the meeting, and all members repeated the opening ritual in unison.

Diane Grooters announced that the chapter will have a bake sale March 29 in the Hughes Building, and also asked members to help with the Cancer Walk in April.

Mrs. Georgia Mack, honorary member, presented the chapter with a box of chocolates. This will be the last meeting she will attend this year due to an extended trip to Iran.

Pat Rich announced that the next meeting will be a model meeting. All members were asked to wear dresses for the meeting which will be held in the Flame Room.

The program for the evening was "The Land and Art" presented by Diane Grooters and Jan Clark. Various types of art objects were displayed. Discussion followed on different types of art which can be created from natural sources.

Hostesses, Carol Clark and Sharon Hurst used a Washington and Lincoln theme for the refreshment table. Chocolate cake with

cherry topping was served to members.

Members attending were Mmes. Bob Fuller, Ron Hayes, Gene Barrett, Ron Hurst, Gary Clark, Jack Eddins, John Grooters, Tommy Hill, Jay Manning, Steve Porter, Willie Rich, Herman Vinson, and Mrs. Georgia Mack, and Misses Jan Clark and Debbie Labenske.

HOUSING

A young person needs to size up potential housing in terms of the way he'll eat, sleep, work and entertain. Also, he'll want ample parking space, secure door locks and window fasteners, a place for garbage and someone to call if the bathroom plumbing springs a leak, says Patricia A. Bradshaw, housing and home furnishings specialist, Texas Agricultural Extension Service.

Your Horoscope

By Jane Dixon

SUNDAY, MARCH 31
Your birthday today: Introduces healthy phases of development in which old habits are gradually worn out and replaced with new ones, better or worse according to how you are re-training yourself. It is time to put more into prayer, less into "luck." Today's natives carry an intense but sometimes latent faculty for personal leadership, willing to take initiative, dealing in a wide variety of different cultural interests.

Aries (March 21-April 19): This Sunday is marked by endless round of talk. What is achieved is growing familiarity in which your mate or partner becomes very visible, predictable.

Taurus (April 20-May 20): Anything serious or extravagant shouldn't be tackled this Sunday. Being provocative in family circles only sets off dissension. Participate in simple pastimes.

Gemini (May 21-June 20): It is time for gathering in, collecting your own, selecting what you are to keep. Sharing the truth brings you a friend for later needs.

Cancer (June 21-July 21): Study of creative enterprises leads you into personal adventures. Nobody is going to carry any of your responsibilities, so forget trying to delegate them.

Leo (July 22-Aug. 22): Let others come to you rather than go visit them. Just being yourself in all good faith, recouping your inner strength is quite adequate for today's activity.

Virgo (Aug. 23-Sept. 22): Find some valid reason if you are going to do some-

thing other than your family and regular Sunday associates intend. Then be effective with what you've decided.

Libra (Sept. 23-Oct. 22): Pursue a conventional course this Sunday. Hold plans to a minimum; make it an early evening for extra rest after a period of study, planning.

Scorpio (Oct. 23-Nov. 21): You have plenty to keep you busy without asking for more among unfamiliar people. Take stock of what you have on hand, what you can do with it.

Sagittarius (Nov. 22-Dec. 21): Home life is looking up, should involve no large amount of extra expense. There is little point in keeping up with competition.

Capricorn (Dec. 22-Jan. 19): Your ideas encounter contrary opinions and may have to be revised a bit. Choose mental pursuits rather than strenuous sports and pastimes.

Aquarius (Jan. 20-Feb. 18): You'll be pleased with your tactful approaches and your caution with anything mechanical, if you will only see the need of care.

Pisces (Feb. 19-March 20): Useful knowledge, good news comes in from all sides, some of them rather subtle or abstract. Set a schedule early in the day and stick to it.

MONDAY, APRIL 1

Your birthday today: Brings on much encouragement for a prosperous, active year. Much of what happens now is a direct expression of material values and general striving to increase wealth. Those who thrive

best this year will be those who pursue spiritual enlightenment with at least equal vigor, keeping their inner lives in balance. Today's natives have great natural energy, may channel it almost any way, are often specialists in good cooking.

Aries (March 21-April 19): Take jokes in the spirit intended and go merrily on your way. The doings and problems of the very young are subject to correction, improvement.

Taurus (April 20-May 20): The prosaic work-a-day world gives way the experimental, the creative, perhaps the fantastic. Any changes made at home now tend to be permanent.

Gemini (May 21-June 20): Plunge right in with financial arrangements you've thought out, but stay away from schemes you've not seen until now. Cooperation is hardy.

Cancer (June 21-July 21): Investment following investigation is the keyword. Check it out first, whether in business or for buying something for your own enjoyment.

Leo (July 22-Aug. 22): Be vigorous and early in pushing for results today and tomorrow. Short travels are favored, but be sure you have enough justification for them.

Virgo (Aug. 23-Sept. 22): You should be trying something a little different, also exploring your way carefully. Fresh contacts are not easy but very productive.

Libra (Sept. 23-Oct. 22): Business goes on quietly and efficiently. It is just as well you stay within familiar spaces and contacts for the time being, however.

Scorpio (Oct. 23-Nov. 21): Pragmatism takes over today: what works gets used and praised, what doesn't work is discarded. Confidential matters are interesting.

Sagittarius (Nov. 22-Dec. 21): Technical and professional services hit pay dirt in that all parties tend to come to the point quickly; progress is visible, not to be reversed.

Capricorn (Dec. 22-Jan. 19): There are more resources available to you yet. Consistent work will bring them to your attention. Tonight offers sentimental experience.

Aquarius (Jan. 20-Feb. 18): Attend to belated or neglected jobs which require close teamwork. Public figures, distant correspondents respond well to your communications.

Pisces (Feb. 19-March 20): By and large today is a time of good humor. Imagination finds an outlet as you work. While it lies within your power, quietly settle details.

HOLLYWOOD (UPI) — Lloyd Nolan has been added to the cast of "Earthquake" at Universal, joining Charlton Heston, Ava Gardner, George Kennedy and Lorne Greene.

The Women's Page

The Pampa Daily News
Pampa, Texas 57th Year Sunday, March 31, 1974

INVITATIONS OUT — Invitations to Beta Sigma Phi Sorority's Woman of the Year tea were mailed this week by committee members shown in photo, from left to right, Mrs. Robert Brogden, Mrs. Doyle Lasater and Mrs. Jewell Snider. Friends of the Woman of the Year, who is selected by secret ballot, are being invited to honor her at a tea on Sunday, April 7, at 2 p.m. in the First Christian Church. Her identity will first be announced on the women's page on Sunday morning.

(Photo by Bill Kincaid)

'Chemistry Liberates The Woman' Described In Talk At Century Club

The Twentieth Century Study Club met recently in the home of Mrs. David McGahey with Mrs. C.E. Steel, president, presiding. The club collect and pledges to the flags were led by Mrs. John Rankin. Members answered roll call with an "old wives' tale."

During the business session, Mrs. W.R. Campbell announced that the Heart Association is urging clubs next year to include programs on the "Heart," and that there is an availability of excellent films for these programs.

Mrs. Dorothy Stowers, a candidate for the Pampa school board, urged everyone to vote in the upcoming elections.

The program, "Chemistry

Liberates The Woman" was presented by Mrs. Stowers, who first gave some general directions for learning the metric system. Instruction sheets on "All you will need to know about Metric" were given to members. In keeping with the idea of "Chemistry in the kitchen" and how much a woman handles chemicals, Mrs. Stowers stated that Merlin the Magician would have turned green with envy at everything a woman has in her kitchen today.

In order to show how much chemistry has become a part of our every day lives she gave the following statistics: before World War I there were one million known chemical compounds; from 1945-1959 another million were reported; from 1960-1969 there were 1.2 million new

compounds, and in 1969 alone 173,000 new ones were found. To demonstrate how to take sprays, cleaning materials, detergents, etc. for granted, Mrs. Stowers asked members to choose from an assortment on display, read the ingredients and the cautions on the label, and then report what they learned — especially if they thought the cautions were adequate. She concluded by stating, "We are chemists in our own right in our kitchens every day."

Members present were Mmes. Steel, Stowers, McGahey, Jerry Bond, Roy Braswell, W.R. Campbell, F.M. Culbertson, Lloyd Hamilton, Paul Harbaugh, E.A. Myatt, John Rankin, Luther Robinson, R.H. Sanford, Calvin Jones, and Miss Elsie Cunningham.

The Current Missions Group met in the home of Mrs. D. R. Morris, 516 Magnolia, Wednesday, March 27, at 9:30 a.m.

The chairman, Mrs. Earl Murphy, was in charge of the meeting.

The group gave an offering to go to help children in Pampa. This is the March mission project for Baptist Women.

The "Call to Prayer" was given by Mrs. Carl Smith and Miss Claudia Evely led the opening prayer.

"Looking Toward Constitution" was the current missions program led by Mrs. Murphy. This study told of the background

and present status of the emerging state conventions of Nevada, Iowa, Minnesota, Wisconsin and New England states.

The next meeting of this group will be in the home of Mrs. Smith, 2216 N. Wells, on April 24.

The prayer to dismiss the study was given by Mrs. H. B. Taylor.

Members attending were Mmes. C. V. Forsman, W. R. Bell, Smith, Murphy, Taylor, and Morris.

Visitors were Mrs. Jack White and Miss Claudia Evely.

HOLLYWOOD (UPI) — Frank Sinatra, Jack Benny and Henry Mancini will all perform at the 21st annual SHARE "Boontown Party" to help raise funds for The Exceptional Children's Foundation, May 11.

Fortin-Davis

Mr. and Mrs. Joe L. Fortin, 1124 S. Nelson, are announcing the engagement of their daughter, Debbie Kay, to Greg Allen Davis, son of Jack Davis of Pampa, and Mrs. Bobbie Anderson of El Paso. Marriage vows will be solemnized June 1, in Hobart Baptist Church. The bride-elect will be a 1974 graduate of Pampa High School. Her fiancé is a 1972 graduate of PHS and is presently employed at Graham Furniture Co.

**4-H Projects—
 Something For Everyone**

COLLEGE STATION — The 4-H and youth program of the Texas Agricultural Extension Service is aimed at helping young people develop their capabilities to the fullest.

"One important phase of the 4-H member's development involves choosing, planning and evaluating projects," points out Yvonne Garcia, Extension 4-H and youth specialist.

"4-H members have more than 40 project areas available to them, including wildlife, farm and ranch management, vegetable gardening, photography, clothing, horse and pony, safety and beef cattle. Projects can also include activities relating to current social issues — conservation, ecology, health, career opportunities and interpersonal communications."

Before choosing a project, a member is encouraged to consult with his parents and 4-H leader to decide which project can best meet his interests, needs and family situation, notes Miss Garcia. Then, the member sets his learning goals by identifying what he wants to do and how he wants to do it.

"As learning takes place, 4-H members acquire important skills and information," according to

the Texas A&M University System specialist. In addition to learning how to sew a dress, plan a nutritious meal or survey local job opportunities, 4-H members also learn how to make decisions, cope with minor crises, participate in a group, share leadership roles and evaluate their accomplishments.

"There is no better way to prepare young people for the future than to equip them with some of these basic life skills," believes the 4-H and youth specialist.

"As a teaching tool, the 4-H project can be the core of the 4-H member's experience. But it can also help young people to develop a better understanding of themselves and their role in society," says Miss Garcia.

Youth between the ages of 9 and 19 are encouraged to call or visit their local county Extension agents and ask about the variety of 4-H projects available.

HOLLYWOOD (UPI) — Brian Keith, who stars in his own television series, has been signed by Warner Bros. to star in "The Yakuza," filming on location in Kyoto, Japan.

HOLLYWOOD (UPI) — Liza Minnelli will star in a production number in the entertainment portion of the 46th annual Academy Award presentations April 2.

Gisela made German verboten for her

By Abigail Van Buren

DEAR ABBY: Paul and I decided not to get married until after he had his Army duty behind him, so he enlisted and ended up in Germany for a year.

When he came back he told me that while he was in Germany he had fallen in love with a girl named Gisela, but the minute he saw me again he realized that I was the one he loved, so we took up where we left off and made plans to marry.

Later I found out that up until a month before Paul and I got married, he was still hearing from Gisela. He called her long distance a few times and even sent her money and tried to arrange for her to come over here.

After we were married he broke off all contact with Gisela, so everything turned out fine, but it left me with a problem. Now every time I hear the name Gisela I go into a violent rage. Also I hate everything German. I won't let my husband watch anything German on TV and I won't even have a German chocolate cake in the house! If I hear the word "German" on the TV, I turn off the program.

I'm afraid if I don't get over this hating everything German I'll drive my husband crazy, and ruin my marriage. Any advice?

HURT IN CHICAGO

DEAR HURT: You're lucky you don't live in Germantown, Pa. You'd have to move. Your jealousy is understandable, but it's become obsessive. Further, your prejudice against an entire nation is unfair and childish, so put aside your anti-German attitude. If you don't, your marriage will be kaput.

DEAR ABBY: I am almost ashamed to be writing this, but you are my last hope.

I am a 44-year-old businessman who has to take a plane occasionally, and my problem is my terrible fear of flying. I have to take about three real stiff drinks before I can get on a plane.

I don't like to arrive at my destination half-plastered, but I usually do. I am not ordinarily a drinking man, but it's the only way I can face a flight.

Do the airlines have any program or course for people like me? If they don't, they should have because I can't be the only person with this problem.

NO BIRD

DEAR NO: I inquired of several major airlines, and there's no such program in existence. But if you will tell the stewardess about your problem when you board, she'll give you special attention. It's worth a try. She's trained to provide the passengers with more than coffee, tea or milk.

DEAR ABBY: Is it true that you had a Jewish father?

NOSEY

DEAR NOSEY: Yup. And a Jewish MOTHER, too! Problems? You'll feel better if you get it off your chest. For a personal reply, write to ABBY: Box No. 69706, L. A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

Hate to write letters? Send \$1 to Abigail Van Buren, 122 Lasky Dr., Beverly Hills, Cal. 90212 for Abby's booklet, "How to Write Letters for All Occasions."

PYTHIAN SISTERS
 The Pythian Sisters met recently in the Knights of Pythias Hall, 315 N. Nelson, with Mrs. Cecil Dawes, Most Excellent Chief, presiding.

The meeting opened with a song and prayer and minutes of the last meeting were read and approved. Fifteen members answered roll call.

The Pythian Sisters will entertain the Senior Citizens at Lovett Library.

It was announced that Billie Fick will entertain the

Friendship Class, April 10 at 6:30 p.m. with a salad supper in the Flame Room of Pioneer Gas Building. Secret Pairs will be revealed that night and new names will be drawn.

Mrs. Pearl Barnard was elected to fill the vacancy of treasurer for the remainder of the year. She was also presented agift for having served as Degree Staff Captain.

The lodge voted to give a check of \$25 to help with the work of retarded children.

KARPIN ON BRIDGE

By FRED KARPIN

An "oldie" that has been going the rounds on the tournament circle this past winter, is the following. A lady from out of town made a vulnerable overcall at the two level, got doubled, and went down three tricks, for a loss of 800 points.

"But I had 14 points, partner," sighed the overcaller. No one said anything.

"Where I come from, 14 points is a good hand," she continued. "And I had my 14 points in high cards."

"O.K.," said her left-hand opponent, "I guess if you had 14 points, you deserve 14 points." Whereupon he reached over and changed the score - card from minus 800 to minus 788.

Here is the deal that made our lady unhappy. Both sides vulnerable. East deals.

Kappa Kappa Iota Conclaves Hold Joint Dinner Meeting

Gamma, Alpha Iota and Beta Chi conclaves of Kappa Kappa Iota met together Monday evening, March 25, in Lovett Memorial Library for their annual salad dinner. Beta Chi, the hostess conclave, using the sorority colors of purple and gold in candle holders and candles and place mats of hand painted violets, created the setting for a festive evening.

Mrs. John Tatum, Gamma Conclave, presented Mrs. John Thames who entertained her audience with song to her own accordion accompaniment.

Following the program, the three conclave presidents, Mrs. Earl Davis, Gamma, Mrs. Jack Williams, Alpha Iota, and Mrs. Lloyd McKnight, Beta Chi, held a short business session in their respective conclaves.

Forty-two members and

three guests were present. Gamma members present were Mmes. D.V. Biggers, Homer Bowers, Herbert Coker, Frank Craig, Joe B. Davis, Earl Davis, Joe DiCosimo, Jim Goff, B.G. Gordon, Grin Hulsey, Roy

The Alpha Iota Conclave of Kappa Kappa Iota met recently for a salad supper held jointly with the Gamma Conclave from Pampa and the Beta Chi Conclave from Lefors. The supper was held in the meeting room of Lovett Memorial Library. The Beta Chi Conclave was hostess for the event and the Gamma Conclave was in charge of the program.

Table appointments included place mats hand-painted with a violet floral design, and violet and white checked napkins. Gold candlesticks held violet candles accented with violet and white checked bows. A variety of salads, crackers, coffee, and tea were served.

Mrs. John Thames, a guest of Gamma Conclave, presented a program of songs with accordion accompaniment. Mrs. Laura Penick, Delta State president and a member of Gamma Conclave, was recognized.

In the business meeting which followed, Alpha Iota president, Nita Williams

reminded the conclave of a tea honoring Mrs. Penick to be held today in the parlor of the First Christian Church.

She announced that Mrs. Virginia Dewey will serve as scrapbook chairman next year. Mrs. Williams appointed a nominating committee composed of Mmes. Virginia Davis, chairman, Jana Vinson, Pat Farmer, and Nancy Coffee.

The next meeting of Alpha Iota will be held at Mrs. Marlene Kyle's home, April 8. This will be guest night and election of officers. The final meeting of the club year, installation of officers, will be May 13.

HOME ACCIDENTS
 This year, 4,000 children in the U.S. under four-year-old will be killed by accidents in their homes. One child in every three will be injured seriously enough to require medical attention, according to Dorothy Taylor, family life education specialist, Texas Agricultural Extension Service, The Texas A&M University System.

Borger Civic Leaders Discuss Senior Center Expansion Plans

The Altrusa Club of Pampa recently heard Borger civic leaders give the history and operation of their combination community and senior citizens center. President, Katherine Sullins presided.

Mrs. Malcolm McDaniel stated that a special committee had been appointed to investigate the possibility of expanding the present Senior Center Project of the local club. She presented Frank J. Smith, who, in addition to coaching a boxing team and raising a flock of 500 tropical birds, is currently president of Opportunities, Inc., for a second term, and president of Borger's Country Club and Knife and Fork Club.

In giving the history of the organization, Smith said, "Opportunities, Inc. is a non-profit organization of Borger individuals who own and operate a combination community and Senior Citizen Center. The purpose of this facility is to provide a pleasant surrounding for fellowship, entertainment, creative instruction, and relaxation to Senior

Citizens."

"Through cooperation with the Borger Independent School District a vacant school building was utilized. A remodeling program started with cash plus donated material and labor resulted in a very functional building. The center benefited from 1967 to 1971 from various state grants - in - Aid that defrayed approximately 50 percent of the operating costs. Capital investment obligations have been retired through private donations. The annual operating budget of approximately \$13,000 is met by a firm commitment from Hutchinson County, City of Borger, sustaining and participating memberships," he told.

"Facilities and activities include a combination kitchen - coffee - game room, a craft room, three meeting rooms, teaching of crafts requested, a special program for the visually handicapped each Wednesday, and a library of talking books, braille checkers, dominoes and

cards. Almost fifty separate groups and organizations hold regular meetings at the Center," he continued.

"Many volunteers give their time, supplies, and money for the Center, and receive cooperation in the form of cookies, entertainment and decorating for special events, with a desire to have the best possible facilities for the senior activities, seminars, and programs which add to improved living in our community," he concluded.

Mrs. Oran Back, director of Opportunities, answered questions from the audience.

Oran Back, Borger Chamber of Commerce Manager, listed steps necessary for preliminary groundwork and offered encouragement to the club for its initiative in investigating the possibility of establishing a Senior Center in Pampa.

Altrusa Accents were given by Mmes. John Merilatt and Irl Smith. Mrs. Frank J. Smith was a guest.

The Pampa Daily News Women's Page

12 Pampa, Texas 67th Year Sunday, March 31, 1974

ALTRUSA VISITORS - Borger Chamber of Commerce Manager, Oran Back, left, and Frank J. Smith, right, president of Borger Opportunities, Inc., were recent guests of the Altrusa Club of Pampa, discussing the possibility of expanding the present Senior Center project of the local club. Shown with them in photo are their wives. The purpose of this facility is to provide a pleasant surrounding for fellowship, entertainment, creative instruction, and relaxation to Senior Citizens. (Photo by Smith's Studio)

Phi Epsilon Beta Will Sponsor Baby Contest

The Phi Epsilon Beta Chapter of Beta Sigma Phi met Tuesday at the Reddi Room, Southwestern Public Service Building.

Letters were read by Virginia Beard and Mary Baten for Woman of the Year award. Names were submitted and voted on by secret ballot. Woman of the Year Tea is scheduled to be

presented Sunday, April 7, at 2 p.m. at the First Christian Church. Also scheduled is the sorority Founder's Day, April 30, at the Country Club at 7 p.m.

A baby contest, sponsored by the chapter, will be held Easter Sunday, April 14, when the winner will be announced. All entries must be made on or before April 8, and the entry fee is \$2, with the age limit, infant to six years.

Each member of Phi Epsilon Beta is to make one poster to be displayed in one of the local stores contributing a gift certificate.

A tea to acquaint rushees with the members was held Sunday, March 24, at 2 p.m. at the home of Mrs. L.L. Garren.

Election for new officers for the 1974-75 year are as follows: president, Linda

Foreman; vice president, Kay Newman; extension officer, Kathy Scribner; recording secretary, Jami Garren; corresponding secretary, Nita Victor; treasurer, Jo Ann Laramore; and city council representatives, Jami Garren and Debbie Stubblefield, and Susan Buchanan, alternate.

Members attending were: Glenda Cooley, Jan Trusty, Sherri Thacker, Kathy Scribner, Nelda Savage, Kim Orth, Kathy Ward, Linda Foreman, Brenda Frazier, Debbie Stubblefield, Jo Ann Laramore, Debbie Stokes, Kay Newman, Susan Buchanan, Nita Victor, and sponsor, Mary Baten.

Preparations Being Made For THDA Meeting

Mrs. Jack Benton, Gray County Home Demonstration Council chairman, presided at the meeting held recently in the Courthouse Annex.

Six clubs answered roll call with 12 members, the assistant agent and one visitor present.

Mrs. Ray Robertson, Gray County THDA chairman, announced that the money for the luncheon tickets for the District One meeting must be in before April 6.

The District meeting has been changed from the Christian Church in Borger to the Dome Building in Borger, and is scheduled for April 18. Registration will begin at 9:30 a.m.

The following members were elected as the nominating committee for council officers for 1974-75: Mrs. Janice Carter, Mrs. Betty King, and Mrs. Mary Johnson.

All clubs are asked to elect their officers in April and bring names to April council meeting for new

yearbooks preparation. Each club is also asked to bring suggestions for roll call and programs for the yearbooks.

Mrs. Dora Dougal presented the 4-H girls club report and told that Stephanie Eastham won second place in the district with her record book. She is in competition for a scholarship this year.

Audette Kincaid, assistant county extension agent, announced that two new 4-H clubs have been organized this year, one in McLean and one in Albreed. McLean has two clubs now.

4-H Club News

AUDETTE KINCAID (ACEA)
New 4-H'ers for this week are Kelly Bruner, Shelly Crossman and Lee Barkley. Kelly is interested in livestock and pony projects while Shelly's interests are in the areas of bedroom improvement, child care, clothing, dog care and training and food and nutrition.

Shelly is becoming involved immediately in the 4-H public speaking contests. Shelly and Shanna Ethredge will be entering the vegetable production and marketing demonstration in the county contests. Lee is from Grandview - Hopkins and doing a demonstration on yard safety with Benny Watson.

Other 4-Hers are entering the following contests: Molly Carlton, home environment educational activity; Stephanie Eastham, food and nutrition Let's Speak Out; Elaine Webb, money management educational activity; Sally Brainard, public speaking; Ray Lynn Dilman and Phil George, community improvement demonstration; Regina Atwood and Dana Smith, Share the Fun contests.

Junior competition involves Linda McKay, clothing educational activity; Mat Hinton and Bill Carter, electric demonstration; Misty Edwards, Debby Mullins, entomology; Bobbie Skaggs, food and nutrition Let's Speak Out; Misty Alexander, Dixie Eudey, Lisa Moxon, Lori Nan Watson, Cindy Hannon, Barbara Holley, Laura Pangle, Valerie Pangle and Tonya Owens are the "A La Cockroaches" from Lefors, Share the Fun contests; Jamie Green, home environment educational activity; Christel and Steven Atchely, horse demonstration; Amy Brainard and Jan LaFon, landscape horticultural demonstration; Mark Eastham, money management educational activity; Robbie Cochran and Lance Brooks, Monte Hopkins and Danny Wren are competing in the natural resource team demonstration; Berkle Brainard, girls public speaking; Dana Dykes and Stephanie Allison and Marshall Hopkins and Greg Acker in safety.

The winners from these events will represent Gray County in the District I competition in April on the

West Texas Campus in Canyon. Gray County still needs representatives in the following areas: Junior, cooperative demonstration; dairy demonstration, farm and ranch demonstration (both team and individual contests), field crops demonstration, natural resource individual demonstration, pasture and forage crop demonstration, poultry demonstration, vegetable preparation and use demonstration.

Senior categories that are available are cooperative demonstration, dairy demonstration, electric demonstration, dairy demonstration, electric demonstration, entomology contest, farm and ranch demonstration (team and individual contests), field crops demonstration, horse demonstration, landscape horticultural demonstration. Money management educational activity, natural resource demonstration team and individual contests, pasture and forage crop, poultry, boys public speaking, safety and emergency preparedness, vegetable production and marketing demonstration.

Secondary contests will be held on March 13, if you are interested contact the extension agents immediately by calling 669-7429.

Court Orders Government To Pay Damages

HOUSTON (UPI)—A U.S. district court has ordered the federal government to pay \$1.25 million in damages to the widow of a man killed in the crash of a private plane in 1970.

U.S. District Judge John V. Singleton awarded \$2.5 million in damages to Mrs. Maryanna Dickens of Galveston. The remainder of the damages were to be paid from the estate of the plane's pilot, Dr. Robert G. Farris, who also died in the crash along with his five passengers and two persons in a house at the crash site.

The crash allegedly occurred near the Austin Municipal Airport because air turbulence created when Federal Aviation Administration flight controllers okayed the small plane's landing too soon after a commercial jet liner had landed.

Youth Center Report

YOUTH CENTER MEMBERSHIPS — Participation in the activities of the Center are through a membership plan or a daily fee. The most economical plan is to purchase a membership for the whole family. The cost is really fantastic with all the benefits you receive.

The limited membership plan sold to individuals or families entitles you to use of the gym, recreation hall, swimming pool and dressing rooms as well as free swim lessons. The cost of this plan for an individual is \$5 for six months or \$8 a year. For a family the cost is only \$12 for six months or \$20 a year.

The unlimited membership plan adds to the above plan the use of the new health facility. This facility houses all the exercise machines, handball and racquetball courts and sauna.

If you are interested in losing weight and inches, the health club membership is your best plan. We have all types of machines including the bicycles, barrell rollers, vibrator belts, rowing machines, jungle pulley universal machine, hips away, sit-up boards and all types of weight lifting equipment.

The unlimited plan costs only \$10.50 per month for an individual or, for a husband and wife the cost is only \$13.87 per month after your initial sign-up. For further details come by the health club.

Women's hours are during the mornings and Tuesday and Thursday nights while men come after 11:45 a.m. till 9:30 p.m. Whatever your needs in physical fitness are, we have the equipment and know how to achieve it.

DOLPHIN SWIM CLUB — The Youth Center also has a competitive A.A.U. swim club called the Dolphins. This club is for boys and girls 6-18 years of age who know how to swim and are interested in competing with other boys and girls in their own age class.

The swim club holds workouts each weekday from 6-7 p.m. in the Center pool under the direction of coaches Ruth Steger and Malcolm Douglas. The club participates in several weekend meets during the year and also duals the other Amarillo swim clubs quite often. Come by and join today by attending one of the workouts.

SWIMMING — One of the best forms of physical exercise is swimming. To help you enjoy this activity, the Center has this as an activity. Each week night from 7-9:30 p.m. the swimming pool is open to anyone who enjoys swimming. Also the pool is open on Saturday from 1-4:30 p.m. and Sunday 2-4:30 p.m. You are invited to come out and enjoy a good dip in our heated pool.

SWIM LESSONS — If you cannot swim, this will be of interest to you. The Center schedules swim lessons for all ages during the year. Usually a class is taught every three weeks.

During the school year all classes meet after school either from 4-5 p.m. or 5-6 p.m. All sessions last for 10 meeting dates with all classes limited to not more than 25 swimmers.

Classes are taught by a very qualified Red Cross Water Safety instructor. The Center has a resident instructor who teaches all of our classes, sometimes with the aid of other instructors. She is Ruth Carter, a very

prominent instructor. The cost of these swim lessons are \$4 to non-members and are free to Youth Center members. The public is invited to participate either through the fee or a membership plan.

BATTIN' AROUND

Task Force Attacks Property Rights

By C.R. BATTEN
In recent columns, we have looked at ways in which government at various levels is taking over the use of land and the natural resources that go with it. Whether intentionally or by coincidence, the recommendations of the Task Force on Land Use and Urban Growth are being applied.

That Task Force wrote in its report to the Council on Environmental Quality that the right of property should not include the right to develop it, and that landowners should be required to bear the cost of restrictions on the use of land without compensation by government. The result is expropriation by government of the property and natural resources of the citizens.

Such expropriation is always done "in the public interest," usually with no attempt to define the "public interest." Perhaps it is time we tried.

My WEBSTER'S NEW COLLEGIATE DICTIONARY defines the noun "public" as "The general body of mankind, or of a nation, state, or community; the people, indefinitely; as, the American PUBLIC; also, a particular body of people; as, the reading public." WEBSTER'S NEW DICTIONARY OF SYNONYMS says, "PUBLIC basically denotes a group of people with a common interest..."

Clearly, there is no single public. Our society is made up of a great conglomeration of an almost infinite variety of publics. Any individual is a member of many of them. For example, I am a member of the "reading public" mentioned in Webster's definition. I'm also a member of the "writing public." I am a member of the public that enjoys the great outdoors, the public that is concerned about the use of our natural resources, the public that enjoys the art of

photography, and many others. One of several definitions Webster offers for the word "interest" is: "Advantage; good; benefit." The "public interest," then becomes that which is to the advantage or benefit of the public. But since there are so many publics, we must ask, "which public?"

Obviously, the publics what own gravel deposits or with to purchase gravel and concrete products at the lowest possible cost do not necessarily have the same interests as those who enjoy the pastoral scene at the site of a potential gravel pit and are petitioning the local authorities to reject the application to open the pit. In practice, therefore, that public that can make the loudest noise, exert the most influence, or gain the most influential friends in the decision-making circles of government is the one that prevails. The others lose.

Those who urge strict regulations on the use of property and resources do not recognize that there are an infinite number of publics. They would have us believe that such action is in the interest of ALL the people in the country, state, or nation. But it cannot be in the interest of all the people, because they inevitably take the property of the members of some publics for the benefit of others. It always results in fewer satisfactions to mankind.

If we are to learn what the public interest truly is, we must look to the interest of each individual in each public, and determine how he can best be benefited. That, of course, is an impossible task, utterly beyond the capabilities of any central planner. All the planner can do is determine what meets his own best interest. If he is in a position to put his plans into effect through law or decree, then all others become his victims, not his beneficiaries.

The gravel pit operator must act in the best interest of the public he wishes to serve, or he will not long remain in business. The various publics express their interests by the prices they are willing to pay for the use of the resources. If those who prefer the

pastoral scene to the gravel are willing to pay more than those who want the use of the gravel, then they can buy the deposits and keep their pastoral scene undisturbed. The force of government is not needed, for in voluntary exchange, each public gets what it wants most.

Last Week In Wall Street

By BOB HILL
Lantz, Newton & Co. Amarillo Members
N.Y. Stock Exchange

Much has been said about the President and his tax returns. Representative Charles Vanik of Ohio, a member of the House Ways and Means Committee, predicts that tax revenues may be cut as much as 10 percent this year because taxpayers will revolt and there will be widespread cheating on tax returns, all as a result of the deductions taken by the President on his tax returns.

Grumbling about taxes is an American tradition but cheating on tax returns isn't. Internal Revenue Commissioner Donald Alexander says he hasn't seen evidence of more cheating than usual this year. He says there always has been a minority, of people who don't meet their tax obligations. But the Commissioner noted that more people are itemizing their deductions this year.

President Nixon paid about \$6,000 in taxes on total income of nearly \$8,000 for the years 1970, 1971 and 1972. He claimed a \$476,000 deduction for donating his pre-presidential papers to the National Archives. He also took deductions for operating expenses of the Western White House at San Clemente and he did not pay capital gains taxes on the sale of part of his San Clemente property.

The point to remember here is whatever deductions were taken by President

Nixon, he had the benefit of advice and counsel from experts, a tax attorney and an accountant, just as thousands of Americans get the advice and assistance of professional income tax advisors, bookkeepers, accountants, and tax attorneys.

Stewart Mott, heir to a General Motors fortune, is proud of the fact that, with an annual income ranging between \$950,000 and \$1.5 million over the last three years, he wound up paying no federal taxes for 1971 and 1972 and will have only a small tax bill, if any, for 1973.

If the IRS disallows a particular deduction, an amended return is filed and the additional tax plus interest penalties is paid.

Some accountants are saying that the IRS is tougher in its audits this year. The IRS wants every taxpayer to take every deduction he or she is entitled to take. But don't make the mistake of cheating. In the first place, any reputable income tax advisor or accountant wouldn't knowingly sign a tax return which was falsified. Secondly, the IRS computers are geared to "flag" any unusual deductions so that an examiner can take a closer look at a tax return that has disproportionate deductions. That may be when you will be asked to drop by the local IRS office with your records to prove your deductions.

TO YOUR GOOD HEALTH

Is There Sunburn Poisoning?

By G.C. THOSTESON, M.D.
Dear Dr. Thosteson: Is there such a thing as sunburn poisoning? I ride a tractor, and my face, neck, hands and arms act as though poisoned. They break out in a rash and itch like poison.

—H.O.W.
It's a reaction to the actinic rays of the sun, although not strictly a "poisoning" as from poison ivy, chemicals or whatever. Still, you can call it sun poisoning without getting much of an argument.

As I'm sure you know, people vary in sun sensitivity. Blonds and redheads burn easily; brunets less so; but even blacks can burn if exposed too heavily.

Your rash and itching is your particular reaction—shared by a good many others, however.

I can suggest only two ways to combat it that are likely to succeed. One is to develop a tan very gradually at the beginning of the sunny season; the tanning of the skin will protect you.

The other is to limit your exposure to the sun. Protective sunburn lotions

(those containing a so-called "sun screen" ingredient) should help but may not be enough.

You know where the trouble occurs—the exposed skin, face, neck, hands and arms. So I'd get in the habit of wearing a wide-brimmed hat, a light scarf or maybe a bandanna for the neck, long sleeves, and perhaps cotton gloves.

Above all, try to develop a tan very slowly, starting as early in the season as possible. But you may still need the hat and other protection throughout the summer.

You often see men handling tractors or dozers who are bare to the waist and brown as a nut—but with heavy exposure even they can itch at times. Your solution is to limit the amount of sun you get.

Dear Dr. Thosteson: I've gotten into the stupid habit of swallowing my saliva. My throat is getting sore and I just can't stop.

—N.S.
If you ever broke that "stupid habit" you might be in real trouble.

The swallowing of saliva is a very natural process. In

fact it is the very beginning of the body's remarkable digestive mechanism.

Saliva contains important enzymes that help break down the food chemically for digestion further down the digestive tract. One such enzyme, ptyalin, begins the chemical breakdown of the starches and sugars in our food.

I would look for some other cause of that sore throat. If you have excess saliva being secreted, the cause of that might be ill-fitting dentures, for example.

Dear Dr. Thosteson: Can alcohol and sleeping tablets be transmitted by the mother to her baby that she is breast-feeding? For example, feeding the infant an hour after taking the drug, or a drink or two of wine or cognac?

—T.P.
Yes, these drugs (alcohol is a drug, too) can appear in the breast milk, so they are to be avoided by nursing mothers.

Dear Dr. Thosteson: I have heard people talking about hardening of the arteries, and that wine,

liquor or beer will thin the blood and help circulation. Will a small amount of these drinks each day help the circulation?

—Mrs. R.F.G.
Such drinks will not "thin the blood" but can perk up circulation a bit. This will not retard the hardening process, but it won't do any harm. (Keep in mind that I am talking about small amounts—which is what you specified.)

Emphysema can be controlled. To learn how to live with this serious lung disease, write to Dr. Thosteson in care of Box 1400, Elgin, Illinois, 60120, requesting a copy of the booklet, "How To Control Emphysema," enclosing a long, self-addressed (use zip code), stamped envelope and 20 cents in coin to cover cost of printing and handling.

Dr. Thosteson welcomes all reader mail, but regrets that, due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

IT HAPPENED LAST NIGHT

Smothers Brothers Seek Show

By EARL WILSON
NEW YORK — Tommy Smothers gave me a quote and said, "Can you write it tongue in cheek? Satirically?" The quote was, "Dick and I haven't decided whether we should give the networks another chance."

Of course the unsmothered Smothers Brothers want back on the networks, that's why they're touring the night clubs, but as I sat with them in their crowded dressing room at the Troubadour, with Dick pouring champagne, I realized that Tommy spoke the truth. The networks would have to give in a little, too.

"TV isn't necessary to us," Dick, the quiet one with the mustache and the wife, commented. "You make good money on the road. We could do negative things by going back into TV with the wrong show."

Despite the frivolity, they want those millions seeing them again. They ran an ad in the trade papers that said, "Our 15th anniversary—with five years off for bad behavior."

Yes, it was 1969 that CBS wiped them off the air because they wanted to include a David Steinberg stermomete, a Pickle Finger of Fate award to Senator Pastore of Rhode Island, and in there

somewhere a sketch by Jackie Mason who twitted President Nixon before it was popular.

They sued for millions. They say they got \$916,000.

"CBS bought that wine we're drinking," Dick said as Tommy poured more excellent champagne. There was a hamper on the floor with more bottles.

"Just because you have silenced a man does not mean you have converted him," Tommy said. He added, "Socrates, just before he drank the poison."

Tommy continued, "We were the first casualties of a repressive trip. It was the first official act of Bob Wood (the CBS president). We feel the decision to can us was made before we even did that show. But it's a dead issue. Let's not talk about it."

"But that's my thing and I WANT to talk about it!" declared Dick.

The fact remains that Tommy at 37 and Dick at 35 have a worshipful following who howl with laughter even when they drop one of the increasingly common four-letter words as a punch-line to a joke.

"I'm mellow," Tommy says, in his dinner jacket when he opens the act. "I still get—off but I'm cool about it. The last time we were here we had a steady job on TV but it wasn't as steady as we thought it was. It had a colorfully abrupt ending I'm sure Archibald Cox thought he was doing a good job, too."

He says he's not going to tell any Nixon jokes. "Now that's a cheap joke," he says.

So, not telling any Nixon cheap jokes, he says when he's shaving, he looks at himself, and he hears Nixon saying "I am not a crook," and he almost decapitates himself.

He goes into astrology: Elizabeth Taylor is a Pisces, so is Ted Kennedy. They always turn to the right when they should have turned left. Ted Kennedy is a very powerful man, he could have had his sign changed. There was another exchange:

"Did you tape it?"

The Almanac

Privacy Of Farmers Invaded By Federals

By B. BRENNER
UPI Farm Editor

WASHINGTON (UPI) — A backlash of criticism over alleged government attempts to invade farmers' privacy is hampering efforts to plan collection of information in a 1974 census of agriculture, an official warns.

The problem, according to Census Bureau Director Vincent P. Barabba, involves an "Address Register" which the bureau uses in mailing census questionnaires to farmers. In preparing this list, which is vital to a successful mail census system, Barabba says his bureau has leaned heavily in the past on a list — provided by the internal revenue service — of persons who file farm tax returns.

Until recently, Barabba indicated in an appearance before farm magazine editors here, the system created no problems, but now the Census Bureau has been caught in the backlash of a controversy over efforts by the Department of Agriculture to get similar lists of farmers from IRS tax records.

President Nixon initially approved the Agriculture Department plan in 1973 and issued an executive order granting that agency access to IRS information. But following a long argument studded with charges the move would invade privacy — charges the Agriculture Department hotly denied — Nixon recently withdrew the executive order.

Farm Activity Slowed

COLLEGE STATION, Tex. (UPI) — The first week of spring brought cold, wet weather to much of Texas and caused a slowdown in farming activities, the Texas Agricultural Extension Service said Friday.

Freezing temperatures over most of the northern half of the state damaged some vegetable crops, fruit trees and early stands of corn and sorghum. However, the extent of the damage is still being assessed, the Extension Service said.

Planting of cotton and sorghum is moving toward completion in South Texas and early stands are making good growth. Planting of corn and sorghum is about 90 per cent complete in South Central Texas and is past the half-way mark in Southeast Texas and the Coastal Plains.

More than 40 per cent of

the rice acreage has been seeded. Corn and sorghum planting has also been active in the Blacklands and in North Central Texas.

Recent heavy rains in some coastal counties and in South Texas have made replanting necessary, the Extension Service said.

The recent rains that benefited eastern and southern areas of the state were sparse in the plains and western regions. Far West Texas around Fort Stockton is undergoing a severe drought, and conditions remain very dry in the West Central part of the state around San Angelo despite a few recent scattered rains. Farmers will need moisture before spring planting can begin.

Small grains are making good progress in North Central and East Texas while those under irrigation are in good shape in the plains.

doctors—a board-certified surgeon, a board-certified pediatrician, a cardiologist and a family practitioner. I could vary my schedule pretty much as I wanted," he said.

He usually worked in surgery in the morning and in the afternoons he would spend one day with the pediatrician one day with the cardiologist and one day with the general practitioner.

All students had emergency room call for 24-hour periods, rotating their duty with other student doctors. The program, according to all 14 students, provided invaluable experience.

And it was felt by the communities, too.

"The whole town of Andrews took us under its wing," Askins said. "The people there are very proud of their community and, with everything else, it made me acquire an appreciation for things I hadn't appreciated before."

Garrett said he expected the school of medicine would expand the preceptorship program next fall to include both rural and urban areas.

"We haven't begun to use all the preceptors available," he said. "Then, we got an hour lunch break and started seeing patients again. By 7 p.m., we made our evening hospital rounds."

Askins found his work in Andrews "very flexible."

"I worked with four

Panhandle Water

By FELIX RYALS
Texas and the other water short states have taken issue with the National Water Commission recommendations that were adopted last year by Congress and the President as the national water policy.

A number of meetings have been held with different members of the Texas Congressional delegation in an effort to divert the cutting edge of the new policy. Under the new policy, the federal government is leaving the states in the position of having to go it alone in financing new water development projects.

"Another innovation in our new Water Resources Act is the provision directing federal agencies to consider non-structural alternatives when they consider flood control projects. These alternatives could include such things as floodproofing of structures, flood plain regulation, acquisition of flood plain lands for recreation and fish and wildlife, and relocation of people out of the flood plain."

"Structural measures are not always the best solutions to flood problems. However, there has been a reluctance on the part of the administration to recognize that there is just as much federal interest in assisting local communities to prevent flood damage by non-structural methods as by structural methods. We have shown the federal interest in our provision, and also assured equal consideration of alternatives by specifying that local cost sharing in non-structural projects will not exceed 20 percent of project cost, which is about the average level of local participation in the traditional flood protection projects."

"These provisions, and many others in the bill, will make significant contributions to this nation's water resources program. Another matter of great importance to the overall program, and one which has not received the attention it deserves, is section 209 of the Federal Water Pollution Control Act as amended last year. This section recognizes the interrelationship and interdependence of water quality and water quantity. It directs the President, acting through the Water Resources Council, to prepare for all river basins in the United States a so-called Level B Plan identifying each water

resource project and water quality program that should be authorized and implemented to reach the water quantity and water quality objectives set for the river basin plan. All of the plans must be completed by 1980 and an annual progress report is to be made to Congress each year.

"Section 209 is not, however, being implemented as quickly and as fully as it should be. We in Texas appreciate the importance of supplies of good quality water — our very survival depends on it. In the years to come the whole nation is going to face a major water crisis unless we start planning now to meet our future needs for water. The studies directed by section 209 are essential if we are to identify and meet these needs, and I can assure you that as Chairman of the Water Resources Subcommittee I will do all that I can to make

sure these studies are completed as the Congress intended them to be.

"There is one other matter affecting the water resources program which I would like to mention — this is the possibility of a change in committee jurisdiction over water resources programs. The Select Committee on Committees, which has been studying the committee system of the House of Representatives, has issued a draft proposal for consideration and comment of the members of Congress.

"In that proposal, the water resources programs handled by my

subcommittee and the Full Committee on Public Works would go to a new Committee on Energy and Environment. The Public Works Committee would become the Committee on Public Works and Transportation, and pick up mass transit, railway transportation, civil aviation, and other transportation programs and regulatory functions."

HOLLYWOOD (UPI) — Christopher Plummer and Glynis Johns have been signed as the featured voices in the animated television adaptation of Oscar Wilde's "The Happy Prince."

Down, Down, Down...Broilers Not Chicken Feed...Citrus Crop Report Shows Decline.

For the 17th consecutive month, milk production has shown a decline. In Texas, milk production during February dropped four per cent below a year ago, and seven per cent under a month ago. Milk production in Texas during February totaled 244,000,000 pounds.

Milk production per cow averaged 700 pounds during February. This is 10 pounds below last year and 50 pounds below the previous month.

Nationwide, milk production during February showed a three per cent decline. Production during the first two months of 1974 was three per cent below the corresponding period a year ago.

Milk production per cow on a nationwide basis stabilized during February. Production per cow was 776 pounds; this is the same as a year ago. But it is six per cent below January of this year.

Milk cows on farms during February totaled 11,227,000 head. This is down three per cent from the same month a year ago.

Meanwhile, dairy price supports to become effective April 1 will be at the lowest level permitted by law—80 per cent.

Continued high cost of production is the main reason for a continuing decline in milk production.

For example, Texas dairymen paid an average of \$137 per ton for mixed dairy feed (16 per cent protein) in January compared to \$105 per ton in February of 1973.

Texas dairymen paid an average of \$86 per ton in February for baled alfalfa hay compared to \$71 per ton in February of 1973.

THE BROILER business in Texas is not chicken feed, according to a summary from the Texas Crop and Livestock Reporting Service.

Gross income from broilers in Texas during 1973 totaled \$146,221,000. This is an increase of more than \$50,000,000 over 1972.

Average price received for 1973 was 22.8 cents per pound liveweight. This is the highest average price since 1955 when it was 25.5 cents per pound. The 1973 average price was 8.6 cents per pound higher than in 1972.

Texas is in seventh place in the nation in the number of broiler chicks placed in 1973. Commercial broilers placed in the state last year totaled 178,991,000. This is a three per cent decrease from 1972.

The weekly high for placements was 3,994,000 during the week of March 31; the lowest was 2,852,000 during the week of October 27.

Nationwide, a decrease of two per cent in broiler placements was noted in 1973 compared to 1972. The average price nationwide was 23.9 cents per pound.

BASED on March 1 prospects, the Texas citrus crop is down slightly from a month ago.

Virtually all of the grapefruit and most of the Valencia oranges have been harvested, although Valencia harvesting is expected to remain active during the remainder of the month. Most of the fresh market crop is expected to be picked by April 1. Many fresh market packinghouses plan to shut down as early as April.

Citrus tree condition varies greatly throughout the Valley. Most groves are extremely dry and are requiring irrigation.

Nationwide, the 1973-74 grapefruit is forecast to be down one per cent from the February 1 estimate and two per cent below last season.

Hereford Sale Set Saturday

The Great Plains Hereford Association announces its 30th anniversary consignment sale of registered Herefords and Polled Herefords scheduled for Saturday, April 6, at Guymon, Okla. with 100 head of high quality useful registered cattle being offered.

Included in the consignment are 125 horned Hereford bulls, nine Polled Hereford bulls, and 46 Hereford females. Nearly all bulls are two and over, being service age and ready for immediate use. Females consist of approximately 15 heavy springer heifers and cows, some with calves by side, and the balance as breedable-age yearlings.

The Great Plains Hereford Association annually sponsors the largest consignment sale of any breed in the five-state area in and around the Oklahoma Panhandle. Membership in the organization numbers some 80 breeders over the area with consigners in the current sale numbering 30 and representing many of the top herds in the area. Pampa area consigners are as follows:

Wayne Maddox, Miami. Robert Newton, Groom. Bobby Wood, Groom and Kenneth Twaine, Groom.

Place of sale is the Panhandle Livestock Commission Company Yards located 2 miles NE of Guymon of US 94 and 64. Sale will start promptly at 1 p.m.

The value of livestock and poultry on American farms was \$23.8 billion at the beginning of 1971.

A thought for the day: American humorist Charles Farrar Browne said, "Let us all be happy and live within our means, even if we have to borrow money to do it."

Country Doctor Just May Be Man Of The Future, Not Past

LUBBOCK, Tex. (UPI) — The country doctor may be the man of the future instead of a symbol of the past.

Recognizing that medical students today may be passing up desirable careers in rural medicine just because they do not know what they are missing, the Texas Tech University School of Medicine has begun a rural preceptorship program.

"While assisting the physician in many rural areas, or the 'preceptor,' with his patient load, the student gets practical experience in the environment in which he will later practice," said Dr. Sydney A. Garrett, acting chairman of the medical school's department of family practice.

Jack Askins, a senior medical student, said his experience has led him to plan to go into practice in a smaller community rather than in a big city. He studied under preceptors in Andrews, an oil and cattle town of 8,500 people in far West Texas.

"Andrews shows it is possible to be in a small town and still have good medical care," Askins said.

The program was offered, Garrett said, for the first time during the past fall to senior medical students as part of the curriculum for their final year of structured training. Participants were

the school's first seniors, and are to be among the first graduating class.

"We had hoped that by letting the students spend four weeks in a rural area with a practicing physician they would gain first-hand knowledge of the problems and rewards rural medicine has to offer," Garrett said.

Many physicians in the West Texas area agreed to act as preceptors to one of the 14 senior students in the program, he said.

While most students went to Texas towns within 100 miles of Lubbock, two served their preceptorships in New Mexico—one in Taos and the other in Ruidoso.

Jim Schreider went to Taos and spent his time with three senior medical students from other schools, running a free clinic for Taos residents.

Chuck Lord spent his time in Post, Tex., he worked under three doctors, rotating his schedule with theirs.

Lord said his days were long.

"We usually made rounds at the hospital in the morning starting about 8, got to the office by 9 and started seeing patients until noon," he said. "Then, we got an hour lunch break and started seeing patients again. By 7 p.m., we made our evening hospital rounds."

Askins found his work in Andrews "very flexible."

"I worked with four

MATHIS INJURED

Pampa Places 8th In Relays

By PAUL SIMS
AMARILLO — Noel Hansen ran the fastest time in his high school career in the 800, winning the event in 1:58.3 to earn Pampa's only first place in the 25th Amarillo Relays, which concluded Saturday at Dick Bivins Stadium here.

Pampa finished eighth, four places better than a year ago, in the overall competition, which was won this year by Midland Lee with 72 points.

The winners were followed in order by Vernon, 69; Lubbock Dunbar, 60; Amarillo, 56; Tascosa, 48; Caprock, 43; Hereford, 38; Pampa, 21; Palo Duro, 20; El Paso, 18; Dumas, 12; Plainview, 12; El Paso Jefferson, 11; Perryton, 7; Canyon, 4, and Guymon, Okla., no points.

Panhandle won the small-school (AA-A) division with 63½ points. In second and third respectively were Stratford with 51 and Memphis with 57.

Despite the agreeable weather and the caliber of several of the entrants, only one record was broken in the large-school division, that being the high jump. Paul Mladenka of Midland Lee leaped 6-8 to set the new mark.

Some of the state's best tracksters competed, including hurdler Jerry Kieschnick of Vernon and James Harris of Hereford in the long jump.

Kieschnick won both the 120 high and 330 intermediates with times of 14.3 and 38.5 respectively.

The latter time beat Harris, who is also a touted hurdler, by six-tenths of a second. Harris won the long jump with 21-3/4.

Lee won three events — the pole vault, high jump and shot put — and placed at least third in the discus, 800, mile run and mile relay.

Hansen won the half-mile for Pampa over David Shelton of Lee, who turned in a 1:58.8. Hansen's time was seven-tenths of a second better than his previous best, a 1:59.0 which he ran last year in Odessa's West Texas Relays.

The Pampa half-mile runner took over the lead in the race from Shelton in the middle of the final turn.

Howie Lewis of Pampa placed fifth in the 330 intermediates and Mike Taylor came in sixth in the 120 high hurdles.

Willis Price scored points for Pampa in the field events Friday as he high jumped six feet to place third.

For Pampa, disaster struck in the open quarter as Steve Mathis, among the finest tracksters in the Texas Panhandle, pulled a hamstring in his right leg.

The injury came after he ran 200 yards in the event. Mathis continued running but could only go 40 more yards before he pulled out of the race.

The leg injury kept Mathis from running in either the 220 (he had the third-fastest time in the prelims Friday in the 220) or the mile relay.

The Harvesters, as a result, finished last in the mile relay.

Pampa coach Scott Dunnam said he did not know if Mathis will be able to compete in next Saturday's District 3-AAAA meet to be held at Pampa's Randy Matson Track.

Trainer Sandy Miller regarded the injury as "not real bad." However, he declined to say if Mathis will be ready to compete Saturday.

Trevino, Cole Knotted

NEW ORLEANS (UPI) — Lee Trevino caught South African Bobby Cole with the 18-foot birdie putt on the 18th hole Saturday and the two shared the third-round lead in the \$150,000 Great New Orleans open golf tournament at 14-under-par 202.

Trevino shot 67 and Cole 68 on the 7,080-yard, par-72 Lakewood Country Club course, which played easy under windless weather conditions.

Those who will enter the final round two strokes ahead of David Graham and Larry Hinson and three ahead of 22-year-old Ben Crenshaw, who equalled the course record with a 64.

"Again, I made no short putts," Trevino said. "I just can't stroke the ball on the line that I'm looking at. I'm

having much more luck with the 15 to 18 footers."

Cole enjoyed a very steady round, scoring four birdies and no bogeys. He sank a pair of four-footers on the back nine, once

blasting out of a sand trap on the 580-yard, par-5 11 for birdies. On the par-3 13th he drilled a 5-iron four feet from the pin and sank the putt.

"This will be the first time I've led going into the last day," who never has won the PGA tour. "I'm not nervous or anything, but it is new."

Hinson posted a 69 and Graham a 65 to deadlock at 204.

"I sure hope the wind blows tomorrow," Hinson said. "It looks like the winner is going to have to shoot 64. It'll probably take 16 or 17 under to win."

TOP DOGS — Rick Smith of Edmond, Okla., and his wife, Debbie, have been training two of the most intelligent Brittany Spaniels in the country — Jacolet Wandering Star (left) and Pacolet Cheyenne Sam. The dogs are competing in the spring trials southeast of Pampa. Star is the current Texas Open and U.S. Open champion while her counterpart is a former national and U.S. Open champion.

Broyles Happy With Results Of First Week Of Training

FAYETTEVILLE, Ark. (UPI) — The University of Arkansas concluded its first week of spring football drills Saturday and head coach Frank Broyles said he was happy with the results.

Arkansas held its first scrimmage in the spring, featuring two offensive and two defensive units.

"Offensively it was the best first scrimmage we've had in long time," Broyles said. "It was very pleasing because the defense had the advantage during the week but today the offense did. We are making some improvement working against each other."

"I was pleased with the passing until right at the end," Broyles said. "The completion average was good and the yardage was good."

Alternating at quarterback were Scott Bull, a Jonesboro junior; Mark Miller, a junior from Augusta; and Larry Brown, a junior from Nacogdoches, Tex.

Ike Forte, the widely sought junior college

transfer from Tyler, Tex., took part in his first scrimmage Saturday. "It's obvious that the reputation that preceded him is correct," said Broyles.

Volleyball Team To Tackle Bowie

MIDLAND — Pampa's girls volleyball team, District 1 champion, will take on El Paso Bowie at 4 p.m. Monday in the Midland Lee gymnasium for the regional title.

Pampa wound up district play with a 12-0 record, winning its second outright title in as many years.

WINS 800 — Noel Hansen ran his career best in the half-mile — a 1:58.3 — which beat David Shelton of Midland Lee by one-half second in the 25th annual Amarillo Relays Saturday at Dick Bivins Stadium. Hansen will be favored in next Saturday's District 3-AAAA meet, which will be held at Pampa's Randy Matson Track.

transfer from Tyler, Tex., took part in his first scrimmage Saturday. "It's obvious that the reputation that preceded him is correct," said Broyles.

Golf, Tennis Teams Don't Make Finals

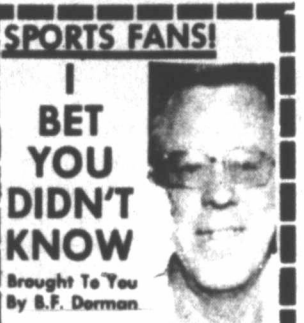

AMARILLO — Pampa High's tennis and boys golf team found Friday's going a little rough as both squads failed to qualify for Saturday's finals in the 25th annual Amarillo Relays.

The tennis team was unable to send anybody to the finals since entrants had to win on Friday to be eligible.

The boys golf team did not make the cut which was 327. Pampa shot a 340.

The Harvesters' scores were Joel Hickey, 83; Wiley McIntire and Randy Watson, 85 each; and Mickey Lowe and Scott White, 87 each.

The tennis team, which is coached by Alton Setliff, competes in the District 3-AAAA meet next Saturday and Sunday in Amarillo. The golfers play their sixth and final district round Friday at Berger.

Here's a baseball oddity ... You'd think having a .400 hitter would help a team, but did you know that no major league team ever won a pennant when one of their players hit over .400 ... Since 1900, there have been 13 times when a big league player hit over .400, and on each of these 13 occasions, the team with a .400 hitter failed to finish first ... Any manager would welcome a .400 hitter, yet so far, all of them have been losers as far as winning a pennant is concerned.

Here's an amazing fact about Stan Mustal! He didn't know ... In all his years in big league baseball, Mustal was NEVER thrown out of a game for arguing with umpires ... That record is remarkable when you consider that Stan played in 3,026 different games over a period of 22 years!

Alon Shepard hit a golf ball for a long distance on the moon — but what's the farthest any man has ever hit a golf ball on earth? ... Most golf experts believe the record is held by golf pro George Bayer ... Bayer is reported to have once driven a ball 500 yards.

I bet you didn't know there's a safety belt of steel inside the MICHELIN tire ... It carries a warranty of 40,000 miles of tread wear (many owners get more).

Pirates Win Own Meet, Bucks 2nd

LEFORS — The Lefors Pirate track team won only two first places but managed to rack up 135½ points, good enough for first place in the Lefors Relays, held Friday and Saturday here.

The host Pirates finished ahead of White Deer, 119; Canadian, 55; Follett, 45; Groom, 38½; Wheeler, 26; McLean, 25; Gruver, 23; Allison, 21; Miami, 11; Adrian, 4, and Darrouzett, 3.

Lefors also won the freshman division with 155 points, followed by Wheeler, 93, and Gruver, 34.

Barney Sawyer and Robert Gifford won first places for Lefors in the pole vault and 220-yard dash respectively. Sawyer vaulted 10-6 while Gifford ran a 23.8.

White Deer captured the 440 shot, discus and high jump. In the 440, Danny Sandlin ran 54.6. Donnie Thurman won both the shot and discus with throws of 54-6 and 132-6.

Cummings stole the show at the meet by jumping an amazing 6-6, which is the best a Class A high jumper has done this year.

The White Deer senior beat second place Wayne Wheeler of Canadian by six inches.

MEET RESULTS
400 RELAY—White Deer, 4:52. Lefors, 4:53. Groom, 4:57.
800—Burris, Follett, 3:06. Lane, White Deer, 3:14.9. Sargentman, Groom, 3:18.8.
1500—High, Burris, Follett, 11:28.8.
5000—Wynn, Follett, 15:28. Keith, Lefors, 16:2.
100—Jenkins, Miami, 1:21. Beck, Lefors, 1:27. Britten, Groom, 1:29.
400—Sawyer, White Deer, 54.6. Carroll, Gruver, 54.9. Garcia, White Deer, 55.9.
800—FUT—Thurman, White Deer, 54.6. Walls, Lefors, 55.2. Cady, Lefors, 55.2.
DISCUS—Thurman, White Deer, 132-6. Cady, Lefors, 124-4. Walls, Lefors, 124-4.
POLE VAULT—Sawyer, Lefors, 10-6. Chapman, Wheeler, 4-0.3. Cady, White Deer, 5-0.7.
MILE RELAY—Follett, 3:48.8. White Deer, 3:48.8. Lefors, 3:49.3.
SHOT PUT—Thurman, White Deer, 54-6. Walls, Lefors, 51-2. Cady, Lefors, 49-1.
DISCUS—Thurman, White Deer, 132-6. Cady, Lefors, 124-4. Walls, Lefors, 124-4.
POLE VAULT—Sawyer, Lefors, 10-6. Chapman, Wheeler, 10-6. Klein, Lefors, 10-6.
HIGH JUMP—Cummings, White Deer, 6-6. Wheeler, Canadian, 6-0. Grayson, Allison, 5-8.
LONG JUMP—Carr, Canadian, 31-0. Gifford, Lefors, 28-1. Sawyer, Lefors, 10-4.

PJH NINTH GETS 2ND 8th, 9th Grade Participate In Perryton Invitational

PERRYTON — Pampa Junior High's eighth- and ninth-grade track teams competed in the Perryton Invitational meet here Saturday.

The Ninth-grade came away with a close second place. The disqualification of its 440-relay team, according to Coach Harold Moore, probably lost them the meet. It cost the points

and cast a bad mood over the team for the rest of the meet.

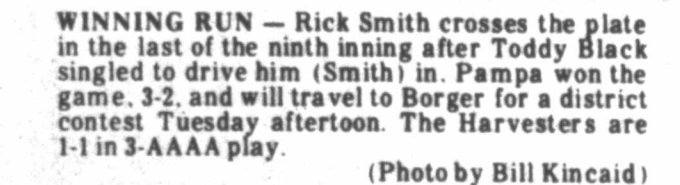

Pampa's eighth-grade took sixth place in a ten-team field.

"The eighth grade is working real hard and showing steady improvement in each meet," says Moore. "They've had quite a few injuries which has caused a tough season."

Among the Pampa results turned in were good efforts in the shot put and high jump.

Babe Ruth Teams Hold Annual Auction Friday

Friday night, after three days of tryouts, the Babe Ruth League baseball program held its annual auction of players. The eight teams involved bid for the services of the players and will get their pre-season training period started this week.

After a period of four weeks, the season will get underway officially April 29, with each team playing 14 games. The winners of the league champions making the all-stars will compete in the district tournament to be held in July.

Following is the list of boys and the teams to which they will go:
Cree, managed by Chuck Hall, picked up Steven and Wayne Young, Kerry Adair, Louis Cox, Ricky Daugherty, John Ferguson, Kevin Hall, Michael Craig, Leo McGinn, Mark Nichols, Tim Quarles, Mike Scoggin, David Sadler, Tim Willson, Tim Reed and Bradley Glasscock.

Ford's, managed by Melvin Davis, got William Holman, Jimmy Jeffreys, Joe Jeffers, John Mitchell, Reggie Adcock and Rickey Marsh.

Johnson's, managed by Ike Doom, received Bobby Gray, Blane Hansen, Greg Terrell, Lynn Brown, Rocky Dunham, Brett Moore and Scott Powell.

Harvesters Stop Rebels In 2 Extra Innings, 3-2

By PAUL SIMS
The Pampa Harvesters withstood a brilliant pitching performance by sophomore Larry House, who has been plagued with tough luck all season, as Pampa scored a run on Toddy Black's ninth-inning single to nip the Tascosa Rebels, 3-2, Friday at Optimist Park.

The game was tied after seven innings, 2-2. It was the first time this season Pampa has gone into extra innings.

The win squared Pampa's district record at 1-1 while Tascosa fell to 1-1 with the loss. In other district games Friday, Caprock (2-0) downed Amarillo (1-1), 4-1, and Palo Duro (1-1), edged Borger (0-2), 3-2.

In Pampa, both pitchers — House and Pampa's David Edwards — turned in

outstanding performances. House, who is 1-4 for the year, but has pitched well in every game, struck out 17 Harvesters, walked only two and gave up six hits.

Edwards went the distance for Pampa and got his third win without a loss. He gave up six hits and two walks in the nine innings while striking out nine.

Tascosa dented the score board first, getting a run in the top of the third. Craig Kelly singled and Ricky Perry reached on an error on Pampa's second baseman Rick Bigham. A balk by Edwards advanced the runners to second and third. The run scored on a throwing error by third baseman Mike Adair.

Pampa tied the score in the bottom of the third as Adair singled, stole second, and scored on a single by Rick Smith.

Pampa threatened in the fourth, loading the bases on a single by Toddy Black and two dropped ground balls by shortstop Danny Ross, which put Tyler Drinnon on base.

However, House fought his way out of trouble. With two outs and the bases full, Bobby Hendricks grounded out to the mound.

Pampa went ahead in the fifth after Bigham reached on an error on Ross. Black singled and Morris then struck out but went to first, as catcher Perry dropped the third strike and then threw errant to first. That scored Bigham.

The Rebels tied the game in the sixth. House singled and was sacrifice bunted to second by Blake Box. He scored on Greg Temple's single to leftfield.

Pampa, 10-6 for the season, will visit Borger Tuesday.

HARVESTER OF THE WEEK — Pampa golfer Wiley McIntire was named Harvester of the Week Thursday at the Pampa Noon Lions Club. McIntire, who has led the Harvester team throughout the season, joins teammate Randy Watson, volleyballer Debbie Harris and trackster Steve Mathis as those honored thus far in the spring sports season.

(Staff Photo)

Texas Leaguers Start Play April 9

FORT WORTH, Tex. (UPI) — The Class AA Texas League will play a 138-game schedule, opening April 19 and closing Labor Day, Sept. 2, league president Bobby Bragan said Saturday.

Alexandria, Arkansas, El Paso and San Antonio drew opening game dates. The Aces meet Shreveport, Arkansas hosts Victoria, Amarillo visits El Paso and Midland goes to San Antonio on opening day.

Victoria, Tex., is the only league newcomer. The Toros replace Memphis, 1973 champion, which advanced to the AAA International League. Victoria enters the league with Cal Rockefeller as president and general manager.

In 1959 and 1960, Victoria finished in first place in the Texas League.

The eight league teams play 69 games at home and the same number on the road. Arkansas leads in double-headers with 11, two more than El Paso. San Antonio has seven scheduled, Victoria six, Shreveport and Alexandria five, and Amarillo and Midland have four.

The Texas League Stars will get their third last chance to beat the Texas Rangers of the American League in their annual game Aug. 15 at Shreveport.

The league again will use the designated hitter rule like the American League. The extra hitter made quite a difference last year. In 1973, the league scored 4,906 runs, compared with 4,537 the previous year.

Morton Dissatisfied With QB Situation

DALLAS (UPI) — Veteran quarterback Craig Morton, tired of riding the Dallas Cowboys bench and demanding to be traded, is boycotting the team's spring conditioning drills.

"It's not being done with the intent of causing any harm to my teammates. I just don't feel any obligation to management," Morton said Friday. "I don't think the team will hold it against me. They know my situation."

Indeed they do. Both Coach Tom Landry and General Manager Tex Schramm insist they are trying to trade Morton. But either they are asking too much from other National Football League teams or the other 25 clubs are offering too little.

"The only thing I've said is that we have to be compensated with a man of his ability," Landry said. "There have been quotes that we are asking too much for him, which is ridiculous. We haven't even gotten to the point where we have said definitely what we want for him."

But several other NFL coaches have said the Cowboys have demanded two No. 1 draft choices and a starting player for Morton.

"The Cowboys aren't doing anything about it," Morton said. "They say they have my best interests at heart, but the action isn't there."

Morton, the veteran from the University of California who has sat on the bench behind quarterback Roger Staubach, said he would not attend the spring drills.

Schramm said the front office was not sitting still in efforts to trade Morton.

Fourteen Black Players Dismissed After Boycott

ALBUQUERQUE, N. M. (UPI) — Head football Coach Bill Moudt of the University of New Mexico said Saturday 14 black players dismissed from the squad would continue to receive their scholarships but would not play.

The 14 blacks, including five starters from the 1973 team, were dismissed after they failed to show up for a practice as part of a school boycott by the black athletes.

"The people that show up for practice will do the playing next fall," Moudt, who was named head coach last December, said. "It wouldn't be fair any other way."

The black athletic boycott also extended into track and field, where eight blacks did not show up for practice during the week. Track Coach Hugh Hackett said the athletes were in jeopardy of being dismissed.

The boycott was called Thursday with a demand for the resignation of baseball coach Bob Leigh and a protest that Leigh never had had a black player in the nine years he has been coach.

Leigh had dismissed one black, Paul Shelton, from the squad this spring and defended his action by saying that Shelton "couldn't play a lick." He invited an outside appraisal of Shelton's ability, which was rejected by the black athletes.

Five black football players were not involved in the boycott, three by choice and two because they were excused. They included center Curtis Akins, who did practice.

"Every man has to do what he thinks is right," Akins said. "I respect their decision and I hope they respect mine."

Among the 1973 starters boycotting was junior running back Ben Turner, around whom Moudt hoped to build his rushing attack. Others included linebacker

PHS Girls Place Fifth

BORGER — Pampa's girls golf team shot a 418 to place fifth in the annual Borger Girls' Spring Invitational Golf Tournament, held Friday at Phillips Country Club here.

Tascosa won the event for the second straight year by scoring 378 to finish ahead of Amarillo High, 390; Palo Duro, 399; Spearman, 416; Borger, 418; Pampa, 425; Brownfield, 432; Plainview, 433; Caprock, 456; Dalhart, 465; and Canyon, 534.

Medalist in the tourney was Patty Loehr, Tascosa, 87; Kim Snook, Amarillo, 89.

Pampa's A-team scores were Debbie Thompson, 102; Gail Simon, 101; Serena Shearer, 110; Gisele Hudson, 112; and Paula Simpson, 112.

In singles competition, Pampa entered four girls. Linda Howard withdrew while Sharon White shot 112, GERALYN HILLS, 119, and Jeffie Suttle, 115.

Pampa will compete in third district round Friday in Pampa.

Ruskies, U.S. Meet In May For Cage Tilts

MOSCOW (UPI) — The Soviet Union and United States basketball teams will play eight or nine games in five Soviet cities this May, the Tass news agency said Saturday.

The Soviet team will include four members of the squad which defeated the Americans 51-50 in a dramatic final at the Munich Olympics, Tass said. These are Sergei Belov, Ivan Edesshko, Alexander Belov and Alexander Boloshev.

Also named for the Soviet team, Tass said, were Valery Miloserdov, Yevgeny Kovalenko, Mikhail Silantsev, Yuri Pavlov, Vladimir Arzamasov, Vladimir Zhigili, Alexander Kharchenkov, Alexander Sidiyakin, Alexander Sainikov, Vladimir Kachenko, Oleg Ivanov, Vladimir Rudnev and Anatoly Mushkin.

Norton Pays His Taxes But Foreman Refusing

CARACAS (UPI) — Ken Norton, a Venezuelan income tax clearance stuck in his U.S. passport, left for home Saturday leaving heavyweight champion George Foreman to settle his problems with the tax collector.

Norton paid \$40,000 to cover taxes on his purse from Tuesday's two round losing effort against Foreman and posted bond for an additional \$40,000 to cover tax on any ancillaries he may earn. His earnings were \$200,000 or 20 per cent of the total gross, whichever was greater.

Video Techniques, Inc., of New York, co-promoters of the fight, posted a bond of more than \$100,000 in the

Parks And Wildlife News

By J.D. PEER
The walleye are spawning. These reports are coming from inland fishery biologists at San Angelo, Lake J.B. Thomas and Lake Meredith.

In fact, this is the earliest on record for walleye to spawn in San Angelo Reservoir. Ripe female walleye were taken on March 14. With the early warmup of the water, preparations for handling walleye and their spawn had to be completed in record time.

Roy Bamberg, fishery biologist, heads the egg-taking and monitoring operations at Lake J.B. Thomas. Large walleye have been caught and egg production is in full swing.

Field surveys show that ripe female walleye were taken on March 18 at Lake Meredith. Joe Kraai, fishery biologist, will supervise and head operations on this Panhandle reservoir.

All of these operations on San Angelo Reservoir, J.B. Thomas, and Lake Meredith have spread thin the fishery personnel. The cold weather March 23-24 will surely have some slowing effect on the spawning fish. Some of the biologists will be pulled from the egg collection sites this week to attend the

Continued from last week our article will finish pointers on a good stroke and timing.

Do not overlook the length and speed of your steps. Remember, we fit the steps to the natural swing, not the swing to the steps. Add a half step or shuffle, or perhaps eliminate the shuffle or short step.

If you're not already taking short steps, try taking shorter ones. They are definitely smoother and more graceful and they may help you to keep the swing fluid and smooth without a hitch or force. Some bowlers must take short, fairly fast steps, others who have a slower pendulum swing find that they must add a half step to compensate.

A high backswing could cause a timing problem. In addition to the possibility of too much ball speed, a delay at the top could cause forcing the ball in the forward swing. For more on this problem, plus the biggest bug-a-boo of all — being ahead of the ball, I shall have to refer you to your instructor.

Just remember — The top bowler wants consistent timing and is constantly striving for smoother coordination of the arm and feet in order to develop this precision. He knows when he has rolled one with perfect timing, and he knows when he must keep his fingers crossed on one that didn't "feel" just right.

We want to extend our congratulations to all of the winners in the Women's City Tournament and hope you all enjoyed yourselves.

Scores for this week read like this.

MEN: R. Covatt 533, H. Musgrave 225-572, K. Baker 536, C. Byrum 216-505, L. Yearwood 201-552, J. Whalley 219-567, L. Braswell 547, J. Clifton 537, T. Hill 521, R. Stokes 221-517, B. Smith 528, M. Johnson 247-593.

B. Horton 206-202-598, 211-545, L. Harris 214-200-600, D. Wortham 279-571, 537, 542, H. Craig 206-568, B. Briggs 200-514, J. Black 202-569, W. Waggoner 203-564, 203-568, J.O. Evans 201-515, 202, T. Beck 211-209-591, R. Rowland 512, 219-566, 203-539, D. McNair 546, W. Nail 201-524, M. Cross 203-538, D. Patterson 522.

B. Epperson 203-581, R. Shultz 214-548, G. Wuest 206-579, 210-548, 224-200-614, A. Dick 211-564, J. Clifton 203-214-603, D. Slaybaugh 528, K. Smith 215-567, M. Mayes 547, J. Stephens 571, B. Hammer 209-567, R.D. Stephens 223-584, C. Wisdom 202-233-607.

WOMEN: C. Achord 521, M. Noel 513, J. McGill 213-506, L. Swain 213-556, 536, 206-556, B. Jack 203-528, I. Earp 525, E. Riddle 228-560, A. Wuest 558, 544, F. Wood 211, V. Lewallen 202, D. Vaughn 204, F. Bentley 206-510, H. Mulanax 209-503, J. Cook rolled a triplicate, R. Steddum had an all spare game. P. Kirkendall picked up the 3-7-10, A. Barton the 3-8-7, L. Swain 3-7.

Grand Slam BALTIMORE (UPI) — Jim Gentile became the first player to hit consecutive grand slams home runs when he accomplished the feat against the Minnesota Twins May 9, 1961, while playing for the Baltimore Orioles.

Public Notices

ADVERTISEMENT FOR BIDS
THE STATE OF TEXAS
COUNTY OF HUTCHINSON
 Sealed proposals addressed to the Phillips Independent School District for the removal of San Lee Hall located at the corner of Pipeline Road and Phillips Avenue will be received at the Business Office of the Phillips Independent School District until 4:00 p.m. April 5, 1974, at which time and place all bids received will be opened and read. Any bid received after closing time will be returned unopened. San Lee Hall is a partial brick veneer building with base of siding with approximate dimensions of 48' x 90'. It contains eight apartment rooms with four bedrooms and bathrooms and an 18' x 20' foyer. It is heated by a central furnace. All bidders except those in the foyer are to be present.

The successful bidder will receive a Bill of Sale to the building from the Phillips Independent School District. The successful bidder will be obligated to remove all fixtures, appliances, and furnishings from the premises. A performance bond in the amount of \$5000 will be required.

Further details may be obtained from the Business Office of the Phillips Independent School District, Box 266, Berger, Texas 79707.

The Phillips Independent School District reserves the right to reject any and all bids and to waive irregularities.
