Obituaries

WAYNE HUGHLETT Mr. Wayne Hughlett, 48, 2115 N. Banks, died at 4 a.m. Tuesday in Highland General Hospital after a long illness.

Funeral services are scheduled to be held at 2:30 p.m. Thursday in Lamar Full Gospel Assembly Church.

The Rev. Gene Allen, pastor and the Rev. Down Johnson, also of Pampa, will officiate.

Burial will be in Fairview Cemetery by Richardson Funeral Home of Shamrock.

Mr. Hughlett, who came to Pampa from Roswell, N.M., in 1966, was a concrete contractor. He was a member of Lamar Full Gospel Assembly in Pampa.

Survivors include his wife, Winnie; three sons, Gary, Pampa; James Coleman, Omaha, Neb.; and Curtis, Grantville, Pa.; two daughters, Mrs. Lawaine Soukup, Pampa and Mrs. Mary Ann Alam, Chicago, Ill.; four brothers, Ferrel, Copperton, La., and Jimmy, both of Roswell, N.M.; and Melvin, Mesa, Ariz.; four sisters, Mrs. Winnie Whisenant, Amarillo; Mrs. Merle Fry, Newark, N.J.; Mrs. Bessie Irwin, La. Crescenta, Calif.; and Mrs. June Grearich, Santa Clara, Calif.; his parents, Mr. and Mrs. W.E. Hughlett, Amarillo; and six grandchildren.

April (1972) and everything gets worse. Fleming said. The donation was promised on April 6 and delivered on April 10 and ever after everything gets worse. But it took us—and I say this sadly—it took us to bring that out.

This is not a case about any corrupt effort to obstruct justice. This case is a vision, a dream—someone's vision about what must have happened, someone's tunnel vision about what must have happened.

It's a prosecutorial vision—a prosecutor's vision that you may find was ended in the heat of a terrible national trauma.

K&F Chooses New Directors

Three new directors have been elected by the Knife & Fork Club to replace Dr. W. Calvin Jones, Dr. R.M. Bellamy and Bill Hite who retire this year.

Hite was re-elected and Mrs. D.D. Payne and Dr. Fred Simmons were elected to the board for a three-year term.

Six hold-over directors are Mrs. Marjorie Gaut, Dr. James Malone, Mrs. Hazel Poole, Allan Wise, E. Shelhamer and Travis Shelby.

A directors meeting will be held at 4 p.m. Friday at Carver Center to elect a slate of officers for the 1974-75 season, and to review the financial statement. Membership cards will be mailed to all members in September.

3 Dispatchers Attend Seminar

Three dispatchers from the Pampa Police Department left at noon today to attend a one-day seminar at Lamar, Colo., for the Panhandle Police Communications Association, of which all are members.

Attending are Mrs. Francis Lambright, Mrs. Lois Conner and Mrs. Leota Pollard.

A get-acquainted social will be held tonight with the seminar being conducted Thursday.

Mrs. Pollard is serving her second term as treasurer of the organization. She is also a former secretary.

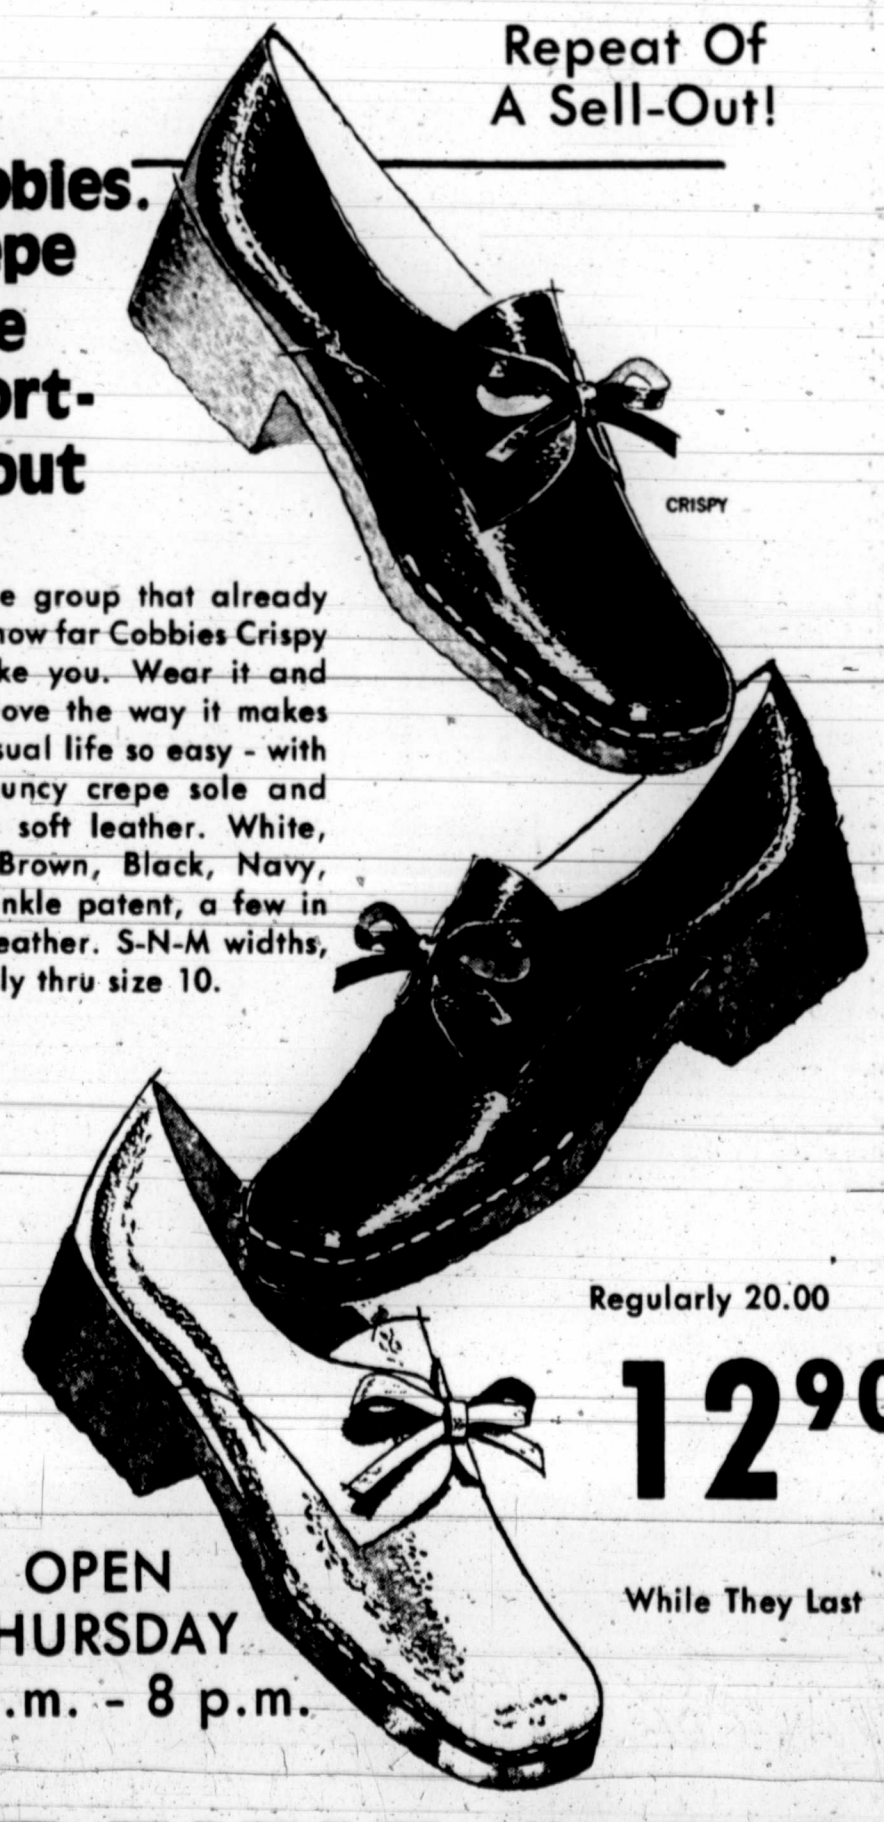

The three will return to Pampa late Thursday night. The PPCA consists of interstate communications dispatchers from Texas, Kansas, Colorado, Oklahoma and New Mexico.

Friday Mrs. Pollard, Mrs. Annie Neel and Ron Russell will attend a high-band radio systems instruction course in Amarillo. The course is being held to acquaint dispatchers with the new system recently approved by the Panhandle Regional Planning Commission.

## BUYER'S BILLBOARD

# Furniture Shopping--Less Confusing Now?

By MICHAEL J. CONLON WASHINGTON (UPI) — Furniture shopping, at best, a bewildering and expensive experience, now may be a little less confusing — though no less costly — thanks to some new government rules.

Basically the new guidelines say that if a piece of furniture looks like something it isn't — plastic that appears to be oak, for instance, or vinyl that looks like leather — it must carry a tag clearly disclosing that to the buyer.

And perhaps more importantly, the rules are designed to end misleading advertising claims which in

the past, for example, have said a bedroom set was available in "pecan, walnut or mahogany" but failed to mention that was the color, not the wood.

Now the advertising must state "walnut color" or "fruitwood stain finish" if any reference to wood type is used. Something advertised and tagged as "solid maple" or solid anything must be exactly that. And a veneer must be identified as such — "walnut veneers and pecan solids," for example.

The Federal Trade Commission guidelines took effect March 21. One FTC official said he believes

the best advice is: Wash your hands thoroughly if you come into contact with a turtle.

## Ford To Address Dinner For Price

WICHITA FALLS — At a point three days prior to the arrival of Vice President Gerald Ford for a luncheon in behalf of Congressman Bob Price, local luncheon chairmen are enthusiastic about the interest being demonstrated by Northwest Texans in the event.

Right now, Vice President Ford may be the most popular officeholder in the country, Republican District Committeeman Dr. Bill Rector speculated.

Northwest Texans are certainly demonstrating enthusiasm about his visit here this coming Saturday.

Rector reported the luncheon from Price's hometown of Pampa, and that another bus was being arranged for from Amarillo.

Expect television coverage of the luncheon from Dallas and Amarillo in addition to local stations and I am informed that a number of members of the national press will be with the Vice President when he arrives.

Others arriving with Vice President Ford will include Congressman and Mrs. Alan Steelman of Dallas, Congressman and Mrs. Bill Archer of Houston as well as the entire Price family.

Rector said the luncheon will be held at the Women's Forum, 2120 Speedway on Saturday, April 27 at 12 noon. Tickets may be purchased at the door or from Bob Priddy, P.O. Box 387, Wichita Falls, from Republican leaders in the Wichita Falls area and from Price Chairmen throughout the district.

The first United States Mint was set up in Philadelphia in 1792 and provided for the minting of copper gold and silver coins.

## Television Notes

NEW YORK (UPI) — The recent rock concert called "California Jam" held in Ontario, Calif., was taped, and the results will make up four of ABC's "In Concert" programs to be aired May 10 and 24 and June 7 and 21. "California Jam" was the first live concert sponsored by ABC Entertainment.

NBC News has a May 30 one-hour special about today's preoccupation with keeping up the appearance of youth at all levels. "The Pursuit of Youth" will explore the economic and psychological reasons behind this.

Actor James Whitmore has been doing a one-man show in concert in which he impersonates the late Will Rogers and uses as text selections from Rogers' writings. CBS will present a special television version of "Will Rogers' U.S.A." in a one-hour program June 9. Whitmore begins a four-week engagement in his "show" at Broadway's Helen Hayes Theater on May 6.

ABC Sports will increase the regular season telecasts

## Investment Chatter

NEW YORK (UPI) — "Although most issues were under selling pressure last week, the Dow Jones Industrials and other blue chips showed relative strength," says Merkin & Co. Inc. The firmness of the blue chips and some higher-price glamors suggests the end of the first phase of the fourweek decline is near, it continues. "Although there is still a reasonable possibility that the overall list will be suffering an intermediate decline during May, there is now a growing chance that the anticipated sell-off will be interrupted by a rally...the firm adds.

"Technical strength developed over the past few weeks began to surface during earlyweek dealings, and the market managed to show some fairly respectable gains," according to the Predictor, a West Hartford, Conn. letter. The firm says it views the near term market trend as neutral because more positive factors are needed before a broad upswing can occur. "It is becoming increasingly evident, however, that the next major market move is going to be on the upside," it adds.

"While the market may continue to grope for direction in the very short run," says Argus Research Corp., "we believe that a major upward move in stock prices will get under way during the next six to 12 months." Market fluctuations during this uncertain period will bring dramatic changes in the strength of major stock categories, it continues. "The structure of portfolios should be modified during this interval in order to minimize downside exposure in the short run yet maximize the upside potential when a broad-based move in stock prices gets under way," it adds.

## Braniff Notes Revenues Up For Quarter

DALLAS (UPI) — Braniff International Corporation reported today record first quarter net earnings of \$5,740,000, an increase of 43 per cent for the same period last year.

The earnings, equal to 29 cents per share, included a capital gain, net after tax, of \$1,351,000. This compares with a net capital loss of \$42,000 in the first quarter of last year.

Harding L. Lawrence, board chairman for Braniff, said consolidated gross revenues also reached an all time high of \$125,895,000, an increase of 27.7 per cent over the first three months of 1973.

Lawrence said operating expenses were up 26 per cent over last year's figure, including an 87 per cent increase in the price of fuel.

## Social Security Q & A

(Have you a question about social security? Address it to Howard L. Weatherly, Branch Manager, Social Security Administration, 1541 N. Hobart, Pampa, Texas 79865. You will receive an answer in this column or by mail.)

By HOWARD WEATHERLY  
Q. In a few weeks I'll be changing my job and moving to another state. Should I notify a social security office of my new address?

A. No, not unless you're getting social security checks. Social Security doesn't keep up-to-date records of your mailing address until you start getting benefits.

Regardless of where you work or live, social security keeps one central record of your earnings in work covered by social security.

You use the same social security number in any state, and your number and name are enough to credit

your earnings to your record no matter where you are.

Q. Can I hold my Social Security checks, or is there a time limit on cashing them?

A. There is no time limit, but social security checks should be cashed within a reasonable time to prevent loss or theft. Most retired people need the money as soon as the check is received.

If you do not, you might consider depositing them in a savings account where they will earn interest.

Q. My 20-year-old daughter is a sophomore in college and receives social security benefits as a student. She is planning to marry but will continue to attend school full time. Will the marriage affect her benefits?

A. Yes, it will. Her social security benefits will terminate the month before her marriage. Any checks received after her marriage must be returned.

## The Lighter Side

By DICK WEST WASHINGTON (UPI) — More than 5,000 kind-hearted citizens have offered to help President Nixon pay his income tax bill. But he keeps saying, "Please, Mother, I'd rather do it myself."

There are, however, other recourses available to the President in raising the \$467,000 he owes.

One possibility would be for him to declare the White House a disaster area. That would make him eligible for long-term loans at low interest rates.

Some quibblers may argue that the White House is not technically a disaster area in the sense of areas hit by floods, storms, fires, famines and pestilences.

But those are people who never got hit by an IRS assessment.

Not Much Different Anyone who has undergone that experience surely would agree that being "almost totally wiped out" by a tax audit is not a great deal different from devastation by an act of God.

If for some reason Nixon chooses not to avail himself of disaster relief, he may wish to recoup in the traditional manner of taxpayers in a financial bind.

I refer, of course, to moonlighting.

By taking a part-time job in addition to his presidential duties, Nixon could bolster his income enough to offset part of the tax bite. But what would be considered suitable employment?

Watch for the following "situations wanted" items to appear in the classified advertising section of the local newspapers.

## American Legion Auxiliary Meets

The ALA of Kerley Crossman Unit No. 334, Department of Texas met recently at Furr's Cafeteria for a dutch supper.

Mrs. Frank Shotwell opened the meeting with the Pledge of Allegiance to the flag and the group gave the preamble to ALA. Mrs. Lee Harrah gave the invocation.

During the business session, a letter of thanks was read from Ione Kubby thanking the Auxiliary for their contribution of \$26 for the work in her visit to the communities.

The spring conference will be held in Memphis, Tex., May 4 and 5. The president announced past president's would be honored at the banquet, May 4 and urged members to attend.

The group reviewed the changes in Council of Clubs by-laws and voted to approve the changes.

The members will order 1500 poppies to be sold Saturday before Memorial Day.

The meeting adjourned to meet the third Thursday in May.

## KARPIN ON BRIDGE

By FRED KARPIN

All bridge players, at one time or another, have overbid their hands, with the consequences of their actions being costly. But there have been times when the failure to bid has been just as costly as bidding too much. Today's deal is submitted in substantiation of this latter point.

East-West vulnerable. North deals.

**NORTH**  
♠ Q 4  
♥ A J 10  
♦ A Q J 10 7 6 4  
♣ 5

**WEST**  
♠ 9 7 4  
♥ K 9 8 5 2  
♦ K 8 7 4 3  
♣ A J 10 9 6 2

**SOUTH**  
♠ A K J 10 8 6 5 2  
♥ K Q 6  
♦ 3  
♣ 0

The bidding:  
North East South West  
1♣ Pass 2♠ Pass  
3♦ Pass 3♥ Pass  
4♠ Pass 4NT Pass  
5♥ Pass 6♠ Pass

Opening lead: Nine of ♣.

The North-South bidding was very sound, with an excellent slam contract being reached. As the adversely held cards were distributed, the slam could have been defeated. But the defenders slipped.

On the face of it, the play appears to be perfectly normal. West, in a guessing position as to what to lead at

trick one, elected to open a heart. Declarer now romped home with his contract.

East erred when he passed South's six-spade bid. He should have doubled. He had done so, he would have been commanding West to lead a diamond, dummy's first bid suit. As is evident, East would have ruffed the opening diamond lead, after which his ace of clubs would have taken the setting trick.

East's failure to double can be attributed to one of two reasons, the first of which can be justified, but not the second. Either (1) he was not familiar with the convention that a double of a slam contract demands that the doubler's partner should lead the first suit bid by dummy, or (2) he was familiar with the convention, but he had no guarantee that his ace of clubs would win a trick.

Actually, if East had given thought to the North-South bidding, he would have known that his ace of clubs almost surely would win a trick. The reason for the "almost surely" is this:

South had bid four notrump as the initiation of the Blackwood Slam Convention. Blackwood is just about never employed when one is void of a suit. Thus South had at least one club in his hand. And so

unless North, by some freak of chance, were void of clubs, a double by East figured to defeat the contract.

### HOMEMAKERS CLUB

The Homemakers Club met recently in the home of Mrs. Miles Pearston. The meeting opened with the Lord's Prayer in unison and the business meeting was conducted by the president, Mrs. Gertrude Huckins.

Mrs. Juanita Porter won both the game gift and the hostess gift. The group worked on handiwork. The next meeting will be May 7, in the home of Mrs. John Simmons, north of Skellytown.

Refreshments were served to Mmes. Jim Ruth, Margaret Fox, Ina Horst, John Simmons, Gertrude Huckins, Ethel Hunt, Juanita Porter, Eula Berry, Myrtle Gould and the hostess Mrs. Miles Pearston.

# The Consumer Alert

by John L. Hill  
Attorney General

AUSTIN — Several cases involving the use of coupons or coupon books in promotional campaigns or to interest consumers in dealing with certain shops or businesses have recently come to the attention of attorneys in our Consumer Protection Division.

In one case, books of coupons good for a dinner in some of the city's "finest restaurants" were offered for sale. The coupons supposedly would allow one free meal with the purchase of another at regular price.

As some purchasers found out when they tried to use the coupons, however, there were a number of strings attached to them. For one thing, no more than one coupon per group would be honored. Some consumers who had planned parties, intending to use their coupons as partial payment, found they had a much larger bill than anticipated.

Another case involved a sewing machine distributorship operating from within Texas but doing business in other states as well.

The company was sponsoring a simple puzzle contest in which virtually all entrants were notified that they had won second prize.

The "winners" received coupons resembling checks for \$200. These "checks"

were so realistic that a Texas bank even cashed one. A letter accompanying the coupons stated that they could be applied to the purchase of various models of sewing machines costing between \$250 and \$300.

It turned out that the same machines were being sold for \$200 less by other dealers, so the winners' coupons were actually worthless. Consumers who had purchased sewing machines as a result of these sales tactics were taken in by a promotional "come on."

Under the Texas Deceptive Trade Practices-Consumer Protection Act such practices are prohibited.

Our Consumer Protection attorneys were able to get a permanent injunction against the company's further use of any contest or puzzle that makes prospective customers think they've won something of value when they haven't, against the use of coupons that make prospective customers think they have received legal tender or a negotiable document, and against several other practices.

Other states report that promoters are selling coupon books based on an appeal for charity.

These operators are offering consumers the chance to buy books of coupons that can be redeemed at local business establishments for merchandise that usually is worth much more.

Most of the solicitations, they tell us, are made by telephone. The caller gives the impression that part of the proceeds from sale of the books will go to a charity, although only a very small percentage of the money is ever received by any charitable organization.

Consumers should check with local businesses listed as participants in any such promotion to be sure that the terms of the offer are accurate. They should also check all coupon books for the name, address, and telephone number of the promoter of the offer.

If you're uncertain about a company, or if its sales tactics seem questionable, my assistants advise that you check with your local Better Business Bureau before doing business with them. If there are complaints on file with the BBB, you will be alerted to the fact that some persons have been displeased in their dealings with the company.

If you have a consumer problem, contact the Attorney General's Consumer Protection Division or your local district or county attorney for assistance.

**Student project**  
BERKELEY, Calif. (UPI)—A group of 69 students from the University of California's Berkeley campus are spending the summer in Washington, D.C., helping to run the federal government.

The "Cal-in-the-Capitol" program, now in its eighth year, places junior, senior and graduate students as temporary aides in the offices of senators and representatives and of federal agencies. The purpose is to give students an insight into the operations of government.

# 4-H'ers To Enter State Events

High Plains 4-H'ers from 19 of the 22 counties in District 1 of the Texas Agricultural Extension Service qualified to compete in the State 4-H Roundup by taking prizes at the district contests held last Saturday, April 20.

About 575 4-H boys and girls competed in the event on the West Texas State University Campus, which included 25 contests. The district food show, dairy cattle judging, livestock judging, horse-judging, soil evaluation, and pasture grass identification contests were held on April 6.

Senior winners and alternates from both rounds of district competition will go on to the state contests in College Station in June.

To qualify for the state contest, a team or individual must have a first or second place win in the senior division which is for 14-year-olds and older. Juniors are not eligible to compete in the State Roundup.

Walking off with most of the honors in the annual district event was Moore County with first place wins in the senior division and Deaf Smith County with first place wins in the junior division.

Gray County will be sending five seniors to the State Contest in June. They are Ray Lynn Dillman and Dana Smith, first place, community improvement demonstration; Elaine Webb, first, money management; educational activity; Stephanie Eastham, second, foods and nutrition — Let's Speak Out; Mollie Carlton, second, home environment — educational activity.

Other winners were: Senior Division: Hank Jordan, Chris Skaggs, Phil George and Clint Courts, third, livestock judging; Chris Skaggs, fourth, public speaking.

Junior Division: Linda McKay, third, clothing educational activity; Robbie Cochran and Lance

Brooks, first, dairy demonstration; Bobbie Skaggs, third, foods and nutrition — Let's Speak Out; Jamie Greene, third, home environment educational activity; Amy Brainard and Janet LaFon, first, landscape horticultural demonstration.

Also, Monte Hopkins and Danny Wren, second, natural resource demonstration; Misty Alexander, Dixie Eudey, Lisa Moxon, Lori Nan Watson, Cindy Hannon, Laura Pangle, Valerie Pangle and Tonya Owens,

third, Share-the-Fun.

Others competing in contests were senior Sally Brainard, Public Speaking; junior division, Berkley Brainard, public speaking; Steven Monogue, public speaking; Mark Eastham, money management; Steven and Chrystal Atchley, horse demonstration; Marshall Hopkins and Gregg Acker, safety demonstration; Matt Hinton and Bill Carter, electric demonstration; Randy Skaggs, Cindy Gage and Kevin George, livestock judging team.

A thought for the day: British politician Ernest Bevin said, "There has never been a war yet, which, if the facts had been put calmly before the ordinary folk, could not have been prevented. The common man is the greatest protection against war."

Natty Bo illustrates a vital point in child rearing. Judicious corporal punishment is a quick and more efficient strategy than that of the Dionne quint's nurse. But make sure the child realizes your punishment is for the naughty deed and not because you no longer love him!  
CASE A-615: Natty Bo, aged 2 1/2, illustrates a vital rule in child psychology. He is normally a very good boy; not destructive of toys or cruel to animals. But occasionally he grows stubborn and violates rules. Recently he ignored his daddy's command until Dr. Dan finally inflicted a little pain, flicking him with a snap of his finger. Natty Bo began to cry as if his heart were broken, for he and his daddy are normally close buddies. But even as the tears rolled down his cheeks, he ran toward his daddy with arms outstretched. "Dr. Crane, you might logically inquire, why would a youngster who had just been punished by his parent, then rush toward that parent with upraised arms?"  
Though his daddy had inflicted corporal pain, Natty Bo wanted to be reassured that his daddy still loved him! For children don't want to feel ostracized from love!  
Corporal punishment is still an efficient and very valid aid in child rearing, if used judiciously!  
But when you punish a youngster, by all means verbally inform him that your spanking is merely disapproval of his naughty act, but that you still love him!  
Sometimes doting mammals hesitate to punish a child at all, thus permitting the youngster to be a family tyrant.  
"Dr. Crane," they will protest, "I just can't bear to see the big tears roll down his cheeks."  
Well, you better see them roll down while he is of highchair age than later see them as he walks to the electric chair!  
For there is a straight road between highchair and the electric chair!  
Spoiled brats in their distributor business  
NEW YORK (UPI)—An electronics company official says sales of the electronics distributor industry are expected to reach \$2 billion a year by 1977, compared with \$1.3 billion at present.  
B. Duke Glenn, Jr., president of Arrow Electronics, Inc., said that in addition to its growth the industry is undergoing a fundamental structural change with many marginal, undercapitalized companies leaving the field or being acquired. He said the larger distributors are gaining an increasing share of the market and by 1977 the 10 largest may account for more than half the industry's volume, compared with about 38 percent at present.

Parisian spring is delicious, but it is difficult to decide exactly why. Perhaps it is the pale green buds which just seem to appear on the chestnut trees during a walk in the Luxembourg gardens. Or maybe the chic Parisiennes strolling along the Champs Elysees in their new spring outfits in subtle colors. But possibly it is the first evenings soft enough to sit on the terrace of a cafe facing Notre Dame, lit up against a magnificent navy blue sky unique to Parisian spring or summer nights.  
And then, there is the arrival in the open flower markets of a wonderful variety of spring flowers: pussy willow, heavy pink satin tulips, white lilacs, mauve snapdragons, snowy plum blossoms.  
Or perhaps the scent of violets being sold in the underground corridors of the metro. Also, could it be having the first strawberries for dessert in a restaurant looking but over the Longchamps race track?  
Or it might be the fact that Easter is near and there is a distinct feeling of elation in the air. In the windows of the confectioners one can see some of the marvels of Paris.

Smiling pleasantly, the nurse took her back and tucked her in a second time.  
But again Emily beat her to the living room.  
It took 57 tuckings before Emily stayed put on that first night.  
Next night she quit after about 45 tuckings and in 10 days one tucking was enough.  
"See," exulted the nurse, "but most mothers haven't time to play tag endlessly, for they are cook, housekeeper and guardian of several other children."  
So use Christ's 2-cheek formula and after that, inflict a little pain on their rear piazza, for judicious corporal punishment is quicker and more efficient.

# NFL Owners Resume Meeting Today On Expansion Franchises

NEW YORK (UPI) — National Football League owners resumed their long huddle on expansion today with the city of Tampa, Fla., rated the best bet to receive a new franchise.

Also under consideration are Honolulu, Phoenix, Seattle and Memphis. Any one or all of the five candidates can be accepted by the NFL, which already has 26 teams.

It would seem almost certain that at least one city, and probably more, will be added to the NFL since the league's expansion committee gave a favorable recommendation to the owners during Tuesday's opening eight-hour meeting.

However, no vote was taken Tuesday.

"We went over all aspects of expansion and there was considerable discussion on each aspect," said NFL Commissioner Pete Rozelle, who spoke for the owners.

"We decided to adjourn for the night and give everyone a chance to think."

While Rozelle refused to speculate on the chances of any of the bidders, it was learned that Tampa had the best chance. One of the team's backers, although discounting the city's favoritism, thought he knew why.

"We are strictly local in our backing while the other groups aren't," said Bill Marcum, who has promoted 12 NFL exhibition games in Tampa since 1968. "Perhaps the other owners will like that. Also, we have been working very hard for this since 1968."

Since the owners will be meeting for at least another two days, there was no certainty that a decision would be arrived at today. Rozelle pointed out that it wasn't simply a matter of voting yes or no on expansion, but of discussing

the means and consequences.

While Rozelle said the emergence of the World Football League had no effect on NFL expansion, he had strong words about the new league's signing away players already under contract to National League clubs.

"A football team is a delicate mechanism with considerable emotion and physical contact," Rozelle said. "A situation like this provides divided loyalties in that a man is playing with one team and being paid by another."

## FERGUS—I CHOKED! Houston, Longhorns Tie For SWC Title

HOUSTON (UPI) — Keith Fergus of Houston thought he had tossed away the Southwest Conference medal play championship Tuesday by getting tangled in a tree root on the par-five 14th hole and taking a triple bogey.

But he came back with clutch birdies on 15 and 17 to win the title by two strokes over first-round leader Jim Mason of Texas.

"I choked," Fergus said of the near-disastrous 14th. "I got down in a tree root and had a little trouble getting it out. It was getting tight after that one, but I came back and birdied 15 and 17."

## Mark Trail's OUTDOOR TIPS

ONE OF THE FIRST THINGS YOU SHOULD DO TO A NEW PAIR OF BOOTS IS TO TREAT THEM WITH A LEATHER CONDITIONER OR WATER-PROOFING MATERIAL.

IF OIL IS USED, WARM THE BOOTS SLIGHTLY BEFORE APPLYING OIL, THEN ALLOW THEM TO DRY OVERNIGHT, BEFORE WIPING OFF THE EXCESS OIL.

**20 YEAR TRANSFERABLE GUARANTEE FOR ASPHALT ROOFING SHINGLES**

If a roof leak should develop because of defective shingles during the first 9 years after installation, Montgomery Ward will furnish free replacements to recover the defective section(s). If Montgomery Ward installed the shingles, it will install replacement shingles free during this period.

If a roof leak should develop because of defective shingles during the next 11 years, Montgomery Ward will furnish replacements to recover the defective section(s), charging 1/240 of the then current Montgomery Ward regular price for each month from date of installation. A charge for installation will be made during this period.

All claims should be reported to the Montgomery Ward location where shingles were purchased and are subject to inspection by Montgomery Ward. This guarantee is transferable to subsequent purchasers of the property upon written notice to the Montgomery Ward location where purchased.

**SELF-SEALING ADHESIVE**

## WARDS SELF-SEAL ROOFING BAKES INTO A WEATHERTIGHT SHIELD!

If your roofing shows its age, replace it with self-seal! The sun's warmth activates a special adhesive; welds roof into "1-pc." protective cover. Roofing's layer of ceramic-treated mineral granules reflects sun's rays. UL listed.
