## WEATHER

Mostly cloudy with chance of thunderstorms today, cooler. High in upper 60s, low in upper 40s.

### Gem Society's Mineral Show Ending Today

After attracting good crowds Saturday afternoon and last night the Canadian River Gem & Mineral Society's 14th annual show moved into its second and final day today in the Heritage Room of the M.K. Brown Civic Auditorium. Visitors at the show which opens at 12 noon today are treated to exhibits of gemstones, lapidary, minerals and artifacts along with outstanding exhibits and special displays by rock enthusiasts from Texas and surrounding states. These are hourly door prizes and a grand door prize will go to some show visitor before closing time at 6 p.m. today. Special movies also are being shown continuously through show hours.

Gem and Mineral Society officials expected to have additional interest in the exhibits from the Rotary Club audience that will be attending the civic club's World of Travel film presentation from 2:30 to 4 p.m. this afternoon in the Brown Auditorium next door to the rock show. Sponsored scout troops and school groups will again be admitted free to the exhibits.

DISPLAYING EXHIBIT — Joe Keel of Pampa, right, shows his wares, part of the exhibit at the annual Canadian River Gem and Mineral Society Show at M.K. Brown Memorial Auditorium Saturday. Left to right are Marty Garner, Pampa; Joe Daniel, Pampa; Jan Keel, Canyon, and A.J. Leatherwood, Alburquerque, N.M.

### Lima Closes Public Places After 'Quake

LIMA (UPI) — Peruvian authorities, fearing public buildings may collapse on crowds in a series of new earth tremors, Saturday closed all theaters, stadiums, night clubs and racetracks in the Lima area.

The toll of Thursday's two-minute earthquake, the strongest felt in Lima in 25 years, stood at 68 deaths, 2,264 persons injured, and 13,590 houses destroyed or damaged, according to civil defense officials.

A spokesman for the National Geophysical Institute told UPI that the powerful earthquake that rocked coastal Peru set off a chain of earth tremors which may last two or three months.

Some of the tremors will be strong enough to shake buildings, but the Lima area will probably escape without further injuries or deaths, the spokesman said.

With many areas unsurveyed, officials estimated damages from Thursday's quake at more than \$25 million, and that amount is expected to rise. In Callao, the port city near Lima, the damage came to about \$6 million, and the national agricultural university suffered damages reaching \$3 million.

### ABRAHAM AND OTHERS

#### Canadian Mining Firm Sues Former Legislator

A Canadian mining firm has filed suit for \$2,145,000 in U.S. District Court at Amarillo against a former Texas Panhandle state legislator, two Hemphill County ranching families and two oil firms in Wichita, Kan.

Named as defendants are Malouf (Oofie) Abraham, former mayor of Canadian and former state representative; Mr. and Mrs. Thomas Link and Mr. and Mrs. F.H. McQuiddy, Canadian ranch families; George H. Bruce of Wichita, Kan.; the LaRobb Oil Co. and the Aladdin Petroleum Co., both of Wichita.

The firm filing the suit, Inter National Mogul Mining Ltd. of Ontario, Can., charged that a gas field it paid for was misrepresented and actually was worth about \$27,000.

The suit alleges the firm in Canada paid for the mineral rights to parts of the Mather Ranch in

### TO ADDRESS CONGRESS

#### Ford Contemplating Tough Program To Battle Inflation

WASHINGTON (UPI) — The White House said Saturday two major grain companies are canceling contracts with the Soviet Union for 3.4 million tons of corn and wheat.

The move came in response to President Ford's request for at least a temporary end to the grain-drain because of a disappointing U.S. harvest, which has resulted in rising food costs.

The announcement came several hours after Ford met with representatives of the Continental Grain Co. and Cook Industries, Inc.

The White House said that after additional talks with Treasury Secretary William E. Simon and Agriculture Secretary Earl L. Butz, the company representatives evidenced their full willingness to be responsive to these crucial domestic concerns.

"The two companies are now making arrangements for the cancellation of these contracts in accordance with the government's request," the statement said.

It added that the United States is discussing the grain situation with Soviet

officials and that Simon plans to meet with "appropriate officials" during his visit to the Soviet Union next week.

Ford invited grain exporters to Washington Monday "to help formulate a system of voluntary cooperation and reporting that will assure reasonable supplies to both domestic and foreign users."

Ford will spell out his proposals before a joint session of Congress at 4 p.m. EDT Tuesday.

A White House spokesman said Ford spent about 45 minutes Saturday reviewing energy conservation proposals with Treasury Secretary William E. Simon, Budget Director Roy Ash, Federal Reserve Chairman Arthur F. Burns and the members of his Economic Policy Board. The spokesman disclosed no details of the Saturday session.

Hare said that "in early 1969, after Dr. Kissinger left Governor Rockefeller's employ, and before he joined the White House, Governor Rockefeller told Dr. Kissinger he wanted to make a \$50,000 gift to him because of their association for almost 15 years."

"Before accepting it, Dr. Kissinger discussed this with the then President-elect and his counsel, Dr. Kissinger put the \$50,000 into trusts for his two children and filed gift tax returns covering these gifts to the children," Hare said.

"He understood that Governor Rockefeller filed a gift tax return on the gift to him," Hare said.

Morehouse had been Republican chairman in New York State and a long time Rockefeller supporter. He was sentenced to prison in 1966 on bribery and other charges in connection with a scandal in the New York Liquor Authority.

#### Mass Skeleton Grave Uncovered

VINA, Calif. (UPI) — A mass grave containing 17 human skeletons was carefully inspected Saturday both by archaeologists and law enforcement officials.

Nobody was certain whether the bones belonged to Indians, Chinese, white pioneers of the wild west or more recent citizens who were homicide victims.

However, sheriff's deputies ruled out the possibility that grave was connected to the case of Juan Corona, the convicted mass murderer whose 25 victims were buried in 1971 an hour's drive away.

Police sealed off Guildford, a wealthy cathedral and university town of 58,000 28 miles south of London. All other pubs were evacuated quickly.

Police refused to speculate on the motives for the bombings. Except for the lack of warning, the bombs appeared to follow the pattern of more than 100 bombs — most blamed on the IRA — which have exploded in England over the past 20 months.

The double blast came three days after the start of the trial of Judith Theresa Ward, 25, on 12 charges of murder arising from the IRA bombing of an army bus in February.

Unprecedented security arrangements guarded that trial in Wakefield, 182 miles north of London.

More than 100 bombs have exploded in England in the past 19 months, most believed to be the work of the IRA, which for five years has battled British army and security forces in Northern Ireland.

Although the Chinese usually returned their bodies to China for final burial, there were Chinese graves in the area Mrs. Apperson said it was common for floods to wash up skeletons from Jowlands of the Sacramento River a half mile from the Vina site.

Then the practice was to bury them in common graves, she said.

The Vina area was originally inhabited by the peaceful Tehama Indians. It also was crossed by a couple of trails heavily used by white immigrants from the East.

## President Intervenes In Grains Sale Halt

WASHINGTON (UPI) — Fearing a grain-drain that could push up food prices, President Ford intervened Saturday in the planned sale of scarce grains to the Soviet Union and persuaded the exporters to postpone the controversial sale.

The swift, overnight action delayed at least for the time being a deal which, in the view of economists, might have driven up farm and food prices and had a worldwide inflationary

impact reminiscent of the massive Soviet grain purchases in 1972. The National Farmers Union immediately condemned Ford's action as an enforced "embargo" and "a flagrant breach of faith with the American farmer."

After an hour-long White House conference with executives of the Continental Grain Co. and Cook Industries Inc., Agriculture Secretary Earl Butz announced their "very generous and patriotic" agreement to delay the sale of 3.4 million tons of corn and wheat to the Soviets.

But he gave no details of the agreement, how long the delay would last, or whether the sale eventually would go through.

"We've asked for voluntary cooperation from the companies and I think it will be forthcoming," Butz said after morning conferences involving Ford, executives of the two grain

exporters, Butz, Treasury Secretary William E. Simon and other officials. Butz said government lawyers assured the executives the sale could be stopped legally, if necessary, and the executives "agreed to cooperate."

The prospective sale provoked controversial reaction as soon as it became known Friday night and Ford responded with a demonstration of the so-called "jawboning" technique — putting the companies involved on the spot by publicizing the deal and calling a White House conference to pressure for voluntary restraint.

Administration officials backed up the persuasion with a clear threat that, should it fail to work, he would consider imposing export controls on the grain industry.

Concern over the prospective sale stemmed from the fact that drought and early autumn cold snaps have severely reduced expected yields of U.S. corn and feed grains, whose prices were already spiraling because of other economic pressures.

The heavily-criticized sale of 400 million bushels of grain to the Soviets in 1972, followed by poor harvests worldwide, had slashed U.S. grain reserves and pushed U.S. domestic corn prices to three times their 1972 level. In addition, the Agriculture Department estimated on Aug. 30 that this year's U.S. corn crop would fall 12 per cent below expectations because of bad weather.

The inflation of grain prices in turn pushed up the price of bread, meat and poultry in consumer markets and has even led farmers to slaughter livestock early rather than take a loss in the expensive fattening-up process.

Administration officials backed up the persuasion with a clear threat that, should it fail to work, he would consider imposing export controls on the grain industry.

WASHINGTON (UPI) — Two bombs suspected of being planted by the Irish Republican Army ripped through crowded pubs frequented by soldiers, killing and injuring scores of Saturday night drinkers.

"We have a total of 50 casualties," a police spokesman said. "There are five dead out of the Horse and Groom."

The Horse and Groom, a bar on North Street in the city center, was filled with a celebrating Saturday night crowd — a birthday party was in progress — when a bomb went off without warning.

It blew out the front of the pub. A barman who had been taking a break rushed back to what he described as "a scene of terrible desolation. I saw at least a dozen bodies lying in the rubble."

Ten minutes later, as firemen and police were beginning to claw into the wreckage of the Horse and Groom, a second bomb went off in another pub 100 yards away. But casualties in the Seven Stars pub were said to be light.

Police sealed off Guildford, a wealthy cathedral and university town of 58,000 28 miles south of London. All other pubs were evacuated quickly.

Police refused to speculate on the motives for the bombings. Except for the lack of warning, the bombs appeared to follow the pattern of more than 100 bombs — most blamed on the IRA — which have exploded in England over the past 20 months.

### NEGOTIATIONS SEEN

#### Government Sets Up Direct Radio Link With Kidnapers

SANTO DOMINGO (UPI) — The Dominican government apparently backed down Saturday on its boycott of negotiations and set up a direct radio link with the guerrillas holding kidnapped American diplomat Barbara Hutchison and six other persons hostage for more than a week.

An army captain from a counterinsurgency detachment aiding police walked up the guerrilla-occupied Venezuelan Consulate and delivered a walkie-talkie after shooting an exchange with terrorist leader Radhames Mendez Vargas.

The kidnapers, holding the consulate for the eighth day with seven hostages, have withdrawn their demand for a \$1 million ransom and said that their original request for freedom of 37 political prisoners can be negotiated to a lower number.

In an improvised press conference Friday night, police chief Gen. Rafael Guillermo Guzman said authorities would not negotiate with the kidnapers. It was the first time the government broke its official silence on the case.

The only possible solution is that the terrorists surrender, release their hostages safe and sound, and submit themselves to justice," Guzman said.

He said police would continue to permit, however, "regular, small amounts of food and medicine."

"We suppose the kidnapers are not suicidal, and they must understand that the only guarantee they have if they persist in their stand is that they conserve

the life of the hostages," he said. Government authorities have cut off electricity, water, and normal telephone circuits to the building and restricted food shipments to one delivery daily.

Two persons in the building are known to be in poor condition, police said.

Registration for Adult Continuing Education courses offered at Pampa High School in the evening will be held beginning Monday, Oct. 7, and will close on Monday, Oct. 14.

Personal enrichment courses and vocational short-term preparatory courses will be offered.

Registration for the courses may be completed by calling the Area Vocational School office at 665-3756 or by personal appearance at the Area Vocational School office at 1440 Charles during school hours. The office will remain open until 6 p.m. on Tuesday, Oct. 8th only, for those who want to personally enroll after 5 p.m.

Fees must be paid prior to the first class meeting. Classes will be taught on Tuesday or Thursday evening beginning at 7 p.m. Personal enrichment courses are conducted one night per week only for two hours each evening. Vocational courses are required to meet two nights each week for three hours each evening.

Room numbers and locations will be posted in the foyer of Pampa High School on the first night of classes.

Complete course information will appear in an advertisement in the PAMPA DAILY NEWS on Wednesday. Vocational short-term preparatory classes to be offered are Typing I, Shorthand I, Bookkeeping and Accounting I, Basic

Welding, Motorcycle Maintenance and Repair and Automotive Engine Tune-up. Personal enrichment courses offered are Christmas Candles, Dip N'Drape Dolls, First-Aid Multi-Media, Jewelry Making, Needlepoint, Oil Painting, Pencil and Charcoal Sketching, Tole and Decorative Painting, Watercolor Painting, Cake Decorating, Tailoring, Powder Puff Mechanics and Conversational Spanish.

Other courses may be arranged if there is interest and if an instructor can be located. Please contact the Area Vocational School office for information.

Approximately 140 persons from ten states will make up the air tour group which will be spending the night in Pampa for the second year in a row. Ed Williams, local humorist and aviation enthusiast, will serve as master of ceremonies for the dinner at 7 p.m. Wednesday.

Transportation will be needed from the airport to Coronado Inn as the tour starts arriving in Pampa at 5 p.m. Pampanos are requested to be at the airport at five o'clock and help with greeting our visitors and carrying them to the hotel. A meeting of the Chamber aviation Committee has been set at 4 p.m. Monday, Oct. 7, to finalize plans for the air tour reception.

an unidentified guerrilla was wounded accidentally in the leg, and Venezuelan vice consul Waldemar Alvarado is suffering from an unspecified chronic affliction which requires continual medication.

Police allowed the U.S., Spanish and Venezuelan ambassadors to deliver food, water and medicine to the consulate once a day.

# The Pampa Daily News

A Watchful Newspaper

EVER STRIVING FOR THE TOP O' TEXAS  
TO BE AN EVEN BETTER PLACE TO LIVE

## Our Capsule Policy

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces can he develop to his utmost capability.

The News believes each and every person would get more satisfaction in the long run if he were permitted to spend what he earns on a volunteer basis rather than having part of it distributed involuntarily.

## Money's Fading Value

A publication entitled PHP which stands for Peace, Happiness, Prosperity found its way to the desk recently.

Although it is in the English language, the magazine is published in Tokyo. Its contributing authors' come from throughout the world.

A small article which caught our attention dealt with a survey which had been made by the Asahi newspaper, one of Japan's leading dailies.

"How much will a penny buy today?" was the title. The newspaper survey apparently was international in scope seeking to find out whether anything could still be bought with the smallest units of the various currencies around the world.

They found that nothing can any longer be bought with the smallest coins in

Singapore, Malaysia, The Philippines, Hong Kong, India, Thailand, France, Switzerland, Italy and the United States.

In West Germany, a pennig piece will still buy a piece of candy. In the United Kingdom, one can buy a piece of bubble gum for a penny. In the Soviet Union, with one kopeck, one can buy either a small box of matches, a small packet of thread containing four or five strands, one envelope, two sheets of writing paper, the ring part of a key holder or a glass of carbonated water.

The report said the Japanese will hardly bother to stop and pick up a yen seen in the street. Germans may still stoop to pick up a pennig, but for the most part around the world, the smallest money units are considered too insignificant to be worth the bother. A penny for your thoughts?

## From Mouths Of Babes

"Perhaps what we need are some really hard-nosed, down-to-earth solutions to the energy crisis," noted the American Petroleum Institute in a tongue-in-cheek release. It then offered these chuckle-producers from a fourth grade class of youngsters in St. Louis, as related by teacher Harold Dunn in the institute's magazine, "Petroleum Today."

"Don't drive more than one car at a time."

"Change jobs so that everybody is working at the place closest to their homes."

"Don't accept any new inventions using oil and electricity and things we are short of."

"Don't have so many days people have to drive to work or school, especially school."

"Cold engines take more gasoline. Everybody should put insulation around their engines."

"Keep the volume of the car radio down so it won't take so much energy."

"Fix it so that the cars can travel piggyback on roads like they do on trains."

"Drive faster so you won't have to be on the roads so long using gasoline."

"And, perhaps the best one of all:

"Find oil on the moon."

Or, how about the "solution" worked out by Ben Visser, who gets 376.79 miles per gallon from his 1959 Opel station wagon? As also reported in "Petroleum Today," this is how Visser, a research engineer, does it.

First of all, he uses a perfectly level stretch of highway which has been

carefully swept. To cut wind resistance and improve efficiency, he does away with glass, shock absorbers, springs, transmission, carburetor, and headlights.

He increases tire pressure, using aircraft tires inflated to 200 pounds per square inch.

He relocated the engine over the rear wheels, removed the rear axle and mounted the wheels so that a heavy duty bicycle chain could replace the transmission.

He controls the throttle manually, eliminating the foot pedal and linkage, by reaching around from the driver's seat.

He accelerates to about 12 miles per hour, shuts off the engine and coasts to a speed of three miles per hour. Then he starts up the does it again.

Now obviously, we aren't all going to drive cars like Ben Visser's stripped-down Opel. And, just as obviously, most of the "solutions" offered by teacher Dunn's class of bright-eyed youngsters aren't going to be adopted any time soon.

But, before pooh-poohing the efforts of either, just keep in mind that it is from just the kind of research being carried out by Ben Visser that better more efficient products emerge.

And—oh yes—he follows the advice of a fourth-grader from Harold Dunn's class in St. Louis, and wraps his engine in insulation to save heat energy.

How about that?

Character and personal force are the only investments that are worth anything.

## DUNAGIN'S PEOPLE

"I UNDERSTAND YOUR PROBLEM, BUT BEING HARD TO DRAW IS HARDLY AN IMPEACHABLE OFFENSE."

"Are you sure you wanta hear this?"

## CONSERVATIVE ADVOCATE

# The Rockefeller Billions

By WILLIAM RUSHER

"Walk wide o' the Widow at Windsor, for 'alf o' Creation she owns." So wrote Kipling of Queen Victoria, and the lines sound strangely apt as Congress settles down to consider the fitness of Nelson Rockefeller for the vice presidency. For the immense holdings of the Rockefeller family unquestionably raise problems that simply do not arise in the case of other contenders for high public office.

The dominion acquired by the Rothschild family over the credit resources of Europe is the only close analogy to the place the Rockefeller family have acquired in the American society. But whereas the Rothschilds' financial hegemony was built up painstakingly over a period of more than two centuries, the Rockefeller made it to the top in considerably less than one. Today their joint resources are probably quite literally incalculable. In the oil industry, in real estate, in overseas investment and in a score of other fields, they bestride the earth.

It is to Nelson Rockefeller's credit that, instead of merely sitting back and enjoying life as you or I might have done, he decided to go after the one thing his money couldn't buy: the Presidency of the United States.

Oliver Wendell Holmes, Jr., once spoke of a man's need "to wreak himself upon life, to drink the bitter cup of heroism, to wear his heart out after the unattainable." For a man as redundantly rich as Nelson Rockefeller, it is not easy to find something that will vigorously resist his possession. That the Presidency has obligingly done for Nelson.

But now the Congress prepares instead, with little or no dissent, to ratify his designation as vice president — and promptly runs into a most inconvenient precedent. For some years, it has been great sport for populist-minded Congressmen to bullyrag presidential appointees about their private wealth, and to insist that they divest themselves of it, or at the very least put it in a blind trust, lest their presumed greed for private gain overpower their sacred commitment to the best interests of the nation. All this is nonsense, of course. The average presidential nominee is quite high-minded enough to put the country's best interests above his own, if it comes to that. And if he isn't, he is scarcely going to be turned into a pillar of virtue by an act of divestment or a blind trust.

But a precedent is a precedent nonetheless, and now, in the case of the second highest office in the gift of the people — and also the lowest, as Mr. Dooley remarked to Hennessy), Congress suddenly has to decide what to do about the wealth of Nelson Rockefeller. Shall he be required to divest himself of Venezuela? Would he really be purer at heart, as he

prepared to vote to break some tie on a question affecting oil policy in the Senate, if his own oil holdings were in a blind trust?

It's no use pretending that technical conflicts of interest will be hard to find; the Rockefeller interests are so pervasive that scarcely anything coming before Congress, save strictly private bills, fails to affect them to some degree, in one way or another.

So I cannot truly say I was surprised when Senator Cannon announced that the Rules Committee would require neither divestment nor a blind trust of Nelson Rockefeller, but would settle for a full disclosure of his wealth. Even that will be hard to come by, as the first grotesque estimate of \$33 million, and Rockefeller's subsequent amendment of that figure to an equally laughable \$62 million, clearly suggest. But at least we shall be spared some of the usual savaging that has deterred more than one able man from trying to serve his country.

What remains, in the specific case of Nelson Rockefeller, is a far larger and more serious question. And that is whether it is wise to have in the vice presidency a man, however

high minded, whose accession to the Presidency would combine the supreme executive power in this land with the major private economic levers of the nation and the Western world. That is a lot of power to concentrate in one pair of hands, however steady.

## Potomac Fever

Now that the oil embargo is over, motorists can get back to essentials — driving to work, to the movies and to McDonald's.

Former press chief Horst criticized Ford for wasting time on pacifying Nixon's aides — like moving Haig out of the Oval office.

Senator Kennedy is undecided about running from the presidency.

Why waste time figuring out how to use less oil? The Arabs have developed a foolproof method.

Attorney St. Clair insists Nixon has given Jaworski adequate personal data. Likes pictures and tapes of Tricia's wedding.

"First Monday," a GOP publication, reported the milk industry contributed more money to Democrats than Republicans — but the administration got the cream.

## Rearview Mirror

By TEX DEWESE  
Editor Of The News

IF YOU didn't read the story on Page 3 of last Tuesday's Pampa News about the Pampa police department's initiation of a year-long crime prevention program you missed something important — something of which you should be aware — something that could affect you and your home.

It has to do with Operation Identification, a property marking program designed to thwart burglars and aid Pampa police in returning stolen property.

Police Chief Conner says the department has 18 engravers which can be borrowed by Pampans to mark property with an easily traced identification number.

And that's only one portion of the overall crime prevention effort. Operation Identification is merely the first step in public education and information program to stop crime before it happens.

Chief Conner said the local police department is striving to enlist support of Pampa citizens.

We need the understanding and participation of the people of Pampa," he said. "We want to reach as many people as possible."

The police chief said all information about the program can be obtained by inquiring at the local police headquarters. Everything is free, he added, no charge for use of the engravers.

Conner said the most important thing now is to have the public become acquainted with the program. That will be done through news media, speeches, brochures and person-to-person contact.

The crime prevention program is also being launched in surrounding cities and counties. It is funded on a regional basis by the Criminal Justice Division of the Governor's office with federal funds from the Law Enforcement Assistance Administration.

In a few words, there seems to be a new concept among law enforcement agencies that prevention of crime is a lot better than trying to find out what happened and who did it after the crime has been committed.

If the program is to succeed in Pampa, the help of citizens is needed in the way of support and participation.

HERE'S A reminder about a couple of important events in Pampa today.

The 14th annual show of the Canadian River Gem & Mineral Society is in its second day in the Heritage Room of the M.K. Brown Civic Center. It opens at noon and runs until 6 p.m.

At 2:30 p.m. today in the Brown Auditorium the first in the Rotary Club's World of Travel film series is scheduled.

It is the "Alpine World U.S.A." with Eric Pavel as the narrator. The color film is billed as a breath-taking story of man's relation to nature and wildlife in the Sierra and Rocky Mountains.

THEN COMING up during the week — next Thursday — will be one of the stellar entertainment attractions of the Pampa Community Concert Association's 1974-75 season.

At 8 p.m. Thursday the curtains will part on the stage of the Civic Auditorium for appearance of the Soviet Georgian Dancers and the Tbilisi Polyphonic Choir, a company of 80 dancers, singers and musicians making its United States debut tour.

Direct from the Soviet Union, they are hailed as "living exponents of one of the most fascinating musical traditions in the world — the virtuoso performing tradition of the folk music of Georgia and the Caucasus."

There will be no box office sale of seats. All four season concerts have been sold out in advance and admission will be by association membership card only.

HOW ABOUT that

## H. L. Hunt Writes

THE POWER OF NATURE

The tragedy left in the wake of hurricane Fifi serves to remind us all that the forces of nature can be cruel and are still unchecked by the science of man. As destructive as Fifi and some of here sisters have been, however, man's chances of survival are much better now than they were in earlier years and this is because of the great advances made in weather forecasting.

From its very inception, the U.S. space program came under attack from some quarters, especially the ultra-liberal element which argued that it took dollars from the dole. The space shots have more than paid for themselves in advancing peaceful science. Space platforms with highly sensitive photographic equipment record the weather patterns of the earth and feed them to the meteorological center. Hurricane Fifi, for example, was exposed even when it was still in a "tropical low" formation and its development into a killer storm was constantly photographed. All the areas that would be its target were warned.

Meanwhile, research continues as the scientist seek ways of destroying killer storms.

proposal by the Wonderful Wizards of Washington for a ten-cents-a-gallon tax on gasoline as a means of fighting inflation?

On that one, we have to go along with California Gov. Ronald Reagan's statement made at the Bob Price barbecue here last Sunday.

Reagan said it sounded about the same as offering a drunk another drink to sober him up.

Well, if the tax is put on and you can't afford to buy gasoline in order to drive to work — you can always set up a quonset hut on the parking lot at the plant and do away with driving back and forth.

THE CITY HALL Cat reports a lot of city workers are wondering whether they are in the 5.5 percent or the 11.5 percent pay raise bracket under the new salary schedule that went into effect last Tuesday.

Right now, nobody knows but the department heads. The employees will find out when they get their first pay checks Oct. 15.

By JACK POSNER  
The Supreme Court minority voted against a lawful arrest without a search warrant. If Nixon gets a ticket, they might find a concealed 18-minute tape.

With little girls playing baseball, maybe fathers will become as loud on the sidelines as mothers have always been.

Slippery salesman's stealing his sweetie  
By Abigail Van Buren  
© 1974 by The Chicago Tribune

DEAR ABBY: I am an older widower, financially comfortable and, perhaps unwisely, am deeply in love with a 44-year-old widow.

Recently she has been going haphazardly with a man she met by mail. It's "hap" for him because he never calls or writes to let her know in advance that he's coming. It's hazard for her because he has never given her an address or telephone number where he can be reached although she has asked repeatedly. Nor has he given her a single clue through which he could be traced or identified. He claims he lives in a certain city, but says he travels a lot and his address and phone number wouldn't help any.

He claims he owns a home worth from \$90,000 to \$100,000, but wants to sell it and buy a home with her, since he thinks she has \$50,000. I'm afraid he's only after her money.

I'd like your answer soon, no matter how you see it. I will let her read it.

J. IN LAUDERDALE

DEAR J.: I see either a woman so naive that she shouldn't be out alone after dark, or one who is so blinded by infatuation that she can't read the handwriting on the wall.

I also see an older, financially comfortable widower who thinks he could win this lady were it not for the slippery salesman. The widower's strategy is to eliminate his competition by exposing him for the fraud he is, thus capturing the fair damsel.

I wish you luck, but don't get your hopes up. Love abhors logic.

DEAR ABBY: A man wrote in complaining that before a party, his wife will call her lady friends to ask whether they are wearing pants or a dress.

He said he'd never heard of a MAN doing this.

He's right. I've never heard of a man calling up another man to ask him if he was wearing pants or a dress, have you?

Laurie

DEAR LAURIE: Yes. But then people tell me things they'd never tell anyone else.

DEAR ABBY: How do you feel about forcing a man to retire when he reaches a certain age?

CURIOUS

DEAR CURIOUS: I like the way a gentleman from Morganton, N.C., put it. He said: "I'm against mandatory retirement. It ought to be left to the individuals. It is a shame to assume that all fools are old fools. I've found there are more young fools than old fools. Nature has a way of getting rid of old fools." (Thank you, Senator Sam Ervin.)

DEAR ABBY: The person who wrote to you saying that big noses and flat bosoms are "in" is out of her (or his) mind.

Since when is a well-developed nose more desirable than a well-developed bosom?

If a woman wants to look like Barbra Streisand, I might agree, but if she wants to please a man, the bosom has it over the nose any day.

When a man turns around to get a second look at a girl, you can be sure it's not her NOSE he's looking at.

And who ever heard of a movie star getting silicone implants in her NOSE?

What do you suppose would happen to Playboy magazine if they showed nothing but pictures of girls with big noses?

I think I'm fairly representative of the average guy, and for my part, if a gal is stacked, I wouldn't even notice her nose.

COWBOY — HAMILTON, MONTANA

TO TRUCKING FIRMS

# Teamsters Unit Might Seek Aid To Pay Imposed Fines

ST. LOUIS, Mo. (UPI) — Teamster Local 600 said Saturday it may seek help from the International union to pay \$5,796,223 in damages to 64 trucking firms because of an illegal strike in 1970.

"They've got the money," local attorney Harry Craig said of the world's largest union, "but I doubt seriously if the International would help pay these damages."

U.S. District Court Judge Roy W. Harper outlined the fines Thursday and they ranged from \$1 to \$25,000. He had ruled in December, 1972, that the local's 37-day strike was illegal, and the ruling was upheld by the U.S. Court of Appeals for the Eighth Circuit.

Craig said the ruling may be appealed again, if a basis can be found.

Local 600's treasury, which had \$1,088,000 in assets at the end of 1969, had assets listed at only \$199,490 at the end of 1971. The local's four top officers began serving penitentiary terms in June on convictions of embezzling union funds.

New officers now have been seated, but the local is in international trusteeship and is being run by International Vice

President Roy Williams of Kansas City.

Local 600 went on strike April 1, 1970, despite the admonition of International President Frank Fitzsimmons that the strike was not authorized. A tentative national freight agreement was reached with the nation's largest motor carriers on April 2 of that year.

However, it appeared Local 600's leaders wanted to hold out for whatever settlement came out of Chicago, where a legitimate strike and lockout was occurring. The Chicago teamsters were not bound by the national agreement.

Seventeen days after the Local 600 strike began, the Motor Carriers Council of St. Louis and its member trucking firms filed a suit for damages seeking a minimum of \$17,238,500, with a request that the amount sought would increase with each new day the strike continued.

In ruling for the carriers, Harper said the local violated a no-strike clause in its contract when it walked out.

FOR TAX HIKE

# Hightower Blasts Gasoline Proposal

AMARILLO — Sen. Jack Hightower, candidate for Congress from the 13th District, said Saturday he is "totally against" the proposal by the economic summit conference that gasoline taxes be increased 10 cents a gallon at the federal level.

"This is no way to halt inflation, and we really don't know that it will result in energy conservation," Hightower declared.

"It might increase the output of human energy," Hightower remarked, "because if gasoline goes any higher people are going to have to start walking. They can't afford to buy it."

Street brokers were hit the hardest by inflation and the cost of living. Obviously that fellow hadn't talked to the housewife who is trying to put meals on the table or to the farmer and rancher who is getting less and less for his product in the market place," Hightower said.

"It's time for the economic summit conference to produce something that makes sense, and the 10 cent gasoline tax increase makes no sense at all," Hightower added.

Hightower declared "people must have their cars to get back and forth to work. There are no subways or rapid transit systems to haul people to their farms and ranches here in the 13th District like there are back east where the President's economic advisors come from," Hightower said.

"Instead of trying to find ways to bring down the cost of living, apparently the President's economic advisors are doing just the opposite. They are sending it skyrocketing out of sight."

"One of those advisors said recently that will

# Synod Of Bishops Focuses On Youth

VATICAN CITY (UPI) — The fourth World Synod of Bishops ended its first full working week Saturday, focusing on the issues of growing secularization and the need to explain the Roman Catholic church mission to youth.

Small group discussions centered on 10 general topics that emerged from more than 100 reports on the obstacles and assets of Catholic evangelization work in the 1970s.

The reports, reflecting the state of the church on five continents, frequently expressed concern over growing secularization, particularly in North America and Europe, and the church's failure to communicate adequately with contemporary youth.

The 209 participating bishops broke up into 12 language-based groups to consider 10 general topics suggested by Cardinal Joseph Cordiero of Karachi, chairman of the reports committee. The topics included human liberation and evangelism, the evangelization of youth, and the evangelization and principal human rights.

The group discussions resume Monday and continue until Thursday when the bishops are to draft "action proposals" for recommendation to Pope Paul VI.

The synod, whose theme is evangelization in the

modern world, is the first since 1971 and the fourth since they were established by the Vatican Ecumenical Council to give bishops a greater role in church policymaking. Pope Paul can accept or reject their recommendations as he wishes.

Other topics suggested by Cordiero included the interior life of the church (contemplation and conversion), the local church, the influx of "base communities" seeking grassroots in larger parishes, popular religiosity, pastoral care of non-practicing Catholics, and the church's relations with workers, intellectuals, civic and political leaders and the family.

# AARP Plans Heart Meeting

Pampa Chapter 1198 of the American Association for Retired Persons will hold its regular monthly meeting Monday, Oct. 7, at 1:30 p.m. in the Pampa Room of Poiner Natural Gas Co.

Mrs. George Newberry, chairman of the Heart and High Blood Pressure Committee, will show a film. The public is invited to attend the event.

# Price Attacks 'Windfall Profits' Tax

PERRYTON — Congressman Bob Price Saturday attacked Congressional proposals to impose so-called "windfall profits" taxes upon energy producers and to phase out the oil depletion allowance as "actions which would discourage domestic energy exploration and development at a time when we need to be committed to Project Independence."

Price spoke at a

businessmen's luncheon at the First Methodist Church here hosted by Perryton Mayor Harold Courson before participating in the annual Ochiltree County Soil & Water Conservation Tour.

"Several aspects of the tax reform bill now under consideration in the House Ways and Means Committee would serve to thwart our domestic energy production and development efforts which must go forward if we are to reduce our

dependency upon costly and vulnerable foreign oil sources," Price said.

The Congressman has authored bills in the U.S. House of Representatives designed to spur domestic energy production by de-regulating the well-head price for natural gas, and increasing tax incentives for domestic energy exploration and development.

The Pampa Daily News

SUBSCRIPTION RATES — Subscription rates in Pampa and RTZ by carrier and motor route are \$2.25 per month, \$6.75 per three months, \$13.50 per six months and \$27.00 per year. THE PAMPA DAILY NEWS is not responsible for advance payment of two or more months made to the carrier. Please pay directly to the News Office; any payment that exceeds the current collection period.

Subscription rates by mail are: RTZ \$6.75 per three months, \$13.50 per six months and \$27.00 per year. Outside of RTZ, \$7.50 per three months, \$15 per six months and \$30 per year. Mail subscriptions must be paid in advance. No mail subscriptions are available within the city limits of Pampa. Servicemen and students by mail \$1.75 per month. Single copies are 15¢ daily and Sunday.

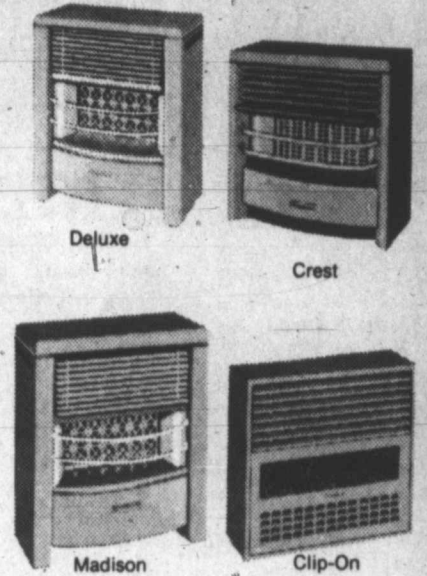

Published daily except Saturday by the Pampa Daily News, Atchison and Somerville Streets, Pampa, Texas 79068. Phone 669-2525 all departments. Entered as second-class matter under the act March 3, 1878.

## Americans Still Confident

ATLANTA (UPI) — Americans are worried about inflation and political immorality, and expect things to get worse economically, but they are confident that in the long run everything will be all right, says pollster George Gallup.

"It would be wrong to assume that Americans are consumed with gloom," Gallup, the head of the American Institute of Public Opinion in Princeton, N.J., said in a speech Friday to the National Broiler Council.

"The mood of the public today should be described as apprehensive, but certainly far from despondent," he said.

He said that Gallup polls indicate 70 per cent of the population expects the economy to get worse, and that about half the citizens think America is headed for a depression like the one in the early 1930's.

But Gallup said most Americans feel they have had hard times before, and can tighten their belts to survive another depression.

He said Americans will support President Ford's economic policies, if they perceive them to be in the national interest.

"The public has a good track record for making sacrifices for the national good in times of crisis," he said. Gallup said times might not be as hard as a lot of people expect.

Americans tend to overplay their crises, the British to underplay them, while the Iron Curtain countries don't have crises," said Gallup.

In an interview after his speech, Gallup said that the Republicans have become "a third party," and that independent voters now number almost as many as Democrats.

"We find the percentage of people who classify themselves Republican is at an all-time low," said Gallup. "The Democrats are stronger, numerically, the independents are second, and the Republicans come along as a third party."

Americans tend to overplay their crises, the British to underplay them, while the Iron Curtain countries don't have crises," said Gallup.

In an interview after his speech, Gallup said that the Republicans have become "a third party," and that independent voters now number almost as many as Democrats.

"We find the percentage of people who classify themselves Republican is at an all-time low," said Gallup. "The Democrats are stronger, numerically, the independents are second, and the Republicans come along as a third party."

## C-C To Install New Officers And Directors

New officers and directors of the Chamber of Commerce will be installed at directors' meeting in Coronado Inn at 7 p.m. Tuesday.

Floyd Watson, president of the First National Bank and a past president of the chamber, will be installing officer.

The following officers and director will be installed: C.E. Steel, president; Boyd Taylor, vice president; Gary Stevens, finance director; Rufe Jordan, Bill Kindle, Dr. Kenneth Roysse, J.D. Skaggs, Bill Hite, Jerry Holmes and Ken Plotner.

Hold over directors are W.C. Bass, Jr., Milo Carlson, Henry Gruben, Homer D. Johnson, Melvin Kunkel, James McCoy, Richard Stowers, Art Aftergut, E.L. Green, Jr., Benny Kirksey, Dr. Royce Laycock, David McDaniel, Aubrey Steele, Gary Stevens and Rex McAnelly, past president.

Retiring from the board this year are Gene Garrett, Foster Whaley, R.D. Wilkerson, C.D. Zlomke, Floyd Imel, J.C. Roberts, Lee Fraser and Jerald D. Sims.

The new officers will officially assume their positions with the chamber at the annual membership banquet Thursday evening Oct. 17 in the Heritage Room of the M.K. Brown Auditorium and Civic Center.

## Ag Producers Get Okay For Disaster Loans

Agricultural producers in Gray, Armstrong, Dallam, Knox and Oldham counties are now eligible for emergency natural disaster loans through the Farmers Home Administration as a result of action taken by Agriculture Secretary Earl Butz, Congressman Bob Price has announced.

Price said the action is to aid producers who suffered significant loss of wheat and cotton crops due to drought from July of last year through August of this year, and due to damaging hailstorms suffered in some areas during the spring and summer.

Butz, today issued a directive to Farmers Home Administrator Frank Elliott triggering agricultural emergency disaster loan authorizations at 5 percent interest through the FHA for the designated counties.

Earlier, Swisher County was separated designated under similar condition. Producers may apply for the emergency loans through local FHA offices.

Price was informed of the action because he has been supporting recommendations from Texas Gov. Dolph Briscoe for such action. Under the law, the Secretary may not declare counties eligible without a recommendation from the state's governor.

## Mainly About People

## Obituaries

**MRS. LEONA HERNDON** — Funeral services for Mrs. Leona Herndon, 69, 1125 S. Dwight, will be held at 10 a.m. Monday in Carmichael-Whitley Colonial Chapel.

Officiating will be the Rev. R.L. Courtney, pastor of the First Assembly of God Church.

Graveside services will be held at 5 p.m. Monday in Prague, Okla.

Mrs. Herndon died at 2:50 a.m. Saturday at Highland General Hospital.

She was born June 10, 1905 in Springtown, Okla., and had been a Pampa resident for three and one-half years.

Mrs. Herndon was a member of the Assembly of God Church.

Survivors include three daughters, Mrs. A.A. (Bonnie) Finney, Pampa; Mrs. Darlene Dorsey, Venice, La.; and Miss Jean Dene Herndon, Duncan, Okla.; and nine grandchildren and eight great-grandchildren.

former Miami and Mobeetie resident, Mrs. Fannie Viola Puckett, 76, were held Wednesday in Abilene where she died at her home Monday.

She was the grandmother of Clark Webb, 1813 Duncan.

Mrs. Puckett resided in the Panhandle area until 1947.

Burial was in the Baird, Texas, cemetery.

**HARRY C. BARLOW PERRYTON** — Funeral services were conducted today at 2:30 p.m. in First United Methodist Church for Harry C. Barlow, 75, a Perryton resident for the past 67 years.

Officiating was the Rev. J.B. Fowler, pastor. Burial was in Ochiltree Cemetery by Boxwell Brothers Funeral Directors.

Mr. Barlow died at 5:20 a.m. Friday in Ochiltree General Hospital after a long illness. He was a retired farmer and native of Booneville, Mo.

Surviving are the widow, Edna; a daughter, Mrs. Pat Raggsdale, Perryton; a brother, Leonard, Perryton; three sisters, Mrs. Mary Dietrich, Perryton and Mrs. Alma Gruver and Mrs. Ann Cooper, both of Gruver and two grandchildren.

**STELLA WAGNER** — Mrs. Stella Gertrude Wagner, 85, of Ventura, a former Pampa, died recently in a Ventura hospital following a long illness.

Interment was in Lake Creek Cemetery, Chetopa, Kan.

Mrs. Wagner was born Aug. 8, 1889 in Aurora, Mo. A five-year resident of Ventura, she was a past matron of Eastern Star Chapter No. 65 and a member of the First Christian Church, both in Pampa.

Her husband, Ora Wagner, died in April, 1956 in Pampa.

She is survived by a son, Errol R., Seattle, Wash.; a daughter, Mrs. Treva Wagner Martin, Ventura; and two sisters, Mrs. Lillie Triebel, Redwood City, and Mrs. Pearl Griffith, Compton.

11:30 a.m. Monday in Carmichael-Whitley Colonial Chapel. Burial will be in Fairview Cemetery.

Dr. Lloyd V. Hamilton, pastor of the First United Methodist Church, will officiate.

Born Jan. 25, 1915 at Alice, Tex., Mr. Goodwyn was raised on the King Ranch. He was a graduate of A&I College, Kingsville.

Mr. Goodwyn was married to Ruth Larson on Aug. 7, 1935 at Kansas City, Tex. They moved to Pampa from Kingsville in 1951.

He had been employed by Celanese Chemical Co. for 22 years. He served with the US Air Force for three years during World War II.

Mr. Goodwyn was a member of the First United Methodist Church.

In addition to the widow, he is survived by a son, Garland, Anchorage, Ala.; a daughter, Miss Betsy Goodwyn, Amarillo; two brothers, Frank, Silver Springs, Md., and Finley, Cuero; and a sister, Mrs. Lennie Lucas, Fredericksburg.

The casket will not be

opened at the services.

**MRS. ORA SAUNDERS McLEAN** — Funeral services for Mrs. Ora Viola Saunders, 76, who died at 1:30 p.m. Friday in the Groom Hospital after a long illness, will be at 3 p.m. Monday in McLean Church of Christ.

Officiating will be David Fultz, Hooker, Okla. Burial will be in Fairview Cemetery in Pampa by Lamb Funeral Home.

Mrs. Saunders, born in Cooke County, came to McLean from Hale Center in 1951. She married Guy C. Saunders at Robert Lee in 1919.

Mrs. Saunders was a registered Angus breeder and a member of the McLean Church of Christ.

Survivors include a daughter, Mrs. Lou Dodman, Sedona, Ariz.; one son, George, Forgan, Okla.; three sisters, Mrs. Bula Lee Ruckman, Odessa, Mrs. Verna Robertson and Mrs. Grace Miller, both of Richardson; and seven grandchildren and 10 great-grandchildren.

## ROBBERY REPORTED Couple Arrested On Drug Charge

Kirk Dougless, 22, and Sharon Kay Dougless, 21 were arrested at their home at 930 S. Reid, Thursday afternoon and charged with possession of marijuana and other dangerous drugs.

Police confiscated what they reported as suspected marijuana (over 4 ozs.) suspected peyote buttons, 500's p.c.t.e.d methamphetamines (speed) and miscellaneous pills.

The items are to be submitted to the Texas Department of Public Safety laboratory for analysis.

Bonds of \$5,000 for each person was set by Justice of the Peace Nat Lunsford.

Helen Sprinkle, 1333 Christine, reported to police that, while she was in a beauty shop at 101 Tyng Friday morning, a purse she had left in her car was stolen. The purse was found later, abandoned near the Santa Fe Railroad tracks. Several credit cards were missing.

L.R. Wright reported to police that, while he was working at a furniture store at 513 S. Cuyler at about

11:15 a.m. Friday, a man entered the store, pulled a pistol and forced Wright into a closet.

The intruder removed \$242 in cash from Wright's billfold, then left, warning Wright not to leave for 15 minutes.

Wright who said he was unable to see the robber clearly because he approached from the rear, also said he heard other voices in the store, leading him to believe the robber was not alone.

After waiting for a few minutes, Wright called police.

**AFTER LEAVING HOSPITAL**

**Nixon Settles Down For A Rest**

SAN CLEMENTE, Calif. (UPI) — Richard Nixon, exhausted after his 11-day hospital stay, settled down for a lengthy recuperation at his home Saturday, wearing new support hose, eating low-fat foods and taking doctors' orders.

"He tells me that from now on he will follow my instructions, and he's not a man used to taking instructions," said Nixon's personal physician, Dr. John Lungren, following the

former President's release from Long Beach Memorial Hospital Friday.

Nixon, his phlebitis-plagued left leg elevated, was wheeled out of the hospital through a service entrance, the same one he used enter the hospital Sept. 23.

This time newsmen were given advance warning, and from a distance of about 50 yards, Nixon was seen being helped out of the wheelchair, taking a few steps without a visible limp, and getting into a limousine for the trip to San Clemente.

Under Lungren's orders, Nixon will follow a strict regimen of physical limitations.

For one to three months, and possibly longer, Nixon will not be able to sit, stand or ride for prolonged periods, and will continue taking anticoagulants drugs for a number of months.

Lungren, backed up by a team of five medical specialists who had examined Nixon, agreed that Nixon should not even give a written deposition in the Watergate cover trial for "a few weeks."

A plane trip to Washington, D.C., for a personal appearance at the trial was also ruled out.

"I've been in an airplane when we hit an air turbulence, and all hell breaks out," said Lungren. He added that Nixon must

The Boston "Pops" Orchestra was organized in 1885 as a means of extra revenue for the Boston Symphony Orchestra. The first concert was conducted by Wilhelm Gericke. Arthur Fiedler took over in 1930.

remain in a controlled environment.

Other than physical exhaustion from his hospital stay, Lungren gave Nixon a favorable bill of health. He said Nixon had responded well to treatment, his leg was less swollen and the

blood clot in his lung had grown smaller.

But the doctor warned of complications and the possibility that Nixon would have to reenter the hospital if the scheduled of treatment and physical restrictions is not followed.

**Cancer Society Planning Bike-A-Thon**

The Gray County Unit of the American Cancer Society met recently at the Coronado Inn to make plans for the annual Bike-A-Thon.

The Bike-A-Thon has been set for 1:30 p.m. Sunday Oct. 20, with an alternate date of Oct. 27 in

case of inclement weather.

The Pampa Jaycees, headed by John Tripplehor, will conduct the activity. More information about the event will be released later.

Other business at the meeting held Sept. 25 included naming Mrs. Charles R. Milam as

crusade chairwoman; Dr. C.F. Sparger, medical

chairman; Robert Monogue, public education chairman; Mrs. L.H. Norman, service chairwoman, and Mrs. James A. Poole, publicity chairwoman.

Officers for 1974-75 are

Ted Everhart, president; Mrs. Bennie Horton, vice president; Katherine Gibby, secretary, and Luther Robinson, treasurer.

The next meeting of the Gray County Unit will be at 7 a.m. Wednesday Oct. 23.

**Rotary Plans Alpine World Movie Today**

"Alpine World U.S.A." will be presented at 2:30 p.m. today in the M.K. Brown Civic Auditorium as the Pampa Rotary Club's first attraction in its 1974-75 series of World Travel Films.

Today's presentation, one that should be of interest to every member of the family, deals with the story of man's relation to nature and wildlife in the Sierra and Rocky Mountains in all four seasons of the year.

It will be narrated by Eric Pavel, who filmed the entire production.

The Rotary Club will present six travel films during the season which runs through next March.

The second attraction, "The Open Arms of Portugal," with marrantor James Metcalf is scheduled for Nov. 20.

Individual ticket for today's performance may be purchased at the box office up until show time.

## Mrs. Ford Makes Progress As Hospital Stay Nears End

WASHINGTON (UPI) — Betty Ford marked the end of a week of hospitalization for removal of a cancerous breast Saturday by walking around in her suite at will and eating a hearty breakfast of eggs, bacon and toast.

Doctors told President Ford his wife would probably be released about Wednesday. Encouraged by the prognosis, the President played his first round of golf in two weeks, at Burning Tree golf course only a few miles from the hospital.

One of the President's golfing partners was Bob Hope.

tea for breakfast Saturday. Mrs. Ford's post operative recuperation continues uncomplicated, her vital signs remain stable and her condition is excellent, Fouty said.

Mrs. Ford greeted the public briefly for the first time Friday evening. She looked out a window of her third floor quarters and waved to a crowd of perhaps two dozen wellwishers waiting for a glimpse of her husband.

When told of her gesture, Ford laughed and said "she's an awful flirt." An aide said Mrs. Ford

was in the hall waiting when her husband got upstairs. After they exchanged greetings he presented her with the game ball from the Washington Redskin's victory over the Denver Broncos last Monday. Ford had planned to attend the game until his wife was hospitalized. The ball was a gift from head coach George Allen.

Mrs. Ford tossed the ball to her husband—a former college football player—and he lightly tossed it back. Then the couple walked about 25 yards down the hall to Mrs. Ford's suite.

## Commissioners Slate Routine Meeting

City commissioners will be concerned mainly with routine business at their 8:30 a.m. Tuesday meeting in City Hall.

The agenda items released Saturday by City Manager Mack Wofford include the following considerations:

Recommendation of staff regarding bids for removal of property at the intersection of Browning and Cuyler Sts.

Declaring certain two-

way police department radio equipment as surplus.

Report concerning progress in planned extension of N. Sumner St. from Kentucky to Decatur.

Setting 9:30 a.m. Nov. 12 to receive bids for the purchase of three half-ton pickups, one 2-ton flat bed truck, two 2 1/2-ton trucks, cabs and chassis; three 16-cu. yd. packer bodies, one rubber-tired tractor with front-end loading

attachment, one 4-door sedan and one tractor mower.

Commissioners also will consider accepting an easement for water line purposes across property owned by Pizza Inn on N. Hobart St.

The Geography and Map Division of the Library of Congress contains more than 3.5 million maps and charts and 38,000 atlases.

## OEA Schedules Installation Meet

Office Education Association of Pampa High School will install officers Monday, Oct. 7, at the Harvester Pit Bar-B-Que.

All OEA members are invited to attend the 6 p.m. ceremony. Mrs. Wanda Doughten, sponsor, said.

Officers to be installed include: Sherilyn Hedrick, president; Mollie Jackson, vice president; Sharon Lockhart, secretary; Bridget Albus, treasurer; Killie Kvesich, historian; Susan Albus, parliamentarian; and Becky Betham, reporter.

Mrs. Selma Heard, president of the OEA advisory committee, will be guest speaker.

## Plane Crash Kills Family

SPRINGFIELD, Colo. (UPI) — A light plane crashed into a southeastern Colorado wheat field while apparently trying to make an emergency landing late Friday, killing a 39-year-old junior college teacher, his wife and their three children.

The bodies of the five victims, residents of Garden City, Kan., were removed from the wreckage Saturday morning after searchers spotted the plane.

Baca County sheriff B. C. Dapron identified the victims as Gary Pat Long, his wife, Helen, 39, and their children, Steve, 16, Kenny, 14, and Larry, 9.

"We don't know yet what went wrong," Dapron said. "Someone reported hearing a plane circling the area late Friday night and we had units of the sheriff's posse out looking for it."

Maine never has produced a U.S. president and only one vice president, Hannibal Hamlin, who took office in 1861.

## PPCA Formed On Instruction For Childbirth

The Panhandle Prepared Childbirth Association (PPCA) has been recently formed to introduce the public to the "Lamaze" method of prepared childbirth and to teach classes in this method.

The "Lamaze" method of childbirth was developed in France by Dr. Ferdinand Lamaze and brought to the United States in 1959. The method has been extremely popular and is now being taught and used in many hospitals throughout the country.

This method provides an opportunity for parents to actively participate in labor and delivery.

The parents go through a training process through which they learn relaxation and breathing techniques which are designed to dramatically reduce pain during labor and delivery. PPCA members claim.

This training is intense and the husband plays a very important role.

"Through the 'Lamaze' method, you can participate actively in the birth of your baby and experience something you will never forget," states Mrs. Chris Chitwood, newly elected PPCA president. The "Lamaze" method is not natural childbirth, it is prepared childbirth, she explained. Training begins eight weeks before delivery.

Anyone interested may call Mrs. Chitwood in Pampa at 669-3804, Mrs. Phil Cates 665-2458, Mrs. Charels Graff 665-1167 or Mrs. Billy Sappenfield in Miami at 868-5371.

Coordinators of PPCA are Mr. and Mrs. Chris Chitwood, program Chairmen are Mr. and Mrs. Terry Haralson, and secretary, Mr. and Mrs. Charles Stafford.

There will be a PPCA meeting Monday, Oct. 14, at 7:30 p.m. at the Flame Room in the Pioneer Natural Gas Co. The program will explain the "Lamaze" method. Several couples will explain what it is like to have a Lamaze baby.

More than 33 million women are employed, says Western Girl, a temporary help service. These women make up more than 40 per cent of the work population in the United States. By 1980, women are expected to account for 50 per cent of the work force.

GEORGIAN DANCERS — Shown here are the Georgian Dancers who will be in Pampa for a performance Thursday night with the Tbilisi Polyphonic Choir in the M.K. Brown Civic Auditorium. The company of 80 will be the opening attraction in the Pampa Community Cancer Association's 1974-75 season. Curtain time will be 8 p.m.

## GEORGIAN TROUPE

# Soviet Dancers To Appear Here

By **TEX DEWESE**  
The Soviet Georgian Dancers and Tbilisi Polyphonic Choir, a company of 80 dancers, singers and musicians, will open the Pampa Community Concert Association's 1974-75 season at 8 p.m. Thursday in the M.K. Brown Civic Auditorium.

The concert company, direct from the Soviet Union, is on its American debut tour.

Hailed by Igor Stravinsky as a major find, the dark handsome, young Asiatic men and women perform with astonishing technique and artistry.

Mr. and Mrs. Ralph Randall of Panhandle when visiting in Russia had the good fortune to see the dancers and choir in action and talk with their director.

When he learned they were from Texas, he told them, the company, was going to Texas and he would see the Randalls again.

He was informed that Texas was a pretty big state and then they discovered the company, was scheduled in Pampa next door to the Randall's hometown.

Mrs. Randall describes the Georgian Dancers and the Tbilisi Choir as an astounding, astonishing evening of wonderful entertainment.

The male dancers are the only ones to the world to dance "en pointe" and the spectacular dances with

whirlwind virtuosity combine with one of the great choirs of the world for a performance never to be forgotten.

The choir will introduce Pampa concert-goers to the magical world of Georgian music.

There are marching songs and mountain airs with accompaniment on native instruments, and the amazing yodel called "krimanshuli," which

Stravinsky labeled the "most virile vocal performance I have ever heard."

There are sacred songs, sung a cappella, of utmost beauty and with roots in medieval polyphonics which should remind the audience of the proud and ancient culture of the Caucasus.

Pampa is one of the few smaller city stops to be made by the company on its American debut tour.

That is attributed to the fact Pampa has excellent facilities for staging such a production — the M.K. Brown Memorial and Civic Auditorium.

The opening attraction in the concert association's series could not have been staged in the old Pampa Junior High School auditorium which served so many years as the city's principal place for theatrical productions.

The Knutsons spent Tuesday in Amarillo where they visited their son Tommy, his wife, and son Shane.

Mrs. Miles (Mable) Pearson was admitted to Highland General Hospital Sunday.

Mrs. Kate Enochs had as weekend guests in her home two of her nieces, Mrs. Woodrow Davis, San Jose, Calif., and Rev. and Mrs. Gordon Patterson of Altus, Okla.

Mr. and Mrs. W.I. Colley have returned home from Moberly, Mo., where they attended the Colley family reunion with 75 attending. Ben Colley, who was 87 was the eldest relative attending. He lives in Clark, Mo. They also visited his sister and husband, Mr. and Mrs. Jim T. Dougherty at their home on the Lake of the Ozarks.

Mr. and Mrs. Leroy Allen who live at the Schafer Camp have purchased lots in Skellytown and will soon be moving to their home.

Mrs. Orma Harlan returned home Monday from St. Anthony's Hospital in Amarillo where she was a patient for the past week.

# Mainly About Skellytown

By **FANNIE COLEMAN**  
Mr. and Mrs. Claude Reid and daughter of Colorado Springs, were here this past week visiting her parents, Mr. and Mrs. John Villines and Claude's parents, Mr. and Mrs. Buster Reid of Sanford. Claude's father underwent major surgery Wednesday morning at St. Anthony's Hospital in Amarillo.

Mr. and Mrs. Clifford Coleman arrived home Sunday after a vacation in Owensville, Indiana where they visited Mrs. Coleman's mother, Mrs. Susie Roberts and Mr. Coleman's brother Paul and family. They visited Mrs. Coleman's sister and family, Mr. and Mrs. Wm. H. Young, in Morganfield, Ky. Mr. and Mrs. Coleman received word Friday of the death of her brother-in-law, Rev. Earl Redman, Whittemore, Mich.

Mr. and Mrs. J.D. Herd had as a house guest this week J.D.'s father Mr. Hamey Herd of Wheeler. He left Thursday for his home.

Mr. and Mrs. Y.A. Knutson have returned home after spending the weekend with their daughter and family, Mr. and Mrs. Paul Bondurant and daughter in Colorado Springs.

The Knutsons spent Tuesday in Amarillo where they visited their son Tommy, his wife, and son Shane.

Mrs. Miles (Mable) Pearson was admitted to Highland General Hospital Sunday.

Mrs. Kate Enochs had as weekend guests in her home two of her nieces, Mrs. Woodrow Davis, San Jose, Calif., and Rev. and Mrs. Gordon Patterson of Altus, Okla.

Mr. and Mrs. W.I. Colley have returned home from Moberly, Mo., where they attended the Colley family reunion with 75 attending. Ben Colley, who was 87 was the eldest relative attending. He lives in Clark, Mo. They also visited his sister and husband, Mr. and Mrs. Jim T. Dougherty at their home on the Lake of the Ozarks.

Mr. and Mrs. Leroy Allen who live at the Schafer Camp have purchased lots in Skellytown and will soon be moving to their home.

Mrs. Orma Harlan returned home Monday from St. Anthony's Hospital in Amarillo where she was a patient for the past week.

Mr. and Mrs. Steve Huckins, Beaver, Okla. spent the weekend with his grandmother, Mrs. Gertrude Huckins.

Mrs. Carl (Margaret) McAdams and three boys of Parris, Okla. spent the past weekend with her parents, Mr. and Mrs. J.M. Grange and Carl's mother, Mrs. Butch McAdams in White Deer, they also attended the homecoming football game at White Deer.

Mrs. Moore was enroute to visit her daughter Donna and family in Lubbock.

Ben Hassler has been released from the High Plains Baptist Hospital in Amarillo after undergoing major surgery.

Rev. and Mrs. Robert Wolfe have returned to their home in Saudi Arabia after a month here with her parents, Rev. and Mrs. Jim

Hall. Mr. and Mrs. Bill Horst visited last week with their daughter and family, Mr. and Mrs. Melvin Grant and children in Amarillo. While there Mr. Horst and his son-in-law went on a fishing trip to Pecos, New Mex.

Mr. and Mrs. John Simmons and daughter Debra had as house guests in their home last week, Mrs. Simmons parents, Mr. and Mrs. Roy Christy of Tulsa.

Mr. and Mrs. Darwin Allen have recently returned home from a three week vacation trip to North Platte, Nebraska.

Mr. and Mrs. Wayne Mathews and daughter Nancy and husband Jim Fox spent the weekend in Snyder where they visited the Mathews daughter Denise and husband Larry Prueit.

Mr. and Mrs. Floyd McCoy entertained Sunday with a birthday dinner honoring their son James McCoy of Plainview.

Attending were Mr. and Mrs. James McCoy and children of Plainview, Mr. and Mrs. Lewis Dean Karlin and daughter Teresa of Amarillo, Mrs. Jerry McCoy and three daughters of Cactus.

## Red Cross News

By **LIBBY SHOTWELL**  
The Red Cross board will meet Oct. 8 at 7 a.m. in the City Club Room in the City Hall. (Members will please enter through the Police Station.)

Mrs. Jessie Newberry will give the program on respiratory emergencies, and pulmonary resuscitation.

All members of the board are urged to be present, according to Miss Norma Breden.

Mrs. Ruth Carter has completed a Beginner and Advanced Beginner Class at the Youth Center with Janet Hatfield, Kelly Zeek, Zanna Huckaby, Melinda Monte, Scotty Thompson, Teresa Graham, and Dan Martindale completing the Beginner swimming class.

Bobby Jacobs, Brent Colwell, Bradley Leiker, Clay Coffee, Ryan-Crosier, Kymbal Carpenter, Richard, Sherry and Keith Courtney, Donna Blevins, David Dawson, Martha Skoog, Lynn Quarles, Darrell Kyle and Sarah Gill, completed the Advanced Beginner Class.

The public library called and asked if we would

donate textbooks to the library on First Aid, Swimming and Nursing. We were glad to do this and any of you who need to read these books, remember they are in our library - Lovett Memorial.

Are you interested in taking a Multimedia First Aid Class on Tuesday evenings with the Adult Education group at Pampa High School? If so call our Red Cross office and let us get a class ready by Oct. 15 at 7 p.m.

The Pampa High School Red Cross brought a big box of good used clothing for the Papago Indians that will be mailed this week.

The Papago Indians have become a project of the Pampa High School this year and we are sure that the clothing and other materials that will be mailed will be happily received.

Empty pesticide containers are a hazard to safety and should be washed out and disposed of quickly or, in case of paper, burned to eliminate potential problems.

## Last Week In Wall Street

By **BOB HILL**  
The second "Golden Age" of television is close to reality. The first Golden Age was color which gave the industry the tremendous boost of the 1960s. Now, here come the home video players, which play back a television picture and sound through any conventional television set.

The two leading developers of home video players are N.V. Philips, the huge Dutch electronics manufacturer, and MCA, Inc., Los Angeles based entertainment conglomerate. Now these two companies have agreed to combine their video disk efforts. Philips will manufacture and market the video player while MCA will make and sell the disk programs.

Many companies have been spending huge

amounts developing video disk recorders, but the big problem has been incompatibility. The disk of one manufacturer would not play on another's player. With Philips and MCA joining forces, their video player could force the rest of the industry to follow it as the standard.

Philips and MCA say they will be "generous" in licensing patents and the player to other manufacturers, but things look grim for companies such as RCA and Zenith who have been working feverishly to develop their own video players.

Commercial production is scheduled to begin on the MCA-Philips player by 1976 with 1 million units projected for 1978. The recent bid by Philips for all of the stock of Magnavox

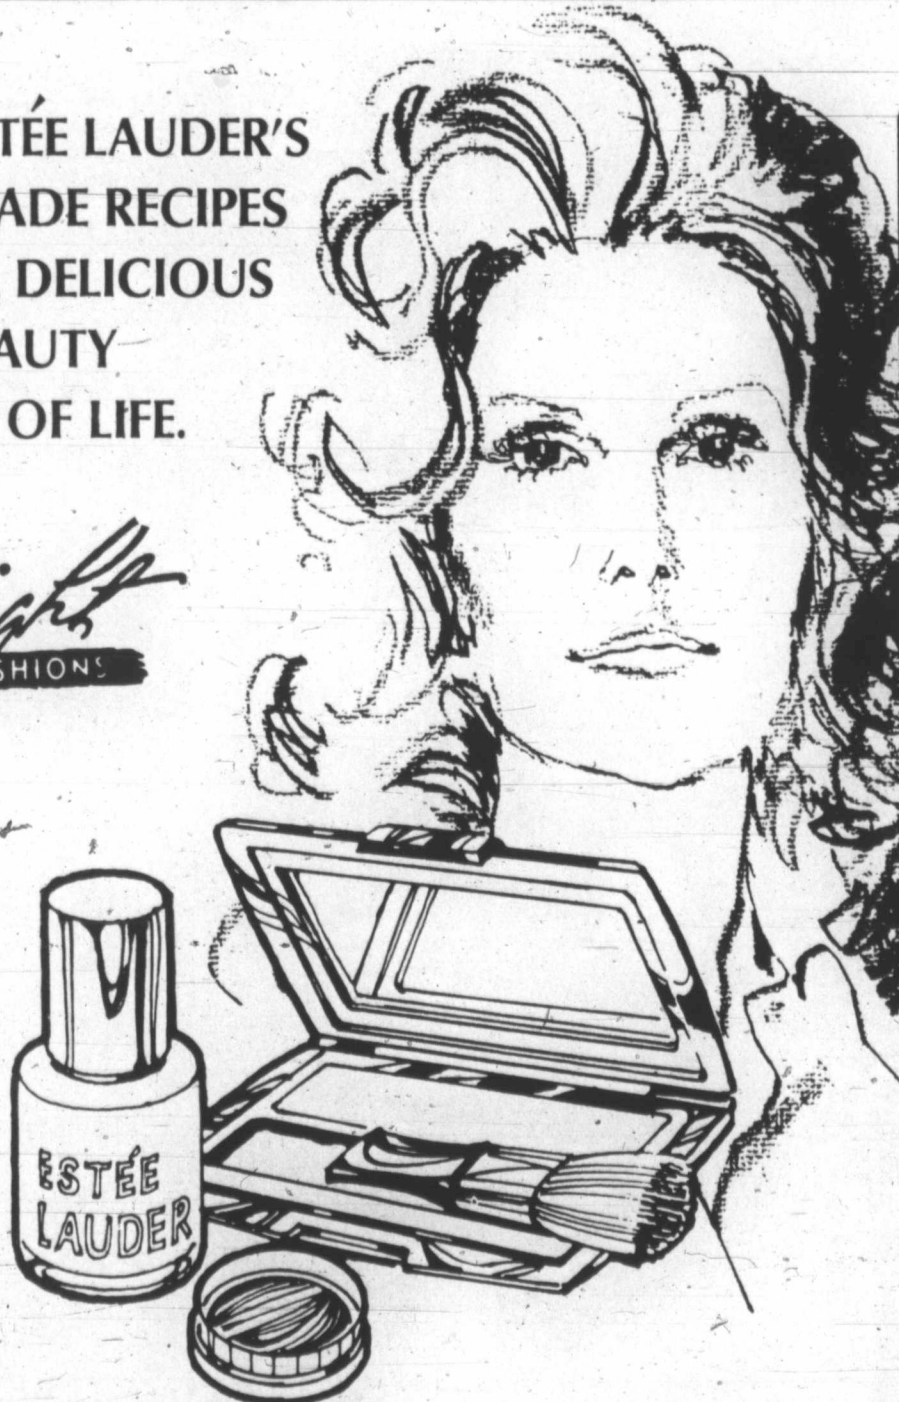

will give Philips a powerful edge in competing with U.S. television manufacturers.

MCA has thousands of films in its vaults and says it will have 2000 films on disks ready to go when the video player comes off the production line. Philips thinks the video player can be priced under \$500 and the MCA disks are expected to cost from \$2 to \$10 for a full-length motion picture, not too much higher than an LP record. Each MCA disk would have 60 minutes of playing time per side.

The best sign of just how effective the MCA-Philips video player will be is the mad rush Japanese electronics manufacturers are putting on to sign licensing agreements with the Dutch-American combine.

**WRIGHT'S FASHIONS**

# Miller-Weatherly Say Marriage Vows In Seven O'Clock Rites

Miss Sherry Donnell Miller and Steven David Weatherly exchanged nuptial vows Saturday, Oct. 5 at 7 p.m. in First Baptist Church.

The bride's parents are Larry D. Miller, 2132 Williston and Mrs. Orville Mullins, Amarillo. The bridegroom is the son of Mr. and Mrs. H.L. Weatherly, 2117 N. Russell.

## THE CEREMONY

The Rev. Claude Cone, pastor, officiated at the double-ring ceremony.

The church was decorated with an arch entwined with greenery and gladioli flanked by candelabra entwined with greenery. Two urns of gladioli mounted on columns and an arrangement of greenery completed the setting.

Organist, Debbie Lehnick, accompanied James Greer as he sang, "Twelfth of Never" and "We've Only Just Begun."

## THE BRIDE

Given in marriage by her father, the bride wore a white formal gown of bridal satin and Chantilly lace. The attire was styled with an empire waistline, complemented with stain ribbon, and long full sleeves of matching lace ending in ruffles at the wrists. The neckline was enhanced with a high ruffle and fashioned with a low round scalloped neckline.

Her floor length veil of bridal illusion was bordered with Chantilly lace and fell from a lace coil. She carried a cascade of white sweetheart roses, soft blue carnations and white satin ribbon streamers.

## ATTENDANTS

Debra Kay Lamer, was maid of honor and bridesmaids were Sandra Sims and Cathy Carpenter, all of Pampa. They wore

MRS. STEVEN DAVID WEATHERLY  
...nee Miss Sherry Donnell Miller

identical blue bonded lace floor length gowns and blue garden hats with matching satin ribbon streamers.

Each carried a nosegay of daisy mums and baby's breath.

Flower girl was Lori

Buffalo of Owasso, Okla., and Clay Sharp, cousin of the bridegroom, of Sunray, was ringbearer. Lonnie Miller, brother of the bride, Pampa, and Trent Sharp, cousin of the bridegroom, Sunray, lighted the candles.

Robby Chafin, served as best man and groomsmen were Jerry Sims, Jr., and Bert Casey. Steve Wilson and Robert Yeager, seated wedding guests. All bridegroom attendants reside in Pampa.

## RECEPTION

Fellowship Hall of the church was the scene for the reception immediately following the ceremony. The bride's serving table was decorated with an arrangement of white daisy mums and blue carnations with baby's breath. The bridegroom's table was centered with a memory candle, a gift of the bridegroom's mother.

The three-tiered wedding cake was decorated with blue roses and sweet peas and topped with a miniature bride and bridegroom on a rotating music box playing "Here Comes the Bride." Aleta Hall served cake and Weigh Sidwell assisted at the punch bowl. Cheryl Williamson, Pampa, registered wedding guests and assisted with serving at

the bridegroom's table. Following a wedding trip to an undisclosed destination, the couple will reside at 316 Texas. For traveling the bride wore a green A-line sleeveless dress with matching long sleeved jacket and lifted the corsage from her bridal bouquet.

## AFFILIATIONS

The couple graduated in the spring, 1974 from Pampa High School and the bride is presently employed by Hood Pharmacy. The bridegroom is employed by Cabot Corp. Machinery Division.

## PRE-NUPTIAL EVENTS

A miscellaneous shower honoring the bride was hosted recently by Debbie Lamer, Sandra Sims, Cathy Carpenter, Cheryl Williamson and Aleta Hall.

## OUT-OF-TOWN GUESTS

Attending the event from out-of-town were Mr. and Mrs. L.B. Weatherly, Panhandle; Mrs. and Mrs. Dick Weatherly, El Paso; Mr. and Mrs. Buddy Sharp, Sunray; Mr. and Mrs. Wayland Brock, Perryton; Mrs. Shirley Lamm, Perryton; Mr. and Mrs. Dean Beck, Perryton; Mrs. and Mrs. Curtis Woodring, Sanford; and Mr. and Mrs. Bob Lemons, Amarillo.

## Huston-Hill

Mr. and Mrs. F.J. Largent of Spearman, announce the engagement of their daughter, Teresa Hope Huston of Clarendon, to Randy Joe Hill, son of Mr. and Mrs. Ralph Hill, Clarendon. An Oct. 18 wedding in St. John the Baptist Episcopal Church, Clarendon, is being planned. The bride-elect is the granddaughter of Mrs. Jo Young of Pampa. Miss Huston, a 1972 graduate of Pampa High School, attended Clarendon Junior College. The prospective bridegroom, a 1972 graduate of Clarendon High School attended CJC and is presently employed with Chamberlain Motor Co., Clarendon.

## Committees Report At HD Council Meet

Mrs. W.K. Dougal, chairman, presided at the recent meeting of the Gray County Home Demonstration Council held at the Courthouse Annex. Seven clubs answered roll call with 16 members, one guest, and one agent present.

The following committees gave reports. Mrs. Bob Muncy, chairman of finance, Mrs. A.P. Coombes, chairman of family life, and Mrs. O.G. Smith, reporter.

Mrs. Ray Robertson, chairman of THDA, gave a short report and the state

meeting held in Amarillo recently. She reported 835 registered for the annual meet.

On Oct. 21, the Council will meet and each member is asked to bring a covered dish, which will be served at noon. All club members are invited and are also asked to bring a gift they have made as a Christmas suggestion.

The three delegates who attended the state meeting in Amarillo, will also give their reports at this time.

Elaine Houston, County Extension Agent, made the following announcements. Oct. 7, a training school on the use of double knit scraps

will be held at 9:30 a.m. in the Courthouse Annex.

Oct. 10, rural Homemakers Day will be observed in the Hilton Inn in Amarillo. The president of each council delegate is urged to attend.

Oct. 24, at 1:30 p.m. Eugene McElyea, Agricultural Extension Service Instructor will speak at 2:45 p.m. in the Courthouse Annex. He is from A&M College at College Station.

On the same day, Don Lane, local attorney will also speak at 2 p.m. on "Wills" and general administrations.

By MRS. ELAINE HOUSTON  
County Extension Agent

to scrub the spout and basket stem. An occasional special cleaning also helps keep the appliance from making bitter coffee. If it is lined with aluminum, fill the pot with a solution of one tablespoon cream of tartar for each two cups of water. Then perk this solution through.

If the coffee pot lining is glass, stainless steel, chrome or pyroceram fill the pot with a solution of a tablespoon and a-half baking soda to each six cups of water. Again perk for a short period of time.

Another method of cleaning is use a commercial coffeemaker cleaner. Following the directions carefully and be sure to rinse the pot well after any cleaning method you use.

**EASY START**  
DETROIT (UPI) — Cars start quicker and easier if accessories and headlights are turned off before the ignition is turned on. The additional drain on the battery reduces the power needed for the hot spark to start the engine.

## At Wit's End

**By ERMA BOMBECK**  
Ever since "Diary of a Mad Housewife" came out, the women in my card club have felt like a bunch of losers.

The closest any of us ever came to indiscretion was Cindy. Her butcher leaned over once and and whispered, "Are you ready for a tryst?"

Cindy thought he said trip and shouted back, "Not till the last two weeks in August when Ed get his vacation. I'm a homeroom mother this year and there are some things you can't delegate."

What triggered the whole discussion on infidelity was a letter we all read in one of the advice columns from a woman who had set down rules on what to do if a married man had a heart attack in your apartment. She was as cool and as clinical about it as if she was listing instructions on how to get the rust out of your steam iron.

We all decided there are two groups of women in this world. There are married women who don't look married. And there are women who are born looking married.

If you don't know which one you are, check the following. If you see yourself in any of the situations, you're married.

When your husband's best friend leans close on the

dance floor and whispers in your ear, "What are you doing the rest of my life?" and you answer dryly, "Waiting for my washer repairman."

When a tall, dark, handsome stranger takes your hand and asks you to dance and you answer, "I can't. My panty hose just shifted and with the slightest movement they'll bind my knees together."

When the bread man pins you to the sink and confesses he is feverish, can't sleep and is half-crazed and you ask him if he had his flu shot.

When a Robert Redford lookalike invites you to have a cup of coffee after your evening class and you order an onion sandwich.

When you are invited by the office single dude to join him for a weekend and bring a friend — and you bring your husband.

When a party reveler asks, "Have you ever thought of leaving your husband?" and you answer, "Where?"

No one talks about fidelity anymore. It's just something you hope is still around — and insignificant numbers. And when the Coast Guard band strikes up Semper Fidelis and your husband says, "They're playing our song. You wanta dance?" you know you're married.

## 'Travel With Flowers' Is Annual Flower Show Theme

Entries for the Pampa Garden Club fall flower show "Travel With Flowers" may be made from 6-8 p.m., Friday, and 8-9:30 a.m. Saturday at the M.K. Brown Auditorium, west side of the lobby. The standard show is being held in conjunction with the Top O' Texas Arts and Crafts Festival.

All Gray County amateur growers are encouraged to enter their cut flowers, plants and shrub branches for judging, which will be done by six National Flower Show Judges from the Panhandle area. The show is free to the public and will open at 12:30 p.m., Saturday.

Additional features will include educational exhibits. The U.S. Soil Conservation office will have an exhibit on outdoor classrooms in Pampa. Mr. W.L. Campbell will have an exhibit on orchid growing. There will be a display of publications available through the National and State Garden Club organizations, a display of the M.K. Brown landscaping plan and project, a display of the park landscaping projects of the Pampa Garden Club, and a display of the Girl Scout project of landscaping the Santa Fe Park at Cuyler and Atchison.

A sales table will include plants, dried arrangements and materials, cones, rose jars, floral calendars, and Texas State Garden Clubs. Inc. stationery. Tickets for a \$1 donation will be sold for

LARA LEE COCKRELL  
A rose for the Flower Show

an exotic house plant which will be given away at a drawing on Sunday afternoon.

The artistic division will include arrangements made of dried as well as fresh

flowers. Classes open to the public include a dried material assemblage - collage titled "Among My Souvenirs;" "Sails in the Sunset," a mum arrangement; and "It's A

Small, Small World," a miniature arrangement.

In the horticulture division cut flowers will include the chrysanthemum, with one bloom required for any variety except the cushion, which must be a spray. In the dahlia section one bloom is required if four inches and over, and three blooms for under four inches. Rose entry requirements are one bloom for grandiflora and hybrid tea varieties and one spray for floribunda. There are classes in the mum and rose divisions for a collection of five different varieties, labeled.

Annual flower classes include aster, three blooms; Bells of Ireland, one stem; calendula, three blooms; celosia, one stem; petunia, three blooms; zinnia, three blooms. Marigolds with blooms three inches or more require one bloom; under three inches, three blooms. Perennials include daisy, one stem; geranium, one umbel; hibiscus, one bloom. Those not listed may be entered in a miscellaneous division and only one stem or bloom is required.

Potted plants may be in any type pot but must not exceed ten inches.

African violets, begonias, and other flower plants and foliage plants, cacti, and succulents are included in the plant division. Shrub branches must be between 18 to 24 inches in length, and they may be berried, needled evergreen, broadleaved evergreen or vine variety.

There will also be a youth division for both horticulture and arrangements. For further information contact Mrs. E.L. Hudson.

Horticulture specimens must be brought to the show in cellophane bottles with water. The Club will furnish display containers and labels.

First, second, third, and honorable mention ribbons will be awarded where merited. There will also be a number of special awards.

Lara Lee Cockrell, (shown in photo on this page), daughter of Mr. and Mrs. Lee Cockrell, is viewing a rose her grandmother Mrs. Holly Gray plans to enter in the horticulture division of the fall event.

For any additional information call Mrs. Holly Gray, 5-8821.

## Worthwhile Members Feted With Luncheon

A luncheon was hosted recently by Mrs. Janice Carter with Mrs. Gladys Stone, co-hostess, for member of the Worthwhile Home Demonstration Club. President, Mrs. Maggie Smith, presided and roll call was answered with "the best party I ever attended."

Mrs. Pauline Beard explained club programs through March and members completed their year books.

Mrs. Cora Lee Robertson reported of the state meeting telling of the workshops on citizenship and cultural arts she attended.

Mrs. Gladys Stone and Mrs. Janice Carter gave a demonstration on preparing an easy chicken dish, which was eaten at lunch.

Mrs. Dora Dougal and Alma Jaynes gave a demonstration on how to build a terrarium, explaining to use a clean glass jar containers, add gravel to bottom and put in small charcoal for filter; use moss in larger size container, and potted soil and filling less than one half full. Do not remove soil from the roots of plants as they are already started. Do not put in direct sunlight and use very little water.

If the plants grow too tall, pinch the top off, and when the inside begins to get dry, add more water. Pretty rocks and colorful animals can be added for color.

Mrs. Stone presented the recommendations to be added to the constitution and by-laws for the club. All were passed.

Mmes. Maggie Smith and Janice Carter will attend The Homemakers Rule Day in Amarillo, Oct. 10.

Members present were Mmes. Corinne Wheeler, Janice Myers, Corinne Bell, Mina Benham, Pauline Beard, Dena Carter, Alta May Skaggs, Alma Jaynes, Maggie Smith, Mattie Brown, Cora Lee Robertson, Dora Dougal, Estelle Purvis, Edna Daughettee, Gladys Stone and Janice Carter.

Guests were Mrs. Gayla Felan and daughter Tanya.

The next meeting will be Oct. 4 at 2 p.m. at the courthouse annex, with Mmes. Alta May Skaggs and Corinne Wheeler, co-hostesses.

## Understanding Death

**COLLEGE STATION** - Americans seldom speak openly of death. It still remains a forbidden topic, one family life education specialist said this week.

"People keep their feelings about death and dying to themselves because of fear, uncertainty and a feeling of helplessness," Ilene Carrington, Texas Agricultural Extension Service, The Texas A&M University System, said.

She pointed out that even when a family member or close friend is critically ill, there is often an attempt to keep the news from the patient.

"Most critically ill patients know they are dying by the change in attitude and actions of those around them. The family avoids discussion of death in an attempt to protect the individual."

"The patient may not have an opportunity to express feelings or to grieve for what he is losing at a time when he has a tremendous need to be loved and wanted, the individual may be excluded by his loved ones in their own grief and desire to spare him from knowing he's dying," she noted.

But families need to learn to listen to the patient during this difficult time. The person needs to know he is still important and loved as he is.

Families can never completely understand how the dying person really feels or what he's experiencing. The specialist noted that Dr. Elizabeth Kubler-Ross's study of patient reactions does provide some insight as to how the dying feel, and can help prepare families for this event.

"The dying person's first reaction is one of shock and

denial. As the individual realizes he is dying, he may express anger, resentment, or bitterness. The anger may be directed at those closest to the patient.

"Family should not be misled by these angry outbursts and withdraw - this is the time when their support and presence is desperately needed."

A third stage is a bargaining period. The patient still refuses to accept his illness and seeks to postpone his death. Most bargains are silently made and kept secret. They may be the result of guilt or regrets for past failure or neglect. Listening to the individual is important during this time, she continued.

"After the bargaining, the individual may become more depressed and withdrawn. The person may fear the unknown or he may grieve for the loss of health, independence and separation from family."

The individual also realizes he'll soon suffer

greater losses. During this stage, love and emotional support from the family are important. The individual needs the opportunity to grieve and to know he is cared for by those he loves."

Finally, most patients accept their impending deaths, if they are able to work through the other stages. There may be an extreme narrowing of interests and friendships as the quiet presence of a few becomes sufficient. Here is where the family needs the support of friends and one another.

"When one is dying, the importance of sharing feelings cannot be too strongly stressed. Being open and non-judgmental of one's family can reduce guilt and anger. Sharing this intimate experience can help provide greater acceptance and understanding of the process of dying," she said.

Manitoulin, an 80-mile-long island in Lake Huron, is the largest freshwater island in the world.

## Wheeler-Hapeman

Miss Reta Jolene Wheeler and Wilbur Howard Hapeman will wed Oct. 12 at Plainview United Pentecostal Holiness Church. Making the announcement are her parents, Mr. and Mrs. M.O. Wheeler of Plainview. Parents of the bridegroom - to be are Mr. and Mrs. G.W. Hapeman, 330 N. Davis, Pampa. The bride-elect is a 1974 graduate of Plainview High School and is employed by TGY stores of Plainview. The prospective bridegroom is employed with the J.S. Skelly Fuel Co., of Pampa where he has been employed since graduation from Pampa High School in 1967. He is a 1974 spring graduate of Wayland Baptist College.

### Miss Homer Named Choir President

**NOTRE DAME, IND.** — Paula Homer, daughter of Mr. and Mrs. Hubert J. Homer, Pampa, has been elected President of the Collegiate Choir of Saint Mary's College, Notre Dame, Ind.

Miss Homer is a senior music major at Saint Mary's, the nation's first legally chartered Catholic College for women.

The Collegiate Choir, a 60-voiced chorus of men and women from Saint Mary's College and the University of Notre Dame, is the subject of "I'm Gonna Sing," a film made during the group's first European concert tour during the summer of 1973.

This past summer the choir participated in the Vienna Symposium, and performed in Austria, England, and France.

Saint Mary's College offers four-year courses in the liberal arts and sciences, leading to degrees of bachelor of arts, bachelor of business administration, bachelor of music, bachelor of fine arts and bachelor of science.

## VFW Auxiliary Announces Annual Buddy Poppy Sale

Ladies Auxiliary to Pampa Post No. 1657, Veterans of Foreign Wars of the United States met Tuesday Oct. 1, 7:30 p.m. in VFW Hall. The business meeting was conducted by the president, Mrs. Bill Leonard. She announced the annual Buddy Poppy sale would be held Friday Oct. 25th.

The participation program requirement for the month was met by contributing to the Christmas Fund at the

National VFW Home.

A letter was read from Lucille Suchina, state legislative chairman, stating the firm stand of the Ladies VFW auxiliary in the "No Amnesty Doctrine" passed by the National Convention. A copy of the VFW's Resolution No. 401 was attached for information. She asked members to write their state legislators, as well as Senator John Tower and Senator Lloyd Bentsen asking that they oppose any

movement to grant unconditional amnesty to those men who refused to serve our beloved country.

Mrs. Leonard introduced Mona Parvin, president of District Nine and three of her auxiliary members. She spoke on the programs set out by the national organization for support of the Americanism and Loyalty Day, Buddy Poppy, Cancer Aid and Research, Community Activities, Junior Girls Units, Legislation, National Home, Publicity and Public Relations, Rehabilitation, Safety and Drug Abuse, VAWS - Hospital and Youth Activities and VOD. A \$10 award to the auxiliary participating in the most programs will be given.

Mrs. Parvin invited members of the auxiliary to

attend a Homecoming day celebration honoring Billie Rhoades, State president of Amarillo, to be Saturday Oct. 5, 2 p.m. at the Golding Meadows Post Home, 1401 West 8th, Amarillo. A dance will be held in the evening.

Hostesses for the meeting were Edna Hines and Catherine Cox. A Halloween motif, with colored fruit and vegetables scattered from a fruit basket, decorated the serving table. Cookies, candies, and coffee were served to members and guests present.

Next meeting will be held Oct. 25.

Officials cannot agree whether the state of Maine was named for Maine, an ancient French province, or whether it is a corruption of the word "mainland."

**WILL HEAD FHA** — Recently installed officers of a FHA chapter at Pampa High School for the 1974-75 school year are from left, front row, Pat Prichard, third vice president; Dottie Johnston, second vice president; Dick Blaine, fourth vice president; and Kenneth Bennett, treasurer. Standing from left are Jackie Curtis, president; Bobby Stout, secretary; Scott Towles, reporter; Mike Taylor, first vice president; and Mrs. Thomas Lester, sponsor.

### Allegro Club Members Study Folklore Music

The program "A Backward Glance At 200 Years of Music," was presented by Mmes. W.R. Whitsell, Allan Wise, Philip McCarley and Robert Johnson at the recently held meeting of Twentieth Century Allegro Club. Mrs. W.R. Whitsell was hostess.

Mrs. McCarley gave a resume of the folklore and history of this music.

As Mrs. McCarley narrated, Mmes. Wise, Johnson and Whitsell sang the song that depicted the era being described.

Members joining in a sing-along during the program were Mmes. Whitsell, McCarley, Wise, Johnson, John Reeve, R.E. Reid, Kenneth Giggy, Robert Mack, Tom Coffee and Dick Maxey.

## The Woman's View

By GAY PAULEY  
UPI Women's Editor

**NEW YORK (UPI)** — More women than ever before are holding jobs outside the home so nothing could be timelier than a look at the working woman's rights under federal law.

The U.S. Government has packaged it neatly in a booklet because of the great increase in the number of women in the labor force. Within one decade—1963 to 1973—the number of women workers aged 16 and over increased by nearly 10 million, or 40 per cent, when it climbed from 24.7 million to 34.5 million.

The number of men workers increased by only 15 per cent during this period.

It should be pointed out immediately that federal legislation on rights apply to the men as well, however.

Not only are more women working, but they tend to work for longer periods of time—many for a stretch of 20 to 25 years after their children have entered school.

### Lefors Beta Chi Plans Yule Event

Beta Chi, Lefors chapter of Kappa Kappa Iota, met in the home of Mrs. Merray Stroud recently.

The roll was called by Mrs. Howard Archer, president, and business consisted of planning for the Senior Citizen Christmas party to be held Dec. 12 in Lefors Civic Center.

Those present other than the president and hostess were Miss Ardell Briggs, and Miss Norma Lantz and Mmes. R.V. Bull, C.E. Fenno, Jerry Hartis, Jerrel Junila, and Loyd McKnight.

The next meeting will be in the home of Mrs. Robert Skaggs, Oct. 28, at this time decorations for the Christmas party, will be made.

### Sorority Has Bridge Party

Phi Epsilon Beta Chapter of Beta Sigma Phi kicked off the new sorority year with a card party at the Reddi Room of Southwestern Public Service Company, recently.

Hostesses for the event were Susan Buchanan, Nelda Savage, Kay Newman, and Linda Newman.

Members and their husbands who played Panhandle Bridge were Bill and Linda Forman; Billy and Cathy Scribner; Boyle and Linda Newman; Cecil and Kay Newman; Phil and Nelda Savage; Clifford and Joyce Pulse; Gary and Susan Richardson; and Susan Buchanan and Debbie Stubblefield.

Guests attending were Arnie and Brenda Little.

Cathy Scribner proved to be the card shark and took home a card caddy for her high score and Nelda Savage won the door prize.

Refreshments of mixed finger sandwiches, chips and dips and cookies were served.

In addition, many women in their 40s and 50s returning to the labor force are unaware of their rights," said the booklet, just released from the Women's Bureau, the U.S. department of Labor. The publication compiles general information on federal legislation as of January 1974. It covers matters of seeking a job, on the job, and when women retire.

On getting a job, for instance, the bureau points out there now are about 400 apprenticeship occupations in the skilled trades. Your nearest employment service or state department of labor can help you on the list and how to go about apprenticing.

One section is devoted to "You have a right to complain." This includes if an employer's advertisement for employees carries a sex label, an employer refuses to let you file an application but accepts applications of others.

A union or employment agency refuses to refer you to job openings, you are fired or laid off without cause, you are passed over for promotion for which you are qualified; you are paid less for comparable work.

You are placed in a segregated seniority line; you are left out of training or apprenticeship programs.

"And the reason for any of these acts is your sex, race, color, religion or national origin." ALSO, your employer provides racially segregated lunchrooms, locked rooms, restrooms or recreation facilities.

The longer life and working life span of women may account for the government's age discrimination in employment act. It prohibits employers, employment agencies and labor unions from discriminating on the basis of ages 40 to 65 in hiring, firing, promotion or other aspect of employment. In some areas, there must be an unwritten policy of non-discrimination, no matter what the age.

For the other day I bought a storm coat in a Fifth Avenue department

store from a saleswoman who confided she was "86 and I refuse to retire". But for us both, it was a good thing the charge plate operated on a computer. Neither of us could read the fine print of the number.

The government booklet reminds that there may be no discrimination based on sex in earnings, including overtime pay and most fringe benefits. It requires equal pay for men and women in the same establishment performing "substantially equal work requiring equal skill, effort and responsibility. The work does not have to be identical."

The publication covers the matter of benefits under Social Security. This is a detailed analysis in the booklet, but the one thing that stands out is—"As a wife, if you have worked and are eligible for retirement benefits on your own earnings record, you get benefits either on your own record or on your husband's, whichever gives you the larger amount."

There's inequity buried here somewhere because if both husband and wife accrue benefits under Social Security, why should only one collect? But that's another column.

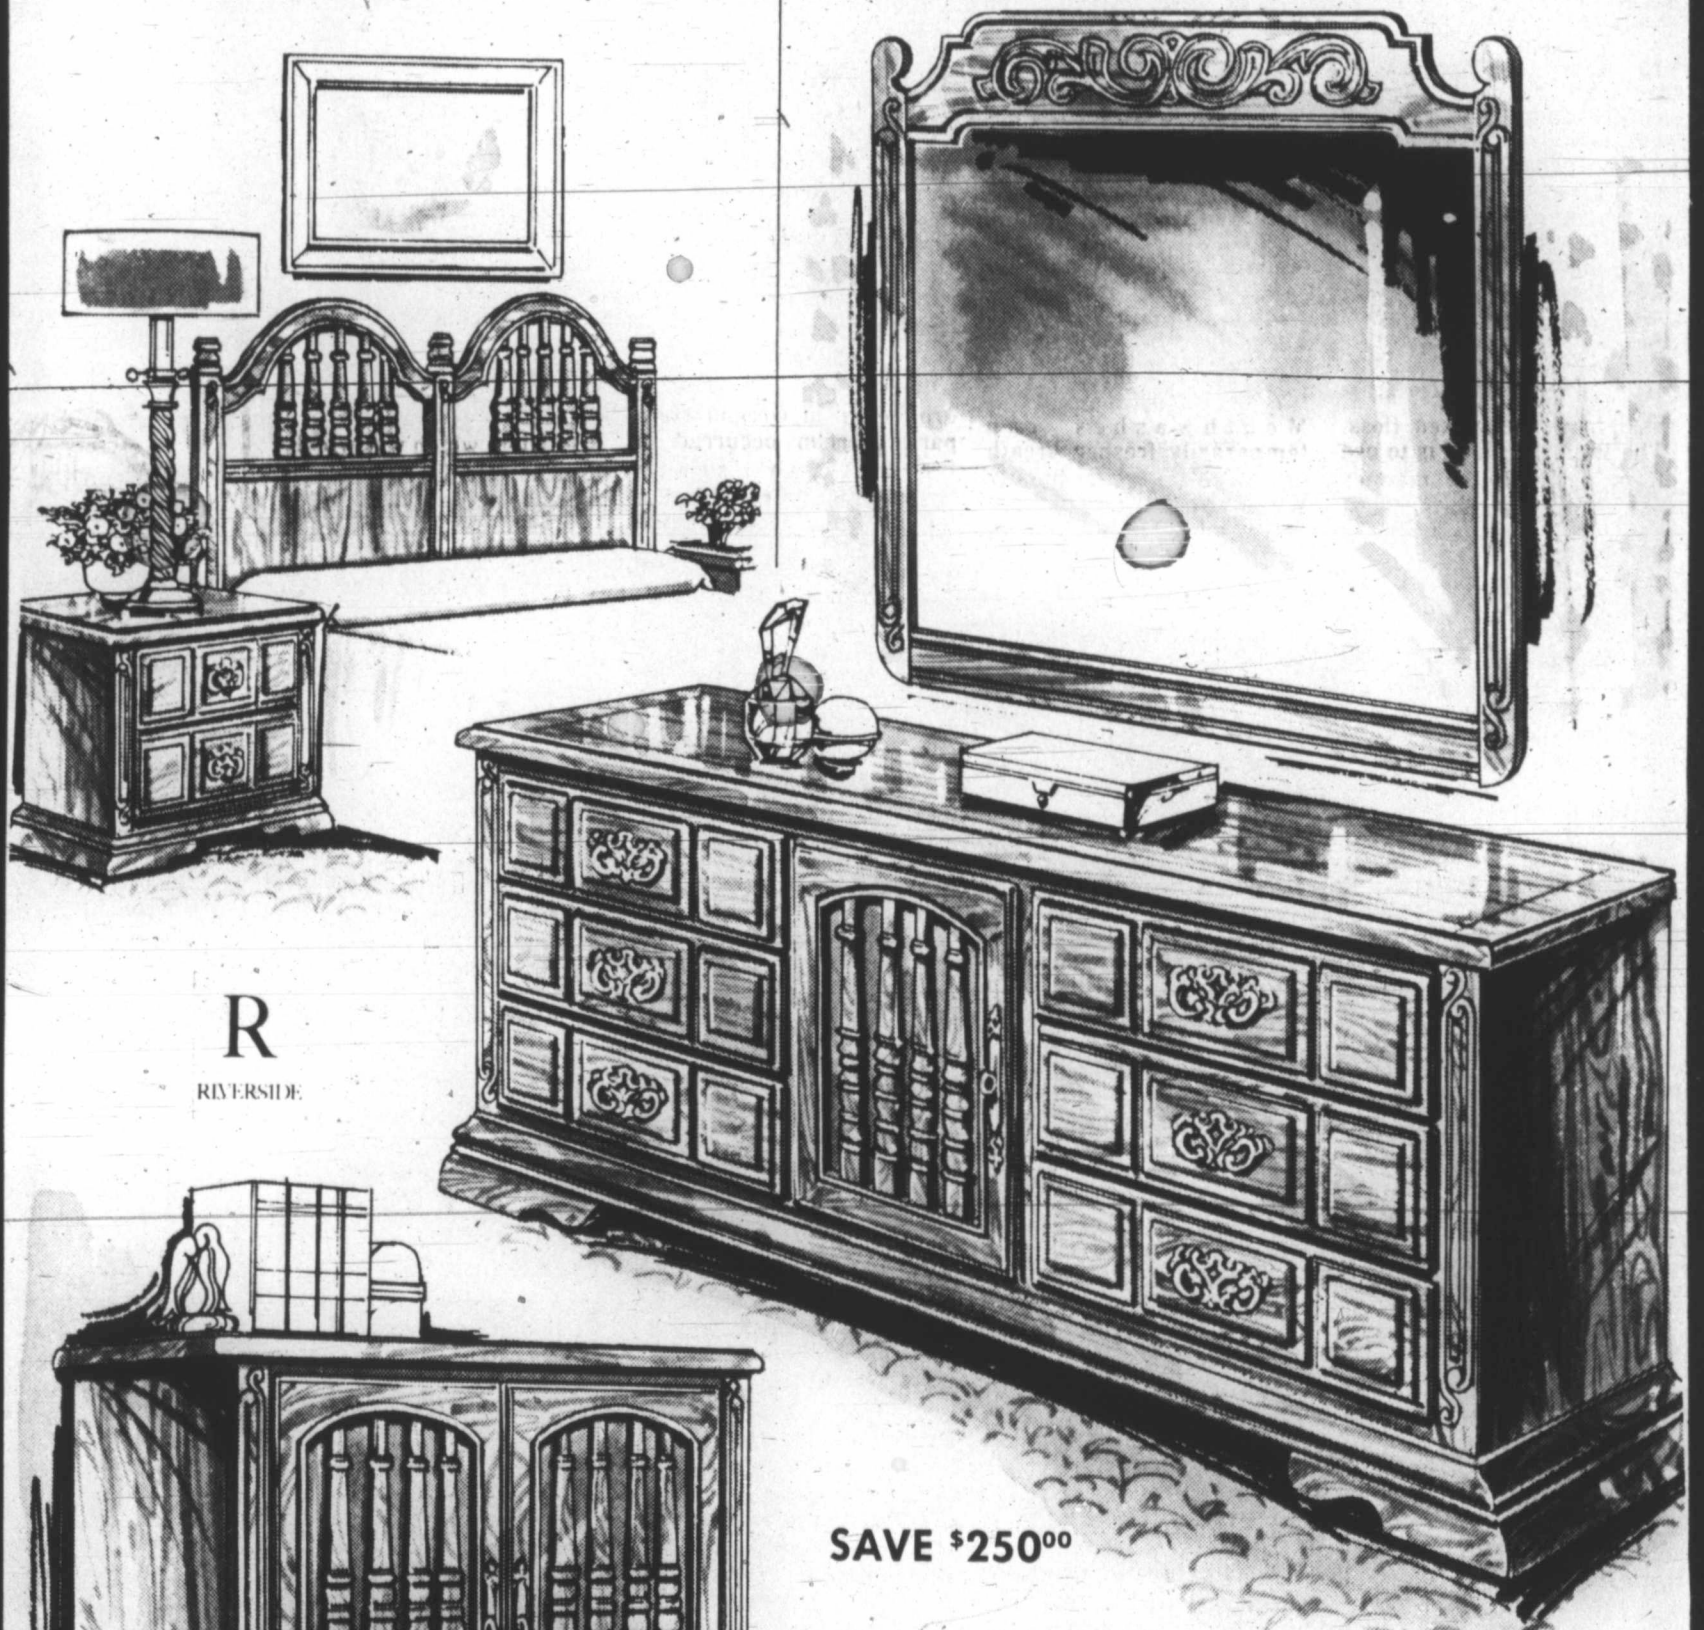

(Editor's note: A copy of "A working Woman's guide to her job rights" is available for 60 cents from the Superintendent of Documents, U.S. Government Printing Office, Washington, D. C., 20402).

**SERVICE ENDS**  
**SEOUL (UPI)** — Korean Airlines, South Korea's flag carrier, has terminated its flight service between Seoul and Taipei because of a decreasing number of passengers to the island of Taiwan, KAL officials said.

They say Japanese tourists, who normally accounted for four-fifths of KAL's Taipei-bound passengers, do not visit South Korea these days because of rising diplomatic tensions between Seoul and Tokyo.

## ANNIVERSARY SPECIAL OAK masterfully crafted into a delightful grouping!

An English country craftsman working with pride and skill might have made this bedroom collection for landed gentry in an earlier time.

SAVE \$250<sup>00</sup>

### ON THIS COMPLETE GROUP AS SHOWN

Sherwood Oak is so carefully constructed, finely designed, and masterfully finished, the pieces look like handmade antiques with a timeless classic beauty. Solid rural oak and select oak veneers with a warm wheat finish, is physically distressed and has hand padded highlighting which defines and enriches the woodgrains, a process normally found in more expensive furniture. Doors in the lovely triple dresser and handsome armoire are styled with solid oak spindles and drawer fronts appear to have a worn look... all perfectly complemented by antiqued brass alloy hardware... plus, heavy oak pieces are easily moved on rolling casters. See the elegant arch and spindle headboard and gracefully carved frames on the twin mirrors. Sherwood Oak will be a bedroom collection you'll love living with today and tomorrow.

## How To Become A Wise Dental Consumer

**NEW YORK (UPI)** — Is a battery operated toothbrush better for your teeth than a regular one?

And what about those oral irrigating devices? If you use one of these to clean teeth and flush food particles from gums, can you give up a toothbrush?

Knowing the answers to such questions can help you to become a wiser dental consumer. There are other questions for families wanting to know more about proper care of teeth and gums.

The American Dental Association, to help laymen, packs the answers to these questions and others in a new pamphlet — "How to Become a Wise Dental Consumer."

The following excerpts from the pamphlet answer the questions posed above and others:

**Manual Toothbrushes and Dental Floss:** Two dental products, floss and toothbrushes, are simple in design and functional. The floss comes waxed and unwaxed. While many dentists recommended unwaxed as doing the better job of removing bacterial plaque, persons with tightly spaced teeth might find it easier to use waxed floss. The important thing is to use floss daily in the manner prescribed by your dentist or his auxiliary in order to remove the plaque — a major cause of tooth decay and periodontal or gum disease.

A special toothbrush may also be recommended by your dentist. The type that matches the needs of the greatest number of people is a brush with soft, multi-tufted, rounded bristles. Be certain that the head of the brush is small enough to reach all accessible areas.

**Powered brushes:** Powered toothbrushes are much more complex. The methods of obtaining power, the safety in design and various other factors are considered before ADA acceptance is given to a product. No one has been able to satisfactorily show that either manual or

powered brushing is superior. If the patient tends to be more thorough and consistent in his use of one type as opposed to the other, that type should probably be his choice. Because of the novelty, children may find the powered toothbrush appealing and use it more often than the manual toothbrush. Persons with certain physical handicaps often find powered toothbrushes easier to use.

**Oral Irrigating Devices:** These use a direct spray of water to remove loose food particles and other material from about the teeth. The ADA says they cannot take the place of either the toothbrush or dental floss in removing bacterial plaque, but for some persons they are an effective additional aid to promote oral cleanliness. Patients with orthodontic bands or fixed partial dentures in particular may find oral irrigators helpful. The ADA says in all cases the patient should seek the advice of his dentist on the manner in which to use oral irrigating devices. Persons with certain oral ailments may injure tissue with incorrect use of the pressure sprays.

**Mouthwashes:** Mouthwashes can temporarily freshen breath or sweeten your mouth. However, they do not remove plaque and cannot prevent decay or gum disease.

**Commercial mouthwashes** available without prescription are primarily cosmetic but unfortunately advertisers sometimes imply wider benefits. The ADA Council on Dental Therapeutics discourages the use of medicated mouthwashes for unsupervised use by the general public.

Offensive breath may indicate poor oral health or other bodily disorders. The dentist says a mouthwash simply masks the basic problem. The general use of mouthwashes can be considered to serve no greater purpose than as an aid in the removal of loose food and debris.

**Toothpaste:** Today's modern dentifrices

generally are in two forms: paste and powder. Pastes are the most popular. Thorough cleaning of teeth with toothbrush, fluoride dentifrice and floss helps control the buildup of dental plaque, a sticky almost colorless film that forms continuously on teeth and which leads to both decay and gum disease. To aid in the prevention of these, bacterial plaque should be removed from all tooth surfaces a minimum of once a day. For some people more frequent removal may be recommended by their dentist.

The family dentist can recommend toothpastes that are within the proper range of abrasiveness based on the patient's individual needs.

The booklet — "How To Be a Wise Dental Consumer" — is available for 15 cents from the American Dental Association, Bureau of Public Information, 221 East Chicago Ave., Chicago, Ill.

It also tells you how to reduce your dental bill — and how to select a dentist.

**FIRST DROP** — SALEM (UPI) — The first drop ever in Oregon state park tourism occurred in 1973, say state transportation division officials. They blamed the decrease on the gas shortage.

**HOUSEHOLD HINTS**  
United Press International Nutritionists say Americans eat more fats than they realize because they fail to take into account the fat content of such items as whole milk, nuts, potato chips, pastries, cream, gravy and french fries.

Heavily soiled areas on washables should be pretreated for more effective cleaning. Rub them with a solution of detergent and water before putting them in a washing machine.

For a professional look in home sewing, press each section of a garment as it is finished and give it a final overall pressing when the garment is complete.

Refrigerate leftover bits of cheese in a tightly covered container for later use in salads or as topping for casseroles or flavoring white sauce.

Many permanent press fabrics and synthetic knits need more moisture than a steam iron provides in pressing. For extra moisture, use a dampened press cloth.

A little imagination can stretch the life of children's clothes: a dress that is too short can be cut still shorter to make a smock type blouse.

Green, yellow, whole or split peas can be used interchangeably in many recipes.

Loss of bright uniform color in dried peas indicates staleness. Such peas take longer to cook than fresh ones, but their eating quality is not affected.

Loosely knit or stretch garments should be folded for storage. They may stretch out of shape if permitted to hang for a long time.

Remove spots and stains from summer clothing before you store it. Stains can be set permanently with age.

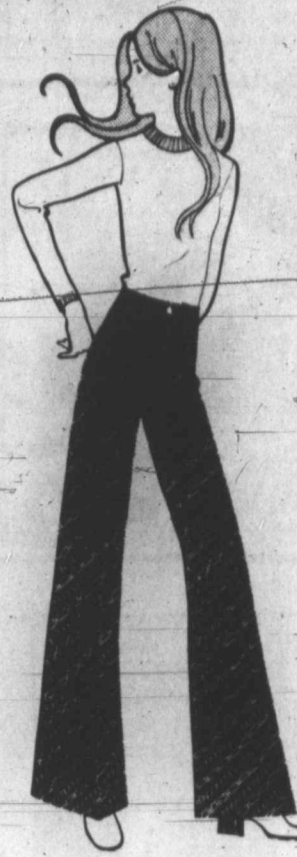

Pewter, which was widely used in colonial America, is a soft metal that needs careful handling and cleaning to prevent dents, stains and heat damage.

## Salad Supper Planned For PEB Chapter

Phi Epsilon Beta, Beta Sigma Phi, held their initiation honoring new members, Joyce Pulse, Linda Newman, Karen Skaggs, Susan Richardson, and Denise Roach, recently. After the initiation service, the regular meeting was called to order by Linda Foreman, president.

Socials were planned for the month of October beginning with a salad supper Monday, Oct. 7.

Debra and Randy Stubblefield will host the pre-party to the Harvest Ball Oct. 19.

Refreshments were served at the close of the meeting.

## Mrs. Campbell Cotillion Host

Members of Twentieth Century Cotillion Club held their first autumn meeting Tuesday, Oct. 1, in the home of Mrs. Jim Campbell.

A program entitled "Prelude to Revolution" was presented by Mrs. Glenn Fleming, first in a series of studies concerning the Bi-Centennial.

Among business discussed were plans for the annual Antique Show.

Other members present at the meeting were Mmes. Dan Puckett, Ed Brainard, Dean Copeland, R.T. Dunigan, Jim Hughes, Charles W. Lair, Jerry Kotara, Russell Neef, Fred Simmons, Al Smith, and Jack White.

# Heart Murmur And Overweight

By G.C. THOSTENSON, M.D.

Dear Dr. Thosten: Please explain the seriousness of a heart murmur along with high blood pressure and overweight.

My husband is 29 and about 20 pounds weight. When he was discharged from the service the doctors told him he had a heart murmur.

Although he has high blood pressure he insists on eating his steak very rare. He frequently has headaches and occasionally pain in the chest. I am worried because he refuses to see a doctor - Y.

A "murmur" by itself may mean nothing or may mean everything. A murmur is only an odd sound heard through a stethoscope. In a healthy individual, the best thing to do is forget about a murmur. Murmurs are, after all, not the least bit uncommon, and often are not even mentioned.

But - and this is an important but - when there are signs of illness, or potential health troubles, then a murmur begins to be significant.

Doctors frequently hear murmurs and don't even mention them. But I suspect that perhaps the reason the service doctors told your husband about his murmur

was because they WANTED him to become at least sensibly concerned about his health.

After all, he has at least two - and perhaps more, indications of future trouble unless he does something about them. He is overweight. He has high blood pressure. Both of these are things that can and should be corrected early, to forestall serious troubles later on.

At 29 he's young enough to start doing something about them.

Those headaches may (or may not) be related to his high blood pressure. The chest pains may (or may not) be indication of some developing heart trouble.

I would say it is virtually certain that if he starts now, he can do a great deal to preserve his health. I can say almost certainly that if he doesn't, he's on the road to the kind of troubles that can't be solved very easily - if at all - 10, 20 or 30 years from now.

People keep asking, "Why don't doctors do more preventive medicine?"

Your husband is one of the answers. He's having some warning, early in life, but he refuses to see a doctor. Even though he is blessed (although he evidently doesn't recognize it as a blessing) with some early warning signs.

Dear Dr. Thosten: If a person with a bad case of diabetes, taking insulin every day, goes into a diabetic coma, would that person die right away if he got no help? Or would he stay in a coma for a while - W.S.W.

He would not die suddenly. Without treatment he could be in a coma for three or four days before the acidosis and related consequences proved fatal.

Dear Dr. Thosten: I was told that quinine was the usual medication injected for hemorrhoids but that during pregnancy some other medication is used. Why?

Could a quinine injection endanger the embryo? - M.T.B.

When hemorrhoids are small they can be treated that way, but the amount of quinine is small. Still, it is avoided in pregnancy because it can be a factor in abortion or miscarriage, following the rule that is better to be safe than occasionally sorry.

Large amounts of quinine are ordinarily necessary to have any apparent effect in causing miscarriage, and even then it is not always effective. (And it can have other deleterious effects in any such quantities.)

So if your question is prompted by your having

had a quinine injection early in pregnancy, I would say that you shouldn't worry.

Hemorrhoids can be cured! If troubled with this or other rectal problems, write to Dr. Thosten in care of Dr. George C. Thosten, Box 1400, Elgin, Illinois 60120, for a copy of his booklet, "The Real Cure for Hemorrhoids." Enclose a long, self-addressed, stamped envelope and 25 cents.

**CHOOSING NAMES**  
NEW YORK (UPI) - Two-year-old Kalim ("King") Jabar ("Justice") Pearson was named from a list of African names circulated by members of the Five Percenters, a black religious group. "I wanted him to be aware that he was black," said Kalim's mother Sandra, a bookkeeper at a publishing concern. "This was his heritage so I looked for an ethnic name, but I had to search."

Mrs. Pearson is part of the trend towards choosing ethnic names for newborns that is chronicled by Sue Browder in "The New Age Baby Name Book" (Workman). To help parents find names that will reflect their heritage the book lists more than 3,000 names from cultures all over the world. Each is presented with its meaning, source and pronunciation.

# Win No. 4! Defense Shines

By PAUL SIMS  
Pampa held Canyon's usually potent offense to only 74 yards while forcing nine turnovers and turning five of them into touchdowns as the Harvesters remained unbeaten with a 33-0 win over the Eagles before an almost full house in Harvester Stadium Friday night.

The game, which left Pampa with a 4-0 record, marked the fourth consecutive time the defense did not allow a touchdown. It was also the fourth time Pampa rolled up over 300 yards total offense and the third time Pampa has shut out a 1-AAA opponent.

Perryton lost by the same 33-0 score two weeks ago in the Harvesters' last outing. But against the Eagles, the Harvesters were much more impressive, and according to Canyon head coach Ron Mills, the score should have been more lopsided.

"We played pretty good defense," said Mills, "because any time you give a team the ball as much as we did, they should score a lot more than 33 points." Mills added, "This is the sorriest I've ever had a ball club play in 17 years. We're not near the ball club we were two weeks ago."

Seven fumbles and two intercepted passes helped Pampa in the win. All five touchdowns were set up by Canyon miscues.

Here's how Canyon's "chokitis" turned out to be fatal:

**Ward Fumbles**  
1. On the first play from scrimmage in the contest, fullback Jimmy Ward fumbled and Pampa's Ron Willett recovered on the Canyon 29. Eight plays later, halfback Tim Thornburg put Pampa ahead with a one-yard plunge off left tackle. Joe Coutts booted the extra point with 7:51 left in the quarter.  
Score: 7-0

2. Pampa kicked off, and on Canyon's first play Ward fumbled, and Pampa's Coy Free fell on the ball. On the Harvesters' first play from the Canyon 28, Chuck Quarles passed to split end Howie Lewis, who was alone in the end zone. Coutts kicked the point after with 7:18 left in the opening period.  
Score: 14-0

3. Pampa kicked off, and this time it took Canyon two plays to lose the ball. Garre Grone was intercepted by defensive back Dave Edwards, giving the Harvesters the ball on the Canyon 25. Seven plays later, halfback Rick Leverich spun around right end for the third touchdown. Coutts' kick was again successful.  
Score: 21-0

4. Early in the second quarter Pampa punted and Johnson, who called for a fair catch, let the ball bounce under his legs as Mark Baird recovered on the 18. Two plays later, Thornburg ran off right tackle with 8:24 left in the first half. Coutts' kick this time went wide.

Score: 27-0  
5. Lewis Dinkins recovered a fumble for Pampa in the third quarter, turning the ball over at the Canyon 10. Pampa scored in four plays with Quarles hitting Kory Gamblin on a five-yard pass play. With 3:40 left in the quarter, Coutts again missed the PAT try.

Score: 33-0  
Although mistakes hit Canyon like an epidemic, the visitors didn't give the game to the Harvesters, who played almost flawlessly even though Quarles was intercepted twice.

**Canyon Physical**  
Canyon, which has always been noted for its physical style of play, let Pampa know that AAA schools can hurt you just as badly as a AAAA team. Quarles sustained a broken thumb and will be out for an

undetermined number of weeks. Leverich suffered a sprained ankle and missed the last half. And Defensive end Kelly Baker was badly bruised after a hard tackle.

Pampa overcame the Eagles' aggressiveness and again turned in an admirable night's work, racking up 367 total yards—229 on the ground and 138 through the air. Quarles, who replaced by John Agan in the third quarter, connected on six of 13 passes. He also rushed six times for 32 yards.

Pampa's leading rushers was Thornburg with 77 yards on 11 carries, which included runs of 22 and 19 yards. He was followed by fullback David Smith, 14 carries for 38 yards; Agan, six for 33, and Leverich, five for 32.  
Canyon's top rusher was

Johnson with only 28 yards on nine attempts as the Harvesters, when not recovering a fumble or intercepting a pass, were stopping the Eagle offense other ways.

Once Pampa stopped Canyon on downs after the Eagles drove to Pampa's 14-yard line late in the third quarter. The crowd of around 5,000 then gave the defense an ovation for refusing to be scored upon.

**One Completion**  
Canyon's two quarterbacks passed nine times between them and only completed one. "We played real good for a team with a week lay off," said Harvester coach John Welborn. "The guys played with enthusiasm and a lot of hustle. Our line's getting better every week." And the defense? "Yeah, they really get after it."

Pampa will try to keep its winning and defensive streaks alive next Friday as the Harvesters visit tough Lubbock Monterey.

## Razorbacks Rout Horned Frogs

FORT WORTH, Tex. (UPI) — Running back Ike Forte and quarterback Mark Miller each scored twice and Scott Bull threw two touchdown passes Saturday

night in a 49-0 Arkansas thrashing of outclassed Texas Christian, the Razorbacks' 16th straight win over the Horned Frogs. After being held in its own

end of the field for most of the first quarter, Arkansas scored twice in a 71-second span and went on to pick up touchdowns on seven out of eight possessions against

the demoralized Frogs. TCU's cause was worsened by the loss of its chief offensive threat — running back Mike Luttrell — with a knee injury.

The Arkansas victory in the opening Southwest Conference game for both teams gave the Razorbacks a share of the early league race with Texas Tech. It was Arkansas' third win in four games and TCU's third loss in four contests.

Blister feelings on both sides led to several minor skirmishes and 407 yards worth of penalties were dealt by the officials.

Forte, a junior college transfer, scored the Razorbacks' first two touchdowns on runs of 23 and two yards. Miller scored on keepers of five and seven yards and Bull, who came in to replace Miller at quarterback, hit Freddie Douglas with a 74-yard scoring toss and Elijah Davis with a 20-yard touchdown toss.

**West Texas Belts Eagles**  
CANYON — West Texas State walloped the Southern Mississippi Eagles, 31-6, Friday night here, as the Buffaloes upped their season record to 1-1.

West Texas will visit Idaho next Saturday.

## Texas Tech Slips By OSU

LUBBOCK, Tex. (UPI) — Sophomore quarterback Tommy Duniven led the seventh-ranked Texas Tech Red Raiders to two quick second quarter touchdowns to beat 10th ranked Oklahoma State 14-13 Saturday night.

Duniven threw 16 yards to flanker Larry Williams for one and tailback Larry Issac dashed the final yard of another scoring drive as

the Raiders came from behind.

The Cowboys scored first on a 40-yard gallop by quarterback Charlie Weatherbie and added a two-yard blast by halfback Skip Taylor to bring Oklahoma State within a point with nine 9:23 left in the third quarter.

The final quarter turned into a defensive battle as

each team struggled to get an offensive drive going.

With 10 seconds remaining Oklahoma State's Abby Daigle tried a 68-yard field goal but the ball fell short and Texas Tech took over with three seconds left.

The victory left Texas Tech with a 3-0 record for the season and dropped Oklahoma State to 2-2 for the year.

## Campbell Paces Longhorns To 35-21 Win Over Huskies

AUSTIN, TEX (UPI) — Freshman fullback Earl Campbell thundered for 125 yards and one touchdown Saturday to lead a potent Texas rushing attack over pass-minded Washington 35-21.

The Longhorns, who fought to contain the Huskies' passing game throughout the first half, controlled the ball for 11 minutes of the third period while Campbell rolled up 88 yards and Texas pushed the game out of reach.

Five different Texas players figured in the scoring.

Quarterback Marty Akin, all-America fullback Roosevelt Leaks, and freshman Jimmy Walker all

accounted for Longhorn scores in the first half.

Akin gained 48 of the 70 yards the Longhorns marched for their first score, making the final 10 on an option play. Leaks, recovering from knee surgery, played behind Campbell and scored from the one. Walker raced three yards for another Texas score.

Washington kept it close in the first half on two touchdowns: passes from Chris Rowland to tight end Robin Earl from 40 and 22 yards out.

Gralyn Wyatt capped a 66-yard, third period drive for Texas, then Campbell banged through the Washington defense for 44

## Blair, Grich, Robinson Hit Homers, A's Lose

OAKLAND (UPI) — Paul Blair and Bobby Grich each homered and drove in two runs while Brooks Robinson added a homer to his usual allotment of fine fielding plays Saturday in leading the Baltimore Orioles to a 6-3 victory over the Oakland A's in the opening game of the American League playoffs.

The Orioles, who wound up the regular season with nine consecutive victories, finally caught up with Jim "Catfish" Hunter, who had beaten them seven times in a row.

They chased the durable A's righthander, who was a 25game winner this year and is the leading candidate for Cy Young Award honors, during a four-run fifth inning rally featuring homers by Robinson and Grich.

Blair gave an indication of what was to come when he homered inside the left field foul pole in the first and before the game was over the Orioles picked up 10 hits off three Oakland pitchers, eight of them coming off Hunter.

Mike Cuellar, a 22-game winner for Baltimore this year but loser of three of four decisions to the A's, had the A's beaten 6-2 when they put runners on second and third with none out in the ninth. Manager Earl Weaver, who had relegated 18-game winner Ross Grimsley to the bullpen for

the playoffs, didn't waste a second bringing in the lefthander, who retired three batters in order to wrap it up.

"I don't think Hunter was as sharp as he'd like to be," said Weaver. "That's as good as we have hit him in the last three years. Still, we won the opening game of the playoffs last year and we never got to the series. The only time I'm going to

breathe easy is when we get that third victory."

Robinson, who always seems to shine in post-season play, said Hunter looked the same to him. "He never varies that much," said the Orioles' perennial Golden Glove. "Maybe he didn't always get the ball where he wanted to, but I don't think he was any different than he usually is."

The A's, who reached Cuellar for nine hits before finally getting him out of the game in the ninth on a pinch-hit single by Jesus Alou and a pinch-hit double by Claudell Washington.

## PHS Golfers Wind Up 7th In Fall Meet

PLAINVIEW — The Pampa High golf team wasn't quite as successful as it was in its first fall tournament when it won in Hereford, but Saturday the Harvesters were still impressive, finishing seventh in a field of 15 teams in the Plainview Fall Invitational Tournament, Pampa's second event of the fall season.

Pampa's scores were: Wiley McIntire, 74; Randy Weston, 78; Mickey Loew and Scott White, 81 each, and Curt Beck, 85 (dropped). That gave Pampa a 314 team total, two shot behind sixth place Plainview and ahead of every district 3-AAA team except Amarillo High.

Midland High won the tourney with a 295, followed by the Sandies, 297; Lubbock Coronado, 299; Midland Lee, 306; a second Midland Lee team, 306; Plainview, Pampa and the other eight teams.

Kirk Brahan and Greg Luthe of Midland High and Dave Alexander of Lubbock Coronado tied for medalist honors with 71.

"We had a lot of penalty shots," said Pampa coach Deck Woldt. "The double and triple bogeys really hurt us, probably cost us four, five or six shots."

Pampa will host the next fall tournament Friday.

SUTTON HURLS 4-HITTER

# Dodgers Blank Pittsburgh In Playoff Opener, 3-0

PITTSBURGH (UPI) — Don Sutton, baseball's hottest pitcher over the last two months, turned the ordinarily destructive Pittsburgh Pirates' bats into so much sawdust with a four-hitter Saturday and hurled the Los Angeles Dodgers to a 3-0 victory in the first game of the National League playoffs.

Sutton, who won nine games in a row and 13 of 14 to close out the regular season, did not allow more than one baserunner in any inning but the second and held baseball's hardest hitting team to just four singles in leading the Dodgers to their first victory this year at Three Rivers Stadium.

The Dodgers, now need only two more victories in the best-of-five series to clinch their first pennant since 1966.

Only Willie Stargell among the Pirates' array of power hitters was able to do anything against Sutton's assortment of pitches.

Stargell, who also sparked afield with a brilliant leaping catch in the fifth inning that took the Dodgers out of a potential big inning,

had two of the hits off the 29-year-old righthander, although one was of the scratch variety.

But Al Oliver, the club's leading hitter this year with a .321 average, and Richie Zisk, the team's top run producer, were virtually helpless. Oliver went hitless in four at bats while Zisk, who batted .318 against Los Angeles during the regular season, also drew an 0-for-4 collar and struck out three times.

with a .274 average, mounted only one serious threat against Sutton and that came in the second inning after two were out.

## Perryton Rangers Belt Dalhart Wolfpack, 50-0

PERRYTON — Perryton racked up 472 yards total offense and whitewashed the outmanned Dalhart Wolves, 50-0, Friday evening.

Chuck Bohner, who tallied 130 yards for the contest, scored the first three touchdowns, all in the second quarter on runs of 10, 1 and 30 yards. Jack Robertson kicked the point after following the first score, then missed the second and Richard Bates scored on a conversion run after the third to make it 21-0.

Perryton's Steve Lesley added three more in the first half with a 26-yard field goal in the second quarter.

The 1-AAA Rangers scored 14 points in the third quarter on a 14 interception return by Allan Pillars, a 14-yard pass from Russ Reagan to Robert Blodgett and a conversion run by Burl Stephen.

The last 12 points were scored by Robertson on a one-yard run and Mike Tarvin on a two-yard run. Both touchdowns came in the final 12 minutes.

The Rangers, now 3-2 outgained Dalhart of 1-AA, 2-3, in first downs, 25-9; rushing yards, 297-57; and passing yards, 175-56.

Perryton plays at Woodward, Okla., at 8 p.m. Friday.

## Jayhawks Stun Aggies

LAWRENCE, Kan. (UPI) — Sophomore quarterback Scott McMichael, who hit 12 of 14 passes, flipped scoring strikes of 61 and nine yards in the second half Saturday, propelling Kansas to a 28-10 upset victory over fourth-ranked and previously unbeaten Texas A&M.

Eight's leading rusher, started the clinching drive with a 19-yard run to the A&M 25. From the nine, McMichael found Miller all alone in the flat and the 202-pounder walked the last two yards for the score with 8:29 to go.

53-yard run for a touchdown, with 26 seconds to play in the game. Smith gained 135 yards rushing and Miller had 142 yards.

McMichael's 12 completions added 178 yards. Kansas dominated the first half, rolling up 12 first downs to only four for the Aggies, but the Cadets led 10-7, with the help of a blocked punt and a couple of Jayhawk turnovers.

Oddly, Sutton, though not considered a good hitter, also was a key figure in the Dodgers' only two scoring rallies. In the second, he drew a walk from Jerry Reuss which loaded the bases and Dave Lopes followed with another walk to get Los Angeles 1-0 lead.

The Pirates, who led the league in batting this year

## Sooner Blitz Deacons Behind Davis Throwing

NORMAN, Okla. (UPI) — Quarterback Steve Davis drilled touchdown passes of seven and 32 yards Saturday to pace Oklahoma to a 63-0 mauling of Wake Forest.

Third-string quarterback Dean Blevins guided an all-reserve squad on a five-play, 55-yard drive to open the second half, capped by a 42-yard scoring pass to split end Billy Brooks.

The Sooners ground out 531 yards rushing and added 109 yards in the air in brushing aside the lighter and younger Deacons. The Oklahoma defense limited the visitors to 73 yards rushing and 79 yards in the air.

Reserve fullback Clyde Russell romped 70 yards mid-way through the final period for a TD, freshman halfback Elvis Peacock scored on a 55-yard charge in the second quarter and backup halfback Bob Berg plunged across from the oneyard line just before halftime.

## White Deer Bucks Elks

WHITE DEER — Denny Moss rushed for 185 yards on 24 carries, including a 75-yard scamper for a touchdown, to lead the White Deer Bucks to a 14-7 win over heavily favored Stratford Friday night here.

The win makes the Bucks 3-2 for the season and 1-0 in 1-A play, while Stratford is 3-2 and 0-1. The Elks were picked to win District 1-A hands down prior to the start of the season.

"It feels great," said White Deer head coach Larry Anthony, whose Bucks are open Friday and resume district action at Canadian in two weeks. "I hope the open date doesn't hurt us. All coaches worry about getting stale and going downhill after an open date."

We played a real good football game. Moss had a super football game. Other than that first play, we had a good game all the way around. We were a little bit too cautious the first half."

The play Anthony was talking about was a 50-yard touchdown romp by halfback Ronnie Howard, who scored on Stratford's first play from scrimmage in the first quarter. Mark Beatty kicked the extra point and the Elks led, 7-0.

Moss' 75-yard run off left tackle evaded the game early in the second period. "It was a tremendous run. The hole closed, he cut back, broke, spun off and went to the end zone," said Anthony. Terry Sandlin's extra point boot followed the touchdown.

Midway through the third quarter Stratford attempted to punt, but a bad snap and a hard rush by Mark line and Sandlin forced the ball out of bounds on the Stratford 30.

Moss and Billy Lynch shared running time as the Bucks drove the 30 yards for the go-ahead score, which was made by Lynch who dove one yard off left tackle. Sandlin gave the Bucks a seven-point margin.

Moss also turned in a heads up defensive play, a pass which was tipped by Allen Cummins and intercepted by Moss while lying on his back.

White Deer's rushers after Moss were Lynch, 13 carries for 28 yards, Cummins, four for two; Tommy May, one for 10; Danny Joe Stephenson, three for eight; and Dan Cathey, three for minus three.

## Fake Field Goal Starts Off Silverton Win Over McLean

SILVERTON — The Silverton Owls faked a field goal attempt and turned it into an 11-yard touchdown pass in the first quarter and then went on to whip the McLean Tigers, 26-6, Friday night before a Silverton homecoming crowd of around 800 here.

The game opened District 2-A play for both teams and left the Tigers with an 0-4 season record while the Owls moved to 2-2 with the win.

McLean threatened only one time besides the touchdown as the Tigers drove to the Silverton 15 before fumbling in the first quarter.

Leading rusher for McLean was Simpson, 96 yards on 14 tries. He was followed by Ronnie Heasley, 52 on 8; Bobby Crockett, 41 on 16; and quarterback Ricky Lowery, 16 on 10.

## Claude Loses To Horse Of Another Color

WHEELER — Sophomore quarterback Don Brown scored on runs of six and 14 yards in the first quarter to lead the Wheeler Mustangs to a 20-6 District 2-A win over the Claude Mustangs Friday.

Terry Tidwell scored the only other touchdown for the host on a 33-yard run in the second quarter. The touchdown followed one by Claude, which got six points on a 61-yard pass from quarterback Wayne Campbell to Tony Stephenson.

McLean's only touchdown on a 60-yard ramble by freshman halfback Curtis Simpson, who went around left end to score with 4:05 left in the third quarter. Eddie Estes missed the extra point try, due to a poor snap, which kept the score, 26-6.

The game was closer than the score indicated as Miami played tough defense.

Jim Verden added the extra points after Wheeler's first two scores.

The Mustang (Wheeler, that is) were led by halfback Kent Ware, 43 carries for 148 yards. Wheeler limited Claude to only 37 yards on the ground.

Zane Mayfield scored on a one-yard plunge, which capped a 45-yard march at 5:42 in the third quarter as the Owls took a 26-0 lead. Woods was stopped on his

attempt for two points after the TD.

Pampa, Texas

Is this your year to bowl a 300 game? If so, your chances are better than 2 to 1 of doing it right at home in league play. But that's only part of the story. Your chance of achieving that game in a lifetime is 420,000 to 1. In tournament competition it's an astronomical 855,000 to 1.

These figures are based on the America Bowling Congress awards program for the 1972-73 season when the total of 1,178 perfect games were divided into 986 in sanctioned leagues and 192 in sanctioned tournaments. Putting league and tournament games together, the ABC member's chance of perfection is approximately 500,000 to 1.

The odds for a woman bowling a 300 in sanctioned competition are about 18 million to 1. In America Junior Bowling Congress play, the chances last season when youngsters registered 25 perfect games were one in every 1,400,000.

The following is a breakdown of the approximate number of games bowled last year on the 139,000 lanes certified by the ABC.

League Competition:	Games
Men	415,000,000
Women	330,000,000
Youth	35,000,000
Total	780,000,000
Tournament Competition:	Games
Men	162,500,000
Women	11,000,000
Youth	1,500,000
Total	274,000,000
Open play:	Games
total	410,000,000
Grand Total	1,464,000,000

So next time you head out for the lanes, keep these figures in mind. Your turn just might be around the corner.

Now here are scores from this past week's league bowling.

Men: B. Hortin 215-564, J. Whatley 203-566, J. Clifton 231-590, H. Musgrave 202-224-605, G. Hanson 226-585, R. Wood 545, L. Mathis 530, 205-202-549, D. Nail 204-538, R. O. Johnson 244-595, J. Snuggs 212-567, W. Hinton 531, F. Pankratz 207-233-620, L. Yearwood 546, W. Waggoner 534, J. O. Evans 222-558, J. Reynolds 226-213-6312, J. Gideon 529, H. Ward 562, L. Hunt 200-566, P. Cole 327, J. Cox 204-543, H. Musgrave 244-605.

Women: W. Patrick 211-545, B. Wortham 200-527, J. A. Wisdom 505, D. Childress 537, F. Bentley 201-567, L. Swain 517, J. Robertson 521, C. Achord 500, I. Earp 233-575, V. Romines 222-561, F. Bentley converted the 6-10-7 split. This wraps it up for this week.

Eye now, Gil

## Houston's Specialty Is Specialty Team

HOUSTON (UPI) — If coach Sid Gillman could keep his offense and defense off the field the Houston Oilers, using only their specialty teams, just might be the scourge of the NFL.

So devastating have Houston's kickoff and punt units been so far this season, that Gillman had them introduced before the team's last home game.

"I can't believe the way these guys throw their bodies around," Oilers' special team coach Sam Boghosian said.

Boghosian pointed to some figures. On punt returns, Houston is averaging 14.3 yards while opponents have been held to 3.8. Houston is averaging 28 yards per kickoff return compared to 22.5 for its opponents.

The Oilers will need continued special teams enthusiasm, a continued good defensive effort and a drastic offensive facelift to beat the Steelers in an AFC Central Division matchup today.

Despite having back top wide receivers Ron Shanklin and Frank Lewis, Steelers' coach Chuck Noll said his offense will return to the ground game considering last Sunday's shutout loss to Oakland.

"It took a game like that to give us the proper perspective on our offense," Noll said. "We got a little bit lightheaded when we saw we were averaging eight yards every time we threw the ball. We have to get back to our normal style of play."

Quarterback Joe Gilliam, despite a horrid day throwing Sunday, will start in front of running backs Steve Davis and John Fuqua. Leading Steelers' rusher Franco Harris remained "questionable" with a twisted ankle.

Turnovers resulted in losses for both the Steelers and Oilers last weekend, although each team's defense played well enough to win.

"We did not play bad defensively," Noll said, pointing out that Oakland's three scoring drives in its 17-0 win were less than 29 yards each.

The Oilers defense held Kansas City to 172 offensive yards before the Houston offense coughed up a 17-7 loss, the Oilers second in three games.

Gillman hoped to beef up

# Colts Still Perfect In Tiger League Competition

The opening game Tuesday night in the third week of the season pitted the Colts against the Browns. Don Carpenter's Colts came out on the long end of the score, 28-0.

Sam Edwards opened the scoring in the first quarter on an 18-yard pass reception from Steve McDougal. McDougal ran for the extra point and also tallied two TD's in the second quarter on runs of 3 and 6 yards. Edwards passed to Darrel Dunn and Danny Regan for the extra points. Edwards scored the final touchdown on an 18-yard run, with McDougal tacking on the one-pointer.

The night's final game found the Rams and the Cardinals butting heads. The Rams scored one TD in every quarter for a 24-6 victory. Gary Cudney

racked up twelve points on runs of 16 yards and 9 yards respectively. Robert Chase added another on a two yard scamper and Clifford Anderson capped the scoring on a six yard run. All PAT attempts failed.

The Cardinals lone score came after time had expired. The one pointer was stopped short of the goal line.

In Wednesday's game, the once-beaten Redskins upended the previously undefeated Packers, 13-12. The first half belonged to the Redskins with Calvin Coleman going 64 yards on the first play from scrimmage for the initial TD. Coleman also added the extra point.

Later in the first period, Coleman scored again on a 56 yard scamper, but the point after attempt failed.

The Packers' defense stiffened in the second half and contained Coleman and the Redskins. The Packer offense came alive in the final six minutes of the game with quarterback Eddie Klyce scoring on a 43-yard keeper.

Klyce hooked up with David Young on a 46-yard pass play, but they were thwarted on both extra-point attempts, which provided the margin of victory for Bill Cofer's Redskins.

Last Friday the Colts met Oakdale Elementary from Amarillo Kids Inc. at Optimist Park. The Oakdale team was comprised of only sixth-grade boys.

After almost 4 periods of tough defense, the Colt's Steve McDougal scored on a nine-yard run with twelve seconds left in the contest. Sam Edwards hit Damon Fleming with the one point pass to make the final score 7-0.

On Saturday Ike Doom's Browns traveled to Lefors and defeated Bill Allison's Banditos, 28-6.

The league standings are now as follows:

Team	W	L
Colts	3	0
Packers	2	1
Rams	2	1
Redskins	2	1
Browns	0	3
Cardinals	0	3

Upcoming Schedule:  
Saturday at 4 p.m. Pampa Rams at Lefors  
Saturday at 7 p.m. Pampa Redskins vs Amarillo at Optimist Park  
Tuesday at 8 p.m. Browns vs Cardinals  
Tuesday 7:30 p.m. Colts vs Packers  
Wednesday at 6 p.m. Redskins vs Rams

## NFL ROUNDUP NVB May Join Schnellenger

United Press International National Football League action today will mark the beginning of one-coaching career and perhaps the end of another.

The beginning belongs to Joe Thomas, who adds the head coaching job to his general manager role with the Baltimore Colts. Thomas replaces Howard Schnellenger, fired last Sunday after harsh words with owner Robert Irsay about who should quarterback the team.

The man in trouble is Norm Van Brocklin. His Atlanta Falcons, considered to be the top opposition for Los Angeles in the National Conference West, have dropped all three games. Today's struggle with the New York Giants at New Haven, Conn., could be the Dutchman's last if things don't start turning around soon.

Van Brocklin's task might be easier than Thomas'.

Baltimore, which has lost its first three games, is loaded with first and second year players and must face a New England team that is playing probably the best ball in the league. The Patriots are 3-0, including wins over mighty Miami and Los Angeles, and are

looking like the powerhouse they were in the early days of the AFL in the 1960s.

Atlanta, however, takes on a Giant team that has been erratic. The Giant offense collapsed in their opening loss to Washington. The defense folded in a defeat at the hands of New England and then both played brilliantly in an upset of Dallas last week.

Also, the Falcons have basically the same team that barely missed the playoffs last season. The big problem has been at quarterback, where Bob Lee has been unable to find the magic he generated last season and has been benched in favor of Pat Sullivan, the former Heisman Trophy winner from Auburn.

New England is a 14-point favorite while the Giants are four-point picks. In other NFL games today, St. Louis is at San Francisco, Minnesota at Dallas, Washington at Cincinnati, Buffalo at Green Bay, Denver at Kansas City, Oakland at Cleveland, Detroit at Los Angeles, Pittsburgh at Houston, Philadelphia at San Diego and New Orleans at Chicago. The New York Jets are at Miami Monday night.

# A SAVINGS ACCOUNT . . . THE BEST INFLATION FIGHTER

What's the best hedge against inflation . . . long term government bonds, common stock, or a savings account at Panhandle Savings and Loan? The last seven years show very few months an investor could have pulled his original investment in stocks and bonds without suffering a loss in principal. But . . . he could have withdrawn every penny of his original investment in a Panhandle Savings account plus the accrued highest dividend allowed by law. Your savings are insured safe, immediately available, and dividends are compounded daily, paid quarterly at all four Panhandle Savings and Loan offices.

## Your Horoscope

By Jeane Dixon

**SUNDAY, October 6**  
Your birthday today: You now face a broad path of many alternatives, many opportunities—smoother going than in most recent years. Temptation to follow the easiest course must be put down consistently if you are to come out with what you will need. Today's natives harbor unusual ideas, are willing to go far afield, go it alone.

**Aries [March 21-April 19]:** Be early for your community gathering. It's time for family excursions, sentimental ventures. Short travels start a new train of thought.

**Taurus [April 20-May 20]:** Enjoy what this Sunday brings—forget about unrealistic schemes to make temporary conditions permanent. You attract support for your ideas.

**Gemini [May 21-June 20]:** Depart from your usual habits for a pleasant, somewhat lazy holiday of mental stimulus—go easy on physical exertion. Catch up on correspondence.

**Cancer [June 21-July 22]:** Get out, see how others live. Renew acquaintances briefly, keep moving to take in everything worthwhile. News of romance cheers.

**Leo [July 23-Aug. 22]:** Spread yourself a bit to absorb the rewards of good fellowship, social connections. Spending does not of itself get you anywhere.

**Virgo [Aug. 23-Sept. 22]:** Home and family are not to be neglected today. Catching up on neglected hobbies is time well invested. No shoptalk—leave work out of it.

**Libra [Sept. 23-Oct. 22]:** Seek mental rather than physical pastimes. Stretch the day thrifly, enjoy it all. Later hours bring inspiration, further plans.

**Scorpio [Oct. 23-Nov. 21]:** Early conferences with important people bring benefits, relief of doubts. Then organize a serenely successful day of simple celebration.

**Sagittarius [Nov. 22-Dec. 21]:** Get away from business considerations altogether. Concentrate on just being alive, in pleasant contact with those who mean a lot to you.

**Capricorn [Dec. 22-Jan. 19]:** Further success requires hard work and putting aside pleasure for the time being. Finances are involved; watch the details. Complaining won't help.

**Aquarius [Jan. 20-Feb. 18]:** Your money escapes at the slightest chance, leaving little to show for it. Apart from this, it's an exciting day of many interests, romance.

**Pisces [Feb. 19-March 20]:**

Family life thrives, although not all your personal wishes can come true at the moment. Finances are promising, it's up to you to follow through.

**MONDAY, OCTOBER 7**  
Your birthday today: The chances are, the going will be so smooth during the year ahead that you won't make full use of your opportunity. Resolve to push for the greater result all the way. Self-improvement offers the most in material benefit. Strive for spiritual growth to balance your life. Today's natives are very perceptive, willing to stick with difficult work.

**Aries [March 21-April 19]:** Being tactful is difficult today but brings better than usual results. Family happenings continue on yesterday's momentum, require much attention.

**Taurus [April 20-May 20]:** Be prompt and courteous early. Forego unnecessary or sarcastic remarks. Mechanical or electrical equipment needs checking out and great care in its use.

**Gemini [May 21-June 20]:** You can avoid being provocative or provoked today; realize it's a normal part of experience. Try for self-discipline and, above all, a sense of humor.

**Cancer [June 21-July 22]:** Seek solitude where you can. Don't stir up extra turmoil. Enough words are tossed about without your comments; nothing is gained by squabbles.

**Leo [July 23-Aug. 22]:** After a smooth start, there's a midday adjustment. Things are not as simple as they had seemed. You can handle your own course easily if you aren't too competitive.

**Virgo [Aug. 23-Sept. 22]:** Begin early, but keep commitments tentative. Refrain from spending until afternoon. In working on a new concept of an old project, go it alone.

**Libra [Sept. 23-Oct. 22]:** What seems within easy reach this morning turns out to be difficult or out of the question. Be patient, prepare for a major effort tomorrow.

**Scorpio [Oct. 23-Nov. 21]:** Technical or legal subjects are better postponed for more information. Proceed with routines, clear away the mountain of details.

**Sagittarius [Nov. 22-Dec. 21]:** You can quickly drift into an untenable situation today. Face issues clearly, make a choice and stick with it. Evening is for serious study.

**Capricorn [Dec. 22-Jan. 19]:** Strive for tolerance in navigating today's social cross-currents. Most of your

associates have ideas that clash with yours and each other's.

**Aquarius [Jan. 20-Feb. 18]:** The news is good but incomplete. Don't act until tomorrow's research is completed. Meanwhile, your ideas are lively, worth investigating.

**Pisces [Feb. 19-March 20]:** Early complexities resolve themselves if you keep a calm attitude and work them out. Family ties demand painstaking attention.

### Little Harvester Garners Award

The Pampa High School student newspaper, The Little Harvester, has received the George H. Gallup Award for the 13th consecutive year.

Edited by Mona Williams, who also served as Pampa News intern during the summer, the 1973-74 issues received 934 out of a possible 1,000 points to earn the honor.

The award, presented by the National Quill and Scroll Journalism Society, is presented because "of extraordinary achievement, exceptional service to the community and sustained leadership through the years."

"A dynamic paper—shows staff dedication and excellent adviser leadership," a judge said.

### Band To Vie In Marching

The Pampa High School Harvester Band will participate in University Interscholastic League band marching contests Tuesday, Oct. 29.

The contests will be held at West Texas State University in Canyon, Jeff Doughten, band director, said.

**OFF BROADWAY**  
NEW YORK (UPI)—Vincent Sardi's Dinner Theater began operations in Franklin Square, N.Y., on a year-around basis with a presentation of "Hello, Dolly," followed by such other former Broadway musical revivals as "Flora, the Red Menace" and "Mame."

## Country Music

By J.R. YOUNG  
Copyright © 1974. Country Music Magazine

"I won't play nothin' you can't dance to."

Bob Wills used to say that a lot, a big grin on his face, a fat cigar in one hand, a fiddle bow in the other, and behind him during the best years of the late 30s and early 40s, one of the hottest bands in the land.

Not the tightest, mind you, nor the smoothest, nor the most musical. Just the hottest, and they played Western Swing.

People used to drive upwards of 300 miles from farms and dusty back-country Texas to California towns to catch Bob and his Texas Playboys.

Bob Wills pretty much invented Western Swing. Sure, there was Spade Cooley, Red Ingle and His Natural Seven, and a host of others, but when the subject of Western Swing comes up, there's really only one name you always hear. Bob Wills.

Bob Wills is in a coma in Texas today, the result of a serious stroke last year, and he isn't expected to live much longer, but the music he made, as the old saying goes, lives on.

Not merely on vinyl, but in the spirit of a couple of bands waging a campaign to bring back the big beat of Western Swing. Commander Cody and His Lost Planet Airmen are one, but they also play a handful of other styles—Country, classic rockabilly, and outright rock. Country folks are more than a bit unsure about Commander Cody.

Asleep at the Wheel, however, is something else. These seven musicians who now hail from Austin, Tex., are serious about Western Swing, and equally serious about having fun. And as all Bob Wills fans know, Western Swing without any fun ain't Western Swing at all.

"No doubt about it," Ray Benson says, "it's gonna be big. Western Swing is gonna be here soon. And we're gonna be right on top of it." Ray is the tall red-haired lead singer, lead guitarist, and just plain leader of the group, and he was relaxing backstage at the Palomino Club in North Hollywood after a rousing performance.

Christ O'Connell was sitting across the table, looking as perky here as she did on stage. Chris is the female vocalist of the group and is in her very early 20s.

She joined the group right out of high school when

they were headquartered in Paw Paw, W. Va., and had just ended their rock and roll days in favor of country flavors.

"I was singing folk at the time," Chris smiles, "but when I first heard the band in Washington, D.C., I knew I had to sing with them. I didn't know anything about country music at the time, but when I finally located them back in Paw Paw, they said okay."

The band at that time lived in the mountains in a rambling old house with no running water or heat—just electricity and plenty of music. On the advice of a West Coast music pundit, the band eventually moved 3,000 miles across the country to Oakland, Calif.

They latched on to Stoney Edwards as his back-up band for their California dues, and then into a weekly gig at Berkeley's Longbranch Saloon. Each Tuesday they packed the place with musicians, country fans from the suburbs, truck drivers, longhairs, and cowboys.

"But overall, we were still regarded as oddities," Chris continued, "and weren't really taken musically seriously. And the city life was driving us crazy."

So they pulled up stakes and moved to Texas. Chris again:

"It was like coming home. When we were still living in California, we went to Texas a couple of times, and every time the reception was great."

"We found that there were enough places to play just in the state that we wouldn't ever have to leave if we didn't want to. And we weren't oddities. To Texans, our music is real. And everybody comes out."

The band's biggest hope is that such things can happen all over the country, just like in Bob Wills' heyday, and they also hope that their first album on Epic entitled "Asleep at the Wheel" naturally will help spread the magic of the music.

(Mr. Young is a contributing writer to Country Music Magazine.)

**CRIMINAL CODE**  
SAN JUAN, P.R. (UPI)—Puerto Rico's criminal code prohibits brothels but not prostitution. Only two island cities have ordinances against prostitution: San Juan, the capital, and Humacao.

## Youth Center

**YOUTH CENTER SCHEDULE**—The Pampa Youth Center is run on a daily schedule throughout the year. The schedule is divided into two seasons. One is the time period during the school year and the other is our summer vacation schedule. The Center is now in the school schedule.

On Monday, Wednesday, Thursday and Friday the Center opens at 4 p.m. and closes at 10 p.m.

Other activities go on during the morning hours, but these are specially scheduled events. During these hours swim lessons are given from 4-6 p.m., the Dolphin Swim Club workouts then from 6-7:30 and this is followed by an all age swim period from 7:30 to 9:30 p.m. where by the public may swim.

On Saturday the Center is open from 2-5 and on Sunday from 2-5 p.m. The swimming pool is open on these days from 7:30 a.m. to 4:30 p.m. We are closed Tuesday.

The gym is open for recreation on weekdays till 10 p.m. except Mondays. On Monday night beginning at 5:30 p.m. the volleyball leagues compete. On other days and nights the gym is open for volleyball practice, basketball practice, trampolining, tumbling and wrestling.

Periodic athletic leagues are offered through the year. In September the fall volleyball league competes, in November thru March the basketball league is offered, followed by the spring volleyball league.

In the recreation hall there is ping pong, pool tables, foosball machines, pin ball machines, an auto driving machine, chess, checkers and other quiet games.

**VOLLEYBALL LEAGUE RESELT**—The third week of the fall volleyball league play was completed this week with the following scores: Women's League, Dick's Skelly over Pampa Indep. 12-9 and 12-6; Shoe Nail supply over 1st National bank 11-13, 11-1 and 10-4; Dyer's Bar B Q over Malcolm Hinkle 10-12, 7-0 and 7-0; Harold Barrett

Ford over Pampa Glass and Paint 15-3 and 7-0 while 1st Bapt. Women took the 1st Bapt. girls 7-0 and 15-3.

In the men's league 1st Bapt. No. 4 bumped 1st Bapt. No. 2 15-10 and 13-4; 1st Nat. Bank took the Plowboys 7-0 and 11-1 and the Medley's Broncos tripped the Pampa News 7-0 and 15-3.

In the mixed league Charlie's Furn. won over Ruby's Liquor 7-0 and 15-3; Carlson-Craddock tripping Trolinger Texaco 11-1 and 12-7 while 1st Methodist Church took Cabot 7-0 and 7-0.

**SWIM LESSONS**—The Center has a very unique situation in the scheduling of swim lessons in that the pool is in indoor. This allows the teaching of swim lessons the year round in heated water. Weather plays no part in our program.

The Center follows the American Red Cross program of swim lessons except the addition of a polywogs class for pre-school children. Other lessons are beginner, advanced beginner, intermediates, swimmers, junior lifesaving and senior lifesaving. These classes are offered periodically throughout the school year and during the summer.

All present the swim classes are taught from 4-5 and 5-6 p.m. Classes meet for 10 meeting dates on Monday, Wednesday, Thursday and Fridays. Ruth Carter is our resident water safety instructor and teaches all the lessons.

All lessons are open to the public whether you are a member or non-member. Lessons are free to Youth Center members and \$5 to non-member. Membership may be purchased at anytime at the front desk of the Center. Lessons offered are:

Oct. 21-Nov. 6  
4:00 Beginners  
5:00 Swimmers  
Nov. 11-27  
4:00 Beginners  
5:00 Adv. Beg.  
Dec. 2-18  
4:00 Beg.  
5:00 Inter.

**DOLPHIN SWIM TEAM**—For those interested in competitive swimming

there is a A.A.U. dolphin swim team. This team is for both boys and girls 6-18 years of age who know how to swim.

For those not acquainted with the A.A.U. swimming competition, this is by age group so that a boy or girl is swimming in a class of swimmers of like age.

The Dolphins workout each open day from 6-7:30 p.m. and at other special times. They attend a number of weekend swim meets around the Texas Panhandle area. These meets are on Sat. and Sunday and does not interfere with school.

For those interested in joining this competitive swim team, you may come by the Center at 6 p.m. and full information will be given you by the Dolphin coaches. The only prerequisites for joining is that you are willing to become a Youth Center member and have the desire to compete.

**Pampa Youth and Community Center**  
Schedule Oct. 7-13  
Monday

4:00 Open; Beginners swim lessons  
5:00 Intermediate swim lessons  
5:30 Pampa Indep. vs 1st Nat. Bank

5:55 1st Bapt. Youths Pampa Glass & Paint  
6:00 Dolphin Swim Team Workout  
6:20 1st Bapt. Women vs Malcolm Hinkle  
6:45 Harold Barrett Ford vs Shoe Nail Supply  
7:10 Dyer's Bar BQ vs Dick's Skelly

7:30 All Ages Swm  
7:35 Charlie's Furn. vs Carlson-Craddock  
8:00 Cabot vs Ruby's Liquor  
8:25 1st Methodist Ch. vs Trolinger Texaco  
8:50 1st Bapt. No. 12 vs 1st Nat. Bank

**MAKING IT OFFICIAL** is Pampa Mayor R.D. Wilkerson as he signs a proclamation designating Oct. 6-12 as National 4-H Week in Pampa. With the mayor are three active teenagers who are involved in many of the 4-H projects to be highlighted during the next week's celebration. (Photo by Jim Williams)

**WHEAT PLANTING** - With another week of pretty weather, ninety-five percent of our wheat will be in the ground. The past week was perfect for drilling in wheat. Wheat pasture is closer but not definitely assured. We still need at least one more good rain about two- to three weeks from this date.

**CAN'T AFFORD BEEF** - Last week the following was reported in the Cattle Feeders Report: "Why the Ford's Can't Afford Beef?" At a nationally televised press conference, Mrs. Betty Ford (wife of the President) said that to economize she was buying less beef and more fish and that many casseroles are now being served in the White House.

Texas Cattle Feeders Association has written the First Lady enclosing several beef buying brochures like "A Dozen Ways to Stretch Your Beef Dollars and offering to furnish beef steak whenever she wishes to treat important White House guests."

The County Agent feels that hamburger at 79 cents per pound, ranch steak at 89 cents, chuck steak at 79 cents or beef roast at 89 cents is a lot cheaper than potato chips at \$1.60 a pound and a great deal more nutritious.

Elaine Houston, home demonstration agent, says beef is the best buy of most food products in your grocery store. She also says fish or canned fish products are about the highest thing you can buy.

I've always been afraid of fish products because of the unsanitary way fish are handled, as well as the fact you hear a lot of poisoning both canned and otherwise. Elaine says the vast majority of young housewives need to be taught how to shop. She says out of every \$20 bill spent at the grocery store, \$6.06 are non-food items.

She also says a 6 1/2 ounce can of tuna costs 71 cents at your grocery store. This comes to \$1.71 per pound.

Now, who wants to eat tuna at \$1.71 per pound when you can buy top-quality steak for less.

**PANHANDLE ECONOMIC PROGRAM**

The annual meeting of the Panhandle Economic Program will be held at the Villa Motel, Amarillo, on Wednesday, October 23. The program will start at 9:30 a.m. and finish at 4:00 p.m.

Speakers include Dr. H.O. Kunkel, Dean of Agriculture, Texas A&M University, and a host of other prominent speakers.

Kenneth Brown, asst. vice president, Federal Intermediate Credit Bank, Houston, will cover Outlook on Credit, Interest Rates, and other Financial Aspects.

We would like to see a good turnout from Gray County. We have tickets available for the noon luncheon. Call me and we will assist you in obtaining a ticket.

**WINDBREAK SEEDLINGS** - We still have application blanks available where you can order windbreak seedlings from the Texas Forest Service. The earlier you order the likely your order will be filled.

The cost is \$5 per 100 seedlings. There are a dozen varieties to choose from. Let me know if you would like to have an application blank.

**SOIL TESTING SERVICE**

With the price of anhydrous ammonia skyrocketing, I can't think of a better time to have your soil tested. In the past we have been extravagant in using anhydrous ammonia. I feel we might still be using excessive amounts of nitrogen. Why not have your soil tested for a most nominal \$2 per sample.

We have information sheets and mailing cartons available.

Use of carbonate rocks in California dates from the 1700s when the Spanish used limebearing materials to make mortar and whitewash during mission construction.

## 'We Can Make It Happen' Sets Theme For 4-H Week

Across the country, increasing numbers of young people are involved in efforts to improve the quality of life in their communities.

These youths, all 4-H'ers, and their parents and leaders, are working cooperatively to make things happen through individual and group activities.

National 4-H Week, October 6-12, focuses on these cooperative efforts which involve nearly 5.3 million boys and girls and some 560,000 volunteer leaders, nationwide.

An annual observance since 1927, National 4-H Week serves as a time for 4-H members and leaders to review past accomplishments and to exert even greater effort for the future in the "learn by doing" program.

"We Can Make It Happen" is the theme of 1974 National 4-H Week. The words sum up the optimistic philosophy and aims of 4-H participants everywhere.

The phrase pinpoints youths' commitment to learning, service to others and involvement in programs designed to develop their leadership and citizenship potential to the fullest.

With an active program in nearly every county of the U.S., 4-H has grown dramatically in recent years. This past year alone saw a 32 percent increase in the number of youth participants.

The number of organized 4-H clubs increased by nine percent and the number of volunteer leaders by 10 percent.

While continuing to involve a maximum number of youths in rural America, 4-H has found increasing interest in its programs among young people of the cities and suburbia. And 82 countries around the world now have 4-H or similar type groups.

Many of the activities in which 4-H members and

their groups participate focus on the concerns of today. Their efforts are directed to improvement in the quality of living, such as - energy conservation, maintenance and improvement of the environment and increasing the nation's food supply.

The young people's work places emphasis on health and safety - individual, family and community - good nutrition and a variety of the community projects and activities meeting the

special needs of their local areas.

Encouragement for the young people comes from numerous sources, including - the Cooperative Extension Service, which administers the 4-H program.

Additionally, numerous friends of 4-H within the nation's private sector support the program, including 60 corporate and foundation donors which channel resources through the National 4-H Service Committee.

A Weekly Report Of Agri-Business News

# Farm-facts

Compiled From Sources Of The Texas Department of Agriculture  
John C. White, Commissioner

**YOU OFTEN** hear it said that Texas has become urbanized, and it is true. The urban influence, especially, in politics, is dominant, yet agriculture is the basis of our country's wealth and probably always will be. The large towns have many of the people who used to live on farms and ranches of this State. What is not realized so readily is that they get a large share of their income each year from agricultural products. For example, Neal R. Peirce said in his "The Great Plains States of America," published in 1972, that Harris County (Houston) ranks second in Texas in the number of cattle, the region provides nearly 30 percent of the national rice production, and the Port of Houston gets more than half of its annual tonnage from farm products! Most of the exported cotton that is grown in the Lubbock area (another city dominated by agriculture) goes out through the ports of Houston and Galveston, creating thousands of jobs in those communities. The late, great Jesse Jones, one of the developers of Houston, once said that "cotton and cattle kept it (Houston) rich..." The same story is true in Dallas, Fort Worth, San Antonio Corpus Christi, El Paso, and other big cities. Dallas ranks fourth in the Nation as a cotton market and farm implement center. Even though the big cities have paved over many of the acres in their counties, most such counties still produce crops and livestock. For instance, in 1970, Harris County produced crops and livestock valued at \$22,497,000, El Paso County \$21,728,000, Bexar County \$21,626,000, Nueces County \$19,149,000.

## Panhandle Water

**By FELIX W. RYALS** - The board of directors of Panhandle Ground Water Conservation District No. 3, south of the Canadian River, in Texas, will hold a public hearing Monday, October 7, 1974 at 7:30 p.m. at the district office in White Deer. The public hearing will be held to hear a request for an irrigation well permit under Rule 7 of the District Minimum Spacing of Wells, and to hear a protest against the issuance of this permit.

The District will also hear a request for a permit for an irrigation well under Rule 8, or the District Exception To Spacing Rule, and to hear a protest against the issuance of this permit. Proposed groundwater legislation was outlined by Lieutenant Gov. Bill Hobby at the Water for Texas Conference at Texas A&M on September 19. As he reported it, the Water Rights Commission would be empowered to declare certain ground water areas to be in critical need of management.

The Water Development Board would define the aquifers. Local people would have 12 months in which to organize an underground water conservation district, get it approved by the voters, adopt rules and regulations and get to managing.

Where underground water aquifers have already been defined in the past and active districts would now have one year to join to district already in operation, or be take over and operated by the state.

Bill Waddle, general manager of the Texas Water Conservation, appearing on the same program warned that the federal government will take over and

administer if the local and state government failed to act.

He was referring specifically about pending legislation in Congress which could create groundwater management under the Environmental Protection Agency.

Gov. Dolph Briscoe told the Water For Texas Conference that actual development must proceed directly behind water planning, lest there be a water crisis like the energy crisis. He stressed the new importance of food production in world affairs.

State Rep. Bill Clayton who seems almost certain to be the next Speaker of the Texas House of Representatives, appeared on the program. He reported that there was full cooperation among all State agencies on water matters.

He predicted a number of legislative proposals on groundwater management in the coming legislative session. Clayton as well as the other speakers at the Water Conference stressed local control and management of groundwater aquifers.

Some of the speakers strongly suggested that there be state impetus to get the local control started, and to coordinate solutions to water shortages.

Gov. Briscoe has repeatedly pushed studies on importation of water to supplement current Texas supplies. He took notice of the nonfeasible report made by the Bureau of Reclamation on Water Import and has refused to accept it as the last word.

The Texas Democrats and Republicans at their state conventions in September adopted almost identical platforms agreeing on water

import needs. The Republican nominee for Governor is from Lubbock and knows first hand of the declines in the water table of underground fresh water ogalala aquifers.

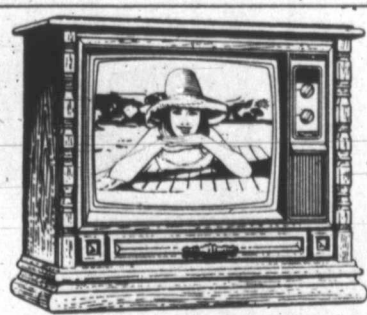

The republican nominee was primarily responsible for the GOP platform plank on the subject of imports, calling for negotiations toward that end and renewal of the Texas Water Plan.

There has been considerable criticism of the multiplicity of various types of water districts in Harris County. The Texas Water Rights Commission, taking notice of this criticism, has voted to require developers to put up 30 per cent of the cost of water, sewer and drainage facilities.

The new requirement was put into effect immediately and requires this of all developer bond applications filed after Sept 16, 1974.

## The Almanac

United Press International  
 Today is Sunday, Oct. 6, the 279th day of 1974 with 86 to follow.  
 The moon is approaching its last quarter.  
 The morning stars are Venus and Saturn.  
 The evening stars are Mercury, Mars and Jupiter.  
 Those born on this date are under the sign of Libra.  
 American inventor and manufacturer George Westinghouse was born Oct. 6, 1846.  
 On this day in history:  
 In 1853, Antioch College opened in Yellow Springs, Ohio. It was the first non-sectarian school to grant equal opportunities for both men and women.  
 In 1921, sports writer Grantland Rice was at the microphone as the World Series was broadcast for the first time.  
 In 1972, a Mexican train derailment killed 150 persons.  
 In 1973, heavy fighting broke out between Israel on the one side and Egypt and Syria on the other. Both sides claimed the other started the war.  
 A thought for the day: British novelist George Meredith said, "Who rises from prayer a better man, his prayer is answered."

**CHILLY SUMMER**  
 The tables are turned at the other end of the year. Summer resorts in Argentina, Brazil, Uruguay, Chile and Peru will be in full swing when chilly weather takes over the "upper" half of the world in December. January and February.

**PRODUCTION UP**  
 SAO PAULO (UPI) — Brazil's automobile production during the first six months of 1974 shot up 23 per cent compared with the same period last year.

### THE FUTURE IS ELECTRIC

For your electric future... and for your safe, secure present... buy an electric yard light. Ready-lite provides lighting for safety and security and turns itself on at dusk and off at daylight. That makes Ready-lite a real energy-saver. And, you can put Ready-lite on your electric bill and pay for it at once or in small monthly payments. Call us this week.
