Cattlemen To Meet At Gail

FORT WORTH, TEXAS, MAY 28, 1975---The Texas and Southwestern Cattle Raisers will hold a regional membership meeting Saturday, June 7, at Gail, Texas, announced Hilmar G. Moore, TSCRA president. All members and interested parties are urged to attend according to J.R. Anderson, co-ordinator and host of the event.

The meeting will open at 10:00 a.m. at the High School auditorium in Gail where Mr. Moore and Don C. King, Secretary-General Manager of the TSCRA will address the gathering. After a report by Mrs. J.M. Sterling, treasurer of the Tejas Chapter of Cowbells, and a "Dutch Treat" barbecue lunch, the afternoon speakers will appear.

Cattle economics will be discussed by Dr. Willard Williams, professor of agricultural economics at Texas Tech, along with highlights of the check-off system for promotion of beef by Mr. O.J. Barron, member of the Beef Development Task Force of the American National Cattlemen's Association. The meeting will adjourn at 3:30 p.m.

All Hands Needed

The 4-H Adult Leaders Association is providing a Barbeque Lunch for the Southwestern Cattle Raisers Association Saturday, June 7, 1975 in the school cafeteria. This will be a major money-making project for our 4-H Club this year.

Each 4-H family is asked to bring either 2 cobblers or 2 cakes or 1 of each. All parents are needed to help serve. Please be at the cafeteria by 9:00. Please have all desserts at the cafeteria by 10:00.

Now that playnight has begun, it was decided to have ice cream the first Tuesday night of each month. Those to bring ice cream are as follows: JUNE: Comelle Williams, Melba Rinehart, Pat Murphy, Gloria Griffin. JULY: Jacqueline Wills, Jane Ridenour, Wanda Smith, Dorothy Gray. AUGUST: Jeri Daugherty, Mary Nell Beaver, Barbara Farmer, Shirley Newton.

after the final address by Rob Brown, ANCA Membership Committeeman.

New Location For Taxpayers

AUSTIN---Comptroller Bob Bullock reminded taxpayers in a 20-county Lubbock area that the Comptroller's field office opens Monday (June 2) in a new location in Lubbock, Suite 400 of the Terrace Shopping Center at 4902 34th Street.

Bullock said the move will give room for additional Comptroller Department employees and would be much more convenient for taxpayers to reach while providing much better parking facilities.

The new office telephone number is (area code) 806) 795-0691.

The Lubbock field office services about 7,100 taxpayer accounts in the following Counties: Baily, Cochran, Yoakum, Gaines, Dawson, Terry, Hockley, Lamb, Hale, Lubbock, Lynn, Borden, Garza, Crosby, Floyd, Motley, cut last line Dickens, Kent, Cottle, and King.

"Any taxpayer who has any question or problem with any state tax ought to go to this office," Bullock said, "Those folks are there to serve the taxpaying public and I encourage people to use this office."

Manager of the compliance section of the Lubbock office is Jimmie Taylor and manager of the audit section is Dick Ambrus.

Ejection Seats For Tractors!

AUSTIN, May 14, 1975---Modern jet combat aircraft have rocket ejection seats to save the pilot from almost certain death in a crash. So far, no one has proposed rocket seats for tractor drivers, but starting in 1976 all new tractors will afford the operator increased protection in a rollover.

Noting that tractor rollovers have accounted for some 125 deaths among Texas farm workers during the past five years, the Texas Safety Association today issued a reminder that the Occupational Safety and Health Administration has now officially adopted rollover protection standards for agricultural tractors.

The standard applies to all agricultural tractors manufactured after October 25, 1976. After that date tractors of over 20 engine horsepower used in agriculture must be equipped with a seat belt and rollover protective structures which meet government performance requirements.

In addition, the standard requires that the employer assure that all employees use the seat belt and that employers enforce prescribed operating rules whe-

ther or not a rollover protective structure is required.

Unlike earlier proposals, the final standard exempts "low-profile tractors" while used in orchards, vineyards, hop yards and low clearance buildings. Also exempted are tractors mounted with implements incompatible with the protective structure during these usages.

The new standards, adopted April 25, are included in a new Part 1928 of Title 29, Code of Federal Regulations, safety and health standards for agriculture. The Secretary of Labor designated the area of rollover protective structures a priority subject for a standard in appointing the Standards Advisory Committee on Agriculture in June, 1972.

Attention All

Citizens of Borden County will receive a letter concerning an organizational meeting to form a Bicentennial committee. All citizens are urged to attend and be a part of their 200 year celebration. The meeting will be held June 12 at 8:00 p.m. at the showbarn.

Letter

Borden Star
Gail, Texas
Dear Friends,

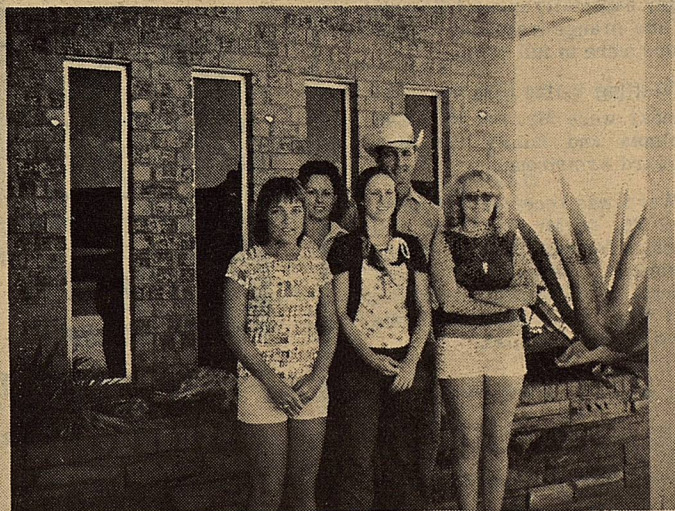

I wanted to drop you a line and let you know how I look forward each week for the Borden Star.

Thanks so much to the Ralph Martins and Garland Doyles for sending it to me.

I wish to say thanks to Katherine for sending in Plains each week. Sure missed the Plains News last week.

Give the "Bun Smith" family my love and sympathy in the loss of their loved one. May God bless each of them.

Hello to all my friends of Borden County. It sure is nice to read of our schools progress. I think of you often and the good times we had together.

Exports

COLLEGE STATION--- U.S. exports of livestock and livestock products totaled \$1.57 billion in 1974, up 10 per cent from record levels a year earlier, according to Dr. Ed Uvacek, livestock marketing specialist with the Texas Agricultural Extension Service.

"The greatest export increases were in animal fat and furskins. Lard exports were also up 42 per cent and edible tallow exports tripled.

"However, red meat exports were down considerably from '73 levels due to a cut-back of beef exports to Canada and pork exports to Japan. Variety meat exports were also down somewhat," notes the Texas A&M University System specialist.

Uvacek says that live cattle exports were off considerably despite a 30,000 head increase in shipments to Mexico. During 1974 Mexico also became a valuable market for U.S. sheep

con't from pg 3 and goats.

While overall exports increased from 1973 to '74, imports of livestock and livestock products dipped significantly.

"Total imports of livestock and livestock products in 1974 were down 19 per cent from year earlier levels. Meats and meat products subject to the Meat Import Law were also down in both quantity and value.

According to Uvacek, the decline of these meat imports was due in part to the unattractive prices for which manufacturing quality meat sold during 1974.
