## Peace In Mideast May Be Near

*The Inquiring Photographer*  
By ALETHA DAVIS

What do you think of longer hemlines?

W. B. Derr, 2110 Williston: "I prefer them short, but the young ones could wear them short and let the old gals wear them long."

Dorothy Hassice, 638 N. Sumner: "Just above the knee is most comfortable. I think longer or shorter is out."

Bob Jacobs, 315 1/2 E. Kingsmill: "They are trying to take all the joy out of girl-watching."

Virginia Beard, 1152 Stark: "Styles today are as cute as they have ever been. I like them like they are... several lengths."

### One Incident Mars Cease-Fire Order

By UNITED PRESS INTERNATIONAL  
A cease-fire today brought an end to the fighting in Lebanon between army units and Arab guerrillas, and peace negotiators in Cairo said they were confident of reaching a permanent settlement. Israel bombed three guerrilla bases in Jordan in an implied warning to the Arab world.

Only one incident marred the cease-fire. An explosion at 12:30 a.m., one half hour after the cease-fire went into effect, blew up the pipeline of the American-owned Trans-Arabian Pipeline Co., in Lebanon. Repairs were already underway.

Israel, which is having increasing difficulties with guerrilla raids from neighboring Arab countries, bombed one guerrilla base in the Beisan Valley just below the Sea of Galilee, and two others in the Arava Desert sector south of the Dead Sea.

Success of the guerrilla raids apparently has emboldened Arabs living in Israeli-occupied areas to cooperate with the raiders and Israel was reported planning to tighten its control over these areas. Israel has blown up a number of Arab houses as punishment for suspected collaborators. The caretaker cabinet met over the weekend to consider this new crisis.

A military spokesman in Amman said six Israeli planes were involved and that they used rockets, napalm and machinegun fire. He reported no casualties.

Israel has not bombed guerrilla bases in Lebanon in weeks but fear of such reprisals apparently led the Lebanese government to crack down on the guerrillas two weeks ago.

Clashes with the guerrillas brought Lebanon to the brink of civil war and threatened intervention by Iraq and Syria. The Cairo peace talks were between Gen. Emile Bustani, the commander of the Lebanese army which fought the guerrillas, and guerrilla leader Yassir Arafat, who seeks to bring Lebanon totally into the war against Israel.

The settlement apparently centered around a previous agreement which was never implemented. That called for

### Lindsay Favored To Win Mayor's Race Tuesday

NEW YORK (UPI)—Mayor John V. Lindsay should win reelection Tuesday with ease, the Daily News straw poll predicted today.

The fifth straw poll showed Lindsay the Liberal-Independent candidate, with 48 per cent of the vote, contrasted with 27 per cent for Democrat Mario Procaccino and 23 per cent for Republican-Conservative John Marchi.

"Lindsay will be easy winner," the Daily News headline said. The poll has been wrong only three times in 41 years. Lindsay has led all five polls. The Liberal candidate, who lost the GOP primary to Marchi, picked up one percentage point over the fourth poll.

"The new figures show a significant shift away from Procaccino toward Marchi, suggesting that the contest for second spot in the election will be a horse race," the Daily News said. The News backed Marchi editorially.

FOLLOWING Sunday afternoon's concert in First Baptist Church, Dr. Richard P. Condie, left, was introduced to West Texas Americana at the White Deer Polish Sausage Festival, Sharing the adventure with the Salt Lake City guest were, from left, Curt B. Beck, chairman of the Pampa Fine Arts music arts; George B. Cree Jr. and Ted Gikas, PFA directors.

### Legal Tug-Of-War Begins Over Who Can Try Airliner Hijacker

ROME (UPI) — Italy has charged Marine Lance Cpl. Raffaele Minichiello with three crimes in the legal tug-of-war with the United States over who will try the young hijacker.

The move tended to stiffen Italy's stand against extraditing the 20-year-old Naples-born man to the United States, where he faces a possible death sentence on charges of air piracy.

American Embassy officials said they were in "very, very close" touch with the Italian government on the matter but refused to comment further on their attempts to get Rome's permission to ship him home for trial.

### IN TALK TONIGHT

### Nixon Expected To Ask For Tolerance In Ending Viet War

WASHINGTON (UPI)—President Nixon goes before the nation tonight in a major effort to unite the vast middle ground of American public opinion

behind his efforts to end the Vietnam war. The plea for time and tolerance, coming two weeks after one antiwar demonstration and 10 days before a second one, was expected to be an attempt to face the fears and frustrations of those Americans who want an honorable end to a war which has killed 39,000 American soldiers in six years.

There were no indications the 8:30 p.m. CST address, to be carried nationwide on radio and television, would include a dramatically accelerated troop pullout or other surprising new developments.

Nixon worked on the speech during a foggy, rain-chilled weekend in the Maryland mountains at Camp David. He remained at the secluded retreat overnight, planning to return to the White House about midday.

Details of the speech were kept secret and no specifics had leaked out. But the central problem facing the President appeared to be how to convince responsible critics he is disengaging from the war as fast as possible, without making the Communists think they can sit back and win the war by default.

In some ways the President put himself in a corner by announcing several weeks ago that he would make the speech. The days in the interim have provided time for a buildup of speculation that some dramatic development, perhaps even a one-sided cease-fire, was forthcoming.

But the idea of a unilateral cease-fire is known to be opposed by a number of administration and military officials. It was possible Nixon might talk instead about troop withdrawals.

### Audience Likes PFA Concert

By DORIS E. WILSON  
News Staff Writer  
An inspired concert of patriotic and religious numbers was well-received by approximately 1,000 persons Sunday afternoon in the First Baptist Church.

The concert was directed by guest conductor Dr. Richard P. Condie of the Salt Lake City Mormon Tabernacle Choir, who arrived in Pampa last Monday for rehearsals with the choir, composed of singers from Pampa's churches and schools.

From the opening number "Texas O' Texas" to the closing selection "Battle Hymn of the Republic" with band ensemble accompaniment by the Pampa High School students, the inspiration of the singers was transferred to the audience. That the one-hour program was enjoyed was evident in several remarks from concertgoers following the final number. "It was so short."

Sunday's concert was the third sponsored by the Pampa Fine Arts Association and directed by Dr. Condie.

### UE Workers Start Talks To End Strike

NEW YORK (UPI)—The 22,000-member United Electrical Workers Union (UE) planned to talk with General Electric Co. officials today on reopening negotiations later this week to end the nationwide strike in its second week.

Since expiration of GE's national contracts with 13 unions, nearly 147,000 employees at plants in 33 states have been off the job. The unions called a walkout midnight Oct. 26 when negotiators failed to agree on a new contract.

The UE, the second-largest GE union, last met with company officials Wednesday but no progress was reported. The unions have demanded wage increases of 90 cents an hour over a 30-month period, plus additional money for highly-skilled workers and a cost-of-living clause.

### Woman Abandons Small Child On California Freeway Divider

BAKERSFIELD, Calif. (UPI)—A woman charged with abandoning her 5-year-old daughter on the center divider of a freeway has refused to answer questions in connection with the disappearance of a second child, believed missing eight months.

Sheriff's deputies from Los Angeles attempted to question Betty Louise Fouquet, 26, and her common-law husband, Ronald Fouquet, 31, Sunday about the disappearance of Jeffrey Lansdown, 8, the abandoned girl's brother.

They found nothing. The Fouquets were arrested on child abandonment charges after Jody "Smith" was picked up by officers on California 5 between here and Los Angeles. She had been told to hold onto the fence until someone helped and coached to say her name was "Smith," police said.

The child was identified through newspaper pictures as the daughter of Mrs. Fouquet almost a week after she was found. Billy Joe Lansdown, 34, a mechanic from Camas City, Ore., contacted Los Angeles police and told them he was Jody's father. He said he and Mrs. Fouquet had three children during their five-year marriage before she left him five years ago.

### First Snow Flakes Pepper Panhandle, But Soon Melt

By United Press International  
The first snow of the season finally fell Sunday in Texas. But the flakes, peppering the Panhandle as far south as Lubbock, melted as fast as they touched the ground.

The snow was carried into the state on a surge of cold air which brought thundershowers and light rain to other sections of Texas.

### First Snow Flakes Pepper Panhandle, But Soon Melt

Lubbock reported three inches of snow early Sunday morning, but after the sun rose higher temperatures melted the snow on the ground and kept any more from gathering on the surface.

Dimmit and Friona also reported three inches of snow while 2 1/2 inches fell at Hart and one inch fell on Earth, Muleshoe, Kress and Farwell. The precipitation changed to rain later in the day.

## Wallace I. Bruce Named Chairman Of Federation

The reappointment of Wallace I. Bruce of Bruce and Son Moving and Storage as chairman of the Gray County chapter of the National Federation of Independent Business has been announced by District Manager Dale Opitz.

The Federation, creating a working relationship between independent business at the grass roots and members of Congress, has the largest individual membership of business organization in the nation.

Ballots are forwarded to Congressman Bob Price in Washington, D. C. who advises Governor Preston Smith of the results. The membership of the group is polled regularly on bills and issues affecting independent enterprise at national and state levels. Each business and professional member has a voting privilege.

**COMPLETE DRUG LINE** — B & B Pharmacy located at Ballard and Browning continues to serve the people of the Pampa trade area with a complete line of drug and cosmetic needs.

## Western Wear Needs Found At Addington's

If it's western clothing you're looking for, Addington's Western Store is the place to go. It includes one of the largest stocks of all types of western clothing in the area.

Carrying Tem-Tex, Miller and Pryor shirts, the store has one of the largest stocks of western shirts in this part of the country.

It also has the largest stock of jeans in a 32-county area.

The once common phrase "blue jeans" has fallen into disuse somewhat as longlasting, sharp-looking jeans now come in almost every color imaginable.

And Addington's Western Store, 119 S. Cuyler, has all the latest styles and colors. They see flare bottoms, bell bottoms and ranch style in regular or permanently pressed versions in the Levi, Lee Rider and Wrangler Brands.

At Addington's Western Store these is a complete stock of western items.

The second largest dealer in jeans in a 32-county area.

The store has been serving Pampans since 1926 supplying clothing needs, leather goods and other accessories.

Saddles, saddlery, bridles, and blankets made by the Tex-Tan Western Leather Company can be found in the store.

Addington's Western store sells Justin and Cowtown boots and is the exclusive dealer for Tony Lama boots.

The store is also the exclusive dealer for Bradford hats, Hodkins gloves, Case knives, and Lasso and Prior women's wear.

One of the newest additions to the store is a complete ladies' and children's department carrying the latest in women's and children's western fashion.

At Addington's Western Store these is a complete stock of western items.

## Pharmacy Serves Pampa Trade Area

With winter beginning to plague Pampans with varying temperatures and types of weather which accompany it, cold season is here.

B & B Pharmacy, Ballard at Browning, has a complete line of pharmaceutical needs to help keep that first sniffle from getting worse.

But colds are not the only disease people can catch as they begin spending more time indoors. So B & B Pharmacy makes a point of supplying every drug need as well as keeping two full time registered pharmacists on duty.

For customers who are at home and too ill to drive, or perhaps find themselves without transportation, B & B Pharmacy will provide free delivery on prescription needs.

And for emergency calls, the pharmacy has an emergency number which can be called at any time of the day and on holidays.

Many top name cosmetics are available from the cosmetic counter: Frances Denney, Jacqueline Cochran, Bonnie

Belle (non allergic), Dorothy Gray, Cover Girl and Revlon.

B & B Pharmacy supplies smoking needs, too. They have pipes, tobacco, cigarettes, and an especially large variety of cigars for the cigar fancier to choose from.

The store also sells film and film processing. They give a free roll of film with each eight good negatives developed.

At their soda fountain customers can have a delicious meal or stop for a cup of coffee on a chilly morning.

## Extra Service Is Offered By Vogue Cleaners

Everyone is fashion conscious today and Vogue Cleaners, 142 N. Hobart, can keep clothes made out of the bright new colors and new fabrics looking fresh and clean.

Vogue Cleaners specializes in the little things. At Vogue Cleaners clothes are not only run through the cleaner, dried, ironed and placed on the ready-rack.

The first step in the cleaning process at Vogue Cleaners is looking for tears and other mending jobs. These are marked before the clothing article is cleaned. After cleaning the clothes go through a deodorizer.

Each article is checked for spots that might require more attention. If a spot is found, that spot is cleaned by hand. Then the item is sent through the cleaner again.

Mending is done after each article has been thoroughly cleaned and dried. And finally the clothes are finished and ready to go.

Vogue Cleaners also cleans hard to clean items. Gloves, leather clothing, leather-trimmed articles, and new synthetic fabrics are all cleaned at Vogue Cleaners as well as household items such as slip covers and drapes.

Fred Malone, owner and operator of the cleaners not only takes pride in the quality of cleaning service at Vogue Cleaners but also customer conveniences the business offers.

Vogue Cleaners performs all types of alterations and does them excellently. Mrs. Nola Dalton does the alteration work.

## Rice's Feed Store Has Animal, Garden Supplies

See Ronnie Rice, owner, for your winter time garden needs. He can recommend the proper chemicals and care for the dormant lawn.

Keeping a clean, attractive lawn and garden requires more than a green thumb and hard work. And Ronnie Rice has the implements and chemicals to make success out of hard work.

Rice carries a full line of garden tools from couplings, Rices Feed Store, 522 S. menders and nozzles for water hoses to pruning shears, spades and shovels.

For helping hold moisture and giving the plants the chemicals they need, Rice has a variety of fertilizers, peat mosses and plant food products.

Weeds are a deadly competitor to grasses and flowers and too often occupy too much valuable gardening time — time that can be eliminated with one of the many types of weed killer that Rice's Feed Store supplies.

Rice's Feed Store also has a complete selection of animal health products from cattle

insecticides to Purina and Superior animal foods.

And he has a selection of leather goods and animal comfort accessories.

So whether animals, yardwork or both occupy your spare time, Rice's Feed Store is a good place to shop.

**Area 4-H Group Attends Social**

LEFORS (SPL)—The seventh grade 4-H Club girls attended a pizza party at the home of Mr. and Mrs. Luther Welborn, recently.

The party was given to celebrate completion of their unit of study "The Wonder of Foods", in which they learned the importance of various foods to the human body.

The girls have practiced selection and preparation of foods from all the basic groups.

Martha Carlton is the junior leader and Mrs. Welborn, the hostess, is the unit leader.

Those present were: Mollie Carleton, Joy Hollingshead and Cheryl McKnight.

# Dear Abby

By Abigail Van Buren

**DEAR ART LINKLETTER:** The world grieves with you and Mrs. Linkletter over the loss of your beautiful 20-year-old daughter who jumped to death while under the influence of LSD.

You showed tremendous unselfishness in keeping nothing from the public. This you did in the hope that your personal tragedy would save other young lives... though all was lost for your Diane.

While I know how painful it must be for you to discuss it, will you please answer one question, Art? Did Diane smoke marijuana before experimenting with LSD?

Over 50 million people read me daily. If one word from you saves just one young life it will be well worth printing. Love and kisses,

**ABBY:** Diane did not smoke marijuana. In fact, she neither drank nor smoked. Diane had not used LSD for at least five months before that fatal night. Being a highly strung emotional girl, the effects of her initial experiment with LSD could not be shaken off. Young people do not know that recurrent reactions of LSD are totally unpredictable. We did not know that there had been any recurrences, so you can imagine what a shock it was.

Mrs. Linkletter and I are slowly coming back and healing. Love and kisses,

**ART:** Stamped across this letter is the word "Censored" which requires some sort of explanation from me.

I am not an inmate of a mental institution. I am an inmate of a penal institution. I am serving an 18-year sentence for grand larceny. I do not say that proudly, but I just wanted you to know that I am not guilty of rape or murder or any other violent crime.

My problem is that I have entered a short story in a creative writer's contest, and if I should win I'll be expected

to appear to accept the prize. Obviously that will not be possible. What do you suggest?

**TIME ON MY HANDS:** DEAR TIME: I suggest that you meet that problem when—and if it becomes a reality.

**DEAR ABBY:** Will you please offer a workable solution to an "in-law" problem which I have observed to be a stumbling block to many.

When young men and women date, they quite normally address their dates' parents as "Mr. and Mrs." so and so.

After the couple marries, they can no longer address their in-laws in this manner.

Since this has not been discussed before marriage, many young marrieds don't call their in-laws anything, leaving their elders feeling like complete nonentities. I have seen the hurt and disgust that this namelessness has caused.

Understandably, many young people feel a disloyalty to their own parents calling their new in-laws "Mother and Dad."

But the real dilemma comes when the first grandchild arrives. The nameless parents suddenly become "Grandma and Grandpa." — an endearing term when it comes from the lips of the grandchild, but not at all endearing when it comes from the in-law children. (More than one in-law has commented, "He is not my grandchild, so why does he call me that?")

Yet, the elders can't seem to bring themselves to voice their objection to the practice, and the situation is left as an unresolved and growing source of irritation. What is your solution?

**OBSERVER:** DEAR OBSERVER: Elementary! When a couple decides to marry, if the parents do not say, "Call us 'Joe and Mary,' or 'Mom and Pop,' or 'Mother Minnie and Poppa Max,'" the young people should ask, "What would you like us to call you?"

## Computers Require Aid From Teachers

**NEW YORK (UPI)—**Teachers can stop worrying about computers shoving them into ranks of the unemployed. The authority for this statement: A batch of New York City school children who have been using computers for 18 months.

Oh, the computers help the children learn faster, more definitively and at their own best speed of comprehension. But the computers have quirks. And they need teachers to help them. "If you ask me," one second grader wrote about her computer, "if computers were people or animals they would always be having heart-attacks." Her computer "is always breaking, is crazy, is a pest and costs a lot of money." "I like you because you can't

## New York's Garment District Decides If Milady's Knees Show

**NEW YORK (UPI)—**You hear about Seventh Avenue in New York—the heart of the nation's garment district.

You think it's snooty. It's the place trend-setting designers decide if your knees show or not.

They work in fancy offices high up in the buildings bordering the avenue between 40th and 37th streets.

But the street itself bears no resemblance to "fancy." The street's got grime and crime (pickpockets). Pedestrian and vehicular traffic during the workday seems hopelessly jammed most of the time—the accompaniment of honking horns and oaths, few of which are uttered under the breath.

There's shoving and pushing and begging—people on crutches, in wheelchairs or leaning on aluminum walkers. The pace is so frenetic that often outstretched hands or cups go unnoticed.

The real movers of American fashion work this street scene. They are the men and young men, mostly Puerto Rican and black, who push and pull the carts and racks full of the goods of the garment district.

They wheel their loads against traffic in the street and either with or against pedestrian traffic on the sidewalks. Sometimes they ride the empty carts, scooter fashion.

Sometimes they snooze on them. But always, it seems, they chop their hotdog lunch with one hand on the truck.

In the low and moderate price dress range, offerings for spring already are being scooped up and down the avenue, toward trucks that will take them to market in practically every town, U.S.A.

Little dresses in paintbox colors with gold chains and buttons. Short, flared skirts.

You approach the garment district through two blocks of the wide side of New York, the west end of 42nd street where movies stay open until four in the morning.

Right off Times Square, it's a place where everyone with no place to go drifts to. The movies range from "Secret Sex Life of Romeo and Juliet" to "Love Girls of Frankfurt."

You don't have to have someone get it wholesale for you in this neighborhood. Even bookstores, with signs saying no

## Metanet Members Select Officers

Metanet Quilting Club members, meeting recently with Mrs. J.B. Jones, 1018 S. Hobart St., elected new officers and named Mrs. C.H. Smiley as president. Mrs. Smiley was co-hostess, with Mrs. Jones.

Other officers who will serve with her are Mrs. J.C. Longan, secretary-treasurer and Mrs. J.B. Jones, reporter.

Refreshments were served to Mmes. Earl O'Neal, Joe Gallia, George Hamlin, Orval Johnson, C.H. Smiley, J.B. Jones, and one guest, Mrs. Dale Smith.

Members also met Oct. 28 with Mrs. Smiley at her home south of the city.

## Couple Exchanges Marriage Vows

Mr. and Mrs. Robert D. Cutlip, 313 N. West, announce the marriage of their daughter, Vanessa Cutlip to Denny Johnson, son of Mr. and Mrs. Robert R. Johnson, 700 Lowry.

The couple was married Oct. 21. They are both seniors at Pampa High School. Johnson is employed by a Pampa (out) store. They are making their home at 435 N. Ballard.

## COLD-SINUS Miseries?

Is your head pounding—nose running—are your eyes watering and are you sneezing—sneezing—sneezing? Have you blown your nose until it is raw? We're sorry you're suffering because obviously you're not aware of our product SYNA-CLEAR and this is our fault. SYNA-CLEAR is the original timed release tablets that give up to eight hours of relief from head cold symptoms and clogged up sinuses.

We do not have millions to spend on TV to tell you about SYNA-CLEAR just this small ad. We do not gimmick our advertising and product by offering twelve hours of medication. What is medication with out relief? SYNA-CLEAR is what we offer and it gives you eight hours of relief per tablet or your money back in full.

We could go into detail how our product works and about the formula, but we would rather you ask the experts about SYNA-CLEAR. The druggist at RICHARD DRUG or your family doctor can tell you about the merits of our fine formula. SYNA-CLEAR costs more (1.50 and \$3.00 sizes) because it does more. You're buying relief and not gimmicks.

Try SYNA-CLEAR as soon as possible—you know—all your head cold symptoms and clogged up sinuses are all you can lose. This little ad has an awful big job to do—to get you to try SYNA-CLEAR, so as a bonus, we extend an

## Scouting Scoops

**MRS. PAUL MITCHELL:** The Brownie Holiday held at Camp Mel Davis recently was attended by 225 persons. Attending were 15 Brownie Troops with 162 girls. All troops except one were from Pampa. There were 22 Senior Girl Scouts and 33 adults registered.

At the end of the training session, families of senior girls prepared chicken dinners which were served to the girls around a campfire.

Attending were Messrs. and Mmes. Conner Hicks, T.M. Whiteley and children, Richard Stowers and children, John Sharp, Bob Carr, Archie Maness and children, Jack Skelly and daughter, Ralph Collingsworth and daughter, H. J. Homer, Jackson Black, and Mrs. Newt Secret. Mothers who served as sponsors were Mrs. Jim Chase, Mrs. Angela Walker, and Mrs. J. Parks Brumley.

Brownie Troop 60, led by Mrs. Leon VanAlstine, made a field trip to The Aquarium recently and also held a Halloween party. Assisting with the party were Mrs. Douglas Cunningham and Mrs. Billy Kindle.

Girls came in costume to Mrs. VanAlstine's home for a scavenger hunt and games. Attending were Robbye Cunningham, Jo Ellen Jones, Dana Kindle, Mary Ann King, Terri Landreth, Misti Lueddecke, and LeAnn VanAlstine.

Junior Troop 136, led by Mrs. Tom Collins held their annual mother-daughter Halloween

party at the Girl Scout Little House. Mothers provided food. The girls used decorations they made last year, wore costumes and played games competing in events with their mothers. Mrs. Collins explained badge work and other activities to the mothers.

A new member, Connie Maness, was welcomed into the troop. Other girls attending were Ann Reeves, Deone Morse, Regina Garrison, Rose Ann Miller, Brenda Kite, Kim Gooch, Linda Cathey, Maggie Lemons, Cheryl Miser, Cindy Day, Debra Eggleston, Cathie Henry, Belinda Collins and Debbie Anderson.

Attending the Cadette Workshop for adult leaders Oct. 28 at the Girl Scout Little House were Mmes. James Varden and Billy Gutter, Wheeler; Larry Nash, David Hoops and Gene McDaniel, all of Borger; and Charles Bailey, Miami. From Pampa, were Mmes. Oran Carter, Jerry Carter, Ralph McDonald, Carol Welch and E.B. Jackson. Consultants for the workshop were Mrs. T. M. Whiteley, Mrs. Richard Stowers, Quivert rounell president; Mrs. W. J. Felter, Mrs. Archie Maness, all of Pampa and Mrs. Jack Duke of Borger.

Training in the care and use of Camp Mel Davis will be given by Ceril Batton, Spearman, at Camp Mel Davis from 10 a.m. to 12 noon Nov. 8. The training is for leaders wishing to reserve the camp. Leaders should call the Girl Scout office, 669-6862 by Wednesday to register for the training.

Neighborhood meetings will be held at the Girl Scout Little House. Leaders are asked to bring a craft to share. Sunset neighborhood will be Nov. 13 at 9:30 a.m. Sunrise will be Nov. 13 at 1 p.m. and Highland will Nov. 14 at 9:30 a.m.

A Crafts workshop will be Nov. 18 at the Girl Scout Little House from 9:30 a.m. to 2:30 p.m. Mrs. Jerry Davis will conduct the workshop. Because registration is limited, those wishing to attend should register with the Girl Scout office, 669-6862 by Nov. 10.

## Mrs. Hills Presents Children's Home Report To Club

Phi Epsilon Beta members, meeting recently in Mrs. Jackie Narrell's home, heard a program from Mrs. Forrest Hills on the newly organized "Happy Haven Children's Home," a home for mentally and physically handicapped children.

Members participating in the business meeting were Mrs. Harold Taylor, president; and Mrs. Danny Stawn, discussing a report on the chapter selecting a girl to sponsor at Girlstown.

Mrs. Al Cross and Mrs. Grady Savage served refreshments to sorority members and guests during the social hour.

Members present were Mmes. Ronnie Atkinson, Dan Briggs, Mike Clark, Cross, Robert Danford, Eddie Edwards, Gary Epperson, Larry Flippo, Sammy Giddeon, Charles Hoskins, Don Hufstader, Narell, Carroll Russell, Savage, Strawn, Taylor, Dennis Wyatt, and Miss Audrey Mollett.

## Credit Club Lists Officer Choices, Plan Breakfast

Pampa Credit Women's Club elected officers recently at a luncheon in Furr's Cafeteria. A breakfast meeting is also planned for 7 a.m. Nov. 18 at the Coronado Inn.

Officers elected were Mrs. Ronald Merrill, president; Mrs. Lyda Gilchrist, second vice president; Mrs. Gordon Bayless, secretary, and Mrs. Denver Allen, treasurer.

Members present were Mmes. Edna Slaten, Mrs. Mary Lou Williams, Mrs. H.F. McDonald, Jr., Mrs. Bayless, Mrs. Allen and Mrs. Gilchrist.

Your Horoscope

**JEANE DIXON**

**TUESDAY, NOV. 4**  
Your birthday Tuesday. The coming year's expansive trends will carry you through sweeping changes into a more complex pattern of living habits. You may, if young enough, switch from one vocation to something very different and much more challenging. Since there will be very little time for reflection or review of your situation, many times you either think on your feet or rely on direct intuition for decisions. Tuesday's natives usually have acute memories and seldom follow advice.

**ARIES (March 21-April 19):** The one thing you shouldn't do Tuesday is obligate yourself to pay future sums of money in installments. The affairs of your mate or partner promise enjoyment. Share in it.

**TAURUS (April 20-May 20):** Health care, medical advice, fitness programs are favored. Cross talk managers to get in the way. Your patience will be well rewarded.

**GEMINI (May 21-June 20):** So much is going on around you Tuesday that it is hard to concentrate on what you most want to do or even to know what is best to try doing. Keep your choices simple, spur of the moment, if you can.

**CANCER (June 21-July 22):** Romance tends to progress by leaps and bounds—some of you will never forget Tuesday's experience. Chances for improvement in financial and vocational matters are good, as well.

**LEO (July 23-Aug. 22):** Parents, older people resist Tuesday's expansive trend. Home improvements are encouraged by current circumstances. Sentimental interests come on stronger in the evening.

**VIRGO (Aug. 23-Sept. 22):** Romance and business both thrive, although they should never be mixed or confused. Relatives and their problems

## WOMEN OFTEN HAVE BLADDER IRRITATION

Common Kidney or Bladder Irritations affect twice as many women as men, often causing tenderness and nervousness from frequent, burning, itching urination. ### Businessmen File Multi-Million Dollar Suit Against NAACP

JACKSON, Miss. (UPI) — Twenty-three Port Gibson, Miss., businessmen have filed a \$3½-million damage suit against the National Association for the Advancement of Colored People and numerous individuals stemming from an economic boycott which has financially strangled white merchants over the past two years.

The suit, filed Friday in Chancery Court, seeks damages for alleged "wrongs, injuries, loss and damages" done to plaintiffs. It also seeks an injunction prohibiting further boycotting.

The intensity of the two and a half-year-old boycott has fluctuated, with only a few of the merchants affected at the

outset. Recently, however, the boycott was extended to include all area merchants and reportedly caused the closing of 13 stores.

The suit, filed by attorney

**FIRE ON MOBS**  
KARACHI (UPI) — Pakistani troops opened fire Sunday on mobs of Bengalis who rioted in Dacca. Official reports from the scene said one person was killed and 19 were wounded. The target of the bengali violence was refugees from India.

Dixon Pyle and several others, charged that on or about April 1, 1966 "and continuing daily thereafter" the organization and individuals entered into a "conspiracy" to "ruin and cause injury" to the complainants.

The suit said prospective

customers were "threatened with physical injury" and that guards were stationed near businesses and "physically stopped customers and prospective customers from entering the premises..."

## Wall Street Chatter

NEW YORK (UPI)—During the last few weeks an overwhelming number of equities have turned around, and as a result the market must now be considered as pointing in a major bullish direction, TPO Inc. says. "Since most major drives last an average of nine to 12 months, it is conceivable that the current market may extend upward through next summer," the firm says, even though "erratic profit-taking" may take place over the next two to four weeks.

As evidenced by the Dow Jones industrial average, the market is out of the cellar, but no firm uptrend has yet emerged, Spear & Staff says.

## A MESSAGE OF IMPORTANCE TO ALL PEOPLE AT THE REBELLIOUS AGE.

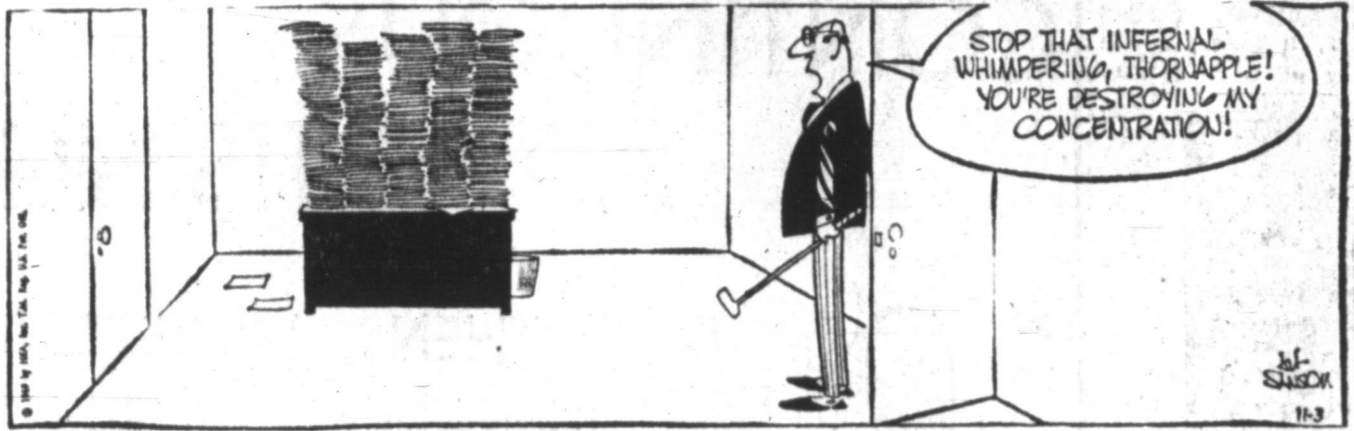

There comes a time in your life when it seems absolutely right to rebel against old ideas. Against all the things that seem to be stacked up against your generation. Unfortunately, religious faith is one of the things that may get discarded right about now. But should it be? Your Faith echoes the very feelings you probably have right now. About injustice. Inhumanity. Poverty. Cruelty. Prejudice. Hate. That's why your Faith is the very thing you should be working with. It can strengthen you. It can make things happen. In yourself, and in all the world around. But only if you let it. And only if you put it to work.

NATIONAL FOOTBALL LEAGUE ROUNDUP

'New' Cowboys Beaten By 'Old' Browns

By United Press International The Dallas Cowboys, a team reliving a nightmare, woke up losers again Sunday. These were supposed to be the "new" Cowboys, but they looked like the old ones who could never win the "big" game when they were blasted by the Cleveland Browns, 42-10. It was the same old story for the Cowboys as the Browns converted two fumbles and a pass interception into a quick 21-0 lead and waltzed to the victory behind five touchdown passes by Bill Nelsen.

again in the title game, since Cleveland has a wide lead in the Century Division with a 5-1-1 record and Dallas still has a 1 1/2-game lead over Washington in the Capitol Division. The Redskins lost to Baltimore, 41-17. Cleveland's two leading challengers were both beaten as New York lost to Philadelphia, 23-20, and St. Louis was upset by New Orleans, 51-42, in a wild game in which both quarterbacks, Bill Kilmer and Charley Johnson, threw six touchdown passes.

tion leader—became the only team in pro football with a perfect record, as it boosted its mark to 7-0 with a 38-6 romp over Atlanta. Minnesota retained a one-game lead over Green Bay, which edged Pittsburgh, 38-34, in the Central Division. Detroit beat San Francisco, 26-14, in the other game. Baltimore Coach Don Shula shook up his lineup and two new starters, linebacker Bob Grant and cornerback Tom Maxwell, intercepted passes as the Colts blasted Washington.

Rookie linebacker Ted Hendricks also started as veterans Dennis Gaubatz, Lenny Lyles and Don Shinnick were benched. Tom Matte scored three touchdowns for the Colts. New Orleans lost its first six games but the six TD passes by Kilmer and Ernie Wheelwright's run for a seventh carried the Saints past St. Louis this time. Four of Johnson's six TD passes were to Dave Williams. New Orleans built up a 51-21 lead and coasted to the win.

touchdown passes to Ben Hawkins—the second with 1:06 left—to give Philadelphia the victory over New York. Sam Bruce Maher fell down on the winning touchdown play and left Hawkins uncovered. The Giants intercepted four of Snead's passes but still lost. Roman Gabriel tossed three TD passes as the Rams remained unbeaten with the victory over Atlanta while Joe Kapp hit on two scoring TDs as the Vikings topped Chicago.

AMERICAN FOOTBALL LEAGUE ROUNDUP

Cook Returns, Raiders Stumble

By United Press International One cook can spoil the broth. The Oakland Raiders can bear witness to that statement. The Raiders suffered their first loss of the season Sunday as rookie quarterback Greg Cook returned to action for the first time in four weeks and sparked the Cincinnati Bengals to a 31-17 upset by tossing for two touchdowns. Cook, who missed four games because of an arm injury, connected on 11 of 19 passes for 189 yards, including jtd tosses of 35 and eight yards to

substitute end Chip Myers. The loss was especially harmful to the Raiders as it dropped them out of first place in the American Football League's Western Division. The Bengals, on the other hand, snapped a four-game losing streak. Moves Into First Place The Kansas City Chiefs took advantage of Oakland's loss to move into first place by whipping Buffalo, 29-7. In other games, New York edged Miami, 34-31; Boston blanked Houston, 24-0, and Denver shut

out San Diego, 13-0. Jan Stenerud's five field goals and two pass interceptions by Johnny Robinson sparked the Chiefs to their seventh victory against one loss. Stenerud's kicks ranged from 18 to 47 yards, with a 37-yarder in the final minute of the final period putting the Chiefs ahead for the first time, 9-7. Robinson's two interceptions set up scoring runs of 34 and five yards by Mike Garrett in the final period. The Jets rallied from an 11-point halftime deficit to defeat

the Dolphins on a 36-yard field goal by Jim Turner with only 2:41 remaining. Turner's field goal was made possible when Jets' defensive tackle John Elliott blocked a Miami punt and Randy Beverly recovered on the Dolphins' 31. Joe Namath threw three touchdowns passes, including a pair to Don Maynard which enabled the speedy flanker to set an AFL record for most career touchdowns (83). Maynard, who caught four passes for 121 yards, also became the first pro receiver to pass the 10,000 yards mark.

Mike Taliaferro tossed a pair of touchdown passes to rookie Ron Sellers, as the Patriots broke a record nine-game losing streak by beating the Oilers. The shutout was the first ever scored by the Patriots on their home field in their 10-year history, and the loss dropped the Oilers two games behind the Jets in the Eastern Division. Steve Tensi threw a two-yard scoring pass to Al Denison and set up a two-yard TD run by Floyd Little with his passes in the third period to spark Denver's victory.

Pampa Plays Bulldogs In Battle For Third

Palo Duro and Amarillo meet Saturday in a preview game of what might be expected the following week when the same two teams meet to decide the District 4-AAAA championship. Both Amarillo and Palo Duro clinched north and south zone titles, respectively Saturday and now must play each other two straight weeks. Saturday's battle is strictly for nothing. Pampa and Borger battle in one of the oldest rivalries in the area and this year's game has a little extra meaning. Both are 1-2 in north zone play and Friday night's game in Borger means third place for one of the teams.

Texas, Arkansas Eye Weak Saturday Foes

By United Press International Second-ranked Texas and fourth-ranked Arkansas, the acknowledged giants of Southwest Conference football, will be in action next Saturday against weak Baylor and Rice, but the real drama will be at Fort Worth where Texas Tech tries to muzzle TCU's Steve Judy. That is exactly what Tech will have to do to keep alive its flickering hopes of contesting the powerful Longhorns and Porkers for the championship. Most fans in marking time to the two juggernauts stage their own shootout at Fayetteville Dec. 6, may be overlooking the fact that Coach J. T. King's Tech Red Raiders are plodding along pulling out one victory after another and sticking up close.

Shockers Host Tascosa Sophs Thursday Night

With a hard-earned, 13-6, victory over Caprock under their belts, the Pampa Shockers shoot for their sixth victory of the season Thursday when they host Tascosa's Junior Varsity. The Rebel yearlings and Shockers meet in a 7:30 p.m. game on Harvester Field. Pampa now is 5-3 after snapping a two game slump last week. All four Pampa junior high teams are scheduled to see action Thursday, weather permitting. Once-beaten Lee eighth grade plays an important league game at Perryton. Lee has now won four straight in posting a 6-1 season mark. A victory Thursday would assure them no worse than a tie for the title. Lee ninth, 4-3 for the season, plays host to Perryton ninth at 4:30 p.m. The Rebels snapped a three game losing streak Saturday by downing Borger Houston, 13-0. Pampa ninth, 1-5-1, and on a three game losing streak hosts Austin of Borger in a 4:30 p.m. game on Harvester Field. Pampa eighth, 1-5, plays Austin in Borger at 4:30 p.m.

Dons Remain Third Best In State

By United Press International The two top ranked Texas high school big city football teams—Abilene Cooper and Houston Kashmere—go after playoff berths Friday night as the season heads into its next-to-last big weekend. Cooper, No. 1 in Class AAAA, needs only to whip Midland to clinch the tough West Texas District 3 championship. Houston Kashmere, No. 2, faces only a weak challenge from Houston Reagan in its attempt to win the District 17 title and move into the state playoffs. Several other district titleholders will be named this weekend to join Cleburne and Dallas Woodrow Wilson already in the district champion column. Those two teams wrapped up district titles last week with a pair of upset victories. Woodrow Wilson upset fifth-ranked Dallas Kimball 28-14 to capture the District 12-AAAA crown and Cleburne stunned previously unbeaten Killeen 9-7 to wrap up the championship in District 14-AAAA. Amarillo Palo Duro won one of the zones of District 4-AAAA by blasting Plainview 30-12 and protecting its third place ranking in the state playoffs. Cooper, Dallas Samuell, Kashmere, Houston Lamar, Houston Sterling, Baytown Lee and San Antonio Lee can all clinch district crowns in Class AAAA with victories this weekend, while most of the rest of the titleholders will be decided on the last weekend of the regular season. Since Class AAA's season lasts a week longer, only a few of the district races will be settled this week. Snyder, Daingerfield, Ennis, Brenham, Gregory-Portland and Uvalde, however, can become champions in Class AAA this weekend if they win their contests and certain key district foes are beaten. A key round of games will come up in District 27-AAAA, where defending state champion Austin Reagan is attempting to prevail despite its first loss in almost three years.

A GRIMACE, not a smile, Tommy Bolt, known for his clyonic temper, misses a short birdie putt. Bolt, the U.S. senior champion, plays only sometimes on the pro tour now but can still put some sparkling rounds together. Also, he can still wrap a putter around a tree when the occasion calls for it.

Ramirez Back On Top In Staff Picks

You can't keep a good man down and like the true champion he is Chico Ramirez came through in the clutch Saturday to win the Pampa News staff selections and move back into first place in the season standings. Ramirez, who has been playing second fiddle to Jim Casey for four straight weeks, dropped out of first place two weeks ago. But Chico hit 20 of the 25 games while Casey dropped to 17-8. Ramirez now has a 135-37 season mark while Casey is 134-38. Ron Cross and Bill Heckathorn each posted 19-6 records while Ricky Clark and Doris Wilson missed seven games for 18-7 records. Tex DeWeese posted 17-8 and Al Bassett finished at 15-10. Casey won the picks for three straight weeks before being tied last week.

Three Loop Wins

Tech's season record is an unimpressive 4-3 compared to the gaudy 6-0 marks for Texas and Arkansas, but three of those triumphs have been against league rivals and in each case the Raiders rallied in the clutch to turn defeat into victory. The latest example came only last Saturday when, down 14-0 to Rice, Joe Matulich came on to take over the quarterbacking and lead Tech to a 24-14 triumph on a day in which Texas stampeeded SMU 45-14, Arkansas bowled aside the Texas Aggies 35-13 and TCU beat Baylor 31-14. But, that's the way it's been with Tech ever since regular quarterback Tom Sawyer was hurt early in the season. First, Matulich, then soph Charles Napper would come in to take over. Credit Where Due But, Tech's King gave equal credit to his defense, which shut Rice down to three first downs, minus nine yards rushing and 48 yards by air in the last half. If the Tech defense waits that

## The News: Good And Bad

In recent years, American newspapers — and that includes us — have been publishing a lot of bad news, the kind of news that upsets readers. . . even makes them angry.

Sometimes it's news that people choose not to believe simply because they do not want to believe it. What American, for example, wants to believe that we are leaving a battlefield in Vietnam without winning a victory? Or that we do virtually nothing when an American naval vessel is captured and its crew imprisoned? Or that an island nation which was liberated from European colonialism has turned Communist and now hates us?

The same goes for the news at home. Assassinations. . . bloody confrontations in city streets. . . respected university groups of students. . . fantastic demands by minority groups of militants. Where will it all end? What citizen, proud of his city, likes to be told that there is poverty and hunger in our midst? . . . that our streets are dirty? . . . that our streams are choked with pollution? . . . that we still have racial discrimination? . . . that crime is rampant?

Bad news it is, unpleasant, ugly, and sometimes it hits us right between the eyes — painful to our conscience, a damper on our civic enterprise. Then why print it? Why doesn't the newspaper publish good news? We do. A far greater portion of our time and space is devoted to publishing good news than the bad. Go through the

## The Dues Of Anarchy

There are a number of side effects of the college campus upheavals over the past several years that are not immediately apparent. The student who takes part in subsequent demonstrations should consider carefully all of the possible consequences. We do not mean normal college highjinks. We mean the violent displays and lawbreaking often fostered by radical organizations.

A recent graduate of the University of California at Berkeley ran into an example of one of these side effects. Berkeley has been branded by the actions on its campus as a school full of extremists and militants. The very name of the school conjures images of mass demonstrations, such as the so-called Free Speech Movement of a few years back. This movement was known to many under the name of the Filthy Speech Movement due to the obscenities used by many of the placard-wavers.

Berkeley is a large campus. The enrollment is well over 27,000 and the number of radicals is nowhere near a majority of the student body, even if one excludes the outsiders who come onto the campus for the purpose of causing trouble or joining in the fun. The former

student referred to was one of the silent majority. He attended his classes, did his work and earned his sheepskin. Now he is trying to put to use the lessons he learned, but he is having trouble convincing potential employers that he is not an infiltrator. You may recall that the Students for a Democratic Society (SDS) were making threats to infiltrate private businesses for the purpose of creating class struggles. SDS is known to be one of the main generators of campus violence. Berkeley has a reputation for violent activities. And there you have the reason some employers are steering clear of Berkeley graduates. This young man in question is the victim of his own complacency. He failed, as an individual, to apply personal pressure on the authorities to counteract the pressure applied by radicals. Like the student, the public also failed to bring pressure to bear.

There is a lesson in this for citizens in every state in the Union. Radicals are ready to destroy the very foundations of learning. We, meanwhile, are ignoring them — and someday, like this lad, we may have to pay for our error.

Free Market Testimonial  
Statistics can play hob with nostalgic ideas of what it was like in the old days. Nearly everyone assumes that feeding a family now is much more costly than say a generation ago. This is simply not true according to U.S. Department of Agriculture figures.

In the immediate post World War II period, the American family spent 26 per cent of after-tax income for food. Late figures reveal that today average family spending of after-tax income for life's most basic necessity — food — has declined to 16.8 per cent. This is the lowest point in history.

If the same foods were being consumed today in the same way as they were in the late 1940's, food would represent less than 11 per cent of disposable income — a 50 per cent reduction in about twenty years.

The main point is not merely that the cost of food has

## H. L. Hunt Writes

REFORM, NOT DESTRUCTION

The proposed constitutional amendment to allow for direct election of the President, recently approved by the House of Representatives, would destroy the electoral college system, not reform it in a constructive way. Adoption of this amendment would move Republic USA a long way from a union of states. It would mean abandoning the federal structure in one of its most important manifestations, the election of a President.

A final decision is yet to be made and may not come for many months, perhaps even several years. First, the Senate will have to take up the proposed amendment. If the Senate acts there is every likelihood that a conference committee of the two houses of Congress will be necessary. Some features of the House version probably will never be accepted by the Senate.

Even after final action by Congress, the amendment would have to be submitted to the 50 state legislatures and three-fourths of them ratify the amendment accepting a loss of Presidential voting power, or we would have only the present electoral system.

So there is still time to reform, not destroy, the electoral college. The best way to do this is offered by the district plan. A presidential candidate would win one electoral vote for each congressional district he carried, plus two votes for each state he carried. This plan would apply to the presidency the same basic plan used to elect members of Congress. The federal system established by the Founders of Freedom would be preserved. Bloc voting and big city machines would become of less importance in the election of a President. The advantages of the district plan deserve careful consideration by the Senate.

## With Some Reservation

By INJUN WOODY

There is nothing that grieves my middle kidney like the Do-Goodie people. The ones who are always meddling with planning new zones, controls and laws, on birds, fish, gnats, animals and people. But today, I heard of the straw that breaks the Humper's back. . .

Why, there is a woman cooking-editor that has come out and said it is all right to put flour in Chili! They have messed with my property boundaries, my halitosis, my B.O., my sex life, my religion, my education and done their best to kill my motivation — all of which I take in stride. But flour my Chili! Never!

It is bad enough that you can't find a true good old-fashioned chiliparlor anywhere about the countryside. The versions offered in cafes are watery, meek, mild, with a desultory lonesome japalino floating remorsefully in a small container of grease.

In my opinion, this so-called Chili is concocted of nothing more than bacon-fat, ketchup, water, a pinch of ground-meat and a bell pepper. It is so weak it can't float a cracker. It won't even color the bowl.

Perhaps that is why the new advocates want to add flour — to thicken it up so you won't need a straw to drink it. O' I'm glad I learned at an early age the necessary ingredients of "Chili Red." They can talk all they want about Soul Food, Gourmet Food and Health Food, but nothing unleashes the secrets of emotionalism or love like a steaming bowl of scorching, flame-throwing, back-flying Chili-Red that can make you jump like a jack-rabbit with a hot-foot.

That is real He-Man Eatin', Brother, and to devil with the Flour Children!

## Viet Peace Hope Lies In Meaningful Land Reform

By DON OAKLEY

It has been said so many times that it has become a truism:

The only way real peace can come to South Vietnam, peace that is neither Communist-dictated nor Communist-dominated, is to convince the mass of peasantry that they have a real stake in their government. And the only way to give them that stake is to abolish the system of absentee landlordism by which a mere 16,000 wealthy South Vietnamese own almost three million acres of the country's fertile land.

The land has been fertile in more ways than one. Sixty to 70 per cent of South Vietnam's farmers do not own the land they till, and it is from their dissatisfied ranks that the ranks of the Viet Cong are replenished.

Too often, following hard behind American soldiers after they have cleared an area of landlords to reassume ownership, the Viet Cong, have come the ship and collect back rents. This is the reason that some parts of South Vietnam have had to be "pacified" again and again in the long years of this war.

The only land reform program South Vietnam has ever had is that of the Viet Cong, which has "given" land to millions, writes Arthur J. Dommen in the Los Angeles Times. Its motto has been: "The movement has given you land, give us your son."

If a cease-fire were to be signed between the government and the Viet Cong, this motto would undoubtedly become, "The movement has given you land, give us your vote."

Having once given the Viet Cong their votes, the peasants of South Vietnam would, of course, ultimately find themselves in the same situation as the peasants of China, who were "given" land by the agrarian reformers of Mao Tsetung. But by then it would be too late to take back their votes.

In the eyes of many Americans, irrespective of their opinions regarding this country's past and present involvement in South Vietnam, President Nguyen Van Thieu & Co. stand as an obstacle to the creation of a truly popular, representative government.

Interestingly enough, however, it is the personal initiative of Thieu that has brought the Saigon government close to enacting the first meaningful land reform in its history, reports Dommen.

Last November, Thieu began putting the crimp on landlords by prohibiting local officials and soldiers from assisting landlords in enforcing rent levies. In February, the prohibition was extended to the landlords themselves.

A land redistribution bill has been rammed through the South Vietnamese National Assembly and now awaits action in the Senate. Though the assembly trimmed the bill to a shadow of the radical program demanded by Thieu, the constitution grants the president

considerable power to "flesh out" legislation after it has passed both houses. It is expected that Thieu will put not only flesh but teeth into it.

Of even greater interest to Americans, however, is the fact that until recently the U.S. embassy had for years quietly opposed land reform because the landowners were a principal source of political stability in Saigon — and political stability in Saigon was what counted more than anything else," says Dommen.

Some American officials still fear that Thieu's land reform program will wipe out the rural landed gentry on which the Saigon government depends to carry its writ into the villages, while at the same time falling short of guaranteeing the loyalty of the peasants.

This makes about as much sense as worrying whether a house will stay in one piece when the earth cracks open and swallows it up. Such "stability" in the long run is short-sighted in the extreme.

And we are in the long run right now.

## Question Box

(We invite questions on economics and the proper functioning of government which will not injure anyone.)

QUESTION — Why do Freedom Newspapers not believe in taxes?

ANSWER: We do not believe that you should be forced to pay for anything you do not want to use, and if you want to use it, as one of our editors said, you should pay for it. He explained it this way: "We would rather pay for a police department than carry a gun; but those who do not want a police department should not have to pay nor should they get the services of the police department."

It seems that the same thing applies to roads. If you do not use your automobiles or trucks on the roads, you shouldn't have to pay a gasoline tax to support the roads. But if you are using the roads, you should pay to help support the roads.

The same thing applies to everything else. If you don't want to use it, you shouldn't have a gun used on you to make you pay for it for if you refuse to pay, the government uses all its power to collect.

That's the reason we don't believe in taxes. We believe the government should be supported on a voluntary basis, and if it was supported on a voluntary basis we wouldn't be in all these wars. We would have more production, a higher standard of living and be more just and moral.

## The Doctor Says

By DR. W. G. BRANSTADT

DOCTOR TREATS CAUSE, NOT PROGRESS RATE

Q—I have arthritis. My last sedimentation rate was in the 90s. What causes this? Can anything be done for it?

A—An increased red cell sedimentation rate (above eight or above 15 depending on the method used) usually indicates active rheumatic fever, bacterial endocarditis or tuberculosis. It is sometimes seen in persons with leukemia, anemia, rheumatoid arthritis, cirrhosis of the liver, ulcerative colitis or a high cholesterol level. Your doctor will want to treat the cause, not the sedimentation rate which is useful as an indication of progress.

Q—What is meant by too much protein in the spinal fluid? What can be done for it?

A—This is a laboratory finding associated with poliomyelitis and encephalitis or brain fever. Your doctor would treat the disease—not the lab report.

Q—The lab report shows that my B.U.N. is too high. What is this test given for? What foods should I avoid?

A—The B.U.N. (Blood Urea Nitrogen) level is high in various kidney diseases. Since, with few exceptions, diet is of minor importance, you should follow your doctor's advice regarding your choice of foods but, even more important, in regard to other forms of treatment.

Q—Could frequent doses of spritzes of ammonia be harmful?

A—The chief use of spritzes of ammonia is as a stimulant to prevent fainting. It may be inhaled or taken by mouth (half a teaspoon in half a glass of water). Since it is 70 per cent alcohol (140 proof) large amounts could cause intoxication. There would be no other harmful effects.

Q—Could prolonged exposure to lacquer fumes cause hoarseness?

A—The fumes of lacquer depend on the solvent — usually wood alcohol. The maximum allowable concentration in industry is 200 parts per million. While working with lacquer, adequate ventilation is essential. Poisoning from inhaling wood alcohol causes headache, dizziness, weakness, loss of appetite and blurred vision rather than hoarseness.

Please send your questions and comments to Wayne G. Brandstadt, N.D., in care of this paper. While Dr. Brandstadt can't answer individual letters, he will answer letters of general interest in future columns.

\$ Million Secrets, 'For a Few Cents'

JOHN GOLDSMITH

ROBERT ALLEN

WASHINGTON, — Senator Strom Thurmond is sternly rebuking his colleagues for thoughtlessly revealing vital military information "that our enemies would have to pay millions to espionage agents to obtain."

A particularly glaring instance of this was the Senate's recent protracted consideration of the \$20 billion military procurement authorization bill. For more than eight weeks, pacifist and "peacenik" senators sought to delete or slash major weapons programs — wholly to no avail.

During the prolonged stormy discussions, Thurmond points out, both opponents and proponents in their verbal battles made public "vast amounts of classified information."

"Our entire military strategy and concepts were enumerated in full," said the South Carolinian, a ranking Republican member of the Armed Services Committee and a major general in the Army Reserve. "We talked about the '2½' concept, about our commitments abroad, our strategy of attack, the strength of our Navy, the shortage of submarines."

"We talked about our balance of deterrents, the approaching weakness of our manned bombers, the successes and failures of our anti-ballistic missiles, the characteristics of our new battle tank, the naval strategy involving our aircraft carrier forces, the approaching obsolescence of our Air Force, the strategic concepts upon which the C-5A is based, and

other extremely important matters."

All this highly valuable military information, Thurmond asserts, was printed in the Congressional Record for any and all to read.

"A copy of the Congressional Record sells for a few cents," he declares, "and anyone can buy it. It is not hard to imagine the excitement of Communist military leaders throughout the world as they pore over the Congressional Record and extract information vital to their development of an effective strategy against us. Can you imagine the copies of the Congressional Record which have been shipped to Russia, China, Cuba and other hostile countries in the last month?"

SCARING OUR FRIENDS — The pacifists' long fight to block development of an anti-ballistic missile (ABM) and the new main battle tank (MBT-70) was singled out by Thurmond for severe condemnation for revealing especially important military information.

"The debate on the ABM," the veteran legislator said, "precisely pinpointed the location of our planned missiles, the capabilities and shortcomings of the multiple independent reentry vehicle (MIRV) technique, the size and power of our warheads, the number and range of our ABMs, the dispersion of our Sprint and Spar-tans."

## A LOOK AT THE BOOK

By DR. BOB JONES

Father Knows Best  
It is a good thing that God does not always answer our prayers in just the way in which we take for granted that He will. Sometimes we expect Him to say, "Yes," but instead He says "No."

We are often like children who are conscious only of the fact that we want something, and because we want it we ask God for it. If a little son should ask his father for a knife, of course, a wise and loving father would not give it to him since he might be injured by it. God Who is not only infinite in His love but Who is also infinitely wise, knows that the thing we sometimes desire would not be to our best interest. In His mercy He refuses us the thing which, while desirable from our standpoint, He knows would be harmful.

The trouble is we see only the immediate desire. God sees the eternal result.

Elijah, discouraged, thought he was the only one left alive who loved and honored God; and he prayed to die. Instead of sending death to the prophet, the Lord made him know there were 7,000 faithful servants of God left; and Elijah's petition was never granted then or later, for he never died. Instead, he was taken up into heaven by a whirlwind and a chariot of fire to give up the struggle; but God had further work for him to do. Elijah, depressed and discouraged, made an unwise request. God, who saw rich ministry stretching out ahead, Who planned to send a heavenly chariot to take the prophet home when that work was completed, would have been unkind had He answered Elijah's prayer by granting him his request for death.

The trouble with Elijah's prayer was that it was not in the will of God. We should be sure our prayer is always in line with His will. Christ Himself set us the example when he prayed, "O My Father, if it is possible, let this cup pass from Me; nevertheless not as I will, but as Thou wilt" (Matthew 26:39).

Better Exercise Book Will Cause Joy To The World

By DICK WEST
WASHINGTON (UPI)—One of the most profitable items in the literary trade these days is the exercise book.

The reason is that we Americans are efficiency-oriented. Firming up the biceps simply for the sake of firm biceps strikes us as muscular featherbedding. You've got to give it some purpose.

Miss Prudden illustrates this point rather graphically in a chapter of her book headed "Exercises." Which is about as specialized as exercises can get.

WORLD ALMANAC FACTS

Books on yoga, isometrics and aerobics have done well, to mention just a few, and Miss Craig's 21-day Shape-Up Program for Men and Women recently was a national best-seller for 30 weeks.

Currently moving up fast is something called "Sanation." ("This series of wonderful exercises was discovered by Miss Grace Treber in the Himalayan mountain kingdom of Hunza," the ad says.

Although much of Hawaii's early history remains shrouded in oral traditions, the saga of its name has descended relatively intact. The World Almanac notes that Capt. Cook dubbed the group the Sandwich Islands when he discovered them in 1778.

Seeking an answer to that question, I had a chat the other day with Bonnie Prudden, author of "How to Keep Slender and Fit After Thirty," a new edition of which has just been published.

In the course of our conversation, Miss Prudden came forth with a number of interesting observations. ("Big thighs are not fat, they're emotional," she said at one point.) And I finally learned the secret of her success.

I was able to deduce that the way to write a better exercise book is to specialize. Fill your manuscript with generalized instructions on how to deflat the abdomen and tone up the tissues and you'll be...
