

KELL RAILROAD CONSTRUCTION BEGUN

Young Chicago Girl Is Shot to Death During Theatre Robbery

SCREAM FROM USHERETTE IS MURDER CAUSE

Bandits Rob Cashier at Theatre in Chicago

HAD WARNED AGAINST NOISE

Pair Walks Over Bodies to Obtain Loot in Cage

CHICAGO, April 30.—(A)—The slaying of women has been added to the blood and terror repertoire of Chicago gunmen.

They slew 17-year-old Pearl Eggerston last night as she cowered under their guns in the cashier's cage of the Ritz theatre in suburban Berwyn; slew her because she screamed at the sight of eyes that stared through oval masks, and guns that poked at her from outside the glass wall.

An army automatic roared and the little usherette fell. The man with the pistol and his companion with a sawed-off shotgun opened the door to the ticket booth, stepped over the girl's body and over that of the cashier, Miss Gertrude Plante, who had fainted, and scooped the theatre's receipts.

With the loot in their arms, the robbers used their guns to hold back persons in the ticket line and walked to the curb where a companion waited at the wheel of an automobile bearing a New York license. Each fired a shot in the direction of the crowd before leaping into the machine and disappearing into the night.

Miss Eggerston was employed in an Oak Park department store and increased her weekly income by acting as usherette at the Ritz theatre Sunday nights. The second show of the night had just started, and nearly 2,000 persons in the audience were watching "The Hour" on the screen when the girl went into the cashier's cage for a chat with Miss Plante.

The robbers' car drew up at the curb and two masked men half ran towards the ticket booth. They pointed their weapons at the girls and told them to "keep your trap shut and give us the money."

Miss Plante, in her story to police, said she was on the point of refusing their demands when the Eggerston girl screamed. The army automatic spoke and both girls slumped to the floor of the narrow cage; Miss Eggerston with a wound in her abdomen which cost her life before she could be taken to a hospital, and Miss Plante in a faint.

The men ran around to the door in the rear sweeping with their guns the persons in the lobby, and were out again with the money in a few seconds. Several witnesses later described them as men about 27 years of age and medium height.

Keynote

WASHINGTON, April 30.—(A)—Claude G. Bowers, editorial writer on the New York Evening World was selected today to deliver the keynote speech at the Democratic National convention.

Eight Men Killed In Airplane Crashes of Sunday Over Nation

Tail Spins From Low Altitude Responsible for Deaths—Auto Wrecks Fatal to Texas Trio.

(By The Associated Press)

Eight men met death in Sunday airplane crashes.

William Spalletta, Larry Beatty, and Billy Wimsel, were killed when a plane owned and piloted by Spalletta crashed near Eureka, Calif.

H. E. Laure, pilot, Loren Craven, and Emil Dietrich were fatally injured when their machine went into a tail spin, and fell in flames near Lowry field, Denver.

Joseph Miller and Myron Kelly were burned to death in a similar accident near Columbia Station, Ohio.

The pilot and two passengers of a plane which struck downward current and crashed at Armonk, N. Y., escaped without apparent serious injuries.

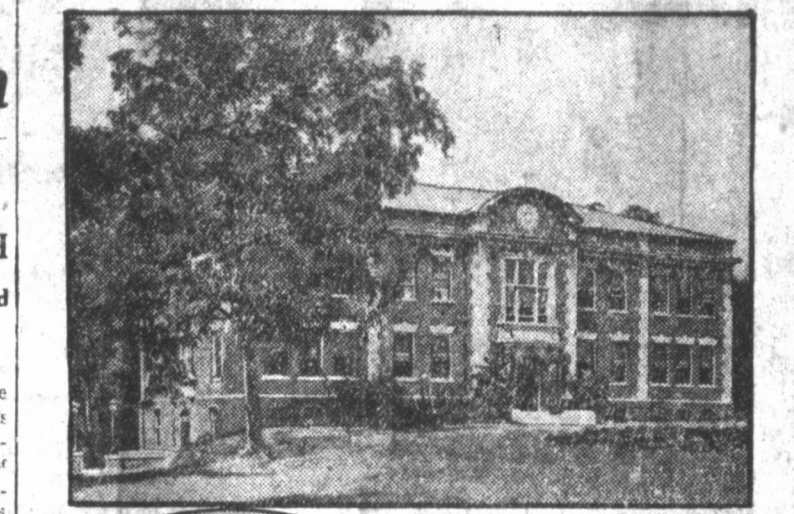

HOUSTON, April 30.—(A)—Three men were dead Monday as a result of weekend accidents.

Herbert F. Junker, Houston, was burned by explosion of a blow torch; M. A. McWhorter, 52, Houston, fatally hurt when his automobile overturned; and J. A. Latham, 40, San Antonio mortally injured in the accident with McWhorter.

Junker, lumber company employe was using a blow torch in doing plumbing work at his home. The body was sent to Curoco, the family home.

McWhorter, his son, William McWhorter, 20, and Latham were driving to Houston from San Antonio when the car overturned near Flatonia Sunday. Young McWhorter was not injured seriously. He helped his father and Latham to the Flatonia hospital, where they died about four hours after the accident.

Missouri Celebrates Twentieth Anniversary Of Journalism School

Photograph of Girl Found Following Wild Party at Fort Worth

FORT WORTH, April 30.—(A)—The photograph of a comedy girl, a woman's vanity case and an empty whiskey bottle were the clues in the hands of county officers today who are searching for Baptist church after a wild party Saturday night.

As evidence that a debauch was staged in the church were the articles which church members found yesterday. Draperies were torn from the windows and electrical fixtures were broken. Although all of the doors of the little church house were unlocked, the vandals gained entrance by breaking a window.

WHEAT FIELD IS BROKEN IN MAKING GRADE

Mile Contract Is Let to Wichita Falls Man

CAMP LOCATED EAST OF CITY

Santa Fe Likely to Take Over Rest of Project

The point of a male-drawn plow, sinking into a field covered with waving wheat luxuriantly developed in its greenness, Saturday afternoon broke ground for the Kell railroad from Pampa to Cheyenne.

This work fulfills the C. T. A. certificate of public necessity clause calling for construction to begin by May 1. However, the Santa Fe has asked permission to take over the project, and that company may let the contracts with the exception of the single mile upon which a crew is now working.

C. H. McCellan, contractor of Wichita Falls, moved his camp to a mile east of here Saturday morning and commenced work on the grade the same afternoon.

Mr. McCellan moved his equipment from Kingsmill, where he recently completed the grading of highway 33 from Panhandle to Kingsmill preparatory to grading. His equipment includes seven bunk houses, 21 teams of high grade mules, plows, ditchers, and graders. He is employing 22 men at the present time.

To fulfill his contract with the Interstate Commerce Commission, Mr. McCellan ordered one mile of grade to be done, starting at Mile 10 and working towards Pampa. It is thought that work on the entire line will commence by May 15.

The McCellan camp is situated 12 miles east of here and a mile north of Mobeetie road. The grading commenced on the right-of-way through the Moorhead ranch. At that point the grade is of about three feet. The road being constructed on a high speed line basis with an 18-foot crown.

Beginning of the road building was in the middle of a 50-acre wheat field of the finest looking wheat in the territory. At the point where the first plow sunk into the soil to make way for progress, the wheat is already six inches tall and waving in the breeze.

It is a picturesque scene from highway 33-A to watch the lines of plow and scrapers crawling back and forth along the right-of-way with the dust floating in different directions covering in the wheat nearby. Mr. McCellan is in charge of the work.

QUAKES RAZE LARGE AREAS

Americans Foremost in Disaster Relief Abroad

(By The Associated Press)

In many parts of the world last week the rumblings of earthquakes were followed by death and devastation. Greece and the Balkans suffered most of all. Whole towns and villages in Thrace, Macedonia, and other sections of Greece were thrown down and in some cases almost crumpled into dust. Storms followed the movements of the earth and thousands of helpless persons, under the flimsiest of shelter, suffered immensely. As in such cases, Americans were foremost in relief measures.

A great victory was heralded for the nationalist forces in Shantung Province, China, according to early dispatches, which were later revised indicating that the Northerners are still in possession of Tsinan, capital of Shantung, reported to have been occupied by the Nationalists. Nevertheless the Nationalist commander-in-chief, Chiang Kai-Shek, has concentrated large masses of troops, with Peking as his objective. Together with accounts of heavy fighting, came word from alleged eye-witnesses of a great massacre of 5,000 helpless people in the town of Kingmen, province of Hupeh.

Nicaragua was the scene in a small way of further warfare. Sandino's rebels raiding and looting several American-owned mines in the northern part of the country, and carrying off an American, George P. Marshall, assistant manager of one of the mines, whose fate is yet in doubt.

Secretary Kellogg's anti-war proposal, the text of which was presented to Great Britain, Italy, Germany, and Japan, and to which France is agreeable with certain reservations, was well received by these powers. Germany had already accepted the proposal in principle.

The British budget, submitted to parliament by the chancellor of the exchequer, Winston Churchill, provides for an 8-cent-a-gallon tax on petrol. The chancellor promises a decrease in expenditures for the coming year, and has formulated his budget by reducing taxation on local industries, freight carrying railways, canals and harbors and agriculture.

John Bassett Moore, American judge on the permanent court of international justice at the Hague, has resigned after serving since 1921.

Daughter Killed—Parents Commit Suicide Together

MOSCOW, April 30.—(A)—Leo Lozovskyn, noted painter, and his wife committed suicide by hanging immediately after their return to their home from a crematorium where their six-year-old daughter, Maria, had just been cremated. The little girl was killed yesterday in a fall from the top floor of their home.

The artist left a note requesting friends to cremate his body and that of his wife and to mix the ashes with those of their child.

"Ach, Himmel"—"Wonderful"—"Marvelous"—Fliers

NEW YORK, April 30.—(A)—Three trans-Atlantic fliers from foreign shores were taken to the city's heart today and given a tumultuous welcome that left them breathless.

The occasion was the official welcome to Baron Gunther von Huenefeldt, Captain Herman Koehl, and Major James Fitzmaurice and it was a welcome in which all the city seemed to be participating.

After a triumphal tour of the harbor, during which the Irish airman like a boy at play, amused himself by manipulating the city tug's siren in answer to the shrill salutes of a hundred flag decked craft, the fliers were led through the deep canyons of the lower city by 10,000 troops for their official welcome by the mayor.

A light rain fell upon the pageant and it went unheeded alike by the guests of honor and those who stood long hours for a chance to see and cheer them.

The rain was light, but a storm of another sort, the paper blizzard that New York stages for its heroes, raged unabated and the streets were ankle deep with ticker tape.

The impression made upon the fliers themselves by the reception was best shown by their exclamations when they first saw the crowd estimated at 50,000 waiting for them at the battery.

"Ach, Himmel," said the baron.

"Wonderful," cried Capt. Koehl.

"Marvelous, too marvelous," said the Irish major.

Waiting for their husbands at city hall were the wives of Major Fitzmaurice and Capt. Koehl and the Major's seven-year-old daughter, Patsy, just landed from a liner from Europe.

Both women expressed great impatience to see their husbands, but in the meantime spoke with pride of their accomplishment. Both asserted that they would gladly fly back to Europe in the Bremen, but they felt sure their husbands wouldn't let them.

Patsy spent her time scanning the crowds for the face of her father.

When the fliers reached the city hall they were at once greeted by Mayor Walker. Mrs. Fitzmaurice and Patsy climbed onto a stenographer's table and Mrs. Koehl onto a chair for the first glimpse of the men they had not seen since they flew on their perilous adventure.

As the aviators were shaking hands with the mayor the two pilots looked over his shoulder and smiled at the two women and the child who were throwing them kisses. Through all the excitement Patsy kept tight hold of a large teddy bear.

American Women Found Guilty by Turkish Court

BROUSSA, Turkey, April 30.—(A)—Three American women, Miss Edith Sanderson of Berkeley, Calif., Miss Lucille Day, and Miss Jennie Jelson, charged with disseminating religious propaganda, were found guilty today by a Turkish court and sentenced to three days imprisonment and a fine of three lira each. (The Turkish lira is worth \$4.00).

In consideration that the American teachers are women and foreigners, however, they will be permitted to use the American school at Broussa with which they are connected as their place of detention.

Police will soon patrol the grounds of the school, the judge deeming it sufficient that the American women promise to remain within bounds. Counsel for the three teachers immediately entered an appeal to the court of cassation.

The trial of the three American teachers of the American school at Broussa, which was completed on April 25, was marked by a vigorous defense offered by Miss Sanderson, who spoke in Turkish denying that propaganda in contravention of Turkish law had been carried on at the school. She admitted that she had discussed the New Testament with two girl students, but stated that the conversation took place after school hours and was in no sense an attempt at proselytizing.

HORNED TOAD HAS DEFENDER IN ZOO KEEPER

Reward of \$1,000 Is Offered Anyone to Refute Claims

ST LOUIS, April 30.—(A)—Anyone who can prove that the famed Eastland horned toad, was not incarcerated for thirty-one years in the corners of the old courthouse there, will be given a reward of \$1,000.

George E. Dieckman, president of the St. Louis Zoological society, made the offer following what he called "criticism and ridicule" which the zoo board has received here since its purchase of the toad to put in the reptile house at Forest park.

"I am getting tired of the criticism of ill-advised people," Dieckman said. "I suppose they consider as fakes all the articles written by scientists on Frogs found in coal mines, where they have been buried probably millions of years."

"Let the doubters come and disprove our evidence of good faith."

The toad has attracted a great deal of attention at the reptile house in the park.

Barcus Is Serving Last Day With Pampa Chamber

Today is the last that Scott Barcus will serve as manager of the Pampa Chamber of Commerce.

Tomorrow George W. Briggs of Eastland will arrive to take over this work, for which he was employed a few days ago.

More than \$11,000 of the annual budget of the Chamber of Commerce has been raised, and the remainder will be in hand soon in cash or pledges. The budget total is \$14,000.

Marking the close of the drive, a membership banquet will be held at the Pla-Mor auditorium Thursday evening.

A meeting of the Central P-T-A will be held Friday afternoon in the Central school building.

Scout Executive of New Council Now On Duty

E. D. McIver, employed as organization executive of the new Boy Scout council for the North Plains, has reported for duty and is seeking living quarters here.

Mr. McIver, a young man of long Scout experience, is married and has three children. He will not have specific headquarters, but will establish headquarters in his automobile, he asserts. His time will be divided between the various towns of the council.

Work of organizing the council will get under way at once. Chairman Scott Barcus said today. Considerable activity has already been under way, and several meetings of adult Scout leaders have been held.

The new council grew out of a decision to divide the Panhandle council into four parts. This was acceptable to this territory, since it is believed that the work will be more effective in smaller councils.

IN CONGRESS

Senate goes ahead with Boulder canyon dam measure while House resumes farm relief bill debate.

OUR WEEKLY PERUSAL of Panhandle newspapers discloses many interesting items of sectional interest.

Over at Memphis, Editor J. Claude Wells is enthusiastic over a cooperative revival. He says "never before has Memphis witnessed and participated in such a gripping and soul-stirring drama as that last Friday morning at the Men's service held at the tabernacle. The drama was played without any rehearsing and the stage had evidently been set by unseen hands.

D. H. Alexander has been elected president of the Miami Chamber of Commerce, according to The Chief. The organization now has 47 members who contribute a pledged amount monthly for its support.

Silverton is expecting a number of new elevators as the result of the coming of the Fort Worth and Denver railroad. Eight firms are negotiating for trackage, says the Briscoe County News.

The Mobeetie News is rejoicing in the passage of Wheeler county's million-dollar road bond issue. The bonds carried by a vote of 1,452 to 699, and will make possible 68 miles of paving.

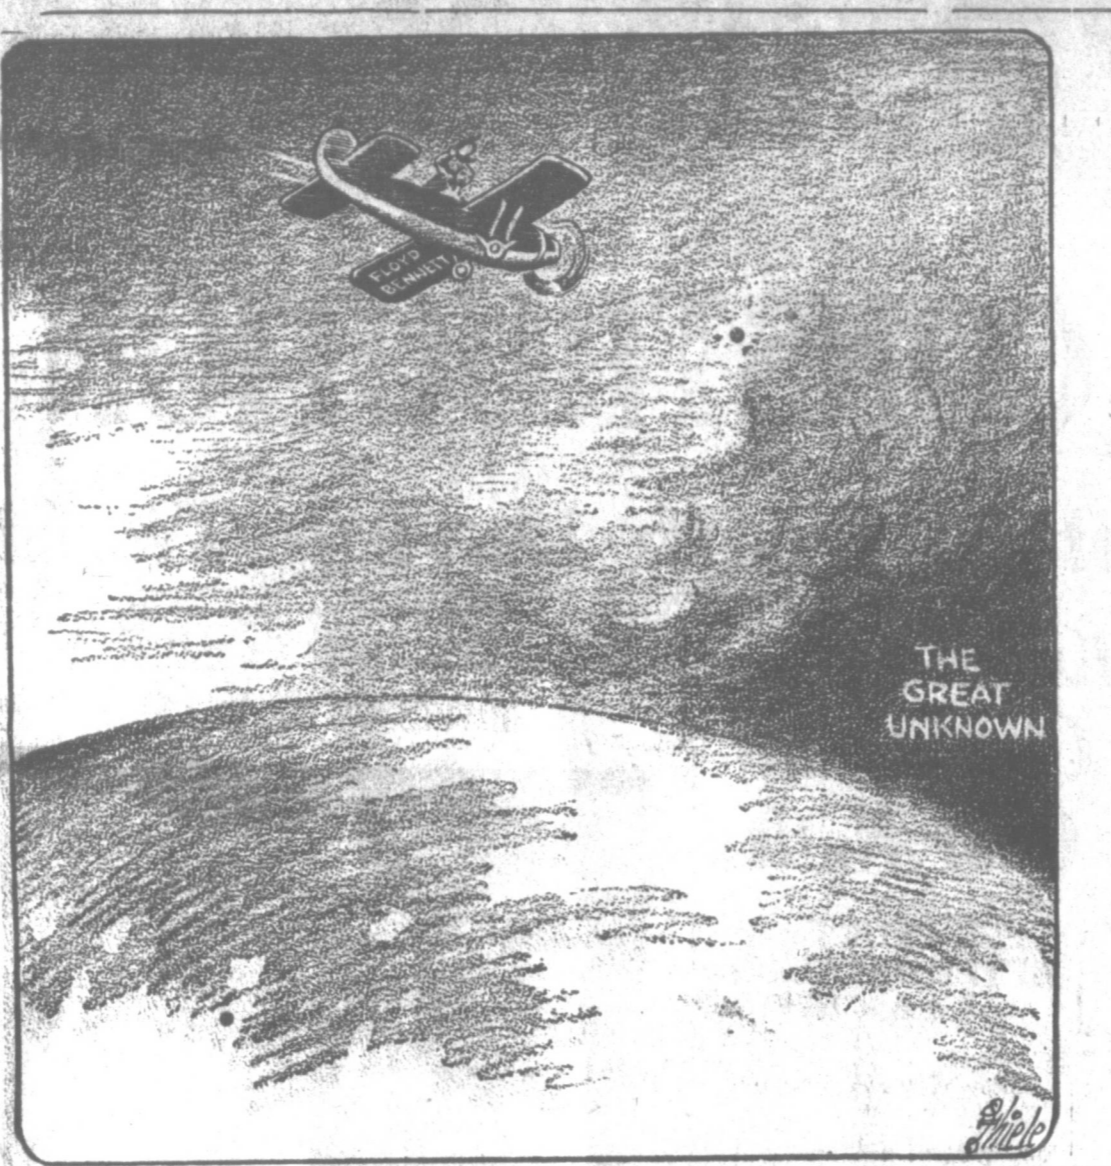

Perryton, wide-awake little city of the upper Plains, is considering employment of a landscape expert to beautify her cemetery. This is a matter to which most Panhandle cities give little attention, but which offers possibilities for commendable service.

The Alanreed Herald reports rapid work on the completion of the Beaver Dam road to the oil fields north of that place. A number of fences will be set back for the purpose. Alanreed is fighting an epidemic of scarlet fever.

Activities of the Spearman Chamber of Commerce have become so numerous lately that it has been necessary to employ a full time secretary. Bob Taylor of Dalhart has been selected for the post, we read in The Spearman Reporter.

Childress has obtained free mail delivery, and Clarendon is taking steps for the same service. The Clarendon News says the city has employed Judson and Walker of the Kansas City Directory company to put on a house numbering campaign. The numbers are quite attractive, being of glass to fit into metal receptacles. The city commission has passed a numbering ordi-

The Last Adventure

heard of the world war. Wonder where the tax collector has been in his town? School curriculums are becoming so practical that when a Buffalo couple of high school ago got married they were forced to take manual training and construct their own furniture.

Well, if the worst comes to the worst and those Poles fly over here, the printers' typographical errors won't look quite so bad using their cognomen's. Canyon and Hereford have entered a More Beautiful Town contest under agreements reached by the two Chambers of Commerce.

It is to the credit of some lazy farmers that they have sons who make heroic efforts to raise dinky little gardens in the cities. Patients of a London beauty shoppe are made to pout and cry at least once a week in the interest of youthful looks. That's the first time we ever saw any relation between pouts and beauty.

The class which told the teacher that the opposite of woe is "Giddap", was not far wrong in this modern age. You never can tell about politics. Hoover may win Found, a man who neverout even though he has been

Building, but not booming, is the way activities in Cheyenne, (Okla.) should be described," asserts The Cheyenne Star. "There is much building going on yet the town is not booming. It is experiencing the same steady growth that it has enjoyed for the last three or four years."

Beginning May 1, the leading business houses of Panhandle will close at 7 p. m., says The Herald. Out-door-exercise and recreation for employes is cited as a principal reason for the agreement. Many will enjoy a new golf course lately completed there. Canadian has been without

endorsed by Secretary Wilbur. After those Bremen flyers get through with receptions in this country, they'll wish they had flown right back from Greenely Island.

A masseuse is suing Mae Murray, Hollywood film player, for \$2140. That seems a little like rubbing it in.

Dr. Harlow Shapley of Harvard has located the center of the universe, just about 300 quadrillion miles away from the earth. If that distance doesn't seem possible to you, look how far away the Sinclair jury got!

WASHINGTON LETTER

By RODNEY DUTCHER, N.E.A. Service Writer

WASHINGTON — The rest of the government again is learning who's boss in the House of Representatives. That appears to be no less than the Hon. Bertrand Snell,

a congressman from New York and chairman of the House Rules Committee.

At the moment Snell is holding up consideration by the House of the Muscle Shoals bill, which was passed by the Senate, and the Boulder Dam bill, which the Senate has not yet considered.

Snell's Rules Committee rules what measures shall go on the House calendar and so comes near to running the whole show. It so happens that the Muscle Shoals and Boulder Dam bills contain provisions for government operation. Those provisions are said to be repugnant to Mr. Snell, who says that he is president and sole owner of the Snell power plant in upstate New York. Mr. Snell recently explained to the House that he was opposed to government ownership at Muscle Shoals and had hoped some bill with provisions for private operation would be put in. He

hadn't yet given up hope. Meanwhile the Morris Muscle Shoals bill, which was reported from the House military affairs committee with minor amendments after being passed in the Senate, remains in Mr. Snell's pocket.

The flood control problem has been with us for many years without being seriously tackled by Congress, although of course there's an end to everything. In Niles' Register for June 22, 1816, one encounters this ancient item: "NEW ORLEANS — The hope of stopping the crevasse, as before stated, is at an end until the fall of the river. It now admits a volume of water 200 feet wide and 20 feet deep. Our latest accounts from New Orleans say that great exertions are about to be made to carry off the water of the Mississippi into the cypress swamp, whence it might work its way into Lake Ponchartrain."

MODEL HOME TO BE OPENED TUESDAY NIGHT

Visitors Invited to See Unusual Construction and Effects in Finish

Furniture Being Installed, Last Touches Will Be Put On Today

After more than a month of work the Daily News Model Home, on North Frost Street, is nearing completion and will be open for public inspection Tuesday evening. It will be completely finished, inside and out, and furnished by G. C. Malone Furniture company Tuesday.

The opening will be held Tuesday evening and both during the day and at night for the remainder of the week. Chas. A. Symonds, designer and builder, will be there to answer questions and point out the new features, exclusively installed in the Model Home.

The inside woodwork is finished and is the only finish of the kind used in Pampa homes. It is a silver tone green over oak giving a very pleasing effect.

The jazz plastered walls and other interior decorating is being finished today by Gee Brothers. It harmonizes with other finish throughout all the rooms.

The Dutch door, between the living room and sun parlor, has been finished to the silver tone green in keeping with the other interior finish. A green porcelain stove has arrived for the kitchen and is being installed.

In going from one room to the other the visitor is surprised and awed with each room. There is harmony throughout but each room is different, with new features and new schemes and plans, making a trip through the Home a treat.

The light fixtures in the sun crystals and those in the bedroom and living room are silver room silver and blue crystals, each matching the fixtures and color schemes. The fixtures and an Atwater Kent console radio were furnished and installed by the Frank Davis Electric company.

Hundreds of visitors went through the Home yesterday and invariably expressed their surprise and pleasure. The most complimentary remarks

The Model Home Finished

were from those who had built homes of their own. "I am inviting everyone who is interested in any way in homes, and that should include everyone, to visit the Home during its opening," said Mr. Symonds this morning. This

Interest in Summer Wayland Term Is Growing Rapidly

PLAINVIEW, April 30.—(Special)—Inquiries continue to come for bulletins of the summer session of Wayland Baptist college. More than a thousand bulletins have been sent out, and from the interest manifested, indications point toward a large enrollment for the summer term. Wayland this year is offering the same opportunity extension as any other school up to and including the second year of college work.

Home will first open at 7:30 Tuesday evening.

The summer session will open June 4, and close August 10. Classes will meet six days in the week, beginning at 7:30 in the morning and continuing until 12:30 p. m. The afternoons will be given over to rest, recreation, and preparation of work for the next day. The term course will be completed in 10 weeks.

Elementary and secondary school certificates may be renewed here according to state requirements and the work be credited on a regular college course; straight college may be taken; or as many as 40 high school credits may be obtained. Academy subjects will be the same as college courses.

CHARGES BANK FRAUDS
WASHINGTON, April 30.—(A.P.)—Charging that conditions "approaching a national scandal" existed in six of

the twelve federal land banks, Secretary Mellon to transmit to the Senate the annual report of the federal farm loan board for last year.

I haven't the slightest idea what birds inhabit the Panhandle of Texas. I believe I did hear a meadow lark the other morning on the way to school and occasionally I see a few sparrows, but when it comes to knowing enough about these birds for a lengthy theme, well, I'm afraid I couldn't write one.

I love to wake in the summer time just before the sun steals over the eastern horizon and sweeps the world with her first warm rays. The grass is wet with dew, the leaves of the trees are wet and shiny, the flowers cheeks are still wet with tear-drops from crying for the sunshine.

"We" Are Making Last Trip Today

WASHINGTON, April 30.—(AP)—"We" made another landing here today preparatory to the Spirit of St. Louis being enshrined in the Smithsonian Institution as the gift of Colonel Charles A. Lindbergh.

ST. LOUIS, April 30.—(AP)—The famous partnership "We", composed of Col. Charles A. Lindbergh and his silvered moneplane "Spirit of St. Louis" neared dissolution with the announcement of his intention to fly the ship to Washington today, to place it on permanent exhibition in the Smithsonian Institution.

The ship, which has flown slightly more than 40,000 miles under the hand of its famous pilot in a score of countries in its year of existence, carried Lindbergh through his epoch-making New York-to-Paris flight, a tour of the United States and Canada, and the good-will flight to South America.

Millions of people, craning to catch a glimpse of his flashing silver wings have thrilled to the sound of its motor knowing it was part of a matchless combination that has written air history, its fame caught the fancy of young and old alike, and thousands of miniature copies were built which found place on the mantles of homes, in show windows, and many places.

Another historic airplane that which the Wright brothers flew at Kitty Hawk, North Carolina, 25 years ago, might have reposed there too had not a controversy between Institution officers and the air pioneers over the label on the Langley plane ended in the famous Wright plane being turned over to an institution in England.

Markets

KANSAS CITY, April 30.—(AP)—Hogs 10,000; steady to 10c lower; top bulk 180-240 lbs. 10.00-10.15; 250-350 lb. butchers 9.50-10.00; 140-170 lbs. 9.00-9.85. DIES OF WOUNDS

COLEMAN, April 30.—(AP)—C. G. Thorne, 28, stockman and a former owner of a cafe here, died at a hospital today of a gunshot wound inflicted in the head at his home last night.

In a note, Thorne said: "Do not hold me one responsible for my death. I did it myself for one reason." The reason was not made public.

ALLEGED COUNTERFEITER ESCAPES ABILENE, April 30.—(AP)—L. C. Hamilton, convicted counterfeiter, escaped from the jail here yesterday after sawing two bars in his cell window and lowering himself to the ground with a rope made of a blanket. Lee Smith who went to trial today for murder in the death of two men were shot to death in front of a bank at Stanton on Dec. 23, was Hamilton's cell mate, but refused to leave the jail.
