

Arab Guerrillas Killed

BEIRUT, Lebanon (UPI) — Arab guerrillas, apparently trying to hijack a plane to Cairo in protest against Egypt's pact with Israel, attacked Beirut airport Saturday killing and wounding police and civilians before they themselves were shot dead or captured.

An official statement said one of the guerrillas and a police sergeant died in the shootout and "several" civilians and policemen were wounded.

Police sources said the guerrillas apparently wanted to hijack a flight to Cairo in protest

against the signing of the Egyptian-Israeli interim peace agreement.

They said the dead guerrilla was a Syrian A Palestinian guerrilla, wounded in the incident, and an Egyptian was captured. A Lebanese who drove the three to Beirut airport, escaped but was arrested later, the sources said.

The three Arabs who did the shooting carried membership cards of Al Fatah, the largest Palestinian guerrilla organization. But Al Fatah denied any connection with the men and said investigation would show

their cards may have been forged.

The military chief of the Palestine Liberation Organization, Zuhair Mohsin, said "we strongly condemn this incident which we believe is the work of Egyptian intelligence."

Premier Hashid Karami immediately launched an investigation.

The three guerrillas stormed the main gate of the airport building at 5:20 a.m. and opened fire at security officers and passengers waiting for the 7:30 a.m. Egyptian flight to Cairo.

A German Lufthansa airliner, which touched down during the shooting, took off again.

After security officials had killed one guerrilla and captured the one who was wounded, the third climbed aboard a parked Middle East Airlines Boeing 707. After a two-hour siege, police and PLO officials talked him into surrendering. Witnesses said bullets "were flying everywhere" when the guerrillas, dressed in civilian clothes burst in shooting.

Two carried (Russian) Ka-

lashnikov automatic rifles and the third had some type of sub-machine gun," an airline spokesman said.

The first man hit was the sergeant in the gendarmes and about 30 or 40 passengers ran screaming to hide themselves.

"I saw a man and a little girl go down. I thought they had been killed. It was a nightmare as no one knew what was going on."

Scores of police reinforcements with armored cars rushed to the airport and sealed off the main approach roads.

Hospital Rates To Increase

By ANNA BURCHELL
Pampa News Staff

Room rates at Highland Hospital in Pampa and McLean General Hospital in McLean are expected to increase within the next 60 days.

The revenue is too low to offset rising costs, said Robert Monogue, administrator.

The rates at Highland General Hospital are now \$56 for a private room, and \$51 for a semiprivate. At McLean they are \$51 and \$46.

The current rates are among the lowest in Texas. The state average is \$117.10 per patient day. Room rates are only a part of hospital costs.

The average patient day cost at Highland General is \$99.39.

Monogue said the hospital's business office employees are beginning to look at budget estimates for the coming year. He hopes to have a room rate proposal to submit to the

hospital's board of managers during its Oct. 20 meeting.

The minimum wage is scheduled to increase from \$2.10 hourly to \$2.30 in January. The difference will have an impact on hospital budgets across the nation, Monogue said.

An estimated 300 persons are employed at Highland General Hospital.

Medicare payments comprise more than 40 per cent of the patient revenue at Highland General Hospital.

The 126 bed hospital operates at 70 per cent occupancy with about \$200,000 monthly in revenue.

The hospital receives weekly Medicare checks weekly for \$20,500. They are adjusted up or down, whichever the need, at the end of the quarter.

Medicare initiated a plan by which hospitals could receive periodic interim payments in order to operate on a more current basis.

Otherwise, they might have to wait several weeks for a Medicare payment to be disbursed.

Highland General Hospital operates on revenue from the payments. During recent months Highland has produced a sufficient amount to offset the deficit at McLean where the patient census dropped to two or three on several occasions during the past year, Monogue said.

However, Monogue said the number of patients at McLean was higher during September.

Hospital costs are expected to exceed \$100 per day here in 1976, interesting in early 1969 administrators in the Panhandle Hospital Division of the Texas Hospital Association were predicting that hospital costs in this area would be \$100 per day by 1980.

"It is fact — not fiction," the group said. Costs were \$50 per day at that time.

Only one, Miss Dorothy Blumer, assistant administrator at St. Anthony's Hospital in Amarillo, predicted \$100 a day costs by 1975. The group predicted that spiraling wages and rising costs would contribute the year-to-year increase.

"It is a vicious circle," said one who explained that when living costs rise, hospitals must raise wages accordingly and in turn pass the increase on to paying patients.

Hospitals, administrators explained, have had a lot of "catching up" to do in the past 30 to 40 years, particularly in the areas of wages, renovation and expansion of physical facilities.

Administrators said that today's patients would not be willing to settle for less than the best in facilities and services.

While some complain of costs, not one would think of reverting

to the "good ole days" when costs were lower and equipment less advanced, officials said.

A national survey six years ago revealed that since 1940 hospital costs advanced 350 per cent. While the figure appeared misleading at that time, the author noted that one could buy a low priced car for \$600 in 1940, while that same vehicle cost nearly \$3,000 in 1969 — almost five times as much or 500 per cent increase.

FBI Portrays Hearst As Willing Bank Robber

SAN FRANCISCO (UPI) — Patricia Hearst was present among the gang of four who held up a Carmichael Calif. bank April 21 for \$15,000 and shot a bystander to death, it was theorized Saturday by the FBI.

Earlier, investigators knew there were connections between Miss Hearst and the robbery —

but it was not thought her famous face had been at the scene.

The robbery in Carmichael, a Sacramento suburb, occurred during seven months in which Miss Hearst and her fellow Symbionese Liberation Army fugitives were believed hiding out in the state capital.

Items from a number of

wallets stolen during that period turned up in an additional inventory filed Friday in federal court. It listed contents of the two San Francisco apartments where Miss Hearst and SLA members William and Emily Harris were arrested.

It was learned the FBI now theorizes that the Carmichael bank gang was composed of these three, plus Steven Soliah, 27, who is in custody on a charge of harboring Miss Hearst. After her arrest, she described Soliah as her lover.

A fifth person, James Kilgore, 27, has been identified by a store clerk as the lookout in a parking lot across the street from the bank. Kilgore, a housepainter, disappeared at the time of the Hearst arrest.

The robbery was carried out by four persons who pulled ski masks over their faces, one of whom was a foul talking woman.

Mrs. Myrna Opsahl, 42, mother of four, who had come to deposit church funds, was fatally felled with a shotgun blast when she failed to quickly follow directions. Several customers lying on the floor were kicked and tromped

A federal source said investigators now suspect the shot gun blast was fired by Harris while Miss Hearst trained her gun on bank employees. The bank was not equipped with a surveillance camera.

Under state law, anybody participating in a crime in which a killing occurs is liable to a charge of murder, regardless of who pulled the trigger.

Ten days before the robbery, Miss Hearst is believed to have rented a small garage to store a Pontiac Firebird. The auto had been stolen in Oakland and was used as one of two getaway cars.

Harris, Kilgore and Soliah are all prime suspects in the \$3,700 robbery Feb. 12 in Sacramento of the Guild Savings and Loan. At the time the Harrises lived in Sacramento in a rented house a mile from the capitol building.

The Harrises apparently traveled with the newspaper heiress since her kidnaping Feb. 4, 1974. Soliah and Kilgore were thought to have made connections with the trio four months later.

Gem, Mineral Show Spectators

Sister Valentina took 27 children from the Catholic Children's home in Panhandle to the 15th Gem and Mineral Show Saturday in M.K. Brown Auditorium, Pampa. The event, sponsored by the Canadian River Gem and Mineral Society, will continue from noon to 6 p.m. today. Nine-year-old Tonya Ryan, above, watches

intently as her father, Robert, melts down silver and fashions the threads into jewelry. His display of silver and polished stone ornaments is only one of the many exhibits on display. Also featured are gemstones, artifacts, minerals, lapidary and other displays. (Pampa News photos by Michal Thompson)

Crime Rate Up 20 Per Cent Here

The Pampa Police Department crime report for the past nine months shows that Class I crime is up 20 per cent during 1975 as compared with the 12 months of 1974.

Types of crimes showing the highest increase included burglary with entrance through unlocked doors, 69 per cent and theft and assaults, 17 per cent

each.

Class II crime is up 16 per cent. The police department officers arrested 25 more persons for driving while intoxicated this year than in 1974. Fifteen more drug cases were handled.

During the first nine months, police handled 697 Class I index crimes and 1404 Class II crimes.

Democratic Hopefuls Converge on New York

SYRACUSE, N.Y. (UPI) — Seven Democratic presidential hopefuls converged on Syracuse University Saturday to participate in a forum that allowed them to woo directly potential members of the state's large delegation to the Democratic National Convention.

Candidates or potential candidates taking part were Sen. Birch Bayh of Indiana, Rep. Morris K. Udall of Arizona, Sen. Fred R. Harris of Oklahoma, former North Carolina Gov. Terry Sanford, Sargent Shriver,

the party's 1972 vice presidential candidate, Sen. Lloyd M. Bentsen of Texas and Sen. Henry M. Jackson of Washington.

Sen. Hubert H. Humphrey of Minnesota, a declared non-candidate, agreed to serve as moderator. New York Gov. Hugh L. Carey and other ranking party members also were on hand.

The one-day presidential forum was designed to give the candidates a chance to talk to potential campaign workers and to discuss politics before potential members of the state's influential delegation to the Democrat's nominating convention.

Humphrey, the party's 1972 Presidential nominee, has served notice he will not enter any primaries or seek any delegates. He was invited to moderate the forum by Democratic State Chairman Patrick J. Cunningham.

The program was similar to sessions held three weeks ago in Minneapolis, Minn., and earlier this week in Springfield, Mass. The meeting here was the largest grouping of Democratic hopefuls thus far.

Elections Cost Annually Quarter Billion Dollars

WASHINGTON (UPI) — American local governments, primarily cities, towns and counties, spend nearly a quarter of a billion dollars each year for elections, a new federal study showed Saturday.

The study, released by the Federal Election Commission, is the first survey ever made of election costs.

It disclosed that states, counties and municipalities spent an average of \$203 million dollars in each of the fiscal years from 1970 through 1973. With some hidden costs, such as city police assistance at the polls in many areas, the actual price tag on elections probably was even higher than the survey showed, a commission official who worked on it said.

Nor do the figures reflect any of the costs of campaigning, which are estimated to total up to \$500 million in presidential years.

The cost of conducting elections and who pays for them has gained interest because

the government is moving for the first time into financing campaigns for national office.

The U.S. Treasury will pay out about \$40 million for the presidential general election campaign and perhaps as much as \$60 million for presidential nomination campaigns next year. Proposals to provide federal financing also for Senate and House candidates are under study in Congress.

The new study, compiled from data collected by the Census Bureau and the General Accounting Office, shows that states pay only a small share of the costs of holding elections. In the four years studied, local governments paid \$770 million of the \$813 million spent on all elections.

The two heaviest spending years were the 1972 and 1973 fiscal years, which because of differing accounting methods used by governments covered the period June 30, 1971, through Dec. 31, 1974.

Those years, in which \$447.8 million was

Impeachment Trial Begins Monday

AUSTIN, Tex. (UPI) — South Texas District Judge O.P. Carrillo, convicted on nine counts of conspiracy and income tax evasion last week, returns to the state Senate Monday to stand trial on 10 articles of impeachment voted overwhelmingly by the House of Representatives.

Special prosecutor Terry Doyle says he does not believe Carrillo's conviction will sway the verdict of the 31 senators sitting as a jury in Texas' first impeachment trial since 1931.

"That was a criminal case and this is a civil proceeding. You'd have to ask the senators if (the conviction) makes a

difference," Doyle said.

The Senate convened as an impeachment court Sept. 3 but immediately recessed to allow Carrillo and his brother, Duval County Commissioner Ramiro Carrillo, to be tried on the federal tax charges in Corpus Christi. O.P. Carrillo faces up to 10 years and Ramiro 20 years in prison for the convictions returned last Thursday.

The Carrillos have been battling for political control of corruption-ridden Duval County for more than a year with the family of the late George P. Parr, known as the Duke of Duval.

Doyle said he has not been in communication with Carrillo or his chief defense attorney, Arthur Mitchell of Austin, since Sept. 3. He said Carrillo's lawyers — which include noted criminal defense attorney Richard "Racehorse" Haynes of Houston — have filed exceptions to a number of procedural points in the Senate trial which could be heard as soon as the trial resumes.

Once the procedural matters are disposed of, Doyle said he would call witnesses to testify to the charge in the first article of impeachment that Carrillo conspired to cheat Duval County by issuing and cashing fraudulent welfare slips.

"I am prepared with my first witness, but I don't know which it will be yet," Doyle said.

He said Duval County Auditor

Walter Meeks, Clefus Gonzales, a former employe of a farm and ranch store operated by the Carrillo brothers who has testified he cashed the slips for Carrillo, and Mrs. Lauro Yzaguirre, owner of a Benavides Grocery store who testified she redeemed the slips, will be available for questioning Monday.

Other articles of impeachment charge Carrillo with operating the farm and ranch store as a sham to steal money from Duval County, using County employes and equipment for work on his ranch, using his office for political gain and filing false campaign reports with the Secretary of State.

The Carrillo brothers' income tax evasion convictions were based mainly on evidence compiled by federal prosecutors about the sham farm and ranch store.

The House voted overwhelmingly to impeach Carrillo following a two-day special session in early August. The impeachment was recommended by a special committee which investigated the case for almost three months.

Texas' last impeachment trial occurred in 1931 with the acquittal of Central Texas District Judge J.B. Price. The last official removed from office through impeachment was Gov. James E. Ferguson in 1917.

Weather

Fair and warm temperatures are forecast today and Monday with highs near 80 and the lows in the upper 40s.

The United States government is on record as supporting peace in Rhodesia. Presumably it is on record as supporting peace in Iceland and in Andorra as well.

FTC Flaw

Busy, busy, busy. The Federal Trade Commission has advised more than 1,000 manufacturers that they must furnish the government detailed statistics on business activities affecting competition.

DUNAGIN'S PEOPLE

Ford Given 'Grassroots' Grain View

By BILL CHOYKE News Washington Bureau WASHINGTON — Wilmer Smith, a New Home, Tex. farmer, urged President Ford last week (Sept. 24), on behalf of other Texas farmers, to lift the current moratorium on grain exports to the Soviet Union and Poland.

"We gave him a grass roots view of what the farmers are thinking," said Mahon, shortly after the White House meeting. "We are pleased that the White House was aware of the problem."

"It would help stabilize the American dollar," said Smith, whose hometown is near Lubbock. "A long-term plan of exports is needed for us to produce to the maximum at a minimum of financial risks."

In a press conference after the White House meeting, Mahon said the farmers, who are preparing now to plant wheat and other crops, feel that the moratorium should be lifted in order to produce a climate of maximum capabilities for home consumption and for export trade.

Potomac Fever

By JACK POSNER Patty Hearst said her captors drove her to insanity. That should qualify her to run for Congress.

Syria will agree to a Mideast peace if Israel pulls back to its original borders in New York City.

People were embarrassed when the administration said the recession had "bottomed out." They didn't think theirs showed.

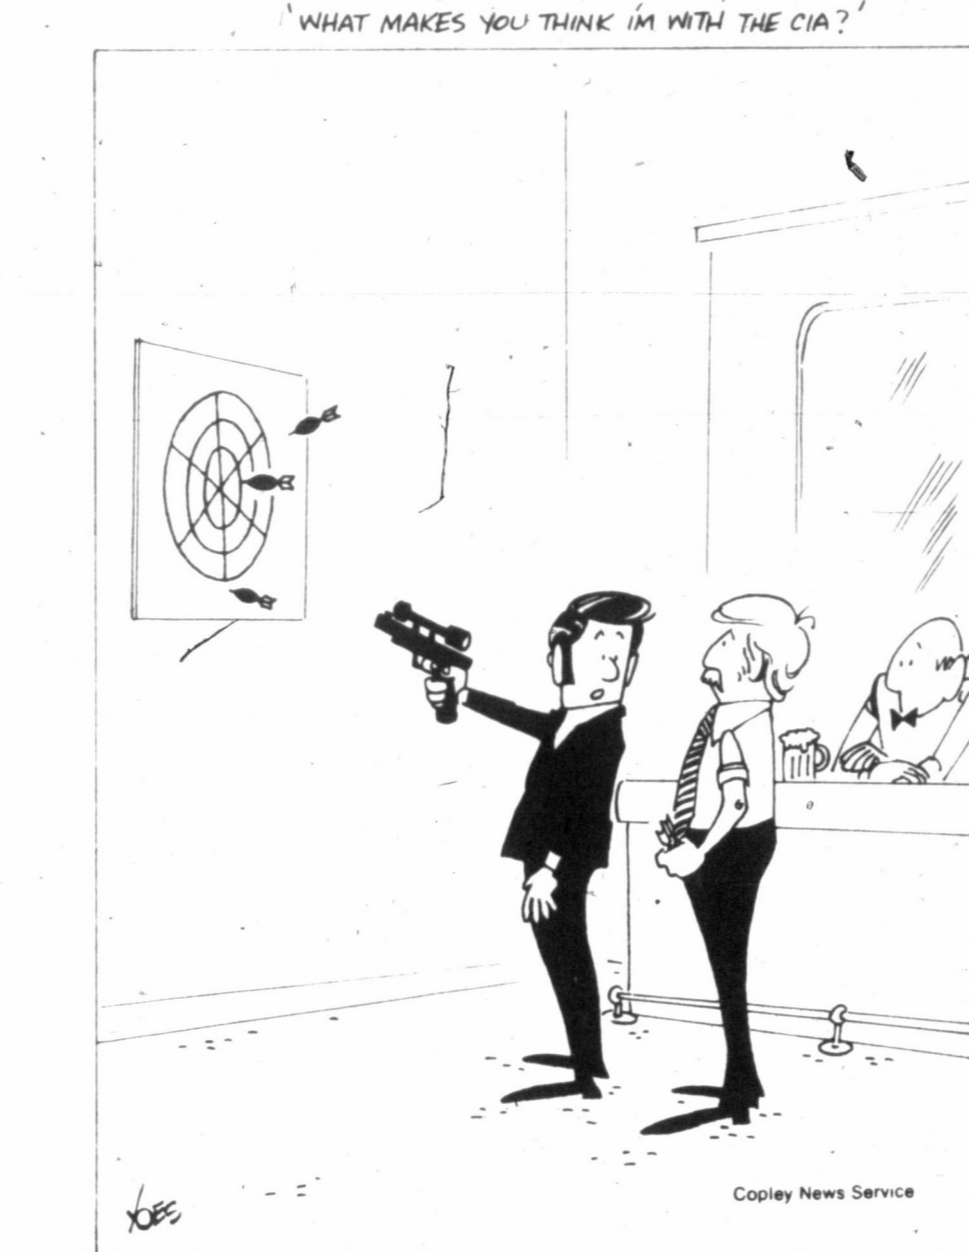

If the government is planning to protect all presidential candidates, they'll need the National Guard to cover the Democrats.

It's not the grain drain that worries Americans, it's the administration's brain drain.

The Arabs offered to buy the Republican party, but Rockefeller won't sell it.

From Washington Process Turns Crude to Food

By LINDA HEISERMAN News Washington Bureau WASHINGTON — The energy crisis has met the world food shortage in a high protein yeast derived from petroleum.

New York area. Sold only in the U.S. under the trade name Torutein, the nutty-tasting tan powder is said to contain nearly twice as much protein as cooked beef.

land used to feed cattle. The yeast product is not without its critics. The current energy crisis has led some critics to question the value of tapping one scarce resource — oil — to provide another — food.

In Defense of Kids

By Abigail Van Buren DEAR ABBY: It's about time someone spoke up for the much maligned younger generation.

When Johnny was 6, he was with his father when they were caught speeding. He saw his father hand the officer a \$5 bill with his driver's license. No ticket.

When Johnny was 10, he broke his glasses on the way to school. He heard his mother tell the man from the insurance company that they had been "stolen," and they collected \$27.

When Johnny was 15, he made right guard on the high school football team. His coach taught him to block and, at the same time, grab the opposing end by the shirt so the official couldn't see it.

When he was 16, he took a summer job at a big market. His job was to put the overripe tomatoes in the bottom of the boxes and good ones on top.

When Johnny went to college, he was approached by an upperclassman who offered him the answers to an English exam for \$3. "It's O.K., kids," he was told, "everybody does it." Johnny was caught and sent home in disgrace.

"How could you do this to your mother and me?" his father asked. "You never learned anything like this at home!"

If there's one thing the adult world can't stand, it's a kid who cheats.

DEAR ROY: Thanks for a wonderful letter. DEAR ABBY: The woman who "lent" the embarrassed lady in front of her at the check-out stand at the market a dollar so she could pay for her purchases has the wrong attitude.

I am reminded of one time when I was in the hospital years ago. An old fellow in the bed next to mine was due to be discharged that morning, and he was despondent because he owed the hospital \$5 and they wouldn't discharge him until he paid it.

He asked me to write my name and address on a piece of paper so he could pay me back. I didn't want to, but he insisted, so I hastily scribbled, "V. Reynolds, Bountiful, Utah," and gave it to him.

Two years later, when I was having a particularly hard time of it, I received an envelope with a New York postmark. Pasted on the outside of the envelope was the same scrap of paper on which I'd written my name and address. On opening the envelope I found TWO crisp \$100 bills! No letter, no explanation, nothing—just the money.

I don't know what happened to the man. I don't even know his name, but he certainly repaid me 40 times over.

DEAR V.R.: Beautiful! And what an appropriate coincidence that you come from Bountiful.

Rearview Mirror By TEX DeWEESE Editor of the News

HOW ABOUT those Dallas Cowboys? Several dyed-in-the-wool fans we know still are sitting on the edge of their chairs recovering from last Sunday's thrilling sudden death win over St. Louis.

With the Cowboys 2 and 0 in the regular season and having disposed of two of the most formidable of their NFL opponents, Dallas is up in Michigan to tackle undefeated Detroit Monday night.

The sensational victories over Los Angeles and St. Louis were not in the books when the season started. Cowboy Coach Tom Landry has a bunch of rookies on the squad and even fans who love the team were saying three or four weeks ago it would take two or three years before Dallas would again be in top contention for the playoffs and superbowl.

The Cowboys were the underdogs and The Rams and Cardinals were expected to put them away with ease. But it didn't happen that way. A lot of teams around the NFL circuit are having second thoughts about Dallas.

Of course, there are those who say the Cowboys were just lucky in the first two regular season games and a team that has lost so many regulars just can't make it through the season with rookie replacements. Well, maybe so — but we like to think the rookies, who didn't act like rookies in those first two games, will even get better as the season moves along.

So, on the edge of your chair again for tomorrow night's game. We had a hunch to pick Dallas by 7 points, but decided to change it to 10 points. Why? Well, they won by 6 points last Sunday and we believe they're at least 4 points better now.

SOMEBODY ASKED if we think President Ford ought not take so many chances now that the would-be gal assassins seem to be trying to use him for target practice. Far be it from us to even attempt to tell a President who is running for re-election what he should or should not do.

All we can tell you is what would happen if we were President. For certain, we wouldn't stick our nose outside the White House. Stay right in there and do all the politicking on the boob tube.

High Court Opens New Term Monday

WASHINGTON (UPI) — The Supreme Court opens a new term Monday, having already looked through a summer backlog of more than 850 cases which include challenges to the 1974 campaign reform act and issues of racial and sex discrimination.

Justice William O. Douglas, still suffering from the effects of a stroke, joined his eight colleagues Sept. 29 for a week-long review of the case backlog.

The justices will take advantage of this head start and, instead of the usual brief ceremonial, announce which appeals they plan to consider. Most petitions for review will be denied, allowing lower court decisions to stand.

Then the court will plunge into arguments on cases accepted last spring.

Capital punishment, scheduled for reargument this term, is not among cases scheduled for the first two weeks.

The campaign reform law, upheld virtually intact in appeals court, is expected to get

quick handling. It limits candidate spending and restricts contributions to presidential and congressional races.

Race discrimination, which was challenged for a time as a Supreme Court issue, has again become a major concern.

Public school cases are in from Detroit, Dallas, Miami, Dayton, Ohio, and Wilmington, Del.

And an important case from Northern Virginia argues blacks must be admitted to racially exclusive private schools under terms of a Reconstruction era civil rights law.

In the labor field, there is a conflict between the civil rights of blacks and the union seniority rights normally accorded veteran workers. Further, longshoremen are appealing an order that black and white union locals be merged.

Abortion cases from Massachusetts and Missouri also are before the high court. The contested Missouri statute requires consent of husband or parent.

Choir Practices

The choirs of Pampa secondary schools will present the American Festival of Choral Music at 7:30 p.m. Thursday to celebrate the bicentennial year. Close to 300 students will present numbers written or arranged by Americans. Sam Houston choir, directed by Sue Higdon, will sing "Roger Young" and "This is a Great Country." Songs from the junior high school choirs, directed by Elena Donald, include "Lord, We Praise for the Rhythm," "Simple Gifts," "All Ye Saints Be Joyful" and "Smile, Smile, Smile." High school selections include "Psalm 150," "Take Me Home Country Roads," "Lass from the Low Country," "Closer Walk with Thee" and "My Lord." High school directors are John Woicikowski and Louise Richardson. Admission is 75 cents. Above, the high school mixed chorus practices for the Thursday program. (Pampa News photo)

Interest on Checking Accounts Possibility

WASHINGTON (UPI) — Both houses of Congress are moving on bills which would make it possible to earn interest on checking accounts — a practice forbidden by law since 1933.

But that simple, generally welcome reform is part of a proposed shakeup of banking regulations which is so complex

that the future of the legislation is uncertain.

The Senate Banking Committee unanimously approved a bill Thursday which would eliminate most of the distinctions between banks, savings and loan associations and credit unions and give them greater ability to compete for customers and deposits.

At the same time, a House banking subcommittee approved a bill moving in the same direction, but not as far.

Under both bills, banks and S-and-L's could offer negotiable accounts of withdrawal accounts.

This is a savings account against which the saver can write checks — essentially an interest-paying checking account. Existing law bars such accounts in federally chartered institutions.

The Senate bill would also permit banks, S-and-L's and credit unions to offer interest payments on regular checking accounts after Jan. 1, 1977 — or one year later if federal regulators feel a delay is necessary. Now, only banks can offer checking accounts.

Backers assume enactment of the Senate measure would push interest rates higher for savers and permit checking accounts to earn 2 or 3 per cent interest.

Such an overhaul bill has a chance to pass, congressional observers believe, because it offers every element of the banking industry something it wants — even though each type of institution might begrudge the advantages extended to other types.

For example, savings and loan associations would have the right to put 30 per cent of their assets into consumer loans, which tend to require higher interest and to be more profitable than residential mortgages.

But the S-and-L's would lose two advantages they have over commercial banks — more favorable tax treatment and a regulation preventing banks from paying as much interest as S-and-L's may pay.

Bentsen Names Campaign Head

WASHINGTON (UPI) — Sen. Lloyd Bentsen, D-Tex., Saturday named former Congressman Joe M. Kilgore chairman of his 1976 Senate re-election campaign.

Bentsen named Houston businessman Walter M. Mischer as treasurer of the campaign.

"The experience and talent these two distinguished men bring to my Texas campaign assures that my race for re-election to the Senate will be run efficiently and enthusiastically," Bentsen said.

Kilgore was elected to the Texas House in 1946. He served four terms and was elected to Congress in 1954.

After serving in Congress five terms, Kilgore re-entered private practice as an attorney in Austin, Tex.

Mischer is chairman of the board and president of Mischer Corp., a real estate development company. He also is a trustee of Herman Hospital Estate.

PUBLIC LANDS—OPPORTUNITY

Equal Opportunity is provided all citizens of the U.S.A. to participate in the Profits and Tax-Benefits of Oil & Gas Lease-Rights on Public Lands. Parcels are awarded each month through PUBLIC DRAWINGS which provide profit potential in excess of 1/2 million dollars. DRAWINGS are administered by the BUREAU OF LAND MANAGEMENT. To enter your name, send \$25.00 for one parcel (two parcels \$50.00, three parcels \$75.00, etc.). For complete information write or call:

Leftists 'Subverted' Portuguese Army Units

LISBON, Portugal (UPI) — Prime Minister Jose Pinheiro de Azevedo accused the extreme left Saturday of subverting Portuguese military units around Lisbon, making the capital almost ungovernable and creating conditions for civil war.

He told the weekly newspaper Expresso, "at the moment, the government does not have the complete possibility of governing Lisbon."

Expresso reported that the military's revolutionary council has discussed the possibility of moving the government from Lisbon because of the extreme left threat.

In his interview, the prime minister said an apparent plot to overthrow the government was thwarted Wednesday night and did not rule out the possibility of a new attempt.

"I still fear that some individuals could be thinking about involving themselves in an adventure," he said. "To

take over the government would be possible now, but to keep it would be very difficult... it would be an adventure without future."

He blamed the current crisis on leftist propaganda and subversion which he said "has influenced some military units in Lisbon and its suburbs."

Azevedo tended to confirm Socialist party claims that extreme leftists planned to take over the government in a pre-dawn coup Thursday but were deterred by the army going on full alert and by Socialist militants called into the streets Wednesday night.

Mainly About People

The VFW Auxiliary will meet Tuesday in the VFW Hall to plan the 35th anniversary of auxiliary in Pampa. The anniversary will be on Oct. 21. Dues should be paid by Nov. 1.

Hazel McCune will host the Pampa Art Club workshop at 10 a.m. Tuesday in the home of Ann Haskew, 1120 N. Somerville.

Hugh Jones To Play With University Bank

Hugh Jones has auditioned for the Symphonic Band at Sam Houston State University and will participate in the Bearkat Marching Band activities there.

A senior music education major, he is the son of Mr. and Mrs. Paul Jones of Pampa.

The marching band, under the direction of Meyers Hudson, will be featured on nation-wide television during the half-time show of the Houston Oilers-Cincinnati Bengals game. The game is scheduled for Sunday.

Enjoy a sunny summer all winter!

Ford Travels in Parade In Bulletproof Limo

ELKINS, W. Va. (UPI) — A security-conscious President Ford flew to this mountain town Saturday to lead an Appalachian festival parade in a bulletproof bubble top limousine.

In a demonstration of the new security program he has approved in the wake of two assassination scares, Ford agreed to speak only briefly to the crowd at the Elkins High School football field where his helicopter landed.

Then it was into the armored black limousine with the plexiglass dome — the same car in which John F. Kennedy was killed in Dallas, but completely overhauled — for the "Mountain State Forest Festival Parade."

Ford allotted only two hours for the stay in Elkins, a town of about 8,300 population 150 miles west of Washington. He was to return to Washington for a one-hour rest stop before flying to Newark, N.J., to speak Saturday evening at a Republican fund-raising dinner.

The Elkins parade is a traditional event for Presidents and was expected to draw about 100,000 persons from surrounding West Virginia communities. Ford was honorary grand marshal of the parade, as were Presidents Roosevelt, Truman and Nixon.

But security precautions were

especially tight for this appearance by a President who loves to mingle with crowds and ride in open cars.

Ford has rarely consented to use the bubbletop model developed after the Kennedy assassination.

Friday night, West Virginia police put out a three state bulletin for a station wagon believed to be filled with rifles, ammunition and explosives — apparently the same California-registered car which reportedly crossed into the United States from Canada recently.

The Secret Service has been

checking an "unsubstantiated" tip its occupants may plan an attack on Ford.

White House Press Secretary Ron Nessen stressed that Ford is "not foolhardy" and "is concerned about his safety."

"He's not going into large outdoor events where he is exposed to big crowds of people who have not been screened," he said.

Nessen said it is no secret that Ford "wanted to go to attend the Michigan-Michigan State football game next Saturday."

Man Resists Arrest

Unauthorized use of a motor vehicle, an arrest for resisting arrest, possession of a controlled substance and a stolen purse were reported to the Pampa Police Department Saturday.

One resident said someone took a shot gun from the trunk of his car parked at a local bar.

The stolen purse contained \$5 in cash along with a Social Security card and pictures.

The unauthorized use of a motor vehicle involved taking

another person's car for repair, and requesting it be charged to an employer. However, the garage employees learned that he was no longer working for the employer.

An officer observed a car being driven in a reckless manner, and when he attempted to stop it, the driver gave chase.

He was arrested and charged with evading arrest and possession of a controlled substance.

Obituary

MRS. OLETA MONTGOMERY

Funeral services for Mrs. Oleta Montgomery, 66, formerly of Pampa are scheduled at 10:30 a.m. Monday in Carmichael-Whitley Colonial Chapel.

The Rev. Claude Cone, pastor of the First Baptist Church of Pampa, will officiate.

Burial will be in Fairview Cemetery. The casket will not be open at any time.

A native of Stephenville, Mrs. Montgomery died at 6 p.m. at her home in Enid, Okla. She was married to Robert Montgomery on April 17, 1929. They farmed north of Pampa from 1929 to 1972 when they moved to Enid.

He died April 24, 1974.

Survivors include a daughter, Mrs. June Gilpatrick of Enid, Okla., two sisters, Mrs. Lucille Shaw of Fort Worth and Mrs. Elsie Hale of Wichita Falls, and three grandchildren.

Moore, Harvesters Destroy Eagles 20-7

By PAUL SIMS Sports Editor

CANYON — Ricky Moore, held to 37 yards in the first half as Canyon exhibited a tenacious defense, rushed 17 times for 204 yards and three touchdowns to lead Pampa to a 20-7 come-from-behind victory over the Eagles Friday in Frank Kimbrough Memorial Stadium.

Pampa trailed 7-0 at halftime but had the momentum swing its way in the final two periods as the Harvesters won their fourth game of the season without a loss. Canyon fell to 0-4-1 with the loss.

The Eagle defense, prior to the game, had allowed only one touchdown rushing and four overall. Moore's touchdowns — two on runs of four yards and the other on a six-yard burst — came in the second half after it had seemed Canyon's defense might be impossible to run against.

The Harvesters rolled up 369 yards on the ground, nearly 300 in the second half after the Eagles held Pampa to 76 in the first two quarters.

Canyon's lone touchdown came on a one-yard plunge by Jonathan Hull with 6:09 left in the half after the Eagles drove 45 yards in eight plays following a Pampa punt.

The big play in the drive was a 26-yard pass from second-team quarterback Ricky Cooper to Jack Wright, who gave the Eagles first down on the Pampa four. Three plays later, Hull scored.

Pampa never mounted a drive of more than seven plays in the half, encountering a strong defensive charge led by tackles Drew Heltzer, a 205-pounder, and Charles Schumann, a 200-pounder, and linebacker Danny Rea.

The second half, from the outcome, belonged to Pampa, which drove to

Canyon's 35 on the first series but lost the ball on downs.

Cooper punted 43 yards to Johnny Agan, who rambled 34 yards down the right sideline on the return to give Pampa the ball on its own 45. After a five-yard loss on a fumble, Moore ran for 14 yards, Mike Glover 15 and Moore for 16, 11 and four, with the final run good for six points with 4:31 left in the third quarter.

Joe Coats kicked the extra point to tie the game.

Kelly Baker recovered a fumble on Canyon's ensuing series to give Pampa the ball on the Eagle 38. Brad Bowers returned the favor for Canyon, falling on a loose ball on his own 33.

Dave Edwards recovered a Cooper fumble after the latter had run 10 yards. That turnover gave the Harvesters possession on the Eagle 48 and set up the

next touchdown.

Moore, who shot 21 yards up the middle on the first play, scored five plays later on a four-yard run four seconds deep into the final period. Coats, despite a five-yard illegal motion penalty, kicked the extra point.

Baker recovered another Cooper fumble on his own 46 after the Pampa kickoff. The Harvesters drove to the 23 but lost 13 yards when Heltzer tackled quarterback Garland McPherson, attempting to pass, for a 13-yard loss.

The teams exchanged punts, as Pampa got the ball on its 30. McPherson was thrown for a two-yard loss, which, coupled with a 15-yard personal foul penalty against the visitors, gave Pampa possession on the 13.

On the next play, Moore broke up the middle, veered left and outraced the

defense down the sideline. Allen Shankles saved the touchdown by pulling Moore down on the six.

Moore scored on the first play from that point, giving Pampa a two-touchdown margin with 5:03 left in the game. Coats, after a fumble on the conversion try, tried to run with the ball and was tackled.

Moore's 200-yard plus output was complemented by Glover's performance — 12 carries for 88 yards. McPherson added 18 attempts for 0 yards, while David Caldwell carried four times for 36 yards.

Hull paced the hosts with seven rushes for 44 yards. He was followed by Cooper seven for 34, Shankles four for 26, Ronnie Whitney 12 for 18 and Jack Wright eight for 15.

McPherson did not complete a pass in seven attempts, while Shankles and Cooper managed one completion in 13 attempts for

26 yards. They were intercepted once by Phillip Seely.

In other games Friday, Amarillo High belted Hereford 27-7. El Paso Coronado whipped Amarillo Tascosa 41-12 and Plainview trimmed Borger 14-13.

Thursday, Amarillo Palo Duro outclassed Lubbock Coronado 35-21.

Friday, Pampa will host Lubbock Monterey and Palo Duro will entertain Canyon. The only other non-conference game for a 3-AAAA team this week finds Caprock at Lubbock High Thursday.

District play will begin Oct. 17.

Tiant Whips A's

BOSTON (UPI) — Luis Tiant pitched a masterful three-hitter and the Boston Red Sox scored four unearned runs on a record four Oakland errors Saturday for a humiliating 7-1 triumph over the world champion A's in the first game of the American League playoffs.

Tiant, a colorful right-hander who sometimes smokes cigars in his post-game showers, threw smoke rings at the A's and had them swinging offside throughout the game. Tiant, who

struck out eight, didn't allow a hit until Joe Rudi singled off his glove leading off the fourth. The Oakland run in the eighth was unearned as a result of one of three Boston errors.

Tiant, who has a mystifying assortment of curves, looked like he might be on the ropes in the eighth when the A's had a run in and two on with none out. But he suddenly recovered his stuff and struck out Claudell Washington and Sal Bando and retired Reggie Jackson on a routine infield out to end the inning.

He walked Gene Tenace to open the ninth but retired the next three batters ending the game.

The victory gave the Red Sox a 1-0 lead in the best-of-five-games series which resumes here Sunday before picking up again in Oakland next Tuesday.

With due respect to Tiant, however, it was the inept defensive play of the usually

impeccable world champions which sent the Red Sox off to a 2-0 first-inning lead and helped them clinch it with a five-run outburst in the seventh.

The three errors in the first inning were a playoff record for one inning in either league and the four Oakland errors established another mark for the American League in playoff competition.

Ken Holtzman, the hard-throwing lefty who started for Oakland, retired the first two batters in the first inning but Carl Yastrzemski singled and came all the way around to score when the A's made two errors on a routine grounder by Carlton Fisk. First, third baseman Bando let the grounder go through him and then left-fielder Washington's throw from the outfield landed in a no-man's land between third and home.

Colorado went 68 yards in 15 plays in its final drive, taking over the ball with 8:34 left in the game.

Waddy had another Colorado touchdown on a three-yard run and Williams scored the other Buff touchdown on a two-yard run.

Oklahoma led 14-0 with 17 seconds left in the first half but Colorado punted to the Sooner two yard line and Buffalo linebacker Gary Campbell wrestled the ball from Sooner quarterback Steve Davis on the first play. Waddy skirted right end to score with 14 seconds to go in the half.

The Buffaloes second touchdown also was set up by a five-yard recovery, this time by Steve Young at the Sooner 24. Williams ran it over to conclude a six-play drive.

STILLWATER, Okla. (UPI) — Reserve fullback Mike Mitchell ran six yards for a fourth quarter touchdown Saturday to rally 11th-ranked Oklahoma State to a 17-16 victory over Texas Tech.

The Pokes also scored on a 40-yard run by fullback Robert Turner and a 26-yard field goal by Abby Daigle. Daigle also added the extra point after each touchdown.

The Red Raiders jumped to a first period lead on a five-yard scoring dash by backup quar-

terback Rodney Allison. Starting quarterback Tommy Duniven scampered 12 yards for a touchdown midway through the second quarter to give Tech a 13-7 halftime margin.

Brian Hall missed the conversion kick, which proved to be crucial to the Pokes victory. Hall did kick one conversion and added a 33-yard field goal.

OSU was down 16-7 when Daigle, who had missed the past two games with a leg injury, kicked his field goal to

Wildcats Outclaw Bobcats 26-7

SUNRAY — Canadian demonstrated enough offensive balance to pile up 318 yards and destroy Sunday 26-7 in the teams' District 1 A opener Friday in Bobcat Stadium.

Canadian, in winning its third straight game, upped its season record to 3-2. Sunray is now 2-3.

Canadian rushed for 143 yards and passed for 175. Quarterback Gary Bob Hutchison completed 10 of 19 passes to spark the Wildcats to the surprisingly easy win.

Sunray actually scored first in

the contest when Alan Hunicutt rambled 79 yards around right end for the TD on the second play from scrimmage in the contest.

Jerry Trussell booted the extra point.

On Canadian's third possession, Hutchison connected with Kevin Wilson for a 19-yard scoring pass. Canadian drove 33 yards in the scoring drive, which included a 10-yard screen pass to Russ Hubbard and a 15-yard pass to Mike Schaefer.

Scott Hand's conversion

attempt was blocked.

Early in the second quarter, Hutchison sneaked over from the one to put Canadian ahead to stay. The Wildcats drove 36 yards after Kevin Wilson recovered a Sunray fumble.

Marty Carr apparently ran over the conversion, but a motion penalty moved the ball back. On the second try, Sunray held, as Canadian could only muster a 12-7 halftime lead.

Neither team scored in the third quarter, although Canadian drove to the one-yard line and lost the ball. Hutchison passed 61 yards to Hubbard. On the next play, Hubbard broke 18 yards off left guard to the one but fumbled and Sunray recovered.

The Wildcats got a break of their own when they recovered a Bobcat fumble on the hosts' eight. A penalty against Sunray on the play moved the ball to the four.

On the first play from scrimmage, Carr scored off right tackle Hubbard's two-point conversion made it 20-7.

On Canadian's next possession, after a Sunray punt, the Wildcats drove 48 yards in two plays for the score. Hubbard circled right end for 29 yards on the first, and Carr went the opposite direction on the second play for 19 yards and the score.

Again, a penalty on the conversion play ruined the attempt.

Hubbart was Canadians leading rusher with 86 yards on 16 carries. Carr added 56 on 12 tries.

Canadian hosts Stratford, while Sunray visits Sunnett Friday in district encounters.

PP&K Winners Going To Zone
Pampa's Punt, Pass and Kick winners were announced Saturday by Harold Barrett Ford and the Harvester Booster Club.

First place winners will travel to Amarillo Saturday for zone competition. Approximately 125 youngsters competed Saturday in Harvester Stadium.

Pampa Girls Place 6th in Own Tourney

Valery Prince and Candy Conner fired 88 and 89, respectively, to win medalist and runner-up honors and pace Amarillo Tascosa to the championship of the Pampa High School Invitational Girls Golf Tournament Friday at the Pampa Country Club.

Tascosa shot 362 to finish ahead of Amarillo High 375, Borger 391, Amarillo Palo Duro

426, Caprock 439, Caprock 439 and Pampa 436.

Joyceanne Hooper of Borger shot 90 to place third in the individual standings ahead of Liz Remy and Brenda Hutchison of Amarillo who tied at 91.

Pampa scores included Serena Larkin 95, Sue Cook 113, Susan Michael 123 and Teresa McCabe 125. Karen Weigel's 130 was dropped as the top four scores comprised the team total.

Playing singles for Pampa were Janet Keagy 108, Alice Kirby 121, Geraldyn Hills 122, Leann Trammell 128, Polly Gowdy 132, Renae Wright 136 and Billie O'Dell 146.

"We have quite a few new girls this year that should make good players," Pampa coach Tommy Lindsey said. "I think some of them had the first tournament jitters yesterday. With practice the girls should improve quite a bit before the fall schedule ends."

Pampa will play in the Borger Invitational Friday.

Ruth League Players Honored
High Plains League Babe Ruth athletes of the year were announced Saturday by Richard Case, president of Babe Ruth International, and Richard Lowe, White Deer manager.

Bobby Ensor and Kevin Rexroat of Skellytown and Michael Pettit of White Deer were the honorees chosen by league managers.

Simpson TD Pushes Tigers past Owls

McLEAN — Curtis Simpson dove over from three yards out with 3:57 left in the second quarter and McLean held on for a 13-6 win over Silverton in the teams' District 2-A opener here Friday night.

The win gives McLean a 3-1 record, while Silverton falls to 0-4 with the loss.

McLean, leading 13-0 in the fourth quarter, watched trouble strike when Tommy Lacy scored for Silverton on a nine-yard run with 2:20 left in the game. The play capped a seven-play drive which

consumed over three minutes.

Britt Gill missed the extra point kick.

Silverton tried an onside kick and recovered, getting the ball outside the 50-yard line. The threat was stifled, though, as McLean held for four downs.

The Tigers scored at 3:22 in the first quarter when Gary Danner broke two yards up the middle. McLean had taken over when Silverton was victimized by a snap over the punter's head which put the ball on the two.

Danner scored on the first play after the turnover. Morse Haynes' conversion made it 7-0.

Simpson's three-yard TD run capped a seven-play, 50-yard drive, which included a 23-yard run by quarterback Marty Dunivan. That run put the ball on the 18.

While McLean coach Robert Mears was pleased with the win, he noted at least one reason why there were ill feelings about the game. Scott Raines, McLean's starting center, suffered a dislocated wrist and will

be out for six weeks.

Aside from the injury and an inconsistent offense which was unable to score in the second half, Mears was "happy we won."

He added, "We played good in the first half but we didn't get up very good in the second half. I thought our whole offensive game was a lot better last night."

Leading rusher in the game was Dunivan with 10 carries for 80 yards. Other McLean ground gainers included Simpson, 12 carries for 35 yards, and Danner, nine

attempts for 26 yards.

Dunivan was four of six passing for 54 yards. His favorite target was Billy Bob Terry with three receptions for 46 yards.

Randy Clay and Lacy each gained 21 yards on eight and seven carries, respectively, to pace the Owl's offense, which managed just 50 yards on the ground.

McLean travels to Clarendon Friday in the Broncos' homecoming.

Ironically, Mears will be among those exes "coming home". He is a Clarendon

graduate. "This is a big game for me," Mears said.

Silverton hosts Claude Friday.

Elks Kick Bucks

STRATFORD — Joe Pete Albert scored on a 23-yard run with 5:30 left in the game to lift Stratford to a 19-14 victory over scrappy White Deer Friday in the District 1-A opener for both teams.

The Elks were overwhelming favorites in the contest but were forced to come from behind in order to win.

Albert's 23-yard ramble capped a 65-yard drive after the Elks had fallen behind 14-13.

White Deer tried to regain the lead but were forced to punt twice within the final five minutes.

"They were conservative," Buck coach Mike Purcell said. "We tried to move the ball and punted a couple of times. It was probably the best game we've played."

"It was real close. They were

a little too big for us in the middle. And they played excellent pass defense against us."

White Deer's passing game, with quarterback Allan Cummins and ends Sandye Hodge and Mark Line, is considered one of the best in the Panhandle. Cummins, however, completed only three of 15 passes for 40 yards and had three interceptions.

The Buck quarterback scored on a 32-yard run early in the game after a Stratford punt to give his team a 6-0 lead. Bobby Ensor increased the margin to seven with the conversion kick.

Leonard Duncan capped a 55-yard drive with a one-yard run for Stratford, which tied the game on Will Allen's conversion early in the second quarter.

Albert scored on a seven-

yard run off left tackle in the second quarter to give Stratford the lead. Allen missed the extra point.

Bobby Tollison capped what Purcell called "our best drive of the year (65 yards)" with a nine-yard run to start the second half. Ensor kicked.

Cummins rushed 20 times for 85 yards, while Tollison added five carries for 32 yards. Steve Williams gained 27 yards for the Bucks, Nov 2-3.

White Deer is open Friday, while Stratford visits Canadian.

Intently Watching
Groom coach Don Sessom Thursday watches his Tigers clip Pampa's junior varsity 21-6 in non-conference football action. Groom, 4-0 for the season, visits powerful Boys Ranch Friday.

(Pampa News photo by Michal Thompson)

Warrior Jayvees Walk by Higgins

MIAMI — David Bean gained 168 yards on eight carries and scored two touchdowns to pace Miami's junior varsity to a 34-6 rout over Higgins Friday.

Miami's varsity, open Friday, resumes non-district play against Goodwell, Okla., Friday in Miami.

Bean scored on a 65-yard run in the first quarter. Other opening-period TD's were scored by Phillip McCullough on an eight-yard run, Bean on a 60-yard scamper and Juan Segovia on a 15-yard ramble. Segovia ran over the conversion after Bean's second score, while McCullough passed to Randy Daugherty for two points after Segovia's TD.

Segovia scored on a 10-yard

run in the second quarter.

Higgins' only score came on a two-yard run by Randy Pool in the final quarter.

Segovia, McCullough and Daugherty added 45, 23 and one yards, respectively, on the ground. Pool led Higgins with 23 carries for 95 yards.

Miami outrushed the visitors 242-178 and outgained Higgins in total yards 305-192. The Warriors also recovered six Higgins fumbles.

Wheeler Clips Claude Behind Wills

CLAUDE — Robert Wills intercepted two passes in the second half, setting up touchdowns on each one, and scored on a 27-yard pass from Don Brown to ignite Wheeler to a 35-22 District 2-A win over surprisingly tough Claude Friday here.

With the score tied 14-14 at halftime, Wheeler went ahead after Wills intercepted a Wayne Campbell pass on the goal line and returned it to the Wheeler 20.

The Mustangs drove 80 yards for the go-ahead score, with Brown passing 18 yards to Randy Weaver for a touchdown with 21 seconds left in the third quarter. Jim Verden, who did not miss an

extra-point try in the game, booted the point-after for a 21-14 margin.

In the drive, Danny Helton rushed 20 yards to the Claude 46.

Wills intercepted a pass early in the fourth quarter on the 50 and returned it to Claude's 42. Four plays later, Brown passed to Wills for a 27-yard touchdown at 10:06.

After a short Claude punt, which gave Wheeler the ball on Claude's 29, Mike Iazard finalized six-play drive with a one-yard plunge at 3:11 in the final quarter.

Claude tried to rally but Brown's interception thwarted a Mustang drive. Wheeler was forced to punt, giving Claude possession on the its own 15.

Three plays and a 15-yard penalty later, Campbell passed 19 yards to Geoff Forbes for a touchdown, which came with 59 seconds left in the game.

George Jaramillo ran over the conversion as Claude pulled to within 13.

Brown opened the scoring in the game by running a punt back 68 yards for a touchdown with 26 seconds left in the first quarter.

Verden blocked a punt in the second quarter, and Dell Ford picked the ball up and ran eight yards for another Wheeler touchdown.

Claude came back on its next series with a 74-yard TD pass from Campbell to Jaramillo. Jaramillo ran 60 yards on the

play after catching the toss. The punt kick was wide.

Claude added two points, pulling to 14-8, in the second quarter when Brown was downed in the Wheeler end zone for a safety.

Wheeler recovered the kickoff after the safety as the ball rolled to Claude's 40. Two plays later on the 39, Wheeler fumbled and the hosts recovered.

On third down, Campbell passed 51 yards to Randy Nuttall for a touchdown, which tied the game and made the score 14-14 at the half.

Campbell completed 13 of 31 passes for 332 yards. The difference in the game might have been Claude's inability to rush as the Mustangs (Claude Mustangs) gained only 69 yards.

Wheeler, rushed for 177 yards and passed for 67, as Brown hit on four of 10 attempts.

Helton gained 48 yards on 13 rushes and was followed by

Iazard, 39 on 11; Ford, 36 on nine, and Brown, 30 and 13.

Wheeler hosts powerful Wellington in a district contest Friday, while Claude visits Silverton.

Wellington-No. 7 in the state, was a 23-6 winner over Memphis, No. 10, Friday.

Redskins, Cardinals Win in Tiger League

Cavin Coleman scored on runs of 56, 10, 3, 11, 55 and 50 yards to ignite the Redskins to a 38-13 shellacking over the Colts in Tiger League football action Tuesday in Optimist Park.

Coleman and Ron Johnson scored extra points for the winners.

Mark Kotara scored both Colt touchdowns in the fourth quarter, running 70 yards on a

kickoff return for the first and 10 yards for the second. Deral Dunn added a conversion.

In the opening game of the evening, James Borchardt scored second quarter TD's on runs of seven yards and added an extra point to pace the Cardinals past the Browns 20-0.

Julian Ontiveros raced 65 yards for a third-quarter TD, while Jeff Kindle tackled on the extra point.

Your Horoscope

By Jeane Dixon

SUNDAY, OCTOBER 5

Your birthday today: You're off and scrambling as new conditions set in that challenge your ability to revamp your habits and goals. You can take nothing for granted. The biggest temptation this year is to try for too wide a range: overexpansion in social obligations and overdiversification in business or vocational lines. Today's natives are direct, will do whatever is needed to get results.

Aries [March 21-April 19]: Romance encounters stress. Be easy on others even if they don't let you off the hook. Pay attention to youngsters; get to know them and their problems.

Taurus [April 20-May 20]: Social maneuvers are surrounded by confusion as misunderstandings arise and

rivalry develops among high-spirited relatives. Cultivate a calm manner as you carry on with usual Sunday customs.

Gemini [May 21-June 20]: Your nerves and peace of mind are priceless assets; protect them even if it means skipping special social activities. Let today be a genuine rest from work as nearly as circumstances permit.

Cancer [June 21-July 22]: Agreement on any topic but money comes easy; that one subject is sensitive among the family. Romance fades, so say nothing harsh. Handle machines with care.

Leo [July 23-Aug. 22]: Using tact is to your best interests. Your actions are more emphatic than words. Betting and other amusements related to money

generate needless trouble—stay out of them!

Virgo [Aug. 23-Sept. 22]: Secret or purely personal deals are not favored. Group action goes well. Move against competitors; propose your own program, gather those who agree with you and get started.

Libra [Sept. 23-Oct. 22]: Wait until you're asked before intervening in the affairs of friends. Leave monetary problems aside and don't spend any more than you must. Take time for solitary meditation. Late news is good.

Scorpio [Oct. 23-Nov. 21]: The unexpected is the norm. Be willing to shift plans and personnel to meet temporary situations without haste or pressure. Temptations to indulge creature comforts are very strong.

Sagittarius [Nov. 22-Dec. 21]: This Sunday wouldn't be complete without some minor misadventure. Get out and see what's happening; take advantage of swiftly passing conditions.

Capricorn [Dec. 22-Jan. 19]: You needn't stick around with people any longer than duty requires. Skip travel with family or crowds; get off by yourself. Reexamine your plans.

Aquarius [Jan. 20-Feb. 18]: Don't be surprised at finding yourself on the wrong side of a controversy. Use your head to set matters straight quickly. Bring in

new people only as a last resort.

Pisces [Feb. 19-March 20]: Stay with those you know and cherish if you must travel. Avoid extremes. Money matters get out of hand if you open any dealings at all. Thrift is a virtue that is difficult to achieve.

MONDAY, OCTOBER 6

Your birthday today: This year you either surmount obstacles by abrupt, effective self-expression or find some way of turning them into benefits. Your age group now has a strong influence on your attitudes. Relationships are exciting and events are bright and memorable. Today's natives have ideas that are usually ahead of their times. Marriage presents a special challenge for them.

Aries [March 21-April 19]: Make a survey to find where

your resources are and what they amount to. In preparing for anticipated problems, you inadvertently set up solutions for difficulties you haven't even imagined.

Taurus [April 20-May 20]: Older people and their worries are much in evidence. Try to cope with them without being thrown off balance. Expect temperament from friends and make allowances for it.

Gemini [May 21-June 20]: Begin your work week with a resolve to proceed safely and within the rules. Examine your environment as though you never saw it before; make what changes suit your purposes.

Cancer [June 21-July 22]: Your own impulsiveness is no better or worse than that of others. Just remember who started the flak when you get back what you dealt out. Romance seems tense right now. Patience!

Leo [July 23-Aug. 22]: Be moderate in making demands and tactful in giving answers. Adopt conservative methods with which you are familiar. Reserve judgment on problems for which you don't yet have enough information.

Virgo [Aug. 23-Sept. 22]: Today marks a boundary between a past way of doing things and a new, experimental phase. Break old habits as you learn better ones. Someone unexpected offers congratulations.

Libra [Sept. 23-Oct. 22]: Go it alone if you must go at all. Find out whether the situation is the same as it was last week. Clear up previous obligations before attempting new projects.

Scorpio [Oct. 23-Nov. 21]: You plunge into more than you can comfortably handle, which is O.K. if you concentrate on what you're doing. Errors of any kind have

repercussions. Stifle that urge to quarrel!

Sagittarius [Nov. 22-Dec. 21]: You're faced with new and old competition. Pay extra attention to your health. Be thrifty and avoid premature moves.

Capricorn [Dec. 22-Jan. 19]: Spend the morning observing details and recent changes. Deal with people who shared something unusual with you in the past. Interesting news is on the way.

Air Force Homosexual Challenges Discharge

HAMPTON, Va. (UPI) — The Air Force has decided T. Sgt. Leonard Matlovich — a homosexual — may leave the service with an honorable discharge. But Matlovich says he wants to stay, and will challenge the ruling.

"I do not consider the upgrading of my discharge to an honorable discharge any

advantage because I want no discharge at all from the United States Air Force," he said Thursday.

"The type of discharge is irrelevant because it is still a discharge for being a homosexual, a fact of my private life which has nothing to do with how I do my job in serving my country."

Irish Won't Give In to Kidnapers

LIMERICK, Ireland (UPI) — The Irish government will refuse to give in to the kidnapers of Dutch industrialist Tiede Herrema "no matter what the consequences," a spokesman said Saturday, less than 24 hours before the threatened deadline for his death.

"There is no question of any last-minute change," the spokesman added.

He underscored the tough, hard-line government stance as the giant Dutch-owned Farenka factory closed its gates in compliance with one demand of the gang that kidnaped its 52-year-old managing director Friday a few hundred yards from his Limerick home.

Shops and offices in the town also closed for the day in response to a call from the mayor, Thady Coughlan, for a complete shutdown.

The kidnapers, believed by police to be a splinter group of the outlawed Irish Republican Army, threatened to "execute Herrema within 48 hours if their demands were not met.

These included the freeing of three jailed IRA members, including 33-year-old Dr. Brigid Rose Dugdale, daughter of an English millionaire who is serving a nine-year sentence.

The kidnapers also demanded

that the Farenka factory be closed "as a sign of good faith."

Although the kidnapers gave no exact time for the expiration of the deadline, police were taking it from the 11:30 a.m. telephone calls Friday to the Netherlands embassy when a woman spelled out the terms for Herrema's release.

Both wings of the IRA denied they were behind the abduction but justice minister Patrick Conney dismissed the statements as "probable lies."

A government spokesman denied the Dutch government had pressured for concessions to the kidnapers to save Herrema's life.

A spokesman for Farenka said the factory had closed in compliance with the kidnapers' demands because "it seemed an inconsequential request when weighed against the safety of Dr. Herrema."

Police chief superintendent Thomas Kenny, who was masterminding search operations, said the kidnap was "skilfully organized and tremendously well planned."

"We are sure the kidnapers are still inside the Irish Republic," he said.

Police ringed Limerick with road checkpoints and began a house to house search of the city.

Fire Prevention Week

Remove Hazards, Chief Warns

By TEX DEWESE
Pampa News Staff

Pampa currently is entering the one week of the year when city fire department officials and the Chamber of Commerce Fire, Prevention and Safety Committee remind citizens of the necessity to save lives and property by using caution and taking every possible step to prevent fires.

This is 1975 Fire Prevention Week and Fire Chief Finace Dyer and members of the city's three fire departments hope Pampans will become fire prevention conscious — take inventory with a view to removing fire hazards.

Fire Prevention Week first came into being to keep in memory one of the nation's historical major fires — the Great Chicago Fire of 1871 when Mrs. O'Leary's cow kicked over the lantern. It is the only major conflagration whose anniversary is marked by an international observance — Fire Prevention Week — proclaimed each year in the United States and Canada.

It was originated in 1911 as Fire Prevention Day by the Fire Marshals Association of North America. On recommendation of a committee of the National Fire Protection Association, it

was extended to one week in 1922.

Fire Chief Dyer pointed out that Fire Prevention Week is always the Sunday - through - Saturday period in which falls Oct. 9, date of the Chicago disaster 104 years ago. The fire killed 250 persons and destroyed 17,430 buildings at a cost of \$168,000,000.

Pampa Fire Chief Dyer said: "That was one of the nation's greatest major fires. Our purpose locally is to try to educate citizens to remove the causes of small fires that can quickly turn into major fires.

Local firemen recall major fires in Pampa, all of which probably would not have happened if proper fire prevention steps had been taken.

Local firemen and citizens will remember several Pampa's major fires and Chief Dyer said he hopes they will think about them during Fire Prevention Week — and throughout the year by eliminating fire hazards in homes and businesses.

Chief Dyer says Pampa's worst major fire happened Aug. 23, 1959, when the Gilkins Apartments at E. Kingsmill and Gillespie streets were destroyed and five persons lost their lives. It was caused when a man fell asleep with a lighted cigarette.

"It was not the worst fire in the total property loss category," the chief said, "but it was the worst because five persons died."

On March 23 of the same year, another of Pampa's major fires was recorded. Fire broke out late at night in the LaNora Theater located in the 100 - block of N. Cuyler, completely gutted the movie house and left property damage near \$100,000.

It was on New Year's Eve in 1970 that fire swept through White's Auto Store in the 100 - block of S. Cuyler, totaling the building and contents at a loss of \$200,000.

One of the heaviest — damage fires occurred Sept. 5, 1969, when flames destroyed the Furr Food Market building and its contents at a loss estimated at \$500,000.

Fire Chief Dyer said the fire causing the most damage to go into the Pampa fire department records was the \$1 - million fire that destroyed the First Baptist Church at 203 N. West Dec. 23, 1973. The church fire was believed to have started from a lighted candle in some evergreen sprigs. Chief Dyer said.

Among the more recent major fires in Pampa — one that claimed a life — was the

Packerland Packing Co. blaze on April 15 this year.

"Fires like these — the ones that become major conflagrations," Fire Chief Dyer said, "are what we are hoping to prevent by the messages that are emphasized each year during Fire Prevention Week.

"Of course we are just as interested in eliminating the hazards that cause small fires, too. It is from small fires that major fires often grow."

Chief Dyer said every year during Fire Prevention Week, firemen recall the major fires

that have happened in Pampa and then hope they can spread the word that will prevent fires with heavy damage and loss of life in the year ahead.

Included in the week's observance this year, a Chamber of Commerce committee headed by Homer Thomas is cooperating with city fire officials in activities that will include:

Demonstration of fire department aerial equipment with a "rescue" from atop a "burning" building in downtown Pampa at 9 a.m. Tuesday, demonstrations daily at

elementary schools, open house at the city's three fire stations from 10 a.m. to 5 p.m. Wednesday, special programs at civic club luncheons and dinners, showing of films on fire prevention and special fire drills in the schools.

Two-door hardtops continued to be the dominant body style preference of consumers in 1974, capturing 45 per cent of the automobile market. Convertibles are disappearing rapidly, accounting for less than 28,000 cars, or one-half of one per cent.

Biggers To Install Chamber

Brac Biggers, divisional manager of Southwestern Public Service Co. in Amarillo, will be the installing officer when three officers and ten new directors are inducted at a

dinner meeting of Chamber of Commerce board members and their wives Tuesday, Oct. 16, in Coronado Inn.

Biggers is serving his second term as president of the Amarillo Chamber of Commerce. He was president of the Borger chamber before being transferred to Amarillo.

Officers to be installed are: Boyd Taylor, president; J.C. Roberts, vice president, and Arthur Aftergut, finance director.

Seven new directors elected to serve three-year terms are Dudley Steele, J.C. Roberts, Bill Hite, Veri Hagaman, Tim Hoiles, Dr. Dan Long and Jerry Holmes.

Three directors appointed by the chamber president to serve one-year terms also will be installed. They are Clyde Carruth, Ken Plotner and Glen Turbeville.

The new chamber officials will officially take office for the 1975-76 fiscal year at the annual chamber meeting Thursday, Oct. 30, in the M.K. Brown Civic Auditorium.

Paul Harvey, nationally-known newspaper columnist and radio commentator, will be the speaker. Chamber officials said today only about 25 tickets still were available for the Oct. 30 event.

Refugees Offered Boat Home

FT. CHAFFEE, Ark. (UPI)—A state department official has told Vietnamese refugees if they want to return to their homeland a ship leaving from Guam later this month may be their last chance for repatriation.

Donald G. MacDonald, senior civil coordinator at Chaffee, said refugees who do not return to the Viet Nam Thuong Tin will be returned to refugee camps in the United States and told to find American sponsors.

"You have two choices: you can go to Guam and take the ship or you can stay here and find a sponsor," MacDonald said.

The ship is expected to leave from Guam later this month to take back refugees who said they left Vietnam against their will during the hectic days of the

North Vietnamese takeover. There has been no indication the refugees will be accepted.

MacDonald said The refugee relocation center at Guam will be closed "as soon as possible" after the ship sails. Refugees who remain at the South Pacific camp will be moved to Chaffee or Ft. Indiantown Gap, Pa., and be sponsored out.

Those "sponsored out" could still be repatriated later by the United Nations if the Vietnamese government allows them to return, MacDonald said.

"If you leave Chaffee and go into the United States, the United Nation will still be able to get in touch with you and send you to Saigon when Saigon calls you forward," MacDonald said. American officials originally asked the United Nations High

Commission for Refugees to arrange the return of Vietnamese who requested repatriation. The Vietnamese "accepted the principle of repatriation," but have not yet allowed any large number of Vietnamese to return or set a date for repatriation to begin.

The UNHCR has refused to be a party to the plan allowing the refugees to sail the ship and U.N. officials are still trying to negotiate the return of Vietnamese who want to go back but don't want to sail on the vessel.

Brac Biggers

Carter To Address Demos

Gray County clerk Wanda Carter will address the Top O' Texas Democratic Club at its monthly meeting Monday night in the Hospitality Room of the Citizens Bank and Trust Co.

Voter registration will be discussed by the speaker in an effort to clear up confusion regarding registration for voter eligibility in coming elections. Club officials said they feel the Monday night meeting will be

one of the most informative in the organization's series to keep the public aware of democratic processes.

J. D. Holmes, club president, stated election laws and political processes have become so complex that citizens and even office holders are uncertain whether their activities are compliance with various codes affecting their responsibilities. Holmes said the Monday night

meeting will be open to the general public and urged citizens to attend in order to receive what he termed "factual, accurate and comprehensive information on the entire question of voter eligibility."

The meeting is scheduled for 7:30 p.m. Coffee will be served and an informal social gathering will follow the business session.

Texas Business Shows Gain

AUSTIN, Tex. (UPI)—Texas business activity made slight gains during the first two months of the summer, but dropped 4 per cent during August, a University of Texas Bureau of Business Research associate said.

Dr. Frances B. May said Texas business barometers showed increases during August in electric power use, building permits, manufacturing employment, hours and earnings in manufacturing, and insured unemployment.

"This clearly shows that,

Celanese Has Life Saving

Life saving techniques of cardiopulmonary resuscitation are now being introduced under the annual firefighting course at Celanese Chemical Company.

An estimated 300 Celanese employees and 70 contract workers will be participating in this five week long presentation.

The demonstrations will be by Celanese personnel who have completed the instructors course in CPR offered by the Gray County Heart Division of the Texas Affiliate Inc. American Heart Association.

Engineers Set Meeting

The monthly meeting of the Panhandle Section of the Society of Petroleum Engineers is set for 6:30 p.m. Tuesday at the Pampa Club in the Coronado Inn.

Jack Howarth, director of the Discovery Center in Amarillo and featured speaker, will present a slide show on the center's role in the advancement of technology in Panhandle.

while there is evidence of revival in the state's economy, increases in industrial activity are going to be irregular, with encouraging increases such as the 5 per cent increase in industrial power use in July, followed by smaller ones," May said.

He noted manufacturing employment rose 1 per cent in August, but is still 4 per cent below 1974 for the first eight months of 1975. Urban building permits were up 2 per cent in August from the previous month, but also remained below comparable periods of 1974.

"Overbuilding of apartment complexes is an important cause of declines in permits for multiple family dwellings," May said.

He said a comparison by area of total building permits issued in the first eight months of the year shows all of the building increase was in areas outside heavy population centers.

In urban areas of less than 10,000 population, permits in-

creased 4 per cent from July to August, and were up 5 per cent over 1974 for the January-August period.

"The exodus from the cities is a very real factor in the economy of the state," May said.

"It can be said that the Texas economy is recovering from the recession, but at an irregular pace. A rapid recovery from the recession does not seem to be taking place, but progress is being made."

Communist Witch Hunts Ruined Humorist Career

(Editors note: John Henry Faulk was the subject of the television play "Fear on Trial," presented Thursday night by the CBS Television Network.)

By EDWARD A. FULTON

DALLAS (UPI) — Texas humorist John Henry Faulk says his fight against the Communist witch-hunts of the 1950s, which cost him his broadcasting career and his reputation, was never a fight

against evil people. It was, he said, a struggle against national weakness that continues into the 1970s.

In the 1950s, he said, the American public allowed the "manipulation by fear" that

was the basis of the McCarthy-era investigations of Communists in government and the entertainment world. Through the current decade, he said, the public allowed the misdeeds which became the Watergate scandals.

The dramatic presentation of Faulk's struggle, which ended in 1962 with attorney Louis Nizer winning him a \$3.5 million libel award from AWARE, a group

that blacklisted those in the entertainment world, was depicted Thursday night in the CBS program "Fear on Trial." That presentation, Faulk said, was the first time he had suffered emotionally from his six years on the blacklist.

"I had never regarded what happened then as a personal attack on me," Faulk said Thursday night after the program.

"That was where Louis Nizer and I disagreed. Nizer was genuinely outraged at them, and I was outraged at what they did. I never felt that AWARE, those at CBS (which buckled under pressure and fired Faulk), were evil people. Nizer felt they were villainous scoundrels."

"I had never personalized the experience," he said. "But as I watched it unfold, it became a personal experience. I could not

Pampa, Texas 69th Year
escape a deep personal emotion.

"I have come out of this terribly well. My friends, Walter Webb, J. Frank Dobie, Edward R. Murrow, all of the people whose opinions, whose goodwill, I cherished, just grabbed me to their hearts back then. They liked me better for what I had done. I never felt alone."

"The rewards I feel for having helped put an end to that

PAMPA DAILY NEWS 11
Sunday, October 5, 1975

nefarious era... were far greater than any rewards in the form of applause or financial gain I might have realized, had I continued on television."

Fewer than four per cent of the nation's three-quarters of a million licensed airplane pilots are employed by commercial airlines, according to Piper Aircraft Corporation of Lock Haven, Pa.

Happy 95th Birthday

She Wished To Walk

By ANNA BURCHELL
Pampa News Staff
"If only I could walk..."
Alice Cunningham Isabel celebrated her 95th birthday Saturday, and her greatest wish is to walk again.

from her room at the Pampa Nursing Center. "I used to go to dances and have a real good time — but I haven't walked in a long time."

Tearfully, she added another birthday wish... "I'd like to have all of my family with me."

She said she was doing fine but "all of a sudden I just couldn't walk."

Mrs. Isabel is known as Alice at the nursing home where attendants see that she has everything possible.

"She has good days and then she has a bad one occasionally," an attendant remarked. "She is quite alert and hears well," added another.

Asked if she would like to go to the living room and visit for a while, Mrs. Isabel declined, saying she was expecting guests soon. Patty Woodridge visits daily — and Mrs. Isabel looks forward to 5:30 p.m. when Patty arrives.

Speaking of her past, Mrs. Isabel says she was born Oct. 4, 1881 in Kansas. She refers to the area as "Indian country."

She remembers childhood Christmases of bygone years... the days when she was a child followed by the Christmases she prepared for her own children.

"We always had good Christmases — all had good times with no trouble at all," she said.

Her stories of the past cover an era foreign to the younger generation today.

"I worked full time," she said. "Washed, ironed and cooked." She was a practical nurse.

"But those were happy years," she reminisced.

The lines in her face show that during her almost a century of living she has absorbed a lot of wisdom.

She has been ill for the past four years. She came to the Pampa Nursing Center in July 1973.

Her parents are the late Mr. and Mrs. George White of Kansas.

She has a daughter, Mrs. Dallas Hodges of Pampa.

Her longtime friend, Patty Woodridge, had a reception in Mrs. Isabel's honor Saturday afternoon in the staff room of the nursing home.

Alice Cunningham Isabel

HOMEMAKERS NEWS

By MRS. ELAINE HOUSTON

Quilt Fair

If you haven't entered your quilt in the Quilt Fair you need to do so. The Quilt Fair is scheduled for Saturday and Sunday Oct. 12, at the Starlight Room at Coronado Inn. All quilts are due by 5:30 p.m. Saturday. There are four categories in which to enter. One is bound to fit your needs.

1. Quilts judged on originality, creativity of design - top may be made by the entrant.

2. Quilts using a historical or bicentennial motif - top may be made by entrant and quilted by someone else.

3. Quilts made entirely by the entrant and judged on quilting skills.

4. A quilt that is a family heirloom, antique, auction or garage sale find - any beautiful old quilt.

No kit quilts or stamped embroidered quilts will be eligible. Entrants will be responsible for setting up their own displays. Hangers and table will be available. Sale of quilts, if desired, will be the responsibility of entrant. Each quilt should have owner identification attached. Entry fee is \$5.00 for three quilts or less.

For additional information, contact the Extension office or Mrs. Evert Revard, 1100 Seneca Lane, Pampa.

Pampa Women

Attend Desk,

Derrick Meet

Three Pampa women attended the 24th annual convention of the Association of Desk and Derrick Clubs of North America recently in Houston.

They are Martha Sublett of Leonard Hudson Drilling Co., Hildred Cook of Sidwell Companies, and Knoxville Russell of Chase Oilfield Services.

Among the featured speakers was Ruth Sheldon Knowles, internationally known petroleum specialist, foreign correspondent and author of the book "America's Oil Famine: How it Happened and When Will It End."

Never give or take medicine in the dark. Always read the container label carefully to be certain you have the proper preparation and the prescribed dosage.

Reception

To Honor

Walkers

A reception will be held for former Pampa residents, Mr. and Mrs. Ray H. Walker, who will observe their golden wedding anniversary from 2 to 4 p.m. Sunday Oct. 12 in their home at 213 W. Birch in Barnsdall, Okla.

Mr. and Mrs. Walker were married Oct. 16, 1925 in Bartlesville, Okla., and lived in Pampa from 1955 to 1964 when he retired from Cities Service Oil Co. They returned to Barnsdall at that time.

The Walkers have three children: Monte L. Walker of Bartlesville, Okla., Robert J. Walker of Barnsdall, and Mrs. Devonne Flowers of Barnsdall. They have eight grandchildren and six great grandchildren.

Doll Show, Sale Set

The Amarillo Doll Association will sponsor its annual doll show and sale on Oct. 17-19 at the Amarillo Civic Center.

Proceeds will be donated to Camp Wigwam, a summer camp for mentally retarded children. The association received a special service award for the 1975 Camp

Wigwam project.

Exhibitors from many states participate in the show. Those who wish to enter dolls in the association's competitive booth may call Elizabeth Rickwarts at 1200 W. 9th in Amarillo.

A leading toy store will also exhibit the newest in toys for the forthcoming Christmas season.

Rhonda Dennis, daughter of Mr. and Mrs. Jerry L. Dennis, Pampa, is among the Apache Belles of Tyler Junior College. The group has been selected to perform at the Dallas Cowboys and Detroit Lions games on Oct. 6. The Belles will tour Canada before returning to Tyler. Dennis is a sophomore at Tyler College, majoring in accounting.

Mother's Milk Protects Baby

By DR. JEAN MAYER
Professor of Nutrition,
Harvard University

Newborn babies are helpless because of more reasons than simply that of size and physical weakness. They are born with sterile gastrointestinal tracts, which means that they lack a population of infection-fighting bacteria, and it takes them a few weeks of life before they can build up their own defenses against infectious disease.

In the meantime, they are protected by the antibodies passed on by their mothers before birth. These immune factors against such diseases as scarlet fever, diphtheria and measles are transferred across the placenta from mother to unborn child. And although we have known for some time that mother's milk also contains various protective factors, it had been thought they were of lesser importance.

New research findings, however, indicate that breast milk, particularly colostrum — the first milk to be secreted — plays a protective role that is as important as that of the placenta.

Premature infants who are breast-fed have been found to have fewer severe infections and a lower death rate than

premature babies who are fed a formula. Full-term infants who are breast-fed have fewer gastro-intestinal, urinary tract and respiratory infections. Moreover, mother's milk contains a "bifidus factor," which promotes growth and helps the baby to develop its own infection-fighting bacteria.

The proteins in mother's milk are perfectly suited to the needs of a human baby, and several are also potent virus fighters.

Colostrum in particular, is especially rich in immunoglobulins, which are antibodies that protect against polio viruses and various bacteria.

Recently, a group of researchers in Sweden fed healthy women in their last weeks of pregnancy a "cocktail" of easily traceable but harmless bacteria. Within a week, antibodies to those bacteria began to appear in the women's breast milk. Apparently, those antibody-producing cells became sensitized to the bacteria in the intestinal tract, and then "homed" directly to the breast, where colostrum cells produced the immunoglobulins.

Colostrum also contains white cells in as great a concentration as is found in blood. New

research indicates that these cells are fully effective in fighting infection, notably necrotizing enterocolitis, a widespread infection of the intestines that is often deadly to infants, especially those given blood transfusions.

In short, while it has always been obvious that human milk provides the ideal nutrition for human babies, it is becoming obvious that the swing back to

breast feeding is also good for the baby's general health.

Andrea Silva

Miss Silva To Marry Rodney Darling

Miss Andrea Silva and Rodney Darling will be married at 7 p.m. Oct. 25 in Kingdom Hall of Jehovah's Witnesses, 1701 Coffee.

The announcement was made by Mr. and Mrs. Mike Silva, parents of the bride-elect.

The prospective bridegroom is the son of Mr. and Mrs. Henry Darling.

Friends and relatives are invited to attend the wedding.

The director of school food services in Woburn, Mass., introduced Grandparents Day to get his community interested in the food program. Grandparents of elementary school pupils were invited to lunch. Some schools also staged tours and special assemblies.

Pots, Plants and Paintings

Festival To Attract Quilters, Artists

By JANE P. MARSHALL
Pampa News Staff

A multifarious show is being planned for Pampa Saturday and Sunday when Coronado Inn and M.K. Brown auditorium fill with pots and plants and paintings.

The Pampa Garden Club, Pampa Fine Arts Association, Gray County Bicentennial Commission and County Home Demonstration Council have joined together to present the annual Top O' Texas Arts and Crafts Festival.

Included will be a fall flower show entitled "Cavalcade of America" and a Quilt Fair in the Starlight Room of Coronado Inn.

The ninth annual festival is the second oldest arts and crafts fair in the area, according to Peggy Palmittier, one of the chairmen of the event.

Mrs. Palmittier expects more than 70 booths to be set up in the Heritage Room and foyer of the auditorium. Artists and craftsmen will display watercolor paintings, oil and acrylic painting, pottery,

jewelry, antique barbed wire plaques, metal sculpture and macrame.

Entrants are coming from eight states and will represent such cities as Amarillo, Arlington, Canadian, Canyon, Hereford, Albuquerque, Liberal, Ks., and Wichita, Ks., the chairman reported.

Those attending the free show will be able to purchase the works.

Stefan Kramer, well-known Amarillo artist, will demonstrate painting techniques from 1 to 4 p.m. Sunday.

"We sponsor the project to help area artists and craftsmen sell their work," Mrs. Palmittier said. She urged patrons to buy early in the show.

"We encourage demonstration in the booths," she added.

Hours are 10 a.m. to 8 p.m. Saturday and noon to 5 p.m. Sunday.

Some of the local artists in the festival include: Frances Hall, Tommy Grant, Mrs. Palmittier, Theresa Maness, Betty Fletcher, Ruth Barrett, Wenona Goodwin, Margie Crouse, Tim Gikas and Richard Steele.

Area artists returning to the show include John Birdsong, Estelle Pruitt, Jim Baker, Gil Stephens, Robert Hise, Scott Williams and the Satellite School.

Robin Gantz is co-chairman of the festival. Others working toward its success are Mrs. Homer Johnson, hostess chairman; Mrs. Emmett Osborne, ticket sales chairman; Ted Gikas, Richard Thompson and Richard Steele; and gourmet booth, Mrs. Thurman Brown and Mrs. Delmar Watkins.

The gourmet booth is the only booth run by art association and profits will be used to defray festival expenses, Mrs. Palmittier said.

The Quilt Fair will present quilts — modern quilts, heirloom quilts, garage sale quilts, historical quilts, creative quilts.

Prizes will be awarded. They are:

1. \$100 for original quilt made by entrant and judged on originality, creativity of design and craftsmanship.
2. \$75 for work of entrant, judged on best design using a historical or bicentennial motif.

3. \$50 for work of entrant judged "on sewing or quilting skills."

4. \$50 for family heirloom, antique, auction or garage sale find to be judged on design, craftsmanship, age, condition.

Honorable mention bicentennial medals will be awarded.

An entry fee will be charged; quilts will be set up from 1 to 5:30 p.m. Friday. Tuesday is the entry deadline. Entries may be made to Pebble Revard, 1100 Seneca Lane in Pampa.

Amateur gardeners in the area are invited to participate in the flower show. The six judges, accredited through the National Council of Garden Clubs Inc., will judge cut flowers, plants, shrub branches from 10 a.m. to 12:30 p.m. Saturday. The show will then open to the public.

The cavalcade also will feature educational exhibits, junior division and artistic arrangements division. Pampa 4-H members will have conservation exhibits.

Plants, dried materials and floral stationery will be sold.

Mrs. Thelma Bray will illustrate the

steps used in preparing terrariums. Mrs. Marion Brown will show park landscaping projects by garden club members and Mrs. Wallace Birkes will display Pampa Environmental Beautification Foundation projects.

Mrs. Georgia Mack, show chairman, said that all horticulture entries must be brought for placement in soda pop bottles containing water. Club members will put the plants in containers.

Ribbon awards will be given and sweepstake awards will be awarded in the artistic and horticulture divisions.

Potted plants must have been in the exhibitors possession for at least three months, Mrs. Mack explained one of the rules.

The plants may be in any type of pot but the pot must not exceed 10 inches across. African violets, begonias and other flower plants and foliage plants, cacti and succulents are included in the plant division.

Shrub branches must be between 18 to 24 inches in length, and they may be berried,

needed evergreen, broadleaved evergreen or vine variety.

In the horticulture division cut flowers will include the chrysanthemum, with one bloom required for any variety except the cushion which must be a spray.

In the dahlia section one bloom is required if it is four inches or more and three blooms for less than four inches.

Rose entry requirements are one bloom for grandiflora and hybrid tea varieties and one spray for floribunda. There are mum and rose divisions for a collection of five different varieties, labeled.

Annual flower classes include aster three blooms; Bells of Ireland, one stem; calendula, three blooms; celosia, one stem; petunia, three blooms; zinnia, three blooms. Marigolds with blooms three inches or more require one bloom; under three inches, three blooms.

Perennials include daisy, on stem; geranium, one umbel; hibiscus, one bloom. Those not listed may be entered in a miscellaneous division and one stem or bloom is required.

Mrs. Richard Wayne Howell

Miss Youngblood Weds Howell in Oklahoma

Wilshire Church of Christ in Oklahoma City was the setting for the wedding of Cynthia Ann Youngblood of Lefors and Richard Wayne Howell of Edmond, Okla., at 2:00 p.m. Sept. 20.

The bride is the daughter of Mr. and Mrs. Harry W. Youngblood, Lefors and the great-granddaughter of the late Amanda and J.C. Short, pioneer Gray county family. Mr. and Mrs. W.R. Howell, Colorado Springs, Colo., are parents of the groom.

Dr. Raymond Kelcy, Oklahoma Christian College, performed the double ring ceremony before a three candle arch setting amid globes and flanked with tiers of greenery and potted plants arranged giving a garden effect.

A vocal duet composed of Mrs. Marci Beth Lightsey and Bob Lashley, Oklahoma City, presented a medley of selections prior to the ceremony.

Escorted to the altar by her father, the bride was given in marriage by her parents. The bride wore her mother's wedding dress. The gown was "an original" formal gown of candlelight satin with a full length chapel train which fell from a low waistline. She carried a cascade of rhontones atop a white "mother of pearl" Bible, purchased in Jerusalem and given to her as a child by her great aunt, Alice Short Smith, McLean.

The bride chose her maternal grandmother's wedding ring as "something old." She presented

Charity Bridge Game Slated

A local charity bridge game is scheduled Monday at the bridge house with proceeds to be donated to the Senior Citizens Center.

Recent bridge winners include Vella Hamilton, Fern Root, Bryan Frances Hampton, Theresa McKinney and Alice Smith.

red roses to the mothers during the ceremony.

Attendants to the bride were dormitory suite-mates, Miss Carol Cutbirth, Springfield, Mo., maid of honor, Candy Couger, Austin, Kaye Arnold, Arlington. They were attired in identical silver blue knit gowns.

Sally Youngblood, sister of the bride, and Julie Ward, Hope, Ark., cousin of the bride, were candlelighters. They wore blue and dusty rose print knit dresses.

The groom wore a light blue tuxedo with a blue ruffled shirt trimmed in dark blue. His boutonniere was a rose. Steve Dacus, Nebraska, was best man. Groomsman included Doug Kirkpatrick, Stillwater, and David Howell, Edmond, brother of the groom. Their tuxedos were blue with dark pants. Ship Youngblood, Daingerfield, brother of the bride, and Dan Cohrs, Edmond, ushered the guests.

Special guests included grandmothers of the bride, Mrs. A.W. Henry of Perryton and Mrs. H.W. Youngblood of Hope, Ark., and great aunts of the bride, Alice Short Smith, McLean, and Mrs. Leo Gardner, Vigo Park.

Cindy Dacus, Nebraska, registered the guests.

The reception was held in the foyer of the church building. Sherry Henry, Perryton, cousin of the bride, and Karen Stencer, Oklahoma City, served the wedding cake. Linda Merritt, Fayetteville, Ark., sister of the groom, and Miss Dacus served strawberry punch.

The couple will be at home at 777 E. 15th St., Edmond, Okla.

The bride will be graduated from Oklahoma Christian College in April 1976 with a degree in home economics. She is a member of Theta Theta Theta. The bridegroom was graduated from O.C.C. in 1974, a pre-dental major, and a member of Bereans. He is employed by Edmond Memorial Hospital.

The rehearsal dinner at Sizzlin' Sirlon was hosted by the groom's parents.

El Progreso Has Music Program

Mrs. Bruce Riehart carried the history of American music from the hymns of the early settlers, seeking religious freedom to the Depression favorites when she presented "Heritage of American Music" to the El Progreso Club meeting.

The first hymn book, "Ainsworth Psalter", was brought by the Pilgrims, she told the group meeting in the home of Mrs. Kermit B. Lawson last week.

Continued immigration contributed a mixture of folk music, she added. The most famous Revolutionary War song was "Yankee Doodle."

The first known American folk composers were Hopkins and Billings. Sons of their era were "Skip to My Lou" and "Pop Goes the Weasel".

The digging of the Erie Canal and the civil war inspired numerous songs as did the Civil War. Best known song was "Battle Hymn of the Republic".

During this period Stephen

Foster popularized the American spiritual. During the 1890's popular songs were "Silver Threads Among the Gold", Henry Darsey's "Bicycle Built for Two", and Charles Harris' "After the Ball Was Over."

The Opening of the west brought cowboys and their songs of sweet romance, melancholy and the open range. Mrs. Riehart reported Other American music forms followed: ragtime, cake walk, jazz, be-bop, the blues with such composers as Gershwin and Cole Porter.

Mrs. R.I. Bray discussed the signers of the Declaration of Independence from the state of Delaware.

During the business session, conducted by Mrs. Ralph Palmer, plans were finalized for the annual club guest day tea and for serving Senior Citizens. The next meeting will be the tea Tuesday, Oct. 14, at Lovett Memorial Library.

Cortez Dowlen, regional director of Delta Kappa Gamma from Canyon, will be speaker at the regional meeting here Saturday hosted by the Beta Delta Chapter of Pampa. Ms. Dowlen will talk on "A Future to Mold." A president's office will open the event at Coronado Inn. Registration is 8 to 9:15 a.m. in the patio area of the First United Methodist Church.

Love, Cornutt To Wed

Mr. and Mrs. Kenneth A. Love, Richardson, announce the engagement of their daughter, Miss Nancy Karen Love, to James Travis Cornutt, son of Mrs. J.T. Cornutt of Pampa.

The future bride is a graduate of Richardson High School and the Dallas Fashion Merchandising College. She is employed at Titches department store, Dallas, as an assistant buyer.

Cornutt is a graduate of Pampa High School and Abilene Christian College in Abilene and attended the University of Texas Business School. He is employed for the investment banking firm, Lehman Brother Inc., at One Main Place in Dallas as a salesman.

The wedding will take place at the Richardson East Church of Christ on Nov. 1.

Following a honeymoon trip, the couple will reside in Dallas.

Ranchers May Shoot Mutilators

DENVER (UPI) — There have been more than 150 cattle mutilations in Colorado this year and at least 10 other states have reported grotesque attacks on livestock.

If something isn't done quickly to end the bizarre slaughters, a Colorado legislator warns someone may get hurt by wary ranchers.

In many cases, the sexual organs have been neatly removed, often within hours after the animal's death. Satanic cults and space creatures have been blamed as well as predators such as the fox or buzzard.

Other states reporting incidents include Nebraska, Kansas, Oklahoma, Texas, New Mexico, Idaho, Wyoming, Oregon, South Dakota, Montana and Minnesota. Officials in Texas and South Dakota, however, do not believe the mutilations were done by humans.

"Ranchers and other residents in these areas are understandably upset," said Sen. Floyd Haskell, D-Colo. "It now appears that ranchers are arming themselves to protect their stock and their families. Clearly something must be done before someone gets hurt."

For one investigator, there is no doubt humans are responsible for many of the mutilations. Another blames the outbreak on persons hoping to give the government a hard time.

Dr. A.E. McChesney, a veterinarian at Colorado State University, said the majority of the 16 animals he checked were victims of human mutilation.

"There is no question but that there has been willful mutilation on many of these," McChesney said. "Obviously, predators have been involved, too, but you can't hide a knife wound very well."

David L. Waldron, Utah deputy agriculture commissioner, blamed the incidents on a cult bent on protesting federal government policies.

"Some think it's being done by people other than from this planet," Waldron said. "Of course, I don't buy that myself at all."

"I think there's a group of people — call them a cult if you want to. I think we've just got some people just like the Manson gang or the Symbionese Liberation Army. They just think this is the way to get their feelings across to the government."

But Dr. Herman Hancock of the University of Wyoming Veterinary Laboratory said natural predators may be responsible for many of the cases.

"A fox can go down in a cow's mouth and remove its tongue," Hancock said. "They even sometimes pluck out the eyes."

Keith Perkins, a rancher outside Murtaugh, Idaho, said a mare was mutilated less than a quarter-mile from his house, but he "never saw nothing nor heard nothing." He said "they needed sophisticated equipment to do this work."

Carl Whiteside, a Colorado Bureau of Investigation agent, is heading the state mutilation study. He said he had been unable to determine how or why the mutilations were being done.

A large number of mutilations occurred in Texas last year, but Texas Rangers and Texas Cattlemen's Association investigators finally decided bad weather caused an unusual number of range deaths and predators removed the sex organs from cows.

Veterinarians from Texas Veterinary Medical Diagnostic Laboratory said predators are attracted to a carcass' softer areas and can

make cuts as cleanly as a knife.

Even earlier mutilations were reported in the Midwest where at one point it was predicted on television that the deaths were caused by extraterrestrial beings. In South Dakota a months-long investigation and promise of rewards turned up nothing and the mutilations eventually lessened.

Often there are no tracks around the carcasses, leading some to believe the culprits arrive by helicopter.

The situation became so bad in Colorado earlier this year that a federal agency planning to make aerial surveys from a helicopter asked farmers and ranchers not to fire on the aircraft. The Colorado Air National Guard is using its training flights to look for suspicious activity.

In an attempt to stop the problem in Colorado, a reward of \$11,000 has been offered by cattle groups for the arrest and conviction of persons responsible.

Donald Ostenson, executive secretary of the Oregon Cattlemen's Association, said his organization is offering a \$1,000 reward. The first case in that state was reported in July and there have been at least 25 since then, with the loss estimated at \$10,000.

In Utah, the Cattlemen's Association has sent a letter to its members containing a check list of things to do if mutilated cattle are discovered. Among the suggestions is that the farmer or rancher stay away from the dead animal and keeps

others away in order to preserve evidence.

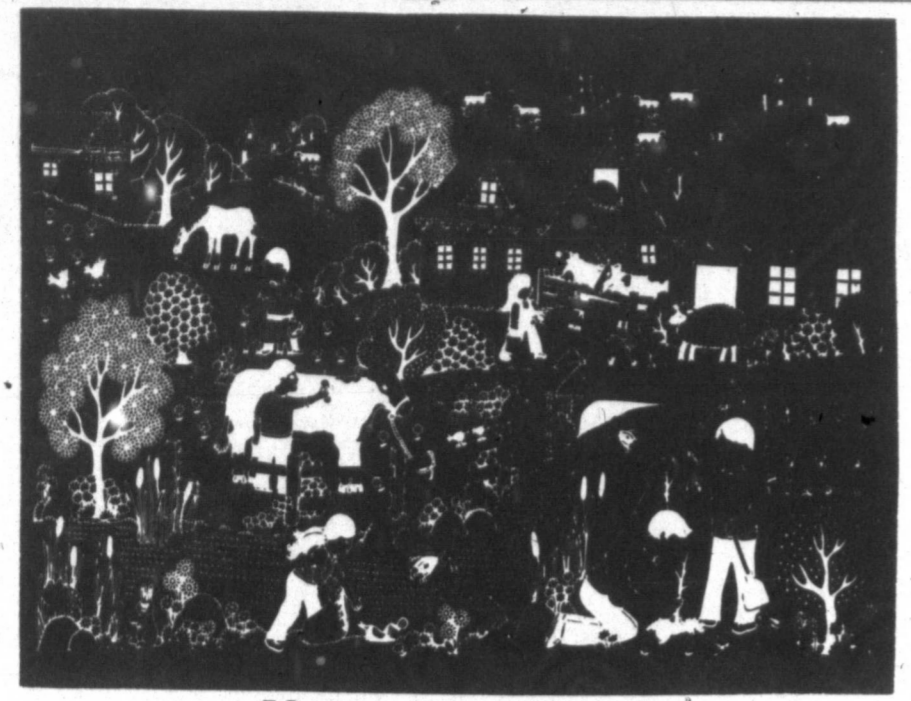

H.L. "Tex" Graves, Logan County sheriff from Sterling, Colo., said he and several other officers trailed a suspicious helicopter into western Nebraska earlier this year before it disappeared. He said theories on those responsible for the mutilations ranged from satanic worshippers to unidentified flying objects.

"You can let your imagination run wild," Graves said. "You pick one and you could be just as right as anybody else."

Thanks to you it works... FOR ALL OF US

United Way

National 4-H Week

4-H Week Begins Today

Boys and girls in 4-H throughout Texas and the nation will join in a salute to America's Bicentennial celebration during National 4-H Week, today through Saturday.

The annual observance, with this year's theme of "4-H — '76. Spirit of Tomorrow," is designed to accent the history, ideals and goals of the 4-H program, said Dr. Don Stormer, state 4-H and youth leader with the Texas Agricultural Extension Service.

"Many county groups are planning special events, service

projects and recruitment drives during National 4-H Week, Stormer said. "It's a special time when 4-H is recognized for its contributions to the growth and development of youth."

According to Stormer, some 7.2 million youth currently are enrolled in 4-H, with more than 215,000 of these in Texas. More than 21,000 volunteer adult and youth leaders assist with local 4-H programs in the state.

"Although the majority of 4-H members still live on farms and in rural communities, 24 per cent now come from larger

urban and suburban areas," said the 4-H leader. "Well over half the Texas 4-Hers live on farms or in towns of under 10,000 population."

Texas 4-Hers participate in more than 60 educational project areas, with the most popular being food and nutrition, clothing and textiles, and horses and ponies.

4-H News And Views

By Marilyn Shirley and Layton Barton Assistant County Extension Agents

Gray County's more than 235 members of 4-H are having a celebration this week, joining more than 215,000 Texas 4-Hers and almost 7.2 million others throughout the nation in the observance of national 4-H Week, today through Saturday.

Gray County 4-Hers will participate in activities all week to tell the public and prospective 4-H members about the head, heart, hands, and health program. They also will recruit more volunteer leaders, recognize the support of parents, and honor 4-H friends.

The county and national observance theme is "4-H '76 Spirit of Tomorrow."

Young people between the ages of 9 and 19 qualify for membership whether they live on farms, in towns, cities, or suburbs. Those of all cultural and economic backgrounds are welcome.

There are five clubs in the Pampa vicinity — Astro, Four-Clover, Top of Texas, Horse and Rifle Clubs. There are also clubs in Alameda, McLean, Lefors, and Grandview-Hopkins.

A Teen Leader Association has been organized for 4-Hers between the ages of 13 and 19. This association will provide special opportunities for recreation, leadership, and association with other 4-H teenagers.

Anyone who wants to know more about the 4-H program in Gray County may contact the Extension Office at 669-7429.

GAO Optimism 'Cautions' On Fertilizer

By DOUG LOWENSTEIN Pampa's Washington Bureau WASHINGTON — Cautious optimism was the watchword of a General Accounting Office (GAO) report Sept. 12 assessing future fertilizer supplies.

"It looks as though anticipated capacity should be adequate to supply the highest estimated demand for phosphate and nitrogen fertilizers in 1975," GAO said. "Potash supplies are considered tight but adequate to at least 1980."

While striking this guardedly optimistic tone, GAO said that "future fertilizer shortages will depend to a large extent on the weather and relative crop and fertilizer prices."

Obviously, if farmers decide to plant big crops, the supply squeeze of recent years could return.

Governor Edwards in his

Panhandle Water

By FELIX W. RYALS The order issued to the Corps of Engineers by a Federal District Judge in Washington, D.C., earlier this year to take over "all the waters" in the United States is still causing repercussions.

On Sept. 24, Governor Edwin Edwards of Louisiana stated that his state would not permit the regulations of its wetlands throughout the nation in the observance of national 4-H Week, today through Saturday.

Gray County 4-Hers will participate in activities all week to tell the public and prospective 4-H members about the head, heart, hands, and health program. They also will recruit more volunteer leaders, recognize the support of parents, and honor 4-H friends.

The county and national observance theme is "4-H '76 Spirit of Tomorrow."

Young people between the ages of 9 and 19 qualify for membership whether they live on farms, in towns, cities, or suburbs. Those of all cultural and economic backgrounds are welcome.

There are five clubs in the Pampa vicinity — Astro, Four-Clover, Top of Texas, Horse and Rifle Clubs. There are also clubs in Alameda, McLean, Lefors, and Grandview-Hopkins.

A Teen Leader Association has been organized for 4-Hers between the ages of 13 and 19. This association will provide special opportunities for recreation, leadership, and association with other 4-H teenagers.

Anyone who wants to know more about the 4-H program in Gray County may contact the Extension Office at 669-7429.

Governor Edwards in his

testimony at the hearing stated that Louisiana would not consent to the interim regulations published by the Corps of Engineers and that as Governor he was instituting legal action on behalf of Louisiana should the Corps not appeal the federal district court order that extended its jurisdiction from only navigable waters to all waters and adjacent wetlands.

He further stated that he would not allow enforcement until further court action was completed. He has set up meetings with the Louisiana Congressional delegation to start action in Congress to remove the Corps from such jurisdiction and return it to its traditional role of looking after the navigable waters of the United States.

Governor Edwards praised the Corps of Engineers for its fine work through the years and stated that the Corps had more important work than that of being a nursemaid to the wetlands.

The Louisiana Governor also criticized the environmentalist for making demands that would doom the country to extinction. He suggested that the areas of the country producing food, fiber and fuel be left alone for a while by the environmentalists.

The Plaquemines Parish leaders pointed out that over 12 per cent of all national wetlands are located in their parish and should the regulations take effect every inch of the parish would come under Corps of Engineers control.

The two-day public hearing also brought opposition from representatives from Mississippi, Arkansas, Tennessee and Texas.

Agriculture, with an assist from underground water, has come of age in Gray County. Following the bumper crop of wheat harvested earlier this

If you would like to express your views regarding the export bans on farm products of recent date you can dial a toll free number — 1-800-424-3510. This service is provided by the Agricultural Council of America. This organization is a coalition of farm organizations and groups working on public relations problems for farmers.

Manning the telephone last Wednesday evening between 6 and 10 p.m. were senators and representatives of the Agricultural Committees. As I understand it, this line will be available to you each Wednesday between 6 and 10 p.m. If you call, I would recommend you sit down before calling and make notes on points you would like to make. Don't raise your voice or blow off steam unless you can do it pretty cleverly. Cover up anger but still express dissatisfaction if this is your wish.

Below is a very clever and well thought out letter by Harold Steele, president of the Illinois Agricultural Association. I quote:

The action, announced yesterday, to extend the ban on sales of American grain to Poland and perhaps other eastern European nations is a clear breach of faith with the American farmer who was promised access to world markets.

President Ford made this promise clear in the message which accompanied his veto of the farm bill last May when he said:

"They (farmers) have my support for a vigorous export policy for their products... we have now eliminated all restrictions on exports and we are determined to do everything possible to avoid imposing them again. Our farm products must have unfettered access to world markets."

"This administration is determined to act in support of the American farmer and his best interests. It will not act to distort his market."

"This action also demonstrates the arbitrary and 'economics - be - damned' power currently exerted by the U.S. State Department in establishing policies concerning

Wheat Planting

Thousands of acres were seeded over most of Gray County the past week. Moisture is still short on most farms; however, wheat will come up this time of year when it appears moisture is short. Cool nights cause a moisture rise and less drying out. The sun doesn't hit the ground at as severe an angle.

Right now hopes are fading for fall wheat pasture. If it continues this same way I think you will see a sharp drop in lightweight stocker calf prices soon. But a good rain could change this picture.

Scale Testing

Leldon Miller, weights and measures inspector, was by our office recently. He is with State Dept. of Agriculture out of Lubbock. If you have livestock or other types of larger scales you would like to have checked, call me and I will have Miller get in touch with you. Miller covers a large area of the state, so I would recommend you contact me well in advance of the time you need your scales. Clean out from around the knives of your scales and clean up the interior part of the beams and first check them out by weighing your pickup or other objects of known weight. If you will have this chore all done Miller can quickly check your scales and place an approved sticker on them. Cost of having scales checked and placing an approved sticker is \$10. If your scales are off, the old approved sticker removed and replaced with one condemning the scales until repaired.

Revised Constitution

Raymond Maddox has a slide set and a cassette recording on the newly proposed state constitution. This is the best and most unbiased information I've seen on the subject. This would be a top rate program for a service club. The slide set and tape recording have been purchased by the Gray County Farm Bureau. The slides and tape were produced by Joe Fields, formerly with Amarillo's channel 7 television station. Fields is now with the State Farm Bureau - Information Dept. in Waco.

INSUR-MATION

Gray - Roberts County
Farm Bureau Insurance

I am a self-employed male, age 45, with an annual income of \$50,000. How can I use HR-10 to provide myself with a good income at age 65?

With HR-10, the maximum income allowed for computation is \$100,000 and the lesser of 15% of this or \$7,500; however, you can't exceed your actual income. Many choose to use a smaller percentage. For example, a man, 45, with 3 employees has earned income above \$50,000. His 3 employees earn \$21,600 annually. 7% of \$50,000 is \$3,500 and 7% of \$21,600 is \$1,512... a total of \$5,012 off the top of his income. This is a fair and legal application of HR-10, yet 70% of the total contributions go to him. Money, invested at age 45, in a flexible annuity paying 7% will yield a monthly income at 65 of \$1,175.

Knife, Fork Sets Meet

"The Work Syndrome" will be the program topic Oct. 14 for the Top of Texas Knife and Fork Club in the Starlight Room of the Coronado Inn.

The meeting will begin at 7:30 p.m. The local president is E. E. Shelhamer.

Speaker will be Thad M. Sandstrom, vice president in charge of broadcasting for Stauffer Publications in Topeka. He was named Kansas Broadcaster of the Year of 1975. He led a group of individuals to Australia and New Zealand in

1970. Subsequent trips have included South America and Soviet Union where he compiled reports of his visit for the Associated Press.

Tickets for the meeting must be purchased by Oct. 13. They will be available at Heard and Jones.

Thad M. Sandstrom

KC Firemen Continue Strike

KANSAS CITY, Mo. (UPI) — Striking firemen have no intentions of leaving their picket lines and going back to work even if lives are endangered in a major fire, a spokesman for the city's fire fighters union said Saturday.

Only the city is to blame if any major tragedies result because of the strike, Robert Black said, because it caused firemen to resort to extreme measures.

"The individuals who need to shoulder this responsibility are the mayor, the fire director and the city commission," Black said. "They knew our position when we walked out. We're no longer part of the fire department."

He said the force would not report to work even if life was endangered because the mayor had stated publicly he was providing adequate fire protection.

"We'll stay out just as long it takes. This has been going on since 1969; we're not going to sell out cheap," Black said.

The firemen's union which represents the 875-member force said the firemen would stand firm on their demand for equal pay with policemen. The parity issue has been disputed between firemen and city officials since 1969.

City officials were seeking contempt citations Saturday for the firemen, who were striking in defiance of a court restraint.

ing order and a state law banning strikes by municipal employes.

Since the strike started Friday morning, a makeshift team of policemen, National Guard members, civilians and volunteer firemen from surrounding communities have answered 80 alarms, two of them major fires.

Most of the fires occurred in vacant buildings and no fatalities or major injuries have been reported.

The number of fires reported is considered so extraordinary, police are investigating arson in some of the cases. They also are investigating the possibility of sabotage in the disablement of some of the fire engines and extinguishers.

A spokesman for the fire department said some of the volunteers who answered fire calls Friday night discovered fire extinguishers loaded with an inflammable thought to be diesel fuel. In some fire houses, he said, trucks had been stalled because of alleged tampering with engine electrical systems.

Black disputed reports any alleged sabotage was performed by striking firemen.

"That's absolutely impossible because the police and National Guard have been guarding the fire houses. The people who are using the equipment just don't know how to use it," Black said.

Pampa Man Enrolling

Ricky Pope of Pampa, second from left, was among more than 100 new students enrolling in Oklahoma State Tech's drafting technology program this trimester. Also pictured is Curtis Elrod, left, of Cyril; Forrest Johns,

right, department head; and Billy Jones, assistant department head. The school is located in Okmulgee and is the residential technical branch of Oklahoma State University.

Suspended Judge Says He Won't Resign Post

BENAVIDES, Tex. (UPI) — Suspended District Judge O.P. Carrillo has no intention of resigning to avoid his impeachment trial which begins in the Texas Senate Monday, a family spokesman said.

Oscar Carrillo, a former state representative and oldest of the three politically powerful Duval County brothers, contends his two younger brothers were convicted by a federal jury in Corpus Christi last week on the strength of "a bunch of lies."

"We're going through with it (impeachment trial)," Oscar Carrillo told UPI. "We feel as of now very many of these jurors didn't understand this case. We feel the senators will understand it a lot better."

O.P. Carrillo, 51, and Duval County commissioner Ramiro D. Carrillo, 49, were found guilty last Thursday on all nine counts of an indictment for conspiracy and falsifying income tax returns.

U.S. District Judge Owen Cox set sentencing for Nov. 17. O.P. is subject to maximum punishment

of 14 years in prison and \$25,000 in fines and Ramiro faces maximum sentence of 20 years in jail and \$35,000 in fines.

"The man's not guilty and there's no reason he should resign," Oscar Carrillo said, scotching rumors his brother might voluntarily leave the judgeship to avoid the senate trial. "We're not down yet. We feel the jury was misled with a bunch of lies. We know they're lying and we're going to fight this thing on through."

The oldest Carrillo brother repeated allegations brought out by the defense in last week's trial that former Benavides school tax assessor Rodolfo Couling and former county employe Cleofas Gonzalez lied to the jury to protect themselves in deals with the prosecution.

Couling was promised probation on state theft charges and Gonzalez was granted immunity from federal tax accusations in exchange for their testimony at Corpus Christi.

Oscar Carrillo, 54, whose name was mentioned frequently

in the tax trial although he was not a defendant, remains the only major Duval County official who has not been brought before a federal jury the past 18 months as the outgrowth of an Internal Revenue Service investigation which began in 1972.

He was the first to break politically with the late "Duke of Duval" George B. Parr when Parr backed Sen. John Trager, D-Seguin, against Carrillo in the May, 1974 Democratic primary.

The senate trial appeared more a test of the Carrillo's political strength than a move to keep O.P. in office. Regardless of outcome of the impeachment trial, O.P. would be removed automatically from office if his federal conviction is upheld by higher courts and the Judicial Qualifications Commission has begun proceedings to remove him.

One Carrillo backer said going the impeachment route to get O.P. out of office was "like trying to kill a fly with a sledge hammer."

Once Parr committed suicide last April the entire Carrillo faction has feuded bitterly with the Parr faction for control of the Old Party political machine.

Pampa Sets Tuesday Meet

The Pampa Area Man Power Association (PAMPA) meeting set for Tuesday has been postponed until Oct. 16.

Carol Simmons, PAMPA secretary, said that other community activities scheduled for Tuesday prompted the decision to postpone the meeting.

which has operated in the South Texas county for 60 years.

Both federal and state grand juries have taken advantage of the bickering to return indictments against more than a dozen officials from both factions.

He was the first to break politically with the late "Duke of Duval" George B. Parr when Parr backed Sen. John Trager, D-Seguin, against Carrillo in the May, 1974 Democratic primary.

The senate trial appeared more a test of the Carrillo's political strength than a move to keep O.P. in office. Regardless of outcome of the impeachment trial, O.P. would be removed automatically from office if his federal conviction is upheld by higher courts and the Judicial Qualifications Commission has begun proceedings to remove him.

520 Cook - Hobart & Cook

American farmers have long been making things better for fellow countrymen. As the bicentennial fever starts to build, it is appropriate to take a look at the contributions of our farmers. For instance, thirty-two of the fifty six men signing the Declaration of Independence were farmers. Some of those same men later worked to frame the Constitution. As for the American Revolution, some historians are now giving a major share of the credit for American victory to the farmer. Not only as a fighter, but also as a critical food supplier. American fighting strategy never needed to be changed because of short food supplies. Conversely, the British were constantly having to make major changes in planning because of food shortages. Strategically, the food supply advantage created by the patriotic American farmer, was probably as important as any other single factor in the British defeat.

Radio Club Sets Meeting On Monday

The Pampa Amateur Radio Club will convene at 6:30 p.m. Monday at Furr's Cafeteria for its regular October meeting.

The club has voted to again hold a code and theory class this winter.

The class will be designed to help prospective radio amateurs obtain novice licenses.

Arrangements for the class will be discussed during the Monday session along with activities to raise money.

Debra Nix Wins Bicycle For Coloring

Debra Nix, 12, of Canadian, recently won a 10 speed bicycle from Glen's Grocery in Canadian.

Miss Nix was announced as a grand prize winner of the Affiliated Foods Coloring Contest. There were 300 affiliated stores participating from New Mexico, Oklahoma and Texas. More than 9,000 entries were received at the local store level.

First place entries from each store were judged by members of the commercial art department at the Texas State Technical Institute in Amarillo.

If you have a valid International Certificate of Vaccination, take it along even when you visit countries where immunizations are not presently required. Pan American World Airways advises. In the event of a sudden outbreak of a disease against which you have already been immunized, it could save you from an unnecessary vaccination.

The pressmen, members of Local No. 6 of the International Printing and Graphic Communications Union, are striking over wages and working conditions. The pressmen and Post have had strained relations for several months as the paper attempted to reduce the number of pressmen so that automated printing equipment could be used.

Wildcat Strike Hits Texas Texaco

PORT ARTHUR, Tex. (UPI) — A wildcat strike by nearly all of the 4,200 Texaco refinery union workers protesting the alleged beating of an employe by security guards forced the plant to operate under emergency conditions Saturday.

"This is an individual strike," said Floyd Forse, one of the protesting employes. "The union doesn't have anything to do with it whatever."

Employees said they would not return to work until four security guards were suspended for the alleged beating. Company and employe representatives met Friday night with no results and a company spokesman said they were ready to meet with the striking workers at any time.

Area manager D.L. Chase said the strike "resulted in considerable confusion and if continued could seriously affect operations."

"Operations are continuing on an emergency basis," Chase said, "using supervisory and technical personnel as well as normal operating people who were held over when their relief failed to show up. If this thing continues it could affect some 4,200 employes which is the union-represented work force."

A spokesman said the union employes still working at noon Saturday were those held over from the early day shift Friday.

The walkout began early Friday morning to protest the alleged beating Sept. 25 of truck driver Charles Michael Fontenot, 31, of Port Neches. Plant security guards, called "Texaco Rangers" by the workers, reportedly stopped

Fontenot's car to search for stolen property.

Fontenot refused, workers said, and four guards beat him. He was hospitalized and the company said his pay would be reduced for the days he spent in the hospital.

Fontenot was arrested on release from the hospital, but posted \$200 bond within two hours and was released. The charge of disorderly conduct was later dropped.

Dismissals Follow Polygraph

DALLAS (UPI) — Persons convicted of drug violations or awaiting trial could be freed if they pass a polygraph test, District Attorney Henry Wade said Friday on dismissal of 129 drug cases.

The offer followed dismissal Friday of 129 drug sales, delivery and possession cases against 84 persons because of irregularities in the Dallas police narcotics division.

The district attorney said all the cases dismissed named two former detectives as essential witnesses. He said two assistants in his office were

investigating the possibility other officers may have "salted" or planted evidence to make an arrest.

Detective Freddie T. Young was suspended Sept. 18 for 30 days because of an admission he had tampered with the evidence against two suspected pushers and had used it in cases against them. Another officer, Rex Reynolds, resigned in August rather than take a lie detector test concerning the disappearance of about eight ounces of a powder believed to be heroin.

Wade said the cases generally involved only small amounts of marijuana or heroin during the past five years. He said a bribery charge against a drug suspect also was dismissed. He said most of the dismissals were cases made by the two officers, but some involved substances seized by other officers and given to the two detectives awaiting trial.

Polygraph tests will be given defendants in pending cases and persons convicted of drug charges on their request, Wade said. If the tests substantiate a claim the defendant was "framed" he will be released.

President Vetoes School Lunch Act

WASHINGTON (UPI) — President Ford Friday vetoed the National School Lunch and Child Nutrition Act, saying it would add \$1.2 billion to the federal budget and "such fiscal irresponsibility" is unacceptable.

"We face real danger that the budget deficit could reach \$70 billion instead of the \$60 billion I said earlier this year," Ford said in a message accompanying his veto.

He said Congress had two choices—to extend present programs or reconsider and act favorably on his less expensive proposals for needy children.

"Either course would be in the best interest of needy children, and the nation's economic health, and the taxpayer public," Ford said.

"If this bill provided food for children truly in need, as I proposed in March, I would give it my wholehearted support and approve it immediately," Ford said.

"Children of families living in poverty who need help in raising their level of nutrition should receive that help."

Ford charged the act passed by Congress would greatly expand federal subsidies to children from families which do not need help.

Among provisions in the wide-ranging legislation included free or low-cost school lunches for children of unemployed parents for the full duration of their unemployment; and supplemental feeding of expectant mothers, infants and young children in low-income families.

"We should not expand some subsidies to families with incomes above the poverty level," Ford said. "I believe the way to help most American families is to take actions to hold down inflation and reduce their tax burdens."

Ford said his proposed legislation would have provided assistance by the government for all infants and children in families below the poverty level and "halted the steady expansion of federal child nutrition subsidies to increasing numbers of non-needy children."

His bill, Ford added, would have "concentrated more funds on feeding needy children, yet save the taxpayers of this nation almost \$4 billion over the next five years."

The Guinness Book of World Records rates the Blue Cross health insurance system as the largest single association in the world.

UNEMPLOYMENT
BOGOTA, Colombia (UPI) — Colombia has 700,000 unemployed persons out of a total work force of 7.2 million, a 10.3 unemployment rate, according to the latest government statistics.

Some 515,400 men and 186,600 women were without jobs in October, 1974, the last month for which statistics were available.

NEW IMAGE
SAN JUAN, P.R. (UPI) — The Union of Owners and Operators of Taxis of Puerto Rico has launched "Operation Amigo" in cooperation with the Puerto Rico Hotel Association to improve service to visitors and clean up the image of local cabbies.

WARD'S AUTO FIX-UP TIME
Why have your car serviced at Ward's Auto Center?
Here are 4 reasons:
1. Our parts department is one of the largest in the area.
2. Our mechanics are experienced and trained to perform the best possible work on the latest models.
3. Our low prices are very easy on your budget. And with Ward's Charge all you have to do is pay when you get it.
4. Our service is something special. We'll clean your car for you. We'll wash your car for you. We'll wax your car for you. We'll detail your car for you. We'll make your car look like new.
Service available for most US cars.

Fall Is In The Air Enjoy A Fireplace
Nothing like watching a football game by a glowing fire! This unique 4 bedroom has a split level floor plan with 2 bedrooms, upstairs, 2 bedrooms downstairs. Living room has cathedral ceiling and woodburning fireplace. Den is on the lower level. 4 bedrooms, 2 baths, kitchen has built-ins. Colorful shag carpet is good. MLS 108
Some People Like Older Homes
How about you? Approximately 1600 square feet of living area in this frame home on North Wynne Street, 3 large bedrooms, 1 1/2 baths, den, dining room and very nice carpet. Also features gas fire fireplace and double garage. If you need space see this today. MLS 107.
The Price is Down The Look Is Up
And the location is GOOD on this 3 bedroom home in East Fraser Addition. Owner has done a lot of redecorating lately using coordinated paint and wall paper in appealing colors. New carpet in living room and the 3 bedrooms. All the rooms are larger - than average. Corner location. MLS 977.
Shag Carpet Is A "Must"
This beige-white shag carpet is only 4 months old and makes the living room and dining room look even larger than it is - and so enjoyable to walk on - 4 bedroom home on Hamilton with 1 1/2 baths, family-size kitchen, double garage. 3 room apartment on back of the spacious corner lot has own garage too. MLS 125.
Bright and Cheerful
New carpet and paint does wonders for a home. This redwood 2 bedroom home has it in living room, den, open and bath. The 2 bedrooms have nice parquet wood floors. Buy the equity or go F.H.A. MLS 945.

Two of the 32 Little Angels of Korea who will appear in concert at M.K. Brown Civic Auditorium here Tuesday night.

Little Angels Ballet To Perform Tuesday Eve

The Little Angels, national folk ballet of Korea, will be on stage at the M.K. Brown Civic Auditorium at 8 p.m. Tuesday as the first presentation in the Pampa Community Concert Association's 1975-76 season.

A company of 29 girls and three boys, ages 7 to 15, including dancers and an ensemble of five musicians playing 50 different kinds of instruments. The Little Angels provide a unique and beautiful evening of dance.

The group, having completed seven triumphant tours of the United States, are now in their eighth gala return appearance.

In their Pampa appearance The Little Angels will be under the direction of Miss Soon Shim Shin, Korea's most distinguished choreographer and foremost dancer.

Many of the children in the company are Gold Medal winners in the Arts and Festivals of Korea and are considered the elite in Korean folk dance.

When The Little Angels performed at the Mexican Olympic International Fine Arts Festival, a leading American critic wrote, "The Little Angels wove a spell of Oriental magic which held the international audience spellbound."

The artistry of the Angels has received the supreme recognition and accolade of a command appearance before the President of the United States, and they performed for two consecutive years on the Ed Sullivan TV show.

During a recent tour of the U.S., they received an invitation from Queen Elizabeth of England to appear in a Command Performance midpoint in their 11 weeks of American performances.

To make possible the fulfillment of the Royal Command, two Community

Concert Associations agreed to change their dates in order that the troupe could fly to London on one day, perform on the next and return to the U.S. the third day.

Admission to the Tuesday night performance here will be by Community Concert Association membership card only.

There will be no box office sale of seats. The house has been sold out completely for the entire concert season.

Monday: Spaghetti with meat sauce, cabbage, carrot slaw, sliced peaches, garlic bread stick and milk.

Tuesday: Pig in a blanket with mustard, buttered spinach, pork n' beans, applesauce and milk.

Wednesday: Fried chicken, mashed potatoes, gravy, green beans, cheese sauce, fruit cocktail and milk.

Thursday: Western burger, french fries, catsup, carrot sticks, pear half and milk.

Friday: Beef stew, jello with fruit, cornbread, chocolate cake and milk.

Constitution, Spending Debated

AUSTIN, Tex. (UPI) — Spokesmen for and against a revision of the Texas constitution have disagreed Thursday on what effect the proposed charter would have on government spending.

At a meeting of the Federation of Womens Clubs, House Speaker Bill Clayton said the

revision would make state government more efficient, while charter opponent Sen. Peyton McKnight, D-Tyler, said it would give the legislators control over too much money.

"State government is a \$6 billion a year business," Clayton said. "By having sessions only every other year, legislators

have to look two and one-half years into the future.

"It means state agencies think they have to pad their budgets because they can't look two years into the future...It means we are not making efficient use of the taxpayers' money."

McKnight disagreed, saying the additional powers given lawmakers would result in increased state spending.

"Just this year the legislature

had no trouble blowing a billion dollar surplus," McKnight said. "What are future legislature going to do with the broad new powers outlined in this so-called modern constitution?"

McKnight, who is chairman of the Citizens to Preserve the Texas Constitution, called the proposal "a brazen attempt by the legislature to increase its own power at the expense of the people's solid constitutional

guarantees." He also said the judicial article merging the Court of Supreme Court Chief Justice Joe R. Greenhill, however, said McKnight's overload theory was wrong.

The sale of 8.9 million passenger cars — 7.5 million domestic and 1.4 million imports — ranked 1974 as the eighth highest in U. S. history.

Two Child Molesters Want To Be Castrated.

SAN DIEGO (UPI) — Two child molesters may have to spend the rest of their lives in prison because they cannot find a doctor to perform the "humanitarian service" of castrating them, a judge complained.

Superior Court Judge Douglas R. Woodworth, saying he had no choice, imposed indefinite prison sentences on Joseph A. Kenner and Paul R. De La Haye, both 45.

After state psychiatrists reported that the men did not respond to therapy and did not appear likely to change, the judge offered them a chance to remain free on probation or suspended sentences if they were castrated.

Both men and their lawyers spent months trying to find a surgeon to perform the operations.

Kenner's attorney said more than a dozen doctors refused. Most of them cited the possibility of malpractice suits and the fear that a court could rule that men facing life in prison could not give truly free consent to such an operation.

"A whole branch of the medical profession has been unwilling to extend a humanitarian service to this man who faces the prospect of being locked in a cage for the rest of his life," the judge said in sentencing Kenner Tuesday.

"I sympathize with the doctors but also with the human being here who is seeking help."

A third convicted sex offender given the same choice James Wesley Goebel 38 disappeared while free on bail to seek the operation and police were looking for him.

Tulips, hyacinths, daffodils, and many more bulbs are waiting to be planted in your spring garden. We'll help you select the best.

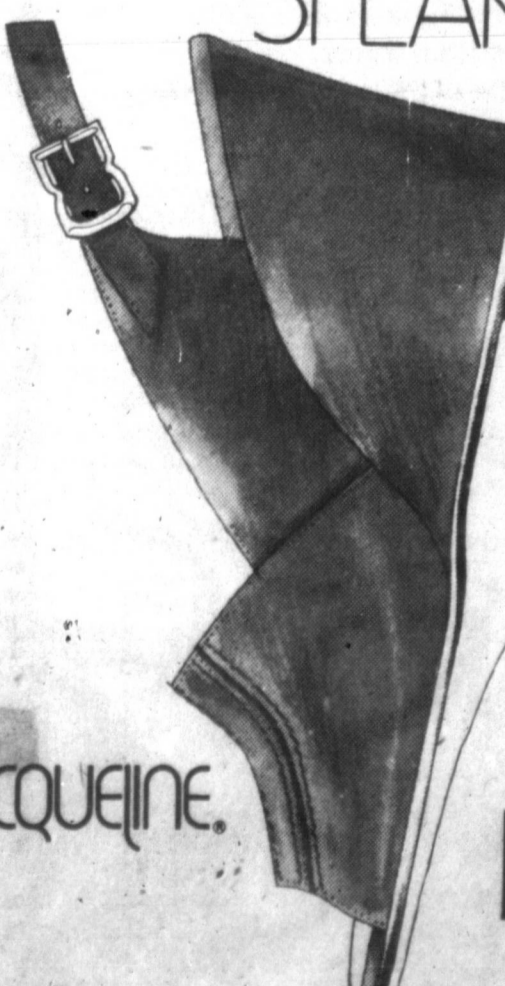

Dentist Wins Sweepstakes

ST. PETERSBURG, Fla. (UPI) — The luck of the Irish rubbed off on Dr. Vance Davis Bishop when he visited Dublin this summer — he won \$800,000 in the biggest Irish Hospital Sweepstakes prize ever. But his wife says they've got all they need.

Bishop, a St. Petersburg, Fla., dentist, was named the first prize winner in the annual sweepstakes Thursday.

The 50-year-old Bishop was visiting his family in Tennessee when an Irish newspaper telephoned his office and broke the news to his dental assistant, Joan Runyon, who said she almost "fell off my chair."

SLEEKLY SPEAKING

When the subject turns to sleek fashions, the conversation's bound to include Jacqueline. And this streamlined, squared-back wedge is all you need to prove our point. The shape, the lines, the detailing — they're what fashion's all about...sleekly speaking.
