UNIVERSITY BOARD SELLS OIL LEASES ON 2,100 ACRES

ACQUITTED, HAMILTON WILL SOON RESUME HIS PRACTICE

SLAYER GIVEN FREEDOM ON THIRD BALLOT

Jury Brings in Its Verdict Last Night

CONSCIENCE IS CLEAR, HE SAYS

Defense Plea Brings Victory for Lawyer

WEATHERFORD, Nov. 7. (P)—Judge R. H. Hamilton, acquitted by a jury here last night of slaying his son-in-law, Tom Walton, Jr., left Weatherford this morning with his family for his home in Amarillo. The attorney said he would continue to reside in the Panhandle city and keep his connection with his law firm. Weatherford, which for the past 10 days has been crowded with witnesses and attorneys connected with the trial, today took on a normal appearance once again, the courthouse being nearly vacant. A case scheduled for today was postponed yesterday when it looked as if the Hamilton case would not be completed until this morning.

WEATHERFORD, Nov. 7. (P)—Judge R. H. Hamilton, former member of the state supreme court commission of appeals, was free today, a jury having decided he acted in self defense when his son-in-law, Tom Walton, Jr., the bridegroom in a secret marriage, was shot and killed in Hamilton's Amarillo law office last May.

The jury, after listening to seven days of testimony and eight hours of argument, required only one hour and 46 minutes and three ballots to acquit the jurist and lawyer. Four jurors voted for conviction on the first and one on the second ballots.

The defendant was asleep in his hotel room when the verdict was read, according to his brother, Dexter Hamilton, who with the judge's son, Robert H. Hamilton, Jr., university of Minnesota student, thanked the jury.

Meets His Friends

He dressed quickly, however, when his son and brother rushed to the hotel and came to the lobby to meet his friends. Theresa, his 18-year-old daughter, whose secret marriage to Walton while the two attended the University of Texas was indirectly responsible for the shooting, threw her arms around his neck.

"Oh daddy," was all she could say, and fell back to watch others congratulate him.

"My conscience was clear," Hamilton said to the only newspaper man who broke through the cordon of friends which surrounded him and asked, "that gives you a clear conscience?"

"Certainly it does. Certainly it does," Hamilton replied. "My conscience was clear." He added the information, "I'm going home tomorrow," before friends closed about him and shut off further interviews.

The state in the trial sought to show that Hamilton, knowing or suspecting his daughter had married Walton, whose home was in Amarillo, deliberately shot the young man when Walton

(See HAMILTON, Page 8)

THE WEATHER VANE

WEST TEXAS: Generally fair tonight and Friday, except unsettled in the Panhandle, with rain or snow probable; colder tonight in the Panhandle; colder Friday.

—AND A SMILE

LONDON (P)—It looks as if Ambassador Dawes must fast or suffer indigestion or lose his appetite for Thanksgiving dinner or something. He is booked for more than enough banquets in the next few weeks to keep several men alive.

LOCAL OFFICERS WILL JOIN IN SEARCH FOR SKELLYTOWN MAN WHO DISAPPEARED THERE ON TUESDAY

Pioneer Resident, M. E. Fletcher, Dies Suddenly in Hotel

A sudden heart attack was fatal to M. E. Fletcher, 76, long-time resident of Pampa, in his Liberty hotel at 2:30 o'clock yesterday afternoon. The pioneer had been standing when suddenly saying he did not feel well, he sat down in a chair, dying immediately.

Funeral services will be held at the First Methodist church tomorrow at 2:30 o'clock with the Rev. T. W. Abraham in charge.

Mr. Fletcher came to Pampa in 1905 and after farming seven years, he erected the Liberty hotel in 1912 and operated it since that time. He was born at Fletcher, N. C., in 1853, and was a member of a North Carolina family of prominence. He moved with his family to Texas in 1869. Before coming to Pampa, Mr. Fletcher lived at various places in Oklahoma, including Cordell and Oklahoma City. He was a member of the First Methodist church here.

He is survived by his wife, four daughters, five sons, three sisters, four brothers, and 16 grand-children. His children are Mrs. W. D. Benton, Pampa; Mrs. M. G. Mathis, Amarillo; Mrs. M. B. Ellis, Pampa; Mrs. W. F. Summers, Tulsa, Okla.; Lloyd Fletcher, Amarillo; Hicks Fletcher, Santa Marie, Calif.; Wallace, Jess, and Ernest Fletcher, Pampa.

Surviving brothers and sisters are Mrs. H. H. Goodspeed, Mrs. J. A. Alexander, Claude; Mrs. Charles Blakely, Chicago; J. S. Fletcher, Clinton, Okla.; O. O. Fletcher, Oklahoma City; Lo Fletcher, Putman, Okla.; Ernest Fletcher, Denver, Colo.

G. C. Malone funeral home has charge of the body.

Most Business Houses to Close Armistice Day

While no concerted effort has been made by civic or business organizations to induce merchants to close on Monday, which is Armistice day many have informed the Pampa Business Men's association that they will observe the holiday and will close their shops for the day.

Most of the grocery stores will stay open a few hours Monday morning before closing. It is understood. Several of the clothing and dry goods stores already have announced they will close for the day.

Merchants and business men also the American Legion members who are observing the holiday are urging others to do likewise, pointing out that the Armistice day program at the high school auditorium at 10 o'clock should be attended by all loyal citizens. Many Pampans will see the Pampa-Perryton football game at Perryton in the afternoon.

NEW OKLAHOMA CITY WELL STILL UNCERTAIN

OKLAHOMA CITY, Nov. 7. (P)—Willcox sand was encountered today at the T. B. Slick Number 1 Martin, important wildcat in NWC 13-13-1 W, near Jones, Oklahoma county and drillers were preparing to go into the hole and core it out.

Sand was topped at 6,016 feet and barely scratched when orders were given for pulling out. There was a rainbow of oil but whether it was from the sand could not be ascertained as the formation was not penetrated enough.

Mrs. Mary B. Ikard has returned from an extended visit with a daughter in Detroit.

Circumstances connected with the sudden disappearance Oct. 30 of Paul Atwood, 39, engineer at Skelly's Shaffer No. 1 plant at Skellytown, have influenced relatives, friends and Deputy J. W. McCormick of Carson county to suspect that he has met with foul play in some mysterious manner.

Atwood was last seen at Skellytown Tuesday night, Oct. 29, at a drug store where he bought some magazines and told acquaintances that he was going home to read. His car was found about 9 o'clock Wednesday night abandoned in a roadside ditch between Skellytown and White Deer. His cap and some groceries were found several days later under a bridge about 20 steps from the car.

It is believed by friends and his brothers, F. H. Atwood of Okmulgee, Okla., and Lee Atwood of Shamrock, Texas, who are here investigating his mysterious disappearance, that he had about \$125 on his person Tuesday night. They can ascribe no reason for a sudden departure without telling anyone where he was going, and why. He had been engineer at the Skelly plant for two years and was known to stay in the vicinity of Skellytown except when he made occasional trips to White Deer and Pampa. He had been married but had been separated from his wife for two years. His parents are Mr. and Mrs. L. J. Atwood of Collinsville, Okla.

Shortly before his car was first seen in the ditch, its driver, a man whose description does not resemble Atwood's appeared at the Shaffer ranch house, asking the farmer to pull his car out of the ditch. The car was pulled out and the man drove on for several miles before going into the ditch again.

Atwood's brothers say that the ranch house was a mile and a quarter from the car when it went in the ditch the first time while Skellytown is only three-fourths of a mile from it, and if the man had been their brother, he would have gone to Skellytown for aid.

The farmer said that after he had pulled the car out of the ditch, the driver of it brought a suitcase and a sack of groceries from a stock of feed in an adjoining field, where he had hid them while he went to the ranch house. The brothers believe that their brother would have locked the car. The farmer also said he did not know the man and that he wore an army blouse and boots, articles of clothing never owned by Atwood, the brothers said.

Atwood lived in the bunk house at the plant and frequently cooked his own meals. He owns considerable property at Skellytown and his brothers and relatives believe that he would not suddenly leave without notifying someone.

According to his brothers, Atwood is about five feet, nine inches tall and weighs 155 pounds. He has brown eyes and black hair. When last seen he was wearing a cap and a red and brown checked lumber jacket. However, a suit case, a suit of clothes and other articles of clothing are missing from his room.

Despite diligent search of Carson county officers, no trace of the missing man has been found since he was last seen Tuesday night. A thorough search of the vicinity around the place where the car was found was to be made today, the brothers said last night. Sheriff E. S. Graves was notified of the disappearance yesterday and his officers will assist in the hunt. It is possible that the man suddenly left of his own accord, but it is not probable, the brothers think. For one thing they think he would have notified the Skelly company.

TYLER ENCOURAGED BY NEW OIL OPERATION

TYLER, Nov. 7. (P)—Van Zandt county's oil boom received new impetus today with news that a second well had been spudded in late yesterday.

Drillers of the second well, known as the People's National bank No. 1, announced they were going down for oil, if necessary to drill 5,000 feet. Three other wells, two by Shell and one by the Pure Oil company, who sponsored the discovery well, Jarman No. 1, are ready to spud in.

EIGHT BIDS IN LOT REJECTED AS TOO SMALL

Rights Sold Bring in \$191,864—in 3 Counties

SOME TRACTS NOT SALEABLE

Eighth Royalty Will Also Go When Drilled

AUSTIN, Nov. 7. (P)—The land leasing board of the University of Texas today sold the oil and gas rights on approximately 2,100 acres for \$191,864. The land leased was in Ector, Crane and Hudspeth counties.

The board rejected all bids on eight other tracts, and no bids were received on ten pieces of land advertised for lease.

The eight bids were rejected because the board did not think them sufficiently high. J. H. Walker, land commissioner and member of the board, said the board felt it should hold the land for more money inasmuch as larger bids were received on nearby property. Sale or leases was as follows:

Ector county: 5 1/2 of NE 1/4, section 1, B-1.35, Corden company, Fort Worth, \$56,800; 5 1/2 of NW 1/4, section 1, B-1.35, Corden company, \$40,000; 5 1/2 of NE 1/4, section 2, B-1.35, Corden company, \$56,800.

Crane and Ector counties: NW 1/4 of section 12, B-1.35, Prairie Oil and Gas company, Eastland, \$16,104.

Crane county: SE 1/4 of section 12, B-1.55, Prairie company, \$9,840; SE 1/4, Snowden and McWheneey, Fort Worth, \$12,000.

Hudspeth county: section 14, B-1. A. L. E. Lockhart, Los Angeles, \$160; section 15, B-1. A. L. E. Lockhart, Los Angeles, \$160.

The figures were in addition to one eighth royalty and fifty cents an acre on the Hudspeth county land and one sixth royalty and \$1 an acre on the other tracts.

This was the second sale of mineral rights by the board created by the 41st legislature. At the previous sale 19 tracts were sold for \$168,425.

Hour in Jail is Given Youth Who Takes Overcoats

An hour in jail was the sentence and \$10 was the fine which Justice of Peace T. M. Wolfe considered was sufficient punishment for an intoxicated youth who was caught gathering overcoats and hats from cars at the Pampa-Wheeler football game Tuesday.

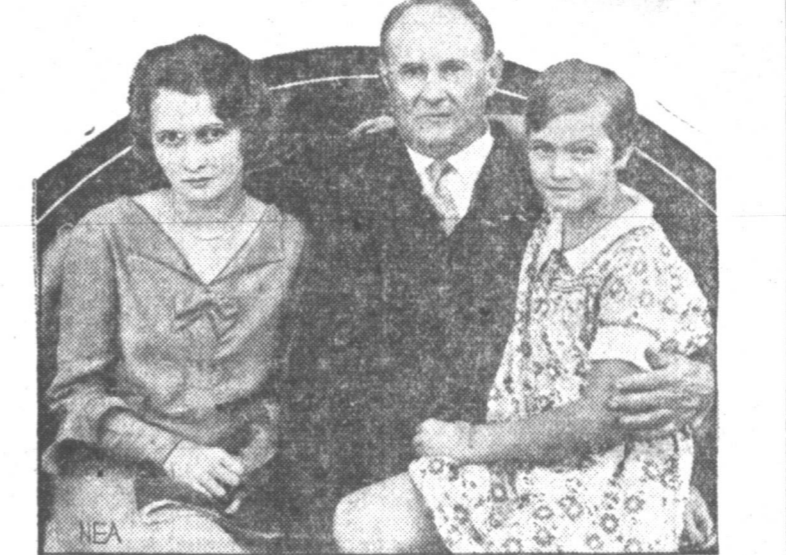

The boy was seen by Morris Roberts, city editor of the Pampa Times, stuffing the overcoats under the seat of a car owned by the boy with whom the offender had come to the game. A chase for the boy by Sheriff E. S. Graves and Roberts ended at a street in the northwest part of town. All of the overcoats but one have been identified and claimed, and the remaining one is now at Sheriff Graves' office, waiting to be identified and claimed.

McAdoo in Big Spring

BIG SPRING, Nov. 7. (P)—William G. McAdoo, chairman of the board of Southern Skylines, Inc., landed at the Big Spring airport today en route from Los Angeles to New York in the interest of establishing a transcontinental airmail line.

The government-general spent approximately \$2,000,000 on the Chosen exposition at Keijo, Japan, which opened recently.

Jury Quickly Acquitted Him

This picture shows the imperturbable countenance of Judge R. H. Hamilton of Amarillo, acquitted last night of a murder charge for the killing of Tom Walton, his son-in-law. Hamilton is shown with Theresa Hamilton, left, youthful bride of the slain man, and Mary Gail, another daughter.

AUXILIARY AND LEGION WILL MEET TOGETHER TONIGHT FOR SESSION WITH STATE HEAD

CIRCUS DELAY IS ANNOUNCED

The first grade circus, which was to have been given this evening at the gymnasium-auditorium, has been postponed for the second time because of rain and bad roads. Mrs. J. L. Lester, primary supervisor, who with primary teachers and Miss Eva June Willis, music supervisor, will direct the show, said that the roads not only would make a large crowd impossible, but would make assembling the large group of children very difficult.

No definite date was given for the future performance.

DALLAS MAN IS ROTARY SPEAKER

An interesting discussion of the relation of employer and employe was given at the Rotary luncheon yesterday by the Rev. F. W. O'Malley, of Dallas. The program, which included solos by Mrs. W. A. Wilson with Mrs. C. C. Boles at the piano, was arranged by C. M. Bryson.

Visitors at the luncheon included Roy McMillen, Mrs. F. L. Elliott, Frank Soodhalter, Clifford Braly and Clyde Fatheree.

Lester Trial at Lubock Is Re-Set for December

LUBBOCK, Nov. 7. (P)—A motion for a continuance in the trial of Clay Lester, charged with slaying his wife, was granted here today by Judge Clark M. Mullican. The case was reset for Dec. 2. The motion was filed by the defense because of the absence of important witnesses.

Race Writer Dies

DALLAS, Nov. 7. (P)—J. L. Dempsey, veteran race writer and chart maker for the daily racing form, died in his hotel room here today. Dempsey came to Dallas to report the race meet at Arlington Downs, the beautiful new plant just opened between here and Fort Worth.

Minnesota's investment in new schools this year will exceed \$4,000,000.

KANSAS GETS DEEP SNOW IN NIGHT'S TIME

Fall of Two and One-Half Feet Halts Traffic

GOODLAND NOW UNDER DEEPEST

Cold Wave Is Expected to Reach Pampa Soon

While North Plains residents today slumped about on muddy streets and highways, a falling thermometer and north wind gave the first indication of what may become the severest touch of winter.

Rain, mist, and fog last night and today was Pampa's weather offering. The precipitation was one-fifth of an inch, enough to make highways very slippery although the mud was not deep.

Cloudy, cold weather is the prediction for tomorrow, and it may snow, the forecaster thinks. Meanwhile, Northwestern Kansas is in the grip of one of the worst snows of recent years, and much of the West is being blanketed with white.

Pampa was favored by rain yesterday, while points to the west of here reported little or no moisture. Discussion in Pampa today hinged around the possibility of a muddy field for the Pampa-Perryton football game Monday. Condition of the roads also will determine driving time to the Ochiltree county city. The game will begin at 3 o'clock.

KANSAS CITY, Nov. 7. (P)—A blanket of white was spread over a wide area of the West today with the wheat lands of Northwest Kansas receiving as much as two and one half feet of snow overnight, the heaviest fall in years for this season.

Snow was reported falling this morning in Eastern Colorado and Western Nebraska as well as in Western Kansas. The snow storm extended over Wyoming, Montana, and the Dakotas. The weather bureau reported.

Temperatures east of the Rocky mountains generally were lower, with freezing weather to the north of Kansas. The mercury was reported down to 10 degrees in Western Kansas.

In Western Kansas the ground was covered with from six inches to two and one-half feet of snow. Heaviest precipitation was reported in the vicinity of Goodland where automobile traffic was seriously hampered. There was little wind, however, and the snow had not drifted.

GOODLAND, Kans., Nov. 7. (P)—

Northwest Kansas today was in the grip of one of the heaviest snow storms in many years.

The snow began at midnight, and this morning was about two and one-half feet deep here and with more still falling.

Highway transportation was partially halted, and many automobiles were stranded on paved streets.

AIRPLANE WILL CARRY DOGS TO TEXAS DOCTOR

HOUSTON, Nov. 7. (P)—Two dogs in a bad way with a skin disease will leave Mexico City by airplane today for Houston for treatment, according to a telegram received at a dog and cat hospital here.

The dogs belong to Mrs. Mary Wenger of Alabama, who also maintains a home in Mexico City.

The telegram said the animals go from Mexico City to Brownsville by air and thence to Houston via railway express. They are to arrive here tomorrow.

THIS IS THE SEASON OF COMMON COLDS, WHICH CAUSE MUCH MISERY EVERY YEAR AND LEAD TO DISEASES WHICH TAKE THOUSANDS OF LIVES.

Insurance statistics indicate the great necessity for combating diseases traceable to colds. For the first nine months of this year one big company paid claims in 10,997 deaths.

Heart disease, 1,907; influenza and pneumonia, 1,367; cancers and tumors, 1,153; accidents, 906; apoplexy, 679; tuberculosis, 658; Bright's disease, 654; diseases of the arteries, 309; liver diseases, 214; appendicitis, 228; diseases of digestive organs, 181; diabetes, 99; meningitis, 90; other causes, 2,645.

It is well known that colds lower the body's resistance and frequently lead to such serious diseases as influenza, pneumonia, pleurisy, and even tuberculosis. But the knowledge is worthless to many who never act upon it.

Causes of the spread of the disease are multitudinous. Coughing and sneezing amount to spraying the air with germs. Especially in small gatherings and rooms is this method of contagion effective.

Wearing of proper clothing in season, getting of sufficient pure air and exercise, sleeping enough to avoid a weakened condition of the constitution, and avoidance of over or under nourishment are recommended in avoiding colds.

Baths ending in cold water tend to fortify the body against temperature changes. Getting too warm, and cooling too rapidly, bring trouble. The body's system of throwing off poison is dependent to a large degree on even temperatures.

It is a peculiarity of colds that they sometimes develop in spite of precautions. The fault is often not with the person affected, but of another person already suffering who spreads the germs.

Dr. Frank Tannerbaum, once a prisoner for a short time in consequence of activities in radical labor leadership, took the position that, upon convictions in court, the criminal should become "not a legal, but a health, education and labor problem, to be dealt with not by law enforcement officers but by experts better equipped to judge his needs and to fit him for his return to society."

Wonders of science: "Sudan man is dead after heart fails"—Exchange headline. They usually are.

Of course, the kids pull a lot of tricks at Halloween, but their elders keep up the pace throughout the year in far more subtle and dangerous pursuits.

An exchange quotes a newcomer as laughing at the idea of going possum-huntin' on these barren plains. Well, let him, but we have pulled more than one plains possum out of holes, and the flavor to us was just like that of any other possum we ever tasted.

Procrastination defeats much progress, and "clinging" delays the game whether in a fight ring, congress, or a minor committee meeting.

We hereby exonerate the world at large of trying to assassinate Percy, our office mouse. That cat which strayed in here was from the Plamor, and while the cat "has went", Percy still "hasn't came."

vent many deaths and tend to prevent epidemics.

The Individual Criminal

As advanced modern physicians have found that they should treat the individual patient as well as his disease, so the civic reformers are beginning to demand that the individual characteristics of the criminal should receive attention as well as his crime.

Dr. Frank Tannerbaum, once a prisoner for a short time in consequence of activities in radical labor leadership, took the position that, upon convictions in court, the criminal should become "not a legal, but a health, education and labor problem, to be dealt with not by law enforcement officers but by experts better equipped to judge his needs and to fit him for his return to society."

Wonders of science: "Sudan man is dead after heart fails"—Exchange headline. They usually are.

Of course, the kids pull a lot of tricks at Halloween, but their elders keep up the pace throughout the year in far more subtle and dangerous pursuits.

An authority on Dallas says,

Washington Daybook

WASHINGTON—They 11-00 when young Bob La Follette of Wisconsin arises on the floor of the United States senate to speak.

No matter what his topic is, he is heard. And his most rapt listeners include those who are sometimes referred to as the brains of the upper house of congress.

The other day, for instance, young Bob arose to talk in opposition to the proposed rates in the tariff bill on chemicals. A senator had been talking to an almost empty chamber on the same subject. Scarcely a half-dozen members were in their seats.

After the senator had concluded La Follette addressed the chair and was recognized. He signaled a page to bring him a glass of water. Reaching in his pocket he extracted a cough-drop and put in his mouth. Then he turned to his manuscript and began.

The 34-year-old senator speaks with much emphasis. His voice is clear and earnest. And as he talks he clenches his fist or spreads out his hands, palms upward—his only two gestures. Now and then he pulls a white linen handkerchief from his upper coat pocket and wipes his forehead. Frequently he runs his fingers through his black hair, which is parted in the middle.

Democrats moved over to the Republican side. Republicans moved closer to more advantageous seats.

It may be that Perryton tried to pull a fast one on us by hiding her strength at Berger. But we don't believe she intended to take a defeat, and we do believe that no matter how much power she hid Monday the Harvasters are going to prepare for the worst and carry the fight to the "enemy".

Wonders of science: "Sudan man is dead after heart fails"—Exchange headline. They usually are.

Of course, the kids pull a lot of tricks at Halloween, but their elders keep up the pace throughout the year in far more subtle and dangerous pursuits.

We hereby exonerate the world at large of trying to assassinate Percy, our office mouse. That cat which strayed in here was from the Plamor, and while the cat "has went", Percy still "hasn't came."

An authority on Dallas says,

The white-haired and venerable Senator Overman entered the chamber and took a seat in front of him sat Joe Robinson, the minority leader. Norris was giving him his undivided attention, as was Couzens, directly behind the Nebraskaan.

Senator Smoot, chairman of the finance committee, also listened intently, and Copeland, democrat of New York, sat near Smoot taking in every word. Hiram Johnson, Walsh of Montana, Jense and Wagner followed the speech with great care.

Senator Reed of Pennsylvania strolled in while La Follette was talking, lingered a few moments and then disappeared in the republican cloakroom.

But the other senators heard every word uttered by the young senator from Wisconsin.

Senator Tom Merrin, regarded as one of the most loquacious members of the senate, nevertheless has the reputation of being the most shy, modest and hesitant man on capitol hill when it comes to signing autograph albums.

So says Edward Ernest Jordan, a page in the United States senate, who is a recognized authority on the ease or difficulty with which autographs are obtained. For three years he has been collecting the signatures of the great, near-great and would-be-great.

Jordan, a fair-haired boy from South Carolina, has a valuable collection of autographs. In the first pages of his book are the signatures of former President Coolidge and all the members of his cabinet. Next is the signature of former Vice-President Dawes, followed by every member of the United States senate. Succeeding pages contain signatures of Chief Justice Taft, the eight associate justices and the entire membership of the house or representatives.

President Hoover's name is in the book, but young Jordan says he is having a lot of trouble in getting members of the cabinet to sign. Among other celebrities are Ramsay MacDonald, Mayor Walker of New York, General Pershing and Alfred E. Smith.

He has refused large sums of money for his collection.

New Minister of France Will Work for World Peace

PARIS, Nov. 7. (AP)—The foreign policy of France under the Tardieu government will be based on the organization of world peace, at the same time guaranteeing French security, declared the new cabinet in its ministerial declaration made public just in advance of its reading before parliament today.

In the grave questions to be determined, the declaration says, the government pledges itself not to conclude any agreement that is not subject to free examination and "sovereign ratification" by parliament.

HARVESTERS ARE PREPARING FOR MUD BATTLE BUT HOPING FOR DRY FIELD AT PERRYTON

SLAP ON BACK REMOVES SCREW

CHICAGO, Nov. 7. (AP)—A slap on the back did for little Leonard Gilbert yesterday what science had failed for five months to do.

Last spring the two and one-half year old boy swallowed a screw. His parents did not know it until later when severe spells of coughing developed. Two operations were performed without success, the screw being wedged in the wind pipe in such a manner surgeons were unable to reach it without endangering the child's life.

Yesterday plans were made to take the child to Philadelphia for a third operation. He began coughing violently. His nurse picked him up by the heels and slapped him hard on the back.

The screw dropped from the boy's mouth.

Today found Coach Odus Mitchell of Central high optimistic only about the weather—and he expected that to clear up for the Pampa-Perryton Armistice day clash on the upper plains.

The local mentor was getting out the mud cleats, so far unused this season. He believed the game would be played regardless of mud, and he wanted to be ready for such an eventuality. Coach Mitchell and his men are just short of confident, which means they believe they have a good fighting chance to win and a wonderful opportunity to lose unless they play the best game of the season.

The game will be called at Perryton at 3 p. m. Monday. The Pampa squad will drive to the Ochiltree county city Sunday afternoon. The girl's pep squad will be taken to Perryton Monday morning under school supervision, and a steady stream of fan cars will leave here between 10 and 12 o'clock. The American Legion program at Central gym will start at 10 o'clock and

will end in time to permit those attending to reach Perryton in time for the game.

The school and the team wish as many Pampa folk on the sidelines as there will be Perryton rooters. Given this encouragement, Coach Mitchell said his boys would put up the best scrap of the year. The Harvesters are training hard daily despite inclement weather. The cripples are just about well. English, who got a bad blow on the nose in the Miami game, will probably start the game in the line. Coach Mitchell is an authority on broken smellers, having had his fractured five times while a Buffalo. He wore a nose guard only once. His position was at end. The coach believes his team is improving. Doped to be weaker than last year's eleven, the new material has taken training better than expected, and the team's chance appears to be a trifle stronger than the 1928 squad's, which lost the breaks and the game to the Rangers here, 17-7. The 1929 squad appears better offensively than last year, with the defense hardly up to par.

Officials at Perryton will likely be Farmer of Canadian, referee; Hardin Boyes of Panhandle, umpire; and either Sawyer of Canadian or Barrett of Pampa as head-linesman. Barrett's fairness is appreciated at Perryton, where school officials asked that

he be made available for duty.

The winner of the Pampa-Perryton game will play the victor of the Shamrock-Clarendon encounter. The Berger-Hereford winner at Hereford Friday will meet Dalhart. The two finalists will fight it out for the district title.

TEXAS-BAYLOR GAME HARD ON ALL PROPHETS

By GAYLE TALBOT, JR., Associated Press Sports Writer

There are too many high-powered units in the Southwest conference this season to prophesy that any one game in early November will decide the championship, but Saturday's melee at Austin between the big green Bears of Baylor and the Longhorns of Texas university undoubtedly will be one of the decisive battles of the campaign. It brings together two schools that a majority of critics thought would have outstanding elevens. Texas has more than lived up to its promise, while the Bears have displayed the form expected of them only in streaks. The Longhorns

will be slight favorites, but Baylor has an eleven capable of whipping any team in the conference if it gets a few breaks.

Neither team will need to hurry about clearing off a space in its trophy room just because it wins Saturday, however. Both still have the little matter of disposing of Texas Christian university a head of them. Scarcely given a thought by pre-season dopsters, the Frogs have played such consistently fine football that they now rank evenly with the Bears and Longhorns as title possibilities. All the ballots will not be in until they have played Texas Nov. 16 at Austin and Baylor the following week at Waco. Either of those games might settle the question. Again, the winner might not be decided until the big bout Thanksgiving between the Longhorns and Aggies.

Texas partisans have never quite forgotten how Baylor helped dedicate Memorial stadium, where Saturday's game will be played. It was in 1924, and Strickland, Pittman, Coffey, Coates, and other Bruin stalwarts of that year combined to trim the Longhorns, 28 to 10. Since then the Steers have managed to win three out of four, including last year's 6 to 0 verdict.

The bout at College Station appears equally as great a toss-up as that at Austin. Southern Methodist's record for the year looks a little better than that of the Aggies, not having a defeat to

mar it, but the mere fact that Coach Matty Bell's lads have lost three games does not give an accurate idea of their strength. In dropping those three to Tulane, T. C. U., and Arkansas, the Farmers scored only 10 fewer points than their opponents. T. C. U. outplayed the Cadets and deserved to win, but the Arkansas and Tulane skirmishes were lost on "breaks" that might as well have gone to the Aggies. As extension for its trio of reverses, A. & M. trounced the Kansas Aggies, 19 to 0, and McMillin's team last week trimmed Missouri, a Big Six favorite. The Mustangs will have their hands very, very full, and against a team that is just about as air-minded as the Ponies.

Since the Aggies and Mustangs first clashed in 1916 the Cadets have won six times, S. M. U. three and two resulted in ties. They have played every year since 1919. The last Methodist victory was in 1926, when the Ponies won a conference title. Last year's 19-19 tie was a thriller.

Thirty-four scholarships are available to the 35 students enrolled in the department of Slavonic languages at the University of Texas.

C. S. Adams, Riverside, Utah, farmer, specializes in raising peaches 12 inches in diameter, 16 of which fill a crate.

BE READY

FOR THE DRIVE TO PERRYTON FOR THE ARMISTICE DAY GAME

You can't afford to miss seeing the Harvesters play at Perryton Monday for District honors. Neither can you afford to risk old worn-out tires for the long drive to Perryton. You can't enjoy yourself if every bump looks like a blow-out.

Come in now and let us put on new Goodyears. You'll thank us every day you ride on them afterward. It takes only a few minutes to make the change. The cost is small compared to the long wear you get from GOODYEARS.

Here you can buy the tire YOU NEED. We positively do not try to "wish off" on you a better tire than you need and we'll try to show you why you should have Double Eagles or Heavy Duty All Weather tires if they fit your needs. This plan saves money for you and gives you more for it.

This one fact proves Goodyear Superiority: More people in fact millions more, ride on

GOODYEAR

Tires than on any other kind. (Both passenger car and truck)

Bayshore Property Sells for \$5,000

Oil property of the Bayshore Petroleum company was sold at auction to the company, highest bidder, Nov. 5, for \$5,000. The sale was conducted in favor of Walter D. Caldwell. The property comprised oil and gas leases on 100 acres in section 148, 80 acres in section 149, 80 acres in section 149; also all machinery, equipment, personal property, oil, gas, or casinghead gas and drip gasoline on the leases.

Woman Carried in Plane Very Sick

STRATFORD, Nov. 7. (P)—Mrs. Mary Craft was reported in a very critical condition following her arrival here by airplane ambulance from Albuquerque yesterday. She is at the home of her son. Mrs. Craft was stricken with paralysis yesterday, and her physicians ordered her immediate removal from Albuquerque to a lower altitude. The plane was selected as the fastest method of transportation, and the interior fitted with ambulance furnishings.

Miami and Borger Delegations Will Accompany Favorites to Local Bout

Accompanied by a score of Miami high school boys and many fight fans from the Roberts county capital, K. O. Kitchens arrived in Pampa this afternoon for his 8-round battle at the Pampa Mor tonight with Pug Grubbs of Borger, who is scheduled to be here by evening with a good sized delegation of adherents. "Cyclone" Bonds, the hero of 10 knock outs, 12 decisions and 9 draws, all in the heavyweight division, telegraphed Jack C. Rogers, promoter, that he will arrive on the 3 o'clock train this afternoon. He is going to try to knock out Elmer Rigdon of McLean in the first two rounds, said his manager. Rigdon is built like a wrestler, and his strength and fortitude are amazing, Rogers said.

While the two boxing bouts are headliners of the card tonight, the wrestling match between Tulsa Flash and Joe Livingston of Wichita, Kans., and the four-round fight between Kid Arthur and Dick Salmon will feature the preliminaries, which will be short and snappy, Rogers has promised. The Flash and the Kansan will wrestle for a one-fall decision with not time limit. Kitchens and Grubbs, both claiming the flyweight championship of Texas, will step into the ring with the odds even. Both are the same age and there

Waggoner Well Pleased by First Day of Racing

ARLINGTON DOWNS, Nov. 7. (P)—W. T. Waggoner, one-man host to a party of 10,000, sat in his own grandstand yesterday and chuckled. His \$2,000,000 party, the opening of Arlington Downs race track had gone over

with a bang. When the crowd passed the 9,000 mark, despite the intermittent gusts of rain, Waggoner said he had his money's worth. His sun tanned face wrinkled as he chuckled and said: "I've got my money back already. I wanted them to be here and I'm glad."

Just how much this precedent-breaking party cost isn't known, but it was well over two millions. And it was precedent breaking, not only in the sum expended, but in the fact that there was no gambling or drink-

ing—in the open. A small army of plainclothesmen, policemen, and Texas Rangers were on hand to gently but firmly give the bum's rush to first covey of bettors flushed. A little sign was posted conspicuously: "The laws of Texas do not permit betting on horse races. Kindly cooperate. The Volstead law will be strictly enforced. Texas Jockey club." Anyone disobeying in signs was apt to feel a hand laid on his shoulder. Another \$6,000, for six races, was offered in purses today. Granted fair weather, the Texas Jockey club

Youth Has Found The Way!

AN ANCIENT PREJUDICE HAS BEEN REMOVED

AMERICAN INTELLIGENCE has cultivated the fertile field of opportunity and invites everyone to roam in search of desired pursuits. Nothing remains of that ancient prejudice which bound the apprentice, without choice, to his career.

"toasting did it" —

Gone is that ancient prejudice against cigarettes—Progress has been made. We removed the prejudice against cigarettes when we removed harmful corrosive ACRIDS (pungent irritants) from the tobaccos.

YEARS ago, when cigarettes were made without the aid of modern science, there originated that ancient prejudice against all cigarettes. That criticism is no longer justified. LUCKY STRIKE, the finest cigarette you ever smoked, made of the choicest tobacco, properly aged and skillfully blended—"It's Toasted."

"TOASTING," the most modern step in cigarette manufacture, removes from LUCKY STRIKE harmful irritants which are present in cigarettes manufactured in the old-fashioned way.

Everyone knows that heat purifies, and so "TOASTING"—LUCKY STRIKE'S extra secret process—removes harmful corrosive ACRIDS (pungent irritants) from LUCKIES which in the old-fashioned manufacture of cigarettes cause throat irritation and coughing. Thus "TOASTING" has destroyed that ancient prejudice against cigarette smoking by men and by women.

"It's toasted"

No Throat Irritation - No Cough.

TUNE IN—The Lucky Strike Dance Orchestra, every Saturday night, over a coast-to-coast network of the N. B. C.

© 1929, The American Tobacco Co., Mfrs.

"It's Toasted"—the phrase that describes the extra "toasting" process applied in the manufacture of Lucky Strike Cigarettes. The finest tobaccos—the Cream of the Crop—are scientifically subjected to penetrating heat at minimum, 260°—maximum, 300°, Fahrenheit. The exact, expert regulation of such high temperatures removes impurities. More than a slogan. "It's Toasted" is recognized by millions as the most modern step in cigarette manufacture.

Captain Hamer to Lay Aside Pistol Dallas News Learns

DALLAS, Nov. 7. (AP)—Captain Frank Hamer of the Texas Rangers, "the man who made a jail out of a windmill," plans to put away his famous gun at some early date and turn his job over to a younger man, the Dallas News said this morning.

The News obtained its information from Captain Hamer at the opening of Arlington Downs yesterday.

The veteran Ranger earned his reputation on his first assignment 26 years ago, back in the Big Bend country. A 250-pound six-footer, the recruit was sent to help range the mountain country along the border. There he ran into a bullying roustabout and placed him under arrest.

"Arrest?" objected the tough, "where's your jail?" Forcibly Ranger Hamer took the fighting prisoner down the street until he spied a windmill. "There's your jail," Hamer told him, and chained him to a corner piece.

Captain Hamer has a record of having never shot a man unless fired at first. His marksmanship with a pistol is said to be remarkable.

Leader Store Is Closed to Prepare for Gigantic Sale

The Leader Department store is closed all day arranging stock and making all preparations for what they call the greatest "panic sale" in 22 years.

Dynamite Dan, famous coast to coast sales promoter, and "King Pin price slasher" is here in charge of the sale. The leader buyers went into the market the day after the Wall Street crash and bought heavily from the manufacturers of seasonal merchandise at crash prices and are in turn passing it on to their customers in this sale, according to the management.

The sale, which has been widely advertised through the Daily News and circulars, will start at 9 o'clock tomorrow morning.

ABOUT FOLKS

(BY A. F.)

An oldtimer observed that it seemed like old times to see the boys playing baseball Wednesday afternoon on Albert Square—where the new city hall will rise.

E. E. Carhart of Panhandle who was here Wednesday does not remember when the wheat was better at this time of the year. C. C. Sloan says the grain has already formed a good turf and is growing fine with a bottom season in the ground.

"Some people just don't take education, especially college education, and most of that kind ought to be on the farm," is an opinion of A. N. Burleson expressed Tuesday.

Grand Juror C. C. Ragland believes that although perfectly good women smoke, "first class women do not." However, he observes, the nice girls that are now growing up think nothing of smoking. Mr. Ragland, a bachelor, came to Gray county 20 years ago from Lexington, Ky. Several years ago he sold 400 acres of land he owned near here and since that time has been living in Pampa.

Police Chief J. I. Downs says the younger generation plays its Halloween tricks because their fathers and mothers played them when the latter were the younger generation.

Judge W. R. Ewing has exchanged his cane for a crutch. This is bad weather for rheumatics, he says. Judge Ewing was rather amazed at the weather at Marlin where he spent four weeks this fall. Generally believed to be a rainy country, it had not rained at Marlin in over three months when the judge left.

The girl at Emily's flower shop says Pampans have not yet become thoroughly "flower-minded."

Bishop John Moore, who will preside at the Methodist conference here, has travelled over most of the world several times and is regarded by many as the most intellectual figure in Southern Methodism. He is highly educated and is a devotee of the fine arts.

STOP NIGHT RISING

It's Nature's Danger Signal. Man of 50 relieved.

Ira Stubbs, Kansas, says, "Since taking Lithiated Buchu (Keller Formula), I do not have to get up until morning, also suffered much pain. Will gladly tell or write my complete experience." It acts on bladder as epsom salts do on bowels. Drives out foreign deposits and lessens excessive acidity. This relieves the irritation that causes getting up nights. The tablets cost 2c each at all drug stores, Keller Laboratory, Mechanicsburg, Ohio, or locally at Fathree Drug Co. (adv.)

Tulsa Okla., has added more than 2,000 persons to its population each month this year by annexations.

Social Calendar

THURSDAY
The West Ward Parent-Teacher association will meet at 2:30 o'clock for a program and business session.
The American Legion and the Women's auxiliary will meet jointly at Legion hall at 8 o'clock, to honor State Commander Ernest C. Cox, who will make an address.

FRIDAY:
The Comus club will have its dance at the Schneider hotel on Friday, instead of on Thursday, with dancing beginning as usual at 9 o'clock. Joe Norman's orchestra will play.
Mrs. W. C. de Cordova, president of the Eight and Forty, will be hostess to other members for a combined business and social meeting at her home, opening at 7:30 o'clock.
The Child Study club will convene at the home of Mrs. B. E. Finley at 2:30 o'clock.
The Women's auxiliary of the Carpenter's union will meet at 7:30 o'clock in the home of Mrs. Roy Kilgore.

SATURDAY:
The Business and professional Women's club will hold a rummage sale at the Rose building.
The Women's auxiliary of the American Legion will sell poppies all day for the benefit of disabled veterans in the hospitals of the state.
The Council of Clubs will hold an important business meeting at the First Christian church, opening at 2:30 o'clock. All members are urged to attend.

Important Meeting of Council of Clubs Will Be Held Saturday, 9th
Business of unusual importance will be transacted at the regular monthly meeting of the Council of Clubs, which is to be held on Saturday afternoon, rather than on the usual Monday, the change of date having been made in observance of Armistice day.
Officers of the organization desire the presence of all members, and urge particularly that every club unit be represented. The meeting will be held at the First Christian church, opening at 2:30 o'clock.

Amendment Defining Eligibility to College Club Before Body
Seeking to perfectly define, rather than to change the rules of eligibility for membership in the College club, the membership committee of the local branch of the American Association of University Women and the College club submitted the following constitutional amendment for the vote of the club:
"On and after Jan. 1, 1930, the requirements for the College club shall be at least one full year's resident work in an accredited college or university; such work to comprise the entire number of credit hours necessary to complete a year's study in the selected course of study of major sequence. This excludes students under the head of 'Special students' and students in vocational schools, unless such schools comprise a department of an accredited college or university and carry college or university credit."
"This amendment does not effect any member of the Pampa branch of the A. A. U. W. and College club who is a member in good standing at the present time or who joins before Jan. 1, 1930."
The amendment was submitted to the club, at the November luncheon, by Miss Josephine Thomas. It will be approved or refused by the membership at its next regular luncheon.

Foreign Missions and Christian Unity Basis of Enlightening Study
"Witnessing Before Men of Other Nations" was the theme of a lesson studied by members of the Young Mothers' Missionary society of the First Christian church, yesterday afternoon at their meeting in the home of Mrs. O. K. Gaylor.
Mrs. Edna Blanchley was program leader. Education on the Congo was discussed by Mrs. Ivey Duncan. A reading entitled "Jungle Sisters," was given by Mrs. Robert Gilchrist. "A Word on Christian Unity," a paper of unusual interest, was read by Mrs. H. R. Kees.
Mrs. Gaylor was hostess at tea to those attending the meeting. They were as follows: Mrs. Paul Hill, Mrs. F. W. McEwing, Mrs. W. G. Kinzer, Mrs. Bert Isbell, Mrs. Blanchley, Mrs. Duncan, Mrs. Gilchrist, and Mrs. Kees.
One juror went on a hunger strike and others protested at prospect of being locked up for a week in Atlanta, Ga. A mistrial was declared.
The state flower of Montana is the Bitter Root.
Daily News Want Ads bring Results:

Altar Society Meets for Business with Two Members As Hostesses
Members of the Altar society of Holy Souls Catholic church met for their semi-monthly business session yesterday afternoon as guests of Mrs. Lynn Boyd and Mrs. H. A. Blymiller at the former's home. Mrs. Floyd A. Smith, president, was in the chair for the business transactions.
Refreshments were served during a pleasant social half-hour at the adjournment. Members present were: Mrs. Ed Carrigan, Mrs. J. W. Garman, Mrs. F. A. Hollenbeck, Mrs. Frank Klein, Mrs. H. J. Donaher, Mrs. A. D. McNamara, Mrs. Fred Phillips, Mrs. M. F. Roche, Mrs. Frank Spellman, Mrs. L. H. Sullins, Mrs. J. G. Tyler, Mrs. J. P. West, Mrs. George E. Wolfe, Mrs. A. B. Zahn, Mrs. R. A. Knox, Mrs. Frank Beaudoin, Mrs. W. H. Davis, Mrs. R. M. Bellamy, and Mrs. Smith, president.

Rev. Geo. T. Kelley Addresses Women of the Baptist Church Wednesday
The Rev. George T. Kelley, Tulsa pastor who is conducting an evangelistic meeting at the First Baptist church, addressed the Women's Missionary union and a large group of visitors yesterday afternoon, at a meeting in the church parlor.
His message, directed chiefly to the home-building mother, was on the theme, "A Great Woman." Seven persons for the Bible's reference to the mother of the boy raised from the dead by the prophet Elijah as a great woman were enumerated and developed by the minister. They were: First, her contentment; second, her power of discernment; third, her fineness of hospitality; fourth, the fineness of her ministry; fifth, her devotion; sixth, her devotion; and seventh, her suffering.

Large Group Attends Presbyterian Auxiliary Meeting Wednesday
Mrs. Clifford Braly and Mrs. C. Herbert Walker were co-hostesses to other members of the Women's auxiliary of the Presbyterian church yesterday afternoon, entertaining at Mrs. Walker's home on Christine street.
A history of the Jewish people, as given in the Book of Judges, was presented by Mrs. George Briggs, Bible study leader of the auxiliary.
The following members were present for the study and a delightful social hour enjoyed afterward: Mrs. John Andrews, Mrs. T. M. Ashley, Mrs. Tom Clayton, Mrs. A. A. Hyde, Mrs. M. W. Jones, Mrs. J. H. Lutz, Mrs. P. C. Ledrick, Mrs. C. L. Mullen, Mrs. L. B.

Nichols, Mrs. Dave Pope, Mrs. L. P. Vincent, Mrs. Jim White, Mrs. F. C. Workman, and Miss Mae Blair.
Mrs. Wm. H. Shults of Hamilton, O., Muskogee, Okla., a visitor in the home who is visiting her daughter, Mrs. F. C. of her sister, Mrs. Tom Clayton, were special guests.
Mrs. Frank Beaudoin, Mrs. W. H. Davis, Mrs. R. M. Bellamy, and Mrs. Smith, president.

CHICAGO GRAIN
CHICAGO, Nov. 7. (AP)—Wheat: No. 1 hard 1.21; No. 3 hard 1.19. New corn: No. 6 mixed 81; No. 3 white 91.

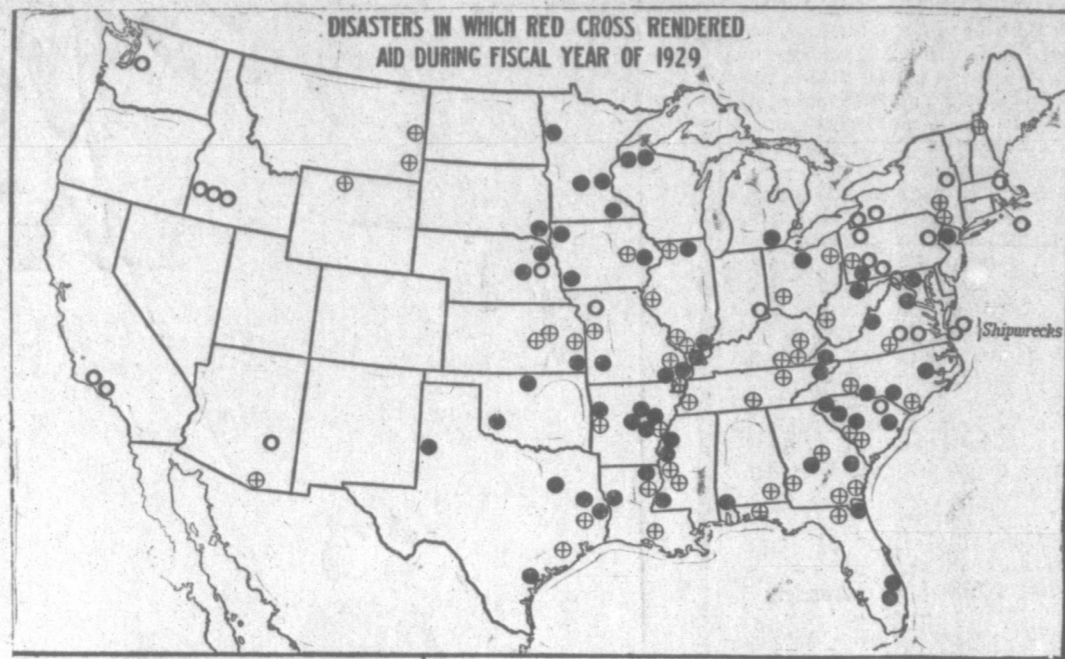

Old corn: No. 3 mixed 92 3.4; No. 1 yellow 94. Cats: No. 3 white 43 1-4 to 45.

Wheat in Clim
CHICAGO, Nov. 7. (AP)—Grain values went sharply higher today, almost regardless of early stock market downturns, boosted by word of very large sales of North American wheat over night to Germany.

Opening at 5-8 off to 1-2 off, wheat later climbed more than 2 cents above yesterday's finish. Corn and oats also mounted, corn starting unchanged to 5-8 to 3-4c down, and subsequently scoring a rise all around. Provisions declined.

Mr. and Mrs. J. H. Lutz Entertain Lafalot Club
Lafalot bridge club was entertained last evening by Mr. and Mrs. J. H. Lutz, with three tables in the play. An attractive favor was given Mrs. Katherine Wilkerson, a special guest. Mr. and Mrs. H. W. Johns made combined high score, and Mr. and Mrs. Johns, the combined low.

RELIEF IS GIVEN BY RED CROSS IN 117 GREAT DISASTERS IN ONE YEAR

Note: When a disaster affected more than one state a symbol is shown in each state.

Thirty-eight States receive Society's Help at Cost of \$8,020,000. Communities in thirty-eight states suffered catastrophes of such severity during the past year, that calls were made upon the American National Red Cross, or its local chapters, for assistance.

Cyclones, hurricanes, floods and tornadoes wrought the heaviest damage, causing the greatest loss in lives and property. The Red Cross gave aid in 117 disasters in the United States, and three in its insular possessions. Expenditures for this disaster relief were \$8,020,000.

Calls for help also came from eleven foreign nations in which earthquakes, floods and other problems caused distress, and the Red Cross sent \$76,300 in aid in relieving the suffering. In the United States, the Red Cross gave help to 134,000 persons. In Porto Rico, following the West Indies hurricane, relief was given to more than a half million persons.

Unusual atmospheric disturbances during the past year were advanced as the cause for the majority of the catastrophic floods, cyclones and tornadoes, with the resultant heavy calls upon the relief organization. Illustrating the wide range of the calamities,

364 counties were affected, and in twenty-eight counties, communities were twice visited by storms and floods. The Red Cross disaster relief staff, organized on a disaster preparedness basis, was constantly in the field, aided by volunteers and personnel of Red Cross chapters and national headquarters. At one period, Red Cross workers were engaged in nineteen states simultaneously.

Support of this disaster preparedness program of the Red Cross comes from the annual roll call for members held each year from Armistice day to Thanksgiving Day.

General Almazan Given Army Post

MEXICO CITY, Nov. 7. (AP)—General Juan Andreu Almazan, who drove the Escobar rebels out of Northern Mexico last spring, has been given command of the entire border from the Chihuahua boundary line to Matamoros under a revision of military commands which became effective Nov. 1.

The revision gives General Almazan, expected to return from France some time this month, one of the strongest and most strategic commands in Mexico.

His territory includes in addition to the states of Nuevo Leon and Coahuila, the Tamaulipas border towns of Nuevo Laredo, Guerrero, Mier, Camargo, Reynosa, and Matamoros; the strategic towns of Mazapil Concepcion de Oro and San Pedro del Ocampo in Zacatecas, and Gomez Palacio and Lerdo in Durango.

Cook county, Ga., decreased its schools from 30 to 11 in less than a decade, replacing old buildings with consolidated schools.

Agricultural agents are employed by 32 of Montana's 56 counties.

HAMILTON

(Continued from page 1) came to his office to make a clean breast of the affair.

The defense pictured Hamilton as a kindly father, aware of Walton's intentions toward his daughter and willing to bless the couple, once he was satisfied of Walton's desirability as a husband. Defense testimony painted the young man in a sinister light, however, a number of witnesses testifying Walton had uttered dark threats against Hamilton, who, he felt, disapproved of him and hindered him in his efforts to see Theresa. One witness testified Walton had boasted a past as a Capone gangster and said he was more deadly than

a rattlesnake. Several witnesses testified they had heard Walton threaten to kill Hamilton.

Charges Gun Play Hamilton himself, from the stand, testified these threats had come to him through others and he had prepared to defend himself. When Walton entered his office on the fatal day, he said, the young man made a motion as if to draw a gun and he grabbed for his own weapon.

The defendant did not admit shooting Walton, but said they had engaged in a mortal combat for the gun. Walton was shot four times and died on the floor of Hamilton's office a moment later.

Mrs. Walton, Judge Hamilton's wife, mother of the secret bride and Helen Hamilton, her sister, took the stand during the trial. Theresa, widow of the slain man, did not testify.

TEXAS AND ARKANSAS IN DISPUTE OVER PRISONER

LITTLE ROCK, Ark., Nov. 7. (AP)—A friendly dispute between two states over the possession of an Arkansas convict was at a standstill today while Arkansas officials awaited the next move from Texas authorities.

Ray Love, alias Albert Fore, is wanted in Ballinger, Texas, to stand trial on a charge of an attempted bank robbery there in which two officials glad to send him back to Texas officials said, except for the fact he is serving a 15-year term at a state prison farm, and his term does not expire until 1941.

a more wholesome and sensible regime. The academic work of the children would lose nothing—indeed, it probably would be much improved by a half hour's outdoor play in the middle of the school morning.

The responsibility for the afternoon outdoor play of the young child who goes to school only in the morning rests of course, upon the parent.

Those of us who live where our children may play freely out of doors with out more than a casual supervision find the obligation an easy one to meet. All that we need to do is to provide suitable opportunities—a home made back yard playground, and a few simple action toys, such as wagons, skates and scooters.

But when we live as so many of us do in crowded cities where traffic is swift and dangerous it is not so easy to meet our children's need for sunny afternoons spent in the open air.

We have to accompany them into the streets and into the parks, and the hours which are such fun for them are likely to be tedious for us. We are apt to shirk the task and find excuses for not going out. It helps to remind ourselves of the importance of outdoor play so that we will not fall in one of our most serious duties to our children.

Chamber Officers Called to Convene

ABILENE, Nov. 7. (AP)—First of a series of regional meetings of presidents and secretaries of Chambers of Commerce with directors of the West

Texas Chamber of Commerce has been called by W. B. Hamilton, president of the chamber. The meeting will be held in Amarillo Nov. 12.

The Panhandle region chambers will send delegates to the meeting. The second meeting will be held there the end of that week at Lubbock, for South Plains chambers. Other dates for meeting will be decided upon later, Mr. Hamilton said.

Methodists Name Delegates to Meeting of General Session

HILLSBORO, Nov. 7. (AP)—After an afternoon's discussion, the Central Methodist conference in session here yesterday selected delegates to the general meeting in Dallas next May.

Those named follow: Clerical, E. P. Culver, Corsicana; G. H. Booth, Fort Worth; E. C. Crawford, Nashville; P. E. Riley, Waco; J. W. Bergin, Waxahachie; W. H. Coleman, Brownwood; Lay delegates, Mrs. J. H. Stewart, Weatherford; H. H. Simmons, Hillsboro; W. E. Williams, Fort Worth.

PALESTINE, Nov. 7. (AP)—With the important task of selecting delegates to the general convention in Dallas next year out of the way, the Texans Methodist conference today turned its attention to other issues, including selection of a time and place for next year's meeting.

Delegates elected yesterday included: Clerical, A. Frank Smith, Houston; J. W. Mills, Beaumont; R. W. Adams, Houston; L. E. Elrod, Marshall; King Vivion, Georgetown; Jesse Lee, Huntsville; Ira F. Key, Galveston; James Kilgore, Dallas. Lay delegates: Tom Ackner, Jacksonville; H. F. Banker, Port Arthur; Carl Markley, Solisbee; Dr. J. W. Scott, Houston; Mrs. J. W. Mills, Beaumont; W. L. Dean, Huntsville; W. W. Fondren, Houston, and W. C. Windrow Center.

Talks To Parents

OUT DOOR PLAY
By ALICE JUDSON PEALE
Everyone knows that children should be kept out of doors during most of the sunny hours of the day throughout the year, yet most of our public schools do not provide even for young children out-door recesses of more than a few minutes during hot morning.

There is, of course, no good reason why this condition should continue to exist if parents express their desire for

BEWARE THE COUGH FROM COLDS THAT HANG ON

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action: It soothes and heals the inflamed membranes and inhibits germ growth. Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe
