**NOW THAT EVEN THE SMALLER TOWNS ARE GETTING TALKING MOVIES AND THE NEW MODE IS HERE TO STAY, IT IS APPROPRIATE TO REMARK THAT SOME OF THE EARLY CRITICISMS HAVE PROVED TRUTHFUL BUT NOT AVAILING.**

The talking picture on the whole is making use of emotions aside from the Romeo-Juliet type. Mother love, music, laughter, fear—these are the standard vehicles of the new movies. Romance of course is important, but have you noted that the talking Romeo is not getting the heart-throb reactions that the Valentinos of the silent got? Perhaps it is because the human voice breaks into the realm of the fanciful with disturbing reality.

Psychologists used to say that people went to movies to imagine themselves heroes and heroines, doing the things depicted on the screen. This vivid imagination is disrupted when the hero speaks and robs the listener of his individuality. Much of the criticism of the talkies may be traced to this fact. But despite the shortcomings of the talking picture, and its imperfections, it is still as popular as ever, and with all-color innovations is setting new attendance records.

"Canned music" has a new menace to professional musicians in the theatre. It was rightly said that the theatre in two decades did more for the organ than two centuries of church music—with no reflection meant for the latter. But the talking picture has doomed many of the theatre orchestras. National advertising is being used to try to influence the public to demand real orchestras with their pictures, but there is little evidence that the effort will succeed. The trend to municipal orchestras may save the day for American music, which certainly deserves community support.

Indeed, it would be a glad day for music should Americans adopt it as a subsidized art worthy of the special attention and support of the general citizenship. Music for the people, by the people, is the best answer to the menace of "canned music."

To allude to the local situation, it may be said that generous patronage of home talent choral, band, orchestral, and stage events is a duty as well as an opportunity.

**A SPENDING AGE**  
 Hon. W. H. Fuqua, president of the First National Bank of Amarillo is reported in an address before the Caprock Bankers Association as observing that there are very few people who now save a portion of their earnings, and not ten per cent of those on salaries who are putting anything away. It is probably true that there

are more demands on the modern family for expenditures than ever before, which has resulted in fewer of them actually putting money in the banks than was the rule a few years ago. People of today are surrounded by more kinds of devices which are meant to extract their money.

Perhaps the thing that is taking more money out of the banks, or rather keeping money out of the banks, is the installment buying which has so rapidly increased. Whether or not this method is sound business, and good for the country yet remains to be seen. To the old timers, like Mr. Fuqua, it does not sound good. To this generation, installment buying has meant that more people own their own homes than ever before. They may buy a house and pay for it almost like rent.

However, the present generation is probably stretching its credit to unwarranted extent and it is for this that a warning has been sounded. Installment buying of books a few years ago has been increased to automobiles, radios, clothes, shoes, furniture, in fact most every kind of merchandise that is being offered on the market today. When a family mortgages its future earnings to such an extent that the necessities of life must be neglected, then there is danger ahead. Illness may take away all of these so-called luxuries which have been bought on the installment plan, and thus the family greatly injured by this method of buying.

Bankers, like Mr. Fuqua, are not objecting to this wholesale extension of credit, but they warn that an excess credit may be bad in the long run.—Canyon News.

**TWINKLES**

Percy, our office mouse, who has ambitions to be a philosopher, says that a lot of local people he hears about are either quiet as the mouse family or else they are awful hypocrites for criticizing others for what they do themselves.

Pardon our anger, but when we see a one-eyed car coming down the pavement we have a strong urge to punch out the good eye.

No, the world isn't going to the bow-wows even though "moral victories" are not popular any more.

It's a doggone shame that all our hunters are rushing off after deer, and bear, and lions while the coyotes are giving the ranchmen trouble.

Well, Twink tasted Presbyterian cooking and some fine cake the Catholic ladies sent the society editor, and if any other denomination has an oversupply of good things, remember—we're broadminded.

Many in insane fool is driven to sanity by the enormity of his crime—and then he pleads insanity.

**Texas University Student Is Hurt**

AUSTIN, Nov. 2. (AP)—George William Calloway, University of Texas student from Mount Calm, Hill county, was injured perhaps fatally here tonight when his automobile collided with a street car on a wet pavement. An operation was performed in an effort to save his life. His head was crushed and both legs broken. People living in the neighborhood believed that a tire of Calloway's car hung on the street car rail as he attempted to pull out of the street car's way.

**Hatcher to Oppose State Bond Issue in Governor's Race**

DALLAS, Nov. 2. (AP)—State Treasurer W. Gregory Hatcher said here tonight his platform in his gubernatorial race was almost ready to announce and that he planned to make one of his chief issues opposition to highway Commissioner R. S. Sterling's proposed \$350,000,000 bond issue for highways. Hatcher said that he would demand that other candidates in the race make their positions on the issue clear.

**Unknown Author Rides to Fame on Talkie Excellence**

The unknown author who for years has been unable to market his contributions in Hollywood does now and then gets the kind of break which makes him believe in Santa Claus, Cinderella and all the other legendary notables. Such was the case with Humphrey W. Pearson, author of "On With the Show," the first 100% natural color, talking, singing and dancing picture offered at the Rex theatre today.

Pearson was an advertising man in New York City for some years and is the son of a professor of English literature. Pearson plugged along in the mundane business of thinking up "nifties" for advertisers, and finally had a well established agency.

His secret ambition however, was to write. As an outlet for this hope he joined an amateur theatrical society in New York, and took part in a number of plays helping to write them, to manage them and to act in them, on occasions.

A few months ago because of poor health he decided to sell his advertising business and move to Hollywood and there try to get a chance to write for the screen.

He sold his business and started West Business forced him to stop several days in Toledo, Ohio.

He had had for some time an idea of a backstage comedy-drama of musical life. During the few days he was in Toledo, he spent his evenings in a hotel room on his prospective play and turned out the first act! He then went on to Chicago and during a short stop there he wrote the second act—and at Omaha he wrote the third!

On arriving in Hollywood he presented a letter of introduction to Joe Jackson, one of the best known scenarists and dialog experts at Warner Brothers studio. He carried along with him the rough draft of his play, which he asked Jackson to read. Jackson agreed to do so, put it in a drawer, and forgot about it for a week. Then he decided to run through it, expecting to find it only the usual amateur story which he would return with the proper complimentary condolences. Instead he found what he considered one of the most unique stories that had come to his attention. He became tremendously enthusiastic about it and took it to Darryl Zanuck, in charge of studio production at Warner Bros. In addition he told Pearson that if it didn't sell immediately as a picture he would raise the necessary money and produce it as a play in Hollywood.

The Warner Bros. expert recognized its worth and the great natural color talkie is the result.

**Man Found Dead**

FORT SMITH, Ark., Nov. 2. (AP)—The body of a man who had registered as J. McClung, no address, was found in his bed in a rooming house here this evening, apparently dead from poison. He previously had told a fellow roomer his home was in Dallas, Texas. He was about 35 years old.

**DRAKE WINS TITLE**

DES MOINES, Ia., Nov. 2. (AP)—Drake university won the championship of the Missouri Valley conference here tonight by defeating Creighton, 34 to 12. The Bulldogs pushed through the Bluejays for three touchdowns in the first half and the reserves added two more in the final periods.

## One Act Play, "Deceivers", Given By Cast of Three at A. A. U. W. and College Club's November Luncheon

Featured by a one-act play, presented by three talented members of the high school dramatic club, and detailed discussions of important future projects, the November luncheon of the Pampa branch of the American association of University Women and the College club, held yesterday at the Schneider hotel, was a particularly pleasing one and an occasion of outstanding interest to the large group of members present.

The play was William C. DeMille's "Deceivers," and it was directed by Miss VeLora Reed. Dorothy Doucette, LeFors Doucette, and Gene Fatheree played the parts, sharing equally the title and the honors.

Preceding the entertainment were the discussions of four chairmen, whose plans the club heard with enthusiasm. Mrs. Tom E. Rose, head of the program committee, outlined plans for the six remaining meetings of the year. She also presented the year-book.

Miss Josephine Thomas of the membership committee, submitted a constitutional amendment on which the members will vote at their next meeting. Complete plans for the games tournament to be held at the Schneider on Dec. 6 benefiting the scholarship fund, were announced by Miss Fannie Florence Sims, chairman of the fellowship and scholarship committee. Mrs. W. A. Duerr, in charge of arrangements for the founders' day banquet, gave the general theme of the program.

Mrs. C. T. Hunkapillar, president, urged particularly the cooperation of the club membership in the benefit tournament, through which the scholarship group hopes to raise \$200 toward a \$500 scholarship. The executive asked that members accord the committee in charge the same generous response given by Alex Schneider, who donated the use of the hotel dining room for both afternoon and evening tournaments, and by merchants who made the donations.

The inclement weather has caused the attendance at the revival services the past week to be rather small, but those who have braved the mud and rain have received distinct blessings. Brother Kelley has been bringing some very helpful and inspiring messages, and we hope that the weather this week will permit a large number of people to come to the meetings daily. Services this week will be held each day at 10 a. m. and at 7:30 p. m., with Brother Kelley in charge.

Besides the meetings announced at the head of this article, special attention is called to an important session of the building committee which will be held in the church parlor just after the close of the morning services today.

Last Sunday we had 300 in Sunday school. The attendance and the interest in this phase of the work is increasing steadily, and today we hope to excel all records ever made by any Sunday school in Pampa. Visitors are invited cordially to visit one of the classes today.

A program for the young married people of the church will be given this evening at 8:15 o'clock under the direction of Mrs. D. L. Lunsford. Following the program, a young married people union will be organized. The other unions will have good programs at their regular meetings. You are welcome to attend the union of your choice.

## Movie Producer Dies of Alcoholism

NEW YORK, Nov. 2. (AP)—Leo D. Maloney, 41, motion picture producer, director and actor, died today at the Hotel Astor after what friends described as eight weeks of intermittent

Maloney, who was perhaps best known as the director of western pictures starring Tom Mix, Hoot Gibson and others, came to New York from Hollywood eight weeks ago to negotiate the booking of his first talking picture.

## Wortham Concession Owner Killed At El Paso by Pair of Assassins

EL PASO, Nov. 2. (AP)—Glen Jones, 34, a concession owner with the Wortham shows, was murdered here tonight by two men who represented themselves as prohibition officers and forced Jones and his wife to get out of their car on a pretense they were going to search it for liquor.

As Jones stepped from the car the two men drew guns and opened fire, riddling his body with bullets. Mrs. Jones screamed just before she fainted and the two gunmen fled.

Police are working on two motives—revenge and robbery. Jones wore several thousand dollars worth of diamonds, but no attempt was made to take them.

Jones and his wife were driving to the carnival lot when the murder occurred. The two drove up in another car and told Jones to drive to the curb, saying they were police officers.

Jones has been with the Wortham shows for 12 years and has been in the carnival business nearly all his life. He is well known among show people in nearly every city in the United States. His parents live at Waverly, Mo.

## New Orleans Will Frustrate Bombing

NEW ORLEANS, Nov. 2. (AP)—Plain clothesmen, armed with shotguns and an augmented police force on 10-hour shifts was police Superintendent Ray's answer today when bombing gangs continued their campaign of sabotage by blowing up street cars and blasting residences occupied by non-union motor men and conductors in the strike union street car crews.

Ray repeated his order that nightly bombing of street cars must stop and ordered his force into intensive activities during the "danger hours".

Well informed officials of the police department let it be known tonight it was their belief that persons guilty of placing explosives on street car tracks and hurling bombs under residences numbered "less than six" and said that the capture of one of the number would lead to apprehension of all.

**QUALITY** so fine that half the world doesn't realize that Buick is priced so low!

It is an impressive fact that men and women are buying from two to five times as many new Buicks as any other car priced above \$1200.

Moreover, during August and September, Buick monopolized its market to such a degree that it won 41% of the total sales of the 15 makes of cars in its price class. And yet this marked preference for Buick would be still greater if all motorists realized that they can buy six of the fourteen luxurious Buick body types for less than \$1300, f. o. b. factory.

These are Buicks through and through, embodying the full array of Buick quality features: Buick's new and surpassingly beautiful Bodies by Fisher; the famous Buick Valve-in-Head engine—most powerful engine of its size in the world; Buick's new Controlled Servo Enclosed Mechanical Brakes; the new Buick steering gear; new Road Shock Eliminator; and Buick's new, longer rear springs with Lovejoy Duo-draulic Shock Absorbers.

The new Buick, with these features, will introduce you to new and unequalled performance, driving ease, riding comfort and reliability on any day you put it to the test. And yet these six Buick models are offered at the price of cars which motorists never think of comparing with Buick!

Visit our showroom. Bring your present car. Learn how easily you can obtain one of these new Buicks. All are available on the extremely liberal General Motors time payment plan.

In addition to these lower priced models, Buick offers eight other distinguished body types, representing the ultimate in luxury, and priced from \$1465 to \$1995, f. o. b. factory.

Orchestra selections by the Harmony Kings and two violin solos by Mrs. Viola Morrow, with accompaniment by Miss Madeline Farpley, comprised an enjoyable program presented under the direction of Mrs. Boddie Butterfield at a regular dinner meeting of the Business and Professional Women's club last Friday evening. More than thirty members and guests were present.

Mrs. Grace Higgins, president, who was in charge of the business session following the program, presented the projects recently recommended by the executive board. In the order named, they were accepted by the club. Most immediate of the activities was a rummage sale that the club will hold next Saturday at the Rose building, primarily to raise money for Christmas charities. Club members and their friends were asked to donate wearable, cast-off clothing, novelties and household articles.

A public relations dinner, similar to those sponsored by B. & P. W. clubs throughout the United States, will be given during the month, with the program committee and its chairman, Mrs. Butterfield, in charge of arrangements. According to tentative plans, members of the B. C. D. executive board, members of the Lions and Rotary clubs, and the higher officials of the city will be invited and asked to cooperate.

As a more distant, but nevertheless definite project, the club voted to purchase a playground apparatus for the public park which is to be developed by the city. The executive board submitted for the consideration of the membership a proposal to organize at some later date, possibly in the late spring of the early part of the next club year, a junior business girls' club. Committees named to conduct the rummage sale were as follows: Housing, Mrs. Grace Higgins, Mrs. Florence Way, telephoning, Mrs. Pina Jordan, Mrs. E. W. McDonald, Mrs. M. P. Downs, advertising, Miss Willette Cole, Mrs. W. C. Mitchell, collecting garments, Miss Mabel Davis, Mrs. Boddie Butterfield, Mrs. H. L. Thomason.

Bernice Lyon Gives Party for Nine Girls

Little Miss Bernice Lyon, daughter of Mr. and Mrs. C. M. Lyon, entertained friends Friday evening with a Halloween party. Jack-o'-lanterns lighted the attractively decorated rooms, where games and contests of the season were enjoyed.

Refreshments were served at the dining table, which had as a centerpiece a magic cauldron, from which yellow and black paper streamers extended to the plates. Each guest drew a souvenir from the kettle.

The following were Bernice's guests: Harriett Hunkapillar, Lois Bryson, Elizabeth Barnard, Georgiana Gray, May Jo Wheeler, Jean Ann Farris, Jean Camp, and Florence Sue Dudson.

### ABOUT FOLKS

**By A. F.**  
 Today, Floyd Shaw and Rhule Morrison are duck hunting on a lake near Pampa which they say is just working with ducks and has not been discovered this fall by the Panhandle Nimrods.

The blue-blooded Persian cat of Mrs. Clifford Braly shed its two front teeth when it clamped down on a bone the other night.

In the White Deer land building, A. H. Doucette is the football authority, says M. K. Brown. "We get all our football from him." Along with George Briggs, Mr. Doucette is an A. & M. fan.

Dr. T. J. Worrell and Bob Irwin went duck hunting Friday and brought back 11 ducks. Friday night, Dr. Worrell entertained at a duck supper in a local cafe.

C. O. Busby refers to this newspaper as "Hawshaw," who was a key-hole-peeping detective and a man of many beards and masks.

Another title has been bestowed upon L. W. Klein, in addition to passenger and freight agent for the two Santa Fe railroads here, he is now joint agent for the Railway Express Agency, Inc.

Friday, Deputy Sheriff C. E. Pipes (Tiny) showed some men the progress of the Noble Experiment in Gray county since the March session of the 31st district court. The "progress" was pungent and tangible and comprised 2,500 gallons of whiskey that have been taken into custody; also a stack of stills. The room back of the sheriff's office is stacked to the ceiling with bottles, kegs, fruit jars, all full of corn and rye. There will be a "grand pouring out" sometime during this court term, "Tiny" says.

Police Chief J. I. Downs says that if the old Spanish custom of horseback riding were observed, more there would not be so many persons afflicted with knocked-knees. He's for more horseback riding and predicts that the time

will come when youth will again take to the saddle for their joy rides. It seems that Chief Downs will have these horses auctioned off at the pound in the northeast part of town Nov. 13; one gray mare, 12 years old; one blue mare 7 years old; one black horse, three years old; another black horse, three years old; one bay saddle horse 12 years old; one horse mule, four years old; one mare mule four years old; one bay blaze face horse, 12 years old. Chief Downs says all these horses are in good condition and will make good saddle animals.

Rev. D. H. Truhitte says Tack, as well as most people, including preachers, gets out of his place sometimes.

The next morning after the American Legion banquet, M. K. Brown and C. P. Buckler remembered that in 1917 when Pampa boys went to Alameda to train for the training camps, W. J. Ball of Alameda, with a wooden sword at his side, rode a white charger at the head of a parade comprising the citizens and the Pampa band. It was the first time a band had ever played in Alameda.

### Weather Forecast for Thursday Has "Hurricane" Hue

The weather forecast doesn't show it, but a hurricane in the shape of "Cyclone" Bonds, weight 172, will blow into Pampa next Thursday night for a 10-round fight with Elmer Rigdon, weight 170 of McLean, at the Pla-Mor auditorium, according to Promoters Jack C. Rogers and J. J. Denebeim.

Besides this scrap, there will be an 8-round battle between K. O. Kitchens, weight 126, Pampa's favorite boxer and the pride of Miami, and Neal "Pug" Grubbs, weight 116 of Borger, the fly-weight champion of Texas, that promises to be a ring-tailed tooter.

Fans who packed every inch of the Pla-Mor two weeks ago to see the card which featured the Platter-Matlock fight, will recall that Kitchens jumped nimbly out of the ring at the end of the four rounds leaving his opponent

Frankie Francis also of Borger bloody, and beaten to a pulp.

Grubbs is a match for Kitchens. That appears certain. He has a record a foot long, but Kitchens, who plays on the Miami football team, is not the least bit scared of him and promises to rush the Borger threat just as he has done in every bout he has fought (and won) here. Kitchens has a defense that has been impenetrable, a covered crouch from which he leaps like lightning to deal blood-smattering blows.

Kitchens a thoroughly likeable lad, has gained many admirers here this fall. With Grubbs will probably come his many followers at Borger.

Preceding the two main events, "Tulsa" Flash will wrestle Jack Livingston of Wichita, Kans., for one fall, no time limit. The Flash weighs 148 and Livingston 152.

In another boxing bout Kid Arthur of Pampa, weight 156, will fight Dick Salmon, weight 160, of Houston in a 4-round tiff. These boys are cracked up to be sluggers with plenty of speed.

Those who have seen Rigdon box, may peruse this record of Bonds, who is from Las Cruces, New Mexico. He knocked out Bill Sewell at Phoenix, Ariz., July 1925; won a decision from Jack Inman at Los Angeles, Calif., Sept. 1925; knocked out Pat Warren at Paicines, July 1926; out-pointed Paul Gardner, Houston; fought Wild Cat Ewing at Houston, July 1926 to a draw; knocked out Bobby Brown at Galveston Sept. 1926; fought Moco Carpenter to a draw through 10 rounds; won a decision from "Red" Fitzsimmons at San Angelo in a 10-round fight; won a 10-round decision from Big Ed Smith at Picher, Okla.; and won a decision from

Tuffy Jackson at Houston.

Another thing, there will be no clinching in this fight the promoters have promised, remembering the clinching match that Matlock initiated when he and Platter fought here two weeks ago. The card is being heavily advertised in Borger, Panhandle, White Deer, Skellytown, Miami, LeFors, McLean and other towns, and it is likely Borger's fans will turn out in a body for Grubbs. Kitchens' followers never fail to see him fight. Good preliminaries are promised.

### Aggies in Easy Win Over Teachers of Stephen Austin

COLLEGE STATION, Nov. 2. (AP)—In the last non-conference game they will play this season, Coach Matty Bell's Texas Aggies defeated the Stephen F. Austin Teachers today 54 to 0.

With the exception of a 25-yard pass from Captain Tommy Mills to Dorsey, from the 50-yard line, which Dorsey literally pulled from the air on a high leap, and carried across for a touchdown the game was unmarked by any especially spectacular features.

ALPINE, Nov. 2. (AP)—On a field made slow by two weeks of intermittent rain and snow the Sul Ross Lobos and the El Paso Miners fought to a scoreless tie here today. The teams were evenly matched and each failed to cash a chance to score. The superiority of the Miners' line was balanced by the long punts which "Iron Man" McNeil, Sul Ross quarter, got away.

**Vanderbilt is Classy**

**Cornhuskers Hold Kansas**  
**LINCOLN, Neb., Nov. 2. ## BUFFALOES DEFEAT TEAM FROM DANIEL BAKER WHILE HUNDREDS OF CANYON EXES CHEER TEAM

**CANYON, Nov. 2. (Special)—**Cheered by former students gathered in celebration of Homecoming day, the West Texas Teachers college Buffaloes rose to the heights for a moment in the fourth quarter of their game with Daniel Baker here today, and scored the only touchdown of the day.

Although outplaying the visitors decisively in the first half, the Buffaloes lost ground enough in punting exchanges to prevent their penetrating the Daniel Baker goal zone. They made 6 first downs to one for the Hill Billies in the first half of the game.

The third quarter was fought on even terms, but early in the fourth period the Goats launched a passing attack which almost netted points. Hunter to Harlow passes and Graham's plunges took the ball to the local 5-yard line. There the Buffalo forwards held and Gerald ran the ball out of danger.

Gerald ripped off 23 yards down the sideline and then with Ward carried the ball to the Goats' 24-yard line. Then Gerald passed to Ward for 13 yards and a moment later to Bandy over the goal line. Jones kicked the extra point.

Daniel Baker filled the air with passes in the closing moments, but like most of the other passes of the day, these were either wild or were intercepted.

Two powerful lines held ground gains to a minimum, and spectacular work was wanting except for a few lucky passes and Gerald's two or three long runs. The Buffaloes had a substantial edge in gains from line plays, but in other departments the teams were evenly matched.

Homecoming activities began at a special chapel program in which Olin E. Hinkle of Pampa, president of the Ex-Students of the college, then President J. A. Hill addressed the student body and visiting "exes." Tonight a program of one-act plays and pageantry

was presented by Canyon ex-students, and members and former members of the Loyal Order of Red A. A. a pep squad for men, met around a banquet table.

## ARKANSAS IS WINNER OVER LOUISIANANS

**SHREVEPORT, La., Nov. 2. (AP)—**Heaving reckless passes with a wet ball through a slate colored afternoon University of Arkansas gained its twelfth decision over Louisiana State University in 24 years at the state fair here this afternoon by a count of 32 to nothing.

Miller, Arkansas left half, supplemented his pass work with spectacular end running and contributed three of the touchdowns, with Uptmore and Kyle tallying one each.

The heretofore fast Louisianans were unable to muster a consistent drive against their opponents on the soggy field, and as a result took their first licking of the season.

## Two Millions See Games of Saturday

**By the Associated Press**  
Five hundred thousand spectators saw 10 of the more than hundred football games played yesterday on American gridirons.

As the half-score listed below were among the "key games" of the day, their total will not do for averaging, but it is a safe estimate that 2,000,000 persons devoted the afternoon to cheering line bucks and aerial passes.

## ROUNDLY OUTPLAYED, MUSTANGS NEVERTHELESS TIGHTEN AT OWN GOAL TO HOLD TEXAS SCORELESS

**BY GAYLE TALBOT, JR.**  
**Associated Press Sports Writer**

**DALLAS, Nov. 2. (AP)—**Southern Methodist university's big red line made a half-dozen heroic stands when backed deep into its own territory here today and the Mustangs battled Texas university to a scoreless draw in their important Southwest conference duel.

Twenty thousand fans saw the Ponies, roundly outplayed during the last half, rise to the heights when their goal line was threatened and beat back repeated thrusts of the powerful Longhorn machine.

Four times the Steers, balked at the line, attempted goals from placement. All were wild. Once the ball went over to the sorely pressed Mustangs on their own three-yard line; again on the four-yard marked. It was another of those plant Methodist forward walls that gives its midfield but becomes a band of steel near its goal line.

But for a freak of chance the Mustangs would have won, despite the overwhelming superiority of their Orange clad adversaries. In the second period Weldon Mason, Pony half, flipped a pass that carried cleanly to Vic Sauffley, big end, who was standing on the Texas goal line. It would have been an easy catch for the average schoolboy, but Sauffley felt the ball thud against his manly chest and bounce harmlessly to the sod.

That was the Mustangs' only scoring threat of the day. From there on they were too busy holding Shelley
