PRICE FIVE CENTS

CITY IS TO HAVE TRAFFIC OFFICER

"I Have Fought My Last Professional Bout" Declares Tunney

CHAMPION TO VACATE TITLE TO BEST MAN

Unwilling to Wait for Another Challenger He Asserts

WILL TAKE UP SOME BUSINESS

Makes No Attempt to Nominate His Successor

NEW YORK, July 31—(P)—Gene Tunney, heavyweight champion boxer, announced his retirement from the ring today at a luncheon given in honor of William Muldoon, 62-year-old member of the New York state athletic commission.

"I have fought my last bout as a professional boxer," his statement said. "Staging a 'farewell party' to the commissioner and more than 50 newspapermen guests, Tunney declared definitely that the time had come to step out of the game that made him a millionaire. Reports that Tunney was to retire had been circulated since he crushed Tom Heeney in an eleven-round technical knockout at the Yankee stadium last Thursday night.

"Feeling still young enough to make another start in new fields," Tunney declared himself grateful for the benefits conferred and anxious to leave the game better than he found it.

"There is no contender at the present time who appears capable of attracting great public interest," he said. "It might be two or three years before a dangerous opponent is developed. That is too long to stand and wait."

Tunney gave high credit to Tex Rickard's ability as a promoter and as the man who could find his successor. He declared it his desire to place in Rickard's hands a belt or other suitable emblem of supremacy, to be awarded by him to that boxer who through a series of elimination bouts or victories over the most formidable opponents that can be obtained shall prove himself deserving of it.

Gene made no definite mention of his future plans and paid no attention in his statement to rumors that he was about to enter matrimony.

In ending his statement, he said: "I have no thought of trying to nominate my successor. To the victor belongs the spoils. I merely step aside and say 'may the best man win.'"

Building Permits Taken Out Include Brick Structures

A one-story brick building 25 feet wide by 75 feet long will be erected immediately on the lot joining the Underwood Motor company on the west. The contract has been let to W. E. Davis, local building contractor, and will be built for H. Olson.

Mr. Olson plans to put a cafe in one-half of the building and a barber shop in the other. The building is to cost approximately \$2,000.

Permits to build residences were taken out at the city hall yesterday by Mrs. Earnest Howell, who is to build a home in the Crawford addition costing about \$3,000.

C. P. Sloan is having a \$5,000 home built on his lot in the northeast part of the original townsite. The contract has been let to W. E. Davis.

R. C. Akers is to build a \$2,000 home on his lot for sale purpose.

A \$18,000 permit to build was taken out by J. E. Murfee and L. N. McCullough yesterday for their one-story to be occupied by the Malone Furniture company. The contract has been let to brick building on North Cuyler street Wm. Mullinax local contractor.

THE WEATHER

East Texas, West Texas, and Louisiana: Tonight and Wednesday generally fair.

Crude Oil Production of United States Declines During Week as Price Schedules Are Advanced

TULSA, Okla., July 31—(AP)—Decreases in the Seminole and West Texas oil fields during the week ending July 28, reduced the daily average production of crude oil in the United States 7,198 barrels during the period, the Oil and Gas Journal will say in its current issue.

Although Seminole production dropped off about 4,000 barrels, total production in Oklahoma increased nearly 1,000 barrels. That was due to added production in the St. Louis-Pearson and Allen areas.

Production in both the Yates and Hendricks fields of West Texas was off, but increases in other fields offset a part of the loss.

The majority of other producing areas in the United States either remained practically unchanged or showed slight losses.

ROBBERS GET LARGE HAULS

California Bank Loses \$23,000 to Lone Bandit

NEW ORLEANS, July 31—(P)—Two bandits in a speedy roadster automobile shot the rear tires off a taxi cab here today and after boarding the vehicle, robbed Edward Harrell, messenger for the United States Industrial Alcohol company of \$2,800, Harrell reported to police when they arrived upon the scene.

Harrell was enroute from the company's bank to its plant on the outskirts of the city when his cab was overtaken. Both Harrell and the cab driver escaped injury from the flying bullets.

LONG BEACH, Cal., July 31—(P)—A man today held a branch of the Security Trust and Savings bank and got \$23,000.

White Retracts Part of Charges on Gov. Smith

HAMPTON BAYS, N. Y., July 31—(P)—Governor Alfred E. Smith refused to comment today when informed at breakfast that William Allen White, Kansas editor, had withdrawn part of his charges against Smith's assembly record.

NEW YORK, July 31—(P)—William Allen White, Kansas editor, today withdrew his charges against Governor Smith's legislative record so far as bills governing gambling and prostitution were concerned because, he said, he did not want to question the motive of the Democratic presidential nominee.

While allowing his contention that Governor Smith had consistently voted for the saloon to stand, Mr. White said of his other charges "I could not in good conscience press this issue, realizing that Governor Smith, whom I greatly admire for his many high qualities, feels that my charges question the purity of his motives which always should be granted in any political controversy."

Mr. White said in his statement: "Yesterday, talking to Walter Lippmann of The World, a friend of Gov. Smith and of mine for many years, I learned that Governor Smith was deeply aggrieved that I should charge him with protecting gambling and prostitution in his assembly record. I can understand, after considering what Mr. Lippmann said, that the Governor in casting those votes against those reform bills might honestly have felt that the bills were unconstitutional or were not enforceable, or infringed upon personal liberty or encouraged police blackmail."

"On the question of the merits of Tammany and of Governor Smith's Tammany record for the open saloon, the whole issue of the campaign is coming."

Members of the Pampa Shrine club will hold a dance at the Pla-Mor auditorium Friday night commencing at 9 o'clock. The dance is open to all Shriners in the territory. Plans are being completed to hold an all-Masonic dance in the near future.

The Powder River orchestra, fresh from a season in Memphis, Tenn., will open an engagement in Pampa at the Shrine dance Friday night.

Mr. and Mrs. Roy Harris and children have returned from their vacation visit in Pleasant Valley, Oklahoma.

Mrs. Ernest Gee and children returned home Sunday afternoon from a visit of two weeks in Tipton, Okla.

TEXANS LAYING PLANS TO GET RUN-OFF VOTE

Blanton Gives Support to Connally—Mayfield Is Opponent

LOVE TO FACE BARRY MILLER

Moody's Majority Still Growing as Returns Are Received

DALLAS, July 31—(P)—As the tumult of last Saturday's Democratic primary slowly subsided today, the rumble of another political conflict became audible.

As returns slowly filtered in and showed Senator Earle B. Mayfield, running for re-election, and Congressman Tom Connally far ahead of the other four candidates, including one woman, a re-alignment of forces pointing to a battle royal in this race gained headway. Congressman Thomas B. Blanton, who polled a heavy vote, announced he would support Mr. Connally and called upon his friends to follow his example, while Jeff McMurre, who was running last on late returns, declared he would throw his support to Senator Mayfield. Other candidates refrained from statements for the time being. They are Alvin M. Owsley, former national commander of the American Legion and Mrs. Minnie Fisher Cunningham.

Love in Run-Off
Conflict of scarcely lesser proportions loomed as returns indicated that Lieutenant-Governor Miller and State Senator Thomas B. Love would face each other in the final Democratic test before the November elections. In his race for re-election, Miller had a large plurality, on the face of incomplete returns, but Love's vote was enough to make an interesting fight quite probable. In his campaign, Mr. Miller attacked Love for his stand on national politics. Love had declared he would not vote for Governor Alfred E. Smith of New York, and took an active part in plans of anti-Smith Democrats to carry the state for Herbert Hoover in November.

State Senator J. D. Parnell, who apparently was finally entrenched in third place in the Lieutenant-governor's race, issued a statement, declaring he would work for the nomination of Mr. Miller because he disapproved of Mr. Love's renunciation of the national ticket. H. L. Darwin and J. D. McCall, other candidates, were non-committal as to their plans.

Governor Moody's majority over L. J. Wardlaw, wealthy ranchman, Judge William Hawkins and Mrs. Edith Williams—the last two of whom joined Mr. Love in refusing to vote for Governor Smith, continued to grow as late returns were gathered. While he has not announced what part he would take in the campaign before the run-off primary, he has said he would vote for the Democratic presidential nominee and his friends, including national committeeman Jed C. Adams, have intimated the probability would have something of interest to say soon in connection with national politics, which he scarcely mentioned during his race for the gubernatorial nomination.

Returns from 245 out of 253 counties in the state, including 94 complete, as gathered by the Texas Election Bureau, showed the following totals for candidates in Saturday's primary:

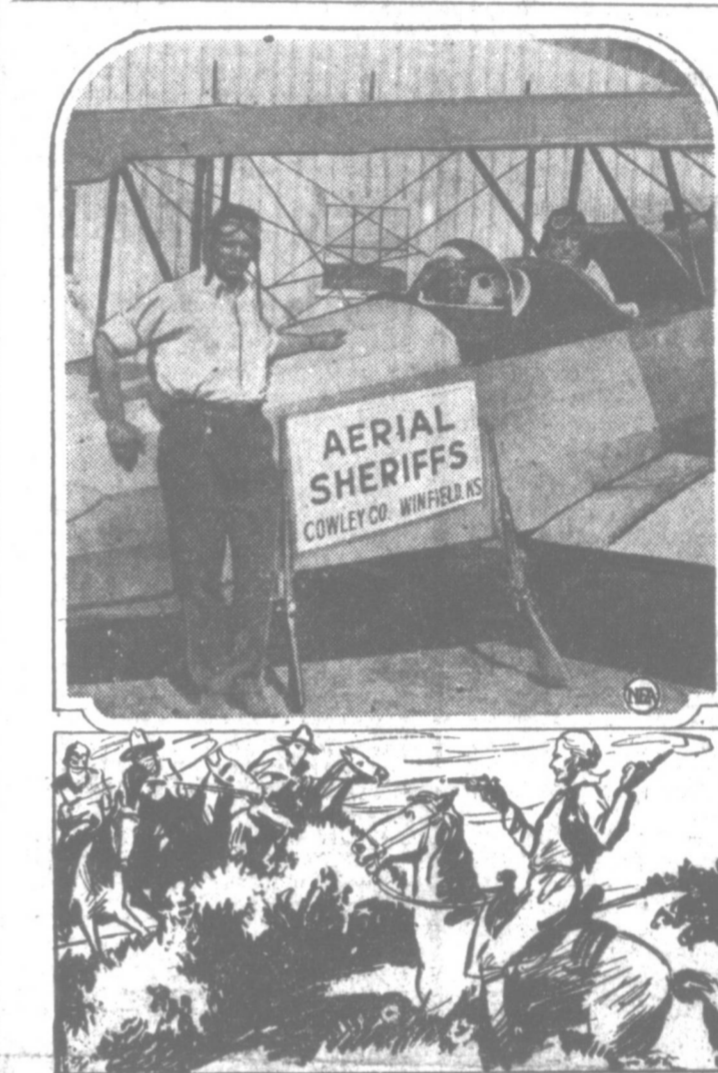

For U. S. Senator: Mayfield, 172,272; Connally, 156,291; Owsley, 111,456; Blanton, 106,095; Cunningham, 25,915; McMurre, 8,971.

Governor: Moody, 375,962; Wardlaw, 210,267; Hawkins, 27,916; Wilmons, 15,625.

Lieutenant-governor: Miller, 259,089; Love, 168,818; Parnell, 64,073; Darwin, 39,233; McCall, 35,072.

F. A. Spellman, of the Fox Rig and Reel company, and Roy Sewell, of the Rose Motor company, spent yesterday in Wheeler, where they attended the field trials for bird dogs. They report more than 50 dogs entered in the three day meet.

Kansas Sheriff Uses Plane

The old days of "shooting it out" on horseback are passed. The sheriff chases you with a plane nowadays. At any rate, Sheriff Elmer R. Chammess of Winfield, Kas., does. The sheriff's plane carries a machine gun. Left to right in the picture are Deputy C. G. Buton, gunner; Deputy E. T. Haynes, pilot, and Sheriff Chammess, commander.

CHRYSLER-DODGE MERGER IS FORMALLY ANNOUNCED TODAY

New York, July 31—(P)—A giant new automobile corporation, second only to the Ford company and General Motors, comes into being through the merger of Dodge Brothers, Inc. with the Chrysler corporation which has just been completed.

The combined companies have estimated total assets of \$700,000,000, production capacity of 700,000 cars a year, and a potential earning power of \$40,000,000 to \$50,000,000 a year. The Ford company has assets of \$724,056,000 and General Motors \$1,098,477,500.

Completion of the merger came ten weeks after conferences were started between Walter P. Chrysler, head of the Chrysler corporation, and Clarence Dillon, head of Dillon, Read and company which had purchased Dodge Brothers, Inc. from the widows of the founders.

Formal ratification came yesterday, when the board of directors of Dodge Brothers, meeting in Baltimore, were informed that 90 percent of all three classes of Dodge stock had been deposited and they voted to accept the merger plans as drawn up by Mr. Chrysler and Mr. Dillon in New York two months ago.

State Official Coming Saturday to Speak at Annual Trustee Session

County and district school trustees of Gray county will have their annual institute here Saturday. It was announced today by John B. Hessey, county superintendent.

Mr. Hessey, who recently returned from Austin, where he studied the duties of his office in the department of education, said that Supt. S. M. N. Marrs or one of his chief assistants will be here to lecture to the trustees.

The county superintendent also said that his teachers will attend the consolidated Teachers institute in Canyon, at West Texas State Teachers college. The county teachers had planned to attend the Pampa institute, which has been cancelled by reason of the fact that the Central high school auditorium is to be remodeled into two classrooms and a study hall.

Sewer Lines of Original Contract Accented by City Commission—Extensions Authorized

The city commission last night accepted the sewer lines in the original contract with the Jordan Construction company, entered into last December. Fifteen miles of line has been completed and a disposal plant and filter system installed at a cost of more than \$100,000.

Ten thousand feet of additional sewer line has been authorized by the commission, some of which has already been completed.

Practically all of the system in the north part of the city has been turned into the new plant, and it is expected that the rest of the lines will be in use tomorrow. Work has been completed on the automatic pump controls on the lift plant in South Pampa and will be tested this afternoon.

A man has been placed at the dump grounds to look after conditions there, burning rubbish and looking after the disposal of garbage to protect property owners in the territory and the city. Authority was given by the commission to collect 25 cents on each load of trash dumped at the new dump grounds. The money will be used to pay the man in charge.

MOTORCYCLE COP WILL BE PUT ON DUTY

Commissioners Believe Pampa Needs This Service

VIOLATIONS ARE INCREASING

Speeding and Reckless Driving Often Seen

Taking cognizance of increasing traffic, more pavement, and the growing number of traffic violations, the city commission last night decided to place a motorcycle traffic policeman on duty.

The traffic officer, yet to be named, will wear the officially designated uniform. An order has been given an Amarillo company for an Indian police special motorcycle.

"The number of traffic violations being reported is almost unbelievable," declared Chief J. J. Downs this morning. "Of course, many violations are by out-of-town persons who are not fined, but our own citizens are very negligent in this respect.

"Speeders and reckless drivers are the chief offenders, and that will cease to be true when our traffic officer is placed on duty. We now cannot often fine a man, having no way to know his speed."

In deciding to employ or designate a speed cop, the commissioners reached the conclusion that Pampa is large enough to have this type officer. Every investigation tended to convince them of the need for his services.

Religious Issue Only Motive in Killing of Obregon

MEXICO CITY, July 31—(P)—Police in a formal statement assert that a Catholic nun, Concepcion Acebedo De La Lata, and a man named Manuel Trejo fostered a belief in the mind of Jose de Leon Toral that he could solve the religious problems of Mexico by slaying General Alvaro Obregon.

Toral claims that he alone was responsible, although he said the police statement was correct.

After the police statement had been read to about thirty Mexican and foreign newspapermen, Toral answered their questions in the office of the Chief of Police General Rios Zertuche. He was pallid and hollow checked but physically sound and according to his own statement "perfectly sane."

"I have no defense and will make no defense in my trial," the assassin said. "The killing of Obregon was a good deed. I expect to go to Heaven. I think Obregon will be saved too, he was fundamentally a good man.

"I expect to die for killing Obregon. I give my life for his.

"The religious question, the religious question only, absolutely nothing else, caused me to kill Obregon because I consider him intellectually responsible for the Mexican government's religious policy and everything else in Mexico.

Turkey Creek Test Is Down 1,250 Feet

The Turkey Creek Oil company's No. 1, J. E. Williams in section 15, block 1, is drilling ahead at 1,250 feet and expects to complete within 30 days. Salt was encountered at 680 feet and the well is logging with producers in the territory.

The Get Oil company is drilling ahead at 3,100 feet in the southwest corner of section 164, block 3, a direct offset to the Danziger Oil and Gas company's No. 1 Crank in section 163, block 3, a 200 barrel well.

The Prairie Oil and Gas company's No. 1, Harrah in section 163, block 3, is flowing 200 barrels a day natural from granite wash.

Huggins' Worry Somewhat Justified by Playing

By HERBERT W. BARKER

Those wrinkles corrugating Miller Huggins' brow are signs that the mite manager of the New York Yankees is doing his very heaviest worrying. As a worrier, Miller has few equals. When the Yanks lead the field by ten or eleven games at the start of September, he sometimes can be induced to concede that there is a possibility that they may win the American league pennant—if they get a few breaks.

His anxiety of the present, however, is somewhat justified. The complete collapse of the champions' pitching staff in the last week or so has cut what was an eleven game lead over Connie Mack's onrushing Philadelphia Athletics to five and a half.

Since July 22 the Yanks have won three games and lost eight. Over the same period the A's have won seven and lost 1, a net gain in nine days of five and one half games.

The Yanks dropped their third straight game to the Indians at Cleveland yesterday, 4 to 2, when Miller outpitched George Piggas. It marked the longest Yankee losing streak of the year and Piggas' second defeat in as many days.

Babe Ruth, who has been hitting singles and doubles for a week in an effort to his own specialty and saved shifted to his own specialty and saved the champions' from a shut-out when he poked his 41st homer with Combs on base in the sixth inning. The blow put him 24 games, 28 days and seven homers ahead of his 1927 pace.

Meanwhile at St. Louis the Athletics were trimming the Browns, 5 to 4, and registering their seventh straight victory.

Alphonse Thomas was the whole show as the Chicago White Sox downed Washington, 6 to 0. Tommy held the Senators to seven scattered hits.

The Boston Red Sox fell deeper into the cellar when the Detroit Tigers gave them another drubbing, 2 to 1. Harry Rice's homer in the ninth settled the battle.

The National league standing underwent some drastic changes as the New York Giants replaced the Chicago Cubs in third place and the Pittsburgh Pirates ousted Brooklyn from fifth. The leaders, the St. Louis Cardinals and the Cincinnati Reds, held their relative positions, however, for both picked the same day to lose.

MANAGER HITS HOMERS

ATLANTA, July 31.—(AP)—Doc Prothro is setting a good example in hitting for his Memphis Chickens in their effort to hold a two day old lead in the Southern Association.

The tribe manager put out two homers yesterday, just enough to keep his club in the game and enable them to go eleven innings before defeating Atlanta, 4 to 3. Billy Rhial rushed the crackers into the lead with a four-bagger in the third inning but Tom Rogers was unable to hold it.

Tom Grammar, who has been ill in the Pampa hospital, is almost well.

Robert Burch left Monday on a business trip to San Angelo.
Horse and Houston Park are business visitors in Amarillo today.

Lloyd Hahn, American Star, Beaten by Lowe of Great Britain in Final 800-Meter Race, Having No Spurt

OLYMPIC, STADIUM, AMSTERDAM, July 31.—(AP)—Douglas Lowe of Great Britain today won the 800 meters final in the Olympic games, retaining his championship won in 1924. Among others he defeated the American star, Lloyd Hahn.

Lowe won by ten yards from Byehn of Sweden. Hahn led until the final turn when he wilted and was badly beaten.

Lowe's time was 1 minute 51 4-5 seconds, breaking the Olympic record by 1-10 second. Herman Engelhard of Germany was third, Phil Edwards of Canada fourth, Hahn fifth and Seraphin Martin of France sixth.

Nine started. Hahn jumping to the front and making the pace, closely pursued by Lowe and Edwards. They kept in that order with the other Americans, Earl Fuller and Ray Watson, bringing up the rear until the turn into the home stretch, where Lowe ran away from his rivals.

Hahn had not the least sort of a sprint left and faded badly. Behind Martin, the world's record holder, who was sixth, came the countryman, Keller, with the two Americans last.

The record broken by Lowe's great run had stood since the Olympic games at Stockholm in 1912, when it was set at 1:51 9-10 by Ted Meredith.

Elizabeth Robinson of the United States won the 100-meter final for women.

Miss Robinson, a Chicago girl representing the Illinois Women's A. C., ran a beautiful race. She was up with the leaders all the way and had enough in reserve for a finishing spurt to beat out Fanny Rosenfeld and Ethel Smith, two Canadians, who were second and third. Miss Robinson's time was 12 1-5 seconds.

A German girl, E. Steinberg, finished fourth and last in the exciting race. Myrtle Cook of Canada and Fregulein Schmidt of Germany were disqualified for false starting.

The women's discus throwing final was won by Helena Konopacka of Poland with Lilian Copeland, of the United States, second.

Ed Hamm of the American team, won the broad jump, setting a new Olympic record.

Hamm, of Georgia Tech, cleared an announced 25 feet 4 inches on his second try after fouling on his first attempt, but the jump was remeasured and corrected to read 25 feet, 4 3-4 inches, the equivalent of 7.73 meters, which broke the Olympic record by 5 1-2 inches. The old mark was 24 feet, 11 1-4 inches, set by the American, A. L. Gutterson at Stockholm in 1912.

Dehart Hubbard, American negro broad jumping star and defending Olympic champion, was eliminated in the second trials. He barely qualified in the first trials, fouling on his first attempt and pulling a muscle slightly on the second. He recovered sufficiently to leap 7.11 meters or 23 feet 3 7-8 inches on his final try but was unable to improve and was eliminated.

Lord Burghley Beats Americans in Hurdle Event

By FRANK H. KING

AMSTERDAM, Holland, July 31.—(AP)—Young David George Brownlow Cecil, Lord Burghley, officer in his Britannic majesty's crack regiment of guards, English country gentleman, justice of the peace, and newly crowned Olympic 400-meter hurdle champion, would like to participate in the 1932 Olympic games at Los Angeles if "I'm not out of the running altogether." So he told The Associated Press after he had defeated the American stars, F. Morgan Taylor and Frank Cuhel in the 400-meter hurdle finals yesterday.

"Nothing would please me better than to compete in America again although I have reasons for not re-visiting the United States in the immediate future," he said.

One imagined that the principal reason for the titled athlete's reluctance to visit America was standing beside him at the time—a fair-haired young English girl, Lady Mary Scott, daughter of the Duke of Buccleuch, to whom Lord Burghley is engaged.

Burghley's fiancée sat in the stadium yesterday with the athlete's parents, the Marquis and Marchioness of Exeter. It took all her English reserve to refrain from climbing the victory pole herself after her titled "boy friend" won in a breathless finish from Cuhel, racing across the tape ahead after the Iowa star had drawn even at the last hurdle.

The marquis made no effort to conceal his pride in this sensational victory of his son, whom he always has said could "run a bit."

The blushing Burghley, as nervous as the Prince of Wales himself, explained he just "ran and hurdled the very best he could."

Mrs. Charles Barrett, who lives South of Pampa, has been seriously ill for several days but now reported to be recovering.

Bufs' Lead Is Padded by Win Over Fort Worth

By The Associated Press

Houston built up its lead in the Texas league yesterday by defeating Fort Worth, 7 to 6, in ten innings. The game was hard fought, and saw both clubs hitting the ball at a merry clip that resulted in 13 safe blows for each. Manager Snyder used five hurlers, while Jake Atz worked two. Hallahan, who got into the game in the ninth and tenth innings, was credited with his 18th victory of the season.

San Antonio continued its drive toward better rating by defeating Dallas, 16 to 2, in a great slug fest—from the Bears' standpoint. The Bears rapped out 16 safeties off three Steer hurlers, Pierce, Schuman, a puzzle, and could register but six safe hits. The defeat was Dallas' fifth straight.

Although the Sports hit the ball lustily, the Cub's blows were more timely and of a heavier variety, and Waco defeated Shreveport, 9 to 0. Home runs played a big part in all Waco's scores. Moore, Pratt, Blackerby, and Johnson contributed the four-ply clouts.

The Wichita Falls-Beaumont game was rained out.

U. S. Davis' Cup Team Sails Today

PARIS, July 31.—(AP)—The American Davis Cup team sails homeward on the steamship Paris tomorrow without the Davis cup out they carry, with them the respect and admiration of French tennis fans for the gallant and sporting battle they put up against the three defending French musketeers—Henri Cochet, Rene Lacoste, and Jean Borotra.

Big Bill Tilden, the leading American, never was so popular in France in downright victory as he is now in 50-50 defeat. His straight set defeat at the hands of Cochet yesterday will remain in French fans' memory for years to come as one of the greatest court battles. It was Big Bill's first straight set beating in his nine years of Davis cup play but he put up as gallant a battle as he did in his victory over Lacoste in his first single match.

American Wrestlers in Olympic Finals

AMSTERDAM, Holland, July 31.—(AP)—Six Americans reached the final rounds of the Olympic catch as catch can wrestling competition today. Only in the lightweight—145 pound—division will the stars and stripes look a color bearer. In this division, Clarence Berryman of Oklahoma A. and M. was thrown in four minutes in the quarter-finals today by Kapp of Estonia.

Aside from this setback, the American advanced without interruption. In the finals tonight the six Americans will be pitted against two Finns, two Swiss and two Swedes.

FIGHT RESULTS

By The Associated Press

DETROIT—Benny Valger, France, technically knocked out Sammy Morgan, New York, (7).
LANCASTER, Pa.—Jack Portney, Baltimore, and Midget Fox, Conshohocken, Drew (8).
LOUISVILLE—Dixie La Hood, Butte, Mont., won over Mut Synder, Dayton, O., (10).

"I'll stick to Chesterfields"

Mild enough for anybody ... and yet they Satisfy

CHESTERFIELD CIGARETTES are mild...not strong or harsh. Chesterfield cigarettes have character ... they are not insipid or tasteless. The tobaccos in Chesterfield cigarettes are blended and cross-blended in a different way from other cigarettes and the blend can't be copied! They are MILD...yes, mild enough for anybody...and yet...they SATISFY.

LOVE FOR TWO by RUTH DEWEY GROVES

THIS HAS HAPPENED BERTIE LOU WARD married ROD BRYER, who had previously been engaged to LILA MAHISH.

"I'm tired," he said; "worked late tonight." Little darts of white light flashed before her eyes.

WHEN she begged Rod not to tell Bertie Lou of the theft Lila did not take into account his ineptitude for lying.

A few minutes after he left her apartment she had occasion to telephone Bertie Lou. In the course of the conversation she mentioned that Rod had just returned her jewels.

BUT to Bertie Lou it was a shock. She shrank back in her chair—they were sitting before the fire—as though he had struck her.

The instant the door closed behind her in the bedroom Bertie Lou let go. Her world had turned suddenly topsy turvy with a ghastly unreality that left her giddy and gasping.

But she'd got to stop it, she told herself. Rod wouldn't sit out there all night. And she didn't know what she was going to do.

She was so long recovering from the nervous shock she had suffered that Rod had gone to bed when finally she crept, heartsick and weakened, to her pillow.

IN THE morning, after an hour or two of fitful slumber, she was no nearer a decision in regard to her future than she had been the night before.

A WOUNDED soul, struggling in the dark, can conjure up many torments. Bertie Lou's mental anguish was as real and intense as though all the painful conclusions she reached were true ones.

THE detective decided to do what was asked of him, regardless of his private opinions. There was something fishy here, but as no one seemed to be crying for redress he was willing to go on with his investigations along the lines laid down for him by his employer.

Before he left they arranged a way for him to search the office. Rod would remain after the other employees were gone and admit him.

Well, if she didn't come by the end of the second act it might be a good idea to telephone Rod. But if he couldn't get the apartment either he would get tearing off home and forget about the detective.

THE detective was there ahead of her. Through the open door of Cyrus' private office she could see him moving about the safe when Rod admitted her to the anteroom.

For a moment she stood leaning against Cyrus' desk and watched the search. A queer smile played around the corners of her mouth. "Half an hour later the detective left them. Lila turned to Rod, 'Cy keeps some good stuff in his safe, doesn't he? Let's have a drink.'"

TWINKLES

Heard: A man say woman suffrage is all right, but that a household ought not to be divided against itself politically.

If people had life to live over, many of them would choose a vocation to which they are less fitted.

Mrs. Al Smith has a personal secretary. Tell your wife now she can't do likewise.

Chinese warlords eat tiger hearts in the hope they will gain in bravery. And some Americans eat ox tongue.

Good intentions wasted on unworthy things produce ill results just as the hen hatches turtles if she uses that kind of eggs.

The long road doesn't beckon to youngsters quite so much since high-powered cars raise the dust on it every few seconds.

Tennis is a great game, but it has nothing comparable to the hole-in-one. Another reason it isn't the greatest sport is because the French, temporarily, are better at it than we are.

Photography is growing in achievement and scientific interest almost as rapidly as radio and aviation. For a long time it had only two important phases open to the average person—portraiture and amateur work.

Most any photographic enthusiast will tell you that there is a greater thrill in developing your work than in taking the exposures. There are many thrills in developing. Bringing out the proper tones and finishes on the various types of film and paper is an exact science learned only by experience.

There is the photography of newspaper and news reel—fearless craftsmanship which utilizes the marvelous telephoto process, or pictures by wire, and every mode of transportation known. Everywhere there is human interest there is a camera man.

And now comes George Eastman with a new color process claimed to achieve at

last the naturalness long desired. The new method utilizes a "light filter" and a new film with minute cylindrical lenses. Fix the filter on a movie camera, insert the new film, and the crudest amateur may make color pictures. Marvelous, yet merely harmonizing the laws of color with the laws of photography—another step in the romance of camera men.

Our Busy Streets

Congestion, often confusion, is the cost of prosperity with respect to street traffic. We would not have it otherwise. It is encouraging to see so many cars threading their way in and out of the maze.

The number of bumps and smashes lately, however, is getting too large. A little more care on the part of even half the motorists would reduce this number greatly. Many bumps are caused in backing away from the curb with the front wheels at an angle which makes the car sideswipe a vehicle adjacent to it.

Failure to give close attention to the car ahead is another cause of trouble. Instant stopping is often necessary. A car may suddenly back out from the curb, halting the car just ahead, whose driver will jam on the four-wheel brakes without signalling.

Another peculiar feature of Pampa traffic is the large number of trucks which move through the business section. Traveling slowly, they slow down automobiles and, especially at the intersections, it is a mistake to assume that the movement of traffic will continue evenly, for a truck, crossing the stream, will cause a quick stop and make necessary the use of brakes all down the line.

These are some of the elements of danger which use of ordinary driving prudence will limit. Careless and violation of traffic laws deliberately come under another classification and should be dealt with accordingly. There are drivers who seem to place themselves above the law. Such will cut corners at high speed and seemingly feel that they are due this alternative. The general citizenship will support the police in steps to stop this practice, giving the stranger the courtesy of more leniency, of course. That is, the reasonable stranger should be so favored. We have no patience with the out-of-town smart-alec who thinks because he is a stranger he can do anything.

DUCO RE-FINISHING

That will make your car look like new. Try us. MURRY AUTOMOBILE WORKS. 3 Blocks South, 1 West R. R. Tracks. Phone 401

CAPITOL News

Washington—The Kellogg mutilated peace treaty may not do any particular good, but it ought not to do any harm.

Meanwhile the possibility will exist that it may encourage further steps toward the achievement of the world peace.

One learns by discreet inquiry that the prevailing opinion in foreign capitals is that the immediate motive behind the treaty movement may be traced to our domestic politics. Our diplomats aren't

kidding foreign nations, it may be stated with assurance. And on the other hand, theirs aren't kidding us. That goes for about every day in the year.

When the administration can add a major star to its crown with an immense amount of eclat and ballyhoo just two or three months before election, and especially one that appeals to the great mass of voting citizenry, there is good reason for all concerned to be happy—except the Democrats. Since the election of 1916 the American people have been demonstrating in such ways as they have been able that they are hot for peace.

DEAR FRIENDS AND VOTERS OF GRAY COUNTY

I take great pleasure in thanking you for your support in the campaign which has just closed for District Clerk. Of course everyone likes a winner, but second to that, they like a good loser. It has been a pleasure to me to get out and shake your hands and say a word to you in your homes and in your places of business, or wherever I may have found you, and I trust we shall have many mutual interests in the future.

My opponent in the race, Mr. R. B. Thompson, who was the choice of the majority is a splendid character, and having filed the office of County and District Clerk four years previously, can serve you, I am sure, in a manner pleasing to the majority. There is lots of consolation in having been defeated by a man of standing, such as Rufe has in his community. After years in a rather public life, it speaks well for him that he was the most popular choice.

Again thanking you for your kindness, and trusting to see you from day to day in the regular course of our duties.

Very truly yours, Winston C. Montgomery.

J. T. Morrow of the City Drug store returned Sunday evening from Fort Worth, where he spent a two-week vacation.

NOTICE TO CONTRACTORS

Sealed Bids will be received by T. M. Wolfe, County Judge, of Gray County, Texas, at his office in the Court House at Pampa, Texas, for the Commissioners Court of Gray County, Texas, until 2 o'clock, P. M., on the 16 Day of August, 1928, for the furnishing of materials, labor, etc., and erecting and completing of Court House and Jail Building, to be erected at Pampa, Texas, for Gray County, and in accordance with plans and specifications as prepared and furnished by W. R. Kaufman, Architect, Pampa, Texas.

Sealed Bids for the Heating and Plumbing Systems, Electrical and Jail Work, for the building will be received at the same time and place as above stated.

Said Bids shall be accompanied with a certified check in an amount of not less than 5 per cent of the bid submitted and shall be made payable to

SUIT—PLAIN DRESSES—\$1.00 Cleaned & Pressed SOUTH SIDE TAILORS Phone 261

T. M. Wolfe, County Judge of Gray County, Texas. This check to act as a guarantee that such bridge will, within Ten Days after award to him of the contract on any of the above named parts of the work bid on execution and deliver to the County Commissioners Court of Gray County, a good and solvent Surety Company Bond in full amount of the contract price and acceptable to said Commissioners Court, and will enter into a contract with said Commissioners Court for the erection and completion of such work bid upon; otherwise said certified check shall be unconditionally forfeited to the County for its use and benefit as actual or liquidated damages.

The Commissioners Court of said County to incur no obligation or liability whatsoever in receiving bids and further reserve the right to reject any or all bids.

Plans for the purpose of bidding may be obtained by the bidders from the Architect at his office at Pampa, Texas, by depositing \$50.00 as a guarantee that the bidder will file a bonafide bid on the work at the time and place above stipulated and upon the return of the plans and specifications, said deposit shall be returned to him; otherwise to be forfeited to the Architect as pay for extra copies of plans and specifications prepared and from which no benefits have been obtained.

Ordered by the Commissioners Court of Gray County on the 9th day of July, 1928.

T. M. WOLFE, County Judge, Gray County, Texas. 110-116-123-128

St. Louis Girl to Teach in Business Department Here

Miss Frances Kimble of St. Louis, Mo., has been elected teacher of business science in the high school. She will teach typewriting and short hand and possibly business English, commercial geography, and commercial arithmetic.

Miss Kimble received the B. A. degree from Drake university, Des Moines, in 1926. She is not only an experienced teacher, but has done office work.

The business administration department will be enlarged and improved for the coming school term, Supt. R. C. Campbell states. The school now has 3 and one-half credits in business science, and Prof. Platter expects to be able to add two more half-units of affiliation during the year, one-half in business law, and one-half in advanced short hand. New typewriters will be purchased and other equipment is now being reconditioned.

W. W. Hurray will leave today on a business trip to San Antonio.

Turkey Creek Oil Co.

HOME OFFICE: PAMPA, TEXAS

Capital Stock \$100,000 Fully Paid and Non-Assessable

Offers You a Golden Opportunity

Some of the personal stock of this company has been placed on the market at par. Many people have regretted that they did not hold stock in the companies operating in the rich Lefors territory. Here is your last chance to buy stock in a home owned company operating within a mile of the Texas Williams No. 2, South of Lefors. 160 acres of land right in the heart of the rich oil territory—the first well is drilling at 1250 feet and will be completed within about thirty days. The company owns a full seven-eighths lease with no over-riding.

Act at once if you want to get in on the ground floor. This stock will be taken off of the market as soon as the quota is sold. Millions of dollars are to be made before the acreage around Lefors is drilled out. Thousands have already been made from the wells that have been completed.

Following is a list of our local stockholders: J. M. Dodson, Banker; Chas. C. Cook, Attorney; H. L. Holbrook, oil operator; Dr. A. R. Sawyer, dentist; C. S. Boston, merchant; Sam A. Fenberg, jeweler; A. V. Lowry, restaurant owner; Elda Nicholas, dentist; H. P. Torry, restaurant owner; Tom W. Brabham, minister; Morris Hanson, real estate and capitalist; L. H. Sullins, plumbing contractor; R. C. Campbell, superintendent of schools; T. S. Reynolds, banker; Geo. W. McFann, drilling contractor; E. J. and E. E. Gething, ranch owners; Clyde McGowan, Willard Garrison, J. E. McInturf and Lee McConnell.

The well now drilling is one mile south of Red River; south of Lefors.

Fill out the coupon below and mail to Chas. C. Cook, Secretary-Treasurer, Turkey Creek Oil Co., Sharp-Reynolds Building. A small investment now might mean thousands to you in the future.

MAIL THIS COUPON NOW!
