SPECIAL TRAIN IS NOW ASSURED

MANY DELEGATES ARRIVE FOR METHODIST MEETING

MORE FEDERAL ROAD AID IN STATES URGED BY SPEAKER

BIG SESSION UNDER WAY IN SAN ANTONIO

C. P. Fortney Declares Government Is Backward

CITES FIGURES ON ROAD PAVING

Says Counties Getting Gas Tax Split in Many States

SAN ANTONIO, Nov. 12. (P)—The federal government has been backward in providing funds for its share of highway construction by the states and they should "insist that future appropriations from the federal treasury be considerably larger than they have been in the past," C. P. Fortney of Charleston, W. Va., president of the American Association of State Highway Officials, told the annual convention in his address today.

The association met here for the second convention ever held in the South since it was organized 15 years ago. The Republic of Mexico sent Salvador Tascano of Mexico City, chief engineer of its system of highways now under construction, and R. Guemez, engineer for the Anahuac project.

State Aid Greatest
"As is well known, the state highway departments have constructed a greater mileage of roads on the federal system without federal aid than with federal aid," Fortney stated.

He advocated federal legislation to provide for the improvement of roads on the federal aid system through public lands and a more equitable increase of funds for roads through forest reservations.

Fortney's criticism of the miserly treatment received by the states at the hands of the federal government was emphasized by W. C. Markham of Washington, D. C., executive secretary of the association.

"While there still remains a great difference of opinion as to the ideal source of income for state road building, there is very little contention over the statement that the federal government is not paying its just share in the improvement of the interstate system," he said. "The states have expended \$500,000,000 that rightfully should have come from the federal treasury and they also know there will be no reimbursement. This situation, however, simply intensifies the argument for increased federal appropriations."

Cites Mileage
Markham declared that during the past year the state highway departments have improved a mileage of roads greater than the distance around the globe and have increased this mileage over the record of the year previous by a mileage equal to the distance from New York to San Francisco.

"To do all this there was expended but a little over a half billion dollars," he said. "This is one-fourth of the amount the women spent on cosmetics."

(See HIGHWAY, page 8.)

THE WEATHER VANE

WEST TEXAS: Generally fair tonight and Wednesday; colder tonight with freezing in north and west, probably heavy frost in southeast portion; colder in southeast portion Wednesday.

—AND A SMILE

WASHINGTON (P)—Maybe it is due to Lindbergh. The average fledgling aviator is a slim erect young man. From the study of characteristics of cadets the army corps visualizes the average as 150 pounds, five feet 9 and 22 years old.

Lost Million on "The Street"

She played the piano, and won fame—played the market, and lost a fortune. Internationally noted for her beauty, wealth and musical talent, 19-year-old Margaret Shotwell, above, has admitted losing nearly \$1,000,000—almost her entire fortune—in the recent Wall Street stock crash. She'll move from a luxurious hotel suite in New York to a small apartment, and says she must work harder than ever at her music.

PAUL ATWOOD, MISSING FOR MANY DAYS, IS VISITING AT PARENTS' HOME IN OKLAHOMA

Unaware that officers of three states were searching for him, Paul Atwood, engineer at Skelly's Shaffer No. 1 plant, lay dangerously ill for four days in a Borger hotel while his parents and brothers instituted a frantic search for him.

After staying five days in the hotel, he went to Collinsville, Okla., where he is now visiting his parents. Mr. and Mrs. L. J. Atwood. When told that his father had been searching for him, Atwood explained that his car had stuck in the mud about 15 miles from Borger, and falling to get anyone to pull it out, he walked to Borger, contracted a cold and went to bed immediately after his arrival there.

No trace of Atwood was seen for 12 days following Oct. 29. His car was found about 9 o'clock Wednesday night abandoned in a roadside ditch between Skellytown and White Deer. His cap and some groceries were found several days later under a bridge about 20 steps from the car. None of these unusual circumstances have been explained yet. F. H. Atwood of Okmulgee, Okla., and Lee Atwood of Shamrock, his brothers, were here for a week investigating his disappearance.

Gasoline Tax Is Upheld in Opinion

AUSTIN, Nov. 12. (P)—The four cent gasoline tax law passed by the 41st legislature is not unconstitutional even though it should be decided that cities are exempted from its provisions, in the opinion of Rice M. Tilley, assistant attorney general.

Tilley made that comment on a statement by Wayne Somerville, Wichita county attorney, to the effect he would seek to have the law declared unconstitutional on grounds it imposed a tax on county and city governments.

Tilley said the law set out that "no tax shall be imposed which cannot be imposed under the state and federal constitutions."

Former Students of Teachers College to Meet Here Tomorrow

Ex-students of the West Texas Teachers college, Canyon, are being notified of a meeting to be held at Central high school building at 7:30 o'clock tomorrow evening. A session called several days ago was postponed on account of rain.

The "exes" will form an organization for social purposes and to work for the interests of the Teachers college. The body will likely be made county wide. Every former student of the college is asked to be present for the short session here tomorrow evening.

Funeral Cars to Have White Flags to Inform Traffic

The G. C. Malone funeral home and the Stephenson funeral home have introduced in this city the white flags system of marking funeral processions. A small white flag will be mounted on the left front fender of every car, or every third car, in the cortege. It will be unobtrusive but easily seen by motorists approaching from any direction.

Nowadays it is difficult to distinguish a funeral procession from ordinary traffic. Unwittingly an autoist may attempt to break through the line. Realizing this and wishing to give the bereaved family and friends protection from possible accidents or annoyances due to such interruptions, the two funeral homes adopted the white flag emblem. It serves to inform traffic that a funeral procession is passing, and thus gain the right of way for a mortal's last and short journey to the church and cemetery.

The funeral homes will appreciate honoring of the white flag.

EDITOR WILL TALK TONIGHT AT PROGRAM

E. V. Cole of Dallas Is to Speak at 7:30 p. m.

BISHOP MOORE ALREADY HERE

Business Session Will Open Tomorrow Morning

Delayed somewhat by mud between here and Clarendon, Bishop John M. Moore, who will preside over the five-day Northwest Texas conference, arrived here today. He was accompanied by Presiding Elder W. M. Marrell.

The bishop will open the big session tomorrow morning at the First Methodist church auditorium. The vanguard of conference delegates arrived last night, and hundreds will be on hand by this evening when the Brotherhood organization has charge of a preliminary program. E. V. Cole of Dallas, editor of the Texas Christian Advocate, will deliver the message at 7:30 o'clock this evening.

As the convention opening nears, the Rev. Tom W. Brabham and his committee are completing all details relative to entertainment of the visitors.

Among the delegates who spent last night here were Presiding Elder: E. E. White of Abilene, M. M. Beavers of Plainview, L. N. Lipscomb of Sweetwater, D. B. Doak of Lubbock, J. H. Hamblen of Stamford, J. O. Hames of Vernon and W. M. Pearce of Amarillo. The following pastors were early arrivals: Rev. C. H. Watson, Quanah; Rev. W. C. Hines, Colorado; Rev. C. H. Ledger, Idalou; Rev. C. C. Wright, Baird; Rev. J. Edmund Kirby, Petersburg; and Rev. J. E. Eldridge, Miami.

Venire Attacked by Defense When Trial Is Opened

A motion to quash the special venire of 75 men from which a jury was to be chosen to try W. W. Davis of Shamrock, charged with a statutory offense, was filed this morning by Ben Allred, counsel for the defendant. The motion was to be considered this afternoon by Judge W. R. Ewing. If it is sustained, the case will be continued until the next term of court.

Allred contended that the manner of serving and selecting the venire was improper. The two girls upon whom the alleged attack was made, and a score of witnesses from Hardeman and Wheeler counties, were present this morning. However, T. C. Johnson, who was given a 10-year sentence for the same offense, was not present.

If the case is not continued, selection of the jury will be done throughout the day. A week was required to hear the Johnson case.

A forgery case was scheduled to be tried while Allred was preparing his motion.

Stork Stops Train

VINITA, Okla., Nov. 12. (P)—A visit of the stork held up the Meteor, Frisco passenger train between St. Louis and Fort Worth, an hour and a half at Afton, Okla., today. After a son had been born to Mrs. Mark Short of Fort Worth, the train proceeded to Vinita, where the mother and baby were removed and taken to a hospital. Physicians said their conditions were satisfactory.

Mr. and Mrs. Percy Cantling, of Clinton, Okla., who are visiting in the home of Mrs. Cantling's parents, Mr. and Mrs. C. E. Sigle, are the proud parents of a son born this morning.

Married—Fired From West Point

... and no cadet shall have a horse, dog, wife or mustache," says the rules of the U. S. Military Academy at West Point. And so, since the photo above shows Mr. and Mrs. Paul Capron, Jr., Capron is no longer a cadet. His runaway marriage with pretty Marguerite Gillespie, instructor at the academy, constituted an "automatic resignation" from his class. Their courtship had been carried on despite the rigid regulations of West Point, and it was only during a football game that they were able to slip away to be married. "But we're awfully happy now," said Mr. Capron when the photographer found them here at the fire side of the groom's home in West Newbury, Mass.

FREEZING WEATHER TODAY IS LIKELY TO MODERATE—SNOW FALLS IN MID-WEST STATES

Shirt-sleeve weather of Armistice day dropped to overcoat temperature last night and today was hovering at the freezing point.

While the sky was overcast, weather forecasts for tomorrow in West Texas were "fair but colder". It appeared that the North Plains might escape the snow flurries recurring in the Middle West.

KANSAS CITY, Nov. 12. (P)—The storm gods rode over the West again today, blanketing the Rocky Mountains in wet snow and invading the prairies of Kansas and the hills of Missouri.

Sub-freezing temperatures followed a blizzard which swept Colorado yesterday, reaching the lowest points of the year during the night. Apprehension was felt in sugar beet sections because the harvest is not completed. Frozen ground will hamper operations, and sugar factories have but a two-week supply.

Balmy temperatures which have prevailed in the lower Missouri river valley gave way this morning to an increasing wind which weather bureau forecasts said would bring the first general snow of the year to Western Missouri, Eastern Kansas, Iowa and Nebraska.

T. U. Student Killed

AUSTIN, Nov. 12. (P)—Clarence Alexander of Runge, 18-year-old freshman at the University of Texas, died today of injuries received when his motorcycle overturned here last night.

ARMY BOMBER CRASHES

MIAMI, Nov. 12. (P)—Three Army aviators were injured, none seriously, and two escaped injury when the Key-stone bomber LB-10, attached to his motorcycle squadron, crashed here today.

SCHOOL BOARD GIVES HOLIDAY FOR THURSDAY

Ticket Sale Is Rapid When Committees Start Work

B. C. D. IS TAKING RESERVATIONS

Good Will Aspect Being Stressed by All Concerned

Sale of 139 tickets this morning for the Perryton good will-football special assured the chartering of the train this evening and demand for reservations continued strong. In addition, the football squad likely will be taken on a special coach.

Simultaneously the school board and Supt. R. B. Fisher announced that Thursday would be a holiday. Many teachers and pupils, and the Green Jackets, girls' pep squad of Central high, will make the trip.

The train will be ordered tonight and times of departure from here and from Perryton will be announced tomorrow. A strong factor in chartering the special train is that the trip will constitute a good will excursion to the progressive city across the river. Perryton is anxious to be connected with

At press time this afternoon it was announced that the football special to Perryton Thursday had been ordered. The train will leave Pampa promptly at 8 (eight) o'clock Thursday morning, and will run on a four-hour schedule. It will leave Perryton soon after the game ends, probably about 6 o'clock. There will be six or eight coaches.

Pampa by rail and highway across the Canadian river, and relations between the two points have long been cordial.

Response to the ticket sale in the few hours committees worked was remarkably good. Reservations may be made at the Board of City Development, where receipts given in exchange for the \$3 round trip fare will later be exchanged for the Santa Fe paste board. Among those soliciting reservations this morning were Tom E. Rose, Clyde Fatheree, Charlie Duenkel, Dick Hughes, George Briggs and C. L. Stein.

Postponement of the game originally set for Armistice day was necessary when Perryton experienced a 6-inch snow. The Harvesters, inspired by the presence of many home town rooters, are doped to win.

First Graders to Give Circus at Central Tonight

Rain or shine, the long-anticipated first grade circus is to be shown this evening at the high school gymnasium. Even more deeply disappointed than the eager public by the two previous postponements of the performance, the scores of little tots who will participate in the unique show are spending today in happy anticipation of the evening, when they hope to see the bleachers around the big ring filled with their relatives and friends.

They guarantee all the best features of a grown-up circus in their make-believe show—breath taking acrobatics trained animals, ferocious caged beasts, music by several bands and "symphony" orchestra; patriotic demonstrations and folk dancing, to say nothing of the laughable clown stunts.

Concessions and side-shows will be operated by the several Parent-Teacher associations of the city. Supervisors and teachers, joined by officers of the P. T. A., solicit the patronage of the public for the circus.

NOTICE TO THE PUBLIC
 Any erroneous reflection upon the character, standing, or reputation of any individual, firm, concern, or corporation that may appear in the columns of the Pampa Daily News will be gladly corrected when called to the attention of the editor. It is not the intention of this newspaper to injure any individual, firm, or corporation, and corrections will be made, when warranted, as prominently as was the wrongfully published reference or article.

CONGRATULATIONS ARE DUE THE CANYON NEWS ON THE FINE 52-PAGE EDITION DEVOTED TO THE PROGRESS OF RANDALL COUNTY.

The Canyon weekly holds a large, engraved cup it won for being the best illustrated country newspaper in the Texas Press association. Legislator Clyde Warwick, the editor, continues this tradition by the use of scores of illustrations in the big edition. These relate to the Teachers college, new buildings, Rotary club, public officials, and agriculture.

Considerable credit is due Edward Gerald, now a professor in the University of Missouri, who spent about two months doing field work in connection with the farm write-ups.

THE RED CROSS DESERVES MORE THAN IT ASKS. WE MEAN THAT THE CHARACTER OF ITS WORK MERITS MORE THAN THE \$1 MEMBERSHIP ORDINARILY ASKED.

The Red Cross is criticised, but what large organization is not? The world must have well organized relief in every disaster. This relief must be administered quickly or thousands of lives will be lost on account of starvation and disease.

The Red Cross is that very necessary organization. The disasters it follows average more than one hundred per year. One cannot be sure that twisting winds will not strike right here at home, and that the Red Cross will not be implored to aid.

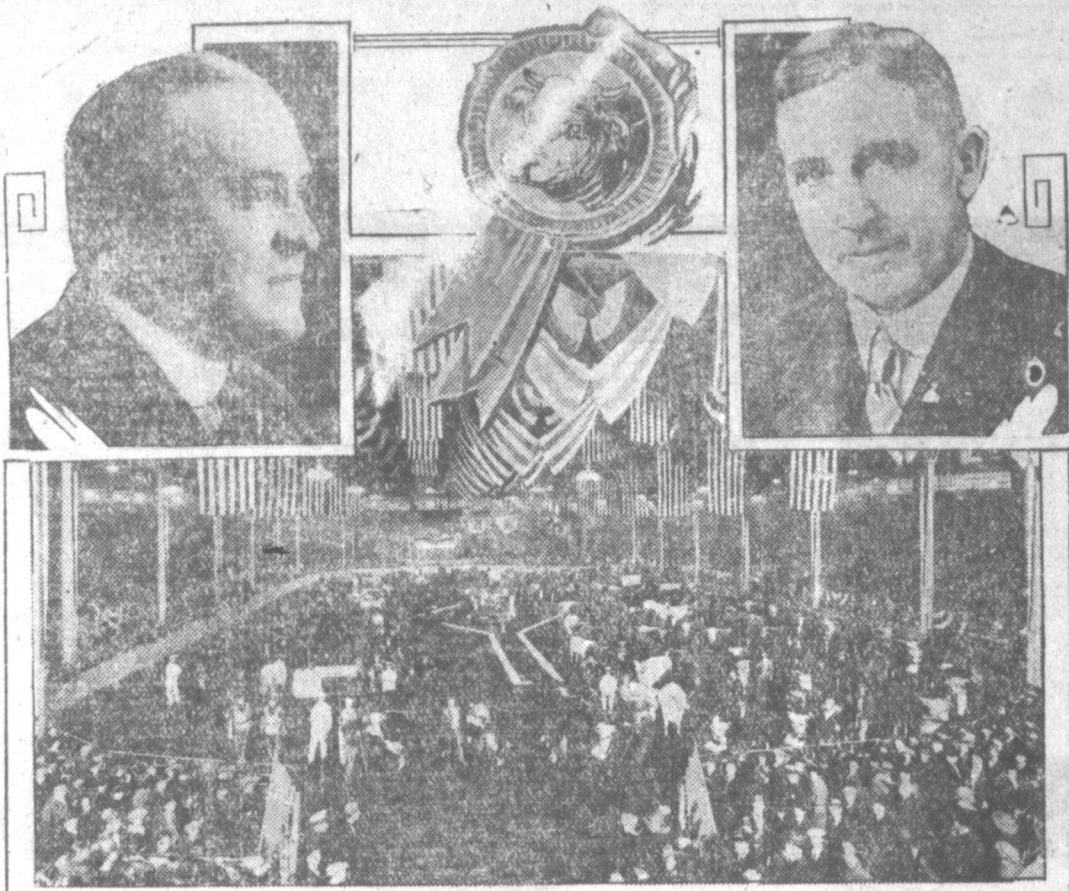

A dollar is a small sum to give to disaster relief. Pampa is asked to give 1,000 memberships—one tenth of her population donating a single dollar. Pampa should go "over the top" in the drive to be held Friday and Saturday.

UNVENTED GAS STOVES SHOULD NEVER BE PERMITTED TO BURN IN AN UNVENTILATED ROOM. SEVERAL DEATHS AND MANY NARROW ESCAPES HAVE BEEN REPORTED IN PAMPA AND OTHER PANHANDLE CITIES LATELY.

Because a stove is burning is no sign that it is safe. A burning stove may cause death either by exhaustion of oxygen or through generation of carbon monoxide, the gas which kills persons who let their cars run in tight garages. The stifling heat also is a factor in a closed room.

Rooms should be ventilated as a matter of course. Even though the air may not be "close" enough to be dangerous, it impairs breathing and is especially harmful to small children. Better a little cool air than an atmosphere charged with fumes and exhausted of oxygen. Stoves should be

KANSAS CITY STOCK SHOW CALLS NATION'S 4-FOOTED BLUEBLOODS

The American Royal Livestock show will be held at Kansas City November 16-23. One exhibit from one exposition is shown. W. H. Weeks (left) is general manager of the show and J. C. Swift is president.

KANSAS CITY (AP)—In the animal palace of the American Royal livestock show, monarchs of livestock kingdoms will be enthroned the week of November 16 to 23. Kings and queens of the cattle, swine, sheep, horse and mule kingdoms will be chosen from the scores of blueblooded candidates representing nearly every section of the United States.

In all the splendor that weeks of grooming can produce, the pedigreed animals will parade before the discriminating eyes of the judges, who will award the coveted blue ribbons, emblematic of regal position.

Six thousand candidates for blue ribbon honors are expected at the show, carrying the hopes of breeders in every section except New England. With the blue ribbons will go a share in the \$100,000 prize money.

The reign of champions in the "meat" classes will be short. The winning beefs, porkers and sheep are led

from the sale ring to the slaughterhouse. Many of the winners in the breeding and dairy classes are sold at the show.

Youth will have a large place at the show, the thirty-first, held here. Their representatives, drawn from the ranks of college and high schools, will vie for honors both in stock raising and judging. Three thousand boys and girls are expected to attend the National Vocational Agricultural congress.

named the office mouse Percy. Answer: Because he is that kind of a mouse.

Philadelphia is still the city of brotherly love—at least of brotherly associations: she has 51 golf clubs.

Mental hygiene should be stressed more, says a reformer. And a lot of reformers ought to keep their minds out of the gutter.

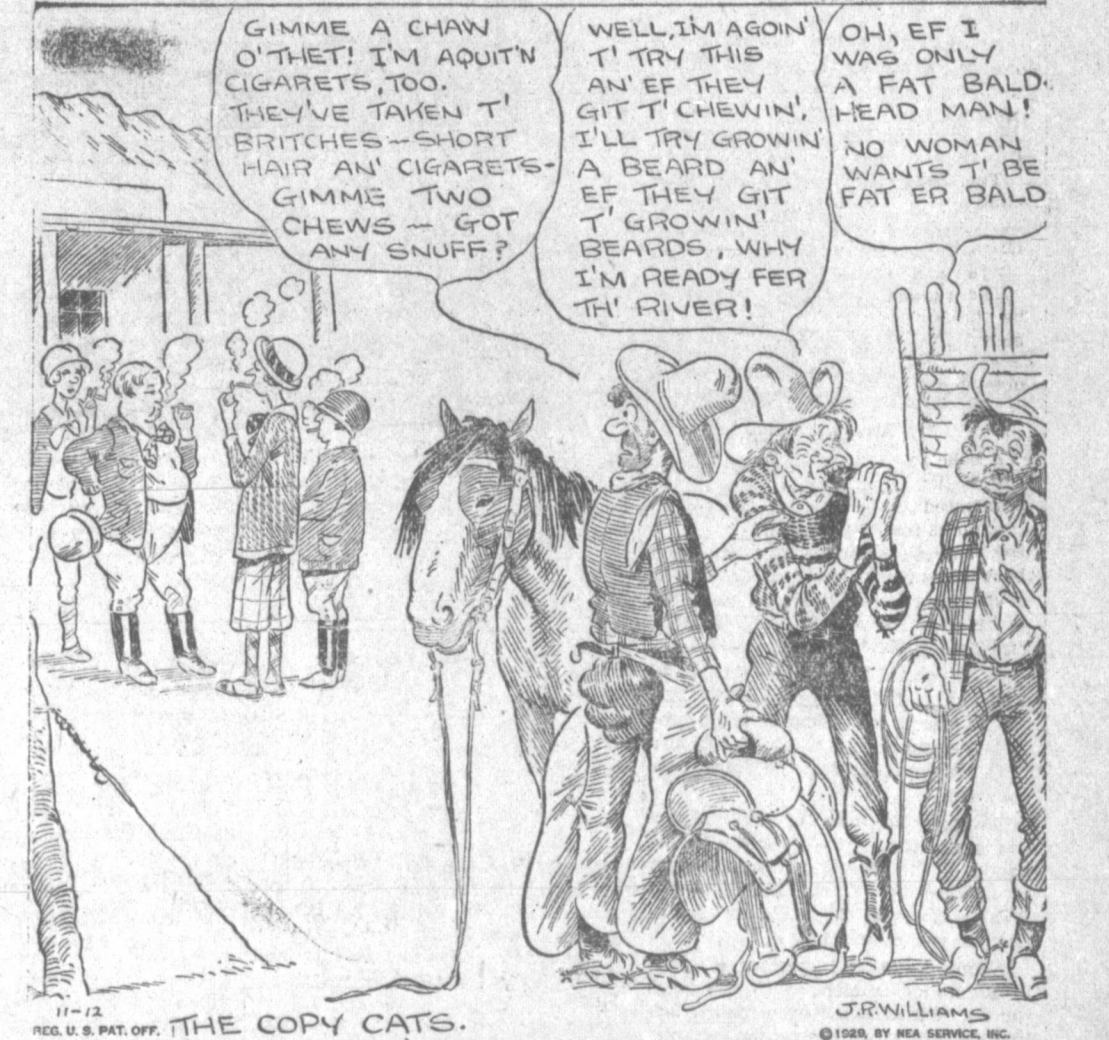

Huge Stone Crashes Thru Seven Floors of Big Skyscraper
NEW YORK, Nov. 12 (AP)—A 20-ton stone crashed through seven floors to the basement of the new 70-story bank of America building in Wall Street today when a lifting cable broke under the strain of the heavy load. It could not be learned immediately if any one had been killed or injured.

CHICAGO, Nov. 12 (AP)—Wheat: No. 2 hard 1.13; No. 3 yellow hard 1.11. New corn: No. 5 mixed 76; No. 6 white 75. Old corn: No. 6 mixed 85; No. 2 yellow 89. Oats: No. 2 white 44 1-2 to 45.

DENISON, Nov. 12 (AP)—Grayson county's first oil well was brought in yesterday when the Fleming, Hardesty, Elliott and Kimball test 10 miles northwest of Denison topped oil sand. The well only made six barrels of oil, but a storage tank was ordered constructed and preparation was made to drill the test into sand for a heavier production.

OUT OUR WAY by William

TWINKLES

We fully expect some gubernatorial candidate to have an economy plank based on the proposal that Texas quit putting Baptists to trial.

If the worst comes to the worst, and race suicide seems imminent, we can turn the matter over to General Motors.

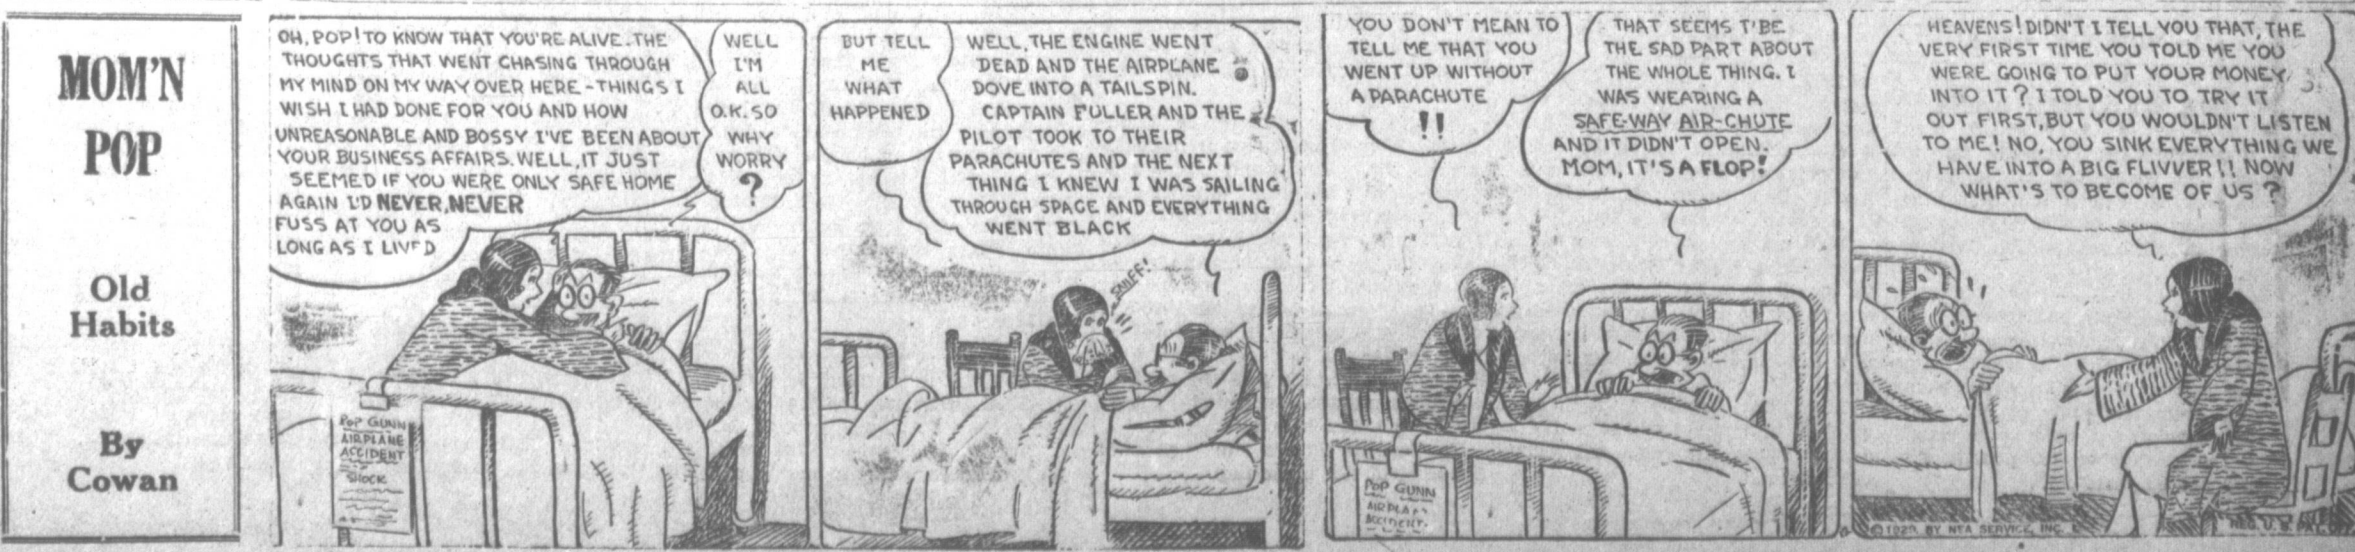

It is revealed that ostriches hide their heads in the sand only to hunt for shallow water. Is any old gag really true?

Someone has asked why we

Fifteen Drunken Persons Fined in Police Court

Fifteen Armistice day celebrants who chose intoxicating beverages for stimulants paid fines for drunkenness in city police court this morning after spending the night in jail.

The first six were brought in yesterday afternoon from the air port where two men from Amarillo who were accompanied by their wives, said the intoxicated men were using profane and obscene language freely. The six included five white men and one negro. County officers made two arrests last night, intoxication charges were filed against both of them.

SOCIETY

By MISS WILLETTTE COLE

PHONE 666 PHONE

SOCIAL CALENDAR

TUESDAY:
El Progresso club will meet at 2:30 o'clock in the home of Mrs. John Andrews.
Twentieth Century club will meet at 2:45 o'clock in the home of Mrs. W. T. Fraser.
Junior Twentieth Century club will meet at 2:30 o'clock in the home of Mrs. C. C. Boles.
Baker Parent-Teacher association will meet at 2:30 o'clock in regular session.

Circle 1 of the Baptist W. M. U. will meet at 2:45 in the home of Mrs. L. H. Greene, 510 North Somerville street.
Circle 2 of the Baptist W. M. U. is to meet at 2:30 o'clock in the home of Mrs. Mary Binford, 1011 East Francis avenue. All members are urged to be present.

The welfare committee of the Women's auxiliary of the Presbyterian church has called a meeting of all members of the auxiliary and all women of the church for 1:30 o'clock, at the home of Mrs. Tom Clayton, where quilts will be made for a needy family of the community.
Mr. and Mrs. Paul Shepherd will entertain the Twin Six bridge club at their home, with games opening at 8 o'clock.

THURSDAY
The High School P.-T.-A. will meet at 4 o'clock.
FRIDAY
A regular meeting of the Order of the Eastern Star will be held at 7:30 o'clock.
The Azar class of the Baptist Sunday school will have a social meeting at the home of Mrs. Fairbanks, 719 North West street, at 2:30 o'clock.

SATURDAY:
The Ladies of the First Christian church will hold their annual bazaar of needle-work and cooked foods at Barnes and Hastings grocery store, beginning at 9:30 o'clock.
The rummage sale to be conducted by the Business and Professional Women's club, and postponed from last week, will be held at the old Cuyler hotel building on South Cuyler street.

IN CORRECTION

A bake sale scheduled by the American Legion auxiliary for Nov. 27 was announced through and error in this column as for Nov. 22. On Wednesday, the 27th, the organization will conduct bake sales in three locations—Piggy Wiggly store No. 1, Krafts Mint, and M System No. 2, on Cuyler street. Proceeds will be used in carrying on the auxiliary's local program and its share in the national program.

Hundreds Wear Poppies in Remembrance of War Heroes During Week-end

Hundreds of little red paper poppies, copies of the flowers growing on the soldiers' graves "in Flanders fields," were seen here during the week-end and on Armistice day—tokens to the honored memory of American soldiers who died in France.

The poppies were made by the disabled veterans in hospitals and homes, and sold by the American Legion auxiliary. Through the sales of the local auxiliary unit, a sum of approximately \$200 was received. Every cent of it, according to auxiliary officers, will go to support the disabled veterans, their families, and the families of the dead "buddies."

A corps of women and little girls, including a number who were not members of the auxiliary, spent the whole of Saturday explaining the double purpose of poppy day and selling the flowers. Officers of the Legion and auxiliary expressed appreciation for their cooperation and the support of those who purchased and wore the poppies.

Birthday Celebration Is Occasion for Dinner Bridge Monday Evening

Mrs. Floyd A. Hollenbeck entertained last evening in celebration of her husband's birthday anniversary, giving a dinner bridge of unusually pretty appointment at her home. A four-course dinner was served at the quarter tables, each of which was lighted with a tall yellow taper, set in a huge wax chrysanthemum, and tied with pale green tulle.
In the bridge games, Mr. and Mrs. J. L. Nance made combined high score and received an attractive trophy. Mr. and Mrs. A. D. Johnston were consulted for combined low. A number of gifts were presented Mr. Hollenbeck.
The guest list was as follows: Mr. and Mrs. J. H. Lutz, Mr. and Mrs. J. H. Hulme, Mr. and Mrs. H. W. Johns, Mr. and Mrs. A. D. Johnston, Mr. and Mrs. J. L. Nance.

HERE FROM CLARENDON
Mr. and Mrs. C. G. Atteberry and family had as guests yesterday Mr. Atteberry's parents, Mr. and Mrs. S. C. Atteberry; his sister, Mrs. R. Biggers; and his small nieces, Geraldine and Willie Maud Pratt, all of Clarendon.
Deputy Sheriff C. E. Pipes returned Saturday from Ballinger, Texas, where he was defense witness in a murder trial.

Talks To Parents

BY THE WAY

By ALICE JUDSON PEALE
The things which a child learns by the way are often even more important than the things which we teach him directly.

When Mary snatches her father's toast at the breakfast table and he slaps her hand he may have taught her directly not to snatch toast. He has probably taught her other things as well. She may have learned that it is better not to take things if you are likely to get caught, that daddy is cross in the mornings, that he is the sort of person in whose presence one must be careful.

The question of the advisability of slapping Mary's hands must then be weighed not only as to its effect as a deterrent but also as to other possible results. The question in the mind of

the parent should be always whether what is taught directly is worth what is perhaps being taught indirectly.

Often the things which are learned by conscious objective. When on the maid's day out Helen helps mother get dinner she learns to string beans, set the table and beat the eggs.

But she learns a good deal besides. She learns that it is fun to help mother that housekeeping is enjoyable if attacked in the right spirit, that it is pleasant to take responsibility. Surely no one would argue that the secondary aspects of helping mother with the dinner were less important than the first.

When we assign a task, give a command, grant a privilege or deny one we should keep in mind not only our action but also the indirect but perhaps even more vital and far reaching ones of the things learned by the way.

WANTED School Boys

To sell Pampa Daily News after school and on Sundays.

Must have parents consent and be willing to work every day. Boys you can make your Christmas money by doing a little work after school.

See Jones at rear door of News office between 4 and 5 p. m.

RED CROSS PROVIDES PLAY AND COMFORTS FOR VETERANS

President and Mrs. Hoover Receive Disabled at White House Garden Party

Recreation in the form of picnics, visits to the theatre and to the motion picture shows, dances and card parties, arranged by American Red Cross workers for the disabled veterans and sick service men in the Government hospitals throughout the country are universally commended by the authorities as of great value in aiding the men to recovery.

Only those men who are in the hospitals in Washington, the nation's capital, however, are able to attend quite the nicest party of the year—that which the President and the First Lady of the Land are in habit of giving annually for disabled and ill veterans. The first of the White House garden parties for the veterans was given by President Harding, and it has since been an annual institution, lapsing only once or twice due to the illness of the First Lady.

President and Mrs. Hoover this year gave a party, with Red Cross workers and Grey Ladies, who are constant visitors to the men in the wards, accompanying them.

The Red Cross has workers in forty-eight Veterans' Bureau hospitals, and in all regular army and navy hospitals, at all camps and posts, and last year these workers arranged 20,252 recreation events. Picnics in proper season, visits to theatres, with supper server canteen style by the Red Cross chapter afterwards, and similar events were arranged for men able to leave the wards. For the mental cases, shows, dances and card parties are given at the hospital centers.

Red Cross work for disabled veterans last year included handling a monthly average of 12,104 cases by the national staff and branch offices. Red Cross chapters to the number of 2,821 throughout the nation carried on service work for the veterans and men still in the regular army and navy, and assisted a monthly average of 38,987 men and their families.

War service work for the disabled and the man still in the service called for an expenditure by the National Red Cross of \$1,983,000 during the year ending June 30, 1929, and Chapters expended an additional \$1,137,000. Support, in part for this work comes from the annual Roll Call for members which the Red Cross conducts each year from Armistice Day to Thanksgiving Day.

NOTICE OF SHERIFF'S SALE

STATE OF TEXAS, 564
COUNTY OF GRAY.
By virtue of an ORDER OF SALE issued out of the Honorable 31st District Court of Gray County, Texas, on the 11th day of November, A. D. 1929, by the Clerk thereof, in the case of HINDERLITER TOOL COMPANY versus HOMETLAND DRILLING COMPANY, ST. CLAIR PETROLEUM COMPANY AND A. C. ST. CLAIR, No. 2197, and to me as Sheriff directed and delivered, I will proceed to sell, within the hours prescribed by law, for Sheriff's Sales, on the First Tuesday in December, A. D. 1929, it being the Third day of said month, before the Court House door of said Gray County, in the City of Pampa, Texas, the following described property, to-wit:

The oil and gas leasehold estate, and all rights thereunder, covering: The South Half (S-2) of the Northeast Quarter (NE-4) of Section 32, Block B, H&G-N Survey, Gray County, Texas.

Together with all material and supplies furnished by the plaintiff to said lease, and all improvements and appurtenances situated thereon; Levied on this 11th day of November, A. D. 1929, as the property of HOMETLAND DRILLING COMPANY, ST. CLAIR PETROLEUM COMPANY AND A. C. ST. CLAIR to satisfy a Judgment amounting to Fourteen Hundred Seventy-eight and 87-100 (\$1,478.87) Dollars, in favor of HINDERLITER TOOL COMPANY, and all costs of suit.

Given under my hand, this 11th day of November, A. D. 1929.

E. S. GRAVES,
Sheriff Gray County, Texas.
12-19-26

First to answer the annual roll call of the American Red Cross were President Hoover and Charles G. Dawes, ambassador to Great Britain. They're pictured above, Dawes left and the President right, as Judge John Barton Payne, national chairman of the Red Cross, gave them subscription buttons, opening the nation-wide campaign. Ambassador Dawes was a guest at the White House before returning to London.

KANSANS VISIT HERE

Miss Estelle Tarrant had as her guests at an Armistice day luncheon Mr. and Mrs. Frank Hallman and five daughters of Cedarville, Kansas, and Roy Hallman of this city.

Bleachers Collapse

PORT ARTHUR, Nov. 12. (AP)—One woman, whose name could not be

learned, was said to have suffered a broken leg when two sections of bleachers collapsed on Franklin field here yesterday during the Beaumont-Port Arthur high school football game. Approximately 3,000 spectators were thrown to the ground by the collapse, but no injuries were reported other than to the one to the woman, and this could not be verified. Rain had weakened supports of the bleachers.

the midnight Misadventure of Gregory Jones

A crash brought Mrs. Gregory Jones bolt upright in bed, her heart pounding.

"Why!" demanded her husband savagely, nursing a bruised shin and groping for the light switch. "Why did you have to leave that chair there?"

In the front hall the telephone rang again, insistently. Jones shivered in the draft from the open window, and without waiting for a reply, disappeared through the doorway. Peculiarly, his voice drifted back to her.

"No, Eleanor is not here... Yes, we're expecting her tomorrow... Tell her what I'll tell you, young man, that it's an imposition to wake folks at this time of night! And I'll deliver no messages!"

The receiver banged on the hook, Jones, muttering to himself, stumbled back down the hall.

"That settles it!" he exclaimed, still shivering. "Tomorrow, I'll have a telephone put in this bedroom."

Mrs. Jones smiled drowsily, snuggled deep into her pillow.

"Where have I heard that before," she murmured. "Tomorrow, I'll order one, myself."

Telephones where you need them save time, patience—and midnight misadventures.

Few know that one or two additional instruments cost considerably less than the single telephone they now have!

By a wisely-placed "extension" or two, and perhaps a rearrangement of the equipment you already have, an expert telephone man can often double the convenience of your telephone service.

"Why did you leave that chair there?"

Manager, Southwestern Bell Telephone Co., City.

I'd like to know how to get more value out of my telephone service. Please send me free, a copy of your booklet, "Modern Telephone Service for the Home."

ABOUT FOLKS

By A. F.

Most everybody, yesterday, remembered what they did on the original Armistice day. For instance, 11 years ago yesterday, Lon Blanscet was in Sayre, Okla. He with 100 others were almost ready to leave for the training camps when news came that the Armistice had been signed. Lon said the boys proceeded to throw a whing-dinger. They even had horse races up and down main street.

George Jonsson was in the navy at San Diego, Calif.

Dr. J. T. Worrell was a second lieutenant at Camp Travis.

C. H. Walker on Nov. 11, 1918, then postmaster at Dalhart, had the honor of hoisting the flag at the Armistice celebration in that city.

Dr. J. J. Jacobs was in Vancouver barracks, Vancouver, Wash.

Said Rev. D. H. Truhite at the Baptist church Sunday night: "The world is not getting better; it is getting worse and will continue to get worse until the Son of Man shall come."

Gary to Return Soon

Word has been received from the veterans' hospital, Muskogee, Okla., that efforts to straighten the leg of C. E. Cary, justice of peace, failed and another amputation was performed just above the knee. Judge Cary is rapidly recovering and will soon return to Pampa. He has been gone about three weeks.

Chicago Boy Is Held for Murder

CHICAGO, Nov. 12. (AP)—Nervousness displayed by 13-year-old Freddie Nettle led to his arrest for questioning and later to his being held for the killing of a hunter on his father's land Sunday.

Statements by the boy led police to the back yard of the Nettle farm yesterday where they dug up the boy's .22 calibre rifle.

The baying of a hound over the body led to discovery Sunday that Herman Ahlsen, 19, had been killed.

"Yes, I shot him," the Nettle boy said. "He was about 400 feet away, and I didn't think I could hit him. He had no business on my father's land." The father, Herman, was booked for accessory to murder.

BUFFALOES REPEAT SCORE OF 1928 IN DEFEATING N. M. I.

CANYON, Nov. 12. (Special)—The largest crowd that ever witnessed a football game in Canyon attended the battle here yesterday in which the West Texas Teachers defeated the New Mexico Military Institute cadets 27 to 0. It was a repetition of the defeat handed the visitors on their own gridiron last year. The game was played under the auspices of the Harrison post of the American Legion at Amarillo.

Newman, Buffalo star, ran through the visitors for three touchdowns. Gerold contributed his usual thrills on punt returns.

The reputedly brilliant overhead attack of the New Mexico eleven failed to click, and until the last three plays the guests had failed to make a single first down. Then they made their only trio. The punting of A. Foley for the cadets was their only strong feature.

Bandy, Logan, and Elkins stood out on both defense and offense for the victors.

Summary: Buffaloes punted 10 times for 43-yard average; Cadets punted 14 times for average of 42 yards. Buffaloes attempted 17 passes, 7 complete for 74 yards, one intercepted, 9 incomplete; Cadets tried 10 passes, 2 complete for 8 yards and 3 intercepted. The Buffaloes were penalized 12 times for total of 130 yards; the Cadets were penalized 4 times for total of 15 yards. The Buffaloes fumbled 3 times and lost the ball once; the Cadets muffed it once and lost it. On 84 plays the Buffaloes gained 348 yards and lost 96. The Cadets tried 30 plays, gaining 76 yards and losing 29. Touchdowns—Newman 3, Ward 1; extra points, Jones 2, McInnis 1.

MUSTANGS ARE ADEPT IN MUD REPORT SHOWS

By GAYLE TALBOT JR.
Associated Press Sports Writer
Reports from College Station indicate Southern Methodist university has a fine collection of "mudders." In splash their way to victory over the Aggies Saturday the Mustangs produced a dashing offense, despite sheets of water that at times almost obscured the vision of the spectators. They flipped the oval thither and yon and generally disported themselves like trained seals. Mason, in particular, refused to be handicapped. His 35-yard run for the deciding touchdown saw him elude three or four tacklers by deft dodging. The game incidentally, has convinced S. M. U. followers Morrison's eleven is ready to make a determined bid for the conference title. The confidently expect to trim Baylor Saturday.

The Bears were better equipped for the wet going than the Longhorns chiefly because of Jake Wilson's ability to propel 40 and 50 yard spirals from five yards behind the line of scrimmage. He averaged 44 yards on 12 kicks, several times sailing the slippery oval over the Texas safety man's head. Shelby, on the other hand, got off several that were only luke warm, one almost giving Baylor a touchdown when Lucas ran it to the four-yard line. The manner in which both teams handled the slick ball was a tribute to careful coaching. Neither side recovered an opponent's fumble.

It was disappointing that two crack offensive units like Texas and Baylor were forced to battle on a muddy field. A dry gridiron almost certainly would have produced a score and provided a game vastly more entertaining. Nothing leaves quite as flat a taste as a scoreless bout. Anyone who doubts a touchdown, however negotiated, is the big entertainment should witness two no-decision affairs on successive week-ends. It appears the line coaches in the southwest conference have a decided edge this season on their better known contemporaries who fashion the attack. Koch, Baylor guard, was the outstanding man on the field at Austin Saturday, and "Big Un" Rose, Texas end, ran him a close second. One observer estimated that Koch—who pronounced it Cook—incidentally, either made or helped make 60 percent of the Baylor tackles. The last and blackest figure to emerge from the pile was the stocky Bruin guard. Rose snared a half dozen passes, reaching over the heads of the midget Baylor backs, and played a smashing defensive game.

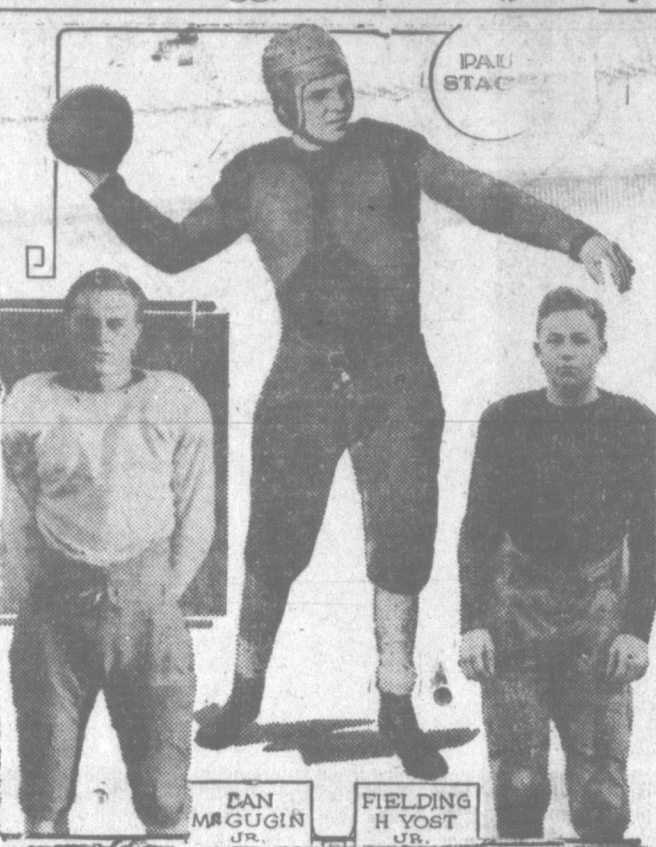

There is plenty of drive in Baylor's backfield. Where the Longhorns were forced to take to the air for most of their gains, Wilson and McElreath lunged and bounced through the Steer line repeatedly for sizeable yardage. It was noticeable they deliberately "chose" Gordy Brown, the well known Texas tackle, for many of their thrusts. For the second week, Brown failed to show the form that gained him an all-conference berth in 1928. He appears to be anxious. He has been in poor health, they say. Baylor's Charlie Morris looked like the best tackle in that game.

Some of the folks who saw Texas Christian batter through the Rice Owls for four touchdowns were not exactly impressed with Francis Schmidt's pupils. They predict Texas will subdue the Frogs Saturday at Austin, especially if the weather man hands out another moist week-end. The Frogs' offense essentially is built about its speedy backs, Leland and Grubbs, not to mention "Football" Moore. A muddy field would hurt their chances, a majority of critics believe. There is more straightaway power in the Longhorns' ground gaining department. Another thing, the Christians scarcely can hope to turn to the air for their gains. Texas has one of the greatest pass defenses ever boasted by a conference team. Nona Rees is a marvel at knocking down enemy aerials. He is, in fact, a splendid all-round defensive man and about as dangerous a broken field runner as the conference lists. "Doc" Stewart, former Texas coach, declared Saturday Rees was the most underrated player in the section.

Girl Jumps From Plane to Death

VALLEY STREAM, N. Y., Nov. 12. (AP)—Miss Ruth Rockwell, 18, of Philadelphia, committed suicide by leaping 2,000 feet from an airplane which she hired with a pilot at the Curtiss airport yesterday.
She explained her act in a note found in her purse. The note read: "Most people end their lives because something sad has happened to them. I end mine because it seems not only futile, but wrong to go on existing. I blame no one and feel I have no enemies. I will probably be considered insane as any one taking his life is supposed to be slightly insane."
Miss Rockwell went to the airport from the home of her brother, Donald Rockwell, in Yonkers, N. Y., where she had been living recently.

Sons Of Stagg, Yost, McGugin Play

Taking first steps toward emulating their illustrious fathers, Paul Stagg, Fielding H. Yost, Jr., and Dan McGugin, Jr., are playing college football this season.

CHICAGO (AP)—Sons of three of America's greatest football coaches are playing college football this year. Paul Stagg, son of Coach A. Alonzo Stagg, is varsity quarterback at Chicago.

Dan McGugin, Jr., son of Coach Dan McGugin, is a reserve guard at Vanderbilt.

Fielding H. Yost, Jr., whose father coached Michigan to many Big Ten titles, is a reserve halfback at North Carolina.

Young Stagg, a sophomore, has been

Chicago's field general all season. McGugin, Jr., a junior, was eligible for varsity duty in 1928 but postponed his gridiron debut to concentrate on his studies. As a result his scholastic average surpassed those of all freshman and varsity candidates. He is a guard.

Young Yost, known on the North Carolina campus as "Buck," won his numeral as a halfback on the freshman team last season. He rates as a "comer" on the Tar Heel squad.

World Press Is Cautious In Views on Hoover Talk

LONDON, Nov. 12. (AP)—The London Press today was cautiously non-committal with regard to that suggestion in President Hoover's Armistice day speech that the safety of food ships in wartime be guaranteed to all nations.

The best part of the speech, the London Times said, was that expressing his conviction the world is becoming more genuinely inclined toward peace.

"Certainly," the paper commented, "the omens for the naval conference in January are becoming more favorable and an atmosphere has been created wherein the conference will have every chance for success."

ROME, Nov. 12. (AP)—Tevere, Rome daily, commenting today upon President Hoover's Armistice day speech, said in a satiric vein, Mr. Hoover has not yet gone to the bottom in his examination of the causes disturbing peace.

If the desire for parity is recognized as the determining motive of wars, said the paper, the Americans, British, and French have only to adopt the Mussolinian formula of the minimum of armaments common to all great powers.

HAVE MANY GUESTS

Mr. and Mrs. W. M. Rodgers had as guests for luncheon Armistice day, and for the matinee following, Mr. and Mrs. L. F. Duncan and son of Berger, Mr. and Mrs. T. B. Rodgers, and Mr. and Mrs. Arlie Proctor.

Miss Oak Allee Roberts, a student in West Texas State Teachers college at Borstman's prize entry, Black Watch, Canyon, was home for the week-end and Armistice day. She is the daughter of Mrs. Bertha Roberts.

Mr. and Mrs. F. P. McSkimming, Mr. and Mrs. P. O. Sanders and Miss Miss Wilma Behrends, and H. E. Hoar Gertrude Cook were visitors in Amarillo yesterday.

Prize Winners

Miss Oak Allee Roberts, a student in West Texas State Teachers college at Borstman's prize entry, Black Watch, Canyon, was home for the week-end and Armistice day. She is the daughter of Mrs. Bertha Roberts.

TERRIFIC GALE LASHING BRITISH ISLES SHIPPING

LONDON, Nov. 12. (AP)—Eight persons were killed through accidents and drowning, many were injured and enormous property damage was inflicted in a gale which lashed the British Isles and surrounding seas last night and today.

The wind blew at speeds varying from 50 to 70 miles an hour with occasional gusts reaching 90 miles. Cross channel steamers reported terrific buffeting by the waves, which often smothered them and sometimes overtopped their funnels. Passengers suffered severely from anxiety and sickness.

The Belgian steamer Jan Breydel, which left Ostend yesterday afternoon with 72 passengers for Dover, battled vainly against the fury of the storm and was finally obliged to put in near Dunkirk where its passengers spent many terrifying hours in the darkness.

While some airplanes were forced to make safety landings others made perilous trips between England and the continent defying the gale. The giant dirigible R-101, endured its greatest test at Cardington, where it rode safely throughout the storm at its mast. The crew aboard successfully corrected its movements as it yawed and dipped under the enormous wind pressure. One gust of 83 miles an hour was experienced.

Trojans GOING EAST

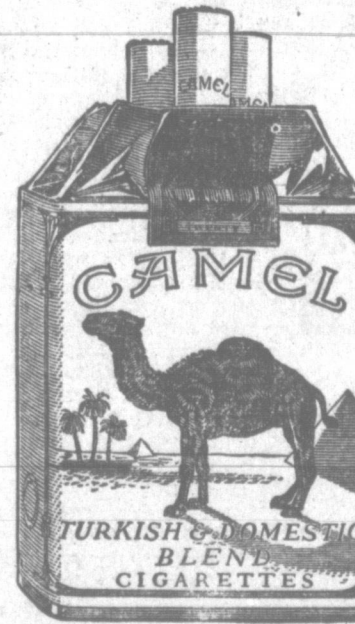

LOS ANGELES, Calif., Nov. 12. (AP)—Thirty-eight players of the University of Southern California football team, accompanied by Coach Howard Jones, will leave late today for Chicago, where the Trojans play the Notre Dame eleven Saturday. Last season the Trojans defeated Knute Rockne's team 27 to 14.

Mr. and Mrs. Raymond Glass and Mrs. E. V. Back of McLean were guests yesterday in the home of Mr. and Mrs. Jack Back. Mrs. Glass is Jack Back's sister, and Mrs. E. V. Back, their mother.

Camels are for knowing

smokers!

It's just too bad if any smoker because of misinformation denies himself or herself the pleasure of CAMELS.

New smokers are not always in a position to have a real preference in cigarettes. But when they acquaint themselves with Camels they develop that sense of discrimination that leads to real smoking pleasure. Camels are made so carefully and of so good a blend of choicest cigarette tobaccos that even those with inexperienced smoking taste quickly recognize their superiority. They are for those who appreciate the taste of choice tobaccos, the fragrance of a perfect blend and the soothing mellowness of a really satisfying cigarette.

when they learn the difference they flock to Camels

"RADIO RED" WORLD'S CHAMPION Endurance Driver Comes To PAMPA!

"—better have that fixed before it develops into Real Trouble. Take it to a United Motors Service Station!"

It's a very short-sighted policy to allow your radiator to go on leaking, especially when our service is so quick and inexpensive. Usually a new hose connection or a repair to the core or to the upper or lower tank is all that is necessary. As an Authorized United Motors Service Station for the Harrison Radiator Corporation—world's largest manufacturer of automobile radiators exclusively—we know the radiator repair business thoroughly. Bring your car to us the moment the radiator begins to leak or bring it in now and we will inspect your radiator and hose—free!

Will drive a Viking 8 for 100 Hours Handcuffed To Wheel

"Radio Red" Dorman has begun an endurance drive to be staged in Pampa and vicinity and to last for 100 hours. The drive began at 9 o'clock this morning and will be terminated at 1 p. m. Saturday. The drive is to be made without stopping the motor and without sleep or rest for the driver. Will he make it? Can he make it? Watch him and see!

"Radio Red" will be driving his Viking 8 about the streets of Pampa most any hour of the day or night. He will be glad to take you home from business or the theatre, or to take you for a drive about the streets. Phone the News Office or hail him on the streets.

He will drive blindfolded the last hour of the drive!

CONOCO GASOLINE AND QUAKER STATE MOTOR OIL

are being used by "Radio Red" in his endurance drive here this week.

"It is absolutely essential", says "Radio Red", "That I use only the highest quality of gas and motor oil—I must have the kind that I can depend on. For this reason I have chosen CONOCO GASOLINE and QUAKER STATE MOTOR OIL."

We sell Kelly-Springfield Tires—the kind being used by "Radio Red" in this drive.

"Radio Red" Will Keep Fit While Driving by Drinking Taylor Farm Dairy Milk

"I keep fit at all times by drinking plenty of milk", says "Radio Red". "While making the endurance Drive, practically my only food will be milk. Nothing else contains in right proportions and so easily digestible the body-building foods and vitamins found in good milk".

"I will use Taylor Farm Dairy Milk because it is wholesome and pure—it is rich too! I must have pure milk, for I cannot afford to "take a chance".

Endurance Grind Began at 9 a. m.

"Radio Red" was handcuffed to the wheel of his Viking "8" at 9 o'clock this morning by C. E. Pipes, deputy sheriff. "Thank you", said "Red", "I'll return these to you Saturday at 1 p. m. This drive will be a real endurance test. The cold weather makes it easier to stay awake, but it will make numbness and cramps which come into my limbs more painful and more dangerous."

"Radio Red" Chose VIKING 8

For it's endurance Qualities and Easy Riding and Driving over all roads.

The New Viking 8, in addition to being the lowest price 8, has all that the modern driver asks for beauty; an engine that gives you all the Power you want at the tip of your toe; A General Motors Product with the engineering ability of the largest automobile manufacturing company in the world.

Ask "Radio Red" why he chose Viking. He will be glad to explain the many desirable qualities of this fine motor car. Let him drive you around and you will know the riding comfort of Viking.

Gained 12 Pounds On Four Bottles

"I suffered with stomach trouble 15 years and was almost a nervous wreck. I seldom had more than two hours restful sleep at night. I suffered with indigestion, and was dread-

MRS. J. CARLE HOLLAND

fully weak and rundown. When I decided to try Sargon I was almost too weak to get to the drug store for my first bottle. I have taken four bottles now, my digestion is perfect, my nerves are strengthened, I sleep fine and have gained 12 pounds! I am full of new life and energy now.

"It is wonderful the way Sargon pills toned up my liver and ended my chronic constipation. I am glad to sell my friends and the public what this wonderful new medicine did for me."—Mrs. J. Carle Holland, 17 Harrison St., Oklahoma City. Patheer Drug Co., Agents.

Bank Looting Is Charged Against Paroled Student

JEFFERSONVILLE, Ind., N. 17. (AP)—Accused of looting five Central Indiana banks since his release last May, Gene Alger, 25-year-old former Butler university student, was held in jail here today.

Alger was captured by Sheriff Hal K. Hughes yesterday near Henryville, Ind., after an automobile chase in which several shots were fired. With him were his wife Josephine, 23; his brother, Gail, 17, and Gail's wife, Bernette, 17.

The chase started when the four were recognized as a street by Mrs. Gene Alger, red-headed daughter of a Jeffersonville police sergeant, explained they had come to this city because she was "sick to see her mother."

They maintained their innocence of bank robbery charges. Officials of the state bureau of criminal identification, however, said the girl sat in Alger's car ready for a getaway while he robbed banks at Paris, Crossing, Summitville, Gaston, Matthews, and La Fontaine, all small Indiana towns.

Prison Guard Is Killed at Farm

HOUSTON, Nov. 12. (AP)—Ed Wallace Bruce, 29, guard at the Darrington state prison farm, was found shot to death near Sandy Point late last night a few minutes after he was alleged to have killed Carri Warren, 23, negro. Justice of the Peace Thomas Morrison of Angleton conducted an inquest but withheld temporarily his findings. He said, however, the manner in which Bruce met death was a mystery. Ambulance drivers and persons living in the vicinity of the shooting declined to comment.

Sheep: 4.00; lambs 11.75-12.65; ewes 4.50-5.75.

Wheat Breaks Sharply CHICAGO, Nov. 12. (AP)—More than 6c break in wheat values here took place today, owing largely to stock weakness and to severe downturns in Liverpool wheat quotations. With buying support lacking, Chicago wheat started wildly at 2 1/4- to 6 1/4-c lower, and afterward steadied at about 2c above initial bottom figures. Corn, oats and provisions were also depressed, with corn opening 1 1/2-c to 2 5/8-c off, but later recovering somewhat.

Entombed Miners Rescued STEAMBOAT SPRINGS, Colo., Nov. 12. (AP)—Three miners who were trapped by a cave-in in a mine of the McNeill Coal company, near here, last night, were rescued at 3:30 a. m. today unharmed. The rescue, Jack Condon, Earl LeBranch and Jack Garber, were imprisoned by the landslide at 7 o'clock last night in a tunnel halfway down a 700-foot shaft. Tunnel men worked all night to reach them, rapping out a message of encouragement on a pipe which penetrated the drift into the isolated section of tunnel and provided air for the men inside.

Old Mattresses Renewed, new mattresses made to order. Give us a trial and be convinced as others. All estimates cheerfully given. Come and see our stocks of quality mattresses. AYERS MATTRESS FACTORY 1222 S. Barnes Phone 633

The Innocent Cheat Ruth Dewey Groves AUTHOR OF "RICH GIRL-POOR GIRL", ETC. © 1929 BY NEA SERVICE INC. This has happened Helen Page feels indebted to and in love with her guardian, LEONARD BRENT. The latter engages his plans for her future after meeting a dying beggar, NELLIN, and tells the girl she is heiress of a millionaire named CUNNINGHAM. Brent takes her to the lonely old man and offers proofs which Cunningham accepts, as he had been searching for his dead daughter's child for years. Among Helen's new friends are EVA FINNIS and her brother HUBERT, who falls in love with her. Brent becomes jealous of Bob and plots to win Helen quickly, especially after finding another locket like the one he had taken from Nellin to prove Helen the heiress. Hearing that a sudden shock would kill Cunningham, Brent subtly administers the shock, and the servant said the old man died in bed. Then, by clever acting and appeal to her loyalty, Brent wins Helen's promise to marry him. Enter, she said Bob discovers that Brent loves her and that he is angry when she tells him she cannot break her engagement even though she loves him. Bob first with SHALLIMAR MORGAN not knowing that Helen has tried to break with Brent after finding out that she is in love with another woman. But he had refused to release her and had made dire threats if she tried to throw him over. Eva realizes that Helen is unhappy, but resents her treatment of her which has driven her to Shallimar. But Eva is worried, too, for Brent is now avoiding her after having made ardent love to her secretly. NOW GO ON WITH THE STORY CHAPTER XXXVIII NOTHING exciting happened at supper. Eva clamped her lips together and opened them practically for the sole purpose of partaking of the creamed mushrooms that Helen had prepared, while Shallimar and Bob danced to the music of a phonograph. Bob talked with his eyes, which Helen avoided looking at as much as possible. He had, she thought, a mean streak a mile wide to sneer at her, even if he didn't put it into words. She herself tried to keep the conversation going by talking of the show at the Garden, but Shallimar kept interrupting to tell of the place where she and Bob had spent the evening. Once when Shallimar reached out a hand and laid it possessively on one of Bob's Helen flinched. The gesture seemed somehow to upset Bob too. He looked across the table at Eva. "Let's go home, sis," he said; "you look tired." Eva jumped to her feet without delay. "You mind if I run, Helen," she begged. "I am tired." "So am I," Shallimar chimed in. "Bob, you simply exhaust me." Very prettily she suppressed a yawn, though her eyes were wide awake. "This seemed to be, to anyone who was interested in reading their ex-

Texas Officials to Ask \$200,000 From Government

AUSTIN, Nov. 12. (P)—R. R. Robertson, adjutant general, S. H. Terrell, comptroller, and Rice M. Tilley, assistant attorney general, planned to leave today for Washington where they will attempt to get \$200,000 from the state. The money was spent in the organization of the 36th division, Texas National Guard, in 1917. That division later was made a part of the regular army and Texas officials are asking reimbursement of \$200,000 from the government.

While in Washington Tilley will join with federal representatives in an attempt to sustain a ruling of the war department reducing tolls on the Red River bridge at Colbert from \$1 to 50 cents. The Red River Bridge company is seeking an injunction to prevent the reduction or rates, Tilley said.

AUSTIN GIRL IS KILLED IN MOTORCYCLE ACCIDENT

AUSTIN, Nov. 12. (P)—Sue Bradley, formerly of Belton, was killed near here yesterday in a motorcycle accident. Miss Bradley was riding behind a man when the motorcycle skidded. She died quickly. Miss Bradley made her home in the apartment house in which Miss Lehlia Highsmith, stabbed to death Sunday, lived.

Biggest Decline in One Week Is Revealed in Oil

TULSA, Okla., Nov. 12. —Largest decrease in daily average crude oil production in the United States ever recorded during one week was registered during the week ending Nov. 9 when all fields in the country showed a decline of 201,733 barrels in daily average production and light oil, or that grade especially desirable for refining because of its better gasoline content, showed a decline of 205,787 barrels.

This was revealed today through Andrew M. Rowley, managing editor of the Oil and Gas Journal here. Estimated daily average production of all fields during the week ending November 9 was 2,808,348 barrels as compared to 2,910,081 barrels for the week ending Nov. 2.

This decrease was further augmented by a decrease in the daily average production of 99,174 barrels more during the preceding two weeks beginning Oct. 19.

Despite recent heavy strikes, the Oklahoma City pool continued a downward trend, contributing 27,730 barrels to the loss of 43,805 barrels estimated for Oklahoma during the past week. St. Louis-Pearson and Seminole areas added the bulk of the remainder at an average of slightly less than 10,000 barrels each.

The Mid-Continent area dropped 46,484 barrels, the West Texas area contributing but approximately 2,000 barrels to the total.

Proration put into effect in California's flush pool, Santa Fe Springs, last week, slashed 95,000 barrels from the state's total making up the bulk of the 155,000 loss in light oil reported by the Pacific Coast. Heavy oil decreased 2,000 barrels in that state. The Santa Fe Springs deep drilling area has been furnishing the bulk of California's record average production for some months.

Long Beach area dropped 41,000 barrels, Seal Beach 13,000 and Centura avenue 6,000.

The Gulf Coast area added 7,193 barrels to its heavy oil production. Virtually the only increase recorded during the week in this grade. Kansas production was 109,915, compared to 110,315 for the previous week.

Jurist Slayer Is Likely to Remain Confined to Jail

AUSTIN, Nov. 12. (P)—Muffled in the silence which all principals in the case have maintained, the story behind the stabbing of Miss Lehlia Highsmith, 28, by John W. Brady, prominent jurist, remained as much of a mystery today as it was when the tragedy occurred early Sunday.

Brady, once a justice of the court of civil appeals here and one of the most widely acquainted and respected men in the state apparently did not know exactly what had happened. Sitting in a cell, still suffering from shock, Brady was unable to add anything to his statement to officers he had attended a

drinking party after the Baylor-Texas game and he could recall he had had "a difficulty with several persons."

F. R. McNaughton, who lived at the apartment house where Miss Highsmith made her home, said he heard screams, rushed to the street and found Miss Highsmith, who had apparently just left her car, cut and bleeding. He took a knife from Brady which officers described as a "twelve-inch East Dallas special." Frank Graham, Jr., University of Texas student who was making his way through school by acting as a music salesman, was thought to have seen more of the tragedy than any one else. He either accompanied Miss Highsmith, or arrived at the scene at almost the same moment she did. He refused to be interviewed, but indicated he had made a statement to the county attorney.

Brady's many friends rallied to his support yesterday. Prominent attorneys from various parts of the state offered their services, and his wife saved him from the common jail fare by preparing his meals herself.

Indications were Brady would remain in jail until the latter part of the week, and possibly until January when the grand jury meets. His examining trial was postponed yesterday because of absence of Mr. and Mrs. H. F. Williams, who also lived at the apartments where Miss Highsmith made her home. Williams is understood to have been one of the "several" persons with whom Brady "had a difficulty."

County Attorney Roy Archer held out no hope of bond, even after the exam-

Famous German Ace Is Shown in Crescent Movie

Action pictures of the famous Baron Manfred von Richthofen, the "Red Knight of Germany," who has been heralded as one of the outstanding individuals produced by the world war, may be seen in "Behind the German Lines," the official motion picture history of the conflict. Richthofen, it will be recalled, was the German ace who downed some eighty-five enemy planes before he was himself shot by Captain Roy Brown of the Canadian air forces.

The official war pictures have been hailed as the most interesting pictorial history of the war ever shown in this country. The UFA company of Germany was assigned the duty of filming the war on all the fronts by the then Imperial German government and over one hundred cameramen followed the German troops in action, of

metics or the men blew up in smoke. We challenge any over governmental function in the country to make a better showing."

"There are almost 310,000 miles of roads in the state systems, of which approximately 183,000 miles have received some kind of surfacing, President Fortney told the convention. During the year a little more than 2,000 miles of surfacing and 6,700 miles of

which number over one-fourth were killed. Of particular note is the lack of animosity in the pictures. It is simply a cool reporting of what took place from the German point of view, and a subtle message for international amity may be easily discovered in the unrelenting of the scenes.

The picture shows the very first days of the war with all Europe arming itself for the four long years of hardship. The first battle of the Marne, supplemented by an animated map is graphically shown, and the reason for the defeat at the very gates of Paris is given. Other battles on all fronts quickly follow, ending with the final rout of the German army by the concentrated drive of the Allied forces in the fall of 1918.

The pictures are released in this country by Paramount, and is the feature attraction at the Crescent theatre today and tomorrow.

HIGHWAY—

(Continued From Page 1)

There are almost 310,000 miles of roads in the state systems, of which approximately 183,000 miles have received some kind of surfacing, President Fortney told the convention. During the year a little more than 2,000 miles of surfacing and 6,700 miles of

earth improvement have gone on the record of accomplishment of the state highway departments, he said.

"There was made available for the states to carry on this work a little more than one billion dollars, and the payments made by the states exceeded \$825,000,000," Fortney stated.

He told the convention that beginning next January, every state in the union with the exception of seven, will be giving some of the receipts of the gasoline tax to the counties.

"While such a distribution may be a necessity in some cases, nevertheless the people should realize that fully 80 per cent of the traffic on our highways is on the state systems, and hardly 50 percent of the state systems have been improved to a point at which they economically take care of the traffic," he said.

Bishop in Statement

WASHINGTON, Nov. 12. (P)—In his first statement to the press since the Virginia gubernatorial election, Bishop James Cannon, Jr., of the Methodist Episcopal church, South, cabled from Montevideo, Uruguay, today while he regretted the decision of the voters, "Raskobian Liberalism versus Southern Democracy still remains the outstanding Democratic party issue."

Harry Grove and Harry Whisler, both employees of Sykes, Merrick and Boyd Lumber company, left yesterday noon for a ten-day deer hunt in South Texas.

Van Zandt Will Not Let Crooks Operate There

DALLAS, Nov. 12. (P)—Much praise for the way Van Zandt county officials have handled the situation arising out of the discovery of oil near Van was given here today by Ranger Sergeant M. T. (Lone Wolf) Gonzales who has made a survey of conditions there.

"Van is the cleanest and most law abiding oil town I have ever been in," the sergeant said. "That this is so is due largely to local officers. They will not tolerate crookedness in any form." The ranger said about 50 "tough eggs" from Panhandle showed up in Van, but "sun down" orders were issued and they hurried out of town.

Brothers Attack Farmer

GROESBECK, Nov. 12. (P)—Charges of assault with intent to murder have been filed against Osborn and Hollie Kennedy, brothers, in connection with an attack upon Elmer Ferguson, farmer, and his half brother, Ernest Platt, former prison guard, during an Armistice Day celebration here. Ferguson was in a serious condition from knife wounds, while Platt suffered less serious injuries, inflicted by the same method.

Women Have Something to Say!

AN ANCIENT PREJUDICE HAS BEEN REMOVED

AMERICAN INTELLIGENCE has ridiculed into oblivion that ancient prejudice which excluded women from a voice in council. Today, in millions of homes, the delicious flavor of LUCKY STRIKE fills the room as the family group respects the opinion of its women folk.

"toasting did it" —

Gone is that ancient prejudice against cigarettes—Progress has been made. We removed the prejudice against cigarettes when we removed harmful corrosive ACRIDS (pungent irritants) from the tobaccos.

YEARS ago, when cigarettes were made without the aid of modern science, there originated that ancient prejudice against all cigarettes. That criticism is no longer justified. LUCKY STRIKE, the finest cigarette you ever smoked, made of the choicest tobacco, properly aged and skillfully blended—"It's Toasted."

"TOASTING," the most modern step in cigarette manufacture, removes from LUCKY STRIKE harmful irritants which are present in cigarettes manufactured in the old-fashioned way.

Everyone knows that heat purifies, and so "TOASTING"—LUCKY STRIKE'S extra secret process—removes harmful corrosive ACRIDS (pungent irritants) from LUCKIES which in the old-fashioned manufacture of cigarettes cause throat irritation and coughing. Thus "TOASTING" has destroyed that ancient prejudice against cigarette smoking by men and by women.

"It's toasted"

No Throat Irritation—No Cough.
