PRICE FIVE CENTS

JUDGE JOHN BRADY IS INDICTED

Fall's Big Ranch Is Transferred to Edward Doheny

ALAMOGORDO, N. M., Nov. 19. (P)—The Tres Ritos ranch, once the pride of Albert B. Fall, former secretary of the interior, was today the property of Edward L. Doheny, oil magnate.

An action described as an untangling of affairs of the Tres Ritos Land company resulted in Doheny's acquisition of the ranch at a special master's sale yesterday. Representatives of Doheny paid \$132,461.81 for the Tres Ritos. Under a court order, following a foreclosure action, the sale was made to satisfy a note given to the oil man on December 20, 1928, for \$126,000 at 6 per cent interest. The note covered a personal mortgage held by Doheny.

Texas and Pacific Is Asking Extension to Ballinger

OUTLET EAST IS DESIRE OF CITY

Opposition Contending Traffic Is Not Enough

WASHINGTON, Nov. 19. (P)—D. H. Berry, traffic manager of the San Angelo board of trade, testified today in the interstate commerce commission hearing that the proposed extension of the Texas and Pacific system from Ballinger to San Angelo would be beneficial to the interests he represents and should be permitted.

Another Page in Diplomacy

Arthur Wilson Page, above, son of the late Walter Hines Page, former American ambassador to Great Britain, will serve as aid to Secretary of State Henry L. Stimson during the forthcoming naval arms conference in London. He also has been mentioned as possible successor to Nelson T. Johnson, who resigned as Assistant Secretary of State to become Minister to China.

SOUTH TEXANS SUPPORT ROAD BOND PROJECT

State Income Tax Is Much Opposed by Big Body

MOODY PRISON PLAN IS LIKED

Ray Leeman Retained for General Manager

BY FRED DYE
Associated Press Staff Writer
CORPUS CHRISTI, Nov. 19. (P)—W. Grady Kinsolving, publisher of the Corpus Christi Times and Caller, today was installed as the new president of the South Texas Chamber of Commerce after his selection last night at an executive session of the executive committee.

Kinsolving came to Corpus Christi about two years ago as publisher of The Times, severing newspaper connections at Abilene. This week, with the consolidation of The Caller and The Times, he became president and general manager of the joint enterprise. In his short stay in South Texas, Kinsolving has been recognized as the aggressive type young business man needed to head the three-year old South Texas Chamber.

Resolutions read to the convention today after adoption last night included support of the proposed state highway bond issue of \$200,000, sternly expressed opposition to a state income tax, and support of the modernization and centralization of the state prison system.

Manager Is Praised
O. W. Killman of Laredo, retiring president, and Ray Leeman, general manager, were praised for "the present splendid financial condition and accomplishments of the South Texas Chamber of Commerce."

Against a state income tax, the resolution said, "we believe a state income tax to be bad in principle, a burden on productivity, and a discouragement to industrial development of the state."

Representative of the area in which the state prison system is located, the chamber's resolution concerning the prison system was unusually interesting. It termed the system "antiquated and unsatisfactory," and asserted that there was apparent need for the concentration and modernization along lines suggested in various public utterances by Governor Moody.

On Tax Assessment
Another resolution condemned the farming out of tax assessments and collections in various counties and asserted money paid for taxes should all go for the development of communities in which they are levied.

MAIL BOXES ARE PLACED ON EIGHT STREET CORNERS TODAY—COLLECTION HOURS UNKNOWN

Boy Bites Dog And That's News By Definition

KANSAS CITY, Nov. 19. (P)—According to an accepted definition of news, i. e., "when a dog bites a man it isn't news, but when a man bites a dog it is," news was created in the kitchen of Max Koppel.

While Mr. Koppel was reading his newspaper, mingled walls and yelps arose in the rear of the house. Investigation disclosed his 4-year-old son, Donald, with teeth sunk firmly in the back of a pet pup. The dog had snapped at Donald, and Donald had retaliated.

Profit in Lions Follies Will Be Used Christmas

The Lions club will use the money derived from the Lions Follies, which will be staged at Central gymnasium Thursday and Friday nights, to buy Christmas "goodies" for needy children of the town.

Tickets for the Follies will go on sale tomorrow at Fatheree Drug No. 4. There will be no reserve seats and the first to arrive will get the best seats, according to W. H. Aldridge, director.

The costume which will be worn by Miss Bertha Curry was placed on display today at J. C. Penny's. This gown is heavily beaded net with georgette trimmings. The costume of Miss Otta Lee Studer is on display at L. T. Hill company store. An intriguing costume of silver cloth trimmed with red velvet which will be worn by the gypsy dancer, Miss Sadie Duncan, may be seen at Wade's store. The ballet slippers which will fit the nimble feet of Miss Georgia M. Wallace, Miss Melvina P. Downs, Miss Clydean Stuckey, Miss Callie Callison, are on display at Kees and Thomas.

The Follies cast had another long work-out last night. For the first time the Canadian beauty, Miss Harriet Hoare appeared in the line-up of bathing beauties and movie stars as Miss Miami. The blackface act, the school days episode featuring fat boys and hook noses, were rehearsed. One of the most artistic performances of the show will be the Spanish dance of Miss Hennie Hicks and Miss Clarice Barrett. Naturally graceful, these two young ladies have already mastered most of the intricate steps of the tango, the Jota, and others.

Practice of all the acts will begin tonight at 7:30 at Central gymnasium.

THE WEATHER VANE
WEST TEXAS: Generally fair to night and Wednesday.

No longer will Pampans be compelled to make a trip to the postoffice, to the station, or to the hotels to post letters. The latest improvement in Pampa's postal system was the installation today of eight street letter boxes in various sections of the city.

Two weeks ago the postoffice began free parcel post delivery by truck, shortly after free express delivery was instituted.

Definite time for collecting letters has not yet been announced, but it will probably be around 8 o'clock and 11 in the mornings and 2 and 4 o'clock in the afternoons. Night collections will probably be made at boxes in the business district, it was announced. However, a complete collection schedule will be found on each box.

The letter boxes are located at the following corners:
Brown and Cuyler, Foster and Cuyler at Hill's store, Browning and Cuyler, Foster and Gray, Browning and Somerville or West, Texas and Somerville, Kingsmill and Starkweather, Browning and Starkweather or Warren.

Man of 30 Becomes Chicago U. Prexy

CHICAGO, Nov. 19. (P)—Robert Maynard Hutchins became today, at the age of 30, the fifth president of the University of Chicago.

Inauguration was made brilliant by the attendance of representatives from 300 colleges and universities, not only in the United States, but in Canada and Europe as well. One hundred and twenty-five were presidents of the schools they represented.

So came from the largest and proudest schools of higher learning in the world; but none was among them so proud as William J. Hutchins, president of Berea College, Ky., for it was his son who was honored.

President Hutchins was born in Brooklyn, N. Y., January 17, 1899 and received his A. B. degree from Yale university in 1921, his masters in 1923, and his doctor of laws degree in 1925.

His selection as president of the University of Chicago came a surprise to the academic world in view of his youth. He succeeds Dr. Max Mason, who resigned to join the Rockefeller foundation.

Paving Program Gets Under Way

No objections to the paving program as outlined in the recent bond issue were received at the regular meeting of the city commissioners last night and the work will go forward at once. Grading and drainage of streets in the Cook-Adams addition has already begun. The commissioners also appropriated a sum to build abutments on both ends of the bridge connecting the addition with the main part of Pampa.

Selection of members of the proposed city planning commission was discussed but none were definitely chosen.

FRANK NORRIS IS CALM AT BAPTIST STATE SESSION

BEAUMONT, Nov. 19. (P)—The presence of the Rev. J. Frank Norris, pastor of the First Baptist church of Fort Worth, today barely created a ripple on the surface of smooth-running meetings and conferences incident to the Baptist general convention which starts here tomorrow. The Rev. Norris' church has not had representation in the convention for several years.

ATTORNEY TESTIFIES

WASHINGTON, Nov. 19. (P)—John H. Carroll, Washington attorney, said today before the senate lobby committee that he had been employed by the Cuban company, sugar importers, to obtain information regarding charges against President Machado of Cuba, so if they came before the senate foreign relations committee the Cuba sugar people would be prepared to answer them.

Goes For Attacker

DALLAS, Nov. 19. (P)—Deputy Sheriff Bud Walker left here today for New Orleans to return Phil Bennett, wanted on a charge of attacking a Dallas school girl last May 1.

Chinese Slayer Hanged

HONOLULU, Nov. 19. (P)—Myles Yutaka Fukunaga, 19-year-old Japanese, was hanged here at 8:14 a. m. today for the murder of Gill Jamieson, ten-year-old boy, whom he kidnaped for ransom and killed by beating and strangulation September 18 last year.

Cold at Denver

DENVER, Nov. 19. (P)—Freezing temperatures and snows ranging from a near blizzard at Cheyenne, Wyo., to a light fall in Lamar, Colo., descended on the Rocky Mountain region today. Only the western slope in Colorado appeared to have escaped the frigid temperatures and storm.

The storm, most intense at Cheyenne, where the temperature was 25 above and the snow was drifting badly, apparently was headed for the south, coming through Colorado and going into Mexico. The storm had extended as far south as Lamar by mid-morning. Las Vegas and Raton, N. M., reported cold weather but no snow.

DAVIS TRIAL IS NEARING AN END THIS AFTERNOON

End of the H. H. Davis trial was in sight at noon today when the defendant left the witness stand, where he spent five hours this morning and last night denying the statutory charge on which he is being tried.

Davis, who is a cook in a Shamrock cafe and the father of five children, testified that he was at home in bed sleeping on the morning of the alleged attack on the two Hardeman county sisters. He said that he was with Deputy Tom C. Johnson of Shamrock, when the latter arrested the two escorts of the girls, put them in jail, and fined them for reckless driving, speeding and vagrancy. He admitted going with Johnson and the girls to the cafe about 4 o'clock in the morning, but declared Johnson took him home shortly after and he slept until the middle of the morning.

The defense is expected to close its testimony about the middle of the afternoon when the court will prepare its charge. Arguments may be finished tonight, however, this seems to be a matter of doubt. Some of the arguments may be postponed until tomorrow.

Under cross-examination by W. M. Lewright, Davis stated that he had been sick for several days preceding March 17, date of the alleged attack, but that he was riding around with Johnson until 4 o'clock, March 17. He said he did not see the girls after Johnson took him home about 4 a. m. until he and Johnson took them to Shamrock later on in the morning.

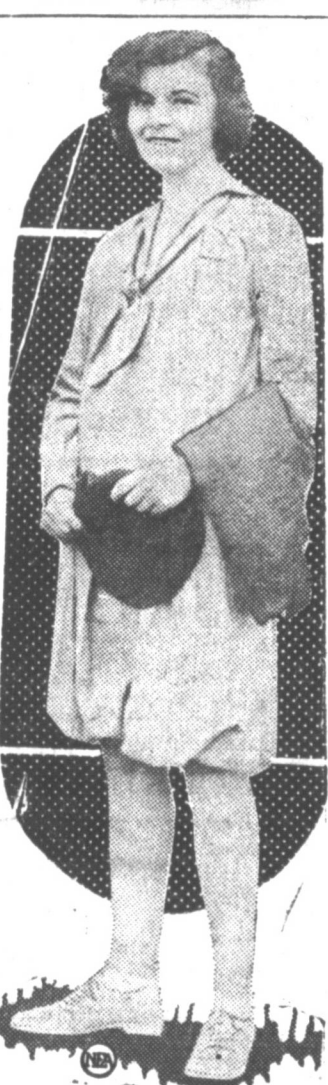

The defense called five other witnesses to the stand last night. They testified in the Johnson case and their evidence was materially the same as they gave in that trial. A few fact witnesses are scheduled to be heard this afternoon, and the state will probably call back some of its witnesses.

Two Men Killed in Store Robbery

ARDMORE, Okla., Nov. 19. (P)—Two men were shot and killed today when, surprised in the act of looting a general store at Pooleville, 30 miles northeast of here, three other men, one of whom was believed to have been wounded, escaped.

The Merchandizing Mart of Chicago, containing the largest floor space in the world, used 29,000,000 brick.

New Uniform

Cumbersome skirts have been abandoned for the more comfortable bloomer in the new uniform of the Girl Scouts of America. Above, Miss Anna Roos of New York is wearing one of the new uniforms at a recent Girl Scout convention in New Orleans.

GRAND JURORS AGREED AFTER 4-DAY PROBE

Attorneys for Austin Man Will Seek His Liberty

BAIL GRANTING TO BE PROPOSED

Barrister Stabbed Girl to Death Last November 9

AUSTIN, Nov. 19. (P)—The Travis county grand jury returned a murder indictment against John W. Brady, former judge of the court of civil appeals here, today.

Brady was indicted in the fatal stabbing of Miss Lehlia Highsmith, capitol stenographer, Nov. 9. The indictment was returned after more than four days of deliberations.

Defense attorneys planned to institute habeas corpus proceedings in an effort to procure Brady's release on bond. District Attorney Henry Brooks announced he would oppose granting of bail.

Calhoun Accused of Illegally Taking Men From County

STINNETT, Nov. 19. (P)—Attorneys for Sam Jones and Jim Hodges, indicted for the slaying of District Attorney John A. Holmes, prepared today to seek the freedom of their clients through a habeas corpus action, although apparently no one but county officers knew in what prison Jones and Hodges had been held.

The two men were taken from jail here Friday, were in the Tarrant county jail at Fort Worth for a short time, and then disappeared. They were thought to be in some Central Texas jail.

Deputy Sheriff Red Burton, who was with the prisoners at Fort Worth, appeared at Waco yesterday and sought, unsuccessfully, to borrow Waco city detective Lee Huff. Huff was loaned to the Hutchinson county officer, because he was a material witness in several cases here.

Attorneys for Jones and Hodges announced their petition would accuse District Attorney Clem Calhoun and Deputy Sheriff Burton of removing the prisoners from Hutchinson county illegally.

Crouch and Family Sail for America

WELLINGTON, New Zealand, Nov. 19. (P)—A. B. Crouch, against whom an extradition order recently was granted on the plea of a bank at Temple, Texas, which had charged him with forgery, sailed for America today on the liner Aorangi in charge of Sheriff Bingham. Crouch's family also was aboard.

CHORAL CLUB MEMBERSHIP IS GROWING FAST

Pampa's community chorus has passed 30 members in number and expects to have 50 members in the near future.

Under the membership plan, names are to be given to a committee, which submits them to the organization in balanced numbers to keep the chorus well distributed in the four parts. The membership committee is composed of Mrs. Tom Rose, chairman, Mrs. C. C. Dodd, Mrs. John Andrews, and Mrs. W. A. Bratton. Those who would like to sing with the chorus would submit their names to any member of the committee, Mrs. Rose said, or their friends may do so.

The chorus carried its organization further at the regular Monday evening practice by electing Grady Morton, treasurer and Miss Josephine Thomas as librarian. John Lee Harris is president. Members of the executive committee will meet Saturday to draft a constitution and by-laws.

The chief mineral wealth of Vermont lies in its granite and marble quarries.

OPERATORS' COOK-FAULKNER WELL DOING 8,640 BARRELS

The biggest oil well since the shut down agreement went into effect three months ago, Operators Oil company's No. 8 Cook-Faulkner in section 30, block B-2, went two feet into the pay at 2,810 feet and came in with an initial production of 360 barrels an hour.

The big gusher came in about 10 o'clock this morning and the production has been steadily increasing each hour, according to Tom Deswell, general manager for the company. As the flow has been increasing for several hours, it is thought that the first day's production will be between 8,500 and 9,000 barrels. The well is in the Marland-Finley area. It is 330 feet south, 1150 feet east of the northwest corner. The same company's No. 1 Lovett in section 55, block B-2, was shot yesterday with 250 quarts of glycerine and is now producing 300 barrels daily.

NOTICE TO THE PUBLIC
Any erroneous reflection upon the character, standing, or reputation of any individual, firm, concern, or corporation that may appear in the columns of the Pampa Daily News will be gladly corrected when called to the attention of the editor.

MANY PERSONS HAVE MISINTERPRETED THE EFFECT OF THE STOCK MARKET COLLAPSE ON THE REST OF THE COUNTRY. REMEMBER, STOCKS FROKE, BUT NOT BUSINESS STRUCTURES IN GENERAL.

The Panhandle is still in the "good" portions of the nation's map of business conditions. Many farmers were able to liquidate their debts, or go far toward doing so, after the recent wheat harvest of a big crop.

The Panhandle, which raised 42,000,000 bushels of wheat this year, promises to exceed this record in 1930. More than 2,500,000 acres, an increase of 42 per cent over last year's area, has been sown.

At the suggestion of James Record of the Star-Telegram, the Associated Press yesterday took a poll of business outlooks in leading cities of Texas.

Dallas—One of the favorable conditions which developed during the last week was the stimulation of cotton prices, resulting from the Federal Farm Board's action in placing actual cash in the hands of the Texas Farm Bureau Cotton association for distribution as loans to farmers.

Fort Worth—Fort Worth council will sell \$800,000 in bonds tomorrow to finance municipal improvements, such as paving and sewer building.

Every effort is being made by local authorities to promote construction work and to finance improvements in order to discount any stock market depression or pessimism.

Gainesville — Gainesville bankers are little perturbed over the near stock panic in Wall Street, expecting a rapid return to normal.

Harlingen — A successful winter season is in store for the lower Rio Grande valley, business men here believe.

Port Arthur—Bankers and industrial leaders here concur with the sentiment expressed by department of commerce officials in Washington that business is on a sound and prosperous basis.

Plainview—Increased bank deposits over those of last year reflect the general prosperous condition of this section.

Denison—Business men here termed the financial condition "never better". Several manufacturing plants were being constructed, including the enlarging of a cheese plant.

San Antonio—Retail sales in San Antonio Saturday were the largest of the entire fall. Merchants today forecast the greatest holiday trade in the history of San Antonio.

It is unwise to compare business conditions by the peak or boom conditions. By any normal basis of comparison, Old Man Texas finds the business outlook encouraging.

TWINKLES
A little child shall lead them—into laughter. Heard: Wee! missing making remarks and asking questions about bald-headed man in barber's chair.

about for cold weather, but at least he does not have to fear that it will be utilized to make a coat for some fair lady.

Members of the Lions Follies state that their production will be funny. We don't doubt it—folks are laughing at members of the cast already.

School children, it is claimed, use 50 million lead pencils each month. Modern youth must chew the pencils up even faster than they did when we were young and foolish.

We make no claim to fame, and besides, don't we battle this typewriter all over the desk writing nonsense like this?

The world is growing more intelligent, but millions still won't believe that Carlsbad govern is smaller than Mammoth cave.

Women may be needed to carry a seriousness into the jury box that it has not known, but we'd hate to think of anyone's failing to exercise his sense of humor at one of the country's best shows.

Coolidge's new book is intended to guide the youth of the country. Well, we young folk do talk too much, don't we? And sometimes when we ought to be listening.

Soviets Bombed Chinese Railway

HARBIN, Manchuria, Nov. 19. (AP)—Airplane and artillery bombardment by Soviet troops at both ends of the Chinese eastern railway were reported here today, and it was believed Soviet forces were trying to cripple the railway by striking at the road's fuel supply.

Advices reaching Harbin today said considerable damage had been inflicted on the Delainor mines near Manchull which are owned by the Chinese eastern railway.

Simultaneously with Delainor's bombardment Soviet airplanes were reported to have raided the mining area in the vicinity of Progradichnaya and

Sulferho on the eastern end of the railway where the Chinese Eastern has been buying coal since the Russian supply was severed.

A number of passengers were killed and others captured by Soviet troops after the bombardment of a crowded passenger train between Manchull and Khailar.

Defeated Mexican Will Not Revolt

MEXICO CITY, Nov. 19. (AP)—A published statement of Jose Vasconcelos, said to have made a direct hit on a dining car while machine guns were fired at the passenger coaches.

date, that he shortly would come to Mexico City was accepted here today as assurance he would attempt no armistice movement at present in support of his claims of fraud in the election Sunday of his opponent, Pascual Ortiz Rubio.

Otherwise his statement, while claiming the election really was won by himself, indicated, it was believed, a dis-

position to wait and see what action the Mexican congress would take. Estimates of the total national revolutionary party on the total nationwide vote showed, Pascual Ortiz Rubio 1,424,140; Vasconcelos 12,430; and General Rodriguez Triana, workers party, 14,809.

Ratliff Feigns Paralysis Before Making Break

EASTLAND, Nov. 19. (AP)—Maintaining the tradition for daring which he and his companions set when they perpetrated the famous "Santa Claus" bank robbery at Cisco, Texas, in 1927, Marshall Ratliff, under death sentence for his part in the robbery, last night put three bullets into one of his jailors in a vain attempt to escape from the Eastland county jail.

Deputy Sheriff Tom Jones, shot and seriously injured, was in the hospital today, and his doctors gave him a chance to live.

Ratliff, who was brought back to the county jail here several weeks ago for a sanity hearing, had feigned paralysis so successfully his jailors had believed him. The prisoner had remained prone on his bunk for days at a time, and officers had been forced to feed him.

Last night when Jones and Jailor E. P. Gilbert took food to the prisoner, Ratliff's cell remained unlocked while they fed the others. He crept out of the cell and down to the jail office where he obtained Jones' pistol, but was unable to escape through the locked outer door.

Returning, presumably to force the jailors to surrender the keys, he met Jones on the steps and opened fire. Jones grappled with him, receiving a shot just above the heart, another in the abdomen and a third above the knee. The latter shattered his leg. Ratliff also fired at Gilbert twice as the latter ran for his keys. Gilbert returned, dropped the keys as he closed with Ratliff, and wrenched the gun from his hands. The prisoner had time, however, to pick up the keys and hide them in his sleeve, before Gilbert, clubbing the gun, knocked him down. The jailor tried to shoot Ratliff, but the hammer of the gun had been let down on an empty cartridge, and the five shots that Ratliff had fired had exhausted the ammunition.

Gilbert's daughter, Mary Quay Gilbert, in the meantime had procured a gun and would have shot Ratliff if her father had not knocked up the barrel. Four stitches were taken in Ratliff's scalp.

LOS ANGELES, Nov. 19. (AP)—A suit by Cromwell Ormsby, Los Angeles attorney, against Almee Semple McPherson, evangelist, charging breach of contract and failure to pay for legal services, was on file here today. The attorney asks \$324,500 from Mrs. McPherson. He recently was dismissed as personal attorney for Mrs. McPherson.

Platter Usually Stops 'Em

Luther Platter isn't making any boasts but he's prepared for Cyclone Bonds in the bout Friday night at the Pla-Mor. In his six fights, five of them knockouts, Platter stopped Pete Newberry in five rounds, Dick Teague in two, Billie Collins in six, Ace Neuman in two, Arturo Bostino in three and fought Red Matlock to a draw. Platter admits that he made a bad showing in his fight here with Red Matlock. "We did very little but hug and clinch—never did any real fighting". Those who saw that fight will remember that Red not only led the fight but led in the clinching. Well, Cyclone Bonds never clinches and Platter is glad of it.

Mr. and Mrs. F. C. Workman had as guests yesterday: their daughter-in-law, Mrs. Ray Workman and little daughter of Amarillo; Mrs. Ray Workman's mother, Mrs. Lannie Dobbs of Dallas; and Mrs. J. S. McDowell of Amarillo. Mrs. Ray Workman, who is head of the Martha Washington candy shop of Amarillo, was here to give a demonstration.

Heavy Oil Is Slowly Regaining Lost Production

TULSA, Okla., Nov. 19. (AP)—Wavering under proration still in effect on the Pacific Coast, the estimated daily average production of light and heavy gravity oil in the United States during the week ending Nov. 15 gained back but 7,109 barrels of the 201,733 lost in the record drop recorded during the week ending Nov. 9, according to the Oil and Gas Journal.

The grand total estimated production for the past week was 2,615,457 barrels as compared to 2,607,348 barrels for the week ending Nov. 9. Light oil increased 7,332 barrels. A decrease in heavy oil production, however, lowered the final gain.

Oklahoma's total came back for a 28,515 barrel gain with the Oklahoma City pool supplying 20,270 barrels of this. The state's northern miscellaneous fields and the Seminole areas plied the remainder.

West Texas advanced 8,000 barrels, principally in Yates area, while Kansas remained virtually constant. The total Mid-Continent area advanced 29,270 in light oil and remained constant in heavy oil. Gulf Coast heavy gained approximately 3,400 barrels.

California lost 23,500 barrels distributed virtually even in Santa Fe Springs and Long Beach light oil areas. The miscellaneous fields of the state gained slightly. Heavy oil dropped 3,900 barrels.

"What do You Mean . . . Penetrates Metal Surfaces?"

A Plain Answer to a Reasonable Question

THE Germ Essence, imparted to highly refined paraffin base crude under a patented process exclusively owned by the Continental Oil Company for North America, actually penetrates and combines with metal surfaces, forming a permanent, protective film.

No matter how long a motor stands idle or how cold it gets, this film is present and immediately lubricates the moving parts when the engine turns over.

It takes five to ten minutes—often longer—for the oil in the crankcase to fully flood the bearings in the starting operation. During this period, automotive engineers agree, from 40% to 60% of motor wear occurs. This wear is reduced to a minimum by the ready-and-waiting lubrication which the Germ Essence imparts to Conoco Germ-Processed Motor Oils, retaining it on and in the surface pores.

CONOCO Germ-Processed Motor Oil stands up under every condition of stress and strain. It will not break down or burn nor will it evaporate to any appreciable degree.

No other oil possesses these qualities.

So positive are we in our convictions, so positive have been our tests of this remarkable lubricant, that we are perfectly willing for you to select any operating condition—no matter how extreme—and we will meet it with CONOCO Germ-Processed Motor Oil so satisfactorily that you will never consider using any other oil.

Go now to stations and dealers displaying the CONOCO Red Triangle—have your crankcase drained and begin immediately to profit through the use of this remarkable oil.

OLD RIVALRIES ARE INVOLVED IN BIG GAMES

BY HERBERT W. BARKER
Associated Press Sports Writer
NEW YORK, Nov. 19. (AP)—Two of football's oldest rivalries will be renewed on Saturday when Yale meets Harvard in the Harvard stadium and Lafayette clashes with Lehigh at Bethlehem, Pa.

For Harvard and Yale it will be the 48th meeting since 1875. Lafayette and Lehigh have played 63 games since 1884 with the only year since that time that these two natural rivals did not play.

Most forecasts are victories for Yale and Lafayette. After an early upset by Georgia in the South, Yale has come along at a great rate, bowling over Brown, Dartmouth, Army, and Princeton.

Harvard apparently has great potential strength but has been a disappointment this season. After being the Army, Harvard was crushed by Dartmouth, and then took a 14-12 beating at the hands of Michigan.

Yale will be out for revenge for the 17-0 reverse of last year. Of all the 47 previous clashes, Yale has won 27; Harvard 14; with six ties.

Two other old rivalries will find New York university opposing Rutgers at the Yankee stadium and Rochester playing Hobart at Rochester. New York university will be favored to beat Rutgers and tie the dual series record at 12 victories apiece since 1865, and Rochester should scalp Hobart for the 21st time since 1862.

Drake, champions of the Missouri Valley conference, will clash with the strong Temple outfit; Army meets Wesleyan, beaten only once this year. Undefeated Duquesne eleven takes on the Haskell Indians.

Indiana Menace Causes Purdue to Practice Hard

CHICAGO, Nov. 19. (AP)—What avails Purdue to win the Big Ten football championship if it loses to its traditional rival, Indiana?

This is the question Coach Jimmy Phelan is asking his boltermakers.

Confronted with the dangerous germ of over-confidence, which invariably comes with a title, Coach Phelan is using psychology, philosophy, and hard work to preclude chances of an upset when his team invades Indiana for its final game Saturday.

Meanwhile, Indiana was attempting to solve the baffling Purdue passing attack that has downed Michigan, Chicago, Wisconsin and Iowa. Coach Pat Page is giving his team, especially the ends, a minute drill on the boltermakers attack. A sell-out is certain for the game.

T. D. Hobart will go to the JA ranch today, accompanying Clinton Henry, superintendent of the ranch, and Mrs. Henry, who spend the week-end here with relatives.

FIRE DAMAGES BUILDING
Flames presumably caused by a stove left burning in an apartment of a barn garage almost destroyed an automobile belonging to C. W. Hester and gutted the barn which belongs to Mrs. Birdie McKinney. The apartment was occupied by negroes.

The fire department arrived promptly but had difficulty in smothering the flames at once.
Estimate of the damage has not yet been made.

AMARILLOANS INJURED
DALLAS, Nov. 19. (AP)—W. A. Frame, 47, of Amarillo and his daughter, Miss Jeannette Frame, 18, were injured in an automobile collision here last night. Although they required hospital treatment, neither was believed seriously hurt.

SNOWING IN KANSAS
GOODLAND, Kans., Nov. 19. (AP)—A heavy snow began falling in this section of Northwest Kansas today. At 9 a. m., two inches of snow covered the ground, and there was no indication of a halt.

County Attorney and Mrs. Robert A. Sone of Floydada were week-end guests of Mr. and Mrs. C. W. Stowell. While here, Mr. Sone also visited his cousin, L. L. Sone.

MATTY BELL'S OLD TEAM AT TOP OF RANK

By GAYLE TALBOT, JR.
Associated Press Sports Writer
It is a wise football coach who knows his own ducklings. Consider today the reactions of Matty Bell, athletic ringmaster at Texas A. & M. college, as he surveys the standing of the Southwest conference. At the top are T. C. U. Horned Frogs, whom he was tutoring a year ago. He knows where the Aggies, for whom he forsook the purple, are without looking. When he signed the contract last spring that tore him away from his first love and transplanted him at College Station, it looked like a great move for the former Centre College star. After years of earnest, but fruitless, endeavor at the Fort Worth institution he had been called to Aggieland, where championships grow on the trees, so to speak. It was a wise move, everyone agreed; an opportunity not to be passed up. But now—

Francis Schmidt is the most popular man in Fort Worth today. He has taken the squad left by Bell, driven it to eight consecutive victories and to the threshold of a championship in his first season. Recognized as one of the country's greatest basketball coaches as a result of his long list of triumphs at Arkansas, he has proved himself not unversed in football. He has given the Christians a fast, tricky, powerful eleven that will meet Southern Methodist Nov. 30 an even favorite to win its first conference title. He already has given the purple its first gridiron victory over Texas university. Any school that tried to entice him away from T. C. U. would have a scrap on its hands.

The next problem will be to take care of the mob that is certain to invade Fort Worth for that deciding tilt between the Frogs and Mustangs. Their annual duel always has been a big attraction in North Texas, but they never

Stewart Shot as Friend Mistakes Him for Deer

KERRVILLE, Nov. 19. (AP)—E. J. "Doleful Doc" Stewart, football coach for a quarter of a century, was accidentally killed about 30 miles from his home here yesterday when he was mistaken for a deer.

J. W. O'Byrne of San Antonio, hunting in the same party with Stewart, fired the fatal shot.

O'Byrne had come to Texas recently from Missouri and had never shot a buck. Stewart promised to go into the brakes and scare one out. The veteran mentor evidently could not get through and he returned by the same route. O'Byrne thought the deer would take. O'Byrne saw the brush moving and thought the deer was the buck. The charge struck Stewart in the chest, killing him instantly.

Stewart's body was taken to San Antonio and placed on a train to be borne to Cleveland, Ohio, where he was reared and educated. Funeral services and burial will be there.

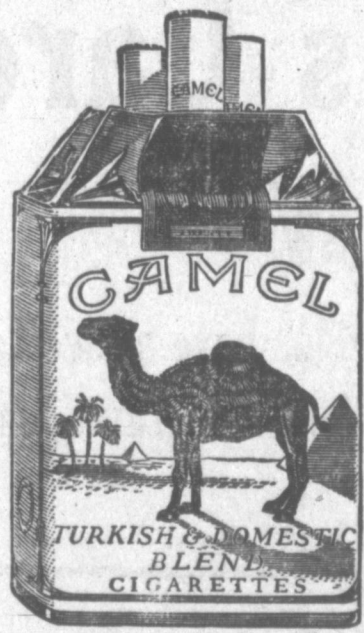

H. Lipshy, manager of Levine's store, returned last evening from Dallas, where he and Mrs. Lipshy attended funeral services for the former's father A. Swartz, who died Friday, after a long illness. Mrs. Lipshy is remaining in Dallas for a few days.

great Pony peggers. Dropping back and taking plenty of time, he whisked the ball far down the field to exactly the right spot, and not a one was dropped that touched the fingers of a receiver. The Baylor backs appeared to be in a daze during those frenzied minutes of the second quarter when the Mustangs scored their three touchdowns in rapid succession. Gilbert's heave to Kattman for the first score was particularly brilliant. Kattman caught it in the exact corner of the field, a foot from the goal, with Jake Wilson making a desperate effort to knock it down.

why smokers graduate to

CAMELS—

The phrase "I've Graduated to Camels" originated with a Camel smoker. It expresses the experience of millions who through Camels have learned to know real smoking pleasure.

As taste in smoking develops, it naturally leads toward better quality. New smokers may not be critical but when they once experience the true mildness and surpassing fragrance of the Camel blend, they realize that here is a real superiority. It is for smokers of such discernment that Camels are made . . . for them the choicest tobaccos are selected . . . and this quality is maintained for the millions who know genuine smoking pleasure.

when they learn the difference they flock to Camels

THE TIRED BUSINESS MAN
as you know him

and

THE TIRED BUSINESS MAN
as you will see him at the

LIONS FROLIC
Thursday and Friday Nights
at the
HIGH SCHOOL AUDITORIUM

Social Calendar

TUESDAY
The Amusu Bridge club will meet at 2:30 o'clock in the home of Mrs. Lynn Boyd.
Mrs. C. L. Craig will entertain the Kongenial Kard Klub at her home, with games opening at 2:30 o'clock.
A called session of the Business and Professional Women's club will be held at the B. C. D. auditorium, at 7:30 o'clock.

WEDNESDAY
The Woman's auxiliary of the Episcopal church will meet in the home of Mrs. John L. Peake, where at 2:30 o'clock Mrs. Frank Perry will conduct a program on the first three chapters of "St. Paul and the Early Missions."
The Women's auxiliary of the Presbyterian church will meet at 2:30 o'clock in the home of Mrs. George Briggs, with Mrs. Ashley co-hostess.
The Ladies' Aid society of the First Christian church will meet at the church at 2:30 o'clock. Mrs. S. A. Burns and Mrs. Sunkel are to be hostesses.

Lafalot bridge club will meet at the home of Mr. and Mrs. J. L. Nance at 3 o'clock.
The Baptist W. M. U. will meet in regular general session at the church at 2:30 o'clock.
The Altar society of Holy Souls church will meet at the home of Mrs. Harry Carlson at 415 North Faulkner street at 2:30 o'clock. Mrs. J. P. West will be co-hostess.
Pythian Sisters will meet at 2:30 o'clock.
The executive board of the Council of Clubs and chairmen of convention committees who have been appointed will meet at the home of Mrs. Tom E. Rose to complete assignments.

THURSDAY
The High School Parent-Teacher association will not meet this week.
The American Legion auxiliary will meet in regular session at 7:30 o'clock.
The Lamar Parent-Teacher association will meet at 3:30 o'clock at the school building.
The Friendship class of the Methodist church will meet in the class room at 3 o'clock for a social.

FRIDAY:
An initiation service will be held by the Order of the Eastern Star at 7:30 o'clock.
A called meeting of Pampa Welfare association will be held at 4 o'clock in the B. C. D. auditorium.
Child Study club will meet at 2:30 o'clock in the home of Mrs. Ivy E. Duncan.

SATURDAY:
The Altar society of Holy Souls church will hold a cooked food sale at Piggy-Wiggly No. 1.

Cradle Roll Club of Baptist Church Meets
The Cradle Roll club of the Baptist Sunday school yesterday afternoon made plans for redecorating the church nursery and the Cradle Roll room next Friday, and for a Christmas tree and program for the children of the department and their mothers. Mrs. O. H. Gilstrap, president, conducted the business meeting and a devotional service preceding it.
The first lesson in the club's new manual, "Working with the Cradle Roll and Beginners," was led by Mrs. A. L. Hardcastle. Other members who attended the meeting at the church were Mrs. George Berlin and Mrs. O. J. McAllister.

General Convention Committee to Be Named at Wednesday Session
Chairmen for sixteen committees which will form the general convention body for the annual spring session of the Seventh district Federation of Women's clubs, which will be held here in the spring of 1930, are to be appointed and the members of various women's organizations assigned their work at a meeting of the executive board of the Council of Clubs tomorrow evening. The meeting will be held at 7:30 o'clock in the home of Mrs. Tom E. Rose. Chairmen who already have received appointments also are to be present.

The Council of Clubs is composed of five federated clubs, two other large organizations, with a sixth federated club to enter shortly. The executive board comprises the elected officers of the council. By a recent decision of the council, the convention is to be managed through central committees, with possible representation from each executive committee and the president of the council. Through the plan all clubs will be united in solving problems of finance, housing, program, and all major interests of the convention. Public announcement of the appointments will be made soon, Mrs. Rose said.

Sherwood Anderson's Program Topic Monday
Sherwood Anderson was the subject of the program given yesterday afternoon at a meeting of the Study club of the A. A. U. W. and College club. Mrs. J. J. Devine gave an interesting biographical sketch of the writer, and told of his earlier literary triumphs. "Winesburg, Ohio" was reviewed by Miss Willette Cole.
Mrs. G. B. Hamilton was a visitor to the club. Members present were: Mrs. W. J. Smith, the president; Mrs. Carl Boston, Mrs. F. M. Culbertson, Mrs. W. R. Campbell, Mrs. Clyde Fatheree, Mrs. W. T. Fraser, Mrs. A. D. McNamara, Mrs. H. E. Marbaugh and those giving the program.

Nation Mourns Loss of Secretary Good Yesterday

WASHINGTON, Nov. 19. (AP)—The head of the nation was bowed in sorrow today at the death of one who stood high in the councils of its government. James William Good, secretary of war, officials and diplomatic Washington joined in unstinted tribute to the fallen cabinet officer, praising him as an able public servant of high ideals and mourning his loss as a friend.

Preparations were made for a state funeral tomorrow in the east room of the White House, attended by President Hoover, members of the cabinet and other high public officials, and for the transportation of the body to Cedar Rapids, Iowa, Secretary Good's birthplace, for interment there.

Death came last night at the end of a week-long struggle against blood poisoning, which set in after he had undergone an emergency operation for appendicitis. Throughout the week, the best that medical science could offer fought valiantly for his life, aided by a vitality amazing to his physicians.

"I have never lost a fight in my life and I am not going to lose this one," Mr. Good said to physicians in his last period of consciousness. The encroachments of the poison, were, however, more than his overtaxed body could bear, and he died at 8:37 p. m., while Mrs. Good stood beside his bed.

President Hoover, who kept in close contact with the sickroom throughout the cabinet officer's illness, was notified at once and with Mrs. Hoover hastened to Walter Reed hospital to offer their condolences to Mrs. Good and ascertain her wishes regarding the funeral.

With Secretary Good's death, responsibilities of the war department devolved upon Patrick J. Hurley of Tulsa, Oklahoma, the assistant secretary, a war veteran who is entitled to wear the distinguished service medal. Hurley stood high upon the list of those advanced as Mr. Good's probable permanent successor.

Hijackers Sent to Prison by Ruling

LOS ANGELES, Nov. 19. (AP)—Three hijackers today faced prison sentences because Superior Judge Carlos S. Hardy ruled that while liquor is not legal property, bottles containing it may be so classified.

Judge Hardy held that Robert Jones, Abe Mitchell, and Ralph Odenwald were guilty of second degree burglary. They were accused of burglarizing a garage of \$10,000 worth of contraband.

The trio based their defense upon the contention that since liquor possession was unlawful it could not be made an object of theft.

Constable Shot by Oil Field Worker

OLNEY, Nov. 19. (AP)—Interfering in a quarrel between a man and his wife cost Constable Ed Langford his life here yesterday. J. N. Reese, oil field worker, was held in connection with the crime.

Mrs. Reese had complained to officials her husband had threatened her life. According to witnesses, Langford called Reese into an office to question him. As the man entered, he asked him whether he was armed, and Reese immediately backed out of the door, shooting through it as it closed and piercing Langford's heart.

Reese was arrested later and the gun found in possession of a hotel proprietor to whom Reese had given it.

CARD OF THANKS

Officials and members of the First Methodist church of Pampa wish to use this means of expressing their thanks and gratitude to the people of Pampa for the wonderful way in which they responded in assisting in entertaining members, delegates and visitors to the recent session of the Northwest Texas conference.

To the pastors and members of different churches of the town for opening their churches to the visiting pastors on Sunday:

To the Pampa Daily News for the manner in which it handled all news concerning the conference;

To C. Herbert Walker of the Daily News Office Supply store for the use of typewriters and office supplies;

To the Malone Furniture company and the Amarillo Furniture company for their assistance in providing furniture for the different rooms of the church;

To the Board of City Development, the Rotary club, and the Lions club for their assistance in entertaining the delegates;

And to the community as a whole for the courtesies and the interest shown throughout the conference week.

We are pleased to say that the reports from visitors, members, and delegates have been that the entertainment furnished by Pampa people was the best ever furnished the Northwest Texas conference.

Signed:
REV. TOM W. BRAHAM, Pastor,
O. W. FERGUSON, Chairman of Board of Stewards,
J. M. DODSON, Treasurer of board of Stewards,
JAMES BURGESS, secretary of Board of Stewards.

See "Kempy" Excellent entertainment.

Tempering the Wind to the Shorn Lamb!

Snyder Man Directs Building of One of Best Airports in Texas— He Attends Methodist Conference

That few cities of 100,000 have as good an airport as does Snyder was declared by D. P. Yoder of that city, delegate to the Northwest Texas Methodist conference here last week. Mr. Yoder was district lay leader of the Sweetwater district.

Mr. Yoder, an engineer and business man of long standing and widely known in the Southwest, originated the idea of providing an airport at Snyder sufficiently large to take care of great air fleets, together with a series of modern cabin inns to handle the road tourist traffic that comes to that city, which is a junction point of the famous Dal-Paso Cavern highway, shortest route from Dallas to the west coast, and state highway No. 7, principal outlet to Amarillo, Lubbock, Abilene and South Texas.

Located between two state designated highways, Nos. 7 and 101, and across the road from the Santa Fe depot, more than 3,000 feet of landing area has been provided with clear approaches in all directions. Plans for the air center were drawn up after visits to many fields in this and adjacent states. The field proper includes an iron hangar already completed and large enough to house six planes, and electric service re-fueling pump, one of the few outside an army field in Texas; together with administration offices and plane supply room attached to the hangar with complete machine shop facilities available for servicing visiting planes. The landing field is said to be one of the finest in the country, and is already covered with grass, providing landing in any kind of weather. A Curtiss-Robin monoplane is provided at the port for commercial use, flying school and cross-country jumps, with a government licensed pilot in charge. Air markers that can be seen for fifteen miles are located at the center of the field with arrow pointing north. An airport designation sign is also located down town.

Within 100 yards of the hangar is located the first of a series of Cabin Inns where every service a modern hotel provides is given, with shower baths, lavatories, telephone, telegraph, gas, water, electricity, with radio hook-ups provided in each cabin. Of the ten cabins already completed each is an individual unit constructed of stucco with interiors of wall board trimmed in green and ivory. Exteriors are green tinted with all wood work in green and cream white. Twenty-five cabins will be the goal of the builder. A waiting room that also provides showers and lavatories is provided with a main depot containing a first class restaurant, grocery, sundries and field superintendent's residence. The Santa Fe depot is directly opposite the main office, while at the north end of the field is the Snyder Golf & Country club and swimming pool. The course of nine holes is open free of all fees to visiting planes and their passengers.

The park adjoining the cabin inns is now being beautified with flowers, shrubbery and trees. Aviation magazines and pilots who have been here declare that Snyder has the most model airport in the United States of any city under 100,000 population, as every requirement is fulfilled, and location could not be improved, being but one mile north of the public square with taxi service available at the port at "two-bits"

Talks To Parents

GROWTH OF CONSCIENCE
By Alice Judson Peale

Conscience, that inner guide which directs the individual to conduct which, generally speaking, keeps him comfortable, happy, and in harmony with his fellows, has simple beginnings in early childhood.

It depends for its quality largely upon the guidance received during these early years.

The child's conscience develops from happenings which bring either approval or disapproval at home, from rules to which obedience is expected and exacted, and from the example which day by day his elders set before him.

We are the keepers of our children's consciences. It is up to us to see

IN CONGRESS

Monday

Nomination of G. A. Youngblood to be assistant attorney general in charge of prohibition was sent to senate judiciary sub-committee.

that the values they acquire will be trustworthy guides in the complexities of adult life.

Since from our approval given or withheld, children derive their notions of right and wrong, we must be sure that we give our approval only to attitudes and actions which are really worthwhile and which will develop in them habits that make for happiness.

We will exact obedience only to rules which are necessary for health devel-

opment and sound social judgment. There will be no obeying for obedience' sake, but for the sake rather of values which the child has learned to accept voluntarily because of his faith in us.

We will endeavor to be living examples of the benefits which come from living with a wholesome conscience, and our children will learn through unconscious imitation as much of right and wrong as they acquire through conscious teaching.

OIL PIONEER DIES

ABOUT FOLKS

T. D. Hobart, who is an authority on much of the early history of the Panhandle and especially Pampa, believes he is correct in saying that Albert Square was not named for King Albertas some believe but for Albert Foster, brother of the late Frederic de Peyster Foster of New York, once principal owner of the White Deer lands.

The magazine talk of the town this week seems to be an article in Liberty, "Why Men Hate Women," by Rex Beach. Browney Akers, discriminating manager of the Rex Theatre, says Rex Beach "told all."

Here you see R. C. Sowder as Tom Mix, one of the galaxy of stars in the Lions Pollies. In this photograph, R. C. is addressing a sonnet to the cactus entitled, "It Must Be Terrible To Be the Kind of Men They Call a He."

Martha Washington, alias Mrs. Ruby Workman of Amarillo, in powdered wig and an orchid-colored colonial dress trimmed in point lace, presided over Richards Drug store yesterday, making delicious candy and giving it to store visitors. A box of Martha Washington candy presented to The News was appropriate. The Richards drug has exclusive rights to sell Martha Washington candies in Pampa, which is another proof that Pampa has reached the city class.

Miss Louise Miller, deputy district clerk, didn't stutter nor totter when called upon to administer the oath to Judge W. R. Ewing when he testified in a continuance hearing the other day.

Introducing Miss Otta Lee Studer, Miss Pampa and queen of the bathing beauties in the Lions Pollies. Miss Studer in this appealing pose is doing two things. She is using her knees by the dot and dash method to tell the crab, "if you pull my hairs I'll ruin your bathing suit," and the song he is playing on the water wings is, "Aha, My Beauty, Zo You Had a Bod Gold Wen We Kissed Goodbye"—sniff, sniff.

B. & P. Club Called to Meet 7:30 Tonight

A called meeting of the Business and Professional Women's club will be held at 7:30 o'clock this evening in the B. C. D. auditorium, when the members will consider important matters to be presented by the president, Mrs. Grace Higgins.

Mrs. Higgins, who is to arrive today from a business trip to Wichita Falls, Dallas, and Fort Worth, today wired a request that every member attend the meeting.

KEMPY—High School Auditorium, Nov. 26.

A. H. Doucette is in Canadian today on business.

W. A. Curry is transacting business in Amarillo today.

Mrs. W. H. Curry is visiting in Panhandle today.

Lafa Casey, son of Mr. and Mrs. George Casey, has returned home, after spending several months in Denver with a dance orchestra.

Brs. Bobbie Butterfield has returned after a week's visit in Tulsa.

Mrs. Milton Bradley is visiting her parents, Mr. and Mrs. O. H. Ferguson of this city.

Tex Kelly and Vaughn Adair are spending a vacation in Lubbock.

Ben Tucker and Russell Smith visited in Panhandle Sunday night.

Mrs. G. B. Hamilton will return to her home in Amarillo today, after a pleasant week-end visit with Mr. and Mrs. W. R. Campbell.

Mrs. Alta Stanard and daughter, Miss Floy, returned yesterday from Denton, where they spent the week-end with the elder daughter, Miss Cleora, a student in C. I. A.

W. C. Culwell of Clarendon was a week-end guest in the home of his daughter, Mrs. W. A. Crawford.

See "Kempy" Tuesday, 26th.

PAMPA-MEMPHIS GAME IS SET FOR 2 O'CLOCK FRIDAY—TEAMS WORK HARD IN PREPARATION

Setting of the Pampa-Memphis game of Friday at 2 p. m. in the Hall county seat will mean that those driving to the classic will have to leave Pampa before noon.

Local school will continue their work as usual, Supt. Fisher said last night. Students will not be allowed to leave their classes to make the trip unless their parents exercise the legal right to go by the school rooms for the children. On no other grounds will the students be allowed to leave their work.

The time of the game was set yesterday at a telephone conference of school officials of the two cities. Memphis was anxious to play as early in the afternoon as possible, since the game must be run off as scheduled regardless of the weather to give the winner time to prepare for the District 1 championship clash.

Pampa is doped to defeat Memphis, but the latter is working day and night on preparations to stop the Pampa offense, outpunt the locals, and play the breaks for a victory. Clarendon tied Memphis and seemed on the way to a division title when the Shamrock Irish tied the Danley county boys. A return

game with Memphis was necessitated, and in this Memphis won the encounter and the right to meet Pampa. The winner at Memphis will play Hereford Thanksgiving at a point to be decided. Both Pampa and Hereford have beaten Canyon, and it is regarded that the strength of the two teams is almost identical.

Down in District 2 three teams are tied for the championship. They are Lamesa, Lockney, and Ralls. Slaton and Post, early season favorites, were toppled in upsets. Ralls and Lockney will meet Friday, with Lockney doped to win. Lockney has won 8 games scoring 373 points to 12 for her opponents.

Lamesa will play the winner of the Lockney-Ralls elimination on Thanksgiving. Winners in the two districts will likely be matched early in December.

Faced with a long campaign, in the early winter weeks, Coach Odus Mitchell of Central is driving his lads as hard as he can without putting them stale. Right now he is pointing for Memphis, but Hereford looms big in the near horizon and a thought must be given to Thanksgiving, just around the corner. The Memphis obstacle has not

been hurdled, however, and the coach and team realize what might happen should an inspired Memphis eleven find them off their guard and stride.

The steamer Prince Olav, formerly the British royal yacht Alexandria, will be placed in passenger service out of Miami, Fla., to the Bahamas and West Indies this winter.

A deer invaded the farm of the Rev. H. L. Carr near Roanes, Va., and killed a sheep.

Bees during winter months thrive best in temperature of 40 to 45 degrees Fahrenheit.

A want ad was worth more than \$2,000 to Mrs. Anna Myers of Chicago, who, through that medium was advised she was joint heir to an estate that had awaited settlement 50 years.

Soft coal production in 1928 had slumped more than 24,000,000 tons as compared with 1923.

As a measure of preparedness against disasters, epidemics of war, a nationwide enrollment of nurses by the American Red Cross is maintained in Washington.

Faced with the necessity of boiling water during a drought, the residents of Pittsfield, Mass., were advised to beat the water like eggs to restore the original taste.

Cal Shepherd of Panhandle was transacting business in Pampa yesterday.

Markets

Her Gratitude to Sargon Unbounded

Three bottles of Sargon and Sargon Soft Mass Pills relieved me of gall bladder trouble that I suffered with for seven years.

MRS. G. W. HUPP

"The treatment strengthened me so wonderfully I started giving it to my little girl who never had been well. Her appetite was finicky; things disagreed with her and she was too nervous and rundown to even take physical exercises at school like other children.

"Sargon made her well and strong again and any mother can imagine how happy I am! Her appetite is fine, everything agrees with her and she's not nervous any more. Sound, restful sleep has helped her gain strength and she looks and acts like a different child.

Sargon Pills are the most effective laxative I ever used and yet act so gently, my little girl didn't mind taking them at all. I can certainly recommend this splendid treatment to anyone sick or rundown."—Mrs. G. W. Hupp, 3508 S. 20th St., Omaha. Fatheree Drug Co., Agents.

INJURED GIRL DIES

MCALLEN, Nov. 19. (AP)—Marion Walsh, 21, died at a hospital here today of burns suffered in a gas explosion at her home yesterday.

Miss Josephine Lewis returned yesterday from a short visit with relatives in Amarillo.

Mrs. H. D. Balthrop returned yesterday from Sweetwater, where she visited her sister, Mrs. F. N. Shriver. She was away ten days.

Mrs. R. Earl O'Keefe, her small son, Jay, and baby daughter, Kitty, are visiting relatives and friends in Panhandle.

Prejudice Thrives Where Ignorance Hives!

AN ANCIENT PREJUDICE HAS BEEN REMOVED

AMERICAN INTELLIGENCE beckons all to cultivate knowledge. Tyranny, intolerance and poverty wither as schools grow in this great land of opportunity.

"toasting did it"—
Gone is that ancient prejudice against cigarettes—Progress has been made. We removed the prejudice against cigarettes when we removed harmful corrosive ACRIDS (pungent irritants) from the tobaccos.

YEARS ago, when cigarettes were made without the aid of modern science, there originated that ancient prejudice against all cigarettes. That criticism is no longer justified. LUCKY STRIKE, the finest cigarette you ever smoked, made of the choicest tobacco, properly aged and skillfully blended—"It's Toasted."

"TOASTING," the most modern step in cigarette manufacture, removes from LUCKY STRIKE harmful irritants which are present in cigarettes manufactured in the old-fashioned way.

Everyone knows that heat purifies, and so "TOASTING"—LUCKY STRIKE'S extra secret process—removes harmful corrosive ACRIDS (pungent irritants) from LUCKIES which in the old-fashioned manufacture of cigarettes cause throat irritation and coughing. Thus "TOASTING" has destroyed that ancient prejudice against cigarette smoking by men and by women.

"It's toasted"

No Throat Irritation—No Cough.

TUNE IN—The Lucky Strike Dance Orchestra, every Saturday night, over a coast-to-coast network of the N.B.C.
