Sunday the Week Days too

BOWOWCH!—Each of the hundreds of animals parading past the "vet's" needle during this week of rabies prevention measures for pets probably had their own cussword if mere mortals could understand. Brenda Winters, left and Nancy Lavake hold pets while Dr. Kenneth Royce holds the needle. Regardless of the Pampa veterinarian used, pet owners have been loud in praise for the gentleness and love on the part of these men. (Staff Photo)

Pet Owners Urged To Give Rabies Shots To Cats, Dogs

Saturday is the final day of a busy week in which Pampa's veterinarians and hundreds of pet owners in the city are working to insure against the outbreak of a rabies epidemic. The city ordinance calls for all pets to be inoculated every 12 months. Dr. Kenneth Royce, one of the local animal doctors, said the inoculation of 70 per cent of the pets—dogs, cats, other animals—would preclude any epidemic. The danger lies chiefly in the infiltration of the city by skunks each year in the Spring. They are usually most prevalent in the ravines and park-like areas of the city but, being nocturnal animals, they roam at night in search of food. Time and experience have proved that the incidence of rabies Pampa has had in the past stems from contact these roving skunks make with both pets and stray dogs and cats. Veterinarians are making special concessions in time and fee during this week as their contribution to the protection both citizens and pets. According to officials, many people neglect to have the shots for their pets because they are kept in or not considered vicious and likely to bite someone at all. However, breaking the skin of any of the family at play can become a nightmare if the animal is not inoculated. Rabies shots for humans who have been exposed to animals are one of the most painful medical treatments known to man. Such an experience can also be trying for pet, too, since it must be closed up for observation. In extreme cases it could be absolutely disastrous should a pet involved in an incident become sick and cannot be diagnosed. It could conceivably mean the death of the pet so laboratory analysis can be made. While the ordinance requiring inoculations touches only pets within the city, veterinarians happily extend their services to farm and ranch people with pets and animals they want protected from the annual threat of rabies through stray predators. Skunks were mentioned as the most frequent and populace threat each Spring, but coyotes, and other animals are potential carriers, too. It may be questioned momentarily by those listening to the wail of pets reacting to their shots, truly the shot for prevention is better than a shot for destruction.

More Rains Expected For Pampa And Surrounding Areas Today

Heavy thunderstorms with high winds and hail and tornado funnels continued to hit sections of the Panhandle Plains yesterday but Pampa and the immediate area received only a trace of moisture. One tornado reportedly hit the ground three times near Dalhart, but no damage occurred from the twister. Winds over 50 miles an hour, however, damaged roofs, blew the top off a church and threw power poles to the ground. Heavy rains also hit the area, with hail and chunks of ice covering many sections of the ground and causing hazardous driving conditions on many of the roads. A flash flood warning was issued until 7 a.m. today for parts of Dallam, Hansford and Sherman counties and parts of the neighboring Oklahoma Panhandle. Other twisters, none of them apparently causing any damage, were noted southwest of Amarillo and northeast of Bovina. The rains have tended to aid agriculture in most sections of the Panhandle, but in several places the farmers have received too much rain too quickly. The hardest hit areas are Palmer, Bailey and Lamb counties in Texas and Texas County in Oklahoma. Near Muleshoe hail, high winds and heavy rains appears to have greatly damaged, if not completely destroyed, the wheat crop and much of the corn. But while most sections have been blessed by the rain, a few sections have not received any measureable moisture, including areas in the northeast Panhandle and an area south of Dalhart. Part of South Texas are also suffering from damaging storms, with floods reported at Laredo, which received 9.2 inches of rain, and at Wharton, southwest of Houston, where 6 inches fell in two hours. Funnel clouds were also reported near Houston, Victoria and Corpus Christi. The Rio Grand rose from 1.7 feet to 11.3 feet in 12 hours after cloudbursts hit areas along the Mexican border. Flash flood warnings were issued for low areas in counties in the section. The storms were expected to continue today, with 60 per cent chance of rain predicted for Pampa and the surrounding area today.

School Bands To Strike Up At PHS Field House

Bands from the Pampa Independent School System will strike up at 7:30 p.m. today in the Pampa High School Field House for the annual spring festival. Participating in the yearly event will be 600 musical students from all seven elementary schools, the two junior highs and the high school. The music, said Harris Brinson, Harvester Band director, "will appeal to everyone, as it varies from classical to the very current in pop tunes. There will be no admission charge to the concert, but Brinson urges everyone to make plans for an early arrival in order to get a seat. The bands will combine for the opening and closing numbers. The Star Spangled Banner and "America the Beautiful." The combined elementary bands will perform "Prayer for Young People," "Safari" and "Rainy Days and Mondays." The Lee Junior High Band will play "Officer of the Day," "Cherish" and "Variation Overture." Pampa Junior High Band will perform "The Now Explosion," "Brittany March" and "Instant Concert." The Harvester Band will perform "William Tell Overture," "Cole Porter" and "Riders for the Flag." Directors will include Darrell Garrison, elementary; Joe DiCosimo, Lee; David Robertson, Pampa Junior High, and Harris Brinson, Pampa High.

Idaho Mine Fire Deaths Raise To 58

KELLOGG, Idaho (AP) — A rescue team searching for possible survivors of the Sunshine silver mine fire has found four more bodies, but fear of smoke and gas has slowed efforts to go deeper in search of 40 missing men. The four victims discovered Wednesday night raised to 51 the number of known dead from the fire which hit the mine nine days ago. The latest victims were found at the 3,400-foot level of the huge workings. The aim of the rescue team was to go to 5,200 feet where the missing miners were believed to be. After finding the bodies Wednesday night, the rescue crew spent half an hour sealing off the shaft with inflatable bulkheads covered with foam rubber.

Citizens Urged To Observe Police Week

Mayor Milo Carlson today called upon Pampa citizens to join in the observance of May 14-20 as National Police Week and May 15 as Police Memorial Day. In a proclamation, the mayor asks citizens to thank Pampa police officers for their services to the community. The proclamation reads in part: "Whereas, The Law Enforcement officers are our guardians of life and property, defenders of the individual right to be free men, warriors in the war against crime, and dedicated to the preservation of life, liberty and the pursuit of happiness, and Whereas, The City of Pampa desires to honor the valor, service and dedication of its own police officers, We therefore proclaim the week of May 14th to May 20th to be Police Week and call upon all our citizens in this community to especially honor and show our sincere appreciation for the Police Officers of this City by deed, remark and attitude. I call upon all our citizens to make every effort to express their thanks to our men who make it possible for us to leave our homes and family in safety each day and to return to our homes knowing they are protected by men willing to sacrifice their lives, if necessary, to guard our loved ones, property and government against all those who would violate the law."

Mrs. Kermit Lawson Of Pampa Is Secretary Of State Women's Club

By JANE KADINGO
Mrs. Kermit Lawson of Pampa is secretary of the Texas Federation of Women's Clubs following the election and installation of officers Wednesday at the state convention in Dallas. She was competing with Mrs. L. A. Maddox Jr. of College Station for the office. Campaigning for Mrs. Lawson were 74 clubs in the 20-county Top Of Texas District, with Mrs. Frank C. McDaniel of Dalhart and Mrs. Harold Shoulders of Dumas as campaign managers. Members of the district clubs chartered a bus to attend the convention and set up a hospitality center at convention headquarters in Dallas. Mrs. Lawson was endorsed for the office by her local club, El Progresso, and the other Pampa federated clubs prior to her endorsement by the district at its meeting in Dumas. A federated club member for 25 years, Mrs. Lawson has held most of the appointed and elective offices of her local club and currently is immediate past president of the Top of Texas district, according to Mrs. James Malone, of Pampa, El Progresso president. Mrs. Lawson's amazing record of activities and civic work has provided her with a background of experiences which make her uniquely qualified for this position of trust and honor. Mrs. Malone stated. A member of the First United Methodist Church of Pampa.

Majority Of Americans Back President's Move

WASHINGTON (AP) — Messages to President Nixon in reaction to his decision to mine North Vietnamese harbors range from support of the family of a pilot missing in Vietnam to irate protests of immorality and unconstitutionality. The White House provided Wednesday a random sampling from the near 40,000 telegrams which officials say are running 5 to 1 in favor of Nixon's actions. The sentiments range from such comments as "Hooray for old-fashioned American guts," sent by an Alabama family, to a simply "No," repeated 15 times by a Massachusetts citizen. The White House declined to permit use of the names of most of those who made their opinions known to the President. An umpire from St. Louis told Nixon, "Stick to your guns. We are sincerely behind you." And one writer declared, "A leader must make a decision. Public opinion must not prevail—public opinion is hindsight with no liability, not leadership." He said the officers and members of his union "reaffirm our pledge one hundred per cent in support of your policy seeking freedom abroad and more equitable society at home." Another from TV star Jackie Gleason called the speech "Superb." He said it conveyed Nixon's "courageous leadership" and concluded, "Let's hope it inspires other Americans to rededicate not only their understanding of the situation but the pledge of allegiance to America." There was thanks "for your courageous stand" from the family of a pilot son missing in action. An umpire from St. Louis told Nixon, "Stick to your guns. We are sincerely behind you." And one writer declared, "A leader must make a decision. Public opinion must not prevail—public opinion is hindsight with no liability, not leadership."

Membership Drive Jumps To Flying Start

The annual membership roundup of the Chamber of Commerce got off to a flying start with all teams hard at work, according to Newt Secrest, finance director. At the end of the first check-in this forenoon at the Chamber office, the Wormers, captained by Secrest were in first place with 260 points. Team members are Art Aftergut, Harris Brinson, and Dr. Royce Laycock. In second place were the Trawlers headed by Ray Duncan with 210 points. Team members are Bill Duncan, Kirk Duncan, and Harold Miller. The Giggers, captained by R. D. Wilkerson, were in third place with 200 points. Team members are Darville Orr, Rev. Jimmy Phillips, and Bill Tidwell. Other teams that scored well over 100 points were the Surf Casters, captained by David Tucker, 200, the Trollers, captained by Gene Barret, 200, the Netters, captained by C. D. Zlomke, 180, and the Bait Casters, captained by Gene Steel, 170. The next check-in will be at 10 a.m. Wednesday, May 17, in the Chamber office, with the final weigh-in at 10 a.m. Friday, May 19.

Air Raids On North Continue

SAIGON (AP) — Several freighters, including at least one flying the Soviet flag, pulled out of Haiphong harbor before the deadline set by President Nixon for safe passage through the mined entrance. The U.S. 7th Fleet announced today. The mines dropped by U.S. planes Tuesday across the entrance to Haiphong and six other North Vietnamese ports were set to arm themselves at 7 p.m. Saigon time today, or 7 a.m. EDT. After that they can be exploded by ships passing over or near them. Intense U.S. air and naval bombardment continued against military targets in North Vietnam for the third successive day. The 7th Fleet said the most powerful cruiser-destroyer force assembled in the western Pacific since World War II was ranging up and down the coast hitting within four miles of Haiphong. Informants said U.S. fighter-bombers flew 300 strikes against the Hanoi-Haiphong military complex and other areas of North Vietnam Wednesday, and pilots reported shooting down 10 MIG interceptors, the biggest one-day bag of the war. Another 200 air strikes were flown against North Vietnam today, the sources said. Navy Lt. Randy Cunningham of Shelbina, Mo., pilot of an F4 Phantom from the carrier Constellation, and his copilot Lt. William Driscoll of Framingham, Mass., shot down three of the MIGs, raising their total kills to five since Jan. 19 and qualifying them as the first aces of the Vietnam war. Their plane was hit by an anti-aircraft missile after they downed their third MIG, but Cunningham nursed the crippled Phantom out to the Tonkin Gulf where they bailed out. A helicopter rescued them. It was one of three U.S. planes that the American command reported shot down Wednesday over North Vietnam. Two Air Force Phantoms were downed by cannon fire from a MIG19, and the four crewmen were missing. Hanoi claimed 16 American planes were shot down and said many pilots were taken prisoner. The U.S. Command also reported an A7J jet shot down in South Vietnam today while supporting South Vietnamese troops under siege at An Loc, 60 miles north of Saigon. The two crewmen were missing. In the ground war, North Vietnamese tanks and infantrymen assaulted An Loc from four sides after a 7,000-round bombardment, and the fighting was reported still raging at dusk. Several tanks smashed their way into the provincial capital, which has been under siege since April 7.

Mack Wofford Lauds Treatment Of Auditorium

City Manager Mack Wofford today congratulated Pampans on their treatment of the new civic auditorium at its inaugural performance Tuesday night. The city manager said a check of the auditorium by clean-up workers showed no damage in any area. "There are bound to be some minor things happen," Wofford said, "but we think Pampans are proud of the new auditorium and will help us take care of it."

Public School Choirs Here Will Perform Tomorrow

All the local public school choirs will present their annual Spring Festival at 8 p.m. Friday at the Harvester Fieldhouse. All the elementary choirs will combine for their performances, with each of the junior highs providing two choirs each. Three separate high school choirs will perform. All the choirs will combine for the opening, middle and closing numbers. The combined numbers will be "Patriotic Fantasy," "God of Our Fathers" and "Battle Hymn of the Republic." The elementary choruses will sing "Which Way America?," "It's a Small World," "Feel-ly," "Spinning Wheel," "What the World Needs Now Is Love," "I'd Like to Teach the World to Sing" and "Americans Are We." The Lee Junior High freshman choir will perform "I Am Going Away" and "Who Am I?" and will combine with the other Lee Choirs to sing "Fill the World with Love" and "Bridge Over Troubled Waters." "We've Only Just Begun" and "Clap Your Hands" will be performed by the Pampa Junior High freshman choir. The choir will combine with the other PJHS choirs to sing "The Water Is Wide" and "They Call the Wind Maria." The Pampa High School girls choir will sing "He Is Good and Handsome" and "He's Gone Away." The boys choir will perform "Streets of Laredo" and "There Is Nothing Like a Dame." The PHS Concert Choir will sing "If I Should Die" and "I Hear a Voice A-Praying." The welcome for the festival will be given by Dr. James Malone, school superintendent, with Warren Hasse, school board member, serving as master of ceremonies.

\$2 Minimum Wage Bill To Be OK'd By House

WASHINGTON (AP) — A \$2 minimum wage appears certain to win House approval today, but a proposal to extend coverage to 5.8 million new workers faces heavy opposition.

Two bills that would boost the present \$1.60-an-hour minimum wage to \$2 are before the House, but only one provides any new coverage. A close vote is expected when the House chooses between them.

The Democratic leadership is backing a bill from the Education and Labor Committee that would bring 3 million state and local-government workers, 1.7 million federal workers and

1.1 million domestic workers under minimum-wage laws.

The Republican-Southern Democratic coalition, however, supports a bill offered by Rep. John N. Ehrlern, R-Ill., that would hold the line at the 45.5 million workers now covered by the Fair Labor Standards Act. In addition, the Ehrlern bill would establish a separate, lower minimum for teen-age workers.

Although there is little disagreement among House members that the minimum should be boosted to \$2, an effort is expected from the Republicans to add an intermediate step to \$1.80 immediately, delaying the

increase to \$2 until a year later.

Rep. John B. Anderson, R-Ill., who is proposing the stretch-out, told the House Wednesday that an increase to \$2 at this time would threaten the effectiveness of wage and price controls.

But Rep. John Dent, D-Pa., manager of the committee bill, said only 3.1 million of the workers presently covered by the act would actually get a raise under a \$2 minimum. The rest now are either making more than that he said, or are in categories that would not be eligible for \$2 this year.

CONNALLY SAYS Nixon Viet Move Puts No Pressure On Dollar

WASHINGTON (AP) — President Nixon's Vietnam moves are putting no major pressure on the dollar overseas, the Treasury Department says.

"The dollar has been basically fairly steady," Treasury Secretary John B. Connally said.

"I don't think it's in any danger whatsoever."

and it is not a very attractive return on the investment."

Nevertheless, officials acknowledge, the President's decision probably had some impact on the gold market despite other factors present.

The free market price of gold has no direct relation to the stability of the dollar. The value of the dollar is pegged to the official price of gold of \$38 an ounce.

City Officials Attend Region II Meeting Tonight

City Manager Mack Wofford and several other city officials were planning today to attend tonight's Region II meeting of the Texas Municipal League in the Amarillo Civic Auditorium.

Among those expected to be in the Pampa delegation are R. B. Cooke, public works director; Allan Vickery, sanitation superintendent; Mrs. Helen Myers, water department; Mrs. Barbara Cockrell, librarian; and Jim Conner, police chief.

Gary Webber, Dallas city councilman, will address the assembled Panhandle area city officials on "Property Taxes."

The TML session will open with a dinner at 6:30 p.m.

Monetary officials at the Treasury Department said the sudden surge in the price of gold on the free market after Nixon's move was not all caused by reaction to the war effort.

Connally said he thought the financial impact to Nixon's moves were less than expected, particularly in the stock market. "I expected a more violent reaction than occurred," Connally said. "It was somewhat milder than I anticipated."

Connally also said that he expected substantial progress will be made later this month on naming the major countries that will shape the new monetary system.

Okla. Man Charged With Theft

Richard Stanley Bryant, 19, Elk City, Okla., was arrested at the Coronado Inn last night on a warrant charging him with theft of a pair of slacks from It Faces North, 721 Montague, yesterday morning.

According to the official report, officers received a complaint from an employee of the store and a description of three suspects and the car they were driving. Officer Ken Kieth found the car and during questioning Bryant admitted theft of the trousers and said they were at his room at the Coronado Inn. The trio, all from Elk City, were in town with a geophysical crew.

The owner of the store was out of the city and it was later that a warrant was issued for Bryant and officers again went to the Coronado Inn to arrest him. There they met with emphatic opposition from the manager, according to the official account.

However, the arrest was made. No charges were lodged against the other two men.

3rd U.S. Moon Walker Bails Out Of Navy Plane

AUSTIN, Tex. (AP) — The third man ever to walk the surface of the moon bailed out of his Navy jet Wednesday night and floated down to within 100 yards of the Bergstrom Air Force Base operations near here.

The T38 aircraft of astronaut Charles C. Conrad Jr., 41, nose-dived into a field in the Texas Hill country two miles from

Bergstrom, ripped itself to shreds.

Witnesses said only a tail section bearing the letters "NASA" was recognizable.

A spokesman at the Manned Spacecraft Center outside Houston confirmed that the pilot was Conrad and that he was "okay." He underwent routine tests at Bergstrom.

Conrad is scheduled to command the first long-term Skylab Mission in space, now set for next April. It will last 28 days.

No cause for the crash was offered. In response to a query, a NASA spokesman said he did not ask if the plane ran out of gas on its trip from Dover, Del., to Houston via Dobbins Air Force Base near Marietta, Ga.

Annual Clean-Up Drive In Ward 2 To End Tomorrow

City trash trucks continued their push through Ward 2 today in Pampa's annual Clean-up, Paint-up, Fix-up campaign.

R. B. Cooke, public works director, said 49 loads of rubbish had been hauled away so far in the second week of the drive. Eighty-eight loads were removed from Ward 1 last week.

Ward 2 collections are expected to be completed tomorrow and the workers will move into Ward 3 Monday.

Two Youths On Probation

Two 16-year-old Pampa boys were judged delinquent children at a juvenile hearing before Gray County Judge Don Cain Wednesday morning.

Judge Cain placed them on probation and remanded them to the custody of their parents.

Each of the youths had been charged with theft.

City Manager, Aide To Study Data System

City Manager Mack Wofford and City Secretary S.M. Chittenden will go to White Settlement next week to check on that city's municipally-operated data processing system.

The city manager said today the trip will be made to determine how the system works there and to see if there is a possibility Pampa could operate its own budgetary, payroll and utility billing methods more economically than under the current private enterprise contract for data processing.

Data processing programmer's aptitude tests were given to a number of City Hall employees April 27.

Pampa's current contract for data processing in the budgetary, payroll, utilities and tax departments is held by Tri-State Data Processing Co. of Pampa. The cost is approximately \$20,000 a year.

Jeep Found By Officers

Shortly after midnight a call came into the police station from a man who said "a bunch of kids" in a red Jeep had stopped him, told him he was under arrest, laughed and sped off to stop another vehicle.

This was in the 2700 block of Duncan.

He furnished officers with the tag number and a description of the vehicle and its occupants. According to the police report, a description of the Jeep cropped up shortly after that in connection with damage to a stop sign at Hamilton and 11th St.

Officers finally located the Jeep, parked, empty and damaged where it had evidently hit the sign. It was in front of 1801 Charles St. According to the tag number, it is registered to Mittidete, Inc., Box 261, Pampa.

Piano Adjudicator Here For Auditions

Miss Helen Collar, of Chickasha, Okla. will be in Pampa this week serving as adjudicator for the piano auditions, sponsored by the National Guild of Piano Teachers, according to Tracy D. Cary, chairman of the Pampa NGPT center. Miss Collar has been a member of the board of adjudicators for the Guild for 12 years, having judged in centers in Oklahoma, Texas, Kansas, Arkansas, Nebraska, and Illinois.

About 200 judges hear some 70,000 young pianists each year in auditions over the nation for the purpose of stimulating a deeper interest in artistic piano playing. Rhythm, accuracy, tonality, phrasing, pedaling, and interpretation are among the 32 points considered in rating the performer.

Each student plays from two to 15 numbers from memory, entering local, state, national and international classification. All above the elementary stage are required to pass a test of scales and cadences.

Miss Collar, associate professor emerita of piano at Oklahoma College of Liberal Arts, received her bachelor of music degree from Northwestern University, her master of music degree from the University of Oklahoma, and has done advanced study at the University of California, Chataqua Institute, New York, Los Angeles Conservatory of Music, Matthey School of Music in London, the Mozarteum, Salzburg, Austria, Music Academy of the West, and Chicago Musical College.

Study with distinguished artists included Alexander Raab, Edward Collins, summer study with Tobias Matthey, London, E. Robert Schmitz, Winifred Wolf, Reginald Stewart, Nadia Reisenberg and Mme. Rosina Lhevinne.

She has served as judge for the Amarillo Symphony Orchestra contests, National Federation of Music Clubs Young Artist and Student Musician contests, Junior Music Festival, Nell Keaton Cook Scholarship and College Contests, Lawton Music Festival, Otilla Arnold Memorial Contest in Duncan and the Piano Classics Contest sponsored by the North Fort

MISS HELEN COLLAR...NGPT ADJUDICATOR

Worth Woman's Club. She has appeared in concert at Central Theater, Chicago, Evanston Woman's Club, Tulsa Philbrook Series, and has appeared extensively in the state as soloist, duo-pianist and accompanist. Many of her students are known as outstanding soloists, accompanists, and teachers, having been first place winners in National Federation of Music Clubs Student Division Auditions, Oklahoma Federation of Music Clubs Junior Festival, and in the district and state Oklahoma Music Teachers High School and College Contests and the National Guild of Piano Teachers contests.

Miss Collar is a member of Phi Beta, national professional fraternity, Gamma Phi Beta, social sorority, and the Oklahoma City Pianist's Club. She has served as a member of the accreditation committee of the Oklahoma Music Teachers Association and presently is state artists presentation chairman for the student division of the Oklahoma Federation of Music Clubs.

Miss Collar has been honored by inclusion in Marquis "Who's Who in the Southwest," "International Who Is Who in Music," and Directory of American Scholars.

Pampa Youth Graduated From A&M

COLLEGE STATION—George D. McCarroll of Pampa was one of 106 students who graduated this spring from Texas A&M University with distinction.

McCarroll, a veterinary medicine major, is the son of Mr. and Mrs. McCarroll, 2119 Christine.

Students graduating with distinction must have completed four years of study with at least a 3.5 grade point ratio, based on a 4.0 system.

Texas A&M's spring graduating class included a record 1643 students.

FRIENDSHIP, Ind. (AP) — Ramrods and powder horns will be in use again as the National Muzzle Loading Rifle Association holds its annual spring championship matches May 18-21 at Friendship.

Today In History

By THE ASSOCIATED PRESS Today is Thursday, May 11, the 132nd day of 1972. There are 234 days left in the year.

Today's highlight in history: On this date in 1867, the Treaty of London was signed, guaranteeing neutrality to Luxembourg and the withdrawal of Prussian troops.

On this date: In 1674, Peter Stuyvesant became governor of New Amsterdam.

In 1858, Minnesota became the 32nd state.

In 1910, Glacier National Park in Montana was created.

In 1943, American forces landed on Attu Island in the Aleutians. It was the first American territory regained from Japan in World War II.

In 1949, Israel was admitted to the United Nations.

In 1963, in Birmingham, Ala., the home of Martin Luther King's brother, the Rev. A.D. King, was bombed.

Premier Einer Gerhardsen told the National Press Club in Washington he hoped the European Common Market would admit Norway, Britain and Denmark to membership.

Five years ago, U.N. Secretary General U Thant said he feared that the "initial phase" of World War II was being fought in Vietnam.

One year ago: The Angkor Wat temples in Cambodia were reported damaged by artillery fire during fighting between government and communist forces.

Today's birthdays: Song writer Irving Berlin is 84. Actor Phil Silvers is 60.

Thought for today: Beware of despairing about yourself.—St. Augustine, 354-430.

GALLATIN, Tenn. (AP) — Robin Curley pleaded with Judge John Hamilton not to put him in jail because his best friend, a pet baboon, would be homeless.

K Of P Officer Of District 13 Visits Pampa

Jesse B. Burgess, district deputy of District 13 Knights of Pythias Lodges, made an official visit to Pampa Lodge No. 480 at their meeting Tuesday evening at the Pythian Hall, 315 N. Nelson.

Deputy Burgess, a member of Amarillo Lodge No. 479, spoke on affairs of the lodges. He was accompanied to Pampa by Knight Wallace Wright, also a member of Amarillo Lodge.

Ray Barnard, chancellor commander of Pampa Lodge, presided over the business meeting. Results of the public speaking contest held last week were reported.

G. R. "Speed" Fugate, W. M. "A" Neel and Tommy Dawes were named to the nominating committee to select a new slate of officers to be elected in June. Light refreshments were served after Lodge.

Slow Surge Predicted For '72 Texas Business

AUSTIN (AP) — Texas' business activity likely will move slowly upward during the rest of 1972, but there is no boom in sight, a Bureau of Business Research specialist predicted recently.

"The prospect for the Texas economy, in summary, is that things will keep chugging along the upward track during 1972," said a special report written by Dr. N. Carroll Mohn, research associate at the University of Texas agency. "Business recovery promises to be a big bouncer," probably gathering momentum as the year goes on, although a boom is definitely not in sight. The disturbing items that persist, however, are the possible re-emergence of unemployment and inflationary pressures envisaged by some analysts for either late this year or early in 1973."

Mohn said some of the good sights during March were a resurgence in retail sales, another record level in average weekly earnings in Texas manufacturing and "the cost of living remained virtually at a standstill." He said the business activity indexes for 20 Texas metropolitan areas showed only three cities that had lower quarterly business levels than a year ago.

Agnew To Visit Japan, Thailand

BANGKOK (AP) — Vice President Spiro T. Agnew will visit Thailand following his official visit to Japan to attend Okinawa reversion ceremonies May 15, the English language daily, The Nation, reported today.

Four Area Students Will Get Degrees From Okla. College

Four area students will be among 628 students receiving degrees May 19 from Southwestern State College at Weatherford, Okla.

Dr. E.T. Dunlap, chancellor for the Oklahoma State Regents for Higher Education, will deliver the commencement address during ceremonies beginning at 8:30 p.m. in Milam Football Stadium.

Richard Kent Crockett of McLean will receive a bachelor of science in education in the field of physical education.

Receiving a bachelor of science in pharmacy will be Jerry Dwayne Pyle of Miami

and Merlin Ernest Rose of Pampa.

Eugene John Simon of Pampa will receive a master of education.

COCOA, Fla. (AP) — A banana-loving alligator named Alley has become a bit too chummy with the pupils at Saturn Elementary School.

So school officials, figuring there might be a slip twist the banana and the toothy gator's lip, have decided to fence in Alley and keep him away from the youngsters.

Alley lives in a canal a short distance from the school along with another gator.

People In The News

WASHINGTON (AP) — President Nixon has given a black-tie, 35th reunion party for his Duke University Law School Class of '37.

The reunion was held at the White House Tuesday night.

In addition to classmates, some faculty members and their wives, the 84 guests from 17 states included some of the top lawyers of his official family. Among them were Nixon's former law school professor, Kenneth Rush, recently named deputy secretary of defense.

Invited from the Supreme Court was Justice Lewis F. Powell Jr.

NASHVILLE, Tenn. (AP) —

Guitarist Chet Atkins has received a National Human Relations award from the National Conference of Christians and Jews.

He said the honor "reflects a respect for country music that has been unknown until now."

The award, presented Tuesday night by Gov. Winfield Dunn and entertainer Johnny Cash, was made in recognition of the help Atkins has given to aspiring musicians and his contributions to the field of music.

Cash said the guitarist "not only cares for his associates in the music business but he cares for the guy on the street."

Your Horoscope

By Jeanne Dixon

FRIDAY, MAY 12
 Your birthday today: You are a catalyst arousing useful change, growth in those around you, needing no direct reward for being there, nor using any definite initiative to provoke developments. Now is a great time to simplify your life. Today's natives tend to attract frequent public notice, are noted for favoring altruistic projects.

Aries [March 21-April 19]: Group finances come into discussion. Have your information current and ready to show. Mind your own affairs diligently, get the work week wound up neatly.

Taurus [April 20-May 20]: The extra effort needed to press forward is worthwhile. Be tactful despite your insistence, and check figures to avoid duplication of expense.

Gemini [May 21-June 20]: Some disagreement is inevitable. Direct approaches are the best, leaving side issues for later resolution.

Cancer [June 21-July 22]: A little space between your friends and your cash helps. Don't take moods in others over-seriously.

Leo [July 23-Aug. 22]: Emotional stimulus runs to extremes, an element of unreality among the conventional distractions. Cooperation fades; depend on your own resources.

Virgo [Aug. 23-Sept. 22]: New friends aren't quite ready to work closely with your enterprises. Quiet bargain hunting may bring you a trophy, a long-desired find at reasonable cost.

Libra [Sept. 23-Oct. 22]: Very little of today's advice is very useful, altho well intended. Listen, but do your own thinking. Bids for career advancement promise progress.

Scorpio [Oct. 23-Nov. 21]: Early contacts tend to be somewhat abrasive. Your persuasive efforts eventually prevail and your day is successful in proportion to the quality of your effort.

Sagittarius [Nov. 22-Dec. 21]: You can talk effectively to the powerful and distant, but you may waste precious energy bickering with associates—don't.

Capricorn [Dec. 22-Jan. 19]: Natural tendencies to consolidate ventures produce positive results. Your work week can be wrapped up neatly, never to be reviewed or worked over.

Aquarius [Jan. 20-Feb. 18]: Fresh contacts are likely, but of little dramatic consequence. Much of what you seek requires long development, sharing of many experiences.

Pisces [Feb. 19-March 20]: Keep an even keel thru a confused day of interests in conflict. Your own interests are a bit to one side.

NEW OFFICERS—Twentieth Century Cotillion Club held an installation luncheon recently at the Pampa Country Club. To head the group for the 1972-73 club year are, left to right, standing, Mrs. Jerry Kotara, publicity; Mrs. Ben Sturgeon, parliamentarian; Mrs. Don Morrison, treasurer. Seated are, left to right, Mrs. Bill Hite, secretary; Mrs. S. Gene Hall, president; Mrs. Jim Hughes, vice president.

Future Homemakers Give Annual Awards

Pampa High School's chapter of Future Homemakers of America held its annual salad supper and installation of officers recently, with members' families as special guests.

Installed by Mrs. Ray Jackson were Bessie Deist, president; Cindy Farnsworth, vice president; and Carol Scheu, secretary.

A charm bracelet was presented to Rhonda Jackson, outgoing president, who gave a summary of the chapter's activities for the year. Miss Deist presented an honorary membership to Mr. and Mrs. Ray Jackson.

Cindy Farnsworth was named Girl of the Year and presented a charm bracelet. This honor is awarded as the result of a secret ballot by chapter members. Miss Farnsworth, incoming vice president, has been an FHA member for three years, holding various offices.

Mrs. Don Hufstader, chapter advisor, presented an award to Carol Scheu for achieving a state degree, and honored Bessie Deist and Darlene McCurley for doing "encounter work."

Charms, inscribed with the date and year, were presented to the "girls of the Month." They were Frankie Mitchell, September; Rhonda Jackson, October; Cindy Farnsworth, November; Darlene McCurley, December; Katie Mahaney, January; Bessie Deist, February; Karol Scheu, March; Dynette Bowen and Barbara Herring, April; and

Quotable Quotes

By THE ASSOCIATED PRESS
 Some quotable quotes from women during the week:

"You can get the girl out of the reservation, but you'll never get all the reservation out of the girl."—Faren Sanders, 21-year-old Cherokee Indian who hopes to do what she can as a teacher to change the stereotype image of the American Indian.

"It was scary the first time... Three of us stood out there, like slaves being sold. I couldn't drop the towel. So, my girl friend tore it off me—and that was that."—Actress Valerie Perrine, describing an audition for a Las Vegas topless show.

"Women's lib hasn't helped in child-rearing. It has been good in job discrimination and things like that, but it has resulted in the downgrading of motherhood."—Eunice Kennedy Shriver at a meeting of the John F. Kennedy Advisory Center.

"I thought it would be exciting and challenging work. I guess I was looking for a little adventure, too."—Sgt. Marilyn L. Pierce, the first woman flight crew member of an air rescue team in Air Force history.

Classes first began at the University of Northern Colorado on Oct. 6, 1890.

By Abigail Van Buren
(© 1972 by Chicago Tribune-N. Y. News Synd., Inc.)

DEAR ABBY: Have you a solution to this problem? Our brother married this lovely girl who happens to be of a different race.

She is intelligent and respectable. The problem is our parents refuse to meet her. It has been two years now and we, the younger generation of the family, are getting fed up.

We know that our parents are prejudiced because of their own upbringing, but how can they judge her without even meeting her?

What can we do? There are six of us. THE KLAN

DEAR KLAN: Prejudice is caused by ignorance. The only cure for ignorance is education. There is nothing you can do for those who refuse to learn. Don't fight it; it's their loss.

DEAR ABBY: I read a letter in your column about a couple who announced on their 25th wedding anniversary that they were being divorced. The writer asked, "Can anybody top this?"

Well, I can:

A Chicago couple was being honored on the occasion of their 50th wedding anniversary. After the dinner, the golden wedding couple were appropriately toasted, then the bride of 50 years stood up and said, "Herman and I have had 50 years of marriage. It hasn't always been a bed of roses. In fact, it has been rougher than most of you know. I liked Palm Springs, Herman liked Miami. [We always went to Miami.] I liked Canasta; Herman liked the horse races. [We went to the races.] I wanted to travel and see the world. Herman thought one trip [to Miami] a year was plenty, so we never went anywhere else.

We've raised our children and they are raising theirs. We have done our duty, but what I am getting at is this: Please don't be surprised if you hear that we are calling this partnership quits."

Some thought Mamma had a little bit too much champagne. Maybe she did. But three months later Herman went to Miami and she went to Palm Springs, and they now have a legal separation. TRUE STORY IN CHICAGO

DEAR ABBY: I've never felt compelled to write to you before, but the letter from the mother who heartily disapproved when her husband announced to their children that he had SOLD his class notebooks evokes this response.

There is a vast difference between selling notes and selling exam papers. As a student and graduate of two colleges, I fail to find anything immoral about selling or buying notes. I didn't sell mine only because I didn't think of it. I GAVE them away.

If the student who buys notes, uses them to his detriment, depending upon the second hand notes solely, and not paying attention in class to take his own notes, then that is his misfortune. But buying notes or reviewing notes of one who may have been more proficient at note-taking as an additional resource should not be frowned upon by student, teacher, parent, or Abby. EDUCATION MAJOR

DEAR MAJOR: You could be right since one goes to school to LEARN, and if he in fact learns, he has achieved his objective. But some teachers may take a dim view of students who, instead of taking their own notes, borrow (or buy) notes of others. I say, a student who has this in mind should ask his teacher how he feels about it.

CONFIDENTIAL TO "JUST ASKING:" "Age" is not a factor in adoption. Many people have adopted one who is NOT a minor.

Problems? Trust Abby. For a personal reply, write to ABBY, BOX 69700, L. A., CALIF. 90069 and enclose a stamped, addressed envelope.

For Abby's booklet, "How to Have a Lovely Wedding," send \$1 to Abby, Box 69700, Los Angeles, Cal. 90069.

Knick Knacks

By JUDY LOVE

DEAR JUDY — Whenever I'm making a sweater that requires buttonholes or pockets slits I run into difficulty. I'll happily knit along and forget just where the pocket or buttonhole goes when I go back to finish it. Is there some trick of the trade for this problem? Appreciate your thoughts.— B. J., Holyoke, Mass.

DEAR B. J. — There just happens to be a trick in my little book for that one. When you're making slits in a sweater, to cite the example you brought up, and you wish to continue knitting and work the division later, drop the main color yarn at this point and, with another piece of yarn of a contrasting color, work the required number of sts for the slit. Now slip these sts back onto the left-hand needle, pick up the main color yarn again, and knit these colored sts. Now you can pull the contrasting colored yarn out later and the resulting loops can easily be picked up from both the bottom and the top edge on two different needles. Then you can finish these stitches in any type of finish you wish. It's the contrasting color that does the trick — it helps you spot the place where the slit goes easily and quickly.

(NEWSPAPER ENTERPRISE ASSN.)

WASHINGTON (AP) — Sens. Mike Mansfield, D-Mont., and Hugh Scott, R-Pa., will make a report to the Senate on Thursday on their recent 16-day trip to China.

Opening lead—♦ J			

By Oswald & James Jacoby

The ordinary bridge player has no trouble making six spades. He wins the diamond opening; plays a couple of rounds of trumps and notes with mild displeasure that they have failed to break. Therefore he runs some more trumps; enters dummy with the king of clubs; takes the heart finesse and claims the slam when it works.

This line of play gave him a 50 per cent chance since a finesse is an even money proposition.

The expert knows a better line of play. It doesn't work, but it is a better line. He cashes just the ace and queen of trumps. Then he leads a low club and ducks it to East's ten. East leads back a heart and expert South refuses the finesse. Then he leads a second club to dummy's king. His plan is to lead a low club next and ruff it. Then he will enter dummy with the king of trumps and discard two hearts on the last two clubs.

A fine idea, but East ruffs that club and takes his king of hearts. Expert South is down two tricks.

Why was the losing line the expert adopted superior to the winning one? We have already pointed out that the finesse was a 50 per cent play.

The expert was going to make his contract provided clubs broke either 3-3 or 4-2. A suit will break that well some 84 per cent of the time. Thus the losing play had an 84 per cent chance of success. It didn't work, but percentages work fine in the long run.

The bidding has been:

West	North	East	South
1 ♠	Double	Pass	2 ♠
Pass	2 ♥	Pass	2 ♣
Pass	3 ♥	Pass	4 ♥
Pass	5 ♣	Pass	?

Tops Begin New Contest

A new series of weight-lossing contests, to conclude sometime during the summer, was started this week at the meeting of the Tops Club, TX 41, in the Zion Lutheran Church.

Mrs. Tom Stump won the fruit basket for the KOPS team, and Mrs. Woody Maggart won the fruit basket for the TOPS team.

A total loss for the week of 15 lbs. was reported.

LaCultura Given Review Of Book

The LaCultura Club met at the home of Mrs. Mike Kuralt recently for a review of the book, "The Hiding Place" by Corrieten Boon and John Elizabeth Sherrill, given by Mrs. Don Huffacker.

This is the story of two sisters, the ten Boons, who, in 1940, started an underground to get the Jews out of Holland. Mrs. Huffacker explained. They had a secret room built in their home to hide the Jews while

they were waiting to escape, she reported. The sisters were quite successful for some time, but eventually were arrested and taken to prison. She told the women one of the sisters died because of the poor diet and lack of heat.

Carrie was released in time and spent her life counseling with the Germans, who had tortured the Jewish people during the war. Mrs. Huffacker said.

Rho Eta Given Country Party

Rho Eta Chapter of Beta Sigma Phi was recently honored by a country party, given them by the pledge class, in the home of Mr. and Mrs. Ray Johnson.

Members dressed in western garb and were given a western dinner on the patio or on blankets on the lawn.

Following the dinner, members played bingo. Mr. and Mrs. Dwane Luke won prizes, as did Mr. and Mrs. Ray Johnson who won the grand

prize. Callers for the game were Mr. and Mrs. Les Stone.

Pledge class members are Mmes. Bill Horne, Ray Johnson, Jerry Jones, and Les Stone.

Attending were Messrs. and Mmes. Gary R. Clark, Randall Cross, Jim Foster, Tommy Hill, Bill Horne, Ray Luke, Les Stone, Bronnie Vaughn, Herman Vinson, Riley Walters Jr., and Mmes. Ron Cline, Dick Handley, and William Rich.

Steamed Fruit Cuts Calories — Treat for Cake Lovers

By AILEEN CLAIRE
NEA Food Editor

With most persons paying some lip service at least to losing a few pounds, a tasty but less-fattening dessert is welcome. One such is a steamed fruit. Using artificial sweetener rather than sugar also cuts down on calories. A fruit compote or individual pears, apples, plums or other favorite fruit in season make an attractive closing for a family or party dinner.

HOT HOUSE STEAMED APPLES

4 medium apples
1 lemon cut into quarter wedges, or cinnamon sticks
Artificial sweetener to equal 2 tablespoons of sugar

Peel an inch of skin off the top of apples, hollow out core and fill with lemon wedge or cinnamon stick. Steam covered in electric steamer for 15 minutes or until apples are tender. Remove from steamer, sprinkle with sweetener. Makes 4 servings.

HOT HOUSE STEAMED PLUMS

1/2 cup water
1 tablespoon lemon juice
1 teaspoon vanilla extract
4 small plums, halved
Artificial sweetener to equal 2 tablespoons sugar.

Combine water, lemon juice and vanilla extract in electric steamer. Remove pits from plums; place on rack in steamer. Cover and steam for 20 seconds. Remove from steamer. Sprinkle with sweetener. Serve at once. Makes 2 servings.

Pork Tenderloin En Brochette Ideal For Candle-Lit Dinner

Elegance comes easily for a small dinner party when pork tenderloin is chosen to head the menu. The most choice and tender of all pork cuts, the tenderloin or filet is ideal for serving on skewers.

Pork Tenderloin en Brochette is simpler to prepare than it sounds. The meat is sliced into generous pieces and threaded on metal skewers with fresh mushroom halves, carrots and green pepper.

Cooking is completed quickly as the kabobs broil to doneness in about 30 minutes, according to Reba Staggs, home economist of the National Live Stock and Meat Board.

Pork Tenderloin en Brochette

2 pork filets (tenderloins), weighing 3/4 to 1 pound each
4 medium-sized carrots, each cut into 4 pieces
8 large mushrooms, each halved vertically
1 medium-sized green pepper, cut into 8 pieces
Melted butter or margarine
Salt
Pepper

Cook carrots in boiling salted water until just tender. Drain. Cut each pork filet into 8 pieces (1 1/4 to 1 1/2 inches). Thread 1 piece of green pepper on each of four 12-inch metal skewers. Alternately thread pieces of pork (cut surface up), carrots and mushroom halves on the skewers. Thread 1 of remaining pieces of green pepper on each skewer. Place skewered meat (cut surface up) on rack in broiler pan. Place broiler pan and rack so meat is about 4 to 5 inches from heat. Brush vegetables with melted butter or margarine. Broil until meat is lightly browned on one side, about 15 minutes. Season, turn and brush vegetables with melted butter or margarine. Continue broiling until meat is done, about 10 to 15 minutes longer. Season and serve. 6 servings.

SATURDAY SUPPER

Veal Marengo Rice
Lemon Spinach Salad Bowl
Pineapple Fluff Pie Beverage
PINEAPPLE FLUFF PIE
Good way to use extra egg whites.
2 tablespoons cornstarch
1/2 cup sugar
Pinch of salt
3/4 cup water
1 can (about 8 ounces) crushed pineapple
3 egg whites
9-inch crumb crust
1/3 cup chopped toasted walnuts

In a small saucepan thoroughly stir together the cornstarch, sugar and salt; gradually add water, stirring until smooth. Add undrained pineapple. Stir constantly over medium heat until mixture comes to a boil and is thick and clear; boil 1 minute. Beat egg whites until stiff; gently fold in cooled pineapple mixture. Pile into crust. Sprinkle with nuts. Chill.

Electric steamer makes steamed fruit desserts a simple treat.

NOTE: Be sure to observe the very short cooking time plums require. There is a dietetic maple syrup on the market that is an excellent alternative for the sweetener.

HOT HOUSE STEAMED PEARS

1 cup water
2 medium pears, halved
Vanilla beans, lemon slices, or berries of any kind
Artificial sweetener to equal 1 tablespoon sugar

Scoop out cores from pears. Place vanilla bean or lemon slice in cavity. Steam

covered for 20 minutes or until pears are tender. Remove from steamer. If using berries, now is the time to place them in cavity. Sprinkle pear halves with sweetener. Makes 2 servings.

To make a compote combining apples, plums and pears, cook the pears first for 5 minutes, add the apples and cook for 15 minutes more, add plums for an additional 20 seconds and voilà—a colorful dessert triptych.

Meaty Chip Dip

For a tasty chip or cracker dip, combine finely diced ready-to-serve meat, ham or dried beef with sour cream and chopped chives.

Looking for something different to serve for family breakfasts? Here is a special Apple Bubble Loaf that will disappear as quickly as those around the table discover it.

APPLE BUBBLE LOAF

1 package dry granular yeast
1/4 cup warm apple juice or warm water
1/2 cup scalded milk
1/2 cup sugar
1/2 teaspoon salt
Grated rind 1 small lemon
1 egg
2 tablespoons butter or margarine
3 cups flour (about)

FILLING

2 cups canned applesauce
1/4 cup chopped raisins
1/4 cup sugar
1 teaspoon cinnamon
Salad oil or melted butter

Dissolve yeast in warm juice or water. Mix milk, sugar, salt and lemon rind, cool to room temperature. Combine yeast with milk mixture. Beat in egg, butter or margarine and about 1 1/4 cups flour. Beat until very smooth. Add remaining flour and continue to mix until dough pulls from sides of bowl. Turn out on a floured surface and knead until smooth and elastic, about 5 minutes. Round dough into a ball, place in well-greased bowl and turn over several times to grease on all sides. Cover and place in a warm place. Let rise about 50 minutes or until doubled in bulk. Punch down. Shape dough between the hands to form two rolls, then cut each roll

Breakfast cake lovers will go for special Apple Bubble Loaf.

into 12 pieces; shape pieces into balls about 1 inch in diameter.

Mix applesauce with raisins, sugar and cinnamon to make a thick filling. Dip or roll balls of dough in salad oil or melted butter just enough to moisten. Make a layer of 12 balls in a greased loaf pan, 10x5x3 inches; spread with about half the applesauce filling. Use remaining dough balls and applesauce filling to make a third and fourth layer. Let rise in warm place about 40 minutes. Bake in 350-degree oven 30 to 35 minutes. When done, let stand in pan about 5 minutes, loosen sides and turn out on rack to cool. To serve loaf warm, use a fork to pull off 2 or 3 sections per serving. The loaf slices nicely when cold.

Peaches have fewer calories than apples or pears, according to Encyclopaedia Britannica.

FAMILY SUPPER
Fried Scallops Tartar Sauce
French Fries Cold Slaw
Apple Betty Beverage
TARTAR SAUCE
You can rely on this version for excellent flavor.
3/4 cup mayonnaise
1 tablespoon minced parsley
1 tablespoon minced capers
1 tablespoon sweet pickle relish
1/2 teaspoon minced onion
Mix together all the ingredients. Cover tightly and chill. Makes about 1 cup.

CRANBERRY KUMQUAT RELISH
This good accompaniment to the main course may be stored in the refrigerator for weeks.
3 cups fresh cranberries, washed and drained
12 good-size kumquats, quartered and seeded
2 small unpeeled apples, quartered and cored
2 cups sugar
Put the cranberries, kumquats and apples through the coarse blade of a food grinder. Thoroughly stir in the sugar. Refrigerate, covered, for 24 hours before serving.

Thank You!

Screen Violence: Is It Contagious?

The recent Surgeon General's report on the effects of TV violence on children is being supported in several ways by the research of a University of Utah psychologist.

The psychologist, Dr. Victor B. Cline, adds motion pictures to the list of media that may be leading Americans into an era of unremitting violence and exploitive sex devoid of love and responsibility.

"Evidence is mounting that motion pictures and television can alter behavior patterns, influence values and attitudes and possibly contribute to changes in life styles," Cline remarked after conducting a recent study of theater fare in his home town.

"By making violence appear glamorous and exciting and illicit sex normal and desirable, these media are setting the stage for a society based on aggression and irresponsibility," he added.

To examine some of today's theater offerings, Cline and four of his research assistants sat through 37 movies in one week in Salt Lake City. After carefully analyzing the films' content, themes, values, behavior of heroes, etc., they found the following in the 37 films:

- 833 aggressive acts
- 566 sexual acts or displays
- 59 murders
- 89 "justifiable" killings
- 76 attempted murders
- 11 massacres
- six bombings
- 168 nude scenes

It all averaged out to some 22 acts of violence and 15 episodes of sex per film. And these weren't "skin flicks." Cline says, because there are no hard-core pornographic theaters in Salt Lake City. Breaking down the films by ratings, 16 per cent were "X"; 24 per cent "R"; 46 per cent "PG" and 14 per cent "G."

In 57 per cent of the films the movie-watcher found that dishonesty was presented in a heroic light. In 38 per cent, criminal activity was made to "pay off," and was presented as a successful, exciting pastime with no negative consequences.

In 43 per cent of the films the heroes were lawbreakers or antisocial characters. In 60 per cent of the films, premarital and extra-marital sexual relations were presented as "normal, acceptable and desirable."

Only one film out of the 37 depicted sexual relations between a man and a woman legally married to each other. According to the Surgeon General's report, there is a

causal link between the exposure of some children to television violence and subsequent aggressive behavior.

"Psychologists have for years demonstrated, for example, that you can overcome a person's fear of snakes by gradually exposing him to others who casually play with snakes," Cline noted. "It stands to reason that you can also change attitudes and emotional responses to violence, sex and various antisocial behavior by repeated exposure."

The real question raised by all of this research, however, is this: Is the violence in television and the movies the cause of troubles in our society? Or is the trouble in our society, perhaps, being accurately portrayed by these media?

It all boils down to the chicken or the egg riddle, and since we don't know where these behavior patterns come from, we are hard put to find ways to stop them.

A—The Channel Islands which were occupied by the Germans for a period of five years.

Dope And Gambling Crime Key

By RAY CROMLEY | WASHINGTON (NEA)—A number of private and government studies now seem agreed no real dent in crime in this country can be achieved until illegal gambling and heroin can be brought under control.

Illicit gambling brings \$20 billion a year to finance the syndicates and bankroll loansharking, the infiltration of legitimate business, prostitution and a host of other illegal pursuits.

The process snowballs. Loanshark victims are pressured into theft and hijacking. Infiltrated "legitimate" firms are used for distributing stolen goods.

One recent study says flatly the criminal justice system's be attributed to heroin addiction. Some criminal court judges have found that 75 per cent of all the cases they try involve defendants with a history of heroin use.

It is not news that many, perhaps most, heroin users must turn to crime to support their habit.

But with these conclusions on gambling and heroin at hand, it is strikingly evident that, to date, very little headway has been made in drying up either.

Several states have experimented with legalized lotteries, off-track betting and other forms of government-controlled gambling. Thus far there is no convincing evidence these states are successfully competing with the numbers men and other syndicate types. For one, no way has been found whereby the state can match the handy neighborhood runner, the ease of credit (backed by enforcers) and the secrecy of the illegitimate operator (which permits tax evasion).

Probably more concentrated attacks on the crime syndicates have been carried out these past few years than at any time in the past. Arrests have reached new records. But there is no indication that syndicate strength has been sapped.

The studies suggest, in fact, that the underworld is growing in power. The heroin situation is no brighter. Despite some highly skilled police work, nationally and internationally, some brilliant diplomatic negotiations with Turkey, Laos, France and other lands, and truly extensive penetration of some international heroin syndicates, there is no sign the drug traffic is broken or going into a decline.

All this is true despite the strategically sensible decision to concentrate on the major syndicates and on finding the weak links in those syndicates.

Thus the effort has not been spread overly thin by going after every pusher and user, which would have been like dipping water out of the ocean with a teaspoon.

What we must have now is a highly-concentrated research effort, comparable with sending a man to the moon, aimed at discovering just what would be effective in breaking up illegal gambling and the heroin trade.

Should this research cost \$50 billion over the next decade, it would, if successful, be cheap "at double the price." For, as noted above, illegal gambling and heroin alone add up to an estimated \$26 billion a year and provide the base for other crimes costing the citizen several tens of billions of dollars a year additionally in direct costs and more billions in public and private police and other protective services.

The Pentagon says also that it is running drug addiction tests on young men before they are inducted into the service. This should help, to a degree, to keep out the pusher and user who can have a bad influence on those officers and men who have never tried illegal narcotics. Medical authorities and commanders who have the responsibility of eliminating narcotics abuse among the troops in Asia, and elsewhere for that matter, have been hard-put to cope with this dismal problem. But he reports from Washington and Saigon indicated they are preserving in their efforts to overcome a problem that is almost as tough as the Vietcong. In fact, it is likely that the Cong and their henchmen in Red China contribute to the drug problems of U.S. authorities. Supplying drugs is a horrible way to try to win a war but we can't blame it all on the enemy in the field. The same problem exists right here at home.

Korea Wasn't Worth The Sacrifice Either

By PAUL HARVEY

In Congress and out, some of our most militant Hawks have become Doves. Why would they rather switch then fight?

Until 1966, Paul Harvey urged decisive military victory in Vietnam.

When we continued, instead, to wage a pulled-punches war, I began urging that we either "drive it or park it."

I guess I harped on that theme until it was threadbare, yet our Presidents elected to do neither. Instead they continued to sentence more and more American sons to fight a dead-end war.

By 1967, it became obvious that military victory would cost more than it would be worth. Since then I have urged an about-face withdrawal. Get out. Come home.

H. L. Hunt Writes

"HARD" DRUGS

The dangers of heroin remain a reality. Not only at home but also abroad, according to statistics released by the armed forces. It is discouraging to read that drug-abuse specialists of the military have found that about 400 servicemen out of 10,000 tested in Vietnam are found to be "hooked" on hard drugs or have been frequent users.

But it is encouraging to know that teams of doctors are administering field and base tests, including surprise checks, at least four times before a soldier, seaman or airman is returned to civilian status. If the serviceman is found to be a user, he will undergo rehabilitation in hospitals, hopefully to be cured of his problem.

The Pentagon says also that it is running drug addiction tests on young men before they are inducted into the service. This should help, to a degree, to keep out the pusher and user who can have a bad influence on those officers and men who have never tried illegal narcotics.

Medical authorities and commanders who have the responsibility of eliminating narcotics abuse among the troops in Asia, and elsewhere for that matter, have been hard-put to cope with this dismal problem. But he reports from Washington and Saigon indicated they are preserving in their efforts to overcome a problem that is almost as tough as the Vietcong. In fact, it is likely that the Cong and their henchmen in Red China contribute to the drug problems of U.S. authorities. Supplying drugs is a horrible way to try to win a war but we can't blame it all on the enemy in the field. The same problem exists right here at home.

But I have concluded that the perpetuation of military dictatorships anywhere in the world is not worth one more American life.

And I Quote

If civilization is to survive we must cultivate the science of human relationships—the ability of all peoples, of all kinds, to live together, in the same world at peace.—Franklin Delano Roosevelt.

How Do Babies Get Here?

Dear Dr. Lamb—I am 13 years old and I have a problem which is of general interest to girls my age. Today some girls at school were talking about having babies, and I was wondering what the procedure is when you have a baby. I know that you are taken to a room and when you come back you have had a baby. But what happened in between?

Dear Reader—Now, you've really got me. Your simple, innocent question would take several columns to answer but it's important that it should be answered because it deals with one of the most normal and important personal aspects of people's lives. A lot of girls your age who need basic information aren't getting it.

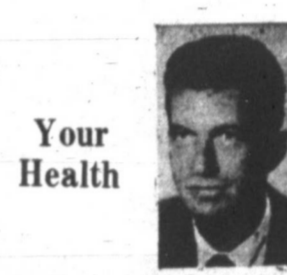

I do hope that you can talk with your mother about this, or perhaps you have a favorite teacher to whom you would like to talk to about it. Your teacher might even show you diagrams to help you understand the problem.

I will try to tell you this much. The baby, of course, grows and develops inside the mother, and it takes about nine months. During this time, the woman's body is undergoing a lot of changes, preparatory to birth. The baby is in a rounded bottle-shaped organ which many people call the womb. This flask-shaped organ has strong muscles in its wall and when the mother goes into the room to have her baby, these muscles in the womb contract vigorously and push the baby out of the opening of the vagina. Of course, this opening undergoes changes and dilates in preparation for this. It is a simple, mechanical event which mothers have experienced since the beginning of mankind. In most normal deliveries, the muscles of the mother's womb are able to expel the baby with their own contractions. It is a perfectly normal and beautiful experience, which is part of nature.

Dear Dr. Lamb—I would like to know if raw hamburger meat is good for you. I eat raw hamburger meat, but not too much. My parents are always telling me not to because I will get worms in my stomach. Is this true?

Dear Reader—There was a time when this might have been true, but in today's carefully supervised markets, it is most unlikely that you can get raw hamburger that would cause you to have beef tapeworms or any other type of worms. It is still true, however, that you should not eat raw pork. Unless pork is properly cooked, it can cause a person to have trichinosis, another kind of parasitic, that passes through the digestive tract.

Please send your questions and comments to Lawrence E. Lamb, M.D., in care of this paper. While Dr. Lamb cannot answer individual letters, he will answer letters of general interest in future columns.

Inside Washington

Arms Treaty Could Have More Glitter Than SALT

By ROBERTS ALLEN

WASHINGTON—It is now definite there will be a U.S.-Soviet agreement on the limitation of strategic arms (missiles)—but it will be a lot more glitter than substance.

Signing of the pact will be the publicity piece of resistance of the President's forthcoming summit parley in Moscow later this month.

Some details of the accord still have to be worked out at the SALT negotiations in Helsinki, but mainly that involves the exact wording of key provisions. While this is a sensitive and complicated job, it will be completed in time for the Moscow conference.

A sticking point in the protracted SALT deliberations has been Russia's insistence on numerical equality in missile warheads with the U.S.—for both land and submarine-based missiles.

A Defense Department report in February put the number of Soviet warheads at 2,500 as against 5,700 for the U.S.

However, that favorable U.S. superiority is decidedly offset in ballistic missile launchers—of which Russia will have 1,550 by the end of this year as compared to 1,054 in the U.S.

President Nixon's decision on that was what was behind the fanfare White House announcement last week that "on the basis of a series of confidential exchanges between the President and Communist Party leader Brezhnev the possibility of reaching an agreement has substantially improved."

Pentagon military authorities are privately indicating they are going along with this "compromise" on the ground that numerical inferiority in missile launchers is not "vital," that what really counts is the number of individual warheads—in which the U.S. outnumbers Russia more than two to one (5,700 to 2,500).

Key Details

Principal aim of the U.S. in the prolonged SALT negotiations has been to induce the Soviet to agree to freeze at existing levels the number of land and submarine-based ballistic (offensive) missiles and to limit the number of anti-ballistic (defensive) missile installations in the two countries.

Main provisions of this missile freeze (or "strategic arms limitation treaty," as it will be called) are:

—Each country to have two anti-ballistic missile installations with 100 launchers at each site. One of these installations would be for the protection of what is termed the "National Command Authority," meaning Washington and Moscow. The other would safeguard an intercontinental ballistic missile complex as determined by each country.

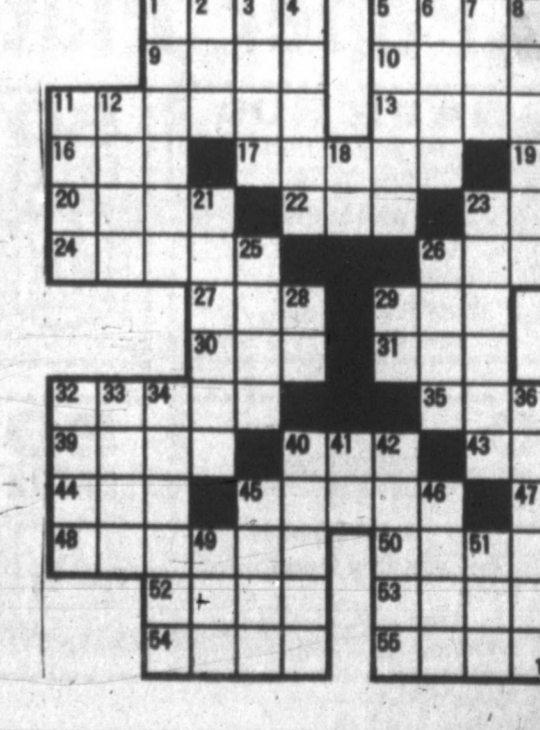

At present, the U.S. has no anti-ballistic missile complex in the Washington area. It is completing an ABM installation at a Minuteman missile site near Grand Forks, N.D. Russia has an ABM complex around Moscow, but none at a missile site.

Spring Practice Looking Sharp

Through the first nine days of spring training for the 1972 Pampa Harvester football team things have really been looking good according to head coach Buddy Williams.

Several players have shown steady improvement in practice and performed well in the team's first scrimmage last Saturday.

"Shane White played well at both defensive end and tight end," Williams said. "Jack King ran and blocked well from his fullback position."

"In the line Craig Watson at tackle, Gary Jennings at guard, and David Lanehart at center did real good jobs for us in the scrimmage. In fact the first two times the offense had the ball, it

marched 65 yards in seven plays and 65 more in 11 tries. We simply had no mistakes on offense. Rick Musgrave has continued to pass and execute well from his quarterback position.

"Not to take anything away from the defense, either," Williams added. "Our new five man front fired out and hit very hard throughout the scrimmage. We're real pleased with the way that defense is working out."

"Marvin Elam at noseguard and Carson Watt in the secondary were particularly impressive," Williams said.

The Harvesters will scrimmage again this Saturday at a time to be announced later.

OUTSTANDING COMPETITORS—The above participants in spring sports at Pampa High School were named the outstanding competitor in their individual sport at the annual picnic in Central Park Tuesday. From the left the recipients are: Doug White, golf (two years), Debbie Fletcher, tennis, Jeff Hogan, baseball (two years), Cathy Collinsworth, volleyball, and Bobby Owen, track.

Baseball Roundup

By Associated Press

American League
Jim and Gaylord Perry have got it together. Now if they could only get together...

Baseball's pitching brothers did their thing Wednesday. Gaylord tossing a five-hitter to carry Cleveland to a 7-2 victory over Kansas City, that vaulted the Indians into first place for the first time in four years, then Jim hurling eight shutout innings at night en route to Minnesota's 2-0 victory over the New York Yankees.

In the other American League games, Baltimore squeezed by Texas 1-0, the Chicago White Sox defeated Detroit 7-0, Milwaukee blanked Oakland 4-0 and California topped Boston 5-1.

The last time the Indians were in first was back on April 10, 1968—and that was on Opening Day and slightly taunted by the fact that four other teams shared the top spot with them.

Today they're there on their own, half a game ahead of Baltimore and Detroit in the AL East. Are the Indians for real? Is it time to take them seriously?

"The time to get excited, I mean really excited," Gaylord said after chalking up his fifth victory. "Is after we hit a slump. Then let's see how quickly we can fight our way out of it and see what happens to our confidence."

The Tribe has notched eight victories in nine games and Gaylord has a streak of his own with three straight triumphs and an earned run average that has dipped to 2.02.

"Everybody's working and hustling their butts off," he said. "These kids really want to win."

They won against the Royals on the strength of Alex Johnson's three-run homer, his third of the year.

Harmon Killebrew's second homer of the season and 517th of his career—moving him within four of sixth-place Ted Williams on the all-time home run list—was what gave Jim Perry and the Twins their victory over the Yanks.

Jim scattered nine hits and needed ninth-inning relief help before notching his third victory and enabling Minnesota to open its AL West lead over Oakland to 1 1/2 games.

"I threw about 10 more pitches than I normally do" in a full nine innings, Jim said. "I didn't walk anybody but I sure had a lot of three-ball counts and it seems the innings were longer."

"But we've got good men who can come in behind you. The odds are with you in that type of situation."

Is he looking forward to pitching against brother Gaylord one of these days?

Jim noted he's never done it before except in spring training—Gaylord was with San Francisco of the National League before being traded to Cleveland before this season—then added:

"I don't think the managers would shuffle the pitching rotation to get us against each other. But I think it would be good for both of us and good for baseball, especially if both of us pitched a good game."

They'll have to wait about a month before getting the chance. The Indians and Twins meet for the first time this season June 9 in Cleveland.

Texas fireballer Pete Broberg tossed eight innings of one-hit ball but gave up a ninth inning single and two walks, then catcher Ken Suarez threw a double-play ball away to break the scoreless tie and give Dave McNally and the Orioles the victory.

Tom Bradley twirled a four-hitter for the White Sox, who erupted for three runs in the sixth inning against Phil Mee-ler, making his major league debut, to down the Tigers.

Ken Brett checked Oakland on three hits and Billy Conigliaro smacked his third homer of the year, a two-run shot in the

seventh inning, to lead the Brewers to victory and snap the A's winning skein at five games.

Nolan Ryan and Eddie Fisher teamed for a three-hitter for the Angels with Ryan pitching 4 1/3 innings of perfect ball before allowing two hits and retiring with a pulled groin muscle. The Red Sox lost their eighth game in the last 10 when California bunched a walk and four hits for three runs in the fifth.

National League

To hear Sam McDowell and Clay Kirby talk, you'd think they were subscribers to the Lefty Gomez theory that "I'd rather be lucky than good."

Listen:
"I would say I've been lucky so far this year, and I mean very lucky," said San Francisco's McDowell after running his record to 5-0 with a 7-3 victory over Montreal Wednesday night.

"I feel that when you give up three runs you're lucky to win," said San Diego's Kirby following a 5-3 triumph over Philadelphia.

Not so fortunate was St. Louis' winless Bob Gibson, who carried a four-run lead into the eighth inning only to have the Houston Astros explode for six runs and beat the Cardinals 10-7.

Elsewhere in the National League, the New York Mets nipped Los Angeles 4-3 in 14 innings, Atlanta battered Pittsburgh 8-4 and the Chicago Cubs downed Cincinnati 4-2.

McDowell, obtained from Cleveland during the winter, has won five of San Francisco's eight victories and is the only reason the last-place Giants are still in the league.

"I'll tell you, this club makes it a little easier for me out there," he said. "They're getting the runs for me. If I can hold the other club close, these guys will get me runs."

Sudden Sam held the Expos as close as you can get—1-1 through seven innings—and the Giants erupted for six runs in the eighth, with Tito Fuentes starting the uprising with a single and rapping another single to drive in the final run. Bob Bailey homered for the Expos.

Backed by home runs by Nate Colbert—his seventh, tops in the majors—and Fred Kendall, Kirby survived five hits and eight walks to beat the Phillies. He was helped by three double plays.

Gibson, 0-4, was helped to a 7-3 lead by Ted Simmons' grand slam before the Astros teed off on the St. Louis ace and two relievers for their six-run eighth.

Roger Metzger started it with his first major league homer and Jimmy Stewart capped it with a tie-breaking two-run pinch triple. Lee May homered for the Astros in the ninth. Al Santorini was charged with the defeat.

The Dodgers jumped to a 3-0 lead against the Mets with Frank Robinson collecting a run-scoring single in the first inning and a solo homer in the third. But the Mets pecked away at Al Downing and finally caught up in the eighth on Rusty Staub's home run.

The winning run came with two out in the 14th—after Tug McGraw had pitched five innings of one-hit relief for New York—on Bud Harrelson's single, a stolen base. Pete Mikkelsen's wild pitch and an infield hit by Ted Martinez.

The Braves scored four runs on five hits and two Pirate errors in the seventh inning to defeat Pittsburgh behind knuckleballer Phil Niekro.

Earl Williams singled home the first run of the inning. Dusty Baker delivered a pinch double for another run, Marty Perez squeezed home the third and then scored himself when center fielder Al Oliver dropped Niekro's fly ball.

Eye-Ball Open Begins Today

FORT WORTH, Tex. (AP) — "Some day," said Bruce Crampton. "I'm not going to play in this tournament—I'm just going to come watch."

Crampton, an Australian veteran who ranked among the favorites, made his comment before teeing off today in the first round of the \$125,000 Colonial National Invitation Tournament—pro golfer's No. 1 girl-watching event.

"It's absolutely amazing," said Crampton. During Wednesday's pro-am, he stopped several times, eyed the gallery and shook his head in something approaching awe.

He was not alone. This may be the only tournament on the long 12-month tour where the players watch the gallery as much or more than the gallery watches the players.

The touring pros are unanimous in their choice of this one as the tour's top girl-watching tournaments. Whatever is next is a distant second. Concentration on golf—is difficult.

It's sometimes called the Eye-Ball Open.

The girls come out in droves and covets and flocks. It's traditional that they all wear new and skimpy clothing. There are blushing pink hot pants, jump suits, hip-huggers, bare-mid-ribs, see-throughs.

There are more navel in evidence than in an orange grove.

Mostly they congregate around the clubhouse and the 18th green. They come to see and be seen. In many cases, the tournament serves only as a backdrop. The male members of the gallery may not recall that Gene Littler won last year, "but do you remember the blonde over by No. 16?"

Delaware Park's 1972 thoroughbred meeting will run 65 days between Saturday, May 27 and Sunday, Aug. 13.

to the next, although it usually will be close to the shaft.

You should find the sweet spot on your putter and then mark it on the top with paint or tape, and address and hit the ball there.

One way to find the sweet spot is to let the putter dangle loosely from one hand and tap the face sharply with the index finger of the other hand. When the face jumps straight back you've located the sweet spot.

Your scores will be sweeter.

Pro Football Season Begins Saturday Night

Associated Press Sports Writer
The pro football season opens Saturday night with Detroit at New York, but Pittsburgh will wait a week to make its 1972 debut.

Jan Coopes will quarterback for Detroit while Pat Hamble calls signals for New York. Jan looks more like Doris Day than Greg Landry and Pat is a peanut compared to Joe Namath.

But then not all pro players are giants, not even in this four-team alliance of girls who get more exercise than pay for their efforts.

That doesn't mean they aren't good at the game.

"When I played with the boys on my block, I always was picked to quarterback," said Pat, a 20-year-old bank clerk from Babylon, N.Y., who stands only 5-foot-4 and weighs 120. "When I tried out for the Fillies, I never thought I'd be their No. 1 quarterback because I'm too little," she added. "But the big girls don't bother me. They have to catch me first."

The New York Fillies, 48 girls strong, are in their first season but the Detroit Fillies, the Midwest Cowgirls and the Pittsburgh Powderkegs already have a year of experience under their helmets.

"We saw game films of both Detroit and Pittsburgh," said New York Coach Mitch McCarroll, a 28-year-old computer salesman from Woodhaven, N.J. "Both teams have some razzle-dazzle plays but their basics aren't that polished."

Boston's Bruins Seek Clincher

NEW YORK (AP) — The Boston Bruins, still thirsting for the bubbly stuff and hungry for dollars, hope to do another reversal of form and wrap up the Stanley Cup tonight against the proud New York Rangers.

The Bruins were a tense, determined group as they invaded New York for the sixth game of the National Hockey League's best-of-seven series for the sport's most coveted prize.

The Bruins, many of whom call New York's Madison Square Garden "the zoo" because of boisterous and overzealous fans who often litter the ice with debris, had their scheduled celebration party wrecked by a 3-2 loss to the Rangers in Boston Tuesday night.

They were in no mood for fun and jokes during a flight from Boston and then a bus ride for seclusion in a hotel outside "Fun City" before the important, nationally televised (CBS-TV, 7:30 p.m. CDT) meeting with the Rangers.

The hard-hitting Bruins lost a chance to clinch the championship in the fifth game, blowing a 2-1 lead as the Rangers' Bobby Rousseau scored a pair of goals in the third period.

"As far as I'm concerned, the Rangers lulled us to sleep," Coach Tom Johnson said.

George Foreman Meets Miguel Paez

OAKLAND (AP) — George Foreman, ranked as the No. 3 heavyweight contender, meets a virtually unknown fighter tonight. The 23-year-old Foreman, from nearby Hayward, will try to make Miguel Paez, 22, of Argentina his 36th victim. Foreman has won 32 of his fights by knockouts.

McCarroll, who coached high school and Pop Warner League ball after playing at Hofstra University until he banged up his knee, believes the basics are the key to winning.

Conditioning is important, too. The girls go through 20 minutes of warm-ups before each practice.

"They're really huffin' and puffin' afterwards," said McCarroll, "but they have to be physically fit to be mentally sharp and cut down on the injuries."

Detroit's quarterback keeps in shape as a swimming coach at a suburban high school.

"I've been playing sports since I was a kid," said Miss Coopes. "I'm no big women's lib advocate. I was just trying to make the point that tennis and golf aren't the only sports a girl can play. They can do anything and I just think they should try."

The Detroit Fillies and the Midwest Cowgirls in nearby Birmingham, Mich., both are coached and managed by Dave Pierce, a 28-year-old public relations consultant. And he juggles the team members to fit his needs.

Actually it's the Midwest Cowgirls—in name, anyway—who'll be playing the New York Fillies Saturday night.

"But I'll be making a few trades," he said, indicating that the best of both teams would be pitted against the Fillies in the 22,000-seat Downing Stadium on Randall's Island off Manhattan.

Dave's girls are paid a percentage of the gate—about \$20 a game—while the New York Fillies are guaranteed \$25 for each of the four games scheduled this season.

The Pittsburgh Powderkegs,

founded by a public relations manager of a dragway as a fall promotion after his track closed for the season, play the New York Fillies in Pittsburgh May 20.

No matter which team is playing which, the girls are dead serious about playing football.

"They have a helluva lot of pride to do something correct so they won't look foolish," said McCarroll.

"The public thinks they're going to watch a dunky basketball game or the Playboy bunnies against some celebrities," said Pierce. "But these girls are playing as close to men's football as girls are able to do."

Some of them approach the size of male pros, too.

While New York's roster boasts a 5-8 1/2, 225-pound center, Detroit lists a 5-5 tackle weighing somewhere over 300 pounds. "That's as high as my scales go," said Pat Young, 26, who borrowed a pair of pants from the Detroit Lions of the National Football League.

Big or small, they play a brutal game and are oblivious to injury.

Tippy Fiorino, a long and lean 23-year-old bookkeeper on Wall Street who lives in Brooklyn, tried out for the team so she could get into her bikini.

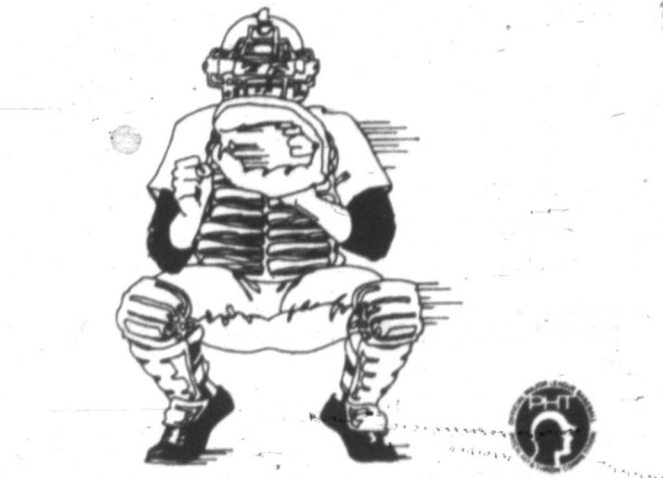

"I'm not built big, but I can take a hit," said the defensive safety and flanker.

"Willo Lovett," a 30-year-old mother of five from Port Chester, N.Y., is nearly as willow as Tippy and just as aggressive.

"You can get rid of so much animosity," said the end.

"It's really good. When I get home I'm too tired to yell at my husband and the kids."

Baseball Tips

5—Catching

(Fifth of 10 Parts.)

As catcher you are the defensive captain. You alone have all the playing field in front of you, putting you in a position to call the shots.

Work out your signal for the pick-off play with each of the infielders. Don't make the signals complicated. Some examples: 1. Bare hand on knee means pick-off at first base. 2. Picking up dirt means pick-off play at second. 3. Glove hand to knee, pick-off at third base.

Also, you should have a return sign from the infielder so you're sure he knows. Otherwise you're likely to throw away the ball.

If no man is on base, the catcher should always get down the line to back up first

base on a ball hit to the infield. He should run to a spot where he thinks the ball would go if overthrown.

Keep the signals to your pitcher simple. Agree before the game on signals to use.

When the pitcher is set to throw, get in crouched position on the balls of your feet. Hold the glove where you expect the ball to come.

Hollywood Cheers for Ben Johnson

By DICK KLEINER

HOLLYWOOD — (NEA) — Of all the Oscar nominations, the one which pleased Hollywood most was that of Ben Johnson, as best supporting actor for "The Last Picture Show." Ben's been around a long time—as wrangler, stuntman and actor. The recognition has been a long time in coming.

There's a wonderful story behind the role which won him the nomination. The story begins six or seven years ago when Ben had a bit part in John Ford's "Cheyenne Autumn."

"I spotted this young cou-

ple hanging around," Ben says. "The man was trying to meet Mr. Ford for an interview for something or other, I forget exactly what. All the assistants kept pushing him away but he seemed like a nice boy so I helped him. I brought him over to meet Mr. Ford."

The couple was Peter and Polly Bogdanovich. He was so grateful to Ben that he said someday he was going to make a movie and he'd give him a part.

"I'd heard that before," Ben says dryly. "But then last year I got a call from him. He was making the movie called 'The Last Picture Show' and he wanted me. He sent me the script. Well, it had a lot of four-letter words in it and I turned it down. I didn't want to make a picture like that." Bogdanovich still wanted

NEW YORK (AP) — The great American spectator sport of picking a pretty pageant winner had its seasonal debut Tuesday night. It was NBC's live broadcast of the finals in "America's Junior Miss" Pageant from Mobile, Ala.

As pageants go, this one is a neat package. It is contained

his father ran for a rich oil man. Ben, as a youth, was paid \$1 a day to help around the place.

"I'll never forget how one day old Mr. Chapman—he was supposed to be one of the five richest men in the world—and my father and me drove to town in the pick-up truck to get groceries. It was 20 miles to town.

"On the way back, Mr. Chapman was going through his little black account book. About halfway home he said to my father that we'd have to go back because the grocer had cheated us out of 10 cents. So we, with one of the five richest men in the world, turned around and drove back to town to get his 10 cents back."

When Ben was 18, a Howard Hughes aide came to the ranch to buy horses for a new movie, "The Outlaw," which started Jane Russell's career. And Ben got the job of bringing the horses to Hollywood.

"I got out here and they paid me \$175 a week to look after the horses," he says. "To a boy who had been making \$1 a day, that looked pretty good, so I just stayed."

He's been here ever since, except for one year when he went on the rodeo circuit.

"At the end of that year," he says, "all I had was a beat-up car and a mad wife—but I'd won the championship."

"That meant a lot to me, and to my father. He didn't live long enough to see it, but he did live long enough to know that I was in the lead for the championship. I think that would have meant more to him than the Oscar."

Ben still has the ranch in Oklahoma—3,500 acres of deeded land plus another 3,500 acres of leased land. He's breeding a new kind of cattle and quarter-horses. And he talks as much or more about ranch problems—the big problem in the cattle business today is pink-eye—as he does about the movies.

Television And Radio

with a brisk hour of broadcast time, including the commercials, and this seems plenty of minutes to cover the events. Some of the more leisurely paced show might benefit from watching it.

The high school seniors, representing 50 states, were as usual pretty healthy and engaging. Host Ed McMahon, a kindly grandfather figure, whipped the show along like a veteran wagonmaster. The contestants had their moments in a longish musical introduction. A handful was involved in a dance number which demonstrated more than anything else that the Rockettes have no close competitors in precision kicking.

Those traditional rites out of the way, the elimination moved the contest quickly down to 10

girls. McMahon questioned each on some weighty subject—the responsibility of the news media, the meaning of obscenity, war, peace and the influence of religion on contemporary life.

It appears that the cavalry is on the way to attempt a rescue of Dick Cavett and his late night ABC series. Jack Paar, an old friend and former employer, will be Cavett's sole guest next Tuesday night. Alfred Hitchcock, who is as rare a sight to the midnight viewer these days as Paar, will drop around on June 8.

The network has given Cavett until the end of July to boost his show's flagging Nielsen ratings—those new CBS movies seem to be pulling a lot of his audience away.
