

Science Speaker To Lecture Here Speaking on the subject, "Christian Science: The Conquest Over Wrong Thinking," John Randall Dunn, C. S. B. of Boston, Mass., will give a lecture at the city hall auditorium here Tuesday evening, March 7, at 8 o'clock. The public is invited by the local First Church of Christ, Scientist to attend. In the year 1898, Mary Baker Eddy, discoverer and founder of Christian Science, established a Board of Lecturers with five members. It has since grown to 22 members who deliver lectures on Christian Science throughout the world, not only in English but in German, French, Dutch, and Spanish. Mr. Dunn is a member of this Board. All lectures are under the auspices of the Mother Church, The First Church of Christ, Scientist of Boston, which with its branches constitute the Christian Science denomination. Lectures are given in educational, charitable, and penal institutions as well as under the auspices of local branch churches. No admission is ever charged and the public is always invited to attend these lectures.

Youth Raids Against Hitler in City Jail Believing he was God and that Adolf Hitler was trying to rule the world, a Chinese youth was placed in the city jail at a late hour last night, city officers said. "Hitler can't rule the world," the youth solemnly declared. "I'm God and Hitler can't treat me this way." Officers believe the youth has been worrying over world affairs and that his mind became affected.

Swan Bible, Says Nazi BERLIN, March 4 (AP)—The magazine, "At the Source of German Strength," organ of the Neo-Pagan cult organized by the late Gen. Erich Ludendorff, today linked the Bible with tobacco and strong drink as "three poisons" to be avoided by Germans.

Time Reports Profit NEW YORK, March 4 (AP)—Time, Inc., and subsidiaries, magazine publishers, reported today 1938 net profit of \$1,129,422 as against \$1,689,430 for 1937. Outstanding are 237,201 common shares of no par value. Indications of the colossal number of Japan's war dead were seen recently in a proposal to establish a separate shrine to them in each of the nation's 46 prefectures.

HEAR TODAY Robert R. Price at the Central Church of Christ 10:45 a. m. "DISTINCTIVE MARKS OF DISCIPLESHIP" 7:45 p. m. "WHY THE CHURCH OF CHRIST DOES NOT USE INSTRUMENTAL MUSIC."

PAMPA (Continued From Page One) ther station, but the work will go ahead and the station will be ready to start operating within a reasonable short time. No opening date has been set as yet however, according to BCD officials. 24 Hour Service When ready for operation, the station will give 24-hour service daily, including Sundays. Observations of weather conditions will be made almost constantly and a forecast of changing conditions will be made about every six hours. Teletype equipment will relay the Pampa weather reports to other U. S. weather stations throughout the nation and will in turn bring Pampa, Gray county and "O" Texas times reports of local weather conditions and conditions at other points in the Southwest. The teletype equipment will be tied into the main trunk line along the TWA always line from Newark, N. Y., to Los Angeles, Cal.

Quarters for the weather reporting station were put under construction about two weeks ago but due to inclement weather are not quite ready for occupancy but the building, which is located just west of the main hangar at the airport, will be finished early this week and turned over to the officials, according to R. G. Allen, chairman of the BCD aviation committee. Other members of the BCD aviation committee include M. A. Graham and Fred Thompson, BCD directors, C. H. Walker, and Bert Howell, President Farris C. Oden, met with the Aviation committee in several of their meetings, and the entire BCD board took part in the preliminary details connected with working out arrangements to secure the station for Pampa.

The BCD committee has negotiations under way for additional service in connection with the station with indications that additions may be made during the next federal fiscal year which, if materialized, will bring additional service, additional personnel and payroll and additional families to Pampa in connection with the station.

WALDROP (Continued From Page One) list of the breeders of the winners are given below: First in senior calf (exhibited by Price Moore) was bred by Britt of Wheeler county; first in junior calf and grand champion of the show (exhibited by J. B. Waldrop) was bred by Geo. W. Eltner; second in the junior division (exhibited by Godfrey Cadran) was bred by Alexander of Canadian; third place winner in junior division (exhibited by Bob Macina) was bred by Pagan of the Pagan community of Wheeler county; fourth place winner (exhibited by Price Moore) was bred by Britt of Wheeler county; fifth place winner in the junior division (exhibited by Ed Cadran) was bred by Ed Crews.

ASTORIA (Continued From Page One) 7,000 tons of scrap on the Greek freighter Ann Stathour. Longshoremen said no gangs would be sent to the freighter until Monday. Two hundred miles down the coast at Marshfield, pickets have prevented loading of the Greek freighter Kostis. Longshoremen there said it would be "dangerous" for them to attempt to load the ship. Two citizen-pickets said they were knocked down while marching on the picket line. They accused Sam Choat, salvage and steel company operator, who was freed on \$500 bail on an assault and battery charge.

ROOSEVELT (Continued from page one.) army supply bill approved by the house yesterday, details of how and where the money would be spent were kept secret. Included in the defense estimates today was a lone item of \$47,000 for the navy to permit topographic and hydrographic surveys of naval all bases recommended by a special naval board, some of which already have been authorized by the house.

Mainly About People Phone Items for this Column to The News Editor's Room, at 505. Mrs. B. W. Rose visited in Canyon Saturday. Miss Marilyn Keel is up following a week's illness. E. L. Alston of Amarillo was a Pampa visitor Friday. Mrs. Loyce Bennett of LeFors was in Pampa Friday. Fred Roberts was dismissed from Worley hospital yesterday. Mrs. E. L. Anderson is visiting with a daughter in Stineet. Earl O'Keefe of Amarillo transacted business in Pampa Friday. Mr. and Mrs. Charles Russell are visiting his parents in Granbury. Parks Brunley was dismissed from Pampa-Jarratt hospital yesterday. Bert Isbell who was ill of "flu" last week was able to be up yesterday. Miss Ila Peol, Pampa school teacher, was admitted to Worley hospital yesterday. Mrs. C. W. Lane and baby were dismissed from Worley hospital yesterday. Mrs. L. Carpenter was taken to her home from Pampa-Jarratt hospital Saturday. Mrs. C. H. Walker and Mrs. Ed Fowler are spending the week-end with relatives in St. John, Kan. Mrs. H. L. Whider was admitted to Worley hospital yesterday afternoon for medical treatment. Miss Leora Kihard who has been confined to bed by an illness for the last 12 days is improving. J. S. Wynne, Pampa old-timer, was dismissed from Worley hospital yesterday after an examination. Clyde Parker, former Pampa, of Wichita Falls visited in Pampa this week. J. M. Turner has been confined to his home for the past week because of illness. Miss Esther Plank of White Deer is visiting with her parents, Mr. and Mrs. Edgar Plank. Jay Plank and Roy McNett, students at West Texas State college at Canyon, are visiting in Pampa. Condition of Frank Holland, injured in an offfield accident near Dumas Thursday, was improved yesterday. Don Smith has returned to Pampa from Lawton, Okla., where he attended school. He plans to return next fall. Charles S. Barrett was admitted to Pampa-Jarratt hospital Friday afternoon. His condition last night was greatly improved. Condition of Don Hurst who suffered a heart attack last week was slightly improved in an Amarillo hospital last night. Mr. and Mrs. Dale Rosson left Saturday for Amarillo where Mr. Rosson will undergo an operation on his hand. County Tax Officer F. E. Leech was absent from his office Friday and Saturday on account of an attack of influenza. Mrs. K. E. Burson and daughter, Diane, of Stamford are visiting with Mrs. Roy Bourland who is ill. Mrs. Burson and Mrs. Stamford are sisters. Miss Rose La Nell Williams, a student at West Texas State college in Canyon, is spending the week-end with her parents, Mr. and Mrs. E. Williams. Condition of Mrs. T. D. Hobart who underwent an operation at Scott-White Clinic in Temple last week is favorable according to word received yesterday by friends. Ennis Favors, former Pampa attorney, connected with the security division of the department of State, returned to Austin yesterday after a three-day visit here. Mr. and Mrs. Ray Huling are vacationing in Galveston where Mr. Huling is convalescing from a recent serious illness. His condition is greatly improved according to word received here by friends yesterday. Funeral services for John M. Williams, 76, were conducted Tuesday at Chillicothe. At the time of his death he was residing with a daughter. Mr. Williams was the father of Mrs. E. W. Sparks and Mrs. Alvin Cole and Odus Williams, all of Pampa. A judgment approving a settlement in the case of G. H. Harris vs. Acme Lumber company et al was filed Saturday in 31st district court. Action in the case was for \$2,897.15 damages, based on an automobile collision five miles west of Pampa at 7 a. m. on Jan. 30, 1937. Terms of the settlement were not given in the judgment filed yesterday.

HUGHES (Continued From Page One) day. With them were the members of the cabinet, the Supreme Court, the heads of the army and navy, and the diplomatic envoys of more than 50 foreign countries. It was an occasion for traditional American patriotic speech-making, for tribute to the founders of the country, and to the constitution. But Mr. Roosevelt and Chief Justice Hughes made it also an occasion for reviewing a century and a half of democracy, what it has meant and what it promises to mean to the people of America. They found their thoughts following similar channels. "Today," said the President, "with many other democracies, the United States will give no encouragement to the belief that our processes are outworn, or that we will approvingly watch the return of forms of government which for two thousand years have proved their tyranny and their inability alike."

He served notice, too, that the United States would not stand passive and silent while religious liberty was denied other lands, but would use every "peaceful means" to preserve religious and personal freedom. "No! Is Answer" "Where democracy is snuffed out there, too, the right to worship God in one's own way is circumscribed or abrogated," he said. "Shall we by our passiveness, by our silence, by our inaction, permit the Levite who held his skirts together and passed by on the other side to persecute religion or deny it?" "The answer is 'no,' just as in the days of the first congress of the United States it was 'no'."

Chief Justice Hughes said the most significant fact in connection with the anniversary "is that after 150 years, notwithstanding expansion of territory, enormous increase in population and profound economic changes, despite direct attack and subversive influences, there is every indication that the vestry property which stands between the citizen and arbitrary power—of religious freedom of free speech—of press, and free assembly, are the safeguards which have been erected against the abuses threatened by the misguiding zeal would destroy the basic interests of democracy."

FRANCO (Continued From Page One) to join a military conference at general staff headquarters. SANTA FE, N. M. (AP)—The New Mexico House of Representatives voted 28-12 today memorializing President Roosevelt to recognize Spain. Reasons, as set forth by Rep. Leo De Baca, author of the resolution, were support of Franco by the Catholic church and endorsement of the Franco regime by U. S. Senator Dennis Chavez of New Mexico. The resolution was approved after a running fire debate over communism, nazism and fascism.

LaMARR (Continued From Page One) bond. The glamor girl has been divorced from Frits Mandl, wealthy European munitions manufacturer, and Markey's previous wife was Joan Bennett, film star. Miss Bennett, divorced Markey in June, 1937. Miss Lamarr obtained a divorce from Mandl shortly after she came to this country. At only 17, Miss Lamarr was the feminine star in the racy European film "Ecstasy" which was barred for a time in the United States and later released again. The picture caused such a stir that Mandl was reported to have purchased all available prints of it to destroy.

Boys Want Ride To Judging Contest Four boys from the Pampa high school chapter Future Farmers of America would like to take part in the livestock judging contest at the Tri-State Fair in Amarillo Monday morning but they lack transportation to and from Amarillo. Anyone planning to leave for Amarillo to arrive there before 9 a. m. Monday can take the four boys is asked to call J. L. Lester at 529. Boys named to make the trip are Billy Stockstill, Blaine Goad, Jerry Stroup and Leonard Hollis.

Rain Delays Field Trials in Tennessee GRAND JUNCTION, Tenn., Mar. 4 (AP)—Sloshing rain, turning the course into miry footing too heavy for smooth groundwork or effective bird finding, forced postponement of the national championship field trials here today. Scheduled to run was one of the pre-meet events, Lady Norlas, owned and handled by Albert Noss, Jr., Jackson, Tenn. The lady won the recent national amateur quail championship at Holly Springs, Miss., and many of the spectators here had picked her as one of the pointer hopefuls in the national. She and her brace mate, Lawless Boy, white-and-orange pointer owned by Dr. H. E. Longsdorf of Mount Eolly, N. J., will take the field Monday morning. They will be followed by the afternoon pair, Doctor's Boy Blue, owned by Homer K. Jones of Memphis, and Homeward Flying Dutchman from the kennels of H. M. Curry of Waynesboro, Ga. The regular Monday heats were set over until Tuesday. Today's postponement increased probability that dogs who worked under similar rainy conditions during the early part of the week might be given another chance to show their wares before the meet ends.

Ten Years For Slaying DALLAS, March 4 (AP)—A criminal district court jury here today gave Robert Otto Currie, 19, ten years in the state penitentiary for the slaying of John J. Mayfield, 57, Dallas filling station operator. J. C. Muse, Sr., chief defense counsel, said no appeal would be taken.

GIRLS! (Continued From Page One) taken from questionnaires given to senior boys last month. The girls' officer from White Deer under the direction of Glen F. Davis led the group in singing. After announcements were made, pictures were taken. Louise Crumpacker of White Deer presided over the meeting. Pampa was elected president; LeFors, vice-president; Canyon, recording secretary; Canadian, corresponding secretary; Childress, reporter; and Memphis, treasurer for the following year in the business session held immediately after lunch. The Homemaking club of each school will chose a girl to fill the position to which the town was elected. Officers for last year were Helen Brewer of Shamrock, president; Polly Cluck of Canyon, vice-president; June Hamer of Hereford, recording secretary; and Opal Thacker of McLane, treasurer. Maxie Holt played popular music on the piano and Arthur Nelson, educational director of First Baptist church of Pampa, played the viharharp to open the afternoon session. "Art in Hospitality" by Line Lee Shahan of Elgin was the first talk on the afternoon program. The skit, "Are You a Good Hostess," was presented by Lorene Ayers, Agnes Forest, and Helen Studer of Canadian. A dance was given by Ann Maxwell of Memphis accompanied by Mary Bess Cole at the piano. Miss Geraldine Clewell of Texas Tech College at Lubbock, who talked on "The Value of Future Homemakers Club," explained the meaning of a future homemakers club as a social and literary organization. Miss Gladys Armstrong, supervisor of Area One, gave the rally news. She announced the state meeting to be held at Galveston on May 3-6. A pantomime, "The Junior and Senior Banquet," was presented by Canyon. Those participating were Polly Cluck, Betty Guthrie, Dorothy Heath, Bobby Watts, Connie Watts, Roy Stuart, and John Zimmerman. One area meeting will be held next fall at Quail on October 1.

MRS. CONLEY (Continued From Page One) Conley died in Pampa eight years ago. His grave is in Fairview cemetery here. Mr. and Mrs. Conley lived in Cheyenne and Casper, Wyo., Miles City, Mont., Goldfield, Nevada, Chicago, and then in Ranger, where Mrs. Conley operated an apartment house. From Ranger they came to Pampa. Seven years ago Mrs. Conley started a cafe at 109 North Frost, which she still operates. She rises each morning at 5 o'clock, goes to her cafe, then to morning mass at Holy Souls Catholic church at 7 o'clock. Mrs. Conley has six brothers and one sister. The sister and four brothers live in St. Louis. One brother lives in Chicago and another brother in Tacoma, Wash. A feature story, written by Virginia Anderson, Shamrock reporter, and Mrs. Conley's picture, are to be published in the special edition of the Shamrock Texan next Saturday.

GANDHI (Continued From Page One) mendrasinhji, to give its people a voice in the government. Most business in Bombay was at a standstill. Markets closed after prices declined and traders became fearful of a slump because of the unsettled political situation. The congress party (Indian nationalist) government of the United Provinces telegraphed King George VI's viceroys of India, the Marquess of Linlithgow, urging him to intervene. He warned that if anything should happen to Gandhi "we consider the ultimate responsibility yours."

Rajkot officials were firm in rejecting Gandhi's demands and in insisting that the ruler "takes no responsibility" for any trouble growing out of the spiritual leader's hunger strike.

LaMARR (Continued From Page One) bond. The glamor girl has been divorced from Frits Mandl, wealthy European munitions manufacturer, and Markey's previous wife was Joan Bennett, film star. Miss Bennett, divorced Markey in June, 1937. Miss Lamarr obtained a divorce from Mandl shortly after she came to this country. with Wellington in charge of the program. Delegations coming the longest distance were from Littlefield, Floyd, and Childress. The Pampa club led in attendance with 87 present and White Deer second with 40 members. Three hundred and eighty guests were served luncheon in the high school cafeteria by Mrs. Roy Kilgore. The luncheon committee included Eleanor Hutchins, Mary Jean Ross, Bileen Gray, and Catherine Culbertson.

OIL MEN (Continued From Page One) Meeting Open To All Ray C. Johnson of Amarillo, attorney for the association, will be hostmaster at the stage banquet. The program will be the complete Kathryn Duffy All America Revue which has just returned from a successful tour of the Pacific coast including long stops in Los Angeles and San Francisco. "The meetings will not be closed to members of the oil fraternity but to business and professional men of the Panhandle. The Pampa Board of City Development through its oil and gas committee, of which Dan Williams is chairman, urges Pampa business men to attend the banquet, addressed by men who know the oil industry and its relation to all types of business. The federal government owns 26,670,496 acres in Wyoming valued with improvements at \$62,881,771.

Girl Scouts Will Observe Anniversary

Girl Scouts of Pampa will have their own special observance of the twenty-seventh anniversary of the founding of the Girl Scout movement when a vesper service is held at 5 o'clock Sunday evening, March 12, at the First Presbyterian church. Rev. Robert Bohlen, pastor of the church, will preach a sermon that will be for the Girl Scouts. Parents of Girl Scouts, however, and the public are invited to attend the service.

There will be singing of sacred songs by the girls. At least 100 of the city's 131 Girl Scouts are expected to attend. The girls have been asked to wear their Scout uniforms.

March 12 has been designated as "Go To Church" Sunday for the Girl Scouts, who are expected to attend their own churches in the morning, and then join the vesper service at the First Presbyterian church that evening.

Betty Farley Was Champion 4-H Club Girl

Miss Betty Farley, McLean school teacher who on the first of this month became home demonstration agent of Sherman county, was named as the champion 4-H club member of Gray county back in October, 1931, by County Farm Agent Ralph R. Thomas.

In the four-year period ending in 1931, Miss Farley won \$100 in prize money and \$562.17 net profit from feeding baby beets. At that time, both 4-H girls and 4-H boys were eligible to compete in livestock raising.

Profits secured for the sale of baby beets were used by Miss Farley to go to college, after she had graduated from Groom high school in May, 1930. She was valedictorian of her high school class. Miss Farley graduated from Texas Technological college in 1937.

Her experience in livestock club work dates from 1927, when her first demonstration was an orphan heifer calf given her by W. M. Goldy of Amarillo. At that time there was no county agent in Gray county, so she enrolled in the Potter county 4-H club, with which she remained until May, 1930.

Miss Farley taught home economics at McLean high school in 1937-38, a position she held until her resignation recently, when she accepted a position as home demonstration agent for Sherman county, of which Stratford is the capital.

TO TURN SHOWER ON SOOTY CHIMNEY
CINCINNATI (AP)—"Shower baths" for industrial stacks that belch too much soot and smoke are planned here.

A perforated brass ring, connected to the water supply, has been installed at General Hospital, a city-run institution. Whenever soot and ashes are blown from the boilers, the device is turned on and the water causes the flaky particles to "congeal" and to fall to the bottom of the stack.

Amarillo Woman Cooks Own Cakes On 92d Birthday

AMARILLO, March 4 (AP)—Mrs. E. E. (Granny) Morris, who is older than any other women in Amarillo, cooked her own cakes when she observed her 92nd birthday. Mrs. Morris lives with her only granddaughter, Annie E. Fowler, and earns her living by making neckties. She had one child of her own but she reared 21 children. Granny is the only survivor of a family of 12.

Students Grade Tech Teachers

LUBBOCK, March 3—Putting the shoe on the foot, Texas Tech students are grading teachers this week. Faculty members will be judged on personality, diction, posture, standard speech, appearance as it affects speech or speech affecting personality.

Will Germany And Italy Be Able To Collect?

With the military phases of the Spanish war largely over, a new struggle begins. First, the Franco regime must restore internal order, and must make some kind of concessions that will get for it at least the passive, if not the active, support of a majority of the Spanish people.

Sharing the Comforts Of Life - - -

By R. C. Hollies

NO NEW TAXES President Roosevelt and Secretary of the Treasury Morgenthau, announce that they anticipate no new taxes—that business need not fear additional taxes.

HOPKINS' SPEECH It seems that Hopkins' attempt to explain how he is going to get business to re-employ the unemployed did not explain. His statements were all generalities. He still believes that the government must spend money in order to increase national income.

His statement that there will be no more tax is just silly and ridiculous. Only the gullible crowd believes statements like this. Every business man knows that you cannot eat a cake and have it.

News Clearing House

Editor News: Speaking of sound reasoning, R. C. Hollies, yours is most assuredly no Rock of Gibraltar to me.

In the first place, are you an American citizen? And if so, how can your attitude toward your fellow men be one of such apparent indifference?

You say "people in reality do not want work. Everyone can work if they are not particular about the wages they get" and "do not care where things are made."

I realize that miracles cannot be accomplished over night and I also realize that without the cooperation of the public little progress can be made.

And the work I refer to is not "artificial" as you choose to call it. The fact remains that certain items are purchased by the public every day and can you give me any logical reason why these items should be inferior foreign imports when they can just as well be of the superior quality we manufacture in our United States of America?

I repeat that "you get only what you pay for." A cheap price buys nothing but an inferior product. Add a few cents and you receive not only quality but superior workmanship and satisfaction.

Take for instance the case of one Orange county resident. While shopping a few days ago he noticed upon a counter a pair of attractive towels.

"Just what I have been looking for" she joyously exclaimed. "Large wrap-around bath towels, and at SUCH a bargain."

Last week, as was her usual custom, she threw all of her towels into the washing machine and went about her business while the rich gentle suds of her favorite laundry soap made their way to the top.

But when she returned to the washing machine a few minutes later "L. J. and Behold! What in the world had happened?"

The soapy water was a mass of color and all of her towels were ruined, spotted with the cheap dye that had run out of the "new, WHAT A BARGAIN" bath towels.

And from the dye filled suds and spotted towel, came enlightenment to her tear filled eyes.

"I guess it serves me right," she murmured. "I should have known where these towels were made before I purchased them instead of finding out so tragically at this late date."

Yes, they were cheap foreign imports which proved to be very costly in the long run.

All of us wives and mothers know that American made towels are dependable and last long.

But when you buy a towel, you are not only buying a towel, you are buying a piece of America.

And do you think for a moment that any one of the men who contracted a skin disease by using sterilized cheap imported shaving brushes would not consider it a privilege and indeed a splendid investment to have a "made in America" brush?

Again I ask "Why buy these troublesome and costly imports when such fine American made merchandise is available?"

Naturally we must have reciprocal trade, but only to a certain extent. There is one thing we should remember to do, and that is to buy American goods.

Let us speak of the element of time in the producing of any given thing.

And in this regard if we had no unemployed in our country, but have you stopped to think what the length of time it takes to make any given item could possibly mean to an unemployed man who has nothing but an overabundance of time?

I am not particularly interested in "Raising the wages of ALL," just before being awarded \$7,500 damages as a result of an accident which damaged her eye, causing the winks.

Let's make it clear that we mean hands off the Western Hemisphere by an open declaration of our policy that we will pick our own enemies.

—MAYOR LA GUARDIA, of New York, to the state American Legion convention.

Germany is the promised land if you want to work 12 hours a day for the equivalent of \$8 a week.

—DR. MARIA HALBERSTADT, former Hamburg teacher, to an educational group in Cleveland.

Youth has nothing to do with

glimpse in Europe. The more mature, the more knowing, then the more charm.

—MRS. JOHN DAVIS LODGE, the former Francesa Braggiotti, return from several years' residence in Europe.

WHITE RHINOS INCREASE. DURBAN (P)—The South African white rhinoceros, once threatened with extinction but now protected by law, is increasing in large numbers.

U. S. Chamber Lists Ways To Aid Business

WASHINGTON, March 4 (P)—The United States Chamber of Commerce suggested today that recent administration assurances to business be translated into a comprehensive seven-point program of positive and practical action. In its periodical "Washington review," the chamber said that "the revival and reinvigoration of business enterprise is properly coming to be recognized as America's number one problem."

Representing GREAT NATIONAL LIFE INSURANCE CO. PHONE . . . 772

questioned yesterday by Chairman Harrison, democrat, Miss., of the senate finance committee and Doughton, democrat, N. C., of the house ways and means committee. The chamber listed the following recommendations for specific assistance to business: "Reduction of expenditures. "Absolution or reduction of taxes which discourage, and sometimes penalize, business initiative. "Modification of repressive laws and regulations which impede the flow of money into capital markets. "Curtailed of the competition of government with private enterprise in many fields of business. "Repeal or revision of labor legislation which promotes strife and discord. "Limitation of the authority of federal agencies which exercise the functions of prosecutor, judge and jury in the regulation of business activities. "Discontinuance of ex parte investigations and inquiries which tend to discredit business and impose an unnecessary burden upon business enterprise."

Market Briefs

NEW YORK, March 4 (AP)—Week-end profit taking stemmed the rising tide in today's stock market and the list closed a shade irregular. At that, the Associated Press average of 69 issues managed to edge up .1 of a point at 82.4, making the net gain for the week 1.2 points. It was the third consecutive week's advance. Volume of 584,000 shares compared with 788,000 last Saturday. Many traders cashed in pending the President's speech to Congress on the occasion of the 150th anniversary of the first session of this body. The address was delivered after the close and was somewhat disappointing to those who had expected the chief executive to comment on the latest business "upsetment" campaign of the administration. Overnight buying orders swung prices upward at the start. Volume soon dwindled, however, and quotations slipped. At the finish the aggregate of closing issues was only slightly ahead of the unchanged to minus side.

Table with columns for various commodities and their prices, including items like Al Chem & Dye, Am Can, Am M & F, etc.

CHICAGO GRAIN CHICAGO, March 4 (AP)—Wheat prices average about steady here today, with the wheat 1/4 cent higher to 1/4 lower. Trading was light. Weakness at Liverpool and forecasts of additional precipitation in the domestic winter wheat belt induced moderate early selling. At the finish wheat was 1/4 up to 1/4 down, May 68 1/2-69, July 68-69 1/2; corn 1/4 up to 1/4 down, May 49 1/2-50, July 50 1/2; oats unchanged to 1/4 up, May 21 1/2; soy beans unchanged to 1/4 down, May 45 1/2; rye unchanged to 1/4 lower, May 45 1/2; hard 5 to 10 cents a hundred pounds higher.

Bull Lea And Kayak II Win Widener, Anita Races

By ROBERT MYERS
SANTA ANITA PARK, LOS ANGELES, March 4 (AP)—Kayak II, brilliant Argentine-bred 4 year old and the public betting favorite, crashed through with a gallant stretch drive today to win the world's richest horse-race—the \$100,000 Santa Anita Handicap.

Brazilian Friend of U. S. Here

Dr. Oswaldo Aranha, Brazil's Foreign Minister and noted diplomatic friend of the United States, arrived in Washington to confer with President Roosevelt and other U. S. officials on relations between the two countries.

By GAYLE TALBOT
MIAMI, Fla., March 4 (AP)—Bull Lea, tenacious big son of Bull Dog, tore the heart from six opponents, including the great Stagehand, and pounded home first today in the \$50,000 added Widener challenge cup at Hialeah Park before 21,000 surprised spectators.

Third choice in the betting, Bull Lea jumped into the lead at the head of the stretch and bounded away to win by three good lengths over Sir Damien, which was a half length in front of Stagehand, the odds-on favorite. Maxwell Howard's colt ran into a horse he couldn't collect in his closing rush.

The closing day classic saw Sir Damien, owned by Marshall Field and ridden by the sensational Don Meade, assume a lead at the gate and hold it steadily until Ira Anderson called upon Bull Lea three lengths from home.

From that moment there wasn't a doubt. Wright couldn't restrain his joy as they led Bull Lea into the enclosure before the cheering crowd. "We knew he was a great horse and fully expected him to take Stagehand today," he said.

The first prize was \$46,450 and ran Bull Lea's total winning to \$94,825. Sir Damien's second place was worth \$8,000 and Stagehand's third \$4,000, putting him above the \$200,000 mark.

The winner's time of 2:02 2/5 was three-fifths of a second off the track record for the mile and quarter route.

Four of the seven starters, Pasteurized, Mythical King, Francisco, and Xavier, never threatened.

A present of \$10,000 tendered by the Los Angeles Turf Club for the winning trainer, Main Man's third place was worth \$10,000 to his wealthy movie mogul owner, and Baroni, who won over \$100,000 with his top row in the 1936 Handicap, received \$5,000 for fourth place.

Sixty Bills Approved By Legislature

AUSTIN, March 4 (AP)—Heavily burdened with issues of vital import, the Texas Legislature today approved the half-way mark of its 120-day long session and listed among its major accomplishments so far:

Emergency action authorizing the state to borrow an additional \$800,000 to pay pensions until Sept. 1, end of the fiscal year, to avoid slashing monthly stipends to the old.

Withdrawing from sale leases to state-owned public school lands until it has time to revise the laws and prevent alleged abuses resulting in losses to the permanent school fund.

Abolishing the office of tax commissioner and transferring its duties to the comptroller.

Providing funds for placing in operation immediately the recently completed Big Spring hospital for the insane.

Ratifying the Rio Grande compact between Texas, Colorado and New Mexico which provides for equitable distribution of the stream waters above Fort Quitman.

Refunding Texas relief bonds to save \$80,000 in interest.

Sixty bills already have found their way into and out of House and Senate committees, have received the approval of both branches of the Legislature and been signed by Governor W. Lee O'Daniel.

Of the new laws, 45 were of such a nature they applied to one county only.

Among resolutions agreed to by both Houses were ones to: Oppose federal legislation appropriating submerged lands belonging to Texas.

Instruct the highway department to use materials containing cotton wherever possible in road construction.

Extend sympathy and a supply of vaccines to the Republic of Chile, suffering from an earthquake.

Endorse efforts of the Texas world's fair commission to place suitable exhibits in the New York and San Francisco fairs.

Business Man New Suspect In Slaying

OKLAHOMA CITY, March 4 (AP)—Search for a 35-year-old Oklahoma City business man who disappeared from his home about the time of the brutal slaying of 19-year-old Hazel Black widened tonight as police in surrounding states broadcast his description.

The newest suspect in the murder was last seen by members of his family at 10 a. m. Thursday, shortly before the junior high school student was beaten and strangled to death in her home.

Detective Captain Charles Ryan said the man rented a car from an Oklahoma City firm and had not returned it.

NEW MANAGER

Succeeding Alton Hall as manager of Jones-Roberts Shoe store is Frank Smith, above, who comes to Pampa from Kansas where he has been manager of the C. R. Anthony company stores at Hutchinson, and earlier at Salina. Mr. Smith is a member of the Lions club, Metro club, and Presbyterian church. Both Mr. and Mrs. Smith are ex-students of the University of Oklahoma. They have one child, a boy, six months old. Mr. Smith formerly lived at Shamrock where he was employed by the Baker-Hanna company. Mr. Hall, former manager of the Jones-Roberts store here, left Wednesday morning for Lubbock, where he will be manager of the company's store in that city.

Kiltie Band To Join Irish Day Celebration

SHAMROCK, March 4.—Chairman E. K. Caperton of the St. Patrick's day celebration committee, announced Friday that the famous Kiltie band of Oklahoma City would definitely appear in the parade here on March 17 and that they would put on another of their classy stage performances in Clark stadium on the evening of March 16. These arrangements were announced after final negotiations with Capt. E. G. Fry, director of the Kilties.

The band was a headline attraction at the Irish festival last year, leading the three-mile parade and appearing in a concert the night before the celebration. The music and precision marching of the Oklahoma City girls in their Scotch plaid jackets and kilts, drew favorable comment from thousands who attended the last year's celebration.

Acceptance this morning by the invitation to attend the celebration brings the number of bands, including Shamrock's own Irish group, to more than 20, which will march in the big parade.

TO CAMOUFLAGE CITY
ISTANBUL (AP)—All buildings in Istanbul are to be painted the same shade of gray as the city's streets, as a protection against air raids.

Borger Will Begin 'Lucky' Celebration

BORGER, March 5.—Borger, the Magic City of the Plains, will open its Lucky 13th Birthday anniversary Monday with a series of bingo and other games, and concessions in the Legion hall. The hall will be open day and night, with the exception of Wednesday night, for the entire three-day celebration.

On Tuesday night there will be a wrestling match at the arena, located at the rear of the American Legion hall. The match will be a battle royal and will start at 8 o'clock.

Wednesday, the final day, will be the high point of the celebration. Floats prepared by Borger clubs and merchants, and 16 out-of-town bands will proceed north on Borger's Main street, starting from the Black Hotel. The Buffalo band from Canyon will represent Amarillo in the parade.

At 12:30 o'clock visiting bandsmen will be given a free barbecue at the Legion hut, and at 2 o'clock that afternoon there will be a band review at Bulldog stadium. To the best band in marching and the best band in drill will be awarded prizes in each of these two divisions. There will be 20 trophies awarded in all.

The celebration will end with a dance at 10 o'clock Wednesday night at the American Legion hall.

Verne Crumrine is in charge of the parade and the band review, Bob Grimes will be in charge of the barbecue and Tom Duval in charge of the dance.

The birthday celebration this year has been called the Lucky 13th anniversary, an account of major improvements Borger is now making, including additional street paving and additional street lighting.

Men Best Dishwashers
PALM BEACH, Fla., March 4 (AP)—A survey among specialists here today contended that men are better dishwashers than women.

The consensus of winter colonists who employ large servant staffs was that men are less jittery when handling fragile glassware and rare china.

Pilot Training Project Praised

FORT WORTH, March 4 (AP)—The most important thing the civil aeronautics authority has done since its establishment last year is the initiating of a program for training 30,000 youthful pilots every year, Clinton M. Hester, administrator for the CAA said here today.

These trained men, he said, will increase plane production and the United States will never have to yield should a "Munich" one day confront her.

Hester spoke before the final session of the Southwest Aviation conference.

Moss Patterson of Oklahoma City was re-elected president. Also re-elected were Alfred McDonald of New Orleans, first vice president, and C. R. Moore, Kansas City, secretary-treasurer.

The delegates voted to change the name of the organization to the Southwest Division of the Air Congress of America.

Second vice presidents named, each representing a state in the organization, included: Fritz W. Martin, Shreveport, La.; William Cutler, Albuquerque, N. M.; and J. H. Lapham, San Antonio, Texas.

The youth training schools, one of which will be in operation at the municipal airport here next week, will be of immense benefit in two ways, Hester pointed out. They will create a desire among the young men who have learned to fly to own airplanes, thus stimulating factory production, and will provide an emergency backing of experienced men.

Officials Report

—on banking show an impressive feature of business recovery.

THE report of the Comptroller of the Currency of the United States for instance, shows that there are about 16,000 banks in active operation under the supervision of state or federal banking authorities. Their capital totals more than three and one-half billion dollars and their surplus and reserves amount to over four billion dollars more. Their total deposits have increased in a year to forty-six billion dollars, and their aggregate resources have increased to sixty billion dollars.

First National Bank
In Pampa
Member Federal Deposit Insurance Corporation

Second prize money was paid off at \$6.20 and \$4.80. Main Man, rated a bare outside chance, paid \$9.60. He was paired with Quick Devil.

The sun was still high when the 16 thoroughbreds paraded to the post and long lines of the huge crowd fought to get their bets down. Heffly, A. G. Vanderbilt's entry, unseated Jockey Harry Richards to hold up the start, and then Specity, with Charlie Corbett in the irons, proved so fractious he was taken from the No. 4 position, next to Heffly and started from the outside gate.

The other leading candidates in this supposedly wide open race—wide open until Kayak II began to close it up with that charge down the stretch—were never serious contenders.

Finishing behind Kayak II, Whickee, Main Man and Specity, in order, were Today, Jacola, Cravat, Gosum, War Minstrel, Heffly, Quick Devil, Frexo, Congressman, Thanksgiving, Sortedo and Melodist. Trainer Tom Smith received

431,000 Men Will Get Army Training

WASHINGTON, March 4 (AP)—Some 431,000 officers and men, war department officials estimated today, will undergo intensive field training this year in probably the largest scale maneuvers the army has undertaken in peacetime.

A record \$89,391 was earmarked in the war department's annual appropriation for the bulk of expenses, and General Malin Craig, Chief of State, said Congress probably would be asked for "considerable increases."

Maneuvers involving large bodies of troops, air forces and teaming with the navy are "essential," General Craig told a House committee, to prepare the army "to execute its mission in national defense."

As part of the maneuvers, the first cavalry division in Texas will test the defense of an undisclosed industrial area against air raids.

An extra \$75,000 was budgeted for cost of the air raid defense of an industrial city, aside from normal expenses of the troops and planes. The most spectacular of military maneuvers, this exercise is expected to result in the army's heaviest concentration of anti-aircraft artillery in addition to employment of 200 or more warplanes.

PAYS JUNKMAN 20 CENTS TO RELIEVE CONSCIENCE.
NEBRASKA CITY (AP)—Fourteen years ago Julius Barron, former Nebraska City junk dealer, bought some old rags and papers from two boys. The present owner of the business received a letter recently from California which said:

"A boy and myself in the year about 1925 sold you some old rags and papers in a sack. It amounted to about 20 cents. We placed a brick or so in the bottom of the sack to make it heavier." Enclosed was 20 cents.

Scout News

TROOP 13
Troop 13 was called to order by Assistant Scoutmaster Clarence Coffin at their regular meeting time last Tuesday night.

Sam Johnson, new assistant scoutmaster, led the health inspection which followed a knot-tying contest and a signaling contest.

Mr. Johnson announced that the future meetings would, open with the "Oath of Allegiance" the flag which would be followed by a knot-tying contest, signaling contest, first aid contest and several games. He also said that he wanted all the Scouts in the troop to get all the new members they could.

Young People Plan Training Course

Young people and their adult leaders of the First Methodist church will conduct a training school for four nights this week, Monday through Thursday, with the Rev. Dwight McCree of Canadian, as the leader and instructor.

"Recreation and Personal Development" is the course to be given, and it deals with the problems of leisure time and the factors that enter into personality growth. Some demonstrations of games and recreational programs will be given.

Rev. McCree is a graduate of Yale University.

Young people from nearby Methodist churches are expected to attend, also, and any who desire to attend will be welcome, the pastor, Dr. W. M. Pearce, states.

Pennies From Heaven
ANDERSON, S. C., March 4 (AP)—A thief broke into the First Presbyterian church here, jimmied the pastor's desk and found:

Three pennies and the pastor's sermon on "My Responsibility to My Church."

DOLLAR DAY MONDAY

Indians Nose Out Mexicans For Cage Title

Livingston Wins 37-35 Over Lanier

AUSTIN, March 4 (AP)—Twenty seconds before the final gun cracked in the huge Gregory gym tonight, center Greg Weatherford of Livingston whirled out of the mass and fired a one-handed shot through the hoop that gave his Lions a victory over Sidney Lanier of San Antonio, 37-35, and the Texas Interscholastic League basketball championship for 1939.

It was a stormy, smashing game that concluded two days of spectacular play in which Livingston and Lanier fought off champions from six other regions in the 18th state tournament.

Bowie of El Paso won third place by defeating Abilene, 23-22. The Lions had to stave off a driving Lanier rally that overcame an eight-point lead in the fourth quarter and tied the score at 35-all with half a minute to go.

With Lanier trailing by one point, Billie Saldana got two free throws and made one good to set the stage for Weatherford's "money" shot.

"All Joe Trevino was the lad who shot Lanier back into the game. He whipped in 14 points in the last half after going scoreless the first two periods. Weatherford was high for the champions with 12.

Gernard is Coach. The tricky dribbling and passing of two swartzy guards, Capt. Tony Cardona of the all-Mexican Lanier team and Foster Bullock, Livingston's full-blooded Alabama Indian, helped make the championship game the most sensational of seven thrilling clashes during the two-day tournament.

Livingston defeated Vernon by four points, Bowie by two and finally Lanier by two in their hectic championship chase, driving Coach Bubba Gernard to the verge of a breakdown. Gernard, a great three-spot athlete at Baylor in 1935-38, saw his first high school team win the highest honor in interscholastic league basketball.

Sidney Lanier likewise had rough sailing throughout, beating Gilmer 40-39 and Abilene 33-31 to reach the championship round. Both the Lions and the Voks missed many shots in the tense first half, which ended with Livingston ahead 13-11. By the end of the third quarter they had built a 26-30 margin.

Then Cardona and his mates fired their final charge and it came near being enough to blow the Lions out of the running.

Box Score:

	G	F	TP	PF
Livingston	27	37	14	14
Walters, f	2	0	4	1
Rowe, f	0	0	0	2
Jones, f	3	0	6	2
Weatherford, c	2	12	2	2

Totals	17	3	37	14
Lanier	27	35	14	14
Saldana, f	2	1	5	0
Martinez, f	1	0	2	0
Cardona, f	3	4	10	2
Cordova, c	0	0	0	0
Trevino, c	5	4	14	2
Hernandez, g	1	2	4	1
Medina, g	0	0	0	1
Totals	12	10	35	6

Free throws missed: Walters, Weatherford 2, Bailey 2, Saldana, Cordona, Trevino 4, Medina 2. Score at half: Livingston 13, Lanier 11.

AUSTIN, March 4 (AP)—The Bowie Bears of El Paso won third place in the Texas Interscholastic League tournament here tonight by defeating the Abilene Eagles, 23-22.

Antonio Jordan paced Bowie to its victory over Abilene, one of the pre-emptors. The hustling floorwork of Rodolfo Olivias and the defense of Abundio Tellez also figured largely. Guardan Busty and Porter Willis scored eight each for Abilene.

With four minutes to play Bowie started stalling and kept the ball working around until the gun. Abilene got one try but missed.

Box Score:

	G	F	TP	PF
Abilene	27	35	14	14
Busty, f	3	1	7	1
Willis, f	3	1	7	1
Bennett, c	2	0	4	3
Connor, c	1	0	2	3
Hay, g	1	0	2	0
Totals	10	2	22	8
Bowie	27	37	14	14

HARVESTERS RECEIVE REVERSIBLE JACKETS

Members of the 1938 Pampa Harvester football team were awarded reversible green and gold jackets during assembly Friday afternoon in the high school auditorium. Coach Odus Mitchell presented each eligible member of the squad, giving his past record in athletics. The squad is pictured above on the stage, wearing their new jackets.

Showing in the picture, left to right, are: A. C. Miller, Jack Crout, manager, Billy Mounts, manager, Gerald Nichols, Leonard Dull, Carl Ripple, James Carlisle, Robert Clemmons, Bob Andis, Albert Kemp, Wayne Giddens, R. G. Candler, Jack Hess.

Harvesters, Guerillas Get Jackets

Twenty-three members of the 1938 Pampa Harvester football team and 22 members of the 1938 Guerillas were presented with jackets in assembly at the high school auditorium Friday afternoon. Two managers of each team were also honored. Also given jackets in appreciation of service and cooperation were Hugh (Curly) Isbell, custodian of the gymnasium, and Harry E. Hoare, sports editor of the Pampa News.

GUERRILLAS GIVEN SWEATERS

Future Harvester footballers were honored Friday afternoon at high school assembly when the 1938 Guerillas, pictured above, were given sweaters by their coach, Bruce Barton. Although not strong in the win column, the Guerillas played far superior teams during the season and learned a lot about the game of football. Pictured above wearing their new green and gold sweaters are: Top row, left to right: Jack Termin, Kenneth Mullings, W. C. Epperson, Irvin Molesworth, Claude Hinton, Ed Terrell, Dewey Scott, Lindsey Boyd, Bob Dunlap, R. Phillips, Coach Bruce Barton.

Maybe This Proves That Fish Bite Only On Rising Barometer

By DAVE CHAVENS
Associated Press Staff
Now that the season is closed, we feel perfectly safe in telling you fishermen when they'll bite. There is quite a story behind it.

Only Harvesters to have three year stripes was Captain J. W. Graham who not only had three stripes but two Captains stars. Graham was captain of the 1937 and 1938 teams.

Receiving sweaters with two stripes were Bob Andis, Leonard Dull, Albert Kemp, Glen Nichols, Melvin Watkins, Tommie Solomon, Pete Dunaway and Bob Karr.

One-letter men were Doyle Auld, L. C. Bailey, R. G. Candler, James Carlisle, Robert Clemmons, Seth Cox, Wayne Giddens, Aubrey Green, Grover Heiskell, Jack Hesse, Kenneth Kyle, A. C. Miller, Carl Ripple, Gerald Nichols.

Texas (Yeah!) Due To Win On Diamond

By WILLIAM T. RIVES
Associated Press Staff
The sports expert—who may be anybody from the insurance salesman who sold you that policy you didn't need, to the babby for the Coon Ridge Panthers—is always happy when the baseball season rolls around.

The rest of the time dazy races make predicting distinctly hazardous, but the expert always can clear his throat and solemnly affirm that Texas University's baseball team looks like the cream of the Southwestern Conference.

And chances are he'd be right. The Longhorns have won so many pennants the campus must look like main street on the fourth of July.

Season Opens March 20
Texas opens the conference schedule against Rice at Houston March 20.

BITS ABOUT BOWLING

MAIN EVENT.
Ernie Peterson vs. Able Freeman.
SEMI-FINAL.
Allan Plummer vs. Steve Netry.
OPENER.
Frankie Hill vs. Russ Riley.
Referee, John Nemanic.
Time, 8 o'clock sharp.
Place, Pampa Athletic arena.

Women wrestling fans of Pampa and surrounding territory will be admitted free to Monday night's matches at the Pampa Athletic arena if accompanied by one paid admission. Promoter Cliff B. Chambers announced yesterday. He has lined up a card he thinks will please the women of this section.

Opening the card at 8 o'clock sharp will be Russ Riley of Muleshoe against Frankie Hill of Wichita, Kas. Admission will be 65 cents for ringside reserve seats, 40 cents general admission and 10 cents for children under 12.

Peterson won two out of three falls from Plummer Friday night and looked very good. This match for Monday night positively eliminates either Freeman or Peterson for the chance to meet "The Great Danny McShain" (by Danny McShain).

Freeman was given the chance to redeem his loss that occurred early in the tournament with the understanding that the loser would be definitely eliminated.

In the semi-final, Allan Plummer, the rough and tough mauler, will have his hands full when he tangles with Steve Netry. Netry was out-weighted Friday night but he gave Hill a run for his money before he did pin him. The opener should be a fast and scientific match.

"Sterling (Dilly) Davis was scheduled to meet Peterson on Friday night but the state doctor refused to let him take the mat because of an injury received in Amarillo Thursday night when he dove at his opponent, missed and hit the corner post.

Plummer took the first fall from Peterson in 22 minutes with a new type of back breaker. He got Peterson across his shoulders and put on the pressure.

Peterson came back to win the second fall with a new slam procedure. After he got Plummer groggy with forearm blows to the jaw he got a standing head scissor with feet on chest and then dropped on his shoulders, hurling Plummer high and hard. Peterson repeated the hold to win the final fall and match in 13 minutes.

Frankie Hill finally caught Steve Netry to win the semi-final in 17 minutes with slams and a smother. The speedy Netry was able to stay away from his big and ponderous foe.

Russ Riley and Able Freeman went to a draw in the preliminary.

& M. were dealt hard blows with the loss of J. D. Norton, S. M. U. outfielder, and Walter Bass, the Aggie pitcher. Peterson repeated the hold to win the final fall and match in 13 minutes.

The sports expert—who may be anybody from the insurance salesman who sold you that policy you didn't need, to the babby for the Coon Ridge Panthers—is always happy when the baseball season rolls around.

The Longhorns' best pitching prospects are sophomores Dave Rodriguez of Miranda City, Udell Moore of Hollis, Okla., and Melvin Deutsch of Colewell. Ned McDonald, letterman hurler, also is back.

Coach Howard Grubbs of Texas Christian faces the pleasing prospect of sending eight letter-men and a promising bunch of first-year men into the campaign. Billy Blidnerback, ineligible last year, will help with his first-basing and batting thunder.

Arkansas does not participate in the conference's baseball play.

Stratton Tries Out New Artificial Leg

GREENVILLE, March 4 (AP)—Montie Stratton, former ace hurler for the Chicago White Sox, donned a new artificial limb for the first time today and pitched a few balls for a group of boy admirers at his home here.

"It feels fine and I am getting along swell with it," he said after a walk with Mrs. Stratton and their boy, Montie, Jr.

Stratton will leave here April 5 for Chicago where the White Sox will play a benefit game for him April 17. He will coach first base for the team this season.

Stratton, who lost his right leg as a result of a winter accident, received the limb from a Dallas firm yesterday.

Sea-Going Torpedoes Start in the Air

Modern warfare is making it tougher and tougher for sea-going men-o-war, and here's the latest headache for admirals: Torpedoes from the air. Left, a Royal Air Force plane over Stokes Bay, England, drops a torpedo. Right, torpedo meets water, speeds toward the target. It's all practice, of course.

Slick for Skiing

Alyce Larrabee, an English visitor, wears the latest in skiing equipment at fashionable Sestriere in the Italian Alps. Her checked outfit is topped by a novel combination sun visor and anti-glare snow glasses.

Mapping Next Summer's Visit of King and Queen

Back and forth across Canada will travel the royal train bearing King George VI and Queen Elizabeth of England next May and June. A quick side-trip to the United States, including a visit at the White House, is included in the itinerary. Arrows in above map show the royal route with main stops.

Six Died When This Trolley Ran Wild

Sliced almost in two by the force of its crash against a tree, this Boston trolley car brought death to six persons and injury to more than twenty when it ran wild on a hill and jumped the tracks.

My Hat:

Is nothing sacred anymore? Milady's quest for style-setting fashions leads her into man's wardrobe for hat models. Mrs. J. F. Carlisle, New York socialite, wears this mannish chapeau at Santa Anita race track.

World War Hero Envoy to Spain

France's ambassador to Nationalist Spain is Marshal Henri Petain, above, 82 years old, World War hero of the defense of Verdun.

Dead Baby's Eye Tissue Brings Sight to 3-Year-Old

Blind since birth, 3-year-old Imogene Taylor, pictured in a Little Rock, Ark., hospital shortly after the eye tissue of a dead baby boy was transplanted to one of her eyes, is beginning to see. Nurse Violet Poage smiles down at Imogene.

Alex Shows 'Em the Old Whip

Grover Cleveland Alexander holds up for close inspection before the curious faces of a New York nickel museum audience the arm which made diamond history and landed him in baseball's hall of fame. It was part of the routine 'Old Alex' went through in his first day of employment with the troupe.

New President of Reichsbank

Presaging important changes in German economic policy is the appointment of Walther Funk, above, veteran Nazi economics minister, to succeed Dr. Hjalmar Schacht as Reichsbank president.

Street Score of Traffic Toll

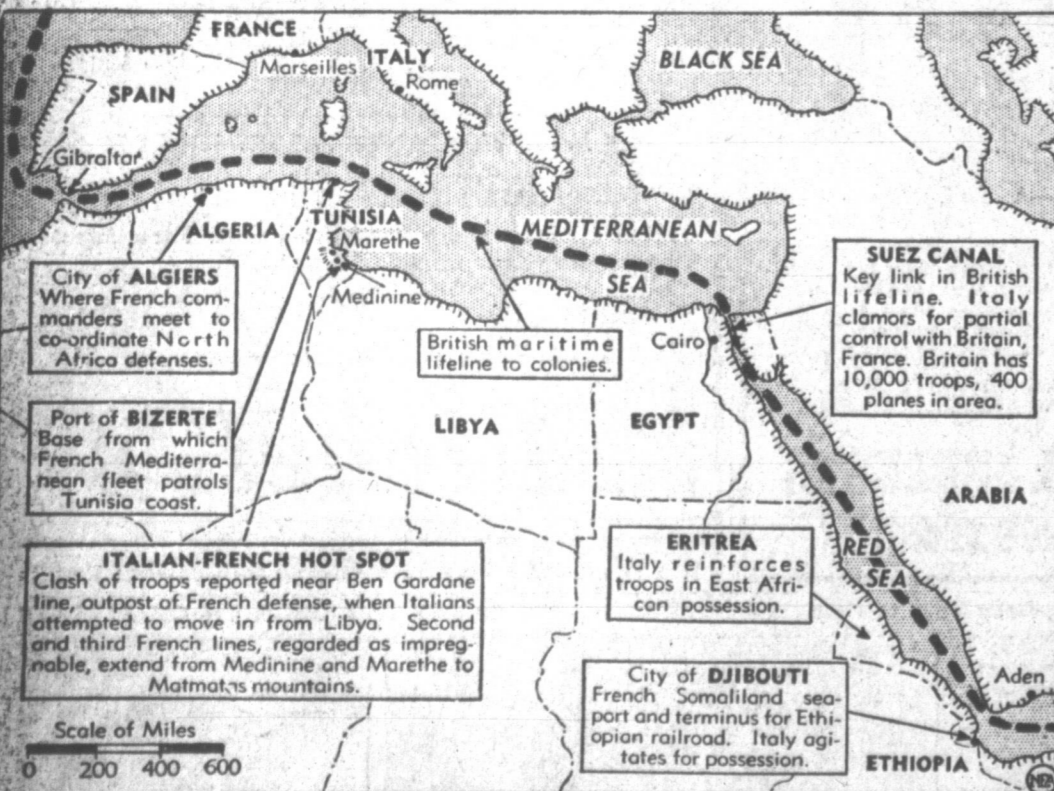

Beside a grim "No. 4," indicating Oklahoma City's fourth traffic death of 1939, Policeman Allan West points to the "X" which marks the spot of the fatality. With numbered crosses, the city preaches an illustrated safety sermon to drivers and pedestrians.

Brown Bomber Done Up in Oils

Joe Louis makes the art galleries. This oil painting, "The Brown Bomber," by Robert Riggs of Philadelphia, now being shown in the 134th annual exhibition in the Pennsylvania Academy of Fine Arts, tells its own story of the last Louis-Schmeling fight—even to the towel which sails into the ring at extreme right.

Where Storm Brews in Northern Africa

Tension increases daily in north Africa with rumored clashes on the Tunisia-Libya border between French and Italian troops. Above map shows conflicting international interests and ambitions in north African and Mediterranean zone. With German soldiers reported moving through Italy to back Mussolini, Italian reinforcements are sent to Libya, already garrisoned by some 60,000 troops, and to Eritrea. France has more than 35,000 troops in Tunisia, could move in others from Algeria in emergency. Meanwhile, Great Britain watches explosive situation for effect on British commerce between mother land and colonies, particularly at Suez Canal, main link in England's maritime "life line," and Djibouti, key port now controlled by friendly France.

Cummings Steps Out

The retiring attorney general arrives at White House for his last cabinet meeting.

It's Show Time and the Country Goes to the Dogs

More than 3000 prize-seeking canines strutted in the Westminster Kennel Club show at Madison Square Garden. An interested miss is Yvonne O'Baron's Wood, left, Bonzois American-bred bitch, entered by Mrs. Mary Lindhorst of New York. Quite satisfied with himself is La Ching's Red Rajah, center, a chow shown by Mrs. Juanita Johnson of Baltimore. The majestic fellow on the right is Colonel of Audley, best of English Springer Spaniels, entered by T. Norman Morrow.

10 Locations Staked In Panhandle Field

Oil Drilling Campaign May Be Beginning

Staking of new locations in the Panhandle oil field continued unabated last week as 10 first intentions to drill were filed at the local office of the Texas Railroad commission.

It was the third week in a row that locations broke into two figures and marked what may be the starting of another big drilling campaign in the field. Activity at the present time is more brisk than at the same period last year.

Only two completions were reported in the field last week as cold weather and snow invaded the Panhandle. One was a gas well and the other for oil. New oil production totaled 294 barrels with the gas well gauged at 74,518,000 cubic feet.

Hutchinson county led the field in new locations with four, followed by Carson county with three, Moore county with two and Gray county with one.

Seven of the wells will be drilled for oil and three for gas. Eight companies staked locations with Magnolia Petroleum company and Stansylvania Oil and Gas company reporting two each.

The Panhandle's outstanding wildcat, the Robinson et al No. 1 Nellie Kisteman in section 88, block 24, H&GN survey, Donley county, is shut down at 4,406 feet.

Completions follow:

In Carson County
Sinclair Prairie Oil & Gas co.,

No. 14 Cooper, section 4, block 9, I&GN survey, gauged 234 barrels with 11m3 formation between 3,130 and 3,158 feet.

In Moore County
Shamrock Oil & Gas co., No. 1 Smith, section 238, block 3-T, T&NO survey, was given a potential of 74,518,000 cubic feet.

Intentions to drill:
Hagy, Harrington & Marsh, A. J. Dillard No. 1, 2310' from the north and east lines of section 46, block 7, I&GN, Carson county.

Magnolia Petroleum co., Fee Land 244 No. 53, 1015' from the south and 1650' from the west of SW-4 of section 109, block 4, I&GN, Carson county.

Sinclair Prairie Oil co., Edward Cooper No. 15, 330' from the north and 990' from the east of NW-4 of section 4, block 9, I&GN, Carson county.

Magnolia Petroleum co., W. W. Merten "B" No. 22, 1650' from the north and 330' from the west of E-2 NE-4 of section 82, block 3, I&GN, Gray county.

Gulf Oil Corp., C. L. Dial et al 92, 440' from the north and 3110' from the east of S-176.9 acres of section 16, block X02, A. E. Lasater Survey, Hutchinson county.

Bob Murphy et al, J. A. Whittenburg No. 6, 3070' from the south and 290' from the east of their lease in section 59, block 46, H&TC, Hutchinson county.

Stansylvania Oil & Gas co., Belle Wisdom No. 7, 330' from the north and 1650' from the west of their lease in section 35, block M-23, TC&RR, Hutchinson county.

Well No. 8, 330' from the north and west lines in same location as above.

The Shamrock Oil & Gas corp., Schlee No. 1, center of NE-4 of

SHE'LL APPEAR AT OIL MEN'S BANQUET

Elaborate head gear is featured by Reggie Roth in the picture above. In this part of the Kathryn Duffy revue Miss Roth stars in song and dance. The revue will be presented at the annual banquet of the Panhandle Producers and Royalty Owners association in the Herring hotel, Amarillo, the night of March 11.

section 313, block 44, H&TC, Moore county.

Texoma Natural Gas company, J. T. Sneed No. 19-Su, 475' from the south and 735' of section 6, block B-12, D&PRR survey, Moore county.

Construction Of Storage Tank To Begin This Week

Construction of the new elevated water storage tank in East Pampa is scheduled to begin this week, according to word received yesterday by City Manager W. T. Williamson from the Chicago Bridge and Iron Works of Dallas, successful bidders on the project which is a part of the water extension program.

T. O. Nelson will be the company's representative in charge of the work according to the letter. The tank will be erected on North Warren street north of Browning avenue. It will be 145 feet above the ground and will hold 300,000 gallons of water.

Lines from the site to main belt lines have already been laid.

DEARTH OF FAG BUTTS PUTS HOBOES ON WARPATH

CLEVELAND, (AP)—The Hoboes of America, Inc., want cigarette manufacturers to use a better grade of paper, says "King" Jeff Davis.

Davis explains: "We think the paper ought to burn longer. A fellow throws a cigarette down and it's all burned up in a minute. The snips are not what they used to be. Fact is, there aren't any snips."

Tascosa Citizens Declare War On Amarillo Souvenir-Hunters

TASCOSA, March 4 (AP)—They may start totting six-guns again at Old Tascosa, for the citizens hereabouts say they prefer ghosts to souvenir-hunting mortals.

Reports of ghosts in the vicinity of the old Boothill graveyard brought hundreds of visitors to the deserted town of the north side of the Canadian river. The famous old graveyard was raided for souvenirs, gates left open, fences torn down and the "dobe house, in which Mrs. Mickey McCormick had lived nearly 60 years, was entered.

A representative of the Oldham county commissioners court, who was commissioned to care for the home of Mrs. McCormick, 86-year-old former belle of Tascosa, vasaated a few weeks ago, reported that a garment belonging to Mrs. McCormick was removed and the house had to be guarded against visitors on succeeding Sundays.

Officials of Oldham county and the residents of the vicinity of the old ghost town don't want any more "visitors." The county commission is said to be contemplating action to prevent any attempt to hold a "ghost watch" at Boothill on the night of March 21, 53rd anniversary of the last big gun battle at the old town. This battle, one of the most famous in Texas Panhandle history, marked the start of the decline of Tascosa. Three of the four men killed were buried on Boothill, the last booted bodies to be laid to rest on the stony hill.

A delegation of residents of the Tascosa vicinity went to Amarillo and prevailed upon the daily newspaper there to cease printing stories about reports of ghosts at the town. The paper had announced plans of a group in Amarillo to go to Boothill the night of March 21 to "watch for ghosts."

Possible destruction of property and disregard of the citizens' peace were not the only sources of complaint.

Living near the old town are persons who have friends buried on Boothill. They said they considered the old burial ground a sacred spot. Told of plans for the "ghost watch," one former resident of Tascosa said:

"They'll play Hell having a ghost hunt. They may run into trouble. That graveyard is no laughing matter."

The delegation that went to Amarillo was promised by sponsors of the proposed ghost hunt that all plans would be dropped for such an expedition, which had been planned mainly as a memorial service.

The reports of "ghostly sights and sounds" at Tascosa started soon after Mrs. McCormick, for years the only resident of the old town, departed to live in Channing because of failing health.

Pius To Be Crowned On Church Balcony

VATICAN CITY, March 4 (AP)—Pope Pius XII, whose election departed from many ancient church traditions, today restored one by arranging for his coronation to be held out of doors.

The ceremony next Sunday, March 12, will take place on the outside balcony of St. Peter's after a pontifical mass inside the basilica.

At least 150,000 persons will be able to witness the coronation from St. Peter's Square and from adjacent streets in Rome, just outside of Vatican City.

Popes regularly followed this procedure until they became voluntary "prisoners of the Vatican" in protest over the Italian state's expropriation of the Holy See's temporal possessions in 1870.

Pope Pius IX, who ascended the throne of St. Peter in 1846, was the last to observe the custom. The new pontiff's predecessor, Pope Pius XI, was crowned inside the basilica. But he was the last of the papal prisoners and made his first appearance on the balcony in 1929 after the lateran accord had reconciled state and church.

BIG HUNTING IN NEPAL

NEW DELHI (AP)—Viceroy Roy Linnithgow headed a shooting expedition which ended with a bag including 14 tigers, three rhinoceroses and one bear.

FDR Summons Bowers Home

WASHINGTON, March 4 (AP)—President Roosevelt today summoned Claude G. Bowers, American ambassador to Spain, home for conference on recognition of the Franco government, and filled the long vacant ambassadorial post in Moscow.

Laurence A. Steinhardt, now ambassador in Peru, was selected to be the third American ambassador to the Soviet Union, filling the post left vacant nine months ago when Joseph E. Davies was transferred from Moscow and made ambassador to Belgium.

Bowers sailed from France today and should reach Washington by the latter part of next week.

The disclosure he had been summoned home "for consultation" gave rise to speculation the United States might give early recognition to Gen. Francisco Franco's government.

The United States has followed closely the British and French lead in wartime relations with Spain. These two governments last week announced recognition of Franco, Secretary of State Hull at that time said no step would be taken pending full study of developments.

The Steinhardt appointment was not officially announced, since this ordinarily is not done until the nomination goes to the Senate. There was authoritative confirmation, however, of reports of the President's action.

The long vacancy in the Moscow post gave rise to a belief in some circles here that American-Soviet relations had suffered some strain. This was denied at the state department.

Some doubt, however, apparently arose in Moscow. Ambassador Alexander A. Troyanovsky returned to the Soviet Union last summer on vacation and has not returned.

Negro Will Not Die Till Monday

HUNTSVILLE, March 4 (AP)—Winzell Williams, 19, little Negro who received Governor W. Lee O'Daniel's famed "torture reprieve" from the electric chair 30 days ago, began probably his last Saturday night of life tonight in the knowledge he did not have to die at midnight.

The governor, acting on a recommendation of the State Pardons and Parole Board, today postponed the execution until Monday morning to prevent the electrocution from taking on Sunday. The Negro now is scheduled to be electrocuted the first minute of Monday.

Williams, Dallas Negro, read his Bible tonight and talked but little.

He received notice of the postponement of the execution with a terse "Thank you" as an assistant

warden read him the governor's telegram giving him another 24 hours of life.

Williams was convicted in March, 1936, of slaying Dairyman E. B. Atwood of Dallas in an attempted robbery.

His case attracted attention 30 days ago when Governor O'Daniel reprieved the Negro from the electric chair "in order that Winzell Williams may suffer this dreadful punishment, certain death staring him in the face day and night, for 30 days before he is relieved by death in the electric chair."

The statement brought a storm of protest.

The governor answered his critics by saying he made the statement to arouse public opinion against capital punishment.

A few days later Governor O'Dan-

iel sent a message to the legislature asking that capital punishment be abolished in Texas.

ESCAPED PRISONER ASKS TO BE TAKEN BACK.

OMAHA, Neb. (AP)—Herbert Geisler's trained white canary escaped from its home and disappeared into sub-zero weather outside. Three hours later it fluttered against a window, and pecked vigorously until members of the family let it in. The canary appeared none the worse for its experience.

PLAN RIFLE MEET.

WEYBURN, Sask. (AP)—Negotiations are under way for an international rifle shoot here next summer. An invitation has been extended the 164th United States Infantry, of Williston, N. D., to participate.

EYESTRAIN GOES OUT
when Light Conditioning comes in

Young eyes should never be strained. That's why every house where there are children should be light-conditioned.*

Light-Conditioning is the latest scientific way to provide sight-saving light. It costs so little that every home can have it. Some 4,000,000 homes are already enjoying better light for better sight.

FREE LIGHT METER TEST SHOWS YOU WHAT TO DO

Just phone our Home Lighting Department and say, "I want our lighting measured." The Home Lighting Advisor will call, measure your lighting with a Light Meter, and tell you easy, inexpensive ways to light-condition any room. Remember... good light costs less than ever before.

*LIGHT CONDITIONING provides the right amount and the right kind of lighting for seeing, comfort and beauty, wherever eyes are used in work or play.

SERIAL STORY

WOMEN WANT BEAUTY!

BY LOUISE HOLMES

CHAPTER XXV
"How long since you had your last square meal?" Jeff asked at last.

She walked to the bed, graceful in her slinky gown, the cloud of hair giving her a childish look. Jeff watched her through a haze of cigaret smoke.

She sat up in bed, propping her chin on both fists. Just about the most effective way to rob Suzanne of glamor was to place her in Susie's old niche.

When the table had been removed and they were cozily talking again Jeff told her, with boyish shyness, how desperately lonely he was since Edna went away.

She walked to the bed, graceful in her slinky gown, the cloud of hair giving her a childish look. Jeff watched her through a haze of cigaret smoke.

She sat up in bed, propping her chin on both fists. Just about the most effective way to rob Suzanne of glamor was to place her in Susie's old niche.

When the table had been removed and they were cozily talking again Jeff told her, with boyish shyness, how desperately lonely he was since Edna went away.

She wanted to comfort him, searching for the right words, was interrupted by the whirr of the telephone bell.

Texans In Washington

By L. T. EASLEY
WASHINGTON, March 4 (AP)—Spectators in the Senate galleries chuckled recently as they listened to North Carolina's vigorous Senator Reynolds, Democrat, recall an incident that occurred at San Antonio.

ed by the handsome and gracious senator from one of the greatest commonwealths in the United States.

After a second outburst of laughter, Connally replied: "I had intended to interrupt the senator, but after that brilliant burst of language, gallant even if not accurate, I would not in any wise consume any of the time of the senator from North Carolina."

When the laughter subsided Senator Connally suggested to his colleague the same thing also is occurring in many other sections of the country and that many of the Spanish-speaking residents of San Antonio were natives of the United States.

Let Senator Connally take exception to his remarks the North Carolinian launched into a flowery tribute to the Texas city and the senator as well.

"San Antonio is, of course, one of the most interesting and historical cities anywhere in the United States," he declared.

"It is the seat of the Alamo, and a very beautiful city, incidentally.

"I always like to be provided the opportunity of refreshing myself, historically and otherwise, by paying a visit there, but principally I like to be refreshed by finding myself in the state so ably represented by the handsome and gracious senator from one of the greatest commonwealths in the United States."

Tech Teachers 'Tortured' By Freshman Definitions

LUBBOCK, March 4—Only twenty Texas Tech freshmen find in words is a means of torturing professors by original definitions.

sentences illustrating the correct use of certain words.

"Gaunt," "pretentious," "gingerly," "marvel," "nutriment," "decorous," "lucrative," "vaunted" were to be written into example sentences.

"The boy held the girl very close and GAUNT, in fact he held her so tight she could hardly breathe," one young hopeful wrote.

"The PRETEXT of his sermon was 'Thou shalt not kill,'" a Biblical scholar noted. But another, recalling some friend no doubt, conjured up this one: "He was the same all the time and never did PRETEXT."

"She smiled GINGERLY as she went to meet her death," said a future pulp writer.

"To MARVEL his clothes was the height of her ambition."

"The NUTRIMENT of his speech was fowl," wrote a mystic.

"The DECOROUS odor came from the kitchen," said one, listening anxiously for the noon gong.

Play on Shakespeare's "All that GLISTERS is not gold" this may have been: "He stumbled in the LUCRATIVE ditch and drowned."

"The negro VAUNTED the fence and ran away," was a desperate try. But one humorist knew his own limitations: "I VAUNTED to pass this test but I didn't."

LUNCHED ON 'CYCLE

DURBAN, South Africa (AP)—Arrested for eating his lunch while driving along a busy highway, a machinist was fined and had his license suspended for three months.

Drama Festival To Use Sound Records

LUBBOCK, March 4—Song of a mocking bird, starting and stopping sounds of a car, and other noises have been recorded by the speech department at Texas Technological College, to be used at the Inter-Collegiate Dramatic festival in Waco March 22-25. Off-the-stage sounds will be incorporated into production of "Why I Am a Bachelor" by Conrad Seller, which the Tech group will present at the festival, Miss Ruth Pirtle, head professor of speech says.

Selected for the cast are Noel Edgar Thompson of Stamford, Erion Gafford of Panhandle, and Lucien Upshaw of Amarillo, all speech majors. R. I. Lockard, assistant professor of architecture and allied arts, is designing and painting scenery for the production.

Our Lady Of Mercy Books Given Tech

LUBBOCK, March 4—Two early textbooks for the nuns of Our Lady of Mercy College were recently donated to West Texas Museum, on Texas Technological College campus, by O. C. Southall, superintendent of city schools at Stanton. Collection of old textbooks, rare copies of geography, history, spelling, and reading texts, was started by the late president Bradford Knapp for the museum.

One of the books is "The Life of George Washington," published in 1848; the other, "Ollendorf's New Method of Learning to Read, Write and Speak the German Language," by G. S. Adler.

Borger Invites Son Of FDR To Birthday Party

BORGER, March 4—Elliott Roosevelt of Fort Worth, oldest son of President Roosevelt, will be in Borger Wednesday when the city celebrates his thirteenth birthday, if he can secure leave of his lawyers to get away from a radio hearing he is scheduled to attend in Washington next week.

An invitation to visit Borger for the anniversary fete was extended to Mr. Roosevelt by birthday officials.

Gov. W. Lee O'Daniel declined with regret an invitation to come to Borger's party because of the legislature now being in session.

Fifteen Panhandle bands have accepted invitations to come to Borger for the parade and review Wednesday afternoon in Bulldog stadium. Many floats have been entered for the parade that is to be held on Wednesday morning.

Bob Grimes, Borger barbecue expert, will barbecue the beef for the feast Wednesday noon for the visiting businessmen.

Enlistments Triple In Eighth Army Area

FORT SAM HOUSTON, March 4.—From many headlined in the Pampa, comes word of the rapid progress being made in recruiting the newly created regular army reserve to its strength of 75,000 as authorized by the last congress.

That the regular army reserve is proving popular with former soldiers of the regular army is evidenced by the increasing number of qualified applicants presenting themselves at recruit stations and army posts near their homes for enlistment in the regular army reserve. During the past month, enlistments for the reserve accomplished in the Eighth Corps area, which includes the states of Arizona, Colorado, Oklahoma, New Mexico, and Texas, and part of Wyoming, more than tripled the number accomplished in any previous month since the regular army reserve was re-established July 1.

The number of men applying for enlistment is expected to be even greater now that the war department has modified regulations governing enlistment so as to enable the applicant to enlist in the grade held by him at time of last discharge from the regular army provided all reservists were enlisted as privates. Other liberalizations of regulations have been made so that any former soldier who has had at least one year of continuous army service and who received an honorable discharge from the army may enlist in the regular army reserve provided he is under 36 years of age. As a convenience to applicants, enlistments are now authorized to be accomplished at CCC camps throughout the corps area.

Regulations as to pay remain unchanged. The recruit is paid two dollars per month at four-month intervals. In return for this enlistment allowance, as it is called, he has only to keep the war department informed as to his correct address.

Third Grade Gives Texas Day Program

PANHANDLE, March 4—Mrs. Cornelia's third grade presented a Independence Day program in the grade school assembly this week. The pupils wore paper caps bearing the Texas emblem, and spelled out the word Independence in rhyme, followed by a drill with the pupils carrying Texas flags. The following Texas songs were sung during the drill, "Texas, Our Texas," "Have You Ever Been to Texas in the Spring?" and "Bluebonnets of Texas." Texas facts were presented with David Warren, Jr., representing the Lone Star, as the emblem of Texas; Jimmy Wesley, the blue bonnet, as the state flower; Eugene Rex, the pecan tree, as the state tree; Johnny Smith, the mocking bird, as the state bird; Tommy White as longhorns, as the cattle appropriate to Texas, and Billy Pemberton, "Friendship, as the motto of Texas." The program was concluded with the group singing "The Eyes of Texas."

Following the program by Miss Cornelia's third grade Miss Hope Bussey's third grade presented a Transportation play following the study of transportation in class. The play was originated and directed by the pupils. Jeanne Hinshaw was the director, the characters were Aunt Bessie, Ramona White, Mrs. Ford, Patricia Robinson, Mr. Ford, Peggy Bert Smith; children Joanne Hinshaw and Lucille Hudson. The play centered around the families difficulty in going to visit Aunt Bessie, due to floods, and ended with aunt Bessie visiting the Ford's, coming by steamer, plane and rail.

Next Generation May Be Last, Test Shows

LUBBOCK, March 4—The next generation may be the last, students in Education 131 at Texas Technological College believe, after making a clinical survey of their own forebears.

Comparison of size of their grandparents' families with their parents' families showed the largest number of children in the first generation family to be 19, in the second, 11.

More than half the grandfathers' families on the fathers' side had more than seven or eight children. On the mothers' side, more than half the families had more than five children. In the present generation, half the families have four or less children.

Total number of children in the grandfathers' families was 235 on the fathers' side, while the total number of children of the parents of the class was 147.

Shamrock Girl Named As Bluebonnet Belle

SHAMROCK, March 4—Miss Marjorie Ann Lyle, Shamrock co-ed in the University of Texas, has been nominated as one of the 272 Bluebonnet Belles who will be in court of the Sweetheart of the university when she is presented at the traditional Round-Up Revue on March 31.

Selected by campus organizations for beauty and popularity, these co-eds will have their photographs in the Cactus, University yearbook. A chosen few will be designated as Bluebonnet Belles, and honor accorded each year to 10 or 12 of the most beautiful girls in the university.

Eagle Hunting New Sport In Panhandle

AMARILLO, March 4 (AP)—Eagle hunting has become a sport in the Panhandle, thrilling sport, too. The hunters rode out on the prairies in the vicinity of canyons. When they spot an eagle the race is on, the driver attempting to put the car under the fleeing bird. A considerable number have been shot down recently, the largest having a wing-spread of eight feet. Most of the birds are Mexican eagles, but a few bald eagles also have been killed.

MANY FALSE ALARMS

LONDON, (AP)—There were nearly 2,000 false alarms in the London Fire Brigade area last year, the annual report showed.

March 15 Last Day To Apply For Treebelts

WICHITA FALLS, March 4—Shelterbelt applications made after March 15 will not be accepted for planting this year, stated Mr. W. E. Webb, State Director of the Prairie States Forestry Project. With the planting season drawing to a close towards the end of this month, Mr. Webb declared it is necessary to make the final allocation of trees for those tree belts already approved.

Shelterbelts are recognized for their permanent value in a long time land use planning program. Because of this, land planted to shelterbelts is counted as retired acres by the Agricultural Conservation Administration, and soil building practice payments may be earned by cultivating and maintaining these trees. In the long run, however, the benefits of the trees themselves will bring far greater returns than those payments now amount to.

The trees which are planted are fast growing and drought resistant. They have been tested by time and experience to be suitable for shelterbelt purposes. In addition to reducing wind erosion of the soil, a shelterbelt will protect the soil and crops from rapid evaporation, furnish shelter for quail and other insect eating birds, provide miscellaneous wood products, and generally make the farm home more livable.

A study made of the D. L. Lane

farm near Paducah was recently widely broadcast in all the local newspapers. The increased cotton yields and production of better grades of cotton in the field protected by a three year old shelterbelt is merely an indication of what can be expected of older tree belts.

Reports from numerous other shelterbelts show how the rooted trees are stopping the shifting sands. The W. F. Weatherbee belt planted north of Childress in 1937, with only two years' growth, is already doing its good work. The faster growing cottonwoods are well over eight feet in height. The Biner belt south of Vernon, planted a year ago, shows some remarkable growth due to good effective cultivation given the young trees. Belts throughout the shelterbelt areas in Wilbarger, Foard, Hardeman, Childress, Cottle, Motley, Hall, Donley, Collingworth, Hemphill, Dickens, King, Gray, and Wheeler counties are showing what good care will do in a few years. It is difficult to realize, without seeing for oneself, what remarkable progress these tree belts are making.

State Director Webb stated that it is impossible to accept shelterbelt applications after March 15 for the spring's planting because of the time required to examine the site and to prepare the ground for the planting operation. Applications placed after March 15, however, will be held over for next year's operations. Application blanks may be secured from your County Agent or at any place where the sign "Shelterbelt Applications Accepted Here" is posted.
