Italy Will Send 30,000 Troops To North Africa

LONDON, Feb. 20 (AP)—An Italian decision to send "30,000 more troops" to Libya, in North Africa, was announced today in the house of commons as the British government sought approval of its costly rearmament program.

R. A. Butler, undersecretary for foreign affairs, said Italy had informed Lord Perth, British ambassador to Rome, she was sending 30,000 more troops to Libya...

King George VI and Prime Minister Chamberlain conferred with key defense chiefs prior to full dress rearmament debate in the house of commons set against a background of increasing European tension over Spanish and Italian-French differences.

Wife Of Tulsa Grid Star Dies Of Poison

TULSA, Okla., Feb. 20 (AP)—The secret marriage of Tommy Thompson, star quarterback and forward passer of the University of Tulsa football team, ended in tragedy today as Ruth Breeze Thompson, 24, his bride of two weeks, swallowed poison at the Thompson home and died 15 minutes later.

County Investigator H. W. Chilson said the death was suicide. Her grief-stricken husband, also 24, said he knew of no motive for the act and that she left no note and made no statement to relatives or friends.

Thompson told reporters and police he and his wife were married a short time after taking out a license here Feb. 4.

Fire Inflicts \$15,000 Loss At White Deer

Fischer Asks Increases In Allowables

AUSTIN, Feb. 20 (AP)—A demand that inequalities in allowables of Texas oil fields be removed was voiced at a state-wide oil hearing here today.

F. W. Fischer of Tyler told the commission a great many fields had been granted allowables greater than those of the East Texas field, especially in the Gulf coast area, and he believed the situation merited examination.

"I want to call the commission's attention to gross inequalities pertaining to East Texas," he said. "We have been long suffering. We have gone along with the commission because we feared a price cut."

"East Texas today is being given an average allowable of 13 barrels. The commission itself says through its records that these wells can produce 15,000 to 20,000 barrels daily. If every field in Texas was operated on that schedule, we would have no complaint. But that is not true. Many fields in Texas are given allowables far out of line."

Fischer said he had heard that after general monthly hearings, some operators would come in and obtain increased allowables on grounds they had contracts with foreign purchasers of oil.

"I voice the sentiment of 90 percent of the independent operators and some major ones," he said, "when I say the commission ought to prorrate all fields on a basis of equality."

"All wells in Texas ought to be put on a marginal basis to start with. That would leave some oil which should be prorated among all fields according to their ability of those fields to produce."

Fischer said he was not in favor of turning Texas oil fields "loose," because if that were done chaos would result.

This hearing had not involved shut-down of Texas fields, and closed on Saturdays and Sundays. It concerns only inequalities in allowables, if any.

Pampans Attend Austin Hearings

Several Pampans are in Austin today attending regular monthly meetings of the Texas Highway Commission and the Texas Railroad Commission.

Jim Collins, chairman of the highway committee of the Pampa Board of City Development, and Dan Williams, chairman of the oil and gas committee, headed the delegation.

AUSTIN, Feb. 20 (AP)—The State Highway Commission, at its regular monthly meeting today, was informed of pressing needs of various sections of Texas for increased facilities in highway transportation—designating, building and maintaining roads.

Twenty-one delegations were referred to appear before the body which was represented by all three commissioners—Chairman R. L. Bobbitt of San Antonio, Harry Hines of Wichita Falls and Dallas, and John Wood of Timpan.

The commission promises full consideration of all requests but passed no work orders during the opening hours of the hearing.

1,500 Police Will Guard Nazi Rally

NEW YORK, Feb. 20 (AP)—Fifteen hundred policemen were assigned to Madison Square Garden by Police Commissioner Lewis Valentine today as extraordinary precautions were taken against any disorders at a pro-Nazi rally scheduled for tonight.

The officers will augment a 24-hour guard of 16 men which has patrolled the big block-square arena since Saturday, when reports reached the city hall three time bombs had been secreted in the building. No bombs were found.

Ernest Rice, organizer of the New York local of the Socialist Workers' Party, labelled the bomb scare reports as "deliberate provocations by fascists against contemplated anti-fascist action."

The German-American band, sponsors of the rally, described it as a patriotic meeting in celebration of George Washington's birthday.

The solemn ceremonies also ended week-end funeral services by the cardinals who now have eight days to consider their preferences before they go into conclave Feb. 28 to elect a new pope.

Today's requiem was celebrated by Cardinal Schuster archbishop of Milan, one of the outstanding Italians from among whom a new pope is expected to be selected.

One of Pampa's big fire trucks was sent to White Deer this morning when it was feared that fire raging in the Garner-McNeely Motor company would spread to the Panhandle Lumber company yard and to several nearby store buildings.

Fire Chief Ben White, Driver George Ingram and three volunteer firemen made the trip in a snow storm that made driving dangerous. The big truck arrived in time to assist the White Deer fire department in containing the blaze to the one building and keep it from spreading to the lumber yard.

The Pampa fire department was called at 9:15 a. m. about 30 minutes after the fire had been discovered. Exact cause of the blaze is not known but Chief White said he heard an employe say the fire started in a car and that the gas tank had exploded. No one was burned.

The garage was located in a large brick building about 50 by 150 feet. It was badly damaged, and a new car, two tractors and 12 used cars were destroyed. Chief White said the damage would be at least \$15,000.

The Pampa truck was used for about 45 minutes, Chief White said. While the one truck was in White Deer, the other was called to 800 South Barnes street where a Works Progress Administration tool shed had caught fire. The blaze was extinguished with little damage to building and contents.

Pampan Sues Texas Company For \$31,000

Damages totaling \$31,000 are asked by the plaintiff in the case of W. H. Ivey vs. The Texas Company, T. D. Ivey vs. the Southern Underwriters' trust, the first case to be heard in 31st district court this morning, as the eighth week of the January term opened.

Action of the plaintiff is based on an accident that occurred June 30, 1937, when the Lano Construction Company's truck, which he was driving, was in collision with a truck of The Texas Company on a bridge near LeFors. Ivey suffered the loss of a leg.

S. D. Stennis and John V. Osborne of Pampa, represent the plaintiff. R. A. Wilson of Amarillo represents the Southern Underwriters and Sidney Benbow of Houston The Texas Company. The case was filed on April 21, 1938.

Lack of a sufficient number of jurors delayed the beginning of the trial of the case as only 21 of the regular panel of 40 jurors reported when court opened at 10 o'clock this morning. George A. Pope, chief deputy sheriff, was instructed by District Judge W. R. Ewing to bring an additional 15 talesmen into court at 1:30 o'clock this afternoon.

One-Man Rebel Slain In Peru

LIMA, Peru, Feb. 20 (AP)—Precautionary measures were enforced today following a short-lived attempt by Interior Minister General Antonio Rodriguez to seize the government in the absence of his old friend, President Oscar Benavides.

General Rodriguez was killed by Sergeant Major Rizo Patton who challenged Rodriguez' assertions he was the chief executive because Benavides was sailing for Europe.

One police officer, two patrolmen and a Japanese pedestrian were reported killed and 36 persons wounded in the brief fighting that followed.

The attempted coup d'etat occurred early yesterday when the general seized the presidential palace, proclaimed himself head of the government and issued manifestoes explaining his plan for far-reaching measures to replace the Benavides administration.

Rodriguez ordered Captain Ismodes, chief of the machine-gun section quartered at the palace, to relinquish the command to a new chief.

American Cardinals Impart Absolution

VATICAN CITY, Feb. 20 (AP)—George Cardinal Mundelein of Chicago and Denis Cardinal Dougherty of Philadelphia imparted absolution at the last of nine funeral masses sung for Pius XI in St. Peter's this morning.

The solemn ceremonies also ended week-end funeral services by the cardinals who now have eight days to consider their preferences before they go into conclave Feb. 28 to elect a new pope.

Franco Refuses To Be Lenient Toward Foes

PARIS, Feb. 20 (AP)—French negotiations with Generalissimo Francisco Franco for peace in Spain and for recognition of his nationalist regime have been suspended abruptly.

The conversations struck a snag at the nationalist's Burgos headquarters last night when Franco's delegates ruled only unconditional surrender of republican Spain or final victory for nationalist arms could end the civil war.

The French mission had been instructed to seek a promise of leniency toward the republican side as well as assurances Spain would be rid of Italian and German forces as a basis of the recognition of Franco which it hoped would bring peace.

Senator Leon Berard, French emissary to nationalist Spain, decided to go to San Sebastian today and cross the frontier into France later to confer with Sir Robert M. Hodgson, British commercial agent in nationalist Spain, and ask French instructions from Paris.

Franco's firm stand was said to have been communicated to him, Sir Robert saw the nationalist foreign minister, Count Francisco Gomez Jordan in Burgos and left immediately for the French frontier where he was believed to have made a long report to London by telephone. Meanwhile Berard negotiated with nationalist officials in what seemed to be a regular schedule of talks arranged with his British colleague.

The foreign minister was reported to have gone to Barcelona to consult Franco. Advice said there would be no further talks at Burgos before Wednesday.

Then, diplomatic sources said, new efforts probably would be made by both French and British statements to win some concession from Franco which would facilitate the republican surrender.

The war fronts remained quiet. General Rodriguez was reported to have been in the absence of his old friend, President Oscar Benavides.

Knobknockers Work Merrily On Vault As Gallery Watches

FORT WORTH, Feb. 20 (AP)—While a gallery eyed them through a plate glass window, two knobknockers worked merrily on a vault in a coffee company last night.

Over their heads burned a 100-watt bulb which they did not bother to turn off.

The daring and nonchalant pair were observed by a company employee who happened to drive by. He telephoned police.

The two officers went to a side door, but meanwhile the pair had disappeared into the darker interior of the building, spectators reported.

Reinforcements arrived, and police and others searched the two-story premises thoroughly but the men were not to be found. They had not gotten into the vault, despite the aid of a cold chisel, bit, and a large sledge hammer.

Nazis Claim 'New Baiting' By President

Roosevelt Flayed For 'Ceaseless War Gossip'

BERLIN, Feb. 20 (AP)—The entire German press struck at President Roosevelt today for reports he might shorten his cruise in the Caribbean because of word reaching him of developments abroad.

All America, the press said, was excited by "new baiting by peace-disturber Roosevelt" and a "theatrical coup in Washington."

Nachtausgabe asked whether the President's "ceaseless war gossip" was intended to push Europe into war to aid the American arms industry.

Boersenzung said the President's views of the European situation showed him as "a man who thoughtlessly seized all means to hold his tottering position and who systematically attempted to sow trouble in the world in order to assist the dark forces which support him."

It added that a "statement of Rabbi Perizweig before the London Jewish congress that Roosevelt is the symbol of all the forces of democracy and freedom is a sufficient declaration."

The foreign office mouthpiece, Deutsche Diplomatische Politische Korrespondenz, joined in the attacks, asserting "the impression is gaining here, following a series of events, that the present administration in the United States has a conscious interest in maintaining or even increasing tension among European nations."

WASHINGTON, Feb. 20 (AP)—Presidential hints of threatening developments in Europe acted as a damper today on congressional controversy over American foreign policy.

Administration senators found support from some Republican members in the contention further dispute at this time should be avoided if possible. They acknowledged, however, that the foreign policy debate undoubtedly would break out

Illinois Refuses To Curb Oil Production

ST. LOUIS, Feb. 20 (AP)—Acting Gov. John Steffe of Illinois and Gov. Leen C. Phillips of Oklahoma argued oil problems for three hours yesterday, but parted with Illinois still outside the Interstate Oil Compact.

"Orderly developments" of Illinois oil fields will continue, Lieut. Gov. Steffe declared in a parting statement.

Gov. Phillips came here determined that Illinois should join other oil producing states in conserving petroleum resources, for its own benefit and the interest that compact.

Stelle came only after voicing opposition to any legislative restrictions on production, and left commenting "we want adequately to care for any market for Illinois production."

What point of agreement beyond the official "everyone is concerned" was reached was undisclosed.

Possible further conferences on "mutual problems" were indicated, but no dates were announced.

The Oklahoma delegation, unofficially, voiced the belief Illinois would "come around," and "enjoy the benefits" of the Interstate Compact, which binds signing states to balance production with demand in the interests of conservation.

Phillips said tersely, "Oklahoma has found the belief Illinois would come around" is a very highly effective. State control is retained, and that is the safest way to operate our government."

Hague's Son Named Judge

TRENTON, N. J., Feb. 20 (AP)—Frank Hague, Jr., son of the Jersey City mayor and state Democratic leader, was appointed today by Governor A. Harry Moore as a lay judge to the Court of Errors and Appeals, New Jersey's highest law tribunal.

He succeeded Thomas Glynn Walker who resigned to become a common pleas judge of Hudson county.

But It's Nice To Know It's There

"Pedestrians have equal rights with automobiles on highways along which there are no sidewalks." is a recent decision by the Pennsylvania Supreme Court, and one wonders whether any of the learned judges would care to argue the point any time with some run-of-the-mill truck driver "making time" with a ten-ton chain-gear motor on a narrow road on a rainy night? Of course, consideration is always at the wheel of any used car listed in The Pampa News classified want-ads.

O'Daniel Does Not Reply In Radio Speech

AUSTIN, Feb. 20 (AP)—What will the senate do about appointment of J. C. Hunter as chairman of the state highway commission?

There also was much interest in which Governor W. Lee O'Daniel would appoint state life insurance commissioner in lieu of Trustee Smith of Tahoka, who, like Carr P. Collins of Dallas, the governor's first choice for the vacancy on the highway commission, failed of confirmation by the senate.

Some observers thought Hunter certain of rejection; others that nine votes would be the most against him. It is a most unusual situation for two such important appointments in the highway commission.

O'Daniel Silent
Anyone who had thought the governor would reply to the senatorial criticism in his broadcast from the mansion yesterday was surprised.

Sharing the Comforts Of Life ---

By R. C. Hoiles IS PUBLIC EDUCATION COMPATIBLE WITH THE PHILOSOPHY OF CHRISTIANITY?

It might seem to be an absurd question to inquire whether public education is compatible with the philosophy of Christianity. The reason that probably 99 per cent would say public education is compatible with the philosophy of Christianity, undoubtedly, is the misinterpretation of one of the essential principles of Christianity—a principle that has been especially in controversy since the fifth century when Scotus Pelagius made a valiant fight for the principle of freedom of conscience.

Pampa One Of 10 Champs Out Of 32 To Win Again

(By The Associated Press) Four defending champions return this week for regional tournaments in the Texas Interscholastic League basketball race. Abilene, Bailey, Bowie (El Paso) and Kingsville are the teams that went to the state tournament last season back to compete in the regional meets. Gone from the picture are Woodrow Wilson (Dallas), 1938 state champions; Belton, John Reagan of Houston and Carey.

Only 10 of the 32 district champions survived last week's tournaments. They were Pampa, Abilene, Burkett, Bailey, Livingston, Shiner, Kingsville, Laredo, Bowie, and Van Horn.

No Wrestling Card Scheduled Tonight

There will be no wrestling match in Pampa tonight due to the absence of Promoter Cliff B. Chambers, who is in Fort Worth with the Pampa News Golden Gloves boxing team and because of the unfavorable weather.

However, Promoter Chambers will present an outstanding card next week to make up for the loss of action tonight at the Pampa athletic arena. He has not announced his next card, but will do so upon his return from Fort Worth.

Medicine Mound Beats Quail 40 To 25 In District Meet

CHILDRESS, February 20—A horse of the darkest hue rose up here Saturday night in the district 4 interscholastic league basketball tournament. The Medicine Mounds Owls from Hardeman county, coached by youthful Tom Slack, beat Quail 40-25 in the finals of the annual tournament at the high school auditorium to occupy the throne which has been filled by the Carey Cardinals for the past three years.

They moved through preliminary rounds with ease, then staged a rousing last-minute rally in the semi-finals Saturday afternoon to hand the Turkey Turks a 29-26 defeat. In the finals against Quail, they were never in trouble, running up a 15-4 lead in the initial period and maintaining a big margin throughout.

Atkinson, gangling forward, led the Owls against Quail with 20 points and won the individual scoring race in the tourney hands down. Hooker, forward for Quail, scored 12 to set the pace for his team.

Quail had knocked over the Crowell Wildcats in the last second of a morning game, 29-27, then had plattered the favored Carey Cardinals 46-49 in the semi-finals Saturday afternoon.

Cards Below Par
Against Carey, Quail sharpshooters hit the basket with unbelievable accuracy as Center Graham scored 18 points. They shot less than the Cards, but made 75 per cent of their efforts count.

On the other hand, the Carey team was well below par and never got in the game. Quail led 20-10 at the half and were almost 30 points in the lead before some last-minute long shots boosted Carey's total.

The Cards were handicapped by injuries to Bill McMurray, who played with a bandaged and masked eye as a result of an injury he received Friday night when he fell to the floor in the Carey-Lakeview game.

Fourteen teams competed in the tournament which opened Thursday night.

NAMED ON THE ALL-DISTRICT TEAM
Graham, C. Johnson, C. Johnson of Turkey, Jim Middleton of Carey, Atkinson of Medicine Mounds and Owens of Crowell.

Medicine Mounds will go to the regional tournament at Canyon Friday and Saturday.

Texas Climbs To Top Rung In Cage Loop

By WILLIAM T. RIVERS
While the experienced performers of favored Southern Methodist University floundered hopelessly in fifth place, three sophomores and a junior have topped the Southwest Conference race into a young man's delight.

Close observers gave the Pampa quintet the best chance in history to go to the state this year. It is believed that Pampa's team is not only one of the strongest in the last 10 years, but just as powerful as any entered in the regional.

The Harvesters today were fully aware that they'll have no such snip in the region as they had in the district. They know that it'll be war every minute when they go up against Lubbock, Dalhart or Medicine Mound.

Now, the Harvesters massacred Lubbock by a margin of 30 points in the big five game at Lubbock, but the Westerners since then have had a rebirth. Before the district tournament at Lubbock they beat Plainview twice in a row.

Medicine Mound murdered Quail in the finals of the district at Childress, so the Hardeman county boys are favored to win one of the final two teams in the region for the big reason that the Children's district winner has always been in the finals. Earlier in the season Coach Oud Mitchell said that Quail had the best team the Harvesters have played this year. However, Medicine Mound didn't have an easy time beating Turkey, a team that the Harvesters literally swamped. That indicates that Medicine Mound is not as invincible as Carey was in the region.

Dalhart won the Canyon tournament by beating out the Sandies by one point in the semi-finals and by edging out Canyon by one point in the finals. Earlier in the season, Canyon beat Dalhart by one point, so Dalhart's win was not a fluke. The Wolves will be hard to take out.

Coach Mitchell today began to polish up an air-tight offense. He will bear in mind such problems as how to overcome Medicine Mound's and Dalhart's height; Lubbock's long-distance shooting; and Dalhart's defense which is said to be the tightest in the country. Both Medicine Mound and Dalhart feature a defense that specializes in breaking up dribbles, so Coach Mitchell will bear that in mind as he coaches Pete Dunaway. Harvesters whose dazzling dribbling couldn't be stopped in the district, but may be in the region.

Rice Second
Rice clung to second place by disposing of S. M. U., 39-36, and Texas Christian 44-30. Third-place Arkansas was idle but Baylor evened its work by defeating A. & M., 47-23. In a "no sweat" game, A. & M. handed T. C. U. its tenth consecutive defeat, 44-36.

Texas is in prime position, to breeze on the title. It must still meet T. C. U., Rice and A. & M., but all on its home court. Rice will be the early favorite, but may be ousted up in an earlier contest with Baylor. The Owls' cause will be hurt because they must meet their three foremost opponents—Texas, Baylor and Arkansas—before season's end.

Santa Barbara (Calif., Feb. 20) (AP)—The polo career of Rube Williams, six-goal player from San Antonio, Texas, was interrupted today by a broken arm.

Williams' left arm was struck yesterday by a ball lofted by one of his Austin teammates in a game which they lost to Santa Barbara, 12 to 9.

The veteran Texas star was to have played with Santa Barbara next Sunday against the Texas Rangers.

East Texas Lions
DENTON, Feb. 20 (AP)—Only two contests, both of minor significance, are scheduled for the Lone Star conference race this week as four member clubs see action.

The East Texas Lions, who Saturday night grabbed a certain tie for the crown by shellacking Sam Houston, 45 to 31, remain idle.

By defeating North Texas in their remaining tilt, a February 27th meeting at Commerce, the Lions can earn their first outright title in the eight years of the L. S. C.'s history.

Harvesters Prepare For Canyon Meet

Determined to win the regional tournament this week-end at Canyon and go to the state meet, the Harvesters today prepared to meet the toughest competition of the season.

Close observers gave the Pampa quintet the best chance in history to go to the state this year. It is believed that Pampa's team is not only one of the strongest in the last 10 years, but just as powerful as any entered in the regional.

Robertson Will Fight In Gloves Finals Tonight

When Robby Robertson of Lufkin, representing Pampa in the featherweight division of the Golden Gloves tournament in Fort Worth, stepped into the ring on Thursday night for his first bout fans were heard to say, "why he's too frail to box, why are they letting him in there with that big fellow."

A few minutes later those same fans gasped when they saw the frail looking youngster step into his opponent with rights and lefts that couldn't be stopped and coast to a victory. When Robertson went into the ring again Saturday afternoon fans again didn't expect him to survive as he kayaked his man in the third round.

Now Robertson is the boy who will box in the finals tonight, meeting Eddie Russey of Wichita Falls in the title battle in the featherweight class.

Robertson A Favorite
Robertson is tall and slender and his skin is snow white which makes him look frail and delicate. But the youngster is anything but frail. He is serving his second term in the United States Army, stationed at Fort Laramie, Cheyenne, Wyo., but is home on furlough. His boxing coach in the army is a former well known boxer and trainer.

Robertson's opponent tonight is Eddie Russey, state bantamweight champion of the A. A. U. last year. Russey is a classy boxer and a hard hitter but Robertson is given an excellent chance of defeating the former champion.

Pampa's team gave an excellent account in the tournament. Only tough luck in the drawing kept several of the boys from going farther. Four of the Pampa boys lost to boxers who are in the finals and who are expected to be state champions. Frankie Bills lost to T. B. Stanford, doped to be bantamweight champion. Denver Hubert lost his bout to Morris Corona of Galveston. Pampa's Deway Matthews lost to Steve Thomas but to forfeit to Delmar Koch of Amarillo because of illness and Koch is a favorite in the light heavyweight class. Amarillo's Bob Owens, doped to become heavyweight champion, defeated Pampa's Dewey Matthews.

The Pampa team, coached by Cliff B. Chambers, was mighty popular with Fort Worth fans. The youngsters threw leather from the opening gong and refused to back an inch. They were always on the offense.

Tonight's finals will be broadcast over two Fort Worth radio stations. Two middleweights, one a stylish boxer and the other called the better puncher, will hold the principal interest of the fans in the Texas Golden Gloves finals.

Elby Pettaway of Houston, who showed boxing class in his march to the finals, will meet Andy Eagleton of Fort Worth, in an event considered by many ringersiders the best of eight scheduled.

In three of the clashes will decide whether Fort Worth or Amarillo will annex the team championship. The Panhandle city has 11 points and three men in the finals and Fort Worth 12 points, with four fighters left.

In third place is Houston with 9 and two in the finals. Other team standings showed Galveston 7, Pampa 7, Dallas 6, Abilene 6, Brownwood 6, Wichita Falls 6, Austin 5, Tyler 5, Big Spring 4, Fort Clark 4, Lubbock 3, Childress 3, Fort Russell 2, and Gatesville 0.

The finals matches: 112 pounds: Ray Bumpers, Houston vs. Harold Lawler, Tyler. 118 pounds: T. B. Stanford, Fort Worth vs. Richard Menachaca, Port Arthur-Galveston.

126 pounds: R. H. Robertson, Pampa, vs. Eddie Russey, Wichita Falls. 135 pounds: Morris Corona, Port Arthur-Dallas. 147 pounds: Dood Massey, Amarillo, vs. George Porter, Dallas. 160 pounds: Andy Eagleton, Fort Worth vs. Elby Pettaway, Houston. 175 pounds: Delmar Koch, Amarillo, vs. Hugh Pitts, Fort Worth. Lubbock Wins Last 2 Games In Tourney By One Point

LUBBOCK, Feb. 20—Like the clear blast of a trumpet cutting through the air Lubbock's mighty Westerners thunders a warning to the Texas interscholastic league here Saturday night by thumping Abernathy's fighting little band of Antelopes 32 to 29 to annex the district basketball championship.

The Westerner quintet that clicked continuously for last night's victory was not the same ball club that started the season with seven straight losses.

Instead it was a determined, serious-minded bunch of boys who had their hearts set on winning and their eyes set on the goal. That combination was too much for two powerful squads in the finals yesterday and today Coach J. G. "Crocker" Eaves' lads are the proud possessors of a beautiful trophy and eight gold basketballs.

Performances Good
But even so no glory must be taken from the Abernathy charges of Coach Sam Davis. The Antelopes were the defending champions and showed they had the "stuff champions are made of" by advancing through very tough competition to the title tussle with the Westerners. They just met a team that had a little more hustle, that took advantage of the breaks and that was to ring up a performance that was the next thing to perfect.

British Polo Star Critically Injured

PASADENA, Calif., Feb. 20 (AP)—Capt. C. T. I. (Pat) Roark, nine-goal British polo star, who was unconscious and near death today from a brain injury suffered in an international match at Midwick Country club yesterday.

His condition was so critical he could not be moved to have x-rays taken at the Huntington Memorial hospital here.

Captain Roark, wiry veteran of a quarter-century of polo playing, was hurt when his pony stumbled and rolled over on him in the fourth chukker of a game between Midwick and a British international cup team.

Both Took Their Semi-Final Battles In Impressive Styles, The Lubbock Lads Winning Over Lockney 33 To 22 and Abernathy Downing Idalou 26 To 25.

No less thrilling were the two morning semi-final clashes. Lubbock took a short lead and maintained it until nearly halftime when the Lockney squad pulled ahead 16 to 15. The third quarter total was knotted at 29 to 29. And in the last quarter the lead changed twice with the local gaurs forging ahead in the last minute.

Abernathy won a similar decision over the Idalou quintet, being able to build up a comfortable enough lead for their victory.

Vines Tired Of Getting Beat By One Don Budge

OAKLAND, Calif., Feb. 20 (AP)—Don Budge, the newcomer to professional tennis ranks, returns for his home town debut tonight with Ellsworth Vines, the oldtimer who says he is going to quit touring.

In 29 matches, which started in Madison Square Garden in New York, Budge measured Vines, the pro champion, 18 times.

Vines said he was tiring of touring. The pro champion said he expected to become promotional representative for a large sporting goods company.

Budge, who won every amateur title that amounted to anything, has a lot of respect for his professional partner.

"Vines," said Budge, "is the best tennis player I've ever faced. Better than even (Baron Gottfried) Von Cramm or Fred Perry."

PALM SPRINGS, Calif., Feb. 20—Willie Turnesa, New York's national amateur golf champion, slashed four strokes from par, yet only finished second in his first California tournament, the Palm Springs Invitational. Jack Gaines of Glendale, former California state titlest, won with a 36-hole total of 131. Turnesa carded 132.

Deciding Hoop Battles Start This Week-End

NEW YORK, Feb. 20 (AP)—The real payoff games of the college basketball season start next week-end.

There are some before then almost as important, and some already have been played, but with only about two weeks left to settle the various conference and league titles, those are the first where it's win or lose.

Major tilts in this respect are the two between Southern California and California at Berkeley Friday and Saturday; the Colorado-Utah, Rice-

Texas, Columbia-Dartmouth, and Oklahoma-Kansas encounters. All but the last named should definitely settle conference titles and that one is expected to play a big part in clearing up the Big Six muddle.

In the southern division of the Pacific Coast conference, only once-beaten California and the twice-beaten Trojans have a chance. It's a matter of an even break for the Bears to take the title or two victories for Southern California.

Colorado, with nine victories in 10 starts, needs only one more victory to clinch the Rocky Mountain Big Seven title. The Buffaloes hope to get that Saturday at Salt Lake City, where they trimmed Utah at Boulder last week.

Texas, the leader, and runner-up Rice may not decide their argument at Austin, but the chances are that will be the deciding game in the Southwest conference race. Each has three to play and Texas, which took undisputed lead for the first time with last week's two victories, has all the better of the schedule.

In the Eastern league it appears only a matter of time until Dartmouth, which has

Notable Nags Won't Run In Rich Handicap

By HARRY GRAYSON. NEA Service Sports Editor. With Seabiscuit probably out of racing forever, the \$100,000 Santa Anita Handicap of March 4 will be a scramble in which any one of a number of horses might conceivably be returned the winner.

At Santa Anita there would be nothing tougher than such as Dah He, Bottle Cap, Kayak II, Heffly, Jaca, Ligarotti, and Porter's Mite. Flaws can be found in practically every remaining member of the Santa Anita field.

Staghead Faces Tougher Opposition At Hialeah. In Miami, Staghead is faced with the task of trimming War Admiral for \$50,000.

Retired Judges Take Life Easy

By EDDY GILMORE. WASHINGTON, Feb. 20 (AP) - Three elderly jurists who saw a lot of each other as associate justices of the Supreme Court still can see each other-as neighbors.

Justice Willis Van Devanter, 78, who stepped down from the Supreme Court in June, 1937. Justice George Sutherland, 78, who retired in January, 1938.

Justice Louis D. Brandeis, 82, who quit active work last week. All three live on a quiet residential hill in Washington not a quarter of a mile from one another.

Justice Sutherland doesn't yearn for the country. He spends most of his time in the capital, seeing friends, automobile-riding and walking. This summer he probably will go to England, where he was born.

Justice Brandeis now has more time for reading-one of the great passions of his life, and furthering the cause of his people, the Jews.

Gene Venzke Out To Take Track Medals

NEW YORK, Feb. 20 (AP) -Steaming with indignation over the chilly shoulder extended him recently by Boston and Providence track promoters, Gene Venzke, dean of America's top milers is out for titles, medals and what have you for the remainder of the indoor season.

The amazing change in the easy-going Pennsylvania will make him a very nice bet indeed in either the 1,600 or 1,800 meter races at the national A. A. U. meet Saturday night in Madison Square Garden.

"It opened my eyes," said Gene shortly after running third to Glenn Cunningham and Archie Sloan Roman in the Baxter mile. "I've been running indoors for eight seasons, turning wherever they wanted me, as often as I could. Then, after I pull a muscle and run one bad race they forget me. Well, I'll show them I've got something left."

The pulled muscle in the back of his left thigh did indeed hurt Venzke's season. Overshadowed by Cunningham and Roman in the last three seasons, he had resolved to give them a fight this year.

SERIAL STORY

WOMEN WANT BEAUTY!

BY LOUISE HOLMES
COPYRIGHT, 1939, NEA SERVICE, INC.

Yesterday's Transformation began for Susie. Elated at her improved form, she wonders about her face. These are dances in ecstasy, remembering Dick.

CHAPTER XVII

ONE morning Jeff came into the gymnasium to find Susie on her back in a black satin suit, brief shorts, buckles top. She lay on a mat, appeared to be climbing the wall by her heels. Susie had reached 120 pounds of firm flesh and Sven was satisfied. He said she was "chust right." As Jeff came in she swung her feet to the mat.

"Hey, get up there," shouted the young artist, busy with pad and pencil. In one graceful motion Susie obligingly shot upward. "Hello, Jeff," she said, looking at him upside down.

"Hyva, gal," he returned. Susie had met few persons during her apprenticeship to beauty, but those few had become fast friends. Sven adored her, she was his creation, the grace and slimmness of her body gave proof that his slave-driving methods were successful.

Emma had literally pounded Susie's flesh into acquiescence, she had stood by through ten difficult weeks, she loved every inch of the sound young body. The artist who made the sketches, each day more graceful, each day more alluring, said frankly that Susie was the goods and all the trimmings.

with the thinning of her face, with no longer the need for grim repression, something had happened to her mouth. It was still wide, but softer, fuller, the upper lip short and tempting.

And her nose was no longer too small for her face. A plastic surgeon had been called in to view Susie's nose. He had looked her over from every angle, he had said, "What's the matter with that nose?"

Susie had wrinkled the offending feature. "It turns up so." "A mighty cute little nose if you'll pardon me saying so." The surgeon had turned to Mr. Harker, saying, "Don't try to make a siren of her. Petite—that's her type—the nose will fit it."

When he had gone Susie turned three cart wheels across the gymnasium. "Imagine me being petite," she gurgled. She was relieved and Mr. Harker was relieved. Determined to give Susie every chance for beauty he had hesitated about an operation. Mr. Harker was eager that Susie's transformation should be brought about by natural means for, in that way, he proved his point and came up to the expectation of his customers.

ON this day, in the middle of December, Jeff brought the news that all Susie's efforts should be crystallized on the following morning. She was to be turned over to Miss Fleming and her minions. After that clothes were to be fitted—and what clothes! "Then you're to make a call on the Chief," Jeff explained exuberantly. "If you succeed in knocking his eye out—and you will, Susie—you will—"

"He caught her hands, shouting, 'A tune, Emma—I'll dance coming on.' Emma played and they danced, long, sweeping glides, short little side steps. The dance was of Jeff's intricate devising and Susie followed without effort.

"You're plenty beautiful right now," Jeff said emphatically. It was the inner glow shining through. In spite of the disfiguring eyebrows, in spite of straight nose, there was a sparkle about Susie, a radiance without which there is only cold harmony of features. "I've got to go," Jeff said at last. "The advertising room is a swarming beehive. We're planning a big lay-out for the rotogravure section of Sunday's paper."

"Oh, you haven't." She was enjoying herself hugely. She always enjoyed herself with Jeff. "How'd it be for me to dress myself once in a while?" It was the question of thrilled expectancy. They were both excited, something lay behind their excitement, something vague but very definite.

"You'll wear what I tell you or I'll skin you alive." They laughed hilariously.

"So nice of you. Go on about the lay-out."

"Your picture in the center..." "You said that."

HE pretended to choke her and they scuffled like two children. "My picture in the center," she prompted at last, flushed and tumbled.

"Yeah—and around it all sorts of clever ads. Suzanne is wearing stockings like these—these are the shoes Suzanne has chosen..." "Oh, Suzanne now."

"I forgot to tell you." Across the top of the page a big letters—this is my idea..." "Wonder boy, Jeff."

"Will you stop interrupting? Across the top of the page, 'May we present...' and below your picture, 'Suzanne.' Pretty keen, eh?"

"Fair." She gave him a side glance that left him a little breathless. "And there'll be pictures of Suzanne's powder and rouge and so forth."

"Stop—you've gone far enough." Susie placed both hands on her hips. With mincing steps she crossed the room, chin in the air, too elegant for words. "Oh, yes—I shall be chah-med to give you my autograph," she said in an elaborately refined tone. "Please form a line at the right and don't shove." Jeff burst out laughing. Susie faced him, dropping her pose. "How's about a waffle, kedd? Honey or syrup?"

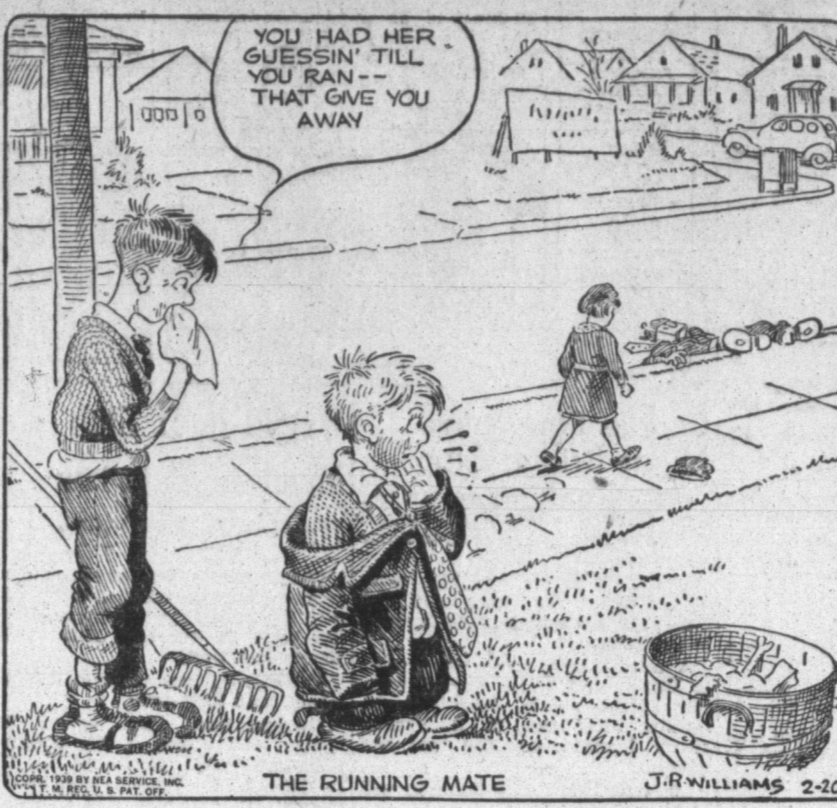

Jeff made a grab for her and she ran. He gave chase, threatening to "do her in" when he caught her. Catching Susie was something else again. She ran like a deer, twisting and turning, laughing with unbounded delight and good feeling. With one last strategic move Jeff caught her. Before either of them had the slightest idea what was coming he had kissed her laughing mouth. "Gee, Susie—gee—I didn't mean to do it," Jeff looked like a bashful schoolboy.

Susie dropped her hand. Leaning toward Jeff she kissed his cheek, a fleeting touch of her lips. "Don't be sorry, Jeff," she said. "I liked it. Aren't you my very bestest friend?"

"I'll say I am," he grinned. (To Be Continued)

Texas Today

By RAY NEUMAN, Associated Press Staff.

The State Liquor Control Board believes it has "honky tonks" and "joints" of various descriptions on the run.

"Clean up or get out!" was the warning served border-line dealers last September by Administrator Bert Ford, square-jawed director of the board to show he wasn't fooling. Ford has his inspectors investigate many cases and file charges.

Since the drive started, more than 230 disciplinary actions have been taken. Charges of breach of peace, operating disorderly establishments, selling to intoxicated persons, permitting "mooching" on the premises, allowing suggestive dancing and similar conduct resulted in the cancellation of 80 licenses and permits, and suspension of 149.

A brewing company representative recently told Ford "conditions surrounding retail outlets in Texas are better than any I found while traveling through 29 states."

Ford said the board's decision to try to eliminate "honky tonks" resulted from investigations which traced back to the re-legalization of beer in Texas in 1933.

The board was not organized until 1935 and for more than two years there was no regulatory authority of any sort in the state "honky tonks" mushroomed unrestricted.

Even when the board was organized there were no provisions in the act providing effective methods of regulating retail establishments.

In 1937, the legislature amended

the law to give the board adequate means of dealing with the problem, but many months passed before state courts sustained the board's authority.

In his September letter to dealers Ford said:

"The courts of this state have fully sustained enactments of the legislature giving this board adequate authority to revoke or suspend your license... local officers are affording closer cooperation than at any previous times and the board is in a position to go further than heretofore... the instruments for dealing with 'honky tonks' have now been forged and there is a full determination to use them..."

It is the opinion of those who have studied conditions that the undesirable element among dealers does not comprise more than 10 per cent of the total number of licenses and permits.

It is believed the board's drive so far has had a direct effect on nearly one-fourth of the "undesirables" and an indirect effect on many more.

Many observers, however, agree that complete success of the campaign for elimination of "honky tonks" will not come until the liquor control act is amended to prevent re-licensing of establishments where licenses have been revoked.

As it stands now, the dealer's license or permit at a certain establishment may be revoked but some other person who is qualified can come in, ask for a license to operate

the same premises and the board must grant it.

An amendment to the act once provided such premises could not be re-licensed for one year but it was struck out before passage because some legislators feared it would be too drastic in effect on property-owners.

The board reports beer and wine consumption in December was greater than the same month of the previous year but liquor consumption declined.

Statisticians figured beer consumption gained from 366 to 415 gallons and wine from .047 to .081 while liquor dropped from 084 to 078. The gallonage was: Beer, 2,542,599; wine, 315,804; liquor, 481,522.

The arrest of 96 persons, destruction of 83 illicit stills and confiscation of nine vehicles in one month recently put a serious crimp in the activities of moonshiners, board officials believe.

With the stills, which had a cubic capacity of more than 5,000 gallons, inspectors seized and destroyed 18,000 gallons of mash and more than 200 gallons of contraband liquor, representing a potential federal and state tax evasion of nearly \$300,000.

Mother's Standby in Treating CHILDREN'S COLDS

FOR RELIEVING discomforts of chest colds and coughs, rub Vicks VapoRub on throat, chest, and back at bedtime. Its potent vapor action relieves local congestion and helps the youngster relax into restful sleep.

FOR COUGHING and irritated throat due to colds, put VapoRub on the child's tongue. It melts, soothes the throat with comforting medication. Also massage on throat and chest.

FOR HEAD-COLDS "sinuses" and misery, melt a spoonful of VapoRub in a bowl of boiling water. Have the child breathe in the steaming vapors. This loosens phlegm, clears air passages.

MEN LOVE GIRLS WITH PEP

If you are peppy and full of fun, men will invite you to dances and parties. BUT if you are cross, listless and tired, men won't be interested. Men don't like "pussy" girls. When they go to parties they want girls who are full of pep.

So in case you need a good general system tonic, remember for generations one woman has told another how to go "smiling thru" with Lydia E. Pinkham's Vegetable Compound. It helps build up more physical resistance and thus aids in giving you more pep and lessens distress from female functional disorders.

You'll find Pinkham's Compound WELL WORTH TRYING!
