Texas Jaycee Prexy Coming To Panhandle

President Fontaine To Speak In Pampa Tuesday, March 7

Pampa Jaycees will be hosts to E. L. Fontaine of Houston, president of the Texas Junior Chamber of Commerce, when he comes here next week on a tour of Junior Chamber of Commerce organizations in this region.

President Fontaine will be accompanied on trips to Borger, Perryton, Amarillo, Littlefield, Lubbock and Midland by R. G. Hughes of Pampa, a regional vice president of the state organization. Mr. Hughes will meet the state Jaycee president when he arrives in Pampa on Sunday, March 5. Two officials will go to Borger, where President Fontaine will speak at the noon luncheon of the Borger Jaycees. Monday night, the two will be in Perryton, returning to Pampa for a meeting of the Pampa Jaycees at noon Tuesday where Mr. Fontaine will be the principal speaker. The schedule for the remainder of the trip will be: Amarillo, noon, March 8; Littlefield, noon, and Lubbock, night, March 9; Midland, March 10.

End Of Spanish War Draws Near

PARIS, Feb. 25.—The end of the long Spanish Civil war appeared to be only a matter of hours tonight.

The Spanish government, officials of the Madrid regime said, has agreed to offer its virtual surrender. The capitulation to the nationalist government of Generalissimo Francisco Franco will be called an "armistice" according to the officials, who declared it might go into effect late tonight or tomorrow.

Only unforeseen resistance by government followers, they said, could postpone the end.

Well, This One Wins The Rubber Toothpick

SHELBY, N. C., Feb. 25 (AP)—Nothing new under the sun? Maybe not, but a livestock dealer has developed a "rent-a-cow" system here that seems to be working successfully. He has placed about 75 cows with renters, charging from 75 cents to \$1.50 per week. The renter furnishes feed and shelter and when Bossy goes dry the dealer replaces her with a good milker.

That Frank Dial went to the FFA calf show auction yesterday afternoon and after listening to the bidding for a while, decided to take a hand. The price of the particular calf had reached \$17 and Frank decided to take a fling at it. He got the calf and then discovered that the 13 was cents a pound and not \$13 for the calf.

Nobody In Hurry For '39 Auto Tags

Pampans and other Gray county citizens apparently are not in any hurry to obtain their 1939 automobile license plates, judging from the fact that only one box of plates to date have been issued from the office of the county tax assessor collector.

There are 50 plates in each box. The total number of 1939 license plates received at the courthouse was 8,300. Automobile owners are not anxious to get their license plates now. County Tax Collector F. E. Leech said, because they are not allowed to put them on their cars until March 1, 1939 license plates must be on all automobiles by April 1.

Shamrock To Be Scene Of Texas 'Exes' Banquet

University of Texas ex-students in Gray and Wheeler counties will hold their second annual banquet at the U Drop Inn at Shamrock, Thursday, March 2 at 7:30 p. m.

Invitations have been mailed to the 125 University of Texas "exes" known to live in this section. All former students of the university, whether or not they have received an invitation in the mail, are urged to attend.

Clayton Heare, Shamrock attorney, who is president of the Top O' Texas Ex-Student association, was in Pampa this past week making arrangements for the banquet. He states that a "snappy" program is being planned but that he prefers to keep it a secret.

Lenten Season Has Effect On Pampans

The season of Lent, which started with Ash Wednesday and continues 40 days until Easter, April 9, has economic as well as religious significance. Conservatively, it will affect many Pampans in a business sense a survey showed Saturday. Meat sales, for example, will drop off. And fish sales will go up. Sale of eggs will be boosted. Demand for fruits, vegetables and cheese will increase and sale of books and periodicals will increase slightly.

This is off season for dancing and night spots. Candy will take the sharpest drop, but a better sale of ice cream is expected.

17 Injured As Pony Express Jumps Rails

LARAMIE, Wyo., Feb. 25 (AP)—Seventeen passengers and a Pullman porter were under treatment today in two Wyoming hospitals for injuries they suffered when a broken rail tipped five cars of the Union Pacific's "Pony Express" down a grade embankment near Bosler, Wyo., last night. Oscar Gray of Oakland, Calif., the negro porter, was the most seriously hurt. Most of those hospitalized were officers or agents of the Bankers Life company, Des Moines, Iowa, insurance firm, traveling to San Francisco's Golden Gate exposition. Four other passengers were released after emergency treatment.

TELLS PAMPANS HOW HE LED REVOLUTION IN COLOMBIAN PROVINCE

3,000 White Indians, Reinforced With Cocoanuts, Seized Ten Panama Arsenals

By TEX DEWESE
Leading a successful revolution in Darien, Panamanian province, with the result that a price of \$5,000 now rests on his head by presidential decree in Panama, is only one of many exciting high-spots in the life of Richard Oglesby Marsh, engineer, scientist, explorer, author, ethnologist, and one-time member of the U. S. diplomatic service, who was a week-end visitor in Pampa.

As chief engineer in charge of the land utilization division for the United States Department of Agriculture, Mr. Marsh came to Pampa

from Washington and on Friday made an inspection of the new McClellan Lake dam project in Gray county. In an off-side interview and in an impersonal sort of conversational banter across a luncheon table, Mr. Marsh delved into some of his experiences, when prodded by others who had heard of his eventful and colorful career.

Quizzed by Gribbon
The story of the revolution he led came up when he was asked by Dan Gribbon, of the Texas Company, about his book, "The White

Indians of Darien," now entering its third edition and published by Putnam and Sons. While in Panama with the diplomatic service back in the early 20's, an aviator reported to Marsh that he had flown over an interior village in Colombia which was inhabited by "whites." Because the section had been believed to be uninhabited, the story intrigued Mr. Marsh, he returned to Washington, resigned from the service and got together an expedition which he led into the wild, mountainous country in search of the "white

Indians" which had skeptical ethnologists awaiting developments with tongues in cheeks. Finds White Indians
That was in 1922. But, Mr. Marsh's expedition found the "white Indians"—several thousands of them—and he and those accompanying him on the expedition made friends and won the confidence of the Darien natives. To prove his point, Mr. Marsh brought ten of the "white Indians" back to the United States. Nine were returned

Revolution Leader Pays Pampa Visit

Here is R. O. Marsh, now with the Department of Agriculture, but a "soldier of fortune" who has been to far corners of the earth and who has had more thrilling experiences than you can shake a stick at. He was in Pampa last week-end to inspect Gray county's new McClellan Dam, pronounced it most beautiful he had ever seen, and then chatted for awhile about some of his experiences, which are legion. He told of leading a revolution in Darien where he had discovered the "white Indians." That story is topic of a feature story to be found at left on this page.

Tammany Boss Faces Prison As Racketeer

Conspiracy Charge Upheld By Jurors In Second Trial

NEW YORK, Feb. 25 (AP)—James J. Hines, for 25 years a respected power in the ancient councils of Tammany Hall, was convicted tonight of policy racketeering charges that may send him to prison for a year longer than 26.

The ruddy ex-blacksmith, the first major New York Democratic politician in years to be tried on criminal charges, was haled to court for the first time in his 62 years by 36-year-old District Attorney Thomas E. Dewey, Republican nemesis of Tammany at the polls and racketeers in court.

Then, tonight, at the end of a second trial which had lasted 27 days, a blue-ribbon jury in General Sessions court convicted Hines on all 13 counts of an indictment charging him with partnership in Dutch Schultz's \$20,000,000-a-year gambling syndicate.

Dewey had accused the popular Tammany veteran of selling to the racket the most political influence he wielded as a Tammany stalwart. Arthur (Dutch) Schultz, Flegenheimer, one time New York public enemy No. 1, but later a gang war victim, was the overlord of the racket, the man who forced the rich policy banks of Harlem into a single syndicate.

Henchmen of the slain Schultz—one of them acknowledge he testified to save his own hide—declared Hines accepted \$500 a week from the racket for his services in allegedly corrupting police and magistrates, and took thousands more

Seaman Confesses 18-Year-Old Murder

NEW ORLEANS, Feb. 25 (AP)—Police Lieutenant Joseph Schwelm said an arrested seaman who complained of a troubled conscience after four suicide attempts told him he had killed a naval officer in San Diego, Calif., 18 years ago.

San Diego police said Chief Machinist's Mate Rudolph Rockwell of the U. S. S. Crane was slain by a mysterious bullet in the back on the night of Jan. 13, 1921. Rockwell, San Diego police said, was shot as he walked through Newton Park and died two days later without divulging the identity of his slayer.

Lieutenant Schwelm said the man was arrested last night on a drunkenness charge, tried to hang himself today in jail cell with his necktie, and then said "I have been tortured by my conscience 18 years because I killed a man."

Tuesday Deadline On Pampa City Tax

Tuesday night is the deadline for Pampans to pay the second installment on the 1938 city taxes, W. M. Craven, tax assessor-collector, warned yesterday.

By paying taxes before that time a 10 per cent discount will be allowed. No split payments are allowed on amounts under \$4.

Tax payments to date this year have been favorable, Mr. Craven said. Tuesday night is the deadline for Pampans to pay the second installment on the 1938 city taxes, W. M. Craven, tax assessor-collector, warned yesterday.

German Plane With Ten Aboard Lost In Atlantic

BERLIN, Feb. 25 (AP)—German authorities today announced the loss in the Mediterranean of a German plane, apparently a military craft, with 10 persons aboard, but left the purpose of the flight and identity of the victims wrapped in mystery. Officials refused to confirm conjectures that the plane, which disappeared yesterday, belonged to the air force. It was stated that it was on a special flight from Germany, but the destination was not disclosed.

The question why chickens grow fat and tender under influence of music is here answered once and for all. By radio or phonograph the poultry raiser provides a daily fare of swing-tunes in the hen house. Swing brings the jitters, the chickens eat the jitters, and there you are. And their eggs are as full of good meat as the Pampa News' classified want-ads are of good results.

17 Calves Bid In For \$1,715 At FFA Show

400 Persons Crowd Arena At First Sale In Pampa

The unusual interest shown in the FFA calf show and auction Saturday in the Panhandle Lumber company yards was viewed by stockmen as a splendid indicator of what the future holds for Pampa as a livestock sales center.

Nearly 400 attended the auction in which 17 calves were sold for a total of \$1,715.45. The calves were raised by members of the Future Farmers of America chapter of Pampa high school. J. L. Lester, teacher of vocational agriculture, is chapter sponsor.

Prizes Total \$100.
The Livestock Sales committee of the Pampa Chamber of Commerce, composed of Mack Graham, chairman, Mel B. Davis, Roger McConnell, and T. F. Smalling assisted in staging the show and gave \$100 in prizes to winners of the judging contest conducted during the morning. Frank Ford, Carson county agent, acted as judge.

Grand champion of the show was entered by Billy Stockstill, who also showed the reserve champion. He received prizes totaling \$28. The grand champion, weighing 761 pounds was purchased by P. H. McLain for the Thomas Grocery & Market, South Cuyler. Mr. McLain started the bidding at 14 cents a pound but it was not until he had submitted a top bid of 20 cents that

Lions Boost For Recreation Hall

A move to give Pampa a modern recreation center was started Friday night when several members of the Pampa Lions club met in the home of Dr. H. L. Wilder. Present at the meeting were Dr. Wilder, Frank Culbertson, Fred Roberts, C. H. Walker, W. O. Simmons and City Manager W. T. Williamson.

All were agreed that Pampa needs a recreation building and playground. Means of securing a large building for all kinds of indoor activities were discussed and it was agreed that it must be a large one, costing as much as \$25,000 if necessary.

City Manager Williamson was asked to write for plans and methods used by other cities in securing such a building. Further action on the project will be discussed at a meeting to be called sometime this week with other groups attending.

Reading Material For Youngsters Needed Children Comprise Two-Thirds Of Patrons At Pampa Public Library

By BROWNWOOD EMERSON
Who does the greatest amount of reading in Pampa, children or adults?

It's the children by a big majority, judging from those who use the Pampa Public library. Mrs. James Todd, librarian, says that two-thirds of all those who use the library are children, ranging in age from the pre-school ages to high school seniors.

Jaycee President To Leave Pampa

An hour-and-a-half later Mrs. Gerhard found her son unconscious in the chest and it was a long time before he was revived by his father who started artificial respiration as soon as the limp body had been removed.

Mr. and Mrs. Gerhard were not unduly alarmed when Andy failed to return within a half hour, but they called him and then contacted physicians. None of them had seen the child since 5 o'clock.

Police were summoned to assist in the search for the child and later radio station KPDM was asked to broadcast a description of the missing boy.

The neighborhood was searched and also the house but the cedar chest was overlooked because it was

No, 'Heil Hitler' On This Letter From Unter Den Linden

Not all letters from Germany are concluded with "Heil Hitler!"

From Berlin came a letter dated Feb. 12, 1939, received here Saturday by County Clerk Charlie Thut. There wasn't a single swastika on the letter, no image of Der Fuehrer, nor a single indication of censorship.

Explanation of this lack of Nazi efficiency lies perhaps in that it was sent "in care of the American Consul-General."

The letter was from Max Bier, who said he was interested in oil field properties in Texas and Oklahoma in 1918-1924, and gave a description of some holdings he had for sale. The land was located in Potter county.

On the flimsy light green envelope was the address: "Hon. County Clerk, Gray County, Pampa, Texas, U. S. A." The envelope was postmarked "via Cherbourg or Havre."

There were seven stamps used, four black with the number 1, two orange with the numeral 3, and one green with the numeral 5.

And on the stamps was the profile of von Hindenburg, the one-time president, and not that of Adolf Hitler.

Winter Nudges Mercury Down In Pampa District
Old Man Winter took a slap at Pampa Saturday skidding temperatures down to a low of 19 degrees at 7 a. m., and grudgingly giving ground up to 4 o'clock when the thermometer reading reached 30.

Pampans awoke Saturday to find scattered patches of snow on the ground and a biting cold wind that arose late Friday still whipping across the city.

At 9 a. m. yesterday the temperature was 20 degrees, showing a gradual climb until the day's maximum of 30 degrees at 4 o'clock. Saturday midnight the mercury was near the 20-degree mark.

Boy, 8, Nearly Loses Life In Cedar Chest

A childish prank almost cost Andy Gerhard, 8-year-old son of Mr. and Mrs. Henry Gerhard, his life Friday evening. The boy and the Gerhard maid had an argument and Andy threatened to run away. He did, but instead of leaving the house he hid in a cedar chest.

Police were summoned to assist in the search for the child and later radio station KPDM was asked to broadcast a description of the missing boy.

Franco To Wield Powerful Army

BURGOS, Spain, Feb. 24.—Generalissimo Franco, looking beyond the Spanish civil war, plans to wield a powerful army, navy and air force to maintain a "place in the sun" and to become a strong power in the Mediterranean.

The Nationalist leader already has warned other countries that Spain must be taken into consideration in any settlement of Mediterranean issues.

Franco is expected to have an army of nearly 1,000,000 men ready for any emergency immediately after the civil war ends.

Jury Awards Ivey \$27,000 For Accident

Damage Verdict Is Returned Against Texas Company

A verdict whereby W. H. Ivey is to receive \$25,000 damages and payment of doctor's bills amounting to \$2,000, was returned shortly before Saturday midnight by a 31st district court jury in the case of W. H. Ivey vs. The Texas Company, et al.

Ivey was suing for damages as the result of an accident on a bridge near LeFors on June 30, 1937, when the Llano Construction truck on which he was riding was in collision with a truck of the Texas company.

At 9:59 o'clock Saturday night the jury came in to report. A full half-hour was required for Judge W. R. Ewing to read the questions and answers contained in the 34-issue charge. When the reading was completed, attorneys for the plaintiff asked time for a consultation.

It was found that some of the jury's answers were in conflict. Judge Ewing then gave the jurors additional instructions and sent them back to reconsider. More than an hour later the jury brought in its verdict that awarded the plaintiff the total of \$27,000.

Ivey had asked for \$31,000 damages. The suit was a complicated

Well, Most People Don't Believe In Signs, Anyhow!

Persons who have implicit faith in signs—even those displayed in official places—are due for a surprise when they study a time-worn directory of Gray county courthouse offices. The sign is located on the north wall of the lobby leading from the courthouse entrance on the east.

Based on the sign, Gray county has no justice of the peace for precinct 2, place 2, although the other justice, place 1, precinct 2, is listed among offices on the first floor.

It has been a long time since the county commissioners have had a room of their own, but the sign says they have. The room formerly known as the commissioners room is now used by the county farm agent.

The county surveyor and the county engineer also have offices on the second floor, according to the sign, but the fact is there is no "county engineer" and the office of the county surveyor is on the fourth floor and is now used by the National Youth administration.

County Farm Agent Ralph R. Thomas is still located on the third floor, according to the sign, even if Mr. Thomas daily goes to work in his office on the second floor.

A resident engineer of the Texas Highway department, says the directory, is to be found on the fourth floor, but if you really want to see J. C. Dingwall, the resident engineer, you had better disregard the sign and stop on the third floor.

U. S. Embassy Head In Germany Dies

BERLIN, Feb. 25 (AP)—Prentiss B. Gilbert, charge d'affaires of the United States embassy here and since last November chief American diplomatic representative in Germany, died of a heart attack last night.

Gilbert, who was 55, had been in charge of the embassy since Nov. 16, when Ambassador Hugh R. Wilson left for Washington at the request of President Roosevelt to report on conditions in Germany.

Livestock Sales Mart To Open In Pampa March 8

The Pampa Livestock Exchange, a place where farmers and ranchers of this section of the Panhandle will be able to take their stock to be sold or traded, will be opened on March 8 by J. K. McKenzie at his farm across the road from the Pampa Airport, just east of the city limits.

Mr. McKenzie is erecting an enclosed arena where sales will be conducted each Wednesday afternoon until summer when open air sales will be held.

Mr. McKenzie has been a resident of Pampa and community for 13 years and is well known by farmers, ranchers and citizens of the city and county.

"Farmers from this section are hauling their stock great distances to be sold when there is a market for them right here at home," Mr. McKenzie said in announcing his exchange.

Anyone desiring further information on the sale plan may contact Mr. McKenzie by telephone, he said Saturday night.

Two City Jobs Give Work To 180 Men

An average of 180 men are being employed on the city's paving and water extension programs. City Manager W. T. Williamson revealed Saturday. Of that number, 100 men are working on the paving project, which is a WPA program, and 80 men are working with different companies laying water lines, digging wells and building storage tanks.

Laying of curb and gutter on 12 blocks of South Barnes street has been completed and work is under way on North Hobart street between Foster and Francis avenues.

Development of two new water wells is nearing completion, most of the new lines have been laid and material is on the ground for erection of an elevated storage tank in East Pampa. It is a WPA project.

Grandstand Material To Arrive Here By March 15

Material for constructing a steel grandstand at Recreation Park a mile east of the city will be on the ground by March 15, a representative of the Capital Iron Works of Oklahoma City, successful bidder, told City Manager W. T. Williamson while on a visit here Friday afternoon.

Accompanying the official to Pampa were George A. Linder of Amarillo, supervisor of division of operations for WPA, and R. L. Oldham of Amarillo, area engineer. The grandstand will be erected as a WPA project.

Bid of the Capital Iron Works for steel and construction was \$6,910. Bids were opened in San Antonio two weeks ago.

\$25-A-Week Salary No Bar To Marriage Today
OXFORD, Ohio, Feb. 25 (AP)—A salary of only \$25 a week isn't necessarily a bar to marriage, Dr. C. H. Sandage, Miami university professor of business, told seniors. "Two-thirds of the married couples in the nation are doing it," he said.

Phillips Company Heed Sees Bright Future For Panhandle

A bright future for the Panhandle of Texas was predicted by K. S. Adams of Bartlesville, president of the Phillips Petroleum company in an address at the annual meeting of the Borger Chamber of Commerce Friday night, attended by 400 members, company employes and visitors.

Both of the priests, Rev. Fr. Robert and Rev. Fr. West, have been assigned to this section. Information was lacking as to which one of the two would be sent to Pampa and to Canadian.

Phillips officials from Bartlesville who attended the banquet were Don Emery, vice-president and general counsel; R. C. Jopling, vice-president in charge of public relations; M. P. Youker, vice-president in charge of refining. The party flew to Amarillo and motored to Borger.

FDR Calls On Labor Forces To End Fight

MIAMI, Fla., Feb. 25 (AP)—President Roosevelt in a dramatic plea for a "united labor movement" today asked the long struggling CIO and AFL camps to name a committee to negotiate an early peace.

In virtually identical letters to John L. Lewis, chairman of the Congress of Industrial Organizations, and William Green, president of the American Federation of Labor, he declared: "Labor faces a challenge in finding itself divided into opposing camps, but I am sure that labor can and will meet this challenge with understanding and good will."

The letters were made public at temporary White House offices here while the president spent his seventh day at sea on the cruiser Houston, in the vicinity of the annual fleet maneuvers.

Reed, Wilson Cases To Be Set Monday

The cases of the State of Texas vs. Buford Reed and State of Texas vs. Miriam Wilson both will be on the trial docket, subject to call, when the ninth week of the January term of 31st district court opens at 10 o'clock Monday morning.

Reed is under indictment for misappropriation of fees while Miriam Wilson, district clerk, is charged with fraudulent taking of county funds.

Reed was indicted on November 3, while the indictments against the district clerk were made last Tuesday afternoon.

District Judge W. R. Ewing, asked which case would be tried first, said he did not know. He said the Reed case would be the first called. Witnesses in both cases have been summoned to appear in court tomorrow morning.

JUDGE OVERRULES NEW TRIAL MOTION IN PAMPA MURDER

Misconduct In Jury Charge Fails To Hold

Alleged misconduct of jurors that resulted in the verdict in the trial of Irvin Maxey being known two days in advance of the verdict returned on February 10 was charged in a defense motion for a new trial in the case.

District Judge W. R. Ewing overruled the motion in a hearing held Saturday in the 31st district court here. He pronounced sentence of 20 years in the state penitentiary on the young Pampa negro, whom a jury had found guilty of murder with malice aforethought in connection with the fatal stabbing of Odessa Lintz, negro, at a negro dance at the Southern club on the night of December 11.

Defense Attorney Newton P. Willis questioned seven witnesses at the hearing yesterday: J. B. Collier, W. W. Shaddid, members of the jury that heard the Maxey case, L. J. Ward, foreman of the jury, A. S. Cambra, bailiff, Mrs. Charles Alford, and two negro women, Eliza Lindsey and Geraldine Campbell.

Testimony of the two negro women was in conflict as to whether or not Odessa Lintz had possession of a knife at the dance at which she was stabbed. Members of the Maxey jury and the bailiff testified in refutation of any alleged misconduct on the jury's part. L. J. Ward, foreman of the jury, testified that while he had telephoned to a court officer to let him know his whereabouts on a Wednesday night, February 8 when the jury had, by agreement, attended a local theater. He denied that any information on the case had been illegally divulged.

Mrs. Charles Alford, in testimony given in answer to questions asked by the defense attorney, denied that she had any "inside" information on the verdict when the case was discussed at a card game on the night of Feb. 8.

She denied that there was any relation in the fact that her husband, Charles F. Alford, chief gauger and L. J. Ward, a time keeper, and foreman of the Maxey jury, were both employed by the Humble Pipe Line company, might possibly have with her knowing what the verdict would be.

She said she did not give the matter much consideration at the time, saying she had heard much discussion of the case, and reiterated her denial of possessing or revealing any "advance" information on the 20-year verdict. After Judge Ewing had overruled the motion for a new trial, the defense gave notice to the court of criminal appeals and the 90-day period to prepare defendant's bill of exceptions and statement of facts was granted by the court.

BRIGADIER AND MRS. W. G. GILKS

The divisional commanders of the Salvation Army for the division in which Pampa is located will be in Pampa today and Monday on their semi-annual inspection of the local post. They will be guest speakers at meetings in the Salvation Army hall.

Salvation Army Heads Here For Semi-Annual Inspection

Brigadier and Mrs. William George Gilks of Dallas, Salvation Army divisional commanders, will make their semi-annual tour of inspection of the Pampa post of the Salvation Army today and Monday. It has been announced by Captain Herman G. Lambrecht, in charge of the local post.

The brigadier and his wife will be guest speakers at all meetings in the Salvation Army hall, 831 South Cuyler. Members of the American Legion have been invited to be special guests and participate in the service this morning at the Army hall.

Brigadier Gilks is state chaplain of the American Legion and will be among Legion officials in Dimmitt Monday night when Legionnaires of the 18th district receive a visit from the national chaplain, Rev. Jerome Louis Fritsche of Kearney, Neb. Monday in Pampa will be devoted to a series of business engagements by the divisional commanders, that will include a lecture at 11 o'clock that morning at the Pampa high school. Members of the Salvation Army advisory board will meet at 12:15 o'clock.

At the noon hour, Mrs. Gilks will meet the ladies of the Home League in a luncheon meeting at the Army hall. After the covered dish luncheon there will be a special meeting of the league with Mrs. Gilks as the honor guest.

Members of the Home League from Amarillo have been invited to join the Pampans in this special meeting.

Farmer Jailed As Extortion Suspect

FORT WORTH, Feb. 25 (AP)—A 26-year-old Jack county farmer and WPA worker, arrested at his home between Perrin and Jackboro after an hour's chase, was held in Jackboro jail tonight as a suspect in an alleged attempt to extort \$225 from E. J. Shawver, Jack county ranchman.

Officers said the prisoner signed a statement admitting he had directed Shawver in a note a month ago to leave the money in a tin can between two telephone poles on a farm two miles east of Perrin on the Gibtown road. The note, officers said, threatened Shawver's life unless he complied.

Charges against the man, trailed and arrested after he fled empty-handed from the spot, will be filed before United States Commissioner Lois Newam here, officers said.

She will be in charge of fifth grade work in the Seagraves school. Public school music will be added to the school system next term.

Poultry-Growing Ranks High In Plains Region

AMARILLO, Feb. 25 (AP)—The High Plains section of Texas, Oklahoma and New Mexico is becoming an important poultry-growing region. Farmers, poultrymen and county agents say approximately 5,000,000 baby chicks will be hatched or bought in the region this spring. Around a quarter of a million pouls will be hatched or bought. The area around Plainview has become one of the leading turkey-growing regions in the Southwest.

Carson-Armstrong Teachers Organize

WHITE DEER, Feb. 25—Teachers from Panhandle, Groom, Skellytown, and White Deer met Wednesday afternoon at the White Deer grade school, for the purpose of organizing Carson and Armstrong counties into a unit of the Texas State Teachers' Association.

Skellytown and White Deer are now one unit with Chester Strickland, principal of Skellytown School, president; and Groom and Panhandle form another unit, with R. B. Vaughan, superintendent of Panhandle high school, president.

The group found that delegates must be elected on the basis of the organization on December 31, therefore it was too late to reorganize for this year. Each unit then elected delegates to the District House of Delegates, which meets in Canyon, March 10 and 11.

Mr. Strickland and Mrs. E. R. Weak will represent the White Deer unit, and Kellus Turner, principal at Panhandle, the Carson county unit.

George A. Heath, superintendent of the White Deer schools, gave a brief report on the current legislation affecting schools, and urged each teacher to write to his representative and express his opinion concerning such legislation.

The group voted to hold another brief report on the current legislation in Panhandle in April to perfect an organization for next year.

County Officials Keep Desks Busy And Unbusy, Depending On Location

Desks of two county officials, those of County Clerk Charlie Thut and that of County Attorney Joe Gordon, probably win honors among courthouse desks for the desk used the least and the desk used the most, respectively.

County Clerk Charlie Thut usually works daily at the tables in his office, at the counter, or at a typewriter table near the east window on the north side of the office. His own private desk, a metal roll-top model, is toward the rear on the south side of the office. Its top is kept down and only rarely is the desk used. Not a single article of office equipment or anything else is piled atop the desk.

On the desk of the county attorney one afternoon last week were 21 legal tomes alone, not considering letters, files and legal documents.

Seeded Indoor Tennis Champs Lose Matches

NEW YORK, Feb. 25 (AP)—The seeded lists in the National indoor tennis championships were smashed twice in second competition today, but the upsets played only second fiddle to the one that almost happened—but it didn't—favorite Wayne Sabin.

Bill McGehee, 19-year-old New Orleans youngster, who plays for nearby Scarborough School, and John H. Pitman, a New Yorker, were the "upsetters." McGehee ousted J. Gilbert Hall, Orange, N. J., veteran, 6-2, 5-7, 6-4, and Pitman surprised Frank A. Froehling, of Chicago, 6-3, 6-3.

The day's spotlight was held by the battle Sabin, the Portland, Ore., Davis Cup hopeful and this tournament's ranking performer, was given by Leonard Hartman, ex-Columbia University crew man.

Sabin was behind in the first set; never had a look-in during the second, and had to take three of the last four games in the third before pulling out of the match, 6-4, 1-6, 6-4.

Five of the other six members of the ranking men's contingent swept through handsily, while Gene Mako, of Los Angeles, had his contest postponed until Monday. He had a heavy cold.

The women's seeded brigade, headed by Norma Taubele, New York, had an easier time getting by first-round play. Miss Taubele overwhelmed Mrs. Mary King-Smith Prosser, Bronxville, N. Y., with the loss of only one game to lead Helen Bernhard of Forest Hills, Millicent Hirsch of New York and Barbara Niels of Cleveland, seeded behind her, into the second round.

Sidney Wood, New York, trounced Robert Keelher, Forest Hills, 6-3, 6-2, to reach the third round. Frank Bowden, New York, and Joey Fishbach, St. John's (Brooklyn) University, also came through with straight set verdicts.

Gregory Mangin, of Forest Hills, met unexpectedly tough going before overcoming Edward Jenkins, New York, 10-8, 6-2.

150 Expected To Enter Public Links Tourney

AUSTIN, Feb. 25 (AP)—About 150 entries are expected for the men's Texas public links golf tournament here May 27 and 28, James A. Garrison, president of the association, said today in announcing the tournament.

The 72-hole medal play tournament, for non-members of country clubs will have three flights and a veteran's flight for those over the age of 45.

Boys desiring to make a place on the Pampa Amateur boxing team which will meet teams from other cities over the state both here and away are invited to work out at the Pampa Athletic arena.

Boys who won Golden Gloves titles are especially urged to work out. Some of the winners, however, will be unable to represent Pampa in meets and Trainer Cliff Chambers wants to line up boys to replace the champions. He also wants to secure a group of exhibition boys to appear on local cards.

"Had our boys been in better condition we would have made a much better showing in the state tournament," Trainer Chambers said yesterday in calling the workouts. "We want to work out all year so that next winter we will be able to win several titles."

Twenty-three members of the championship Junior High Pee Wee football team and two managers were awarded letters Friday by Principal Ernest Caine and Coach C. P. McWright. The Pee Wees was the only Pampa high school team to be undefeated and untied during the 1938 football season.

The little fellows played an exceptional brand of football. They met mostly teams of boys heavier and older but their fight carried them to an undefeated season.

Each boy on the squad was given a letter "F" of blue on a white background, the Junior high colors.

Backs—Hilroy Eldridge, Bobby Joe Dunham, Bill Grossman, Harold Henson, Ray Clanton, Jimmy Berry, Jim Bob Auld, Doyle Lane, Raymond Cox, Billy Wayne Elkens.

King Ranch Raises Fine Race Horses
KINGSVILLE, Tex., Feb. 25 (AP)—Ciencia, the 3-year-old King Ranch filly which ran away from Santa Anita brethren at the \$50,000 Santa Anita Derby this week, justified her owners' belief that top race horses can be raised in Texas.

Ciencia was the third horse from the stables of the famous King ranch to win a turf classic. She had \$41,850 to her previous winnings of \$11,780 and made history by being the first filly to win the California feature.

The King Ranch, which makes a business of producing fine livestock, started out in 1935 to prove it could make a success of breeding and handling race horses. Representatives were sent to Saratoga to purchase racing stock.

Among race horses bought were Split Second, Dawn Play and Science, then a foal of Colonel Ciencia's sire. The horses were bought from the breeder, Martin Schwartz, whose trainer was Max Hirsch, a native of Fredericksburg, Tex. Hirsch became trainer for the King Ranch.

Split Second in 1935 won first place at the Selma Stakes at Laurel Park, Md.
Dawn Play in 1936 won seconds at the Matron at Belmont, N. Y., and in the Selma Stakes.

Houston Golf Meet Played In Rain, Mud

By OLEN W. CLEMENTS
HOUSTON, Feb. 25 (AP)—The elements bore down with a fury today but John Barnum, Bobby Riegel, Ed White and Howard Creel, stumbled on to victory through cold, wind, rain and mud in the quarter finals of the Houston invitation golf tournament.

Creel, a portlander from Pueblo, Colo., defeated Dumpy Don Schumacher of Dallas, 1 up.

Barnum, newcomer from Edinburg, Texas, broke a deadlock on the nineteenth hole to eliminate Walter Emery of Houston, defending champion, 1 up.

White of Houston had little trouble between showers putting out bespectacled Willie Maguire, Jr., of Houston in 14 holes.

Playing cold, methodical golf, Riegel of Houston, shot the course in 1 under par 70 and dispatched tough Ed Herron of Houston, who eliminated both Johnny Goodman of Omaha and Johnny Dawson of Los Angeles earlier in the week.

Riegel, Texas amateur champion, won 2 and 1.
Scarcely had the players left the clubhouse when the rain began tumbling in torrents. They played on. Creel and Schumacher reaching the tenth hole with Creel 1 up.

The wind began to howl and the big pine trees bent beneath its force. The players ducked for cover and the tournament committee called a halt in play until the weather cleared.

With the fairways and greens standing a high deep in water, play was resumed after lunch and the semi-finals, scheduled for the afternoon, postponed until tomorrow morning. The final 18 hole match will be played tomorrow afternoon.

Creel and Schumacher were squared as they came to the eighteenth green. Schumacher's tee shot went into the bayou and Creel got on the green in two strokes. Schumacher conceded the hole when he failed to get near the cup in five strokes.

Emery and Barnum came to the eighteenth hole squared. Emery's first tee shot went into the bayou. He began to search from the far side, hit a tree and the ball bounded back into the bayou. His next shot landed in the sand trap.

Barnum's third shot rolled over the trap. Both chipped up beautifully. The 18 hole match was over. Barnum won the nineteenth when Emery overshot the green.

Creel and Barnum will tangle in the first semi-final match of 18 holes tomorrow morning. White and Riegel will follow.

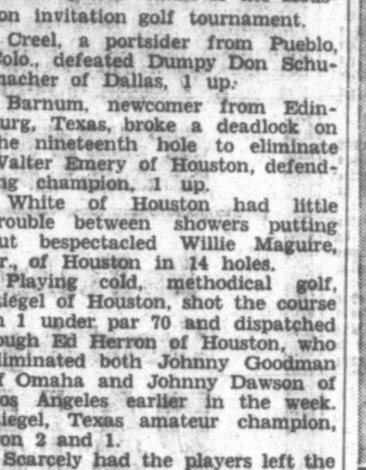

Senators Need Berg's Chatter
ORLANDO, Fla., Feb. 25 (AP)—President Clark Griffith, of the Washington Senators, regretted today he ever sold Moe Berg to the Boston Red Sox.

"We don't need him to catch particularly," said Old Fox Griffith. "We need him to talk."
Berg—one of the most erudite men ever to play baseball—was graduated from Princeton, and then did a turn at the Sorbonne.

"He's just the man to talk to some of these foreigners," grunted Griffith. "The way things are going now we sound like a row in the League of Nations."
Griffith's problem is not simple. Here's what he's up against:
Pitcher J. V. L. Krakauskus, a Lithuanian who comes from Canada. Krakauskus speaks English with an accent, and when he gets excited he speaks something else—something the Griff can't understand.
Pitcher Roberto Ortiz, fresh from Cuba, who speaks Spanish and nothing else.

RUFFIAN RETURNS TO MAT MONDAY

At first glance Sterling (Diz) Davis, above, looks like a movie actor with his fine physique and good looks but a closer examination will reveal eyes and lips that show ruthlessness. And he is a ruthless wrestler if there ever was one. Davis returns to the Pampa Mat Monday night for a main event engagement with Emery.

nie Peterson of San Francisco, one of the best grapplers to be seen here in many a moon. Peterson can wrestle or he can rough which makes him an ideal opponent for the tough Houstonian Steve Netry and Frankie Hill will be the semi-finalists with Steve Netry and Russ Riley opening festivities at 8 o'clock sharp at the Pampa Athletic arena.

Pampans To See Phillips-Lions Game In Borger
A number of Pampa basketball fans plan to be in Borger Monday night when the Phillips 66 Oilers of Bartlesville, Okla., battle the Borger Lions, a crack independent quintet organized by Victor Shawgo of that city. Game time will be 8 o'clock in the high school gymnasium with all seats reserved at \$1.10.

The Borger team is made up of former star college players, most of them now coaching in this section of the state. Leading scorer on the team is Gene McCollum, former Hardin-Simmons star and now coach at White Deer. McCollum has scored 311 points in 12 games this season.

Catfish Smith, East Texas State Teachers college graduate and coach at Borger, is second in the scoring race with 205 points. From LeFlore high school the Lions gathered in Francis Smith, McMurry star of a few years ago, who has looped 90 points in seven games.

J. C. Knowles, North Texas State Teachers college grad and former Borger coach, is another starter. The team is rounded out by Bob Clark, West Texas State college Buffalo ace of a few years ago and now coach at Lakeview.

Also on the roster are Lawrence Clark of Borger, former West Texas State college star, and E. W. Jones of Borger who played all his basketball at Borger high school.

Phillips will field a team of former college stars secured from over the nation. The Oilers have been national tournament winners or top bracket players for several years. The team is paced by Joe Fortenberry, former West Texas State college ace, Stephenson, Ray Ebling, Troutwine, and a host of other well known players in both college and independent play.

Arkansas Trips Aggies 66 To 38
FAIRBURNVILLE, Ark., Feb. 25 (AP)—Arkansas University swamped the Texas Aggies here tonight 66 to 38 to sweep a two game series. The Razorbacks won last night 61 to 42.

Just as in the first game the Razorbacks built up a big first half lead and then coasted. The margin at halftime tonight was 32 to 15.

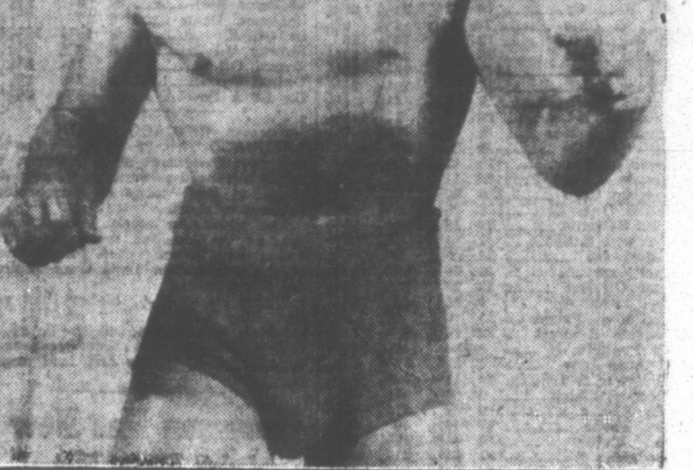

Captain Neil Martin, playing his last home game, looped seven field goals in the first half and then shortly after the second period opened fouled out of the game, but not before bringing his total to 17.

This gave him runner-up honors to John Adams, sophomore forward who looped 21 points, 15 of which came in the last half, and his best brought his conference total to 135.

Carrigan and Vamer led the Aggie scorers with 10 and 8 points respectively.

Wolves Score 10 Points In Last Minutes

Pampa's mighty Harvester basketball team again knocked on the door of a Region 1 basketball championship last night but failed to gain the coveted title by a single point, the Dalhart Wolves coming from behind to nose out the Mitchellmen, 25 to 24, in the final game.

Leading by 10 points with less than five minutes to play, the Harvesters saw their lead dwindle and then pass away as Locke, great Dalhart center, looped three field goals in less than three minutes.

The score at the half saw the Harvesters out in front 13 to 10 and at the third quarter they had stretched it to 22 to 13 and appeared on their way to their first region title. Twice before in three years the Harvesters went to the finals but lost out.

Andis Most Valuable.
Bob Andis, named the most valuable player in the tournament, tried to put the Harvesters on the throne by looping five field goals and two free throws for 12 points. Pete Dunaway, playing another spectacular game, added six points with Kyle bagging two free throws. Smothered under the basket until he was unable to make a single field goal, Hetschell fed the ball to Andis and teammates.

Playing an unhurried style of ball the Wolves worked the ball under the basket and then shot true for points. Locke led the scoring parade with nine points, closely followed by Wilson with seven.

The Harvesters opened the title race by defeating Lubbock 24 to 20 Friday afternoon. On Friday night the Harvesters had to stage an overtime battle to edge out Dalhart, 33 to 31. Andis packed the punch, scoring 22 points. It was Andis who stole the ball from a Dalhart guard and then raced the length of the floor to shoot the victory goal in the overtime period.

Two On Regional Team.
Dalhart came back Saturday morning and overcame a long Medicine Mound lead to enter the finals with a 34 to 30 victory, after Medicine Mound had eliminated Lubbock Friday night.

Dalhart will represent Region 1 in the state finals in Austin next week.

The all-regional team was composed of Andis of Pampa and Atkinson of Medicine Mound, forwards; Locke of Dalhart, center; Dunaway of Pampa and Brown of Dalhart, guards; Johnston of Lubbock, substitute.

Ablene's Giants of the West Texas Plains and the high-scoring Livingston Lions led the way into the final round of the Texas schoolboy basketball campaign Saturday night as champions were determined in eight regional tournaments.

Joining Ablene and Livingston were Dalhart, Glimmer, Kingsville, Sidney Lanier (San Antonio), Bowie (El Paso), and Vernon, these teams to go to Austin next week-end to determine the state championship.

Region 1 also had an upset with the Dalhart team, coming back after a defeat in the opening rounds to blast Pampa's Harvesters out in the finals, 25-24.

Three Hostesses Entertain With Buffet Dinner And Bridge Friday

Mrs. Strout To Give Review Of Book Here Soon

Mrs. Alan Strout, who recently spent a year in England while her husband was connected with a university there, will review Margaret Halsey's humorous best selling book, "With Malice Toward Some," and compare their experience on March 13 under the auspices of the American Association of University Women.

Mrs. Strout is the wife of an English professor at Texas Technological college in Lubbock. She has been much in demand as a book reviewer throughout the Panhandle. The last time she spoke in Amarillo, ticket sales had to be closed several days before the date of the review for lack of room to seat the crowd. The place of the review will be announced later. Tickets can be secured from A. A. U. W. members or at the door. Proceeds will be applied on the A. A. U. W. Fellowship fund, which enables promising college women to continue advanced research work.

Upsilon Chapter Entertains With Lunch Saturday

Complimenting Miss Lillian Herrmann of Kansas City, Mo., international director of Beta Sigma Phi sorority, members of the Upsilon chapter of Pampa entertained with a luncheon Saturday afternoon in Hotel Schneider.

Centering the luncheon table was an arrangement of yellow roses in a black bowl. Black and yellow ribbons were attached to the cards marking the places. Repeating the sorority colors, a corsage of yellow roses was presented to the guest of honor.

Following the luncheon, Miss Herrmann discussed a plan for forming sorority area councils.

Attending the luncheon were Mmes. J. E. Massa, A. M. Teed, Raymond W. Harrah, Fred Thompson, Bob Curry, R. M. Klinger, F. Postma, D. C. Hartman, W. G. Gaskins, Charles Vaughn, Roy Kay, Misses Lillian Herrmann, Lois Martin, Ann Johnson, Betsy Tolbert, Johnnie Hodge, Minnie Olive Montgomery, Cleora Starnard, Josephine Lane, Velda Richards, and Johnnie Davis.

H-SU CLASS HONORS GO TO QUARTETTE MEMBERS

Hardin-Simmons University students, at Abilene, Tex., elected three members of the university's varsity quartette as class presidents. Aaron Grant, Breckenridge, first tenor, heads the senior class. Jack Dean, Russellville, Tenn., second tenor, is sophomore president. Freshman class head is Ray McCullough, Big Springs, juniors, Kirk McKinnon, Lamesa, quarterback on the H-SU Cowboy grid team. A quartette of coed beauties serve as class secretaries: Jeannell Green, Abilene, seniors; Maurice King, Wichita Falls, juniors; Kathleen Nunnally, Anson, sophomores, and Lillian Patten, Clovis, N. M., freshmen.

Founders' day. The organization is sponsoring a cub Boy Scout troop in charge of D. E. Metz.

A nominating committee composed of Mrs. Jess Pierson, Mrs. A. S. Jones, and Mrs. C. A. Hodges has been named by the Magic City unit to nominate a new president to replace Mrs. A. B. Pinnell who will be leaving the community soon.

The Perryton Parent-Teacher association is sponsoring a series of parents' nights in the elementary grades of the school. The child, the parents, and the teacher have become more closely associated through these fellowship meetings than any other activity we have had, reports the publicity chairman, Mrs. C. B. Rogers.

Each room chooses a night for their meeting which is in the form of a potluck supper served in the school cafeteria under the supervision of the room mothers of the class. Entertaining following the meal, the group retires to the school room for a demonstration lesson conducted by the room teacher with her pupils.

Dr. J. A. Hill, president of West Texas State college, Canyon, will address the Hansford county council at its next meeting March 6. The Morse unit will be host.

Postma.

Mrs. Kelley Gives Talk On Farm Water System For Club

"Running water is first in importance in the equipment of our kitchen," Mrs. Julia E. Kelley, home demonstration agent, told members of the Bell Home Demonstration club last week in the home of Mrs. Laddie Kotara in White Deer. "There is a tendency to consider a farm home water system a luxury and not particularly a labor saving device. Probably the heaviest work around the farm home is the carrying in of water and the carrying out of the waste water. This heavy work may be lightened by the installation of a kitchen sink with water piped to it and a waste pipe to dispose of waste water. Such a simple water system does not cost a great deal. If the water is pure, no other utility does so much to promote the health of both man and stock," Mrs. Kelley pointed out.

Several different bulletins and plans of simple water systems were shown. Things we can do in 1939 to make our homes more liveable were discussed by Mrs. Kelley. Each room of the home was discussed in turn and the centers of interest stressed. Numerous pictures showing adequate storage space was discussed. An open house discussion of what improvement each member needed most in her home was led by Mrs. Kotara.

A short business session was held with the president in charge. The next meeting will be with Mrs. Melvin Whitchurch, with Mrs. Dauer as leader on the program of improvements of personal appearance. Cherry nut cake and coffee were served to Mmes. C. McKnight, Elbert Keahey, Melvin Whitchurch, Jim Brown, H. H. Keahey, Roland Dauer, Conner O'Neal, Jess Morris, T. S. Skibinski, and the hostess.

Members-Guests Of PMW Club Feted At Clever Event

SHAMROCK, Feb. 25.—Mrs. Stuart Tidal entertained members and guests of the P. M. W. club at her home last week using a very clever Washington motif in the appointments.

Invitations to the party were written in verse and delivered by messenger. The house was decorated with mixed bouquets of spring flowers and flags. Dinner was served preceding the games and the table was set with red, blue, and crystal glass and marked by miniature flags. Red and blue hatchets were plate favors.

Prizes wrapped in white paper with red and blue stars and tied with red and blue ribbon were won by Mrs. Clell Gierhart, high; Mrs. Dave Skidmore, low, and "in between" Mrs. George Miller. Cut favors went to Mrs. Euell Bradley, Mrs. B. K. Gholson, Mrs. Royce Lewis, Mrs. Carl McPherson, Mrs. P. B. Woolridge, and Mrs. Cyril Youngblood.

Guests present were Mmes. Percy Bones, J. H. Caperton, S. L. Draper, Esea Forney, Clell Gierhart, B. K. Gholson, Harold Humes, Glen Ladue, R. C. Lewis, Guy McBurnett of Magic City, Carl McPherson, Gerald Mayfield, George Miller, Eulace Pool, P. B. Woolridge, and Cyril Youngblood, and Misses Mary Elizabeth Pendleton and Alleyn Pittman.

And Tell of Time Has Setting In Eastern Texas

AND TELL OF TIME by Laura Krey. Publishers, Houghton-Mifflin Company.

Mrs. JAMES TODD, Jr. Many people compare "And Tell of Time" with Margaret Mitchell's book, "Gone With the Wind," although Mrs. Krey's story has its roots in the War Between the States. Her story begins with the heavy-hearted journey home of the disbanded Southern armies and the reconstruction period is not in Georgia but in the Brazos country of Eastern Texas.

The story Mrs. Krey tells is chiefly the story of Calvin Daroy, Texas-born, who came back to his father's plantation at the war's end, bringing with him a bride from Georgia, Lucina Lytleton.

It is the story of a happy marriage, of troubles shared and dangers faced, which comes to a serene ending at least for these two. Mrs. Krey ends her novel at a somewhat later date, than "Gone With the Wind," bringing her characters down to 1888.

"And Tell of Time" holds one's interest, has dramatic force, and is told in a very capable way.

Eleanor Roosevelt Club Has Colonial Tea And Program

SKELLYTOWN, Feb. 25.—Eleanor Roosevelt Study club of Skellytown entertained with a program and a colonial tea in the home of Mrs. J. A. Arwood last week.

Teachers of the Skellytown grade school were honored guests. Mrs. Henry Ayres led the program and roll call was answered with "My Favorite Radio Program." Mrs. E. J. Haslam gave a short sketch of the life of Marjory Kinnan Rawlings, after which Mrs. J. M. Hause gave a review of "The Yearling" by Marjorie Rawlings.

Mmes. Earl J. New, George Heath, O. L. Statton, and Henry Johnson, social committee, ushered the guests into the dining room where tea was poured by Mrs. Chester Strickland, club president, from a table which was covered with a crocheted cloth with an attractive arrangement of red, white, and blue sweet peas forming the centerpiece. White tapers in crystal holders completed the table arrangement. The same colonial motif was carried out in the refreshment course.

Special guests were Misses Lillian Davis, Merle Mae Sides, Lois Butler, Billie Campbell, Ola Mae Roberts, Mary Etta Bean, Freddie Charles Bills, Adalene Henry, and Mrs. Earl Hooper.

Members present were Mmes. Henry Ayres, T. B. Barron, J. E. Collins, E. J. Haslam, J. M. Hause, George A. Heath, J. C. Jarvis, H. J. Johnson, J. W. Lee, Earl J. New, K. A. Sorenson, O. L. Statton, Chester Strickland, and the hostess.

Gray County H. D. Clubs Assist Non-Club Members

Home Demonstration clubs of Gray county helped other families in 1938 in addition to their own club members by inviting them to the meetings in their homes to observe demonstrations and helping them in some way with the demonstrations which were included in home demonstration work during the past year.

These demonstrations included preparation of foods, new dishes, balanced menus, problems in gardening, canning problems, tomato products, precautions on venereal diseases, and family-life scrap books.

A total of 29 new members were added to the roll. The total number of families helped by club members was 226, the agent assisted 98 and 48 were helped by 4-H club girls, making a total of 470 families who were not club members that received help through the year.

SERIAL STORY

WOMEN WANT BEAUTY!

BY LOUISE HOLMES
COPYRIGHT, 1939, NEA SERVICE, INC.

Yesterday's triumph in Susie's... she asks to see Mr. Harker alone and Kane is against...

CHAPTER XIX

JOHN HARKER looked up from his papers on his desk. He looked up with interest, but not the slightest sign of recognition. He got to his feet.

"How do you do, Mr. Harker," she said. "I've never told anyone." "I've never told anyone."

"I don't know," she faltered. "Mr. Harker wants me through the holidays, Miss Jones, in the dresses, suggested that I'd make a good model."

"Not thinking of leaving Chicago, are you?" Jeff asked. "I don't know," she faltered.

"I don't know," she faltered. "I don't know," she faltered.

"I don't know," she faltered. "I don't know," she faltered.

"I don't know," she faltered. "I don't know," she faltered.

"I don't know," she faltered. "I don't know," she faltered.

"I don't know," she faltered. "I don't know," she faltered.

"I don't know," she faltered. "I don't know," she faltered.

"I don't know," she faltered. "I don't know," she faltered.

"I don't know," she faltered. "I don't know," she faltered.

"I don't know," she faltered. "I don't know," she faltered.

"I don't know," she faltered. "I don't know," she faltered.

"I don't know," she faltered. "I don't know," she faltered.

"I don't know," she faltered. "I don't know," she faltered.

"I don't know," she faltered. "I don't know," she faltered.

"I don't know," she faltered. "I don't know," she faltered.

"I don't know," she faltered. "I don't know," she faltered.

"I don't know," she faltered. "I don't know," she faltered.

She was wrapped in the glory of achievement and success. Men at adjoining tables paid her the tribute of second and third glances, women looked frowningly at her clothes, smoothing their own garments, taking compacts from their purses to look into tiny mirrors with dissatisfaction. Quite humanly Susie reveled in the sensation she created.

Over a dessert of green gage ice cream she asked, "Well, Susie, where do you go from here?"

"I don't know," she faltered. "Mr. Harker wants me through the holidays, Miss Jones, in the dresses, suggested that I'd make a good model."

"Not thinking of leaving Chicago, are you?" Jeff asked. "I don't know," she faltered.

Texas Today

By OLEN W. CLEMENTS

Texans are NOT proud of their boll weevils. In fact the weevil is NOT even mentioned in some circles of society, but the biggest cotton farmer in the state, if cornered, will admit shyly that he has a few in his cotton patch.

The weevil, you know, is NOT a pet. It eats the squares and bolls of the cotton plant and since 1893 has been a thorn in the side of the cotton farmer. In some regions, the farmer has given up hope of killing the weevils off and has adopted the practice of growing enough cotton for both the farmer and weevil.

Other places, the farmer just plants his cotton and tries to beat the weevil to it.

Anyhow, the weevil, which came up from Central America and Mexico in 1893, is a fixture of the cotton patch—or at least it was a fixture of the cotton patch until M. W. Dye of Seattle came along.

Now Mr. Dye is NO Pied Piper of Weevils. Mr. Dye, on the other hand, laughingly refers to himself as an amateur botanist.

Standing among the daffodils, bluebonnets and orchids of the National Flower Show at Houston the other day, Mr. Dye announced he might have something—something that might rid the South of boll weevils.

"What," queried a bunch of reporters, "have you that might clean out these pesky weevils?" "A flower," said Mr. Dye, without blushing, "a flower that eats meat."

Then he showed them a Darlingtonia, a carnivorous plant that grows in the mountains of Oregon. The reporters gaped. They were dumfounded when the Darlingtonia ate a piece of hamburger meat from Mr. Dye's hand.

"It does NOT know," went on the amazing Mr. Dye, "whether my plants will eat boll weevils. They eat earwigs in Oregon and I suppose they will eat weevils."

The incredible botanist then suggested that he slice his meat eating plant on a weevil.

Now the people of Texas and even the Chambers of Commerce admit there are weevils here but nobody carries them around in their pockets so the reporters suggested Mr. Dye go to a cotton patch and try out his plant. He announced he would, provided the farmers will let him experiment.

No reports on his experiment are available, but if his meat eating plant likes weevils and can stomach

them, so to speak, Mr. Dye may go down in history of the South along with General Robert E. Lee, Stonewall Jackson and others.

Then, too, there is this possibility, if the Darlingtonia will eat boll weevils.

The Darlingtonia is a pretty flower, its bloom is a brilliant crimson, lavender and purple.

With the right amount of publicity and ballyhoo, the Darlingtonia may be made to rival the orchid as a thing of beauty—something milady wears in her hair.

Then Texas farmers could get rich catching boll weevils and selling them up North as food for the Darlingtonia—the fairest flower of them all.

Here and there department: Col. Ike Ashburn, of Texas A. & M. college is becoming mere skin and bones. He's down to around 325 pounds.

T. A. Low, president of the First National Bank at Brenham, is a corking good cook.

B. G. "Educated Roughneck" Mackhans has one of the oddest nicknames around the Spindletop oil field. The educated roughneck is working on his B. A. degree at the University of Texas.

The strangest graveyard on the North American continent is at Guanajuato, Mexico. Part of the cemetery is a catacomb which has several thousand skulls stacked at one end and gruesome skeletons dangling from the walls.

A nurse at a Houston hospital carelessly tossed aside a \$15,000 stick of radium the other day. It was

found by a frantic doctor 15 minutes later in the waste basket. . . The Rev. W. E. Airey, chaplain of the National Frontiersmen's Association, has a necklace made of human finger bones from the collection of Major Gordon W. Little, the famed Pawnee Bill.

Nelson Eddy said in Houston that his recent marriage had NOT cooled his fan mail from the fair sex to decline. . . Little merchants in Texas are fighting tooth and nail for the Fair Trade Bill.

Polish sources charged German students exhibited a poster in a Danzig coffee house recently reading: "Entry to dogs and Poles prohibited."

Police blocked them from approaching the German embassy.

Washington, Feb. 25 (AP)—The Veterans administration announced today it would open bids April 4 for construction of five buildings for its hospital at Amarillo, Texas. The buildings will be a nurses quarters, attendants quarters, storehouse, garage and water treatment and pump-house.

12 Locations Staked In Three Counties

7 New Wells Completed In Plains Area

Drilling in the Panhandle oil field continued on the upward trend last week when 12 new locations were staked in three counties. Number of new locations was one under the previous week which was the most active of the new year.

With announcement of the 12 first intentions, the number of drilling wells in the field passed the 100 mark or a favorable number for this time of the year.

Seven new oil wells and one new gas well were gauged and given potentials which added 2,418 barrels of oil and 20,416,000 cubic feet of gas to the field potential.

Wheeler county reported two good producers with open flow potentials totaling 874 barrels. Hutchinson county's three wells were gauged at 940 barrels. Carson county had two wells good for 499 barrels. The new gas well was in Moore county.

The best well of the week was a granite wash producer in Wheeler county. It was the Smith Brothers Refining company's No. 12 Harlan in section 49, block 24, H&GN survey, which gauged 447 barrels. The Alma Oil company completed a 427-barrel well in section 47 of the same block.

Hutchinson county led in new locations with seven, followed by Gray with four and Carson with one. The J. M. Huber corporation staked locations for wells Nos. 8, 9 and 10, all in the David Luce survey in Hutchinson county. Ten of the new locations were staked in oil territory and the other two in gas areas.

Completions by counties follow:

In Carson County
Magnolia Petroleum company No. 49 Fee 244, section 109, block 4, I&GN survey, gauged 399 barrels with

lime formation between 2,995 and 3,050.

In Hutchinson County
Alma Oil company, No. 5 Whitcomb "D", section 17, block 4, H&GN survey, tested 205 barrels with pay from 3,005 to 3,065 feet in lime.

In Wheeler County
Alma Oil company, No. 1 East Johnson, section 47, block 24, H&GN survey, gauged 427 barrels. Pay was in granite wash formation between 2,425 and 2,455 feet.

In Moore County
Alma Oil company, No. 1 East Johnson, section 47, block 24, H&GN survey, gauged 427 barrels. Pay was in granite wash formation between 2,425 and 2,455 feet.

Intentions to Drill
Cities Service Gas company Burnett estate No. 30, 2310' from the north and east lines of section 14, block 4, I&GN survey, Carson county.

Phillips Petroleum company, Bir-dis M. McKinney No. 5, 160' from the south and 330' from the east of W-2 of SE-4 of section 137, block 3, I&GN, Gray county.

S. & S. Oil company, J. T. Benton, No. 4, 330' from the south and 1650' from the west of SW-4 of section 64, block 3, I&GN survey, Gray county.

Sunray Oil company, H. S. Lovett No. 3, 830 feet from the north and east lines of W-2 of NE-4 of Section 57, block B-2, H&GN, Gray county.

Gulf Oil corporation, C. L. Dial et al No. 91, 440' from the north and 2,220' from the east of S-176 acres of A. E. Lasater Survey, Sec. 16, block X02, HOB survey, Hutchinson county.

Pennowa Oil and Gas company, Erle Thompson No. 2, 330' from the south and west lines of SW corner of most westerly 63.5 acres joining NE-4 of J. McDaniel Survey but in section 15, block M-23, TC&RR, Hutchinson county.

Phillips Petroleum company, Supreme No. 3, 330' from the north and east lines of NW-4 of Section 25, block M-23, TC&RR, Hutchinson county.

LEADERS IN LOCAL REVIVAL

The Young People's revival of Central Baptist church, which is now in progress, will continue until March 5. In charge of the services are W. W. Brister, left, song leader, and the Rev. Jeff Moore, right, pastor of the First Baptist church at Claude, who is

preaching. Services are held each day at 10 o'clock in the morning and at 7:30 o'clock in the evening. The sermon subject for this morning is "No Room for Christ" and this evening the sermon is to be "Why Be a Christian?"

Gray County Farmers Using Oil Method To Cure Meats

Sixty Gray county farmers are using the method of keeping cured meats developed ten years ago at the Texas Extension service experimental station at Lubbock. First use of the method in Gray county occurred three years ago and since that time increasing interest has been shown here in the method. County Farm Agent Ralph R. Thom-

son said. Experiments have shown that hams and bacon can be preserved in peanut oil, soybean oil, crude and refined cottonseed oil, and mineral oil. A good grade of refined cottonseed oil is recommended, however, in preference to crude cottonseed oil, which will become more rancid than a refined product.

Keep For a Year
Peanut oil, however, will work equally as well as refined cottonseed oil. By this method of curing, meats can be safely kept for periods as long, in some cases, as a year, the Gray county farm agent said.

Don L. Jones, superintendent of the station at Lubbock, has received inquiries on the method from all sections of the United States, and from a number of foreign countries, particularly Great Britain and South Africa.

Instructions Are Issued
The experiment service has issued instructions in storage of hams and bacons in refined cottonseed oil, and also suggestions for preparing the meat for preservation.

Farmers may use their own preference for curing meats. The station advises that under West Texas conditions, hams may be properly cured by leaving them in the cure for two days for each pound, and bacons one day for each pound. A 15-pound ham should be left in the

cure 30 days and an 8-pound bacon, 8 days.

"After the meat is cured, it is removed from the cure and the excess salt washed off with clean, cool water," instructions say. "The meat is then soaked in fresh well water for a period of two hours for hams and one for bacons. Use fresh water for each batch of meat."

Then It Should Be Smoked
"After soaking, the meat is hung up to dry and drip, over night, before being placed in the smokehouse for smoking. If it is to be smoked, it should be smoked until it has a pecan nut-brown color. Some farmers prefer to smoke their meat before placing it in storage. This is not absolutely necessary, but is desirable. Meat should be smoked with any hard wood, such as oak, apple, mesquite or with corn cobs."

Meat should be allowed to cool, after smoking before placing it in storage, in any suitable container.

Should Cover Container
"After the meat is well packed in containers, refined cottonseed oil, (or other oil) is poured over the meat until completely covered. A cover of some kind should be placed over the container, after oil has been poured in, to keep out the dirt and insects."

A digout is found desirable for storage of containers.

Some advantages for this method of preservation are, meat will not mold, does not become hard or dry out, will have no shrinkage whatever, any quantity of meat may be used, placing the unused portion back in the oil until ready for use, insect damage eliminated, meat does not become salty or rancid.

The same oil may be used for a period of two years at least, without becoming rancid.

Permanent Relief Endorsed By Board

WASHINGTON, Feb. 24 (P) — Chairman Arthur J. Altmeyer said today the social security board endorsed a proposed permanent relief program calling for increased unemployment compensation and the establishment of a new department of public works.

Altmeyer's testimony opened the senate unemployment committee's hearings on the program, drafted by Senator Byrnes, Democrat, S. C.

Byrnes' bill would provide for payment of unemployment compensation benefits ranging from \$5 to \$15 a week and would make benefits uniform throughout the country. Old age benefits would be liberalized and existing relief and public work agencies would be brought under the new public works department.

Byrnes disclosed he had broadened his bill to provide federal grants to the states for the relief of unemployed persons.

Altmeyer said members of the social security board believe the Byrnes program "is a step in the right direction."

Radio Roosevelt Ready For FCC Monopoly Quiz
WASHINGTON, Feb. 25 (P)—Elliot Roosevelt, Texas radio executive and son of the President, conferred with his attorney here today regarding his appearance March 7 in the monopoly investigation of the federal communications commission.

"We're getting about two carloads of exhibits into shape," young Roosevelt said at the law office of William A. Porter.

The FCC is calling all heads of radio networks in its investigation and Roosevelt will testify in his capacity as head of the Texas State Network, which includes 23 stations.

Young Roosevelt, who arrived by plane late yesterday, will leave by plane tonight for Fort Worth and return to Washington for the hearing.

Oil Production Down, Taxes Up Survey Reveals

Reduced oil production, coupled with increased ad valorem tax levies, boosted the average tax per barrel of oil produced in the Texas Panhandle last year to 11.6 cents, an increase of nearly two cents per barrel over 1937, according to a regional oil tax survey recently completed by the Texas Mid-Continent Oil and Gas Association.

Five counties in the Texas Panhandle contributed last year in State and local taxes \$2,743,974 on oil production aggregating 23,715,574 barrels. While oil production declined over 2 1/2 million barrels last year, tax levies increased more than \$70,000.

Loss of markets to other states, particularly Illinois where the tax levied on oil producers is less than two cents per barrel, caused a seven per cent decline in Texas oil production last year. This, in combination with increased ad valorem tax levies, boosted the average oil tax in Texas to 9.3 cents per barrel, an increase over 1937 of nearly one cent per barrel.

Panhandle oil operators contributed heavily to the increase in Texas oil taxes last year and at the same time sustained a substantial share of the loss in production of Texas oil caused by competitive factors, in which taxes are proving a serious handicap to oil operators in this section of the state.

As it is, Panhandle oil operators are now paying a substantially higher oil tax rate per barrel than the average from the state, despite the fact that 97 per cent of the producing oil wells in this region are in the high-cost stripers class. Last year, the daily average production from 3,800 Panhandle oil wells was only 17.1 barrels.

House Clips 27 Millions Off FDR Plan

WASHINGTON, Feb. 25 (P) — The House appropriations committee, which started an economy drive this year by whittling down President Roosevelt's relief proposal, continued the campaign by lopping \$27,926,138 off his estimates for the treasury and postoffice departments.

The committee recommended \$1,700,471,354 to operate both departments for the year starting July 1. Despite the reduction, the total was \$187,029,280 greater than the sum provided for the current year.

Most of the saving was accomplished by cutting \$20,000,000 off the \$900,000,000 requested for the social security old-age reserve fund. The committee explained the reduction was attributable to "what we regard as an excessive estimate of the amount of receipts from taxes to be realized during the next fiscal year."

Of the total in the bill, \$909,626,670 was earmarked for the treasury and \$790,844,684 for the postoffice department.

The latter's share was \$2,488,063 less than for the current year and almost as much below the budget

estimates. Despite the post-revenue, the committee estimated the department would operate with a net deficit of about \$1,844,684 during the next year. The deficit this year was estimated at \$7,883,878.

Recommending a \$996,000 item for trans-atlantic air mail service, the committee said that barring some major upset in plans, the service should be on an operating basis during May.

BRING YOUR EYES THROUGH THE FOG

Step into the finest room you can imagine. Its beauty not only astonishes, but its grandeur actually gives you a new feeling—a thrill. Suddenly turn out the lights, and it all vanishes. Light is the first essential to sight.

How much light is necessary? Science tells us that in unshaded sunlight there are 10,000 foot-candles of light. In the shade of a tree, 1,000 or more; on a porch, 500; by a window, at least 200; and by the ordinary reading lamp, only 5 foot-candles of light.

Strange as it may seem, as American living

became more intense, American lighting became poorer. True, we passed from coal oil, to gas, to electricity. But we also passed to longer working hours, longer playing and reading hours; to greater strain on eyesight. When modern optical experts and lighting engineers began their studies, they discovered American eyes in a fog—working and playing under lighting conditions too dim for the ordinary demands of good seeing.

Let us light-check your home for better seeing. This service is free.
