

Army Crushes 'Pocket Revolt' in Rio De Janeiro

BRASILIA (UPI) — The army today quickly crushed a pocket revolt of enlisted men of the three armed forces in this capital city. First reports said one rebel marine was killed and at least two others wounded.

A government statement said the rebels "surrendered unconditionally."

Capt. Heio Trevisan said army troops had recaptured the central telegraph exchange and the Navy

Ministry.

The Brasilia airport, about eight miles from town, also was reportedly retaken. But it was still closed to commercial traffic.

An Air Force Ministry spokesman said "there are still some points of agitation," but this was understood to refer to a lone marine corps unit still holding out. Army troops surrounded the group and demanded its surrender.

At 11 a.m. (EST), the president reported the restoration of order and said all public services had been re-established.

Tommy Guns Used

First firing broke out at 3:30 a.m., on the famed Espanade in front of the Congress Building. Enlisted men were firing tommygun bursts at the Air Ministry and navy building.

This correspondent went to the

telegraph exchange and found it occupied by rebels. They had cut all communications. They ordered me out of the building at tommygun point.

Communications with Rio de Janeiro were re-established shortly after 9 a.m. (8 a.m. EDT) by using the telegraph annex building which the rebels had overlooked.

Navy Capt. Renan Soares said the revolt movement started in marine ranks in Brasilia. He said

air force sergeants joined the movement as did other enlisted men.

The rebels, flushed out of each government building they seized, finally made the Navy Ministry their stronghold. They surrendered unconditionally when loyal army troops surrounded the building and prepared an all-out attack.

The revolt started when the navy and air force rebels seized the navy and air ministries, the

airport and the telephone exchange in Brasilia.

Army units remained loyal and were ordered to suppress the uprising. They surrounded the rebel-held point and issued an ultimatum to surrender.

There were no details of what fighting had taken place.

Communications between Rio de Janeiro and Brasilia were cut, restored and then cut again.

The situation in the rest of the country was reported calm.

The War Ministry said the revolt was at least ostensibly inspired by the Supreme Court's refusal Wednesday to consider the appeal of an army sergeant whose election to the Rio Grande do Sul state legislature was not recognized by the local election board.

In an initial communique, the War Ministry here said the rebels had been surrounded in the Navy Ministry building in Brasilia and would be told to surrender or be attacked.

In the realm of the spirit as of the flesh, certain salutary ways, certain lines of wholesome and rewarding procedure, seem to be worked out for us, and we cannot profitably transgress them. — Albert Joy Nock

Armed Troops Disperse Demonstrators

Students Appear Before Congressional Group

WASHINGTON (UPI) — Congressional investigators called six American students for questioning today about their Castro-sponsored trip to Cuba, and took special police precautions against possible demonstrations.

The House Committee on Un-American Activities posted extra police for its hearing after chairman Edwin E. Willis, D-La., said he had been tipped to watch for a hostile demonstration at the session in the massive House caucus room.

The hearing was scheduled to start at 8 a.m. CST.

Capitol Police Chief Walter J. Sullivan said that he understood a "husband of people" were coming from New York to attend the session, but that he knew of no plans for a demonstration. Any such disturbance would be a violation of congressional rules.

The six called before the committee were not identified in advance. A House judiciary sub-

Police Look For Missing Girls

MINNEAPOLIS, Minn. (UPI) — A grim, unemployed stepfather, a gun strapped to his side, joined in another house-to-house search of a tenement district today for two little playmates missing and feared kidnaped.

As Melvin Leverett, authorities and volunteers pressed their search, there were few clues into the five-day disappearance of his stepdaughter, Melissa Ann Lee, 8, and her friend, Barbara Ann Foshaug, 4.

Police discounted scribbled notes received Wednesday — one demanding ransom — as "obviously the work of a crank." They said the notes gave no leads as to the whereabouts or fate of the girls.

Mrs. Leverett, 23, mother of Melissa Ann, said the note she received — scrawled in large handwriting with a pen — demanded \$2,000. Capt. Henry Deason, head of the police homicide division, said the figure specified on the note in childish writing was \$2 million.

"It's hogwash," Deason said. "Obviously the work of a crank."

The girls were last seen Saturday evening. Another 5-year-old playmate said a tall, black-haired man (See POLICE, Page 7)

School Board Studies 'Incident' and Press

An incident that happened at Pampa High School's annual "Howdy" party for new students last Friday night provided food for discussion at today's monthly meeting of the Pampa Independent District School Board.

The subject was discussed for more than an hour and resulted in board members, on a 4 to 1 vote, turning it over to school administrators for disciplinary action and further study.

The decision came after Board Member John Gikas made a motion to do away with school-sponsored dances. Gikas' motion died for want of a second. Other board members said they thought the motion was ill-timed.

Gikas said he thought repetition of the Friday night incident could be prevented by stopping the school-sponsored dances.

"We have a problem to meet and it should not be delayed," Gikas said.

Gikas also failed to get a second to a motion to permit the press to attend executive sessions of the school board.

Gikas pointed out that the city commission had opened its executive meetings to the press and said he thought the school board should take similar action.

Other board members indicated they would study the matter of admitting the press and allow Gikas to present his motion for action at a later meeting.

Tex. DeWesse, executive editor of the News, told board members he thought the press should be allowed to attend all meetings as a representative of the public.

In other business Gikas proposed a stepped up program of vocational training in Pampa High School. Supt. Jack Edmondson said school administrators have been considering a Chamber of Commerce proposal for a plan to permit a student to attend school for half a day and work in a Pampa-business or plant for half a day.

"I think a plan of that sort would be an answer to school drop-outs," Gikas said.

The board approved a \$25,000 bond for School Business Manager Homer Craig and approved August bills and invoices totaling \$13,234.50.

A motion was adopted to give each school principal authority to operate the cafeteria and handle activity accounts for his school.

Board approval was given to 28 new teachers in Pampa schools who have replaced other teachers who resigned.

The board voted to permit the Gideon Society to continue making the King James version of the New Testament available in all fifth grade classrooms in Pampa schools. Copies of the New Testament will be available to students who wish to have them.

It also was restated that there has been no policy change in local schools in regard to leaving daily devotional exercises up to students concerned.

Board Member Gikas proposed that the schools adopt some kind of group accident insurance policy on a voluntary basis in city schools. His motion was defeated 4 to 1. Other members thought it would place too much work on principals and classroom teachers.

Gikas also said he thought school board members should adopt a more rigid schedule of school visitations by the board as a whole.

"We started on the plan two years ago," he said, "but so far there are two schools which have not been visited by the board as a whole."

It was generally agreed by all board members that the schools would be visited by the board on a regular schedule, preferably following each regular monthly school board meeting.

Recent Rains Delay County Wheat Drilling

As soon as Gray County fields dry up so farmers can get tractors into them, it is predicted that a lot of wheat drills will go into action to make for time lost because of the repeated heavy rains, according to Foster Whaley, county agent.

"Farmers should be able to get into the fields by Monday or Tuesday if it doesn't rain anymore before then," Whaley said.

A 75,000 acre wheat allotment is allowed for Gray County. Whaley predicts that at least 70 per cent of Gray County farmers will be trying to get their share of this allotment planted early if they are primarily interested in planting for wheat pasture.

"Those who are primarily planting for grain will and should in my opinion, wait until Oct. 1," Whaley said. Those that wait will have less trouble from wheat rust, soil boring insects and other factors that can not survive the colder weather."

Last year, Dr. Harlan Smith, a plant pathologist from the extension service, told farmers they would profit by waiting until later to plant, because they would avoid the wheat streak mosaic

A LONG FLIGHT — On his arrival at the Oslo, Norway, Airport, Vice President Lyndon B. Johnson points to a sign that gives the flight time to his LBJ ranch in Texas. Johnson, on third leg of his 15,000-mile goodwill tour of Scandinavia, Finland, Iceland and Greenland, stopped in Oslo for talks with Norwegian leaders. (NEA Telephoto)

Increased Wire Rates Will Hurt Coverage of Smaller Newspapers

WASHINGTON (UPI) — United Press International probably will have to pass along to its subscribers some of the burden if leased-line telephone rates are increased.

UPI officials said Wednesday that if this was done the news service almost certainly would lose some subscribers and would have to reduce editorial and other expenses.

Three UPI officials were among five witnesses called for cross-examination in a Federal Communications Commission hearing on whether the proposed rate increases would impede dissemination of news.

Harry R. Flory, general manager of communications for UPI, testified that the rate increase

Rain Yield During Past Five Days Is Over 3 Inches

Since Sept. 7, the turbulent, angry and wet clouds surrounding Pampa have dropped a total of 3.43 inches of rain. Yesterday, between 4:30 and 5:30 p.m. Pampa received a deluge of golf ball size hail and .46 of an inch of rain, according to William Bowen, member of the Panhandle Amateur Weather Network.

Last night's showers dropped .11 of an inch of rain, making a total for yesterday of .57 of an inch. A combination of two days showers on the Pampa News rain gauge shows 1.25 of an inch.

The high yesterday was 90 and this morning's low was 62.

Commissioners Postpone Meeting

County Commissioners postponed the second monthly meeting scheduled for today and announcing the public reading of the county's 1964 budget will be held at 10 a.m. tomorrow in the County Court room, according to the office of County Judge William J. Craig.

In other routine business, commissioners are scheduled to pay the county's bills for August.

Viet Congs Are More Confident Due to Trouble

SAIGON, South Viet Nam (UPI) — Heavily armed troops and police today blocked anti-government demonstrations by more than 1,500 high school and college students and arrested several of their leaders.

The second consecutive day of student protests to the government's crackdown on the Buddhists came amid increasing tension between South Vietnamese and U.S. officials because of the policies of President Ngo Dinh Diem.

U.S. military officers also were concerned with the apparent growing confidence on the part of the Communist Viet Cong guerrillas as a result of the government's troubles with the Buddhists.

A Vietnamese officer described as "our greatest victory" a government counter-attack against the guerrillas after they overran two district capitals Tuesday.

Yank Calls It Disaster

But an American officer on the scene noted the heavy government casualties and said: "Victory hell — a disaster."

The government lost 76 soldiers and 23 women and children in the twin attacks on the towns. Another 27 persons were missing and many wounded.

Vietnamese marines who pursued the guerrillas claimed 122 were killed. U.S. observers, while not casting doubt on the figure, said they personally had counted about half that number.

In other developments: —Reliable sources said President Ngo Dinh Diem and his brother and political adviser, Ngo Dinh Nhu, have ordered security agents to keep close watch on officials who have frequent contact with Americans. The sources said they fear the United States may be trying to plot a coup against them.

Diplomatic sources said U.S. Ambassador Henry Cabot Lodge "strongly advised" Diem to get rid of Nhu during their hour and one-half meeting Monday, putting his advice in the "strongest possible terms," but making no outright demands.

Observers said it was not unlikely that the Communists would follow up with more attacks in an effort to exploit the government's preoccupation with the Buddhists and its dispute with the United States.

In Washington, it was reported that Henry Cabot Lodge, U.S. ambassador to Saigon, had made clear to South Vietnamese President Ngo Dinh Diem the dissatisfaction of the United States with the president's brother and principal adviser, Ngo Dinh Nhu. (The Kennedy administration largely blames Nhu for recent events, beginning with the violent crackdown against opposition Buddhists, which have plunged South Viet Nam into turmoil at a time when it is battling Communist guerrillas.)

(The intended implication in Lodge's talks with Diem Monday, (See TROOPS, Page 7)

United Fund Leader

Jerald Sims, vice president of the First National Bank, has been named chairman of the Service Division of the Pampa-Lefors United Fund Campaign.

Target Practice

WOODBRIDGE, England (UPI) — A village council spokesman said today "rock-and-bullet-proof" street lights will be installed shortly because the old lights "have been continually smashed by hooligans."

The Lighter Side

Congealed Salad Is The Leading Summer Crime

By DICK WEST
 United Press International
 WASHINGTON (UPI) — So now we come, ready or not, to the end of another summer. Personally, I'm ready.

One of the factors influencing my attitude is the crime rate. The crime rate, as you know, ordinarily rises during hot weather, and one of the leading summer crimes is congealed salad.

If my calendar is accurate, it will be almost nine months before I have to eat another congealed salad. Which, of course, is cause for rejoicing.

Off hand, I can't think of a more appropriate way to greet the autumn, and the return of uncongealed table fare, than by renewing my lectures on "Great Dishes of the Western World."

For openers, I have selected a dish that is commonly identified with cool weather dining. Its name is chili con carne.

that part of the new world didn't smoke.

Eventually, they stumbled upon a plant which was loaded with cigar-shaped pods. "Maybe this is tobacco," said one of the explorers, sticking a pod in his mouth.

Misses The Boat

It burned like crazy, causing the explorers to believe that they had hit the jackpot. They took a whole boatload of the stuff back to Spain. Needless to say, the King was disappointed.

What the explorers actually had discovered was a new type of pepper plant known to the Indians as "chilly." They called it that because they couldn't eat it without something "chilly" to drink.

The first person to serve it for dinner was an Indian named Barney. His friends would say "Let's go over and have some chilly with Barney."

The Spanish explorers, who called this "chili con carne."

Today, chili con carne is served wherever particular people congregate. I don't know what happened to tobacco.

King Orders Tobacco

past dates back to the Spanish exploration of what is now the Republic of Mexico. One day the King of Spain called his explorers into his office and ordered them to discover some tobacco.

"What is tobacco, your majesty?" the explorers inquired.

"It's that weed that the English explorers found in North Carolina," the King explained. "The Indians grow it. You hold it in your mouth and it burns."

The explorers wandered all over Mexico looking for tobacco, but unfortunately the Indians in

ASKS CHECK ON SHIPS

WASHINGTON (UPI)—A Florida congressman believes the United States should keep under constant surveillance Russian fishing vessels operating in American waters.

Rep. Paul Rogers, D-Fla., said Tuesday the Soviet trawlers "certainly are not fishing."

PLENTY OF HELP—Phil Silvers gets plenty of help on his lines for a scene in the new Phil Silvers television show. The help: Wife Evelyn and four daughters: Tracey, 6, behind Mrs. Silvers; Nancy, 4, middle, and the two-year-old twins, Cathy and Candy.

CORE Restraining Order Expires In Baton Rouge

BATON ROUGE, La. (UPI)—A federal judge, weighing predictions of violence and bloodshed, will rule by Sept. 20 on whether to issue a preliminary injunction against Negro demonstrations in Plaquemine, La.

A 10-day restraining order issued against the Congress of Racial Equality (CORE) in Plaquemine was scheduled to expire yesterday, but attorneys for Negroes and for city officials Monday night agreed to extend the truce until Sept. 20.

U.S. Dist. Court Judge E. Gordon West, who issued the restraining order, heard 10 hours of testimony Monday on whether he should convert the order into a preliminary injunction.

Negro demonstrations at Plaquemine on Sept. 1 resulted in the use of tear gas, mounted police, electric cattle prods and fire hoses. Twenty state troopers were injured by rocks and bricks. Scores of Negroes suffered tear gas burns.

Monday night, Iberville Parish (county) Sheriff C. A. Griffon predicted there would be more racial violence if West did not issue the preliminary injunction requested by parish officials.

"Unless we get some injunctive relief, we are going to have serious trouble. We will have violence," Griffon testified.

"We could have a riot and bloodshed," he added. He said Negroes had created "an explosive situation" in Plaquemine.

READY FOR MORE—CHICAGO (UPI)—Mrs. Lena Berg, who celebrated her 105th birthday Tuesday, said she was "ready for kindergarten, learning about life all anew."

Drive Launched to Place Segregated Towns 'Off Limits'

WASHINGTON (UPI)—Rep. Carl Vinson, D-Ga., one of Congress' most influential members, has launched a drive to block a Pentagon directive placing segregated communities off-limits to servicemen.

Vinson, chairman of the House Armed Services Committee, was reported Monday to be drafting legislation aimed at halting off-base anti-segregation action by military commanders.

Such legislation would stand a good chance of passage with the backing of the veteran Georgia Democrat, one of the leading congressional authorities on military affairs. Even short of enactment, the measure's mere introduction

by Vinson could throw a block against the Pentagon's latest move against discrimination.

The directive, issued by Defense Secretary Robert S. McNamara July 2, grew out of the so-called "Gesell Report," which held that discrimination had been fairly well abolished in the military but that Negro servicemen and their families often ran into discriminatory practices in their home life away from the base.

McNamara's directive ordered base commanders to do what they could locally to alleviate these problems, and indirectly authorized them, in extreme cases and with advance consent of the civilian service secretaries, to rule segregated facilities off-limits to base personnel.

Southern members of Congress generally hit the ceiling at news of the directive.

LANSING, Kan. (UPI)—Southwest badman Harvey Bailey, 77, tamed by nearly half-a-lifetime in prison, yesterday appeared headed for another long stretch in confinement.

Bailey, bank robber, prison breaker and kidnaper, was denied executive clemency Monday by Kansas Gov. John Anderson. It was a routine rejection that accompanied 86 similar requests by less-infamous convicts.

The old criminal joined Pretty Boy Floyd, Baby Face Nelson, Charles Nash, Machine Gun Kelly and John Dillinger in the 1930s in terrorizing the Middle West. They are dead and Bailey has little chance for freedom.

Bailey currently is serving a 30 to 50-year sentence for the 1932 robbery of the Ft. Scott, Kan.,

SAVED BY THE BELL

JACKSON, Miss. (UPI)—Charles Ray Morgan, 23, was undergoing a final physical examination for induction into the Army Tuesday when a sergeant pulled him out of the line of draftees.

"You don't go, you're married," the sergeant told Morgan, a husband of eight months duration, and cited President Kennedy's order exempting married men from the draft.

"That's saved by the bell, isn't it?" Morgan said.

Evening Kiwanis Hear Grid Report

Otis Holliday, Pampa High football coach, gave the Top-O' Texas evening Kiwanis Club a "run-down" and statistical information on the Pampa football team during his talk to the club last night in the Coronado Inn.

Guests at the meeting were Malcolm Denson, Bob Carmichael, Dick Stowers and Hubert Carson, members of the downtown Kiwanis Club; Ray Waggoner, Key Club member and Chick Chaffenton, member of the Topeka, Kan., Club.

BIRDS USE CEMENT

NORFOLK, England (UPI)—Norfolk bird watchers report that house martins have been using cement from building sites instead of the usual mud for new nests.

Walter Rogers Reports: Civil Rights Wrangle Has Yankees Against Yankees

BEHIND THE CIVIL RIGHTS SCENE
The civil rights wrangle in the House and Senate has degenerated into a sectional spatball fight — Yankees against Yankees. Too many of the Nation's elected representatives — from both parties — are yapping at each other about who is going to get the credit or blame for what is done or isn't done. You don't hear much talk in the Capitol cloakrooms about the merits of proposed civil rights legislation, the issue has succumbed to a heady brand of politics in which Northern Republicans and Democrats are pointing their fingers at each other and engaging in fishwifely argument.

Civil rights advocates in the Democratic Party are trying to corral Republican votes for the

coming showdown. The Democrats are having trouble because the Republicans can't simply go along with the opposition party proposals — they want to be able to claim some pride of authorship. "After all," they argue, "we're the party of Lincoln — and we ought to have some bigger role in this thing. Democrats behind the leg-

islation want the whole hog if they can grab it — but the hog is well-greased in the kind of politics that defies analysis on party lines. Southern Democrats, knowing their constituencies feel generally that only time and a basic change in attitude will make true racial progress possible, are on the sidelines in the current stage of things. The Southern vote will come in a near-solid bloc against the legislation, whoever wins out in the credit-blame battle. The Souths "No!" will have a resounding ring in the House, where prolonged debate is prohibited by the rules, and another solid "No!" will echo through the Senate after Southern Senatorial fortitude has been worn down by a prolonged filibuster.

Only the most callous Americans of any section would deny the fundamental rights of any citizen, white or Negro. The issue in the current controversy goes deeper. It is more subtle and insidious and behind much of the pressure are men who care not a hoot whether one more Alabama Negro is able to vote in the next election or is able to obtain service at a department store lunch counter. The shadow is cast by men whose steady push at the rear of the vehicle called "civil rights" is aimed at centralization, final and complete, of all meaningful government control at the Federal level. Said Thomas Jefferson: "I am for preserving to the States the powers not yielded by them to the Union, and to the legislature of the Union its Constitutional share in the division of powers; and I am not for transferring all of the powers of the States to the general government, and all those of that government in the Executive Branch."

Editorial voices in the North declare that the States' Rights position is now "spurious, that it is posed only as a barrier to a grant of equality to Negro citizens. In the tragically falacious notion then that legislative fiat can alter the human heart, they would thus tear the vitals from the U.S. Constitution. The basic question could well be whether or not the United States has come to the point where its citizens will succumb finally to an "Uncle Knows Best" philosophy of national government. Once the Nation has adopted this policy, those who now are so vigorously pushing for enactment of sweeping civil rights legislation (believing that they will thereby benefit politically), may find that the pendulum has a two-way swing. As a result of the centralization they have forced upon their country, they may find that they are to become victims of massive and impersonal Federal intervention in affairs over which they'd like some private control. This is not a partisan controversy. Republicans and Democrats from the North are trying to work out a way in which they can combine to share the credit. In this, their dispute is sectional — not along national party lines. Their argument at the moment is with each other — not with Democrats from the South. With this issue resolved, if it can be, the attention then will shift to the tactical question of how the bipartisan combine of sectional forces can push civil rights through to enactment. Northerners should pause a moment in this troubled time to ask themselves several serious questions going beyond anything involved in the legislation itself. They should ask: "By political expediencies are we really providing solutions for the South's problems — and our own grave problems?" "Will we destroy the essence of the Federal-State relationship?" "What will the effect be on the Constitution itself?"

Recent visitors included Mr. and Mrs. T. E. Seizler, from Hereford; Mr. and Mrs. E. J. LaRue and their daughters Rene and Sheri, from Amarillo; and Mr. J. H. Northcutt, from Hereford. Walter Rogers Member 61 Congress 18th District of Texas

Viet Nam Forces Score Victory Over Viet Congs

CO CONG. South Viet Nam (UPI)—Government forces blasted their way out of a Communist ambush to score their biggest single victory over Viet Cong guerrillas since South Viet Nam's Buddhist dispute flared into the open last May, military sources said yesterday.

The sources said South Vietnamese troops killed an estimated 80 Viet Cong regulars and wounded 100 more in a battle Monday near this little delta town about 30 miles south of Saigon. Government losses were estimated at about 20 dead and 30 wounded.

Military sources said the action actually started when about 200 highly trained members of 514th Viet Cong Battalion attacked three civilian outposts simultaneously late Sunday night.

The Communists apparently hoped to trap and knock out reinforcements they knew would be sent to relieve the villages in armored personnel carriers, the sources said.

But the ambush backfired. Flanked by civil guards and some regular army soldiers, about 15 M113 personnel carriers criss-crossed some newly planted rice fields and were brought under fire by Communists manning 57-millimeter recoilless rifles.

One personnel carrier was knocked out and another was slightly damaged, the sources said. But they said the Communists had dug into a farmyard completely surrounded by open fields and had neglected to leave themselves an escape route.

The sources said the M113's counter-attacked the Viet Cong position. Seventeen Communists were machinegunned to death while others were crushed under the tracks of the advancing personnel carriers, the sources said.

Television In Review

By RICK DU BROW
 United Press International
 HOLLYWOOD (UPI) — Every-
 one says if you want to make
 sure a lead is read, get sex into
 it, so here goes: Sex. That's
 what there'll be a lot more of on
 television this season.
 Specifically, several well-edu-
 cated producers suddenly recalled
 that somewhere in the distant
 past, before video's idiotic domes-
 tic comedies, there were persons
 known as single, pretty girls, and
 that men frequently found them
 attractive, and even sought their
 acquaintance, and that it was fun
 as often as not.
 The result is that just as last
 season started out as the year of
 the comeback — for Lucille Ball,
 Jackie Gleason, Sid Caesar, Jack
 Paar, Loretta Young and Jack
 Webb — this semester is begin-
 ning, in part, as the year of the
 babe.

Some of the reason for this
 may stem from the success of
 Miss Donna Douglas, the stacked
 and single young thing of "The
 Beverly Hillbillies." Miss Douglas
 may not appeal to mature
 tastes, but that has never been
 a drawback on television, and is
 often an advantage, and she is
 sure to be unendingly the symbol
 of sex to the perennial sophomore
 set. Personally, I think Nina
 Foch has more sex appeal in her
 pinky.

So much for dalliance. The fact
 is that the girls are on their way
 — starting, in fact, this Friday
 night with the premiere of the
 first new entertainment series of
 the season, NBC-TV's "Harry's
 Girls," which deals with an
 American nightclub entertainer
 and his three female partners as
 they tour Europe.

The year of the babe will also
 offer three unattached young lad-
 ies — as sisters — in CBS-TV's
 "Petitecoast Junction," which cen-
 ters around the girls and their
 mother, who runs a hotel in a
 tiny railroad whistle-stop town.
 There is a whiff of the traveling
 salesman jokes in this setup.

Furthermore, we have ABC-TV's
 "Burke's Law," which is about a
 millionaire cop (Gene Barry), his
 Rolls-Royce and predilection for
 eye-pleasers. We have it on good
 authority that unemployed starlets
 will not lack for work on this
 series, in fact, the debut on Sept.
 20, has something to do with
 Texas oilmen who have main-
 tained a Hollywood mansion just
 to entertain models and starlets.
 Miss Suzy Parker will be on
 view.

What's more, we will have Miss
 Inger Stevens, who also is sexier
 than Donna Douglas, as the gov-
 erness of a congressman's child-
 ren in ABC-TV's new show, "The
 Farmer's Daughter." And CBS-
 TV is giving us Glynis Johns in
 "Glynis," about a mystery-seek-
 ing wife of a bigtime lawyer; al-
 though Miss Johns is married in
 the series, she and her husband
 will have no children, so she is
 also in the club — and sexier
 than Miss Douglas too.

So it goes. "Ben Casey" will
 cut up with a few tomatoes this
 season. And outside of "Glynis,"
 there is, to my knowledge, no
 new series that features a mar-
 ried couple in top starring roles
 — and none that has the full
 paraphernalia: mama, papa and
 brats.
 *And a Happy New Year to you,
 too.

The Channel Swim: Barry Gold-
 water and CBS-TV, who have had
 their differences, get together for
 a half-hour portrait of the Ari-
 zona Republican Friday night.
 Walter Cronkite is the interview-
 er. Last year, Goldwater was
 the subject of a half-hour pro-
 gram on "CBS Reports."

An hour-long conversation with
 Secretary of Defense Robert Mc-
 Namara is the "CBS Reports"
 offering for Sept. 25. Same ser-
 ies will be the outlet for the up-
 coming network look at the Amer-
 ican system of funerals. Believe
 it or not dept.: The cast of "The
 Beverly Hillbillies" is being used
 to plug "CBS Reports" in pre-
 season on-the-air promotions.

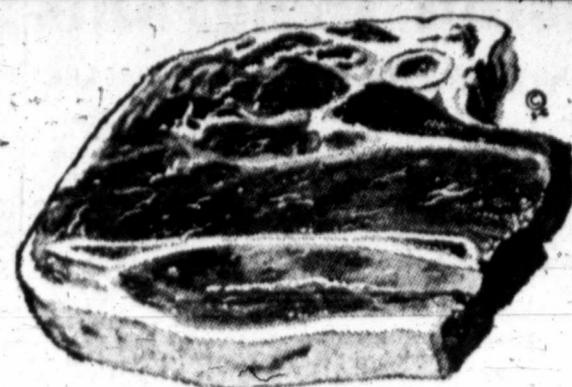

Clifton Fadiman, noted author,
 lecturer and critic, has been
 signed for the first two shows of
 ABC-TV's new Jerry Lewis ser-
 ies: No kidding — and shades of
 Jack Paar. The guests on
 Paar's Oct. 4 program on NBC-
 TV are Joan Crawford, Nat
 (King) Cole and George Gobel. Miss
 Crawford is said to be think-
 ing of a series for Four Star Pro-
 ductions, with a hunk of the
 company stock as the come-on.

COMMITTEE HOLDS BILL
 WASHINGTON (UPI) — A dis-
 charge petition was filed Tuesday
 to wrest from the House Veter-
 ans Affairs Committee a bill
 which would give most World
 War I veterans \$100-a-month pen-
 sion.

The Kennedy administration op-
 poses the bill, as did the Eisen-
 hower administration when simi-
 lar legislation was proposed.

WASHINGTON — Sen. Barry Goldwater, R-Ariz., indicating that he will vote against the nuclear test ban treaty unless his special reservation is adopted: "I do hope something would happen to change my mind. But I have so many reservations about military disadvantages and our failure to get something out of the treaty, that it's a fair assumption I'll be opposed."

Washington Window

By LYLE C. WILSON

The clearest and most present danger to the welfare of the United States lies in the endless deficit operations of the United States at home and abroad and not in the fate of the test ban treaty.

The voters and politicians who are in a lather about what the treaty would do to national security would do better to consider what already has overtaken the first line of American defense. The first line of defense is the U. S. dollar, its integrity, stability and value.

This first line of defense is being breached by a lack of confidence in the integrity, stability and value of the U. S. dollar. There is nothing spectacular about lack of confidence. It is not possible to finger any specific calendar date in recent years and to assert that on this day lack of confidence began. It is like tuberculosis in that both diseases long can flourish in the system without spectacular symptoms.

Severe Reserves Drain

And then, perhaps when it is too late, the disease makes itself known and the patient is confronted with a life-or-death crisis. So it could be with the U. S. dollar. Misconfidence in the U. S. dollar was acknowledged in '62

dollar was acknowledged in fact last year when President Kennedy assured the world that he had no intention of devaluing the dollar.

Speculation that Kennedy would be compelled to devalue was based on the fact that there had developed a severe drain on U.S. gold reserves. The drainage was to foreign creditors of the United States who chose to collect in gold rather than dollars. This drainage continues at an alarming rate despite Kennedy's efforts to stop it and the administration's acknowledgment that the end result could be very serious if the drainage continues.

U. S. gold reserves amount now to approximately \$15.6 billion of which about \$12 billion must be held by the Federal Reserve System to the extent of 25 per cent of the fed's notes and deposit liabilities. The remaining \$3.6 billion is free gold, available to foreign creditors who may prefer gold to dollars. But the sum of foreign claims that could be levied against this \$3.6 of free gold amounts to about \$20 billion.

Could Cause Gold Run

If the foreigners demand gold when all of these claims come due, the United States will not be able to pay up. The Republican congressional committee is warning that misconfidence in the dollar could cause a run on U. S. gold. That, in turn, would require drastic action here, either to repeal the 25 per cent gold backing for Federal Reserve obligations or a devaluation of the dollar by increasing the price of gold. Or, as the committee suggested, both!

The foreign claims are created by one of the two menacing deficits — a deficit in our trade and spending relations with the rest of the world. Foreign aid, U. S. tourists abroad, U. S. imports, maintenance of armed forces overseas — all of these contribute to this dangerous deficit.

The other deficit, of course, is in the federal budget. This deficit tends to rot the dollar by diminishing its purchasing power. In terms of 1933 purchasing power, today's dollar is worth about 45 cents. It will shrink to two bits and maybe to a dime in your life time and mine, too, unless the voters get smart. It isn't other people's money the politicians are spending. It is yours!

Notes From Wall Street

NEW YORK (UPI) — Edward Underwood of Ira Haupt & Co. says that while short term or even intermediate correction cannot be dismissed, talk of a major top at this time is based primarily on irrational fear.

He points out that this fear has kept odd lotters selling on balance throughout the advance. Underwood feels the principal threat to the market continues to be the balance of payments problem and the efforts to solve it.

Robert H. Stovall of E. F. Hutton & Co. feels that if the thesis that stocks have moved from weak to strong hands over the past 16 months is true, one should keep an alert eye open for large secondary offerings.

Walter Mintz of Shearson, Hammill & Co. says the basic problem confronting investors is not guessing the future performance of the averages but selecting stocks which will outperform the averages to a significant extent.

Lowell McManus, a converted night club singer, will be speaking at the Immanuel Temple, 401 E. Campbell tonight at 7:45.
Early Christmas shoppers notice 25% Discount on all Layaways, B&B Toyland.
The Top O' Texas 4-H Club will meet at 8 p.m. Saturday at the Court House Annex for election of new officers.
The Sheriff's Office has a black saddle believed to be stolen and will return it to its owner if he will identify it by serial number.

McDonald Elected To Head Pampa Credit Executives

Virginia McDonald, of Gilberts, was elected president of the Pampa Credit Executives at the luncheon held yesterday at the Court House Cafe.
Other new officers elected were Ruth McQueary, vice-president; Dave Duvall, program chairman and Wynn Veal, secretary and treasurer.
Art Gibson presided over the regular meeting of the credit executives.
The name of the organization was changed to Consumers Credit Association.
The members present were: Dave Duvall, Lyda Gilchrist, Violet Dunham, Margaret Neal, Nell Wray, Ken Peoples, Aubrey Steele, Charlene Rich, Edith Leger, Ruby Royse, Mable Ford, Ruth McQueary, Marion George, Virginia McDonald, Carrie Stallings, Bob Tennant and Arthell Gibson.

Three Killed In August Accidents

The Texas Highway Patrol investigated 13 accidents on rural highways in Gray County, during August, according to Sgt. J. W. Wilson, Highway Patrol supervisor for the Pampa area.
The wrecks accounted for 3 persons killed, 20 injured and estimated property damage of \$13,395.
The rural traffic accident summary for this county from January through August of 1963 shows a total of 105 crashes resulting in 7 persons killed, 75 injured and estimated property damage of \$86,530.
Now is the time to have all motor vehicles "winterized," Sergeant Wilson stated.
"Motorists should have their vehicles safety inspected at one of the approved inspection stations to determine that all parts are in top condition," he said.
Wilson also stated that the new 1964 vehicle inspection sticker is now available. All vehicles registered in this state are required to be inspected once a year. All motorists are urged by Sergeant Wilson to have their vehicles safety inspected to avoid the rush later on.

WHERE COLD WATER'S BIG BUSINESS—Plain, cold water, taken for granted by most of us, provides the product for a thriving business when temperatures top the 100-degree mark in New Delhi, India. Two naye paise—about one cent—purchases a glassful from this street vendor.

Local Service Officer To Attend Statewide Meet

Jack Graham, veterans service officer, will represent the Pampa office at the 16th annual statewide Rehabilitation Conference for Veterans Service Officers in San Antonio Monday through Thursday.
Topics for the four-day conference will include compensation, pension, government insurance and loans, vocational rehabilitation and education, war orphans education, veterans employment rights and other topics dealing with veterans' benefits.
The Veterans County Service Officers Association of Texas will elect officers during its annual meeting Monday.
Speakers for the convention will include Hugh Bradley, director, Bureau of Veterans Re-employment Rights, Washington, D.C.; Oliver Meadows, staff director, Committee on Veterans Affairs, U.S. House of Representatives, Washington and A. W. Stratton, deputy chief benefits director, Veterans Administration Central Office, Washington.
The Texas Veterans Affairs Commission conducts the conference in co-operation with the major nationally chartered veterans organizations.

Former News Writer Gets Scholarship

Ronald Waters, former staff writer for the Pampa Daily News, has accepted a full-tuition scholarship offered by the school of journalism for one school year at the University of Texas.
Waters, who resides at 1414 Wiliston, was until recently a copy editor for The Register, a national Catholic newspaper with headquarters in Denver, Colo.
After obtaining his B.S. degree in English from Hardin-Simmons University he served one summer as assistant sports editor for the Daily Spokesman before becoming a staff member of the Daily News in 1956. Later he became editor of the Ranger Times, a tri-weekly, for 18 months. He also served as sports desk man for the Record News in Wichita Falls.
He plans to register at the University during the week of Sept. 16 and pursue courses toward an M.J. degree.
Twice-married was U.S. president Tyler, Fillmore, Benjamin Harrison, Theodore Roosevelt and Woodrow Wilson.

Story Hour Slated At Lovett Library

Lovett Memorial Library preschool story hour for five- and six-year-olds will begin Oct. 1.
The story hour will be offered from 9 to 9:45 a.m. Thursdays and Fridays. Parents may register their children for either session. Registration will be open until Sept. 30.
The library's summer reading program, which ended with the distribution of reading certificates, had 898 children enrolled and 410 completing their required 12 books.
The class taught by Mrs. J. B. White in Woodrow Wilson had 100 per cent participation and completion.
The latest display in the library show window was arranged by Mrs. Martin Stubbe. It consists of dried flowers, pine cones and nuts in a fall arrangement.

Rotary Club Hears Amarillo Speaker

"Race Relations in Your Business" was the title of talk given by Arthur J. Glover before the Pampa Rotary Club yesterday in the Coronado Inn.
Glover, of Amarillo, is a CPA and is a graduate of the University of Texas Law School.
The speaker discussed the federal government's proposed Fair Employment Practices Act and its possible effects on private business.
Club president Cameron Marsh announced that Rotary International District governor Jimmy Wilson will pay an official visit to the club on Wednesday, September 25th.

Fireball Seen In New Mexico

SANTA FE, N.M. (UPI)—State Police said yesterday reports of a huge green fireball and two smaller objects in the sky were received early yesterday morning near Grants and in Albuquerque.
Police said all three reports said the fireballs were seen about 2:30 a.m. and were traveling in a northwest direction, "coming down."
The first report came from two New Mexico University campus policemen about 2:20 a.m.
Both men reported the fireballs, green in color, were seen for about two seconds and then disappeared.
Ray Hackdeger of Albuquerque also reported the fireballs as he drove toward Albuquerque from Grants on U.S. 66. He told police he thought at first it was lightning, but realized it was one big green fireball followed by two small ones.
J.C. Jacobs of Miranda City, Tex., also spotted the fireballs as he drove on U.S. 66 about 50 miles west of Albuquerque.
State police said the information was turned over to the Federal Aeronautics Administration in Albuquerque.

Councilman Is Offered Bribe

CRYSTAL CITY, Tex. (UPI)—An anonymous telephone caller offered a bribe to Antonio G. Cardenas, one of five Latin American city councilmen elected last April, if he would turn against his fellow councilmen, Cardenas said Tuesday.
Cardenas said he was offered \$40,000 a year and a free ticket to anywhere in the world.
"I did not take it seriously," Cardenas said. "It was a woman's voice and she spoke English without an accent."
Cardenas said a man telephoned him several days later and said: "We will kill you like a deer one of these days."
He said the offer and the threat were made about two months ago.
When surrounded by immobile insects, a bull frog will starve rather than strike at a still target.

Edmondson to Conduct Seminar

L. J. Edmondson, superintendent of public schools, will attend the annual joint meeting of the Texas Association of School Administrators and the Texas Association of School Boards in Austin Sept. 22 and 23.
About 800 educators are expected for the session of talks on education in the Space Age. Seminars will be conducted on school drop outs, the migrant pupil, religion and the schools, teaching Americanism versus Communism, local school finance and textbook selection in Texas.
Edmondson will conduct the seminar on legal problems and new laws affecting the public schools and their operation.

Lightning Strikes House; Damage Minor

Lightning struck the roof of A. R. Bourland's home, 1015 Fisher, at 8:51 p.m. yesterday and slightly damaged the roof and wiring. Fire was extinguished by the Fire Department by 8:20 p.m.

Immediate Judgement Motion Overruled

AUSTIN (UPI)—Dist. Judge Sam Johnson yesterday overruled a motion for an immediate judgment that Howard Pierson, charged with killing his parents 28 years ago, is sane.
"All evidence established beyond doubt that Howard Pierson is now sane," said Pierson's lawyer, Tom Reavley.
After overruling Reavley's motion for an immediate judgment, Johnson set final arguments in the sanity trial for this afternoon.
Dist. Atty. Tom Blackwell said the "opinions of the doctors have been expressed" but the legal question of Pierson's sanity is still a matter for the jury.
Reavley said seven expert witnesses had all testified to Pierson's sanity. If the jury finds Pierson sane, he may face charges for the 1931 murder of his parents.
Two psychiatrists and a psychologist testified yesterday that they believe Pierson to now be sane.
Pierson, 49, was charged in 1931 with the pistol slaying of his parents, state Supreme Court Justice and Mrs. William Pierson. He was found to be insane shortly after the murder and committed to a state mental hospital.
Oceanic version of a waterfall is a sandfall—formed when currents push sand down steep slides at underwater canyons.

matter of fact

Ever since the 10th century Icelanders have been famous for their literature, first for poetry and later for prose. During many centuries, their literature has been as rich and varied as that of any country of Europe. One memorable contributor to the literature was Hallfred, nicknamed the "Troublesome Poet," and another poet was called "Eyvind the Plagiarist."

EYE ON THE SPARROWS—Head covered with a babushka, an old woman feeds bread-crumbs to two young sparrows who lighted on her fingers in London. The birds seem to be having a private conversation, oblivious of the human eavesdropper. It was an unusual sight, for sparrows ordinarily shy away from humans, even if they do bear food.

MUST SET PENALTY

LOS ANGELES (UPI)—A jury of nine men and three women was expected to begin deliberations today on whether the convicted killers of policeman Ian

Campbell will die in the state gas chamber or be imprisoned for life. Ex-convicts Gregory Powell, 30, and Jimmy Lee Smith, 32, were convicted earlier by the same

jury of first-degree murder in the kidnap-slaying of the officer, who was shot down in an onion field near Bakersfield, Calif., last March 10.

By DAVID NYDICK
UPI Education Specialist
Reading programs in schools have been under attack by non-educators and educators alike. What effect has this criticism had on the schools throughout the country?

In many situations, the only change has been an increased emphasis on the teaching of phonics (sounds).

Some years ago the phonics method was under attack and the answer was the present look-say method.

This cycle has not achieved much progress. What is wrong with reading program? An analysis of instructional methods and materials seems to indicate a variety of problems.

Some of the books leave much to be desired. Take a look at your child's reading textbook. The stories may be dull and lack imagination. A child is looking for excitement in his reading. Our modern world is full of fascinating events. These real events have more creativeness than made-up stories.

Must Arouse Interest

Would you read a dull novel? Why should your child? There cannot be true motivation to learn unless an individual's interests are aroused.

Consider the kind of reading

materials which children do enjoy. Have you ever had difficulty convincing your child to sit and read a comic book? Boys race through the "Tom Swift" series. Girls are intrigued by the "Bobby Twins." "Alice in Wonderland" is a classic. Why attempt to make children enjoy reading about a boy's dull trip to his grandmother's house?

A research study, designed to determine the kinds of stories most interesting to children resulted in some particularly pertinent information.

An analysis of the combined responses of boys and girls indicated that they were interested in action, adventure, surprise, and humor. Boys as a group preferred themes concerned with games, sports, hobbies, and handicraft activities. Girls indicated interest in stories about jumping rope, playing house, collecting dolls and doll's costumes, and caring for the baby.

Valuable Information

A study of this type supplies valuable information as to the kinds of stories which would interest young boys and girls.

Where are the best seller lists for children's books? Here is an untapped market. There are millions of youngsters waiting. Parents would not intentionally deprive their child of the opportunity to read a good book.

For Texas Schools

New Compulsory Attendance Law Now in Effect

By VERN SANFORD
Texas Press Association

AUSTIN (Sp).— Now in effect is a new compulsory school attendance law which requires school children, ages seven to 16, to go to school 165 days out of each 175-day school year.

Before the 58th Legislature passed this law, the minimum attendance requirement was 120 days. This left a wide margin for truancy — especially by children of migrant farm workers who are on the move two to four months out of the year.

Laxity of compulsory attendance laws has been cited as one reason for the high rate of illiteracy among Latin Americans. Texas' rate of illiteracy is high — all races. It has been estimated that almost 10 per cent of the state's population is functionally illiterate.

A recent U. S. census survey showed that the average school child in Texas, with a Spanish surname, did not go past the fourth grade. Average Anglo finished the 10th grade and the average Negro completed the eighth. It will be up to individual school districts to see that children attend school 165 days a year, according to Leon Graham, deputy commissioner of the Texas Education Agency. However, the main responsibility lies with the parents. If a school officer warns the parents of a truant child, they are subject to a fine of \$5 for the next day he fails to attend school; \$10 for the second offense, after a warning, and \$25 for each subsequent offense.

Graham said it is no problem for a migrant parent to enroll his child in any school. No formal transfer is required. "Our schools are here to serve the children of Texas," he said. "All they have to do is say, 'Here I am.'"

Screwworm Program Praised
Dr. E. F. Knippling — known as the "father of the screwworm eradication program" — addressed Southwest Animal Health Research Foundation trustees at their annual meeting in Austin, and praised the progress of their eradication campaign. But he cautioned them against complacency. Knippling reported that in August, only 81 screwworm cases were reported in Texas, compared to 5,088 in August, 1962. But a large percentage of the 81 were in the Trans-Pecos area.

Animal health officials feel the Trans-Pecos problem is a direct result of screwworm flies migrating from Mexico. Mexico's northern border has been the target of sterile fly drops for several months now. But newly-gained knowledge that the fly can travel about 180 miles on its own volition in worrying the officials.

Knippling said, "We must intensify our survey efforts to find where fly drops will be most effective; then widen the barrier to prevent infestation."

Fall Rains May Pose Problem
Charlie Scruggs of Dallas, president of the Southwest Animal Health Research Foundation, said his group is beginning to worry about a growing rate of screwworm infestation when fall rains come.

Cool weather and dampness, usually associated with early fall, may couple with shearing and calving wounds to foster screwworms if livestock producers don't take precautions. Scruggs said an "information campaign" will be launched soon.

Poll Tax Repeal
Campaign for repeal of the poll tax as a requirement for voting was launched by the Texas League of Women Voters, with Gov. John Connally and Vice President Lyndon Johnson giving their support to the movement.

On Nov. 3 Texans will vote on a constitutional amendment to remove the 60-year-old requirement that you pay a poll tax to vote. Texas voting will be under the shadow of a proposed U. S. constitutional amendment outlawing taxes on the right to vote in elections of Federal officials. Legislatures of 36 states already have ratified this amendment, and when two more approve, it will go into effect.

Texas Legislature provided Texans a "do it yourself first" route by submitting the proposed amendment to the Texas constitution at the November 3 election. There is no chance for the U. S. amendment to go into effect until after that date.

Tourists
Texas' first formal effort to attract tourists will get under way now that Governor Connally has appointed the seven men to head the new Texas Tourist Development Agency.

Interestingly enough, most of the seven are natives of other states, indicating that Connally felt they would know best how to bring other Americans into Tex-

GIVES BIRTH TO BOY

PARIS (UPI) — Six months ago Annette-Marie Nigen, 33, plunged from the first platform of the Eiffel Tower — and survived.

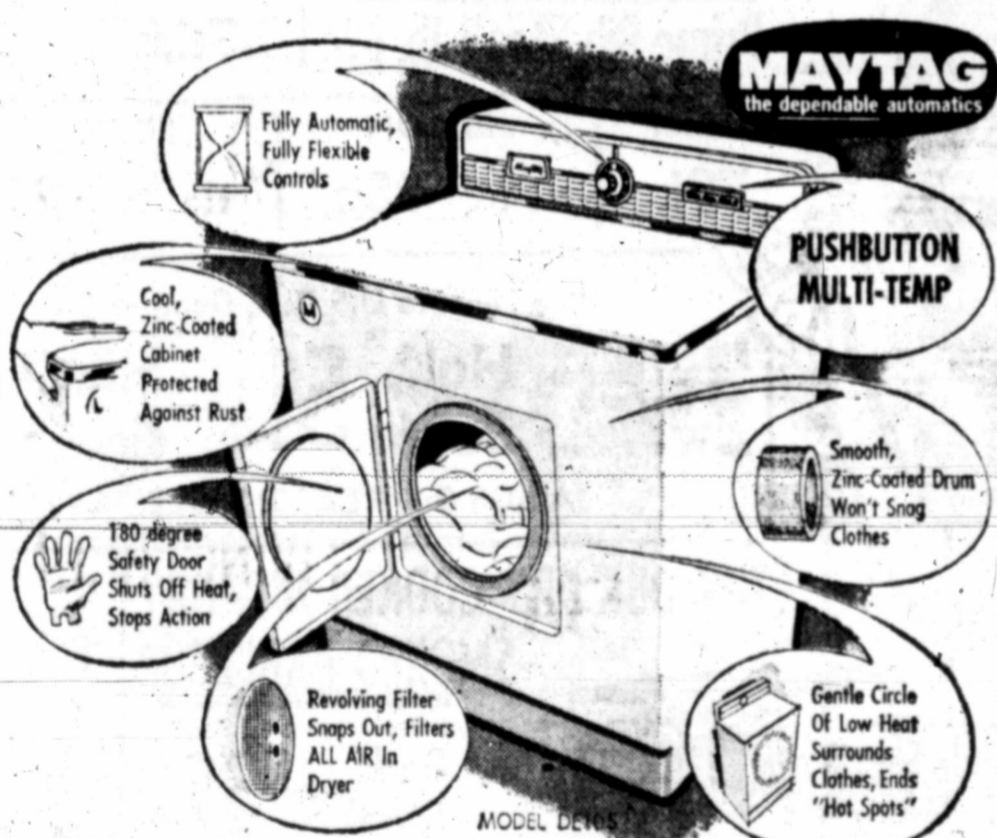

Her fall was broken by a projecting steel girder 60 feet from the ground after a fall of 90 feet. Her left leg had to be amputated, but she lived.

Monday night she gave birth to a healthy six-pound boy, Jean-Marc, at the Bicentral Hospital here.

Director for Humble Oil & Refining Co., and John Powell, Austin hotelman.

Santa Fe President Likes ICC Action

CHICAGO (UPI) — Ernest S. Marsh, president of the Aichison, Topeka and Santa Fe Railway, yesterday expressed satisfaction with a recommendation of an Interstate Commerce Commission examiner recommending that the line be permitted to acquire control of Western-Pacific Railroad Co.

In his action Monday, examiner Paul C. Albus also recommended that the application of the Southern Pacific Co. to buy capital stock in Western be denied.

AND RISKY TOO

LONDON (UPI) — The British army has refused to supply Maurice Fogel, 47, a magician and illusionist, with a firing squad so he can catch nine bullets with his teeth.

NEW WAY TO BE SUDDENLY SLIM

Are you a woman whose figure is on the good side but might look perfect? You'll be thrilled by the new easy way science has discovered for you to become Suddenly Slim. If you're more than 15 pounds overweight, this idea is not for you. If your weight problem falls within this range, then you can realize a new, another figure today, without diet or exercise.

Suddenly Slim is an all-new kind of 4-oz. girdle constructed of science fibers. One startling innovation is the sheer nylon front panel. This is permanently stiffened by a science process and cannot give or sag. It's surrounded by a slimming action border. A featherstitched panel down each side of this girdle will contour your hips if they are a problem. The girdle itself is of a "wonder" Lycra spandex blend. It's a new power net consisting of nylon, acetate and spandex. It feels like nothing on but has such slimming strength, it gives your figure everything that's possible with a foundation.

"Suddenly Slim" is the peak achievement of the designer-genius, Olga.

Be "Suddenly Slim" today in either girdle or party version. See

AMERICA'S ATOMIC ARSENAL

The atomic bomb dropped on Hiroshima in 1945 was equal to about 20,000 tons of TNT. Today the United States could deliver over three million times that much destructive power with just its strategic bombers and missiles (shown in photographs). In addition, thousands more warheads are available for field use. In all, it is estimated the U.S. has an arsenal of 33,000 nuclear warheads. Most of them—about 25,000—are tactical, designed for use in small, mobile rockets or atomic cannon with explosive potentials of one kiloton or less (1 kiloton equals 1,000 tons of TNT; one megaton equals 1 million tons).

That Attacked Pagodas Vietnamese Forces On U. S. Payroll

WASHINGTON (UPI) — South Viet Nam's American-trained counter-guerrilla forces used to spearhead the government drive against Buddhist pagodas still are on a secret U.S. payroll, reliable sources said yesterday.

These sources said Col. Le Quang Tung, who is considered South Viet Nam's most powerful military commander, receives \$3 million a year from the Central Intelligence Agency to pay and maintain his "special forces."

Tung received his regular monthly payment of about \$250,000 from the CIA Tuesday despite publicly announced U.S. disapproval of the wholesale arrest of Buddhists, students and other government opponents in which Tung's troops figured prominently, the informants said.

It was the counter-guerrilla troops which stormed Buddhist pagodas in Saigon Aug. 21, and they have supported police making mass arrests of anti-government student demonstrators since that date.

Information reaching here indicates most CIA men in South

HOUSE RAMS TRUCK

SOUTH SAN FRANCISCO, Calif. (UPI) — A house-ran into a truck here Tuesday.

As truck driver Bul Tomson was towing the dwelling down a street, he suddenly found the way blocked by parked cars. Tomson hit the brakes; the house kept going.

The runaway dwelling jacked up the truck, smashed into its side and drove it across a lawn.

Viet Nam bitterly oppose continuation of the payments, made under the terms of a secret agreement the agency concluded with the government 18 months ago.

The intelligence agents were said to hope the United States would cut off its payments to Tung as a demonstration of the fact that it will not tolerate the misuse of American funds and equipment.

Anderson Trial Moved to Dallas

GAINESVILLE, Tex. (UPI) — Judge Jack Gray yesterday was expected to order the murder trial of Jerry Don Anderson, 29, moved to Dallas.

Anderson and Mrs. Dorothy Faye Sanders, 39, are charged with killing highway patrolman Kenneth Harrison last June 8.

Forty prospective jurors out of 213 veniremen called for the trial were questioned Monday without any being selected.

More than 8,000 helicopters have been built in the United States since World War II.

FUND FOR GOLDWATER

SAVANNAH, Ga. (UPI) — Georgians have contributed more than \$30,000 to the national movement to draft Sen. Barry Goldwater, R-Ariz., for president, state chairman Joseph Tribble said Monday.

"I think Senator Goldwater is the only Republican who can beat President Kennedy in 1964," said Tribble, a Republican state senator.

SCIENTISTS STUDY BALLOON

PALESTINE, Tex. (UPI) — Scientists studied instruments from a giant balloon Tuesday that landed near Uvalde, in central Texas. The balloon, launched from the National Center for Atmospheric Research, at Palestine, reached an altitude of 128,000 feet and carried a 450-pound payload to study cosmic rays. It landed Monday night.

CURTAIN-RAISER—It was an equal exchange near Untersuhl, West Germany, recently when the Iron Curtain lifted as East and West swapped the trucks, above. Communist East German military truck, left, in which a defector had escaped to West Germany, was exchanged for a West German army truck, right, used by a West German to cross over to Communist-held territory.

Foreign Commentary

By JAMES R. WHELAN
United Press-International
CARACAS (UPI) — Violence-weary Venezuela is braced for a worsening wave of terrorism.

For months, the Communist-Castro underground organization, Armed Forces of National Liberation (FALN), has warned that it would step up terrorist efforts in the final month before the presidential elections.

Ready For Trouble
"We're expecting just about anything," a worried government official confided this week, adding: "And we'll be ready for it."

Long-Term Goal
The FALN long-term goal was and is to destroy Democratic government in Venezuela, either through direct action, provoking the fall of the government, or indirectly, by creating a climate

Greek Ships Are Warned by Exiles

MIAMI (UPI) — A militant Cuban exile group has warned it will attack Greek ships found near Cuba after Oct. 1, and vowed to continue to fight Premier Fidel Castro "until victory or death."

At the same time, the Revolutionary Recovery Insurrectional Movement (MIRR) released photographs Monday showing two of its members working on six homemade bombs which the group said were dropped on a Camaguey sugar mill Sunday.

There was no anti-aircraft fire, according to the leaders of MIRR, Marcelino Garcia and Orlando Bosch.

Bosch warned that MIRR would attack "by sea or air" any Greek ships found near Cuba after Oct. 1.

Early Monday, terrorists bombed for the fourth time in several months the vital gas pipeline of a U.S. company supplying energy to the electric power station serving much of Caracas.

On Sept. 2, a bomb exploded in an oil pipeline of a U.S. company in eastern Venezuela.

Last week in Caracas, the headquarters of the air force, in the heart of the downtown area, was raided by an armed group which wounded three guards. The attack was apparently intended to assassinate the defense minister.

TESTIMONIAL FAILS
CARLISLE, England (UPI) — Mrs. Isabel Schofield was fined \$8.20 Tuesday despite an impassioned defense by her lawyer, who asked leniency on the ground that "even her husband says she is a careful driver."

Under Texas law, a person who was ruled insane at the time of his trial and who was unable to stand trial at that time, must face a new sanity hearing to determine whether he was sane at the time of the murder.

VENERABLE—David O. McKay, president of the Church of Jesus Christ of Latter-Day Saints since April 9, 1951, recently celebrated his 90th birthday. McKay is the ninth in succession since Joseph Smith, founder and first prophet of the Mormons.

Wheeler Students Enroll For Fall Term at Wayland

WHEELER (SpI) — Both the valedictorian and the salutatorian of Wheeler High School will be among Wayland Baptist College's high ranking freshmen on Sept. 16 at Plainview.

Miss Pierce, daughter of Mr. and Mrs. Marvin Pierce, plans to major in business. She is a winner of the Regional Shorthand Award in Interscholastic League competition.

A record breaking enrollment is expected this fall at the 11-year-old Wayland which will see a new president inaugurated on Oct. 8.

Miss Pierce and Miss Gandy report on Sept. 16 for orientation of new students. Registration for all students will continue through Sept. 18.

CLASSIFIED ADS GET RESULTS

Parents Protesting 'Fire Trap' School

COALMONT, Ind. (UPI) — De-termined parents kept up their marathon "around the clock siege" of the high school in this small Hoosier town yesterday in protest of alleged "fire trap" schools in nearby Midland and Jasonville.

For eight days men and women, farmers and housewives, have picketed the high school in six daily shifts of four hours each in numbers ranging from 10 to 50.

State Sen. Kenneth Reagin said they were protesting such things as a loose fireproof ceiling, broken concrete steps and railings, and roosting pigeons at the junior high school at Jasonville.

At the elementary school at Midland, Reagin said, brick and stone above the east entry was bulging and ready to fall, and dry and rotting wood in the attic presented a fire threat.

He said there were exposed wires in wall sockets, unpaired wires in wall sockets, unpaired and rotten floors, unlocked and openly wired main switch boxes and overflowing water supply tanks in washrooms.

There is nothing wrong with the high school at Coalmont, Reagin said, but the parents have had what he called "such poor luck" in their protests of the conditions at Jasonville and Midland that they decided to demonstrate against the senior high anyway.

The blockade forced the high school to close. Classes continued with only "normal" absenteeism at Midland and Jasonville.

Observers said teachers were being forced to "teach from memory" because all high school books were behind the locked doors of the blockaded Coalmont high school.

Indiana Fire Marshal Ira Anderson accompanied Reagin on an inspection tour Monday. Anderson said after the inspection that "there were no apparent major violations of state regulation."

Library Friends Club Has Meet

GROOM (Spl) — The Groom Library Friends Club met recently in the home of Mrs. Truett G. Fields for their quarterly meeting. Following a business session, plans were discussed for a China Tea to be held in the near future. The committee elected to plan the tea is composed of Mrs. C. L. Ludwig, Mrs. Robert Carney and Mrs. Bill Hammers. Members attending the meeting included Mmes. Preston Harden, Viola Harrell, John Krizan, Robert Carney, Bill Hammers, John L. Witt, Henry Merrick and the hostess, Mrs. Truett G. Fields.

Christian Mothers' Society Has Meeting

GROOM (Spl) — The Christian Mothers' Society of St. Mary's parish held its first meeting of the fall season at St. Mary's School Hall, on Aug. 26. It was decided to hold a food sale at Homer's Grocery on Saturday, Sept. 28. The program led by Mrs. Jerry Koziars, was "What It Means To Be A Christian in Our Changing World." Refreshments were served by Teresa Wills and Alma Carney to the 25 members present.

Miss Etta J. Butler (Daily News Photo)

Altrusa Governor Visits in Pampa

Miss Etta Jane Butler of Houston, Governor of District Nine of Altrusa International Inc. has been in Pampa for a pre-conference planning conference with Mrs. Clyde Vanderburg, conference chairman for the District Nine Eighth Annual Conference to be held in Pampa Oct. 18-19-20. While here, she was the house guest of Mr. and Mrs. Vanderburg. A coffee honoring Miss Butler was held in the home of Mrs. Loren Locke, 2118 Chestnut. Mrs. J. C. Coston was co-hostess, and Mrs. Mary Martin assisted the hostesses.

Mrs. Grant Anderson, past-president of the local Altrusa Club, presided at the coffee service. Twenty-one members of the local group attended, including Mmes. L. A. Barber, Thelma Bray, Inez Carter, J. T. Cornutt, V. L. Hobbs, Roy Kay, Marian Osborne, Louise Sewell, F. W. Shotwell, Lillian Snow, J. W. C. Tooley, Clyde Vanderburg, Lalar Wilkerson, Fidella Yoder, W. R. Dunn, Wesley Lewis, Miss Rosemary Lawler and members of the house-party.

Manners Make Friends

A working woman needn't be one of the boys.

Dear Abby... Don't Cry... The Girl Wasn't For Real Either

By ABIGAIL VAN BUREN

DEAR ABBY: I gave my fiancée a ring which I considered adequate for the time being. (I bought it at a loan shop.) I told her when I gave it to her that I knew it wasn't much, but I'd get her a better one when I could afford it. She accepted it, wore it for a week and then she returned it to me saying her mother had had it appraised and it was a fake diamond. She said I had cheapened her before her family and friends, and then she dropped me like a red hot poker. I am a commissioned officer in the state militia, and am supposed to be a leader of men, and this has made me look pretty foolish. My question is, was it proper etiquette for her mother to have the ring appraised?

DEAR TURNED DOWN: No! But don't waste any tears over this. The girl wasn't real, either.

DEAR ABBY: My daughter is being married. An aunt of mine belongs to the Moose. Neither my husband nor I belong, and we don't know anyone else who does. This aunt told my daughter that she is going to give her a wedding shower and invite all the ladies from the Moose. She says then she will find out who her friends are. I was furious when my daughter told me this, and said I wouldn't stand for it. We don't want these people who have never met my daughter to buy gifts for her. How can I tell my aunt NO without hard feelings?

DEAR BURBANK: Tell her you appreciate her kindness, but she will have to find out who her friends are some other way. It is considered poor taste for relatives

to give showers. DEAR ABBY: When I first started to date I never went out with a boy who smoked because the smell of cigarette smoke on someone's breath made me sick. When I married my husband he didn't smoke, but about two years ago he took up the habit. I haven't enjoyed his kisses since, and he knows it. He has tried all the mouth washes, etc., but his kisses still have that cigarette flavor and I hate it. When I was pregnant (last year) it made me so nauseated I was actually sick. I have even tried to learn to smoke but I can't. Am I nuts?

DEAR MARCIE: No. Your husband is.

CONFIDENTIAL TO MEDIOCRE AND MISERABLE: "Use the talents you possess. For the woods would be very silent if no birds sang except the best."

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3365, Beverly Hills, Calif.

ATTENTION: Publicity chairmen of all social, service and civic organizations: Please send a card to: Aletta Davis, Women's Page Editor, Pampa Daily News, giving meeting dates and times of respective clubs in order that a social calendar may be compiled for daily publication.

Western Theme Used In Seventh Birthday Fete

LEFORS (Spl) — A birthday party, following the western theme, honored Pamela James on her seventh birthday recently in the home of her parents in Lefors. Decorations, favors and table appointments were of western tradition. Tin plates, wooden spoons, an old-time coffee pot and tin cups were used to serve the refreshments of hot chocolate and the birthday cake which was decorated with western motif.

Guests were given headbands, toy guns and sling shots as favors. Those attending were: Debbie Torres, Walter and Linda Griffith, Mike Dunn, Jan McPherson, Kevin Lewis, Lawassa and Buddy Ring, Linda and Larry Gilbreath, Mrs. Harley Lewis and Mrs. Cedar Torres all of Lefors.

Barbecue Dinner Held by Opti-Mrs

Twenty members of the Pampa Opti-Mrs. Club met, with two guests, recently at Campbell's Bar-B-Que for their monthly meeting. Mrs. W. A. Gipson and Mrs. Tom Glover were co-hostesses.

Following dinner, Mrs. Lloyd Summers, conducted the business meeting. Mrs. ... the trophy won by the girls' softball team at the tournament in Skellytown. Each member brought a book of Gunn Brothers' Stamps. Tickets may be purchased from any Opti-Mrs. member for the drawing to be held in December. Winning ticket holder will receive 22 books of stamps. Mrs. Bill Leonard won the door prize. Those attending were: Mmes. W. A. Gipson, Bill Leonard, Bill Dodd, Paul Hill, Bob Johnson, Bill McDonald, Cecil McCarrell, Larry Parsley, Howard Adamson, Bill ... Thornton, Bill Jenkins, Lindy Houck, Walt Hurst, W. C. Epperson, W. R. Brown and Newt Secrest. Guests were Mrs. Eugene Behtley and Mrs. Art Ziebarth.

Oatmeal Hermits Are Delicious

OATMEAL HERMITS, nourishing between-meal cookie favorite of ravenous teen-agers.

By GAYNOR MADDOX
Newspaper Enterprise Assn.
In the last few days, we have received several fine cookie recipes from readers who think other mothers would like them for teenagers-in-between-meal snacks. They point out that homemade cookies are better for teenagers than soft drinks and candy, and those greasy French fries.

From Mrs. B. T., a schoolteacher mother, this excellent recipe. It is packed with good nutrition—milk, oatmeal, eggs and nutmeats.

OATMEAL HERMITS
(2 dozen cookies)

- 3/4 cup shortening, soft
- 3/4 cup granulated sugar
- 3/4 cup firmly packed brown sugar
- 1 egg
- 1 teaspoon vanilla
- 1 3/4 cups sifted all-purpose flour
- 1/2 teaspoon baking powder
- 1/2 teaspoon salt
- 1 teaspoon cinnamon
- 1/2 teaspoon nutmeg
- 1/4 teaspoon ground cloves
- 2-3 cup milk
- 1 1/2 cups rolled oats (quick or old fashioned, uncooked)
- 1 cup raisins
- 1/2 cup chopped nutmeats

Heat oven to moderate (350 degrees.) Beat together shortening and sugars until creamy; add egg and vanilla. Sift together flour, baking powder, salt and spices; add alternately with milk to creamed mixture. Stir in oats, raisins and nutmeats.

Drop from teaspoon onto greased cookie sheets. Bake in preheated oven (350 degrees) 12 to 15 minutes.

Cola Drinks Have Caffeine Content, Coffee and Tea Still Top Offenders

By GAYNOR MADDOX
Newspaper Enterprise Assn.

Q—My sister and I disagree about caffeine in cola drinks. She says there is caffeine in them; in fact more than in coffee and tea.

A—There is some caffeine in all cola drinks. But there is more in coffee and tea, according to William Bolton, M.D. He writes in August issue of Today's Health, "The amount of caffeine in cola drinks is limited by federal regulation to 1.2 grains, or 72 milligrams, in a 12-ounce bottle. For comparison, there are 17 to 18 milligrams of caffeine per ounce in the average cup of coffee. Strong tea contains about the same amount. This would mean a total of 90 milligrams of caffeine per five-ounce cup. Of course, the caffeine in a soft drink is diluted considerably by the carbonated water. If two and one-half cups of coffee were taken (about 12 ounces) the caffeine total would reach 225 milligrams."

Q—Please explain just what is meant by canned tuna fish. Is it one kind of fish only or just a name for a lot of fish more or less alike?

A—Canned tuna, high in protein, mineral and vitamin content, can be derived from any one of four kinds of fish in the tuna family.

Albacore is the only white-meat tuna. It is a fish of temperate waters, ranging from Southern California to mid-Mexican waters. Weighs anywhere from 10 to 60 pounds.

Yellowfin, a light-meat tuna, dominates the tuna pack. Found from the Gulf of California south to northern Chile, it weighs from 30 to 150 pounds. Best weight for canning: between 40 and 100 pounds.

Skippjack is the smallest of the light-meat tunas. Dwells in southern waters and weighs from 5 to 24 pounds.

Bluefins are caught off Southern California. Rarely weigh more than 80 pounds. But other bluefins roam the Atlantic and are rated

as a game fish. These Atlantic bluefins can weigh up to 1,000 pounds.

56TH YEAR THE PAMPA DAILY NEWS THURSDAY, SEPTEMBER 12, 1963 13

CALL TO CHOW
When dinner's ready and the kids won't leave the television set to come to the table, plug in your electric mixer. The resulting noise will bring them in to dinner fast.

CHEAP BULLETIN BOARD
A piece of acoustical tile, cut to fit the back of a teen-ager's bedroom door will make an excellent bulletin board on which to note special items to be remembered.

Refrigerator Divides Room

"HANDSOME" IS the word for tomorrow's refrigerator, with sliding doors, pull-out freezer drawers.

New Type Frozen Corn Is Arriving

If you haven't already seen and sampled the new sweet white corn that is coming to the frozen foods cabinets of our local markets, be sure to look for it. It's new, delicious, perfect for family or company meals. It comes in a 10-ounce carton and costs about 23 cents a package.

"So what's new about frozen corn," you ask. Ah, but this corn is the shoe-peg type—little, deep-set kernels just bursting with sweetness; creamy white in the package, creamy yellow after cooking. The butter boil method of vegetable cookery is recommended in order to retain as much of the sweet savor and good food values as possible.

Keep your eyes open for this fine new product. If it's not already in your market, it will be there soon, and is well worth watching for.

RAISE CARPET NAP

When you find that your furniture has made crushed spots on your carpets, use your steam iron or hot iron with a damp cloth. Steam the spots without pressing down on the iron, then brush pile gently to restore it.

By GAYNOR MADDOX
Newspaper Enterprise Assn.

Keep cool. Surprise! We've seen it. A new concept—tomorrow's refrigerator-freezer with sleek natural wood finish and totally invisible inner workings.

The experimental model we saw in Minneapolis had walnut bookshelves on the back facing the living section of the room, with growing plants on one of the shelves. Looked like a handsome piece of modern furniture. But the front, facing the food preparation and eating area, combined the most advanced refrigeration engineering.

shelves on the back facing the living section of the room, with growing plants on one of the shelves. Looked like a handsome piece of modern furniture. But the front, facing the food preparation and eating area, combined the most advanced refrigeration engineering.

Peach 'n' Apple Deep Dish Pie

By GAYNOR MADDOX
Newspaper Enterprise Assn.

Did you know that almost all peach growers are apple growers, too? Mrs. G. T., wife of a commercial apple and peach grower, sends this recipe, saying, "It features about the last of the season's peach crop and the first of the new apple crop."

PEACH 'N' APPLE DEEP DISH PIE
(Makes one 9-inch square pie)

- 3 cups peeled, sliced fresh peaches (4 to 5 medium size)
- 2 cups peeled, sliced green apples
- 1 cup sugar
- 3 tablespoons flour
- 1/2 teaspoon cinnamon
- 2 tablespoons butter, cut into pieces
- Pastry for one-crust pie
- 1 teaspoon sugar
- 1. Mix fruits, sugar, flour, cin-

namon and butter in 9-inch square pan.

2. Roll pastry to 9-inch square. Lay on top of fruit in pan. Press edges of pastry to edge of baking dish. With fork, prick air holes in top of pastry. Brush lightly with cool water and sprinkle with 1 teaspoon sugar.

3. Bake in 450-degree oven for 10 minutes. Lower heat to 375 degrees and bake 35 to 40 minutes more. Serve warm with cream or ice cream.

Turkey - Oranges New Taste Treat

(Serves 10 to 12)

- 1 10 to 12 pound ready-to-cook turkey
- 3 medium California oranges, unpeeled, cut into chunks
- 3 slices bread, torn in small pieces
- 1/2 teaspoon salt
- Dash pepper
- Fresh Lemon Basting Sauce
- Rinse turkey. Drain and pat dry. Combine orange pieces, bread, salt and pepper; spoon into body cavity of turkey. Place on spit according to roisserie directions. Tie twine around turkey to hold wings against body and tie legs and tail together. If desired, insert thermometer into thickest part of thigh. Attach spit to roisserie, checking to see that turkey rotates evenly. While cooking, baste frequently with Fresh Lemon Basting Sauce. Cook according to your roisserie time and temperature chart (approximately 15 to 17 minutes per pound). Turkey is done when thermometer registers 185 to 190 degrees, or when thickest part of drumstick feels soft. When done, remove orange stuffing and discard (flavor and fragrance has already penetrated the turkey). Let turkey rest about 30 minutes before carving.

FRESH LEMON BASTING SAUCE
(1 cup)

- 1/2 cup fresh lemon juice
- 1/2 cup salad oil
- 2 teaspoons oregano leaves, crumbled
- 1 teaspoon salt
- 1/2 teaspoon freshly ground pepper
- 1/2 teaspoon onion powder

(More Sports On Page 20)

COLORADO'S BEST BEER!

CANADIAN (Spl) — The already undermanned and underweight Canadian Wildcats suffered a crushing blow to their football fortunes when they lost their starting quarterback and one of their first string halfbacks in their opening game!

X-Ray reports show that quarterback Bill Krist broke his right hand in the first quarter of the Wheeler game, while playing defense. Krist will be out for approximately six weeks, said the doctors.

To make matters worse, left halfback Keith Yarnold, who was outstanding on defense against the Mustangs, has a hip injury and is a very doubtful starter against Sanford - Fritch Friday night. Yarnold has been unable to work out since the game and will see limited action at best.

Coach Dwain Currie has been desperately juggling his lineup in an effort to make up for the loss of the twosome. Tackle Benny Echols was called back to quarterback in the midst of the Wheeler game and will take over the position again this week. Jerry "Rattusnake" Patrie is also working out at the position as insurance.

The loss of Echols will hurt the line badly, said Currie, as Bennie was the second biggest lineman. Switching around the line in an effort to make up for it, the Wildcats have switched Don Crozier from center to guard, with Junior Charles Kessie (135), sophomore Gary Harrell (128) and defensive Stan Swires (135) vying for the center's job.

Replacing Echols will either be Bill Owens, 155, moved from guard, or sophomore Rocky Lucas, 145, sophomore Tommy

STAN SWIRES shines in defeat.

Hyatt, 148, will move up to Yarnold's starting post.

Currie reported we had almost no offense to speak of against Wheeler. The main reason, of course, was the loss of Krist in the first quarter. Echols has played the position, but after two weeks in the line, his timing was completely off and we couldn't get started. We made a lot of mistakes, and those big linemen of Wheeler's ate us alive. We just couldn't move on them.

"Whether our offense will improve this week is the big question. We think the quarterback change will make a big difference - Echols' timing will be all right, but then the loss of Yarnold will hurt our running and our defense too.

"Our defense was good against Wheeler. Patrie, Yarnold and Swires were outstanding. Feroocious Frank Robbins did a good job too. The big boy (280) played the whole game on defense and Wheeler double-teamed him every play. Two men hit him every time. They held him, but they didn't move him, and they didn't run very many plays straight at him. Our center (Don Crozier) and our two guards Bill Owens and Joe Gutierrez, did pretty well too.

"If we weren't hurt, we'd have a good chance against Fritch, although Stinnett shut them out, 34-0. They have a real good passing game, its their best offensive weapon. Quarterback Curtis Whaley can really throw that ball and ends Jerry Watkins and Jim Weaver can catch it, as can halfback Davis Scott. They've got a good wide-running game, but Stinnett contained it real well. Our light line will have trouble, they have a veteran line, anchored by good-looking tackle Charles Luerson, 218.

"We're going to give it everything we have tomorrow night though, we'll have a week off to rest up after that."

Probable starting lineups: Canadian: left end - Jerry Patrie; left tackle - Mike Henderson; left guard - Don Crozier; center - Stan Swires or Gary Harrell or Charles Kessie; right guard - Joe Gutierrez; right tackle - Bill Owens or Rocky Lucas; right end - Sandy Fiel; quarterback - Benny Echols; left halfback - Tommy Hyatt; right halfback - David Cook; fullback - Joe Schaefer. Fritch: RE - Jerry Watkins,

145; RT - Bob Scott, 165; RG - Lee Rollins, 165; C - Bill Stevens, 155; LG - Kitt Jackson, 136; LT - Charles Luerson, 218; LE - Jim Weaver, 168; QB - Curtis Whaley, 145; RB - David Marcum, 165; LHB - Davis Scott, 155; FB - Danny Stottleyer, 150.

Mustangs Know Little About Mangum Squad

WHEELER (Sp) — Problem: How do you play a team you don't know anything about?

Solution? . . . Ask Wheeler coach Grady Burnett, he's still trying to figure it out, as the Mustangs, fresh from their 7-0 defeat of Canadian, head out to the wilds of Mangum, Okla., tomorrow.

"They haven't played yet this year, I didn't get to scout their practices or scrimmages, and I don't have any films to go on," reported Burnett. "All I know is how they did against us last year and remember a few outstanding players they had that should be back.

"We defeated them in a close one here last year, 14-8. Most of their players were underclassmen like ours and they should have about eight starters back. We actually beat them more decisively than the score, much as we did Canadian last week, but they went on to pile up a real good record for the rest of the season.

"They're rated Class A, and Oklahoma only goes to Double-A, so size-wise, they should be between a Texas AA and AAA school.

"They're big, they had a 250-pound defensive middle guard, and a 190-pound center who was good both ways. They had a little colored halfback who was real shifty and hard to tackle.

"Actually we dominated the game offensively. They got only one real long run, by their fullback, who graduated, for their only score."

Reviewing the Canadian game, Burnett was happy to report no injuries suffered and the team at full strength. The balding Mustang mentor had little fault to find with his team's performance

STANDOUTS — Overall standouts in Wheeler's win over Canadian last week were lineman Kent Sims (left) and Neil Rogers. (Daily News Photo)

last week "except for our downfield blocking, which needs work. We also need work between the twenties. We moved that ball all over the field, but when we got to paydirt, we made mistakes. . . we got too eager and started getting penalties, which cost us a couple of scores.

"We're also going to vary our offense a little. . . use more T and unbalanced line so we can give Richard Wallace more throwing chances. He hit four of eight passes last week, but most of them were killed by penalties. Don Burks, who came out after the

season started, was grabbing passes at both halfback and end, and Kent Sims, Dunc Porter and Mendall Hunter will be likely targets.

"If I had to pick any standouts overall, it would have to be Sims and tackle Neil Rogers. They and Gene Watson headed the blocking out of the flip-flop. Rogers was tremendous on defense. Sims didn't get much chance at halfback, because there weren't too many Canadian players getting past the line. Other defensive standouts were Hunter, Burks, Watson, Porter and Jimmy Adams. Hunter and Porter led the

16 Golfers Move Into 5th Round

DES MOINES, Iowa (UPI)—An upsetting unknown from Cleveland and four of the top stars were among 16 hopefuls who set out today in the fifth round of the U. S. Amateur golf championship with a quartet of them to be left in the running by nightfall.

Walt Stahl, making only his second appearance in the Amateur, hoped to continue his unexpectedly brilliant play and had to do so if he hoped to survive among such as Charley Coe, Deane Beman, Bill Campbell and collegiate champion Dick Sikes.

The lanky 28-year-old gear salesman was a total of only three over par over the tough Wakonda Club course in contributing the tournament's top upset by flattening defending champion Labron Harris Jr., 2 and 1, and then roaring past Bob Cochran of St. Louis, 6 and 5.

Today he goes against Dave Stockton of San Bernardino, Calif., in the fifth round and then, if he is to reach Friday's 36-hole semifinals, would have to face the winner of a match between Beman and Barry Meerdink of Muscatine, Iowa.

Campbell, the former West Virginia legislator, will face John C. Owens, the Kentucky amateur champion. In the first of today's two 18-hole rounds,

backfield blocking. "We looked good last game overall, and if we can keep away from those goal-line mistakes, we'll look even better."

Probable starting lineup: RE-Kent Sims; RT-Neil Rogers, RG-Jimmy Jamison; C-Terry McCasland; LG-Gene Watson; LT-Danny Dorman; LE - Jamie Moore; QB - Richard Wallace; RB-Dunc Porter; LHB - Daryl Snelgroves; FB- Mendall Hunter.

Sporting Sidelines

by JEFF COHANE

TIME TO DRAG OUT the ol' crystal ball. . . had a big patch put on it after all the wrong predictions seeped through last week.

The "Experts" have declined as a body to make predictions on the Pampa vs. Wichita Falls game. A really tough one to pick. . . on paper the Coyotes must be made about three-touchdown favorites.

. . . ranked eighth in the state and tabbed as good as the WF teams of 1959-61. However, Wichita Falls is a ball-control team, which prefers to score and then keep the enemy from doing so. . . according to the crystal they just won't be able to stop Kenny Hebert and his speedy backfield mates from tallying, so the Ol' Swami pick . . . WICHITA FALLS 21, PAMPA HARVESTERS 14.

News City Editor John Shipman is a refugee from Wichita Falls and followed the Coyotes closely. As a visiting expert, his prediction is: WICHITA FALLS 28 PAMPA 14. . . Wichita Falls has a good offense and an excellent defense that the Harvesters will find hard to move against. Wichita Falls is known for its ball-control game and has a proven line anchored by 190-pound Joe Fowler and 215-pound Jim McGrath at the tackles.

TASCOSA 28, PERMIAN 14. . . Tascosa should live up to pre-season ratings, the Odessa team "is not as strong as usual."

TULIA 20, WHITE DEER 7. . . Tulia impressed with a 22-0 blanking of Hereford last week.

MIAMI 12, BOOKER 6. . . Disregarding the rest of the Experts, the Ol' Swami goes with the Warriors to open the season with a win if their injured players recover.

FRITCH 6, CANADIAN 0. . . Both teams have been blanked in their openers, Canadian was almost the choice until they lost their quarterback and one of their halfbacks through injuries.

WHEELER 14, MANGUM 8. . . Same as last year. Both teams re-

turn nine starters from good teams, should be on a par.

McLEAN 21, PANHANDLE 7. . . Dickie Crockett and company roll on.

GRUVER 12, GROOM 7. . . The crystal ball indicated a comeback for the Tigers, but Sobbin' Jack York's tears washed out the picture.

MOBEETIE 12, LAKEVIEW 6. . . Again the Ol' Swami disagrees with the Experts, the Hornets will sting!

SAN ANGELO 21, BORGER 0. . . Despite Otis Holladay's milkshake wagers, this just ain't the Bulldogs of 1962!

DUMAS 21, PALO DURO 6. . . The Demons impressed in the scrimmage with Pampa, should be a state contender again.

WEST TEXAS 28, ARLINGTON STATE 0. . . The Pistol should name the score.

WASHINGTON STATE 14, TEXAS TECH 0. . . If Ray Howard can pick against the Raiders, how can we argue?

TCU 14, KANSAS 7. . . Kansas hasn't beaten the Horned Frogs since they were toads.

LSU 14, TEXAS A&M 0. . . Aggies gipped by those clever Chinese!

TEXAS A&I 28, TRINITY 21. . . A battle of high-scoring powerhouses.

TEXAS 21, TULANE 0. . . Longhorns start the ball rolling.

MIAMI 28, FLORIDA STATE 7. . . George Mira uncorks the rifle.

PIT 14, UCLA 7. . . real battle. The experts are divided.

ALABAMA 35, GEORGIA 7. . . Bama looks good for this year.

HOUSTON 14, AUBURN 6. . . Go, Cougars, all the way!

Pampa's first home football game was called off today, because of wet grounds.

Sports Briefs

Shirley Back

EUGENE, Ore. (UPI)—Defending champion Shirley Englehorn, out of a hospital less than a week, began her bid for a repeat championship in the \$10,000 Eugene Ladies Open golf tournament today.

Seattle Open

SEATTLE (UPI) — Jack Nicklaus and 82 other touring professional golfers tee off today in the \$35,000 Greater Seattle Open.

Nicklaus will be after the \$5,400 SPTS 1-14 TOURNEY.

Tourney Slated

MCALLEN (UPI)—The Texas Fly-In Golf Tournament will be held Oct. 31-Nov. 2 at McAllen Municipal Course.

Directors of the event will complete plans for the second annual affair next Tuesday at Houston.

Player Swapped

DALLAS (UPI) — The Dallas Cowboys traded defensive halfback Jerry Norton to the National Football League champion Green Bay Packers Wednesday for a future draft choice.

Dallas recalled waivers on Norton to make the trade.
