Maritime Leaders Brand Administration's Economic Boycott of Cuba a Failure

Urgent Plea for 'Fresh' Men Is Made From Coast 500 Are Needed To Shore Up Levee

By KYLE THOMPSON
United Press International
PORT ARTHUR, Tex. (UPI) — The county civil defense director put out an emergency call today for 500 fresh volunteers to replace exhausted men who labored all night to shore up a levee that held back a new flood from a Port Arthur suburb.

The flood behind the levee was one of many caused by rains up to 22.78 inches from dying Hurricane Gandy. The levee held back the combined waters of a gully and a bayou that threatened to pour over already half-flooded Port Acres, a southwestern suburb of Port Arthur.

The water already in Port Acres and Port Arthur drained slowly away. But water behind the levee rose and it was still questionable whether the levee can be made to hold.

The Southeast Texas floods put water in an estimated 3,000 homes early Wednesday all over Jefferson County, and occupants fled. Most of them have since returned. The Port Acres levee situation was most critical remaining and county civil defense director Sawyer Woolston called it "an extreme emergency."

Budget Ordinance Approved 4-1 on Second Reading

An ordinance to adopt Pampa's 1963-64 city budget was approved on second reading at a special meeting of the city commission late yesterday afternoon in City Hall.

The \$1,650,000 budget again was okayed on a 4 to 1 vote with Commissioner Leon Holmes dissenting as he did at the first reading of the legislation Tuesday.

Third and final reading of the budget ordinance is scheduled for a called meeting of the commission at 5:30 p.m. Friday.

Masonic Degree Team Will Tour Panhandle Cities

A degree team made up of members from Masonic lodges in Pampa, Borger, Amarillo, Dumas, Palo Duro and Groom will confer Master-Mason Degrees in four Panhandle cities next week.

The team, under the auspices of the Scottish Rite bodies of El Paso, will be directed by Wayne L. Slaughter, secretary of the El Paso Scottish Rite, and Frank McDonald, also of El Paso.

At Industrial Workshop Four Reasons for Industrial Development Are Explained

The 40 Pampans who attended the six-hour industrial development workshop yesterday in the Coronado Inn learned there are four major reasons for industrial development.

U.N. Asked To Play Stronger Role in Cold War

UNITED NATIONS, N.Y. (UPI) — Canadian Prime Minister Lester B. Pearson called today for a strengthening of the United Nations' political, military, and economic roles in order to make the most of the easing of the cold war.

Wars On Seagulls

LEEWARDEN, The Netherlands (UPI) — The Royal Dutch Air Force put into operation Wednesday its newest weapon in the battle to keep Leeuwarden Airbase's runways free of seagulls.

Grand Opening Held at Pampa's Largest Store

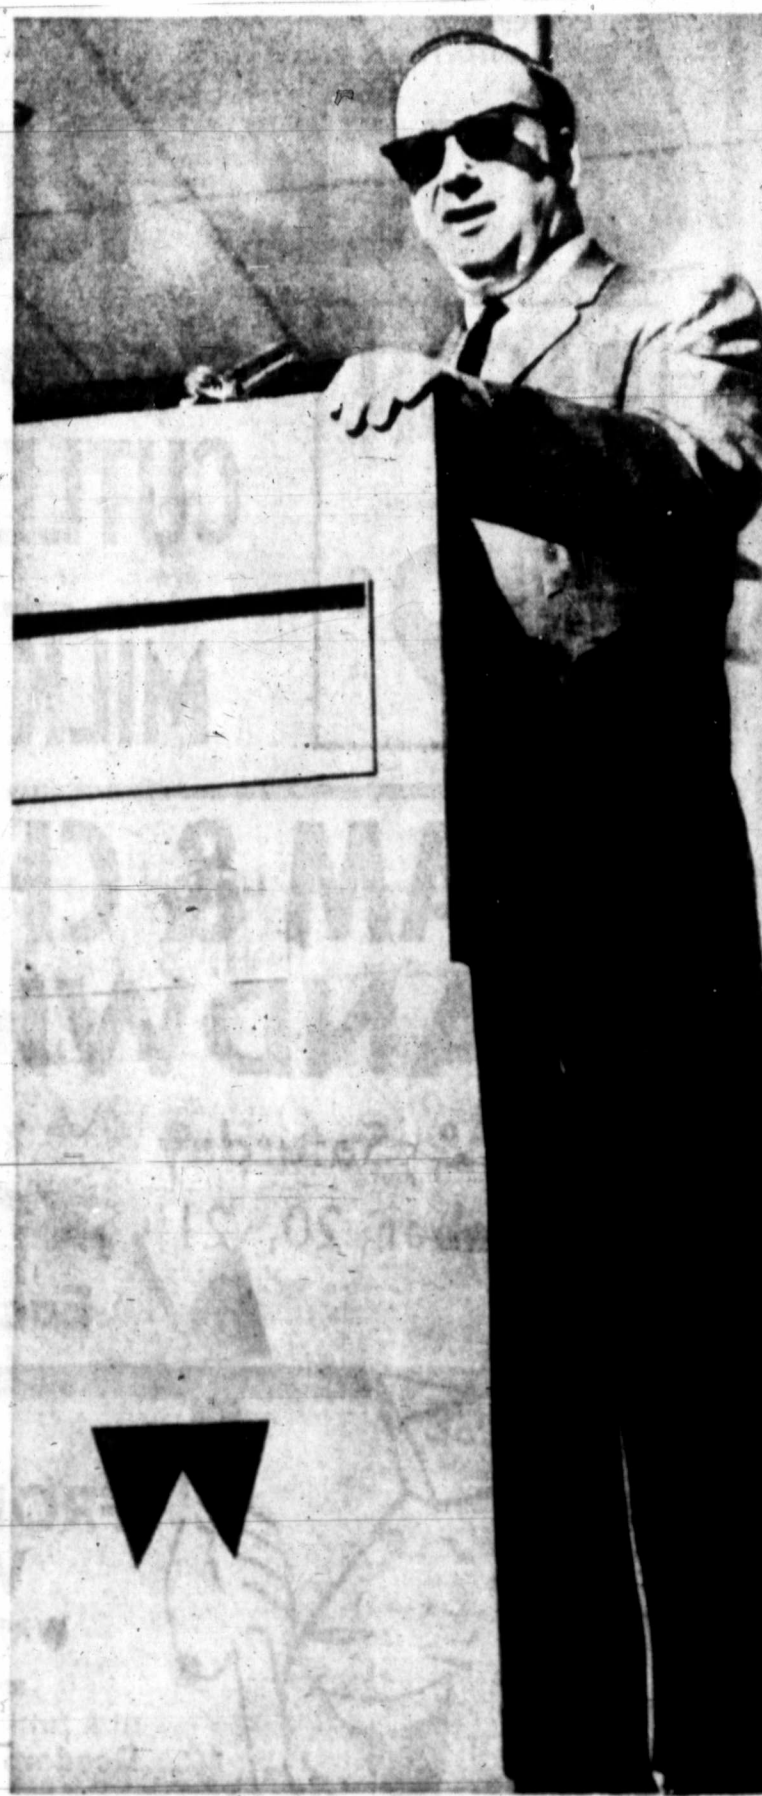

After a grand opening ceremony this morning, which included talks by Montgomery Ward executives and local city and Chamber of Commerce officials, Montgomery Ward, Pampa's largest retail establishment, opened its doors to the public for the first day of shopping in the new store, located in the Coronado Center on N. Hobart.

Plans for Fire Prevention Week Are Being Made

The fire prevention committee of the Chamber of Commerce will meet with city officials and officials of the Fire Department at 10 a.m. tomorrow in the C of C office to complete plans for the annual Fire Prevention Week, scheduled for Oct. 6-12.

Man in Jail After Cutting Incident

William McNabb, 32, of San Pablo, Calif., was taken off a cross-country bus at McLean after authorities said he cut his neck with a mirror between 9:30 and 10:45 p.m. yesterday.

REGIONAL MANAGER EXTENDS WELCOME — Regional Manager for Montgomery Ward, S. A. McKnight, is extending a welcome to the approximately 300 persons gathered at the store's location in Coronado Center to participate in the grand opening of the new store this morning. (Daily News Photo)

Tougher Policy Is Demanded

By FRANCIS L. MCCARTHY
NEW YORK (UPI) — U.S. maritime leaders today branded the administration's economic boycott of Communist Cuba a failure and demanded tougher measures to halt free world trade with the Soviet satellite.

Ralph E. Casey, president of the American Merchant Marine Institute AMMI and Joseph Curran, head of the National Maritime Union, joined in describing current U.S. pressure on Cuba as ineffectual to date.

Casey said the AMMI, representing the majority of American flag shipowners, wanted sanctions imposed against foreign governments as well as foreign shipowners trading with Cuba.

"After more than a year of half-way (economic) measures (against Cuba), it is high time we arrested the steady buildup of (Communist) economic power in Cuba," Casey said.

(In Washington today, government officials said French ships have started trade with Cuba for the first time since Jan. 1, when the U.S. Maritime Administration started a "black list" of free world ships trading with Cuba.

(The officials said the State Department had taken up the matter with the French government, which said it has no control over the ships.)

Curran called for stiff sanctions against all companies and all ships of those companies engaged in trade with Cuba. He said the NMU has long sought an extension of economic sanctions against Cuba.

Casey called on free world shipowners in the International Chamber of Shipping to voluntarily withdraw their tonnage from trade with Cuba. He said this would eliminate overnight 75 per cent of tonnage presently available to Cuba.

This in turn not only would seriously handicap the Castro regime but increase tremendously the cost to Russia of Soviet economic support of Cuba, Casey said.

Blasts Present Policy — The present U.S. policy of denying U.S. government cargoes to only those foreign flag ships engaged in trade with Cuba was a blotted by Casey as "too weak."

Firemen to Get Hearing on Pay Raise Complaint

City firemen will meet with the City Commission next Tuesday morning to discuss the commission's recent action in excluding firemen from a general five per cent salary increase granted to all city employees except police and firemen.

Capt. F. E. Dyer, member of a fire department grievance committee, said today the protest had been lodged with City Commissioner Jim Nation Jr. and the committee has been granted a hearing at the Tuesday commission meeting.

"We will present our case at that time," Captain Dyer said. City Manager Harold Schmitzer said this morning he also had scheduled a meeting for 2 p.m. today with the firemen to discuss the matter.

Schmitzer indicated he felt there was some misunderstanding over the salary arrangements pertaining to the fire department.

Police Chief Jim Conner said today he knew of no movement among policemen to take part in the protest.

Salary schedules for the police and fire departments are not the same. Police employees operate under social security, but firemen do not participate in social security because of a state pension law which applies to firemen only.

Oil Allowable Is Set for October — AUSTIN, Tex. (UPI) — The Texas Railroad Commission today set the October allowable for crude oil at 2,878,206 barrels daily. The allowable is based on 28 per cent of potential, the same as September.

Fischer Quints Get New Home

ABERDEEN, S.D. (UPI) — The thriving Fischer quintuplets added a \$100,000 home today to their bonanza that already is worth nearly \$200,000.

And in South Dakota, there's really a lot of house.

The quintuplets themselves were "getting along good" in the fifth day of their lives. Their doctor, paid them a midnight visit and said he had increased their milk formula again.

The promise of a new home was the biggest item on a growing gift list for Andrew Fischer, 38, a \$76-week grocery clerk, and his wife, Mary Ann, 30.

The Curtis Publishing Co. announced it had bought publication rights to pictures and stories of the Fischer family.

Live On Outskirts — The Fischers and their other five children have been living in a five-bedroom two-story stucco house two miles out of Aberdeen. Fischer also has rented some barns and a few acres so he could keep two milk cows.

Dr. James N. Berbos, the general practitioner who delivered the quints, told newsmen after his midnight visit that he has not decided when Mrs. Fischer will return home. He said earlier that she was being held in the hospital because of the excitement and hectic activities that surely will surround her when she does leave.

WEATHER FORECAST

Pampa and Vicinity — Generally fair tonight and tomorrow. Low tonight near 60. High tomorrow mid 80s.

The high in Pampa yesterday was 84. This morning's low was 61, with no moisture reported, according to William Bowen, member of the Panhandle Amateur Weather network.

GET U. S. ASSURANCE WASHINGTON (UPI) — The United States has assured both Pakistan and India that it will protect either one of them from an attack by the other. Phillips Talbot, assistant secretary of state for Near Eastern and South Asian Affairs, said Tuesday both nations had been assured that in the "highly unlikely event that either country should attack the other, there would be an American response."

Fate of FW-Dallas Airport Uncertain

WASHINGTON (UPI) — James C. Buckley returned to a Civil Aeronautics Board hearing yesterday to continue testimony in behalf of efforts to retain Dallas-Fort Worth as the CAB decides Dallas and Fort Worth should be served through a single airport.

Buckley spent the day on the stand Tuesday — mostly under cross examination — as the final phase of the Dallas-Fort Worth regional airport plan hearing was resumed here. It was conducted by CAB examiner Ross Newmann, who conducted lengthy hearings on the matter in Texas.

He predicted the Washington phase would be concluded by Thursday or Friday, after Buckley undergoes further questioning by other parties in the case and after some federal aviation agency officials are heard.

Notes From the Foreign News Cables Are Given

By PHIL NEWSOM
UPI Foreign News Analyst

Notes from the foreign news cables:

No Deal: Diplomats in Paris see no real likelihood of the West taking up Soviet Premier Nikita Khrushchev seriously on his plan for a non-aggression treaty between NATO and the Warsaw Pact countries. Although the NATO council is spending long hours discussing the project, the French are adamantly opposed and West Germany is extremely cool. Diplomats expect the whole project ultimately to be talked to death.

Presidential Ambitions: Vice President Amanuel Pelaez has his eye set on being the next president of the Philippines and according to Filipino political

sources, his chances are good. The sources say Philippine President Diosadado Macapagal gave Pelaez his big chance — though not intentionally — when he linked Pelaez with American businessman Harry S. Stonchill who was deported from the Philippines last year. The sources say that Pelaez, once a loyal supporter of Macapagal, now feels he is his own man and is free to pursue his own political ambitions.

Diplomatic recognition: Look for East Germany to try to cash in on the continuing bad feelings Pakistan feels towards the United States. U.S. Under-Secretary of State George Ball went to Pakistan last week to try to keep Pakistan from drifting closer to Red China — a move generated largely by Pakistan's

anger over continued U.S. coming of India, which it considers a greater threat than the Communist Chinese. Ball failed to win any assurances. Working on President Mohammad Auh Khan's general displeasure with the West the Reds have been working to solidify their ties with his country — and can be expected to work harder now. According to reports from East Berlin some time ago, the East German Communists are trying to expand trade relations with Pakistan, particularly by working for an exchange of trade missions. The Communists hope that such trade missions could pave the way for the establishment of diplomatic relations.

A typical jet airliner flying the 145-minute New York to Miami trip burns about 5,000 gallons of fuel. A like quantity of gasoline would last an average passenger car about seven years, Oil Facts reports.

Accused Killer, Robbery Suspect Sscape Fails

OKLAHOMA CITY (UPI) — Charles Hiskey, an accused killer, and bank robbery suspect Ronald Hopgood, failed early yesterday in a bid to escape from the Oklahoma County jail.

The two men grabbed jailer R. J. Green, 66, when Green investigated a noise in the maximum security cellblock. But when they tried to use Green to force jailer Robert E. Shelden, 62, to open the outer door of the jail, their plan misfired.

Shelden pretended to push a button to open the electronically controlled door, but instead sounded an alarm that brought officers from throughout the city.

56TH YEAR THE PAMPA DAILY NEWS THURSDAY, SEPTEMBER 18, 1963 3

QUIET EVENING
NEW YORK (UPI) — A new twist in fund raising was tried by a medical research foundation in Chicago recently, says Card Commentary, when 500 families with a sense of humor gave \$100 each to enjoy a Quiet Evening at Home. Promoters of the scheme figured that these 500 families would save \$225 each by NOT going to a benefit ball (new gown, baby sitter, parking fee, etc.). Before dinner time, each contributing family received a bottle of champagne, a deck of cards and a score pad to provide a party night for the stay-at-homes.

Announcing Plymouth and Valiant for 1964

Sport Fury 2-door hardtop

This good-looking 1964 Plymouth really gets up and goes and has a 5-year/50,000-mile warranty* to keep it going that way.

This is the handsome full-size Plymouth for 1964. A few slow circles around it reveal the clean, simple, strong shape of the modern Plymouth. Newness is immediately apparent from the front, back, and profile, especially the new 2-door hardtop roofline shown above. Inside the car, more new beauty,

and fabric strength to preserve that beauty. Then there is the special way this car performs. Thousands of laps around the Proving Grounds show that the 1964 Plymouth is quick, alert, vigorous — a sure bet to maintain Plymouth's performance superiority of the past two years. And there's the 5-year/

50,000-mile engine and drive train warranty* that backs up the performance of all 26 models of Plymouth for 1964. In other words, if this is the year you picked to buy a new car, you picked a beautiful year to **Get up and go Plymouth!**

Signet 200 2-door hardtop

This smart-looking 1964 Valiant is a hummer in its own right and it's the low-priced compact with a 5-year/50,000-mile warranty.*

It would take an awful lot of compact to top Valiant/64 style. Take styling. The new Valiant is newest coming at you, with its completely redesigned grille. Valiant presents a new rear view, too, to admiring followers. All around the car, there is more charm than compacts are supposed to have. Take performance. The new Valiant's stand-

ard 101-hp engine is where the word "hummer" comes from; its optional 225-cu.-in. engine is where the word "good-bye" comes from. Take quality. A 5-year/50,000-mile warranty, guards the performance of each new Valiant.* Low price is the new Valiant's wrapper-upper. You could do a lot of looking around and never come up with a better

value. It's at the same place you'll find the new 1964 Plymouth... at your nearby Plymouth-Valiant Dealer's.

Valiant/64 style Best all-around compact

*HERE'S HOW THE STRONG 5-YEAR WARRANTY PROTECTS PLYMOUTH AND VALIANT OWNERS: Chrysler Corporation warrants for 5 years or 50,000 miles, whichever comes first, against defects in materials and workmanship and will replace or repair at a Chrysler Motors Corporation Authorized Dealer's place of business, the engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excluding manual clutch), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings of its 1964 automobiles, provided the owner has the engine oil changed every 3 months or 4,000 miles, whichever comes first, the oil filter replaced every second oil change and the carburetor air filter cleaned every 6 months and replaced every 2 years, and every 6 months furnishes to such a dealer evidence of performance of the required service, and requests the dealer to certify (1) receipt of such evidence and (2) the car's then current mileage.

See Plymouth and Valiant in action on "The Bob Hope Show," "The World Series," and "The Huntley-Brinkley Report" — NBC-TV.

J. R. Bradley To Speak At C of C Luncheon

J. R. Bradley, conductor of the industrial development workshop held in the Coronado Inn yesterday, will summarize the workshop sessions for the monthly Chamber of Commerce membership luncheon at noon Tuesday in the Starlight Room of the Inn.

Bradley is a representative of the Texas A&M industrial, economic research team that conducted the six-hour workshop for C of C directors and industrial committee members of the chamber.

The workshop was intended to help Pampanos understand what Pampa can and should do to encourage industries to select Pampa as the site for new plants.

Chamber officials urge everyone who can to make reservations to hear the 45 minute address by calling the chamber offices, MO 4-3241.

The Pampa Jaycees will forego their meeting next week and meet at the Inn Tuesday to hear Bradley speak, according to chamber officials.

Articles Are Reported Stolen

Mrs. E. C. Wells, 1216 Alcock St., reported to police that someone entered the Wells apartment at the Coronado Apartments, 1001 N. Sumner, during the past week and stole three men's shirts, a wool blanket and a steam iron. Mrs. Wells said the theft was committed while the Wells were in the process of moving from the apartments to the Alcock address. Police also were told by Mrs. Wells that over the past few weeks someone had stolen food from her refrigerator, and in one instance remained long enough to take a bath while the Wells were away from home.

Total value of the stolen articles was placed at \$48.95, police said.

Palmer to Lead Sales Clinic

Fred Palmer of Columbus, Ohio, will be in charge of the two sales clinics during the One Great Day of Selling scheduled Sept. 25 in the Pampa Junior High School auditorium, 126 W. Francis.

The big items clinic will be conducted from 3 to 5 p.m. The other, for small items, will begin at 8 p.m. and close at 10 p.m.

These clinics are sponsored by the merchants committee of the Chamber of Commerce.

Levee

(Continued From Page 1)

half levee. Sheriff R. E. Culbertson said "We're holding our own. The water is not falling, but is still rising slowly and the potential is just as great as before."

At one point during the night, the water was within six inches of the top of the sandbags, but the volunteers, working feverishly, raised the margin to 18 inches by dawn.

Civil defense officials said the water behind the levee was 7.4 feet deep.

If the levee were to break, authorities said, the water level in Port Acres' streets, already two to four feet, would rise as much as six feet.

Seek Disaster Aid Heavy equipment was used to pile earth on one lane of state highway 365, which runs along another edge of the bayou holding the threatening waters.

The Sabine and Neches rivers were unable to handle all the runoff from the heavy rains.

Eight Jefferson County mayors asked the government to declare the county a disaster area, so it will be eligible for federal financial assistance.

Rescue workers were still removing persons from their homes today. Rain drenched the area intermittently during the night and flash flooding was reported on the east side of town.

Muskrat Fur "The muskrat is considered first among most valuable fur-bearing animals in North America, in the point of number of furs used. Trappers take between 10 and 12 million muskrats annually.

Corporation Court Trials Postponed

Six cases scheduled for trial in Corporation Court today were postponed because of the absence from the city of City Atty. Bob Gordon.

City Recorder John Warner said the cases had tentatively been reset for Oct. 3.

Development

(Continued From Page 1)

to the existing industry. They warned that the seven following procedures have proved by experience to cost the community practicing them. According to the workshop, it is of doubtful value to misrepresent or conceal the truth about the community, allow unplanned travel, at community expense to call on supposed prospects in distant places, violate the confidence of anyone, "knock" neighboring communities as location sites, plead hardship, fall for promoter's sales and advertise "cheap" labor.

Quirks In The News

ABERDEEN, S. D. — Mrs. Frank Fetting, a nurse, describing the movements of Mary Catherine, one of the five Fischer quintuplets: "She was really moving and waving her arms. She was really directing traffic."

BIRMINGHAM, Ala. — The Rev. Edward Gardner, addressing a rally of Negroes in a church here: "Many more of us may lose our lives before freedom comes to Birmingham. Those four children did not die in vain."

GLASGOW, Scotland — Richard Tompkins, 27, a wandering American guitarist, who was repatriated Monday for begging: "I reckon I'll stick around Scotland and then nip across to Ireland to see what it's like. I may get to Russia."

Since learning to read is fundamental to all learning, these problems become the major concern in education.

Mainly About People

The News invites readers to phone in or mail items about the people and things of Pampanos or friends for inclusion in this column. * Indicates paid advertising.

A board meeting of the Pampa Altirus Club will be held at 12 noon tomorrow in the Coronado Inn, according to Mrs. Lorene Locke, president.

St. Matthew's Episcopal Day School announces the opening of a fourth grade class, Monday, September 23. The school will have classes, Kindergarten through the 6th grade beginning September 1964. Anyone interested may contact the church office MO 4-3994.

Lucille Gordon, daughter of City Atty. and Mrs. Bob Gordon, a freshman at Oklahoma State University, Stillwater, Okla., is seriously ill in the University Hospital there, suffering from pneumonia. Mr. and Mrs. Gordon are in Stillwater. Miss Gordon was stricken after she had been enrolled at the school for only a few days. Her condition today was reported satisfactory.

Rummage and White Elephant Sale — Saturday, 21st, 120 W. Foster. *Cathy Culbertson is now associated with the Modern Beauty Salon, 110 N. Russell, phone, MO 4-7131.

NAME NEW BISHOP WASHINGTON (UPI) — The Rev. Paul Moore Jr., dean of Christ Church Cathedral, Indianapolis, Ind., since 1957, has been elected suffragan bishop of the Episcopal Diocese of Washington.

The Rev. Mr. Moore, a 43-year-old native of Morristown, N. J., was elected at a special diocesan convention Monday. He will serve as suffragan to Bishop William F. Creighton.

Rotary Club Hears Pampa Member Speak

Rotarian Jim Hess gave a talk on "The Four-Way Test" of Rotary at the Pampa Rotary Club's regular luncheon meeting yesterday in the Coronado Inn.

The Four-Way Test of the things Rotarians think, say or do, are: 1. Is it the Truth? 2. Is it Fair to all concerned? 3. Will it build Goodwill and better friendship? 4. Will it be Beneficial to all concerned?

John Wortman, of the Merchants Activities Committee of the Chamber of Commerce, told the group about the "One Great Day of Selling" sales clinic, which will be held in the Pampa Junior High School Auditorium on Wednesday, Sept. 25th. Fred Palmer, national, recognized sales training consultant will conduct the clinic. Two sessions will be held, one from 3 to 5 p.m. and the other from 8 to 10 p.m. Tickets are \$2 per session or both may be attended for \$3.50 per person. Tickets may be purchased at the Chamber office or at the door.

St. Matthew's Day School To Expand

The Board of Trustees of St. Matthew's Episcopal Day School has voted to open a fourth grade beginning Monday. The school presently teaches from Kindergarten through third grade.

Mrs. Albert Knox, of Pampa, a teacher trained in the Carden method, will teach the grade. During the first week of operation, the class will be under the direction of Mrs. Fred Stockdale Sr., a Carden method supervisor from Albuquerque, N.M.

The board also announces that in the 1964-65 school year, the Day School will operate kindergarten through grade six. The Carden System of Language Arts will be used throughout the school.

Young People's Science Lab

Filling Time By The Sun 1. Cut the dial face out of a square foot of heavy wood. 2. Cut a wooden triangle with a six-inch base to serve as the gnomon. Nail this on the dial face with the high point on the outside rim. 3. Set the sundial in a permanent place outside in a wide open area. Use a compass and line the gnomon up with the North Pole. 4. When the sun's rays are directly overhead (no shadow on the dial face) letter the number "12" at this point.

Continue to mark the numbers as each hour passes. "6:00 A.M." will be west of the low end of the gnomon, while "6:00 P.M." will be east.

West Berliners take an opportunity to eye life on the Communist side of the wall through a chink in the concrete curtain.

Ammonia Line Break Repaired

HALE CENTER, Tex. (UPI) — Residents of Hale Center, some dabbling at watering eyes with handkerchiefs, returned home today none the worse for wear because ammonia gas lines ruptured.

Most of the 2,280 citizens of this Texas Panhandle city were evacuated Wednesday night when the lines burst.

Jack C. Bourland, 70, a fireman, said the trouble began when a transfer line being used to drain gas from an 18,000 gallon tank to a 1,000-gallon tank ruptured. Bourland said Walter Burgess, thought the gas was coming from a hose leading to the big tank from a tank truck. He said Burgess wet himself down and went into the fumes to turn the valve off and instead accidentally turned it on full. A second line then ruptured.

Burgess was hospitalized with gas burns. Three firemen were treated for gas burns and released.

Ammonia gas is non-toxic, but is heavy and collects in low areas, shutting off the oxygen supply.

Burgess, owner of an ammonia and butane gas company, managed to put on a gas mask and turn the valve at the truck off. A wind blew fumes directly across most of the homes. Traffic was halted on U. S. Highway 87 for about a half-hour.

Teenager Is Killed In Burglary Attempt

HOUSTON (UPI)—A teen-ager was killed and a young man critically injured early today in separate burglary attempts at which the shop operators surprised the would-be burglars with gunfire.

Fifteen-year-old Alfred Ray Smith of Houston was killed, police reported.

An unidentified man, too badly hurt to find out who he is, remained in critical condition at a hospital, attendants reported. Police planned to take his fingerprints to determine the 25-year-old suspect's identity.

Melvin Nunn, 48, of Houston told police he was guarding a brother's lounge early this morning because burglars had plagued the lounge in the past. He said two men broke a window and wriggled through in the darkness as he waited with a gun.

"When they hit the floor I started firing," Nunn said. The unidentified man was found wounded at the window but another burglar escaped.

The shooting occurred at the Coop Lounge.

LADYBUG, LADYBUG—She's not only cute as a bug but she's acquainting travelers with quarantine regulations about bugs on plants and animals. The symbol is being used by the U.S. Department of Agriculture to gain the co-operation of travelers at this country's international airports, seaports and border crossings. The hitchhiking bug calls attention to brief messages on posters telling tourists that agricultural insect pests are travelers, too, often hiding on innocent-looking fruits, plants and meats.

Move Started to Upset Controversial Order

WASHINGTON (UPI) — Chairman Carl Vinson of the House Armed Services Committee moved yesterday to upset the controversial Defense Department order urging base commanders to act against off-base segregation of Negro servicemen.

Vinson drafted a bill that would make it a court-martial offense for any military man to carry out the Defense Department directive.

In announcing his action, Vinson said that the armed forces have kept themselves free from political affairs "and I intend to do what I can to keep it that way."

However, Vinson's bill seemed unlikely to pass. Some of his own committee members have taken to the floor to defend the order. Civil rights backers generally assure to oppose it.

Other Congressional news: Discrimination: A majority of

the Senate manpower subcommittee gave quick approval Monday to a bill permitting the government to uncover and stop racial discrimination in jobs. Chairman Joseph S. Clark, D-Pa., said the absence of four senators held up formal, and perhaps unanimous recommendation, of the strong equal employment opportunities bill. Under the bill, a Labor Department administrator would be set up who could start investigation and take action to ferret out discrimination by employers, unions and the government.

Wheat: Sen. Kenneth E. Keating said the Canadian-Russian wheat agreement was a "shocking breach" of Western Hemisphere efforts to isolate the Castro regime in Cuba. Keating said the U. S. should lodge a "strong and immediate protest" with Canada over the \$33 million sale. Russia plans to transship the wheat to Cuba.

Geologist From Water Commission Is Still Missing

AUSTIN (UPI) — The Texas Water Commission said yesterday one of its geologists, John P. Staves, 32, of Austin, has been missing since he went to Webb County to check on water well information last week.

Commission Engineer John Vandertulp said Staves wrote his wife from Laredo Thursday, saying he would be home on Saturday. But that day, police found Staves' pickup truck parked in the 2200 block of Broadway in San Antonio.

Vandertulp said the truck was locked and all Staves' equipment was found beside the truck.

"Staves needed his glasses to see good," Vandertulp said. "We are very concerned about his disappearance. He is a highly trustworthy man and a good family man. The situation does not look good."

Notes From Wall Street

NEW YORK (UPI) — United Business Service says that stock prices are unquestionably getting into a high area where there is definitely a need for more careful investment policies.

However, before that point is reached the firm expects to see such warning signals as a speed-up in odd-lot trading, higher mutual fund sales, intensified interest in low-priced speculation, tighter credit, higher margins and overloaded business inventories.

The speculation that the bull market will carry everything along with it has led many traders and investors to search for depressed issues at or near their lows for the year. Edward Underwood of Ira Haupt & Co. says. However, Underwood warns, picking bottoms at any time is a

Adenauer Visits Pope

VATICAN CITY (UPI) — Pope Paul VI received West German Chancellor Konrad Adenauer in a private audience today and paid personal tribute to the 87-year-old leader who plans to retire next month.

Adenauer was closeted with the Pope for about 40 minutes. Later, the German leader talked with Amleto Cardinal Cicognani, the Vatican secretary of state, and visited St. Peter's Basilica.

"In years full of sacrifice, you, Mr. Chancellor, have given an essential contribution to the great work of reconstruction of your country," the Pope said.

treacherous occupation and at best requires unusual acumen, agility and luck. Spear & Staff Inc. feels that although the market averages are at record levels, it is more important than ever to arrange portfolios wisely.

AWOL Marine To Stand Trial For Murder

CHARLOTTE, N.C. (UPI) — A 19-year-old AWOL Marine has been bound over to superior court without bond to stand trial for the murder of cab driver Ernest M. Gallant.

Jerry Dean Henderson of Durham, Tex., AWOL from Camp Lejeune since Labor Day, waived a preliminary hearing here early this week. He was arrested Sunday while walking down a city street with a female companion.

Officers said the youth admitted fatally stabbing Gallant, 55, early Saturday in an abortive robbery attempt. He led police to a clump of bushes where he hid the knife allegedly used in the slaying.

Police said Henderson was living in a house with two other AWOL Marines and two teenage girls, all of whom were being held as accessories. Their names were not revealed. No date has been set for Henderson's trial.

Foreign Commentary

By ROBERT J. SERLING
UPI Aviation Editor

WASHINGTON (UPI) — "If we could take one of these 300,000 pound monsters and tip it out of an airport, believe me we would do it."

The author of those words was Capt. Harry Clark of Trans World Airlines. He was speaking at a meeting on aircraft noise problems held in the New York area recently. Present were civic leaders from noise-conscious Long Island, several top airline officials and a U.S. senator, Kenneth Keating (R-N.Y.).

Clark is a slender, articulate pilot who is eastern region air safety chairman of the Air Line Pilots Association (ALPA). In a quiet but persuasive way, he laid it on the line—flight crews "will resist any further efforts to reduce noise through low-altitude maneuvers and other operating techniques they believe potentially dangerous."

There is no doubt that such efforts are being made. Noise abatement is one of aviation's hottest potatoes. It has reached the point where one suburban Chicago community passed an anti-noise ordinance which provides fines of up to \$200 against any pilot and/or airline violating a certain noise level over the community.

Refuse Certain Procedures
The ALPA itself already has gone on record as refusing to accept any noise abatement procedure which requires:

—A heading or direction change at low altitudes.

—Any turn below 600 feet.

—Climbs at airspeeds less than the safe maneuvering speed established for certain wing flap settings.

—The use of so-called "preferential runways" (runways which take traffic away from sensitive ground areas) when the weather makes such runways less safe to utilize.

—Higher-than-normal glide approaches.

Clark and his fellow pilots are convinced that the noise problem must be solved by engineering and design, not by what he terms "marginally safe flying techniques." The gist of his argument was that even the procedures pilots have agreed to use are potentially hazardous — because they leave little or no margin if something goes wrong. "There still are some people who believe pilots just don't care about the noise generated by aircraft," Clark said. "They believe that pilots roar over their rooftops just for the thrill of it and they would like to think that if these adult delinquents could be rehabilitated, the problem would go away."

Safety A Problem
Clark's point was that the safe operation of a heavy jet is a far greater problem than reducing noise. No pilot, he explained, just goes out to the airport, gets in the plane, starts the engines and takes off. Every takeoff is the culmination of intricate planning — taking into consideration such factors as temperature, humidity, wind direction and velocity, weight of fuel, cargo and passengers, runway length etc.

The same applies to landings. And when anyone starts demanding certain low altitude and low speed maneuvers simply to reduce noise, they could wind up killing 100 passengers. Clark cited just one example—a proposal that jets should be steered away from populated areas almost as soon as they take off,

which involves turns below 600 feet.

Explains the TWA captain: If an engine should quit at a low altitude when a plane is banked at a 20-degree angle, the chances are only 50-50 that a pilot could retain control. If two engines on the same side should fail in a low-speed, low-altitude situation, a crash would be inevitable.

"Any pilot will tell you if he's going to have an emergency close to the ground, he'd rather be going straight ahead," Clark said laconically.

Cite Reliability
He told the meeting that noise abatement proponents always bring up the impressive reliability of jet engines. They ARE reliable to a fantastic degree. But they do fail on rare occasions, and Clark said there is one case on record in which on the same side fail twice in the same day!

There is no major engineering breakthrough in sight on jet engine noise reduction. This is why those complaining about noise turn to flying techniques as the easiest and most obvious target. Demands for additional restrictive techniques have been made in no less than 61 American cities. And if the views of Capt. Clark and his fellow pilots are to be taken seriously, noise abatement could become a safety problem.

There are those in civil aviation who privately think noise is a vastly overrated issue that has become a boiling controversy mainly through a vociferous minority. There is the case, for example, of a Federal Aviation Agency (FAA) test on the sonic boom menace.

The FAA lined up certain citizens to report on their reaction to a sonic boom emanating from a supersonic military plane. Weather grounded the plane but most of the citizens reported they were annoyed by a sonic boom anyway.

GENUINE HOT ROD—With all steam up, this four horsepower, 5-ton steam traction engine has been known to top 30 m.p.h. as it lumbers along in a race. In more sedate moments, the 1912 "Cock 'O the North" can still do threshing chores at Carville, Durham, England. At the throttle; Mr. and Mrs. John Wakefield. Old-timers will recall when such engines were the iron horses of the prairie in the United States, and a common sight at harvest time.

Quotes From The News

By United Press International
WASHINGTON—President Kennedy, speaking of the nuclear test ban treaty:
 "It affords us a small sign of hope that war can be averted, that the terrible destructive power of nuclear weapons can be abolished before they abolish us, that our children can inhabit a world in which freedom is secure and the air is pure."

NEW YORK — Anthropologist Margaret Mead, writing about young married couples and their problems:
 "All alone, with no one to guide them, living in their self-contained homes, often in a completely strange suburb near no one they have ever known before, they are asked to care for each other, to budget and plan ahead, to cook and eat nutritional meals, to look after newborn infants, to combine work and study, and play in ways that would puzzle any vocational counselor who was asked for advice—mothers before they are women, fathers before they are men."

PORT ARTHUR, Tex. — Mrs. Mary Helen Holloway, after being rescued with her 11 children from their flooded home:
 "I don't know if we will have anything left when we get back or not."

ABERDEEN, S.D. — Andrew Fischer, recent father of quintuplets, on bringing up his total of ten children:
 "The best part of bringing them up is my good wife."

CAMERON, La. — Sheriff O. B. Carter, describing the flight of residents as Hurricane Cindy approached:
 "They are filling the roads like ants."

NEW TV SHOW—Pretty girls and a train-happy railroad operator are the ingredients for a new television show, "Petticoat Junction." Principal characters, foreground, left to right: Pat Woodell, Jeannine Riley and Linda Kaye; rear: Rufe Davis, Bea Benaderet, Edgar Buchanan and Smiley Burnette.

 Brighten your home with a pretty decorative rug. Select either in a colorful stripe with fringed ends or solid colored viscose cut loop pile. The shades are so bright! These are with roller-coated or foam backs — octagon or oblong shaped. Buy now — be thrifty and practical!

Television In Review

By RICK DU'BROW
 United Press International
HOLLYWOOD (UPI) — Don't send your boy to Princeton. Dad, if he wants a cool, swinging education. The place to go is "Channing," which is the college that is the name of a new ABC-TV series that premiered Wednesday night. It's got jazzy theme music like Peter Gunn on campus, and a professor who has more problems than the Yale faculty in Washington. Dig? Crazy?
 You'd think that a new series that focuses on a college, a professor and a dean would try to stay pretty close to the campus in its initial episode to register a mood. But the staff that this series may be just another twist on the same old stories came when the young professor spent most of his time in the state penitentiary, helping a Death Row convict work on his memoirs. And next week, his teaching career is threatened when an undergraduate accused him of making improper advances. Dig? Crazy?
 Jason Evers, a normally fine young actor, is the professor; and the marvelous character performer, Henry Jones, is the dean. I personally think that neither of them would care to see Wednesday night's venture again. And John Cassavetes played the convict with the bravado of a New York Met fan imagining he has a major league team just because it is in New York; that is to say, loudly, but in vain.
 There have been so many poor, misunderstood rebel punks on ABC-TV premises this week that it is rumored the network may start an orphanage. As for the college story idea: Years ago, Hollywood musicals portrayed university life as banal, silly fun, and there were few overt intentions of doing good. Nowadays, there are plenty of good intentions and fine causes — such as Wednesday night's, theme of capital punishment — but there is little style and no wit. It is highly compromised progress.

Party Duke, the teen-aged winner of an Oscar for her performance in "The Miracle Worker," bowed in on ABC-TV Wednesday night with her own half-hour weekly situation comedy series — "The Duke Show" — in which she plays the dual role of look-alike cousins, one American, one European. She is a beautiful young lady.

Easy To Eat For Young-Old

By GAYNOR MADDOX
Newspaper Enterprise Assn.
With two parents to feed, both nearly 80, Mrs. K has developed a few nutritionally balanced main dishes that keep them well nourished and happy. Here is one. The old folks can enjoy the ground beef, cut green beans, noodles and soft cheese in a delicious but not over-spiced sauce, without chewing problems.

"If the rest of us are going out to dinner, I often make this casserole for mom and dad. They like the idea of a nice looking dish prepared especially for them. This, soft rolls and a dessert of canned fruit, makes a well-balanced dinner they find very easy to eat and not too heavy," Mrs. K explains.

Yes, that certainly is a well-balanced dinner for senior citizens. Old people need all the nutrients every day that younger persons need, only not so much

of each one. A diet of tea and toast is a health threat to older members of the family, all doctors warn.

GREEN BEAN CASSEROLE
FOR TWO
(2 to 3 Servings)

1 can (8 oz.) cut green beans
½ lb. ground beef
¼ teaspoon salt
Dash pepper
¼ teaspoon salt
Dash pepper
1 cup fine cut noodles, cooked
1 cup small curd cottage cheese
½ cup tomato sauce
1 green onion, finely chopped
Drain beans. Combine beef with salt and pepper, brown in skillet. Stir in beans and noodles. Place in 2 small casseroles. Mix cottage cheese with tomato sauce and onion. Spoon over top of casseroles. Bake in a 350-degree (moderate) oven.

GREEN BEAN CASSEROLE offers a healthy treat for the old folks and the young folks, too.

Autumn's Bounty Transformed Into Applesauce Then Tasty Turnovers

By GAYNOR MADDOX
Newspaper Enterprise Assn.
All you need for perfect homemade applesauce is an orchard, and a food mill that eliminates peeling or coring. Of course, if you don't have your own orchard, you can find good fall apples in your favorite supermarket. We think this recipe for Applesauce Turnovers from Mrs. K. L. about as delicious as any our reader friends have sent us in a long time.

HOMEMADE APPLESAUCE
Quarter apples without peeling or coring. Cut off blossom ends and stems; no need to remove seeds. Place apple quarters in a saucepan or kettle. Add just enough water to prevent sticking (only ½ cup for 4 pounds—about 18 medium-size apples).
Cover and cook over low heat until apples are soft. Spoon apples, a portion at a time, into food mill placed over a bowl. Strain through food mill by turning handle. Discard skins and seeds.
Add sugar to taste (about 1 to 1½ cups for 4 pounds of apples).
Stir to dissolve.

APPLESAUCE TURNOVERS
(6 turnovers)
1 cup applesauce (homemade is best)
½ teaspoon grated lemon rind
¼ teaspoon cinnamon
Dash salt
Pastry for double crust pie

If applesauce is very juicy, drain in a strainer placed over a bowl. Combine applesauce, lemon rind, cinnamon and salt.
Divide pastry into 6 equal parts. Roll out each part on a lightly floured pastry cloth or board large enough to cut into a 5-inch circle with a coffee can lid.
Spoon some of the applesauce mixture onto half of the pastry circle. Make slits in the other half of the circle, then fold slit side over applesauce side. Moisten inside edges with water and seal by pressing edges together with the tines of a floured fork.
Place on an ungreased baking sheet and bake in a 450-degree (hot) oven until lightly browned; 15 to 20 minutes.

AUTUMN'S BOUNTY turns up in tasty turnovers.

BEAUTIFUL, WELL-DONE look of rock Cornish hens is achieved with browning glaze.

Quick-Cooking Doesn't Mean Lack of Beautiful Glazing

By GAYNOR MADDOX
Newspaper Enterprise Assn.
Miss S, a home economist, warns that rock Cornish hens and broiler fryers are so very tender that they need only sufficient roasting time to cook through thoroughly. That means they will not take on an attractive brown. So she suggests that you brush them with soft fat and bottled meat-browner about 14 minutes before taking from oven. Then they will have a beautiful brown glaze. She adds that a little ground ginger in the

browning glaze gives a delightful flavor.

ROCK CORNISH HENS
WITH RICE
(Makes 4 servings or 8 servings if cut in half.)
4 frozen rock Cornish hens, about 1 pound each
2 tablespoons cooking oil
¼ cup soft fat
2 teaspoons kitchen bouquet
¼ teaspoon ginger

Defrost hens by allowing them to stand in warmest spot in the refrigerator for 24 hours before needed. Fasten vent with small pins and twine if needed and tuck in the additional skin around the neck. Brush with oil and place breast side up, in a shallow roasting pan on a rack. Roast in a preheated 325 degree oven for 45 minutes. Brush with kitchen bou-

quet browning glaze made by combining fat, kitchen bouquet and ginger. Continue to roast until hens are thoroughly cooked and beautifully browned, about 15 minutes longer. Serve on orange rice.

ORANGE RICE
1 can (6 oz.) frozen condensed orange juice
1 can (6 oz.) chopped broiled mushrooms
2 tablespoons sugar
1 teaspoon salt
3 cups packaged pre-cooked rice
1 can (3 oz.) toasted slivered almonds
Empty orange juice into quart measuring cup. Add mushroom broth and stir to dissolve. Add enough water to make three cups liquid. Place liquid, sugar, salt and mushrooms in saucepan and bring to a boil. Stir in rice then cover and remove from heat. Let stand 5 minutes then stir in almonds. Makes 6 cups.

Treats That Beat the Band

By GAYNOR MADDOX
Newspaper Enterprise Assn.
"We had a food sale to raise money for the high school band. Maybe some other teen-agers want to have one. Here's what sold best—surprise jewel cakes," Helen F. writes. She said they made them at home, put on finishing touches at the sale.

SURPRISE JEWEL CUPCAKES
(24 medium cupcakes)
1 can (1 lbs. 14 oz.) fruit cocktail
1 package (1 lbs. 3 oz.) yellow cake mix
¼ cup soft butter or margarine
3 cups sifted powdered sugar
½ teaspoon grated lemon rind
2 tablespoons lemon juice

Drain fruit cocktail, saving syrup. Mix and bake cake mix according to package directions for cupcakes, substituting cocktail

syrup for water.

While cakes cool, cream together butter and sugar. Add lemon rind and juice; mix to soft, fluffy consistency.

Insert a sharp knife about ¼-inch from outside top edge of cooled cakes and cut a cone-shaped piece from each. Reserve 24 pieces fruit cocktail; fill cupcakes with remaining fruit.

Press cut edges of cone cutouts; place a dab of frosting on baked sides and place, points up, on filled cakes. Top with reserved fruit cocktail.

You may want another food sale item certain to get money from the high school set—"Easy Pizzas."

EASY PIZZAS
(8 pizzas)
¼ cup peanut butter
1-3 cup chili sauce

Don't Underrate Humble Potato

By GAYNOR MADDOX
Newspaper Enterprise Assn.
Q — My children like macaroni and spaghetti better than potatoes. They all have the same food value, don't they?
A—No. Potatoes provide a fair amount of vitamin C. Macaroni and spaghetti do not. However, macaroni and spaghetti do provide small amounts of vitamin B, calcium and iron. But potatoes are richer in these nutrients. Nonetheless, macaroni products are good foods and belong in the list of foods recommended for balanced family meals.

Q — I have a girl, 14. She is very active and always ravenous. How can I get her to eat more intelligently?
A — You are lucky if your daughter eats as well as you say, particularly if she is not overweight, because teen-age girls oft-

en have the poorest eating habits. They are interestingly figure-conscious and skip or skimp on many nourishing foods they need. Often they skip breakfast. Many of them go in for crash diets that may injure their health.

1 tablespoon prepared mustard
8 slices salami or pressed ham
4 English muffins, split in half and lightly toasted
Mozzarella cheese
Grated Parmesan cheese, if desired

Combine peanut butter, chili sauce and mustard. Place a slice of meat on muffin. Spread a round tablespoon of peanut butter mixture over meat. Scatter pieces of Mozzarella cheese over the top and sprinkle with Parmesan cheese.

Bake in hot oven, 450 degrees, for 8 to 10 minutes, until cheese browns lightly. Makes 8 pizzas.

The 18th Amendment (Prohibition) to the U. S. Constitution is the only one ever to be repealed.

NEW DODGE DART—The 1964 Dart, Dodge's family-size compact, offers a host of innovations designed to provide greater comfort, convenience, reliability and safety. The Dart also features new styling and improved engine performance. Nine models are offered. The Dart goes on sale at Dodge dealerships on September 20.

Major Military Shift Planned in Viet Nam

SAIGON, South Viet Nam (UPI)—U.S. and South Vietnamese officials were reported near agreement yesterday on a major shift in military strength to the Mekong Delta south of Saigon, where Communist pressure is growing.

The plan under consideration also would halt construction of strategic villages in some parts of the delta, where it is felt the program has been overextended. In other areas, building of these fortified bases will continue, with additional troops speeding their construction.

There has been concern expressed recently that the strategic villages were being built faster than the government troops were ready to protect them.

The Mekong delta, a divided roughly in half by the Bassac River. Almost all the area south

El Paso Police Attempt To Unravel Mystery

EL PASO (UPI)—Police yesterday attempted to unravel the mystery of the missing men.

Two men got a plane out of a private hangar at 3 a.m. CST last Friday and took off apparently for Phoenix, Ariz. There has been no trace of them since.

Officials believe the men may have crashed in the desert.

WASHINGTON (UPI)—The Defense Department has asked Congress to give Gen. Lyman L. Lemnitzer, supreme Allied commander in Europe, a special \$2,900-a-year pay raise.

The department said Wednesday that if the raise were approved, Lemnitzer's pay would be \$24,300 a year. This would bring it into line with that of the military service chiefs and the chairman of the Joint Chiefs of Staff.

The gold and emerald crown was part of the statue of the Virgin Mary in Popayan, Peru, for centuries. The statue was made in 1590 in gratitude for deliverance from a plague.

Fact

\$1.5 Million Is Estimated Damage To Rice Crop

AUSTIN (UPI)—The State Agriculture Department said yesterday the rice damage from Hurricane Cindy in Jefferson and Orange counties has been estimated at \$1.5 million.

SDA said the loss was expected to be 200,000 barrels of rice but if rain subsides, fields can be drained and total crop loss for the area could be held to 20 per cent.

The department said it had no reports of livestock damage and pecan damage was heavy in local areas but not enough to affect state market conditions.

WASHINGTON (U. S. — The Labor Department will sponsor briefings in 11 cities next month to advise its officials on ways to promote equal job opportunity.

The seminars begin at Atlanta, Ga., Oct. 1. Other cities on the schedule include Nashville, New York, Boston, Cleveland, Chicago, Denver, Seattle, San Francisco, Kansas City, Mo., and Chambersburg, Pa.

LONDON (UPI) — Sotheby's auction house will put the famed Peruvian crown of the Andes on sale Nov. 11, a spokesman for the firm said Wednesday.

Scratching spreads infection, causing MEASLES swarms. Apply quick-drying ITCH-ME-NOT ointment. Itching quits down, in minutes. And antibiotic action helps speed healing. Fine for eczema, insect bites, foot itch, other surface rashes. If not pleased, your skin-back for next drug store. TODAY at Mead & Jones Drug.

It's The Law In Texas

STOP FOR SCHOOL BUSES
Thousands of school children are now trooping back to school throughout Texas. Many of them will be transported by school buses. Most people are careful when approaching a school bus which may be standing beside the road or school to pick up school children or allow them to alight. However, we have already had some very bad accidents this year because a child or a motorist, or both, were careless at that very time.

Most Texans are aware of the law which requires a driver to come to a complete stop when overtaking from the rear a school bus which has stopped to receive or discharge school children. After stopping immediately behind the bus, he is then allowed by law to proceed past same at a speed which is prudent, not exceeding ten miles per hour, and with due caution for the safety of such children.

What many persons do not realize is that the very same rule applies when MEETING a stopped school bus. While everyone is interested in protecting our children, unthinking violators of this simple safety rule greatly outnumber those who comply. Failure to follow the law in this case can lead to fines up to \$200.00 even when no accident occurs. Following an accident in which some child is injured or killed, the penalties are naturally much more serious.

Although the above rule does not always apply when passing a

Tito Starts On Five-Nation Visit

BELGRADE (UPI) — President Tito of Yugoslavia yesterday prepared to start on a five-nation visit to South America and the United States that will include an "informal call" on President Kennedy at the White House.

Tito is expected to start his journey from the Belgrade Airport late tonight. Yugoslav officials advised newsmen to be at the airport at 11 p.m., but would not say exactly when the president would take off.

Tito will travel to Brazil, Chile, Bolivia and Mexico before going to New York for the 18th session of the United Nations' General Assembly.

The Communist leader will visit Washington Oct. 17. Western observers in Belgrade said Tito apparently will attempt to soothe any Western fears that Yugoslavia may have moved closer to the Soviet bloc.

center line of a highway when the left side of the road is not clearly visible and free of oncoming traffic. Generally speaking, when not engaged in passing another vehicle, one should not drive to the left of the roadway.

(This newsfeature, prepared by the State Bar of Texas, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

IT'S DODGE'S 50TH ANNIVERSARY

Oh boy, it's D-day...

The '64 Dependables are on display

SEE THE '64 DODGE... The low-priced car that doesn't look or feel like one. If you think new-car announcements are old hat, we've got news for you. Not this year. Not with Dodge. That handsome hardtop, above, gives you a good hint of what's in store. And there's lots more where that came from. A full line of '64 Dodge cars. Some models have bucket seats, some standard seats, some have a flip-down center arm rest that lets you enjoy bucket-seat advantages without paying extra for them. And, you also get a whole host of service-saving features. Like self-adjusting brakes, thorough rust-protection of the body, and with every '64 car built by Dodge, you get the extra bonus of a 5-year, 50,000-mile warranty.

When it comes to price, don't let the nameplate fool you. '64 Dodge is priced right along with Ford and Chevy. If you think this is a good deal, you'll know it is when you visit your dependable Dodge Dealer.

THE DEPENDABLES' 5-YEAR 50,000-MILE WARRANTY—Chrysler Corporation warrants, for 5 years or 50,000 miles, whichever comes first, against defects in materials and workmanship and will replace or repair at a Chrysler Motors Corporation Authorized Dealer's place of business, the engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excluding manual clutch), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings of its 1964 automobiles, provided the owner has the engine oil changed every 3 months or 4,000 miles, whichever comes first, the oil filter replaced every second oil change and the carburetor air filter cleaned every 6 months and replaced every 2 years, and every 5 months furnishes to such a dealer evidence of performance of the required service, and requests the dealer to certify (1) receipt of such evidence and (2) the car's then current mileage.

TRY THE 1964 COMPACT DODGE DART... The fresh new compact in the large economy size. Dart is a family compact all the way. Lots of room. Lots of comfort. Lots of performance. And a nice low price. In fact, few compacts cost less than Dart. Not one gives you so much for the money.

DRIVE THE BIG DODGE 880 FOR '64... The quiet, thoughtful step above the low-price field. Big room. Big ride. Big luxury. Big power. Big in everything but price. The new Dodge 880 is the one big car that doesn't give you the business when it comes to buying. Two series, nine models.

People, Poultry and Pigs Travel In Togetherness on This Airline

By ROBERT C. MILLER
United Press International
DA NANG Vietnam (UPI)—The subsidized "Teensy Weensy Airlines" flies more passengers and exotic cargoes to close - a way places with strange - sounding names than any other airline, and it never shows a profit.

The original Sky Bus of Vietnam, Teensy Weensy — officially the 777th Troop Carrier Squadron — can pack in nearly 100 passengers aboard the twin-engined Fairchild "Providers," or air freight trucks, road rollers chickens and pigs. Their pickup and delivery service is unique. If they can't land it in your front yard, they'll dump it on the back steps—with or without parachute, depending upon the merchandise.

They link this coastal Vietnamese city with such mountain resort places as Kham Duc, Phu Bai, Ashau, Dia Vuc, Dong-Ha, Quang Tri, Quant Nye where the beauty is best enjoyed from inside the fortified perimeters. Communist guerrillas along with tigers, bears, elephants and snakes make it exceedingly dangerous to try the overland route out of Da Nang to the mountains.

Seldom do the TW planes fly more than an hour as they shuttle in and out of this old French air base to the jungle outposts they supply. More time is spent loading and unloading the full-bellied C-123s than in flying, and usually a dozen or more round trips are flown on the dawn to darkness schedule.

Thursday is a typical day for Teensy Weensy and one of its hustling employees, Airman First Class Don Kiehn (3625 South Monroe Street) Tacoma, Washington.

"You never know," explained the sweating Kiehn "where you're going or what you're going to haul until the truck rolls up alongside the plane. Sometimes its passengers, sometimes freight; most of the time both. And when the passengers and the freight are both alive — with Vietnamese, chick-

ens and pigs all in the same airplane. . . . His voice trailed off, and he shook his head and chuckled, but the picture wasn't difficult to visualize.

Today's first trip was a 40-mile shuttle to Kham Duc with 65 armed Vietnamese soldiers. It took Kiehn and the crew longer to rig the canvas seats than it did to make the flight.

"Sometimes," he said, "if it's an emergency we just sit them on the floor and tie them in with the loading straps. It's sort of like the five o'clock rush hour on a downtown Seattle bus."

Kham Duc is a new field and outpost deep in the hilly jungles of central Vietnam. Although only four mountain ridges separate it from the coastal plain at Da Nang, it might just as well be in central Tibet, for there are only meandering trails that link it to the Coast. And the Communist guerrillas who saturate the area would reduce your life expectancy to a matter of hours if you followed the 777th's slogan of "Try Walking Across."

"Keep your eyes open for elephants," Kiehn advised when he finished shepherding his passengers aboard and got them seated on the red canvas slings that served as chairs. "Also keep your ears open for ground fire. One of the guys went up the wrong valley the other day and a slug came through the belly and stung him on the seat of the pants. No damage, but he sure jumped."

But there are no elephants today, or Viet Cong — at least in sight. And even elephants would be hard to locate in that thick green carpet vegetation where the trees grow so thickly the sun never penetrates the ground.

Kham Duc is a tropical Switzerland where tinkling streams gush down from the cloud-capped peaks. The asphalt runway was carved out of the valley and the entire top of a hill lopped off to make the approach easier. Guarding it are a series of outposts which will be reinforced by the troops brought in today.

The outgoing passengers are civilians; workers on the airfield who are returning to the coast with their wicker baskets, suitcases, bundles and burlap bags.

On the way home Kiehn points out three things of interest: Another Provider flying into Kham Duc with a load, a reconnaissance plane prowling the valleys off to the left at treetop level and a mushrooming cloud of smoke off to the right where bombs and artillery shells are lacing a hillside concentration of Viet Cong. All three are part of this "war"; all three indispensable to the others fighting it, and not the least important is the 777th's "Teensy Weensy Airline." Their crews get no overtime; have no fringe benefits. Safety rules are often pushed to the limit as they land and take off from dirt fields the CAB would blacklist at one glance. Their work day starts at dawn and ends when it's too dark to land on the crude, grass strips. Everybody joins in handling gas drums, shoving cargo around and getting the loads on and off the pot-bellied Fairchild.

"Sure too bad," mused Kiehn as we landed back at Da Nang. "That we can't collect for all these passengers and air freight. Boy, we'd be the biggest money maker in the airline business."

McKinney Re-Elected To IT&T Board

NEW YORK (UPI) — Robert M. McKinney, who returned last week from two and a half years duty abroad as U.S. ambassador to Switzerland, has been re-elected to the board of directors of International Telephone & Telegraph Corp., President Harold S. Geneen announced yesterday.

McKinney, of Santa Fe, N. M., is publisher of the Santa Fe New Mexican, oldest newspaper in the West.

Geneen announced that McKinney also was named to the executive committee and to the bonus and stock option committee of the board.

McKinney twice before has served as a director of IT&T, each term having been interrupted by government service. First elected to the board in December, 1947, he resigned five years later to serve as assistant secretary of the interior. He was reelected to the board in December, 1952, and served until his resignation in July, 1961, to become ambassador to Switzerland.

The IT&T announcement recalled that McKinney, described by Swiss President Willy Spuehler as "an accomplished and prudent diplomat . . . who has gained the esteem and confidence" of Switzerland, has frequently served the government in the international field.

Tentative Approval On Civil Rights Closer

WASHINGTON (UPI)—A House judiciary subcommittee was only one long step away yesterday from completing tentative approval of President Kennedy's civil rights bill.

The long step involved the administration's hotly disputed proposal to ban racial discrimination in the use of hotels, stores, restaurants and other public accommodations.

The subcommittee, chaired by Rep. Emanuel Celler, D-N.Y., took up the proposal in the 11th day of closed-door meetings on the far-ranging bill.

The 11-member subcommittee

acted on three sections of the bill Tuesday. Three other titles were completed last week. But all the sections are subject to change before the subcommittee passes the bill on to the full House Judiciary Committee for consideration.

At issue in the public accommodations sections were the constitutional underpinnings to be given the legislation and the limitations on its reach. The administration asked for a law based on the government's power to regulate interstate commerce.

Republicans believe the 14th Amendment, which requires states to afford all citizens equal

protection of the law, should be used.

Other congressional news: Shelters: House-approved legislation to launch the nation on the first phase of a vast fallout shelter program moved to an uncertain fate today in a Senate committee which has shown little interest in it in the past. The bill, calling for expenditure of a total of \$190 million, goes to the Senate Armed Services Committee for consideration.

Taxes: House Republicans have been called to a conference today to adopt a party position of opposition to the passage of an \$11 billion tax cut bill backed by the Kennedy administration. The GOP rank-and-file were expected to endorse by a top-heavy margin their leaders' recommendations that they oppose the bill unless it is revamped to include deficit spending curbs.

Books, Like People, React To Humidity

NEW YORK (UPI)—In proportion to the pleasure they give, books make few demands on the homemaker's time and energy. A minimum of care will protect their life and beauty, says the Cleanliness Bureau.

Start by filling each bookcase shelf just enough to prevent the books from leaning on each other, while avoiding friction from crowding. Arrange them according to height.

Books, like people, react to humidity. Too much dampness fosters mildew and overly dry air causes pages and covers to become brittle. If there is mildew, applying alcohol promptly will generally remove it.

To counteract dryness, keep a wet sponge in a copper bowl under the bookcase. Various lanolin-based oils can be used to keep a leather cover from drying.

Plain household grime also is an enemy of books. Simple but regular cleaning can prevent damage—destroyed texture and color.

The first step: dust a cloth or leather binding thoroughly. Then sponge the cover quickly with thick "dry" soap or detergent suds. If necessary, sponge off individual pages the same way.

Rinse-wipe with a clean damp cloth, wipe with a dry cloth and stand the book on end until completely dry. Don't pile just-washed books atop one another. Squeeze the sudsing cloth out of clear water often to avoid transplanting soil from one book to another.

President of Migrant Ministry to Speak

The September meeting of the United Church Women will be held Friday morning at the Church of the Brethren. Coffee will be served at 9:30 and the meeting will begin at 10. Mrs. R. H. Nestel will give a brief, devotional and introduce the speaker, Virgil Dodson, president of the Hereford Migrant Ministry. He will show slides of the Christian ministry to migrants in the Hereford area.

Mrs. Fjellia Yoder will provide the music, and Mrs. Kermit Lawson will conduct the business meeting.

Women are asked to bring any used clothing, children's toys, books, magazines or suitable comic books that they might wish to donate to the work in the Hereford area. They are also reminded that there is still a need for S and H stamp books which are needed for the purchase of a "Chapel on Wheels". Partly filled books can also be used.

There will be a nursery provided for pre-school children.

extend sympathy, in the loss of her granddaughter, Miss Judy Jo Wagner of White Court, Alberta, Canada.

Mr. and Mrs. C. L. Adams were in Amarillo Thursday on business, as were Mr. and Mrs. Lewis Henderson. Mrs. R. H. Dilly was also absent, not feeling very well, but Mr. Dilly was in his usual place.

Hostess was the Rebecca Lodge; Mmes. Ola McAfee, Welda Monday, Gladys Mayo, Grace Necase, B. Brummett, Deaf, Eula Thornhill, Lucile Kessinger, Nugent, Stapleton, Voyles. Delicious fruit salad with whipped cream, cake and coffee was served. Door prizes went to Mrs. Clara Blythe and H. L. DeWoolf.

Altirussans serving; Mmes. Emily Coston, Lena Pearl Hobbs, Louise Sewell, Jay Flannigan and Charlene Yeager.

Gray Ladies; Mmes. O. F. Kreimeyer, Jess Hatcher and Ola McAfee.

Mrs. Wagner will be with you next week.

Mrs. Elizabeth, guest reporter.

Rebekahs Plan Candidate Service

The Pampa Rebekah Lodge No. 355 met recently in I.O.O.F. Hall with Noble Grand, Velta Williams and vice-Grand, Juanita Metheny in charge. Treasury report was given by Hazel Franklin and Mrs. Bobby Brummett acted as secretary in the absence of Mrs. Babe Mastin.

Plans were made to attend the initiation of the class of new candidates which will be held Sept. 27 in Canadian, at which time the State President, Mrs. Ellen Kretzmeier, will be honored with all lodges in the district sending representatives. Taking part will be Mmes. Ruth Marie Lowley, Bobby Brummett, Nelda Monday, Helen Lamberson and Berneice Ladd. Mrs. Babe Mastin will be bringing the Grand Noble Charge.

A bus will be chartered for the trip.

A committee was appointed for the Thanksgiving dinner that will be held in the Lodge Hall, Nov. 22. The Officers' Banquet was announced for Oct. 12.

Dear Abby....

Box Seat In Heaven For Little League Managers

By ABIGAIL VAN BUREN

DEAR ABBY: My husband manages a Little League baseball team. The boys think he's tops, but, oh, the parents! My husband tries to play all the boys, but recently, during the all-star game, we were behind and my husband was afraid we'd lose the game, so he played the boys he thought could win for us. Well, two boys didn't get to play. After the game the mother of one of the two boys came over and called my husband every low name in the book. My husband just said, "I'm sorry, ma'am." Then the father of the other boy stepped up and cursed my husband, and said baseball was only a game and it was more important to play all the boys than to win the game. My husband just said, "Yes, sir," but I could see he took it hard. He loves working with those kids, Abby, but he can't take the abuse from the parents. Should I make my husband quit?

MANAGER'S WIFE.

DEAR WIFE: No, I'm sure there are box seats behind the dugout in heaven reserved for Little League managers who have taken abuse from grown-ups in order to teach young people good sportsmanship. Your husband is one of them.

DEAR ABBY: My son graduated from high school in June, I sent invitations to our close relatives. All my husband's side of the family sent him a card of congratulations or a gift. But not one word came from MY side of the family. I was hurt and shocked. We went back to where my family lives for a vacation this summer. When I saw them I let them know how they hurt me. Since we have returned I haven't heard one word from them. My husband says they're probably annoyed because I brought up their thoughtlessness, and I should forget it. I can't forget it. I feel terrible. Should I write each one and apologize?

HEARTBROKEN

DEAR HEARTBROKEN: Your husband is right. Forget it, and give them a chance to forget it, too.

DEAR ABBY: I am 14, and the oldest of five children, so it is my job to help my mother with the housework and with my younger brothers and sisters. They are a

pain and I don't think it is fair that I have so many household responsibilities. Whenever I complain about the washing or ironing or baby-sitting, my mother gives me the old routine about what good "practice" it is for later on in life. Please help me. I plan to be a model or an actress and I don't NEED all this practice.

DEAR SLAVE: That's what YOU think. What do you think happens to all those broken-down models and actresses?

CONFIDENTIAL TO "LOYAL TO MY WIFE": Your kind of "loyalty" is far from admirable. If your wife finds your parents "objectionable," go to visit them without her, and take your children with you. It isn't fair that your parents see nothing of you or their grandchildren just because your wife "doesn't care" for them.

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

Hate to write letters? Send one dollar to Abby, Box 3365, Beverly Hills, Calif., for Abby's new booklet, "How To Write Letters For All Occasions."

New Pastor At Baptist Church

SKELLYTOWN (Spl) — Rev. and Mrs. Bill H. Penland and two children of Dallas, arrived in Skellytown Monday where he will fill the pulpit as the new pastor of the First Baptist Church in Skellytown.

The church members and their families welcomed the Penlands with pot-luck-supper in the church fellowship hall when they arrived

Gray Lady Duties Outlined at Coffee

Pampa Gray Ladies entertained with a coffee at the Lovett Memorial Library recently. Eighteen members and two guests, Mrs. Frank Hatcher, and Miss Vernell Meador, were present.

Mrs. Eunice Pierson and Mrs. H. S. Pierson were in charge of the coffee table which was decorated in the autumn motif. Yellow canturbury and yellow carnations used in the centerpiece complimented the copper coffee service. Breakfast rolls and fruit were served to those attending, and Mrs. A. D. Hills presided at the coffee service.

Mrs. H. S. Alexander, Gray Lady chairman, greeted the guests and explained the work at St. Ann's Hospital in Panhandle. Mrs. Hatcher told of the duties open to the Gray Ladies in the Worley Hospital. It was agreed that the members should receive a list of things to be done at the hospital.

Miss Meador, director of nurses at Highland General Hospital, outlined the work at Highland. The Gray Ladies voted to continue to deliver mail and flowers to the patient rooms at Highland General in the mornings, and spend afternoons visiting and aiding in any way needed.

Mrs. Libby Shotwell, executive secretary of the American Red Cross in Pampa, explained the need for transportation for persons wishing to attend the weekly meetings of Senior Center. She urged Gray Ladies to call the Red Cross office if they wish to be of service in this way.

New schedules of work and activities were handed to those attending.

Mobeetie TOPS Make Progress

Mrs. Bettye Read was crowned Queen for the week of the Mobeetie Square Shooters of TOPS Club in a recent meeting. Eleven members were present and reported a total of six pounds lost in the last week.

The meeting was opened with the TOPS pledge and a new contest was started to run for 10 weeks. Roll call was answered with "the nerves of the body, and the tricks they play on you."

Hostesses for the meeting were Mrs. Ruth Hathaway and Mrs. Florence Burgess.

Hostesses for the next meeting, which will be held Sept. 23 at 2:30 p.m., will be Mrs. Margaret Trout and Mrs. Bettye Read. Roll call

will be answered with "what the TOPS pledge does to help or hinder me." The program will be "The Three S's."

what's it cost?

Just a penny and a half a day to do the dishes the clean, sanitary way. The electric dishwasher is another example of the many ways dependable electricity serves you daily. And, your electric service dollar buys more than ever before—24 per cent more. Probably your electric service bill is greater than it used to be but that's because you're using more. Add up the different ways electricity serves you—you'll be amazed... and happy at the bargain you're getting.

ELECTRIC SERVICE... the biggest bargain in your family budget!

Little Wax Goes Long, Long Way

CHICAGO (UPI) — Furniture which has been over-waxed frequently becomes sticky or blurred.

Donald H. Gott of the American Walnut Manufacturers' Association suggested this remedy to restore a lustrous finish.

In a quart of warm water, place one tablespoon of turpentine and one tablespoon of olive oil. Swirl a soft, clean cloth in the mixture, wring it out, and rub down the furniture briskly.

Repeat as often as necessary until excess wax is removed and the surface is clean and satiny. Dry with a soft cloth.

When the furniture is thoroughly dry, apply a thin coat of paste wax and buff well for luster.

NEW WAY TO BE SUDDENLY SLIM

Are you a woman whose figure is on the good side but might look perfect? You'll be thrilled by the new easy way science has discovered for you to become Suddenly Slim. If you're more than 15 pounds overweight, then this idea is not for you. If your weight problem falls within this range, then you can realize a new, smoother figure today, without diet or exercise.

Suddenly Slim is an all-new kind of 4-oz. girdle constructed of science fibers. One startling innovation is the sheer nylon front panel. This is permanently stiffened by a science process and cannot give or sag. It's surrounded by a slimming action border. A featherstitched band down each side of this girdle will contour your hips if they are a problem. The girdle itself is of a "wonder" Lycra spandex blend. It's a new power net consisting of nylon, acetate and spandex. It feels like nothing on but has such slimming strength, it gives your figure everything that's possible with a foundation.

"Suddenly Slim" is the peak achievement of the design genius, Olga.

Be "Suddenly Slim" today in either girle or panty version. Featured at

Wright FASHIONS

Velvet Chapeaus Top Fall's Elegance

By HELEN HENNESSY Women's Editor

Newspaper Enterprise Assn. NEW YORK (NEA) — If you've ever doubted that a hat is "man-bait," just bat your lashes under a velvet brim. You can't miss.

Hats will play a bigger role in the fall scene than they have in many a year for the demise of the bouffant hairdo makes its possible for every woman to wear one.

Fall promises to be a season of luxurious furs and thick, soft wools in a myriad of colors. The perfect complement to all this elegance is a hat of rich velvet.

The colors used are bold and beautiful. The jewel tones include teal, sapphire, cranberry, vivid red, dark plum, deep green and winey purples. Even the pastels are lively. You'll find bright sugar pink, mossy green and soft tangerine among them.

There's a shape for everyone. Soft, swaggy Garbo-type brims will share popularity with bretons, turbans, jockey caps and cloches.

Your choice of shade and shape can make you a new woman for any day or occasion.

Because velvet is so drapable it can be fashioned to suit your mood. For an air of Victorian elegance there is the soft beret-snood. For a touch of the desert, try the draped turban. The breton will create an aura of youthful vivacity. And the sophisticate will reach instinctively for the lofty ball crown of the cloche.

Telephone Women's Organization Meets

A luncheon was held recently in the Telephone Co. Building by members of the Telephone Pioneer Women's Activities Organization.

During the business meeting that followed the luncheon, Mrs. Cora Mae Hood was elected finance chairman. Mrs. Lulu Mae Fowler and Mrs. Elizabeth Marshall are members of the committee. Publicity chairmen elected were Mrs. Mabel Cross and Mrs. Mildred Payne. Mrs. Opal George was elected telephone committee chairman. Mrs. Pearl Cox and Mrs. Wilma Dixon were elected to the birthday committee.

The velvet touch in hats complements luxurious fur and wool fashions for fall. A jockey cap in boulevard velvet (top left) has bow-tied leather strap around the base of the crown. Jewel-tone velvet turban (top right) is draped with a hair a sheik would envy. The perennial favorite, the

breton (lower left) has a new look in velvet. The larger, softer crown is balanced by a wide flung brim, framed with grosgrain ribbon. The cloche (lower right) has lofty ball crown, stroked with a broad grosgrain band that swerves upward to a V in front. The hats are designed by Betmar.

Mrs. Welma Sutton explained the various phases of work done by the Pioneer Women and gave out booklets on "A History of

Texas Lone Star Chapter No. 22, Telephone Pioneers of America". Other members present were Mrs. Clyde Willis and Mrs. Corene McKay. Assisting on the luncheon committee were Mrs. Mildred Cross, Mrs. Opal George and Mrs. Pearl

TOPS. THIS — Convenient butterscotch sauce turns purchased cake layers into a Sunday-best dessert. In a mixing bowl, combine 2 cups of cold milk, 2 tablespoons of sugar, 1/2 teaspoon of vanilla and 1 cup instant non-dairy coffee cream reliquified as label directs. Add 1 (4 ounce) package of instant butterscotch pudding mix. Beat slowly with rotary beater about 1 minute, or until blended. Let stand 5 minutes. Refrigerate if it will not be used immediately. Makes 4 cups.

Clutch Tilt Won By Perranoski

By FRED DOWN
UPI Sports Writer

If the Los Angeles Dodgers had their way, there would be two Cy Young pitcher-of-the-year awards for the 1963 season — one for Sandy Koufax and one for Ron Perranoski.

Brilliant as the 24-game-winning, 11-shutout and 288-strikeout Koufax has been, the Dodgers could not possibly be on the threshold of the '63 flag-clinching today without the 26-year-old relief pitching wizard from Paterson, N.J.

The six-foot, 180-pound left-hander whose chief stock in trade is a sharp-breaking curveball, demonstrated his value again Wednesday night when he shut the St. Louis Cardinals for the final six innings of the Dodgers' climactic 6-5, 13-inning triumph.

The victory Wednesday night raised Perranoski's season record to 16-3 and his six shutout innings reduced his earned run average to 1.74. Both his won-loss percentage and his ERA are superior to Koufax' and he has appeared in a league-leading total of 65 games.

Perranoski's performance in the big game Wednesday night was typical: three hits, two walks and three strikeouts in six innings — when the Cardinals filled the bases with one out in the 10th — but he pitched out of it with an allowing a run.

With Perranoski holding the fort it was a question of when the Dodgers would catch up to Lew Burdette — which they finally did in the 13th when Willie Davis' single, Julian Javier's error, a deliberate walk and Maury Wills' infield out pushed over an unearned but decisive run.

The Milwaukee Braves beat the San Francisco Giants, 6-4, the Chicago Cubs edged out the Pittsburgh Pirates, 2-1, the Houston Colts downed the Cincinnati Reds, 8-4, and the Philadelphia Phillies beat the New York Mets, 5-1, in other NL action.

The Braves snapped an eight-game losing streak with three eighth-inning runs with the aid of Roy McMillan's two-run double and Ty Cline's run-producing single. Willie Mays hit his 36th homer for the Giants.

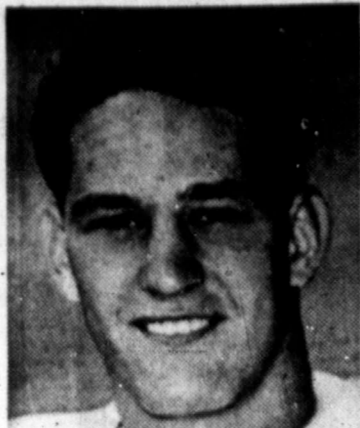

The Braves snapped an eight-game losing streak with three eighth-inning runs with the aid of Roy McMillan's two-run double and Ty Cline's run-producing single. Willie Mays hit his 36th homer for the Giants.

His First Homer

Rookie Bill Cowan hit his first big league homer with Ron Santo aboard in the ninth-inning to give the Cubs a 4-3 victory over the Pirates.

John Weekly drove in four runs with a homer, double and single for the Colts, who scored five runs in the last two innings to overcome a 4-3 deficit. Jim Maloney struck out batters to set a club season mark of 240 but suffered his seventh loss against 22 victories for Cincinnati.

Chris Short scattered nine hits to win his eighth game for the Phillies behind an eight-hit attack that included two hits each by Tony Taylor and Clay Dalrymple. It was the Mets' last game at the Polo Grounds, where they suffered 105 losses in two years. Jim Hickman homered for New York.

BILL CAMPAIGNE
... out for season

Bill Campaigne Through for Season, Shotgun Gregory Joins Harvesters

The Pampa Harvesters lost one player for the remainder of the season, "We'll miss Bill," said Holladay, "he was our first Harvester of the Week this season. He's tough and a good ball player and we'll all be sorry to lose him!"

The Harvesters in turn, gained what could be one of their finest players when Larry "Shotgun" Gregory turned in his manager's coveralls and donned a uniform this week. Gregory was one of the finest all-around athletes in junior high school history, but early in his sophomore year, was forced to quit football on doctors' orders. Gregory has been an outstanding baseball player for the Harvesters and the American Legion Rebels for two years, making honorable mention all-district as catcher and All-Levelland Tournament catcher in Legion play.

Gregory, 5'11" and 175 pounds, is fast, shifty and elusive, as well as being a hard-hitting runner and blocker. Gregory will be used as a tailback and also is expected to do the punting when Kenny Hebert, is out.

The coaches reported that despite his absence from the game, Gregory is in fine physical condition and catching on real fast, and may see action tomorrow night.

All-District candidate Donnie Rexroad will not start tomorrow night, though he is expected to see some action. Rexroad, named Harvester of the Week for his play against Wichita Falls, suffered a neck injury in the game. "Twinkletons" will be replaced by Big Phil Klearner, 235, on offense, and Gary Thurmond, 185, on defense.

Holladay warned that Phillips was not to be taken lightly, despite their lower classification. "Blackhawk tradition is notorious," said Holladay. "They won 13 of 15 double-A titles, and have given a good account of themselves against powerful Dumas since they moved up to Triple-A. They're not a pushover by any means. They could be serious trouble, I guarantee. They beat us 37-4 in 1961 and fought us to the wire before we beat them, 12-9, last year."

Scouting reports by Don Myers, John Hale and Roy Hunter indicate that, while not too big, Phillips is real quick and real scrappy. "They take the ball game to you. They're real aggressive. . . . read the scouting reports."

Extremely impressive were Kirk Hunter, 180-pound left tackle and defensive end; Mike Flanders, 165-pound left end; left halfback Lynn Johnson, 170, a fine line-backer; 200-pound right tackle Bill Killian, and 185-pound fullback Mike Webb.

ST. LOUIS, Mo. (UPI) — Cliff Polite (poh-leet), a 23-year-old left-handed pitcher, has been purchased by the St. Louis Cardinals from Billings (Mont.) of the Pioneer League and is scheduled to report to the club Friday in Cincinnati.

Polite appeared in 63 games for Billings, all but one in relief, running very well in practice so far. He also handles the kicking chores for West Texas.

At quarterback will be David "Hoot" Gibson. Hoot has played defensive quarterback for two seasons and is now on the spot as leader of the Buffalo offense. In practice sessions he has handled the job well. His passing and ball handling is above average. How well he can direct the squad under pressure will be determined Saturday night.

Seven lettermen will man the starting line positions. The line will average only 201 while the backs will come in at 188. Jim Ostrander and Woody Gilliland will start at end for the Buffs. Jim was a starter last Fall and had some great moments as a pass receiver and defender. He caught the game winning 2-point conversion pass in the Sun Bowl victory over Ohio University. Gilliland earned a letter as a sophomore and has improved a great deal this Fall.

John Varnell and Jack Mayfield will man the important tackle slots. Varnell came to WT unannounced as a freshman and asked Coach Kerbel if he could play football. He has performed very well the last three seasons despite serious injuries that would have sidelined the average ball player. Mayfield has earned two letters as a guard for the Buffs, but was switched to add experience to the depleted tackle corps. Jack is an all-around performer and has made the position change with ease. Both Varnell and Mayfield are top rated as draft picks by the pro football leagues.

The Buffs go into the opening game Saturday night at 7:30 p.m. in Buffalo Bowl with an experienced starting lineup. The depth head coach Joe Kerbel enjoyed last season, however, is missing. Eight seniors and three juniors will take the field at the opening whistle. This group will, in all probability, play most of the game when the going is tough. The second unit has few players with game experience. Most of this squad is made up of sophomores and transfer students who have yet to don a varsity uniform in Buffalo Bowl. But the second squad has worked hard and has improved to the point where some of them could be called upon to spell the first stringers after gaining some game experience.

The solid spot in the Buff starting lineup will be the backfield. Four senior lettermen, headed by All-America hopeful "Pistol" Pedro at right half, will be ready to run against ASC. Pedro will have a hard time improving on his past records at WT. The senior flash, frog, Lynn, Massachusetts, has been the leading ball carrier for the Buffs the past two seasons. He has scored 30 touchdowns and gained 1797 yards since donning a Buff uniform in 1961. Jerry Richardson will be the left half. Jerry is the do-everything man on coach Kerbel's team. He plays both halves, quarterbacks the defense and is the leading pass catcher on the team. Jerry is also rated as the best defensive blocker of the squad. Ollie-Ross will provide the blockbusting power up the middle for the third straight year for the Buffs. Ollie weighs in at 210 and has been

Last-Minute Injuries Mar SWC Workouts

By United Press International
Last minute injuries and heavy rain marred workouts for some Southwest Conference teams as they made final preparations Wednesday for weekend openers.

Other teams had good workouts while their first games were still a week away.

Arkansas, a consensus favorite, to take the Southwest Conference title ran through a hard workout before the watchful eyes of coach Frank Broyles.

Walker To Start
Wingback George Walker, the only returning regular to the Razorback backfield, suffered a sprained back. Broyles still believes Walker will start.

In Austin, the University of Texas Longhorns ran through their last light workout before opening against Tulane Friday night in New Orleans.

The team leaves today for the Crescent City. There are 38 players on the traveling squad.

Texas A&M, nine point underdogs to Louisiana State in the opener for both clubs Saturday night in Baton Rouge, slugged through a two hour workout in rain and mud Wednesday.

Coach Hank Foldberg sent the Aggies through offensive and defensive patterns, and worked hard on pass defense.

Foldberg said he was pleased overall with the progress of his team and that they should be ready to meet LSU.

The Texas Christian Horned Frogs may have lost Tom Magoffin, starting right end, for their initial encounter with the University of Kansas in Fort Worth Saturday night.

Magoffin suffered a turned ankle in Wednesday's workout and is listed as a doubtful starter.

Coach Abe Martin said he was pleased with the heavy workout.

Fullback Praised
Texas Tech Coach J. T. King praised fullback Jim Zanios as the Red Raiders attempted to put the finishing touches on their attack before their Saturday opener with Washington State.

"If everybody on the team was hitting like he was hitting, I wouldn't have anything to worry about," King said.

Coach Jess Neely ran his Rice Owls through the rain and singled out Malcolm Walker and Russell Wray for their line backing work. He put the Owls through a heavy scrimmage and said he was pleased with the results.

West Texas Buffaloes Set Lineup for Rebels

CANYON (Sp) — West Texas State University plays Arlington State College Saturday in the opener of what could be the most exciting season in the history of

Buffalo football. The Buffs go into the opening game Saturday night at 7:30 p.m. in Buffalo Bowl with an experienced starting lineup. The depth head coach Joe Kerbel enjoyed last season, however, is missing. Eight seniors and three juniors will take the field at the opening whistle. This group will, in all probability, play most of the game when the going is tough. The second unit has few players with game experience. Most of this squad is made up of sophomores and transfer students who have yet to don a varsity uniform in Buffalo Bowl. ready to get after somebody." Appleton is studying to be a teacher-coach but says he's interested in playing pro ball. With Tulane on tap Friday night and a big season predicted for Texas, "it's not the right time to talk about that."

ing around in the Mississippi backfield to help Texas nail down a 12-7 win. "But Appleton considers the Texas Christian game last year his finest effort."

Holds TCU All Day
"I don't know how many tackles I made, but it seemed like we just kept them from moving," Appleton and the Steers held TCU in its own end of the field all day for a 14-0 victory en route to an unbeaten season.

The Brady, Tex., buster scorns other sports which frustrate his desire for the "Gung Ho, all-out effort of defense in football."

Asked if he excelled in other high school sports, besides football, Appleton said: "I always fouled out in basketball. Things got so tense and everyone was riled up, but all you could do was just dribble around and shoot."

Appleton is high in Royal's book for competitive spirit. Last season he played with an assortment of injuries, including a hurt foot that didn't heal until this year.

This season Appleton says he's in top physical condition and

Appleton promises he is working on blocking, but much prefers to describe methods he uses so successfully to penetrate enemy backfields and stack up interference.

"You can pursue a little better if you get back for a look. Then I key (determine the direction of a play) on the blockers. . . . Then the backfield. Blockers won't lie to you."

Appleton's roaming room consists of a small area between the line of scrimmage and the line-backers' positions. "I don't like to get trapped or get in a linebacker's way," he said.

In the 1962 Cotton Bowl sophomore Appleton's defensive ability came to national attention when he spent most of the game chas-

Jack Nicklaus Defends Title

PORTLAND, Ore. (UPI) — Big Jack Nicklaus, the young Masters and PGA champion, opened defense of his Portland Open championship today in an effort to catch Arnold Palmer in the money-winning derby.

Finishing out of the money for only the fourth time in his career in the Seattle Open last week Nicklaus polished his game on the practice tee and fairways at Columbia-Edgewater here and was the established favorite.

Winning last year with a 19-under-par 269 including a two-stroke penalty for slow play, Nicklaus estimated it would take no more than a 272 this year.

The 6,444-yard Columbia-Edgewater course has been pelted with heavy rains during the past week, softening the fairways and greens, but the tournament opened in crisp autumn sunshine.

Nicklaus faced such challengers as Billy Casper Jr., three-time winner of the Portland Open, and Bobby Nichols, winner of the Seattle Open, in his quest for the \$4,700 top money in the \$30,000 event.

Scott Appleton UT Longhorns' Candidate for All-American

By JOHN KNAGGS
United Press International
AUSTIN (UPI) — An aggressive tackle named Scott Appleton is the leading all-America candidate at Texas this year. He may make it if Coach Darrell Royal lets him scrimmage enough to stay in condition.

Royal half-seriously complains that Appleton disrupts workouts with his rangy, defensive skill. "I don't see why our players try to call a play his way in practice. They know it won't work."

Appleton, a six-foot, three-inch 235-pound senior, quietly owns up to being a workout-buster. It's part of his preparation technique for the unlucky blockers and ball carriers who cross his path in regular games.

"The way you work out is the way you're going to play in a game," Appleton said on the eve of the Texas opener with Tulane at New Orleans.

Stalking Ball Carriers
Stalking ball carriers has been Appleton's long suit and Royal hopes the big tri-captain will finally blossom into an offensive star this season.

Appleton promises he is working on blocking, but much prefers to describe methods he uses so successfully to penetrate enemy backfields and stack up interference.

"You can pursue a little better if you get back for a look. Then I key (determine the direction of a play) on the blockers. . . . Then the backfield. Blockers won't lie to you."

Appleton's roaming room consists of a small area between the line of scrimmage and the line-backers' positions. "I don't like to get trapped or get in a linebacker's way," he said.

Sporting Sidelines

by JEFF COHANE

Drag out the crystal ball and the predictions again. Since last week's college picks were for THIS week (the crystal can't tell dates, just scores), all college picks will repeat. Otis Holladay's pick of White Deer over Lefors (loyal to the old school) may knock him out of his first place tie with Ray Howard (each 8-1-1) while the Softball Kid is strictly a chalk-eater this week. The rest of the experts trail with 7-2-1 each.

PAMPA 28, PHILLIPS 7... The Haystackers shoot themselves a Hawk. Phillips has spirit, ability and tradition, but the Green 'n' Gold are out to prove just how good a football team they really are.

CITY EDITOR John Shipman sneaks into the column to give you a few potent picks before the Swami continues. Here's the Wichita Falls Kid: PAMPA 21, PHILLIPS 0... Harvesters showed great spirit and ability against the Coyotes last week.

BORGER 21, DUMAS 7... The Borger Bulldogs proved their ability last week also as they unseated San Angelo (rated No. 1), gotta go with Borger.

WICHITA FALLS 35, AMARILLO SANDIES 0... The Coyotes proved that their defense is still strong, and sport a BIG line to prove it. Sandies will fall AS USUAL to the team from down state.

The bout will inaugurate the revival of Friday night fights at the Garden.

DAN CRAIG ... back at quarterback

Steve Barber Birds' First 20-Game Man

By GEORGE LANGFORD UPI Sports Writer The leaps Steve Barber has made with his rubbery left arm would make John Pennel scrap his fiberglass pole. The brash southpaw became the Orioles' first 20-game winner Wednesday night because he "got tired of kicking around in Class D for three years and not making any money." Barber made the biggest baseball jump in 20 years when he came to the majors in 1960 fresh from an unimpressive season in '59 with Pensacola in the Alabama-Florida League, where he was 7-11. "I felt my potential was great but nobody would teach me anything," Barber recalled. He went to Baltimore general manager Lee MacPhail and told him, "If you send me to Clearwater (Fla.) and give me the instructions I want, I'll pitch up here next year. I'm just the boy who can do it." MacPhail did, and so did Barber. He has won 57 games in four major league seasons. The 24-year-old Barber became the major leagues' ninth 20-game winner, fourth in the American League, by trimming the Los Angeles Angels, 3-1, in the first game of a doubleheader. Dick Hall assisted Barber, hurling two

McLean Loses Patton, Craig Returns To QB

The loss of Big Bob Patton to McLean and the return to quarterback of Dan Craig for Groom has suddenly put a new light on the battle between the two Tiger teams. On paper, a game between McLean, which had upset Shamrock, 7-0, and then pounded Panhandle, 21-8, and Groom, which had lost successive 28-0 shutouts to Lefors and Gruver; appears to be a wrap-up, but the loss of All-State candidate Patton and the return to his old position of All-District star Craig puts a new light on the game, as does the return to action of two injured Groom starters. McLean coach Derral Davis reports that 210-pound Patton had torn a shoulder muscle prior to the Panhandle game, and gone into the fray with it heavily taped, with the McLean coaches keeping it a deep, dark secret. "His performance was amazing," reported Davis. "Tackling only with the other shoulder, Bob made six unassisted tackles and was in on 13 more. However, he has torn the shoulder further and we just can't take any more chances. We'll use him for kicking against Groom, but no contact work." Taking his place will be 135-pound senior Mike McCall on offense and 175-pound David Seaney on defense. The loss of the big boy and switches in the Groom lineup will actually give the Class B team a weight advantage in the line on offense. The Groom line will average 161 to McLean's 159. The McLean backfield however, will not only outweigh Groom's but both lines as well, averaging 162, with Groom's backs weighing in at 159. McLean, otherwise, will go with the same lineup that has won the first two games. Davis was high on McLean's performance last

week, reporting that the team made a lot of mistakes in the first half, but the coaches were pleased with the way they came back in the second half. Offensively, Dickie Crockett again was "the man," carrying the mail 20 times for 142 yards, 21 more than he made against Shamrock in 18 carries. Quarterback Johnny Fuller was threading needles with his passes and halfbacks Jim McCarty and Gary Graham were outstanding blockers. In the line, as usual, it was Patton and Eddie Windom, with defensive guards Ronnie Hunt and Mike Johnson turning in outstanding jobs. "We don't feel as if this will be any pushover," warned Davis. With boys like Dan Craig, Jerry Quirk and Bob Garmon, they can break loose anytime. Remember, Groom comes to play. How much the loss of Patton will hurt us will make the big difference. Can we stop Garmon in the line and can we block him on offense without Patton is the big question." At Groom, Sobbin' Jack York abandoned his crying towel and admitted to another offensive change... one that he felt would end all changes for Groom and might lead them to some victories... the return of Dan Craig

Liston Gets Into Trouble

DENVER (UPI) — Heavyweight champion Sonny Liston was expected to explain today his strange and perhaps costly run-out on a European exhibition tour. He sullenly refused any pertinent explanations Wednesday night at the airport here after his flight from London, although he was in a virtual mire of reasons offered by others — explanations ranging from women to Sunday's Birmingham (Ala.) bombing. At another Birmingham, in England, promoter Alex Griffiths threatened a suit of \$20,400 because Sonny failed to appear in an exhibition there Wednesday night after all tickets had been sold out. They'll Do It Every Time By Jimmy Hatlo

Five Red Cross Members Hear Educational Director

Five representatives from the Pampa chapter of the Red Cross heard Mrs. Mae Mills of St. Louis, Mo., assistant director for educational relations, speak on junior and senior high school and college Red Cross activities during the Top O' Texas Association of Chapters meeting Tuesday at the Amarillo Air Force Base.

Those representing the Pampa chapter were Mrs. C. G. Gillispie, Mrs. Jess Hatcher, Mrs. A. D. Hillis, Mrs. O. F. Kreimeyer and Mrs. Libby Showell.

Mrs. Mills told the group of 30 members and guests that work began in the schools and colleges when Red Cross realized that one-third of the nation's population is a group from 15 to 25 years old and little or no contact was being made to interest them in the organization.

Mrs. Mills also discussed the plan of having a training center in Amarillo next summer for Panhandle schools to help encourage better high school and junior high participation in Red Cross.

During the business session the group decided the various chapters and members would furnish Christmas socks of candy, fruit and nuts for the Christmas program at the base. It was also decided each chapter will send \$10 to the Veterans' Administration to help provide for the Christmas for patients at the VA hospital.

It was announced that decorations, table arrangements and other Christmas lights are needed by the field directors at the VA hospital in Amarillo. Anyone in Pampa or Lefors who has decorations he wants to donate should take them to the Red Cross office in City Hall. The VA hospital has also requested lap robes for patients, according to Mrs. Showell, executive secretary of the Pampa chapter.

A clinic for chapter chairmen, chairmen of volunteers and vice chairmen was announced for next June. The Pampa chapter invited the group to meet here next April for the spring association of chapters meeting.

Following the business meeting, the group was given a tour of the base and shown a film of the Re-Training Center's work of rehabilitation of airmen who have received dishonorable discharges. The Red Cross assists with the program by gathering social histories, communicating with the family and providing monthly parties for the center.

Of the 20 chapters in the association, those present at the meeting were Gray, Potter, Carson, Shamrock, Hutchinson and Deaf Smith.

UNITED NATIONS, N.Y. — Canadian Prime Minister Lester B. Pearson, hoping for further agreements such as the nuclear test ban treaty.

"I do not accept the permanence of the Berlin wall as a symbol of a divided world."

9 A.M. is the Date Deadline

For Classified Ads Saturday for Sun, Day edition 12 noon. This is also the deadline for ad cancellation. Many About People Ads will be taken up to 11 a.m. daily and 2 p.m. Saturday for Sunday's edition.

We will be responsible for only one insertion. Succession will be charged by the day.

CLASSIFIED RATES
1 line minimum
1 Day - 30c per line
3 Days - 80c per line per day

THE 1964 DODGE IS HERE!

JOHN PARKER MOTORS INC. is well established and qualified to maintain all your CHRYSLER motoring needs. We have a well stocked parts department, so there is no piecework on your car. All of our mechanics are well qualified and trained, as well as experienced. As usual JOHN PARKER MOTORS INC. is known for their high quality, ethics, and honest deals. We do NOT advertise falsely and we stand behind all guarantees made through this business. You may expect the same quality deals for the very lowest dollar invested in 1964 as you have in the years past.

- 1964 DODGE -

Every 1964 Dodge And Chrysler Is Backed By A 5 year 50,000 mile Warranty

AS DESCRIBED BELOW

THE DEPENDABLES' 5-YEAR 50,000 MILE WARRANTY - Chrysler Corporation warrants, for 5 years or 50,000 miles, whichever comes first, against defects in materials and workmanship and will replace or repair at a Chrysler Motors Authorized Dealer's place of business, the engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excluding manual clutch), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings of its 1964 automobiles, provided the owner has the engine oil changed every 3 months or 4,000 miles, whichever comes first, the oil filter replaced every second oil change and the carburetor, air filter cleaned every 6 months and replaced every 2 years, and every 6 months furnishes to such a dealer evidence of performance of the required service, and requests the dealer to certify (1) receipt of such evidence and (2) the car's then current mileage.

JOHN PARKER MOTORS INC. CORDIALLY INVITES YOU TO ATTEND THE OFFICIAL SHOWING OF THE 1964 LINE OF CHRYSLER AUTOMOBILES, FRIDAY, SEPTEMBER 20th. COME IN AND LOOK, DRIVE, AND PROVE TO YOURSELF THAT THE DEPENDABLES ARE HERE.

JOHN PARKER MOTORS INC. 301 S. Cuyler DART, DODGE, CHRYSLER, IMPERIAL, DODGE TRUCKS Phone MO 4-2548

Alert Warden Stops Prison Smuggling

HUNTSVILLE, Tex. (UPI) — The alertness of a warden stopped the smuggling before it began. Warden Howard Sublett revealed Wednesday that two ex-convicts had been caught attempting to smuggle \$5,000 to \$10,000 worth of barbiturates into the Wynne Unit of the State Prison System.

Parker, 26, Mrs. Tolleson's sweetheart. Sublett said he approached Mrs. Tolleson as she tried to get visiting privileges as a sister of Parker's. She had her five-year-old daughter, Linda, with her. He said she tried to bluff her way in — but broke down and cried. She told Sublett Plaskett was waiting outside the warden's office in a car. When officers went to see Plaskett, they found the barbiturates under a seat.

Pampans Win Ribbons At Tri-State Fair

In the textiles, teenage sewing contest at the Tri-State Fair in Amarillo, two Pampa girls rated first places. Each received a blue ribbon and \$2.

Kathy Davis, 14 year-old daughter of Mr. and Mrs. L. K. Davis, Star Rt. 3, Pampa, won first in the dress division. Connie Burger, 14 year-old daughter of Mr. and Mrs. Dean H. Burger, south of city, rated first in the wool dress or suit class. Both girls entered district 4-H competition in Amarillo, in July. Connie won a blue ribbon for her entry in the senior division. Kathy entered a shirtwaist dress in the junior division, which was not judged for competition. They are members of the Gray County 4-H Club.

Oil Experts Trying To Seal Gas Leak

ST. LOUIS, Mo. (UPI) — Oil field experts today attempted to seal off a massive underground natural gas leak that sent families fleeing and threatened a huge fire.

Workers tried to force a special kind of mud called bintonite down into two pipes through which gas began pouring Wednesday with a strong, egg-like odor and a deafening, geyser-like roar.

A control tower supervisor said an official of the Laclede Gas Co. recommended the detour of planes to eliminate "any chance of setting gas in the air on fire which would set the well off."

The natural gas was stored in the pores of a rock formation, more than a quarter of a mile underground. The gas leaked out of a two-inch hole above the storage facility under 600 pounds of pressure.

A company official said the gas would not explode and was not poisonous but said there was a great danger of fire.

Japan to Export Turbo-Prop Planes

TOKYO (UPI) — Japan's new Mitsubishi industries plans to export 200 turbo-prop utility planes to the United States during the next five years, the English language Japan Times reported yesterday.

The twin-engine turboprop, known as the MU-2 (Mitsubishi Utility) will be sold through the Mooney Aircraft Co. of Kerrville, Tex. Price is expected to be about \$300,000.

The plane, carries seven passengers and is able to take off in an airfield only 1,000 feet long. Its cruising speed is "about 375 miles an hour and it has a range of 1,800 miles."

The plane's first turbo-propcraft to be constructed in Japan, and recently was test-flown successfully.

A model is being sent to the United States for demonstrations next summer.

Police Search For 'Sloppy' Bank Robber

ALLEN, Tex. (UPI) — Police and FBI agents searched today for clues to the identity of a sloppily dressed but daring bandit who robbed the Allen State Bank of about \$10,000.

The gunman, described as about 6-foot-3 and 240 pounds, pulled a revolver on bank employee Scotty Cawthon Wednesday while filling out a loan application.

Cawthon said the gunman forced another employee into the main part of the bank and told Cawthon to fill a paper sack with money.

Death Toll Climbs In Bus-Train Crash

SALINAS, Calif. (UPI) — The death toll from the worst bus-train accident in U. S. history climbed to 29 today when a Mexican farm worker tentatively identified as Juan Diaz died at a hospital here.

Diaz, about 22, suffered head and chest injuries when a freight train traveling 65 miles per hour hit a bus at nearby Chualar Tuesday.

Thirty farm workers remained in serious condition. The only occupant of the converted truck to escape serious injury — the driver — faced a charge of felony manslaughter.

Meanwhile, two farm laborers were killed and one was critically injured Wednesday when a Southern Pacific freight train crashed into a pickup truck south of Madera 80 miles east of here.

Tuesday's crash, which involved a Southern Pacific freight train and a makeshift bus, prompted orders for investigations from Secretary of Labor W. Willard Wirtz and California Gov. Edmund G. Brown.

Awaking Interest Is Found In Matters Concerning Birds

By DICK WEST
United Press International
WASHINGTON (UPI) — Now that I have become an apprentice bird watcher, I find that I have an awakening interest in matters concerning our feathered matters concerning our feathered matters.

This week, for instance, my interest was awakened by a speech that Sen. J. William Fulbright, D-Ark., delivered in the Senate under the title "Seagull Wisdom."

Fulbright wistfully told his colleagues that the human race might have something to learn from the seagull, particularly as regards diplomacy and warfare.

Seagulls, he noted, never attack each other unless one of them sticks his neck out. And when hostilities do occur, the combat is largely ceremonial, so that nobody gets hurt.

43 Different Species
What Fulbright didn't say was that there are 43 species of seagulls in the world, 23 of which are found in North America.

The reason he didn't say that was because it had nothing to do with the point he was making. I just threw it in here to demonstrate my own erudition regarding seagulls.

I am, however, also informed on another matter, which may have some bearing on the message Fulbright was imparting. I refer to the behavior of peacocks.

Contrary to the impression you might have, a peacock does not strut because he is proud. He struts because he is clumsy.

The peacock walks with a stiff-legged swagger to keep from tripping over his own feet. Also to balance his tail.

He is supposed to use his tail to attract a mate. But if no peacocks are around, he will spread it anyway, possibly because he

needs the exercise.
Looks At Itself
If placed before a mirror, a peacock likely will spend a lot of time gazing at his reflection. Ornithologists disagree as to whether this is vanity or curiosity, and the peacock isn't saying.

My own theory is that the peacock is a frustrated bird watcher. Some peacocks have had tempers and will attack on the slightest provocation. A naturalist who observed them in the jungle reported that they were "as sinuous as a snake, as stealthy as a cat, and as wary as an old bull bison."

Aristotle, the famous Greek bird watcher, once described the peacock as having "the feathers of an angel, the voice of the devil and the entrails of a thief."

It would be nice if, as Fulbright suggested, people were more like seagulls. But let's face it. People are more like peacocks.

FEVER HITS THOUSANDS
SAN JUAN (UPI) — More than 10,000 persons in north-central Puerto Rico are suffering from dengue fever in an outbreak that is assuming epidemic proportions, the health department announced today. No deaths have been reported.

WEALTH NOT ALL
LONDON (UPI) — The marquis of Aylesbury was reported today to have rejected a bid by an oil firm that wanted to drill wells on his land in the Saver-nake forest at Marlborough.

"I suppose I might have become disgustingly rich," he told the Daily Express. "But frankly I don't want oil wells in my forest. I prefer trees."

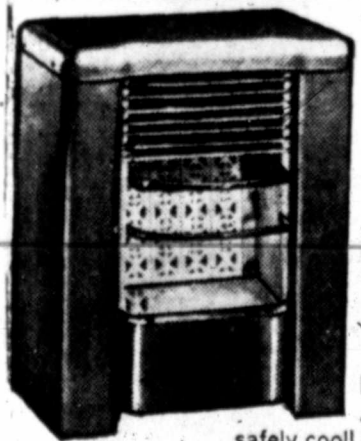

after the long, hot summer...

When summer's extreme heat is over, take a close look at the painted surfaces around your home. Are they peeling, checked, blistered? If so, you'll be wise to paint before winter dampness makes matters worse. Your best bet is DeSoto! Compare...you'll see!
