## 41 Students Here To Make Field Survey

Forty-one members of the Petroleum Engineering class including two Pampans, at the University of Texas arrived in Pampa late last night and today began making a spot survey by the back pressure method of gas wells in the Panhandle. Accompanying the boys were Dr. George H. Fancher of the university staff and F. M. Blair, Texas Railroad commission gas engineer.

It was the largest group of students ever sent to make a field survey. The trip was made in a large bus which left Austin at 6 o'clock yesterday morning and arrived here at 10:30 o'clock last night.

This morning groups were sent to different sections of the Panhandle. Thirteen remained in Pampa with eight going to Phillips, six to Borger, four to Dumas, four to Surrency, four to Shamrock, and two to Amarillo.

Among the group were Allen Evans and Skeet Wise of Pampa. One boy, E. A. Koman, is from Ankara, Turkey, while Ramiro Martinez is from Tampico, Mexico. Boys in the class are from several different states.

Purpose of the survey is to give the Texas Railroad commission information on which they can base future back pressure tests. It also gives the boys taking the course at the university practical experience.

## Judge Ewing To Open Wheeler Court Monday

A seven-week term of the 31st district court will open at Wheeler Monday with District Judge W. R. Ewing presiding. Judge and Mrs. Ewing returned to Pampa Thursday afternoon, from Hot Springs National Park, Hot Springs, Ark., where they have been the past four weeks.

After the term at Wheeler, Judge Ewing will preside at a nine-week term of district court here, opening on May 29.

At Lipscomb, a two-week term of 31st district court will be completed this week, according to W. R. Frazier, court reporter, who returned here last night after a week at Lipscomb. John P. Sturgeon has been acting district judge at the Lipscomb term, in the absence of Judge Ewing.

## Cresh Fails To Wake Sleeping Motorist

BRANFORD, Conn., April 7 (AP)—Gene Kelly parked his car on a hill near a golf course, curled up in the back seat and slumbered. The car rolled down a hill, smashed into a phone pole. A policeman rushed to the wreck, ripped open a door. There was Kelly still sound asleep.

## COMEDIAN FINED

To answer federal charges of smuggling \$2,131 in jewelry into the United States, top ranking radio comedian Jack Benny Friday pleaded guilty in New York, where he is pictured above.

ST. LOUIS, April 7 (AP)—Federal agents who shot down bandit Benny Dickson as he grabbed for his guns searched all known hideouts today for his pretty, blonde, gun-girl wife, Estelle.

"We got Dickson, we'll get her," commented one.

"Estelle Dickson is wanted just as badly as her husband was," declared Gerald B. Norris, chief of the St. Louis office of the Federal Bureau of Investigation.

The Dicksons always traveling together and heavily armed. They were wanted for three kidnappings, two bank robberies and car theft.

Officers expressed belief Dickson's 17-year-old wife still is in this area. She is also an expert shot and at one time her skill with a 22 rifle and revolver overshadowed that of her husband.

Walk Into Trap  
A mysterious "woman in brown" apparently led the 27-year-old fugitive into the federal agent's trap, a small restaurant in the outlying business district, last night.

The woman entered the cafe a moment before Dickson, Miss Gloria Cambron, a waitress, reported. She said the woman was not Mrs. Dickson.

"Then the man came in, the one who was shot," Miss Cambron said. "He sat down beside her. They stayed only a few minutes, and then he paid both checks and walked beside her to the door."

As Dickson stroled out of the cafe, federal agents closed in. "We're federal agents; throw up your hands," he yelled. They saw Dickson snatched at the two fully-loaded revolvers in his pockets.

The federal agents loosed a hail of slugs and two bullets felled Dickson.

Wrote Poetry  
The outlaw died en route to a hospital.

Dickson apparently attempted to justify his life of crime with poetry. In his wallet was found a page of closely typewritten, amateurish poetry. The free verse, apparently written by Dickson, explained his peculiar philosophy by accomplishing good things "for life" by doing harm.

"In the eyes of men, I am not just; and I should not live. But in your eyes, O life, I see justification. You have taught me that my path is right. If I am true to you, I read."

Bank holdups charged to the Dicksons were the \$2,187 robbery of the Corn Exchange Bank of Elktion, S. D., on August 25, 1938, and of the Northwest Security National Bank of Brookings, S. D., the following December 1, where they got \$17,592.

## Behrman Narrowly Escapes Injury

B. M. Behrman, owner of a woman's apparel store in Pampa, narrowly escaped injury while en route to Amarillo in Thursday's snowstorm.

Mr. Behrman, a member of the Pampa Kiwanis club bowling team was endeavoring to reach Amarillo in time for a noonday luncheon at the San Jacinto club, and to bowl with the Pampa team in an inter-city match.

Near St. Francis, and when he was driving in the blinding snowstorm, Mr. Behrman's car skidded, left the road and mired itself in the mud along the highway fence.

## Business Places Asked To Close For Services Sunday

A "Go to Church Easter Sunday" drive has been started by the Pampa Junior Chamber of Commerce. Speakers appeared before the Rotary, Lions and Kiwanis clubs and urged members who operate places of business that remain open on Sunday to close between the hours of 9 a. m. and 12:30 p. m., so that employes can go to church Sunday.

"We urge every business man in Pampa whose place of business is usually open on Sunday to close Sunday morning," spokesmen for the Jaycees said. "We know there may be some lines of business that cannot be completely closed on Sunday morning but we urge that as many employes as possible be allowed to attend church."

"The response has been gratifying," a Jaycee spokesman said today.

## Sleet In Galveston

GALVESTON, April 7 (AP)—Traces of sleet the first ever recorded in April, fell during a light rainfall here this morning when a minimum of 46 degrees was recorded. Warmer weather was forecast for Saturday and Easter Sunday.

## Temperature Drops To 27 Last Night

Spring sunshine came back to Pampa today after two days marked by a two-inch rainfall, an inch of snow, and cold that sent the thermometer down to a two-day low of 26 degrees at 11 o'clock Thursday morning.

At noon today the temperature in Pampa was 45 degrees, a rise of 15 degrees since the 6 o'clock reading. Although a drop to 20 degrees had been forecast for last night, the lowest temperature recorded was 27 degrees at 11 o'clock last night.

At 4 o'clock this morning the temperature rose to 30 degrees, dropped to 25 at 5 o'clock, then to 30 at 6 o'clock. Hourly temperatures from then to noon were: 29, 32, 36, 38, 42, and 45.

At 6 o'clock the temperature was 30 degrees, dropped to 25 at 6 o'clock, then to 30 at 6 o'clock. Hourly temperatures from then to noon were: 29, 32, 36, 38, 42, and 45.

A temperature of 30 degrees was recorded at 6 o'clock Thursday night. By 9 o'clock it had dropped to 28 degrees, and remained the same at midnight.

The U. S. Weather Bureau station at Pampa gave the forecast for West Texas as fair, not quite so cold, possible first south portion tonight, Saturday, fair and warmer.

As the freeze last night was a wet one and not a dry one, and since the temperature did not drop as much as had been predicted little

## Oil Proration Order Not Yet Drafted

AUSTIN, April 7 (AP)—Railroad Commissioner Jerry Sadler said today no more adjustments in the April general proration order had been made since the 80-odd announced Wednesday.

An order authorizing upward revisions in allowances announced had been signed by himself and Chairman Len A. Smith of the commission, he said, but the detailed order usually prepared by commission engineers had not yet been drafted.

"We got in a hurry around here and left out a few references," said Sadler, who returned last night from Houston where he had asked a federal court to set aside an injunction restraining enforcement of the April statewide order in five Gulf Coast fields.

Sadler said he was "alarmed" at the Houston suit because "it is aimed at knocking out all proration."

Regarding production of Texas wells if proration were abandoned, Sadler remarked some wells in East Texas were capable of producing 15,000 barrels a day and some in the Van and Yates field 100,000 barrels.

"It would take just about 48 to 72 hours for East Texas to go on the pump if it was opened up," he commented.

## Borah For Bill

WASHINGTON, April 7 (AP)—As yet there is "no sign of economy" at Washington except where distressed men and women are asking for food and shelter. Senator Borah (R-Idaho) announced today he intended to vote for a \$150,000, 000 emergency WPA appropriation.

## Harvester And Reaper Bands To Play Today

Pampa High school's band is scheduled to play at 7 o'clock tonight in the annual band conference, Region I, Texas Music Educators association contests, being held in Plainview. The contests opened Thursday and will end Saturday.

There will be 70 in the Pampa High school band. A group of 35 members of the band left Pampa in a school bus at 10 o'clock this morning, accompanied by Harry Kelley, member of the high school faculty. The remainder of the band is already in Plainview, as they had entered in instrumental solo and ensembles, in which competition was held before the band contests.

Another group of 35 students, members of the Pampa Junior High school band, left in a school bus from Pampa at 7 o'clock this morning, accompanied by Herman Jones of the Woodrow Wilson school faculty.

The Pampa Junior High school band, numbering 60 players, competed at 1 o'clock this afternoon.

Pampa entrants in vocal solos and ensembles, accompanied by Miss Helen Martin, supervisor of music in Pampa schools, and Herbert Miller, Horace Mann band director, returned to Pampa at 7 o'clock last night in a Pampa school bus. There were 35 in the group.

The Pampa school bus carrying Pampa Junior High school students is due to leave Plainview at 11 o'clock Saturday morning, while the bus carrying the Pampa High school students will leave Plainview at 8:30 o'clock that night.

Four buses in all will make the final return trip. The buses went to Plainview Wednesday afternoon. One of the buses returned to Pampa Thursday, and one remained in Plainview. Another bus in addition to the two sent this morning will be sent to Plainview to return here Saturday.

Following are Pampa winners by divisions. A number of them having won rating in more than one event in the division: First division: Gene Barter, Dean Noland, Willis and Warren Stark, Frank Yates, Sammy Taylor, Gene Lunsford, J. D. ## High Priests Demand Crucifixion And Pilate Sadly Yields To Mob

The dramatic story of events leading up to the first Easter is here retold from the Gospels by Frederick C. Grant, D.D., Professor of Biblical theology at Union Theological Seminary, New York. The reference at the end of each installment is to a Gospel account.

### By FRIDERICK C. GRANT, D. D.

Written for The Pampa News.

The conspiracy against Jesus reached its climax Friday. In the morning, the priests handed Jesus over to Pilate as a prisoner, as one who claimed to be the Jewish King, and therefore was a dangerous agitator—one who would rouse the nation to arms and throw off the Roman yoke.

Pilate's only claim to remembrance is his connection with Jesus. He was merely the minister of Roman government—not a special brutal or venial, above other men in his position, but no shining light of honor and integrity, either.

He had a hard task to represent Rome among a subject people, to keep order without too much show of force or an expensive army of occupation, and above all to keep the Jews contented and submissive, and the flow of tribute moving steadily to Rome.

### He Keeps Silent

No doubt he had no relish for the case brought to him by the priests that Friday morning. He saw through the situation at once and recognized that it was for envy the chief priests had delivered him up.

And so, with his rough sense of justice, but with his eye on the populace and the duty of keeping order in an over-crowded city, he tried at first to release the prisoner by making light of the charges.

"Art thou the King of the Jews?" To ask the question seemed to be

## White Urges Compromise For Bond Bill

Suggestions for a compromise on three bills now pending in the state legislature for distribution of an accumulated surplus of money in the state bond assumption fund were made today by Gray County Judge Sherman White to Rep. Eugene Worley and Sen. Clint Small, Panhandle representatives at Austin.

It is Judge White's plan to take the best features of the County Judges' Bill, the Tarwater-Petsch Bill, and a bill introduced by Senator Small and to draw a bill satisfactory to supporters of all three measures, he stated today.

The original County Judges' Bill provides that the bond assumption surplus be used to pay old road debts; the Tarwater-Petsch Bill provides that the surplus be used for construction exclusively of lateral roads in counties, and the Small Bill in the Senate would turn over the surplus to the state highway commission for use in building state highways.

All Bills Agree  
All three bills, according to Judge White, agree as to general purpose.

The state's original bond assumption law was passed in 1932 and authorized the payment of all county bonds on all state highways which were a part of the state highway system on Sept. 17, 1932.

In his original bill Judge White proposes to bring the 1932 bill down to date. During the years 1933-36 inclusive there was not enough money in the bond assumption fund to pay the principal and interest on all road bonds, so the counties were forced to contribute enough money to make up the difference. This proposed bill would repay the counties that contributed at that time.

All three pending bills, according to the Gray county judge, agree that the bond assumption law should be extended to include all outstanding county and district obligations on roads constructed by counties and road district obligations on roads constructed by counties and road districts which have become a part of the state highway system between 1932 and Jan. 1, 1939; and that

## Prizes To Be Given For Best Costumes

A combination of Alaska mining camp and the gold rush in California in the middle of the last century will be provided in the arrangements for the Days of '49 celebration to be held in the I. O. O. F. hall on West Kingsmill street here on the nights of April 13, 14, and 15.

Not only will there be prizes awarded for the best '49 costumes worn by dancers, but it is planned to have 1849 costumes worn by as many of the committeemen in charge of the event as possible.

In the games to be played, such as the wheel, dice, and blackjack, and in the entire setting, it is planned to make the hall where the event is held as typical of its name as possible.

To Benefit Charity  
The Kerley-Crossman post of the American Legion and the local venture of the 40 and 8 is sponsoring the Days of '49. Proceeds are for the benefit of funds used by the organizations in their charity work.

Admission will be by presentation of five \$1,000 bills—the "bills" being the imitation money sold in lieu of tickets. In true '49 style, all prices at the celebration will be keyed to fabulous sums, dances, for example, being "\$500" each.

Half of Tickets Sold  
Half of the \$4,000.00 in "tickets" has been sold. It was stated at the American Legion meeting Thursday night at the American Legion hall when complete plans for the event were outlined. The "tickets" are not redeemable and are good only at the days of '49 celebration.

J. Huval, commander of the Kerley-Crossman post, announced the complete set-up of committees.

## NYA Club Will Be Organized Tonight

All boys connected with the National Youth Administration movement in Pampa and surrounding territory have been invited to meet at 7:30 o'clock tonight in the red school building on the high school campus.

Object of the meeting will be to organize a NYA club for recreation and pleasure. Use of the red school building for regular meetings has been secured.

There are more than 50 NYA boys in this area.

## Brass Bands Cause War, Says Vandenberg

WASHINGTON, April 7 (AP)—Senator Vandenberg (R-Mich) believes he knows a way to keep America out of war. He would legislate all brass bands out of existence.

"Every time I see a parade and hear a band play," Vandenberg told reporters with a grin, "I'm not sure that I want neutrality legislation after all."

## Students Prefer Communists Over Fascists In Survey

AUSTIN, April 7 (AP)—American students would rather be communists than Fascists if they had to choose between the two, Student Opinion Surveys, an organization at the University of Texas, disclosed today.

The organization, sampling thought in 85 colleges over the country, said Communism was given a 56.4 to 43.6 per cent edge over Fascistic dictatorship and pointed out the results were exactly opposite to those of an adult poll of last year.

South and west central colleges were most emphatically opposed to Fascism.

## Troops Meet Only Slight Resistance

Mussolini Imposes Will on Little Balkan Kingdom

(By The Associated Press)  
Italian troops landed today on the coast of Albania and apparently already had imposed Italy's will on the little Balkan kingdom after overcoming her handful of defenders.

Indications in Rome pointed to the end of King Zog's reign over big Italy's little neighbor, wedged between Greece and Yugoslavia 45 miles across a neck of the Adriatic sea.

A well-informed source in Tirana, capital of Zog's mountainous little realm, said a delegation had gone to meet Italian leaders to arrange cessation of the hostilities.

Italy, which was reputed to have begun the landings on the Albanian coast after Albania's parliament rejected an ultimatum, was said to have accepted counter-proposals from Tirana.

The Italian government announced certain new proposals were made by a plenipotentiary mission to the Italian command and had been transmitted to Rome.

It was not immediately clear whether the proposals involved a complete surrender or a truce.

The government announcement, however, led to the widespread belief in Rome the king had offered to surrender Albania to the Italians under certain conditions.

It was reported here his proposals asked for an immediate cessation of fighting and establishment of an Italian protectorate over Albania, with Zog remaining as king and the country retaining some measure of independence.

Gayda Hints End  
The proposals were submitted to Premier Mussolini for study.

But Virginia Gayda, authoritative Fascist editor, hinted at the end of Albanian sovereignty. He wrote that "Albanian patriots had called on Italy to intervene to end the misrule by Zog and charged he had used Italian loans to Albania as his personal funds."

Foreign observers expressed belief Gayda was writing with official instructions.

Italian troops swarmed ashore at four points on the Albanian coast under cover of warships and bombing planes. According to Italian reports, they proceeded to the interior against only slight resistance.

Albanian advances, however, reported heroic opposition and said Italians had been driven back four times from the coast with heavy losses.

They reported repeated air attacks on Durazzo and said Valona, another seaport, was burning after sea and air bombardment.

The Italian charge d'affaires in London was understood to have given Viscount Halifax, British foreign secretary, assurances that the Italian occupation of Albania was only temporary. Lord Halifax immediately telephoned Prime Minister Chamberlain, who was on a fishing trip in Scotland.

Balkans Anxious  
Alarm over possible complications of the Italian coup spread in the Balkans. Europe's historic " tinder box," Yugoslavia, Albania's neighbor to the north, kept her hands off but feared the Balkan apple cart might be upset. In-

## Says Silence Will Bring War

One result of people being forbidden to express their opinions in speech or print is language paralysis, cables a European journalist. He adds that this malady will plague some nations until it climaxes in war or rebellion! Fortunately, with so many silencerators keeping our radio going full blast 24 hours in every 24, there is little or no danger of language paralysis on this side of the ocean. Insert a want-ad in The News and drive away any business paralysis.

### Local Churches To Have Special Easter Services

Commemorating Christ's resurrection, the observance of Easter will begin this evening at several local churches when Good Friday communion services will be conducted. In commemoration of the hours Christ spent on the cross, a noon-day service was held at St. Matthews' Episcopal mission from 12 until 1 o'clock today. This evening at 7:30 o'clock a candlelight service is to be conducted at First Methodist church when members will observe the sacrament of the Lord's Supper. At the Good Friday communion service at the same time in First Presbyterian church, a special number, "The Midnight and On Olive's Branch," will be sung by the choir. At Holy Souls Catholic church there will be a meditation on the Passion of Christ and the Way of the Cross at 8 o'clock tonight. This afternoon a three-hour devotion service was held between noon and 3 o'clock with the Way of the Cross observed toward the conclusion of the service. Saturday morning there will be a preliminary Easter service consisting of the Blessing of the New Fire, the Triple and Paschal candles, baptismal font, and Easter water, and the reading of the twelve prophecies. This service will begin at 6:30 o'clock. At the mass, held at 8:30 o'clock, the children will sing. Confessions will be heard from 4 to 6 o'clock Saturday afternoon and from 7 to 9 o'clock at night.

Two masses will be said on Easter Sunday, a high mass at 8 o'clock, for which a special musical program has been arranged with singing by the children, and a second mass at 10 o'clock, after which there will be a benediction of the Blessed Sacrament. Rev. Joseph S. Wonderly, pastor, will be in charge of all the services. Following the 8:30 o'clock mass Monday morning, children of the parish will have an Easter egg hunt on the campus of Holy Souls school. "He is Not Here—He is Risen" is the sermon subject to be discussed by the Rev. C. Gordon Bayless, pastor of the First Baptist church at the worship hour Sunday morning at 10:30 o'clock. Special music will include an anthem, "Christ the Lord is Risen," by the choir. Cantata to Be Sung. At the regular evening worship hour of this church the 38 voices of the choir will sing the cantata, "Calvary," by Wessell Choruses, trios, and solos will include "Father, Forgive Them," bass solo and chorus; "Today Thou Shalt Be With Me," bass solo and chorus; "Woman, Behold Thy Son," duet and chorus; "My God, Why Hast Thou Forgotten Me?" bass solo and chorus; "I Thirst," bass solo and ladies' chorus; "Father, Into Thy Hands," bass solo and chorus; "It is Finished," chorus and solo; "As It Began to Dawn," tenor solo; "Consider the Lilies," ladies' sextet; "Christ the Lord, is Risen Today," chorus. Arthur Nelson is director and Mrs. Fred Rusk, accompanist. As well as special music, two mem-

bers in keeping with Easter time will be featured at the Central Baptist church. The Rev. John O. Scott, pastor of this church, will preach on "A Practical Easter Day" at the 11 o'clock hour and on "A Proof of the Resurrection of Jesus Christ" at 8 o'clock. The Rev. E. M. Dunworth of the Calvary Baptist church will speak on "The Resurrection" at 10:30 o'clock when special music will be sung. Music To Be Featured. The Easter day program at the First Methodist church will include a quarter-hour radio broadcast by the pastor, the Rev. W. M. Pearce, at 8 o'clock over station KPDM, the reception of boys and girls into church membership at 10:30, the dedication of babies in baptism at 11 o'clock which will be followed with special holiday service. At 7:45 o'clock an Easter cantata, "From Olivet to Calvary," will be presented by the church choir under the direction of Lester Aldrich with Mrs. John Skelly as organist. Two complete church services will be held at the McCullough Memorial and Harrah chapel Methodist churches. Sunday school will be conducted at Harrah chapel at 9:45 o'clock with the Rev. H. H. Bratcher in delivering the morning message at the McCullough Memorial and at 11 o'clock Sunday school will be held at McCullough Memorial and the pastor will speak at Harrah chapel. Special music will be included in both programs and Mrs. R. R. Jones is to sing "Holy City" at Harrah. Mrs. Hulmg To Sing. Beginning the Easter services at the First Presbyterian church Sunday will be special church school at 10 o'clock and the morning worship at 11 o'clock with the pastor, the Rev. Robert Boshen, preaching. Mrs. Ray Hulmg will sing "Consider the Lilies" by John Prindell Scott, and the choir will give "Oh Lamb of God," while at the 5 o'clock vesper service the young people will present an Easter program. The Rt. Rev. E. C. Sman, bishop of the district of North Texas, will visit St. Matthews' Episcopal Mission for the purpose of visitation and confirmation. The 11 o'clock service will include the celebration of Holy Communion, administration of the rites of confirmation, and the sermon by Rt. Rev. Seman. A total of 800 has been set by the First Christian church for the attendance at Sunday school Easter morning. Continuing a series of sermons on the church the Rev. John Mullen pastor, will preach on "Life in the Church—For Eternity" at 10:30 o'clock and "The Church in Revival" at 8 o'clock. Ernest

### Easter Program At Central Park Announced Today

An outdoor Easter service will be held at 4:30 o'clock Sunday morning at Central park, when Kit Carson, director, will present a drama pantomiming the Resurrection scene. The event is being given by Pampa churches and the local recreation project.

Characters, all of whom will be in costume, in the drama will be Stanton Dodson, Bob Dunham, Mildred Davis, Mattie Sue Cook, Ysleta Davis, Ruth McCaw, Wesley D. Pate, and Leo Southerly.

Order of the program will be: prelude, trumpet call by trio from Pampa High school band; song, audience, "In the Garden"; prayer, Rev. Robert Boshen, pastor of the Presbyterian church; song, audience, "Jesus, Keep Me Near the Cross"; reader, "The Brightest Day in All the World," R. A. Selby.

Solo, "Why Should He Love Me So?" Edith Beckham; reader, song, picture; duet, "Whispering Hope," by Mrs. Byron Hilburn and Miss Betty Jo Townsend; reader, third picture; chorus, "No Night There"; reader, fourth picture; solo, "I Know That My Redeemer Liveth," Charles Maderna; chorus, "Christ Arose," audience; benediction, Captain Herman C. Lambrecht.

Kit Carson, director of the drama, graduated from Pampa High school in 1929, from McMurry college in 1934, and has studied three years at the University of Chicago, two of which were spent under the instruction of Dr. Fred Eastman. He also studied one year at the Chicago Art Institute, and plans to complete his work on a Master of Arts degree in speech next year at Louisiana State university.

Ernest Jones, assistant pastor of the First Christian church, will be pianist at the Easter sunrise drama. Another assistant of the director will be Arthur Nelson, First Baptist church choir director.

### Leaf's Spell Broken?

BOSTON, April 7 (AP)—The spell the Toronto maple leafs had cast on the Boston Bruins appeared broken today and those national hockey titlists were on game up and three more to go to gain the prized Stanley Cup that has eluded them for 30 seasons. The Bruins gained a 2-1 triumph in the opening contest last night.

### Cornish Acts Will Feature Fiesta Rodeo

Cecil Cornish of Waukomis, Okla., has been secured to present his acts at the Top O' Texas Fiesta, it was announced at a meeting of the rodeo committee held last night in the BCD committee room of the city hall building.

Cornish, Waukomis farmer, has become famous for his rodeo exhibitions. His acts include driving a sulky behind a trained Brahma bull, a steer jumping over an automobile, trick riding, and an act in which he uses his matched pair of Palomino horses, the Golden Eagles.

Among the events at which Cornish has presented his acts are the annual Oklahoma City Horse show, the Cherokee Strip Celebration at Enid, Okla., and the Elks rodeo, at Woodward, Okla.

Ed Tracey was named at the meeting last night to be in charge of reports and the junior calf riding. Entry blanks for this contest can be obtained from the Pampa NEWS. No age limit has been set to date for boys entered in the contest, but all contestants must have the written consent of their parents to participate. There will be 15 Brahma calves for the boys to ride.

These calves, as well as all other rodeo stock, is to be supplied by Lynn Buetler of Elk City, Okla.

Members of the rodeo committee for the fiesta, to be held here on June 13 and 14 at Recreation park are: R. B. Allen, supervisor of construction; Jack Back, supervisor of arena activities; Alvin Bell, in charge of advance ticket sales; Jimmie Dodge, arena police; Tom Johnson, supervision of gate; Sid Patterson, advisor; and Ed Tracey.

### Road Between Two Volcanoes Planned

MEXICO CITY, April 7 (AP)—The Mexican government is building a highway that will traverse the route across the saddle between the romantic peaks of Popocatepetl and Ixtaccihuatl, or "Sleeping Woman," which Cortez took six centuries ago to capture the fabulous city now the capital of the Mexican republic.

### Thompson And Girl On Program

An address by Fred Thompson, secretary of the Pampa Kiwanis club, featured an inter-club program presented by Pampa Kiwanians at the regular meeting of the San Jacinto civic club Thursday noon in San Jacinto.

"What we need today," Mr. Thompson asserted, "is more individual responsibility and less leaning on the government."

"We, as Kiwanians, need to be able to assist those who need it to learn to build for themselves and to teach them that self-dependence is a prime requisite in the American scheme of things."

Miss Lois Pralley, KPDN singer and recent winner of a high school talent contest, sang two numbers. She was accompanied at the piano by Mrs. Robert Boshen.

Pampa Kiwanians in attendance were J. B. Massa, chairman of the club's inter-club relations committee; Mr. Thompson, B. M. Behrman, Howard Buckingham, Jeff Bearden, A. J. Johnson, W. V. Jarratt, Tom Smalling, and Tex DeWeese.

Sharing The Comforts Of Life --- By R. C. Hollies

SOCIAL SECURITY RESERVES
It certainly would be a wise policy for the administration to reduce the taxes on payrolls. This can be done because the government is not putting any of it in a productive reserve but spending the surplus to pay current government expenses.

BELIEFS OF CAUSES OF UNEMPLOYMENT
Judging from the laws we have made in the last ten or twenty years, the public believes that the primary reason for unemployment and low wages is the entrepreneur—the employer. It is evident that we believe this because we have made law after law with the intent of coercing the employer to pay more for a given unit of production.

Behind The News Of The Day
WASHINGTON—Strategists studying German efforts to get at raw materials and food become more and more aware that England has not wasted her time in these past 300 years getting her hands on strategic points in the world's geography.

The Nation's Press COLLAPSE OF A PROGRAM
Nothing could better emphasize the bankruptcy of the Administration's agricultural program than the President's proposal for subsidizing the export of cotton.

ANY SOLUTION IN SIGHT?
The open ocean, she must travel either through the English Channel between England and France, or northward between England and the Scandinavian peninsula. England blocked both those passages during the World War. Her navy is being built up to be able to do it again.

Around Hollywood

By PAUL HARRISON
HOLLYWOOD, April 7 — All around the town: Women wearing fur coats but no hats or stockings. Children clad and curled to look like caricatures of Shirley Temple. Shirley Temple wearing overalls. Horseback rides in wild west costumes on mounted English saddles. Extra girls wearing glasses on cloudy days. The negro shoeshiner who wears full evening dress.

People You Know

By Archer Fullingim
Jimmie Vickers, young son of Mr. and Mrs. Edwin Vickers, was playing with his blocks last night. He was building things with them and naming them as he built them. Soon he saw one of Mrs. Vickers' shoes lying near by. "That'll be my water tank," he said soberly.

Yesteryear In The News

TEN YEARS AGO TODAY
There were at least 350 "armistice" citizens in Pampa. That number took advantage of the giant Ford monoplane here and took rides in the air pulman.

Tex's Topics

By Tex DeWeese
ALBERT COOPER, EDITOR OF THE Shamrock, Texan, who thinks he's funny—dares us to make one more peep. He says he doesn't want to fight in one breath, and then in the next whistles from his craky chest says he will. Okay, here it is—more from COOPER!

Mr. Cooper started this thing when he accused us of not knowing what the score is about who writes the columns over there on his Daily Texan. Well, we may not know what the score is, but we'll be damned if we're going to allow people like Cooper, who doesn't even know where the game is being played, to throw the fact into our face in front of everybody.

WHO DOES HE think he is! He may have gone to a couple of colleges and two or three universities, but the fact that we've gone further than the second grade in grammar school is no sign we can't muss him up at 20 paces. In fact, the more paces, the better. Just because Mr. Cooper lets his beard grow for six weeks every year, he has an idea that he's Samson or somebody. If there's anything that burns us down it's to see a bantam rooster shoving his chest out and making slurring remarks in a barnyard full of Plymouth Rocks.

It's rather difficult for us to take this attitude during Holy Week, but if everybody could see the things Mr. Cooper's been writing about in his paper, it would be easy to understand, and we're sure they would agree that the means justify the end.

WHEN HE WANTS to be, Mr. Cooper is one of the finest fellows you've ever met. And, when he wants to be, he's one of the slurringest, bitingest, cuttingest, meanest. Ordinarily, when Mr. Cooper takes a notion to bend you, he bends you double. But here's one cookey who has a wrong ally for him to bark up. Go ahead, try your funny stuff, friend, and you boys over there in the gutter—stand back out of the way, please.

Most everybody has moments these days when he would like to "get away from it all." But it is easier to talk about it (and probably more fun) than it is to do it.

TAKE FOR A small example the case of James Dawson Fox of Dawson Springs, Ky. James is 48, a former farmer, and his only income is a \$10 a month old-age pension. He lived in a rented house, but he wasn't paying any rent. So when the roof started to leak, James didn't have the crust to ask repairs from the landlord. James moved into a nearby cave where nobody thought of rent.

But there was one difficulty with the cave, as James found out after he moved in. The roof leaked.

AND THAT'S the people struggle along with the leaky and unsatisfactory institutions that rule the world today. They are afraid a new roof will leak just as badly.

Book A Day

The story of land has interested Carleton Beals practically since his college days. So wherever he has traveled up and down and across the nation, whatever he has done, he has pursued this saga. The result has been an exhaustive study. You read it with all its drama, its pessimism, hope and pointed social implications in "American Earth" (Lippincott: \$3).

Very likely you will agree that this is Mr. Beal's most important work. In reality, it is a biography of the land where they live. It is no less than the story of America itself. As Mr. Beals puts it, everything that a country is stems in the final analysis "from the sound and creative and health-giving relationship of the people to the land where they live."

So much for the basic idea. But what have we done with this land, inquires Mr. Beals? Generally, we have abused the American earth. He points out. We have destroyed much of it, we have denied men proper access to it. Finally, we have reduced the man who tills it to a low economic level. We have, moreover, created an unhealthy relationship between rural and urban life.

News Clearing House

Editor's Note: The following is the third prize winning article in the Junior group in the Contest, "What is a Fair Wage?"

WHAT IS A WISE METHOD OF ARRIVING AT A WISE OR FAIR WAGE?
A reasonable or fair wage is easily determined, for everybody who works should receive as a wage that which his work produces or its equivalent.

Like the automobile factory workers, one man puts on bolts, another puts on fenders while another designs the engine and another puts it into the automobile. Everybody that has any sense knows how to tighten a bolt, but everybody don't know how to make engines and other parts for cars. There are different men who are bosses for the workers who collect higher wages. To have them happy you would want to pay them as they earned it. If one man made more it would encourage them to work harder after you had explained to the workers. After the man had tried it he would work for better wages all the time and so everybody would profit by it and would be happy.

If you paid each man so much a day he would be making money whether he worked or not but would you be gaining anything if he did not work? If you paid him by what he earned you could encourage him to work. If you want to pay a worker so that he is satisfied and happy you should make a system that would make the men want to work because when a man worked harder he is helping the owner of the company and if you paid him for what he had he would be helping himself out, too.

The Family Doctor

Dr. Morris Fishbein
Sometimes, as people get older, they develop a combination of symptoms now known as Meiniere's Disease because a Frenchman with that name first described the condition scientifically in 1861.

In this condition the chief disturbances consist of deafness and ringing in the ears associated with dizziness, vomiting, and sudden side to side movements of the eyes. From time to time it has been thought that the disease was a combination of the internal ear but it has not been possible to locate a definite change consistently in any considerable number of cases.

A few years ago a physician who was investigating this disease concluded that the disease was a combination of the way in which the symptoms occur.

Obviously, it is neither desirable nor possible for anyone to try to diagnose or treat a condition of this kind for himself. In the first place, the occurrence of any one of these symptoms does not mean a diagnosis of Meiniere's disease.

Furthermore, it is necessary to make a real study of the hearing, the dizziness, the vertigo or dizziness, which must be present in addition to the possible attacks of vertigo or dizziness and the vomiting. Then the ringing in the ears frequently occurs in many people as a separate symptom associated with changes in the circulation, with high blood pressure and with other disorders.

Thus, it is necessary for the physician to study the complete patient in relationship to the occurrence of the symptoms and the time of their occurrence. Then he can make the diagnosis.

Cranium Crackers

Try these problems in word arithmetic. 1. Add the noise of a bee to a percussion instrument and get an adjective meaning "dull."

2. Subtract the first two letters from a word meaning "income" and get a place where an action in law is laid.

3. Divide a type of candy by two, add the objective case of "we," and get a sum paid over and over above a regular salary.

Bleke To Referee

LOS ANGELES, April 7.—(AP)—George V. Bleke, manager of the California Athletic Commission, to referee the heavyweight championship fight between Joe Louis and Jack Reper here April 17, will meet with the rival managers next Tuesday to discuss rules governing the 16-round encounter.

Meanwhile, the principles continue hard training. The number of pieces in a watch or clock has not changed materially since clocks first were made.

# Towns in Pampa Area Have Many Winners in Plainview Contests

**PLAINVIEW, April 7.**—Pampa musicians took the lion's share of honors in the opening round of the Region 1 band conference here yesterday. Soloist and ensembles from Pampa competed in practically every event of the day and had winners in every division represented in the judges' returns.

Friday's program will get underway with class D band contests, starting at 8 o'clock. The remainder of the program is scheduled as D, C and E bands contesting in the other named Class B bands also are to play at 9 o'clock. The marching contest is scheduled for Friday night, R. C. Davidson, Plainview band director, and chairman of the region, said the football stadium here would be in good shape for the drill maneuvers.

counties and road districts that contributed to the fund some \$10,000,000 to service the state eligible debts between 1933 and 1936 shall be fully compensated so as to make 100 per cent assumption by the state.

**White's Suggestion**

Judge White's principal suggestion for compromise includes provision that any surplus should be placed in a designated "County Highway Fund" to be expended by each county commissioners' court in one of the following methods:

1. Each county's portion may be used in the construction of lateral roads in a manner as provided in the Tarwater-Petoch bill, which provides distribution on the basis of county population, area and the number of lateral roads in the county.

2. Each county's portion may be used in the payment of any outstanding bonds as of Jan. 1, 1939, proceeds of which were used to build lateral roads.

3. Each county's portion may be turned over to the state highway commission to be used by the commission in the building of state highways in the county, surrendering the funds to the highway commission.

# Contest To Name Baseball Team Announced

## Pampans Will Open Season At Amarillo

All Names Must Be In By Midnight On April 15

Some baseball fan from Pampa or this section of the Panhandle is going to see 70 baseball games at Road Runner park this season for nothing. He or she is going to be the person who first submits the name selected by a committee for Pampa's team in the Texas-New Mexico baseball league.

The contest will close at midnight April, so fans have only nine days in which to submit names. Time of opening of each suggestion will be recorded and if more than one person submit the selected name, the prize will go to the person sending in the first name selected.

All suggestions should be mailed to Baseball Contest, Radio Station KPDN, Pampa, Texas.

Box Seats On Sale  
The prize will be equal to \$28. General admission to home games will be 40 cents and there will be 70 games played here, according to a copy of the tentative schedule received by Manager Grover Setz for his approval. If all managers approve the schedule, it will be released by President Milton Price on Sunday.

Pampa will open the season in Amarillo the afternoon of April 25 and will play there the following day. On April 27 the Pampa team will be introduced to the home folks with Amarillo providing the opposition.

Season reserve-box seats are now available and may be secured by writing to Harold Miller, care of the Danziger Refineries, Inc., Pampa, Texas. A box seat for four persons will sell for only \$20 for the season, which amounts to about seven cents per person per game over the general admission price of 40 cents. If one person does not desire a box, he may go in with a friend or friends and order a box, regardless of how many are interested in the box.

Plays Coming  
Signs on the park fence are also for sale through Harold Miller. A sign 8 feet high and 20 feet long on the lower part of the fence or a sign six feet high and 20 feet long on the top section will be available for \$25, including painting.

In discussing the low cost of a box, Manager Setz said that he did not want to hold Pampans—and other good seats to games. Several other cities in the league are charging twice as much for a box as is being charged in Pampa, Setz said.

Manager Setz has called a practice session for Saturday afternoon at 2 o'clock, providing the weather is favorable and the field dry. Another practice will be held Sunday afternoon at the same time. Setz will not be here for the practice but will be in Enid, Okla., where he will pick up several players.

On April 14, another group of players will arrive here from Los Angeles, Calif., where they have been in spring training with major and minor league teams. The Pampa prospects will accompany Earl Hamilton and his St. Joseph, Mo. team as far as Berger where St. Joseph meets Huber.

Official spring training will open Monday afternoon.

## Mustangs Split With Farmers

Southern Methodist University and Rice Institute baseball teams clash at Houston today (Friday) after the Methodists split a doubleheader with Texas A. & M. College yesterday.

The Aggies faced the Houston Buffs in a non-conference tilt. The Methodists won the first game 7-2, but lost the nightcap, 16-3, in the College Station contests. That left the Aggie-Mustang series at two to one in favor of the Mustangs, who won the opener at Dallas, 4-3, a week ago.

In a non-conference game at Austin, Texas University defeated Oklahoma University 11-1 as Sophomore Melvin Deutsch turned in a five-hit pitching performance. Deel, Oklahoma hurler, allowed 15 hits. The Sooners took the lead in the second inning, but Charlie Haas homered in the next frame to knot the score, after which Texas pulled to the fore.

## When Stanley Cuppers Get Shore Over Something

Battling Eddie Shore of the Boston Bruins is nursing a broken nose, black eye and gashed cheek, while most of his teammates and the rival New York Rangers are soaking in limelight after indulging in New York's worst hockey riot during the Stanley Cup playoffs in Madison Square Garden. In the battle scene above, Shore (No. 2) is having a couple hung on his nose by the Rangers' Murray Patrick, former amateur heavyweight champ of Canada. At right, Ranger Phil Watson is backed against the boards by Hamill of the Bruins. P. S.—There WAS a hockey game and the Rangers won, 2-1.

## IT'S BETTER THAN YOU THINK! Business Fairly Good

**BUSINESS SIGNS POINT UPWARD.**  
 1. Labor troubles dying out.  
 2. Political picture better.  
 3. No war this spring.  
 4. Raw materials cheap.  
 5. Inventories at rock bottom.  
 6. Profit margins good.  
 7. "Fear" only drawback.

BABSON PARK, Fla., April 7.—Business today is better than the average business man thinks it is. Actually, it is fairly good. It could, of course, be better; it could also be worse. In cold figures, business is 22 per cent above a year ago and only 12 per cent under the peak of two years ago. Excepting only 1937, activity this spring is the highest for any similar season in ten years! This does not sound quite so bad as the average person has been led to believe, does it?

Just to show readers how activity in various industries contrasts with the low levels of 1938 and the good volume of 1937, here are some simple percentage comparisons:

Today Compared With	Year Ago	Two Years Ago
Freight carloadings.....	+8%	+20%
Steel operations.....	+70	-40
Textile activity.....	+36	-13
Electric consumption.....	+11	+3
Building volume.....	+40	+15
Bank deposits.....	+10	-15
Automobile assemblies.....	+70	-23
Retail trade.....	+8	+5
Number of jobs.....	+3	-15
Farm products prices.....	-4	-26

On New Year's Day, I predicted a 25 per cent increase for the first half of 1939 over the initial six months of 1938. The record shows the gain for the first quarter has been 21 per cent. However, I anticipated that business by Easter would have seen a slight rise over the year-end level. January business stood at 100 on the Babson chart. Since then it has marked time. February was 99, March 99.5 and April is opening at 100. In 1938, the figures were 84 in January, 81.5 in February, and 81 in March.

Does the failure of business to rise since January mean that the encouraging predictions I made for the entire year should be revised downward? Definitely not! The improvement has simply been postponed by one war scare after another. Three out of every four investors, bankers, business men, and merchants whom I see say, "I'm not doing anything until I see what Hit-

## Sports Will Try To Go Up Two Notches

(Editor's note: This is another in a series of stories on Texas league prospects, written by sports writers.)  
 By JOE R. CARTER  
 Sports Editor, The Shreveport Times

Better things are expected from the Shreveport Sports in the Texas league prospects, written by sports writers. The cellar-place club Shreveport inherited in the spring of 1938, when it purchased the Galveston franchise, jumped into a sixth-place outfit in last year's campaign, and gives indications of going a couple of notches higher this season.

Whereas the Sports were grabbing about blindly last spring to muster strength for the flag campaign, they have had an abundance of material on hand this year, and a good collection of young talent to select from. They have a work-in-progress agreement with the Chicago White Sox and can expect help from the Pale Hose should an emergency arise.

The main hope for an improved club hangs on acquisition of Homer Hefner Peel as player-manager. Peel finds an improved club at all positions, excepting first base. Chet Manning is holding down the initial bag in spring practice but it has not been satisfactorily settled that he will be a capable replacement for Merv Connors, who is in the Chicago White Sox camp. Manning came up from the Evangeline league the last month of the 1938 season and showed nice fielding, but he has not produced the batting power required.

At second base, shortstop and third base, the Sports have hold-overs from the 1938 flock. Jo-Jo Vittur is at second base and will probably remain. Sully Becker is trying to keep his shortfield berth in competition with John Gerlick, from the Wilkes-Barre, Pa. club, and Stock, a rookie sent here by the White Sox. At third base Joe Valenti is trying to protect his position but faces stern opposition from Bob Kennedy, 18-year-old third-sacker from the Longview team of 1938.

The outfield is more stable now than any time last year. Peel will cover left field and Vernon (George) Washington will be in right. Washington was in the American association and was hitting close to 400 when forced out for the 1938 season with a lame shoulder. There is a strong battle for the center field berth with Joe Moore, holdover, having the edge. Danny Rich, slugger from the semi-pro ranks, Jesse Landrum, another heavy hitter, and Tommas, who was here with Connell, and David Short from Kilgore are seeing service in spring games in the outfield.

In Jim Bivin, Bobby Coombs, Frank Wagner and Vallie Eaves, the Sports have four likely looking right-handers. Bivin and Coombs are rated the ones in the hurling grade. The most likely looking new member of the hurling staff is Leslie Dunkel, from Pine Bluff, Ark., where he won 21 and 14 games.

The back stopping should be an improvement with Tex Chandler, Hank Horton, or Hack Miller on duty. Chandler reported last year but did not play. Horton was purchased from a smaller league where he was named most valuable backstop and Miller was play-by-play of the Lubbock team.

## Tournament Golf Favorite Beaten

DALLAS, April 7 (AP)—Warren Brown, Palestine high school golfer, yesterday eliminated Joe Moore, favorite from San Antonio, from the high school golf tournament here in 20 holes.

Billy Russell, Kilgore, shot four over par and the day's low score to eliminate Ernest Pool, Dallas Tech, 5 and 4, after latter had won Tuesday's qualifying medal with a 72.

Ray Massey, Denton, eliminated Darwin Pegu, Cleburne, 3 and 2.

## Supremacy Of Bills And Roden To Be Challenged

The battles in the 115, 125, and 135-pound weights are scheduled to be the toughest in the boxing tournament to be held at the Pampa athletic arena next week-end.

The current high school champion in this section of the Panhandle in the 115-pound division is Roden of Shamrock. He won the Canadian and Shamrock tournaments by knockouts, and he is favored to win the Alnreed tournament this week-end.

Douglas Loveless of Pampa is entered this week-end at Alnreed in Roden's division, and Promoter Cliff Chambers believes that the Pampa boy will give him a better battle this week-end. Roden has terrific right which has enough power to put an opponent to sleep when it connects. Hanna of Stinnett is another strong contender in this weight.

The king of the 125-pound division is of course Frankie Bills of Shamrock whose injured hand may not be sufficiently healed to enable him to enter the Alnreed and Pampa tournaments. Bills broke a blood vessel in his thumb last week at Shamrock and was unable to fight Reeves of Alnreed in the finals. Both Reeves and Bills had won by knockouts until they reached the finals and fans were looking forward to a battle which may not take place until the Pampa tournament.

Other boxers in this division are L. J. McDonald of Pampa, who is the champion of Canadian, who defeated Jimmie G. of Canadian, and Harold Smith of Pampa, who lost to Frankie Bills and Reeves, Calloway of Canadian, who was knocked out in 15 seconds by Bills.

## Major League Camp Briefs

(By The Associated Press)  
**SUMTER, N. C.**—Schoolboy Rowe has set his 1939 pitching club at 18 victories for the Detroit Tigers. Rowe scrawled the figure over his name in the Lakewood, Fla., clubhouse before the Bengals started today. Their first stop was for a game with the Brooklyn Dodgers today.

**ABILENE, Tex.**—Checking up on his pitchers while awaiting today's tussle with the Chicago White Sox, Manager Pie Traynor discovered young Truett Sewell, batting practice and bull pen pitcher last year, is now the leading hurler of the Pittsburgh Pirates. He hasn't allowed a single run in the 13 innings he had worked this spring.

**TULSA, Okla.**—Cold weather had been putting a crimp in the pitching plans of Marse Joe McCarthy, boss of the New York Yankees. He had 13 hurlers, counting the place he intends to keep open for the injured Spud Chandler, and says he will cut this number to 11. But snow and cold have kept his team idle for two days and he has so many able veterans needing work he can't find a chance to look over his rookies.

**BATON ROUGE, La.**—The New York Giants were happy today about the skill shown by big Zeke Bonura in coming in under pop flies and fouls. With Coach Pancho Snyder doing the fungo work yesterday, he labored in a lengthy session.

**CORPUS CHRISTI, Tex.**—Anxious for first hand study of Pitcher Gene Lillard, who may be a starter for the Chicago Cubs, Manager Gabby Hartnett decided to take over the catching chore himself in today's game with the St. Louis Browns. Lillard was a flop three years ago in a tryout as a Cub infielder, but has been looking great this spring as a pitcher. In his last start he shut out the Chicago White Sox, 2 to 0.

**CORPUS CHRISTI, Big,** limber-tongued Buck Newsum gets another chance today to prove he's worth the salary he held out for and didn't get from the St. Louis Browns. He'll have little chance of relief if he gets into trouble against the Chicago Cubs, because most of his pitching mates remained in San Antonio.

**ABILENE, Tex.**—Johnny Rigney, the Chicago White Sox hurler who shut out the Cubs in a five-inning stint last Friday and has been itching for another chance ever since, drew another blank today. Rain prevented his turn Tuesday. Ted Lyons drew the assignment Wednesday and snow stopped yesterday's encounter. Today Jack Knox and John Whitehead were listed for mound duty and Rigney was still hoping he'd get a call tomorrow.

## Some Rookies Still Look Like Stars

By JUDSON BAILEY.  
 NEW YORK, April 7 (AP)—Like the flowers that bloom in the spring, to use a standard botanical and baseball expression, the bright-eyed rookies are being plucked from the major league rosters in great clusters these days.

It is a pleasure, therefore, to reassure baseball fans the pains of praise written in the last month about mushroom Ty Cobbs and Johnsons were not entirely fiction. At least a dozen freshmen still look like stars.

The world champion New York Yankees, who maybe need them least of all, have one of the smartest assortments of rookies. Marse Joe McCarthy is going to keep the batting champion of the International league, Warren (Buddy) Rosar, riding the bench just to relieve durable Bill Dickey with the catching chore.

The Yanks aren't a club to cover their rookies under a bush, however (remember Jo DiMaggio in 1937 and Joe Gordon in 1938) so McCarthy probably will have a neophyte in left field. Right now it looks like Jas. Gallagher, an honor graduate of Kansas City. Charley Keller may catch up to the job.

If there is a brighter assemblage, it is that of the Boston Red Sox. Ted Williams, the American Association batting king, is a "sure thing" for an outfield berth. Jim Tabor is being groomed for third base and Woodrow Rich may be a pitching standby.

Detroit has the heralded Freddie Hutchinson, bearing a \$100,000 price tag, but there is some question whether he has an outfield berth. Hank Greenwald will get in the American league. Barney McCoskey seems to have won an outfield assignment and Dizzy Trout might become the pitching hero Hutchinson would like to be.

Every club counts on at least one newcomer.

## John Nemanic To Referee Bouts Despite Threats

"Me and nobody else is going to be the law in that ring Monday night," declared John Nemanic somewhat ungrammatically but nevertheless emphatically after he had been appointed to referee for the matches Monday night, which will feature the Durano-Frankie Hill "double-murder."

The lump-eared, broken-nosed Nemanic who has been refereeing the matches here, will continue to officiate in that capacity despite the noisy opposition of Frankie Hill who professes to despise Nemanic, and Sheriff Cal Rose who threatened to jail Nemanic if the latter "could not" referee the matches.

"I see no particular reason to change referees," said Promoter Cliff Chambers. "All referees are slap-happy anyway, and Nemanic is no more blind than the others. Look at some of your football officials. Look what they allow to get by!"

Every other person reading this today, who is 35 years old, will pass the age of 70, according to U. S. Public Health figures.

## Strafaci Gains Semi-Finals Of Pinehurst Meet

PINEHURST, N. C., April 7 (AP)—Two more victories stood before Frank Strafaci of Brooklyn, N. Y., former public links champion, and his second straight north and south amateur crown today.

Strafaci, defending champion, gained the semi-finals of the annual tournament here yesterday with three other seasoned players, Richard Chapman of Greenwich, Conn., Charles Whitehead of South Orange, N. J., and Bobby Dunkelberger of High Point, N. C.

Strafaci yesterday got a 5 and 4 victory over E. H. Crandell of Bronxville, N. Y. Dunkelberger eliminated Ed Meister 4 and 3.

Chapman beat John Bruke of Newport, R. I., 2 and 1, and Whitehead defeated Charles Clure of Hartford, Conn., 1 up.

The semi-finals pitted Strafaci against Chapman, and Dunkelberger against Whitehead.

SERIAL STORY BORDER ADVENTURE

BY OREN ARNOLD

CHAPTER I

THE cold, forbidding aspect of the gray stone police headquarters in El Paso, Texas, suddenly was intensified by contrast as trim Betty Mary Jordan walked in.

Technically, Betty Mary was an efficiency expert from Washington, sent out with an official reprimand for Inspectors Starr and Kildare of the U. S. Border Patrol. She didn't look it. She was a dainty person whose left dimple flashed at the slightest provocation. Her hair was the color of brass. Her eyes china-blue. They, and her height, suggested that Betty Mary ought to be somewhere skipping rope or, at most, preparing for a junior prom.

Nevertheless, her lips were set in what she fully believed was a firm, purposeful line. She was still stinging a little from the challenge thrown at her by big Sheridan Lanford Starr, and echoed—at least by a nod—from his close friend and fellow officer, Hope Kildare. She was also trembling a little, inwardly, at her own temerity in accepting their challenge.

"If you think Luis Barro is so easy to catch," Sherry Starr had rumbled, indignantly, "then—then—why don't you help catch him yourself? You're an efficiency expert. At least Washington said they were sending one out!"

He had blurted it much as a college boy would blurt something at a co-ed with whom he was quarreling. And Miss Jordan had answered in kind.

"All right, maybe I will!" she had snapped. "Efficiency is simply getting a hard job done promptly. You two men have been trying for a year. And Luis Barro is still called the Smuggler King of the Mexican Border. Only a few nights ago he sent over a dozen aliens and a shipment of narcotics, while you hid peacefully in the shade 10 miles down the river!"

"We had a false tip!" Hope put in, pleadingly, watching her blue eyes.

"It's your business to get accurate information before acting," she declared. "Isn't it, now?"

One word had led to another. Talk, talk, talk; details, details. When Officers Kildare and Starr had dutifully reported their failure again to capture Luis Barro, worst of all border smugglers, an extremely busy department chief in Washington had sent his efficient secretary-out for a first-hand report. (She had carried out more than one assignment like this!) And the officers had dared her to demonstrate her efficiency!

"They had dared her impulsively, as boys would, hence they were alarmed when she accepted. There had been a new prisoner in the city jail, named Salazar, in whose pockets had been some cocaine wrapped much like Luis Barro's man?"

SHE had left Messrs. Starr and Kildare looking as dejected as normally happy young officers could possibly look. She would go see the prisoner Salazar herself. Any lead—any kind of lead whatever—might be the one tip which would result in capture of Luis Barro! "You must use brains, gentlemen, as well as brawn, in combating criminals! We are not afraid of Luis Barro! I will go see this Salazar myself, since you dare me to do something!"

She had talked much more than good judgment dictated, she realized now, but she had to go on. She hesitated just a moment outside the gray police station, then went boldly in.

They had dared her impulsively, and Betty Mary, pointing across the border to Mexico and the defiance of its No. 1 smuggler, accepted the challenge.

"Sure, you can see him!" the police chief told her when she had presented her credentials. "Anything the federal boys want? You on the Border Patrol now, miss?"

"Just briefly, and unofficially," Betty Mary dimpled at him, and that was entire enough. "I don't want him to see me."

Salazar sat for 10 minutes with two detectives in an inner office. They questioned him in Spanish but learned nothing, while Betty Mary peeped at him unobserved. She noted every minute detail, mentally photographing him.

Next she asked the jailer to show her the man's personal effects—knife, gun, coins, handkerchief, packaged narcotics, all the things found in his clothing.

"What would he be doing with a cartridge like this?" she asked, casually thumbing it. "This doesn't fit his gun. This cartridge is a .22 long rifle."

"Dunno," said the jailer. "Found one like it on another Mexican arrested last month. And some peon boys had one in their pockets. Rabbit hunters, I guess."

"Interesting," murmured Betty Mary, and stared at the thing a long time. It was dirty, and greasy, but seemingly unimpressive.

She conferred then with the police chief again, in private. He told her a great many things. The chief was a man of 60 with daughters of his own. He even showed her photos of his grandchildren, discussing them proudly. When she left he had agreed to a detailed plan. In the alley back of her hotel at 3 a. m. "Exactly, ma'am; call on me for anything, miss." She thanked him and went away.

MEANWHILE, Inspectors Starr and Kildare of the U. S. Immigration and Naturalization Service—young teammates in the service who had chosen this most fascinating (but dangerous) work for their careers—were anything but comfortable. After Betty Mary left them they talked earnestly in a weller of mutual sympathy, then left the conference room to stride down the street, friends side by side as they had been since high school days. Gloom enveloped them because Luis Barro had indeed brought a peculiar genius

into his smuggling operations, was heightened now because a woman—a girl—had been sent out to discipline them. They had not taken seriously her promise to help catch Barro.

"She has gone on back to her hotel, I reckon," Sheridan Starr said. "Probably whistle us up again tonight."

"Yesmp," Hope Kildare agreed. "What say we go back, drive down and pump this prisoner, Salazar?"

"Okay," Starr said. They lingered at their office for an hour, first, however, studying Salazar's fingerprint record, and mapping a new course of action which might trap Luis Barro. But they weren't satisfied with any plan they could evolve. Two older officers came in and conferred with them at length, so that it was late afternoon when they finally took a government car and drove to the city police headquarters.

"We want to see this Salazar you got on a dope charge," Starr requested.

The desk sergeant himself got keys from the jailer and led them back to a cell.

"That's him," the sergeant said, pointing. "But—uh, we was a little crowded, and had to put old granny in with him for a few hours. You wanta talk to him alone?"

"No, thanks, just want to be acquainted. Howdy, Salazar."

"Buenos dias, señores."

"Howdy, granny, what you in for? You hittin' the dope, too?"

Starr was looking closely at Salazar, and Kildare stared at the woman. She appeared quite old; a faded Mexican in a black skirt, and a black shawl that came up over her head to be pinned under her chin, then draped down over narrow stooped shoulders, a common type. Her face looked pale in the gloom of the jail cell.

"No, señor, only a little," she whined, and sobbed a bit, bowing so that only her forehead was seen. Starr was ignoring her, intent on the man. But Hope Kildare's mouth dropped open.

Hope's keen ears had detected what his eyes had missed! Behind the man Salazar, the poor old woman eyed Hope for an instant, then slowly shook her head.

PAUL PREACHES THE RISEN CHRIST. Text: Acts 13:16, 22-31, 38, 39; I Cor. 15:19-22. By WILLIAM E. GILROY, D. D., Editor of Advance.

This is the lesson for Easter, and from no part of the Bible—unless it be the story of the resurrection itself—could one find a more appropriate lesson for Easter than in the writings of Paul.

Why was this fact of the resurrection so important to Paul? Why should the love of Christ, from which Paul said nothing could separate him, not have been for Paul a sufficient motive, apart altogether from the question of the resurrection? I think the answer is found in the fact that the resurrection was, for Paul, the great evidence of the conquering power of love.

doing good in the hope of a certain reward. It was rather a question of the power of right itself. Has Paul's faith in the resurrection been vindicated in history? Would it have been possible for the church to have lived and achieved what it has accomplished if there had not been plain assurance that the Christ, in whom men have placed their faith, is living and not dead? It is this conviction that has been the power and strength of the church, as it was the power and strength of Paul. Christians are not following a Christ who is dead and gone, but a Christ of the living present who is still leading on.

Panhandle Children To Hunt Easter Eggs

Special To The NEWS. PANHANDLE, April 7.—J. F. Weatherly will give an Easter egg hunt for all of the children of the city and adjoining communities Sunday afternoon at 3 o'clock on the vacant lots adjacent to the school grounds and ball park. One hundred and thirty dozen eggs will be colored by the home making girls, under the direction of Miss Mildred Aldredge, home economics teacher. Mr. Weatherly sponsors this egg hunt each year. Cash prizes will probably be given by the various men's clubs of the town as has been the custom in the past.

Christian Science To Have Regular Service. "Are Sin, Disease, and Death Real?" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, on Sunday, April 9.

The Golden Text is: "I am the Lord that healeth thee" (Exodus 15:26).

Among the citations which comprise the lesson-sermon is the following from the Bible: "Pure religion and undefiled before God and the Father is this, To visit the fatherless and widows in their affliction, and to keep himself unstained from the world" (James 1:27).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Let unselfishness, goodness, mercy, justice, health, holiness, love—the kingdom of heaven—reign within us, and sin, disease, and death will diminish until they finally disappear" (page 248).

Dorothy Gray Elation Make-up Ensemble "Let's see, I guess we'd better charge..." But we don't guess when we price prescriptions. We are careful in our charges as we are in compounding the prescription itself. Here's our simple formula: First, we take the actual cost of ingredients, and the labor cost (the time of a skilled, registered pharmacist). To these items we add overhead (the cost of doing business) plus a small profit. The total is the price you pay. It's a fair price, always. Neither too high, nor dangerously low for the fresh, potent ingredients and skilled service upon which we insist. If you like this price plan why not bring your next prescription here?

Electric Refrigeration IS HIGH in VALUE LOW in COST It's impossible to put a money value on the protection of a family's food supply, but we can show you in dollars and cents how very little it costs to keep food absolutely pure and fresh in an electric refrigerator. As health protection alone an electric refrigerator is worth its weight in gold. And when you consider convenience, ice cube supply and home made ice creams and frozen dainties, the operating cost is little compared to the service rendered.
