## 'CUSSERS' FINED

Profanity doesn't pay at Newcomb college, New Orleans, but the "cussers" do. The college girls' anti-profanity club fines a student one cent per "cuss" word and in above picture Flo Hamaker is dropping her penny in the "bank."

## Pampa Certain To Steal Show At Band Meet

To Pampa will go the distinction of bringing the largest number of organizations as well as the largest number of individuals, to the annual band conference, Region 1, Texas Music Educators' Association, to be held in Plainview April 6, 7 and 8.

Pampa, recognized for some time as a "band" town, will bring six complete bands and three choral organizations, with numbers of soloists and ensembles to enter every division, grade, junior high, high school and national.

The Pampa high school, junior high school, Horace Mann, B. M. Baker, Sam Houston, and Woodrow Wilson are the bands that will appear on the three-day program. Chorus are the mixed choruses from senior and junior high schools, and the girls' chorus from the high school.

To be seen in the entry lists from Pampa are three sets of brothers and sisters, possibly twins, who will appear in duets. They are Willis and Warren Stark in "My Song of Songs," cornet-trumpet duo, from the Horace Mann school; Gene and Jerry Barber in a saxophone duo, "Barcarolle," from the Woodrow Wilson school; and Margaret and Marjorie Wilson, B. M. Baker Ward school, in a clarinet duo, "I Dreamed I Dwelt in Marble Halls." All three of these sets of youngsters are from the ward schools and will play in the grade school division.

## Dollar Day Will Bring Pre-Easter Buying Climax

Saturday was All Fool's Day, but the weatherman wasn't fooling a bit. He dished out a fine summer day with a maximum temperature of 74 degrees at 5:30 o'clock in the evening.

Pampa, in common with the remainder of the Panhandle, was bathed in sunshine and there was a pre-Easter atmosphere in the air for shoppers.

Downtown stores in Pampa reported a splendid Easter buying surge which will come to its climax this week. Easter falls on next Sunday.

East shoppers flocked into Pampa stores Saturday afternoon and night in one of the biggest buying sprees since the Christmas holidays, and merchants were confident Saturday night that this year's Easter business will surpass that of 1938.

With the splendid stocks of merchandise in Pampa stores, Pampa's Easter parade a week from today is expected to find both men and women attired in the latest spring fashion from the nation's style marts.

## Nine Mediums To Advertise June Fiesta

Arrangements to obtain nine mediums of publicity were made by the publicity committee of the Top O' Texas Fiesta at a meeting held Friday night in the BCD committee room in the city hall building. The fiesta is to be held this year on June 9-14 and as in the past the event is sponsored by the Pampa Junior Chamber of Commerce.

The nine mediums the committee voted to secure were 15,000 6x9-inch circulars to be dropped from a plane making a flight over the Top O' Texas area 10 cards to be displayed in Pampa taxicabs, circle-shaped automobile windshield stickers.

Ten or 15 24-sheets, the number depending on prices on two separate designs; 50 three-sheet posters; a hundred window cards; placards, letterheads, envelopes, and a thousand handbills.

Other plans made by the committee include a special stamp mark for mail sent by Pampa, auto bumper signs, radio programs, newspaper advertising, and news stories, and the possible special cancellation stamp at the local post office.

Attending the meeting were Sid Patterson, chairman; Bert Howell, Joe Key, Charles Oliver, E. B. Emerson, Ed Alexander, Harry Kelley, Douglas Parrington, and Nolan Harris.

## Oil Allowables Mostly Restored

AUSTIN, April 1 (AP)—The Yates oil field in Pecos county and the Old Ocean field in Brazoria county today were handed back mostly to oil production allowance taken from them in the Railroad Commission's April production order made public yesterday.

The allowable of the prolific Yates field was set at 20,000 barrels a day for six days a week while that of Old Ocean was fixed at approximately 4,750 barrels per day seven days a week.

The allowances previously had been drastically cut to 6,127 for Yates and 2,000 for Old Ocean, not counting Sunday shutdowns. The March figure for Yates was 26,606 barrels daily, not considering two days a week shut-ins, and that for Old Ocean was 6,066.

Lon A. Smith, commission chairman, stated additional increases might be authorized Monday. Texas production, however, will continue substantially below the United States Bureau of Mines recommendation.

Commissioner Jerry Sadler said the change is "not giving backdoor handouts such as has been done in the past and which we have abolished. It simply means the commission does not intend to confiscate property and waste oil as forbidden by law."

## Pampo Girl Elected To College Office

Miss Margaret Carr, daughter of Mrs. May F. Carr, was elected secretary of the YWCA at Colorado Woman's college, Denver, in the election held last week. Her photograph was published on the front page of The Western Graphic, student publication of the college. Her roommate, Audrey Smith, Washington, Kansas, was elected president.

## Oil Factor In Plains Field Given Boost

Commission Issues New Order For Panhandle Area

By special order of the Texas Railroad Commission on February 20, the Danciger Oil & Refining company was authorized to produce 2,393 barrels of additional oil from 70 wells in the Marland-Finley pool during March. Effective today, that oil will be distributed among all wells in the Panhandle which will increase the percentage of proratable oil to be produced from 8029 to 9823 per cent.

The new order was released by the commission Friday. Allowable of the Panhandle field for March will be 86,655 barrels, the highest in more than five years.

Danciger interests on Feb. 20 asked the commission to give them a special allowance for the Marland-Finley pool in central Gray county in order to continue operations and supply demand. At that time the company was drawing more than 1,000 barrels daily from storage in order to meet market demand. The commission approved the increase for the month of March.

On Friday the commission announced discontinuation of all special privileges but agreed to divide the Danciger special allowance over the entire field.

The new order will mean that the Danciger refinery east of Pampa will have to draw about 500 barrels from storage daily, it requiring between 6,000 and 7,000 barrels to meet

## Complete Plans For '49 Will Be Made Thursday

Members of the Kerley-Crossman post of the American Legion and of the local vanguard of the 40 and 8 will complete their plans for the "Days of '49" celebration to be held here on the nights of April 13, 14 and 15, when the Legion post has its regular meeting at 8 o'clock Thursday night at the American Legion hall.

Commander I. J. Huval has said that it is very important for all committee chairmen to be present at this meeting so that the celebration plans could be executed as outlined.

Sale of the \$4,000,000 to be used at the celebration, which will be held in the Odd Fellows hall on West Kinross street was pressing with this week-end, with \$250,000 of the "money" sold Saturday.

Money sold is to be spent for the dancing and for the games that will be operated. These games will include the dice table, in charge of E. J. Dunigan; roulette, Earl Perkins; bingo, I. J. Huval; blackjack, two games, in charge of D. N. Kennedy and Roy McKernan. Other attractions will be old-time dances, L. R. Franks in charge, refreshments, in charge of Luther Wilson, Mike Roche will be "barker" for the games. Publicity for the event is in charge of A. D. Monteth for the 40 and 8 and Ray F. Barnes, representing the American Legion post.

## Railroad Officials On Visit To Pampa

Several officials of the Burlington Railway system visited in Pampa Friday afternoon while on a tour of inspection over Fort Worth and Denver lines.

Included in the party were E. Flynn, Burlington executive vice-president of Chicago, J. T. Scott, vice-president and general counsel, Chicago, H. R. Clarke, maintenance vice-engineer, Chicago, General John A. Hulien, vice-president of the Fort Worth and Denver, Fort Worth, C. D. Peckemphaugh, general manager, Fort Worth, C. S. Edmonds, general freight agent, Fort Worth, J. W. Mode, division superintendent, Amarillo, B. L. Daniels, roadmaster, Amarillo, and W. M. Gray, general agent, Amarillo.

## Amarillo Elected Head Of Texas Exes

AUSTIN, APRIL 1 (AP)—H. C. Pipkin, Amarillo attorney, was elected president of the University of Texas ex-students' association at the organization's annual round-up today.

Officers elected were Fred W. Adams, of Austin, first vice-president; Dan Harrison of Houston, second vice-president; C. M. Bartholomew of Austin, treasurer; and John A. McCurdy, of Austin, secretary.

## O'Daniel Amendment Plan Believed Dead

By HOWARD C. MARSHALL  
AUSTIN, April 1 (AP)—Eighty-two days after the Legislature convened it still is far from a solution of the old age pension-tax problem.

The whole matter is up in the air, some think clear out of sight. No one in the capitol from the governor to the janitor has the least idea what is going to happen.

After long and fiery debate, the past week saw the House turn definitely against a proposal to submit to the people a constitutional amendment providing for a sales tax and taxes on natural resources to finance \$30 a month income for all over 65. Unless there is a most unlikely reversal of sentiment, this plan, favored by Governor W. Lee O'Daniel, is dead.

The amendment plan will come up again in the Senate next week. See O'DANIEL, Page 3

## Buckler Re-elected As Trustee By Majority

C. P. Buckler, secretary of the board of trustees of the Pampa Independent School district, was re-elected as a trustee for a three-year term in the election held Saturday at the Pampa High school building.

Mr. Buckler polled slightly more than half of the total votes cast, 219 out of a gross vote of 409. There were nine ballots cast. Frank Culberson had 139 votes, and C. E. McGrew trailed with 51.

Pampa voters showed little interest in the election, as less than half of the ballots issued were used. There were 1,000 ballots issued to the polling place.

In addition to Mr. Buckler, other members of the board and their terms are: C. T. Hunkapillar, president, one year; J. M. Daugherty, one year; R. S. McConnell, two years; and L. L. McColm, two years.

Lee Ledrick was manager of the election, with John I. Bradley, Mrs. John V. Andrews, Mrs. George Walstad, and Mrs. Hugh Isbell, clerks, and J. S. Wynne and B. W. Rose as judges.

Polls opened at 8 o'clock Saturday morning, closed at 7 o'clock Saturday evening. Tabulation of the results was made 15 minutes later.

## Senate To Vote On WPA Cut Monday

WASHINGTON, April 1 (AP)—A senate appropriations subcommittee held hearings today on President Roosevelt's request for \$150,000,000 additional for WPA and, although a vote was deferred indicated strongly a disposition to accept the house-cut to \$100,000,000. The only witness at the close of the session was Col. F. C. Harrington, the WPA administrator. A vote was put off until Monday, but Chairman Adams, Democrat, Colo., and Senator Townsend, Republican, Delaware another sub-committee member, said they felt confident the committee would approve the house figure.

Administration lieutenants conceded they had slight chance to win approval for the other \$50,000,000 in committee, but asserted they would make a vigorous fight on the separate floor for a \$150,000,000 appropriation.

The final senate vote was expected to be extremely close. Members of the senate committee were reported to have questioned Harrington sharply as to what effort, if any, the WPA had made to curtail its expenditures.

The WPA has announced that 200,000 persons would have to be dropped from relief rolls during April if the \$100,000,000 appropriation should be retained.

## Wheat Plowing Up Deadline May 1

Deadline on the plowing up of winter wheat for Gray county farmers who wish to be eligible to apply for 1939 wheat parity payments has been extended from April 15 to May 1, according to a telegram received here Saturday by County Farm Agent Ralph R. Thomas from E. N. Holmgren, AAA administrative officer, at College Station.

This means, Mr. Thomas explains, that all farmers who desire to receive 1939 wheat parity payments must plow up winter wheat before May 1 before they will be permitted to make applications.

A total of 67 applications from Gray county farmers have already been fully prepared, Mr. Thomas said, and an additional 50 have also been submitted, but these are lacking in all signatures, some lacking landlord's signature, others the signature of the tenant.

1939 parity payments to Gray county farmers will total \$110,000.

## Survivors Of Crash Reported Improving

OKLAHOMA CITY, April 1 (AP)—The four survivors of the Braniff Airways transport plane crash which took eight lives here last Sunday were reported "improving" today at a hospital here.

Capt. Claude Seaton, Dallas, pilot of the ill-fated airliner, was reported "doing nicely" but still very weak. He has not been told seven passengers and the stewardesses perished in the burning wreckage of the ship.

Others receiving treatment are Co-Pilot Malcolm Wallace, Dallas; Perry R. Smith, Corpus Christi, and Earl E. Erickson, 37, Chicago.

## Chileans Demand Probe Of Nazi Penetration

SANTIAGO, Chile, April 1 (AP)—The newspaper El Sol today demanded that the government investigate "nazi penetration" in Chile.

"We must begin by determining the activities of German Consuls," the paper said. "According to our information these foreign officials take an active part in Chilean politics and keep alive nazism wherever they go."

## Committee Okays Recreational Building Plans

Plans for a Pampa recreational building were approved at a meeting of the building committee yesterday afternoon. Estimates will be made immediately and presented to the finance committee before a general meeting it called, according to Dr. H. L. Wilder, chairman of the program.

C. E. McGrew is chairman of the building committee and Ivey E. Dunham is chairman of the finance committee.

"After cost estimates have been received we will call a public meeting and present plans and costs for approval or rejection," Dr. Wilder said yesterday.

## John Mullen Begins Seventh Year Here

John S. Mullen completed his sixth year as minister of the First Christian church yesterday. Mr. Mullen came to Pampa April 1, 1933 from Central Christian church, Childress, where he was pastor seven years.

Membership of the Pampa Christian church was 508 when Mr. Mullen became its minister. It is now 813. There have been 1,089 additions to the church during the six years. None of the out of town members are counted in the present membership figure.

Church indebtedness has been reduced from \$20,000 to \$9,000. Many improvements have been made on the church property. A budget system which has won much praise in church circles has been developed. Associate minister of the church is Ernest Jones.

For the past three years, Mr. Mullen has been director of the young people's summer conference camp at Ceta Glen in the Palo Duro canyon. He is also director of the young people's work in the Panhandle-South Plains area.

## Bob Watson Gets Few More Gray Hairs Saturday

Bob Watson, manager of the local office of the Western Union Telegraph company, wondered Saturday morning if he was ever going to untangle all the message ribbons and get telegrams sent and received.

Coming to work at 7:30 o'clock he found messages coming in at a great rate. Then the phone rang. One of the girls employed in the office said she was ill and wouldn't report for work.

Just when Bob was calling the second operator, he got a message to have a messenger boy call at a drug store and take some medicine to the second employee's home.

The situation looked bad but Mr. Watson planned his hopes on an extra employee, only to telephone and find that she had gone to Oklahoma.

Five minutes after the girls were supposed to be at work, in comes all three employees chorusing, "April Fool!"

## Poland Ready To Negotiate With Germany

By ROBERT B. PARKER.  
WASHINGTON, April 1 (AP)—Adolf Hitler's Wilhelmshaven speech was interpreted in Poland tonight as a bid for time in which to split this nation for her newfound solidarity with Britain.

Authoritative sources reiterated, however, Poland was willing to discuss the future of Danzig with Germany as an equal but that Poland would resist forcibly any German attempt to take Danzig by arms.

The British ambassador, Sir Rowland William Kennard, conferred with Foreign Minister Joseph Beck, who is to leave for London tomorrow where he is expected to prepare any contingency despite the comparative mildness of Hitler's speech.

Warsaw observers believed Prime Minister Chamberlain's promise Friday of British-French military assistance to protect Polish independence had taken Hitler by surprise.

As the Nazi Fuehrer was speaking a German newspaper man was arrested at Bydgosz, in the Polish corridor, charged with "inventing atrocity stories" which he sent to Germany regarding the treatment of the German minority in Poland.

While Polish military preparations were being stepped up, the German navy worked to a pitch of excitement by assailing the Treaty of Versailles which he interpreted as a program of injustices.

Cries of "pfiu" penetrated the air as he described how Germany was humiliated by her conquerors.

(In Berlin it was understood that Germany agreed that her cut off the broadcast, reversing a last-minute grant of permission that it be heard in the United States although it was not to be put on the air in Germany.)

"In addition to this action, there was a message in German in telegraph and telephone communications from Wilhelmshaven. Telegraphic dispatches were delayed an hour and a half, bottling up all news in Wilhelmshaven.

In his passage on the 1935 Anglo-German naval treaty, under which Germany agreed that her tonnage would not exceed 35 per cent of Britain's, Hitler said:

"I once concluded a naval agreement with Britain. I was animated by the fervent desire that we might never again have a war with England.

"However, that wish does not exist on the other side, then the practical preconditions for concluding such a treaty have vanished."

England "virtueless"  
On the whole the Fuehrer contended himself with heaping scorn upon Britain, of which he said:

"For 300 long years she has acted in a virtuous manner but only now in her old age she speaks of virtue."

Poland and the Anglo-French offer of military assistance if her independence were threatened, were mentioned only indirectly with the warning by implication to Poland:

"He who is willing to null the chestnuts out of the fire for others must expect to get burned."

There also was an indirect reference interpreted as aimed at either President Roosevelt or Secretary of State Cordell Hull when the Fuehrer, in describing Germany's efforts at economic expansion, asserted:

Bullet Proof Screen  
The Chancellor spoke from behind a bullet-proof glass screen. Some said the glass screen, resembling a bank teller's window, was placed before the Fuehrer as a preventive against any cold breeze striking his chest.

Only those in the immediate audience heard his address as it was delivered because a scheduled short wave broadcast abroad was broken just after he started to talk.

Later, however, a recording of his voice was broadcast in Germany.

Officials said failure of the short wave transmission was due to technical reasons.

Hitler proclaimed anew the Rome-Berlin axis was unshakable. He called Italy "the state with which we shall march now and in all the future."

"If any nation wants to measure its strength with ours (the axis) in any other way than a peaceful one," he declared, "we are ready for that also."

Hitler insisted the Czechs, who were to be the first to be attacked, were to be the first to be attacked.

I Saw ---  
City Policeman Lawrence Flaherty and Jeff Guthrie skedaddling for the water bucket when they literally bit deep into an April fool joke in the form of chocolate-coated red hot pepper at a local drug store.

Mrs. O. E. Coons also bit into a similar piece of candy offered by her innocent-eyed son, Jack. Such candy, centered with soap, pepper and onions, was popular bait used by the jokesters this year. Hugh (Red) Breeding was handing it out early at the News.

# 12 New Locations Staked In Plains Field

## Gray County Leads With 5 New Starts

Twelve new locations were staked in the Panhandle oil field last week as activity continued unabated. Gray county led the list with six locations, followed by Hutchinson with four and Wheeler with two.

Five new wells were given potentials on railroad commission test, adding 1,312 barrels of new oil to the potential. Gray and Hutchinson counties had two wells each with the other in Carson county.

Drilling interest centered in east central Gray county where last week the Magnolia Petroleum company brought in its No. 1 Morse in section 68, block 25, H&GN survey, for 926 barrels, flowing by hears. This week the Warner Oil company staked a location for their No. 7 Chapman, a direct offset, and the Texas company staked a location for their No. B-7 Chapman, both in section 69, block 25, H&GN survey. Nabob Oil company has

the south offsetting lease but no location has been announced.

The Warner Oil company, owners of some of the largest wells in the area, also made a location north of the Magnolia well three locations.

The Texas company staked two new locations in Gray county on top of three a few weeks ago after being inactive for many months.

Completions by counties follow:

**In Gray County.**  
Continental Oil company, No. 3 Benton, section 63, block 3, I&GN survey, gauged 602 barrels with lime formation between 3,150 and 3,193 feet. The hole was bottomed at 3,210 feet.

S. & M. Oil company No. 6 Worley, section 64, block 3, I&GN survey, tested 343 barrels. Lime pay was from 3,220 to 3,380 feet.

**In Hutchinson County.**  
Cy Reiger No. 5 Groves, section 20, block M-23, TC&RR survey, gauged 184 barrels. Pay was between 3,145 and 3,196 feet in total. The hole was drilled to a total depth of 3,259 feet but plugged back.

Parton & Hold No. 3 Whittenburg, section 11, block M-21, TC&RR survey, gauged 72 barrels with lime pay from 3,005 to 3,036 feet.

**In Carson County.**  
Magnolia Petroleum company No. 52 F. Land 244, section 89, block 4, I&GN survey, tested 111 barrels. Lime pay was between 2,950 and 3,040 feet with the hole bottomed at 3,052 feet.

Intentions to drill:  
C. N. Ochiltree J. M. Saunders No. 4, 990 feet from the south and 330 feet from the east of W-120 acres

of NE $\frac{1}{4}$  of section 64, block 3, I&GN survey, Gray county.

Sunny Oil company Ferguson-Edgington No. 4, 330 feet from the north and 990 feet from the west of NW $\frac{1}{4}$  of section 34, block B-2, H&GN survey, Gray county.

Warner Oil company J. S. Morse No. 2, 330 feet from the south and west lines of N $\frac{1}{2}$  of NW $\frac{1}{4}$  of section 68, block 25, H&GN survey, Gray county.

Buck Oil company Jameson No. 1, 278 feet from the south and 1,687 feet from the west of T-6, section 12, block M-21, TC&RR survey, Hutchinson county.

J. E. Croshie, Inc. Lillian Pitts No. 32, 250 feet from the south and 670 feet from the west of No. 4, section 9, block M-21, TC&RR survey, Hutchinson county.

Midstates Oil corporation Whittenburg "A" No. 2, 825 feet from the north and 990 feet from the south, 1,960 feet from the west of section 11, block M-21, TC&RR survey, Hutchinson county.

Christie-Hickman Drilling company Perkins & Cullum No. 1, 330 feet from the south and east of NW $\frac{1}{4}$  of section 54, block 24, H&GN survey, Wheeler county.

T. C. Williams W. E. Bentley No. 4, 990 feet from the north and 330 feet from the east of W $\frac{1}{2}$  of SW $\frac{1}{4}$  of section 42, block 24, H&GN survey, Wheeler county.

The Texas company Chapman No. B-7, 330 feet from the north and east lines of the northeast quarter of section 69, block 25, H&GN survey, Gray county.

The Texas company Shaw No. 6, 1,150 feet from the east and 400 feet from the south of the east half of section 51, block 1, ACH&B survey, Gray county.

## Local Boy Scout Council Keeps Cubbing In Spotlight For 1939

Cubbing is the newest arm of the Boy Scout movement. In it, boys from 9 to 12 years old are started on the path toward increasing self-reliance and self-guidance, and strengthened in their respect for the council of those in authority. During the past year there were 91 cubs in the Adobe Walls council of the Boy Scouts of America, organized in three groups known as Packs. Headquarters of the council is in Pampa, and the council area consists of three Oklahoma and 12 Texas Panhandle counties.

A big objective for 1939 is to make Cubbing a regular part of the council activity. Every effort is to be made to organize at least one Pack in each active district.

Work as a Cub efficiently prepares a boy for his participation as a Boy Scout member, to which he is eligible at the age of 12. Cubbing is, however, only a part of the program of the Adobe Walls council, which contains a membership of 908 Boy Scouts organized in 48 troops.

There are 24 members on the executive committee of the council, indicative of the many phases of the movement in this area. M. A. Graham heads the list as president. Roy McMillen is treasurer, and R. G. Hughes, finance chairman.

There are five district chairmen, and chairmen for training, camping, rural scouting, senior and sea scouting, reading, health, safety, advancement, publicity. C. R. Stahl of Borger is the council's national representative.

Dwight W. Briggs of Pampa is cubbing chairman. To provide for Cubs' work and for all other phases of the Boy Scout movement during 1939, the Adobe Walls council will begin a drive on April 1 for \$4,000. J. M. Collins is chairman of the committee that will conduct the campaign.

Trade routes of Asia Minor, which connected the east with the west about 2,000 B. C. were the first highways known.

## Father-And-Son Banquet Will Be Held April 21

Details of the Father-and-Son banquet of the local squadron of the Sons of the American Legion will be perfected when a committee of three members of the squadron meet Monday night with the American Legion auxiliary at the American Legion hut.

Date of the banquet has been fixed as the night of April 21 and members of the Junior Auxiliary will be guests.

I. J. Huyal, commander of Kerley-Crossman post, Saturday said he wanted every Legion member to attend the banquet.

Preliminary plans for the event were made at a meeting of Kerley-Crossman squadron on Friday night. Members selected to meet with American Legion auxiliary tomorrow night were Dick Kennedy, Bill Winchester, and Raymond Perkins.

Attendance at the squadron meeting Friday night was 15. Announcements were made of three new members joining the organization: Charles and Jack Barnes, and Andrew H. Gerhard.

The other numbers consisting of light classics and familiar favorites include the following: Calm as the Night, Bolen; Moment Musicale, Schubert; Nocturne in E. Chopin, and march from Tannhauser, Wagner.

## DREAMS OF DISASTER LIVERPOOL, England

A woman who said she still dreamed of a ship collision two years ago in which she was planned upright by debris, was awarded \$1,800 (\$8,478) in an action against a steamship line.

## Lecturer Exonerated

DALLAS, April 1 (AP)—A retiring Dallas county grand jury reported today to District Judge Grover Adams the exoneration of Frederick E. Malley, lecturer, in three charges of theft by conversion brought against him by a Dallas woman Masley was arrested in Austin Feb. 13, and released on \$3,000 in bonds.

According to the U. S. Bureau of Plant Industry, smoking does not dull the taste.

### Endorsement Of Garner Refused By Young Demos

HOUSTON, April 1 (AP)—The executive committee of the Young Democratic Clubs of Texas, meeting here today, declined to bind the organization to an endorsement of Vice President John Nance Garner for the presidency of the United States but promised to "follow his leadership in the Democratic party."

A resolution of praise for the vice president, introduced by Jack Bonds of Deaton, originally contained a reference to Garner's "certain election to the presidency of the United States," but after considerable discussion this passage was stricken out.

After the meeting, a majority of the executive committee individually endorsed the Texas for democratic nominee and for the presidency. When Bonds' resolution was introduced, El B. Leves Jr. of Terrell raised the objection that the constitution of the Young Democratic clubs prohibited the organization from endorsing any man for office until he becomes the official nominee of the party.

Earle B. Mayfield Jr. of Tyler argued the resolution was a tribute to Garner as national committeeman from Texas. As finally passed, the resolving clause read: "We pledge our organization to follow his (Garner's) leadership in the democratic party."

The committee also adopted a resolution of praise for Mrs. Clara Driscoll, democratic national committeewoman from Texas. The Young Democrats gathered tonight for a testimonial dinner to E. B. Germany, chairman of the state democratic executive committee.

### High School Class Invents New Starch

LAUREL, Miss., April 1 (AP)—A Texas high school instructor and his class of chemistry students were credited with adding a vital step to the progress of making a year-long industry of the now-seasonal manufacture of sweet potato starch.

Dehydrated sweet potato pulp prepared by Gilbert C. Wilson and his White Oak high school students of near Longview was run through tests at the Laurel starch plant today, according to W. R. Richee, plant manager.

The dehydration process can be worked out on a practical large-scale basis, Richee said, there is nothing to keep the industry from operating the year round. Inability to keep sweet potatoes from spoiling has kept the industry on a seasonal basis heretofore.

In preparing a pulp that would not spoil, Wilson and his pupils first ground the vegetable, next added hydrate lime, and then pressed out 70 to 85 per cent of the soluble portion including water, fermenting sugar and salts. The product then was dried.

Dehydration has been in the experimental stage for some time, Richee said, but the Wilson method seemed to offer great improvement in the efficiency of its process. The successful test proved a fitting climax to Laurel's "chemurgic appreciation day," celebration of which was in progress while the tests were being run.

### Fish Wanted For Gulping Contest

EL PASO, April 1 (AP)—Tough-stomached engineering students of Texas College of Mines entered the inter-collegiate goldfish gulping sweepstakes today with a candidate to swallow 50 live goldfish—if some one donates the fish.

"The gulp of the engineers must be upheld," declared candidate Hardy Nalley, who bet a new goldfish bowl he could eclipse the record of 43 live fish—gulf—in 34 minutes set by a Teachers College student at Kutztown, Pa.

But the problem bothering the engineers was where to get half a hundred goldfish on cash resources of zero net. "Will somebody donate goldfish for the swallowing contest, which will be held on the campus Monday?" broadcast Nalley.

Professor Anton H. Berkman, accustomed to the hardy antics of mining engineering students, mildly protested the fish would have to be small—about an inch or so. "After all," he said, "50 fish is a lot of fish in any stomach unless it's a penguin. But it couldn't hurt 'em. They are soft and oozy and slip right down, wind of like an oyster. You can't feel 'em wiggle in the stomach because the stomach is funny that way."

### HITLER

(Continued From Page One) have become subjects of the Reich in the dismemberment of their republic, "will have more freedom than the suppressed peoples of virtuous nations have."

He defended his course in Czechoslovakia by asserting that state had been created only as a base for attacking Germany. "We have no hatred against the Czechs," he said.

"The British evidently do not know that we have lived with them (the Czechs) for hundreds of years. "I had hoped very much to solve the Czech problem in a simple and sensible way. But when it became apparent that the same forces which brought about the September events were again getting the upper hand, I went back to our good old German right of self-defense."

"I rendered a big industrial area secure in the interests of all. "I advanced peace for I destroyed the instrument intended to start a war against Germany."

**Draws Laughter** Germany, he insisted once again, "is not thinking of making war upon anybody, provided others leave us alone." He heaped scorn upon what he termed British attempts to divide the world into virtuous and virtuous nations.

The Fuehrer drew laughter when he said sarcastically: "I think we had better leave it to God to say who is virtuous and who not." "To this the British statement will perhaps reply that God has already judged who is virtuous for he gave one-fourth of the earth to them."

"To this I answer: But what were the methods? Certainly they were not virtuous. For 300 years England has not acted virtuously. "It was evidently compatible with virtue to take our colonies away. "I would like to ask the English gentlemen: Do they really believe what they say? We must assume they do not. We would lose any respect for them if we thought they believed it."

**Germany 'Respected'** At this utterance there was not only shouting and cries of "hell" but a loud stamping of feet. Hitler was so convinced that what he did, in Czechoslovakia and Memel was right that he said "I determined three weeks ago to name our next Nuernberg party convention the convention of peace."

In warning of resistance against encirclement, he announced: "No power in the world can ever again force us to our knees." Nationalist Spain came in for generous praise.

"I can proudly say now," he said, "that many German youths did their duty there and they helped as volunteers to break a tyranny." He expressed the conviction that the ultimate peace of the world was assured because, he said, "I believe the world will rid itself of the Jewish Bolshevik danger."

Germany, he said, was "dangerous not beloved but we are certainly respected." Although it had been feared Hitler might reply belligerently to Britain's announcement of British-French armed support for Poland, study of the speech led to the conclusion it contained "no sensational announcement."

The French-British pledge to support Poland in event of aggression was reviewed at a cabinet meeting this morning, and further negotiations were foreseen with Poland, Rumania, and Yugoslavia.

BERLIN, April 1 (AP)—A DNB, German officials news agency, dispatch from Katowice, Poland, today said two officials of the German consulate in Teschen were attacked last night by Poles while en route to their homes.

The Germans were said to have been injured "quite seriously." At Katowice, Poland, the German owner of a printing shop was attacked and injured seriously, DNB added, by Poles because he spoke German.

### O'DANIEL

(Continued From Page One) but opponents plainly are confident it is headed for speedy annihilation. Its supporters concede that in its present form it has no chance of adoption and even appear to believe it cannot be revamped into a popular condition.

**Legislators Bolder** The situation generally seems shaping for serious consideration of bills dealing with pensions and taxes, in this respect returning to the course of other Legislatures. Two weeks ago few in the Legislature thought anything about pensions and taxes would be done except to submit a constitutional amendment.

such a proposed broadcast would give opponents of the O'Daniel program, as well as supporters, an opportunity to present their positions.

Five causes for the change in House sentiment on the pension constitutional amendment were listed by Legislators as follows: 1. Members had been growing more and more resentful of O'Daniel's attempts to bring pressure on them by appeals over the radio. One member termed the House action a revolt against O'Daniel.

2. Feeling had been increasing that enough votes to submit an amendment never could be obtained in the House. A two-thirds majority or 100, is necessary for submission.

3. Strong opposition developed in the Senate to submission of a constitutional amendment, especially an uproar over heavy taxes on food, heartened opposition in the House.

4. Opponents of a constitutional amendment were successful in bringing out of committee, where they had been tied up since the start of the session, several tax bills, and as a result the House no longer was under the compulsion of taking the constitutional amendment or nothing.

5. Fear of punishment from the voters instigated by O'Daniel had lessened because members believed the governor had not supported his position for the amendment with logical argument.

Meanwhile, prospects of a compromise in the Senate were not regarded as very bright. The reason is some Senators regard any constitutional amendment and any kind of a sales tax as impossible of compromise. They are against any tax in the constitution and turn pure in the face of mention of a sales tax. They are willing to talk of compromise beginning at the point where a constitutional amendment and a sales tax are dropped.

At the same time, Foreign Minister Joseph Beck declared his willingness to arrange the future status of Danzig with Germany if Poland agreed to protect vital Polish economic interest in Danzig.

Beck agreed to a highway across the "corridor" but said it must be under Polish jurisdiction. Thereupon, Polish officials declared the German press launched a campaign against "mistreatment" of the German minority in Poland which they said "smelled like the campaign which led to the end of Austria and Czechoslovakia."

Polish officials have not made clear whether a German putch in Danzig, whether engineered from inside or without, would be a cause for war.

Lipski replied Poland could not accept the demands in the words of Vice Premier Eugene Kwiatkowski—"Poland is indivisible. If we give away any part of it, the rest will be lost."

### Poland

(Continued from page one.) continued without let-up, informed sources asserted the Polish ambassador in Berlin, Joseph Lipski, had received two demands last week from Foreign Minister Joachim von Ribbentrop.

Ask German Highway. He was said to have asked unconditional Polish consent to German annexation of Danzig, and extra-territorial rights for Germany to build a road through the Polish corridor to connect East Prussia with the rest of Germany.

Informed sources drew this picture of events that ensued while tension mounted in Europe: Lipski replied Poland could not accept the demands in the words of Vice Premier Eugene Kwiatkowski—"Poland is indivisible. If we give away any part of it, the rest will be lost."

### Britain Smiles At Hitler's New Naval Threat

LONDON, April 1 (AP)—British naval authorities smiled disdainfully tonight at Adolf Hitler's threat to denounce the British-German naval treaty and there was no indication he had swerved Britain from her joint pledge with France to defend Polish independence.

High naval experts pointed out not only that Britain had tremendous superiority over Germany in naval power, but also that the combined British-French fleets were stronger than the combined German-Italian fleets by a margin of more than two to one.

Germany's retort at Wilhelmshaven, Hilary, to Prime Minister Chamberlain's statement yesterday came as British diplomats tried to map a new armed strategy to meet German strength with her own.

Poland also was understood to want a loan from Britain and emigration for Jews she may want to emigrate. In return, it was believed, Poland would reduplicate Britain's defense pledge, making Chamberlain's declaration a two-sided British-Polish military alliance.

Foremost problem to be discussed, it was believed, will be the status of the Free City of Danzig.

### Contented Cows

LAUREL, Neb. (AP)—James Sutherland installed a radio in his dairy barns and he turns it on every day at milking time. The musically contented bosses don't kick over the milk pails anymore, which more than pays for the expense of the radio, Sutherland says.

Noah Webster took 21 years, from 1807 to 1828, to prepare his Dictionary of the English Language.

American Emigrants?

The whole history of the United States has been a history of immigration. The gradual filling of the vast spaces of the country by streams of people coming from all the world have made up America's story.

Now it is possible that another chapter will be added which will be quite different. Brazil may open its gates to immigrants from the United States.

Thousands of letters have been received asking about living standards, climate, opportunities, and plans are being made which may open free land grants in the states of Sao Paulo and Parana to farm immigrants from the United States.

While it seems unlikely that any large number of Americans will turn immediately to Brazil for their future, some may do so.

If they do, we may in our own time witness the turning of the tide of population flow, and watch it recede from the shore where for so long it rose higher with the years.

Ticket For His Hat

Once in a while a rare spirit leaps to transitory fame by doing something that all of us have wished for years that we had the nerve and the means to do.

Such a man appeared in Nashville, Tenn., the other day and asked for two tickets to a wrestling show. Because there was a difference in price, the ticket seller asked if the extra ticket was for another man or for a woman.

"For neither," said Mr. Individual. "It's for my hat. Better give me two men's tickets, because it's a man's hat."

Every theater patron who has spent an evening juggling hat and coat on precarious knee will vote for immortality for this free soul.

Extravagant? Silly? Yes, but we'll bet this fellow will feel a little better all his life for having done what he wanted to do!

NATURAL SELECTION AND HUMAN DESIGN (Antioch Notes by Arthur Morgan) Competition is essential to organic evolution. Nature seems to feel her way blindly, trying many forms, rejecting most, retaining occasional favorable variations.

Human civilization is accelerated by replacing trial and error with test and design; yet that process is partly frustrated by the limited wisdom and character of men.

Mutation is Heterogeneous An animal never is exactly like either parent. In each generation slight changes occur, which tend to be passed on to the generations succeeding.

Many changes or mutations in inherited characteristics seem to be random—that is, mutations take many different directions, as though in its search for a good road evolution must cautiously explore many roads, good, bad, and indifferent.

When less effective forms are not eliminated, deterioration does take place. Insects and fishes living many generations in caves tend to become blind, apparently through gradual accumulation of random changes in eye structure.

Mutations, apparently random, appear in all human offspring. If any population for a long period should have just enough offspring to replace the parents, and if all should live and breed, gradual deterioration would result.

Behind The News Of The Day By BRUCE CATTON The Pampa News-Washington Correspondent WASHINGTON, April 1—You know about foreign treaties, of course, and about ambassadors and secretaries of state and such. But did you ever hear of skippets?

Skippets are gadgets which once upon a time dressed up foreign treaties in rare dignity. They are out of date now, but the National Archives building here still has a collection of them, and they are charming doodads.

A skippet is a metal box for the protection of a wax government seal. It is made of either gold or silver, it looks somewhat like a chafing dish minus its legs, and it is attached to a treaty by a flossy cord. The box contains the wax and the lid has the seal embossed on its under side.

Treaties used to be dressed up handsomely—often in a velvet-covered book set off with gold thread, or in an ornate leather binding. Nowadays, though, a treaty is just typed out in thick yellow and tied up with ribbons. The last treaty the United States got

"EXCESS SAVINGS" Senator Sheridan Downey, Democrat from California, certainly has strange ideas as to what causes prosperity. In a recent news dispatch, he infers that there can be an excess of savings, by saying, "For years the academic economists, with a few brave exceptions, have gaily assumed that the savings of the community would always find ground and profitable investments and that progress and prosperity would result. Well, they are not so sure now."

Downey seems to think our trouble is excess savings and he proposes more pensions so that no individual needs to save.

The reason these savings have not found profitable investments is very simple. It is because of the Federal laws that prevent the man who has savings from hiring a man whom he believes is best fitted to help operate the tools represented by these savings. It is not because of the savings that we do not have employment, but it is because of laws that interfere with the proper management of these savings.

Until we realize this, we will continue to have unemployment and as long as the government interferes with the proper management of savings, there naturally will be less incentive for savings. If savings cannot be used to benefit the saver there will be less saving.

Downey seems to have gone back to the Middle Ages and advocates what Manderville advocated in his book, "Private Vices are Public Benefits." In the Middle Ages, they believed that the rich man's spending benefited the poor. Then Adam Smith came along and pointed out that it was the saver who benefited the poor and for 150 years we had progress. Now we are going back to the Middle Age Policy and following such men as Downey.

UNIFORM RULE ONLY PROTECTION

Since we have digressed from the uniform rule in collecting taxes to support the government, we have become more and more bewildered. When the government attempted to tax everybody at the same rate, then all the voters were equally interested in having the government do only those things that were necessary; but, when we started the policy of taxing one man at one rate and another at another rate, then those who were not taxed at as high a rate as some, were not at all interested in government economy.

Under any form of government, the greatest protection to society as a whole against the government becoming wasteful and extravagant is to have a uniform rate of taxation so that everybody pays the same rate and so that all people are equally interested in good government.

It is doubtful whether any government can last long or have much prosperity without a uniform rule of taxation.

A uniform rule in taxation in rewards and in punishment is the best protection ever devised against tyranny of government.

WHAT MAJORITY?

When we hear so much nowadays about majority rule being democratic, it might be well to inquire of those people who think majority rule is democracy, what majority they refer to. Do they mean the local majority, like the city or county, or do they mean the state or federal majority, or even the majority of all the people in the world? It seems to be habit, the last few years, to take more and more of the rights of majority rule from the local subdivisions and give it to the national majorities.

Around Hollywood

By PAUL HARRISON, NEA Service Staff Correspondent HOLLYWOOD, April 1—All over the lot: The Mexican firecracker, Lupe Velaz, is back in pictures and just as sizzling. She's so irresistible that everybody on the set is exhausted by mid-afternoon.

It looked as if Lupe herself might be exhausted this afternoon, for she lay under a peach satin coverlet on a bed canopied by peach satin. Her peach satin pajama jacket was edged with fur. All very lovely and languid.

But that only lasted about a minute. The director said, "Cut," and Lupe leaped out, revealing that she wore only the top part of the pajamas—over her dress, I mean.

In stocking feet she danced on the carpet to her own chanted accompaniment, swore when she stubbed a toe, rode piggy-back on the shoulders of a complaining make-up woman, tickled an electrician and dove back on the bed, where she bounced ecstatically.

She really had fun in the next scene. Edward Roquello and Miss Velaz were struggling on the bed when Donald Wood, dressed in morning suit and top hat, rushed into the room and swung at the heavy. Roquello unlimbered a left hook that knocked Wood out of camera range and onto a mattress on the floor. Lupe then hopped off the bed and bashed Roquello over the head with a breakaway vase (made of resin and painted). She hit him so hard that he really was dazed as he staggered to a left.

All small pieces of shattered vase flew all over the set.

Lupe giggled happily. "We do it again, please? These ees fon!"

John Ford, directing Henry Fonda, in a scene for "Young Mr. Lincoln," was having trouble with a cow. The cow was supposed to be just atmospheric, standing there chewing her cud. But every time the scene got under way she'd moo and spoil Fonda's dialog.

"That cow has got to be quieted or replaced," snapped Ford to the prop man. "Call the man who owns her and see if he can suggest anything."

The prop man returned from the telephone laughing. "What did he say?" asked Ford. "He said, 'Milk her!' replied the prop man. They did; and it worked, too.

Hall to the Chief. The Burbank fire department lent with a skippet attached was one of the Bryan arbitration treaties, signed with Great Britain in 1914.

Most State Department officials now don't even know what a skippet is; ask about skippets and they think you're kidding them—and get very unpleasant.

Battleships For Bananas—An ingenious shipper down south recently achieved the unheard of by finding a commercial use for out-of-date destroyers. When destroyers become totally obsolete the navy sells them, usually for junk. This man bought a couple—the Warden and Whipple—and made them into banana boats; has them in service on a run between Cuba and Jacksonville, Fla.

Navy Department folks say there's really no reason why the boats wouldn't make good carriers, although they never heard of it being done before. The magazine space, a short part of the crew space and much of the fuel space (on a short run like Cuba-Jacksonville) could be used for cargo, they point out. And the shipper would have one of the speediest freighters ever seen.

Quite a number of high officials here like to collect cartoons in which they are lampooned. Secretary Hopkins has a lot of them ornamenting the walls of his den at home. So has Senator Borah. Senator Nye puts his in his office. And Secretary Ickes hangs his in his bathroom.

Speaking Of Lifts There is a private elevator in the Labor Department building, reserved for the exclusive use of the secretary; but Miss Perkins, who figures such a device is altogether too fussy for any earthly use, has never been in it. Nobody has ever used it since the building was built, in fact, as far as Labor Department people know—except Secretary of Commerce Hopkins.

They shot the scene with the car then, and got it in a couple of takes. Immediately afterward a third workman took a damp cloth and wiped off the paint, which was merely watercolor. Then he polished the surfaces which had been dulled with liquid wax.

"Your car's ready, chief," said the assistant director. "Much obliged."

"You're welcome," said the chief. "Very interesting. . . call me anytime . . ."

So They Say We wish to hear no more about brotherhood, sisterhood, cousins, and such other bastard relationships because states are relations of force, and these relations of force are the determining elements of their policy.

That Red Tape Red tape isn't just a figure of speech. The government actually does use it. The procurement division of the Treasury Department has just put in an order for some 130-odd miles of it for requisition by various government departments during the coming year.

It's cheap cotton tape about one-eighth of an inch wide; it's used for tying up bundles and folders of papers, and so on. Blue and white tape are also used.

A less preconceived view is that of J. H. When we first went into this thing it wasn't nothing but a slightly prolonged Exigency, but with only usual Yankee ingenuity we were able to develop it into a first class Epoch, marking the beginning of a regular Era, 'till now it'll probly go down in history as the Emergency Age, on account of most all our legislation being the emergency type to take care of all the different emergencies, like raising more money for the free circulation of money, besides fishing trips and things. The only thing is, you got to have a crisis before you can emerge from the emergency, and that's one thing about this country, whenever we get a crisis there's always somebody springs up to lead as out of it. Ferinstance, I was just reading in the papers where a feller sprung up in the California legislature, the other day and introduced some more emergency legislation, making it unlawful to have open sugar bowls in the restaurants anymore, and the assembly passed it without no debate whatever. 'Course I know it does seem sort of an insidious way to regulate the fly by surprise, but I'm taking away his sugar, but anyways it's strictly legal on account of it comes under the lead of regulating business, and it's a fly's business to get in the sugar. Jest the same it goes to show that our legislators is bending every effort to only consider outstanding measures for restoring confidence in business, and when you consider that they had over 4000 bills to wade through, you kin readily understand how a bill must really have something outstanding about it to get immediate attention like that, and the outstanding thing about that bill is that this country got along fer 150 years without it."

### Wheat Farmers Will Meet Here Next Thursday

Explanation of what an announcement made Thursday by the Commodity Credit Corporation will mean to Gray county farmers will be made at a meeting to be held in Pampa on April 6.

Last week the corporation stated that it had extended the area in which it might renew or extend loans obtained under the 1938 wheat loan program.

The area in which loans may be renewed or extended now includes all counties in Colorado, Kansas, Minnesota, Montana, North Dakota, Nebraska, Utah, and Wyoming, and certain counties in Idaho, Oklahoma, and Texas.

The counties in Texas are: Armstrong, Bailey, Briscoe, Carson, Castro, Dallam, Deaf Smith, Donley, Floyd, Gray, Hale, Hansford, Hartley, Hemphill, Hutchinson, Lipscomb, Lamb, Moore, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Sherman, Swisher, and Wheeler.

County Farm Agent Ralph R. Thomas said he had been informed that three similar meetings would be held at other places over the Panhandle, one on April 5 at Spearman, April 7 at Canyon, and April 8 at Dimmitt. A federal official, a Mr. Jacobs, whose name and exact title was not contained in the letter sent the county agent, will speak at all four meetings.

There were 15 loans made to Gray county wheat farmers under the plan last year whereby farmers were loaned money on basis of 52 cents a bushel on wheat raised last autumn.

**U. S. Recognizes Franco Regime**

WASHINGTON, April 1 (AP)—The United States followed the lead of other powers today and accorded formal diplomatic recognition to Gen. Francisco Franco's nationalist regime as the legal government of war-torn Spain.

President Roosevelt at the same time lifted a two-year embargo on the shipment of arms.

The recognition of Franco's victory, forthcoming weeks after Great Britain and France had relented, apparently was unconditional.

Secretary Hull merely sent a telegram to Gen. Francisco Gomez Jordana, foreign minister of the Burgos regime, stating the "disposition of this government to establish diplomatic relations with that government of Spain."

Left to negotiation were such knotty matters as an exchange of envoys and American claims for compensation of properties seized during the civil war.

American recognition of Franco was delayed until the collapse of the republican government was beyond question.

Only yesterday, the bearded Fernando de los Rios relinquished his post as Spanish ambassador here and turned over the embassy to the Colombian envoy.

Diplomatic circles expect he will be succeeded, at least temporarily, by Juan Francisco de Cardenas, Franco's agent in New York.

Whether Ambassador Claude Bowers will be returned to his post at Madrid has not been disclosed. He returned to Washington several weeks ago after observing the Spanish conflict from the sidelines at St. Jean de Luz, France.

### McCullough-Harrah Churches Will Have Pre-Easter Services

Pre-Easter services will be held by McCullough-Harrah Methodist churches at Harrah chapel, 713 S. Barnes street, on the evenings of April 4, 5, 6, and 7 beginning at 8 o'clock.

Young people of the churches will be in charge of a worship period each evening with music by the newly organized choir. Preceding regular services each night, members will visit from 7 until 8 o'clock in teams of two.

The theme of the services will be "Are You Able?" with the pastor preaching.

L. W. Scott, manager of the Plains Maytag Company here since it was opened on October 15, 1937, has purchased the business from B. B. Kent of Perryton and is the new owner. It was announced today. Mr. Scott came to Pampa from Perryton where he had been sales manager of the Plains Hardware company. The Plains Maytag Company, located at 116 West Forty, deals in Maytag washers, ironers, multi-motor oil and water-softeners. Perfection ranges Superflex oil burning heaters, and refrigerators. Detroit Star gas ranges, and genuine parts for all makes of washers. The store maintains a complete service department.

### Market Briefs

NEW YORK, April 1 (AP)—The stock market today opened on a note of recovery after a week of heavy selling to close the week with a net gain of 1.2 points.

With Europe still the greatest question mark on the financial horizon, the market today was largely a reaction to the sharp relapse of the dollar in the days that have been covered and that a "technical" recovery was due.

Dealers, going at a racing gait during most of the brief proceedings, slowed down near the finish.

Prices pushed up rapidly at the start of the day, but during almost the entire first hour, it was a churning performance, however, with rallies and declines succeeding each other with surprising frequency. Bidding was stepped up just before the sound of the bong and final quotations were around the top of the day. A number of issues, though, ended behind minus signs.

The turnover of 1,558,439 shares was the largest for a two-hour day since Oct. 23, 1937. It compared with 439,270 shares for the same period in 1938. From an average of 60 stocks was up, 6 of a total of 45, but on the week this composite showed a net gain of 2.3 points.

Prominent on the upward reversal were U. S. Steel, Bethlehem, General Motors, Chrysler, American Telephone & Telegraph, U. S. Rubber, Montgomery Ward, Sears Roebuck, American Telephone, Consolidated Edison, Anaconda, American Smelting, Du Pont, Johns-Manville, Philip Morris, Santa Fe, N. Y. Central, Great Northern, and Union Pacific.

In the curb market advances ran to over a point were made by American Oil, Gulf and Niagara Hudson. Off as much were American Cyanamid, "B" and "C" Chemicals, and American Lumber. The best for any short session since last October 15 and compared with 73,000 a year ago.

Bonds failed to follow stocks, most displaying ranged trends. Sterling and the French franc were about unchanged in terms of the dollar.

### Bayless Speaks At Panhandle Rotary Meeting

Life begins when one forgets self, begins to think, drops camouflage, envy and jealousy, and starts considering others, Rev. C. Gordon Bayless, pastor of the First Baptist church, told members of the Panhandle Rotary club at the club's regular luncheon Friday at the Panhandle Inn.

The Pampa minister was introduced by Rev. A. E. White, pastor of the Baptist church at Panhandle. Rev. Bayless is conducting night services at a revival now in progress at Panhandle.

Attendance at the meeting was 35, including Bob Lindsay, Dick Mauldin, and Perry Powell, all of Borden; C. A. Huff, Rev. C. Gordon Bayless, J. C. Dingwall, Ray F. Barnes, and E. B. Emerson, all of Pampa, and A. A. Meredith of Amarillo.

### Palms Distributed At Catholic Church

Palms, the symbol of Christ's triumphant entry into Jerusalem shortly before his trial and crucifixion, were distributed and blessed at 7 o'clock this morning preceding early mass at Holy Soul's Catholic church. The service had originally been scheduled for 8 o'clock.

From the palms used today will come the ashes that will be distributed on Ash Wednesday, preceding the Lenten season, next year. At 10 o'clock this morning, Rev. J. A. Zienia of White Deer will conduct the mass. At the same hour Rev. Joseph S. Wonders, pastor of the local church, will be in Canadian, conducting mass in the place of Rev. Charles Knapp who still is confined because of illness.

# Baseball Training To Begin Here Monday

## Players From Entire Plains Area Invited

The sound of hammer and saw and the crack of bats will mingle at Road Runner park Monday afternoon when Grover Seitz lifts the lid on spring training for Pampa's new team in the Texas-New Mexico baseball league.

Anyone from this section of the Panhandle desiring to try out for the club will report to Road Runner park at 2 o'clock. Outsiders will be asked to report Wednesday with official practice scheduled for April 10.

Manager Seitz returned yesterday from a 1,000 mile trip during which he contacted several dozen ball players. Several will report Wednesday with the first scheduled to be here on the 10th.

At least four local boys will be on hand and several more may crop up. The local ball hawks will include Bob Bailey, with two years class D experience, Claude Heiskell, Mace Keyser and Boogie Nash.

Lefty Sparks of Fairview, Okla., a big left-handed first baseman, arrived in Pampa last night announcing he was fit as a fiddle and ready to give Bailey plenty of competition for the initial sack.

Two pitchers scheduled to report next week are Ray Gaudry of Hennessy, Okla., a big right hander, and Ben Parrish of Foss, Okla., now attending Oklahoma University.

Eddy Beavers, a big catcher from Muskogee, Okla., but now a student at Oklahoma University, asked Seitz to hold a place for him. Beavers had had plenty of semi-pro experience.

Bob Carleton of the Chicago White Sox, Nick Urban of the Enid club, and a couple of East Texas league managers promised Seitz that they would send him several players.

C. D. (Red) Wells of Shamrock, who will be remembered as the Shamrock first baseman of the Sham-

## Major League Camp Briefs

**ALBANY, Ga., April 1 (AP)**—Lon Warneke yielded only three hits and struck out 10 in seven innings on the mound as the St. Louis Cardinals defeated Albany of the Georgia-Florida league, 9 to 2.

**BRADENTON, Fla., April 1 (AP)**—Held to seven scattered hits, the Boston Bees registered a ninth-inning score today to escape a shutout in an exhibition game won by St. Louis of the American league Senators, 6-1.

**PHOENIX, Ariz., April 1 (AP)**—Manager Gabby Hartnett of the Chicago Cubs announced tonight that Shortstop Dick Bartell would leave tomorrow for Chicago to undergo treatment for a long-standing rheumatic ailment of his leg.

**DALLAS, April 1 (AP)**—A three-run rally, sparked by Lou Pinney's triple, gave the so-called Athletics second team, under Coach Earl Mack, an 8 to 5 victory over Dallas, of the Texas league, in 10 innings today.

**FORT WORTH, April 1 (AP)**—Behind the three-hit pitching of Carl Byrd and Leroy Parmalee, the Athletics so-called first team defeated Fort Worth, of the Texas league, 7 to 3, here today.

**WACO, April 1 (AP)**—In a game featured by eight home runs, the Phillies again defeated the St. Louis Browns today, 13 to 12.

**NEW ORLEANS, April 1 (AP)**—Joe DiMaggio led an 18-hit attack today as the New York Yankees walloped the New Orleans Pelicans, 15-2, in an exhibition game.

**PHOENIX, Ariz., April 1 (AP)**—Clay Bryant, making his first exhibition start of the spring season, became the second Chicago Cubs pitcher to go the route today when he limited the Chicago White Sox to seven hits, winning 7 to 5.

## Shamrock, April 1—Shamrock's kayoing boxing team won five fights and its own school tournament here tonight. Two fights each were by Canadian, McLean, Stinnett and Alnreed.

Two Pampa boys fought in the finals and will receive bronze gloves. Winners received gold gloves. Both Pampans, Douglas Loveless and W. C. Pendleton were knocked out by Shamrock boxers. Four Pampans fought in the semifinals.

Jack Bible, Golden Glove tourney veteran, was the war-horse of the tournament. Friday night he kayoed Jack (Cotton) Smith and Saturday night he knocked out Romack of Stinnett. In the afternoon he defeated Roach of McLean and Schnell of Shamrock.

Roy Ray, Pampa's high school softing ace, knocked out Carleton of Shamrock, and lost in the semifinals to Spurlin of Canadian after the latter took a nine-count. Spurlin won the Canadian tournament last week in a decision over his school mate, Thrasher, who was knocked out by Schnell Friday night in the major upset of the Shamrock tournament. Cotton Smith of Pampa lost a hairline decision to Schnell in the Canadian tournament. Smith gave Bible one of the best fights in the Shamrock meet until Jake connected with a hard one at the back of the head.

Loveless and Pendleton drew byes Friday night and did not fight until Saturday afternoon when Frankie Bills kayoed Pendleton. The latter went to the finals when Frankie broke a blood vessel in a thumb. Loveless decided Callan of Shamrock Saturday afternoon. In another upset of the tournament, Romack kayoed Spurlin Saturday afternoon.

Shamrock's boxers on the whole were definitely the classiest in the tournament. Sutterfield in winning the 155 pound class kayoed Thompson of McLean in the second in a beautiful boxing exhibition. Reeves of Alnreed who kayoed Harold Smith of Pampa Friday night won the 125-pound weight. He would have fought Frankie Bills if the latter had not injured a thumb. Frankie fought the best bout of his career in knocking out Calloway of Canadian in a few seconds Friday night.

Sparks of Pampa lost Saturday afternoon to the champion Worley of Canadian in the 95-pound class.

The championship bouts: 85-pounds—Moore, Shamrock, decision Borger, Stinnett. 95-pounds—Worley, Canadian, decision Wood, Alnreed. 105-pounds—Bonner, McLean, decision Stagg, Shamrock. 115-pounds—Roden, Shamrock, kayoed Loveless, Pampa. 125-pounds—Reeves, Alnreed, kayoed (technical) Pendleton in the first. 135-pounds—Bible, Alnreed, kayoed Romack, Stinnett, in the first. 145-pounds—Burton, Shamrock, knocked out (technical) Fort, Canadian, in the second. 155-pounds—Sutterfield, Shamrock, kayoed Thompson, McLean, second.

165-pounds—Wilson, Shamrock, decision Russell, Canadian. 175-pounds—Calloway, Canadian, kayoed Gordon, McLean, third. Heavyweight—Cadra, McLean, won technical knockout over Norman, McLean.

**Semi-Final Results**  
85 pounds—Borger, Stinnett, decision Hill, Canadian; Moore, Shamrock, decision Ford, Stinnett.  
95 pounds—Worley, Canadian, decision Sparks, Pampa, by a hair; Wood, Alnreed, decision Mayfield, Shamrock.

105 pounds—Bonner, McLean, decision O'Gorman, Shamrock; Stagg, Shamrock, decision Yaunt, Stinnett.

115 pounds—Loveless, Pampa, decision Callan, Shamrock.  
125 pounds—Reeves, Alnreed, kayoed Prince, Shamrock, first round; Bills, Shamrock, kayoed Pendleton, Pampa, second round.

135 pounds—Bible, Alnreed, decision Roach, McLean; Spurlin, Canadian, decision Ray, Pampa, after Ray had Spurlin on the floor for a nine count in the first round; Romack, Stinnett, kayoed Spurlin, Canadian, third round; Bible, Alnreed, decision Schell, Shamrock.

155 pounds—Thompson, McLean, decision Rivers, Canadian; Sutterfield, Shamrock, decision Simpson, Canadian.

**Friday Night Results**  
85 pounds—Borger, Stinnett, decision Callan, Shamrock, in a close one; Hill, Canadian, decision W. Bible, Alnreed; Ford, Stinnett, decision Loughry, Canadian; Moore, Shamrock, decision Brethauer, Pampa.

95 pounds—Sparks, Pampa, decision Pepper, Shamrock; Mayfield, Stinnett, kayoed Sargent, Stinnett; Wood, Alnreed, decision Clody, Canadian.

125 pounds—Reeves, Alnreed, kayoed Smith, Pampa, in the second; Bills, Shamrock, nosed out Calloway, Canadian, in the first.

135 pounds—Schnell, Shamrock, kayoed Thrasher, Canadian, in the third; J. Bible, Alnreed, knocked out Jack Smith, Pampa; Roy Ray, Pampa, knocked out Carleton, Shamrock, in the third; Romack, Stinnett, decision Broxton, McLean.

145 pounds—Burton, Shamrock, knocked out Fort, Canadian, in the first.

PONTE VEDRA BEACH, Fla., April 1 (AP)—George R. Jacobus, president of the Professional Golfers Association, announced today the Ryder cup matches will be played November 18-19.

## Sports To Be Good Reports Manager Peel

**SHREVEPORT, La., April 1 (AP)**—Homer Peel, slugging outfielder and manager of the Shreveport Sports, figures the Texas League team is going to show an improvement this year, principally because of improved catching, a better all-around defense, and a little more punch at the plate.

"But Peel is spending hours worrying over the center field post. 'I believe our center fielder will have a lot to say about where the Sports finish in 1939,' he said.

"I have eight outfielders, but apparently no center fielder, and that is the position which is worrying me most. Washington will be in right and I will be in left when the seasons opens, but at present I have little idea who will be in the middle garden.

"I have Rich, Jerry Moore, Connel, Short, Anse Moore, and Landrum to pick a center fielder from." Peel said his crew had been bothered with minor injuries.

"The catchers will be picked from Hack Miller, Tank Horton, and Tex Chandler.

"For pitching there is Blvin, Wagner, Goombs, and Eaves, holdovers from last year. Lopat, Dunkle, Perry and Navie, all left handers, and Bronkhurst, a right-hander, are battling it out for the other places on the staff.

"We still hope to get Merv Connors back from the Chicago White Sox for first base but if we don't we have Chester Manning.

"Joe Vittor, who held down second base last year, will in all probability be the second baseman.

"We have four shortstop candidates but right now Johnny Gerlach, on option from the White Sox, has a slight advantage over Salty Parker, last year's shortstop.

"Joe Valenti at third is being given a hot battle by Bobbie Kennedy, a 19-year-old White Sox farm hand. Then there is Jess Landrum, a third baseman now working in center field. He may eventually turn up as a candidate for third base if Vittor doesn't watch his step.

"Prospects as a whole, I'd say, are good."

## Guernsey Advances In Net Tournament

**HOUSTON, April 1 (AP)**—Twenty-two-year-old Frank Guernsey of Orlando, Fla., took advantage of a missing ace and the age-of-Hal Surface today to eliminate the Kansas Citian from the semi-finals of the River Oaks tennis tournament, 1-6, 6-3, 2-6, 6-4, 6-2.

The victory showed the diminutive intercollegiate champion into the final match tomorrow against lanky Frank Kovacs of Oakland, Calif.

Just before Guernsey, who is a student at Rice Institute, beat Surface, pretty Marta Barnett of Miami, Fla., won the tournament women's singles championship by defeating Eunice Dean of San Antonio, 6-2, 7-5. Miss Barnett is a left-hander and is Southern Women's singles champion.

## Ace Pitcher For Odessa Found Slain

**ODESSA, April 1 (AP)**—Buford Armstrong, 28, ace pitcher of the Odessa semi-pro baseball team, was found shot to death today in a west Odessa tourist camp cabin.

A small caliber bullet had pierced the left side of his body near the heart. There were no blood stains in the three-room cabin, nor any signs of a struggle.

Officers said they were told Armstrong had been missing from home since last night. He was a former House of David semi-pro pitcher.

## Harvesters And Exes To Scrimmage Tomorrow

Spring football training for the Pampa Harvesters will close for two weeks on Monday afternoon when they scrimmage a team of Ex-Harvesters still in school. Track and field will be the order of business until April 17 when the pigskin will be brought out for another two weeks of exercise before the big night game with the Exes.

Monday's game will begin at 3:45 p. m. at Harvesters Park. No admission will be charged and fans will be welcomed at the field.

The Harvesters have been practicing for nearly a month and Coaches Odus Mitchell and J. C. Prejean are nearly ready to name their strongest 11 players. They made one change last week which Glen Nichols, last year a tackle, to a halfback slot but have not definitely decided on the change which was made when E. Phillips looked good at tackle after Nichols had been injured.

Probable Harvester starters will be Fozzy Green and Robert Glemmons at ends, Roland Phillips, and E. C. Chandler at tackles, Wayne Fade and Wayne Giddens at guards, Ed Terrell or Herbert Maynard at center, Grover Heiskell at quarter, James Carlisle and either Glen Nichols or Clarence Mathews, halves. Pete Dunaway, full.

Exes will be able to field an exceptionally strong line, but with few replacements, and a double backfield. Available will be Bob Andis and Kenneth Kyle, ends; Jack Hessey and Karl Ripple, tackles; Bill Siles, Welby Parish and L. Glemmons, guards; Tommy Solomon, center; Albert Kemp, Red Watkins, Truman Rumpke, Doyle Aulds, A. C. Miller, Jack Wear and James Kidwell, backs.

## Sarazen Fools Augusta Golfers

**AUGUSTA, Ga., April 1 (AP)**—It was Aril Fool's Day and the weather, as customarily, did a lot of fooling—but the fellow who fooled all the wisecracks was Mr. Eugene Sarazen, the Connecticut farmer-golfer.

Drubbing wet but uninjured by hailstones whipped furiously by the wind, Sarazen breezed through the second act of Bobby Jones' Augusta national golf show in 66 shots.

Sarazen's 139 was one shot in front of the field seeking the \$1,500 check.

The freak display of weather threatened for a while to force postponement of play, but after 45 minutes the sun beamed down again and the field resumed activity, with Jones winding up with a 77, five strokes over par, and far down in the ranks with a halfway total of 153.

Sarazen was one shot under three favored players, Sammy Sneed, Ralph Guldahl, the national open champion, and Byron Nelson, as the field lined up for tomorrow's 36-hole final.

Although he equalled par with a fine round of shot-making, Billy Burke who led the opening 18-hole journey with a 69, dropped to fifth place with a half-way total of 141. He was one stroke in front of Henry Picard.

## Boxers Fined For 'Unsportsmanlike' Conduct At Dallas

**DALLAS, April 1 (AP)**—Kenneth La Salle, Houston welterweight, and Wild Bill McDowell, his Dallas opponent in a boxing match here last night, were fined for "unsportsmanlike" conduct today by Deputy Boxing Commissioner Marshall Brown.

Brown said La Salle was the aggressor, but that McDowell "held up" his end of the unsportsmanlike tactics after they were started." La Salle was fined \$50 and McDowell \$25.

## Banks Listen

—for good reports about their neighbors.

**BANKS** are interested in business men who are well spoken of because of fair dealings, courtesy, good service, quality products or fair prices, for these make a business good and prosper. In time these business men will find use for new or increased borrowings from their bank and give useful employment to its loanable funds.

More than this, the good name which brings deserved success to those who render varied business services to the Community is the keystone of sound credit.

This bank hears many good words about its business neighbors. It deems them an essential element in the strength and safety of the loans which it has made to many of them to facilitate their business operations.

## Coterie Entertains With Backward Kid Dance Friday Evening

### Banquet Given As Courtesy To Mrs. Christine Cecil

A banquet was given Friday evening in the Hotel Schneider by the traffic department of the Southwestern Bell Telephone company honoring Mrs. Christine Cecil, who completed 25 years service with the company on March 29.

Decorating the dinner table were arrangements of flowers, the telephone emblem, and a bell on which was written "25." Tall white tapers in blue holders flanked the centerpiece.

J. P. Blount, district traffic chief, presided as master of ceremonies of the program presented by Ernestine Holmes, Mrs. Neoma Plank, Ethel Wilder, and Yvonne Hendrix. After a skit depicting the life of Mrs. Cecil was given by Annie Johnson, gifts were presented to the honoree by the Amarillo traffic department, Vera Lard, Maureen Jones, Lillian McNutt, and Audrey Fowler.

Following the dinner the group enjoyed dancing.

Amarillo guests attending were J. P. Blount, Miss Corine Norton, Mrs. Margaret Wright, Mrs. Dorothy Dodd, Ruby Beckstead, Mrs. Jolia Holland, Mrs. Margaret Lillie, Mrs. Flo Arterburn, Mrs. Rosella Queen, Mrs. Cora Miller, Joyce Martin, Eunice Cooper, Virginia Young, and Clarice Heucamp.

Pampanos included Messrs. and Mrs. Cecil, John Plank, Olen Walker, Jack McKay, Sam Turner, Bob Watson, Edd Wood, Jimmie Henderson and Lois Jo Henderson; Mrs. Hollis Mars, Maxine Eads, Ina Rae Watson, Kathryn Sadler, Ernestine Holmes, Yvonne Hendrix, Ethel Wilder, Mrs. Jolia Holland, Glenn Underwood, Corinne Steele, Vi Dodd, Juanita Higgins, Minnie Dittmeyer, Freda Dowell, Elsie Johnson, Iris Reed, Gwenn Bellows, Annie Johnson, Bertie Belle Turner, Hazel Goodman; J. L. Jones, George Lane, Fred Crockett, Mrs. Charles Harry Branton, George McKenzie, Jack Johnson, Bob Morris, and Bill Gray.

### Reapers Members Entertained With Recent Kid Party

Members of the Reapers class of First Baptist church were entertained with a kid party in the church this week.

In the business session Mrs. Jack Jones, secretary, read the minutes and monthly reports were given by the officers, who reported 155 visits for the month, 64 cards, 92 telephone calls, \$52.11 offering, 12 trays, seven flowers, and four Easter members. Mrs. A. H. Gambell, Alfred Curtis, C. B. Souther, and L. H. Norman.

New officers who were elected are Mrs. O. C. Brandon, president; Mrs. Lonnie Roundtree, enlargement; Mrs. W. B. Pearce, class minutes; Mrs. B. G. Stone, stewardship; Mrs. J. G. Teeters, reporter; Mrs. Monroe Neely, treasurer; Mrs. Jack Jones, secretary; Mrs. Roy Read, L. B. Warren, C. W. Briscoe, and C. B. Bridges, group captains.

Following the business address, the group played games and refreshments of sandwiches, pop, and suckers were served.

Attending were Mrs. Ray Wilson, a guest, Charles Miller, associate member, Claude McLaughlin, Lonnie Roundtree, B. G. Stone, Alfred Curtis, L. B. Warren, Lewis Tarpley, O. C. Brandon, Owen Johnson, E. B. Bridges, Jack Jones, C. W. Hill, and W. B. Pearce.

### Mrs. Hyatt Named Honoree At Shower By Two Hostesses

Honoring Mrs. Haskell Hyatt, a pink and blue shower was given this week in the home of Mrs. Charles Madeira with Miss Yaela Davis as co-hostess.

A pink and blue color note was observed in the decorations and refreshments. Games were played and prizes were awarded to Dorothy Southard and Yaela Davis who presented them to the honoree.

After the gifts were opened, refreshments of punch, cake, and candy favors were served to Mrs. B. A. Davis, Valerie Porter, Mrs. Dan Buzard, Dorothy Southard, Mildred Davis, Mrs. B. C. Wood, Jerry Davis, Helen Perry, Anita Summers, Mrs. Lela Miller, Mrs. Lester McKenzie, the hostesses and honoree.

### Surprise Event Given As Courtesy To James Franklin

Young people of McCullough Memorial Methodist church met for the mid-week service at the First Methodist church after which they went to the apartment of James Franklin.

Mr. Franklin is one of this group who has recently moved into bachelor quarters and each one attending took some household article.

After the gifts were opened, a large package of homemade cookies was opened and served.

Those present were Louise Bainer, Doris Smith, Josephine Dallard, Mrs. E. N. Franklin, Byrl Foster, Doris Jean Bainer, Herbert Maynard, Ila Hedner, Mrs. V. N. Osborn, and Thelma May and Velma Fay Osborn.

### PIANISTS

Two popular musicians who will play in the mass piano ensemble featuring 13 pianos and 26 pianists, which will be presented by the Pampa Piano Ensemble the latter part of this month under the sponsorship of local civic clubs, are Mrs. J. P. Yoder, top, and Ernest Jones. Mrs. Yoder, a teacher of piano, is a graduate of McPherson college in Kansas, where she studied under Miss Jessie Brown.

Another Monday meeting will be that of circle seven at 2:30 o'clock in the home of Mrs. J. M. Turner, 443 North Yeager street.

### Young People To Have Picnic On Group This Week

Young people's Christian Endeavor of the First Christian church met in the home of Miss Dorothy Southard this week to plan the Endeavor program for this evening.

After the hostesses gave the devotional on "What is Worship," the group repeated the Lord's Prayer in unison. The subject for this evening will be "How a Christian Should Spend Sunday."

Plans were made for a picnic which will be held Monday, April 3. Those who plan to attend are to meet at the church.

Refreshments of punch and cookies were served to Claudine Van Bibber, Valerie Austin, Marie Southard, Anita Summers, Clois Lamb, Cassie Lee Chesser, Helen Madeira, Dorothea Thomas, Dorothy Southard; C. T. Hightower, Charles Madeira, Vernon Van Bibber, George Porter, Wayne Hutchins, and Fred Lamb.

Another weekly meeting will be held Thursday evening at 7:30 o'clock in the home of Miss Cassie Lee Chesser.

### Twelfth Birthday Of Alexia Brown Observed At Party

Mrs. D. L. Brown entertained with a party this week for her daughter, Alexia Brown, on her twelfth birthday. Assisting the hostess was Mrs. A. A. McCullum.

BOOTS AND HER BUDDIES

No April Fool Gag

By EDGAR MARTIN

Mind Your Manners

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

- 1. Should a husband and wife call on a third person to settle an argument between them?
2. Should a husband help his wife on with her coat?
3. Should a husband call the family car "my car" and the income "my money"?
4. Should a husband offer his arm to his wife when they cross a busy street, or hurry ahead, letting her keep up as best she can?
5. Should a husband let his wife enter an elevator first?
What would you say if—
Someone invites you and your husband to dinner and you do not know whether or not he has other plans—
(a) Say, "Why, I'd love to come, but I'll have to get in touch with Dick and see if he has made any plans for that evening?"
(b) Accept and let your husband change his plans if he has any for that evening?

Answers: 1. No. 2. Yes. 3. No. 4. Offer his arm. 5. Yes. Best "What Would You Do" solution—(a).

Following the five games of bridge, Mrs. Joe Tooley was awarded high for ladies and Mrs. Wyman Purvines, low; George Crossman high for men and Charles Franklin, low for men.

A salad course stressing the Easter motif was served to Mr. and Mrs. Eked Waldron, guests and the following members: Messrs. and Mrs. George Crossman, W. E. Boyles, Wyman Purvines, M. L. Purvines, Charles Franklin, Kellus Turner, A. J. Welsch, J. H. O'Neal and W. L. McConnell.

Inter-City Woman's Missionary Society Members Have Meet

PANHANDLE, April 1.—"Pentecostal Fire" was the opening song followed with prayer by Mrs. Floyd Hubbard when the Inter-City Women's Missionary society met in the Assembly of God church recently.

In the business meeting conducted by Mrs. C. F. Hood, Mrs. F. J. Holcroft, W. W. Evans, J. W. Kelchum, and George Milton were appointed as the steering committee for the inter-denominational covered dish luncheon to be held in the Christian church May 4. The nominating committee is composed of Mrs. J. E. Southwood, Floyd Hubbard, J. S. Harrison, and J. J. Holcomb. Mrs. Sam Rorex reported \$8.15 sent to Indian missions as a result of the World Day of Prayer program held in February.

Leon Pingleton, program chairman, presented the following program: "The Church Women's Decalogue of Peace" was read by Mrs. C. F. Hood, who also directed a Bible quiz, followed with the devotional by the Rev. James Tadd, who read from the third chapter of Proverbs. Mrs. T. H. McKenzie then spoke on "Youth and Recreation." Mrs. McKenzie told of the newly organized Youth club of Carson county and asked cooperation of the adults to help this organization of young people with the problem of recreation.

In a round table discussion, plans were made to improve the city park for summer recreation for young people. Through a WPA project drinking fountains, seats and outdoor ovens will be provided. Possibilities of a skating rink for young people were discussed. The Rev. A. E. White had the concluding part on the program discussing "Young People and Religion." Rev. White said, "It is not so much our young people I am concerned about as the mothers and daddies. We have more young people interested in and attending church than we have adults. Rev. White continued, "Parents should feel a responsibility toward the children God has entrusted to them, not only for their physical and social welfare, but for their spiritual life." The meeting was closed with the group singing "Fill My Way With Love," "Blest Be the Tie That Binds," followed with prayer by the Rev. Bates, pastor of the Assembly of God church.

Hobo Day Observed By Senior Class Of McLean School

Special To The NEWS

McLEAN, April 1.—"Hobo Day" was observed by the McLean high school senior class on Thursday. A colorful parade of hobos and bums led by senior class band members, marched through the business section of town during the morning. Posters were carried to advertise the senior play, "Ruth in a Rush," to be given April 25.

Hobo Vester Lee Smith, president of the class, was announced over station HOCO at the assembly program given in the afternoon. The class opened the program singing "Hallelujah, I'm a Bum."

Myrtle Norman as Bing Crosby sang "I Ain't Got Nobody," and Bill Cash, as Nelson Eddy, sang "Pippen Tim." In the portrayal of "Our Gang," Norman Trumble acted as "Alfalfa," Ruth Thacker as "Daria," and Ray Humphreys as "Spanky." They sang "She'll Be Coming Around the Mountain" and "I'll Never Say Never Again" with Leulie Cobb at the piano.

Missie Hodges, McLean's "Baby Snooks," gave several nursery rhymes. A comedy musical reading, was given by Emerald Floyd. Bob Burns (Clayton Wilkerson) and Martha Raye (Audrey Terrell) were also guests on the "radio" program.

The German band led by Gab Calloway (Hobart Moore) played several selections. Tap and jig numbers were given by Florane Mullin and Sara Preston with Frankie Mullin playing the French harp. Members of the cast of "Ruth in a Rush" were introduced to the students and visitors.

## Trio Starred In Film Based On Stage Hit

Once more the Marx Brothers dispense their peerless, hilarious mania in what is judged the funniest and fastest laugh vehicle of their careers, "Room Service," presented by the Crown theater Sunday, Monday, and Tuesday.

"Room Service" represents the first screen as one of the highest priced stories ever acquired from the stage in film history. When the Broadway smash had played more than a year, several companies entered a spirited competition for the acquisition of the film rights, with RKO Radio emerging the victor.

"Room Service" represent the first ready-made comedy, with a real plot that carries suspense along with laughs, for the zany Marxes. Heretofore, stories had been specially written for the inimitable comics, such as "A Day at the Races" and "A Night at the Opera." In their current vehicle, the situations, story complications and salient highlights were found made-to-measure for the particularly insane antics of the three brothers, and kept practically intact by Scenarist Morrie Ryskind, responsible for the above Marx pictures and "Stage Door."

"Room Service" concerns a resourceful and penniless theatrical producer, who, with his cast, has run up a huge bill at a Broadway hotel, promising the unhappy manager to pay in full when he finds a backer to finance his new play.

## CHICO, ALIAS HARRY BINELLI

A characteristic pose of Chico Marx, of the three mad Marxes, as he appears in RKO Radio's version of the convulsing Broadway comedy success, "Room Service." He plays the role of Harry Binelli, bracketed with Groucho

and Harpo in the star billing. Lucille Ball and Ann Miller provide the pulchritude and Frank Albertson the martyr in this farce of theatrical life, at the Crown today, tomorrow, and Tuesday.

## News To Sponsor 'Dramas Of Life' Show Over KPND

A new dramatic show, sponsored by The Pampa News, will make its radio debut on KPND at 12:15 o'clock today.

The production, which runs for a quarter-hour, will be the first of a series of Sunday Pampa News broadcasts under the title of "Dramas of Life."

Today's show is called, "Good Fishing." Each episode is a complete dramatization in itself and each Sunday's "Drama of Life" will bring a separate story.

Tune in at 12:15 o'clock today for the first drama in the splendid series, and let The Pampa News be your host at a splendid 15 minutes of entertainment.

## Duncan Finishes Building Repair At White Deer

Special to The NEWS.  
WHITE DEER, April 1.—Remodelling of the brick building owned by Ivy Duncan has now been completed.

The old wooden awnings were torn away and the entire store front finished in modernistic style, with lower walls of buff stucco, the upper facade of white stucco, and trimming of black Carrara glass.

The south section of the building, with a floor space of 80 by 40 feet, is now occupied by the Williams Food store. The interior has been refinished and indirect lighting and air-conditioning systems and other modern equipment installed.

Interiors of the other sections of the building have also been refinished. They are occupied by the post office, the White Deer Drug company, and the Southwestern Public Service Company.

## Buntin Remembers Discovery Of Tusks

CLARENDON, April 1. (AP)—P. A. Buntin, oldest living Donley county pioneer, recalled on his 90th birthday recently an incident that perhaps inaugurated search for remains of prehistoric life in this region.

"When I was operating a livery stable almost 50 years ago a man from Washington rented a hack and my best livery team," he said. "For many weeks he dug into the hills surrounding Clarendon for old bones—'fossils' I believe he called them. One evening he came in with an eight-foot pair of tusks with mighty curves worn smooth on the bottom like sled runners.

"The stranger—Dr. Gridley of the Smithsonian Institution—explained the big bones had belonged to a prehistoric bull mastodon and had been worn at the curve by brushing the earth as the mighty beast browsed hereabouts in a remote era of the earth's development.

Buntin, a native of Kentucky, settled in Donley county in 1887 after living two years at Mobeetle. He operated one of the first dairies and livers here, and carried the mail to Silverton by way of Pala Duro, one of the longest routes in the Panhandle.

He employed four teams of mules in relays on the 60-mile daily haul. "We traveled at a gallop," he said, "with a light buckboard and small sack of mail. The roads were rough, often no more than a dim trail, but the little mules knew their job and did it well. The country teemed with wild game and I often saw

deer and antelope on the long, lonely rides."

## SWELLING DIDN'T LEAVE

ARKANSAS CITY, Kans. (AP)—A grumpy patient came into the dentist's office to demand why the swelling hadn't gone from his jaws. He'd had a tooth pulled and thought there had been ample time for the spot to heal. "The trouble with you," said the dentist, "is that you went out and caught the mumps." A doctor confirmed the diagnosis.
