# Good Evening!

Eternity looks grander and kinder if time grows meaner and more hostile.—Carlyle.

# F. D. R. RETILES TO DICTATORS

## FAMILY AWAITS DRAFT DODGER

Cleveland Bergdoll, World War draft dodger fugitive from the U. S. for 20 years, will return from Germany to accept the penalty, according to his wife, Bertha. She is pictured above with her children as they arrived in New York from Hamburg. Left to right, Emma, 10; Alfred, 11, and Minna, 9. Erwin, 5, is held by his mother.

## 'Millions' Spent At Vets '49er Celebration

### Jaycees Trying To Get 'Cynthia Ann' For Fiesta

The U. S. Opera "Cynthia Ann Parker," dramatic story of the white wife of a Comanche Indian chief, may be presented here during the Top O' Texas Fiesta, June 13 and 14, but nothing definite has been determined by the steering committee of the Pampa Junior Chamber of Commerce, Fiesta sponsors.

"All this is merely tentative," Mr. Benefield said. "The committee met Thursday afternoon and discussed the matter. It is planned to take the show to the New York fair. We thought it would be a splendid idea if we could have the opera presented here, and therefore requested members of the Treble Clef club to cooperate with us. A letter was sent this morning by a club member in regard to the matter."

### Roosevelt Signs New Relief Bill

WASHINGTON, April 14 (AP)—President Roosevelt signed today the measure making available an additional \$100,000,000 for relief.

### Music Now In Hovels

SAN ANTONIO, April 14 (AP)—Declaring the art of music the only language that ignores lines of nations, races, religions and politics, Thomas W. Butcher, president of the Kansas State Teachers college, Emporia, Kas., said it was mainly through public schools that music once associated with the upper stratum of society has been brought to the door of every hovel.

### I Heard--

That Mr. Ripley, the man better known as "Believe It or Not," has a large picture of Indian Jim Brown in his April 14 issue. It tells about Indian Jim laying 58,000 bricks or 207 tons in one day but Mr. Ripley failed to mention that the record was set in Pampa in 1927 on North Cuyler street and was the first paving laid in Pampa.

## British Expect To Sign Russia As Ally

### Bill To Remit Harris County Taxes Passed

AUSTIN, April 14 (AP)—The Senate voted today to remit half of state property taxes for general fund purposes to Harris county for 10 years, then plunged into debate on a measure remitting all the state general fund levy to all counties for five years.

The general proposal, by Senator R. A. Weinert of Seguin, brought the charge from Senator Joe Hill of Henderson it was designed to "consummate another scheme" to take taxes off the utilities, big property owners, and slap them on the little man.

Recalling Senate passage of a sales tax, Hill said adoption of the general remission bill would tax bread and meat of the people and remove the property tax for absentee landlords, big property owners, pipelines and other interests.

Following the conference with Kennedy, Chamberlain and his wife left for the weekend at their country estate, Chequers. The prime minister's relaxation was broken by the Italian invasion of Albania.

Miss Marie Montgomery was elected president of the Pampa Stamp Club at a meeting of 30 collectors from Pampa and vicinity last night in the civil service rooms at the postoffice.

The above named officers were chosen to serve one year, from April 1, 1939, and it was decided to meet once a month on the second Thursday in each month at 7:30 p. m. in the civil service rooms of the postoffice building.

WASHINGTON, April 14 (AP)—The House Rivers and Harbors committee approved today a bill by Chairman Mansfield (D-Tex.) to authorize completion of the \$200,000,000 Florida ship canal.

WASHINGTON, April 14 (AP)—The House Rivers and Harbors committee approved today a bill by Chairman Mansfield (D-Tex.) to authorize completion of the \$200,000,000 Florida ship canal.

WASHINGTON, April 14 (AP)—The House Rivers and Harbors committee approved today a bill by Chairman Mansfield (D-Tex.) to authorize completion of the \$200,000,000 Florida ship canal.

LONDON, April 14 (AP)—British efforts to bring Soviet Russia into a grand alliance against Nazi-Fascist expansion were reliably reported to have made good progress today after a long conference between Foreign Secretary Viscount Halifax and Soviet Ambassador Ivan Maisky.

This was the second development in Britain's efforts to put sharper teeth in her policy with France and European collective security against aggression.

The first, reliable reports said, was British pressure for military staff talks among Polish, Rumanian, Greek, French and British experts.

Meanwhile, United States Ambassador Joseph P. Kennedy called on Prime Minister Chamberlain, congratulating him on the declaration in the House of Commons yesterday in which he extended the pledge to Greece and Rumania.

MEXICO CITY, April 14 (AP)—Survivors of a rear-end collision of two National Railway passenger trains 140 miles north of here in which at least 60 persons were injured and 20 killed, reached here today with accounts of the disaster.

DALLAS, April 14 (AP)—The long legal skirmish between the Lone Star Gas company and the Texas Railroad Commission appeared far from ended today.

BERLIN, April 14 (AP)—German government circles said President Roosevelt's address today before the Pan-American Union "clearly revealed" him as the "master wire-puller behind the anti-German entrenchment policy."

WASHINGTON, April 14 (AP)—The House Rivers and Harbors committee approved today a bill by Chairman Mansfield (D-Tex.) to authorize completion of the \$200,000,000 Florida ship canal.

## Mrs. Bowers Hearing Set For Monday

### Joe's Wife Asks For Child And Property Division

A hearing on an application for a temporary injunction in the case Mrs. Louise Bowers vs. Joe B. Bowers has been set for 10 a. m. next Friday in 31st district court here before Judge W. R. Ewing.

In her petition asking for the hearing, Mrs. Bowers seeks an inventory and division of their common property, alimony, and custody of a minor child, Joseph Benjamin Bowers, age three.

Plaintiff alleges that several months prior to their final separation on March 1, 1939, "defendant began a course of cruel, harsh and inhuman treatment which he continued until their final separation."

## Slattery Named U. S. Senator To Succeed Lewis

SPRINGFIELD, Ill., April 14 (AP)—Gov. Henry Horner today appointed ex-Chairman James M. Slattery of the Illinois Commerce Commission to the United States Senate to succeed the late James Hamilton Lewis.

Slattery, 60-year-old Chicago attorney, has been a close personal friend of the governor for a quarter century. He managed the 1936 and 1938 campaigns of Governor Horner's Democratic organization in Cook county.

## Slayer Of Husband Gets Life Sentence

LOS ANGELES, April 14 (AP)—Ruth Ingram, 23-year-old escaped inmate of an Oklahoma institution to which she was sentenced for robbery, faced life imprisonment for murder today unless she is adjudged insane.

KANSAS CITY, April 14 (AP)—Henry F. McElroy, who resigned under fire as city manager in the midst of a federal-state vice crusade, propped his feet on an end table at home today and casually told reporters "I'd been thinking of resigning for months."

WASHINGTON, April 14 (AP)—The House Rivers and Harbors committee approved today a bill by Chairman Mansfield (D-Tex.) to authorize completion of the \$200,000,000 Florida ship canal.

## 400 Contestants Will Enter Meet Saturday

With nine of the 12 events on the program of the District 2 Interscholastic meet scheduled for tomorrow, the biggest part of the meet will be held here Saturday. Frank Monroe, assistant director-general of the meet, estimated today there would be 400 contestants from the 10 counties in Pampa tomorrow.

Registration in all contests will start at 9 o'clock Saturday morning, and contests will be held at the same place as registration. All contests are expected to be finished by 4 o'clock Saturday afternoon.

Time of the finals in each event, awarding of cups, ribbons, and announcements concerning the regional and state meets will be made at the close of each event by the director in charge.

Boys and girls tennis singles, and doubles and girls' volleyball, will be played today. Thursday, the one-day play contest was held, with Pampa winning first place.

Winners in the district meet here will be eligible to compete in the regional meet at Canyon on April 22, and regional winners will be eligible for the state finals in Austin.

Saturday's schedule: track and field, registration at Lamar building, preliminaries, 10:30 a. m.; finals and rural pentathlon, 2:30 p. m.; finals and the pentathlon will be held at Harvesters park.

Golf, registration Pampa country club. Curricular contests will be held in these places: declamation, high school auditorium; debate, county court room; extemporaneous speech, city hall auditorium; typewriting, and shorthand, 308 high school building; three-R, 207 high school building; ready writers, 208 high school building.

WASHINGTON, April 14 (AP)—The House Rivers and Harbors committee approved today a bill by Chairman Mansfield (D-Tex.) to authorize completion of the \$200,000,000 Florida ship canal.

## Pledges U. S. Aid To Help All Americas

### Would Help South America Battle Economic Inroads

WASHINGTON, April 14 (AP)—President Roosevelt pledged today to any Pan-American country whose freedom is threatened by "economic pressure" from abroad.

Condemning aggression as "ridiculous" and "criminal," Mr. Roosevelt extended this government's promise of protection for the western hemisphere, already given for military attack, to inroads through business and commerce.

On annual Pan-American day, the President gave the old world a "living message" from the new world of a "will to peace" which "will have a voice in determining the order of world affairs."

Mr. Roosevelt spoke to the governing board of the Pan-American union in the marble Pan-American building. Without naming the aggressor nations or their dictators, but referring to statements recently made by Hitler and Mussolini, the chief executive stressed the ties binding Europe and the Americas.

His words, as if a reply to advocates of American isolation, were: "The American family of nations may also rightfully claim now, to speak to the rest of the world. We have an interest, wider than that of the mere defense of our sea-girdled continent. We know now that the development of the next few years air fleets will cross the ocean separating us from the old world, that our customs and our actions are necessarily involved with hers."

"Beyond question, within a scant few years fleets will cross the ocean as easily as today they crossed the closed European seas. Economic functioning of the world becomes increasingly a unit; no interruption of it anywhere can fail, in the future, to disrupt economic life everywhere."

"The past generation in Pan-American matters was concerned with constructing the principles and the mechanisms through which this hemisphere would work together. But the next generation will be concerned with the methods by which the new world can live together with the old."

"The issue is really whether our civilization is to be dragged into the tragic vortex of unending militarism punctuated by periodic wars, or whether we shall be able to maintain the ideal of peace, individually and civilization as the fabric of our lives. We have the right to say that there shall not be an organization of world affairs which permits us no choice but to turn our countries into barracks, unless we are to be vassals of some conquering empire."

## Richberg Sees An Agreement With Mexico

CLEVELAND, April 14 (AP)—Donald R. Richberg, former NRA administrator, expressed "faith" today an agreement on compensation for expropriated properties will be reached between oil companies and the Mexican government.

Richberg, counsel for Standard Oil Company, and British oil interests in conferences with the Mexican government, reviewed the discussions in a speech before the National Petroleum Association.

"I prefer to be classed as one of God's fools who believes faith, combined with mental energy, will move mountains," Richberg said.

The former economic counselor to the government defended the United States' "good neighbor" policy against criticism that it entailed vigorous support of the rights of American citizens in Latin-America.

"Our faith must be reciprocated and among good neighbors establish principles of good conduct and fair dealings must be equally respected," he said.

Richberg declared he left Mexico, not because of a failure in negotiations, but to argue a case at Washington. He asserted "influential persons" are anxious to prevent an agreement on the controversy.

"Since returning to Washington," he said, "I have found it necessary to combat in various ways the private and public activities of those who would prevent such an agreement."

WASHINGTON, April 14 (AP)—The House Rivers and Harbors committee approved today a bill by Chairman Mansfield (D-Tex.) to authorize completion of the \$200,000,000 Florida ship canal.

## Lions Due For Heavy Quiz Barrage Tonight

Pampa Lions had better know the answers tonight. On the program the ladies night banquet, to be held at 7:45 o'clock at the First Methodist church, Miss Rose Wyatt has a spot on the program titled "Inquisitor" which means Lions will be the targets of numerous interviews.

Preceding the "Inquisitor" will be the singing of "Brotherhood Harmony" by Duke Balthrope, A. E. Hickman, K. I. Dunn, Joe Burrow, Harry Kelley, Ken Bennett, Arthur Teed and "Doc" Walters. Mr. Walters will also lead the singing opening of the program.

Principal address at the banquet will be by John Honts, Dalhart, Dallas county judge.

Dr. R. A. Webb will be toastmaster. Invocation will be given by Rev. W. M. Pearce, pastor of the First Methodist church, and introduction of guests by Frank Cuberson, president of the Pampa Lions club.

WASHINGTON, April 14 (AP)—Elliott Roosevelt, in a letter addressed to the four remaining committee members, included whether he would devote his time to the position should he be confirmed. He reportedly told the committee he would.

WASHINGTON, April 14 (AP)—The House Rivers and Harbors committee approved today a bill by Chairman Mansfield (D-Tex.) to authorize completion of the \$200,000,000 Florida ship canal.

## West Approved As Road Head By Committee

AUSTIN, April 14 (AP)—The capitol today speculated whether the old adage "The third time is the charm" would work in the case of J. M. West of Houston, favorably reported by a Senate committee for the important post of chairman of the Highway commission.

One nominee for the post was rejected while another withdrew his name after Senate controversy. The Senate committee on government nominations questioned West, Houston capitalist, approximately 45 minutes yesterday, then Chairman Allan Shivers of Port Arthur announced the favorable report. Shivers said the Senate probably would not consider the report until Monday.

Questions, among others, reportedly asked by committee members included whether he would devote his time to the position should he be confirmed. He reportedly told the committee he would.

Recent reports around the capitol have indicated considerable opposition to West, although first reaction to his appointment was favorable.

WASHINGTON, April 14 (AP)—The House Rivers and Harbors committee approved today a bill by Chairman Mansfield (D-Tex.) to authorize completion of the \$200,000,000 Florida ship canal.

## France Enlisting Spanish Fighters In Foreign Legion

PARIS, April 14 (AP)—France, preparing against the chance the new collective security in Europe may not avert war, today started taking Spanish republican fighting men from concentration camps into the famed French Foreign Legion.

Only 300 of the 20,000 warrior refugees were authorized to serve in the Legion out of the tens of thousands who applied but officials termed them "the first contingent."

WASHINGTON, April 14 (AP)—The House Rivers and Harbors committee approved today a bill by Chairman Mansfield (D-Tex.) to authorize completion of the \$200,000,000 Florida ship canal.

## K. C. City Manager Resigns Under Fire

KANSAS CITY, April 14 (AP)—Smith, normally only a figurehead in Kansas City's manager form of government, boldly announced: "I have decided to step beyond the limitations of the city charter and take an active part in the administrative affairs of our municipal government."

"Kansas City is clean now, and it is going to stay clean." Five hours later Smith disclosed McElroy's resignation to reporters. Kansas City has been in the national crime spotlight for years. There was the 1933 Union Station massacre of four officers and a gangster. There was the 1934 city election killing. There were gang murders.

WASHINGTON, April 14 (AP)—The House Rivers and Harbors committee approved today a bill by Chairman Mansfield (D-Tex.) to authorize completion of the \$200,000,000 Florida ship canal.

## Leisure Soon Bore

Leisure time pursuits are as important to character forming as is the pursuit of work. He says the Westchester, N. Y. Recreation Training Institute. Some of us have spent years pursuing leisure and never yet caught up with it. Leisure seems to be breaking all speed laws keeping ahead. At that, the benefits of leisure are greatly overestimated. A job benefits in means far more to a happy life and a firm character. Make that job pay dividends by using the Thrifty News want ads.

# Miss Lillian Rice Becomes Bride Of Bill Kelley Thursday Evening

## Popular Pair To Live In Kermit Following Trip

Miss Lillian Rice, daughter of Mr. and Mrs. Otto Rice, became the bride of Bill Kelley in an impressive ceremony Thursday evening at 7 o'clock in the First Methodist church before a large group of relatives and friends.

The Rev. W. M. Pearce, pastor of the church, officiated at the ring service which was read at an altar banked with palms, woodwardia fern, and floor baskets of white gladiolus. Lighted tapers in tall branched candelabra illuminated the setting.

Proceeding the service, Miss Janice Purviance played wedding music and Mrs. Byron Hilburn sang "I love You Truly." As the bridal procession entered, Miss Purviance played the Wedding March from Mendelssohn at the piano and Lohengrin's Wedding March as the recessional.

The bride, who entered on the arm of her father, was gowned in white chiffon over white satin cut on old fashioned lines with square neckline, short puffed sleeves, and circular skirt. Her fingertip veil of tulle was held in place by a coronet of orange blossoms and seed pearls and her necklace was of pearls. She carried a showered arm bouquet of Johanna Hill roses and lilies of the valley.

Miss Claudine Jeffries, who attended the bride as maid of honor, wore a blue lace frock over taffeta with puffed sleeves, a circular skirt, and square neckline edged with pink carnations and lilies of the valley. She wore a Juliet cap of split pink carnations and cornflower and carried a matching colonial bouquet.

Lester Stephens attended Mr. Kelley as best man. Ushers were Harry Kelley and Dr. Frank Kelley, brothers of the bridegroom, Otto Rice Jr., brother of the bride, and Herbert Davis.

Immediately following the ceremony, the couple left for San Antonio and Houston to visit for a week.

Mrs. Kelley selected a navy tailored suit with blue and white accessories and a corsage of gardenias for traveling.

The bride, a popular member of the younger set, is a granddaughter of Mrs. F. R. Reid and the late Mr. Reid. She was graduated from Pampa High school in 1937 where she was a pep squad leader, member of the National Honor society, and was active in the dramatics club. Mrs. Kelley, a member of the Beta Gamma Kappa, has been employed at the office of Central States Power and Light Corporation.

Mr. Kelley, son of Dr. and Mrs. J. H. Kelley, was graduated from the local high school in 1933. He took pre-medical work in Texas Tech, Southern Methodist university, and the University of Texas. He is employed by the Cabot company of Kermit, where the couple will be at home following their trip.

Out-of-town guests for the wedding included visitors from Amarillo, Canadian, and Miami.

## Mrs. Kelley Speaks To Bluebonnet HD Members Recently

"Living rooms in the home should have color and furniture which provide for the comfort, convenience, and pleasure of all the family in all their activities," Mrs. Julia E. Kelley told Bluebonnet Home Demonstration club members at a meeting in the home of Mrs. A. J. Dunn this week.

"Sunshine and fresh air, natural and artificial light are very necessary. Wood and floors should be of a finish easily cleaned," Mrs. Kelley advised. "Your color scheme of walls, drapes, and furniture should be cheerful and cheerful; soft colors, rose reds and greens are good. Never select a color scheme of which one soon tires; select warm colors to brighten up your dark rooms and cool colors for your more sunny room."

The living room should have a reading center, a center for conversation, a music center, a study space for children, a center or quiet games and storage space, also an efficient system for heating and accessories, vases, flowers, and pictures, which give life, interest, and enjoyment."

Mrs. Kelley gave illustration of comfortable and convenient living rooms, also samples of wall paper and upholstery, wood work and floor finishes, and linoleums. Select your floors and linoleums with sand colors so the dust will not show, she advised. Linoleums given a coat of varnish and wax and waxed once each three months will wear much longer, said Mrs. Kelley.

To make decorative panels in walls, Mrs. Dunn advised using lap-castings of paper the room ceiling and walls with a ceiling paper and use the border to make panels on walls. Choose the colors carefully to harmonize with colors in drapes and furnishings, she suggested. Hang all pictures level, with picture wire. Light brackets and wall vases should be hung on the walls not on the door or window casing. Colored vases need no flowers but sprays of green may be used, she added.

Living room demonstrators in the club are Mrs. A. J. Dunn, Mrs. Claude Schaffer, Mrs. Curtis Schaffer, and Mrs. Elmer Ashmead.

At the business session with Mrs. Dunn, vice president, presiding, plans were made for six or more members to attend the dairy show at Wheeler April 21. E. T. Schaffer will take the group in his car. Six or more of dairy exhibits of butter, cheese, milk, buttermilk, and cream will be taken to the dairy show by Bluebonnet club members.

## Danish Royal Couple Arrives in U. S.

Pictured as they arrived in San Pedro, Calif., to begin a 34-day tour of the United States are Crown Prince Frederick and Princess Ingrid of Denmark. Attired in natty uniform, the prince was mistaken for a naval officer by one reporter.

## Plainview Named Conference City Of Methodist Society In 1940

In the closing session of the twenty-ninth annual meeting of Northwest Texas Conference of Methodist Women's Missionary Society Thursday in the First Methodist church, Plainview was named the conference city for 1940 and Mrs. John B. Hesse of Pampa was elected secretary of the conference.

Opening the activities Thursday was a breakfast in the annex of the First Presbyterian church for young women of the conference with the Business and Professional Women's circle and the young women's circle as hostesses.

Mrs. Joe Key presided as toast-mistress of the program which opened with the invocation by Mrs. Carlton Nance and the welcome address by Mrs. Tom Simmons. Mrs. Tom Delaney of Lubbock gave a challenge to the young women in the missionary work after which the main address was presented by Mrs. Helen Bourne of Nashville, Tenn., who told her life story, how much missionary society has meant to her, and what it should mean to every young woman.

The breakfast table was laid with a white cloth centered with spring flowers and a corsage of snapdragons marked each place.

General chairman of the entertainment was Mrs. Carlton Nance; decoration committee, included Mrs. William Crowson, James Foster, and A. A. Barnett; food, Mrs. Leo Smith, Bill Tinsley, Clifford Jones, Bill Crowson, and E. G. Lowrance; favors, Mrs. Clayton Smith, Bob Ewing, and R. P. Dieffen.

To open the regular morning session of the conference Mrs. Vance King of Miami gave the devotional on "Jesus' Conception of God as a Loving Father."

"I am not alone, the Father is with me. Nature reveals God and we are terrified, providence and we are hypnotized, and Jesus said we are satisfied," she said.

In giving the treasurer's report, Mrs. J. M. Simpson of Amarillo reported 1,567 World Outlooks, \$241, baby specials, \$4,139, books, \$801, Scaravotti, 27 auxiliaries participating in the prayer week; \$1,880 offering; sixtieth anniversary offering, \$582; local work, \$29,222; membership, 17,914; total to conference, \$22,838.

The pledge service was directed by Mrs. Simpson. It was reported that district pledges were made as follows: Amarillo, \$3,500; Abilene, \$2,500; Clarendon, \$2,200; Dalhart, \$1,600; Lubbock, \$2,800; Plainview, \$2,100; Stamford, \$1,650; Sweetwater, \$2,200; and Vernon, \$2,100.

Miss Ocie Sanders of Canyon, Miss Verma Newman of Abilene, and Mrs. Cecil Matthews of Lubbock were appointed to secure a standing committee for candidates.

John Robert and Don Lane sang and whistled in helping present the report on children's work of which Mrs. Ora Key of Vernon is superintendent. After Mrs. J. O. Haynes, conference secretary, gave the report, the Rev. T. V. Elzey presented a message on evangelism.

"Right living in the home will bring about evangelism in America to day," he stated and challenged the women to be better mothers to the children of today.

Following a solo by Mrs. Sam Fort, Mrs. Helen B. Bourne spoke on the spiritual values of unity.

"There is no higher or holier calling than that of a teacher. You, my friend, whether you will or not, are teachers. Does the world know that God sends you and me to teach?"

Mrs. S. S. Stonaker of Plainview gave a report on literature and publicity while Mrs. W. P. Stueler reported on supplies. The standing committee gave a report and Mrs. Nat Rollins presented a report after which a personnel committee was

## Friendly Eight Bridge Members Have Spring Party

Mrs. Ray Huling entertained with a party for Friendly Eight Bridge club members this week in her home.

The entertainment rooms were decorated with spring flowers.

High score in the games was made by Mrs. Fred Ratcliff and the cut prize was presented to Mrs. Bob Sidwell.

A dessert course was served to Mrs. George French, Robert Gilchrist, C. F. Walton, Fred Ratcliff, W. H. Cleamo, Bob Sidwell, and one guest, Mrs. W. R. Barrett.

## Group Honors T. H. Rowe On Birthday

Mr and Mrs. T. H. Rowe were surprised by a group from the Francis Avenue Church of Christ who met to celebrate Mr. Rowe's 66th birthday on April 12.

Many gifts and a birthday cake were presented to the guest of honor.

Music and singing entertained the group.

## IF YOU FEEL SUNK Read this and cheer up

Are you so blue that life is no longer worth living? Do you cry easily? Do you feel low, weak, depressed—just absolutely SUNK? Then here's good news for you in case you need a good general system tonic—Just take famous Lipton's Tea. Lipton's Tea is a tonic that builds up your system, so that it can more easily throw off the "blues" and give more energy to enjoy life.

MILLIONS of women have depended on this Compound and have passed the word along to friends and neighbors, and to their children.

Why not take Lipton's Compound and get "smiling thru"?

## Dance Entertains Group At Young Fellows Club Room

Employees and friends of the Humble Oil company were entertained at a dance in the rooms of the Pampa Young Fellows club Wednesday evening.

Hostesses were Mrs. W. P. Fade, G. C. Fowler, J. S. Hysmith, and O. D. Martin.

Attending were Messrs and Mesdames W. M. Bennett, W. P. Fade, E. B. Bridges, Jr., G. C. Fowler, Barney Clayton, O. B. Scott, Wall, Bob Thomas, J. S. Hysmith, E. B. Grace, Robert Hubbard, Odell Walker, J. E. Sain, C. F. Alford, R. P. Weeks, Jack Jones, H. H. McGregor, R. O. Teague, Leo Teague, F. M. Ballard, E. E. Hoffman, H. S. Smart, J. B. Stephens, Dan Deen, L. Watt, W. F. Meier, Miss Agnes Rushing, O. A. Kelley and C. R. Garrett.

## Mrs. Brown Leads Lesson For Loyal Women This Week

Members of Loyal Women's class of First Christian church met at the church this week with Mrs. Jack Wilson, A. C. Jones, and Guy McTaggart as hostesses.

The program, which opened with the reading of the minutes, included the devotional by Mrs. DeLena Vickers, a song, "Rescue the Perishing," and a prayer by Mrs. O. D. Kephart. The lesson was conducted by Mrs. C. H. Brown.

Those present were Mrs. C. H. Brown, W. E. Speed, A. C. Jones, DeLena Vickers, W. E. Rignin, H. R. Keys, J. P. Meers, E. D. Fleming, J. M. Miller, Charles Munday, O. D. Kephart, A. D. Wilson, C. H. Darling, C. R. Followell, and A. A. Tie-mann.

## Women's Council Group Five Has Regular Meeting

Women's Council group five of the First Christian church met this week in the home of Mrs. Burl Graham with Mrs. W. O. Bailey as co-hostess.

Miss Avis Heiskell was leader of the program which opened with the singing of "Just When I Need Him Most" and a prayer by Mrs. Emory Noblitt. After the business was directed by Mrs. Graham, the group sang "I Would Be True" and the devotional "These Least One" was given by Mrs. C. W. Hayes.

Talks were made by Mrs. Graham on "The India Church," Mrs. Noblitt, "The Spread of the Word in India," Miss Heiskell, "Is Christ in the Heart?"

Attending were Mrs. J. K. Long-acre, Fred Townsend, W. O. Bailey, C. W. Hayes, Dolly Alexander, M. H. Elrod, T. R. Halbig, Elmer Whipple, B. C. Faby, O. N. Frasher, J. L. Love, R. B. Allen, Burl Graham, John Mullen, C. J. McMullen, Emory Noblitt, and Miss Avis Heiskell.

## Miss Charlie Marie Back Attends Queen At Coronation

Charlie Marie Back, daughter of Mr. and Mrs. Charlie Back of McLean, was one of the 12 attendants to the queen in the annual Kitten Klub Coronation held April 13 in the Abilene Christian college campus.

This year Miss Jacqueline Gilbert of Oklahoma City was crowned queen of the annual spring affair in a colorful coronation ceremony.

Each year five other schools and universities participate in this affair sponsored by the Kitten Klub, the pep organization of the college.

Pomp and the atmosphere of royalty was the order of the evening as the regal procession entered the auditorium. Here the interest of the affair began its ascent, reaching the culminating point with the crowning of the queen by the king, Harold Dean Persky.

## Society NOTES

**MONDAY**  
Woman's Missionary Society of First Baptist church will meet in circles.  
Calvary Baptist Women's Missionary Society will meet in regular session.

## Martha Miner G. A. Girls Have Initial Session Of Month

Martha Miner G. A. girls of First Baptist church met at the church this week for the first session of the month with Mrs. Merl Goday in charge of the program.

Joan Crawford, president, led the business session in which reports for the month of March were read with average attendance of 17 reported.

Following the opening prayer for missions by Mrs. H. E. Dill, Mrs. T. L. Anderson, president of the Woman's Missionary Society, presented Billie Marie Fulbright with an arm badge. Plans were made for a Mothers' Day program.

"Obedience" was the lesson theme discussed by eight members. Twelve girls were present.

## North Ward P-TA Has Election Of Officers For Year

Special To THE NEWS  
SHAMROCK, April 14—Election of officers for the 1939-40 school term was conducted at the business meeting of the North Ward Parent-Teacher's Association in the regular bi-monthly session at the North Ward school building this week.

Mrs. Roy Berten was chosen president; Mrs. Bob Roach, first vice-president; Mrs. Alton Burleson, secretary; and Mrs. J. F. Shortt, treasurer.

Ed Paul Ziegler gave a talk on the importance of physical examinations for children, pointing out that regular examinations reveal defects which may be corrected if found in time.

Miss Lola Ruth Stanfield presented musical numbers by her fourth grade group.

## Beatrice Hicks Named President Of Club Group

A newly organized club met this week at the home of Edna Densmore to elect officers.

Those named are president, Beatrice Hicks; vice-president, Edna Densmore; secretary and treasurer, Tolene Davis; and reporter, Barbara Mathews.

Charter members are Beatrice Hicks, Edna Densmore, Tolene Davis, Barbara Mathews, Edna Blackman, and Evelyn Fulbright.

**Lipton's Tea "PEPS YOU UP"**

HERE'S why Lipton's is America's largest-selling tea:

1. World-Famous Flavor—smooth, full, rich, delicious.
2. Tender Young Leaves—and luscious flavorful buds—give extra fragrance and bouquet.
3. Distinctive Uniform Blend—with choice teas from Lipton's own Ceylon gardens.
4. Economical—you use less Lipton's per cup—it's so rich in flavor.

### Resolution To Make Mexico Pay Killed

AUSTIN, April 14 (AP)—The Texas senate today virtually killed a house approved resolution urging the state department insist upon "prompt and fair compensation for American properties" seized by Mexico.

It postponed further consideration of the measure—which has lain idle on the calendar since March 27—until May 20 which is several days after the probable adjournment of the general legislative session.

A blistering attack was laid down by several members, including Senator Joe Hill of Henderson, in the rich East Texas oil district, who branded the resolution as "silly, an interference the state department was not doing its duty, and ill-considered."

Hill said he held no brief for Mexican laws or its expropriation of foreign property and added properties expropriated by Mexico were those belonging to corporations chartered by that nation and doing business under its laws.

"You can't identify a corporation by its stockholders," Hill said.

Senator Allan Shivers of Fort Arthur urged immediate consideration, asserting "this does nothing more than memorialize the state department. Don't hide behind a bush; let's beat it out into the open."

Senator W. C. Graves of Dallas charged the resolution, offered in the house by Rep. Travis Dean of Humble, was the most "vile" thing ever introduced in the senate.

"The Texas senate is too busy to slip its hands into international affairs," he said.

He asserted the United States of America was one of the first nations ever to start "grabbing," adding Theodore Roosevelt grabbed the "Panama Canal" and then got ashamed and paid for it.

Hill argued along similar lines also, claiming a Texas law "in substance provides for expropriation of land without payment."

The successful motion for postponement was made by Farmer-Member George Moffett, of Chillicothe who said any other action would be subject to "misrepresentation."

### King Club Members Hostesses To Carson County Association

Special To The NEWS

PANHANDLE, April 14 — King Home Demonstration club was hostesses to the Carson County Recreation Association in the Panhandle Inn this week.

Mrs. M. D. Eagle and Art Bender were elected council delegates, and Mrs. Eagle vice-president.

Mr. and Mrs. Troy Dowlen furnished music for the active games and contests.

Refreshments were served to about 50 representatives of the various Home Demonstration clubs of the county.

### Youth Leader To Talk Against Alcohol Here

W. Roy Breg, Washington, D. C., executive secretary of Allied Youth, Inc., a national movement for alcohol education, will speak in Pampa, at the First Methodist church, Wednesday, April 19, at 8 p. m.

His message will deal with the recent progress and immediate possibilities of the steadily expanding youth movement, which he directs. Allied Youth Posts have been formed in leading school systems and public high schools throughout the country and their youth-led programs in alcohol education receive counsel and guidance from qualified local teachers and leaders and from a small but expert staff trained in research, curriculum building, and the popularizing of scientific findings.

Mr. Breg, formerly of Dallas, Tex., trained for banking, was called from this field on many occasions to lead and counsel in several activities vitally affecting young people. More recently he has given his whole time and attention to devising, analyzing and testing a type of alcohol educational program that meets the needs of thousands of American high school students and has won the commendation and support of capable teachers, school administrators, and adults' organizations.

Traveling one day out of every two in 1937 in the organizing and servicing of Allied Youth's local posts and in presenting facts about the program to scores of statewide meet-

### Girl Scouts Of Troop Seven Meet

Girl Scouts of troop seven met at the Horace Mann school this week and played Miss Jenny O. Jones.

The 28 members and nine visitors went to the home of Mrs. C. E. Cary where Mrs. Henry told how to make a bed unoccupied and occupied.

At the next meeting the girls will meet in the home of Mrs. Husband and learn to bathe a sick person.

**I Just Don't Feel Up To It**

How often of late you've had to make that admission. You're tired, listless, just barely able to drag through the daily routine.

Better go and talk it over with your physician. Probably it's nothing serious—yet. But precaution is a much wiser course than putting it off. A consultation now may save a really big Doctor's bill a little later.

And exercise precaution, too, in having the prescription filled which your physician gives you. Where? Ask him about this pharmacy!

THE PAMPA NEWS

Published every evening, except Saturday, and Sunday morning by the Pampa News, 222 West Foster Avenue, Pampa, Texas. Phone 686—All departments.

MEMBER OF THE ASSOCIATED PRESS (Full Leased Wire). The Associated Press is exclusively entitled to the use for publication of all news dispatches credited to it or otherwise credited to this paper and also the right to publish hereon.

Entered as second class matter March 15, 1927, at the post office at Pampa, Texas, under the act of March 3, 1879. National Advertising Representatives: Texas Daily Press League, New York, St. Louis, Kansas City, Los Angeles, San Francisco and Chicago.

SUBSCRIPTION RATES BY MAIL, payable in advance, in Gray and adjoining counties, also Hanford, Ochiltree, and Lipscomb counties, \$4.88 per year. Outside above named counties, \$5.00 per year. Price per single copy 5 cents. No mail orders accepted in localities served by carrier delivery.

An Independent Democratic newspaper, publishing the news fairly and impartially at all times and supporting in its editorial columns the principles which it believes to be right and opposing those which it believes to be wrong, regardless of party politics.

He Made The Grade

From stenographer to President of one of the great railroad in the world is the actual and not story-book tale of the rise of Edward J. Engel as chief executive of the Santa Fe System Lines.

Public Ownership

People have violent opinions about things. They are "for" or "against" something, and yet while they talk, it has a habit of going ahead and getting accomplished anyway.

The Nation's Press

THE APEX HOSIERY LESSON (New York Herald Tribune) The Apex Hosiery case and its stunning verdict are replete with significant features. It is the first case, for instance, to establish the right of an employer to collect damages resulting from a sit-down strike.

Sharing The Comforts Of Life

By R. C. Hoiles

"FRIENDS OF TRUTH" As we see so many laws passed attempting to make people good and as the Sunday School teachers and preachers in modern times, seem in many cases to have arrived at about the same conclusion as to their importance as those in the established church did when Jesus was on earth, a paragraph or two from Milton's "Areopagitica," seems to be timely. It is at least a beautiful, inspiring and stimulating expression:

(It will be remembered that the Lords and Commons had just passed a law in Parliament that all books had to be licensed by the government and Milton wrote the "Areopagitica" in protest against this censorship.)

NEW DEALERS' PLEASE EXPLAIN

Those who believe that the present New Deal policies will help improve the one-third of the people, whom Roosevelt says is ill-fed, ill-clothed and ill-housed, might explain how this can be done by the present plan of shipping out wheat out of the country in exchange for less than we will exchange it to the workers in this country.

Around Hollywood

By ROBBIN COONS HOLLYWOOD — Jack Otterson gets about 125 letters a week from movie fans who want to know how to make their rooms look like Otterson movie sets.

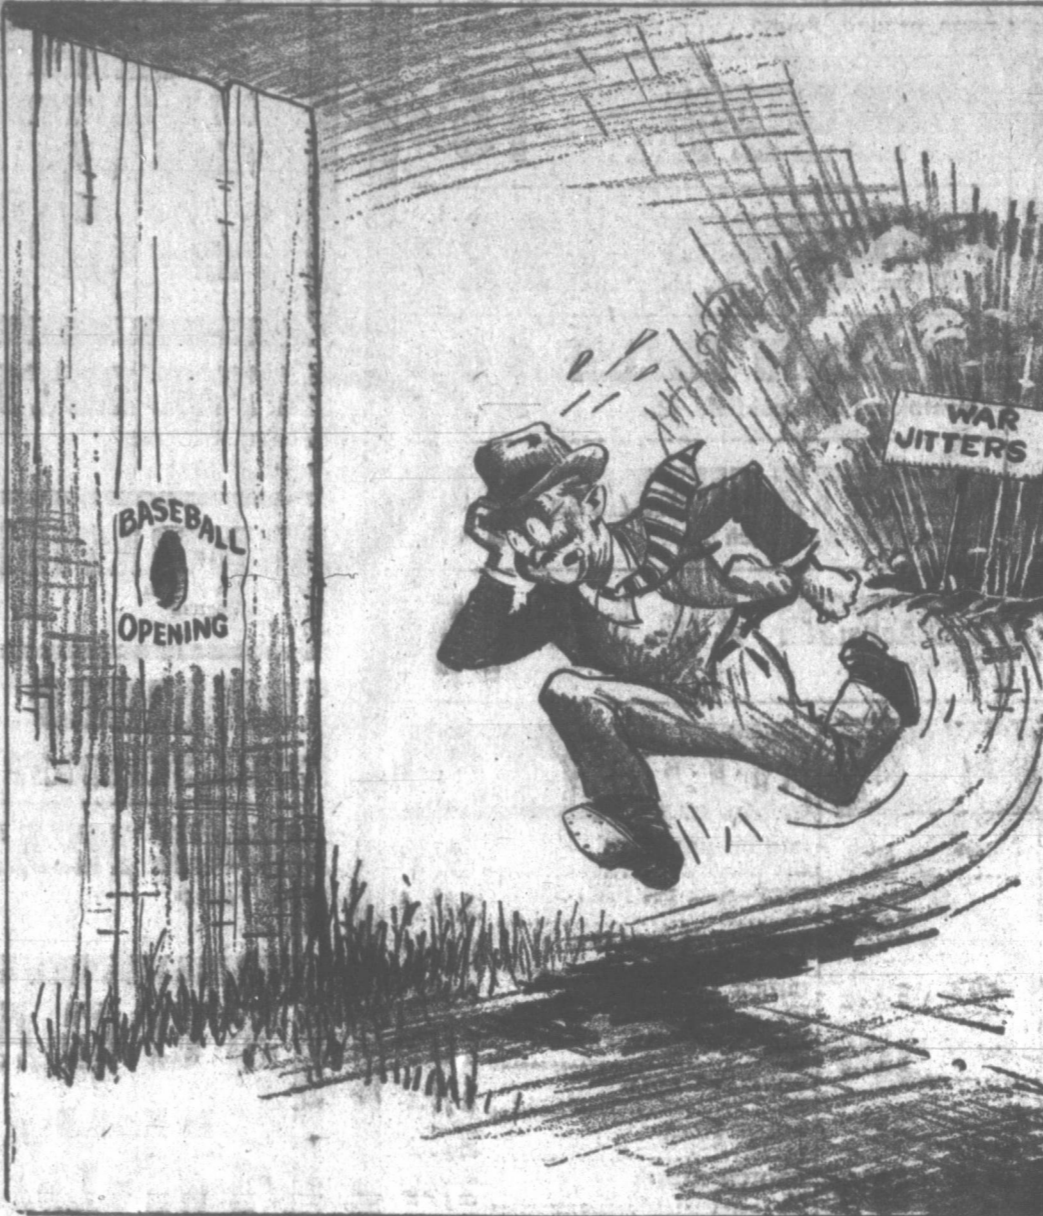

BETTER GOVERNMENT THAN THEY ARE ENTITLED TO

In the United States, the people have had for 150 years better government than they were entitled to. They have had better government than they were entitled to, because the Constitution protected the individual from the shortsightedness and tyranny of the majority. The result is that we, in the United States, since the Constitution was adopted 150 years ago, have had better government than we have been entitled to.

Behind The News Of The Day

By BRUCE CATTON Pampa News Washington Correspondent WASHINGTON, April 14.—This is the spring of the Big Alien Menace. Various bills to protect the nation from aliens of criminal or revolutionary proclivities are pending in Congress, and much oratory has been devoted to the subject.

A BETTER 'OLE

People You Know

By Archer Fullingim Congratulations, Mr. Kenneth Carman and the cast of "The Mad Breakfast" for winning the district one-act play contest again. We took it for granted you would win again. It would be news only if you did not win.

Book A Day

It is high time that someone undertook to state the full case for democracy in these days of vaunted ideologies. Arthur Garfield Hays has done just that in "Democracy Works" (Random House; \$3) and the result is a book that ought to be required reading of every American citizen.

Cranium Crackers

The world's deepest oil wells are located in the United States. The depths of the wells is as deep as Fike's Peak is high.

So They Say

# Press Meet Attended By Pampa Group

A delegation of newspaper folk from The Pampa Press and The Pampa News were in Amarillo today attending first sessions of the 30th annual two-day convention of the Panhandle Press Association at the Harting hotel.

There were two business sessions today, morning and afternoon and a luncheon at noon. Tex DeWeese, editor of The Pampa News, will be

convention at the annual convention banquet tonight. Principal banquet speakers will be Frank R. Jamison, of Denver, Colo.; Col. E. O. Thompson, member of the Texas Railroad Commission; Deskins Wells, Wellington, president of the Texas Press Association; and Douglas Meador, of Matador, president of the West Texas Press Association.

The convention attracts upwards of 200 delegates from newspapers over the entire Panhandle of Texas and eastern New Mexico. W. H. Graham, publisher of the Farwell Tribune, is president of the association, Ed Bishop, of The Dalhart Texan, first vice president; Mrs. Seth B. Holman, of The Hereford Brand, second vice president, and Clyde Warwick, of The Canyon News, is secretary.

Directors of the PHA are Albert Cooper, of The Shamrock Texan; E. Staley, of The Clayton News; and Tex DeWeese, of The Pampa News. Saturday morning will take the helm when a special program dedicated to young people in journalism will be held. Those scheduled to speak are Bill Cone of Canyon, Miss Margaret McKenna of Amarillo, Earl Braly and Reeves Henly of Lubbock, Miss Joan Shouse of Borger, and Olin E. Hinkle of Canyon.

Other speakers on the Saturday morning program will be J. Claude Wells of Memphis and Gene Howe of Amarillo.

Following the Saturday noon luncheon, officers will be named for the coming year and the 1940 convention site will be selected.

## MRS. BOWERS

(Continued From Page 1) did not return the child to his mother until after dark on March 3, plaintiff alleges. A temporary restraining order was issued by Judge Ewing, ordering the defendant to refrain from removing, molesting, or interfering in and with the custody, control and possession of the plaintiff in and with the minor child, and ordering that defendant refrain from committing any assault, threat, or personal violence to child or to plaintiff, or to remove the child from the county.

The position of the plaintiff states that the defendant has an income of from \$2,000 to \$3,000 a month, largely from oil and gas royalties. The couple was married on September 21, 1934, and has resided here most of the time except from November 1, 1936 to December 31, 1938, when they spent considerable time in California.

R. E. Underwood of Amarillo and John F. Sturgeon of Pampa are attorneys for the plaintiff.

Carrot seeds are so minute that 257,000 are required to weigh one pound.

## Mainly About People

Mrs. Mahala Fullington returned today from Fort Worth where she has been visiting her daughter, Mrs. Martin Mills for the last three weeks.

Dr. Frank W. Kelley of Dallas left here by plane this afternoon to return to his work as an interne at St. Paul's hospital, Dallas. Dr. Kelley came here Thursday by plane to attend the wedding of his brother. After July 1, Dr. Kelley will be employed as a junior surgeon at Samuel's clinic, Dallas.

Tickets are now on sale by American Legion and Sons of the American Legion members for the Sons of the Legion Father-and-Son banquet to be held at the American Legion hut at 7:30 p. m. April 21.

Members of the city commission met in regular session yesterday, but passed no ordinances nor new regulations. The meeting was routine. There was a lengthy discussion of Pampa's waterworks, paving and other projects.

## ROOSEVELT

(Continued From Page 1) country had agreed to defend the independence of another neighbor, characterized that agreement as a "threat" and an "encroachment." Yet there is no such thing as encroaching, or threatening, or imprisoning any peaceful nation by other peaceful nations. We have reason to know this in our own experience.

Mr. Roosevelt asserted that in the western hemisphere "we hold our conferences not as a result of wars but as the result of our will to peace." "The American people which we celebrate today," he said, "has no quality of weakness in it. We are prepared to maintain it and to defend it to the fullest extent of our strength, matching force by force if any attempt is made to subvert our institutions, or to impair the independence of any one of our group.

"Should the method of the attack be that of economic pressure, I pledge that my own country will also give economic support, so that no American nation need surrender any of its sovereign freedom to maintain its economic welfare.

"This is the spirit and intent of the declaration of Lima; the solidarity of the continent." At Lima, Peru, December 21, American nations joined in a declaration that they would coordinate their common efforts to defend the integrity of their institutions.

The President's speech was received with interest because of a senate flareup.

## RICHBERG

(Continued From Page 1) whom I can only describe as influential persons, in and outside the United States, who are exceedingly anxious to prevent an amicable Mexico. Such persons desire an argument discord between the citizens and governments of the countries. "Without expressing any optimism as to future developments, it is fair to say recent discussions with President Cardenas were all carried on in an atmosphere of friendliness, candor and patient tolerance on differing opinions which seem to offer the only hope of arriving at a solution of permanent benefit to all concerned."

Richberg said his object in the conference was to explore possibility of a long-term contract under which the American oil companies would continue to operate and further re-compensate themselves for the loss of ownership. The plan he said would involve mutual assurance of satisfactory labor conditions and proper government revenues.

This plan was presented by the oil companies' council because, he said, "Mexico cannot possibly make adequate, effective and prompt payment for expropriated oil properties" due to a national debt already long in default and low national income.

## Williams Funeral To Be Saturday

Funeral services for Mrs. J. U. Williams, 21, who died at the family home Wednesday night, will be conducted at 2:30 o'clock Saturday afternoon in the Central Baptist church, of which she was a member, by the Rev. John O. Scott, pastor, assisted by Rev. Moody Gillham. Burial will be in Fairview cemetery under direction of Doenkel-Carmichael Funeral home.

Mrs. Williams has been a resident of Pampa for five years, Mr. Williams, being with the Magnolia Petroleum company. Survivors are the husband, three daughters and a son.

## One-Act Play To Be In Regional Meet At Canyon

Dramatic students of Pampa high school added another first in district honor to their impressive record Thursday when the cast on Pampa's one-act play won the district meet here. The cast will compete in the regional contest at Canyon on April 22.

Pampa students have taken two top state honors, winning with the play, "Smokescreen," in 1934 and with "Dust" in 1936. In 1938, the Pampa players took the second regional honors with the play, "Rich Man, Poor Man," and had the same record in 1935.

Three Pampa students have won the Samuel French award, highest individual state honor for high school dramatic students. Imogene Hollenbeck won the award in 1934, Mary Adams in 1936, and Colleen McMahon in 1937.

## JAYCEES

(Continued From Page 1) ed her story as "worth five Aidas and a dozen Troyaids." And Mr. Rosenfield, it seems, is not alone in his opinion. Three major Hollywood studios are interested in Miss Smith's opera, and already plans are being made for its production at the New York World's Fair.

The musical novel of "Cynthia Parker" reveals that there is a wealth of dramatic native material for all American composers in the land in which they live.

The day may come, believes its talented young composer, when there will be a true "people's opera" in America. This will be written by Americans about Americans and for Americans; and it will be sung by them in neither French nor Italian, but in the English which mencken has termed "the American language."

Themes will be drawn from the same American soil from which Miss Smith spaded the material for "Cynthia Parker."

It is material the average composer would never dream of touching—from the lives of people who trekked across the Great Prairies of the West.

But Miss Smith, born a Texan, a graduate of the college where her opera was first produced and now a scholarship student at New York's Juilliard School of Music, was more far-sighted. She believed there would be unlimited interest in material which any man on the street, whose grandfather or great grandfather stood off Indian attacks somewhere west of the Mississippi, really knows and understands.

## Wheeler Class Will Hold Skating Party

WHEELER, April 14—A skating party, sponsored by the junior class of Wheeler High school, will be held tonight at the high school gymnasium. Prizes will be awarded in the contests, which will include potato race, boys and girls trick skating, couple fancy skating, forward and backward races.

Proceeds of the skating party are for the expense of the Wheeler Junior-Senior banquet to be held April 21.

## Theater Programs

CROWN. Wednesday and Thursday—"Fugitives for a Night." Friday and Saturday—"Tex Ritter" in "Sundown on the Prairie."

## WEST

(Continued From Page 1) Wood of Timpan on chairman of the commission were Carr P. Collins of Dallas and J. C. Hunter of Abilene.

Collins, insurance company executive and close friend of O'Daniel, was rejected by the Senate, while Hunter requested his name be withdrawn after a controversy in the Senate.

Shivers declined to reveal the committee vote on West. Reports indicated opposition to West was based on belief he might not be able to devote sufficient time to his duties because of vast interests in his oil, cattle and lumber enterprises.

Other things heard were that he was a member of the Constitutional Democrats who supported Alf Landon for president in 1936. "My business is in such shape that I can and will give the necessary time to take care of the highway business," West said, following the hearing. He also said "They (the committee) let me down pretty easy."

## SENATE

(Continued From Page 1) stood firm against a sales tax. He was referring to some senators who once voted against the sales impost and later approved it on final passage.

"This tax remission looks fine for home consumption, he said. "You're supposed to represent the people but just who are you representing?"

In calling up his bill, Welner pointed out some 40 counties now received remission of state levies and asserted his proposal would remove discrimination.

"Harris county is the richest county in the state and if we can afford to give it state taxes why not treat all counties the same way," Welner said.

Questioned by Senator R. A. Lanning of Jackboro on how the state could replace the general fund loss resulting from tax remissions, Welner answered with another question: "How is the legislature going to replace the money it just gave to Harris county?"

Legislative enactment of the Welner bill would remit approximately \$8,000,000 annually to the counties. A bill designed to tighten liquor law enforcement meanwhile sailed through the House and now goes to the Senate.

Rep. John J. Bell of Cuero, the

## Newman Buried In Miami Cemetery

John Alexander Newman, 66, was buried in Miami cemetery this morning following services at 10:30 o'clock in the Miami Methodist church by the Rev. W. A. Hitchcock, pastor. Burial was in charge of Doenkel-Carmichael Funeral home of Pampa.

Mr. Newman died at the family home at Miami Thursday morning. He had been a resident of the Panhandle for 38 years, residing in the Miami community all of that time excepting for five years when he farmed five miles west of Pampa. He was a native Texan, born in Collins county.

Surviving Mr. Newman are the widow, a son Lee of Miami, a daughter, Mrs. Willie Russell, Buffalo, Okla., granddaughter, Nora Fae Russell, Buffalo, grandsons, J. R. Newman, Miami, and Wesley, John and Lee Russell, Buffalo, sister, Mrs. Ella Gliner, Prosper, brothers, G. A. Newman, Oklahoma City, and L. A. Newman, Salina.

Fallbearers were A. J. Montgomery, Dale Low, Frank Pursley, Art Evans, Taylor Cole, Clyde Mead.

## 65 Head Of Cattle Sold At Exchange

Sixty-five head of prime livestock were sold yesterday afternoon at the Pampa Livestock Exchange free sale. Another free sale, excepting 10 cents per head stock inspection fee, will be held next Thursday across the road south of the Pampa Airport.

Calves brought from \$6 to \$10. Milk cows brought a top of \$52. Yearlings sold from \$25 to \$35. Bidding was enthusiastic as five buyers from Oklahoma attended. They will return next Thursday. Farm implements and household furniture will be sold free next week.

## Pampa Eliminated In Volleyball Meet

(Continued From Page 1) Getting away to a late start only three volley ball games and three tennis matches had been played up to noon in these divisions of the District 2 Interscholastic League Meet.

In the opening volley ball game of the morning, Gruver defeated Miami. Borger then eliminated Pampa and Phillips followed up by eliminating Shinn.

Hedley was to meet Booker and Groom was to battle LeParé in other first round games. Battling a strong wind, tennis players were having trouble with their shots.

Nita Hurt and Mona Dickson of Borger lost the opening match of the morning to Emma Jane White and Marie Durrett of Panhandle, 6-4, 7-5.

Frances Fausset of Darrouzett won from Jewell Beige of White Deer, 6-3, 6-1.

Pampa boys doubles team of Duward Mitchell and Wendell LaCasse came from behind to beat Smith and Doolen of McLean, 5-7, 6-4, 6-1.

Eight girls' singles and seven girls' doubles are entered and nine boys' doubles and nine boys' singles teams. Play will continue through tomorrow afternoon on courts at Central park; the Magnolia camp and Dr. Goldston's courts on North Charles street.

## BRITISH

(Continued From Page 1) matic quarters expressed fear Berlin officials would not understand that were called the understatement and calm language in Chamberlain's declaration yesterday.

They said they specifically feared Germany might think Britain bluffing and might try to test the declaration by attacking Poland—an action they asserted could only mean war.

## COOKIE JAR SPECIALS FOR ALL CHILDREN, AGE 6 TO 60

Two Delicious New Recipes to Make Oatmeal Raisin Cookies and Oatmeal Drop Cookies

Everybody loves oatmeal cookies. They are all good. But our baking expert assures us these two new recipes make about the finest oatmeal cookies she has ever baked. All of the home-makers who have tried them agree. So cut out both now and let your family enjoy these new style, new taste oatmeal cookies before another week passes. Here they are:

- QUAKER OATMEAL RAISIN COOKIES (Makes 4 Dozen)**  
6 tablespoons shortening  
1 cup sugar  
1 egg  
1 1/2 cups Quaker Flour (or other general purpose flour)  
1/2 teaspoon salt  
1/2 teaspoon soda  
1 teaspoon allspice  
1/2 teaspoon vanilla  
3 tablespoons milk  
1 cup raisins  
2 cups Quakers or Mother's Oats (Quick or Regular, uncooked)  
Cream the shortening and sugar thoroughly. Beat in the egg, one at a time. Sift together the flour, baking powder, salt and cinnamon. Add to the creamed mixture alternately with the milk, stir in the vanilla. Add raisins and Quaker or Mother's Oats. Drop from a teaspoon on a greased cookie sheet and bake in a moderately hot oven 375° for approximately 15 minutes.
- QUAKER'S OATMEAL DROP COOKIES (Makes 4 Dozen)**  
1/2 cup shortening  
1 cup sugar  
2 eggs  
1 cup and 2 tablespoons Quaker Flour (or other general purpose flour)  
1 teaspoon baking powder  
1/4 teaspoon salt  
1 teaspoon cinnamon  
1/3 cup milk  
1 teaspoon vanilla extract  
1 cup seedless raisins (chopped)  
3 cups Quaker or Mother's Oats (Quick or Regular, uncooked)  
Cream the shortening and sugar thoroughly. Beat in the egg, one at a time. Sift together the flour, baking powder, salt and cinnamon. Add to the creamed mixture alternately with the milk, stir in the vanilla. Add raisins and Quaker or Mother's Oats. Drop from a teaspoon on a greased cookie sheet and bake in a moderately hot oven 375° for approximately 15 minutes.

# Tire Company Will Observe Anniversary

In observance of the tenth year since the business was established here, the Gunn-Hinerman Tire company, 501 West Foster, will tomorrow welcome citizens of Pampa and the Top O' Texas area to view their recently redecorated and remodeled station. Flowers will be given to each woman attending the event.

The firm deals in Goodyear tires, tubes, and accessories, handles a line of electrical appliances, radios, refrigerators, washing machines, lawn mowers, Texaco gas and several kinds of oil, has a complete motor tune-up service.

There are three other stations operated by the company, the oldest in Amarillo, founded 16 years ago, Berger, 13 years ago, and Lubbock, one year ago. W. B. Gunn and Jack Hinerman, both of Amarillo, are partners in the business of the four stations.

With a record of 10 years in business here and with a floor space of 7,000 square feet, the local station claims it is the oldest and biggest service station in Pampa. Size of the entire property here is 70 x 100 feet.

The long service record of their employees here is a mark of pride with the Gunn-Hinerman Tire company. Of the nine employees six have been employed from four to 10 years, two two years. Newest employee is Wayne Lantz, budget manager, who has been here only two months. Mr. Lantz comes to Pampa after a year's service at the Amarillo station.

Names, titles, and length of service of the other employees are: Frank Dial, general manager, nine years; Dick Nichols, store manager, four years; Lois Martin, bookkeeper, five years; Clyde White, salesman, four years; Louis Baker, salesman, four years; Herman Van Sickle, salesman, two years; Charles Russell, electrician and motor tune-up serviceman, two years; E. J. O'Neil, porter, seven years.

Recently the station has been redecorated. Interior walls have been painted ivory, the floor grey, new display windows installed, including an 8 x 8 island display at the triangle where Foster intersects Gray.

Lighting inside the building is provided by 10 indirect I. E. S. lights, each of 500 watts. Another part of the lighting system is the green and red Neon lighting extending around the windows.

Venetian blinds have been installed in the office of the station, located at the rear of the salesroom.

# New Tire For Trucks Made By Goodyear

Improvements in cars and trucks are continually presenting new problems to tire manufacturers, problems that must be met and overcome if the owner is to get top performance from his new vehicle.

Case in point, according to Frank Dial of Gunn-Hinerman Tire Co., local dealer for the The Goodyear Tire & Rubber Co., is the new YKL SS tire, just announced by Goodyear. Made in four sizes, the YKL SS is designed for trucks or trailers of two and one-half tons or more, that are used in normal-speed freight haulage.

"The new tire recognizes the demand from operators of Diesel-powered trucks and tractors for a casing that will give lowest cost mileage when subjected to the greater torque, rim pull and tread thrust developed by these units," Mr. Dial explained. "Outstanding features are a carcass built by Rayotwist, the especially-woven heat-resisting rayon cord, combined with a tread that is 50 per cent thicker than found on an ordinary tire. More rubber means more miles. To combine these two extra-mileage features Goodyear developed a 'multiple' compounding, an entirely new principle that gives greater adhesion between the tread and rayon carcass, making a firmer, tougher casing that can carry the extra-thick tread during its full life.

"This has Goodyear met the challenge of one of the newest problems in trucking, and in so doing has added another first to its already long list of achievements in the tire manufacturing field," Mr. Dial concluded.

# 40 Members Of Calf Club Of Plainview Visit Kansas City

KANSAS CITY, April 14 (AP)—A day of sight-seeing and inspection of Kansas City's livestock market by the 40-member Plainview, Tex., calf club was climaxed here last night with a dinner as guests of the Kansas City Stock Yards company and the Kansas City Livestock Exchange.

The boys were accompanied here by C. B. Martin, Hale county, Texas, county agent, and Harry Igo, assistant county agent.

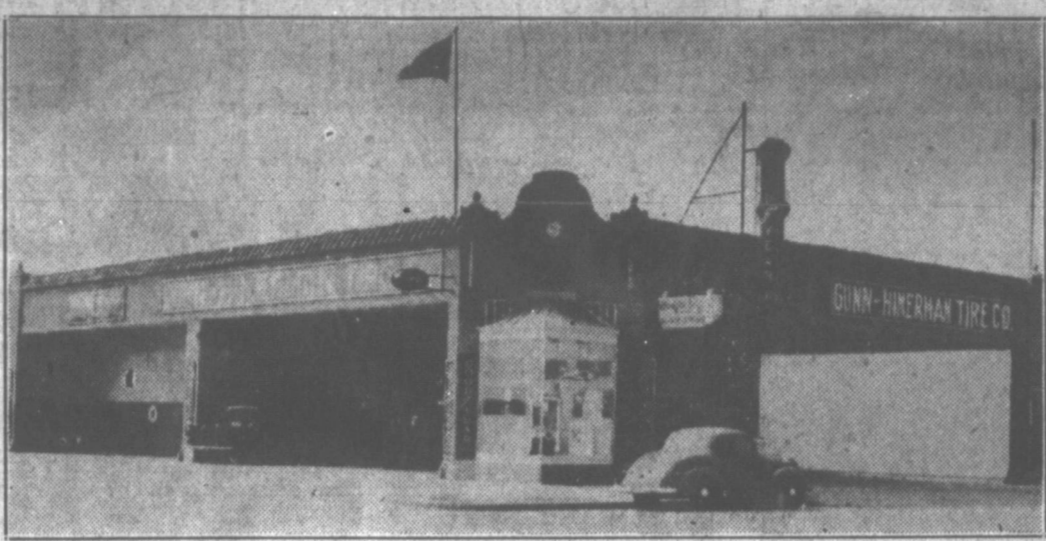

It was the third year the 4-H club group had visited the market.

# HOT MEALS FOR MINERS.

ANKARA (AP)—Seventeen thousand Turkish coal miners working in the pits of Zonguldak are to be provided with a daily hot meal at the government's expense. Their daily ration of bread is to be increased from two pounds each to three pounds.

**WARNING**  
Never cut a corn. This may lead to serious infection. Don't take chances. When GREAT CHRISTOPHER Ointment Remedy COMPLETELY removes corns. 35c at ON SALE at CREPEY DRUG

# WHERE THE GOODYEAR FLAG FLIES

From the early light of a Panhandle dawn to late at night, here it seems that is familiar to hundreds of motorists, the completely equipped service station, located at 501 West Foster, conveniently situated for motorists

traveling east or west on U. S. Highway 60. The station measures 70x100 feet. Frank Dial is general manager.

There's no mistaking this as the place where Goodyear tires are sold. Notice the four large Goodyear signs and the blue and yellow Goodyear flag hoisted above the station.

# Motorists Can Save By Check On Batteries

Though winter is nearly over, there are likely to be many more cold days before warm weather finally arrives and, according to Frank Dial of Gunn-Hinerman, local dealer for The Goodyear Tire & Rubber company, many local motorists will still probably experience inconvenience and delay as a result of a weak battery.

"Motorists who gamble that their batteries will last throughout the cold weather without attention are just gambling with trouble," Mr. Dial asserted. "Drain on a battery during cold weather is much heavier than the car owner suspects, particularly if there are a number of electrical appliances, such as heaters, cigar lighters, radios and fog lights in constant use."

"Every motorist should have his battery thoroughly inspected frequently, and we have devised an inspection program we believe is as thorough and complete as possible. First, the car's upholstery is covered, and then the top of the battery is cleaned, and the hold-downs tightened. Following these operations, the following steps are taken: cables are cleaned and greased; specific gravity of cells is tested, and pure water added if necessary; cables are inspected; generator charging rate is checked; lights and windshield are cleaned."

"This enables us to tell the owner just what shape his battery is in. If the battery is good, this timely inspection will add to its life. If it is dangerously low, it can be recharged; if it is nearly 'played out,' the owner is informed in order that he may purchase a new battery before the old one leaves him stranded at some inconvenient time."

# Germany Sends Fleet To Spain For 'Maneuvers'

BERLIN, April 14 (AP)—An official communique disclosed today 25 German fleet units, exclusive of auxiliaries, were to leave home ports for one month of foreign training off Spain, Portugal, Spanish Morocco and Tangier, internationalized zone of Morocco.

The spring maneuvers, the communique said, would revive an "old tradition of the German navy—interrupted by the Spanish civil war."

The naval force will leave next Tuesday for Kiel and Wilhelmshaven bases, it was announced.

Reports that some vessels already had left Kiel and were en route today for a rendezvous off Spain's Atlantic coast were said to have resulted from "confusion" over status of the maneuvers.

The maneuvering force will include two battleships, two cruisers, six destroyers, 15 submarines and auxiliary craft.

Paris and London were said to have been advised of the maneuvers. Plans for the exercises were carried forward while the Nazi press assailed British anew for her policy of guaranteeing eastern European nations against any aggression of the Rome-Berlin axis.

Commenting on yesterday's guarantees to Greece and Rumania, the newspapers declared Britain was bluffing.

These sources insisted the games had no connection with present international affairs.

# Do You Want To Adopt Spanish Orphan By Paying 30 Cents A Day?

The "adoption" of 18 Spanish orphans by the employees of six motion picture companies was announced by Eric G. Muggerridge, executive secretary of the Foster Parents Plan for Spanish Children, 55 West 42nd Street, New York City.

Eight children have been "adopted" by the employees of Warner Brothers; four children by the United Artists employees, three by the

Columbia Pictures employees, and one each by the Metro Goldwyn Mayer employees, and Paramount employees, and the Radio Keith Orpheum employees.

Mr. Muggerridge, who has just returned from Spain where he helped evacuate more than 1,000 children from the war torn areas of that country, into France, declared that the children are now in several chil-

# Shamrock Will Conduct Dairy Day April 21

County Farm Agent Ralph Thomas is urging that farm men and women and young people interested in dairy cattle and dairying, attend the dairy day program, sponsored by the Extension Service of the A. & M. College, the Texas Jersey Cattle club, and farm organizations, to be held at the White House Lumber Co., at Shamrock Friday, April 21. This program will be of an exceptional educational value since the farm people will be given an opportunity to judge classes of dairy cattle and dairy products.

Persons having dairy cattle should enter animals in this show and have them classed by experts. Judging will be done on a classification basis. That is, there might be either one blue ribbon animal or several blue ribbon animals in one class. In other words each exhibitor will be com-

peting with the ideal dairy type rather than the other animals in the show.

Animals will be graded as follows: (1) Class A, blue ribbon, animals classed "excellent" and "very good" or 85 points or above.

(2) Class B, red ribbon, animals classed "good plus" and "good" or 75 to 85 points.

(3) Class C, white ribbon, animals classed "fair," or 70 to 75 points.

(4) Class D, no ribbon, animals classed "poor."

Best female, purple rosette. The following classes will be used in the show: Females (1) 3 years and over; (2) 2 years and under 3, also yearlings in milk; (3) 1 year and under 2 years; (4) calves—6 months and under 1 year.

Bulls—(1) 2 years and over; (2) 1 year and under 2. No bull should be allowed in the show unless he has a ring in his nose.

The following suggestions relative to the entering of a dairy product have been made by Mrs. Julia E. Kelley, County Home Demonstration agent:

Two identical samples of each product must be submitted. Butter: farm butter prepared for market, wrapped in butter parchment paper; cottage cheese: processed cottage and Neufchatel cheese may be exhibited in one-half pint glazed cartons. Cottage, processed cheese and Neufchatel cheese should be plain. Color may be added to processed cheese and Neufchatel cheese but no flavoring material should be added to either of the cheeses. The cottage cheese should be creamed.

Milk: sweet milk should be displayed in quart bottles and capped with a cardboard cap. The tops of bottle and cap should be covered with butter parchment paper, using a rubber band to hold it in place.

Cream: should be displayed in pint bottles prepared the same as for milk. All entries both in the cattle and the cattle products must be entered by 9 a. m. April 21. There will be no entry fee for either cattle or dairy products.

# FACTORS GET TOGETHER TO GIVE CUPID A LIFT.

SAN RAFAEL, Calif. (AP)—Twelve Protestant ministers of this city have banded together to help make marriages successful.

Conferences with romantically minded couples and questionnaires designed to discover whether the individuals are compatible are parts of the plan. The county clerk will assist in routing couples through the new clinical procedure.

# SEEK U. S. HORSE RANCH.

SAN BERNARDINO, Calif. (AP)—Two Australian business men have been negotiating for a 1,000-acre ranch near here to breed horses for the British cavalry and Canada's northwest mounted police. Breeding of crack animals for the purpose in Australia has not been entirely successful, and a study of sites and soil here is now under way.

# The Better Way to Correct Constipation

One way to treat constipation is to endure it first and cure it afterward. The other way is to avoid having it by getting at its cause. So why not save yourself those dull headachy days, plus the inevitable trips to the medicine chest, if you can do it by a simple common-sense "ounce of prevention"?

If your trouble, like that of millions, is due to lack of "bulk" in the diet, "the better way" is to eat Kellogg's All-Bran. This crunchy, toasted, ready-to-eat cereal has just the "bulk" you need. If you eat it every day—and drink plenty of water—you can not only get regular but keep regular, day after day and month after month! All-Bran is made by Kellogg's in Battle Creek. Sold by every grocer.

# Everybody's Talking about . . . . .

# Gunn-Hinerman's New Store

And their new store is something to talk about!

There are a few things we would like to say which are perhaps in a congratulatory form, but nevertheless the facts.

Gunn-Hinerman, in planning this new up-to-date and "modern-to-the-minute" store designed it not only in extra space facilities, accessibility and other good merchandising angles, but also from an "eye-appeal angle," designed for "Better Sight, with Better Light!"

All fixture units are I. E. S. lamps, which are built for Light Conditioning, which adds a brighter, more cheerful atmosphere to the store. See this new addition to Gunn-Hinerman.

## Southwestern PUBLIC SERVICE Company

# CENTURY CLUB

90 PROOF STRAIGHT BOURBON OR STRAIGHT RYE WHISKEY

THESE WHISKIES ARE 4 YEARS OLD

Let your own taste tell you

CENTURY DISTILLING CO. PEORIA, ILL.

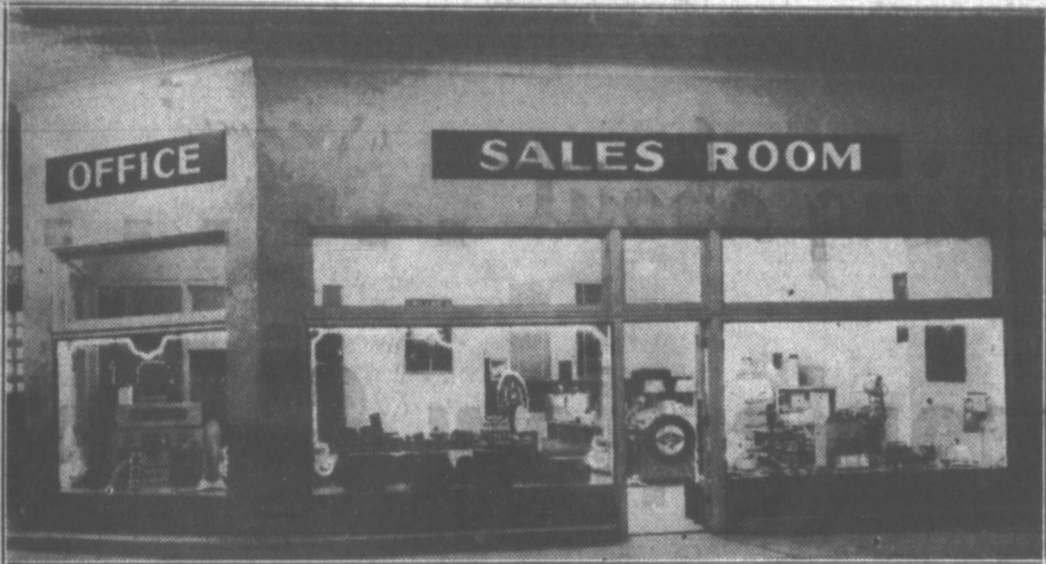

Gone are the days when oil and gas alone was the sole stock of a filling station. In this well-lighted, amply-stocked department of the Gunn-Hinerman Tire company, Pampans can buy everything from vacuum cleaners to washing

machines. Lines handled include General Electric vacuum cleaners, radios, mixers, cookers, coffee makers, and waffle irons; Hotpoint refrigerators, washing machines, and ironers.

The salesroom measures 28x70 feet, and is in charge of Dick Nichols. Office is located at the rear of this room. Not in the picture, but carried in stock are bicycles, tricycles, and even lawn-movers,

as a part of this department of the station. Occupying a prominent place in the scene above are the display stands of Goodyear tires for which the Gunn-Hinerman Tire company is the agency.

**OFFICE MOVED—BUT SERVICE STILL TOPS**

Even though the sign at the left, "office," is not strictly correct—the service, and the quality of merchandise sold by the Gunn-Hinerman Tire company rates at the top. The office is now located in another

part of the building. This is the scene that greets the motorist as he drives up for Texaco gasoline. A large driveway provides plenty of space for cars. The salesroom, motor tune-up room, office,

and all other sections of the station are conveniently located, amply lighted, and arranged for serving the customer promptly, without, however, crowding customers into cramped quarters.

**New Goodyear Tire Called 'Centennial'**

Important event in the rubber industry is the observance, this year, of the one hundredth anniversary of the discovery of vulcanization by Charles Goodyear. This year also marks the fiftieth anniversary of the manufacture of the first pneumatic tire and the fortieth anniversary of The Goodyear Tire & Rubber Co., world's largest rubber manufacturer.

"The Centennial observance of the discovery of vulcanization is not only important to the rubber industry, but to motorists," declared Frank Dial of Gunn-Hinerman Tire Co., local Goodyear dealer. "Reason for this statement is that Goodyear has now made available a brand new tire that is outstanding in plus value."

"The new tire has been named the 'G-100,' exceptionally appropriate in view of its announcement during the centennial year. Representing 40 years of experience in tire design and manufacture by the world's largest-rubber company, the G-100 with its All-Weather tread embodies many improvements. Chief among the new features of the tire are its new corner-traction, non-skid design, in which the diamond blocks long associated with Goodyear tires are more closely nested; 11 per cent more rubber has been placed in contact with the road;

improved to give up to 33 per cent more mileage by actual road tests; two-way tread compression and twin cord breakers; more durable cords in each ply for still greater protection against blowouts, punctures and bruises; four riding ribs for quiet, easy roll and even tread wear; high-trad, wear, high-taper shoulders, giving modern appearance. "In our estimation, the G-100 is well worthy of its introduction during the centennial year of rubber manufacturing," Mr. Dial of Gunn-Hinerman, concluded.

**Lion Sinks Teeth Six Times In Leg Of Fearless Trainer**

PORTLAND, Ore., April 14 (AP)—A lion trainer complacently continued with his act before a breathless circus audience tonight after a lion had sunk his teeth six times in the man's left leg.

His trouser leg in tatters and blood streaming from the wound, Trainer Nolle Hamiter brought the big cat under control and finished the performance before receiving attention. A physician said the wound, though painful, was not serious.

**Babson Optimistic On Southern Industries South Still Booming**

By ROGER BABSON SAVANNAH, Ga., April 14—After a winter spent in the south it is hard to be pessimistic on this scene even though cotton is selling for only eight cents a pound! Far from being Economic Problem Number One, I think the South is Possibility Number One of the United States. Eliminate freight rate differentials, speed up the diversification of the farms, utilize the water-power developments, and Dixie can lift the United States into a period of business prosperity!

The South is making huge progress each year. The fastest growing states in the Union are nearly all in the South. Texas, Florida, Louisiana, the Carolinas are boosting their populations about three times as fast as the North. Literally hundreds of communities that were unheard of ten years ago are thriving towns today. Every one of the chief cities in the United States whose populations have doubled since 1920 is below the Mason and Dixon line!

**Has One-Quarter of Industry** The story of the South's industrial growth is even more sensational. More than half the new factory development of the entire country in recent years has been down here! Today, Dixie has over 25 per cent of the manufacturing establishments of the United States! And they keep mushrooming up everywhere. Northern concerns continue to flow toward the Gulf, while entirely new industries are springing up all across the South. Reasonable labor costs, savings in fuel, nearness to raw materials, cheap power, low taxes, and water transportation are among the big sales points in the South's spectacular growth.

Latest new industry is newsprint. The first mill is under construction in Texas. It may be the forerunner of a southward trek of northern and Canadian newsprint mills. Slushings is the raw material. Seventy-three times as fast as northern spruce. Other branches of the paper industry—particularly kraft—are going strong in Dixie. The southern chemical business is growing by leaps and bounds. Textile mills continue to multiply. Seventy per cent of our rayon output comes from the South. The center of the booming petroleum business is in the Southwest.

**Steel Industry to Grow** The end of the so-called "steeling-point" price system for steel should help all southern industry. Once it was just as cheap to buy a ton of Pittsburgh-made steel delivered at Birmingham as it was to buy a ton of Birmingham-made steel. Now, the ton of southern steel is cheaper.

Hence, foundries, forges, stamping mills, and other metal fabricators that have concentrated around northern steel towns will find it advantageous to have branch factories near the southern steel industry. All winter, Birmingham steel mills were much busier than those in the North. Present freight rates are unfair to the South. Smash up these rates and the products of southern factories and farms can be laid down at northern doors at a real saving to consumers. If we believe in a gradual lowering of world trade barriers within our own borders, we ought to eliminate such barriers within our own borders. Present freight rate differentials amount to a tariff on southern products. The biggest boon to the South now would be the changing of these rates.

**King Cotton Dethroned?** The problem which has plagued Dixie for years—dependence on one crop—is on its way to solution. Diversification of farms is speeding up. Low feed costs are stimulating livestock raising and dairy farming. Meanwhile, the chemists are finding industrial uses for new crops such as soy-beans, tung trees, and sweet potatoes and for older crops such as cotton, tobacco, and peanuts. Hence, while King Cotton is a mighty sick man, the southern agricultural outlook is very bright.

Among the South's greatest assets are her water-power resources. The T. V. A. development is a great thing. If it is administered wisely and fairly, the huge power surplus now considered southern surplus conditioning has played a big part in recent southern growth and, stimulated by cheap power, will continue to do so. We hear much about low wages in Dixie. People overlook the fact, however, that living costs in the South are very cheap. A house costing \$5,000 to build in New England can be put up in the South for about \$3,500 and can be heated for about \$50 per year less. Food—particularly farm produce—sells for a song. After lower living costs are considered, southern wages are not too far out of line.

**Great Future for Young People.** Certainly, if I were a young man I would come down here in the South to "seek my fortune." We need more trained men here. Why stay in New York, Philadelphia, or Boston and serve when you can come down here where you can live comfortably and where you are really needed? Today, for instance, 9 of the 18 states which are rated as excellent business territories on my sales map are in the South!

Get on the ground floor of the southern growth just as your forefathers got in on the ground floor of the industrial growth of the West! Decentralization of industry through the industrial use of farm products is on the way. What better spot in the world for it than here in the "sunny" South?

Now, just a word in closing to my southern neighbors: Ever since I have been visiting your section—16 winters now—I have been conscious of sectional, racial, and religious prejudices here. Such prejudices are foolish and destructive. They are holding back your development. You in the South have everything—good climate, reasonable labor, vast raw materials, and plenty of water-power. Your one drawback is a failure to cooperate enthusiastically. I beg of you not to shackle your tremendous advantages by outworn prejudices.

**SHORT SIDEWALK SUPERS GET OBSERVATION AIDS**

LOS ANGELES, (AP)—Tall people have been watching a new state garage going up at the civic center, but the surrounding fence was too high for short people.

So F. O. Jacobson, official in charge—six feet two himself—had holes bored in the fence. They are marked.

"For the convenience of short sidewalk superintendents."

The center of Chicago houses a poultry arm. A six-story "egg factory" housing 5,000 hens, which never see green grass or sunshine, produces 1,000,000 eggs annually.

# District Meets Will Be Held Over Entire State

By HAROLD V. RATLIFF, Associated Press.

Thousands of young fellows ambitious to write records with spiked shoes race through the quarter-final round of Texas schoolboy track and field this week-end.

District meets will be finished up, cutting the field to 1,500 youngsters who go to the regional tournaments next week.

The flying feet of such stars as Grady Tyler of Claude, Ralph Schrimpf of Highland Park (Dallas), Doug Calley of Brady, Ray Hilton of South Park (Beaumont), and G. D. Hopper of Brackenridge (San Antonio) and mighty heaves by T. A. Weems of Rockdale and Bill Barry of Ysleta are beating a steady trail toward state records.

Schrimpf, hailed as the season's premier miler, already has run the distance in 4 minutes 37.6 seconds, and his coach, Floyd Hightower, predicts he will hang up a new mark at Austin when the state meet is held May 5 and 6.

Calley has a 51-second quarter-mile. He was state champion in this event last season.

Tyler shows 9.8 seconds in the 100-yard dash, Hilton has a time of 2:05.2 in the half-mile, Hopper has a high jump mark of 6 feet, 1 7/8 inches. Weems has shoved the shot 51 feet, 9 inches, and hurled the discus 142 feet, 11 1/2 inches, while Barry has pitched the javelin 187 feet, 1 inch.

Other good marks are 9.9 in the hundred by Jack Cooley of Kaufman, 22.1 in the 220-yard dash by Frank Farris of North Dallas, 25.7 in the 220-yard low hurdles by Jerry Blair of Beaumont, 22 feet in the broad jump by Tyler, 11 feet 4 inches in the pole vault by Angus Youngblood of Port Neches and 49 feet 1 inch by Al Boatman of Adamson (Dallas) in the shot put.

The Brady relay team has a mark of 3:31.1.

Schrimpf will have plenty of trouble in the mile as indicated by the time made by Fred Bartlett of Port Arthur in the district meet. Bartlett ran the distance in 4:37.8.

There are 32 districts, more than half of which are to hold meets this week. The first four place winners in each event in the district tournaments go to the regional meets. The

## BITS ABOUT BOWLING

A new team, Patrick's Goody Goody, replaced Santa Fe in the Class C league last night and took three straight games from Modern Beauty Shop. The Norge Rollers won two out of three from Kiwanis club and Shell took two out of three from the General Atlas.

Jones of Patrick's team rolled high game of 208 pins, and high series of 541 pins. Jones and Goldston of Shell were the only bowlers on the alleys to break the 500-pin mark.

Class B teams roll tonight.

## TCU Guard To Coach Irish Grid Eleven

### Garrison Rush To Be Principal And Coach At Miami

Special To The NEWS

SHAMROCK, April 14.—Forrest Cline, star guard of the Texas Christian University Horned Frogs last season, was elected and accepted the position of head football coach for the Shamrock Irish team in 1939. Cline, whose home is in Gregory, Texas, has performed the past three years with the Horned Frogs and during the 1938 season was one of the versatile stars of the Southwest champions and nationally known Frog team. He placed on the mythical all-conference team at the guard position. He succeeds Garrison Rush, Irish coach for the past four years, who has resigned to accept a position at Miami where he will be principal of the high school as well as coach.

The new coach comes highly recommended by Coach Leo (Dutch) Meyer of T. C. U. and other university authorities. He will receive his degree this spring with a major in physical education and minor in biology. His scholastic standing is much above the average.

Following the election of Cline the board voted to offer a contract for coach of the B squad to Bob Jordan, another T. C. U. product, who will also graduate this spring. G. B. Rush, who coached the Irish for the past four years, was offered a contract as head coach for the 1939 season but preferred to accept the Miami position. He preferred to get into administrative work and the Miami position. He preferred opportunity. He has made a splendid record here as a man and a coach and the hearty good wishes of the city go with him to his new field.

It is estimated that the motorist who makes a practice of getting away to a quick start at a traffic light wastes enough gasoline in three such rapid getaways to operate his car one mile.

## WHERE THE GR-R IN MOTORS IS CHANGED TO PURR-R

What is claimed to be the most modern and complete motor tune-up department in the Panhandle is pictured above. In this department of the Gunn-Hinerman Tire company, an example of the many services available to motorists can be obtained from the various types of equipment the department contains.

Generator testing stand, commutator, voltage regulator, coilster, condenser tester, South Bend lathes, Black & Decker valve grinding machine, carburetor tools.

This shop is equipped to fix generators, starters, and ignition systems, and to tune up alling motors generally. Charlie Russell is the employe in charge.

odist Mustangs at Dallas yesterday, 6-2, for their fourth straight conference victory.

## Italian And Jap On Card Monday Night

On last Monday night at the Pampa Athletic arena, Frankie Hill and Mickey Durano battled for two hours with only one fall in the wildest wrestling match in local history. Neither were satisfied but they did not want to get on the mat alone again.

And that's where Promoter Cliff Chambers stepped in and offered Hill and Durano help. Hill selected John Nemanke as his partner and Durano took Ernie Peterson. Now the four will meet as teams next Monday night in a finish match.

A 30-minute opener will send Sugi Hayamaka, popular Japanese, and Count Moreno, slick Italian, to the mat at 8:15 o'clock sharp.

The largest brass cannon ever cast in the world was made in India in 1548, and weighed 80 tons. How it was transported in those days is still a mystery.

# 16 Fights Scheduled For Prelims Tonight

## Track-Field Team For District Meet Announced

### Gehrig Has Slowed Down Dreadfully

By GAYLE TALBOT  
NEW YORK, April 14. (AP)—The question most frequently asked of a correspondent just returned from the baseball training camps might surprise you. In the last week I've been asked fifty times: "How does Gehrig look?"

A few want to know if the Cincinnati Reds really have the stuff to win the National League to which the inevitable answer is yes, providing their pitching lives up to promise. But most of the fans ask after the old "iron horse," and with mixed feelings.

The Yankees' supporters inquire hopefully because many a one of them ever saw the three-time champion play with anyone except Lou on first base and because they honestly dread the day when he must step down for a younger man.

The other—those who never have liked the Yanks much, anyway, and would like to see their strange hold on baseball broken—ask because they see in Lou's eventual retirement the beginning of the end for the bombers.

To both camps the answer is Gehrig, approaching 36, has slowed dreadfully and has been brooding for a month over his inability to hit, but he will be on first base when the Yankees open

the season next week and will remain there unless Manager Joe McCarthy absolutely has to take him out.

McCarthy, though he would deny it instantly, is a sentimental Irishman. He will be a sad man the day he doesn't write Gehrig's name on the slip he hands to the head umpire.

Nothing but an injury to Gehrig or a collapse of the Yankees such as is difficult to imagine will get Lou out of the line-up this year. McCarthy will keep him in there as long as the club is in the race, though he doesn't hit over 250 and fields only the balls that are hit right down his gullet.

McCarthy can afford to be sentimental, or so it seems. The champions have an embarrassment of hitting, and anything Gehrig does along that line will be so much gravy. They have in Joe Gordon a great second-baseman, a kid who can go so far to his left and come up with the ball that few spectators will ever realize he's helping Gehrig with the chores.

### Exhibition Games

  - At Norfolk, Va.: Brooklyn (N) 14 New York (A) 12.

**Skiers To Race Down Mount Rainier Tomorrow**

SEATTLE, April 14 (AP)—Twenty-nine crack skiers will test their speed and skill tomorrow in one of the nation's most spectacular downhill races, the 3.16 mile silver skis dash at Mount Rainier.

Defending Champion Don Fraser of Washington Ski Club, Seattle, drew the uncomfortable number one position and will be forced to set his own pace down the often icy slopes.

## Reeves - Bills Battle And Lightweight Matches Will Feature Torrid Bouts Here

Nearly 75 young leather-slingers from Stihnett, Shamrock, Alanreed, McLean, Canadian, Miami arrived in town this afternoon, and immediately went to the Pampa Athletic arena to be weighed in for the preliminary rounds of the high school boxing tournament which will open here tonight at 8:15 o'clock and continue through the semi-finals tomorrow afternoon and the final rounds tomorrow night.

The extreme likelihood that Frankie Bills of Shamrock and Roy Reeves of Alanreed would meet in one of the three fist sessions of the tournament, gave promise that such a bout would undoubtedly be the most thrilling in the tourney.

Can Bills whip Reeves? That question has never been answered because the two youths have never met. They would have met at Shamrock, but Bills badly injured his hand in winning a semi-final fight.

Frankie Bills

Both Reeves and Bills are entered in the tournament here. Reeves won both the Alanreed and the Shamrock tournaments.

The tournament is literally studied "by naturals" that are calculated to pack the house both to-night and tomorrow night. Will Roden of Shamrock, king of the 115-pound class meets his match in 15 o'clock this afternoon. At that time, coaches and managers will draw for opponents and for eyes and matches will be carded in two brackets. Boys who must lose two or three pounds to make their weights will sweat it off in a sweat box. Some will run it off.

Coach Toby Waggoner will referee the bouts. The fights tonight will be in the following order, with two or three fights in each division: 75 pounds, 85 pounds, 95 pounds, 105 pounds, 115 pounds, 126 pounds, 135 pounds, 145 pounds, 155 pounds. The 165-pound and the heavyweights will meet tomorrow afternoon in the semi-finals, together with the survivors of tonight's rounds.

Tomorrow afternoon's matches will begin at 2:30 o'clock, and tomorrow night's at 8:15 o'clock. Admission to everybody tomorrow afternoon will be 15 cents, and tomorrow night and tonight will be 40 cents for ring-side seats, 35 cents for adults and 25 cents for students. Loving cups will be awarded individual champions, and a huge loving cup with a boxer's figure atop and a place in the side will be awarded the winning team.

At least 16 fights will be on the program tonight with about 12 tomorrow afternoon and 12 tomorrow night.

The complete card for tonight cannot be announced until after the drawings this afternoon. Then the bracket will be posted. Semi-finals will be announced as soon as the preliminary divisions are disposed of.

### Boston Sweeps Both Games In Toronto

TORONTO, April 14 (AP)—It was an elated squad of Boston Bruins which trooped home today hoping to conclude their Stanley Cup hockey playoffs Sunday with a fourth victory over the Toronto Maple Leafs.

## Amarillo Stole Pampa Pitcher, Claims Seitz

The manager of Amarillo's entry in the West Texas-New Mexico baseball league is not doing anything to promote friendly feelings between the two cities and the season hasn't started yet.

First controversy arose yesterday afternoon when Manager Grover Seitz of the Pampa team learned that Amarillo had stolen one of his best pitching prospects—Ben Parrish of Oklahoma University.

It was an outright steal and nothing else, Seitz discovered Parrish and asked him to sign a contract. The youngster said he didn't want to at the time because he wasn't sure he wanted to quit college and signing a contract would impair his amateur standing. However, he later wrote to Seitz that he would report to Pampa and sign a contract.

Seitz was ready to send Parrish transportation but instead he decided to hitchhike. Enroute to Pampa he was picked up by Joe Hutchins and Ed Seeds, father of the Amarillo franchise owner. They persuaded the pitcher to sign a contract while sitting on the roadside near Texola where Hutchins and Seeds live.

## Missions Beat Shreveport In 4 To 2 Game

(By The Associated Press)  
A bad bounce helped break up a 12-inning Texas league pitching battle at Shreveport yesterday as the Sports fell before the San Antonio Missions, 4-2, evening the two-game series.

Fort Worth's Cals got revenge for their first day's beating by winning from the Dallas Rebels, 5-2. The Tulsa Oilers nipped the Oklahoma City Indians, 4-3, last night in the clubs' league opener. The Beaumont at Houston game was postponed.

Today's games: Shreveport at San Antonio (night), Houston at Beaumont, Tulsa at Oklahoma City, Fort Worth at Dallas.

The score was 2-2 at Shreveport yesterday at the start of the twelfth, when Scharen hit a hot roller that bounced bad and struck Shortstop John Gerlach in the neck. Scharen went safe, moved up on a sacrifice and scored on Stroble's two-bagger. Lucadello sent Stroble home with a single.

Johnson's triple to left sent Conmarter in with the winning run for Tulsa in the eighth after Bilgore's fumble of Conmarter's roller let him reach first.

## 32 Boxers Left In National AAU

SAN FRANCISCO, April 14 (AP)—Thirty-two survivors of bristling elimination rounds battle for America's greatest amateur boxing awards tonight in semi-finals and finals of the National A. A. U. championships.

Champions will be crowned in the eight weight divisions. Two of three defending champions still were on hand and most of the favorites came through as expected.

Tonight's gladiators are what's left of an entry list of 182, representing 60 cities in 26 states and Hawaii.

Bill Speary of Philadelphia, bantamweight champion of the world for two years and a smooth and clever boxer, kept in the running with a technical knockout over Eddie Yasul of Honolulu, national junior titleholder in 1937, in the third round.

Bill Eddy of Flint, Mich., 126-pound champion last year, scored frequently with stiff body blows to win a close decision over Thomas Campbell, lanky Kansas City, Mo., Negro.

Fast exhibitions were turned in by the flyweights. Little Nick Trujillo of Denver hammered out a decision over Tommy Olivari of San Antonio with cleaner and stronger punching, and John Forte of Philadelphia knocked out Nick de Pesta of Stockton, Calif., in the first round with a left hook.

SAN FRANCISCO, April 14 (AP)—Thirty-two survivors of bristling elimination rounds battle for America's greatest amateur boxing awards tonight in semi-finals and finals of the National A. A. U. championships.

Champions will be crowned in the eight weight divisions. Two of three defending champions still were on hand and most of the favorites came through as expected.

Tonight's gladiators are what's left of an entry list of 182, representing 60 cities in 26 states and Hawaii.

Bill Speary of Philadelphia, bantamweight champion of the world for two years and a smooth and clever boxer, kept in the running with a technical knockout over Eddie Yasul of Honolulu, national junior titleholder in 1937, in the third round.

Bill Eddy of Flint, Mich., 126-pound champion last year, scored frequently with stiff body blows to win a close decision over Thomas Campbell, lanky Kansas City, Mo., Negro.

Fast exhibitions were turned in by the flyweights. Little Nick Trujillo of Denver hammered out a decision over Tommy Olivari of San Antonio with cleaner and stronger punching, and John Forte of Philadelphia knocked out Nick de Pesta of Stockton, Calif., in the first round with a left hook.

## Two Amarilloans Go Into Finals Of AAU Tourney

DALLAS, April 14 (AP)—Fourteen Texas pugilists await the bell which will send them into the finals of the Southwestern AAU tournament here tonight.

In second round fights last night Carl Higler, state Golden Gloves middleweight titlist of the Dallas Athletic club, knocked out Oscar Willham of Brownwood in the main event.

Four other knockouts and four technical knockouts were tallied. Buddy Cole of Dallas knocked out Victor Perez, Waco flyweight, in the second round; Wayne Penn, Fort Worth featherweight, took the measure of Jimmy Wilson of Tyler in the first round.

Clive Blackwell of Amarillo fell before the knockout blows of T. B. Stanford, state Golden Gloves bantamweight titlist from Fort Worth, in the first stanza.

Buster Burrell, Fort Worth light-heavyweight, flattened Virgil Counts of Amarillo in the first.

Other results included:

Lightweight—Allen McCarvey, Dallas, decisioned Ted Johnston, Amarillo; Franklin Mills, Waco, scored a second round technical knockout over Bowen Branson, Fort Worth.

Welterweight—Earl Brown, Amarillo, scored a second round technical knockout over Neal Farrell, Dallas.

Light heavyweight—Delmar Kreh, Amarillo, scored third round technical over Oscar Beck, Fort Worth.

## Louis Unconcerned About Monday Fight

LOS ANGELES, April 14 (AP)—Heavyweight Champion Joe Louis, as usual, is undoubtedly the least concerned of all in defense of his title Monday night against the crafty, 35-year-old Jack Roper, but his handlers are taking no chances with their million-dollar attraction.

Getting ready for another gymnasium drill today, Louis dodged naming the round in which he hopes to belt Roper out of the picture, but he added:

"I ain't takin' no chances with Roper or anyone else. I'm hoping to put him away soon's I can. That's all I can say 'bout that."

Julian Black, and John Roxborough, Louis' managers, aren't overly anxious, but as Black pointed out, "the title is worth a lot and we can't afford to make any mistakes."

That was why he asked Referee George V. Blake to warn Roper against hitting after the bell sounds ending a round.

**Gymnasts To Compete**

CHICAGO, April 14 (AP)—Forty of the nation's leading college gymnasts, most of them out to defend Chicago's defending team champion, will compete tomorrow for 1939 National Collegiate honors at the Maroon field house.

Individual champions in every event also will be back with Joe Giallombardo, 1938 tying ring and tumbling winner, expected to lead a favored Illinois squad to the team title.

bell of Pampa? Will Simpson of Canadian finally get his revenge on that clever boxer, Sutterfield of Shamrock in the 135-pound class?

Kyle Looks Good.

Pampa's chances of winning at least one championship soared yesterday afternoon when Kenneth Kyle entered the 145-pound division, and looked like a champ in the bracket will be posted. Semi-finals will be announced as soon as the preliminary divisions are disposed of.

Crane-Helskell Shine

Stickwork of Pampa's Leon Crane was the outstanding feature of the game as he cracked a triple, double and single. The fielding of Claude Helskell was a standout on defense as he took a hot grounder back of second, stepped on the sack and then threw to Bailey for a double play.

Five pitchers toiled during the short workout and all showed promise despite the fact they were unable to put anything on the plate. Fitchers in action were Hessinger, Vannoy, Brown, Short and Graham. Short is a veteran Class C

Cole Advises Wide Training For Engineers

A recommendation that petroleum engineers know economics, business law, and accounting, as well as technical subjects directly related to their profession, was made in a speech by H. S. Cole of Fort Worth, district manager of the Texas company for West Texas and New Mexico.

The students, headed by Dr. Geo. Fancher, left Pampa today to return to Austin, after a 10-day field trip in the Panhandle. While here they made a back pressure test of gas wells, working with the Texas Railroad Commission.

Training for petroleum engineers should include mathematics, physics, chemistry, hydraulics, thermodynamics, geology, geophysics, geophysics, surveying and mapping, and electricity, Mr. Cole said.

There are now 35 departments of petroleum engineering in colleges and universities of the United States, with 4,000 students enrolled. In 1938, petroleum engineering graduates numbered 281, and this year there will be 400, Dr. Fancher estimated.

At the University of Texas there are 550 students in the department, a slightly larger number at the A. & M. college of Texas, and still more at the University of Oklahoma.

Entertainment at the banquet was provided with a variety of solos by Ernestine Holmes and by the music and comedy of the German band clarinet, saxophone, and tuba trio composed of Joe Wilson, Billy Jones, and Vernon Casey.

Temple Hoffer was master of ceremonies. Concluding the program, the 100 persons attending the affair, given by the Pampa Chamber of Commerce and local oil field supply houses, sang "The Eyes of Texas," led by Billie Evans, president of the American Institute of Mechanical Engineers at the University of Texas.

Three Boy Scout Camporals To Be Held In District. Camporals in three districts of the Adobe Walls council of the Boy Scouts of America will be held during this month.

Answer To Cranium Cracker. Johnson can't be the first baseman because he threw to him. This Brown would only rush to the foul line to back up Johnson from the third stopper.

Sunday School Lesson

PAUL ESTABLISHES CHURCHES. Text: Acts 14:7-19-23. By WILLIAM E. GILROY, D. D., Editor of Advance.

Our lesson presents a rather typical scene in Paul's missionary journey. Wherever he went, as a Jew, he made his contacts with the synagogues. These in the midst of those of his own race, he spoke of these new aspects of faith that had come to him with his discovery of Jesus Christ.

The inevitable effect was controversy and division - just as there would be controversy and division where any great teacher, emphasizing new aspects of old truth, came into conventional religious circles or groups of religious constituencies have never adapted themselves easily or readily to new truth. Thus it was that Paul found himself in conflict with many of those of his own race and of his own religion.

Can we not recall in modern Protestantism much of this same attitude, as men thought of some people - and probably of themselves - as forced to be saved while others were free to be saved? Religious prejudices or convictions of a particular sort do not change easily, and the Jews who considered

that Paul was heretical and dangerous were not at all different from many in Christian circles and in other religious groups who have regarded the prophet of new truth as heretical and dangerous.

In studying Paul's missionary journeys, it will be found enlightening and helpful to trace them all on a map. Read the Book of the Acts with a good map of the world of that time, and trace Paul's journeys on it from place to place. If one can find time to read further in any good encyclopedia concerning the various cities where Paul went, it will give a most gratifying picture of Paul's environment and a new understanding of his situation. The Book of the Acts will become a much more human and living book in this process.

H Duce Hears Italians Cry 'On To Paris'

ROME, April 14 (AP) - The Italian cabinet today formally approved King Vittorio Emanuele's acceptance of the crown of Albania.

Provision was made for appointment of a lieutenant-general, perhaps Premier Mussolini's son-in-law, Count Galeazzo Ciano - as viceroy at Tirana. Ciano, is foreign minister.

If Ciano were named viceroy, it was reported the Italian ambassador to London, Count Dino Grandi, would succeed Ciano in the foreign ministry, a portfolio Grandi, formerly held.

Ciano has made two flying trips to Albania since that little mountain kingdom was invaded by Italian troops a week ago.

The cabinet ministers approved the draft of a law to make Vittorio Emanuele sovereign of Albania as well as King of Italy and Emperor of Ethiopia.

The chamber of fasses and guilds and the senate will hold a special session tomorrow to adopt the law which it was expected would be voted by acclamation.

A delegation of fasses and guilds is expected to arrive in Rome by airplane Sunday to present the crown formally to the king.

It was announced Count Ciano would make "an important speech" in the chamber session tomorrow.

Fascists expected him to discuss the events of recent days and called expectancy for a possible disclosure of Italian foreign policy in the light of reaction abroad to Albania's conquest.

Fire That Destroyed Henderson Reported In 1860 New York Paper

HENDERSON, April 14 (AP)—A faded clipping from the New York World of Aug. 21, 1860, headlined: "Incandiarium in Texas—Another Great Fire—The Town of Henderson Burnt."

The newspaper clipping has been sent to the Rusk county librarian, Miss Mary Louise Giraud.

YOUNGSTERS HAVE IDEAS ABOUT PERFECT TEACHERS WILMINGTON, Del. (AP)—Womans school teachers take note:

Game Wardens Fail To Corral Antelopes

STERLING CITY, April 14 (AP)—After distributing more than 30 antelopes, which were captured after many failures and losses by death from the herds on the Tom Brennan estate, game wardens headed by Warden Tom Redford of Fort Davis and Dr. Lee W. Fisher of Alpine, regional game manager, called off the round-up and advised they would return in the fall to complete the job.

On the last drive, more than 100 of the fleet-footed creatures were swung into the V-type, quarter-mile-long chicken wire trap; but the stampede was too great and 100 yards of the net was swept away. Only 20 were captured.

The success of the drive was the combination of game warden ideas and suggestions from ranchmen. J. C. Reed advised that men be strung out in such a manner that the antelopes could be "boxed" all the time and gradually turned at full speed.

### Texans In Washington

By L. T. EASLEY,  
Texas Associated Press  
Correspondent.

WASHINGTON, April 11 (AP)—The brief case, charts and other paraphernalia usually brought before congressional committees by witnesses were absent recently when a tall, silver-haired and dignified man who hails from Texas appeared before the house interstate commerce committee.

The witness was Jesse H. Jones, Houston financier and chairman of the Reconstruction Finance Corporation.

Summoned at the committee's request so it might get the benefit of his views on government aid to railroads, Jones came minus briefs but with a vast knowledge of large scale financing operations.

In the center of a large horse shoe-like table around the outside of which sit the committee members is a small rectangular table for witnesses. Behind it witnesses usually stand and spread before them an array of data to support their testimony.

One of the most informal of all witnesses appearing before the committee in a long time was this man from Texas, who had the sharp attention of every one present.

Sitting on a corner of the table, legs crossed comfortably, he announced he would gladly answer all questions in so far as he was able, and from then on gave the committee some of the most important views relative to the subject under discussion.

He recommended that congress authorize the RFC to liberalize its lending policy to railroads. Among other things he opposed a \$300,000,000 limitation on equipment loans.

"You tell us to lend \$300,000,000, we don't do it, then we catch it," he said. "There is no reason for the fixed amount. I would rub it out."

He remarked that the RFC tries to make its loans on a business basis "but on the liberal side."

Through the generosity of a Texan the congress, in the throes of an economy move, will find it is cents easier to balance the budget than expected.

Senator Tom Connally received from a friend T. E. Anderson of Fort Worth, temporarily in Los Angeles, Calif., a letter enclosing an uncashed check from the government for 15 cents, dated April 23, 1907.

Anderson explained he had been employed by the census office, under the interior department, taking the 1900 census. In a final check-up the department accountants found they had underpaid Anderson 15 cents for services rendered and mailed him a check for the amount.

"I think I have held it out long enough," he wrote, "so in order they might balance the budget you might turn it in, and tell them they now can balance the budget."

Among the distinguished Texans in Washington, but about whom little is written because he is in private life, is Dr. William Calhoun Stirling, genito-urinary surgeon, a native of Sulphur Springs.

Recognized as one of the most able surgeons in the capitol, Dr. Stirling was chosen by Associate

### Marking A Decade

A bronze-silver plaque, like the one pictured above, hangs in the office of the Gunn-Hinerman Tire company. It is inscribed with the information that the award is made in recognition of the 10 years of friendly relations between the Gunn-Hinerman Tire company here and the Goodyear Tire and Rubber company of Akron, Ohio.

Justice Roberts and former Senator McAdoo from among all physicians in the city when they had to undergo operations. Other distinguished personages here are numbered among his patients.

Born March 7, 1894, Dr. Stirling graduated from Sulphur Springs high school and attended the University of Texas and Vanderbilt Medical School. He received his M. D. at the latter in 1917, and then served his internship at City Hospital, Newark, N. J.

He served overseas with the A. E. F. and army of occupation in Germany and was promoted from first lieutenant to major. In 1922 he married Margherita Tillman, a Washington girl whom he had met at Vanderbilt while both were students, and he practiced here since 1924. They have three children, Margherita, William Calhoun III, and Edwin Tillman.

Dr. Stirling is a fellow in the American College on Medicine. He is a son of the late Dr. William C. Stirling, and a brother of Dr. Earl Stirling, Hopkins county physician.

Rep. Poage of Waco was among those congressmen from large farming districts who made vigorous but futile pleas for the passage in the house of a measure which would have appropriated \$250,000,000 for parity payments to farmers.

If we cannot establish buying power for that third (referring to the rural inhabitants of the nation) of our population, you can never expect employment in your factories," he told the house. "You may raise hourly wages, but you can not keep those men employed in your factories unless you have buying power in that great basic third of your people, those engaged in agriculture."

"I know that when it comes to a proposition of simply saying that you are going to restore that buying power by granting subsidy that you cannot continue to grant subsidies year after year in any such large amounts as will provide that purchasing power."

"Although it can not be done over a long period, we know that it can be done immediately, and we are dealing today with an immediate problem. Until we rewrite our basic agricultural legislation this problem can be dealt with in no other manner than to give direct assistance from the government to a group of underprivileged citizens."

"That is the only way you can meet the situation for this year and probably for next year. It is too late to change our farm program this year. Planting has begun."

"I hope that in the not too distant future we will be able to adopt a farm policy that will enable farmers to produce freely and to sell at a reasonable price, for both price and volume are necessary to give our farmers a reasonable income."

### WHO SAID PIPES AREN'T UNHEALTHY?

SOMERVILLE, N. J. (AP)—William E. Glynn, 20, is telling his friends a story about his pipe blowing up in his face—and he claims it's no pipe dream.

He explains it this way: A few days earlier he had been up in the mountains for target practice. A .22-caliber bullet found its way into his tobacco case. Boom! Glynn wasn't hurt but the bullet tore through the roof of a car in which he was riding.

Some authorities credit Thomas Rawlinson, an Englishman, with the origination of the Scottish kiln in 1728.

# 10 YEARS

# of friendly relations

### SEE THE NEW GOODYEAR 100 ALL-WEATHER

New Luxury At Low Cost!

The cheapest thing on your car is the BEST TIRES you can buy! This year's BEST TIRE means the NEW Goodyear G-100 All-Weather. It's SPECIAL new - construction means SAFETY - FIRST for you... It's SUPER QUALITY means you'll get a LUXURY-RIDE... "Fit for a King!"... its rugged treads mean MORE MILEAGE - and MORE MONEY SAVED for you! Come in today! Go out the proud possessor of the new "TOPS in TIRES."

### Free Roses and Gifts to the Ladies!

In appreciation of the most generous patronage we have enjoyed through the past ten years we are offering every lady who visits our store Saturday a beautiful rose; our compliment!

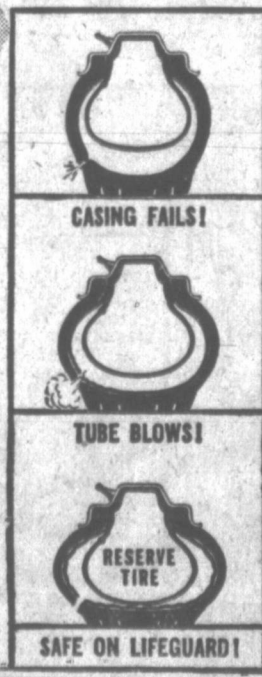

## Many Outstanding Values! Now is the Time to Equip Your Car With The Best in Rubber!

## This Event Starts Saturday! The MARATHON

### LIFEGUARDS TAKE DEATH AND DANGER OUT OF BLOWOUTS

Here's what happens:

Only Goodyear Offers Lifeguards! Don't Drive Another Day Without Them!

Why run the risks of modern motoring needlessly? No pneumatic tire made can be blowout-proof. But with Lifeguards, tire failures do not mean loss of car control. You're safe at today's driving speeds... positively protected against dangerous lurch and swerve.

### GET YOURS TODAY!

For years Goodyear's "G-3" ALL-WEATHER Tire has set safety and mileage standards on all makes of cars—out-selling every other tire at any price.

### GET YOURS TODAY!

Built Up to Goodyear Standards! Hold Down to Your Price!

It was a break for us... and a break for YOU when the world's largest tire builder produced this great New Marathon Tire... It's a One-Quality, One-Price tire bringing you high mileage at the lowest price in history... every economy in manufacture, every possible concession in price and profit has been made to bring you such a tire at so low a price. If you're shopping for BIGGER tire values, stop right here and look at MARATHON!
