City To Operate And Beautify Swimming Pool

Pampa's Half-Million Dollar Improvement Program Will Be Finished By Mid-Summer

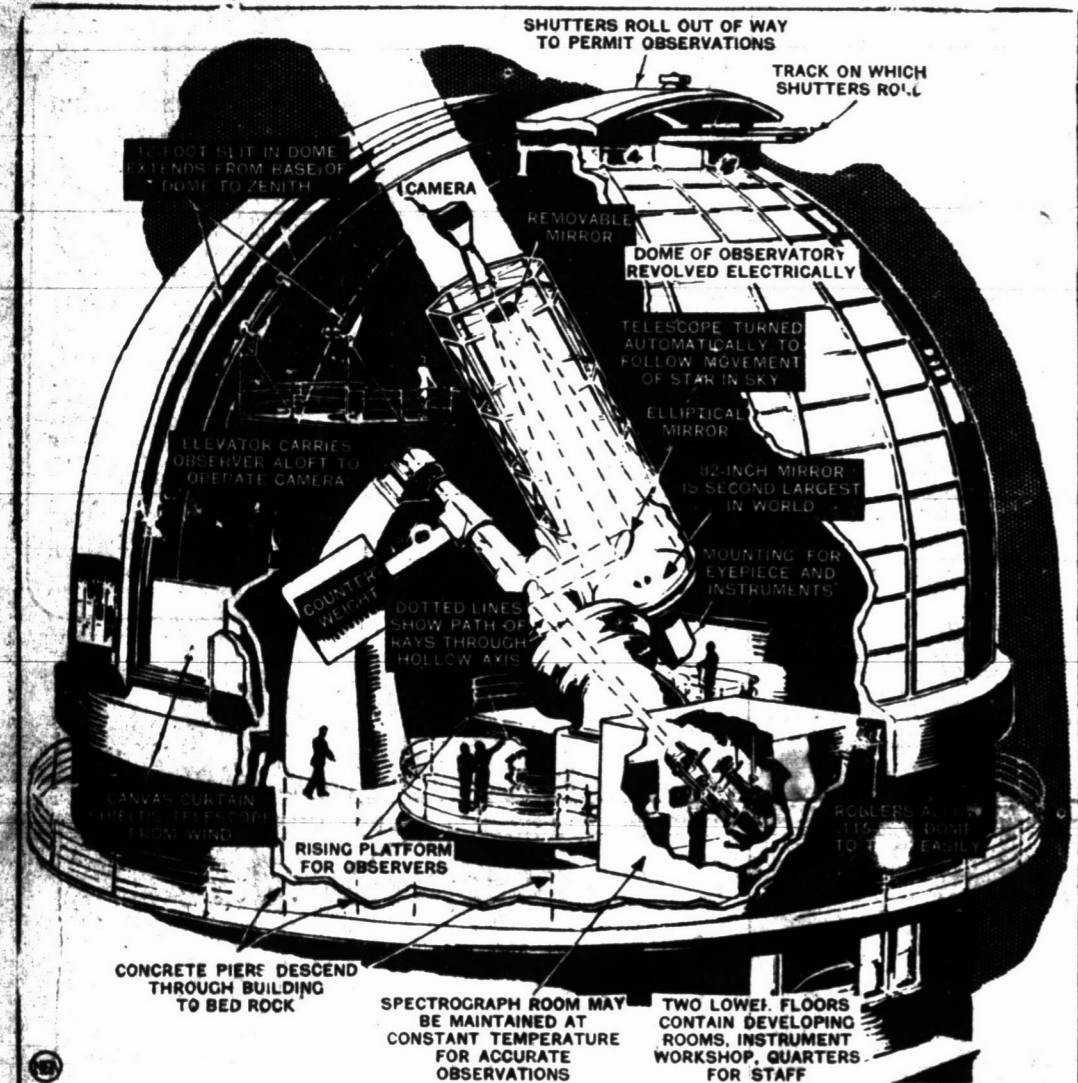

Pampa rapidly is taking its place in the "big city" sun. A survey of municipal projects now under way reveals that mid-summer will see completion of nearly a half-million dollar program of improvement under federal aid.

The paving of 12 city blocks at a cost of \$26,000 last fall. Construction of a new waterworks system, \$244,000. Construction of a steel grandstand at Recreation park, \$36,000. Beautification of grounds at the municipal swimming pool. Re-topping city tennis courts. Planting of 5,000 Chinese elm trees. Widening of the bridge on Mary Ellen street.

Laying of 12 miles of cast iron water mains. Beautification of City park and terracing and landscaping of other public property throughout the city. Ready by June 1. The city manager said that the new municipal waterworks system will be ready to be placed in operation by June 1. It will double the capacity of the present system and boost its usefulness to the point where it will be able to handle a peak load of 5,000,000 gallons daily consumption.

Construction on the system now is six weeks ahead of schedule, and it will be ready to "tie in" to service the first of June. All work necessary to the entire system will not be completed until August. Distribution and pressure will be increased to adequately maintain the point where it will be able to handle a peak load of 5,000,000 gallons daily consumption.

High In Sky, Texas Telescope To Reveal New Secrets Of Stars

Here's an inside view of the world's second-largest telescope. The cut-away diagram shows how various parts of the huge star-gazing machine work.

By NEA Service ALPINE, April 25.—Thrusting five stories high against the Texas sky atop a 6,800-foot Mt. Locke, the world's newest, second-largest, and most accurate reflecting telescope will begin May 5 its conquest of the secrets of outer space.

Another Steamship Burns In France

TOULON, France, April 25 (AP)—The French government today opened an investigation of what authorities thought might be the second case of sabotage against French merchant vessels within a week—the burning of the steamship Angers. The 9,847-ton Angers was destroyed shortly before last midnight at La Seyne shipyard, near a powder and gasoline depot which serves the main French naval base at Toulon. The loss was estimated at 200,000 francs (\$5,200). Six days earlier the liner, Paris, was swept by fire at Le Havre and the 9,847-ton Angers was destroyed shortly before last midnight at La Seyne shipyard, near a powder and gasoline depot which serves the main French naval base at Toulon.

British Cabinet Plan Compulsory War Service Bill

LONDON, April 25 (AP)—The British cabinet meeting in extraordinary session was reliably reported tonight to have outlined a new compulsory military service bill while the nation learned of vast indirect tax levies imposed to meet an arms swollen budget. It was understood the new compulsory military service bill would provide for: 1. Mandatory physical training. 2. Enforced elementary military training for men between 19 and 21. 3. Sharply increased tobacco and sugar taxes were announced today by Sir John Simon, chancellor of the exchequer, introducing the 1939-40 budget in the house of commons, but the automobile owner was the hardest hit. It was believed the government was pushing its plans for a new military service system with the intention of announcing them before Chancellor Hitler answers the Roosevelt peace appeal on Friday. Sir John Simon, chancellor of the exchequer, introduced Britain's largest budget since the World War in the house of commons and announced the government would spend \$630,000,000 (\$3,150,000,000) for defense and possibly more. "The country is thoroughly aroused to the further sacrifice," Sir John said in announcing the huge total. "There must be additional taxation," he warned in his speech. "At least half of the defense costs will be met by loans. Britain will spend nearly 60 per cent of an estimated budget of nearly £1,300,000,000 for defense."

Mobeetic Pioneer Passes At Miami

One of the early pioneers of the Panhandle, Mrs. Henry E. Weckesser of Miami, who moved to Old Mobeetic late in the 1870's, died suddenly in her sleep this morning. She was found by a grandson about 8 o'clock. She had been ill about two months. Mrs. Weckesser was born in Texas. She first moved to the Panhandle in about 1878, living with an aunt, Mrs. L. B. Anderson at Mobeetic. That was before there was a Miami. In 1881 she moved to a farm near Miami and in 1900 became a resident of Miami where she has since made her home. She was a member of the Miami Presbyterian church. Survivors are the husband, two sons, Claude E. of Caliente, Nev., and Johnny of Miami, three daughters, Mrs. Dora Kidd and Mrs. Ada Kent, both of Miami, and Mrs. Beatrice Ogg, Amarillo, a sister, Mrs. Mamie Yeager, Falfurrias, a brother, J. B. Vannoy, McLean, five grandchildren and four great-grandchildren. The body lies at rest at Duenkel-Carmichael funeral home here. Funeral arrangements will not be completed until the arrival of the son from Nevada.

FDR Urges Three New Agencies In Mergers

Hill Attacks Small's Gas Proration Act

AUSTIN, April 25 (AP)—The senate began work today on a proposed gas proration law for the Panhandle field in the face of an opposition charge it would allow a return of the "infamous practice" of pooling sweet gas into the air and using it in carbon black manufacture. The proposal was by Sen. Clint Small of Amarillo, who introduced an amendment which he said would allow some production for sweet gas wells suffering from drainage and with no outlet. Small said some wells of this nature had been dormant for five years because of the existing law which restricts use of sweet gas. "I know of no other means to be fair to the owners of small wells," he said. Sen. Joe Hill of Henderson, in the rich East Texas oil field, asserted Small never had written a gas production statute that had stood up in the courts. He followed up with the statement adoption of Small's amendment would bring about a return of tremendous gas wastage in the Panhandle, reminiscent of years when it amounted to the "equivalent of 62,638,000 barrels of gasoline." Attempts to regulate gas production have been knocked out by the federal courts and Small's bill, restricted to the Panhandle field, is designed to cure defects pointed out by the tribunals. It makes prevention of drainage a prime feature of proration and authorizes the zoning of the vast field, each zone to be treated as a separate common reservoir, if the railroad commission chooses. Hill argued the zoning provision meant the commission could decide efficient production could be had from one well to each 160 acres of one tract and from one well to as much as 4,000 acres for another. "It would give no benefit on the basis of what you could produce and sell but would on the basis of what your neighbor could produce and sell," Hill said. He was preparing for a lengthy attack on the bill, the Henderson member set up on the Senate floor a big chart of the great Panhandle field and read records of well density on various tracts.

Lone Tree Marks Spot That Once Was Town Of White Deer

WHITE DEER, April 25.—"The Town That Moved Away" might well be the title of an interesting chapter in the history of this thriving community center of oil and agriculture. The original White Deer of the '80s is a ghost town today with nothing marking the spot except a lone tree and traces of a dug-out which once housed its first general supply store. This first location of the town was about a mile east of the present White Deer, a splendid community of fine schools, business places and a population of around 1,200 persons. Ruins of the dug-out store still may be seen today on the farm of Ed Moore on the White Deer-Pampa highway. In preceding articles of this series on White Deer history of the days of the old White Deer were dealt with. The early days of the old Diamond F ranch knew nothing of the present White Deer site, although many of the men and women who pioneered in the area lived to see the first town of White Deer fade out of the picture and move to its present location, one mile farther west. It was interesting to me, a comparative newcomer in this splendid Top O' Texas area, to stand in a window of the White Deer Review office here and have W. W. Simmons, its capable editor and publisher, point out the tree which now marks the site of the White Deer pioneer days. It first was established on that site because it was in the vicinity that first settlers made their dug-outs along White Deer Creek. Old-timers tell you that the town began moving westward in 1897 when the railroad first pushed through the area. Railroad officials, for some reason or another, wanted their White Deer station at the new location. So, the old town followed.

New Security Agency Would Be Created

WASHINGTON, April 25 (AP)—President Roosevelt submitted to Congress today a sweeping government reorganization plan for creation of three new federal agencies by merging welfare, work and lending functions. A new federal security agency would be created, as well as a federal works agency and a federal loan agency. The plan becomes effective at the end of 60 days unless both houses of Congress vote against it. Under the security agency would be grouped the social security board, now in the department of labor; the office of education, now in the department of interior; the public health service, now in the treasury department; the National Youth Administration, now under the Public Works Administration; and the Civilian Conservation Corps, now independent. In the new federal works agency would be grouped the WPA, except for the National Youth Administration; the Public Works Administration; and U. S. Housing Authority, now under interior; the Bureau of Public Roads, now under agriculture; the public buildings branch of the treasury's procurement division; and the branch of building management of the National Park Service, so far as it is concerned with public buildings which it operates for other departments or agencies, now under interior. The names of the Works Progress Administration would be changed to Works Projects Administration, "in order to make its title more descriptive of its major purpose," the President explained. Agencies under the Federal Loan Agency would be the Reconstruction Finance Corporation, the Electric Home and Farm Authority, Federal Home Loan Bank Board, Federal Reserve Bank, and Federal Reserve System. See AGENCIES, Page 6

House Orders Quick Report On Tax Bill

AUSTIN, April 25 (AP)—The House today ordered its constitutional amendments committee to make a recommendation by tomorrow noon on the sales-natural resource tax amendment approved by the Senate two weeks ago. The move encountered no objection. When Rep. J. Bryan Bradbury of Abilene made a motion the constitutional amendments committee be instructed to report by Friday, Rep. G. H. Little of Amarillo, chairman of the committee, suggested that the motion be amended to make the report deadline tomorrow noon. Little said that even before Bradbury presented his motion he had arranged for a committee meeting either tonight or tomorrow on the sales-natural resources tax. Bradbury expressed concern lest the committee hold back the proposal until the final days of the session with the result the lower chamber would have to accept it or nothing. "Let's bring it out into the open," he urged, "and begin discussion." Indications were that floor consideration of the proposal would begin one week from today. A subgroup of the constitutional amendments committee had prepared a substitute for the Senate measure but both contained a 2 per cent sales tax and boosts in natural resources levies. The House refused to revive a proposed \$10,000 appropriation to the attorney general's department for prosecution of an anti-trust suit. See TAX BILL, Page 6

Pampa FFA Boys High In Contest

Members of Pampa high school Future Farmers of America stock and poultry judging teams rated high in a state-wide contest held at College Station last week, according to a report received today by J. L. Lester, sponsor. The report from College Station gave no team rating or score, nor did it give individual rating according to name members of the Pampa team, who were "high point men" in the various events. "I don't know whether we will be informed regarding our score in points compared with other teams," Mr. Lester said today. "I was of the opinion that figures would be furnished all teams but to date the only report we have received is the individual standing in terms of high point men." According to the report Gran Rake was listed as one of the highest scorers in judging of poultry out of more than 1,200 boys. He also was listed as a high point man in judging Barred Plymouth Rocks. Weidall Stanley was listed as one of the high point men in the judging of White Leghorns. Billy Cole was the other member of the team. In the livestock division Billy Stockstill was listed one of the high point men in judging Hereford cattle. Other members of the team were Jerry Stroup and Blaine Goad. There were 2,700 boys in the contest.

Equalization Board To Convene May 1

In session as the county board of equalization, the county commissioners will begin their work as the equalization board on May 1. Work of hearing cases and deciding on questions of tax assessments, however, will not start until July 10. Assessing for the 1939 tax rolls is now three-fourths finished over the entire county. F. E. Leech, county tax assessor-collector, said today. L. L. Palmer of Alabaster is doing the assessing on the south part of the county, while Mr. Leech and Bill Finley are working on the northern sector. Gray county tax rolls for 1939 are to be prepared and submitted to George H. Sheppard, state comptroller, by October 1.

Leiserson To Be Member Of NLRB

WASHINGTON, April 25 (AP)—President Roosevelt today nominated William M. Leiserson of Ohio to be a member of the National Labor Relations board to succeed Donald Wakefield Smith of Pennsylvania. The latter's term expired several months ago. He was given a recess appointment last fall, but the President never submitted his nomination to the Senate when Congress convened. The American Federation of Labor had opposed Smith, contending he was prejudiced in favor of the union. Leiserson, now a member of the National Mediation board, was nominated for a term of five years dating from August 27, 1938.

Teller Admits Theft Of \$1,750 From Bank

DALLAS, April 25 (AP)—Bond of \$5,000 was set by United States Commissioner John Davis yesterday for Walter W. Ponder, bank teller, who pleaded guilty to charges of embezzling \$1,750 from the First National bank here. Officers were told the bank had been repaid. A court order permitted Ponder to view the body of his son, Wayne, who was found fatally wounded at the family home Sunday.

Pictures Made By Hinkles Displayed

The Pampa Photo club will meet tonight at 8 o'clock at the regular meeting place, Fletcher's studio, to study a traveling exhibit of prints made by Mr. and Mrs. Olin E. Hinkle of Canyon. Mr. Hinkle was formerly editor of the Pampa News and now head of the department of journalism at West Texas State college. The pictures are on display today. The club is fortunate to get this display of photographs of work of two of the most popular photographers in the plains region, and the membership is urged to be at the studio promptly with their guests, so that the program can get under way on time, it was said. Filters, when to use them and why, will be another part of the program, and W. F. Fletcher, president, will give practical demonstrations of their effects, illustrated by natural color slides. The new polka screen will also be shown.

House Files Farm Bill In Pigeonhole

WASHINGTON, April 25 (AP)—The House agriculture committee pigeonholed today a "cost-of-production" farm bill written as a substitute for the administration's farm program. Members said the committee voted 17 to 6 against the legislation, which the Senate agriculture committee recently approved unanimously. The measure, sponsored in the House by Representatives Massingale (D-Okla.) and Lemke (R-ND), was designed to assure farmers a price for 33 crops equal to their cost of production determined by the agriculture department, plus a profit of from 4 to 8 per cent. The program would apply only to that portion of farm produce domestically consumed.

LaGuardia Revokes El Morocco License

NEW YORK, April 25 (AP)—In a move to end night club brawling, Mayor LaGuardia has ordered revocation of the cabaret license of El Morocco, a leading rendezvous of New York City's safe society. John Perona, proprietor, was summoned to a hearing before Deputy Commissioner Cornelius O'Leary, who is investigating. The club operated last night under a temporary permit. Perona and an El Morocco patron figured in a fist-swinging episode in the night club last week after a dispute over the bill. Later in the night club's court, each dropped cross charges of assault.

Temperatures In Pampa

Table with 2 columns: Time and Temperature. Rows include 6 p.m. Monday, 9 p.m. Monday, Midnight, 6 a.m. Tuesday, 9 a.m. Tuesday, 12 Noon Tuesday, 3 p.m. Tuesday, 6 p.m. Tuesday, 9 p.m. Tuesday, 12 Noon Tuesday, 3 p.m. Tuesday, 6 p.m. Tuesday, 9 p.m. Tuesday.

27 Russians Convicted

MOSCOW, April 25 (AP)—Twenty-seven men charged with sabotage and espionage for an unidentified foreign power were reported today to have been convicted at Yervana, in the Buryat Mongolian republic, and sentenced to six years' imprisonment.

I Heard--

That City Manager W. T. Williamson, who, by the way, blossomed out today in natty new white shoes, kept his fingers crossed all day. For days he has been hoping for nice weather so that the elevated water tower in Northeast Pampa could be painted. Work started this morning.

Legion Uses Skunk In Drive For Dues

MUSKOGEE, Okla., April 25 (AP)—Elmer, a skunk, is quite helpful to the American Legion post treasurer. Elmer becomes the property of any dues-delinquent member and remains in the custody until the dues are paid. He usually stays in one place long.

I Saw...

The ultimate, the superlative in Pampa flowers this morning. It is a Bougainvillea vine in full bloom in the Knight greenhouse on Highway 33. The vine is seven years old. It has brilliant red blossoms blooming in clusters. No air, there never was a flower like that here before! Congratulations, Mr. and Mrs. Knight. It is a genus of tropical American woody vines and was named by a French navigator. This five months to pay for time at Barrell-Bill. (Adv.)

Germans Must Listen To Hitler Speak Tomorrow

BERLIN, April 25 (AP)—To make sure all possible in Germany hear Adolf Hitler speak from 12 to 1:30 p.m. Friday (5 to 6:30 a.m. CST), business establishments will be closed and factory employees and school children must assemble before radios in halls. See WHITE DEER, Page 5

New Contest Seeks Solution To National Peace Problem

The Pampa News "Sharing the Comforts of Life" Editor today announces a new cash prize contest. The subject for the new contest is, "What National Policy Will Best Promote Peace?" There is no subject that seems more timely than this under the present circumstances," he said. The first prize will be \$50 for the best article on the subject; second, \$20; third, \$10; fourth, \$8; fifth, \$7, sixth, \$5. The contest is open to all persons except employees of newspapers which publish the "Sharing the Comforts of Life" column. You do not have to be a subscriber to The News to be eligible to compete. The purpose of the contest is to get people interested in understanding the causes of war, with the hope of diminishing the probability of war. All contributions must be limited to 500 words, and the contestant must have his entry in the office of The Pampa News on or before Wednesday, May 17.

Claim Nazis Pushed Argentine Revolt

BUENOS AIRES, April 25 (AP)—Testimony that Nazi agents offered arms and money to organize an anti-government revolution in Patagonia, the Public Works Administration, the Electric Home and Farm Authority, Federal Home Loan Bank Board, Federal Reserve Bank, and Federal Reserve System. See AGENCIES, Page 6

To Probe Shooting

EDINBURG, April 25 (AP)—The county grand jury expected to convene here today, may investigate the fatal shooting of Mrs. Velma Montague in connection with her husband, Dr. L. J. Montague, has been charged. P. C. Humphrey, wounded in the shooting, was moved late yesterday from the hospital here to the Cameron county hospital.

Business Invited To Close Up For Opener

L. N. Atchison said this morning, "If all stores close and every clerk attends, we should be able to bring home the large trophy being given by President Milton Price of the West Texas-New Mexico league for the largest opening day attendance." While several other cities in the league are charging \$1 admission on opening day, Manager Seitz has held the price here to 40 cents, which will be admission to all home games. "What we want is a crowd," Manager Seitz said. "The extra money would come in mighty handy because our expenses have been much larger than we anticipated. But I don't want to hike the price opening day to get the extra money." Game time will be 3:30 o'clock at Road Runner park with Amarillo's Gold Sox providing the opposition. The Oilers will meet Amarillo today and tomorrow in Amarillo.

Mrs. Leech Gives Review Of Book For AAUW Group

A review of "The City of Belts" was given Monday evening in the city club rooms by Mrs. F. E. Leech for members of the Current Literature group of the American Association of University Women.

German Minister 'Too Busy' To See Ambassador

(By The Associated Press)

The German foreign minister was "too busy" today to see the British ambassador who hopes to get in a word before Adolf Hitler makes his reichstag speech Friday.

Hitler is to answer President Roosevelt's appeal to Germany and Italy for a 10-year peace agreement, and the diplomatic incident in Berlin may have unusual significance.

Sir Neville Henderson, the ambassador, returned to Berlin yesterday after an absence of five weeks that began with German absorption of Czechoslovakia.

He hoped to see Foreign Minister Joachim von Ribbentrop today. Had he a concrete proposal to ease the European crisis he would have been welcomed, Berlin spokesmen said. Another warning would be of no value, one added.

Since Prime Minister Chamberlain told Parliament yesterday Sir Neville's return to Berlin had "no special significance" it is likely the foreign minister before the Hitler speech.

The German foreign office told the British embassy von Ribbentrop was very busy helping Hitler compile data for the address, preparing for negotiations with the visiting Yugoslav foreign minister and arranging to receive the Hungarian premier and foreign minister soon.

Borger, Phillips Clubs Will Give Pampans Barbecue

The Borger Lions club and the Phillips Civic club are ready to pay off.

May 28 has been set as the date for the Pampa-Borger joint barbecue and outing—Borger's debt to the Lions, Klwanis and Rotary club members of Pampa for finishing second best in an inter-city ticket selling contest for the now famous Pansy-Lily football game last fall.

The two losing clubs in the contest were to give the top selling clubs a barbecue dinner.

In addition to the barbecue, there will be a softball game and a sports program as well as speeches by club representatives of the two cities.

The barbecue will be held on Bear Creek, not too far from Borger, 100 yards from the birthplace of R. G. Hughes, one of the Pampa Pansy players who was injured in scrimmage the day before the big game.

Japan Menaces U. S. Trade, Says Doctor

WASHINGTON, April 25 (AP)—The Senate foreign relations committee heard a warning today that the future of American trade, prosperity and security were involved in the Far Eastern conflict between China and Japan.

Dr. Walter H. Judd, former medical missionary to China, asserted final Japanese victory over China would remove the Chinese market from the fields of American exports and at the same time make Japan "an unbeatable competitor" in all other markets.

Indorsing the proposal by Chairman Pittman (D-Nev.) to revise the neutrality act to place arms, ammunition and supplies on a "cash and carry" basis, Dr. Judd also urged legislation to punish treaty violators by economic sanctions.

Opening Of Dimmitt Building Attended By Four Pampans

Salvation Army Brigadier George W. Gilks of Dallas, state American Legion chaplain, and four Pampans were in Dimmitt Monday night attending the formal opening of Castro County Post's new building. Brigadier Gilks was the principal speaker at the banquet.

Pampans present were Charlie Mabel, district commander, Paul D. Hill, chaplain of the local post and grand amonier of the 40 and 8, Ray E. Barnes and Captain Herman G. Lambrecht, head of the Salvation Army here.

Attendance at the opening was 150, including visitors from Hereford, Amarillo and Fort Worth. Castro County Post 445 is headed by Commander Clarence O. Byrnes. The post now has a membership of 42, within six of the highest membership it has had in its history.

A speech by the district commander and the election of delegates to the state convention was the occasion to be held on May 6-7 in Chilcross were other parts of the program.

London Newspaper Begins Publishing News On Page One

LONDON, April 25 (AP)—The Daily Telegraph today departed from an old English custom and began publishing news on its front page. It explained that "the news now is so vital that it obviously is wrong that the most important page should be occupied by advertisements."

The Times and the Daily Mail are the only important London dailies with front pages solely devoted to advertisements.

WPA's Super Satire On Itself Opens

NEW YORK, April 25 (AP)—"Sing for your supper," the last theatrical ballad that is the WPA's super satire on itself, finally opened last night after more than a year of rehearsals.

Some of the cast were beginning to believe they would have to go off WPA onto old age pensions, so long did it take for the musical to hit Broadway, and lukewarm reviews in the press today didn't encourage them much.

Mainly About People

Miss Odessa Winkler and Miss Virginia Lee Fortenberry, students at West Texas State college at Canyon, were week-end guests of Miss Winkler's grandparents, Mr. and Mrs. W. M. Castleberry.

Mr. and Mrs. Frank Johnson and family returned Monday night from Anderson county where they attended the funeral of Mrs. Johnson's niece who was killed in an accident.

Mr. and Mrs. C. E. Ward, accompanied by Mr. and Mrs. Ed Ward, left Monday afternoon for Kansas City, Mo., where they will attend a union meeting of Methodist churches beginning on Wednesday. Also Mrs. Ed Ward will visit with a sister.

Dr. R. M. Johnson is attending the Southwest Dental conference in Oklahoma City. He will return to Pampa Friday.

The regular meeting of the Pampa school board was not held yesterday because of absence from the city of members.

A trailer belonging to the Fox Rig & Lumber company, South Hobart street, was hauled from the rear of the yard to a vacant lot about 100 yards away and two trees

stolen sometime last night. City officers are investigating.

City commissioners were to meet briefly this afternoon to transact current business. Mayor E. S. Carr is still out of the city because of illness in his family.

Firemen were called to Christopher Motor company on North Ballard street at noon today to extinguish a car fire. Chief Ben Whits said that employees were washing a car with gasoline which ignited. Chief White today scored the use of gasoline in washing cars. "It's dangerous and unnecessary," he said.

Condition of Jerry Stroup, son of Mrs. Jesse Stroup, was reported greatly improved at Pampa Jarratt hospital. He suffered a compound fracture of his left leg Saturday morning when his horse fell.

F. S. Bailey of Amarillo, assistant district engineer of the Texas highway department, was in Pampa Monday. He inspected the Pampa-Borger road, after he had spent the forenoon in Canadian.

Members of the Gray County Council of Home Demonstration clubs will hold their regular meeting at 2:30 o'clock Saturday afternoon in the office of the county home demonstration agent at the courthouse.

Members of Pampa Townsend club will meet at 7:30 o'clock tonight in the county courtroom.

Sergeant R. H. Routh of the Texas highway patrol, Amarillo, was in Pampa Monday.

Snail Hunter Lost 70 Hours In Swamp

HOMESTEAD, Fla., April 25 (AP)—Dr. John Folk proudly displayed a handful of tree-snail shells today—shells that cost him 70 weary hours alone, lost in a jungle and nearly claimed his life.

He was rescued from a tangle of mangroves on Key Largo yesterday by a searching party that had sought him since Friday. Exhausted and haggard, he was brought to a hospital here.

The 70-year-old retired physician of Bridgeport, W. Va., an amateur naturalist and expert woodsman, left four friends in an automobile while he plunged into woods beside the Miami-Key West highway to gather the snails, and lost his way.

Bull Snake Helps Golfer Make Birdie

NEBRASKA CITY, Neb., April 25 (AP)—William L. Wilson's second shot was 20 yards short on No. 4 at the Nebraska City Country club course. He chipped.

The ball landed on the tail of a bull snake napping on the green, the snake flipped its tail and the ball plopped into the hole for a birdie three.

How FDR Would Merge Agencies

WASHINGTON, April 25 (AP)—Here, in brief, are the government changes President Roosevelt wants to make to help keep "the tools of American democracy up to date":

For Managerial, Planning, and Personnel Purposes.

- The budget bureau, from the treasury to the White House offices.
- Central statistical board, from an independent status to the budget bureau.
- Central statistical committee, to be abolished and functions transferred to budget bureau.
- National resources planning board—combining national resources committee (independent) and employment stabilization office (commerce) to the White House.
- Mr. Roosevelt said one of six executive assistants, to be named later, would serve as a White House liaison agent on personnel.
- Into a New Federal Security Agency.**
- The United States Employment service now in labor department.
- Office of education in interior department.
- Public health service in the treasury.
- National Youth administration in WPA.

Social security board (independent) and,

Civilian conservation corps (independent).

To a New Federal Works Agency.

- The bureau of public roads in agriculture department;
- Public buildings branch of treasury's procurement division;
- Most of the building branch of the national park service in interior;
- United States housing authority in interior.
- To a New Federal Loan Agency.**
- These independent agencies:
- Reconstruction finance corporation;
- Electric home and farm authority;
- Disaster loan corporation;
- RFC mortgage company;
- Federal national mortgage association;
- Federal home loan bank board;
- Home owners' loan corporation;
- Federal savings and loan insurance corporation;
- Federal housing administration, and export-import bank of Washington.
- To the Department of Agriculture.**
- The farm credit administration;
- Federal farm mortgage corporation;
- The commodity credit corporation.
- (All now independent).

Dewey, Taft Named As GOP Favorites

WASHINGTON, April 25 (AP)—Republicans, hopeful last fall's election overturns were a harbinger of better offices to come, are beginning to weigh the chances of potential candidates for the presidential nomination.

District Attorney Thomas E. Dewey of New York and Senator Taft of Ohio, whose names frequently figure in the speculation, have spoken at capital functions in the last 10 days. A long list of other senators, governors, and representatives from strategic states also have been giving addresses throughout the country.

Eight Join Church In Baptist Revival

Eight people united with the First Baptist church during the first three services of the 3-day revival which began Sunday. Different departments of the Sunday School are sponsoring the attendance one night each.

Tonight the intermediates will be special guests of the church. Special accordion numbers will be given by Miss Evans of Panhandle. Rev. Bayless will speak on the subject, "God Is At Your Door." Services begin at 8 p. m. The pastor is preaching and Mr. Nelson directs the song service.

WHITE DEER

(Continued From Page 1)
suit and by 1903-08 had completed the moving job, rolling a number of the old frame buildings a mile down the trail to the new site.

post office which was situated in the old town, while he lived back up on the range some five miles away. It was just a nice horse-back jaunt to and from work, and Mr. Wynne, of course, was an expert horseman. That was in 1893, Mr. Wynne said.

Standing in White Deer today are two or three of the frame store buildings which were moved from the old townsite. One of the things that mark the present town is the monument which stands in the center of the town's main street. Atop the monument base is a replica of a white deer. It has become a community institution and when they took it down a year or two ago there was so much protest over the action that the deer once again was put back in place where it probably will remain until Father Time decrees otherwise.

One of the unfortunate things about writing a series of articles of this type is that time forbids getting around to see and to talk with all those who could contribute many essential facts.

So interesting is the historical background of this section of the Texas Panhandle that it would require a staff of expert historians to spend weeks in one community in order to come anywhere near a full coverage of the forgotten history of days gone by.

The Pampa News writers working on these stories have on the average of one day to spend in each community in order to cover all the grounds before Top O' Texas Fiesta time in Pampa, June 13 and 14. White Deer is no exception to this rule. Several old timers we wished to see when in White Deer were not at home. This also was true of two or three other present day officials of the town. It is not the intention, in writing the stories of Top O' Texas towns, to slight anybody. It is of necessity that some of the highlights will be omitted, but—generally speaking, this series of stories will give a fairly complete background of the section in which we live—and serve to revive memories for the old timers—and make the newcomers better acquainted with the early history of the country they have adopted.

But, back to White Deer—You cannot talk long with anyone in White Deer today that you do not soon get an expression relative to the town's fine school buildings and fine educational set-up as a whole—and they are not bragging, either. The White Deer school system is one of the wealthiest of comparable size in Texas, ranking third in the state in its classification. The high school building now is undergoing a remodeling campaign and work is expected to be finished this summer, making the high school one of the best of its type in this section of the Panhandle.

The entire independent system with two buildings in White Deer and one in Skellytown has a gymnasium in each of the schools, and a lighted field for night football in White Deer. The modern grade school building was completed only two years ago. School officials tell you that when all the work is completed by the end of this summer White Deer will have one of the finest equipped school plants in Texas.

Most of this progressive educational program has been undertaken and pushed ahead under the administration of the popular George A. Heath, school superintendent. Mr. Heath has been an ardent worker for the betterment of schools in the White Deer district. And, of course, without the aid of a capable far-seeing school board, the program could not have been carried through. Members of the White Deer independent school board today are E. C. Shuman, J. R. Nicholson, Dallas Bowsher, E. E. Crawford, F. L. Haiduk, Biggs Horn, G. T. Colgrove, and J. W. Wells, secretary.

Mr. Heath is superintendent of the White Deer high school, Glen F. Davis, principal of the White Deer grade school, and Chester Strickland is principal of Skellytown school. Eugene McCullom is coach of the White Deer athletic teams. More than 300 pupils attend classes in the three schools, according to Mr. Heath.

White Deer is proud of her churches, too. There are five—Presbyterian, Baptist, Methodist, Church of Christ, and Sacred Heart Catholic. The Methodist church observed its 25th anniversary in 1936. With the observance of the 25th anniversary of the founding of the

Sacred Heart Church last July, the 25th anniversary of establishment of the Polish colony in the White Deer community also was marked. Ben Urbanczyk and Henry Czernier were the first two Polish settlers to come to Carson county. They were followed by John Urbanczyk, the Haiduks, Bednars, Gordzielski, Warminski, Kotara, and other Polish families. The families have grown and prospered into a thrifty, high-type of citizenry of which the White Deer community is proud.

The Rev. J. A. Ziemia is present pastor of the parish. In a recent history of the church and the early religious life of the White Deer community, he writes: "Back in the '30s occasional trips were made to the Panhandle of Texas by the Rev. C. M. Pinto. His headquarters were in Trinidad, Colo., and he made these trips by horse-back or prairie schooner to Fort Elliott at Mobeetie and to Tascosa and Chanaling before 1891." Talking up the later history, Rev. Fr. Ziemia writes:

Each day of July, 1909, Henry Czernier left Panna Maria, Karnos county, Texas, in search of a suitable location to establish a Catholic colony in the northern part of Texas. On his way, he stopped at Wichita Falls and Knox City. At Knox City, Knox county, Ben Urbanczyk joined him and they set out for Goodnight, Texas, arriving there July 16, 1909. From Goodnight, they went to Groom and on to Panhandle by horse and buggy, then to St. Francis and back to Panhandle and Groom. Ben Urbanczyk then returned to his home in Knox county, and Henry Czernier stayed in Panhandle for a few days. On July 29 he went to Pampa and inspected the land north of Pampa and south of White Deer.

"On August 23, 1909, he examined the land north of White Deer and chose that location for the establishment of a Polish Catholic colony. The next day he started back to Panna Maria and moved to White Deer in December, 1909, purchasing 640 acres of land about four miles north of White Deer. The second Catholic family to join this colony was that of John Urbanczyk who came from Knox county in September, 1910. In October, 1910, V. Halduk, Jacob Maria, and Thomas Bednars came with their families. William, Gordzielski and family came in December, 1910. During 1911, three families were added to this group, viz., Sam Bednars, Ben Urbanczyk, and Felix Urbanczyk. In 1912, three marriages took place. They were E. N. Czernier, Ben Haiduk, and Henry Czernier. John Kotara and family came in October, 1912, and John Warminski in the spring of 1913."

White Deer's Methodist church was organized in 1911 by the Rev. W. B. McKeown with seven charter members. Probably the oldest church here is the Presbyterian church which was established in 1909 by the Rev. E. Gill, evangelist of the Dallas presbytery. Charter members were Mr. and Mrs. J. E. Mongole, Mrs. G. S. Jackson, Mrs. John Aspersold, Albert Aspersold, and Mr. and Mrs. E. H. Grimes. A church building was built in 1912 and was used jointly by the Methodists, Baptists, and Presbyterians.

Some of the pioneers without whose names no history of White Deer would be complete, in addition to those already mentioned in this series of articles, would include J. D. Edgar, County Judge; J. C. Jackson, who now lives at Panhandle, Mr. and Mrs. Grimes, and John Gores, who lives on a farm five miles north of town.

And, who are the powers-that-be in the modern White Deer? Here is a list of the town's public officials: A. J. Dauer, mayor; George Moss, city secretary; W. R. Weaks, W. B. Carey, E. J. Williams, Roy Matheson, and Eugene Richardson, aldermen; O. H. Rector, constable; H. H. Bangett, volunteer fire chief; J. W. Wells, justice of the peace, and W. C. Powers, postmaster. And, with that—it must be said that there are many interesting stories about White Deer that have not been touched, but in the nearly 6,000 words that have been written in these three installments on White Deer, one gets a pretty good idea that it is one of the Panhandle's most interesting historical spots—and the modern White Deer is a community of civic-minded, God-fearing people, still building a bigger and better place in which to live.

(In the next series of articles, readers will be taken into the historical background of Panhandle, capital of Carson county. The stories of Panhandle will be written by Archer Fullington, city editor of The Pampa News. The first story in Mr. Fullington's series will appear in Thursday's NEWS. Watch for it. Meanwhile, Brownwood Emerson, News' courthouse reporter, has been digging up history around Alabreud and LePors for a special series of highly interesting stories which will follow the series on Panhandle and its immediate vicinity.)

Market Briefs

NEW YORK, April 25 (AP)—Buyers in today's market shunned stocks on a hand-to-mouth basis and, in another of the most sluggish sessions since last June, leading issues edged forward fractionally to a point at the best. Top markets were lower at the finish.

Europe again dominated the market news picture, almost obscuring the few fairly hopeful items that appeared in the domestic section. Tending to lessen war apprehension a bit as a price factor was talk of Hitler's speech before the Reichstag next Friday, answering the Roosevelt peace appeal, might be more conciliatory than had been expected.

Among other considerations were reports Mussolini had an idea for a conference of certain powers and has passed the suggestion on to England. Action on the British Cabinet in voting approval of some kind of compulsory military training was interpreted as a strong hint to the status war preparations are not making.

With the ticker tape frequently halting, transfers for the five hours approximated 400 to 500 shares. Favored the greater part of the day were U. S. Steel, Bethlehem, Santa Fe, Northern, Western, General Motors, Chrysler, Sears Roebuck, Kennecott, Texas Corp., U. S. Rubber and Johns-Manville. Bonds registered selective advances. Commodities, on the whole, lifted upward. Wheat at Chicago pushed up 1/4 to 1 1/2 cents a bushel and corn gained 1/4 to 3/8 cents. In late transactions, wheat was up 3/4 cents a bushel to 1 1/2 cents.

Securities at London, Amsterdam and Paris slipped over a narrow range. Near mid-afternoon Sterling and the French Franc were about unchanged, the former at \$4.88 1/2 and the latter at 2.86 cents. Sales in the High Low Class:

OKLAHOMA CITY LIVESTOCK

(USDA)—Cattle salable 1500; calves 500; plain and medium-bulcher heifers at \$4.00-8.00 and yearlings at \$3.00-5.00; few beef cows 6.00-7.00.

Sheep: Salable and total 10,000; slow, practically nothing sold; early bids on Tex lambs and springers around 25 lower; sheep about steady; Arizona spring lambs held above 10.00; clipped lambs held above 8.50.

CHICAGO GRAIN CHICAGO, April 25 (AP)—The first definite signs of a setback in winter wheat crop prospects since the sharp advance registered by wheat prices in July and September went, representing the new crop, rose a full cent a bushel as less optimistic crop reports came in from various sections of the southwest. Signs of damage inflicted on wheat during the fall and early winter drought are appearing, crop surveys said, and there were reports that high winds and dust are threatening grain in some sections. Rain is needed badly in many districts.

CHICAGO CATTLE CHICAGO, April 25 (AP)—Poultry live, 29 trucks steady; Plymouth Rock springs 21 1/2; other prices unchanged. Butter 88.90, steady, prices unchanged. Eggs 31.02, steady, prices unchanged.

KANSAS CITY LIVESTOCK KANSAS CITY, April 25 (AP)—(USDA)—Hogs: salable and total 2,000; top 6.50-7.50; good to choice 1.00-2.00; Ba 6.50-6.75; heavier scarce; few 270-325 lbs. 6.25-5.00; sows 5.00-7.50; a few 5.50; stock pigs scarce.

CATTLE SALABLE 4,000; total 4,700; calves 1,000; yearlings 1,000; heifers 1,000; cows 1,700.

Burns Fatal To Hero Of Frontier Tragedy LONGVIEW, April 25 (AP)—Thomas Manier died a hero's death in a Longview hospital last night. Burns he received when he dashed into a blazing trailer home to bring out two children, proved fatal. His death brought the total to four. Previously Mr. and Mrs. Luc English and Clotele Blackwell, eight-year-old granddaughter, had succumbed. Clotele and her brother, Bodie, were trapped in bed when Manier, 37, entered the explosion-torn trailer, smashed a window with his fist and shoved them outside.

'Dog Days' Come Early In Year To Courthouse

Coinciding with the advent of the baseball season, the weather is in evidence at the courthouse.

With no district or county court session being held, with violators of the law few, and only an occasional drunk case on the books of the justices of the peace, all is quiet in the block north of Albert Square.

Dominoes no longer interest even such experts as A. G. (Friday) Brandon and the domino table is seldom used.

Taking advantage of the lull, County Treasurer W. E. James and County Auditor R. C. Wilson have rearranged their desks and a table in their combined office in an echeon formation.

County Clerk Charlie Thut has condensed legal papers in some of the 688 boxes of the 30-foot long cabinet in the center of his huge office.

Downstairs into the "myrtle room" has gone a score of file drawers of old records.

Lee Harris, courthouse custodian, has varied his crusade against dandelions on the courthouse lawn, with trying out a new material on two of the sixteen steps leading from the third to the fourth floor.

The 'v' strips covering the steps are well-worn and tattered, and if the new is proven a success, he will renovate the remaining 14 steps.

TAX BILL (Continued From Page 1)

They will recommend changes in the measure approved by the Senate 15 days ago, but the plan still will include a 3 per cent sales tax and increases in natural resources levies.

Supporters of the amendment claimed they now had 84 house votes promised and nine others were doubtful. They need 100. The biggest vote they were able to muster earlier in the session was 79.

Substitute Likely Tax interest was not confined altogether to the House. A majority of a Senate sub-committee intended to recommend tonight that the upper chamber pass a substitute for the House gross receipts tax bill.

House sub-committee members intimated their sales-natural resources tax proposal would be closely similar to the measure which the lower chamber twice refused to adopt. The tax on the consumer would be one cent on each 50-cent purchase or fraction thereof.

Merchants might absorb the tax on sales of 25 cents or less. The only ceiling on old age pension spending would be the amount of revenue yielded by the tax.

The lower branch held a long night session in which little was done except the airing of conflicting views on how the state should dispose of the fact accumulating surplus in the road bond indebtedness fund.

Road Surplus Debated Rep. Joe A. Keith of Sherman proposed a modified form of the "county judges plan." His proposal would distribute the surplus among counties—40 per cent on lateral road mileage, 30 per cent on automobile registration, 20 per cent on population and 10 per cent on area.

The money given the counties would have to be used for the retirement of road bonds if any such bonds were outstanding.

Perkins Heads C-C BEAUMONT, April 25 (AP)—F. D. Perkins of McKinney was elected president of the East Texas Chamber of Commerce, succeeding Paul T. Sanderson of Trinity.

American League Box Score

Table with columns for team, player, and statistics. Includes scores for Yankees, Red Sox, and other teams.

MONTE WINS FIRST NEW YORK, April 25 (AP)—Monte Pearson went to the post for the first time this season and pitched the Yankees to a 2-1 victory over the Athletics before a crowd of 4,320 fans who turned out to welcome the world champion back to their home park.

WALKS COST INDIANS CLEVELAND, April 25 (AP)—Two Cleveland pitchers walked themselves and the Indians out of the series against Chicago yesterday, the White Sox winning 9 to 3.

SECOND FOR BRIDGES DETROIT, April 25 (AP)—Tommy Bridges, veteran right-hander, rang up his second pitching triumph of the season yesterday as the Detroit Tigers defeated the St. Louis Browns, 4 to 2.

SENATORS IN 16TH BOSTON, April 25 (AP)—Overcoming Boston's early lead, the Washington Senators scored a run in the tenth inning yesterday and beat the Red Sox, 10 to 9.

Pampa Women's Brother Dies It was learned here today that Daniel Sutton, 27, brother of Mrs. Reuben Weeks and Mrs. Paul Jones Jr., died yesterday of injuries received in an automobile crash near Albuquerque, N. M.

Seven Schools In County Will Close in May

Seven schools of Gray county will conclude the 1938-39 season within the next month. First to end the year will be the Webb school, where the term ends on May 12.

Members of the Back school board and the county superintendent met at 8 o'clock Monday night at the Back school to discuss the budget and plans for school improvement.

Trustees for those districts that did not hold an election with other school districts on April 1 were named at a recent meeting of the county board of trustees.

IMPROVEMENT (Continued From Page 1)

all necessary water service to any section of the city.

To Cut Water Rate The city manager indicated that when the system is in full force and the additional revenue begins coming in, city commissioners are planning to reduce the Pampa water rate.

Street Topping Program Streets to be topped within the next few weeks include:

Two blocks on N. Hobart, one block on N. Purviance, seven blocks on N. Ward, one block on S. Gray, one block on N. Gray, one block on S. Somerville, one block on W. Browning, two blocks on Crest, one block on N. Gillispie, three blocks on Yeager, one block on N. Wynne, one block on N. Starkweather, three blocks on E. Francis, three blocks on Hazel, and eight and one-half blocks on S. Barnes.

Paving was completed last fall in four blocks on N. West, one block on N. Somerville, one block on N. Gray, two blocks on Georgia, and the grounds on Cooke. Five alleys in downtown Pampa also are to be paved this summer.

The paving program, up until last night, had provided approximately 87,497 man hours of work for WPA laborers. Contractors have set 30,000 lineal feet of concrete curbing and gutter, laid 19,000 yards of black top, laid 15,000 cubic yards of caliche base, and removed 30,000 cubic yards of sub-grade earth.

Steel Work Finished A new steel grandstand at Recreation park is being constructed at a cost of \$36,000 and will be ready for use by the public at the 'Pro O' Texas Fiesta in Pampa on June 13 and 14. Work was completed today on the erection of 100 tons of steel framework for the grandstand.

Upwards of 200 men are employed today on the paving, water and grandstand projects. The waterworks program is operating under a WPA grant and the street paving and grandstand work is being done under WPA.

In addition to this work, approximately 40 young men have been assigned to work under the NYA program which includes work at city schools, football stadium, and the grounds around the city swimming pool.

The new bridge on Mary Ellen street, one of the city's most-needed improvements, is being widened to a roadway of 32 feet. The old roadway was 17 feet wide.

The city manager said that tennis courts at the old water wells, at San Houston and St. M. Baker school will be re-topped.

MIAMI WOMAN III In Vernon Home

Fred Gordon, a cousin of County Attorney Joe Gordon and of Bob Gordon, was called to Vernon last night by the illness of his mother, Mrs. F. W. Gordon, Sr., who suffered a slight paralytic stroke while enroute home from a trip to Gainesville, her former home.

County Attorney Joe Gordon went to his cousin's place last night, then drove him to Glendon where Fred Gordon took a train for Vernon. Fred Gordon lives on a ranch 11 miles south of Miami. His mother makes her home with him.

Mrs. Gordon, Sr., had stopped in Vernon to visit a daughter, Mrs. Kelly Hamblen, before proceeding on her return here.

Bob Gordon said he had heard no report up to this afternoon on his aunt's condition.

Oilers Play At Amarillo Today, Wednesday

Season Will Open In City On Thursday

Manager Grover Seitz and 15 Oilers left this morning for Amarillo where they will meet the Amarillo Gold Sox in a two-game series before returning to Pampa Thursday for the local opening game against the same Gold Sox.

Game time both today and tomorrow in Amarillo will be 3 o'clock while opening game in Pampa will be at 2:30 o'clock at Road Runner park.

It will be Thursday afternoon that Pampa fans will get their first look at professional baseball because Pampa's team is entered in the West Texas-New Mexico baseball league. It is a Class D league.

After Amarillo remains here for games Thursday and Friday, the Lubbock Hubbers will be here for Saturday and Sunday games. Then the Oilers will take a road trip until the following Sunday when they return to entertain Midland. Night ball will be introduced May 8 with Midland the opposing team.

Milbert Vannoy was scheduled to get the nod against Amarillo this afternoon with either Michael Short or John Oris scheduled to chunk tomorrow.

Manager Seitz plans to start Art Verrengia of Los Angeles, Calif., against Amarillo here on opening day. Verrengia arrived here from California Sunday evening and in a workout yesterday he looked like the answer to a manager's prayers.

"We've got a hustling, fighting ball club that never knows it's beaten until the last man's out in the ninth inning," Manager Seitz said today. "The youngsters showed that Sunday against Borger and if they keep it up, I'll be satisfied."

Hill Runs Amuck After Losing To Senor Durano

'It Was a Great Fight, Mom'

Both knew they had been in a scrap when Tommy Farr won his first decision in six starts by outscrambling Clarence (Red) Burman in London. Jack Dempsey's heavyweight had taken a debatable award from the Welshman at Madison Square Garden.

15 Players Now On Roster Of Oiler Baseball Club

The roster of the Pampa Oilers, entry in the West Texas-New Mexico baseball league which opens in Amarillo this afternoon, numbered 15 last night. A team is allowed to carry 17 players for 10 days before the number must be cut to 14.

A dearth of lefthanders is noticeable on the Oiler roster, there being only two and both of them outfielders. Manager Grover Seitz has been unable to find a lefthanded pitcher to date.

Texas leads the way in players

BITS ABOUT BOWLING

Doc Walters, bowling for the Class C Lions club team, burned the varnish off the Berry Alleys last night when he rolled a game of 278 pins and a series of 671 pins as his team took three from the General Atlas company five. Walters got a spare in the fourth game to ruin his series of strikes.

The score was the highest recorded in the alleys this year while the total was the second highest, Art Swanson of the Class A Cabot team having rolled 676 pins three weeks ago. Walters had another game of 232 following the high one.

Clyde Ives had a field day for two games, rolling with the same team, when he toppled 302 and 256 pins before having to leave the game. The Lions club rolled a high total series of 2,680 pins.

Cabot won 2 out of 3 from Clint's Market with Loving topping 604.

Dizzy Dean Will Pitch Next Monday

CHICAGO, April 25 (AP)—When the Chicago Cubs and White Sox play next Monday in the Monty Stratton benefit game, Dizzy Dean will be the starting pitcher for the National League.

Manager Gabby Hartnett said today he thought the loquacious right hander was about ready for regular duty.

"I figure Dizzy's appearance will help the game," Hartnett said, "and I think it's important that we draw as many as possible to that game."

"More than that, however, it will give me a chance to start Diz working toward real pitching shape."

Stratton, the White Sox pitcher, ace last season, lost a leg in a hunting accident. Wearing an artificial leg, he is now a coach on Manager Jimmy Dykes' staff.

Nova Sure Of Beating Baer And Then Joe

By GAYLE TALBOT

NEW YORK, April 25. (AP)—Lou Nova, the most promising young heavyweight of them all, is here for a couple of days, limbering up his valuable muscles prior to going into hard training for his June 1 engagement with Max Baer at Yankee Stadium.

He's as cocksure as ever so calmly certain he will beat Baer and then win the title from Joe Louis in September that it doesn't seem worth while to argue the matter with him. After his first flippant reply ("Baer? Sure, he'll make a good warm-up for me.") we kept the conversation centered upon Nova.

Lou hasn't had a fight since he defeated and almost knocked out Tommy Farr in the Garden last December. Instead, he has taken an intensive course of boxing lessons from Bob McAllister out on the coast, and now thinks he's ready for the big push.

"I've learned more about fighting from McAllister in the last few months than I could have learned in a dozen fights," he declared. "McAllister was one of the cleverest of them all. He's taught me the finer points both of defense and offense."

"I've learned a lot about Baer from him, too. He was one of Max's first teachers, you know."

The California kid says he is not just another young heavyweight. "I wouldn't be surprised if he turns out to be the golden boy. He's frighteningly like Gene Tunney in many ways. He's naturally smart and clean-cut, knows exactly what he intends to do, and is going to be hard to dissuade."

His manager, Ray Carten, says: "We'll have the greatest gang of sparring partners ever seen in a heavyweight camp. They'll all be young, ambitious kids on the way up."

Physically, Nova looks just about perfect. He weighs 206 now and expects to take about six pounds off his legs before he faces Baer.

Beck Becomes Pitching Sensation Of Phillies

By SID FEDER Associated Press Staff

You dig down into the records and find his full name is "Walter William Beck," and that he was with Brooklyn in 1934. That stamps him immediately. Once a Dodger, always a Dodger.

Then you look back some more, and discover this six-foot-two right-hander has been kicking around baseball for 15 years, that he was 33 years old last week, and that way back in '34 he was with the St. Louis Browns before "graduating" to Double-A company.

There's a combination for you—the Dodgers and the Browns. So where does he land? Why, where else but the Phillies?

So step right up and say howdy to the relief hurler who's making talk in the National League. He's from Decatur, Ill., has been with 12 clubs in eight leagues in 15 years, and the Phils signed him up as a free agent this spring.

Since the season opened a week ago, Walter William has been earning big checks and bonus. He has saved two games and won another for the Phils, and is the big reason why Doc Prothro's pretty boys are breathing the unfamiliar and rarefied air of the National League's first division.

Last week he went three scoreless innings against the Dodgers in one game to save a 12-inning tie. Two days later, he was back against Brooklyn in the 12th inning and won.

Yesterday Doc Prothro gave him the "hurry call" again, against the Giants. The New Yorkers had pushed across five runs off Max Butcher and Jim Henry in a big eighth inning and had the winning runs on base. Our hero ambled in and proceeded to give the business to Bill Terry's heaviest ball batters. He got Harry Danning on a grounder to end the eighth, and then in the ninth fanned Master Melvin Ott and Frank Demaree and retired Bananas Bonura on a fly, to hang on to a 6-5 margin for the Phils.

This boosted the Quaker City citizens into fourth place and dropped the Giants and the St. Louis Cardinals downstairs. The Cards and Cincinnati Reds were idle.

The Chicago Cubs and New York Yankees, last year's pennant winners, stayed out in front in their respective loops, with no signs of being overhauled. The Cubs knocked off the Pittsburgh Pirates, 6-2, with Earl Whiteaker, LeRoy Egan, and Lefty Grove, while the Yankees, led by Babe Ruth, beat the Athletics, 3-1.

A couple of 32-year oldsters, Tommy Bridges and Lou Fette, also had a hand in the day's pitching classic, each winning his second in a row. The Yankees' crooning cowboy, Monte Pearson, twirled a four-hitter to beat the Athletics, 3-1.

Despite Jimmy Fox's homer No. 1 Washington's Senators nipped the Red Sox, 10-9, in 10 innings. Cleveland's pitchers walked 15 batters, which made it just a "passing fancy" for the Chicago White Sox to come through 9-3.

Despite Jimmy Fox's homer No. 1 Washington's Senators nipped the Red Sox, 10-9, in 10 innings. Cleveland's pitchers walked 15 batters, which made it just a "passing fancy" for the Chicago White Sox to come through 9-3.

Despite Jimmy Fox's homer No. 1 Washington's Senators nipped the Red Sox, 10-9, in 10 innings. Cleveland's pitchers walked 15 batters, which made it just a "passing fancy" for the Chicago White Sox to come through 9-3.

Despite Jimmy Fox's homer No. 1 Washington's Senators nipped the Red Sox, 10-9, in 10 innings. Cleveland's pitchers walked 15 batters, which made it just a "passing fancy" for the Chicago White Sox to come through 9-3.

Unbeaten Steers Belt Ows 5-2

(By The Associated Press)

The University of Texas' long-range gunners settled the issue early and decisively at Austin yesterday in their 5-2 conquest of the Rice Institute Owls—the only Southwest conference baseball game of the day.

The Texans' eighth consecutive loop victory left their season's record unblemished.

Jack Conway, all-conference shortstop, honored against the right field fence with Bobby Moers and Clarence Pfeil aboard, to give Uncle Billy Ditch's side a first-inning lead.

Bob Evans drove over the wall in the third frame and Charlie Hass doubled into left and raced home on Moer's single in the seventh for Texas' other scores.

The Owls talked in the third when Mechler walked, Kaiser singled and Carswell singled to center, scoring the pair. Floyd Mechler allowed the Steers only five hits. The Owls got the same of Bob Meitzen and Melvin Deutscher.

The next conference game is scheduled Friday when Baylor University's Bears meet the Southern Methodist university Mustangs at Dallas.

Warner To Be Chief Coach At High Scoring San Jose

By SAM JACKSON

SAN JOSE, Calif. (AP)—For his 44th year of football coaching, Pop Warner has an unusual job.

He is "advisory coach"—he coined the title himself—at San Jose State teachers college.

After making headlines for nearly half a century with his teams at Georgia, Cornell, Carlisle, Pittsburgh, Stanford and Temple, Warner is considered by some of his admirers to stepped out of the national picture.

But people who know this inconspicuous school say that actually he has a unique and interesting assignment.

With an enrollment of 3,500 San Jose has more boys training for professional physical education careers than any other school in California. It's considered less important to win games than to see that everybody who wants to learn football gets a chance to play.

Last season, Coach Dudley De Groot had 87 men on his squad. Every one of them played in each of the first four games.

In spite of the carefree attitude toward victories, San Jose won 11 of 12 games last season. The team lost to Hawaii by only one point after a very rough crossing to the islands.

For the last two seasons, San Jose claims to have been the highest-scoring football team in America, with 297 points in 1937 and 322 points in 1938.

Despite the "advisory" tag, De Groot says Warner will be in full charge—coach in fact as well as in name. De Groot has other duties as physical education director.

The report has been widely circulated that the veteran coach took the San Jose job so he could try out some radical theories of play. He has taken occasion several times to deny this.

"No, we'll play good sound football," Warner says. "I'm not going to use the Spartans for guinea pigs. Of course, there will be some variations."

And at practice he usually appears with roughly-scribbled diagrams in his pocket which prove that some innovations are to be tried.

Warner is on a definite salary and is running spring practice. The arrangement is for 1939 only, but college authorities expect it to be continued. With the Warner name attached, they hope San Jose can line up progressively stronger schedules.

A highlight of next season will be the clash on October 20 with the College of the Pacific, coached by another veteran, Amos Alonzo Stagg.

Pals And Oilers Still Undefeated

(By The Associated Press)

The Palestine Pals and Henderson Oilers went into the seventh day of the East Texas League baseball season today with their records unblemished. Each team won its sixth straight yesterday.

Damon Phillips hit to left field, scoring George Sturdivant with the winning run in the tenth as the Oilers whipped Tyler 5 to 4. Henderson scored twice in the ninth to knot the count.

Finch-Hitter Eddie Reeser tripped with the bases loaded in the eighth to give the Pals their 6-3 win over Texarkana.

Each man in the Kilgore lineup hit safely at least once as the Boomers defeated Marshall, 8 to 2.

Joe Eager singled with the bases loaded in the eighth to score two runs and give Longview a 2-1 victory over Jacksonville.

Today's games find Marshall at Jacksonville, Henderson at Texarkana, Longview at Kilgore and Palestine at Tyler.

SERIAL STORY

BORDER ADVENTURE

BY OREN ARNOLD

COPYRIGHT, 1939, NEA SERVICE, INC.

Yesterday, from a restaurant proprietor, Betty Mary learned that she had been spotted at the ranch where he keeps some of his other places. But she knows she might be killed if she is seen there.

CHAPTER XVII

The morning daily from El Paso was as usual on the streets of Juarez at dawn, and as usual Betty Mary bought a copy when she came down to breakfast. She had even acquired a pet newshy by now, a dirty but likeable "munchacho" who came into the hotel dining room.

Border Patrol Checks 'Submarine' Dope Smuggling She left her grapefruit and mint leaves untouched and read every word of the article, which ran more than two columns.

About 6 p. m. the day before, so the story ran, two laborers in dirty overalls, carrying wrenches and other tools, had begun working on the railroad trestle near the Rio Grande river in El Paso's smelter district.

At 10 p. m., one of the laborers, who was really Inspector Hope Kildare of the U. S. Border Patrol, serving temporarily on the customs force, told his fellow laborer, Inspector Sheridan Starr, that "something" was leaving the muddy waters of the Rio Grande river.

"It looks like a dog, or maybe a burlap sack, Sherry, see," Hope murmured, still wielding a large wrench.

"Sure as shootin'!" Sherry agreed. "It just crawled out of the water, and it's slipping right up to Peralta's kitchen door!"

"Keep on acting, but let's edge down nearer the ground. Maybe we can make a run for it."

In 10 minutes they were quietly tightening a bolt on one of the trestle standards, apparently deep in their work. But they were on the ground, several feet nearer the Peralta shack.

"There's another one!" Sherry whispered. "Keep fooling with the bolt though."

"It's a sack, all right," Hope agreed. "It just crawled out of the water, and it's slipping right up to Peralta's kitchen door!"

"Keep on acting, but let's edge down nearer the ground. Maybe we can make a run for it."

In 10 minutes they were quietly tightening a bolt on one of the trestle standards, apparently deep in their work.

"There's another one!" Sherry whispered. "Keep fooling with the bolt though."

"It's a sack, all right," Hope agreed. "It just crawled out of the water, and it's slipping right up to Peralta's kitchen door!"

"Keep on acting, but let's edge down nearer the ground. Maybe we can make a run for it."

In 10 minutes they were quietly tightening a bolt on one of the trestle standards, apparently deep in their work.

"There's another one!" Sherry whispered. "Keep fooling with the bolt though."

agreed in a moment. It's being pulled by a wire, or something. Let's make a run for it, huh?"

"Okay. You dive for the bag. I'll go in the front door."

In that instant they dropped their tools and ran. Hope pounced on the muddy bag and fired it, but Sherry had a bulky object, about two feet long and half as thick, and was dragged by a wire.

Sheridan Starr burst into the front door of the shack with no ceremony. "Manos arriba!" He commanded. "Los federales aqui!"

Four men in the Peralta kitchen-dining room were on hands and knees. They turned to him in consternation.

Instantly one drew a pistol and fired it, but Sherry had kept in motion. He grabbed the first object at hand—a chair.

Crash! It swung in a terrific arc, floored one man and knocked another cold. The pistol skittered across the floor.

Hope burst in then and a few quick flat blows gave him and Sherry mastery of the situation. All the fight was gone out of the four men, and it was easy to tie them with strands of their own wire.

When the prisoners had been taken to jail for formal booking, newspaper reporters, of course, were eager for the details.

"Why, uh, this Peralta," Sheridan explained, to their questioning, "he works for the city as a street cleaner. And he began showing signs of more affluence than his salary justified. We got suspicious of him, watched his shack, saw him operating his submarine. That's all."

"They had the cocaine sealed inside tin buckets, and these inside the burlap bags. Is that right, Mr. Starr?"

"Yes. The bags were weighted with rocks, so they would slide on the river bottom. That way nobody had to show themselves. The bags could be pulled right to Peralta's door from some bushes across the Rio. He's probably been doing it for months. Normally nobody would notice it, especially at night."

"Who was sending it across from the other side?" the reporter asked. "Well, probably Luis Barro. His dog is always wrapped in the same kind of little capsules, so it can be easily retailed. I'm sorry Barro wasn't in the bag himself."

BETTY MARY read with so much interest that her coffee and her hot cakes became cold. Then she hurriedly ate them lest she arouse suspicion. When she had finished she took her sketching pad and pencils and went out

on the street. She wanted to sit in the plaza sunshine and think. For one thing, she was discovering more and more that Washington headquarters could not possibly realize what tremendous odds were faced by the federal officers along the Mexican frontier.

Even with the friendly Mexican government co-operating as best it could with Uncle Sam, such elusive, clever swindlers and smugglers as Luis Barro could function virtually unmolested. The boundary is too long, with too few men to guard it.

Topography, climate, and general circumstances are utterly foreign to Washington's knowledge and way of thinking, Betty Mary told herself now.

Toward mid-morning she went to the Place of the Sleeping Monk. It was the hour when most likely to be free of customers, and her fat and sociable friend Pablo could talk to his heart's content.

He was excited when she arrived, but fortunately not suspicious. "They break opp the submarine!" he declared hoarsely to her.

"You have seen the paper, senorita? You have seen? Don Luis—he is black with anger, that one! He come here and snap at everybody. He is danger when is so!"

"Goodness!" Betty Mary was truly alarmed. "It was make him most money of all, that submarine. He will surely have that Peralta kill when he leave the American jail. Peralta he get the great head! He make money, so he show off, hah! Los federales, they watch everything. They see him. Now Don Luis fix. He may have the officers kill too, for his revenge. You will see."

"Don Luis is—very angry about it?" she probed sympathetically. "Si, senorita! You alone might comfort him, who can say? But he is very rush. He have the big business, and it grows—so!" Pablo indicated with spreading arms that it was expanding, whatever the business was.

"Getting much bigger, no doubt?" Betty Mary tried not to appear too interested. But she was striving also for every tiny detail.

"Seguro si! Is great number, next time. Estranjerios. If los federales work hard to break his narcoteek business, Don Luis he is smart, he is change to estranjerios again. You see, senorita! Is smart man. First one, then the other one. Keeps los federales on the quick jump. He is outsmart them, hhh!"

"We must help him with this—uh—next big job," she encouraged. "Si. He is black angry today. Now he is make the small army of his own. He would like to kill los federales with his own hands."

Fifty Shamrock Seniors To Get Diplomas May 19

SPECIAL TO THE NEWS SHAMROCK, April 25.—Fifty seniors will receive diplomas from the Shamrock high school, Friday night, May 19, when the graduation exercises will be held in Clark auditorium, according to W. C. Perkins, superintendent of schools. The graduation address will be made by Dr. H. H. Armstrong of the University of Oklahoma.

H. P. Cooper, pastor of the local Church of Christ, will deliver the benediction at services to be held in Clark auditorium on Sunday night, May 14, at 8 o'clock. Seniors to receive diplomas include Lyman Benson, Deswin Bolland, Helen Brewer, Wesley Bule, Fred Burcham, Elsie Butts, Oscar Butts, Billie Cantrell, Gene Caperton, T. C. Davis, Wanda DePew, Billie Frank Dickie, Pat Etter, Winfield Evans, Joyce Franks, Jack George, J. W. Hanes, Leon Hefley, J. F. Henderson, Daylon Johnson, Billie Mae Lisle, Hugh Lyle, Jimmie McCormick, Grace Powell.

Klone Brown, Vernon Purcell, Irma Lee Rabo, Maxine Reeves, Virginia Reeves, Mary Adele Roach, Robert Roach, Doris Schenck, Harold Smith, Ernest Small Jr., Marjorie Slatenberger, Hazel Tinsley, T. V. Wade, Thelma Wagner, Virginia Lee Watterline, Jewell Williamson, Amos Wilson, J. B. Zeigler, Laura Ray, Jack Griswold, Mary Frances Berry and Joy Blount.

Townsend Plan To Be Subject Of Play

Explanation of the Townsend plan through drama will be presented here soon by members of Pampa Townsend clubs when the play "Today and Tomorrow" is staged at the city hall auditorium, according to Mrs. Betty Richardson, one of the play's directors. Mrs. P. D. Ferguson is the other director. Proceeds of the play will be used to send the two Pampa Townsend delegates, Charles Zimmerman, of Pampa Townsend club 1, and Charles W. Mason, of Pampa Townsend club 2, to the national Townsend convention to be held June 22-25 in Indianapolis. Following the meeting of the Pampa Townsend club 2 at 7 o'clock in the county court room, another rehearsal of the play will be held. Rehearsals started April 20. Date of the play has not been set but it is expected to be given within a few weeks.

There are 22 in the cast of the three-act play. Both Pampa Townsend clubs are represented in the cast. Blue mold, a tobacco plant bed disease, made its appearance in Florida for the first time in 1939.

Germany Seeks To Prevent Decision In Claims Trials

WASHINGTON, April 25 (AP)—Dr. Victor Hucking, German member of the mixed claims commission, has quit the tribunal in the midst of its deliberations over World War sabotage claims, it was learned today, and has been recalled permanently to Berlin. An authoritative source said his departure "undoubtedly meant Germany had scant hopes of winning the case." This source saw in the recall a possible German move to prevent any decision in the near future. The claims total \$50,000,000 and were made by Americans against Germany as a result of the destruction of a railroad terminal at Blak Tom, N. J., and an arsenal at Kingsland, N. J., before the United States entered the World war.

Hucking's departure from the United States came shortly after the communism in January heard final arguments on an American motion to reverse a decision made in Hamburg in 1930, which exonerated Germany for the losses. It was authoritatively said in American quarters the absence of a German member at this stage, however, would have no effect on the outcome. The German embassy would not comment other than to say Hucking had returned to his country to "take up anew" his duties as a justice of the court of appeals of Prussia.

Garner Committee Will Be Organized

DALLAS, April 25 (AP)—Organization of a "Texas Garner-for-President committee" was announced here last night by E. B. Germany, chairman of the Texas Democratic Executive committee. The organization will open offices here May 1, with Germany and Mrs. Clara Driscoll of Corpus Christi, Texas Democrat National committee-woman, serving as co-chairman. Germany explained the committee was organized without the knowledge or consent of the vice president, but predicted Garner would accept the nomination if it were tendered him because "Garner has never yet failed to heed the call to duty."

The committee chairman said the committee's purpose was in keeping with a resolution adopted at the Beaumont convention of Texas democrats and with a resolution passed recently by the Texas legislature, both of which urged Garner's nomination. Commercial production of 22 truck crops in the United States in 1938 reached a new high record of 12,227,000 tons. More than 1,200 registered bulls were placed in Louisiana during 1938 in the state's livestock improvement program. Louisiana and would not return to the United States.

Eliot Sees All Great Fleets Moving To 'War Stations'

By GEORGE FIELDING ELIOT (Copyright, 1939, NEA Service, Inc.)

In recent days of growing strain and war-tension, we have seen four important naval moves. Each of the movements is highly significant and has a direct bearing on the international situation.

FIRST: The concentration of the British Mediterranean fleet in the eastern Mediterranean. Here, we were told that the object to "protect Greece" or, more specifically, Corfu. But it is clear that in any Mediterranean struggle between Britain and Italy, the principal British object would be to blockade Italy, since the latter power is most vulnerable to this form of attack.

A close blockade of the Italian coast, considering Italy's strong air and submarine forces, is hardly practicable. But the object can quite as well be achieved by blocking both ends of the Mediterranean Sea. The British Mediterranean fleet, based on Alexandria, Haifa and Cyprus, is sufficiently strong for the eastern end of this process, even

supposing that Malta proves untenable under air attack.

Moreover, British naval preponderance in these waters would accomplish other objectives:

(1) The severance of communications with Italy by the Italian forces now concentrated in the Dodecanese Islands.

(2) The protection of the Suez Canal against a sudden eruption from this source, or from Italy direct.

(3) The imperiling of Italian communications with Libya, thus making a direct contribution to the defense of Egypt.

(4) The cutting of the only direct sea route from Italy to her East African possessions.

(5) Reassurances to Turkey, thus securing the vital passage of the Dardanelles, by which route only Rumania and Russia can be directly reached.

(6) Reassurance also to Greece, which can be supported in case Italy tries, from Albania, to drive overland by the old Roman road

toward Salonica and the Dardanelles.

SECOND: The concentration of the French fleet at Toulon and its departure thence for an unnamed objective.

This is the western end of the Mediterranean—blockade of Italy.

It is an error to speak of an Anglo-French "naval concentration" in the Eastern Mediterranean, as the French can never afford to abandon their vital line of communications with North African colonies.

Their present dispositions not only protect this line, but also (1) Cut off the Italian forces in Spain, and Franco as well from further Italian support, (2) Render difficult if not impossible any Italian operations based on Spanish Morocco; (3) Cut off the larger part of Italy's seaborne trade, that through the Strait of Gibraltar.

THIRD: The announced move of a part of the German fleet to the Atlantic for "maneuvers off the coast of Spain." Both in London and Berlin this has been remarked upon as "assuring a period of relaxation," since it is stated that Germany would surely never begin a war with her fleet absent from its home ports.

Nothing could be farther from the truth. The coast of Spain is quite obviously the war-station of the German navy. Indeed, the German admiralty could not, if it anticipated war, possibly permit the German fleet to be caught at home and there blockaded by the British, where it would be of no value whatever to the German war-effort. The Germans have not forgotten the lessons of 1914-1918.

Germany can not hope to fight the British home fleet successfully—her navy is nowhere nearly strong enough for that. Its larger ships contribute little or nothing to the security of the German coast against direct attack.

But in the Atlantic, operating on

'Actress' Temple Turns Dramatic

Now considered an "actress," Shirley Temple is shown as she appears in "Sussanah of the Mounties," which gives her most difficult dramatic role of her career. She's discarding cute song-and-dance numbers.

the British trade routes which are vital to the life of British industry and to the feeding of the British people, the German fleet could be a menace.

Its numerous submarines, perhaps reinforced by Italian submarines, would compel the British to start conveying their merchant ships, as they did in the last war, while the German armored ships—the three "pocket-battleships" and the two newer battleships of the "Scharnhorst" type—could then attack the convoys, destroy the escorts and fall upon the merchant shipping.

It is to be remembered that these ships are specifically designed for this very purpose. None of them is capable of fighting in the line of battle against contemporary British or French battleships, but any of them is heavily superior to any British cruiser, and has sufficient speed to run away from any British capital ship except the three battle-cruisers, "Hood," "Repulse," and "Renown." Indeed, the "Scharnhorst" can probably get away from the latter two.

FOURTH: It is announced that the main part of the United States fleet will return immediately to the Pacific instead of coming to New York for the world's fair.

This is not by any means a peaceful gesture toward the foreign powers. It must not be forgotten that the one really powerful non-European naval power besides ourselves is Japan, which has always shown a tendency to take advantage of European crises to accomplish objectives of its own. Nor must it be forgotten that in the whole Pacific area there are normally only two military factors which can be disquieting to Japan: one is the Red army in Eastern Siberia; the other is the American navy.

The Pacific ocean is just as truly the proper "position in readiness" for our fleet in time of crises as is the coast of Spain the proper war-station for the German.

For our fleet to be absent from the Pacific at such a time would be an invitation to the Japanese to attempt some further "coup," the accomplishment of some advance in the Philippines, in French Indo-China, in the Dutch East Indies or even British Malaya.

Bus Driver Gives Picnic For School

SPECIAL TO THE NEWS
DENWORTH, April 25.—Bud Back, bus driver of the Back school district, entertained the Back school students with a wiener roast at the C. M. Carpenter grove on McClellan creek at 4:30 o'clock Thursday afternoon.

Games were played, after which wieners and marshmallows were eaten.

Those attending were G. N. Pearson and Lucille Scott, Back teachers; Mrs. Bud Back, Mrs. Milton Carpenter, and Mrs. G. N. Pearson; W. R. Brown, Iona Hale, Joyce Dowell, and Sonny Boy Back, high school students.

Elsie Mae, Mildred and Mary Ruth Holloway; Billie Ruth; Wanda, Freddie and Bobby Jones; Will Ferguson, Scott and Richard Ingram; Earlene Eustace; Rheta Pearl Hale; Louise and La Voy Farris; Stevie Thompson; Douglas Ivy; Virginia Hale; Minnie Kathryn Morse; Donald Dowell; Florence and Windell Matthews; Clella and Claude Pearson; Loujuana Roberts; Jack and Effie Lou Carpenter; Jackie Gross; and Jimmy Carpenter.

The first free library in the world was established in Manchester, England, in 1653.

Buffalo Lake Opening Will Be On May 28

AMARILLO, April 25. (AP)—Buffalo lake, a water conservation project near Umparger and the Texas Panhandle's largest body of water, will be opened officially May 28 for recreational purposes.

Governors of several states, government officials from Washington, possibly including Vice President John N. Garner, movie stars and other celebrities are expected to participate.

The formal opening will be in charge of the Panhandle Water Conservation authority, sponsor of Buffalo lake and six smaller projects in the High Plains, and the soil conservation service, in charge of maintenance and administration of the project the coming season.

After the official dedication the Plains boat club will hold a regatta in which more than 100 speedboat drivers are expected to enter. Recreational facilities will be opened to the public immediately after the races.

Officially known as the Tierra Blanca Water Conservation project, the lake will cover 1,850 sur-

face acres when filled and have 18,200 acre feet of water extending 6.3 miles. The dam is 835 feet long and 53 feet high at the deepest part of the creek bed.

Other projects in the Panhandle designed for recreation, flood control, and water and wildlife conservation, are located on Boggy creek near Canadian; McClellan creek near Pampa; Rita Blanca creek near Dalhart; Tule creek near Tulla; Wolf creek near Perryton and Running Water draw near Clovis, N. M.

McLean Pastor Will Move To New Mexico

SPECIAL TO THE NEWS
McLEAN, April 25.—Elder Glenn A. Parks, who has been minister of the Church of Christ at McLean the past nine months, will move to Clovis, N. M., where he will begin work for that congregation on May 1.

Elder Parks was minister at Hainsville, La., before coming to McLean. He and his wife and two daughters, Medina and Patricia, will visit with relatives in Louisiana and Arkansas before going to Clovis.

Being regarded as vermin, rabbits are not allowed to exist in Denmark. Their extermination has been ordered in Belgium, Germany, and Sweden, also.

Fourth XIT Reunion To Be Aug. 6-7

DALHART, April 25. (AP)—The general committee has set Aug. 7 and 8 for the fourth XIT reunion at Dalhart, the annual tribute to the veteran cowhands, and their families, who once rode the 3,000,000-acre Panhandle ranch with which Texas in the 1880's paid for its state capital.

The ranch in its entirety sprawled from near Lubbock to the Oklahoma border in a strip about 80 miles wide and 200 miles long. The No. 1 division headquarters still stands, 32 miles north of Dalhart, and each year some of the veteran punchers and other pio-

neer westerners make a pilgrimage there during the reunion.

It was there in 1885 that A. B. Blocker, now 83 years old, of Big Wells, Texas, designated the XIT brand with his boot heel in the dust of the corral and burned the first XIT brand on a cow. He was then a Tom Greene county toll driver and had delivered to the No. 1 headquarters the first cattle for the new ranch. Col. "Barbecue" Campbell, first general manager, hadn't designed a brand and asked Blocker for an idea. The XIT, Blocker said, could be run with a straight iron and if put on correctly could not be successfully burned over by rustlers.

Blocker was honor guest at the reunion last year, and has agreed to return this year, said John Colquitt, chairman of the general committee.

The price of gasoline includes approximately 20¢ accumulated taxes.
