Kennedy Signs Test Ban Treaty Into Law

Pact in Effect This Thursday

By DONALD MAY

United Press International

WASHINGTON (UPI) — President Kennedy today signed papers formally ratifying the nuclear test ban treaty with a vow that "if it fails it will not be our doing."

"And even if it fails," the President said, "we shall not regret" having signed the treaty which he called "a message of hope for all the world."

The President pledged the United States to "the letter and spirit" of the treaty outlawing all but underground tests. He urged others to do the same.

But he vowed the United States "can and must keep our vigilance" under terms of the treaty, which has been signed by more than 100 nations since it first was signed by the United States, Russia, and Great Britain in Moscow in early August.

Kennedy signed four copies—one for each of the governments of the three original signers of the treaty and one to be put in the U.S. National Archives.

He signed the first copy at 8:04 a.m., CST in the historic Treaty Room of the White House.

Fear vs. Hope
Kennedy said that in the first decade of nuclear energy there has been fear and some hope about how the awesome power would be used.

"Today fear is a little less—

hope a little greater," he said in a statement.

Kennedy was flanked by members of Congress; Vice President Lyndon B. Johnson, Secretary of State Dean Rusk and other members of the administration involved in the long process of negotiation and ratification, including Undersecretary of State Averell Harriman, the U.S. negotiator in the test ban talks in Moscow.

Senate Republican Leader Everett Dirksen, Ill., whose Senate speech in favor of ratification helped overcome some of the Senate opposition to the treaty, was among those receiving the 18 pens used in the ceremony.

Kennedy said that what the future will bring in the nuclear field "no one of us will know." But he said that even if the limited treaty is to succeed all nations must keep both the letter and spirit of the agreement.

"If it fails, it will not be our doing," he said.

Effective Thursday
The pact goes into effect Thursday when the three countries that drew it up deposit their ratification documents in each other's capital.

Kennedy said that "and even if it fails we shall not regret" having signed it.

The Senate voted 80-19 on Sept. 24 to ratify the treaty.

The test ban treaty resulted from U. S.-British-Soviet negotiations on Oct. 31, 1952 in Geneva. For years the talks were bogged down over the issue of inspection against cheating.

The treaty has ushered in a new phase of U. S.-Soviet relations — a period of cold war lull, in which both sides are cautiously exploring possibilities of further tension-easing agreements.

Castro Takes Charge of Relief
—MIAMI (UPI) — Fidel Castro took personal charge of relief operations in stricken areas today as Cuba braced for Hurricane Flora to sweep across the island for the third time.

The hurricane, stalled off the south coast of Camaguey for more than 24 hours, showed indications of moving north today in a course weathermen said would bring it close to Camaguey City.

Adventurers Are Found Safe, Sound

CHIHUAHUA, Mexico, (UPI)—Fourteen Americans and three Mexicans who were feared lost in the wild canyon country of northwestern Mexico are all safe, a pilot reported from the scene today.

Jesus Acosta Munoz, a pilot who took U.S. Vice Consul Robert Homer to the area where the men were feared lost radioed back that all were safe.

Acosta Munoz said he was able to land and talk with the explorers and said they were in good shape. Three Mexicans were with the Americans.

Reports that the Americans — 12 men and 2 women were lost and perhaps starving had caused a big air search to be mounted today. Two U.S. Air Force helicopters and a twin-engine C-47 were ordered in from El Paso, Tex., to help search.

A U.S. Air Force Reserve command plane earlier left El Paso to fly over the mountains and deep gorges of the Sierra Madre country. The Americans were exploring the Rio Urrique, a treacherous, swollen river.

The Americans were from Utah, California and Pennsylvania. Acosta Munoz said they turned up in Creel, a city 160 miles west of Chihuahua.

Creel is on the edge of the canyon country. It is the takeoff point for people going into the Sierra Madre. The Americans were expected to take a train

Flora Is Again Headed for Cuba

MIAMI (UPI)—Hurricane Flora appeared today to have started a slow turn to the north which would bring it across already-ravaged Cuba for a third time.

The storm, with more than 400 dead in its wake, started its turn to the north after being stalled in the Caribbean just south of Cuba's Camaguey Province for more than 24 hours. Winds near the center were about 100 miles per hour.

At 7 a.m., CST, the Miami Weather Bureau located the storm 380 miles south-southeast of Miami.

Forecasters said the storm would come close to the city of Camaguey, already badly hit by high winds and heavy rains.

All Texas Air Tour To Arrive In Pampa Tomorrow

The All Texas Air Tour, including 60 planes and more than 100 people will arrive in Pampa at 5 p.m. tomorrow for an overnight stop. The Aviation committee of the Chamber of Commerce will greet and entertain the air tour guests.

The public is invited to attend the barbecue dinner to be served at 6 p.m. on the south 40 of the Coronado Inn. Roy Brown will entertain at the "rinky-dink" piano. Reservations will be accepted until noon tomorrow at the C. C. office, MO 4-3241.

This is the 15th All-Texas Air Tour which is sponsored by the Texas State Aviation Association, Texas Private Flyers Association, Texas Flying Farmers, Texas Ninety-Nines and the Texas Wing of the Civil Air Patrol.

The tour started Saturday at Temple, Tex., and will end Oct. 12 at Victoria, Tex. Thirty-seven Texas towns will be visited this year.

Fast efficient Tune-ups. Call Lloyd Kuntz Sinclair, MO 4-7181 (Adv.)

CURRENT LITTLE THEATRE PRODUCTION — Shown are members of the cast in the Pampa Little Theatre's latest production, "If a Man Answers" by Winifred Wolfe. The first production will be Thursday at 7:30 p.m. in the Pampa Junior High Auditorium. A second performance is scheduled for Friday evening. Cast members shown are standing, Weynoka Yarbrough; seated left to right are; Kay Cobb, Don Pope and Janice Cope. (Daily News Photo)

'If a Man Answers' Will Begin Thursday At PJHS Auditorium

The Pampa Little Theatre will perform its fall production, "If a Man Answers," at 8 p.m. Thursday and Friday in the Pampa Junior High auditorium.

Written by Winifred Wolfe, the three-act comedy is directed by Frank Hatcher. It has a cast of 14 characters, including Kay Cobb as Chantal, Bill McGowan as John Stacey, Weynoka Yarbrough as Germaine Stacey, Don Pope as Gene Wright, Janice Cope as Tina Brooks, Marie Jones as Miss Kaye, Edd Rowntree as Mr. Chadwick, Clois Lyon as party guest, Alice Hayes, flower shop clerk, Frank Hatcher as a strange man and Ruth Lawley, Chleo Worley, Stena Hatcher and Donna Lamar as the four models.

The play concerns the Stacy family, which consists of the mother, Germaine, who is French; the father John, a proper Bostonian and Chantal, the daughter, who is in her own words, "split right down the middle. Boys call me the kitchen sink because I run hot and cold."

Committee chairmen are Homer Kruger, building and sound; Joy McGowan, painting; Jim Terrell, lights and makeup; Joyce McCausland, props and set decorations; Jerry Douthit, ticket sales and publicity; Rowntree and Chuck Lockhart, refreshments and Georgia Mack, house management.

Tickets are available from any Little Theatre member or at Richard Drug. Tickets are \$1.25 adults, and 75 cents, students.

Officers for 1953-54 are Marie Jones, president; Mrs. Mack, vice president; Kay Cobb, secretary; Jim Douthit, treasurer.

Previous productions are "Arctic and Old Lace," "The Night Is My Enemy," "George Washington Slept Here," "The Glass Menagerie," "Manana Is Another Day," and "Blythe Spirit."

Future productions for 1954 include "The Prince and the Pauper," to be directed by Glenna Le Miller. Original music will be written and directed by Homer Kruger.

Cosmonauts Plan To Be Married

MOSCOW (UPI) — Moscow buzzed today with reports that Nikolayev and pioneer spacewoman Valentina Tereshkova will marry.

Well-informed sources said the dimpled, 26-year-old Valentina will wed the handsome, 33-year-old "most eligible Soviet bachelor" early this winter.

Russians have been calling them "the star crossed lovers" for months.

There was no formal announcement. But reports of the engagement came from Moscow's suburban "space town," the community of Soviet-cosmonauts.

The romance was no surprise. Even as Miss Tereshkova was orbiting the earth to become the world's first woman in space last June, there were reports that there was more than professional comradeship in her friendship with Nikolayev, who had joined Pavel Popovich in the first joint flight of two spaceships the previous August.

Valentina now is on a tour of Cuba. Nikolayev is living at the space town.

WEATHER FORECAST

Pampa and Vicinity: Continued fair through Tuesday. A little cooler today with not much change in temperature Tuesday. High today in the low 80's. Low tonight in the upper 40's. High for Tuesday in the mid 80's.

The high in Pampa yesterday was 88. The low this morning was 51 with no moisture reported.

If it comes from a hardware store we have it. Lewis Hdw. Adv.

Red Cross Receives Aid from United Fund

The Red Cross is a nonpolitical, non-sectarian, and non-ideological agency. The local chapter is financed through contributions to the United Fund. The Red Cross slogan is "Always there — with your help."

(See Photo on Page 3)

The Red Cross Gray Ladies work in local hospitals and visit in homes of shut-ins. The High School Volunteers are a high school group of girls wearing blue pinafores, who serve juice to hospital patients on Saturday and Sunday afternoons and days off from school.

The Red Cross teaches "Mother and Baby Care" courses to young couples and gives instruction in care of the sick and injured to the community and high school.

This year the Red Cross commemorates its 100th anniversary, for it was in 1863 in Geneva, Switzerland that the Red Cross was organized. At the Geneva convention, the Red Cross became the international symbol which has cared for wounded and prisoners of war and aided victims of disasters.

Cats Are Ill

LONDON (UPI) — Sir John Smyth and his wife said today they broke off their vacation on Majorca and flew back to London because their two Siamese cats fell ill.

"The fact that we were at their bedside helped them to recover," Sir John said. "The Siamese is the most intelligent animal I have even come across. They can very nearly talk, you know."

F.Y.I.

FOR YOUR INFORMATION
By JOHN SHIPMAN
Pampa News City Editor

Yesterday was the first edition of F.Y.I. and today is the first correction. In the comments about the Pampa Little Theatre production upcoming the latter part of the week, Thursday and Friday nights to be exact, it was stated by me that it would be held in the PHS auditorium, however, the play will be presented at the Pampa Junior High Auditorium.

It might be well to add that the play is a very good production and well worth the enjoyable moments you will spend watching a fine group of young actors and actresses perform.

Remember the time is 8 p.m. and the dates are Oct. 10-11.

Some people say that the growth of a city can be measured by the construction and repairing that is being accomplished. If this is the case, then the city of Pampa is truly showing all of the earmarks of a growing city.

The next time you are in the downtown area of our city note the new curbing that is being constructed on Cuyler. There will be no more scraping the bumpers on the curbs, as they are being lowered.

Number two: A new nursing home is under construction in the northwest part of the city.

Numbers three and four are the two new business establishments that have been constructed in the past few weeks, also in the northwestern part of Pampa.

So, if the saying is true, then Pampa is truly a growing city.

Following along the same lines it might be well to mention that an industrial survey is to get underway in Pampa very soon. Purpose: To help the city leaders and the people of Pampa make Pampa more attractive to new industry.

Tomorrow afternoon the All Texas Air Tour will arrive in town at 5 p.m. for an overnight stay. We are glad to welcome them to Pampa. Also there will be a barbecue dinner on the "South 40" of the Coronado Inn at 6 p.m. Reservations may be made by contacting the Chamber of Commerce office, MO 4-3241, before noon.

The Groom News had this little gem by Jeff Gray, which seems to be a suitable closer.

DAD LINGO'S GREAT GRANDSON, JERRY

Jerry, down in Arkansas was headed for despair. He completely stopped working and parked in an easy chair.

After months of persuasion by his ma and pa Jerry traded his easy chair for a hammer and a saw.

Now Jerry doesn't coffee break. He doesn't watch the clock. He is the happiest carpenter down in Little Rock.

JUST ORDINARY PEOPLE

DOWNHAM, England (UPI) — The Rev. Cecil H. Buckingham, Anglican vicar of St. Barabas Church, held his second annual harvest festival service Sunday night in the nearby Downham town, the neighborhood pub.

"If the people won't come to us, we will go to them," the vicar said. "So many people have the idea that those who go to church are a bit queer. We aim to show them we are just ordinary people."

SIGNS UP AGAIN

HONITON, England (UPI) — The British army's oldest old soldier, Lance Cpl. Tom Hooper, celebrated his 65th birthday Sunday by signing on for another year in uniform.

CAR-PICKUP-FIRE HYDRANT MISHAP — Shown is the car in the background which collided with the pickup in the foreground yesterday shortly after 6 p.m., according to Highway Patrolman Lawrence Macha. The car was driven by Wayne Sims of Amarillo who was treated and released at Highland General Hospital. The pickup belonged to Lewis Gallamore of 700 N. Wells. The pickup sheared the fire hydrant, right foreground, level with the ground after being struck by the car, Macha said.

Mrs. Laura Belle Cornelius
... Woman of the Week
(Daily News Photo)

National Business Women's Week Will Honor Mrs. Laura B. Cornelius

Mrs. Laura Belle Cornelius has been selected by the Pampa Business and Professional Women's Club as Woman of the Week during National Business Women's Week, Oct. 6 - Oct. 12.

A pioneer of the Panhandle of Texas, Mrs. Cornelius was born more than fifty years ago to Mr. and Mrs. H. H. Smith of Canadian. She attended Canadian schools, graduating there. She attended college at the, then listed, West Texas State-Teacher's College, in Canyon.

She was listed in "Rodeo Town" by Stanton, as a school teacher in 1927 before her marriage in 1928. Her family moved to Pampa in 1931 where her three children were graduated from Pampa High School. They are: Jean (Mrs. Ross McElreath of Houston) who received a B.A. degree from Rice in 1954; Lynn (Mrs. Frank C. Cooksey of Washington, D.C.) who received a B.S. from Texas University in 1958; and Robert Cornelius who attended West Texas State University and is now in business in Irving.

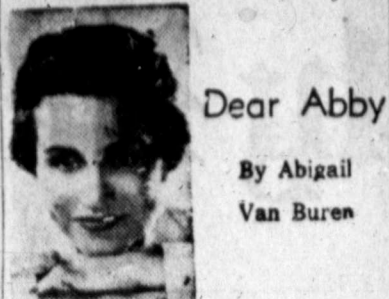

Mrs. Cornelius has, for twenty years, been a member of the Pampa Chapter No. 65, Order of the Eastern Star.

She is a thirty-year member of the First Christian Church of Pampa, serving on the board, and as president and secretary of church organizations.

She has been an active member of the Business and Professional Women's Club in Pampa since 1937, serving as president in 1959-1960 and presently is serving as representative to the Council of Clubs. She was co-chairman of International Relations the past year.

An accountant, employed by the Ford Agency, Mrs. Cornelius sends a report each month to the Ford Motor Company, striving to receive a Merit of Achievement to be presented by Ford at the end of the year.

Quick switches add style to lady's locks. The latest Charles of the Ritz hair pieces, for example, attach to an elasticized ribbon for jiffy placement. The switches give hair fuller body and even make short hair seem longer.

Dear Abby
By Abigail Van Buren

DEAR ABBY: My problem is one that bothers thousands of other G.I.'s so I hope you will print your answer because it is needed badly. I am a happily married man with a wonderful wife and two small children back in the States. I've been in Korea for four months. After living a normal married life for three years, what is a young, healthy man supposed to do for his physical needs? There are 12 women for every GI over here, and women practically throw themselves at our feet. Don't get me wrong, Abby. I love my wife and always will, but I have another twenty months to go, and I am only human. This letter is sincere and I am not ashamed to sign my name, but if you use it, please sign me, "JERSEY"

DEAR "JERSEY": Assume for a moment that I received the following letter:

"DEAR ABBY: I am a happily married woman with a wonderful husband and two small children. My husband has been in Korea for four months. After living a normal married life for three years, what is a young, healthy woman supposed to do for her physical needs? There are plenty of men around, and when they learn that my husband is in Korea, they practically throw themselves at my feet. Don't get me wrong, Abby. I love my husband and always will, but I have another twenty months to wait, and I am only human.

(signed) "JERSEY'S WIFE" Well, Jersey, I would tell that woman to keep as busy as possible with her duties and as many wholesome activities as her time and energy permit. I'd suggest reading, exhausting physical exercise, and yes, even prayer! I'd tell her to stay sober and to avoid temptation, and to write to you every day! And that, Jersey, is my answer to you, and to all your buddies in the same lonesome boat.

Sincerely,
ABBY

DEAR ABBY: I would like to have your opinion of when and when not to wear a hat. I love hats, but think there is a time and place for them. It is football season again and my husband thinks I ought to wear a hat to the games. I disagree. Aren't hats too dressy for football games? I notice that in the afternoons most of the older women wear hats, but the younger ones hardly ever do. I want to be well-dressed. Can you help me?

HATLESS DEAR HATLESS: "Girls" do not wear hats, but women — the well-dressed ones — do for all outdoor occasions from garden parties to football games. . . No

Miss Glennette Dawkins

Miss Glennette Dawkins Installed As Worthy Advisor of Rainbows

Miss Glennette Dawkins was installed as Worthy Advisor for the ensuing term in an open installation of officers of Pampa Assembly No. 95, Order of the Rainbow for Girls. The installation was held Saturday evening at 7:30 at the Masonic Lodge. Approximately 75 guests attended.

Also installed were Worthy Associate Advisor, Miss Linda Peacock; Charity, Miss Kay Bohlander; Hope, Miss Vicki Autry; Faith, Miss Mary Nell Graham; Recorder, Miss Rita Scholl; Treasurer, Miss Lynda Gunn; Chaplain, Miss Jo Clair Wilkerson; Drill Leader, Miss Nita Eads; Love, Miss Cathy Diest; Religion, Miss Linda Scarbrough; Nature, Miss Jean Skaggs; Immortality, Miss Nan Nichols; Fidelity, Miss Letitia Ruthledge; Patriotism, Miss Sherri Monroe; Service, Miss Linda Bohlander; Confidential Observer, Miss Shirley Moore; Outer Observer, Miss Wanda Brewer; Musician, Miss Donna Flynt; Choir Director, Miss Vickie Elseheimer.

Miss Maynette Loftus, Past Worthy Advisor of the Assembly, and cousin of Miss Dawkins, was Installing Officer. Miss Joy Lee Collins, Grand Fidelity, was Installing Marshal. Miss Mary Alice

Coombes, Past Worthy Advisor, was Installing Chaplain; Miss Terrie Watson, Installing Musician and Miss Mary Iva Kay, Junior Past Worthy Advisor, was Installing Recorder.

The hall was decorated in the Worthy Advisor's colors of aqua and yellow. In front of the station in the East was an arrangement of aqua flowers. Yellow candles in yellow chrysanthemum holders decorated the other three stations and the guest table.

The refreshment table was covered with an aqua and yellow appliqued cloth. An arrangement of yellow pom-poms with a rainbow ending in a Pot O' Gold graced the table. Punch and cake carrying out the Worthy Advisor's colors were served.

To stop draw strings from being pulled through or out of clothes, stitch them into the hood, pants or blouse. The best place for stitches: the center of the draw string.

EXTENDING HOME'S LIFE

Two of the best ways to get good life from your home is to use quality materials to begin with, and provide proper maintenance week-by-week. The need for maintenance can be greatly reduced by surfacing heavy-use areas with ceramic tile, one of the sturdiest of quality materials. It not only will last the lifetime of a home, but requires little or no maintenance.

BOY WINS SUIT
CAMBRIDGE, Mass. (UPI)—A five-year-old boy who allegedly was crippled by an injection from a fever has been awarded \$60,000 in damages by a Middlesex County jury.

The jury made the award to Joseph Johnson Jr. in his negligence suit against Dr. Robert M. Phillips. It also awarded \$8,000 to the boy's father.

Roadblock In Foreign Aid

India has two steel mills that are privately owned. They are undergoing expansion. India also has three government-owned steel mills...

On paper, India ought to be a major steel producer. It has the iron ore, the coal, the limestone, the cheap labor and a hungry market...

Professor J. Kenneth Galbraith, U.S. ambassador to India, has virtually promised the Indian government that the American government will come through with this billion-dollar investment...

Conflicting Report On Russia

A world containing a Soviet Union is indeed a world in which a many-sided contest is going to exist. Last month, two of America's leading magazines contributed space to some of the facets of existence behind the iron curtain...

But Life Magazine is not infrequently a propaganda sheet and readers have grown suspicious of some of its pretensions and posturing. There will be no reason for them not to retain their suspicions this time...

Now, it so happens that a number of American reporters, trained observers all, including Vermont Royster of the Wall Street Journal, visited the Soviet Union. And they reported, too, on the vast new program of apartment building going on...

Pull Up A Chair

By Frank J. Markey

Cheese is a food known almost since the beginning of time. It is the curd of milk separated from the whey. The ancient Greeks made it from the milk of mares and goats...

A banker friend tells us that commercial banks are becoming less commercial and more like financial department stores for the American family. They now have departments which furnish money for even conceivable household expense...

But in any case, we can express some measure of hope that the roadblock recently erected in opposition to this new billion-dollar handout...

Of course, the matter isn't closed. There is still a chance that other aid projects to India will be milked to provide some of the funds for this particular steel project...

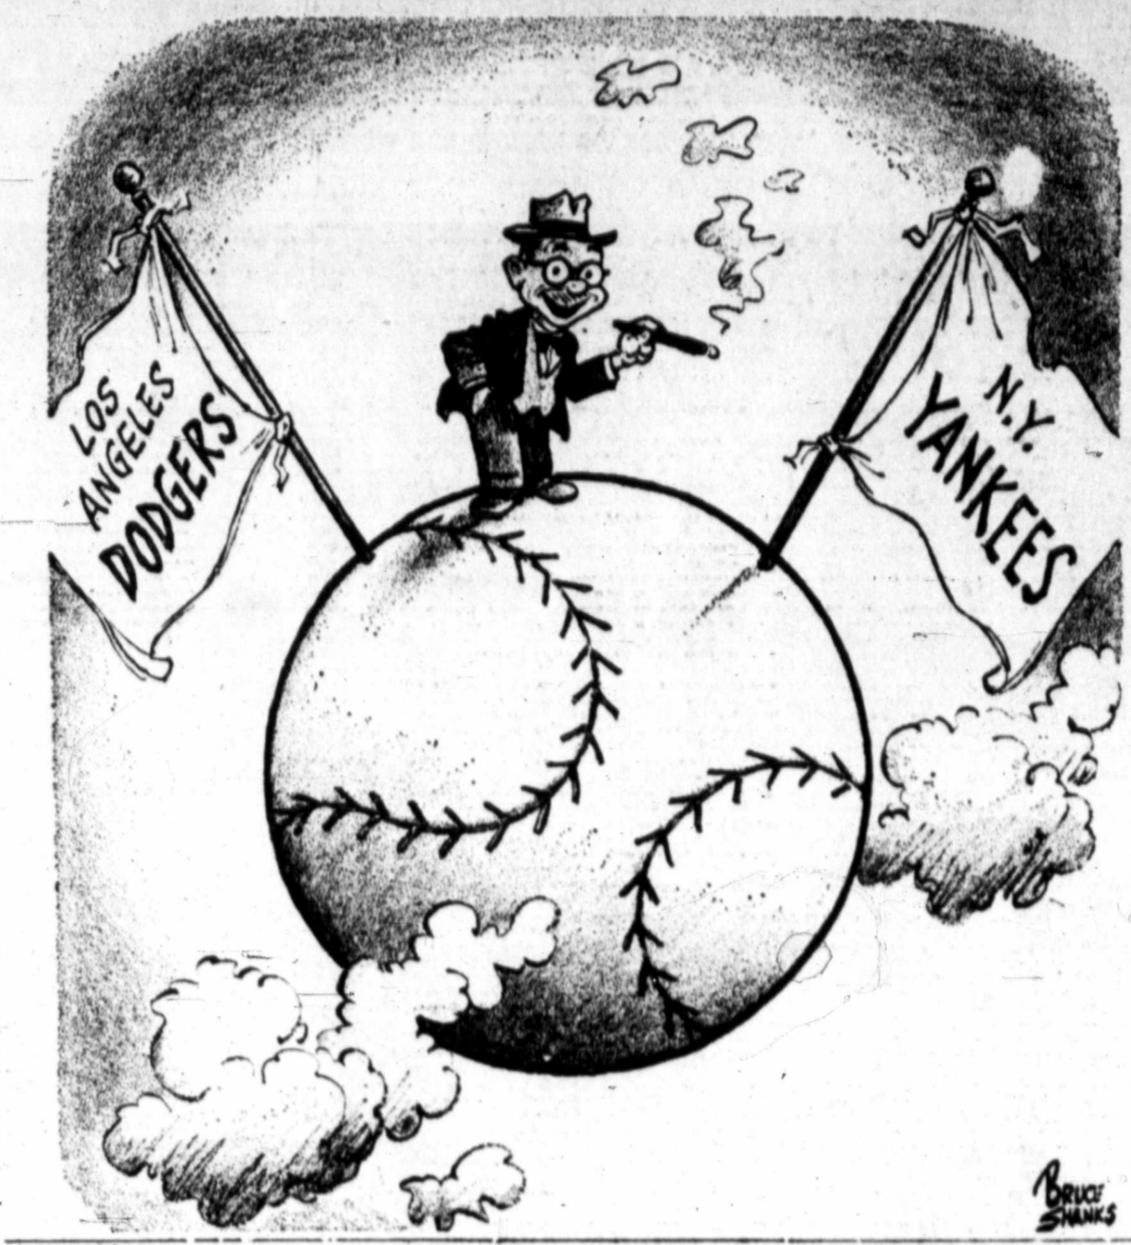

Apparently, the government had ordered the building and then had countermanded the order. We'd have felt better about it if Life had included some comment to the effect that a vast building program, stalled last year, had finally gotten under way...

How much reliance can be put on the Life presentation? The answer must be enigmatic. We don't know. But we will go along that the iron curtain ought to be punched full of holes...

The other item to which we had mentioned is a story in Reader's Digest done by Eugene Lyons. It's a brief, but truly helpful revelation. According to Lyons, there is a growing yearning for freedom among the younger set in Russia. Youth is rebellious at the strict party control over literature, poetry, the arts, and so on...

There's a re-birth of the truly liberal spirit in Russia, the spirit of liberty. It is being opposed and will doubtless inspire some reprisals. But at least it is there.

"Didn't Take Long to Settle This East-West Crisis"

Allen-Scott Report

Khrushchev to Join Castro in Ceremony Exploiting Russian Wheat Shipments; Military Purpose Also Charged

WASHINGTON—Premier Khrushchev is going to celebrate the first anniversary of his Cuban missile confrontation with the U.S. by visiting Havana.

U.S. intelligence sources say Khrushchev is expected to fly directly to Cuba later this month unless there is a last-minute switch in his schedule.

Although there are rumors that the Soviet leader will stop in New York for a conference at the United Nations with Yugoslav President Tito, none of these reports has been confirmed by the Central Intelligence Agency.

Significantly, Khrushchev's visit to Cuba is being timed to coincide with the arrival of the first shipment of wheat purchased by Russia in Canada for delivery direct to Castro.

According to one intelligence estimate, this Soviet help for the sagging Castro regime will be played up in a major ceremony to be attended by Castro and Khrushchev.

The decision to publicly exploit the arrival of the wheat is part of Castro's strategy to use Khrushchev's visit to punch new holes in the leaky U.S. quarantine of Cuba.

High-level U-2 reconnaissance flights, which now average less than six a month over Cuba, confirm the underground's report of construction work in two areas, but the CIA evaluation of the photographs shows no sign of missile launchers.

State Department intelligence experts believe that Khrushchev's visit is being made for propaganda and economic reasons. They point out that a poor sugar beet harvest in Russia and her Eastern European satellites is forcing Russia to purchase all of Cuba's sugar crop, and Khrushchev is expected to set the stage for these negotiations.

Question Box

(We invite questions on economic and proper functions of government which will not injure anyone.)

QUESTION: "Will our Government debts be paid? If so, who will pay them?"

We think they probably will be paid but in such a manner so that it is actually not payment. It works like this:

The government prints additional paper money with nothing to back it up. This increases the supply of so-called "money" in circulation. But this increased "money supply" is still purchasing the same total amount of goods as before since production has not increased...

So, you've loaned the government \$100. You'll get back your \$100, probably. The only catch is you might be able to buy only a bag of peanuts with the \$100. The government's obligation has legally been settled, you've been paid in full. But have you? Not unless you have learned your lesson as who to trust.

Unless you think your bag of peanuts is equal to, say, 75 pounds of sirloin steak you could have purchased instead of loaning the money, you'll think you've been robbed. A bad you.

When the government debases the money in this fashion the above holds true for private debts as well.

Of course, we have today no real money in circulation in the United States, because the real dollar was the unit of gold. We only have promises to pay real dollars. We in 1933 reduced the gold content of the dollar, and to that degree we repudiated our debts. Now gold is leaving the country rapidly because people think that it is safer in foreign lands than it is in our own country.

Foreigners can get their dollars exchanged in gold while American citizens cannot. American citizens are second-class citizens. The American citizens are the ones that will make the sacrifice to cancel the debt or, you might say, pay the debts by giving them token pieces of paper with no value.

The Continental currency was settled by paying one cent on the dollar and of course, the politicians knew they were going to pay something for it and they undoubtedly got a lot of it at a very low rate. There was over 200 million dollars of Continental Currency issued and paying one cent on the dollar was settling it for 2 million dollars. The money, that the state

Edson in Washington Big Push on to Pressure Congress on Civil Rights

By PETER EDSON

WASHINGTON (NEA)—A massive, nation-wide campaign reaching a climax Thanksgiving weekend is being planned by the March on Washington leaders to pressure Congress for passage of strong civil rights legislation this year.

Local campaigns will be concentrated on states and districts represented by perhaps 100 congressmen whose position on civil rights reform is considered doubtful.

There will be other petitions to city councils, state legislatures and governors. Local marches are planned to accompany petitions to the post offices, to start them on their way to Washington.

Delegations of 15 to 20 local citizens will be brought to the Capitol to sit in the galleries while civil rights debate is on and key votes are being taken.

Meetings will be sought with congressmen in their own districts, especially during Thanksgiving weekend, Nov. 27-30. It is expected that civil rights legislation will be emerging from the House about this time and entering the Senate for committee consideration.

A second phase of the campaign to deal with an expected Senate filibuster will then be thrown into gear. In announcing these plans after an all-day meeting of the Leadership Conference on Civil Rights in Washington, its chairman, Roy Wilkins, declared there would be no sit-ins at congressmen's offices.

Wilkins also opposed plans for a nationwide boycott of Christmas shopping. "We have used boycotts against specific merchants effectively," he said. "If this is scattered to the 50 states, it will lose its power."

Any idea of postponing action or of passing only the tax cut or the civil rights bill this year is rejected by the Negro leaders.

"I think we can have both," says Wilkins. "But if not, we've got to have ours. Tax cuts can be made retroactive if passed next year. But our people are being killed."

"This is not 1957 or 1960. It's 1963, and if any politician thinks he can postpone action, it is a monumental blunder."

These strong views were expressed in Washington on the same day that the U.S. Commission on Civil Rights filed its third biennial report just before the Senate gave it a one-year lease on life. Its report was a frank admission that it had failed to accomplish its mission.

"The conclusion is inevitable of Virginia issued went down until it took ten dollars in Virginia paper money to buy one cent of actual wealth. The government going in debt by inflating is a way of repudiating its obligations. That way is an expensive way of learning."

If anyone wants to understand any more about money, banking, and credit, we suggest that they read "The Promises Men Live By," by Harry Scherman, printed in 1938. The principles are just the same, however, today as they were then. Yes, the debt will be paid and it will be paid mostly by people losing their jobs, their property and losing whatever else they have. It will be paid mostly by men without foresight. They will be the big sufferers.

HOW TO ADDRESS OUR LAW MAKERS

You may wish to write your senators and representatives in Washington and Austin. Here are their addresses:

- (FEDERAL) Rep. Walter Rogers, House Office Bldg., Washington 25, D. C. Sen. Ralph Yarborough, Senate Bldg., Washington 25, D. C. Sen. John Tower, Senate Office Bldg., Washington 25, D. C. (STATE) Rep. Granger McWhorter, House of Representatives, Austin, Texas. Sen. Bragg Hazelwood, State Senate Bldg., Austin, Texas.

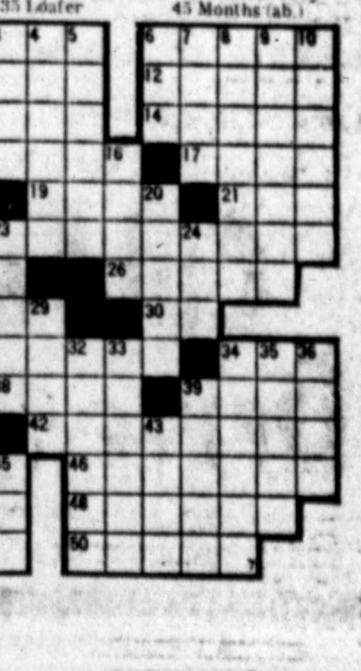

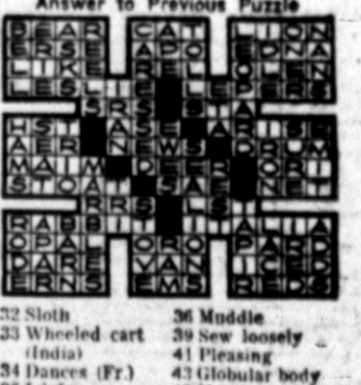

matter of fact

Patina is an artistic product of the corrosion of copper or bronze. It is an incrustation formed on bronze after exposure to weather or burial. When perfectly developed, patina is a dark green color, and a good patina serves the double function of enhancing the beauty of metal and preserving it.

TEENAGE CITIZENS OF TOMORROW — Bill Martin, Jr., left, Don Curry and Jim Shelhamer learn and practice citizenship training in a program planning meeting of the Order of the Arrow. The boys are all Eagle Scouts, the highest position achieved in scouting and are the sons of Mr. and Mrs. Bill Martin, Mr. and Mrs. R. W. Curry and Mr. and Mrs. E. E. Shelhamer, all of Pampa.

RED CROSS COMMUNICATES AND COUNSELS — One of the purposes of the American Red Cross is to maintain communication between servicemen and their families. Mrs. Libby Shotwell, left, executive secretary of the Gray County chapter of Red Cross, counsels with Mrs. Phillip Henthorne after she has heard she and her four sons would be unable to join her Air Force husband in Japan. Mrs. Henthorne is holding the reason for the wait—her youngest son two-year old Jimmy. Jimmy had a heart murmur and was not permitted to travel until he had been given a series of treatments and had been cleared by the doctors. At latest report he has been cleared and will get to see his Daddy as soon as the family has passport clearance. During the waiting period, the local Red Cross office reported to Henthorne on his son's condition and counseled with Mrs. Henthorne. (Daily News Photo)

CORPORATION COURT
 Billy Weightel Caswell, 324 Henry, violation of drivers license restriction, guilty plea, fined \$25.
 Clyde Warren Morris, 604 N. Wynne, following too closely, found not guilty.
 Herman William Giese, 628 N. Dwight, failure to grant right of way, guilty plea, fined \$5.
 Billy Don Vance, 613 Red Deer, cutting corner on left turn, found not guilty.
 Jon Clyde Ellis, 2227 Duncan, ran red light, guilty plea, fined \$18.
 Jimmie Lee Davis, 312 W. Thut, failure to control speed to avoid an accident, nolo contendere plea, fined \$38.
 William Kenneth Richardson, 2129 Williston, following too closely, guilty plea, fined \$14.
 John Texas House, Rt. 2, Box 178, unsafe backing, nolo contendere plea, fined \$10.
 Johnnie Fuller, no address available, disturbing the peace, found not guilty.

None Injured In Three-Car Mishap

A three-car collision, in the 400 block of W. Francis about 1:30 p.m. yesterday resulted in no serious injuries, but police estimated the property damage to be about \$820.
 According to Police Chief Jim Conner, Alfonso Madrid Gomez, 16, received a "slight scratch on his forehead" and his car received about \$500 damage when he failed to stop at a red light and bumped into the rear of a car driven by Loretta Mae Turner, 17, 418 N. West.
 Miss Turner's car received about \$300 damage when it was knocked into the back of a car driven by Rosemary Bonner, 16, 1101 S. Nelson. Miss Bonner's car received about \$20 damage, according to Chief Conner.
 "All three cars were going east on Francis," Chief Conner said. "Miss Bonner had stopped for the red light and Miss Turner had stopped behind her. Madrid was given a ticket for failure to control speed to avoid an accident."

Mischief, Thefts Are Reported

Police received reports of two thefts and one incident of malicious mischief over the week-end.
 Earnest Baird, six miles south of Kingsmill, told police someone took \$63.50 worth of items from his car while it was parked at 918 E. Francis between 7:15 p.m. and 9:15 p.m. Saturday.
 The items included four shirts, a coat, a pair of trousers, a flashlight, a clothes brush, a camera, \$6 worth of groceries and a checkbook.
 Stanley J. Clark, 510 S. Ballard, reported Sunday his radio, valued at \$23.95 was stolen recently.
 Mrs. James Davenport, 1922 Grape, told officers someone threw eggs at her house Saturday night.

Obituaries

Oscar Jack Woody
 Oscar Jack Woody, 546 Maple, died at 9:40 a.m. Saturday in Highland General Hospital. Funeral services are pending with Duenkel-Carmichael Funeral Home.
 Mr. Woody was born March 19, 1899 in Waco and had been a resident of Pampa 30 years. He was a member of the Progressive Baptist Church.
 He is survived by his wife Naska of Pampa; four sons, Sgt. Robert R. Geary of K.I. Sawyer AFB, Mich., 1st Lieut. Wesley V. Geary of Ft. Sill, Okla.; Billy J. Geary of Dallas and 2nd Lieut. Elton Geary of Pusan, Korea; two daughters, Mrs. Jean-E. Smith of Los Angeles, Calif. and Mrs. Pattie Ward of Kansas, City, Mo.; one sister, Mrs. Clara McGilton, Waco and 13 grandchildren.

SHORTAGE OF MEN
LONDON (UPI) — Raymond Blackman, editor of Jane's Fighting Ships, said Sunday that a shortage of 20,000 men in the Royal Navy has kept 129 warships out of full commission.
 "So many men have to be on shore undergoing nuclear and technical courses that there are not all that many men to commission ships," he said.

Sporting Sidelines

by JEFF COHANE

LEWIS MEERS wants a nickname. Can you help him? The little Pampa fullback, envying some of the more colorful nicknames owned by his teammates, such as "Shotgun" Gregory, "El Bandido" Madrid, "Dynamite" Dixon, "Duckwalk" Ellis, "Terrible Terry" etc., requested that a striking tag be given him.

with classes (they have to make a living too, you know) and can't get it in before deadline, there just isn't anything that can be done. So . . . if your favorite team misses a witeup on occasion, it's not prejudice by either the sports staff or the coaching staff. . . . a fella only has two hands, you know.

Actually, a colorful nickname can do a lot for an athlete and make him remembered long after more prosaically named fellows have disappeared into the dust. Examples are Babe Ruth, Red Grange, Honus Wagner, Dizzy Dean, Dazzy Vance, Pee wee Reese, Dixie Walker. Not very many people can tell you their right hands, but almost anyone knows who you are talking about when you refer to the Seven Blocks of Granite, the Four Horsemen, the Big Train, Stan the Man and Rapid Robert.

Some nicknames just seem to be there along with the boy, like Butch Crossland or Jody Holland or Monk McDonald. Some are a natural takeoff on his name or hair color, such as "Red" Griffith and "Harmy" Harnsberger and "Bull" Froge. Some are just plain tags that have been picked up like "Little Un" Holland or "Landy, Miss Claude" Middleton. Others are sportswriters' tags on a boy's ability such as Shotgun Gregory or the Flying Frenchman or the Pampa Giant.

Whichever way you get them, they are interesting, something to remember you by, and often stick around a long, long time. (Right, Red Dog Hatcher?) So, please describe carefully before you stick Lewis Meers with one, he may have it for the rest of his life.

THIS DEPARTMENT again wants to emphasize that it is run by humans, not computers, and that a reporter can only be so many places at one time. With nine football teams in Pampa, as well as all the others in the Top Of Texas area, only so many games can be covered at once. When a sports reporter or correspondent is not able to be present, we have to depend on the coach to report the game to us. . . . and if the coach is tied up

Midland-Abilene Is AAAA Feature

By United Press International Midland-High's Bulldogs, Class AAAA's top-rated outfit and conqueror of all comers in non-title games, turn to district competition this week when 18 of the 32 AAAA-AAA Texas schoolboy football districts become involved in league competition.

If the Bulldogs can fare as well on the home front as they did outside, they loom as a solid bet to march deep into the playoffs. Their first foe will be the perennially-dangerous Abilene High Eagles in a district loaded with potentially powerful clubs.

Another game in the same district sends Odessa Permian, conqueror of second-ranked Corpus Christi Miller last week, against San Angelo, the pre-season state favorite now ranked No. 8 in the state. And, Big Spring, unranked but an upset winner of ranked Wichita Falls last week, plays Odessa High in still another top-notch attraction in the same district.

At least two other key district games are set in AAAA with unbeaten but tied Garland-facing Highland Park in one of them and unbeaten-untied San Antonio Lee playing San Antonio Jefferson in another.

Pep Rally Credited For Inspired Harvester Play

An all-out pep rally by the students of Pampa High School and the switch of the peerless Kenny Hebert to a split end position were the key attributes in Pampa's great play Friday night when the Harvesters just missed nipping undefeated Amarillo Tascosa, 14-7.

DEAN "TRIGGER" EVANS . . . out for three weeks

Coach Ray Howard described the pep rally as the finest he had ever seen at Pampa High School. "The reaction of the team after being shown that the school was behind them all the way despite three losses was tremendous. I believe that if we had played Tascosa that afternoon, we would have whipped them all over the field."

Head coach Otis Holladay affirmed the statement emphatically, saying that the Harvesters had been as "up" as it was possible to be, and for that reason they had decided to use the new formation.

"We had been practicing with the formation," explained Howard, "but frankly, had meant to use it on Caperock. As you could see, it wasn't perfect yet and needs more work. However, when we saw the spirit the kids had, we felt we had a good chance against Tascosa and decided to try it that night."

Holladay affirmed that up to the pep rally, he had not planned on using the formation this week, but that he thought it had worked wonderfully. "It upset Tascosa considerably," explained Holladay. "It worried them to the point where they loosened up, and it helped our overall offense."

The formation had Hebert, who has been one of the finest break-away runners in the state at half-back and quarterback, moving out to a split or "lonesome end" position, what the Harvesters call an end-formation. Left end Mike Bridges or Terry Criss would swing to the right and block on that side, while Hebert could go down the sidelines for a pass, as he did from the hands of Larry Johnson, or cut over the middle and take one from Phil Smith, using his shiftness and speed to break into the secondary.

"I thought we did a fine job," said Holladay. "I'm sorry we didn't take advantage of two or three chances to score again, but we were playing a fine football team."

All three quarterbacks came in for high praise. "Smith did a fine job in his first time under pressure. Johnson also did a fine job, but that trick knee of his went out on him in the first half. . . . we don't know if he'll be alright this week or not. Kenny came back in the second half and did his best quarterback job of the year."

"We were extremely pleased with the running of Madrid, Eugene was looking like his old self Friday night. Both Goodwin brothers, Ricky and Jerry, did a tremendous job, matching their peak performances at Wichita Falls. I think San Williams was overlooked in the matchups, San alternated with Kenny on defense and did an outstanding job.

"Only injury besides Johnson is a broken bone in his foot suffered by Dean Evans. He'll be out for about three weeks."

Key Games Head SWC Weekend

By ED FITE
UPI Sports Writer

Three of the nation's Top 10 teams crowd into Dallas next week end for a frenzied 18 hours of frantic football fever and a hardy few fanatics may even rush out to Waco for what may well be a hectic Southwest Conference encounter between Arkansas and Baylor.

High-ranking Navy, featuring rollicking Roger Staubach, launch the Big D invasion on Friday night when the Middies take their unsullied record into the Cotton Bowl to storm the savage defended ramparts thrown up by Southern Methodist.

That should help set the tempo for the crashing crescendo to follow on Saturday afternoon when top-rated Oklahoma and third-ranked Texas renew their fierce annual rivalry on the same gridiron with Oklahoma grimly determined to break the string of five straight series defeats.

Then, 90 minutes to the south, at Waco, Arkansas goes against Baylor in a night game that will determine whether the Razorbacks carry an untaunted league record into the following Saturday's long-heralded showdown with Texas at neutral Little Rock. There will be other nocturnal activity around the league, but all of it will be inconsequential by comparison.

At Lubbock, Texas Christian tries to regroup its fallen fortunes and get back into the title picture against Texas Tech; at Houston, Rice tries to bounce back at the expense of visiting Stanford, and at College Station, the Texas Aggies try to break into

Bufs Travel To Sun Devils

By United Press International West Texas State's Buffs, the only unbeaten independent in Texas collegiate football circles, opens the backyard gate and goes visiting this week to play with some old argumentative neighbors.

The Buffs' perfect record, extended to 3-0 with last week's 38-16 defeat of North Texas, will be in jeopardy on the trip to Tempe, Ariz., to meet an Arizona State Sun Devil team that last week smothered Colorado State 30-7.

Texas Western, like West Texas, a former Border Conference member, also revisits the old Border territory when the Miners play Arizona at Tucson. The Miners (2-1) beat another old Border foe, New Mexico State, 14-13 last week, while Arizona fell to Washington State 7-2.

the win column against the University of Houston.

Last week's action set the stage for this week's three big games. **Lighthorns Win**

While Oklahoma rested on its newly-won laurels with an open date following its defeat of Southern California, Texas warmed up for the collision of the grid giants by brushing aside another Sooner State rival, the Oklahoma State Cowboys, 34-7.

Navy easily outclassed Michigan, 26-13 — almost the exact reverse of SMU's 27-16 defeat by the same Wolverines a week earlier, while the Mustangs won a spectacular defensive battle with the hitherto undefeated Air Force 10-0 in a major upset.

Arkansas struggled to an 18-3 victory over a TCU team that never really looked like the club which had subdued Kansas and Florida State the previous two weeks; Texas Tech upset Texas A&M 10-0; Baylor put on a sterling offensive show but succumbed to Oregon State 22-15, and Rice was manhandled by Penn State 28-7.

ERNIE KOY LOST
AUSTIN, Tex. (UPI)—Punt artist Ernie Koy, who averaged 41.4 yards in eight boots this season for Texas, today was sidelined for the year with a shoulder separation.

SPORTS

Dodgers Sweep Series Behind Sandy Koufax

LOS ANGELES (UPI) — It was a baseball miracle, but the Los Angeles Dodgers pulled it off to erase the last remaining vestiges of a choke-up stigma that had haunted them for nearly a year.

They swept the World Series from the once-proud-and-mighty New York Yankees in the face

of odds that were 25-1 against them.

But the oddsmakers didn't figure on that gilt-edged Dodger pitching, timely hitting and a surprisingly porous Yankee defense which yielded a seventh-inning gift run that enabled the Dodgers to win the fourth game, 2-1 Sunday, with Sandy Koufax pitching another masterpiece.

Actually, the Yankees' Whitey Ford pitched better, yielding only two hits, but the highly-touted Yankee defense let him down. It was a bitter defeat for the Yankees — the first time they ever had been swept in the 28 Series in which they have played. To the Dodgers the victory was especially sweet for it wiped out the memory of their 1962 collapse when they lost the National pennant after having it apparently wrapped up.

Alston Was Surprised
Manager Walter Alston of the Dodgers, whose job may have been in jeopardy had he not won the series, admitted he was surprised as anyone by the Los Angeles sweep.

"I never figured we'd do it in four," said the happy Alston. "I never gave much thought about how many games it would take to win, but if someone had asked me I'd have said six or seven."

Manager Ralph Houk was surprised, too. Before the series he said he didn't look for either team to win it in four games "because we are so evenly matched."

"The Dodgers have a great club," added Houk, who suffered his first series defeat. "As soon as my players came into the dressing room after the game, I told them they have nothing to be ashamed of. They're going to be winning a lot more in the future."

He refused to single out any Yankee player for blame.

"The things which happened to us in the field could have happened to anyone," he reasoned.

Excuses Pepton's Error
Thus did he excuse the downcast Joe Pepton's failure to hold a throw from third baseman Cleto Boyer which would have returned Jim Gilliam in the seventh inning. As it was, Pepton lost the ball in the crowd background of the left field stands, and Gilliam raced all the way to third on the error. A few seconds later, Gilliam scored the winning run after Willie Davis fled deep to Mickey Mantle.

As soon as he spoke to his players, Houk went into the Dodger clubhouse to congratulate Alston and the Dodgers. "If we had to lose," said Houk a champion in defeat. "I'm glad it was to a club like the Dodgers. Houk was nettled by whispers and even some opinions expressed right out that the Yankees did not belong in the same league as the Dodgers.

Pro Football Roundup

By NORMAN MILLER
UPI Sports Writer

Take it from the Chicago Bears and Philadelphia Eagles, whether it's football or baseball, there's nothing like having a good-man in the bullpen.

Rudy Bukich of the Bears and King Hill of the Eagles, a pair of journeyman quarterbacks who have been knocking around the National Football League, came off the bench Sunday and turned in winning performances as impressive as Bart Starr, Y. A. Tittle, Frank Ryan and Charlie Johnson.

The Bears came from behind to beat the Baltimore Colts, 10-3, Sunday and the Cleveland Browns defeated the Pittsburgh Steelers, 35-23, Saturday night to extend their spotless records to 4-0.

Starr, Tittle and Johnson each threw three touchdown passes Sunday to keep the Green Bay Packers, New York Giants and St. Louis Cardinals closely in contention with 3-1 records. The Packers drubbed the Los Angeles Rams, 42-10; the Giants whipped the Washington Redskins, 24-14; and the Cards walloped the Minnesota Vikings, 49-14.

Lions Downed 4ers
Hill's passes helped the Eagles score their first victory of the season as they sent the Dallas Cowboys down to their fourth straight defeat, 24-21, and the Detroit Lions ruined the head coaching debut of the San Francisco Forty Niners' Jack Christiansen with a 26-3 shellacking.

The Browns face the Giants next Sunday in an Eastern Division showdown, but it looks like there'll be no stopping the Bears for a few weeks. They next travel to the West Coast for successive meetings with the Rams and Forty Niners, neither of whom has won a game.

RENT ELECTRIC CARPET SHAMPOER

For Only \$1

Now you can rent the new Blue Lustre Electric Carpet Shampooer for only \$1 per day with purchase of famous Blue Lustre Shampoo.

Save big with this easy to use "do it yourself" equipment. You'll be amazed with the new look of your carpeting. Available at:

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were

so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation 400. At all drug counters.

Quotes From The News

By United Press International
PARIS — Mme. Ngo Dinh Nhu, discussing in a television interview recent criticism of her by Henry Cabot Lodge, U.S. ambassador to South Viet Nam: "But maybe I am a good girl and maybe I may forget."

NEW YORK — Charles Neider, an editor, commenting on anti-religious remarks made by Mark Twain: "He didn't like injustice or any sort of entrenched power, and slowly the church seemed to him a sort of entrenched power..."

LONDON — The Daily Sketch, commenting on the televised "Elizabeth Taylor in London": "(Her) wretched, refined little accent hovered unhappily over the

Atlantic and finally landed with a plopp somewhere in the middle."

LOS ANGELES — Walter Alston, manager of the world champion Los Angeles Dodgers: "I never figured we'd do it in four."

NEW YORK — Former Vice President Richard M. Nixon, on the apparent candidacies of Gov. Rockefeller and Sen. Goldwater for the GOP presidential nomination: "I think they are both so far along, so committed, it would be hard to withdraw now."

KIRLEY, S.D. — Rancher J. Tipps Hamilton, approving suggestions that the United States sell surplus grain to Russia: "Sometimes we have to put aside our hostilities and help those who are less well off."

Washington Window

By **LYLE C. WILSON**
United Press International
 The big-time spenders of the taxpayers' dollars never had it so good in peacetime as during the past three months. These months comprise the first quarter of the 1964 fiscal year.

Treasury Secretary C. Douglas Dillon must have been greatly cheered by the Treasury's first quarter spending figures. Dillon believes big-time spending and Treasury deficits are good business for everybody including the common man and, of course, the Democratic party.

If Dillon is right about that, things will be looking up for the Democrats as they go into the 1964 presidential campaign—and for the common man. Dillon, the Democrats and the common man should rest easy. They are assured of another big fat deficit when the books close next June 30 on fiscal '64.

Some citizens will not be as enthusiastic as Secretary Dillon about the first quarter Treasury figures. These will be citizens with life insurance policies, pensions, money in the bank and oth-

er assets measured in terms of U.S. dollars. These big fat deficits gradually are creating a currency inflation that sweats the dollar of its purchasing power.

Value Shrinks
 The U.S. dollar was worth 45.8 cents in October, 1962, in comparison with its purchasing power in 1939. When the Bureau of Labor Statistics publishes its consumer price index for October of this year, the dollar will have slumped a little to about 45 cents. Not much perhaps, but overall it adds up to 55 cents in 24 years.

At that rate we will have a two bit dollar in 10 years or so and then a dollar worth a dime, a nickel and a penny. At that point the pensioners, the prudent savers, the family collecting life insurance on a breadwinner—all of these are likely to be out in the woods fighting the squirrels for nuts.

The Treasury does not regularly publish figures for expenditures and receipts. It did at one time on a daily basis. What is daily now is an accounting of "withdrawals" from and "deposits" in the Treasury. These figures roughly represent expenditures and tax revenue. The daily figure also includes the public debt, the gold balance and some additional matter, including figures for the same period in the last previous year. There is a lag of several days.

Withdrawals Increase
 Thus, the Treasury has reported that as of Sept. 30, 1963, withdrawals since July 1 were \$31.3 billion compared with \$29.4 billion in 1962. Deposits were \$28.9 billion so far this year and \$26.8 billion last. Since Sept. 30, 1962, the public debt increased by \$7.3 billion to \$306.9 billion, a record that should encourage Secretary Dillon, if not the Democratic party.

The U.S. gold hoard, meanwhile, had shrunk since Sept. 30, 1962 by \$485 million to \$15.5 billion, a statistic that will encourage nobody unless, perhaps, it be Nikita Khrushchev.

The Treasury probably will collect more than \$100 billion in taxes in this fiscal year. But that won't be enough to pay the bills incurred by the politicians in behalf of the U.S. government. Deposits so far in this fiscal year are more than \$2 billion greater than in the like period last year.

It is a fact little noted that most of these tax dollars are from the pockets of the little fellows, the common man. The little guys will find out about that some day.

ONE-IN-HOLE—Photographers usually don't bother groundhogs until February, but this picture shows that the animals are newsworthy at other times as well. Nasty fellow above poked his head out of the front lawn at Sikorsky Aircraft's Stratford, Conn., plant—no doubt to sniff the autumn air and decide whether it was time yet to begin his long winter nap.

TEXAS BOATING

By **JOHN KNAGGS**
United Press International
 This week's cool spell stirred the bones of deer hunters who now have less than a month to wait for whitetail deer season to open in two South Texas counties.

And deer were reported frisking around in the cool weather, enjoying a respite from the burning sun.

Gene Walker of the Parks and Wildlife Department, a longtime observer of deer, said the overall situation for the state still appears promising.

Walker said recent rains have apparently offset drought conditions in most areas and feared die-offs were prevented by improved range prospects.

Food Crop Helped
 The Edwards Plateau and parts

of the Hill Country have received very valuable rains for the winter food crop deer will be searching out.

Walker said that in South Texas, where the big whitetails grow, Frio County reported its best lawn crop in years.

Mule deer populations appear in excellent condition, he said, with an abundance of green food available in most West Texas areas.

Walker said that with good food prospects, Texas deer should be picking up weight rapidly in the immediate future and the November-December hunts promise good eating, fat deer.

Deer Population up
 Walker agrees with many outdoors observers that the screw-worm eradication program has increased deer populations. But he said the hot, dry summer weather also helped keep down the infestation.

Walker said turkey prospects also appear good at this stage except in South Texas where population is down and not as good as other areas.

Hill Country turkey are in the best shape they've enjoyed in several years, he said.

Relis anytime Oct. 5-4

Walker said turkey prospects also appear good at this stage except in South Texas where population is down and not as good as other areas.

Hill Country turkey are in the best shape they've enjoyed in several years, he said.

Streets Renamed
 ELIZABETHVILLE, The Congo (UPI) — Elizabethville's main street, Avenue de L'Etoile, today was renamed after Moïse Tshombe, president of Katanga during its secession from the Central Congo government.

Other major streets here were named after members of Tshombe's government.

HUSBAND SHOOTS WIFE
 ROCHESTER, N.Y. (UPI) — A 16-year-old mother was shot to death early Saturday and her 22-year-old husband was charged with second degree murder.

Police said the body of Olga Bermudez was found in a pool of blood on a bedroom floor a few feet from where her four-month-old baby slept. Her mother and father, who told police they heard nothing, were in an adjoining room.

Police said Eddie Bermudez, the dead woman's husband, claims he was playing with a revolver when it went off. Mrs. Bermudez was struck in the eye. The shooting was reported by Mrs. Bermudez's brother-in-law.

OPENS NEW AIRPORT
 CAIRO (UPI) — President Abdullah Al Sallal of Yemen has opened a new, Soviet-built airport at Rahba, near his republican capital of Sanaa, Egypt's semi-official Middle East News Agency reported.

Foreign News Commentary

By **ROBERT CRABBE**
United Press International

TOKYO (UPI) — The Kennedy administration is taking a soul-searching look at the war in Viet Nam, but the Viet Cong guerrillas see the future quite clearly. Communist news outlets in Asia made it clear during September that the South Viet Nam Communists are ready to settle for less than total victory — for the time being.

They'll take a negotiated settlement — if they can get one on favorable terms. If they can't, they'll keep on fighting.

They're now trying to whip up international support for a truce along the lines of the armistice that halted the Laotian civil war in 1962.

If they can get it, they will be established as the international recognized rulers of part of south Viet Nam, just as the Laotian Communists now are conceded to control more than half of Laos.

Wait For Takeover
 With one chunk of the countryside under their control, they would be in a position to bide their time and wait for a favorable opportunity to take over the rest.

The Viet Cong's settlement terms were embodied in a letter recently addressed to the United Nations, which will debate the Viet Nam question this autumn, Radio Hanoi in Communist North Viet Nam has broadcast its contents, as has Radio Peking.

The three-point Viet Cong program includes:
 —Withdrawal of all American military support for the Ngo Dinh Diem government.

—A settlement negotiated entirely by South Vietnamese "of all political factions" with no foreigners at the bargaining table.

—Establishment of a coalition government and free elections.

Recalls Laos Experience
 A settlement on much the same lines was worked out in Laos in 1962. Foreign military advisors moved out, and each of Laos' three political factions was allowed to stay in charge of the territory it controlled when the fighting stopped.

The coalition government never got started, however, and the effect of the cease-fire was to divide the country into three zones. The Communists were in control of the largest one.

In order to get a similar settlement in Viet Nam, the Communists there have adopted various tactics.

—They now are playing down any talk of unification with Communist North Viet Nam. South Viet Nam is to be a separate state.

—They are inviting France to take an active part in Indo-Chinese affairs again, in the hope that this will offset U.S. influence in Southeast Asia. **Adv for Sat ams Oct. 5**

TREASURY DEPARTMENT, Internal Revenue Service: On December 1, 1962, One Thousand, Two Hundred and Fifty-Two Dollars and Ninety-Nine Cents (\$1,252.99) in currency, and Forty-Five Dollars (\$45.00) in checks, were seized from West Brown Street, Pampa, Texas, for violation of 26 U.S.C. Section 7502. Any person claiming an interest in said property will file a petition for remission or mitigation of forfeiture, or file a claim and deliver a \$100.00 cash bond with the undersigned on or before November 4, 1963; otherwise, the property will be forfeited and disposed of according to law. Call R. Booth, Jr., Supervisor in Charge, Alcohol and Tobacco Tax, Room 407 Wholesale Merchants Bldg., 912 Commerce Street, Dallas, Texas. Oct. 7-14-21.

Television In Review

By RICK DU BROW
United Press International
HOLLYWOOD (UPI) — Some of the advance writeups of Sunday night's CBS-TV look at London with Elizabeth Taylor had a smug, nose-in-the-air attitude, as if daring her to be entertaining. I imagine it is somewhat the same tone adopted by many housewives before they rush off to see Miss Taylor's latest movies.

Frankly, I usually try to avoid

IT'S A FACT
BROG TOPICS FEATURE POST & TELE

IN OLD TENNESSEE, THOSE WITH HIVES DRANK WATER THAT HAD BEEN BOILED WITH A SILVER DOLLAR.

"THE GOOD OLD DAYS?" ... signs of the past

KEYES PHARMACY
928 N. Hobart MO 4-8859

Miss Taylor's films because she simply doesn't interest me. But I thought that Sunday night — despite her sometimes questionable readings of literary and historical works, and despite the tendency of the hour to resemble an old MGM British romance — she did rather nicely by herself.

She was, for instance, a much warmer, more pleasant and direct host than was Princess Grace in her icy, impersonal tour of Monaco last February. And for those silly people who will angrily write letters, asking how one can give more praise to an actress who is in the gossip columns than to a nice princess with a whole empire, please save the stationery. The letters will be filed directly into the waste basket for reasons too obvious to explain.

On the negative side, it was obvious that the program had no special entertainment or informative value. Few would consider the actress, a longtime Hollywood resident, as a particularly qualified guide to London. The skeptical might argue that the chief worth of the hour was to provide Miss Taylor with a quarter of a million dollars; to make important fellows out of the two young producers in their first venture, and to offer "another side" to the actress' spectacular life.

Granted these points, and that the show was really a very minor occasion with only a major star to make it seem more, it had some pleasant attractions. Not the least of these was Miss Taylor, who, whether in her hotel apartment or on the banks of the Thames, was so breathtakingly beautiful that this became a vital factor to the hour. In addition, I had the opportunity to see the show in both color and black-and-white, and those who saw it in color were probably much more impressed.

We have done it! 113 has gone! Some little lady got it, but she wasn't sure it was hers because the clothes belonged to her daddy. When we hit 7-11 twice... let's see, that's 1422, we're going to give two. When we hit 7-11 4 times, holy Moses it's 9. Must get there on time.

UT Students Hit Big-Time Show-Biz

United Press International
DALLAS (UPI)—Tommy and Diane, a pair of folk singers from the University of Texas, believed last week was the biggest of their young careers.

They came to Dallas to tape a number on the "Hootenanny" television program to be telecast nationally (by American Broadcasting Company) last Saturday.

It is the first such break for Tommy and Diane, who began singing professionally together in April. As "semi-pros" last Christmas season, they spent two weeks on the Arthur Godfrey radio show.

Folk Music Craze
They left their studies last spring, determined to cash in on the folk music craze. Tenor Tommy and soprano Diane began a series of night club appearances in the southwest.

But the road to the Dallas appearance on the "Hootenanny" show was through New York, where they auditioned last month. They were only the third "new faces" chosen for the program, which blends "name" entertainers with established folk musicians.

For example, the show to be seen Saturday night features Tommy and Diane with Theodore Bickel, Johnny Cash, Pete Fountain and the Highwaymen.

Tommy and Diane left Dallas after the Tuesday television taping session for a recording date in New York. The song they recorded in tape Tuesday will be played on the ABC TV network Saturday.

"This Little Light of Mine," was their number on the television program. Tommy also had a good part in the group finale, "Joy, Joy, Joy."

Love "Shenandoah" — "Our favorite song is 'Shenandoah,'" and we hope to do it on another "Hootenanny" program," Diane said in an interview at the Southern Methodist University coliseum.

Tommy and Diane do their own arranging. Tommy plays the guitar. Both "dress up" for the act — Tommy in a suit and Diane wearing an evening dress.

Jack Linkletter, master of ceremonies for the television program, said the couple has "exceptional talent."

"This is only the third time we have had new faces on the show," Linkletter said. "They have the personality, voices and are technically good."

The Dallas audience contained many friends of Diane's, who was a cheerleader at Hillcrest High School. The pretty blue-eyed blonde also sang at the Preston Hollow Methodist Church.

choir of the First Methodist Church in Austin. His father, Eugene Tiemann, is a fire chief there. At Austin High School, the husky red-haired Tommy lettered in football and track and sang in school activities.

Tommy's parents favored his taking a break in pre-law studies to try a career in show business. But Diane, daughter of Mr. and Mrs. Howard Decker of Dallas, ran into parental objections.

"We figure the first year is an investment," Tommy said, "and we'll be lucky to make any money."

"This television show is our big break," he added. "You can establish a national reputation this way that used to take years."

WOMEN PAST 21 WITH BLADDER IRRITATION

After 21, common Kidney or Bladder irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from headaches, backache and feel old, tired, depressed. In such irritation, CISTEX usually brings fast, relaxing comfort by curbing irritating acids in urine, acid urine and by analgesic pain relief. Get CISTEX at druggists. Feel better fast.

TODAY THE BEST ADDITIVES MAKE THE BEST GASOLINES

THIS IS THE BIG DIFFERENCE IN GASOLINES TODAY

Why is this tiny drop of gasoline additive so important to the engine performance of your car? The reason is simple:

There are over 40 different additives in various brands of gasoline today—put there to make modern high speed engines run better. But this tiny drop is Keotane.

It is added to Skelly's premium grade gasoline in precisely measured amounts before the gasoline goes to Skelly stations—and then to you.

Keotane was developed by Skelly to help prevent the costly build-up of excess carbon deposits in your car's engine as you drive. It is available only in Skelly Keotane Gasoline.

We know of no other additive in use today like Keotane. No other oil company has it. In fact, Keotane is so different from

other gasoline additives that Skelly has been granted U. S. Patent No. 2,878,109 covering its use.

If Keotane can keep your engine cleaner inside — if it can fight off excess carbon deposits that waste your gas, steal your power, cut down your pick-up—if it can thus give your engine more pep, more power, and better gasoline mileage—shouldn't Skelly Keotane Gasoline save you money? There's only one way to find out, and that's to try Keotane in your own car and see what it can do.

Try 3 tankfuls of Skelly Keotane Gasoline. If you don't notice a difference, you haven't lost a thing—Skelly Keotane Gasoline costs no more than other major premium brands without Keotane. If you do get better engine performance, you may be many miles—and money—ahead. We think you will.

Only Skelly has Keotane. ...so different its use is patented* by Skelly

FREE! Get Your Skelly Mileage Meter This Week:

Don't guess at your gas mileage... find out exactly what you're getting! The Skelly Mileage Meter is the quick, easy way to tell—every time you fill your tank—whether your engine (or your gasoline) is giving you all the mileage you expect. It's easy—and fun—to use. Fits easily into pocket, purse, or glove compartment. Get yours this week, without cost or obligation, from your Skelly Dealer. Just drive in and ask for it. Hurry!
