New Supply of Derby Blanks Arrives Today

A supply of 200 additional entry blanks for the Pampa NEWS Soap Box derby to be held here in mid-July was received here today by Luther Wagon, registrar.

This supply was ordered when entry blanks on hand were exhausted Saturday night, with more than a hundred boys signed up as derby entrants.

While the total number of entries to date is 125 Registrar Wagon today said that only a tenth of this number had been

Bowers City Cafe Owner Held In Raid

Charges of gaming and of selling liquor without permit in dry territory were alleged in two complaints filed today in the court of E. F. Young, justice of the peace, against Dave W. Bynum. Bond was set at \$250 on the gaming charge, \$1,250 on the alleged liquor law violation.

Bynum was arrested at 1 o'clock this morning in a raid at the Riverside cafe at Bowers City. Deputies Sheriff George A. Pope, James F. Stewart, Roy Pearce, and Texas Liquor Control Agent Sam Fort made the raid.

Early this afternoon Bynum had not posted bond on either of the two charges but was expected to do so sometime today, Sheriff Cal Rose said.

Britain Ready To Arbitrate If Requested

Rome-Berlin Pact Is Seen As Bulwark To Aid Peace

(By The Associated Press)

Decision of Italy and Germany to bind their axis relationship into a formal military and political alliance today threw into sharp contrast opposing interests of Rome and Berlin on one side and Paris and London on the other.

In Italy, the new accord raised Fascist hopes for a German-Polish settlement on the belief Premier Mussolini would not have entered such an arrangement if he had expected it to involve him in an eastern European conflict.

Nazis hailed it as "a mighty bulwark of steel guarding European peace" but called Poland's attention to its implications.

The alliance, on the other side, brought new importance to the prolonged British-Russian negotiations to add the Soviet Union to the British-French lineup now that Italy and Germany have made what diplomatic observers in London called a "psychological attack."

The British government dropped a hint to Poland—whose independence Britain is pledged to help defend—that she would "welcome amicable settlement" of the Polish issue with Germany over the free city of Danzig.

Both Prime Minister Chamberlain and Richard Butler, undersecretary for foreign affairs, intimated that Britain would be willing to aid in establishing some form of international machinery to arbitrate the question if Germany and Poland asked her to.

In Warsaw, press reaction to the Italian-German agreement was that it was a "new Hitlerite bluff" and had not changed Poland's determination not to be influenced by what one newspaper called "new methods in the German policy of intimidation."

The possibility of an extension of the new Rome-Berlin status to Japan was indicated by a Domei (Japanese news agency) report in Tokyo that two cabinet ministers had told the Japanese press they favored conclusion of a military agreement with Germany and Italy.

France viewed the agreement as an attempt to start "another Munich cycle" with the free city of Danzig, Yugoslavia and herself as the prime objectives.

Hopkins Hits At Pessimism Note

WASHINGTON, May 8 (AP)—Secretary Hopkins said today business conditions were sufficiently encouraging to make "unwarranted" the "pessimism" of the United States Chamber of Commerce.

The secretary, who has been recovering from an attack of intestinal influenza, declined to discuss tax revision or other specific business proposals because, he said, he had been out of touch with Washington for 10 weeks.

Asked at his press conference about the speeches and resolutions of the recent chamber of commerce meeting here, Hopkins said: "They certainly spread a lot of gloom around town."

"There was an awful lot of pessimism and I do not belong to that school of thought."

Oklahoma Soaked With General Rain

OKLAHOMA, May 8 (AP)—Drought-seared farm lands were revived today by Oklahoma's first general rainfall in a month.

The rain, measuring up to 3.58 inches at Bartlesville, fell in all sections of the state except the Panhandle, boosting crop prospects and replenishing livestock water supplies.

At Doxey, a farming community six miles northwest of Sayre, a downpour and normally-dry Timber Creek out of its banks. Bottomlands were flooded and some livestock reported drowned.

Canadian Girl To Be Honored By Easterners

A blonde 17-year-old Canadian high school senior and a winner of the rodeo queen title at past Top O' Texas fiestas here, will be honored with a series of editorial luncheons in 11 eastern cities, to be given from Thursday, May 11, to June 1.

Furniture And Hardware Stores Hold Open House

What furniture and hardware dealers and dealers in allied lines have to offer the public will be presented this week by the merchants of the group cooperating in the Parade of Progress, the "celebration" being held this month by Pampa merchants.

From 7:30 to 9:30 o'clock tonight open house will be held by hardware, furniture, plumbing, electrical refrigeration, and office supply firms of Pampa.

The open house will follow the unveiling of store display windows, which were veiled during the day. Stores are to close at 8 o'clock, the usual closing time, then merchants will return to their stores for the unveiling, to be held between 7:15 and 7:30 o'clock tonight.

Starting the special week for the group was the first of a series of daily 30-minute radio programs, presented over KPDM from 6:30 to 7 o'clock Sunday evening. Similar programs will be broadcast at the same hour each day this week thru Saturday.

Attack Of Salvation Army Worker Charged

FORT WORTH, May 8 (AP)—Herman P. Armstrong, 22, today was charged in justice court with the criminal assault of an 18-year-old Salvation Army worker late Saturday night as the girl made her rounds of taverns with her tambourine seeking alms.

Authorities said today the attack, which allegedly followed a request that the girl "go outside with the young man to pray," was the first time in their knowledge that a Salvation Army uniform had ever been disrespected.

Gray County Pensions Total \$4,602 In April

Payments of old age assistance checks to Gray county clients showed a decrease of four in number and a decrease of \$64 in amount for April as compared with the preceding month, according to the April report filed today in the office of the county clerk.

For April, pension payments to Gray county citizens totaled \$4,602 to 375 persons. In March the number of checks was 379 and the total amount \$4,666. The March report was filed here on March 30.

1939 Farm Production Prospects Look Good

SURVEYS INDICATE FARMERS MAY NOT FARE SO WELL ON INCOME AND PRICES

WASHINGTON, May 8 (AP)—American agriculture moved well into the 1939 planting season this week with prospects generally favorable from a production viewpoint but less favorable from a standpoint of prices and income.

Agriculture department surveys indicated at least 85 percent of the farmers will restrict planting operations in accordance with federal control programs intended to reduce surpluses of some crops and prevent accumulation of greater surpluses in others.

This cooperation by the farmers led many growers to hope for some improvement in the general farm price level, not at its lowest point since July, 1934.

Department economists said increased uncertainties in foreign markets had served to cloud the price outlook but that they expect some improvement in domestic purchasing power this summer and fall, a development which should reflect favorably on farm prices.

As far as cash income is concerned, American farmers have not fared quite so well this year as last year. The agriculture department estimates their income at 5 percent lower.

Cotton surpluses continue to be the most acute problem, although farmers are expected to plant only 27,000,000 acres compared with the 40,000,000 acres normally seeded. Officials have estimated the surplus from previous crops will be at least 14,000,000 bales, including 11,400,000 bales in government loan stocks. This would set a record.

A 20 percent reduction in wheat acreage promised to reduce surpluses of that crop.

If weather conditions are favorable, the corn crop may be as large if not larger than last year.

Twisters, Rain, Hail And Dust Cause Damage

(By The Associated Press) Damaging twisters, wind, sleet and rain, sifting dust across central West Texas, and hail and rain in scattered parts of the state enlivened the weather picture in Texas yesterday.

Prekish winds demolished four farm homes near Scranton, Texas, 12 miles south of Cisco, and rooms were ripped from garages and barns and trees uprooted near Waco. Bruising hail fell on players on a Waco golf course, but no serious injuries were reported from any of the storms.

Visibility was reduced to less than a mile by dust in some sections near San Angelo; torrential rains and hail disrupted power service at Rusk; a 15-minute hail near Beville did little damage and the accompanying rain benefited crops, and a long drought was ended by good rains near Cuero.

Pair Admits Thefts After Stealing Car

ST. LOUIS, May 8 (AP)—A man and a woman held as holdup suspects admitted today, Captain Albert Wetzel said, that they committed a series of robberies after stealing an automobile from a taxicab driver at Hot Springs, Ark.

Wetzel identified them as Luther I. Ward, 24, who was released in January from a state penal farm at Baton Rouge, La., and Mrs. Dorothy Bowen, also 24, of Shreveport, La.

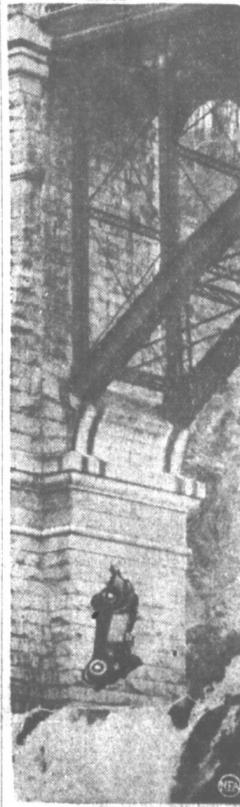

The pair told this story, Wetzel said: They first met at Liberty, Tex., while in jail, and later in Shreveport. From there they went to Hot Springs where they took a taxi driver's personal car.

SALESMAN DIES IN CRASH KILGORE, May 8 (AP)—W. L. (Bill) Handcock, 40-year-old salesman of Ada, Okla., was killed last night in a three-way automobile collision near here. Two women in another car were slightly hurt.

House Okays \$5,000 On Red River Plans

AUSTIN, May 8 (AP)—A bill appropriating \$5,000 to the Red river authority was passed today by the House and sent to the Senate. The authority embraces Childress and other counties in that area.

Under the bill's terms, the \$5,000 would be repaid the state out of any revenues of the water conservation district.

16 Texans Die Over Week-End

(By The Associated Press) Sixteen persons died in Texas in shootings, drownings, highway accidents and falls during the last week-end.

Injured fatally when their auto wrecked as they drove near Goldthwaite were Mr. and Mrs. W. G. Ragsdale, Santa Anna, Tex., bakery owners, and J. C. Scarborough, superintendent of Santa Anna High school.

W. E. Brown was turned over to his trial set for May 29 there. Names of suspects arrested last week were not disclosed.

Williams has served time both in the Texas penitentiary and a federal prison, the officers said.

Party Chiefs Study Congress Outlook

WASHINGTON, May 8 (AP)—President Roosevelt and party leaders in congress reviewed the legislative outlook today, discussing measures that may be enacted before adjournment.

No date was mentioned for winding up congress, said Senator Barkley of Kentucky, the majority leader. Barkley said the soft coal situation was mentioned, but no specific action by the administration was discussed.

Effort To Revive Load Law Fails

AUSTIN, May 8 (AP)—Another attempt, perhaps the last one of the session, to revise the 7,000-pound motor truck load limit law died in the House today on a point of order.

Rep. Waldon Burney of Evans sponsored a resolution asking state police to permit farmers to haul loads of their own produce exceeding 7,000 pounds. Speaker R. Emmett Morse sustained a point of order that the legislature could not amend a statute through a resolution.

Showers Aid In Forest Fire Fight

DETROIT, May 8 (AP)—Showers enabled an army of firefighters to bring under control today extensive forest fires which had burned over 30,000 or more acres in the northern part of Michigan lower peninsula since Saturday.

P. J. Hoffmaster, state conservation director, announced shortly after noon that the major fires were under control.

The worst fires were in Montmorency, Presque Isle, and Cheboygan counties.

N. Y. Mayor Urges Setup Be Expanded

Declares Plan Needed Pending Other Relief Methods

WASHINGTON, May 8 (AP)—Mayor Fiorello LaGuardia of New York advised Congress today that 750,000 persons were out of work in his city and urged that the WPA be expanded until the social security program and the wage-hour law become fully effective.

Testifying before the house committee investigating the Works Progress administration, LaGuardia said unemployment in New York City had increased since January and that it was only slightly less than the peak of 1933.

He appeared as chairman of the United States conference of mayors. LaGuardia said he understood 13,000 were to be removed from WPA rolls in his city today, although 125,000 persons eligible for work relief already had no jobs and were being cared for on home relief.

LaGuardia recommended that congress appropriate sufficient funds to provide work for all the needy, able-bodied persons who could not find private jobs, and that the states and cities then be compelled to provide for unemployables by direct relief.

Earlier today LaGuardia said that if the government abandoned the principle of the Works Progress act.

Rangers Clear Up Panhandle Burglary Cases

AMARILLO, May 8 (AP)—More than 50 burglaries committed in the Texas Panhandle, New Mexico and West Texas were solved by arrests last week, Texas Rangers said yesterday.

In addition to L. L. Williams, arrested April 10 and charged with burglary in connection with 34 cases in Texas and New Mexico, several other persons were arrested, Rangers Neal Arthur and Pat Talferro disclosed.

They said the sheriff's department in El Paso, acting on information from Rangers and New Mexico state police, raided several places in El Paso and found part of the loot. The burglars specialized in women's hose and underthings and in tobacco, cigarettes and cigars, the officers said.

Williams was turned over to his trial set for May 29 there. Names of suspects arrested last week were not disclosed.

Williams has served time both in the Texas penitentiary and a federal prison, the officers said.

Parly Chiefs Study Congress Outlook

WASHINGTON, May 8 (AP)—President Roosevelt and party leaders in congress reviewed the legislative outlook today, discussing measures that may be enacted before adjournment.

No date was mentioned for winding up congress, said Senator Barkley of Kentucky, the majority leader. Barkley said the soft coal situation was mentioned, but no specific action by the administration was discussed.

Senate consideration of a record agriculture department bill was delayed by a speech in the chamber by President Anastasio Somoza of Nicaragua.

I Saw---

A former Texan, R. D. (Blackie) Yowell, who is now located in Chickasha, Okla., taking deep breaths of Panhandle air in Pampa early this morning. Mr. Yowell formerly lived in Pampa, leaving here last November. He was en route to Berger on a business trip.

Kernels

Due to the senior edition being prepared for publication, the Little Harvester will not be published next Monday.

The student council has made some comment about the editorial published last week pertaining to them.

Members of the student council with it explained that seven dances have been given by the student council and only a few couples have come to these dances.

Members of the council say that those who do not dance do not like the idea of these dances, but would rather have a party.

The council also stated that because of the numerous clubs that have been organized, they have not been able to have a dance because each week-end the clubs have had one.

Why envy those who are elected to the honor societies? They worked for that place. They did not get the honor by some pull, as some students say.

Pampa High school is no political machine. Those students worked for those honors—this was personal achievement.

Those who do not graduate have another chance. Some students might have made the honor society, but perhaps they have a different attitude. Such things as attitude do count.

Lady Robin Hoods

Go To Park With Bows and Arrows

No, not like that, but like this. Hold your elbows out, stand sideways, cock feather out and pull to your chin.

These are a few things that might be heard if one were to watch Miss Margarita Johnston teaching her girls gym classes how to shoot a bow and arrow.

Queer little things, these bows and arrows. One minute the string will sock you on the arm, and the next thing your fingers are all peeled. What good does it do: why, it teaches poise, grace and sighting. In other words, it gives you streamlined form, speed, beauty and grace.

A girl's etiquette book once said that archery, golf and tennis were the only sports a girl should be seen playing and that archery was the best of the three.

Of course, if a man with rippling muscles were the teacher and would hold you tight, then everything would be dandy.

Miss Johnston said, "I shot an arrow into the air and it fell to earth. I know not where. Now where could that darn thing be?"

Patsy Gault got a bow and arrow the other day and wanted to go mouse-hunting right then. Miss Johnston warned her that she had better learn to hit the target first.

Before summer there should be a great number of Robin Hoodesses or maybe some cracked heads if any of them find apples and a volunteer.

Softball Ranks As 'Sport of the Day'

Hot dog! It's baseball season again and everyone here those familiar sounds, such as bat hitting the ball, the umpire calling strikes and balls and the crowd cheering for their favorite team. Now now spring has been when he has knocked a home run and gets to take-off around the bases!

Yes, and so it has been with the students of P. H. S. The organization of softball teams among them has progressed very rapidly. The band boys have developed into a peppy team of hustlers who have been hard to score on. They won over the P. F. A. combined classes 8-2 in their last game.

Physical ed classes have been under way ever since they have been warm enough to play ball. They have had some fast and interesting games in the last week or two.

Senior Invitations Engraved in Gold

The senior invitations are white with the words Pampa High School 1939, engraved in gold. A cut of the high school building is on the front of the card. A seal is in the lower right hand corner.

Inside the invitation is a cut-out for the purpose of inserting the name card.

A two-purpose envelope will be sent with the invitations. This is the first year for this type of envelope.

Seniors can get their invitations at McCarty's about May 15.

Summer School Faculty Named

Mrs. Frances Alexander, chemistry instructor, and Kenneth Carman, dramatic instructor, have been selected to teach summer school, under Tom Herod, the director.

A half unit of work will cost \$10, a whole unit will be \$18. And a unit and a half, which is all that can be taken, is \$25.

Summer school will start the Monday after school is out and will last eight weeks. School will begin at 7:30 and last until 12 o'clock. There will be school six days a week.

Quill and Scroll To Choose Name

Charter members of the Quill and Scroll, an honorary society for high school journalists, met last Monday to decide upon a name and by-law for the chapter.

No name as yet has been selected. The committee appointed by Joyce, chairman, president, to select a name is Dorothy Jane Day, Jimmy Mosley and Miss Margaret Jones, sponsor.

By-laws committee is Madge Lawrence, Peggy Williamson and Virginia Harrison. The next initiation will be held next fall when the club will take up activities again.

Girls Page, Serve At Club Convention

Twenty-four girls served as pages and 13 served at a banquet of the Seventh District Federated Women's club convention which convened for three days last week in Pampa.

Girls serving as pages were: Faye Redman, Tommy Close, Jeanne Lively, Jarvis Smith, Irene Davis, Jeanne Knox, Louise Heard, Edna Mae Cade, Mary Jean Hill, Rejia Le Eller, Mary Jean Ross, Eleanor Hutchins, Mattie Sue Cook, Catherine Culbertson, Roberta Bell, Patsy Shira, Olive Marie Crossman, Frances Thompson, Mary Lee Morris, Dorothy Jarvis, Frankie Foster, Betty Lou Batten, Doris Taylor and Blanche Spaulding.

Girls serving at the banquet were Louise Heard, Mary Jean Hill, Mildred Davis, Mattie Sue Cook, Zella Mae Hurst, Patsy Shira, Mary Lee Morris, June Rose Hodge, Billie Kay Coombes, Eileen Gray, Faye Redman, Beryl Jean Hagood and Edna Mae Cade.

Large Crowd Hears Annual Music Fete

After a year of training, participants of the Spring Festival were rewarded by a huge attendance at their program last Thursday evening in the high school auditorium at 8 o'clock.

Before the program, at 6:30 the entertainers paraded up Cuyler street. The scene was very colorful with every school represented in bright regalia.

The program lasted approximately an hour and a half with each and every school singing its share of songs.

The festival was under the direction of Miss Helen Martin, supervisor of music in Pampa Public schools.

Insects eat about one-tenth of all the food grown in the United States. The word hamster comes from the Scandinavian word, hamarr, meaning a "rock."

Conservation of Wild Life

This is a term often written by Koma L. Johnson, sophomore, for biology under the supervision of O. F. Shewmaker.

In a small town in North Carolina, the local beauty spot was about to be sold to a sawmill. The enchanting glen, where a spruce of a waterfall leaped into a gorge wooded with ancient beeches and hemlocks, was to be laid to waste. After that, stumps and gullies, weeds and desolation.

"Gone would be the trembling maidenhairst, the stately trilliums. Without the high forest canopy, azalea, dogwood, laurel and roododendron would bloom no more. Mocking birds and redbirds would shun the waste never again to pour their rapture above the singing falls.

"The garden club of Tyrone, North Carolina, this town of about 1,500 people, went into action. Money was needed—and try to borrow from a banker! The club women were not wealthy—and waiting at the entrance to the glen was the lumber company with cash and with saws.

"Four thousand miles away a naturalist, who had spent most of his happiest hours at the waterfall, heard of the danger to his beloved spot. He wrote from the memory the story of every bird and tree, shrub and flower in that living green museum. The ladies took his plea, and their own, to a civic-minded local citizen who dug into his depression-thinned pocketbook for the money to buy the site. The garden club women are paying him off in admiration receipts, by the sale of the naturalist's guidebook, and by garden shows and other entertainments."

This was conservation on a small scale. But conservation begins at home. There is something everyone can do about it. Perhaps, like Tyrone, your town has a beauty spot endangered or a neglected wood, an island, or a lake. Is it safe for pos-

Who's Who In Senior Class

Jess (Snipe) Hamilton may be considered the pioneer as far as schools in Pampa are concerned. He has been 12 years in the Pampa schools and has enjoyed every year of it.

Jess is quite a musician and can really play the clarinet. He has been in the band three years and loves music.

For some reason, Jess likes track and he did very well in it this year. He placed third in the mile run in the district meet and went to the regional meet at Canyon.

Basketball is another of Jess's favorite sports. This year is the first year he ever came out for basketball and he made the Harvester squad.

Blondes or brunettes make no difference to Jess, he said. He just likes them all. When cats are mentioned, one can soon see that Jess is a Southerner because he likes fried chicken and corn bread.

As a hobby, radio seems to fill his spare time. Jess hopes to attend a school of radio in either Tyler or Port Arthur, Texas.

The cute blackheaded girl with brown eyes, five foot, three inches tall, that you see wandering the halls is none other than Alta Ruth Ford. Alta Ruth is a senior, has been in high school here four and one-half years. She came to Pampa from Wink.

Although Alta Ruth has not been in many school activities here, she was on the first string of the volleyball team, in the pep squad, and on the Wink senior class president of home economics, and favorite girl.

In Pampa, Alta Ruth is a member of the Theta Kappa Gamma club, pep squad last year and she works in the office for Mr. Herod the other period.

When Alta Ruth graduates this year she plans to go to the business school in Amarillo.

Alth Ruth admires Tyrone Power and Hedy Lamar more than any other screen stars.

She likes her subjects but she enjoys home economics and history best.

School Picnic to Be Held May 19

An all-school picnic will be held Friday, May 19, at 4 o'clock under the sponsorship of the student council. The site for the picnic will be announced later.

Members of the student council will sell tickets for the picnic at 20 cents per ticket. They will go on sale May 15.

Anyone who will furnish a car is asked to report to Jimmy Mosley. The picnic eats will include buns, wieners, mustard, pickles, pop and ice cream.

Students are asked to purchase their tickets before 3 o'clock, Thursday, May 18. Faculty members will chaperon the picnic.

Sagebrush By The SAGE

Anabelle Lard must have been sleeping in 1880, because she did not know until last week that Horace Greeley was dead.

Rip Van Winkle slept for 20 years, but Juanita Smith and Joyce Graham just slept 20 days. At least they have just found out that the district meet is over. How time doth fly!

It has been rumored that Patricia McCarthy has been receiving notes from Dan Cupid. Anyway, they are that type.

When Dickie Gray hailed a taxi, Rex Shearer came up and carried him to school. The catch was the almost dropped (on purpose) Dickie in a large puddle of water.

Well, well, well! Derrill Ford is going to escort his sister to the banquet Saturday night. What's wrong now? "What's wrong?"

A future poet laureate may come from the classrooms of P. H. S. Dick Kennedy has turned from romance to the pen and is now writing poems about teachers (especially Mr. Herod).

"She just drives past my house and up to the corner and then turns down past your house and then back around the block to make it again." Someone told Jack Andrews this and both he and the girl really let out the Neapolitan sunset (blush). Who is the girl? Well, you guess.

The latest soldier from school is Jeanie Lively. Anabelle Holloway isn't far behind because both of them tried to sing solos that weren't scheduled on a recent program.

Did anyone notice the goo goo eyes the director of Amarillo's symphony orchestra had for Frances Thompson?

"Jeannie with the light brown hair. That is the latest name for Dorothy Jean Gibson.

Intimate sources have it that Dorothy Jane Day is afraid of mice.

Herbert Maynard says that the easiest way to part another fellow's hair, pin his ears back, give him triple chin and spread his nose is very simple. All you've got to do is to catch him not looking with his hands and feet tied down. How simple.

Joyce's latest motto is B. B. B. Want to know what it stands for? Well, it's "Be careful, be true." Gosh, the Sage wonders again.

Dorothea Thomas recently said, "I'll give you three guesses to guess who I've got on my mind. Someone replied, "All three would be wrong if anything but water was mentioned."

Since the latest Sub Deb initiation, Betty Plank has been known as "Biting Blank." It seems one of the Pampa Quill joined in with her to do some hot-stepping.

More facts from the fooler were too many facts for students the other day. Running to the window to look out, they discovered the toilet on the toilet were being made by Bill Adams and Albert Kemp's automobile horn.

Billie Lee Krets has started a spelling bee. At least she asks boys to spell "ferry." If they spell it right she asks them to spell "issue." Then, if they succeed in spelling it correctly, they are asked to pronounce it. Then—oh, there is where it had better be careful.

Walking down the top half one day last week, the Sage discovered a marriage license made out for Miss McFarlin and tacked it to the door of room 308.

Anxious to go to Berger is the case of Max McFarlin. Maybe red hair has something to do with it.

Reporter Recounts Tales Of Carlsbad Caverns Trip

Well, well, well! Your old traveling reporter is back to recount the tales of another trip, so turn up your chair and draw up a radio for the account.

For this little interview, the Carlsbad trip of about 107 seniors, ten teachers and about 45 parents made Friday, Saturday and Sunday.

Well, to begin it all, at 5 o'clock Friday we had to pile out of our warm beds, jump into our clothes, grab a cup of java and pull out for to catch the bus or the car in which to make the trip.

We went through Amarillo with flying colors but when we got to Carlsbad we kinda wilted down from our long ride. Anyway, we checked in to our cabins and then reported to Mr. Gordon and Mr. Herod for to go on a picnic at the lake. They told us not to go swimming until arrangements were made and boy, was that water chilly.

"Hickory Dickory Dock and the clock struck 10:30 p. m. at which time we were checked into our cabins. At the stroke of seven next morning everyone was up and at ten we fixed breakfast and then went to the caverns. At 10 o'clock we started our long walk through the most beautiful grand canyon underground your old traveling reporter ever saw. Just to prove that it was beautiful, in the big room we could look straight up for over 300 feet before our glance met the ceiling. In other places the ceiling was completely hidden from sight by enormous numbers of stalactites hanging toward us.

At the Rock of Ages, holy quip resigned as everyone heard the singing of the song, Rock of Ages. Even a pin could have been heard in the stillness.

Well, it was so breath-taking that every person in the group would gladly have turned around and gone back through, had it been possible. But since it was an impossibility, everyone got ready to go back to town and visit the city. More window shopping was done than actual shopping for one reason—everyone was nearly broke already.

At 8:30 the hop began and lasted until midnight. Just 30 minutes later, the cabins were checked to see if everyone was in. Yes, they were in but just got to stay in about six hours. Did someone ask you "they're" were? Why, everyone who went.

Yes, it was awful, but everyone had to eat by seven on Sunday morning to eat breakfast and get ready for inspection. Every cabin's contents were checked to insure the owners against someone who would be true to form, nothing was missing.

At 8 o'clock everyone got underway to return to the plains and to Pampa. What time everyone got home and just how tired everyone was hasn't been learned yet, but if everyone was tired, you're traveling reporter and as tired as several of them look today, they were ready for a good night's rest.

Well, it's time to say so long 'til next time.

Rotary Delegates

Tom Herod, assistant principal, was chosen delegate to represent the local Rotary club at the Rotary convention held last Saturday at Big Springs.

Miss Zenobia McFarlin accompanied the shorthand team, Harry Kelley took B. G. Gordon's place in accompanying the sports events. Mr. Gordon went to Carlsbad with the seniors. They were return yesterday afternoon.

Students Burn Midnight Oil Writing Term Themes

The pages of the World books, history and English reference books in the library have seen many familiar and new faces lately. It's theme-writing time in P. H. S.

From each teacher's brain comes a steady flow of term theme topics—topics ranging from whether there will be another war or not, down to the topic of favorite English poems. Almost all of the English, history and economics teachers are putting this task upon the student; however, a few of them are being lenient and not assigning themes. (Bless them! Why doesn't someone take up a collection and buy these few a gold medal each?)

Most term theme assigners do not assign any certain subjects for their students to write on; they merely let them think up a subject of their own as long as the topics pertain to the subject on which they are studying.

And what topics they think of! As before mentioned, these topics range from war to poetry and the ones that the students think up by being put on this task upon the student; merely let them think up a subject of their own as long as the topics pertain to the subject on which they are studying.

Minister Will Be Chapel Speaker

Mr. Claud Smith, preacher at the Francis Avenue Church of Christ, will be the speaker in assembly on Wednesday.

Miss Helen Martin, head of the music department, will have charge of the program. There will be songs by the A Cappella choir and the glee club.

The last assembly of the year will be on May 19. Awards and honors for the year will be presented.

Two Senior Boys To Dine Weekly With Rotary Club

Poor Rotarians, just think what they have to put up with this month. Two hungry mouths, what a break for Jimmie Mosley and John Edwin McConnell.

Now John Edwin, who is a senior, and "Tall, dark and handsome" was in the election with Jimmie Mosley, who is also a senior. Both boys were elected because of a tie.

Now, if anybody knows these two boys, I'm sure, they also know how much they can eat. Why it is said that John Edwin can eat three fried chickens, two loaves of bread, one bowl of potatoes and one-half gallon of milk and still ask for dessert. Of course, that is when he has a fair appetite. Now when he is hungry, well...

Jimmie Mosley is pretty good at eating, too. He can store away a fair-sized turkey, full of dressing, perhaps a gallon of gravy and if he's not very thirsty he can drink two quills of coffee.

But don't worry too much about having to feed these two boys, because they usually know how to act when they are at a luncheon, so perhaps they won't eat too much.

Miss Jerry Mitchell And John Adams Wed Saturday In Amarillo

Bride Popular In Pampa High School Activities

Special To The News
AMARILLO, May 8.—A wedding of wide interest is that of Miss Jerry Mitchell, daughter of Mrs. Flora Mae Mitchell, 904-B Jackson street, to John W. Adams, son of Mr. and Mrs. R. W. Adams, 2214 Inviden street.

The beautiful and impressive ceremony was solemnized Saturday night at 8 o'clock in the parlor of the First Baptist church.

Rev. C. Gordon Bayless, pastor of the First Baptist church of Pampa, read the solemn words of the marriage rites as the couple and their attendants stood before an artistic background of palms and lighted white candles in tall candelabra. Centering the improvised altar was a large basket of white stock and gladiolus, flanked with smaller baskets of the same flowers.

Presiding the ceremony, Mrs. A. D. Steed, pianist, played "O Promise Me," Mrs. J. M. Doonan sang "Ah, Sweet Memory of Life," and Paul Sweet sang "I Love You Truly." They were accompanied by Mrs. Steed who later played the bridal chorus from Lobengrin for the professional, Schubert's "Serenade" softly as the vows were spoken, and a medley of appropriate music after the ceremony.

Mrs. Lloyd Hamilton of Pampa, matron of honor, was gowned in aquamarine chiffon. She wore a large black straw hat and used black accessories. The maid of honor, Miss Mary Durham, wore dusty pink crepe with a large felt hat of the same shade and japonica accessories. Their corsages were of white roses.

William C. Stack of Pampa served as best man. Ushers were John J. Currie and William J. Perdue.

Wears Powder Blue.
 The bride, who was given in marriage by J. B. Bourland of Pampa, was attractive wearing a redingote style dress of powder blue crepe cloth with violet accessories. Her corsage was of orchids.

Immediately following the ceremony, a reception was held at the Mitchell home which was decorated with white flowers and fern. In the

WILL PLAY IN RECITAL TUESDAY

Among the pianists to be presented in a piano recital Tuesday evening at 8 o'clock in the Myers Music Mart are Ramona Marthey, left, and Helen Marie Hagerty, right. Both will play solos and in the ensemble.

They received honors in the spring piano festival. Ramona is the daughter of Mr. and Mrs. C. C. Matheny and Helen Marie is the daughter of Mr. and Mrs. G. A. Hagerty.

hall were lighted white candles and flowers, and a large basket of flowers was on the guest book table.

The wedding cake, pink candles in crystal holders, and pink and white rosebuds were attractively arranged on the lace covered table. Pink wedding bells were moulded in the white ice cream.

Misses Billie Ross and Marjorie Bandy assisted with the serving. Miss Eleanor June Adams presided at the guest book.

Leave On Trip.
 After the reception, the couple left on a trip to California. They will be at home here.

Out-of-town guests for the wedding and reception included: George N. Adams, grandfather of the bridegroom, Messrs. and Mrs. J. M. Saunders, R. L. Burrows, C. E. Corys and family, Ray Ford, John Lantz and family, Lloyd Hamilton, William C. Stack, Mrs. D. E. McGahey and son, Miss Burton Tolbert, Mrs. C. Gordon Bayless and Jeff Bearden, all of Pampa.

Bride Is Popular.
 Mr. and Mrs. O. A. McGaughy of Sabinet, Mr. and Mrs. W. O. Colli and daughter of Maple City, Mrs. N. B. Moore of Snyder, Mrs. Mary Moody of Elyria, Ohio, Mrs. Oran Wilson of Lubbock, Mr. and Mrs. Lewis Hobbs of Lubbock and Mr. and Mrs. Lonnie Byars of Canyon.

For the ceremony, the bride's mother wore a teal blue suit with white accessories and a corsage of gardenias. The bridegroom's mother chose a dusty pink three-piece wool suit with black accessories and a corsage of pink roses.

Mrs. Adams was graduated from Pampa high school where she was a member of the national honor society, a pep leader and most popular girl in her senior class. She was employed by the Southwestern Investment company in Pampa before coming to Amarillo where she was connected with the same firm.

Mr. Adams received his education in Amarillo high school, the University of Oklahoma and the University

Pampa And Midland Play Ball Here Tonight

Abilene Will Be Here For Game Tuesday

It might be a little cold, but there's going to be baseball at Road Runner park tonight at 8:15 o'clock. It will be the first night ball game of the 1939 season and will introduce to fans of the Top O' Texas area the Midland club, which will play the Pampa Oilers.

After looking over the field yesterday, umpires decided it was too wet and called the game off. The pair of arbiters may decide tonight that it's too cold, but that is unlikely unless a norther blows in.

Neither Manager Grover Seitz of the Oilers or Manager Jimmy Kerr of the Midland club would name a starting pitcher this morning. "It all depends on the weather," they remarked.

Manager Seitz returned to Pampa well pleased with his pitching staff, although he would like to get a good lefthander. He said his pitchers had to battle cold weather on the entire road trip and that Art Verrengia and Harvey Hutton were unable to get started in the games they lost. However, his relief pitching bordered on the sensational.

The other hitting wasn't quite up to par on the road trip, but Manager Seitz hopes that his youngsters will get their eye on the ball soon. Fielding showed marked improvement. Morning practice will be ordered, the rest of this week if the weather is favorable.

Tomorrow night at 8:15 o'clock the Abilene Apaches will be in town for a two-game series. It will be Ladies-Night and every woman in this section will be admitted free regardless of whether accompanied by a paid admission or not.

Wednesday night will also be a gala night at Road Runner Park for that night Soldier Caruso, famous soldier-singer, will present a program. Soldier Caruso, who is a disabled veteran, has appeared in nearly every baseball park in the nation during his 16 years of singing.

Caruso will appear under the sponsorship of the Association of Professional Baseball Players of America which organization sponsors a home where all baseball players of bygone days might secure medical care and general aid.

No additional charge will be made at the gate, the admission being 40 cents as usual.

Bowling Title Kept By Milwaukee Women

OKLAHOMA CITY, May 8 (AP)—The team championship of the Women's International Bowling Congress went back to Milwaukee for the third straight year today, but the crown was worn by the Kornitz Pure Oils and not by the Hell team which led it in 1937 and 1938.

Team competition in the 22nd annual W. I. B. C. tournament, which started here April 13, ended last night with the score of 2,818 posted by the Kornitz quintet on the fourth day of the meet standing up under bombardment of the nation's best powder puff pin-punchers.

Milwaukee, Philadelphia, Kansas City, Wichita, Galveston, El Paso, Tex., and Marshalltown, Ia., bowlers took over the alleys today for last assault on the maple pins in doubles and singles brackets.

Mann's Malted Milk Bread of Amarillo, Tex., finished eighth with 2,963.

Midland Manager Has Had A Colorful Baseball Career

If Catcher Jimmy Kerr can start his managerial career as he did his professional playing career, it will be a great season in Midland, where he has signed to manage the new entry in the West Texas New Mexico race of 1939.

Kerr broke in with Hollywood of the Pacific Coast league in 1933, and on his first trip to the plate in professional ball he slapped out a home run. On his last time at bat the same year, he crashed another four-bagger, the only two homers he got all year. A great beginning and a great ending.

The new Midland pilot is a product of Uncle Sam's marines. He enlisted with the Leathernecks in 1931 and played baseball, football and basketball for the Paris Island corps. He moved to Quantico in 1932 and then went west to join the all-marine team at San Diego. This football team upset the dope to beat Santa Clara, 14 to 7. Kerr was a

center at Quantico, but shifted to end at San Diego. "The marines gave me my break in baseball," says Kerr, "and I'll always be proud of the fact that I was in the service. "While with the San Diego corps team in 1934, I was scouted by Hollywood of the Pacific Coast league and taken on for a trial. I played two games and hit a homer my first time up. I got my discharge in February, 1935, and joined the club for the full season, that was the year I opened and closed with a homer."

Following the 1936 season, Kerr was traded to Tulsa of the Texas league, moved to Tyler in the East Texas and came back to the Texas last year with Shreveport and Dallas. He was an understudy and got little work, but probably will do the bulk of receiving for his Midland entry this year. A native and resident of Baltimore, Kerr is 28 years old.

Mallon Wins 3-2 Victory Over Santone

(By The Associated Press) Second Baseman Les Mallon, leaping high to stab a whistling liner off Outfielder Freddie Stroble's bat, whipped the ball to Phil Seghi at second for a double out and saved Dallas its 3-2 victory in the last game of a dual bill with San Antonio yesterday.

Already beaten in the first game, 7-5, San Antonio was trailing in the last half of the seventh inning in the second encounter by reason of Seghi's home run for the Rebels with Mallon aboard. The Missions were just getting to Beryl Richmond, Dallas pitcher, when Mallon pulled his spectacular play.

On other fields Port Worth whipped Beaumont 10-0 and 2-1; Oklahoma City beat Shreveport 13-5, then lost the second game 3-2, and Tulsa and Houston postponed their night encounter because of rain.

Fort Worth found 15 passes fussed by Trucks, Gorska, and Mueller, hurrying the first game for Beaumont, a great help, especially since Bill Yocke of the Cats held the Exporters to five hits.

Fred Marberry was hit freely as he pitched for Fort Worth in the nightcap, but he outlasted Cloyd Smith of the Exporters, who except for a bad break, might have been listed as the winner.

In the first inning Sydum hit a triple and tried to stretch it. Howie relayed Harris' throw home from the outfield in plenty of time to cut Sydum off but Catcher Howe dropped the ball.

Manager George (Mule) Haas, making his home debut as a first baseman, got three hits in four trips, knocked in four runs and led his Oklahoma City Indians to their top heavy first game triumph over Shreveport. In the nightcap the Sports trailed until Moon, hurling for the Indians, became ineffective in the fifth and Shreveport went on to win.

Where they play tonight: Shreveport at Oklahoma City, Houston at Tulsa (2), Beaumont at Fort Worth, San Antonio at Dallas.

Timely Hits Boost Reds And Yanks To Leadership

By JUDSON BAILEY, Associated Press Staff. It may be possible to win baseball games on good pitching, the way Marse Joe McCarthy insists his New York Yankees saw up their pennants, but the runs are what count.

The fact Cincinnati's Reds and the Yanks themselves are in front today seems to prove it. Both are teams which have a faculty for hitting when hits mean runs.

After a two-day slant, second place the Yankees climbed back on top yesterday by shellingacking the Chicago White Sox, 14 to 4, and those four runs which Red Ruffing gave on nine hits would have won lots of games.

So the fact Joe Gordon hit a couple of home runs, once with one on and again with two on, was of more than passing importance.

It is worth noting, too, that the four games the Yankees have lost were games in which they hit no home runs.

Cincinnati's case is similar. The Reds bombarded the Phillies yesterday, 13 to 4, although their 10 hits were just one more than Paul Derringer gave. But Cincinnati's knocks included a home run by Frank McCormick with the bases loaded and another by Harry Craft with two on.

When the Reds returned to the top of the National league Saturday by beating Boston, 6 to 4, they outhit the Bees a mere 13 to 11.

Whether a lot of b.e. hits means good batting or poor pitching is a question like which came first—the chicken or the egg.

Yesterday's record had several instances where one hit decided a game. The Brooklyn Dodgers moved into second place in the senior circuit by beating the St. Louis Cardinals, 2-1, on four hits. One of these was a pinch single by Babe Phelps with the bases loaded, scoring both Brooklyn runs. Similarly, Sammy Hale delivered a pinch single to score two in the tenth inning of Cleveland's game with Washington to give Bob Feller an 8-7 victory after the youngster did a rescue act.

The Philadelphia Athletics had no trouble beating the Chicago Cubs, and showing the Tigers into seventh place in the American league after Earle Brucker homered with the bases loaded in the fifth inning.

On the other hand the Boston Red Sox booted away their first place perch with three errors which gave the St. Louis Browns a 6-3 triumph.

The New York Giants and Pittsburgh Pirates showed home runs aren't necessary if a team gets enough lesser blows at the proper times. The Giants got 16 for 25 bases to crumple the Chicago Cubs, 10-3, while the Pirates plastered 14 against the Boston Bees and won, 9 to 2.

Marshall Pitcher Shuts Out Pals (By The Associated Press) Marshall's Tigers, on the edge of climbing out of the East Texas league cellar, gave errorless support to Hurler Lefty Brooks yesterday as he shut out the Palestine Pals, 12-0. Brooks permitted only two hits. The sort of support he got was

Johnstown To Run Saturday In Preakness

By GAYLE TALBOT. NEW YORK, May 8 (AP)—Great, gaudy Johnstown, the colt that finally might make the old-timers quit weeping sentimental tears about Man o' War, is munching his grade-A oats at the Pimlico track in Maryland today and storing up his energy toward next Saturday, when he will be called upon to show the way to his fellow three-year-olds in the Preakness.

There seems not to be much sensible doubt in anyone's mind that Banker William Woodward's super-runner, still shaking rose petals from his handsome mane after his smashing triumph in the Kentucky derby, will go on to sweep the boards this season and in time establish himself as one of the greatest race horses ever foaled.

Already they are saying loosely that he is the best there has been. Such talk probably is a trifle hysterical and premature. But Johnstown is so much of a horse his famous trainer, "Sunny Jim" Fitzsimmons, isn't quite sure, himself.

"I won't be surprised if he makes a clean sweep, something no horse has ever done," said Fitz last night. "There isn't but one horse has a chance with him—Gilded Knight—and I'm training him, too."

"Johnstown was a beauty, wasn't he? You know, I gave Stout (Jockey Jimmy Stout) orders to take it easy with Johnstown. I told him to let El Chico and T. M. Dorsett make the running if they wanted to in the early stages. I told him it would be all right if Johnstown was no better than third entering the stretch. I knew they couldn't beat him."

But Stout told me later he could not hold that big fellow back. He didn't really give him his head and urge him to run until the last sixteenth.

Stout, encountered later in the Swain corridor, said he never had hit Johnstown except once, when they broke from the barrier in the Faunonok at Jamaica several weeks ago. He didn't know how much faster the big horse might have run in the derby if he had been cracked with the bat, but he thought he would have come mighty close to the record held by Twenty Grand.

Owner Woodward has entered Johnstown in every important race open to three-year-olds this year.

Meanwhile, Texarkana defeated Jacksonville 2-1 to displace Palestine from second place in the standings.

Longview downed Henderson 3-1 and Tyler eked out a 3-2 win over Kilgore.

Longview sent two runners home on double steals to defeat the league-leading Oilers.

Beach Links In Florida Please Willie Turnesa

PONTE VEDRA BEACH, Fla., May 8 (AP)—America's amateur golf champion, Willie Turnesa, did a few turns around Ponte Vedra Beach's ocean front links and came up today with the conclusion the British are going to be well pleased with the layout.

"The British are coming down here in November to combat Uncle Sam's golfing forces for the Ryder cup, and if Turnesa knows wherof he speaks, the U. S. delegation will have its hands full.

"This course," said Willie, "is the best test of golf in the wind I've ever played. It will really please the British."

To Turnesa's way of thinking the conditions of Ponte Vedra's course, which is just a good sand-wedge shot from the Atlantic ocean, will place the British Ryder cup players on an even keel with America's forces.

"There is no doubt," Willie said, "but that America's golf team when elected will be far superior to Great Britain's and could take their measure on any island course. But Ponte Vedra's wind conditions and layout that reminds one of England's Seaside links, will bring the British players up to even strength."

Pampa Legion Aids District Meet Program

Pampa Legionnaires and Auxiliary members had a prominent part in the 18th district convention held Saturday and Sunday in Childress.

Members of the Pampa Legion of the 40 and 8 had a part in the re-organization of the Childress Legion and the initiation of 13 candidates. The "wreck" was held Saturday afternoon.

The Pampa veterans were headed by A. D. Monteith, grand chief de train; Paul D. Hill, grand amonier, and Earl Perkins, chief de gare. W. L. Heskler of Pampa was conductor.

District Commander Charles Malcol of Pampa presided over the business sessions of the Legion members. Commander and Mrs. I. J. Hival, Pampa, attended the convention Saturday night.

A barbecue at noon Sunday, two dances Saturday night, a dinner honoring Mrs. William A. Wyatt, of San Marcos, auxiliary department president, Saturday night, schools of instruction for auxiliary and Legion members were on the convention program.

Highlights of the convention Sunday were the two addresses, one by Vincent Chiodo of Houston, department commander, and the special church service at the Presbyterian church, conducted by Rev. Frank Travis, pastor.

Department Commander Chiodo is of Italian parentage. The family came to this country when he was three years of age. The speech of the department commander was advanced from the afternoon to the morning session in order to allow the official to make connections with a plane at Wichita Falls for Houston where last night he attended his daughter's graduation from high school.

Department Commander Chiodo's address was based on the topic "Americanism," while the pastor's sermon was on the theme of "Widening God there can be no democracy."

Attendance at the convention was 300, with 30 attending from Pampa.

Results Due Soon In Mining Parley

NEW YORK, May 8. (AP)—A possibility of imminent developments in the deadlocked contract negotiations between bituminous coal miners and operators was indicated today by Dr. John R. Steelman, chief conciliator for the U. S. labor department.

After the morning session, at which it was presumed Dr. Steelman presented a compromise proposal, the conferees recessed until 1 p. m. (C. S. T.)

"There may be an important development during the day," Dr. Steelman said, but he declined to amplify.

Dr. Steelman gave no indication, either of the nature of his proposed compromise to end the work stoppage of 469,000 soft coal miners in 26 states. He said merely fuel scarcity was becoming more acute and that he would press anew for immediate settlement.

Mines Expert To Give Talk Here

A crowd of 1,500 is expected to pack the high school auditorium tomorrow night when G. M. Kintz of the United States Bureau of Mines presents his illustrated lecture of "What is Fire? What is an Explosion?"

The speaker is being brought here by the Panhandle chapter of the American Petroleum Institute for its last meeting until September. Walter Biery, chapter chairman, will preside.

The program will open at 8 o'clock with a concert by the Pampa high school band under direction of Winston Savage.

The meeting has been designated by most of the oil companies of the entire Panhandle field as their official safety night and employees will be given credit the same as when attending a company meeting.

Mr. Kintz will present several demonstrations that will be of interest to every citizen of the community including women. He will show the danger of using gasoline. He will show how light wires, etc., can cause fire and explosions. He will show how to extinguish different types of fires lighted on the stage.

WEATHER

(Continued From Page 1)

Huse, 16, was burned up when lightning struck a Dallas home. Her brother, George, extinguished the fire. A fireman was injured slightly when a truck answering the alarm overturned. Dallas had a half inch rain and rains were reported at Fort Worth and Wichita Falls.

Pampa Gets Shower

A light shower fell in Pampa Sunday afternoon, measuring 17-inch and bringing total amount of precipitation for the month to date to .41-inch, and for the year to 5.43 inches.

For West Texas the forecast for tonight and Tuesday was fair with slightly warmer temperatures. For the Panhandle Near noon today the temperature was 57 degrees.

Yesterday a heavy rain, estimated at 1 1/2 inches, fell along the C. & O. W. line between Cheyenne and Clinton, Higgins, Glazier and Darronett each reported heavy rains, and light showers, similar to the one here, were reported at Panhandle and White Deer.

ministration, the result would be "too terrible to contemplate."

Testifying as chairman of the United States Conference of Mayors, representing mayors of about 100 major American cities, LaGuardia told the house WPA investigating committee cities generally could not be expected to increase the contributions they made toward meeting the relief problem.

"At no time has the federal government cared for all the unemployed—which means the cities have cared for some and others haven't been cared for at all," La Guardia said.

"A drop in the care of the employables or discontinuing the WPA without anything constructive to take its place would be tragic—the result would be too terrible to contemplate. Not a city in the United States is capable of assuming that burden."

"The program of providing work for the unemployed is the American way of treating this problem. It would be a step backward to abandon that policy or resort to the dole."

Accused Slayer Agrees To Waive Extradition

KNOXVILLE, Tenn., May 8. (AP)—Sheriff Lon Jordan of Phoenix, Ariz., said today Robert M. Burgunder, Jr., had agreed to waive extradition to Arizona to face a charge of slaying two automobile salesmen.

Jordan arrived here early today by airplane with County Attorney Richard Harless to take the 22-year old College youth in charge.

Burgunder, son of a former county attorney at Seattle, Wash., and parolee from Washington state reformatory, was accused of fatally shooting Jack Peterson, 35, and Ellis M. Koury, 25, whose bodies were found in a lonely wash outside Phoenix last Friday.

Two Pampans Back From Welfare Meet

Two Pampans returned this weekend from San Antonio, where they have been attending the annual meeting of the Texas Welfare conference.

John B. Hesse, investigator for the Texas Old Age Assistance commission, returned to Pampa Sunday night, and Captain Herman C. Lambrecht of the local Salvation Army, returned this morning.

Attendance at the meeting was 800, representing county case workers, Texas Relief Commission, Salvation Army, Texas Old Age Assistance commission, and the division child welfare, among other agencies.

Three county case workers from this part of Texas were among those present: Mary Dial, Roberts, Buena Cox, Hemphill, and Mrs. Mary Hill, Lipscomb.

Piano Ensemble To Practice Wednesday

Pampa Piano ensemble will have a final rehearsal Wednesday evening at 7 o'clock at the Myers Music Mart for the spring piano recital to be given Thursday evening in the high school auditorium. This rehearsal will replace the regular practice held each Monday evening.

Market Briefs

NEW YORK, May 8. (AP)—You could take today's stock market or leave it alone and the exceptionally small volume, combined with a declining shift, apparently indicated many traders followed the latter course.

The list got off to a slight advance at the opening. Then motors started to give ground, followed by Steels. NEW YORK, May 8. (AP)—You could take today's stock market or leave it alone and the exceptionally small volume, combined with a declining shift, apparently indicated many traders followed the latter course.

The list got off to a slight advance at the opening. Then motors started to give ground, followed by Steels. Loans, running to 2 or more points at the worst, however, were substantially reduced in most cases at the close. There also were a number of modest plus signs in evidence. Improvement in the final hour apparently was based on rumors the soft coal tie-up, which received the principal blame for the speculative early retreat, was on the verge of settlement through intervention of governmental authorities.
