ONCE UPON A WALL — Under the watchful eye of a uniformed guard, a soldier of the Communist East German People's Army installs new barbed wire on the wall dividing the city of Berlin. The shirtless soldier was part of a crew reinforcing a section of the hated wall. In the background is another barrier of wood slats which is apparently intended to block the view into East Berlin.

But, Rain Is Needed

County Agent Reports Winter Wheat Is Up to Good Stand in Local Area

"Most farmers and ranchers in Gray County who have a good stand of wheat and intend to graze it would give \$1,000 an inch for rain if they couldn't get it any other way," Gray County Agent, Foster Whaley stated yesterday in his report on county weather and crop conditions.

"Some farmers would take as much as three inches on that basis," he said. "Seriously, most wheat in the county is up to a good stand and badly in need of moisture."

According to Whaley, a good one-inch general rain in the Great Plains area would jump the price of cattle at least three cents a pound.

"We could expect good grazing within a week to ten days after a good rain," Whaley said.

In his weekly crop report to W. W. Grisham Jr., Amarillo district agent for the agricultural extension service, Whaley described the weather conditions in Gray County as "No moisture, not even a cloud in sight."

The dry weather has been favorable for harvesting milo and cotton and for planting winter wheat, but it has kept yields low in the northern part of Gray County, Whaley stated.

"For the first time in the history of the county, irrigated cotton has been mature enough to harvest with mechanical equipment before a frost or chemical defoliation," the county agent said.

According to Whaley, less than five per cent hand-picking of cotton is in progress on a few farms in Gray County and about 35 per cent of the sorghum is being harvested.

"Most dryland maize in the northern part of Gray County has been hit by the drought and cattle are grazing it out," Whaley said. "Even irrigated milo is considered below average."

Whaley said about 95 per cent of the winter wheat has been sowed and is up to a good stand but wheat and pasture land both need moisture badly.

'Watch-Dog' Satellites Checking For Nuclear Tests in Outer Space

CAPE CANAVERAL (UPI)—A pair of top-secret U.S. "watch-dog" satellites today sped silently toward lofty orbits 60,000 miles high to begin patrolling for clandestine nuclear tests in space.

The two 485-pound moonlets were blasted into the sky together Wednesday night aboard a silver Atlas-Agena rocket in the opening volley of a tightly guarded, five-shot program variously called "Vela Hotel," "Vela High Altitude" and simply "Project 823."

The shot, one of the most ambitious ever attempted by the United States, was described as "near perfect."

The satellites are the forerunners of a complex system the United States plans to set up in space to enforce a nuclear test ban treaty it recently signed along with the Soviet Union.

The secret shot was witnessed directly and indirectly by scores of persons from Miami to Jacksonville, Fla., who were alerted by the spectacular red glare of the 103-foot Atlas-Agena rocket on its fiery voyage into space.

Early indications were the rocket had performed almost perfectly, sending the twin satellites on their way toward a planned target 60,000 miles above earth. But informed sources said it would take "many hours" and perhaps a few days to determine exactly the success of the shot.

Senator's Amendment Aimed At Oil Depletion Allowance

WASHINGTON (UPI)—Sen. Paul H. Douglas, D-Ill., said today he plans to introduce an amendment to the administration's tax cut bill which would hit at the oil industry's cherished "depletion allowance."

Douglas said his proposal would reduce the present "favorable" 27.5 per cent depletion allowance to 15 per cent for oil and gas companies with income in excess of \$5 million a year. The amendment would bring in an estimated \$400 million in additional taxes, he said.

Douglas explained his measure in an interview as the Senate Finance Committee recalled Treasury Secretary Douglas Dillon for a third day of testimony on the tax cut bill, already passed by the House.

The House bill does not alter the present depletion allowance, nor did President Kennedy ask for any changes.

Douglas said there was as much of an urgent need for structural revisions to close existing "loopholes" in the tax code as there was for a revision in high tax rates.

Openina Salvo Due in 'Rocky' Goldwater Race

WASHINGTON — The opening salvo in the Goldwater-Rockefeller battle in New Hampshire's March 10 primary will be fired this week end.

Governor Rockefeller will spend two days in this crucial state — tomorrow and Saturday. Tomorrow, he will speak at the University of New Hampshire after a press conference at the Concord airport. Saturday he will attend the Dartmouth-Holy Cross football game at Hanover.

Senator Goldwater will make his entry into the state on October 29 with a speech at Concord. He will address a fund-raising dinner for New England College and the Styles Bridges Foundation.

This sortie will be countered by Rockefeller with another trip to New Hampshire in Mid-November.

This time the New Yorker will come as an avowed candidate for the Republican presidential nomination. He will either formally announce before then or while in New Hampshire.

The Pampa Daily News

Work Started Here on New Apartment Project

48-Unit Structure In Northwest Pampa To Cost \$350,000

The first 16-unit wing of a \$350,000 residential apartment project in northwest Pampa will be ready for occupancy by Dec. 1, according to its owner and builder, I. W. Tinney, 2139 Beech.

When completed early next summer, the luxury apartments will consist of 48 units in six two-story buildings built around a square.

Construction on the first 16-unit section, at a cost of \$135,000, has been underway for a week. Foundations for two buildings have been poured.

The apartment house project, first of its kind in Pampa, will be known as the Glenn Wood Apartments. It is located north of Gwendolyn St., west of Hobart St., between Wells and Sumner Sts. and adjacent to London Bridge.

"It will be near the Coronado Shopping Center and a few blocks from an elementary school," Tinney said.

The first "luxury type" apartments will be housed in two two-story buildings, with a frosted white and red brick and a stone exterior. Separate smaller buildings will be built for storage space, laundry units and an enclosed garbage area.

The parking area in front of the apartment house will allow space for two cars per unit, or about 100 cars.

Other conveniences will be a play yard, swimming pool in the center of the proposed quadrangle of apartments and a pool building to keep all pool equipment and soft drink machines. "Eight of the first 16 apartments will be completely furnished and eight will be unfurnished," Tinney said. "The rent will range from \$97.50 a month to \$137.50. All bills except electricity will be paid."

The first two-bedroom apartments constructed will include a kitchen, a living room and bath and a half and "a ample closet space." The next proposed eight unit apartment will have about 1300 sq. ft. of living space, two bedrooms, two full baths, a fire place and a carport.

When completed, all 48 apartments, including the 16 now under construction, will have a built-in oven, dishwasher and garbage disposal, complete soundproofing, central air conditioning and heating and wall to wall carpeting.

"We will make every apartment different in the interior decorating," Tinney said. "If anyone leases prior to decorating, we will let him choose the color scheme he prefers."

Nobel Medicine Prize Winners Are Announced

STOCKHOLM (UPI) — Two Britons and an Australian won the 1963 Nobel Prize for medicine today.

Alan Lloyd Hodgkin, 49, and Andrew Fielding Huxley, 45, of Britain, and Sir John Carew Eccles, 60, of Australia, shared the \$51,158 award made by Sweden's Caroline Institute.

The three men, who have done work in the field of the human nervous system, were among the favored candidates in the pre-award speculation.

Dr. Jonas E. Salk and Dr. Albert B. Sabin, Americans who developed vaccines against polio, also had been among the possibilities.

The prize for medicine is the first of four Nobel awards to be announced here during the next three weeks. It will be followed by the prizes for literature, chemistry, and physics.

U.S. biochemist Linus Pauling, who won an earlier Nobel prize for chemistry, was named as the winner of the 1962 Peace Prize in Oslo last week. The Norwegian Peace Prize Committee gave the 1963 award to the International Red Cross and Red Cross Committee.

Salk, 49, developed the world's first effective vaccine against polio.

Wants Job For Her Poodle, Too

LONDON (UPI) — An "intelligent and experienced secretary" advertised in The Times of London for a job "where a quiet poodle could sit at her feet."

Communist Tito Visits Kennedy

WASHINGTON (UPI) — Marshal Tito of Yugoslavia, the "independent" Communist who seeks friendly ties with both East and West, arrived today for an informal but highly significant visit with President Kennedy.

The Yugoslav president, fresh from a Latin American tour, flew into Washington at 11:45 a.m. EDT from Williamsburg, Va., where he arrived Wednesday from Mexico City.

Tito was spending only six hours in the U. S. capital. He planned to return to Williamsburg for the night and fly to California Friday. He is scheduled to address the United Nations before leaving for home Oct. 25.

While his visit was listed as informal by the State Department — in an apparent effort to forestall criticism in Congress — Tito was given the red carpet treatment usually accorded an official state visitor.

Pampa High Choir Will Participate In Choral Clinic

The 66-member Pampa High School A Capella Choir will participate with 24 Texas and junior high choirs in the largest massed choir ever to perform on the campus of Eastern New Mexico University at Portales, N.M. Saturday at 7:30 p.m. in the University Gymnasium.

The Pampa choir, under the direction of Hugh Sanders, will go to Portales Saturday morning.

Almost 1,700 junior high and high school students will make up the huge choir.

The concert is the climax of the Seventh Annual Choral Clinic at Eastern.

Clinic sessions will be conducted during the morning and the massed choir will rehearse in the afternoon.

Guest clinician will be Dr. Daniel Moe, director of choral activities at Iowa State University. Cloys Webb, choral director at Perryton, will assist Dr. Moe, due to the record number of schools and students registering for the clinic.

George Umberson, director of choirs at Eastern New Mexico and clinic coordinator, said this is the largest number ever to register for the annual choral clinic and said the massed choir will be one of the largest (See CHOIR, Page 3)

Troops Ready For Big Lift To Germany

FT. HOOD (UPI) — The "one way" traffic signs also admonish the driver "Einbahnstrasse," on this Army post where 14,000 troops prepared for next week's "Operation Big Lift" to Germany.

Part of the indoctrination is familiarizing the 2nd Armored Division soldiers with driving conditions in Germany. Besides the English-German combination street signs, officials lecture the men on European driving conditions, German customs and international relations.

The first movement, an advance party of 440 men, leaves at midnight Friday from Bergstrom AFB, near Austin. Seventy-two hours later, the main troop movement to Rhein-Main Air Base near Frankfurt, Germany starts.

The 5,700-mile airlift will be the largest aerial deployment of troops in history. In Europe, the division will stage a mock battle with Americans already in Germany.

Algeria and Morocco Battle for Outposts

ALGIERS, Algeria (UPI) — Algerian and Morocco troops today fought their fourth day of battles for control of the Sahara Desert border outposts of Tinnjoub and Hassi Beida.

Military authorities at the western Algerian border town of Colomb Bechar said 50,000 army reinforcements were on their way to join troops fighting royal Moroccan forces in the combat zone 250 miles to the southwest.

Reports from both nations said the fighting was continuing for the fourth consecutive day.

Both sides claimed today that their troops held the outposts. Algeria and Morocco both say the poorly defined border area is part of their own territory.

Algerian President Ahmed Ben Bella, wearing a combat uniform, went before his widely cheering parliament Wednesday night to demand an all-out effort and order the members of parliament to go to the front.

The parliamentarians, most of them in army fatigues, roared their approval and unanimously voted an indefinite recess.

Ben Bella also ordered his two special emissaries in Morocco to continue peace talks with the government of King Hassan II, Mohammed Yazid and Maj. Slimane Hoffman, the Algerian envoys, met with Moroccan officials Wednesday night but reported no progress.

Morocco charged Wednesday that an Algerian plane bombed the tiny Moroccan village of Kasr-Zelmou west of Colomb bechar, killing men, women and children. The Algerian defense ministry denied the charges.

2 Burned In Truck Blast

Two Pampa men were listed in fair condition today in the Canadian hospital with second and third degree burns on the face and arms suffered when a Windsor Well Servicing truck "exploded" and burned on Highway 60 at the Canadian city limits about 3 p.m. yesterday.

Forrest Taylor was to be transferred to Highland General Hospital, according to Canadian hospital authorities, but George Pangle will remain in the hospital at Canadian until his condition improves enough to be transferred to Pampa.

Stanley Schneider, investigating highway patrolman, said the truck evidently caught fire from a butane explosion but the cause of the blast was unknown.

According to Vincent Simon, office manager of the Windsor Co., the men were taken to the Canadian hospital by Ray Jackson, another employe of Windsor who was following the truck in a pickup.

"They were coming down the highway toward Canadian when the truck exploded and caught fire," Walter Adams, Hemphill County Sheriff said. "The men stopped the truck and jumped out with their clothing on fire. The truck was not wrecked, but burned on the highway."

Fires Smoulder In Drought Area

By United Press International

Fires smouldered and flared today across the drought-stricken eastern half of the nation.

Precious water supplies continued to dwindle.

The U.S. Weather Bureau predicted "substantial rains" would wash out the costly dry spell in the Midwest and Great Plains during the next 30 days.

But the dry weather, which has turned New England forests and Allegheny timberland into tinder boxes, was expected to continue along the Eastern Seaboard.

The effects of the summer-long drought were beginning to be felt not only in fire-damaged woodlands and fields, but in burnt-out crops, decreasing milk supplies and the closing of schools.

Many small towns were asked to conserve water. Rivers, creeks, lakes and wells dried up. Water crisis loomed in other cities.

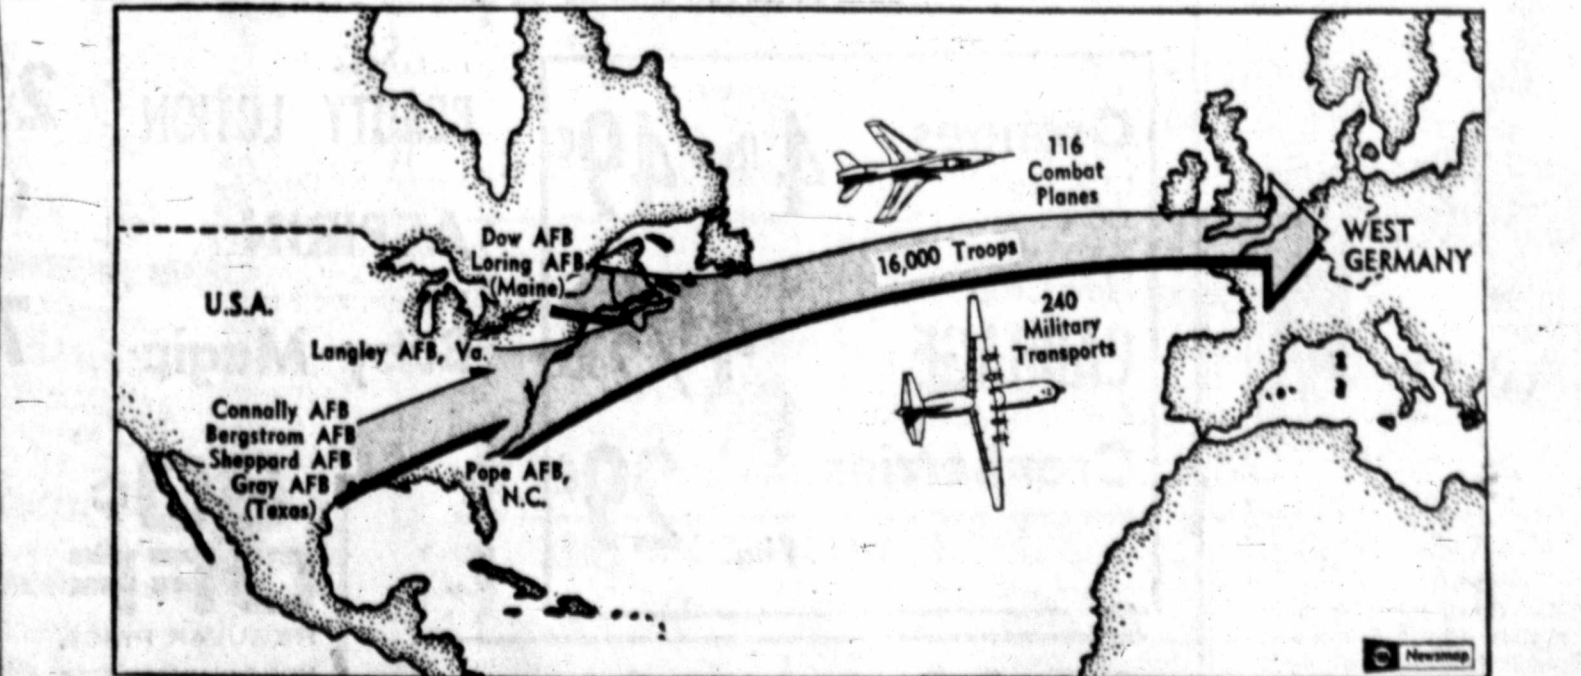

Woodlands have been closed to the public in several states. Campfires and other open burning near forests have been banned in others.

WEATHER FORECAST

Pampa and Vicinity — Fair, turning partly cloudy late this afternoon. Little change in temperature through tomorrow. Low tonight, mid-50s and high tomorrow in the lower 80s.

High in Pampa yesterday was 82. This morning's low was 53.

If it comes from a hardware store we have it. Lewis Hdwe. (Adv.)

TRANS-ATLANTIC TROOPLIFT—In the biggest trans-atlantic movement of troops ever made by air, the U.S. will fly 16,000 soldiers to West Germany between Oct. 22 and 25. "Exercise Big Lift" will transport 14,500 troops of the 2nd Armored Division, plus supporting elements, from four Air Force bases in Texas, one in North Carolina and one in Virginia. At the same time, a 1,500-man strike force, including tactical fighters and other planes, will begin flying from two bases in Maine. The massive movement is intended to dramatize U.S. ability to reinforce NATO forces in Europe. After field training exercises, most troops will return home by the end of the year.

It's Newspaper Week - Job Can Be Real Fun

By DICK WEST
WASHINGTON (UPI) — National Newspaper Week is currently in progress and I should like to urge everyone to celebrate accordingly.

Possibly there are some Americans who do not know how to celebrate newspaper week accordingly.

Well, each to his own likes, but when people ask me what they can do to help make newspaper week a success I always tell them "take a newspaper man to lunch."

Newspaper week customarily brings forth many statements on the vital role that a free press plays in a democratic society. And every word of this is true.

There is, however, another aspect that I think deserves attention. I refer to the fact that the newspaper business can on occasion be a lot of fun.

Recalls Incident

As my contribution to newspaper week I should like to recount what happened one day when the telephone rang in the city room of a newspaper where I once worked more or less for laughs.

The call was from a lady who reported that she kept hearing thumping noises under her house.

What kind of noises? Thumping noises. Thump, thump, thump, under the floor.

Why didn't she report this to the police? She did. Several times. But they claimed they couldn't hear any kind of noise thumping or otherwise.

The reporter who took the call went out and interviewed

the lady. Then he came back and wrote a story suggesting that maybe there was an alligator under her house.

The noise could be its tail thumping against the floor, he theorized.

Attacks Theory

Next day the rival paper, which resented being scooped, sent one of its own reporters to interview the lady. He came back and wrote a story attacking the alligator theory.

The pro-alligator reporter promptly picked up the gauntlet. After lengthy negotiations, he persuaded a zoo keeper to lend him an alligator, which he photographed in front of the lady's house.

Then he wrote a story hinting that the alligator had crawled out from under the house and had been turned over to the zoo for safe keeping.

That was strange, gleefully noted the anti-alligator reporter. There was only one alligator in the zoo previously. And now, after ostensibly receiving a new one, the zoo still had only one alligator.

Undismayed, the pro-alligator reporter came up with a simple explanation. The original alligator, he wrote, was a cannibal.

BELLUNO, Italy — Capt. Fred R. Michelson of St. Louis, Mo., who accompanied relief workers to the scene of the Vajont Dam disaster which killed an estimated 4,000 persons:

"It's hard to visualize. The towns that were there along the Piave River — they just aren't there any more."

the lady. Then he came back and wrote a story suggesting that maybe there was an alligator under her house.

CLASSROOM CONTROL BOOTH—Complete electronic console above is intended to replace the conventional teacher's desk. Designed by Oregon educator Dr. Jack Edling, it features stereo tape recording equipment, motion pictures, filmstrips, slides and transparencies and a public address system, all operated from a control panel or by remote control as the teacher moves about the classroom. As well as slides and films, blackboard-type lessons can be projected onto the large screen above the desk as the teacher writes, seated and facing the class. All projections are visible in a normally lighted room.

Bishops Appeal to Council On Importance of Laity

By LOUIS CASSELS
United Press International
VATICAN CITY (UPI)—U.S., Irish and Western European bishops today appealed to the Ecumenical Council to make a strong declaration of the importance of the laity in the Catholic Church.

Bishops John Wright of Pittsburgh, Pa., Phillip Hannan of Washington, D.C., William Philbin of Down and Connor, Ireland, and Franz Hengsbach of Essen, Germany, led a drive for strengthening a proposed council declaration on the laity.

Bishop Wright said Catholic laymen have been waiting 400 years for an Ecumenical Council to state clearly their place and dignity in the church. He said he would like to see the document made even stronger in its language to clear up the erroneous impression that the Catholic Church is under such complete clerical domination that it has no place for lay initiative or effort.

Hannan, auxiliary bishop of Washington, said the document should be amended to urge the Catholic laity to act as "witnesses to the faith" in their daily lives as housewives, businessmen, or whatever.

He said laymen should be encouraged to join organizations—such as parent-teacher associations, civic clubs and political parties—which can exert a real influence on secular society.

Bishop Hannan proposed that every diocese set up special machinery to make it easy for laymen to express their opinions on both secular and spiritual matters. He said unless bishops take steps to solicit the opinions of the laity, the hierarchy may find itself increas-

ingly cut off from the laity. Bishop Philbin of Ireland seconded Hannan's call for a greater interest on the part of the church in the needs and problems of secular society. He said the document should be amended to make it clear to laymen that they are working for Christ when they roll up their sleeves and get involved in the task of improving the secular world.

Police Check on Three Complaints

One incident of malicious mischief, a attempted burglary and a report of a stolen motor scooter were investigated by police today.

According to police, the Graham Used Furniture store, 320 S. Cuyler, was broken into last night but nothing was reported missing. Entrance was gained by breaking the rear door glass and unlocking the door from the inside, Police Chief Jim Conner said.

Mrs. Dennis Stillwell, 1308 Terrace, told police today someone sprayed red paint on her house, garage and trash barrel between 6 p.m. and 9:30 p.m. Wednesday.

A motor scooter belonging to James Wheat, 729 Malone, was reported stolen between 1 p.m. and 4 p.m. yesterday in the 300 block of W. Browning, but was recovered today in the 200 block of E. Tyng, according to police.

Man Slightly Hurt In Auto Accident

James F. Alexander, 28, 1817 N. Christy, was treated and released from Highland General Hospital yesterday after receiving slight injuries in a collision with a parked car in the 200-block of E. Decatur.

According to police, Alexander was going west on Decatur about 11 p.m. when he ran into a car parked at the curb.

The parked car was owned by M. H. Keyser, 840 S. Banks. Police said it received about \$100 damage and Alexander's car was damaged to the extent of about \$350.

Alexander received a cut on his finger and went to the hospital but was treated and released. He told police he was reaching for a lighter when the accident happened.

Band Club Pre-Game Dinner Is Cancelled

The Band Booster Club pre-game dinner scheduled for Friday night in the Pampa High School cafeteria has been canceled, according to Mrs. J. W. Lemons, publicity chairman of the club.

"We had to call it off because the Lubbock band cannot be here in time for the dinner," Mrs. Lemons said.

Rogers

Atty. J. E. Thompson of Pampa, Gray County Democratic chairman, will work with representatives from 24 counties. County chairmen are in charge of tickets.

Choir

(Continued From Page 1)
ever assembled in the Southwest.

Each of the choirs attending will have individual 15-minute clinic sessions Saturday morning. The afternoon rehearsal will include numbers to be done by the massed choir and the individual group numbers prepared by the schools before going to the clinic.

Towns to be represented at the clinic are Clovis, Roswell, Portales, Hobbs, Artesia, Alamogordo, Eunice, Albuquerque, Los Alamos, Fort Sumner, Tucumcari and Elida, N. M. Texas schools attending are Littlefield, Morton, Plainview, Texico and Pampa.

Texas Allowable Cut to 27.5 Pct.

AUSTIN, Tex. (UPI)—The Texas Railroad Commission today shaved more than 28,000 barrels daily off the state's oil allowable, setting November production at 27.5 per cent of potential.

The allowable was pegged at 2,828,283 barrels daily, down 28,662 barrels per day from the October allowable which was set at 28 per cent of potential production.

The commission estimated that considering underproduction factors, this allowable would result in average daily production of 2,496,426 barrels.

Officials of the Texas Landowners and Independent Oil and Gas Producers Association again asked the commission to increase the allowable. They said the Bureau of Mines forecast a 50,000 barrel per day increase in demand for November but noted that nominations from major oil purchasers were actually down 10,242 barrels daily.

Nine of the 13 major companies nominating recommended an allowable based on 27 per cent or less.

Waco Man Held In Pampa Theft

A Waco man is in city jail in Childress today in lieu of bond on a theft charge in Pampa, according to Police Chief Jim Conner. The man was charged in a warrant issued in G. L. Lunsford's Justice of the Peace court yesterday.

He is accused of the theft of three shirts, a suit and a shaving kit belonging to Ernest Mathis, 533 Harlem. Chief Conner said.

According to Conner, the man, who left Pampa yesterday, was apprehended in Childress and was expected to be returned here today.

British Convoys Pass Checkpoints

BERLIN (UPI)—The British army today ordered four convoys to travel through the Soviet zone to West Berlin in a new demonstration of Western access rights.

Soviet border guards passed the first two convoys through their checkpoint on the West German border without difficulty.

A British spokesman said soldiers in three trucks dismounted to be counted at Soviet request because there were a large number of soldiers in those trucks.

New Pain Killer Drug Discovered

HOUSTON (UPI)—Pentazocine, a new drug which has all the pain-killing effects of morphine but is not addicting, has been discovered at Baylor University College of Medicine.

The discovery of Pentazocine is particularly significant says Dr. Arthur S. Keats, of the division of anesthesiology at Baylor, because it shows that pain relief and addiction can be separated.

"I don't know why it could not be a complete substitute for narcotics in the department of pain," Keats said.

Defense Spending Signed Into Law

WASHINGTON (UPI)—President Kennedy today signed into law the second largest peacetime defense spending bill in U.S. history. The measure appropriates \$47.2 billion to keep America's military muscles flexed.

The sum was so huge that it would take one person almost 90 years to spend it at a rate of \$1,000 a minute.

Strategy Meeting Called on Rights

WASHINGTON (UPI)—The House manager of President Kennedy's civil rights bill called a strategy meeting of Northern Democrats today to seek agreement on legislation

that could attract greater bipartisan support.

Chairman Emanuel Celler, D-N.Y., cancelled a scheduled closed meeting of his Judiciary Committee and closeted himself with Democratic Committee members who support civil rights legislation.

Walter Rogers Reports House Slices Substantial Amount from Appropriations

A \$1.5 BILLION APPROPRIATION CUT
The House sliced another substantial amount — \$1.5 billion — from the latest appropriation bill coming before us. The measure, which reached the House floor Thursday, provided funds for activities in this fiscal year of the 26 Federal agencies, bureaus, boards, commissions, corporations and offices grouped according to government parlance as the "independent offices." The bill provided \$13.1 billion, \$1.5 billion less than had been submitted in budget requests. To accomplish the recommended reduction, the Appropriations Committee had done its work well. It had heard 4,000 witnesses and compiled 4,500 pages of testimony in subcommittee hearings stretching over four months.

The committee cuts sustained by the full House amounted to an overall reduction of 10.6 percent in the budget requests. This is in line with the kind of substantial reductions Congress must make if we are to attain the goal I've long pursued of balanced budgets and a reduced public debt.

The \$5.1 billion budget approved for space activities (the budget for the National Aeronautics and Space Administration) had been cut by \$600 million in committee and that cut was sustained by the House. Also approved by a House majority was an amendment to forbid the use of any funds in this year's space budget on any joint venture with the Soviet Union in an effort to send a man to the moon. Other amendments adopted to the bill bar the use of any funds to pay salaries of a study group for creation of a domestic police corps or national service corps (a legislative proposal that appears to be dead, at least for this Session of Congress), and to reduce by \$100,000 funds requested for salaries and expenses by the Federal Power Commission.

Three other regular appropriations bills remain to be reported to the House before this

Session can end. They are the military construction bill, the foreign aid bill, and the public works bill. Action on these appropriations must await the disposition of the authorization bills which provide for the programs.

So far this year the House has cut \$4.7 billion from budget requests considered in the nine regular appropriations bills for the fiscal year which began July 1. Four regular bills have been cleared by both the House and Senate and sent to the President, those providing money for the Interior, Treasury, Post Office, Labor, Health-Education-and-Welfare, and Defense departments. The defense appropriation, at \$47.2 billion, is the largest of all appropriations and represents well over half of all Federal money to be expended.

The chairman of the House Appropriations Committee, Honorable Clarence Cannon of Missouri, estimates that an earlier outlook remains valid for final congressional budget reductions of approximately \$5.4 billion. In my newsletter of Aug. 10, I predicted that the budget will have been cut by \$5 or \$6 billion when all appropriations matters have been disposed of.

A reduction of at least another \$1 billion may be expected in the foreign aid appropriation, a cut that added to past actions would bring reductions approved by the House to \$5.7 billion. I will continue my efforts to eliminate the foreign aid program entirely. If this could be accomplished, and the bipartisan support for the foreign aid program indicates that the odds are against it, the resulting \$4.4 billion reduction in the budget coupled with cuts previously made would all but insure a balanced budget. A budget deficit of \$9.2 billion had been expected based on original budget proposals. As you can see, if the House cuts already made were added to complete elimination of the \$4.4 billion foreign aid request, the total budget slash would amount to \$9.1 billion — and I feel sure that another \$100 million could be chopped from other pending

NATION'S HEAD — It's a topsy-turvy world in this scene photographed in a poor section of Mexico City. While wash hangs on a clothesline in the background, a giant plaster head of Mexico's independence leader Morelos stands upside-down in a back yard.

Ike Says He Could Back Any of GOP 'Possibilities'

WASHINGTON (UPI) — Former President Dwight D. Eisenhower told fellow Republicans Tuesday night that he could support any of the prominently mentioned possibilities for the 1964 GOP presidential nomination.

Sen. Barry Goldwater of Arizona, the current pace setter, was the only one of those possibilities in the audience of about 800 celebrating Eisenhower's 73rd birthday a day after the event.

The former President said he was confident that any of the possible candidates met two qualifications which he laid down and whoever is nominated could expect his "fervent support."

Republicans sing "Happy Birthday, Merman sing 'I Like Ike' and day, Dear Ike," heard Ethel viewed slides of the Eisenhower career.

In his informal remarks at the end, he said it was good to look at the past but that the nation was headed into the future along a one-way road with no U-turns.

Anti-Goldwater Republicans present at first thought Eisenhower was implicitly criticizing the conservative senator but he went on to say he knew of no presidential possibility he could not support. He said the road to the future is broad enough to accommodate everyone believing in American principles, despite differences on current issues.

Disputed REA Loan to Ski Resort Defended

WASHINGTON (UPI) — REA Administrator Norman Clapp defended a \$110,000 REA loan to a ski resort near Bedford, Pa., Tuesday as necessary to shore up the community's economy and boost the soundness of the local electrical cooperative.

He convinced chairman Paul C. Jones, D-Mo., of the agriculture subcommittee which aired the bitterly disputed loan, but not Rep. Charles B. Hoeven, R-Iowa, ranking minority member on the parent committee.

"I had many reservations on the loan before this hearing, but my opinion has changed," Jones told newsmen at the end of the two-hour session. "They've shown justifications I was not aware of."

House members who do not agree with this have the alternative of introducing a bill which specifically would forbid such loans, Jones said.

Favors Ban

Hoeven favored this course. He contended Clapp flouted the clear intent of Congress in making the loan and warned that unless REA mends its ways, "you are going to be faced with legislation on this subject."

Hoeven quoted extensively from hearings last year on a \$23,000 loan to buy snow-making equipment for a Galena, Ill., resort. Both he and chairman Harold D. Cooley, D-N.C., made it clear they believed REA money was not intended for such "extraordinary purposes," thus establishing congressional intent, Hoeven said.

"This indicates a difference of opinion," Clapp said. "We interpret the overall congressional intent as best we can." He argued that in spite of "the flippant comment which these recreational loans prompt, we believe they are a potential for development of power use."

REA also has an obligation to "do something about pockets of rural unemployment," Clapp said, and recreation like skiing is a good potential for developing jobs in such areas.

Approves Loan

The Area Redevelopment Administration approved a \$222,000 loan for the resort. A community group pledged a \$40,000 loan, and sponsors agreed to put up about \$60,000, leaving about \$110,000 needed and unavailable except from REA. Clapp said. The money will be loaned at 2 per cent interest to the Valley Electrical Cooperative, which in turn will loan the funds to the Blue Knob Development Corp. at 4 per cent, he said.

"Do you believe the federal government has the responsibility of subsidizing recreation for a lot of wealthy people who want to ski?" Rep. Charles M. Eague, R-Calif., demanded. Clapp did not concede that skiing is a sport for the wealthy, only, and argued the resort would provide jobs in a community where work is needed.

"But despite their low income, they can all afford to go skiing," commented Rep. Robert Dole, R-Kan., adding that Kansas REA subscribers are fearful such projects will bring the program into disrepute.

Texas Town Torn By Charges Made Against 'Teeners'

RICHARDSON, Tex. (UPI) — A justice of the peace says that "the surface has just been scratched" in arrests of teen-agers accused of being involved in auto accessory thefts. But the mayor and police chief said the situation had been blown out of proportion and the affair is almost cleaned up.

Police Chief J. W. Golden said his investigation neared completion with the arrest of twelve 17-year-old Richardson High School students. He said Richardson probably has a lower crime rate than any comparable city.

But Justice of the Peace David L. Johnston charged that 5 per cent of the high school population was involved in a widespread theft ring. He said perhaps as many as 150 youths took part in the thefts.

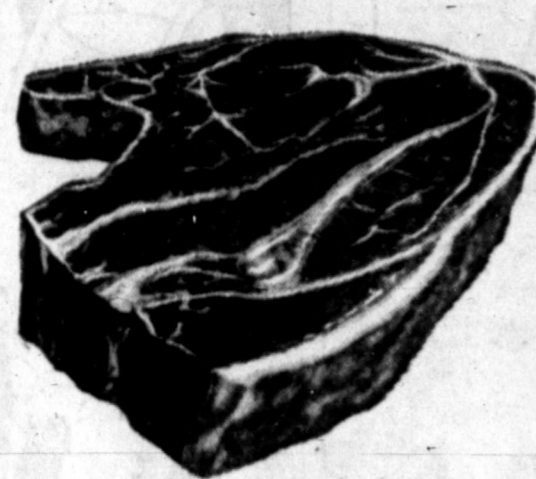

Johnston also said there were reports of student drinking parties at private homes when parents were away or out of town.

"It is a minor situation which has been blown out of proportion," Mayor Herbert M. Ryan said. "These accusations really do nothing but injustice to good law enforcement."

IT'S NOT JET PROPULSION — The vapor cloud here could be mistaken for a jet-propelled truck or a truck using too much oil. But, that's not the case. This is one of the city sanitation department's mosquito and fly-fighting pickups that traverse city streets on a 16-hour daily schedule. Public Works Director R. B. Cooke says the trucks will continue to wage war on flies and mosquitoes until the first frost. The chemical spray is harmless to humans and animals, but is death on insects, according to Cooke. (Daily News Photo)

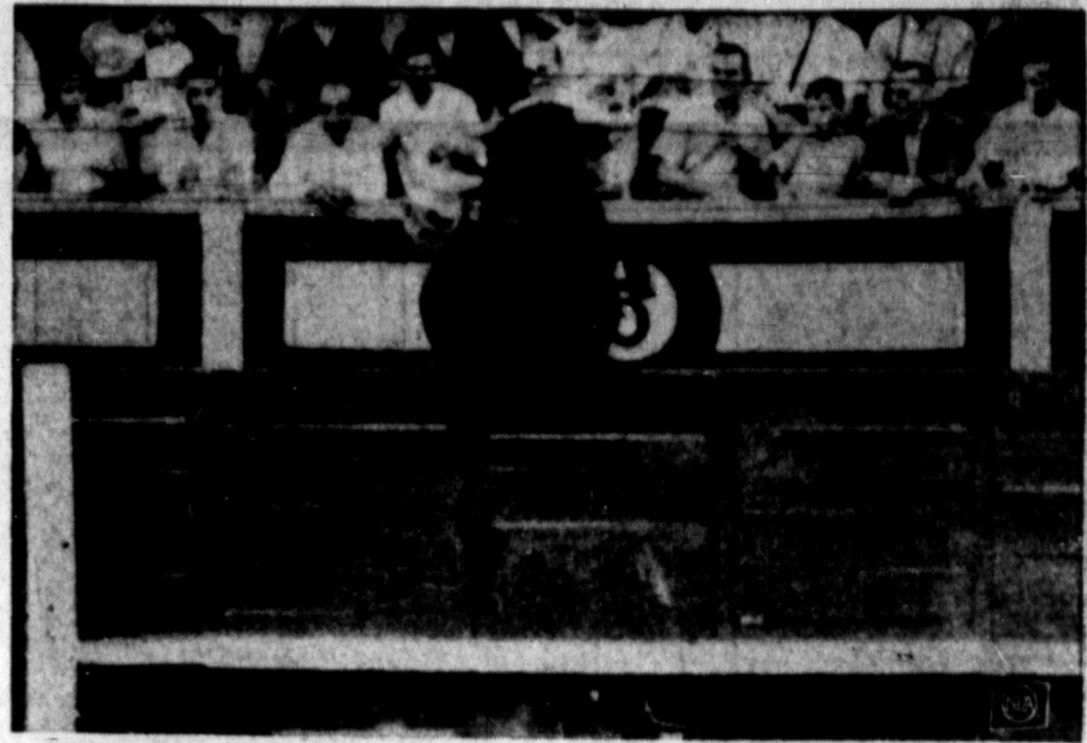

Soil Conservation Reports Terracing Work Completed

In a weekly progress report well-rounded stock program to provide roughage for livestock during cold winter months. Cured grasses in most cases is the same as unharvested hay. According to Scott's report, Marvin Webster has started constructing a second diversion terrace on his farm south of Kingsmill. Both terraces will empty into a grassed waterway Webster constructed in 1961. "When terraces can't be run onto native grass, a waterway is important to carry excess water safely off cropland," Scott said. "A waterway, the key part of a terrace system, should be mowed, protected from excessive livestock grazing and trailing and the bottom should not be used as a road." According to Scott, farmers and ranchers who plan to do some terrace and pond work should plan to start after maize harvest because conditions are "ideal" for earth moving and this is the time to prepare the land for a good rain. Cost-share assistance is available through the ASC and Great Plains programs.

RELAX TENSIONS
MONTGOMERY, Ala. (UPI)—Undersecretary of State W. Averell Harriman said Tuesday that future moves toward world peace may come in the area of relaxing tensions in Europe. "I believe the idea is worth exploring," said Harriman, who came here to address the Air War College at Maxwell Air Force Base.

Vendors Promise They'll Keep the Hot Tamales Hot

MEMPHIS, Tenn. (UPI)—The Lester Dodsons told the city commission they have a machine that will keep hot tamales hot when the sun sets on Memphis streets. The Dodsons asked the commission to exempt tamales from an ordinance prohibiting their street sale after sundown. The commission indicated it has nothing against hot tamales, but that health officials said the tamales must be kept at 150 degrees to prevent bacterial growth. The Dodsons, whose tamales are peddled by eight handicapped Negroes, said their machine would keep the tamales that hot. The commission deferred action until it could study the machine.

SITTING BULL—When there's a bullfight in Madrid, Spain, the bull usually stays in the ring. However, in this particular fight, the bull decided to take a fence position.

PROTEST TITO VISIT

WASHINGTON (UPI)—Four Republican congressmen believe that Yugoslav President Josip Broz Tito's visit to the United States is "a great victory for communism." Reps. Steven B. Derouinian, N.Y., Alvin E. O'Konski, Wis., James B. Utt, Calif., and Ralph Beerman, Neb., protested the visit Tuesday in speeches or statements.

Cuban Refugees Caught by Castro Are Put to Death

MIAMI (UPI)—Cuban exiles say three of 19 refugees kidnapped by the Castro government in Bahamas waters two months ago have been executed by firing squads in Havana's ancient Cabana fortress. The report by the Agramonte resistance group could not be confirmed by attorney Charles Ashmann, who represents families of the men abducted from Aguilera Cay last Aug. 8 by Castro patrol boats. But he said Tuesday there has been no word from the men since they were seized in full view of a U.S. Coast Guard plane and several U.S. fighter planes. The underground report came amid continuing official silence by the Castro regime to a second British protest—the first one was rejected—to the Castro regime delivered last Oct. 4 demanding the Cubans be freed.

Dear Abby....

This Relative Goofed,
Do What You Want To

By ABIGAIL VAN BUREN

DEAR ABBY: A relative called me and asked if she should send us a wedding invitation. She said if we didn't intend to use it, she wouldn't send one because they are very expensive and they are running short of them. When I complained to my husband about it (they are HIS side of the family, wouldn't you know?) he said, "Oh, don't be so formal! Ask her to READ the invitation over the telephone and tell her yes or no!"

Is this the proper way to be invited to a church wedding? Do you think we should go? And if we decide not to go, do we have to send a gift anyway?

DISGUSTED

DEAR DISGUSTED: Your relative has much to learn about etiquette. Don't go to the wedding unless you want to. And a gift is optional whether you go or not.

DEAR ABBY: Our family is small and we have many "single" friends (bachelors, divorcees and widows) whom we frequently invite to share a meal or an outing. Our children have often asked why the single men and women we invite so often never invite us for anything. At first we told them it was neither necessary nor expected. But the more we thought about it, the more we began to wonder—why don't they? They wouldn't have to include our children. I wonder why "singles" think nothing of repeatedly accepting invitations from their married friends, but rarely reciprocate.

JUST WONDERING

DEAR JUST: Many do. Only those "singles" who feel they have been invited out of "charity" do not consider themselves obligated, and therefore make no effort to reciprocate.

DEAR ABBY: A very attractive and well-educated woman has recently moved to our community. Her husband, an executive with a large firm, has been transferred here. This woman was given a warm welcome by all of us old residents. It is natural for a newcomer to talk about her experiences—a "back home," but

this woman has divulged the most intimate information about her friends in her former community—things which could only have been told to her in confidence. She has even used their names. Chances are we will never meet them. But we keep wondering what she will say about us if she leaves here. If you will print this, perhaps we won't have to figure out a way to tell her she would be better liked if she didn't talk so much.

OLD RESIDENTS

CONFIDENTIAL TO J. AND S.: Sorry, but what you suggest is illegal, immoral and extremely dangerous. I urge you not to do anything as foolish as your considered plan. Parents are your best friends. PLEASE tell them everything tonight.

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

Hate to write letters? Send one dollar to Abby, Box 3365, Beverly Hills, Calif., for Abby's new booklet, "How to Write Letters For All Occasions."

Pampa Rebekahs
Elect New Deputy

Mrs. Bobbie Brummet was elected as new Lodge Deputy during a recent meeting of the Pampa Rebekahs Lodge No. 355 which was held at the I.O.O.F. Hall.

Mrs. Velta Williams presided as Noble Grand with Mrs. Juanita Matheny acting as Vice Grand and Mrs. Ted Mastin as secretary.

Mrs. Berniece Ladd gave the report on the recent rummage sale and stated that the proceeds, \$84.65, would be forwarded to the State President Special Fund.

Mrs. Leone Stenbridge held a school of instruction as the program, followed by a social hour. Refreshments of coffee and cake were served.

Altrusans Choose Career Girl
And Announce Conference Plans

The Pampa Altrusa Club Career Girl of the Month, Miss Cynthia Hogsett, was introduced to the group by Mrs. Rufe Jordan during a recent meeting held at the Coronado Inn.

Miss Hogsett is president of the Future Teachers Club and plans to attend Texas Tech next year. She was presented a charm bracelet by Mrs. Jordan.

Mrs. Lorene Locke, president, named the following committee to work on the table setting contest: Mrs. Grant Anderson, chairman; Mmes. L. A. Barber, V. E. Hobbs, Eli E. Etheridge and Bonnie McCarley.

The group voted to sponsor an art exhibit to be held soon. Members were urged to contact artists who would donate works to be sold by the club. Persons interested in giving paintings are asked to call Mrs. B. M. Behrman, chairman.

Mrs. J. C. Coston, chairman of the Altrusa Conference to be held in Pampa Oct. 18, 19, and 20, announced that the paintings would hang in the Emerald Room at the Coronado Inn with Mrs. Irl Smith and Miss Ila Pool in charge.

The conference to be held in Pampa by Altrusa International will kick off with a pre-conference coffee, which will be held in honor of Pampa Altrusans, by Ninth District Governor, Miss Etta Jane Butler, and her officers, tonight at 7:30 in the governor's suite at the Coronado Inn.

Registration will be Friday at the Coronado with Miss Jay Flanagan, chairman of registration in charge. A Chuck Wagon Dinner will be held Friday evening in the Starlight Room for all conference delegates.

A breakfast will be held Saturday morning at 8 in the Starlight Room. Mrs. Coston announced that the Governor's Banquet will be held at 7:30 p.m. Saturday.

All Pampa Altrusa, hostess club, members are registered for the conference, and Mrs. Coston named the following chairmen during the three-day meet: Mrs. Louise Sewell, transportation; Mrs. F. W. Shotwell, publicity; Mrs. Roy Kay, decorations; Mrs. Irl Smith, conference photographer; Mrs. Joe Tooley, printing; Mrs. F. A. Hukill, place cards; Mrs. Lorene Locke, invitations; Miss Jay Flanagan, kits and registration; Mrs. V. L. Hobbs, hostess; Mrs. Thelma Bray, expeditor; Mrs.

Mary McDaniels, finance. A Pronto Prize will be awarded to the person who is on time for each session.

Workshops will be conducted Friday afternoon, Saturday morning and afternoon. Members are urged to attend all of these most important meetings.

B and PW Clubs
Slate Conference

Representatives from Business and Professional Women's Clubs in Amarillo, Borger, Canadian, Dimmitt, Dumas, Hereford, Lockney, Lubbock, Pampa, Panhandle, Perryton, Plainview and Shamrock will participate in the 35th annual conference of District 9 B&PW clubs to be held in Shamrock on Oct. 19 and 20.

Portraying an Irish theme, the conference will open with a St. Patrick's Parade at 4:30 p.m. Saturday followed by a banquet in the Shamrock High School Cafeteria at 7:30 p.m. Sunday's agenda includes a breakfast at 7:30 a.m., a memorial and devotional service and workshops designed to familiarize members with various fields of endeavor pertaining to women engaged in business and the professions. Such subjects as World Affairs, Civic Participation, Personal Development, Legislation and Public Relations will be discussed.

Mrs. Hope Conroe, Lubbock, President of the Texas Federation of Business and Professional Women's Clubs, Inc. will be the keynote speaker at the two day conference. Other state officials expected to attend are: Mrs. Catherine Mitchell, Lubbock, State National Security Chairman and Mrs. Bonnie Merriman of Amarillo, Editor of the state magazine, Texas Woman. Mrs. Jewel Dean Lewis, Pampa, director of district 9 will preside at the business session and Mrs. John Glascock, president of the Shamrock club, will act as official hostess. Reservations are being handled by Mrs. Helen Hardin of Shamrock.

OPEN THURSDAY NIGHT TILL 9 P.M.!

PICTURE NEWS

THE WORLD IN FOCUS

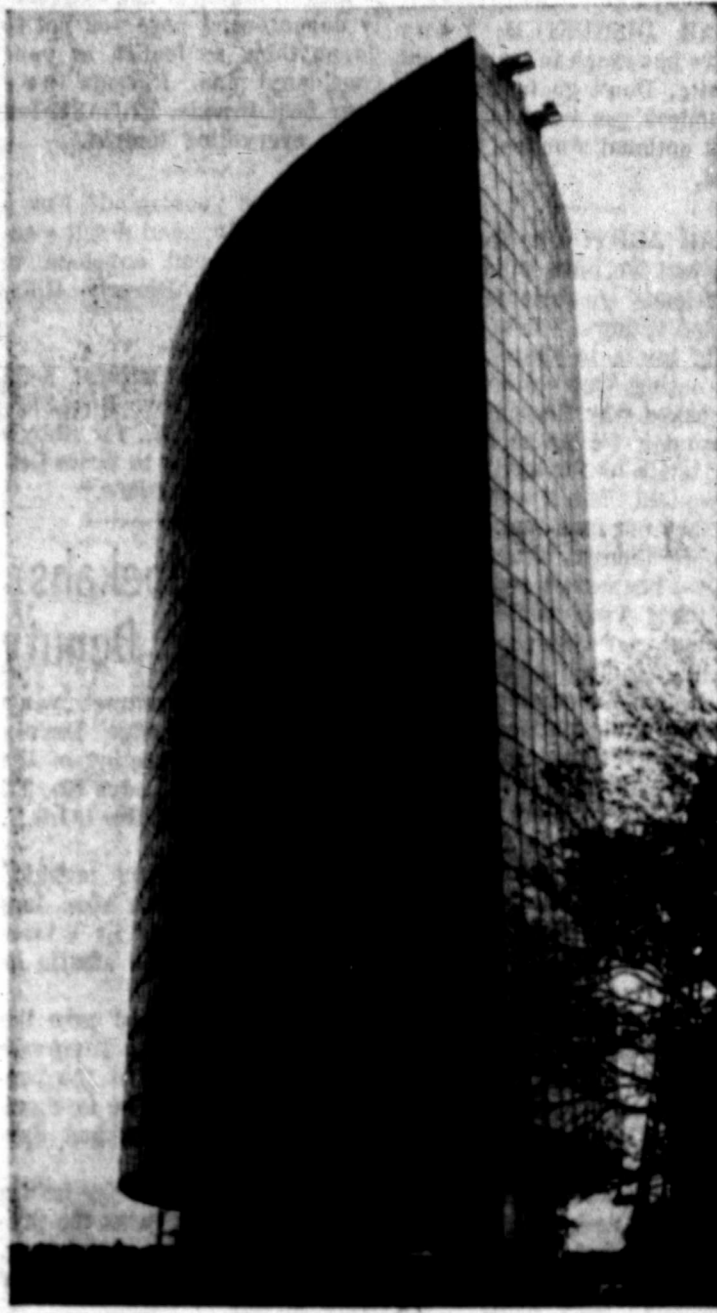

WATER(FRONT) LINES—Framing some of the boats jammed along the docks in Monterey, Calif., a steam shovel lies idle on the opposite shore. Cable lines and the huge jaws of the construction shovel add an abstract illusion to the waterfront scene. Had an abstract artist done it on canvas, he might have called it "water lines."

QUARTER HORSES—Six-foot-tall Al Darby of San Antonio, Tex., introduces his two seven-year-old midget quarter horses in New Jersey. The introduction dispels the belief that everything that's big comes from Texas.

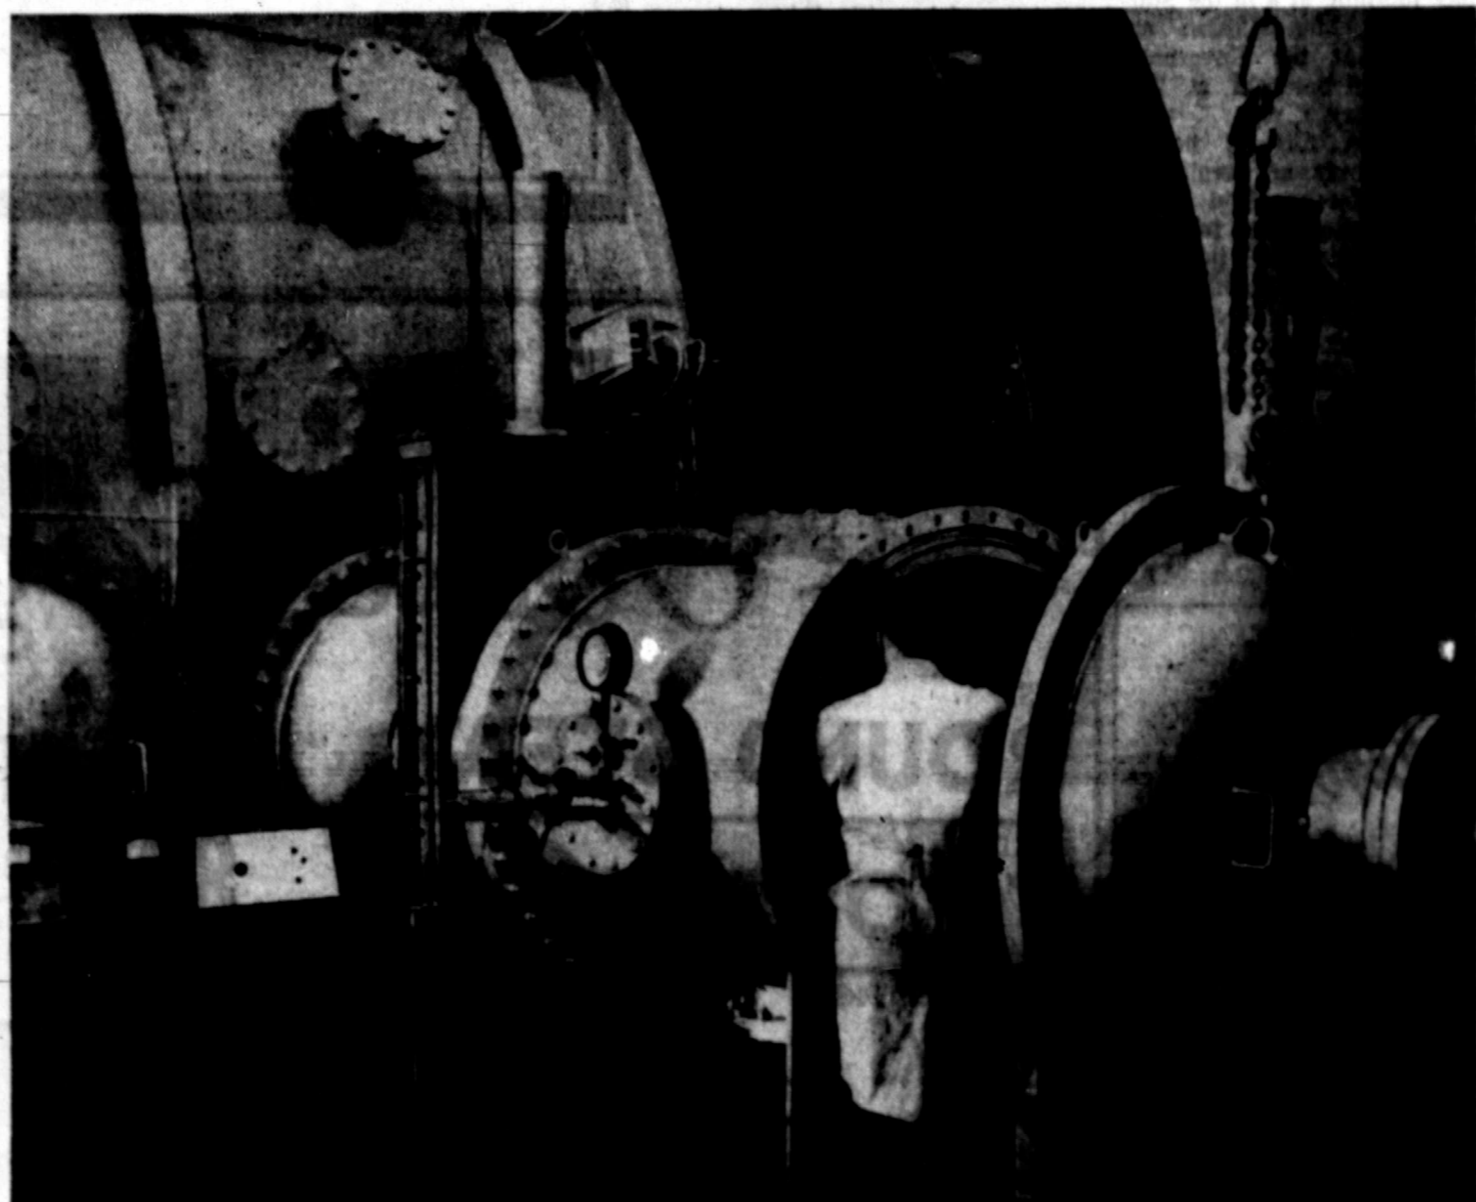

MASTER'S EYE—Filatov, bear trainer with the Moscow Circus, keeps a protective eye on Tamara Krassian, as one of the bruins takes in Brooklyn air.

SHIP SHAPE—To mathematicians it is a "lenticular hyperboloid," but to the people of Hartford, Conn., the new office building is simply called "the ship."

AFTER FALL—Heading for the ski season is an outfit that combines an inside and outside look in New York.

SPACE PAPOOSE—Technician in Ann Arbor, Mich., tends a "baby" space chamber attached to a larger one. Engineers designed it to duplicate atmospheric pressure conditions experienced while blasting off into space.

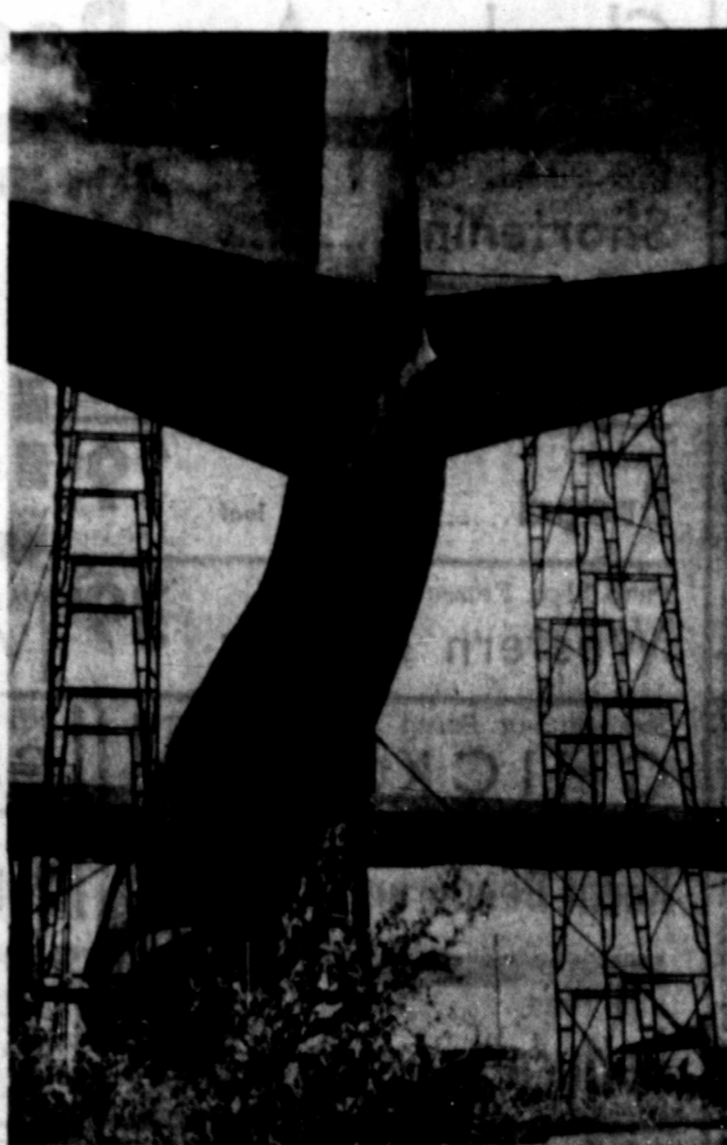

HAIR TODAY, GONE TOMORROW—This young Vietnamese boy at the Xa Loi pagoda looks as though he had been getting a haircut when trouble started in Saigon. No one has taken time to finish the job.

PLUGGING ALONG—What a way to make a bucket of oats! Dressed like this, walking up and down Pittsburgh, Pa., streets, to promote colonial furniture of a department store, this horse has some pointed thoughts, such as, "Hope none of my friends see me."

PRESIDENTIAL ROLE—Polly Bergen practices the expression of the first lady president of the United States for the new movie she is making. The comedy depicts an idea of what would happen if a woman really did become president in the future.

WHALE OF A TAIL—Shrouded in a plastic covering, the impressive tail of the "Princess" flying boat looms in Calshot, England. It's one of two monuments which became out-of-date before it got off the ground.

HIGH LIFE—Alfred Svensson likes his ale, but climbing up and down the building he is working on in Malmo, Sweden, takes all the fun out of it. So, he just stays atop his work and enjoys his drink, enjoying the view, too.

THE HARD WAY—Certainly doing it the hard way, a young boy stretches atop the muzzle of a cannon in Monaco's palace square for a close look inside.

Monterey Shifts Defense Around

LUBBOCK (Sp)—The Monterey Plainsmen have made a large number of changes in their defensive alignment, and moved up a sophomore to their starting offensive backfield unit, reported football coach Bill DuBose.

Richard Saari, 160, has been playing right halfback, but will be shifted to starting fullback. Sophomore Tim Horn, 155, will move into Saari's halfback spot. "Horn has come along real well since the beginning of the season," reports DuBose, "he's seen a little action and done well, and we'll give him a starting chance."

Monterey opened with 190-pound Rusty Spradling at fullback and Spradling was the second leading ground-gainer on the team in their opening two games. Spradling was then replaced by Junior McCarty and Mark Rice alternating at the post, neither with marked success. DuBose said that Spradling was not injured and was in good physical condition, but did not go into details as to why the big boy was not playing.

Although DuBose reports that the Plainsmen are physically sound, he has almost completely revamped his defensive alignment for Pampa. Although there has only been one player change, almost every defensive man has been moved around. John Dairymple, 188, comes in at right end, replacing Kim Forrester, 180. Danny Dutton, 204, goes to right tackle, and Lynn Stroud, 190, to right guard. Beeping up the left side of the line is Mike Barrett, 176, Bob Schmid, 204, and Saari.

Robert Junell, 170, and Dickey Grigg, 174, rated the Plainsmen's finest defensive player, are the linebackers. Tommy O'Kelley and Junior McCarty remain at the halfbacks and Chris Key, 168, is the safetyman.

Longtime Monterey coach Du-

Bose, an old hand at evading leading questions, rated the Harvesters highly. "I saw them against Caprock and I've seen up a sophomore to their starting offensive backfield unit, reported football coach Bill DuBose.

"We've made a number of changes," continued the veteran Plains mentor, "we're up and down. We had a real good workout Monday and not so good Tuesday. We just have to see how it goes from day to day.

"Morale is always a problem when you lose four straight, but we lost to some very tough clubs. I think Tascosa is the toughest we've faced. Amarillo has looked surprisingly tough this year, and Borger is a fine club. We're going to have to start beating some of them in the second half."

Asked about the evolution of quarterback Ricky Canup from an average passer to a ball fire against Tascosa, DuBose explained "Well, there are several reasons. Some, of course, I prefer not to reveal. One I can say is that we had been trying to build up our running game at first, you can't make them respect your passing unless they are forced to protect against your running too. Tascosa had our running plays covered well, so we went to the air. One of the reasons, of course, for Canup's success is that Tascosa was giving us the short passes, much as you did Caprock, to protect against the long ones and wide runs.

"As to whether we're going to throw or run against Pampa, well, that remains to be seen Friday night."

BIG JERRY QUIRK ... ready

SWC Round-up

By United Press International
Rice Coach Jess Neely looks at films of Southern Methodist's lightning-quick tailback John Roderick, shakes his head and draws:

"If we can't head him off we might just as well save our energy and wave to him."

But the foxy old Neely has a plan up his sleeve that might help the Owls prepare for the speedy Roderick and his SMU teammates Saturday night in Houston.

Neely, realizing the best way to prepare his defense for a trackman-footballer is to let it practice against one, has a sprinter during track season running Roderick's plays. Of course reserve back Jim Bob Loos can't run the 100-yard dash in 9.4 as does Roderick, but he is speedy enough to give the Owls an idea of what they will face.

Gannon Out

The news wasn't so good at SMU Wednesday. Billy Gannon, starting Mustang back, missed practice with a back injury and was a doubtful participant in the game with Rice.

Two crippled Longhorns returned to practice Wednesday as the Nation's No. 1 team—Texas—zipped through a two-hour, no-contact drill. The Steers play dangerous Arkansas in Little Rock Saturday night.

End George Sauer Jr., who has a case of poison ivy, returned to drills at Texas Wednesday along with halfback Anthony King, who favored a sore shoulder. It was feared King had suffered a shoulder separation, but X-rays indicated a deep bruise.

Coach Frank Broyles sent his Arkansas team through a no-contact workout in sweat clothes instead of in practicing pads. Broyles said he did not want to take a chance on anyone being injured prior to the game.

Bears Run

The passing team in the conference, the Baylor Bears, stressed the running game Wednesday. Coach John Bridgers scheduled work on timing and a review of fundamentals today for the Bears' battle with Texas Tech in Lubbock Saturday.

Tech worked on defense, lining up against Baylor plays run by reserves. Coach J. T. King said end Ronnie Reeger, out with a concussion since the Texas game, will be able to play this weekend.

Frogs Drag

Texas Christian coach Abe Martin said Wednesday his Frogs were "draggy—no hustle—and we'd better pep up a lot before Saturday." On Saturday at Fort Worth, TCU meets the Texas Aggies. Right end Tom Magoffin was back in pads, but will see limited action against A&M. He suffered a bruised back in the Tech game.

GAME CANCELED

CANYON (Sp)—The scheduled contest between the West Texas State University Freshman and Hardin-Simmons "B" teams has been cancelled.

The game, scheduled for Thursday, October 17, in Canyon, was cancelled on request of Hardin-Simmons. Injuries to the varsity caused the "B" team to lose most of its members. Acting Athletic Director Bill Ledbetter said there are only two left guards in the Cowboys camp.

The West Texas "Stomper" will now be idle until October 24 when they entertain McMurry University.

Groom Favored Over Warriors

Both Groom and Miami are ready and waiting for the opening kickoff of the district 5-B football season tomorrow night, and both coaches are in usual form. "I favored coach Sobbin' Jack York crying the blues and underdog skipper Bill Hines snarling defiance.

The two teams have had disappointing seasons to date, but the run for the money begins this week end and anything can happen. Groom, matched against higher classification clubs, has lost five straight, but the last three games of these have been by the grand total of five points. Miami, in its first year of 11-man football, has been outwitted and out-manned every game, beating Estelle and losing their other four games when bigger opponents would wear their 19-man club down in the second half.

On the basis of playing tougher opponents, of tighter games, and of a big weight and depth advantage, even Sobbin' Jack must blushing admit that the Tigers must be favored, but still insisted it would be tough.

"You can't win if you can't score," said the Sobbin' One, "and we haven't scored more than one touchdown a game yet. Oh, we're ready. We're gonna hit 'em, and we're gonna be out to win, but I guarantee it won't be as lopsided as people think."

"It's true we have a big weight advantage. But don't sell these kids from Miami short. They stayed with Claude all the way. They hit... they come to play... either Claude is very overrated or Miami is very underrated, because they played them a game, especially in the

first half. That Jody Holland kid impressed me, he'll hit you. "I have to admit that we're ready and we're healthy. Quarterback Dan Craig is fully recovered and ready for duty, and our workouts have looked good. Big Jerry Quirk has really looked fine booting that ball, he kicked a 35-yard field goal the other day, and I'm not kidding. I have a dozen witnesses. We're ready... but I'll bet Miami is too."

Down the road a piece, the poly-poly Chief Warrior agreed the Miami Tribe was indeed ready. "We'll play them a good ball game... matter of fact, I bet we surprise a lot of people," said the cherubic one. "We've been hurt by injuries and lack of replacements, well, we're going to have everyone out there tomorrow, except Gary Lister. Even Tom Grantham is going to see some action.

"Roy Bean has been hurting with infected sinuses, but he'll be in good shape, and so will Jody Holland. The kids are ready.

"We played a better game than the statistics show against Claude. We had a touchdown called-back, and we missed two scoring chances on 50-yard punt returns... still were only down 14-0 at the half.

"Doug Talley was named offensive Warrior of the Week for his fine blocking and centering, and Jody won the honor on defense.

"Lack of depth has been hurting us in the second half, but with all the boys out, we'll be able to get a little rest and maybe things will be a little different. We're going to try to play them a good ball game."

"We played a better game than the statistics show against Claude. We had a touchdown called-back, and we missed two scoring chances on 50-yard punt returns... still were only down 14-0 at the half.

DOUG TALLEY ... Warrior of week

Pro Golfers' Purses Upped

DUNEDIN, Fla. (UPI)—The 1964 winter PGA tour will offer a total record purse of \$768,000, President Lou Strong disclosed today.

Strong said there will be 14 official or PGA sponsored events on the winter tour, one more than last season. He said that purses in six of the 14 events have been increased, three by \$5,000 apiece.

The Phoenix Open boasts the biggest increase from \$35,000 to \$50,000. The Palm Springs Classic will go from \$65,000 to \$77,500 and the Bing Crosby National Professional Amateur was increased from \$50,000 to \$55,500. Up \$5,000 apiece are the San Diego, Pensacola and Tuscon opens.

The purse at Palm Springs will be the largest prize on the winter tour.

Another change marks the addition of the Greater Greensboro Open before the Masters this season. In the past, the Greensboro Open followed the Masters.

Harvesters Rise In League Stats

Pampa's first win of the season over Caprock last week raised the Harvesters in team statistics in the weekly 3-AAA report.

The Green 'n Gold moved up to fourth place in total offense as they gained over 300 yards against the Longhorns, and to fifth in defense as they held the Amarillo team to less than 200 yards.

Pampa's lone representative in individual statistics, Kenny Hebert, dropped down in all departments, despite leading Pampa to victory with a standout quarterbacking, running and kicking performance.

Hebert ran for 82 yards, but made only four yards through the air and dropped to seventh in total offense, led by Tascosa standout Pat Harkins and Lubbock's Greg Lott. Ricky Canup, skipper of tomorrow night's foe in Harvester Stadium, ranks third in that department.

Canup ranks third in passing in yardage gained, although on top of the heap statistically. Hebert holds sixth place among passers. The Flying Frenchman also holds sixth in pass receiving.

Hebert, despite punting for a 38-yard average, last game, dropped the punting lead to Mike Turner of Tascosa and Ken Vineyard of Amarillo, both of whom had fantastic nights with the foot their last outings.

BILLS LOSE CARLTON

BUFFALO, N. Y. (UPI)—Halfback Wray Carlton of the Buffalo Bills, the 10th-ranked ground gainer in the American Football League in 1962, suffered a ruptured blood vessel in the groin during practice Wednesday and will be sidelined for the remainder of the season.

San Angelo Bobcats Take Back First Place In 4A

DALLAS (UPI)—San Angelo's Bobcats, the pre-season favorite for the state title, forged their way back to the Class AAAA pinnacle this week in the United Press International Texas schoolboy football ratings.

The Bobcats, upset by Borger in the season opener, have won three in a row since then and last week defeated Odessa Permian, the team which only two weeks earlier had spoiled Corpus Christi Miller's high rank.

Their reign atop the AAAA Top 10 may be short-lived, however, unless they can prove their right to be there this weekend when they host the Midland High Bulldogs, last week's No. 1 team which lost to Abilene High to skid to ninth place.

With both Midland and second-ranked defending state champ San Antonio Brackenridge being knocked off last week, there was a general shuffle of the ratings again.

Pasadena Advances

Unbeaten but twice-tied Pasadena moved up a notch to second, once-tied Spring Branch to third and Galena Park hurtled from seventh to fourth. Borger remained No. 5, while Brackenridge, beaten 35-32 by Kingsville, slipped to sixth.

Amarillo Tascosa's unbeaten Rebels climbed into the Top 10 for the first time in the No. 7 spot, while Port Arthur stayed No. 8 and San Antonio Highlands No. 10. Dallas South Oak Cliff slipped just outside the select circle.

Dumas, Denver City and Albany—all idle last week—held onto their AAA, AA and A top rank.

Brownwood and Gonzales, the latter finally proving its perfect record was no fluke with a solid victory over San Antonio Sam Houston, climbed into the AAA Top 10 in the eighth and tenth spots.

Orange Loses Again

They replaced Orange, which lost its second game, and idle Austin Lanier. Corsicana, Graham, La Marque and Nederland held firmly to their 2-3-4-5 roles behind Dumas.

Very little change marked the AA rank, either, as Dalhart, Sinton, Katy and Rockdale rounded out the top five behind Denver City. Sixth-ranked Hamlin and ninth-ranked Olney dropped out and were replaced by a pair of unbeaten-untied teams which play Top 10 teams this week. Hearne, which meets Rockdale, was in ninth, while Karnes City, which faces Sinton, was 10th. Nocona moved from eighth to sixth and Plano from 10th to seventh.

In A. Seagraves' loss to Lovington, N.M., dropped it from third to seventh with Goldthwaite, Hull-Daisetta and Ingleside moving up one notch to fill out the top five behind Albany and second-ranked Rosebud. There were no newcomers to the Top 10 in A.

DALLAS (UPI)—The United Press International Top 10 rated Texas schoolboy football teams with week-end and scoring records and this week's schedule:

- CLASS AAAA
- 1. San Angelo (3-1, 54-44) vs. Midland (3-1)
- 2. Pasadena (3-0, 68-64) vs. Galveston (1-2)
- 3. Spring Branch High (3-0-1, 74-20) vs. Marshall (0-3-1)
- 4. Galena Park (3-0, 73-21) vs. Brazosport (0-3)
- 5. Borger (4-1, 125-18) vs. Lubbock High (4-1)
- 6. San Antonio Brackenridge (3-1, 165-75) vs. San Antonio Edgewood (1-3)
- 7. Amarillo Tascosa (3-0, 70-30) IDLE

Couseyless Celtics Still Best In NBA

By United Press International
Bob Cousey's left the Boston Celtics—but, oh, those guys he left behind!

Guys like Bill Russell... Sam Jones... and John Havlicek. They were all present and accounted for when the Celtics

opened the National Basketball Association at Baltimore Wednesday night and they were more than enough to blitz the Bullets, 109-95.

Cousy retired at the end of the 1962-63 season to become coach at Boston College but the Celtics left no doubt they're still the team to beat in the NBA.

Russell controlled the backboards, S. Jones engineered the fast break in addition to scoring 20 points and Havlicek popped in 24 points from the corners to make it look easy.

Sporting Sidelines

by JEFF COHANE

OFF TO THE weekly races, with the crystal ball needing to see clearly enough to wipe out Otis Holladay's five-game lead.

PALO DURO 21, PLAINVIEW 0. The Bulldogs were brought real high by their first win in many moons, but not high enough to overcome the Dons' superior ability.

BORGER 21, LUBBOCK 14. This was a soul-searcher. Otis is high on the Dogs, the rest of the staff high on the Westerners.

AMARILLO 14, CAPROCK 0. Hate to give one to Putt-Putt's boys, but Sandies are surprisingly strong this season.

DALHART 28, WHITE DEER 7. Wish I were wrong, but those Wolves are a great team. Even Otis goes with Colquitt & Colquitt.

GROOM 14, MIAMI 8. Hate to pick it this way. My boys will make a fight of it all the way, but can't stop the Tiger weight and depth advantage.

LEFORS 21, CANADIAN 12. The Wildcats have come a long way. Not long enough to stop the Pirates, but enough to make a darn good fight of it.

MCLEAN 13, CLARENDON 7. The Tigers are snarling for blood after the stampeding by Wheeler.

MOBEETIE 35, MORSE 6. Corcoran and company run at will.

DUMAS 28, LAWTON 14. Demons still one of the best there is.

SHAMROCK 20, SHAMROCK 14. Gray Bennett not enough to stop the undefeated Rattlers.

TEXAS 21, ARKANSAS 7. Longhorns gallop along.

BAYLOR 21, TECH 7. Even Eural climbs off the Raider handwagon, although Ray clammers back on.

RICE 21, SMU 14. Hootowls fly again.

TCU 21, AGGIES 0. Progies croak too loud.

HOUSTON 14, MISS STATE 0

... If we don't win this one, I'll start rooting for Tech!

COLORADO 21, IOWA STATE 14. Hmm, beware of Otis' out-of-the-hat specials!

GEORGIA TECH 21, AUBURN 0. Wrecks ramble.

OKLAHOMA 28, KANSAS 14. Will the Looneyless Sooners come back or will Bill Martin keep tearing his hair out? Tune in Saturday and find out.

NOTRE DAME 14, UCLA 7. Those Irish have me convinced!

MEMPHIS STATE 21, WEST TEXAS 0. Without the Pistol, the Buffs get stonewalled by the Moonshine Belt defense.

JOHN "STRINGBEAN" Shipman is not with us this week, sojourning in the hospital (recovering from the Oklahoma debacle) so we skip by his inaccuracies.

AND NOW FOR the big one. The Ol' Swami is about to pick the upset of the year... but pick it he shall.

PAMPA 28, MONTEREY 7. Crazy? Perhaps, but let us examine the whole thing. Monterey has not scored over one touchdown a game. They are vulnerable both through the air and on the ground.

The undefeated Bearkats tangle with tough East Texas State at Commerce.

A Bearkat victory would put them right in line with Southwest Texas State as the top championship contenders with Texas A&I.

Most of all, although the Pampa Harvesters will miss Shotgun Gregory physically, the example of his courage and spirit will be there for them to see... and to repay.

HARVESTERS... WIN THIS ONE FOR LARRY GREGORY!

NO, NOT NOTRE DAME! — In a lighthearted moment during grid practice, football "Expert" Brownie Smith (left) emphatically disagrees with fellow prognosticator Eural Ramsey. Pampa head coach Otis Holladay, at right, laughs with glee (being five games ahead of his fellows in the season predictions).

The Experts(?) Pick 'Em

Table with columns for Game, Cohane, Holladay, Smith, Ramsey, and Howard. It lists various college football games and the experts' picks for each.

Buffs Minus Pete, Others

CANYON (Spl)—It was learned at the West Texas State University camp yesterday that two more regulars, and possibly another starter, will be out of action for the big intersectional battle with Memphis State this Saturday at Canyon, Tex.

Non-SWC Texas Colleges Tangle In Important Games This Week

By PATRICK CONWAY United Press International Sam Houston State gets its chance Saturday to prove it is a darkhorse candidate for the Lone Star Conference title.

The undefeated Bearkats tangle with tough East Texas State at Commerce.

A Bearkat victory would put them right in line with Southwest Texas State as the top championship contenders with Texas A&I.

Most of all, although the Pampa Harvesters will miss Shotgun Gregory physically, the example of his courage and spirit will be there for them to see... and to repay.

HARVESTERS... WIN THIS ONE FOR LARRY GREGORY!

Hayden Fry Behind Upset-Minded SMU

By CARLTON WILSON United Press International DALLAS (UPI)—Two years ago an eager young football coach asked for a job that easily could have put a disastrous end to a promising career.

Hayden Fry, 34, took the task of trying to rebuild the football fortunes of the once-mighty Mustangs of Southern Methodist University.

Twelve years had passed since a really satisfying season, the 9-1 record of the 1948 team led by Doak Walker.

Fry's first team managed a 208 record, but only one of the losses was by more than a one-touchdown margin.

Coach of Year Sports writers in Texas voted Fry honors as "Coach of the Year," ahead of such contenders as Darrell Royal of the University of Texas.

Last year a stunting, blitzing defense was the SMU strong point. This season Fry has installed an "I" formation offense that threatens to score on the long play.

"We expect 110 per cent effort from everyone," became

Bud Rawls Scores for ACC

ABILENE (Spl) — Abilene Christian discovered the forward pass in its arsenal Saturday night and the Wildcats used it to good advantage for a 28-18 victory over Northwestern Louisiana State College.

The triumph was ACC's third straight and sixth in seven games. The Wildcats dropped their season opener to East Texas State, 17-0. They defeated Lamar Tech, 25-0, and Hardin-Simmons, 21-7.

ACC's current season showing of three victories and one defeat is the best the Wildcats have managed at this early a date since 1951.

The Wildcats enjoyed their biggest offensive output of the season against Northwestern Louisiana, chalking up 304 yards. And the Cats, who had averaged only 46 yards passing per game going into the contest, came through with 116 yards via the airways.

ACC didn't throw the football real often but it made good use

New Record Set By Super Bomber

WASHINGTON (UPI) — An American supersonic B58 bomber landed in Britain yesterday after flying non-stop from Tokyo in the record time of 8 hours and 35 minutes, President Kennedy announced.

The previous record for such a flight was more than twice the new mark—17 hours and 42 minutes, established in 1955 by a British jet.

Today's flight, which officially finished over London at 9:34 a. m. EDT, covered 8,028 miles at an average speed of 938 statute miles per hour.

The purpose of the flight, according to Gen. Godfrey McHugh, Air Force aide to the President, was to demonstrate the capability of a B58 Strategic Air Command (SAC) bomber with its regular SAC crew of three men.

The plane was refueled five times in the air as it raced over its west-east course.

In a statement on the flight, Kennedy said:

"I congratulate the Air Force crew which flew this operation and the men who supported it on the ground. I know that the success of this flight is due to the high competence and dedication of all involved."

The 3rd Air Force in Britain said the flight was timed be-

Hayes to Make His Decision by Thanksgiving Day

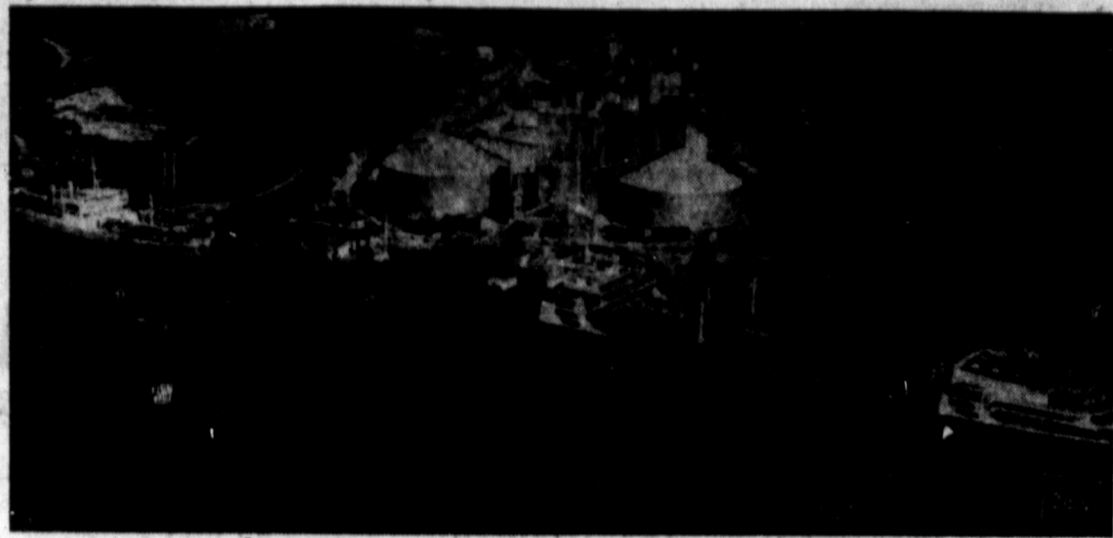

DALLAS (UPI)—Bill Hayes of Temple, the Republican nominee for lieutenant governor a year ago, says he plans to announce by Thanksgiving whether to run next year for governor.

"I find a lot of enthusiasm about a governor's race and I am seriously thinking about it," the GOP leader said during a business trip to Dallas. Hayes trains furniture salesmen.

Last month Hayes said he was considering running either for lieutenant governor or governor in the 1964 Republican primary. Since then, State Rep. Horace Houston of Dallas has announced as a GOP candidate for the post now held by Lt. Gov. Preston Smith of Lubbock, a Democrat.

Two points over Tokyo and London, although the craft took off from Okinawa and touched down at Newbury, 56 miles northwest of London.

The Air Force announced that the crew members on the record breaking flight were: Maj. Sidney J. Kubesch, 33, El Campo, Texas, aircraft commander; Maj. John O. Barrett, 32, Yucca Valley, Calif., navigator; and Capt. Gerard R. Williamson, 26, New Orleans, La., defensive systems operator.

MAMMOTH MERCHANTMAN—Almost as large as the island she's named for, the Manhattan, largest merchant ship ever built in the United States, takes on a load of grain at the Cargill elevator in Norfolk, Va. A good comparison of her size is shown by the average-sized tanker on the left. The Manhattan is 940 feet long, with a beam of 132 feet. A 14-story building could fit between keel and topmast. Fully loaded, the Manhattan outweighs the nuclear-powered USS Enterprise, largest warship in the world, by 20,000 tons. She can carry up to 3 1/4 million bushels of grain. On her first grain run, the Manhattan took aboard 2.5 million bushels of grain, a world's record, but only two-thirds of capacity.

IT'S THE LAW
in Texas
A public lecture series of the State Bar of Texas

LAW GROWS

You want the law to grow to meet new challenges, but you do not want it to change completely. The law is like a boy; it must grow up to meet the changing world, but you do not want it to change overnight.

When you buy or sell a house, you want the law to stand firm. You do not want your deed upset by some new law overnight. When you make a will you would like its terms carried out long after you are gone. In short, you do not want your law to upset your plans. So you want a stable law.

Yet the law cannot foresee all the changes that are to come, and it must be able to grow and meet new circumstances. Sometimes old rules, in terms of modern life, are too harsh and should be changed. It is a good thing that our laws can change—by court decision, legislation or by constitutional amendment.

Take an interesting case: until recently a farmer believed he owned his property rights straight up as high as he wanted to claim them—to the sky even. But, meantime, the airplane flew these skies. If your ownership went to the sky you could stop anybody's flying over your property. Or you could charge him a toll. But if landowners got a toll on airplane fare, travel would soon become too costly.

How do we change a system of laws to preserve the essential use of our property and yet let people enjoy airplane travel?

You could not tell briefly how this was done. But, within the past few years, we have carved out a whole new body of law by court decision and by law making. We have met the new prob-

On The Record

Guards Needed to Fill Vacancies In Prison System

HUNTSVILLE (UPI) — The Texas Prison System has issued a call for applicants to fill 156 vacancies for guards in the State Department of Corrections.

Dr. George Beto, director of the department, said guards were needed in all the systems. He said applicants must be 18-35, in good health, have at least a high school education and pass a rigid investigation. Applicants should contact L. W. Dishongh, training officer, Texas Department of Corrections, Box 32, Huntsville for further information.

Mme. Nhu Draws Barrage of Eggs

PRINCETON, N.J. (UPI)—Angry demonstrators hissed, booed and threw ice cream cartons filled with eggs and rocks Tuesday night when Mme. Ngo Dinh Nhu arrived at Princeton University to speak out for her brother-in-law's regime in South Viet Nam. Several of the cartons struck the auto but did not hit Mme. Nhu or her 18-year-old daughter, Le Thuy, who was riding with her.

Mme. Nhu Draws Barrage of Eggs

PRINCETON, N.J. (UPI)—Angry demonstrators hissed, booed and threw ice cream cartons filled with eggs and rocks Tuesday night when Mme. Ngo Dinh Nhu arrived at Princeton University to speak out for her brother-in-law's regime in South Viet Nam.
