

## Acreege Transfer Rejected

Bailey county cotton farmers are not interested in selling their cotton acreages to cotton farmers in other counties.

This was evident this past week after cotton farmers in this county voted down the proposal 335 to 315. This means 71 cast votes in the referendum. A "yes" vote by a two-third majority would have been necessary to permit transfer of acreages to other counties in Texas.

This past year, a number of cotton farmers bought allotments from farmers in other parts of the state which had voted to permit sale of allotments. This county, incidentally, probably will "buy acreage again since this year's allotment totals only some 63,000 acres, E. W. Lockyer, chairman of the Agricultural Stabilization and Conservation county committee, explained that a grower was eligible to vote in the referendum if he produced "upland" cotton in this county. Ballots were mailed out to all known cotton producers. Voting period ended May 25.

Lockyer also explained that results of the referendum will not affect the transfer of upland

cotton allotments by some or least from one farm to another within the same county, and it will not affect transfers across county lines from one farm to another owned or controlled by the same person. Both of these kinds of transfers are already provided by law.

He said the "no" vote here means that cotton allotments from this county to another county will not be made during 1967 upland cotton year, but another referendum will be held next year.

Balloting started May 16. **\$1-A-Bale Plan To Boost Cotton Will be Studied**

Bailey County cotton producers will join cotton industry leaders from throughout the High Plains at a meeting next Thursday in Koko Palace, Lubbock, to discuss the cotton research and promotion act. The meeting opens at 12 noon.

The invitation to the meeting was issued by Ray Forkner, and Howard Alford, a member of the CPI board of trustees, both from Lubbock. Forkner heads the state unit of the National Cotton Council.

A 30% cutback in cotton acreage has brought on the need for the session, the leaders explained.

"This one-third cut in cotton acres not only means less farm income, but it means a big loss of business activity in our entire area -- fewer bales to gin, fewer tons of seed to crush,

Three members of the James Wedel family were injured when this station wagon and a truck were in a collision in the West Camp area Friday afternoon. In West Plains Hospital were Mrs. James Wedel, Carolyn Wedel, 13, and Jimmy Wedel, 7.

## '65 Yield Near Peak

Bailey county's grain sorghum production for 1965 was an official 5,545,400 bushels say final figures released by the Grain Sorghum Producers' Association. This figure agrees with one released a few weeks ago as the preliminary report.

The 1965 record, second highest for the '60-'65 period, is 26% higher than the 1964 yield which was 4,100,000 bushels. It's ranked it 16 in 87-year sorghum production among all counties in Texas according to Y. F. Snodgrass, South Plains Rep., GSPA. Parmer County again led the state and nation in grain sorghum production with 18,683,500 bushels this past year. The trend for the past several years has been increased grain sorghum production in this county and in Texas. Texas, the number one grain sorghum producing state, has a production of 235,740,000 bushels in 1965 which was 43% of the total grain sorghum produced in the nation. All Pan-

## Farm Road Crash Leaves 3 Hurt

A mother and two children were injured in a crash of their station wagon and a utility company's truck 7 1/2 miles west of Muleshoe on a farm-market road Friday afternoon. Smeared over the pavement were 330 dozen eggs which were being brought to town for market. Most seriously injured was Mrs. James Wedel who suffered fractures of both collar bones, a fractured knee cap and numerous cuts and bruises. Her 13-year-old daughter, Carolyn, suffered a broken right arm and a broken jaw, and 6-year-old Jimmy received severe cuts on the face.

All were brought to West Plains Hospital by Singleton ambulances, and Mrs. Wedel underwent surgery.

All three of the Wedels were riding in a Dart station wagon. The Wedels operate a large egg farm in the West Camp community west of Muleshoe.

Wedel was not in the station wagon, and Charlotte Wedel, another daughter, was in Dallas.

The station wagon was in collision with a Southwestern Public Service Co. pole truck, operating out of Farwell.

## Big Time Bang Set

Muleshoe's annual Fourth of July celebration this year will go over with a bang -- literally.

In fact, it will be the biggest bang in the five-year history of the celebration here which climaxes an evening of free entertainment in Benny Douglas stadium here.

The big bang will come about as a result of a stepped up fireworks program.

Further planning for this year's celebration began in earnest this past week when General Chairman, Kenneth Henry, Fire Chief Earl Ladd and retiring Chamber Manager Roy Davis met with Lee Gilder, Gilder is with Parsons Wholesale fireworks Co. of Lubbock.

Davis, who officially took over the Chamber manager's job in Kermitt June 1, returned to Muleshoe Friday for two important sessions - his previous assignments from his holdover job.

He met with Muleshoe Chamber of Commerce membership committee early Friday and then with Gilder and others for the fireworks session. "This year's ground and aerial displays will be longer than last years," Henry summed up.

This event, sponsored for the last four years by the Muleshoe Chamber of Commerce, has become a tradition throughout the area, attracting up to 7000 persons for the program which includes a basket supper on the ground, the finale of a talent show, and the big pyrotechnics event.

Prizes of \$500 will be offered in the talent contest which will have its preliminaries at 2 p.m. in the high school auditorium. Talent is being sought from Bailey, Cochran, Hockley Chamber of Commerce, and Farmer counties in Texas, and from Curry and Roosevelt counties in New Mexico.

## Merchants Salute Farmers, Stockmen

The business and professional people of Muleshoe give an arrous and SALUTE to the farmers and stockmen of this area. Your industrious habits and knowledge of agriculture and animal husbandry have made our area one of the most profitable agricultural sections of the State.

The business and professional people of Muleshoe look with pride on their ability to supply your needs and utilize your diversified products.

Farmers and stockmen can be assured that they will receive top market value for all their produce, fowl, livestock and grain here in Muleshoe.

## Housing Survey Launched

Do Muleshoe area farmers and ranchers need expanded housing facilities for their farm workers, and if they do, how much money are they willing to pay for labor quarters?

These are two questions which the Farm Labor Housing committee of the Muleshoe Chamber of Commerce is asking these days. Jimmy D. Black, chairman of the committee, posed these questions -- among others -- at a meeting of the housing group at Paul Restaurant Saturday morning.

The purpose of the meeting was to organize the association and to start a membership drive, Black explained.

The questionnaire (See Page 9 in this issue) asks a number of questions which the committee will translate into statistics for use in planning future work of the organization, it was explained.

In addition to asking such

## CC's 'New' Money Drive Reaches Two-Fifths Mark

In the Chamber of Commerce Finance Drive results have now reached almost \$2000. New memberships reported by chairman Eddie Faust include: BMC Motors - Pete Guinn, Billy's Superette, Ralph Stevenson, G. A. Beddingfield, Buford Bates, Jack Obenhaus, and Guaranty Abstract - Byron Douglas.

In addition to those already announced, Jake Diel Dirt & Paving has increased its dues by 100 per cent. Total results to date show 25 new members and 24 dues increases. Total goal of this finance program is \$5000 in additional money. Membership workers have been meeting regularly for report breakfasts. Jimmy Crawford, treasurer, of the board of directors, is still seeking dues in-

terest. "The current drive to strengthen and expand our organization is the most important thing that has happened to the Muleshoe Chamber of Commerce in many years. We must continue to work until this drive is successful."

July 4th committee of the Chamber of Commerce will meet at Paul's Restaurant at 3 o'clock tomorrow, according to Kenneth Heary, celebration chairman who urges that all members of the committee be present for this important planning session.

Mrs. Bonnie Haberer returned home Thursday from Lake City, Florida, where she has been visiting her son and family, the Ted Haberers. Mrs. Haberer was gone 10 days on her visit.

Susan McVicker, Judy Elliott, Carolyn Allison and Harold Allison went to El Paso to pick up Veda Allison who has been attending Texas Western University. The group spent Friday night in Juarez, Mexico and returned home Saturday.

Pam Lenau is home from Southern Methodist University and will leave Muleshoe Monday to attend summer school at the University of Texas in Austin.

Mr. and Mrs. John Miller were in Austin to attend graduation exercises for their son, Rex. He received his BA degree and majors in pre-dentistry at the University of Texas.

Mr. and Mrs. Johnny Shelton attended a bankers convention in Amarillo Friday from the Muleshoe State Bank. Attending from the First National Bank were Mr. and Mrs. M. D. Guastream, Mr. and Mrs. James Glaze, Mr. and Mrs. Robert Alford and Harmon Elliott.

Mr. and Mrs. Rold Johnson and children, Jeff and Jill, have returned from a four-day fishing trip to Lake Texhoma. Mrs. Johnson's parents, Mr. and

## Boosters Pick up \$512 Tab for Trip

The Fine Arts Boosters voted at their last business meeting to provide meals for the 35 students and 10 teachers and sponsors who will participate in the high school interscholastic league contests this week. The group will leave Muleshoe Sunday morning and will return home Tuesday night.

"The Muleshoe Fine Arts Boosters are happy to have a part in supporting this fine group of students. This past year the Boosters have been active in raising money for

this trip and several others during the past school year. This has been necessary to provide items that the school budget does not include, a spokesman for the organization explained.

"Through our combined efforts of operating the concession stand during the football season, sponsoring the Halloween carnival, three salad suppers during the Musical, 'The King & I', the Jr. High regional band contest snack bar, sale of stadium cushions, sale of

fruitcakes, and membership fees of \$1 per person, during this past year we have been financially able to purchase two tartarone horns, one Baldwin piano, all at a cost of \$1,138.95. Also \$418 for band trip expenses, \$175.84 for choir and sports trips to area contests. Also we are providing meals at the cost of \$512 for this trip to Austin, she summed up.

She continued, "The Fine Arts Association needs and would like to have a larger membership and participation

in their business meetings and other activities during the coming school year in their support of our outstanding Fine Arts Dept. of Muleshoe High School."

Students who will make the trip include: Pat Malone, Hal Anderson, David Dillma, Neil Finley, Lynn Bryan, Brenda Tanner, Marsha Blackman, Jean Davis, Marcie Williams, Lynn Ericson, Jan Everett, Jan Landers, Ellen English, Sonja Bass, Nancy Lee, Jackie Seymour, Pam Seymour, Val Moore, Diane Bryant, Jane Branscum, Sheryl Mason, Kathy

**Berry, Street Attend Lodge**

Tom Berry and M. C. Street, Muleshoe Oddfellow Lodge No. 58, attended the area meeting held in Lubbock recently. The Grand Master of the Lodge is D. T. Baber of Mesquite.

**Muleshoe Library Reports Record Checkout for Three-Hour Period**

Muleshoe Area Public Library checked out more books in a three-hour period Wednesday afternoon than the library has ever checked out. The library has checked out 262 books which included 24 childrens books, 35 easy readers, 14 juvenile books, 14 young adult books. A total of 98 children signed up for the first day of the Summer Reading Program at the library.

Librarian, Anne Camp, explained that due to the large amount of books being checked out during the summer months, check out time for the books has been changed from the regular two-week time to keep books out of the library, to one week. "Following this operation", explained the librarian, "we can have a better turnover of books and thus keep interest among the readers."

Thirty four books were donated recently from the Denver City Library to the Muleshoe Library. These books are duplicates which the Denver City Library had on hand. Several libraries in Texas follow this method of exchanging books on hand they do not need and thus help their own library and also neighboring libraries at the same time. A larger part of the books sent were fiction.

**Thelma Gage, Ona Berry, Visit Lodges**

Thelma Gage, President of the Rebekah Assembly of Texas, along with Ona Berry of Muleshoe Rebekah Lodge No. 114, made several visits last week in the Panhandle.

Mouday night the women visited Dalhart Rebekah Lodge No. 365 and Panhandle Rebekah Lodge No. 167.

Wednesday evening the women met with the Canton and Ladies Auxiliary at Pampa for a practise session for the memorial services at the two cemeteries at Pampa.

Thursday evening the women visited with the Canadian Rebekah Lodge No. 124.

Sunday morning Mr. and Mrs. Tom Berry went to the planning board meeting in Amarillo for the Oddfellow and Rebekah Grand Lodge and Rebekah Assembly Officers. This was for the Grand Lodge and Rebekah Assembly of Texas meeting to be held in Amarillo March, 1967. Sunday evening the couple stayed with Ira Berry in Amarillo.

**Lynda Hanaberry, Buddy Hail Repeat Vows in Baptist Church**

Lynda Hanaberry, daughter of Mr. and Mrs. Beck Allen, Muleshoe, became the bride of Buddy Hail, son of Mrs. Dale Buhrman, also Muleshoe, in a double ring ceremony performed at the First Baptist Church at 8 p.m. May 31.

Frank Duckworth performed the ceremony before fern trees with royal blue candlebras and bouquets of gladiola.

Given in marriage by her father, the bride was attired in a white chantilly lace gown with straight skirt. The fitted bodice featured a round neck and beaded front. The petal pointed lace sleeves flared shoulder length veil hung from a halo and was bow entwined. The bride carried a bouquet of cymbidium orchids and stephanotis.

Eva Denney, Muleshoe, served as maid of honor. She wore a floor-length dress of brocade taffeta complemented with long evening gloves and white heels. Her head-piece was of royal blue tulle. She carried a bouquet of cymbidium orchids and white feathered carnations.

Susan Pendergrass and Beverly Phipps were bridesmaids. They were dressed identical to the maid of honor.

Melissa Gore, a cousin of the bride from Lubbock, served as flower girl. She wore a royal blue brocade taffeta and her ensemble was complemented with a wrist corsage.

Candlelighters were Greg Blackwood and Buddy Embry from Muleshoe.

Ring bearer was Cam Hawkins from Muleshoe.

Freddie Savage, brother-in-law from Wilcox, Ariz., served as best man.

Groomsmen were Ronnie Hanaberry, brother of the bride from Lubbock and Richard Hawkins from Muleshoe.

Ushers were Greg Blackwood, Muleshoe, and Buddy Embry, Lazbuddie.

Mrs. George Nieman entertained with musical selections accompanied by Mrs. Carlyn Jarmon at the organ.

Following the ceremony a reception was held in the Church's dining room.

Renee Barrett, Diane Wilson and Charlotte Holle served white wedding cake with royal blue roses and miniature bride and groom atop and wedding punch. The bride's table was decorated with a white linen cloth over royal blue. Attendants bouquets formed the centerpiece. White roses tied with blue ribbons added to the decor. White gladiola filled the room.

For a wedding trip to New Mexico, the bride chose a royal blue and white suit with white gloves and heels. She added a white corsage from her bridal bouquet.

The couple will be home beginning in July at Brunswick, Ga. where the groom is serving with the United States Navy.

The groom is a 1964 graduate of Muleshoe High School and the bride will be a senior next year.

**Judy Putman Graduates With Highest Honors**

Eighty five graduates received diplomas at the Friday morning exercises at South Plains College. Judy Putman, of Muleshoe, graduated with highest honors; Robert C. Decker Pep, and Mrs. Jackie French, Levelland, graduated with high honors; and Jill Palmer, Plainview, and Carol June Martin, Levelland, graduated with honors.

An honorary associate in Laws degree was conferred on Clarence C. (Hank) Matthews of Anton by John Y. Morton, president of the college Board of Regents.

The college's first president, Dr. Thomas Spencer, now president of San Jacinto College, Pasadena, told graduates they are living in the greatest period in history, a time filled with ever increasing opportunities. He encouraged them to pursue their careers to the fullest. "Go as far as you can," he said.

Dr. Spencer said he sincerely appreciated the work that has been carried on at the college since 1957 when he came to Levelland as president of the institution. He pointed out that the State Board of Education was reluctant in approving the establishment of a junior college in this area, but through the help and interest of many people, the application was approved after first being rejected. It was thought by some that a 200 enrollment could never be attained, and when the

TEXACO points out: Wages and purchases generated by the average Texas service station provides a cash flow of about \$35,000 a year into the station's community economy.

O. D. Bridges of Dallas, chairman of the association highway policy committee, said Texas has about 15,000 service stations. The average station pays out some \$15,000 a year in wages and spends approximately \$20,000 annually for materials and services purchased locally, he added.

Local communities also benefit because of the substantial investments stations represent, Bridges said. Cost of buildings and opening a modern station ranges generally from \$40,000 to \$150,000, he added.

handle Counties had increased grain sorghum production in 1965.

The 1965 grain sorghum crop was the largest ever in Texas and the Nation. National production was 666,062,000 bushels, 35% above last year and 21% above the five-year average. The biggest production shift came in the 13-county North Plains of Texas area which produced 31,111,630 bushels of grain sorghum in 1965 which was 12% of the national production and 21% of the Texas production.

The Coastal Bend area around Corpus Christi also registered increases in grain sorghum production. Nueces County moved up to the 4th place producer in the State with 12,784,000 bushels. Even in the heart of the traditional cotton area of the South Plains, grain sorghum showed gains. Lubbock County itself leaped from 4,715,000 bushels in 1964 to 6,104,000 bushels in 1965. It is expected that the increasing grain sorghum production trend will continue this year, particularly in the North Plains, Coastal Bend and South Plains.

Along with these production increases, utilization of grain sorghum has steadily increased at home and abroad through intensive promotion program by Grain Sorghum Producers Association. When such programs were started in 1956, livestock use of sorghum was 179 million bushels, now it is 473 million. Exports in the same period have moved from 22 million bushels to

over 200 million in 1965. The other major uses of grain sorghum, commercial and industrial, now promise to double with the opening of the new wet milling plant to be built at Dimmitt.

Bailey County Grain Sorghum Production Record: 1959, 4,579,000; 1960, 5,658,000; 1961, 4,926,000; 1962, 4,066,000; 1963, 5,977,000; 1964, 4,103,000; 5,946,400.

Black explained that those who believe "labor housing would be beneficial to your particular operation and that you would be willing to purchase a membership or contribute the sum of \$100 to an association to be formed, in the event an adequate loan from the Farmers Home Administration for construction of such a housing project can be obtained.

Prospective members were assured that the money will be returned if a housing project is not launched.

The farm housing program has been discussed for some weeks, and Black was named chairman of the embryo organization soon after its inception. Experts from the Farmers Home Administration attended the first meetings, held in March, and even certain types of buildings were discussed, which might be constructed for farm labor housing.

Black's committee has gone into the project at considerable length, studying various methods of financing such a structure.

Members of the farm labor housing committee, in addition to Jimmy Black, are J. K. Adams, Harold Allison, Kenneth Hanks, Arvis Grogan, Tim Campbell, Robert Blackwood, Roger Albertson, John Smith, Robert Alford, Joe Harbin, Horace Hutton, W. T. Millen, Johnny Shelton, Virgil Nowell, Lewis Seagins, Irvin St. Clair, Jesse Young, Ray Martin and John C. Kennedy.

The accident occurred 4 miles east on the Plainview highway on the spray strip. According to Miller, some \$6,000 damage was reported on the plane.

Mrs. Pee Wee Williams came home Friday after undergoing surgery in the Lubbock Methodist Hospital Tuesday.

and it is evident that if Texas is to ever get more industry, it must first secure more water," Sturgeon said.

The 50-year water development proposal apparently meets the need for immediate and imaginative planning in this regard, Sturgeon asserted.

Sturgeon explained that the proposed interlocking system of reservoirs would not only stimulate creation of a greater industrial tax base, but would prompt tourist-related developments as well. And new businesses created as a result of booming tourist industry will also pay their rightful share of school taxes, Sturgeon said.

"If Texas is to maintain its present system of locally controlled public school systems, the local school districts will have to have greater tax resources," Sturgeon declared.

"If new water projects and small businessmen are feeling the strain of the local tax problem now, and local school districts have no choice but to turn to the state and the federal government for more revenues," explained the teacher spokesman.

"Texas obviously needs greater industrial development and an adequate water supply will help attract it," he said.

less fertilizer to sell, smaller bank loans, and less retail sales," the letter explains.

It notes the heavy inroads of man-made fibers and record cotton surplus, and points out that the Cotton Research and Promotion Act is the "only positive practical proposal that anyone has made for attacking this drastic economic loss to our area."

The program will consider these questions:

1. Do research and promotion pay dividends for cotton?
2. Does cotton need additional research and promotion funds, and how much?
3. Can farmers operate and administer the Research and Promotion Act effectively?
4. What is the next step?

The legislation would enable growers to vote on uniformly assessing themselves \$ per bale for research and promotion to combat the competition of man-made fibers.

Hearings have been completed by the Senate Agriculture Sub committee and sponsors are hoping for early Senate action.

NEW OFFICES — Here are Eddie Lane (seated) and Buddy Lane in the new offices of Lane Insurance Co. on West Highway 84.

## Lane Agency Features Both Real Estate and Insurance

Long-time old-time, Eddie Lane Real Estate & Insurance Agency, now in new quarters, pointed out that the agency is both a real estate and an insurance agency.

Eddie Lane, founder of the business 28 years ago, pointed to the fact Saturday that "we are in both businesses and are serving our customers' needs in both lines."

Eddie and Buddy Lane re-

cently purchased a former drive-in restaurant at 1101 W. Highway 84, and remodeled it into an attractive office with ample on-the-premises parking space.

Eddie Lane, with his family, moved to Muleshoe in 1938 and has served the people of Muleshoe ever since. Buddy was discharged from the U. S. Air Force in March last year and entered business with his father shortly afterward. He served

for 11 years in the Air Force in such countries as Korea, Turkey and Greenland.

Buddy is a graduate of Muleshoe High School and attended Texas Tech and Baylor University. He is married to the former Jo Ann Dalton and they have two daughters, Brenda, 10, Bridget, 8, and a son, Brian Douglas, 4.

For all your insurance needs, we urge you to see Eddie or Buddy at Lane Insurance Co.

## Caution Urged By Farmers Union In Tax Reforms

The 70-member Texas Farmers Union Board of Directors, meeting at Mineral Wells recently approved a letter to President Johnson urging him to favor income tax law reforms "that will discourage non-farm and hobby interests from speculating in agricultural land where such speculation is destructive of family farm agriculture."

Citing a recent study by two Texas A & M University professors, the letter points out that "land prices continue to rise in spite of the fact that net farm income has declined during the period 1947-1949 and 1963, which was the period covered in the study." This, according to the letter, has created an "unhealthy" situation in which "family farmers are no longer able to compete for land ownership."

"Inflated land prices are a detriment rather than an asset to the operating farmer who must consider a return on his land a part of his operating expense. This is particularly true of the young farmer who must rent land. High land prices and speculation by hobby farmers make it difficult for the tenant farmer to rent land at a price he can afford to pay at present farm price levels."

## Three Way Crops Fair; Showers Miss That Area

By Mrs. H. W. Garvin

Crops are up pretty well in the community. The rain the past week has missed this part of the county.

Mr. and Mrs. Darold Robinson and children from Haskell spent the weekend with his father, John Tyson, sister, Mrs. R. L. Davis, and brothers, Caton and Jessie.

Mr. and Mrs. Leon Dupler and children spent the weekend at A & M University visiting their son Tommy, Mr. and Mrs. Larry Dupler and daughter from Longview met their parents for the weekend.

## McCalls Witness Tech Ceremonies; Niece Graduates

By Mrs. Jerome Cash

In regard to the recently announced 15 per cent increase in wheat allotment, the letter points out that "additional acreage for sale at world market prices would only reduce net growing income. Farmers have hailed the increase as beneficial, but they are assuming that additional certificates will assure them that their net income will be maintained at present levels."

"It is further hoped that price support and payment levels on other commodities which are provided with additional acreage to meet foreign commitments will reflect parity income to the farmer, as is the case regarding labor and industry when industrial goods are produced for export."

Mr. and Mrs. Jerry Dameron and sons from Needmore, Mr. and Mrs. Bobby Foley and daughters from Littlefield, and Mr. and Mrs. Bobby Kendall from Morton visited with their parents Sunday evening.

Also Mr. and Mrs. George Tyson visited in the Kendall home. Mr. and Mrs. Cecil Courtney spent the weekend in Odessa visiting their children.

doors opened in 1958, the enrollment recorded was 577. In stressing the importance of an education, Dr. Spencer said that during the time out forefathers first came to America, the minister was the important person, he was the one approached for advice and encouragement. The revolutionary age came, The lawyer came to the forefront; the government being formed and a change was in the making, then the business man became the most important, when many rich men were

gaining control. This period brought illnesses of different kinds and then the doctor was brought to the highest level with his advice and consultations, but now, in the space age in which we are now living, the educated man, and the scientist hold the key. "Today it is education and skill that is needed," he said.  
Dr. Spencer said it is true that there is unemployment but there is a need for educated and skilled people in every field. He encouraged the young people to conduct themselves in such a manner to reflect credit to their families and to the institution from which they graduate.

**Science Theme: 'God the Cause'**

Spiritual causation and spiritual reality will be explored in a Bible Lesson-Sermon on "God the only cause and creator" at Christian Science church services this Sunday. Responsive reading from Psalms will begin with the verses: "The Lord is righteous in all his ways, and holy unto his works."  
"The Lord is nigh unto all them that call upon him, to all that call upon him in truth."

Related passages to be considered from the Christian Science textbook include these lines: "When mortal man blends his thoughts of existence with the spiritual and works only as God works, he will no longer grope in the dark and cling to earth because he has not tasted heaven. . . The age seems ready to approach this subject to ponder somewhat the supremacy of Spirit, and at least to touch the hem of Truth's garment." ("Science and Health with Key to the Scriptures" by Mary Baker Eddy).

Tested in our kitchen, we thought this a delightful main dish - and so useful because it reheated well. As a matter of fact, reheating allowed the flavors to blend thoroughly and did not affect the texture of the rice. So if you want to serve this dish to guests, don't hesitate to make it the day before your company comes. When we did this, we covered the individual baking dishes holding the crabmeat mixture and refrigerated them overnight. At serving time the next day, we reheated them in a hot oven for about 15 minutes.  
Nothing more than crusty bread, good butter and a salad is necessary with this crab and rice combination. After that, serve a delicious dessert and you'll be all set.  
Our traveling friend tells us that in Puerto Rico this seafood dish is often served in individual ceramic casseroles. But lacking these, we find the 6-inch-wide glass individual pie plates serve well.

TRAVELERS BRING back good recipe ideas! A friend of ours, vacationing in San Juan, enjoyed a seafood, rice and tomato sauce dish that was on restaurant menus.

When she came home, she tried this combination using canned king crabmeat for the seafood and sent us directions for her version.

**SPANISH-STYLE CRAB AND RICE**  
3 tablespoons olive oil  
1 medium onion, chopped  
1 clove garlic, crushed  
1/2 cup chopped celery  
1/4 cup chopped green pepper  
1/2 cup long-grain rice  
1 can (1 pound) tomatoes  
1 1/2 cups water

**DELICIOUS COMBINATION** - Alaskan king crab makes a fine partner for cooked rice and homemade tomato sauce.

1 1/2 teaspoons salt  
1/4 teaspoon pepper  
1/2 teaspoon oregano  
1 teaspoon ground coriander  
2 pimientos, cut up  
1 can (7 1/2 ounces) Alaskan king crab  
1/2 cup grated cheddar cheese  
In a deep 10-inch skillet, heat the olive oil. Add the onion, garlic, celery and green pepper; cook gently, stirring often, until tender but not brown. Add the rice, tomatoes (including their liquid), water, salt, pepper,

oregano and coriander. Simmer, about 20 minutes or until rice is tender and most of liquid is absorbed. Drain crab, adding liquid to rice mixture. Slice crab into bite-size pieces and add to rice with pimientos. Bring to simmering, just to heat crab through. Spoon into 4 individual baking dishes (each holding at least 1 1/4 cups); sprinkle with grated cheese; heat under broiler long enough to melt cheese - 2 or 3 minutes. Serve at once. Makes 4 main-dish servings.

**ATTEND THE CHURCH OF YOUR CHOICE THIS SUNDAY**

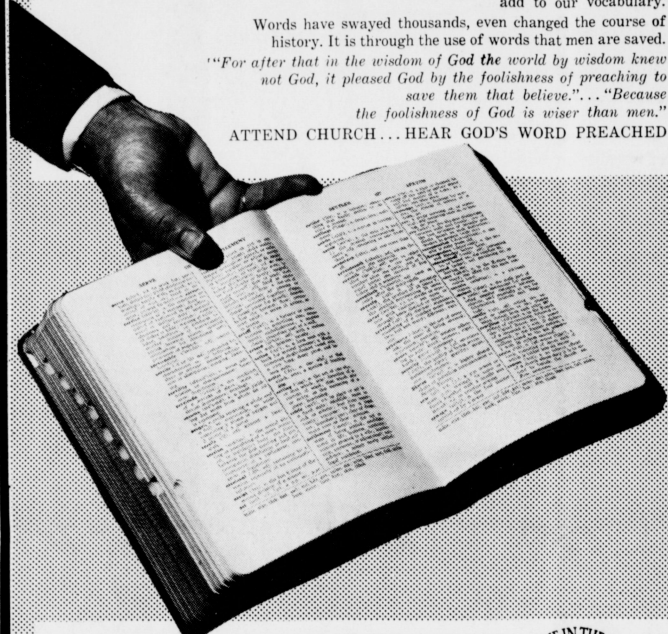

**WORD POWER!**

One of our popular publications, encourages the learning of new words, and in each edition prints a few words that we can add to our vocabulary.

Words have swayed thousands, even changed the course of history. It is through the use of words that men are saved.

"For after that in the wisdom of God the world by wisdom knew not God, it pleased God by the foolishness of preaching to save them that believe." . . . "Because the foolishness of God is wiser than men."

ATTEND CHURCH . . . HEAR GOD'S WORD PREACHED

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny. The truth which alone will set him free to live as a child of God.

**WELCOME TO MULESHOE**

THE DALE NEWSOM FAMILY  
New residents in Muleshoe are Mrs. and Mrs. Dale Newsom and children, Sonya, 11 years and Tatia, five months. The Newsoms came here from Brownfield where he was manager of the Windham Gin. He has recently purchased the Purdy & Son Gin located on Lubbock Highway. They are members of the Baptist Church and live at 601 West 6th. Pictured are Mrs. (Pat) Newsom, Sonya, who is holding Tatia, and Newsom.

The following merchants extend a cordial welcome to these newcomers.
