### Kill Father by Ouija's Order

A ouija board directed her to kill her father, Mattie Turley, 15, right, confessed to San Diego police, "so her mother could marry a cowboy." The girl faces a murder charge. The mother, Mrs. Dorothy Turley, left, once a Venus de Milo contest winner, was arrested as an accessory. The child told police that she fatally wounded her father, 46, a naval reserve gunner's mate, by firing shotgun slugs into his back.

# DEBT JUMPS 9 BILLIONS

## January 22 Set As Date To Receive Relief Bond Bids

### FIRST MONEY MAY BE READY IN NEXT WEEK

#### BOND ATTORNEYS SAY FIRST ISSUE MUST BE READVERTISED

DALLAS, Jan. 4. (AP)—Continuation of relief work for needy Texans was assured today when Fred Florence, chairman of the Texas relief bond committee announced today four banks of the state had agreed to accept bids on \$1,148,000 of the state relief bonds. He said arrangements for payment of those bonds were completed through the co-operation of the First National bank in Dallas, the Republic National Bank and Trust company of Dallas, First National bank of Fort Worth, and the Fort Worth National bank of Fort Worth.

### BACKSTAGE IN WASHINGTON

(Editor's Note: This is the first of a series of regular articles by Gilmore N. Nunn, general manager of THE NEWS, who is in Washington, D. C., for 60 days assisting Bascom N. Timmons, noted capital correspondent, and writing for this newspaper and other papers of the Panhandle.)

By GILMORE N. NUNN  
BY way of introduction to the potential readers of this column, I want to say that the material will consist of sidelights and incidental news of Washington people and affairs, bits of human interest stories from every source, and sidelights of everyday life in the nation's capital. On rare occasions, timely stories and paragraphs of political news will appear here, but virtually everything along these lines will be printed in the regular news columns of your paper, which is subscribing to the Washington releases of Bascom N. Timmons, one of the ablest and highest ranking correspondents in the capital.

### BILL TO PERMIT DIRECT RFC LOANS FILED; MORGENTHAU'S APPOINTMENT IS GIVEN OKAY

#### REPUBLICANS BEGIN TO FOCUS OPPOSITION ON NRA

WASHINGTON, Jan. 4. (AP)—Acting with unprecedented speed, the senate finance committee today voted unanimously for a favorable report on the nomination of Henry Morgenthau Jr. as secretary of the treasury.

### LATE NEWS

HAVANA, Jan. 4. (AP)—Cuba was prepared for trouble today as a cabinet leader asserted that an anti-government conspiracy had gone too far to be halted.

NEW YORK, Jan. 4. (AP)—A. F. Whitney, president of the Brotherhood of Railroad Trainmen, said today he would favor government ownership of railroads should there be a continuation of existing conditions which in the past four years have thrown one million railroad men out of work.

### Mystery Baby

A nation-wide search to identify the 18-month-old white boy shown above, found with a negro woman in a Detroit rooming house, has been launched by Detroit police. The woman, Betty Holland, 29, is held on a kidnapping suspicion charge, after telling conflicting stories.

### UNITED STATES MUST BORROW TEN BILLIONS

#### BUDGET DEMANDS FAR BEYOND WILDEST FORECASTS

WASHINGTON, Jan. 4. (AP)—Congress learned today the recovery program is piling up unprecedented deficits, and forthwith put that problem aside for future consideration to deal with matters considered more immediate.

In a blunt message that told of the government having to borrow ten billion dollars in the next six months, President Roosevelt estimated the public debt would reach a record high of almost \$32,000,000,000 by mid-1935. Nine billion of this would be incurred between now and then.

"Starting" was the way Speaker Rainey described it, while expressing no worry and praising the president for frankness and cutting "ordinary" expenditures.

"A signal for despair," was the attitude of Senator Dickinson of Iowa, republican.

Pending committee study of the massive figures, the senate gave attention to war debts and other affairs, asking the treasury to report to it on obligations owed here by foreign nations. The finance committee unanimously approved the nomination of Henry Morgenthau Jr. to be secretary of the treasury.

The house went to work on the bill to tax liquor at \$2 a gallon. Some members, meanwhile, had their eyes on a petition filed by Lunden (F-L, Minn.) for cash payment of the veterans bonus as a condition of the bill's passage.

There was no denying that officials closely watched the reaction to the message on the markets of the nation and the world. Comment was slow in coming, with democratic adherents privately expressing surprise while the republicans commending the president for frankness.

### U. S. ASKED TO PROSECUTE ALL BANK ROBBERS

#### Texas Presents Bill In House For New Drastic Law

WASHINGTON, Jan. 4. (AP)—A bill to give federal courts jurisdiction over cases of bank robbery, theft or burglary was prepared for introduction today by Rep. McFarlane (D, Texas).

McFarlane said state courts had failed to halt the activities of bank robbers, adding: "We need the federal government's long arm after those fellows."

The bill would provide heavy penalties in cases of "inside jobs" and to all members of the federal reserve system.

The maximum penalties provided: For defrauding a bank: Fine of \$5,000 and imprisonment of 10 years. For burglarizing a bank: Fine of \$5,000 and sentence of 10 years. Robbery and assault: \$10,000 fine; 25 years imprisonment.

If robbery resulted in a murder, or a kidnapping, the maximum penalty would be death.

### Taxi Taken After Stone Is Hurlied Through Window

A taxi owned by the Triple-A Taxi company was stolen from in front of the taxi headquarters on South Cuyler street about 1 o'clock this morning. The theft was well planned by at least two men, officers believe.

The taxi was stolen while the operator was drawn away from the headquarters by a stone thrown through a window at Diamond's store. The stone went through the corner of the front window and out the side window. Les Fife, who was on duty, and several persons who were in the Empire cafe went to investigate the crash caused by the stone being hurled through the window.

Mr. Fife said a man, dressed in overalls and old hat, got into the car and drove it away. He notified police, who immediately started a search for the taxi. They traced it south on Cuyler street where it struck two cars, but they lost track of it at the "five points."

Some time later, Mr. Fife and Charlie Pipe, night watchman, found the car in a ditch near the Danziger Refinery east of Pampa. The driver, who called for them to help get the car out of the ditch, was taken to the sheriff's office and questioned. He was being questioned by county officers this afternoon.

SCOUTS TO MEET IN CITY HALL ON FEB. 10 TO HEAR PRESIDENT

### Hog-Corn Raisers Plan Production Control Program

County Agent Ralph Thomas went to McLean this afternoon to attend a meeting at which a control program committee was to be chosen at the county court-room of the courthouse here, a meeting of hog and corn raisers will be held to plan another production control program.

Persons who have owned an average of three brood sows or more for the last three years or who planted an average of 10 acres of corn, or both, are eligible to participate in the plans for hogs and corn.

### I SAW--

Hamp Brown and Jet Brumley making their debut at the local, or any other bowling alley yesterday by beating Jeff Bearden and Jimmie Weir who had spotted their elders 50 pins. Jet and Hamp won without the spots, but Hamp listening to his joints creak, said today he would stick to golf.

A messenger boy riding a bicycle, taking a bottle of wine, sent by a physician to a patient in a hospital, yesterday morning. The boy pedaled away bravely over the snow-covered street, but pretty soon the wheel skidded, slipped away from the youngster, and boy and bottle crashed to the pavement. The boy was unhurt. The doctor, unable to control his amusement laughed, and it was reported the patient got worse.

### LIST OF RULES FOR BIRD SHOW IS COMPLETED

#### Prizes For Event To Be Announced Tomorrow

The premium list for Pampa's sixth annual poultry show, to be held in the Johnson building on West Foster avenue January 11, 12, and 13, shows that much valuable merchandise will be awarded to more than fifty winners.

All entries and awards in the show will be subject to the following rules and regulations:

1. Entry fees will be 10 cents for singles and 35 cents for pens. Birds may compete only in classes for which they are entered. Those entered in singles classes cannot compete in pens.
2. All entries must be received by noon of Thursday, January 11. All fowls to be displayed must be in the show room by that hour.
3. There must be a total of three entries in a class before first premium will be awarded in the singles. Two entries must be in the pens before a first premium will be awarded.
4. Any poultry entered for competition in the show must be in the name of the actual owner, who shall also be a breeder of the variety entered.
5. No ducks, rabbits, or pet stock will be shown at this poultry show.

When an award is made, orders given by the winners for the various prizes will be handed out, and the business firms for the actual prizes. Premiums are assigned for entries of White Rocks, White Wyandottes, S. C. Reds, Buff Orpingtons, and sweepstakes. There are many unallocated awards which will be assigned after the birds are entered. The judges reserve the right to adjust the prizes according to the number and classes of entries.

### Boxes Closed For Payment Of Rents

Boxholders at the postoffice who had neglected to pay rent found their boxes closed this morning, with a notice from the postmaster that the fee must be paid before the boxes are opened.

Mail consigned to closed boxes will be placed in general delivery until the rent is paid. Postmaster D. E. Cee announced today. He urged patrons to make the payments, due since December 20, to prevent confusion in mail deliveries.

### Boxers Closed For Payment Of Rents

Boxholders at the postoffice who had neglected to pay rent found their boxes closed this morning, with a notice from the postmaster that the fee must be paid before the boxes are opened.

Mail consigned to closed boxes will be placed in general delivery until the rent is paid. Postmaster D. E. Cee announced today. He urged patrons to make the payments, due since December 20, to prevent confusion in mail deliveries.

### Byrd and Four Companions Fly Eighteen Degrees From S. Pole

BOARD Admiral Byrd's flagship in the Antarctic, Jan. 4.—(Via Mackay Radio)—(Delayed)—(AP)—Rear Admiral Richard E. Byrd and four companions made a three-hour flight today to approximately latitude 72.30 south, less than 18 degrees from the south pole.

The plane's course was roughly along the 117th meridian, and the flight extended 150 miles south of the flagship.

On his return Byrd reported: "No land. The sea borne ice continued to the limit of vision."

He said, however, that the observation from this flight combined with those of the flight two weeks ago along the 150th meridian 900 miles west had convinced him that about 200,000 square miles of previously unknown area now can be eliminated from Antarctic maps and be designated simply "Pacific ocean."

### BREVITIARIALS

Musings of the moment: We hear much about the surplus of school teachers. There is no such thing. There is admitted, however, a surplus of persons certificated to teach school. There is actually no more really good teachers than are needed. Legislators have made it so easy to obtain a teaching certificate that the profession is a stepping stone, a haven of temporary economic refuge, and a mecca for those uncertain of what they wish to do in life.

### TWINKLES

We are asked what has become of Percy, the office mouse. Percy is not with us any more, and a Christmas card advises us that he won't come back until we get rid of "Alley," a yaller, bob-eared cat that lives with the advertising department.

Personally this writer would like to see Percy come back. Help us find a good home for that alley cat. It won't have to be very good.

### THREE GUESSES

WHAT KIND OF A PLANE IS LINCOLN ELLSWORTH USING ON HIS ANTARCTIC EXPEDITION?

### Last Session Of First Aid Course Set For Tonight

The last regular lecture session of the Red Cross-Boy Scout first aid course will be held this evening in the Junior high school cafeteria room at 7:30 o'clock.

Roy Wight, scoutmaster, asked that all "students" take their bandages and splints to the meeting. The study, directed by Dr. R. M. Bellamy, will be on transportation of injured persons.

There will be two later examination sessions, dates of which have not been set but will be fixed tonight.

### I HEARD--

S. F. Thornton telling about getting his English Cocker ducks ready to enter in the Pampa Poultry show, Jan. 11, 12 and 13. He said his old drake figured something was going to happen and he has been strutting around for the last few days, calling loud and long.

A "customer" of Dr. H. H. Hicks shouting with joy at the sight of a late magazine in the office. A "popular" magazine was something new there, the patient declared.

See BUDGET, Page 4.

### STATE CHAMPS PLAY HERE SATURDAY

The Pampa Harvesters and the Athens Hornets will play at the high school gymnasium Saturday night, Coach Odus Mitchell announced upon his return early this afternoon. Admission will be 15 cents for students and 25 cents for adults. An effort is being made to match a game between the Harvesters and the LeFors girls.

Game time will be 7:30 o'clock. If only one game will be played, it will be advanced 20 minutes if two games are scheduled.

WEST TEXAS: Fair, warmer in southeast, cooler in extreme west portion tonight; Friday, fair, slightly colder in north portion.

# BELIEVE MINE EXPLOSION IS FATAL TO 140

## ONLY 16 BODIES FOUND DAY AFTER BLAST; FOUR ESCAPE

DUCHOV, Czechoslovakia, Jan. 4. (AP)—Fire and poisonous gases swept a dual threat of death today toward 120 men trapped by a terrific blast in a coal mine.

Rescue workers, beaten back by the flames, feared all were doomed — if not already dead of gas.

One hundred forty men were in the dugouts when the terrific explosion copped them there late yesterday.

The bodies of 16 were recovered and four managed to clamber the 1,000 feet to surface safety, arriving in a state of stupor from gas and exhaustion.

Another body was recovered later. It was that of a washerwoman who had been working in the shafthead of the mine.

Gas seeping through the workings handicapped rescue workers from the outset.

Then, early today, fire broke out and raged through the underground passages to halt all rescue efforts and add to the growing fear that the 120 men were beyond aid.

The cause of the explosion had not been definitely ascertained. Many believed it resulted from ignition of an underground store of dynamite.

Throughout the night, thousands — including frantic wives and children of the imprisoned men — crowded tentatively about the scene of the disaster.

So terrific was the detonation that every house in this city of 13,000 persons — center of northwestern Czechoslovakia's rich coal fields — was shaken.

From the surface it appeared to those first to rush to the mine that the whole diggings had caved in.

(The mine, known as the Nelson III is the largest in the district. Normally 700 men are employed).

# Fan Dancer Is Coming Here

Miss Bobby Young, 24-year old exponent of the sensational Fan Dance that was made famous by Miss Sally Rand at the Chicago World Fair, will do her famous "A Century of Progress Revue" comes to the LaNora theatre on Wednesday and Thursday, Jan 10 and 11.

# Alcohol Cannot Help Cancer, Is Medic's Report

BUFFALO, Jan. 4. (AP)—An idea born during the dry era that pure "ethyl" otherwise known as "drinking alcohol," might be good medicine for cancer, was scratched off the scientific records today.

A lengthy test of the reputed curative powers of alcohol made upon cancerous mice, was reported today in the American Journal of Cancer by Dr. Millard C. Marsh, of the State Institute for the Study of Malignant Diseases, located at Buffalo.

These Buffalo mice proved to be a tough breed, very handy for the liquor tests. They drank freely of 70 per cent alcohol. At 15 per cent they hesitated; and at 20 per cent turned up their noses.

So a set of eight of them was allowed to drink itself to death on the 10 per cent alcohol, that being the only liquid taken. The mice lived from two weeks to two months each. The latter period is equivalent to several years of a human life. But in no instance was a single cancer sufferer benefited.

Four other mice were kept continuously drunk on a mixture of alcohol equivalent to a man drinking a pint of pure alcohol daily. One mouse died. In the other three the tumors continued to grow. Comment is made that the marvel is the mice withstood such an alcoholic onslaught.

The idea of using ethyl alcohol for cancer treatment was tested out in 1927 by D. Thurst, a German.

**BUTTER**  
CHICAGO, Jan. 4. (AP)—Butter, steady; creamery specials (98 score) 17 1/2-18 1/4; extras (92) 17 1/4; extra firsts (90-91) 16 1/2; firsts (88-89) 16 1/4-1/2; seconds (86-87) 15 1/2; standards (90 centralized carlots) 17 1/2. Eggs, firm; extra, firsts 21; fresh graded firsts 20; current receipts 19.

# Markets

# Like Society

NEW YORK, Jan. 4. (AP)—Stocks, led by the metals, rallied in late trading today following presentation of the president's budget statement to congress. Early losses of 1 to 2 or more points were pared or cancelled in most instances, but trading was extremely dull throughout. Transfers approximated 1,250,000 shares. The close was slightly irregular.

# Rose Explains Dealers' Code At Lions Club

Her 19th birthday passed, Princess Maria, above, vivacious beauty, has assumed the duty of representing the Italian royal family at many formal social functions. Fond of the social whirl, she dances well, sings, and swims. Rumors have linked her name with that of Archduke Otto, pretender to the Austrian and Hungarian thrones.

# Marriages Lead Divorces Here

Following repeal of the 3-day notice for issuance of marriage licenses, cupid worked overtime and left the demoralized wrecked homes far behind in the statistics. There were 54 divorce decrees granted in 31st district court here, while during the same period 96 marriage licenses were issued.

With Mrs. Ferguson in announced retirement from the governor's race, interest is moving REPEAL TO BE the big field of STATE ISSUE other campaigner.

# Auto Loans

Prompt Service Reasonable Terms For Ready Cash or Reduced Payments CARSON LOFTUS Room 505, Combs-Worley Bldg. Phone 718 Box 287

# PAMPA TOPIC OF OUR CITY

(Continued from page 1)

Local building contractors and building craftsmen are expressing the opinion that RENT HOUSES while the business ARE SCARCE district of the city has sufficient substantial structures for current needs, there is a serious shortage of rental houses and apartments in the residential sections. The need for 5-room houses and good apartments is so keen that rents have advanced beyond the reasonable ability of average wage-earners to pay them, and the result is such that many persons are living in the oil camps or in nearby towns, although they would like to live here. This need should result, it is pointed out, in a flurry of building next spring. There also is an obvious need for painting and repair work. Seeing so much that needs to be done that craftsman and contractors are hopeful. The last 2 years have produced little building, hence skilled builders have been unemployed much of the time. Oil field work has been better.

# Politics In Slow Start

Political gossip is getting away to a slow start this year, although the city election in April and the primary in June and state votes will attract much attention before long. It is generally assumed that most full-time incumbents will run for re-election, this not being a good year in which to launch new vocational ventures. Most of the county and district "family" will be intact as to political aspirations. The announcements will begin appearing shortly. Many persons have been doing "watchful waiting" without learning much. A few changes in ambition may be expected to develop. Last year was a fine time for "outs," but President Roosevelt's new deal has given more popular favor to the "ins" this year. There is a marked shortage of issues for the coming campaigns.

APPAREL FOR WOMEN

WOMEN'S GROUPS IN PAMPA CHURCHES ACTIVE WEDNESDAY

PLANS TO FILL COMING WEEKS ARE LAUNCHED

TWO AUXILIARIES AND CLASS CONDUCT MEETINGS
LOOKING forward to their annual colonial tea, their year's study, and a convocation to be held in Lubbock late this month, women of the Episcopal Auxiliary conducted their first business meeting of the new year at the parish house yesterday.

REHEARSAL OF NEXT PROGRAM BEGUN IN CLUB

Visitor From Germany Is Treble Clef Guest
Rehearsals for their next public program, to be presented in February, started yesterday at a meeting of the Treble Clef club. This was the first regular club session since its annual Christmas cantata was given on Dec. 15.

Stays in Russia

Lost to diplomatic society in Washington is Mrs. A. A. Troyanovskaya, above, wife of the new Soviet Ambassador to the United States. She has decided to stay in Moscow to help their 14-year-old son with his education.

Dorcas Class of Baptist Church Has Installation

Officers who will guide the destinies of First Baptist Dorcas class through this year were installed in a program following a covered dish luncheon at the home of Mrs. Bonnie Rose yesterday.

Makes Debut

Miss Frances Dodge, daughter of the late John F. Dodge, automobile pioneer, wealthiest girl in Detroit and one of the richest in the nation, is shown here as she made her debut in Detroit society. Her "coming out" party was one of the most lavish ever held in the Michigan metropolis.

ALTAR SOCIETY IN CHARGE OF NEW OFFICERS

MEMBER IS ADDED AT FIRST MEETING OF YEAR
NEW officers were in charge of the Altar Society of Holy Souls church when it met for the first time in 1934 yesterday afternoon.

LeFORS GIRLS' CLUB HAS NEW YEAR'S PARTY

Residents Are Back After Holiday Trips
LeFORS, Jan. 4.—Miss Clois Alexander was hostess to Sub-Deb club members and their guests at a watch party held in her home New Year's eve.

LUNCHEON FOR ONE CHRISTIAN GROUP GIVEN

OTHER DIVISIONS OF COUNCIL MEET IN HOMES
GROUP one of First Christian Women's Council enjoyed a covered dish lunch at the church yesterday, while groups two and three met in homes of members.

Macon Goes Into Second Practice Battle At Sea

WITH THE U. S. FLEET, off Southern California Coast, Jan. 4. (P)—The Navy's big air-drome of the skies—the U. S. S. Macon—went into its second battle practice today.

Friends at Noelette Entertain Woman Who Leaves for New Home

NOELETTE, Jan. 4.—Mrs. G. E. Canady entertained recently with three tables of bridge, honoring Mrs. A. H. Bassel, who left Monday to make her home in Burk Burnett.

Ma' Liberates Seven Convicts

AUSTIN, Jan. 4. (P)—Seven convicts were liberated today, pardoned by Governor Miriam A. Ferguson.

War Department Sum Increased in New Budget

WASHINGTON, Jan. 4. (P)—A recommendation that congress give the war department \$14,622,717 more during the next fiscal year than the estimated \$279,612,242 the department will spend this year was included today in President Roosevelt's budget message.

Mother of Two Judges Is Dead

MEENARD, Jan. 4. (P)—Mrs. A. L. Sutton, 82, pioneer resident and mother of two west Texas district judges, will be buried here this afternoon.

Own Son Dead, Father Kidnaps Orphanage Boy

OMAHA, Neb., Jan. 4. (P)—A father's desire to have a boy to take the place of his own son, who died in a motor car accident was given today as the reason why 11-year-old Bobby Walsh was taken from an orphanage.

Death Toll at 42

LOS ANGELES, Jan. 4. (P)—Six more victims were added to a growing list of dead in the southern California flood of new year's day as searchers prodded grimly thru piles of debris today, bringing the death toll to 42.

COMPANY RESTRAINED

ST. LOUIS, Jan. 4. (P)—The Continental Life Insurance company, which has nearly \$100,000,000 insurance in force and about 48,000 policyholders, today was in the hands of the state insurance department, temporarily restrained from operation.

Get Up Nights? Make this 25c Test

Lax the bladder as you would the bowels. Drive out impurities and excessive acids that cause irritation burning and frequent desire. Get a 25 cent box of BU-KETS, the bladder laxative, from any drug store.

Most Coughs Demand Creomulsion

Don't let them get a strangle hold. Fight germs quickly. Creomulsion combines 7 major helps in one. Powerful but harmless. Pleasant to take. No narcotics. Your own druggist is authorized to refund your money on the spot if your cough or cold is not relieved by Creomulsion.

FEED

Buy Feeds Like You Buy Drugs or Food. Buy Quality! Get feed at a reliable store that is made by a company that knows how to make feeds so you get proper results.

# NEW SHIPS AND RESTORED PAY FOR 'GOBS' ASKED BY F. D. R.

## SIX-INCH GUN CRUISERS ARE ON NEW LIST

### LAST OF 8-INCH GUN VESSELS TO BE BUILT

WASHINGTON, Jan. 4. (AP)—The Navy was dealt with generously in both ships and men by President Roosevelt today in asking funds for the service in his annual budget.

The president asked congress to appropriate \$83,819,334 for new vessels and continued work upon those already authorized, an increase of \$1,222,927 over such authorized obligations during the 1934 fiscal year.

In general this would permit continuance of work on 15 vessels now being constructed with regular appropriations and the laying down of the last of the planned 10,000-ton 8-inch gun cruisers next January. In addition the construction of 33,000 tons of six-inch gun cruisers could go forward.

These cruisers, under the terms of the London naval treaty, could be either three of 10,000 tons or five of 6,500 tons. All of these ships are

## --BACKSTAGE

(Continued From Page 1)

noise makers, popping automobile exhausts, whistles, confetti, and serpentine streamers, wild cheering, fireworks—just everything that goes to make a street carnival made the celebration little short of indescribable. And the streets the next morning looked like New Orleans after Mardi Gras.

While unofficial Washington ushered in '34 with all this ballyhoo, officialdom staged strictly an "at home" celebration. Attorney General and Mrs. Cummings held a quiet house party; Secretary and Mrs. Wallace a family reunion; Secretary Ickes held a cracked rib in bed at home. Although the White House reception was canceled again this year, and the Secretary of State (being absent) passed up his usual breakfast, President and Mrs. Roosevelt held an informal luncheon for Vice-President and Mrs. Garner. So, all in all, regardless of noise or the quiet which accompanied various "coming in" parties, the theme of all Washington was one of thanksgiving and optimism!

Both my time and space are just about gone, so today's reference to Congress will be a short statement that may be quite a bit disappointing to those of us who like to sit on the cracker barrel and whittle while we decide the outcome of the many weighty and bitter controversies that are being waged in Washington. There aren't due to be any!

That is, of course, figuratively speaking. Disputes and debates will be many and long, but according to all indications now, the President is due to end up in the driver's seat holding reins for two of the most peaceful and cooperative democratic donkeys ever hitched to a band wagon.

There'll be lots to write about, anyway, and regardless of the clamor or clamor that prevails, the things men do, and women say, and the way humanity as a whole behaves will be just about as it has always been. After all, that's all I'm writing about!

So here's hoping you find these paragraphs interesting enough to read! Just in case you never get any further with them than this issue, here's from me to you, the happiest and healthiest and wealthiest old New Year that ever rolled around—from me to you, as one who's getting a big belt out of my work up here, but wouldn't trade very capitol in the world for the real, genuine life a man leads back there in God's country!

(P. S.—"Why don't you drop me a line su-un ti-time?")

W. M. Kerr of Philadelphia is transacting business in Pampa for a few days.

C. D. Hill of Groom was a Pampa visitor today.

separate and apart from the 32 vessels to be constructed with the \$238,000,000 of public works funds turned over some months ago to the navy by executive order.

The budget 1935 estimate, including a restoration of one-third of the 15 per cent pay cut taken by the services, called for \$288,030,725. This was \$50,030,725 less than the authorized obligations for 1934.

It was estimated, however, that with accrued balances to be carried forward to the 1935 fiscal year and use of expended funds from continuing appropriations, there would be available for expenditure by the navy \$315,691,521.

## --BUDGET

(Continued From Page 1)

outlined, we can confidently look forward to cumulative beneficial forces represented by increased volume of business, more general profit, greater employment, a diminution of relief expenditures, larger governmental receipts and repayments, and greater human happiness.

It had been pointed out by him earlier in a supplemental talk with newspaper men that the more than ten billion dollars to be spent this fiscal year is not up to the limit authorized by congress.

"The result of expenditures already made," his message read, "show themselves in concrete form in better prices for farm commodities, in renewed business activity, in increased employment, in reopening of and restored confidence in banks, and in well-organized relief."

The prospective seven billion dollar deficit for this year includes \$1,186,000,000 additional to be asked from congress for continuing until summer the vast civil works administration and financing the home loan bank system.

Mr. Roosevelt told newspaper men he would just as soon have the two billion dollar recovery fund he has asked for next year in a lump sum. If congress prefers to itemize it, he does want authority

to switch funds from one item to another.

His ideas for use of this two billion dollars next year are, roughly, \$500,000,000 to supplement the reconstruction finance corporation; \$300,000,000 to continue another year the civilian conservation corps; and \$300,000,000 to \$800,000,000 for unemployment relief.

"It is clear," said the president, "that the necessity for relief and recovery will still be with us during the year 1934-35. Additional relief

funds will be necessary.

"Further needs of the country prohibit the abrupt termination of the recovery program.

**Amount Needed Unknown.**

"No person can on this date definitely predict the total amount that will be needed, nor the itemizing of such an amount.

"It is my best judgement at this time that a total appropriation of not to exceed two billion dollars will, with the expenditures still to be made next year out of existing

appropriations, be sufficient."

The huge reconstruction corporation, called upon to finance much of the business and banking structure of the nation, is charged with almost \$4,000,000,000 of the \$7,000,000,000 deficit for this year.

This money is in loans. A credit of \$480,000,000 in repayment is counted upon for next year. The president hinted to newspaper men possible but unforeseen loans to business next year.

The public works administration

is charged with \$1,677,190,500 of the "emergency" expenditures for this year. Another \$1,089,883,100 of the \$3,300,000,000 fund is expected to be spent next year.

Civilian conservation work, the federal deposit insurance corporation, and the agriculture adjustment administration accounted for most of the remainder of the emergency outlay for this year.

**Costs To Be Audited.**

Next year's emergency budget allows an additional \$31,000,000 for

the Tennessee valley authority; \$64,190,000 for emergency conservation work; \$12,650,000 for federal land banks, and \$5,000,000 for the agriculture administration.

The president's message states that if the RFC loaning authority is extended beyond next June 30, "it is contemplated that any additional loans by it would thereafter be taken from the new and additional recovery fund hereinafter referred to."

The president announced the issuance of executive orders extending the authority of director of the budget—Lewis Douglas—over all extraordinary expenditures hereafter, and also the audit authority of the comptroller general over these items.

In his message, he noted that the budget for the new year—the first he has submitted to congress—shows a reduction of \$684,913,167 in the regular ordinary expenditures over the budget submitted a year ago by the outgoing administration,

# Murfee's CLEARANCE January SALE STARTS 8 A. M. FRIDAY, JAN. 5

# HUGE FRAUDS REVEALED AS BANK CLOSES

## FOUNDER OF CITY OF PARIS PAWN SHOP IS SOUGHT

PARIS, Jan. 4 (AP)—France was shaken today by charges that ten to twenty-million-dollar frauds have been revealed by the collapse of the Credit Municipal Bank of Bayonne, which was the city's pawn shop, and the disappearance of its mysterious founder, Serge Stavisky.

The manager of the institution was jailed December 30 and a warrant was issued for Stavisky in connection with the recent alleged issuance of unauthorized bonds.

Premier Camille Chautemps, with names high in French governmental quarters involved in the affair, declared Stavisky, who police said had many aliases, will be brought to justice and the case sifted thoroughly.

Insurance companies were reported by investigators to have been the principal victims of the sale of fraudulent pawnshop bonds, which Stavisky—operating under the name of Serge Alexandre—is charged with issuing for from three to ten times the pawnshop's legal limit of 50,000,000 francs (about \$3,000,000).

Stavisky is accused by police of using in the sale of the bonds a circular in which Albert Dalimier, as public works minister in the cabinet of former Premier Edouard Herriot, advised insurance companies they were legally permitted to invest in municipal pawnshops.

M. Dalimier issued a statement today explaining that the circular was a routine matter and that he never favored the Bayonne bank or had relations with anybody connected with it.

Stavisky, a 47-year-old, Russian-born, naturalized French jeweler, lived in a lordly manner, witnesses said, entertaining lavishly and cultivating friendships in official quarters.

He was reported to have employed in a legal capacity at various times a member of former Premier Georges Bonnet's staff and at least two members of the chamber of deputies.

Besides the bond sales, Stavisky is charged with pawning jewels, drawing out cash and redeeming them with falsified bonds.

He even was said by investigators to have obtained Bank of International Settlements endorsement of 100,000,000 francs (\$9,600,000) of Hungarian agrarian and reparations bonds.

A crowd crying "death" tried to mob Gustave Tisser, imprisoned manager of the pawnshop, when he appeared for a hearing at Bayonne where many persons had invested or pledged valuables in the pawnshop.

Other companies organized by Stavisky also were being investigated while police continued their search for him.

# COUSINS HAVE SAME GRANDPARENTS

DENMARK, N. Y.—Two infants of this village have much in common. Their mother are sisters who married brothers. Both infants are boys. They were born the same day in the same house, and their weights differed by only a quarter pound.

George Robert, 8 pounds, was born to Robert and Winifred Cronk Twitchell, while Rodney William, 7 3/4 pounds, was born to William and Margaret Cronk Twitchell. The births occurred December 19, 1933, at the home of Mr. and Mrs. John Cronk, parents of the two mothers.

# The United States Shipping Board Reports Norfolk, Va. and Newport News, Va. the only ports on the Atlantic seaboard to show gains in export tonnage during 1932.

Study of the Bible is a popular elective course with high school students of Charlotte, N. C. Four hundred are enrolled in the class this year.

# AN ANNOUNCEMENT OF THE GRADES OF CREAM SUPPLIES DELIVERED BY ALL PRODUCERS OR DISTRIBUTORS IN THE CITY OF PAMPA, TEXAS.

The grades of all cream supplies distributed in the City of Pampa have been determined by the local health department in accordance with the standard grade specifications of the U. S. Public Health Service Standard Inspection Code and Ordinances of the City of Pampa.

Cream consumers in the City of Pampa are urged by the City Health Department to purchase cream and cream supplies on the basis of grade; each bottle of cream sold within the City limits of the City of Pampa is marked with a grade appearing on the cap, and the different grades offered for sale by restaurants, soda fountains, grocery stores, etcetera are conspicuously posted in order that the consumer may be advised at all times as to the grade of cream purchased. As a matter of information, Grade "A" Pasteurized Cream is the safest pasteurized grade, and Certified and Grade "A" Raw Cream are the safest raw grades.

The distributors and the grades of Cream and Cream Products distributed within the City of Pampa are as follows:

Gray County Creamery, Permit No. 12, Grade "A" Pasteurized Cream; G. T. Montgomery, Permit No. 5, Grade "A" Raw Cream; W. D. Benton, Permit No. 10, Grade "A" Raw Cream; J. S. Moss, Permit No. 27, Grade "A" Raw Cream; A. N. Burleson, Permit No. 17, Grade "A" Raw Cream; J. E. Seitz, Permit No. 23, Grade "D" Raw Cream; E. W. Hogan, Permit No. 11, Grade "D" Raw Cream.

T. J. WORRELL, Assistant Health Officer, City of Pampa.

# Girls at Camp Tera Don't Mind The Snow

The snowstorm that swirled over the east meant suffering for some, but not for the unemployed girls and women at Camp Tera, Bear Mountain, New York. They took to their skis and had a big time. Here a group waves gaily to a photographer. Camp Tera, organized for the care of jobless women, is sponsored by Mrs. Franklin D. Roosevelt. (Associated Press Photo)

# U. S. TO BUY MORE SILVER FROM MEXICO—AND SELL MORE GOODS

WASHINGTON, Jan. 4 (AP)—Mexico, as the world's leading producer of silver, is expected to be one of the major beneficiaries of President Roosevelt's program for United States purchase of the white metal at 64.5 cents an ounce, 19 cents above recent prevailing price levels.

In recent years Mexico's output has averaged a total of some 105,000,000 ounces annually compared with a United States production of around 50,000,000 ounces. Canada has been third and Peru fourth in output.

Although the heavy decline in the price of silver, which started late in 1929, tended to diminish production in Mexico, the metal formed 15.9 per cent of the total value of that country's exports in 1929 and 12 per cent of the export value in 1930.

Practically all of Mexico's production of silver is exported, the United States and the United Kingdom being big importers. Moreover, a large proportion of Mexico's mines are owned or controlled by American capital which to a minor degree has silver holdings in Peru, Canada, Honduras and Chile.

Trade observers say the new silver setup may give some impetus to United States commerce with Mexico which now is Uncle Sam's best Latin-American customer, taking some \$23,550,000 worth of goods in the first eight months of 1933.

# MASONIC ROOM RUINED

MCALISTER, Okla., Jan. 4 (AP)—Elaborate furnishings of the beautiful blue lodge room of the \$1,000,000 Masonic Consistory here were ruined by fire early today. It was believed a carelessly tossed cigarette may have started the fire.

# MONEY FALLS OFF

AUSTIN, Jan. 4 (AP)—The general land office announced the collection of \$75,792 in University of Texas oil royalties for December. For the same month in 1932, the collections aggregated \$99,450. Total receipts for the year totaled \$658,630, compared with \$1,201,402 for 1932.

# for BILIOUSNESS Sour stomach gas and headache due to CONSTIPATION

The effect of the new silver policy on the exchange value of Mexican currency in terms of purchase of American goods is problematical since the Mexican government has been following a program of keeping the peso devalued with relation to the dollar for the purpose of stimulating exports.

Mexico is not de facto on the gold standard because there is no coinage of gold and the former gold coins are all demonetized. However, it is not on the silver standard since there is no free coinage of silver and Mexican silver coins may not be imported from abroad.

Currency experts here say the exchange value of Mexican currency does not fluctuate with the price of silver but is determined solely by the supply of and demand for exchange.

# COURT RECORD

AUSTIN, Jan. 4 (AP)—Proceedings in the court of criminal appeals: Affirmed: Tony Betassi, Montague (2 cases); Enoch Fiveash, Coleman; Mary Allen, Jefferson; Frank Hunt, Upshur (2 cases); John Lee, Lainspass; Will Knight, Walker; Ex Parte J. B. Morris, Potter; W. D. Brent, Harris.

Appeal reinstated; judgment affirmed: Noble Roberts, Brown; Reversed and remanded: Oren Hearne, Shelby; Hunter T. Farrell, Collin.

Appeal dismissed: Ada Horton, Brazos; Frank Ayr, Foard. Appeal dismissed at request of appellant: Bill Mitchell, Hopkins; Minnie Lee Carter, Dallas; R. E. Davis, Dallas; Herbert Cochran, Williamson; C. J. White, Jack; Albert Matlock, Risk.

Appellant's motion for rehearing granted; reversed and remanded: Alex Williams, Jefferson. Submitted on brief and oral argument: Bernice Luck, Bosque; Wesley Maples, Bosque; Emile Blair, Dawson; Guy Mitchell, McLennan; Ex Parte Edwin Brinker, Bowie.

Submitted on brief for both parties: Rosalio Pena et al, Cameron; Clovis Stafford, Randall; Burt Davidson, Stonewall; R. R. Johnson, Childress; Clovis Stafford, Randall. Submitted on affidavit showing escape of appellant: L. A. Hill, Dawson.

Hogan, Shelby; George Olsofsky, Colorado; Wesley Tuttle, Bowie; Bill Lamb, Bowie; Hollis Roberts, Lynn; Thelma Goss, Dallas; Lupe Adams, Dallas; Homer Mitchell, Lamar; Bill McCullough, Lamar; Ex Parte Bob Pierce, Harris.

Submitted on appellant's motion for rehearing: Stayton Lewis, Bexar; Tommie Vance, Grayson; J. T. Northam, Potter; E. J. Murray et al, Harris; Clarence Chance, Freestone; Clint Sloan, Dallas; Al Scott, Lynn; H. V. May, Hunt; Ennis May, Collin; Gene Squires, Eastland; Frank Henderson, Marion.

Submitted on state's motion for rehearing: R. L. McCullers, Franklin; Morgan Tully, Denton; C. B. Yarbrough, Travis.

Submitted on relator's motion for rehearing: Ex Parte George B. Buchanan, Potter.

# Hull at Pan-American Meet

That the United States will deal with other countries in the utmost frankness and co-operation for mutually beneficial trade and peace was the promise made by Secretary of State Cordell Hull at Montevideo, scene of the Pan-American Conference. He is shown, center, at the Uruguay capital with Mrs. Hull, left, and J. Butler Wright, right, American minister to Uruguay.

WASHINGTON, Jan. 4 (AP)—Bill to establish a board empowered to issue "stabilization coin certificates" at any time the dollar rises in purchasing power more than 2 per cent above par, as determined by the 1926 wholesale commodity price level, was introduced today by Rep. Cross (D., Texas).

Two colossal idols found on the island of Raevavae, south of Tahiti, were used as ballast for the ship Denise, wrecked on the island and re-floated.

# Old Time Chuck Wagon Supper Is Plan for Church

A barbecue supper and a program of music are being arranged for the annual business meeting of First Christian church members Tuesday evening, when officers for 1934 will be elected and reports heard.

Lee Ledrick and Ivy Duncanson will be in charge of the barbecue, to be served in old fashioned chuckwagon style. Women of the congregation will add cakes and pies to the supper menu.

Every member of the church is invited to be present and add his voice to the choice of officers. John S. Mullen, minister, said today.

Heads of the church board, Sunday school, women's and young people's organizations are to be chosen in this annual meeting. The business session is being planned to move without waste of time, and music will entertain the crowd during the evening.

# WAKE UP YOUR LIVER BILE—WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go.

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into you: twice daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels, like bread in your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in pimples. Your head aches and you feel down and out. Your whole system is poisoned.

It takes three good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills on the red label. Resist a substitute. 25c at drug stores. ©1931 C. M. Co.

## SUBSISTENCE FARMING WINS WIDE FAVOR

When the administration set aside \$25,000,000 to experiment on subsistence farms, it started something, the finish of which is a matter for the seventh of a seventh son.

None of the New Deal's experiments is more interesting than this one; few of them have more completely unpredictable consequences. The fact that the experiment is beginning to prove enormously popular indicates that we may bump into those consequences a lot sooner than we expect.

The idea is to set up colonies of small homes, each surrounded by a garden sufficient to provide its owner with most of his foodstuffs. Occupants of such homes would hold jobs in industry; some would work in coal mines, some in factories, and so on.

The jobs would give them their income and the gardens would give them their food; if an industrial slump cut their jobs out from under them, they at least could keep on eating regularly until things picked up again.

That's the program. Now it develops that the government is being overwhelmed with a regular flood of demands for subsistence farms. The director of the project already has received applications which, if granted, would run the cost of the experiment up to \$4,000,000,000. Letters are coming in at the rate of 1,000 a day.

Here is a pathetically eloquent testimony to the forgotten man's fear of insecurity, and also to his dislike of ordinary urban life. Furthermore, it is a pretty fair indication that there will be plenty of sentiment in Congress in favor of extending the scope of the whole project.

These applicants are voters; you can depend on it that their congressmen are hearing from them.

We are likely, then, to hear more rather than less of the subsistence farm idea in the future. And it is high time for us to figure out just where such program would lead us if it were expanded greatly.

Would it—as some critics say—establish an American peasantry? Would it depress industrial wages and cut agriculture's markets? Would it solidify the population in such a way as to be a disastrous extent?

It might do all those things; it might do none of them. It is up to us to find out.

The best way to find out is to try it and see; and that seems to be just what we are going to do—on a larger scale than any of us had expected.

Twenty-two foreign plant quarantines are being enforced by the department of agriculture.

Nearly 5,000 residents of New Orleans and the immediate vicinity make their living by fishing.

E. J. Cook of Holdenville, Okla., caught a snapping turtle weighing 87 pounds on an ordinary hook and line.

Home butchering of hogs in Texas has increased about 50 per cent in the last two years.

It is estimated the country has \$15,000,000,000 invested in improved highways.

A year of systematic target practice raised the average score of Hutchinson, Kas., policemen from 31 to 90 per cent.

## 'Canning Season' For Georgia Peach

The game of hearts they started wound up as solitaire, so Corlis Palmer Brewster, one-time famous "Georgia Peach," beauty contest winner, divorced Eugene V. Brewster, who lost his millions. He prepared solitaire to her companionship, Corlis charged, and she put on her most engaging smile when she appeared in court, as shown here, to prove that his taste was all wrong.

## Continent Lies Below Pacific, Say Surveyors

SAN DIEGO, Calif., Jan. 4 (AP)—Stretching beneath the surface of the North Pacific lies a continent, hitherto unknown, with huge plateaus broader than any above-surface continent; with twice the width of America; with mountains higher than Mt. Everest and with great deeps, separating it from Asia, that drop more than six miles to their bottoms.

From north to south in the west portion of the continent is a mammoth mountain ridge with towering peaks that are known to Pacific mariners as islands (Hawaii, etc.) banks and reefs. Although there is no proof, it may be conjectured that when survey is made of the Pacific floor area south of

10 degrees north it will be discovered that the various groups of South Sea islands are southern peaks of the great, western ridge of the sub-continent.

This "new" continent, it was explained at the Scripps institution of oceanography at La Jolla, contains definite valleys marking the courses of ancient rivers, countless volcanoes which are still active beneath the sea, broad flat or rolling plateaus and other general continental features characteristic of the continents above water known to man.

Salvage operations have been projected to save as much as possible of the remaining timber in the Tillamook forest in Oregon where more than ten billion feet were swept by fire.

Southern agricultural colleges report that numerous farmers are using cotton benefit payments under the crop control program to make down payments on land of their own.

The top of Norris dam, which the Tennessee Valley Authority is building across the Clinch river near Knoxville will be used as a public highway.

Options have been secured on 3,970 acres surrounding Kings Mountain battlefield in South Carolina for inclusion in the national park the government proposes to establish here.

## Sales Expand As Production Goes Into a Decline

KANSAS CITY, Jan. 4 (AP)—Sales continued to expand while production slumped during November as compared with the same month in 1932 in the tenth federal reserve district, the federal reserve bank of Kansas City reports.

For the first time since 1929 November wholesale sales exceeded the total for the previous year. The increase being 14 per cent. Sales for the 11 months showed a gain of 1.8 per cent over the corresponding period of 1932, making the first improvement for the period in four years.

Retail sales increased 4.1 per cent over November 1932, but declined 7.7 per cent below those of October, this year, in dollar volume. The gain over November, 1932, is the first reported in the district since 1929.

In production lines, flour milling was 8.7 per cent below November, 1932. Crude oil production, while 4.9 per cent below that of October, showed an increase of 21.1 per cent over November, 1932.

In grain marketing, the district sold 28.2 per cent less wheat in November as compared with the same month last year, corn however, showed a sales increase of 211 per cent; oats an increase of 54.1 per cent; and rye a decrease of 22.6 per cent over November and 153 per cent over November 1929.

While livestock receipts in November were considerably lower than those of October, they showed increases over 1932 of 18.7 per cent in cattle, 40.4 in hogs; 18.4 in sheep and 142.8 in horses and mules.

Southern agricultural colleges report that numerous farmers are using cotton benefit payments under the crop control program to make down payments on land of their own.

The top of Norris dam, which the Tennessee Valley Authority is building across the Clinch river near Knoxville will be used as a public highway.

Options have been secured on 3,970 acres surrounding Kings Mountain battlefield in South Carolina for inclusion in the national park the government proposes to establish here.

## Tornado Wrecks Small Southern Texas Village

PORT ARTHUR, Jan. 4 (AP)—A tornado which slashed through a small dairy community five miles northeast of Port Arthur injured three persons and caused damage estimated at about \$20,000. The destructive storm wrecked ten buildings. Communication lines were put out of commission.

Flying glass cut the face of Melle Hubbard, 7, when she took refuge in the kitchen of her home and a window crashed. She turned to run into another room and the wind slammed a door on her hand, mashing several fingers. Unable to free her hand from the door, she was held there until the storm abated.

V. F. Ellis also was cut about the head by flying glass.

The wind demolished a chimney and flying brick severely bruised and cut Mrs. Allen Smith about the body and arms. One of her wrists was sprained.

A torrential rain drenched the stricken community after the tornado had passed on. Streets were flooded and property in unroofed homes was soaked. Large amounts

of hay and other feed were ruined. Witnesses said the storm tore into the community from the north, sweeping a path about 100 feet wide. It hit some buildings with full force and missed others entirely, apparently hopping over them.

The community was located on the Orange highway, which was strewn with debris. Firemen and police set to work clearing up the thoroughfare so traffic could pass.

By cutting nine miles from the highway between San Francisco and Los Angeles the highway department eliminated 530 curves. Strawberries measuring six inches in circumference have been exhibited in Watsonville, Cal.

# RENEWAL OF WAR IN CHACO JUNGLES BELIEVED UNAVOIDABLE

## ARMISTICE TO END SATURDAY AT MIDNIGHT

### PARAGUAY AND BOLIVIA CAN'T AGREE ON PEACE TERMS

**Associated Press Staff Writer.**  
**Buenos Aires, Jan. 4 (AP)—**The forces of war watched the hour-glass today in the jungle fighting of the Chaco Boreal and waited for the new zero hour ending the Bolivian-Paraguayan truce—midnight Saturday of peace, represented by the League of Nations' Chaco commission, were in Asuncion, striving for Paraguayan consent to a plan enabling further prolongation of the armistice.

Paraguayan and Bolivian representatives and members of the league commission who did not go to Asuncion came here from Montevideo to hasten extension of the agreement of the Paraguayan errand is successful.

Sources close to the belligerents, however, showed growing apprehension that renewal of fighting was unavoidable. The obstacle to the present conversations apparently is the old question of what portion of the Chaco is arbitrable if the combatants take the controversy to the world court at The Hague.

Paraguay is authoritatively representing an unwilling under any circumstances to allow arbitration of the territory allotted to it in the Hayes award of 1879, which Bolivia has not accepted—roughly a portion below the 23rd parallel, of which the river Verde is the northern boundary.

The Associated Press was given to understand that if Bolivia withdraws troops from this zone Paraguay will agree that the world court may determine possession of the entire remainder of the Chaco, including the Menezi colonies and some of the more highly developed foreign holdings.

Bolivia, however, according to reliable sources, insists that if it withdraws from the Hayes zone, Paraguay must retire to positions occupying the same Bolivian stronghold, Fort Munoz. Its seizure by Paraguay was claimed by Bolivia to have occurred after the armistice of December 19 was in effect.

This segment, a triangle slightly larger than Delaware, lying along longitude 69 and to the west, contains the last Bolivian stronghold, Fort Munoz. Its seizure by Paraguay was claimed by Bolivia to have occurred after the armistice of December 19 was in effect.

## City Bus Held Up and Robbed

**FORT WORTH, Jan. 4 (AP)—**Two men took charge of a city bus late last night, held three persons prisoner for about a half hour as they drove about, robbed them of about \$40 and fled before whatever plans they had miscarried.

One of the men was identified as Richard Roe, alias Roy Moran, escaped convict from the Michigan penitentiary, and was cornered in a used car lot. A man who gave the name of Raymond Vines, 24, of Detroit, and a third man were arrested in a downtown hotel. Victims of the holdup identified Roe and Vines. The men boarded the bus and ordered the driver, C. P. Pond to join the passengers. Mrs. Nora Black and Toby Wilentz, one left and upon his return he told the man who guarded the three that the automobile they expected to find was not to be found. The men then drove several miles away and fled.

Other persons who waited on street corners for the bus to pick them up notified police when it failed to arrive and radio-directed officers gathered in the Rosen Heights sector of the city.

## Boller's Death Called Accident

**LUBBOCK, Jan. 4 (AP)—**Although Justice of the Peace J. S. Connell returned a verdict this morning that Samuel J. Boller, 35, Texas Technological college faculty member, died accidentally, the acting coroner unofficially recognized possibility that the case will be reopened for investigation.

Ownership of the pistol found near Boller's body in his office on New Year's afternoon and whereabouts of drafting instruments he ordinarily kept in his desk had not been determined.

A brother-in-law of the professor this morning said Boller supposedly acquired a gun about a year ago. Mrs. Boller had said she had no knowledge of her husband's owning one.

The professor was found lying in a pool of blood in his locked office by his wife who had secured the aid of a janitor to open the door. He had been shot through the head and a gun was lying near his body.

## 'Ma' Frees Nine Texas Convicts

**AUSTIN, Jan. 4 (AP)—**Nine Texas convicts were freed today by Gov. Miriam A. Ferguson.

Full pardons of convictions of violations of the liquor laws carrying penalties of one year each, were given Tommie Vance, Grayson county, convicted in March, 1933; Sylvester Shaffer, Delta county, convicted in August, 1933, and Charlie Streety, Wood county, convicted in October, 1933.

Conditional pardons were issued to J. T. McMahan, Karnes county, burglary, two years, convicted in January, 1933; Leon Howard, Tom Green county, murder, five years, convicted in January, 1933; Alex Anderson, McLennan county, burglary, 18 months, convicted in January, 1933; Guillermo Botello, Zavala county, murder, 25 years, convicted in May, 1931; Ewell Magnus, Comanche county, theft of automobile, two years, convicted in May, 1933; and Julius Koch, Harris county, robbery by assault and theft, 31 years, convicted in July, 1927.

**JUST AN IDEA**  
**PHILADELPHIA—**Walking into a chain store, three robbers told the manager and two clerks to "stand still and don't squawk." Harry Segal, 35, the manager, blanched but stood motionless as one of the hold-up men squinted along the sights of his pistol. The robber fired. The bullet grazed Segal's right ear. "See," smiled the bandit. "That's just an idea." So Segal and the clerks remained stiff and silent as their visitors took \$44 from the cash register and fled.

Convictions totaling 279 out of 374 cases of violations of the migratory bird treaty act were secured by the government during the last year.

## Twins Have Two Fathers, Court Told

Twins with two fathers—that possibility was recognized in court in the case of Leonard, left, and Erich, 6, shown with their mother, Lena Peddie, when Judge R. B. Tripp, in Yankton, S. D., granted a divorce to Ewald Peddie, giving him custody of Leonard and awarding Erich to the mother. Peddie testified that his wife had confessed infidelity and medical testimony upheld possibility of the split paternity.

## School Students Take Up Studies

The holidays over, pupils of the schools of the Pampa Independent district went back to their studies Wednesday. Attendance was good, despite the colder weather.

All teachers were back except Mrs. Frances Alexander, ill in Naacoches. She is not seriously sick and is expected back in a few days. Students of the high school are faced with semester final examinations of January 16, 17, and 18, hence must study intensively. The present semester will end January 19. The new one will commence January 22.

**SURVEYS ALLOWED**  
**WASHINGTON, Jan. 4 (AP)—**The public works administration announced today an allotment of \$200,000 to the geological survey of the interior department for mineral resource surveys and land classification in eighteen states and Alaska. The states in which the surveys will be conducted and the amounts to be expended in each included: Oklahoma, \$24,000; Texas, \$42,500.

**TWO SENORS GET ANGRY**  
**FORTALEZA, Ceara, Brazil.**—Passengers on a train near Riach de Sella got a fright when the engineer and fireman got into a fight in the engine cab, jumped out to mix it on the solid ground, and let the train run on without control. After five miles, the train was halted by another member of the crew. Engineer Antonio Severino and Fireman Francisco Carlos were arrested on charges of endangering the lives of the passengers.

**GOLD PRICE SAME**  
**WASHINGTON, Jan. 4 (AP)—**The government today again offered \$34.05 an ounce for newly mined domestic gold. It was the twelfth repetition of this figure. On the basis of a sterling opening at \$5.10 1/2 to the pound, London's bar gold price was \$35.4 an ounce.

**A tree in the greenhouse at the Hastings, Neb., state hospital yielded 10 lemons this year, one of them four inches in diameter.**

**MOST MODERN GEOLOGISTS ESTIMATE THE AGE OF THE EARTH AT THREE BILLION YEARS.**  
 GEOLOGISTS are clearing up many of the uncertainties in their estimates of the age of the planet on which we live, by studying the leakage of helium from the rock materials. By figuring the amount of radioactive decay in a rock, it is possible to make a fairly close estimate of its age.

## List Of Laws To Be Enacted This Term Announced

**WASHINGTON, Jan. 4 (AP)—**Here is a partial list of legislation that probably will be enacted by the seventy-third congress before the close of its present session:  
 A liquor tax bill, placing a levy of \$2 a gallon on spirits, designed to raise more than \$500,000,000 in revenue;  
 A general tax measure, revising the income tax law and tightening loopholes, estimated to produce \$70,000,000 annually;  
 Eleven major supply bills, carrying appropriations for ordinary federal activities;  
 Additional appropriation bills, possibly carrying sums running into the billions for emergency spending;  
 Authorization for the continuation of the reconstruction corporation and the civilian conservation corps.

**Where Baldwin and the whole Silent Squad had failed to trace Karakhan, she had picked up the man's trail and followed it unerringly. Where he himself had counted on having to search for weeks or even months to locate the Cosack, she had achieved it neatly and swiftly, with three pages of paper; and Karakhan had actually sent his man to fetch her!**

**In half an hour Tenn-Og reappeared beside them, as silently as he had gone. He had crept in beneath the cabin window and listened to the report which three runners had brought Karakhan.**

**The main band, on their way up north, had caught up with Sonya's party, were bringing her with them, and would reach the lake about dawn.**

**The nation's most desperate criminals will be committed to the charge of James A. Johnston, above, famed penologist, who will be warden of Uncle Sam's "Devil's Isle," the Alcatraz penitentiary, in San Francisco bay. Johnston has been head of the Folsom and San Quentin prisons in California.**

## Forbidden Valley

—BY WILLIAM BYRON MOWERY

**Chapter 45 DANGEROUS PLAN**  
 Curt stepped back, livid with anger. "You irresponsible baby, if you do a trick like that again, I'll hogle you hand and foot and gag you! If you had to have a cigar, why in hell couldn't you have hid your match? I've warned you twice now; the third time I'm going to try something stronger."

He joined Paul and Tenn-Og again and they slipped on down the shore. A pistol shot from the camp they crept out on a shelving rock where they had a good view. A single candle shone in the cabin. Beyond it at the lean-to's glowed the red coals of a fire. Everything else about the place was dark and quiet.

Paul motioned at the camp. "No body's there but Karakhan and his four men. Sonya hasn't come up yet."

Curt nodded—Yes, thank God, he had got there in time. In spite of their attempt to get Ralph out they had providentially reached the lake ahead of her.

To start trouble before Sonya came would be gambling with her safety. If one of those four men should break away and take word to the party bringing her, that party would not come on and she would never reach the lake at all. She would be left in the power of LeNoir and Siam-Klale. He had to hold off till she came.

Tenn-Og objected. The huskies would be sure to catch the white-man scent and stir up a commotion. He himself would go. He was Kiosohie; the dogs would pay no attention to him.

Curt agreed and Tenn-Og left. As they watched the campfire and waited for him, Curt looked south in thought across those leagues of dark river and wondered how near Sonya was.

From the references to Victoria in her letter, he knew that she had had her acquaintance with Karakhan to play on the Russian's weak point and that her letter had been a daring and superbly managed coup to find out exactly where he was.

Where Baldwin and the whole Silent Squad had failed to trace Karakhan, she had picked up the man's trail and followed it unerringly. Where he himself had counted on having to search for weeks or even months to locate the Cosack, she had achieved it neatly and swiftly, with three pages of paper; and Karakhan had actually sent his man to fetch her!

In half an hour Tenn-Og reappeared beside them, as silently as he had gone. He had crept in beneath the cabin window and listened to the report which three runners had brought Karakhan.

The main band, on their way up north, had caught up with Sonya's party, were bringing her with them, and would reach the lake about dawn.

## JAPAN BLAMED FOR BUILDING OF BIG NAVIES

### MUSSOLINI SAYS JAPS WILL NEXT BATTLE WHITE MEN

**ROME, Jan. 4 (AP)—**While Premier Mussolini and British Foreign Secretary Sir John Simon prepared today to converse on the world disarmament stalemate, the Chamber of Deputies considered a navy budget report which declared that only a four power pact can save the world from a naval arms race of the world kind.

The report, signed by Marquis Giacomo Medici Del Vascello, committee reporter, and accepted as a statement of the Duce's own viewpoint, warned that the principal world powers "are already arming at sea."

If the big European nations were to get together on some step looking toward disarmament, world tension would be relieved and the way opened for a broader agreement on arms—including naval as well as land and air—Vascello said.

Citing particularly the naval building programs of America, England and Japan, the report placed blame for the heavy arming on Japan's idea of her "world mission."

This mission, Vascello declared, threatens a race war. "Japan today invades China," he said. "Inspired by race hatred, she will plan tomorrow against white men."

Referring to Japan's naval activities, he added, "the groundwork for this future danger from the east is perhaps being laid."

"It was revealed in Japan's recent policies and diplomacy, including her withdrawal from the League of Nations. This gesture is of great importance and is highly significant and menacing."

The reporter did not ask greater naval appropriations for Italy, contenting himself with an appeal for a disarmament agreement.

**HUEY FLARES UP**  
**WASHINGTON, Jan. 3 (AP)—**Senator Long (D-La.) served notice today to senate leaders he would insist upon the nomination of Henry Morgenthau, Jr., as secretary of the treasury going to a committee for investigation before receiving senate approval.

**TEN YEARS! YOUNGER**

There is probably one statement we hear around the Crazy Water Hotel more than other. We hear it just as our smiling guests are shaking hands with Mr. Love, and saying goodbye. It usually ends up with: "I feel ten years younger!"

"What do they mean? Well, they might be thinking about the climate. Here in Texas, sunshine is no novelty—but have you ever tried our sunshine here? We don't have any copyright on fresh air—but have you ever stretched your lungs over our mountain air at sunrise on a nippy winter morning? And there are plenty of ways to enjoy this climate. We're still playing golf in our shirtsleeves. And the bass have been taking flies. And the first few days of the duck season, at daybreak every morning it sounded like a war.

All these things are right at the city's doorstep.

It may be our guests after all, however, who are thinking about the wonderful relaxation, stimulation, youthification in a course of Crazy Mineral Baths. In giving their bodies a good overhauling, you might say, inside and out, with Crazy Mineral Water, nature's perfect elimination. Come to the home of Crazy Water. Throw off about ten years of unnecessary age. Go home with an appetite like a timber wolf. And what will this cost you in dollars and cents? Listen:

Rates by the week (our "Treatment Plan") include a comfortable outside room, Crazy Mineral Baths, as much Crazy Water as you can drink, your meals (and GOOD cooking)—in fact, all the comforts of a first class modern hotel—for as low as \$26 per week single, \$38 double.

If that isn't enough to make you drop everything and come, write us for more. Better still, just come and see!

# JACK CHEVIGNY OF ST. EDWARD'S SLATED TO BE TEXAS UNIVERSITY COACH

## TO ANNOUNCE FINAL CHOICE ON TOMORROW

### NOTRE DAME STAR TO GET LONGHORN JOB, PARKER SAYS

BY BILL PARKER, Associated Press Sports Writer.

Sometime between dawn and dusk Friday the board of regents is expected to announce Clyde Littlefield's successor as the university of Texas football coach. Crystal gazers have peered deep into the mystery of the final choice only to shake their heads when they discovered 17 college mentors and two Texas intercollegiate league grid heads are slated for serious consideration. There's room for only one—that one, the final choice, appears to be Jack Chevigny.

Chevigny, St. Edward's university coach and former backfield coach under Knute Rockne at Notre Dame, hasn't been signed. He laughs when quizzed concerning the position. He refuses to be quoted on anything pertaining to the job but the under-current news service has picked up a confidential dispatch and passed it along that Chevigny will be the Longhorns' gridiron mentor when next season rolls around.

Chevigny's St. Edward's university Tigers finished first in the recent Texas conference football race. He is ranked as one of the most able of all young coaches. Before Elmer Layden was appointed as Harty Anderson's successor at Notre Dame there was a strong faction of Notre Dame "exes" who supported Chevigny for the position.

The St. Edward's mentor has strong competition for the job. Jack Meagher, former Rice institute coach; Madison Bell, whose contract was not renewed at Texas A. & M.; Bud McCallum, Texas A. & M.; "Bully" Gilstrap, Schreiner academy; Glen Thielwaite, formerly at Northwestern and Wisconsin; Lynn Waldorf, Oklahoma A. & M.; Gwynn Henry, formerly at the University of Missouri and now coach of a St. Louis professional aggregation, and many others are on the "consideration list" at the University of Texas.

When Littlefield resigned it was reported that the board of regents would scout for and eventually sign a coach with a big name, a big reputation, and as a huge salary. But some of the enthusiasm quickly melted when the big-time, big-name coaches made their demands known. Perhaps after all it will be a coach known throughout the football universe—but the we small voice from the shadows whispers that in all probability it will be Jack Chevigny.

## Bowling Scores

The Schneider hotel won two out of three games from the Thirty ooters Tuesday night. The second game was tied with 863 pins for each team but the hotelmen won in an extra frame. The Kiwanis club won two out of three games from the Country club.

Bob Baxter of the Longfellow rolled high game with 233 pins. Tom Darby of the same team had high series with 571 pins.

## ATTACK KILLS TEXAS' FIRST BOXING CZAR

### Affable Jack Flynn Dies of Indigestion; Entertained Jack Dempsey Recently.

AUSTIN, Jan. 4 (AP)—Jack Flynn, Texas' first commissioner of boxing and wrestling, is dead. A heart attack took him away last night in a hospital where he had gone during the holidays with an illness, described as indigestion.

Flynn, whose home was in Houston, came to the capital as labor commissioner, with inauguration of Governor Miriam A. Ferguson. Later the legislature legalized boxing and wrestling and made him the "czar" with reference to those sports. He was given their regulation. He had his troubles immediately, since some promoters who had not been favored by him. At that time he testified frankly and some of his accusers, who were in the committee room, avoided contact with him when he departed from the witness chair.

Flynn was born in New Orleans, La. When he received his appointment as labor commissioner he was business agent for the Building Trade Council in Houston. Previously he had been an active official in the Painters' Union in Galveston.

The pipe organ in Trinity Methodist church at Richmond, Va., has been in constant use 94 years.

A Merced, Cal., druggist traded a quart bottle of bonded whisky for 20 acres of land.

When Jack Dempsey came to Texas recently, Flynn entertained him, with his daughters, Miss Ann Flynn of Austin, and Mrs. Freddie Mae Lindbloom of Dallas assisting as hostesses to the "mauler" and his bride. Flynn's body will be taken today to Houston for burial. His wife was buried there less than a year ago.

**PAUL RUNYAN**  
(YOUNGEST OF THE BIG TIME PROS)

DURING THE WINTER SEASON OF 1932-1933 HE COPPED MORE THAN \$5,000.00 IN PRIZE MONEY.

THIS YEAR BETTER THAN EVER HE STARTED OUT WHERE HE LEFT OFF LAST YEAR, WINNING THE FIRST TWO OF THE CURRENT WINTER TOURNAMENTS.

## FOSTER URGES A THREE-YEAR LIMIT FOR AMATEUR BOXERS

### Junior Championships Are Denounced by President Of Boxing Association.

BY EDWARD C. FOSTER, President, National Boxing Ass'n.

PROVIDENCE, R. I., Jan. 4 (AP)—I think that during 1934, boxing of all kinds will receive a tremendous impetus. All that is really needed is the close cooperation, and honest, fair dealings by the promoters and boxers. The boxer, on his part, must realize that the promoter cannot pay excessive prices for services and be able to exist. This realization by the boxer, with honest endeavor to deliver his best efforts, will result in boxing being placed again on the high level which it has enjoyed in past years.

Both boxers and their managers have been brought face to face with the fact that in order to prosper they must deliver the goods. I believe this has finally made an impression on the boxers, and that in the future the quality of the contests will be very much improved. The reason that the promoters realize that the general public is very much more alive to what constitutes a good boxing contest and the promoter will insist even more strongly than in the past that he boxers render their best services or no employment.

Boxing commissions all over the country should at once put their foot down firmly on managers and promoters who endeavor to stage "minor championship" contests. These "junior championships" have no standing whatever in professional boxing. Certainly the public has suffered enough from the exploiters in the boxing game in the past and it is high time a stand against these contests was taken and that they be entirely eliminated.

I believe that, the time is ripe for the Amateur Athletic Union, through its boxing division, to take some stand on just how long a boy may compete in the amateur ranks. Boys who go in for amateur boxing develop very fast these days, having the advantage of well equipped gymnasiums and competent instructors, and they become most proficient in a very short period of time.

The interscholastic leagues in most states have an age limit. The intercollegiate association has a 3-year period during which an athlete may play on varsity teams. Why not some such ruling governing amateur boxing?

It is my contention that when a boy has boxed three years with the amateur ranks, he should be given the opportunity to go into professional. The real objective of amateur boxing is not to develop professional prizefighters but rather to fit the boys for the real battle of life which lies before them, instilling in them the idea of honest contest and fair play.

## Southern Cross Lands at Natal In Mail Contest

NATAL, Brazil, Jan. 4 (AP)—The great French plane, the "Southern Cross," arrived here today completing an Atlantic crossing from St. Louis, Senegal.

The plane landed at 7:10 p.m. local time (6:10 a. m. E. S. T.), for flying time of 18 hours, 17 minutes for the 1,970 miles.

The four-motored hydroplane is the French entry in a race with Germany to set up the first transatlantic air mail line between Europe and South America via Africa.

Within two months, the French government hopes to initiate daily service between Paris and Rio de Janeiro—with a non-stop hop scheduled over the South Atlantic.

The giant plane, with a wing spread of 144 feet, landed easily on the Pottery river. The fliers said they averaged 110 miles an hour.

Mr. Bonnier expressed satisfaction with the ship's performance, inasmuch as it compared favorably with the fastest South Atlantic land plane crossings.

A Frenchman, Jean Mermoz, carrying six passengers in a tri-motored plane in 1932, set the present record from Saint-Louis to Natal—14 hours, 37 minutes.

The time of the Southern Cross is about two hours lower than the time set by Colonel and Mrs. Chas. A. Lindbergh in their recent crossing. The French craft traveled a slightly greater distance.

## FIFTH AVENUE FASHIONS

### The Two-Piece Dress As a Change-About

The two-piece dress remains a steady favorite while other styles may come and go. There are two very good reasons for its popularity. In the first place it's the most becoming fashion to the largest number of women. And in the second place, it's a costume which can give a great versatility to a wardrobe. It can be worn so many ways . . . as its own charming self; or the skirt can be worn with blouses and sweaters, the blouse with other skirts.

It would be especially smart in a bright-colored, light woolen to give your dark winter coat a new lease on life. And it would also be smart made in a rough-weave silk, with an eye towards spring. Size 16 requires 2 3/4 yards 36-inch dark material, 3/4 yard light, 1 1/2 yard 54-inch plaid. Width about 1 3/4 yard. Send for the Winter Fashion Book—just out!

Pattern No. 5423 is designed for sizes 12, 14, 16, 18, 20 years, 30, 32, 34, 36, 38, 40, 42 bust.

## Thorns in Rose Bowl

One trick play, taught by Coach Lou Little, left, and executed by Al Barabas, Columbia halfback, made the eastern Rose Bowl representatives a surprise winner over Stanford. Barabas' 17 yard touchdown sprint with the ball hidden on his hip—plus a point after touchdown—was the margin of victory.

## MITCHELL TO RETURN TODAY AND DECIDE ON ATHENS TILT

### Coach May Not Be Able To Send Strongest Tiltet Against State Champs.

Jerry Mallin is the cause of delay in naming the all-district football team. The Amarillo scribe pushed a plan through that would allow no player to be selected on an all-district team if he were not a senior or playing his last year of football. The plan was to secure the names of all "reds" and send the list out to sports writers and coaches in the district so that the mythical team could be selected. To date no list has been received in Pampa. The list of Pampa "eligibles" was mailed to Amarillo nearly a month ago.

The idea of selecting the team from seniors only has its points, but there is much more to be said against the rule than for it. For instance a player not talked up by the all-district team has little chance to make all-state rating regardless of how good he may be. The best players are not always seniors, and the purpose of the selection is to name the outstanding players. There is a chance that players with another year or two of play coming may get the "red" but it has been found that an honor like that, often makes a boy play better.

This department will wait another week for the list of seniors and if it has not been received, an all-district team will be named from all players. Pampa fans are asked to send in their suggestions, or to select a mythical eleven of their own. We will try to publish all such lists.

Athens opened its Panhandle tour Tuesday night by defeating the big Plainview Bulldogs, 27 to 15. Last night the Hornets stopped in Lubbock to defeat the Westerners, 44 to 18. Tonight, the team meets the

## RUTH WILLING FOR DECREASE IN HIS SALARY

### EXPECTS TO PLAY 100 MORE GAMES BUT NOT PITCHING

BY ALAN GOULD, Associated Press Sports Writer.

NEW YORK, Jan. 4 (AP)—Take another salary cut this year? Sure. Play another full season? Not quite. Not if I can avoid it. Quit baseball? Never as long as there's a job and money in it.

Babe Ruth is quite willing to discuss these and other matters of personal and public interest as he makes his plans for the new year and his twenty-first season in the American League. Seemingly 25, he says he is in better shape than last spring but no one knows better than Babe that his playing days are mostly behind him. The idea that he must soon leave the active playing list no longer worries him.

Far from being alarmed over the prospect of further downward trimming of his salary, which slid from \$75,000 to \$52,000 last year, he anticipates another reduction, so long as it is "a reasonable cut and not a major operation." Would \$35,000 or \$40,000 be acceptable? He'd rather not say until he has heard from "Jake"—Colonel Ruppert, the owner of the Yankees.

Behind all this outward nonchalance about the future, if indications can be accepted for what they appear worth, lies the idea that Babe Ruth will manage the Yankees.

He explains quite forcefully why he turned down a proposition by the colonel to manage the Newark Bears this year, demanding to know how he could learn anything more about baseball by going back to the minor leagues after 20 years in the big show. As to fulfilling a managerial ambition otherwise, he only says:

"I don't know about that. There's a lot of inside stuff that I can't talk about. I'll have to wait and see what develops."

Joe McCarthy, present Yankee manager, has two more years to run on his contract, so unless unless he resigned or consented to being bought off, the Babe could not realize his aim to pilot the club until 1936.

More than 500,000 pine and spruce trees were planted on 500 acres of land in a junior forestry campaign in New Hampshire this year.

A corner near the business section of San Saba, Tex., is formed by the intersection of High and Dry streets.

High school students of California made agricultural profits of \$122,000 in Future Farmer projects during the last fiscal year.
