## Rob Texas Bank Of \$5,000 TEXAS LEGISLATURE OPENS

### AMENDING OF DRY LAW MAY BE SUBMITTED

**MOMENTOUS TERM IS PREDICTED BY SOLONS**

AUSTIN, Jan. 29. (AP)—Governor Miriam A. Ferguson's special recess session of the Texas legislature, convened today and after both houses passed a bill to appropriate \$150,000 for expenses adjournment until 10 a. m. tomorrow was voted.

AUSTIN, Jan. 29. (AP)—Representative J. C. Duvall of Fort Worth, filed with the chief clerk of the house today a bill to extend the time for payment of motor vehicle registration fees to June 1. The present time limit is February 1.

Representative A. W. Griffith of Austin had prepared a bill calling for reduction of the motor vehicle registration to \$3 and a tax of \$1 per year on automobile drivers. The bill would effect a substantial reduction in motor vehicle license fees.

Seventy-five cents of the drivers' license fee would be placed in a

IT'S HARD TO LET GO
One does not have to look beyond Pampa to see how hard it is to let go of the Bad Wolf after the relief program has been launched. Uncle Sam has a firm grip on the Bear, all right, but the problem doesn't end there.

The administration has been spending something like \$50,000,000 a week on civil work employment. At that rate the existing fund will be exhausted by the middle of February. The president has asked Congress to vote \$350,000,000 more to carry the job along; yet it would require more than twice that sum to take the program through May 1, if the present rate of operations is maintained.

Right here the administration would seem to have a wide-open chance to get itself into a lot of grief. The tough part of it is that, back of those stupendous sums of money, there is a stupendous number of human beings who will get a cruel and tragic disillusionment if the problem is not handled just so. Also, though it might be mean to mention the fact, they are all voters.

Already the CWA is showing signs of creaking. Money is beginning to run short. Hours of work have been reduced. In some localities men are being laid off. The theory, of course, is that the CWA program can be tapered off as private business revives sufficiently to absorb the men who are discharged. But that time hardly seems to have arrived.

One locality, where CWA men are being laid off, reports that applications for relief have been increasing of late. It would take an optimist to believe that prosperity will return so fast that private business can absorb all 4,000,000 CWA men by next May.

The administration has on its hands a program which cannot be continued indefinitely, but which cannot be cut off suddenly without causing profound disappointment to a great many people.

These CWA men had not had jobs for a long time—for years, in many cases—before the government put them to work. Many of them had been on the relief rolls.

To cut them adrift before new jobs are open would be cruel. So what? Well, the administration would seem to be up against one of its biggest tests. It may not exactly be between the devil and the deep blue sea, but it at least can understand the emotion which beset the gentleman who had a bear by the tail.

Six-Gun Calling Card Left With Senator Long
NEW ORLEANS, Jan. 29 (AP)—Reports today told of a heated interview Ulic J. Burke, attorney and first ward leader of the old regular political forces, had today with Senator Huey P. Long in the senator's hotel suite.

Rumors were widely circulated through the city that Mr. Burke left a loaded revolver cartridge with Senator Long as his calling card, but Mr. Burke declined to confirm this report. Senator Long and I had an interview this morning which was satisfactory to me and probably him," Mr. Burke said. "If it had not been, Louisiana would have had a new senator and the regulars a new leader in the first ward."

'Keep Snouts Out' Of Russia, Warns Soviet Dictator
MOSCOW, Jan. 29 (AP)—A war against the Soviet union would start a world revolution in Asia and Europe, which would crush capitalist governments in a number of countries, Joseph Stalin told the all-union communist party congress in a speech, the text of which was made public tonight.

He decried the activities of "war mongers" having designs against the Soviet state but pledged his country to be ready to fight if necessary. "We warn everybody not to poke their snouts into the Soviet potato patch," he declared, applying by implication the name "swine" to those nations which cherish warlike designs against Russia.

Defense Plane Group Planned

WASHINGTON, Jan. 29 (AP)—A swarm of 500 pursuit and bombing planes ready at all times to speed to the defense of any segment of the American frontier, including possessions and territories, soon may soar in the sky under plans perfected by the general staff of the army and the chief of the air corps. The war department, in a summary of a study of national defense plans made public today, announced that the general staff had incorporated a definite plan for such a highly mobile and effective

air unit, to be known as the CHA (general headquarters) air force, in a recommendation to be submitted to the military affairs committee of the house and senate. The recommendation, it was said, would have the full support of Secretary Dern.

WHEAT IS DUE FOR RISE IS OPINION NOW

RUSSIAN EXPORTS NOT TO MAKE MUCH DIFFERENCE

LONDON, Jan. 29 (AP)—The international wheat advisory commission, opening its third meeting today, does not believe that Russia's slowness from the export quota allowed her will make much difference in the world situation.

A 37,000,000 bushel quota was offered Russia under the world pact. Russia demanded a quota twice that size.

Delegates representing the big four exporting nations—Canada, Australia, the United States and Argentina—believe that by the time the quotas expire July 31 Russia will hardly have exported the quantity business men here believe the double quota demanded. Leaders estimate Russia has not exported more than 25,000,000 bushels already, and her shipping season is virtually over.

Abraham Gourevitch of Russia advised that the Soviet union has shipped only in moderate quantities. He told the Associated Press, however, that he believed the big four delegates were too sanguine in their view of the Russian situation. It is still too early, he thought, to determine Russia's needs.

An effort to effect an export agreement with Russia was attempted at the last session of the commission in a private discussion between Gourevitch and John Van A. MacMurray, United States minister to Estonia, Latvia and Lithuania, commission chairman. The conversations at that time were futile, and in consequence the subject was brought up again at today's private sitting of the commission.

It was said that the statistical position of wheat is regarded by the commission as much stronger, especially in the United States where weather has been unfavorable for winter wheat.

Insull Hopes To Stay in Greece During Illness
ATHENS, Jan. 29 (AP)—A formal appeal which he hoped would give Samuel Insull, Sr., former Chicago utilities operator, from five to fifteen more days' haven in Greece, was submitted today to the ministry of the interior by P. Rhalilis, Insull's lawyer.

The appeal was based on what he claimed to be Insull's bad health and was accompanied by a certificate from a private physician who said his patient's health did not permit him to travel. Another copy of the physician's certificate was submitted yesterday. The ministry of the interior requested the ministry of justice to instruct the attorney general to appoint two official physicians to visit Insull and check on the private certificate. They were police doctors, Dr. N. Chaniotis and Dr. A. Lascaris. Insull had been ordered to leave Greece on or before Jan. 31, but it was said that if the check of his health showed he was unable to travel an extension of his permit to remain in the country was probable.

### BLOND GODDESS

A New Serial by HERBERT JENSEN

SYNOPSIS: Frank Grahame is on his way to the Yucatan coast to search for his aviator friend, Bill Langton, who crashed there months before. He has been refused by Justice Kent, the movie star, and he has turned down an offer from Myberg, the producer, to lead a party to make a picture in the Mexican jungle with Justice as star. Meanwhile Ortega, in a little Mexican town on the jungle's edge, has been testing his marksmanship by shooting a little dog in the main street.

That island scarcely supports a few fishing families. "The jungle, behind the coast at that spot is uninhabited, and dangerous."

Grahame tossed his cigarette aside. "Yes, Don Raoul, you have a plantation thereabouts," answered Grahame.

"Yes," said Ortega. He watched the American closely. "I am familiar there. It is not dangerous for me."

The other shrugged his shoulders. "Then why should it be dangerous for me? I can take care of myself."

"Ah . . ." The Mexican looked expressively at Grahame. "It is possible, then, that you seek a dangerous place, for reasons of your own, where someone could not follow?"

"Perhaps," replied Grahame indifferently.

They ate just before dusk, the inevitable beans and rice, with slabs of a delicious mackerel-like fish one of the crew had hauled aboard from a troll-line. Grahame spread his blanket in the bow of the launch and rolled himself within it. Ortega seated himself in the cockpit with the two that composed the crew and the American could hear their voices above the clug of the engine, talking between themselves.

Drowsily he wondered why they had set out on no running lights but decided that the traffic in that part of the coast warranted no such protection.

He wondered about that point again the next day. They had been sailing within a quarter of a mile of the coast when Ortega pointed astern. The crew followed his gesture with their gaze, and Grahame noticed a smudge of smoke over the distant horizon.

Immediately the helm was put over and the launch headed for the spot dimly defined. There were no orders given, but one of the men went below and the exhaust of the engine immediately picked up.

As they approached the shore Grahame noted that the beach swept back into the opening of a lagoon. Within a few minutes the launch passed through the narrow straits and onto the placid waters of a lagoon that stretched back paralleling the beach. Mangroves hid the launch from the sea. They stopped the engine and threw over the anchor.

Grahame was curious. The three men seemed unperturbed and watched the smoke come closer like a steamer. He asked Ortega to go back and look into the opening of the lagoon. He had no great speed two miles off shore. Grahame believed he could make out the flag it flew as Mexican. He asked Ortega about this.

"A gunboat surely," he replied. "Mexican."

"And we avoid it?"

Ortega shrugged. One could not tell, he explained, what the military might do. They had to little to do that they might stop them and search the launch. It was often done. It was a bother and a great annoyance, so it was better to avoid the meeting.

"But even if they searched you, what could they find?"

Juan, the younger member of the crew laughed, and Ortega's face wrinkled with a sort of subdued mirth.

"They would find occupation, perhaps."

Free Philippines To Avoid War With Japs, Says Patman

WASHINGTON, Jan. 29 (AP)—Representative Patman (D., Tex.), today advocated complete and immediate independence for the Philippines, saying he feared war with Japan was imminent unless that step was taken.

The Philippines as American possessions constitute a real danger point, and giving them independence would make war with Japan much less likely," the Texan said.

"A declaration of war by Japan would be followed immediately by seizure of the islands, and we either have to send our boys over and sacrifice them or lose our national honor. I want to see the Philippines independent because I believe that step would remove Japan's greatest incentive for war."

#### Raglan Shoulders Give This Chic

Smart women have always preferred the raglan shoulder because of its becoming line, and now that shoulders have smoothed out once more, after the bizarre fashions of last season, the raglan line is an indication of up-to-the-minute chic. Here it gives added charm to sleeves which are already novel.

This youthful model features, also, such important details as the pointed blouse seaming, a pleated front panel in the skirt, a simple turn-back collar and narrow belt. It's just the frock to pack in your career wardrobe if you make it of cotton or linen, and it's grand in dusty pastel silks under your winter coat in town. Just a touch of contrast makes it that much smarter. Every sewing detail is easy, even for the beginner. Size 16 requires 3 1/2 yards 36-inch material, 3/8 yard 36-inch contrasting. Width about 1 1/8 yards.

Pattern No. 5436 is designed for sizes 12, 14, 16, 18, 20 years, 30, 32, 34, 36, 38, 40, 42 bust.

Man Acquitted At Galveston In Friend's Death

GALVESTON, Jan. 29 (AP)—W. L. "Billy" Walker, 49, former Beaumont oil tank manufacturer, today was acquitted of murder in the slaying of Hubert B. Oxford, 48, also of Beaumont, his frequent benefactor and friend for many years.

A Galveston county district court jury decided that Walker was insane when he fired five shots into the body of the well-known south-east Texas lumberman last September 9.

The slaying occurred in the beach cabin of Mrs. Seawillow Keith, Beaumont widow, at Caplen on the Gulf. Mrs. Keith, member of a prominent Beaumont family, and Earl Blue, negro servant, were wounded at the time Oxford was killed.

Walker was under charges of assault to murder in connection with the shooting of Mrs. Keith and Blue. About two hours after he was acquitted on the murder charge he made bond of \$2,000 in the other two cases and walked from the courthouse. He had been in jail here since the shooting affray.

Mrs. Walker, who came to Galveston by airplane from Georgia as soon as she heard of Walker's arrest, and their 22-year old daughter, Grace, were smiling as they accompanied Walker into the open air. With them was Mrs. Keith, who had been one of the principal witnesses.

N. Jones.

Aubry's bond was set at \$1,500 and that of Currie, at \$2,500.

### Committees Say How Exchanges May Be Curbed

WASHINGTON, Jan. 29 (AP)—A federal curb on stock market speculation and a unified telegraph system for the nation were recommended by presidential committees today in communications sent to Capitol Hill.

Regarding stock exchanges, they suggested: "Strict regulation through a license system and a federal administrative authority."

For communications, they called for: "A unified telegraph system and 'rigid' regulation of all communications by a federal agency."

There were some expressions of doubt as to the immediate fate of the recommendations. Speaker Rainey said they were not in the emergency category and probably would not be acted upon at this session.

President Roosevelt said a few days ago that after the proper committees at the capitol had studied the measures, he would talk the matter over with them and that action was expected at this congress.

In dealing with stock exchanges, the report sent to Capitol Hill recommended creation of an administrative authority with "broad discretionary powers" to require the exchanges to adopt rules and regulations for "fair dealing."

### Kaiser Receives Many Gifts On 75th Birthday

DOORN, THE NETHERLANDS, Jan. 29 (AP)—Thousands of gifts and messages poured in upon Wilhelm II Saturday as the former German kaiser observed his 75th birthday anniversary.

Hand-embroidery, pillowcases, book markers, paintings, books, knitted work, and other tangible tokens of affection were showered upon him in a manner unequalled on previous birthdays. More telegrams and congratulatory letters, too, were reported than in other years.

Amid this demonstration of sentiment, the happiness of those who helped him celebrate, and the solemnity of a special religious service, the aged but healthy man moved smilingly, happy and cordial during the festivities.

The day began with the congratulations of his friends and relatives. Then came the service in which the Rev. Ludwig Schneller declared that "only the imperial crown is missing from the third Reich." In the afternoon he scanned the messages and examined the presents.

A dinner tonight was attended by a few old Dutch friends, besides Marshal August von Mackensen, guests from other royal families, and Wilhelm's immediate family. It was a full dress affair, and the aged former monarch wore the uniform of a field marshal.

Gov. William H. Murray of Oklahoma is attempting to raise a \$100,000 fund to add college students.

### Eight-Year Old Girl Duplicates Mozart's Feat

NEW YORK, Jan. 29 (AP)—New York music lovers celebrated the 178th anniversary of Mozart's birth this afternoon by attending Ruth Sienczynski's recital in Carnegie Hall.

Ruth, playing at 8 years, duplicated in New York the sensation that Mozart aroused in London 170 years ago, when he was the same age. She played Bach and Beethoven and Chopin inside Carnegie Hall, while outside a man of more than 70 years played popular airs on a battered lute.

The hall was packed, and many stood. The audience included many of the greatest in music, and innumerable children—one or two of whom became vocal at the wrong times.

Nothing seemed to disturb the poise of the little girl in a short white dress, dwarfed by her big black piano and the widespread of the proscenium.

Before the recital she took a peek at the audience through the opening in the great yellow curtain. It was almost the last time she seemed conscious of her hearers, barring bows, until the end of the recital.

## THREE TEAMS IN SOUTHWEST RACE ARE TIED

### FROGS, RICE, AGGIES ARE LEADING IN CAGE RACE

By The Associated Press  
Although but three Southwest conference basketball games are scheduled for the current week, their outcome may have important bearing on the chances of three teams which are rated at this time as strong contenders for the conference championship.

Because of semester examinations, only Texas Christian, Baylor, Texas A. & M., and Arkansas will see action during the week, but they have much at stake in the impending contests.

A three-cornered tie for conference leadership exists at present, Texas Christian, Texas A. & M. and Rice Institute each having won the same number of games.

The Arkansas Razorbacks, regarded as a dangerous entry in the title race, invade Waco for a pair of games with the Baylor Bears Friday and Saturday nights.

Arkansas has played two games against conference teams to date, winning one and losing the other.

Standing just a notch above Arkansas in the conference is the University of Texas aggregation, with three wins and two losses.

Texas also is idle this week but backers of the team expect the Longhorn goal shooters to go places when they swing back into play.

Texas has on its team the leading scorer of the conference, Jack Gray, who had dropped in 27 field goals and 13 free throws for a total of 67 points.

## Allison Defeats Stratford 26-19 To Win Tourney

CANADIAN, Jan. 29.—Canadian and Allison divided honors in the invitation basketball tournament here, the Canadian Krazy Kats defeating Allison 26-19, and Allison downing Stratford's five, 26 to 19, in final games Saturday night before the largest crowd ever to witness an athletic contest here.

The results of Saturday's play Dwyer 26, Canadian 12; Stratford 42, Miami 15; Perryton 15, Mobeetie 12; Allison 36, Spearman 23; Stratford 40, Perryton 6; Allison 29, Dwyer 22. Girls—Perryton 36, Higgins 16; Mobeetie 25, Booker 30; Allison 35, Heywood 31. Canadian 31, Perryton 19; Allison 31, Booker 17.

## Skellytown Man Dies; Funeral Is Set For Tuesday

Charles Ellsworth Cline, 67, died suddenly yesterday in a local hospital. He had been ill less than a week. Mr. Cline was in the shoe repair business in Skellytown where he had resided for the last seven years.

Mr. Cline is survived by two daughters, Jessie Dee and Betty June, Skellytown, and a son, Hal P. Cline of Miami Beach, Fla. Mr. Cline had been a member of the Methodist church and was a deacon in the Methodist church in Carrio, W. Va., his former home.

## 'STRONG MAN' IS SOUGHT FOR FRENCH OFFICE

Daladier Chosen To Head 'Safety' Cabinet

Associated Press Foreign Staff.  
PARIS, Jan. 9 (AP)—Edouard Daladier was entrusted today with the task of forming a sort of "public safety" cabinet for vigorous housecleaning of financial scandals and restoration of shaken public confidence in the government.

The new cabinet will supplant that of Camille Chateaux which resigned Saturday.

Daladier, minister of war in the Chauveteau government and a former premier, was summoned to the Elysee palace by President Lebrun after two others had declined to accept the post.

Seventy-one-year-old Gaston Doumergue, former president, declined to accede to the president's request yesterday. He said he was too old.

Then Lebrun turned to Jules Jeanneney, but he refused to attempt to form a government which could restore political tranquility—and asked by the president—because of ill health.

Lebrun had hoped to bring in some big non-political figure whose personality and prestige might allay the nationwide agitation as a result of the collapse of the \$40,000,000 Bayonne bank scandal and resultant charges of official implication.

In connection with Daladier's selection instead of the veteran champion of war debts fame, Edouard Herriot, mentioned previously, it was pointed out that the former is stronger than Herriot in the center.

Daladier is referred to by his admirers as a "strong, silent" man. He inspired confidence, especially in conservative ranks, by what many hailed as his show of good common sense as minister of war.

He has been strong for frontier fortifications and wants to extend France's so-called "iron ring" along the Belgian border. Daladier frequently has pleaded for more funds with which to strengthen the defenses.

The South Carolina Emergency Relief Administration has established six bureaus in as many parts of the state in efforts to control beggars.

## McLEAN CLUBS WILL PLAY ON LOCAL COURT

### VICTORIES ARE NEEDED TO ENTER SECTIONAL SEMI-FINALS

McLean and LeFors basketball teams will be in Pampa this week for the closing games of this conference. The Tigers and Tigresses of McLean will play here tomorrow night and the two LeFors teams will be seen Thursday night.

The Tigers have the most feared team in this county. Although Coach Garrison Rush's boys are not tall, they handle the ball well and are dangerous every minute of a game.

The Tigresses won in McLean last week. Pampa fans are anxious to see Oleta Buck, McLean star, looping baskets from all angles. She is one of the Panhandle girl stars this year.

Both Pampa teams need victories tomorrow night and also Thursday to keep their slate clear in the county race, and gain the right to represent Gray county in the sectional semi-finals with the winner of the Armstrong county race.

The LeFors teams might prove the surprise team of the race. The Pirates slipped up and defeated McLean two weeks ago and McLean nearly won from the Harvesters. The county race will not be settled until after the game Thursday night.

The Harvesters will take a week-end trip. They will go to Lubbock Friday night and Plainview Saturday night. Two wins will put the Harvesters in a tie with Amarillo in the Class A schedule of district 1.

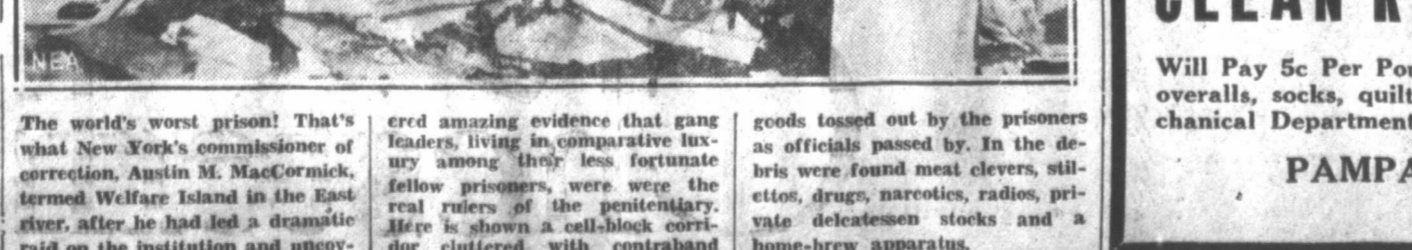

## Twelve Pampans Arrested During Last Week-End

Twelve Pampans fell into the "clutches of the law" over the week-end. The number was evenly divided between the city and county officers.

Four men pleaded guilty to charges of intoxication in city court yesterday morning. One plea of guilty was received on an affray charge. A negro woman said she was not guilty of affray and bond was set at \$100.

CROP LOANS DESCRIBED  
WASHINGTON, Jan. 29 (AP)—A drop from \$100,000,000 to \$45,000,000 in the amount to be sought for crop production loans next year was agreed upon today between Chairman Smith of the senate agriculture committee and W. I. Myers, governor of the farm credit administration.

HAS ANOTHER RELAPSE  
CHICAGO, Jan. 29 (AP)—Melvin A. Taylor, banker stricken with pneumonia, rallied valiantly during the morning hours today after a relapse which his physicians said was serious.

The world's worst prison! That's what New York's commissioner of correction, Austin M. McCormick, termed Welfare Island in the East river, after he had led a dramatic raid on the institution and uncovered amazing evidence that gang leaders, living in comparative luxury among their less fortunate fellow prisoners, were the real rulers of the penitentiary. Here is shown a cell-block corridor cluttered with contraband goods tossed out by the prisoners as officials passed by. In the debris were found neat clevers, stilletos, drugs, narcotics, radios, private delicatessen stocks and a home-brew apparatus.

## Gets His Big Chance Tonight

A former Pampa boy is going to get his chance tonight when he meets the famous Joe Kopecky of Taylor, Texas, in the main event at the Pla-Mor auditorium. Rob Roy, who originally hailed from Goodnight has been touring the United States from coast to coast, getting experience and knowledge about the wrestling game so that one day he could get a crack at Kopecky.

## GENE VENZKE BACK IN FORM FOR MILLROSE

WINS MILE RACE AT BOSTON GAMES ON SATURDAY

BY HERBERT V. BARKER, Associated Press Sports Writer.  
NEW YORK, Jan. 29 (AP)—Gene Venzke's back in form, all miles, and especially Glen Cunningham, take note.

The slim Pottstown, Pa., middle distance star who discovered in Cunningham a nemesis of the first order last year, signalled his return to top form at Boston Saturday night when he galloped off with the K. of C. mile of the Proust memorial games.

His stride as smooth as silk, sprinting with all that famous "kick" that made him feared far and wide two years ago, his judgment of pace faultless, again, Venzke outdistanced a crack field and gave Cunningham advance warning what to expect when the two hooked up in the Wanamaker mile of the Millrose A. A. games in Madison Square Garden Saturday night.

Venzke's time, 4:20, was not particularly impressive when compared with his indoor standard of 4:10, but that could be explained by an official's mistake in signaling for the final lap when in reality two laps remained. The error threw the whole field into confusion and the Penn star merely loped home to win by 30 yards from Joe Mangano of Cornell with Glen Dawson of Tulsa third and Frank Crowley of Manhattan fourth. These three, with Venzke and Cunningham, will make up the field in the Wanamaker mile.

But for the mistake in the lap count, Venzke might have shaded 4:15, which on the smaller, more severely cut turns of the Boston Garden track, is the equivalent of 4:12 or so in the New York garden. There is no possible doubt but that Venzke has rounded into grand condition and that Cunningham, the Kansas flier who is rated by some experts as the greatest miler in the world will need to be at his best to win.

Aside from Venzke's performance, the Boston meet was noteworthy principally for the defeat of Joe McCluskey, former Fordham ace, by John Follows of Wisconsin and Oxford, in the two-mile run.

An appropriation not to exceed \$500 during the present school year has been authorized by the board of city commissioners at Owensboro, Ky., for the Needy Kiddies' lunch fund.

## ROSENBLUM TO MEET JOE KNIGHT SOON

Title Bout Will Be Held At Miami, Florida, On Thursday Evening.

NEW YORK, Jan. 29 (AP)—This is Maxey Rosenblum's week to get serious.

The Harlem playboy, holder of the world's light light heavyweight championship, laughs and clown's his way through non-title matches, apparently caring little whether he wins or loses. But his crown will be in real jeopardy at Miami Thursday night when he meets young Joe Knight, Cairo, Ga., sensation, in a 15-round championship match.

And Rosenblum, with his title at stake, is a first-class fighting man, hard to hit squarely and harder still to hurt, a bewildering, if not dangerous, puncher himself.

Knight is a favorite in the Southland but the Georgian probably will be on the short-end of the betting. The 29-year-old champion, a bit shop-worn perhaps by the more than 200 battles he has engaged in since he began his professional career in 1923, still is one of the toughest of all boxers to beat when there's anything important hanging in the balance.

Another southern feature this week will send Mickey Walker, erstwhile welterweight and middleweight champion, against Bob Gowin, another Georgia light heavyweight star, in a 10-rounder at West Palm Beach tonight.

On Friday, Tony Canzoneri, former lightweight king, will face Cleo Locatelli of Italy in a 12-round bout in Madison Square Garden here. Canzoneri won their first meeting by decision over the 10-round route. The return match was set for last week but Locatelli came down sick on Thursday and a postponement was necessary.

Another New York fight center, the Broadway arena, will offer a 16-round non-title match between Freddie Miller, of Cincinnati, national Boxing association featherweight champion, and Frankie (Kid) Covel, Wednesday night.

Deputy Sheriff A. S. Buford at Memphis, Tenn., while searching a house, stopped at a piano, tried to play and discovered a liquor cache inside.

YOUNG PEOPLE TAKE LEAD IN CHURCH EVENTS

Banquet and Monthly Conference To Be Tonight

Young people in various Pampa churches are prominent in activities in the beginning of this week. Those in the Methodist church will be guests at a banquet this evening...

Sunday school attendance was reported from the services yesterday. The Church of Christ had 121 in Sunday school, Christian church 302, Presbyterian church 116, First Baptist 581 and 192 in training service...

Three additions to the church were reported from the Christian church, one from the Church of Christ, and four from First Baptist church.

The Rev. Gaston Foote, Methodist pastor, and Mrs. Foote concluded yesterday afternoon a series of open houses at which they have received church members and friends. They were assisted by Mesdames Bever, Weeks, Gray, Johnson, and Price of the Clara Hill class.

The Rev. C. E. Lancaster, First Baptist minister, is in Amarillo today attending a conference to formulate plans for securing a district missionary.

Posse Trailing Wounded Robber

CONROE, Jan. 29 (AP)—A wounded burglary suspect, who eluded a posse of officers near Conroe by commandeering a truck, was hunted in the region north of Bryan today.

At the point of a pistol, the fugitive climbed aboard a truck driven by Walter Barron of Conroe and forced Barron to drive him to the vicinity of Bryan last night.

Acting on a "tip" that three men who had robbed a store between Conroe and Spring Saturday night were hiding in a thicket about ten miles from Conroe, officers trailed the place yesterday. They found the three men and captured two, but one man made a dash for liberty.

A deputy sheriff wounded the running man with a shotgun as he fled but failed to stop him. He raced along Spring creek until he came to a highway and stopped Barron's truck.

Officers who captured the two men said they believed one of them was a parole convict.

Arthur Teed is confined to his home with a severe cold.

Music Features Banquet Program Of Young People

Music and a short talk make up the program for a banquet at which young people of the Methodist church will be guests this evening.

An orchestra directed by Roy Wallrabenstein will play before and during dinner. Reed Clark will act as toastmaster. The main talk will be by the Rev. Gaston Foote, pastor.

Other musical numbers will be songs by the department quartet: Norman Carr, Howard Zimmerman, David Whittinger, and Emmitt Smith, and a violin solo by Miss Hester Glover.

The dinner is being prepared under direction of Mrs. John Hessey, Friendship class president, and Mrs. W. Purviance, teacher.

Clubs Reviving Colonial Craft

A candlestick bedspread is a thing of beauty and a joy for a long time, if not forever. Miss Ruby Adams, county home demonstration agent, said in demonstrating the making of these bedspreads before Priscilla club.

As proof of their lasting beauty, spreads used by George and Martha Washington are still being displayed on the beds at Mt. Vernon, members were told.

It has been perhaps 70 years since farm women used candlestick floss for its original purpose, but now Gray county women and girls are preparing to use large quantities in tufting, and Priscilla members are enthusiastic over making these beautiful and durable colonial spreads.

The club will meet Friday, Feb. 2, with Mrs. W. R. Spearman for an educational program.

Bronchial Irritations Need Creosote

For many years our best doctors have prescribed creosote in some form for coughs, colds and bronchitis, knowing how dangerous it is to let them hang on.

Creosolution with creosote and six other highly important medicinal elements, quickly and effectively stops coughs and colds that otherwise might lead to serious trouble. Creosolution is powerful in the treatment of colds and coughs, yet it is absolutely harmless and is pleasant and easy to take.

Your own druggist guarantees Creosolution by refunding your money if you are not relieved after taking Creosolution as directed. Beware the cough or cold that hangs on. Always keep Creosolution on hand for instant use.

Why Liquid Laxatives are Back in Favor advertisement for Creosolution.

The public is fast returning to the use of liquid laxatives. People have learned that the right dose of a properly prepared liquid laxative will bring a perfect movement without any discomfort at the time, or after.

Doctors are generally agreed that senna is a natural laxative. It does not drain the system like the cathartics that leave you so thirsty. Dr. Caldwell's Syrup Pepsin is a liquid laxative which relies on senna for its laxative action. It gently helps the average person's bowels back to regularity.

You can always get Dr. Caldwell's Syrup Pepsin at any drug store, ready for use. Member N. R. A.

WILL AVENGE EVERY ATTACK IMMEDIATELY

'FINAL FIGHT' STARTED BY HEAD OF FAMED HOME GUARD

VIENNA, Jan. 20. (AP)—The armed Fascist Heimwehr lined up with the government of Chancellor Engelbert Dollfuss today in an announced "final fight" against the Nazis.

Balloted to the cause by Prince Ernest von Starhemberg, leader of the Heimwehr, or Home Guard, members were enjoined:

"Every leader down to the last man must henceforth immediately avenge every Nazi attack. If legal authorities fail to mete out justice take the law into your own hands."

There is only one law in the Heimwehr—I command and you obey... my command is that effective today the Heimwehr must go actively into the offensive.

There was little to indicate that Heimwehren need fear authorities would not "mete out justice," for Vice-Chancellor Emil Fey was quick to approve the prince's order.

Together, the government and the home guard lashed out with determination to increase the anti-Nazi campaign with the approach of the anniversary of Chancellor Adolf Hitler's elevation to power in Germany.

Backed by Governor B. B. Murrin's promise that they can have John Dillinger, gangster chief, and his henchmen, Indiana authorities, expedited extradition papers to the governor in Phoenix and looked over the jailed men they have accused of a series of robberies and slayings.

Three Indiana officers—Police Chief Nicholas Makar of East Chicago; Sheriff Carroll Holly of Lake County; R. O. Estill, Lake county prosecutor—and Robert Wilgus, an eye witness of an East Chicago bank robbery, headed the parade of authorities who have claimed the outlaws.

Clarence Houston, Pima county, Arizona, attorney said extradition may prove slow, as he expected Dillinger to throw every possible obstacle into the way. Conflicting claims of Indiana and Ohio have been lodged out, he said, and this may help speed proceedings.

Another Indiana officer, Matt Leach, state police chief, agreed to allow Lina, Ohio, to have three members of the gang, Harry Pierpont, Russell Clark, and Charles Mackley, on charges of slaying Sheriff Jess Barber last October. Barber was shot during an attack on a jail which resulted in Dillinger's release.

Leach said he wanted Dillinger for Indiana. He accused the gangster chief of killing Patrolman O'Malley during a bank robbery at East Chicago. Wilgus witnesses this, Leach said he will also demand Miss Mary Kinder for aiding in the prison delivery of 10 of Dillinger's henchmen at Michigan City, Ind., September 26, Clark, Pierpont and Mackley were among those who escaped.

Two other women arrested with Dillinger and his men—Opal Long and Anni Marie Leach said will be turned over to whoever claims them.

An attorney for the gangster, John L. Van Buskirk, promised to fight to prevent removal of the desperadoes before court actions have settled disposal of nearly \$400,000 cash taken from the men. Surety companies have filed attachments against the money in behalf of robbed banks.

DILLINGER TO FIGHT REMOVAL FROM ARIZONA

Every Obstacle Will Be Thrown In Way Of Extradition

TUCSON, Ariz., Jan. 20 (AP)—Defiant even behind jail bars, the "dangerous Dillinger" of Indiana today confronted a small army of midwestern peace officers who had moved into this city over the week-end intent on "getting their man."

Backed by Governor B. B. Murrin's promise that they can have John Dillinger, gangster chief, and his henchmen, Indiana authorities, expedited extradition papers to the governor in Phoenix and looked over the jailed men they have accused of a series of robberies and slayings.

Three Indiana officers—Police Chief Nicholas Makar of East Chicago; Sheriff Carroll Holly of Lake County; R. O. Estill, Lake county prosecutor—and Robert Wilgus, an eye witness of an East Chicago bank robbery, headed the parade of authorities who have claimed the outlaws.

Clarence Houston, Pima county, Arizona, attorney said extradition may prove slow, as he expected Dillinger to throw every possible obstacle into the way. Conflicting claims of Indiana and Ohio have been lodged out, he said, and this may help speed proceedings.

Another Indiana officer, Matt Leach, state police chief, agreed to allow Lina, Ohio, to have three members of the gang, Harry Pierpont, Russell Clark, and Charles Mackley, on charges of slaying Sheriff Jess Barber last October. Barber was shot during an attack on a jail which resulted in Dillinger's release.

Murder Trial of Woman Physician Will Begin Today

GREENWOOD, Miss., Jan. 20. (AP)—Dr. Sarah Ruth Dean, 33-year-old child specialist, goes on trial today on a charge of killing Dr. John Preston Kennedy by giving him a poison whiskey highball.

District Attorney Arthur Jordan announced the state will demand a verdict of guilty to the charge and defense attorney A. F. Gardner said the "state will have to prove it."

"We shall ask for no quarter nor will we give any," Gardner said. Dr. Dean has been at liberty under bond, but has remained in seclusion attended by a trained nurse. "She has been laboring under a terrible strain," said Gardner.

The state charged that poison was administered to Dr. Kennedy last July during a midnight visit he made to the residence of Dr. Dean. It is the contention of the prosecution that Dr. Kennedy made a dying declaration to his two brothers, Dr. Henry Kennedy and Dr. Barney Kennedy, alleging to them that Dr. Dean served him a poison highball.

The defense denies the charge and contends that if there was poison it could have occurred from another source.

CHICAGO GRAIN CHICAGO, Jan. 20. (AP)—Wheat climbed more than 2 cents a bushel late today to the highest price level since Nov. 21 last.

Enlarged buying which accompanied the rise of wheat values was attributed to the fact that a severe cold wave had caught domestic winter wheat minus any snow protection in practically all sections of the belt. In addition, dry weather complaints with reports of dust storms were received today from parts of Kansas.

Wheat closed strong, 2-3 cents above Saturday's finish. Corn 1/2-3/4 up, oats 3/4 advanced, and provisions at 10 to 17 cents gain.

MARKET BRIEFS

NEW YORK, Jan. 20. (AP)—Commodity stocks and specialty issues led the equities market in a steady but restrained advance today. While Washington developments generally were viewed as constructive, a rally in wheat and cotton and the action of international dollar rates aided the recovery. The close was firm. Transfers approximated 2,850,000 shares.

Cold Wave From Alaska Attacks Much of Nation

By The Associated Press Winter had a corner on the weather maps in stretches of the country today as spring like temperatures gave way to quotations near and below the zero mark.

Originating in Alaska and the Canadian northwest the first cold wave of the new year struck the middle west on the wings of a gale Sunday and by last night had been blown over much of the Atlantic seaboard.

But the weatherman predicted that relief was on the way and probably would arrive by tomorrow. So effective and widespread was the frigid blast that even the sunny south prepared to feel its icy breath.

Gold waves were forecast for today or tonight in northern Florida, North and South Carolina, Maryland, Virginia, Tennessee and Kentucky.

In Chicago, where the wind averaged close to 40 miles an hour Sunday, the mercury dropped from 44 degrees above zero at dawn to zero by nightfall, and a few hours later an unofficial 4 below was reported at the municipal airport.

WILL AVENGE EVERY ATTACK IMMEDIATELY

VIENNA, Jan. 20. (AP)—The armed Fascist Heimwehr lined up with the government of Chancellor Engelbert Dollfuss today in an announced "final fight" against the Nazis.

Balloted to the cause by Prince Ernest von Starhemberg, leader of the Heimwehr, or Home Guard, members were enjoined:

"Every leader down to the last man must henceforth immediately avenge every Nazi attack. If legal authorities fail to mete out justice take the law into your own hands."

There is only one law in the Heimwehr—I command and you obey... my command is that effective today the Heimwehr must go actively into the offensive.

There was little to indicate that Heimwehren need fear authorities would not "mete out justice," for Vice-Chancellor Emil Fey was quick to approve the prince's order.
