NOTICE TO THE PUBLIC

Any erroneous reflection upon the character, standing, or reputation of any individual, firm, corporation or organization that may appear in the columns of the Pampa Daily News will be gladly corrected when called to the attention of the editor. It is not the intention of this newspaper to inquire any individual, firm or corporation, and corrections will be made when warranted, as prominently as was the wrongfully published reference or article.

POLITICIANS AND CRIME

During the first few years after the war it was customary to speak of our "crime wave" as it were an abnormal thing arising directly out of the war. Lately, thoughtful people have come to realize that this was a faulty way of looking at things. We have a great deal of crime, to be sure, and the situation sometimes seems to be getting worse instead of better, but it is wrong to speak of it as a "wave", and it is a mistake to blame it all on the war.

Instead, it is becoming apparent that the prevalence of crime in America is due to some fundamental defects in our social organization. A city like Chicago, for example, is not going to clean up its crime situation without indulging first in a house-cleaning all the way down the line. Tinkering will not do the trick; nor, apparently, will laws that merely call for stiffer sentences and fewer paroles.

Frank J. Loesch, who spent years studying the situation as chairman of the Chicago Crime Commission, is about as well qualified to speak as anyone. Addressing the members of Chattanooga University's Institute of Justice recently, he had this to say:

"We must not only have a revision of our criminal law procedure, but we must have police with modern technical knowledge to fight the criminal on his own ground. Organized crime exists only in alliance with corrupt politicians who control patronage in law enforcement agencies, from the policemen on beats up through minor magistrates, court attaches, judges and members of legislatures.

"With revision of every state constitution, which must come soon if we are to avoid a social revolution, the illiterate voter must be disfranchised after a reasonable time is given to qualify the voter, and the right to vote given to men and women only who intelligently use the English language."

Now you may not agree with Mr. Loesch's conclusions at all. It is quite obvious, for instance, that mere literacy does not insure the casting of an intelligent vote. But his remarks are worth noting if only because they indicate the real extent of the problem. Something drastic will have to be done. No half-way measures will do much good.—N.E.A.

Sherman, proud city of schools and industries, was the subject of thousands of sermons Sunday. A number of her younger citizens, aided by wild spirits from neighboring communities, brought ill fame, despite the fact that the city as a whole bitterly regretted the incident. News of such happenings cannot be suppressed in this age of instantaneous communication. A London newspaper talked by trans-ocean telephone with Governor Moody. Miracles of science are mixed with unusual occurrence. Sherman has provided an example which should never be repeated.

Sunday's Scotch golf tournament, which consisted of having one ball for each two players, who alternated in hitting the ball, was very slow in getting started. It seems that there were a number of hot lengthy arguments as to who should buy that one ball to each twosome. As usual, many of the Scotchmen appeared at the course "without a dime."

Civic clubs often claim to be doing good, though many of their accomplishments are necessarily intangible. Friendships and fellowships are greatly worthwhile. The clubs are made up of the leading men of various professions and businesses. Big men usually accomplish things worthwhile whether they are at recreation or business. It is often better not to attend too many projects. Work for crippled or blind children is an activity which challenges the best efforts of a club. Help for the underprivileged child is an ample program. The community may not see the results, but there is reward enough in seeing unfortunate or underprivileged children happier and more useful. Not all clubs reach any point near their goals, but they are much more worthwhile than generally credited with being.

To some the sight of a tiny tot struggling with a musical instrument several times his or her size is not an interesting thing, but to the writer there are few more inspiring pictures. Music is more than sounds and rhythms. The personality of the player is often more important than the performance. It is an axiom of dramatic reviewing that the reviewer shall not compare amateurs with professionals, nor beginners with advanced pupils. In other words, there is a standard of excellence for each individual or group quite apart from abstract excellence. We like to see junior orchestras—such as Mr. Fannell had this year—in action. There is no particular pleasure in directing youngsters whose bobbles spoil the pieces during many rehearsals, but the soul of the true musician is warmed by the observation that he is developing players who will some day make up the senior organizations. Pampa must arrange to have musical training available to the younger pupils as well as the older ones who make up the organizations which appear before the public.

Bishop Named

NEA New York Bureau Bishop James Cannon, Jr., above, of the Methodist Episcopal church South, received \$65,300 from E. C. Jameson, New York business man, for the campaign against Alfred E. Smith's presidential candidacy in Virginia in 1928. So Jameson testified before the senate lobby committee in Washington. The inquiry followed a recent charge by Representative Tinkham of Massachusetts that Bishop Cannon had failed to report \$48,000 of the money Jameson gave him.

Britain Tightens Grip Upon India

BOMBAY, India, May 12. (AP)—Mahatma Gandhi's civil resistance movement today received its second great setback with the arrest of Abbas Tyabji, and a large group of his immediate followers, at the moment when they were starting from Navsari to raid the Dharsana salt works.

The government's abortive action followed Tyabji's refusal to call off the proposed raid after repeated warnings by the government officials.

Command of the forces of "passive resistance" immediately was taken over by Mrs. Sarojini Naidu, Hindu poetess, selected by the Mahatma to automatically succeed as leader.

The seizure of Tyabji coincided with government plans for a tightening of control of the entire Indian situation.

ONCE UPON A TIME

Carl Laemmle, motion picture producer, swept floors and pushed a hand truck in a department store. His energetic labors soon won him a promotion. His employers gave him a bigger truck.

Legion Posts to Have Services on Memorial Day

The Pampa American Legion post will join the other posts in this state in the simultaneous observance of Memorial Day, May 30. It has been announced by Paul D. Hill, commander. "This meeting, which will be in addition to the usual public observance of the day in this community will be Legion's and veterans' tribute to departed comrades and the present membership of the Legion will make an effort to contact every veteran of the late war as well as the veterans of all other wars now residing in this locality, and invite them especially to attend the meeting and take part in the ceremony," the commander said.

"Never before in the history of the Legion in this state has there been an attempt to hold a simultaneous meeting of every post in the state for any purpose, and it is believed that no greater display of our respect to the memory of our departed comrades could be made than such a meeting on Memorial Day to the memory of the veterans of all wars. Only a few Confederate veterans remain, the ranks of the veterans of the Spanish-American war are growing thin and though only twelve years have elapsed since the World War thousands of our comrades have departed."

Committees have been appointed to visit the cemeteries and to locate the graves of all war veterans. A public observance in which the public will be invited to participate will be held at the cemeteries, when the graves of all veterans will be decorated. The cooperation of the public is invited to the end that the undertaking may be made most successful.

For the meeting to be held by the Legion and veterans, speakers from other posts will be invited and the meeting will be devoted exclusively to the proper observance of the day. Special invitations will be sent

to all veterans of the World War who are not members of the American Legion, as well as to veterans of the Spanish-American war and the civil war.

Professor Has Praise for Pampa Judging Contests

That the first stock-judging dairy contest held in Pampa was an outstanding success may be assumed from comments made by the experts who were secured by the Board of City Development for the purpose of conducting this contest. In speaking of the dairy division of the contest, Professor Frank R. Phillips, head of the department of agriculture of the West Texas State Teachers college, said:

"I am pleased to see the business men, as well as the school interests of Pampa—get behind and pit over this contest for the boys of the North Plains. It simply means that by doing this they will create interest among our future farmers in dairying and poultry raising, the two things that require the most careful attention and the two things which have been neglected in the past. I think that Mr. Briggs and Professor Lester ought to congratulate themselves on the success of this contest in view of the fact that the rain kept away representatives from many schools. I shall be very much disappointed should next year's attendance not include future farmers from all over the Panhandle area because of the splendid showing made. I think it fortunate that a town surrounded by oil interests, as Pampa, should look toward the development of her agricultural resources as she is doing. It is the exception, and not the rule."

CHICAGO, May 12. (AP)—Among the several ambitions of the Chicago White Sox, one is to win a baseball game on Saturday—any Saturday.

The Sox haven't won a Saturday game since the season started, in fact their last Saturday victory was over the New York Giants in a training March 3.

A'S WITHER IN FACE OF HOT BAT BARRAGE

BY HUGH S. FULLERTON, JR. Associated Press Sports Writer
When a team that has been having a hard time holding a place among the league leaders although it holds the club batting lead and one which has stretched a winning streak about as fast as possible, get together something is bound to happen. It did yesterday when the Cleveland Indians entertained the Philadelphia Athletics and an overflow crowd of Cleveland fans.

The Indians have shown plenty of hitting power all season while the Athletics had a bad beating coming to them after winning nine out of ten games. The beating was inflicted to the tune of 25 to 7, by far the biggest score of the major league season. Cleveland started by clubbing Ed Rommel from the mound with five hits and three runs in the first inning. And they kept improving this pace, scoring in every inning up to the seventh, and collecting 25 hits. Nine of the blows were doubles and some might have gone for more bases except for the ground rules.

Wesley Ferrell held the world's champions to four hits in his six innings on the mound. He allowed five runs but his mates beat that in two different innings, getting seven in the fourth and six in the sixth.

Cleveland's batting feat stood out on a day of rather light hitting. The only game that approached it was Brooklyn's 10 to 2 triumph over the Pittsburgh Pirates. The Robins made 18 hits for their third successive victory in the series, while Dazzy Vance held Pittsburgh to four.

The St. Louis Cardinals made 25 hits but they had to win both ends of a double header from the Boston Braves to do it. The scores were 5 to 3 and 7 to 6, carrying the Cardinals to six successive victories and Boston to as many defeats.

The New York Giants made their hold on the league's first place safe for the current series with the second place Chicago Cubs by winning their third encounter, 9 to 7. The game, played after a shower had made the field slippery, saw six pitchers yield 29 blows, 17 of the going to the Giants.

Benny Frey, who has taken part in nine of Cincinnati's 22 games, hurled his fourth complete game and won his fourth victory by limiting Philadelphia to seven hits while the Reds pulled out a 5 to 4 win.

Ed Morris produced the day's best pitching feat as he held the St. Louis Browns to two hits for the second day in succession. The Boston Red Sox won the game, 2 to 1, on Regan's home run.

An ex-Bostonian, Charley Ruffing, made his debut in a New York Yankees uniform and helped the Yankees beat Detroit, 7 to 6. Given a good start by Babe Ruth's fifth home run of the season in the first inning, Ruffing barely lasted through the game.

Ted Lyons of Chicago hurled ten innings to defeat Washington, 5 to 3, in a fine duel with Bump Hadley. Three successive hits in the tenth, one a triple by Watwood, gave Chicago the deciding runs.

SPUDDERS IN FAST PACE ON THEIR TRIPS

By The Associated Press
So much was evident today to Texas league followers, that taking to the road wasn't agreeing particularly well with either the Fort Worth Cats or the Dallas Herd, and that the Wichita Falls Spudders were thriving on travel.

The Spudders traveled so fast and furiously around the four corners of the diamond yesterday that they swept both ends of the double bill from the Waco Cubs, 13 to 9, and 10 to 2, on the Waco home lot.

The Cubs lost the first game through misplays. Larry Betten-court hit safely five times in five trips to the plate, including a double and a home run.

The Shippers suffered at 5 to 0 handout from the Steers. Grady Adkins, Jake Atz's ace right-hander, hurried in big league style to confine the Heumonters to two scattered hits.

The San Antonio Indians took their first game since May 2, defeating the Sports 8 to 2 in the second game of a double header, although the Shreveporters took the first number 4 to 0.

The Houston Buffs poured it on the Cats 3 to 11, to capture the series. Five double plays, most of them sensational, kept 5,000 fans in an uproar.

LANDMARK REMOVED
MIAMI, May 12. (Special)—One of Miami's old land marks disappeared recently with the hewing down of a large black locust which stood on Main street, in front of the City Barber Shop.

The tree was planted, according to old time residents of the community, in 1907.

CHRONIC WINNER ON DIXIE TRACKS FACE STIFF BATTLE FROM 3 RIVALS

Charlie Farmer and Ed Hamm, crack collegiate performers, are entered in the Southern conference track meet at Birmingham.

BIRMINGHAM, Ala. (AP)—The Southern conference track and field meet here May 16 and 17 promises a three-cornered fight between North Carolina, Florida and Washington and Lee to oust Louisiana State as perennial title holders.

The Tigers of Baton Rouge have won the championship three years running but early performances indicate that the Louisiana team is not strong enough to repeat. Graduates did it.

North Carolina's Tar Heels figure as the strongest threats. Led by a sophomore sprint sen-

sation, Charlie Farmer, the Carolina star, set four records in the Southern relays at Atlanta. Farmer was the big individual star, establishing a new carnival mark of 9.8 seconds in the 100 yard dash and running anchor on the championship half-mile relay team. He is the outstanding favorite in century and furlong.

Both Washington and Lee, winners of the conference indoor meet, and Florida have well balanced teams with the Generals strongest in the distance and hurdle events and the Alligators boasting consis-

tent stars in the pole vault, shot put and middle distances.

The broad jump is conceded to Ed Hamm of Georgia Tech, 1928 Olympic star, who was out of the running last year because of an operation. He is in form again and opened the 1930 campaign by adding 7 1-4 inches to his Southern relay record.

Georgia and Tulane are considered dark horse entries, while Auburn, minus Percy Beard, hurdle star, is not expected to show its second place class of last year.

AIRPORT NEWS

Dr. McKean and Dr. Hunter of the McKean and Connor hospital returned Friday from Mineral Wells in Dr. McKean's Stearman biplane. Dr. McKean at the stick.

Roy "Dutch" Bartgis entertained lovers of moonlight Friday night with some flying against the full moon in the Cree and Hoover Ryan B-7 plane. Dutch piloted the plane higher than usual and made a striking silhouette as the plane shot between the spectators and the moon.

The Cree and Hoover plane returned Friday from Hobbs with George B. Cree as passenger, Dutch at the stick.

Boyd Kennedy, pilot of the Pampa Refining Ryan B-7, is rapidly recovering from an appendicitis operation. He believes he'll be in the cockpit in another week.

FLYWEIGHTS TO FIGHT AT GARDEN SOON

NEW YORK, May 12. (AP)—A flyweight title bout at New York is the only bright spot in an otherwise drab boxing picture this week. Midget Wolgast of Philadelphia, flyweight titleholder in the eyes of the New York State Athletic commission, defends his crown in a 15-round battle with Willie Lemorte of Newark, N. J., at the Garden Friday night.

Elsewhere the fistic schedule offers little of general interest. Mickey Walker, middleweight champion, again invades the heavyweight division for a ten-round bout with Al Friedman of Boston at Louisville on Friday night. On the same night at Seattle, Leo Lomski, veteran light heavyweight, comes back to the wars to meet Wesley Ketchell of Salt Lake City in a six-rounder. Tonight Jimmy Maloney, rotund

Boston heavyweight, is matched against Armand Emanuel, San Francisco bantamweight, in a ten-rounder at Los Angeles.

Magnolia Wins Over Magic City

Consistent but not spectacular good ball enabled the Magnolia Petroleum company nine to defeat the Magic City crew at Magic City yesterday afternoon 7 to 6.

Burke on the mound allowed 7 hits while he and his team mates took 10. A Magic City swatter circled the bases for the only homer of the game. The Magnolia batters hit several doubles.

Magnolia's next game will be at Skellytown Sunday afternoon. Thus far the Magnolias haven't lost a game. They beat the Coltex boys 9 to 3. They hope to get a game with the Gulf Guns in the near future.

Harry Barron left Saturday for Clayton, N. M., where he will be editor of the newspaper there.

Fast Field in Prospect Today At Track Meet

COLLEGE STATION, May 12. (AP)—Track and field were ready today as the scene of the year's major contest between rival teams of colleges entered in the Southwest conference meet.

Due to Saturday's rains, James Sullivan, business manager of Ath-

letics at the Agricultural and Mechanical college, predicted the track would be fast.

The 100 and 220-yard dashes featuring Cy Leland of Texas Christian university and Claude Bracey of Rice institute held the spotlight of interest, with the prospect that the present record of 9.3 seconds would be bettered in the 100-yard dash because of the intense rivalry between Leland and Bracey.

Mr. and Mrs. M. S. Wise of Canadian were visitors here yesterday.
