Stomach and Bowel Trouble Soon Banished... 'Should Have Taken New Medicine Long Ago', He Says

MR. FRANK B. NORMAN "I suffered for a long time with stomach trouble," said Mr. Frank B. Norman, 825 Mississippi street, Amarillo. "I had a very poor appetite and after eating I was subject to painful accumulations of gas. I was becoming very nervous and did not sleep well at night. I was troubled with constipation and found it necessary to take cathartics constantly. I was losing strength and energy and no matter what I tried in the way of medicine nothing seemed to help me. "I seemed to improve in health from the time I began taking Konjola. My appetite picked up and I was able to assimilate my food better. I did not have that tired out feeling in the morning and my work was easier and more pleasant. Constipation soon passed and cathartics were no longer necessary. After continuing the treatment for a time I realized that Konjola was the medicine I should have taken long ago. I am continuing to take Konjola and am recommending it to all my friends. "Given a real trial over a period of from six to eight weeks, Konjola has made a record without parallel in the history of medicines. Ailments of the stomach, liver, kidneys and bowels and rheumatism, neuritis and nervousness readily yield to its power. Konjola is sold in Pampa at the City Drug store, and by all the best druggists in all towns throughout this entire section.—(Adv.)

FIRST METHODIST CHURCH Sunday school opens at 9:45 o'clock. We have a class for every age and a good teacher for every class. Help us reach the 500 mark by being present today.

Preaching service begins at 11 o'clock in the morning and at 8 o'clock in the evening. The communion service will be held at the morning hour. The pastor will bring a brief message from the theme: "In Remembrance of Me." The evening theme is: "A Wasted Life." The young people of the city have a special invitation to hear this message.

Miss Audrey Noel will bring a special message in song at the morning hour, and there will be music by a male quartet in the evening. Mrs. F. L. Elliott will be at the organ at all services. You are invited to worship with us.

TOM W. BRABHAM, Pastor.

FIRST CHRISTIAN CHURCH

500 East Kingsmill Avenue Bible school opens at 9:45 o'clock. Every old member and every new member of the church should attend Bible school, bringing friends and visitors. Let us reach the 300 mark at once.

Communion and sermon are at 11 o'clock. Every new member should learn the habit of regular attendance at the communion each week; older members should continue faithful in this appointment of our Lord.

Regular church services is held at 8 o'clock in the evening. It is especially important that all members and friends to be present. The singing of old time hymns by the congregation will be a special feature of this service.

The mid-week service will be held at 8 o'clock Thursday evening under capable leadership, and there should be a full attendance.

Clingman Has Fun at Carnival
The familiar story of the great violinist who disguised himself as a beggar and played on the street corner had a parallel here Friday night when Otis Clingman donned a pair of greasy unionalls, a greasy engineer's cap which he pulled down over his ears, and went down to the wrestling tent at the Loos carnival.

There he challenged the big Greek who was so positive the other day that he could throw Clingman and six more like him in an hour. Otis insisted that he be permitted to wear his cap.
Otis threw Mr. Pappas in exactly three minutes. By that time Pappas had learned from the cheering fans the identity of his greasy antagonist. Otis then proceeded to put on a good show. He fetched a pair of pliers out of his pocket and pulled many a hair from the chest and back of the protesting Greek.

Otis then took on another wrestler and rushed him for five minutes, but the carnival grappler had no inclination to wrestle any longer. Otis then challenged the other wrestlers in the carnival entourage but none accepted.

Louisiana Mat Artist Coming to Meet Clingman

Jack Mitchell, alleged to be "a big shot" in Louisiana, is coming up from Shreveport for a match with Otis Clingman here Thursday night at the Pla-Mor. Promoter Jack Rogers quotes Clingman as saying that Mitchell is rough and tough and has thrown some of the best middleweights.

The semi-final match is likely to be as interesting as the main go because Dan Golofino, who did such a good job of winning one fall from Iot Shima the other night, and Buck Baily of Austin are scheduled for a three-fall match. Golofino, a Hebrew, is said to be the fastest man that has ever wrestled in Amarillo. He made Shima pat the mat in 37 minutes with a reverse toe-hold, and that is something no wrestler often makes the Jap do.

The preliminary entertainment will be furnished by Red Michaels and Homer Allen, both of Pampa. Seats are on sale at the Diamond shop.

ATHLETICS IN THIRD WIN ON SIMMONS' HIT

PHILADELPHIA, May 3. (AP)—The Philadelphia Athletics fought an uphill battle to win their third game in a row from the Detroit Tigers before a crowd of 18,000 here today 6 to 5. The World's champions won on Al Simmons' double that drove in two runs in the ninth.

The Mackmen started to wipe out a 5 to 2 lead in the sixth, when they scored one run. In the eighth, Jimmy Foxx hit his third home run of the season over the roof of the left field pavilion, cutting the visitors lead to one tally.

SAN JACINTO WINS STATE LEAGUE MEET

AUSTIN, May 3. (AP)—San Jacinto high school of Houston won the 1930 track and field meet of the Texas Interscholastic League here this afternoon by rolling up a total of 15 points.

San Angelo was second with 12; Hereford third with 10; Harlandale high school of San Antonio, fourth with 8 and Smithville fifth with 6. Three Interscholastic League records were broken and one tied in what officials termed one of the best high school track meets ever staged in Texas.

Russell of Hereford bettered the league record in the 100-yard dash when he clipped two-tenths of a second from the former mark to record the century in 9.8 seconds. He also tied the league record in the 220-yard dash with the time of 21.5 seconds.

Abolwich of Greenville broke the record in the 220-yard low hurdles when he negotiated the distance in 24 seconds four-tenths of a second under the previous mark.
Betty of Kaufman was the third man to enter the record breaking group when he hurled the discus 141 feet, 9 inches, bettering the former mark by two feet and six inches.

Leo Brady and Francis Moore of Abilene were today crowned scholastic doubles tennis champions of the state when they defeated Ranzell and Frankie Nicholson of Franklin in the finals. The scores: 6 3, 3 6, 0 6, 6 3, 6 2.
Emily Reichert of Main Avenue high school, San Antonio, won the girls singles tennis championship by defeating Clara Lane of Teague in straight sets 6 4, 6 4.

Laverne Stages and Alva Mar Crapl of the Fort Worth Masonic home captured the girls doubles tennis title by defeating Hilda Curtis and Edna Lee Platt of Pharr-San Juan.
W. Hess of Fort Worth Central high school defeated Leo Brady of Abilene for the state championship in boys tennis singles. Hess won the first three sets, 6 2, 7 5, 6 3.

Two Games Are Billed for Today by Ball Outfits

Pampa baseball fans will have an opportunity to see four good baseball clubs in action this afternoon beginning at 3 o'clock at the Gulf and Magnolia camps.

At the Gulf camp, the Amarillo Cats and the Gulf Guns will play their second game for this season. The Cats were annihilated by the Guns in the first game which was played at Amarillo two weeks ago. The Guns have one of the best industrial teams in this section. Edeben will be on the mound for the Guns.

Claiming victories over the Gulf, Jemco, McLean and Miami, the Coltexo nine will meet the Magnolia line-up as announced as follows: Poy 3b, Ward rf, Boerman c, Edward cf, Brown 2b, Sweagen lf, Gray lb, and Burke p.

Panhandle-Plains, Inc., Will Be Larger in Scope for 1930 Activity

Expecting to increase the scope of its work this year, the Panhandle-Plains of Texas, Inc. has raised its budget from \$16,000 to \$50,000 for the year, according to B. F. Bennett, representative of the organization, who has been here.

"We are extending our work further into the north and east, giving our exhibitions at all the large fairs," Mr. Bennett said. "The exhibits heretofore consisted of agricultural products. This year we are adding minerals. The exhibits are carefully packed and are transported in three two and one-half ton International trucks, which often maintain an average speed of fifty miles an hour.

"By this method of publicity, Canada claims they have settled seven and one-half millions in Western Canada in the last ten years. Southern California, Inc., supported principally by the Los Angeles Chamber of Commerce, has been instrumental in attracting a million people to Los Angeles in the years, in addition to several millions of eastern and northern capital. This resulted in tripling the population of Los Angeles and the obtaining of more than one hundred manufacturing plants. The

enormous amount of publicity of the Rio Grande valley resulted in great increases in population and capital from the north to the lower Rio Grande section. Our belief is that if these methods were utilized so efficiently by these sections, why should not the Panhandle to the same?

"An interesting feature of our exhibits is our motion picture machines operated by a trained man. It is interesting to note that the pictures that attract the greatest attention are those depicting the oil field scenes, particularly a gusher running wild.

"We will open our exhibits this year at Wichita, Kansas, and close at Chicago. We will display our exhibits at Tulsa, Fayetteville, Ark., Iowa City, Cedar Rapids and Marshalltown, Iowa, Houston, Beaumont and Tyler, Texas, and several other

places in Texas and Oklahoma, also we will be at many of the larger fairs, including National Livestock show; Chicago; American Dairy congress, St. Louis; International Dairy congress, Waterloo, Iowa; Iowa State fair, Des Moines; Wisconsin State fair, Milwaukee; Great fair, Omaha; Minnesota State fair, St. Paul; Nebraska State fair; Lincoln and the state fairs of Texas, at Dallas; Oklahoma, at Oklahoma City, Arkansas, at Little Rock; Louisiana, at Shreveport; Tennessee, at Nashville; Missouri, at Sedalia; Kansas, at Hutchinson; a free fair at Topeka, Kansas; National Wheat show at Wichita, and the Kansas City Livestock show, Kansas City, Missouri.

"Last year the exhibit at Waterloo, Iowa, attracted the attention of a distinguished visitor: the Crown Prince of the Belgians.

"We ask the loyal, fair-minded people of the Panhandle to support this organization which is working for the development of the Panhandle exclusively. The Santa Fe, Rock Island and Denver rail-

roads are cooperating with us in furnishing out literature, thus aiding in the covering of the eastern and northeastern states."

Panhandle-Plains of Texas, Inc. was founded two years ago. Its present officers are: Dr. J. W. Stevens of Tulsa, president; Sam Braswell of Clarendon, vice president; Howard A. Ferguson of Amarillo, manager; O. V. Vernon of Amarillo, secretary-treasurer. Directors are: E. B. Black, Hereford; Dr. O. H. Lloyd, Vega; Maury Hopkins, Plainview; J. A. Hill, president of West Texas State Teachers college, Canyon; George Briggs, Pampa; H. pany.

W. Clutter, Amarillo. Mr. Bennett will address the LeFors Chamber of Commerce at their regular meeting tonight, in the new auditorium of the LeFors school.

A Pioneer of Small Combines Backed by 99 Years' Experience

WHEN you invest in a harvester-thresher you expect to use it for many years. You want to harvest a variety of crops—you will have to harvest them under a variety of conditions and seasons. A combine must be able to do these things. If it does not it fails as an investment.

International Harvester is a pioneer in building the small combine. For 16 years it has been manufacturing and perfecting harvester-threshers. Refinements and improvements have been made from time to time only after thorough field tests.

But here is the point of significance: the sound, accepted principles of harvesting and threshing mechanism remain—as the best methods yet devised for harvesting a variety of crops, threshing cleanly, and saving the grain or seeds.

McCormick and Deering names represent pioneers in the building of harvesting machines—and the McCormick-Deering is the only harvester-thresher that can trace its ancestry back to the Original Reaper. It is the only combine that has 99 years of harvesting-machine experience back of it.

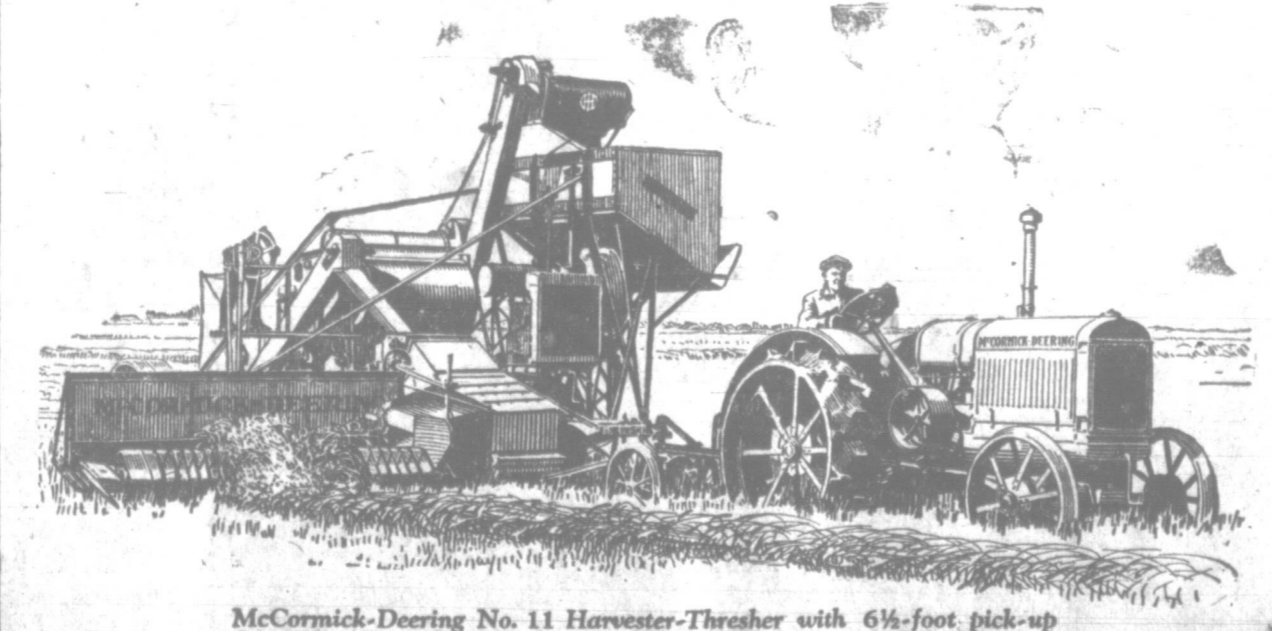

It makes use only of proved harvesting and threshing machine features. It is built upon principles that have stood the test of harvesting and threshing for years.

Play Safe... Select a McCormick-Deering. When you plan the purchase of a combine consider these things. Examine the McCormick-Deering—see how it meets every harvesting condition and how it cleans and saves the grain.

Technical diagrams of McCormick-Deering combine parts. Includes rear view of separator, elevator and feeder, and weed screen. Labels A through F identify various components.

- 12 Important McCormick-Deering Points: 1 Adjustable to cut low. Gets lodged and tangled grain. 2 Continuation of grain-tight platform canvas forms lower elevator canvas. No grain lost at end of platform. Large capacity, wide elevator carries all grain to feeder. 3 Chain and slat feeder carries grain, heads first, into the cylinder. Direct front feed. 4 Spiked beater in feeder assures positive feeding and controls delivery of grain to cylinder. 5 Ninety per cent separation at cylinder. Straw and grain thus separated never mix again. 6 Four-section straw rack. Extends entire length of thresher from cylinder to straw spreader. Combs straw apart, drops it three times, thoroughly shakes out all the grain. 7 Extra long chaffer and cleaning sieve thoroughly cleans grain. 8 Revolving weed screen takes weed seeds out of threshed grain and bags them. Saves dockage and reduces spread of weeds. 9 Platform folds for transportation—does not have to be detached. No transport truck to buy. 10 A pioneer of small combines—backed by 99 years of practical harvesting-machine experience and by field tests under difficult conditions in the harvest fields of the world. 11 Expert service on the entire machine by permanent dealers and Company-owned branches. 12 Handles a variety of crops under a variety of conditions and seasons.

Murder Backstairs

From the moment Detective Dundee lifts the body of Doris Matthews, murdered lady's maid, from the lake and lays her in the summerhouse, he knows that the heavy perfume flask, the queer murder weapon, is the chief clue. He knows Seymour Crosby, engaged to Florinda Berkeley, has given the flask to Mrs. Berkeley; that for some unaccountable reason Gigi Berkeley, 15, was horrified at the gift and wasted as much of the perfume as possible by sprinkling it over everyone in the drawing room Friday evening.

But not until Mrs. Berkeley, Dick Berkeley, Florinda, Eugene Arnold, (Doris's fiancé) Seymour Crosby, and finally, Harvey Johnson, missing valet who had robbed the house, have all been suspected in turn, does Dundee hit upon a startling new angle: that Mrs. Berkeley, and not Doris, was the intended murder victim. For Dundee discovers Mrs. Berkeley is a perfume addict. There is evidence that Crosby hoped for his intended mother-in-law's early death; abundant suspicion against Crosby in connection with the death of his wife, Phyllis, 18 months before, when Doris was her trusted maid and friend.

dent. It will be just my luck to have her die before she can tell a few secrets regarding Phyllis Crosby's death, which Doris had confided to her. "Mr. Crosby—or someone!—is playing in luck, isn't he?" Gigi said soberly. "Playing in luck or playing safe!" Dundee retorted, but did not speak the words aloud, possibly because he had a strong hunch Gigi would have laughed at him.

"Come along!" Gigi cried, scrambling out of the big chair. "I'll take you on as a partner for tennis, if Dad and Dick will play doubles. They're already on the court. Fancy Dick's being out so early after his bend last night! Maybe he's avoiding you!" "I shouldn't be a bit surprised!" Dundee retorted. "Will you wait here till I go up and change my shoes? I see you dressed with tennis in mind."

"Yes. Tish was going to play with me, but Abbie had a sudden yen for spiritual consolation this morning and nothing would do but that Tish and Florinda and Mr. Crosby should go with her to church—Oh, don't get a grouch on!" she commanded, as Dundee frowned at the news. "Mrs. Lambert telephoned and asked Captain Strawn for permission."

As he ran upstairs Dundee wondered whether Abbie Berkeley's sudden and probably unusual need for "spiritual consolation" was the real reason for her attendance at church this Sunday morning, or whether it was a more carnal need to show off her socially distinguished visitor, since she had been cheated of her big party in his honor.

counter fountain." "You use commercial wood alcohol to fill them, I believe?" "That—or benzene," Berkeley attends to the filling of the fountains here—Well, Dick, I think I've had enough tennis for one day. I'd like to go over that business proposition with you now, if Gigi and Mr. Dundee will excuse us."

As the detective watched father and son stroll together across the lawn he was remembering what Gigi had said: "Dad's afraid some thirty and incautious member of his precious family will take a swig of the wood alcohol and fill an untimely grave. Therefore he delivers periodic lectures on the horrible effects." If that was true, then why had George Berkeley deliberately contrived to leave the impression that he did not know personally whether benzene or wood alcohol was used for the fountains in his own home?

Gigi was beating him rather badly at tennis, to her own delighted astonishment, when Wicket interrupted with: "Police Headquarters on the telephone, sir. I asked them to hold the wire." "Johnson!" Gigi cried, and pounded jubilantly after the running detective. (To Be Continued)

Oldtime Tunes Still Popular in Local Contests

Many visitors from over the Panhandle attended the third annual Oldtime Fiddlers' contest at the Pampa auditorium Friday night. From 8:30 p. m. on into the wee hours of the night, old time "hot and devilish" tunes could be heard; such as "Ladies Fancy," "Leather breeches," "Arkansas Traveler," "Sally Gooden," "Over Yonder" and many others.

The first contest was for old fiddlers over 40 years old. They were: Hooker, Amarillo; Will Walden, Pampa; J. A. Pool, Pampa; J. Merriman Sr., Wheeler. Milt Merriman, Pampa; Mel Rogers, Pampa; Mike Welchel, Amarillo; Mr. Johnson, Pampa; and Sam Anderson, Pampa. Milt Trout won first place and Pat Hooker, second.

After the boys 40 and over had finished their stuff, younger talent was introduced: Lee Wilso, Panhandle; C. E. Loter, Wheeler, and Pete Carnita, Pampa. It was very evident that the old "break-down" tunes are not passing with the years, for the younger talent proved to be capable of carrying them on.

C. E. Loter won first place on the second program.

The judges were W. G. Irving, B. C. Stagner, and J. A. Zahiten. Immediately after the contest, a call for "Partners on the floor" was heard, and several sets responded and the old fashioned square dance was under way.

Wheat Follows Stocks Down to Lower Levels

CHICAGO, May 3. (AP)—Despite lively transient rallies, wheat today followed the stock market downhill, overwhelmed at the last by heavy selling orders that came rushing from eastern sources. May wheat broke the season's bottom price record to \$1.00 3-8 a bushel, the average value here from 1890 to 1929 inclusive has been \$1.21 1-2. Contributing to weakness of the wheat market today was a forecast of frequent showers over the entire grain belt throughout the coming week.

Closing quotations on wheat were nervous at nearly the day's lowest level, 7-8 to 2 5-8c a bushel under yesterday's finish. Corn closed 1-2c to 3-4c off, oats unchanged to 1-2c up, and provisions unchanged to 7-8c down.

Corn was swayed by the action of wheat and by reports that corn planting is progressing under ideal conditions. Oats owed their strength to absence of any such heavy selling as developed in other grains.

Closing indennities: Wheat, May 98 1-2, 1.02 3-4; July, 98 7-8 to 99, 1.03 3-4 to 1.04; Sept., 1.02 1-4 to 3-8; 1.06 3-4; Dec., 1.07, 1.11 1-2. Corn, May (offers) 79 1-4; July 78 1-4 to 3-8; Sept., 80 1-4, 82 5-8 to 3-4; Dec., 75, 77.

February sales of burley tobacco in Kentucky totalled 42,434,791 pounds.

Homicides in California decreased 42 last year, with 327 being reported for the 12 months.

WAYLAND BAPTIST COLLEGE HAS SHOWN STEADY GROWTH DURING RECENT SESSIONS

In connection with the \$250,000 endowment campaign in Plainview for Wayland college, the Plainview Herald said the following:

PLAINVIEW, May 3. — "Among the junior colleges of Texas Wayland Baptist College of Plainview has, in recent years, made notable advance in recent usefulness and in becoming a permanent institution," says Dr. E. L. Morgan, head of the Bible department of the college. Dr. Morgan has prepared an article on this college, which is of particular interest now, since the trustees of the school being at this time engaged in the task of raising an endowment fund for the school.

"In the twenty years of its life the college has been through the struggles that usually attend such ventures, but it now has attained such soundness of business administration and recognized educational merit that the friends of the school are justified in contemplating further investments, which will bring such good results in forming character and in producing good citizens—and undeniably this is being done at Wayland.

"The grade of work done by the teachers may be judged by the fact that Wayland belongs to the Association of Junior colleges of Texas and to the American Association of Junior colleges, and that students who are graduated here are able to finish any Senior college within two years. The standards of instruction will bear comparison with those found in any college of similar grade.

School is Free of Debt

"Not only in education but in financial matters has this college an enviable record. Some years since, the management was fortunate in installing a business system which, we are told, is one of the best. No debt, no mortgages, no claims of any sort, is enough to fill the hearts of all supporters with thankfulness. Some years ago the Baptists of Texas pooled the debts on their schools and, against mortgages upon their properties, issued bonds with which to pay those debts. This placed a mortgage upon Wayland's property for \$140,000, but this has now been settled and the release is now on file in Hale county court house. The Executive Board of Texas Baptists paid to the college the sum of \$97,000, thus showing their faith in Wayland as an asset to the denominational support of our Plains country colleges, there is another bright page of recent history in which the citizens of Amarillo and

of Plainview may take part.

"In 1928 there was a floating debt on the school of \$10,000. To lift this load the Baptists of these sister cities did the worthy thing of raising about \$10,000; the Plainview Chamber of Commerce showed good business acumen by giving \$15,000; again the Executive Board of Texas Baptists aided by giving \$7,500, and the day of embarrassment was passed. Since then the progress of the college has been steady, the enrollment for this year being about 280, the highest yet.

Many Church Contributions

"It is due to all concerned to say that at present there are some 65 churches which send regular gifts to aid in running expenses; these contributions amounted to more than \$8,000. It is recognized that many pastors are being trained here and the weekly visits of the Volunteer Band over a radius of 125 miles are so profoundly appreciated that churches are more and more falling into the habit of including Wayland in their budgets. The number of these praise-worthy churches is increasing.

"There is sound basis for this enthusiasm for the financial stability of the college is further strengthened by the possession of properties easily worth \$300,000 against which there is not one-cent of debt. We doubt if there is a junior college in Texas with a more encouraging condition. The keen common sense of West Texas business men is not afraid to back an enterprise with such a solid foundation.

"With such a start, upon such a sound basis, and with the prospect of endowment so that permanency will be guaranteed, the possibilities of the college will be seen to be very bright. The field of service, too, is large; in fact the territory from which students are drawn is already larger than three states the size of South Carolina. Today all over this territory and beyond these bounds Wayland's former students are to be found engaged in honorable service for God and humanity.

"The growth of spiritual power, the high moral and scholastic standards within the school, as well as the wholesome tone now prevailing in athletics and other college activities, are turning the eyes of many parents toward Wayland as the place where they wish their sons and daughters to be trained. At the time of the college revival an observing father said to President McDonald: 'This is the kind of school which I like, and I plan to send my son and my daughter here.' A moth-

er recently visited her daughter, gaining first hand information as to the fine dormitory and college life; her eyes were shining with gratitude and unshed tears as she said: 'I thank God for such a school where I can put my daughter.' This mother returned to tell her husband what she had witnessed, and now he joins her in saying that as their other daughters are ready they shall be sent to Wayland."

Ponca Wholesale Firm Establishes Local Warehouse

To serve their trade in Pampa and vicinity more efficiently, the Ponca Wholesale Mercantile company is establishing a warehouse in the Gray Pampa building on Tyng avenue, the place formerly occupied by Pope's Fruit market, which is now located at 721 West Foster.

R. F. Williams, local manager, stated that the company expected to be open for business, Monday, May 5. He expressed confidence in Pampa and was optimistic regarding its future.

This section was formerly served by the Panhandle house, where the

main offices are located. The company is a wholesale specialty concern, dealing in Candy, cigars, cigarettes and tobacco.

Six houses are maintained by the company, four being in Texas and two in New Mexico. Houses in Texas are: Panhandle, Amarillo, Big Spring, and Pampa; in New Mexico, Clevis and Hobbs.

Visiting Day Is Idea of Juniors in Sunday School

The Juniors of the First Methodist church—girls and boys from 9 to 12 years old, inclusive—will observe today as "My Pal," or visiting day, at both Sunday school and Epworth League society.

An effort will be made to have all the little boys and girls of those ages who are not enrolled in some other Sunday school as visitors in the junior department at 9:30 o'clock this morning and again at 6:30 o'clock in the evening. A special program will be given on both occasions honoring the little pals of the members.

All boys of the department are to wear overalls, and all the girls are to wear their cotton wash dresses. The visitors are invited and urged to dress in a similar manner.

The Oakland Eight embodies sixteen years' engineering experience with eight-cylinder automobiles. And every car undergoes approximately 25,000 separate inspections while being manufactured!

That is why mile after mile, month after month—Oakland performs with that unflinching dependability which is, by far, the biggest factor in the continued enjoyment of an automobile.

Yet the very features which give Oakland its superior performance also make it a remarkably reliable car. Its high power is applied to transmission and rear axle in such a smooth, even flow that strain on these parts is materially reduced. And because its reciprocating parts move at an unusually low rate for
