OIL DERRICKS ARE LEVELLED BY TWISTER

Oil Company Reports Chambers County Storm

BRECKENRIDGE FIELD IS HIT

Mexican Boy Struck by Bolt at Seguin

HOUSTON, May 17. (AP)—Two men were injured and between 12 and 15 oil derricks were leveled by a twister at Chambers Hill, in Chambers county, about 5 p. m., Saturday, according to reports received by The Chronicle from the Sun Oil company office here.

Neither of the men was hurt seriously.

The storm cut a path 300 yards wide through the field.

The wind came from the southwest and lasted about 12 minutes, the oil company office reported.

Derricks were leveled like matchsticks by the fury of the wind.

Soon after the wind had passed the path of the twister was strewn with broken timbers and twisted pieces of pipe.

Debris was hurled high in the air and strewn over a wide section of the field.

The derricks were believed to be in a part of the field where the Sun Oil company and the Yount-Lee company are operating.

BRECKENRIDGE, May 17. (AP)—A tornado of small proportions Saturday night swept through an oil field north and west of Breckenridge, topping over half a dozen derricks.

No other property damage was reported, and the path of the storm evidently was not long.

It reached as far northeast as Crystal City, where much of its force was spent, and the only damage reported was uprooted trees.

A rain of an inch and a half fell here as the storm passed. There was no damage in Breckenridge.

SEGUIN, May 17. (AP)—Crus Boles, 10, Mexican, was killed today when lightning struck him as he was standing in the front yard of his home.

Three inches of rain fell here Friday night and early today.

MIAMI, Okla., May 17. (AP)—Mrs. Rosa Rakes, 45, was killed by lightning late today in a strawberry shed on the outskirts of Wyandotte, 10 miles southeast of here.

Paul Rakes, 11, a son, was paralyzed temporarily, and Twila Rakes, 14, a daughter, was made unconscious, but was expected to recover.

The boy crawled to a nearby house for help.

DALLAS, May 17. (AP)—Tornado winds, hail and rain struck in Southwestern Dallas county and in Ellis county tonight, probably fatally injuring a negro near Wilmer and demolishing houses and buildings.

At Cleburne, May 17. (AP)—The fury of a blinding rain and hail storm tore a wild swath across Johnson county tonight, damaging buildings and drenching the countryside. Water stood two feet deep on many streets in Cleburne.

No one was injured, so far as learned, but two houses here were struck by lightning. Rainfall here during the night measured five inches.

Deluge at Enclinal, May 17. (AP)—Three to four inches of rain fell within an hour's time here today, sending arrows on a rampage and damaging power and communication lines.

JURY DECIDES MANY ISSUES IN COMPLICATED SUIT, WHILE LAWYERS ARGUE OVER WHO WON

Who won the suit in which E. Bass Clay is suing W. B. Saulsbury for cancellation of a lease and for damages based on the amount of oil that might have been produced from a well is still a matter of conjecture to the jurors who heard the testimony for a week to Judge Clifford Brady, and to the dozen lawyers of the various plaintiffs and defendants, although the jury returned a verdict Saturday at noon. Trial of the case began Monday and ended Friday night.

Which is to say, the jury answered "yes" or "no" to 20 special issues submitted to them by Judge Brady in his charge. Sometime in the near future, Judge Brady will write out his judgment, after the score of lawyers have delivered arguments as to how the judge should write his judgment, based on the answers of the jurors, and after they have expounded corporation law from scores of law books.

The case was tried under the laws enacted in late years which rob the jury of the power to assess damages and require that the 12 men answer "yes" or "no" to special issues. After the court writes his judgment, the losing party is expected to appeal.

Parties to the suit were International Supply company, and Hindertool company, men holders on material furnished Mr. Saulsbury and Bilbo in the drilling of the well. Mr. Bilbo is trustee for the United Oil Trust. These three parties with Mr. Saulsbury were defendants in the suit. Don H. Cullen was attorney for Bilbo, and Fischer & Fischer of Amarillo were attorneys for the two supply companies. C. C. Cook represented W. B. Saulsbury and Judge Newton P. Willis was counsel for Mr. Clay.

First action in the suit was started over a year ago with the issuance of several injunctions. Two recently were appointed to take charge of the well. C. M. Lyon is the receiver at the present time. Just before the trial, he was refused authority to issue certificates with which to secure money to further develop the well.

Witnesses in the case were Mr. Saulsbury, Mr. Clay, Mr. Lyon, Art Hurst, driller, and T. E. Stinnett, driller.

The defendant introduced testimony intended to show that the well was drilled with "reasonable diligence" and that it never could have been developed into a paying well. The plaintiff's testimony was to the effect that the well would have produced oil in paying quantities if it had been drilled properly. Mr. Clay asked for damages based on the amount of oil that might have been produced had the well been drilled with "reasonable diligence."

The land on which the well is located is owned by Mr. Clay. Saulsbury and Bilbo drilled the well. During the six months that the well was in the receivership of Mr. Lyon, efforts to develop the well into a paying producer failed. Mr. Lyon will have charge of it until Judge Brady writes his judgment.

Jurors in the suit were Everett Hall, Ed Clifton, Ed Elms, Everett Snyder, Harry Gull Tom Porter, Ed Durham, Homer Abbott, J. B. Collier, L. S. Calloway, J. W. Cunningham and M. W. Coolbaugh.

Gray Producing 70 Per Cent of Oil in Panhandle

Gaining all that was lost in the previous week, Gray county's 570 oil wells, increased by eight new producers, flowed 70,847 barrels every day last week, and held the Panhandle area in the group of major pools for the third consecutive week. Approximately 70 per cent of the 103,522 barrels produced in the five Panhandle counties last week came from Gray county wells. The gain in daily production in Gray county over the previous week was 2,599 barrels.

Five new gushers were completed during the week. The largest of these was Humble Oil and Refining company's No. 2 Combs-Worley, 240 ft. W. line, 330 ft. N. line, N1-2 SE, sec. 36, blk. 3, L&GN sur., which was drilled to a total depth of 2,808 feet and had an initial production of 3,500 barrels of oil and 14 million feet of gas.

Gulf Production company's No. 6-A Worley, section 36, block 3, had an initial production of 3,200 barrels and eight million feet of gas from a total depth of 2,808 feet. Magnolia Petroleum company's No. 5 Paulkner, section 30, block B-2, had an initial production of 2,612 barrels and 22 million feet of gas from a total depth of 2,872 feet.

Humble Oil and Refining company's No. 1 Combs-Worley, section 35, block 3, produced 1,470 barrels the first 24 hours, 3500 barrels the second 24 hours; 22 million feet of gas came with the oil from a total depth of 2,855 feet. The pipe line is taking only 1,000 barrels daily.

Gulf Production company's No. 5-A Worley, section 36, block 3, swabbed 150 barrels in 20 hours from a total depth of 2,911 feet. The same company's No. 2 Combs-Worley, section 38, block 3, was shot with 100 quarts from 2,817-45 and produced 420 barrels in 17 hours. The total production of these six wells is 12,387 barrels.

Daily production of counties compared with the previous week follows:

Carson—202 wells, producing 8,664 barrels, a loss of 342 barrels.
Gray—570 wells, producing 70,847 barrels, a gain of 2,599 barrels.
Hutchinson—970 wells, producing 22,893 barrels, a loss of 412 barrels.
Moore—19 wells, producing 535 barrels, an increase of 100 barrels.
Potter—One well, no production.
Wheeler—30 wells, producing 605 barrels, a loss of 316 barrels.
Total—1,801 wells, producing 103,522 barrels, an increase of 607 barrels.

BIG PROGRAM IS OUTLINED IN NEW BODY

Briggs Is Chairman of Movement in Gray

FAIR EXHIBITS WILL BE USED

Plans to Be Made for Period of Five Years

Gray county agricultural advancement took a stride forward here yesterday with the organization of a county agricultural council to co-operate with the home and farm agents.

George Briggs, manager of the Pampa Board of City Development, was elected chairman, and T. A. Landers, editor of the McLean News, was made secretary. The next session of the organization will be held in McLean on May 30.

A committee to plan county exhibits for placing at various fairs was appointed. It is composed of M. D. Bentley of McLean, F. P. Reid of Pampa, E. B. Hendrick of Amarillo, and E. Bacchus of LeFors. Among those attending the first session held at the New Schneider hotel were T. A. Landers, M. D. Bentley, and A. A. Tappke of McLean; J. L. Lester, George Briggs, and Roy McMillen of Pampa; Ralph Thomas, county agent; Myrtle Miller, home demonstration agent; and Frank A. Buckley, dairy specialist with the extension department of the Panhandle Lumber company.

To Promote Fairs

Discussion was started of fairs that likely will be held here and at McLean. Poultry shows will be held at both places. Vocational judging contests will be sponsored. A terracing demonstration will be held in South Gray county after the cotton is picked. Short courses for adults will be held in the last part of August.

General plans will include encouragement of dairying, organization of bull circles, and introduction of more pure bred animals. Demonstration farms in poultry raising will be the source of dependable statistics. Marketing will be given an exhaustive study.

It is proposed to enlarge the membership of the County Agricultural council. Chairman Briggs pointed out that the council would in no way duplicate the work of the county agents, but would supplement the activities of these persons.

Not Against Wheat

He added that the council had no intention to replace wheat farming nor discourage it, but rather to round out the agricultural program and provide means of helping farmers make larger profits. He said that wheat in the north part of Gray county and cotton in the southern portion probably would long be the principal crop, but livestock raising and other profitable farm pursuits were advisable.

Those attending organization of the council were enthusiastic about

He is pictured here with the wife whom he secretly married two years ago in defiance of the military academy's regulations. She is the former Miss Marion Haille of New Orleans, a boyhood sweetheart. Cagle resigned, a month before he was to have been graduated, following disclosure of the marriage.

STATE DEMOCRATIC COMMITTEE IS SHORN OF POWER TO DISBAR BOLTERS FROM TEXAS BALLOTS

AUSTIN, May 17. (AP)—The state Democratic committee was without lawful power in barring as candidates from the 1930 primaries persons who failed to support the party presidential electors in 1928, the Supreme Court held today.

The decision was handed down in the case of Senator Thomas B. Love of Dallas, who sought a mandamus to compel the committee to certify his name as a candidate for governor, after the committee on February 1 adopted resolutions not to recognize 1928 bolters as candidates for state offices.

The committee held, however, that it could not take definite action until it met June 9, the date fixed by law, to certify candidates to county chairmen.

The court ordered D. W. Wilcox of Georgetown, chairman, and members of the committee, to "proceed with their statutory duties as though the resolutions of February 1 had not been adopted," and specified the possibilities of furthering agriculture in the county and in obtaining recognition for it.

The project has the endorsement of Prof. Lester of the Central high school vocational agriculture department and of Prof. Tappke of the McLean school. Roy McMillen is chairman of the agriculture committee of the local B. C. D.

The program of the council will extend over a period of five or ten years, with respect to drafting of plans.

Services of Famous School Bandmaster May Be Obtained for Pampa Central High

Central high school has an opportunity to obtain the services of R. E. (Pop) Frazier of Breckenridge, noted band and orchestra leader.

Mr. Frazier was here yesterday, and a favorable trend in negotiations with him was reported by school officials. A meeting of prospective music pupils, interested patrons, and parents and civic club representatives will be held next Friday afternoon at 2:30 o'clock.

As Mr. Frazier outlined his plan, he would have charge of the high school band and orchestra. He would in addition teach classes in

SENIORS RECEIVE DIPLOMAS FRIDAY

Commencement exercises were climaxed here Friday evening when Principal L. L. Sone presented the Central high school senior class to Supt. R. B. Fisher, who awarded diplomas to the 55 graduates.

The principal scholarships were awarded at the same time. Scholarships of the Association of Texas Colleges were given Miss Vivian Vickers and Delbert Larsh for having had the best four-year averages for girl and boy, respectively. Miss Fannie Florence Sims, acting in behalf of the A. A. U. W. and College club, awarded her organization's \$300 scholarship to Miss Evelyn Carter.

Miss Sims explained that of the \$300, two thirds of the sum constituted a loan to be repaid after he student has finished college.

After the processional at the First Methodist church, the Rev. A. A. Hyde gave the invocation. Miss Audrey Noel, a senior, sang "Teach Me Your Song" (Pearls). Miss Eileen Pengra, salutatorian, gave a brief, well-words talk on "Green and Gold and the Harvest Scene," stressing the truths of harvesting in life. Miss Vivian Vickers, valedictorian, defined "The True Harvester" in terms of school and citizenship.

The seniors then rose and sang "Dear Old Pampa High School" under the direction of Thomas Pannell.

"We are at the beginning of the most enlightened age in history," asserted Prof. L. F. Shelly of Canyon Teachers college in opening his address. He contrasted the conditions of fifty years ago in transportation, science, arts, and medicine with those of today, noting new orders of thought and new responsibilities of citizenship. He declared this to be an age of cooperation of individuals rather than of the work of outstanding leaders.

In discussing demands of the present age, he mentioned a wider outlook on life, specialists in every line of endeavor, time for moral and spiritual development, understanding of the past, fuller understanding of the meaning of life, and development of the art and beauty that can be gotten from modern conditions. Mutual helpfulness, he said, should be the aim of the next century, and this should result in world peace and security without armaments.

After the address, the Pampa Choral club sang two short selections, directed by Mr. Fannell.

School will be officially closed at 1 o'clock Tuesday. Students will not be required to report at any building tomorrow. The faculty of the entire city system will meet in room 202 at 10 o'clock tomorrow morning, and after the final session will spend the remainder of the day in completing records.

Report cards will be issued students of all schools at 10 o'clock Tuesday, when all pupils of the city will be expected in their "home" rooms. The last students will be dismissed for vacation when the buses start on their return routes at 1 o'clock.

Commencement exercises for the Junior high school graduates will be held at 8 o'clock Monday evening at the First Methodist church. The second performance of "The Thirteenth Chair" will be given in Central auditorium at 8 o'clock Tuesday evening by a group of high school students under the direction of Miss Velora Reed.

JURY TAKES 12 HOURS FOR ITS DECISION

Three of Jurors Once Favor Death Penalty

NEW TRIAL TO BE REQUESTED

Convicted Man Says He "Didn't Do It"

DALLAS, May 17. (AP)—John W. Brady, former high court judge, was convicted here today of stabbing to death Miss Lehlia Highsmith, stenographer, in Austin November 9 and his punishment was fixed at three years imprisonment.

The verdict was returned by a jury 12 hours after it received the case last night. It was Brady's second trial, a hung jury having resulted in the first trial at Austin. The case was brought here on a change of venue on a defense motion.

Five ballots were taken, two of them last night. On the first ballot the vote was eight to four for conviction. On the next ballot five were in favor of a suspended sentence and seven for a prison sentence. Three among the seven at that time favored the death penalty.

On the first ballot today ten voted for a three-year prison sentence and two for a life-year sentence. The fourth ballot was unchanged from the third and on the fifth the 12 men agreed on the three-year sentence.

Defense attorneys Maury Hughes and Ted Monroe said a motion for a new trial would be filed.

The 60-year-old defendant wept as the verdict was read and in a voice choked almost to a whisper denied his guilt to his wife who kept her arms around his bent shoulders.

"Darling, I didn't do it—I didn't do it—How on earth did they convict me, darling? I didn't do it." It was the first time Brady had spoken concerning the actual slaying, so far as the record in his trial revealed.

Defense witnesses and attorneys pictured the white-haired man as a person who became insane through the continued use of alcohol. They said liquor had dulled his mind and had reduced him to a shell of his former self.

The woman was killed after she had been brought home by another man.

Twitty to Face Trial Tomorrow

Judged sane by a jury of twelve men, Moncus Twitty, charged with criminally attacking his four-year-old niece, is due to go on trial Monday.

A venire of 75 men has been summoned. Unable to hire an attorney, Twitty will be represented at court by H. E. Florey and C. S. Wortman, by appointment of Judge W. R. Ewing. Curtis Douglass who was also appointed to represent Twitty, on account of having a case come up for trial Monday at Amarillo will be unable to assist Florey and Wortman.

Officers of the sheriff's department said last night there was no change in Twitty's behavior since the jury returned a verdict that he was capable of making a rational defense to the charge against him. He has not spoken in the last ten days, and sits during his waking hours tracing patterns on his overalls.

WEST TEXAS: Cooler Sunday, probably showers northeast portion, partly cloudy Monday.

SANDE RIDES GALLANT FOX TO KENTUCKY DERBY VICTORY

COMBINATION IS TOO MUCH FOR OTHERS

BY ALAN GOULD
Associated Press Sports Editor
CHURCHILL DOWNS, Louisville, Ky., May 17. (AP)—Earle Sande and Gallant Fox proved an unbeatable combination today by galloping through the rain to victory in the fifty-sixth running of the Kentucky derby. The time was two minutes 7 3-5 seconds for the mile and a quarter race.

"Come on, Sande," roared the half-drenched crowd of 50,000, as the great jockey took command of the race on the back stretch and opened a good lead.

Gallant Fox successfully fought off the early challenges of the Kentucky pride, Tannery, then beat back the last surging rushes of Gallant Knight, Crack Brigade, and Ned O.

The heavily played favorite, bearing the colors of William Woodward's Belair stud of New York, won by two good lengths from Gallant Knight, of the Audley farm, G. W. Foreman's Ned O, finishing with a rush, was third, a length and a half behind Gallant Knight, with Gone Away fourth, the last money position, and Crack Brigade fifth.

Tannery, a dismal disappointment, finished eighth and for the first time in years, the highly-regarded E. R. Bradley entries were no where.

Seldom, if ever, in the history of the Kentucky derby has so great and spontaneous an outburst of popular acclaim greeted a victor as the mud-spattered, but smiling and freckle-faced veteran, Earl Sande while the crowd milled and yelled itself hoarse, the traditional wreath of red roses was draped around the colt's neck.

The Earl of Derby, after witness-

ing his first American race, stepped out to bestow the coveted gold trophy upon William Woodward, vice chairman of the New York Jockey club and the owner.

The derby today carried a gross value of \$61,250 and \$50,725 went to the winners, with \$5,000 to Gallant Knight, \$3,000 to Ned O, and \$1,000 to Gone Away.

Gallant Fox, favorite, paid the short price of \$4.38 for each \$2 mutual ticket to win, \$3.76 to place, and \$3.42 to show.

Gallant Knight, which furnished a surprise of the race by galloping home second, paid \$14.60 to place and \$3.78 to show. The price on Ned O to show was \$10.34.

The final order of finish, showing jockey, owner and margin of lengths by which places were separated:

1. Gallant Fox, E. Sande, William Woodward, 1.
 2. Gallant Knight, H. Schutte, Audley farm, 1 1-2.
 3. Ned O, J. D. Mooney, G. W. Foreman, 1.
 4. Gone Away, M. Garner, William Ziegler, Jr., 2.
 5. Crack Brigade, G. Ellis, Thomas M. Cassidy, head.

Clingman Will Have Workout Today in Japanese Garment—the Kimono

Otis Clingman's first work-out in a Japanese kimono in the jiu-jitsu style of wrestling will take place this afternoon at 3 o'clock at the Pla-Mor. At that hour every day next week until Thursday night when he meets Iota Shima, Otis will practice wrestling as the Japanese does. This consists chiefly in choking one's opponent until he is black in the face with the collar of the kimono. Sometimes one picks up his opponent by the kimono and hurls him against the ceiling. Other times he knocks him out by hurling him hither and thither. Otis invites his fans down to watch him each afternoon.

Yesterday Shima accepted terms of Otis' contract for another wrestling match between them. At least one of the falls will be wrestling.

SENATORS IN FRONT WITH ANOTHER WIN

WASHINGTON, May 17. (AP)—Bunching hits behind the effective pitching of Thomas, the Senators again defeated Philadelphia today, 16 to 5, increasing their lead for the first place in the American league.

The locals started in the first inning when West doubled, and scored on a forced out and an error. Philadelphia took the lead in the second when three singles and West's wild throw counted for two runs, but Washington came back in the third and score six runs on six single, a walk and an error, forcing Shores from the box. Philadelphia drove Marberry from the box in the next inning when

three singles and Fox's home run accounted for three runs. West's home run with two on in the fifth and a single and a wild throw by Shag added four for Washington while three single, an error and a double counted for five in the seventh.

TRUTH

Stranger Than Fiction

A kettle that sang a popular song!

Volcanoes help to make teeth!

An elephant can plow over an acre of ground a day at 1/4 of the cost of plowing by tractor.

You'll feel like singing too, once you step into one of our new Spring suits. Styled right, tailored right and priced right!

You would have to travel a long way to find better values than those which we are offering in our Spring suits.

It might be cheaper to plow by elephant, but we doubt if the tractor companies are seriously worried over this form of competition. And while it is true that clothing may be bought below our prices, we seriously doubt if it is the same quality and style.

CHEVROLET

IT'S WISE TO CHOOSE A SIX

These modern features make it wise to choose a Chevrolet Six

In selecting a low-priced car, bear these all-important facts in mind:

The new Chevrolet is a Six—and six cylinders make a wonderful difference—in smooth, quiet, flexible, long-lasting motor car performance.

Chevrolet also offers the all-weather security of perfectly equalized four-wheel brakes that are completely enclosed, both front and rear, against mud and water.

Chevrolet gives you the comfort and safety of four long semi-elliptic springs, which are mounted in the direction of car travel, and are controlled by four Lovejoy hydraulic shock absorbers.

Chevrolet uses the modern "pump" method of fuel supply, which makes it possible to mount the gasoline tank

In the rear, away from the engine and car occupants. Chevrolet is the only car in its price field that offers Body by Fisher. And that means not only the style, smartness and distinction of costly cars, but it means **hardwood-and-steel body construction**—the strongest, safest and most durable type known to the industry.

Chevrolet provides every feature of modern coachwork—adjustable driver's seat; Fisher non-glare windshield, twin-beam headlights, form-fitting cushions, long-wearing upholsteries, and high-grade hardware.

Finally, don't forget that you can enjoy all these advantages without added expense for operation or upkeep. The new Chevrolet costs no more for gas—for oil—for tires—for service. Moreover, Chevrolet's new Owner Service Policy provides for free replacement, including both parts and labor, of all materials within the terms of Chevrolet's standard warranty.

Allred Opens His Campaign Where He "Left Off"

ALVARADO, May 17. (P)—James V. Allred, former district attorney at Wichita Falls and candidate for attorney general in 1926, fired the opening gun in his campaign for the Democratic nomination for the attorney generalship here today.

In a speech prepared for delivery here today he declared: "I am starting in right where I left off four years ago, in the same county where I made my closing speech for office in 1926."

"The majority of people in Texas feel, I believe, that I am entitled to the office, since I was barely 'nosed out' before and did not ask for a recount, though urged to do so."

"Two years ago, when it was reported that Claude Polard, who had been my opponent, was going to resign, my friends in Young county placed my name on the ticket. I withdrew as his opponent upon his statement that he did not intend to resign but expected to fill out his second term."

"As a matter of fact, he only served eight months of that second term and resigned, which he had the right to do so."

"I have nothing personally against the man Dan Moody appointed but more than 350,000 people endorsed my candidacy at the polls and I am going to ask others to join with them this year."

Allred further declared that he was basing his race upon "the simple platform of fair interpretation and enforcement of the law."

Daniels Explains Hoover Statement

DALLAS, May 17. (P)—Josephus Daniels, former secretary of the navy and a delegate to the general conference of the Southern Methodist church here, tonight issued a formal statement meant to correct what he said was misinterpretation of statements credited to him earlier today.

The statements, he said, were made in executive session, and had been "erroneously quoted." They did not, he made clear, "reflect in any way on Herbert Hoover."

The statements to which he referred were that Hoover had made no positive declaration on the prohibition question.

"I said in executive session that Mr. Hoover was 'no crusader for prohibition,'" Daniels' statement said. "But I did endorse his plans to strengthen and enforce the law."

I also said in executive session from which my words have been garbled and handed to the press that I considered the worst blow struck at prohibition was the repeal statement of Dwight Morrow, understood to be Hoover's candidate for senator from New Jersey.

"I said also that I was with him on all measures so far, but I advised that it was a mistake to think that Herbert Hoover was a crusader for prohibition, or to think he would put prohibition ahead of the Republican party."

RESIDENCES IN LEAD BUILDING DURING WEEK

Permits for the construction of six residences to cost a total of \$22,100 were issued by F. E. Townsend, city building inspector, during the last week. This amount raised the total for the year to \$337,733. Last week Pampa ranked sixth among Texas cities in building permits with \$27,500.

Mrs. Anna McAfee is building a brick veneer residence at the northeast corner of Buckler avenue and Gray street at a cost of \$7,500. W. Mullinax is the contractor.

Z. H. Mundy is erecting a brick veneer residence on lot 7, block 30, original addition, at a cost of \$6,000. Mr. Mullinax is contractor.

E. E. Reynolds is building a brick veneer two-story residence with garage in the Cook-Adams addition, lots 17 and 18, block 6. Amount of the permit was \$3,500. Mr. Mullinax has charge of construction.

Walter Butler was issued a permit to build a \$2,600 frame house in the Alexander addition. E. L. Kennedy has the building contract.

S. A. Burns began construction of a \$1,500 frame house, also in the Alexander addition. Charles I. Hughes is building a tile-stucco residence in the Cherokee addition at a cost of \$1,000.

Irene Reider, operator for the Southwestern Bell Telephone company, will spend the week-end in Dallas.

Royal Neighbors of America At Meeting in Borger Select Pampa As Next Meeting Place

Pampa was selected as the convention city for the next district meeting of the Royal Neighbors of America, as representatives of the Pampa, White Deer, Stinnett, Groom, Panhandle and Borger lodges brought their semi-annual session in Borger to a close Thursday night. The convention here will be held in the autumn, by unanimous vote.

Several hundred members of the lodges in the district, almost the entire membership from Amarillo, and visitors from Dalhart attended the meeting in Borger.

State officers and officers of the R. N. A. supreme camp assisted in the installation of district officers and the initiation of more than 100 candidates.

A parade composed of Borger members, visitors, candidates and juveniles was held at 1 o'clock, followed by a school of instruction conducted by the state and supreme officers. A drive through the city and the oil fields was sponsored by the Borger Chamber of Commerce, and a free banquet was given in the evening for all visitors and candidates. Drills following the initiation ceremonies were open to the public.

Pampa's delegation to the convention included the following: Mrs. Marguerite Fussell, Mrs. Allie Moore, Mrs. I. C. Hull, Mrs. Mabel Turner, Mrs. Minnie Fisher, Mrs. Della Dillon, Mrs. J. G. Stroup, Mrs. Alice

Fager, Mrs. Fred Evans, and Mrs. L. T. Porter.

Madonna Class Formed by Members of Central Baptist Congregation

The Madonna Sunday school class of the Central Baptist church was organized Thursday afternoon at a delightful social gathering in the home of Mrs. George Berlin.

Twenty-two members were enrolled, and the following officers were elected. President, Mrs. George Berlin; first vice president, Mrs. Douglas Evans; second vice president, Mrs. O. L. Beaty; third vice president, Mrs. Nunley; secretary-treasurer, Mrs. D. L. Lunsford; group captains, Mrs. Doc Coffey and Mrs. Burns; reporter, Mrs. M. M. Rutherford.

Refreshments in two dainty courses were served at the tea hour. In addition to those named, the following were charter members of the class: Mrs. Ray R. Hungate, Mrs. Hopkins, Mrs. L. A. Anderson, Mrs. Kirby, Miss Kate Anderson, and the hosts.

Mr. and Mrs. Frank Robinson were among the Pampans attending functions incident to the Shrine ceremonial in Amarillo last Thursday, and were among the guests at a dance that evening.

left Friday for Clarendon, where they will visit relatives.

Mrs. J. L. Lester Gives Kitchen Party For Primary Teachers

Mrs. J. L. Lester, primary supervisor of the city schools, entertained the teachers of her department and a few other guests, yesterday morning, at a cleverly planned kitchen party in the home economics department of Central high school.

Miss Julia Mae Barnhart of the Lamar faculty and Miss Beulah Hall of the Baker faculty, whose weddings will be early summer events, were the honorees of a kitchen shower.

Each guest made a tea towel during the party, and the collection was divided between the brides-elect. Later, a negro rag doll filled with small utensils was given each of the complimented guests. Light refreshments were served at 11 o'clock.

Mrs. Lester's invitation list included the following: Mrs. Annie Daniels, Mrs. C. T. Hunkapillar, Mrs. Floyd McConnell, Mrs. R. B. Fisher, and Miss Josephine Thomas, special guests; Mrs. J. B. Austin, Mrs. J. G. Killian, Mrs. M. A. Craft, Mrs. Catherine Wilkerson, Mrs. E. F. Strickland, Mrs. C. C. Cockerill, Mrs. Peddicord, Mrs. J. I. Bradley, Mrs. Tom Morris, Mrs. B. G. Gor-

don, Miss Julia Mae Barnhart, Miss Jewell Montague, Miss Cleo Snodgrass, Miss Opal Snodgrass, Miss Ellen Smith, Miss Nettie Sims, Miss Mary Nell Crane, Miss Mildred Steward, Miss Vica Cox, Miss Sarah Campbell, Miss Clarice Fuller, Miss Martha Wulfman, Miss Beulah Hall, and Miss Eutha Henry.

Baker Faculty Is Honored with Indoor Picnic at the School

Teachers and patrons of Baker school had their last social gathering Friday afternoon at an indoor picnic given by the Baker Parent-Teacher association for the faculty.

A delicious picnic lunch was served at the school building, with all the faculty and a large group of the P. T. A. members enjoying the occasion.

Mrs. T. J. Considine of Amarillo was in Pampa for the latter part of the week to attend commencement exercises of the high school graduating class, of which her grand-son, Tom Braly, was a member. She was a guest at the home of her daughter, Mrs. Clifford Braly.

Young Pampa Matrons to Broadcast Musicals This Afternoon at 2

Mrs. Roy West and Mrs. R. W. Coleman, daughters of Mr. and Mrs. C. E. Hutchins of this city, are to broadcast a half-hour program of piano, vocal, and whistling numbers this afternoon from station KORS, Amarillo, beginning at 2 o'clock.

Mrs. Coleman plays and Mrs. West whistles and sings. The program they are to give includes classical, sacred, and popular music.

Mrs. S. A. Beavers and her little son, Allen Ray, are to leave this morning for visits with relatives in Oklahoma City and Joplin, Mo. They will be away two weeks.

Staff of Fine Personnel to Head Harlingen Convention of B. & P. W. Clubs Next Month

HARLINGEN, May 17. (Special)—Women leaders in Texas business and club life are the outstanding figures in the Texas Federation of Business and Professional Women's clubs, which will have its convention in the Rio Grande valley, June 9, 10 and 11, with Harlingen as headquarters.

Miss Daisy H. Peake of Temple, the only officer of the National Federation of Business and Professional Women's clubs from Texas, and second vice president of the national organization, will be an honored speaker. Miss Leake served as president of the Temple club for two years. She later became state program chairman and, afterwards, state vice president. For two years, 1927-28, and again in 1928-29, she served as president of the Texas Federation. Miss Leake, who was born and reared in Temple, engages in the insurance business.

Miss Mary Jane Higgins of Fort Worth is president of the state federation. A charter member of the Fort Worth club, which is now eight years old, she has served as both secretary and first vice president. In 1928 Miss Higgins served as regional transportation chairman for the states of Texas, Oklahoma, Arkansas and Louisiana. In 1927 she served as state emblem chairman. In 1928 Miss Higgins was first vice president, and in 1929 was elected to the presidency. Miss Higgins is cashier in the treasury department of the Chicago, Rock Island, and Gulf Railway company.

Miss Julia O'Brien of Brownsville, first vice president of the state federation, was organizer of Brownsville club in September, 1925, serving as its president for two years. In 1928 Miss O'Brien was second vice president, and in 1929 became first vice president of the state federation. Miss O'Brien serves as conference chairman of district four, which includes the Valley Federation of nine clubs, Corpus Christi, and Bayville. She is also state chairman of the international relations committee.

Mrs. Blanche Fulham of Harlingen, president of the Valley Federation, which includes the clubs of Brownsville, San Benito, Harlingen, Mercedes, Weslaco, Donna, McAllen, Edinburg, and Raymondville is in charge of the convention. Mrs. Fulham has been president of the Harlingen club and treasurer of the state federation. She served as chairman of the nominating committee at the state convention in Temple, 1929.

Other officers of the state federation include: Mrs. Virginia Leberman, Austin, an owner of the Christianon-Leberman studios, who was for several years president of the Austin club and is now second vice president of the state federation; Miss Mary D. Lillyerstrom of Beaumont, who at one time was president of the state federation of Iowa, and is now state secretary; Miss Rhoda Murray of Fort Worth is corresponding secretary. Miss Ann Stallworth of Cameron has been treasurer for two years. Miss Ollie Mooty of Temple is editor of the state federation monthly magazine, The Texas Woman.

Plans are under way for the Pampa Business and Professional Women's club to have a delegation

Social Calendar

TUESDAY: Mrs. Lynn Boyd will entertain Amusu bridge club at her home at 2:30 o'clock.

WEDNESDAY: The Women's auxiliary of the Presbyterian church will meet in the home of Mrs. Dave Pope at 3 o'clock.

The Woman's auxiliary of the Episcopal church is to meet at 3 o'clock in the home of Mrs. C. P. Buckler.

Circle 1 of the Methodist Missionary society will meet in the home of Mrs. George H. Wallace; Circle 2, in the home of Mrs. C. T. Nicholson; Circle 3, in the home of Mrs. H. F. Barnhart; and Circle 4, at the home of Mrs. Albert Wood. All sessions will open at 3 o'clock.

THURSDAY: Cornus Club will give a dance at the Schneider hotel at 9 o'clock, with Joe Norman's orchestra playing.

Fifth Birthday Is Celebrated Friday With Party for Ten

Martha Frances Pierson's fifth birthday anniversary was delightfully celebrated Friday afternoon at a party given by the little girl's mother, Mrs. Luther Pierson.

Games filled the happy hours for the small honoree and nine friends before the gift packages were opened and the refreshments served. A big pink basket concealing the presents and a pink birthday cake topped with pink and white candles divided attention at the refreshment table. At each cut was a pink basket filled with candy.

The following children shared the occasion with Martha Frances: H. M. Lister, Jr., Norma Lee Dickinson, Alice Marie McConnell, June Rose Hodge, Jesse Hamilton, Mary Lee Morris, Jerry Moore, Sybil Marie and Patay Anne Pierson.

Four or more at the Harlingen meeting. These will be elected at a regular meeting to be held on the evening of May 27.

"Neighborliness" Is Subject of Helping Hands Club Program

A program discussion on "Neighborliness" was held by members of the Helping Hands club last Thursday at its meeting in the home of Mrs. W. S. Paris at Laketon. Mrs. Clyde Bebe was leader in round tables on the following subject: Lasting Qualities of Good Neighbors; Why We "Wear Out" With Our Neighbors; Some Neighborly Traits I Admire in My Community.

The first number of the program was "The Eyes of Texas," sung by the entire club. The final number was a recitation by Mrs. Herman

Jones, who read "The House by the Side of the Road."

A business session preceded the discussion of the program subject. Mrs. Charles Talley, chairman of the year book committee, distributed the year books recently completed for the clubs of the county. Plans were made for a picnic for the club members and their families on May 29. A parliamentary drill was ably conducted by Mrs. Wm. Close.

Dainty refreshments were served during the social hour following the business meeting and program. Eight members and two guests enjoyed the occasion.

S. A. Lafon of Dallas transacted business in Pampa yesterday.

Mrs. Roy Sewell Is Elected Head of Local Eastern Star Chapter

Mrs. Roy Sewell, associate matron of the Pampa chapter of the Order of the Eastern Star for the last year, was elected worthy matron Friday evening in the annual election of the chapter, to succeed Mrs. Wilson Hatcher. Mrs. W. C. de Cordova was chosen for the office formerly occupied by Mrs. Sewell.

J. H. Lutz succeeded T. H. Barnard as worthy matron of the chapter, and L. N. Gomillion in turn succeeded Mr. Lutz as associate patron.

Other officers chosen were: Secretary, Mrs. Artie M. Shepard, re-elected; treasurer, Mrs. W. F. Vincent; conductress, Mrs. W. C. Mitchell; and associate conductress, Mrs. O. K. Gaylor.

Don appointive officers will be named by Mrs. Sewell before the installation at the next regular meeting, two weeks hence.

Following the election, a memorial service was held for the founder of the Order of the Eastern Star, Rob Morris, and for the members who had died within the jurisdiction of Texas in the last year. Mrs. Hatcher was in charge of the service, assisted by Mrs. T. H. Barnard, Mrs. W. B. Rose, and M. P. Downs. Thirty-four members attended the meeting.

George Briggs will leave Monday for a business trip to Enid, Okla. J. R. Walling of Hobbs, N. M., was a visitor here yesterday.

Three Girls' Clubs Have Demonstrations on Sewing Problems

Sewing schools held during the past week were events of interest to 4-H club members of the Back and Laketon communities. Improved methods and new finishes were taught by Miss Myrtle Miller, home demonstration agent, at both meetings.

Members of the Back 4-H club met Tuesday at the home of Mrs. Bud Back, with Alvale Back hostess to other members of the organization. The following attended the school: Vena McDougal, Edna Davis, Jewel and Dorothy Willis, and the hostess.

The Laketon club girls met at the home of Mrs. John R. White on Thursday in an all-day session. Mary Sue White assisted her mother in serving a noon luncheon to the group. Club members at the school were: Alpha and Alta Davis, Willie Mae Norris, Mary Sue White, and the local leader, Miss Florence Jones. Mrs. Springer was a visitor during the afternoon.

The Alameda 4-H club combined subject reports and a sewing circle session in their last meeting which was held Wednesday at the school building.

Geraldine Kiser had the outstanding productive record at the meeting, reporting 75 short rows of vegetables planted this spring.

Button holes made by the girls since their last meeting were inspected by Miss Miller, home demonstration agent. Work of the morning included a demonstration and practice in mitering corners for household linens.

The club members present were: Kathleen Hugg, Lorene Terhush, Mary Fannie Steger, Opal Oakley, Elsie and Monte Pae Gillson, Lena Green, Burness Blackney, Pearl Glenn, Agnes Wardford, Geraldine Kiser, Lois and Lottie Bell Burdine.

Alameda Club Holds All-Day Demonstration Meeting Wednesday

ALAMEDA, May 17. (Special)—Members of the Alameda home demonstration club held an all-day meeting Wednesday at the home of Mr. and Mrs. S. B. Kiser, where three very interesting demonstrations were given by Miss Myrtle Miller. A luncheon was served at noon, with husbands and children of the members present.

The first lesson of the day was on home manufacture of American cheese from whole milk. Successful demonstrations were on making braided rugs from gunny sacks and braided mats and rugs from discarded silk hose and knit wear. Mrs. Kiser started a rug in which she was using gunny sacks, and Mrs. J. T. Blackney started a braided mat, using hose and knit wear. Year books containing the program of the Gray Academy for the year were distributed.

Following is the list of club members and visitors who attended: Mrs. Ollie Elliott, Mrs. M. C. Burdine, Mrs. T. E. Crisp, Mrs. R. H. Clemmons, Mrs. E. A. Slavin, Mrs. J. T. Foster, Mrs. E. R. Sherrod, Mrs. Add Frock, Mrs. Arnold Steger, Mrs. G. Frock, Mrs. S. Johnson.

REV. HARRIS IS ILL

John Lee Harris, assistant pastor of the First Baptist church, is ill at the home of his mother in Dublin, after having a difficult dental operation at a Dallas hospital, and will not be back in Pampa for several days, according to messages sent here.

As soon as he is sufficiently recovered from the first operation, Mr. Harris will undergo a similar one at the same hospital. He left Pampa last Sunday night.

Mrs. Mary J. Purvis, who was called to Mari two weeks ago by the serious illness of her daughter, Mrs. A. Walker, plans to return to Pampa within the next few days. Mrs. Walker is much improved, according to messages sent here.

Mr. and Mrs. C. L. Thomas and family, Mr. and Mrs. E. F. Thomas, and Miss Josephine plan to leave Wednesday to visit relatives in Tazewell county, Virginia, and at various points in Tennessee. They will spend a short time in Washington, D. C., during their three weeks away from Pampa.

Arthur Silvershaw has accepted a position with the Panhandle Hardware and Implement company.

Mrs. Mel Davis and her brother-in-law, Ed Dunigan, returned from Fort Worth Friday, bringing with them Mr. Dunigan's little daughter, Patricia Ann. Miss Ruth Rittenhouse, who is employed with a firm of Dallas architects, accompanied them home and is visiting her parents, Mr. and Mrs. L. G. Rittenhouse, and her sister, Mrs. Earle Scheidt.

'Montana Moon' Welcome Relief in Local Movies

"Montana Moon," Metro-Goldwyn Mayer's musical western picture starring Joan Crawford with a supporting cast which includes John Mack Brown, Dorothy Sebastian, Ricardo Cortez, Cliff Edwards, Benny Rubin, Karl Dane and Lloyd Ingraham will open today at the Rex theatre.

The production was directed by Malcolm St. Clair from an original story by E. Vivia Thalberg and Frank Butler. Music was contributed by Nacio Herb Brown, Arthur Freed, Clifford Grey and Herbert Stothart.

Information is that the picture is a welcome relief from the time-worn drawing room dramas which have been flourishing on the screen for some time, in the respect that it was filmed almost entirely out of doors and in a section of the country rarely used as a locale for film plots. This was in the San Jacinto mountains, 200 miles north of Los Angeles and 5,000 feet above sea level. It is said that this site was expressly chosen for the magnificent views afforded the camera, the report being that studio scenery except for interiors, was totally discarded for this picture.

As a further bid for realism, it is reported, the company refused the services of its Hollywood extras who would have appeared "green" in the roles of cattlemen and cowpunchers. Instead, the entire force of cowboys on one of the larger ranges was employed as "atmosphere." It is said that St. Clair took advantage of this opportunity to ferret out fifty cowboys who could sing to make up the first cowboy chorus, singing their own western ditties, ever to be heard on the screen.

Announces Candidacy

DALLAS, May 17. (P)—W. W. Smoak, lay delegate to the general conference of the Methodist Episcopal church, South, today announced that he would be a candidate for the Democratic nomination as governor of South Carolina at the next election, expecting the support of temperance groups in the state.

Brunk's To Liberal

Henry J. Brunk, and his thirty players, closed a successful week in Pampa last night with the presentation of his famous "Toby" comedy "Where's My Teddy." Large crowds greeted the players each night although much rain fell during the week. They showed under the auspices of the Pampa Volunteer fire department. The Brunk players will be in Liberal, Kans., this week, then they go to Colorado for most of the summer.

Konjola Proved Real Boon to Amarillo Man

Stomach Trouble and Nervousness Prove no Problem to Power of New Medicine

MR. NEIL KINARD

"For quite some time I was troubled with my stomach," said Mr. Neil Kinard, 2101 Polk street, Amarillo. "I bloated after meals and my appetite was growing less. These gas pains caused me to become extremely nervous and I was losing weight and becoming badly run down. My liver was sluggish and my blood was in very bad condition. I tried several kinds of medicine over the period of my illness but I could get no relief from any of them. A friend of mine suggested Konjola."

"From the first few doses I knew this medicine was helping me. My appetite increased and I began to eat heartily without the after effects of gas. I slept much better and was becoming rid of that tired and worn out feeling in the morning. As I continued the treatment I began to gain in weight as my entire system became toned up. I can truly say that I think Konjola a wonderful medicine."

Konjola is designed to give quick, thorough and lasting relief. Like any worthwhile medicine, Konjola should be taken over a period of from six to eight weeks. When so taken, the results will amaze you as they have thousands of men and women.

Konjola is sold in Pampa at the city Drug Store, and by all the best druggists in all towns throughout this entire section. Adv.

Nye Wires for Election Records

WASHINGTON, May 17. (P)—Alarmed by "well grounded reports" of an attempt "to alter election returns" in the Pennsylvania senatorial primary Tuesday, Chairman Nye, of the senate campaign funds investigating committee today wired state attorneys in three counties to forward the returns to Washington. Plans for a close check-up by the senate committee on Tuesday's election to decide the race between Senator Grundy and Secretary Davis for the senatorial nomination will be determined at a special meeting Monday.

It appeared likely Chairman Nye and possibly all five of the committee members will go direct to the polls at strategic points to watch the Pennsylvania primary.

If conditions warrant, Nye is ready to call immediate hearings on the Pennsylvania situation next week. His fears of a scheme to alter the returns were expressed after a personal investigation this week, but he would not amplify.

Ponies Lose Another

AUSTIN, May 17. (P)—The Ponies made it 18 defeats in a row today by dropping the second of the pair to Billy Ditch's Longhorns by the score of 6 to 2.

Mesdames Roy Simpson and H. D. Baker were visitors to Amarillo Friday.

Drive for Votes in Tariff Battle Is on at Capital

WASHINGTON, May 17. (P)—Intensive drive for votes were under way in the senate today preparatory for Monday's critical test on the tariff bill.

Republican leaders worked to swing four or five votes to enable them to gain a decision against the export debenture and legislative flexible tariff provisions, opposed by President Hoover and the house.

Democratic chieftains marshalled all available strength to repeat their former victories on the two amendments. They were promised the support of Republican Independents

who helped the minority write the disputed provisions in the bill.

President Hoover has refused to take a hand in the controversy. The house has turned down the senate's debenture and flexible proposals by big majorities and its conferees have refused to negotiate further with the senate managers until the latter are given authority to work out a compromise.

The senate conferees, pledged to insist on acceptance of the proposals, will ask the senate Monday to relieve them of this tie.

An enlarged parole program has been inaugurated by the Missouri State parole board, twice as many cases being heard each month as in the past.

Moody Asserts He Gave No Order to Hamer on Shooting

DALLAS, May 17. (P)—Gov. Dan Moody of Texas today stated personally to the Associated Press that he had not by any method instructed Ranger Captain Frank Hamer to protect a negro lynched May 9 at Sherman, Texas, but not to shoot anybody.

Gov. Moody said that he had received clippings from all over the United States carrying editorials dealing with the erroneously reported statement that he had sent such a message to Hamer.

A search of the files of telegraph and telephone company offices failed to disclose any communication of

the governor with Hamer until after the Sherman courthouse had been burned and the negro suffocated in a vault and Hamer had gone to Howe, Texas, to report on what had occurred.

Select Evansville

OLNEY, May 17. (P)—Delegates to the 100th annual general assembly of the Cumberland Presbyterian church today selected Evansville, Ind., as their next meeting place.

Dr. C. A. Galloway, pastor at Evansville, extended the invitation. San Antonio announced through August Kirsch that it would extend an invitation for the meeting two years hence.

The women's board of missions heard committee reports today, in preparation for adjournment tomorrow.

Pampa High School has just harvested its annual crop of graduates. Next to getting married graduation is the most pleasant event in your life; and we know a good many who will vote for graduation.

We made delivery this week of a Model 526 International Six Cylinder speed truck with trailer and winch to Mike Roche. This is the prettiest little job you ever saw.

A Bad Sign
Some people think it is a bad sign to raise an umbrella in the house, but it is a worse sign not to have a house to raise one in.

That brings on the inevitable subject of the weather. If the ground had been as well saturated last week as the atmosphere, it would have been fine. However, it all helps.

"Why does Jones attribute all his success to his wife?"
"Just to convince her that he is a success I suppose."

We are convinced that the Round Oak is the best Gas Range on the market, because it has an insulated oven, and a four way heat circulation that gives perfect baking results.

We want to remind the farmers right at this time that it is only six weeks until harvest. It is a mighty good time to buy repairs and have your machinery in A-1 condition.

A man's sphere right now seems to be on the golf links or the ball ground.

The only fish story we know this week concerns Mel Davis and Eddie Thompson, and it is too unreasonable to tell. Besides we don't think any West Texas fish would undertake to gnaw a hole in the bottom of a boat.

LONG BATTLE ENDS AT 3-3 TIE AT DUSK

SAN ANTONIO, May 17. (AP)—Battling two and a half hours, the San Antonio Indians and Dallas Steers were deadlocked with the score three and three in the eleventh inning when Umpire Ziggy Sears called the game on account of darkness.

George Darrow matched his southpaw slants against Paul Wachtel's spitball delivery, and while the Indians outbit the Steers 9 to 5 they were retired at critical stages when Wachtel was at his best.

Darrow walked a dozen batters, four intentionally, and struck out seven, while Wachtel walked seven batters, one intentionally, and fanned two.

Triple Does It

PITTSBURGH, May 17. (AP)—Adam Comorosky's triple, scoring two runs in the eighth inning gave Pittsburgh a 7 to 5 victory over Cincinnati here today.

The Pirates went into the eighth trailing by one marker. Donahue had taken May's place on the mound but was greeted with four hits, including Comorosky's triple. He was then replaced by Campbell.

Kremer, who started for the Pirates, was lifted for Brickell to single for him. Sweetonic finished, fanning two of the three men to face him in the ninth.

American Tennis Stars Beat Canada

PHILADELPHIA, May 17. (AP)—The United States Davis cup tennis team goes forth to meet the Mexican racquet wielders at Washington, D. C., next week with a clean record of five victories and no defeats in its elimination contest with the Canadian tennis players here this week.

After the United States team had won two singles matches and one doubles contest yesterday to earn the right to meet Mexico in the remaining American some tie, John Doeg, of Santa Monica, Calif., and Wilmer Allison, Austin, Tex., today added two more victories to the count.

Doeg defeated Dr. Jack Wright, of Canada, 6-2, 6-3, 6-2, and Allison followed this up by winning from Marcel Rainville, Canada, 6-2, 6-2, 7-5.

CHILDREN ARE KILLED IN DYNAMITE EXPLOSION

UNION, W. Va., May 17. (AP)—Four children who were at play and two workmen were killed near here today when six boxes of dynamite exploded in a storage house at a rock quarry.

One of the workmen was believed to have been preparing the dynamite for a blast when it let go.

The explosive was being used by A. B. Ery of Roanoke, Va., subcontractor of a road improvement project.

Markets

JACK-FROST HELPS
CHICAGO, May 17. (AP)—Jack Frost chased the wheat market uphill toward the last today more than overcoming downturns that had followed successive advances during the last four days. There was snow and sleet in various sections West and Northwest.

Closing quotations on wheat were nervous, 1/8-1/4c a bushel higher than yesterday's finish. Corn closed 1/4c off to 1/4c up and oats unchanged to 1/4c down, and provisions unchanged to a rise of 2c.

Announcement that export purchasing of North American wheat today amounted to 1,000,000 bushels and that the aggregate in the last three days is about 4,000,000 bushels helped the upward swing of prices near the end of the day.

Provisions were slightly firmer, aided by steadiness of hog values. Closing indemnities: Wheat—July 1.05 1/4-1/2; 1.08 1/4-1/2; Sept. 1.08 1/4-1/2; 1.11 1/4-1/2; Dec. 1.13 1/4-1/2; 1.15 1/4-1/2; Corn—July 81 1/4-1/2; 83 1/4-1/2; Sept. 82 1/4-1/2; Dec. 76 1/4-1/2; 78 1/4-1/2.

Cattle Supplies Uneven

KANSAS CITY, May 17. (United States Department of Agriculture)—An uneven daily distribution of cattle supplies around the eleven market circuit this week made for a rather erratic market. Strictly good and choice heavy steers were steady to 25c lower than a week ago but the rank and file of fed steers and yearlings are 25 to 50 lower. The average cost of replacement steers shipped out of Kansas City fell under the 10.00 mark. Receipts

Oklahoma Man Kills Wife and Slashes Throat

DUNCAN, Okla., May 17. (AP)—W. W. Byrom, 76, a dairy man near Duncan, killed his wife late today by slashing her throat with a razor and then cut his own throat. He was not expected to live.

"She was ready and wanted to die," Byrom said of his 74-year-old wife. "I wanted to go when she did. I hope I don't get well."

Both had been ill for months. Mr. and Mrs. Byrom had been married more than 20 years. Mrs. Byrom was the mother of four children by a previous marriage and Byrom was the father of seven.

168 Pay YOUR Bills Promptly

Your biggest asset.

GOOD-AS-GOLD CREDIT

Can your doctor, your lawyer, your grocer, your hardware, lumber, furniture, dry goods and clothing dealer say this about you. "What a Grand and Glorious Feeling" to look all men squarely in the face and know that you hold their respect as a man who pays his bills.

To let your bills go unpaid doesn't promote good will, and it isn't fair. Put yourself in the place of your creditor. Wouldn't you feel that "square shooting" means prompt payment.

THE PAMPA BUSINESS MEN'S ASSOCIATION has for the past few weeks been conducting an extensive drive for new members. In this we have met with splendid success. Now the membership of this association comprise representative firms in Pampa, Skellytown and Lefore and ranks in efficiency comparatively well with cities of many more thousand population.

Grocerymen, hardware dealers, professional men and general merchants in these towns now comprise the membership. If your credit rating is good in any one of these communities it is good in all of them; if it is bad it is likewise known in the office of this association and the members are entitled to receive information merely by asking for it.

Every class of business is represented in the association and are making reports as to how their customers pay their bills, whether they pay when due, whether they are slow or whether they let accounts drag along over an indefinite period. Hot checks are also recorded on cards.

It is the intention of the association to extend the field of their operations to take in the communities of McLean, Alanreed, Groom and Miami, thus being able to enlarge their card index until they will have the rating of every man and woman within the radius of Pampa's trade territory, and with the co-operation of other associations in surrounding towns the rating of every resident of the Panhandle can be given within just a few minutes after inquiry is made. The co-operation of the business and professional men is vitally necessary toward this.

The HEART-BEATS of CREDIT

THE heart beats of credit indicate *are your promptly paid bills.....* the health of the whole body of commerce. Prompt payment is indeed the lifeblood of business. At the heart is the consumer. By paying promptly for his goods or service he enables the dealer to make prompt payments also. Good collections keep down the manufacturer's costs, the ultimate result being lower prices and a stimulation of trade. The responsibility rests with you and you and YOU.

PAY YOUR BILLS PROMPTLY

You Make Your Credit Rating We Merely Keep Records of your Transactions

HOW THE BUSINESS MEN'S ASSOCIATION OPERATES

We wish to call the attention of the general public to the fact that the Business Men's Association is not a collection agency. Neither is it engaged in the occupation of giving a man a credit rating. Every man rates himself by his method of doing business. Mr. A. is engaged in business or perhaps he is a doctor or some other kind of professional man; he extends credit to Mr. B. A date of settlement is agreed upon and if Mr. B. pays as agreed a favorable report recommending credit is made to the Business Men's Association. Should Mr. B. fail to make settlement as agreed then, of course, Mr. A. cannot report him as a responsible man who meets his obligations unless Mr. B. at least goes to Mr. A. and makes satisfactory arrangements. The Business Men's Association maintains a card index of persons residing in the vicinity of Pampa and all dealings whether satisfactory or unsatisfactory are recorded. Your rating depends on you.

GOOD CREDIT IS A GOLDEN POSSESSION

A good credit standing like a good name is rather to be chosen than great riches. It carries with it prestige, influence, confidence, honor, trust, faith, and esteem.

One cannot afford to sacrifice this essential part of life, especially as it requires so little effort to maintain it. All that is required is to plan according to one's income, the modern phrase is, "budgeting one's expenditures."

In making purchases on a credit basis one should always have in mind, "Will our income justify this, and leave us in a position to pay this obligation when due?"

This is offered as a suggestion in an effort to aid individuals in this community to maintain a high credit standing, one of the most valuable assets any one can possess.

LEGION NEWS

It is gratifying to Legion members to note the percentage of membership in the 18th district, of which Pampa is a part. The official membership report, as shown by the Texas Legion News of May 8, gives the 18th district the figures 102 per cent—the largest percentage shown by any district in the state of Texas. Pampa's quota is 275, and the post has an official membership of 325, which shows that Kerley-Crossman Post is helping to make this large percentage possible. Buddy Roy A. Webb, who is an assistant district chairman for this district, is due much credit, in this connection, and he says he is still after more members.

Buddy P. E. Boyd, who is chairman of the Legion Americanization committee, reported to the Legion Service club at its noon-day luncheon Friday on the presentation of citizenship award—a silver loving cup. The presentation was made Thursday evening at the high school to Lefors Doucette. A like presentation will be made Monday night at the Methodist church to the Junior student winning the award. Boyd urged the support and cooperation of the membership in this ceremony and future ones.

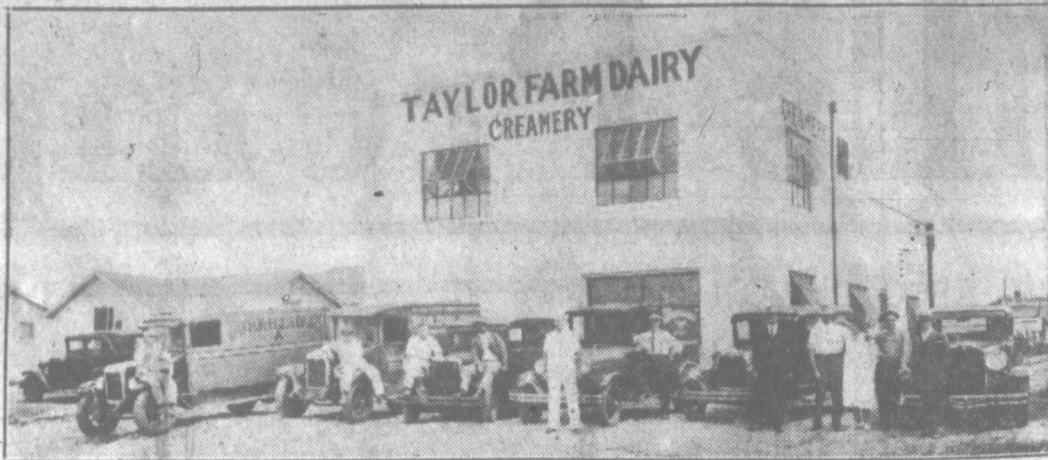

Rev. Brabham asks that all Legionnaires who are interested in Boy Scout work meet him at Camp William Warner next Friday. Scouts of Adobe Walls Council are to meet there for camp hikes, etc. He stated too that the drive for funds was going over in good shape.

May 30 is Memorial day—dedicated to the memory of veterans who have "gone west." An attempt is being made to hold simultaneous meetings throughout the state. On this day we are to pay our tribute to departed comrades. The Legion will pay homage to the memory of the veterans of all wars. All ex-service men, whether Legionnaires or not, should participate in these ceremonies.

According to Voyle N. Armstrong, chief de gare of the Wichita Falls unit, a new unit of 40-8 will be organized at Nacona, Texas, on May 24. The Wichita Falls "wrecking crew" will be in charge of the "Goofs." The street work will start at 6:30, parade at 7 and the "finish and touch" put on the boys, beginning at 7:30. A number of Voyagers are going from here.

There will also be a "wreck" at Oklahoma City on May 24, and it is understood that several from here will take part.

New Taylor Farm Dairy Plant

New equipment, including pasteurizing machinery, bottle washer, icing machine, and many other devices, is in operation at the recently constructed local plant of the Taylor Farm dairy. A picture of the plant, trucks, and employees appear above. The plant is one of the most up-to-date in the country. According to O. R. Paris, manager, there will be no formal opening, but the public is invited to inspect the plant at any time. The equipment was installed under the supervision of Dr. T. J. Worrell, city health officer, after a government inspector had drawn the plans to conform with state and federal requirements.

The ladies of the 8-40 who have been serving the luncheon at the Legion hall on Fridays will be in Oklahoma City next Friday, however, they are making arrangements to have the luncheon served just the same. Buddy R. L. Champion will be in charge of the program next Friday.

We will soon have an opportunity to buy a poppy—during the memorial day poppy sale. Those who know the true meaning of the flower it is a pleasure to buy and wear one. It is a tribute to the less fortunate men, who served and never returned. And too, the war is not over for thousands of former fighting men who are now in hospitals, nor it is over for the wife and little children who need assistance, as the result of inability of some man to care for them. The sale of veteran made poppies mean much to the disabled veteran, for behind it is the longing for health and the desire to be of service again. Buying a poppy means very little to the average individual, but so much to the disabled veteran in the wheel chair. The proceeds from these sales go to help those who cannot help themselves now, but who once gave their all to their country.

O. (Bob) Whiteaker, the department adjutant for Texas, in a letter to Adjutant Thurman, states he will be with us at our regular meeting night on June 17th. Buddies, a few of our members are out of work. Kindly notify the

adjutant if you know of any jobs open. A great service can be rendered our members in helping them in this way.

An order has been placed by Adjutant Thurman for 1000 poppies to be sold prior to Memorial day.

Buddy Rev. C. E. Lancaster, former pastor of local Baptist church, may accept a call to the pastorate of this city. It is not known whether he has accepted or not, however it is understood he will preach in Pampa several times this week. He is well known to the old timers here. —Contributed

Cactus Beauties Revealed

AUSTIN, May 17. (AP)—Two San Antonio girls were included in the list of eight women students at the University of Texas selected for a place in the beauty section of the Cactus year book of the institution, circulated today. They were Miss Marion Jannin and Miss Elizabeth Kercheville. Others chosen for the beauty section were Misses Hilda Wofford of Athens; Dorothy Kramer of Austin; Lillian Simpson of Flora, Miss; Miss Kathryn Horn of Brownwood; Miss Margaret Moore of Houston, and Miss Mamie Bullard of Madisonville.

The selections were made by Bruno Loreplore, Fort Worth artist.

Opal Brown, operator for the Southwestern Bell Telephone company, has gone to Sherman, where she will spend her vacation.

Racket Expert Instantly Killed

BERLIN, May 17. (AP)—Max Valier, German pioneer in experiment and research with rocket motors, was fatally injured today while working on a model of a new liquid oxygen rocket.

A piece of the recoil motor blew out and struck Valier in the neck. His jugular vein was severed. Two scientists working with him at the time were uninjured.

It was Valier's ambition one day to attempt flying the Atlantic with a rocket airplane equipped with these motors. He believed he could do it in a few hours.

Valier was a man of great daring and coolness. He had often risked his life in daredevil driving while testing rocket motors, but was merely tinkering at the motor when the accident occurred today.

TAKE TRACTOR AGENCY

The Gibson-Paw Lumber company has signed a contract for the agency of the Allis-Chalmers Manufacturing company.

The lumber firm will handle the Allis-Chalmers tractors and La-Crosse farm implements, together with a complete line of repair parts. Paul F. Faw said that the implement manufacturing firm was a leader in its field and he was glad to represent it.

Mr. and Mrs. Bob Carr are among today's visitors to Palo Duro.

Around the Family Circle

YOUNG—old—growing—grown—are bound snugly together in health and meal-time joy by the freshness, purity and wholesome delectability of the products of the TAYLOR FARM DAIRY. On an occasion of this kind, when all the family is gathered together, subjects of interest to each member of the family are discussed.

Little Bobbie starts the conversation by saying, with his glass of milk to his mouth, "Yum-yum, how good this milk is."

Mother corrects, "Don't talk with your glass to your mouth."

Father, lowering his glass and resting his hand on the table, says: "Mother, you can hardly blame the boy; it is not only good milk, but it is pure. Taylor's is one place you can buy milk with the assurance that it has not been treated in any manner to separate cream from milk. There is no chemical or water in it; it is served to customers just as it came from the cows, thoroughbred cows that are fed and otherwise treated as cows should be to produce, rich, pure and healthy milk."

The maid speaks up saying "that's just why I recommended it for the baby."

Daughter, who is engaged as a stenographer and bookkeeper in a downtown office and takes quite an interest in the management of affairs of a business nature, says "I like their way of doing things; every piece of equipment in the plant is paid for, and I understand that they have dedicated it to the lovers of cleanliness in dairy products."

East Kingsmill, Older Section of City, Noteworthy for Fine Trees

Sheriff Graves Has Much Greenery About Residence

BY ARCHER FULLINGIM

If all the yards in Pampa were as nice as that of Sheriff and Mrs. E. S. Graves at 519 East Kingsmill avenue, what a nice town this would be. Assume for the moment that every resident maintained a yard as green and pleasing as the Graves', then Pampa would be a city of trees, smooth green lawns, roses, flowers, hedges, and gardens. Of course the Graves yard is the product of years of planning and care, but there is no reason why every householder should not have a smooth green lawn and appropriate shrubbery to soften the outlines of a residence that is without trees.

The Graves yard is one of the most attractive on East Kingsmill. There are plenty of trees on that street, in fact, East Kingsmill has more trees than any other street in the city. The trees on this street are a credit to Pampa. It is one of the oldest residential streets, and it contains ample argument for planting of ash trees.

The finest trees on this street surround the home of Mr. and Mrs. H. B. Lovett, at the corner of Kingsmill and Houston. The ash trees fronting Kingsmill are as tall as the house. They are about 18 years old and would have been much taller if they had not been cut in.

cut back in order to develop thicker branches and more foliage. Mrs. Lovett, one of the pioneer residents of Pampa, said that it has been her experience that ash trees grow quicker and better here than any other kind. She also has had fine success with three red bud trees of the northern variety which she had shipped from Wichita, Kans., to Pampa. Redbuds, as most know, bloom in April and have more blossoms than any other kind of tree. The Lovetts also have many locust and elm trees on their place. Ash trees are also conspicuous in the yards of G. C. Walstad and Tom E. Rose, whose residents are at 405 and 404 East Kingsmill, respectively. There are also many elms on this street.

Mrs. Graves' yard is bounded on the west by a lilac hedge which is as thick as a hedge should be. There are trees, large and small, scattered over the lawn—ash, elms, locust and sycamore. Among the shrubbery, spruce and cedar are noticeable. A unique formation of seven catalpa trees with slim, column-like, white-painted trunks rise out of the lawn on the east side of the house. Although there are not many rose bushes on the place, about every where one looked yesterday morning a full-blown rose came within his vision. The rear yard is used for practical purposes—a vegetable garden for one thing. One remembers also a weeping willow growing near the garden.

The Graves' next door neighbors, Mr. and Mrs. Roy Sewell at 211 North Wynne street, have a noticeably green lawn. The shrubbery is well-placed and well-chosen. A rose bed lies on the south side of the house. Mrs. Sewell also has many people now in bud which will be blooming this next week.

Lewis L. Hardin has accepted a position with the Wilcox Oil and Gas company, and will go to Leveaux today as manager of the Grayco station there.

James R. Morris of Amarillo, salesman for Dewey Portland Cement company, was a business visitor here Friday.

Mrs. F. A. Cary was removed yesterday from Pampa hospital where she underwent an operation, to her home in a C. C. Malone ambulance.

CANYON TO ENTERTAIN EPWORTH LEAGUES

CANYON, May 17. (Special) — Canyon will entertain one of the largest meetings that has ever been here for five days beginning June 2, when the Epworth League assembly of the Northwest Texas conference of the Methodist church convenes with a representation of between 500 and 600 young people from all this section of the state.

The local arrangements are being completed by Rev. E. E. Jameson, Miss Mattie Swisher, Miss Shirley Shook and other local officers. James H. Agee, field secretary of the Epworth League, is in Canyon directing the arrangements, and will remain here until the assembly is over.

G. C. Morris was elected as the most popular candidate in a contest at the Shrine ceremonies in Amarillo Thursday and was awarded the prize, a diamond ring, by Governor Dan Moody.

A YEAR of CONSTRUCTION

The federal government is building. The states are building. Individuals are building. Realtors are enthusiastically in line with the building program. The cost of materials and labor is at a low level. The time has arrived for you to fulfill your old promise to yourself; to build your own home or modernize your present dwelling.

For the same reasons, and for the additional reason that we are entering a decade which gives assurance of widespread business expansion, the time is also ideal for the building of industrial plants.

Pampa lumber concerns are equipped to handle any kind of building or remodeling. Their reputation in Pampa rests upon many years of conscientious service, moderate fees, valuable assistance and gratifying results.

Take advantage of the free service we render in every possible way to assist in the upbuilding of all of Gray County.

An Era of...

PROSPERITY!!

Prosperity is now upon all of Gray county. Oil has been discovered right in Pampa's front yard, and it seems that flowing gold will soon be pouring down the gulches and ravines in every direction. Wheat crops are practically assured throughout the entire Panhandle, and crops of every kind produced in this section promise unbounded yields. Indeed prosperity is just around the corner and will undoubtedly dwell with us throughout the entire year. The Pampa Lumbermen's Hoo-Hoo Club does not claim credit for all these blessings, but we want the whole world to know that we stand with our shoulders to the wheel ready and anxious at all times to help push every legitimate enterprise working for the betterment of our community. Consult your choice of Pampa Lumbermen if you intend to join the throng of enterprising people who are making improvements, whether the contemplated improvement is a sky-scraper, magnificent dwelling, humble cottage, garage or a chicken coop; any one of them will be glad to co-operate with you.

PAMPA IN NATION'S SPOTLIGHT

The census is much in the minds of the people of the nation. The movement of population westward is a favorite topic and is being discussed in Congress in connection with the number of representatives each state is allowed.

Rapidity of growth is another timely subject, and in this Pampa is going to be mentioned hundreds of thousands of times in the next few months. The reason is that Pampa's 959 per cent of population increase in the last few years is one of the best marks on record.

At this writing only two other cities exceed Pampa's growth in percentage since 1920. One is Dearborn, where the Fords are made and where thousands of Henry Ford's employees live. We do not think Dearborn is in the same classification as Pampa. The other more rapidly growing city is Beverly Hills, California, near Los Angeles, where population is so dense it is difficult to tell where one city and another begins. Beverly Hills is famous by reasons of having elected Will Rogers mayor.

Pampa now stands in a class by herself in growth. To this fact is due the great amount of favorable publicity she is receiving and will continue to receive. Out of the census she should be able to coin a slogan which will serve her well in the next decade. The Board of City Development would do well to adopt a slogan and use it in all publications and on envelopes and letterheads.

Pampa is one of the fastest growing cities of the nation and possibly the fastest in cities of ten thousand. This fact tends to offset unfavorable notice which has resulted because her 1920 census report showed only 987 inhabitants, as compared with the 10,453 she now has.

REVAMPING OUR FIRE DEPARTMENT

Pampa as a city of 10,000 must have adequate fire protection.

Such protection is going to be possible when the new fire station is completed and equipped.

The new station will turn the fire station into something of a club for the boys, and will give them the first reward they have had for being members. The station will be exclusively for their use, with its lounging room, showers, library, and the like. Moreover, it will be possible to have a number of volunteer firemen at the station at night because comfortable lodging will be provided.

By means of the hardest sort of work and a few "breaks" the present department controlled the dangerous Crescent theatre fire. The boys and Chief Schneider should be congratulated and their services appreciated. Being a fireman is no snap. It was cold and damp in the small hours of Friday morning. There was no incentive except public service to encourage the volunteer firemen to leave their beds and fight fire several hours.

A city of this size has a number of minimum requirements for fire protection and fair treatment of the firemen. These should be drafted by the department and city officials and met as closely as possible. Completion of the new department should focus attention upon the department and its needs.

Because fires are infrequent and small is no assurance that big and dangerous ones are unlikely. Fanned by typical Panhandle winds, any fire in the business section is likely to prove dangerous unless reached in time by adequate equipment.

Resourcefulness is a great thing, but wheat shows too much of it in finding ways to fluctuate.

Provincialism is one of the greatest evils of the present time. It exists despite the marvels of communication and spread of knowledge. American business must take notice of world trade conditions and the tariff. The business structure cannot rest upon home consumption alone. Americans must have businesses big enough and powerful enough to maintain markets in all parts of the world. The thought may not be welcome, but it is a fact that postponement of the real solution through high tariff walls is creating an international situation which is going to be painful.

Don't discourage the graduates too much with talk of the difficulties of getting along in the world. They will find it out soon enough, and they should be allowed all the thrills their graduation affords.

Mexico is backward in some respects, but no American chamber of commerce beat Mexico City in getting an accurate count. That city declared a holiday and ordered all residents to remain at their homes until enumerated.

Mr. Hoover is not popular. Nor is anyone who is elected on promises, actual or implied, of having cure-all ideas. The presidency, as well as the governorship, is overrated, anyhow.

Gone, evidently, are the days of the umbrella in these parts. Despite the rainy weather of late, we do not recall having seen a single parasol. The average plainsman knows little of the etiquette of the things.

With an overproduction of wheat inevitable, Marion Talley is not setting a very good example for tired and toiling artists, or those like herself who dislike lengthy careers. Her crop up in Kansas is said to be doing well.

New Hobbs Has Heavy Rail Traffic

NEW HOBBS, N. M., April 17. (Special)—Within the last three weeks 490 cars of freight have been shipped into the New Hobbs over the railroad, according to officials of this point.

Besides this there have been hundreds of truck loads of freight brought overland, regular freight lines being operated between here and various Texas and New Mexico points. Many people have moved from one to six trucks of freight, materials and supplies in as they came to New Hobbs to settle and there is no way of getting an accurate check on the actual tonnage brought into this territory.

Kansas City Boy Wins

KANSAS CITY, May 17. (AP)—Pat Ahern of Kansas City tonight was adjudged winner of the mid-western area in the annual national high school oratorical contest and thus won the right to represent the Midwest in the finals at Washington, D. C. Miss Floria Gulager of Muskogee, Okla., placed second, and Vergil Tacy, Council Bluffs, Ia., third.

Woman Kills Self

CHICAGO, May 17. (AP)—Miss Dorothy Brown, daughter of A. G. Brown, wealthy architect for the Pure Oil company, shot herself to death in her Glencoe home today. Her parents expressed the belief she killed herself while despondent over the failure of a dress shop project she undertook several months ago.

J. E. Chapman of the Texas Realty company is leaving today for New Mexico. He intends to visit Carlsbad cavern, and other scenic points before returning.

"Salt War" Is Becoming Grave

BOMBAY, May 17. (AP)—The "salt war" in Bombay presidency tonight appeared to be working to a crisis.

While successive groups of civil resistance volunteers poured into Dharasa to carry on the campaign against the government salt depot there begun by Mrs. Sarojini Naidu, four hundred other volunteers assembled in Bombay and planned to march tomorrow on the salt depot at Wasala, six miles away.

Police were called to frustrate the attempt. The volunteers changed their plan of marching en masse and decided to split into small groups so as to spread out the police. It was believed they planned to reassemble at Gowari, which is near the salt pans.

A third raid is projected at the Shiroda salt works. Police have made preparations to meet any contingency there.

Rains Damage Highways

AUSTIN, May 17. (AP)—Between \$30,000 and \$50,000 damage was caused to state highways by recent heavy rains in Northeast Texas, according to J. B. Early, state maintenance engineer. No great damage was done to any one road, most of the loss being scattered throughout the entire section, Early stated.

Dies Of Excitement

WASHINGTON, May 17. (AP)—Walter F. Dusch, 58, of Norfolk, Va., died unexpectedly at the Washington ball park today in the fifth inning of the game between the Senators and Philadelphia, when Sam West hit a home run with two on bases. Physicians said that Dusch's death was caused by heart disease.

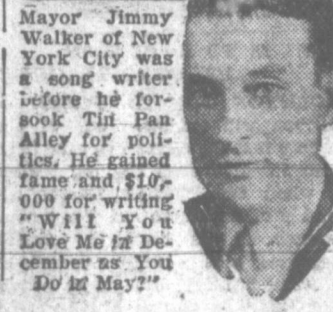

Lubbock Seeks Meeting

LUBBOCK, May 17. (AP)—Thirty delegates will leave here tomorrow for the convention of the Retail Merchants' association opening at New Braunfels. They will seek to have the convention come here next year.

TULSA NEARLY DOUBLES

TULSA, Okla., May 17. (AP)—Tulsa, one of America's youngest cities, nearly doubled in population in the last decade, its 1930 population was announced today as 149,531, compared with 72,075 in 1920. The gain was 68,456 or 94.9 per cent.

The Husband Hunter

© 1930 BY NEA SERVICE INC.

BEGIN HERE TODAY

NATALIE CONVERSE tries to conquer the jealousy which consumes her when other women admire her handsome husband, ALAN. When he receives a phone call to the home of BERNADINE LAMONT, a popular night club hostess who has outraged the smug respectability of Westchester aristocrats by purchasing a home among them, Natalie demands that Alan refuse to go and that he give up the brokerage business of "that Lamont woman."

Alan tells her that Bernadine is the widow of a war buddy who had saved his life, and that she is doing the only work that she was able to secure in order to support her self and her fatherless boy, BOBBY. After a bitter quarrel in which he taunts her for refusing to bear him children, Alan leaves and Natalie spends a miserable evening trying to fight down her suspicions—never dreaming that even then Alan was listening to a grave-faced doctor tell him that Bernadine's recovery is in doubt.

The actress surprises him by questioning that he take her son in the event of her death because she has no relative to leave him with. Alan promises, and tries to tell Natalie but her rebuffs silence him. Later he confides in his secretary, PHILIPPA WEST, who has always been soothingly sympathetic.

NOW GO ON WITH THE STORY

CHAPTER V

Philippa was a bit surprised.

Alan's tone was so far from being casual, that there was no mistaking that he was going to be serious about something. But children! Of course, Philippa knew he hadn't any. What could he be leading up to? She decided not to tempt herself until she knew.

"Do you want to consult an authority on children?" she evaded.

"I certainly do," Alan informed her heartily. "I'd like to find out what kind of toys a little shaver four years old would like most."

"Oh," Philippa said softly, and took her cue. He was interested in some child. "I think that ought to be easy to decide, Mr. Converse," she added brightly. "Just go to a toy store and pick out the things you like most."

Alan was puzzled. "But you know I've never played with a kid," he explained.

Philippa's eyes held a soft light for him as she answered. "You'll get the right things just the same," she said gently. "I've noticed that fathers enjoy the toys as much as the children do."

"Well, if that's the case," Alan replied, not taking her remark unto his sex alone, "we're all big kids. Any of us can buy toys. That's what I want to ask you; would you go out and select a few for me, please?"

"Oh, but I couldn't," Philippa objected quickly. "You see, when a woman goes, she always takes the child along. I've seen them in the toy-departments at Christmas time and—"

"What were you doing there?" Alan teased.

Philippa appeared reluctant to answer, then: "Oh, I—I get a few things occasionally for the children next door," she said.

The word generous flashed through Alan's mind—as Philippa had hoped it would—but he only said: "Then you're a qualified buyer."

Philippa shook her head. "These are girls," she said. "I'm sure a mother always consults a boy's father about such things," she went on hastily. "Really, you'd better go yourself, Mr. Converse. You'd enjoy it, too; I'm sure you would."

Suddenly Alan rather liked the idea himself. "Suppose we go together?" he suggested. "You know the stores, and I haven't been near a toy department since I was a kid."

Philippa was delighted. It was just what she was hoping for.

"This afternoon?" she proposed.

"We've a lot of work to do this morning."

"Fine," Alan agreed. "Let's pitch into it."

He did not think of the shopping expedition again until Philippa reminded him of it about three o'clock. His pleasant anticipation had been lost in the mountain of business that was always towering over him.

But he became enthusiastic again as soon as he found himself surrounded with wagons and trains

Amarillo Flier to Be Questioned About Smuggling

BUFFALO, N. Y., May 17. (AP)—Wanted by a federal grand jury in Amarillo, Texas, to tell what he knows about the smuggling of airplanes and firearms into Mexico during the recent revolution, in violation of this country's neutrality laws, Phillip (Red) Mohun, aviator and stunt flyer of Hollywood, Calif., has been subpoenaed by a deputy United States marshal. Mohun immediately left Buffalo. He said his destination was Amarillo.

The flier came to Buffalo a week ago to dispose of some property willed him by his father, a former Buffalo resident. Before departing from this city, he said he had been charged by five grand juries in widely separated cities with violating U. S. neutrality laws. He explained he had been following everywhere by telegrams advising him of appearances and adjournments, but the Amarillo subpoena was the first definite order he had received.

Graf Zeppelin Ready for Trip to New World

FRIEDRICHSHAFEN, Germany, May 17. (AP)—If weather permits, the Graf Zeppelin will float upward at 5 o'clock tomorrow afternoon and turn its nose toward Seville for another flight to the new world and return.

The first stop will be the Spanish city, where a mooring mast has been erected. The dirigible expects to reach there late Monday and remain all night, taking off early Tuesday for Pernambuco, Brazil, in its first flight across the South Atlantic and across the equator. It will stop at Rio Janeiro, then head northward for Havana and Lakehurst, N. J., where it will prepare for the return flight to Seville and Friedrichshafen.

Twenty-two passengers, including four Americans, will make the voyage.

Vernon Bros. Will Show Here Week

The Vernon Bros. shows will arrive today for a week's stay, according to Norman L. Dixon, special representative. Mr. Dixon said that it would be a new show, with a midway of many attractions. There will be twelve special shows, a three ring circus, and the usual concessions and rides. The show will be located in South Pampa.

Texas Streams Out of Banks

By the Associated Press
Heavy rains Thursday and Friday in Northeast Texas Saturday had caused streams in that section to leave their banks and spread over many acres of lowlands.

Near Jefferson the Big Cypress river drove several hundred people from their homes and damaged lowland crops.

A heavy rain also fell Saturday at Enclian, near Laredo, but no great damage was reported.

Sudden rises on the Red river sent it eight inches above flood stage at Fulton.

The certainty appeared that thousands of acres of lowlands outside of the levee protection would be inundated, after it was predicted the rise would be four to five feet above flood level at Fulton and possibly a foot above flood level at Index.

The most pronounced rise was at Index, where at 6 p. m., today the gauge had leaped four feet within 36 hours. Overflows at Fulton covered a temporary approach to the new highway bridge and prevented its use. The ferry suspended nighttime operation and was expected to cease daytime work by Monday.

Highway bridges east of Lewisville, Ark., and west of Mount Pleasant, Texas, were reported out, as was a Texas & Pacific railway trestle near Queen City, Texas, which caused re-routing of traffic. The Sabine river near Carthage went out of its banks today. Should the rain continue, corn and cotton planted in lowlands was expected to be washed away.

The flood waters were expected to halt traffic on highway 43 between Carthage and Marshall, as the highway for two miles traverses the Sabine river lowlands. Panola county has received nearly 10 inches of rain in the last two weeks.

Abandoned Child Brought to Army

Verna Murphy, 12, who was deserted by her father in a tent near LeFors six weeks ago, was brought to the Salvation Army here yesterday by neighbors who had kept her since her father left.

Verna's mother died four years ago in Oklahoma, and she was taken to live with an aunt, her only relative that she knows. Last December her aunt died and her father took her to LeFors, where they had lived in a tent. Her father disappeared recently and the girl has stayed with anybody who would take her in until neighbors decided they could no longer care for her, and brought her to the Salvation Army.

She is now being kept in the home of Ensign and Mrs. Edgar King. It has not yet been decided what will be done with her, but unless relatives are located she will be either placed in a girls' home or adopted out to a private family.

Slayer of Three Carefully Guarded

BROWNWOOD, May 17. (AP)—Three flower-covered coffins in the back of a village store at Brooksmith, 18 miles from here, today bore mute testimony to marital difficulties which ended in the slaying of an estranged wife and her aged parents.

The husband, Joe Shield, 35, was in an unannounced jail, held on three charges of murder. His place of confinement was kept secret for fear of mob violence.

A steady stream of people filed through the store at Brooksmith to view the bodies of J. B. Shields, 77, storekeeper; his wife, who was 73, and their daughter, Mrs. Opal Shield, 33, wife of Joe Shield.

Panama Man Is Visitor in Pampa

L. H. Stark, with the Panama Canal commission at Ancon, Panama Canal Zone, arrived here Friday night for a visit with his brother, E. G. Stark. The two brothers will leave Pampa tomorrow for a visit with their mother and other relatives at Denver and other cities in Colorado.

Mr. Stark came by boat to New Orleans and by train to Pampa. The trip by water and land from the Canal to Pampa required eight days. The two brothers had not seen each other in 15 years. Mr. Stark has been with the commission in Panama for 11 years.

Group Banks to Be Formed Soon

NEW YORK, May 17. (AP)—If plans which have been in the making for about two years materialize, scores of banks in the United States will be welded into state groups, each group representing combined resources of from \$100,000,000 to \$500,000,000.

The proposed grouping became known publicly today and the new York firm of Pomeroy and Salmon acknowledge it was organizing such groups in western Pennsylvania and "several other states."

Each bank will retain its individuality and separate management, but in each of the state affected a holding company will be created through an exchange of stock with the banks. The proposition is based on the theory that such grouping will strengthen each bank locally, by giving it the support through the holding company of every other bank in the group. The state groups will have no inter-relation.

Texas Net Men Win
DALLAS, May 17. (AP)—University of Texas Longhorn tennis players swept the finals in Southwest conference tennis matches today. Bruce Barnes, Texas, defeated Jake Hess, Rice Institute, 6-2, 10-8, 6-1. In doubles, Barnes and Taylor defeated La Costa and Key, all of Texas, 6-0, 6-6, 8-6, 6-3.

Youth Gives Up Following Killing

WACO, May 17. (AP)—Lloyd McCollum, 45, was shot to death today on his farm five miles south of Waco. H. R. Jones, 23, filling station employee, surrendered to the sheriff shortly after the shooting. One pistol bullet pierced McCollum's heart and he died almost instantly. Some trouble was said to have arisen over an automobile deal.

Revival to Start at Baptist Church

The first service of a week's evangelistic meeting at the First Baptist church will be conducted this morning by the Rev. C. E. Lancaster of Coleman, who was at one time pastor to the local congregation, and who has been called to serve the church again.

Although the Rev. Lancaster has not yet accepted the charge, his

acceptance of the congregation's invitation to conduct the evangelistic meeting is regarded by many of the members of the church with optimism.

The Rev. Lancaster will preach at 10 o'clock each morning and at 8 o'clock each evening. Arrangements are being made to secure a song leader for the meeting, the Rev. John Lee Harris, assistant pastor and musical director, being ill and absent from the city.

Oil Price Cut Praised by Reeser

TULSA, Okla., May 17. (AP)—The action yesterday of the Standard Oil company of California in cutting the price of oil in the Santa Fe Springs field of Southern California where operators refused to curtail production, brought an expression of approval today from E. B. Reeser of Tulsa, president of the American Petroleum Institute.

Reeser predicted the action, which he termed "drastic," would bring good results.

Permanent Expert Service...

84 3780 Pampa New Co

THE McCormick-Deering No. 8 Harvester-Thresher is built to do good work with a minimum of attention, expert service, and upkeep cost. It is a source of satisfaction to an owner, however, to know that in case of minor adjustment or unforeseen emergency, mechanical service and parts are readily available without expensive delays.

International Harvester is always close to owners of McCormick-Deering Harvester-Threshers. This is accomplished through the extensive dealer and branch house organization. Every McCormick-Deering sold receives careful field inspection to be sure it is working properly. Owners are often visited two or three times during their first harvest after purchase of a machine.

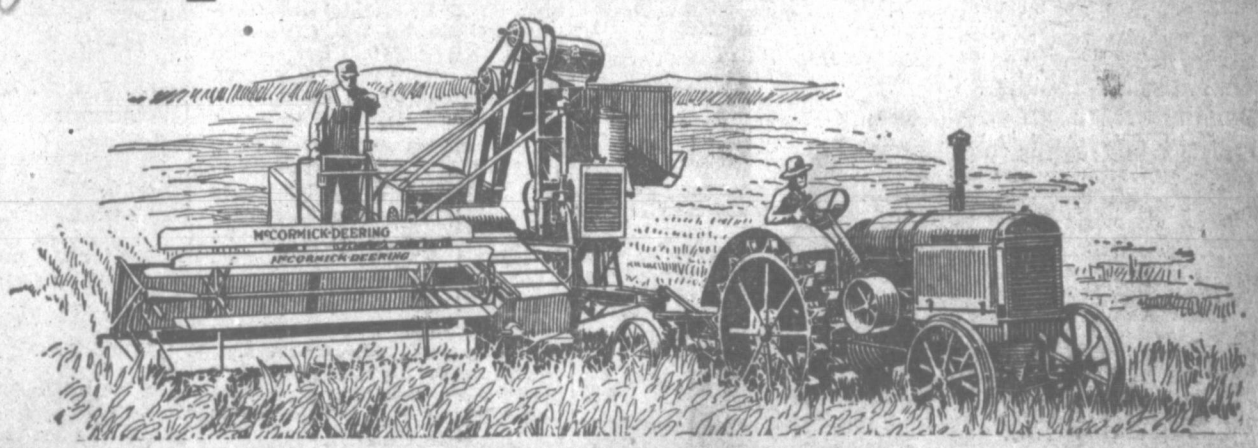

Permanent Dealer Organization

The McCormick-Deering dealer organization is permanent. These dealers have represented the line for years. Many of them have been with us since long before our first harvester-thresher went onto the market 16 years ago. They are experts on harvester-threshers—they are equipped to service more than the engine—they know the entire machine. They have repair parts in stock for the complete machine and can give service on a minute's notice. When you own a McCormick-Deering, one dealer services the entire machine—you don't have to go to one for service on the combine and to another for service on the engine.

McCormick-Deering dealer service is backed up in Kansas and all over the country by Company-owned branches. They dot the state of Kansas, at strategic points, ready to answer any call that comes.

Unexcelled Service on the Spot

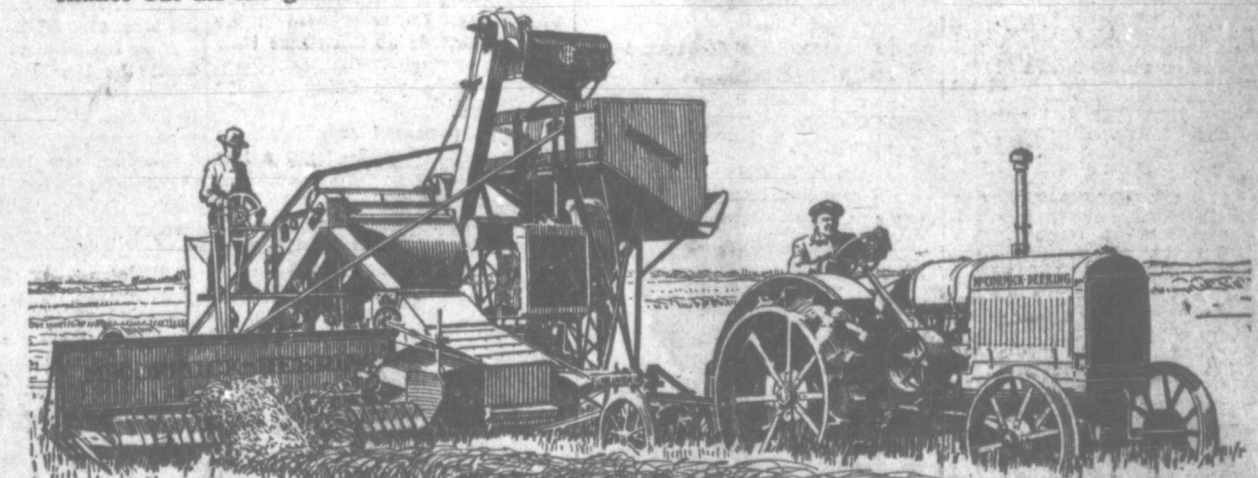

McCormick-Deering service is unexcelled. It is right on the spot, close by, whenever you need it. There are no costly delays. This is the kind of service you want when you are in the midst of the harvest—you can get this from McCormick-Deering dealers and International Harvester branches.

McCormick-Deering No. 8 Harvester-Thresher

12 Important McCormick-Deering Points

- 1 Adjustable to cut low. Gets lodged and tangled grain.
- 2 Continuation of grain-tight platform canvas forms lower elevator canvas. No grain lost at end of platform. Large capacity, wide elevator carries all grain to feeder.
- 3 Chain and slat feeder carries grain, heads first, into the cylinder. Direct front feed.
- 4 Spiked beater in feeder assures positive feeding and controls delivery of grain to cylinder.
- 5 Ninety per cent separation at cylinder. Straw and grain thus separated never mix again.
- 6 Four-section straw rack. Extends entire length of thresher from cylinder to straw spreader. Combs straw apart, drops it three times, thoroughly shakes out all the grain.
- 7 Extra long chaffer and cleaning sieve thoroughly cleans grain.
- 8 Revolving weed screen takes weed seeds out of threshed grain and bags them. Saves dockage and reduces spread of weeds.
- 9 Platform folds for transportation—does not have to be detached. No transport truck to buy.
- 10 A pioneer of small combines—backed by 99 years of practical harvesting-machine experience and by field tests under difficult conditions in the harvest fields of the world.
- 11 Expert service on the entire machine by permanent dealers and Company-owned branches.
- 12 Handles a variety of crops under a variety of conditions and seasons.
