HUGE CRAG FALLS INTO SEA, CAUSING WAVES THAT DROWN 50 NORWEGIANS

RESIDENTS OF TWO VILLAGES ARE TRAPPED

WATER WALL 30 FEET HIGH SWEEPS OVER INLAND AREA

OSLO, Norway, April 7. (AP)—A huge crag weighing thousands of tons fell into the sea on Norway's west coast early today and caused huge waves that trapped sleeping residents of two villages, at least fifty of whom drowned.

Many other inhabitants of the fishing hamlets, Tafjord and Fjoraa, on opposite sides of Korssnes Fjord, were missing tonight and were believed victims of the disaster—the worst Norway has experienced in years.

First a small part of the cliff, long regarded as a menace, fell, throwing up a small wave. Two other falls followed in rapid succession, just after 9 a. m., and sent a wall of water as high as 30 feet sweeping over the flimsy houses and coursing relentlessly a half mile inland.

Many of the small structures were carried off like doll houses. Others were reduced to splinters by the heavy impact of the mass of water. Boats in the harbor were tossed upon the land like toys. Motor cars were borne far inland.

A clergyman who was visiting his parents in Tafjord for a birthday celebration gave the Associated Press this account: "I was awakened by a noise of rushing waters and the shaking of the house.

"SMOKESCREEN" WINS ONE-ACT PLAY TOURNAMENT

Stevens, Hollenbeck Chosen as Best Actors

By ARCHER FULLINGIM
FIVE MONTHS ago Ben Guill, dramatics teacher in the local high school, read a one-act play called "Smokescreen."

When he finished it, he resolved to enter it in the tournament. Said he, "If I can produce that play right it will win the district."

Last night, "Smokescreen" with a cast composed of Imogene Hollenbeck, Harold Bray, Vernell Stevens, did win the district. Friday night, the play which tells the story of a gangster's moll who slew her lover when he discarded her, won by a unanimous decision in competition with Perryton's "The Lord's Prayer."

Stevens who played the role of the detective disguised as a dog head was selected by the judges as the best boy actor of the tournament. Miss Hollenbeck who was the hardboiled moll, was named the best girl actor. Bray was the calculating, toughened detective.

LIBERAL AND CONSERVATIVE AIR OPINIONS

JOHNSON SURRENDERED TO WALL STREET, SAYS WOMAN

WASHINGTON, April 7. (AP)—Abandonment of NRA principles "built up the power and wealth of Wall Street" was charged to Hugh S. Johnson, the recovery administrator, today by Mrs. Gifford Pinchot, wife of the governor of Pennsylvania.

The labor crusading wife of the governor appeared before the senate labor committee to urge favorable action on the Wagner bill to make permanent the national labor board and prohibit employer-dominated company unions.

"General Johnson," Mrs. Pinchot told the committee, "eager to build up the power and wealth of Wall Street, has done so at the expense of the worker and the consumer."

"The NRA is supposed to do away with sweatshops," she said, "yet sweatshops have returned to Pennsylvania. They are flourishing today on the same old stands. We find them today in the same factories where we found them a year ago, the only difference being that they feature the now adorned with a Blue Eagle."

A dangerous threat to a rapidly advancing business recovery was seen by the chamber of commerce of the United States in the pending stock exchange control legislation and the Wagner bill to outlaw employer domination of labor organizations.

With these two measures it grouped the Wagner-Lewis unemployment insurance bill and the Connery mandatory 30-hour-week bill in a general criticism as unnecessarily restrictive and tending to cancel the gains business has scored in recent months.

OLD TRUSTEES ARE RETURNED TO OFFICE HERE SATURDAY AS 669 VOTES CAST DURING DAY

Two Incumbents Are Re-Elected at LeFors

VETERAN members of the board of education of the Pampa Independent school district—C. T. Hunkapillar, 367, Paul Hill, 324, F. M. Foster, 223.

The vote was announced as follows: Daugherty, 375; Hunkapillar, 367; Paul Hill, 324; F. M. Foster, 223.

The total of 669 votes cast was larger than usual but far under the totals for city elections. The polls opened at 8 p. m. and closed at 7 p. m. Election notices had specified the closing time as 6 p. m., but the judges decided it should have been 7 p. m. All agreed that the hour made no difference in the final results.

LEFORS, April 7.—Two of the three incumbents running for reelection to the LeFors school board were successful in a spirited and close election here today. Hank Breining, incumbent, led the ticket with 279 votes. Forrest Linquist, incumbent, was second with 201 votes.

O. B. Grant received 186 votes to be the third man on the board. He won over S. B. Hall, running for reelection, by 10 votes. R. A. Nipper, the fifth man in the race, received 170 votes, six less than Hall.

Voting was brisk during the entire day and most of the persons eligible to vote took advantage of the election.

PRODUCERS TO GIVE BANQUET FOR OIL MEN

Pampa Men Active in Arranging For Event

Lewis O. Cox, above, former county commissioner for this precinct, today is announcing again for the office.

The Panhandle Producers and Royalty Owners association is to have a banquet for the oil fraternity of the Panhandle at the crystal ballroom of the Herring hotel in Amarillo, Monday at 7:30 p. m.

Falling as it does on the same date as the senatorial hearing on the gas problem, many out-of-state and down-state visitors, oil and gas men, as well as state officials, will be in Amarillo and among the guests at the banquet.

Representatives of the association will be present from all parts of the Panhandle, including short talks from Shamrock, McLean, LeFors, Panhandle, White Deer, and Borger as well as those in the field proper and Amarillo.

An excellent program has been arranged, including short talks by prominent men of Texas, and special entertainment.

The following committees have been appointed: Arrangement—M. T. Johnson, Hugh Allspaugh, W. O'Brien; Invitations—Siler Faulkner, Lynn Boyd, S. D. McElroy, Mel B. Davis, Steering—A. R. Anderson, Geo. B. Cree, Gordon Burch, J. C. Rawlins, C. I. Reiger, W. H. Davis, T. B. Cobb, E. E. Hermann, Mel B. Davis, John Swartin, W. A. McSpadden, A. M. Martin.

AIRLINE GROUP TO REORGANIZE AND OFFER BID

ACT WILL QUALIFY FOR BIDDING ON MAIL ROUTES

NEW YORK, April 7. (AP)—Immediate reorganization of United Aircraft & Transport Corp.—separating air lines and manufacturing subsidiaries—was proposed today by Philip G. Johnson, president, "in order that the United Air Lines system may be in a position to participate in the bidding for air mail contracts in the future."

His announcement was the first official intimation from any air mail carrier that reorganization might be effected to qualify for bidding on mail routes.

Congress has not enacted legislation covering permanent awards of new contracts, but the administration has indicated that far-reaching changes in corporate structures would be necessary before any of the companies, whose contracts were cancelled, would be eligible again to enter bids.

The United proposal was explained in a letter to stockholders accompanying the corporation's 1933 financial report. It announced the share-owners annual meeting, scheduled for April 22, has been postponed by the directors until the reorganization plan can be completed.

The air lines affected and cities within which they carried mail prior to Postmaster General James A. Farley's cancellation of all contracts are:

Boeing Air Transport, Inc.—Chicago and San Francisco; Pacific Air Transport, Inc.—New York and Chicago, Dallas and Chicago; Varney Air Lines, Inc.—Salt Lake City and Seattle.

Candidate

Announcement of his candidacy for the office of county judge of Gray county is being made today by J. P. Wehrung, above, local engineer.

PAMPANS WILL SEE CANYONS AND MUSEUM

This Is "Pampa Day" in Palo Duro Camps

PAMPANS will turn toward the Palo Duro canyons soon after noon today, will see the Panhandle-Plains Historical society museum in Canyon, and will attend a "Pampa Day" concert in the CCC Palo Duro camps at 4 p. m.

The Pampa high school band will give an hour concert and a high school quartet will sing. It is probable that other entertainment will be taken.

To many who have seen the Palo Duro, the museum will be the greater attraction, but all will be interested in the highways and dams which the CCC has been building. Col. E. E. Cappock, commanding officer, said the CCC men, many of them veterans, were homesome and also craved the admiration of citizens for the work being done. He said visitors helped to keep up the morale of the men and also made them work better.

The canyons are among the most beautiful scenic attractions in Texas and are far more rugged than most newcomers can imagine.

BANDIT SEEN LAST IN FORT SCOTT KANSAS

"THEY THINK THEY ARE TOO SMART TO BE CAUGHT"

FORT SCOTT, Kas., April 7. (AP)—One of the most determined manhunters in the southwest's history with federal and state authorities cooperating—was pushed tonight for Clyde Barrow, ruthless Texas killer, who eluded capture yesterday after another slaying and kidnaping.

The search for Barrow, his gun-woman sweetheart, Bonnie Parker, and a lieutenant believed to be either Raymond Hamilton or Henry Methvin, escaped Texas convict, turned southward into Oklahoma this afternoon.

Police broadcast a report that a trio resembling the Barrow gang after holding their wayward hostage since Friday morning when he was slightly wounded and kidnaped in an encounter in which Cal Campbell, Miami, Okla., constable, was slain by machine gun fire.

J. P. Wehrung Is Seeking Office Of County Judge

J. P. Wehrung has authorized the following statement in announcing for county judge of Gray county: "I wish to introduce my candidacy by stating that I am a native Texan, born in Williamson county in 1893. I received my education in the rural schools of that county and in Baylor university. I came to Gray county seven years ago as a civil engineer and land surveyor. Buying a small home soon after I arrived, I have lived in Gray county continuously. I have never held public office in this or any other county. Nor have I ever been a candidate for public office in this or any other county. I am not asked by any one to enter this race and assume full personal responsibility for my candidacy.

"I have been a close observer of county government in this and several other counties in Texas since 1919 and know that I have the knowledge necessary for the administration of the office. As I shall meet you personally in the campaign, I shall be glad to discuss any phase of the office with you. It shall be my purpose to see as many of you as possible, and invite you to make it a point to make my acquaintance.

"I have but two promises to make: First a campaign in keeping with the dignity of the office which I seek; and second, an able, honest, and efficient administration when elected. If my announcement arrests your attention and inspires your confidence, I will appreciate your influence and support.

OFFICIAL OF TEXAS CENTENNIAL COMMISSION PRAISES CITY EVENT

PAMPA'S pre-Centennial celebration and Pioneers Roundup, now in the making, has been recognized and commended by the Texas Centennial commission. Clarence Kennedy, president of the Junior Chamber of Commerce, has received the following letter from Will H. Hayes, Austin, executive vice-president and temporary secretary of the commission: "I have noticed with much pleasure the inauguration of plans for holding pre-Centennial celebrations in Pampa in 1934 and 1935. So far as I have seen, yours is the first organization and Pampa the first city to propose such a celebration, and it is to be hoped that other cities throughout the state may follow your lead in adopting this method of helping to create in every county in Texas that spirit of state pride and patriotic sentiment that is so essential to the success of the Texas Centennial celebration of 1936. I know of no better way in which this can be done.

LEWIS O. COX IS SEEKING OFFICE OF COMMISSIONER

IN announcing his candidacy for commissioner of precinct 2, Lewis O. Cox, former commissioner, said, "My friends, my friends and acquaintances, many of whom did not support me at the last election, have induced me to make this campaign announcement of candidacy for the office of commissioner of precinct Number 2 of Gray county. I of course realize the force of the old democratic doctrine of succession in office for a second term, but this is based on the supposition that the incumbent has made good and given the service in office that people have a right to expect of him, and on the proposition that such is not the case and that such service has not been rendered, I am entering this race.

TOWNSITE TO BE CALLED KELLER IN WHEELER COUNTY

A new townsite near the Bellico switch on the Fort Worth & Denver railroad, located in the northwest quarter of section 14, block 24, H & G N survey, of Wheeler county, is being laid out by Clyde Russell and C. O. Seeds. They have leased 160 acres and are in a position to lease locations for residences and various businesses. They are calling the townsite Keller, after P. M. Keller, old-timer of that vicinity. The townsite is roughly 30 miles from Pampa, 15 from McLean, and 20 from Shamrock, in an active drilling area. Three lumberyards are being placed in the vicinity.

LEGION HEAD SAYS SINISTER FORCES FIGHT VETS, SCHOOLS

CHARGING that the same forces which are trying to cut veterans' benefits are also attempting to curtail public free education, Department Commander Van Perkins of Cameron made a vigorous defense of both here Friday evening before a capacity audience of ex-soldiers and ladies at the Kerley-Crossman post home. He showed that the nation's budget for public education was reduced 378 millions last year, depriving 3,000,000 children of fair educational opportunities and leaving 30,000 teachers without employment. He said that the original Texas school land grant of 42,000,000 acres had dwindled to half that amount. Land notes are largely in default of interest and principal. The permanent school fund has been robbed, he said, through insecure loans. One county has \$1,200,000 from the fund and has defaulted every dollar. Natural resources are being exploited by vested interests.

Therefore, he added, the Legion has joined hands with the Texas State Teachers' association in an attempt to "Save Our Schools." Regarding veterans' legislation, he said the greatest difficulty was in getting the true facts known to the people. Concerning the federal independent offices bill costing \$238,000,000, he said \$118,000,000 was to restore pay of federal employees and of the remainder only \$45,000,000 was for world war veterans. "When the true facts as to benefits and costs of veterans' legislation are known," he declared, "then the government will take care of the men who, in time of an emergency, offered their all and came out of the conflict disabled for the rest of their lives."

I SAW--
Saucer eyes watching Claude Oliver, a slip of a boy, jump five feet and five inches at the Junior high school track meet yesterday. Probably he would have jumped higher, but officials were behind schedule and pressed for time, so they just awarded him first place and let it go at that.

OUR INHERITANCE: The Lord knoweth the days of the upright: and their inheritance shall be for ever.—Psalm 37:18.

FUNDS TO CONTINUE relief programs and to provide employment for millions of Americans must come from the more fortunate people. Cost of government is in theory supposed to rest upon those best able to pay it.

Success of the NRA program is going to depend in large measure upon the success of the administration in equalizing the burden necessarily represented by the appropriations made to hasten recovery. There is plenty of money in the country, but much of it is in tax-free government bonds.

The average salaried man, if he feels sure of his position, can do much to hasten recovery, unless he has obligations and debts which hamper his credit. The nation can be provided with two millions of additional jobs, and all the spending power that does with them.

A HERD of wild horses was responsible for approximately one thousand deaths in Texas last year, according to Dr. John W. Brown, state health officer. Under the hood of the automobile are from 40 to 100 horses.

In cities, hundreds of thousands of people in the aggregate deliberately and habitually throw caution to the winds by jay walking, by crossing streets at all points but at intersections, by dodging around street cars and even by deliberately disregarding traffic signals.

The automobile driver himself, intoxicated by the joy of effortlessly stepping up his machine to an excessive speed, and in hundreds of other ways violating the rules and ethics of the road, makes of this magnificent invention the Frankenstein it has so sadly turned out to be.

Inborn tendencies inherited from pioneering experiences of the race, and the attendant sports, are keenly felt by the average man these days. In short, most Pampa men would like to go fishing. The average man everywhere feels the urge.

It would be a mistake to suppose that he really envies President Roosevelt his ability to get on a great yacht and sail off to piratical seas to hook tropical fish six feet long. That is fishing de luxe, and for the ordinary man it's a thing to dream of, but not actually to desire.

His VISION, as like as not, will take him a long way back in time and space. He'll see a boyhood scene—a looped streamlet wandering without purpose along the reedy borders of pasture-lots and plots of woodland, with a mossy dam and an old mill somewhere in the distance, and a barefooted youngster in a tattered, over-sized straw hat loafing contentedly toward its tanks, a crooked fishing pole over his shoulder and a tomató can full of worms in one fist.

He will see this, or something like it, from his own past; and while he will remember all sorts of stirring incidents connected therewith, such as the catching of prodigious sunfish and rock bass and an occasional repulsive-looking bullhead, he will remember chiefly the aura that used to invest such expeditions—that unforgettable, priceless atmosphere of perfect happiness, perfect contentment, and indolent, care-free well-being such as no one but a boy with a fishing pole ever really knows.

And it is the memory of this that unsettles our sober citizen, as he meditates on the business of fishing.

The PEOPLES COLUMN

Editor, The NEWS—We deplore greatly the extraordinary withdrawals of gas from the Panhandle fields of Texas. We condemn the practice of drainage, whether such drainage be brought about by production of gas for fuel and light purposes or for the purpose of stripping gasoline or carbon black manufacture or dry gas run under the guise of casing-head gas and we condemn the drainage of others' properties whether the method be swift and brief or whether it be more prolonged.

withdrawn from the Panhandle of Texas. We feel that this condition has been brought about largely by the refusal of the large major gas companies to take gas ratably throughout the field, having persistently declined to purchase ratably the gas available, attacking in the courts orders and regulations of the state's governing agencies, which attempted to bring about such ratable purchase and production. Because of the aforementioned arbitrary and unfair attitude by large major interests, legislative assistance was implored and laws were passed permitting the stripping of the dry gas of its gasoline and then blowing the gas into the air. This measure was for the purpose of protecting the royalty of those producers and the numerous land and royalty owners of lands adjoining leases from which major companies were marketing gas, to points as distant as Denver, Kansas City, Chicago, and other northern cities. We place upon the major gas interests full responsibility for bringing these conditions about and feel that if their attitude of conservation of the gas resources of the Panhandle be sincere, it is their primary duty (having brought such conditions about) to submit an authoritative, fair, definite, and concrete agreement as to ratable purchase of the gas their companies market from the Panhandle fields. We feel as conditions now exist practically all interests in the Panhandle are suffering an irreparable loss and especially the royalty owners, of which this organization largely consists. Panhandle Producers and Royalty Owners Assn. (By Directors.)

Coaching School At T. M. C. Will Open On May 28

TERRELL, April 7.—Coach Frank B. Bridges of Texas Military College has announced that a coaching school will be held at the cadet school from May 28 to June 6, inclusive. In making his announcement, Coach Bridges, former football mentor at Baylor university and inventor of the famous hidden ball play which enabled Greenville to win the state football championship last year, said: "Realizing how many high school coaches spend their time and money attending highly advertised coaching schools and who receive practically no benefit therefrom, I am announcing a coaching school at which you will receive the dope you need, information you can use, and be shown how to demonstrate and teach it to your boys. At the same time, you will receive all the new plays and formations used in the U. S. this past year in football and basket ball. The Texas Military college grants college credit and has affiliation in a regular coaching course. Emphasis is placed on conditioning, training, officiating. "Those who have attended my schools have told me that they have received more real information and how to teach it than they ever received elsewhere. I do not hold back anything. I not only give you my stuff, but Warner, Rockne, Zuppke, and all other systems which I have learned personally from them." Raymond (Bear) Wolf of T. C. U. will teach football line play. "He has his dope well organized and will get out there with each of you and give you the personal attention you want." Ralph F. Wolf, head coach of track and basket ball at Baylor, will give track, conditioning and training. Coach Bridges will give football.

Mrs. Ben Gramer arrived Friday afternoon from St. Joseph, Mo., to visit her parents, Mr. and Mrs. C. W. Lawrence, other relatives, and friends. She will be remembered as Miss Claudine Lawrence.

HUGH JOHNSON ORDERS COURT ACTION AGAINST NRA 'CHISELERS'

Road Project Is Impossible On Old Scheme

Gray county commissioners will meet tomorrow to consider the progress and future of work on the Pampa-McLean highway.

Commissioners in a short session Friday noted that they had spent approximately \$12,000 to date on the project, which is very nominal for a stretch of road approaching 5 miles.

Changing of the relief plan from CWA to PERA has so reduced the personnel of the construction crews and eliminated truck hire that the work has been suspended.

Mrs. Hugh L. Johnson of LeFors shopped in the city yesterday. C. C. Bickford of Borger was in Pampa Friday afternoon.

C. M. Gage of LeFors was a Pampa visitor last night. J. B. Wilson of LeFors was a Pampa visitor last night.

TO ACT UPON VIOLATIONS IN ABOUT 10 DAYS

STRONG CASES TO BE FILED WITH NEW DIVISION

WASHINGTON, April 7. (AP)—A general onslaught of court action against NRA code "chiselers" was ordered today by Hugh S. Johnson, administrator in letters to all code authorities and field representatives.

"We must now proceed on the basis that one who is violating his code and who is not ready and anxious to comply and make restitution, when uncertainty as to enforcement by legal proceedings must end."

All hands were warned not to file weak cases, the objective being to obtain prompt convictions. The new policy was announced shortly after the national emergency council had said the consumer activities of both NRA and agriculture would be consolidated under the council in a division that would immediately create 112 consumer councils throughout the country on an experimental basis.

The chief duty of the local councils will be to analyze the effect of price changes on consumers and the reaction on business.

Another energizing development of the day was a ruling by Comptroller General McCarl upholding a presidential order requiring all sellers of manufactured goods to file certificates of compliance with their respective codes before their offers can be considered.

The McCarl ruling effectively shuts out from government business and all state or local business partially financed by the United States, all firms which attempt to disregard code or which, like the Ford Motor company, comply but refuse to file affirmative commitment to recognize the code as binding.

On Thursday night of this week, a good will trip will be made to the Farrington school house, where a box supper will be held. The "dollar limit" plan will be continued at the next trip.

The Sam Houston Kid Band played Friday night at the Bell school, where electric lights burned brightly. A sing-song followed, directed by George W. Briggs.

Enough money to finish paying for the lighting equipment was raised. No box sold at more than \$1.

MARKET BREVIES

NEW YORK, April 7. (AP)—The eight-seating congressmen who spent half an hour in the stock exchange visitors' gallery today saw a quiet routine market.

Wall Street went home for the week end without hearing what the house interstate and foreign commerce committee had decided with regard to redrafting the regulation bill, but it later developed that most of this work had been put over to next week.

TEAM NOT STRONG ON PAPER BUT WASN'T LAST YEAR

"We have Abe Miller, Hal Witze, and George Mills as holdovers. He says 'As you know, Miller won 15 and lost 11 last year and Hal won 11 and lost 12. Miller reported to us in the spring of last year and was placed on option with Tyler. He had a very good record there and we recalled him in the fall. Earl Caldwell, a right hander purchased from Milwaukee, and H. A. Hill, also brought from Milwaukee, are two I hope will come through. Bill Macedo, a semi-pro from the Pacific coast looks good. He comes recommended by our scout, Willie Butler."

"It is plain that Severid is not greatly worried about his pitchers. The San Antonio catching staff looks as a problem. Severid appears to be the No. 1 man if he decides on regular duty. Bus Fay-ton, Bill Perry, and Jack O'Flaherty are battling for jobs but are without professional experience. Whether or not they are polished enough to step into class A remains to be seen. Jack Heald may be returned. If so, the catching staff will be completed."

Lee Stebbins, a holdover, and Geo. Stanton, secured from Milwaukee, are battling for the first base job. Both are ranking first sackers and regardless of the one Severid decides to retain, he is assured a first class initial sack guardian. Stebbins batted only .215 last year after being out of the lineup several weeks with an injured leg. He started in the play-off for the Texas league title. M. T. Connally, bought from Milwaukee, is a cinch for second. Steady fielder, timely hitter and alert hustler, he is the logical choice over other competition."

"Pud" Purdy, champion 1933 batsman of the league, has center field double clincher. Purdy was put on the auction block but the price was so high it remains at his last year's post. Larry Bettencourt, termed the most valuable man on the team last year by Severid, will be in right field. He batted .295 last season and is always a dangerous hitter with runners on. Melvin Mazzera, is slated for left field. Mazzera was here last spring and was optioned to Baton Rouge where he received very favorable comments. The Missions recalled him and are banking on him to come through with a high fielding and batting average. Sam Harshany, a semi-pro who has worked out with the St. Louis Browns, is an outfield prospect who may make the grade.

23-YEAR OLD BUCK BARROW HAS SLAIN 9 OFFICERS; ATTENDED FUNERAL OF BROTHER DISGUISED

Bonnie Parker Denies She Smokes Big Black Cigars

By FELIX R. MCKNIGHT Associated Press Staff Writer

DALLAS, April 7. (AP)—Smoke-belching from spitting machine guns manned by Clyde Barrow, one of the nation's "hottest" outlaws, was the bloodiest criminal history of the southwest.

"He shoots them down without a sporting chance. And then, elated, slips through the lightest dragnets to elude pursuers. A thousand cruder fingers "itch" for a shot at the youthful killer. But Clyde Barrow and his two consorts in crime, Raymond Hamilton and Bonnie Parker, remain untouched.

"They cockily assert they are 'too smart to be caught.' Barrow's very existence hinges on two things—a 'beat to the draw' and death-defying automobile driving. He laughs at death, both for himself and his victims. It seemingly is just a big 'picnic' for him.

Friday morning two empty-handed officers approached his automobile mired in an Oklahoma mud-hole. Machine gun bullets whizzed. One officer fell dead. The other wiped blood from head wounds. He was shoved into the car for a wild ride that terminated 14 hours later in his release.

Barrow was "sorry" he killed the officer. But he jokingly referred to the merciless slaying throughout the afternoon.

It was a repetition of another typical Barrow massacre that occurred only a few days before on a Texas side-road. Two state highway patrolmen approached the Barrow car on motorcycles. They did not draw their guns. They toppled off their machines under rattling machine gun fire just a few feet from the killer's car.

Hamilton, lieutenant of the small Barrow "army," is a chance-taking driver. He once used to jail officials that he "would just as soon get killed in an automobile wreck as any other way." His pistol at the wheel is said to be perfect.

## Club Council Will Present Lecturer

NOT ALL ALASKAN CHILDREN ARE FUR-SWATHED ESKIMOS, LETTERS INFORM FIFTH GRADERS HERE

ALL women of the city are invited to hear Col. Edward R. Cappaek, CCC commander in Palo Duro canyon, give an illustrated lecture at the city hall club rooms Wednesday afternoon at 2 o'clock. The Council of Women's clubs will be hostess.

Col. Cappaek describes work on a drive through West Texas' most famous scenic spot, a drive that he calls "the most exciting 10 miles in Texas." Other work is being done also to make this beauty spot more accessible to visitors, and men in Col. Cappaek's command will remain in the canyon a year longer.

Colored slides of scenes in the canyon will be shown as Col. Cappaek speaks.

His lecture was presented last week to the Lions club, and created much interest that he was invited to return and give it for schools and other bodies. The club council secured the Wednesday afternoon date for women of Pampa, both club members and non-members.

## Local Study of Education Needs Is Urged by P-TA

Care of Clothes Is Laketon H. D. Club's Subject

"Home dry cleaning need not be a drudgery. To every quart of nap that add two tablespoons of any good dry cleaning compound and you have an excellent solution in which the work may be done well and cheaply." Miss Ruby Adams, county home demonstration agent, said as she demonstrated dry cleaning to the Laketon club at the home of Mrs. Leo Paris.

She also showed methods of stain removal and laundering of delicate fabrics. There was a general discussion on the care of clothing.

Dainty refreshments were served to the following members: Mrs. Harry Gillespie, Charles V. Talley, Lewis Hoffner, Melvin Roberts, Frank Hoffner, Fayette S. Rudolph, and Miss Adams.

The next regular meeting will be on April 19 at the home of Mrs. Roberts.

Joint Child League Meeting Announced For 10th of April

A joint meeting of all three Child Conservation Leagues is being announced for the afternoon of April 17. Mrs. Parris Oden will be hostess at her home, 620 N. Frost.

Mrs. John Williams of Las Madres circle will preside. The program topic is Justice. All members of the Pampa, Edwin Markham, and Las Madres circles are invited to be present.

Pointers on Poise

XI MORE ABOUT HANDS By Laura Townsend Davis

Don't clasp your hands tightly in your lap when sitting. Try it in front of a mirror. You'll soon see why. A dancer will tell you that the foundation of all grace is relaxation. If your hands are tense and difficult to forget, try this simple exercise:

Shake them as hard as you can, up and down then sideways from the wrists. This hard shaking will get rid of that tense, tight feeling in your hands. It is quite all right for you to turn your hands palms upward in your lap and place one on the other. There is no tenseness in this—in fact, the lines are relaxed.

If you are excessively hand-conscious, carry a good-looking handkerchief. It will give you something to hold onto until you get your hands trained.

## PAROLE SYSTEM IS VALUABLE SOCIAL FACTOR FOR PRISONS

BY Eleanor Roosevelt

You read much about the parole of prisoners but nearly all references are in such general terms that, if you are an average reader, you have not been permitted to have more than a vague idea as to the operation of the system. In reality it is one of the most important features of modern penology and one which is deserving of unlimited study.

In the federal prison system the Parole Board contacts a man as soon as he enters prison. The social agency of the prison makes it its business to get acquainted with him at once, if he has a family they try to study its situation, its problems and learn what brought the man to prison. Whenever necessary an attempt is made to care for the prisoner's family and, if possible, his condition is improved to the end that when he eventually leaves prison he will find an improved set of home affairs. However, the paroled prisoner is supposed to have a job awaiting him or at least the Parole Board must be assured that the man has a definite view. Always an effort is made to assign the paroled prisoner to someone in his locality whose interest in him will extend beyond receiving his weekly report. An efficient parole officer who is really sympathetic and watchful may easily keep many a paroled prisoner from committing a new offense. Of course, those released on parole will be returned to prison for infraction of the rules, some

## PIANISTS WIN COMMENDABLE RANK IN TRI-STATE CONTEST

Pianists who went from Pampa to the Tri-State music contests in Canyon Thursday and Friday made creditable showings. Judging was done by Dr. Edward Hale of the Colorado College of Music.

His grading was on a different basis to that used in the recent Panhandle music festival contests. He gave no ratings of superior and highly superior, confining his grades to C, good, and B, excellent. He explained that his grade of A would go only to adult players with unusual artistic ability.

Two duos of Pampa pupils received grades of C-plus. They were Carolyn Surratt and Mary Lynn Schofield, Jean Lively and Frances Thompson.

Piano soloists who ranked excellent were Sarah Frances Bourland, playing First Counterpoint; Winnie Jean McKenzie; Frances Thompson; Clara Mae and receiving the highest rating given in her group.

Sally Church received a grade of good, as did Dorothy Brunley, playing Debussy's Girl With the Flute. Art and Byron Dodson, playing Tarentella. Miss Brunley's grade was the highest given in her age group.

Piano teachers who accompanied pupils to the contest and attended creditable showings included Mrs. Nina McKimling, Misses Lorrene McClintock and Madeline Tarpley, Miss Dorothy Dodd visited the music festival also but did not compete.

## ART CLASS TO HOLD ALL-DAY OPEN EXHIBIT

### PAINTINGS WILL BE SHOWN TUESDAY AT CHURCH

ARTISTS of Pampa will exhibit their work Tuesday, when the public is invited to a display by pupils of Mrs. John V. Andrews at the Presbyterian church. The exhibit will be held open house fashion, from 9 a. m. to 9 p. m.

Paintings will be shown by Mmes. Ray Wilson, Ralph Thomas, M. L. Sellers, Miss Ruth Clark, Jack Johnson, and Edwin McConnell, and by Mrs. Josephine Sparks and Miss Ila May Hastings of LeFors.

Among the interesting pictures will be Evening on the California Desert, by Mrs. Wilson, which expresses a marked individuality. She will also show other creative compositions of interest.

Miss Hastings will display a reproduction of McGill's Texas Bluebonnets and also several originals. Mrs. Thomas will exhibit an unusually attractive original bluebonnet subject and reproductions of famous paintings.

Another attractive picture is Mrs. Sparks' reproduction of Trail of the Setting Sun. Among the pictures shown by Mrs. Sellers will be a snow scene, Moonlight in the Ridges, Miss Play will exhibit animal paintings, in which she shows unusual skill, and also landscapes. Jack Johnson will show a painting, Fading Day, and Edwin McConnell has an original Texas Bluebonnet.

## ACTUAL CLASS METHODS WILL BE PRESENTED

### ALL PARENTS ASKED TO BE PRESENT AT GYM

REAL work and some of the fun from Pampa classrooms will be presented on an unusual program tomorrow evening, to show parents just how it is done. The city Parent-Teacher council is sponsoring the rally for all parents of pupils, at the high school gymnasium.

Mrs. Claude Lard, council chairman, will be assisted by Mmes. J. M. Dodson, C. E. Hutchins, L. L. McCole, Roy Holt, J. M. Turner, W. B. Murphy, E. M. Hope, and J. M. Daugherty, presidents of association units, in receiving visitors.

Each school has Part.

Each school will present a part of the program, and in addition the entertainment will include a skit, Gathering of the Nuts, directed by Ben Gull of the high school speech department, and a massed band concert by players from all ward schools, directed by Winston Savage of Woodrow Wilson.

Typing with music will be demonstrated by a high school class. Junior high students will present a geography demonstration. Current events will be related by B. M. Baker pupils; Merten pupils will dramatize a story; an English class from Horace Mann will recite; Hoover school will give P. T. A. yell; Sam Houston pupils will show how they learn to tell time; Woodrow Wilson's number is an addition demonstration by the first grade.

Every parent who has a child in school, regardless of Parent-Teacher membership, is invited to attend this program at 8 p. m. tomorrow.

## Rainbow Order Will Be Church Visitors Today

Girls of the Order of Rainbow will attend the Methodist church for the morning service today, observing their order's anniversary. The Rev. Gaston Foote, pastor, will preach a special sermon. His subject is Rainbows.

Members and advisors will meet at the church at 10:45 and sit in a body for the service. Boys of the DeMolay order will act as ushers. The Rainbow anniversary is on April 6, and the custom of attending a special church service on the nearest Sunday has been established in the order.

## Future of Thrift Room Is Subject For Called Meet

New developments in thrift room plans will be discussed at a meeting of Parent-Teacher association presidents and welfare chairmen in the high school cafeteria Monday at 1:30 p. m.

Assistance in maintaining the thrift room, where many children have been clothed this year, has been given by CWA workers. With the close of the CWA program here, full management of the room will pass to the P-T-A. and cooperating clubs.

Plans for carrying on the work through the remainder of the school term, and possibly through the summer, will be made at the called meeting. Mrs. J. H. Hulme, thrift room chairman of the P-T-A. announcements. All presidents and welfare chairmen are urged to be present.

## Merten Contestants For League Chosen

Pupils who represented Merten school in city interscholastic league eliminations yesterday included Gerald Nichols, J. W. Lawson, Kenneth Nelson, and Wilma Wooten, fourth grade arithmetic team members; Juanita Caldwell and Anna Lois Alford, story tellers from third and first grades respectively.

Principal J. B. Milsap of Merten was director of the arithmetic contests, held at junior high school yesterday.

## Sam Houston PTA Announces Topic

Character development of a child as affected by his community is to be the subject for Sam Houston Parent-Teacher association program Thursday afternoon. This is the seventh in a series of programs on character development.

"The Child and His Community" will be discussed by Gilmore N. Nunn. A resume of aims and ideals of the Parent-Teacher movement will be presented by Mrs. John I. Bradley.

Pupils of the school will give several numbers. The Success Family, a language lesson in play form, will be presented by third grade pupils of Missa Tidy. Members of the school band will play March Progress, Griffin; Activity, Bennett; and Charles Pearce, a band member, will play Pale Moon as a clarinet solo.

**RITCHIE OF THE NEWS**, by William Heyliger; D. Appleton-Century Co., New York, Illustrated, \$2. Everybody reads newspapers. Everybody wonders, more or less vaguely, how the news gets in and how the paper is got out. Not many ever find out. They will know when they read "Ritchie of the News."  
The man who wrote this book evidently is thoroughly acquainted with the inside of a newspaper office. He knows not only the editorial, business and mechanical facts about it, but the spirit of it, too. Thus, he has given to the public in an interesting, dramatic fiction story.  
There's a boy in the story, Todd Ritchie, an ordinary boy who, first fascinated by the machinery in the printshop, eventually gets to writing the high school notes and local items. Then things begin to happen—things which might happen in any town and in any weekly newspaper establishment; thrilling things which make good reading.  
Along with the thrills a reader gets more than an inkling of what's "back of the news"—not the big

Revival Starts  
Today at Full  
Gospel Temple

A revival will be launched at the Full Gospel Temple this evening at 7:45. The Rev. Wallace G. Ross of Bayard, Neb., will be in charge at the church building, 500 S. Cuyler.  
The evangelist is well known in Pampa, as he conducted a revival campaign here last December. He is known through the mid-west, where he has preached in most of the principal cities. He started his evangelistic career at the age of 15.

The Rev. Wallace G. Ross. Rev. Ross is a forceful speaker and preaches a gospel that answers present-day problems. The Rev. H. E. Comstock, local pastor, says in inviting the public to attend the meetings and take an active part.  
Services will begin at 7:45 each evening. Special singing will feature all meetings.

Peters-Donnelly  
Wedding Revealed

Mr. and Mrs. R. G. Donnelly of Kingsmill announce the marriage of their daughter, Zelia Grace, to Marcell Peters of Pampa. Mr. Peters is the only son of Mr. and Mrs. W. H. Peters.  
The marriage was solemnized in Erick, Okla., on last February 4. The couple will be at home here.

she was studying the patients she, the doctor himself. "I came to white the book," she says, "because an alienist friend of mine once said to me 'You had no idea how like the same mind is to the insane. It is really a question of control.'"  
L. H. Bailey's "Gardener's Handbook" offered the press at just the moment when the homemaker is thinking of this summer's garden. This fine reference book is a complete revision, newly illustrated and greatly extended. Dr. Bailey's popular volume "The Gardener," published some time ago, (\$2.00).

Judith Lane  
by JEANNE BOWMAN

**SYNOPSIS:** Judith Dale arrives at Rio Diablo dam to supervise its construction according to the instructions from her former employer, Big Tom Bevins, with money Bevins had left. Judith for the purpose, Judith's husband, Norman, sides against her and with the Bevins heirs, who with Morton Lamper's help hope to break the will. A delegation of the "natives" has come to the little wooden house that is Judith's headquarters.

Chapter 28  
**JUDITH'S LETTER**  
Judith Dale stepped to the door to greet the natives of Big Tom Town. She expected to see the same scrawny, ill-nourished crowd she had left there eight months before. True, Big Tom had arranged loans for the heads of the families, and she herself had arranged to have cases of canned milk sent in, but even at that she was unprepared for the change.  
The people who stood before her were not cowed, broken, lifeless individuals, they were sturdy, self-respecting land people. The new confidence born in them with proper nourishment and hope for the future, showed in the carriage of the men, the clothing of the women.  
"Miss Lane . . . that is Mrs. Dale," Scoggins the leader was speaking in a sonorous voice, "we have come to bid you welcome to the city of yours."  
But Judith had spied the children. The small one who had hovered close to her boots months before was back tugging at her hand. She looked down into a rosy, smiling face.  
"Delphy," she cried to the old woman, "see them, look at this precious butter ball . . . and only last August she was as thin as a rail . . . oh, and Tommy Scoggins come here, you immense creature, and look at little Timothy, if he isn't the picture of health."  
"He wouldn't be a bean no picture at all without your special food, you sent him," declared Scoggins.  
Judith was silent for a moment. "I interrupted your nice welcoming speech, can you forgive me?"  
Scoggins laughed with the others. "Don't need to make one now. We folks got to thinking. Now that Miss Judy's got five million dollars and been livin' swell and wearin' grand clothes, we'd better try to act up to her . . . but pshaw," he exclaimed, "here you come back in your same old clothes we admired so much, an' like a five million dollar man, you expect to make you know you're welcome, you kin see how we feel 'bout us bet'n' big words."  
"You bet I can, Mr. Scoggins . . . Oh, say, how's your garden doing 'this year; you've had more rain, haven't you?"  
"Miss Judy . . . you should see my pole beans."  
"Pole beans," scoffed Dunlap, "why they ain't nothin'. I'll bring 'em to you, you'll see 'em, you'll see 'em 'fore his beans get more'n blossoms on them."  
"Have you ordered your trees yet, Mr. Scoggins?" she asked a small, shy man on the other fringe.  
"I'm waiting for the dam to be in 'fore their delivered, though, so's they won't get washed out 'fore they are rooted."  
"Miss Judy," spoke up his wife, "remember them rags I was about to burn and you told me not to? Well they'd like you said and I got the prettiest crocheted rug in Big Tom Town."  
An hour later, a distracted Delphinium located Slim Sanford in the main office of the dam. "You—Miss Slim," she puffed, "if you don't come long up there 'n' light that contraption in my kitchen, Miss Judy won't never get 'cthin' to eat . . . what with that stove and that passel of folk sittin' 'round 'er, you know what I mean, ten o'clock, Ma's Slim, ten in the mornin' an' she ain't had her orange juice yet."  
"I was writing when they reached the house, writing a letter with fine, firm strokes of the pen. There was no hesitation now . . . no nibbling of pen-end for words. They came clearly as though spoken in an inner voice."  
"Dear Norman: I know how unexplainable my conduct must seem to you. I won't insult you with an apology. I have followed my convictions, just as you have followed yours. Some day I hope that we may understand each other better. Our love, at least my love for you, is not in question. It is true and steady, but had I stayed to forget my trust, it would have turned to bitterness."  
"I am comfortably housed in a shack built by the boys, in the lee of the rock where we sat through the storm. Delphy, as Lige may have told you, followed me to the depot, insisting upon accompanying me, so I will be well cared for."  
"I hope I may hear from you occasionally, because regardless of all that has happened, my affection for you has never wavered."  
"JUDITH."  
"Good morning, Small-Jude," said Sanford from the door.  
"Morning, Tall-Slim," she retorted. "Had breakfast? Hours ago? You make me feel I'm being neglected. You will have some of Delphy's coffee with me, won't you?"  
"I will, then I must fly back to Houston. Any messages, letters or what-nots, you want to send back?"  
Judith thought of her letter, remembered Norman's attack on Sanford, and decided it had better go via the regular mail, so she wrote hasty notes to Cunard and to Lige while Delphy "cuddled" eggs and brewed coffee.  
They had breakfast on the porch, and Judith, basking in Slim's silent admiration, in the love of the natives and the staunch loyalty of her men, found her first moments of happiness since Big Tom's death. After she had watched Slim's ship take off and wing into the east, she stood on her tiny porch and looked down on the dam. For a full hour she enjoyed the luxury of idle thoughts and dreams, then

Officers Named  
By Iyega Group

Iyega Camp Fire Girls had several new members present for their meeting Tuesday, when officers were elected. Catherine Covington was chosen president. Wanda Aucutt, vice president, Shirley Johnson secretary, and Catherine Culberson reporter.  
The new members heard explanations of Camp Fire idealism, laws, handsign, and Whoelo call. They worked on hand signs for head handbands, and planted vines to cover windows of the club room.  
Present were Wanda Aucutt, Jessie Farmer, Catherine Covington, Shirley Johnson, Catherine Culberson, Virginia Covington, Lillian Nix, Mildred Davis, Mattie Sue Cook, Lamoine Dunigan, and Lindell May.

Exhibit Paintings

CANYON, April 7.—A one-man exhibit of paintings, featuring oil from the brush of Harold Bugbee of Clarendon will be one of the special attractions of the Panhandle Plains Historical society meeting here on April 13.  
The paintings have already been hung in the Mary E. Hudspeth art gallery of the museum and may be seen by visitors on Tuesday, Thursday or Saturday from 2 to 6 o'clock as well as on the day of the annual meeting of the Historical society.  
Handsome paintings of Colonel Charles Goodnight, and of Colonel T. S. Bugbee, both done by Harold Bugbee, are also a part of the display.

PRISON

(Continued from Page 4)  
that I hoped he would get well and strong, an almost child-like look like him, his hair and his eyes. "Lady, where is Springfield?" And then I realized that there was another of our unfortunate fellow citizens, illiterate and childlike, in social because his lot had been cast in a community where the world was broken when Irwin of the Aggies, I wonder he had offended against the laws which he perhaps knew existed but could not understand! I could only hope that out of this experience he would regain his health and perhaps some education which might give him a better understanding and enable him to lead a better life in the future.

In a certain federal prison I found the prisoners using paper napkins. There were two reasons for this. First, many of the men had never learned to use them, in fact had never learned to sit at a table and eat their meals and it was intended that, from their lives of government, prisoners, were cut off from the outside world. Small wonder he had offended against the laws which he perhaps knew existed but could not understand! I could only hope that out of this experience he would regain his health and perhaps some education which might give him a better understanding and enable him to lead a better life in the future.

There was a time when conversation was banned within prison walls, but that has come to an end and now the men may talk in nearly any language they wish and on their way to and from work. There are, of course, dangers in this, but the old ban on conversation really never prevented interchange of words. In the days of slavery the slaves often knew many things long before the master, and today in prison there is a grapevine telegraph which transmits information often before the officers have any knowledge of what is happening. Admittedly there are vicious men and bad men whom nothing will change but, as I walked through the camp of those men under thirty, I could not help thinking that a great many of them looked much like another young man whom I knew.

As I went about the federal prisons it seemed to me that the Public Health Service, which maintains supervision over the health of all government prisoners, was doing a really remarkable job. Obviously, no man can be normal who is not well. Proper medical examinations with follow-up care and supervision can do much toward sending forth ex-prisoners who will be less a menace to the community than when they entered prison. At best, life within prison walls is an unnatural one and we must expect abnormal reactions to it. But I believe that as time goes on we will come to look upon it more and more as a place where men, and women too, will be trained and fitted to re-enter life and the punishment they undergo will be of secondary importance.

PARIS (AP)—Two smart Parisians have chosen the same suit model this spring. Both wear white washable vests with it.

Veterans Will  
Have Little of  
Bonus in 1945

Members of the local post of the Veterans of Foreign Wars are being urged to write to congressmen and senators concerning their wishes on veterans' legislation and to thank them for recent support.  
According to veterans administration estimates, the veteran who borrowed 50 per cent of the face value of his adjusted service certificate will have considerably less than \$100 due him in 1945, if he fails to keep up his interest payments.  
If the interest payments are met annually, veterans will receive the face value less actual amount of the loan when the adjusted service compensation certificate matures eleven years hence.

Veterans administration figures show, as of April 30, 1933, that 3,708,889 certificates have been issued to veterans. Of these 2,818,155 have been pledged for loans, and are now held by the administration.  
The same economic necessity which makes the loans necessary in the first place has in a large majority of cases also made it impossible for the veteran to keep up the interest charges on his loan; the average face value of each certificate issued is approximately \$1,000.

TRACK MEET CLOSED

WACO, Tex., April 7 (AP)—The Waco high school Tigers nosed out the state home team of Corsicana to win the district track and field championship here today, 30 9-10 points to 29. The meet was decided in the last field event of the day, the javelin throw, which the Tigers won.  
TEXAS BEATS AGGIES  
AUSTIN, April 7 (AP)—The University of Texas defeated Texas A. & M. in a dual track meet held today, 68 to 54, held in a driving rain. One southwest conference record was broken when Irwin of the Aggies heaved the shot 50 feet, one inch to better his own mark of 49 feet 7 3-4 inches.  
Texas won ten first places.

PORKERS WIN

FAYETTEVILLE, Ark., April 7 (AP)—Winning 10 of 15 events, the University of Arkansas thincyclists opened their track season by defeating the Missouri School of Mines team from Rolla, Mo., 80 to 51. Taking first in two events each and assisting in winning the 800-yard relay, Captain Earl Gower and Ralph LaForge of the Razorbacks tied for high honors with 10 1-4 point each.

Farm Bonds Are  
Selling Readily

I. B. Hughey, secretary-treasurer of the Pampa national farm loan association of Pampa, Gray county, Texas, recently received word from the governor of the Farm Credit administration, Wm. I. Myers, telling him of the ready reception which farmers and their creditors are giving to the bonds of the Federal Farm Mortgage Corporation which are now being tendered by the Federal Land Bank of Houston in place of cash in settlement of farmers' debts.  
"These bonds have been selling in the large markets at a little above par, indicating a ready market for them. Just a week after the banks began using bonds instead of cash, the first bonds to be sold on the New York market were purchased at 100%. We anticipated these bonds which bear 3 1/2 per cent interest per annum would sell at par or above at the time we set the interest rate for government bonds maturing in 1914, bearing the same rate were selling above par."

Mr. Myers pointed out that these bonds were not only exempt from local, state and federal taxation with the exception of surtaxes, inheritance and gift taxes, but that they are as readily salable as government securities. He said the 1/4 are being quoted in the metropolitan papers but if such quotations are not available readily to farmers that they will be given the quotations if they will write to the federal land bank of their district.  
Eighty-five Valencia orange trees of the original 1883 planting near Pampa, Calif., are still living and a few yield fruit.  
Eleven fatal and 18 non-fatal accidents resulted from rabbit hunting in California within a year, a report of the state game commission shows.

Tech's Summer  
School Will Be  
Largest Ever

LUBBOCK, April 7.—The largest number of instructors and courses of all summer school sessions will be offered at Texas Technological college for this summer session which begins June 7, announced Dean J. M. Gordon of the division of arts and sciences. "This will not only be the largest number of courses, but also the most diversified. Vocational certificates in agriculture and home economics, and a general science survey course, appealing to general science teachers in high schools, are among the courses offered."  
The annual Texas Tech coaching school, July 30-August 11, and the curriculum conference, July 23, 24, and 25, will be held at the college.

Indian Nines To  
Play on Talley  
Diamond Today

The Indian regulars will play the "Irregulars" at 3 o'clock this afternoon on the Talley Addition diamond. Miles Marboough and Raymond Acklan will be opposing hurlers and Rescoe Pinner and Lloyd H. Hamilton will be opposing catchers. Manager C. O. Busby has not decided which combination will work for his regulars. The two teams had a close battle in Hoover last Sunday but since that time the number of players available has been increased. The players are former Harvesters or high school students. They play a fast brand of ball.  
No admission will be charged for the game this afternoon.

BOXING CARD SET FOR PLA-MOR THURSDAY EVENING

Fight fans who failed to see the great card presented last week by Promoter B. W. Kelley have asked him to match the same fighters for final and semi-final bouts again this week. The promoter had considerable difficulty getting the same boxers together but he succeeded yesterday in securing their names on a contract for Thursday night at the Pla-Mor auditorium.

COL. MATT WINN, GENIUS OF KENTUCKY DERBY, OFF AGAIN

Promoter Says Chances Are Excellent For Filly To Win 3-Year Old Classic.

CHICAGO, April 7 (AP)—The 73-year-old champion of the Kentucky Derby is going to the post again tomorrow, as frisky a thorough bred as ever nudged his nose to the barrier.

EXHIBITION BASEBALL

At Tampa, Fla. Rochester (IL) 020 000 102—5 12 2 Cincinnati (N) 010 200 10x—13 12 1 Kaufmann, Potter and Florence; Shaute and Lombardi; Laveque.

Grant, who had been accorded a chance of defeating Stoffen as a result of the Los A. reles player's showing in the early rounds, found himself unable to return his opponent's cannon-like service with any effectiveness.

The Perry-Vernon battle last week was a slugging affair with both boxers drawing blood. Perry put up a great exhibition but Vernon's right was "off" and he had to rely mostly on a left.

Mrs. Mary Greer Harris of Kansas City and Jane Sharp of Los Angeles won the women's doubles championship, defeating Eugene Sampson of Chicago, and Kathryn Pearson of Houston, 6-2, 6-2.

George Dullberg of San Antonio and Bobby Kamrath of Austin advanced into the Junior singles finals. Dullberg beat Edgar Weller of Austin, 6-3, and Kamrath trimmed Eddie Holden of Houston, 6-3, 6-2.

D. A. Price of Miami was in the city yesterday afternoon. Miss Dorothy Steel of Skellytown was in the city last night.

Ryan is the fighter who has won 20 of his 26 fights by knockouts or technical knockouts. His first win by a decision was over Dunivan last week. He has never been knocked off his feet. He is a puncher first and last.

The promoter is trying to sign Dempsey Cook of Wellington to meet Earl Madden of Spearman in a six-round special event. Cook, although only a youngster, has been a sensation and is fast stepping into the ranks of tough fighters.

An old feud will be settled in the four round preliminary when Kid Skamper meets Pae Cole in a match winner take all. Skamper kayced Cole in Lubbock several weeks ago and Cole claims it was a "fluke".

4-H SCHOLARSHIP WINNERS COLLEGE STATION, April 7.—Lillie Henrich's 4-H club girls of Wharton, has been announced as the 1934 winner of the Texas Home Demonstration association's \$300 college scholarship, and Winifred Jones, of Lancaster, Dallas county, and Anna Lewis of Kosse, Falls county, as 1934 winners of the two \$250 college scholarships annually given by the Texas State Fair association.

These three farm girls won out in a field of 15,000 Texas 4-H club girls for their excellence in conducting demonstrations in better home making. Miss Bess Edwards, assistant state home demonstration agent, Texas A. & M. college extension service, said in making public the awards.

Mr. and Mrs. A. N. Dilley Jr. and daughter, Dorothy Anne, have returned after visiting in Oklahoma City a week.

Clingman doesn't have a thing to say but Dutch Mantell, Grand Duke of Luxembourg, is doing enough talking for both of them. "Why, dot lousy Canadian iss de vun dot can't take it," screamed the Dutchman after he had listened to Fenton rave. "Dot bum von't stay in de ring and make like a man."

NEW ORLEANS, April 7 (AP)—The New Orleans Pelicans bunched hits to score enough runs in the fifth inning here today to beat the Dallas Steers for the second consecutive time, 5 to 3.

GALVESTON, April 7 (AP)—The Galveston Buccaneers beat the Knights of Columbus, local amateur team, 13-1, here today in opening a week end of play against local sandlotters.

SHAWNEE, Okla., April 7 (AP)—Fruit's wildness in the fourth and fifth innings cost the Oklahoma City Indians five runs and gave the Tulsa Oilers a 7 to 0 victory as the teams opened their exhibition season here today.

TRAINING WITH THE MAJOR LEAGUES

MEMPHIS, Tenn., April 7 (AP)—The world champion New York Giants scraped through to defeat the Memphis club of the Southern league today at Russwood Park, 4 to 3.

NASHVILLE, Tenn., April 7 (AP)—The Nashville "Vols." farm team of the New York Giants, today put an end to the New York Yankees exhibition game winning streak, defeating the American leaguers, 5 to 4.

It was the Yankees' first defeat in eight games, and the Southern association team's victory also terminated the 16-game batting streak of Red Rolfe, who struck out twice, received one pass and got on base once via an error.

KNOXVILLE, Tenn., April 7 (AP)—Despite home runs by Dick Porter and Hal Trosky, the Cleveland Indians were unable to maintain their winning streak today and lost an exhibition game to Knoxville of the Southern association, 7 to 4.

ORLANDO, Fla., April 7 (AP)—The Brooklyn Dodgers' winning streak was broken at four games today when they dropped a 6 to 5 decision to the St. Louis Browns in their final game at their spring training camp.

NEW ORLEANS, April 7 (AP)—The New Orleans Pelicans bunched hits to score enough runs in the fifth inning here today to beat the Dallas Steers for the second consecutive time, 5 to 3.

# HOME BUILDING DRIVE WILL PUT BILLION DOLLARS TO WORK

## LeFors Union Adds 10 Members At Last Session

Membership in the LeFors local 822, oil field union, passed the 100 mark Friday night when 10 new members were admitted. Plans are under way to secure a permanent meeting place. In the past, meetings have been in the high school building.

W. N. Simmons is president of the organization and Lloyd Hawthorn is secretary. The organization was perfected less than a month ago. Many interested visitors have attended all meetings.

All oil field workers in the LeFors field and east of LeFors are eligible for membership in the LeFors local. Workers in that area who have been affiliated with the Pampa chapter are being transferred to the LeFors organization.

The LeFors chapter meets every Friday night.

## PRIVATE CASH WILL BE USED FOR BUILDING

### MORTGAGE MARKET TO BE GIVEN SUPPORT BY GOVERNMENT

WASHINGTON, April 7 (AP)—The Roosevelt administration plans to place government credit back of a home building program which is expected to put more than a billion dollars of cautious private capital to work.

Frank C. Walker, director of the National Emergency council, said legislation to carry out the proposal probably would be sent to congress within ten days.

He told newspapermen the measure would enable the treasury to guarantee the interest and perhaps the principal of long-term mortgages that would be issued on the new homes.

"It has been the feeling for a long time," Walker said, "that the mortgage market needs support. The proposal I am outlining is tentative but it contemplates establishing requirements for a standard type of mortgage, maturing in 15 or 20 years. All the costs for the building would be taken care of by the authorized mortgage and there would be no need for a second mortgage."

"We have made a survey and feel that the government could guarantee the interest and perhaps the principal of the mortgages with little risk of the treasury.

"The mortgages will carry low interest rates, comparatively speaking, and we feel they will be unusually safe investments. We are attempting to stimulate capital goods industries but this is not a relief proposition. It is sound business, we believe."

Walker said a survey had convinced those who drafted the plan that banks and lending agencies would readily furnish money to contractors for building if the government "insured" the mortgages.

The council director said the home building and modernization would include both rural and urban fields. He added, however, that lending to put up small business structures was not contemplated.

It was understood the proposal to back lending to build small business plants was opposed on the grounds it would lead to an over-expansion of industries and businesses already over-expanded.

## LOCAL OIL INTEREST NOW ON HENRY WELL JUST WEST AND SOUTH OF CITY LIMIT

### Ten New Locations Made During Last Week — Six In Gray County.

Interest in the Panhandle oil field has temporarily shifted from Wheeler county to the Pampa area immediately southwest of the city limits, where the Coleman et al No. 1 W. B. Henry in the southeast quarter of section 114, block 3, has topped the pay.

A shot of 200 quarts was set to go off Friday night but part of the shot stuck in the hole and it was not until yesterday morning that the charge went off. After oil went over the top of the derrick, the hole bridged. Clearing out started soon after noon but the bridge temporarily cleared and the well started flowing by leads. It was shut in last night and clearing out will be resumed tomorrow.

The new well is located half a mile southwest of the city limits. It widens the pay strip south of Pampa. Several locations are expected to be made near the new well.

Pay was topped Friday when 400 feet of oil rose in the hole. Drilling was continued until total depth is 3,280 feet. A small amount of gas was found, but not enough to flow the well.

Last week was one of location making in the Panhandle field. There were 10 new locations announced during the week. Gray county got six of the new locations. Hutchinson county three, and Wheeler county one.

The most important location of the week was in Hutchinson county, where the Texas company made a location to drill its No. 1 W. E. Herring near the northwest quarter of the Eucubio Almague survey. The test will be drilled about eight miles northwest of Stinnett in wildcat territory.

Nearest pay to the Texas company wildcat is 8 miles southwest where a small pool is located. A gas well was brought in some years ago about four miles northwest of the new location. Gas from that well will be piped to the new location.

Also in Hutchinson county, the Stinchfield Oil company made a location for its B-6, Ware in section 124, block 4, D. R. Tripplehorn made a location for his No. 2 Ware in the same section.

Locations in Gray county were widely scattered. Dixon Creek and Edwin B. Hopkins will drill a test in the E. G. Barrett lease in section 127, block 3, south of Pampa.

The Texas company registered application to drill its No. 1 Purneux estate in the southeast corner of the northeast quarter of section 59, block 2-2. The test will be a semi-wildcat south of production in the Bower-Jackson pool south of Pampa.

The Indian Territory Illuminating Oil company's No. 3 A. Smith will be drilled in the southeast quarter of section 139, block 3.

Magnolia Petroleum company's No. 2 Heaston will be drilled in section 164, block 3.

The Shell Petroleum corporation has made a location to drill on the B. E. Finley lease in the B. E. Charney survey, two miles north of LeFors.

Empire Gas and Fuel company made a location Friday for its 3C Archer in section 139, block 3, west of Pampa.

In Wheeler county the Midcontinent Oil company has made a location for its No. 5 Carwiles in the northeast quarter of section 51, block 24. The Midcontinent company brought in a good producer in that section two weeks ago.

Misses Pauline LaMaster, Esther Lowen, and Ellen Jensen of Perryton are guests of Mary Lee Records this week-end.

## BARROW

(Continued from Page 1)

officers and national guardmen after the shooting near Commerce, Okla.

"Barrow and his companions have no fear of being captured," Boyd said. "They think they are too smart to be caught."

But authorities were determined to hunt down the 24-year-old gunman, whose desperate career has been blood-spattered with the killing of nine officers.

Department of justice agents were acting upon orders from Attorney General Cummings to utilize every resource to capture the outlaw and his companions.

After returning to Commerce, Okla., Police Chief Boyd said today he was unable to identify Barrow's male companion as Raymond Hamilton, but believed he tallied here with the description of Henry Methvin, who was freed with Hamilton from a Texas state prison farm by Barrow recently.

Texas Waiting For Him

L. G. Phares, chief of the Texas highway patrol, expressed the opinion that the fugitives would attempt to return to Texas where they are more familiar with the roads.

Barrow and Bonnie Parker are accused of having killed two highway patrolmen in cold-blood near Grapevine, Tex. last Sunday.

"We'll be watching for them when they come," Phares said.

With hundreds of officers searching the highways for the killers, Capt. D. E. Hammer of the Texas Rangers issued a warning to motorists to observe instantly orders of signals to stop. Any motorist who failed to obey would jeopardize his life.

Various unconfirmed reports were received during the day that persons answering the description of the killers had been sighted. One came from Grapevine, Tex., another from Parsons, Kas., said a motorist had seen a car with a bullet hole in the windshield traveling at a high speed west of Dennis, Kas.

**'Owns Earth'**

Ed Portley, chief of detectives at Joplin, reported late today that of- ficers had been sent in pursuit of a maroon sedan answering the description of that used by Barrow and containing two men and a woman.

Boyd, with a bandage covering a wound in his scalp from a machine gun bullet, described Barrow as acting "like he owned the earth."

"He thinks quite a lot of himself," said Boyd. "Bonnie is a lot like him, but she thinks quite a lot of Barrow, you can tell that."

"They said they were sorry they had to shoot Campbell," the officer said, "but they kept joking about it all afternoon."

The outlaws drove into Fort Scott, twice last night without being observed. Boyd said Barrow bought a newspaper at a drug store and learned then that Constable Campbell was dead.

**Bonnie Has Pet Rabbit**

Bonnie Parker told the kidnaped police chief indignantly that she was not a cigar smoker as has been reported. She said the stories started because she had posed for a photograph with Barrow and held his cigar in her mouth. The picture was made from an undeveloped film found at a hideout near Joplin, Mo., from which the Barrow gang fled after killing two officers.

Boyd disclosed that the gunman carries a white rabbit as a pet. During the wild ride, he said, he frequently reached into the back of the car for a carrot to feed the rabbit.

Barrow denied to Boyd that he had killed two Texas highway patrolmen last Sunday. Texas authorities say, however, that the outlaw's fingerprints were found on a whisky bottle near the scene.

to any one, and will not have any paid workers.

"I point with pride to my former record of four years in this office, wherein the expenditures for the public works that I supervised were held down to a satisfactory minimum, and also to the fact that during the administration that succeeded me my successor spent as much money in the whole period as were expended under my control in 1932 and that, too, with the R. F. C. and other relief work to contribute to a reduction during the last two years."

"I call attention to the fact that during my tenure of office nearly all the roads of Gray county were graded and built, over 300 miles of highways that have constituted the making of Pampa as a metropolis; there were no graded roads when I began to serve. This was the period when practically all of the paving was done, and also the new courthouse was constructed."

"I promise, if elected to give my personal time and attention, all of it, to the county's business, as I did before, and will not have other business that prevents me from doing this, as is now the situation of

my opponent. I furthermore state that I am ardently in favor of a living wage for every working man and the same scale of wage for him that private interests pay. My opponents has reduced all wages but has drawn down the maximum salary allowed him by law.

"Another fact I will point out is that more was spent on the truck mail's salary during 1933 than was paid out in toto for trucking of like kind during the four years I was in office; I hope to have a chance to tell the people these and other pertinent facts in public debate during the campaign and to enlighten them with reference to the financial problems that concern the position of commissioner."

## Suits Against Doug Fairbanks Are Dismissed

LOS ANGELES, April 7 (AP)—Through his lawyer and without explanation, Jorgen Dietz, young chemist, has caused to be dismissed the two suits he filed against Douglas Fairbanks, Jr., movie actor and former husband of Actress Joan Crawford.

The dismissals were disclosed by court records today.

Asking \$50,000 damages, one complaint charged Fairbanks with alienating the affections of Dietz's former wife, Solveig, worldwide Hollywood scenario writer. In the other case, Dietz accused Fairbanks of causing him to be detained and questioned by the district attorney on a false charge of extortion, and sought \$20,000 damages.

Fairbanks, in answers filed in both cases, charged there was a conspiracy to extort money from him. He said he planned to fight the suits in court.

Mrs. Dietz returned to her former home in Denmark before her husband filed the alienation suit. Dietz later married a movie actress, Lucy Dettaine.

# V-type Engine Holds World's Records

- ON LAND
- ON WATER
- IN THE AIR

**SALUTE THE CHAMPION—THE V-TYPE ENGINE.** It holds every major record on land, on water and in the air.

It has the stuff that makes a winner in any grueling test... speed to go into the lead and the endurance to hold that lead to the finish. For it takes more than speed to win under the severest racing conditions. It takes efficiency of a rare order and the ability to keep going when the others drop out.

That's why record-breaking automobiles, speed boats and seaplanes use the V-type engine. And like these V-type engines, the Ford V-8 can take it.

Right there is the reason for the outstanding performance of the New Ford V-8. No other low-price car can match it on the road because no other low-price car has a V-8 engine. Fact is, you have to pay more than \$2000 to get a V-type eight-cylinder engine in any other car but Ford.

We invite you to drive the New Ford V-8 and let it tell its own revealing story of performance, safety and comfort.

# SANDIES 1934 GRIDIRON TEAM IS CALLED BEST IN HISTORY

### Amarillo Has Three Powerful Teams and Men Are Like Giants of Old.

Amarillo has one of the most promising football teams in many years, according to Coaches Odus Mitchell and Argus Fox, who saw the scrimmage between squad teams Friday afternoon. The team is big—bigger than any Amarillo team that has faced the Harvesters in Class A competition.

J. R. Corbit may be missing but Amarillo has another passer of great ability in Bufkin, and also a great receiver in Peterson. The line is huge and the backfield men are big and fast.

Coach Blair Cherry used three full teams, and one appeared about as strong as the other. The "A" squad played two games without losing. Coach Cherry has changed his formation this year. The backfield is more open than the system of last year.

This propaganda "Old Tack" is putting out is a lot of "hokey," the Harvester coaches said yesterday. "The Sandies will outwrestle the Harvesters nearly 10 pounds to the man and they are fast with their weight. They have two boys that will weigh between 195 and 190 pounds to back up the line and

there are a couple of tackles about the same size in front of them."

## Policemen Kill Texan's Coyote

SWAMPSCOTT, Mass., April 7. (AP)—Now how was a lonesome Texan as coyote supposed to know that the folks in this New England seacoast town couldn't tell a coyote from a wolf? Because two policemen couldn't or at least, didn't, Arthur C. Liekman's pet coyote was dead today—shot when he set up a prairie howl under a street light last night. Liekman is from San Juan, Tex., and was visiting here.

# Stage Show Coming Here

## RADIO SINGER WITH BAND IS WIDELY KNOWN

### CELLOPHANE DANCE IS SPECIAL ITEM IN SHOW

Heralded as an outstanding stage attraction, the management of the LaNora theater has announced the coming of the famous musical revue, "Broadway Follies," which is now on coast-to-coast tour, for a two-day engagement starting Friday April 13.

"Broadway Follies" is said to be one of the finest stage attractions that has been brought to Pampa this season. The people of the Panhandle will be greatly interested in the fact that the producers of this stage production has secured Roy Diven and his augmented orchestra as one of the features.

Other features which will be presented with this flash stage extravaganza include, Jewell Hopkins, famous stage and radio torch singer, who has delighted millions of admirers the past several years with her usual voice. In addition to being featured over WFAA and many other net-work stations, Miss Hopkins has appeared with many well known bands, including Henry Busse, Joe Conduzza, "Snooks" Friedman, and Hal Kemp. In addition to appearing with these bands, Miss Hopkins has toured the leading vaudeville circuits and appeared on the stages of most of the Public, Interstate, and Radio-Kelch-Orpheum theaters. For the first time in the south, the nation's newest dance sensation will be presented as another feature of "Broadway Follies." This latest dance "craze" is the successor to the fan dance, but entirely different, and is called the cellophane dance, deriving its name from the cellophane costume which Iacta Powell wears, while doing a mixture of the hula, snake-hips, and the curlicue dances, all combined in a daring routine.

There are many other Broadway attractions which will be brought to Pampa when "Broadway Follies" is presented at the LaNora theater next Friday and Saturday.

## HUNTSVILLE WINS

HUNTSVILLE, April 7. (AP)—Huntsville high school, with 127 points, took first place in the district 18 combined track and field and literary contests today. Livingston was second with 82 points.

Miss Peggy Brashears of Enid, Okla., formerly of Pampa, is visiting friends here over the week-end.

## Indian Salute Wins Arlington Handicap Race

ARLINGTON DOWN, April 7. (AP)—The \$2,500 added Dallas handicap for three-year-olds was won today by Indian Salute from a great field that included Col. W. T. Waggoner's Money Getter, A. A. Baron's Blitzybit, Bender First, Somebody and Flickamaru. The W. Sachsmaler entry of Indian Salute and Flight finished first and second in order.

Indian Salute, with C. E. Allen up, carried 121 pounds over the mile and a sixteenth route. Like most of his finishes, he opened with a burst of speed mid-way down the stretch, took the lead and finished in a drive to reward his backers with \$5.30 on a straight \$2 mutuel. He paid more to place than win when place bettors won \$5.40. Show ticket holders got \$3.40. Plight paid \$5.40 to place and \$3.40 to show. Somebody finished third and paid \$4.90. Bender First finished fifth.

The estimated crowd of 15,000 persons got the day's thrill when Canteron, with E. Litzberger up, galloped in to pay \$97.70 on a straight \$2 mutuel. He was 30 to 1 on the line and put on a driving finish to beat off the challenge of Prince Zaida who finished second. Clang in the first race, Ceylon in the second, Nell Kuhlman in the third and Pillita in the seventh were favorites who won today. Pillita, racing over the muddy track, won his third straight race of the meet.

## MANY SCREEN NOTABLES ARE IN MOVIE HERE

"HATTER'S CASTLE" IS BASED ON MAGAZINE STORY  
A grand cast, comprising many of the foremost featured stars in Hollywood, appears in Columbia's "Once to Every Woman," the screen version of A. J. Cronin's widely read Cosmopolitan magazine novelette, "Once to Every Woman," which opened today at the Rex theater for a 3-day run.

Cronin's first novel, "Hatter's Castle," appeared in the bookshelves about two years ago and immediately became a best seller. It was followed by "Three Loves" and "Grand Canary," but "Once to Every Woman" is his first work to be adapted to the screen.

Fay Wray, who in the past year has assumed imposing proportions on the Hollywood horizon, is cast in the featured role of "Mary Faraway," a professional woman who falls in love with Walter Byron, against her better judgment. When Byron is unmasked as a philanthropist and a roue, she seeks consolation in the sincere devotion of Ralph Bellamy, a brilliant young surgeon, then to discover that his love is what she had mistakenly believed Byron's to be.

Bellamy's role in "Once to Every Woman" marks his second co-featured assignment opposite Fay Wray, having appeared last season as a leading man in "Below the Sea." More recently he performed in "Before Midnight" and "Headline Shooter."

Walter Connolly again proves what a grand veteran he is in the difficult role of "Dr. Selby," whose long reputation as a great surgeon, then dimmed by the brilliance of his assistant and protégé, Ralph Bellamy. Connolly is truly achieving by leaps and bounds a popularity on the screen that bids fair to equal if not surpass his distinguished career on the American stage.

# WILL ROGERS NOW HERE IN 'DAVID HARUM'

## HORSE TRADER ROLE TAKEN BY NOTED HUMORIST

Fox Film's latest release, "David Harum," starring Will Rogers, will make his appearance on the screen of the LaNora theater today through Tuesday. Because of the nation's friendly interest in the humorist-philosopher-star, letters pour into his home regularly, suggesting a particular story or theme or character for his next picture. More suggestions urging him to play "David Harum" were received than all others combined. It was virtually in response to the command of the theater-going public that Fox Film produced this story.

Its typical American theme deals with a shrewd horse trader. Because of the coldness with which he barter, and his uncanny method of outwitting people in business dealings, his reputation is none too good in the small town in which he lives. A young man who has come to work in the bank owned by the horse trader, learns that his employer really has a soft heart, and that his hardness is only for those who deal unfairly. The young man has fallen in love with a wealthy girl, but hesitates to propose marriage because of his poor financial standing. The horse trader, who is interested in the boy, tries to help the romance along, but gets nowhere. When the young girl comes to him and requests him to enter her horse in a forthcoming race, he advises the boy to place all his savings on the horse. The hilarious method by which the horse trader brings the horse home a winner is said to bring the film to a happy and amusing conclusion.

The large cast in support of Will Rogers displays an array of impressive names that include Louise Dresser, Evelyn Venable, Kent Taylor, Stepin Fetchit, Noah Berry, Roger Imhof, Frank Melton, Charles Middleton, Sarah Padden, and Lillian Stuart.

## DUMAS TAKES TRACK MEET AT AMARILLO

Gibson of Panhandle Wins Scoring Honors; Pampa Boys Place Fifth.  
AMARILLO, April 7. (AP)—Dumas, with 40 1-5 points, ran away from Amarillo and nine other teams here today to win the Amarillo college invitational high school track and field meet.

Amarillo was second with 33 points, and the other clubs followed in order: Panhandle, Clarendon, Pampa, Priona, White Deer, Canyon, Gruver and McBeete.

Gibson of Panhandle won the high hurdles and high jump and finished second in the broad jump to win high scoring honors with 13 points.

Mills of Dumas broke two meet records, the only ones to fall, when he tossed the shot 46 feet 5 inches and the discus 113 feet 1 inch.

The Harvesters made a good showing considering the length of time they have been training. An injury and absence of two stars also hindered the work of the team.

Orville Heiskell, dash man and high jumper, and Aldon Cox, weight man, did not make the trip. Bob Drake, one of the most promising sprinters on the team, pulled a muscle in the first race and could not compete in other events.

Coach Odus Mitchell will put his charges through a week of stiff practice to enter the district 2 meet here next Saturday. Some of the strongest teams in the Panhandle, including Clarendon, Panhandle, Perryton, and others will be here to compete.

The Harvesters ranked fifth with a total of 12 1-2 points. Harvesters to place in the meet were: High hurdles—Buck Mundy, third, 220-yard dash—Buster Hayes, second, Bert Stevens, fourth. Javelin—Bill Dunaway, third, Mills Marbaugh, fourth. Discus—Mills Marbaugh, fourth. High jump—Buck Mundy, tied for second.

Relay—third. The relay team was composed of the "three Bills," Bill Dunaway, Bill Seeds and Bill Haner, and Monroe Owens. The local relay team led during three laps but the last man was not in condition for the grind. Three members of the team ran the 440 yards for the first time this season.

Bob McNeely, White Deer, was attending to business in this city Friday.

A steamer was sent from Aalsound to help the survivors. The government telegraphed similar offers of aid. Twenty children were believed among the victims.

Seventeen members of three farm families were among those drowned. The Ford separating the villages is narrow and has steep mountainous sides. The scenery nearby is familiar to many American tourists.

The three farms on which the 17 victims lived were wrecked. In addition, thirty houses were destroyed in the two villages.

Motorboats and other craft along the fjord were smashed to bits and the stream tonight was covered by

Tajford, situated at the end of the fjord, was the scene of the greatest death and destruction. It can be reached only by water since the mountainous country makes road construction impossible.

## ELECTRICAL REFRIGERATION DOES NOT COST —IT PAYS.

It is a well known fact that proper refrigeration will preserve foods for long periods—but many of us are not so clear on just what proper refrigeration is. To preserve foods safely it is necessary that they be kept below 50 degrees at all times regardless of the weather. Electrical Refrigeration is powerful enough to do this task and still have power to spare. This type of refrigeration PAYS.

Buying refrigeration or perhaps we should say, hiring refrigeration is similar to hiring a man to work for you; if he does good work he earns his hire; if he does poor work he is not worth anything. There are many splendid electric refrigerators available this year. Some of them have large food freezing compartments, and there are a variety of egg holders, vegetable fresheners, cold water containers and such new features as dough crocks.

Visit your Electrical Refrigeration Dealers and see the new models. Convenient terms are offered.
