PRICE FIVE CENTS

'MA' POSTS REWARD FOR BARROW

T. A. LANDERS in McLean News—Cooperation is an overworked word, but there is no other way in which a community can grow. Dividing a community into factions is a sure way to destroy its usefulness, as has been proven times without number. Working together for a common end means success.

C. E. CLARK in Childless Index—Members of the Lions club are taking a step which should result in greater safety to motorists in Childless county—that is, purchasing reflectors for trucks and trailers for distribution by Boy Scouts.

SAM BRASWELL in Clarendon News—Recently this writer heard an able professional man make the statement that the service clubs of today were doing more charity work than all the churches combined. The truth is that the churches give very little publicity to the vast amount of aid given the sick, the hungry and the needy, and when the charity of the service clubs of the nation would run into hundreds of thousands, the sums expended by the churches totals many millions.

DAVID M. WARREN in Panhandle Herald—Inability of the United States government to bring back Samuel Insull, ex-utility magnate, for trial is one of the most exasperating things of this century. If the government expects to have the common people respect the law, it should bring back Insull without delay. A poor man would have been brought back for trial in a short time.

R. B. HAYNES in Miami Chief—We are prone to judge people in no small measure by the kind of yard keepers they think they are. Many times you have heard someone say, "No, I don't know the people next door but they cannot amount to much because their yard is cluttered with tin cans and their garbage can is always open." Do not let your neighbor be able to pass judgment on you on such grounds.

C. G. MILLER in Wheeler Times—Suppose a Federal tax collector came to your home and presented a

WHO WAS FIRST IN AMERICA?

By Joseph Nathan Kane
Author of "Famous First Facts"

Who made the first non-stop flight from America to Hawaii?
When did the first newspaper come into existence?
When did the first doctor arrive in New England?
Answers in next issue.

CHICAGO OPENED THE FIRST ROLLING LIFT BRIDGE FEB. 4, 1895
FIRST LABOR POLITICAL ORGANIZATION WAS THE WORKINGMEN'S PARTY FORMED IN PHILADELPHIA JULY 1828
GEO. WESTINGHOUSE RECEIVED A PATENT FOR THE FIRST AIR BRAKE APRIL 13, 1869

Answers to Previous Questions
The Van Buren Street span over the Chicago river is the first rolling lift bridge. It cost \$169,700 then, but has entailed much more in maintenance since. Westinghouse used his first air brake on a special train of the Panhandle Railroad, and won immediate success with it, although it required considerable improvement. His automatic brake came 15 years later.

First in Pampa

Q—Who was the first white child born in Gray county?
A—The late O. W. "Hootie" Harrah was born on Cantonment creek and was the first white child born in the county. Henry That claims the same honor but he has been "voted down."

Civic Duty To Call Voters To Polls In City Election Tomorrow

CAMPAIGN HAS SET MARK FOR LOW INTEREST

POLLS WILL OPEN AT 8 A. M. AND CLOSE AT 7 O'CLOCK

What—Pampa municipal election to choose a mayor and two commissioners for two-year terms. When—Tomorrow, Tuesday April 3, from 8 a. m. to 7 p. m. Where—Main floor of city hall, in commissioners' meeting rooms. Who can vote—Residents of the state at least one year, the city at least six months, who have paid tax receipts or exemptions, and who live within city limits. Candidates—For mayor, W. A. Bratton, incumbent, who has no opponent; for commissioner No. 1, Clyde Fathere, incumbent, and W. T. Fraser; for commissioner No. 2, R. Earl O'Keefe, incumbent, and Marvin Lewis.

A MUNICIPAL election campaign, unusually quiet and with no inflammatory issues coloring discussions, will reach its climax tomorrow as Pampans go to the polls to elect a city commission, including the mayor, for two-year terms. The election will be held in the city hall from 8 a. m. to 7 p. m., with C. P. Buckler as judge. Those who vote must have paid tax receipts or exemption receipts, with the exception that if their names are on the poll tax lists they may make affidavits that they are not delinquent. Only those who live in the city limits may vote. Since Pampa is a part of seven precincts, it may be necessary in some cases to have prospective voters point out their residences on a city map, and give their street addresses as near as they can.

Election of Mayor W. A. Bratton for another term is conceded, since he is unopposed, his name is filed with the administration for reelection, along with those of Commissioner Clyde F. Fathere and R. Earl O'Keefe, and the mayor has been endorsed by backers of the second ticket, composed of W. T. Fraser for commissioner No. 1 and Marvin Lewis for commissioner No. 2.

There are at least as many qualified voters in Pampa as in any other city of its size. More than 1,600 votes were cast. Although interest is not as high now as it was then, a substantial turnout of voters is expected tomorrow. Interest in government in general has developed much since the Roosevelt administration took office in Washington.

Pampans are being urged to go to the polls as a civic duty, and women voters are being asked to take the same interest in city government as the men do.

ABSENTEE VOTING IN SCHOOL ELECTION
Ballots have been printed for the school trustee election of next Saturday, April 7, and may be used in absentee voting today and tomorrow. The candidates are C. T. Hunkapillar and J. M. Daugherty, incumbents, and Frank M. Foster and Paul Hill. Absentee balloting will be in the office of Joe Smith in the courthouse.

Siler Faulkner Jr., student in Southern Methodist university, Dallas, spent the Easter vacation in Pampa. He returned today.

WEST TEXAS: Mostly cloudy, probably showers in southeast portion tonight and Tuesday. Colder in north and west portions tonight; colder Tuesday.

I HEARD—

Clarence Kennedy declaring that "spring is here" as he used a large handkerchief freely on raising eyes and nose. Clarence has a beautiful dose of hay fever. In fact, it is about the best in the city.

Where Three Died in Longview Hotel Blaze

Pictured above is wreckage of the disastrous fire which brought death to three guests of the Longview hotel and caused the injury of 18 others, and was up for investigation today by the Gregg county grand jury and the city fire commission as well as by officials of the hotel company. A careful search of the ruins of the three-story, \$250,000 hotel failed to bring to light any more bodies and investigators considered it probable there were no more fatalities than the three previously accounted for. The dead were Don F. Safford and Sam Craig, both of Dallas; and a man identified as T. D. Jones of Shreveport.

Local Store Is Burglarized

Penney's Loss Totals \$65; Pla-Mor Entered - Cars Are Stripped.

PAMPA peace officers had a busy and fairly successful week-end for the first time in nearly a year. Two men are in jail and a quantity of stolen articles has been recovered. Police are investigating one of the most unusual robberies in years. The J. C. Penney company store was entered sometime last night but the loss amounted to less than \$65. The thieves overtook Saturday's receipts, although the office equipment was thoroughly searched and contents scattered about.

Entry to the store was made by smashing a hole through the wall between the Rose building and the store. The burglars "jimmied" the door into the ladies rest room on the second floor of the Rose building, and then with the use of a sledge hammer, punch bar and shears made their way into the ladies' rest room in the Penney store.

The burglars evidently were skinny. The hole through the wall was close to the floor and not large enough to permit a stout man to get thru. The plaster was smashed by the sledge hammer and the wire was carefully cut along three sides and then turned back. The tools were left lying on the floor of the rest room.

Hollis Keys, manager of the store, reported this morning that money said out for some current bills was missing. No articles of clothing have been found missing.

The thieves apparently knew where they were going when they broke through the wall. They tried one place only and it was between two uprights.

City officers late Saturday night arrested two men, who gave their home address as Memphis, in connection with the theft of automobile accessories. They denied their guilt until confronted with finger prints made by City Officer Bill Turpin. The men then admitted the thefts and will be turned over to the county today. The officer took their finger prints and then compared them with prints found on a luggage carrier which two men had been

Huge Record of Ayer Suit Ready For New Court

The statement of facts and transcript of orders, judgments, and motions in the suit of Ewell J. Ayer against the contracting firm of Coker & Braden were to be sent to the Seventh Court of Civil Appeals at Amarillo today on behalf of the defendants.

The statement contained 563 typewritten pages as prepared by W. R. Frazee, court reporter. Most of this was testimony. County Clerk Frank Hill required 150 pages of the transcript of the case.

Mr. Ayer was granted a \$19,000 judgment for injuries received when he was struck by a gravel truck. Then the defendants filed notice of appeal.

Scoutmasters To Meet Tonight in Regular Session

Scoutmasters of many Pampa troops are to meet at the headquarters in the city hall at 7 o'clock tonight for their regular round-table discussion.

Jesse Jones Says Money Is Getting Easier to Borrow

WASHINGTON, April 2. (AP)—Jesse H. Jones, RFC chairman, told reporters today indications are that money is getting easier to borrow over the country and that the demand for government loans is less than anticipated. The corporation still has unused borrowing power of one billion dollars.

TURKISH HOUSE OF DETENTION HOLDS INSULL

GREEK LAWYERS RUSH TO ISTANBUL TO AID FUGITIVE

WASHINGTON, April 2. (AP)—Turkey today notified the United States that Samuel Insull would be extradited to Chicago to stand trial. Robert P. Skinner, American ambassador to Ankara, notified the state department, the Turkish government had informed him at 5 p. m. (Turkish time) that Insull's extradition had been granted. The Turkish government at the same time informed Skinner that Insull was now at the ambassador's disposition.

ISTANBUL, April 2. (AP)—The Turkish national assembly today ratified an extradition treaty with the United States, thus clearing the way for the return of Samuel Insull to Chicago called into special session by the cabinet, the assembly acted swiftly at Ankara.

The treaty was signed in 1923 and ratified by the United States but until the problem of Samuel Insull was placed on her doorstep Turkey had not chosen to bring it into force.

Insull, a fugitive for a year and a half from Cook county, Illinois, indictments charging him with embezzlement and grand larceny, was arrested by Turkish police today.

They took him from the Hotel London, despite his protestations, to the house of detention.

Kenan Bey, attorney general, stated that if an examination showed the 74-year-old former utilities czar to be ill, he would eventually be transferred to the prison infirmary to await disposition of his case.

A battery of Greek legal talents was reported en route from Athens to fight in his behalf—an apparent last ditch effort to save Insull from trial in Chicago on the charges which arose from the overthrow of his one-time empire of middle western utilities.

A three-judge Istanbul court made a block day of Easter Sunday for the care-worn Chicagoan. In proceedings he could not even understand, it ruled that he could legally be handed over to the United States.

Two Injured Men Charged in Theft

Two men, both injured, were brought to Pampa from Panhandle this morning to be charged with car theft. They were arrested 11 miles northwest of Panhandle last night after the car they were driving ran into a ditch.

FERA HELPING MOST NEEDY—ROAD BUILDING INCIDENTAL

With the CWA work-relief program definitely ended by federal proclamation, only budgetary requirements of the most needy residents of Gray county will be met through the FERA program which has been substituted.

WRECK FATAL TO BORGERITE NEAR CLAUDE

James Elmore Eubanks Is Dead, Sister Injured as Automobile Overturns.

CLAUDE, April 2. (AP)—James Elmore Eubanks, 22 years old, of Borger, was killed and his sister, Dorothy Eubanks, was injured early today when their car overturned on state highway No. 5, seven miles south of Claude.

Miss Eubanks, who was pinned beneath the car, estimated that she was unconscious for 30 minutes after the accident. She finally extricated herself and hailed a passing bus which brought her to Claude. She was carried to an Amarillo hospital.

Eubanks and his sister had been visiting in Wichita Falls. He was due back at his post with an oil company at 8 a. m. The accident occurred about 5 a. m.

Annual Clean-up, Fire Prevention Week Begins Here

This is fire-prevention and clean-up week in Pampa. Fire Chief Clyde Gold is asking that Pampans so operate in every way possible. Mayor W. A. Bratton has issued a proclamation calling on the citizenship to do away with fire hazards and clean-up and paint their homes.

The department answered a call to Montagu street yesterday morning when grass was burning. There was no damage. Chief Gold urges persons who plan to burn grass, weeds, or rubbish to call the fire station before they start. He will send a truck and men to the place so there will be no danger of the fire spreading or getting out of control.

Chief Gold also urges Pampans to refrain from burning things in high winds. It is very dangerous and can easily wait until a still day. If the wind continues through this week, the drive will be extended until everything has been cleaned up.

Coaching Staff Here Increased

An addition to the Pampa high school coaching staff was approved by the athletic committee in called session this morning. The new coach is Joe Odus Mitchell, son of Mr. and Mrs. Odus Mitchell, born yesterday noon at Worley hospital.

I SAW—

Don Tate sporting the best coat of sun-burn acquired here yesterday. A friend of Hamp Brown vowing up and down that he, Mr. Brown, shot a hole in one yesterday. Brown later said it was an April Fool joke. High school teachers breathing sighs of satisfaction because April Fool's day and the day after it were not school days.

BANDIT HOLDS UP OFFICERS IN BROWN COUNTY

HAMILTON ALSO NAMED IN DEAD-OR-ALIVE REWARD OFFERS

FORT WORTH, April 2. (AP)—Clyde Barrow and his cigar-smoking moll, Bonnie Parker, were charged here this afternoon with the murder of two state motorcycle policemen, E. B. Wheeler and H. D. Murphy, slain near Grapevine yesterday. The charges were filed in Justice of the Peace J. H. Faulkner's court.

AUSTIN, April 2. (AP)—Rewards of \$1,500 were offered today for the killer or killers of two state highway patrolmen slain near Grapevine yesterday.

One thousand dollars was guaranteed by L. G. Phares, chief of the highway patrol, who said it would be paid for "the apprehension and conviction, or for the dead bodies," of the slayers. He said the money would be made up by members of the highway patrol or others who desired to contribute.

Governor Miriam A. Ferguson posted a \$500 reward for each, Clyde Barrow and Raymond Hamilton, killers and robbers, "dead or alive." It was believed that Barrow was responsible for the officers' deaths.

The Ferguson reward would be paid for the slayer or slayers, of the state officers, even though the shooters were not Barrow or Hamilton.

The state highway patrol will never cease its efforts until the killers of the two patrolmen are caught, Phares declared.

"These were the first patrolmen to be shot and killed," he said. "Their fellow patrolmen will use every effort and never quit the job until the merciless killer is caught."

He again warned his patrolmen to exercise caution in approaching cars. Spurred on by the rewards, police, state rangers and highway patrolmen, and agents of the department of justice frantically tried to catch up with Barrow whom they directly accused of directing a burst of gunfire which killed E. B. Wheeler, 26 and H. D. Murphy, 33, state highway patrolmen, near Grapevine yesterday. They learned that Barrow's fingerprints were on a whisky bottle near the scene.

In the same type and color car as the assassins used, two persons believed to be Barrow and Bonnie Parker, his woman traveling companion, drove up to a filling station at Blanket, 10 miles northeast of Brownwood, held Howard Strickland, night clerk, at bay and stole a tank full of gasoline. They dashed away to the east, with Strickland firing at them.

It was believed that Barrow and Bonnie Parker had been waiting for Raymond Hamilton, escaped convict who has been identified as the robber who Saturday looted the State National bank at West, Texas, of \$1,865 and kidnaped Mrs. Cam Gunter near Mexia. Hamilton has been closely associated with Barrow ever since his escape from a Texas prison farm, where he was under sentence aggregating 263 years.

In getting away with the bank loot, Hamilton wrecked his car near Mexia, commandeering that of Mrs. Gunter to continue his flight. Mrs. Gunter was released at 9:30 a. m. yesterday in Houston and given back her car. Hamilton and the red-haired woman accompanying him drove off in another stolen car. Schleffer, whose farm borders the side road, said he was about 1000 yards away when he saw the two patrolmen ride up to the car. When they were about 25 feet away, both alighted from their motorcycles. Just then, the man and woman in the car jumped out and opened fire with shotguns. The officers fell without having drawn their pistols.

IT'S YOUR DUTY TO VOTE

If you are a qualified voter in Pampa, it is your duty as a citizen to cast your vote in tomorrow's city election.

You may not like the outcome of the election. Your favorite candidates may not win. But if you and every other eligible voter casts a ballot, you cannot quarrel with the result. It is not only your duty to vote, but to urge others to vote.

It is, moreover, your duty to ponder thoughtfully over the serious work of governing your city and carrying on its huge business. Operating a city is much more than impounding stray dogs, sweeping the streets, and welcoming conventions. Pampa has a large bonded debt—bonded by the people through their votes. That debt must be met through levying of taxes. It cannot be repudiated. City taxes are largely controlled by fixed charges to pay for services and conveniences voted by the people. Much money is involved. Taxes cannot be cut below debt requirements.

It is fortunate that Pampa business men, rather than politicians seeking personal gains, can be persuaded to offer themselves for public office. It has been said that no one in his right mind can logically make the sacrifices and take the abuse that office holding means. A high sense of civic duty should be behind every candidacy.

You, the voters, are the judges of the evidence—weigh it carefully and cast your vote, tomorrow. Then abide calmly by the result and help build a better Pampa.

WORRIES OF YOUTH ARE REAL

The age of youth is the age of idealism. Then it is easy to dream of success cleanly and honestly attained through hard and alert endeavor. Depriving the young of the opportunity to work produces a despondency even surpassing that of the aged and helpless. Suicide of students in and immediately out of school is increasing. Problems of the young may seem trivial to their elders but they should not be so considered.

And it makes one wish that it were easier for an older person to go to one of these worried and discouraged youngsters and explain that the difficulties of youth are never quite as big and overpowering as they seem.

A lad's career isn't hopelessly ruined because he fails to master the intricacies, say, of analytical geometry; failure in a college course usually becomes one of those things at which a mature man looks back with nothing more than a rueful smile.

Yet there is a barrier between youth and maturity which the best of advice all too often is quite unable to span. We who are older have had our defeats, and we have accepted them. We have gone with our feet shod in light, only to discover that kind of footwear isn't suitable for tramping through mire and brambles.

Youth has all that to learn; and because it has, it has a way of refusing to listen to us when we try to explain that those catastrophes of the late teens and early twenties are never quite as bad as they seem.

For each young man is buoyed up by the conviction that he is different. Other men have dreamed dreams and seen them dissolve; he is something special, his dreams will be realized, his battles will be victories.

It is because youth believes this that it is always willing to die on battlefields, or on barricades, to lead lost causes, to tackle a smudged and time-stained world with bright confidence.

Then, sooner or later, the youngster has to find out that isn't so. And there is where our wisest and most sympathetic counsel is needed. If we can give it, and get it listened to, we can save a youngster from black despair.

Sometimes we can't; and then, if luck is bad, we have had that most pathetic of all tragedies—the suicide of a young man.

OUT OUR WAY

By WILLIAMS

RACE TRACK REVENUE IS BEING USED TO IMPROVE WORK ANIMALS

AUSTIN, April 2. (AP)—Pennies from the dollars wagered by racing fans on Texas tracks are financing a state-initiated program for improvement of work animals on farms and ranches.

Breeders of work stock were quick to believe the state department of agriculture, administrator of the plan, with applications to participate in the state's experiment, which was prescribed in the race legalization statute.

A nickel of every \$2 mutual ticket sold is the state's "take" by taxation. A fourth of the nickel is spent for public education; one-fourth of the remainder for the purchase of thoroughbred jacks and stallions and the remainder for the support of the agricultural department and the Texas Racing commission.

Bettors contributed approximately \$15,000 to the jack and stallion fund in nine months of legalized pari-mutuel wagering. J. E. McDonald, commissioner of agriculture and a member of the Texas Racing commission, estimated \$10,000 of the fund had been spent for 20 stallions and 23 jacks. They were imported from Missouri and Kansas. The demand of Texas breeders for the jacks and stallions was so great that of the 50 estimated to be in service during the spring breeding season of April, May, and June about half met requests. Additional breeding stock will be bought, as funds become available to increase the supply for the fall season of September and October.

Stallions were purchased for prices ranging from \$175 to \$350 and jacks from \$150 to \$450. They were transported to Texas at an average cost of \$30 a head.

Six hundred farmers applied to be caretakers. One was appointed for each animal at an allowance of \$30 a month. A fee of \$5 was set for the service of a stallion or jack, proceeds to be used in defraying the maintenance expense.

Purchase of thoroughbred stallions of the racing type is planned for next fall, McDonald said. Race

horse owners deferred their requests for the state purchase of stallions, he said, until the needs of farmers and ranchers were supplied.

AT 60 BELOW, BYRD BEGINS SEVEN-MONTH WEATHER STUDIES

IS LEFT ALONE IN SMALL HUT IN ANTARCTIC

EXPLORER EXPECTS TO WRITE MUCH THIS 'WINTER'

LITTLE AMERICA, Antarctic, April 2. (AP)—(via Mackay radio)—With the temperature at 60 degrees below zero, Rear Admiral Richard E. Byrd was off today on a seven-month solo study of weather in the Antarctic.

"All is well," he reported in a radio message assuring the main camp that he had settled himself "as comfortably as could be expected" in his little one-room shack 123 miles south of little America.

The tractor party which hauled supplies to this world's southernmost weather observation post started the return trip Saturday, leaving Admiral Byrd alone.

The leader minimized the hazards of his lonely existence.

"The winter night is a period of tranquility of a sort you will never achieve in civilization," he said.

Admiral Byrd said he expected to keep busy maintaining a continuous meteorological record and doing much writing in the now almost completely snow-covered hut.

Dog Teams May Rescue Russians On Siberian Ice

NOME, Alaska, April 2. (AP)—The old standby of the Arctic traveler, the dog team, was called upon today to augment the efforts of airplanes in reaching a party of 89 Russians marooned on the ice cap 350 miles northwest of here.

After blizzards and storms had prevented two airplanes from carrying out their mission, plans were laid by a relief expedition in Siberia to send dog teams across the treacherous ice to the stranded party.

Prof. George Yushakoff, directing relief work from Cape Van Karen, Siberia, sent word to Pilot M. T. Sletneff to try again to fly dog team supplies from Nome in the expedition's second plane. Sletneff was forced to fly back to Teller, near here, when he ran into bad weather yesterday. Professor Yushakoff reported that Pilot F. A. Levanovsky's arm was injured and the propeller of his plane was damaged when he crashed last Thursday on a relief flight.

The Russians have been stranded on the ice since their ship sank February 13.

Taylor Convicted

TYLER, April 2. (AP)—Ben C. Taylor has been convicted of murder and sentenced to seven years' imprisonment for the shooting of G. Mont Adams, Tyler cotton magnate, last July 4. A plea of self defense made by Taylor, who testified he fired because he was afraid Adams would shoot him.

(The following review of National league pennant prospects, based on first-hand analysis of training camp activities by Associated Press staff men, is the seventeenth of the spring baseball series.)

BY ALAN GOULD,
Associated Press Sports Editor.

NEW YORK, April 2. (AP)—The National league is flying its own blue eagle this spring, testifying to a recovery program already well under way.

Since the Giants regained world championship prestige for the old guards last fall, the owners have taken hold of the tail-end Cincinnati Reds, three pennant challengers have fortified their lineups at considerable expense and four new managers have taken charge of the spring drills.

The combined outlook is for a sensational championship race, with the Giants picked as the club to beat and the Pittsburgh Pirates looming most impressively among four real rivals of Bill Terry's aggressive outfit.

Baseball men do not figure it is in the book for the Giants' pitching staff to repeat its marvelous 1933 performance, especially at the aid of the heady Gus Mancuso behind the bat will be missed for at least another month. However, those who think the New Yorkers were in over their heads, getting all the brass last season, may get the surprise of their lives. The club will not give up without the hardest kind of a fight and Terry's intention to make every spot count is demonstrated by his abrupt trade of George Davis, centerfielder, to the Cardinals for the hard-hitting Geo. Watkins.

The Pirates, despite erratic pitching, finished second last year. Outside of the box the Bucs have more all-around talent than any other club in the league and the addition of Red Lucas figures to give the hurling department just the workhorse it needs.

Chuck Klein's addition to the Chicago outfield, at a cost of \$125,000 figures to pay substantial dividends. Much also is expected from a rookie pitcher, Dick Ward, and George Stainback, an expensive outfield recruit. If the Cub's pitching veterans, such as Bush, Malone, and Root, can combine to return to form, pennant calculations probably will have to be revised.

The St. Louis Cardinals and Boston Braves both figure to be in the pennant scramble, making it a five-cornered affair for the second straight year, chiefly because each has usually strong pitching prospects. The Cardinals also have enough speed and power to lift the club to the top, providing the Dean boys, Tex Carleton, Bill Hallahan, and Jesse Haines all come through in the box. Virgil Davis, the slugging backstop, is the principal addition.

New pilots have taken the helm of the other three National league clubs but all any of them can hope for is that he will keep his outfit from last place. Of the trio, Bob O'Farrell's Cincinnati Reds, occupants of the cellar in 1933, have shown the most improvement, especially in hitting, but it is a question how consistently the pitching staff will help, headed by Paul Deringer, Si Johnson, Dazzy Vance, Larry Benton, and Sylvester Johnson.

Casey Stengel, new boss of the Brooklyn Dodgers, also has limited pitching prospects, with a staff built around Van Mungo, and lacks real batting drive. The Phillies, handicapped now by the absence of Dick Bartell, in a spike wound, pin their hopes on Jimmy Wilson's ability to get results from a flock of erratic pitching arms.

Solons Get Hair Cut for 25 Cents

WASHINGTON, April 2. (AP)—The NRA may frown upon price cutting wars, but many members of the house of representatives are smiling at one that is, so to speak, right under their nose.

A sign outside the shining barbershop in the new house office building reads in effect: "Haircuts two-bits; shaves 15 cents."

For years the barbers in the house side of the capitol and in the old office building have charged 50 cents for a haircut and 25 cents for a shave.

But the new office building was out up and a new bunch of barbers let in. They saw a chance for business, and promptly started to trim both congressional locks and prices to the tune of a quarter.

The other barbers let out a wail. They took their case to Joseph Sinnott, doorkeeper, who has charge of the barbershops in the capitol and the old office building.

Now he has put out new orders, all house haircuts are to be two bits and shaves 15 cents, just about 50 per cent below prices in other parts of town.

But even with all this, the house members were worse off than their senatorial brethren. Senators can get their barbering done for nothing in their own private tonorial parlor, for which the government pays all expenses.

Find Fortune in Hasenpfeffer

Hasenpfeffer is just sour rabbit to the multitude, but it's a \$153,000 dish for Mrs. Margaret Meringer, Woodside, L. I., apartment janitor. She held the winning ticket in an English race lottery, given to her by her chef husband, who received it from a patron in gratitude for a superlative hasenpfeffer recipe. Mrs. Meringer is shown here with her son, William, left; her daughter, Margaret; and her husband.

CANADIAN'S ACTIVE POST OF LEGION PREPARES FOR MEETING

NEW PICTURE SHOWN AHEAD OF SCHEDULE

"SING AND LIKE IT" IS AT REX THEATER TODAY

"Sing and Like It" the current picture at the Rex through Tuesday is so new that no publicity is available. In fact, the attraction is being shown four weeks before release date for showings in the larger cities. The picture is hailed as one of the outstanding comedies of the season and for those who like to laugh "Sing and Like It" is sure to please.

Zasu Pitts heads the cast of sing and like it" and is supported by Edward Everett Horton and Pert Kelton in this newest of RKO pictures.

CANADIAN April 2.—The Zybach-Owens post of the American Legion's 18th district convention is rapidly filling out a well rounded program of diversified entertainment for the several hundred visiting Legionnaires expected here. In violation to some 72 posts in the 18th district have been sent not only by Zybach-Owens post but also by Edw. C. Fisher, mayor of Canadian, and S. E. Allison, secretary of the Canadian chamber of commerce.

The convention will be held in Canadian on the 7th and 8th of April. Among the attractions offered to guests will be a huge golf tournament, a service officers school, a big dance, with music by a well known orchestra, and speeches by State Officer and a tea for the visiting ladies will be given by the Auxiliary.

The enterprising officers of this Post has raised the membership to far above their quota, one of few posts in the 18th district that has done so. Among other enterprises is the building of the post's own hut in the Municipal park. It is a large stucco and tile affair, big enough to take care of any entertainments the post might offer.

The officers of the post are: E. J. Cussens, commander, Jim Johnson, adjutant, and G. B. Nolan, finance officer.

A pulpit Bible from Birmingham, England, used by two world-famous preachers in Clark's lane chapel, was presented to the Congregational church of Topeka.

EASTER WORSHIPPERS CROWD ALL CITY CHURCHES YESTERDAY

FIRST BAPTIST REVIVAL OPENS THIS EVENING

RELIGIOUS ACTIVITIES WILL CONTINUE THIS MONTH

THE Easter parade on one of the finest Sunday mornings of the year took hundreds of Pampans to city-permeated churches yesterday morning, with Easter visitors swelling all congregations.

Religious interest will continue through the month, with continuous revivals. Services at First Baptist church will start this evening with the Rev. J. D. Brannon as evangelist and Ira Powell as song leader.

The first morning service will be at 10 o'clock tomorrow. The public is invited to these services, which will be conducted by young men. Immediately at their close, the spring revival of First Christian church will start.

Methodist Revival Ends. Methodist church ended a pre-Easter revival yesterday, with 44 additions to the church. Easter was celebrated with sunrise services by young people's groups of the Sunday school and cantata presented by the choir last evening.

R. B. Fisher was director. Soloists were Mmes. Phillip Wolfe, R. R. Jones, Ethel Powell, Miss Dorothy Dodd, E. E. Plank, E. D. Zimmerman, and Howard Zimmerman. Accompaniment was by Mrs. May F. Carr and Miss Hermina Stover.

Christian Groups to Meet. Two meetings of interest this week were announced at First Christian church. The World's Fellowship club of young people meets this evening, and the men's fellowship group tomorrow. Music by the young people's choir featured the Easter service there yesterday morning.

Special Easter music was heard at all the churches. Sunday school attendance reports, indicating the increased congregations, are as follows: Christian, 511; Presbyterian, 146; Central Baptist, 198; First Baptist, 808; with 187 in training service and three additions to the church; Church of Christ, 169, with three additions to the church; Methodist, 515.

'Ma' Touchy About Past of Husband

AUSTIN, April 2 (AP)—Governor Miriam A. Ferguson does not like political reporters to write about her husband's past. "Governor Jim," however, will let the reporters dwell on his political past without display of displeasure.

"Let your pen slip a little recently," said Governor Miriam at Houston, when she met one of the capital writers.

"Why, Governor, in what way?" asked the correspondent. She would not say, but let it be known that reporters never should refer to her husband's former difficulties.

Ernest Cabe, junior high teacher, spent the week-end visiting his parents at Chillicothe, Texas.

SHORTER COLDS VICKS

PROVED BY 2 GENERATIONS

The party was seen taking the two rolls of chicken wire from back of Sam McDonald's property. If not returned by Wednesday morning immediate action will be taken.

McLEAN GREET'S COLLEGIANS AS EASTER GUESTS

Students There Won Many Honors in County Meet

McLEAN, April 2.—McLean has been enjoying having her college boys and girls home for the Easter holidays. From McMurry have come Laverne Pettit, Beth Word, Lavelle Christian, Lavelle has as his guest Lowell Echow of LeFors. Both Christian and Echow played on the freshman football team at McMurray and were recently awarded sweaters for their excellent work on that team.

Misses Margaret and Ruth Hess, Duard Lynch, Jack Reed, Allison Cash were all home from Lubbock where they were attending Texas Tech.

From Canyon came Brady McCoy, Bonnie Bell, Pauline Muncie, Annie Pugh, Maxine Fowler, and others.

McLean Wins Honors. McLean won her share of honors in the county interscholastic meet held here Thursday, Friday, and Saturday.

Thursday morning, afternoon, and most of Friday were devoted to tennis elimination. McLean won first in girls' doubles, Mary Emma Back and Oleta Back playing. They won second in boys' doubles, James Emmet Cooke, and J. D. Back playing. Second place in boys' singles was won by George McCarty after a hard fought game between George and the LeFors representative who also started in doubles.

In groundball, the girls from the high school dropped their game to LeFors, but all other teams from McLean came out in the lead; girls and boys from the ward school each defeated the LeFors teams for first honors.

In volleyball, McLean high school won first and the team from the ward school won second. Ward school relay team won first place in the track meet Saturday.

Literary Events. In spelling, McLean won all first places. Spellers in the senior division were Bathus Woodward and Pauline Martin, Jesse Dean Cobb and Margie Lochridge spelled in the sixth and seventh grade division. In the fourth and fifth grade section McLean spellers were Leo Ledbetter and Pauline Heasley.

In music memory, Anadell Silgar and Billie Jean Biggers won first place in the McLean ward school. Alton Howard of the local high school won first place in extemporaneous speaking. Music by the young people's choir featured the Easter service there yesterday morning.

In essay, Juanita Brooks, representing the high school, won first in the senior division. R. L. Floyd was second, for senior boys, Catherine Patterson won second and Mary Emma Back, third for the senior girls. Marie Landers won first and Marie Rita Young was awarded third place in high school junior contest.

In the high school junior boys, Averill Christian and James Lee Rice were given first and second places, respectively. In ward school declamation, for boys, L. R. Blevins won first and Murray Perkins second. In the junior girls division, Georgia Colebank won first place.

In tiny tot story telling, "Jiggs" Hinton won first for boys, and Mary Lee Abbott won first for the girls. Choral singing was won by pupils from the McLean ward school.

OKLAHOMANS IN VISIT. Dr. and Mrs. H. S. Cockerill of Mooreland, Okla., visited in the C. C. Cockerill home over the weekend. Little Coleen Cockerill returned with them and will spend a few days in Mooreland.

Given Balm

Balm of \$80,000 for a blasted 15-year romance was awarded Miss Evelyn Hazen, pretty Knoxville, Tenn., school teacher, shown above just before the verdict was returned in a Covington, Ky., court-room in her breach of promise suit against Ralph Scharringhaus, also of Knoxville.

Pointers on Poise

By Laura Townsend Davies. Having to stoop to pick up an object from the floor may happen to anyone. For beauty and grace, it should always be done over the relaxed side of the body. "And what," you ask, "may the relaxed side be?" The relaxed limb is that one on which you put little, if any, weight.

Suppose you drop a handkerchief to the floor, at your right side. Now, then, stand with your weight swayed over the ball of your left foot, right knee propped in back of the left knee and against it, the right leg relaxed from the knee down.

The line of the left limb is a hard line, while the line of the right limb is relaxed—artists call it a soft line or a line of beauty and grace.

Now bend both knees, and with the right hand pick up the handkerchief from the floor. You will do it both easily—and gracefully.

Games Celebrate Easter Holiday

Tatapocho Camp Fire Girls celebrated Easter the first spring holiday with an outdoor game tournament Friday afternoon. Games that have been favorites of girls for ages were played.

Members made stils and walked to the playground, where they enjoyed games of marbles, jacks, and hopscotch. Jessie Marie Gilbert won the most games, and was presented with an Easter basket of candy.

This tournament was planned at the regular meeting Thursday afternoon, when members also planned to erect a screen to partition their club room, the meeting place of all three Camp Fire groups.

Those present were Mary Elizabeth Seay, Jessie Marie Gilbert, Betty Horner, Katherine Ward, Anna Mae Jones, Kathleen and Roberta O'Hara, Peggy Brown, Margaret Baugh, Mrs. Horner, and Mrs. Nolan Harris.

PHILHARMONIC REHEARSAL. Rehearsal of the Philharmonic Choir is called for 8 p. m. today at the Methodist church. Work will begin on the offering for music week a Gilbert-Sullivan operetta, Trial by Jury. All members are urged to be prompt for the hour of practice.

W. E. Melton of Miami was a Pampa visitor yesterday.

FIFTH AVENUE FASHIONS

By ELLEN WORTH

Printed frocks always look better for a plain contrast. But most contrasts have been so stereotyped, it's quite exciting to find such a very unusual one on this charming frock. The little collar leaves space in front for a knotted tie which is quite separate from the frock, and is buttoned over the slimly-fitted hipline. A narrow fabric belt accents the high waistline. There are pleats front and back to give fullness to the narrow skirt. Size 16 requires 3 1/2 yards 36-inch printed material, 3/4 yard 36-inch plain. Width, 2 yards.

Pattern No. 5490 is designed for sizes 14, 16, 18, 20 years, 32, 34, 36, 38, 40, 42 bust.

CLASSES TO MEET FEW DAYS LONGER

TEACHERS TO CARRY ON UNTIL PUPILS GIVE OPINION

CLASSES in the Emergency Education school here will continue, at least for a few days, despite the order terminating emergency teacher projects received Saturday from the state relier administration.

Teachers have indicated their willingness to meet their classes without pay for a time, until the students' reaction to the closing order is obtained. Supt. R. B. Fisher, supervisor of the school here, has approved this plan.

Students are asked to attend their regular classes this week until further notice is given. The order will not affect shorthand classes, as their teacher is not employed in the emergency education plan.

About 200 students have been enrolled in the Emergency Education school for the past two months, and six teachers have been employed.

CLUBS OF 7TH DISTRICT HAVE ACTIVE MONTH

LUBBOCK, April 2.—Various activities are being engaged in by club women of the seventh district, Texas Federation of Women's clubs. Studies are of many topics. Money is being raised. Civic projects are being supported and the district officers are being entertained.

Mrs. W. F. Arriett, Lamesa, president of the district, was the guest of members of the City Federation of Women's clubs at Lubbock on the afternoon of March 23. There was a luncheon in her honor and an art exhibit was hung for the week-end in connection with her visit. Frank Klepper and Jesse Eickford of Dallas exhibited prints and etchings.

Members of the Junior club in Clarendon have been studying programs on health, Biblical literature, drama, fiction and Browning this year. They have recently endorsed the Junior Le Beaux Art club for the Texas Federation of Women's clubs.

Tulla club women recently entertained Mrs. Arriett and Mrs. H. G. Towle of Snyder.

Members of the Junior Study club of Littlefield have participated in several money-raising schemes this year and have helped with civic work. One of the latter projects was the donation of three day beds to the public schools. The course of study includes programs on health, poetry, music appreciation and a pastors' evening.

Every member of the Woman's Study club at Lorenzo paid her poll tax this year and the club members have chosen as a topic for study next year, "The United States As Seen Through the Eyes of Modern Writers."

A Sub-Junior Travel club was recently organized at Plainview with Miss Emma Nelle Thatcher as president.

Mrs. R. L. Bain has been elected president of the Plainview Delphian club for next year.

Miss Margaret Turner of the Avalanche-Journal staff at Lubbock has been appointed chairman of newspaper publicity in the division of press and publicity following the resignation of Mrs. Blanche Bean Wilson.

An outstanding program for the Sorosis club at Lubbock this year was on "Health Habits for the Mature Girl" given by Mrs. Bradford Knapp, wife of the president of Texas Technological college. Mrs. Knapp is a former member of the Alabama Child Welfare board and of the National Board on Child Welfare. Several college professors have been called on for talks before the club this year.

Mmes. Harris and Jones Entertain

Mmes. Clifford Jones and Marvin Harris were hostesses with bridge Friday evening. Easter decorations in varied shades of yellow made the pretty setting.

A salad course was served after the games to Messrs. and Mmes. Carlton Nance, L. N. Atchison, A. C. Midkiff, Joe Vincent, Pete Sliton, J. M. Hatfield, Jones and Harris.

Mrs. Hatfield and Mr. Midkiff scored high. Mrs. Sliton and Mr. Vincent low. Table cuts went to Messrs. Atchison, Sliton, Hatfield, and Nance.

Born to Mr. and Mrs. Frank Chapman at Worley hospital yesterday morning, a daughter, Jill Frances.

CHILD CLINIC WILL BE OPEN IN MORNINGS

CHANGE OF TIME IS TO BEGIN WEDNESDAY OF THIS WEEK

Open hours for the children's clinic sponsored by Junior Twentieth Century club will be from 9 to 12 a. m. each Wednesday instead of on Wednesday afternoons, it was announced today.

The change of hours will start this week. Mrs. Max Mahaffey will be in charge of clinic workers Wednesday morning.

A committee from the club serves each week with local physicians and nurses in this clinic for underprivileged children. It is held in a room at the rear of the White Deer Land office building.

NUDISM WILL BE THEME OF LOCAL MOVIE

SPECIAL PREVIEW TO BE HELD NEXT THURSDAY

Nudism. What is it? What is its significance? What prompts people to want to go about nude? These and many other pertinent questions on the subject will be revealed at the La Nora theater for a special preview showing one night only Thursday, April 5, at 11:30, since the film was obtainable for this one showing, "Elysia" is the first authentic motion picture story told in an American nudist colony.

The rise of nudism has increased in amazing fashion during the past year. The public prints have been full of accounts, both respectful and derogatory, of this new movement. But few people have accurate ideas about the true significance and illustrates these ideas.

It explains that nudism is not the new movement that it is popularly supposed to be. Nudism has been recommended and practiced by many folk, from Greek philosophers to Benjamin Franklin. Long before our times, nudism was prescribed for a great variety of ailments, both physical and mental.

Of recent years, the nudist movement has gained most rapidly in Germany, where the various cults are not only tolerated but encouraged by the government. American tourists, as well as those from other countries, impressed by the movement, have returned to start similar groups in their own countries, and have written books that have furthered the growth of nudism.

"Camp Elysia" is one of the largest nudist colonies in this country. It is located near Lake Elsinore, California, and is headed by Herbert Glassey, pioneer of the movement. The picture was filmed with the full cooperation of Glassey and the members of the colony, and show actual life in the "Valley of the Nudes."

The colony, as illustrated in "Elysia" is run on strictly moralistic principles. All the members are investigated thoroughly before they are allowed to enter. Curious and evil-minded folk are not allowed to enter the confines of the camp, for indecency and loose living are entirely banned at "Elysia."

Nudity, claim its leaders, spells the death-knell to eroticism and evil-mindedness.

All the actors in the picture are bona fide nudists, including the beautiful blonde leading lady. Herbert Glassey takes a prominent part himself.

King Rushes To Halt Love-Match Of Third Prince

He Planned a Hasty Return to His Capital—There to Put the Royal Foot Down Upon the Reported Marriage Plans of His Grandson, Prince Bertil

CANNES, France, April 2 (AP)—Word that another prince is "that way" about a commoner was responsible, friends said today, for a hurried packing of bags by King Gustav V, racket-swinging ruler of Sweden.

He planned a hasty return to his capital—there to put the royal foot down upon the reported marriage plans of his grandson, Prince Bertil, and Christina Brambeck, daughter of an army captain.

Apparently he is determined to deal more firmly with this case than he has with similar affairs in the not-too-distant past.

It was only a few weeks ago that 22-year-old Bertil's older brother, Prince Sigvard, poo-pooed royal nights when he and Fraulein Erika Patzek were married at a London registry. The romance had blossomed on the movie lots in Berlin. He's an up-and-coming director; she—blonde and trim—is an actress.

The royal family tried everything even to rushing an envoy to London to halt Prince Sigvard's marriage.

That, however, wasn't the first time one of the king's grandsons had picked a pretty commoner for a wife. In 1932, Prince Lenart—cousin of Sigvard and Bertil—married Karin Nisswald, a daughter of a Stockholm business man.

Now, say those who ought to know, the king has decided the royal family has had enough of such romances.

Rules for Farm Credit Loans Are Much Simplified

Farmers desiring production credit loans which had been ineligible to secure loans from the Production Credit corporation, based upon the collateral to be submitted, but who would be eligible for loans from the Emergency Loan division thru local committees, will be enabled to make their applications to the emergency committees.

This announcement, from the office of Tully Garner, president of the Production Credit corporation of Houston, was revealed by Leon L. Shiner, field representative of the Production Credit corporation in a visit with C. W. Allen, who has been handling certain matters in connection with the emergency crop loans in the Panhandle on behalf of various committees.

Mr. Allen announced that the application writers of the Canadian Valley Production Credit association, which has been organized by the Houston Production Credit corporation were as follows: A. C. Conroy, Pollet, A. R. Turner, Booker; Miss Claudia Zirkle, Perryton; W. E. James, Alarred; I. B. Hughey, Pampa; Miss Agnes Reynolds, Wheeler; Fritz E. Lichte, Lipscomb; J. F. Coffee, Miami; G. L. Mayfield, Shamrock; Ben Parks, Allison; Roy Sensing, Higgins; H. W. Golden, Mobeetie; and L. V. Lonsdale, McLean.

C. W. Allen, secretary of the Canadian Valley Production Credit association, with offices in the First National bank building, advised that farmers might make their applications to any one of these application writers without regard to county lines, but applications for the emergency loans must be made to the committee in the county in which the land is situated.

The officers and directors of the association are: T. H. Black, Higgins, president; Fred A. Hobart, Canadian, vice president; C. W. Allen, Canadian, secretary-treasurer; P. P. Rogers, Perryton; Wiley W. Wright, Canadian; J. A. Bryant, Wheeler; L. L. Palmer, Alarred; C. L. Thomas, Pampa.

Mrs. Charles C. Cook, who is making her home in Dallas this spring, is spending the Easter holidays here with her daughter, Mrs. Willard Webb.

It's Easter Egg Rolling Day on Roosevelt Lawn

WASHINGTON, April 2. (AP)—Stand clear and tread lightly. It is Easter egg rolling day at the White House.

It's the day when children rule the executive grounds, visit Mrs. Roosevelt, Sisile and Buzzie, and clutter up the lawn to their hearts content with brightly colored eggs. All this provided it doesn't rain too hard. The weather man said it wouldn't.

With around 100,000 visitors in Washington for Easter, and the cherry blossoms not out yet, thousands headed toward the White House.

By tradition, the day belongs chiefly to the toddlers, the three, four, five, and six-year-olds. In comparison, the Girl Scouts are quite mature young ladies, who are there to help the lost ones find their mothers and vice versa.

But there is a catch. One small child carrying an Easter basket entitled any motherly or fatherly-looking adult to pass the gate. Bright little boys and girls for years have done a brisk business in adopting adults—for a small fee.

Complexion Curse

She thought she was just unlucky when he called on her once—avoided her thereafter. But so she admits rather than the system. Let MR. (Nature's Remedy) airtight complete, thorough elimination and promptly away beautiful, healthy, glowing skin. Fine for skin, blemishes, blotches, discoloration. Try this safe, vegetable corrective. FREE JUMBO SACK
—Of—
CARNATION FLOUR

Have you seen the large Jumbo sack of Carnation Flour in the window at Pampa Hdw. & Imp. Co.?

This sack will be given away Saturday, April 7, to the person guessing nearest its exact weight.

2nd Prize 48 Lb. Sack
3rd Prize 24 Lb. Sack
4th Prize 12 Lb. Sack
5th Prize 6 Lb. Sack

Get your blank ballots from your grocer. One ballot for any size sack of Carnation Flour purchased. No limit on number of guesses you can make. Deposit your ballot in ballot box at Pampa Hardware & Implement Company.

H. A. MARR GROCERY CO.
Distributor For Carnation Flour

Address the New York Pattern Bureau, Pampa Daily News, Suite 1110, 220 East 42nd Street, New York City. Write name and address plainly, giving number and size of pattern wanted. Your order will be filled the day it is received by our New York Pattern Bureau.

CALL NRA MEANS OF MAKING PROFITS AT PUBLIC'S EXPENSE

ORCHESTRA IS NEW TRI-STATE MEET FEATURE

Canyon Is Ready To Entertain Many Visitors

CANYON, April 2. — Plans are rapidly being completed for the Tri-State music festival which is to be held at the West Texas State Teachers college, April 5, 6, and 7, according to Prof. Wallace R. Clark, Herchel Coffee and Miss Pauline Brigham, chamber in charge. The Canyon chamber of commerce is cooperating with the college committee and is making it possible for the festival to have a Tri-State orchestra which will give one of the important programs of the three-day session.

Badges Furnished.

Badges will be furnished all students registering in all the contests, and the chamber of commerce will assist all members of the orchestra to find lodgings during their stay in Canyon. The visitors will furnish their own meals, unless they are being entertained in the homes of friends.

Contest Judges.

Clyde Whitlock, well-known violinist and critic of Fort Worth, will be one of the three judges who will serve during the contest festival, the other two being Dr. Edward D. Hale of Colorado Springs, and Rollin Pease, baritone, of Tucson, Ariz. Three programs of great public interest will be offered. They are a recital by Mr. Pease, the annual spring concert of the Madrigal club and a concert by the Tri-State orchestra which will be the final event of the festival.

Workmen wrecking the old Butler hotel in Seattle found a half pint bottle of whiskey that had been entombed in the corner stone for 45 years.

THIS LAXATIVE Cleanses Completely

no bowel abuse

Cleanse bowels of waste matter more thoroughly, more completely with delicate Feen-a-mint. It acts so quickly, sure relief from dizziness, headache and other constipation. Feen-a-mint acts more thoroughly because you chew it. Just as chewing prepares food for your stomach, so the chewing of Feen-a-mint distributes its laxative ingredient uniformly throughout the intestines to give a "full," more natural movement. Thus, Feen-a-mint never shocks the system nor abuses the bowels. Doctors themselves prescribe the laxative ingredient used in Feen-a-mint. Completely, thoroughly, Feen-a-mint empties and cleanses the bowels of putrid waste. As headache and dizziness go, you feel more active, energetic, fresh. Feen-a-mint contains no richness to upset stomach or to get stale. "Delay" is dangerous—chew Feen-a-mint for constipation. 75c and 25c at druggists.

America's Safest and Most Modern Wringer Type Washer

ABC Washer... model 66 with patented Fingertip Control

ABC WASHERS—BOMERS

NOTICE TO PUBLIC

In accordance with the Retail Lumber and Builders Supply Code, the majority of the Lumber Yards in Pampa have agreed to the following Opening and Closing hours:

Week Days—Open 7 A. M. Close 5 P. M.

Saturdays—Open 7 A. M. Close 12 P. M.

Will not be open for business on Sundays

IN CASE OF EMERGENCY, customers can get material after closing hours and on Sunday, but it is hoped this privilege will not be abused.

Effective Monday, April 2nd.

SOONER DEAN GIVES REMEDY FOR COUNTRY

SAYS ENFORCEMENT OF NRA WOULD HELP CONDITIONS

DALLAS, April 2 (AP)—Dr. A. B. Adams, dean of the College of Business Administration at the University of Oklahoma, charged Friday that industrial leaders had tried to increase profits as a result of NRA codes instead of bringing necessary adjustments in industry.

Business heads he said in an address prepared for delivery before the Southwestern Social Science association, have stood for control of output and prices in order to protect profits, and in order to protect profits, have insisted upon unnecessarily long hours of labor as well as inadequate wage scales for labor, instead of cooperating to accomplish "necessary adjustments" in the nation's industrial system.

Referring to what he described as the government "priming the pump" for business, Adams said it has become evident that the money so used was "going largely into private profits rather than into an increase in industrial employment and wages to increase consumers' money from private industry."

Adams said two alternatives were before the nation: Abandonment of the NRA and consequently a return to conditions which brought the depression of 1929, or enforcement of the NRA or a similar program based on definite and positive decreases in the hours of labor and the maintenance of living rather than "minimum wages."

"The only way," he declared, "to make our industrial system workable is for private industry to increase the percentage of the national income which goes to laborers and to decrease the percentage which goes to savings and investments and at the same time reduce the hours of labor in private industry so that there will be jobs for all of the employable unemployed."

Adams said he believed it would be inadvisable to attempt to set specific hours of labor by legislative acts but suggested they be regulated by an administrative body so they could be made to conform to economic conditions prevailing at various times. "It was his opinion that the president either should use discretionary dictatorial powers of the NRA to shorten hours and raise wages, or ask congress to revise the act so as to make those powers mandatory."

"If the court should then declare the law unconstitutional," he added, "the blame for the failure of the act would not rest on the national administration."

Adams suggested a new industrial control act, or revision of the present one, calling for "100 per cent governmental administrative organization," prohibiting the setting of minimum or maximum prices and forbidding agreements in various industries, hours of labor and wages should be set by the administration for each industry from time to time, minimum wages should be adjusted as needed and the act's labor provisions should prohibit all company unions.

HE'S FEELING BETTER

QUINCY III. (AP)—Howard Holzgrafe is feeling better, and well he should for he is out playing again after recovering from:

- Tonsillitis
- Diphtheria
- Measles
- Mumps
- Chickenspox
- Whooping cough

He got them in the order named.

Mr. and Mrs. W. J. Adkins and Miss Virginia Pullingim of Pampa handle were guests yesterday in the home of Archer Pullingim, 422 Sunset Drive.

ALL ABOUT THE RADISH

The most popular small garden vegetable is undoubtedly the radish. This is also, perhaps, because of its tart freshness that epitomizes the spirit of early spring, and it is so because this hardy little relish can be planted as soon as the ground is workable, and harvested three weeks later.

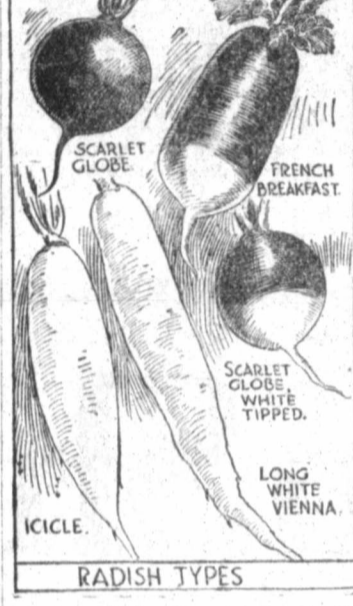

Plant the radish in the full sun on a plot of ground of light and rich texture with not too great a content of nitrogen. The elive and globe-shaped varieties are the earliest. A good thing to remember with the earliest varieties is that the later they are picked the more plump and strong they will be—pull and eat them as soon as they mature.

The general rule is that the longer they take to mature, the hotter the flavor; they also take an oblong shape like the carrot. Most of the summer varieties are like this, among them being Strassburg and Chartier. Icicle is an exception among the summer varieties, and is rather mild.

This question of mildness has been the problem of seedsmen in developing new varieties, and it has been met by shortening the season. The early globe type is noted for its mildness, and with a succession of plantings every week in the spring, a continuous crop may be had. They cannot be grown on into the summer.

Radishes used as table decorations may be grown in red, yellow or white colors and are very effective for this purpose. The fall varieties should not be neglected, for they will supply a quantity of huge, mild edibles far in the winter season. A common fault in planting radishes is to sow them too thickly. The best results will be obtained by thinning them to 2 inches apart in the row. This crowding is especially detrimental where the earliest crop is desired. Plants should be thinned out as soon as they appear above the surface. With the larger varieties, 6 inches of space is needed. Remember, they are one of the first spring vegetables, and can be sown as soon as the ground is workable.

Glowing Ball radish, a round, early red variety, received a gold medal

Nasturtium Valued at \$10,000

Speaking of plants that have speeded up production since a year ago, don't forget David Burpee's double hybrid nasturtium that pretty Louise Estes is shown admiring at the International flower show in New York. This specimen, worth \$10,000, was produced in 11 months instead of the usual three years by transporting the growing plant by plane from Philadelphia to Buenos Aires, to Puerto Rico—wherever the sun was shining.

"Reading" brands is a knack, sometimes a real feat. Cowboys and especially old-time cattlemen like to whet their wits at it. Mexican were disposed to use "unreadable" brands and the American was apt to call them "Queen Sabes" to avoid admitting he couldn't "read" them. Other brands were easier to the cowboy who know "burns."

The collection of old iron that scarred the tender hides of multitudes of calves on the Texas ranges constitute a history in symbols of the west Texas ranch country. They also tell of the ranchman's resourcefulness in conceiving names for the scorched patches on steers' rumps in order that cowboys riding the line might "read."

JULIAN FORTUNE

LOS ANGELES, April 2 (AP)—Property of not more than \$6,000 in value was left by C. C. Julian, former multimillionaire oil promoter, who recently killed himself in China while a fugitive from justice, it was estimated in a petition for letters of administration of his estate filed today by his sister, Mrs. Violet Greenhow.

John Hutchings of Lehi, Utah, has a collection of more than 3,000 arrow points gathered from the shores of Utah lake.

KOKERNOT RANCH IN TRANS-PECOS HAS AREA OF 600 SQUARE MILES

FORT DAVIS, April 2 (AP)—Bawling calves, sweating cowboys, the odor of burning hair and flesh, little red heating the crude but ingeniously fashioned iron die that placed an indelible stamp of ownership upon bovine rumps! A spring roundup of a big Texas outfit was underway.

"That was the days!" says ageing men who swung a lariat in their "cattle" youth. These times live here mainly in story and song—the homesteader and sheepman saw to that—but the saga also may be read in a collection of primitive branding irons that never again will scar a steer's hide.

Sixty specimens, many the only examples extant, of this art of the frontier blacksmith rest in the museum of the West Texas Historical and Scientific society at Sul Ross Teachers' college, Alpine, Texas. Henry T. Fletcher, Brewster county banker and ranchman and president of the society, undertook the task of assembling branding irons representative of the heyday of cattle raising in the Trans-Pecos country.

The brands were registered in a "brand book" and, the unwritten law made them as inviolable as a copyright. The very swing of western ranch romance is in some of the brands and recordings. The half-circle and jug, "recorded by Miss Katis and J. A. Anderson in 1901, and run around Nims Point mesa till 1915," is one gleaming from the doomsday book of western Texas cattlemen.

One of the rarest specimens of the collection is a small letter "S," made in 1865, at Marlin, Falls county, Texas. It was one of the irons of the Anti-Horse Thief association of Texas, organized about 1860, in two divisions. The southern branch branded an "S" on the left jaw of the animal and the northern division a "C" on the right jaw. The southern division later adopted the northern insignia. The authenticity of the brand was attested by affidavit.

The handle was broken off, the affidavit stated, over the head of a horse thief in a fight between thieves and officers of the association at a rustlers' hangout known as Dark Corner in Falls county. Eight thieves and two officers were killed.

A "G" from the H. L. Kokernot ranch is believed to represent the oldest brand in Texas. "The brand was registered at Indianola, on the coast in 1838," Herbert L. Kokernot said, "and has been in continuous use 96 years. My great-grandfather bought it from a man named Jones and four generations of Kokernots have used it."

The Kokernot ranch in Jeff Davis, Brewster, Pecos and Reeves counties covers an area of about 600 square miles and is one of the largest left in the Trans-Pecos. Regardless, it is a mere dot in the 15,114 square miles of the four counties.

The "Spectacle G," one of the most unusual brands in the collection, was registered in the Jeff Davis county brand book August 10, 1887, by George McGuire, a Portuguese-Irish soldier at old Fort Davis, who had stacked arms and become a frontier cattleman.

It was a five-inch circle with a three-inch letter "G" in the middle. McGuire burned it into the calf's hide in two places and connected the impressions with crossed lines. Originally he used only the "Circle G" but thieves burned the "G" to a circle and called it "Double Circle" or "Wheel-Within-a-Wheel." The "Queen Sabes" brand was

CHEMICAL TO TAKE GOLD, SILVER FROM SEA WATER IS DISCOVERED

By HOWARD W. BLAKESLEE Associated Press Science Editor (Copyright, 1934, By The Associated Press)

ST. PETERSBURG, Fla., April 2.—Discovery of a chemical formula which "ionizes" the gold and silver dissolved in sea water and promises man his first "open sesame" to the fabulous mineral riches of the ocean was announced to the American Chemical Society today.

There is enough liquid gold in the sea to pave North America and enough silver to roof the world, but formerly scientists held it a wild dream to suppose man could ever extract it at less than prohibitive cost. Paying commercial extraction within 10 years now is forecast by two of the best known chemists in the United States.

The sea gold, in its new form, is actually running at the rate of about three-and-a-half pounds a day, or \$1,000 worth, through the waste of a unique chemical plant near Wilmington, N. C. About six pounds of silver a day goes with it; also valuable mercury, likewise "ionized."

None has been recovered for the all-important change in the nature of the gold was an accidental or unexpected by-product of extracting bromine from sea water, which started only two months ago.

The bromine end of the field story was given in a report at Vinoy Park by Dr. Willard H. Dow, who helped establish a plant to extract bromine from sea water at Wilmington.

This plant takes 15,000 pounds of bromine daily from Atlantic tide water pumped into a plant on Cape Fear. Bromine is used for anti-knock gasoline, war gas, headache medicines, a number of human diseases and for photographic film.

As Teiryō Murakami was about to burn some old papers in Tokyo he discovered one was an issue of the New York Herald announcing President Lincoln's death.

"Gold and silver promise to be next. Iodine is another objective. Then fluorine, lead, strontium, chlorine, copper, lithium, rubidium, nickel, cobalt, iron, manganese, sodium, zinc, cesium sulphur, magnesium, radium, phosphorus, tin, potassium, vanadium and silicon."

"Then years ago there was no one in the world who believes bromine could be extracted from sea water commercially. Now it is an accomplished fact. For the first time man has tapped the ocean for one of its really great treasures. There is gold enough in the sea to pave the North American continent. "Gold and silver promise to be next. Iodine is another objective. Then fluorine, lead, strontium, chlorine, copper, lithium, rubidium, nickel, cobalt, iron, manganese, sodium, zinc, cesium sulphur, magnesium, radium, phosphorus, tin, potassium, vanadium and silicon."

"Now that the recovery of bromine daily from Atlantic tide water pumped into a plant on Cape Fear. Bromine is used for anti-knock gasoline, war gas, headache medicines, a number of human diseases and for photographic film.

The newly tapped supply is apparently inexhaustible. Assays show there is about an inch of bromine per cubic mile. There is only about one-hundredth of an inch of gold per cubic mile in the Atlantic waters. Some seas are richer in gold, others less so.

"Now that the recovery of bromine daily from Atlantic tide water pumped into a plant on Cape Fear. Bromine is used for anti-knock gasoline, war gas, headache medicines, a number of human diseases and for photographic film.

Oil Field News

Eastern Gray county and Wheeler county are getting the bulk of attention in the Panhandle field now. Leases are in demand and drilling is increasing. Meanwhile, more allowable productions for the Panhandle is being sought by interested operators.

Four locations recently announced were as follows:
 Gray—Continental Oil company No. 8 Finley is moving in materials 500 feet from the east line and 350 feet from the south line of section 32, block B-2, H&GN survey.

Wheeler
 Mid-Continent No. 4 Carwilles is moving in materials 900 feet from the south line and 900 feet from the east line of the northeast quarter of section 51, block 24, H&GN survey.

Five completed wells were as follows:
 Carson—Skelly Oil company No. 26 west Schaefer in section 87, block 4, I&GN survey was bottomed at 3,135. Oil pay from 3,075 to 3,100. Averaged 86 barrels on five day test.

Gray—Hoffman Oil company No. 3 Finley in section 17 of the Chaney survey was bottomed at 3,065. Pay was from 3,025 to 3,090. Pay was shot with 240 quarts and averaged 271 barrels on five day test on pump.

Magnolia Petroleum company No. 1 Reynolds in section 135 block 3, I&GN survey, averaged 60 barrels on five day test from the pay at

2,136 to 3,159. Bottom of the hole at 3,225.

Wheeler—Mid-Continent Oil co. No. 3 Carwilles in section 51 block 24, H&GN survey, was bottomed at 2,464. First oil at 2,314 to 2,348 where is swabbed 100 barrels in 21 hours. Given a 40 quart and an 80 quart shot with no increase. Increase in oil at 2,381 to 2,494 and averaged 1,697 barrels on five day test.

Skelly Oil company No. 3 Hesselby in section 70 block 24, H&GN survey, was bottomed at 2,650. Had 2,500,000 feet of gas at 2,567 to 2,570. Shot with 130 quarts from 2,430 to 2,479 with no increase. Water came in at 2,659 and it was abandoned as a failure.

Field Notes
 Gray—Continental Oil company No. 5 Wright in section 13 block 3, I&GN survey, is bottomed at 2,825. Oil pays from 2,790 to 2,800 and from 2,820 to 2,825 with water showing up at 2,812 to 2,818. Pumps 300 barrels of oil and 250 barrels of salt water. Trying to exhaust water.

Skelly Oil company No. 1 Bailey (Webb) in section 42 block 25, H&GN survey, is waiting for cement to set at 2,224. Had 7,000,000 feet of gas to 2,090 and an increase at 2,145 to 2,160.

Skelly Oil company No. 1 Barrett in section 130 block 3, I&GN survey, is plugging back from total depth of 3,175 to 3,150 on account of caving. Had 1,200 feet of oil in the hole.

Skelly Oil company No. 1 Heaston

in section 164 block 3, I&GN survey, is bottomed at 3,308. Has 300 feet of oil in the hole from 3,235 to 3,245. Will shoot.

Hutchinson—Dixon Creek O&R company No. 2 Haine in section 4 block M-21 TCRR survey, is bottomed at 3,032. Pay was from 2,970 to 3,030. Was shot with 210 quarts and swabbed 7 barrels an hour after shot. Estimated at 200 barrels.

Moore—The No. 1 Rupert of the Shamrock Oil & Gas company in section 191 block 3-T, T&NO survey, is drilling ahead at 3,510. Had show of oil at 3,443, and approximately 24,000,000 feet of gas at 2,885. Located 1,200 feet west of the No. 1 Morton which got the pay at 3,410 and salt water at 3,414.

Wheeler—King Royalty No. 1 Tindall in section 19 block A-8 H&GN survey has been held up for some time for wire line at 2,245. Has 300 feet of oil in the hole coming from the pay at 2,225 to 2,239.

Piney Oil & Gas company Mankins in section 54 block 13, H&GN survey, north offset to the Osborne No. 1 Admlre is cementing a cave at 2,187. There was a spray of oil just above the cave. The big pay is expected at about 2,200.

During the week there were 1,993 wells on production with a per well average of 28.3 barrels.

The daily average for the field by counties as compared to that of the week previous was as follows:
 Prev. Last No. Week Week Wells
 Carson 5,976 5,470 252
 Gray 35,971 34,409 894
 Hutchinson 13,906 13,679 779
 Moore 1,906 701 13
 Wheeler 900 2,173 53
 Totals 57,846 56,432 1,891

Hoover No Source Of News, He Says

CHICAGO, April 2. (AP)—Citizen Herbert Hoover is no longer a source of news—so he says.

The former president, before boarding a train last night for his Palo Alto, Calif., home, turned to reporters and smiled.

"Sorry boys, there's no news, I'd like to give you a good story, but there isn't anything to tell. There are no politics in my visit. I have just had a nice trip and visited a lot of old friends."

Asked for his opinion of democratic policies in Washington, he replied:

"I haven't anything to say on public questions now. I had enough to say about them for a long time." Shortly after his arrival Saturday night, Mr. Hoover went into a conference with republican leaders and spent much of Sunday with them.

Mrs. Jack Meade of Miami was a Pampa shopper Saturday.

Mr. and Mrs. E. Berg of LeFors were Pampa visitors yesterday afternoon.

CLARK GABLE AND COLBERT ARE TOGETHER

NEWSPAPER PLOT IS USED AS SCRIBE TRAVELS

Motion picture fans who have been waiting with keen delight for the initial local showing of Columbia's "It Happened One Night," the widely-touted romantic screen comedy starring Clark Gable and Claudette Colbert, together on the screen for the first time in their distinguished careers, will be appeased with the news that the film began Sunday at the La Nora theater for a 3 day run.

Gable, today, is undoubtedly the most popular masculine stellar figure on the screen. He scored a meteoric rise to film prominence with outstanding portrayals in "The Eastest Way," "Strange Interlude," "Hell Divers," "The Secret Six" and others, but his performance in "It Happened One Night" is said to top them all for artistry and effectiveness—a fact for which he is deeply indebted to Director Frank Capra and Robert Riskin, who adapted the screen version from Samuel Hopkins Adams' novella, "Night Bus," which

COURT RECORD

AMARILLO, April 2. (AP)—Proceedings of the seventh court of civil appeals:

Motion overruled: R. E. Stevenson, receiver, et al. vs. Mollie D. Abernathy, et vir., rehearing.

Reversed and remanded: Mrs. C. A. Reagh, et al. vs. Texas Indemnity Insurance company, from Moore; E. L. Lantron vs. J. A. Robinson, et al., from Hutchinson; Georgia Home Insurance company vs. Mrs. M. J. Trice, et vir., from Motley.

Appeal dismissed: Texas Wheat Growers' association vs. Roy H. Gough, from Potter.

Appeared recently in Cosmopolitan Magazine.

Miss Colbert enjoys nearly as great a following as Gable's, for her work in recent pictures has boomed her stock immensely, and she's streaking upward like a sky-rocket. Fans will remember her sterling performances in "The Phantom President," "Sign of the Cross," "Torch Singer" and "Tonight Is Ours" and "The Smiling Lieutenant."

CWA Ends; Only Hungry People To Get Relief

WASHINGTON, April 2. (AP)—A million and a half men reached today for the hoes, hammers and shovels they dropped last week—but they are relief workers now, instead of CWA employees.

State relief administrations assumed the job of seeing that work up to 24 hour a week goes to those who otherwise might be hungry.

Conceding the faults of the civil works administration experiment, Harry L. Hopkins, administrator, nevertheless declared it a major success.

Hopkins is probably the only man in history who ever directed the hiring and then the firing of 4,000,000 men in so short a time.

About 300,000 persons still are classed as CWA employees, but they, too will be dropped in the next few weeks. They are the clerks and auditors closing the administration's books and some research workers on federal projects.

The federal administration in handing over the destiny of the remaining civil works employees to the state relief administrations, did not give up all contact with them.

'Eyes of Texas' Recently Voted University Song

AUSTIN, April 2. (AP)—Although the "Eyes of Texas" has been sung from coast to coast at all gatherings of Texans it only recently was designated as the official song of the University of Texas.

That it was not the official song was surprising to many, the air having been used to start all football, basketball, and baseball games, student programs and other functions.

Former President Frasier is given credit for the idea behind the song.

A story is current that at the conclusion of a talk to the student body on "correct behavior and discipline," directed toward instructing the students how to conduct themselves in company with co-eds and the proper demeanor for a co-ed on a buggy ride, a fly lit on his nose. He brushed it off saying, "Young men, the eyes of Texas are upon you."

The words caught the fancy of a student who forthwith wrote "The Eyes of Texas."

POULTRY
 CHICAGO, April 2. (AP)—Poultry easy; hens over 5 lbs. 44, 5 lbs. and under 15; leghorn hens 43½; Plymouth rock broilers 25, white rock 23½, colored 23½, leghorn 22, barbacks 20; rock springs 17-19, colored 17; leghorn chickens 11; roosters 9½; turkeys 12-20; ducks 14-18; geese.

Some Facts You Should Know Regarding The Management Of Your City's Affairs

The City's Credit Has Been Maintained.
 Tax Rate Is Lowest Since 1927.
 Tax Payments Have Been Made Easier.
 Operating Costs Have Been Cut.
 Fire Record Is Exceptionally Good.

EFFICIENCY IS FIRST CONSIDERATION

WE BELIEVE THAT THE PEOPLE OF PAMPA SHOULD TAKE PRIDE IN SUCH A RECORD OF PUBLIC EFFICIENCY. WE ALSO FEEL THAT SUCH A RECORD COULD NOT HAVE BEEN MADE UNLESS THERE WAS A CLOSE FRIENDSHIP AND A FEELING OF CO-OPERATION BETWEEN CITY OFFICIALS, CITY EMPLOYEES AND THE CITIZENSHIP. AND WE BELIEVE THAT THE VOTERS OF PAMPA SHOULD FEEL FORTUNATE THAT THE MAYOR AND COMMISSIONERS, WHO HAVE WORKED SO DILIGENTLY TO MAKE THIS RECORD POSSIBLE, HAVE BEEN PERSUADED TO OFFER

THEIR SERVICES FOR ANOTHER TWO YEARS. WE ARE COGNIZANT OF THE FACT THAT THERE ARE TWO TICKETS IN THE FIELD AND THAT BOTH HAVE CAPABLE MEN, BUT BECAUSE WE KNOW THE ABOVE RECORD TO BE ONE OF EFFICIENT CITY GOVERNMENT, WE BELIEVE IT TO BE TO THE BEST INTEREST OF ALL PAMPA RESIDENTS TO ASSURE ITS CONTINUATION BY RETURNING TO OFFICE THE PRESENT COMPETENT AND PUBLIC SPIRITED BUSINESS MEN WHO NOW COMPOSE THE CITY COMMISSION.

We, the undersigned, therefore recommend and urge that you interest yourself in and vote for the following: **W. A. BRATTON**, for Mayor; **CLYDE F. FATHEREE**, for Commissioner No. 1; **R. EARL O'KEEFE**, for Commissioner No. 2.

Net Stars Will Play at Houston

HOUSTON, April 2 (AP)—Sixty competitors were in prospect today as court stars from many parts of the country met in the River Oaks Country club invitation tennis tournament.

Wilder Allison of Austin, seeded No. 1 in the tournament, and Lester Stofen of Los Angeles, were regarded as favorites in the singles.

Stofen lost Saturday when the Billmore invitation tournament at Atlanta and shortly before and taken the national indoor title. Allison displayed great form in an exhibition match yesterday, teamed with Jane Sharp of Los Angeles. They defeated Karl Rasmussen of Austin and Gene Sampson of Chicago, 6-3, 6-2.

Bryan (Bibley) Grant of Atlanta was seeded No. 2; George Lott of Chicago, No. 4, and Gilbert Hill of New York, No. 5. In the Atlanta tournament, Lott tied in a semi-final match with Stofen but lost it finally on a flip of a coin.

Competition also was scheduled in men's doubles, boys' singles, and women's singles.

Mrs. Mary Greer Harris of Kansas City was the favorite in the women's contest. Two years ago she was the fifth ranking woman player in the country.

HE'S A GOOD RISK

CHANCES OF THIS SON OF STIMULUS-RISKY, OWNED BY NORMAN CHURCH, WENT SOARING AFTER HE RAN A CLOSE SECOND TO GALLANT SIR, HIS STABLEMATE, IN THE RECENT AGUA CALIENTE HANDICAP.

EXPERTS CONTEND HE WOULD HAVE WON THE RACE HAD NOT GALLANT SIR BEEN OUT FOR HIS SECOND STRAIGHT WIN IN THIS CLASSIC.

RISKULUS ALREADY HAS THE CALIENTE DERBY UNDER HIS BELT, AND WILL RUN IN THE \$10,000 TEXAS DERBY AT ARLINGTON DOWNS BEFORE THE KENTUCKY BLUE-RIBBON EVENT.

INJURIES HAVE HURT CHANCES OF FAVORITES

VETERANS ARE SOUGHT BY MANAGERS OF CLUBS

By EDWARD J. NEIL, Associated Press Sports Writer

NEW YORK, March 31 (AP)—The young flowers that bloom in the spring training camps, trails, have everything to do with the frantic last-minute scurrying of major league managers in search of hardy blossoms of other years.

In fact, before the first presidential wild pitch is hurled in Washington April 16, something radical in the way of trades must be pulled off by the Boston Braves, the Brooklyn Dodgers, and the Phillies in the National League to fill gaping holes caused by grapefruit league injuries and failure of rookies to develop.

The same situation exists to a lesser degree in the American League, particularly the Athletics, with scarcely anyone to use for pitchers; the Detroit Tigers and Cleveland Indians, both suffering infield trouble; and the St. Louis Browns, harassed by lack of both cash and players. The Yankees and White Sox also are in the market for talent.

The pennant chances of the Boston Braves, blessed with a fine pitching staff, the best defense in the league, and fair punch, crumpled when Rabbit Maravalle's left leg when the 42-year-old midget second baseman cracked up at home plate in an exhibition game with the Yankees. Typhoid fever germs bit deeply into the Giants chances of a regular league triumph when they laid low Gus Mancuso, catching mainstay. The serious splinting of Dick Bartell, a grand shortstop, has ruined the Phillies infield for the time being. Failure of rookie pitchers to develop has left Casey Stengel at Brooklyn with Van Manko, a star, and a lot of other fellows named Herman.

Since the Pirates, too, are worried over a second base situation left by the departure of Pie Traynor and completely filled by Tommy Thevenou, they have joined with the Braves and Phillies in an effort to pry Tony Cuccinello or Joe Stripp away from Brooklyn.

The Dodgers will trade because they must have pitchers. Stengel would take Ed Brandt, top ranking southpaw, from the Braves in return for Cuccinello, thereby solving one problem for Bill McKechnie, who has been out of the lineup since Carey Selph's Houston Buffaloes invaded Henderson and got themselves licked, 6 to 4. After smashing into two hits to keep the Henderson Humble Oil team in the game, Sam Jones drove one out of the park to lose the game when Humble staged a five run rally in the fourth.

The Oklahoma City Indians brought an Easter glow to Manager "Red" Harvey's face with a snappy workout. The Tulsa Oilers went through a stiff practice session that pleased the railbirds.

SHIPPERS AND CATS STAGE 3 TO 2 BATTLE

EXHIBITION HAS MID-SUMMER'S FINISH AND FLAVOR

By BILL PARKER, Associated Press Sports Writer

NEW YORK, April 2 (AP)—Lester Stofen, big Californian who carried on a highly successful winter tennis campaign with the avowed intention of winning a place on the Davis cup team, is the only newcomer to the international competition listed among the first five players invited to compete for the 1934 team.

Stofen, Frank X. Shields, the country's top-ranking player, Wilder Allison, Sidney B. Wood Jr., and George M. Lott have been asked to report to Captain E. Norris Williams at the Merion Cricket Club, Philadelphia, May 14. Others may be added if they show up well enough in the early spring tournaments, among them Cliff Sutter of New Orleans, and Frankie Parker, Lawrenceville school boy.

John Van Ryn, who has teamed with Allison to form a strong doubles combination on past Davis cup teams, was invited to join the group for trials but declined because of business.

The preparations at Merion, noted for its fine grass courts, is expected to provide valuable training for the interstate finals and challenge round, both of which will be played on Wimbledon's turf.

TRACK AND FIELD CANDIDATES TO PRACTICE THIS AFTERNOON

Stofen Invited To Compete for Davis Cup Team

Trials Will Be Held Wednesday; Boys To Meet at Amarillo Saturday

Pampa high school track and field candidates are hoping for nice weather this week their first of real practice. They have a squad meet Wednesday afternoon to decide who will represent the local school at an invitation tournament in Amarillo Saturday and in the district meet here on the following Saturday.

A number of prospects have been working out for several weeks and are well conditioned for the try-out. Coach Odus Mitchell issued a call for all boys interested in track and field to meet at Harvester field this afternoon. The boys who have not been out before will go through limbering up exercises. The others will be put through a grind.

A new track has been laid out east of the grandstand and in front of the east grandstand inside the football field. The trials Wednesday will include the full list of interscholastic league events and will be run off in order. The event will start about 3:15 o'clock. This public is invited to attend. There will be no admission charged.

Coach Mitchell will have only two or three lettermen back this season. Orville Heiskell and Bert Stevens will be out and maybe one or two more. Hazel Mackie, who was expected to be the sensation of the meet, will be unable to compete. He is recovering from an operation.

Report of condition of the FIRST NATIONAL BANK OF PAMPA

BONDS OF FARM MORTGAGE CORPORATION ATTRACTIVE AS GUARANTEED BY GOVERNMENT

HOUSTON, April 2.—Albert C. Williams, general agent of the Farm Credit administration and president of the Federal Land bank of Houston, has announced that, in accordance with the plan announced by Governor Wm. I. Myers of the Farm Credit administration at Washington, D. C., the Federal Land bank has issued bonds of the Federal Farm Mortgage Corporation, instead of in cash.

The Federal Farm Mortgage Corporation was expressly organized to provide for the continuance of the farm debt refinancing activities initiated by the Farm Credit administration last spring, and the corporation may issue \$2,000,000.00 of its bonds for that purpose.

Federal Farm Mortgage Corporation bonds are unconditionally guaranteed by the United States government, both as to principal and interest, and are "exempt from all Federal, State, municipal and local taxation, except surtaxes and estate, inheritance and gift taxes."

In addition to the guarantee of the government, these bonds will have back of them the capital of the Federal Farm Mortgage Corporation which amounts to about \$200,000.00, consolidated bonds of the Federal Land banks issued in exchange for the bonds of the Corporation, and the mortgages accepted by the Land Bank Commission as security for loans.

These bonds are lawful security for fifteen-day borrowings by member banks of the Federal Reserve system. They are also lawful investments for all trust, public and fiduciary funds of which the deposit or investment is under the authority or control of the Government. Bonds of the first issue are dated March 15, 1934, and bear interest at the rate of 3 1/2 per cent per annum.

Poole Expected To Make First Team at Tulsa

TULSA, Okla., April 2. (Special)—Carrying on his football work where he left off in high school, Jim Poole, son of Mr. and Mrs. J. A. Poole of Pampa is making quite a name for himself as a member of Coach Elmer Henderson's Golden Hurricane football team at the University of Tulsa.

As a member of the freshman team, one of the best that has ever represented the university, Jim has proved a decided asset at the center position. With the nose which schedule that a University of Tulsa team has ever had, Jim probably will see much action at center next fall. He will work along with Rudy Prochaska, all-state center last year.

As a member of the freshman team this year, Jim was a big factor in its many victories over other state teams. The only defeat that his team suffered was the one to the varsity, 12 to 0. To prepare himself for varsity competition next fall and to get himself familiar with Henderson's plays, Jim is active now in Henderson's spring football practice.

Jim is a member of the Phi Delta fraternity, and at the present time is working with the Phillips Oil company. He is planning to compete in the diamond ball intramural tournament which begins April 2. He is majoring in social science.

JAMES FARLEY IS HOMESICK FOR FIGHTING

BY EDWARD J. NEIL, Associated Press Sports Writer.

NEW YORK, April 2 (AP)—The postmaster general of the United States, James A. Farley, is a trifle homesick for the prize fight business.

Thirteen months ago he resigned as chairman of the New York State Athletic commission, one of the most powerful of boxing's ruling bodies, to take a place in the cabinet of President Roosevelt.

"I wouldn't have missed it for anything," he said as he leaned back at his desk at the national democratic headquarters, and looked back into the days when Tunney and Dempsey and Rickard were kings and he ruled them all.

"We had a lot of fun and a lot of laughs. Boxing was a tremendous game then, jammed with color and great personalities. It will come back, eventually, as everything will come back. Today's slump in boxing will be eliminated when the slump in all business has been eliminated. What boxing needs most of all right now is a colorful heavyweight champion, a fellow like Dempsey. The game may have found him in Max Baer."

He reads the sport pages avidly, keeps in touch with all the sport writers who used to cross-examine him at the commission until he finally would seek safety in an expression Washington reporters now know well: "Well cross that bridge when we come to it."

He has a circle around June 14 on his calendar, the night Carmen and Baer fight for the heavyweight title in New York.

"There will be no speaking engagement made for that night," he says.

His champion of champions is Frankie Delano Roosevelt.

"I've seen plenty of courage in the ring, men who could take it and smile, keep their tempers, their confidence unshaken. He's the king of them all."

FENTON WILL MEET DETTON HERE TONIGHT

SNARLING CANADIAN IS TO MAKE LOCAL DEBUT

Rod Fenton, wild Canadian wrestler, will be seen in Pampa tonight. Pampa wrestling fans were disappointed when he was unable to appear here three weeks ago, but have bottled their curiosity to see the mauler who threw Otis Clingman around for a win, only to lose a return match last week.

The Canadian drop-kick artist will meet Dorry Detton, Utah university wrestler, in the main event at the Pampa auditorium. The Mormon is now one of the most feared middleweights in this section. He came here a few months ago a comparatively green wrestler, but one with great ability and promise. Instead of being put against wrestlers of his own experience and ability, Detton was sent against the best in the game and as a result has developed into a sensational wrestler.

Fenton is the snarling type of mauler who doesn't think he has a friend in the world when he gets on the mat. He is cocky and almost arrogant, but he can wrestle. He is known throughout the country as the "baby-faced killer" and his ally lives up to his reputation. Detton will have his hands full tonight but his speed and practice in getting away from the Canadian's style of wrestling should make things even.

The semi-final arrangement is apt to be rough. King Cole, Dallas Swede, will meet Pat Garrison, Pampa oil man, in the 20-minute event. Both maulers are the rough, tough variety and lose their heads easily. The fireworks usually starts when one or the other thinks he has been fouled and he swings.

The Swede has been working like a Trojan during the last few weeks and is down to his old wrestling weight. Garrison has been taking his wrestling seriously and is in fine shape for the first time this year. When in condition, Garrison gives the fans an eye-full.

Andy Gump and Farmer Miller will open the big card.

ROOSEVELT IS CHAMP OF CHAMPS TO GENERAL

BY EDWARD J. NEIL, Associated Press Sports Writer.

NEW YORK, April 2 (AP)—The postmaster general of the United States, James A. Farley, is a trifle homesick for the prize fight business.

Thirteen months ago he resigned as chairman of the New York State Athletic commission, one of the most powerful of boxing's ruling bodies, to take a place in the cabinet of President Roosevelt.

"I wouldn't have missed it for anything," he said as he leaned back at his desk at the national democratic headquarters, and looked back into the days when Tunney and Dempsey and Rickard were kings and he ruled them all.

"We had a lot of fun and a lot of laughs. Boxing was a tremendous game then, jammed with color and great personalities. It will come back, eventually, as everything will come back. Today's slump in boxing will be eliminated when the slump in all business has been eliminated. What boxing needs most of all right now is a colorful heavyweight champion, a fellow like Dempsey. The game may have found him in Max Baer."

He reads the sport pages avidly, keeps in touch with all the sport writers who used to cross-examine him at the commission until he finally would seek safety in an expression Washington reporters now know well: "Well cross that bridge when we come to it."

He has a circle around June 14 on his calendar, the night Carmen and Baer fight for the heavyweight title in New York.

"There will be no speaking engagement made for that night," he says.

His champion of champions is Frankie Delano Roosevelt.

"I've seen plenty of courage in the ring, men who could take it and smile, keep their tempers, their confidence unshaken. He's the king of them all."

Inventors Bring Curious Gadgets To National Show

SEATTLE, April 2. (AP)—Copper bathing suits, "no-run" garters and thousands of other gadgets claimed the attention of inventors at their national congress today.

The "elder garter" of Mrs. Anne Hermer, of Hollywood, Calif., which cases the pull on silk hose when a "run" is imminent, was demonstrated along with a bathing suit woven of copper cloth, for the beach beauty who doesn't want her suit to shrink. The suit came from Phoenix, Ariz.

Mrs. E. F. Baldwin of Colorado, and Freda L. Hannum of Seattle, were two other women inventors, the former presenting rubber combs for waving the hair, the latter a bracelet coin container which eliminates the embarrassing moment when a miliary gets on a street car and fumbles in her bag for a dime.

Mr. and Mrs. O. T. Marchand, of Gates Mills, Ohio, concocted a contrivance that shells lima beans. You put the bean in a device which looks like a pair of pliers, and squeeze, and the bean hasn't a chance.

MARRIAGE LICENSE

A marriage license has been issued here to G. L. Ross of LeFors and Miss Barnett Bohannon.

Bowlers Hold Own in Peoria

PEORIA, Ill., April 2 (AP)—First place in the American Bowling Congress stood like the Rock of Gibraltar under the attack of the so-called "big shots" of the game this week-end.

With the most feared invaders come, gone, and conquered, the present leaders can heave their respective sighs of relief—that is if they are so old fashioned they don't believe in dark horses, upsets, and things.

Fred Pfeiffer of Omaha, took fourth place in the singles with a total of 695.

Carl Meyer, Hammond, Ind., and George Lasher, Detroit, hit 682 and were on the board for a half hour before being shoved off by the newcomers.

In the all-events, Adam Plunge, Chicago, took ninth place with a total of 1860 and Milo, Wetsner of Chicago, took tenth with 1889.
