JAPAN IN ASIATIC 'MONROE DOCTRINE' WARNS WORLD TO QUIT GIVING AID TO CHINA

Twinkles

It is proposed to denature surplus wheat and make it unfit for human consumption. But you can't expect the tractors to eat it.

Home-building is one of the oldest human instincts. The Roosevelt plan to make home building possible strikes near the heart of the depression, and close to the heart of every farmer's man.

Striking discovery: Carbon monoxide gas leaks into three out of every five motor vehicles, in many cases strong enough to cause nausea or dizziness. It also explains many accidents from inattention.

Debit mean employment only while money is being spent. State and local indebtedness in this country now totals \$17,569,532,000. If you can imagine such a sum.

New York's skyline may be champagne to New Yorkers, as they describe it, but plains residents like nothing better than their skyline than a rain cloud that will really rain.

Brevitorials

Musings of the moment: With spring here, many of us would prefer to do little more than muse, while waiting for the fish to nibble. Times have been difficult, but the real test of the country is near as many persons begin to realize that not all problems can be solved without revising our federal constitution. And that cannot be quickly done. Patience is required in a democracy. It is an unfortunate fact that many men are not fit to rule, and many others not wise enough to be ruled. A good goal now is to try to help everyone get a job, not to strive for ideal jobs for any minority. And, above all, to keep cool heads despite provocation. No other course will win goals. . . . Other words for hole: Void, cranny, interstice, pore, abyss, sinus.

Senior Class To Issue Tabloid Harvester May 20

The Little Harvester, high school section of The NEWS, will be printed in tabloid size on Sunday, May 20, as the official graduation edition of the senior class and only memoir of the year.

The Little Harvester staff will sell the advertising on a percentage profit basis and will gather the news which will tell of the class activities of the year. The NEWS staff members will assist as required.

Because the school will have no annual, this special tabloid edition will be cherished by the hundreds of graduating students, whose pictures will appear on magazine paper for the special copies kept for future reference and enjoyment.

This plan will be a continuation of that begun with such good results last year. Seniors by 1933 have kept their tabloid Little Harvester and often refer to it with pleasure. Pictures of 1934 seniors are near completion and copy for the paper is being prepared. The ads will be sold soon.

HOUSTON PILOT, 3 PASSENGERS DIE IN CRASH

Surprising Rain Gust Strikes Plane, Wrecks It

TEGUICIGALPA, Honduras, April 17 (AP)—Victor Martin of Houston, Texas, the pilot, and three passengers were killed today in an airplane crash between Yoro and Tegucigalpa.

The other victims were: Rev. Ildefonso Carballada, a Spanish redemptorist missionary whose home is in Barcelona; Congressman Santiago Cervantes of Yoro; and Gonzalo Alvarado, an attorney of Esquipulas.

Officials of the Taca company which owns the airplane, said an unexpected rainstorm struck it and raised it to a high altitude. The ship then overturned and smashed straight down into the ground.

Airplanes were sent to the scene of the disaster. The plane was en route to Tegucigalpa from Yoro.

The first of the other men diners to testify, Laurence Todd—Soviet news agency reporter here—said he had called the president "a strong leader" rather than "only a Tord."

Todd testified the dinner "a most wearying experience . . . a strain," in view of the way Wirt was said to have held forth.

As to the two remaining diners, Robert W. Bruce, chairman of the textile code advisory committee, seconded assertions by his fellow witnesses. He called Wirt's statements "slander."

The view of David C. Coyle, of the public works administration, also was that "no one else had a chance" to do any talking.

Highway 152 Is Open Near City

Highway 152 is now open over 6 miles of asphalt-topped caliche paving. The barriers to traffic were removed yesterday.

The paving begins at highway 33 about 6 miles east of Pampa and continues toward Wheeler county for 6 miles. There remains a 12-mile gap between the Gray county and Wheeler county projects.

The contracting firm of Cocks & Braden had the work just completed. While it is hoped that another contract may be let soon, no announcement has been made of such a move.

NEGRO GUARD LASHES BACKS OF CONVICTS WHO TRIED TO ESCAPE

CANON CITY, Colo., April 17 (AP)—Six lusty lashes, applied to bare backs of three convicts who failed in an effort to escape the Colorado state penitentiary, ended the episode as far as they were concerned, but prison officials pushed a search today for two others who managed to get away.

'HE DID ALL THE TALKING' GUESTS CLAIM

ATTENDANTS AT MEAL SAY CONVERSATION WAS MONOLOGUE

By CLARENCE M. WRIGHT
Associated Press Staff Writer

WASHINGTON, April 17 (AP)—Attendees at the September dinner party where Dr. William A. Wirt said he heard talk of revolutionary conspiracy within the administration today branded his testimony "false" and "untrue."

"He did all the talking" was the substance of assertions to the house investigating committee by Miss Alice Barrows, hostess on the disputed occasion, and agreement with her came from among the five other guests.

Miss Hildegarde Kneeland, department of agriculture worker, replied "I did not" when asked about Wirt's attribute to her of statements made about her following the philosophy of Dr. Rexford G. Tugwell, assistant secretary of agriculture.

She said she did not meet Tugwell until five months after the dinner and had never read any of his writings.

Miss Barrows, at one time secretary to Wirt, has been in the interior department since the Coolidge administration.

Another of the diners, Miss Mary Taylor of the agriculture department, testified that Dr. Wirt "had no conversation" but "a monologue" at the dinner.

"Did you or any others present that night tell Dr. Wirt you were close to the president and could control his decisions?" Chairman Bulwinkle asked Miss Barrows.

"We did not," she answered. She, Miss Kneeland, and Miss Taylor said there had been no statement about President Roosevelt being "only the Kerensky of this revolution."

Dr. Wirt was present in the huge audience. Now and again there was laughter as the witnesses depicted him on the night in question as having monopolized the conversation with his views on inflation.

Republicans on the committee lost attempts to ask him called again, and for summing up Tugwell, Secretary Wallace and others.

The first of the other men diners to testify, Laurence Todd—Soviet news agency reporter here—said he had called the president "a strong leader" rather than "only a Tord."

Todd testified the dinner "a most wearying experience . . . a strain," in view of the way Wirt was said to have held forth.

As to the two remaining diners, Robert W. Bruce, chairman of the textile code advisory committee, seconded assertions by his fellow witnesses. He called Wirt's statements "slander."

The view of David C. Coyle, of the public works administration, also was that "no one else had a chance" to do any talking.

Repeal of Sour Gas Law Sure, Says Woodruff

AUSTIN, April 17 (AP)—A ratabile taking agreement likely will be reached between major gas pipeline companies and major producers in the Panhandle gas field as a result of a senate committee's recent investigation in Amarillo, Senator Grady Woodruff of Decatur, predicted today.

Woodruff said he was convinced information developed at the hearing revealed that excessive gas-wastage was resulting from carbon black and stripping plants.

"We had testimony that under present conditions the field would be depleted in three to five years," he said, "and I believe that realization will work toward both sides effecting an agreement."

May Queen

April's zephyrs whisper across college campuses that it's time to elect May queens, and one of the first to win this coveted honor is Miss Mildred Hines, above, named queen of the May at Salem college, Winston-Salem, N. C., oldest women's college in the south. She will be crowned on May 5.

PRESIDENT AND TEXAN COME TO DEFINITE BREAK

Roosevelt Defied By Mansfield Plea For Bill

WASHINGTON, April 17 (AP)—President Roosevelt and Chairman Mansfield of the house rivers and harbors committee apparently came to a parting of the ways today on the question of how and by whom waterways improvements should be carried out.

Franklyn mindful that the president is opposed to consideration of rivers and harbors legislation at this time because of the budget situation, Mansfield today asked congress to pass an omnibus bill anyway.

Taking the floor, the Texas democrat also made a pointed reference to handling of the Tennessee valley development project.

"After securing the information" provided for in the bills reported by the committee on rivers and harbors, Mansfield said, "the Tennessee river . . . was then taken completely out of the jurisdiction of the committee on rivers and harbors in the creation of the Tennessee valley authority, under the jurisdiction of the committee on military affairs."

"The gentleman from Alabama, Mr. McDuffie, a member of the committee on rivers and harbors, was the author of the provision for the general purpose survey of the Tennessee river."

When the time came for creation of the Tennessee valley authority, Mansfield said, McDuffie was left "to view the scene from a distant mountain top."

WHEAT PARLEY NOW PLANS TO CUT ACREAGE

WORLD-WIDE DECREASE IS DEMANDED BY AMERICAN

ROME, April 17 (AP)—Wheat acreage reduction on a world-wide scale was outlined this afternoon by the World Wheat Advisory Commission. Just at a moment when its labors were about to end, it found itself faced with what is perhaps the most important subject of its meeting.

The United States delegate, Frederick E. Murphy, of Minneapolis, was responsible for the new development.

Telling the committee it had transferred its interest from what was its fundamental function, namely the reduction of production, to a secondary problem, minimum export prices, he demanded it take action on the fundamental question.

Murphy laid before the commission three plans:

- (1) To absorb the excess stock in three years;
- (2) To absorb them in two years;
- (3) To absorb them in one year.

Plan 1 requires a reduction of 250,000,000 bushels yearly or a total of 13,000,000 acres, making an allowance for an increase in the yield on the acreage remaining under cultivation and for intensification, cultivation—that is 14 per cent of the total zone in the exporting countries of the United States, Canada, Argentina, and Australia, plus the Danubian countries, and less such help as may be received from the importing countries.

Furniture And Repair Shop Is Entered, Looted

Spears Furniture and Repair Shop at 217 East Francis avenue was entered last night and more than \$100 worth of tools, guns, and other articles were stolen. Entry was gained by smashing a hole in a rear door and unlatching a night lock.

Officers of the sheriff's department and city officers are investigating the robbery. Two men were arrested this morning and are being held in connection with the robbery last night and also in connection with the theft of a quantity of aluminum wire stolen last month. It was recovered.

S. J. Spears reported to officers that most of his tools, guns, and electric motor, 410 gauge shot gun, Remington 12 gauge shot gun and a rifle were among the articles stolen. It was the second time the store has been entered.

Legion Groups Sell Centennial Stamps in Area

Sale of Texas Centennial stamps by the American Legion and Auxiliary members is continuing briskly, and the drive proper will end this week, although supplies of the stamps will be kept here.

The stamps, priced at 50 cents for 100, will finance preliminary arrangements for Texas' 100th birthday.

The stamps have a blue field, upon which is a white map of Texas in a red circle. Inside the map is a star outlined in blue. The words, "For the Texas Centennial, 1936" also appear.

JOHNSON LAW MOVES RUSSIA TO ALTER TRADE PLANS WITH U. S.

MOSCOW, April 17 (AP)—An active Soviet refusal against the newly-enacted United States law against further loans to debtors came today in an admission to Soviet economic organizations by "the newspaper for industrialization" to alter their reported intention to give preference to American materials and equipment for the remainder of the second five-year plan.

The newspaper warned that the Soviet government will not be coerced into a debt settlement.

The statement by the official organ of the commissariat of heavy industry was the first public reaction to the Johnson law.

It described it as "a menace to Soviet American trade" and declared in effect that Soviet Russia will not deal with a country placing such an obstacle in its way.

The organ asserts that the Johnson bill complicates matters between the two countries "just as a large scale business is in the process of concrete negotiations."

President May Come To Texas Editors Told

'I Hope To Get Down To Texas Next Year And Try Some Fishing,' Roosevelt Tells Visiting Newspaper Editors In Washington; Texans Are Praised.

WASHINGTON, April 17 (AP)—President Roosevelt today received a delegation of Texas newspaper editors and in a brief talk expressed the hope of going to Texas next year for some fishing.

Lowry Martin, editor of the Corsicana Daily Sun, presented the president the Lone Star flag of the state of Texas and Mr. Roosevelt announced he would place it in his library in the White House.

"I am very appreciative of the State of Texas," said Mr. Roosevelt. "Sometimes I have the feeling that Texas is not only the largest state but that it is running the government more largely than any other state. When I go away to the Bahamas for fishing or to other places, the vice president carries on 100 per cent in my absence."

"Then, too, all the purse strings of the government are in the pocket of Jesse Jones, chairman of the RFC."

"I am very happy in your congressional delegation. Senator Morris Sheppard and my old friend Tom Connally are among my warmest friends and supporters. In the house—well, they are occasional lapses in the house, but we get along very well."

"I hope to get down to Texas next year and try some fishing. Jack Garner has taught me how to tell fish stories. I want to make him prove them."

"I hope you will get to every state in the union. You don't have to sell Texas to me."

The editors brought a carload of Texas products including everything from grapefruit to beef. W. C. Edwards presented a bill of lading for the carload to the president.

Vice President Garner, Senators Connally and Sheppard and Jesse Jones presented the editors to the president in his office.

Martin assured Mr. Roosevelt that the people of Texas attributed the new deal to "your efforts, ingenuity and hard work."

Pre-Centennial Shaping Rapidly As Vivid Event

Excellent progress on plans for Pampa's Pre-Centennial celebration and Pioneers' Roundup of May 31 and June 1 was reported to the sponsoring Texas chamber of commerce today by Archer Pillingim, general chairman.

The pageant of 20 swift-moving scenes, based on famous personalities of Texas history, has been written, under the direction of E. W. Henderson, by committee members, colorful, and will have a continuity explained through a loud-speaker system. Directors for the various scenes will be named soon and casts chosen. A dozen committees are making headway on plans for the Pioneers' roundup, sports program, parade, exhibit of relics, and other features.

The Jaycees in their luncheon meeting today decided to enter a team in the basketball tournament to be sponsored by the A. A. U. W. for the benefit of its scholarship fund. Civic clubs have agreed to enter teams.

Two new members, W. P. Rogers and O. K. Gaylor, were inducted by Philip R. Fond, Jim Collins was program chairman.

Two Plainview Men Killed in Auto Collision

PLAINVIEW, April 17 (AP)—Floyd P. Stambaugh, 58, and a Tri-State show employe, who had not been identified, were killed in an automobile collision here today.

Stambaugh and the unidentified man, who came here with a carnival, were riding in an open car when it collided at a street intersection, with a light roadster driven by Weldon Whitford, Plainview youth.

Both victims were thrown clear of the touring car. Stambaugh died a few minutes after being picked up from the sidewalk. The unidentified man died later in a hospital.

The driver of the touring car, Alvin Woodland, was uninjured. Whitford suffered only from shock.

CHANGES NEEDED IN EDUCATION

Not faulty teaching, primarily, but faulty listening and absorbing by students must be corrected in our scheme of public education.

There must be bold experimenting. Perhaps the colleges will lead the way, as Olivet college in Michigan is doing.

Students at Olivet will be entirely "on their own" as far as getting an education is concerned.

At the end of the year, comprehensive examinations, both oral and written, will be given to see just how the students have developed under this plan.

A college without classrooms is something new under the sun, and a more drastic departure from ordinary educational routine would be hard to imagine.

But the experiment sounds extremely interesting; indeed, one of the encouraging things about education today is its growing willingness to make drastic and far-reaching experiments.

It is hardly going too far to say that our colleges and universities have fallen a little short of our expectations in the last decade or so.

We have been living in a time of unprecedented change. New developments in science, in industry, in the whole complicated art of making and disturbing the necessities and luxuries of life, have changed the basis on which we live and work together.

Yet our institutions of higher learning have not been giving us a thoughtful, questioning, and intellectually alert leadership to help us meet this change.

Instead—well, to a big percentage of the population, college is a place where they play football. To an almost equally large percentage, it is a sort of glorified country club where a young man can put in four pleasant years getting his rough edges planed down and fitting himself for movement in polite society.

It is a great training school for bond salesmen and brisk young business men.

That is why these collegiate experiments are so welcome. Not all of them may work. That doesn't matter.

The point is that some sort of change is needed if our colleges are to fill the place they should fill in our national life.

Persistent experimentation will help them find it.

TROTZKY 'VIOLATES NEUTRALITY,' EXPELLED FROM FRANCE

'MAN WITHOUT COUNTRY' MAY GO TO TURKEY

EXPULSION DEMANDED BY EXCITED FRENCH

PARIS, April 17. (AP)—Leon Trotsky, exiled Russian revolutionist, was ordered to leave France by the government today because of his efforts to organize a world revolution.

Minister of the interior Albert Sarraut announced the cabinet decided to withdraw the permission granted Trotsky to live in France because he "violated the political neutrality" which was made a condition of his stay at Barbizon. Trotsky has been living in a secluded villa near Barbizon, about 35 miles from Paris, since being granted secret permission by the ministry of the interior to come to France from Corsica last July. The most extraordinary precautions were taken there to conceal his presence, for he feared attacks on his life by white Russians. Villagers who became suspicious of the mysterious character of the

Trotsky household, however, reported to Barbizon authorities. They unapprised of the government's arrangements with Trotsky, who had lived in their midst for months without their knowing it, raided the villa Sunday.

A nationwide clamor of protest for Trotsky's expulsion developed immediately after the public learned of his mysterious Barbizon hide-away.

Sarraut declined to say whether Trotsky would be permitted to return to Corsica or whether he would be compelled to quit French territory entirely. If the latter course is taken, it was presumed Trotsky—a "man without a country"—would return to his former Turkish exile which he left ostensibly because of boredom and poor health.

ROADRUNNERS ARE READY TO OPEN SEASON

PHILLIPS PLAYS HERE ON SATURDAY AND SUNDAY

The new Pampa-Danciger baseball stadium will be christened Saturday afternoon when the fast Danciger Roadrunners will meet the Berger-Phillips "96" Oilers in the first of a two-game series. The same teams will play again Sunday afternoon.

A grandstand with a seating capacity of 1,050 and box seats of 90 has been completed. The fence around the park is finished and construction of bleacher seats to accommodate nearly 2,000 is progressing rapidly. The distance from home plate to right and left field fence is 332 feet and the distance to center field is 380 feet.

Manager Aaron Ward of the Roadrunners has been putting his charges through stiff practice sessions and they are nearly ready for the big season. Phillips is strong

again this year but Manager Ward hopes to break the "Berger jinx". The Roadrunner manager has a long record in professional baseball circles. He has played 16 years of professional ball but is still active and at bat. Ward had 10 years with the New York Yankees, where he played second base. He spent a year with the White Sox and a year with the Indians. Other cities that saw Ward in action were Charleston, South Carolina, Sacramento, Shreveport, and Kansas City.

Manager Ward has not definitely decided whether Bill Hardin or George "Lefty" Bulla will start the game Saturday. Bulla has a long career as a hurler. Although only 30 years old, Bulla has had more than 10 years of baseball experience. He spent two years with Duncan in the Oklahoma State league and then went to the Western league for a year. He was with Sioux City and then Paris. The little lefthander spent from 1926 to 1929 with Fort Worth in the Texas league and then went to Monroe in the Cotton States league. He managed the Duncan team for two years and came to Pampa last year, where he had a good season with the Roadrunners.

Manager Bill Ellis has recruited a number of well known players for his team and a game of big league caliber is expected.

Ray Carter was able to be taken to his home from Pampa hospital yesterday.

McSHAIN IRES AUDIENCE AND LOSES TO HILL

STRANGLING, KICKING, SOCKING, FEATURE MAT BOUTS

There have been wild evenings at the Pla-Mor Auditorium, but last night was the climax of them all. It was nearly 15 minutes before the crowd left after seeing Don Hill come out of an airplane spin to pin the wild Irishman, Danny McShain of the wild west part of Ireland.

The Irishman roused the fans' ire when he refused to go on the mat until it was swept. The sweeping didn't suit him so he took a broom and swept sawdust over the audience. From that point on, the fans were after his scalp.

McShain entered the ring in a beautiful full-length bathrobe of white and black satin, cut Cossack style. He gave it to the timekeeper for safe keeping. The wild Irishman then proceeded to try to defeat both Hill and the referee.

Hill got a whip wrist lock for the first hold and he hurt the Irishman badly. McShain then got rough. He threw Hill over the ropes, kicked him and socked him before he could get back on the mat. Referee Swede Larson got in front of one of McShain's rushes and was hurled thru the ropes.

Hill tried to wrestle but he was unsuccessful. McShain spent his time slipping across sly punches and strangle holds. McShain got Hill in a hammerlock and it looked like the end, but the Hollywood flash came back with a right to the jaw after McShain had strangled him between the ropes. Hill followed his right with a series of whip wrist locks and a rope trick to win in 18 minutes. He threw McShain into the ropes and then moved under him as he came out, grabbing his legs and rolling him on his shoulders.

Fall number 2 was even wilder than the opener. McShain opened with a few crosses and slams. He choked Hill slyly and slugged the referee. Then the Irishman got Hill in an Indian stake hold, using a fist to good advantage. Hill patted the mat but the referee was too busy fighting McShain to notice. He finally broke the hold and had to battle the Irishman who thought he was going to lose the fall which lasted 6 minutes.

The final fall got completely out of control of Referee Larson. Both maulers got nice holds. Each used slams and headlocks and anything else available. McShain finally clipped Hill, threw him on his shoulder and tossed him over the ropes. Hill came back into another airplane spin and slam. As the Irishman fell on Hill, that worthy whirled over and pinned McShain for the fall in five minutes. McShain didn't think he should have lost and clipped the referee on the jaw to emphasize his opinion.

A right to the jaw lost a fall for Pat Garrison in the semi-final. The winner, however, was not Joe Bauer, his opponent, but Referee Swede Larson. The end came in 18 minutes after Bauer had strangled Garrison over the ropes and the referee choked Garrison out, breaking the German's hold. Garrison clipped the referee for not breaking Bauer and the referee kayoed the Irishman. Bauer fell across Garrison while he was "out" for the win. It was a bad night for the Irish all the way.

Lobo Brown used a knee effectively in winning from Andy Gump in 18 minutes in the preliminary. The Pampa boy made a great showing and had the better of Brown until the latter used a knee in Andy's mid-section. Brown followed with a rabbit punch and a body slam.

DISTRICT CHORAL TROPHY BECOMES PROPERTY OF TRIPLE TRIO

CUP WON FOR THIRD TIME IN SONG CONTEST

PAMPANS WILL BE ON FINE ART PROGRAM TONIGHT

PAMPA'S TRIPLE TRIO of federated club women brought back from the district federation convention in Amarillo the silver loving cup they won for the third consecutive year in the choral contest yesterday.

It is now their permanent property, and will be placed in the city hall club room. The trio will return to Amarillo tonight to sing on the annual fine arts program at the municipal auditorium.

That program will be open to the public, and many Pampa people are expected to attend it. In addition to the trio, other Pampa musicians on program are members of the Woodrow Wilson Kig band. Mrs. C. T. Hunnigall of this city is fine arts chairman of the district and director of the program.

Trio Members.

Singers in the trio are Mmes. J. M. Dodson, W. A. Bratton, and A. N. Dilley, first sopranos; Mmes. Tom Rose, A. M. Martini, and A. H. Doucette, second sopranos; Mmes. T. P. Morton, Charles Thut, and Raymond Harrah, Mrs. Phillip Wolfe is director and Mrs. Frank Perry accompanist.

The contest, conducted at the Presbyterian church yesterday afternoon, was attended by many delegates and visitors. It was judged by three musicians from various points over the district.

Following the afternoon meeting, delegates were entertained with a tea at the home of Mrs. Allen Early. A vocal solo by Mrs. Wolfe, accompanied by Mrs. Perry, was a part of the program there.

Reports Heard.

The Everywoman's luncheon which opened the convention was attended by 356 club women at the Amarillo country club. Business sessions, featuring reports of clubs and standing committees, started yesterday and will continue through tomorrow morning.

Mrs. Dick Walker and Mrs. W. R. Ewing were Pampa women who presented reports yesterday, and Mrs. Walker also announced state Woman's day, April 26, when each club is asked to sponsor a motion picture for the benefit of state headquarters fund.

At the Texas luncheon at noon today, Mrs. F. E. Leach of Pampa was scheduled to discuss women's part in the state beautification campaign.

JOINT MEETING CONDUCTED BY WMS CIRCLES

Central Baptists In Bible Study at Church

The three circles of Central Baptist Missionary society met together at the church yesterday afternoon for Bible study conducted by Mrs. S. L. Anderson.

Next Wednesday was designated as visiting day, with no regular circle meetings. However, Bethany circle planned a social to honor new members. It will be at the home of Mrs. O. H. Gilstrap at 4 o'clock. Dinner will be served at 6.

The opening song yesterday was "This So Sweet to Trust." Mrs. Vernie Pipes gave the invocation and Mrs. R. M. Mitchell the benediction.

Others present were Mmes. G. D. Holmes, G. L. Moore, J. B. Holloman, D. L. Lunsford, W. W. Hughes, J. W. Smith, Keith Caldwell, G. C. Stark, H. A. Overall, Gilstrap, D. M. Scafed, Joe Altman, Earl Vernon, H. B. Chandler, John Busby, R. M. Miller, D. H. Coffey.

Recreation Will Be P-T. A. Topic

Recreation, a topic of especial interest to Pampa at present, will be the subject for Junior High Parent-Teacher association at its meeting Thursday at 3:30.

Planned recreation for the Adolescent will be discussed by Gaston Poote, Methodist minister, who is to be the principal speaker.

Supt. R. B. Fisher is to give the invocation, and quartets from sixth and seventh grades, judged best in the recent city school meet, will sing. Pupils of Miss Ila Pool's room will present a playlet.

A business meeting will follow the program. A special treat is being planned this month for the room which is represented by the most mothers.

Miss May Off to A. A. U. W. Meet

Miss Fannie May, member of the Pampa chapter, American Association of University Women, and state secretary, will leave this evening to attend a sectional conference of the organization in St. Louis.

The meeting will start April 19 and extend through the remainder of the week. The board meeting of Texas officers will probably be held also.

The chapter here will have its April meeting on the 26th instead of the regular date, Thursday, it was announced today. Members will meet at the city hall club rooms at 8 p. m.

the Brew-DATE

Blatz Old Heidelberg Beer

THE Blatz Brewing Co., Milwaukee, announces the greatest advancement in the beer industry in 20 years.

Brew-Dated beer!

Every bottle of Blatz Old Heidelberg Beer now has plainly printed on its neck label the date when the contents was brewed.

Thus Blatz pioneers again — and brings you guaranteed Age.

There have been — and will be — many indefinite claims as to the age of beers — but now you will know positively that Blatz Old Heidelberg Beer is fully-aged.

It brings to you that rich flavor; that mellowness and satisfying strength that judges of good beer prefer — found only in Blatz Old Heidelberg — the only beer that is Brew-Dated — the only beer that tells you the exact day it was brewed.

Don't say beer, say Blatz. Insist on the original Brew-Dated beer — Blatz Old Heidelberg.

DEL LOVE OF AMARILLO TO BECOME PRO AT COUNTRY CLUB HERE MAY 10

TWO TOURNEYS DURING SPRING ARE DISCUSSED

INDIAN HILLS GOLFER HAS REPUTATION AS GOOD INSTRUCTOR

Del Love, for seven years golf professional at Indian Hills Golf Club in Amarillo, has been secured as pro for the Pampa Country Club. Mr. Love will move to Pampa May 10 and take active charge of the course.

The new Pampa pro has been numbered among the professionals of the country for the last 12 years. He is an able golfer, capable instructor, and a good "mixer." He has competed in some of the biggest southwest tournaments. Love is noted for his long driving ability. He has been seen here several times in exhibition matches with other leading professionals.

Mr. Love plans to stimulate golf among the women of the city. He has developed several exceptionally strong women's teams in Amarillo and hopes to have even better success in Pampa, where there are many promising women golfers. Mr. Love plans to start immediate instructions after his arrival.

A city open golf tournament will be held a week or ten days after the new pro arrives. The tournament committee, of which Mack Grubbs is chairman, does not plan to wait that long to start the tournament season, however. Plans are materializing for a tournament within the next three weeks. A definite announcement will be made in a few days.

Other members of the tournament committee are C. T. Hunkapiller, Art Swanson, H. Otto Studer, and Dan McGrew.

The greens committee has already started work improving the course. Lynn Boyd is chairman, assisted by Clyde Paterson and Clarence Barrett. Water which has been flowing in the draws has been piped under the fairways on holes one, nine and ten. Ditches across other fairways will be widened for drainage. The water, coming from a nearby refinery, is being treated and is no longer of an acid nature. Trees will be planted in some of the draws.

The rumor that a beautiful club house would be erected soon has not been denied by the directors. President H. H. Hicks was non-committal this morning when asked about the proposed club house. The president announced that electric power was being put on the grounds and that the pro would have a work shop for repairing clubs, etc. The pro will also sell balls and clubs.

Greens on the entire 18 holes will be made uniform under direction of Mr. Love immediately after his arrival. He also plans other improvements.

The board of directors will meet at 7:30 o'clock tomorrow night to discuss other course improvements and the coming tournament. The place of meeting had not been decided this morning.

Next Fights To Be On April 26

Promoter B. W. Kelley will not have a fight in Pampa this week because he couldn't get good boys to appear before Pampa fans. He has, however, signed two of the best middleweights in the southwest for April 26 at the Pla-Mor auditorium.

Jack Thompson of Marietta, Okla., will meet Speedy Ryan of Santa Rosa, N. M., in the 10 round main event. Thompson is a slugger and one of the hardest hitters in his class. Jack Dempsey has been trying for some time to sign Thompson to fight for him.

The promoter has yet to round out his card but if his plans materialize, he will present the greatest array of fighters ever to appear in Pampa.

WILL USE "DRAW"

Under an arrangement with the city, V. L. Nichols will grow evergreens and other trees in the "draws" in the Hillcrest addition, and in addition will improve the appearance of the ground by keeping weeds and rubbish removed. The trees will be nursery stock.

D. A. Witt of Canadian transacted business here yesterday.

CLEAR SKIES FORECAST FOR FOUR OPENERS

GIANTS AND PHILLIES OPEN SEASON IN NEW YORK

By HERBERT W. BARKER.
Associated Press Sports Writer.
NEW YORK, April 17 (AP)—For the 59th time, the National League plunged into the opening of a new baseball season today and for the 58th time not one of the eight clubs would admit the possibility of finishing last.

Forecast of clearing skies in the east and fair weather in the middle west, indicated all four opening games would be played with a turnout of some 100,000 baseball-hungry fans who have spent a long, hard winter studying an unprecedented number of playing stiffs.

Whatever the outcome, President John Arnold Heydler and the owners as well confidently expected a real financial recovery after several lean years.

Expert opinion, given with considerable trepidation after the shock of the New York Giants' flag-winding drive and subsequent world series victory a year ago, was that at least five clubs must be tutored as contenders.

If the Giants fail to get the same brilliant pitching that was responsible for their amazing triumph of 1933, the experts select the Chicago Cubs, bolstered by the acquisition of Chuck Klein, the Pittsburgh Pirates, St. Louis Cardinals, and Boston Braves as potential pennant-winners, with the well-known "breaks"

LOTTERIES ILLEGAL
LOUISVILLE, Ky., April 17. (AP)—A warning that lotteries and sweepstakes conducted on the Kentucky Derby are illegal and have no connection with the derby management was issued today by Col. Matt J. Winn, president of the American Turf association. "Those who buy such tickets are throwing their money away," said Colonel Winn.

SENATORS AND RED SOX GAME IS IN BOSTON

FOUR AMERICAN TEAMS TO PLAY OPENERS TODAY

By WILLIAM WEEKES.
Associated Press Sports Writer.
CHICAGO, April 17 (AP)—The American league joined in big time baseball's rousing opening chorus today, with no less than seven of the eight clubs harboring honest hopes of making pennant music next September.

Deprived by rain of opening the campaign under the presidential eye yesterday at Washington, Boston's new deal Red Sox, and the champion Senators were in Boston to start even with the rest of the league.

Expert opinion figures Washington to land the title again, with the New York Yankees, and perhaps the Red Sox, furnishing the foremost opposition. Cleveland, Detroit, and Chicago rank as lively possibilities. Owners, managers and followers of these six clubs have declared them in on the championship battle.

While the experts failed to include Connie Mack's Athletics as a threat, the 72-year-old schemer thinks his team is "going somewhere." Only Rogers Hornsby, starting his first full season in charge of the St. Louis Browns, has failed to hint at expectations of being up there, but he can't see the Browns finishing last again this year.

The high enthusiasm is not confined to prospects of a free-for-all struggle for the championship. Club owners feel that this is a good time to start doing a lot of forgetting about two sorry financial seasons. Conditions in general, plus the redistribution of playing talent, what may prove to be Babe Ruth's last stand, along with Sunday baseball in Philadelphia, form the basis for their hopes.

The weather behaving, around 90,000 fans were expected at the four openers. The Yankees and Athletics at Philadelphia, figured to attract 30,000, with 20,000 at Chicago to see Mickey Coghlan make his debut as Detroit's manager, against the White Sox; the same number to watch St. Louis and Cleveland at Cleveland, and 15,000 for the deus ex machina game between the Brooklyn Dodgers, Phillies, and Cincinnati Reds almost universally are tagged for the last three positions.

Some 35,000 fans were expected at the Polo Grounds where the Giants opened their bid for another flag against the Klein-less Phillies, led by a new pilot, Jimmy Wilson. Bill Terry selected Carl Hubbell, south-paw hero of the world series, to oppose Ed Holley, big right-hander, on the mound.

Wallace To Open Olney Law Office

Mr. and Mrs. H. L. Wallace and two children left today for Olney to make their home. Mr. Wallace will open a law office in the City National bank building.

Mr. Wallace has been with the postoffice here since 1929 and has received a leave of absence. While in Pampa Mr. and Mrs. Wallace were active in the Methodist church. Mr. Wallace was admitted to the bar last February.

MARKET BRIEFS

NEW YORK, April 17. (P)—Stocks rallied mildly today, after their sinking spell of the previous session, but the majority did not get very far. Further weakness of grains was a retarding factor and traders approached new commitments with considerable timidity. The close was steady to firm. Transfers approximated only 925,000 shares.

Judith Lane
 by JEANNE BOWMAN
 SYNOPSIS: Judith Dale's geologist has proved that oil under the Scoggins farm is unlikely. But Morgan Lamper's agents have led Scoggins on in the hope that he will refuse use of the land for the Rio Diablo dam, which Judith is building according to Big Tom Bevins' plan, with the five million dollars he has left her for the purpose. Judith has a plan to prevent Lamper's succeeding, and securing the money for the Bevins heirs.

Chapter 37
JUDITH'S PLAN
 "Mr. Scoggins, when does this oil man of yours intend to start sinking his well?" asked Judith.
 "He said he reckoned he could get the apparatus in here long next month and get to working some time after."
 "Mr. Scoggins, tell me this. Has Big Tom Bevins ever betrayed you in anything? Or have I, working as his stenographer, ever done anything you might look upon as a breach of trust?"
 "No ma'am, indeed."
 "I wonder then if you will do this for me. Forget this other oil man. Go back to Houston with Mr. Kane, Mr. Sanford will fly you back. You and Mr. Kane chose your own drillers, have him come down here and finance it."
 "Judith!" Slim spoke involuntarily. "It's the best thing to do all around, Slim," she exclaimed. "I want to know if there is oil in our flood basin. I want to find out for sure before the will contest comes up in court. I believe it will make a material difference in the jury's decision."
 "You're right," agreed Larson.
 "You mean I'd get to fly to Houston?" asked Scoggins in wonder.
 "Yes, and fly back. We'd like to get this well started as soon as possible, wouldn't we?"
 Scoggins face had cleared of its doubts. "I like dealin' with you, Miss Judy. I never did quite cotton to this other fellow. He was nice with sweet words to Mame and he brought little Tommy a mess of playthings but I didn't cotton to him."
 "And now we must see what we can do to protect you, Mr. Scoggins. Max, will you run down and get Ogden, the notary public out of bed and up here? I want to draw up a contract. Mr. Scoggins, isn't there some friend of yours you'd like to have in?"
 "Well, Scofield had an uncle who was a lawyer, you might git him in."
 After the messengers had left Scoggins turned to Judith—"reckon I can sleep tonight," he said.
 Judith noticed for the first time how worn out he appeared to be, carry that many passengers, but I'll

Prizes Will Be Given at Supper
 Special prizes for visitors at the Merten school pie supper Friday evening will be provided. It was announced today. The prizes will be home demonstration club products. Free coffee also will be served and a program given during the evening. Local trippers will gather at the city hall at 7:30 o'clock for the short journey.

VISIT NEWS PLANT
 About 70 general science students visited the Pampa News office and plant last Thursday. Their trip was made in connection with the study of different ways and means of communication. The visit was conducted by Mr. Smellage and Mr. Workman.
 J. T. Matherson of White Deer transacted business here this morning.

Feels Like a New Girl Now.

 "I worked in a hotel which was very hard work. Then I got laid off and I was terribly worried and run-down. My mother told me to take Lydia E. Pinkham's Vegetable Compound to build me up again and believe me I am grateful to her. I feel like a new girl now, always full of pep!"—Pauline Kamen, 2 Elliott Road, Depue, New York.

Pampa Library Is Commended
 Pampa's public library, as described by Mrs. James Todd Jr., librarian, at a Panhandle session of the Texas Library association in Amarillo recently, received high commendation.
 Patronage of the local library totaled 42,000 volumes issued last year, or well above the per capita average for other libraries in the Panhandle. Mrs. Todd was thanked for the suggestions made in her talk. Other Pampans present were Mrs. C. P. Buckler, president, and Mrs. F. E. Leech, member of the Pampa Library board, and Miss Ruth Siddons and Miss Fern Latimer of the high school staff.

LUCKIES ARE ALL-WAYS KIND TO YOUR THROAT

 Luckies are made of only the clean center leaves—the mildest, best-tasting tobaccos. And then, it's toasted for throat protection. Every Lucky Strike is round, firm, fully packed—no loose ends. That's why Luckies keep in condition—do not dry out. Luckies are always in all-ways kind to your throat. 99
