# TEXAS FLOOD TAKES FOUR LIVES

## Pampa On Mexico-Canada Highway

### Twinkles

The federal weather bureau continues to send out frequent "livestock warnings." We don't know why, unless the forecaster is afraid the cattle will get wet and take pneumonia.

We Americans waste words talking about "brutal" murders. A murder is a murder, except when a pretty woman is the defendant.

We democrats are having a fine time ordering recovery, but if we're smart we'll probably allow the republicans one administration during the next decade in which to collect from those who must pay the bill.

Premier Dollfuss of Austria has never played on an American bathing bench, or he would not now be banning nude statues in Vienna. Of course, the statues remind him of German nudists and nazis.

Unfortunately, too many persons who ask questions don't know the answers. And those who know all the answers aren't asking questions.

### Brevitorials

Musings of the moment: If all other attempts to catch Clyde Barrow fail, "Ma" Ferguson might consider the claims of the want-ad sections. . . . And if Barrow's cigar-smoking "moll" can't be found, are we to assume that it's because so many girls are smoking the things these days? . . . If we must continue to eat spinach, as our mother-in-law insists, we'll just up and plant some of the stuff. . . . What's in a name? There must be a lot, to judge by the Citizens' ticket and the People's ticket advertised in the Carlsbad, N. M. city election. . . . Today's antics for management.

A PLANETARIUM is a German invention by which the movements and positions of the stars and planets, in relation to the earth, are reproduced on a small scale. The Chicago planetarium was opened May 10, 1893, and cost \$1,000,000. MacDonald won the first amateur golf championship at the Newport, R. I., Golf Club, in a field of 32 entries.

## GROUP FORMS TO ADVOCATE NEW HIGHWAY

### NOS. 88 AND 18 WOULD BE EXTENDED BY COMMISSION

THE shortest north-south highway between Mexico and Canada has only three "breaks," totaling less than 100 miles, it was estimated yesterday when highway workers from points between Pampa and Spur met in Turkey to organize a committee on Extension of Highways 18 and 88.

George W. Briggs, manager of the Pampa Board of City Development, and C. A. Clark, Scout executive, attended the meeting. Clifford Jones of Spur was elected chairman of the organization. J. B. McCurley of Turkey was elected vice-chairman and E. L. Granberry of Spur was elected secretary. A committee to meet with the highway commission will be composed of Mr. Jones, Mr. McCurley, C. H. Walker of Pampa, and Sam Braswell of Clarendon.

The highway in question begins at Del Rio where a road is being built south to Mexico City. There is already an excellent highway from Del Rio to Clarendon, where the first "break" starts. It goes as far as Spur, a distance of approximately 25 miles. From Spur to Turkey there is a good highway and then comes a gap to Clarendon, a distance of about 30 miles. Highway 88 comes to Pampa but a road north across the river is needed to complete the almost straight road. There are no gaps north of Texas to the Canadian border.

It is estimated that 60 per cent of the road through Texas is paved. Pampa road builders feel that they should take an interest in all roads that might lead towards Pampa.

## Gunshot Wound Fatal to Mrs. J. Frank Davis

Mrs. J. F. Davis, 44, died in a local hospital at 11 o'clock last night, eight hours after being admitted. Death resulted from a gunshot wound, said to have been self-inflicted. A charge from a .410 gauge shot gun entered the left side below the heart, piercing the intestines and kidney.

Mrs. Davis had been in failing health for some time. Mr. Davis died January 17 and since that time Mrs. Davis' health has gradually failed. Mr. and Mrs. Davis moved to Gray county 13 years ago. They resided nine miles south of Pampa.

Mrs. Davis is survived by one son, Keith. Other survivors are a brother, H. T. Hobson of Meno, Okla., and an aunt, Mrs. W. W. Terry of Fairview, Okla.

Funeral services will be conducted at 3 o'clock tomorrow afternoon in the First Baptist church with the Rev. C. E. Lancaster, pastor, officiating. Burial will follow in Fairview cemetery under direction of the G. C. Malone Funeral home.

Falibears will be Ernest Vandenberg, Earl Johnson, Ike Kuykendall, Murley Doss, G. Pinnell and Jack Stevens.

Mrs. T. C. Nell will be in charge of flowers.

### BANK ROBBED

MARBLE FALLS, April 5 (AP)—The Home State bank of Marble Falls was robbed of \$1,900 today. The money, all in currency, was stolen from a teller's cage while Ernest Fowler, cashier, was at lunch. Upon leaving, he locked the front door but the robbers broke through it. Officers were without clues.

## ANDES PLANE CRASH VICTIM STILL ALIVE

### Report Says 5 Bodies Were Found in Plane; Pilot Lived Weeks in Jungle.

CALL, Colombia, April 5 (AP)—Newton C. Marshall, of Milwaukee, was reported found alive today, the only survivor of an airplane crash on March 10 in the Andes.

The report of the discovery was made officially by the Bolivarville department.

It was said that four bodies were found in the cabin of the airplane, the Von Krohn of the Scandia airline.

There was confusion here over the reported finding of Marshall alive and five other occupants of the plane dead, for on March 10, when the plane took off on a flight in the wild Choco district of western Colombia it was reported to be carrying four persons in addition to Marshall, the pilot.

At the time of its loss, the plane was on a flight between Quidoba and Carriago. It was traveling in the great Choco mining area where gold and platinum often is transported by airplane.

Marshall was said to have been found alive by a party of Indians searching for treasure. Medallions they said Marshall was extremely weak and had been forced to leave the smashed plane because of the sanitary conditions resulting from the deaths of his companions.

He had wandered, it was reported, through the dense jungles ever since March 10.

It was said that the plane was not completely destroyed and that it still contained the large gold cargo which had been destined for the government mint at Medellin.

Scandia airline immediately dispatched a searching plane to determine definitely the truth of the report.

## SENATOR SAYS LAWYER TOLD A FALSEHOOD

### ACCUSE LOUISIANAN OF RUNNING CROOKED RACE TRACK

WASHINGTON, April 5 (AP)—Antagonism between Huey Long and administration leadership burst forth in the senate today with Pat Harrison of Mississippi saying "the opinion of the senator from Louisiana is less respected by a whole and by the country than, that of any other senator here."

WASHINGTON, April 5 (AP)—Senator Huey Long invited Edward Richtor, attorney for D. D. Moore of New Orleans, to "step outside" today during a heated exchange before the senate finance committee about New Orleans horse racing.

Order was quickly restored, however, and questioning was resumed. The verbal duel started when William C. Grace, a Washington attorney testified he had made bets at a New Orleans race track on the advice of officials and all his selections won.

Richtor broke in to say Grace was at a spring meeting and the Louisiana Jockey club, in which Col. John P. Sullivan and Col. E. R. Bradley were interested, did not have a meeting at that season. The track Grace visited, Richtor said, was Jefferson.

"That's your track, Senator," he added.

Long shot back that Richtor's statement was an "infamous falsehood and there's not a word of truth in it."

"I have never been in a race track in my life," Long added. "I never placed a bet on a horse race."

Meanwhile Richtor had calmly risen and angrily leaned toward Long.

"I'd just like to say you would say that if the rest of the police-men here," he told the senator.

Long then invited him to step outside.

Shaking his fist, Richtor said, "You wouldn't do a thing to me, old man."

Long has charged that Sullivan dominated the internal revenue office in New Orleans since Moore became collector. He is fighting confirmation of Moore's appointment.

## MENCKEN RAPS VETS, CLERICS AND NEW DEAL

### Says Prosperity And Thieves Have Returned

NEW YORK, April 5 (AP)—Henry L. Mencken, the sage of Baltimore and famous cynic, returned from a Mediterranean cruise today sufficiently refreshed to take night smart cracks at the following:

- (1) The new deal.
- (2) Insult.
- (3) Veterans.
- (4) Clergymen.

Coming up the bay on the liner Europa in bright sunshine, Mr. Mencken was pleasantly gloomy about almost everything.

He said he was for a planned economy, "if you can find somebody to plan it." But as to the new deal, he referred to it as the running of a ship by the ship's barbers.

"My private opinion is that the big smash is going to come next year when the tax bills come in, when the people learn that the bills have to be paid," he said.

He shook his head. "It's going to be a sad awakening."

Mencken visited Athens just after Samuel Insull, fugitive, left there.

## VETERANS OF AREA TO MEET IN BIG SESSION HERE FRIDAY

AMERICAN LEGION members last night completed preparations for tomorrow night's special gathering of all war veterans and their wives going to come next year of Cameron, department commander for Texas.

The commander and his party of officials and Auxiliary officers will arrive in time to open the meeting at 8 p. m. in the Legion home on West Foster avenue. It will be a gala occasion for veterans, for not only will the visitors speak, but a national broadcast on the anniversary of the declaration of war against Germany will be heard.

The broadcast will begin at 10:30 p. m. Pampa time, and last one hour. The Watertown, Mass., 40 and 8 band will play and Voyageur David A. Reed, senator from Penn-

## Students Show Much Talent at Rotary Luncheon

The versatility of high school students was shown in a program presented before the Rotary club yesterday when Ben Guill presented pupils of his public speaking classes, Negro, Scotch, and Italian dialect readings were given by Ella, Fay, and John. The speakers were Martin, and Alvin Rothschild. The program was opened by Rex Rose, who sang two vocal numbers.

Arrangements for the program were made by Mrs. Tom Rose.

Visitors at the meeting were G. L. Addison, H. S. Wilbur and B. E. Allison of Canadian; J. L. Graham and W. J. Adkins of Panhandle and J. D. Thompson of Amarillo.

## Pampans To See New Roads in Canyons on Sunday

Newly constructed scenic highways in the Palo Duro canyons, built by CCC labor, will be viewed Sunday which has been designated "Pampa Day" at the camp. The Pampa high school band and boys' quartet will furnish entertainment at 4 p. m. Motorists should drive to the town of Canyon then turn eastward by the West Texas Teachers college, proceeding over a caliche road to the deep and picturesque canyons. It also will be possible to visit the new museum building of the Panhandle-Plains Historical society. The museum is of itself an attraction of merit. Persons going to the canyons Sunday are asked to offer any surplus space in their cars to high school students who wish to make the trip.

## Barrow Trail Is Hot Again

### Negro Says He Saw Bonnie Parker And Clyde Today At Apartment House.

FORT WORTH, April 5 (AP)—Any police cars were ordered out in search of Clyde Barrow and Bonnie Parker who today were believed to be somewhere in Fort Worth.

A man and woman fitting their descriptions drove into the garage of the Mitchell apartments, about 10:30 a. m. and asked L. C. Smith, negro janitor, if that was the Lindbergh apartment.

"Don't you lie to me, nigger," said the man who was driving the car. "We're supposed to meet some one here."

Smith finally convinced the couple they were at the wrong place.

"Don't tell anybody we were here or what we wanted," warned the man as he backed out of the driveway. "or we'll come back and kill you."

The negro looked inside the car and saw a rifle on the woman's lap.

The couple were in a V-8 sedan with wire wheels, the same type of car which Barrow and the Parker woman were using Sunday when they killed 2 state highway patrolmen near Grapevine. The negro said the woman was red-haired and wore smoked glasses. The man had black hair, parted on the side.

City detectives went to the Lindbergh apartments, but found that the tenants have long been residents of the building. No suspicious persons were there this morning.

## WORK PROJECTS IN DOUBT AS RELIEF PROGRAM IS CHANGED

LATE NEWS

DALLAS, April 5 (AP)—Lon A. Smith, chairman of the state railroad commission, predicted today that the legislature would not create a separate oil and gas commission even if it should be called into special session.

WASHINGTON, April 5 (AP)—The steel industry massed its mammoth weight today against the Wagner bill to outlaw company-dominated unions, terming the measure "vicious," "destructive" and "grossly unfair" in testimony before the senate labor committee.

WASHINGTON, April 5 (AP)—The senate today rejected a proposal to increase from 4 to 6 per cent the existing normal income tax and to levy surtaxes ranging from 6 to 71 per cent against an existing range of 1 to 55 per cent.

No relief work will be available in Gray county before April 16 and possibly the time will be extended to May 1. All work projects are closed down and will not be reopened until the projects are resubmitted to the state and approval received on a new basis.

Members of the Gray county relief board met with other relief organizations of the Panhandle yesterday in Amarillo to study the new rules and get more definite information on operations. No assurance was given that teams, trucks, foremen or timekeepers will be paid out of FERA funds when projects are started again.

The program as it now stands is strictly one of relief and not of construction. Men in need and unable to work will be given the work when it is available, while those unable to work and in need will be placed on direct relief. The workers will be allowed to participate only to fill their budgetary needs.

The new relief set-up briefly is as follows:

(See RELIEF, Page 8)

## CONTRACTED ACREAGE IS NOT NECESSARILY ALL IN ONE PART

COTTON, corn and wheat acres contracted for retirement in government contracts this year may be taken out of production in strips along terraces or contours, Ralph R. Thomas, county agent, has been advised by the Agricultural Adjustment administration.

The contracted acres need not be in one solid block but may be scattered in these strips, he says. This gives the farmer the opportunity to lay out a complete terracing or contouring system for his farm, and to complete the work of building terraces in his spare time during the year. If there is no legitimate use for these strips within the terms of the contract, they may be left bare during the growing season and sowed down to small grains in early fall to prevent winter blowing, he adds.

A simple way of fitting the contracted acres to the terraced strips is to first measure the total length of the terrace lines. Multiply this distance by the average width of the strip to be left out along the terrace, say at least 30 feet. Divide the sum thus obtained by 43,560 (square feet in one acre) and you have the acres taken out by the terraced strips. If the farmer desires to take out more land than this, he may increase the average width of strips to suit. If these strips take out more land from production than he has contracted or can spare, he may plant on enough of the terraced strips to get the desired result.

## ELEVEN BODIES RECOVERED IN WASHITA AREA

### 6 PERSONS ARE STILL MISSING IN ELK CITY SECTION

MENARD, April 5 (AP)—Streams and creeks swollen by torrential rains took a toll of four lives in southwest Texas today.

Mr. and Mrs. S. P. Carroll, elderly couple, and a ranch man named Welch were drowned when Saline creek southeast of Menard swept away their home, situated at a bend in the stream, and Mrs. D. H. Teal, 18, also of Menard, was washed away when the motor of her automobile stalled in a raging stream near Llano and she tried unsuccessfully to reach higher ground.

Rainfall, which began yesterday afternoon and continued until about midnight ranged from 2 to 10 inches over this sector.

So swift was the current in Saline creek that the bodies of Mr. and Mrs. Carroll were carried far downstream and their home was torn to bits. DeWitt Noguera, a neighbor ranchman, discovered that the house had been washed away and gave the alarm. Searching parties went out from this town immediately and found the bodies after a nine-hour search.

Saline creek usually is two or three yards wide and is shallow. It rises in Menard county and empties into the Llano river.

Similarly heavy downpours were reported from many other parts of Texas. A light rain began at Abilene shortly after dawn.

## ELK CITY, Okla., April 5 (AP)—Eleven bodies were recovered today as the receding Washita river gave up the victims of its disastrous rampage.

About six persons still were missing as boats piled the flood washed areas.

The bodies were found along a 10-mile stretch of the river.

Those found:

Mrs. Arthur Adams and her daughters, Opal, 18; Lola Fay, 8, and Audrey, 10. Three other daughters, believed drowned, have not been found.

Mrs. L. L. Fenter, 35; Stella Mae Fenter, 12, and Levi Fenter, 10. Fenter, a Hammon filling station operator, and one daughter still are missing.

Mrs. Lawrence Taylor, 35, and Lenora Taylor, 12.

The missing include Fenter, his daughter; Velva Adams, 1; Wilma Adams, 6, and Edith Adams, 13; Mr. and Mrs. Leo Bush and Loren Bush.

Two sons of Bush, Woodrow and Elvin, who were safe, said they saw the rest of the family float away. A third son, Emory, who was not in the house at the time, was also safe.

The Isaac Dick family, also reported lost, were safe.

Although several hundred searchers remained on the river, it was too foggy and misty for aerial observation. Fifty emergency workers were kept at the Hammon relief station.

All the bodies were found one to three miles below the original sites of their homes.

In addition, two rescue workers whose capsized boat was found earlier telephoned Hammon from Butler to report they were safe.

## Pre-Centennial Dates Will Be Selected Today

Chairmen of the Pre-Centennial committee met this afternoon to decide upon dates for the Pre-Centennial celebration and Pioneers Roundup. The event will be held during the latter part of May.

A two-day celebration is favored. The pageant depicting Texas history from 1540 to 1835 will be given two nights, according to present plans, and will be staged either at Harvester park or at the new Danciger baseball park now under construction.

THE GOVERNMENT AND BUSINESS

A sense of public responsibility far beyond that hitherto generally noted is going to be necessary before many governmental ventures into business are given serious consideration.

This scheme has been propounded by Senator Lynn Frazier, Republican, and A. C. Townley, organizer of the Nonpartisan League. Under it, the North Dakota Industrial Commission has asked the PWA for a loan of \$4,000,000 to finance a chain of state factories—75 of them, in all—to make woollen cloth, clothing, shoes, linseed oil, flour and so on.

The idea is that these factories would provide work for the state's unemployed, help supplement the income of farmers, and turn the state's raw materials into manufactured articles.

Leave aside, for the moment, the question of whether such an experiment in Socialism is wise, and consider what pressure the scheme would put on the traditional, politics-ridden government of the average American state.

It is reported at Washington, for instance, that PWA officials will not consider making the loan unless they are convinced that there will be efficient and rigidly honest administration within the state.

And it also is recalled that officials of the CWA recently ousted Gov. William Langer of North Dakota as state CWA administrator because of alleged political collections from CWA workers.

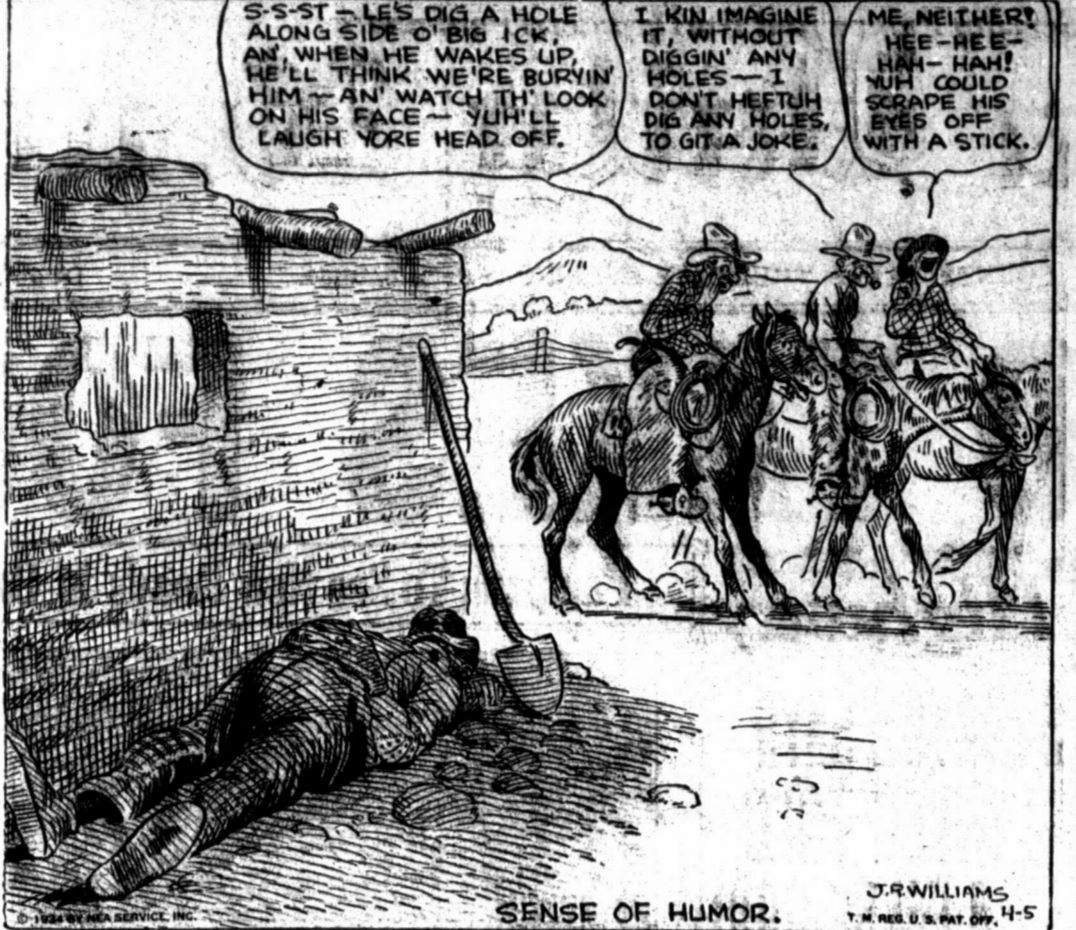

A stunt of this kind, in other words, simply would not work at all unless the state government were run with far more sense of public responsibility, and far less thought for political advantage, than we find nowadays in the ordinary state government.

And if such proposals are to become part of our scheme of things—as, according to present indications, they may—it becomes vitally necessary for us to make our system of politics ready for them.

STOEFFEN HAS HARD BATTLE IN PROSPECT

National Champion Almost Eliminated by Weltens From Texas University.

HOUSTON, April 5 (AP)—Lester Steffen of Los Angeles, national indoor tennis champion, faced stiff competition today in his quarter-final match with Martin Buxby, star of the powerful University of Texas team, in the River Oaks tournament here. Steffen narrowly missed being eliminated yesterday by Bert Weltens, also a University of Texas player. Weltens beat Steffen 11-9 in the strenuous first round, then dropped a love set. In the deciding series Weltens took a 5-2 lead but Steffen rallied to win five consecutive games and the set, 7-5.

VERNON EDITOR TO MAKE ADDRESS AT HISTORICAL BANQUET

YEARLY EVENT WILL BE HELD ON APRIL 13

NEW EXHIBITS WILL BE ON DISPLAY IN MUSEUM

CANYON, April 5.—Ray H. Nichols, editor of the Vernon Record, has accepted an invitation to give the principal address at the annual banquet of the Panhandle-Plains Historical society here on April 13.

Other features of the banquet program will be short humorous talks by Judge L. Gough, poet-laureate of the Historical society, and H. E. Hoover, pioneer lawyer and president of the society, and J. M. Russell of Amarillo.

Several musical numbers will lend variety and color to the evening program. R. C. Crane speaks. The business meeting of the Historical society will be held in the auditorium of the education building on the campus of the West Texas State Teachers college at 3 p. m.

Officers of the society are of the opinion that the annual meeting will be very largely attended this year, and persons who wish tickets for the annual banquet which will be at 7 o'clock at Cassin's hall, are requested to make their reservations by Wednesday, April 11.

Now I am using these two pieces of plank to step on, so as not to tramp the ground hard around the roses. It is still wet in places from the snow and rain.

Now as to what to cut off the rose bush. First, every inch of dead wood, being careful to not the knife slip and mark the live branches, always making a clean sloping cut, and save just about five good strong canes for your rose bush to grow its blooms on.

Now for the climbing roses. Just cut away all dead canes, so the new canes will not saw across them. Then look to see if any live canes have damaged places where the wind has rubbed them together. If so, I usually cut that cane at the damaged spot, because the blooms from that end of the branch would not develop properly, and you want perfect blooms of course.

Yes, I leave my climbing rose canes lying on the ground till about May 1, and then I lift them carefully and tie them to the trellis. If you curve them some, they usually have blooms from the ground to the very tip top of the canes.

PRUNE THE ROSES

By A Pampa Irish Farmer

Hey, neighbor! Got your yard clean? I am sure the mayor thinks you never will get mine clean.

Just as soon as I get these roses pruned, I will take all the cut branches to the trash can and start cleaning away all the old dead stems and trash from the other plants.

Want to watch me prune the roses? Well it is very simple job if you have a pocket knife with a heavy strong blade that is sharp, or a regular pruning knife.

I am using these two pieces of plank to step on, so as not to tramp the ground hard around the roses. It is still wet in places from the snow and rain.

Now as to what to cut off the rose bush. First, every inch of dead wood, being careful to not the knife slip and mark the live branches, always making a clean sloping cut, and save just about five good strong canes for your rose bush to grow its blooms on.

Now for the climbing roses. Just cut away all dead canes, so the new canes will not saw across them. Then look to see if any live canes have damaged places where the wind has rubbed them together.

Yes, I leave my climbing rose canes lying on the ground till about May 1, and then I lift them carefully and tie them to the trellis. If you curve them some, they usually have blooms from the ground to the very tip top of the canes.

Now the roses are pruned and we are ready for that fertilizer to scatter over the rose bed, and Bill Rancier had better get it in here if he means for us to believe what he tells us.

Now I'd better hurry and rake this trash, tumbleweeds, papers, and everything in the wind storms have gathered up for me, and get it all to the trash man before the mayor comes to inspect our lawn and alleys.

Now if everyone who has an unsightly fence at the back would just cover it over with a thick vine, wouldn't we have a nice looking town?

I hear Parson Leader is getting uneasy about his grass on the church lawn, afraid some of the gardeners will dig it up and plant sunflowers.

Just so we all get out doors and dig together, and plant together, and help make Pampa smile, that is what we want this summer.

Look who's here. Tan your honey hide Bill. Why didn't you bring that fertilizer. Oh I see. Too many irons in the fire this week to get to us.

Good morning Mrs. Bidder. A rabbit eating off your tulip leaves? Well let's go find him, and put a stop to that. I think we will find him close by. Oh, you didn't see him. I think we will find him.

Simple as a Shock Absorber!

Chevrolet's "fully-enclosed" Knee-Action is in reality a gigantic "shock absorber," built solidly on Chevrolet's big, heavy frame, with the front wheel anchored to the "shock absorber" arm.

In a Chevrolet, you not only get the gliding ride at its best, you also get several other Knee-Action advantages not found in any other low-priced car! The reason: Chevrolet's Knee-Action is of a very special kind. The patents on it are held exclusively by General Motors.

# FIGHT TO CUT UTILITY RATES IS WIDESPREAD

## REGULATION PLANNED IN MANY PLACES OVER NATION

By The Associated Press. ALTHOUGH the spotlight on the public utilities battle front is thrown on New York today with Governor Herbert H. Lehman and members of the legislature insisting on a far-flung investigation of all utility companies as a result of the sensational "Thayer letters," nevertheless the fight for greater regulation and reduction in rates is being pressed in many parts of the country, a survey discloses.

Governor Lehman is assured that an investigation will be voted by the legislature. His chief concern now, he said last night, is to find a man "like Charles Evans Hughes to conduct it," in order that it will be thoroughly made.

The latest development came as the Dumigan resolution was being revised in the senate to include specifically the state public service commission in the general investigation.

In the nation's capital the house voted yesterday a nation-wide investigation of electric power rates by the federal trade commission. The senate has already passed the resolution.

The situation in New York was brought to a head by the publication last week in Washington of letters purporting to have been written by State Senator Warren T. Thayer in 1927 and 1928, when he was chairman of the senate public service committee, to the Associated Gas & Electric company, which asked if his work had been "satisfactory," and pointed out that "detrimental bills" had been killed in his committee. The senate judiciary committee will begin investigation of the letters Monday.

In addition Governor Lehman's 11 bills for utilities reform in the state are reported well on their way to passage by the senate. Last year the senate public service committee killed his program.

In Michigan the state public utilities commission has just ordered a reopening of the telephone rate case to determine the possibility of lowering rates to rural users and the feasibility of a flat rate for Detroit.

West Virginia is using a legislative appropriation of \$50,000 to investigate utility rates "with the view of securing for the users of utility service a downward revision in rates" and many reductions have already been ordered.

Arkansas has a fact finding tribunal set up last year to provide cities with expert aid in rate fixing, which is now engaged in investigating the power companies.

Six bills were introduced in the New Jersey legislature this week to broaden the public utility commission's powers, including the authorization to fix temporary rates pending determination of the fairness of the permanent rate structure.

In Utah the commission has cases pending against power and telephone companies to reduce rates.

In Texas all the legislation proposed to regulate utilities companies at the last special session of the legislature was defeated.

Commissions in California and Oregon have all recently ordered rate reductions, but no legislation is pending in either of these states. Washington is investigating all privately owned companies under a law passed last year.

# OUTFIELD CHANGES FEATURE NATIONAL LEAGUE'S LINEUP

## American League Has Flock Of New Faces In Infields: Season To Open April 17.

(This is the first of a brief series of stories summing up the salient changes in major league lineups, based on latest training developments.)

BY EDWARD J. NEIL, Associated Press Sports Writer.

NEW YORK, April 5 (AP)—A flock of new faces in American league infields, and an almost complete set of carpentered outfielders in the National league add something different this year to the attraction of the opening of the 1934 major league season, less than two weeks away.

Without exception, every pitching staff in the two circuits boasts strangers brought in since last fall. There will be new catchers in the spike holes back of half the National league players whereas but one radical change has taken place in the American league. Of five new managers, three appear in the National league.

As far as the infields and outfields are concerned, the two leagues started out in pursuit of exactly opposite aims through the winter and spring training season.

In the National league, for instance, all but two clubs, the Pittsburgh Pirates and Boston Braves, will open up April 17 with one or more outfielders who worked elsewhere last summer. In the American league every outfield except except three, the Washington Senators, Boston Red Sox, and Detroit Tigers, stands pat on the rovers of 1933.

On the other hand aliens bob up with regular jobs in only three National league infields, though there has been considerable shifting about among the holdovers of four other teams. Wholesale infield changes mark the appearance of the American league teams with only the Athletics and possibly Washington standing pat.

Even the world champion New York Giants joined in the shuttling about of National league outfielders by trading George Davis to St. Louis for George Watkins, a left-handed fielder to replace the short right fielder stands at the Polo Grounds with more or less ease.

The Cards, in addition to Davis in center field, held over belligerent Joe Medwick, freshman last season, but with Ernie Osnatki, slownly hobbled trouble either Jack Rothrock, former American leaguer, or Colonel Buster Mills, from Rochester, will gallop about until further notice. The Cubs have the leaguer's top beller, Chuck Klein, teaming with Kiki Cuyler and either Babe Herman, Riggs Stephenson or the rockie, Tut Sainback, as developments may warrant.

Either Ethan Allen, from the Cards, or the Pacific Coast Hawaiian, Henry Gans, will be in the Phillies' outfield with Wes Schulmerich and Chick Fullis, and Len Koeneke, once an expensive Gian, rookie, seems to have won a place in Brooklyn in between Johnny Frederick and Hack Wilson. Adam Comorosky, from the Pirates, adds spice to the Reds attack with Chick Hafey and Johnny Moore.

Only the Waaner boys and Freddy Lindstrom in Pittsburgh and the Braves combination of Wally Berger, Randy Moore, Hal Lee, Bob Worthington, and Joe Mowry retain their 1933 status.

George Goslin in the Tigers' outfield, Jonathan Stone, who went to Washington in exchange for him, and Carl Reynolds, in Boston represent the American league changes.

The firm of Ruth, Combs, and Aweil and Vornik, in Cleveland; Cramer, Johnson, and Coleman in Philadelphia; West, Campbell, and Garris in St. Louis; Simmons, Haas and Swanson in Chicago all will do business as usual at the old stands.

PLEASE CORRECT ST. PAUL—Corrections are O. K., sigh the editors of the St. Paul Pioneer Press—but this one was asked for 24 years after the item was published.

In the issue of Sunday, January 30, 1910, the paper published a dispatch in which the name of Michael Spettel was mis-spelled.

And yesterday Miss Frances Spettel and Miss Gertrude Spettel, daughters of the man whose name was mis-spelled, dropped in at the office of this newspaper and asked that the error be corrected.

They had never requested a correction in the 24 years that have elapsed, they said, nor did their father who has died since.

The daughters brought along a clipping of the paper for verification—"just in case," they said.

# Tech Student Wins Dalhart Checker Meet

DALHART, April 5 (AP)—Vinson C. Stanphill, 21, a sophomore at Texas Tech, Lubbock, kicked all the way to Dalhart to win the recent Panhandle checker tournament.

Stanphill won over a field of 40 players from Texas, New Mexico, and Oklahoma. He played 60 games against 33 players, lost only one game and was tied once. Stanphill is an outstanding student in mathematics.

H. B. Hale, Goodwell, Okla., placed second in the tournament, which was the first of its kind to be sponsored by a Dalhart newspaper. It will be an annual event.

# Mrs. Elbert H. Gary Succumbs

NEW YORK, April 5 (AP)—Mrs. Elbert H. Gary, widow of the steel magnate, died this morning at her Fifth Avenue residence after a prolonged illness.

Mrs. Gary, the former Emma Townsend, was the second wife of the steel man, whom she married in 1905, three years after the death of his first wife.

At the time of their marriage, he had been identified with the United States Steel corporation for four years. Mrs. Gary's most important role was as hostess at the famous dinners she and her husband gave when he was at the peak of his career.

After his death in 1927, she lived quietly in their Jericho, Long Island, home and in an upper Fifth Avenue house.

She was a meticulous housekeeper. Her servants were carefully checked in and out of the building, and every morning a report on their movements was slipped under her door.

One reason for such care was the great value of the furnishings and art treasures in their home. The Gary gold dinner service alone was reputed to be worth \$500,000. They also owned a less valuable but larger silver service.

# Ferguson Predicts McDonald Election

FORT WORTH, April 5 (AP)—Former Governor James E. Ferguson who came here to confer with C. G. McDonald of Wichita Falls relative to the latter's campaign for governor, left today for Dallas.

Mr. Ferguson said he had not heard of any plans for a special session of the legislature. Dispatches from Austin said there were reports that a special session would be called by Governor Miriam A. Ferguson to create an oil and gas commission. Ferguson predicted the election of McDonald by more than 100,000 majority.

LOS ANGELES, April 5 (AP)—be in charge at the prison. "We want something cleverer than slugs to handle these dangerous men," said Bates.

The first prisoners to be housed at Alcatraz since it was made a federal prison for felons will be taken there about July 1, the director stated.

Sanford Bates, director of federal prisons at Washington, disclosed here today that modern scientific equipment is being tested and will be installed as soon as perfected to make the island impregnable against escape.

"We are at present experimenting with wooden gateways equipped with ray machines, sensitive to the presence of metal," he said. "When a prisoner with a knife, gun or other weapon passes through, a loud-speaker in another portion of the prison will notify the warden."

"Other possibilities, as soon as they are brought to perfection, are invisible rays girdling that will give an alarm every time a person passes through them. Installed at the water's edge they would make escape doubly difficult."

# HONOR PUPILS, SENIORS TO BENEFIT FROM TOURNEY TONIGHT

## CHECKERBOARD ON YARD-WIDE SCALE READY

### HIGH SCHOOL P-TA WILL SPONSOR EVENT IN GYMNASIUM

YARD-WIDE black and white squares have been laid out on the high school gymnasium floor where players, perched on step-ladders, will direct with fishing poles the movement of girl "checkers" in a tournament sponsored by High School Parent-Teacher association this evening at 8.

A practice game Tuesday evening, to acquaint players to the unusual board and pieces, revealed shrewd playing and promise of close competition in the tourney. Henry Jordan, Jimmy Weir, and A. L. Patrick will play, the winner of the first game meeting the holder of a bye in the second game.

In addition to the checker game, the high school band will play and senior class members will have charge of concessions. Admission proceeds will go to the purchase of awards for honor students and inter-scholastic league winners, while the seniors will use their profits to help finance a class day trip to Carlsbad cavern.

Girls who act as checkers will carry placards for the following firms, sponsors of the game:

Oil and Gas supervisor, Bridgeport company, Texas company, C. B. shop, Macmillan Gas, Danciger company, Bell Oil & Gas, Phillips Petroleum, Gulf Refining, Continental Oil, Southwestern Public Service company, Central States Power and Light company, B. & E. Oil company, Jeffries trucking line, Hindert-Liter, British-American, LeFors Petroleum, Mordyan Petroleum, Cities Service, Texaco, Dixon Creek, Sinclair, Stanolind, Nehi company, Guernsey Oil & Gas, Butterfield Bread company, Sun Oil, Humble.

### Auxiliary Plans For Benefit Turkey Dinner

**A COVERED** dish lunch for one group, Bible and missionary lessons for others, marked meetings of the Christian Women's council yesterday afternoon. Members reported numerous visits and benevolences.

Mrs. Floyd Coffin and Mrs. Rose Cornelius were hostesses to group one at Mrs. Coffin's home. Mrs. Younger Cockrell led the devotional. Nine calls, 170 chapters read, donation of a garment and three meals were reported.

Mrs. Weldon Wilson, study leader, was assisted by Mrs. Coffin and Mrs. Lee Ledrick. Others present were Meses. Martin, A. A. Timan, John Mullen, F. Cree, John Tate, E. C. Hutchins.

**Groups Two, Three.**  
Group two enjoyed lunch at the church, then attended in a body the funeral of a friend, Mrs. Emma Jackson. Returning to the church, they joined group three for a study of Galatians 5-6, with Mrs. C. A. Clark as leader.

Mrs. Howell presented the devotional, and Mrs. Steed gave the opening prayer.

New Roads to Emmanuel was the subject for group four, meeting with Mrs. A. L. Burge. Mrs. Clyde Os-walt was co-hostess, and Mrs. L. E. Freary was lesson leader. Members reported 76 calls made and 118 chapters read. Mrs. D. C. Holt was devotional leader.

Others present were Meses. R. O. Wilder, Hazel Myers, J. W. Woodworth, A. C. Mathews, W. E. Noblett, T. E. Durcan, O. W. Freasier, Dan King, Dick Rhodes, H. C. Schoolfield.

## Pointers on Poise

**IX. BALANCE IN STANDING**  
By Laura Townsend Davis

A mirror is a woman's constant companion. Let it be her guide, too, and she'll have little trouble acquiring poise.

Let's get in front of that long mirror again. Take a sheet of music or a book along.

Stand with your weight over the ball of your right foot, left foot in back of the right, left knee propped against the right knee and the left limb relaxed from the knees down to the foot.

Now hold the music or the book as a singer might do it, with both your arms stretched out straight.

Mirror Gives The Answer

Do you like the way you look? If you are really standing in front of a mirror at this moment, your answer will be, "certainly not!"

That is because the picture has no balance. And balance is needed to make any picture attractive.

Now draw your right arm in against your body, holding the paper or book at the extreme bottom with the right hand.

Extend the left hand out to the very top of the object and grasp it on the left side near the top. Now the picture balances.

The Lines Balance

You have forgotten the line made by the right arm in bearing the upper part against your body. This relaxed line balances the relaxed line of your left limb, while the hard line of your left arm balances the hard line of your right limb. (Tomorrow—Hands)

## TALKS TO PARENTS

**GIFTS FOR THE HOSTESS**  
By Brooke Peters Church

Molly was having her sixth birthday party, and, dressed in her best, was waiting for her guests to come. As the little girls arrived, each handed her hostess a parcel containing a present, which Molly accepted and opened amid the Ohs and Ahs of the assembled company. One little girl had not brought a gift. Whether she did not know the custom, or whether she could not afford one, is neither here nor there. Her embarrassment was intense, and was not lessened by the openly expressed astonishment and contempt of her fellow guests.

At almost every child's party where there is present-giving, some one of the children has to undergo this ordeal. Some parents are opposed to the system of present-giving on principle, and others cannot afford it, especially when birthday parties are frequent.

One mother who felt that the system was wrong either gave her daughter's parties on some day other than a birthday, and told everyone that it was not an anniversary and so not an occasion for presents; or else made the special request that no presents be brought. Her reason was that she wished her child to learn that parties were given, not for the benefit of the hostess, but for the entertainment of the guests.

When her own child attended a party, she carried a flower which she presented to the mother of her hostess. In this way she was saved the embarrassment of coming empty-handed.

It is a good thing for a child to learn early how to entertain, and the essence of good entertaining is to put the guests at ease and give them a good time. The hostess should learn to give out, not to take in.

**Exhibit of Art Class Announced**

Mrs. John V. Andrews will present work of her art students in an exhibit Tuesday at the Presbyterian church. The exhibit will be open from 9 a. m. to 9 p. m. Teachers and pupils join in a cordial invitation to the public to call at any hour.

The exhibit will represent mostly advanced students, and will reveal art talent of the city. It will include both originals and reproductions of famous paintings. A number of familiar Panhandle scenes will be shown.

The Pampa Conservatory will furnish music during the open house showing.

Miss Thelma Brummett of Canyon is here on business.

## PUPILS LEAVE FOR TRI-STATE MUSIC CONTEST

### Public Programs To Be Presented Each Night

Music students here will enter several divisions of the Tri-State music festival contests, opening at Canyon today. Eligibility for these contests was based on performance in the recent Panhandle music festival, plus satisfactory theory grades.

Teachers who have pupils eligible for the contests include Miss Agnes McClintock, Mrs. May F. Carr, Mrs. Wm. McSkimming, Samuel Pendleton, Miss Madeline Tarpley, piano; Mrs. Phillip Wolfe, voice; Miss Hermine Stover and Roy Tinsley, violin.

**Canyon Is Ready**  
CANYON, April 5.—Everything is in readiness for the opening of the Tri-State music festival here today, with such recognized musicians as Dr. Edward Hale of Colorado college, E. Clyde Whitlock of Fort Worth and Rollin Peace of the University of Arizona at Tuscon, on hand to serve as judges in the piano solo and ensemble, violin and organ and vocal solo and ensemble contests.

The wind instrument contests will be judged by C. E. Surin and byrn McKinstry, Mrs. May F. Carr, of the West Texas State Teachers college music faculty.

Officers of the Tri-State music festival include Wallace R. Clark, president, Herschel Coffee, secretary, Mrs. Walter Stein, a guest, Brigham, contest director, all of Canyon.

**Public Programs**  
Contestants will be present from many towns of the South Plains, Panhandle and Eastern New Mexico.

Programs of special interest to the general public include the recital tonight by Rollin Peace, popular basso, who has sung several times in this part of Texas.

On Friday evening the college musical club, under the direction of Wallace R. Clark, will give its annual program which is open to the public. The club is composed of thirty-two singers. The numbers have been chosen from the best of the West Texas State Teachers college Madrigal library which is considered the best in the United States.

The final open program of the festival will be that of the Tri-State orchestra. This will be directed by Wallace R. Clark.

## CHAIRMAN FOR PRESBYTERIAN WOMEN NAMED

### JOINT PROGRAM FOR TWO GROUPS IS ENJOYED

CHAIRMAN of standing committees for the year were appointed and plans were made for serving a turkey dinner to benefit the young people's department, when women of the Presbyterian church held their Auxiliary meeting yesterday afternoon.

The business session followed a Bible lesson, one of a series on the life of Christ. The topic was Friends of the Master. Mrs. Wilson, leader, was assisted by Mrs. L. L. McCool and Mrs. F. P. Dirksen.

Mrs. Harry Lyman contributed a vocal solo, with piano accompaniment by Mrs. Walter Stein, a guest. Committee heads were named as follows: flowers, Mrs. V. E. Falherie; reception, Mrs. George Briggs; nomination, Mrs. John V. Andrews; program, Mrs. George Friar; finance, Mrs. Dick Walker; membership, Mrs. Brigham; publicity, Mrs. A. N. Dilley.

## Preparations for Music Week Start

### Baptist Workers Leave to Attend District Meeting

First preparation for their Music week program was made by Treble Clef club yesterday afternoon in a short business meeting and rehearsal. Mrs. J. W. Garman presided in the absence of Mrs. Phillip Wolfe.

In the rehearsal, directed by Mrs. W. A. Bratton, work started on Music week selections. About 20 members were present.

Groups from First Baptist and Central Baptist churches here are attending a district convention of Sunday school and training school leaders at First Baptist church of Memphis this week. Meetings begin today.

The Rev. C. E. Lancaster of First Baptist church is scheduled as a speaker, and Miss Geneva Groom of Pampa is to lead one of the discussion groups during the training school conference tomorrow afternoon.

Others who were to make the trip from First Baptist church were Meses. W. R. Bell, G. C. Durham, and H. T. Cox. From Central Baptist church the Rev. Vernie Pipes and Mrs. Pipes were accompanied by several members.

Water rate patronized Demand for the summer lawn rate is picking up rapidly. More than one hundred persons have signed for the \$2 rate for the first 7,000 gallons, with additional water chargeable at 20 cents per 1,000 gallons. Anyone may start using larger quantities of water any time now and secure the rate on their next billing by signing at the city hall by April 20.

## Episcopal Women Enjoy Luncheon

### Water Rate Patronized

Lunch was served buffet style to 18 women of the Episcopal Auxiliary yesterday at the parish house. Each member brought a contribution to the delicious meal.

Afterward the time was spent in needlework for a bazaar that the Auxiliary will sponsor next fall. A brief business session was a part of the afternoon's program.

The dinner is to be served on Friday evening, April 13. Tickets will be sold by the young people, with Mrs. J. M. McDonald as chairman. The public will be invited, and all proceeds will be used by young people of the church in their work.

## Second Grade To Present Chapel

### miserable Spring Colds

Second grade students will present the chapel program at Horace Mann school tomorrow morning at 9. Program guests will be members of the First Baptist revival party, the Rev. J. D. Brannon, who will conduct the devotional, and Ira Powell, who will sing.

Music by the school band will be followed by a reading by Barbara Jean Crossman, a play, a violin solo by Martin May, reading by Kenneth Jordan, reading by Ruth Matheny, song by Betty Sue Johnson, reading by Alvie Payne, songs by Joe and Frank Hernandez, and a Dutch dance by pupils of Miss Clara Brown's room.

**JOB WAS A PIKER**  
 READING, Pa. (AP)—Charlie Kline doesn't like to complain, but—  
 Gasoline leaked from a pipe line which crosses his farm.  
 So the water supply was contaminated.  
 So the pipe line company had to pump out his well.  
 And they pumped it dry.  
 So they are having to dig a new one.  
 So Charlie is having to carry water a mile.  
 And fumes made the house practically uninhabitable.  
 But his daughters caught scarlet fever.  
 So they are quarantined in it.  
 And Charlie has to sleep in the cow shed.  
 Which he has to himself.  
 Because the cows had to be boarded at a neighboring farm on account of the water.

**Seeks Office**

Lions of Pampa are being asked to support Marion F. Peters of Midland candidate for governor of District 2-T. Lions International. The election of the district governor will be held at Colorado, Texas, during the convention April 23 and 24. He is Midland manager of the West Texas Gas company.

**MARKET BRIEFS**

NEW ORLEANS, April 5 (AP)—With few exceptions, stock market prices moved in an extremely narrow range today. Some of the utilities rallied and various copper issues and specialties were livelier than usual. The old line leaders, however, were featureless. The close fairly steady. Transfers approximated 1,500,000 shares.

**Delinquent Tax Relief Will End On Next June 30**

A date for delinquent taxpayers to remember, next June 30, when the relief afforded by legislation expires.

The tax collector's office has received this letter from the state department:

"You will recall that from time to time since 1930, the legislature has been suspending interest and penalties on delinquent taxes. Last May the last measure of this kind was enacted, which provided a 2 per cent penalty on all delinquent taxes due on or before February 1, 1933. After that date the split tax payments which became delinquent on July 1, 1933, if paid by December 30, 1933, and 4 per cent interest if paid by March 31, 1934; and 6 per cent if paid by June 30, 1934. After July 31, 1934, expiration date, the old law prescribing 10 per cent penalties and 6 per cent interest per year will again be in force.

"This means that on and after July 1, 1934, this year, the penalty and interest you will be required to pay will not be 6 per cent, but will include 6 per cent interest per annum from the date it was first delinquent, plus 10 per cent penalty. For example: 30 per cent will be added to 1930 delinquent taxes, 10 per cent will be added to 1931 delinquent taxes, and 18 per cent will be added to 1932 delinquent. A small additional delinquent cost also will accrue in addition to the above."

**Sally Eilers' Hubby on Trial For Heart Balm**

LOS ANGELES, April 5 (AP)—The family of Marjorie White came to her aid in superior court as she completed her testimony in her \$100,000 breach of promise suit against Harry Joe Brown, film director.

Mrs. Jennie Bridges, mother of the actress, said the director called her "mother and sent me flowers on mother's day."

"Did you ever see Mr. Brown kiss her?" asked Whitney Smith, attorney for the actress, who is known on the screen as Marjorie Gay.

"Yes, every time he came out of the house. Did I hear him speak of marriage? I think so, but I'm not sure."

Before she left the witness stand, Miss White, who claimed Brown jilted her last September and married Sally Eilers, film player, collapsed in tears while reciting details of her asserted romance with Brown.

**Two Votes For School Election On Absentee Basis**

Only two votes were cast before the deadline in the school trustee election.

The formal balloting will take place at the high school building Saturday from 8 a. m. to 6 p. m.

Only qualified voters who paid poll taxes or secured exemption receipts may express their preferences in the election. The candidates are two present trustees, C. T. Hinkapillar and J. M. Daugherty, and Paul Hill and Frank M. Foster.

**Roosevelt Asks Retraction of Son's Fish Tale**

MIAMI, Fla., April 5 (AP)—President Roosevelt, from his vacation yacht, today demanded a retraction of the story told by his son, Elliott, that he was not catching any fish.

In a joshing mood, Mr. Roosevelt proposed the appointment of a "special committee" to investigate and secure a retraction.

Elliott, after his visit to the ship Tuesday, told newspapermen his father was having poor luck fishing and that the rest of the crew were catching all the fish.

**American Is In Chair at Wheat Parley in Rome**

ROME, April 5 (AP)—With an American in the chair, the world wheat advisory commission met today to seek new ways and means of raising and stabilizing the prices of wheat.

John Van A. MacDunn, American minister to Estonia, Latvia and Lithuania, presided at the opening session. Two other American delegates, Dr. Mordecai Ezekiel, economic adviser to the secretary of agriculture, and Frederick E. Murphy, Minneapolis publisher, figured prominently.

With the general idea in mind of reducing the world's supply and increasing the demand for wheat, the commission—consisting of delegates from the United States, Canada, Argentina, Australia, England, France, Germany, Russia, and seven other smaller nations—began consideration of the following proposals:

1. Set minimum prices for wheat exports;
2. Discourage government financial assistance, which depresses export prices;
3. Withdraw low qualities of wheat from human consumption, by denaturing them and feeding to cattle and pigs.

**Dempsey Loses Hair and Shirt In Ring Battle**

ALEXANDRIA, La., April 5 (AP)—Jack Dempsey lost a ring battle here last night. Also his shirt and some hair.

Mrs. Johnny Plummer, weight 95 pounds, gave the fans the extra thrills. There was no extra charge.

After warning Plummer, tied up with Bruce Noland in a wrestler's act, against kicking the former heavyweight champion planned these appearances on Plummer's chin.

Before anyone could do anything about it—Plummer wasn't able—Mrs. Plummer was through the ropes and after Dempsey's shirt and hair. Whereupon Dempsey fled through the ropes and into the crowd.

Lots of excitement, but little damage to anyone.

Meanwhile Promoter Mike Mulepinned Mrs. Plummer's arms, and Dempsey slipped back into the ring, raising Noland's arms in token of victory.

Lots of excitement, but little damage to anyone.

**RELIEF**

(Continued from Page 1)

The complete termination of CWA activities on April 1, will place the burden of supplying relief to indigent families of Texas on the shoulders of the following: relief committees in every county; Texas Relief commission; work division (work relief), the subsistence homesteads, and the rural rehabilitation projects.

The successful carrying out of these programs by the county has entailed the creation and installation, by the auditing department of the Texas Relief commission, of a materially changed accounting system.

The new system, known as the "Donnell" installed system of relief accounting, was made under the supervision of George R. Donnell, auditor of the commission.

Of particular interest in the new set-up is the new "work relief" card which will enable the administrator to properly supervise the "work division" activities. Those unemployed, who are actually destitute and are physically able to work, after a thorough investigation has been made definitely establishing their relief needs, will be given the opportunity to work and earn up to their estimated relief need requirements. This work card is so designed as to limit the payrolls to the actual relief requirements for each particular individual employed. Pay to persons not eligible for relief, or to relief clients in excess of the requirements of the individual family will not be approved in Austin. The new work card, though simple in form, will permit the definite placing of responsibility and indicate who is at fault if a client is allowed to earn from relief funds more than his relief budget requirements.

Staff Auditors J. M. Ralston and W. C. Orr, Jr., of the Texas Relief commission, announced yesterday after a conference with County Relief Chairman Alex Schneider of the Gray county relief board, that a thorough study had been made of Gray county relief problems and the new system installed. J. P. Brown will take charge of the new set-up here effective April 1, as certifying officer under Olive A. Davis, administrator.

The new relief set-up to be used in this county has the specific approval of Washington officials, and is believed that Kansas and Oklahoma, who recently sent officials to Austin to confer with state relief officials and to study the Texas relief accounting set-up, may install this system in the relief work in their own respective states.

Chief Auditor Donnell emphasizes that this is a relief program, not a project program. Under the CWA, group employment was provided which approximated current business wages, whereas the present relief program can only supply relief to the destitute. When the building of roads, schoolhouse construction or other projects takes the place of the first objective, that of giving relief, the relief program has gone astray, and such expenditures constitute an erroneous expenditure of funds according to the terms of the relief acts under which relief funds are made available.

**Children Learn Father Was Not Killed in Crash**

MILWAUKEE, April 5 (AP)—Three sons and a daughter of Newton C. Marshall, students in Wisconsin schools, were overjoyed today to learn of the reported finding of their father alive after an airplane crash in the Andes, March 10.

The daughter, Alice, 14, is a student at Kemper Hall, a girls' school at Kenosha, and the boys, Thomas, 12, James, 9, and Billy, 7, are at the Wyler school for boys at Evansville, Wis. All were attending classes when word of their father reached them.

Marshall, a mining engineer, left Milwaukee about 18 years ago to go to Houghton, Mich., where he worked in the copper country for several years before going to South America.

**U. S. VIEW SOUGHT**

LONDON, April 5 (AP)—The United States' attitude in the event European nations agree on military and economic action against any European violator of a disarmament treaty was the chief question in the minds of British and disarmament bureau officials today, as they began a series of conversations with Norman Davis, American ambassador-at-large.

Carl Stewart entered Pampa hospital this morning for a major operation.

**The Old Bird Was Caught With Goods**

DEKALB, April 5 (AP)—The odds were about a million to one that this bird would get away with his crime—yet they caught him with the goods.

Recently, Homer Welch of DeKalb, searched every nook of his home in an effort to locate his Masonic ring—lost or stolen. The Welch reduced it had been stolen.

Several days later a carpenter was repairing a roof on a nearby house. He had occasion to enter the attic. A sparrow fluttered its wings and reluctantly left its nest.

Curiosity prompted the carpenter to peer into the nest. There lay the ring. It provided a glittering surrounding for a brand new little sparrow.

**WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL**

And You'll Jump Out of Bed in the Morning! You'll Go

If you feel sour and snick and the world looks punk, dis-satisfied, a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul, also often breaks out in blotches. Your head aches and you feel down and out. Your whole system is poisoned.

It takes these good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extract, stimulating when it comes to making the bile flow freely.

But don't take for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Beware of a substitute. Buy only the genuine. © 1934 C. L. G.

**NEW ORLEANS COTTON**

NEW ORLEANS, April 5 (AP)—Cotton ruled quiet all morning with but little disposition to trade on either side of the account. Prices gradually eased in the first half of the morning on some selling by recent buyers. May dropped 11.99, July to 12.09 and October to 12.24, down 6 to 7 points from yesterday's close.

Later in the morning prices recovered on some short covering almost to the earlier highs, but soon eased again when the demand was satisfied near noon, prices were 3 to 6 points net lower.

**CHICAGO GRAIN**

CHICAGO, April 5 (AP)—Except during a little spurt of buying toward the last, weakness prevailed in the wheat market today, and prices averaged lower.

Wheat closed unsettled, 1/4-1/2 under yesterday's finish. May 86 1/2%, corn unchanged to 1/2 higher, oats unchanged to 1/2 lower, provisions unchanged to 20 cents up.

He sighed. "Athens is ruined," he said. "It's forgotten Sparta, and now it has only insult, and he isn't there any more."

He referred to recent exposes of power utilities influence upon legislators as "sport," and averred that properly had returned because, he said, "the thieves are getting back—all the bogus war veterans are on the rolls again."

He said that during the cruise in the Mediterranean he tried to convert several clergymen to Christianity, but "it can't be done."

He also took time out to take a crack or two at the humanists.

"All men are mortal," he said, "their systems differ, but universal opinion is agreed on the basic ideal. The trouble with the humanists is they assume that if a man does not have their standard he has no standards at all."

Guy E. Skinner of Aberdeen, Wash., has received a medal awarded him 35 years ago for his part in the battle on the Barbag river in the Philippines in 1899.

**LUCKY STRIKE CIGARETTES**

"It's toasted"

✓Luckies are all-ways kind to your throat

LUCKIES ARE ALL-WAYS KIND TO YOUR THROAT

I smoke Luckies because the finest tobaccos and only the clean center leaves give Luckies that better taste. But they don't stop there. For throat protection, it's roasted! Long golden strands of only the center leaves... rolled round, and firm... no loose ends. That's why Luckies "keep in condition"—do not dry out. Luckies are all-ways kind to my throat. ✓✓

NOT the top leaves—they're underdeveloped—they are harsh!

They taste better

NOT the bottom leaves—they're inferior in quality—course and sandy!

Only the Center Leaves—these are the Mildest Leaves
