FEDERAL HELP IN JOB FINDING NOW AVAILABLE

EMPLOYERS URGED TO CALL ON LABOR OFFICE

WITH decline of FERA employment and increase of activity in the oil fields, local attention is turning toward the work of the U. S. Employment bureau here. G. E. Porter is in charge of the office. As of Saturday, 343 men and 6 women were registered for employment. These are able-bodied men and women, who possess the required physical examinations and stated their qualifications. Anyone needing a competent man or woman employe is invited to telephone the employment bureau at 460.

On the bureau lists are persons of almost every qualification needed in the oil fields and commercial life. Some have college degrees. Some are craftsmen — plumbers, electricians, carpenters, steam-fitters, refinery workers, paper hangers, teachers, stenographers, typists, cooks, and many others.

Lists Are Watched

Persons who have been here 6 months and in the state a year are eligible to register. Re-registration through an office interview is necessary every 30 days to keep a person's name on the "active" list. Those given employment are automatically removed from this list, but may re-register later if their work is of a temporary nature.

Under the federal law, veterans with dependents are given first consideration by the bureau, followed by other citizens with dependents, then single men and women. Of 128 veterans who have been registered, all but five were assigned to employment and those five were not able-bodied. Thirty-eight men and several women were placed last week, and 71 men in the previous week.

For the most part, those registered.

Q—When was Pampa incorporated as a town?
A—February 17, 1912.

Twinkles

Bachelors in Italy are double-taxed. The West Foster grouch says personal liberty would be cheap at the price.

The status quo of the relief commission row, involving quo warranto proceedings, isn't of as much interest as the quo vadis, or whither are we going?

"Roosevelt Wants Six More Measures Passed Before Congress Ends," says a headline. Maybe he knows what the country needs, but what the country wants would require about 600 measures and as many repeals.

A protest has been made on low rail passenger rates. We're convinced that about everything is too low except Houston rent.

Down in Dallas, expert fishermen are advertising lessons in bait or fly casting. If we had somebody to do our work, we wouldn't bother about our casting form.

Brevitorials

Musings of the moment: Coming of the green leaves has a special significance to us this year—a sort of reminder of and stabilizer of faith in the cycles that, while they bring troubles enough, also bring healing growth. The Dallas News runs pictures of school rhythm bands. But in Pampa our bands are real. . . . Our favorite color is a shade of blue we can't name at the moment. . . . Synonyms for peddler: Hawker, cadger, huckster, packman, duffer, colporteur.

WHEN you're out driving, take a look at the new Pampa-Danger baseball plant in southwest Pampa on highway 33. It is an attractive set-up with a field as level as anyone could wish. The turf is green and should be good within a few weeks. The first game between the Danger Roadrunners and Phillips 66 of Borger will be played next Saturday at 3 p. m. We think it would be a fine thing if every Pampa who can attend the opener and shows his appreciation for the plant and the really excellent team that has been assembled.

IT is a well-known fact that length of service in the House and Senate is a determining factor of much moment in distribution of favors. Congressman Marvin Jones is able to render a far more brilliant service than any new-comer. A capable, honest man in congress can with profit be retained for a long period. The state of Texas, already holder of a number of distinctions and titles in the "new deal" administration, has added another to its list.

Senator Morris Sheppard, by the death of Representative Pau of North Carolina, becomes the ranking member of both houses of congress in the matter of contagious service.

The mild-mannered, gray-haired little Texan, the father of the 18th amendment, has served in the senate for 21 years and was a member of the house for 11 years before. His years of service in congress now stand at 32 and it will not be until 1937 that his present term expires.

Next to Sheppard stands Joe Robinson of Arkansas, democratic leader of the senate, who has spent 21 years in that body and 10 years before that in the house, and Norris of Nebraska, who has served continuously since the 58th congress (1905).

Vice President Garner has served exactly the same length of time as Senator Robinson.

I HEARD—

The Scotch in Bonnie Rose creeping out this morning suggested that Bill Fraser hand out his cigars instead of passing the box. "Everyone will be sure to take two for your twins, Bill," the canny Scot declared.

Mayor W. A. "Bill" Bratton asking Aaron Ward, manager of the Danger Roadrunners, if he couldn't pitch the first three innings of the game Saturday instead of just throwing out the first ball.

WORKS RELIEF NOT PROBABLE SOON IN AREA

BUDGETARY AID WILL BE POLICY OF STATE

FEPA activities continue to be limited to direct relief because of the lack of approved work projects.

While applications have been filed for such projects as the Pampa-McLean road, highway 33 through South Pampa, city beautification, and women's sewing, no approvals have been made. It is likely that only common labor will be allowed under FEPA regulations, meaning that highway projects as submitted will not be approved. Formerly, skilled labor and truck hire were permitted.

Facts Control Relief

The real test of direct relief is here. As rapidly as men and women apply for the necessities of life, investigations of those eligible are made and grocery orders are given. While work projects lasted, two-thirds of the pay was required to be in groceries. This plan proved unsatisfactory to many because they preferred more cash and wished to be allowed to show for grocery "specials" offered on week-ends. But, with work projects suspended, these objections are dead.

There were 144 direct relief cases in March, and end of work projects will likely raise this number to between 350 and 400 applicants. There are many persons, however, who will not accept groceries. They wish to work. Some have declined to apply for groceries and have registered with the U. S. Employment bureau nearby. They are the more able-bodied men and women, and the most desirable as employes.

Projects Incidental

With federal-state appropriations only about one-sixth of what they were, relief is not considered on a project basis. The hope is that most of the men and women able to work will find employment thru their initiative and the help of the employment bureau. Cooperation of employers is sought.

Many of the men registered for relief have been bitterly disappointed because of the discontinuance of the Civil Works administration. Many remain in the city hall basement from dawn to dusk hoping for a work announcement. They are loathe to believe that only groceries are now available, and then only on the basis of budgetary needs as prescribed by the case workers.

But that is the new state policy. Federal Emergency relief for drought-stricken counties may mean resumption of work relief, when and if received.

Former Pastor Passes Through — Sees Friends

The Rev. D. H. Truhitt, former pastor here and now pastor of the First Baptist church at Cassville, Mo., with his singer and pianist stopped here last night en route to Albuquerque, N. M., where he will conduct a revival.

He stayed at the home of Mr. and Mrs. C. D. Holmes. During the evening the following called to see him: Mr. and Mrs. G. C. Stark, Mr. and Mrs. O. H. Gilstrap and children, William and Mary Helen, Mr. and Mrs. George Berlin, Mr. and Mrs. C. C. Coffey and daughters, Frances and Marjorie, Mr. and Mrs. Dewey Lunsford and baby, and the Rev. Vernie Pipes, pastor of the Central Baptist church here.

PRE-CENTENNIAL COMMITTEES TO MEET THURSDAY

Pageant, Floats And Parade Planners To Convene

A MEETING of the floats, parade and pageant committees for the Pre-Centennial celebration and Pioneers Roundup to be held here May 31 and June 1, has been called for Thursday evening at 7:30 o'clock in the chamber of commerce rooms in the city hall by Archer Pulling, general chairman.

It is important that every member of the committees announced two weeks ago be present, it was said. The Pre-Centennial pageant has been written and casting and directing plans will be drafted at the meeting. The general plan of the floats and parade has been determined, and members of the floats and parade committee will immediately begin to make arrangements for sponsoring and building the floats.

The chairmen of the three committees are Sherman White, Pageant—Ernest Cabe, Irene Irvine, John Ketter, John Sturgeon, Olin E. Hinkle, Berl Foland, Morris Johnson, Cal Harvey, Faye Woolley, Ed Damon, Mrs. H. H. Hicks, Mrs. Julian Barrett, Samuel Steinhil, Richmond Eastup, Frank Carter, Mrs. C. T. Hunkauller, Miss Beth Blythe, Mrs. Lynn Boyd.

Every member of the committees was urged to be present.

Slot Machines To Be Topic at M. E. Church This Eve

The question, "Are Slot Machines Against the Law?" will be discussed by the Rev. Gaston Foote, pastor of the First Methodist church, in the open forum period at the weekly "food-faith-and-fun" program in the basement of the church this evening. Texas laws regarding the operation of slot machines will be explained.

Dinner brought by attendants will be served at 7 o'clock in banquet style. This will be followed by an educational movie shown on the screen. The pastor will continue his discussion of Stewardship following the open forum. Members and friends of the church are invited to attend. The program will be concluded at 8:15 o'clock.

2 WOMEN AND 2 MEN KILLED NEAR DALLAS

FIRE RAGES FOR HALF HOUR; GASOLINE TANKS EXPLODE

LEWISVILLE, April 18 (AP)—Four persons lost their lives last night when a private plane carrying a "joy riding" party crashed in flames during an electrical storm nine miles west of this Denton county farming town.

The doomed ship hit a muddy, plowed field, bounded some fifty feet into the air and then plunged to earth again, a mass of blazing wreckage holding its passengers in the grip of flames.

The dead, all of Dallas, were: Miss Lillian Rose, 17, fiancée of Fowler.

Mrs. Jewel Morgan, a divorcee and beauty parlor operator.

The plane, which apparently had been in trouble for several minutes, crashed from an estimated altitude of 300 feet. Four Denton county farmers watched its fall. They said flames shot high in the air, blazed fiercely for 30 minutes and left nothing but twisted metal parts of the plane when they subsided.

More than 60 gallons of gasoline were in the plane's fuel tanks and this served to make torches of the four victims.

Early last night, Poole had called Fowler at Love flying field here and said he was bringing a girl friend with him to the field and would "like to go for a spin." Miss Rose always was at the field, having called her mother at 9 o'clock and obtained permission to stay there a while longer.

Poole and his woman companion, Mrs. Morgan, arrived at the field shortly before 10 p. m. and the four got into the six-place cabin plane and took off. Fowler told friends at the field he was taking the party up for a "little ride."

A few minutes later, four Denton county farmers heard the plane circling around and went out to see if it was in trouble. E. V. Christie, Melvin Adkins, Clay Robertson, and Ernest Phipps all said they saw it. Frequent flashes of lightning made it plainly visible at a high altitude, they said.

They saw it drop sharply, and then straighten out when within 300 feet of the ground. The plane then headed toward Dallas, they said, but before it suddenly plunged, nose downward, to earth.

John Murphy received emergency treatment for cuts at Pampa hospital yesterday.

LATE NEWS

WASHINGTON, April 18 (AP)—The treasury deficit for the fiscal year ending June 30 today reached \$3,072,988,066 exceeding the deficit for the entire fiscal year of 1933.

BIRMINGHAM, Ala., April 18 (AP)—A statement of Theodore Swann, chemical manufacturer, that "secession" may be the answer to the fight of the southern industrialist to preserve his status and the wage differential today brought applause from 300 representatives of industry in the south. "Sherman's march to the sea was no more destructive than the NRA is going to be to the south," he said. "Before it is over we may have secession."

AUSTIN, April 18 (AP)—The Texas supreme court today upheld constitutionality of a law authorizing the board for lease of state river beds for mineral development, to reduce the state's royalty from the bed of the Sabine river from three eighths to one fourth.

WASHINGTON, April 18 (AP)—President Roosevelt and his aides decided today upon a \$500,000,000 appropriation for public works for the new fiscal year beginning July 1.

WASHINGTON, April 18 (AP)—The Bankhead cotton bill was at the White House today for the assured touch of a presidential pen to start the government's first venture into compulsory control of a major industry.

All Citizens Are Invited To Attend Merten Pie Supper

Members of both the B. C. D. and the Junior chamber of commerce are being reminded that all Pampans are invited to the pie supper at the Merten school Friday evening.

Pies will be limited to \$1 each or less, and free coffee will be served. Home demonstration club canned goods will be distributed as prizes to a number of visitors.

Local trippers will gather at 7:30 o'clock at the city hall to drive to Merten school, which is about 5 miles south of the city.

Good Rain Falls In Pampa Vicinity

Rainfall amounting to three-quarters of an inch fell in Pampa yesterday afternoon in the heaviest deluge in months, time considered.

North of Pampa the rain tapered off to a quarter of an inch at Laketon. There was only a shower South and southwest areas were more fortunate.

John Murphy received emergency treatment for cuts at Pampa hospital yesterday.

Confession Is Made By Man At Shreveport

Furious Assaults on Court-House-Jail Are Repulsed By Soldiers, Officers

SHREVEPORT, La., April 18 (AP)—Troops with fixed bayonets maintained a cordon around the court-house-jail here today, and, reinforced by police and sheriff's officers, kept alert guard against possible re-forming of a howling mob that attempted unsuccessfully last night to seize Fred Lockhart, 38, alleged to have confessed slaying and attacking Mae Griffin, 15-year-old girl. Officers were confident however, that any further attack could be stopped by four companies of national guardsmen, hurriedly called to duty by Governor O. K. Allen when the advance of the mob threatened to overpower the sheriff's resistance.

Sheriff Hughes said that Lockhart confessed to luring the girl from the home of her widowed mother. Small crowds and groups of men about the jail, enraged by the murder of the girl, became unmanageable after the confession was made known.

The crowd grew by hundreds into an excited throng estimated to number 3,000. Mobsmen, cursing and shouting, took possession of the basement and first floor of the combination courthouse-jail, threw bricks, swung clubs and cut fire hose until the national guard from Shreveport began assembling after midnight. Lockhart was in the jail on the seventh floor.

By 2 o'clock the rioters inside the building had been driven to the outside and the howling mob began breaking up.

Within the building every available officer was garrisoned, heavily armed.

Four men were arrested at 2 a. m. as mob leaders after officers repulsed the attack on the jail. One of the four was clubbed by an officer with a pistol butt. None of the quartet was booked.

Two other men arrested besides Lockhart in connection with the slaying of the Griffin girl, E. J. Jackson, 41, and J. A. Conroy, 45, both of Shreveport, are to be released.

Judge Robert Roberts of the Caddo district court issued a call for a special session of the Caddo grand jury Friday to consider the case against Lockhart.

In issuing the call Judge Roberts acted in accord with requests of District Attorney James U. Galloway and Sheriff T. R. Hughes, who made it known that they wished the law's machinery to move as swiftly as legally possible.

WRITS ASKED IN ANNULLING AIR CONTRACTS

FOUR COMPANIES SEEK TO RESTRAIN FARLEY

WASHINGTON, April 18 (AP)—Applications for injunctions to restrain Postmaster General Farley from enforcing his order annulling air mail contracts were filed today with the clerk of the supreme court for the District of Columbia by four aviation companies.

The companies were Boeing Air Transport, Inc., National Air Transport, Inc., Pacific Air Transport, and Vadeney Air Lines, Inc.

Farley has 20 days in which either to answer or file a motion to dismiss the application.

In preparing to file the action against Farley William Donovan, counsel for the four lines, said they would seek "damages." He did not state what amount.

WASHINGTON, April 18 (AP)—Congress had the benefit today of a relaxation concerning some legislation President Roosevelt does and does not want enacted in the usually hectic days of a closing session.

Through the medium of the press, a definite but not all-inclusive list was supplied in supplement to the president's message already given legislative leaders directly. There was no development as to the multiple silver bills, however.

The list showed on the "aye" side: Income tax revisions compromise, Potent stock market regulation, A new capital-labor mediation agency.

Under heading of "no": The McLeod bank deposit payoff bill.

Pie Supper To Be Held Thursday at City Club Rooms

When the B. C. D. and the Junior chamber of commerce decided their members would not pay any more than one dollar for a pie or a box at suppers they attended, it seems they set a precedent.

Now comes the Altar Society of Holy See Catholic church announcing a pie supper which will be held in the city club rooms at 8 o'clock tomorrow night, and the highest amount that can be paid for a pie is \$1. The ladies who bring the pies will be auctioned off with their pastries, but the ladies will be concealed behind a screen during the sale, "giving the element of suspense," it was announced.

A short program including quartet numbers, a one-act play, a solo, bingo, and a burlesque skit, will be given before the pie auction.

Twins Born to Frasers — Names Not Yet Given

City Commissioner W. T. Fraser and Mrs. Fraser had a major problem today—the naming of twins born at 5:05 and 5:17 p. m. yesterday.

They had just about agreed on the name of the expected boy, but when his sister arrived that complicated matters and re-opened the whole problem. The mother and babies are doing well.

The boy arrived first, and weighed 6 pounds 15 ounces. His sister weighed 6 pounds 1 ounce.

The Frasers also have a daughter past 3. Mary Nick.

HOW NOT TO ENJOY THE SPRING

Spring is here, with its "fever" and temptations to get back to a nature which, during winter, is not so inviting. Spring fever usually is harmless, not affecting many persons as it did a man we read about the other day.

This man was a farmer living near Hiram, O. The other morning he left home in the family car with \$12 worth of maple sirup which he was going to take to town to sell.

He disappeared down the road and for two days he didn't come home. His wife and children got pretty worried.

Then, finally, he showed up, without any car and without any money, and he told them he had been kidnaped. Three men a big sedan had taken him for his car, taped his mouth shut, bound his hands and feet, and carried him clear across the state, over the line into Indiana, before turning him loose. He'd had to borrow money to get home.

This was all right until his family insisted that he tell his story to the police; and the police speedily picked it full of holes, until at last he admitted that the whole story was a fake.

He hadn't been kidnaped at all. He'd just been wandering around, enjoying the spring.

He'd driven to town and sold his sirup, it developed, and had just started home when the spring breeze and the warm sunlight got the better of him.

So he parked his car at a crossroads, hid the key, and set out hitch-hiking—to nowhere at all.

Without any goal, he had wandered clear to Indiana. There, at last, he realized that he was going to have a lot of explaining to do at home. Besides, his \$12 sirup money was all gone.

The wanderlust had left him. So he made his way back home as best he could, and cooked up the kidnaping story to avoid embarrassing questions.

"It was just that feeling of spring in the air and having \$12 in my pants pocket," he explained, when asked why he'd gone roving.

And that, to anyone who has ever suffered from spring fever, is all the explanation that's needed. The feeling of spring and having money in the pocket—it's a combination very, very hard to resist.

To wander just for the sake of wandering, without a goal and without a purpose—who, on a sunshiny April day, hasn't had to fight down the impulse?

Burn Off Fat— New Way To Get Thin, Say Medics

CHICAGO, April 18 (AP)—Latest tests of a new way to get thin—a drug that puts your body under "forced draft" and "burns" the fat off you making you feel better at the same time—were outlined today to the American College of Physicians. The drug, one of the chemicals known as "dinitro compounds," can be used to take off any amount of weight desired when used properly, said Dr. Edward L. Bortz of Philadelphia. He warned at the same time, however, that people who use these drugs without a physician's advice are running grave risk of ill health and perhaps death. The new reducing medicine "lets more air into the furnace." A fat man is like a slow fire burning in a furnace with the damper barely open. His bodily fuel is burned up slowly in the production of heat and energy, which scientists call basal metabolism. The new medicine "opens the damper," and the

slow fire burns faster. The fat melts away because the body is producing heat and energy faster than before. Scientists call it accelerating the metabolism. "Weight loss averaged from three to six pounds during the first ten days on one to three capsules of 100 milligrams each daily," Dr. Bortz said his experiments showed. "In those individuals showing a physiological response to the drug, weight loss continued at the rate of one to four pounds each week for as long as the medication was taken."

E. C. MCKENZIE IS SPEAKER IN JOINT SESSION

EACH DIVISION TAKES PART IN STUDY HOUR

ALL THREE circles of the Child Conservation league met jointly yesterday afternoon at the home of Mrs. John A. Williams. Each circle was represented on the program, the first of its type since the groups were organized last summer.

Mrs. Williams, who is president of Las Madres circle, acted as chairman. The topic was Justice, one of a series of child culture programs which all the circles are studying.

Mrs. G. L. Baseman discussed A Sense of Justice as a Foundation of All Virtues. Notes on this topic from the reference book were presented by Mrs. Ross Cornelius. Mrs. Tom Darby gave notes on the topic, Application of Justice in the Use of Money.

Playing the Game According to Rules, was discussed by Mrs. Geo. Nix, and the notes by Mrs. A. L. Patrick.

E. C. McKenzie, pastor of the Church of Christ, was guest speaker. He gave an interesting talk on Common Sense Justice.

Members present from the various groups follow: Pampa circle, Mrs. Earle Scheig, C. P. Callison, Patrick, R. D. Morris; Edwin Markham circle, Mrs. John Weeks, W. S. Dickson, G. A. Young People To Have Evening at Revival Tonight

Young people will be guests of honor tonight at the evangelistic meeting being held at First Christian church, corner N. Starkweather and East Kingsmill, was the announcement last night. Thursday night juniors and intermediates will be the guests of honor.

Last night men were out in large numbers. The big chorus was composed wholly of men. The men's chorus sang a special number. Mrs. Earl Thompson also sang a solo. Tonight the young people will fill all the available space of the chorus and furnish the special music.

The sermon subject last night was "Christ, preached to a Stranger." The 53rd chapter of Isaiah and the part of the 8th chapter of Acts which gives the account of the conversion of the Ethiopian treasurer was read.

"It is remarkable how many opportunities are presented where a man can preach Christ or witness for Christ. God never comes directly to the unsaved man but through some Christian, and when the Christian does not respond he misses the opportunity to win that one to Christ," said the minister. He also contended that a man with will power will respond immediately to the gospel message.

Another rousing song service in charge of Billy Reeves was announced for tonight beginning promptly at 7:45. The sermon subject for tonight is "A Young Man Who Made Good After a Failure."

Recent Bride Is Honored at Shower

Mrs. A. H. Thom and daughter, Miss Juanita, entertained with a shower for Mrs. Raymond McPherson, formerly Miss Mildred Hallman. Ice cream and cake were served after the gifts were presented.

Guests were the honoree and Mrs. Frank Hallman, Herbert McPherson, and Ray Hobbs; Misses Helen Fuller, Ekia McPherson, Merle Snuggs, Ruby Hallman, Rachael Hallman, Betty Dean McPherson.

William B. Martin was dismissed from Pampa hospital this morning after treatment.

Contest Winners Receive Honors

Ribbons were presented to winners in the recent interscholastic league contests, at Sam Houston chapel this morning. Billy Reeves of Shamrock, assistant in the Christian revival here, was program speaker.

He made an interesting talk on David and Goliath. A piano solo by Sarah Frances Bourland, a cornet duet by Charles Pearce and Hugh Stennis with Margery M. Coim as accompanist, and songs by Mrs. J. W. Garman completed the program.

Brunk To Open Show on Monday

Fred G. Brunk is opening the Pampa season with the presentation of his comedians here beginning Monday. He is playing under the auspices of the fire department and is offering new plays, new faces, new vaudeville and new prices.

JOINT PARTY IS GIVEN FOR S. S. CLASSES

YOUNG WOMEN OF TWO CHURCH GROUPS ENTERTAINED

INDELIS class of First Baptist Sunday school and Fidelity class of Methodist Sunday school were entertained jointly last evening, with Miss Louise Whitfield, LaVerne Ballard, and Sue Vinson of the latter class and Misses Neva Burgan, Wilma Chapman, and Violet Durrett of the Baptist group as hostesses.

Both classes are composed of business and professional women in their respective churches. The party was at the home of Misses Durrett and Ballard.

Mrs. C. E. Lancaster and Mrs. Gaston Poole, teachers of the classes poured tea at a table decorated in April motif. The lace cloth was laid over pale green, and green candles flanked the centerpiece of lilacs. Vari-colored umbrellas, hand-made of gumdrops and ribbons, were given as plate favors. Miss Clara Lee Shewmaker played piano numbers while tea was served.

The program included songs by Emmitt Smith and Robert Smellege, a trumpet solo by Junior Zimmerman, accompanied by Miss Frances McCue, and humorous skits and contests.

Guests who registered were Mmes. Lancaster, Poole, and C. H. Whittle; Misses LaVerne and Lillian Smart, Florence Jackson, Evelyn McDonald, Vida Cox, Leora Kinard, Loma Groom, Clara Lee Shewmaker, Plo Perry, Mildred Overall, Lillian Mulhax, Ruth Palmer, Alve Gordon, Hermine Slover, Emma Fay Ellis, Era Smyth, Marnie Abbott, Cleo Kendrick, Donnie Lee Stroupe, Ruby Adams, Ruth Henry, Idelle Cox, Lelia Clifford, Clarice Fuller, Bernice Lash, Lorene Nicholson, Jewel Binford, Edna Ballard, Jewel Shaw, Louise McLuan, Virginia Dysto, Jewell Motley, Louise Hogan, Naomi Owen, Jean Ragsdale, Lucile Kentling.

"Costs me less for gasoline than any car I've owned!"

THIS enthusiastic Studebaker owner is K. S. Waldron, whose insurance business requires 100 to 125 city stops a day.

"I never knew such a car for gasoline economy as my new 1934 Dictator," Mr. Waldron writes. "I'm actually averaging 18 miles to the gallon—and in my kind of driving that's far better than I ever believed any car would give."

"My Dictator has the kind of style I'm proud of. It's a wonderfully easy car to handle. And its Quadri-Drive suspension makes it literally float over any kind of road. I don't see how any car for twice the money could possibly satisfy me more."

Why not get Studebaker prestige, performance and economy—Studebaker speedway stamina and skyway style—in your new car? Prices are \$155 to \$620 under last year's. Arrange for a thrilling trial drive today.

HEISKELL AND SEEDS SUFFERING WITH COLDS

Illness of two members of his track and field team is causing Coach Orlie Mitchell a lot of worry and the bad weather is not helping his disposition. Orlie Heiskell and Bill Seeds, two members of the relay team and entries in other events, have severe colds.

The coach called for a long workout this afternoon, even though the boys may have to work out in the gymnasium where they worked yesterday. Eight Harvester tracksters are eligible to compete in the regional meet in Canyon Saturday. Preliminaries in the 100-yard dash, 220-yard dash, 440-yard dash, the two hurdle events will be held Saturday morning. The finals will begin at 2:30 o'clock in the afternoon.

Pampans who placed in the district meet here last Saturday were Bill Dunaway, Orlie Heiskell, Monroe Owens, Bill Seeds, Bert Stevens, Miles Marbaugh, Buck Mundy, and Alton Cox. Coach Mitchell, however, does not necessarily have to enter those boys but may substitute up to the number of eligibles.

Winners of district meets held in Pampa, Amarillo, Childress, and Lubbock will attend the regional affair. The Lamesa Tornados are favorites to walk away with the title although several other teams appeared strong in district competition.

In District 1, Dumas, Amarillo, and Happy placed in that order. At Pampa, the home team won the meet with Panhandle next and Clearfork and White Deer tied for third place. Time in most events was better than in the District 1 contest. Childress, Quanah, and Vernon showed much strength in District 3, while Lamesa was far in front in the other district, making 37 points more than the second place team. Lubbock was third.

The regional events will be run on the fast cinder track at West Texas State Teachers college. Given a day without the usual wind, several marks should be broken by the boys. There are many promising athletes in this area.

PHILLIES GET ONLY 4 HITS OFF HUBBELL

ATTENDANCE AT EIGHT OPENERS TOTAL 187,000

By HUGH S. FULLERTON, JR. Associated Press Sports Writer

Major league baseball clubs today settled down to the serious business of daily games, hopeful a glorious round of opening contests had set the keynote for the entire season.

Encouraged by fine weather, the fans poured through the turnstiles in greater numbers yesterday than in either of the past two season inaugurations although the aggregate attendance fell far short of the 1931 record turnout of 249,010. In all more than 187,000 attended the eight opening games.

The world champion New York Giants attracted a crowd befitting their high station, about 37,000, and the faithful were rewarded by seeing Carl Hubbell last year's world series hero, pitch four-hit ball to beat the Phillies 6 to 1. The rebuilt Red Sox were the leading attractions of the American league as they clashed with the champion Washington Senators. The crowd of 33,336 which filled Fenway Park was one of the best on record in Boston and it had plenty of thrills in an eleven-inning struggle which Washington won 6 to 5.

Throngs of about 30,000 also appeared at Brooklyn, where the Dodgers inaugurated Casey Stengel's managerial reign by beating the Boston Braves 8-7 in an exciting slugfest, and at Cincinnati, where the first view of the rebuilt Reds proved mostly to be a view of Lonnie Warneke, Chicago's stellar right hander.

Pitching in mid-season form, Warneke missed a no-hit, no-run game by one throw as he blazed the Redlegs 6-0 and whiffed 13 batsmen. Cincinnati didn't get a hit until after one was out in the ninth when Adam Comorosky connected for a single. Chuck Klein imported from Philadelphia to aid the Cubs' slugging, celebrated his debut with a home run.

Hubbell also hurled a masterful game for the Giants who showed they were the same team of opponents that won the world championship last year. They started out by scoring a run without a hit, then followed up with some timely batting in which Bloddy Ryan stood out. Jimmy Wilson, Phil's manager, took Hubbell's shutout away with a homer in the seventh.

Washington's triumph came on an eleven-inning run off Henry Johnson after the Red Sox had overcome a five-run deficit to tie the score in the eighth. Manager Joe Cronin started the rally with a double that upset Johnson so he hit one batsman and walked another. Then pinch batter Dave Harris hit a grounder which Buck Weaver juggled long enough for Cronin to score.

The Athletics staged a similar rally to defeat the highly touted Yankees 6-4 in a mix-up game that saw 18 passes given out. A run behind in the ninth, the A's rallied to win when Bing Miller patted a pinch single for the third hit of the inning.

With 21,000 fans looking on, Cleveland's Indians made eight hits good for a 5 to 2 victory over Rogers Hornsby's Browns as Earl Averill smacked in three tallies with a homer and a double. Mickey Cochrane and his Detroit Tigers showed a new brand of scrappiness when they converted six hits into an 8 to 3 triumph over Chicago.

The St. Louis Cardinals, with Dizzy Dean holding forth on the mound, pounded out the day's high total of 13 hits and trimmed the Pittsburgh Pirates 7-1. Behind Dean's six-hit hurling, Ducky Medwick socked a homer and two singles and Pepper Martin hit a brace of doubles. Brooklyn and Boston also clouted the new National league ball effectively.

Homers by Dan Taylor and Hack Wilson contributed five runs to Brooklyn's early lead which lasted through a ninth inning rally by the Braves.

RECIPE FOR PROSPERITY

MACON, Ga.—Dr. Arthur J. Todd, dean of the department of sociology of Northwestern University, offers this solution of the country's problems:

"If women would eat four slices of white bread daily and wear cotton stockings, agriculture and industry would have no further problems of consequence."

REGIONAL MEET AT CANYON SATURDAY TO DRAW WINNERS OF FOUR LEAGUE DISTRICTS

CANYON, April 18—Winners from the four districts that comprise Region 1 of the Interscholastic League will gather on the campus of the West Texas State Teachers College Saturday, April 21, to participate in the regional contests under the direction of Professor W. E. Lockhart, director general.

Events will begin promptly at 9 a. m. with all contests, both literary and athletic, being held Saturday. There will be no registration of contestants; the entry list from schools that have won in the four districts will form the basis of entry.

Literary, track, and field meet contests and girls' tennis will be held here, while the boys tennis tournament will be played on the Elwood Park courts in Amarillo.

For the literary events will come winners from the four districts in debate, declamation, extemporaneous speaking, essay writing, music

and art, one-act plays, and shorthand and type writing.

Athletic events will include 120-yard high hurdles, 220 yard low dash, 440-yard dash, 800-yard dash, mile run, mile relay, shot-put, pole vault, javelin throw, discus throw, broad jump, high jump, and rural pentathlon.

A boys golf tournament will be held at the Canyon Country club under the direction of Jimmie Cismegrell.

Coach Carl York is director of athletics. F. E. Savage of declamation and extemporaneous speech, C. W. Batchelder of the one-act plays, Miss Jennie C. Ritchie of essay writing, T. E. McCarter and Lee Johnson of sale of tickets, R. E. Vaughn of debates, Miss Isabel Robinson of art, D. A. Shirley of rebates, T. M. Moore of room and board of contestants, Mrs. Gervis Taylor of shorthand and type writing, Miss Ruth Cross of girls' tennis, and T. G. Hull of boys' tennis.

As he is thinking about it, her weary mind protested. A sleep and tomorrow she would go back and look for him.

But when she awakened she did not call for a horse and ride over as she had intended. What could she say if she located him? If he had wanted to see her, he'd had a month in which to visit Big Tom Town.

She stuck, literally and figuratively. It seemed as the summer progressed that she was glued to the high stool over her drawing board, checking progress with Big Tom's specifications. The heat burned down through the boards of her shack until even Delphy, who usually congealed in the winter and the heat was admitted at "snout's end."

Cunard sent insulating board up from Laredo, which helped a little. Awnings at the windows, made by some of the engineers from old canvas and daubed with var-colored paint, added to the comfort. Delphy, with his nose with their profusion of petunias and nasturtiums broke the drabness of the outlook.

Down in Big Tom Town, tents and motor houses were graced with coffee tins, sprouting blossoms, gifts of flowers. Delphy, who was now a young man, came a flood two years together, comforted Scoggins.

"It wouldn't any place else in the world," Judith agreed, "but let's be sure our people are above the danger line at the time of the first storm."

She saw the first storm coming, a blue-black mist which spread like smoke against the northern skies, then rose and deepened in color. She went back to the house, sent Delphy with messages to the states and had the boys ride out to warn the men working in the river channel. The women and children were brought to her house.

They laughed at her for her alarm and she laughed with them, but she wanted no loss of life.

She watched the storm's approach, grateful that it did not look so formidable as the previous year, but formidable enough at that.

"Old Mother Summer is weepin' th' sky," chanted Tommy Scoggins, who had discovered her retreat. He looked up at her and smiled a toothless smile which seemed strangely charming on his fat, freckled face.

Judith smiled back, tears behind her smile. Last year how different it had been. Big Tom had been there and she had sat snugly in the curve of Norman's arm. She wondered where he was now.

"Know what it makes me think of, Miss Judy?" inquired Tommy, pointing to black clouds which had separated from the mass and were blowing forward, slashed with red forked lightning. "Whites, black ones, ridin' brooms. Say, Miss Judy, d'y reckon you could talk Pop into buyin' me an airplane 'stead of a car? Gee there ain't no place here a fellow can drive a car."

Judith turned from the storm-swept sky. "Would you be terribly disappointed if you didn't get either one?"

"You mean maybe there won't be no... I mean any, oil?"

"How far down are they now?"

"Fast two thousand," he admitted. Then, with bravado, "Gee I could get along with a horse just as well, if I could have two-guns to go with it."

The near onslaught of thunder sent them back down hill and a few moments later the storm struck. Daylight this time, excepting for the twilight of greenish-black clouds. They could see the blue-white flame of lightning, singing down in shaly darts, crashing with brittle force.

The river was rising. Judith, Larson and the engineers watched it with interest and apprehension. It flooded the low basin, lapped the base of Scoggins No. 1. They saw it lapping the lowest tents and then with one great roar, Scoggins No. 1 burst into flame, a flame that seemed to rise to meet a red dart hurled from the clouds.

"She's gone... she struck the derrick."

Judith stood while she lipped, silent. She had no more reserve funds to rebuild.

BRATTON WILL OPEN SEASON ON SATURDAY

MAYOR TO TOSS BALL FROM STANDS TO AARON WARD

The 1934 baseball season will officially open here Saturday afternoon at 3 o'clock, when Mayor W. A. Bratton will toss a ball from the grandstand to Manager Ward of the Danclger Roadrunners.

The veteran manager of the Pampa team saw a number of presidents loss baseballs from the grandstand during his 12 years in the big leagues, but it will be his first time on the receiving end of a pitch from the mayor of Pampa.

The Phillips Oilers of Borger will be the opposing team. Manager Bill Ellis will bring a changed and improved lineup to battle the Roadrunners. The same two teams will play Sunday afternoon at 3 o'clock.

Hardin and Bulla will do the hurling for the Roadrunners, but Manager Ward has not decided which one will pitch the opening game.

Bill Hardin came here from the House of David team. He has shaved his beard and looks like a real human being. Hardin had three sensational seasons with the bearded team and had several chances to turn professional. He trains hard and keeps in the best of condition. He will be ready to start the season Saturday and is hoped to get the call.

A new catcher will also appear before Pampa fans. He is Eddie Sain, who is well known in Texas league circles. He is fast, heavy, and is a hustler. Sain spent two years with San Antonio and then went to Baton Rouge in the Cotton States league. He was also with Port Arthur and El Dorado for a time. Sain is a graduate of Texas Christian university, where he got his first baseball experience.

The first base assignment will again go to big Lefty Cox, who is showing marked improvement both in the field and at bat. Cox has played ball with Abilene, McAllen, Joplin, Baton Rouge, and Dallas. His hitting is his weakness but Manager Ward is coaching him back to form.

Arrangements are being made to handle a crowd in excess of 3,000 persons for the opening game. Extra bleacher seats will be available. "Kids" will be admitted free if they have registered and obtained a card from some Boy Scout.

Andrew Walker has returned from a visit with relatives in Enid, Okla.

HOUSTON, SAN ANTONIO AND INDIANS WIN

Bufs Nose Out Beaumont 3 To 2 Before Huge Crowd Of 4,900 Attendants.

By BILL PARKER Associated Press Sports Writer

Six of the eight Texas league teams started their annual pennant race Tuesday—the thirty-third annual campaign for the league. The Dallas Steers and Tulsa Oilers postponed their opener at Tulsa because of rain. In the three games played, Houston, San Antonio and Oklahoma City emerged with victories.

Although they lost, 3 to 2, to Houston, the Beaumont Exporters had a grand inauguration, for 4,900 persons clicked the turnstiles, a whole of a crowd in any minor league stadium. It was the largest turnout in several years and erased the sting of defeat for Uncle Rube Stuart, Jack Zellers and associates.

Eddie Albers stopped Houston with three hits but his wisdom combined with Ernie Parker's timely eighth inning single gave Houston the game. Albers lost control in the eighth and issued three walks. The Exporters flashed a young, hustling aggregation that gave the experienced Houston Buffaloes real competition.

The San Antonio Missions, defending champions, started where they left off last season—by being the Galveston Buccaneers, 8 to 6. Galveston tided into a 5 to 2 lead in the fourth with a four-run rally but the Padres tied the score in the same inning and then proceeded to knock young Ira Hutchinson from the mound with a three-run stampede in the seventh. Dorley and Mazera clouted home runs for San Antonio. Pid Purdy, San Antonio outfielder and champion Texas league batsman last season, got one hit.

As expected, the Oklahoma City Indians opened their campaign with a 6 to 4 decision over the Fort Worth Cats. Norman Kennedy led the Cats down with five hits and

CRUDE OIL PRICE HIKE IS IN OFFING, OPERATORS BELIEVE

OPPOSITION TO LABOR UNIONS IS INCREASING

GASOLINE MARKET IS STRONG; INDUSTRY IS OPTIMISTIC

BY WILLIAM VOIGHT JR., Associated Press Staff Writer.

TULSA, April 18 (AP)—Except for an undersurround of worry over the labor question there was little disturbance in the oil industry this week.

Rather, a spirit of optimism rose, bolstered by a strong gasoline market and hints that perhaps the price of crude oil may be increased by the middle of next month.

Most independent refiners and other marketers were quoting the low grade of gasoline, which has been the market barometer for two or three years, at 3 7/8 to 4 cents in tank car lots, with some larger firms holding out for 4 1/4 cents.

Most plants in East Texas, the source of "distress" gasoline, were reported closed and approximately 50 are said to have signed up with the bigger companies operating in the area on the agreement that the little fellows will be supplied with legally produced crude oil and will in turn market through their patron sources of supply.

The strength of the gasoline market, the sharp reduction in "hot" oil production in East Texas and the likelihood that this week, possibly the current day, may see the approval of a refinery control clause for the petroleum code, all contributed to the new flying rumors that a crude price hike is in the offing.

While there is no crisis in the labor question over the industry as a whole, it is the general feeling in this vicinity that there must be a settlement once and for all, which may be taken as a precedent on which to base future bargaining.

There has developed a determined opposition to American Federation of Labor organization of oil employees among the various management.

The company attitude of this region is considered expressed in a recent letter of E. B. Reeser, president of the Barnsdall corporation, addressed to all employees.

The letter said in part: "Outside labor leaders may try by force, by coercion, or by intimidation of you and your family on threatened strike, to make you join their union. Regardless what you want, these labor leaders want the right to speak for all of you. They want dues-paying members."

"The president's program does not

France Demands England as Ally

PARIS, April 18 (AP)—France threatens in a note to Great Britain to scrap all current disarmament negotiations unless she is given something equivalent to the military alliance in the old entente cordiale, it was revealed today.

The threat is expressed in a memorandum drafted by Premier Gaston Doumergue and Foreign Minister Louis Barthou.

It supplements a previous note in which France expressed a desire for a new arms "limitation conference," on the thesis that present negotiations have failed.

The note frankly says its "purpose" is to argue about conditions until the full truth of Chancellor Adolf Hitler's rearmament program in Germany is determined.

Germany's "own revelations" of rearming, the note says, make it impossible to continue discussion of an arms convention based on the idea of German moderation in rearmament.

"GASOLINE WIDOW" CHICAGO—Into the separate maintenance court came Mrs. Jennie R. Barth, with the allegation that she was a "gasoline widow."

For sixteen years she had been happily wed, but she charged, the affections of her husband, Otto, were alienated by stream-lines so that he purchased one new car after another, while their five children went hungry.

Judge Walter LaBuy granted an injunction prohibiting Otto from buying new cars for a while.

require that you join any labor union.

"It is up to each of you to decide for yourself whether these unions can secure any right that you cannot secure for yourself. It is up to you to say whether you want to surrender to professional labor leaders your own right to deal with the management of your company."

PEOPLE WITH STOMACH TROUBLE LIKELY WON'T HAVE PARALYSIS

BY F. E. COLTON, Associated Press Science Writer.

CHICAGO, April 18 (AP)—To minimize your chances of catching infantile paralysis, stay in a region where stomach and intestinal ailments are common—that is the prescription drawn from discoveries by Dr. John A. Toomey of Cleveland.

Dr. Toomey reported new theories about infantile paralysis today to the American College of Physicians. His research showed that apparently there is some connection between infantile paralysis and diseases of the digestive tract, and that people in regions where intestinal troubles are prevalent develop an immunity that protects them from the infantile paralysis virus.

Dr. Toomey said that in southeastern United States, where intestinal troubles are more common than in some other sections, and in China, where they abound, infantile paralysis is not prevalent. Presumably, this is because southeast-

ern Americans and the Chinese have more immunity.

Three new conclusions regarding infantile paralysis were drawn from evidence, disclosed by Dr. Toomey's experiments:

Its most probable channel of entry to the human body is through the mouth, stomach and intestines. It is caused by a combination of a virus—an organism too small to see under any microscope—and poisons produced by other kinds of bacteria that live in the intestines of most humans.

Immunity against it is produced either by immunity against the infantile paralysis virus or against the poisons of the bacteria in the intestines.

Dr. Toomey's conclusion that infantile paralysis invades the body through the digestive tract contradicts the former belief of many scientists that it entered through the nose along the olfactory nerves, "the sense of smell route."

Oil Production Gains Despite Drop in Texas

TULSA, Okla., April 18 (AP)—Large increases in Oklahoma, California and elsewhere more than offset a 51,472-barrel reduction in Texas to boost total United States crude oil production 44,924 barrels from 2,427,982 to 2,479,456 daily last week, the Oil and Gas Journal says.

The Texas reduction, centered in East Texas where many small refineries were reported closed, was from 1,000,352 to 1,008,870 barrels daily.

Oklahoma's increase was from 460,505 to 522,565 barrels, and the increase in California was from 470,000 to 491,750 barrels a day.

Other increases were: In Kansas, from 133,710 to 131,585 barrels daily; in the eastern area, including Michigan, from 126,960 to 127,122 barrels daily; in the Rocky mountain area, from 82,780 to 84,010 barrels daily.

Teddy Roosevelt Sounds War Cry For Republicans

NEW YORK, April 18 (AP)—A campaign to rebuild the republican party along liberal lines was launched today after an attack on the policies of President Roosevelt by his cousin, Col. Theodore Roosevelt.

"The so-called new deal is not liberal and is not new," said Col. Roosevelt. "It is reactionary and un-American."

A leader of the younger and politically more active element of republicanism, Col. Roosevelt issued his denunciation last night at his installation as the new president of the National Republican club.

With him were installed other young republican leaders—among them F. Trybuec Davison, former assistant secretary of war, as second vice president.

Backed by the older element of the club, the new leadership plotted a course of conferences and membership drives to make the club a center of republicanism and a major factor in national politics.

Champion Cow To Be Chosen At Dairy Show

PLAINVIEW, April 18 (AP)—Two major events—selection of the grand champion Jersey cow and the annual banquet for breeders—were awaited today by exhibitors in the Panhandle-Plains Dairy show.

Election of officers and directors will take place at a banquet tonight. Selection of the grand champion Jersey cow was looked upon by dairymen as the outstanding event of the show ring because competition always has been stronger among females of this division.

You'll Do's Blanche Gypsy, champion for the past two years, was on hand to defend her title. She is owned by the Tierra Blanca Farms, near Canyon.

A show of fine horses was another afternoon attraction.

Barbara Badgett of Quitaque became the new queen of dairymen last night in a spectacular pageant

depleting old and new eras of prosperity, especially on the farm. Twenty cities had prizes and medals of honor in her court.

The pageant was presented during a pouring rain, which amounted to more than an inch here last night, bringing the total since Sunday to two inches. Dirt highways in all directions from Plainview were slippery and muddy.

Miss Marie Tinsley, daughter of Mr. and Mrs. Roy Tinsley, was reported quite ill with an attack of appendicitis yesterday.

Confusion of this list with that of FEERA has tended to hamper the work of the bureau, especially while CWA projects were in progress.

Work Projects Needed Ending of highway building east of here caused 17 men to re-register last week. The shortage of employment projects in the territory is acute, hence the bureau is anxious to place men and women in temporary or piece work. Cooperation of business men and oil company executives is needed.

Farm Tenants Stranded It is a fact known to men and oil companies and other firms tends to increase the list of unemployed here. This occurs when projects last several months and then end, leaving the imported CWA projects caused some tenant farmers to leave their land and work on other projects, which have now ceased.

PAMPA TOPICS OF OUR CITY

(Continued From Page 1) Senator Tom Connally is another Texan who is, year by year, gaining in stature and usefulness with experience. He should, in our opinion, be re-elected.

REGIMENTATION of industry under a dictator is condemned as a theory by every earnest democrat. But it is possible to see the plan in action in one of the world's laboratories of governmental theory—Italy. The Duce, taking note of the fallacy of high wages for industrialists in competition with cheap foreign labor (Japanese, for instance), is abruptly reducing the salary scale in Italy. And Mussolini, being a reasonably fair man, is also cutting living costs correspondingly. In theory, wages will have about the same buying power as formerly, while Italy will be able better to compete in world markets. If Italy's theory is correct, America's theory of high wages and high prices is wrong from the standpoint of world economics. We shall see.

A brother, Elmer Luttrell, Mr. and Mrs. Dave Godwin, Mrs. Minnie Godwin, Mr. and Mrs. Barney Godwin, Mr. and Mrs. O. P. Thorpe, Mrs. L. L. Prigmore, Vernon Davis, Mr. and Mrs. Suttles, Mr. and Mrs. G. C. Durham went from here for the funeral.

REDMOND BOYS TO PLAY FOR BALL TONIGHT

As a special dance attraction at the Pla-Mor auditorium tonight the management has secured the return of Jimmie Redmond and his orchestra which is growing more popular every week. Redmond and his orchestra have played at various dances in Pampa and over the Panhandle and is proving one of the most entertaining to ever have played here.

The admission will be 25 cents with a charge of 5 cents per dance. A special hook-up with the LaNora theatre has been arranged whereby a 25 cents ticket bought at the Pla-Mor tonight can be turned in at the La Nora theatre later tonight for that amount credit on an admission.

Plans have been made for a large crowd tonight and a good time is assured for those attending.—Adv.

CONFESSION

(Continued From Page 1) The judge also issued an order for a petit jury to be drawn for next week with the Lockhart case, checked for prima attention.

As the motemen outside the courthouse swirled about in disorder early in the night they were spurred into a furious assault on the courthouse entrance by two girls mounted on a truck who shrieked that "you men are a bunch of dirty, yellow cowards" if they did not seize the prisoner from the jail.

Several hundred of the leaders rushed the basement and the main floor, smashing windows of the beautiful building with bricks, yelling at the top of their voices, "we want to get him. We want to lynch him. Let us through."

Sheriff Hughes reported that Lockhart had confessed to slaying the girl last Thursday after obtaining her mother's consent for her to attend his ill wife. Her body was found Sunday in a wooded section near Cross lake on the outskirts of the city and was mutilated from stab wounds.

Worn and haggard from two days of questioning, Lockhart was quoted by Sheriff Hughes in his confession as admitting "I did it." "God knows why I did it," the statement said. "I guess it was the old devil creeping out. All I want is a square deal."

"I told her my wife was on the edge of the lake fishing and that we should go in and sit down," the statement said. "We sat down on the ground and I put my arm around her. She struck at me and then I pulled out my knife and stabbed her in the side. She fainted and it was then I attacked her."

Mrs. C. M. Clauder will leave Pampa hospital this afternoon for her home.

Hank Breining of LeFors was a Pampa business visitor here today.
