JAPS RETRACT FIRM STAND IN BRITISH NOTE

STATEMENT DOES NOT APPLY TO BRITAIN SIMON ASSERTS

LONDON, April 30. (AP)—Sir John Simon, foreign secretary, told the House of Commons today that Japan has fully accepted the policy of the "open door" for all nations in China.

The foreign secretary's statement was made before a house packed with members and spectators anxious to hear the government's attitude on the Japanese "hands off China" doctrine, unofficially stated Feb. 17.

Sir John said that Sir Francis Lindley, British ambassador in Tokyo, had pointed out to Koki Hirota, the Japanese foreign minister, that the principle of equal rights in China was very explicitly guaranteed by the nine-power treaty signed at Washington in 1922, to which Japan was a signatory.

The British ambassador had explained that the British government must continue to enjoy all rights under that treaty in common with other signatories, the foreign secretary said.

He told his hearers that Japan has informed the British government it has no intention of interfering with "the common rights" of other powers in China and has reaffirmed its policy of the maintenance of the open door.

He said Japan had given assurance that it will observe the nine-power treaty. (The treaty, signed by Japan, China, Great Britain, France, Holland, and other nations, certifies the right of the signatories to carry on legitimate business in China and guarantees the integrity of that nation.)

Lindley explained to Hirota, Simon said, that Japanese anxiety in regard to China could not apply to Great Britain, "since it was the aim of the British policy to avoid dangers to the peace and integrity of China."

The British communication to the Japanese added, however, that Great Britain could not admit the right of Japan alone to decide whether any particular act constituted such a danger.

Mr. and Mrs. H. L. Polley and son have returned from Graham where they attended the funeral of a relative.

Wage and Hour Strike Will Begin at Midnight Unless Compromise Is Effected.

By The Associated Press
SECRECY veiled the plans of the International Longshoremen's association as the contract committee of that organization gathered in Galveston this afternoon for further consideration of a proposal to call some 4,000 dock workers out on strike at midnight tonight in protest against shippers turning down the association's wage demands.

Shipping operators declared it was "up to the longshoremen."

Roger M. Busfield, executive secretary of the regional labor board, said the government could do nothing further in the wage and hour dispute at this time.

"The government was requested to arbitrate in the dispute between the International Longshoremen's association and the M. S. A. T. and the maritime committees," Busfield explained. "Both the I. L. A. and the stevedores and the steamship interests have refused to yield from their original stand."

M. J. Dwyer, district president of the International Longshoremen's association, was noncommittal as to intentions of his organization, saying he "didn't know whether the strike threat would be carried out."

Scout Officers Grateful to All Who Gave Help

Troop 18 of Hopkins won first place in the Boy Scout merit badge exhibits here Saturday. It was an exhibit of art work done by members.

Second place went to Troop 20 of Pampa, which had an attractive exhibit on "salesmanship," featuring refining and sale of petroleum products. Troop 80 won third place, while troops 4 and 17 tied for fourth.

Cash awards await the winners at Scout headquarters.

In baseball, troops 4 and 16 of Pampa tied for first and troop 51 of Spearman took second. Troop 37 of Clarendon was third. The tie will be played off soon.

Officials of the council appreciated greatly assistance rendered during the second annual roundup. A. G. Post, council president, issued the following statement:

"We wish to thank the city commission for the use of the city hall and streets to hold our meetings, also Mr. Fisher and the school board for the use of the gymnasium and grounds for tennis, and baseball and the circus; the Pampa Daily News for the splendid publicity, and La Nora theater for the free show to all visiting scouts; and everyone who in any way helped to make our Second Annual Circus and Roundup a success."

**Claim Texan Sold
Machine Guns To
Dillinger's Gang**

SAN ANTONIO, April 30 (AP)—In a written statement to department of justice agents here, H. S. Lehman, a shop operator, today admitted he had sold machine guns and other deadly weapons to henchmen of John Dillinger.

Lehman, his hair tousled and his face unshaven, appeared in shirt sleeves in the commissioner's office. He was released on \$2,000 temporary bond, returnable at 10 a. m. tomorrow.

In his statement Lehman admitted that he had sold five machine guns to a Jimmie Williams, delivering them in St. Paul, Minn. The man named Williams, though not yet known to federal agents, was known to have kept company while in San Antonio last fall with Tommy Carroll, slayer of City Detective H. C. Ferrow here last December.

Later, federal officers announced Lehman admitted he had sold machine guns and other weapons to George (Babyface) Nelson, Dillinger's chief machine gunner.

Lehman positively identified Nelson's photograph as that of a purchaser of guns, officers said.

When the rookie asked if whispering was necessary, the lieutenant informed him he had a throat ailment and couldn't talk above a whisper.

2 WILL ROGERS IN OKLAHOMA'S CONGRESS RACE

Supporters of Jack Walton, former governor who is seeking the office again, and Rep. Will Rogers, incumbent, congressman-at-large, whose victory under the popular Oklahoma name astonished politicians two year ago, were expected today to open a quick fight against primary opponents with identical names.

Circulation of petitions urging the state election board to take the other names from the ballot was anticipated.

A farmer Jack Walton, of near Turley, filed in the democratic governor's race against the former governor, ousted ten years ago and now a state corporation commissioner. The strange situation was further complicated when a second Will Rogers, of Ardmore, left his filing blank in the democratic congressional race at the election board offices and dashed out again.

The filing period closed Saturday, with a record total of 1,257 candidates under the wire for the July primaries, but there is a five-day protest period.

Unprecedented confusion would be caused both for voters and election officials by the identical names unless changes are made.

Two other candidates, former Gov. Henry S. Johnston, ousted in 1929 and now running for congressman-at-large; G. B. Fulton, former assistant attorney general and a candidate for supreme court justice, said they would fight it out at the polls with candidates of similar, but not identical, names.

"Any willful and deliberate filing for the purpose of confusing the voter should be condemned and punished," he added.

"A sideburn proclamation" will likely be presented at the Junior chamber of commerce luncheon tomorrow noon. Since it behooves the Jaycees to advertise their pre-Centennial celebration and pioneer roundup, Jim Collins, publicity chairman, has decided on the whisker idea as a starter. He may also advocate the wearing of big hats and cowboy boots.

High lights of a three-hour conference held by the steering committee last week will be given and the advanced plans on the program outlined. Bob Watson, chairman of the entertainment committee, will be program chairman. His committee will have charge of the programs during May.

WOMAN FILLS MONEY BAG IN BANK'S VAULT

CASHIER IS FORCED TO LOAD LOOT IN CAR OF ROBBER

COLUMBUS, April 30. (AP)—The Garwood State bank of Garwood, in this section, was robbed today of all the money on hand excepting \$4.10, by a man operating alone.

The robber forced J. L. Chapman, cashier, into his car and drove east. A man who had cut the telephone wires apparently was an associate of the man who held up the bank, was picked up near Calhoun and Chapman was put out of the car.

The robber was traveling in a (Chevrolet) coupe with yellow wheels which carried two extra tires.

Going to the cashier's window, the robber asked the cashier if he knew Ben Wilson. Chapman replied that he had never heard of the man. The robber then asked Chapman if he knew a rice farmer.

Chapman said the man then drew a pistol and at the same time jerked a money sack from his pocket and ordered Chapman and Mrs. Iole Hopkins, assistant cashier, to "fill it up and make it snappy."

The armed man ordered Mrs. Hopkins to go into the vault and put the money in the sack. She loaded the money in, including both silver and currency, and handed the sack to the robber, who then forced Chapman to help him carry it to the car, ordering Mrs. Hopkins to "stay in that back room until I get away."

Chapman was forced to get into the car, which had a Colorado county license, and his captor drove towards Eagle Lake. When about six miles out, near Matthews, Chapman was released and the robber turned towards Calhoun. Chapman went on to Eagle Lake and got a ride back to Garwood.

Chapman said the man was about 30 years old.

Twelve Arrested By City Police

A "full house" greeted City Police Judge W. A. Craven this morning when he called court to order. The city officers made 12 arrests during the week-end. Most of the violations were for drunkenness and resisting an officer.

A man was arrested by city officers Saturday night and yesterday was turned over to the county. He was charged in city court with being intoxicated.

Eight guilty pleas on drunkenness charges were received by Judge Craven this morning. One man pleaded guilty to being drunk and disturbing the peace. A "moocher" was also on the list of those pleading guilty. The only plea of not guilty was on a charge of drunkenness and resisting an officer.

Police are investigating the theft of a suit case, taken from a car Saturday night. The suit case contained numerous articles of clothing.

METHODISTS IN VOTE APPROVE CHURCH UNION

CONFERENCE IS SILENT AS BISHOP JAMES CANNON ENTERS

JACKSON, Miss., April 30. (AP)—Union of American Methodism with protection of racial and national distinctions and development was urged today by the general conference of the Methodist Episcopal church, South, in adoption of a resolution which continued a commission to confer with other branches of Methodism on plans for unity and solidarity.

Just before the vote was taken on the resolution, which was roundly applauded by hundreds of delegates, Bishop James Cannon, Jr., entered the auditorium and took his seat upon the stage among the group of his fellow bishops.

Bishop Cannon entered the rostrum from the bishop's room to the side of the stage in the midst of the session after being delayed several days in reaching here because of his court trial in Washington where he was acquitted of a charge of violating the federal corrupt practices act in connection with handling 1928 political campaign funds.

At his entry, his first appearance at the general conference which opened last Thursday, the faintest whisper, hardly audible, swept across the conference hall.

TUCSON GIRL'S GRANDFATHER MISSING

Politician Confesses He Handled Bremer Kidnap Money

By The Associated Press.
WHILE the rumor spread through the middle west today that John Dillinger was dead, a man who resembled him led a successful gun fight against officers at Bellwood, a suburb of Chicago.

The two-mile running fight started when four men in a Ford sedan failed to stop for a red light. Three policemen gave chase in the face of machine gun fire from the fleeing car. The officers overtook the gangsters at a filling station only to be covered by machine guns and disarmed.

The quartet fled after hitting one of the policemen over the head with one of the guns. Police Lieutenant Joseph Hagemester thought one of the men looked like Dillinger, another like George "Baby Face" Nelson, sought in northern Minnesota by hundreds of officers.

John J. Boss' McLaughlin has confessed handling \$53,000 of the ransom collected from Edward Bremer, St. Paul banker, the federal bureau of investigation disclosed today.

McLaughlin was held in \$100,000 bond Saturday for removal to St. Paul for trial under the "Lindbergh" kidnaping act.

His arrest followed the recovery of \$2,665 in \$5 and \$10 bills identified as part of the ransom money. The "hot" currency was found on William E. Vidler, a gambler, last Thursday.

Melvin H. Purvis, chief of the Chicago office of the bureau of investigation, announced that McLaughlin had made a full confession of his part in the disposition of portions of the \$200,000 ransom paid for Bremer's freedom after 23 days a captive of kidnappers.

Two governments sent crack agents on the hunt for little June Robles, left last night with two companions for Mexico, presumably to establish contact with the kidnapers and perhaps pay the ransom of \$15,000 which has been demanded. Their failure to return early today gave rise to fears for their safety.

Agents of the governments of the United States and Mexico began looking for the aged man, reputedly wealthy, and for the child, who was kidnaped last week.

BAND CONCERT WILL PRECEDE CAGE BATTLES

PARADE TO LEAD MEN TO 'SLAUGHTER' THIS EVE

A PARADE and band concert by the high school band will precede the opening games of the American Association of University Women basket ball tournament tonight. A pep rally was scheduled for 4 o'clock this afternoon in the high school gymnasium. The parade, led by the band, will be at 7:30 o'clock, 30 minutes before game time.

Everything is in readiness for lifting the barrier and sending the six teams on their way. Three games will be played tonight and the same number tomorrow night. Teams from the Lions club, Kiwanis club, Junior chamber of commerce, and Rotary club will be in the men's section.

Team uniforms will be varied and colorful and of no particular design. The only requirements are that soft sole shoes be worn and that a regulation basketball be used. A squabble over the referee started Saturday and Dr. H. H. Hicks, general manager of the tournament, was nearly ready to resign this morning.

Players are to meet at the gymnasium at 7:30 o'clock. Team captains will then draw for opponents and time of play. Play will start promptly at 8 o'clock and, in order to give fans a better brand of basketball, quarters will be out to six minutes.

Captain W. J. Smith of the Rotary club team has found dissension in the ranks. He can't get his young members to stop play for the old timers and the old fellows claim they are just as good as the youngsters. Captain Howard Bushing, ham of the Kiwanians waved his crutches and shouted loud and long during a practice session Saturday but to little avail.

Captain Clarence Barrett of the Lions had better success with his menagerie than other mentors. Most of his boys are young and

THE COST OF NATIONAL ANGER

When the Maine was sunk by some method and persons never clearly divulged, American indignation was whetted by selfish interests and the Spanish-American war was fought.

There were times before the American entrance into the world war when our anger rose bitterly against England. Then it changed to Germany. Certain interests seeking war for selfish gain gleefully did their part to make an understanding with German impossible.

Today Americans feel indignant toward Japan. Back in our minds we've built up a sort of "yellow peril" complex. Our indignation is easily aroused. But, remembering what emotional sprees have cost us before, we can right well stop to count the cost before we go too far.

INSTINCT, NOT VITAMINS, GUIDES MOST WOMEN IN WISE FOOD CHOICE

COLLEGE STATION, April 30 (AP)—Those mysterious essentials to good health, which scientists not so long ago brought into the open and called "vitamins," may not be recognized by the housewife and mother, but she always has had the instinct to select the food that kept her children healthy.

A. D. Jackson, editor of the Press-Bulletin, Texas Agricultural Station, has catalogued the foods that produce the several vitamins and relates what the vitamins do for man and beast, in a story entitled: "A Rat Story."

Today 500,000 farmers and their families are sitting down to dinner in Texas. The wholesome viands on most of their tables are rich in food values; fats, carbohydrates, proteins, and incidentally the necessary minerals on which the family thrives and only a calamity can prevent their inclusion on her table.

She probably does not know that vitamin A is the anti ophthalmic or anti infective vitamin and is necessary for a good appetite, health, and vigor, prevents infections especially of the eyes and lungs, and is essential for normal reproduction and location; but she does know that spinach, mustard, carrots, and tomatoes are good for the family and father knows that green grass is good for the chickens, cows, and pigs.

That vitamin C is the anti scurvy vitamin and protects the body from scurvy and keeps the bones and teeth in good condition, does not mean so much to her as being sure the family have plenty of oranges and lemons and plenty of other fruits and salads; but with these she unconsciously supplies the needed vitamin C.

If the children or the young animals have rickets or poor bone development she does not charge it to lack of vitamin D, the anti rachitic vitamin, but the prudent well-informed mother hustles the sufferers into the sunshine and buys some salmon and feeds them yeast and cod liver oil until relief is noted.

Oil Schedules To Be Released Soon

A new oil schedule for the Panhandle will be released from the local office of the Texas Railroad commission next week. Preparatory work is under way now and the schedule will be run off tomorrow and Monday. It will become effective at 7 a. m. Tuesday.

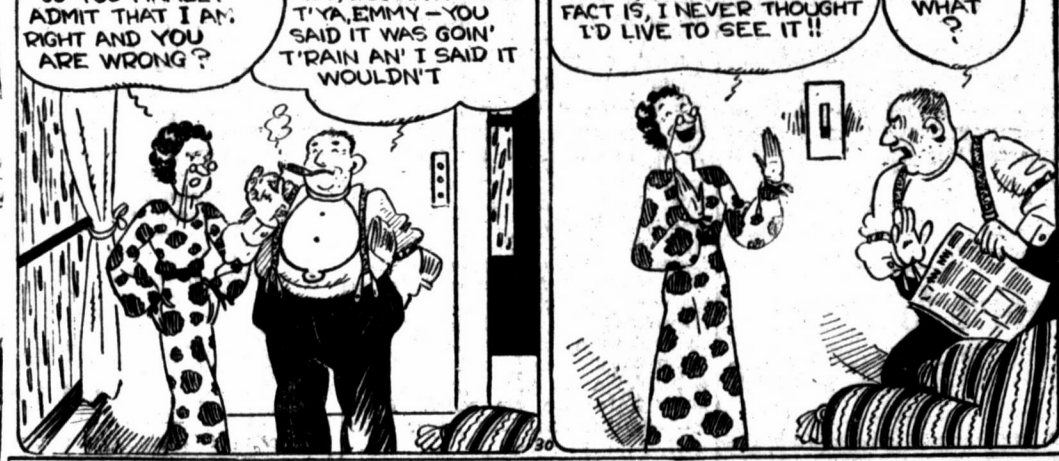

The Panhandle allowable will remain at 22,000 barrels, the request for a raise being denied last week. Because of the large number of new wells brought in during April, the percentage factor will be somewhat lower on the new report.

Production in the field has increased several thousand barrels during this month. A re-test of the Panhandle field will be started next month and a new potential named. More than 1,000 wells will be tested. Immediate designation of a new potential will follow completion of the five day test on each well.

Mother knows that an abundance of all sorts of wholesome foods will keep off ailments and keep the family strong and happy. She may not know that every day in the experiment station laboratory nearly four hundred rats, carefully bred for uniformity, are measuring to the minutest degree the vitamin potency of the feeds and foodstuffs on which our people and our animals must subsist and that they are measuring the quantities of each various item of food needed to supply the body requirements, not only for maintenance but for proper growth and production and reproduction; but she does know that somebody has figured out some mighty good menus for the table and some mighty good rations for the feedlot, and she is not too prejudiced to use them for all things she desires the health and happiness of her family and the thrill of successful livestock production is pleasing to her.

CHURCH INTEREST YESTERDAY CENTERS IN SEVERAL REVIVALS

MEETINGS END THE CHRISTIAN CHURCH SERIES

SUNDAY SCHOOL GAIN IN ATTENDANCE MAINTAINED

CLOSING services yesterday of a revival at the First Christian church, attended by large crowds, added five members to the church to make a total of 40 for the two-week meetings. The minister, John S. Mullen, preached during the revival.

Sunday school was attended by 463. The Church of Christ reached another high mark with 216 in Sunday school and reported two additions to the church. Methodist church had 500 in Sunday school. Presbyterian church 117, Central Baptist church 164, First Baptist church 790 and 155 in training service.

Revivals were of interest in three other churches. At the Calvary Baptist church, Evangelist King of Wellington arrived to start a series of services. The Rev. D. W. Simpson of Hinton, Okla., continued sermons at the Nazarene church. A revival closed at the Full Gospel Temple, where Evangelist Wallace J. Ross has been in charge.

In the absence of the Rev. Vernie Pipes, minister who is conducting a revival in another town, Lee Miller spoke at Central Baptist church yesterday.

Two meetings were announced for this evening at First Baptist church to start activities of the week. The monthly conference of the training school will start at 7:15, and officers of the Business Men's Bible class will meet at 8.

Rotarians Attend Amarillo Meeting

A number of Pampa Rotarians presented the program at the Amarillo Rotary luncheon Thursday. The Pampa party was conducted to Amarillo by Phillip R. Pond, president.

John Pain was elected president of the Amarillo club at Thursday's meeting. He will succeed Guy Carlender to the presidency.

The program at the luncheon yesterday was presented by a group of Pampa Rotarians, Phillip Pond, Pampa president, Farris Oden, and Jack Cunningham, president of the Pampa Board of City Development.

Other Pampa visitors were Oduis Mitchell, C. F. Buckler, M. K. Brown, DeLes Vicens, Earl O'Keefe, M. D. Oden, Neil McCullough, and Dan Gribbon.

Bids On Roads In 9 Counties Opened Today

AUSTIN, April 30. (AP)—Bids on national recovery road construction projects in nine counties, estimated to cost \$605,000 were opened today by the Texas highway commission.

Tomorrow the commission planned to receive bids and award contracts for \$1,250,000 construction in 14 counties, which will be financed with state funds.

National recovery act projects are in Haskell, Jefferson, Ward, Llano, Anderson, Comanche, Kaufman, McLennan and Webb counties. State projects are in Cooke, Hill, Garza, Hockley, Swisher, Stonewall, Lampasas, Gonzales, Guadalupe, Bell, Erath, Tyler, Wise and Montague counties.

THIS LAXATIVE Cleanses Completely no bowel abuse

Cleanse bowels of waste matter more thoroughly, more completely with delicious Feen-a-mint, the chewing gum laxative, and you'll get quicker, surer relief from dizziness, headache and other constipation ills. Feen-a-mint acts more thoroughly because you chew it. Just as chewing prepares food for your stomach, so the chewing of Feen-a-mint distributes its laxative ingredient uniformly throughout the intestines to give a "full" more natural movement. Thus, Feen-a-mint never shocks the system nor abuses the bowels. Doctors themselves prescribe the laxative ingredient used in Feen-a-mint. Completely, thoroughly, Feen-a-mint empties and cleanses the bowels of putrid waste. As headache and dizziness go, you feel more active, energetic, fresh. Feen-a-mint contains no richness to upset stomach or to get stale. "Delay" is dangerous—chew Feen-a-mint for constipation. 15c and 25c at druggists.

SUMMER TERM IS PLANNED TO START MAY 28

PLANS WAIT APPROVAL FROM THE STATE DEPARTMENT

SUMMER school plans approved by the school board here and submitted to the state department of education for final approval, call for an 8-week term beginning May 28, Supt. R. B. Fisher announced today.

T. H. McDonald is to be in charge and other teachers will be R. A. Selby and Miss Znoobia McFarlin. Courses will be offered to high school and junior high students. Subjects called for in the present plans are plane geometry, algebra, world history, United States history, English, arithmetic, typing, and civics. Fees of \$10 for a half-unit course and \$18 for a two-term course will be charged.

School will be conducted six days a week, with 90-minute periods. Parents whose children have failed on one or more subjects, or who are weak in any subject, are reminded that the summer school offers an opportunity to make up needed work and prepare the pupil for the next term.

Hawaii Renews Statehood Drive

WASHINGTON, April 30. (AP)—The territory of Hawaii renewed today its demand for statehood.

The sunny island's delegate in congress—Lincoln L. McCandless—introduced a bill to this end. Simultaneously, similar demands from Puerto Rico were heard on capitol hill.

Both island groups, which have been under American control since the war with Spain in 1898, long have clamored for statehood and now are particularly emphatic in their demands because of alleged discriminatory treatment in the Jones-Costigan sugar bill.

The Hawaiian islands have a population of about 360,000 largely of Asiatic strain. The latest census showed about 40 per cent were of Japanese origin, with numerous Chinese and Filipinos.

MEMBERS ARE INITIATED INTO HONOR SOCIETY

HEADQUARTERS OF THE NEW CHAPTER WILL BE IN PAMPA

TWENTY-ONE members of the Beta Delta chapter of Delta Kappa Gamma, national honorary educational organization, were initiated at a luncheon at the Amarillo hotel Saturday. Miss Fannie May, head of the local high school English department, was elected president of the new chapter, and Miss Ethel Rice was named treasurer.

Dr. Annie Webb Blanton, national executive secretary of Delta Kappa Gamma and one of the founders of the organization, presided at a regional meeting of members of the Pi chapter of Amarillo and the Alpha Sigma chapter of Lubbock, and initiated 31 new members, including the 21 members of the Beta Delta chapter with headquarters in Pampa. Dr. Blanton is a pioneer in Texas educational circles, having once served as state superintendent of education.

Honorary membership was bestowed upon Mrs. C. T. Hunkapillar, and ten Pampa teachers were initiated. The new chapter includes members from Gray, Collingsworth, Carson, Hansford, Hemphill, and Swisher counties.

Pampa teachers who were elected to membership in the organization are Misses Fannie May, Ethel Rice, Mary Idelle Cox, Opal Cox, Josephine Thomas, and Clarice Fuller, and Mmes. John Bradley, J. L. Lester, Sam Irwin, and Annie Daniels.

Other members of the Beta Delta chapter are Miss Lillian Abbott and Miss Jewell Cousins of McLennan; Miss Alta Atkinson of Wellington; Miss Maurine Creed of Happy; Miss Ora Deakin, Miss Lucile E. Malze, and Mrs. J. C. Tuttle of Spearman; and Miss Nuta Turner of Canadian.

New Class Has Party and Plans For Others Soon

Fourteen young people of the J. Y. F. class of Christian church gathered at the home of their teacher, Mrs. James Todd Jr., for a get-acquainted party Saturday evening.

After games, Mrs. Todd served refreshments then the group went to a downtown fruit stand and enjoyed buttered popcorn.

The class, recently organized, had five new members yesterday. Miss Dorothy Mitchell, Wayne Hutchens, and Philip Belew were transferred from another class, while Miss Idell Adair and J. T. Kirkland were enrolled as new members.

A swimming party on the first day the municipal pool opens, and a May day party were planned by members.

Members of Merten Parent-Teacher Association Will Be in Charge of the School Thrift Room This Week in Its Open Hours, Tuesday and Friday Afternoons

Gifts of usable school clothing have been received for the room the past week, but more are needed. A shortage has been felt especially in dresses and underclothing for girls.

Committees from the eight Parent-Teacher units here are taking turns working in the room now, under general direction of Mrs. J. H. Hulme, thrift room chairman.

Follies Practice Will End Tuesday

Final practice for the junior follies of 1934, which will present dance pupils of Miss Kathryn Vincent at city hall auditorium Wednesday evening, will be conducted at 5 p. m. Tuesday.

A group of advanced pupils, as well as the younger children, will appear in this edition of the annual spring follies. Elaborate costumes and lighting effects with music by Mrs. Frank Keehn, pianist, and Mrs. Walter Nelson, violinist, will add to the program.

Oil Field News-- From The Panhandle Oil Center

AT END OF EIGHT YEARS PANHANDLE FIELD IS PROLIFIC PRODUCER AND GAINING STEADILY BUT REALLY DEEP PAY SOURCE ANTICIPATED

Moore County Test to Be Watched -- Phillips and Associates to Drill.

Gray County's Block 3 Is Continuing to Match Wheeler "Hot" Area.

After eight years, the huge Panhandle oil field of which Pampa is the center and Gray and Wheeler counties are the current "hot spots," is going ahead with startling development, new wells, extended pools, and production that is more than 12,000 barrels above the daily average of a year ago.

Last week, the daily average for the field was 58,805 barrels, as against 56,263 barrels the week before. This was a gain of 2,542 barrels. The allowable is 52,000.

During the week there were 2,004 wells on production that had an average daily production 29.3 barrels per well.

The daily average for the field by counties, as compared to that of the week previous, was as follows:

County	Prev. Week	Last Week	No. Wells
Carson	5,899	5,737	252
Gray	35,793	37,421	906
Moore	12,434	13,543	779
Hutchinson	661	750	12
Wheeler	1,160	1,354	53

Totals 56,263 58,805 2004 Increase, 2,542 barrels.

This report is based on production data obtainable from major companies, estimates from monthly pipeline runs and actual pipeline runs from small operators' leases. Each report necessarily shows overages and shortages, which do not actually exist. If averaged over a fair period of time, these figures will reflect actual daily average production.

Possibility of even greater production in this section, well below the well known lime and granite wash stratas, will be probed by the Phillips Petroleum company in Moore county, 157 block 3-T, T&NO survey. The location is on the Judge J. C. Wilson land, where a showing was found several years ago in the same company's No. 1 Wilson, bottomed at 3,500 feet.

The new test is intended to go, if necessary, to 8,000 feet to test out an old theory that the real oil pools lie below the "seepage" stratas from which Panhandle oil is now being drawn. Deepening is a favorite process in this area, but a really deep test is yet to be made. New methods in controlling drilling tools have encouraged Phillips and associated companies to make the test. If the result is encouraging, deep drilling may be tried elsewhere in the Panhandle.

Drilling wells in this field made a gain of net six for the week after the completions were deducted and the new locations added. This makes a total of 121 of them active. One of the best wells in this class is the No. 1 Bailey (Webb) of the Skelly company in section 42 block 25, H&GN survey. In the first 24 hour period of 300 barrels. It is the same area as the Vulcan well in section 41 that promises to be a big one.

Field Notes
Carson-Skelly Oil company No. 28 West Schaffer in section 68 block 4, I&GN survey swabbed 120 barrels in 22 hours while cleaning out.

CHAMBER WILL OPEN ATTACK ON STOCK ACT

SCORES OF NEW DEAL MOVES OUTLINED BY BODY

BY J. R. BRACKETT.

WASHINGTON, April 30 (AP)—A warning of a possible "breakdown" in income tax payments was given today by the committee on federal taxation of the Chamber of Commerce of the United States.

The report, with the findings of other special committees—outspoken criticisms of some government actions—will be acted upon by the chamber as a whole, which opens its annual meeting tomorrow.

The business men will be called upon to vote for an attack on the securities act, in a report of the committee on regulation of securities.

"Unless the act is properly modified," the committee found, "there is little, if any, prospect of the organization and sale of new and refining corporate issues in needed volume."

"Without the issuance and sale of such securities recovery will be delayed, if not prevented."

The committee on federal taxation, discussing the new legislation imposing higher income tax rates, asserted income tax payers will not cooperate unless they believe the tax fair.

The committee on federal expenditures urged that "emergency conditions should not be made an excuse for government projects that encroach upon private enterprise, and means should be found for liquidating any encroaching activities that have been undertaken."

This committee also added a warning: "Economic recovery cannot be brought about and maintained by government bonuses or loans to individuals, business or agriculture, but can only result from the employment of private resources and energies."

More than 250 manuscripts, including one from Japan, were entered in a playwriting contest for the best one-act play religious drama conducted by a New York City church group.

HIS HIGHNESS TELLS ONE
LONDON (AP)—The Prince of Wales, renowned for his appreciation of a good story, tells one of his own.

The yarn, related by his royal highness at a dinner of the Welsh Guards, tells of a man who complained to his doctor of pains, but was unable to locate them.

The patient was ordered to place a piece of paper under his vest and make a mark wherever he felt the pain. But when the doctor called later, the paper was missing.

The man's daughter, asked if she knew its whereabouts, replied: "The patient was ordered to place a piece of paper in all the holes in it? We put it in the piano and it played, 'O God, our help in ages past.'"

A tree in California is estimated to be between 4,000 and 5,000 years old.

Murder at MOCKING HOUSE

BY WALTER C. BROWN

SYNOPSIS: Pierre Dufresne, wealthy contractor and political boss, has been ambushed on a lonely road near the city. He reports the occurrence to the local police, and then to Director of Police Connors, who is much perturbed. Meanwhile Dufresne has made a sly change in a bid for a certain large contract.

Chapter Three
DEFENSE PLANS
Connors abruptly changed the trend of the conversation. "Where was Markison while all this was going on?" he demanded.

"It wasn't Markison's fault. He left the Austerlitz with me this morning and rode as far as the Old Pike Road. Everything was quiet, and I didn't see any necessity for his tagging at my heels all day, so I dropped him there. I had taken Mrs. Dufresne's car and no one but she knew where I was going. No one, not even myself, knew what time I would be coming back. Of course," he added, thoughtfully, "this may be just a coincidence and have nothing to do with the crank letters, but it looks as if those bullets had my initials on them."

Connors nodded and picked up the telephone. "Tell Markison and Barry to report to me at once," he ordered. Then he leaned back, chewed the end of his cigar. "Now, give me all the details about this shooting," he suggested.

Dufresne recounted the meager details of the mysterious attack. "As you know, Jim," he continued, "Markison has been trailing around with me for a week. And knowing that these anonymous penmen send me to carry out their threats, I went about my business as usual."

"When my wife and I came back to the city last autumn, we delayed opening the house. Mrs. Dufresne took a notion to have some of the rooms re-furnished. She has been visiting some cousins out in the suburbs, while I put up at the Austerlitz as a matter of convenience."

"I had a heavy round of visits up-State. Yesterday I decided to see Gridley about that Lee County job. I called up Mrs. Dufresne before I

started this morning. You have heard what happened on the way back."

To all seeming, the Director of Police was more upset and concerned over this attempted murder than the man who had so narrowly escaped death. Dufresne was too important a man, both financially and politically, not to warrant every effort being made to protect his personal safety.

Two of the Detective Bureau's best men had already been detailed on this affair after Dufresne had produced his series of crank letters. But now that this threat had materialized in a lethal aspect, something drastic must be done, regardless of the difficulties surrounding the tracking down of this type of lawlessness.

Presently Connors' secretary ushered in the two plainclothesmen. They saluted their Chief and waited expectantly. Dufresne exchanged nods with them. He lit a fresh cigarette and withdrew to the window.

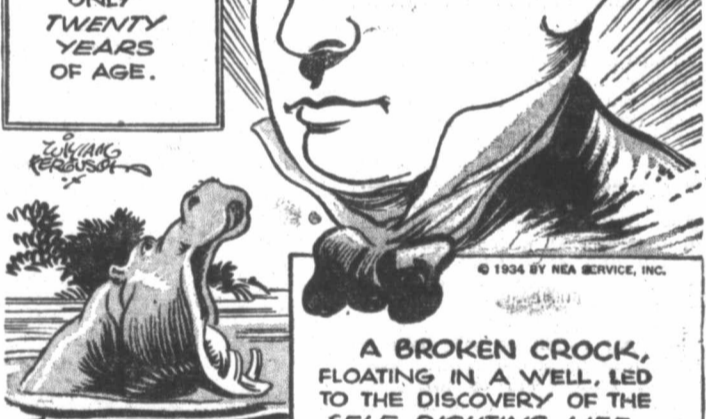

"Markison," Connors began, "you've trailed Mr. Dufresne for a week, or close to it. What have you to report?"

"Nothing, sir," the detective answered, readily enough. "I'll swear there was no one following him about while I was on the job. I've divided time with Barry, here, and he'll tell you the same." The second detective nodded emphatically.

Connors snorted and leaned forward over the desk, punctuating his remarks with vicious jabs of the unlighted cigar. "Well, you're dead wrong, Markison. And you, too, Barry. Somebody has been tracking Mr. Dufresne. That same somebody fired three bullets into his car this afternoon."

"It's a miracle he wasn't killed. No one but you two and Mrs. Dufresne knew about this trip beforehand, so it stands to reason this other fellow was on the job—and too smart for you."

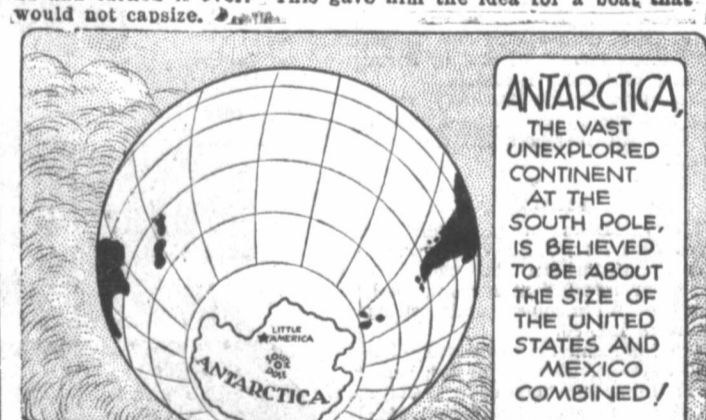

"Now, get this, and get it straight. We're going to protect Mr. Du-

A BROKEN CROCK, FLOATING IN A WELL, LED TO THE DISCOVERY OF THE SELF-RIGHTING LIFE-BOAT!

WILLIAM WOULDHAVE, while helping a woman lift a heavy vessel from a well, noticed a piece of wooden crock floating on the surface of the water. While toying with the crock, absent-mindedly, he was surprised to see it right itself, time after time, after he had turned it over. This gave him the idea for a boat that would not capsize.

ANTARCTICA is still the largest geographical mystery on the surface of the earth. Geographers are not certain that it is one large continent. It may be made up of smaller islands. Many of its secrets will yield to the ever clearing explorer, but it is probable the Antarctic will still be a land of mystery a hundred years from now.

freese if we have to turn out half the force to do it. Get together all the men you need to throw a cord on around him. Take no chances. Strike out along every line of inquiry you can think of.

"Barry, you take charge of these arrangements. You have a free hand, and I'll back you to the limit, but pick out men who know what it's all about. Markison, I'm putting Mr. Dufresne's personal safety directly in your hands. You hang on like a shadow and keep your eyes open. There is some one and it's up to us to catch him!"

"Get busy now, for Mr. Dufresne wants to get back to the Austerlitz. And while you're downstairs, take a look at that car. Perhaps the bullet holes will convince you!"

After the crestfallen detectives had withdrawn to augment their forces, Dufresne came back to the desk and impatiently crushed out the stub of his cigarette.

"Those fellows are not up to this job," he declared. "They're too thick mentally, their ideas are muscle-bound. Probably they're still unconvinced, because they didn't see anything. The reason is obvious—they're just the common garden variety of 'gunshoe.' Their methods are hall-marked. Even a half-witted criminal could see them coming a block away."

"Before I can feel safe again, Jim, I must have a man who won't waste time looking for false whiskers hiding behind trees. Can't you dig up a man I can take around with me without having him arouse suspicion or derision? Some one who can move about in evening clothes in places like the Austerlitz without looking like a musical comedy waiter? This thing may drag on for weeks and I can't have a riot squad picketed wherever I am."

Markison returned to indicate that the revised preparations were in readiness. Dufresne picked up his hat and overcoat and silently followed his bodyguard from the office. After he had gone, Connors tilted back and forth in his swivel chair, while he looked thoughtfully out at the falling snow.

Coming to a decision, he lifted the telephone receiver. "Get me Home-icide," he ordered, and in a moment he had his connection. "Director Connors speaking. Put on Sergeant Harper."

The chair creaked back and forth as he waited.

"Hello, Harper? . . . Say, Harper, have you got a dress suit? . . . No, I'm not joking. . . . Tuxedo? . . . Sure, I'll fill the bill. . . . Come on over. Harper, and I'll tell you about this soup-and-fish job. He listened to the Detective-Sergeant's response and chuckled. "No, this is the real thing. I'll tell you about it when you get here. . . ."

HARVESTERS' GRID PRACTICE BECOMES SERIOUS AFTER FINE SANDIE SHOWING

WORKOUTS TO CONTINUE FOR DOZENS DAYS

PAMPANS SHOW FIGHT AFTER SANDSTORM DEMONSTRATION

Football will be a familiar topic here until May 11 or 12, when the Harvesters will scrimmage the "exes" to close the spring training period. After seeing the Amarillo Sandies down the former Sandie stars 27 to 6 last Friday, the Harvesters have decided that all is not well.

The Sandies had just about everything—size, speed, light, and ability. Coach Odus Mitchell called his ends and backfield material to appear in shorts this afternoon. The entire squad will be put in uniform Thursday for the final grid.

Gorilla Coach Harry Kelley has about 40 boys out of spring training. They will have an intra-squad game Wednesday afternoon at Harvester park. The pick of the boys eligible to play Harvester football next fall may be kept out for the rest of the training period.

Last Cavalry Camel Is Dead In California

LOS ANGELES, April 30. (AP)—The death of "Topsy" set old timers talking today of the attempts of the federal government to place cavalry pack mules and horses with camels during the late Indian campaigns in Arizona and California.

Topsy was very old and may have been the last survivor of the cavalry camels. Her teeth had vanished, both her humps were broken and she scarcely was able to move her broad feet. So yesterday "Topsy" was destroyed at the Griffith park zoo where she had lived in retirement for many years.

The camels served for a while in the Indian campaigns, but the army soon learned to hate them. "They don't understand cuss words," the packers complained. Beale hastily imported two "Arabs" to take charge of the beasts. Unfortunately, according to the story, one turned out to be a Greek and the other an American.

While farmers on the north side of the Rio Grande are being paid to reduce their acreage, growers in the Mexican valley have put in a record crop of about 50,000 acres. There are 12,000 students and a faculty of 750 at Temple university.

ROADRUNNERS ROUT SPIDERS

Cyclonic Gust Of Wind Aids Negroes To Get To Town; Final Score: 26 to 4.

The joke about having to call the fire department to get the side out in a baseball game was literally enacted yesterday at Roadrunner Park only in this case it was a wind of almost cyclonic proportions instead of the fire eaters that came to the rescue.

The local brand of baseball, or what you must have proven a little too strong for the Black Spiders because they were able to put only nine men in uniform. As a result "Big Jack" Reed essayed a comeback the mound, but the job was too much for him. He later gave way to Shaw.

The management of the Roadrunners is not to be censured because of the poor showing of the Spiders. If newspaper reports are correct, the recent visitors have put up good games against some of the fastest semi-pro teams in this territory. They were booked with the expectation of putting on a good game and show along with it, as watching a good negro team play is usually worth the price of admission.

Cavalcade Is Picked To Win Kentucky Derby

LOUISVILLE, Ky., April 30. (AP)—Actual racing is the best training for the Kentucky derby, so until tomorrow, at least, the east must be conceded the edge in next Saturday's record-breaking triumph in the Chesapeake stakes at Havre de Grace.

Cavalcade ran the mile and six-tenths in 1:43 3/5, breaking the track record by two-fifths of a second. Mrs. I. D. Sloane's Eligible previously had equalled the track record of 1:41 4/5 for the mile and 70 yards at Havre.

Other eastern eligibles which raced well Saturday were Mrs. Frank J. Heller's Graciosa and Al. Fred. C. Vanderbilt's Discovery, which finished second and third respectively behind Cavalcade, and J. H. Louchheim's Speedmore and Mrs. Payne Whitney's Spy Hill, which finished second and third behind Mrs. Sloane's High Queen.

Only the lesser grade derby eligibles raced at Churchill Downs Saturday and a mediocre card was programmed, but tomorrow some of the leading western hopefuls may be entered in the preparation purse at one mile, better known as the "Derby Trial." The leading western contenders are the fillies, Mada, Hari and Bazaar, and the maiden colt, Sir Thomas.

BILLY HALLAS WILL GRAPPLE ROD TONIGHT

FENTON MAY MEET HIS MATCH IN GREEK THIS EVENING

Billy Hallas, wild Greek wrestler, will meet Lightning Rod Penton of Canada in the main event wrestling match at the Pla-Mor auditorium tonight. The semi-final will be with Pat Garrison, local oil man, wrestling Eddie McMillan of Greeley, Colo.

Wildcat Willie of LeFors is scheduled to meet Sailor Morgan of Childress in the preliminary at 8:15 o'clock. The wildcat has not appeared on a local mat for more than two years. Morgan won a preliminary last week.

Hallas, during the last week, allowed the Canadian to make all the threats he wanted to without a comeback, but this morning upon arriving here, Hallas answered all of Penton's remarks in a few words. "A fellow like that just thinks he's mean, and I plan to show him more stuff tonight than he has ever seen in one evening," declared Hallas.

MARKET BRIEFS

NEW YORK, April 30. (AP)—Stocks ended the month on a downward slant today, virtually ignoring a substantial rally in wheat and corn. A sharp sell-off after the second hour, however, was followed by dullness. There was another relapse just before the close and final losses ranged from 1 to around 3 points.

Two Champions To Risk Titles

NEW YORK, April 30. (AP)—Predie Miller, National Boxing association featherweight champion, and Vince Dundee, middleweight king, stake their championships in 15-round bouts this week.

Miller, tangles with Paul Dazzo of Chicago, N. Y., "buzz saw" against Louisvillian annual derby-eye boxing show Friday while Dundee, who makes his home in Newark, will meet Al Diamond of Paterson, N. J., in Diamond's home town Thursday. Both champions figure to win handily.

Otherwise the national boxing schedule for the week is marked by a ten-round match in Madison Square Garden here Friday night between Walter Neusel of Germany and Tommy Laughran of Philadelphia, an engagement that may determine what the future holds for the blond Teuton heavyweight. If he wins, Neusel may be given a chance to meet the winner of the forthcoming title match between Primo Carnera and Max Baer.

Skelly Gasoline Plant Will Have Soft Ball Team

Men interested in soft ball at the Skelly Gasoline plant of the Skelly Oil company held a meeting Friday and elected officers to pilot the team through the season. Those elected were E. A. Davis, manager; E. T. Anderson, captain; and Bob Dyer, co-captain. The team is expected to be one of the strongest in this section. It will soon be ready to meet all comers.

NEW ORLEANS COTTON

NEW ORLEANS, April 30. (AP)—Cotton improved at the end of the first hour on short covering owing to an unfavorable weather map, showing rain and cold in the belt. July contracts advanced to 11 1/2¢ on October to 11 1/2¢, or 5 to 8 points above Saturday's close. Later prices eased off rather sharply with outside markets, losing 15 to 21 points from the earlier highs with July at 10.97 and October at 11.10, or 13 points under the previous close. Near mid-session, some recovery in stocks coupled with trade buying, caused prices to recover 7 points, from the lows.

SENATORS WIN TWO STRAIGHT OVER PHILLIES

DRASTIC SHAKEUP NETS RESULTS FOR JOE CRONIN

BY HUGH S. FILLERY JR., Associated Press Sports Writer. Joe Cronin's drastic shakeup of the Washington lineup appears to have been just what the Senators needed.

Although only Ossie Bluege, of the three veterans lifted from the lineup, still remains on the bench, the scare Cronin tossed into his squad has shaken the Senators out of their lethargy and produced three successive victories. The second 7-6 triumph in a row over the Philadelphia Athletics hoisted them above the 500 mark and into fourth place yesterday.

Cronin dove in the deciding run with a single in the ninth after Jimmie Fox had clouted his fourth homer with two on in the third and Al C. Crowder had thumped "General" Al Crowder from the hill.

Both National league pace setters, the Cubs and Giants, were thoroughly beaten. A pair of homers by Gabby Hartnett failed to save Chicago, Kansas City 12; Milwaukee 3; Indianapolis 9; Louisville 1.

Mormon Crickets Appear In Idaho

BOISE, Idaho, April 30. (AP)—The devastating "Mormon" crickets, which came into prominence in 1848 when they threatened first colonists in Utah with starvation, have appeared in a half dozen spots of southern Idaho to carry on the destruction they started 50 years ago.

Large black creatures two inches long, when full grown, they eat everything in sight, including their own young or injured. When banded together they have mastered almost every device set up against them except tin fences and poison dust.

Packed into almost solid phalanxes, they move toward cultivated fields and their eating sounds like wind blowing constantly among the leaves. Desperate Mormon settlers, from whose experience with them the crickets came into prominence in 1848 when they threatened first colonists in Utah with starvation, have appeared in a half dozen spots of southern Idaho to carry on the destruction they started 50 years ago.

Walker Cuppers Begin Practice At St. Andrews

ST. ANDREWS, Scotland, April 30. (AP)—The American Walker cup golfers drove 1148 golf balls into the ocean on their trip across the Atlantic. Today Captain Francis Ouimet and his mates prepared to start practice over St. Andrews world-famous links where the mortality rate for golf pellets, although high, wouldn't be quite so excessive.

The team of nine completed the eastward crossing last night. Tired but confidently looking forward to the international matches, May 11 and 12, they arrived at this ancient golfing center shortly before midnight. Henry Cullen, secretary of the Royal and Ancient club of St. Andrews, ruling body of British golf, met the visitors at Londonderry and escorted them to St. Andrews. Despite the fact that the Caledonia reached Londonderry at 6 a. m. Sunday morning, several members of the team were on deck.

"We don't usually get up so early," said Harold W. Pierce, treasurer of the United States Golf association, "but some of us wanted to see the famous Irish scenery." Driving practice off a special mat on deck kept the team members in shape on the trip across even though the cost in golf balls did go over the \$100 mark.

The team, in addition to Ouimet, includes Johnny Goodman and Geo. Dunlap, American open and amateur champions, respectively; Chandler Egan, Max Marston, Gus Moreland, Johnny Fischer, Jack Westland, and Lawson Little. Pampa fishermen spent yesterday getting rods and reels in shape for the opening of the bass and rattle season at dawn tomorrow. There are a few suitable lakes near Pampa, but a number of Pampans planned to leave this afternoon for distant points.

In general, one may use any artificial or natural bait to catch bass or crappie. The bass must be at least 11 inches in length and the crappie seven. The per cent bag limit on bass is 15; on crappie 15. Bream and goggle-eye perch must not exceed 35 or 40, respectively, in your creel. Furthermore, it is unlawful to have in possession at one time more than 30 bass or crappie, or more than 70 bream and goggle-eyes. The open season on trout in Texas does not open until June 1. In New Mexico, the season already is open on bass, but will not open on trout until May 25. Although the drouth has played havoc with some of the choice fishing spots around here, there are still enough places where you can have your fun. Both the Tierra Blanca and Palo Duro creeks are said to be teeming with fish this spring. There are, in addition to the running streams, numerous lakes, private and open, where one may fish.

GALVESTON IS STILL LEADING TEXAS LEAGUE

SAN ANTONIO WRESTS 2 IN ROW FROM SHIPPERS

BY BILL PARKER, Associated Press Sports Writer. The Galveston Buccaneers are managing to stay just one jump ahead of the upward going San Antonio Missions in the Texas league pennant chase which has Galveston leading San Antonio second, and a two-way tie for third position between Tulsa and Dallas. Oklahoma City, Houston, Fort Worth, and Beaumont form the lower division quartet.

With Charlie English hitting for four and four, and Joe Malay getting three hits in four trips, the Buccaneers drubbed Houston yesterday, 7 to 3. English included in his assortment of hitting a triple and double that drove across four runs. Malay's three singles accounted for two runs.

In cooperation with this timely hitting, Orville Jorgens pitched well in the tight spots although he was touched for ten hits. Galveston staged a four-run rally in the eighth to drive Lefty Lyons from the mound. The Buck worked the squeeze play on successive pitches for the final two runs. It was Jorgens' third victory of the season.

It was a field day for San Antonio. The Missions moved closer to the league pinnacle with a double victory over Beaumont, 3 to 2 and 4 to 3. Conolly's hit in the ninth with two on and two out drove across the run that won the first game after the Missions had gone into the last half of the ninth behind, 2 to 0. In the second game the Missions again fought from behind to tie the score in the seventh and won in the eighth. In the first game Beaumont got six hits against the nightcap, each club got nine hits.

Jimmy Walkup and his teasing curve ball gave Tulsa a 5 to 4 decision over the Fort Worth Cats. Walkup, who formerly hurled for the Cats, allowed nine hits but kept them scattered by the (What-a-Man) Shires, recently purchased by the Cats, made his bow. Shires went hitless in four times at bat but

Convicts Escape Through Sewer

CHESTER, Ill., April 30. (AP)—Marked by their prison garb, two felons who wormed their way to freedom through a 14-inch sewer at the Southern Illinois penitentiary, were hunted again today in southeast Missouri. A few steps ahead of hundreds of possemen, Randol Eugene Norvell, life-term kidnaper, eluded his pursuers last night and boarded a train into Missouri.

With Norvell, arch-conspirator in the kidnaping last July of August Luer, 77, Alton banker and meat packer, was James O'Connell, convicted Effingham burglar. They escaped last Friday night. JAPANESE PUBLIC IS IN DARK ABOUT NEW AND SOFTER NOTE

BRITISH NOTE WILL BE MADE PUBLIC TODAY

MAY BE INTERPRETED AS RETRACTIONS OF STATEMENT

BY GLENN BABB, Associated Press Foreign Staff. TOKYO, April 30 (AP)—The Japanese public will be kept in the dark, officially at least, concerning the note in which the United States and Great Britain were reassured concerning Japan's intentions in China.

A foreign office attache told the Associated Press the government at present has no intention of publishing the note, explaining it is unnecessary since Sir John Simon is making it public in London today. Observers were quick to point out, however, that by not releasing the statement to the Japanese press and public, the government would thereby escape the domestic and political consequences of what might be interpreted as a partial retraction of the foreign office China policy declaration of April 17.

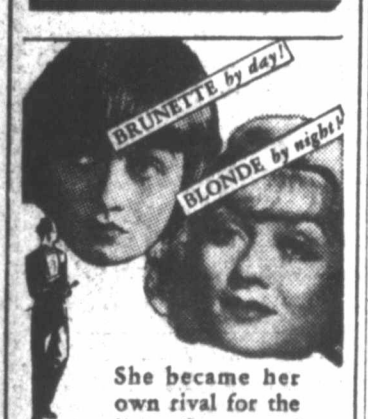

The note being made public before parliament by the British foreign secretary was presented April 26 to United States Ambassador Joseph C. Grew and the British Ambassador, Sir Francis Lindley. This statement by Foreign Minister Koki Hirota, was phrased in more conciliatory terms than that of April 17. It was described as the only "official" interpretation of the earlier declaration of the "hands off China" policy by a foreign office spokesman.

Hirota's statement gave assurance that Japan has no intention of opposing the open door policy in China, or violating existing treaties or interfering with any activities of other powers which would tend to China's benefit. So far as the Japanese people know today, the government's position and that declared April 17, based on instructions dispatched by the foreign office to Akira Ariyoshi, Japanese minister to China, remains unaltered.

Death Grazes Dillinger Thugs

Death narrowly missed the bandit occupants of this bullet-scarred coupe before they abandoned it in South St. Paul, Minn., in the flight of the Dillinger gang after a battle with officers in northern Wisconsin. A policeman is shown pointing to the rear window, shattered by a bullet, with another bullet hole shown in the body, indicated by an arrow. In side ledge of the car was blood-stained.

OUTBREAKS ON MAY DAY ARE IN PROSPECT

Police and soldiers of many lands were alerted for extraordinary duty today as outbreaks are expected to appear. All police leaves were suspended for last night and night to noon Wednesday. Communists and their sympathizers will form a parade, while socialists and affiliated groups have planned the other.

Other American cities made similar drastic precautionary preparations today while French mobilizations gave the country a war-time aspect. In Paris alone Tuesday, 18,000 police, 10,000 mobile guards and 3,000 mounted guards will be ready for action if mobs take to the streets during a May day strike against recent government economy decrees. Military units near Paris and other cities will be held in readiness.

Red flags and red signs popped out in many parts of Havana, calling upon all classes to join in communist May day demonstrations in which 40,000 are expected to participate. There were rumors of radical anti-government plots. Soldiers built sand-bag barricades at all bridges around the capital, made ready with gas bombs and bullets to meet any uprising. Austria began its precautionary moves by rounding up known agitators and consigning them to jail. Men suspected of plotting to dynamite government buildings were arrested Sunday in Vienna's underground sewer system. It was there that many socialist fighters held forth during the February civil war.

A "state of alarm" already had been declared in Spain. There was fear of violent disorders in connection with a general strike called by socialists and extremists in Madrid. Fearing clashes between members of the Zionist revisionists and the Histadruth—general federation of Jewish labor—authorities banned all demonstrations in Jerusalem. Nine foreign communists and one Belgian were arrested at Brussels and Malines, charged with preparing revolutionary agitation for May day. Firearms and propaganda were seized.

CHARLES NEWTON in Floydada, Hesperian—It's not hard to guess who's public enemy No. 1 by now. It seems almost incredible that in this modern day, with all the advances in crime detection and police organization that such a man

as Clyde Barrow can kill so many people in such a short time.

CHARLES A. GUY in Lubbock Avalanche-Journal—It is doubtful if the general public is any less glib when it comes to signing petitions than were the more than 150 students and faculty members of Akron university who pledged themselves unwittingly to decapitate themselves in celebrating the birthday of the university's president. Five members of the faculty, the president of the student council, student heads of the dramatic and theatrical groups and other campus leaders were among the signers. The petition was originated to "prove how futile are college petitions and how glibly are the students who sign them."

J. C. ESTLACK in Donley County Leader—The directors of the Panhandle-Plains Historical society took a forward step at the last meeting in authorizing Floyd V. Studer to continue his collection of prehistoric fossils and other valuable assets for the museum at Canyon. The Panhandle offers the richest field for variety in paleontological subject. Remains of numerous animals extinct for ages, perhaps millions of years, are ours right here, one of the richest fields of all being Donley county.

HAMILTON INDICTED

DALLAS, April 30 (AP)—Raymond Hamilton was indicted today as an habitual criminal for his alleged participation in the robbery March 19 of the Grand Prairie State bank. The 20-year-old outlaw's previous conviction for robbery of a bank at La Grange was cited in the habitual criminal allegation.
