### FARMER FATALLY BURNED SATURDAY WHEN STOVE EXPLODES

#### STOVE BLAST BLAMED FOR FATAL BLAZE

**Alton Fennell Dies  
4 Hours After  
Accident**

#### MRS. FENNEL AND BABY HURT

**Large Farm House Is  
Destroyed Last  
Evening**

Alton Fennell, 36, farmer, died at 10 o'clock last night of burns suffered when the large two-story farm house of Charles Skoogs, three miles northwest of Pampa, was totally destroyed by fire at 10 o'clock Saturday evening. Fennell lived about four hours in McKean and Conner hospital, where he was taken.

Flames from a coal stove which exploded ignited Fennell's clothing. He was badly burned on the body, limbs, and face before the flaming clothing could be extinguished by Mrs. Fennell, who was also seriously burned. She is suffering from the effects of a nervous collapse. The only child of the couple, a baby, was burned only slightly. All of the clothing Mr. Fennell was wearing burned and the body was badly charred.

He had just poured kerosene in the stove and was sitting in a chair by it when the kerosene ignited and exploded.

Mr. Skoogs was in Pampa when the explosion occurred and did not arrive at the house until it was almost destroyed. Mr. and Mrs. Fennell had been living in the Skoogs home for several months. She was employed as housekeeper and her husband as a farmhand. The Skoogs residence was one of the largest farm houses in this section.

G. C. Malone funeral home has charge of the body which will be sent to Big Sandy today for burial.

#### Alsop Jury Is Unable to Agree

FORT WORTH, May 10. (P)—The jury in the John Alsop murder trial was discharged at 4:30 o'clock this afternoon when it reported it was unable to agree on the penalty after deliberating 24 hours.

Just before noon it sent word that it had agreed on the guilt of Alsop. District Attorney Starn announced that the case in connection with the slaying of Isaac Tate probably would be reset for trial two weeks from Monday.

Alsop was charged with murder after he killed Tate and George Terrell, negroes, on April 10. The shooting followed the attempted robbery by the negroes of the First State bank of Polytechnic, a suburb of Fort Worth.

The state's theory was that the negroes were induced to stage the robbery by Alsop so that the \$5,000 reward for dead bank bandits could be collected. Alsop denied this and said he acted in good faith in shooting the bank bandits.

Many Attend Supper  
At an ice cream supper Friday evening the Fidelity and Y. M. B. C. classes of the First Baptist church served more than two hundred guests. A good program was given by local people.

Members of the class wish to thank all who took part in the program, and helped to make the supper a success. Music was provided by some of Pampa's local broadcasters, by whistlers, readers, and other local talent. The classes also expressed appreciation for the large audience at the occasion.

No more free rides for government officials on Chinese railroads. Passes have been abolished.

#### SCHOOL SERMON TO BE THIS EVENING

The baccalaureate service of Central high school will be held this evening at the First Baptist church, beginning at 8 o'clock. Bishop E. C. Seaman of the North Texas missionary diocese of the Episcopal church will deliver the address.

After the procession, the invocation will be given by the Rev. Tom Brabham. The choir and congregation will sing "America the Beautiful." The Rev. John Lee Harris will direct the choir.

Mrs. Dorothy Chambers will play a violin solo, "Adoration", by Borowski. Mrs. Martha Fannell will accompany her at the piano. The Rev. F. W. O'Malley will read from the Scriptures.

"My Anchor Holds," by Townner, will be sung by the Lions club octet, composed of R. B. Fisher, E. F. Thomas, C. C. Boles, George Briggs, Olin E. Hinkle, E. D. Zimmerman, Roy McMillen, Thomas Fannell.

After the sermon by Bishop Seaman will be the recessional followed by the benediction by the Rev. James Todd, Jr.

Other commencement week activities will include class night on Thursday and graduation exercises Friday evening. Prof. L. P. Sherry, head of the history department of West Texas Teachers college, will deliver the commencement address.

#### Scotch Golf Will Be Played at Pampa Club

What was described by W. H. Curry as a "Scotch two-ball foursome" is scheduled to engage the attention of the Pampa Golf and Country club members this afternoon at the course, beginning at 1 o'clock.

Each member is required to pick his partner, or vice-versa. The pair will then start play with one ball, alternating on strokes. No player may shoot twice in succession.

Mr. Curry suggests that any two may choose their own opponents, if agreeable to all concerned. Every member is asked to have his partner and opponents selected by the time play begins tomorrow afternoon.

#### Upshaw to Sound Call to Protect Dry Statutes

The coming of former Congressman Will D. Upshaw calls to the minds of local dry leaders an incident that startled congress and the nation a few years ago. When the subject of prohibition was upon the lips of everyone, Mr. Upshaw from the floor of the House called upon the officials of the nation, from president to governor, including congressmen and United States senators, to set an example before the nation by refusing to drink bootleg liquor. At that time the Literary Digest said, "To Congressman Upshaw is due the credit of awakening the conscience of America on the subject of sober leadership."

Pampa dry leaders yesterday asserted that the time is here when a clarion call should be issued and pressed home upon public officials to respect the law they swear to uphold. They said on one can sound that call quite more effectively than Mr. Upshaw, who has been a total abstainer all his life.

Mr. Upshaw will speak this afternoon at 3 o'clock at the Methodist church.

Members of the Central high school senior class wish to thank Sam Fenberg and the Diamond Shop for the gift of beautiful memory books on the front of which are printed the names of the recipients. The books are divided into sections for each school activity. At the back of the books appears this saying: "Not the end but the beginning, other goals set for the winning."

#### Boy Pilot Plans New U. S. Hop

Not satisfied with having broken the junior record for a flight from New York to Los Angeles by flying the distance in 34 hours and 3 minutes, Frank Goldsborough, 19, immediately got busy with plans to fly back to New York in less time. Goldsborough is shown here with the plaque and cup he received upon landing at Los Angeles after clipping 13 hours and 57 minutes off the junior record, held by Dick James.

#### LEGION AND CITY OF PAMPA REACH SETTLEMENT IN LEGAL BATTLE OVER FIRE STATION

Legal action of the American Legion to halt construction of the new fire station because of alleged invasion of lease by the city was settled out of court yesterday afternoon.

Under the terms of the settlement, the city will pay the Legion \$1,000 to obtain release from the suit and will move the Legion hall to a site to be selected. Citizens interested in securing the settlement will undertake to raise \$2,500 to help the Legion purchase a suitable lot. Part of this sum was pledged at the meeting.

Board of City Development officials were instrumental in bringing about the settlement. The petition of the Legion for an injunction to stop work on the fire station had been denied, but an appeal was being considered before the settlement. It is likely that the construction work will be resumed at once.

R. B. Haynes of Miami was a visitor here last night.

### THE WEATHER

WEST TEXAS: Generally fair, somewhat warmer in north and west portions Sunday; Monday, fair.

#### Gray County Production Drops But New Wells Are Brought In

Daily oil production of Gray county in the last week dropped to 68,248 barrels, 2,680 below that of the previous week, but 4,700 barrels of new production from two big and three small wells were sufficient to offset the decrease.

Magnolia's No. 5 Siler Faulkner, section 30, block B-2, was brought in for an initial production of 135 barrels per hour. Prairie Oil and Gas company's No. 1 Lycopomb, section 36, block 3, came in for an initial production of 50 barrels an hour. Dunlop Oil company's No. 4-C Morse, section 17, block A-9, had 1,200 feet of oil in the hole at 2,265 feet and was shot with 205 quarts from 2,698-2,695 and was put on the swab. It flowed 300 barrels in 21 hours and is now making 100 barrels daily. Adams Oil company's No. 4 Morse, section 3, block 26, was drilled to a total depth of 2,600 feet, had an initial production of 20 barrels an hour, but was shot from 2,490 to bottom and produced 200 barrels in 12 hours.

McMan Oil and Gas company's No. 8 Palmer, section 31, block B-2, was drilled to a total depth of 2,950 feet and had an initial production of 223 barrels.

Daily production of counties compared with the previous week follows: Carson—202 wells, producing 901 barrels, loss of 112 barrels. Gray—562 wells, producing 68,248 barrels, loss of 2,680 barrels. Hutchinson—669 wells, producing 24,305 barrels, gain of 2,158 barrels. Moore—19 wells, producing 435 barrels, loss of 29 barrels. Wheeler—39 wells, producing 921 barrels, gain of 597 barrels. Total production, 102,915 barrels, decrease of 632 barrels.

The Rev. F. W. O'Malley, pastor of the First Christian church, was to return last night from Austin, where he attended an annual state convention of the Christian church, and appeared on the program. Mrs. O'Malley visited in Amarillo during the convention.

#### ESTIMATES IN PROJECT WILL BE PREPARED

**Committee Is Named  
to Formulate  
Plans**

#### ALL OF COUNTY IS REPRESENTED

**State Engineers Will  
Assist in Road  
Proposal**

Road problems of Gray county were discussed at length here Friday when representatives of each precinct and of Pampa, McLean, and Alameda stated their ideas on the subject.

T. P. Smalling, president of the Pampa Board of City Development, called the meeting to order and turned it over to Tom Rose, chairman of the local body's highway committee. Clyde Fatheree was called upon to outline all phases of the subject, including routes, cost of construction, bond issue, and tax levy.

Nearly everyone present spoke in favor of improved highways. Toward the close of the meeting, a committee was appointed to draft plans for submission at a later meeting. This committee is composed of Clyde Fatheree, precinct No. 2, W. S. Tolbert, precinct No. 1; E. F. Sims, Alameda; M. D. Bentley, McLean; P. B. Bartley, precinct No. 3.

#### Bill Lang Makes First Hole-in-One at Country Club

Driving from the edge of a canyon to the edge of the other side, W. H. Lang made No. 5 hole on the course of the Pampa Golf and Country club in one stroke Friday afternoon. It was the first hole-in-one ever made on the Pampa course. Par on the hole is three strokes.

Distance to the hole is about 150 yards, though the length straight across the canyon is much less. The hole is difficult to make and involves a mental as well as a physical hazard.

Mr. Lang used a driver. Those present when he made the stroke were E. J. Weiss of Borger, and James S. Neely. Mr. Lang is describing the shot said he "nearly passed out."

Lady Luck must have been visiting the course yesterday for soon after Mr. Lang made his famed shot, James P. Grigsby, manager of the International and Equipment company missed the hole by a scant 12 inches. Mr. Lang is manager of the Tulsa Rig and Reel Manufacturing company.

#### Fire Station Permit Raises Building Total

Building permits for the week totaled \$27,500, raising the total for the year to \$315,633.

The chief item in building activities for this week was the \$25,000 permit to build the new fire station. Dilley's bakery on South Cuyler is being enlarged and remodeled at a cost of \$1,000. The roof is being raised four feet and numerous ventilators and skylights are being added.

#### DETOUR IS BEING MARKED TO PERMIT GRADING AND DRAINAGE WORK ON HIGHWAY 33 WESTWARD

Highway 33 from the Hobart street crossing to the edge of Kingsmill will be closed during the coming week and grading and drainage work will be started by Field & McClevey of Lubbock, who have the contract.

In order not to interfere with wheat hauling at Kingsmill, the grading will not be done at once through the town and on west to the county line.

Signs are being erected to detour traffic from West Foster north ward. Since the city is paving to close the gap to the Borger road, it will be necessary to send traffic further north, then west by the West Ward school for several blocks. Veering southward to the Borger road paving, the route will continue west almost to the county line and south to Kingsmill to reach highway 33.

The contractor is moving equipment in and will be ready to start work in a few days, according to Commissioner Lewis O. Cox. The state will carry the grading and drainage inside the city limits and up to Hobart street under an agreement secured by Mr. Cox April 22 at Austin. Later, the city, county, and state will jointly pave the street under another clause of the agreement.

#### Pampa High in Building List of Current Week

DALLAS, May 10. (P)—San Antonio led the state in building permits issued this week, with permits of more than \$250,000. The week was unusually light, only three cities coming within the hundred thousand dollar class.

Permits by cities follow:

CITIES	WEEK	YEAR
San Antonio	\$254,626	\$3,553,429
Houston	233,415	6,856,288
Dallas	176,076	4,486,779
Lubbock	72,900	1,110,980
Fort Worth	53,796	3,326,897
Beaumont	33,495	1,009,170
Pampa	27,500	315,633
Plainsview	23,925	224,505
Austin	22,559	1,155,900
Amariilo	22,375	1,095,509
El Paso	17,375	1,493,671
Port Arthur	16,542	1,278,706
Galveston	9,273	486,811
Waco	8,150	445,611
Wichita Falls	6,800	850,555

#### Fire Station Permit Raises Building Total

Building permits for the week totaled \$27,500, raising the total for the year to \$315,633. The chief item in building activities for this week was the \$25,000 permit to build the new fire station. Dilley's bakery on South Cuyler is being enlarged and remodeled at a cost of \$1,000. The roof is being raised four feet and numerous ventilators and skylights are being added.

#### 'Jake Paralysis' Problem Here Is Acute-Benefit Event Planned

Like the black plague scourge of the Middle Ages, "Jake" paralysis has laid its numbing touch on over 100 men and women in Pampa, 85 per cent of whom are now poverty-stricken and are greatly in need of medical attention and the bare necessities of life, according to Jack C. Rogers, manager of the Fla-Mor auditorium, who next Friday night will give a benefit ball for the victims. The entire proceeds will be used to alleviate the dire circumstances of those stricken with the malady. Tickets will go on sale Monday at \$1.50 each, and the money will be used as needed.

#### GUARDS WILL REMAIN UNTIL ORDER RULES

**Prominent Citizens  
Ask Governor  
For Troops**

#### MOST STORES CLOSE EARLY

**Act of Mob Said to  
Be Variety of  
Treason**

DALLAS, May 10. (P)—Governor Dan Moody said at 10:45 p. m. that he had signed the proclamation declaring a state of martial law in Sherman. He said Colonel L. E. McGee would remain in command.

Additional troops would not be ordered there unless they were requested, he said.

"They will remain in Sherman as long as they are needed," the executive added.

He said the proclamation was issued upon representations made to him by substantial citizens of Sherman that martial law was needed to clear up mob disorders.

SHERMAN, May 10. (P)—Colonel L. E. Davidson of the Texas National Guard declared here tonight that "martial law was not contemplated" for Sherman as a result of yesterday's rioting.

At 7 p. m. most of the stores were closed and a fair Saturday night crowd was on the streets, although well scattered.

No charges had been filed against those under arrest, and Sheriff Vaughn said none would probably be placed until feeling had subsided further. The officer pointed out that the destruction of the courthouse would hamper civil bodies in performing their duties.

The regular grand jury meets May 19 and there were no indications of a special term.

Justices of the Peace W. M. Blaylock held at an inquest that George Hughes, negro, whose attack on a white woman last Saturday incited the crowd to rioting, died by "suffocation while confined in a steel vault of the courthouse."

Tonight Colonel McGee stationed a unit of guardsmen around the negro brick schoolhouse.

No looting permitted. Three men with machine rifles were stationed on each corner of the courthouse square tonight and neither automobile traffic nor pedestrians were permitted to go within a block of the jail. Colonel McGee had instructed his men to permit no looting of pedestrians in downtown streets during the night.

"This was believed to be a precaution against a possible attempt to rescue the men held there in connection with last night's rioting. The entire town was being patrolled by troops, particularly the negro quarter."

Sherman was virtually a "closed town" for the night, virtually all stores being closed.

"We're going to protect property and life," Colonel McGee declared. (See SHERMAN, page 8.)

### BUSINESS OPPORTUNITIES

Rare opportunities to get either in or out of business. Opportunities covering a diversified range of business—Grocery Stores—Barber Shops—Canneries and a host of other attractive propositions. Read and use these Want-Ads—they are real producers for both buyer and seller.

### THE PRICE OF MOB ACTION

Gray son county paid a big price to reach a negro rather than let the law take its course.

Unbridled passion dethroned reason, and men gathered for miles around to have a part in the lynching party. First dynamite was used after officers with tear gas turned back the mob, then the courthouse was fired. The rest is history, and an unsavory history it is.

Common lynching is bad enough, but burning the courthouse was as unreasonable as firing a barn to kill the rats. The negro had no chance at law. The mob knew that. There was ample room for wrath, but certainly no cause for the action that followed.

Many believe that such an occurrence could not happen in the Panhandle. Others are positive it could not happen in Gray county. But mob spirit is a treacherous thing. One does not always know what he will do. Plainsmen are ruthless, but usually reasoning in their determination. We do not believe they would destroy valuable public property. We hope that no lynching shall ever mar the good record of Gray county.

Citizens should take the attitude of the officers of the law. They respect the law, as good citizens should. Their wrath is probably as strong as that of private residents when a dastardly crime is committed. But they control their passions that the law may take its course.

Admittedly, the law is often a lame institution, but in crises which precipitate mob violence the law almost invariably functions effectively. Lynch law is indefensible in all except isolated cases and mob destruction is anarchy.

### OUR UNSOLVED AIRPORT PROBLEM

Pampa's airport problem, dormant for more than a year, has not been solved. The tract on which the planes land is, very fortunately, available for the present. It may be sold or converted to other uses on short notice. Considering the way the city is growing eastward, it is likely that this airport will be discontinued in the not very distant future.

In the absence of more railroads than we now have, the airport is exceptionally important. Those who are investing huge sums in this vicinity are the ones who use the landing field most. The oil fraternity takes the lead in aviation. Company planes precede commercial flying.

Few cities of the size and location of Pampa have not spent from \$25,000 to \$75,000 for airports and equipment. In view of the growing importance and inevitable position of aviation in the transportation business, no expenditure could be more timely and logical.

Pampa should start at once to solve her airport problem.

After listening to anglers of this city, we are sure there are no FISH in efficiency.

# Smooth... YES!

### because of its rigid, counterweighted crankshaft, Harmonic Balancer and new-type engine mountings

Consider the delivered price as well as the list (f. o. b.) price when comparing automobile values. Pontiac delivered prices include only authorized charges for freight and delivery and the charge for any additional accessories as financing desired.

**\$745**  
and up, f. o. b. Pontiac Michigan

Smoothness is an outstanding quality of Pontiac performance—because Pontiac design includes those features essential to smooth operation.

The 60-horsepower motor operates at moderate engine speed when developing maximum power. The 53-pound crankshaft is counterweighted and has the Harmonic Balancer to

offset torsional vibration. The crankcase is heavily ribbed to retain the main bearings in accurate alignment. And the engine is insulated from the frame by rubber mountings.

You can sense the result of these quality features the minute you take the wheel of the Pontiac Big Six—smoothness at low speeds; smoothness when accelerating; smoothness when the throttle is open wide! And smoothness is the distinguishing characteristic of a well designed, up-to-date automobile!

## PONTIAC BIG SIX

### CHURCHES

**FIRST BAPTIST CHURCH**  
Our Mother's Day service will be held this morning promptly at 10:45. All of us should pay tribute to our mothers by being in services today. We have an appropriate and varied program, and invite the public to visit us.

All the members of the church are urged to be at the morning service and to stay for the business session following the program. At this business meeting the church will elect a pastor.

The unions of our training service will have their regular meetings at 7 p. m.

We are glad to have the baccalaureate service of the high school held in our auditorium this evening beginning at 8 o'clock.

Our people are requested to attend the prohibition service held in the auditorium of the Methodist church this afternoon at 3 o'clock. Hon. Wm. D. Upshaw is one of the vice presidents of the Southern Baptist convention, and is one of our most widely known and honored laymen. Hear him.

**SALVATION ARMY**  
Lieut. Mary Thomas, who for the past six months has been assistant officer at the Salvation Army here, has been transferred to a similar position in Dallas.

She will be succeeded by Lieut. Troy Belver from the Salvation Army training at Atlanta. A special welcome meeting will be conducted at the Army hall Sunday night for the new officer.

**CENTRAL BAPTIST CHURCH**  
Sunday school will open at 9:45 o'clock. Our goal today is 100 in Sunday school.

A special service will be held at 11 o'clock for fathers, as well as mothers. The Rev. E. N. Shepherd will preach. Special music will be led by T. D. Carroll of Fort Worth. Brother Carroll has been bringing some wonderful messages in song the last week. You are missing a great treat when you fail to hear him.

The B. Y. P. U.'s meet at 7 o'clock. Ray R. Hungate is general director.

We especially invite the unaffiliated Baptists in our community to be present today. Everyone is welcome. Come.

#### CHURCH COMMITTEE.

**FIRST CHRISTIAN CHURCH**  
Mother's Day

Let every one be on time for Bible school at 9:45 o'clock. There is a class for every age, with a competent teacher in charge. The attendance and interest are growing rapidly. We have ordered more chairs for the little folks and more chairs for the older folks, so come and bring the whole family.

Communion will be held at 11 o'clock, followed by a sermon and songs appropriate to the spirit of Mother's Day. Some of the old songs that our mothers loved to sing and a solo, "Little Mother O' Mine," by Mrs. W. A. Bratton, will be special features of the morning service. The Rev. O'Malley has returned from the convention at Austin, and will be in the pulpit with a special message for us. Come, a hearty welcome awaits you.

Four Christian Endeavor classes will meet at 7 p. m. There will be no preaching services in the evening, as we dismiss to go to the First Baptist church for a union meeting and the baccalaureate sermon by Bishop Seaman of Amarillo.

**FIRST METHODIST CHURCH**  
Mother's Day Program

"Honor thy Father and thy Mother; That thy days may be long upon the land which the Lord thy God giveth thee."—Exodus 20-12.

Prélude, Mrs. F. L. Elliott.  
Invocation, choir.  
Musical reading, "Songs My Mother Sang to Me," Janice Purviance.

Hymn, "Faith of Our Mothers," choir and congregation.  
Prayer: The Lord's Prayer, congregation.

Hymn, "Mother," choir.  
Old Testament lesson.  
Gloria Patri.  
New Testament lesson.  
Vocal solo, Rev. Tom W. Brabham.

Address, "Mothers," Hon. W. D. Upshaw, Georgia.  
Hymn, "My Mother's Prayer," choir.

Benediction.  
The Hon. W. D. Upshaw congress-

man from Georgia, will speak at 3 o'clock. His theme will be "America's Greatest Battle." Every member of the church is urged to be present.

TOM W. BRABHAM, Pastor.

**CHRISTIAN SCIENCE SOCIETY**  
Room 2, First Nat'l Bank Bldg.

Sunday, 11 a. m. Subject: "Adam and Fallen Man."  
Sunday school, 9:45 a. m.  
Wednesday, 8 p. m.

The reading room is open on Mondays, Wednesdays, and Saturdays, from 11 a. m. to 4 p. m. The public is cordially invited to attend our services and use the reading room.

## This Sturdy Chevrolet Six 1 1/2 Ton Truck \$520

J. O. B. Factory, Flint, Michigan  
Complete with broad bumper, full length running boards and rear fenders.

- 1 Six-cylinder engine**—50-horsepower—combines remarkable smoothness, flexibility, power and economy.
- 2 Ball-bearing steering** offers a short turning radius of 23 1/2 feet and assures easy handling in restricted places.
- 3 4-speed transmission** gives ample power for every condition of road or load.
- 4 Channel steel frame**, 6 inches deep, 15 1/2 feet long, takes oversize bodies without excessive overhang. Chevrolet offers unusually low loading height.
- 5 The rear axle is bigger, stronger** and has spiral bevel gears—is easily accessible for inspection or adjustment, due to a detachable cover plate.
- 6 Four long semi-elliptic springs**, mounted parallel to the frame, carry peak loads with safety, and provide better load distribution.
- 7 Rear fenders, splash aprons and full-length running boards** are standard equipment on the Chevrolet truck and are included in the list price.

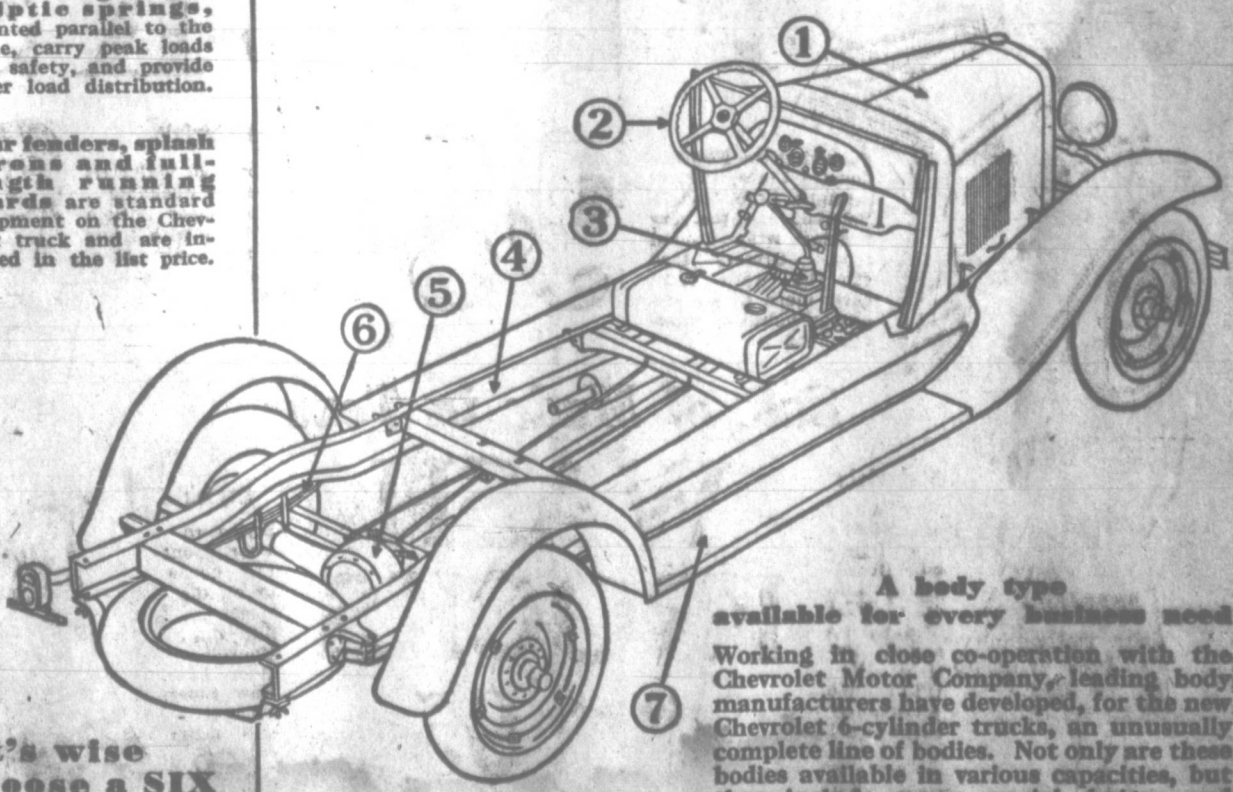

Nomatter what your business may be, bear in mind when you buy a truck that it's wise to choose a Six!

A six-cylinder engine runs smoothly—saving the chassis and body from the harmful effects of vibration. It is flexible in traffic. It requires less gear-shifting. And it maintains high speeds easily.

The Chevrolet Utility Truck gives you all the superiorities

of six-cylinder performance—for it is powered by a great 50-horsepower six-cylinder valve-in-head engine. And, in addition, it brings you all the advantages of modern design listed at the left.

Come in today and see this sturdy six-cylinder 1 1/2 Ton Truck. You can see for yourself why truck users everywhere are finding it wise to choose a Chevrolet Six!

A body type available for every business need. Working in close co-operation with the Chevrolet Motor Company, leading body manufacturers have developed, for the new Chevrolet 6-cylinder trucks, an unusually complete line of bodies. Not only are these bodies available in various capacities, but they include many special designs and types to fit the needs of every business.

Unique Program Is Given at Child Study Club's Open House

The charming courtesy of Child Study club's annual open house, Friday afternoon at the home of Mrs. J. E. Murfee, was made doubly enjoyable for the forty guests and club members by a program of original character and unusual interest.

Mrs. S. A. Hurst, president of the business group, welcomed the presidents of other women's organizations and friends of Child Study club members who were present, and presided during the presentation of the entertaining program.

With the club membership forming the student body of a make-believe college, and with Mrs. A. H. Duquette, Mrs. Raymond Harrah, and Mrs. Tom E. Rose as the instructors, a half-frivolous, half-serious demonstration lesson was given, reviewing the work of the club for the year in the pursuit of self-culture and the knowledge necessary to guiding boys and girls to sound minds, sound morals, and sound bodies.

Answering to their maiden names, the pupils responded to questions asked by the head teacher, Mrs. Duquette. A factious treatment and a serious discussion of each question gave the program variety. A contest in the recognition of masterpieces of art by description was held by Mrs. Harrah, followed immediately by a music memory contest conducted by Mrs. Rose. Guests participated in both contests. Mrs. B. E. Finley received an attractive print as the prize for a perfect score in the art contest, and Mrs. Tom W. Brabham received a Victrola record as the prize in the music memory contest.

Pastel colored sweet peas in low bowls and vases of pink garden roses were attractive notes of decoration in the long suite where the reception was held. Sprays of sweet peas and ices moulded in floyer forms lent color to the tea plates that were passed at the close of the program.

Guests were as follows: Mrs. T. R. Martin, president of Junior Twentieth Century club; Mrs. Grace Higgins, president of the Business and Professional Women's club; Mrs. C. T. Hunkapillar, president of the Pampa branch of the A. A. U. W. and College club; Mrs. Wm. T. Fraser, president of the study group of the A. A. U. W.

Mrs. R. A. Williams, Mrs. Porter Malone, Mrs. Frank Beaudoin, Mrs. Wade Duncan, Mrs. J. V. McCallister, Mrs. Joe Hodge, Mrs. H. H. Hicks, Mrs. S. Beavers, Mrs. Campbell, Mrs. Luther Pierson, Mrs. Henry Thut, Jr., Mrs. V. E. Fatheree, Mrs. Tom Duval, Mrs. E. W. Hogan, and Miss Willette Cole.

The members present were: Mrs. T. H. Barnard, Mrs. W. E. Coffee, Mrs. W. A. Crawford, Mrs. A. H.

Doucette, Mrs. Ivy E. Duncan, Mrs. B. E. Finley, Mrs. Raymond Harrah, Mrs. Lee Harrah, Mrs. H. D. Lewis, Mrs. Floyd McConnell, Mrs. Roger McConnell, Mrs. G. C. Malone, Mrs. W. Purviance, Mrs. Tom E. Rose, Mrs. Joe M. Smith, Mrs. Roy Tinsley, Mrs. J. M. Turner, Mrs. Roy Wylie, Mrs. W. S. Tolbert, Mrs. Tom W. Brabham, and Mrs. S. A. Hurst.

Mrs. A. Ralsky Is Hostess to Bridge Club at Luncheon

Members of the J. A. O. bridge club were guests of Mrs. A. Ralsky, Haggard apartments, at luncheon Thursday. Mrs. Frank Hatfield and her daughter, Miss Mildred, of Bradford, Penn., were special guests and members present were: Mrs. Carl Brashears, Mrs. Ernest Sanders, Mrs. Walter Dean, Mrs. E. B. Guber, Mrs. Harold Kelly, Mrs. John Haggard, and Mrs. Leo Murphy.

In the bridge games following the luncheon, Mrs. Haggard scored high, and Mrs. Brashears low. Attractive favors were given.

An amusing search for hidden pennies and an auction of novelty favors preceded breakfast. Red and white roses formed the centerpieces for two prettily appointed tables, where covers were laid for the following: Mrs. L. C. Peddicord, Mrs. C. W. Stowell, Mrs. T. A. Cox, Mrs. C. C. Cockerill, Miss Nettie Sims, Miss Wilma Chapman, Miss Mary Nell, Miss Sue Rhody, Mrs. Stout, and Miss Willis.

Piano numbers by Miss Willis and group singing brought the delightful affair to a close.

Lodge Members to Attend Mother's Day Service in Body

The Women of Mooseheart Legion will observe Mother's Day by attending morning service in a body at the First Baptist church, where pews will be reserved.

All members are asked to assemble at the I. O. O. F. hall at 10:40 o'clock.

T. L. Andrews, salesmanager, and W. A. Buron, supervisor, of the Magnolia Petroleum company, transacted business in Pampa Friday.

Mrs. J. H. Kelly was a visitor in Miami Saturday.

West Ward Classes Hold Picnic Friday at Harvester Park

Football games, baseball games, all manner of out door contests, and a generous basket lunch were delightful features of a picnic held Friday afternoon at the Harvester athletic park for 85 girls and boys of the fourth and fifth grades of West Ward school.

The picnic began at 11:30 o'clock in the morning and continued until 4 o'clock. Miss Josephine Thomas, West Ward principal; Mrs. T. A. Cox, teacher of the high fourth grade; and Mrs. C. W. Stowell and Miss Sue Rhody, teachers of the fifth grade classes, were in charge. Mrs. Carol of Cleburne, who was visiting her sister, Mrs. Cox, assisted in entertaining the pupils.

Pampa Expression Pupils Record Work for the Phonograph

Phonograph records were made of readings by nineteen of the older pupils of Mrs. F. Lee Hill's school of expression at an Amarillo recording studio yesterday morning. Work of the younger pupils was recorded a week ago at the same studio.

Those who gave readings yesterday, Mrs. Allen, Mrs. C. C. Dodd, Elizabeth Erard, Cleo Benton, Maurice Saunders, Billie Davis, Doris Ann Davis, Victor Wade, Geraldine Wade, Charles Shelton, Marie Tinsley, Doris Hall, Ruth Reynolds, Thelma Duncan, Nellie Meers, Sybil Ward, Dorothy Brumley, May Jo Wynn, June Bynum, and Edith Gatton.

Parents of several pupils accompanied the class to Amarillo, and with them formed a party for a luncheon at the Herring hotel and a matinee. They included: Mrs. Floyd Erard, Mrs. Allen, Mrs. C. C. Dodd, Mrs. Roy Tinsley, Mr. and Mrs. J. M. Saunders, and Mr. and Mrs. Sam Wheeler.

Haleyon Bridge Club Entertained Friday With Three Tables

Mr. and Mrs. Joe Berry entertained Haleyon bridge club and a number of additional guests Friday evening at their home.

At three tables the players were as follows: Mrs. Lennen, Mrs. Hitchcock, Mr. and Mrs. A. C. Post, Mr. and Mrs. Carl Brashears, Mr. and Mrs. W. A. Wilson, Mr. and Mrs. E. B. Guber, and Mr. McCullough of Tulsa.

Guest favors went to Mrs. Willson and Mr. rashears. Mr. and Mrs. Post received the trophy for combined scores among the club members. Refreshments were served in two courses.

R. L. Champion, manager of the local J. C. Penney company store, returned Friday from Dallas.

Azar Class Party Follows Springtime Motif of Decoration

The Azar class of the First Baptist Sunday school gave a springtime party Thursday afternoon at the home of Mrs. P. E. Hoffman, North Banks street, with eighteen members present. Colorful flowers and butterflies decorated the house with pleasing effect.

The guests were welcomed upon their arrival with strains of "Springtime in the Rockies," played on a Victrola. Games and cleverly planned contests were enjoyed, and at tea time dainty refreshments were served.

The following were present: Mrs. P. A. Potter, Mrs. Clyde Garner, Mrs. Harry Grove, Mrs. Jack Arrington, Mrs. W. R. Bell, Mrs. Geo. Johnson, Mrs. W. W. Weant, Mrs. Floyd McConnell, Mrs. B. W. Rose, Mrs. R. Earl O'Keefe, Mrs. Lane, Mrs. Tracy Willis, Mrs. Stephens, Mrs. J. C. Fairbank, Mrs. C. M. Medford, Mrs. C. A. Clark, Mrs. W. E. Thomas, and Mrs. G. C. Malone.

LOCALS

Mr. and Mrs. Leo Murphy, their daughter, Phyllis Jane; and their guests, Mrs. Frank Hatfield, Miss Mildred Hatfield, and Andy Leison of Bradford, Penn., left yesterday for a short visit in Albuquerque, N. M.

Mrs. John Haggard and daughter, Mildred; Mrs. R. E. Hill and daughter, Lois; and Mrs. Harold Kelley spent yesterday in Amarillo.

W. J. Schroll left yesterday for Tulsa, where he has been transferred by the Shell Petroleum company. Mrs. Schroll and their daughter, Wilma, will move to Tulsa following the close of school next week. They have been residents of Pampa for the last three years.

Mr. and Mrs. H. F. Swindle of Ponca City, Okla., are here for an extended visit with Mrs. and Mrs. H. G. Myers.

Mrs. L. C. Carroll left yesterday for her home in Cleburne, after a visit of several days with her sister, Mrs. T. A. Cox, and Mr. Cox.

Miss Willette Cole and Miss Leah Amend are spending today at Clarendon at the home of the former's parents.

Mr. and Mrs. Jack Vincent and children, Mary Jim and Jack, Jr., of Amarillo, are visiting with Mrs. Vincent's parents, Mr. and Mrs. J. E. Williams.

Rev. L. D. Summerall, pastor of the First Baptist church at Happy, Rev. and Mrs. D. D. Summerall, and baby, attended evangelistic services at the Central Baptist church Friday morning. Rev. D. D. Summerall is pastor of the San Jacinto Baptist church at Amarillo.

Junior-Senior "Night Club" Is Clever Event

One of the several brilliant events of the commencement season was the banquet of the "Junior-Senior Night Club" at the New Schneider Friday evening, with nearly 150 persons present.

The dining room, beautifully decorated, was soon enhanced by the costumes of the junior and senior girls, lending color typical of graduation days. Miss La Velle Meyer, president of the Junior class, was the clever toastmistress.

After the invocation by Supt. R. E. Fisher, Miss Meyer welcomed the seniors, and President Tom Braly of the graduating class responded. Short talks were made by Supt. Fisher and Principal L. L. Sone.

Clever song and dance specialties were given by "The Duncan Sisters," Lorette Fletcher and LaVern McLendon of the Freshman class, and by Miss Joyce Smith.

The principal speaker was Olin E. Hinkle, who presented "Pages From My School Diary," together with numerous wise-cracks directed at students, faculty members, and school life in general.

Besides the Juniors and seniors, those present included Supt. and Mrs. R. E. Fisher, Principal and Mrs. L. L. Sone, Miss Bernice Whiteley, E. H. Solf, Prof. and Mrs. J. L. Lester, Miss Fannie Florence Sims, Miss Arless O'Keefe, Miss Leah Amend, Miss Zenobia McFarland, A. M. Fox, and Olin E. Hinkle.

W. A. Elmore, parts and service manager of the Oklahoma City branch of Olds Motor works transacted business here Friday.

Howard Hampton made a business trip to Clarendon Friday.

W. A. Carney, Groom, was a visitor in Pampa Friday.

Mrs. B. B. Butterfield of Amarillo was a business visitor here Friday.

T. R. Boone, attorney of Wichita Falls, transacted business here Friday.

Piano Marathon Opens—Chopin to Be Featured

A unique performance was started at the Pampa at 8 o'clock last night when Jimmie Cole, native of Temple, Okla., now of Kansas City, began playing Chopin's "Nocturne in E Minor," and in his heart dedicated 50 hours of continuous piano playing to the composer, Chopin. This famous composition soon melted into "Crazy Words," which was followed by Paganini-Lisa's "La Campanella." Twenty minutes after the gruelling marathon began the 20-year-old boy was playing "Twelfth Street Rag."

Unless other requests are made, throughout today, Jimmie will play every composition credited to Chopin, his favorite composer. He will follow with the complete opuses of

List, Beethoven, and Stravinsky. Monday will be devoted to jazz with a sprinkling of classical music. The doors of the Pampa will be opened to the public throughout today and tonight and all day tomorrow. Jimmie will play all request numbers. The marathon closes at 10 o'clock Monday night in the middle of the regular Monday night dance.

To help him play 50 hours longer than he has ever played, Jimmie

also has on top of the piano, a bottle of paregoric, tape for tired and bleeding fingers, a bottle ammonia for smelling purposes in case he faints, and a carton of cigarettes.

# Murder Backstairs

by **ANNE AUSTIN**  
AUTHOR OF  
"THE AVEGING PARROT"  
"THE BLACK PIGEON, ETC."  
©1930 by NEA SERVICE INC.

Working first on the theory that Crosby had poisoned the perfume before giving it to Mrs. Berkeley, Dundee is forced, by chemist's report, to conclude that the poison—wood alcohol—was placed in the perfume after it had been taken to Mrs. Berkeley's rooms, and that Doris had caught the poisoner at work, her murder following inevitably. In a long night session Dundee reviews the whole case, testing each member of the household as to a motive for Mrs. Berkeley's intended murder. Finding Gigi waiting for him, he tells her not to worry any longer about her father, whom she has been desperately trying to shield, and asks her to answer one important question.

**NOW GO ON WITH THE STORY**  
**CHAPTER XLVII**  
The Berkeley household had been notified on Sunday afternoon that the inquest into the death of Doris Matthews would be held Monday morning, at 10 o'clock, in the funeral chapel of the city morgue.

When Dundee entered the dining room at half past eight he found that he was the last to appear for breakfast and that every member of the party was decorously dressed for the coming solemn occasion.

"Hello, sguard!" Gigi greeted him joyously, then broke into parodied song:

"My Bonnie lies long past the hour,  
"My Bonnie lies long in his bed!"  
"Gigi her mother reproved her. "Just when we were talking of a funeral, too!" She turned explanatorily to Dundee: "George and I have decided to have the funeral here, dear Mr. Dundee. In the little parlor—not the servant's sitting-room. Doris was Church of England, wasn't she, dear Mrs. Lambert? I'm sure our own Episcopalian minister would be delighted to conduct the services, both here and at the cemetery."

"Mrs. Berkeley, Mr. Crosby and I have talked it over and we'd like to take Doris to New York and bury her beside Phyllis. We feel it's what they both would want."

"Oh!" Mrs. Berkeley said uncertainly. Then, in a rather strange voice: "You—won't be coming back, I suspect?"

Mrs. Lambert smiled faintly and shook her silver-white head. "I don't believe you will need me, now that—"

"Of course it was largely because of Florida's marriage to Mr. Crosby that I needed you," Mrs. Berkeley interrupted eagerly, "and now that she is going to marry John Maxwell instead—"

"I'm glad you admit it at last, Mother," Florida cut in quietly. "Oh, I'm going to stop trying to manage other people," Mrs. Berkeley laughed, flushing brightly. "Your father and I had a long talk last night, children and your old Abbie is going to settle down and be a model small-town wife and mother."

Husband and wife exchanged the first frank, affectionate glance that Dundee had seen pass between them and the young detective felt a sudden surge of something remotely akin to fondness for the woman he had disliked so heartily.

He looked swiftly toward Gigi. The child's eyes were downcast and her lips were trembling, but whether from grief at Mrs. Lambert's imminent departure, or from a painful joy over her mother's tacitly promised reformation, he could not tell. But when he glanced at Mrs. Lambert he felt no doubt at all as to what had brought the tears to her blue-gray, shadowed eyes. For her eyes were upon

think I am—you are invited to attend a very private confession party at Hillcrest this afternoon at six o'clock.

"And in the meantime, what am I supposed to do?" Strawn demanded sarcastically. "I'm only the chief of the homicide squad. What are my orders?"

Dundee laughed. "I want you to telephone to Hillcrest this afternoon about four o'clock and request, very officially, the presence of every member of the family, and of Crosby, Mrs. Lambert and Wick-ett, in your office. I'll come along as a matter of course and to make sure there are no absentees. You can tell them anything you like, hammer away at them with as many questions as you can think up. I'll slip away at five and telephone you whether the pot's boiling or not. If it is, I'd like for you to duck out at about 20 minutes to six, leaving word with Sergeant Turner to dismiss the crowd 10 minutes after you're gone. By then you'll be on your way to Hillcrest, with a 10-minute start of the Berkeley's. I'll be waiting for you and then—with luck—the pot should boil over very promptly."

Probably if Dundee had not staged a confession in the Rhodes House murders in much the same secretive and dramatic fashion Captain Strawn would not have lent his aid to the program outlined by his subordinate, without knowing what it was all about.

As it was, the chief of the homicide squad followed instructions to the letter. At five o'clock Dundee left Police Headquarters for Dr. Jennings' laboratory. At ten minutes past five he spoke four cryptic words to Captain Strawn: "The pot is boiling." In another five minutes he was in a police car, headed toward Hillcrest, his suitcase between his knees.

But he was not jubilant. So far as he was concerned, the show was over. With all his heart he wished he could leave the theater before the curtain rose on the third act—that terrible, necessary third act in which a human being, as life-loving as himself, would be crushed before his eyes. But he had to go on with it. With his heart like lead he set his stage.

From the center of the dressing table in a bedroom at Hillcrest he removed the black-and-gold bottle of perfume he had purchased that day and put the original bottle in its

### Konjola Ends Neuritis and Other Ailments

Fort Worth Lady Says "New Medicine is Wonderful"— Urges Others to Try Konjola

MRS. ELLA COOPER  
"I suffered with neuritis for about fifteen years," said Mrs. Ella Cooper, 609 West Richmond street, Fort Worth. "The pain and soreness in my arms and shoulders were so severe that I could scarcely do my work. At one time for a period of several months I was confined to my bed and was too helpless to feed myself. My nerves were shattered and I did not know what a night's rest was. My stomach was out of order and my kidneys were weak. Vomiting spells were frequent."

"Konjola soon began to ease the neuritis pains in my arms and shoulders and I could use these members. Today all trace of neuritis has disappeared and my nerves are calm and steady. My food digests perfectly and I eat what I wish without the pain and distress afterward. My kidneys have been strengthened and the pains in my back have gone. Konjola certainly went to the spot in my case and I think it is a wonderful medicine."

Although Konjola works quickly, six to eight bottles are recommended as a fair trial. One bottle will last a week and the cost is small indeed for such a worth-while treatment.

Konjola is sold in Pampa at the City Drug store, and by all the best druggists in all town throughout this entire section.—(Adv.)

Judge S. D. Stennis, local attorney who is in Martin undergoing medical treatment, is a believer in knowing the news. Judge Stennis wired his office here Thursday to be certain that a copy of the Daily News was sent to him at Martin.

### CHAMPS ARE TIMELY WITH THEIR BLOWS

PHILADELPHIA, May 10. (AP)—Coupling timely base hits with Willa Hudlin's frequent passes, the world's champion Athletics snared their second straight from the Cleveland Indians before 25,000 fans today by a score of 6 to 4.

Senators Win Another  
WASHINGTON, May 10. (AP)—The Senators continued today to cling to the heels of the league leading Philadelphia by defeating Chicago 5 to 1.

St. Louis Wins  
ST. LOUIS, May 10. (AP)—The Cardinals won their fourth straight game from the Boston Braves today, 3 to 1.

Reds Hit Again  
CINCINNATI, Ohio, May 10. (AP)—Dan Howley's Reds came out of a batting slump today and pounded four Philadelphia hurlers for fifteen hits and a 10 to 8 victory.

Yanks Go Wild  
NEW YORK, May 10. (AP)—The Yankees broke a tie by scoring 11 runs in the seventh and eighth innings today to defeat the Detroit Tigers, 14 to 5.

Wykoff Sets Record  
LOS ANGELES, May 10. (AP)—Frank Wykoff, University of Southern California sprint star, today lowered the world's record for the 100-yard dash when four times clocked him in 9 2-5 seconds.

### GIANTS PUSH CUBS OUT OF LEAGUE LEAD

CHICAGO, May 10. (AP)—The New York Giants turned the tables on the Cubs, knocking them back from first place in the standing to second and squaring the series with a 9 to 4 beating.

Home Runs Deplete  
ST. LOUIS, May 10. (AP)—Home runs by Frisch and Wilson gave the Cardinals a 3 to 1 victory over the Boston Braves today.

Abilene Christian Wins Track Meet  
DENTON, May 10. (AP)—Abilene Christian college, with 45 points, won the T. I. A. A. track here today, finishing ahead of the North Texas Teachers of Denton.

Reds Hit Again  
CINCINNATI, Ohio, May 10. (AP)—Dan Howley's Reds came out of a batting slump today and pounded four Philadelphia hurlers for fifteen hits and a 10 to 8 victory.

to his record in the final inning. Long George Kelly was the chief swatman of the day. He hit a single, double and home run in four times up. The Reds got off to a poor start at the opening of the season, but now have won seven of their last ten games.

### ED GOBER GETTING TOGETHER 1930 PAMPA GRAYS—DIAMOND MUST BE OBTAINED AT ONCE

Three days ago Ed Gober, ace of Panhandle baseball pilots, returned from Hobbs, New Mex., and put joy into the hearts of baseball fans by announcing that the Pampa Grays would do business in 1930.

Yesterd, Ed, full of pep and vigor, stated that Pampa is due to have an even better team than last year, and that organization of the 1930 edition of the Grays is nearing completion.

There is only one thing lacking—one of the most important items—a baseball diamond. The question of securing a ball park has become a real problem, and Ed admits that for the present he is stumped. The park used last year has been sold and will become a residential section.

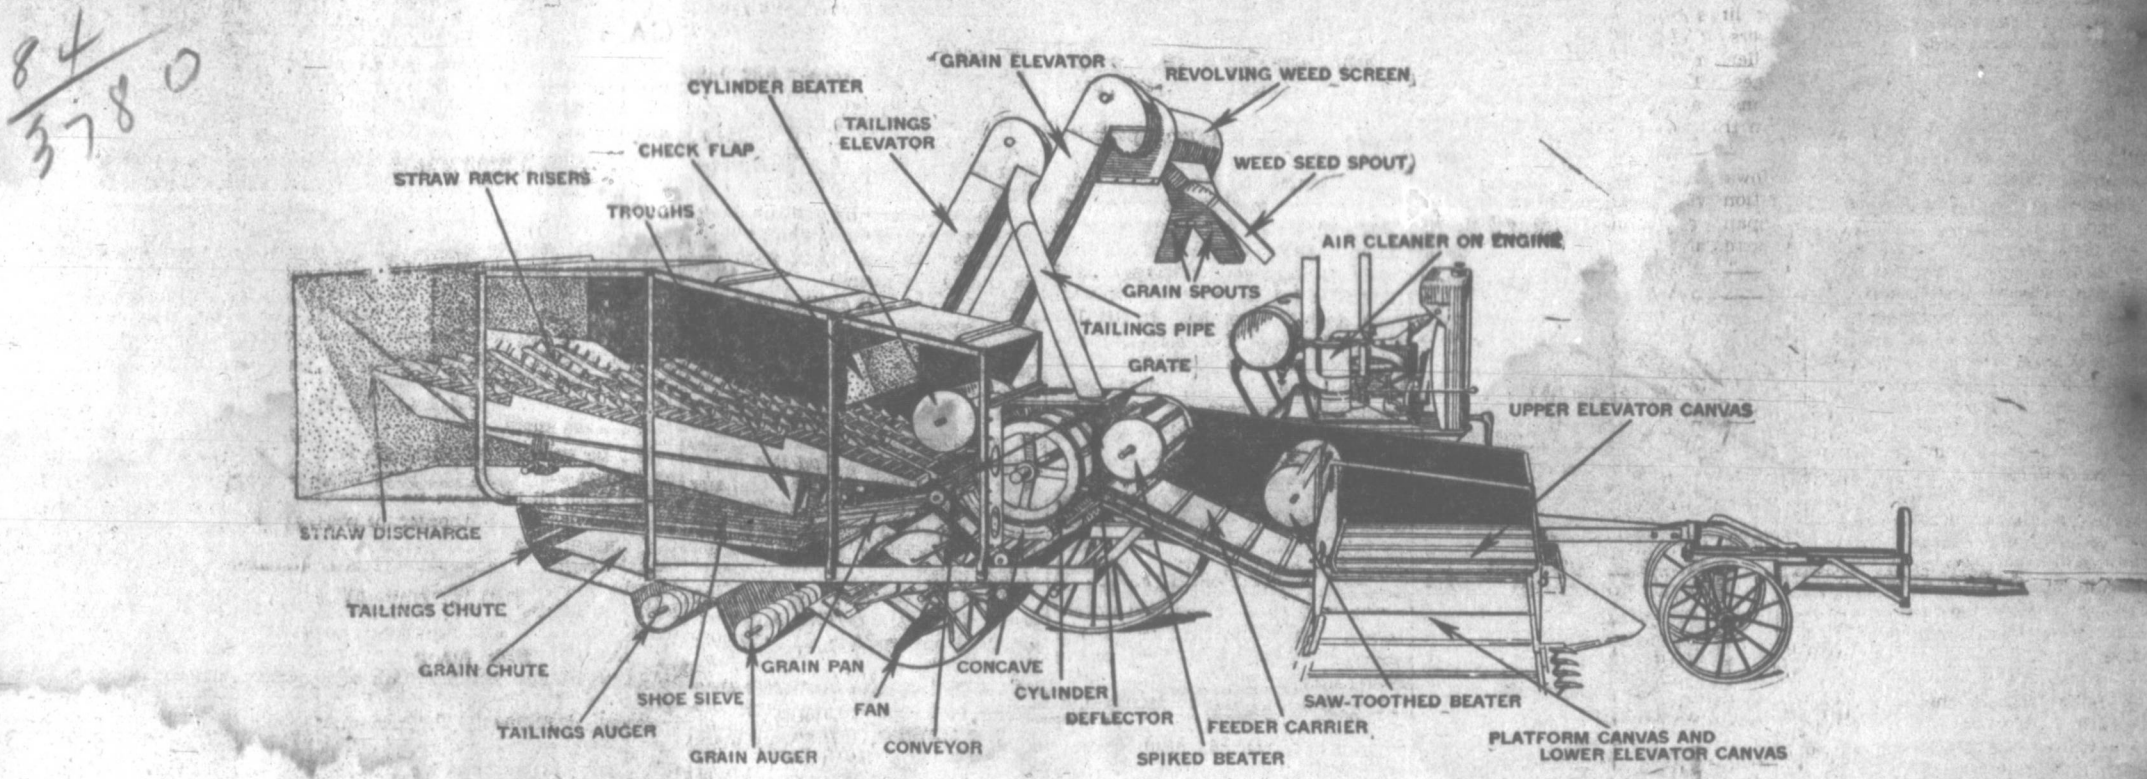

power to do their stuff, Ed says. Also enthusiastic about the prospects is Hank O'Day who was a former National League umpire. If Ed and his crew can rake up a ball park, they believe they can drag the Panhandle championship pennant back to Pampa in the annual tournament.

The textile industry is the only one of Eeadr's industrial enterprises that is flourishing.

## A Clean Thresher and a Grain Saver

Sectional View of the McCormick-Deering No. 8 Harvester-Thresher

### McCormick-Deering Points

- Gets lodged and tangled grain.
- Light platform canvas forms lower elevator carries all grain to feeder.
- Carries grain, heads first, into front feed.
- Assures positive feeding and grain to cylinder.
- Separation at cylinder. Straw and grain never mix again.
- Track. Extends entire length of cylinder to straw spreader. Combs it three times, thoroughly shakes.
- Feeder and cleaning sieve thoroughly.
- Screen takes weed seeds out of straw bags them. Saves dockage and loss of seeds.
- Transportation—does not have to be transported to buy.
- Combines—backed by 99 years of best machine experience and by the most difficult conditions in the harvest world.
- Runs on the entire machine by permanent company-owned branches.
- Variety of crops under a variety of conditions.

**T**HE McCormick-Deering No. 8 Harvester-Thresher is noted among experienced threshermen for its ability to thresh cleanly and save all the grain. Elevator men write that grain threshed with the McCormick-Deering brings top prices and is free from weed seeds and stems, shriveled wheat kernels, and other trash.

The McCormick-Deering is designed according to the accepted principles so successful in stationary threshers. The continuation of the grain-tight platform canvas forms the lower elevator canvas. No grain is lost at the end of the platform. A large-capacity, wide elevator carries all the grain to the feeder. Direct front feed is assured on the McCormick-Deering. A chain and slat feeder carries grain, heads first, into the cylinder.

**High Efficiency, Ball-Bearing Cylinder**  
A spike-tooth cylinder, the recognized type for clean threshing, is mounted on ball bearings, high enough to permit immediate separation of the grain by gravity through the concaves and grates. The grain separated here never mixes with the straw again. The feed throat has a capacity of 48 square inches—ample to handle any crop that can be

successfully combined. Practically 90 per cent separation occurs at the cylinder in the McCormick-Deering.

The straw delivered to the straw racks has very little grain in it. Nevertheless, straw racks of extraordinary capacity are provided. The straw travels and is agitated over a separating space 100 inches by 37 inches. The straw racks are of the four-section type, equipped with risers and pins which comb the straw apart, tossing it and dropping it repeatedly until all the kernels are shaken out. The cleaning area is unusually large. The shoe sieve is 38 inches by 37 inches. A revolving weed screen separates and bags the weed seeds—making the grain clean and reducing the spread of weeds.

**Play Safe—Select a McCormick-Deering**  
Come in and inspect the McCormick-Deering—inside and out. You'll find all of the principles and features that experienced threshermen have found best for clean threshing under all conditions and in all small grain crops, one year after another. And the McCormick-Deering is backed by an unmatched service organization which protects every McCormick-Deering user everywhere.

## Mother's Day Finds Roses in Profusion at Many Homes of Pampa

BY ARCHER FULLINGIM

Today being Mother's Day, many an energetic Pampa householder will go out into his yard this morning and cut a rose off his own bush for his lapel, because at this season there are many roses blooming in Pampa—roses fit to wear on Mother's Day and to honor one's mother. There is hardly a yard or garden in Pampa of those owned by residents in which one cannot find a rose bush in bloom, although Pampa citizens have no intention of stealing the name that citizens of Portland, Ore., were the first to apply to their town—"The City of Roses."

One of the loveliest yards in Pampa this week is that of Mrs. H. R. Miller, 415 North Somerville. Mrs. Miller is one who could gather armloads of dark red American Beauty roses from her yard today. They almost cover the south side of the house and clamber to the eaves of the Miller bungalow. The front porch is a veritable rose arbor. The blooms form a spray from the ground to the roof and yesterday morning there were several hundred of velvety dark red buds besides the full-brown roses.

**Yard Three Years Old**

Mrs. Miller's mother sent the cuttings from Oklahoma three years ago. The roses didn't grow very well at first but after they got started she could almost see them growing. Mrs. Miller's accomplishments in her yard and rear garden in three years are remarkable. Mrs. Miller is partial to climbing roses and she has other varieties covering latices. These are pink and will bloom later on. All are of a fine quality. Mrs. Miller is not one to tolerate cheap looking roses in her yard.

But there are other flowers in the yard besides roses. At the front near the steps to the porch are Shasta daisies and hollyhocks. At the north side of the house near the back is a long bed of chrysanthemums. One of the largest honeysuckle vines in Pampa covers a trellis on the north side. There is also a sufficient amount of shrubbery to obliterate the otherwise harsh skeleton-like outline of the rose and honeysuckle vines. An attractive and unusual shrub near the honeysuckle trellis is a mock orange. The winter blossoms of which remind one of the orange blossoms.

**Back Yard Luxuries**

The rear yard has a tropical luxuriance amazing to find in the city. Mrs. Miller harbors the belief that a garden, a rear yard, is one's private affair, and that one should make it as one desires. One certainly can find seclusion in this garden. There are cherry trees loaded with cherries, green of course now. These trees are planted irregularly and not in rows. Clumps of daisies are scattered here and there. Tall green plants wave in the wind and a tall peach tree shuts off the view from the street except through patches of leaves that one might peep through. There are also favorite vegetables growing prominently and rank over the garden.

In closing, one might say that not only because of the roses, the daisies and the honeysuckle but because of a fine green lawn, Mrs.

Miller's yard was selected as the yard of the week.

All this week it has been a pleasure to walk past the houses in the three hundred block on North Frost street. It easily takes the ribbon for being the most colorful block in Pampa just at this time of the year. There are four houses in this block and they are lived in and owned by the following: Mr. and Mrs. Delea Vicars, Mrs. Emma LeFors, Mr. and Mrs. J. S. Wynne, and Mrs. C. E. Duenkel.

**Peonies and Rose Hedges**

This block was extremely noticeable this week for the orchid-pink peonies, great balls of blossoms, blooming at the base of the steps on each side of the walk in front of Mrs. Vicars' house. Until Wednesday there were some of the same kind of peonies, though not quite so large, blooming in front of Mrs. Wynne's house in the same position. Some person, let us hope a lover of flowers, came in the night and gathered the lot. The most colorful item in the whole block, however, are the two rose hedges, one separating Mrs. Wynne's yard from Mrs. LeFors' and the other separating Mrs. Vicars' from Mrs. LeFors'. These extend the length of the lots and are a solid mass of pink. Mrs. LeFors' blossoming honeysuckle on her front porch provides the odor for the admirer. Besides long lines of flags she has other flowers in bloom. There is nothing lovelier in Pampa than these rose hedges. There were thousands of blooms waving in the wind from them this week.

Howard McKinley has accepted a position with Montgomery Ward & company as manager of the shoe department.

## Work on New Hospital Here Begins

Construction of the new J. C. McKean hospital at the corner of Somerville street and West Francis avenue was begun yesterday by the H. L. Case Construction company. Engineers surveyed the site, and excavation of the basement is scheduled to begin Monday morning. Building material is already being moved to the location.

The new hospital is to cost over \$100,000. It will contain three stories and a basement. Dr. McKean of the McKean & Connor clinic here is the builder. Contract calls for completion of the structure in 90 days. Mr. Case is the builder of the new Gray county courthouse.

The new hospital will be built in the Spanish or "Southwestern" type of architecture of light colored brick. It will be large enough to accommodate patients in a 60-mile radius of Pampa. Berry and Hatch, architects of Amarillo, designed the building.

## LEGION NEWS

At the regular meeting of Kerley-Crossman Post, May 6, Adjutant D. W. Thurman was appointed service officer, the two offices of adjutant and service officer being combined. Buddies needing the services of Officer Thurman can find him at the Rose Motor company used car department, phone 1055. Orlando Cronhite was elected sergeant-at-arms at this same meeting.

The Post is sponsoring a Boy Scout troop, to be made up of boys from South Pampa. Prof. J. A. Meek will be the scoutmaster, H. V. Friedman, Walter Hardin, John I. Bradley, and J. D. Sackett will assist in the organization.

### The Nail Keg

A column of news and views for Pampa people and our farmer friends.

Because I feel that in the heavens above the angels, whispering to one another, can find among their burning terms of love, none so devotional as that of "Mother."

Don't forget to wear a carnation today. And let us not stop at that. Let's go with her to church, and then take her out to dinner.

**CRYING NECESSITY**  
Youngster: "I wanna drink."  
Father: "So do I. Go to sleep."

If you "wanna drink," try one of Hunkapillar's Coca Colas, but if you want a good automatic cream freezer, try us.

He sent a car to his mother saying, "All I have I owe to you." She looked it over carefully and said, "Yes, and four hundred and twenty besides."

The conductor of this column visited LeFors the other day, calling on Boyington and Price, contractors, who are building the new unit of the LeFors school, for which we are furnishing the hardware. These gentlemen are certainly putting up a wonderful building, which, when completed, will be one of the most modern and complete school plants in the Panhandle.

**A BARE FACT**  
The modern girl has been stripped of all pretenses.

There is no pretense in our claims for our Service Department. We will give you real mechanical service on your International Tractors, Trucks, and Combining motors. See Oscar about your job.

Bill Ginn says, "Spring fever makes you feel like you have forgotten something."

If you have forgotten to get that new lawnmower now is the time for us to remind you of it. We have the best lawnmower we have ever seen sold for \$10.00. Drop in and see it.

**SOMETIMES A GIRL THINKS A LOT OF A BELLOW AND SOMETIMES A HOUSE AND LOT OF HIM.**

We have not heard as many wild fish stories as we would like to hear at this time of the year. This will give notice that we will furnish you with a genuine Liar's License free of charge. Get yours and let us have the stories.

Lady Caller: "Haven't seen your husband lately."  
Mrs. Hamp Brown: "No he's trying to find a fishing rod to suit him."

Since then, Hamp has found the right rod in our stock, and is now happy.

### PARALYSIS—

(Continue from Page 1)

a special fund for the victims, and will be spent by him and a committee of citizens. Mr. King said yesterday that both the Salvation Army and the Welfare association were unable to cope with the situation. During the last month he used \$50 more of the charity fund than he was budgeted to use in order to provide food for families of husbands who have the paralysis. He says the Welfare association cannot possibly care for all the victims of the disease.

A News reporter accompanied by Mr. Rogers visited ten "jake" paralysis cases Saturday morning and found conditions well-nigh indescribable. Before "jake" paralysis incapacitated them, most of the victims were laboring people—painters, cement workers, oil field workers, coolies, waiters, mechanics. Many are now living in tents and shacks and are unable to turn over in their beds. Some are men with wives who have young babies. Practically all are unable to pay for medical attention.

**All Are Helpless**  
Those who are affected in the lower limbs are just as helpless as far as working is concerned as those who are totally helpless. The devastated nerves of the patients prevent them from concentrating on any mental work or from doing any manual labor.

One of the victims, an expert cement worker, who before he was brought down with the paralysis, was noted among laboring people for his generosity. Now he must rely on his friends for the food that he eats, and some days his friends do not visit him where he is bedfast in a South Pampa rooming house.

Now that her husband is totally disabled and helpless with the malady, the wife of a sign-painter must work in a laundry to provide food for their three small children. A mechanic who is so helpless he can't button his own shirt lives in a shack with his wife and two-month-old baby. The wife is ill most of the time and they must depend on the generosity of friends for food. A waiter lies flat of his back, paralyzed except for his face, in a South Pampa rooming house, and now that the rooming house is sold he is wondering where he will go. A cook was prevented from committing suicide the other day. His lower limbs are affected. There is an oil field worker with a wife and two babies, who is helpless. Many of the unfortunates are oil field workers, and most of them have families.

**Cities Provide Funds**  
Mr. Rogers was moved to sponsor the benefit dance after many appeals for aid had been made to him. He pointed out that many cities in Kansas, Oklahoma, Tennessee and Texas have provided special funds for the unfortunates. Wichita, Kans., has provided a farm to which all the dependent cases are removed. Amarillo has provided a fund to help the patients.

Local physicians state that not only are people who drink "jake" likely to be stricken with the malady but persons who drink any kind of alcoholic stimulant. Doctors report several cases of "beer-hea" in Pampa. There are ten cases of this peculiar disease in Borger, the News is reliably informed. The head of

a sufferer of this disease swells twice its natural size. The scalp is stretched almost to bursting as in the case of one of the patients visited Saturday. Even prescription liquor is said to be tainted with the poison alcohol that produces the paralysis. The poison alcohol which is put into the "jake" is said to be unwittingly distributed by the government.

Physicians report that persons are being stricken by the disease every day here. Only last week, two women were placed in jail on intoxication charges, and the next morning when they were released both were victims of "jake" paralysis. Bootleg liquor is declared to be responsible for fully half of the cases, and physicians say that imbibers drink now at their own peril. They declare that the menace now lurks in all alcoholic intoxicants, and anyone who drinks such is likely to be brought down with the paralysis.

The source of the poison alcohol has not yet been traced by the government. There is said to be approximately 100,000 cases of the paralysis in the South and Southwest.

### SCHOLARSHIP—

(Continue from Page 1)

the study group of the club. The Rotary ann quartet sang "Boats of Mine," and "Tired Hands" the later dedicated to the mothers of the senior girls. The quartet is composed of Mrs. J. M. Dodson, Mrs. F. L. Elliott, Mrs. Lynn Boyd, and Mrs. Tom W. Brabham, with Mrs. Rose as accompanist.

The principal address was given by Mrs. Geraldine Green, dean of women at West Texas Teachers college, who spoke on "Planning for the Future."

The honored guests were as follows: Mrs. B. G. Gordon, Mrs. C. C. Hemmer, Mrs. H. E. Halley, Mrs. W. C. Tate, Mrs. Baker Sausbury, Mrs. J. M. Patton, Mrs. C. A. Schaffer, Mrs. Dee Richardson, Mrs. G. W. Marvin, Mrs. F. A. Robinson, Mrs. W. E. Plank, Mrs. George Heimling, Mrs. Tom Robinson, Mrs. Ruth Hill, Mrs. J. O. Noel, Mrs. Chris Baer, Mrs. P. F. Faw, Mrs. Elgin Hughes Conway, Mrs. J. F. Curtis, and Mrs. Fred G. Fischer. Lorene Nicholson, Louise Richardson, Merle Hughes, Faye Winget, Ruby Brown, Eileen Pengra, Iva J. ### SHERMAN—

(Continue from Page 1)

after issuing night orders to his men.

Randolph Bryant, United States district attorney, offered Colonel McGee the assistance of the United States marshal's office if it were needed.

### Moody Is Caustic

AUSTIN, May 10. (AP)—Declaring the action of the mob at Sherman in firing on National Guardsmen, sent to that city yesterday to quell the rioting that marked the attempt of the state to bring to trial George Hughes, negro, on a charge of criminal assault on a white woman, was tantamount to treason, Governor Dan Moody today stated that every effort of the state would be bent toward bringing the ringleaders to justice.

What steps the governor will take in the cases of the 15 men said to have been arrested as a result of the rioting had not been determined tonight. The governor and other state officials awaited a fuller investigation and report on the situation from officers of the National Guard before taking any steps.

Moody stated the National Guard were sent to Sherman to enforce peace, that they were under government orders and wore the uniform of the United States army and the action of the mob in firing on them was treasonable. The troops probably will be kept in Sherman over the week-end, it was stated here.

Savings deposits in German banks in December reached the highest point since the stabilization of the currency.

### Brunk's Show Coming Monday For Week's Stay

Brunk's Comedians, as regular as the coming of spring, are coming back to Pampa and will open tomorrow for a week's stay.

The show ranks among the best that "make" this territory and many look forward to its return each year. There are thirty actors and musicians.

Monday will be surprise night, and the program of music, vaudeville between acts, and general entertainment will be of big-time calibre. The opening play will likely be "If I Were Rich," one that is featured by the company this season.

Cuba is experimenting with production of starch as another step in diversifying agricultural production.

### Council of Clubs To Meet for Monthly Session Tomorrow

The Council of Clubs will hold its monthly session at 3 o'clock tomorrow afternoon, in the Loyal Whitemen's class room of the First Christian church, according to announcement from Mrs. Tom E. Rose, president.

Every club affiliated with the council is urged to have its full representation in attendance.

The Rev. and Mrs. A. F. Johnson of Borger were here Friday to attend the revival services at the Central Baptist church and visit with Mrs. Johnson's brother-in-law, D. D. Carroll of Fort Worth, who is leading in the singing at the meeting. The Rev. Johnson is pastor of the First Baptist church of Borger.

An international coffee bureau will be established at Madrid and all countries interested in production and consumption of coffee will be invited to participate.

### PRESBYTERIAN CHURCH

Today is Mother's Day, a day rich with memories to most of us. There is no better way to honor the Christian mother than by turning our thoughts to worship of mother's God.

We bid you a hearty welcome to our Mother's Day service at 11 a. m. Will also be glad to have old and young attend our Sunday school at 10 a. m. Junior Christian Endeavor at 3 p. m. and Intermediate Christian Endeavor at 7 p. m. Mrs. Kerr will give an illustrated talk on the tabernacle at the intermediates. We are cooperating in the service

at the Methodist church at 3 p. m. in which Ex-Congressman Will D. Upshaw will speak, and we urge all grown members to attend.

A. A. HYDE, Minister

**You Do Not Cut Your Grain Until It Is Ripe!**

But Hardy Hailstone may. He can harvest your crop at any time. Moreover, Hardy Hailstone can cut and thresh your grain in a few moments, where it will take you several days, because he has so many more helpers than you have.

He harvests your crop ruthlessly, scattering the grain and breaking the stalks.

You can forestall Hardy Hailstone, and in just one manner, too; this is, by enlisting the Hail Insurance people on your side. Then no matter if Hardy does harvest your crop, you will get paid for it just the same. Loss from hail is one loss you do not have to take. Eliminate it by getting that Hail Policy today.

Let us handle your Hail Insurance in our responsible companies with lots of experience in helping the farmers beat Hardy Hailstone at his own game.

Don't put it off any longer. Get your Hail Protection from us today. Write phone, or come in and see us.

THERE'S A TREND TO VALUE... AMERICA IS CHOOSING

# BUICK

Consider what these SIX GREAT RECORDS mean to you . . . .

- Two people have purchased Buicks, year after year, for every one buyer of any other automobile priced above \$1200.
- There are 700,000 more people driving Buicks than any other of the fifteen makes of cars in Buick's price class.
- Women, in every section of America, purchase more than twice as many Buicks as any other car priced above \$1200.
- More than four out of every five—88 per cent of the great army of 1,500,000 Buick owners—buy Buicks again and again.
- Month after month, today's Buick has won 30 to 50 per cent of the combined sales of the fifteen makes in its price class.
- Buick owners alone purchase more Buicks than the total annual production of any other car priced above \$1200.
