OKLAHOMA CITY COLISEUM BURNS

TWO PLANE ACCIDENTS TAKE THREE LIVES NEAR TULSA

UNKNOWN DALLAS SLAYER IS OBJECT OF INTENSIVE SEARCH

"That's gold in these here prairies."

Another column?
Yes and no. Yes, with qualifications.

Not an "I and me" column—just one of local news, slants on Pampa happenings, local slants on territorial and national news.

It is a department dedicated to a Greater Pampa and North Plains, in which dominant questions will be discussed in more or less informal fashion. In a sense it replaces, or rather amplifies the editorial column run on an inside page. The better display herewith justifies Page 1 position, even if the subject often will not, perhaps.

And the motto: "That's gold in these here prairies." Ungrammatical? Sure. One has to be different some way. Most of The Pampa's readers use fairly correct English, but even they—most of them—relish an occasional respite. The parody motto isn't original, and the writer cannot recall its origin.

PUT THERE IS GOLD IN THESE HERE PRAIRIES; GROWING GOLD AND FLOWING GOLD, WHEAT AND OIL.

The source of gold in this soil, this climate, this underground treasure vault, this land of golden dawns and golden sunsets, has never been numbered. Some of them will be pointed out in this column from time to time.

The Pampan wishes to say, at the outset, that contributions to this column will be very welcome. Occasionally we may have Contributors' Day, in which everything will be furnished by YOU. Sometimes, when The Pampan is asked to write this and so, he may challenge YOU to write it yourself. And that's that.

Roads—better roads—are the issue in Gray county. The oil industry and its associated branches are going to pay a large portion of the cost of any roads built. The industry needs the roads now. Failure to build an all-weather road a heavy loss to Pampa when the oil supply houses and lumber yards are forced to place units at the end of the Heaton spur 2 1/2 miles south-east of LeFors. And LeFors, too, will suffer if much of her business is transferred to the end of that branch line.

Pampa business is paralyzed every day that roads are impassable. The loss to merchants is much greater than the added taxes, which would be necessary for the roads. Good roads and a bridge across the Canadian river to Pampa are vital needs.

Randall, Potter, and Carson have taken the lead and paved main thoroughfares across their areas. Roberts county will vote May 31 on bonds to tie into the paving which Gray county is expected to lay. George Briggs of the Pampa B. C. D. yesterday noon told the anxious Miami folk that Gray county would not break faith with them, but would vote bonds to connect the Roberts and Carson county slabs. Hemphill county has already voted paving bonds, and Lipscomb is talking strongly of carrying the good work to the Texas-Oklahoma line. The county that breaks the gap is going to receive merited criticism.

One of the big points in the whole matter, moreover, is that if the roads are ever to be built, now is the time to begin while the oil valuations are high. The roads will be the most permanent by-product of oil development to remind the average resident of the tremendous natural resources that have been tapped.

TWINKLES
Roger McConnell is not a dirt road enthusiast, especially since the wind usually stays in the south and

HOUSTON MAN KILLED NEAR FAIR GROUND

Charles Brown Shot in Fight With Hijacker

NO MOTIVE IS YET UNCOVERED

Girl Companion Not Able to Assist Officers

DALLAS, May 27. (AP)—No clues as to the slayer of Charles H. Brown, 36, of Houston, had been found by officers today after an all night search for the man who shot the visitor down near the state fair grounds here last night. Officers were investigating two theories, those of mistaken identity and an attempted robbery.

Brown, with Barney Manichich and Miss Lucille Mills of Dallas, was sitting in a parked automobile near the fair grounds when the slayer approached, pistol in hand, and ordered Brown to put up his hands. Instead Brown grappled with him. Three shots were fired, and Brown fell mortally wounded. The assailant fired two more shots at Manichich and Miss Mills, who fainted during the shooting, fled in the automobile to summon aid.

Brown died en route to a hospital. Miss Mills told officers that she had gone with Brown and Manichich to locate a girl friend, and the four of them had intended going for a ride. She said she had never seen Brown until he was brought to her home last night by Manichich. She declared she had seen Manichich about twice or three times before.

The three of them had been riding along Pennsylvania avenue looking for the girl friend's home, but they had been unable to locate the house and were just preparing to drive another street when the man approached, Miss Mills said.

Miss Mills said that when Brown reached out and seized the man the assassin said, "now I have got you," and fired.

Indians Fired Upon

BOMBAY, May 27. (AP)—Police, suppressing renewed attacks by Moslems in the Bendish Bazaar district, fired three times into the mob this forenoon injuring seven Moslems. A police sergeant was accidentally shot in the arm and taken to a hospital.

keeps lifting the road over in his yard.

The "shorts" or de-legged trouser style for men will make no hit in this community, we predict. Male architecture of these plains does not lend itself to artistic drabbing, and what is comfort, without art? Dusty shanks, moreover, are surpassed in ugliness only by mud-bespattered silk hose of the rainy states.

We've lost count of the gubernatorial entries. All we know is that several new ones have appeared, and that one had a consecutive thought or two and quit. With a "dirt farmer" in the race, the list ought to be about complete. It is too bad that we do not have the right to "move that nominations cease."

The wets are all wet and most of the stuff the other side is issuing is dry as dust. If anything consoling has been shown by the Literary Digest poll, except that there are all kinds of people in these United States, we fall to perceive it.

The Pampan has forgotten his geography, and which state is green and which is some other color. He does hope, however, that more of Texas will join Gray county in the "white" of good business conditions.

Denver Society Women Strike—Take Vacations

DENVER, Colo., May 27. (AP)—Husbands today sought the solace of their clubs, and their children the undivided attention of nurse maids, the result of a strike of nine Denver society matrons who yesterday began a week's voluntary vacation exile. After packing bags, the nine women, accompanied by two unmarried friends, notified the heads of their respective establishments that they were going to the country for a week.

They betook themselves to the country estate of Mrs. Henry Swan at Littleton, near Denver. All callers were told they were not at home. Telephones at the Swan residence were disconnected. Henry—that's Mr. Swan—was invited to go downtown and join the other husbands at their clubs.

Complete silence, and lots of it, today came from the abode of the modern emancipators.

PAMPA AREA IS SENDING LARGE SUM TO AUSTIN

Proceeds of the four-cent gasoline tax in the immediate Pampa territory alone in 1929 amounted to approximately \$150,000, based on estimates of gasoline sales by local wholesale companies. The tax proceeds at Alameda and McLean would probably aggregate \$35,000, according to estimates of local dealers.

This tax money is sent to Austin from the headquarters of each company, and the retail dealer is charged four cents extra per gallon, as well as is the consumer. Local wholesale gasoline distributing companies have headquarters at various cities in Texas—Dallas, Port Arthur, Houston, Pampa. The largest companies here each sold approximately 700,000 gallons of gasoline to retail dealers here last year. It is estimated that at least 3,700,000 gallons of gasoline were sold to consumers in Pampa territory in 1929.

From Pampa last year also went to Austin \$69,894.91, the state's share of the motor vehicle license fees. Some of this fund is applied to the school and other special state funds, but most of it is kept at Austin to build paved roads in various parts of the state.

Graf Zeppelin Will Start For U. S. A. Tomorrow

PERNAMBUCO, Brazil, May 27. (AP)—The Graf Zeppelin, 8,000 miles of its 18,000 trip behind it, was preened today for the next lap of its long voyage—the 5,500 mile trip to Havana, Cuba, and Lakhurst, N. J.

Departure was set for tomorrow with the exact hour uncertain. Meanwhile replenishment of fuel, lifting gas, ballast and supplies continued, while more than a ton of mail has been put into the dirigible for the long trip north.

The course to be set by the dirigible's master, Dr. Hugo Eckener, was uncertain, but it was believed that he would leave the coast about Natal and strike due north until 200 miles north of the mouth of the Amazon river, and then head north westward for Havana.

From Havana, where the dirigible will remain but a short while, he will make a short cruise over the Bahamas, and then follow the North American coast to Lakhurst. Dr. Eckener expects to be there by Sunday night at the latest, and to be back in Germany by June 2.

Dr. C. S. Dewey and E. D. Damon, both of whom are with the Cobot company, left today for Denver to attend the meeting of the National Chemical society, and to transact business.

TWO OTHERS ARE HURT IN SHIP MISHAPS

Trio Burned in Cabin Following Low Crash

STUDENT FLIERS BADLY INJURED

Colorado Girl Falls After Getting License

TULSA, Okla., May 27. (AP)—Three dead and two injured, one dangerously, today stood as the toll of two aeroplane accidents near Tulsa. A cabin ship crashed southeast of the city and burst into flames last night, cremating its three occupants, a few hours after a training ship carrying two student fliers had fallen near Lyne Lane.

The dead:

George S. Busboom, 32, Carthage, Mo., marble dealer and owner of the cabin ship.

Robert Hammond, 21, Carthage, Busboom's pilot.

Miss Ursula Ball, 28, Tulsa.

The injured:

Paul Van Pelt, Tulsa.

A. M. Hicks, Tulsa.

The cabin ship, piloted by Hammond, had circled over the city on a night flight and apparently was preparing to land at the Garland airport when it crashed from an altitude of about 50 feet. It burst into flames upon striking the ground, and bodies of the three occupants were seared beyond recognition before they could be extricated.

Friends of the three who had accompanied them to the airport saw the accident.

Busboom, Hammond, and E. J. Peters, Tulsa marble dealer, had arrived here in the plane yesterday afternoon. It was left at the field for some minor work. About 11 o'clock last night, Busboom and Hammond accompanied by several friends, returned to the field and had the ship warmed up for the night flight.

Attendees at the airport said the plane, after flying over the city, returned above the field, dipped as if to land, then zoomed over a hangar and shot across a highway at a low altitude. They said they believed the craft could not have been higher than fifty feet when it crashed: Field lights were on, they said.

The plane in which Van Pelt and Hicks were flying fell from an altitude of about 250 feet.

Van Pelt suffered a broken back and other injuries. Physicians had not determined the extent of Hicks' injuries, but believed he was not in a dangerous condition. Department of Justice.

(See ACCIDENTS, Page 6)

American and French Mothers Meet

United in bereavement, an American and a French war mother are pictured here as they met in Cheateau, France. In native peasant dress of course black cloth. Mme. August Boudard, who lost three sons and her daughters' three husbands in the World War, is shown as she advanced to welcome Mrs. Blanche C. Hill of Kentucky and other members of the first contingent of Gold Star mothers to arrive in France.

FIRST OF SERIES OF BAND CONCERTS TO BE PLAYED BY LEGION ORGANIZATION TONIGHT

Pampa's American Legion band will give this evening the first of a series of outdoor concerts.

The concert will begin at 7 p. m., just south of the new Gray county courthouse.

According to Pete Bradford, director, the program will include the following numbers by the band:

1. Queen of Sheba march (Bryant)
2. Princess of India overture (E. L. King)
3. Second Regiment march (R. B. Hall)
4. Elvies overture (Keifert)
5. 10th Regiment march (R. B. Hall)
6. Lustspiel overture (Kolar Bela)
7. Indian Sagwa (Thomas S. Allen)
8. National Emblem march (Bradley)

HOOVER SIGNS PRO BILL

WASHINGTON, May 27. (AP)—William Hoover today signed the Williamson bill providing for transfer of the prohibition enforcement on July 1 from the treasury to the department of justice.

Japanese own practically half of the tilled land in Korea.

OKLAHOMA CITY IS SMELLING OIL TODAY

OKLAHOMA CITY, May 27. (AP)—An amazing pool of black gold was brought today to Oklahoma City's very edge. Stifling fumes from a new oil well in the south city field assailed even the business district.

While a sizeable crowd with burning cigars and cigarettes and running automobile motors created a fire hazard, the Hall and Briscoe company extended the pool more than one-half mile northwest at its Number 1 Holmes, just south of the city limits of Capitol Hill, south residential district.

The well was estimated good for 19,000 barrels of oil daily. As its product poured into slush ponds oil and gas fumes were carried deep into the city by a brisk wind. Turned into tanks, the Holmes gauged 438 barrels in the first half hour. The new well is in section 10-11-3W.

Summer School Registration Will Begin on Friday

Registration for the summer session of the city schools will take place Friday and Saturday, and school will open for work on the following Monday morning.

All departments of the school, with the exception of the high school laboratory courses, will be open for work. The first five grades will be taught at East Ward school, where there will be no interference from building activities, as there would be at any other building. The Junior high and high school grades will be taught in the Junior high wing of the Central high school building.

Mrs. Annie Daniels, principal of the East Ward school, and Mrs. E. A. Hampton will be in charge of the first five grades. L. L. Sone, principal of the high school, who is to be director of the entire summer session, will be assisted in the high school and Junior high school teaching by Miss Fannie Florence Sims, head of the history department; Miss Dorothy Pollard of the Central high English department; E. R. Selby, principal of Junior high school; and J. E. Wood, principal of Lamar school.

According to the rulings of the school officials, no student, in either the grades or high school, may make more than a semester's or half-year's work. In the high school and Junior high school, a student may take as many as four courses, provided not more than two of them are in new subjects. Thus, he may take two new courses and two "repeats," three repeats and a new course; or four repeats. In no event may he take less than two courses.

The same ruling applies in the third, fourth and fifth grades, where all work except music, art, and penmanship will be offered. The entire course, including the music, art, and penmanship, will be given in the first and second grades, and a pupil may take the entire course, thus making a half-year's or semester's work.

All registration, including that of the lower grades, is to take place in the principal's office at the high school, where receipts for fees will be issued.

Three Prisoners at Borger Escape

BORGER, May 27. (AP)—Three men under robbery charges escaped from the city jail here last night by breaking a window and crawling between the bars.

The men who made their getaway were Earl Miller and Jack Chandler, returned from Oklahoma City yesterday as alleged participants in the \$1,000 payroll robbery of the Phillips Petroleum company office Thursday, and Joe Quantin Spiller, charged with taking \$44 from a house.

DICK MASON, FIREMAN, DIES UNDER WALL

Several Missing As Building Is Destroyed

200 NEW CARS ALSO ARE LOST

Structure Valued at Approximately \$500,000

OKLAHOMA CITY, May 27. (AP)—Witnesses of the destruction by fire of the Oklahoma City coliseum today said that in addition to a fireman and a negro killed by falling walls, and the body of a third victim, as yet unidentified, recovered this afternoon, there were from eight to twenty others in the building.

It was believed the third body was that of a fireman. A number of men were engaged in recovering automobiles from the burning building, and several of this group were reported to have been trapped. Two men escaped after trying to push cars out reported that five were caught with one car and three with another.

A. S. Johnson of the Oklahoma City Railway company, said he saw the negro and the boy perish under a falling wall.

After the fire was brought under control, firemen immediately began pouring water into the ruins to cool them so rescue workers could enter.

OKLAHOMA CITY, May 27. (AP)—Two men were known to have been killed and 3 were unaccounted for, in a fire that destroyed the Coliseum, large auditorium in the packing-house section of Oklahoma City today. The dead were Dick Mason, fireman, and an unidentified negro. Mason and the negro were caught under the crumbling walls of the building, which fell in less than an hour after the first was discovered. The three unaccounted for men had gone into the building in an attempt to drive out new automobiles stored there. Two hundred of the machines were burned.

The coliseum was valued at approximately \$500,000. In addition, 200 new automobiles stored in the building, valued at \$320,000, were destroyed.

The big auditorium is in the business district of Packer-own, the packing plant suburb of Oklahoma City, and many business houses closed up, fearing that the flames might spread.

The wind was from the south, and as the coliseum was on the north side of Exchange avenue, it was not believed that the fire would spread to the Morris packing plant, immediately across the street.

A large crowd of curious hand-capped the firemen by thronging in toward the tottering walls of the building.

Mr. and Mrs. Lloyd Cook and Mrs. L. M. Williams have returned from a trip to various points in Louisiana and South Texas. They were accompanied home by Lloyd Cook, Jr., who attended school this year in Louisiana.

THE WEATHER

WEST TEXAS: Partly cloudy tonight and Wednesday; probably thundershowers in extreme west portion.

—AND A SMILE
PRINCETON, N. J. (AP)—William Berryman Scott, professor of geology at Princeton university for fifty years, comes to the aid of the modern college boy. His own contemporaries, he says, "must have been a rather disorderly lot, distinctly inferior in manners and behavior to their modern successors."

TIME TO BOOST FOR CLINT SMALL

Returning to his home area recently from a tour of other sections of the state, Senator Clint Small, candidate for governor, remarked that he was feeling greatly encouraged.

There is a widespread desire, he said, for less of politics and quack statesmanship, and more of business progress. He saw few who believed he had no chance to be Texas' next governor.

He feels that if the people living north and west of Fort Worth will support him he will have more than an even break. Of course, West Texas is going for Clint Small. The question is, however: How unanimously?

Only in West Texas, the senator said, he found a belief that he has no chance. Maybe this is on the age-old theory that "familiarity breeds contempt".

West Texas should get behind her candidate with energy, enthusiasm, and confidence. Fergusonism and Moodyism must go; Small's doctrines, applied, would lead Texas out of the maze of conflicting interests and politics.

And furthermore, Gray county ought to organize a big Clint Small for Governor Club immediately.

NEWS AND EDITORIALS--THE DISTINCTION

From the Dallas News: The writer of a letter not intended for publication addressed The News and charges that its news columns and its editorial columns are inconsistent.

There is no difference, the editorial columns would be superfluous, or almost so; since it is a part of the business of the editorialist to examine statements, interviews and accounts of occurrences in the day's news, sometimes questioning, sometimes clarifying, and sometimes merely choosing a point of emphasis.

Without doing their utmost, the farmers of the United States can in almost any year bring about an over-production of agricultural goods. At the moment they are doing that in a number of crops.

The least successful farmers ought to be doing something else—and so ought the least fruitful fields. Mere acreage reduction, as a method of getting more for less benefits conferred upon the world, is perhaps as unjustifiable as it is for a laborer to loaf on the job to get more for what he gives.

The formula is easy to state—less land, fewer men, more machinery and more capital will give more production at less cost and greater profit—but one can not shuffle human beings about as though they were cards in a deck, or demobilize acres as though they were thistle-down.

It is a slow business and not without its unpleasant features. He does not pick out a spot and dig a ditch and will pay him for having already dug it.

Nor ought a farmer to raise a crop for which there is not a likely and profitable demand. But if there are too many farmers—as there certainly are—some provision must be made to give the submarginal man a job off the farm.

Machinery is displacing it, that is the real farm relief today. Machinery is displacing it, but machinery has not yet found for that manpower a new place.

Oil Decrease in Nation Recorded

TULSA, Okla., May 27.—Production slumps in many of the major oil fields of the United States resulted in a nationwide decrease in estimated daily average production of 35,814 barrels for the week ending May 24, according to figures released today by the Oil and Gas Journal.

Of the decrease, 20,030 barrels daily were in light crude oil. Oklahoma was one of the few major producing centers in which an increase was seen. In this state daily production for the week was 659,560 barrels, an increase of 580 barrels.

Increases in the Seminole, Southern and northern areas offset a decline of 10,000 barrels in St. Louis-Pearson and a drop of less than 200 barrels in the Oklahoma City area.

West Texas daily average production dropped from 316,515 to 311,069 last week. Arkansas heavy-oil daily average production declined 11,095 barrels,

Chicago Shaken by Two Bombs

CHICAGO, May 27.—(AP)—Bomb explosions today shook the northwest and south sides, caused serious injuries to two persons and did several thousand dollars damage.

Rude Rasmussen, 69, and his wife, Minnie, 61, were treated at a hospital for cuts and bruises after a powerful dynamite bomb wrecked the entrance to a two-story brick building. They were thrown from their bed in a room just above the vestibule, and the bed was rent by the force of the explosion.

An educational film is being used in an effort to impress the French public with the decreasing birth rate

Spanish Fliers Are Prisoners of Nomadic Tribe

MADRID, May 27.—(AP)—The missing Spanish aviators, Burguete and Nunez, lost for several days in the wilds of Africa, have been found. They are safe and well with tribesmen in the interior of Rio de Oro.

General Burguete and Nunez were forced down during a flight from Cape July to Spain. Trans-radio corporation reported them near Villa Cisneros, on the coast of Africa. Trans-radio and Fahra news agency both reported this afternoon that troops and natives had combined to search for them.

Reuters' correspondent sent a dispatch to London confirming the finding of the fliers. The government announced Nunez and Burguete were alive but were reported to be prisoners of a nomadic tribe.

Colonial authorities attempted to effect their release.

Woman Breaks Own Record for Inside Looping

MUSKOGEE, Okla., May 27.—(AP)—Miss Laura Ingalls, 25-year-old New Yorker, who received her first flying lesson eighteen months ago, today had written 980 consecutive inside loops in the sky above Hatbox municipal airport here—nearly triple her own feminine world's record.

Averaging about 4 1-2 loops for every minute she was in the air at the airport's dedication late yesterday, Miss Ingalls in her dizzy flight exceeded by 636 loops the women's record of 344 she established May 3 at St. Louis-Lambert field.

The youthful aviatrix in three hours and 40 minutes aloft completely outclassed the best mark held by another woman flyer—46 loops by Miss Mildred Kaufman—and threatened the accomplishment of Charles (Speed) Holman, who claims the men's inside looping mark for his 1,433 circles at St. Paul, March 17, 1928. Darkness brought her down.

William P. McFall, St. Louis, who taught Miss Ingalls to fly, declared his pupil's increased skill in pumping gas from her fuselage tank to her gravity tank—even during loops—helped her to exceed her old mark.

McLean Women Are to Sell Poppies

McLEAN, May 27. (Special)—One of the initial projects of the newly organized McLean unit of the American Legion auxiliary will be to sponsor and direct the sale of poppies for Decoration day.

They are preparing the way for a successful sale by stressing to the public that the paper poppies are made by disabled World War veterans, many of whom have no other means of earning money, and that the wearing of the flower on Decoration day is a tribute to the memory of the heroic dead.

E. R. Chitwood left this morning to spend three weeks in Shamrock, transacting business.

A CARLOAD OF DESKS

The first solid carload of office desks, tables, chairs and stools ever consigned to Pampa was received yesterday by the office supply department of The Pampa Daily News.

The shipment is from the factory and consists largely of medium and low-priced numbers, although there are some desks and chairs in walnut finish along with the large number in quarter-sawn and plain oak.

The saving effected by carload purchases and freight is passed on to the customer.

You are invited to come in and look them over.

OFFICE SUPPLY DEPARTMENT Pampa Daily News

Contract for Huge Pipeline Is Let at Chicago

CHICAGO, May 27.—(AP)—The Missouri-Kansas Pipeline company announced today that contracts have been let for immediate construction of a \$40,000,000 natural gas pipeline to transport gas from the Texas Panhandle field to industrial communities of Kansas, Missouri, Illinois, Indiana, and Kentucky.

The National Supply company of Toledo, Ohio, has been given orders for \$25,000,000 worth of pipe and other materials for the line, which will be 1,250 miles long, running from Texas to Indiana via Kansas City, Springfield, Ill., Terre Haute, and Indianapolis. The line will connect with the Missouri-Kansas company's Kentucky pipeline system near Evansville, Ind.

Frank P. Parish, president of Missouri-Kansas, said the Illinois Power and Light corporation and the Missouri Power and Light company, subsidiaries of the North American Light and Power company, have contracted with the Panhandle Eastern company, subsidiary of Missouri-Kansas Pipeline company, for the purchase of natural gas for all the cities in Illinois and Missouri which they now serve with artificial gas.

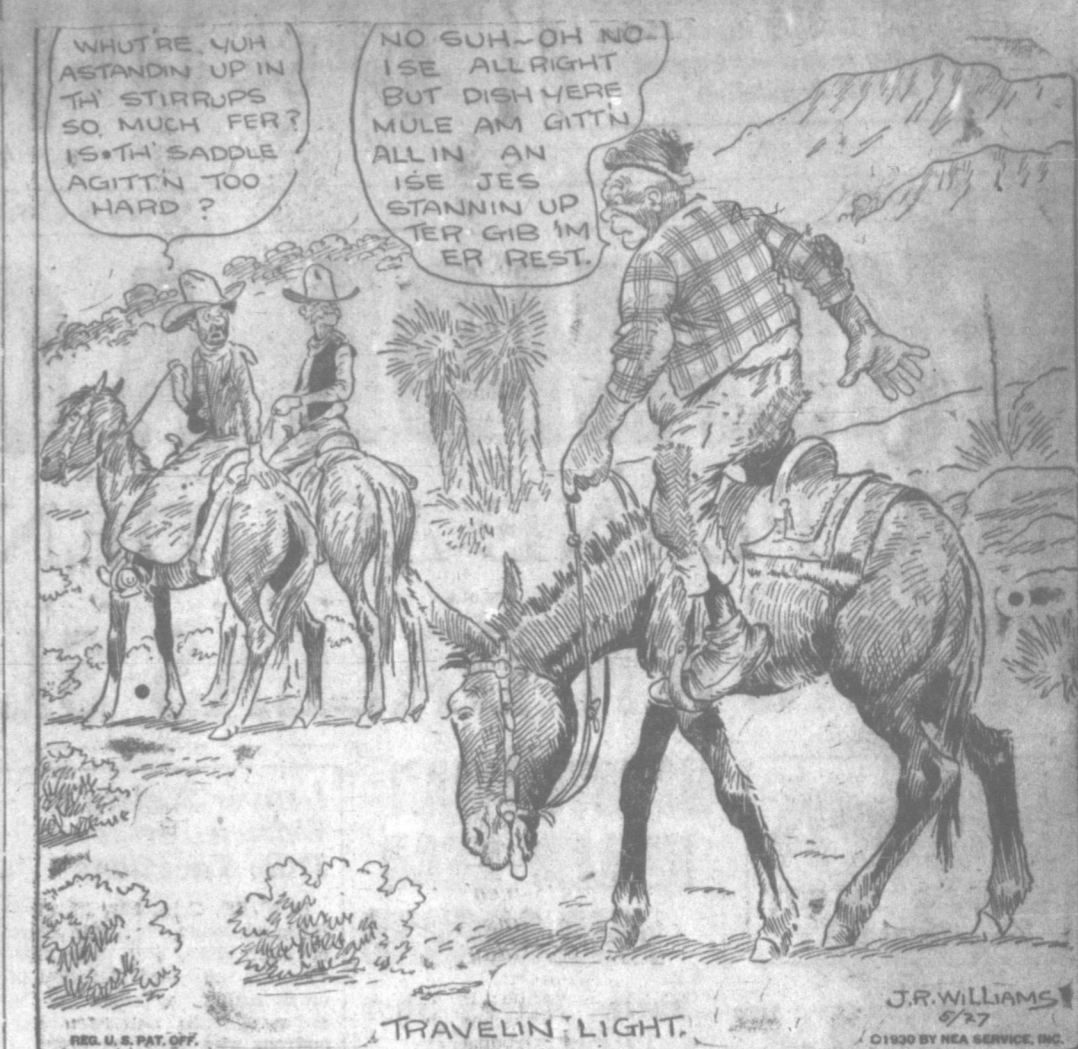

Financing has been arranged and construction already has begun at two points in Texas and Missouri, the construction will provide work for several thousand men and will be completed by Dec. 1.

Mrs. Stella Bastin of Pampa and her daughter Miss Marie Bastin of Elk City, Okla., visited in Amarillo yesterday. Miss Bastin returned to Elk City last night.

Miss Grace Hall of Elk City visited her brother, Omar Hall, here during the week-end.

Social Calendar

TUESDAY:

The regular meeting of the Business and Professional Women's club will be held at 7 o'clock at the Pampa Tea room.

The Progress club will hold its final business session for the year at the home of Mrs. J. H. Kelley, 904 East Browning avenue, with the session opening at 2:30 o'clock. Kongential Kard Klub will meet at 2:30 o'clock in the home of Mrs. Jack Mason, 1110 Christine street.

WEDNESDAY:

The Women's Missionary union of the First Baptist church will convene in circles at 2:30 o'clock, as follows: Circle 1, at the home of Mrs. Preston Briggs, 508 North Frost Circle 2, at the home of Mrs. Will Benton, northeast of the city; Circles 3 and 4, at the home of Mrs. Tom E. Rose, 404 East Kingsmill avenue. The latter meeting will be for the purpose of organization. All Baptist women living south of Kingsmill avenue, who are interested in becoming members are invited to attend.

The Altar society of Holy Souls church will convene at 3 o'clock in the home of Mrs. F. M. Roche, 1119 North Mary Ellen street.

The ladies of the Central Baptist church are requested to meet at 2:30 o'clock in the home of Mrs. G. C. Stark, 1015 East Browning avenue, for the purpose of organizing a Women's Missionary society.

A regular meeting of Pythian Sisters will be held at 8 o'clock, followed by a social hour in which refreshments will be served. All members are urged to attend the meeting, and all visiting sisters are extended a welcome.

THURSDAY:

The Friendship class of the Methodist Sunday school will hold a social meeting at the church, beginning at 3 o'clock.

FRIDAY:

A banquet will be given at 12 o'clock in the basement of the Methodist church for all members of the Junior department of the Sunday school, the Juniors church, and the Junior Epworth society. Sponsors of the departments are in charge, and invite all members of the nine to twelve year old groups to attend.

SATURDAY:

The installation of officers of the Pampa chapter of the Order of the Eastern Star will be held at a public ceremonial at the Masonic hall, at 8 o'clock. The installation previously had been scheduled for the next regular meeting date, but was advanced because of vacation trips planned by officers.

B. & P. W. Club to Elect Delegates to State Convention

Delegates from the Pampa Business and Professional Women's club to the annual convention of the State Federation of Business and Professional Women's clubs will be elected this evening at a semi-monthly dinner meeting at the Pampa Tea room. Four or more delegates will be sent to the convention at Harlingen, according to the expectations of the executive board.

Mrs. Grace Higgins, president of the club, is stressing the importance of the meeting, and is urging that every member be present at 7 o'clock, when the group will be seated at dinner.

B. & P. W. Club Is Formed at Clarendon With Fifteen Members

CLAERNDON, May 27. (Special)—A Business and Professional Women's club with a charter membership of fifteen has been organized in Clarendon, under the sponsorship of the Pathfinder club.

Mrs. B. G. Smith, county clerk of Donley county, is president of the new club, and Miss Lorena Stegal, first vice-president.

Prominent members of the Memphis and Childress B. & P. W. clubs assisted in the organization of the new club. Mrs. Jimmie McKenzie of Childress, district president, headed the visiting delegations, which included: Miss Gladys Hammond, president of the Memphis club; Miss Pat Debenport and Miss Aubrey Hankins of Childress; Miss Edna Bryan, Miss Ruby Adams, and Miss Byrd Priestlow of Memphis.

Picnic to Be Given For Presbyterians and Friends Friday

Members of the Presbyterian church and Sunday school and their friends, from the youngest to the oldest, are invited to attend a picnic to be given Friday evening by the Friendship class of the Sunday school.

The committee in charge emphasizes that the kiddies are welcome and that special plans are being made for their entertainment. A program of entertainment for the older guests likewise is being arranged.

All members of the church and Sunday school are to bring basket lunches for themselves and as many friends as they wish to invite, omitting the desert, which will be furnished by the Friendship class.

Ample transportation will be provided by the class, according to the committee. The party will leave the Presbyterian church at 6 o'clock, going to the Harvester athletic park for the festivities.

Mrs. George Walstad, Mrs. C. T. Hankapillar, and the latter's children, Harriett and Chester, visited in Harlingen yesterday.

Smoother, clearer skin in 8 hours

... nurses tell how to have it

WANT glorious new skin beauty overnight? Then follow the advice of countless trained nurses—of 6,000,000 delighted users. And try Noxzema Skin Cream.

Noxzema's healing oils soften the skin and smooth away roughness. Its gentle astringents shrink coarse pores. Its mild medication clears away ugly blemishes. No wonder sallow, unattractive complexions become so youthfully fresh and charming.

See for yourself how much smoother, clearer, finer-textured Noxzema can make your skin. Get a generous trial jar today.

Last Spring Meeting of Twin Six Bridge Club Is Held Monday

Mrs. J. L. Peake and Mrs. A. D. Johnston were co-hostess at the last meeting of Twin Six bridge club for the season, entertaining last evening at Mrs. Peake's home.

Mr. and Mrs. A. M. Martini were special guests, and the members present were: Mr. and Mrs. C. P. Buckler, Mr. and Mrs. Dan Gribbon, Mr. and Mrs. Frank C. Allison. Mr. and Mrs. Gribbon held the high scores of the evening, and each received a trophy. A guest favor was given Mr. and Mrs. Martini. Delicious refreshments were served at the conclusion of the playing.

Bridge-Tea Favoring Club Mayfair Event of the Last Week-End

Among the pleasant small affairs of the week-end was the meeting of Club Mayfair at Mrs. E. D. Damon's home, near Skellytown.

Bridge was played at three tables by club members and additional guests. Mrs. Arthur Swanson was high for club members, and Mrs. C. S. Dewey, for other players. Attractive favors were awarded.

Yellow rose buds, Marguerites, and garden blossoms in profusion decorated the rooms, and a theme of lavender and yellow was developed in the appointments for the game.

The guest list included the following: Mrs. J. J. Devine, Mrs. Clyde Fatheree, Mrs. R. G. Hughes, Mrs. T. R. Martin, Miss Ruth Anne Mitchell, Mrs. Dewey, and Mrs. Swanson.

Mr. and Mrs. L. N. McCullough and their two children spent yesterday in Amarillo.

Mr. and Mrs. W. E. Campbell have returned from a week's visit in Wichita Falls, Sherman, and Gainesville. They were accompanied by Mrs. Campbell's sister, Miss Ida Mae Collins, a teacher in the Wichita Falls public schools, who is to spend a few days here before going to her home at Channing for the summer.

BY REQUEST of my former students I have decided to locate again in Pampa as a teacher of Violin, Clarinet, Trumpet, Saxophone and Cello. Pianos tuned to the exact international pitch. For particulars please—

Merchants Enter Girls in Beauty Contest Friday

Much interest is being shown in the "Miss Pampa" beauty contest which will be presented Friday evening at the Pla-Mor auditorium, according to David Dallis, the director of the event.

Merchants who have agreed to nominate and enter Pampa girls in the event include Fatheree Drug stores, DeLuxe Cleaners, Pampa Drug company, Betty Jane Beauty Shop, City Drug company, Hill Dry Goods store, DeLuxe cafe, "M" System store, J. C. Penney company, Murfee's Inc., Crystal Palace confectionery, Levine's store.

Seven local judges will select the winner, who will be crowned as "Miss Pampa." The Pampa winner will later enter the "Miss Plains" contest at Lubbock, from where the Plains winner will go to the Galveston Pageant of Pulchritude.

Saulsbury Given Judgment in Suit

Judgment of \$11,843.50 with 6 per cent interest from Aug. 1, 1928, for W. B. Saulsbury against James E. Parker of Wichita Falls was rendered last night by Judge Clifford Braly in 114th district court. The court ruled that that amount was due the plaintiff, Mr. Saulsbury, for work pertaining to the drilling of an oil well in Gray county south of Pampa.

The judgment further held that Parker was not entitled to recover any sums on account of cross action against Mr. Saulsbury and J. P. West, also a party to the suit. In the trial which was held here a week ago, Mr. Saulsbury asked for damages amounting to approximately \$20,000. It is understood he will offer motion for a new trial and if that is not granted, will appeal the case to the Court of Civil Appeals.

Appeals. A jury was out on the case two days before returning a verdict. "Yes" and "no" answers were given to 15 special questions regarding drilling contracts, agreements, costs involved, and other details pertaining to the drilling of the well.

New Oil Field at Beeville Seen

BEEVILLE, May 27. (AP)—Possibility of a new oil field in this vicinity was seen today as drillers of C. F. Nichols' No. 2 Hicks, which came in as a good gasser and developed a strong flow of high gravity oil, prepared to gauge the well.

The well was completed Sunday at 3,615 to 3,641 feet as a gas well with an estimated production of 15,000,000 cubic feet. Late yesterday came the high gravity oil. No attempt was made to gauge it. The well is seven miles from nearest production.

Mr. and Mrs. J. M. Moore spent Sunday at the home of their daughter, Mrs. D. M. Aldridge, who lives near Stinnett. They were accompanied home by their son, Lloyd, who had spent the week at his sister's home.

Mr. and Mrs. W. C. Cox of Hereford were guests Sunday and Monday of the former's brother, T. A. Cox, and Mrs. Cox.

Jefferson County Cities in Gains

GALVESTON, May 27. (AP)—Census figures for Jefferson county's two cities, Port Arthur and Beaumont, have been announced by the district supervisor, both cities with large gains over the 1920 figure.

The 1930 population of Beaumont was announced as 37,483, making it the larger city, but the rate of increase, 42.2 per cent was not so great as the 120.7 per cent which served Port Arthur's population to 45,107.

Another South Texas city with an unusual percent of gains was Harlingen, population of which had increased from less than 2,000 to 12,124.

Run-Off Primary in Oklahoma Valid

OKLAHOMA CITY, May 27. (AP)—Validity of the new state run-off primary law was upheld today by the State Supreme Court.

The court's opinion, written by Justice J. W. Clark, affirmed the action of the Oklahoma county district court which denied any injunction to Major Eugene M. Kerr of Muskogee.

Kerr had sought to restrain the state election board and the board of affairs from printing ballots under the new law. He charged

that the run-off primary law violated the mandatory primary provisions of the constitution and that it was unworkable.

Basz Clay, of the First National bank, made a week-end trip to Shamrock.

SENATORS ON EASY STRIDE IN AMERICAN

BY HERBERT W. BARKER, Associated Press Sports Writer

While their highly touted brethren falter and stumble, the Washington Senators proceed blithely on their victorious way in the American league much as the St. Louis Cardinals and Brooklyn Robins, "dark horses," both, are doing in the National.

Picked in advance predictions to finish no higher than seventh, the Senators, under great leadership by Walter Johnson, were leading the pack by four full games today and giving no signs of cracking under the amazing pace they have set.

Yesterday they scored their sixth successive victory and their 15th in 19 games, beating the New York Yankees, 10 to 7. Stealing a leaf from the Yanks' own book, the Senators won on home runs. Joe Judge and Goose Goslin hit successive home runs in the fourth, and repeated the feat in the fifth, accounting for six runs. The second blast from the Washington batsmen was the high spot of a seven-run rally that swept Gomez off the mound and won the ball game. The Yankees had held a two-run lead going into the fifth, Gehrig driving in four runs with a double, and a triple.

Cleveland bounced back into third place with a double victory over the Chicago White Sox, 7 to 3 and 3 to 2. Wes Ferrell out-pitched Red Faber by a wide margin in the opener and Clint Brown had an edge on Cecil Caraway in the nightcap.

Lefty Grove chalked up his sixth win without a defeat as the Athletics beat Boston 8 to 5. Grove had only one bad inning, the eighth, when the Red Sox bunched hits for four runs.

The Detroit Tigers made good use of eight hits to beat St. Louis, 7 to 3 and moved into sixth place while the Browns fell back to seventh.

In the National league, Brooklyn and St. Louis each recorded victories to keep the Cardinals on top of the league standing by half a game.

The Dodgers gave their metropolitan rivals, the New York Giants, their fifth straight defeat, 7 to 0, as Dazzy Vance turned in his best effort of the year. Vance gave the Giants only two hits, one a scratch, and permitted only two men to get as far as second base. Fred Fitzsimmons gave only six hits and two runs in the seven innings he worked, but the Robins hopped on Farme and Lucas for five more runs in the eighth. The victory was Brooklyn's 13th of its last 16.

The Cardinals turned back Pittsburgh, 10 to 4, for their eighth straight win and their 17 in 18 games. The Cards shelled Jess Petty off the mound with a four-

CATS MOVING UP SLOWLY IN PERCENTAGE

BY GAYLE TALBOT, JR. Associated Press Sports Writer

Hauling up their long-range artillery late in the game, the Wichita Falls Spudders slugged out their fourth straight victory over Shreveport yesterday, 4 to 3, and took a firmer grasp on the Texas league leadership.

Fred Vincent, Spud righthander, won his own game when he hoisted one of Morrell's slants over the fence in the seventh inning to break a 3-3 deadlock. In the previous inning Bettencourt and Kloza had perked the ball to pull their club up on even terms. It was the second straight day the leaders' long-distance hitting had wrecked the Sport defense. Storti's two homers having proved decisive in the Sunday doubleheader. Bettencourt's smash pulled him up into a tie with Bill Kelly of Fort Worth for the homer leadership. Each has 12.

Profiting by the Sports' reverses, the Cats advanced to within a half-game of the first division by making it three out of four from Dallas, 4 to 1. It marked the seventh victory in eight games for the Snydermen.

Henry Hardaway, young righthander who toiled for the Herd last year, turned in another spectacular performance for the Panthers, holding the Steers to six scattered hits. Had not Cox fallen and knocked himself cold while trying to field Willingham's fly in the eighth Hardaway would have scored a shutout. As it was, the batter reached third and scored on a sacrifice fly. Kelly and Eddie Moore each smacked a double and single to lead the winners' attack on Wachtel.

Only two games were played, the other league teams having gotten scheduled games out of their systems in double bills the previous day.

Fort Worth and Dallas play one more at Dallas today before taking their separate ways and the Spuds have a parting shot at Shreveport. Houston opens a three-game series at Waco, theoretically. The fact is, they will play in the McLellan county metropolis today, but Wednesday and Thursday will move over to Brenham for a pair as part of the Mayfest celebration. The San Antonio Indians are at Beaumont for a pair.

Arlene Raser of Miami was a visitor here yesterday.

Everett and Robert Huffines, Skellytown, were Pampa visitors Monday.

Ella Carter, Miami, was among yesterday's visitors here.

Clingman Challenges Dotson for Informal Match to Settle Issue

One day this week, Otis Clingman and Oscar Dotson are going to meet at the Pla-Mor to settle a little issue that rose between them yesterday. Oscar, Pampa's heavyweight blacksmith, told Otis yesterday morning that he could throw Cal Farley, Joe Kopecky, and Clingman all three, one after the other, or two at a time, in an hour.

The upshot of the argument was that Otis challenged Dotson to work out with him some afternoon at the Pla-Mor. "I am not as certain that you can throw me as you are," Clingman said, "and if you lick me as quick as you say you can, then you ought to get a chance at Joe and Cal. I know you weigh 40 pounds more than I, but I don't believe you'll find it as easy as you seem to think."

Clingman is rather anxious for the informal match. He declares that he'll have to have some tough workouts for his match with Claude Holt of New Orleans next Thursday night. Holt has not been out of condition in 16 years, Promoter Jack Rogers said. "He is nearest to being all muscle of all the athletes I've ever seen," Rogers said. Holt hasn't lost in New Orleans, his home town, in two years.

The 30-minute event Thursday night will feature Dutch Betke and Jack Burnett.

J. C. Broyles of Amarillo was among yesterday's visitors here.

Dr. Willing Loses to Scottish Golfer

ST. ANDREWS, Scotland, May 27. (AP)—Dr. O. F. Willing of Portland, Ore., member of the American Walker Cup team, was eliminated in the second round of the British amateur golf championship today by William Spark, Scottish golfer, 2 and 1.

Dr. Willing's defeat was the first major American casualty in the current championship. His elimination reduced the American contingent to fifteen where 24 were in the field when play began yesterday. Seven Americans of lesser renown were eliminated yesterday and Howard C. Davis of Salem, Mass., was put out earlier today.

Willing fought gamely all the way, but from the first hole where Spark shot a birdie at him the Portland dentist couldn't get the touch of the racing greens nor solve the problem of stiff cross-winds.

Joe Gaydon was a business visitor in Borger Monday.

Tom McGarrity of LeFors was in Pampa Monday.

George Shannon, attorney from Amarillo, was a visitor here yesterday.

King George Is Somewhat Ill Now

LONDON, May 27. (AP)—Illness of King George will prevent his attending the third court of the season to be held tonight at Buckingham palace, it was officially announced today.

It was said His Majesty was suffering from inflammation of the right hip. On May 14 and 15 he presided at the first two courts of the season, the first he had attended in two years due to his previous serious illness.

His serious illness of the winter of 1928 and 1929 was a bronchial pneumonia with subsequent pulmonary developments which necessitated draining of a lung abscess and other hazardous treatment.

Eight American girls are to be presented at tonight's court and were to have met the king, who is 64 years old. Six other American girls and women are to be presented tomorrow evening at the fourth and last court of the season.

A. W. Butler of White Deer was a business visitor in Pampa Monday.

Geneva Harper left Monday for Lubbock, where she will attend the summer session of Texas Technological college. She will teach in the Farrington school the next session.

T. R. Boone, Wichita Falls attorney, transacted business here yesterday.

Fact Finding in Education Begins

FORT WORTH, May 27. (AP)—Five fact finding committees today were prepared to launch their task of delving into what educators outside the five major education problems in Texas—curricula, financing of public schools, rural education, teacher welfare, and teacher certification standards.

Authorized at the last executive board meeting of the State Teachers association, the committee members were announced yesterday by R. T. Ellis, secretary of the association. With an indefinite time in which to work, the committees will report back to the Texas education commission.

R. E. Johnson, attorney of Amarillo, transacted business here Monday.

Mr. and Mrs. Ed Wright have returned from a trip to New Mexico.

Louis Weksler, general manager of the Ponca Wholesale Mercantile company, was a visitor in Pampa yesterday.

Mr. and Mrs. J. B. Madden of Alhambra, Calif., are guests of Mr. Madden's sister, Mrs. Clarence Barrett, and Mr. Barrett, and are visiting also with Mr. Madden's mother, Mrs. J. P. Madden of Atlanta, Ga., who is making an extended visit here.

GERM PROCESS

... Endows CONOCO with Unusual Advantages at Every Deciding Point in Pike's Peak Test

Germ-Processed, unusual name, identifies this startling new motor oil. This process sets a new gauge on all motor oils with the announcement that this oil really penetrates metal surfaces in your motor, and so provides a clinging lubrication and combats the destructive wear in "boundary lubrication."

This characteristic is called, by engineers, "Penetrative Lubricity." The Pike's Peak tests proved the friction-freeing values of this CONOCO feature so conclusively that now we honestly believe and say to you:

"Germ-Processed oils are safest of all oils for you to use!"

76.4% Reduction in Motor Wear Assures Film Strength

Friction resistance ability of any motor oil is summed up in those two words: "Film Strength." No reasonable person can fail to be convinced of the advantageous properties of this new oil now. For, in operating performance with three nationally-known and popular American oils in the Pike's Peak tests, Germ-Processed showed such a superiority in Film Strength that motor wear, by micrometer measurements, was lowered by 76.4 per cent.

Film Strength Seals Piston Power and Reduces Compression "Blow By"

The price that CONOCO paid to obtain the exclusive rights to the Germ Process for North America was justified in these Pike's Peak tests. In the test supervised by the

AAA, Germ-Processed Motor Oil triumphed on every count. Notable to the AAA observers, who checked every test, was the Film Strength in this oil. To further prove the effect of Film Strength on compression, a test of all oils was made with cold motors, using tested meters. A graphic chart resulted, showing better compression in the engines with Germ-Processed film.

Film Strength, by Reducing Friction, Lowers Motor Operating Temperatures

Test thermometers, installed under the supervision of AAA observers, showed that water temperatures were lower when CONOCO Germ-Processed Oil was used than with the other oils used.

The use of CONOCO Germ-Processed Motor Oil resulted in an average of 76.4 per cent reduction in motor wear over the course of these Pike's Peak tests. Final calculations showed a reduction in gasoline costs per mile and oil costs per mile . . . and a more nearly perfect compression seal with Germ-Processed Motor Oil. Come, fill your crankcase at the Sign of the Red Triangle.

IMPORTANT: Send for the Free Booklet, "Pike's Peak Tests Confirm CONOCO's Challenge," which gives a detailed narrative of these tests with illuminating charts and photographs. Address, Continental Oil Company, Ponca City, Oklahoma, or ask at any CONOCO Service Station.

Ups and Downs of a domestic Climber

Mr. Graffe, the grocer, telephoned early every morning, about the time Mother was making the beds upstairs.

"Junior, you answer the phone!" Mother exclaimed, as the telephone downstairs rang. "The list's on the telephone stand. And we want—"

But Junior was halfway down the stairs. His thin treble floated back.

"A pound of butter," he was telling Mr. Graffe, "and . . . Mother! What's this word R-u-t-a—"

"I'll talk to him, Junior!" She hurried down the steps to the telephone and repeated the remaining items on the list.

"Oh, dear," she sighed, hanging up the receiver. "These stairs will be the death of me, yet. I wish we had an 'extension' telephone upstairs."

Telephones where you need them save time, steps and trips up and downstairs.

Few know that the extra cost of an "extension" is between two and three cents a day.

By a wisely-placed "extension" or two, an expert telephone man can often double the convenience of the telephones in your home.

Manager, Southwestern Bell Telephone Co., City.

I'd like to know how to get more value out of my telephone service. Please send me free, a copy of your booklet, "Modern Telephone Service for the Home."

ACCIDENTS—

(Continued from Page 1)

ment of commerce officials investigated.

COLORADO SPRINGS, Colo., May 27. (P)—Margaret Ferguson, 17-year-old Colorado Springs high school student and one of the youngest girls in the United States to hold a government private pilot's license, was killed today in the crash of her plane east of the city limits.

Miss Ferguson passed her government flying test last Friday. She was rated by L. F. Bishop, government inspector, as a private pilot and was soloing today in an attempt to qualify as a commercial pilot.

After she had obtained her rating last week she expressed the desire to fly over Pikes Peak. Whether she made the attempt today is not known.

Miss Ferguson had been studying aviation for several months. She was to have been graduated from the Colorado Springs high school June 6. She was the daughter of Mr. and Mrs. Walter Ferguson of Colorado Springs.

Three Courts in Session Now at New Courthouse

Three courts are now in session at the courthouse. These are the 31st district court, the 114th district court, and the county court.

On Monday Judge Ivy E. Duncan opened county court in the room where Judge Clifford Braly has been holding 114th district court, and Judge Braly was compelled to move his court into the court reporter's office across the hall.

Disregarding the custom established long ago in the Panhandle of not holding court on Saturday, Judge Braly conducts his court with as much energy on Saturday as he does on Monday. In fact, last Saturday was the busiest day that court has had thus far.

Two cases were disposed of, petition for an injunction was heard, and taking of testimony in another suit was begun. While jurors for the suit in which Art Jaynes is asking damages against Paul Eizenman were being selected, a settlement was reached in the suit styled Security Union Insurance company vs. Mrs. W. B. Huddleston.

The defendant, Mrs. Huddleston, agreed to settle for \$5,250 damages which she alleged she suffered when her husband was killed at LeFors, March 11, in a sand-bank cave-in. Huddleston was welding a leak in a pipeline collar in the bottom of a four-foot ditch when he was buried underneath four feet of sand. Payne and Payne, Amarillo, represented Mrs. Huddleston. Mr. Spencer, insurance specialist of the firm of Dornfield, Foster & Pullingim, Amarillo, represented the insurance company.

The second suit tried was a divorce case. The third case was the matter of attorney fees on notes due on the Judge H. Wilson estate.

Today, a jury is deliberating on the Jaynes-Eizenman suit. Mr. Jaynes is asking for damages he alleges he suffered when a car driven by his son, Paul, crashed into a truck owned by Eizenman which the plaintiff claimed was parked near the middle of the road on a highway near Pampa. Eizenman was represented by Stider, Willis & Studer. W. M. Lewright was counsel for Jaynes.

Wheat Opens Weakly

CHICAGO, May 27. (P)—Wheat went down early today when reported plans of the Federal Farm Board for loans on 1936 crops were construed as bearish. Opening 1/4-1/2% off, wheat underwent some additional sag. Corn, oats and provisions were also easier with corn starting 1/4-1/2% lower, but subsequently rallying somewhat.

Acquittal Given in Liquor Cases

A verdict of acquittal for Sam Winters and James Blakely, who were tried jointly in 31st district court yesterday on a charge of possessing and transporting intoxicating liquor, was returned by a jury fifteen minutes after it retired for deliberations.

Winters and Blakely were arrested by county officers two weeks ago after 90 gallons of whiskey had been seized in a car. Joe Jones, 17-year old youth, who was in the car when officers made the search was also arrested. He was acquitted by a jury last Saturday.

The three men testified they did not know that the whiskey was in the car. The owner of the machine, Winters, said he lent the car to Blakely, who testified that he in turn lent it to a man at LeFors who wanted to haul some "stuff" in to Pampa. They stated that the other man who has not been arrested drove the car to Pampa and that they rode in it unaware it contained the whiskey.

Ben Allred represented each of the three men. Jurors in the case were Otto C. Rice, Kyle Guthrie, B. E. Glass, H. D. Bradford, Porter Malone, Ed F. Elms, Jess Sutherland, N. G. Thomas, J. E. Cubine, J. W. Minnis, J. S. Botkin, and J. M. Stokes.

Shamrock Cafe Man Is Wounded

SHAMROCK, May 27. (P)—Roy Bivins, Shamrock cafe owner, was in a serious condition here today from a gun shot wound suffered last night.

He was shot above the right temple and little hope was held for his recovery. A woman telephone operator was held for questioning. Sheriff W. K. McInnis indicated that it was improbable a charge would be filed against the operator.

"Yes, I used to suffer awfully from GAS until I took Lanlac"
